[Chapter 4911: Bare feet](#)

"Prince Qin Chen doesn't know something." The high priest sighed slightly and said with emotion: "This source of darkness was where the Dark Clan invaded back then. It is Princess Lianxinluo..."

boom! !

The melancholy "person" in the peace has not yet passed away, and the palm of the high priest has been heavily blasted behind Qin Chen.

It is worthy of being one of the three leaders of the righteous army. There was no warning before the attack, and the speed at the time of the attack was fast enough to exceed the reaction limit of all creatures.

Even though it was such a sudden and quick blow, it was shot in secret, its power was still as majestic as the ocean, and the sudden explosion of divine power caused the void to violently shake.

puff!

A large swath of blood spurted out, and Qin Chen flew into the dark abyss ahead with a piercing sound like a falling meteor.

At the same time, with a frightened expression on his face, he looked at the high priest with endless anger and astonishment in his eyes. Obviously, he did not expect the high priest to do anything to himself.

He stared at the high priest, his eyes seemed to be asking: Why?

Facing Qin Chen's incredible expression, the corner of the high priest's mouth was sketched with a sneer, and there was no pause or lag in the movement in his hand. With his palm over, countless bursts burst out from the source of darkness. The chain of darkness, crashed, and countless chains of darkness turned into dozens of large formations, covering them down at the same time, firmly sealing the entrance to the source of darkness.

Rumble—

Dozens of large dark formations were connected in rapid operation, and then all sky chains merged and merged into one body. In the end, surrounded by Qin Chen, a blockade enchantment was formed.

In addition, there were a few chains, like spirit snakes, quickly filled Qin Chen's limbs in Qin Chen's furious eyes, and bound him.

At this moment, Qin Chen was firmly sealed in the source of darkness, and the power of endless darkness poured in, continuously pouring into Qin Chen's body, causing Qin Chen to roar in pain.

And his body and limbs were also bound by countless dark chains, firmly sealed in this dark "grave".

"High priest, what are you doing?"

Qin Chen was invaded by the power of darkness, and he roared in pain, with an unbelievable expression on his face.

He struggled fiercely, but under the shackles of the power of darkness, he could not break free at all, and could only let the power of darkness wreak havoc in his body.

The high priest looked at Qin Chen and laughed loudly: "What are you doing? Boy, don't you just come out and do what you want to do?"

Qin Chen said anxiously: "High Priest, don't you still believe that I am a human being? I really have nothing to do with the ancestor of the Abyss Demon, but the descendant of the Heavenly Sword Pavilion. You must believe me..."

The high priest shook his head with a look of disdain and said: "Boy, I thought you were a smart person, but you were also an idiot. I really don't know how you cultivated to this level. Whether you are a human race or not, the old man will do it to you. ."

Qin Chen was shocked.

"Why... why?"

The high priest sneered: "Because you are Sisi's husband. The old man has tried all means to make Sisi yield. I never thought that you came to the territory of my righteous army. It takes no time to come here, just because as long as you are captured, the old man will not believe in thinking and not yielding."

boom!

The high priest raised his hand.

In her body, a dark aura permeated out, and she actually controlled the dark chains, entwining Qin Chen firmly in the void. ,

Qin Chen's eyes widened suddenly: "Power of darkness, have you already taken refuge in the dark clan?"

"Is it just now?" The high priest smiled coldly: "The old man didn't take refuge in the dark clan, but did some cooperation with the dark clan."

After the words fell, Qin Chen was instantly pulled out of the source of darkness by the high priest, and was tightly bound like a zongzi, unable to move.

"boom!"

The high priest drew a chain with his right hand, and with a clatter, the chain pierced Qin Chen's shoulder blade directly.

Qin Chen let out a stern roar, struggling frantically, but couldn't get out of the high priest's control.

"Well, it seems that this kid is really trapped."

Seeing Qin Chen's appearance, the high priest nodded in satisfaction.

After perceiving Qin Chen's strength, she deliberately brought Qin Chen here. The purpose was to use this source of darkness to trap Qin Chen. In this source of darkness, even the pinnacle cannot easily escape, but she I never thought it would be so simple.

It was really easy to trap Qin Chen.

The high priest controlled the dark chains, and led Qin Chen quickly to the depths of the long river of origin of the demon.

Qin Chen looked horrified: "Where are you taking me now?"

The high priest smiled slightly: "Don't you want to see Sisi? I will take you to Sisi now."

"Will you be so kind?"

Qin Chen said angrily.

"Well, you'll know it after a while, just hope you don't let me down, otherwise the old man will never spare you."

The high priest said with disdain.

She pulled Qin Chen, as if holding a pet, pulling Qin Chen into the depths of the starry sky.

What the high priest didn't see was that when Qin Chen was led away, there was a cold stern flash in his eyes.

In the chaotic world, Honghuang Zulong said silently: "Kid Qin Chen, you have the blood of the Dark King. The chains of these dark rules can't trap you at all. Is it necessary to act so realistically?"

Honghuang Ancestral Dragon knew very well that with Qin Chen's strength, as long as he was willing, he could directly untie these dark chains in an instant.

Qin Chen said solemnly: "Now that Sisi is located, only the high priest knows. If the high priest is not allowed to think that he has completely controlled me, how can she take me to see Sisi?"

Honghuang Zulong glanced at his mouth and said, "It's not easy to find Sisi. Just let the ancestor go out and capture the high priest. Why is it so troublesome."

Qin Chen squinted his eyes and said, "This person is extremely cunning. The place is deep and vast, and can conceal the divine consciousness. If she deliberately conceals it and wants to find Sisi, it will take a lot of time for her to take it. This is the most important thing. The quick way."

At this time, the Lord of Abyss Demon asked in doubt: "Master, when did you suspect this high priest?"

"From the time I killed the Sword Demon Supreme, I had already doubted it."

Qin Chen coldly looked at the high priest's back: "The Sword Demon Supreme and other righteous soldiers have a special power in their bodies. This power comes from the power of darkness. Just as the high priest said, this power has two possibilities. , One is that this place has been eroded by the power of darkness, so anyone who cultivates here will be contaminated with the power of darkness."

"The second kind is that the people here are united with the dark clan, so that we can control some dark forces."

"And I just had the mentality of trying it out at the beginning. Who knows, this high priest actually took me to the dark abyss, and suddenly he showed his horse's feet."

[Chapter 4912: To succeed](#)

Qin Chen squinted his eyes and followed the high priest obediently. The purpose of his coming here was to find Sisi, not to come and kill.

Finding Sisi is his ultimate goal.

In the void, the high priest used a chain to imprison Qin Chen, all the way in and around, endless void passing by.

Qin Chen followed behind the high priest, very well-behaved.

After walking for a while, the high priest glanced at Qin Chen in surprise, and said in doubt: "You don't seem to be afraid?"

Qin Chen said, "Is it useful to be afraid?"

Calm.

At this time, Qin Chen felt extremely calm for the high priest, as if he had not been captured.

"strangeness?"

The high priest's heart moved slightly.

She immediately urged the power of darkness, and immediately the chains of darkness glowed. These chains of darkness completely blocked Qin Chen and completely blocked the origin of Qin Chen's body.

Qin Chen's face changed, revealing an expression of pain.

Mad, it's okay, but he has to pretend to be injured in front of the high priest. It's really...

Feeling the state of Qin Chen's body, the high priest frowned.

"It is indeed imprisoned, right? Is it because I was too cautious?"

The high priest felt it carefully again, and relaxed.

Humph, pretending to be a fool.

The high priest sneered. It should be that he had thought too much. With her dark chains, combined with the power of the inanimate demon realm, even the pinnacle-level supreme could be imprisoned. This kid was afraid that he could not break free.

Next, the high priest kept Qin Chen inward.

At this time, in the foldable space of the dark clan and the origin of the demon, Chen Sisi looked at Shangguan Wan'er with a painful expression.

"Master, stop, stop now."

