

## Valkyrie 4901

### [Chapter 4901: Oni Meikai](#)

At this moment, Ghost Supreme and others were shocked.

With just one move, Qin Chen actually blasted through their joint, broke the void cage that they imprisoned each other, and came directly in front of them.

What kind of monster is this guy?

When the heart is frightened, the ghost supreme has to retreat in a hurry.

However, as soon as he moved his figure, he realized that no matter how far he backed up, the distance between the boy in front of him and himself had been getting closer and closer, and he had never been far away.

"What space-time supernatural power is this?" The ghost supreme was furious. At this moment, he already understood that the time and space he was in was completely controlled by the guy in front of him. In such a time and space blockade, let him How to escape, it's impossible to escape

Blockade of the other side.

Thinking of this, the ghost supreme felt cruel in his heart.

"Ghosting!"

boom!

The towering ghost figure, which is so tall, entered the body of the ghost supreme in an instant, and the moment after the ghost ghost entered the ghost supreme...

With a bang, the breath of Ghost Supreme's body instantly burned.

"Exit!" His eyes burst out with endless fierce evil spirits, and the monstrous ghost spirit instantly turned into a dark spear, and on the spear was blooming a series of terrible runes, countless ancient spirits. Condensed and became extremely dark, as if not because of existence

This world is so ordinary, it makes people feel chill when they look at it, as if they can penetrate the blue sky.

The ghost supreme yelled, this dark spear was thrown out by him suddenly, the spear turned into a dark streamer, wherever it passed, layers of void exploded, and he came to Qin Chen in an instant.

"Huh? Interesting!"

Qin Chen chuckled lightly, his eyes flashed, his body shape did not evade, his right hand turned into sword light, and he suddenly cut off with a sword.

With a pop.

The dark spear containing the endless ghost spirit of the supreme ghost was directly shattered by this sword light, and Qin Chen's sword aura was devastated, and instantly came to the front of the supreme ghost.

"Not good!" The Demon Supreme yelled, his pupils contracted, and endless fear emerged in his heart. He slammed, trying to jump out of the void, but no matter how he flickered, he was confined in place and he could only watch Qin. Chen's sword qi directly pierced

Pierced his eyebrows.

boom!

A terrible sword aura escaped from the body of the ghost supreme, directly strangling the void into fragments. In an instant, the other two supreme surroundings were shocked and flew away under this escaping sword aura. Come.

And the devil supreme whole person was nailed in the void like this.

The ghost supreme was stunned for a moment.

The whole process was long, but it was only a moment, and in a moment, the strongest ghost supreme had been subdued by Qin Chen.

After that, Qin Chen's figure shook and appeared in the void. Sword auras appeared on his body. Each of these sword auras exuded a palpating power, slamming towards the surrounding supreme powerhouses. Sweeping.

The surrounding Yinfeng Supreme and the others were shocked, and they retreated madly, but even the Ghost Supreme could not escape Qin Chen's attack, how could they resist it.

With a chuckle, the sky full of sword aura pierced through many supreme princes, and there was blood surging in the void.

In an instant, the great sacreds were all injured, and one by one looked at Qin Chen in horror.

powerful!

too strong.

In front of Qin Chen, their veteran supreme could not resist at all, and they were defeated in a moment. The key is, if they were facing the sword demon supreme, or the eclipse Yuan supreme and other such old top supreme experts, it would be okay.

It happened that Qin Chen was still so young.

What kind of monster is this guy in front of me?

Not only were they shocked, but in the distance, some Tianjiao experts of the Righteous Army were also stunned.

Seeing the shocked expressions of these people, Qin Chen smiled slightly and suddenly raised his hand.

"boom!"

The sharp sword that pinned the Supreme Demon to vanish disappeared instantly, and the other Supreme Experts, the sharp swords that had penetrated them, also instantly disappeared, one by one restored their freedom of action.

call!

For a moment, everyone breathed a sigh of relief, with lingering fears.

"Thank you for your mercy."

Several people from Yan Ming Zhizun hurriedly bowed their hands.

They knew that it was Qin Chen's subordinates who were merciful, otherwise, it could give them a more tragic lesson.

In fact, at the moment Qin Chen pierced through, a trace of fear emerged in their hearts, for fear that Qin Chen would directly obliterate them.

Although this possibility is very low, and, in fact, they have some means of vigilance in their bodies, but at the moment just now, they still felt a trace of fear.

Qin Chen said with a light smile: "It's okay, but it's just a discussion. How can this young master hurt the killer? After all, I am also the future leader and husband of your righteous army, and everyone is a family."

Everyone: "..."

God's family, this guy has a thicker skin than his strength.

"Humph."

The Ghost Supreme snorted coldly, his face was pale, as the mid-term peak Supreme, at that moment, he actually had a fear of being dominated by Qin Chen, which made him angry.

"Everyone, hurry up and get treatment, if it affects your origin, you will be ashamed of that little book."

Qin Chen looked at everyone with a smile and said.

Several people didn't dare to neglect immediately, Qin Chen's previous shots did hurt their origins and needed to be repaired as soon as possible.

boom!

Immediately, a wave of original power rose from the bodies of several people, and they began to repair their injuries.

But Qin Chen's gaze was firmly locked on these people, carefully perceiving something.

"Everyone, Ben Shao still has some healing pills on his body, which can make your injuries heal faster. I don't know if you need it."

Holding a pill bottle in his hand, Qin Chen quickly came to a few people and asked with a smile.

At the moment of approaching, Qin Chen's perception became clearer.

He smiled at the devil supreme.

"Hmph, no need, this seat can heal it by itself." Ghost Supreme snorted coldly.

But at this time, Qin Chen had already sensed a vague special force in his body.

"really..."

Qin Chen narrowed his eyes.

In these few supreme bodies, there are such special powers unexpectedly.

"What is this force?"

Qin Chen frowned.

If it is only possessed by a supreme body, it may be due to some special reasons, but if every supreme possesses it, then it is a bit weird. This power should be rooted in the origin of these righteous army.

"Is that the special power of the Demon God?"

Qin Chen's eyes flickered.

And when Qin Chen was thinking. In the endless river of origin above the head, there is a dark abyss.

[Chapter 4902: High priest](#)

The Supreme Sword Demon has already come to this special void.

This piece of void is deep, and at the end of that endless void, it seems that there is a dark abyss, and the depth is not visible at all.

The Supreme Sword Demon stood still in front of this endless abyss and respectfully saluted inside:  
"Your High Priest."

boom!

With the voice of Sword Demon Supreme falling, the void in front of him began to surge in an instant. At the end of the rolling abyss, a pair of eyes opened and stared.

Under this gaze, Sword Demon Supreme only felt that his soul seemed to be frozen, his body was stiff, as if unable to move, and there was an urge to kneel down on the spot.

The high priest is getting more and more terrifying.

Sword Demon Supreme was horrified in his heart.

Over the years, the three high priests have been in retreat. In addition to the high priest, they can occasionally communicate. The great protector and the great elder rarely appear, and they have not shown up for many years.

Only in some important situations will a decrement be transmitted from the land of origin.

Obviously, these three people are in a special situation and cannot be disturbed easily.

There are rumors.

The high priest is defending the way for the descendants of Princess Lianxinluo, because the high priest and them know very well that although the three of them alone can make the righteous army survive in this inanimate demon realm, but

"Sovereign Blade Demon, what on earth are you disturbing my sleep?"

A harsh sound rang in this endless abyss, as if the whole world was roaring.

"Returning to the High Priest, it is a matter of the Holy Woman." Dao Demon Supreme respectfully said.

Although he is also the late supreme and one of the top masters in this righteous army, he will always be just a junior in front of the high priest.

It should be noted that the high priest back then was the top genius in the demon world, but in order to serve Her Royal Highness Princess Lianxinluo, she devoted herself to following Princess Lianxinluo, and only wanted to be a maid of Princess Lianxinluo.

Moreover, after Princess Lianxinluo transformed the Tao into the universe, she inherited the mantle of Princess Lianxinluo and became one of the leaders of this righteous army. Such a spirit is naturally worthy of the respect of the sword demon.

