

Valkyrie 4921

[Chapter 4921: Just in case](#)

Cracks also appeared in the body of the Great Protector.

"This kid..."

The high priest looked ugly, his hands pinched, and a terrifying force descended into the body of the great protector. At the same time, a terrifying peak and supreme power swept through the body of the great protector again.

It can be seen to the naked eye that the wound on the body of the great guardian is healing quickly, and in the blink of an eye, it returns to normal.

Qin Chen's eyes condensed, the peak supreme-level powerhouse is still too powerful, and it is definitely not an easy task to kill a true peak-level powerhouse with his current strength.

However, it was enough to force the Great Guardian back, his purpose was not to kill the opponent.

A sword split the great guardian, and Qin Chen's figure instantly turned into a streamer, bursting at Chen Sisi.

"Stop him."

The high priest shouted sharply.

She didn't need to speak, the spiritual sense of the great guardian had already locked Qin Chen, and her figure suddenly disappeared into the void.

laugh!

I saw an invisible ripple rippling out of the void, and the ripple burst at Qin Chen. This ripple seemed to merge with the world, and the speed was far beyond the naked eye.

In an instant, this ripple appeared in front of Qin Chen, transforming into the appearance of a great guardian, and blasted Qin Chen again.

boom!

The void in front of Qin Chen boiled, and the **** might swept in a terrifying void storm.

"Honghuang Zulong, stop him."

Qin Chen's eyes condensed, and he was too lazy to fight against the Great Protector. The previous sword had already given him a chance to breathe, and his thoughts moved.

Roar!

A terrifying roar resounded throughout the world.

An extremely majestic dragon with twin pupils like stars suddenly emerged from Qin Chen's body, and instantly appeared between the heavens and the earth, exuding an earth-shattering prehistoric aura.

boom!

The void directly boiled over tens of thousands of miles.

It is the prehistoric ancestor dragon.

"Hahaha, my ancestor has finally come out, ooh, the air is really fresh, it really suffocates my ancestor, Qin Chen kid, this guy is left to my ancestor, you hurry up to find your friend, don't waste time ."

The great ancestor dragon laughed loudly, extremely excited.

Since entering the Demon Realm, he has been stuck in the Chaos World, and he is almost suffocating shit.

His eyes burst out with a shocking light, the chaotic aura on his body instantly boiled, and the dragon claws protruded, and the terrible chaotic aura surging from the roots of his fingers, the huge palm is like a star, and the palm of the big guard is firmly grasped and photographed. .

With a bang, the dragon's claws collided with the palm of the Great Protector, and the powerful force swelled like a wave centered on the two. Then, the Great Protector and the Primordial Ancestral Dragon retreated for a long time.

However, the dragon claws of the prehistoric ancestor dragon were unscathed, and blood stains appeared on the fist face of the great guardian.

"Well, you guy, a little capable, can actually block the claw of the ancestor, barely okay."

Honghuang Zulong akimbo his hips, licking his tongue and said, looking high up and pointing the country.

In terms of cultivation base, he just recovered, he is almost the same as the Great Guardian. He is still a little short of the peak of the previous life, but in terms of defense, as the Ancestral Dragon, he is more than several times stronger than the Great Guardian?

Below the same level, he is not afraid of anyone at all.

"Who is this? Is it the ancestor of the true dragon clan?"

Not far away, Mo Wu, Luo Yin, Yan Ming Zhizun, and others looked at the great ancestor dragon, all of them stunned.

Here comes another pinnacle supreme?

My God, have all the Supreme Supremes in this universe become Chinese cabbage?

"No, it's not the ancestor of the true dragon."

Sword Demon Supreme said solemnly, "The ancestor of the true dragon tribe is a female dragon, but this guy..."

Although the sword demon supreme never entered the real dragon world, and never saw the ancestor of the true dragon clan, as the late supreme, he was also regarded as the top senior in the demon clan at that time, naturally knowing that the ancestor of the true dragon clan was a mother. Dragon, and the giant dragon in front of me is obviously a male dragon.

On this point alone, the two do not match.

However, if the other party is not the ancestor of the true dragon, who is it?

In addition to the true dragon ancestor in this world, what other true dragon clan has such terrible strength?

"It's another Chaos God and Demon... Damn it, has this kid plunged into the Chaos God and Demon pile?"

The high priest became angry from embarrassment, and his pupils suddenly shrank.

With her strength, how can she not perceive the strength of the ancestral dragon?

Not only was she surprised, the ten-tailed magic fox was also stunned in the mirror world.

"It's him..." Ten-tailed Magic Fox whispered, recalling something, his face was a bit ugly for a moment.

"Senior Ten-tailed Magic Fox, who is this guy?" Chen Sisi was puzzled.

"Hmph, the great ancestor dragon, a shameless guy among the three thousand top gods and demons in ancient times, but his strength is extremely terrifying. He is the first born spirit formed at the beginning of the universe, and it is the topmost among the chaotic gods and demons. The existence of, I can't think that neither he nor the blood river ancestor died, and both took refuge in your man..."

The eyes of the ten-tailed magic fox looking at Qin Chen were a little shocked.

It was enough for one chaotic **** and demon to follow, but Qin Chen could allow two chaotic gods and demon to follow, even she was a little shocked.

Whether it is the Primordial Ancestor Dragon or the Blood River Saint Ancestor, they were extremely arrogant existences in the ancient and desolate era, and each one was extremely extraordinary. Such a strong person would not easily follow someone.

but now...

"Quack, old witch, you betrayed this universe and dared to imprison her. It seems that you are tired of work. After your ancestors have killed this old man controlled by you, you will come back to **** you."

The Honghuang Zulong cursed at the high priest's disdainful horse. On the lofty dragon body, an aura of chaos broke out in an instant, and it was a strong suppression to the great guardian.

boom!

His huge body surged in the void and suppressed it. In an instant, the entire void boiled, and the void of hundreds of thousands of miles around it seemed to be boiled into boiling water, violently boiling.

The Great Guardian's gaze was ferocious, and he rose up into the sky, his robe rolled, and a terrifying dark power and inanimate magic power boiled over from his body, colliding fiercely with the prehistoric ancestor dragon.

Boom boom boom!

When the two sides fought, the sky was dimmed and the sky fell apart in an instant.

But Qin Chen seized the opportunity and already swept towards Sisi again.

When the great guardian saw this, he even wanted to stop Qin Chen, but the great ancestor dragon instantly stopped him in front of him, grinning, and his huge palm directly stopped him.

boom!

The two sides were in a stalemate, so that the Great Protector had no chance to stop Qin Chen.

Huh, huh, huh.

I saw Qin Chen's figure continuously flickering in the void, quickly approaching the mirror world.

"Damn it."

The high priest's eyes sank, and a hideous trace flashed from the bottom of his heart.

Never let Sisi be saved by that kid.

Although the mirror world is extremely terrifying, even she herself dare not enter it easily. Even if Qin Chen approaches the mirror world, she may not be able to save Sisi, but she is not afraid of ten thousand, just in case, the high priest will never allow it to appear. Any accidents.

[Chapter 4922: Shadow Supreme](#)

The high priest's eyes were gloomy, and he glanced around the battlefield.

At this time, the void has been divided into several battlefields.

Among them, the high priest, the corpse puppet formation and the blood river sacred ancestor are fighting, the great guardian and the prehistoric ancestor dragon are fighting together, while Qin Chen is going to rescue Sisi, the sword demon supreme and others are watching from a distance and dare not join. battlefield.

With their strength, once they enter the battlefield, one who is not careful will be wiped out.

The high priest looked at Qin Chen in the distance, and if Qin Chen broke into the mirror world and rescued Sisi, all of her layout would fall short.

"Even if it is exposed, there is no way."

With a fierce heart, the high priest waved his hand suddenly.

boom!

Her eyes showed a gloomy color, and an altar suddenly appeared in her hands. The altar was pitch black and surrounded by terrifying dark auras. As these dark auras permeated, the altar quickly grew larger.

"That is....."

At that moment, everyone was horrified to see that on the altar, among the endless dark aura, there was a figure, this person was firmly bound by chains, and the body was corroded by endless dark aura.

This is an old man with disheveled heads, bloodstained all over, miserable, like a corpse, but inside, there is endless surging power.

"Great Elder!"

