

## Valkyrie 501

### Chapter 501

at this time.

A certain depth in the mysterious palace of the ancient southern capital, the black silhouette of the ancient southern capital's consciousness stared at Qin Chen and the others walking into their respective light paths, a trace of excitement flashed in their eyes.

"How many years have passed, and how many years have I waited for, finally there is a genius who can reach the goal and activate the spiritual seeds of our race."

"Now, it depends on their talents. If we can comprehend our clan's exercises, then the arrangements made by the adults will finally be rewarded."

"Even if I can't comprehend the exercises of my clan, as long as it can activate the spiritual seeds, it is considered a great success, and my persistence has meaning."

The black figure was extremely excited.

After so many years of perseverance, he has finally reaped the rewards, so he is not excited.

And what he is most concerned about is Qin Chen.

"This son is only sixteen years old. The true power in his body is so terrifying. Even among the human geniuses in the ancient times, he is powerful. If he can successfully cultivate our family's exercises and activate the golden spiritual seeds, then future....."

The black figure's breathing suddenly rose.

Obviously all of this is extremely important to it.

At the end of the light path, Qin Chen instantly appeared in an empty stone room.

"This is the place of inheritance?"

"Where are the so-called inheritance and cheats?"

Qin Chen looked around and observed the stone room. Suddenly, his pupils shrank.

I saw lines slowly appearing above the stone chamber, and the combination of these lines turned out to be an extremely complex pattern.

This pattern is very weird, and when people look at it, there is a very mysterious feeling in the heart.

"What exactly is this pattern?"

Qin Chen frowned and studied carefully.

This pattern is somewhat similar to but different from the pattern.

Some are similar to runes, but there are some differences from the laws of runes.

It is more like a kind of weird prohibition, but the structure of this prohibition is very mysterious and different from normal prohibition.

"It's not a formation, it's not a rune, and it's not like a restriction. What is it? Is it some kind of secret pattern?"

Qin Chen knew that in this world, there were some powerful technique secrets, similar to this kind of secret pattern form, but that level of secret pattern, even Qin Chen did not see much, so there was not enough reference.

"It should be some kind of secret pattern. Secret patterns are very rare and extremely difficult to draw. I only knew a little about it in the previous life, but now I can feel it carefully."

Immediately, Qin Chen settled down and began to analyze the secret pattern on it.

The strange lines immediately appeared in Qin Chen's mind.

He did not directly analyze the entire secret pattern, but started from a small pattern and gradually realized, analyzed, and understood.

Array patterns, runes, prohibitions, secret patterns, etc., although they are different fields and have their own rules, they also have something in common with each other.

This is also the reason why Qin Chen was not only a master of formation, but also a master of runes, and a master of ban in the previous life.

The so-called one method is universal.

Using his accomplishments in array patterns, runes, and restraints, Qin Chen quickly integrated into the analysis of the array patterns. A little bit of time passed, and I don't know how long it took.

Hum!

The secret pattern in front of him instantly imprinted into Qin Chen's eyes and was completely grasped by him.

"What a miraculous secret pattern, it is very similar to prohibition, but in essence it is completely different." Qin Chen was shocked.

The secret pattern in front of him seemed very complicated, but in fact it was very simple. It seemed to be an introductory technique for secret patterns.

This allowed Qin Chen to understand it thoroughly in such a short time.

Although it was only an introduction, it was tantamount to opening a door for Qin Chen and entering a whole new world.

Boom!

But after all the secret patterns were integrated, a road suddenly appeared again in the stone chamber in front, leading to the distance.

"Huh? Another path has appeared, and there is no inheritance reward. Is it going to move on?"

Qin Chen thought in his heart and immediately moved on.

After a while, he came to the next stone chamber.

Many secret patterns also appeared on this stone chamber, which were obviously more than twice as complicated as the previous secret patterns.

"Continue to comprehend the secret pattern? Is it that the inheritance assessment of the Star Game Game is to test the understanding and understanding of the secret pattern?"

Qin Chen thoughtfully, immediately fell into sentiment again.

After that, Qin Chen continued to perceive the secret pattern and kept moving forward.

And the secret patterns that appeared in each subsequent stone chamber were obviously more complicated than the previous one.

By the time the fifth stone chamber arrived, Qin Chen's deduction had already become very slow.

Although he was extremely talented and able to comprehend by analogy, secret patterns were a brand-new discipline after all, and it was also extremely difficult for Qin Chen to understand how much at once.

However, Qin Chen's whole person was intoxicated.

At this moment, he seemed to have returned to his previous life when he was in the Martial Domain, concentrating on research, ignorant of the world, and climbing one peak after another.

"It's a profound mystery, but the structure of these mysteries becomes more and more complicated at the same time, why is it a little weird?"

As the stone room he entered became more and more backward, when Qin Chen saw the secret pattern on the wall, a cold, tyrannical feeling penetrated into his mind, making him very uncomfortable.

Hum!

When the secret pattern of the fifth stone chamber was thoroughly comprehended by him.

boom!

Qin Chen's spirit was instantly stripped, and the whole person seemed to be in an endless cosmic starry sky. In that starry sky, a pair of cold, bloodthirsty eyes were staring at him.

What a horrible pair of eyes.

At that moment, the endless evil, cold, and tyrannical aura enveloped his soul, causing him to stand up, and his soul seemed to be sluggish.

It seems that only a moment has passed, and it seems that countless centuries have passed.

Qin Chen woke up suddenly, only to realize that he was still standing in front of the stone chamber, his body was soaked in cold sweat, and his heart was palpitating.

"What exactly is this?"

Qin Chen was shocked, how could he have such a feeling?

Who is the bloodthirsty eyes that you see in the endless secret text? Is it a scene left over from ancient times?

Qin Chen was puzzled.

"The secret pattern itself, like formations and restrictions, should not have attributes, but just a complex and mysterious structure. Why did I feel uncomfortable in the process of enlightenment, and I also saw such a pair Scary eyes?"

"Could it be that the secret patterns I observe are a complete secret pattern structure with its own attributes?"

Qin Chen thought of a possibility.

just like.

The formation pattern itself has no attributes, but those who enter the ice formation will definitely feel cold, and those who enter the flame formation will also feel hot. This does not mean that those formations have the attributes of ice or flame. It is the effect produced by the formation of many formations.

The same is true.

Observing the secret pattern itself, you will not feel uncomfortable, let alone feel cold and tyrannical, unless...

The secret pattern that Qin Chen observed in front of him was a certain kind of very cold and tyrannical secret pattern, which gave birth to such a feeling.

Chapter 502 Mysterious True Power

It's just that, why did the ancestors of the ancient southern capital set such a weird secret pattern to make them feel and accept the inheritance?

Qin Chen couldn't understand.

Boom!

While in doubt, the stone chamber in front opened again, and a new passage appeared.

"It doesn't matter, keep on feeling."

This time, when it came to the end, there was an incomplete map of secret patterns on the new stone room.

"Huh? It turned out to be incomplete?"

Qin Chen was taken aback.

But I quickly realized it, and couldn't help feeling a little regretful.

"It seems that there are only five stone chambers for the perception. This sixth stone room should be used to test my previous perception ability."

As soon as he stretched his fingers, real power poured in, and quickly filled up the incomplete secret pattern, forming a perfect secret pattern.

For Qin Chen, although the secret patterns in the previous five stone chambers were complicated, he had fully understood them on his chest. It might take a lot of time to derive brand-new secret patterns, but the incomplete pattern of secret patterns on the wall, It has the same effect as the previous secret pattern, so it can be added easily and naturally.

"Boom!"

The secret pattern on the stone chamber immediately burst out with bright light, covering Qin Chen.

Hum!

Qin Chen disappeared in the stone room instantly.

"Well, disappeared. How quickly did he comprehend the first-level secret patterns?"

"In just half a day, I can comprehend all the basic secret patterns of my clan and complete it. It's too fast."

Gu Nandu was determined to observe the conditions of the twelve players, and was shocked instantly when he saw Qin Chen disappearing in the first level.

"The other players, even the most talented demon, have just begun to realize the fourth stone room. Others, even in the second and third levels, have been stumped, so Qin Chen can be so fast. How can it be possible to comprehend the basic secret patterns in the five stone chambers and use them perfectly?"

Even Gunan was shocked.