On Shangguan Wan'er, a dash of dark matter escaped, and the billowing power continued to resist the invasion from the dark clan. At the same time, the suppressed dark aura on Chen Sisi began to weaken.

"Senior Ten-tailed Magic Fox, stop Master."

Chen Sisi said anxiously to the ten-tailed magic fox.

The ten-tailed magic fox shook his head: "Your master uses his own dark origin to resist the power of the dark clan. She is to help you leave. At this time, no one can stop her."

Huadao is an irreversible process, once it is opened, no one can stop it.

"What you have to do now is not to stop your master, or to not let your master's hard work be wasted, and not to let her die here in vain."

Ten-tailed Magic Fox said.

Shangguan Wan'er also smiled at this time: "Sisi, Senior Ten-tailed Phantom Fox made no mistakes. Don't be arrogant, don't forget, there is still someone waiting for you outside. Don't let your master's efforts and sacrifices in vain. ."

boom!

At this moment, the aura of Shangguan Wan'er's body is continuously integrated into the dark origin of this mirror world, which makes the oppression of Chen Sisi by this dark origin continue to weaken.

"Master."

Chen Sisi had tears in her eyes.

But as Master said, she can't let Master's efforts be wasted, Qin Chen is still waiting for her outside.

With a bang, the colorful rays of light on Chen Sisi's body bloomed, resisting the erosion of the power of darkness and the origin of the devil, and stepping out like a god.

A heavy amount of mirror power suppressed her body, causing her body to split continuously, but she was fearless and opened up the mirror world little by little.

This world, like a cage, restrained her, and Chen Sisi at this moment wanted to open this cage.

Click!

This can crush the mirror world that the top supreme has suppressed, and begin to disintegrate little by little, and cracks appear.

An invisible wave permeated out, instantly spreading across the entire river of origin of the devil.

"Um?"

The high priest who was binding Qin Chen to the mirror world suddenly looked towards the distant sky, revealing a hint of shock.

"This is..."

At this moment, she felt this powerful force transmitted from the direction of the mirror world that bound Chen Sisi.

And Qin Chen's ten-tailed magic fox origin in the chaotic world also trembled violently.

Qin Chen suddenly raised his head.

Sisi is here!

Qin Chen's heart was instantly filled with excitement.

Before Qin Chen was dispatched, the high priest had already moved, taking Qin Chen to the mirror world in an instant.

The endless void instantly disappeared under the feet of the high priest, and after only a moment, the high priest had brought Qin Chen to the mirror world.

The mirror world in front of me was crazily collided by the power of darkness and the power of the source of the demon, cracks were everywhere on it, and in the void deep in the crack, a colorful figure was suspended there, his face was painful, but it was Without saying a word, he was trying to slowly break free from the mirror world.

"Sisi."

Seeing the figure in the mirror world, Qin Chen's expression was instantly dull, his eyes were flushed, and his whole body was extremely excited, and he muttered in a low voice.

Sisi is Sisi.

Although the colorful figure in front of him was filled with terrifying light, the familiar breath and familiar appearance, no matter where it was, no matter what it became, Qin Chen could recognize him at a glance.

That is Sisi.

A woman who dreams of herself.

At this moment, Qin Chen's blood spurted, and his heart was filled with endless excitement.

Finally, after hardships, he finally saw Sisi.

Qin Chen whispered very softly. In this vast void space, it was really like a mosquito, but in the mirror world, he was madly resisting the power of darkness and the origin of the devil's scouring thoughts, but his figure was It froze in an instant.

"dust..."

Chen Sisi screamed, and couldn't even believe that this was the truth. Her figure slowly turned around in the mirror world, turning around little by little, and finally landed on Qin Chen.

Chen Sisi's figure trembled suddenly, unable to restrain her figure at all. She saw Qin Chen who was imprisoned by countless dark chains, and her tears rolled down uncontrollably.

Is it Qin Chen?

This is the person who can always bring her hope and confidence in her most painful, darkest, and most desperate.

Finally appeared in front of her.

And when her gaze fell on the dark chains that bound Qin Chen, Chen Sisi's heart suddenly felt severe colic, especially seeing the chain that penetrated Qin Chen's shoulder blades, which made her more painful. Unable to breathe for a moment.

"Hmph, bitch, I can't imagine that you want to break free of this world while I'm away. If you didn't rush back in time, you would really have to succeed."

When the high priest saw the shattered mirror world, his face became extremely ugly, and suddenly he gave a cold snort.

She raised her hand!

boom!

The power of endless darkness condensed in an instant, like a vast ocean, severely suppressed on the mirror world.

[Chapter 4913: Big beauty](#)

Boom boom boom!

Heavy forces rushed out of the void, crushing the mountains, destroying the world, and constantly suppressing the mirror world.

puff!

In the mirror world, Sisi spit out a mouthful of blood, and his body trembled violently under the blow.

Such a fierce attack caused her body to collapse instantly.

But Sisi was motionless, his body seemed to freeze, his eyes kept gazing at Qin Chen not far away, and he didn't even want to remove a tiny bit of it.

Let the surge of energy bombard her body, but she didn't move at all.

Like a rock.

It seemed that any shock between heaven and earth couldn't make her change.

"dust!"

Sisi was muttering, whispering, not dare to look away even for a moment.

Because she was afraid, afraid that this was a dream, and afraid that if she looked away, Qin Chen in front of her would disappear and never see it again.

"You are so stupid, why are you here? Don't you know it's dangerous?"

Chen Sisi's eyes were red, and hot tears were rolling down.

Even in the face of the endless torture and suppression of the original power of the two worlds, she had never shouted so much, but the moment she saw Qin Chen, the line of defense in her heart was instantly broken.

At this moment, only Qin Chen was in her eyes.

"Sisi, I am here, today, I will definitely take you away from here."

Qin Chen said, his heart ached.

He could see Sisi's situation at a glance. At this moment, Sisi was trapped in a special space and couldn't break free at all.

If you want to rescue her, you must solve the power of darkness in that space and the power of the origin of the devil, so that Sisi can leave the world safely.

"Hahaha, just because you want to save the descendant of that bitch?"

When the high priest heard Qin Chen's words, he suddenly laughed and looked at Qin Chen with disdain.

This mirrored world contained the power of the two worlds, and even she did not dare to break into it easily. Why did this kid say such a big talk?

Just rely on the courage he gave with his blood?

ridiculous.

The high priest was too lazy to pay attention to Qin Chen, his gaze suddenly fell on Chen Sisi, and a trace of hideousness and madness suddenly flashed in the depths of his eyes. The high priest stepped forward and sneered: "Huh, Chen Sisi, this person is indeed your man. I can't imagine that someone with such a firm mind would be emotional, ridiculous. However, this is also a chance for this seat. Chen Sisi, as long as

If you hand over the inheritance of Princess Lianxinluo, you may be able to reunite your husband and wife to go to Huangquan together. Otherwise, this seat will let this Qin Chen disappear before your eyes today, so that your husband and wife will never be reunited in this life. "

The voice fell.

The high priest suddenly turned around, raised his hand, crashing, and the dark chains squirmed like a snake, and shot towards Qin Chen, trying to penetrate Qin Chen's body.

This is the high priest who wants to give Chen Sisi a predicament.

The chains, rooted like poisonous snakes, came to Qin Chen in an instant.

"stop."

Chen Sisi's face changed drastically.

Without waiting for those dark chains to penetrate Qin Chen, Chen Sisi hurriedly shouted anxiously.

These chains, which looked like spirit snakes, stopped suddenly, and hovered in front of Qin Chen.

"Haha, what? Distressed? Distressed and handed over the inheritance of Princess Lianxinluo, I can keep your whole body, otherwise, I will let your man's soul fly away and taste the most painful things in this world."

The high priest laughed grimly.

"you....."

Sisi trembled, his face struggling.

"Sisi, don't worry, with me, no one can hurt you today."

Qin Chen said coldly.

"Boy, it seems that you still don't know your current situation. If that's the case, let you know the fate of disobeying this seat first."

