

Valkyrie 5021

[Chapter 5021: cosmic event](#)

A group of disciples from the ancient world?

Xiaoyao Supreme looked at Xiao Wudao and others, and instantly understood the identity of the other party.

"I remembered, these little guys, you put them here back then, right?" Supreme Xiaoyao looked at Qin Chen.

Qin Chen nodded and said, "Senior Xiaoyao, when Xiao Wudao and others framed the younger generation in the ancient world, the younger generation suppressed them here to atone for their crimes."

"If that's the case, you can deal with it." Xiaoyao Supreme said lightly: "A few human sinners, killing or cutting, that's all your business, you don't need to tell me."

Hearing this, Xiao Wudao and the others' faces changed drastically.

"Senior Xiaoyao, please spare your life. I waited for the ghost to be obsessed with my mind, so I made a move against Chen Shao. I will never dare to wait..."

Seeing Xiaoyao Supreme's attitude towards Qin Chen, Xiao Wudao's inner panic couldn't be added instantly.

"What nonsense, Qin Chen, this guy dares to do something to you, let this ancestor directly destroy them, and beat the teeth."

At this time, the Honghuang Ancestral Dragon roared and flew over in an instant, opening its huge mouth to swallow Xiao Wudao and others, so frightened that Xiao Wudao and the others were pale, and even more unable to move under the terrifying pressure of the Honghuang Ancestral Dragon .

"Okay, Senior Honghuang Zulong, let them go."

Today, with Qin Chen's strength and status, he no longer needs to care about Xiao Wudao and the others.

"Go back to the ancient world and reflect on it. If there is another time, I will definitely kill you."

When the words fell, Qin Chen turned around and left.

"Hmph, good luck to you little guys."

Honghuang Ancestral Dragon smashed his mouth, he didn't eat anything, he was really unhappy.

In the blink of an eye, Qin Chen and others left Jianzhong, leaving only Xiao Wudao and the others who were terrified in their hearts.

"Go, hurry back to the ancient world."

Xiao Wudao and the others looked terrified. A group of people who originally had hatred would dare to go wild again. After the catastrophe, they turned around and left, not wanting to stay here for another second.

Outside the Sword Tomb.

Jianzu and others hovered in the sky, looking at the land of the sword mound below.

boom!

Sword Ancestor raised his hand, and the endless sword mound was instantly sealed, turning it into a forbidden area of nothingness.

"Dust to dust, dust to dust, everyone, rest in peace!"

Jianzu looked down, with endless nostalgia in his heart.

Hundreds of millions of years of suppression, and now that Emperor Shitian has been destroyed, the countless disciples of Tongtian Sword Pavilion can finally rest in peace.

Along with the words of the sword ancestor, in the sword tomb, the sound of sword sounds resounded one after another, as if responding to the sword ancestor.

"Let's go, go back to Renmen League City."

Xiaoyao Supreme said something, then turned around and took Qin Chen and others away.

After a while.

People's League City.

The magnificent city is suspended between the heavens and the earth, and this is the core of the Human Race Alliance.

"People's League City."

Jianzu looked at the city in front of him and murmured.

Is this where the Human Race Alliance is?

Although they have been in the sword tomb for hundreds of millions of years, Jianzu also knows that after they sacrificed their lives to fight against the dark clan, which caused heavy losses to the dark clan and the demon clan, they had no choice but to retreat and rest. The Human Race Alliance, and Xiaoyao Supreme is the leader of the Human Race Alliance today.

"A new generation replaces the old."

Jianzu sighed that today's era is no longer his era.

"Senior Xiaoyao Supreme, why did you bring me to the Human Race Alliance?" Qin Chen wondered.

"You'll know when you go."

Xiaoyao Supreme said with a smile, a group of people entered Renmeng City.

boom!

Xiaoyao Supreme took Qin Chen and others directly into the Human Race Council.

Human Parliament.

When he returned to the Human Race Council once again, Qin Chen couldn't help but feel a lot of emotion. He still remembered that when the Supreme Master of Magical Works brought himself to this Human Race Council, he was besieged by the Giant King and the ancient world powerhouse. Looking back, it seems like it was yesterday.

"I have seen Master Xiaoyao Supreme."

Seeing the appearance of Xiaoyao Supreme, the powerhouse guarding the alliance city hurried forward to salute.

"Open the Human Race Council." Xiaoyao Supreme said lightly.

The guardian powerhouse was startled, and even shouted: "Open the Human Race Council."

In the hall, other strong men have also sighed with emotion. A strong man came. At this time, when he heard the words of Xiaoyao Supreme, each of them directly lit up with a terrifying rainbow.

boom!

One after another, the rainbow bursts shot out and quickly merged with the hall of this man's alliance city.

hum!

The entire Human League City was violently sensational, exuding a unique power, this power, centered on the Human League City, merged with the Universe and Heavenly Dao, and quickly spread out.

"Open the Human Race!"

"Open the Human Race!"

"Open the Human Race!"

One after another, rumbling sounds resounded through the world, and there seemed to be a grand voice in the entire human race territory.

At this moment, all over the city of Renmeng, where the top forces of the human race are stationed, and where the ten thousand tribes are stationed, a strong man has already received the news in advance and gathered in the city of Renmeng. Now that they hear the news, they all look up The House of Parliament is located.

Open the Terran Parliament?

This is... Xiaoyao Supreme is back?

"go!"

"Go to the Human Race Parliament Hall."

"Hahaha, let's go."

One after another, the sound of laughter resounded throughout the world, and countless figures swept towards the main hall of Renmengcheng.

Today, the human race has won and the ten thousand races have surrendered. This is the first meeting after the defeat of the demon race, and all the top forces of the natural human race are absent.

Boom boom boom!

One after another terrifying figures appeared in the sky above the Human Race Parliament Hall and slowly landed.

Among them, there are top-level human race powerhouses, exuding an extremely powerful breath.

A venerable supreme descended one after another.

Lord of Tianhe, Supreme Chaos, Supreme Divine Workmanship...

Countless figures descended slowly, landing on the thrones around the parliament hall.

Many thrones rose slowly, and in an instant, dozens of supreme auras traversed the entire human alliance city.

When the Human Race Council was opened that year, more than ten Supremes came to the Human Race Year, and the Human Race Council opened this time not only includes the Human Race, but also the ten thousand races in the Human Race Alliance.

Monsters, Angels, Giants...

Among these top-level races, each clan has a supreme ancestor, and powerful clans such as the demon clan have at least a few supreme ancestors. Even if you participate, the body will not come, at most, the spiritual power will come to the parliament.

But this time, no one dared to participate. It can be said that all the powerhouses in the entire universe have to come, so as not to anger Xiaoyao Supreme.

In an instant, over the entire Human Race Council, hundreds of thrones continued to emerge, and the Supreme Beings came one after another.

In addition, in the hall below, countless strong people also appeared one after another. These are not supreme-level masters, but the weakest are also the best among the gods, and other top forces of some small clans and human races.

Chapter 5022 Human Race Speaker

Below the hall, dense forces gathered.

Forces such as Void Temple, Kungpeng Valley, and Ji Family in the Ancient World are only the peak powers of Tianzun, so they have never been members of the Human Race Council, but they are also members of the Human Race Council and have the qualifications to sit in.

In addition, not all races among the ten thousand races have Supreme Beings. Many races only have experts of the Heavenly Venerate level, and naturally they also have the qualifications to observe and even have the right to vote.

The universe is the universe of all races, not just the universe of the human race. This is also the core principle of the human race alliance.

The powerful men descended one after another, and the aura swept everywhere. Qin Chen and the others looked around. In the endless space, a powerful man stood like a god, representing the peak power in the entire universe.

In an instant, the entire city of the alliance was densely packed.

"Are these the powerhouses in this universe today? There are not even a few of the peak supreme. Compared with the ancient times, the human race has withered too much."

Jianzu glanced at the densely packed powerhouses around him. The surface filled the sky and seemed to be boundless, but Jianzu couldn't help shaking his head.

Looking at the world, without even a half-step detachment, what kind of top is it?

It should be noted that in the ancient times, all races in the universe were the real peaks. There were not a few people who detached themselves by half a step. Almost the top ten ethnic groups had half a step detachment, and there were more than one human race, demon race, etc., as for the peak supreme. There are countless more.

But now, there are very few peaks and supreme beings in front of them, let alone half-step detachment.

Xiaoyao Supreme smiled: "Senior Sword Ancestor, although my human race has no other half-step detachment, but Peak Supreme still has it. Look, isn't this coming?"

The words fall.

Boom!

In the void, two terrifying auras descended, and two vast figures walked out of the void, like gods, and landed in front of the hall. It was the Ancestral God and Primal Chaos.