Seeing this old man, the Sword Demon Supreme and others not far away uttered in shock and anger one after another.

This old man is no one else, but the great elder who is one of the three leaders of the Righteous Army.

Once the top powerhouse in the demons-Shadow Supreme. However, the great elder at this time was extremely miserable. He knelt on his knees, and was bound by chains of darkness. Countless dark auras poured into his body, corroding his body and his eyes. A void,

It seems to be completely devoid of consciousness.

But, how could the great elder be on this altar?

Moreover, the current appearance of the Great Elder is clearly enduring endless torture.

"The high priest..."

Everyone suddenly looked at the high priest.

Sword Demon Supreme sternly said: "High Priest, what is going on? Why is the great elder like this? Aren't he and the great protector in retreat? How..." These years, the great protector and the great elder have never been. After showing up, the high priest kept saying that the great protector and the great elder were in retreat. Only occasionally did they pass on a decree from the long river of origin of the devil, so the righteous army members

Never doubted it.

But at this time, seeing the appearance of the great protector and the great elder, combined with what they said before, if everyone still didn't understand what happened, then they were too idiots.

"how come....."

"why?"

Mo Wu, Luo Yin, Xuan Zhong, Yan Ming Zhi Zun and others, including Xuan Kong Zhi Zun, looked at the high priest in disbelief at this time, and did not understand why the high priest did such a thing.

Betrayed Princess Lianxinluo, betrayed Lord Demon God, betrayed the Demon Realm, why on earth?

"Humph."

The high priest coldly glanced at the Sword Demon Supreme and the others, too lazy to talk nonsense.

Although everything has been exposed today, the high priest can no longer control. At this time, she is full of curiosity about Qin Chen. What is the origin of Qin Chen? She knew very well that the Wusheng Demon Territory had been sealed off by the ancestors of the deep demon, the old fellow of the ancestors of the deep demon, that even her was quite palpitating, even if she was in control of the entire righteous army to stop her, she did not dare saying that he must be an Abyssal Demon

An ancestor's opponent. That's why she hides here, always trying to get Princess Lianxinluo's inheritance.

Before Qin Chen appeared here, she had always regarded Qin Chen as someone who was the ancestor of the Abyss Demon, because no one in this world could break through the great formation laid down by the ancestor of the Abyss Demon.

Before Qin Chen displayed the power of darkness, it further confirmed her guess.

But when the two chaotic gods and demons appeared next to Qin Chen, the high priest immediately felt something wrong.

In this world, everyone will betray this universe, only the Chaos Gods and Demons will not.

The chaos gods and demons are all born at the beginning of the universe. The universe can be said to be their mother and the basis for their survival.

They are the guardians of the original rules of the universe, the executors who uphold the will of the universe, and will not betray this universe at all.

In this way, Qin Chen is very likely not the ancestor of the Yuanmo.

But if the opponent is not from the ancestor of the Abyssal Demon, how did he enter this inanimate demon realm? Regardless of the reason, if she can get the secret of the other party, then she can quietly leave the inanimate demon realm and avoid the perception of the ancestor of the abyss demon. With her current strength, as long as the ancestor of the abyss demon does not perceive it, she can secretly control the whole Makaiya

Not impossible.

"Go, capture this person."

The thoughts in the high priest's heart flickered, he screamed, waved his hand, and immediately commanded the high elder on the altar.

Shattered, I saw the countless chains on the altar that had imprisoned the elder instantly loosened, and then the high priest squeezed his hand, and a terrifying dark rune instantly submerged into the body of the elder.

With a bang, the great elder stood up suddenly in full view, the endless demonic energy in his body soared to the sky, his eyes were hollow, as if he had no soul.

His gaze instantly locked Qin Chen, his figure shook, and he suddenly disappeared between the heavens and the earth.

"not good."

At this time, Qin Chen was quickly approaching the mirror world, but suddenly, his heart suddenly surged with a strong sense of crisis.

"Time rules."

Hum!

At the moment of crisis, Qin Chen urged the origin of time in an instant, and the air between heaven and earth stagnated for an instant.

puff!

A terrifying demon energy, like a sharp spear, instantly appeared beside Qin Chen.

Fast, too fast.

Qin Chen's pupils shrank, and the mysterious rust sword suddenly slashed on the spear tip of the spear. With a boom, Qin Chen's figure suddenly retreated under this force, and he kept falling back for tens of thousands of feet before stabilizing it. Stature.

"A quick attack!"

Qin Chen's face was solemn.

If it hadn't been for him to urge the origin of time for the first time, and imprison the passage of time between heaven and earth, this magic spear could definitely lock Qin Chen with extreme precision and blast on him.

This magic spear was an attack from a pinnacle supreme, and Qin Chen didn't want to resist such a blow from the opponent.

"My lord, be careful, the great elder is named Shadow Supreme, and his strongest is the rules of shadows, which are pervasive and invincible."

In the distance, Xuan Kong Supreme shouted anxiously.

He came from ancient times, and he was naturally familiar with the methods of the Great Elder.

On the side, Sword Demon Supreme and the others glanced at the Xuankong Supreme who had reminded Qin Chen, but they didn't say much. Obviously, they also understood that the great elder and the great guardian were obviously controlled by the high priest, and the high priest who controlled the two had definitely betrayed the righteous army.

[Chapter 4923: New generation](#)

"Huh? The strength of this kid is really extraordinary, he can actually avoid the shadow blow of the shadow supreme."

The high priest condensed his gaze, glanced at the Xuan Kong Supreme who had reminded Qin Chen, and couldn't help but sneered.

Then, the high priest turned his head and looked at Qin Chen: "Boy, I want to see if there is any strong man who will do it for you. I want to save Sisi in front of the old man. It's whimsical!"

The high priest's face was cold. In his opinion, after the appearance of the Blood River Saint Ancestor and Honghuang Ancestral Dragon, it was impossible for Qin Chen to have any other powerful person.

For hundreds of millions of years, her righteous army has given birth to her, the Great Protector and the High Priest, and the three powerhouses, and Qin Chen such a human race kid, how can there be too many powerhouses.

The great ancestor dragon is definitely the last one.

"Go, kill this person."

The high priest controlled the small altar in the void and said coldly to the elder.

Hum.

I saw the dark magic light on the altar, and the dark light suddenly lit up in the hollow eyes of the great elder.

boom!

The next moment, the great elder once again killed Qin Chen.

puff!

In the void, countless dark spears suddenly appeared, and the dark spears all over the sky turned into a dense ocean, covering the countless voids around Qin Chen, completely enveloping Qin Chen.

"Huh, isn't it?"

Qin Chen condensed his eyes and waved his hand: "Wuji Supreme, this person will be handed over to you."

As Qin Chen's voice fell, booming, in the void, an old man with gray beard appeared instantly.

As soon as this person appeared, a breath of fate overwhelming the sky instantly filled the world, and with a bang, a vast river of fate emerged.

In the long river, you can vaguely see that the fate of countless creatures is fluctuating, controlling the fate of countless people in the world.

"Kid Qin Chen, what enemies are you trying to provoke?"

This person is no one else, it is Wuji Supreme. As soon as he appeared, he found himself among the dense shadow spears, his face changed drastically, and with a wave of his hand, the vast river of fate surged, instantly enveloping the world.

Puff puff!

Countless shadow spears blasted into the long river of fate, instantly rolling up the stormy waves, and the Wuji Supreme also hurriedly changed color, his body retreated in an instant, his face paled slightly.

"Shadow Supreme? The ancestor of the ancient Shadow Demon Race? This person is still alive?"

Wuji Supreme glanced at the Great Elder and said with a slight surprise.

"who are you?"

The high priest looked at Wuji Supreme in anger, almost stunned for a moment.

again?

How many strong people are there around this kid?

The high priest sensed the peak power of Wuji Supreme, his expression was frightened, and his heart was going crazy.

Moreover, the vast power of destiny on Wuji Supreme also changed her color.

"The long river of destiny... Are you... a member of the Human Race Tianji Sect?"

The pupils of the high priest shrank suddenly.

In ancient times, the human race was respected, and the top strengths of the human race were extremely terrible. There were craftsmen, the sky-reaching sword pavilion, and the heavenly machine sect. These major forces formed the terrible force of the human race and had a prestigious reputation in the universe.

