

## Valkyrie 4981

Chapter 4981 Too humiliating

At this time, in the entire universe, countless eyes are gathered here.

The final battle, the battle this time, represents that the battle for hundreds of millions of years in the universe is finally coming to an end.

In the depths of the endless universe, countless races have emerged, the Celestial Race, the Monster Race, the Giant Race, the Rock Race...

Each and every ethnic group, whether it was from the Human Race Alliance or the Demon Race Alliance, all appeared one after another, staring at this place, shocked and uneasy.

Because everyone knows that the battle between demons and humans has come to an end, and the settlement of this battle will establish the ownership of the entire universe.

"Hahaha, the ancestor of Yuanmo, just be obedient and capture it. Anyway, you are not wronged if you lose in the hands of Qin Chen."

In the sky above the demon world, the \*\*\*\* cat with Erlang's legs crossed, was carried by two catwomen of the nine-tailed cat family, and walked down from the void step by step. The breath on its body was extremely strange, as if it did not exist in this void, ignoring the universe. the existence of space.

Behind him are many top-level supreme powerhouses of the demon clan, Di Jun, Taiyi, etc., all of them are the ancestors of the peak supreme level.

As one of the top three races in the universe at that time, the demon clan has an extremely deep background and is not much weaker than the human clan and the demon clan. However, after the invincible crushing of the demon clan, they could only cooperate with the human clan, and in Xiaoyao Supreme After appearing, it became a vassal of the human race.

Now, this peak battle has begun, and countless ancient powerhouses of the demon race have awakened and come.

On the other side, Xiaoyao Supreme also walked step by step. Around him, the breath of the demon world was madly repelled. At this moment, the breath of Xiaoyao Supreme's whole body has reached an extremely terrifying level, and he is only one step away from the realm of detachment. remote.

The Desolate Sky Tower was suspended above his head, and strands of chaotic aura hung down, setting him off like a god.

The momentum of the leader of the human race erupted strongly.

Outside the Demon Realm, Chaos Supreme and other human race alliance powerhouses also vaguely emerged and surrounded them one after another.

"Ancestor Yuanmo, today is the time of your death."

On the other side, Qin Chen was holding a mysterious rusty sword, with the power of God Emperor Totem blooming on his body, walking step by step.

Although Qin Chen's current cultivation level is only peak supreme, but the pressure on people is not inferior to that of a half-step detached powerhouse, and no one dares to despise him.

"In the past few years, you have brought disaster to the universe, and even led the dark clan to come to the universe and slaughter hundreds of millions of people in my universe. You know the sin."

Qin Chen said coldly, the mysterious rusty sword in his hand burst out with a terrifying sword energy, penetrating the entire Demon Realm, causing the entire Demon Realm to erupt with a violent roar, as if it was about to be cut off by this sword.

"Ancestor."

Huanggu Supreme and others looked at the ancestors in horror.

They were all extremely panicked.

Even the Black Demon Ancestor Emperor is dead, is it still possible for them to win now?

Feeling the sword power on Qin Chen's body, Yuanmo's ancestor's face was extremely ugly. Qin Chen's growth far exceeded his expectations.

"You stinky boy, just because you want to kill me? It's not that easy."

The ancestor of Yuanmo roared and said, Boom, in his body, the rolling darkness and the source of Yuanmo erupted, and the cultivation base that surpassed the peak level by half a step swept through, causing countless strong people outside the demon world to suffocate.

Even without the Black Demon Ancestor Emperor, Yuan Demon Ancestor is still the top powerhouse in this universe, the leader of the Demon Race Alliance, who has controlled the Demon Race's terrifying existence for hundreds of millions of years.

In the entire universe, he is almost not afraid of anyone except the Supreme Being.

"Let this ancestor see what kind of ability you have with such a big tone."

The voice fell, and the ancestor of Yuanmo suddenly raised his hands.

boom!

One after another terrifying magic light gathered in his body, and in an instant, seventy-two terrifying magic pillars rose up in the entire demon world. Each of these magic pillars contained a terrifying breath. The magic pillars gathered together and instantly turned into a huge magic axe.

This magic axe was like an open sky, and it fell down on Qin Chen.

With a bang, wherever the magic axe passed, the void of the universe collapsed directly, and the ancestors of Yuanmo transcended the existence of the peak level by half a step. With such an axe, the peak supreme would be shattered in an instant, and the void of the universe could not bear this strength.

A stern look flashed in Qin Chen's eyes. Facing the axe of Yuanmo's ancestor, his expression remained unchanged, and his figure suddenly rose to the sky, and a sword intent burst into the sky from the mysterious rusty sword in his hand.

God Emperor Sword Intent!

Qin Chen instantly integrated the power of the God Emperor's totem into the mysterious rusty sword.

With a bang, the void within a radius of hundreds of millions of miles collapsed directly and turned into an endless black hole. Under this blow, Qin Chen's figure suddenly retreated, and the void behind him shattered layer by layer, but soon, he stabilized. body shape.

What?

Ancestor Yuanmo's pupils shrank.

The others also looked at Qin Chen in shock.

Actually blocked?

Although Qin Chen broke through to the peak of the supreme state before, the breath that escaped made everyone feel incomparable heart palpitations, but no one expected that Qin Chen could block the axe attack of the ancestor of Yuanmo.

After all, the ancestor of Yuanmo has been in this universe for too long. For hundreds of millions of years, except for Xiaoyao Supreme, almost no one in the entire universe has been his opponent.

But now...

Qin Chen was also shocked to feel the mysterious rusty sword in his hand.

"Sure enough, God Emperor Totem is not as simple as I thought before."

Qin Chen has endless excitement in his heart.

After seeing the \*\*\*\* emperor totem displayed by the mysterious phantom of the virtual sea, Qin Chen was shocked. For the first time, he knew that the power of the \*\*\*\* emperor totem evolved from the Nine Stars God Emperor Art can be so terrifying.

The detachment-level powerhouse is hard to resist.

Before, he was deeply immersed in the \*\*\*\* emperor totem cast by the phantom. When he fought the ancestors of Yuanmo before, Qin Chen did not use other powers, but only used the power of the \*\*\*\* emperor totem to drive the mysterious rusty sword. The sword intent burst out with unexpected effects.

"Come again."

Qin Chen let out a low voice and shot out again.

"court death."

Ancestor Yuanmo roared and slashed again with an axe.

Boom!

The next moment, Qin Chen flew out again, and this time, a trace of blood spilled from the corner of his mouth.

However, the excitement on Qin Chen's face was even more intense. He wiped the blood from the corner of his mouth and shouted: "Come again."

boom boom boom...

Under the watchful eyes of everyone, Qin Chen continued to use his sword intent to rush towards the ancestor of Yuanmo, and he was also slashed and flew out by the ancestor of Yuanmo again and again, but every time he was slashed and flew out, he could kill with a more ferocious attitude. Ancestor Xiang Yuanmo seems to never know the end.

"This guy is actually using the attack of the ancestors of Yuanmo to cultivate?"

Xiaoyao Supreme looked at Qin Chen in shock. Qin Chen was the first one who dared to use the ancestors of Yuanmo to cultivate.

It's so humiliating.

Chapter 4982 You are here too

Qin Chen rushed towards the ancestor of Yuanmo again and again, and then he was repelled again and again, and as he was repelled again and again, the aura on his body also became stronger and stronger.

A suffocating force frantically dissipated.

"hateful."

The ancestor of Yuanmo roared, and suddenly a palm slapped down at Qin Chen angrily. The vast demonic energy gathered and turned into a huge palm. The endless big hand was like a sky, and Qin Chen was instantly covered.

boom!

Qin Chen was photographed directly below the endless demon world.

But the next moment, a sword light lit up, poof, Qin Chen was like electricity, holding a mysterious rusty sword, directly tore the vast palm, and rose directly from the endless sky, the sword light penetrated the sky, and the ancestor of Yuan Demon The vast palm of hundreds of millions of feet is directly cut open.

boom!

Endless power rushed into Qin Chen's body, Qin Chen's body shook, a trace of blood spilled from the corner of his mouth, but his expression was extremely excited.

bear it.

He could feel that the palm of the ancient ancestor of Yuanmo contained an extremely terrifying half-step detachment power, but when this power entered his body, it was forcibly held by his body. Just a little wound.

Although he was still injured, for Qin Chen, this was already a huge surprise.

Because in today's universe, in addition to the unknown phantom powerhouse, Yuanmo Ancestor and Xiaoyao Supreme are already ceiling-level existences in this universe.

Unconsciously, Qin Chen has approached the existence of this cosmic ceiling level.

"Come again."

Qin Chen laughed, he urged the mysterious rust sword, at this moment, the power of the sword demon in the mysterious rust sword was completely released by him.

boom!

An endless insane breath burst out from the mysterious rusty sword.