The high priest's eyes were cold, and he glanced at Qin Chen dissatisfied. The next moment, she sneered, and the dark chains that had been suspended in front of Qin Chen for a few days instantly came to Qin Chen's front like a phantom.

boom!

The dark chains burst out with light that penetrated the sky, directly going through Qin Chen's body.

Seeing that these dark chains were about to penetrate Qin Chen's body, Qin Chen suddenly raised his hand, and these dark chains were caught in his hands for an instant.

What?

An expression of anger appeared on the high priest's face in an instant.

How can this be?

Isn't the kid in front of him already imprisoned by his own dark rules? How can there be resistance to it?

The high priest showed a look of anger in his heart, and with a bang, countless dark powers in his body rose wildly, and the chains of darkness surged again, and instantly roared like an angry dragon.

A sky-shattering rainbow light burst out from every dark chain, sweeping towards Qin Chen frantically.

Boom boom boom!

The chains quickly wrapped Qin Chen in the middle.

But for some reason, the high priest felt a faint feeling of horror, as if something bad would happen.

"Sisi, I will give you the last three breathing time. If you don't hand over the inheritance, your old body will kill this kid."

The high priest shouted sharply.

"Sisi, don't promise her."

At this moment, the figure of the ten-tailed phantom fox suddenly appeared, transforming into a graceful figure of nothingness, and said anxiously to Chen Sisi. "Ten-tailed phantom fox? Huh, I know that you are a guy who is secretly making a ghost, a guy who should have been dead for many years, now this era is no longer the era of your prehistoric creatures, and it is still lingering here. what

Must? "

The high priest said grimly.

"Hmph, high priest, you are under the command of the demon princess, but you are in collusion with the dark clan, betraying the universe, and you have to die."

Ten-tailed Magic Fox shouted sharply.

"Don't die? It's up to you?"

The high priest laughed, his eyes sinking: "You can't protect yourself now. I think you should take care of yourself first."

"Senior Ten-tailed Magic Fox, Qin Chen..."

At this moment Sisi looked anxiously at Qin Chen who was wrapped in dark chains.

"Don't worry, this kid, seems a bit weird?"

"eccentric?"

Sisi was startled.

"Yes, when this person first appeared, I don't know why, I felt a familiar breath from him." Ten-tailed Magic Fox said.

"Familiar breath?"

Sisi was stunned.

now.

The void wrapped in dark chains.

Qin Chen was suspended there.

After seeing the appearance of the ten-tailed phantom fox, in the chaotic world, the eyes of the Honghuangzu Long's eyes suddenly rounded.

Fuck, fuck, fuck.

"Kid Qin Chen, hurry up, go out and kill this old thing."

Honghuang Zulong roared in the chaotic world.

Ten-tailed magic fox, this is one of the most beautiful guys among the Chaos Gods and Demons in the previous life. The great beauty in the Chaos Gods and Demons.

[Chapter 4914: Actually still alive](#)

Unexpectedly, he was still alive.

Honghuang Zulong's eyes widened, staring at the ten-tailed magic fox.

From the ancestor of the true dragon, he learned that one of his clones was to pursue the ten-tailed phantom fox, in order to protect one of the ten-tailed phantom fox's fox tail and many chaotic gods and demons.

Unexpectedly, after countless epochs, the ten-tailed magic fox is still alive.

Honghuang Zulong carefully looked at the ten-tailed magic fox, and I have to say that the ten-tailed magic fox is indeed the most enchanting existence among the 3,000 top chaotic gods and demons that year. After hundreds of millions of years, this figure is still so good, and its appearance is still so high. Still so charming.

"It's worthy of being the woman that my ancestor's clone looked after."

Looking at it, two pools of water suddenly wetted on the ground, and it turned out that the Harazi of the ancestral dragon was flowing down.

boom!

Suddenly a fist hit Honghuang Zulong's head.

"Made, who beat Lao Tzu?" Honghuang Zulong cursed.

The ancestor of the blood river waved his fist and snorted coldly: "It's Lao Tzu, the old **** critic, who is still looking at women at this time. Believe it or not the ancestor told the true dragon ancestor of the true dragon clan all your virtues here?"

"Sacred Ancestor of the Blood River, you old immortal, not only did you dare to threaten me."

Honghuang Zulong said angrily: "Did you eat the liver and the gall?"

boom!

A terrible dragon's air soared into the sky.

"Shut up." Saint Ancestor of the Blood River scolded: "I don't have time to chat with you. Is the woman who didn't see an adult is still in danger?"

Honghuang Zulong heard the words, but stopped talking, and immediately looked out of the chaotic world.

Outside, Qin Chen was suspended in the void, and his body was enveloped by endless chains of darkness.

At the moment when the endless dark chains encased him, the mysterious rust sword in Qin Chen's hand suddenly appeared, and the terrifying sword aura rose to the sky, and a vast kendo rule spread between the heaven and the earth. At the same time, the mysterious rust in Qin Chen's hand The sword has been cut out with an amazing river of swords.

Six reincarnation swordsmanship.

After seeing Sisi, Qin Chen didn't even have the idea of saying a word with the high priest. He just wanted to be with Sisi. In front of the high priest and other vicious people, Qin Chen didn't want to talk nonsense with her. Half sentence.

At the moment when the six reincarnation sword auras are split, a sword light that reaches the sky is formed. At the same time, countless kendo artistic conceptions bloom and fly out of the mysterious rust sword. Qin Chen's six reincarnation sword tactics are originally blended with the sky-reaching sword pavilion. Various sword intents, as well as the original magical powers he has mastered.

Once cut out, as long as it is not blocked, the vast sword energy is endless.

The high priest has seen Qin Chen's shots, knowing that Qin Chen's strength is definitely not weaker than the late supreme level, but compared to her, an old fellow who has lived for countless years, she is not enough.

But at this moment when she really felt Qin Chen's sword aura, she realized that Qin Chen's strength was not what she had imagined.

This sword is definitely a sword that breaks the world and destroys the world.

As soon as he heard a bang, the dark chain that covered Qin Chen was completely split apart in an instant, and even the dark chain on Qin Chen's shoulders also flew out directly.

At this moment, Qin Chen was shrouded in sword aura, as if he had become a sword **** that could reach the sky.

Under Qin Chen's urging, countless dense sword energy swept crazy toward the high priest.

The high priest was shocked for an instant, and his face changed drastically.

She had never seen anyone who could control every sword aura she made, and the sword aura could form a formation to trap opponents.

These sword auras swept through, as if turned into a cloud of light, covering the countless voids around them.

The surprise was only a moment before the high priest recovered her calmness. She didn't need to wave her hand at all. In the void, countless dark chains had been born out of thin air. These dark chains were densely packed in various shapes. Just looking at it, she felt a little sick.

Moreover, these dark chains are the same as Qin Chen's sword aura, they are also spiritual, forming an endless network, which nets Qin Chen's sword aura.

According to the high priest's idea, even if Qin Chen's strength is strong, under his dense dark chains, he can directly choke off these sword qi, and then trap Qin Chen.

But when her dark chains collided with Qin Chen's Heavenly Sword Qi, she immediately knew that she was wrong.

The sound of "Kakachacha" continued to sound around, and the high priest found that if her dark chains were not continuously injected with the support of the source of darkness and supreme power, they would not be Qin Chen's dense sword-qi opponent at all.

Thinking of Qin Chen's appearance that she was easily trapped before, the high priest was shocked, and suddenly felt something wrong, and a cold sweat broke out from the back.

If at this time the high priest hadn't guessed that Qin Chen was deliberately restrained by her before, then she would be too idiot.

The depth of Qin Chen's supreme source and the strength of his soul far surpassed her estimates, and these strengths were definitely of the pinnacle supreme level.

It's not that the high priest has no back hand, but her back hand is not ready to be used now, she still wants to keep it.

But when there were waves of more subtle clicking sounds, the high priest's face finally changed drastically, and she was surprised to find that her supreme source could not resist Qin Chen's sword aura.