And the greatest sign of a strong man in the heavenly sect can control his destiny.

The person in front of him can actually control the long river of fate, and that must be the person of the Heavenly Ji Sect. "Hey, I don't think that the old man has fallen for so many years. There are still people who remember the old man? Yes, the old man Wuji Sovereign, the elder of the Tianji Sect is also, well, the aura on your body is also from the same age of the old man. Let the old man take a look.

."

Wuji Supreme squeezed his hand, and a series of destiny runes quickly surrounded his body.

boom!

In the next moment, the entire river of destiny was stirred up, and in that river, countless figures emerged, and the light and shadow flickered, as if they were traced back to the past and present.

Vaguely, an invisible force of destiny rises from the high priest's body, trying to merge with the force of the long river of destiny.

"Hmph, want to calculate the fate of the old man, you are not qualified yet."

The high priest's face was ugly, and he waved his sleeves suddenly, and with a bang, a terrible aura surged in her body, directly defeating the power of fate on her body and shielding Wuji Supreme's calculations.

However, Wuji Supreme had already figured out some clues, showing a look of surprise.

"This kind of magic power comes from the Demon Clan's top-level Asura Demon Clan, Um, you are the Asura saint under the command of Princess Lianxinluo of the Demon Clan?" The Promise Supreme showed an unexpected look: "Unexpectedly, countless epochs have passed. You have actually grown to this level, and you are almost touching the realm of transcendence. Unfortunately, with your talent and cultivation base, why do you collude with the dark race and make a helping hand?"

Abuse things. "

Promise Supreme sighed slightly.

"Helping you for abuse?" The high priest snorted coldly, and said coldly: "What do you know..." The universe has reached the end of life. After this epoch, everything between the heaven and the earth will be destroyed. I will wait if

If you can't be detached, then all the creatures in this universe will die. "And I, I inherited the strongest power of the Shura Demon Race. If I can get the inheritance of Lianxinluo, I will definitely be able to achieve transcendence, transcend this universe, and become the savior of all beings in this universe, but what about Lianxinluo? This seat is the Shura Demon

The saint of the clan, willing to serve her, but she passed the inheritance to this bitch. "

"Why?"

The high priest looked savage and frantic: "Everything here should be mine, and no one can take it away."

The endless demonic energy surged in the high priest's body.

Promise Supreme shook his head slightly: "This is why you colluded with the dark race and betrayed this universe?" His eyes were full of pity: "Indeed, this universe has reached the end of the era, and there is not much time left. , However, the end of the road is not necessarily the end, and Liu An will definitely be bright. Back then, my Sect Master, Tianji Sect, just saw Mingming

That's why I'm waiting to die with the Dark Clan. What our generation cannot accomplish does not mean that the new generation will never be able to accomplish it. Someone will be born to save this universe.
"

"Hahaha, save the universe? The new generation depends on them?"

The high priest looked at everyone present with disdain: "Tell me, who will save? It's him, or this **** who doesn't know anything."

The high priest pointed at Qin Chen, then at Chen Sisi, with a sneer on his face: "If you want to live, you can only rely on yourself."

"Forget it, the old man is too lazy to talk nonsense with you and kill him." When the voice fell, the high priest gave a cold shout, urging the altar, and with a bang, the billowing shadow murderous aura on the big elder rose, facing Qin Chenhe Promise Supreme is a powerful kill.

Chapter 4924 Dark World

"Oh, crazy."

Wuji Supreme sighed slightly, staring at the murdered Shadow Supreme, then looked at Qin Chen, "Little Qin Chen, this fellow, I will deal with it. It's just that you save your favor."

When the words fell, Wuji Supreme's body shook, and with a thud, he spurred the river of fate, engulfing the vast river, and instantly slaying with the Shadow Supreme.

Puff puff!

The earth-shattering roar continued to reverberate through the world, and terrible ripples filled the explosion. Along the way, pieces of void were shattered and annihilated.

"Confinement!"

Shadow Supreme casts countless shadow spears, these spears block the void of heaven and earth and envelop Wuji Supreme.

Wuji Supreme smiled slightly, the power of fate surging on the surface of his body, and in an instant, countless futures in the long river of fate appeared before his eyes, and his figure wandered continuously in this long river. After these shadow spears hit him, As if entering an invisible realm, the speed has slowed down, and the Wuji Supreme has dodged one after another.

With the strength of the Promise Supreme, although it has not been restored to the peak now, it is not difficult to deal with the already controlled Shadow Supreme with the special power of destiny.

"What are you doing with him? Don't you want to kill that Qin Chen soon."

Upon seeing this, the high priest looked angry and frustrated.

Shadow Supreme shook his body, approaching Qin Chen, booming, countless dark spears struck, blocking Qin Chen's path forward.

Qin Chen directly urged the power of the origin of time in his body. In an instant, the flow of time around Qin Chen entered an extremely strange state. Although these dark spears were densely packed and sealed off all voids, they became in Qin Chen's eyes. Very slow.

Swish.

Qin Chen flew in the void, avoiding these dark spears one by one.

"Shadow Supreme, your opponent is me. I often hear that the shadow rules of Shadow Supreme are extremely terrifying. It has reached the point of superb skills, and the old man can finally see it today."

Without waiting for the Shadow Supreme to continue to attack Qin Chen, the Wuji Supreme had already swooped in, laughed, and directly urged the river of fate to block the countless spears displayed by the Shadow Supreme.

There was a boom, and the sky-shaking roar continued to resound.

With the block of Wuji Supreme, Qin Chen was already very close to the mirror world.

"Sisi."

Qin Chen's eyes showed excitement.

"Damn it."

In the distance, the high priest's face was ugly, and there was a trace of hideousness in his pupils, violently urging the altar.

Hum!

On the altar, the dark runes flickered, and the light was shining in an instant. These dark rune cultures became a vast river of darkness and quickly merged into the body of the great elder.

boom!

The great elder let out a stern roar, and an earth-shattering source of power madly escaped from his body.

"The dark world is shrouded."

The great elder roared, vaguely, Qin Chen seemed to see tears rolling down the corner of the great elder's eyes, and a trace of pain flashed in the depths of the pupils, and the next moment, a terrifying shadow power instantly spread.

This shadow power was extremely terrifying, and it enveloped everyone present in an instant.

In an instant, Qin Chen only felt that the void in front of his eyes suddenly changed, and his whole person was instantly in an endless icy dark world, with bursts of whining ghosts and howling sounds, and the power of shadows in the sky enveloped him like a tide. .

"Dark World."

Not far away, Wuji Supreme showed a dignified color.

He looked at Qin Chen and hurriedly said in a deep voice: "Kid Qin Chen, be careful, the shadow supreme is in control of the rules of the shadow In this situation, the other powerful cannot communicate the rules of the origin of the universe, and can only urge the origin of the body to fight against it. In this case, it is tantamount to binding one's hands, unable to resist, and almost at the mercy of it."

Qin Chen also stared at the surrounding sky and earth. Sure enough, Qin Chen felt that his perception of the outer universe had become extremely weak, and he couldn't sense the origin of the outer universe at all.

"Hmph, Promise Supreme, you still have some knowledge, under the dark realm of Shadow Supreme, you can see how arrogant you can be."

The high priest's figure emerged in this void, and said grimly, his expression was extremely calm.

The dark world is extremely terrifying, even if she is trapped in a world like this, she can't leave easily.

Back then, she and the Great Guardian had been following Princess Lianxinluo. With Princess Lianxinluo's protection, the two of them could escape the chase of the ancestors of the Abyssal Demon, but the Great Elder was different. He really relied on his own strength to get from the Abyssal Demon. The ancestor escaped precisely because of the horror of his dark world.

With the cultivation base of the boy in front of him, wanting to leave here is nothing more than a dream.

The power of countless shadows quickly enveloped Qin Chen like a tide, trying to completely suppress him here.

Qin Chen felt the surroundings for a while, and couldn't help but snorted, "Dark Realm, is it very strong?"

Qin Chen violently urged the Demon Soul Source Device in his body. In an instant, an extremely pure Demon Origin Power instantly merged into Qin Chen's palm, and then into the mysterious rust sword in Qin Chen's hand. .

Qin Chen held the sword in both hands and slashed at the front.

"cut!"

boom!