In ancient times, Sword Demon was also a master of half-step detachment. Although he once lost to the Sword Ancestor of Tongtian Sword Pavilion, in the universe of that year, Sword Demon could be regarded as the second master of swordsmanship in the universe at that time.

Moreover, he is even more mad, fighting the sky and the battlefield, challenging in all races in the universe, fearless, even the universe and heaven dare to be tough.

Before Qin Chen urged the mysterious rust sword, he had never been able to exert the strongest power of the mysterious rust sword, but now, the mysterious rust sword is in his hand, but it is driven like an arm.

"kill."

Qin Chen turned into a sword light, and the sword light was like a terrifying magic river, and came to the ancestors of Yuanmo in an instant.

"roll!"

The ancestor of Yuanmo raised his right hand, gathered endless demonic energy, and slammed out a fist, and a shocking roar was heard. It turned into powder, but there was also a sword mark on the fist of the ancestor of Yuanmo.

injured.

Under Qin Chen's attack, Yuanmo's ancestor was also injured.

However, Qin Chen just had a turbulent qi and blood in his body, and a trace of fresh blood overflowed from the corner of his mouth again. The power of the supernatural source in his body surged, and the injury was directly healed in an instant.

This makes the ancestor of Yuanmo look ugly. Although Qin Chen is not as good as him today, he has the transcendental origin of the Black Demon Ancestor in his body. Under such an origin, he can only hurt Qin Chen, but cannot kill him. Qin Chen.

"Hahaha."

Seeing this, Sovereign Xiaoyao suddenly laughed: "Ancestor Yuanmo, you and I have fought for so many years, and now that we have reached this point, do you still want to resist?"

After the words fell, Xiaoyao Supreme urged Huangtian Tower to suppress it directly.

Seeing this, the ancestor of Yuanmo, there was a sullen look in his pupils, and then he slammed out with a punch, and with a bang, the barren tower was blasted out.

At this moment, Qin Chen suddenly appeared behind the ancestor of Yuanmo, and slashed over with a sword.

boom!

Qin Chen was surrounded by endless thunder, and his pupils instantly turned bloody, and the power of thunder blood was instantly integrated into the mysterious rust sword and slashed out.

Ancestor Yuanmo's whole body stood up, he turned around abruptly, punched out, and hurriedly blasted Qin Chen's sword light, and the whole person was instantly slashed back by the blood-colored thunder. , bloodshots appeared one after another.

injured again.

Before he could catch his breath.

Xiaoyao Supreme appeared in his backward position, the earth martial spirit in his body was directly activated, and the invisible power of Wuhun instantly trapped the ancestor of Yuanmo. At the same time, the big hand of Xiaoyao Supreme had already slammed into the body of Yuanmo ancestor.

boom!

Ancestor Yuanmo's body surged with demonic energy, and a trace of blood overflowed from the corner of his mouth. At this time, Qin Chen had reappeared beside the ancestor of Yuanmo's ancestor and slashed open with a sword.

The ancestor of Yuanmo couldn't care about suppressing the blood in his body, so he could only resist again in a rage.

Chase and fight.

Qin Chen and Xiaoyao Supreme kept making shots, forcing the ancestors of Yuanmo to retreat madly.

And right now.

"Meow!"

The \*\*\*\* cat suddenly appeared in front of the ancestor of Yuanmo, and suddenly he slammed his paw, and with a puff, bloodstains suddenly appeared on the face of the ancestor of Yuanmo.

"You bastard..."

The ancestor of Yuanmo was extremely frightened, and he was injured by a cat. He suddenly urged the demonic energy in his body, and with a bang, the demonic energy exploded like a bomb, but the \*\*\*\* cat suddenly disappeared into the void. .

Under the joint attack of the \*\*\*\* cat, Qin Chen, and Xiaoyao Supreme, the ancestors of Yuanmo kept retreating and were embarrassed.

Originally, with the strength of Xiaoyao Supreme, it was enough to tie with the ancestor of Yuanmo, and neither of the two sides could do anything about the other. Now Qin Chen and the \*\*\*\* cat have taken action, which immediately tilted the original balance, and the ancestor of Yuanmo. Back and forth again and again, tired of coping.

And because of the blessings of the Myriad Realms Demon Tree and the Demon Soul Source Tool, the advantage of the ancestor Yuanmo in the Demon Realm's home field disappeared in an instant, and he could only respond passively and keep parrying.

"Ancestor Yuanmo, grab it without your hands!"

Xiaoyao Supreme said rumblingly.

In the distance, Huanggu Supreme and others were terrified, and they could also see that the ancestors were constantly parrying, not only them, but also the Bone Race and other races outside the Demon Realm, whose faces were ugly and uneasy in their hearts.

If the ancestors of Yuanmo were defeated, they would not be able to escape the danger.

But in this level of battle, even the Peak Supreme can't intervene, and naturally it is definitely not something they can participate in.

"Xiaoyao Supreme, it's not that easy to kill me."

Ancestor Yuanmo roared.

Sudden.

boom!

I saw that the sky above the demon world suddenly tore open a gap, a terrifying dark cosmic aura descended, and a strong man in black robes suddenly came out from the gap.

As soon as this black-robed powerhouse appeared, the whole world shook violently.

The crowd raised their heads in shock.

Another half-step detachment?

Such divine power is definitely a master of half-step detachment from the powerhouse level.

"The breath of the dark universe, is this person a master of the dark universe?"

The crowd was shocked.

"Master of the black market? I didn't expect you to come too."

Xiaoyao Supreme looked up, his eyes narrowed, and he said in a deep voice.

Black market master?

When they heard Xiaoyao Supreme's words, everyone was shocked. Could it be that this man in black robe is the master of the dark universe who spreads over the entire dark universe black market and controls the Netherworld Star River?

Chapter 4983 is you

At this moment, many people were surprised.

The dark universe is an extremely special world on the other side of the universe.

Ordinary powerhouses cannot enter it at all. Normally, one can only understand a world like the Dark Universe if it is close to the Venerable level.

This is an extremely special place.

There are rumors that the dark universe is the other side that was born when this universe was opened up.

The opening of the universe is the result of the Big Bang, and the terrifying energy continues to expand outward, but in the same way, there is both positive energy and dark energy in the universe, just like yin and yang.

Positive energy rises to form the yang universe, while dark energy forms the dark universe.

But compared to the yang universe, the dark universe is actually much smaller.

If the yang universe is compared to a building, then the dark universe is just the shadow of the building.

Dependent on the existence of the Yang universe, it cannot be independent.

But even so, when the owner of the black market appeared, everyone present was shocked, and no one dared to underestimate it.

Unlike the Yang universe, where there are countless forces and ten thousand races, but in the dark universe, there is only one force, the black market, that undertakes the business of the entire Yang universe.

And the black market owner controls the entire black market, so no one in the universe dares to underestimate the black market owner in the dark universe.

In history, it is not that no one has ever coveted the black market. There are even top-level powers who have come to the Netherworld Xinghe and want to do something about the black market. Among them, there are even top-level experts at the supreme level.

But in the end, anyone who dares to attack the black market will disappear mysteriously and disappear into the black market.

Many people have speculated how strong the black market master is, but very few people in the entire universe have seen the black market master, and no one knows at all.

Now, they finally met.

"Half-step detachment, I can't imagine that the black market owner is actually a master of half-step detachment."

"That's right, if it's not a master of the half-step detachment level, how can ordinary people control such a huge place in the black market, and not be controlled by the demons and humans."

At this moment, in the universe, many people were surprised and showed surprise.

"Master of the Black Market."

The ancestor of Yuanmo also stared at each other, and there was a trace of solemnity in his pupils.

He is invincible in this era of the universe. If he was in the heyday, he would naturally not be afraid of the black market owner. Even the dark universe is a world that he will occupy sooner or later. But now, when he sees the black market owner, he is shocked.

Originally, he was already quite embarrassed under the pursuit of Xiaoyao Supreme and Qin Chen. If the black market owner intervenes again, then...

The owner of the black market glanced at the scene, his pupils shrank slightly, and then he smiled: "Oh, Xiaoyao Supreme, long time no see, you are..."

He looked around suspiciously.

Then he raised his head and felt the Sifang Universe. He seemed to sense something, and his eyes shrank slightly. Finally, he looked at the place where the vortex was in the sky above the Demon Realm, and thoughtfully said: "Here, did someone from the dark family come just now?"

At this moment, Qin Chen also stopped his hand and looked at the other party.

Is this the owner of the black market? It is no wonder that a master of the half-step detachment can control the entire dark universe.

However, the appearance of such a master in the demon world made Qin Chen instantly vigilant. After all, the ancestor of Yuanmo is already a turtle in the urn. I don't know whether this black market owner is an enemy or a friend. Working together, I am afraid that there will be variables.