The comprehension of the secret pattern catalog is extremely difficult. Although the first five levels are only the basic-level secret pattern catalog, it is a new world after all, and it is by no means easy for ordinary people to comprehend.

"Unless this kid has amazing accomplishments in this area himself, or he has mastered it before, it will never be so fast."

Gunandu immediately became excited.

"No matter what, this person has mastered the original secret pattern pattern. On behalf of him, he has the opportunity to comprehend our clan's exercises. If it really is..."

Although it was just a will, the expression of the black figure fluctuated in an instant.

Full of excitement.

"Now it depends on how he feels in the next level."

With anticipation, Gunandu will continue to observe.

Hum!

With a flash in front of him, Qin Chen came to a brand new space.

"Huh?" Qin Chen glanced at it, "River?"

At this moment, he was in a pure white void. In the entire space, there was almost nothing, except for a gray river flowing in front of him.

"this is....."

Qin Chen stood on the river, and Volley looked down in shock. With a slight sense of mental power, he realized that the river turned out to be a very strange power.

This kind of power is somewhat similar to True Power, but it is somewhat different from True Power, with a trace of palpitating coldness, like a river of Styx.

"What power is this?"

The real power attributes obtained by martial artists are naturally different when they practice different techniques.

There is cold as ice, hot as fire, pitch black as ink, and bright as the sun.

For example, the true power of the Nine Star God Emperor Jue is mighty, pure and tolerant.

The blood demon teaching magic skills that Mo Li cultivated was cold and dark.

Different exercises have different breaths.

The river in front of him was gray, like a stingy river. Apart from the coldness, Qin Chen's second feeling was that it was strong.

Not inferior to the power of the Nine Star God Emperor Jue.

"This should be some kind of real power, but what kind of real power can be compared with the Nine Star God Emperor Jue?"

Qin Chen was shocked.

The Nine Star God Emperor Jue is the supreme cultivation technique he obtained from the forbidden land. In terms of purity, it is far surpassing any other cultivation technique he has seen before, and surpasses some heavenly cultivation techniques.

However, the gray aura of true power in front of him was not inferior to the Nine Star God Emperor Jue, so Qin Chen was not shocked.

But soon, he recovered his calm.

"Nine-star Divine Emperor Jue, rumored to have been passed down from the heavens, and this ancient southern capital relic is a powerful relic before the dark age. The strong at that time could travel in the void and possess terrible techniques similar to the nine-star Divine Emperor Jue. It is not something incomprehensible."

No matter what real power.

Since he appeared here, his purpose is most likely to be absorbed by himself.

Hum!

Immediately moved his mind, he began to control the real power torrent below.

"Ok?"

What shocked Qin Chen was that these true powers could not be absorbed.

"Aren't these true powers absorbed by us? That's..."

Qin Chen frowned, and then discovered that after contacting these true powers, he could perfectly sense the structures in these true powers.

"Does it allow us to sense the structure composed of this true power for simulation?"

Right now, Qin Chen began to sit cross-legged, analyzing these true power structures.

really.

Strangely discovered, these true powers are extremely different from ordinary true power structures.

On the surface, it may seem that there is not much difference, but in fact there are essential differences.

Fortunately, these true powers cannot be absorbed. Otherwise, as soon as he absorbs it into the body, it will definitely conflict with the true power in the body. At that time, no one will know what will happen, but it is extremely likely that it will go wrong. Enchanted.

"The meaning of Ancient Nandu is to let us analyze the structure of the Zhenli River, and then transform our own Zhenli structure so that there will not be much conflict between the two, and then absorb it."

Qin Chen instantly understood the purpose and key of this round of inheritance.

In the next period of time.

Qin Chen was completely immersed, and began to fall into the perception of this true power structure.

As time passed, the structure of the Zhenli River was clearly presented in Qin Chen's mind.

And Qin Chen's doubts grew.

"This real power structure is too weird, how can there be such a weird real power structure in the world, which is completely different from the real power of normal exercises."

"Furthermore, this ancient south is inherited. First, let us understand the secret pattern, and then analyze the structure of true power. Is there any connection between the two?"

Qin Chen absolutely didn't believe that Gunan had just set up the assessment randomly, and there must be some purpose in this.

Blink, half a day passed.

Qin Chen finally had a slight understanding of this Zhenli structure.

"absorb!"

As soon as the spirit moved, a grey real power poured into his body.

"It's so cold, but I can finally absorb it!"

Qin Chen was pleasantly surprised.

Shattering!

A trace of true power instantly penetrated into his body, and Qin Chen could clearly feel that his physical strength was slowly increasing.

"It's terrible, what kind of real power is this?"

Qin Chen was stunned.

Chapter 503

His body has reached the triple realm of the Immortal Eucharist, which is already extremely terrifying, but this true power can actually increase his strength, completely beyond his imagination.

"Continue to absorb."

Qin Chen immediately continued to absorb the gray real power in front of him without hesitation, and at the same time slowly entered all parts of his body.

A lot of gray and cold real power began to transform his body.

As this true power in his body increased, suddenly—

Crackling!

When this true power entered the position of the Dantian bloodline, the thunder bloodline in Qin Chen's body suddenly activated automatically.

Crackling!

Thunder light surged, and instantly clashed with this true power.

"Well, my thunder bloodline can't blend with this true power."

Qin Chen was puzzled.

Bloodline power and true power are two completely different powers. Generally, there will be no incompatibility at all, but now this situation has made Qin Chen puzzled?

"No, it's not fighting, but... transforming!"

But then, Qin Chen was shocked to discover that the power of Thunder's bloodline was not competing with the gray and true strength, but was gradually reforming.

When the thunder light surged, the cold real power that had just entered the body, after being baptized by the thunder light, immediately became pure and gentle.

Qin Chen was overjoyed.

He had absorbed these gray true powers before, and although his strength had improved, he had been very uncomfortable, but at this moment, the uncomfortable feeling completely disappeared.

but.

This also puzzled Qin Chen.

Why is this Gu Nandu will make them feel and absorb this strange true power.

Or, in ancient times, the real power cultivated by the strong human race was different from the real power cultivated by modern people?

Next.

Qin Chen kept absorbing the power in the long river of true power.

time flies.

I don't know how long it has passed.

boom!

Qin Chen's mid-level profound level peak cultivation base broke through instantly and entered the late-level profound level.

However, Qin Chen didn't stop practicing, and waited for the true power in his body to reach the peak of the late stage of the profound stage before it stopped.

After so long of training, Qin Chen has a clearer understanding of this true power structure.

mysterious!

The more he understood, Qin Chen was more shocked by this Zhenli structure.

No wonder it can greatly improve one's own cultivation level. I have to say that this true power far exceeds the true power cultivated by ordinary exercises in terms of purity and strength, and even the true power of heaven-level exercises. Above, reached an extremely astonishing point.

Absorbing this kind of true power is comparable to lying in a lot of real stones for cultivation, how could Qin Chen let this opportunity go.

However, Qin Chen finally stopped after his cultivation reached the peak of the late stage of the mysterious rank.

Because he knows that both cultivation base and sentiment must be made step by step, and a breakthrough too fast will definitely cause instability to the foundation.

Star Game Game on other roads.

Almost everyone has also entered this level.

Among these people, except Qin Chen, no one can reach the sixth stone chamber of the secret pattern, which is the next level to enter.

After all, with the exception of Qin Chen, even Moli, a genius who is quite accomplished in spiritual power, could not have such an amazing insight as Qin Chen and could thoroughly understand the secret patterns.

After entering the second floor.

Feeling the gray real power in front of them, everyone was pleasantly surprised and came forward to absorb them.

Among them, Moli and Ghost are the fastest to adapt.

Soon, the breath on the two of them began to improve.

But some people can't comprehend the structure of this gray real power.

The starry sky is outside.

Whoosh!

Situ Sheng was the first to be sent out.

Above the endless starry sky, Gunandu shook his head slightly.

"This Situ Sheng, when he was on the first floor, he could only comprehend the secret pattern to the second stone chamber. Unexpectedly, on this floor, he could not even adapt to a trace of true power structure, and it was impossible to practice my clan's exercises. Complete the wishes of our ancestors."

The black figure is extremely concerned about this inheritance, because it is very clear that the purpose of this inheritance is directly related to their ancestors, and there is no room for difference in the plans they set.