"Oh? Your Royal Highness?"

Hearing the words of Sword Demon Supreme, some surprise came from the voice of the high priest:

"What's wrong with her, Your Highness?" "My High Priest, there is a young man named Qin Chen who broke in with Xuankong Supreme. Wusheng Demon Realm, came to my righteous army headquarters, this person claimed to be the husband of Her Royal Highness, came to look for Her Royal Highness, at the same time, there are important things to tell

Know our righteous army. "

"The husband of Her Royal Highness? Huh, nonsense, Her Royal Highness is the heir of Princess Lianxinluo, how could there be a husband."

In the void, an angry voice sounded, and this voice contained endless terrifying power, which made the whole world roar. "Furthermore, the Inanimate Demon Realm where my Righteous Dao Army headquarters is located has been blocked by the ancestors of the Abyssal Demon. No one can break in. Last time, those guys who broke in also claimed to be members of my Righteous Dao Army. In fact, all of them are traitors

, Have already taken refuge in the ancestors of the Abyss and become the spies of the Abyss, have you forgotten? "

boom!

The terrifying breath was suppressed, causing the Supreme Sword Demon to tremble.

Sword Demon Supreme hurriedly saluted: "Naturally, his subordinates have not forgotten, but this person has six reincarnation swords in his body. It is very likely that he is the descendant of the human race Tongtian sword pavilion, so..."

"The descendant of the Human Race Tongtian Sword Pavilion?"

There was a slight silence in the voice: "This is a bit interesting."

"In this way, you go back first, calm this person, wait for the old man to wait for a while, after waking up from the retreat, come and meet this person in person."

"Yes."

The sword demon supreme saluted, and immediately turned and left.

And after the sword demon supreme left, in the abyss, the voice became extremely cold: "Sisi husband, interesting, really interesting."

This voice disappeared in an instant.

at this time.

In the deepest part of the endless abyss in this long river of demon origin.

There is an empty world without any existence.

This is the most terrifying place of the abyss in the Wusheng Demon Realm, and it is also the place where Princess Lianxinluo fell and suppressed the entrance of the Dark Clan.

At the moment, in the deepest part of the abyss, there is a silent space. This space is like a mirror, reflecting two different worlds. One piece is the vast river of origin of demons. On the other side, it turns out to be a distorted dark world. This dark world is constantly twisting like a bunch of extremely disgusting things, from the torn mirror black hole. penetration

Appear.

If Qin Chen were here, he would definitely be able to feel that this extremely disgusting dark matter was the special dark aura of the Dark Clan.

These dark auras continued to breathe, escaping little by little from the dark world, and constantly infiltrated into this space, slowly affecting the operation of the origin of this piece of demon. At this moment, in this mirror-like folding void, a figure is suspended there. This figure is full of colorful rainbow light, and its body is graceful, as if it is the most charming figure in the world, even the power of darkness. In her anger

It seemed to be tempted to rest, constantly twisting.

This figure, connected to the evil place of the origin of darkness, and the origin of the demon at the same time, formed a unique balance between the two kinds of voids. However, because in order to maintain the operation of this world, the face of this graceful woman constantly showed painful expressions. It can be seen that her body is constantly under these two forces. Change and distortion

As if it would collapse at any time.

She was able to persist until now, only by persisting in one breath.

If Qin Chen were here, he would definitely be able to see that this graceful woman was exactly what he had been dreaming about over the years, thinking about it day and night.

Today's Sisi, the aura on his body has become extremely terrifying, and the supreme aura surges, and it has also risen to the supreme realm.

But she seemed to be imprisoned in this mirror, suffering from the torment of two forces.

At this moment, in the endless void outside the mirror, a dark figure suddenly appeared.

This is an old woman, covered in chicken skin and hair, very old, holding a scepter, walking step by step.

The old woman was wearing a simple robe. On this robe, there were a series of weird and evil runes, which seemed to make people look at it, and endless goose bumps would appear all over her body. This old woman came to Chen Sisi and suddenly sneered: "Sisi, why are you doing this? With your looks and talents, why do you need to endure such pain day and night? Just promise me and join hands with me, this The world, this universe, you and I can control it arbitrarily, why listen to the guy who doesn't know what is good or bad."

#### [Chapter 4903: Your man](#)

Chen Sisi ignored the old woman in front of him, but didn't say a word.

The old woman snorted coldly: "Hmph, how long do you say you can hold on like this? That shameless guy has been dead for so many years, and a remnant of her soul draws you here to let you inherit her mantle and block The invasion of the dark clan, but how can she resist the invasion of the dark clan?"

"She has not been in pain enough in her life. She actually used her magical powers to bring you from the human race, so that you can also bear the pain she has endured. It's ridiculous. What do you think she did for you? No, she For the selfish self."

The high priest said grimly, his face full of spitefulness.

Chen Sisi finally glanced at the high priest and said coldly: "Anyway, Master, she is your former master, but you did something like this to your former master, so how good are you? "

At this time Sisi's body was trembling constantly. It was obvious that she was suffering incomparably under the erosion of the power of darkness and the power of the source of the demon, but her voice was always so calm.

What kind of perseverance is needed?

"Hahaha, the former master? She deserves too."

The high priest spit, and said bitterly: "Back then, I was also the top genius in this demon world. I don't say much, even if it's not much worse than the ancestor of the abyss demon clan, but I see For the sake of Lian Xin Luo being the princess of the Devil God, I would rather abandon my noble status and follow her. Do you think I'm really that cheap, so I want to be someone else's maid?"

"No, I followed her. I just hope she can teach me some of the mantle of Lord Demon God for the sake of my conscientious work. After all, Lord Demon God is rumored to be a master who transcends this universe, but what about her?"

The high priest's expression became more and more grim: "It's fine if she is alive, but I have been following her diligently for so many years. Even after she died, I am willing to inherit her mantle and build up a righteous army against the ancestors of the deep demon. But after she is a beast and bitch, she would rather pass it on to an outsider like you than to me. Then why should I still work for her? Why do you tell me?"

The high priest roared hysterically.

Boom boom boom!

On her body, the evil and cold aura madly dissipated, like a ghost in the crazy impact.

"You say it conscientiously, am I still sorry to her? No, she is sorry to me?"

The high priest roared ferociously.

Chen Sisi shook her head slightly: "Your purpose of approaching Master from the very beginning was not pure. Do you think you would not be able to see it with Master's intelligence? She actually saw through your purpose a long time ago, but she did not reveal you, but I have always trusted you and hope to give you another chance!"

"But what about you? After Master's transformation, you seem to inherit Master's mantle and fight against the ancestors of the Abyss Demon. In fact, you have been trying to get everything from Master to her. In order to become stronger, you even secretly compromised Connect with the Dark Clan."

"Actually, you are fighting against the ancestors of the deep demon not for the master, nor for the countless creatures in this universe, but for detachment, for yourself, for being able to dominate the cooperation with the dark race, you think that the master cannot come out?"

"In fact, Master has already given you a chance. As long as you can truly love this universe and are willing to fight against the dark clan, she is even willing to give you everything she has, but you have betrayed her and won't protect you. It's nothing more than this universe, you actually colluded with the dark clan secretly, cultivating the dark clan's exercises... you really disappointed Master too much, and Master chose me in desperation."

Chen Sisi looked at the high priest with pity.

In her view, the high priest is a poor worm. In order to be detached, she has lost her self from the beginning. Her purpose and intentions are impure, and naturally she will not be completely trusted by the master.

"Why do you look at me with such a look?"

The high priest was deeply irritated by Chen Sisi's eyes and screamed hysterically: "Do you think how lucky you are? Hahaha, I was brought by that \*\*\*\* from other places, just because she couldn't keep going. I can only bring you to guard her. You are just a puppet of her, just a poor worm, no, you are more pitiful than me."

Chen Sisi shook his head slightly: "It doesn't matter whether I am a puppet or not, at least, I am willing to guard this universe, and I also have a reason to guard this universe."

"Reason? Hahaha, could it be that your so-called reason is to protect you, pretending to be the ancestor of the deep demon, but actually the trash master who came to rescue you?"