A vast sword light emerged from the sky and the earth, the sword light violently slashed, instantly turned into billions of meters, and slashed fiercely in the surrounding shadow void.

"Hahaha, trying to break through the dark world with brute force is really ridiculous. In this dark world, even the elderly...what?"

The high priest laughed wildly, but his pupils suddenly widened.

I saw Qin Chen's mysterious rust sword slashing on the dark world barrier, with a boom, the entire dark world barrier instantly made a violent click, and then, with a boom, countless cracks spread across the dark world. The dark world, which was enough to trap the pinnacle supreme powerhouse, shattered and burst into pieces in a short moment.

The power of the sky full of shadows dissipated, and Qin Chen once again returned to the long river of origin of the demon.

The high priest widened his eyes and roared hysterically: "You...how did you break the dark world?"

She was shaking and she couldn't believe her eyes at all.

"Is it the treasure in your hand?"

The high priest stared at the mysterious rust sword in Qin Chen's hand. Could it be this mysterious treasure?

However, what kind of treasure can easily break through the barrier of the dark world.

Qin Chen sneered. He broke through the dark world before. Although there was a mysterious Rust Sword, the biggest contribution was actually the Demon Soul Source Tool.

Shadow Supreme is the supreme of the Demon Race, the ancestor of the Shadow Demon Race, no matter how strong his dark world is, it is also the power of the Demon Race, and the Demon Soul Source Device is the supreme Demon Race, the most original power of the Demon Race.

As long as it is the power of the Demon Race, it is impossible to suppress Qin Chen.

Ignoring the high priest, Qin Chen's figure shook and swept directly towards the mirror world.

[Chapter 4925: Shura Tiangang](#)

"Damn it, I don't believe it, Shura Tiangang, sleepy!"

boom!

The high priest roared, and between the heaven and the earth, there was a sky full of dark qi, and each qi was extremely huge, with a suffocating aura, and suffocated Qin Chen fiercely.

In an instant, Qin Chen felt a strong sense of oppression, which made the operation of his origin become difficult.

"Humph!"

Qin Chen glanced at the high priest's attack, his face sank, he must not be trapped here by the high priest.

"Chaotic Qinglian Fire."

A terrible flame appeared, suspending the sky and the earth, this flame was vast, and when it appeared, it turned into a sky full of oceans, which instantly enveloped the sky and the earth.

The billowing flames turned into a vast sea of fire, covering the world.

Boom boom boom!

Chaos Qinglianhua and the high priest's Shura Tiangang frantically confronted each other and annihilated each other.

"What kind of flame is this?"

The high priest was shocked. The flame Qin Chen displayed could actually fight her origin, Shura Tiangang. How could this be possible?

Today, she has even touched the edge of detachment, what kind of flame can resist her power in the world?

The high priest was frightened, and the power of the source in the body was more aroused. She condensed the source. In an instant, these Shura Tiangangs were even more terrifying. There were dense runes circulating on them. Each rune seemed to contain the highest road between heaven and earth. , The supreme power is blooming.

Such a scene is terrifying and shocking to the world. This is the power of Tiangang that contains a pinnacle supreme source who has touched the transcendence realm. Put it to the outside world, even if it is a random one, it is enough to destroy a piece of heaven.

Even in this long river of origin of the demon, it is still terrifying, the terrible runes above are intertwined like thunder and lightning, densely packed, erupting supreme power.

The key is that this kind of power of Tiangang is not one, but many, like a blazing sun, traversing in the void, gently shook, the sky collapsed and the earth shook, the mountains shook, making many powerful people shiver.

In the distance, Luo Yin, Mo Wu and others looked terrified.

This kind of battle is terrible. They are considered supreme and strong, and they are also outstanding among the supreme. When placed outside, they are enough to serve as the ancestors of a big family, and they are real giants.

But in the face of the attack in front of them, they didn't dare to approach at all. Such an attack was too terrifying. Not to mention intervening in it, just approaching, they could not withstand such a force and would collapse on the spot.

"Boy, I said, in front of the old man, you never want to save that bitch."

The high priest looked indifferent, aloof, like a god.

Although the mirror world is extremely dangerous, even if the peak supreme enters, there is still life and death worries, even if Qin Chen breaks into the mirror world, it may not be able to save Sisi.

But after fighting with Qin Chen for so long, the high priest became more and more frightened by Qin Chen's strength, unwilling to take even the slightest risk.

boom!

The high priest's eyes were indifferent, she urged Shura Tiangang, the void was trembling, and dense cracks appeared, shooting towards Qin Chen.

This is to trap Qin Chen and not give Qin Chen a chance to save Sisi at all.

Qin Chen's face was ugly, and he naturally understood the purpose of the high priest.

He glanced around.

Now, the Blood River Saint Ancestor has confronted the sky full of corpse puppets, and the original Ancestral Dragon's opponent is the Great Guardian, and the Promise Supreme's opponent is the Great Elder. While the high priest is manipulating these people, he still has the power to fight him. Stuck.

I have to say that the high priest has planned countless epochs in the Righteous Army, and it is indeed a terrifying existence that can fight against the ancestors of the Abyssal Demon.

However, based on these, can he stop Qin Chen?

Qin Chen suddenly shouted coldly: "The Lord of the Abyss, the Supreme Heavenly Fire, and the Supreme All Souls, it's up to you here."

When the words fell, Qin Chen raised his hand and banged, and three figures suddenly appeared between the heavens and the earth. It was the Lord of the Abyss, the Supreme Heavenly Fire, and the Supreme Wanling.

"Yes, master!"

"Yes, my lord."

The three of the masters of the abyss shook their bodies and rushed forward instantly without any hesitation.

As soon as the three of them rushed forward, their faces suddenly became pale. With their cultivation base, as soon as they appeared in this world, there was an illusion that their bodies would split apart.

Fortunately, the Lord of the Abyssal Demon is the heir of the Abyssal Demon Clan. The power of the Abyssal Demon is enough to suppress any magic power between the heavens and the earth. Although the cultivation base is not as good as the high priest, at least in terms of the source of the magic power, it is not weaker than the high priest, even Also above the high priest.

But Heavenly Fire Supreme and Wan Ling Supreme are not so easy. With their strengths, even if they practice day and night in the Chaos World, they are only at the level of Mowu and Luo Yin, and their strength is comparable to the mid-level Supreme.

It's not weak to the outside world, but here, it's not enough to see.

The only thing that allows them to persevere is that Heavenly Fire Supreme and All Souls Supreme gather in the Chaos World to endure the baptism of the Demon Tree of the Ten Thousand Worlds day and night. The high priest's peak supreme-level aura will not have much shock and harm to them, but it is powerful. The essence of it is still far above them and can easily annihilate them.

Seeing that Qin Chen released three more powerful men in an instant, the high priest couldn't help being surprised, but when he saw the cultivation base of the three people Qin Chen released, the high priest couldn't help but sneered.

"Huh, I'm scared to death. I thought there was a master around your kid? But these three ants are also worthy to stop me?"

The high priest's breath shook, and the three of the masters of the abyss instantly groaned together. Before the Shura Tiangang's attack fell, there were many cracks in the three people's bodies, just like porcelain, they were about to shatter on the spot.

However, the three of the Lords of Abyssal Demon did not retreat, and they continued to move forward.

Qin Chen didn't have any panic on his expression. He had a little chaotic green lotus fire, and the chaotic green lotus fire burst out, instantly enveloping the three of the masters of the abyss, "Skyfire Supreme, you are here to control this chaotic green lotus fire."

Immediately afterwards, Qin Chen raised his hand.

Wow!

A vast river of chaos appeared in this world in an instant.

This long river is immensely vast, with stars floating in it, and as soon as it appears here, it bursts into the sky-shattering atmosphere of chaos, as if the era of chaos directly descended on this void.

"The Long River of Chaos... This kid, unexpectedly released all this stuff."

Not far away, Hong Huang Zulong and Blood River Saint Ancestor widened their eyes.

They had already thrown it out, and what Qin Chen released was nothing but the long river of chaos in the secret realm of the ten thousand race battlefield.

This long river is like a ghost galaxy, inherited from ancient times, and its power is extremely terrifying.

And after the long river appeared, with a bang, from the long river, a huge creature that looked like a scorching sun flew out unexpectedly.

