

Valkyrie 5061

[Chapter 5061: Void Divine Fruit](#)

When Qin Chen continued to practice in this space canyon.

Outside the canyon, two figures suddenly appeared here.

"Miss, the kid next to you should have disappeared in this place."

That old magic perception a bit around, facing the square timber, said Ling respectfully, immediately look to the depths of the canyon space: "If under the wrong, then, that kid should be entered in this space to the canyons in the dark to kill family ."

"Then what are you waiting for, let's hurry in."

After the words fell, Fang Muling couldn't wait to rush into this canyon, but before she could enter, she was directly pulled by the old demon.

"Among the young lady, this canyon is full of space and space swirl cracks, this place is a sanctuary owned by Hui Uncharted named detached even into the strong, it is estimated could not escape death, in order to repair the kid is" magic Lao did not continue talking, because he knew very well that even he could not walk in this space canyon safely. With Qin Chen's cultivation, as long as he entered, he was afraid that he would die.

"You mean he's dead?"

Fang Muling's eyes widened, his heart sank involuntarily.

"This is just a certain probability. I don't see any signs of battle here. Maybe that person has escaped."

Mo Laolian said.

Fang Muling glanced at the space canyon with an ugly face. She could naturally feel the horror of this space canyon. This is a dangerous place that even the detached powerhouse cannot easily enter.

Fang Muling came to an open space outside the space canyon lonely, then took out an incense stick in his hand, ignited the incense and inserted it into the ground.

"Xiaochenzi, you can go in peace. When you look back, this girl will definitely avenge you. You are a ghost in the underworld, but don't offend so many people."

Said square wood spirit thanks to a few.

Magic side face old black line.

"Let's go."

Fang Muling sighed, turned around, and said, "Elder Mo, go find that guy from the dark family and kill him for me!"

Old magic face changed: "Miss, that dark family Laonu have heard, though not the top big cosmic sea forces, but also the strength of its ancestors is quite extraordinary, is a reincarnation of the universe, but

also a strength already entered In the second stage of the detachment realm, the Vientiane God Phase Realm, if you offend the dark clan for this kid, if the palace master knows about it, I'm afraid it will be "What is a kid?"

Fang Muling snorted coldly and said, "I don't care about the rest. The guy from the dark family must die. If you don't kill it, I will go by myself."

After saying that, Fang Muling swayed and flew straight into the distance.

The old man sighed and followed helplessly.

In the space canyon, Qin Chen didn't know what was happening outside, and he was still in the process of constant cultivation.

Qin dust to swirl with space and space cracks in denser areas after Qin dust has found a rule, in this world of space inside the vortex, the power of space is not uniform, force some places the space of rich, some The power of space in places is thin, and even in some places there is no power of space at all.

And here is not the most powerful space swirl and space crack, but some space unexpected emergence of cracks, these cracks can space the moment a person cut in half, if not dust Qin Yu ancient tower, even if his body Having been promoted, he also died more than once.

As for those space vortices and deep cracks, and some space storms, Qin Chen didn't dare to approach them at all.

Nevertheless, in this space there really is the best place to practice, but the most important thing is their own practice Jiuxing God Emperor tactics, as well as refining the body of power in ancient buildings tower, and he then had the practice of empty mine holy body.

When Qin Chen first came into contact with the power of space in the initial universe, he realized that the space Dao in the initial universe was combined with his own Thunder Bloodline to form the Holy Body of Empty Thunder.

Now after entering the cosmic sea, though, and this cosmic sea space channel can not compared to the initial universe of space Road is, but their own power of thunder body in this universe sea has not been the slightest weakening, even not only has not been weakened , but it seems the general awakening.

When he has a large amount of space power in his body that cannot be absorbed, Qin Chen directly activates the power of thunder, which can speed up the absorption of space power.

It can be said that the Jiuxing Divine Emperor's Secret Art plus the Guyu Pagoda, plus the power of thunder, can make Qin Chen safe and sound here. In the entire universe, Qin Chen is the only one who can collect all these.

