

## Valkyrie 4941

### [Chapter 4941: New era](#)

After arriving in front of Qin Chen, the breath of the great guardian and the great elder all converged, and they knelt down respectfully on one knee.

Everyone looked at Qin Chen and the two in amazement, with a dazed expression.

The Sword Demon Supreme and the others were shocked. This is the Great Law Protector and the Great Elder, the pinnacle supreme powerhouse, actually knelt on one knee in front of Qin Chen, this is simply...shocking people's hearts.

Qin Chen frowned, "Two, you guys are..."

The Great Protector and the Great Elder raised their heads, their faces were densely wrinkled and extremely withered, and they were suppressed for hundreds of millions of years, which greatly affected their bodies.

However, the turbid eyes of the two men were brighter than ever at this moment, with brilliant divine light blooming.

Even if the pinnacle supreme-level powerhouse has been suppressed for hundreds of millions of years, once it breaks out, it is by no means trivial.

The Great Protector and the Great Elder looked at Qin Chen and said respectfully: "I know everything that happened before. Although I was controlled by the high priest and became a living dead, our consciousness is still there. For hundreds of millions of years. , The great guardian and the great elder are torturing us all the time, wanting to obliterate our spirits and make them completely a walking dead under her command."

The elder sneered: "Old man Shadow, the existence of the demons in ancient times, how can she be at her mercy."

Speaking of this, a trace of sorrow flashed in the eyes of the Great Elder Shadow Supreme, "But under the suppression of the treasure of the universe, I have no chance to resist. I can only let it torture. It's you, you defeated me. High priest, rescue me from the walking dead."

"Although the old man is a member of the demon clan, he also knows the truth of Zhien's retribution. From now on, I am willing to follow the adults and conquer the world together.

The eyes of the Great Elder and the Great Protector were extremely dazzling, like stars, but they were extremely firm and persistent.

Qin Chen frowned and said in doubt: "You are all members of the righteous army, and you are all masters of the pinnacle supreme level, willing to surrender to me?"

"Hahaha."

The great elder suddenly laughed, and the corner of the big guardian's mouth also outlined a smile.

Once they were rescued from the suppression of hundreds of millions of years, the feelings of the two of them can be imagined, with excitement from the inside out.

The elder smiled and said, "Is it rare to have a peak Supreme Master? There are many peak Supreme Masters around you, right? Not to mention, these three Chaos Gods and Demons were all peak Supreme in the ancient times. Level master, as well as Wuji Sovereign, this one was the Supreme Elder of the Tianji Sect back then."

The great elder looked towards Wuji Supreme, and the two were acquainted back then.

"I'm waiting to follow the adults, what's the shame? Let's talk about it."

The elder looked at Chen Sisi, "His Royal Highness is the heir of Princess Lianxinluo. Although I am one of the three major agents of the righteous army, no matter what, Princess Lianxinluo is our master. No matter how high the cultivation base is, he will definitely assist His Royal Highness in the future."

"And His Royal Highness is also the lover of the Lord. If the old man is right, His Royal Highness must obey your words? So, what is the difference between waiting for the Lord and surrendering to the Lord?"

The Great Elder and the Great Protector glanced at each other, their expressions were very hearty.

Everyone was dumbfounded and speechless.

Does this work?

At this time, Wuji Supreme suddenly said: "Shadow Supreme, Qin Chen is a human race, and your righteous army is a demon race. You bring the right way army and many demons to submit to a human race, are you sure?"

"Human race? Demon race? What's the difference? Are they all races in this universe?"

Shadow Supreme said indifferently: "Now the demon clan is controlled by such despicable villains as the ancestors of the deep demon, if I am not mistaken, this one is the power of the deep demon circulating."

Great Elder Shadow Supreme's gaze fell on the Lord of the Abyss, "Moreover, the Abyss Demon aura on this person is extremely rich and pure, and his position in the Abyss Demon Clan must be extremely noble. Even he can surrender to the Lord, I What can't you wait?"

"Furthermore." Shadow Supreme shook his head, "Now that the dark race is invading, the universe is in distress. Since we are all one of the cosmic races, we naturally have to consider the future of the universe, so why bother about the race. How about points?"

Promise Supreme looked at Shadow Supreme silently: "You fellow..."

Qin Chen also smiled slightly and glanced at the two of them: "How much strength do you two have left?"

The great protector and the great elder looked at each other, and said: "About 80%, if we give us time and enough resources, I will be able to restore the peak cultivation level in a few days."

80%?

Qin Chen nodded.

That's enough.

These two people are also the cultivation base of the peak supreme level anyhow.

At this time, the guardian said: "My lord, the strongest method of the shadow supreme is the dark world, and my strongest is the power of destruction. If I unite with the shadow supreme, even if only 80% of the strength, the general peak supreme is not It will be our opponent."

Qin Chen looked over, "The power of destruction?"

The guardian nodded: "I am the one who destroyed the demons. From birth, the people of my clan are born with the power of destruction."

At this moment Qin Chen glanced around, a touch of complexity flashed in his eyes.

Is it destroyed?

The long river of origin of the demon still flows in front of us, but beyond the long river, it is a dead star field.

It was the headquarters of the former Righteous Army.

Today, it has turned into nothingness, but not long ago, it was still a place full of vitality, with countless stars and lives, and it was extremely prosperous.

But after the formation of the high priest just exploded, this place turned into an endless dead zone.

There is no life, no vitality, not even matter, everything is annihilated, and nothing but emptiness remains.

Even the power between heaven and earth has disappeared.

It is equivalent to exhaustion of heaven and earth aura!

Qin Chen's eyes were complicated.

Even if the place is slowly repaired by Heaven, no new life will be born within a hundred million years.

The strong can destroy the world and annihilate a whole area with just a few clicks. This is really terrifying, and it is no wonder that the origin of the universe restricts the birth of the strong.

The strong is indeed a disadvantage to the universe.

Aside, Sisi and Shangguan Wan'er held Qin Chen's hand at the same time.

Chen Sisi looked at Qin Chen: "Dust, don't think about it so much, this is not your intention, everything is done by the high priest."

Qin Chen shook his head.

He is not thinking about the high priest, but is it possible for the strong to make such destruction? Everyone is constantly improving in order to become stronger, swallowing the power between heaven and earth. What a huge burden is this for this universe?

At this time, the great guardian on the side suddenly said: "My lord, the world is moving. This is normal. If there is destruction, there will be new life. When the next epoch, there will be prosperity again!"

#### [Chapter 4942: Unheard of](#)

"The next era?"

Qin Chen shook his head. As far as he knew, this seemed to be the last era in this universe.

At this moment, Qin Chen looked at the guardian, "fight?"

The guardian nodded, "Yes!"

The two of them flickered, and instantly arrived at the headquarters of the original righteous army, in the deadly star field!

"let us start!"

Qin Chen didn't think much, his voice fell, and he suddenly disappeared in place.

Hum!

A sword sound suddenly resounded across the starry sky!

laugh!

A sword light cuts through the sky and cuts the great guardian in the distance!

The big guardian squinted his eyes slightly, and his eyes were full of dignity. He didn't dare to have any contempt, he took a step forward and blasted out a punch!

Boom!

With this punch, a terrifying force of destruction suddenly swept out like a wave.

This is really an aura of destruction, with a punch, the entire world is about to collapse in an instant, an invisible rule of destruction annihilates everything.

This punch of his directly matched Qin Chen's sword.

boom!

With a blast resounding, a burst of sword light suddenly burst out, and immediately after that, the great guardian retreated violently, and this retreat was far away!

And Qin Chen also retreated thousands of feet!

Because of this sword, Qin Chen was a pure sword, without urging any extra power.

Otherwise, this sword will be many times stronger.

In the distance, after the Great Guardian stopped, a touch of complexity flashed in his eyes!

He also saw that this was Qin Chen's very ordinary sword, but it directly suppressed his destructive power. Although he only had 80% of the fighting power left in his peak period, Qin Chen was not even the pinnacle supreme. Terrible.

He is a real peak supreme giant.

Today's Qin Chen, I am afraid that there are very few opponents in the pinnacle supreme.

In this universe, another giant was born! At this time, Qin Chen said suddenly: "Great Guardian, one thing I am puzzled! I heard that you and the high priest are masters who followed Princess Lianxinluo. Don't you have any perception of what the high priest did back then? And why is Princess Lianxinluo?

Didn't pass on the inheritance to you? "

If Princess Lianxinluo is testing the high priest and has not passed on to the high priest, what about the great guardian and the great elder? The two of them were also strong people who followed Lian Xin Luo.

