[Chapter 5031: all-inclusive](#)

When Qin Chen's soul power was completely integrated into the crystal beads.

boom!

On the ninth floor of Guyu Pagoda, Qin Chen's whole body was suspended, and the roar resounded. Around him, hundreds of millions of stars burst into dazzling light, and they crazily merged into Qin Chen's flesh.

These rays of light contain astonishing energy, and when they entered Qin Chen's body, he madly healed his body. Qin Chen's blood-filled body became crystal clear in an instant.

Boom!

At this moment, Qin Chen's body roared like thunder, shaking the world.

His body was actually transforming, blood and mud surging, and his bones were crystal clear, as if he was reborn.

At the same time, Qin Chen's vast soul realm also surged in an instant, and endless energy rippled out of the crystal beads and merged into Qin Chen's soul realm.

Qin Chen's soul realm has risen at an astonishing speed...

At this moment, Qin Chen's perception quickly merged with the entire Guyu Pagoda, and was integrated into the array above the Guyu Pagoda.

And the moment when Qin Chen's perception and Gu Yuta's array map were completely integrated.

hum!

The entire Guyu Tower instantly exudes a unique domain atmosphere.

Inside the Guyu Pagoda, in the ninth floor space, many refiners from Heavenly Work raised their heads in astonishment.

"what happened?"

"Why does the Guyu Tower space vibrate so much?"

Boom!

All the spaces in the Guyu Pagoda seemed to be shaken by giants, and they were all shaken violently.

The next moment, these people only felt that an invisible force enveloped them and disappeared instantly.

Whoosh whoosh!

Outside the Guyu Pagoda, thousands of craftsmen who worked in the sky appeared in an instant.

"We are... what's going on?"

"I was waiting to cultivate in the ancient tower before, why was it suddenly teleported?"

These master craftsmen appeared outside the Guyu Pagoda, and they were all dumbfounded, and all looked at the Guyu Pagoda not far away in amazement.

"What's the matter with you all?" Supreme Divine Work wondered.

Only then did these refiners see the Supreme Divine Artifact, and hurriedly stepped forward and said respectfully: "I have seen the hall master, I was cultivating in the ancient tower before, and I don't know what happened, but the tower suddenly rejected me. , Palace Master, you... what happened?"

These refiners are a little confused.

"Hahaha, it seems that this kid really succeeded in refining, and he did not live up to my expectations."

Seeing this, Xiaoyao Supreme couldn't help laughing.

"Really successful refining!"

The swordsman on the side was also stunned.

He has also entered the ninth floor of Guyu Pagoda. Naturally, he knows that the reason why so many people can enter Guyu Pagoda before is entirely because Guyu Pagoda is an ownerless thing and has never been refined, but once it is refined, Gu Yuta will become an owner, and at the moment of being refined, it will exclude other people who do not belong to Gu Yuta.

Now that these people have been rejected, it is obvious that Qin Chen has probably refined the ancient tower.

boom!

Under the eyes of the public, Gu Yuta was still trembling slightly at this moment.

"This is... a complete fusion of Gu Yuta?"

Xiaoyao Supreme stared carefully, and thoughtfully, such treasures as Guyu Pagoda were naturally not completed directly by refining. After refining, there must be a process of fusion.

now.

Inside the ancient tower.

The light of countless stars continued to enter Qin Chen's body.

It can be seen with the naked eye that Qin Chen quickly hovered in the sky and stood still, his body was like colorful glass, bright and clean, the rolling rays of light baptized his body, he was like a god!

If an outsider sees Qin Chen's condition, they will be shocked.

It should be noted that although Qin Chen's cultivation base has never entered the realm of detachment, his physical defense is already extremely terrifying.

It has almost reached the peak that this universe can reach.

But now, Qin Chen's body is still changing.

His heartbeat intensified, the power of the rainbow surging in the countless stars around him submerged into his body, and he was radiant.

"boom!"

Suddenly, Qin Chen burst into flames, the flames soared into the sky, his body was almost transparent, his flesh and blood were clear, and his organs and bones could almost be seen.

Among the transparent flesh and blood, there are thunderbolts roaming.

The pores all over his body were bleeding, the whole body was bright red, the fire was burning, crackling, and the blood was evaporated.

Qin Chen's entire figure was transformed into a **** of thunder.

At the same time, the changes in his soul were even more terrifying.

boom!

Endless thunder surging, visible to the naked eye, in the sky above Qin Chen's soul sea, the endless soul seems to have turned into a crystal clear divine liquid, and every drop of it blooms with dazzling light, which contains a shocking soul energy.

Soul and body are changing.

The power in the crystal beads, combined with Gu Yuta, is transforming his body.

The blood in his body continued to flow out of the pores, but the blood with thunder light was newly born in the body, and the faint thunder was shining.

"Crack!"

Suddenly, there was a faint sound of shattering bones, and in a trance, you could see that Qin Chen's fleshy body like colorful glazed glass had bones shattering and then growing again.

This is truly reborn.

"boom!"

Qin Chen's crystal-clear body was also broken, like a crack in a beautiful jade, and then his internal organs were shaken, the joints were rattling, and everything was reborn.

The world was dyed red, divine flames wrapped him, thunder shrouded him, he seemed to be reborn from ashes, every bone, every inch of flesh and blood, including hair, was being replaced.

It's transformation, and it's also full of pain.

Qin Chen motivated the mysterious power in the crystal beads to baptize his body, constantly changing bones and blood, and his body was revived. It was extremely powerful. He shed his original flesh and regenerated himself.

I don't know how long it took.

Suddenly, Qin Chen let out a long roar, and a rainbow burst out from his eyes. Countless power poured into his body and disappeared, and the crystal beads were completely refined by Qin Chen and disappeared.

"This ancient tower..."

Qin Chen landed on the ninth floor of Guyu Pagoda, and a thought instantly enveloped all the space of Guyu Pagoda.

"This thing..."

Qin Chen was shocked.

Although this ancient tower has only nine floors, it is all-encompassing, with ten thousand layers of void, and it is boundless.

Although the ancient tower was refined, Qin Chen had a feeling that if he exhausted all his strength, he would only be able to mobilize it. It was by no means easy.

"Go out first."

Qin Chen's figure flickered, and he disappeared in Guyu Tower in an instant.

Chapter 5032 Don't say it

Outside, Xiaoyao Supreme and others are waiting anxiously.

Suddenly, a figure flashed and appeared in front of everyone.

It was Qin Chen.

"Dust, are you alright?"

Seeing Qin Chen, Chen Sisi flew forward instantly, grabbed Qin Chen's hand, and Shangguan Wan'er also stepped forward, looking a little worried.

"What can I do?" Qin Chen smiled and hugged Sisi, and Shangguan Wan'er also consciously stepped forward to hold Qin Chen's wrist.

"Qin Chen, you have already refined the ancient tower?" At this time, Supreme Xiaoyao stepped forward and said with a smile.

"Yes." Qin Chen nodded.

On the side, Jianzu and others all showed a look of amazement, Jianzu even asked curiously: "This thing is extremely difficult to refine, I have tried it in the past, but it was not successful, can you tell you how to refine it successfully? "

Qin Chen thought about it and said, "It's actually very simple. Although refining this ancient tower is very painful, as long as you get through it, it will be fine."

simple?

make it through?

Jianzu was suddenly speechless. If it was really that simple, they wouldn't be able to refine it back then.

Qin Chen smiled and said: "Actually, this ancient tower is really difficult to refine. The most important thing is that the refining process is extremely painful, and in the end, this ancient tower will reject your refining, but as long as you stick to it to the extreme, you can. In fact, the younger generation also spent a lot of effort to refine this ancient tower."

Persist to the extreme?

Jianzu blinked his eyes and said, "I understand that I have survived the pain, but I remember when I was waiting for refining to the end, the resistance of the ancient Yuta far surpassed the half-step detachment, and I waited even if it was half a step. If you are beyond the peak, you can't bear this coercion. If you force it, you will only lose your soul, so you have to give up, you..."

Qin Chen said with a smile: "Senior Jianzu, what you said is indeed true. At the last moment, the general power cannot be subdued. I also released the power of thunder blood to subdue this ancient Yuta."

"Power of Thunder Bloodline?"

Jianzu was puzzled.

"Okay, okay." Xiaoyao Supreme even stepped forward and interrupted: "Don't ask Senior Jianzu, his bloodline power is different from yours, we can't, it doesn't mean Qin Chen can't either, you Look, I don't even ask at all, have you forgotten what I said before, people are different, understand?"