The high priest sneered: "This person pretended to be killed from the hands of the ancestor of the deep demon and took refuge in me. Unexpectedly, I discovered the clues early in the morning. With her ability, can she hide from me?"

"However, she is also capable. She was transformed into a member of the Dark Clan by the ancestors of the Abyss Demon. After coming here desperately, she also has to block the power of the Dark Clan for you. It's better to let her out so that I can find a coffin for her and let her die right."

The high priest sneered while holding the scepter.

"Sisi, don't listen to her nonsense, I can't die."

A weak voice sounded from behind Sisi, and I saw a figure suspended there in the endless abyss where the dark forces were, surrounded by the dark aura, and the whole person was in pain, and the body was constantly escaping. The origin of darkness.

It is Shangguan Wan'er.

She stood in front of the black hole invaded by Sisi and the Dark Clan, and continued to bear the endless power of darkness for Sisi.

"Hmph, you are still trying hard, your origin has been completely destroyed, and you can't live for a few days. If it weren't for a special life mark in her body, her soul would have been dissipated long ago, how can she persist until now. "

"However, she is now at the end of the battle, and she is afraid that she won't be able to live long."

The high priest smiled grinningly, and evil auras agitated on her.

"Sisi, don't listen to her nonsense."

Shangguan Wan'er said in pain and weakness.

"Master, don't worry, I will definitely save you."

Chen Sisi looked resolutely.

"Hahaha, you can't protect yourself, still want to save her? Oh, yes, I forgot to tell you, just now, a kid named Qin Chen came to the Inanimate Demon Realm and said it was your man, To come to see you, you are really lucky, there are so many people who risk their lives and are willing to come to the Wusheng Demon Realm."

"What? What did you say?"

Chen Sisi's expression suddenly became excited.

Shangguan Wan'er also raised her head suddenly.

"Qin Chen..."

When Shangguan Wan'er heard the name, her expression fluctuated.

#### [Chapter 4904: Ten-tailed Magic Fox](#)

"Huh, is this guy really your man?"

The high priest was surprised, "I thought that kid was the spy of the ancestor of the Abyssal Demon, but now it seems that he is really your man, so that's interesting."

The high priest thoughtfully said: "It seems that you are very worried about your man. I really didn't expect that, as the descendant of Lianxinluo, you actually have a man. I am very curious now, this guy. What kind of person is it."

The high priest sneered.

"Sisi, absolutely can't show an expression that is too nervous. Now the high priest is to make you surrender. The more you show your nervousness towards Qin Chen, the more the high priest will pay more attention to Qin Chen, and Qin Chen will also The more dangerous it is."

At this time, Shangguan Wan'er's voice came directly into Chen Sisi's mind, anxiously reminded.

She had experienced too many things in her life. Although she was very excited and anxious after hearing Qin Chen's news, she quickly recovered her calm and reminded Chen Sisi the first time.

In fact, there is no need for Shangguan Wan'er to remind Chen Sisi that he has already understood this.

Chen Sisi snorted coldly: "Hmph, I don't understand what you mean. I just accidentally pretended to be my man. Isn't this what you deliberately used to make me talk? Do you think I will believe you? ?"

Chen Sisi's expression instantly calmed down, pretending to be angry.

But her heart was extremely anxious, Qin Chen actually came to the Inanimate Demon Realm, how did he come here, didn't he know it was dangerous?

The anxiety in Sisi's heart at this time could hardly be described in words. If it weren't for her being trapped in this void, she would even rush out crazy to find Qin Chen.

But she knew that the more anxious she was, the less she could show it.

After seeing Chen Sisi's expression, the high priest suddenly laughed: "Hahaha, Chen Sisi, do you think you can hide it from me by pretending to be calm? Just now your expression was clearly worried, not angry. What? Are you covering for your man? The more you cover, the more important the kid named Qin Chen is to you."

"wrong."

Suddenly, the pupils of the high priest suddenly shrank.

There was a hint of shock in her eyes: "If that kid is really your man, then he must be like the Sword Demon Supreme said, he will not be the ancestor of the Abyss Demon, but he is very likely to be the

descendant of the Tongtian Sword Pavilion. However, how can the descendants of the Tongtian Sword Pavilion enter this non-life demon realm."

The expression of the high priest instantly became excited.

There are only two possibilities for Qin Chen to come here.

One, the other party is the spy of the ancestor of the Abyss Demon.

Second, the opponent is not the spy of the ancestor of the deep demon, but has a means to avoid the large formation of the twelve capitals outside the non-life demon realm.

If it's the first possibility, it doesn't matter.

But if it is the second possibility, doesn't it mean that as long as she can get the secrets of the other party, she can also leave this inanimate demon realm without being discovered by the ancestors of the deep demon?

Thinking of this, the high priest's heart became extremely excited in an instant.

"Hahaha, Sisi, I want to see if your man has three heads and six arms."

When the voice fell, she didn't care about talking nonsense with Chen Sisi, she shook her body and suddenly disappeared into the void.

Obviously, he left this long river of origin of the demon and went to see Qin Chen.

Seeing the high priest leave like this, Chen Sisi's face instantly became extremely anxious.

"No, with the power of the high priest, if he wants to do something against Qin Chen, he will definitely die."

Chen Sisi was extremely anxious.

boom!

Her body instantly lit up with terrifying colorful divine lights, and her body seemed to become transparent, and within it, there were horrible rays of light blooming.

This force was extremely terrifying, and it actually slowly supported the two forces of darkness and the power of the demon origin.

Seeing that she wants to prop up these two forces.

Sudden-

boom!

As if feeling Chen Sisi's power, a terrifying dark tide broke out in that dark world instantly, and the river of origin of the demon was also instantly awakened, booming, and a terrifying force continued to erode.

Originally, the purpose of the power of the long river of demon origin was to block the long river of darkness, but this force was actually suppressed on Chen Sisi.

"puff!"

Chen Sisi spit out a mouthful of blood, and his figure instantly became sluggish, and his body became more and more transparent, as if it was about to collapse at any time.

Boom boom boom!

A series of terrible powers constantly impacted Sisi, and wanted to rush Sisi away in an instant.

"Sisi, stop."

Shangguan Wan'er said anxiously.

"Are you crazy?"

At this moment, a figure suddenly appeared behind Chen Sisi, booming, this figure was actually a fox with nine tails, like a god, exuding an astonishing breath as soon as it appeared.

Nine huge tails danced in the void, but these nine tails were very illusory, but they burst out with amazing power in an instant, blocking the impact of the two forces for Chen Sisi.

puff!

At this time, Chen Sisi vomited another mouthful of blood. Although she was relieved from the danger, her injuries were even more serious.

"Are you crazy? You know you do this, even if you can get out of here, you will soon be gone."

Nine-tailed demon fox said angrily.

It can be seen that she has not only nine tails, but ten at the same time, but one of the tails is cut off.

"But, Qin Chen is outside..."

Chen Sisi said anxiously: "If you don't save her, he will definitely be captured by the high priest, then..."

Chen Sisi no longer dared to imagine Qin Chen being captured and captured by the high priest, because she knew very well that Qin Chen would definitely be tortured in immense pain with the high priest's means.

"But you can't fight with your own life. You already can't hold on anymore. If you are as rash as before, I can be sure. If you hold on for one day, you will definitely die."

Ten-tailed Magic Fox said angrily.

"Senior Ten-tailed Phantom Fox, you are the chaos \*\*\*\* and demon born during the development of heaven and earth. You must have a way to think about whether you left."

Shangguan Wan'er said weakly.

"Hmph, if this fairy is in his heyday, there may be some ways to do it, but now..."

Ten-tailed Magic Fox shook her head. Suddenly, she glanced at Shangguan Wan'er and said, "Yes, if you want to explain how to save Sisi, it's not impossible, that's..."

"What's the solution?"

Shangguan Wan'er couldn't wait to ask.