Immediately, Qin Chen turned to look at the Supreme Supreme, the other party and the Supreme Xiaoyao seemed to know each other?

However, he saw the corner of Xiaoyao Supreme's mouth outline a smile, and said lightly: "Why, black market master, haven't you always been in the dark universe? According to the rules set back then, it seems that you can't come to the Yang universe at will, right? Is it true? Want to intervene in the affairs of my universe?"

Such a strong man, Xiaoyao Supreme naturally can't ignore the other party.

"Haha." The owner of the black market laughed, glanced around again, and said with a smile: "Xiaoyao, don't be nervous, I just felt a little bit of detachment just now, so I came here to see, after all, I am a child of this universe. People, if there is a detachment-level master, it will definitely destroy the safety of this universe, I came to take care of it, it is not a violation of the rules, right?"

"Oh?" Xiaoyao Supreme smiled: "There was indeed a detachment master from the dark family before, but he is already dead, you should have felt the power of his origin."

"died?"

The black market master's pupils shrank, and his heart seemed to be raging. He narrowed his eyes and said, "How did you die?"

"You don't need to know how you died." Xiaoyao Supreme said lightly: "If it's okay, it's better for you to go back to your dark universe. After all, we had an agreement before."

The owner of the black market has deep eyes and did not answer. He glanced around, and at this time, he saw the terrified expressions of people in the entire demon world. At the same time, outside the demon world, the state of the masters of the Human Race Alliance and other ethnic groups was also All at a glance.

I couldn't help but think about it.

He immediately knew that the fall of the detached powerhouse that Xiaoyao Supreme said was by no means a lie, and everyone's reaction had long ago explained this.

A thought popped into the mind of the black market owner.

He immediately looked at the ancestor of Yuanmo and frowned: "Yuanmo, you seem to be in a very bad state?"

With his strength, he can naturally see some injuries and clues on the ancestors of Yuanmo.

"Hmph." Ancestor Yuanmo snorted coldly and did not answer.

At this time, the \*\*\*\* cat snorted coldly: "Xiaoyao Supreme, where is the guy who pretended to be forceful, he pretended to be in front of me, Master Cat, the so-called dark universe is just the dark side of this universe, a subordinate universe master, What kind of garlic."

"Your Excellency is very loud."

The owner of the black market snorted coldly, and a terrifying aura instantly rose from his body.

"Why, want to fight?" The \*\*\*\* cat looked up, looked at the other party, and sneered: "You must have a lot of knowledge to become the master of this dark universe. Can't you see who is the son of luck here? The ancestors of the devil cannot escape death, what are you pretending to be here. If it wasn't for Cat Master, I was banned, and if it was before, I would have slapped you to death long ago."

"Forbidden?"

The owner of the black market looked at the \*\*\*\* cat, and his brows could not help but wrinkle slightly, because from the \*\*\*\* cat, he could not sense any power of ban, and immediately sneered: "You mean that you are the son of luck?"

The \*\*\*\* cat sneered: "Sure enough, he is an idiot."

Saying that, the \*\*\*\* cat looked at Qin Chen and said, "I'm talking about this kid, Lord Cat."

"This kid?"

The black market master's eyes fell on Qin Chen, and just as he was about to speak, his pupils suddenly shrank.

"Haotian Divine Armor? The power of An Luotian?"

The owner of the black market was stunned: "Is it you?"

Qin Chen was stunned, did the other party know him?

Chapter 4984 Self-destruction

Below, Qin Chen looked suspicious when he arrived at the black market owner in shock.

You seem to have only been to the black market once, right?

And at that time, he was still attacking the realm of the Venerable. Could it be that the other party was paying attention to him?

Qin Chen couldn't help but wonder.

To know.

The master of the black market is a master of the half-step detachment level, and a half-step detachment master would pay attention to the last guy who is not even the Venerable, which is too weird.

While Qin Chen was puzzled, the owner of the black market was shocked.

Back then, Qin Chen had been catching Shenguang fish in the Nether Star River, and even a black market steward wanted to break the rules and attack Qin Chen, but he severely punished him on the spot. At that time, he paid attention to Qin Chen.

It's just that he didn't show up, he just used his spiritual sense to investigate. With his half-step transcendental spiritual sense, how could Qin Chen sense it.

But he clearly remembered that Qin Chen had only just broken through the realm of the venerable at that time. Why is he now a master of the peak supreme level? How long has it been since?

For a while, the owners of the black market were a little stunned.

He looked at Qin Chen, who had a terrifying aura on his body, and then looked at the embarrassed ancestor Yuanmo not far away, his eyelids couldn't help twitching.

Is this guy still human?

Suddenly, the owner of the black market thought of what the Sect Master of the Heavenly Secret Sect had said to him when he came to the dark universe hundreds of millions of years ago.

Could it be that this person is the person Tianji Sect Sect Master said back then?

At this moment, the master of the black market suddenly raised his head and looked at the place where the powerhouses of the dark clan had fallen. Even the detached powerhouses of the dark clan had fallen here. Could it be true that what the sovereign master said was true?

At this moment, he has completely understood why the detachment of the dark family has fallen, and the ancestor of Yuanmo has provoked someone who cannot be provoked.

The \*\*\*\* cat glanced at the owner of the black market, and said lightly: "Master Cat feels that you have good eyesight. You should be able to see that this kid is the son of luck, right?"

The black market master was silent.

He could see that it was a fart, but even if he was an idiot, he could still feel Qin Chen's extraordinariness.

It is rumored that when a universe is about to come to the end of its reincarnation, there will always be an unparalleled genius that defies the sky. This genius often condenses all the luck of the entire universe and can be favored by the origin of the universe.

Because the origin of the universe also has its own consciousness, they do not want to be directly destroyed at the end of the reincarnation era and become a speck of dust in the vast sea of cosmos.

And if the will of the universe wants to survive, it is to cultivate a person who truly cares about this universe, escape from reincarnation, and continue the future of this universe.

The Qin Chen in front of him was most likely the one who was favored by the origin of the universe.

"Unexpectedly, in the end, this kid was favored by this universe."

Suddenly, the black market master sighed.

He is actually a person from the same era as Jianzu, Tianji Sect Master, and Craftsman Zuozu. He was a half-step detachment master back then, and he also has the hope of achieving detachment, but like Jianzu and the others, he has never been able to step out. At this step, until the emergence of the rising star Yuanmo Ancestor and Xiaoyao Supreme, it even surpassed them.

But in the end, both Xiaoyao Supreme and Yuanmo Ancestor failed to take this step.

At this time, Supreme Xiaoyao frowned and said, "Master of the black market, haven't you returned to the dark universe?"

The owner of the black market suddenly smiled at Xiaoyao Supreme, and said: "Xiaoyao Supreme, no matter what, as the controller of the dark universe, I am also a citizen of this universe. , If this seat is not there, that's fine, but I'm about to come, so naturally I can't allow the demons to continue to spread wild in this universe."

The owner of the black market is righteous, and he is very indignant. With a bang, a terrifying dark universe force quickly converges on him, shocking the world.

Xiaoyao Supreme and the countless Human Race Alliance powerhouses present were stunned.

When did the black market master become so righteous?

For hundreds of millions of years, he had nothing to do with himself, and he hung up high. Even when the dark clan invaded back then, he did not intervene in the slightest. Why did he suddenly change his mind today?

On the other side, the expression of the ancestor of Yuanmo changed suddenly, "Master of the black market, do you want to help the human race? Don't forget, with the current state of this universe, at most one detachment can be born. Helping this human race, you will definitely not be the one who achieves detachment in the end, it must be one of the two people, Xiaoyao Supreme and that kid. But if you join hands with me, then you and I will devour the source power of this universe together, maybe Together we can achieve transcendence."

Ancestor Yuanmo said in a deep voice.

Originally, he was at a disadvantage, and if the owner of the black market still helped Xiaoyao Supreme, then he would have no hope at all.

"Don't talk nonsense, Ancestor Yuanmo, you are despicable and shameless, this seat is so wise and martial, how can you join forces and kill!"

After the words fell, the master of the black market killed him without waiting for the ancestor of Yuanmo to react.

This is to vote for Xiaoyao Supreme and the others.

boom!

He took the initiative and pressed it out with one hand, turning it into a grinding disc that covered the sky and the sun, suppressing the ancestors of Yuanmo.

There is an ancient rune on this grinding disc, which contains an amazing dark cosmic atmosphere, surpassing the height of the rules, as if revealing the true meaning of heaven and earth.

The powerhouses of all races in the distance suddenly widened their eyes and looked carefully. This was the master of the black market who appeared to cast spells and cast the top rules of the dark universe.

The dark universe and the yang universe represent the yin and yang sides of a thing. If they can feel a little bit of it, they might be able to open the door to a new world.

"Master of the black market, you are seeking your own death."