Jianzu was stunned.

He glanced behind him and nodded, "I understand."

Xiaoyao Supreme said to Qin Chen: "Can you put this thing away?"

Qin Chen nodded and turned to look at Guyu Pagoda. He raised his hand, and with a bang, the entire Guyu Pagoda shook in an instant. The next moment, the vast ancient Pagoda that stood at the headquarters of this day's work for hundreds of millions of years quickly became smaller and very small. It quickly fell into Qin Chen's hands and disappeared.

Seeing Qin Chen put away the ancient tower, Xiaoyao Supreme showed a satisfied smile: "With this thing, I can finally enter the universe sea."

"Senior Xiaoyao Supreme, do you want me to subdue this ancient Yuta just to enter the sea of cosmos?"

"if not?"

Xiaoyao Supreme glanced at Qin Chen: "Our universe has a channel to enter the universe sea, but if you want to enter the universe sea, the general body can't resist it, and it will consume a lot of life essence. Only the top treasures can safely cross. pass."

"And this ancient tower is one of them. With this treasure, you can use him to cross the sea of cosmos without worrying about physical damage."

Qin Chen was stunned.

"Let's go, give you three months to deal with your own affairs, and then meet in Renmeng City."

Xiaoyao Supreme's voice fell, and he turned and left immediately.

three months?

Qin Chen nodded.

"Back to heaven."

The first thing Qin Chen did was to return to the heaven.

Very open, Qin Chen took Chen Sisi and the others back to the East Heaven Realm to ask Hantian.

When he returned to Guanghan Mansion again, Qin Chen felt like he had passed away. Thinking back then, he rose in the Eastern Heaven Realm and grew up all the way.

"Qin Chen, you are finally willing to come back."

As soon as Qin Chen came back, Ji Wuxue said with a smile, "My great-granddaughter, but you can't think of it."

"Grandpa."

A somewhat embarrassing voice sounded, Qin Chen turned his head to look, but saw Ji Ruyue walking step by step, his eyes were red.

"Like the moon."

"dust."

Ji Ruyue slammed into Qin Chen's arms.

"You finally know you're back." Ji Ruyue cried and said, sobbing.

After being gone for so long at once, Ji Ruyue's thoughts are so deep.

"I'm sorry Ruyue." Qin Chen said while stroking Ruyue's hair.

"You're sorry Ruyue, what about me?"

At this moment, a familiar voice sounded, Qin Chen looked up in shock, and saw a beautiful figure approaching, her expression was high and cold, but her eyes were also extremely excited, and her eyes were slightly red.

It was You Qianxue.

"Qianxue, why are you here..." Qin Chen said excitedly.

Isn't Qianxue in Yaoyue Supreme? How can it be in heaven?

"Don't you want to see me?" You Qianxue said with a cold face and a snort.

"No, I'm just a little surprised." Qin Chen hurriedly explained.

He stepped forward in a hurry, naturally another good coax.

Qianxue didn't really get angry, and quickly calmed down. It turned out that Supreme Xiaoyao knew that Qin Chen was going to leave, so he asked his wife Yaoyue Supreme to put Qianxue back in the heaven.

At this meeting, the two sides naturally have nothing to say.

When Qianxue and Ruyue saw Sisi, they were also very excited.

Although they had already heard about Sisi's news from other people's mouths, they were still excited when they saw it with their own eyes.

When a group of people meet, it is naturally very lively.

That night, all the people in Chendi Pavilion gathered here, the black slaves and the others were all excited, and the old man Qin Batian was also very happy.

During the period without Qin Chen, Chendi Pavilion developed better and better under the leadership of Eternal Sword Master and Ji Wuxue.

After the dinner, Qin Chen and Sisi returned to the room.

"dust!"

Ji Ruyue was the first to snuggle up.

Immediately afterwards, You Qianxue and Chen Sisi also stepped forward and hugged Qin Chen, and Shangguan Wan'er also walked up slowly.

"Sorry for making you suffer."

Qin Chen hugged a few people and said movingly.

"Don't say it, I want it!" Ji Ruyue leaned close to Qin Chen's ear and said two words softly, her fragrant tone slammed on Qin Chen's neck, warm and hot.

Qin Chen suddenly shuddered.

"What?"

He looked at the girls in amazement.

The women in front of them were like a pool of spring water, each of them was so charming that it was indescribable.

The next moment, Qin Chen was pushed directly onto the bed by the girls, and suddenly, the sound of Qin Chen's screams came from the room.

At this moment, in the courtyard outside the house, a lonely figure was standing here, it was Murong Bingyun, she listened to the fierce voice from the room, her expression was extremely lonely and lonely.

While Murong Bingyun was standing like that, several voices came over from outside the courtyard.

It was Zhao Lingshan, Princess Zixun and others.

"you..."

Murong Bingyun looked at them in astonishment, her face flushed slightly, as if something had been seen through.

[Chapter 5033: not too much](#)

In the room, warm fragrant nephrite jade.

At this time, Chen Sisi surrounded Qin Chen, laughing softly, and talking about lovesickness.

You Qianxue and Ji Ruyue were also on the side, their bodies were soft and boneless, their eyes floated, and they were charming and moving.

Such a scene made Qin Chen overwhelmed.

In the past, You Qianxue and the others were quite reserved, and they still maintained the shyness of young girls, but after so much experience, they have come to a deep awakening.

Life is too short to live up to your lover for some secular prejudice? Let down some good things.

Just in time is the most important thing, because no one knows which accident or the future will come first.

Over the years, no one knew how tormented their hearts were, did not know where Qin Chen was, and did not know where Qin Chen was, but he did not have much ability to help Qin Chen, so he could only wait patiently. , the kind of anxious emotion that can't be described in words at all.

They hate themselves and their inability to help Qin Chen.

Now that they saw Qin Chen again, endless thoughts burst forth. They no longer wanted to suppress their inner emotions, and directly expressed their desires.

In the courtyard outside the room.

When Zhao Lingshan and the others met Murong Bingyun, their faces were all blushing.

They all pretended not to see each other, and just stared at the room inside with envy.

The sound from there made them feel hot, hot as fire, and their eyes were flowing, as if water could drip.

Although Qin Chen was not a new recruit, how could he withstand the tossing of a few people? Qianxue and the others snuggled up on Qin Chen's body, exhaling like a blue orchid, and fell asleep when exhausted.

Looking at the few people in front of him, Qin Chen smiled bitterly. He didn't know their feelings for him. He caressed the skin of several people with his hands, and smelled the aroma of several people. While he was happy and satisfied, his heart was also heavy.

Qianxue and the others have worked too hard to follow him. In this life, he must not allow them to suffer any harm.

Early the next morning.

Three poles in the sun, several people woke up, and with a slight movement, several people looked at each other and smiled, and then climbed up again.

After some early practice, Qin Chen went to breakfast.

At this time, Murong Bingyun, Zhao Lingshan, Princess Zixun, Wei Siqing, Qin Tingting, Ao Qingling, Li Wanxue and others were also dining in Chendi Pavilion. , thinking of something, could not help but blushed.

When Chen Sisi and the others saw a few people, their faces flushed slightly, and then they returned to their natural state.

With their strength and consciousness, even in that situation, they can still sense the movement in the yard, but they are generous and natural.

It is natural for men and women to love each other.

"Several, if you want to come over at night, why don't you come together?" While eating, Chen Sisi chuckled lightly and reminded her.

Aside, Qin Chen's hands trembled.

"Chen, if you're tired, eat a piece of starry sky oysters to make up for it."

Ji Ruyue even picked up a piece of star oyster and put it into Qin Chen's bowl.

You Qianxue also picked up a piece of seahorse meat from the Galaxy of Rebirth, and handed it to Qin Chen's mouth.

On the opposite side, Murong Bingyun and the others suddenly blushed even more.

"Less dust..."

At this time, the black slaves came with Gu Gu, Tian Xing Zhenren, Ao Lie, Gu Zhenren, Fu Qiankun, Mo Yuanbai and others.

Now, they are all the people in power of Chendi Pavilion in various places in the heavens. Although the cultivation bases are different, some are only venerables, but in the whole heaven, they already have great prestige.

"Cough, it seems that it is not the right time for the subordinates to come down. The subordinates will come back later."

The **** hurriedly turned around and left.

See no evil, see no evil.