The guardian sighed: "In fact, the inheritance of Princess Lianxinluo is not that simple, and it is definitely not something that anyone can inherit. Princess Lianxinluo is the descendant of the demon god. Only those with the blood of the devil \*\*\*\* can accept the inheritance of Princess Lianxinluo. inherited."

"Furthermore, inheritance is very dangerous. Based on the rules that Shadow Supreme and I felt at the time, if we accept the inheritance, I am afraid that it will not be able to bear it in all likelihood."

The guardian shook his head. "This is also the reason why Princess Lianxinluo did not pass the inheritance directly to us. In fact, whether it is us or the high priest, even if Princess Lianxinluo is willing to pass the inheritance to us, the possibility that we can accept it is only tenth scary. Less than one

."

"As for what the high priest did, she hid so well back then that we didn't notice it at first, but when I waited to notice later, it was already too late!"

The guardian sighed.

If he had discovered earlier that year, he wouldn't have been so embarrassed.

Qin Chen glanced at Chen Sisi and frowned, "If it is so difficult to accept the inheritance, then Sisi her..."

The guardian thought for a while, and said: "Since the princess has chosen the saint, there must be her reasons, and..."

The guardian hesitated and said, "His Royal Highness is very similar to the princess when she was young."

Qin Chen was stunned, "Very similar?"

"Yes." The guardian nodded: "I have seen the princess when she was young. The saint and the princess can't be said to be very similar, but they are simply carved out of the same mold."

Qin Chen frowned.

How can there be two people who are exactly the same in this world?

However, Sisi is a heavenly realm that soared from the Tianwu Continent, so how could he have any connection with Princess Lianxinluo?

Qin Chen felt confused.

Is there any secret in this?

Just letting Qin Chen think about it, he couldn't understand the reason, and finally, he shook his head.

Since you don't understand, don't think about it. No matter what the connection between Sisi and Princess Lianxinluo is, it is his Sisi.

At this moment, Qin Chen turned his head and glanced around. The void of tens of millions of miles around him started to fade away bit by bit because of the blow between him and the Great Protector just now!

It can be said that a void is completely gone because of a match between the two of them!

Previously, this place was only exhausted, not completely destroyed. After many years, this place may be revived, but at this moment, this piece of void is directly and completely wiped out!

There is no chance for aura to recover again!

Thinking of this, Qin Chen couldn't help but sighed, "The greater the ability, the greater the responsibility should be. I finally understand why this is, and why the origin of the universe, heaven and earth, is unwilling to let too many powerhouses between heaven and earth." "Once a warrior becomes stronger, he will lose his heart, because there is no power between heaven and earth to restrain him, and many people will lose themselves in the endless power. And a true strong man should be able to restrain him. In my own heart

Acting under the rules! "

"Because, this world is not his own world, but belongs to all living beings."

boom!

As soon as Qin Chen's voice fell, a terrifying aura suddenly fell from the sky. The next moment, the void above Qin Chen's head split open, and then, a terrifying force came down.

In an instant, the Heavenly Dao appeared incomparably clear, circling over the long river of origin of the devil.

"Universe Heaven?"

Qin Chen looked up in shock.

This breath turned out to be the origin of this universe.

boom!

This terrifying force of the Heavenly Dao, like a thunder, instantly entered Qin Chen's body, making Qin Chen's breath more round and deep.

"My lord... is this recognized by the origin of the universe?"

On the side, the Great Protector was dumbfounded, with a dull expression.

Not only him, but the great elders and others not far away were also dumbfounded.

Once a warrior breaks through the realm of the venerable, he will be suppressed by the origin of the universe and heaven, and when he reaches the realm of the supreme, he will be abandoned by the origin of the heaven and earth in order to become a forsaken person.

Any breakthrough caused by a supreme will consume a large amount of the origin of the universe, making the universe one step closer on the road of destruction.

But now, the Origin of the Universe and Heavenly Dao actually recognized Qin Chen, a powerful late-stage supreme powerhouse, how could the guardians not be shocked?

This means that in the future, Qin Chen will not suppress him from the origin of the universe and heaven.

It's almost the same as the Arabian Nights. Unheard of.

[Chapter 4943: Ask heart](#)

Qin Chen stared at his hands blankly.

Recognition of the origin of the universe and heaven?

Although his cultivation level did not improve in any way because of the recognition of the origin of the universe, Qin Chen could feel that after receiving the approval of the origin of the universe, his perception of this world became extremely clear.

The power of the laws lingered between the sky and the earth, in Qin Chen's perception, they were like lines, and the trend of the power of these laws could be seen completely.

Dharma Eye!

This is the greatest benefit after being recognized by the origin of the universe and heaven.

Originally, if Qin Chen opened the eye of creation, he could also see the operation of the laws of heaven and earth, but under the forced state, he could break the origin of the universe. Under the observation of the eye of creation, the laws of the sky and the earth were misty.

But now, the law in front of Qin Chen's operation is extremely clear, without any obstacles at all, it seems that everything in the world is showing its original shape before his eyes.

Moreover, he is no longer suppressed by the origin of the universe and heaven.

This will be extremely beneficial to a supreme.

Qin Chen raised his head and looked towards the endless sky, where there seemed to be a pair of eyes watching him.

It is the way of heaven in this universe.

Heaven is sentimental.

Qin Chen shook his head.

He didn't think too much, he just followed his own heart and couldn't lose himself because of power. As for Tian Daocheng's denial of him, this was extra, even the origin of the universe, Tian Dao, could not stop him.

However, with the recognition of the source of heaven, then my perception of the outside world, I am afraid that...

At this time Sisi and Shangguan Wan'er came to Qin Chen's side and took his hand.

Qin Chen smiled, looked at the two of them, and put them in his arms.

Asking the heart is also the emotion of asking.

No matter what happened, but at this moment, he is willing to accept everything from the two of them.

Shangguan Wan'er was hugged by Qin Chen, her face pressed tightly against Qin Chen's chest, her face flushed suddenly.

Working with one's own disciples makes one's cheeks hot when you think about it.

Not far away, Honghuang Zulong couldn't help but glanced at his mouth, with a look of envy: "Hey, this kid is really a winner in life, unlike us..."

As he said, Honghuang Zulong peeked at the ten-tailed magic fox.

"Old man, what are you looking at?" Ten-tailed Magic Fox said with an ugly expression.

This old-colored dragon's eyeball is grunting, who knows what idea it is thinking.

"Let's go."

At this time, Qin Chen brought Sisi and Wan'er to the crowd.

The ancestors of the deep monsters from the outside world are still watching, and after the high priest leaves, no one knows what will happen.

"What are you going to do?"

Qin Chen looked at the Great Protector, the Great Elder, and the Sword Demon Supreme and others.

"I'm willing to follow the Lord and His Royal Highness."

The crowd bowed and saluted.

Over the years, they have been trapped in the Inanimate Demon Realm and controlled by the high priest. Although the high priest has left, if they continue to stay here, they will still be unable to escape the evil hands of the ancestors of the abyss demon.

Only by following Qin Chen's departure can there be hope for a glimmer of life.

Qin Chen nodded, then looked at the endless corpse puppet in front of him.

boom!

As soon as Qin Chen raised his hand, many corpse puppets collapsed in an instant, rumbling, and the rolling supreme power continued to collapse, surging out endless terrifying power.

"Kid Qin Chen, you are..."

Honghuang Zulong looked over in surprise.

Qin Chen turned these corpse puppets directly into Tao.

The great guardian and the great elder were shocked, unbelievable.

The others also looked over in amazement.

Huadiao!

With so many supreme corpse puppets transforming into Tao at the same time, how terrible the breath erupted.

Boom boom boom!

The power of the Dao soared to the sky, and the origin of the heavenly Dao in the entire universe was surging, cheering.

At the same time, the wills in these corpse puppets were also relieved one after another.

It is the power of the soul remaining in these corpse puppets. Although these corpse puppets had fallen back then, under the control of the altar, there is still a trace of the soul remaining, retaining a trace of unconscious will. For hundreds of millions of years, these souls have been trapped in the body of the corpse puppet under the control of the high priest. Once

Relieve, all kinds of auras are surging everywhere between heaven and earth.

Rumble!

The power of the origin in the entire heaven and earth was violently surging, and the entire river of origin of demon was surging.

The great guardian and the great elder were shocked: "My lord, you actually turned all these corpses into the Tao?"