Hum!

Outside the ancient southern capital.

After the defeat of Situ Sheng, he was directly teleported out of Ancient Nandu and appeared on the open space outside.

"Situ Sheng, what exactly is this mysterious hall?"

"What heritage have you gained in it?"

"What about the rest?"

Many strong people around have been waiting anxiously, and they have stepped forward to inquire.

"I....."

Situ Sheng was speechless, because the will of the ancient Nandu once said, don't just tell the spiritual seeds.

Moreover, he also knows very well that the power he is in is not at the top of the Dawei dynasty, and even in Xuanzhou, it cannot be said to be against the sky. Once someone knows that he has the spiritual seed against the sky, maybe What will happen.

So he smiled bitterly: "This ancient southern capital inheritance is actually not directly obtained after entering, but needs to be assessed. The first level is to analyze a certain mysterious secret pattern, and the second level is to analyze a certain kind of true power structure. It could not be completed, so it was sent out."

"What? Need to be assessed?"

Everyone was dumbfounded, one by one dumbfounded.

From the pre-selection assessment to the present, these geniuses have gone through how many assessments, and I did not expect that the final inheritance will continue to be assessed, making everyone dumbfounded and speechless.

"Then you don't get any inheritance, right?"

Some people are confused and doubtful.

"Getting is getting some, but it's nothing."

Situ Sheng explained.

"is it?"

Some people believed it, but others doubted that Situ Sheng did not tell the truth.

However, under the gaze of the crowd, they couldn't say anything, they could only leave and wait for the follow-up people to come out.

On the side, Situ Sheng was taken aside by the powerhouse of his forces, and he said in a condensed voice: "You really didn't get anything?"

"Back to the elder, I actually got a cheat book."

"Cheats?" The elder frowned.

"Yes." Situ Sheng nodded, glanced around, and whispered: "Yes, and it should be a secret book of medium level."

"what?"

The strong man was shocked, his expression excited: "You are sure you read it right."

Although Xuanzhou is superior to the five nations, the most powerful exercise secrets of the top powers are often just waiting in the lower ranks.

And the middle-level cheats, in the entire Dawei dynasty, are enough to trigger a frenzy, attracting the coveting of many powerful people.

"There can be no mistake."

Although the first one was eliminated, at the moment of elimination, Situ Sheng still accepted the inheritance in his mind, and obtained a local middle-level exercise.

"Go, let's leave immediately!"

The strong gaze condensed, and immediately knew how powerful, if other forces that failed to get the inheritance knew that Wukongmen had obtained a local-level or intermediate-level cheat, it would surely attract countless people's coveting.

Whoosh whoosh.

This person can be regarded as decisive. He no longer has the slightest attention or curiosity about Qin Chen and others who have not been able to come out. He leads Situ Sheng and his own power to leave the ancient southern capital in an instant.

"Huh? Why are the people from Wukongmen gone?"

Seeing this scene, many people stared and noticed something was wrong.

Chapter 504 Mysterious Technique

"The Great Elder Wukongmen is extremely cunning. There must be a reason for leaving so early."

"Maybe it was the treasure that Situ Sheng got inside."

"Maybe, it should be so for sure, do you want to catch up?"

"Catch up, what can you do if you catch up? Do you want to fight Wukongmen?"

"This... but do you just watch them leave with the treasure?"

"Hmph, you are going to go. Even if there are treasures, Situ Sheng is the first to be teleported out. He will definitely get the worst things. The remaining eleven people will get better things. ..."

"That's right, we cannot offend such forces as Tianheng Academy, Emperor Xincheng, Liuxianzong, but among the twelve people who accepted the inheritance, six of them are from the Five Kingdoms, then..."

"Hehe, hehe!"

Many people at the scene looked at where the people of the Five Kingdoms were, with a cold gaze flashing in the depths of their eyes, and did not shy away from the naked coveting light.

When the Five Kingdoms were located, everyone felt the gaze of the Xuanzhou powerhouse, and there was a bad feeling in their hearts.

Looking at each other, there was helplessness in the eyes.

In this situation, they are also powerless, they can only be nervous, hoping that the people of Xuanzhou can take care of their faces.

at this time.

In the mysterious palace.

Wow!

After Qin Chen finished absorbing the mysterious real power, he was instantly shrouded in light and disappeared in place.

"I, I should have entered the next level, but what will be on this next level?"

Qin Chen was curious.

The previous secret patterns and mysterious real power have brought him huge benefits, but what treasures will this third layer have?

As soon as he lightened his body, he had already come to a mysterious space. In the whole space, there was nothing, nothing.

"blank?"

Qin Chen was shocked.

Look around carefully, everything around is nothing, empty, nothing.

"What does it mean?"

Qin Chen wondered, is there something hidden in this third layer?

Standing in the void, Qin Chen carefully stared at everything around him, looking for clues.

But there is nothing.

An empty piece.

suddenly.

Hum!

In the blank place in front of him, a black line suddenly appeared. This line, like a twisted black line, exudes a mysterious light, flowing slowly.

"this is....."

Qin Chen stared carefully.

I saw more and more black lines in the blank space, slowly forming an extremely complex pattern, exuding a very vast breath.

"This is, the exercise map?"

"Does this third level of inheritance allow me to practice this mysterious technique?"

Qin Chen held his breath.

The pattern of the exercises in front of him was extremely complex, far surpassing some of the heavenly exercises that Qin Chen had seen in his previous life, and was even comparable to the Nine Star God Emperor Jue.

"It's terrible, this kind of exercise is definitely not comparable to the Heavenly Rank exercise method, is it another exercise method that surpasses the Heaven Rank?"

Qin Chen was shocked.

After cultivating the Nine Star God Emperor Jue, he deeply knew the importance of a powerful exercise technique. Now that another exercise technique appeared, the shock to him was naturally indescribable.

"Try it."

Immediately, Qin Chen stared at the mysterious pattern in front of him, and his whole person was plunged into deduction and sentiment.

The top position of the mysterious palace.

The black Gunan was silently checking the conditions of each star road.

When Qin Chen entered the third floor, the black figure stood up suddenly.

"Activated, the assessment that our ancestors once set has actually been activated."

"Then Qin Chen actually completed the first and second floor tests and entered the third floor."

"Could it be that the plan set up by the strong men of our clan in ancient times is finally going to be realized?"

The black figure was shaking with excitement.

"No...I can't be happy too soon."

But soon, it woke up and its eyes calmed down.

"This third level of practice is extremely important. The first two levels of assessment are just to prepare for this third level. The difficulty is so high that it is definitely not something ordinary people can achieve."

"Although Qin Chen has amazing talents, I am afraid that it is still very difficult to completely complete the third-tier assessment. Now let's see where this person can go."

"But no matter where you go, combined with the golden spiritual seeds he got before, the plan made by our ancestors is equal to half completed."

Gunandu will look forward to it in his heart.

There is a big secret in this starry game.

This secret is related to the important plan set up by their clan.

As long as you succeed, you can unlock a huge key.

Now, Qin Chen is the closest person to this plan.

The empty space on the third floor.

Qin Chen was already completely immersed in the practice before him.

mysterious.

It's so mysterious.

The cultivation method in front of him and the Nine Star God Emperor Jue can be said to have the effect of complementing each other.

But there is also one thing that makes Qin Chen extremely puzzled, that is, the operation route of the exercise method in front of him is completely different from the normal exercise method.

"strange."

"The human body contains mystery treasures, which are more complex than anything, so it can extend various exercises and secrets."

"However, the exercises themselves should all be based on the human body. According to the truth, even if the operation mode is different and the cultivation mode is different, the core essence should be the same."

"But how does the technique in front of you seem to have a discordant contradiction with a normal human body?"

Qin Chen was puzzled.

Can't understand.

"For example, according to the Nine Star God Emperor Jue, the human body has twelve meridians. When the twelve meridians are in motion, it's okay to use either the Ren channel or the main channel. However, this method uses the middle of the two channels. The location, that place, is just an ordinary meridian, how can it withstand such a huge movement of true power?"

"There is also this place, and the same is true. This place is the gate of God. If you can accommodate true power, it will affect your spirit and soul, making it violent. Therefore, you must be extremely careful about accommodating true power, but in this practice However, the real power mainly gathers here. If an ordinary martial artist is practising the technique, he may have died because of the rupture of the divine gate and the devilishness."