Ancestor Yuanmo roared and waved his fists to meet him.

boom! boom! boom!

Two and a half steps detached to fight, this is too terrifying, the world of demons was torn apart on the spot, as if the end of the flood was coming.

"I can't believe that this black market owner really wants to help us."

Xiaoyao Supreme and Qin Chen looked at each other, "Do it."

Another half-step detachment to help is the best chance to kill the ancestors of Yuanmo, how could they give up.

"kill!"

The two shot together,

Immediately, the ancestors of Yuanmo were defeated and retreated under the attacks of Xiaoyao Supreme, Qin Chen, the black market owner and the \*\*\*\* cat, and wounds continued to be added to his body.

The demon world powerhouses present were all pale.

If it goes on like this, the ancestor will surely die.

The ancestor of Yuanmo was naturally more aware of this. He frequently resisted and roared: "Xiaoyao Supreme, let me go, otherwise, I will die with you."

Xiaoyao Supreme snorted coldly, and said coldly, "Do you think it's possible?"

At this time, what did the ancestor of Yuanmo think about?

With a bang, the Huangtian Tower was suppressed, and the ancestors of Yuanmo were bound.

Seeing that the ancestor of Yuanmo was about to be suppressed, suddenly, the ancestor of Yuanmo roared fiercely: "Since you want me to die, then the ancestor will fulfill you."

"burst!"

boom!

A terrifying aura suddenly erupted from the ancestor of Yuanmo, and he actually detonated the half-step transcendence in his body in an instant.

[Chapter 4985: comeback](#)

boom!

At this moment, the ancestor of Yuanmo directly exploded his body without any hesitation or pause. The source of the half-step transcendence level exploded directly, a terrifying force swept out, and the entire universe shook. Between heaven and earth, terrifying breaths rose up, and the origin of the universe was rumbling and roaring, and the sky and the earth appeared in an instant.

Countless gaps.

These gaps are ferocious and huge, winding for hundreds of millions of miles, as if the heavens and the earth have torn apart huge wounds, shocking, as if the end is coming, and each can engulf a star field.

Xiaoyao Supreme's pupils shrank suddenly, and he lost his voice: "Is this ancient ancestor of Yuanmo crazy?"

Qin Chen was also stunned.

Blow up?

No one thought that the ancestor of Yuanmo would explode on the spot, and directly aroused his own origin, so that it was too late for people to react.

With the naked eye, it can be seen that with the ancestors of Yuanmo as the center, the cosmic space is shattered layer by layer, and countless chaotic auras dissipate, hanging down from the cracks in the broken universe, like a waterfall.

Under such a force, the entire demon world began to shatter, countless demon continents fell, and hundreds of millions of demons were smashed to pieces on the spot.

At this moment, the entire demon world was plunged into the apocalypse. Countless demon people looked at the cracked heaven and earth above their heads in horror. Under such a terrifying power of heaven and earth, they did not even have the courage to resist.

A detachment-level powerhouse can transcend the entire universe, putting a universe in danger.

And a half-step detachment powerhouse like the ancestor of Yuanmo self-destructed, and the power formed was enough to smash the entire demon world on the spot and directly turn it into powder.

boom!

In the horrified eyes of countless powerhouses outside the Demon Realm, they saw an ocean-like aura pouring out from the ancestors of the Yuan Demon, attacking in all directions, destroying everything in all directions.

"Crazy, the ancestor of Yuanmo is crazy."

"A powerhouse with a half-step detachment from the peak level blew himself up, my God..."

"This is the ancestor of Yuanmo, who has ruled the demon world for hundreds of millions of years, and even almost unified the existence of the universe, so he exploded like this?"

In the universe, the powerhouses of the ten thousand races were stunned, and they were all unbelievable, unable to believe their own eyes.

A powerhouse like the ancestor of Yuanmo has been in the universe for hundreds of millions of years. Even if there is a glimmer of hope, he will never give up. Although he is surrounded by Qin Chen and other three powerhouses, he will not explode as soon as he comes up. ?

In the Demon Realm, Supreme Xiaoyao's face was ashen, and he looked gloomily at the place where the ancestor of Yuanmo blew himself up: "What the \*\*\*\* is this ancestor of Yuanmo doing?"

Qin Chen also frowned.

Some unbelievable.

boom!

He and Xiaoyao Supreme's divine consciousness suddenly swept away, covering the entire demon world in an instant, and carefully probed.

They didn't believe that the ancestor of Yuanmo would choose to self-destruct so easily.

It doesn't fit his character at all.

However, when the consciousness of the two continued to penetrate into the core of the explosion, their pupils shrank.

They clearly felt that at the core of the self-destruction of the ancestors of Yuanmo, the terrifying half-step transcendence of the peak-level source escaped and annihilated all tangible and intangible substances. This is definitely not something that can be simulated by other means.

This guy, actually blew himself up? ! Although he was suspicious, at this time, Xiaoyao Supreme did not continue to stand idly by, because he knew that if the ancestor of Yuanmo was allowed to explode, the entire demon world would definitely be destroyed. Moreover, half a step beyond the peak-level self-destruction,

Not to mention the demon world, even the infinite void of hundreds of millions of miles around the demon world was directly turned into powder.

The entire universe will be devastated.

boom!

At the moment, the Sovereign of Xiaoyao directly motivated the barren sky tower, and the huge barren sky tower flew into the endless sky in an instant, turning into a majestic pagoda with a height of hundreds of millions of feet.

Above this barren tower, a layer of phantoms suddenly appeared. I don't know when, this phantom has spread all over the entire demon world, looming from all directions of the demon world. Vaguely, it can be seen that there is a vast world inside the barren tower. The shadow of this world emerges on the top of the barren tower and merges into the shadows around the demon world. of

suppressed.

Boom!

The terrifying shadow of the world shrouded the entire demon world in an instant, suppressing the ancestors of Yuanmo.

Not only the ancestors of Yuanmo, but also the peak and supreme masters of the demon race in the demon world, such as Huanggu Supreme, were all shrouded in this power and suppressed ruthlessly.

"This is... the world in the barren tower, when did it cover this place?"

Huanggu Supreme and others were terrified.

Not only them, but other powerhouses in this world are also shocked. "It's amazing, it's really amazing, I never thought that such a strong man would appear in this universe. In a single thought, the entire demon world was blocked under the eyes of the ancestors of Yuanmo. It's a pity, if the ancestors of Yuanmo didn't choose to explode

, maybe he will really be bound by this person. "

Not far away, Honghuang Zulong couldn't help but sigh, and his heart shook.

As an ancient chaotic \*\*\*\* and demon, he naturally knew more and saw some clues. The world of demons has been blocked by Xiaoyao Supreme, otherwise, he would never directly suppress the four directions in such a short period of time.

"This thing, I'm afraid it is extraordinary."

While sighing, Honghuang Ancestral Dragon also looked at the Desolate Sky Pagoda displayed by Xiaoyao Supreme, and couldn't help but be shocked.

Being able to block the entire demon world is not something that ordinary treasures can do.

The infinite phantom came to suppress it, and immediately suppressed the self-destruction of Yuanmo's ancestors by a point.

But not enough.

At the same time, Xiaoyao Supreme even looked at Qin Chen.

Qin Chen also understood the meaning of Xiaoyao Supreme. If he did not suppress the self-destruction of the ancestor of the Yuanmo, once it broke out completely, not only the entire demon world would be destroyed, but he would also be in danger.

hum!

Behind Qin Chen, the Myriad Realms Demon Tree instantly appeared, and along with the Myriad Realms Demon Tree appeared the Demon Soul Source.

The power of the two great treasures spread out in an instant, consolidating the demon world that was about to shatter.

"I'm here to help you too."

At this time, the owner of the black market also shouted loudly. He suddenly raised his hand, bang, a gap between heaven and earth cracked, and from the gap, the power of the dark universe poured out, preventing the self-exploding energy of the ancestors from sweeping away. Come.

And in this moment when the infinite power blocked.

hum!

From the center of the self-destruction, a shadow of nothingness rose up.

It is the ancestor of Yuanmo.

"Hmph, Xiaoyao Supreme, this ancestor has long known that you have a secret hand. This time, the ancestor lost, but the ancestor will come back again."

The figure of the ancestor of Yuanmo is extremely nihilistic. Above his head, a portal suddenly appeared. The portal opened, and a lifeless force emerged instantly.

Qin Chen's pupils shrank, "The power of death?"

"Underworld."

Xiaoyao Supreme also instantly understood the plan of the ancestor of Yuanmo: "Ancestor Yuanmo, do you want to escape to the underworld? Hmph, you know, you are seeking your own death."