With a bang, the chains of darkness all over the sky were directly destroyed, and the high priest's figure suddenly retreated.

"dust."

In the mirror world, Chen Sisi looked at Qin Chen excitedly.

"You reserved your strength just now? You were deliberately captured by me, and then deliberately brought here by me, the purpose is to find Sisi, isn't it?" The high priest couldn't help but blame it at this time, even if he could not bear it any more. ?

Qin Chen sneered at the high priest and said, "Otherwise, what do you think? Just relying on the dark rules and chains, you also want to trap Ben Shao. Do you have any misunderstandings about Ben Shao's strength?"

"Okay, okay..." The high priest said two good words one after another, and once again recovered his calmness, "A stinky kid who dares to fool me with something he doesn't know whether to live or die."

After speaking, the high priest raised his hand, and the pitch-black scepter in her hand immediately brought an endless void of murderous intent and rolled over.

It's just that the phantom of the scepter had just rolled halfway, and nine black shadows were separated in the middle. These nine shadows were like a huge nine-fingered hand, covering Qin Chen completely.

However, Qin Chen's mysterious rust sword displayed the sword energy immediately after meeting the huge nine shadows, it made a burst of "chichi" sound, and disappeared in an instant.

At the same time, Qin Chen also heard a series of murmurs of 'Ka Ka', Qin Chen's heart sank, he knew that his sword qi rule domain had been broken at this moment.

Before he could react, the nine shadows had broken the rules of his sword qi and came to him.

[Chapter 4915: Heart of Darkness](#)

An aura that made Qin Chen's heart palpitations permeated, and Qin Chen immediately knew that these nine shadows were definitely not something to wait for, and there was a special power in these nine shadows, and these powers carried a palpitating darkness. Breath, this

The dark aura was even more terrifying than any dark aura Qin Chen had seen.

Qin Chen knew immediately that this was definitely the original power of a top dark powerhouse, and this dark powerhouse was even more terrifying than the Dark Royal Family's breaking army that he had beheaded before.

Although the strength of the dark royal family before was strong, it was only the late supreme, and this dark power definitely came from a peak supreme dark race master.

The key to this power not only contains the power of the dark race, but also incorporates a trace of the power of the origin of the devil. Qin Chen didn't even have time to think about it at this time. The Supreme Origin was all injected into the mysterious rust sword, and the mysterious rust sword in his hand burst out madly into the sky, these sword auras immediately turned into the void. A vast array of swords

.

"Boom boom boom..."

Nine terrifying black shadows hit the endless sword formation. Qin Chen felt the vibrations in his body, and then he snorted. At the same time, he was hit by the nine black shadows with his sword, and this The process only took a few breaths.

A series of terrifying dark auras continuously penetrated into Qin Chen's body.

"dust!"

Chen Sisi, who had originally seen the power of Qin Chen's mysterious Rust Sword, was quite excited at first. She didn't expect Qin Chen's strength to reach such a level, even to the point where she could fight the high priest. However, Chen Sisi was shocked by the high priest's attack, and hurriedly shouted: "Dust, be careful, this is the power of the dark heart. These dark heart powers will swallow all power and multiply rapidly. These forces

Enter into your body, otherwise these forces will quickly swallow all of your supreme source, making you a slave to the power of darkness. "

Chen Sisi's heart was full of anxiety. The colorful light on her body was blooming, and she was about to rush out of the mirror world to resist Qin Chen.

"Brochen..."

Behind Chen Sisi, Shangguan Wan'er's body was nothingness. She muttered in a low voice, her eyes resolute, and bursts of dark power instantly burst out to help Sisi get out of trouble, and her whole body slowly dissipated at this time.

While dissipating, Shangguan Wan'er stared at Qin Chen excitedly, tears rolled from the corner of her eyes unscrupulously, and she could see Qin Chen again before she died, she died without regret.

Because she and Chen Sisi both knew that once the high priest had the upper hand, the high priest would definitely not let Qin Chen go.

Sure enough, as soon as the two thought of this, the high priest once again rushed to Qin Chen, and at the same time threw out countless black shadows with both hands like fairy flowers.

Those shadows spread in the void instantly, like vines growing out countless seedlings, and these seedlings turned into countless vines in a blink of an eye, densely packed. Once these rattans are linked, Qin Chen has no chance to do anything, and will be completely wrapped in these rattans. The high priest can even watch Qin Chen being strangled by the rattan from the side, or as long as he keeps on Qin Chen

The split dark vines, and then continue to shed the power of the dark heart.

Seeing the high priest so unscrupulously displaying the power of the dark heart, Qin Chen's eyes were cold, and the high priest simply did not look at him.

Although the power of this dark heart is strong, but think that it can destroy him?

"Your Excellency, why do you say it? I don't know where the courage comes from being against the old man." The high priest kept showing black shadows in his hands, and said with a sneer, with a mocking expression on his face. Under the blessing of countless dark vines, the power of the phantom is even more terrifying.

Coming by storm.

Qin Chen glanced at it and snorted coldly, the mysterious rust sword slashed directly into the black shadow in the sky, and at the same time the power of the Dark King's blood in his body was sacrificed in an instant.

A deep power of darkness rose from Qin Chen's body in an instant.

"The power of darkness?"

The high priest's face changed slightly, and she recognized in an instant that what Qin Chen displayed was the dark power of the dark clan.

"Yes, it is the power of darkness."

Qin Chen sneered: "Do you think that only you have the power of darkness?"

"No, it's impossible, you are a member of the Heavenly Sword Pavilion, how can you control the power of darkness? Who are you? Could it be... you really are the spy of the ancestor of the abyss?"

Countless thoughts flashed in the high priest's heart for an instant, and he was confused.

At this moment, she was a little confused.

I saw Qin Chen holding a mysterious rust sword, endless sword aura rising into the sky, a heavy dark aura swept out of Qin Chen's body, and the whole person seemed to have turned into a **** of darkness.

But the corner of the high priest's mouth was a sneer.

Seeing that Qin Chen released the power of darkness, the high priest didn't care at all. In her opinion, what Qin Chen used should be some ordinary power of darkness, but this power of darkness was in front of her heart of darkness. Not enough to see.

Because Qin Chen's dark power must come from the Demon Realm, and almost all the dark power on the Demon Realm came from the ancestor of the Abyss Demon.

She didn't care about the power of darkness that the ancestor of the abyss demon had mastered, except for the power of darkness that was mastered by the ancestor of the abyss demon himself.

So she didn't care about Qin Chen's dark power at all, because her dark heart could completely crush the opponent.

boom!

The high priest frantically urged the power of the dark heart, and the powerful dark core poured directly into Qin Chen's body, trying to swallow Qin Chen.

But what surprised the high priest was that after entering Qin Chen's body, her dark powers were completely integrated into Qin Chen's body, like a stone sinking into the sea, without causing any waves at all.

"How can this be?"

The high priest's expression suddenly became extremely shocked. She frantically urged the heart of darkness, and a series of terrifying powers continuously poured into Qin Chen's body, trying to burst Qin Chen directly.

In an instant, endless dark power surged in the void, and the vast dark power turned into a vast ocean, crazily squeezing into Qin Chen's body.

But a scene that shocked her even more happened. When the power of these dark hearts poured into Qin Chen's body, the power on Qin Chen's body became even more terrifying.

An aura that made her heart palpitations slowly rose.

"Are you absorbing the power of my dark heart?" Only then did the high priest understand the changes in Qin Chen's body, and instantly became extremely shocked.

[Chapter 4916: Corpse puppet](#)

At this moment, the aura on Qin Chen's body was constantly surging, and a horrible dark aura spread out like a vast ocean.

When this dark power dissipated, the countless dark auras in the entire void were all attracted by the dark power on Qin Chen's body, and the sky full of dark auras poured into Qin Chen like a vast tide. In the body.

Qin Chen raised his head to look at the void, the power of darkness in the void was extremely strong, and it deserved to be the place where the Dark Clan invaded back then.