"Unless the cultivator's physical body is so strong that it is abnormal, the wall of the gods can block the invasion of true power, there may be a possibility."

"And this place..."

Being immersed in the exercises before him, Qin Chen immediately discovered many problems.

These problems shouldn't appear in such a mysterious exercise at all. They are all elementary mistakes and omissions, but in this exercise, they happen to appear.

"Ok?"

"Hey, there is a solution here. It is the previous secret pattern technique. Could it be that the ancestors of ancient southern capital also discovered the mistakes and omissions of this technique, so they designed a set of secret patterns to solve this technique? The question was completed?"

Suddenly, Qin Chen saw below some places where he obviously felt wrong, and the other party used secret patterns to outline and explain.

Chapter 505 The Turtle in the Urn

For example, if the strength of the veins between the Ren Vessel and the Main Vessel was not strong enough, the other party proposed a secret pattern solution, using the secret pattern to strengthen this meridian to withstand the terrible movement of true power.

magical.

mysterious.

Make Qin Chen intoxicated.

It seemed to open a brand new door.

"These secret patterns are indeed magical, and they have such effects. No wonder the first layer is to let us understand the basis of this secret pattern. It turns out that it can be used in this place."

Qin Chen was shocked.

Get it.

Every layer of the ancient Nandu inheritance has its meaning. If you don't understand it, it's just because you haven't gotten this far.

"However, the technique I practice is the Immortal Saint Body, which is far more powerful than ordinary martial artists, and the Nine Star Divine Emperor Art makes every meridian in my body extremely powerful, surpassing those of the same level. The martial artist must need this secret pattern to be able to cultivate, but I am not necessarily certain."

At the moment, Qin Chen was immersed in it while feeling it, and gradually began to practice.

And when Qin Chen felt the technique in the mysterious space.

Everyone on other star roads is also making insights.

but.

Not all are like Qin Chen, and can reach the same level as Qin Chen in terms of secret patterns and true power analysis.

"Difficult, too difficult, what kind of real power structure is this?"

Everyone feels a headache.

"No more."

Among them, Wei Qingshan was sent out soon after Situ Sheng.

"Huh? Xuanfang's indestructible body, this is... a medium-level body-refining exercise?"

While being sent out, Wei Qingshan also had his own inheritance in his mind, which was a defensive secret book.

"It turned out to be a middle-level body training exercise."

Although the inheritance failed, Wei Qingshan still felt ecstatic in his heart.

He showed an amazing talent very early on the process of refining the body. Before only practicing a lower-level body refining technique, his defense has reached an extremely astonishing level, making him break into the top twelve. Strong.

Now that he has obtained a technique that fits him so well, once he has cultivated to the highest level, what amazing level will he reach?

Becoming one of Tianjiao is not just imagination.

Whoosh whoosh!

After Wei Qingshan failed, Meng Xingjue, Yuwenfeng, Ghost and Wang Qiming were all eliminated one after another.

One by one is sent out.

However, after being transmitted, a set of exercises appeared in their minds. At the same time, according to the length of time they received the inheritance, the level of the exercises obtained was also different.

Among them, what Wang Qiming, who left last, got it turned out to be a superior sword technique.

"Fengyun Magic Sword Art!"

With the passing of Wei Qingshan and others ended.

Outside the ancient southern capital, Xuanzhou and the many powerhouses of the five countries have also learned about the content of the inheritance and the situation that everyone has received a secret book.

For a while, the atmosphere on the court instantly became subtle.

Even the many top Xuanzhou forces present did not dare to underestimate the exercises of the middle level, they showed their greed.

"Hehehe, interesting, medium-level exercises, it seems that this trip to the Five Kingdoms is indeed worthwhile."

There is a powerful dynasty who has a sneer at the corner of his mouth, a sneer, and a pair of eyes, like a hungry wolf staring at its prey, emitting a faint green light.

Such a scene caused the people of the five countries to sink in their hearts.

Feeling a bit bad.

Especially Liangguo and Xiao Zhan, their hearts were gloomy and extremely worried.

"Let's go, the Five Nations Grand Tournament is over. I'll be one step ahead when I wait."

Wei Tianming had already learned from Yuwenfeng that he had obtained a middle-level technique, and he was about to leave immediately.

It's just that I haven't waited to get off the platform.

Whoosh whoosh!

A group of powerful men from the Dawei dynasty flew over and stopped a few people.

Wei Tianming's heart sank, frowning and said, "What are some of you doing?"

"Hehehe, your Excellency should be Wei Tianming, a master of the Liang Kingdom. It is said that he is still the top master of the Five Nations, half-step Wuzong, not bad, and the strength is indeed not weak."

A Xuanzhou expert looked up and down Wei Tianming, and laughed gloomily.

Wei Tianming's face was even more ugly, and he said solemnly, "What do you want to do?"

"I don't want to do anything, it's just that the Grand Tournament of Ancient Nandu is not over yet. As the number one master of the five nations, you should leave early. Isn't it appropriate?"

Another master of Tianying Valley, the eagle bird of prey, sneered at the corner of his mouth.

"Sorry, I have something important in the country of Liang, and I need to go back to deal with it, so I'll leave first." Wei Tianming took a deep breath and swallowed his breath.

The few people on the opposite side are all Tier 5 Wuzongs, and any one of them is superior to him, making Wei Tianming afraid to be presumptuous.

"That won't work." Someone sneered.

"Hey, Brother Zhou, what you said is wrong." The other person laughed: "If Master Wei really has something important, it is not impossible to leave, but that Yuwenfeng, I am afraid Stayed, after all, now that the inheritance is over, how could Yuwenfeng, as the winning player, leave so early?"

"Hehehe, Brother Li is right. If Master Wei wants to leave, let's go first."

A person named Xuanzhou all laughed, showing abuse.

They naturally don't have any ideas about Wei Tianming, but Yu Wenfeng is one of the twelve mysterious players who have obtained inheritance. Maybe they have gotten some secret secrets against the sky. How can he let him leave so simply?

In the distance, other Xuanzhou masters remained silent, but all sneered at the corners of their mouths, paying attention to this place.

"you guys....."

Wei Tianming was trembling with anger.

"Master." Yu Wenfeng was aside, his eyes were cold and sharp, his eyes bloomed with cold light, and he couldn't help taking a step forward.

boom!

An astonishing murderous intent appeared in him.

"Feng'er, don't be reckless."

Wei Tianming hurriedly stopped Yu Wenfeng, and said solemnly, "Let's go back first."

At the moment, a group of people retreated back to the high platform.

"Hmph, did you see that Yuwenfeng just now seems to want to do something with us, I don't know the sky is high and the earth is thick."

"This person thinks that if he broke into the top twelve, he can play against us? Too naive."

"It's true that a newborn calf is not afraid of tigers. It's a pity that he didn't make a move just now, otherwise, we will be able to capture this person in a justifiable way."

Those few Xuanzhou masters did not come forward, they just embraced their hands and sneered while discussing.

"If you want me to say, first catch Yuwenfeng and Wang Qiming. Anyway, there are no masters in these two countries." Someone in the Dawei Dynasty crowd sneered, rather unbearable.

"No hurry, haven't you seen that the three major factions haven't moved yet? Before everyone finishes the inheritance, please stay calm, don't be the first bird, and the ghosts and immortals of the five countries are also a little weird. Don't take it rashly."

But there was dissuasion from the side.

The Xuanzhou master, who was a little eager to move, immediately calmed down.

In their eyes, the people of the Five Kingdoms have long been the turtles in the urn, but for the time being, they can't make a move.

When everyone's inheritance is over, it's when they try to see.

Chapter 506

but.

Although the people of the three major powers did not do anything, these Xuanzhou masters did not stop thinking of embarrassing the people of the five countries.

"Hehe, since you don't do it for now, that's fine, but the people of these five countries are extremely tricky and cunning. In my opinion, they can be controlled first."

"That's right, if they swindle and run away secretly, it will be troublesome."

"If that's the case, then what else to say."

At the moment, a powerful Xuanzhou man, grinning, walked towards the people of the Five Kingdoms.

"Everyone, this big country, let the old man take care of it."

Whoosh whoosh!