After the Chaos Supreme fell, he naturally sat on the throne on the side, and the Ancestral God glanced at the leading Xiaoyao Supreme, his eyes flickered, and he also quietly sat on the throne on the other side.

Seeing this scene, many strong people present pretended not to see it.

Before Xiaoyao Supreme, the ancestral **** was the top leader of the human race, but after Xiaoyao Supreme, Xiaoyao Supreme gradually became the leader in the eyes of all clans, especially now that Xiaoyao Supreme has destroyed the demons, it is far from impossible to talk about the power of the ancestors. On a par with the Happy Supreme.

Looking at the many powerhouses who came one after another, Xiaoyao Supreme's eyes were calm, and after all the powerhouses came, Xiaoyao Supreme walked out one step.

"I have seen the Supreme Being Happy."

All the strong people present saluted.

"You are exempt."

Xiaoyao Supreme raised his hand, and an invisible force was born. Everyone present only felt that an irresistible force filled the air, and everyone straightened up.

"To call you here today, there are a few things that need to be announced."

Xiaoyao Supreme looked at everyone, and everyone listened carefully.

"Now that the Demon Race has been destroyed, the Zerg and other races under the Demon Race Alliance have also sealed the world, leaving only a few small clans. Our Human Race Alliance will join forces with all clans to conquer these small clans. At the same time, originally because of two forbidden areas caused by clan wars have been reopened, the passages between various clans have been opened up again, the transactions of various clans have also resumed, and the universe has been restored to peace."

Xiaoyao Supreme said rumblingly.

The crowd was excited.

Since ancient times, the Demon Race Alliance has always wanted to occupy the entire universe, and they have been fighting with them for hundreds of millions of years. Now, the war is finally over, which is a great thing for all races.

"I will follow the orders of the Supreme Lord Xiaoyao."

The crowd saluted.

Xiaoyao Supreme looked indifferent: "And the second thing is that from today, this seat will resign as the leader of the Human Race Council and pass it on to Qin Chen."

When the words fell, Supreme Xiaoyao looked at Qin Chen: "From today, Qin Chen is the leader of this Human Race Council, and all races must obey the starting order, otherwise, it will be against the Human Race Council and will be punished by my Human Race."

boom!

A stone stirred up a thousand waves.

As soon as this statement came out, everyone in the audience was stunned.

"Lord Xiaoyao Supreme, it is absolutely impossible."

Immediately, the Supreme changed color.

On the other hand, Qin Chen himself was stunned.

what's going on?

Xiaoyao Supreme did not tell himself.

The leader of the Terran Council? I don't even know what forces the Human Race Council has, so how can I be this leader?

"Senior Xiaoyao, this is not right."

Qin Chen went forward.

He really didn't want to be the leader.

At this time, there was already a commotion below, and a strong man said: "Master Xiaoyao, Master Qin Chen is powerful, he is a rising star of our human race, and he has made a lot of contributions to the destruction of the demon race. I naturally know its credit, but After all, Lord Qin Chen is still young, so he can be named the vice-chairman of the Human Race Council."

"Yes, with the leadership of the Supreme Master Xiaoyao, the human race such as me can continue to rise under the suppression of the Demon Race. It is a great contribution. Please also ask the Supreme Master Xiaoyao to take it back."

"Return to life."

Everyone said.

It's not that they looked down on Qin Chen, but when the Human Race Alliance was in danger, it was Xiaoyao Supreme who stepped forward and saved the ten thousand clans. Everyone was very sure of him, and naturally they didn't want to change people easily.

Below, Ancestral God's eyes are gloomy.

Back then, he was the speaker of the Human Race Council.

"Okay, you don't need to say more, I know what you are thinking, but what I want to tell you is that only Qin Chen can lead our Human Race Alliance to glory, and only he can lead this universe through reincarnation, I do this , not for myself, nor for Qin Chen, but for the billions of lives in this universe, so you don't need to say more about this matter, I have made up my mind."

Xiaoyao Supreme waved his hand.

Everyone looked at Qin Chen in astonishment, what does the Supreme Master Xiaoyao mean?

"Senior Xiaoyao..."

Qin Chen hurried forward.

He didn't want the identity of the leader of the Human Race Council, he was afraid that he would be exhausted.

"Okay, don't refuse."

Xiaoyao Supreme said: "I know your scruples, don't worry, I won't let you waste your energy to manage ten thousand clans. Next, you have to accompany me in the sea of cosmos, but your leadership must be determined, as for you I have my own arrangements for my responsibilities in the Human Race Council."

Speaking of this, Supreme Xiaoyao turned to look at everyone, and continued: "In addition, in addition to Qin Chen serving as the leader of our Human Race Council, our Human Race Council will also set up an honorary leader, Senior Sword Ancestor, please come forward."

"I?"

Jianzu was stunned.

"Sword Ancestor?"

Everyone turned their heads one after another and looked at the Sword Ancestor behind Xiaoyao Supreme.

"What? Senior Tongtian Sword Pavilion Sword Ancestor, he is still alive?"

Seeing Jianzu, the expressions of the Supreme Master and the others below were all stunned, and they all showed shock.

[Chapter 5023: clear up](#)

Seeing this, Jianzu stepped forward immediately.

"It's really the swordsman."

"Senior Sword Ancestor of Tongtian Sword Pavilion, is he really still alive?"

"It is rumored that in order to fight against the dark clan in Tongtian Jiange, all the powerhouses in the entire sword pavilion sacrificed their lives, and this suppressed the masters of the dark clan. I thought that the people of Tongtian Jiange had already fallen, but I didn't expect that the predecessors of the sword ancestors were still alive."

The crowd was talking.

"In ancient times, Senior Sword Ancestor was one of the top leaders of our human race. Like the pavilion master of Tianji Pavilion, the master craftsman Zuozu and others, he was a master of half-step detachment, but in order to fight against the demons, one by one, they have fallen or disappeared, and they have made a lot of contributions to our human race, which is really respectable."

Many people are emotional.

Among the human race, the status of Tongtian Jiange is absolutely extraordinary. Perhaps many weaker forces are not clear, but like some of the supreme powerhouses present, many of them have experienced from that era, so they naturally know that Tongtian Jiange's special and powerful.

Supreme Xiaoyao looked at Jianzu and respectfully said: "Senior Jianzu, from today onwards, you are the honorary leader of my Human Race Council."

"Xiaoyao Supreme, you don't have to."

Jianzu waved his hand and said, "I'm already an old man. The future of this human race belongs to your young people, so what kind of honorary leader is this, let's forget it."

"Senior Jianzu doesn't have to refuse."

Xiaoyao Supreme looked serious: "You made a lot of contributions to our human race and this universe back then. If it weren't for Tongtian Sword Pavilion, my human race would have been captured by the dark clan and the demon clan long ago. It's what seniors deserve."

Seeing that Jianzu wanted to say more, Supreme Xiaoyao immediately stopped him: "My human race must never let heroes bleed and cry. In addition, Qin Chen, as the leader of the human race council, may not have too much time to stay here, although the junior abdicates, although it is also a human race council Honorary leader, but I'm afraid I won't stay here for a long time, in a short time, I still need Senior Sword Ancestor to guard the Human Race Council."

"With Senior Sword Ancestor guarding, I can rest assured. Only Senior Sword Ancestor is qualified to sit in this alliance city."

When Jianzu heard this, his face suddenly changed: "What do you mean, you are going to break into that cosmic sea wormhole?"

"That's right, so I'll ask Senior Sword Ancestor to worry about it."

Happy Supreme nodded.

"Well, since that's the case, then I'll be this honorary leader, but the cosmic sea wormhole is extremely dangerous, even if you enter it with a half-step detachment, you will be smashed to pieces, and there will be no bones left. Although your cultivation base is extraordinary, if you force entry, I'm afraid it is" "You don't need to worry about the predecessors of Jianzu, the juniors have their own preparations."

Xiaoyao Supreme smiled slightly, but he was confident.

"That's good."

Jianzu nodded. Although he didn't know why Xiaoyao Supreme was so confident, he also knew that the other party was not reckless.

"In addition, the Promise Supreme of the Tianji Sect will serve as the deputy speaker of the Human Race Council and obey the orders of the sword ancestors."

Then, Xiaoyao Supreme said to the crowd again.

Aside, Wuji Supreme was startled.

What's the matter with me?

However, Jianzu has taken over as the honorary leader of the Human Race Council. It is nothing special for him to be the deputy speaker of labor and capital, and he has heard it before that Xiaoyao Supreme seems to be leaving this universe and going to the old Sect Master. Where he went, he should be appointed to make arrangements later.