If other people dare to cultivate here, even if there is a divine artifact like Guyu Pagoda, if one is not careful, they will be destroyed by space killing intent at any time.

Even if Qin Chen had experience, he was still seriously injured more than a dozen times. Once his entire body was almost cut off. If he hadn't activated the power of thunder immediately, and then entered the Guyu Pagoda, he would have been It has decapitated a.

Just like this, Qin Chen continued to practice in this space canyon.

With the passage of time, the power of space in Qin Chen's body became stronger and stronger.

Again a month later, Qin Chen is already able to walk safely in this space in the canyon, and even the general space and space swirl cracks He shows no fear, you can walk naturally, but this time Qin Chen while practicing the flesh, and even began to practice From space magic.

He has a feeling that if he can integrate the space power here into his attack, once he makes a move, it will definitely form an extremely terrifying destructive effect.

At this time, somewhere in the depths of the Secret Realm of Returning Ruins, there were more than a dozen people on the periphery of a valley overflowing with the power of space, and people kept coming.

Not anything in the valley, only a several feet high gray trees, this tree no leaves, no branches, it is not so much a tree, as it is a gray stick.

In this gray knot stick above the fruit of nine purple, these fruits are lingering power of space around them, some vague, but if the soul falls on top of these fruits, will immediately feel the endless void world .

The people on the periphery of the mountain buns all stared at the nine fruits greedily, as if they were ready to rush to **** them at any moment.

There are two strong came periphery of the valley, one wearing a gray robe man saw the purple fruit that is overflowing force of the enclosed space, suddenly shocked to come out.

"God void pattern fruit?"

When he finished saying this, he immediately rushed up at the fastest speed, and at the same time the heat in his eyes would melt the power of the surrounding space.

[Chapter 5062: I do not care](#)

"Void Divine Rune Fruit is not ripe yet, so I can't go up..." Before his companion could finish his sentence, the gray-robed man had already rushed into the valley where the power of space overflowed.

The gray-robed man was greedy, but he didn't think of anything else. When he rushed into the valley, he felt something was wrong.

He found that no one rushed up with him, and he was a latecomer. Not only did the people who came before not rush up with him, they didn't even stop him.

No, the gray-robed man reacted instantly, but before he could turn around, he could already feel the endless space of Dao pressing towards him, and it was difficult for him to even breathe.

At this moment, the only thing he could feel was that his body was rapidly dispersing, falling into countless voids.

The people surrounding the valley could clearly see that the gray-robed man's body was slowly vanishing under the power of space. His body dissipated little by little. split.

He turned around in horror, but the turning became extremely slow, and even he felt that his body was already in a different time and space. When he turned around, his whole body still turned into a sky full of gravel and completely shattered. , leaving only some broken space magic weapons and other things on his body, which fell to the ground broken.

In less than a dozen breaths before and after, a half-step detachment died like this, and even before he died, he couldn't even say a word or even a single step, let alone use the means of escape.

The valley is still the valley, and the power of space is still lingering around the tree in the middle of the valley. However, on the periphery of the valley, the greed in the eyes of those people was instantly poured by cold water, and it completely cooled down. Full of vigilance.

But even so, no one chose to leave at this time. These people are still insisting on the outside, obviously waiting for the maturity of the Void Divine Mark Fruit.

The Void Divine Rune Fruit is a top-level Divine Fruit that was born after absorbing the power of countless void spaces here. It is rumored that it has a space avenue of transcendence. Someone once obtained this Void Divine Rune Fruit in the Land of Return to the Ruins, and By swallowing the Void Divine Rune Fruit, he controlled the power of the detached space, and even broke through to the detached realm.

Because this thing is an absolute treasure for anyone present, and it is not to be missed at all.

Just when everyone was vigilant, a stream of light suddenly fell outside the valley. After this stream of light fell, a terrifying power of darkness and detachment lingered.

The person who came is the detachment of the dark family.