With a sneer, a few experts from Skyhawk Valley flew towards the beam country and landed directly on the high platform of beam country.

Tianying Valley is not a weak force in Xuanzhou. This time, he also led his disciples to participate in the Grand Tournament of Ancient Southern Capital, but he didn't expect that he didn't take advantage of anything. Naturally, he felt uneasy and wanted to gain something.

Upon seeing this, several other Xuanzhou masters, unable to bear it, fell on the high platform, and surrounded the people of Liang Country.

"You guys, what do you mean?"

Wei Tianming's face was gloomy, and his whole body was shaking with anger.

He had already retreated to the high platform, but he didn't expect that this Xuanzhou person would actually not give up, so he could make an inch.

Is it really so lawless?

"You are all high-ranking people of the Dawei Dynasty. Naturally, you know the rules set by Pill Pavilion and the Holy Land of Bloodline. You can't slaughter the weak for no reason. Do you want to risk big things and start with my five kingdoms?"

Wei Tianming raised a sigh of relief and shouted sharply.

"Haha, don't worry, Master Wei, we came up not to try to wait for you, but we saw that the scenery on the high platform is good, so let's come up and watch it. Why, don't you just need Master Wei to enjoy the scenery on the high platform? , Will we not be allowed to come up?"

"Hahaha, Brother Zhou is right. We just came up and took a look at the scenery. Master Wei wouldn't mind so much, right?"

"Hehe, hehe!"

The voices of a few people echoed in the open space outside the ancient southern capital, and immediately attracted the laughter of many Xuanzhou experts.

"you guys....."

Wei Tianming's face was gloomy with anger, how he didn't know that these people did it on purpose.

However, now the situation is better than others, and the other party insists on saying that, and he has no choice but to swallow his breath and dare not move.

"The Tianying Valley and the others have occupied the Great Liang Kingdom, and now there are ghosts and immortals in the Great Qi Kingdom, and there are already disciples who have returned, and they must have obtained a powerful cheat. Why, let's do it too."

Seeing Tianyinggu and the others doing it, many of the remaining Xuanzhou forces couldn't help it.

There are only six disciples from the Five Kingdoms who have been passed on to Gu Nan this time.

Among them, Guixian sent two people.

The two of Daqiguo.

Liangguo and Ling Tianzong each have one person.

But now the first ones to come out are the ghost image of the Guixian faction, the Wang Qiming of the Great Qi State and the Yuwenfeng of the Liang State.

It can be described as sparse.

But this time the Xuanzhou forces who came to the Five Kingdoms are extremely numerous. If they don't start first, they will most likely be occupied by others, and ultimately won't get anything.

"go!"

"Haha, the old man is going to this great country of Qi."

"In addition to Wang Qiming in the Great Qi Kingdom, there is one Qin Chen who hasn't come out yet, and he must have gained even more."

A famous Xuanzhou master laughed, and rushed towards the Great Qi State and Ling Tianzong.

Among them, there is almost no Xuanzhou master where the Guixian faction is located.

For the remaining Great Qi Kingdom and Ling Tianzong's position, the number of Great Qi Kingdom is the most, and the number of strong ones is almost double that of Ling Tianzong.

Although these Xuanzhou masters are arrogant, they are not idiots. The black-clothed old men of the Guixian faction are mysterious and mysterious. Before even the strong of Tianheng Academy dared to fight against them. Although they have the intention, under the jealousy, the persimmon is naturally the challenge. A soft pinch.

"not good!"

Where the Great Qi Kingdom is located, Xiao Zhan and others have been paying attention to the actions of the Xuanzhou powerhouses, seeing that many masters have flew by, all of them sinking in their hearts.

"Master Lingwu, what should we do now?"

"Yes, Master Xiao Zhan."

Many disciples of the Great Qi State showed panic on their faces.

For them, the Wuzong masters in Xuanzhou are like the sky over there, and they have no ability to resist.

On the contrary, it was Wang Qiming and Zhao Lingshan, one by one with cold eyes, shining indomitable colors.

"Don't worry, wait until Qin Chen comes out."

Xiao Zhan's heart sank, but he still pretended to be calm, and said nervously.

The voice just fell.

Several Xuanzhou masters have already fallen on the high platform where the Great Qi State is located.

Seeing that Xiao Zhan and the others were still able to maintain their composure, the faces of these people could not help showing a trace of amazement.

"Several people, I am waiting to take a look at the scenery on your high platform, shouldn't you have any comments?"

A master of Xuanzhou came to Xiao Zhan and said with a smile, seeming to be asking, but there was an indisputable voice in his tone.

"Hehe, why should Brother Tianluo make such a fuss? If we look at the scenery on this high platform, do we have to get the consent of these five wastes?"

"That's right, this place is not the private property of these five countries' wastes, so what are they doing with so much nonsense."

The next few Xuanzhou powerhouses all laughed, and their tone was full of mockery.

The arrogance of that posture made Wang Qiming and the others flushed, their hearts were burning like fire, and they couldn't help taking a step forward.

"You all retreat."

Xiao Zhan's face sank, and he even told Wang Qiming to step back, then looked at several Xuanzhou masters, and said with a smile: "This high platform is very big. Several people want to see the scenery. Although they appreciate it, it is not good. It's okay for everyone."

Xiao Zhan knew very well that by doing this, the other party wanted to irritate them so that they could make a move.

"Haha, hahaha." As soon as Xiao Zhan's words fell, these Xuanzhou masters all laughed, "Hey, you say that these five nations are rubbish, you are really right. Have you heard that, we want to occupy Their high platform, they not only dare not let go of their fart, but also let us, haha, do I still need you to make it?"

The leading Xuanzhou master, laughed loudly, and the laughter rumbled, echoing throughout the entire Gunan, with mockery on each face.

"you....."

"Who do you say is trash?"

"Hmph, every one of the disciples can't even break into the trash sect of the top twenty-four, and they don't know where the sense of superiority comes from, and they show off here."

"Hehe, it seems that the disciple can't do it, he can't get results, he's a trash. As an elder, the old trash is dissatisfied, so he came up to ask for trouble."

Wang Qiming and the others couldn't bear it anymore, all sneered.

The man is passionate, and since the other party has made it clear that he wants to take them, why bother to swallow.

Chapter 507

"what did you say?"

"Boy, there is a kind of you say it again."

"presumptuous!"

What Wang Qiming and the others said was equivalent to tearing open the scars of this group of people in an instant.

One of Xuanzhou Wuzong couldn't bear it, so he caught Wang Qiming directly, his huge palm was like an eagle's claw, as fast as lightning.

"Boy, don't think that winning the top twelve is great. If you don't kneel down and apologize today, don't blame the old man for being cruel."

This person was full of murderous aura, his body filled with astonishing aura, huge claws, instantly fell on Wang Qiming's head.

"what are you doing."

Xiao Zhan's expression changed drastically, and he hurriedly stepped forward to stop him.

"Hmph, a waste that Wu Zong is not, is also arrogant in front of the old man."

The strong man sneered, his body shook, and a terrible energy shot out in an instant. Xiao Zhan only felt an astonishing force swept over him, his body protection real power was instantly shattered, and he snorted. Spit a mouthful of blood.

Strong, too strong.

Although Xiao Zhan entered the realm of Wuzong for half a step, he didn't have much time after all, let alone the old Wuzong powerhouse in Xuanzhou, how could he be a low hand.

With just one move, he was shocked and seriously injured.

Boom!

The terrifying palm landed directly on Wang Qiming's head. The palm was huge, and it was almost as if Wang Qiming lifted up a chicken.

"Master Xiao Zhan." Wang Qiming was startled, and in anger, he didn't know when, his right hand had already held the saber around his waist, his eyes coldly stared at the opponent, and a terrifying aura rose from his body.

Cang!

At the same time, rising into the sky, there is also an astonishing sword intent.

Crackling!

The sword intent was bright, with an astonishing meaning of destruction, and he wanted to split the palm of the Xuanzhou powerhouse in half.

The Xuanzhou powerhouse who took the shot, his face changed drastically when he saw it, "Huh? What a strong sword intent, a disciple from the Five Kingdoms, is so strong, it's no wonder that many of my Xuanzhou disciples are defeated by him, let him Breaking into the top twelve, but these alone are not enough."

boom!

In the opponent's body, an astonishing aura suddenly rose up, and a terrifying bloodline power spread out, combining with the black palm.

