

Valkyrie 4961

[Chapter 4961: Demon Sovereign](#)

"Damn it."

Sovereign Demon Sovereign was horrified, bang, a terrifying aura burst out of him instantly, he wanted to rippling away the terrifying chains of blood, but at this moment...

Hum!

Another figure emerged, Chen Sisi.

"The spell of charm."

A terrifying force of charm suddenly poured into the mind of Dangmo Supreme.

what happened?

Dang Mo Zhizun's mind was instantly stunned.

How could the other party free up so many masters to target him?

Block.

It must be blocked.

Although Supreme Demon Sovereign didn't know what had happened, he knew very well that as long as he was careless now, he might be in danger.

"Want to charm me, it's not that easy. Even the ten-tailed phantom fox of the chaos **** and demon can't charm me, so what are you?"

Sovereign Demon Supreme yelled at Chen Sisi with disdain.

Although his tone of voice was disdainful, he didn't have the slightest intention in his heart, and the original force in his body was urged to the extreme in an instant.

"Open, open, open!"

The roars of roars agitated in the soul sea of the demon supreme, and I saw that in the vast soul sea, a majestic magic shadow rose to the sky, the magic shadow penetrated the sky and the earth, extremely huge, just like an ancient giant beast constantly The impact of the heavens and the earth, fiercely hit the power of the charm enchantment.

Every time it hits, there is a trace of vibration and cracks in the enchantment enchantment.

"Hahaha, just rely on you? I want to charm me too."

Sovereign Demons looked up to the sky and laughed.

Chen Sisi's eyes were cold, and a colorful light flashed in his pupils.

Suddenly, Dang Mo Zhizun was dumbfounded.

That is...

At this moment, the Supreme Demon Sovereign seemed to see a figure that looked like a god, high above him, surrounded by colorful divine light, looking down at him.

"Princess... Your princess..."

Sovereign Demon Sovereign's heart trembled, and there was endless panic in his pupils, and the soul sea fell into tranquility for an instant.

His eyes froze for a moment.

And at this moment.

boom!

A terrifying aura suddenly emerged from the side of Dang Mo Zhizun.

It was Qin Chen.

"cut!"

Behind Qin Chen, the illusory mystery of the Ten Thousand Realm Demon Tree and the Demon Soul Source Tool slashed away with a sword at the Sovereign Demon Sovereign.

Jian Qi soared.

A sword slashed at the Sovereign Demon Supreme, specifically cutting his avenue, and the Sovereign Demon hesitated slightly at this moment, the sword could not avoid, the rules of the avenue creaked, and the Supreme Demon avenue shook, and he woke up instantly.

boom!

The moment he opened his eyes, he saw his vast demon rules, severely cut by a sword that reached the sky.

Above that sharp sword, there was a palpable coercion and deterrence, and the power of the Ten Thousand Realm Demon Tree and the Demon Soul Source Device firmly deterred him.

Moreover, above the Ten Thousand Worlds Demon Tree, there seemed to be a figure standing.

This figure fell into the eyes of Dangmo Supreme, making him instantly horrified.

"Old ancestor..."

Sovereign Demon Sovereign uttered in horror, the figure towering tall, exuding an astonishing Yuan Demon origin, coldly staring at him, the monstrous coercion made it difficult for him to breathe.

wrong.

Not an ancestor!

His eyes were blurred, and he awoke from the illusion.

That is not the ancestor, but the Lord of Abyss Demon, the demon son of the Demon World, the descendant of the ancestor.

Did he also betrayed his ancestors?

I saw the Lord of the Abyssal Demon said coldly: "Dang Demon, are you hurrying to submit to me? Do you want to commit sins?"

boom!

The rumbling voice slammed into the mind of the supreme demon.

No!

Danger, get out.

Sovereign Demons roared in his heart and felt intense fear. Just as he thought about it, a few terrifying auras suddenly appeared around him.

boom!

A terrifying coercion instantly stunned Dangmozhizun.

"kill!"

With a violent shout, it was the great ancestor dragon, the great elder, and the great protector. Without a word, they tried their best!

coming!

The nine top powerhouses present, all came.

The ten-tailed magic fox presides over the illusion, the blood river saint ancestor forms a sea of blood, Chen Sisi charms the soul of the supreme demon, the lord of the abyss stuns the source of the supreme demon, Wan'er is behind, controlling the power of darkness in this world, and The three powerhouses, the Primordial Ancestral Dragon, Shadow Supreme, and Meteorite Supreme, are the main force to suppress the devilish energy of Dangmo Supreme's body.

As for Qin Chen, he sits in the center.

Nine pinnacle combat power, join forces to kill one person.

Sovereign Demon Supreme no longer smiles at this moment, only despair!

He looked into the distance, and vaguely saw the Mieiyan Supreme who was entangled in the Wuji Supreme. The Xieyan Supreme seemed to be in a trance. He looked into the distance again, the endless blood overseas, the Ancient Supreme was carrying a lot of demon world. The giant flew towards them, not far away.

Very close!

Give them a few more breaths, and they will probably reach the battlefield.

The strong fight, no matter how fast, you won't be able to stop a few breaths, right?

But the fact is, Sovereign Demon knows that he...may not be able to stop it.

Among the nine powerhouses, several of them feel stronger than him, and the others are slightly weaker, not too weak, including Chen Sisi. Even if they are weaker than him, the two will fight against each other. The Supreme Demon Sovereign wants to kill her. Simple!

"No... Why can these people kill them so quickly? What about the Supreme Meteorite? Does anyone care about him?"

He couldn't figure it out.

Why?

Why are these strong men aiming at him alone?

It was totally unexpected!

wrong!

Suddenly, the pupils of Sovereign Demon Sovereign shrank, revealing endless fear.

Could it be that the peak power that fell before is the Meteorite Supreme?

No...

How can this be?

This is just a few breaths?

But the scene at this moment made him clearly understand that the one who fell before was very likely to be the Meteorite Supreme.

"help me!"

Sovereign Demon Sovereign roared, at this moment, the origin in his body burst to the extreme, and the origin burned in an instant.

This is desperate.

"Put down the butcher knife and take refuge in my devil world!"

Chen Sisi drank coldly.

"Blocking rules!"

The Blood River Saint Ancestor waved the chain of blood and suppressed it.

"Catch it before you leave it?"

The Lord of Yuanmo also urged the source of Yuanmo and suppressed the Supreme Dangmo.

As for the great ancestor dragon, the great elder, and the high priest, they even launched their most violent attacks.

The nine powerhouses yelled together and went all out.

This was Qin Chen's plan. Everyone made a quick fight, and took advantage of their absolute advantage to kill the Supreme Demon Sovereign.

Such a combination, let alone Dang Demon Supreme, no matter how strong a master comes, you have to weigh whether it can be resisted.

At this moment, Sovereign Demons showed despair and bitterness.

"No!"

The stern roar resounded throughout the world.

"I can not be reconciled!"

After living for countless years and sleeping for hundreds of millions of years, he never thought that he would die like this.

He dormant for hundreds of millions of years, in order to detach from this universe, how could he die here?

Deep inside, there was a silent roar soaring into the sky.

boom!

In the next moment, the nine powerhouses will fall with one move!

The void is smashed!

The body of the Supreme Demon Sovereign was also accompanied by this void, bursting to pieces in an instant.

The rain of blood poured down in an instant.

[Chapter 4962: It's so cool](#)

The Demon Sovereign Supreme fell, and a thunderous roar broke out in the rolling Demon Realm.

boom!

The blood is pouring down.

The origin of the Demon Realm was trembling violently, and at the same time, on another vast continent of the Demon Realm, a sky pillar with a height of billions of feet collapsed in an instant.

The entire Demon Realm Continent began to collapse a little bit.

"The ancestor... the ancestor is dead?"

"No, how could the ancestor die?"

In the Dangmo clan continent where the Sovereign Demon Sovereign was located, all the people of the clan looked horrified, and their inner world collapsed in an instant.

The ancestors fell, their sky collapsed.

In this scene, the whole Demon Realm powerhouse was watching.

One by one, his mind was shaking.

Another demon supreme has fallen?

Two old antiques that existed in ancient times, the mighty Pinnacle Supreme, just died!

Not to mention the other people, even Qin Chen and the others were all in a daze, and all of them were in a daze.

Is it a bit quicker to kill?

In the distance, Mieiuan Supreme completely changed his color, and, apart from anything else, fled towards the blood overseas, it's over!

Even if there are reinforcements behind, there is a fart!

Two powerful pinnacles of the same level as him were killed in just a few breaths. This completely exceeded his expectations. Don't run, wait for death?

In front of Mieiuan Supreme, at this moment, Wuji Supreme appeared there, looking at Qin Chen and them, looking at Mieiuan Supreme, with some shock and palpitations, he did not expect that Qin Chen and the others could kill Meteor Supreme and them so quickly. !