"Daughter, you must do your best. The future of my Ao family depends on you. Although it's not your turn to be the wife, but if you can become a confidante by Chen Shao's side and give birth to a son and a half daughter, then being a father will be yours. I am satisfied, after all, Chen Shao is now the savior of this universe, a hero who stands above the ground."

Before leaving, Ao Lie hurriedly sent a voice transmission to Ao Qingling.

This master who stood on the big ship of Qin Chen not long after Qin Chen flew to the heaven, is now a powerful party in the heaven.

"father!"

Ao Qingling shyly transmitted his voice.

puff!

Although the sound transmission between the two of them was secret, how could it be concealed from Qin Chen's consciousness? He immediately spit out the Liuwei Di Huangjiu that Shangguan Wan'er had just poured into his mouth.

"Cough, I'm done eating, nigger, wait for me, wait for me."

Qin Chen hurriedly stood up and caught up with the black slave.

Within three months, he wants to settle everything in the Chendi Pavilion. Moreover, the black slaves and the others follow Jianzu and they learn how to manage the alliance city. Today's venerable cultivation is naturally not enough. Qin Chen must be in these three months. Inside, lay their foundation well, and then improve their cultivation base.

puff!

Seeing Qin Chen walking away in embarrassment, everyone smiled.

In the following days, Qin Chen began to arrange everything in Chendi Pavilion, communicated with the black slaves every day, and let them enter the chaotic world to use the flow of time to improve their foundation.

With Qin Chen's control over the source of time today, black slaves and the others spend a day in the chaotic world, which is almost equal to a year in the outside world.

In addition, people from Chendi Pavilion kept coming to visit Qin Chen, and Qin Chen was constantly repairing the origin of the heavens.

And every evening, Qin Chen would be called away by Chen Sisi and the others with trembling legs.

Three months passed quickly.

Boom!

On this day, the universe vibrated directly, the void of the Eastern Heavenly Realm split open, and several figures emerged from the cracks.

It was Xiaoyao Supreme, Jianzu and others, and beside Xiaoyao Supreme, stood a beautiful woman, gentle and elegant, with a smile on the corner of her mouth.

"Qin Chen, it's time to go."

Xiaoyao Supreme said with a smile, his voice rumbled, and instantly spread throughout the entire Chendi Pavilion.

Whoosh!

The next moment, several figures also flew up from the Chendi Pavilion, the leader was Qin Chen, and Chen Sisi and the others followed.

"Senior Xiaoyao Supreme, Senior Sword Ancestor."

Qin Chen and the others saluted.

"Master."

When You Qianxue saw the woman beside Xiaoyao Supreme, she immediately saluted.

This person is Yaoyue Supreme.

"Qin Chen, you... how did you become like this?"

In the crowd, Jianzu saw Qin Chen, his expression suddenly stunned, his eyes were round, and his mouth opened instantly.

"What's wrong with me?"

Qin Chen was shocked?

"Cough, Qin Chen, although you are young and in good health, you should also pay attention to restraint."

Xiaoyao Supreme coughed, then glanced at the beauties around Qin Chen, raised his hand, and a bottle of medicinal pill flew towards Qin Chen: "Cough, this is the Heaven and Earth Jiuyang Dabu Pill refined by this seat, hurry up Take it back and make it up, although this yin and yang supplement is the way of human beings, but it should not be too much."

Xiaoyao Supreme said with a smile.

[Chapter 5034: Go to the sea of cosmos](#)

Qin Chen heard the words, his face turned green, what's the matter?

Are you so foolish?

"Okay, get ready and go."

Xiaoyao Supreme smiled and said.

Qin Chen glanced at everyone.

"Dust, be sure to come back safely."

Everyone looked at Qin Chen, and this time they parted, and they didn't know when they would be able to meet.

"Don't worry, everyone, this universe has now reached the end of reincarnation. If you don't break through detachment, you can't bring everyone out of reincarnation, so this time I will definitely become detachment."

Qin Chen said silently.

Although the troubles of the demons have been solved, the crisis in this universe has not been resolved.

Not to mention that this universe has reached the end of reincarnation, just because the ancestor of Yuanmo has not died, it is a sharp sword that has been hanging over Qin Chen and the others. With the strength of the ancestor of Yuanmo, he went to the underworld. The probability of breaking through detachment is not small. Once he achieves detachment and unites the entire underworld, can they resist it?

The underworld is a top force that is extremely terrifying in the entire sea of cosmos. Compared with the dark family, it is much stronger. If there is a strong person from the underworld, the senior in the virtual sea is strong, afraid. It may not necessarily be able to resist the invasion of the underworld.

In addition to the underworld, although the dark family has retreated, the personality of the dark family will never endure it, and will try their best to invade this universe again.

Therefore, Qin Chen and the others must not sit still.

After saying goodbye to everyone silently, Qin Chen took Chen Sisi and others to set off quickly.

This time they went to the universe sea, Chen Sisi and the others naturally did not want to be separated from Qin Chen. Although they could not survive in the universe sea for the time being, they could stay in Qin Chen's chaotic world and accompany Qin Chen.

After a group of people arranged things, they quickly went to that mysterious place under the leadership of the Supreme Being.

boom!

After constantly flying, everyone quickly came to a place full of chaos.

"here is?"

In this world, there is a strong chaotic atmosphere everywhere, and the rolling power is directly suppressed on Qin Chen's body like a vast ocean.

Qin Chen can feel that in this place, the power in his body will be severely suppressed. Generally, the peak supreme cannot easily survive here. I am afraid that only a half-step detached powerhouse can walk freely here.

Xiaoyao Supreme said lightly: "This is the original place of the original universe, which is called the original universe."

"The beginning of the universe?"

"Yes, this early universe is the weakest place where our universe is connected to the universe sea. In this early universe, there is a black hole connected to the universe sea, called Gaia black hole. As long as you enter this black hole, you can enter the universe. in the sea."

Gaia's black hole is the most powerful black hole in Qin Chen's universe.

"Hoo-hoo!"

With the deepening of Qin Chen and the others, the powerful swallowing and twisting force acts on Qin Chen and them at this time. If an ordinary Supreme enters, it will be turned into fly ashes in an instant.

But for Qin Chen, Xiaoyao Supreme, Jianzu and Jianmo, these half-step transcendence powerhouses, this is nothing, as for Chen Sisi and the others, they have been brought into their own chaotic world by Qin Chen, usually it is impossible at all. left.

Qin Chen and Xiaoyao Supreme quickly reached the deepest part of the black hole.

"That is to cover the body of the black hole." Xiaoyao Supreme pointed to the front.

Qin Chen glanced at it.

It is a tens of thousands of kilometers, the whole black sphere, the surface of the sphere has an endless chaotic aura surging, the countless forces in the surrounding initial universe are devoured by him crazy, and once it enters this black hole, it will be instantly annihilated into nothingness.

And around this black hole is a terrifying endless twisting and swallowing power.

The depths of this Gaia black hole is one of the membrane walls of the entire universe, and the membrane wall is also torn out by this twisting force to a hole with a diameter of nearly 10,000 kilometers.

brush! brush!

Qin Chen and Xiaoyao Supreme came to the black hole.

"Qin Chen, outside this black hole, the connection is the universe sea. From here, you can enter the universe sea." Xiaoyao Supreme said: "This point, the sword demon should know best."

The sword demon saluted and said, "Master, my subordinates entered the sea of cosmos from here by accident."

"Not only the Sword Demon, but the Heavenly Secret Sect Master also left this universe from here." At this time, the Sword Ancestor also said with a smile.

"The Sect Master of the Heavenly Secret Sect also went to the Universe Sea?"

"Exactly." Jianzu nodded: "At that time, the sect master of Tianjizong knew that we could not resist the dark family, and decided to go to the universe to find opportunities. Who knew that there would be no news after this, and I don't know what happened now, I'm afraid it is ..."

Jianzu shook his head and sighed.

Obviously, he was worried that the Sect Master of the Heavenly Secret Sect had already lost his luck.

Sword Demon said: "Master, after I enter the Gaia black hole, I can go all the way out. This Gaia black hole is actually embedded on the cosmic barrier. Through the black hole, we can enter the cosmic sea, but the cosmic sea is extremely vast and vast. There are many dangers in it, the time and space there are very disordered, and if you are not careful, you may perish."

Xiaoyao Supreme said: "In fact, in the history of this universe, there are still many people who have entered the universe, but most of them have disappeared, and I am afraid that almost all have fallen."