Under Wang Qiming's intent to destroy the sword, some shaky palms were solidified again, emitting a misty light, covering everything.

"Boy, if you dare to be disrespectful to my Xuanzhou strong, you must be prepared to be taught."

The strong sneered, already made up his mind. Once Wang Qiming was captured, he would severely interrogate him. First, he asked about the inheritance he had obtained in Gunan Capital. Then, he would advance and retreat by himself.

"Damn it, is this Wu Zong strong? Fight with him!"

To run the true power in his body, Wang Qiming would give it a go.

at this time.....

A cold voice suddenly sounded.

"Your Excellency insults the people that this seat wants to protect in front of this seat, isn't it too dismissive of this seat?"

call!

The voice fell, and a cold breath suddenly appeared behind the Xuanzhou powerhouse.

This breath was cold and cold like a poisonous snake, as if something disgusting was staring at him in the darkness, causing the Xuanzhou powerhouse to feel a greasy feeling behind him.

"Whoever dares to attack the old man."

With a loud shout, the Xuanzhou powerhouse turned around and took a palm shot without taking care of Wang Qiming.

boom!

A gloomy force rushed into his body, the Xuanzhou strong man stepped back a few steps, his face faintly pale, and his eyes flickered.

I saw a black figure, from among the crowd below, flying up suddenly, to the side of the high platform where the Great Qi Kingdom was located.

The face of this person was all shrouded in the cloak, and it was the \*\*\*\* Qin Chen said before that would protect him.

"Who is your Excellency, dare to stop the old man? These five-nation disciples previously humiliated my Xuanzhou powerhouse. Does your Excellency want to be my enemy of many Xuanzhou powerhouses?"

Chen Tianluo, who was too one-sided, said with a deep look.

But between the eyebrows, they are all vigilant.

Before the examination of the ancient Nandu, Emperor Xin Young Master Di Tianyi had a conflict with Qin Chen of this great Qi country, but Qin Chen was not afraid at all, and said that the cloaked man called the black slave would protect him.

At that time, the top powerhouses of the three major forces had spied on this person, but returned to no avail. As the deputy master of the Taiyi Sect, Chen Tianluo knew that although his cultivation was extraordinary, he also knew that the man in the cloak was extraordinary in strength. Dare to make a move rashly.

"Jie Jie Jie, you are the enemy of Xuanzhou? Your Excellency, a small fifth-tier early Wuzong, can also represent the entire Xuanzhou?"

Hearing this, the man in the cloak laughed, his laughter was hoarse and extremely cold, like a poisonous scorpion, which made people get goose bumps all over his body, and it was oozing.

"Little Wu Zong in the early stage of the fifth stage? Your excellency said so loudly, I want to see what your excellency has, and dare to say this."

Chen Tianluo was completely angry.

He shook his figure, suddenly appeared in front of the cloaked man, and slapped the cloaked man with a palm.

boom!

The palm wind swept across, representing the terrifying strength of the fifth-order Wuzong, suddenly broke out, an astonishing breath swept across, only heard the rumbling roar, the air turbulence, a huge palm, crashing towards the cloaked man.

This palm was more than twice as strong as when he dealt with Wang Qiming before. Obviously, under the anger, he tried his best to test the strength of the cloaked man.

"Jie Jie!"

Facing such a terrifying attack, the man in the cloak was not afraid of it, and even laughed strangely. At the moment when the opponent's palm was about to fall, his right hand stretched out, and a thin palm was stretched out to collide with the vast palm. .

On one side is a terrible palm with amazing palm power, and on the other side is a thin arm that looks like a withered. People with a discerning eye can see which one is strong and weak.

But the outcome was beyond everyone's expectations.

"what!"

A stern scream sounded, and after Chen Tianluo's palm touched the cloaked man's palm, he immediately let out a terrifying roar, and the whole person covered his palms and retreated in embarrassment, like avoiding a snake.

I saw his right hand, completely dark, and a cold black air, spreading rapidly on his right hand, crawling towards the top of his arm.

Wherever the black air went, there was a pain in the heart.

"You actually used poison." Chen Tianluo was furious and hurriedly swallowed a large amount of detoxification pills to try to ease the spread of poison gas.

But no matter what kind of detoxification pills he took, it was of no avail. Wherever the black qi went, his skin began to fester, like a thousand ants eating his heart.

"The deputy master."

An elder of one family was pale when he saw it, and shouted at the cloaked man: "What kind of poison did you use, please bring the antidote."

"The antidote? There is no antidote for my poison. The only way is to cut off the arm, or you will just watch your deputy master, um, ulcer and die all over, Jie Jie, Jie Jie Jie. !"

"The deputy master."

The elder was frightened and angry, but didn't know what to do.

He wanted to rescue Chen Tianluo, but he didn't know how to do it. When dealing with the cloaked man, even the deputy sect master Chen Tianluo was not an opponent. He could only go up to death.

Hesitating.

"what!"

A screaming scream sounded, and everyone saw that Chen Tianluo couldn't bear the pain, and cut off his right hand with his own hands. The cut half of his arm fell on the ground, and he immediately made a scream and smoke appeared. Turned into a pool of pus.

hiss!

There were bursts of air-conditioning in the audience.

Everyone looked at the cloak man's face, they all changed, becoming extremely jealous and terrified.

Chapter 508

What kind of poison is this?

too frightening.

It was only ten hours before he could breathe, and the arm of Chen Tianluo, the deputy master of the Taiyi sect, was corroded clean. They were contaminated, how could it be better?

To know.

Although Chen Tianluo was not the strongest expert in Xuanzhou's trip, he was not weak either. He had already reached the initial peak of Tier 5 in his cultivation.

But even such a master, under the attack of the cloaked man, failed to manage a single move.

What strength is this?

hiss!

Among the crowd, air-conditioning sounds came and went one after another, and even the powerhouses of the three top forces in Xuanzhou condensed their eyes, watching the cloaked person secretly in fear.

"Why, you guys still don't let me go, do you want to come here too?"

The man in the cloak glanced at the remaining Xuanzhou experts on the high platform, and said coldly.

Several powerful Xuanzhou experts glanced at each other, feeling jealous, but it was too shameful to let them go on like this.

One of them snorted coldly and said angrily: "Your excellency is a ruthless method, but if you think that you have defeated Chen Tianluo, you will treat Xuanzhou as no one?"

After speaking, looking at the three major forces, it is obvious that they want to bring in the three major forces.

"enough."

The great elder who stayed in Xianzong yelled, "Now the inheritance is not over, let's retreat first."

what?

The words of the great elder of Liuxianzong changed the colors of many powerful people in Xuanzhou.

What does this mean, is it to let the other party go?

Despite the resentment in their hearts, the three major forces all spoke, and they could only swallow their anger and retreat.

The minds of these people, how can the people of the three major forces know, just want them to come forward and fight the cloaked man.

But now, it is not the time at all.

Seeing the Xuanzhou master sweeping down the high platform, Xiao Zhan wiped off the blood from the corners of his mouth, a group of people breathed a sigh of relief.

Later, he went to the cloak and said, "Thank you, senior, for helping me. I am so grateful and disrespectful."

The man in the cloak smiled slightly and said in a kind tone: "Don't worry, since you are friends of Qin Chen, you are naturally also friends of this seat. With this seat, these people from Xuanzhou, don't want to kill you."

The man in the cloak said in his mouth, but he sneered in his heart: "Huh, it will be more convenient to get back the Qinglian Demon Fire from Qin Chen by mixing up with these disciples of the Great Qi Kingdom."

Naturally, Wang Qiming and others did not know the relationship between the cloaked man and Qin Chen, thinking that the other party was sincerely making a move, and stepped forward respectfully: "I will remember the kindness of the black slaves in my heart. Please also invite it inside."

Black slave!

The cloak man's face turned black, and Qin Chen's stinky boy actually named himself such a name, which is absolutely embarrassing, but this is good, it can hide his true identity.

"Well, you guys don't be too polite."

Immediately, the man in the cloak had a dark face and entered the center of the high platform of the Great Qi State, standing with Xiao Zhan and others.

After this disturbance, the atmosphere on the court became extremely weird and solemn.

The actions of the people in Xuanzhou also caused the people of the five countries to feel chilled and tremble.