"The Promise Supreme obeys the order."

Wuji Supreme stepped forward and smiled.

"what?"

This person turned out to be the Promise Supreme?

Isn't this the Supreme Elder of the Heavenly Secret Sect back then? "

"It's no wonder that when he was in the Demon Realm before, this person was able to fight against the Demon Realm masters. It turned out to be the Supreme Elder of Tianji Pavilion."

The exclamations of exclamations resounded again.

I have to say, the name of the person, the shadow of the tree.

When the names of Jianzu and Wuji Supreme were taboo, everyone was shocked.

"Do you have any opinions on this seat's decision?"

Xiaoyao Supreme looked at everyone.

"I have no opinion."

Everyone said in succession.

The Human Race Alliance can have two more masters like Jianzu and Wuji Supreme, naturally no one is unhappy.

Only Ancestral God, his face is gloomy, and his heart is full of jealousy.

Once, he was the leader of the Human Race Alliance. Although he was seized by Xiaoyao Supreme, he still had an extraordinary status when Xiaoyao Supreme was away.

But now, with Jianzu and Wuji Supreme, he immediately became a figure of unknown number, how could he not be angry in his heart.

However, with his current strength, he is still unable to compete with Xiaoyao Supreme.

"Unfortunately, the ancestor of Yuanmo is also a waste. After so many years, he has not been able to kill Xiaoyao Supreme, it is really damn."

Ancestral God roared in his heart.

"Today, in addition to these issues, there is one last issue."

Suddenly, Supreme Xiaoyao turned to look at Ancestral God: "From now on, deprive Ancestral God of the status of a member of the human race."

"what?"

As soon as this statement came out, the audience was in an uproar, and everyone looked over, puzzled and shocked.

what happened?

Why did Xiaoyao Supreme suddenly deprive the Ancestral God of Human Race as a member of parliament?

Below, the ancestral **** was still annoyed. Hearing the words, his face suddenly changed greatly, and he suddenly stood up and shouted at Supreme Xiaoyao: "Supreme Xiaoyao, what do you mean?"

He took a step forward and said coldly: "I know, you are quite dissatisfied with me these years, indeed, you have defeated the demon world now, and you are a hero of the human race, but before your rise, this ancestor worked hard and worked hard to fight against the demon race. If it weren't for the ancestor, I'm afraid that the human race has already been captured by the demon race, why, now that the demon race has been wiped out, are you going to kill the donkey today?"

The ancestral **** suddenly turned around and looked at everyone: "Everyone, depriving me of my status as a member of the human race is just a false name. My ancestor **** poured blood for the human race, not for the sake of repayment, but Xiaoyao Supreme directly deprived the identity of the ancestor in this way. , this ancestor is not satisfied."

Ancestral God said in a cold voice.

What a joke, depriving the identity of the leader of the other race is nothing, and now it is too much to even deprive the identity of the parliamentarian of the other race.

If he doesn't resist, he is afraid that he will become the laughing stock of the whole universe.

"What's the meaning?"

Xiaoyao Supreme took a step forward, and suddenly there was a chill blooming on his body, booming, his big hand stretched out, and the huge palm directly grabbed towards the Ancestral God.

"presumptuous."

Ancestral God's complexion changed greatly upon seeing this.

His body was shaken, and the ancestral energy that was billowing suddenly rose to the sky, and the vast source of the Supreme Supreme rose into the sky, turning into infinite rules and runes between the heavens and the earth, and finally fused together, a tyrannical force directly bombarded towards the Xiaoyao Supreme. Block Xiaoyao Supreme's capture.

With the Ancestral God in charge of the human race for hundreds of millions of years, the peak and supreme cultivation base, one blow is enough to destroy a small world.

However, Xiaoyao Supreme suddenly flashed a cold light in his eyes, a breath shook a little, and the breath of the dusk of the heavens appeared behind him, and the forces that attacked him disintegrated one after another.

"Ancestral God, the good things you have done over the years, today is the time to reckon."

Xiaoyao Supreme rumbled loudly.

[Chapter 5024: Suppression of Ancestral Gods](#)

Boom!

Thousands of splendors bloomed, and at this time, the Sovereign of Xiaoyao was like a god, descending from the sky, with a big hand sticking out, the terrifying aura was about to blast the Great Thousand World, and the entire city of the alliance would be crushed.

"Do you still want to rebel against this seat? Hmph, with your character, I'm afraid that you won't be able to become a half-step detachment in this life. How can you be qualified to fight against this seat? I think your lifespan is exhausted, and you won't be able to become a half-step detachment. Kneel down obediently to this seat."

The voice of Xiaoyao Supreme accompanied his body, spread out at once, and appeared in front of the ancestor **** in the next moment.

collapse!

It was as if the world of the universe had collapsed, and the pillars between the heavens and the earth were suddenly smashed by Xiaoyao Supreme. There was no suspense. Ancestral God, the peerless master, once the leader of the human race was crushed by Xiaoyao Supreme, and knelt down directly.

"what!"

The Ancestral God knelt down on the ground and roared loudly. Blood spurted out of his mouth, and his magical powers were scattered, and even the source law of the peak supreme was bleak.

puff!

He lay on the ground, was severely suppressed, and slammed into the solid void on the ground, his hair was disheveled, and he spit out dozens of mouthfuls of blood. The blood was filled with dark substances, obviously the supreme source of immortality in the body. The material structure was destroyed, and the vitality was severely damaged.

With one move, the once-overlord-level figure actually vomited blood and was on the verge of death.

"what?"

Seeing such a scene, the supreme powerhouses of all races present were stunned and almost didn't jump up from their thrones.

One by one couldn't believe his eyes, and at the same time, deep fear emerged in his heart.

Who is Ancestral God? That was the leader of the Human League City, the powerhouse with the power of the Human Race Parliament, inherited from ancient times.

In the years when Xiaoyao Supreme was not born, the ancestors led the ten thousand tribes to fight against the demons. Although they were defeated, they did not have credit or hard work, and they were unparalleled in the world.

This is a well-known big man in the entire universe. His cultivation base is unfathomable. Walking in the heavens and the world, he has already touched a realm of detachment.

But now, it was actually suppressed by Xiaoyao Supreme with one move, and it was impossible to fight back. At this moment, the expressions of everyone looking at Xiaoyao Supreme became fearful. The cultivation base is simply incomparable, reaching a point that is almost impossible to believe.

"Damn, Xiaoyao Supreme, this ancestor fought with you."

Suddenly, the ancestral **** who was suppressed on the ground suddenly flew up, and a dazzling light erupted from his body. The portal opened, and the billowing ancestral energy surged out, as if the power of a world poured out.

In addition, a huge battle axe appeared in his hand. On top of the battle axe, the rainbow bloomed and shot straight into the sky, triggering the supreme rules of the entire universe.

This is the special ability of the Ancestral Spirit God Race where the Ancestral God belongs.

At this moment, the Ancestral God is suspended in the air, like a demon, like a god, with flying hair, blood flowing, and the huge lifespan on his body burning: "Life and death are impermanent, the art of slaying gods!"

The ghosts cried and screamed, and countless ancestral qi surged in the void, and instantly merged into the battle axe in the hands of the ancestral god.

This is an axe to open the sky, which can kill gods and kill invincible existences.

Boom!

The astonishing roar resounded. At this moment, the Ancestral God hadn't made a move, and the entire universe was shaking, and the city of Renmen was shivering under this power.

"No, this axe will destroy the entire alliance city."

There is a voice of exclamation from the supreme powerhouse.

"Don't panic."

At this moment, Qin Chen and Jianzu chuckled and waved.

Boom!

In the sky, two swords qi appeared, and the two swords levitated the heaven and the earth, and then fell slowly, with a bang, the city of Renmeng, which had been shaking violently, was stabilized. Shake this person's alliance city a little bit.

And as the man's voice fell, the ancestral **** had already slashed down towards Xiaoyao Supreme with an axe.

boom!

Before the terrified expressions of the people fell, they saw an incredible scene. The terrifying ancestral aura formed by the giant axe was completely shattered, and the wind and clouds disappeared.

Then, Xiaoyao Supreme slapped him in the face. No matter how Ancestral God dodged, it was of no use. He was slapped out again, and the blood spurted even more.

"Come here for me!"

As soon as Xiaoyao Supreme Void grabbed it, he saw the endless detachment aura revolving. His hand had already pinched the Ancestral God's neck, and he lifted it up in the air. No matter how hard this mighty master struggled, he couldn't get out of his palm.

Ancestral God's legs kept kicking in the air, his eyes bulged like dead fish, and a look of fear gradually appeared on his face.