"Really?" The ancestor of Yuanmo sneered: "You should be the one who seeks a dead end. This universe has reached the end stage. You know better than me that staying is the real dead end. Now, this ancestor. I already got what I wanted,

The underworld will be the place where the ancestors rose, and one day, the ancestors will return. "

The ghost of the soul of the ancestor of Yuanmo entered the portal in an instant.

boom! The next moment, the body of the ancestor of Yuanmo completely collapsed, and the endless explosion exploded rapidly in all directions at an alarming speed, destroying everything.

### [Chapter 4986: Necromancy](#)

Damn it!

Xiaoyao Supreme and others all looked at the ancestor of Yuanmo who escaped into the portal of the underworld with ashen faces, but there was nothing they could do, they could only watch the ancestor of Yuanmo leave.

Because at this moment, the power formed by the self-destruction of Yuanmo's ancestor's half-step detachment from the peak has completely swept away.

Boom.

The whole world seemed to collapse!

How terrifying is the power formed by the self-destruction of a powerhouse who has surpassed the peak level by half a step? It is impossible to describe easily, the power formed is enough to destroy a realm.

"Stop!" Xiaoyao Supreme roared, and endless rainbow light emerged from his body. At this moment, he was like a god, standing between heaven and earth, on the palm of his hand, the sun, moon, heaven and earth are in reincarnation, representing infinity world phantom

The Barren Sky Tower was instantly suppressed.

At the same time, Qin Chen's figure also moved.

Chaos Galaxy!

boom! In the chaotic world in Qin Chen's body, a vast occasion surged out, mighty, covering the sky and the sun, and the phantom of the Myriad Realms Demon Tree behind him grew crazily. Stabilize the Demon Realm

world.

And the source of the demon soul has attracted the power of the secret realms in the demon world.

Meteorite Demon Realm, Chaos God Demon Sea, Abyss Land, Lifeless Demon Realm...

There are countless forbidden places of the demon race, and one after another vast power is gathered. At this time, Qin Chen is borrowing the power of the entire demon world to resist the self-destruction of the ancestors of Yuanmo.

"Dust, I'm here to help you."

"Owner."

Chen Sisi, the Lord of Abyss Demon and others also rushed over. Among them, Chen Sisi's eyes sank. In her body, colorful rays of light burst out instantly, and a half-step detached breath was released from her body.

It is the breath of Princess Lianxinluo! Under this breath, where the Lifeless Demon Territory is located, the long river of origin of demons emerges, and with a bang, this vast river of demons, representing the vast river of the origin of the demon race, washed out in an instant, covering the entire demon race. World

boundary. The Lord of Abyss Demon was shocked. In his body, the origin of Abyss Demon was released by him like never before. Boom, he used the origin of Abyss Demon to fight against the origin of Abyss Demon, which affected the body of the ancestor of Abyss Demon at the core of self-destruction. Half-step detachment

source power.

The owner of the black market also focused his eyes, looked around, and finally fell on Qin Chen, smiled and said: "Forget it, this seat is here to help you."

boom!

The owner of the black market raised his hands directly. Suddenly, endless dark cosmic energy surged between the heavens and the earth. In the sky above the demon world, a gap appeared, and from the gap, a vast long river ran down.

It is the Nether Star River of the dark universe.

The Nether Xinghe was as heavy as a thousand ounces, and it was severely suppressed, suppressing the self-exploding power of the ancestors of Yuanmo once again.

Many forces converged, instantly imprisoning the entire demon world.

A bang sounded, and a ray of light that was so dazzling that everyone could not open their eyes bloomed. The next moment, Qin Chen and the others snorted and flew out all at once, with a trace of blood spilling from the corners of their mouths.

And the source power of Yuanmo's ancestor's self-destruction was finally completely resisted by them.

But this is the case. In the entire demon world, with the place where the ancestors of Yuanmo's ancestors used to be as the core, there is a hole that spans hundreds of millions of miles. In this hole, all substances have disappeared and turned into powder.

The countless demon continents around them collapsed in an instant and rolled down.

And the power of the ancestor Yuanmo's half-step transcendence of the source is also dissipating lightly, little by little dissipating between heaven and earth.

boom!

The origin of the universe appeared, showing joy and excitement, rumbling, and between the heavens and the earth, rolling power rose up, absorbing the power of the origin that the ancestors of the ancient demon dissipated. The fall of a half-step detached peak-level existence is a huge repair to the origin of the universe, not to mention that the ancestor of Yuanmo is still a powerhouse of the Yuanmo clan. Yu

Countless energies in the universe, but the physical body of the ancestor of Jin Yuanmo collapsed. He condensed the energy of hundreds of millions of years, and finally returned to heaven and earth, and returned to the universe.

Boom!

Over the demon world, the origin of the demon world surged violently, constantly getting stronger.

At this moment, in the place where the ancestors of Yuanmo fell.

shhhhhh...

Several figures suddenly appeared, it was Xiaoyao Supreme and Qin Chen. Xiaoyao Supreme took a step forward and sensed the surroundings. Before he came to the previous portal, he reached out his hand to perceive, and his face couldn't help but gloomy: "I didn't expect this ancestor of Yuanmo to have such courage, he didn't fight at all, knowing that he was

In danger, he actually blew himself up, escaped into the underworld, and let him run away! "

Xiaoyao Supreme's face was extremely ugly. The owner of the black market glanced at Xiaoyao Supreme and said lightly: "I see, he knows that you have blocked the entire demon world, and he knows that he can't be our opponent, so he decisively chose this path, and he really deserves to be in charge.

The powerhouse of the Demon Race Alliance for hundreds of millions of years is too decisive. "

Whether it is Happy Supreme or the owner of the black market, they can't help but sigh with emotion.

No matter if they are enemies or friends with Ancestor Yuanmo, and what their respective positions are, just the decisive action of Ancestor Yuanmo just now is definitely not something that ordinary people can do.

At this moment, not only them, but in the distance, the divine artisan Tianzun and others outside the demon world, as well as the top powerhouses of other races, were also shocked.

Just as Xiaoyao Supreme and the others said, anyone who has reached the status of the ancestor of Yuanmo, is in charge of the entire Demon Race Alliance, and almost unifies the entire universe. When faced with danger, how can he give up easily?

If it was them, could they do it?

Many people shook their heads secretly. If they think from another perspective, they are in the position of the ancestors of the ancient demons, and they can never be as decisive as the ancestors of the

ancient demons. They are obviously not in a desperate situation, and they can resist, but there is almost no battle, and they directly blew themselves up. hundreds of millions

Years of flesh, what kind of courage, how strong?

Is it something ordinary people can do? Xiaoyao Supreme looked gloomy and looked at the place where the portal of the underworld was located before: "Now let the ancestor of the Yuanmo escape into the underworld, I'm afraid it will be troublesome... With his strength, he must have his own plan to make such a move. Moreover, he

He also colluded with some of the powerhouses in the underworld. Fortunately, his physical body was destroyed. Just repairing the physical body would take a lot of time, and it would not pose a threat to this universe for the time being. "

The owner of the black market nodded slightly.

The underworld is not such a simple place. Just repairing the body requires a lot of time from the ancestors of the ancient demon.

"It's hard to say."

At this moment, the \*\*\*\* cat suddenly appeared beside Qin Chen and the others.

When Xiaoyao Supreme and others heard the words, they suddenly looked at each other, showing doubts.

Qin Chen also stared and the \*\*\*\* cat narrowed his eyes and said, "If it is normal to reincarnate and enter the underworld, it would be extremely difficult to restore the cultivation base in the previous life, but this time he did not enter the underworld, but in the form of a soul. Hidden from the sky and crossed the sea directly into the gate of the underworld, retaining the cultivation and memory of this life, if supplemented by a special necromancy technique, I am afraid that in a very short time, the body can be reunited and comeback."

Chapter 4987 Turned into underworld

Can you restore your cultivation in a very short period of time?

Everyone looked at each other in shock.

"And most importantly, I suspect that his purpose in doing this is not just to escape." The \*\*\*\* cat's eyes flickered.

"Not to escape?"

Everyone frowned, what does this mean?

The \*\*\*\* cat looked up at the surrounding void, and said solemnly: "Do you think the ancestor of Yuanmo can break through if he stays in this universe?"

Everyone was startled.

Xiaoyao Supreme seemed to have thought of something, took a breath of cold air, and frowned: "What do you mean?"

The \*\*\*\* cat nodded: "Yes, as you think, this universe has reached the end of reincarnation, although after absorbing the origins of Black Demon Ancestor Emperor and Yuan Demon Ancestor, this universe has recovered a lot of vitality, But that's just a flashback."

"Unless the birth of true detachment can allow this universe to pass through this cycle, otherwise this era will end, and this universe will be completely destroyed and turned into billions of dust in the universe."

"And if you want to break through detachment in this universe, you must be recognized by the origin of the universe. The ancestors of the ancient demons abandoned this universe, and all of you may be recognized. Only the ancestors of the ancient demons will not be recognized by the origin of the universe. ."