I didn't expect it at all!

"Hahaha."

He was so happy in his heart, he deserves to be the person that the ancestor said back then, if that is the case, then it is time for him to make a move.

boom!

The billowing river of fate swept out, and instantly enveloped the world, covering the Supreme Master Xiang Mieiuan.

At the same time, with a bang, Xieyuan Supreme hit the river of fate.

He showed some despair!

Give him some time, he can break the seal, and with this degree of fate, he can't completely stop him.

However, he has no time.

He is not facing nine top supreme, but ten!

More than Sovereign Demon!

Ten!

And his strength, even though it was a bit stronger than Dangmo Supreme, but it was only a bit, and there was no big difference at all.

At this moment, Mieiuan Supreme roared and boomed, his body swelled instantly.

Is going to blow up.

This is the only thought in Mieyuan Supreme's heart, exploding his body, and perhaps the soul has a chance to escape, but if he doesn't explode, he will undoubtedly die.

"Want to explode?"

"kill!"

Qin Chen shouted violently, the top ten, once again shot at the same time!

In this sea of blood, how can you give you a chance to blow yourself up? If you blew yourself up, where would you put your face?

Since the three of you are going to be the first bird, then go to death.

Hum!

An invisible power of charm surged, it was the power of charm of the ten-tailed phantom fox. This power of charm was enveloped on the body of Xieyuan Supreme, and his eyes were immediately bewildered. "Don't resist. It's useless to resist. Why are you so tired? Life is too tired. You have worked so hard for so many years and worked hard for so many years, not for detachment? But detachment is too tired, billions of years, How many

Can one be detached? Why not just lie down and enjoy life and freedom. "

The voice of the ten-tailed magic fox oscillated between heaven and earth.

The face of Mieyuan Supreme showed the color of struggle for an instant, and the original fluctuations on his body weakened in an instant.

Everyone is tingling scalp, the ten-tailed magic fox is too evil, and the combat power alone may not be strong, but the power of this charm is used to assist, it is more terrifying than anything.

At the same time, the blood sea of the ancestor of the blood river also swept over, uniting the long river of fate, and enveloping the Supreme Master Mieyuan.

Immediately afterwards, there was Sisi's charm technique, and the Yuanmo master's original shock of the Yuanmo.

"kill!"

boom!

Heaven and earth collapsed, eternal return to the ruins, this time, heaven and earth were blown up again, ten top-notch existences, don't be too easy to defeat a source of extinction supreme.

"No!"

There was a loud bang, and the Supreme Extinction Source didn't have time to leave any words, the flesh disappeared instantly, the avenue collapsed, the origin was destroyed, dark clouds appeared, and blood rain fell.

boom!

Outside, the origin of the demon world that had just disappeared surging again, the origin of the universe was shaking violently, cheering for joy.

The power of the billowing blood quickly converged.

Three peaks are supreme, less than twenty breaths, solve the battle.

All fall!

At this moment, the fighting stopped in all directions.

Not far ahead, Huanggu Zhizun brought several Peak Supremes less than a hundred million miles away from them. In an instant, several peak powers stopped in their footsteps.

On the face, there is only horror and amazement!

what's the situation?

The three pinnacles went to intercept, from being trapped to falling, didn't live twenty breaths? !

Farther away, the ancestor of Yuanmo was also taken aback.

what's the situation?

In such a short period of time, his demons have fallen three peak supreme?

Isn't he the wrong one?

Farther away, the pinnacle demon supreme next to Huanggu supreme was panicked, "Should we withdraw now?"

At this moment, in his heart, he no longer had the confidence to chase Qin Chen.

In the blink of an eye, the three Supreme Supremes were killed, and they rushed forward, isn't this looking for death by themselves?

"Withdraw? Do you guys want to die?"

Huanggu Supreme yelled: "I am waiting for the Demon Race, am I the one who is greedy for life and fear of death?" However, no one dared to say that, most of their strengths are between them. , And the Demon Source Supreme and them all fell within a short period of time. If they go up, they are also fierce.

Good luck.

"My lord, what shall we do now?"

With a bang, Blood River Saint Ancestor turned into a towering scarlet giant, and said excitedly.

Cool!

It's so cool.

After slaying the three demon pinnacle supreme, his cultivation base has also been greatly nourished, and the aura on his body has almost returned to the peak state of the ancient times.

Of course, it is not the Lord of Abyss that gets the most benefits.

Qin Chen deliberately cultivated the Lord of the Abyss, and after extracting the origins of these three peak demon races through the Ten Thousand Realms Demon Tree, let the Lord of the Abyss absorb.

With a bang, I saw the blood surging on the body of the master of the abyss, and the whole person stepped into the limit of the supreme late stage in an instant.

It's only one step away from the peak of supremacy.

"Everyone, kill these demons with me."

Qin Chen glanced at the battlefield, and in today's Demon Realm, only some ancient demon supreme such as Huanggu Supreme could threaten them, as for other powerful men, they were not their one-in-one enemy at all.

If they leave now, Xiaoyao Supreme will inevitably be in danger, but if they are devastated in the Demon Realm, they will definitely attract the attention of the Abyss Demon ancestors, thereby reducing the pressure on Xiaoyao Supreme.

"kill!"

Qin Chen yelled sharply.

"No!" Xuehe Saint Ancestor and the others shouted in a low voice, exulting.

[Chapter 4963: Cut off the wings](#)

At this time, the Blood River Saint Ancestor and others were extremely excited.

Normally, it is extremely difficult for them to kill the Meteorite Supreme alone, not to mention being alone, even if three or two of them work together, they can at best repel each other without beheading them.

But today is so cool. Everyone only needs to use their magical powers. It is so comfortable to kill with other people.

boom!

Qin Chen took the lead, turned into a flash of lightning, and quickly rushed towards Huanggu Zhizun and others in front of him.

He stepped forward in one step, and the endless void directly disappeared under his feet, and immediately appeared in front of Huanggu Supreme and the others. In the void, a terrifying sword intent rose into the sky and slashed straight down.

"Hmph, even one person dared to confront us and kill him."

When Huang Gu Zhizun saw this, he was about to retreat, his eyes suddenly brightened.

"kill!"

Huanggu Supreme roared, and directly blasted Qin Chen with a punch.

Not only him, but other experts around Huanggu Zhizun also rose to the sky one after another, using magical powers against Qin Chen.

boom!

Everyone's attacks instantly gathered into a torrent, blasting towards Qin Chen like a vast ocean.

The sword light and the flood violently collided in the void, and with a bang, a sword qi with a height of ten thousand feet resisted the monstrous torrent fiercely.

But the next moment, the sword light shattered, and the combined force of several pinnacles directly crushed the sword qi displayed by Qin Chen, and then fiercely hit Qin Chen's body.

The endless ocean swallowed Qin Chen in an instant.

"do you died?"

A look of expectation appeared on the face of Huanggu Supreme.

The next moment, the torrent dissipated, and a figure appeared between the heaven and the earth. It was Qin Chen, wearing the Haotian Divine Armor. Behind him, the Ten Thousand Realm Demon Tree and the Demon Soul Source Device emerged, controlling the heaven and the earth.

"How can this be?"

"It's the magic soul generator."

Seeing the demon soul generator floating behind Qin Chen, Huanggu Zhizun and others came to their senses.

The Demon Soul Source Tool is the pinnacle treasure of the Yuan Demon Clan, and can control the rules of the Demon Realm. With this thing, their attacks will be greatly weakened. It is not easy to kill Qin Chen.

And when they were shocked, Qin Chen had already turned into an invisible afterimage and quickly swept towards Huanggu Zhizun and others.

Huanggu Zhizun and others changed color, and quickly prepared to leave one by one.

It's just that they are just about to leave.

boom!

A terrible ocean has already poured down, and a monstrous sea of blood instantly emerges between the sky and the earth, spreading rapidly toward this side.

At the same time, an invisible power of charm also came, covering the whole world in an instant.

It was the Ten-tailed Magic Fox who made the shot.

Huang Gu Zhizun and the others looked frightened, and all their eyes were frightened.

In order to kill Qin Chen before, they did not leave immediately. They did not expect these guys to be so fast. They had already seen the fate of Meteorite Supreme. Once they were trapped by this endless sea of blood, even the peak Supreme level. The strong can't hold on for ten breaths, so how can they not be upset at this time.

"go!"

Huanggu Supreme shouted angrily, directly spurring the vast expanse of the entire Demon Realm.

He heard a loud boom, and there was a deafening roar from the endless world. It was the great formation of the world that was outrageously suppressed.

A sneer was drawn at the corner of Qin Chen's mouth, and he directly activated the Demon Soul Source Device. With a buzzing sound, an invisible force swayed out, and instantly collided with the Great Formation of Sealing Realm.

With a bang, the entire enclosing circle vanished in an instant.

And the next moment, the vast ocean of blood of the ancestor of the blood river had already enveloped the last ancient supreme powerhouse.