His dignified ancestral god, the top existence who once ruled the Human Race Council, was defeated so easily.

When many people around saw this scene, they almost fainted from fright, gasping for breath in their chests, with a smell of suffocation.

"Ancestral God, no matter how you resist today, you can't escape the blame, not only to deprive you of your status as a human race councillor, but also to kneel here and be cast aside by hundreds of millions of people."

Xiaoyao Supreme's voice fell, suddenly raised his hand, threw the Ancestral God into the void, and then condensed a spear in his hand.

"what!"

The Ancestral God screamed and was covered in blood, but the source in his body was banned and he couldn't move at all.

With a grim expression on his face, he roared at Supreme Xiaoyao: "Supreme Xiaoyao, you are doing wrong, suppressing this seat for your own selfish desires, aren't you afraid that all races will turn against you? What is the difference between you and the ancestor of Yuanmo? ?"

The Ancestral God wept blood and roared, the sound was like thunder.

Below, the strong men of all races were shivering, and their faces were horrified.

Indeed, Xiaoyao Supreme's method is too cruel, directly nailing the Ancestral God to the void, which is terrifying.

"Xiaoyao Supreme, what are you doing? No matter what the ancestral gods are, they are also heroes of my human race. You do this... It is absolutely impossible."

At this time, Chaos Supreme in the crowd hurriedly stood up and said.

The Sovereign of Xiaoyao glanced at the other party: "Supreme Chaos, do you think that this seat is dealing with the ancestors for his own selfish desires? Do you know that these years, the ancestors have betrayed the human race, colluded with the dark clan and the demon clan, and secured the identity of the leader of the human race. The rise of the seat, I am afraid that this universe has already been stolen by the ancestors."

What?

As soon as this statement came out, the audience instantly shook, and everyone was shocked.

[Chapter 5025: Terran Traitor](#)

Ancestral God colluded with the dark family, how is this possible?

Ancestral God is the leader of the human race. In order to fight against the dark family, how can he collude with the dark family, and what is the benefit to him?

"Xiaoyao Supreme, you are spitting blood."

At this moment, the ancestral **** screamed hysterically in the void: "You are for your own selfish desires, so you are avenging your personal revenge, in order to control the human race alliance, and let this universe become your one word, you deliberately accuse me, I will not accept it!"

"If you want to kill, kill. My ancestors have merits and demerits. Some people have commented that you can't put a **** pot on me."

Ancestral God's body vibrated in the void, struggling violently.

The others also looked at each other.

It is really too scary what Xiaoyao Supreme said, and the dignified human leader colluded with the dark clan and the demon clan to say it, people can't believe it at all.

"Master Xiaoyao Supreme, do you have any evidence for this?"

Chaos Supreme said, "The Ancestral God colluded with the Dark Clan and the Demon Clan, which is of great importance. If there is no evidence, I am afraid... After all, as the leader of the Human Race, the Ancestral God has no reason to collude with the Dark Clan and the Demon Clan."

"Oh? No reason?"

Xiaoyao Supreme turned around and looked at everyone, seeing everyone's expressions, knowing that everyone couldn't believe it, it was really amazing. Xiaoyao Supreme said lightly: "Back then, the dark clan colluded with the demon clan and invaded the territory of our human race. Our human race was directly targeted by the dark clan, and the top forces of the human race such as Tongtian Sword Pavilion, Craftsman, and Tianji Zong were the first to be targeted.

, was directly destroyed in the first round of battle. ""In those days, if it wasn't for the sect master of Tianjizong, who thought it was a secret, he set a trap, and he planned to do it. Using Tongtianjian Pavilion as a guide, he seduced the royal family of the dark family to enter, and used the power of the whole sect to suppress the emperor of the dark family.

I am afraid that the human race and this universe have already fallen into the hands of the demon race and the dark race. "

"And the spy who colluded with the demons and passed on the intelligence of the human race was this ancestral god."

Xiaoyao Supreme said coldly.

boom!

A stone stirred up a thousand waves.

Everyone was in an uproar, and one by one, they were talking in shock, and their expressions were shaking.

Back then, when the Demon Race colluded with the Dark Race to attack the top races in the universe, the Human Race was the first to bear the brunt. Because in this universe, only a few forces such as Tongtian Jiange could fight against the ancestors of the demons, so the first goal of the demons and the dark clan was to break through the top forces of the human race and make the human race the strongest. Big

The living force directly attacked.

And the plan of the demons was indeed very successful back then. The craftsmen were destroyed, several top forces were destroyed, and countless powerhouses fell, causing heavy losses. But the sect master of Tianjizong had already reached a clue. Using his body as a bait, he united with the swordsman of Tongtian Jiange and set up several traps in the human race to lure the dark clan and demon clan masters to enter, and finally killed the opponent's main team before letting him people

The clan was able to breathe a sigh of relief.

But because of this, the top powerhouses of the major forces of the human race also fell and suffered heavy losses. The heaven was even bombed, and the human race could only retreat to a corner.

Because of this, the Ancestral God who was only a middle-level ancestor could rise and become the leader of the human race.

And now the meaning of Xiaoyao Supreme is obviously that it was the ancestor **** who colluded with the demons and the dark clan.

is it possible?

For a time, everyone looked at Jianzu and Wuji Supreme who were on the side. Seeing Xiaoyao Supreme's oath, could it be said that Jianzu told Xiaoyao Supreme Lord this news?

If so, the Ancestral God really deserves to die.

"Senior Jianzu, is what Master Xiaoyao Supreme said true?"

Chaos Supreme stepped forward and asked respectfully.

Above the sky, the ancestral **** was nailed to the void, his face was extremely ugly, and he roared: "No, I don't have it, Xiaoyao Supreme, if you want to kill it, kill it. With this kind of indiscriminate means, the ancestor looks down on you."

Under the eyes of the public, Jianzu shook his head slightly: "At that time, there were indeed traitors in the human race. The sect master of Tianji spent his lifespan and calculated Tianji, and then he discovered the crisis. However, who the traitor is, the ancestor does not know."

Jianzu said in a deep voice.

He really didn't know, and he wouldn't frame Ancestor God casually because of his relationship with Xiaoyao Supreme, so that he would not be Sword Ancestor.

"Senior Wuji Supreme, do you know that?" Chaos Supreme looked at Wuji Supreme again.

It's not the sword ancestor, that's the Wuji Supreme.

"It's not me!" Wuji Supreme shook his head, "Although the Sect Master figured out that there were traitors, he didn't figure out who the traitor was."

"Hahaha, Xiaoyao Supreme, you heard, Jianzu and Wuji Supreme said that I am not the murderer, hahaha, you despicable villain, framed this ancestor, you can't die."

Ancestral God roared in the sky.

Others also changed their color and looked towards the Supreme Supreme. It was not what Jianzu and Wuji Supreme said. How did Master Xiaoyao Supreme know? Is it really as the Ancestral God said that he was the one who avenged his personal revenge and wanted to frame the Ancestral God?

"Framed you?"

Xiaoyao Supreme glanced at the ancestors: "You are also worthy?"

Then, he looked at everyone: "This seat has never said that this news is from the predecessors of Jianzu and Wuji Supreme. Do you want evidence? This seat naturally has evidence, the Lord of Abyss Demon!"

He whispered to the sky.

Boom! As his voice fell, a terrifying demonic energy descended from the void. This demonic energy was like a vast ocean. As soon as it fell, the rolling demonic energy seemed to have transformed into a monstrous wave and shrouded everyone in the room. the audience

People instantly feel a sense of suffocation.

For a time, everyone seemed to be facing a great enemy, and they looked at the person with vigilance.

The person who came was none other than the Lord of Abyss Demon and the leader of the Demon Race today.

After Xiaoyao Supreme and Qin Chen annihilated the demons, the Lord of Yuan Demon stayed in the demon world to integrate the demons, and only recently completed the integration of the demons.

"Master, Master Xiaoyao Supreme."

After the Lord of Abyss Demon fell, ignoring everyone around him, his body immediately knelt down facing Qin Chen like pushing a golden mountain down a jade pillar. The current master of the demons has already reached the pinnacle of supreme cultivation, and has even touched the realm of transcendence. He is the leader of the demons today. Now, in front of everyone's eyes, he is kneeling in front of Qin Chen. Such a scene cannot be tolerated.

Not surprising.

"Get up."

Qin Chen waved his hand, and the Lord of Abyss Demon stood up immediately.

"Hahaha, Xiaoyao Supreme, isn't the evidence you're talking about is this person from the Demon Race?" Above the sky, the Ancestral God laughed hysterically, with a grim look: "It makes people laugh out loud, Xiaoyao Supreme, I think the real harmony You are the one who colluded with the Demon Race? Now that the Demon Race has surrendered to you, what you ask him to say, he will naturally say something, the one who colluded with the Demon Race is you who is unforgivable."

