

## Valkyrie 5011

### [Chapter 5011: walk my own road](#)

"In order to protect you, your mother and your father can't come here in person, they can only watch you silently." Qin Yuechi stroked Qin Chen.

How could she not care about her own child, but she could only pay attention silently, because what she did was to harm Qin Chen.

"Mother, could it be that you and your father have enemies in the sea of cosmos?"

Qin Chen's eyes widened, "Father and mother are already so terrifying, how powerful are their enemies?"

"Not just enemies."

Qin Yuechi looked at Qin Chen and said, "Chen'er, it's not that my mother didn't tell you, but some things will only be understood when you come into contact with yourself. Chen'er, don't blame your mother."

Qin Chen was silent.

Immediately, he raised his head, but there was a smile on his face: "Mother, how can the baby blame you, the baby knows that the reason why you do this must be for the good of the baby, don't worry, the baby will definitely enter the In the sea of cosmos, if you really have an enemy at that time, the child will defeat the enemy for you."

Qin Chen's body instantly ignited endless fighting spirit.

cosmic sea?

It's nothing special, he will definitely become the top powerhouse in this world and reunite the family.

"It's better if you think so, this is my Chen'er." Qin Yuechi also laughed: "My mother stays here, one is to protect you, and the other is to tell you something, Ben I thought it would take some time, but I didn't expect you to come so soon, your growth is faster than my mother imagined."

Saying that, Qin Yuechi turned around and looked at the source of the heavens.

"This celestial source has an extraordinary origin. If you want to achieve detachment, this celestial source can indeed give you great help, but you can't directly refine it."

"Why is this?" Qin Chen was puzzled: "I heard what Senior Xiaoyao Supreme said, if the source of this heaven is refined, there will be a great probability to directly achieve detachment."

"Xiaoyao Supreme is right. If you can refine this treasure, your cultivation will soar beyond the realm, but your path forward will only stop there." Qin Yuechi said, "You are in the midst of detachment. On the way, we will never be able to reach a higher level."

"Could it be that there are other realms beyond transcendence?" Qin Chen was shocked.

Qin Yuechi smiled: "Transcendence is not simply a realm, but a road, a road for a warrior to walk out of his own way, and the road that all warriors must take in the end. It can be called detachment, but how far you can go on this road, everyone's ending is different."

"And this celestial source, after all, integrates the transcendence origin of other people. If you refine it completely, although you can control this celestial realm and achieve transcendence, in this way, you are not out of your own way, but come to Paths blazed by others."

"Perhaps, this path will be very suitable for you, but no matter how suitable it is, it is someone else's. Only when you walk out a path yourself can you truly achieve extraordinary things."

Speaking of this, Qin Yuechi looked at Qin Chen: "I see that you have a lot of power in your body, which is very good. Taking the strengths of hundreds of families and paving your own path is the kingly way."

"And now these roads in your body, some are strong, some are weak, some are smooth, some are twists and turns, what you need to do is not to learn them thoroughly, but to learn from the strengths of hundreds of families and create your true self. The path is what you need to do now."

Qin Chen listened on the side, thoughtfully.

Forge your own path?

Learn from hundreds of schools?

Qin Yuechi continued: "Just like the detachment origin of the dark family in your body, if you refine it thoroughly, you can become detachment, but then you can only become the weakest detachment in this universe, what's the point of that? ?"

"The one in the sea of empty was also because he took the wrong path, and finally ended up like this, even if he was born in that clan, he was unable to return to the sky. In fact, there is a saying in the mortal world: can a person be It doesn't matter how hard you go, it just depends on whether you're on the right path."

"Some people are born on the finish line, and some people struggle all their lives, but they are just standing on the same starting line with those Tianjiao."

boom!

Listening to Qin Yuechi's description, a terrifying aura suddenly erupted in Qin Chen's body, and a detached power was faintly released.

At this moment, Qin Chen vaguely had some enlightenment in his heart.

Qin Chen looked at his palm: "detachment, is to walk out of your own way?"

"good."

Qin Yuechi smiled, "It seems that you have already understood something, take your time, but don't worry. You can perceive the origin of the heaven and observe the operation of this heaven, and you will naturally be able to perceive some detached things, which can also give you Not a small help."

Qin Chen nodded.

"By the way, Senior Xiaoyao Supreme said just now that this Heavenly Realm was born after the fall of a detached powerhouse. Is it true? Why did I hear that the Heavenly Realm was born with the opening of this universe? Where is the source continent?"

Qin Chen asked suddenly.

"In fact, there is no conflict." Qin Yuechi looked up into the depths of the universe with deep eyes: "The birth of a new universe is full of temptation for the strong in the universe. When this universe was born, There have been some battles here, and this heaven was born when that one fell, and was born with the origin of this universe, so it is not necessary to call it the source continent."

"I see."

Qin Chen was instantly stunned.

boom!

At this time, Qin Yuechi suddenly pointed out, and a light spot entered Qin Chen's eyebrows and disappeared, as if it had never appeared at all.

"Mother, you are..."

"Mother has left something in your body. You can't use it yet. When you can use it, you will naturally feel it."

Qin Yuechi smiled: "Okay, I heard that you have found a wife here. Mother, go take a look."

"mother..."

Qin Chen was speechless.

It's just that before the words were finished, Qin Yuechi stepped out and disappeared in front of Qin Chen, and Qin Chen hurriedly followed.

outside world.

Xiaoyao Supreme and others waited quietly.

On the side, Honghuang Zulong was bored, and Chen Sisi and others also stood aside.

"Sisi, what do you think Senior Xiaoyao Supreme let Qin Chen in?" Shangguan Wan'er stood beside Chen Sisi and asked with some doubts.

"I don't know." Chen Sisi turned to look at Xiaoyao Supreme: "But thinking about it, it shouldn't be a bad thing. If this person dares to have any bad intentions towards Chen, I will not forgive him."

Xiaoyao Supreme was stared at by Chen Sisi's eyes, and he couldn't help but touch his nose.

At this time.

hum!

Suddenly, a ray of light appeared, and in the light, a beautiful woman slowly appeared, it was Qin Yuechi.

Xiaoyao Supreme's eyes lit up.

[Chapter 5012: saw my aunt](#)

Seeing the woman who suddenly appeared, everyone was startled. The woman in front of her is dressed in radiance and has a superb temperament. Her eyes seem to contain cosmic stars, the bridge of her nose is high, her lips are white and her teeth are white, especially her skin, which is as round and smooth as white jade.

General.

In particular, the aura on her body was extremely noble. Even though she was standing here, she felt as if she was facing a god, and there was an urge to bow down and worship.

"How can there be a woman in this land of origin of the heavens?"

Seeing this woman, Chen Sisi and Shangguan Wan'er's expressions changed slightly. Qin Chen just went in not long ago, and before the person came out, a woman came out, and this woman's temperament was so noble that even Chen Sisi and Shangguan Wan'er dared not look closely.

who is it?

Could it be that Qin Chen found another woman when they didn't know it?

It's really possible.

Chen Sisi and Shangguan Wan'er smiled helplessly. With Qin Chen's appearance and talent, they could attract too many women along the way, and it would not be impossible to add another one.

However, although I don't mind that Qin Chen has multiple wives, Chen Sisi will inevitably feel some bitterness in his heart when he thinks that he has been in danger all these years, and Qin Chen is still messing with flowers outside.

Their hearts were bitter, Xiaoyao Supreme and Honghuang Zulong saw Qin Yuechi, but their eyes lit up. Both of them obviously knew Qin Yuechi and hurried forward to speak.

As soon as Qin Yuechi raised his hand, an invisible force was born, which instantly interrupted the two of them, and then his eyes fell on Chen Sisi and Shangguan Wan'er.

"You two, are Qin Chen's woman?"

Qin Yuechi smiled, but at the same time, he looked at the two of them up and down, as if he was examining them. Originally, seeing Qin Chen's new woman, Chen Sisi and Shangguan Wan'er felt a little bitter at most, but it was not completely unacceptable, but now the other party is actually looking at themselves so condescendingly, this moment makes Shangguan Wan'er

I couldn't hold it any longer.