These dark forces have gathered here all the year round, and a unique dark tide has been formed, and at this moment, these dark tides are constantly surging.

Qin Chen did not directly explode his own Dark King's blood, but gathered the Dark King's blood into a huge black scorching sun, the scorching sun high above, floating in the void.

As soon as the black scorching sun was sacrificed by Qin Chen, countless black rays of light were emitted immediately, and those rays of light were densely packed, covering this area of void in an instant. After a while, this piece of void became a black world, and the power of billowing darkness was madly dissipating.

If it wasn't because Qin Chen's sun was black, and if it wasn't because the high priest saw Qin Chen go out, she even thought that the Dark Clan had completely invaded this world and descended on this world.

The high priest stared at Qin Chen's black sun, his eyes condensed immediately, and she was also connected with the dark clan, if he couldn't see the dark aura on Qin Chen's body would definitely be the purest dark aura.

And this dark breath is even above what she has mastered. Where did this person get this dark power?

But the denser and more terrifying black power has made her unable to think about it anymore. She immediately sacrificed the power of her dark heart and turned a dark shield around her, trying Block this black light.

But the breath of the dark and scorching sun was too terrifying.

Amidst the sound of "chichi", the burnt smell became stronger and stronger. The endless cane she displayed and the dark cane seedlings that were still sprouting, under Qin Chen's dark power, instantly It turned into ash flying or dissipated, and in a moment, the cane that was everywhere in the void dissipated.

The high priest's face was horrified. She couldn't think that the power of darkness in Qin Chen's body was so terrifying, and she simply ignored her power of darkness.

"boom!"

At this time, the mysterious rust sword and the nine shadows were completely blasted together again. After fusing the power of the dark king's blood, the shadows that had just been transformed by the nine shadows were split apart by the mysterious rust sword.

The two forces uttered a thunderous roar. The next moment, the high priest snorted, and his figure was directly shaken out hundreds of feet away, and the void behind him was instantly shattered.

A trace of the power of darkness spread to her body, eroding her.

The high priest was furious, and directly cut off this dark power, and in the process of cutting off, she even had to cut off a part of the supreme source in her body directly.

With a pop, the high priest immediately vomited a mouthful of blood.

At this time, she had already felt the breath of this dark power.

"The Blood of the Dark King, how come you have the power of the Blood of the Dark King? Could it be that the opponent is a member of the Dark Royal Family?"

Do not.

If Qin Chen was Chen Sisi's husband, then he could not be a member of the Dark Clan at all.

The high priest was filled with fright and anger, and all kinds of thoughts kept flickering. She couldn't figure out how Qin Chen could have the power of the Dark King's blood.

She was horrified in her heart, but she was not desperate, because she could feel that Qin Chen's cultivation base was not as good as her own. With the powerful cultivation base and the fact that this place was her territory, she still had a certain upper hand.

At this time, the high priest couldn't figure out why Qin Chen had the Dark King's blood. Since she couldn't figure it out, she didn't think about it too much. She looked at Qin Chen coldly and said, "You forced me, I will let you know what true despair is."

After speaking, she waved her hand again, countless shadows appeared in the void, and then she spewed out several mouthfuls of essence and blood, and those large amounts of shadows started to move after being sprayed with essence and blood.

When Honghuang Ancestral Dragon saw the dark shadows clearly, he blurted out in anger, "The corpse puppet, or the supreme corpse puppet..."

"Puppet?"

Qin Chen frowned.

The Blood River Saint Ancestor said solemnly: "My lord, the corpse puppet is an extremely cruel technique. Generally, a strong person who practices this technique captures other warriors alive, confines the opponent's soul, and then puts the opponent into it. Soaked in a special medicinal liquid for ten thousand years."

"And these strong men will not die after ten thousand years, but their bodies have become extremely hard. At this time, the strong men will be taken out of the liquid medicine, and then they will use their soul origin to sacrifice for ten thousand years."

At this time, Honghuang Zulong continued: "The most terrifying thing is that in these ten thousand years, the strong men who have been concocted with corpse puppets are all awake, not only have to endure inhuman torture, but also endure endless fear."

"Ten thousand years later, the minds of these strong men will be swallowed by the strong men who concocted them, but a strand of divine soul remains and becomes the core of the corpse puppet."

"Although these corpse puppets are just corpse puppets, these corpse puppets are more powerful than themselves, because they are not afraid of any harm, and their bodies are extremely hard. And there are a lot of control rules. It can be said that once this kind of corpse puppet arrives. A certain number can besiege and kill even people with stronger cultivation bases."

"The level of this kind of corpse puppet is determined before they were sacrificed. If the corpse puppet is made by the strong celestial puppet, it is the corpse puppet made by the strongest corpse. The Supreme Corpse is a puppet."

The words of Honghuang Ancestor Dragon and Blood River Saint Ancestor made Qin Chen's eyes condensed and his face was shocked.

A supreme, in today's ten thousand races, can be regarded as a top master, but here, he has been refined into a corpse puppet.

Moreover, Qin Chen saw at a glance that there were not a few corpse puppets in front of him, among which there were at least more than one hundred corpse puppets at the supreme level.

This is more than a hundred Supreme Powers, how did the other party control so many Supreme Powers?

Heavenly Fire Supreme and Wanling Demon Sovereign also saw these corpse puppets in the Chaos World at this moment, and they were shocked to Qin Chen's voice and said: "Qin Chen, these are the powerful supreme of the ancient demon clan and some others. Of the race, it is unexpected that all of them have been sacrificed and refined into corpse puppets by this person. This person is afraid that these years, he has been secretly capturing the supreme-level masters, and she has collected so many powerful corpse puppets in countless epochs."

Chapter 4917 Nether Sacrifice Refining

There are more than a hundred corpse puppets, this is definitely not a small number.

Once it appears in the outside world, what a shocking effect can it cause.

After these more than one hundred supreme corpse puppets emerged, they instantly evolved into a monstrous array, which immediately surrounded Qin Chen.

A well-known supreme corpse puppet, each supreme corpse puppet exudes a heart-pounding cold and evil aura. These auras carry the power of cold darkness, like a **** of death, staring at their prey.

Where did the high priest get so many puppets?

When Qin Chen was puzzled, in the chaotic world, Heavenly Fire Supreme and Wanling Supreme looked angry, and said to Qin Chen: "Qin Chen, these corpses should be collected by the high priest from various races for hundreds of millions of years. Many of them are the fame supreme who was killed when the dark clan invaded. This high priest is very likely to have cooperated with the dark clan very early, damn, damn."

Heavenly Fire Supreme and Wan Ling Supreme were extremely angry.

What a righteous army, this high priest is simply a bastard.

This person was afraid that when Princess Lianxinluo led the Righteous Army to fight against the Dark Clan, he had already secretly collected the Supreme Corpse, and coupled with the accumulation of hundreds of millions of years, has gathered so many Supreme Corpse Puppets.

Otherwise, the corpses of more than 100 Supreme Corpse Puppets may not be collected in a few epochs.

The high priest's face was a little pale at this time. Without the calmness she had before, she glanced at Qin Chen coldly and said, "You will be the 116th Supreme Corpse Puppet I refined."

When the voice fell, the high priest waved his hand, and in an instant, the puppets swiftly moved.

The most frightening thing is that these supreme corpse puppets are not meaningless sweeps, but quickly formed a large array, surrounding Qin Chen layer by layer.

Every supreme corpse puppet became an eye of the big formation, and a powerful formation aura instantly suppressed it.

Qin Chen could see clearly at a glance, the other side was displaying some kind of corpse puppet formation.

He immediately snorted and raised the mysterious rust sword in his hand, and a sky-reaching sword intent surged from him, and the sword aura soared into the sky.

The high priest immediately sneered, "Huh, brat, I still want to resist. I don't know how to live or die. It seems that you still don't understand your situation. What's more, the old man will let you know the fate of being wild in front of the old man."

When the voice fell, the high priest waved his hand, and in an instant, these supreme corpse puppets all came to Qin Chen to kill.