Qin Chen, who controls the altar, can use the altar to control these corpse puppets. What a terrible power this is, but Qin Chen releases all the corpse puppets without blinking his eyes. What kind of mind is this? ? Qin Chen looked calm and looked up at the sky: "These seniors, in order to fight against the

Dark Clan and the ancestors of the Abyssal Demon, gave their lives. Now after they die, their souls and bodies will naturally return to heaven and earth. How can they be used as weapons? others

Take control. In this way, they are free, and at the same time the universe can be recuperated, and Qin Chen does not need them to fight for me. "

Qin Chen's heart is extremely strong, and along the way, he has relied on himself instead of foreign objects.

Although these corpse puppets are powerful and can form a terrifying formation that can restrain the pinnacle, they are nothing to Qin Chen. Countless supreme corpses were puppeted, and the river of origin of this cube demon suddenly surged. Between heaven and earth, the origin of the universe was cheering and a terrible force came, and this force turned into an invisible barrier, covering it. Dark one

The gap of the clan invasion.

This is the origin of the universe and the heavens, which directly transforms the returned supreme power into the guarding power, guarding this world.

"Let's go."

Qin Chen glanced at the long river of origin of the demon behind him, his figure flickered, and immediately led everyone to the world outside the inanimate demon realm.

After a while, Qin Chen had already arrived outside the Twelve-Day Dumosha Great Array outside the Wusheng Demon Realm.

If you want to leave the Wusheng Demon Realm, you have to pass the twelve days of all evil spirits.

"You all enter my little world."

Qin Chen turned his head and looked at the people behind him. When he raised his hand, everyone entered the Chaos World. At the same time, Qin Chen directly activated the Demon Soul Source Device, and the whole person had entered the Twelve-Day Demon Demon Formation. Among.

"Um?"

As soon as he entered these twelve days of the evil spirits formation, Qin Chen couldn't help but frown slightly.

"not good."

The next moment, his pupils suddenly shrank, and his figure suddenly disappeared in place.

With a bang, a terrifying force suddenly collapsed where Qin Chen disappeared. This force was extremely terrifying. If he hadn't escaped in time, he would definitely be in trouble once he was hit.

"These twelve days of evil spirits have actually been activated. Yes, the high priest broke in here before and disturbed the twelve days of evil spirits. Damn, you must leave as soon as possible, otherwise the ancestors of the abyss You may find me there!"

Qin Chen's pupils shrank.

Huh! With a teleport, he came directly to the space between the empty world, and rushed away from the twelve days of the Great Demon Array.

#### [Chapter 4944: Windfall](#)

At this moment, the power of the Twelve Capital Heavenly Demon evil array was surging, and it was obvious that this array had been completely activated by the high priest.

Under this circumstance, even the Demon Soul Source Artifact could not avoid this formation easily.

Boom!

I saw the power of the terrifying Heavenly Capital Demon Sha surging in the surrounding void.

"Dust, be careful."

In the chaotic world, both Chen Sisi and Shangguan Wan'er said nervously.

"Humph!"

Qin Chen's pupils shrank.

Want to trap him even with these forces?

He hadn't dared to explode all his power above the long river of origin of the devil before, because with his current strength, a little bit of strength burst out, enough to make the world collapse, then he would regret it.

But in these twelve capital heavenly demons, Qin Chen can unscrupulously release his power.

In the silent void, Qin Chen stood proudly here, and the surrounding power flashed out.

Standing in the void, Qin Chen, wearing a Haotian Divine Armor, looked at the power rolling in around him, with indifference in his eyes: "Let me see how strong these Twelve Capital Heaven Demon Arrays are."

boom!

A terrible force poured out from Qin Chen's body.

"Chichichichi..." Countless burning origin power surged into the Haotian Divine Armor on Qin Chen's body. The Haotian Divine Armor on Qin Chen's body quickly lit up along a large number of secret patterns, and a vast phantom appeared. It spreads along Qin Chen's back

. At this moment, the Haotian Divine Armor on Qin Chen suddenly lit up with dazzling rays of light, and the mysterious phantom stretched out. With a click, Qin Chen felt that something in the Haotian Divine Armor was broken.

The Haotian Divine Armor burst out with a dazzling light.

The Haotian divine armor was completely urged, and the divine armor immediately changed, and a deep and powerful aura spread.

This pressure alone makes the Haotian Divine Armor stronger than the average top supreme treasure.

"boom!!"

Vague, endless emptiness, everything is shrouded in faint black shadows, endless.

Bang bang bang!

The bombardment of the Twelve Capital Heavenly Demons Array that surged from all around was shattered by the bombardment in an instant.

Qin Chen stood in the air blankly.

The power erupted by the Vast Sky Divine Armor, no matter how powerful it was, it would not shock Qin Chen, but the power displayed by the Vast Sky Divine Armor at this moment... totally shocked Qin Chen.

"This, this..." Qin Chen looked in all directions.

"In the depths of the void, thousands of miles away, there is a formation of the twelve capital heavenly demons."

Qin Chen turned his head and looked in another direction: "13 million kilometers away from my left, in that hidden void, there is the second base of the Twelve Capital Heavenly Demons Array."

"The other base is 8 million kilometers above."

The vast and mighty, with Qin Chen as the center, within a radius of hundreds of millions of miles, the twelve capital Tianmasha array was enveloped by the invisible light of Ruoyouruuowu!

Qin Chen controlled all of this divine light, which was a feeling of complete control in his heart.

"How could it happen, how could it..."

The more Qin Chen senses everything, the more shocked he is, "Even if the pinnacle supreme, using the time and space of one party, it will not be outrageous to have such a large range!"

"Moreover, here is the twelve capital sky demon evil formations, the top-level formations arranged by the ancestors of the deep demons, how can I..."

"suppress!"

Qin Chen urged it, and immediately the time and space within this radius of hundreds of millions of miles were bound to greatly increase, making all the voids in this void range completely under Qin Chen's control.

Originally, Qin Chen urged the Demon Soul Source Device to control some of the void of the Twelve Capital Sky Demon evil formations, and escaped the senses of the Great Formation.

However, that is only in a small range.

But now, under the blessing of the Demon Soul Source Device and the Haotian Divine Armor, the entire range of the entire Twelve Capital Heavenly Demon Slayer Array appeared in Qin Chen's mind, and was clearly perceivable by Qin Chen.

"Suppress with all your strength." Qin Chen pointed to a formation in the distance.

boom! !

The formation base and the power of the demon evil spirit around the formation base, under the power that was enough to exterminate the late supreme, suddenly annihilated and disappeared, and the large formation base disappeared directly into the void.

"What a mighty power."

Qin Chen used all his strength to suppress himself, and immediately felt pressured by a powerful force, "It is stronger than the oppression and restraint of ordinary pinnacle supreme in controlling the time and space of a party!"

Qin Chen has personally felt the time and space constraints of Pinnacle Supreme.

For example, the dark world of the Supreme Shadow, the destructive power of the great guardian, and the time and space control of the high priest.

Therefore, I can clearly judge... I have more control over this vast space within a radius of hundreds of millions of miles than the pinnacle supreme controls the time and space of a party.

Not weaker than the destructive power of the great elder's dark world and the great guardian.

Even close to the time and space constraints of the high priest.

"In terms of scope! In terms of mighty power! It is more powerful than the ordinary pinnacle supreme control of the time and space."

"My Haotian Divine Armor..."

Qin Chen was overjoyed, "This thing is definitely not an ordinary treasure, it is so powerful? This is definitely a treasure of at least the pinnacle supreme level."

Only the treasure of the pinnacle supreme level has such power.

"Furthermore, to achieve such a power, it should be recognized by the origin of the universe and heaven, and even accounts for a large proportion."

Qin Chen thoughtfully.

In general, the Supreme Supreme Treasure, it is impossible to have such a terrible control over the Twelve Capital Tianmasha Great Array. After all, the high priest himself is the Pinnacle Supreme, and he still faintly touches the pinnacle of the detached realm.

With the high priest's strength and supreme treasure, if the pinnacle supreme was really that strong, then he would have escaped from this lifeless demon realm long ago.

But she didn't do it. Obviously, most Peak Treasures can't do it.

From this point of view, it is obviously because of the recognition of the origin of the universe and the blessing of the magic soul source device that it has such power.

But even so, it is already extremely scary.

"receive!"

Following Qin Chen's deliberate control, the mighty and dim divine light quickly shrank, and in the blink of an eye, it shrank from hundreds of millions of kilometers in diameter to the surrounding area of Qin Chen.

"The scope can be large or small."

"The power is amazing."

Qin Chen smiled, "From now on, with this trick, I will naturally control time and space. Coupled with the origin of time, the universe and heavenly origin admits that where can I not go under this world?"