The ten-tailed magic fox looked at Shangguan Wan'er, and said: "The reason Sisi can't leave now is because she is trapped by the power of darkness and the power of the long river of magic here. The two forces are constantly squeezing, thinking Si can only support hard between the two forces, but if someone can block the power on one side for her, then the fairy will have a way to take her away."

"You mean, I'm here to block the power of darkness for her?"

Shangguan Wan'er instantly understood the meaning of the ten-tailed magic fox.

[Chapter 4905: Can not go back](#)

Ten-tailed Magic Fox said: "Yes, as long as you can resist the power of darkness for Sisi for a moment, Sisi has the opportunity to leave here, but once you do this, you..."

"It's nothing just."

Shangguan Wan'er interrupted ten-tailed magic fox in an instant: "Senior only needs to tell me what to do."

Shangguan Wan'er's eyes were full of determination.

"Are you sure you want to do this?"

The ten-tailed magic fox transmitted sound to Shangguan Wan'er: "In the past, although you have the source of darkness in your body, you have a certain resistance to the power of the dark clan, but in your current state, if you are directly impacted by the source of darkness, you will definitely The soul is gone, no one will be able to save you when the time comes."

Shangguan Wan'er smiled sadly: "Senior Ten Tails, in fact, I should have died long ago. Back then, when I helped my sister hurt Qin Chen, I should have died."

"Now, if I can do something for Sisi to keep her and Qin Chen alive, no matter what I want, I'm willing."

"Senior Ten Tails, please, I have lived enough, but Sisi is still young and shouldn't die here, and... Qin Chen, he must have nothing to do."

Shangguan Wan'er's tears rolled down all of a sudden, and a bleak smile appeared at the corner of her mouth.

She thought of the red sleeves in the martial arts field, and thought of the years that accompanied Qin Chen, refining pills, and practicing with great concentration.

That was the happiest moment in her life.

If she could, she was eager to go back to that time, but all this had disappeared and she could never go back.

"Okay, then I will tell you how to do it."

The ten-tailed magic fox looked at Shangguan Wan'er, she could see Shangguan Wan'er's determination from the other's eyes, knowing that Shangguan Wan'er would do the same regardless of whether she agreed or not.

"boom!"

In the next moment, an astonishing black light filled Shangguan Wan'er's body instantly, and the aura on Shangguan Wan'er's body became weaker and weaker.

"Master, what are you doing?"

Chen Sisi looked at Shangguan Wan'er anxiously. She instantly understood what Shangguan Wan'er was going to do when she came over, and she immediately shouted: "Master, stop it, you will die if you do this."

"Sisi, that's all I can do for you."

Shangguan Wan'er looked at Chen Sisi with a smile, her whole person, constantly burning her own origin, merging this piece of heaven and earth little by little, resisting the power of the dark world.

And this time.

Righteous Army headquarters.

Qin Chen frowned suddenly.

At this moment, he suddenly felt a tingling of heart palpitations, as if something was about to leave him.

"What's going on? Why do I feel such an uncomfortable feeling?"

Qin Chen murmured, he squeezed his hand, and an invisible fateful air appeared between the heavens and the earth, and the power of fate lingered in his palm, vaguely, he felt as if he was about to lose something.

"Sisi, is Sisi?"

Qin Chen murmured.

"No, this feeling?"

Qin Chen's heart suddenly became tense, and he vaguely felt a bad feeling.

"boom!"

Qin Chen suddenly turned into a stream of light, and flew directly away from the headquarters of the stars.

"Your Excellency, what is this?"

Seeing this scene, Ghost Supreme and the others rose up into the sky instantly, exclaiming in anger.

Qin Chen wanted to leave their headquarters Xingchen, which they absolutely would not allow.

"Stop him."

Ghost Supreme and the others flew into the sky instantly, trying to stop Qin Chen.

But Qin Chen's speed was so fast that he had already reached the periphery of this headquarters star in an instant.

"Motivate the big array."

The devil's supreme roared.

boom!

Above the entire headquarters stars, an extremely terrifying array of light rose up, and the array of light contained a shocking aura, which instantly enveloped Qin Chen.

And taking advantage of this opportunity, the Supreme Demon had already appeared in front of Qin Chen.

"Your Excellency really has a problem."

The devil supreme furiously said.

"Tell me, where is Sisi?"

Qin Chen's eyes were red, and he asked murderously.

Although he didn't know what was going on with the uneasy feeling in his heart, he knew that he could no longer waste time on these people.

"These guys have that special power in their bodies. There is absolutely a problem in this place. You must find Sisi as soon as possible."

Qin Chen was no longer willing to continue entanglement.

"There is nothing you said about Sisi here, but if you want Her Royal Highness, you must get the consent of the high priest."

The ghost said in a cold voice.

"Your Excellency, Lord Sword Demon Supreme has already gone to inform the high priest. Don't be reckless. When Senior Sword Demon comes back, you may be able to see His Royal Highness."

Yan Ming Zhizun and others also came here instantly and stopped Qin Chen.

"Yes, please don't be reckless, your Excellency."

Luo Yin and Mo Wu also hurriedly said.

Although they have some gratitude to Qin Chen because of Qin Chen's previous mercy, Qin Chen is an outsider after all, and he must not leave this headquarters star without complete trust.

"Since you don't tell me, then I will find it myself."

Without getting the answer he wanted, Qin Chen didn't even have the mind to talk to these guys. A powerful aura burst out in his body. In an instant, the billowing sword aura spread across the world,

turning into a world of sword light. These swords Qi, each path contains the energy to destroy the heavens and the earth, and lock and confine the many powerhouses present.

next moment.

boom!

Countless sword lights fell all at once, and the pupils of Luo Yin, Xuan Zhong, Yinfeng Zhizun and others showed awe, each of them was restrained by Qin Chen's aura, and they didn't even have the strength to fight back.

With a bang, they were blasted upside down on the spot, spurting blood one by one, their bodies cracked, and they almost didn't explode on the spot.

But Qin Chen didn't kill them, his reason was still there.

But Yan Ming Zhizun and the others looked at Qin Chen in horror at this moment, and they realized at this moment that Qin Chen had already shown mercy to them before, otherwise it would be easy for Qin Chen to kill them.

"Start the big formation, kill this person."

The ghostly supreme eyes had ferocious eyes, and he was also taken away by Qin Chen, vomiting blood, but he roared for the first time.

boom!

The large formation above the stars of the headquarters suddenly circulated, kakakaka, a series of astonishing arrays of murderous aura, suddenly blasted down towards Qin Chen.

"roll!"

Facing this terrifying array of light killing, Qin Chen stepped out in one step, hum, along with his footsteps falling, his feet suddenly rippled with brilliant light, the next moment, the big array attack that had originally blasted him for an instant It broke apart and dissipated without a trace.

"How can this be?"

Ghost Supreme spit out blood again, and said in anger.

"Your Excellency, what is this?"

But at this moment, a loud shout suddenly came, and another figure flew from a distance and fell in front of Qin Chen.

It is the supreme sword demon.

[Chapter 4906: Always free](#)

"Master Sword Demon Supreme, you came just right, and this person is going to break out of the stars of the headquarters." Yan Ming Zhizun and the others hurriedly said.

The Supreme Demon roared: "Look at the person you brought with you. This seat did not make a mistake before. This person absolutely has ulterior motives. He should not quickly take him down and kill him directly?"

"Shut up." Sword Demon Supreme yelled angrily, this idiot, don't you know why he brought the other party in?

If he can win the opponent, no matter what the identity of the opponent is, I am afraid that he would have already captured this person long ago.

The Supreme Sword Demon hurriedly looked at Qin Chen and said, "Your Excellency, why do you want to do something to my righteous army?"

"Knife Demon Supreme, where is the high priest?"

Qin Chen looked at Sword Demon Supreme, and when he saw that there was only one Sword Demon Supreme, his face suddenly became a little difficult to look.

"Your Excellency, please don't worry, the high priest is in retreat, she said, when she finishes her practice in the retreat, she will come to see you immediately." Dao Demon Supreme hurriedly said.

"Come to see me after I finish my cultivation? When will I have to wait?"

Qin Chen's heart became more and more angry.