With a bang, the ancient supreme expert was directly wrapped in the endless sea of blood, his eyes were terrified, and he let out a stern roar: "No..."

He looked at Huanggu Supreme and the others in horror, trying to rescue him, but at this time, how dare the Huanggu Supreme still make a move, he even looked at the ancestor of the Abyss Demon.

"Ancestor, save me."

This ancient peak supreme powerhouse shouted in fear.

The ancestor of Yuanmo's complexion changed, his figure shook, and he was just about to rescue him. Suddenly, with a bang, a figure appeared beside him, and it was Xiaoyao Supreme who urged Huangtian Tower to crush it down.

The towering wild sky, with an endless aura of chaos, crashed down.

The ancestor of the Abyssal Demon didn't dare to be careless. He even turned his big hand up, slapped it out with a bang, the big hand that was enough to destroy a small world directly collided with the Desolate Tower, like the power of hundreds of millions of stars exploding at the same time. Here, the void within a radius of a million miles collapsed in an instant, turning into a black hole.

The ancestor of the Yuanmo back again and again, his body fluctuated, and he let out a ferocious roar: "Xiaoyao Supreme..."

And being blocked by Xiaoyao Supreme, that ancient peak Supreme had already been directly swallowed by the endless sea of blood.

"Everlasting to open up the sky, I am the supreme, the gods and devil's exchanges, the gods and demons come to the world."

This ancient pinnacle supreme is a strong man in the demon clan of the sky demon clan. He is powerful and unmatched. He immediately roared and exploded his own origins desperately.

However, his power hadn't exploded yet, and the terrifying illusion of the ten-tailed magic fox had already enveloped him.

Hum!

The look in his eyes was misty for a moment.

Immediately afterwards, the endless blood sea began to block the power of his rules, and the world around him instantly seemed to have entered a special world.

Dark world!

It was the Shadow Supreme who made the shot.

Chen Sisi also had indifferent eyes, high above, representing the aura of the Demon God's descendants swept over and suppressed on the ancestors of the Celestial Demon Race.

"The ancestor of the abyss demon goes against the sky and betrays the universe. You are a traitor to my demon race. You follow the ancestor of the abyss and do a lot of evil, and you will go to hell. It is better to convert to this seat and regain a new life."

The Lord of the Abyssal Demon walked step by step, releasing the origin of the Abyssal Demon, and began to draw the opponent's mind.

At this moment, several masters shot at the same time.

The charm of the ten-tailed magic fox.

The endless blood sea of the ancestor of the blood river.

The supreme dark world of the shadow supreme.

Chen Sisi's demon inheritance.

The power of the master of the abyss.

Coupled with the control of Qin Chen's Ten Thousand Realms Demon Tree and Demon Soul Source Tool, this one who was once a powerful and invincible peak power in the ancient times, before he could even make a scream, he was caught by the rolling power for an instant. Torn into pieces.

boom!

The sky quashed, and the blood poured down.

Another pinnacle supreme has fallen.

The audience was silent.

No one is frightened, no one is frightened.

A peak and supreme ancestor of the Heavenly Demon Race was just assassinated. It was like a fairy tale. Even the battle between humans and demons in ancient times had never been so tragic.

In just half of the incense, the demons have fallen from the four peaks, shaking the entire universe.

Qin Chen looked at the entire demon world with one move to kill the pinnacle of the demon clan.

at this time.

The ancestor of the Abyssal Demon was fighting with Xiaoyao Supreme, but Huanggu Supreme and the others had run away long ago, did not dare to fight with them at all, fought for a while, and fell into a stalemate.

"My lord, what shall we do next?"

Blood River Saint Ancestor Road.

"Collect the Demon World, cut off the minions and wings of the ancestors of the Abyss Demon."

Qin Chen glanced at the ancestor of Yuanmo Demon and said with a sneer.

[Chapter 4964: Eyes frenzy](#)

At this moment, Qin Chen's heart was calmer than ever before.

This is a great opportunity.

It is a crisis, but also an opportunity.

This time, he destroyed the Heiyu Continent, controlled the source of darkness, took away the Demon Soul Source Device, and released the Righteous Army.

It almost destroyed the layout of the Yuanmo ancestors for hundreds of millions of years.

But Qin Chen also knew very well that with the layout of the Yuanmo ancestors for hundreds of millions of years, he would definitely not be so vulnerable, but no matter how vulnerable he was, this time, it was also an excellent opportunity he never expected.

If we can take this opportunity to directly suppress the Demon Race, it will be a huge blow to the entire Demon Race Alliance.

Once he left, the ancestors of the Abyssal Demon had breathing power, and the next time they entered the Demon Realm, he didn't know when it would be, and the loss would definitely be even greater.

"Everyone, don't separate, kill the enemy with me."

Qin Chen shouted sharply, and directly killed the entire Demon Realm.

boom!

The terrifying ocean attack was like a torrent, pouring madly towards the entire demons.

With a roar, the world roared, and one saw the demon continents continuously collapsing and destroying them. Countless masters of the demon race rose up into the sky like ants and scattered around.

A world-destroying force swept across countless continents in the entire Demon Realm.

Without the ancestors of the deep demon, there was no confrontation between the ancestors of the ancient monarchs, and the group of powerful people in this demon world, Qin Chen, was like breaking into the realm of no one, sweeping invincible, no one could fight against it for even a second.

The top ten powerhouses, even the pinnacle supreme-level masters, can't hold on for a few breaths. How can they resist it if they are replaced by ordinary demons that only have ordinary supreme, or even supreme?

All of them were trembling and horrified, and the terrifying aura alone made it difficult for the people of the entire Demon Realm to move.

fear.

Haunted in the heart of every demons.

"My lord, it's my lord."

And in the territory of the Saint Demon Race and the Dead Demon Race, Lingyuan, Tu Moyu and others were mixed in the crowd, seeing the figure of Qin Chen's lofty world, all of them were excited.

Their souls have long been controlled by Qin Chen, Qin Chen is strong, and they are strong.

In addition, they have been greatly cultivated among the various races over the years, and each of them has become one of the top powerhouses of the two demon races, and has become the top god.

However, the Supreme Realm is not so easy to break through.

Many first-line demons, even for thousands of years, will not give birth to a supreme-level master.

So they have been dormant all these years.

Pinnacle Heavenly Sovereign can indeed be regarded as a top powerhouse in the vast universe, and even on the battlefield of ten thousand races, he has an amazing right to speak, and can determine the outcome and launch of a large-scale battle.

But only that.

This kind of cultivation is in the entire Demon Race, in the entire Demon Race Alliance, but it is nothing.

In a top-level race, if it does not reach the supremacy, it will be ants.

Over the years, they have all closed their doors in the secret realm of their respective ethnic groups, sprinting to the supreme realm.

At this time, the huge slaughter of the Demon Realm had already alarmed countless strong men in the entire Demon Realm, no matter how old they were, they had awakened from the deadlock.

After perceiving Qin Chen, unlike the panic of other demons, Tu Moyu and Ling Yuan were extremely excited in their hearts.

Your lord has finally come to the Demon World. Is this going to unify the Demon World?

"Ok?"

During the devastating destruction and killing, Qin Chen naturally noticed the existence of Tu Moyu and Ling Yuan, and his mind moved slightly.

boom!

The origin of the Demon Race in his body was surging, and the power in the Demon Tree of the Ten Thousand Worlds, along with his soul imprint, quietly entered the minds of Tu Moyu and Lingyuan in a flash.

Among them, it also includes the experience of the peak supremacy of several big demons that he beheaded before and some of the souls.

Hum!

Suddenly, an astonishing aura surged in the bodies of Tu Moyu and Ling Yuan, and countless frantic demonic auras around them crazily poured into their bodies.

A large number of powerful demon clan experts around died in Qin Chen's hands, and the rolling origin power was absorbed by the Demon Realm Heaven Dao, making the origin aura in the Demon Realm Heaven and Earth extremely rich at this moment.

These are a large number of supplements, crazy into the bodies of the two of them.

boom!

I felt the origins of the two terrifying magic roads soaring into the sky, making the two of them floating in the sky, and there was a sense of breaking through.

"This is....."

"Master Demon broke through?"

"Breakthrough at this moment of crisis!"

Where the Holy Demon Race and the Dead Demon Race are, the old elders of a group of two major demon races, one by one, showed a look of shock.

Being able to break through at this critical moment shows that the talents of the two are extremely terrifying, and they are definitely the top talents.

Ordinary demon geniuses are afraid that they will be scared long ago.

If normally, such a supreme breakthrough would inevitably cause the whole world to change, and the two first-line demons would be ecstatic, but under the current extinction situation, the two major demons masters have changed their colors one after another.

"Unexpectedly, hundreds of millions of years have passed, and the birth of such a genius in the dead demons."