How terrible is the attack formed by more than one hundred supreme corpse puppets?

Before they saw it, outsiders couldn't imagine that when these corpse puppets shot together, the entire void was shaken, and terrible streams of light came to Qin Chen in an instant.

When these attacks appeared in front of Qin Chen, Qin Chen coldly snorted in an instant, and the next moment, an invisible eye pupil suddenly opened at the center of his eyebrows.

The eye of creation.

When Qin Chen opened his eye for creation, everything in front of him was clearly presented in Qin Chen's mind. Between the heaven and the earth, a series of attacks used various trajectories to block Qin Chen's whole body.

However, no matter how intensive these attacks are, there is no possibility of attacks without flaws in this world. Under Qin Chen's creation, all the trajectories of these attacks were captured by Qin Chen.

Snorted.

I saw Qin Chen instantly turned into a sword light, swiftly swept toward these attacks, seeing that the two were about to collide, Qin Chen did not forcefully confront these attacks, or even use his own Dark King's blood to resist. But quickly shuttled among these attacks.

Shoo!

Qin Chen's body shape is like a stream of light, shuttled in the sky full of attacks, no matter how fast and dense these attacks are, they can't directly lock Qin Chen.

In the constant evasion, Qin Chen approached the high priest in an instant.

The high priest's face suddenly became extremely ugly. Qin Chen's evasion completely exceeded her expectations. It was the first time that she saw someone who could completely evade all attacks under the attack of more than one hundred Supreme Power Corpse Puppets. of.

If she hadn't seen it with her own eyes, she wouldn't believe everything in front of her at all.

But even though she was shocked in her heart, the look on the high priest's face remained unchanged. If her corpse puppet formation could be avoided so easily, it wouldn't be her killer.

When the high priest squeezed the fingerprints with both hands, all of these supreme corpse puppets had a terrifying power of darkness emerging in an instant.

boom!

The entire river of origin of the demon was boiling, and an aura of shocking destruction was madly dissipating between the heavens and the earth. The fluctuations here spread out, and even the countless righteous army powerhouses outside the river raised their heads in shock. Looked into the depths of the long river of origin of the devil.

Each of them was horrified, not knowing what happened in the long river of origin of the devil, and they actually delivered such a terrifying power.

"Could it be that the high priest and Qin Chen... go and take a look."

The Sword Demon Supreme and other Supreme Powerhouses changed their colors even more, looking at each other, one by one, they all rose into the sky, one after another, they flew toward the place where the wave of the origin of the demon came from, and flew quickly.

But at this moment, deep in the long river of origin of the devil, Qin Chen looked still amidst the large array of attacks made up of countless supreme corpse puppets.

cut!

With a movement of the sword energy in his hand, he fought strong swords against these attacks, and he saw the sword energy soaring into the sky. These supreme attacks were split by Qin Chen, and the smoke disappeared.

Nowadays, ordinary Supreme-level attacks could no longer cause Qin Chen the slightest harm.

Huh...

The sword light flickered in the void, and Qin Chen appeared in front of the high priest in an instant.

"boom!"

Qin Chen held the sword in both hands, slashed abruptly with a sword, and suddenly came to the high priest in front of a huge sword phantom with a vast expanse of tens of thousands of feet.

The high priest snorted coldly, and a sharp look flashed in his eyes, suddenly urging the corpse puppet formation. In front of her, a deep rune appeared, blocking the sword energy Qin Chen split for an instant. With a click, the rune made an ear-piercing roar and was blasted by Qin Chen with a sword.

But after this gap, the high priest retreated suddenly, already distanced from Qin Chen again.

"The corpse puppet demon formation, nether sacrifice refining."

The high priest yelled, the howls of ghosts and gods resounded, and then, the entire void boiled, and the murderous aura that reached the sky suddenly burst from the sky towards Qin Chen.

Under the urging of the high priest's formation, these supreme corpse puppets formed a whole body, and they killed Qin Chen forcefully.

If it were just a supreme corpse puppet, Qin Chen would naturally be fearless, but the power of the large formation formed by the combination of more than a hundred supreme corpse puppets immediately made Qin Chen's complexion look rather ugly.

[Chapter 4918: To gain time](#)

Qin Chen looked at the world of the spectacles.

In the mirror world, the two forces are getting more and more terrifying, and Sisi has been unable to hold on for long.

"Sisi must be rescued as soon as possible."

Sisi at the moment, trembling all over, blooming with colorful divine light, is still struggling to resist the power of the two worlds, and wants to rush out to help Qin Chen.

However, what is strange is that although Sisi wants to rush out of this world, she seems to be hesitating.

"Sisi, leave me alone."

In the mirror world, Shangguan Wan'er shed tears.

She knew that Sisi could escape from here after she resisted the power of darkness. However, after seeing that Qin Chen could stop the high priest, Sisi did not try to leave the mirror world desperately, obviously because she didn't want to let it go. She stayed alone in this mirror world.

"Master, I won't let you stay here alone, don't worry, I will definitely save you out."

Sisi gritted his teeth and said, his eyes resolute.

She knew that if she left the mirror world like this, Shangguan Wan'er would definitely die here, and there would definitely be no way to survive.

Back then, in the Profound Sky Continent, although Sisi had tasted the pain in the Illusory Demon Sect, Master Shangguan Wan'er treated her extremely well, at least, he loved her sincerely, even if she was driven into the Illusory Demon Grotto. Keep paying attention to her.

And when in the forbidden land, the master was even more to save her and Qin Chen, and even to die with the clone of the Lord of Abyss Demon, and finally fell into the passage of the demon world.

Even the master was willing to come to this lifeless demon realm to save her.

Over the years, Shangguan Wan'er has paid so much for her, how can she bear to watch Shangguan Wan'er die in front of her for herself.

"Sisi, don't waste your effort. Master has already transformed into the Tao and cannot live anymore. Master can live to this day, and I am already extremely happy in my heart."

Shangguan Wan'er looked at Qin Chen with a smile on her lips, "Sisi, Qin Chen is still waiting for you outside. The thing Master wants to see most now is that you and Qin Chen are both fine."

boom!

Shangguan Wan'er's breath immediately began to boil, and a special force bloomed from Shangguan Wan'er's body. This force, extremely special, was a little bit integrated into Sisi's body.

"Kid Qin Chen..."

In the chaotic world, the prehistoric ancestor dragon suddenly stood up, showing a look of shock.

"That is....."

Qin Chen also changed color. At this moment, he instantly felt an incomparably familiar power.

"It's Shangguan Wan'er, and Shangguan Wan'er is here..."

In Qin Chen's mind, he realized instantly.

"No wonder..."

Qin Chen whispered.

At the beginning of the information he got from the Yuanmo Clan, Shangguan Wan'er had indeed entered the location of the Righteous Dao Army, but he had never seen Shangguan Wan'er at the headquarters of the Righteous Dao Army before.

It turned out to be with Sisi.

"Kid Qin Chen, that fellow should be the woman who left the seed of life in her body when you were in Chaos Galaxy, right? This person is transforming the Tao."

Honghuang Zulong said anxiously suddenly.

Without having to speak from the ancestral dragon, Qin Chen also discovered this. Today, Shangguan Wan'er is constantly instilling the power of her body into Sisi's body, even the power of that special seed of life, Constantly entered Qin Chen's body.

If this is allowed to continue, Shangguan Wan'er will undoubtedly die.

"Kid Qin Chen, the transformation cannot be reversed, you have to hurry up, otherwise this little Nizi..."
Hong Huang Zulong didn't continue to say, because he knew that he didn't need to say it, and Qin Chen and he must know the next thing. .

Not only was Qin Chen anxious, but when the high priest saw this scene, his expression became annoyed.

"Damn it."

Once Sisi escapes the shackles of the mirror world, then she will completely lose the way to check and balance Sisi.

With Sisi getting out of trouble, he must take down the kid in front of him.