[Chapter 5026: ancient memory](#)

At this time, everyone also looked at the Lord of Abyss Demon.

If this witness is the Lord of Abyss Demon, then everyone will indeed have some doubts. After all, now the Lord of Abyss Demon is Qin Chen and their party. If Xiaoyao Supreme and the others let the Lord of Abyss Demon deliberately frame the Ancestral God, the other party may not agree.

"The Lord of Abyss Demon, you can show it to everyone." Supreme Xiaoyao was too lazy to answer, and said directly to the Lord of Abyss Demon.

"Yes."

The Lord of Abyss Demon nodded, then stood up, and said coldly, "Bring people up."

The crowd looked up suspiciously.

Boom!

I saw the sky split open again, and then above the sky, Heavenly Fire Supreme and Wanling Demon Venerable instantly fell down with a person.

"It is the Supreme Eclipse."

"The patriarch of the Abyss Demon Clan."

"This person isn't dead yet?"

Everyone changed color.

It should be noted that among the demons, the ancestor of Yuanmo is the absolute authority and the supreme leader, but under him, the Supreme Eclipse of the Yuanmo clan, as the patriarch of the Yuanmo clan, is also one of the most feared masters of all clans. one.

Seeing the person coming, not far from the sky, the pupils of the ancestors suddenly shrank.

"Kneel down."

After the Supreme Eclipse was escorted to the main hall, he immediately knelt down and was suppressed by the Supreme Heavenly Fire and the Demon Venerable Ten Thousand Spirits.

"Master of Abyss Demon, you traitor."

The Supreme Qi Yuan knelt down on the ground, struggled violently, and roared mournfully.

The Lord of Yuan Demon ignored this person and said respectfully to everyone: "Everyone, when the Ancestral God betrayed the human race and colluded with the Demon Race, his contact person was the Supreme Eclipse, and now, I will bring this Supreme Eclipse here. It is up to you to deal with it, in order to forgive him for his crimes against all races."

"fart."

The Ancestral God even shouted angrily, "Now that the Supreme Eclipse has been controlled by you, it is natural that you tell him what to say, and he will say what he will say, and even, in order to frame this ancestor, even if it is something that the ancestor did not do, he can also frame it. On this ancestor, if you want to add a crime, there is nothing to worry about, everyone, this kind of thing that the relatives hurt the enemy, don't let him happen, the ancestor never betrayed the human race."

Everyone frowned.

Indeed, the Supreme Eclipse has now become a prisoner. Who knows whether what he said is true or false, and even the things that are obviously not there, can be said to be there in order to frame the Ancestral God.

On the field, when Supreme Qi Yuan heard the words, he turned his eyes and looked at Supreme Xiaoyao and others, and couldn't help laughing: "Hahaha, are you saying that this ancestral **** colluded with my Demon Race? It's ridiculous, ridiculous, I didn't expect your human race to conquer it. It didn't take long for our Demon Race to kill the hero, but if you insist on this ancestor, the ancestor is not impossible, as long as you..."

"What nonsense..."

The Lord of Abyss Demon didn't wait for Supreme Eclipse to finish his words, and slapped his palm directly on the head of Supreme Eclipse.

With a bang, under the watchful eyes of the public, the head of the Supreme Eclipse instantly exploded, turning into powder, and at the same time his body was directly shattered.

At the moment when his head was blasted, there was even consternation in his pupils. He never imagined that the Lord of Abyss Demon would be so ruthless.

A soul body rose from the body of the Supreme Eclipse, and was firmly captured in the air by the Lord of the Abyss Demon.

"Everyone, this is the soul memory of the Supreme Eclipse, you can check it yourself."

The Lord of Abyss Demon said coldly, and when the words fell, he played a hand trick, and an invisible light instantly entered the body of Qiyuan Supreme.

"what!"

The screams of the Supreme Eclipse sounded, and an image of nothingness appeared from the Supreme Eclipse.

This is the memory of the Supreme Eclipse, from the memory of ancient times.

At this time, the Supreme Eclipse is sitting cross-legged in a void of cosmic starry sky. Around him, endless rays of light are folded, forming a unique vacuum field.

Suddenly, a dark figure walked out of the void in front of him, and instantly came to the Supreme Eclipse.

"You're here?" Qiyuan Supreme looked up at the other party and said coldly.

"Yes."

The dark figure spoke coldly.

As soon as this voice came out, everyone looked at Ancestral God, and their faces changed greatly.

Although this dark figure can't see his face, anyone can hear it. This is the voice of the ancestor god.

Ancestral God's face also changed drastically, and his eyes became hideous.

"How do you want to cooperate?"

"I will tell you all the arrangements of the top forces of the human race. Your demon race and the dark race can directly target those major forces, and the defense of the human race will be defeated in an instant."

"Why do we believe you?" Qiyuan Supreme looked up and sneered: "Your Ancestral God is also one of the top powerhouses of the human race. It doesn't seem to do you any good to destroy the human race, right? In other words, what do you want? "

"Believe it or not, what do I want?" The shadow raised his head, showing a cold face, it was the ancestor god, he said coldly: "This universe has come to the end, and it will be destroyed at the end of reincarnation sooner or later. , those guys want to be buried with this universe, that's their business, I don't want to, after breaking the human race, the origin of the universe must also have my share."

"Okay, I promise you."

The Supreme Eclipse stood up, "Where's the thing?"

Ancestral God lifted it up, and a stream of light instantly entered the hands of the Supreme Eclipse.

"The news is in there."

When the words fell, the Ancestral God flickered and disappeared suddenly.

After the Ancestral God left, a figure slowly appeared beside Chi Yuan Supreme, it was Emperor Shitian of the dark family.

"How's the news?" Di Shitian said coldly.

Qiyuan Supreme sensed the jade slip in his hand: "It is true that the human race's defense map should be true."

Di Shitian smiled coldly and said: "This human race is really an idiot. The origin of this universe is simply not enough for so many people to break through detachment. My dark clan and your demon clan are not enough, why should I give it to him?"

Qiyuan Supreme sneered: "Master Di Shitian, the ancestor said, this ancestor is not stupid, since he dares to trade with us, he naturally has his purpose, I am afraid that he himself never thought that we would give him the origin of the universe. ."

"Oh? Then what was his purpose for doing this?" Di Shitian frowned.

Qiyuan Supreme sneered: "It's just to use our hands to get rid of the people he wants to get rid of, there is one sentence he said rightly, this universe has come to the end, not everyone in this world is willing to accompany Buried with the universe."

The next moment, Chi Yuan Supreme and Di Shitian turned around and left.

At this point, the screen completely disappears.

At this moment, everyone looked at Ancestral God angrily.

Sword Ancestor and Wuji Supreme also burst out in the pupils.

"I didn't expect the traitor to be you."

boom!

On Sword Ancestor, endless sword intent surged in an instant, madly slashing towards Ancestral God.

[Chapter 5027: high vision](#)

High vision

puff!

In an instant, the endless sword light slammed down on Ancestral God, piercing his heart with ten thousand swords and nailing him to the void.

"As a strong human race, but colluding with the dark clan and the demon clan, what qualifications do you have to be a human race?" Jianzu said coldly, his voice crying blood.

In that battle that year, countless strong people of the human race fell, how miserable, although the sect master of Tianji sect had calculated some things, many humans still fell because of this.

And all of this was caused by the person in front of him.

The Ancestral God was nailed to the void, covered in blood, and hysterically said: "Hahaha, if you want to blame this universe, this universe has clearly entered the brink of destruction, and it will be destroyed if it stays, but she is unwilling to dedicate herself and be born with detachment. I have to destroy this universe together, what qualifications does such a selfish universe have to be worthy of my protection?"

Ancestral God roared and said: "I am also for the human race, for the ten thousand races in this universe, as long as I can break through the detachment, I can definitely take this universe through the reincarnation, what's wrong?"

"So, this is the reason why you colluded with the dark clan and the demon clan?" Jianzu said coldly:
"Then why do you want to frame me and so on."

The Ancestral God said fiercely: "You idiots, stupid and loyal people, willing to sacrifice their lives in order to save this universe, it's ridiculous, it's too ridiculous, if you want to get the origin of the universe, you must kill you, and only you are dead, this is Only the universe will feel the crisis and give me the source."

Jianzu and others all looked angry. For their own selfish desires, this ancestor was willing to betray the human race. How despicable is this?

The ancestral **** looked hideous: "Unfortunately, the origin of this universe is really abominable, even in that situation, I am unwilling to hand over the origin. My ancestors of the gods have guarded this universe for so many years, but I can't get it. Dear, why?"