Qin Chen was excited, and the Haotian Divine Armor combined with the recognition of the origin of the universe and the heavens, and unexpectedly exploded with such a power, which was indeed a gain that Qin Chen had unexpectedly achieved.

"However, now is not the time to study this, leave here first."

boom!

With divine light blooming on Qin Chen's body, under the blessing of the Haotian Divine Armor, he swiftly swept toward the Twelve Capital Heavenly Demon Slayer's large array. Now that he has such a mighty power, Qin Chen can know any movement of the big formation, and he can naturally leave quietly.

#### [Chapter 4945: Won't last long](#)

Whoosh whoosh.

In the twelve days of the evil spirits formation, Qin Chen's figure is like electricity, and he is in charge of time and space. This can block the pinnacle supreme array, and in Qin Chen's eyes it is like no one.

Since he had rescued Sisi, he wanted to leave the demon world as quickly as possible.

As long as he doesn't leave the Demon Realm for one day, Qin Chen will feel uneasy for one day.

The ancestor of the deep demon, who has been in charge of the demon world for hundreds of millions of years, and one of the strongest in the universe, is definitely not so good-to-see.

at this time.

In the void of the entire Demon Realm.

Roar!

Demon Ancestor Luohu burst out with chaotic devil energy, incarnate with three heads and six arms, like an ancient \*\*\*\* and demon, struggling frantically.

His body is extremely majestic, with a height of hundreds of millions of kilometers, standing on top of the earth, as if it could open up a universe, and the stars burst out between his fingers.

But at this moment, his body is bound by chains that reach the sky. Each chain is hundreds of millions of meters long and tens of thousands of kilometers wide. On these chains is the power of darkness that destroys the world and destroys the earth. The Demon Ancestor Luohu penetrated his whole body and was locked under the demon formation.

No matter how much Luohu Demon Ancestor struggled, he couldn't get rid of it. Those dark runes, turned into tadpoles, constantly poured into Luohu Demon Ancestor's body, suppressing the chaotic magic energy in his body.

"The ancestor of the deep demon, just fight with the ancestor if there is a species."

Luohu Demon Ancestor looked up to the sky and roared, his expression furious.

Boom boom boom!

He twisted his body crazily, but he couldn't break free from the \*\*\*\* of the ancestor of the abyss demon. The power burst out by the ancestor of Luohu, and the traces that escaped at random, could explode the stars. However, in the power of the ancestor of the abyss demon. Down, but there is no room to break free.

"Luohu Demon Ancestor, you can be regarded as the topmost existence among the three thousand ancient Chaos Gods and Demons, you can't think of being so innocent."

Above the endless sky, a towering figure stood up, with a sneer at the corner of his mouth, rumbling to speak, it was the ancestor of Yuanmo.

He stared coldly at the Demon Ancestor Rahu, who was bound by the endless magic array and bound by many dark chains, with a mocking look in his eyes: "As one of the gods and demons who have lived from ancient times to the present, you old things should have long been surrendered to the endless In the years of lingering, why did you come out to swagger? Since you are wild in my demon world, it is no wonder this seat, as long as you swallow your chaotic origin, you will surely let this seat control the power of detachment, and further ."

The ancestor of the deep demon Longlong said, his expression was indifferent, his eyes did not look at the demon ancestor Luohu at all, but looked beyond the vast demon world.

There, a majestic and majestic figure stood and stared at it.

It is the coalition of human races headed by Xiaoyao Supreme.

Looking at the entire universe, even the ancient gods and demons like Luohu Demon Ancestor, the Yuan Demon Ancestor didn't care about it, and the only thing that could care about him was Xiaoyao Supreme.

Both of them, who are half-step detached, are already at the pinnacle of this universe, and they are all looking for the last step to take.

As for Luohu Demon Ancestor.

The ancestor of Yuanmo sneered and glanced behind him. Behind him, there are many vast figures headed by Huanggu Zhizun and others.

Each of these figures erupted with endless ancient and magnificent aura, either like an ancient sacred mountain, or like a lurking volcano, or like an endless abyss.

It is vast and unfathomable.

These are the many top powerhouses in the entire Demon Realm.

The densely packed Demon Realm powerhouses towered in the sky one by one, each erupting endless power, spurring the top demon realm array, guarding this world, and restraining the Luohu Demon Ancestor.

These magnificent figures of the demons stand proudly in the sky, full of fighting spirit.

After Qin Chen broke into the Inanimate Demon Realm before, all the demon races in the entire Demon Realm awakened under the call of the ancestor of the Abyss Demon. At this time, the entire Demon Realm had entered the strongest guard.

The demons are a big family.

In the entire Demon Realm, the Abyss Demon Race is just one of them, and besides the Abyss Demon Race, there are many other top Demon Races, such as the Dead Demon Race, the Spirit Demon Race, the Sky Demon Race, the Shura Demon Race, and so on.

Almost every top demons has hidden ancient giants.

Many of these ancient giants were lurking in the secret realm of various races when their lifespan was approaching or their body was damaged during World War I, just to preserve their lives and extend the future of the race.

They are all waiting for an opportunity.

But at this moment, these ancient giants were all awakened under the call of the ancestors of the deep demon, and blocked the entire demon world.

Just because, many powerful humans headed by Xiaoyao Supreme are gathering outside the devil world.

The movement made by Qin Chen in the Yuanmo ancestor land before, coupled with the fluctuations of Xiaoyao Supreme and Yuanmo ancestor fighting, has attracted the attention of the entire universe, and it has become the focal point of the entire universe.

At this moment, outside the demon world.

The masters of the Human Race Council such as Shengong Zhizun and Jiuyao Zhizun gathered around Xiaoyao Zhizun one after another.

"Master Xiaoyao, this Demon Ancestor Luohu may not last long."

With Xiaoyao Zhizun's side, Shen Gong Zhizun sighed.

Although his cultivation level is not strong, but as the palace master of Heavenly Work, his eyes are harsh, and he can see at a glance that the current Demon Ancestor Luohu is only lingering.

Xiaoyao Zhizun glanced at Demon Ancestor Luohu, sighed slightly, nodded and said, "It's a pity for this person. Demon Ancestor Luohu is the most top-level existence among the three thousand ancient Chaos Gods and Demons. In ancient times, he was a master of the pinnacle supreme level. .Because it was the time when the universe opened up and was just born, the origin of the chaos between the heavens and the earth was extremely powerful. In that era, no chaos gods and demon could step into the half-step transcendence realm. It was not that they were not strong, but that they were caught Too much oppression."

"Later, the universe changed and entered the barbaric era. Because of the drastic changes in their origins, a large number of chaotic gods and demons fell in that drastic change, but there were also some chaotic gods and demons sleeping in various secret realms and primitives. place."

"This Luohu Demon Ancestor should also be hiding in a certain unearthly secret realm, and it has survived to this day. Millions of years of sleep and hard cultivation have long brought their cultivation to a limit."

Xiaoyao Supreme shook his head slightly, with regret: "If these powerful people are in other places, even if they are powerful people like the ancestors of the deep demon, they don't want to refine them... However, this person is trapped in the demon world. ."

"The Demon Realm, but the stronghold of the old thing of the Abyss Demon..."

There was jealousy in Xiaoyao Zhizun's eyes.

The Demon Realm is a place that even he can't trespass easily. Once trapped in it, it is extremely difficult to get out of it.

"Master Xiaoyao, shall we watch that Demon Ancestor Luohu be refined by the ancestor of Abyss Demon? Once this person is refined, I am afraid..."

Shen Gong Zhizun said solemnly.

#### [Chapter 4946: Not already...](#)

Now, the ancestor of the abyssal demon is already extremely powerful, if he is allowed to refine an ancient chaos divine demon like the demon ancestor of Luohu, the pressure on the human race will increase again.

"Let's take a look."

Xiaoyao Supreme's eyes were cold and stern, as if he was thinking about something: "This Demon Realm is not so easy to enter. If you don't have full confidence, you can enter rashly, I'm afraid..."

Xiaoyao Supreme shook his head, did not say anything, just looked up at the sky.

At his level of cultivation, he can see more naturally, and he can also sense some things that others can't perceive. This Demon Realm is by no means as simple as it seems on the surface.

"If it weren't because Qin Chen was still in this Demon Realm, I'm afraid I would have left long ago..."

Xiaoyao Supreme Concentrates.

Shen Gong Zhizun also showed concern: "I don't know where that kid went? I haven't found it yet, it won't be..."

Speaking of this, Shen Gong Zhizun's expression was slightly anxious.

Today's Demon Realm, with the opening of the Great Boundary Array, has already fallen into chaos. Once Qin Chen's strength is discovered, he will inevitably die.