The tortoise of the blazing sun!

The huge tortoise of the fierce sun bloomed with a rainbow, turned into a sky, resisting the three of the masters of the abyss.

On its back, a series of divine patterns bloomed, radiant and splendid, containing the highest truth between heaven and earth, and extremely strong.

[Chapter 4926: True origin](#)

The long river of chaos, the tortoise of the strong sun, coupled with the chaotic green lotus, the terrifying aura released by the three top treasures, immediately shocked the whole world.

And at the moment when these three treasures appeared.

Boom boom boom!

The roads of Asura Tiangang had already poured down like a torrential rain, crashing on the vast Chaos Galaxy.

In an instant, the long river of chaos burst directly.

Although the long chaotic river that Qin Chen photographed was extremely vast, and the vast chaotic long river, covering the sky and obscuring the sun, it was the top secret realm in the Vientiane God's Treasury, which was passed down from ancient times.

But how terrible is the power of the high priest? She is one of the top powerhouses in this universe. Her power instantly tore open the long chaotic river, and then slammed on the huge back of the blazing sun **** turtle towering like a river Tu Luoshu.

With a bang, the back of the Tortoise of the Strong Sun directly blasted, and with a click, it cracked, and countless cracks emerged.

But the next moment, the endless river of chaos swept over, enveloping the tortoise of the Sun God, and on the cracked back of the God Sun God, a terrifying tortoise shell defense appeared again, which was carried by it abruptly. A blow from the high priest.

boom!

Immediately afterwards, the endless chaotic green lotus fire emerged, covering the sky and obscuring the sun, and annihilating the sky full of Asura Tiangang directly in the void.

call!

At the same time, the Lord of the Deep Demon also urged the power of the Deep Demon, and the endless river of origin of the Demon directly boiled.

In terms of identity, the inheritance status of the Abyssal Demon Lord is more terrifying than the high priest's Asura Demon saint status. The origin of the demon he can induce is stronger than that of the High Priest, and he controls this world in an instant. .

The sky was all over the Asura Tiangang, and all of them burst open in an instant.

Was abruptly blocked.

"what?"

The high priest's pupils contracted and his face was frightened.

What kind of monsters are these guys in front of you? With such a cultivation base, can they actually be blocked? And this supernatural tortoise, whose cultivation base is not high, actually abruptly held her Shura Tiangang attack, how could this be possible? What the high priest didn't know was that although the Tortoise of the Fiery Sun was not high in cultivation, its most terrifying thing was its physical defense. For hundreds of millions of years, the Fierce Sun Turtle had been wandering in the chaotic galaxy, devouring the power of stars and chaos day and night. , The physical defense has reached

To the point of guarding against the sky.

Of course, although the Lord of the Abyss and the others resisted the high priest, they only resisted it for a while, and the difference in their cultivation base was too great.

However, what Qin Chen needs most now is this moment of resistance.

boom!

When the Lord of the Abyss and the others struggled to resist the high priest, Qin Chen's figure shook, and he already swept into the mirror world.

"Do not!"

Sisi said in horror, "Dust, don't come in, it's dangerous."

But Qin Chen's figure didn't hesitate, and instantly entered the mirror world.

boom!

Two terrifying forces, the power of darkness and the power of the origin of the demon, instantly enveloped Qin Chen and suppressed them severely.

"Sisi."

Qin Chen seemed to be unaware, his figure froze for an instant, and he was smiling at the figure in the distance.

The terrible power of darkness surged in, and at the same time, with the powerful force of the origin of the devil, it crazily suppressed Qin Chen.

☹!

Qin Chen's figure fluctuated in terrifying power.

But he was smiling, looking at Sisi, letting such power impact on him.

"Sisi!"

I blew the evening breeze that you blew, and we counted as embracing each other, and I walked along the way you walked, is this count as a meeting?

Qin Chen felt the power around him. He and Sisi were in the same void. All efforts were not in vain. He finally came here and walked towards Sisi step by step.

"dust!"

Sisi cried.

Tears rolled down unscrupulously.

She didn't stop Qin Chen anymore, because she knew that no matter how she stopped Qin Chen, Qin Chen would not give up.

boom!

The colorful aura on Sisi's body soared into the sky, turning into a colorful rainbow, corresponding to Qin Chenyao.

At this moment, only Qin Chen was left in Sisi's eyes.

As long as Qin Chen is there, everything in the whole world is no longer important.

Qin Chen moved forward step by step, and the terrifying power swept over crazily. From the first moment when he came to this world, Qin Chen's gaze was firmly locked on Chen Sisi, and the two looked at each other for an instant, there were endless words to say in their eyes, and endless thoughts to tell. But no one keeps breaking this

Quiet, unwilling to break this moment of ten thousand years.

However, as Qin Chen entered the mirror world, stormy waves were instantly rolled up in the entire mirror world.

From the dark hole, a series of terrifying dark auras poured out frantically, and the endless dark power suppressed Qin Chen.

These dark forces turned into dark tides, exuding a palpable breath, breaking the tranquility here.

On the other side, the long river of origin of the demon also boiled, as if it had been invaded by the power of darkness, and became violent in an instant.

These two forces gathered together and crazily suppressed Qin Chen, because it was Qin Chen's arrival that broke the tranquility here.

"No, the power of darkness and the origin of the demon are violent. Qin Chen broke the balance between the two forces in the mirror world. This is in trouble."

"This mirror world should go straight to the world of the dark race. Once it becomes violent, no one can resist it."

In the distance, Sword Demon Supreme and the others all showed shocked faces, and said one by one in silence, seeing the danger of Qin Chen.

"Hahaha, boy, do you think you can save Sisi when you enter the mirror world? It's ridiculous, not only will you not help her by doing this, but it will hurt her."

The high priest said grimly: "Only this seat can save Sisi."

Along with the high priest's ferocious laugh, those two forces instantly enveloped Qin Chen.

"dust!"

Sisi shouted anxiously.

"Sisi, don't worry, the power of the devil source and the power of darkness can't stop me."

Under all eyes, Qin Chen was expressionless, he looked at Sisi, smiled, and the next moment...

boom!

Qin Chen's body suddenly burst out with a shocking devilish energy, countless vines burst out of Qin Chen's body, dense vines covering the sky and sun, instantly turned into a simple tree, covering the sky. day.

"This is..."

At this moment, everyone was dumbfounded, and they all showed shock.

"The Demon Tree of Ten Thousand Realms, that is... the Demon Tree of Ten Thousand Realms?"

Sword Demon Supreme and others looked incredible.

The pupils of the high priest also shrank in an instant, furious.

Ten Thousand Worlds Demon Tree, how is this possible?

Hasn't this thing disappeared in ancient times? Why did it appear again, and it was in the hands of that guy. It should be noted that the Demon Tree of the Ten Thousand Worlds is the true sacred object of the Demon Race. It is rumored that the Demon God was the demon way that was enlightened under the Demon Tree of the Ten Thousand Worlds, and it was the true origin of the Demon Race.

[Chapter 4927: How can](#)

It can be said that the Ten Thousand Worlds Demon Tree represents a very special position in the demons.

Back then, even the Lord of the Demon God transformed the way under the Demon Tree of the Ten Thousand Realms, realized the real Dao of Demon Race, and opened up the Demon Realm.

How powerful is this?

boom!

As soon as the Ten Thousand Worlds Demon Tree came out, it covered the sky like a cover, and the dense branches covered the sky and the sun. In an instant, the entire river of the origin of the demon boiled.

Rumble!

The crowd raised their heads in horror, and saw the entire river of origin of the demon trembling violently, and the power of destroying the world poured out. This power was enough to destroy everything in the world.

"Damn it, how come this kid has the Devil Tree of Ten Thousand Worlds?"

The high priest was furious, and his eyes were fiery.

Back then, the Demon God felt the way of heaven under this tree, achieved transcendence, and created the demon world.

If this thing is obtained by her, then she...

"Huh, what about the Demon Tree of the Ten Thousand Worlds? Even if this thing can withstand the power of the origin of the demon, but the Demon Tree of the Ten Thousand Worlds will only attract the power of countless demon origins. You can't control this power, and once it breaks out, it will be even more mortal."

The high priest sneered.