"That is to say, since he failed to unite with the dark clan to attack this universe, he has lost the opportunity to achieve detachment."

"But entering the underworld is not necessarily..."

The \*\*\*\* cat's eyes flickered with cold light: "The underworld is extremely vast, and it is the place where the souls return to the ruins after the fall of countless powerhouses in the sea of cosmos. There, there are many detached powerhouses. After the ancestor of Yuanmo entered the underworld, with his The perception in this universe, as well as the detachment origin of the Black Demon Ancestor Emperor that I have learned before, has a great probability of achieving detachment."

"And once he becomes detached, as a native creature of this universe, he can come back to this universe... If he can defeat all of you and completely control this universe, the ancestor of Yuanmo can be a dead body. , the identity of the underworld powerhouse, take charge of this universe, and turn this universe at the end of reincarnation into a place in the underworld."

Listening to the \*\*\*\* cat's words, everyone was extremely shocked, and they all showed a look of astonishment.

"Breaking through detachment in the underworld, can you come back to this world, take charge of this universe, and turn this place into underworld?" Qin Chen's eyes narrowed: "Big black cat, is what you said true?"

"if not?"

The \*\*\*\* cat glanced at Qin Chen: "Where do you think the territory of the underworld came from? The reason why the underworld can continue to expand and become the top force in the universe is because of this expansion method."

Hearing this, everyone's faces turned gloomy.

"Okay, don't think about it so much for the time being. The most important thing now is to repair the demon world and destroy the entire demon alliance."

Xiaoyao Supreme looked up at the sky, and there was an icy cold light in his eyes.

Hundreds of millions of years of confrontation have finally come to an end.

"Qin Chen, this demon world will be left to you to handle, and I will arrange to deal with the other races of the Demon Race Alliance." After Xiaoyao Supreme finished speaking, he glanced at the owner of the black market: "I don't know your Excellency..."

"Hahaha, I don't mix, don't mix."

The owner of the black market kept hitting haha, knowing that Xiaoyao Supreme was placing an order to evict guests.

Now that the ancestor of Yuanmo has fallen, his half-step detachment staying here will be a threat to the Human Race Alliance.

The owner of the black market glanced at Qin Chen and said with a smile: "Little friend, come back to me in the dark universe when you are free, and I will welcome you here."

After the words fell, the black market master waved his hand, and a gap opened above his head instantly, and the whole person entered the gap and disappeared.

"Qin Chen, I'll leave it to you here."

Xiaoyao Supreme finished his words, and his eyes suddenly looked at the army of the Bone Race, Zerg, Ghost Race and other demon alliances outside the Demon Realm, and his figure suddenly swept away from the Demon Realm.

At this time, the Sovereign of Wangu, the Sovereign of Insects, and the Sovereign Evil Ghost in the distance saw this scene, and their expressions suddenly changed greatly.

"No, let's go."

"Damn, as soon as the ancestor of Yuanmo leaves, I will be in trouble."

"go back!"

Wangu Supreme, Insect King, Evil Ghost Supreme and others looked horrified, and bang, behind them, ancient passages emerged, waved their hands, and brought many strong men under their command, one by one, entered them one by one, and fled madly.

At this moment, their hearts are full of panic, and they just want to leave here as soon as possible.

"Want to leave? Have you asked this seat?"

Xiaoyao Supreme sneered, the barren sky tower slammed out, and with a bang, I saw a towering pagoda standing up in the world, as if shocking the ages, the heavens trembled, this ancient tower fell, the entire universe burst in an instant, and the Wangu Supreme waited. Where people are all shrouded.

"stop."

Wangu Supreme and the others looked at the towering shadow that filled the sky, each with a look of despair in their eyes, and they all roared and tried their best to resist.

puff!

Hundreds of millions of pagodas were bombarded layer by layer, and they slammed into that area. Wangu Supreme and others screamed, and this area collapsed directly.

In an instant, the blood flowed into a river, and with a rumbling sound, the origin of the heaven and the earth emerged, and a famous Venerable fell, drenched in blood, and the rolling origin of the Venerable merged into the heaven and earth, causing the entire universe to vibrate.

Under the shadow of the tower, the top masters of the three clans all turned into dust, and with one blow, almost half of the venerables exploded.

too strong.

In front of a half-step detachment peak powerhouse like Xiaoyao Supreme, the ordinary Tianzun is like an ant, and the Supreme-level master can barely resist, but only for a while.

Only at the peak supreme level, there may be a chance to fight back.

puff!

The three people of Wangu Supreme, dripping with blood, fell and flew out. There was no intact part of their body, and their flesh and blood were twisted.

"go."

They looked terrified, they dared not stay any longer, and instantly rushed into the black hole and disappeared in an instant.

escape!

Escape directly to the clan.

On the other side, Qin Chen swept towards Huanggu Supreme and others.

"kill!"

The long sword in his hand plundered directly.

"No!"

Huanggu Supreme and others were extremely frightened, and they all roared and tried their best to resist.

Boom boom boom!

I saw a path of demonic energy rising into the sky, like a ghost, swaying between the heavens and the earth. In an instant, the entire demon world rumbled and roared, and a huge ghost appeared, moving towards Qin Chen.

At the same time, the magic lights flickered one after another, like a shield, instantly wrapping the three people of the ancient supreme, protecting them.

Peak-level supreme, definitely not to be underestimated.

"Tips for carving insects."

Qin Chen sneered softly, and the mysterious rusty sword he urged was like a bolt of lightning, instantly penetrating the vast void, and came straight to the ancient Supreme and others.

Above the mysterious rusty sword, the sword energy soared into the sky, passing over the heads of several people in an instant.

puff!

The heads of several Peak Supremes rose into the sky in an instant.

Chapter 4988 You are old

At this moment, the mysterious rusty sword in Qin Chen's hand seemed to have entered the realm of no one, and instantly cut off the heads of several powerful people such as the Supreme Being of the Ancient Ages, and the heads rose into the sky in an instant.

This scene shocked everyone.

how is this possible?

Countless demon powerhouses widened their eyes, almost unable to believe their own eyes.

This is the Supreme Beings of the Ancient Ages, the peak supreme powerhouses born by the Demon Race for hundreds of millions of years, and there may not be one powerhouse in an era.

Under normal circumstances, any one born is enough to take charge of the world and become the controller of the era of the Demon Race.

After all, the current patriarch of the Demon Race, Qiyuan Supreme, is only the latter-stage Supreme.

But now.

Under the attack of the human race powerhouse, the supreme supreme being of the ancient times had no chance of defending at all, and his head was directly chopped off. Such a scene shocked everyone.

"Roar!"

The heads of Huanggu Supreme and several people were directly cut off and flew into the sky. However, they did not fall, but let out a roar of anger, and a vast magic light suddenly burst out from their pupils.

"kill!"

At this moment, Huanggu Supreme and the others were all fearful and deeply aware of Qin Chen's strength.

Originally, they wanted to confront Qin Chen when they saw Xiaoyao Sovereign leave, but now after feeling the power of Qin Chen's sword, they deeply understood why Qin Chen had been able to fight with their ancestors for so long before, with such strength, Although the cultivation base has not reached the realm of half-step detachment, but in terms of strength, it is no weaker than some half-step detachment powerhouses in ancient times.

"Arrangement!"

The ancient Supreme made a shrill roar, and in an instant, each of them was filled with heart-pounding magic talismans. These magic talismans seemed to contain the most terrifying demon atmosphere in the world. In an instant, Turned into a series of magic pillars, rising into the sky.

These magic pillars continued to rotate and turned into a vast array, which was severely suppressed against Qin Chen.

boom!

The terrifying source of demonic energy instantly enveloped Qin Chen.

These peak supreme beings present are not all from the Abyss Demon Race. Except for the Ancient Supreme Being, the others are the ancestors of other races such as the Heaven Demon Race, the Dead Demon Race, and the Spirit Demon Race.

Every source in these ancestors' bodies is different, and contains a unique imprint of the demons. At this moment, it erupted in an instant, and immediately formed a terrifying and terrifying demon formation.

In the vast demon formation, the origins of various demon races are constantly circulating, and they are instantly suppressed on Qin Chen.

Boom boom boom!

One after another, the source of the demonic energy washed over Qin Chen like a torrent, bursting out with an aura like destroying the sky and destroying the earth.

The power contained in these torrents, with a slight shock, is enough to wipe out a world, which is already the most powerful means of the ancient supreme.

But in the end, Huanggu Supreme and the others couldn't help but feel desperate.

Qin Chen, who is in the vast long river, is surrounded by crystal clear magic light, and the whole person is like the birth of a demon. In this long river, it is not affected at all. Let the torrent of this peak and supreme level bombard, Qin Chen is like a rock. , stood still.