Why?

Shangguan Wan'er snorted coldly: "Yes, Sisi is Qin Chen's wife, who are you?"

She is not injustice for herself, but for Sisi.

After all, Sisi has suffered so much for Qin Chen. If it was Qianxue and Ruyue, it would be fine. This woman came from out of nowhere, and she was so high up for no reason. How could Shangguan Wan'er accept it?

Qin Yuechi ignored Wan'er, the senior official, and just looked at the two of them and nodded, "it's not bad."

not bad?

Shangguan Wan'er frowned, the woman in front of her was nothing to judge her, why judge Sisi like that? "Your Excellency, I don't know who you are. If you want to come, you should also be Qin Chen's woman, and we will not exclude you, but please remember one thing, Sisi and Qin Chen have been in love since they were in the lower realm. Now, for Qin Chen,

Sisi has suffered a lot, I don't care what you do to me, but I hope you can treat Sisi with some respect. "

"Because she paid too much for Qin Chen."

Shangguan Wan'er looked serious.

When Xiaoyao Supreme and Honghuang Zulong heard this, they were dumbfounded.

my goodness.

I'm afraid this Shangguan Wan'er may have misunderstood something, right?

"Cough cough."

Xiaoyao Supreme hurriedly coughed. Just as he was about to finish speaking, Qin Yuechi turned his head slightly, his eyes opened instantly, and he said lightly, "Your throat is very uncomfortable?"

"Uh?"

Xiaoyao Supreme hurriedly said: "No, hehe, no."

"Why don't you cough?" Qin Yuechi said lightly.

"My fault, my fault." Xiaoyao Supreme had a black line on his face and hurriedly shut up.

At this time, Qin Yuechi turned to look at Shangguan Wan'er, and said with a half-smile, "what are you going to do if I don't respect her? Do you want to do something to me?"

Shangguan Wan'er frowned and glanced at Xiaoyao Supreme. As the former suzerain of Illusory Demon Sect, she was also an extremely intelligent person, not an idiot. She vaguely felt that Xiaoyao Supreme's attitude seemed a little wrong.

Could it be that this woman has an unusual origin? Thinking of this, Shangguan Wan'er was just about to speak, but Sisi interrupted Shangguan Wan'er and said with a smile, "Master, don't talk about it, no matter who this sister is, she will never be malicious to us. This sister is also dirty

Women, naturally, will put the interests of the dust first. As for what is wrong with me and Master, as long as Chen said it, Master and I will naturally correct it. Master, do you think so? "

Shangguan Wan'er nodded, "Yes, if Chen has any dissatisfaction with us, I will naturally correct it. Previously, Wan'er had a bad temper. I hope my sister doesn't take it to heart."

Shangguan Wan'er also said to Qin Yuechi.

"Hehe, two really smart women."

Qin Yuechi immediately looked at Shangguan Wan'er and Chen Sisi and laughed.

Clearly the two of them felt something was wrong.

"Mother, what are you doing so fast?"

At this moment, a voice sounded from the origin of the heaven, and with a swipe, a figure quickly swept out from the origin of the heaven and appeared in front of everyone. It was Qin Chen.

"Mother...Mother?"

Hearing Qin Chen's address to Qin Yuechi, everyone was stunned for a moment, and Chen Sisi and Shangguan Wan'er looked at Qin Yuechi in shock.

"Chen, this one is... your mother?"

Chen Sisi opened her mouth wide, and Shangguan Wan'er was also dumbfounded.

"Not bad." Qin Chen nodded.

Hearing this, Chen Sisi and Shangguan Wan'er's faces turned red.

They all wisely guessed the extraordinariness of Qin Yuechi, but they never thought that the beautiful woman in front of her was actually Qin Chen's mother?

Thinking of the conversation between them and Qin Yuechi just now, the two of them suddenly panicked like deer.

It's too embarrassing to see your mother-in-law for the first time, isn't it?

"What?" Qin Chen looked suspiciously at Chen Sisi and Shangguan Wan'er, and then looked at Qin Yuechi suspiciously: "Mother, what did you say to Sisi and the others just now?"

"Chen'er, mother didn't say anything. Are you thinking of seeking justice for your daughter-in-law? Before your daughter-in-law started, you turned your elbows out and helped others bully your mother?" Qin Yuechi said with a faint smile.

"Mom, you're joking, how could the baby bully you? And the baby believes that Sisi and Wan'er are not that kind of people." Qin Chen said quickly.

"Alas... the scene of a large-scale car accident!" Honghuang Zulong muttered.

"You like to talk a lot?"

Qin Yuechi suddenly turned his head to look over, and when he looked at it, Honghuang Zulong was so frightened that he stopped talking, and only lowered his head and drew circles there. "Chen, just now we and... Auntie just had a little misunderstanding, but it's nothing." Sisi immediately stepped forward,

and Shangguan Wan'er also hurried forward, the two saluted Qin Yuechi and said, "Sisi, Wan'er, I saw my aunt."

### [Chapter 5013: you're free](#)

No matter how talented Chen Sisi and Shangguan Wan'er are, their minds are firm, and they are lawless, seeing Qin Yuechi is like a mouse seeing a cat.

This is the reaction a woman will have when she sees her mother-in-law.

Seeing the apprehension of the two, Qin Yuechi couldn't help but smile slightly, waved his hand, and boomed, an invisible force was born and lifted the two up.

"Okay, okay, I won't joke with you anymore, I'll scare you two." Qin Yuechi smiled slightly.

Feeling this power, Chen Sisi and Shangguan Wan'er changed their colors one after another. Now their strength is equivalent to the peak supreme level. Except for a few people in this universe, almost no one is their opponent.

But when Qin Yuechi waved his hand just now, they didn't have any resistance at all, how could they not be surprised?

What is the strength of Auntie?

"Thank you auntie." Chen Sisi and Shangguan Wan'er hurriedly saluted again.

"Don't be so restrained, I don't eat people." Qin Yuechi chuckled lightly.

She looked at Chen Sisi, and immediately, everyone on the field became quiet.

"Well, the daughter of the demon \*\*\*\* of the universe has endured a lot of pain to be reincarnated. It's not easy to get to this point." Qin Yuechi sighed.

"Your father, in the sea of cosmos, is also a figure, but unfortunately..." Qin Yuechi shook his head.

"Father, what happened to father?" Chen Sisi was startled: "Also, my father...is in the sea of cosmos?"

Everyone else present was shocked, the devil is in the sea of cosmos?

"Yes, it is indeed in the sea of cosmos. He is also one of the few guys who have gone out of this universe who can make a name for himself." Qin Yuechi said lightly.

Qin Chen turned his head and said in shock, "Mother, could it be that the legendary demon \*\*\*\* is a detached powerhouse?"

"Naturally, that Demon God achieved detachment in the ancient times and entered the universe sea." Qin Yuechi nodded: "However, he also took a crooked path... Forget it, let's not talk about him."

Qin Yuechi looked at Chen Sisi and said, "Although you have merged two lives, your souls are not completely integrated. In fact, there is no need to merge. My Qin Yuechi's daughter-in-law naturally cannot have two lives."

Qin Yuechi suddenly pointed out.

boom!

An invisible force entered Chen Sisi's brows instantly.

With a humming sound, Chen Sisi's whole body rose up in an instant, her whole body was suspended in the sky, and all kinds of terrifying forces stirred around her, forming an amazing aura.

Immediately, Chen Sisi fell down.

"My body..." Chen Sisi felt her body in shock. In the past, she had been devastated by various forces, and her body was already extremely embarrassed, but at this moment, she felt that her body was extremely transparent and harmonious. sparkling, as if

To the freshman general.

boom!

She clenched her fist, and a half-step detachment power surged in an instant.