Obviously, although the five nations occupy six places in the top twelve, the people of Xuanzhou are not ready to let them go.

For a time, the hearts of all the five nations are heavy.

Hum!

At this moment, outside of the ancient Nandu, a slight spatial fluctuation suddenly flashed past.

Immediately afterwards, a figure appeared, and it was You Qianxue who was eliminated from the inheritance of Star Game Game.

As soon as she fell outside the ancient southern capital, she instantly felt the weird atmosphere on the court, and at the same time saw that on the high platform of Ling Tianzong, there were many Wuzong experts in Xuanzhou.

Seeing her appear, the eyes of these Xuanzhou martial artists instantly focused on her. These eyes were extremely unkind, and gave You Qianxue a feeling of blazing light.

"What's the matter?" You Qianxue frowned.

"Qianxue, come here." Without waiting for her to think about it, Sect Master Ling Tianzong You Wusui immediately came to her and pulled her back.

"Father, what happened here?"

You Qianxue said solemnly.

She keenly perceives that the atmosphere on the court is extremely strange, and the eyes of many powerful dynasties around her are extremely unkind and sharp.

"Qianxue, did you get an extremely powerful cheat book in this ancient Nandu heritage?" You Wujie did not answer her words, but asked nervously.

You Qianxue was startled, "Father, how did you know? I did get a secret sword technique."

When the voice fell, she suddenly woke up, already understanding the reason for the weird atmosphere on the court.

"Father, are these powerhouses of the mighty dynasty coveting the inheritance secrets we got and wanting to rob?"

You Qianxue was annoyed in her heart. The ancient Nandu inheritance was originally the remains of the Five Kingdoms. These warriors of the Dawei Dynasty not only occupied the assessment quota, but also wanted to rob them of all the inheritance they had received from the ancient Nandu. It was too much.

"Qianxue, don't worry about so much. If there is a conflict in the future, if you have the opportunity, you should run away, don't stay, remember not."

You endless said in a low voice, and there was a trace of determination in his eyes.

You Qianxue's heart trembled, and she already understood her father's thoughts, and she couldn't help feeling warm.

"Father, don't worry, the conspiracy of these Xuanzhou martial artists will not succeed." You Qianxue said with firm eyes.

You Wudi smiled bitterly. You Qianxue didn't know how powerful the Dawei Dynasty was, so she said this. If she knew how terrifying the Dawei Dynasty was, I'm afraid she wouldn't say that.

"No matter what, if there is a conflict in the future, you must find a way to leave." You Wujin sighed.

Although he is the prestigious sect master among the five nations, he has no ability to fight against the powerhouses of the Dawei Dynasty, and now he can only resign himself to fate.

at this time.

In the starry sky game.

Qin Chen still felt crazy about the mysterious technique in front of him.

"Om!"

In his body, a lot of true power quickly circulated based on the catalog of the mysterious exercises in front of him, and an amazing breath began to recover from his body.

One week.

Ten days of the week.

Seventy-two weeks.

One hundred and eight days of the week.

After Qin Chen traveled one hundred and eight weeks in accordance with the route of the cultivation technique, Om, a strange power suddenly emerged from his body and appeared in his meridians.

"This is... the strange true power of the second layer before?"

Qin Chen looked startled.

The true power cultivated according to this mysterious exercise is exactly the same as the strange true power previously absorbed in the second layer.

As soon as this trace of true power was born, Qin Chen's body suddenly felt severe pain, and some of them couldn't bear such a strange power.

But at the second level, Qin Chen had already analyzed the structure of this true power, and immediately adjusted it. Soon, the pain in his body gradually disappeared, and that trace of true power slowly merged into Qin Chen's original nine-star cultivation. In the true power born of God Emperor Jue.

Chapter 509

When the two true powers converged, there was a strong conflict. The astonishing pain caused Qin Chen to grunt, and his body convulsed.

"What's the matter? Why is the Nine Star God Emperor Jue so resistant to the true power born from this mysterious technique?"

Qin Chen was shocked.

Generally speaking, the true powers obtained from different exercises cannot be combined at will. After all, each true power has its own attributes.

However, the direct occurrence of violent conflicts as before is extremely rare.

"No, this is just a trace of true power that I cultivated. As the strange true power that I cultivate becomes more and more, the conflicts in my body will become bigger and bigger. At that time, even the immortal body I cultivated, , And simply cannot bear such a terrifying conflict."

Qin Chen had a headache.

In the current situation, he could not continue to practice this mysterious technique.

Unless, he abandons the original cultivation method.

but.

The Nine-Star Divine Emperor Jue was a technique that he had been practicing since he was reborn, and it came from a place that was forbidden by the gods.

Even though the ancient southern capital remains terrifying, it is impossible for him to directly abolish the Nine Star God Emperor Jue and switch to this mysterious technique.

What's more, this mysterious technique has always given him an extremely uncomfortable feeling.

However, let him give up the inheritance of the ancient southern capital directly, and he was a little unwilling.

Moreover, the ancient Nan inheritance, the previous first and second level assessments were actually paving the way for the third level of exercises.

The first layer of secret patterns allows them to practice this technique.

The strange true power of the second level is to familiarize them with the true power attributes produced by this technique.

Therefore Qin Chen has reason to believe.

The secret passed down by the ancient Nandu lies in the mysterious technique he is now practicing.

"By the way, when I was on the second floor, I couldn't bear this weird true power. In the end, it was only after the thunder bloodline was baptized that my body could continue to absorb it."

Suddenly, Qin Chen thought of the previous scene, urging the thunder blood in his body.

boom!

A large amount of thunder light rushed out quickly, covering the strange real power he had condensed.

Sure enough, that trace of weird true power immediately became pure under the baptism of Thunder's bloodline, and when it merged with the true power of the Nine Star God Emperor Jue, there was no confrontation again.

"There is a play."

As Qin Chen was overjoyed, he immediately ran this mysterious technique frantically.

A trace of mysterious true power was born quickly, and then turned into pure power under the baptism of Thunder's blood.

But after that mysterious real power reached a certain amount.

Hum.

Qin Chen suddenly felt that a part of the power had been separated from that mysterious true power, and the golden spiritual seed planted in his mind had been absorbed in an instant.

"Huh? The golden spiritual seed is absorbing the mysterious power from this cultivation. Could it be said that the purpose of this exercise is to nourish the golden seed?"

For some reason, an extremely uncomfortable feeling suddenly rose in Qin Chen's heart at this time.

But this uncomfortable feeling quickly disappeared. As Qin Chen continued to practice, that trace of true power quickly merged into the golden seeds in his mind. Gradually, the lines on the golden seeds became more and more obvious. It lights up as if it has come alive.

An extremely powerful feeling was transmitted from Qin Chen's body.

"What a magical spiritual seed."

At this moment, Qin Chen was completely shocked. No wonder Gu Nandu will say that this golden spiritual seed is a treasure, too powerful.

At this moment, Qin Chen felt that although his cultivation was only at the peak of the late stage of the Xuan rank, he had vaguely entered the realm of Wuzong under the inspiration of this golden spiritual seed.

Let a fourth-order Xuan-level martial artist, across a large level, possess the power of a fifth-order Wuzong, this can no longer be described as a general treasure.

"However, stimulating this spiritual seed requires a lot of true power energy, and I must cultivate this weird true power as much as possible in case of emergency."

When Qin Chen was meditating on cultivation.

Gu Nandu Will also paid attention to the spiritual seed light on Qin Chen's body, and his deep eyes revealed an unprecedented light.

"Great, someone really succeeded in practicing the exercises set by the ancestors."

The black figure was excited and even trembling.

How many years, tens of thousands of years, the idea of the ancestors has really come true.

The violently fluctuating will of the black figure is hard to imagine, it turned out to be just a consciousness, not a living life.

"However, it is not safe for Qin Chen to practice successfully alone. If no one else can do it, then the plan set by the ancestors will probably be perfect."

The black figure stared at the other star roads.

Hum!

Hum!

Hum!

As time passed, Leng Wushuang, Hua Tiandu, and Di Tianyi were all eliminated.

After all, the three of them were known as Tianjiao in Xuanzhou, but compared with Qin Chen, they were far behind. The understanding of the secret patterns alone could not be compared.