"This...I don't know, but it must be coming soon. The high priest has already said that after she comes out of the retreat, she will come to see you as soon as possible."

Sword Demon Supreme eagerly said, "Your Excellency will go back with me, maybe the high priest will leave the customs, please don't worry."

"Then tell me where Sisi is." Qin Chenhan said.

He doesn't want to waste time anymore.

"I don't know where the Saintess is, it's a place that only the high priest knows." Sword Demon Supreme hurriedly explained.

"Well, if you don't know where Sisi is, then you can tell me where the high priest is!" Qin Chen said solemnly.

"Little friend Qin Chen, please don't worry." Sword Demon Supreme took a deep breath and said, "The high priest is in retreat. Without the high priest's permission, how can I tell you where the high priest is, but please believe it. I, the high priest will be out soon to see you..."

Qin Chen suppressed the anxiety in his heart and said coldly: "Okay, even if the high priest is in retreat, what about the great guardian and the great elder?"

Qin Chen glanced at the Xuankong Supreme, "According to the Xuankong Supreme, your righteous army is controlled by the three powerhouses of the High Priest, the Great Protector, and the Great Elder. The High Priest is not available, but the Great Protector and the Great Elder are always free.?"

Sword Demon Supreme said bitterly: "Little friend Qin Chen, although my righteous army has three leaders, the great guardian and the great elder have been closed to death many years ago, and they have basically stopped showing up in these years. I want to wake them up. I'm afraid. It's even more difficult than the high priest. Little friend Qin Chen, wait a while longer, as long as the high priest..."

"Hahaha, after talking for a long time, there is no one in your righteous army who can be the master, right?" Qin Chen suddenly laughed, but the laughter was very cold, with a trace of anger.

He has been considered very restrained, because of the relationship between Sisi, and the relationship between Suspension Supreme, after he came to this righteous army, he was extremely restrained, and did not fight hard at all. Even if he encountered the treatment, he was already firmly firmly established. Restrained.

However, this righteous army didn't pay attention to himself at all.

Sisi is his own woman, and it is extremely difficult for him to even want to see one side, and the high priest is not even willing to come to see him.

"You righteous army doesn't seem to put Ben Shao in your eyes at all. That's good." Qin Chen nodded, "Sovereign Sword Demon, for the sake of your relationship with Senior Sword Ancestor, Ben Shao will give you a moment. , Within ten breaths, it is reported that your righteous army can make Ben Shao go to see Sisi people, and personally bring Ben Shao to see Sisi, otherwise, I will not blame Ben Shao for being merciless."

Hearing this, the expression on the side of Xuan Kong Zhizun suddenly changed.

Not only Qin Chen, but Luo Yin, Mo Wu, Dao Mo Zhi Zun and others' complexions also changed.

Sword Demon Supreme hurriedly said: "Little friend Qin Chen, it's not that I will wait to send a message to the high priest, but..."

"Sovereign Blade Demon, what nonsense are you talking to him, just capture him directly, in my righteous army, dare to be so arrogant, I really know how to live and die, do you think this is outside?"

Demon Supreme said with a cold voice, his expression angry, Qin Chen's arrogant posture instantly made him angry.

"Can you shut up?" Sword Demon Supreme roared.

"If you don't do anything, that book grabbed him."

The Supreme Demon roared, "Everyone, kill the enemy with me."

boom!

A supreme aura soaring to the sky rose from Ghost Supreme, and at the same time, a dark ghost hook had been sacrificed in his hand. With a thud, the ghost hook smashed against Qin Chen fiercely. Down.

"good very good."

Qin Chen's eyes were completely cold, and he didn't even bother to say half a word of nonsense at this moment. He also needs to talk about reason when he is in the mood. At this time, where is he in the mood to reason with others?

Since this righteous army didn't want to take him to see Sisi, and wanted to do something against him, then he would kill.

"boom!"

The boundless supreme aura exploded directly from Qin Chen's body, the billowing chaotic aura was like an ocean, and the terrifying sword light instantly converged into a long sword that reached the sky, directly blasting out.

This sword smashed and Qin Chen even urged the supernatural powers of space. The endless space was instantly imprisoned at this moment, and the six reincarnation sword qi surged in an instant.

At this moment, all the strong men of the righteous army around them watched this scene in horror. Before their eyes, the entire void seemed to freeze all at once, and the ghost hook that the Supreme Demon Sovereign smashed into Qin Chen stagnated for a moment in the void. Coming down, and the terrifying sword light that Qin Chen smashed out, like a pillar of heaven, instantly blasted on the body of the ghost supreme.

"stop."

And it wasn't until this time that the furious roar of the Sword Demon Supreme was passed.

It's just too late. Even the sword demon supreme with the late supreme cultivation base cannot resist under Qin Chen's six reincarnation sword arts. The ghost supreme, the supreme of the mid-term peak, is fundamentally under the blow of Qin Chen's anger. He didn't even have the strength to fight back.

Ghost Supreme watched in horror as the sword light gathered by Qin Chen blasted on him instantly. Before he could fully react, his whole body had been directly penetrated by the terrifying sword light.

Boom boom boom...

Sword Qi poured out, Qin Chen's six reincarnation sword arts had not fully released their power, it was over.

The Supreme Devil was bombarded by the Six Reincarnation Sword Art without any slag, and disappeared in a flash of ashes, and even his soul had no chance to escape, so he was annihilated a little bit by this boundless sword aura.

A special force rose, and Qin Chen instantly absorbed it into his body. After feeling the attributes of this force, his face suddenly changed color.

It's not just Qin Chen who changed color.

Everyone present turned pale.

A mid-term peak supreme fell directly, this scene stunned everyone present in an instant.

[Chapter 4907: The High Priest comes](#)

"The ghost is supreme."

Yan Ming Zhizun and the others uttered an angry roar, and they all looked at Qin Chen in anger.

Although Qin Chen had forgiven them before, at the moment when he beheaded the demon supreme, Qin Chen had already become the public enemy of the entire righteous army.

"Open the big array."

The Supreme Sword Demon sighed in his heart, directly igniting the huge formation of the entire headquarters of the stars.

With a bang, the vast array instantly turned into a vast ocean-like sky, covering the sky, covering all the world.

A horrible burst of light soared into the sky, and every burst of light could penetrate the stars. These bursts of light quickly gathered together, forming an amazing catalog and suppressed it.

With the presiding of the Supreme Sword Demon, the aura of the formation that burst out from the headquarters of the stars is more than several times stronger than just now.

boom!

The monstrous light directly targeted Qin Chen.

At this moment.

Sword Demon Supreme knew deeply that this matter was afraid that he could not be done well. He had to give an explanation to the Righteous Dao Army. Whether Qin Chen had something to do with the ancestor of the Abyss Demon, he had to take it down.

"Who is it, murdered at my righteous army headquarters."

And at the moment when the Sword Demon Supreme acted, on some stars not far away, powerful auras rose to the sky one after another.

Each of these auras was quite powerful, and they were all masters of the Righteous Army who were alarmed, and they were all powerfully killed.

"The Righteous Army, hum, what a Righteous Army."

Qin Chen felt the powerful force between heaven and earth, but his expression was gloomy and blue.

After killing the Supreme Demon, he had already sensed that special power in the opponent's body, and this special power could be absorbed by his Dark King's blood.

What does this mean?

One is because this place was once invaded by the Dark Clan, so the dark power remains. The righteous army members practice here all the year round, so their bodies will naturally be stained with such a special dark atmosphere.

The second type is that the members of the Righteous Army have colluded with the Dark Clan, and like the Demon Clan, they have the power of darkness in cultivation.

If so, then Sisi will definitely be dangerous.

"Whatever the reason, I must find Sisi as soon as possible."

A cold glow burst out of Qin Chen's eyes.

Although there are two possibilities, and the first possibility is even greater, Qin Chen didn't dare to gamble, nor could he gamble.

"kill!"

boom!

Qin Chen raised his head, and the rolling supreme power burst out from his body in an instant.

Hum!

Letting one step out, countless array of light secret patterns suddenly lit up under my feet, and the secret patterns gathered in an instant. Under these secret patterns, the countless arrays of light that attacked Qin Chen dissipated in an instant.