"Break through in a crisis, this is definitely an act against the sky, and there is a man of destiny."

Where the Dead Demon Race and the Holy Demon Race were, two figures exuding a frightening atmosphere appeared.

The decadent peak supreme aura erupted on his body, shaking the world.

"Great ancestor."

The powerhouses of the two first-line demons all exclaimed with excitement.

Furious eyes.

As the frontline demons, in the ancient times, they also competed with the abyss demons for power in the demon world. Naturally, there are not only those powers on the surface. In the two major demons, there are ancient peak supreme powerful people sleeping. Appeared one after another.

"Take him away, this person is the future of my dead demons, and he must not be hurt at all."

"Hold this person."

The ancestors of the Dead Demon Race and the Holy Demon Race waved their hands, and a terrible source of power instantly penetrated into the bodies of Tu Moyu and Lingyuan, and there was a thud. Above the two heads, visions surged. , Directly broke through to the supreme realm.

This is empowerment.

Leave hope for the ethnic group to rise in the future.

"Ancestor..."

The people of the two great demons exclaimed.

"You take them away, and you must protect them. From today onwards, these two people will be the future patriarchs of my two big ethnic groups."

The ancient powerhouses of the Dead Demon Race and Saint Demon Race screamed and said in a deep voice, while staring at Qin Chen not far away with a solemn expression.

Even more faintly revealed a trace of worry.

They are not afraid of Qin Chen, but that the two of them have little lifespan. Now they have also given initiation to Tu Moyu and Lingyuan. In fact, the origin of the body has been severely damaged. Once Qin Chen is killed, they will not be able to stop it. .

They are not afraid of death, they are afraid that the race has no future and no inheritance.

The breakthroughs of Tu Moyu and Lingyuan naturally attracted the attention of many other powerhouses in the world.

"My lord, that is the breath of the dead demon race and the holy demon race. These two races were the top races in my demon world. Once the pride of the race grows up..."

The Great Elder and the Great Guardian immediately stepped forward and said.

[Chapter 4965: parallel lines](#)

"My lord, these two boys must be killed, otherwise they will grow up in the future."

At this time, the face of the great protector and the great elder were very serious, discouraging Qin Chen.

When Qin Chen heard the words, he turned his head and glanced at Lingyuan and Tu Moyu lightly, and the great ancestor of the Dead Demon Race and Saint Demon Race suddenly changed his expression, bursting out all his strength and guarding his own ethnic group strictly.

If Qin Chen did it, the two of them might not be able to stop it.

However, Qin Chen just took a look, then turned away, and said lightly: "It's just two little guys, don't worry about it."

"My lord, don't be careless."

The great protector and the great elder suddenly changed colors upon hearing this.

They couldn't understand this truth more clearly.

Both the dead demons and the holy demons are the top first-line races in the demons. Tianjiao who can break through under such pressure is absolutely extraordinary. If the two people in front of us are allowed to escape, the future dead demons and holy demons may not be Will not rise again.

At this time, the Lord of Abyss Demon suddenly said: "Well, since the master said that you don't need to pay attention to it, then you don't need to pay attention to it. The two little guys are only supreme. It's the force that wipes out the pinnacle of power."

"Yes, hehe, kid Qin Chen, what shall we do next?"

Hong Huang Zulong also laughed strangely.

In fact, they all knew Tu Moyu and Lingyuan, and naturally knew that they were both of Qin Chen's. Since they were their own, what would they kill?

Qin Chen glanced at the battlefield, his gaze fell on Luohu Demon Ancestor and others not far away.

"Go, follow me."

When the voice fell, Qin Chen stepped forward, and instantly swept away towards the distance.

Behind him, Sisi and others are also close behind.

At this time, not only Tu Moyu and the others saw Qin Chen, almost all the eyes of the Demon Race fell on Qin Chen in the entire Demon Realm.

now.

The sea of chaos gods and demons is located.

A woman wearing a black cloak looked at Qin Chen with black pupils, and an inexplicable mood swing emerged.

"It's him....."

The woman murmured a bit of bitterness, blooming from the corner of her mouth.

It is the Blackrock Demon Lord.

And beside the Blackrock Demon Lord, the Eternal Demon Lord also looked shocked.

They recognized at a glance that the young man who was fighting against the ancestor turned out to be the magic dust that destroyed the ancestor's plan in the Chaos Demon Sea.

Back then, Mo Chen resolutely left, the Black Stone Demon Lord had never expected to meet again, but in such a way and attitude.

"I knew he was not an ordinary person for a long time, who would have thought..."

The Blackrock Demon sighed lightly.

At this moment, she deeply knew that between herself and Qin Chen were like two parallel lines that never intersected, and there would be no chance of intersecting again in this life.

Bowl!

boom!

In the distance, Qin Chen walked in the Demon Realm, walking in dragons and tigers, like a demon god, no one could stop him.

escape.

Along the way, all the demons fled one after another, not daring to fight.

Even the ancestors of the Demon Race like Huanggu Zhizun can only flee in embarrassment in front of Qin Chen, what ability do they have to stop them?

The endless void distance folded, and Qin Chen came to Luohu Demon Ancestor and the others in an instant.

"what you up to?"

Seeing Qin Chen straight ahead, Mo Li and Chi Yan Demon Lord looked alert, their eyes were extremely solemn.

Qin Chen faintly glanced at Mo Li and Demon Lord Chiyan, then turned to look at Demon Ancestor Luohu.

"Damn, I was ignored."

Mo Li's face jumped, his complexion flushed.

This is so special, it doesn't take people seriously.

However, feeling distressed, Mo Li and Chi Yan Demon Lord did not say much, because now Qin Chen does have the qualifications to despise them.

At this time, everyone's eyes fell on Luohu Demon Ancestor.

Being stared at by so many powerful people, Luohu Demon Ancestor's eyelids suddenly jumped.

Honghuang Zulong laughed weirdly: "Luohu Demon Ancestor, you can be regarded as the outstanding one among my ancient Chaos Gods and Demons, why are you so bad?"

"Well, it's blocked by so many dark chains like dog chains. Tsk tsk, is it too miserable?" Blood River Saint Ancestor also laughed.

"Hmph, say something quickly, let go if you have a fart, what kind of cool thing to say here."

Luohu Demon Ancestor snorted coldly.

When has he suffered such insults?

Even in front of the ancestor of the deep monster, he didn't have the slightest shyness, how could he be afraid of the great ancestor dragon and the others.

However, being ridiculed in front of the old guy of the year, this face, really can't bear it.

"My lord, are you going to kill him Luohu Demon Ancestor? Why don't you let us come." Honghuang Zulong said with a smile: "But this person never betrayed the origin of the universe in ancient times, so just kill him, yes. Isn't it a little cheaper for him?"

Qin Chen gave Honghuang Zulong a white glance.

How he couldn't hear the meaning of the ancient ancestor dragon, this was clearly interceding for Luohu Demon ancestor.

When Qin Chen looked at it this way, Honghuang Zulong suddenly smiled.

In fact, he didn't have much friendship with Demon Ancestor Luohu, but after all, they are both ancient Chaos Gods and Demons, and there are very few who live to this day. If they can, naturally they don't want Demon Ancestor Luohu to die like this.

Not only him, but Blood River Saint Ancestor, Ten Tailed Magic Fox, naturally have the same mind. If Luohu Demon Ancestor died here like this, they will inevitably feel the sadness of rabbit death and fox.

"Huh, old loach, this seat doesn't need you to intercede." Luohu Demon Ancestor snorted, his expression proud.

Would rather die than surrender.

Qin Chen glanced at him lightly, huh, the mysterious rust sword in his hand suddenly appeared.

After that, Qin Chen glanced at the dark chains on Demon Ancestor Luohu, and a dark force in his pupils quietly passed, and the blood of the dark king burst out in the same instant. The next moment, the

mysterious rust sword in Qin Chen's hand was facing Demon Ancestor Luohu. It was abruptly chopped down.

With a sound, the dark chain on Demon Ancestor Luohu was cut off in an instant.

What?

Seeing this scene, Huanggu Zhizun and others in the distance were all dumbfounded.

The dark chain was laid by the ancestor, and even the chaotic gods and demons like Luohu Demon Ancestor could not break free. Qin Chen could cut it off. How did it do it?

"It's the power of the Dark King's blood, this kid..."

In the distance, the ancestor of Yuanmo saw this, and his heart became angry, but as soon as his thought came out, he had to resist Xiaoyao Supreme's attack. In front of Xiaoyao Supreme, he didn't even have the opportunity to be distracted.

Dangdang!

Seeing Qin Chen's continuous moves, in a moment, the dark chains on the body of Demon Ancestor Luohu were all severed by Qin Chen.

"Hahaha, my ancestor is free!"

Luohu Demon Ancestor roared, the three-headed six-armed demon body stood on top of the sky, as if it could hold the entire demon world open.