"I would rather give to a friend than a family slave. If you don't accept it, my ancestors will not accept it."

Ancestral God roared up to the sky.

boom!

The source of the Dao of Heaven is surging, as if angered.

puff!

Suddenly, a sword light flashed, and the ancestral **** who was roaring in the sky was torn apart, and he was directly obliterated on the spot.

It was Jianzu who did it, his expression was cold, and his heart was filled with endless anger.

Just for his own selfish desires, but let the people of the race fall so many strong people, how can it be so plausible?

boom!

The ancestral gods fell, and the source of terror scattered into the heavens and the earth in an instant. Looking back on this cosmic world, in an instant, this cosmic world seemed to have received a major boost and became more profound.

Not far away, Qin Chen and the others shook their heads.

Don't look at what Ancestral God said in such a high-sounding manner, everything is just for his own selfish desires, and he will die.

"Senior Jianzu, next, this person's alliance city will be temporarily handed over to you." Xiaoyao Supreme said.

"Don't worry, I will definitely manage this universe."

Jianzu nodded and avenged the clansmen of that year, and his thoughts were also incomparable.

Xiaoyao Supreme nodded, and then he began to arrange various tasks.

After the Ancestral God incident, everyone no longer dared to be dissatisfied with Xiaoyao Supreme, and nodded in agreement.

And Qin Chen has also become the new Speaker of Ten Thousand Clans, the leader of the Alliance City.

However, Qin Chen naturally has no time to intervene in these matters. Later, he will send a message to Chendi Pavilion and let Ji Wuxue and Hei Nu follow the senior sword ancestors and learn how to manage this universe.

After doing all of this, Supreme Xiaoyao looked relaxed: "It's really cool to finally take off the burden."

Aside, Qin Chen and the others were speechless.

Does the Happy Supreme so dislike the position of the Speaker of the Ten Thousand Races?

Is this the leader of the entire universe?

How is it like unloading a big rock.

"Hehe." Xiaoyao Supreme smiled strangely, "Okay, now there is one last thing left."

Saying that, Supreme Xiaoyao looked at Qin Chen, "Let's go, let's go to work in the sky?"

Qin Chen was startled, "Heaven's job?"

"Yes, there is one thing there. With that thing, I can leave this universe with confidence." Xiaoyao Supreme said with a smile.

"That thing?" Qin Chen wondered.

"You mean..." The sword ancestor on the side showed a surprised look: "That thing that the craftsman made the ancestor from the universe sea?"

"Yes, that's it."

Happy Sovereign laughed.

"Can Qin Chen control him?" Jianzu frowned: "I have studied this thing in the past, but it is impossible to control it. Although Qin Chen is extraordinary in strength, in terms of cultivation..."

"Hey, Senior Sword Ancestor, don't worry about this, the reason why you couldn't control it at that time was because you weren't powerful enough, as for Qin Chen, um, it can't be measured by realm, if this universe is said to have Who can control it, only him."

Xiaoyao Supreme smiled and said: "Let's go, don't waste time."

Qin Chen listened to the conversation between the two. Although he was puzzled, he still went to work with Xiaoyao Supreme and others!

After a while, everyone came to the headquarters of Tiangong.

boom!

As soon as he entered the Tiangong headquarters, one after another terrifying colorful aurora came surging. These aurora carried the power of terrifying flames, like the ocean surging the world, but they could not bring any harm to Qin Chen.

"Heaven-to-the-sky fire pillar."

Qin Chen raised his head, looked at the colorful chaotic fire bursting out of the sky-reaching pole fire pillar in front of him, reached out to touch these flames, and looked emotional.

When he first came to work in the sky, he was once shocked by the fire pillar of the sky. This is the trump card in the work of the sky. It can kill any master of Tianzun. Back then, the Supreme Void Ancient received the order of the ancestors of Yuanmo to come. Attacking and killing him was also blocked by this Heaven-reaching Pillar of Fire.

It is also indirectly helpful.

Recalling the previous scenes, Qin Chen was filled with emotion.

Although it has not been long now, he is already the top powerhouse in this universe.

"Whoosh whoosh!"

At the same time Qin Chen and the others entered the Tiangong headquarters, the breath of Tianzun suddenly descended, and a few powerful figures fell, and Qin Chen and others hurriedly saluted.

"I have seen Master Xiaoyao Supreme, Master Qin Chen, Senior Sword Ancestor, Master Hall Master."

The people who came were none other than Zuo Tong Tianzun, the ancient craftsman Tianzun and other deputy hall masters, as well as Venerable Mantra and Venerable Yaoguang.

A group of people looked very excited.

Obviously, they have long known what happened in the demon world and the former alliance city, and know that the universe has returned to peace now, and it is their heavenly job, Lord Qin Chen, who has done all this.

"Hehe, don't call me the Palace Master in the future. I already passed on the Palace Master to Qin Chen back then, and now he is your Palace Master." The Supreme Being said with a smile.

"I have seen the palace master."

Zuo Tong Tianzun and the others hurriedly saluted Qin Chen again.

"It's all free."

Qin Chen waved his hand and held up several people, a little speechless.

On the side, the Supreme Master of Magical Works smiled.

It should be noted that when Qin Chen's strength was not strong, he passed on Qin Chen as the acting hall master of Tiangong. Thinking of his decision in the past, the Supreme Master of Shengong was very happy.

Does anyone have his vision?

Now the lord of Renmengcheng is the lord of his heavenly work, and the lord of his work the day before yesterday also has a bright face.

[Chapter 5028: Cosmic Sea Treasure](#)

"Come on, I'll take you to where the treasure is."

Xiaoyao Supreme smiled, stepped out, and directly entered the colorful chaotic flame shrouded in the Tongtianji fire column.

Seeing Xiaoyao Supreme's actions, Qin Chen was stunned for a moment: "The treasure that Xiaoyao Supreme said, shouldn't it be that?"

While guessing in his heart, Qin Chen immediately followed, and after a while, everyone came to an ancient nine-story pagoda.

This ancient pagoda is extremely majestic. Around the ancient pagoda, there are inexplicable nebulae surrounding it, and a special breath permeates out, making it impossible for the colorful flames of the fire pillars to approach.

This thing is nothing else, it is the ancient tower of heaven's work.

"Senior Xiaoyao Supreme, is the treasure you're talking about the Guyu Pagoda?"

Qin Chen was shocked.

"if not?"

Xiaoyao Supreme smiled and glanced at Qin Chen, then looked at Guyu Pagoda, and said solemnly: "Don't underestimate this thing, this ancient Yu Pagoda is extremely extraordinary, if you can control this ancient Yu Pagoda, then I will also You can leave this universe with peace of mind and go to the cosmos sea."

"Is this Gu Yuta difficult to control?"

Qin Chen was puzzled.

"if not?"

Xiaoyao Supreme smiled and said: "You know that since the ancestor of the craftsman brought this ancient pagoda to this universe, no one has ever been able to control this ancient pagoda for hundreds of millions of years, including the ancestor of the craftsman."

"Isn't this ancient tower born in the opening of heaven and earth, and then refined by craftsmen as ancestors?"

Qin Chen was stunned.

"Of course not? Why do you have such thoughts?" Supreme Xiaoyao frowned and said, "This thing, like the origin of your mysterious rusty sword, was brought back from the sea of cosmos by a craftsman as an ancestor."

"Bring it back from the sea of cosmos?" Qin Chen said in astonishment: "But this thing was clearly formed when the universe opened up... Why was it brought back from the sea of cosmos?"

"Who told you that this thing was born when the universe opened up?" Supreme Xiaoyao frowned.

Qin Chen looked at Honghuang Zulong aside.

"Senior Xiaoyao Supreme, doesn't this thing have the breath of the original universe?"

Honghuang Zulong said in amazement: "Isn't it born when the original universe was opened?"

Xiaoyao Supreme smiled and said: "This ancient tower does have the atmosphere of the original universe, but this only means that this thing already existed in the vicinity of this universe when the original universe was born, it does not mean that this thing must be the creation of the universe. was born."

Xiaoyao Supreme looked at the ancient Yuta in front of him, "This thing is actually a cosmic sea treasure. After the craftsman made the ancestor, I am afraid that many powerhouses in the universe have refined it, but no one can refine it. Sword Senior Ancestor, am I right?"

Xiaoyao Supreme looked at Jianzu.

"That's right." Jianzu nodded, "Back then, the Sect Master and I of the Tianji Sect also entered this tower, and we couldn't control this tower. Later, I realized that this tower is definitely a treasure of transcendence."

"Treasure of transcendence?"