"open!"

A mysterious rust sword appeared in Qin Chen's hand, and he slashed at the vast array above his head.

"boom!"

The sword light pierced the sky, and the vast array that covered the sky and the sun made a crisp cracking sound under Qin Chen's sword aura. The next moment, the entire array suddenly exploded into countless fragments.

Bang bang bang!

Layers of light shattered, and under a single sword, the entire star array burst into a rumble and disappeared in smoke.

The terrible impact swept away, and the surrounding Yan Yan Zhizun and others all flew out, vomiting blood.

"How could this kid be so strong?"

"My righteous army's guardian formation was actually split by this person with a sword?"

There was a look of anger in everyone's eyes, and they could hardly believe their eyes.

The guardian formation of their righteous army has been guarding here for hundreds of millions of years. It is the top-level formation of the pinnacle supreme level. When is it so fragile that it can be split by a sword?

Qin Chen opened the righteous army with a sword, without any hesitation, suddenly turned into a sword light, and rushed towards the vast river of origin of the vast demon in the sky. In the entire

Inanimate Demon Realm, there are not many places that can cover Qin Chen's perception, and in Qin Chen's chaotic world, the dreamy charm crystal vibrates. Obviously Sisi must be in this Inanimate Demon Realm. Then, the greatest possible Sisi is in In the long river of origin of that demon

.

boom!

Qin Chen turned into a sword light, rushing straight into the long river of origin of the devil.

"Kid Qin Chen, ask me to say that you should have done this a long time ago, let the ancestor out, and the ancestor will kill you."

Honghuang Zulong quacked.

Below, Sword Demon Supreme and the others looked frightened, and one by one rose to the sky, trying to stop Qin Chen.

They must not allow Qin Chen to enter the long river of origin of demons.

However, with their speed, how could they stop Qin Chen.

Seeing that Qin Chen was about to rush into the long river of origin of demon.

suddenly.

Hum!

In the long river of origin of the devil, a strange aura suddenly appeared. The next moment, the whole world seemed to change suddenly, and a palpitation aura suddenly came.

"Kid Qin Chen, be careful."

The prehistoric ancestor dragon showed a solemn color.

The voice just fell.

"Someone, run wild at my righteous army headquarters."

An old screaming sound resounded through the world, and the sound fell, and the entire void vibrated. The void seemed to boil for an instant, shaking violently, like a god.

With a bang, from the long river of origin of the demon, a dark cloud suddenly appeared. This dark cloud turned into a sky in an instant, and suddenly fell towards Qin Chen.

At the moment when the dark clouds were shrouded, Qin Chen felt a strong sense of crisis in his heart.

"not good."

Qin Chen's pupils shrank suddenly.

He shouted angrily, with a boom, the long sword trembles, and slashed fiercely against the dark clouds in the sky. The sky-reaching sword energy was like a violent collision between Tianzhu and the

descending black cloud, and when he heard a violent roar, Qin Chen's figure suddenly flew out, and the blood inside his body was tumbling. Suppress in this terrifying breath

Below, he flew directly into the void of tens of thousands of meters.

boom!

Qin Chen stabilized his figure, the void behind him immediately collapsed, and Qin Chen stared at the sky sharply. Above the head, the endless void was boiling violently. At the same time, a dark figure walked out of the long river of origin of the devil. This was a rickety body, an old woman. Every step of the fall, the void was violent. Jitter, good

It's like bursting on the spot.

"It's the high priest."

"The high priest is here."

"Hahaha, the high priest is out, this kid is dead."

The voices of ecstasy resounded from the heavens and the earth, and countless righteous army masters rose into the sky one after another, their expressions excited.

"High priest?"

Qin Chen raised his head and looked at the figure in the sky. This person exuded a palpable aura, even if he was compared to the ancient supreme, he was not weak at all.

"Kid Qin Chen, isn't this person simple in strength?"

Honghuang Zulong said solemnly.

Qin Chen nodded, he didn't need to be reminded by the great ancestor dragon, he could also feel the terrifying aura on the high priest. This is a terrible feeling gathered after endless years of condensing.

#### [Chapter 4908: War high priest](#)

At this moment.

Countless powerful people from the entire righteous army headquarters rose to the sky one after another, one by one, seeing the old woman, their expressions all showed reverence, excitement, and excitement. For hundreds of millions of years, since the fall of Princess Lianxinluo, the three leaders such as the High Priest have become the true spiritual core of the entire Righteous Dao Army. Without Princess Lianxinluo, the entire Righteous Dao Army would have long been annihilated in the torrent of history. middle

.

The great guardian and the great elder have not appeared in the right way army headquarters for many years because of retreat. The high priest is now the only leader of the right way army.

The strength that Qin Chen showed before made the hearts of Sword Demon Supreme and the others tremble, but at the moment when the high priest appeared, everyone's hearts were all let go.

Being able to chase and kill the ancestors of the deep demons and lead them to avoid the righteous army for so long, the strength of the high priest has definitely reached an extremely terrifying level.

It must be one of the top giants in this universe.

"Your Excellency is the high priest?"

Qin Chen looked at the high priest in the sky, his expression condensed, and immediately spoke.

It's just that he was half talking, and the high priest had already interrupted him before he left.

"Your majesty is so powerful that you dare to be wild in my righteous army headquarters, huh, today I want to see, who is it that dares to be so unscrupulous in my righteous army headquarters?"

After the high priest finished speaking, he didn't wait for Qin Chen to speak at all, and a dark handkerchief suddenly appeared in his hand. As soon as this handkerchief appeared, dark thunders appeared between the world and the earth. These thunders snaked and erupted with heart-palpitating power. It was obviously a top treasure. Without a word, the black handkerchief in his hand had already been sacrificed by the high priest. In an instant, the black handkerchief turned into a ball of black. The dark clouds, Jiang Qin

The dust was completely enveloped.

A strong murderous opportunity came.

Qin Chen snorted coldly. This woman was unreasonable. She didn't want to mess with her, but she was fine. She would do it as soon as she came up. Did she think she was afraid of her failure?

Qin Chen's mysterious rust sword was sacrificed immediately, but before Qin Chen cleaved the mysterious rust sword, he felt the dullness of his whole body.

This is... the avenue rule suppression?

With Qin Chen's current cultivation base, even though he was only an early peak supreme, his perception of the rules of the Great Dao was no worse than any peak supreme, because now Qin Chen controls countless rules.

Not only this universe, but also the Dark Clan, as well as Divine Emperor Totem, Dark Luotian Rules, and the perception of many rules, Qin Chen has reached an extremely astonishing level in the realm of rules.

At this moment, Qin Chen instantly understood that he should be enveloped by the opponent's Dao rules, and the Dao rules had already affected his actions and the Supreme Origin in his body.

This shocked Qin Chen's heart, and the high priest was indeed terrifying. With Qin Chen's current cultivation base, the Supreme Supreme's Dao rules may not be able to trap him, and this woman can actually suppress him with Dao rules, which shows that this person's cultivation level has definitely reached a point where he has reached the pinnacle. arrive

The ultimate pole of the supreme level.

Even, he has already moved towards the half-step detachment realm.

No wonder this person was able to find such a habitat for the righteous army under the chasing of the ancestors of the deep demons. With this powerful rule of the road, the strength of this high priest would be higher than that of the ancient supreme.

Sure enough, there are strong people in the world. In the blink of an eye, the black dark cloud has enveloped Qin Chen's head. Qin Chen snorted, his aura skyrocketed, and his power of rules also stretched out at the same time. It was the origin supernatural power, although he could not Break in time

Open the opponent's avenue rules, but the opponent wants to rely on the avenue rules to suppress him, that would be too underestimated.

As soon as Qin Chen's original magical power rules were stretched out, he instantly broke away from the restraint of the opponent. At the same time, his mysterious rust sword had been split out, six reincarnation sword arts.

"boom!"

At this time, Qin Chen's mysterious rusty sword and the black dark cloud had completely collided with each other, making a terrifying explosion.