"Magic Ancestor Luohu, Ben Shao saved you, you owe Ben Shao one life."

Qin Chen put away the mysterious rust sword and said lightly.

Luohu Demon Ancestor looked at Qin Chen and said coldly: "My ancestor knows what you mean, it doesn't matter, my ancestor will accompany you to make a big fuss here today, and you two will follow me."

boom!

When the voice fell, Luohu Demon Ancestor took the Demon Li and the Chiyao Demon Lord, and instantly killed the people of the Demon Realm below.

Suddenly, the entire Demon Realm was full of blood.

Now, the ancestors of the deep demon can't make a move, and the ancient supreme and the others dare not confront Qin Chen, then Qin Chen and others in this demon world are like no one in the realm.

"Damn it, do you really think that your ancestor will lose?"

At this moment, seeing the miserable appearance of the Demon Realm, the ancestor of the Abyss finally uttered a sky-shaking roar.

A hint of coldness suddenly flashed deep in his pupils.

[Chapter 4966: on purpose](#)

boom!

At this time, the ancestor of Yuanmo suddenly burst into the sky, and a terrible dark aura erupted from his body. The billowing aura was like wolf smoke, directly shaking the ridiculous tower that was suppressed by Xiaoyao Supreme. Got out.

At the same time, he retreated suddenly, leaving the battlefield with Xiaoyao Supreme in an instant.

"All close to me."

The ancestor of the deep demon roared.

He glanced at the battlefield, his face was pale, and his heart was extremely angry.

At this time, beacon flames were burning everywhere in the entire Demon Realm, and the flames of war were everywhere.

One after another, the ancient demon continents fell, hitting the sky and the earth, forming terrifying scenes.

For hundreds of millions of years, his hard work in the Demon Realm has now been ruined. Such a scene makes him not frightened.

Whoosh whoosh!

At this time, Huanggu Zhizun and other strong men returned to the ancestor of the deep demon after seeing this.

"Ancestor."

Huang Gu Zhizun looked ugly, said in shame, lowered his head.

The top sages of the other ancient demon races also had ugly faces, and they dared not speak one by one.

They were all powerful and famous in the ancient times, but now a young man led a team to pierce the entire demon world, and their fame has long been ruined.

"A bunch of waste."

The ancestor of the Yuanmo cursed angrily, and Huanggu Zhizun and others dropped their heads one after another, not daring to speak more.

"Everyone, the ancestors of the Abyssal Demon are acting against the sky, doing evil, why should you join in with them? Why don't you join in with my human race, and become my human race's subordinates, and redeem your merits?"

Qin Chen said loudly, with a smile on his face, looking at the entire Demon Realm and countless races outside the Demon Realm.

The sound was thunderous, and the sound of rolling sound seemed to shake the sky, spreading throughout the entire demon world, shaking the world.

"This kid..."

Many people have ugly faces where the Bone Race, Zerg and other demonic alliances are located.

My heart is also guessing.

Qin Chen and the others are running so wanton in the Demon Realm, but the Demon Race can't stop it. If such news is spread, it will inevitably make people shocked, and they will doubt something in their hearts.

"Haha, the ancestor of the deep demon, Qin Chen is right, you might as well take refuge in my human race to make up for it. This world of atonement does not necessarily have the opportunity to make up for it."

Xiaoyao Supreme laughed and said.

The billowing aura on his body surged, falling down like a waterfall, shaking all directions, blocking everything.

"Xiaoyao Supreme, do you think you are determined to win?"

The ancestor of the deep demon said ferociously.

"Ancestor, come down."

At this moment, behind Qin Chen, the Lord of Abyss Demon walked out and said with a sincere expression: "Old Patriarch, we have done enough evil things over the years. Now we have a chance to turn around, why not turn around? Listen? Please persuade the master, even Princess Lianxinluo's descendants are the master's women nowadays, and it's not unacceptable for me to surrender to the master."

"Damn it, Lord of Abyss Demon, you actually admit that the thief is the master, and you're angry with the owner."

The ancestor of Yuanmo attacked his heart with blood, and almost spit out a mouthful of blood.

"The ancestor of the deep demon, this son is strong enough to go to the sky, leave this seat, and this seat can join hands with you to fight against this person. With this seat, he will definitely be able to stop that kid for you, stop these guys, and kill them. this."

Not far away, the high priest hurriedly shouted.

At this time, she was bound by the power released by the ancestor of the deep demon, unable to escape at all, and she was extremely anxious.

There is definitely no chance of reconciliation between her and Qin Chen, so at this time, the only possibility for her is to join forces with the ancestor of the deep demon, so that there is a ray of life.

The words of the high priest made Huanggu Zhizun's expressions move, and even Xiaoyao Zhizun couldn't help but look at it with a frown.

Although today's high priest has only one soul, but everyone can feel the terrible high priest, even the high priest with only one soul, the breath that exudes is not inferior to the old peak supreme such as the ancient supreme. .

This person is definitely a powerhouse of the pinnacle supreme level. There is even a faint aura of detachment in her soul. Obviously, he is a powerhouse who has touched a bit of detachment.

Once they join forces with the ancestors of the deep demons, they can really bring some trouble to Qin Chen and the others.

Hearing the words of the high priest, the ancestor of the deep demon couldn't help turning around.

The high priest's face suddenly showed hope, she believed her proposal, and the ancestor of the deep demon would never refuse under such circumstances.

A sneer sneered at the corner of the ancestor's mouth, "Joining hands with you? Are you worthy?"

"you....."

The high priest's expression suddenly changed, "Ancestor of the Abyss Demon, what do you mean? Now in the Demon Realm, no one except this seat can stop the boy and them for you. If you don't let go of this seat, you The person who is going to be slaughtered by this kid will surely be wiped out."

Not far away, Xiaoyao Supreme's brows frowned.

He also did not expect that the ancestor of the abyss would actually reject the proposal of the high priest.

"It's ridiculous, just rely on these guys?" Yuanmo ancestor sneered, ignoring the high priest, Sen Leng's eyes instantly fell on Xiaoyao Supreme's face, and a mocking smile suddenly appeared at the corner of his mouth: "Xiaoyao Supreme, you Do you really think you are determined to win?"

A trace of vigilance in Xiaoyao Supreme's heart suddenly rose, but his face remained unchanged, and he sneered: "Ancestor Yuanmo, what do you mean?"

"What do you mean? Xiaoyao Supreme, my ancestor has been here for hundreds of millions of years, so I want to let you know where my ancestor's confidence lies."

The ancestor of Yuanmo suddenly grinned, his right hand suddenly lifted, and then he waved it down.

boom!

With the wave of the ancestor of the deep demon, the entire Demon Realm void suddenly boiled, and in the Demon Realm Continent below, countless dark auras rose up.

Not only the dark aura from the burner in the entire Demon Realm, but also the spirit of the high priest who was trapped by the Great Envelope Array, also burned in an instant.

A source of darkness ignited from the high priest.

"what!"

The high priest suddenly uttered a screaming scream, looked at the ancestor of the abyss demon in anger, and roared: "Old ancestor of the abyss, what are you doing? Ah, let me go!"

"doing what?"

The ancestor of the deep demon smiled grimly: "Can't you see it? The ancestor is offering sacrifice to you."

"Sacrifice?"

The high priest looked terrified.

The ancestor of the deep demon sneered: "High priest, do you really think that you are hiding in the inanimate demon realm, and the ancestor can do nothing about you? The ancestor may not be able to destroy the entire inanimate demon realm, but it is nothing to deal with you. problem."

"You... what do you mean?"

"What do you mean? The ancestor's twelve capitals, the heavenly demons, are large enough to block the world. In your heyday, you can't escape your ancestor's perception and escape the inanimate demon realm. How can you escape quietly just now?"

"You mean... you did it on purpose?"

"if not?"

The ancestor of the deep demon laughed grinningly: "You can live to this day because of the deliberate result of the ancestor, and you are the key to the ancestor's killing of Xiaoyao Supreme today."

boom!

The high priest's whole person burned instantly.

[Chapter 4967: Detached](#)

At this moment, the high priest's whole person was burning frantically, and the nameless flames enveloped her soul, turning her soul into fuel and burning quickly.

Hum!

The terrible flames of darkness soared into the sky.

"No....."

The high priest resisted frantically, but no matter how she resisted, she couldn't stop the aura from burning on her body. The dark aura entered the soul and couldn't resist at all.

"The ancestor of the deep demon, you deserve to die, you deserve to die."

The high priest screamed bitterly in the flames, and the essence of his soul dissipated a little bit.

And accompanied by the burning of the soul of the high priest.

boom!

An invisible power quickly enveloped the entire demon world.

At this moment, everyone was horrified, their faces were shocked, and they looked towards the endless sky.

Above the devil horizon, a vast dark aura vibrated, rolling down like a waterfall, haunting the world.

"This force is not good."