Qin Chen looked at the black hole in front of him and wondered: "If this black hole is connected to the universe sea, why would the dark family force their way into this universe instead of entering this universe from outside the black hole?"

Xiaoyao Supreme shook his head and said: "Although this black hole is connected to the sea of cosmos, the power of the source of the universe is extremely powerful here. , but it is difficult to enter from the outside, if it is not for the creatures of this universe, even if the detached powerhouse rushes in, it will be completely suppressed by the origin of the universe and directly obliterated here."

"So the dark clan would rather come forcibly than enter from here."

"Okay, let's go."

Xiaoyao Supreme's voice fell, and Qin Chen and others quickly approached the black hole.

Boom!

The terrifying power came instantly.

"Qin Chen, the power in this sea of cosmos is extremely terrifying. Remember to release Guyu Pagoda directly after entering it, enter Guyu Pagoda, and use Guyu Pagoda to resist, otherwise, if you are not careful, you will be shattered."

Before entering Gaia's black hole, Xiaoyao Supreme said.

"Yes."

Qin Chen nodded and released Gu Yuta directly.

"Senior Jianzu, I will leave first, and this universe will be handed over to you for the time being." Qin Chen and Xiaoyao Supreme said.

"You can rest assured."

Jianzu nodded.

The next moment, Qin Chen and Xiaoyao Supreme went directly into the black hole.

[Chapter 5035: finally came](#)

boom!

As soon as the two entered the black hole, a terrifying force came, tearing them frantically.

In this black hole, there are extremely astonishing terrifying forces around. Looking at the mist-like chaotic airflow that pervades the surroundings, the endless chaotic airflow produces monstrous coercion, and the oppression is so strong that it is simply appalling.

Although these chaotic air currents did not deliberately attack, the coercion of the natural distribution is enough to wipe out a peak supreme.

Only a half-step detachment powerhouse can resist, but even if it is half-step detachment, a careless person may lose his soul.

"What a terrifying coercion." Qin Chen was surrounded by Gu Yuta for protection, and said in a deep voice.

"This is the chaotic airflow at the beginning of the universe's birth, and it is the energy source of a universe." Xiaoyao Supreme urged his barren tower, and Qin Chen walked in this Gaia black hole, "This chaotic atmosphere also protects our universe. The core thing, without this chaotic airflow, our universe would have been invaded long ago."

Qin Chen nodded, and he could also feel that it was this chaotic airflow that guarded the world.

"Leaving the Gaia black hole where the chaotic airflow is located is rushing in the cosmic sea." Supreme Xiaoyao looked up and looked forward.

Qin Chen also looked up.

I saw a huge gap in the front of the hole. Beyond that gap, there was a vast world, and countless strange powers circulated, like a dark deep sea.

"Is that the universe sea?"

Qin Chen concentrates.

"Be careful."

As Xiaoyao Supreme's voice fell, the two instantly left the black hole and entered directly into this strange world. Clap la la, countless powers eroded in an instant, and each of these powers was as heavy as a thousand pounds, and the cover was pressed down. , enough to tear apart an endless continent.

Such a force is terrifying, as if it will tear Qin Chen's body to pieces in an instant.

At a critical moment, the ancient tower above Qin Chen's head quickly burst into a trace of divine light, guarding him in it.

"This is the sea of cosmos."

Qin Chen looked around, the vast power surged and was extremely mysterious. There was some kind of special radiation energy dissipating between the heavens and the earth. If ordinary people were exposed to such energy, their bodies would rot and turn into ashes in a short period of time.

Only the supreme-level powerhouse, who controls the existence of one party's supreme rules, can resist the erosion of such a force.

But even so, the lifespan of the Supreme here will decrease rapidly.

In the primordial universe, the supreme lifespan is almost endless, and the rules of the avenue cannot erode them, but in this sea of cosmics, the strange rules here will instantly invade everyone's body.

It can be said that an ordinary supreme being in this sea of cosmics for hundreds of years will be completely old, and a peak-level supreme can survive for thousands of years at most.

"It's no wonder that the universe has entered the end of reincarnation, and once it is destroyed, all creatures will fall."

Qin Chen suddenly realized that under the power of such rules, Peak Supreme can only survive for a thousand years, let alone ordinary people?

"Qin Chen, if you leave here, you will enter the sea of cosmos, and it can be regarded as a real departure from the original universe that nurtured us." Supreme Xiaoyao looked behind him.

Qin Chen also turned around and looked over.

Not far behind is the irregularly torn opening of the membrane wall. At first glance, I can see that the huge membrane wall spreads out to the surrounding, as if the huge curtain wall will never end, as if the entire universe sea is covered. Directly obscures the other half.

"This is the original universe, the cradle that nurtured all races, and the cradle that nurtured me?" Qin Chen said silently in his heart. At the same time, he couldn't feel the pressure of the original universe at all. He only felt magnificent and full of intimacy.

This is because he is a creature conceived in this initial universe, so he will naturally have a sense of intimacy.

"In the sea of cosmos, no matter how lost you are, as long as the distance is not too far, you can feel the attraction of the original universe. If you encounter any danger, as long as you hide in the original universe, you will be safe and sound." .

Qin Chen nodded slightly, without having to say that Xiaoyao Supreme, he has also felt the attraction of the initial universe to him, this is a deep feeling, not strong, but very clear.

"let's go."

Xiaoyao Supreme took Qin Chen and quickly swept into the sea of cosmos.

"The sea of cosmos is vast, like a vast ocean, and the initial universes are like islands in the sea. The first thing we need to find is some land or secret realms in this sea of cosmics."

Xiaoyao Supreme explained while flying.

The cosmic sea is extremely dangerous, and the tides in it can completely destroy people if they are not careful. Only by finding a land where people live can be regarded as a place of opportunity.

Qin Chen nodded, and the two flew quickly, but in the process of flying, Xiaoyao Supreme was always vigilant.

"Qin Chen, we must be careful when we come out this time. Have you seen some wormholes around them?" Xiaoyao Supreme said.

Qin Chen nodded, there were broken wormholes in the surrounding void.

"These wormholes, some lead to some secret realms, and some lead to some dangerous places. If you are a supernatural powerhouse, you can naturally enter them to explore, but we have to be very careful, because the dangerous places in the sea of cosmos are far away. It's beyond your imagination, some wormholes you rashly break into, I'm afraid you will be torn to shreds by terrifying power in an instant."

Xiaoyao Supreme took Qin Chen through the sea of cosmos while introducing to Qin Chen.

Although Xiaoyao Supreme is not a detached powerhouse, Qin Chen always feels that Xiaoyao Supreme is quite familiar with this cosmic sea and knows a lot of things.

The two continued to fly, and it was unknown how long it took. Suddenly, a huge celestial object appeared in front of them, suspended in the void of this cosmic sea. .

It's just that the cosmic membrane wall is too broken. At a glance, Qin Chen can see hundreds of broken irregular holes and cracks, making the chaotic air flow completely through the cosmic sea and the cosmic membrane wall.

"What is this?" Qin Chen asked in shock.

Xiaoyao Supreme looked at the broken universe from afar, and said softly, "At the end of the reincarnation, the original universe has fallen into ruin."

"Broken universe?" Qin Chen was shocked.

The universe in front of them is incomparably vast, and they can't see the edge at a glance, and they don't know how big or small it is from the original universe they were in. If you think back then, it must have been an extremely magnificent civilization, but now, it is like a broken ruin. Suspended in this cosmic sea, it became a desolate existence.

"The end of the universe's reincarnation, is that so?"

At this moment, Qin Chen finally understood how terrifying the reincarnation of the universe is. Once it reaches the end of reincarnation, the cosmic wall membrane cannot resist the breath of the cosmic sea, and the breath of the cosmic sea will wash away the cosmic wall membrane like a flood, destroying the entire universe.

At that time, all the creatures in that universe will fall completely because they can't resist the power of the universe sea.

"Let's go."

Xiaoyao Supreme said something to Qin Chen, turned around and was about to leave, at this moment.

"Hahaha, the ancestor really said it right. Sooner or later, the guy from the initial universe will enter the universe sea, which really made me wait."

A sound of laughter suddenly resounded in this cosmic sea. The next moment, boom, a huge palm appeared in the endless cosmic sea, and it was slamming down towards Qin Chen and Xiaoyao Supreme, destroying everything.

[Chapter 5036: dark detachment](#)

The cosmic sea is vast and boundless. Countless stars are dotted in the sky and the earth, and they will shine day and night. Of course, this endless sea cannot be dark, but it is not so bright.