Thinking of this, the high priest didn't bother to talk nonsense with Qin Chen, waved abruptly, and with a bang, the terrifying puppet array attack instantly turned into a vast ocean, completely enveloping Qin Chen.

Seeing that these attacks were about to fall on Qin Chen, Qin Chen suddenly said in a solemn voice:
"Blood River Saint Ancestor, these corpse puppets will be handed over to you."

The voice fell.

With a bang, a blast of blood blasted out from Qin Chen's body. Along with the appearance of this blood qi, a loud roar instantly echoed between the heavens and the earth.

"My lord, leave it to me here."

Wow!

Amidst the roar, a monstrous sea of blood suddenly appeared. As soon as this sea of blood appeared, it filled the entire sky and turned into a vast blood-colored ocean with a vast expanse of hundreds of millions of kilometers. Above the sea of blood, rolling waves emerged. A towering scarlet figure with tens of thousands of miles appeared, shocking the world.

It is the ancestor of the blood river.

Seeing this vast ocean of blood surfaced, the high priest was suddenly shocked.

What the **** is this?

She never expected that Qin Chen still had such a top expert in his body.

At this time, the attack of the puppet formation spurred by the high priest had already blasted into the endless sea of blood.

Boom!

The sea of blood collided with the aura of the endless supreme spirit puppet, and an earth-shattering roar broke out in an instant. I saw the blood river saint ancestor under the impact of this endless supreme spirit puppet. Surging, it seems to explode at any time.

In terms of cultivation base, the Blood River Saint Ancestor who was the top chaos **** and demon back then is definitely not inferior to the high priest, that is the true peak-level supreme, in this era, it is enough to touch the peak supreme of the transcendence realm.

But now the strength of the blood river ancestor is still a little bit short of the peak period, coupled with the attacks of these many supreme spirit puppets, immediately caused the blood river ancestor's aura to constantly fluctuate, and the blood sea continued to explode.

However, the strongest of the blood river saint ancestor is the defense of the physical body, no matter how the sky-filled spirit puppet attack fell, the blood river saint ancestor remained motionless, proud of the emptiness of the universe.

The chaos **** and demon's anger died, and the unbridled escape, even the high priest felt a strong dignified meaning.

Seeing this scene, the high priest's pupils shrank: "Who are you?"

She was furious, and never thought that there were other people hiding in Qin Chen's body.

Moreover, the breath that the other party gave him was terrifying, with an ancient and desolate feeling permeating.

How the blood river saint ancestor, who made the high priest even more puzzled, pinned Qin Chen on his body.

"Small world? There must be a small world in this person?"

The high priest was horrified in his heart, staring at the ancestor of the blood river, and said solemnly: "The breath on your body, is it that you are also an ancient **** and demon?"

"Huh, who is the ancestor, do you deserve to know? You guy who colludes with foreigners, die for the ancestor."

The ancestor of the blood river shouted angrily, arrogantly, trying to stabilize his figure, facing the corpse puppet array that was struggling hard, he was not afraid, but headed up.

He wants to buy time for Qin Chen.

[Chapter 4919: Great guardian](#)

The Blood River Saint Ancestor faced the great array of supreme corpse puppets, and he was not afraid to face difficulties.

With a bang, the two forces collided crazily and immediately rolled up the stormy sea.

In ancient times, the blood river ancestor was most afraid of group attack. His blood sea body was vast and boundless. As long as the blood sea was immortal, he would not fall, and he was notoriously unkillable.

Now, although this supreme corpse puppet is extremely terrifying, as long as the opponent cannot destroy his billions of kilometers of blood sea, then he can rely on the power of blood sea to continuously recover.

In an instant, the blood river sacred ancestor and the corpse puppet formation above their heads fought together.

"Blood River Saint Ancestor? This old thing is not dead?"

In the distance, the ten-tailed phantom fox couldn't help showing a shock at this time, looking at the vast sea of blood between the sky and the earth in disbelief, and instantly recognized the origin of the blood river saint ancestor.

As the ancient Chaos God and Demon, how could she not know the Holy Ancestor of the Blood River.

She looked at Chen Sisi and exclaimed: "I can't imagine that your man actually has a small world in which the fellow Blood River Saint Ancestor can live. It's no wonder that at a young age, he can cultivate to this level, and Blood River Saint Ancestor is there. As long as you stay in his sea of blood, your man wants to die in a short time, I am afraid it will not be easy."

"Blood River Saint Ancestor?" Sisi whispered.

"Yes, this person is one of the most terrifying among the 3,000 chaotic gods and demons in ancient times. His body is an endless sea of blood. The sea of blood is immortal, and the soul is immortal. In ancient times, we guys are the most This person is the one who doesn't want to fight. Although this person's strength is constantly the most against the sky, his means of survival are extremely strong. If you want to kill this person, you must directly annihilate his endless sea of blood. The difficulty is extremely high, and no one can do it. ."

The ten-tailed magic fox looked a little excited.

After all, in this era, it is undoubtedly an extremely exciting thing to still need some people from that year.

boom!

The endless sea of blood soared into the sky, colliding with the Mantian Supreme Corpse Puppet Great Array, constantly resisting the power of the Great Array.

"Things that do not live or die, since you want to die, the old body will make you perfect."

The eyes of the high priest bloomed with cold light, and she screamed and boomed, the boundless supreme aura directly condensed, and the power of the formation that represented many supreme powers was once again suppressed.

"The power of sacrifice!"

This time, the high priest urged the Supreme Array to directly sacrifice the origins of many Supreme Corpse Puppets. In an instant, a series of terrifying runes lit up, and the Supreme Rune slammed into the blood with the power to suppress the heavens. Above the body of the ancestor of the river.

With a bang, the blood river sacred ancestor couldn't withstand this force, and the towering body that was billions of feet shattered and directly turned into a monstrous sea of blood.

"Huh, it's your turn next."

The high priest snorted and locked Qin Chen.

Just before she could take another shot, she saw a scene that shocked her. The falling sea of blood was once again condensed, and again, a towering figure of blood stood up.

"Don't worry, the ancestor is not dead yet? How can you win the ancestor with this mere attack?"

Saint Ancestor Blood River gave a cold cry.

Killed again at the high priest.

boom!

A sea of blood surging across the sky swept toward the high priest.

The high priest was furious, how could this be possible?

But at this moment, she couldn't care too much, and once again urged the supreme array, gathered into a terrible attack, and blasted out again.

boom!

This blow was so powerful that it once again penetrated the Blood River Saint Ancestor and smashed it directly.

But the next moment, the Blood River Saint Ancestor, who had turned into an endless wave of blood, condensed again, blocking in front of the high priest.

puff!

The high priest is almost vomiting blood, what is going on with this guy? I can't kill you no matter how you hit it?

wrong.

The high priest stared at the Holy Ancestor of the Blood River, this guy was not unkillable, and every time he reunited his body, he lost part of his strength.

"If you don't believe me, you can still resurrect indefinitely."

Boom boom boom!

The high priest was angry and shot again and again, and the Blood River Saint Ancestor was bombarded again and again, but each time he was able to quickly resurrect.

What made the high priest even more angered was that with her attack, the blood river ancestor lost part of the energy each time it fell, but the amount of loss was extremely small. According to this consumption rate, she wanted to completely destroy the blood river ancestor Annihilation, still do not know how many years it will take.

"Damn, what kind of monster is this?"

The high priest was furious.

But at this moment, Qin Chen directly rushed out of the corpse puppet formation and swept straight across the mirror world.

"Where to go."

The high priest yelled, urging the corpse puppet supreme array to be enveloped. She absolutely couldn't let Qin Chen and Sisi converge, but before her array enveloped Qin Chen, she was already directly enveloped by a vast ocean of blood.

"Haha, old stuff, your opponent is me."

The ancestor of the blood river laughed and turned into an endless ocean of blood, surrounding the high priest.

"Damn, do you think you are determined to win?"

The high priest roared and squeezed his hand tactics abruptly. The next moment, with a bang, a terrible breath descended from the void, and a figure exuding an astonishing supreme breath instantly appeared in the world.