Xiaoyao Supreme felt this power, his face suddenly changed, and he even looked at Qin Chen: "You guys, hurry up and leave the demon world."

At this time, Qin Chen also felt a trace of badness in his heart, a strong sense of crisis lingering in his heart.

Qin Chen suddenly raised his head and looked towards the endless sky to make him feel such a strong crisis.

boom!

Above the endless sky, the terrifying power transformed by the high priest's burning quickly gathered in the sky of the demon world. Not only the power transformed by the high priest, but also the location of countless powerful men who fell from the previous demon world, there is also a trace. The origin rises and gathers together.

boom!

An invisible vortex slowly emerged in the demon sky.

When this vortex appeared, the entire Demon Realm's void vibrated, and a terrifying dark aura faintly descended.

In that whirlpool, one could vaguely see a magnificent continent slowly emerging, suffocating and terrifying.

"The Dark Continent."

Xiaoyao Supreme looked furious.

The ancestor of the deep demons actually wanted to open the entrance of the dark clan.

"The ancestor of the deep demon, are you trying to open the passage of the dark race and become an enemy of this universe?"

Xiaoyao supreme roared.

And at this time, above the endless continent, a pair of cold eyes slowly emerged. These eyes were extremely majestic and huge, just like some ancient existence, gazing at the world of this realm, blooming with cold murderous intent.

With just a glance, Qin Chen and the others seemed to be frozen, feeling shock from the depths of their souls.

What a horrible scene, a look that can make Qin Chen and other top powerhouses fear, what is the existence of the master of those eyes?

At this moment, there was only one remnant soul left in the high priest, and only the last source.

"The ancestor of the deep demon, I have long been united with the dark clan, and I have the power of darkness to cultivate. Everyone is my own..."

The only remaining soul of the high priest said in horror.

The ancestor of Yuanmo looked at her and said with a sneer: "I naturally know that you have the power of darkness in your cultivation. Otherwise, how can you let you grow up to now? The stronger your cultivation base, the stronger the power of darkness in your body. The dark vortex is naturally bigger, don't you understand?"

The pupils of the high priest suddenly became round.

this moment.

She thoroughly understood that everything about her was basically under the control of the ancestor of the deep demon.

The other party raised himself up to the present as if raising Gu, just for this moment.

boom!

In an instant, the whole body of the high priest burst into flames, and his soul instantly turned into a cloud of smoke, disappeared into the void, and completely merged into the dark vortex.

The dark figure in the dark vortex became clearer and clearer, and a breath that frightened the heavens swept out.

at this time.

The entire universe suddenly shook, and outside the Demon Realm, Shen Gong Zhizun and others all showed a look of anger.

"The ancestor of the deep demon is going to collude with the dark clan and invade the universe again?"

"Damn it, sin deserves death."

"This is troublesome. If Master Xiaoyao is trapped in the Demon Realm, it's over."

"No, definitely not."

Shengongzhizun and others are extremely palpitations, and they are extremely anxious in their hearts.

Devildom.

The dark breath descended crazily, permeating the entire demon world.

The ancestor of Yuanmo turned and looked at Xiaoyao Supreme and sneered: "Xiaoyao Supreme, originally this man's ancestor was going to be saved to sacrifice at another time, but today you actually

found death and broke into my demon world. With such an opportunity, it is no wonder that Ben Ancestor."

"Hurry up."

Xiaoyao Supreme even shouted angrily, his face became extremely ugly, and he spurred the Huangtian Pagoda to violently bombard the world outside.

"go."

But Qin Chen didn't dare to neglect, his figure shook, and he took Chen Sisi and others straight to the sky in the distance, trying to escape from the devil world.

"Want to leave, hahaha, none of you should leave today."

The ancestor of Yuanmo laughed loudly, and he stepped out, booming, swept out like a vast ocean of demon energy, shocking the whole world and blocking Qin Chen.

Xiaoyao Supreme urged Huangtian Tower to stop it immediately.

Boom!

The huge Huangtian Pagoda towered over the heaven and the earth, bursting out the ancient atmosphere, the sky was trembling, and the suffocating aura directly smashed the devilish energy of the ancestor of the abyss.

"Master Dark Demon, what are you waiting for?"

The ancestor of Yuanmo raised his head to look at the dark vortex, and said sharply.

"Ancestor of Abyss Demon, what are you anxious for?"

A cold voice resounded from the sky and the earth, and the next moment—

Above the endless sky, in the dark vortex, a huge palm suddenly pressed down. This palm was completely pitch black, and instantly penetrated the endless void, slamming on the top of Xiaoyao Supreme Desolate Sky Tower.

boom!

That big hand swept through everything, like a big mountain hitting it, and with a bang, it smashed the Xiaoyao Supreme Desolate Tower into the air, and the endless chaotic aura exploded, like the end of the world.

Such a scene stunned everyone in the human race in an instant.

Xiaoyao Supreme Master's Huangtian Tower was actually blown away?

Unprecedented.

He slapped the Feihuang Tianta with a palm, and the big hand did not stop, once again crushing towards Xiaoyao Supreme.

Xiaoyao Supreme roared and buzzed, behind him, a series of terrible shadows appeared, it was the power of his martial soul, which opened the sky, boldly blasting on the huge dark palm.

With a bang, the sky fell and the earth cracked, and the endless chaotic aura collided with the dark aura. In the incredible eyes of everyone, the dark palm directly exploded the power of Xiaoyao Supreme's martial arts, and the huge palm directly blasted Xiaoyao Supreme's body. .

With a bang, Xiaoyao Supreme's whole body was blasted out, the breath on his body was directly exploded, and a mouthful of blood was expelled.

boom!

He stopped his figure, and the void behind him exploded directly, and the void of the universe simply couldn't bear this force.

"Senior Xiaoyao."

Qin Chen shouted loudly when he saw this.

"Hurry up."

Xiaoyao Supreme stabilized his figure, his breath was empty, his expression frightened, he raised his head to look at the towering figure in the black whirlpool, and said in amazement: "It's a transcendence, a transcendent powerhouse."

Detached?

As soon as this ranking came out, the audience was silent, and the entire universe seemed to be silent for a moment.

[Chapter 4968: How to fight](#)

Detached, this is a desirable term.

Martial artist practice is like sailing against the current. Everyone is a person who walks against the sky. Everyone is like a fish in the surging river, engulfed in the long river of fate.

The fate of this life has been doomed, and there is no way to escape that side of the world.

Life, in the long river.

Die, in the long river.

This is the sadness of fate.

You can't decide your birth, and you can't stop where your death is.

Anyone's life has been delineated, even if it is the pinnacle supreme powerhouse.

The so-called control of the rules, the so-called overriding the heavens, is just to allow yourself to be more free in this long river. For example, if you leap over the long river, you can see the moment of the future river, but after all, you will still return to the long river.

Only detachment.

Once detached, it is as if Kunpeng went straight to ninety thousand miles, which is equivalent to jumping out of this world, out of this long river.

Truly above this universe, you can enter the vast universe and swim without being restricted or suppressed.

Be at ease.

This is what every warrior dreams of.

It's just too hard to be detached.

Under the world, there are very few recorded transcendent powers in the entire universe. There have been some rumors in the world and recorded some transcendent powers, but they all disappeared in the long river of history, as if they had never appeared before.

Nowadays, a transcendent powerhouse has descended, straddling the endless void, traversing the endless world, and performing a powerful attack on Xiaoyao Supreme. How can such a scene not make people suffocate and fear.

At this moment, the entire universe was silent, and everyone's eyes were gathered on the giant dark hand that opened up to the sky, shocked by it, and the soul shook its banner.

boom!

And at the moment that huge palm descended, the entire universe world oscillated. The origin of the majestic universe was mighty, and you could see that there were invisible forces suddenly appearing between the world and the earth.

These power avenues are invisible, with heart-palpating power, instantly wrapped around the huge dark palm.

It is the power of the origin of the universe.

The arrival of external forces immediately drew the confrontation from the origin of the universe. Shocking thunders descended from the sky and the earth. The terrifying thunder light crazily smashed down across the sky, and smashed fiercely on the dark palm, but couldn't damage the palm at all. Cents.

"Hmph, it's just the origin of the universe at the end of the era. If it is the origin of the universe in its heyday, the emperor might still be afraid. Now you only have part of the origin power, and you want to shock the emperor. It's ridiculous."

The rumbling voice resounded through the world, the huge palm shook suddenly, with a bang, the endless thunder burst directly, and the huge dark palm once again enveloped Xiaoyao Supreme.

"Master Xiaoyao, be careful."

Outside the Demon Realm, Shen Gong Zhizun and others all showed horror.

哇!

The huge palm was suppressed, and Xiaoyao Supreme was directly shaken down, splashed with blood, and was plunged into the world of nothingness on the spot.

here it is?

Xiaoyao Zhizun's face changed slightly.