Although this power is very weak, it is a real half-step detachment cultivation. "In your previous life, you have already reached the peak of detachment by half a step. I just rediscovered the cultivation base of your previous life. Of course, I want to completely restore the cultivation base of the previous life. for neither

After that, there is no need to worry too much. In addition, I also washed your body, and all the dark diseases on your body have been repaired by me. "Qin Yuechi said lightly.

"Thank you auntie."

Chen Sisi hurriedly said excitedly.

"You are my daughter-in-law, so of course I can't treat you badly." Qin Yuechi smiled and looked at Shangguan Wan'er, "As for you..." Qin Yuechi's eyes stared at him, and Shangguan Wan'er instantly felt that she was completely gone. The secret, everything, is completely presented in front of Qin Yuechi, and even accompanied the previous life in Tianwu Continent.

Qin Chen's experience, as well as Qin Chen's experience of incarnating as the sovereign master of the Illusory Demon Sect after he fell into the canyon of death, is also at a glance.

However, Qin Yuechi didn't say anything, just said indifferently: "Integrating the origin of the dark clan and incarnating into the dark clan is barely okay, but the dark clan is not a top race in the cosmos sea."

When the words fell, Qin Yuechi also pointed out, and with a bang, a terrifying force entered Shangguan Wan'er's body instantly.

"what!"

Shangguan Wan'er was suspended, and the dark source that was transformed in her body gradually evolved, and a deep incomparable power surged out, and finally, with a bang, Shangguan Wan'er also burst out with a terrifying aura.

This power carries an incomparably deep dark power, but it is much more terrifying than the dark power of the previous dark family.

"Thank you auntie."

Shangguan Wan'er also hurriedly saluted.

Afterwards, Qin Yuechi looked at Xiaoyao Supreme.

"Senior." Supreme Xiaoyao hurriedly saluted.

"You, not bad."

Qin Yuechi nodded, raised his hand suddenly, and with a buzzing sound, the barren sky tower above Xiaoyao Supreme's head was suspended directly, boom, the invisible power of time and space quickly condensed and entered the barren sky tower.

Kakaka.

There seemed to be some kind of transformation in the barren tower, a powerful detachment aura lingered out, and then disappeared completely in an instant.

"This is what I promised you." Qin Yuechi said lightly: "With this thing, you will be free to enter the sea of cosmos, and you don't need to worry about other things."

"Thank you senior."

Xiaoyao Supreme was very excited. At this moment, he felt the barren tower in his hand, and there was an undisguised joy in his eyes.

"Mother, they are all good, what about the child?"

At this moment, Qin Chen suddenly blinked his eyes.

"Didn't mother already leave you something?" Qin Yuechi laughed: "Well, you can't use that thing for the time being, since that's the case..."

Qin Yuechi glanced at the mysterious rusty sword in Qin Chen's hand.

"Shh."

As soon as she raised her hand, the mysterious rusty sword entered Qin Chen's hands directly.

"get out!"

Qin Yuechi said lightly.

boom!

Just saw a mysterious rusty sword, a figure full of gloom and nothingness emerged. As soon as this figure appeared, a terrifying sword energy shot straight into the sky, as if to split the universe.

Sword Demon.

This person is the Sword Demon, one of the most terrifying kendo powerhouses in the ancient times.

At this moment, a terrifying half-step detachment power surged from this sword demon, and it was amazingly strong.

But when Qin Yuechi pressed it with one hand, he heard a bang, and the sword intent was pressed down directly.

"From today, you are free."

Qin Yuechi said lightly.

Hearing this, the sword demon was about to leave without saying a word, but just after he flew out, he slammed into an invisible barrier and bounced back.

Sword Demon was stunned, he changed direction, banged, and then was bounced back again. The sword demon turned around and looked at Qin Yuechi in astonishment.

Chapter 5014 Unblocking is a bit more

The sword demon blinked his eyes, his expression a little confused.

Didn't you say you were free?

Aside, Xiaoyao Supreme and others were a little speechless.

At this moment, Xiaoyao Supreme also knows why this sword demon was sealed in the ancient times, and his mind is probably a little unclear.

Sword Demon looked at Qin Yuechi, "Senior..."

"You're free, you can just go if you want. Really, I'm a very kind person." Qin Yuechi said lightly.

An invisible force enveloped the Sword Demon.

At this moment, the sword demon has a feeling that as long as he dares to go, he is afraid that he will be wiped out in an instant.

The sword demon was suddenly shocked. Suddenly, he seemed to think of something. He even looked at Qin Chen. The next moment, he came to Qin Chen's side with a swish, and saluted respectfully: "Sword Demon, I have seen the young master."

Qin Chen was stunned.

At this moment, the invisible pressure on the Sword Demon instantly dissipated.

The Sword Demon breathed a sigh of relief instantly.

Qin Chen looked at his mother suspiciously, and then at the sword demon again.

Qin Yuechi smiled and said, "Oh, my son's charm is great. He wants to submit to you himself. My mother didn't threaten him. Maybe he has been with you for a long time, and he has feelings for you..."

Sword Demon: "...

Qin Yuechi glanced at the sword demon and said lightly, "Isn't it?"

"Yes, yes!" The Sword Demon nodded hurriedly, like a chicken pecking at rice.

Qin Yuechi smiled and said to Qin Chen, "Chen'er, you can see that he said yes."

Honghuang Ancestral Dragon: "..."

This mistress, has a bit of a temper, can't be offended, can't be offended.

"All right."

Qin Yuechi continued to hold the mysterious rusty sword in his hand, "Chen'er, do you know where this sword came from?"

"Isn't this sword the sword of Senior Sword Demon back then?"

"Yes and no."

Qin Yuechi looked at the sword demon: "you can ask him."

Qin Chen and others looked at the sword demon, and the sword demon hurriedly said, "Young Master, this sword is the treasure that your subordinates got from the sea of cosmos."

"Cosmic Sea?"

Everyone was shocked, this sword demon has been to the sea of cosmos?

how can that be possible?

The sea of cosmos is a place where detachment-level powerhouses can enter, but this sword demon peak period is only half-step detachment, how can it be possible to enter the sea of cosmos.

Could it be that he is a detached powerhouse?

Seemingly aware of everyone's doubts, Qin Yuechi smiled and said: "Actually, the universe sea is not as exaggerated as you think, and it is not only for those who are detached from the strong. It is extremely strong, far exceeding the original universe we are in. If the Venerable in our universe enters, I am afraid that it will be suppressed by powerful rules in an instant. At least the Heavenly Venerate can survive for a short time, but at most It only survives for a few years."

"When you reach the supreme level, you can survive in the sea of cosmos for a long time, but the source in the body will still pass slowly. If you can't break through the transcendence realm before the source dissipates, it will also be ashes."

"It can be said that when the Supreme enters the sea of cosmos, it consumes his own life essence all the time. If it is not necessary, the Supreme in the original universe does not need to enter the sea of cosmos."

"But in fact, the supreme class can already survive in the sea of cosmos. Otherwise, like the dark clan, there are also ordinary venerables, and there are also a bunch of celestial beings. How can they survive in the sea of cosmos?"

Hearing this, everyone was stunned.

Qin Chen was also stunned.

Yes.

In the dark clan, there are also ordinary Heavenly Venerates, etc. It would be fine if they had been living in the Dark Continent, but as far as Qin Chen knew, many of them would still venture into the universe sea. If ordinary Heavenly Venerate could not survive in the universe sea, So how did they survive?

"Then this sword demon..." Everyone looked at the sword demon.

Qin Chen also looked over.

The sword demon hurriedly said: "Young Master, back then, my subordinates accidentally broke into a passage and accidentally entered the sea of cosmos, and only got such a sharp sword, so although this thing was my weapon back then, it was actually The magic soldier who came to the sea of cosmos."

Qin Yuechi glanced at the sword demon and said, "The origin of this sword is quite extraordinary. Back then, this kid entered the sea of cosmos, broke into a secret realm, and obtained such a sword magic weapon, but this sword is too murderous, and he can't afford it. The murderous aura in it makes it crazy, and even the sanity is affected and becomes chaotic."