As soon as this figure appeared, her figure shook. The next moment, this figure suddenly appeared in front of Qin Chen, and slapped Qin Chen with a vicious palm.

A shocking breath directly locked Qin Chen, at this moment, a strong sense of crisis emerged in Qin Chen's heart.

"not good."

Qin Chen was shocked and directly urged the mysterious Rust Sword to slash forward.

There was a boom.

Qin Chen's figure retreated violently, and a series of terrifying forces continuously impacted into his body, causing Qin Chen's physical body to make a creaking sound, and after flying backwards for tens of thousands of meters, did it violently Stop your figure.

Behind Qin Chen, the void of tens of thousands of feet was directly annihilated.

In the void not far ahead, there appeared an old man in a black robe, with a terrifying aura, exuding a palpitation, and a pair of evil eyes, staring at Qin Chen coldly.

Pinnacle Supreme?

Qin Chen's eyes condensed, and the black robe elder in front of him was also a pinnacle-level supreme.

"The Great Guardian?"

Suddenly, there were exclamations in the distance.

I saw Sword Demon Supreme and the others, already appearing in this void, looking at this place with shocked faces one by one, revealing a look of astonishment.

"You are here just right, stop that kid for the old man."

The high priest sternly shouted at the Sword Demon Supreme and the others.

"Everyone, don't be fooled by the high priest, the high priest has colluded with the dark clan and betrayed the righteous army." Qin Chen glanced at the crowd and said coldly.

"What exactly is going on?"

Sword Demon Supreme and the others looked shocked and dull, and the scene before them had completely shocked them.

[Chapter 4920: Expose yourself](#)

At this moment, everything in front of him made Dao Demon Supreme and the others bewildered.

The vast sea of blood, the high priest who exudes a cold and dark aura, the great protector who is completely cold, and Qin Chen who is surging with a terrifying aura.

and also...

Sword Demon Supreme looked up and saw a terrifying mirror world at the end of the endless void. In that mirror world, a colorful figure was firmly bound, and it was Chen Sisi who was called the saint of the righteous army.

Back then, Chen Sisi was brought to this lifeless demon by Princess Lianxinluo. The magnificent scene was clearly seen by everyone present, but now...

What is going on with all this?

Yan Ming Zhizun and the others had ugly faces, and they trembled: "Master Sword Demon Supreme, what happened on earth? Is this kid really the spy of the ancestor of the Abyss Demon, who is here to target His Royal Highness?"

"But, why is His Royal Highness imprisoned here again?"

"And the dark breath on the high priest, and the countless supreme... why are they here?"

A group of people were shocked and looked at the hundreds of supreme beings floating in the sky, with their expressions terrifying one by one.

Among these supreme beings, many of them were the supreme of the Righteous Dao Army, their partners, and even the predecessors of the Righteous Dao Army. They were all fallen back then, but now they are resurrected here, but all of them are exuding. Out of the cold and dark atmosphere, he seemed to have become a slave to the dark race.

"Corpse puppets, these people have become corpse puppets."

Sword Demon Supreme looked frightened. He was also an ancient top powerhouse. He knew a lot. Naturally, he could see that there are many Supremes in the void. Although they exude a vast aura, they don't have the slightest breath of soul and life. , Not one life at all.

And like, one puppet.

"Everyone is careful, don't act rashly." Sword Demon Supreme said in a deep voice, leading everyone to guard aside quickly, his face was ugly and his thoughts were surging.

Before clarifying the truth, he must not act rashly. Whether it is the high priest, the great protector, or the supreme powerhouse, they can't resist.

For the current plan, we have to wait and wait to find out the truth.

"This bunch of rubbish."

The high priest looked at the Sword Demon Supreme and the others who hadn't taken any action in the distance, and couldn't help but his face was ugly, and he gave a cold snort.

However, she didn't take the Sword Demon Supreme and the others too seriously, and with the strength of the Sword Demon Supreme and others, she couldn't have much influence on the battle situation.

"The Great Guardian, kill him."

The high priest urged an invisible force to pour into the body of the great protector.

Hum!

The big guardian's eyes suddenly lit up, and a stern light flashed, his figure shook, and the next moment, he suddenly appeared in front of Qin Chen, and slammed his punch against Qin Chen.

This fist blasted out, the world collapsed, and the endless void was boiling, burning, and the billowing fist was like a vast ocean, completely enveloping Qin Chen.

"Damn it!"

Qin Chen was angry with a solemn expression. This great protector was extremely terrifying in strength, and he was a true pinnacle supreme master, so Qin Chen had to approach his full confrontation.

Qin Chen held the mysterious rust sword and slashed out with a powerful sword. With a bang, the sword light violently cut, the six reincarnation sword auras cut through the void with endless sword intent, and violently collided with the fist of the big guardian.

With a bang, a creaking groan sounded, two terrible forces collided, and the next moment, with a bang, the sword energy Qin Chen split suddenly shattered, and Qin Chen's figure was blasted back again by a thousand feet, and the big guardian Qin Chen directly exploded the fist power that blasted out.

The Great Guardian did not accomplish his work with a single blow, and he killed it again.

The pinnacle supreme powerhouse, with one punch at will, can block the world and imprison everything.

"Kid Qin Chen, although this guy is not a corpse puppet, he seems to be controlled by the old witch."

Honghuang Zulong said solemnly.

At this time Qin Chen also noticed that although the Great Protector's attack was strong, there was some stagnation between his actions. It did not seem to be an attack from himself, as if the person's body and mind had been completely controlled. Manipulated in secret.

This lunatic, how many people this high priest controls, actually, together with the great protector who is the Supreme Supreme, has also been controlled by him.

"Kid Qin Chen, leave this guy to me to deal with, you go and save Sisi."

At this time, Honghuang Zulong said.

At this time, Qin Chen retreated steadily under the attack of the great guardian.

"good!"

He did not hesitate. At this time, there was no need to hide too much. Sisi must be rescued as soon as possible, and Shangguan Wan'er...

"By the way, kid Qin Chen, when you go to save Sisi later, cough cough, Lao Long, I have one more thing to ask you."

Just when Qin Chen was about to release the wild ancestral dragon, the wild ancestral dragon hurriedly said again.

Qin Chen was taken aback, "What's the matter?"

"Ahem, that..." Honghuang Ancestral Dragon looked a little hard to speak, and said: "By the way, you will also rescue the Ten-tailed Magic Fox..."

Qin Chen: "..."

Honghuang Ancestral Dragon's expression instantly changed color and solemnly said, "I'm not trying to do anything to others, but now that the universe is in crisis, the dark race has never been seen before, and the ancestors of the abyssal demons are aggressive. These ten-tailed fantasy foxes are ancient. The Chaos God and Demon are with your woman again. If we can pull her into our camp, the strength of our camp will definitely be greatly improved. This is not only for us, but also for the billions of people in the entire universe. huge help."

Qin Chen was speechless: "You don't have to explain so much. The ten-tailed phantom fox has obviously been helping Sisi all the time. If you don't say, I will save her."

When the voice fell, Qin Chen's right hand horizontal sword, a terrifying sword aura suddenly merged from his body into the mysterious rust sword.

Qin Chen shouted, slashed out with a bang, and with a bang, a sky-reaching sword aura burst out of Qin Chen's mysterious rust sword. This sword aura rushed into the sky and turned into a sword light that pierced the sky. , Like a meteor, slashed fiercely on the fist power blasted by the great guardian.

boom!

The two terrifying forces directly collided. In this blow, Qin Chen burned his origin, and the sword energy of Qin Chen's origin power immediately exploded into a terrifying force far surpassing the previous one.

Amidst the successive roars, Qin Chen's sword aura exploded and slammed into the right fist of the great guardian like a bamboo.

With a click, the big guardian's right fist collapsed directly to open a gap, blood spattered, and the whole person was cut and flew out of a distance of tens of thousands of meters. With a bang, his body stopped, and the void of all around him collapsed directly. Can't bear this force.