At this time, Qin Chen and Xiaoyao Supreme were just about to leave when suddenly, a giant hand appeared out of thin air and slapped them down hard.

A big hand, coming from nowhere, but it is showing infinite power and fierceness.

"No, is it the detached powerhouse of the dark family?"

Xiaoyao Supreme scolded, his expression changed greatly, boom, the barren sky tower above his head glowed, and he brazenly greeted the big hand above his head without hesitation.

At the same time, he shouted at Qin Chen: "You go first."

When the words fell, Xiaoyao Supreme rose into the sky.

Buzz!

Three terrifying martial soul powers burst out from him in an instant, the earth martial soul, the life martial soul, the devouring martial soul...

At the moment when this big hand appeared, Xiaoyao Supreme felt a power that completely overrides him. Obviously, the owner of this big hand is definitely a detached powerhouse. Therefore, Xiaoyao Supreme showed his best as soon as he came up. The peak attack, without any hold.

In the face of such a strong man, if he dares to keep his hand, he is courting death.

Between heaven and earth, I saw the half-step detachment power that reached the peak of the extreme condensed crazily, and then merged into the barren sky tower. Under the urging of Xiaoyao Supreme, the barren sky tower was entwined with the endless light of the avenue, resisting towards the big hand. And go.

boom!

The barren sky tower and the big hand collided together, and the heaven and earth suddenly cracked, the light of the avenue trembled, and spread to the sea, causing a tsunami at least ten thousand feet high, which shot in all directions.

Such a terrifying attack, if it was in the initial universe, would be enough to destroy a group, but in this sea of cosmos, it just stirred up huge waves.

boom!

Under the bombardment of the big hand, the Huangtian Tower flew out quickly, and the chaotic atmosphere filled the air, smashing countless voids, and the Supreme Xiaoyao also fell back under this blow, snorted, and a trace of blood overflowed from the corner of his mouth. .

one strike.

With just one blow, Xiaoyao Supreme, known as the strongest in the initial universe, was already injured.

This is the gap between non-detachment and detachment. Even if Xiaoyao Supreme has reached the peak of half-step detachment, it can be regarded as a powerhouse that is infinitely close to detachment, but not detachment is not detachment, just like the difference between clouds and mud , cannot be compared at all.

"Huh? You actually blocked my blow. You guys have two hits. No wonder I heard that my dark clan's mission to invade your universe failed. Unfortunately, you still have to die when you meet me."

Seeing that Xiaoyao Supreme actually blocked his own blow, there was a look of surprise in this voice, and with the surprise, the big hand condensed again and patted it.

The giant hand is so large that it seems to be able to accommodate the world and the earth, and it instantly comes to the front of the Supreme Supreme.

It's like squeezing an ant to death.

boom!

Xiaoyao Supreme madly urged the Barren Sky Pagoda to block in front of him again. The next moment, he madly retreated, with a bang, his robes were shattered, and his body was dripping with blood. It was almost smashed, and it was terrible.

"boom!"

The giant hand did not give Xiaoyao Supreme a chance, and crushed it again.

At a critical moment, a dazzling sword light suddenly lit up, the sword light soared, and slashed on the giant hand, like pushing a golden mountain down a jade pillar.

With a bang, the giant hand was split open, and the next moment, countless sword energies containing murderous intent gathered crazily.

Accompanied by the sword light in the sky, is a quaint pagoda, which appeared directly under the giant hand and resisted in front of Xiaoyao Supreme.

Boom!

The giant hand slapped on the Guyu Pagoda fiercely, and the Guyu Pagoda trembled violently.

In the midst of the monstrous ocean, a figure groaned and regained control of the ancient tower.

It was Qin Chen.

"Senior Xiaoyao Supreme, are you all right?"

Qin Chen was driving Gu Yuta and asked in a deep voice.

"You boy..."

Xiaoyao Supreme looked ugly, "Didn't I let you run first?"

Qin Chen said solemnly: "The strong enemy is ahead, how can I, Qin Chen, run first?"

"You..." Xiaoyao Supreme was anxious, "the other party is the detached powerhouse of the dark clan. With your and my strength, even if you join forces, you may not be his opponent. It's useless for you to stay, it can only be a dead end."

"So what?" Qin Chen's eyes were sharp, "If I run away directly, it will be regarded as a broken heart, which is worse than death."

After the words fell, Qin Chen had already come to Xiaoyao Supreme.

At this moment, a voice full of killing intent came from between heaven and earth.

"Unexpectedly, in a small initial universe, there are actually two unparalleled geniuses. With a half-step detachment, they can block the attack of this seat. It's unbelievable. It's a pity that such a genius is going to die in the hands of this seat today."

Between heaven and earth, an icy voice sounded, and then, boom, the endless cosmic sea was repelled, and a majestic figure walked out from the vast cosmic starry sky.

This figure is majestic, like the sun and the moon, and the sky and the earth. His big feet are incomparably huge, and when he steps down, the endless sea water ripples, and endless waves are rolled up.

Moreover, when he walked, the countless strange forces in the universe sea could not get close to his body at all, and were repelled by him.

boom! boom! boom!

He walked step by step, his body was tall and tall, and his feet stepped on the cosmic sea, as if an adult stepped in a puddle and was not eroded by the cosmic sea.

"Transcendence!"

Xiaoyao Supreme and Qin Chen quickly gathered together, and their eyes became solemn.

Is this the transcendence powerhouse?

Even the strange aura of the cosmos sea can't approach, they seem to be outside the space and time of this world, water and fire are invincible.

It is no wonder that the detached powerhouse can cross the universe sea without worrying about Shouyuan being affected.

"Little thing, go to hell."

This majestic figure drank coldly, slapped it again with a palm, and with a loud bang, the heaven and earth shook directly, forming a terrifying tsunami.

For a moment, Qin Chen felt as if he was imprisoned in a small world, and the endless power of detachment surged, making it extremely difficult for him to breathe.

"Damn, it's hard."

Qin Chen gritted his teeth and banded, the sword qi surging on his body, a terrifying killing intent shot up into the sky, and the killing intent sword qi instantly merged into himself.

"cut!"

A ferocious flash flashed in Qin Chen's eyes, his body swayed, he did not retreat but advanced, and slashed directly at the big hand that reached the sky.

With a bang, two terrifying forces collided, instantly forming a rolling impact, tearing the wall of the broken universe all around.

The terrifying killing intent that erupted from Qin Chen's mysterious rusty sword formed a sword pillar that reached the sky, ruthlessly blocking the big hand of the towering powerhouse.

[Chapter 5037: detachment](#)

"Well, a little thing that doesn't know how to live or die, if it doesn't reach detachment, it also wants to fight with this seat, it's ridiculous."

The detached powerhouse of the dark clan sneered, squeezed hard with his big hand, and with a bang, the Heaven-reaching Sword Intent displayed by Qin Chen exploded directly.

"Pinch you to death, this seat is like pinching an ant to death."

And while the detachment powerhouse sneered, the endless detachment power gathered, instantly covering the mysterious rust sword in Qin Chen's hand, and directly wanted to crush the mysterious rust sword in Qin Chen's hand.

However, when he held Qin Chen's mysterious rusty sword in his hand, he was startled.

Can it be crushed?

Instead, a terrifying killing intent was going to flow directly into his body along the mysterious rust sword, tearing his body apart.

what the hell?

He was startled suddenly.

With his cultivation level, he would crush the treasured soldiers of half-step detachment directly, but he couldn't crush the mysterious rust sword in Qin Chen's hand. Could it be a treasure of detachment?

He looked at Qin Chen in shock, a Tianjiao of the initial universe, who actually had a detached treasure on his body, what a joke?

"die!"

He shouted angrily, and the rolling power of detachment rolled down directly towards Qin Chen.

At this time, the terrifying power of detachment directly enveloped Qin Chen, tearing Qin Chen apart.

Seeing this, Qin Chen's pupils flashed a ferocious look.

boom!

The thunder bloodline in Qin Chen's body erupted in an instant, and at the same time, Qin Chen directly stimulated the terrifying killing intent in the mysterious rusty sword.

His eyes turned **** in an instant.

Fusion of killing intent swordsmanship.

In an instant, the void in all directions boiled, and the power of the entire universe seemed to be divided.

Seeing that Qin Chen actually vibrated the power around the universe sea, the dark clan's detached eyes suddenly narrowed, "Killing intent?"

At this time, Qin Chen's right hand spread out, and the mysterious rusty sword burst out.

laugh!