"This person has never been able to control this sharp sword from beginning to end. If he continues, he will be blinded by this divine sword, become a walking corpse, and become a slave to this sword."

"And your father came to this universe and noticed the changes in this person. Seeing that he was killing too much, he sealed him in this sword. Although he was sealed for hundreds of millions of years, it actually saved him for a while. Life."

"Otherwise, this person would have been devoured by this sword long ago."

The Promise Supreme looked at the sword demon in shock. It turned out that the sword demon in the ancient times suddenly became extremely crazy, and it was for this reason that he fought against the sky and the battlefield, and even challenged the origin of the universe.

Qin Chen looked at the mysterious rusty sword in Qin Yuechi's hand in shock: "Mother, apart from the cold aura that the sword demon radiated back then, why didn't the boy feel that the magic weapon was too murderous?"

"Naturally you can't feel it." Qin Yuechi said with a smile while holding the mysterious rust sword in his hand: "In order to prevent this sword from harming the universe, your father had already sealed this sword, with your father's seal, this sword Of course it won't affect you."

Everyone: "..."

"It's nice to have a great dad."

Honghuang Zulong muttered to the side.

Qin Yuechi turned his head and glanced at him, and Honghuang Zulong was so frightened that he stopped talking.

"This sword is extraordinary."

Qin Yuechi looked at the sword in his hand: "with your current strength, there is no need to seal it so powerfully."

The words fall.

Qin Yuechi squeezed the sword lightly.

Kaka!

In the mysterious rust sword, it seems that something has been broken. The next moment—

boom!

A terrifying murderous aura instantly shot into the sky, and with a loud bang, the sky of this universe was instantly torn apart by a crack that was hundreds of millions of feet long. With a single sword, this universe seemed to be split in half.

Boom!

The universe cracked, as if it were going to be completely plunged into destruction.

"What a horrible smell."

Qin Chen and the others all raised their heads in shock. Under such a breath, everyone had a feeling that when this sword was cut, all of them could not resist, and they would fall under this sword.

At this moment, people in the entire universe felt such a breath. Under such a sword energy, countless ethnic groups and realms in the original universe began to collapse.

"Mother." Qin Chen hurriedly said.

"Cough cough, I'm sorry, my mother just unblocked a bit more."

Seeing this, Qin Yuechi quickly squeezed again.

boom!

The breath on this mysterious rusty sword instantly restrained a little, and the disintegrated universe suddenly stabilized.

Everyone: "..."

Chapter 5015 No descendants are great

At this moment.

Wuji Supreme and others looked at Qin Yuechi in shock.

This is an absolute boss.

They all have a feeling that as long as the other party is willing, with a single sword, they may be able to destroy the entire universe.

Qin Yuechi looked at Qin Chen: "Chen'er, what do you think of the killing intent in this sword?"

Qin Chen said in a deep voice, "It's very strong."

He was very serious. He boasted that he would never be able to stop the killing intent before. If he forcibly blocked it, he would definitely die.

"This killing intent is only a part of the killing intent in this sword. You have also sensed the killing intent in it before, right?"

Qin Chen nodded, "Yes!"

Qin Yuechi looked at Qin Chen: "What you realized before was only a part of the very attractive killing intent, just a trace of the real killing intent, and the real killing intent in this sword has been completely sealed by your father. , so in fact, you did not understand the essence of the killing intent in this rusty sword."

Qin Chen frowned and said, "Essence?"

Qin Yuechi said: "Killing intent, sometimes, it is not just an artistic conception, but also a kind of power, similar to the power of blood, a real strong person can integrate killing intent into himself and let himself fall into a special kind of power. In the killing state, under such a state, his perception will be unprecedentedly sharp, and he will not only affect himself, but also the enemy when he makes a move."

The words fall.

Qin Yuechi put the mysterious rust sword into Qin Chen's hand: "You can try it again."

On the side, the sword demon's eyelids jumped slightly, and his eyes were a little horrified.

Qin Chen's face was solemn, but without any hesitation, he directly held the mysterious rust sword.

boom!

In an instant, a terrifying icy killing intent entered Qin Chen's mind directly. This killing intent was extremely terrifying, like a vast ocean, raging in Qin Chen's body instantly.

Boom!

Qin Chen's eyes instantly turned red, and at this moment, Qin Chen's terrifying killing intent was soaring to the sky, as if to open the sky.

"what!"

Qin Chen let out a low roar, and the strong killing intent instantly affected his brain. At this moment, he had a feeling that if the killing intent was allowed to continue, the blood in his body would explode completely, and his soul would fall into a state of madness. among.

However, under this killing intent, Qin Chen felt that his power seemed to have become much stronger in an instant. If the ancestor of Yuanmo appeared in front of him again, under his sword, the ancestor of Yuanmo would definitely To be injured, it will not be as easy to resist as before.

"dust."

On the side, Chen Sisi and Shangguan Wan'er saw Qin Chen's painful expression, and their faces showed anxiety and worry.

"I'm fine!"

Qin Chen gritted his teeth, the terrifying killing intent was still eroding his mind, constantly strengthening, Qin Chen's soul realm roared instantly, as if it was about to explode on the spot.

crucial moment.

boom!

The power of the thunder bloodline in Qin Chen's body was suddenly activated, and in an instant, countless thunders appeared on Qin Chen's body, and the killing intent was firmly imprisoned.

Countless killing intent was like a tide, and instantly retreated into the mysterious rusty sword.

"call!"

Qin Chen exhaled, his body was soaked in cold sweat, and his red eyes finally returned to normal.

"Dust, are you alright?"

Chen Sisi and Shangguan Wan'er hurriedly stepped forward to support Qin Chen.

"I'm fine." Qin Chen shook his head, then looked at Qin Yuechi.

Qin Yuechi said lightly: "Don't be discouraged, although my mother only unblocked part of the killing intent, but this part of the killing intent is not something you can resist. Back then, the sword demon was eroded by this killing intent. , directly became a madman."

"But Chen'er, of course you won't be the same as him, you just need to understand a lot and spend a certain amount of time, you will be able to completely integrate this killing intent and will no longer be affected by it. At that time, you can take advantage of this killing intent. Killing intent is integrated into your attack to enhance your strength, and your killing intent is a small success."

After speaking, she pointed at Qin Chen's brow.

boom!

Qin Chen's body suddenly trembled violently, and countless information poured into his mind.

Qin Yuechi looked at Qin Chen, "This is a method of fusion of killing intent specially created by my mother for you, you can take it slowly first, for example, start from first bearing the power of killing intent, and finally to fuse everything that my mother unblocked. Killing intent!"

Fusion method?

Qin Chen nodded: "Thank you mother."

Qin Yuechi smiled and touched Qin Chen's face: "Silly child, what is Xie mother doing? You are mother's child, and mother doesn't hurt who you hurt."

Speaking of this, Qin Yuechi raised his head and glanced at Tian Qiong: "Okay, it's almost time, mother should go too."

Qin Chen looked at Qin Yuechi reluctantly.

Qin Yuechi touched Qin Chen's face: "don't be sad, mother promises, one day our family will reunite happily."

"Don't worry, mother, the child will definitely follow in your and father's footsteps." Qin Chen said firmly.

Qin Yuechi smiled: "by the way, and your other two wives, my mother also secretly watched it, and it's not bad."

Qin Chen was stunned.

The other two wives?

"What are you afraid of?" Qin Yuechi said lightly: "It's normal for a man to have three wives and four concubines. From ancient times to the present, do you see a successful man who has few confidantes around him? When some men are suffering, they swear that they can die from the beginning. This is because they haven't succeeded yet, and once they succeed, they will definitely be more aggressive than anyone else."

Qin Chen: "..."

Mother, what kind of tiger and wolf word is this?

Qin Yuechi looked over and said seriously, "but Chen'er, there is one thing you haven't done well enough."