The most important thing is that now that the ancestor of the abyss is in charge of the demon world, even a pinnacle such as the demon ancestor Luohu cannot hide himself. With Qin Chen's cultivation base, how can he escape the detection of the ancestor of the abyss? should have been discovered long ago That's right.

What is strange is that Qin Chen disappeared mysteriously and disappeared without a trace at all. How could Shen Gong Zhizun not be puzzled?

Xiaoyao Zhizun opened his eyes, pinched his fingers slightly, and the breath of destiny lingered on him, and then Xiaoyao Zhizun shook his head and said, "That kid is not that easy to die." Xiaoyao Zhizun's eyes were deep: "The kid's cultivation is not good. He is high, but his life is extremely hard. Even if he falls, he will not be so silent. Moreover, he is also surrounded by the two ancient Chaos Gods and Demons, the Primordial Ancestral Dragon and the Blood Ancestor.

If something happens to him, there will be a shocking noise. "

Shen Gong Zhizun frowned and said: "Where did he go? Why is there no movement?" "It's hard to say, this person's fate is treacherous, and ordinary people can't guess it." Xiaoyao Supreme shook his head: "This time the Demon World has changed. It is determined by him. I can only stay here now. Once I find his trace, I will enter immediately.

In order to rescue, we must not let that kid die in the hands of the ancestor of the deep demon. "

Xiaoyao Supreme looked serious: "The future of this universe, I am afraid that it will fall on their generation." At this time, the ancestor of Yuanmo always guarded Xiaoyao Supreme outside the demon world, and sneered: "Xiaoyao Supreme, I persuade You should leave quickly, otherwise, after the ancestor refines the demon ancestor Rahu, this heaven will be your burial place.

."

Xiaoyao Supreme sneered: "It's up to you?"

The ancestor of Yuanmo sneered, did not speak, his eyes just looked beyond the endless void of the universe.

Following the gaze of the ancestor of Yuanmo, Xiaoyao Supreme frowned, his gaze suddenly condensed, and he also looked at the cosmic void in the distance.

Rumble! I saw the cosmic void in the distance outside the Demon Realm. Suddenly, the endless void trembles suddenly, an astonishing roar resounding across the sky and the earth, between the sky and the earth, the entire time and space is roaring, and the power of the source is like a king.

The ocean is generally surging.

The next moment, in a deep void hundreds of millions of kilometers away from the Demon Realm.

Boom!

Three dazzling void lights lit up, and along with the three dazzling lights, three huge space-time black holes were formed.

boom!

boom!

boom! Under the eyes of everyone, three terrible auras slowly descended from the empty black hole at that time, appearing in this world, these are three towering and boundless figures, everyone is like a god, and the body is filled with endless terrible aura

, Where these three people passed, the dead water-like starry sky crazily retreated, and they couldn't get close to them at all.

Even where they stand, the rules of that universe are controlled by them, as if they have become the gods of this world. Among them, one person is full of bones, sitting on a bone throne. Behind him is an endless sea of bones. It is the leader of the bone clan. Wherever he goes, the void around his body is twisted into a whirlpool, as if becoming The collar of death

area.

The other person stood on a brood made up of countless ugly pitch-black bugs. The brood was tens of thousands of kilometers long, so majestic and boundless, it made people feel chills at first glance.

As for the third one, it was a dark shadow, which seemed to be between the matter and the soul, faintly, but exuding an icy breath that even freezes the universe.

It is the three top powerhouses of the Bone Race, the Zerg race and the Ghost Race, and the three powerhouses of the Ten Thousand Bone Supreme, the Worm King and the Evil Ghost Supreme.

And after they arrived, a powerful breath also appeared from behind their three towering figures. It was the countless top powerhouses of the three tribes, densely packed, appearing one after another from the wormhole of time and space.

"Bone tribe, zerg tribe, and ghost tribe?"

Shengong Supreme's eyes shrank.

"More than that." Xiaoyao Supreme turned his head and looked at another void. In that void, a faintly figure of a Zun also appeared.

"It seems that this old thing, the ancestor of the deep demon, summoned many powerful races under his own demon clan." Xiaoyao Supreme frowned.

"Master Xiaoyao, I'm afraid it will be troublesome now."

Shen Gong Zhizun's face is ugly.

The Demon Race alone is enough for them to deal with. Now the other powerful races under the Demon Race Alliance are all gathering together. For them, this team will be a huge pressure.

You know, the ancestor of the deep demon can inform the many powerful people under his command, but the human alliance does not dare to move easily, because this place is the home of the demon, who knows if this will be one of the ancestors of the deep demon conspiracy.

If it is to summon many powerhouses from the Human Race Alliance.

Within the human race, there must be emptiness.

At that time, the ancestors of the deep demons will have other dark hands, and that human territory will suffer a huge disaster.

"Hahaha, Ten Thousand Bone Supreme, you are here just right."

At this time, the ancestor of Yuanmo saw the Ten Thousand Bone Supreme and the others, he couldn't help but laughed loudly.

"I'll wait, I've seen Master Abyss Demon Ancestor."

The leaders of the three races of Ten Thousand Bone Supreme, Insect Sovereign, and Evil Ghost Supreme, and the top supreme powerhouses, all saluted and said respectfully.

However, his expression still looked at Xiaoyao Supreme not far away with alertness.

Except for the ancestors of Yuanmo, they dare not challenge Xiaoyao Supreme.

"You will guard outside the void of this demon world. If there is any change in the human race, you will shoot from behind them and join hands with your ancestors, so that the many powerful people in this human race will come back and forth."

The ancestor of Yuanmo laughed, his expression contemptuous.

"Yes."

The three leaders are supreme and all salute respectfully.

I also secretly breathed a sigh of relief. They are most worried that the ancestors of the Abyssal Demon will let them face the strong human race. If so, their three major races are afraid that they will suffer heavy casualties, but if they attack from the rear, it is not a bad idea.

#### [Chapter 4947: Two little guys](#)

Densely dense phantoms of the tens of thousands of races, faintly surrounded by the strong human race, blocking this void.

boom!

Behind the Ten Thousand Bone Supreme, a vast sea of bones like a galaxy emerged. These seas of bones are composed of countless bones, and each of these bones exudes a heart-palpating aura, as if it could hold the sky. pierce.

Ju is the corpse of the top powerhouse.

The Bone Race is a special race. They rely on swallowing the corpses of the ten thousand races to strengthen themselves. The power of cultivation is similar to the death aura of the underworld and is extremely powerful.

And the sea of bones that evolved behind this Ten Thousand Bone Supreme is the top supreme treasure of the Bone Race, and it is the true top peak supreme-level supreme treasure.

Once it broke out, it could ruin the world.

And when Ten Thousand Bone Supreme released his own sea of bones to cover the world, the worm emperor on the side also led countless zerg armies around.

Behind the worm emperor, there is an army of zerg who shields the sky from the sun. These zerg armies have different shapes, but they all have a secret connection with the worm emperor, which makes the scalp numb.

As for the evil ghost supreme of the ghost race, they turned into ghosts, lurking in the lonely and dark universe, like a ghost that lingers in the shadows, firmly locking the many powerful people of the human race.

The top races on the three million races list surrounded one after another, and immediately the hearts of many powerful people of the human race sank, and they were a little flustered.

Bone tribe, zerg tribe, ghost tribe, any tribe, looking at the universe, has a prestigious name, and it is the top race among the universe's ten thousand tribes.

Now, the three tribes are dispatched together, together with the demon clan led by the deep demon ancestor in the demon world in the distance, immediately giving great oppression to the strong human clan who rushed to the scene.

"Xiaoyao Supreme, why, still not retreating? Are you making up your mind to die here?"

In the devil world, the ancestor of the deep demon made a mocking smile and said coldly.

Such a posture naturally made the many powerful humans of the human race very angry, and their faces were blue.

Xiaoyao Supreme smiled when he heard the words, "Retreat?"

He glanced around his body, with a trace of disdain in his eyes. Boom, a vast body bloomed out of his body, and he slapped the vast sea of bones in the distance. Fall down.

Boom!

With this palm out, the heaven and the earth collapsed, and the entire universe burst out with a rainbow of thousands of feet. The giant hand that opened up to the sky was like a \*\*\*\* who reached out of his palm. It was hundreds of millions of miles in radius, and instantly came to the vastness of the supreme bones. In front of the sea of bones.

"not good."

Ten Thousand Bone Supreme, who was slowly approaching the human army, changed his expression sharply, and violently urged the sea of bones behind him.