The black dark clouds collided with the sky-reaching sword aura of the mysterious rust sword, but there was no shaking, let alone being defeated. On the contrary, the sword aura on Qin Chen's mysterious rust sword was overflowing, and the sword intent vibrated, showing that it was defeated. Look like.

Under this blow, Qin Chen felt that he was facing not only a high priest, but the entire Inanimate Demon Realm.

"The high priest is too strong."

"I directly suppressed this kid, this kid is too rampant, and I don't want to see where it is."

"In the wild at the headquarters of my Righteous Dao Army, I don't know whether to live or die. You must know how many masters of the Demon Race came and were blocked by the High Priest. This kid thought he could be compared with the Abyss Demon Race?"

Around, countless righteous army powerhouses were very excited, and all of them looked excited. Including Dao Demon Supreme and Luo Yin, Mo Wu, Yin Feng Zhi Zun, Yan Ming Zhi Zun and others are also shocked, because they know Qin Chen's strength, can break through the headquarters of the star formation, how can it be a generation of idlers, but he and Da The moment the priests fought against each other,

It fell into the wind, showing the power of the high priest.

It's just that there was ecstasy on their faces, but the high priest's face changed drastically. It was the first time that she saw someone who was not controlled by her avenue rules, and she shattered her avenue rule area with a single stab. Don't look at the dark clouds that her black handkerchief turned into was not defeated by Qin Chen, but the same dark clouds, now and just now but

It's completely different. Just now, her handkerchief was under the control of the Dao Rules. As long as Qin Chen could not break free from her ruled area, she could easily sweep Qin Chen away, and now her ruled area was broken by Qin Chen, and her handkerchief was the only treasure left. Form without

With God, there is no threat to Qin Chen at all.

She did not continue to use the dark clouds to move Qin Chen away, because she knew very well that with Qin Chen's displayed strength, it was extremely difficult for her to capture the opponent alive, and once a war broke out, it would inevitably cause huge damage to the headquarters of the Righteous Army.

Unexpectedly this Sisi man is so terrible? The high priest moved his heart, put away the handkerchief, did not continue to make a move, but said in a cold voice: "No wonder you dare to be so arrogant in my righteous army headquarters, as expected, there are two things. With your cultivation, it is also considered top in this universe. Master, for

Why do you want to be the running dog of the ancestor of the abyss, come to my righteous army to be presumptuous? "

Qin Chen was startled when he heard the words. Seeing that the high priest did not continue to do it, he directly put away the mysterious rust sword, frowned and said: "It is your righteous army who does not have the righteous order and order. This master is here to find his wife to think about it, it is your righteous army. Blocked twice, to be against this

Don't do it. "

"What? Are you here to find Sisi?" The high priest's face suddenly showed a look of surprise.

#### [Chapter 4909: Apologize](#)

The face of the high priest was extremely surprised. Looking at her appearance, it seemed that he didn't know Qin Chen's purpose at all.

Qin Chen frowned and said, "Don't you know?" The high priest glanced at Sword Demon Supreme, then looked at Qin Chen, frowning and said: "Sword Demon Supreme told me that there is a husband who claims to be Sisi, He is also a descendant of the human race Tongtian sword pavilion, come to my righteous army to look for Sisi. However, my righteous army

The Ministry has been blocked by the ancestors of the Abyssal Demon, and no outsiders except the members of the Abyssal Demon Clan can enter at all. Therefore, this seat does not believe in what the Supreme Saber Demon said. This time, I intend to expose the other party's conspiracy, but..."

Speaking of this, the high priest paused and took a look at Qin Chen, "The moves your Excellency used before are indeed somewhat like the power of the Human Clan Tongtian Sword Pavilion. Could it be that you are really a descendant of the Tongtian Sword Pavilion?"

Qin Chen sneered: "Could there be people in this world who dare to pretend to be a descendant of the Heavenly Sword Pavilion?"

boom!

On Qin Chen, a terrifying sky-reaching sword aura rose to the sky, severing the sky. The high priest kept sweeping Qin Chen's gaze and felt the sword aura on Qin Chen's body. He couldn't help but change his color slightly, "Tongtian sword aura, your Excellency is indeed the descendant of the Tongtian sword pavilion. Under this world, the one who can control the sword aura must be the Tongtian sword pavilion. The person, when

When the old Princess Lianxinluo was following, she also visited your human race, and even communicated with the sword ancestors of the Tongtian sword pavilion. I didn't expect to see the heirs of the sword ancestor of the Tongtian sword pavilion today. It's really..."

The high priest sighed and felt melancholy, as if he had returned to that time.

The high priest murmured: "Back then, the ancestor of the Abyss demon betrayed the universe, colluded with the dark race, attacked the human race, and shattered the heavens, and the ancestor of the sword pavilion sword pavilion fell heroically. The old man also admired the song and tears of deeds." Speaking of this, The high priest sighed, then suddenly arched his hand and said: "The old high priest, in place of my righteous army, apologizes to your previous misunderstanding. I hope you can ignore the previous suspicion and don't blame my righteous army. It is really my righteous army.

I've been worried for years, the ancestors of the deep demons have never died, and have been targeting my righteous army, making my righteous army look like a frightened bird..."

The high priest looked bitter: "Since your Excellency is a member of the Heavenly Sword Pavilion, the old man does not want to have any conflicts with your Excellency. I hope that the two sides can turn their conflicts into jade silk. This incident is revealed today, how about it?"

Apologize?

Qin Chen was stunned.

What the \*\*\*\* is this high priest doing?

His brows frowned slightly.

As soon as the high priest came up, he did not give him a chance to explain, and directly forced a shot at him. Now, he took the initiative to say that he wanted to reconcile, which made Qin Chen couldn't help but feel suspicious.

What does the other party mean?

It's just that before Qin Chen spoke, Xuan Zhong and the others on the side could not help but change their expressions greatly after hearing the words of the high priest.

Supreme Naquinan was the first to stand up and said excitedly: "High Priest, this person killed the Supreme Demon before, how can my righteous army just let it go?"

"This person killed the Demon Supreme?"

The high priest's face changed slightly.

boom!

The high priest slammed his hand and saw the void, traces of invisible powers were constantly looking back. Vaguely, you could see a surging of aura, Qin Chen's previous scene of killing the demon supreme was actually looking back in the void. Up.

"Back in time?"

Qin Chen sucked in the air and frowned slightly.

"Kid Qin Chen, this is not a backward flow of time, but a kind of profound meaning of time, a special manifestation of the supernatural powers of the rules of time."

At this time, the voice of Honghuang Zulong came out.

Qin Chen nodded.

After all, he has the origin of time, and his control of time rules has reached an extremely astonishing level, and he immediately understood the reason.

This is not a reversal of time, but a manifestation of the profound meaning of time, which can look back in time and let the things that happened before appear briefly.

But even if it was only time, it also meant that Qin Chen was also extremely shocked. The strength of this high priest had definitely reached an extremely terrifying level.

"High priest, you have also seen that this person is arrogant and domineering. He killed the Supreme Demon at the headquarters of my righteous army. He deserves death. How can he let him go so easily?"

The other righteous army masters all looked at Qin Chen angrily. I saw the breath surging on the high priest, but in the end, he converged and sighed: "Fine, although this person killed the demon supreme, it was just a misunderstanding, and it was my righteous army before. Blame the hands

, I can only blame the old man for not coming out of the retreat in the first time, causing this disaster. "

"High priest."

Suddenly, the high priest looked over coldly and waved his hand directly.

boom!

Kunan Supreme flew out in an instant, his body collapsed, leaving only a soul.

Qui Nan Zhizun looked dumbfounded.

Everyone was also stunned.

"In the righteous army, can't the old body be the master?"

The high priest said coldly.

"The subordinates dare not."

Qui Nan Zhizun hurriedly knelt down, looking terrified, and everyone around him trembled.

In the Righteous Army, the high priest is the eternal god.

The high priest sighed and said in a deep voice: "It's not that I insisted on excusing this person, but the Human Race Tongtian Sword Pavilion back then, who paid too much for this universe. Even if Princess Lianxinluo is alive, she would never agree. We did it on this person."