This sword was swayed, and a sword light directly slashed towards the dark family detachment.

Wherever the sword light passed, the detachment force displayed by the dark family detachment was cut open.

Seeing this, the detached face of the dark family suddenly became difficult to look at. The next moment, he took a step forward and punched out!

boom!

With this punch, a vortex of ten thousand feet appeared directly in the cosmic sea in front, and the killing intent sword qi displayed by Qin Chen was constantly annihilated!

The power of transcendence.

Qin Chen's eyes narrowed slightly, the opponent is a detached powerhouse, his power is almost far superior to his own, and he can even directly alarm the universe sea!

The power of the opponent can shake the sea of cosmos!

Boom! This fist collided with the sword light, and a terrifying force suddenly spread around. Qin Chen was stunned by this powerful force and retreated tens of thousands of feet. With a bang, the universe behind him The sea roared directly, and the black

The dark family is detached but has not retreated half a step. His whole body exudes a strange dark light, and these lights forcibly block all the aftermath of power for him!

The dark family detached and waved their hands gently, and the aftermath of the power around them dissipated without a trace! The dark clan looked at Qin Chen with detachment, "I never imagined that such a small universe could give birth to a genius like you and possess such a magical weapon. Unfortunately, although your sword is special, your cultivation base cannot motivate it at all. , you root I couldn't activate the detachment treasure, and it couldn't hurt me at all. "

The detached eyes of this dark family stared at the mysterious rusty sword in Qin Chen's hand, showing excitement: "This sword should return to its seat soon."

A detached treasure is also extremely precious to a strong man like him.

Qin Chen was silent.

He found it too!

Just relying on the sword energy and sword light can't hurt this guy! Although the mysterious rust sword is very strong, he can only mobilize a small part of it, and such a force triggers the terrifying killing intent in the mysterious rust sword, which can easily kill any half-step detachment, but cannot hurt the real detachment

strong.

The dark family stared at Qin Chen detachedly, "Human, are you ready to die?"

The voice fell, and the right hand of the dark detachment powerhouse clenched tightly.

Boom!

In an instant, the time and space of the universe sea around him distorted directly at this moment, and a terrifying force spread out to the surrounding like a storm, and the powerful pressure directly suffocated Qin Chen!

Qin Chen's eyes slowly closed, and within his body, the blood of Thunderbolt boiled directly!

In the face of this terrifying dark clan master, he dare not hide his strength, otherwise, he will surely die!

At the same time that Qin Chen motivated Lei Ting's bloodline, the transcendental origin of the Black Demon Ancestor Emperor in his mind was also motivated by him in an instant.

Since his own power cannot mobilize the mysterious rusty sword, the Black Demon Ancestor Emperor can always transcend the origin, right?

boom!

With the activation of Qin Chen's thunder bloodline and transcendence, a terrifying dark aura suddenly swept out of his body!

Feeling the terrifying dark aura blooming from Qin Chen's body, the dark family's detached eyes suddenly showed a look of shock, "Dark detachment power? How do you have the dark detachment power?!"

At this moment, Qin Chen's left hand suddenly spread out, and in an instant, countless dark and detached powers poured out of his body, and finally fell into the mysterious rusty sword!

Thunder bloodline, dark detachment power, plus killing intent sword art!

Seeing this scene, the detached face of the dark family suddenly became ugly: "It seems that you have a lot of secrets, just kill you, and everything belongs to this seat."

As he spoke, his right hand clenched slowly, and suddenly, the surrounding universe sea trembled violently at this moment!

The powerful physical strength has already made this sea of cosmos boil!

Feeling this scene, the corners of Qin Chen's mouth twitched, and for a moment, his mind was filled with endless killing intent!

He also wanted to fight to the death.

It's so frustrating to be surrounded and killed all the time.

Qin Chen frantically triggered the killing intent in the mysterious rust sword, and the killing intent exploded and released frantically.

When the power of thunder bloodline and the power of dark detachment were released and merged into the mysterious rust sword, Qin Chen's momentum reached an unprecedented peak at this moment!

In the distance, the dark clan detached their eyes and narrowed their eyes, and their eyes were full of hideous colors. In his right hand, the power became more and more terrifying.

At this moment, Qin Chen suddenly tried his best to slash down with a sword!

laugh!

A pitch-black sword light burst through the air, and where the sword light passed, the air was directly torn apart!

At this time, the dark family detached suddenly took a step forward and punched out!

Hard touch!

Boom!

A punch fell, and a sword light and fist light burst out suddenly, and the entire universe sea was directly twisted at this moment!

In the universe, Qin Chen flew out in an instant, and flew out millions of feet!

With a click, cracks appeared in his body, which were directly torn apart by the terrifying fist intent.

On the other side, the detachment of the dark family also retreated again and again, retreating nearly ten thousand feet.

At the same time, a bloodstain appeared on his fist, and blood spurted out.

he got hurt.

At this moment, the dark clan looked at Qin Chen in disbelief.

Qin Chen actually hurt him. How can it be?

[Chapter 5038: Chinese cabbage](#)

And while he was shocked, suddenly, boom, a terrifying coercion was directly suppressed. This dark detachment powerhouse looked up and saw a quaint pagoda above his head suppressing it, and terrifying chaotic auras scattered from the pagoda. These chaotic auras had the meaning of suppressing everything.

It fell on the body of this dark detachment powerhouse.

Boom!

In an instant, the void surrounding the dark detachment powerhouse boiled directly.

This pagoda is the barren tower.

When Qin Chen was fighting against this dark and detached powerhouse, Xiaoyao Supreme finally found the opportunity to directly push the barren tower cover down.

boom!

He saw Xiaoyao Supreme was boiling with blood, and at this moment, he even directly burned his own origin.

The barren sky tower contains a terrifying aura, suppressing one world.

"Damn ants, even you dare to come and be presumptuous."

This dark detachment powerhouse had a ferocious face, his right hand clenched his fist, and a terrifying power instantly gathered into his fist, and then, he punched the barren tower in the sky brazenly.

Boom! Just heard a roaring sound resounding through the sky, the fist of this dark detachment powerhouse slammed directly on the barren sky tower, the barren sky tower was immediately blasted into the sky millions of feet, but it was not completely thrown away. out, but violently

Shaking, continued to suppress this dark detachment powerhouse.

What?

This dark detachment powerhouse's eyes widened, and his punch was so powerful that he failed to blast away this quaint pagoda.

Beyond the treasure?

Another piece of transcendence!

At this moment, he looked shocked, what is the existence of this initial universe? Even this guy has a detachment treasure on his body?

When did the detachment treasure become Chinese cabbage?

It should be noted that even in the sea of cosmos, transcendence treasures are not meant to exist.

At the same time as his anger was in his heart, he was followed by ecstasy.

He posted this time.

"Bring it to this seat." Immediately, the dark detachment powerhouse shouted angrily, and slammed his palm towards the barren tower above his head. With a bang, the power of swallowing was condensed in his palm. A terrifying force bound the barren tower,

The Barren Sky Tower was brought to the camera.

"Hey, with my god, it is integrated into the tower body, the pagoda has a spirit, and the soul is destroyed!"

Xiaoyao Supreme body flickered, suspended above the barren sky tower, and then, a terrifying soul force surged out of his body, and the powerful soul aura instantly merged into the barren sky tower, guarding the barren sky tower's artifact spirit .

This barren sky tower is his life treasure, and his breath has been completely integrated, even the detached powerhouse can't easily capture it.

While imprisoning the Barren Sky Pagoda, Xiaoyao Supreme even looked at Qin Chen and shouted: "Qin Chen, don't do it yet."

There is no need for Xiaoyao Supreme to speak at all. Qin Chen in the distance has calmed down. His palm is spread out, and the mysterious rusty sword trembles violently. The next moment, he directly disappears in place!

Thunder killing intent!

boom!

This time, Qin Chen directly integrated his own thunder bloodline into the killing intent, and one after another terrifying thunder burst out from the sword body instantly.

Aware of the specialness of Qin Chen's sword, the dark clan's detached eyes suddenly narrowed, he snorted coldly, took the barren tower with one palm, took a step forward at the same time, and slammed the other hand with a fist!

"roll!"

The fist light was like a waterfall, and it blocked Qin Chen who was rushing towards him. Moreover, the fist light was endless, as if it would completely engulf Qin Chen!

He had already understood the power of Qin Chen's sword skills before. This time, he directly showed his true strength. Wang Yang, formed by the power of detachment, completely controlled the world and enveloped Qin Chen.