Wow, countless bones squirmed quickly, and under the urging of Ten Thousand Bone Supreme, they turned into a giant of white bones. This giant of bones is extremely majestic, reaching hundreds of millions of miles in height, and the body is above the sky. The luster of each one burst out with astonishing coercion.

The Throne of Ten Thousand Bone Clan is the heirloom treasure of the Bone Race, its power is amazing, and the giant of bone is transformed by that top Treasure Ten Thousand Bone Throne, and it is instantly stopped by Xiaoyao Supreme's big hand protruding out.

"Block me."

Wan Gu Zhizun let out a roar, and the original power in his body was urged to the extreme in an instant.

In the face of a strong man like Xiaoyao Supreme, how dare he have the slightest carelessness, if one is not careful, he will be dissipated and urge the Throne of Ten Thousand Bone to its peak.

There was a boom.

Under the gaze of all eyes, the amazing giant hand that Xiaoyao Zhizun protruded instantly fell on the skeletal giant that reached the sky, and the next moment, I heard a click, the bones throne urged by the bones supreme did not even have time to hold on for a breath. , Countless dense cracks appeared on it immediately.

Immediately afterwards.

With a bang, the entire skeletal giant was instantly squeezed and exploded by Xiaoyao Supreme's big hand, and the sky full of white bone fragments shot in all directions, piercing the endless void.

Every white bone fragment, the power that bursts out, is enough to explode a star.

And Ten Thousand Bone Supreme flew crazily in the endless white bones, and cracks appeared on the body in an instant.

Not far away, the insect emperor and the evil ghost supreme changed their colors and even shot to stop them, but they couldn't stop the ten thousand bones supreme. After they hit the two of them, they flew out for tens of millions of kilometers before stopping in embarrassment. .

boom!

After Wan Gu Zhizun stabilized his figure, the void behind him burst directly into pieces, unable to withstand this force at all.

With one blow, the Bone Race ancestor, who was at the top of the Ten Thousand Races List in the universe, was severely injured and almost collapsed on the spot.

The eyes of the powerhouses of the Bone Race, Zerg Race, and Ghost Race all showed horror.

Is this gap too big?

It's not on one level at all.

Under the gaze of everyone, Xiaoyao Supreme retracted his big hand, glanced at the ancestor of Yuanmo, and said lightly: "Old ghost of Yuanmo, are you having a convulsion in your brain? After looking for so many cats and dogs, I also want to stop this seat, ridiculous, just This group of guys, you can pinch them to death with just one finger!"

overbearing.

Arrogant.

Unscrupulous.

Xiaoyao Supreme stood proudly in the void, his expression was indifferent, and his opening voice was not loud, but it fell in the ears of everyone present, but it was like thunder.

That remarkable demeanor shocked everyone present, and the momentum of the human race skyrocketed in an instant.

But the strong men of the Bone Race, Zerg Race, and Ghost Race changed their colors one after another at this moment.

"A bunch of trash."

The ancestor of Yuanmo's face was blue and ugly.

He was too lazy to pay attention to Xiaoyao Supreme, turned to look at the trapped Demon Ancestor Luohu, and snapped away with both hands.

Boom!

The chaotic origin of Luohu Demon Ancestor burned instantly, and a trace of chaos origin was slowly absorbed by the Yuan Demon Ancestor.

"Master Luohu Demon Ancestor."

In Luohu Demon Ancestor's body, Mo Li and Chi Yan Demon Lord looked terrified, because at this moment, the aura in them was also slowly rising.

In the past, the devouring power that was unfavorable in the devil world, facing the devouring of the ancestor of the abyss, there was no resistance to it.

There was a boom.

Mo Li and Chi Yan Demon Lord could no longer hide, they were instantly shaken out of Luohu Demon Ancestor's body, one by one suspended in the void, enveloped by the power of endless darkness.

"You two, break this dark chain for me." Demon Ancestor Luohu said in fright.

Mo Li and Chi Yan Demon Lord gritted their teeth, and even shot at the dark chain, but the power of the dark chain was too strong. Although both of them broke through the supreme realm, they couldn't shake the dark chain at all.

"Huh? Unexpectedly, in this ancient Chaos Demon God, there are two little guys who don't know how to live or die."

The ancestor of Yuanmo sneered and looked over.

Although Moli and Chiyen Demon Lord are both Supreme-level powerhouses, and they are still outstanding in the Supreme-level, they may be able to compete even if they are the late-stage Supreme.

But in the eyes of the ancestor of the deep monster, they were just two inconspicuous little guys, who didn't care at all.

#### [Chapter 4948: The ancestor does not need](#)

At this moment, the ancestor of Yuanmo fell on Moli's body, and couldn't help being taken aback.

boom!

At this time, the aura on Mo Li's body surging slowly, and began to absorb the dark aura released by the ancestor of the Abyss Demon little by little.

How terrible is this dark air can restrain the Demon Ancestor Luohu? I am afraid that the general peak supreme would not dare to be light-hearted, but under the devouring of magical power, it actually entered his body and was slowly absorbed by him.

Has not been corroded by the power of darkness.

On the contrary, there was a dark aura rising in Mo Li's body, devouring the original power of the power of darkness.

"Magic Gu?"

The ancestor of the deep demon showed a shocked look on his face, and then smiled slightly:

"Unexpectedly, the demon gu that crossed the demon world back then was hidden in your boy's body, hidden in the demon world of this seat, how, it has long been turned into eternal Guy, don't you want to turn the sky upside down."

The ancestor of Yuanmo sneered, raised his hand abruptly, and directly pressed it down with his big hand.

"boom!"

The power of the billowing darkness was instantly like a vast ocean, instantly suppressing Moli's body, and instantly suppressed Moli.

But at this moment.

Hum!

A special dark swallowing power suddenly appeared on Moli's body. Boom, the entire void seemed to boil, and a shadow of nothingness suddenly appeared behind Moli. This shadow was like a black hole, swallowing everything in heaven and earth, madly swallowing the abyss. The power released by the demon ancestor.

The dark powers of the top-level Abyssal Demon were swallowed by this black hole.

"Sure enough, it is the legendary Gu demon."

The ancestor of Yuanmo sneered.

"Gu demon?"

On the side, Huanggu Zhizun and other powerful demons all changed their colors.

Gu Demon was a top demon in the Demon Realm of the ancient times, with great strength.

It lives by devouring the power of the demon clan, and is a disaster for the world. Unscrupulous killing on the demon world continent has caused the entire demon world to fall into a waste of life.

In ancient times, countless masters of the demons tried to stop the Gu demons, but no one was its adversary. On the contrary, they suffered heavy losses and blood flowed into rivers.

In the end, it alarmed the top races of the Demon Race at the time, and the ancestors of the major races all attacked the Gu Demon. Instead of beheading them, they were secretly attacked and killed one person, seriously wounded and escaped on the spot.

Ten thousand years later, Gu Demon came out of the mountain again, with even greater strength, and directly broke into the forbidden area of the top Demon Race that besieged him back then, and annihilated the entire Demon Race group. No one survived.

In the end, this incident shocked the Demon God to take action, directly descending from the sky, killing him, the evil of Gu demon, and this dissipated the world.

Now that I heard that the demon Li in front of me was actually a Gu demon heir, he immediately astounded Huang Ancient Supreme and the others.

The corner of the deep demon ancestor's mouth sketched a sneer: "Gu demon? It's a bit interesting, but unfortunately, an old thing that has been dead for an unknown number of years, I don't know how to dissipate the world, and come out to make trouble. I don't know how to live or die. Today, this seat completely wiped you out. ."

A dark wheel appeared in the back of the ancestor of the deep demon. This dark wheel contained many rules of the demon clan's heavenly laws, and once again suppressed the magic power.

Boom!

The Gu Demon phantom behind the Demon Li directly collapsed.

With a pop, Mo Li spouted a mouthful of blood on the spot, his face turned pale suddenly, and his body was shaky.

"Lier."

Chiyen Demon Lord looked furious and rushed forward.

"Chi Yan, don't come over."

Mo Li changed color and looked up at the ancestor of Abyss Demon: "Don't kill me, I can tell you a secret."

Mo Li anxiously said.

At this moment, he actually felt a strong sense of crisis.

This is a crisis of life and death.

He feels that if he holds on to it, he will die.

"Oh?"

"secret?"

The ancestor of Yuanmo smiled: "You are an ant, what secret can you have? My ancestor doesn't need it."

The ancestor of Yuanmo left his words, raised his palm, and prepared to suppress it.

Mo Li hurriedly shouted: "It's about the safety of your Demon Realm, are you sure you don't need it?"