When he arrived at the Void Divine Rune Fruit in the valley, a shocking expression immediately appeared on the dark detached face, obviously recognizing the origin of the fruit in front of him, and then, his eyes quickly turned to the surrounding valley, a trace of gloomy and cold from His eyes flashed.

Seeing this, the expressions of many strong men outside the valley changed slightly, and they could not help dispersing a little.

The Void Divine Rune Fruit not only has a shocking effect on their half-step detachment, but also greatly helps the detachment-level powerhouse. The secret realm of returning to the ruins is not the floating island before. The detachment powerhouse can do it arbitrarily here. The detachment has produced the mind of monopolizing the treasure, and will definitely act on the remaining half-step detachment present.

As expected by these half-step transcendences, after the dark transcendence fell off, he wanted to destroy everyone present at the first time, but he hadn't waited for him to do it.

Whizzing!

Another two streams of light suddenly appeared on the periphery of the valley, a man and a woman, it was Fang Muling and Mo Lao.

When he arrived at Mo Lao, the dark and detached face immediately showed a vigilant look, especially after he arrived at Fang Muling, he couldn't help frowning, and then slowly stood to one side.

"Miss, it's the Void Divine Rune Fruit..." After Mo Lao fell, his eyes fell on the purple fruit in the valley for the first time, and he couldn't help but scream, and his expression couldn't help but get excited.

"Elder Mo, it was the dark detachment that killed him for me."

Fang Muling's eyes fell on the dark detachment, and he couldn't help saying coldly.

Hearing the words of the dark detachment, he couldn't help snorting coldly.

The old man said: "Miss, there is the Void Divine Rune Fruit here. If we do it here, it will be easy to disturb the Dao Rune in the Void Divine Rune Fruit, which will destroy the effect of the Void Divine Rune Fruit."

"It's just a broken fruit, and the destruction is destroyed."

Mo Lao smiled bitterly and said: "Miss, you don't understand, this Void Divine Rune Fruit is the unique Divine Fruit in the Secret Realm of Returning Ruins, it is a treasure formed by absorbing the space Dao between heaven and earth in these hundreds of millions of years. , once this thing is swallowed by a warrior, you can quickly understand the detachment-level space rule in it, which can make a half-step detachment have a great probability to enter the detachment realm. It can't help but be effective for half-step detachment. Huge benefit."

"This Secret Realm of Returning Ruins was formed after the fall of a top-level space power in the sea of cosmos, and the Void Divine Rune Fruit that integrates his space Dao, even if it is the Lord of the Palace, I am afraid that it will be moved."

The old man hurriedly transmitted his voice.

"so smart?"

Fang Muling finally understood why the old man had changed color, and the divine fruit that could make a half-step transcendence into the realm of transcendence was indeed extremely perverted, but Fang Muling didn't care about it at all.

"I don't care, this person killed this girl's attendant, you kill him first for me, or this girl will come in person." Fang Muling said firmly.

The old man couldn't help but smile bitterly when he heard the words, and looked up at the detachment of the dark family. To be honest, he didn't want to provoke a detachment powerhouse in this secret realm of returning to the ruins.

It's not that he is afraid of the other party, it's that the young lady is here. If there is something wrong with the young lady, he will die.

It's just that now that the young lady has spoken, he can't remain indifferent. Boom, a terrifying aura of detachment swept out of him, but he hadn't waited for him to act.

Suddenly, another breath of detachment swept in from the distance, and the next moment, an old man appeared outside the valley.

"Distant God Venerable."

"I didn't expect the gods from afar to come."

There were voices of discussion coming from outside the valley, but the hearts of many powerhouses who had been present before sank completely.

Now that the three masters of detachment are here, with their cultivation, even if the Void Divine Rune Fruit is mature, can they still get the Void Divine Rune Fruit?

And Mo Lao, who was ready to detach himself from the darkness before, quickly restrained his breath at this time.

"Miss, the God Venerable is here now. I don't know the attitude of this person yet. Forgive my subordinates for not being able to honor them. I can't let you be in danger, Miss."