Boom!

The fist light and the sword light collided in an instant, and Qin Chen was forced to stop in the void!

"Destroy!"

Qin Chen's expression was grim, and he shouted sharply, and the endless thunder light on the mysterious rust sword erupted instantly.

boom!

The next moment, the detached fist of the dark family began to disappear bit by bit!

Seeing this scene, the detached complexion of the dark family suddenly became extremely difficult to look at, and there was an unbelievable color in the eyes.

"The power of thunder..."

He felt it carefully, and his face changed suddenly.

At this time, with a bang, his fist smashed directly, Qin Chen took advantage of the momentum, rushed forward, and swung down with a sword.

A azure blue sword light instantly slashed in front of the dark clan's detachment!

This dark clan's detached complexion changed dramatically, and hurriedly crossed his arms in front of him.

Boom!

The sword light was like a ray, slashing on his arm, and the dark family was smashed and flew out in an instant, and this flight was a thousand feet away!

And when he stopped, a sword mark with deep visible bone appeared on his right arm!

Thunder Sword Skill!

Even the detached flesh of the dark family can't bear it!

"I..."

The face of this dark family detached from the powerhouse changed greatly. What kind of power is this?

This power, with the supreme penetrating power, could not even resist his detached body.

"Come again."

The sword worked, and Qin Chen came again.

And Xiaoyao Supreme also controlled the barren sky tower cover to press down.

Boom!

The pagoda is in full swing.

call out!

On the other side, Qin Chen Yudong's sword light was like a thunder dragon, and appeared in front of this dark and detached powerhouse in an instant.

"Damn."

The detached powerhouse looked frightened, hurriedly resisted, bang bang bang, the three of them fought into a ball in an instant.

At this moment, Qin Chen mobilized Guyu Pagoda, Xiaoyao Supreme mobilized Huangtian Pagoda, and the two pagodas suppressed everything with terrifying power, so that the dark and detached powerhouse could not easily dodge, and was bound again and again.

And Qin Chen's sword qi with thunderous killing intent is even more powerful and terrifying, and it keeps slashing out, leaving sword marks one after another on this dark and detached powerhouse, making him roar and roar again and again.

At this moment, he was shocked and angry.

He is a dignified and dark detachment, but he was besieged by two ants who were not even detached. If he spread it out, he would definitely be laughed out of his teeth by the people of the Universe Sea.

In fact, with the cultivation base that Qin Chen and Xiaoyao Supreme Transcendence are not, there is no way to restrain him, but it is the Huangtian Pagoda and the Guyu Pagoda that make him crumble.

The two pagodas block time and space, and even the rules of this cosmic sea can be changed.

detachment.

These are definitely detached treasures.

This dark detachment powerhouse is going crazy with depression. When did detachment treasures become so worthless?

On the other hand, Qin Chen was also quite depressed. The body of this detachment powerhouse was too hard. If it was an ordinary half-step detachment, he had already fallen with a sword, but the person in front of him was covered in scars, but he could still persist. Simply perverted.

But it is also, detached from the body of the strong, can cross the sea of cosmos, and ordinary power cannot penetrate at all. If Qin Chen had the power of thunder blood to crush everything, if it was someone else, he would not even be able to cut off a single hair of the other party.

"kill!"

Qin Chen's sword intent was blazing, and he shot frantically.

"Damn, do you really think this seat can't deal with you?"

boom!

At this time, the dark detachment powerhouse suddenly roared, and a shocking breath was released from his body. Directly burned out the power of transcendence.

[Chapter 5039: break into a wormhole](#)

Boom!

When this darkness transcended and directly burned its own origin, the entire universe sea was boiling, and in an instant, the entire universe sea seemed to form a vast tsunami, surging directly towards Qin Chen and the others.

not good.

Qin Chen's expressions changed greatly, and they hurriedly placed Huangtian Tower and Guyu Tower directly in front of them.

With a bang, the endless wave directly engulfed Qin Chen and the others, sending Qin Chen and Xiaoyao Supreme flying out millions of feet in an instant.

The two groaned and spit out a mouthful of blood.

"Qin Chen, this guy is crazy, he actually burned the source directly!" Xiaoyao Supreme said with an ugly face.

The detached powerhouse is far superior to them, and coupled with the direct burning of the source, the power has increased several times in an instant.

Originally, although Xiaoyao Supreme and Qin Chen pressed each other to fight, it was just a simple suppression. Now, when the darkness broke out, the two of them couldn't bear it any longer.

It is not wise to fight with a desperate detachment powerhouse. Even if desperately can seriously injure or kill each other, the two of them are afraid that they will suffer heavy casualties.

"go!"

With a low voice, Xiaoyao Zhizhun used this power to turn around and rush directly into the depths of the cosmos sea.

It just ran away.

But also, in the face of a crazy detachment powerhouse, the two of them are not even detached, what are they doing here, courting death? For Xiaoyao Supreme and Qin Chen, it is not difficult to achieve leapfrog combat at any other level, but detachment is not the same. This is a completely different realm, which represents the true supremacy.

Level combat is simply as difficult as reaching the sky.

Aside, Qin Chen glanced at the dark and detached powerhouse, flickered, and followed closely.

Whizzing!

The two turned into two streams of light and rushed directly into the depths of the universe.

"Where to go."

This dark detachment shouted angrily, directly chasing after Qin Chen and the others, and the big hand reached out in an instant, like a dark sky that covered the sky, and grabbed it directly.

boom!

The monstrous hands turned into endless coercion and directly grabbed Qin Chen and the two.

"cut!"

Qin Chen's eyes flickered coldly, and he suddenly turned around and slashed out with a sword. With a thud, thunder light flashed, tearing the big hand directly open a gap.

But the next moment, the big hand still fell down, and with a bang, a huge wave was slapped in the cosmic sea, and Qin Chen and Xiaoyao Supreme were thrown into the endless cosmic sea.

"Mad!" Supreme Xiaoyao spat out a mouthful of blood and scolded angrily: "I have been in the universe for so many years, and when I first flew up, I was chased and killed by the old man of the ancestor of Yuanmo. I can't think of it again today. Chased by this guy, old man

West, wait, wait until I break through the realm of detachment, let's see how I will crush you. "

As Xiaoyao Supreme flew away, he scolded angrily, and the spittle stars were almost flying.

boom!

Boundless Transcendence was suppressed, and Xiaoyao Supreme and Qin Chen were blasted out again, with severe pain and scars all over their bodies.

"Old man, if you have the ability, you let the realm fight with Laozi. Under the same realm, if I don't see the **** you beat, I will take your surname."

Xiaoyao Supreme scolded and scolded, but the speed was flying fast.

On the side, Qin Chen looked dumbfounded.

The image of Xiaoyao Supreme's predecessor in his mind suddenly collapsed. Is this still the legendary Xiaoyao Supreme predecessor? How is it like a bandit?

But at this moment, he couldn't care about so much, and he flew and fled at the same time.

From the rear, the dark detachment kept chasing and killing, bang bang, the earth-shattering roar resounded through the world, like a **** and demon, constantly crushing.

"Two ants, no matter how you escape today, you will not be able to escape from the palm of this seat. This seat will smash your corpses into tens of thousands of pieces."

This dark detachment roared, and there was an endless detachment aura surging on his body, and he could vaguely see that behind him, an ancient dark continent emerged, emitting a sky-defying aura.

If it goes on like this, there is bound to be a deadly battle between the two sides.

"Kid Qin Chen, if you really want to fight after the meeting, you should run first, this guy, just leave it to this seat."

Xiaoyao Supreme gritted his teeth, his eyes became hideous.

"no."

Qin Chen shook his head. "Don't be stupid." Xiaoyao Supreme gritted his teeth: "This guy is difficult to deal with, don't look at us having the upper hand before, that's because this guy didn't work hard, otherwise, if the detachment powerhouse is so easy to kill, our initial universe will not be killed.

The shadow of the dark family has shrouded so many epochs. "Besides, I have to ensure your safety when entering the universe sea this time. Don't worry about my safety. Do you really think I have no cards?" Hmph, if I dare to come to the sea of cosmos, I have already prepared enough, how can it be so easy

die here? "

Before Xiaoyao Supreme could finish his words, he violently moved the Huangtian Tower, and with a bang, he blocked the blow of darkness and detachment, but the whole person was blasted out again, covered in scars.

"Mother, it hurts me to death."