The crowd suddenly gasped.

This ancient tower is actually a treasure of transcendence?

But think about it, if it is not a treasure of transcendence, how could it be that even Sword Ancestor and Craftsman Zuo Ancestor, such as the semi-transcendental powerhouses, could not be refined?

Qin Chen was also shocked in his heart, detached from the treasure?

At present, apart from the mysterious rust sword in his hand, he still doesn't know any detachment treasures in this universe, except the barren sky tower in the hands of Xiaoyao Supreme, but the barren sky tower was only half-step detachment treasure at the beginning, and it seems that it was transformed by his mother. After a while, there have been some transformations.

"Qin Chen, you can go in." Supreme Xiaoyao looked at Qin Chen, "You also know my barren sky tower, the reason why I dare to prepare to go to the universe sea is because my barren sky tower has become a detached level after being transformed. The treasure, only the supernatural treasure can overcome the turbulence in the cosmic wormhole and enter the cosmic sea from this universe."

"And if you can refine this ancient tower, in the future you can use the ancient tower to directly enter the universe sea."

Xiaoyao Supreme said to Qin Chen.

"Entering the sea of cosmos?"

Qin Chen's eyes became cold and severe.

"Yes."

At the moment, he did not hesitate to enter the Guyu Pagoda directly.

boom!

Qin Chen's figure disappeared instantly.

"Xiaoyao Supreme, do you think this Qin Chen can refine Guyu Pagoda? This pagoda is so mysterious that I couldn't refine it back then." Jianzu frowned.

Although Qin Chen is strong, in terms of cultivation, he is not as good as them after all.

Xiaoyao Supreme smiled, "Senior Jianzu, the mysterious rusty sword in Qin Chen's hand is also a detachment-level treasure from the universe sea, and the sword demon was also a half-step detachment power back then, do you think he can refine that mysterious rusty sword??"

The sword demon frowned on the side, what are you pulling me for when I have nothing to do?

"Naturally not." Jianzu said.

"But the mysterious rusty sword that the sword demon couldn't refine and control at the beginning is now controlled by Qin Chen. Do you think it's because Qin Chen's cultivation is stronger than the sword demon?"

Xiaoyao Supreme smiled: "Although I don't know whether Qin Chen can refine or not, but I also entered the ninth floor of this ancient Yu Pagoda, at least the power of the ninth floor, Qin Chen's current strength should be able to bear, now The only thing I worry about is whether Gu Yuta is willing to recognize the master. But no matter what, who can refine this Gu Yuta in this universe, I can't think of any other possibilities except this kid."

Hearing this, Jianzu also suddenly laughed.

Too.

If Qin Chen can't refine it, then no one else in this universe can refine it.

During the conversation between Xiaoyao Supreme and Jianzu, Qin Chen had already entered the Guyu Pagoda.

boom!

As soon as he entered Guyu Pagoda, a terrifying evil spirit shrouded Qin Chen and hit Qin Chen.

The Guyu Pagoda is divided into nine floors, and each floor contains an extremely terrifying evil spirit, and the higher the level, the stronger the evil spirit is. Qin Chen has long known this, and this first layer of evil spirit is very important to the current Qin Chen. As far as I'm concerned, it's nothing at all.

Qin Chen continued to go up.

Second floor.

the third floor.

Up to the sixth floor, Qin Chen was extremely relaxed.

Then, Qin Chen entered the seventh floor.

boom!

A suffocating aura that was ten times more terrifying than the sixth floor was severely suppressed on Qin Chen.

Back then, the suffocating aura that was enough to instantly hurt Qin Chen, is now unable to bring Qin Chen the slightest harm.

Feeling the terrifying suffocating energy around him, Qin Chen looked around and couldn't help but sigh: "I think back then, when I came to the seventh floor, I retreated because I couldn't bear it, but now, this suffocating qi can't hurt me anymore. "

Qin Chen stretched out his hand and touched this suffocating aura, which even the Heavenly Venerate powerhouse could not bear, but now it is like a breeze that surrounds Qin Chen.

"Go to the eighth floor."

Qin Chen didn't stay on the seventh floor much, and instantly entered the eighth floor.

boom!

A suffocating aura that was at least dozens of times more terrifying than the seventh floor was suppressed in an instant.

[Chapter 5029: billions of stars](#)

The terrifying evil spirit instantly suppressed Qin Chen like a mountain.

At the same time, these evil spirits rushed towards Qin Chen's body desperately.

Such a terrifying evil spirit, I am afraid that it is an ordinary supreme, easily unable to bear it, and will be directly burst into the flesh by this terrifying evil spirit.

"Hahaha, it's good to come."

But Qin Chen was not afraid at all, he laughed and swallowed these evil spirits directly.

With a bang, endless evil spirits entered Qin Chen's body crazily, and was swallowed by Qin Chen constantly. Between his eyebrows, the eye of creation appeared, and the aura of creation contained in countless evil spirits was quickly swallowed by Qin Chen. Absorbed, and then condensed in the eyes of his own creation.

hum!

The flow of the eighth layer of suffocation was instantly and clearly presented in front of Qin Chen's eyes, and he was completely under his control.

However, Qin Chen did not stay on the eighth floor, but walked directly to the ninth floor of Guyu Pagoda.

When Qin Chen entered the ninth floor, a terrifying coercion that was countless times more terrifying than the eighth floor instantly enveloped Qin Chen.

This coercion was so strong that even Qin Chen shook his body.

Is this the pressure on the ninth floor?

Qin Chen widened his eyes.

So strong.

If it weren't for his strength already reaching the half-step detachment peak level, and if he were replaced by an ordinary peak supreme, he might have been directly propped up under this coercion.

"This ninth floor..."

Qin Chen opened the eyes of creation and looked at the ninth floor. The entire ninth floor was clearly presented in front of Qin Chen's eyes. There were suffocating evil spirits everywhere, and among these evil spirits, there were actually stars.

These stars all exude an incomparably terrifying aura, far above the stars in this universe. Each one seems to be able to suppress the eternity and penetrate the universe.

Qin Chen approached slightly, and suddenly the breath of a star swept past, and he heard a click, and Qin Chen's body actually had the illusion that it was about to split on the spot.

"What a strong breath!"

Qin Chen was shocked. With his current strength, he was only slightly close to one of the stars, and his fleshly body felt like it was about to crack. Where did these stars come from?

It should be noted that under the palm of Qin Chen's palm, no star in this universe can withstand his power, but any star in this ancient tower seems to be able to blast him.

These are definitely not the stars of this universe.

Qin Chen thought about it, no wonder Xiaoyao Supreme would say that this ancient pagoda was not born in this universe, nor was it refined by the ancestors of craftsmen. No fear of the invasion of the dark clan.

"Let me see again."

At this moment, Qin Chen raised his head and looked around Guyu Pagoda.

I saw that at the top of the ninth floor above the countless stars, a huge pattern was suspended. This pattern continued to rotate, and a steady stream of evil spirits escaped from it, as if these evil spirits were not born in the ancient Yuta, but it is the general that this formation method is constantly born.

"Generally, if you want to refine the top treasures, you must first control the artifact patterns in the treasures. Is this the core artifact pattern of this ancient Yuta?"

Qin Chen's mind moved.

"Boom!"

While Qin Chen was contemplating, the ninth floor of the Ancient Yu Pagoda seemed to sense Qin Chen's existence, and the artifact pattern surrounded by countless suppressing stars suddenly trembled.

call out!

A ray of brilliance shoots out from the stars all over the Guyu Pagoda, and then converges on the ware pattern in the middle of the ninth floor of the Guyu Pagoda. Countless brilliance gathers and condenses into a transparent crystal bead. This is a transparent faint Beads with golden threads.

"Huh?" Qin Chen turned to look at the drop of crystal beads.

Faintly, Qin Chen had a feeling that this crystal bead is the core of this ancient tower, as long as you control this crystal bead, you can completely control the entire ancient tower.

"go!"

Without any hesitation, Qin Chen flew up and reached out to touch the crystal beads.

But at the moment when his hand touched the crystal beads, there was no coercion, no special breath, and Qin Chen didn't feel the touch, and the crystal beads had already entered Qin. In Chen's mind, it was suspended in the sky of Qin Chen's soul sea, and then suddenly swept into Qin Chen's soul sea.

"puff!"

The moment when Jingzhu and Qin Chen's soul realm touched...

"boom!"

An incredible terrifying pain burst out from the depths of Qin Chen's soul in an instant, as if some monster wanted to drill out of his soul.

"what!"

Qin Chen let out a painful roar in an instant, and the whole body began to tremble. In an instant, his body spurted out a trace of blood, and the whole person became a blood man in an instant.