Even, his body is shining brightly, and magical substances are blooming. Under the erosion of this long river of demons, his flesh becomes more and more crystal clear, containing the highest avenue between heaven and earth.

"This is your desperate blow? Weak, too weak!"

In the vast array, Qin Chen was madly washed by Changhe, but a sigh appeared on his face.

"I thought that the means of the few of you would be a bit interesting. If there is only this, then there is really no need for it to exist."

Qin Chen sighed and looked lost.

This made Huanggu Supreme and others even more desperate, their faces turned red, and they became angry.

"you....."

They looked frightened and furious, and frantically urged the long river of magic, trying to kill Qin Chen, but to no avail.

"You are too weak, have you forgotten that this young master also mastered the way of the source of magic."

Qin Chen shook his head and walked step by step. In his body, the source of the Yuan Demon bloomed, like a demon descending, taking control of everything.

It should be noted that his physical body, even a half-step transcendence peak powerhouse like Yuanmo Old Ancestor, can't be killed. What is the cooperation between Huanggu Supreme and the others?

At the beginning, Qin Chen, who was only a late-stage Supreme, who had not yet broken through, was able to defeat a powerhouse like the High Priest. Now that Qin Chen has broken through, and the strongest of these people is not as good as the High Priest, how can he be hurt? What about Qin Chen?

"Dust, just kill them directly."

At this moment, an indifferent voice sounded, and with a bang, between heaven and earth, a cold figure fell and stood beside Qin Chen.

The vast river of demons, which set off it like a god, lingered around her, and it couldn't bring her any harm either.

It was Chen Sisi.

Chen Sisi is the descendant of Princess Lianxinluo, the reincarnated body, the true descendant of this demon world, the daughter of the demon god, and even the long river of origin of demons is under control, so naturally she will not be afraid of this so-called long river of demon origin.

Qin Chen looked at Huanggu Supreme and others, and said indifferently: "These guys, it's not our turn to kill, the Lord of Abyss Demon..."

Qin Chen turned to look at the Lord of Abyss Demon.

boom!

At this time, the Lord of Abyss Demon is surrounded by a terrifying aura of Abyss Demon. He stands between the world of demons. After swallowing the half-step transcendence of the ancestor of Abyss Demon, his breath has already reached the limit of peak supreme. There is a faint breath of detachment lingering.

After the ancestor of Yuanmo fell, the one who improved the most was the Lord of Yuanmo. The half-step transcendence of Yuanmo's ancestor was absorbed by him. At this moment, he was in the vast magic light, and his eyes burst into the universe. Li Mang.

With a flick of the figure, the Lord of Abyss Demon suddenly appeared in front of Qin Chen. With a big hand, with a bang, between heaven and earth, the vast river of demons released by Huanggu Supreme and others was suddenly eliminated by the Lord of Abyss Demon.

As a descendant of the Yuan Demon Clan, his suppression of the origin of the Demon Clan is absolutely invincible at the same level.

"Owner."

The Lord of Abyss Demon said respectfully to Qin Chen.

"Master of the Abyss Demon, you traitor."

Huanggu Supreme and others said in shock.

"traitor?"

The Lord of Abyss Demon turned to look at the Supreme Being of the Ancients, and said with a sneer: "The Supreme Being of the Ancients, the times are different, those who can't see the times and cannot see the fate will be swept into the garbage heap of history sooner or later, and you are this Bunch of idiots."

"You... Besides you, who else would betray my Demon Race..."

There is a supreme being said in alarm and anger, and the voice just fell, suddenly...

puff!

Behind the ancestors of the dead demon clan and the spirit demon clan, two figures suddenly appeared, with a snort, two palms penetrated the bodies of the two ancestors, it was Lingyuan and Tu Moyu.

"you....."

The two ancestors looked at the two of them angrily.

"Ancestor, you are old, rest in peace, and leave the future to us."

Tu Moyu and Lingyuan said coldly.

Chapter 4989 Leave it to you

"You two, why..."

The two ancestors looked at Tu Moyu and Lingyuan in disbelief. Not only them, but the entire demon world, countless powerhouses were stunned, and it was hard to believe the scene in front of them.

Because, they have seen how Tu Moyu and Lingyuan broke through the supreme, and the two are extremely talented. It can be said that if they are given enough time and resources, they will definitely be able to support the death demon clan and the spirit demon clan in the future. piece of sky.

These are two characters who will become heroes in the future.

It is the future of the two groups.

But now, these two people have betrayed their ancestors, beheading their ancestors in front of everyone's eyes. How can such a scene not make people feel horrified?

Even the most promising and future descendants of the tribe have betrayed you, so what is there to trust in this world?

Tu Moyu and Lingyuan looked at the two ancestors, their eyes were still very indifferent, and said indifferently: "Ancestor, no reason, you are old, but in order to survive, you banned yourself. For hundreds of millions of years, you all What have you done?"

Tu Moyu said solemnly: "In order to survive, you are willing to be the lackeys of the ancestor of Yuanmo. When you are one of his subordinates, you consume endless resources, so that the ethnic group has not been able to give birth to the peak supreme like you, just because You just want to linger on."

"On the surface, you gave up everything for the continuation of the ethnic group, but the fact is that because of your existence, the ethnic group cannot progress."

Lingyuan looked at the two coldly: "The most important thing is that you are on the opposite side of the master for the ancestors of Yuanmo."

"Master, he is the future of this universe, a person who can truly achieve supreme existence, but you are against the master in order to follow the ancestors of Yuanmo, then it is not our fault."

boom!

When the words fell, a terrifying aura erupted from their bodies at the same time. Under the eyes of the public, the ancestors of the two major ethnic groups, the Spirit Demon Race and the Dead Demon Race, screamed at the same time, and the aura on their bodies was madly swallowed by the two.

Between the heavens and the earth, the power of the origin of the demons entered the bodies of Tu Moyu and Lingyuan. The breath of the two people was rapidly increasing. With a bang, the two were suspended in the sky, and endless magic light was blooming, filling the nine days.

"Stop them."

Huanggu Supreme roared in alarm, but his voice just fell, and with a bang, the Lord of Abyss Demon had already appeared in front of him, and his big hand directly suppressed it.

Huanggu Supreme hurried to resist, when he heard a bang, his arms were directly split, and the bones were stubble, stained with blood.

how come?

The ancient Supreme looked at the Lord of Abyss Demon in disbelief.

Is he the supreme ancestor of the peak? To be defeated by a junior like the Lord of Abyss Demon?

The Lord of Abyss Demon said lightly: "Supreme Desolate Ancients, you are old, and now the ancestors have already exploded. If you are in charge of the devil world, sooner or later, it will come to an end. Only by handing it over to me can there be any hope of surviving."

The Lord of Abyss Demon walks like a demon walking in the void. He punches out with a punch, and the vast demon fist seems to be able to suppress all things in the world and strike forcefully.

"It's just you? I also want to take charge of the demon world? Even if I die, this ancestor will kill you."

The ancient Supreme roared, and a terrifying magic light was suddenly released from his body. With a bang, in an instant, he appeared beside the Lord of Abyss Demon, and the speed was so fast that it was too late for people to react.

In this moment, the Supreme Being of Huanggu slashed straight down with his big hand, and slashed with one hand, seeing life and death, destroying the Supreme Being, and the majestic magic light soaring into the sky, even the most powerful Supreme Being, under this palm, could not resist. The most powerful and stunning Supreme Being can be killed with just one palm, how terrifying is such a palm.

"Kill!" The Lord of Abyss Demon's expression was calm, and suddenly he snorted, and the avenue of Abyss Demon slammed in an instant. In this instant, the supreme power of the Demon Lord of Abyss suddenly erupted, and in his supreme abyss At the moment when the power of the devil blasted out, the whole world seemed to collapse, and between the collapsed world, the real Lord of the Abyss stepped out in one step.

It seems that before this, the Lord of Abyss Demon has been asleep all the time, and in this moment, he is the real awakening, awakening his invincible power all at once.

boom! With a bang, the world collapsed with one punch, sealed the eternal seal, slammed it down, smashed the ancients, and shattered the sky, one punch was invincible, supreme!

"Hey, how can this Abyss Demon Lord be so strong? With one move, it is enough to reach the top of the peak, but he just broke through not long ago..."

Many people looked at the Lord of Abyss Demon in awe, and were convinced by the powerful power of the Lord of Abyss Demon.

It has to be said that the avenues of the Yuanmo clan are too strong. Under the management of the Yuanmo ancestors for hundreds of millions of years, the current demon world is already the only one of the Yuanmo clan, which is enough to suppress any ethnic group.

Under this punch, countless strong people in the demon world knelt down and fell to the ground on the spot with a bang.

Even the powerhouses of the older generation, such as Eclipse Supreme, couldn't help kneeling on the ground.

With a loud bang, a punch collapsed, no matter what the invincible supreme you are, no matter how terrifying and incomparable giant you are, you can't beat it.