Xiaoyao Supreme scolded: "Forget it, it's still more important to escape."

Xiaoyao Supreme ran fast, and suddenly, he saw a dark vortex in the distance, and his eyes lit up.

"There's a wormhole there, go, go in."

When the words fell, Xiaoyao Supreme rushed over instantly.

Qin Chen's eyes also brightened.

Wormholes in the sea of cosmos are extremely dangerous, leading to terrifying secret realms, but at this time, Qin Chen and the others can't care so much.

"Remember, after entering the wormhole, directly enter the ancient tower. This tower is a treasure of transcendence and can protect your safety."

As Xiaoyao Supreme said, he accelerated his speed. At this moment, they were only a moment away from the wormhole.

"How can it be so easy to enter a wormhole!"

In the distance, the darkness was beyond seeing, and even a big hand came over.

boom!

This time, he directly motivated his source, and the power of life also burned. The terrifying force formed by the power of life combined with the power of the source enveloped Qin Chen and Xiaoyao Supreme in an instant.

The wormholes in the sea of cosmos are dangerous, and no one knows which place they will lead to. Even he does not dare to break into these wormholes rashly, so how can Qin Chen and the others enter.

boom!

The huge palm fell, and the entire cosmic sea rolled up into a tsunami.

"roll!"

Qin Chen snorted loudly, turned around abruptly, and the endless thunder light bloomed in his body, forcibly resisting the blow.

With a bang, Qin Chen was shaken and flew out, cracked all over, and the next moment, Qin Chen and Xiaoyao Supreme had already rushed into the wormhole. At the moment when the two entered the wormhole, a terrifying force would tear Qin Chen apart in an instant. hold on, for a moment

Countless cracks appeared.

"Not good." Qin Chen was shocked and hurriedly entered the ancient tower, and at the moment of entering the ancient tower, the dark and detached roar came from outside the wormhole, and a terrifying force was transmitted from the outside world. Qin Chen's Guyu Pagoda and Xiaoyao Supreme's Desolate Sky Pagoda smashed apart, tumbling into two directions that rushed into the depths of the wormhole, and disappeared in an instant.

[Chapter 5040: Broken world](#)

After Qin Chen and Xiaoyao Supreme disappeared into the vast wormhole, the dark and detached figure also came out of the wormhole in an instant.

"Damn, let them run away."

This dark detachment looked at the pitch-black wormhole, his face was ugly, and his heart was filled with endless anger.

The dignified detachment powerhouse actually let two ants who were not even detached escape in his own hands, the anger in this man's heart can be imagined.

Spread it out, I'm afraid it will completely lose face.

Moreover, today's events must not be known to the ancestors.

Once the ancestors knew that he had let the two little guys from the initial universe escape from his palm, he would be in trouble.

"No, we must not let them escape."

The dark detached face was ugly, and the figure suddenly entered the wormhole.

In an instant, the power of infinite wormholes instantly enveloped him. The power of these wormholes is extremely terrifying, and contains amazing tearing power, which is to smash his flesh little by little.

"The power of terrifying wormholes?"

This dark detachment complexion changed slightly, and he hurriedly shot, and invisible detachment power enveloped him and covered his fleshly body.

But even so, his body was still disappearing little by little.

"The destructive power of this wormhole is extremely terrifying, and even my detached body can't resist it?"

This dark detached face showed horror, after thinking for a while, he gritted his teeth suddenly, and with a bang, a black jade suddenly appeared in his hand. As soon as the black jade appeared, an aura that suppressed all ages suddenly burst out.

Suddenly, the power of the wormhole that enveloped him was quickly blocked.

This dark detachment looked at the black jade in his hand with a painful expression: "This jade is a treasure given to me by my ancestors, let me meet the guy in the initial universe, and directly use this black jade to kill the opponent, it's a pity I'm actually reluctant, **** it, if I knew this earlier, I should have taken out this black jade long ago, and now I wasted part of it in this kind of place" At this moment, he finally understood why the ancestor arranged this way, but it was too late .

"It doesn't matter, I have to kill those two guys as soon as possible, go to this direction first, I remember this direction should be where the guy with the divine sword and treasure goes, this person has two treasures of transcendence, kill him first, harvest too big."

With a thought, the darkness detached itself and went straight into the depths of the wormhole, tracking in the direction Qin Chen left.

However, the time and space in this wormhole is extremely chaotic. Soon, the dark detachment powerhouse lost Qin Chen's trace and could only find it by chance.

On the other side, Qin Chen felt dizzy after entering the ancient tower, his consciousness penetrated out of the tower, and he saw the chaos of the power of time and space outside, and he flew into the depths of time and space uncontrollably. .

Qin Chen kept infiltrating his consciousness and went out, trying to figure out where he went, but in this wormhole he couldn't control his direction at all, so he could only let the wormhole take him deep.

And he also completely lost the trace of Xiaoyao Supreme.

However, Qin Chen did not lose heart, but directly cultivated in this ancient pagoda.

After entering the sea of cosmos, Qin Chen clearly felt the bottleneck of his cultivation. In the initial universe, because he would be oppressed by the origin of the initial universe, it was impossible to break through to the realm of detachment.

But in this sea of cosmos, Qin Chen clearly felt that his cultivation was completely unrestricted. As long as he continued to cultivate, he would definitely be able to break through the realm of detachment.

However, breaking through the realm of detachment requires a lot of energy, which is not an easy task, otherwise the dark family will not think about invading everywhere.

And the most urgent task, Qin Chen is to consolidate his own cultivation.

In this way, Qin Chen continued to practice in Guyu Pagoda.

The battle with that dark detachment gave Qin Chen a deeper understanding of his own strength, as well as a lot of inspiration and feelings.

Time passed, and I don't know how long it took. Suddenly, Qin Chen felt a sudden shock in the void outside. He immediately woke up from his practice, and his consciousness probed out the ancient Yuta.

He saw that there was a fog outside Guyu Pagoda, and a space-time crack appeared in front of him. Outside the crack, there seemed to be a barren world.

This crack is looming, and it may disappear at any time. Qin Chen didn't even think about it, and rushed into the crack with Gu Yuta.

And when Qin Chen rushed out of the crack, the crack closed instantly and disappeared. If Qin Chen was a little later, it would definitely be cut open by the crack.

As soon as he rushed out of the crack, Qin Chen looked extremely vigilant in an instant, and he carefully sensed the outside world. At this moment, what appeared in front of Qin Chen was a bare wilderness, without any traces of human beings.

This seems to be a barren world.

Qin Chen's figure flickered, appeared in the outside world from the ancient tower, and then put the ancient tower away.

Gu Yuta is a treasure of transcendence, and Qin Chen naturally cannot let Gu Yuta be easily exposed.

After doing these things, Qin Chen began to pay attention to the scene in front of him. The time and space of this wilderness is extremely solid. His spiritual consciousness is only less than 1% of the original universe. At the same time, he feels that the atmosphere here is very strong. Mottled, it seems that there is a higher source aura than the initial power of the universe, but it cannot really be felt.

In other words, it is impossible to truly absorb this source of power.

At this time, all he could see was a wasteland with no life breath. In addition, there were ravines and ravines everywhere, and even in the void, there were some invisible cracks in the void. Cracks can be torn in half if not careful.

Qin Chen sucked in a breath of cold air. Where is this realm of survival? This is clearly a secret realm with many dangers. This kind of void crack is not weaker than the tearing power of the wormhole.

Is it some fallen universe?

Or some dangerous mystery in the cosmic sea?

It was also the first time that Qin Chen came to the Sea of Cosmic Universe. Although Supreme Xiaoyao explained a lot about the Sea of Cosmos with him on the road, Qin Chen was still very cautious when he first came to such an unfamiliar place.

Knowing the danger here, Qin Chen raised his spirits and moved to the depths carefully.

When Qin Chen walked again for a long time, he realized that the hidden void cracks he had seen before were nothing at all.

Along the way, he saw the endless abyss that even the divine consciousness could not sweep to the bottom, and he encountered the dark crack that hung upside down.

The cracks that were dry and cracked hung upside down, broken and messy, and the huge mountain peaks were also inclined to fall.

It seems that you have come to an abandoned continent or a broken universe?

Qin Chen looked at everything in front of him in shock and thought deeply in his heart.

In this way, it is very likely that there are no living beings in this world.

The thoughts in my mind just fell.

Suddenly, an abrupt black shadow emerged from a deep ravine and rushed towards Qin Chen. Qin Chen didn't even think about it.