"The Devil is in danger?"

The ancestor of Yuanmo frowned.

"Yes." Mo Li said anxiously: "Do you know what caused the changes in the Chaos God Demon Sea before? And the person you chased in the abyss, who do you know?"

Mo Li eagerly said.

"Lier?"

Chiyen Demon Lord was a little confused, turned his head and looked over.

What does Mo Li mean?

Is this preparing to confess Qin Chen?

In fact, Mo Li really had this plan.

"Damn, this ancestor of the Abyss Demon is too strong, if I go on, I will probably die here, and I can only betray that kid."

Mo Li gritted his teeth, his eyes flickered: "The abyss demon clan made such a big disturbance. In all likelihood, it is the ghost made by that kid. How can that kid eat up all the benefits and let me carry a scapegoat here? Zi must still be somewhere in this demon world."

Mo Li looked around, searching everywhere.

He had a feeling that Qin Chen did 100% of what happened to the Abyssal Demon Race.

"As long as there is that kid, Lao Tzu will definitely be unlucky, but again, as long as there is that kid, maybe it will come back."

Mo Li thought in his heart.

"You know?" The ancestor of Yuanmo narrowed his eyes.

"Of course I know, as long as you let me wait, I will tell you the origin of this person..." Mo Li said solemnly.

The ancestor of Yuanmo sneered, just about to speak.

Sudden.

boom!

A certain heaven and earth in the Demon Realm, a shocking wave suddenly oscillated. It was the Great Demon Realm's enclosing formation, which was shocked.

"My lord, something has changed!"

Huanggu Zhizun even said.

"It's the position of the Wusheng Demon Realm."

The ancestor of the Abyssal Demon looked up, his pupils shrank, a sharp look flashed in his eyes, his big hands slammed out, and with a bang, he saw the world trembling violently, and the entire void boiled directly under the force of the turbulent rules. In the middle, a figure was suddenly shaken away.

As soon as this figure appeared, it exuded a palpating breath. At the same time, the many powerful men who guarded that piece of heaven and earth rushed towards the figure.

"Who? Ambush in my demon world."

The leader is the ancestor of the Sky Demon Race, a supreme-level powerhouse, who brought many powerhouses to directly suppress that figure.

However, that figure just shook slightly, with a thud, and the many powerful demons who pounced on this person all flew out all at once, unable to get close to this person at all.

"Peak Supreme Master?"

Feeling this vitality, the eyes of the Demon Race ancestor's pupils instantly showed horror.

Where did such a master come out again?

After seeing this figure, the ancestor of Yuanmo suddenly shrank, "The High Priest of the Righteous Army?"

The ancestor of Yuanmo was shocked.

"is her?"

Shen Gong Zhizun couldn't help being stunned when he saw the other party.

"This person is?"

Jiu Yao supreme on the side was puzzled.

"This person was the first arrogant of the Asura Demon Clan that year. Later, he followed the Demon God Princess Lianxinluo and became one of her maid. It is rumored that this person served as a high-level righteous army after the Demon Princess Lianxinluo established the Righteous Dao Army. He is still alive unexpectedly."

Shen Gong Zhizun explained in a deep voice.

#### [Chapter 4949: What did you hear](#)

The supreme workmanship is a boy under the command of the ancestor of the craftsman.

Although in ancient times, the status of the supreme divine workmanship was not high.

But it is a genuine human orthodoxy, so it has a very clear understanding of what happened in the universe that year.

Naturally, I also know the relationship between the high priest and the demon righteous army.

"Unexpectedly, this person is still alive, but...this person's state seems a bit wrong."

Shen Gong Zhizun frowned and looked at the high priest in the Demon Realm who was trapped by the Great Seal of the Realm, his eyes slightly puzzled.

"Something is wrong?"

Jiu Yao Zhizun was stunned for a moment, and looked at it carefully: "It's really the case."

Obviously, he could also see that the state of the high priest was not good.

Xiaoyao Zhizun squinted his eyes and said: "This person was seriously injured, and the body has been annihilated. What you see now is her soul, the entity condensed by the soul."

"Only one soul left?"

Divine Work Supreme showed a look of astonishment: "This person is a pinnacle supreme master, who can destroy her body? Sir, do we want to rescue this person..."

Shen Gong Zhizun looked anxious: "This person is the leader of the Righteous Dao Army, and can be regarded as an ally of ours. With the fierceness of the ancestors of the Abyss Demon, he will definitely attack him. If there is really only one soul left, I will wait. Shot, she's afraid she won't be able to escape to death."

Shen Gong Zhizun was quite anxious in his heart. He naturally knew the source of the Righteous Dao Army. How could the leader of the Righteous Dao Army die in the hands of the ancestor of the Abyss?

"Rescue this person?" Xiaoyao Supreme shook his head and said lightly: "This person's cultivation base is not only in the pinnacle supreme realm, but has even touched the threshold of a half-step transcendence realm. It's a pity..."

The Supreme Master of God was puzzled: "What a pity?"

Xiaoyao Zhizun said: "Unfortunately, this person has betrayed this universe, and has been in the same relationship with the dark clan."

"what?"

Shen Gong Zhizun looked shocked, turned his head to look at the high priest, and said in disbelief: "This high priest was under the command of Princess Lianxinluo. In order to resist the invasion of the Dark Clan, Princess Lianxinluo sacrificed herself and blocked it. Living in the entrance of the Dark Clan invasion, after that, this person should be in charge of the righteous army against the ancestors of the Abyss Demon. How could it be in the same way as the Dark Clan?"

"The power of darkness in this person is extremely rich and ancient. I am afraid that it is related to the dark clan in the ancient times. Leader of the Righteous Army? Ha ha..."

Xiaoyao Supreme shook his head lightly, but didn't say anything.

He just squinted his eyes to look at the place of the Inanimate Demon Realm, his eyes flickering, thoughtfully.

Devildom!

As soon as the high priest was exposed, his face became extremely ugly, and his heart sank suddenly.

Still exposed.

She looked at the ancestor of the deep demon, and her heart sank into the endless abyss in an instant.

In the distance, the ancestor of Yuanmo suddenly sneered: "Unexpectedly, the leader of the dignified righteous army, the high priest, would actually trap her like a mourning dog."

Voice.

boom!

The big hand of the ancestor of the deep demon came directly towards the high priest and slammed it. With a rumbling, the sky of the entire demon world was completely darkened in an instant, and the huge palm was like a giant pillar in the sky. before.

At the same time, the many masters of the demons present also urged the rolling power on their bodies one after another, and the huge enclosing formation instantly surged, turning into invisible chains of order and sweeping towards the high priest madly.

The ancient supreme shook his body even more, and rushed straight to the location of the high priest, manipulating the regular chains, winding towards the high priest.

Now that the ancestor of the deep demon is offering sacrifices to the demon ancestor of Luohu, he can't free his hands at all. The high priest, such a powerful man, must preside over the overall situation and prevent the opponent from escaping.

In an instant, Huanggu Supreme had already arrived between the heaven and the earth where the high priest was.

The high priest was planning to secretly leave the Demon Realm before attempting to develop, but she never expected that after she had exhausted her mind to leave the Inanimate Demon Realm, the Demon

Realm was actually in a battle, which made her unable to escape the Demon Realm quietly, and her heart sank suddenly.

"Ancestor of the Deep Demon, I have united with the Dark Clan. You and I should not be enemies, but friends. In addition, I have an important news to tell you."

Facing the power of many rules and blockades that swept through, the high priest yelled again and again, and a dark breath instantly rose into the sky on her body.

boom!

The astonishing darkness aura collided with the sealed realm, and immediately burst out an endless roar.

This directly exposed the collusion between himself and the dark race.

Because the high priest knew that at this time, if he didn't use the power of darkness, he couldn't resist the killing of the ancestor of the abyss demon.

Boom!

The power of the billowing darkness collided with each other, and the whole demon world was rumbling and shaking violently, and the chains of order exploded frantically.

"The power of darkness?"

Upon seeing this, the ancestor of the Abyssal Demon sneered, "High Priest, even if you unite with the Dark Clan, what can you do? Back then, you fought against me and killed many powerful men under my command, not to mention you, it is darkness. People of a clan appear in front of this seat, and this seat will not save face and die for this seat."

The ancestor of the deep demon reached down with his big hand and buzzed, the void where the high priest was directly imprisoned, and was severely suppressed by the power of darkness, and the fleshy body condensed by the soul instantly became illusory.