It was Mo Li, who was a spiritualist himself, and his understanding of secret patterns surpassed the three of Di Tian Yi and three people. He actually cultivated a strange trace of true power in this third level.

"Om!"

The location of his mind, the silver light flickered, that is his silver spiritual seed blooming power.

Moreover, compared with Qin Chen's spiritual seed, Moli's spiritual seed is more comfortable, as if the two themselves are the same.

"Okay, okay, this son can also practice my clan's exercises. Although he is much worse than that of Qin Chen, his physique seems to be more in line with my clan's exercises, so he can barely activate his spiritual seeds. ."

The black figure was ecstatic.

Generally, one person can practice that technique and activate the spiritual seed, which is extremely remarkable. Now, there are two people who can practice, so that the black figure is not excited.

"about there."

The black figure waved.

Hum!

In an instant, Dou Zhuan Xing Yi, Qin Chen and Mo Li, who were still cultivating just now, disappeared on the star road at the same time, and once again appeared in the boundless starry sky.

The two looked at each other and found that there were only two of them left. They instantly understood that the other party should have mastered part of the mysterious technique, otherwise they would not persist until now.

"Congratulations, you two, successfully passed the three-tier assessment and have the qualifications to unlock the treasures of my ancient southern capital." The black figure has recovered calm at this time, standing proudly in front of the two, saying indifferently.

Treasures of Ancient Southern Capital?

The hearts of both of them jumped fiercely.

How terrible is the treasure left over from such an ancient relic? Even Qin Chen couldn't help but be moved.

In fact, he doesn't care about the so-called treasures. What he cares about is actually taking a stronger path.

Because, three hundred years later, Shangguan Xi'er and Feng Shaoyu are no longer what they used to be.

He can stand in front of Shangguan Xi'er and Feng Shaoyu only if he is far ahead of his previous life and regain everything that once belonged to him.

Chapter 510

Just as Qin Chen and Mo Li were excited, Gu Nandu was willing to talk again.

"However, with your current strength, you can't open the relic treasure at all. If you want to open the relic treasure, unless you can do it, the spiritual seeds in your body merge with yourself, and then you can return to the ancient southern capital to try to open the relic treasure. "

Have to wait for the spiritual seeds to merge with themselves?

Qin Chen was stunned.

When does this have to wait?

But then Qin Chen also wanted to understand. Since Gu Nandu will say so, it is obviously impossible to open the relic treasure now.

The fastest time is when the ancient southern capital relics reappear five years later.

Aside, Mo Li glanced at Qin Chen coldly, obviously wanting to understand this.

"Five years? Huh, I will definitely surpass you and integrate this spiritual seed in advance."

A cold light flashed in the magic eyes.

Losing to Qin Chen in the arena is the shame in his heart, and in this spiritual seed fusion, he must surpass Qin Chen.

"All right!"

"Besides, when you two go to the end, you will also get a powerful secret skill in the ruins of ancient Nandu."

The black figure waved a big hand, and two white lights immediately enveloped the two of them. With a buzzing, Qin Chen felt that something suddenly appeared in his mind.

"Swordsmanship?"

Qin Chen immediately felt that there was an extremely mysterious secret technique in his mind.

"Also, you have got the inheritance of my ancient southern capital. I think there are many warriors out there who want to attack you. In this way, after a while, I will leave behind the power of the ancient southern capital. You can use the secrets you have previously mastered. Wen, manipulate this to prevent these people outside from attacking you."

In the previous confrontation, Gunan couldn't feel his will, so he finally found two geniuses who could cultivate the ancestor's exercises. How could he be willing to die outside.

"However, the remaining power of the ancient southern capital is limited by the power of the mainland, so it is not unlimited. At the same time, it can only be kept for three days at most. You two should remember."

"Hopefully, when I see you next time, both of you have merged the spiritual seeds and can unlock the treasures of the relics."

Gu Nandu glanced at the two men deeply, and then waved his big hand, Qin Chen only felt dizzy, he and Moli disappeared in the starry sky hall at the same time, and appeared outside Gu Nandu.

"Come out, then Qin Chen and Mo Li came out at the same time."

"The two of them persisted until the end, and I don't know what rewards they will receive."

Seeing Qin Chen and Mo Li appeared, everyone was excited, and many Xuanzhou powerhouses flashed through their eyes.

Rumble!

Immediately afterwards, under everyone's shocking gaze, the ancient southern capital rose from the ground, slowly rose into the sky, and finally disappeared from everyone's sight.

The vast city was completely gone, and in the middle of the high platform, only a huge flat land was left, and it was presented empty in front of everyone.

"Hahaha, this ancient southern capital has finally disappeared."

"The inheritance is over, presumably the will of the ancient southern capital has already left."

"Hey, now I want to see how these people from the five nations will stay."

All the powerhouses of the Dawei Dynasty sneered.

Many of them didn't dare to do anything before, completely because they were afraid of the will of the ancient southern capital. Now the relics of the ancient southern capital have disappeared, allowing the hearts of these Xuanzhou people to completely let go.

All can't help but surround themselves, showing greed one by one.

The atmosphere on the court immediately became serious.

"Master Xiao Zhan, what just happened here?" Qin Chen also returned to the team of the Great Qi Kingdom at this time, feeling the solemn atmosphere among the people, and asked with a frown.

At the same time, he also saw the cloaked man in the crowd, his eyes condensed: "Why are you here?"

"Qin Chen, you don't know anything. Just now when you accepted the inheritance in Ancient Southern Capital, a strong from Xuanzhou wanted to trap us. It was your black slave friend who helped to resolve the crisis." Xiao Zhan Lien came forward to explain.

"These Xuanzhou people are really bold." Qin Chen heard it, his eyes cold.

At the same time, he glanced at the man in the cloak and sneered in his heart. This person would be so kind and really help them to resist foreign enemies. It was nothing more than his own things.

But since the other party didn't say to break, Qin Chen naturally wouldn't be so stupid that he took the initiative to break.

"Qin Chen, senior black slave, what shall we do now?" Xiao Zhan asked nervously.

Previously, the black slaves had indeed resisted Xuanzhou Taiyi's attack.

However, that was when the three major forces of Xuanzhou did not take action.

Now, Gunandu's assessment is over.

The three major forces will definitely move something, not to mention that they are also hostile to the three major forces.

If the three major forces decide to attack their disciples from the Five Nations, with the strength of the Five Nations, there is no way to stop them.

Behind Xiao Zhan, many warriors of the Great Qi State also understood this situation, and couldn't help feeling uneasy.

"Boy, as long as you return what you have taken from this seat to this seat, this seat promises to protect you from being insulted by the Xuanzhou strong, how about?"

At this moment, the man in the cloak suddenly said coldly.

"what?"

Xiao Zhan and the others were all taken aback.

Some clouds are in the mist.

This senior black slave, isn't the friend of Shao Chen, protect the one who is Shao Chen? How did you listen to him, Shao Chen took his things? Is it to collect debts instead?

Not only them, but even those who stayed in Xianzong were taken aback for a moment, and they didn't understand the situation inside.

"Only you?"

Qin Chen glanced at him.

"Haha." The man in the cloak laughed: "According to mainland regulations, the Dawei Dynasty belongs to the upper powers compared to the five countries. Before there is sufficient reason, it cannot do anything against the five countries. The people they want to deal with are nothing but You, although I don't say that I can kill these people all at once, but in the hands of these people, there is still no problem with keeping you. You are not at all loss in this transaction."

The man in the cloak had a calm tone and fiery eyes.

Although he can directly take down Qin Chen, he knows very well that Qin Chen is not a persimmon that anyone can knead. Once Qinglian demon fire is exposed in battle, it will be troublesome.

Therefore, taking advantage of the current crisis in Daqi State, he can try his best not to return to Qinglian Demon Fire without doing anything.

When Qinglian Demon Fire arrives, the matter will be simple. Then he will leave directly. Who can stop him at the scene?

"It's not a loss at all, do you think I'm stupid? What's more, I bought it from the auction, so why do you want to go back." Qin Chen sneered, how could he not understand the other party's wishful thinking.

"You..." The man in the cloak was taken aback, and then he sneered: "Okay, okay, very good. The reason why you say this is that you can't bear to be such a genius and die here for no reason. Since you don't know what is good or bad, Then you have to see how you are against the sky. When you are about to die, don't cry for help."