Boom!

At the same time, the entire Guyu Tower began to tremble, countless stars trembled, and rays of light merged into the pattern above, and a trace of power immediately surged out of the pattern and entered Qin Chen's body.

Qin Chen felt that his body was about to split, and his entire body trembled uncontrollably.

Pain, endless pain surged through Qin Chen's body.

At this moment, Qin Chen finally knew why Jianzu and others could not refine this ancient tower. It was too painful. To refine this ancient tower, he had to endure endless pain. Qin Chen felt that the crystal beads were fused with the soul. The soul boiled and burned in an instant.

However, Qin Chen could feel that as long as he wanted to, he could instantly expel the crystal beads from the body.

But in this way, it is equivalent to the failure of inheritance and refining this time. Qin Chen is very clear that once this time fails, he will lose the opportunity for the next refining.

"Come on, I want to see how difficult it is to refine this ancient tower."

Qin Chen roared hysterically in his heart. He gritted his teeth, covered in blood, and began to urge his soul power to frantically refine the crystal beads.

At this time, outside the ancient tower.

Boom!

The entire Guyu Tower trembled violently, and a terrifying suffocating aura erupted. In an instant, the entire Tiangong headquarters was enveloped in this terrifying aura.

"what happened?"

"what happened?"

In the distance, countless powerhouses on the Tiangong Continent appeared one after another, looking at the place where the fluctuations came from.

After seeing the breath that erupted from the Guyu Pagoda in the center of the Tongtian Pillar of Fire, the expressions of these people changed.

"You don't have to panic, it's the Palace Master and Xiaoyao Supreme who are in Guyu Tower."

At this time, Zuo Tong Tianzun and other deputy hall masters appeared one after another and explained to everyone.

Hearing this, everyone breathed a sigh of relief, but they were still horrified and looked at where Gu Yuta was, with doubts on their faces, wondering why Gu Yuta had such a change.

At this time, in front of Guyu Pagoda.

Feeling the vibration of Guyu Pagoda, Xiaoyao Supreme smiled, "It seems that Qin Chen has already started refining."

[Chapter 5030: leave a mark](#)

"Hey, I don't know if he can refine it successfully."

Jianzu said with concern: "This ancient tower has never been successfully refined since it came to this universe, and the pain and power suppression, even half a step beyond the peak powerhouse can not bear, Qin Chen, although he The strength is extraordinary, but after all, he is still young, I am afraid..."

Jianzu was worried.

"Hehe, don't worry, in this universe, he is probably the only person who can refine it. If he can't refine it, then this thing... really can only be placed here forever."

Xiaoyao Supreme smiled and shook his head.

Jianzu looked at Xiaoyao Supreme in doubt: "Why do you always have confidence in this kid? Although this kid is strong, he has not yet fully grown up... With his current cultivation, he wants to refine such a detached treasure, It's still very unknown."

Xiaoyao Supreme turned his head to look at Jianzu, and remained motionless.

Jianzu was startled, "What do you see me doing?"

Xiaoyao Supreme smiled and said, "Did you see something behind me?"

"Behind you?"

Jianzu raised his head and looked over, and there was nothing behind Xiaoyao Supreme, he couldn't help shaking his head and said, "No."

"What about behind you?" Supreme Xiaoyao asked again.

Jianzu turned around and glanced behind him, then shook his head again: "Neither."

Jianzu thought for a while and said, "What do you want to express?"

On the side of Honghuang Zulong, they all looked at Xiaoyao Supreme in doubt, not knowing what he meant.

Xiaoyao Supreme sighed: "What I want to express is that this is the reason why I believe this kid has the opportunity to refine the ancient tower, but we can't refine it, because there is someone behind this kid, we don't."

Everyone: "..."

Xiaoyao Supreme said with envy on his face: "Damn, if I have someone behind me, it will take so many years to reach the peak of half-step detachment, and I haven't even broken through the realm of detachment? I killed the ancestor of Yuanmo in minutes. This kid is still alive and well."

Everyone: "..."

At this moment, in the ancient tower.

The pain of tearing the soul continuously poured into Qin Chen's soul realm.

Qin Chen has risen all the way, from Tianwu Continent to Heaven Realm, he has suffered a lot, and he has never experienced such terrible pain. This kind of pain is simply pulling your soul out of your body, and then putting it in a frying pan. The frying is average.

When a normal person encounters such pain, his body has already collapsed, and he passed out on the spot, but his soul is different. In this case, he will be extremely awake, and he can only endure this pain.

You can only succeed if you endure the past.

boom!

In an instant, terrifying pain continued to erode Qin Chen's body.

"It's just a little bit of pain, what is it?"

Qin Chen's will is like iron. He has experienced so much from the Tianwu Continent to the Heavenly Realm. How can this pain repel him?

However, now Qin Chen can't just endure the pain, and he has to refine the crystal beads of the ancient Yuta in the pain.

Boom boom boom!

Qin Chen's soul power continued to entangle towards the crystal beads.

A trace of soul power merged with the crystal beads and continuously penetrated into it, and as Qin Chen continued to fuse the crystal beads, the pain level naturally continued to soar, but Qin Chen held back, and was still in pain. The power in the gully, the crystal bead, made it fuse into itself.

Ka Ka Ka!

Qin Chen's terrifying body actually began to have cracks, which is the real body began to shatter.

Moreover, Qin Chen's soul realm gradually began to crack.

There is no shortcut to the fusion of the crystal bead and the soul. Tolerance and ignorance are useless. All Qin Chen can do is to endure the pain, and refine the crystal bead before the pain reaches his death, otherwise if he doesn't do it in time, his soul will be completely destroyed and turned into powder.

At this time, under Qin Chen's refining, the crystal beads slowly merged with Qin Chen's soul. The fusion was extremely slow, but with the gradual increase in the degree of fusion, the pain level also soared!

One hour, two hours, three hours...one day, two days, three days.

Three days have passed in the blink of an eye.

And Qin Chen's soul has gradually entered the brink of collapse.

Outside the ancient tower.

Honghuang Zulong and others were worried.

"Three days have passed, Qin Chen he..."

Everyone was a little nervous.

Because during this time, the ancient tower where Qin Chen was located was constantly shaking, and the movement became louder and louder.

"Don't worry, it's definitely fine."

Xiaoyao Supreme still looked very calm, with a smile on the corner of his mouth.

boom!

Suddenly, a terrifying vibration was used, and the breath that erupted from the entire ancient tower actually caused everyone to retreat, and the supreme primordial primordial primordial chaos, such as the Honghuang Zulong, could not be approached.

"What a terrible breath!"

Everyone changed color.

It is no wonder that this thing has not been able to be refined for hundreds of millions of years. This breath alone makes these peak supremes change their color, and even Xiaoyao supreme and other powerhouses who have transcended their peaks by half a step feel their breath suffocating.

The entire Tongtian Pillar of Fire trembled violently.

"All step back, be careful to be affected."

Xiaoyao Supreme's eyes lit up, and he hurriedly led everyone back. Then, the Barren Heaven Tower appeared in the hands of Xiaoyao Supreme. With a bang, the Barren Heaven Tower was suspended in the sky, suppressing this world and preventing the leakage of Guyu Tower's breath.

If you don't do this, the breath that Gu Yuta naturally emits is very likely to destroy the entire heavenly work.

"Qin Chen should be at the most critical moment of refining, everyone just wait patiently."

Xiaoyao Supreme looked at Guyu Pagoda intently.

"Boy, don't let me down." He said silently in his heart.

In the ancient tower.

At this moment, Qin Chen has reached the most critical moment of refining.

His fleshly body was all torn apart, and in his soul realm, the crystal beads burst out with terrifying power, tearing his soul apart directly.

unwilling to surrender.

At this moment, the crystal beads are still unwilling to surrender.

boom!

The terrifying crystal beads are like the ocean, and they want to smash Qin Chen's body directly.

Seeing that Qin Chen's soul was trembling, it was about to collapse.

"Damn, I don't believe it anymore."

Qin Chen roared angrily, and the thunder blood in his body erupted in an instant, and in an instant, the terrifying thunder in Qin Chen's soul instantly exploded like a vast ocean and swept out.

Boom!

The endless thunder light instantly filled the ninth floor of the entire Guyu Pagoda.

permeates every star.

Originally, these stars and the array above their heads were shaking violently, resisting Qin Chen, but when this thunder light enveloped these stars, these stars seemed to sense something terrifying, and they quieted down in an instant.

And Jingzhu, who was fiercely resisting in Qin Chen's soul realm, was instantly stunned.

With a bang, the next moment, Qin Chen's soul power instantly penetrated into the crystal beads, leaving his own mark.