With a loud bang, Huanggu Supreme was directly banged upside down, and the magic light on his body suddenly dimmed. When he heard the bang, his fleshly body exploded directly, and the source collapsed in an instant with the sound of clicking. Extinguish.

"Why?"

Huanggu Supreme looked at the Lord of Abyss Demon in disbelief. He couldn't believe that his dignified ancestor of the Demon Race would die in the hands of such a junior as the Lord of Abyss.

With a bang, his fleshly body collapsed directly, and the rolling power of the source was involved in the hands of the Lord of Abyss Demon and penetrated into his own body, and the aura on his body skyrocketed in an instant.

Immediately afterwards, the eyes of the Lord of Demons fell on the last two Demon Clan Peak Supremes.

"I am willing to surrender."

The two ancestors looked terrified and hurriedly said.

At this moment, they were completely terrified, and they no longer had the courage to fight against Qin Chen and the others.

Even the ancestors and the ancient supreme have fallen, what is the point of them continuing to persevere?

The Lord of Abyss Demon glanced at Qin Chen.

Qin Chen shook his head slightly.

He was simply too lazy to accept this kind of grass.

"If that's the case, then they're all dead."

The Lord of Abyss Demon sneered, stepped out, banged, and killed the two great ancestors. In an instant, all kinds of roars were heard, and the whole world of the devil world fluctuated violently, but after only half a column of incense, the world of the devil world was calm again. down.

And the two old ancestors were already beheaded by the Lord of Abyss Demon, and Xiaoxiao was on the spot.

Swish.

The Lord of Abyss Demon shook his body, held the heads of the two great ancestors, and saluted Qin Chen respectfully: "Master, what should we do next?"

Swish!

At the same time, Tu Moyu and Lingyuan also suddenly came to Qin Chen and saluted respectfully.

"This devil world is left to the three of you, I only need the result."

Qin Chen smiled lightly, and in the next moment, he had already soared into the sky and swept away from the demon world in an instant. ,

[Chapter 4990: come to the underworld](#)

At this moment, hundreds of millions of eyes from the universe are gathered, and all eyes are on the young man in front of him, with solemn and shocking eyes.

And behind Qin Chen, is the demon world occupied by countless continents, and the entire demon world is surging, like the end.

Such a scene deeply shocked everyone.

Everyone knows that the demon world, which has been in charge of this universe for hundreds of millions of years, has completely fallen at this moment.

And it's all because of this man in front of him.

At this moment, a new era has begun, representing this universe.

"Let's go."

Qin Chen waved his hand.

boom!

Between heaven and earth, Honghuang Ancestor Dragon, Blood River Sage Ancestor, Wuji Supreme and others followed, leaving only a few masters of Abyss Demon.

Among them, the Supreme Demon, the Supreme Xuankong, the Great Protector of the Righteous Path Army, the Great Elder, and others naturally stayed.

In today's Demon Realm, the presence of the Lord of Abyss Demon, the Great Protector, and the Great Elder is enough to shock everything. In the entire Demon Realm, no one is their opponent, and Qin Chen doesn't need to do anything more.

Whoosh!

Qin Chen's figure swayed and walked straight towards the world outside the demon world. He walked in the void step by step and disappeared into the world of the demon world. After a while, he came to the place where the Human Race Alliance Supernatural Works Supreme and them are located. .

"The Supreme Senior of Divine Work."

Qin Chen smiled and cupped his hands. In those days, the God of Works Supreme helped Qin Chen a lot. Qin Chen is naturally not an ungrateful person. Although his strength is far superior to that of God of Work, in his heart, God of Work will always be him. senior

.

The Supreme Being hurriedly waved his hand and said with a smile: "In front of your kid, I don't dare to be a senior now."

Qin Chen said with a smile: "In the hearts of the juniors, the supreme predecessor of the divine work will always be the senior."

The Supreme Master of Magical Works laughed and looked at Qin Chen with a lot of emotion. Qin Chen was only a small earth lord back then. Although the potential was endless, the Supreme Being of the Divine Works could never have imagined that in a short period of time, Qin Chen had become one of the top powerhouses in this universe. dare to imagine

.

Recalling the time when I elected Qin Chen to be the acting hall master of Tiangong, it seemed like it was just yesterday.

At this time, Chen Sisi and Shangguan Wan'er came to Qin Chen's side together.

"Hey, Qin Chen, who are these two girls?" Supreme Master Shen Gong asked with a smile.

Qin Chen smiled and said: "These two are my wives, come, Sisi, Wan'er, I have seen the seniors of the gods."

"I've seen Senior Master Shen Gong." Chen Sisi and Shangguan Wan'er saluted together.

"Hahaha, I'm really envious." The Supreme Master of Magical Works smiled and said: "I thought that the old man could achieve the Supreme, it is extraordinary, but compared with a few, it is..."

"Senior Shen Gong, you don't need to belittle yourself. You are the master of the Heaven's Work Palace. You have made extraordinary contributions to the human race over the years. How can you measure your cultivation base?" Shangguan Wan'er said with a smile.

"Hahaha, divine work, I never imagined that you, a craftsman who was a boy beside the ancestor, would become the leader of the craftsmanship of this universe today." On the side, Wuji Supreme sighed with emotion: "It's really impermanent, the situation changes."

When the Supreme God saw Wuji Supreme, he even saluted respectfully and said, "Shen Gong has seen Senior Wuji Supreme."

On the side, the other strongmen in the alliance city also surrendered.

Wuji Supreme was the Supreme Elder of the Heavenly Secret Sect back then. He was the top giant of the human race in the ancient universe, and he sacrificed himself for the human race, which is naturally worthy of respect.

"Everyone, it's your world now, and I'm getting old." Wuji Supreme shook his head, looking at the strong people in the city of people, he couldn't help feeling filled with emotion.

The Supreme Being of God said solemnly: "Qin Chen, what are you going to do with this demon world?"

"Give it to the Lord of Abyss Demon and they are."

Qin Chen glanced at the Demon Realm. As for how the Lord of Abyss Demons will deal with the Demon Realm, Qin Chen will not care. He believes that the other party will solve everything perfectly. Qin Chen said: "Senior Shengong, the universe has not yet settled down, and there are still many strong clans in the Demon Race Alliance. The junior will go to help the senior Xiaoyao first. As for these other territories, I also invite the senior Shengong together with him. human alliance

The strong men helped guard and occupy it. "

"Don't worry, these trivial matters will be handed over to me." Divine Workmanship Supreme is solemn, "The Bone Race, Zerg and other races have a deep heritage, and it is indeed difficult to conquer, you go quickly."

"The junior will leave."

Qin Chen nodded, his figure swayed, the void in front of him suddenly split open, and the whole person disappeared suddenly.

And when Qin Chen went to several major races to find Happy Supreme.

Underworld.

This is a barren world, desolate everywhere, and with the naked eye, the endless world is full of dead air and gloomy air.

An ancient Mingshan towers between the heavens and the earth, towering majestically. In these Mingshan, there are powerful breaths hidden, cold and deep, making people shudder.

At this time, in this barren world, a death knight swept across the sky and the body was burning with death energy. This death knight had an astonishing aura. As he walked, a terrifying ghost was agitated, like a \*\*\*\* patrolling the heaven and earth.

This is a supreme death knight.

In the universe where Qin Chen lives, a supreme-level powerhouse is enough to be the ancestor of a strong clan on the list of all clans in the universe, but here, one can be seen casually.

And just as this death knight ran across the sky.

Sudden...

Roar!

An earth-shattering roar sounded, and in a dark mountain beside, a dragon with a length of 10,000 meters suddenly rushed out. With a bang, the death knight slammed out a long spear, and slammed into the dragon like lightning. With a bang, the two supreme powerhouses retreated at the same time, and the next moment, they fought together again, and the flames burned in their pupils. , want to take

Take the other person's breath.

At this time, on the surrounding Nether Mountains, there are faintly ancient and cold auras. They are all powerful men. They look at the battle here and want to participate in the battle at any time.

Here is the underworld, a world where the strong eat the weak. There are no rules, and some are just naked fights.

Just when the death knight and the ghost dragon were in the middle of the fight.

Sudden-

boom!

Between the heavens and the earth, a black hole suddenly appeared. The amazing power in the black hole was surging, and the ancient death energy rose up. The next moment, a soul body came out of the black hole and looked around.

"This...is the underworld?"

This soul body is full of strange demonic energy, and the terrifying death energy is constantly surging. It is the ancestor of Yuanmo.

Roar!

When the death knight and the ghost dragon saw the soul body of the ancestor of the ancient demon, the flames in their pupils suddenly surged. For those from the underworld, the soul body is the biggest supplement.

"Boom!" The death knight and Minglong rushed towards the ancestor of Yuanmo at the same time.