At this moment, he could not feel the existence of the origin of the universe, as if he had entered a blank void, in this universe, time, space, all the rules no longer exist.

"where is this place?"

Xiaoyao Zhizun's expression was ugly, he even urged the power in his body, but no matter how he urged, he could not attract the power of the origin of the universe.

It seems that the original universe no longer exists.

The pitch-black eyes were so majestic, they stared coldly, staring at the Xiaoyao Supreme below, and sneered: "This is the realm of no space!"

"The Realm of No Space?"

"Yes, the realm of the emptiness is a place that only those who are beyond the strong can enter. It is an independent world beyond all the power of the universe. There is a realm of the emptiness in any universe, but only those who are beyond the strong can enter. Qualified to enter. And in the realm of no emptiness, as long as you can't reach the realm of transcendence, you can't communicate with the outside world at all, you can only be trapped in it forever."

The Black Demon Ancestor's voice rumblingly passed out.

Xiaoyao Supreme's face suddenly became extremely ugly.

In this Wukong realm, he has no contact with the outside world at all, that is to say, he has completely lost the power to resist.

"Ancestor of Abyss Demon, is this what you call your most powerful enemy in this universe?"

The dark pupils coldly locked on Xiaoyao Supreme, and sneered: "It's just a half-step detached kid, let's see how the emperor killed him."

Words fall.

The black demon ancestor's huge palm has once again grabbed and photographed towards Xiaoyao Supreme, the huge palm crushes everything, and instantly falls on top of Xiaoyao Supreme's head.

"It's not that easy to kill me."

Xiaoyao Supreme roared and boomed, and a terrifying force in his body boiled.

It is the power of his martial soul.

And along with the power of martial soul, there is an extremely terrifying power of the underworld.

With a bang, this power instantly enveloped Xiaoyao Supreme.

At the same time, Xiaoyao Supreme Divine Soul moved with a bang, and the wild tower in the distance blasted towards the dark hand. With a bang, the dark continent was deviated by one point, but the terrifying power was still strong. Xiaoyao Zhizun flew out, spouting a mouthful of blood.

"Huh? Your kid can actually spur a treasure. No, you are not half-step transcendence, but half-step transcendence peak."

The black demon ancestor revealed a look of shock: "Unexpectedly, in the universe at the end of this era, there will be people who have reached the peak of half-step transcendence. Your talent is really terrifying."

Among those dark eyes, there was a horror: "In the end of the universe, the difficulty of cultivation is many times more difficult than normal. What a pity, if it is in the middle of the universe, with your talent, it may really be possible to break through the realm of transcendence. , Entering the universe, it's a pity, a pity."

Although it was an enemy, the Black Demon Ancestor actually expressed regret to Xiaoyao Supreme.

With a roar, Xiaoyao Supreme was about to rush out of the Wukong Realm, but was suppressed again by the Black Demon Ancestor's big hand.

"Although your talent is not weak, you are still just an ant in the eyes of the Emperor."

The pitch-black pupils looked at the ancestor of the Abyss Demon suddenly.

"The ancestor of the deep demon, this emperor has blocked your so-called most powerful enemy for you, and hasn't done anything to conquer this universe?"

The Black Demon Ancestor's voice sounded again, with disdain.

When the ancestor of the Yuanmo heard the words, his eyes flickered, and then instantly looked at Qin Chen and everyone not far away, with a cold stern passing deep in his eyes.

"Kid Qin Chen, this is in trouble."

Being stared at by the ancestor of the abyss, Honghuang Zulong's face instantly became extremely ugly, and he said hurriedly.

The detached ones intervene.

How do you fight this?

[Chapter 4969: Protagonist of the times](#)

At this time, Honghuang Zulong was quite panicked.

No way, no way not to panic.

The detachment of the strong came, what a divine might this is, even if the prehistoric ancestor dragon prides itself on being invincible, he dare not fight against the detachment of the dark clan.

This is not a dead end. What is it?

"Qin Chen, why don't we run away as soon as possible? Staying again, I'm afraid it will be dangerous!"

Honghuang Zulong's voice trembled a little.

At this moment, he persuaded.

There is no way not to persuade them. Who dares to fight for the better than the strong.

A sharp expression flashed across Qin Chen's eyes, and he said in a deep voice, "It's late, I'm afraid I can't run away now, and how can I wait to leave Senior Xiaoyao here alone."

Honghuang Zulong said in shock: "Are you trying to save him?"

Qin Chen did not answer, but said solemnly: "No matter whether it is saved or not, I can't leave Senior Xiaoyao here alone."

Qin Chen's tone was firm.

Xiaoyao Supreme broke into the Demon Realm because of him, and now, Xiaoyao Supreme is trapped in the emptiness world by the transcendence of the Dark Clan. If he leaves directly, what qualifications will he have to gain a foothold in this universe in the future?

If he really did this, he would be unable to forgive himself in this life, which would lead to the collapse of Dao Heart, and he would not be able to become a truly top power in this life.

"Everyone, kill the enemy with me."

Without waiting for the ancestor of Yuanmo to speak, Qin Chen screamed, and he already swept towards Xiaoyao Supreme.

At the moment Qin Chen's words fell, Chen Sisi and Shangguan Wan'er almost didn't hesitate, and immediately followed Qin Chen and killed them.

"This....."

Seeing such a scene, everyone was stunned.

At this time, not only the surrounding people, but everyone outside the Demon Realm was also stunned.

In the face of a detached powerhouse, Qin Chen actually dared to rush forward?

Suddenly, Shen Gong Zhizun and the others couldn't help but be shocked. They were instead. Under this circumstance, would they dare to go?

Can not guarantee.

It's not that they are afraid of death, but facing the powerhouses of the transcendence realm, they can't help at all with their cultivation bases, but they are going to die.

Under such circumstances, who would want to do something that knowingly must die?

But Qin Chen rushed forward without any hesitation.

Not far away, the ancestor of Yuanmo was also taken aback, and then smiled: "Interesting, at this time, I still don't escape."

When the voice fell, the ancestor of the Yuanmo step stepped out, with a rumbling sound, as he stepped out, the whole sky was shaken, and a huge palm directly covered Qin Chen.

There was a boom.

The palm of his hand was extremely majestic, like a mountain, appearing directly on top of Qin Chen's head, rolling down.

"Master Qin Chen, be careful."

The ancestor of the blood river screamed, turned into a monstrous sea of blood, and directly killed it.

Honghuang Zulong gritted his teeth, "Damn it, I'm fighting it."

Roar!

The real dragon roared, and a towering dragon shadow appeared in the universe, sweeping towards the ancestor of the deep demon.

At the same time, the ten-tailed magic fox, the great elder shadow supreme, the great guardian meteor demon supreme, and the Wuji supreme and other peak powers, all killed the past.

Not only them.

Not far away, Demon Ancestor Luo's eyes flashed, "We will pass too."

When the voice fell, three heads and six arms appeared all over him, also bursting out with a sky-reaching fighting spirit.

On the side, Red Flame Demon Lord hurriedly shouted: "Master Luohu Demon Ancestor, we don't need to go there, it is better to leave the demon world." "Huh, what are you talking about?" Luohu Demon Ancestor looked ugly. Scarlet Flame Demon Lord: "Not to mention that this ancestor's life was saved by the kid, it is just that the ancestor of the deep demon colluded with the forces of the universe to destroy Fang Yu.

Zhou, the ancestor cannot stand idly by. "

"You know, if it weren't for the birth of this universe, why would there be us?"

Luohu Demon Ancestor looked righteous.

Without this universe, there would be no them.

As the chaos gods and demon, Luohu Demon Ancestor was born out of the chaos of this universe. The origin of the universe is equivalent to their mother, and no one has deeper feelings for the origin of the universe.

Now that the Dark Clan has invaded, Luohu Demon Ancestor is naturally wary.

"If you want to leave, leave by yourself."

Luohu Demon Ancestor said indifferently, the voice fell, and with a boom, he turned into a majestic Demon God, and he blatantly killed the ancestor of the Abyss, aggressively.

"Master Luohu Demon Ancestor..."

Demon Chiyan wanted to say something, but was violently stopped by Mo Li, "Don't say it."

"Li'er?" Chiyan Demon Lord turned his head and looked at Mo Li in surprise.

Mo Li said indifferently: "Senior Demon Ancestor Luohu is right. We are born and raised in this universe. We can care about other places, but how can we back down when we face life and death."

"The universe is there, and home is there. If this universe is gone, where can we be?"

Mo Li looked up to the sky, with endless fighting intent on his body, and rushed towards Qin Chen's place, and said in a cold voice: "Boy, no matter what, my Mo Li will not lose to you, I am The protagonist of this era."

Upon seeing this, Demon Chiyan smiled bitterly, and no longer hesitated, a trace of determination flashed in his eyes, and immediately followed Mo Li and slammed towards Qin Chen.

In an instant, more than a dozen top-level powerhouses rushed straight to the place of Xiaoyao Supreme, with murderous aura, unmatched.