Not only her, but the ten-tailed magic fox also saw the problem, and his face solemnly said: "Sisi, I never thought that your man would have a treasure like the Demon Tree of the Ten Thousand Worlds, but the Demon Tree of the Ten Thousand Worlds will gather countless rivers of origin of the demon. If you cannot control this power, the entire world will be destroyed."

At this time, the power in the entire river of origin of the demon gathered, and the sword demon supreme and others felt an endless oppressive force.

"not good."

The expressions of Sword Demon Supreme and others changed drastically. Once the mirror world burst, the entire Immortal Demon Realm would have to reshape the rules.

"dust."

Sisi looked anxious.

"How can the power of the long river of origin of the trivial demon be anything to do with me?"

Qin Chen's complexion was calm, he gave a cold snort, and boomed, a huge magic shadow suddenly appeared in his body, which turned into a huge black ball and rose up.

The black sphere and the Ten Thousand Worlds Demon Tree merged together in an instant. In an instant, the mirror world that originally contained the power of the long river of origin of the horror demon settled down in an instant, as if boiling water turned cold.

It is the magic soul source device.

The Demon Soul Source Device is the most supreme treasure of the Demon Race. It can control all the power of the Demon Race. This thing merges with the Demon Tree of the Ten Thousand Worlds, and instantly controls the power of the entire origin of the Demon Race.

In an instant, the origin of the raging demons that originally gathered around Qin Chen was quiet for a moment.

In the distance, the high priest looked stunned.

Dao Demon Supreme and others were also shocked.

The Demon Soul Source Device is the top treasure of the Demon Race. It can control the power of the Demon Realm. It has been controlled by the ancestors of the Abyss Demon Race. Why does it appear in the hands of this person in the deep secret realm of the Demon Race?

"Why are there so many treasures on this child?"

The high priest was hysterical and was going crazy.

There are so many demon treasures in a human being. What happened to this world?

The combination of the Ten Thousand Realm Demon Tree and the Demon Soul Source Device immediately made the power of the origin of the demon in the mirror world no longer threaten Qin Chen.

Could this kid really save Sisi?

The high priest was furious.

impossible.

In this mirror world, not only the power of the long river of origin of the devil, but also the monstrous dark power of the Dark Clan, as long as this person cannot control the power of darkness, he still cannot take away Sisi.

However, this idea of the high priest just came out.

On Qin Chen, a vast force of Dark King's blood burst out instantly.

boom!

At this time, Qin Chen was full of the power of the Dark King's blood, and the whole figure turned into a **** scorching sun. The countless power of darkness in the mirror world surged and was continuously swallowed by Qin Chen.

This power of darkness is a huge damage to outsiders, but to Qin Chen, it is a great tonic.

A large amount of dark power was madly swallowed by Qin Chen.

Qin Chen moved forward step by step.

In the void, Qin Chen was like the same god, gradually approaching Sisi, and no force could stop him.

"dust!"

Sisi looked excited.

At this time, Qin Chen finally came to Sisi.

"Sisi."

Qin Chen smiled.

The two looked at each other like this.

Countless efforts, just for this moment.

It's all worth the effort.

Qin Chen stretched out his hand and grasped towards Sisi.

boom!

It's just that before Qin Chen's hand touched Sisi, a terrible force burst out and Qin Chen withdrew.

Qin Chen stabilized his figure and changed his color slightly.

"Terran kid."

In front of Sisi, a huge phantom appeared. It was a ten-tailed phantom fox. He said in a deep voice, "Sisi has gathered countless powers here. She can't leave here yet. As long as she leaves here, the balance between the world and the earth will be broken, and then, this place will completely collapse."

"There are only two ways to rescue her. One is to integrate this world with oneself, to transform this world into the world, and to become the ruler of this world. Control the power operation here, and Sisi can naturally leave."

Speaking of this, Ten-tailed Magic Fox glanced at Shangguan Wan'er's position.

Shangguan Wan'er used this method.

"The second one is to dissolve all the power in this world. As long as the power here is resolved, Sisi will naturally be able to leave."

"Otherwise, if you leave forcibly, this world will inevitably collapse, and the lives will be disgraced."

Ten-tailed magic fox said solemnly.

"So what?" Qin Chen said lightly.

The ten-tailed magic fox was startled.

"Even if this world collapses, what can it do?"

Qin Chen said indifferently: "I just have to think, and I won't take care of other things."

Qin Chen glanced at the location of Shangguan Wan'er.

"Wan'er."

Qin Chen said softly.

"Brochen..."

Shangguan Wan'er murmured.

Looking at Shangguan Wan'er, Qin Chen sighed in his heart. Although Shangguan Wan'er framed herself back then, she turned into the Illusory Demon Sect Master and confronted Shangguan Xi'er. Qin Chen no longer has much hatred for her.

Now, she actually sacrificed herself for Sisi.

How can I let her die here?

Qin Chen glanced at the ten-tailed phantom fox, his right hand shook, and a powerful aura suddenly appeared in her hand, which was the tail of the ten-tailed phantom fox back then.

"This is....."

The pupils of the ten-tailed magic fox suddenly shrank, revealing an expression of excitement.

This is actually a tail she lost that year?

Where did the other party get it?

Is it the prehistoric ancestor dragon?

One of his own tails at the time seemed to be obtained by a clone of him.

There was a trace of excitement in the ten-tailed magic fox.

She instantly merged the tail into her body, and with a thud, the breath of the ten-tailed magic fox rose instantly.

For hundreds of millions of years, she has been losing a tail, causing her strength to never recover to its peak. Now, with the last tail, she can finally restore her strength to its peak.

[Chapter 4928: You are ordering me](#)

At this moment, the ten-tailed magic fox that had obtained his last tail, an extremely powerful force was born in his body.

boom!

The aura of the pinnacle supreme class permeated in an instant, and a phantom fox tens of thousands of kilometers high emerged between the heaven and the earth, towering the heaven and the earth, covering the sky and the sun.

"Hahaha, how many years have passed, how many epochs have passed, I finally recovered all the repairs."

The ten-tailed magic fox shed tears in excitement. How many years have passed, because she lost her last tail, she has never been able to recover her peak cultivation base, and now, her body has finally gathered.

The feeling of returning to the basics and the intactness of the road completely dissipated from her.

Rumble!

Hundreds of millions of years of accumulation broke out in an instant.

The ten-tailed phantom fox appeared in front of Qin Chen with a slender posture, a pair of enchanting eyes staring at Qin Chen, an invisible force of enchantment permeated, and between a smile, an astonishing force of enchantment bloomed. .

Qin Chen Lingtai Qingming, completely free from its temptation, said lightly: "Senior Ten-tailed Magic Fox, give you a task."

"Oh? Are you ordering me?"

The ten-tailed magic fox smiled slightly.

Qin Chen looked at the ten-tailed phantom fox indifferently, his eyes were filled with endless pressure, which made the ten-tailed phantom fox dare not look directly.

Ten-tailed phantom fox said with a smile: "As you brought me back the last phantom tail, I promised you, let's say, what do you want me to do? Don't let me do that kind of thing? "

Qin Chen glanced at the other party faintly, and said calmly: "You protect Sisi for me, and... Shangguan Wan'er."

Qin Chen glanced at Shangguan Wan'er. Since he came here, she naturally couldn't let Wan'er die here.

"Dust, what are you going to do?"

Sisi hurriedly changed color.

Shangguan Wan'er's face also changed slightly.

"Baochen, what are you doing?"

Qin Chen didn't answer the two of them, but just raised his head and looked at the endless sky, the long river of origin of the demon and the power of endless darkness.

"The river of origin of the devil? The river formed after the fall of the demon god? And, the power of the dark clan? Come on, as long as these two forces are resolved, Sisi will be able to leave."

Qin Chen murmured, a powerful force swept out of his body, and at the same time, his chaotic world opened in an instant.

"Swallow it for me."

boom!

In an instant, the endless rolling power of the origin of the demon, the power of the river and the power of darkness, crazily entered Qin Chen's body like a vast ocean.

In an instant, Qin Chen burst into an astonishing breath.

Under the gaze of everyone, Qin Chen was actually devouring these two forces, causing these two forces to madly merge into his body.

How can people not change color in such a scene?

"This guy is actually devouring the power of the origin of the demon river and the power of darkness?"

The high priest's eyes widened and his face was frightened.