Qin Chen hurriedly said, "I also ask my mother for guidance."

Qin Yuechi glanced at Chen Sisi and Shangguan Wan'er, and sighed: "Chen'er, how long have they been following you? Some of them came from the lower planes with you, right? Why don't you even have a child? In this regard, Chen'er, you have to work harder, there are three so-called unfilial piety, no descendant is the greatest, some old sayings are still full of wisdom."

On the side, Chen Sisi and Shangguan Wan'er blushed suddenly, and looked at Qin Chen shyly.

The Honghuang Ancestral Dragon's eyeballs widened.

Cow, so awesome!

Qin Chen was speechless: "Mother..."

"Okay, when my mother comes over next time, I hope I can hold a few big fat grandchildren, do you know?"

Qin Yuechi knocked Qin Chen's head, "that mother is gone."

The words fall.

Qin Yuechi disappeared suddenly, and no one could see how she left.

"Boy Qin Chen, no... Young Master Chen, why did the boss leave? Her old man hasn't given any instructions to his subordinates yet."

At this time, Honghuang Zulong hurried forward and could only look annoyed at the place where Qin Yuechi disappeared.

Qin Chen also looked at where his mother left, with a lonely expression.

Mother is always like this, come and go without a trace.

How much I hope that my mother can stay, and the family will be happy together, just like in Daqi, and never be separated, how good that would be.

Chen Sisi and Shangguan Wan'er seemed to know what Qin Chen was thinking, and silently stepped forward and held his hand.

In the future, they will accompany Qin Chen.

"Okay, let's go too."

At this time, Supreme Xiaoyao stepped forward and said with a smile.

"Senior Xiaoyao Supreme, where are we going now?" Qin Chen turned around and asked.

"Northern Territory, Sword Tomb."

Xiaoyao Supreme smiled, stepped out, and disappeared in an instant.

#### [Chapter 5016: ruined the home](#)

"Sword Tomb?"

Qin Chen's pupils shrank instantly.

Qin Chen is naturally very familiar with Jianzhong, which was the burial place of the Tongtian Jiange Sect.

The predecessors of the sword ancestors of the Tongtian Sword Pavilion used the Tongtian sword pavilion as a guide to attract the invasion of the dark clan and the demons for the future of the human race. In the end, countless strong men of the Tongtian sword pavilion fell, which formed the sword tomb.

Now, it's time to go back and rescue Senior Sword Ancestor.

Whoosh!

Qin Chen stepped out in one step, and immediately swept to the location of the sword mound in the northern sky.

While heading to the Northern Sky Territory, Qin Chen let a clone fly, and the main body entered the chaotic world.

Qin Chen naturally didn't want to waste any time when he got the method of fusing sword intent from his mother.

In the chaotic world, the flow of time can become extremely slow, allowing Qin Chen to have enough world practice.

In the chaotic world, Qin Chen didn't think much, took out the mysterious rust sword, and began to integrate the killing intent.

Qin Chen's right hand spread out, the mysterious rust sword appeared, and the killing intent began to slowly dissipate. At the same time, the killing intent slowly entered his body.

Fusion killing intent.

After seeing the sword that his mother used before, he yearned for the method of combining killing intent.

With one sword, the entire universe was broken open.

How terrifying?

Of course, Qin Chen knew very well that with his current strength, he would definitely not be able to destroy a universe like his mother, but he could take it slowly.

He believes that one day, he will be able to cut open the entire universe just like his mother.

The killing intent merged into Qin Chen's body. Gradually, the terrifying killing intent burned wildly around Qin Chen, and the void in front of him began to change.

boom!

The terrifying killing intent and the power in his body were slowly merging, and the whole world was shaking, as if it were about to collapse.

At this time, the power in Qin Chen's body began to burn, and sweat appeared on his face, and his face was even paler!

Tired!

The aura of this killing intent is really terrifying. It is extremely difficult to maintain sanity if you want to integrate such killing intent, let alone control this killing intent.

Not only is the consumption of blood energy, but also the consumption of soul is huge. Now that he only integrates a little killing intent, he already feels very difficult, and some can't stand it.

Fortunately, in this chaotic world, Qin Chen's control of heaven and earth will reach an unprecedented level.

After a while, the little killing intent in Qin Chen's body was gradually merged by him. When these killing intent merged into one, Qin Chen suddenly slashed out with a sword against the sky above his head.

With a bang, the sky on one side of the chaotic world was directly cut open. The whole sky seemed to be divided into two halves, and countless chaotic breaths poured out, as if the end was coming.

This kind of change suddenly startled many powerhouses in the chaotic world, such as Honghuang Ancestral Dragon and Blood River Sacred Ancestor, they all raised their heads in horror, looking at the sky that was torn apart in the distance, their eyes were horrified.

This is more and more terrifying.

Can you display the stunt taught by the boss so quickly?

in a chaotic world.

Qin Chen was also startled, and hurriedly put away the mysterious rust sword.

At this moment, the time and space of the chaotic world has returned to normal, but it is still very unstable.

Oh shit.

You almost destroyed your home?

Qin Chen looked at the cracked sky in the chaotic world with lingering fears. This is the place he has been operating for countless years, and it was almost destroyed just now.

Fortunately, the chaotic world is suppressed by treasures such as the Myriad Realms Demon Tree. Although his previous sword tore apart the world of the chaotic world, he did not break the chaotic world, otherwise it would be troublesome.

Qin Chen hurriedly urged the Chaos River to repair the heaven and earth of the chaotic world. Above the sky, the huge crack healed at a speed visible to the naked eye. After more than an hour, the crack was completely healed.

Seeing this, Qin Chen breathed a sigh of relief.

Next time you can practice here, but don't try your tricks here.

At this time, Qin Chen felt that he was extremely weak and almost fell down.

On the ground, Qin Chen lay down, gasping for breath.

Exhausted!

The technique of fusing sword intent just now consumed too much of one's own soul!

What he feels now is that he has no strength at all, not only that, but his whole body is extremely exhausted, and he seems to fall asleep at any time!

Finally, he was determined to be able to fall asleep.

It seems that in the future, such a move cannot be used casually.

At least, you can't unleash all the killing intent at once, otherwise you will kill a thousand enemies and lose eight hundred yourself.

But even so, Qin Chen was still very excited.

The power of the move just now is so powerful that if Qin Chen is facing the ancestor of Yuanmo now, he will definitely not be afraid of the opponent at all, and dare to challenge the opponent.

Of course, if you want to use this trick thoroughly, you have to practice more.

Thinking of this, Qin Chen continued to practice.

After a while, Qin Chen had regained his strength, and at this time, he had also reached outside the Northern Sky Territory.

Qin Chen left the chaotic world directly.

Sword Tomb forbidden area.

Qin Chen and Xiaoyao Supreme stood outside.

Back then, such a forbidden place was enough to stop many experts, but to Qin Chen and Xiaoyao Supreme today, it was nothing at all.

"boom!"

The two entered the forbidden area of the sword tomb, and countless sword intents surged around, which could not affect the two at all, and even could not detect the existence of the two.

After walking for a while, the two had come to the real sword grave.

The opening of the sword tomb requires a chance, but with the strength of Qin Chen and Xiaoyao Supreme, the sword tomb cannot stop the two at all. The two just stepped out and entered the depths of the sword buried abyss.

boom! In the depths of the great abyss, among the many coffins and corpses, the swordsman is practicing cross-legged. With his swallowing and breathing, the black mist in this sword-burying abyss is ups and downs, endless black mist of sword intent, like following this corpse

Like breathing, rising and falling.

Suddenly, Jianzu opened his eyes and looked at the void beside him.

hum!

The void trembled, and two figures walked out slowly, it was Qin Chen and Xiaoyao Supreme.

"I have seen Senior Sword Ancestor."

Seeing Jianzu, Qin Chen even bowed his hands.

Now Qin Chen's strength is not inferior to Jianzu, but when he sees Jianzu, Qin Chen is still quite respectful, without him, just because of the other party's contribution to the human race.