"What's more, if this person is true, he is still Princess Lianxinluo's husband, the man who will be the leader of my righteous army."

Speaking of this, the high priest arched his hand to Qin Chen: "I heard that your Excellency wants to see Sisi. Sisi is now in retreat and can't leave easily. Why not take you to see him?"

Qin Chen was startled.

He didn't expect that the high priest actually took the initiative to take himself to see Sisi.

Could it be that my previous suspicion of her was to save a gentleman's belly like a villain?

"Then thank you the high priest."

Qin Chen hurriedly bowed his hands. The high priest immediately laughed: "You are welcome. Since your Excellency is Sisi's husband, he is also my own righteous army. I think your Excellency should have been separated from Sisi for a long time. I think Sisi will definitely treat you. Thousands of thoughts, let's go

."

After the high priest finished speaking, he immediately said to the Sword Demon Supreme and the others: "You stay here, don't let outsiders break in, I will take this person to see Sisi."

After finishing speaking, the high priest flew straight towards the long river of origin of demon in the sky.

Qin Chen didn't hesitate at all, but directly soared into the sky, followed behind the high priest, and entered the long river of origin of demon.

Seeing Qin Chen's disappearing back, Kuinan Zhizun and the others were incomparable atmosphere, but they didn't dare to say a word.

At this moment, Qin Chen was following the high priest, and instantly came into the long river of origin of the devil.

boom! A terrible source of demon power rushed through Qin Chen's body in an instant.

#### [Chapter 4910: Source of Darkness](#)

"Here, is the source of the devil's long river?"

Qin Chen entered the long river of origin of devil.

boom!

A terrible demonic coercion instantly suppressed Qin Chen.

This force was extremely terrifying. In an instant, the void around Qin Chen directly solidified, as if stepping into a swamp of void, and the supreme source in his body was also solidified.

The high priest smiled and looked at Qin Chen: "Master Qin Chen, are you okay?"

Qin Chen smiled slightly: "Naturally it's okay."

He quietly operated the Demon Soul Source Device in his body, buzzing, and in an instant, the pressure of the Demon Race that had suppressed Qin Chen dissipated without a trace.

However, there is still a cryptic force suppressing Qin Chen's body, it is the power of darkness.

"really."

Qin Chen perceives the surroundings. In this long river of demon origins, in addition to the power of the top demon clan, there is also a vague dark power that interferes with the origin of his body.

However, this force was instantly swallowed by the Dark King's Blood in Qin Chen's body.

Under the blood of the King of Darkness, no force of darkness can affect the strength in Qin Chen's body.

The high priest smiled and looked at Qin Chen: "Master Qin Chen is really okay?"

Qin Chen wondered: "High priest, do I need something to do?"

The high priest smiled awkwardly: "Of course not, let's go."

The two continued to move forward.

Around, the aura of the power of darkness became more and more intense.

Qin Chen frowned slightly and couldn't help stopping.

The high priest turned and wondered: "Young Master Qin Chen, what's the matter?"

Qin Chen glanced around and said, "Why is there a trace of dark power here?"

boom!

A trace of sword aura emerged from Qin Chen, continuously annihilating the power of darkness around him.

The high priest sighed, "Master Qin Chen, do you know that the reason why my Righteous Dao Army chose this place as the headquarters is because Princess Lianxinluo directly turned here in order to prevent the invasion of the Dark Clan." Although Princess Lianxinluo resisted the attack of the Dark Clan, countless years passed, and the power of the Dark Clan slowly spread from the Universe Sea to the Inanimate Demon Realm. As a result, my Inanimate Demon Realm was also filled with darkness. Power

."

Speaking of this, the high priest was bitter.

Qin Chen suddenly said, "So, I thought..."

Qin Chen glanced at the high priest, apologetic in his eyes.

The high priest smiled slightly: "Master Qin Chen, I understand."

But there is joy in my heart.

Unexpectedly, Qin Chen had only sensed the existence of the power of darkness until now. It seemed that he was not sensitive to the power of darkness, and he thought it was. At this age, he might have never seen the darkness.

Although he had such a terrifying cultivation base, he should have received the initiation from the sword ancestor of the Tongtian Sword Pavilion.

Qin Chen glanced at the depths of the Wusheng Demon Realm, and wondered: "Is Sisi located in this place filled with the power of darkness?" The high priest nodded, "Master Qin Chen, Princess Lianxinluo will think about the girl. Receiving her as a descendant and bringing it here is to let Girl Sisi inherit her mantle and suppress the dark race. So now Sisi's place is

The source of darkness in the depths of the long river of origin of the demon of the inanimate demon realm is where the dark power is the strongest. If Master Qin Chen can't hold on, then..."

There was a hint of hesitation and worry on the high priest's face.

Qin Chen gritted his teeth and said: "Don't worry, the high priest, I can still hold it."

"That's good, please also ask Master Qin Chen to come with me. If you can't hold on, please let me know as soon as possible."

Qin Chen nodded and said, "Let's go."

The source of darkness is located in the very center of the Unborn Demon Realm.

Coming to the depths of the long river of origin of the devil, an icy dark breath came upon his face.

In the front, the dark auras piled together and turned into a terrible dark whirlpool. The center of the whirlpool pointed to a dark, non-light, bottomless abyss.

Perception is released. In the unenclosed abyss, the power of darkness is so strong that it is astonishingly swirling and tossing like a storm, accompanied by the terrifying sound of howling like demons and crying like ghosts.

"Here is the entrance to the source of darkness."

The high priest was stationed with an angry face, showing the resentment of the righteous army towards the dark race.

After all, it was the source of darkness that caused the status quo of the Wusheng Demon Realm and the fall of Princess Lianxinluo.

It's just that under her solemn appearance, she has already had dozens of thoughts in her heart.

As she led Qin Chen, she didn't ask Qin Chen anything, not because she didn't want to test Qin Chen, but because she was afraid that she might reveal some flaws, making Qin Chen vigilant and stop approaching the source of darkness.

Obviously, she thought too much.

"Is this the invasion of the ancient Dark Clan, it is really terrifying." Qin Chen looked at the abyss that led to nowhere, and whispered as if to himself.

"That's natural." The high priest said: "Otherwise, how can I be worthy of letting Princess Lianxinluo transform into Dao to suppress it."

She has brought Qin Chen to this place, and a short distance of tens of thousands of feet in front is the wide open entrance to the source of darkness.

However, the heartstrings of the high priest did not relax.

At first she thought that Qin Chen would not be able to hold on here, but she didn't expect that not only came here, there was still a trace of power to turn around.

It can be seen that this person is more terrifying than he thought.

What the high priest didn't know was that Qin Chen possessed the Dark King's blood in his body, and in this region filled with the power of darkness, it was equivalent to Qin Chen's home court. The stronger the power of darkness, the stronger Qin Chen would be.

On the contrary, ordinary strong people can only resist with all their strength in the face of the power of darkness, because once they are sealed in the source of darkness, facing the terrible power of darkness that is immortal and immortal, even if they have the power to penetrate the sky, There is no doubt that he will die.

Even a pinnacle supreme-level master, as long as he enters this source of darkness, he will be consumed alive.

At this point, with Qin Chen's strength, no matter how idiot he was, he wouldn't be able to guess.

Countless thoughts swayed quickly in the high priest's mind, and was finally annihilated by her, only a faint cold light flashed in his eyes. "President Qin Chen." The high priest hesitated, and said to Qin Chen: "Girl Sisi, in this dark fountain, suppressing the dark fountain, the power of darkness in the dark fountain is so strong that there is only thinking. Miss Si has the shelter of Princess Lianxinluo

You can survive in it, and if we enter rashly, we will undoubtedly die, even if we are old, so..."

"The high priest meant that I can't enter this source of darkness to find Sisi? Only Sisi can survive in it?"

Qin Chen stared straight at the entrance of the source of darkness, his expression ugly.

Because, after coming here, he only felt the power of darkness, but the power of the ten-tailed magic fox in the chaotic world did not fluctuate. Sisi, it must not be here.