Is this guy crazy?

How terrifying is the power of the long river and the power of darkness?

Forcibly devouring it, Peak Supreme couldn't bear it at all. With Qin Chen's cultivation base, he was afraid that it would be blown up soon.

However, what surprised the high priest was that he saw the power of the origin of countless demons in the mirror world and the power of darkness, after madly entering Qin Chen's body, they didn't even burst him.

"No, this person has collected the power of the origin of the devil and the power of darkness, and only a small part of it is really absorbed by his body."

The high priest's eyes widened, and he saw some clues in an instant.

After the power of the long river and darkness of the origin of these demons entered Qin Chen's body, most of them were like stones sinking into the sea, and only a small part remained in Qin Chen's body and was absorbed by him.

And these powers sinking into the sea had entered Qin Chen's chaotic world.

"In this sub-body, there is definitely a special kind of space treasure that can contain these forces."

The high priest looked at the Primordial Ancestral Dragon, the Saint Ancestor of the Blood River, and the Chaos Galaxy. These things surged out of Qin Chen's body before, and it could be seen that Qin Chen must have some top spatial treasure on his body.

"Impossible, I want to save Sisi in front of this seat, don't think about it."

The high priest roared, and an immense power rose up instantly from her body, and an original burning aura rose up from her body.

This is desperate.

Hundreds of millions of years of hard work were actually destroyed in the hands of a kid, and the anger in the heart of the high priest can be imagined.

boom!

Seeing this square of heaven and earth, countless powers are boiling, and the high priest's figure is like lightning, rushing to the mirror world quickly.

"Stop her."

The Lord of the Abyss screamed loudly, and the Heavenly Fire Supreme and the others quickly approached.

"Only you?"

The scepter in the hands of the high priest blasted out quickly, and a series of black halos appeared on it. These halos turned into a vast ocean and swiftly bound towards the Lord of Abyss Demon and them, and instantly brought the Lord of Abyss Demon and them. Trapped between heaven and earth.

The Tortoise of the Fiery Sun roared at this time, engulfing the chaotic galaxy and biting towards the high priest, but the high priest looked disdainful and raised his hand abruptly, and a black streamer had already slammed into the tortoise of the Fiery Sun. Above the body.

Hearing a bang, the tortoise of the blazing sun was blasted out instantly, and numerous cracks appeared on his body again.

"A beast, let me stay here obediently and resist something."

The high priest sneered, and the power of darkness quickly spread from the void, and countless void chains immediately bound the Tortoise of the Fiery Sun.

At this time, Heavenly Fire Supreme had already arrived in front of the high priest with Chaos Qinglianhuo.

call!

The flames billowed and instantly turned into a monstrous sea of fire, which was about to envelop the high priest.

However, the high priest just waved his hand, a terrifying aura came, and with a bang, Heavenly Fire Supreme and Wan Ling Supreme flew out together, spouting blood from his mouth, and even the chaotic green lotus fire became dim.

Although the Fierce Sun Turtles are strong, they can withstand some attacks from the high priest, but the cultivation base is far worse than the high priest after all. There may be some possibilities to block the high priest, but they want to stop the high priest. It can't be done at all.

The faces of the Lord of Abyss Demon were ugly, and they could only watch the high priest rush into the mirror world in an instant.

As soon as she entered the mirror world, countless powers of the origin of the demon and the power of darkness suppressed her.

"Disperse it all to me."

The high priest screamed coldly, and the inner body was surging, an invisible force burst out, and it instantly repelled the power of the origin of the demon and the power of darkness around him.

The high priest has been practicing here for hundreds of millions of years, and has long controlled the power of the origin of the devil and the power of darkness. The two ordinary forces cannot suppress her at all.

Whoosh! After entering the mirror world, the high priest quickly rushed towards Qin Chen with a grim expression.

[Chapter 4929: Dark sword spirit](#)

Boom boom boom boom boom!

The countless power of darkness and the power of the long river of demon origin were swept away by the high priest like thorns and thorns, and quickly approached Qin Chen.

"dust!"

Chen Sisi looked anxious.

A trace of hideousness flashed in Shangguan Wan'er's eyes, and a thick dark aura bloomed in her body. Her body quickly merged with the world, speeding up her transformation.

Although she only came to the Wusheng Demon Realm not long, she knew the terrible high priest, this was an extremely terrifying opponent, once she was allowed to approach Qin Chen, then Qin Chen would definitely be in danger.

She must not let Qin Chen and Sisi suffer any danger. "Boy, I want to refine this world in front of my old body. It's too whimsical. I can't imagine that you have such strength at a young age, and there are many other treasures. As long as you control you, you will get all your treasures. , Then the veteran will

Become the most invincible person in this universe. "

The high priest stared at the Ten Thousand Realms Demon Tree and Demon Soul Source Tool in front of Qin Chen, with a look of excitement.

Either of these two treasures is the most powerful treasure of the Demon Race. If they can control these two treasures, then she may even surpass the Abyssal Demon ancestor and become the most powerful existence of the Demon Race.

At that time, she will have no fear of the ancestors of the Abyss Demon, and will control the entire Demon Race and even the entire universe.

In this world, where can't you go, why do you want to live in this little inanimate demon realm?

"boom!"

The high priest looked savage, urging the altar in his hand, and suddenly enveloped Qin Chen.

In an instant, a series of terrifying auras burst out from the altar and quickly enveloped Qin Chen not far away.

These black auras were like the ocean, covering the sky and sun, and with a power that could control the divine consciousness, they came to Qin Chen in an instant.

"Want to control me?"

Qin Chen's eyes narrowed: "It's not that easy."

When the words fell, Qin Chen suddenly burst into a heaven-shattering sword aura, and countless sword intents gathered on the mysterious rust sword, turning into a sword that pierced the sky, slashing forward suddenly!

Six Reincarnation Sword Art!

This sword was cut down, and a terrifying mood of reincarnation swept out in an instant!

Seeing Qin Chen's sudden move, the high priest frowned slightly, and with a wave of her sleeve, a terrifying force swept out, and the countless black aura instantly rushed to that sword intent!

Boom!

As soon as the two forces came into contact, they burst out suddenly. The entire mirror world trembled violently, and countless forces in the mirror world directly tremble violently, and a series of terrifying forces spread towards the surroundings!

In the distance, Qin Chen stood holding a sword. He looked at the high priest, with a touch of contempt at the corner of his mouth, "That's it?"

When the sound fell, he spurred the mysterious Rust Sword and slashed it forward.

With this sword cut, he not only mobilized the six reincarnation sword intent, but also mobilized the Nine Heavens God Emperor Totem and the power of An Luotian!

Three powers converge in one sword, and the power of this sword doubles instantly!

Pouch!

The void was directly torn open with a long gap. Perceiving the terrifying power in Qin Chen's sword, the high priest frowned immediately, her palms spread out, and a strange rune suddenly burst out of the altar in her hand. As soon as this black rune appeared, The power that stuns the world will be poured out

It's diarrhea.

Immediately afterwards, this black rune instantly entered the palm of her hand. Then, the high priest's palm turned into a huge sky, and he slapped Qin Chen with a palm.

Boom!

A black light suddenly gushed out from the palm of the high priest!

boom!

A vast expanse of sword light and black light suddenly exploded, and in an instant, the two of them retreated violently!

With this retreat, Qin Chen retreated directly to the vicinity of Sisi and the others.

boom!

Qin Chen gritted his teeth and the Haotian Divine Armor appeared on his body, causing his physical body to stop suddenly, his body trembled violently, and a mouthful of blood came out directly!

Under this blow, he was immediately injured. In order not to hurt Sisi, he abruptly resisted this blow, and did not let any aftermath affect Sisi and the others. If Qin Chen's body were not very terrifying, the defense of the Vast Sky Divine Armor was also extremely astonishing. This blow is enough to make a

The body of the top supreme strong man collapsed.

"dust..."

Sisi said painfully with moist eyes.

She would rather bear such an impact on her own, than let Qin Chen suffer even the slightest injury for herself.

What surprised Qin Chen was that Haotian Divine Armor had reached the supreme realm, yet still had an extremely astonishing defense, which forcibly weakened several percent of the impact for him.

It is indeed the top **** armor salvaged from the Nether Galaxy.