Suppressing the king of the dark family for hundreds of millions of years is definitely not something that ordinary people can do.

"You are..."

Seeing Qin Chen, Jianzu's eyes widened, with a ghostly expression.

"You...you...you..." Jianzu was stunned at this moment, unable to believe his eyes at all.

### [Chapter 5017: cut off in an instant](#)

At this time, Jianzu looked at Qin Chen with a dull expression, his eyes widened.

This...

What did he see?

Is this kid waiting for cultivation?

How long has it been?

Thinking of the last time I saw Qin Chen, Qin Chen had never even reached the Supreme Being, but now, he has already touched a half-step detachment.

"Senior Sword Ancestor."

At this time, Xiaoyao Supreme also walked up and said with hands.

One is the ruler of the human race today, and the other is the top master of the ancient human race. Naturally, there was interaction between the two.

In fact, Xiaoyao Supreme also came to the land of the sword grave and learned some secrets.

"you..."

Jianzu sighed, "Sure enough, this generation of human race is stronger than we thought, and the waves behind the generation push the waves ahead."

In the sigh, there is also joy.

Isn't this what they were looking forward to so much back then?

"Senior Jianzu, I am here to rescue the senior." Qin Chen stepped forward and said.

He looked at the great abyss in front of him. In the endless darkness, one after another corpses sat cross-legged, burying one after another in bronze coffins, all exuding a terrifying aura. These corpses were all top sword-wielding masters, and all of them were high-ranking experts who died. billions of years,

Still guarding the Great Abyss.

And the bronze coffin was even more terrifying, with an astonishing aura permeating it.

It is also time for many seniors to rest in peace.

"What do you mean..." Jianzu was excited.

"Senior Jianzu, the universe is now at peace, the demons have been defeated, the ancestors of Yuanmo have fled to the underworld, and the human race is already the leader of this universe." Supreme Xiaoyao smiled and said: "So, seniors can also leave. ."

Boom!

At the moment when Emperor Shitian appeared, the origin of the universe also vibrated, and he sensed the breath of the dark clan, and thunder tribulations emerged between heaven and earth to destroy this place.

The endless evil dark breath surging, instantly filled Qin Chen and the others.

Xiaoyao Supreme waved his hand gently, bang, the terrifying half-step transcendence peak power surged out, repelling this dark breath for a moment.

And Chen Sisi and the others were also not afraid of this dark aura, their expressions were calm, and they looked at the dark clan in front of them coldly.

"you..."

That Emperor Shitian also sensed where Qin Chen and the others were at the moment, his arrogant words came to the fore, his eyes were rounded, and he looked at these people in disbelief.

what's the situation?

Emperor Shi Tianneng was suppressed by the whole sect of Tongtian Jiange, and even the sword ancestors almost lost their souls. The strength is naturally extraordinary, and they felt Qin Chen and the others in an instant, and they were inexplicably shocked.

The situation in front of him seemed to be a little different from what he imagined.

"You are..."

Di Shitian was a little confused.

"Di Shitian, your dark clan invaded my human race universe. Today, we will seek justice for the countless human races who died that year."

Qin Chen stood in front of the sword and said lightly.

"Just you? Delusional."

Di Shitian roared angrily, and with a bang, countless tentacles rushed towards Qin Chen in an instant, "Your boy's breath, this king remembers that he once devoured this king's power of darkness, and today, this king will take you away. Kill here."

Di Shitian has not yet landed, suddenly, a sword light flashed in the void.

puff! With a flash of sword light, the tentacles that Di Shitian swept out instantly split into two and were cut off in an instant.

### [Chapter 5018: lightning fast](#)

In the abyss, Qin Chen was suspended in the sky and the earth, the mysterious rusty sword was in front of him, and the whole person's clothes fluttered, fluttering like a fairy.

Below, Jianzu's expression was sluggish.

What did he see?

With one sword, Emperor Shitian's tentacles were cut off? Although it is only one of Di Shitian's many tentacles, it should be noted that Di Shitian was the king of the dark family back then, and the final commander of the invasion of this universe. Over the years, he has also broken through to the realm of half-step detachment.

.

Over the years, Jianzu has burned his life, and the masters of the entire Tongtian Sword Pavilion can only suppress this Emperor Shitian, but cannot kill him.

Now that Qin Chen has cut off two tentacles of Emperor Shitian with one sword, how can he not be shocked?

"You boy..."

And below, Di Shitian's eyes also showed a look of anger.

Qin Chen hovered in the sky, holding a mysterious rusty sword, and said coldly to Di Shitian below: "Di Shitian, this place today is your burial place."

"Looking for death!" Di Shitian became angry with shame. Boom, the tentacles in his hands were surging wildly, and an amazing dark aura burned on these tentacles. In an instant, the entire abyss was filled with endless power of darkness. shrouded in fear

The terrifying power of darkness swept over like a vast ocean, enveloped Di Shitian's body, and instantly formed a terrifying wave of darkness in front of him.

Boom!

Countless dark tentacles rolled towards Qin Chen.

Where the dark tentacles passed, the heaven and earth collapsed directly, forming a terrifying void storm.

Facing this terrifying void storm, Qin Chen's eyes were calm, and his right hand suddenly spread out, suddenly urging the mysterious rust sword.

boom!

A terrifying killing intent shot up from Qin Chen's body.

Qin Chen didn't keep his hand, and directly displayed his strongest attack right now, the killing intent sword qi.

Because he is very clear, this Emperor Shitian cannot be killed by the sword ancestor for hundreds of millions of years. His strength is absolutely sky-high. With Qin Chen's current strength, it is not easy to kill the opponent. Maybe there will be a difficult one. war.

The reason why Qin Chen took the initiative was to verify the power of sword moves taught by his mother to him.

When this murderous sword qi shot up into the sky, everyone present changed color, even the sword ancestor looked up at the sky in horror. to rip directly.

"What a terrifying sword intent."

Jianzu was shocked.

Not only him, but Di Shitian's face below also changed dramatically: "How can such a killing intent sword appear in this universe?"

Qin Chen didn't have any nonsense, he took a step forward and cut out with a sword!

Get started!

When this sword came out, the faces of all the powerhouses in the field changed. Although Qin Chen did not use this move against them, everyone had a feeling that under this sword, they felt like they were in a sea of killing intent. Shattered to pieces! And Di Shitian under Qin Chen's expression changed greatly. He urged countless dark tentacles, and strange dark runes were lit up on each tentacle. The countless dark runes seemed to turn into dark waves. form a black light

The hood directly covered Di Shitian's body.

Resist!

Boom! At the moment when the sword light fell, the black mask formed by the power of darkness shattered directly, turning into countless shock waves and blasting towards the surroundings, and Di Shitian's figure retreated even more, before he retreated. In the process, the imaginary

The sky collapsed directly, and a huge wave of time and space was rolled up in the entire abyss, directly submerging the entire abyss.

Around, Honghuang Zulong and others also retreated violently.

Although this move was not aimed at them, it also made their scalps numb and horrified.

Di Shitian stopped after retreating a full 10,000 feet, and in front of him, the location of Da Yuan was directly torn apart by a huge crack in time and space that was tens of thousands of feet long.

boom!

After Di Shitian stopped, the tentacles in front of him were directly smashed, turned into powder, and instantly dissipated under the murderous sword intent.

puff!

A mouthful of blood spurted out, and Di Shitian's breath instantly became weak, and there was anger in his expression.

The terrifying sword energy of the sword just now had already seriously injured him.

Seeing this scene, the surrounding Jianzu and others were stunned.

one move.

Just a trick.

Back then, when he joined hands with the ancestors of Yuanmo, the entire human race was almost destroyed, and the king of the dark family, Emperor Shitian, who had been destroyed by the heavens, was seriously injured, which was like a fantasy.

In order to seal Emperor Shitian, Tongtian Jiange, together with Craftsmen, Tianji Sect, and other top forces of the human race at that time, used the trap of Tongtian Jiange and the forbidden land to seal Emperor Shitian reluctantly.