"A group of guys with manly arms as a car, looking for death."

Upon seeing this, the ancestor of Yuanmo turned into anger, and shouted angrily, the huge palm smashed down towards Qin Chen fiercely.

"The river of blood is boundless."

boom!

Before his big hand fell, a vast river of blood had appeared under the huge palm of the ancestor of Abyss Demon, and the endless sea of blood was like an endless ocean, which was blocked on the palm for an instant.

At the same time, the enchantment barrier of the ten-tailed magic fox has already enveloped the ancestor of the abyss.

"The charm of charm? It's ridiculous, how could this ancestor be charmed by such charm."

The ancestor of Yuanmo sneered, his body shook, and two dark rainbows burst out of his pupils, and the enchantment barrier that enveloped him instantly collapsed.

A terrifying soul power instantly rushed into the mind of the Ten-tailed Magic Fox.

With a puff, the ten-tailed magic fox immediately spouted a mouthful of blood, his complexion became wilted, and his body retreated violently in an instant.

In an instant, she was injured.

And the next moment, the big hand of the ancestor of the deep demon has already blasted into the monstrous blood.

With a bang, the earth-shaking roar resounded, and the sea of blood boiled directly and collapsed on the spot.

The blood river ancestor's almost infinite blood sea power couldn't stop the suppression of the abyss demon ancestor, and it fell apart in an instant.

The boundless sea of blood quickly condensed into the figure of the blood river ancestor, his face was pale, and he looked at the ancestor of the abyss demon extremely ugly.

The power of his blood river is enough to trap any pinnacle supreme master. But in front of the ancestor of the deep demon, it turned out to be so vulnerable.

[Chapter 4970: Origin recognition](#)

"A group of native chickens and dogs are also worthy of being arrogant in front of the ancestor."

The ancestor of Yuanmo sneered, the half-step detachment breath on his body burst to the extreme in an instant, and he sternly pressed it towards Qin Chen.

boom!

The vast giant hand directly suppressed it.

At this time, the great dragon transformed into the ancestor dragon suddenly appeared and collided with the palm of the ancestor of the deep demon without hesitation.

boom.

A terrifying force of detachment poured into the body of the prehistoric Ancestral Dragon in an instant.

boom!

The void of the universe on this side burst directly into pieces, and the void within a radius of a million miles collapsed directly like a mirror, and annihilated into nothingness.

next moment.

With a puff, the huge dragon body of the Honghuang Ancestral Dragon was blasted off directly, dripping with blood, bursting with chaotic aura.

Pieces of huge scales shattered, stained with blood and fell from the sky, forming an ancient picture scroll, tearing the void and destroying everything.

The great ancestor dragon struggled to stabilize his figure, and looked at the ancestor of the abyss demon in horror, with a look of horror in his expression.

As the ancient Chaos God and Demon, his physical body is undoubtedly extremely terrifying, almost invincible at the same level, but he did not expect that even the ancestor of the abyss would not be able to withstand a blow.

This is shocking.

"Half-step detachment, no...this is definitely not a simple half-step detachment, but a half-step detachment at the peak state."

Honghuang Ancestral Dragon completely awake with heart palpitations. This Abyss Demon ancestor is definitely not an ordinary half-step transcendence realm, but has reached the peak of half-step transcendence like Xiaoyao Supreme, only one step away from the transcendence realm.

In today's era, being able to become a half-step transcendence pinnacle master step by step, such a scene, just think about it, and feel the endless horror.

"Hahaha, none of you want to stop me."

With one blow blasting away the prehistoric ancestor dragon, the ancestor of Yuanmo sneered at the corner of his mouth, walking towards Qin Chen step by step, possessing the supernatural power of everything.

"Kid Qin Chen, go quickly, let's stop him."

The Honghuang Ancestral Dragon roared, dragging the blood-stained body, and was about to kill it again.

The Wuji Supreme, the Great Elder, and the Great Protector also surrounded them one after another.

Qin Chen stared at the ancestor of the abyss demon coldly, "You all retreat, with the cultivation base of the ancestor of the abyss demon, you will die when you go up, and only I will come."

"dust."

Both Chen Sisi and Shangguan Wan'er were anxious.

And none of Wuji Zhizun and others backed down.

Qin Chen glanced at a few people, his face solemn: "Observe, if you go up, it will only distract me. I also want to know how powerful this ancestor of the abyss is."

The voice fell.

Qin Chen opened his palm, and the mysterious Rust Sword appeared in his hand. He looked at the ancestor of Yuanmo and said coldly: "Let's do it!"

It's this time, but you still haven't escaped?

Hearing this, the ancestor of Yuanmo narrowed his eyes, "If you seek your own death, the ancestor will make you perfect!"

As he said, he stepped out and squeezed his right fist suddenly. In an instant, countless heavenly magic lights appeared in the entire demon world!

In this endless magic light, all are the vast magic patterns that make one's heart palpitating!

Honghuang Zulong said anxiously: "Qin Chen, you are definitely not his opponent right now, trust me!"

Qin Chen said solemnly: "Then you stop him?"

Honghuang Zulong was stunned, and after a moment of silence, he said: "Then you should fight him!"

Qin Chen suddenly disappeared in place!

At this moment, the power of his Dark King's blood surged wildly, and the continuous power of King's blood poured out of his body. Not only that, he also directly spurred the evolution of the God Emperor Totem of the Nine Star God Emperor Jue and the power of An Luo Tian. !

Do your best!

This ancestor of the Abyssal Demon was half-step beyond the pinnacle realm, and the realm was much higher than him, so Qin Chen had to work hard!

At this moment, the ancestor of Yuanmo suddenly slammed down his clenched right fist.

boom!

In an instant, the magic lights in the surrounding void directly gathered at an extremely terrifying speed!

boom!

In an instant, Qin Chen was overwhelmed by the countless magic lights, and the magic light containing half a step of detachment completely wrapped Qin Chen!

"dust!"

Everyone was shocked.

laugh!

But at this moment, the countless magic lights suddenly boiled, and in that magic light, an equally heart-pounding breath boiled, and a vast ancient tree appeared in the world, and around the ancient tree , There is a terrible magic ball phantom.

It is the magic soul source device.

Qin Chen released the two top-level demon treasures for the first time without any hesitation.

Because Qin Chen knew that with his own strength, he couldn't fight against the ancestors of the Abyssal Demon. Only relying on the Demon Tree of the Ten Thousand Realms and the Demon Soul Source Tool could there be a chance.

boom!

Under the two great artifacts, the infinite magic power in Qin Chen's body instantly boiled, and the power of the billowing magic energy is vast. At the same time, the mysterious rust sword in Qin Chen's hand suddenly burst out with a dazzling black light.

Six Reincarnation Sword Art!

cut!

Wearing the Haotian Divine Armor, Qin Chen suddenly slashed down in the vast river.

At this moment, Qin Chen displayed his all-out attack.

Sword light violently slashed, the countless magic lights that fell down from Yuanmo ancestor Gai were suddenly torn into a huge hole, and a sword light drove straight in and slashed directly at Yuanmo ancestor!

There was a hint of surprise in the eyes of the ancestor of Yuanmo, but immediately, a touch of disdain appeared at the corner of his mouth, and then he punched!

The power of countless demons gushes out!

Boom!

A blade of sword light shattered, and Qin Chen directly retreated tens of thousands of miles away!

As soon as Qin Chen stopped, the Haotian Divine Armor on his body made a click. The Haotian Divine Armor, which had remained motionless under the attack of the high priest before, directly appeared cracks.

Without waiting for Qin Chen to stabilize his figure, the ancestor of Yuanmo flicked his sleeves. With this wave, countless time and space around Qin Chen boiled directly. At this moment, Qin Chen was like a flat boat in the stormy sea!

At this time, Honghuang Zulong said nervously: "This is the power of the rules of time and space. You have been involved in the long river of time and space. Get out quickly, otherwise, you will be crushed by the river of time and space!"

As soon as the voice of the great ancestor dragon fell, Qin Chen discovered that countless terrifying powers were madly tearing his flesh!

Click!

Qin Chenhao's Heavenly Armor cracked directly at this moment, and his body was also disintegrating little by little!

Time and space!

"Don't waste your energy. With your current cultivation base, you still can't rush out of time and space."

The ancestor of Yuanmo sneered.

"Really?" Qin Chen gritted his teeth, his pupils became crimson, and the origin of time in his mind moved crazily.

At the same time, the origin power of this universe also surged and directly entered Qin Chen's body.

Original recognition!

boom!

In an instant, an invisible force of time enveloped Qin Chen.

The next moment, Qin Chen's figure shook and left the long river of time.

Seeing Qin Chen escaped unexpectedly, the eyes of the ancestor of Yuanmo suddenly flashed with coldness, and he raised his head to look at the sky, "Recognized by the source?"