But even so, Qin Chen was still injured.

In the distance, the high priest glanced at the Haotian Divine Armor in front of Qin Chen, frowning slightly, "What kind of armor is this?!"

Could it be the armor of the pinnacle that can withstand her attack? There are not many such treasures in the entire universe.

However, at her level, foreign objects can only be regarded as foreign objects, and the truly powerful still have to rely on themselves.

Qin Chen ignored the high priest and slowly closed his eyes. In his body, the power of countless Dark King's blood poured out crazily!

In an instant, the countless blood of the Dark King instantly gathered into an extremely terrifying aura and merged into the mysterious Rust Sword!

boom!

The mysterious rusty sword surged, and a dark sword aura burst out of pitch black.

The high priest narrowed his eyes, "Dark sword aura!" At this moment, her heart was extremely shocked, because she could clearly feel that Qin Chen was a human race, but a human race not only controlled the treasure of their demons. And strength, now there is such a terrifying darkness bursting out of the body

Rest, this is simply a fantasy. It was not this that shocked her even more, but Qin Chen's realm was much lower than hers. Although Qin Chen's aura was terrifying at this time, it had not even reached the late stage supreme, but she was a one who had already broken through to the late stage. There are countless peak and supreme realms

The top powerhouses of Epoch even touched a hint of transcendence.

But now, with her strength, she could not win Qin Chen for a while, how could she not be shocked? abnormal!

Although Qin Chen was a little upset, she had to admit that the boy in front of her was really abnormal!

At this moment, Qin Chen suddenly urged the mysterious Rust Sword and slashed towards the high priest!

In an instant, countless dark sword auras combined with this sword, like a monstrous torrent swept across the void, straight to the high priest!

Moreover, the moment when this sword aura was cut out, it even aroused countless dark powers in this mirror-surfaced world, and went straight to the high priest.

"The power of darkness, huh, do you think that only you can control it?" In the distance, a cold light flashed in the high priest's eyes, and a dark atmosphere suddenly appeared in her body. land!

[Chapter 4930: Try to break through](#)

laugh!

A harsh tearing sound suddenly resounded from the void.

The next moment, there was a rumbling, an extremely terrifying roar resounding through the heavens and the earth, erupting between the heavens and the earth, and for an instant, the entire void violently trembled, and the high priest's figure appeared in the void, and was countless The power of darkness surged out, and the whole person flew out suddenly.

And Qin Chen stepped back a few steps too, but when he saw Sisi not far behind him, he actually stopped his retreating body abruptly.

boom!

The shock of horror blasted into his body firmly.

The void trembling behind Qin Chen did not suffer much damage. Naturally, there was not much power transmitted to Sisi and the others behind, so that Sisi and the others were still safe.

However, because of this, Qin Chen once again stubbornly ate all the power of this hit.

puff!

A mouthful of blood spurted out again, Qin Chen's face was pale, his figure languid, and he arched up, but he stood up again in an instant.

On the other side, the high priest retreated into a very far void.

At this moment, the high priest's face was extremely ugly!

shame!

She was actually repelled by someone much lower than her level!

Moreover, the previous competition between her and Qin Chen was not the other, but the control of the power of darkness by the two, but as a result, she regressed.

This is simply a shame!

The high priest roared, spread his right hand, and a **** rune appeared in the altar. This **** rune instantly melted into the high priest's body. In the next moment, a wave of terrifying power continued to gush out of her palm!

Boom!

In an instant, the time and space in the entire void was directly distorted!

In the distance, a look of hideousness flashed in Qin Chen's eyes, the power of the sword intent surged in his body, and the power of the horrible origin converged into the mysterious rust sword in his hand!

boom!

In the mysterious rust sword, a cold aura rose, endless black aura permeated, and a black shadow slowly emerged, the power of the sword demon.

At this moment, the mysterious Rust Sword trembled on its own, and the power of the sword demon cut straight out.

At this moment, the high priest suddenly turned into an afterimage and disappeared in the same place. The next moment, the void in the field suddenly split!

Void finally couldn't bear the terrifying power of Qin Chen, and was directly torn apart.

And at this moment, Qin Chen in the distance suddenly turned into a sword light and disappeared in place!

Hard!

Boom!

Suddenly, with a sound of earth-shaking explosion, the entire void was directly turned into dust at this moment, Qin Chen and the high priest retreated violently at the same time, Qin Chen directly retreated tens of thousands of meters away!

The high priest also retreated thousands of feet!

Although the void was shattered, countless dark powers and the power of the origin of the devil came together to directly repair the broken void.

After the high priest stopped, her face suddenly became extremely difficult to look, and a gap appeared in her chest, and blood flew!

She still failed to kill Qin Chen!

You know, she is now at the pinnacle supreme realm, several realms higher than Qin Chen!

Too abnormal!

The high priest looked at Qin Chen with a dignified look in the depths of his eyes!

She herself used to be a super evildoer, and she has seen many evildoers, but this is the first time she has seen someone like Qin Chen!

So many realms!

The high priest looked at the mysterious rust sword in Qin Chen's hand. Just now, an extremely terrifying cold force broke out from that mysterious rust sword, and cut her.

How can there be so many top treasures in this child?

In the distance, Qin Chen wiped the blood from the corner of his mouth, then looked at the high priest in the distance, his brow furrowed.

Not an opponent.

Although he is extremely enchanting, the high priest is, after all, a top powerhouse who has been in charge of the Righteous Army for countless years and inherited from the ancients. It is by no means easy for him to be in this universe for so many years.

With his current cultivation base, he can only barely resist the high priest at the moment, but he will lose if he stays for a long time and must find a way.

Qin Chen turned his head and looked at the ten-tailed phantom fox, "Senior ten-tailed phantom fox, go and stop the high priest."

"I?"

The ten-tailed magic fox was startled.

Qin Chen had closed his eyes at this time.

The ten-tailed magic fox glanced at his mouth, and glanced at Qin Chen a little speechlessly, this kid, ordering people to be so proficient?

But she didn't say much, she shook her body and rushed directly to the high priest.

Hum!

In the void, a huge phantom fox of hundreds of thousands of feet appeared, covering the world.

"High priest, let me play with you."

Ten-tailed Magic Fox said with a chuckle.

The high priest yelled coldly: "Ten-tailed magic fox, do you have to follow that bitch's heir? Why don't you follow me, as long as I join forces, who can stop us in this universe?"

"Bitch?" The ten-tailed magic fox sneered and dismissed it: "Lian Xin Luo is also your master anyway, you betrayed your master, let this seat follow you, do you have a brain?"

"you wanna die!"

The high priest was too lazy to talk nonsense with the ten-tailed phantom fox, and patted the ten-tailed phantom fox directly.

"Let me see how strong you are, trying to detach from this universe."

The ten-tailed magic fox sneered and banged, and the ten huge phantom tails behind her danced directly, and they crazily wrapped around the high priest.

The war broke out instantly.

At this time, Qin Chen closed his eyes.

boom!

In his body, the rolling power rose up, and countless dark powers and the power of the origin of the magic river flooded into his body madly.

At this moment, Qin Chen's face became extremely hideous, and a large amount of power like a vast ocean poured into his body, and was absorbed by him desperately.

Seeing from afar, Ancestral Dragon and others were shocked.

"Is this kid crazy? Such violent swallowing of these forces, once the body can't hold on, it will explode in an instant, and the soul will be scattered."

"He is trying to break through."

Wuji Supreme said in amazement.

Yes, at this time Qin Chen is madly devouring these dark power and the power of the origin of the magic, because he knows that with his current cultivation base, although he can barely resist the high priest, it is not the high priest's opponent.

To defeat the opponent, you must break through.

The power of darkness and the power of the long river of origin of the demon seemed to outsiders a huge **** and oppression, but for Qin Chen, it was the best help that allowed him to break through.

With Qin Chen's current strength, if his cultivation base wants to break through again, there are too many forces that need to be absorbed, and I am afraid that a large family can easily not provide enough.

And for Qin Chen, the endless power of darkness and the power of the long river of origin of the devil was undoubtedly a big supplement to Qin Chen.

boom!

The billowing power kept pouring into Qin Chen's body, and it was visible to the naked eye that the aura on Qin Chen's body was constantly condensing, and a terrifying force was constantly escaping from his body.