Jianzu deeply knew the power of Emperor Shitian. This powerhouse from the sea of cosmos is definitely the ceiling in the half-step transcendence level.

But now...

Jianzu looked at Qin Chen in shock.

Is this guy so scary?

Not only Sword Ancestor, Sword Demon and Xiaoyao Supreme also looked at Qin Chen in shock.

They have seen the fight between Qin Chen and the ancestors of Yuanmo. To be honest, although Qin Chen's strength has reached half-step detachment because of his cultivation, he is still in the face of the half-step detachment peak powerhouses such as Yuanmo's ancestors. Some are overwhelming.

And Di Shitian is definitely not inferior to Yuanmo's ancestors who are too many masters.

But now, under Qin Chen's sword, Di Shitian's body was almost torn apart.

It can be seen that Qin Chen's previous sword is terrible.

For a time, Xiaoyao Supreme and Sword Demon looked at the mysterious rusty sword in Qin Chen's hands.

Because they all know that the reason why Qin Chen can burst out such power is because of this mysterious rusty sword.

"Tsk tsk, Chen Shao's mother is really a big guy. If I have such a mother, Lao Long, how good would it be? Do I need to work so hard to find a way to become detached?"

Honghuang Zulong smashed his mouth aside, with a look of envy on his face.

"Okay." The Blood River Saint Ancestor immediately gave him a head, "You were born in chaos, let alone you don't have a mother, even if you did, you wouldn't be able to get such a powerful mother."

"I said old age is immortal, do you want to fight with me?"

Honghuang Zulong was so angry that he rolled up his sleeves and started to do it.

at this time.

Over the Great Abyss.

Qin Chen stood with his sword in hand, exuding an unparalleled and powerful sword energy!

"What other moves do you have, use them all."

Qin Chen said lightly, his expression proud.

Below, Di Shitian looked at Qin Chen with a ferocious look in his eyes.

"Did you think you were going to win?"

"Origin of Darkness."

"burst!"

boom!

Di Shitian roared suddenly, and a terrifying source of darkness erupted in his body instantly. In an instant, his previously annihilated tentacles formed again, and countless dark tentacles madly rolled towards Qin Chen. Not only that, some of them even moved towards the surrounding Chen Sisi, Xiaoyao Supreme, Honghuang Zulong

Wait for the crowd to sweep away.

Boom! Tentacles penetrate the void, fast as lightning.

[Chapter 5019: look silly](#)

This Emperor Shitian is not an idiot. His previous fight with Qin Chen made him instantly feel the strength of the other party. Naturally, he wanted to interfere with Qin Chen by killing Chen Sisi and others.

Qin Chen is so strong, other people around him will not be as strong as him, right?

This is his only chance to beat the opponent.

"Not good." Seeing this, Jianzu was shocked and immediately exclaimed.

"Sword come!"

Boom.

Immediately in this world, countless sword qi surged and condensed, and these sword qi were densely gathered, and they were all condensed by the power of rules.

Sword of rules.

However, without waiting for Jianzu to take action, Xiaoyao Supreme laughed lightly and said, "Senior Jianzu, just look at it, don't be so nervous."

Jianzu even said solemnly: "Xiaoyao Supreme, you don't know how terrible this Emperor Shitian is. Qin Chen may not be afraid, but other people..."

"You look at it." Xiaoyao Supreme continued to chuckle, his expression was light and calm, and he took a step forward, and an ancient tower appeared above his head, the tower bloomed with a rainbow, and violently moved towards the bottom. The tentacles that swept towards him were severely suppressed.

Hearing a bang, the black tentacles that swept towards Xiaoyao Supreme were instantly shattered and turned into powder under the suppression of Huangtian Tower.

On the other side, Chen Sisi also had an indifferent expression. Her slender hands like white jade stuck out. The palms were white, like crystal clear mutton fat jade. In an instant, she grabbed Di Shitian's black tentacles, no matter how frantically twisted these tentacles were. Even if he moved, he couldn't get close to Chen Sisi at all.

I saw a multicolored light blooming on Chen Sisi's palm, and then heard the sound of chi chi chi, and Di Shitian's tentacles burst into black smoke in an instant, dissolving in the void.

On the other side, when those tentacles were about to touch Honghuang Zulong and others, a black shadow appeared, and the black shadow instantly shot out a sword energy full of endless killing intent, piercing the black tentacles released by Di Shitian.

In an instant, those tentacles that shot at Chen Sisi and the others were blocked one after another, and they couldn't get close to everyone at all.

Seeing this scene, Jianzu couldn't help but froze.

That Emperor Shitian was also stunned?

Why did this universe suddenly have so many half-step detachments?

boom!

Qin Chen's expression was calm, and he seemed to have expected such a scene long ago.

"melt!"

Qin Chen snorted, and in an instant, the endless killing intent in the mysterious rusty sword bloomed. This killing intent was extremely terrifying, and instantly merged into Qin Chen's body. In an instant, Qin Chen's body seemed to have a piece of Wang Yang exploded in an instant.

Qin Chen's pupils instantly turned red, and this side of the world also boiled directly. Then, Qin Chen's figure swayed and he went straight to Jianzu.

Jianzu looked at Qin Chen in shock. In the face of such a killing intent, he even had a feeling of being unable to resist.

What exactly is this trick?

Below, Di Shitian was also shocked and angry, and a feeling of death lingered in his mind. At this moment, he couldn't care about anything else. With a roar, invisible dark breaths instantly gathered in front of his body. The breath instantly formed a terrifying defense.

In an instant, the heaven and earth where Di Shitian was located seemed to have turned into a dark ocean, forming a unique dark domain.

At this time, the mysterious rusty sword in Qin Chen's hand had already been cut off.

Sword to!

Boom!

A vast sword light suddenly exploded from this side of heaven and earth. At this moment, the heaven and earth turned into nothingness. At the same time, there was also the dark realm. Qin Chen's sword intent was invincible, and it was easy to tear apart the location of the dark realm. .

puff!

The sword energy drove straight in, and a shrill roar was heard. Emperor Shitian of the dark royal family was instantly pierced by this sword energy. In an instant, his fleshly body became illusory and disappeared little by little.

With one sword, Di Shitian's body collapsed directly.

At this time, Di Shitian's eyes were full of horror. He was terrified. At that moment, he even had a feeling of facing the detached powerhouse in his clan.

This human kid is too scary.

And Qin Chen's face was also slightly pale. The sword just now consumed a lot of his energy, but the effect was obviously excellent. The sword actually cut off Di Shitian's body directly. Such a method is simply amazing. Skill, the sword ancestors on the side are already dumbfounded.

If there was a strong man like Qin Chen in the human race back then, where would it be necessary for him to exhaust the power of the entire Tongtian sword pavilion to suppress Di Shitian? Just hack it to death.

When everyone was shocked, at this time, Emperor Shitian had completely lost the courage to fight against Qin Chen. With a flicker of his figure, he rose directly into the sky and wanted to leave here.

"Dark Wormhole!"

Di Shatian's palm suddenly burst out with dark rays of light. These rays of light instantly converged in the sky, forming a pitch-black vortex, and a terrifying dark aura was faintly conveyed from the vortex.

It is the wormhole that leads to the dark race.

"Want to go? The source of time."

Qin Chen directly activated the source of time, and at the same time, a terrifying killing intent burst out from the mysterious rusty sword in his hand.

Under the source of time, the flow of time in this world suddenly slowed down, as if it had entered a static state.

However, at this time, a terrifying dark aura suddenly emerged from the dark wormhole.

There is a strong man of the dark clan in the lead.

"Hahaha, the boy of the human race, this wormhole connects my dark clan. Your biggest mistake is to let me enter this world and communicate the existence of my dark clan. Today is the end of your universe."

Although Di Shitian's soul was imprisoned by the source of time and could not move, there was a sound of laughter in his consciousness.