The high priest's eyes were horrified, and he roared: "Don't you want to know why I became so embarrassed? It is the heir of Princess Lianxinluo. The heir of Princess Lianxinluo is now in the immortal demon realm, and her Man Qin Chen, this person is extremely terrifying, and he is now in the Demon Realm. If you kill me, you will surely escape by him."

This statement came out.

The pupils of everyone on the court shrank.

Princess Lianxinluo?

The hearts of some powerful demons shrank suddenly.

Especially the ancestors of the major demons were shocked.

What a remote name is this?

The Demon God Princess, in the ancient times, was the white moonlight in the eyes of all the powerful demon clan, the most supreme existence.

After tens of thousands of years, when the name came out from the high priest again, all the powerful demons were shocked in their hearts, as if they had received a heavy blow.

The dusty memory was also awakened in an instant.

Outside the Demon Realm, the expression of Shen Gong Xing Zun also became sluggish.

What did he hear?

Qin Chen?

Shengong Supreme looked at Xiaoyao Supreme in astonishment, blinking his eyes.

What's the meaning?

Could it be that this high priest was wounded like this by Qin Chen?

Are you kidding me?

With Qin Chen's strength, can this be done?

Although Shen Gong Zhizun knew that Qin Chen's talent was extraordinary and his strength was above the sky, he couldn't believe that Qin Chen's strength would be so strong.

I must have heard it wrong.

Well, it must be so.

Chapter 4950 Fist Of Ten Thousand Demons

Shen Gong Zhizun couldn't help but glanced at Xiaoyao Zhizun.

Although he didn't believe that Qin Chen would have such a powerful strength, Qin Chen was indeed in this Demon Realm. What if Qin Chen really did this thing?

Below, Mo Li was also taken aback.

Is that guy already so strong? Even a strong man like the high priest is not Qin Chen's opponent?

How can it be?

"Qin Chen?"

After hearing this name, the ancestor of Yuanmo couldn't help but his eyes narrowed slightly.

However, the ancestor of Yuanmo didn't have any expression on his face, he just sneered: "What about Lian Xin Luo? Her descendants are equally dead."

boom!

The big hand of the ancestor of the deep demon suppressed it again.

"you....."

The high priest looked furious: "This person is extremely powerful and possesses the blood of the Dark King. The most frightening thing is that this person possesses the Demon Soul Source Device and the Ten Thousand Realm Demon Tree. If you are careless, you will regret it."

The high priest couldn't care too much, and directly told Qin Chen the secret of possessing the Devil Tree of the Ten Thousand Realms and the Demon Soul Source Device, because she knew that if she didn't say it, she would have to die now.

"What? Demon Soul Source Device?"

"There is still a Demon Tree of Ten Thousand Realms?"

"How can this be?"

"The Devil Tree of the Ten Thousand Realms is a holy artifact of our clan. It has disappeared as early as the ancient times. Could it be born again?"

Hearing the words of the high priest, all the demon masters present were stunned, and all of them looked horrified.

The Demon Tree of the Ten Thousand Worlds is a sacred object of the Demon World. The importance of this thing is the supreme object of the entire Demon Race. It is rumored that no matter which Demon Race gets this thing, it can become the orthodox Demon Race and become the master of the Demon Race. .

According to the rumors, the Demon God is the founder of the entire Demon Realm, he created the entire Demon Realm and established a powerful Demon Race.

However, the reason why the Demon God was able to become the founder of the Demon Race in the past is legendary because he enlightened Dao under the Demon Tree of Ten Thousand Realms and directly became the supreme \*\*\*\* of the Demon Race.

"The magic soul generator is in his hand? And the blood of the Dark King?"

The ancestor of Yuanmo condensed his eyes.

"interesting."

The ancestor of the Yuanmo smiled, and his big hand suddenly enveloped a void outside the Inanimate Demon Realm.

There, is the place where the twelve capital celestial evil spirits are located.

boom!

A violent roar resounded throughout the world, and a vast array rose up outside the Unborn Demon Realm.

"Huh? Sure enough, there is something."

The ancestor of Yuanmo sneered, squeezed his big hand, squeezed, and the twelve celestial evil spirits shook violently, and an earth-shaking aura spread out, seeming to be blocking something.

At this time in the big array.

Qin Chen's face changed slightly, who was leaving the Twelve Capital Tianmasha array quickly.

"Why did this great formation suddenly become stronger? Could it be that the ancestor of the Abyssal Demon discovered it?"

Qin Chen's heart moved, and his expression became cold and severe.

This is very possible.

Since the high priest left by himself first, then it is very likely that the ancestor of the deep demon will be discovered, and the ancestor of the deep demon will definitely stop him after he knows his own news.

Fortunately, Qin Chen was only a little away from the entrance at this time.

"Just because of this, you want to stop me?"

Qin Chen's eyes were cold and stern, urging the Demon Soul Source Tool to the extreme, and with a thud, he rushed into the blockade of the Twelve Capital Heavenly Demons.

"In the big formation, there is really movement, Huanggu Zhizun, you go and stop the opponent."

The ancestor of Yuanmo condensed, and said sharply.

"Yes, ancestor."

Huanggu Supreme screamed, and went straight to the place of the big formation.

Boom!

And at this moment.

A violent roar resounded throughout the world, and after the violent roar, a figure suddenly flew out of the big formation.

The billowing array was torn and cut apart by him layer by layer.

It was Qin Chen.

Qin Chen appeared in the Demon Realm, and countless lights gathered in an instant, locked on him one by one.

"Good boy, it's you?"

Huanggu Supreme saw Qin Chen, his pupils shrank.

His figure flickered, and instantly transformed into an endless towering body, which was slammed down towards Qin Chen.

boom!

The power of the billowing demon realm pouring down, like a tsunami gushing.

Qin Chen couldn't help but sneered when he saw this.

Boom!

His body burst out with supreme demon energy, condensed into a phantom of the demon clan.

"The ancient supreme, who knows life and death, dare to stop Ben Shao, and Ben Shao will send you on the road!"

In just a glance, Qin Chen had already seen the clues on the entire battlefield. At this moment, he deeply knew that he must not be trapped, or he would die.

And Huanggu Zhizun was the first guy he wanted to solve, and he had to do it as quickly as possible, otherwise he would be in trouble if he waited for the ancestor of the Abyssal Demon to make a move.

"Go to hell."

Qin Chen's body shook and fisted.

Huang Gu Zhizun looked at it, his expression changed.

"The Fist of Ten Thousand Demons!"

Qin Chen's combat power began to flourish, and he did not hesitate at all. The Ten Thousand Realms Demon Tree and Demon Soul Source Artifact burst out in an instant and merged into his own strength.

Rumble!

The power of the entire Demon Realm surged. In an instant, all the power of the Demon Realm in Qin Chen's body was swept away, and he was absorbed in an instant.

Fortunately, it was the vast realm of the Demon Realm that turned into an ordinary small clan realm, and I was afraid that it would not be able to withstand Qin Chen's swallowing this time.

The Qi of the Demon Realm within a radius of tens of thousands of miles was sucked into his body by Qin Chentun, and combined with the Demon Tree of the Ten Thousand Realms and the Demon Soul Source Device, one can imagine how powerful this blow should be.

A vast and profound aura emerged from the top of Qin Chen's head, condensing into a phantom like a canopy.

As soon as this phantom appeared, the entire Demon Realm Heavenly Dao roared and trembled.

This is the origin of the Demon Realm that Qin Chen condensed by using the Demon Tree of the Ten Thousand Realms and the Demon Soul Source Device.

This source can control everything in the Demon Realm, surpassing all the power of the Demon Realm.

At the moment the Fist of Ten Thousand Demons was launched, all the power, centered on Qin Chen, diverged from all directions, and a power that surpassed countless epochs of time and space burst out in

an instant, sealing off a world, and making Huang Gu Supreme's whole person unable to move with one click.

Huanggu Supreme, the ancient supreme of the Demon Race, possessing the supreme bloodline transformed by the power of the ancients, was completely unable to move under the pressure of Qin Chen's breath, and an expression of incomparable fear appeared on his face.

Because he found that he couldn't mobilize the power of the demon world.

This is a terrifying message.

"The Fist of Ten Thousand Demons, dominate the Demon Realm..."

In his mouth, he spit out a few words with difficulty, and finally knew that under the urging of the Fist of Ten Thousand Demon, the vitality of the Demon Realm would also surrender.

Because in the ancient times, the Demon Realm was created by the Demon God.

The Fist of Ten Thousand Demons was his unique stunt. To perform in the Demon Realm, the power and rules of the entire Demon Realm had to respect this ancient master, and Qin Chen truly restrained it by the means that the Ancient Supreme Relied on to resist.