Qin Chen looked at the dark wormhole and couldn't help sneering: "Hmph, the ants of the dark family, dare to come and die? Aren't you afraid of ending with the Black Demon Ancestor Emperor?"

When the words fell, the power of the Black Demon Ancestor Emperor in Qin Chen's body bloomed in an instant, and with a bang, at this moment Qin Chen seemed to have turned into a dark demon, and a detached dark breath burst out in an instant. Rush into the dark wormhole.

"The breath of the Black Demon Ancestor..."

A frightening voice was faintly conveyed from the dark wormhole, and the next moment, the dark breath in the wormhole dissipated instantly.

Di Shitian's expression instantly froze.

puff!

Before he could realize what happened, his soul was split apart by Qin Chen in an instant, turning into powder and dissipating.

A pure dark source power was instantly sucked into the palm of Qin Chen's palm.

"Okay, let's go."

Qin Chen turned around, put away the mysterious rust sword, his face was slightly pale, and said with a smile.

Below, Jianzu's expression was sluggish, and he was already dumbfounded.

#### [Chapter 5020: Don't be complacent](#)

At this time, Jianzu's heart was like a turbulent wave, and he was dumbfounded for a while.

He looked at Qin Chen, and then looked at the calm Honghuang Zulong and others, and was a little confused for a while.

Is this... am I dreaming?

Compared with other people, Jianzu watched Qin Chen rise step by step, especially when Qin Chen entered the sword grave, he was just a little guy who had inherited his six-path reincarnation sword path.

Although Jianzu is very optimistic about Qin Chen and concludes that this young man will have an amazing future in the future, he can't imagine how many years have passed? Which lush young man had grown to such a level?

This gave Jianzu an extremely strong impact.

The so-called generation of new people replaces the old, it is not that Jianzu did not understand this truth, but this new person grew up too abnormal, right?

Three to five and two to beheaded the dark royal family Emperor Shi Tian who had influenced an era back then. No matter how you look at it, it seems like a fantasy.

Aside, Xiaoyao Supreme and Wuji Supreme also sighed in their hearts when they saw this scene.

Once upon a time, their hearts were as shocked as this Sword Ancestor.

"Senior Jianzu, don't be so surprised, you must know that this son is different from me."

Xiaoyao Supreme suddenly transmitted a voice to Jianzudao.

Sword Ancestor returned to his senses and looked at Supreme Xiaoyao, "Is it different from waiting for me?"

What's the meaning?

Xiaoyao Supreme said with emotion: "This seat can be regarded as the protagonist of an era in this universe. In just a few hundred years, he has soared to the heavens and become the leader of the new generation of the human race. Such a speed is unprecedented. Although this son is extremely talented, but it's not too different from this seat, but I can't stand someone behind others!"

"There is someone behind you?" Jianzu was startled.

Xiaoyao Supreme said lightly: "This world is like this, even if you have talent, work hard enough, dare to fight, and dare to fight, you still can't compare to those who were born with the golden key from childhood. Because in this world, the most important thing is to survive. One point is that you have someone behind you, and some people have stood at a starting point that you can't touch all your life when you are born, how do you compare?"

Jianzu thought thoughtfully: "What do you mean..."

"Okay, senior Jianzu, don't think too much." Xiaoyao Supreme laughed: "This universe has such a monster Qin Chen, for us, it is a big happy event, alas, You don't know how hard it has been for me these years. There are such a big family in the human race, and there are so many ethnic groups who have to take care of me. It's exhausting me... Now, I can finally relax, hehe, hehe. "

"Finally someone can bear the burden for me, cool, cool."

At this time, the supreme leader of the human race, Xiaoyao Supreme, actually laughed strangely. If someone else in the alliance city saw it, he would be shocked.

On the side, Jianzu is also silent. He can feel the relaxed mood in the heart of Xiaoyao Supreme. For hundreds of millions of years, he has been guarding here, and he can't relax all the time, always worrying about whether the dark royal family will get out of trouble and cause harm to the universe.

Now, this pressure dissipated in an instant, especially seeing Qin Chen's strength, the burden in his heart for countless years disappeared in an instant, as if a big rock had fallen to the ground.

boom!

Suddenly, a terrifying aura erupted from Jianzu's body, and an amazing detachment aura surged, as if it was about to become reality, causing the entire universe to vibrate, as if the entire universe was about to be destroyed. torn apart.

Relax and unload.

This kind of insight actually made Jianzu take a step closer to the realm of detachment in half a step, and he was only one step away from the realm of detachment.

Xiaoyao Supreme looked at the breakthrough of Jianzu's state of mind, and the corner of his mouth couldn't help but outline a smile.

The more powerhouses in this universe, the better.

Unfortunately, because of the limitations of the universe, there is no way for a detached powerhouse to be born here. Otherwise, if there are more detachments, why would he need to bother so much.

Feeling the fluctuations here, Wuji Supreme and others also looked over, seeing the aura on Jianzu's body, their pupils could not help shrinking.

As expected of the ancestor of Tongtian Sword Pavilion, who was once one of the top powerhouses in the universe, he has gained some insights.

"Senior Xiaoyao, Senior Jianzu, what are you talking about? Are you chatting so happily?"

Qin Chen also stepped forward and asked with a smile.

"Oh." Xiaoyao Supreme came back to his senses, and said with a smile: "I and Jianzu are talking about Qin Chen, although you are amazing now, you killed Di Shitian with a few swords, but... There are people in this world, There are people outside the sky, the universe is boundless, the strong are like clouds, you must not be complacent because of this little achievement, you need to work harder, strive to enter a higher realm with me as soon as possible, and protect the world of my human race. Protect your loved ones."

"Thank you for the teachings of Senior Xiaoyao and Senior Sword Ancestor."

Qin Chen even cupped his hands.

Xiaoyao Supreme and Senior Jianzu really worked hard for the human race. At this time, they have not forgotten to cultivate and protect the human race. What is their achievement?

The joy of killing Di Shitian just now vanished in an instant. Qin Chen secretly vowed that he would work harder to break through detachment as soon as possible and protect this side of the universe.

Aside, Jianzu blinked his eyes and looked at Xiaoyao Supreme.

Did you and him talk about this just now?

It's like... isn't it?

At this time, Jianzu looked at Xiaoyao Supreme. For some reason, he always felt that the current leader of this human race was so unreliable?

"Wan'er, this is for you."

As soon as Qin Chen raised his hand, Di Shitian's half-step detachment from the source had already fallen into Shangguan Wan'er's hands instantly.

Although Emperor Shitian is a half-step detachment, for Qin Chen, who now has the origin of the Black Demon Ancestor Emperor in his body, it is useless to transcend the origin in a mere half-step, but Wan'er, cultivating the power of darkness, may be able to have some help. .

When Shangguan Wan'er took over the power of the source, she couldn't help but feel happy.

Not because this is the source of a half-step detachment from the royal family, but because this source was sent by Qin Chen.

"Okay, let's go."

Xiaoyao Supreme said with a smile, and was about to step away.

"Wait a minute."

At this time, Jianzu continued to speak, and then raised his hand to Da Yuan behind him.

Boom!

In the great abyss behind, countless bronze coffins were opened instantly, and then, bang bang bang, one after another weak soul aura emerged in this world.

These breaths are the ancient world powerhouses such as Void Heavenly Venerate, Xiao Wudao, Ji Tianguang, Ji Tiandao, Ji Nanan, etc.

These people are the ancient world powerhouses that Qin Chen brought to replace Tianhuo Supreme and the others to guard the coffin.

Their breath was weak, and each of them was almost dying.

"Qin Chen, senior Jianzu, and... you are..."

Seeing Xiaoyao Supreme, the expressions of Xiao Wudao and others suddenly changed.

"I have seen Senior Xiaoyao Supreme."

Xiao Wudao and others hurriedly saluted.

As a strong man in the Human Race Alliance, Xiao Wudao and others have seen the image of Xiaoyao Supreme and know his identity.