The old man looked serious.

"Warrior Lord"

Like the **** of war

[Chapter 5063: walk on both sides](#)

Next, no matter how Fang Muling opened his mouth, Mo Lao wouldn't do it anymore.

Here, his biggest task is to protect Fang Muling, and nothing else.

Fang Muling was reluctant to take action when she saw the old man, and obviously understood the old man's thoughts. After she coldly glanced at the detachment of the dark family, she turned around and stopped talking, but looked at the Void Divine Mark Fruit not far away.

If that's the case, then break through the detachment yourself and kill the dark detachment dog's head.

At this time, the people outside the valley were all staring at the Void Divine Rune Fruit inside, and the God Venerable of the Far Road and the Dark Transcendence were also staring at it, as if they were inquiring about something.

"Old Demon, since there is a Void Divine Mark here, why don't everyone take action?"

Is there any special danger in this valley? "

Fang Muling frowned: "Even if it's dangerous, you should try it instead of doing nothing, right?"

Mo Laodao: "Miss, you don't know, this Void Divine Rune Fruit is still immature, and if you go up rashly, there is only a dead end.

There are void vortexes all around the Void Divine Mark Fruit. This void vortex will slowly disappear as the Void Shenwen Fruit matures and will be completely absorbed by the Void Shenwen Fruit. Therefore, before the Void Shenwen Fruit is mature, going up is looking for death. .

Unless it is a top-level powerhouse who has complete control over the Space Dao, but that kind of powerhouse is at least a detached powerhouse who controls the Space Dao, I am afraid that even his subordinates will not be able to fight against it in the secret realm of returning to the ruins. . "

"Even the old man can't resist you?"

Fang Muling was taken aback.

The old man smiled wryly and nodded.

And at this moment, with a bang, I saw Yuandao God Venerable suddenly take a step forward and slowly walked towards the valley.

Everyone's eyes widened, and under the watchful eyes of everyone, God Venerable Yuandao had already come to the edge of the valley and stepped in.

boom! It's just that he just took a step forward when he saw his entire body suddenly fluctuate. For a moment, as if he was in countless spaces, his fleshly body felt like it was about to be shattered on the spot.

The God Venerable Yuandao groaned and took two steps back, his expression solemn, and he could vaguely see that there were bloodstains on the right foot he stepped out just now.

"Void Divine Rune Fruit, it really lives up to its reputation."

God Venerable Yuandao said in a deep voice, then quickly sat down with his knees crossed and started to practice.

Fang Muling sucked in a breath of cold air, the power of space that even the detached powerhouse could not bear, if she went up, she would be torn to pieces in an instant.

Seeing this, some of the other powerhouses present flickered, and a few were detached and even turned and left here.

They obviously also knew that before the Void Divine Rune Fruit was ripe, no one could get it, so they left with peace of mind.

They leave here, either to find the rest of the treasures and come back when they are about to mature, or to contact their friends so that they can **** the Void Divine Rune Fruit when it is ripe.

Looking at the appearance of this Void Divine Rune Fruit, it will take at least a month to mature.

"Miss, we are also waiting here. According to my subordinate's estimate, this Void Divine Rune Fruit will mature in about a month. At that time, my subordinate will definitely win some for the young lady, so I hope to break through the realm of detachment."

Demon old voice transmission.

Fang Muling nodded, but did not speak.

On the other side, Qin Chen was still in the space canyon.

It has been a few months since he entered the space canyon at this moment.

Qin Chen's body has reached an extremely terrifying level, and ordinary space cracks and the power of vortex can no longer cause him the slightest damage.

And occasionally some powerful space cracks can tear his defenses, and can also be resisted by Qin Chen's re-condensed body.

Even if it can't be stopped, the time in between is enough for Qin Chen to escape.

At this moment, Qin Chen felt that he had some sense of security in this space canyon.

However, Qin Chen had a vague feeling that although his cultivation had not broken through detachment at this time, his physical body had already reached the level of detachment.

But in this space canyon, there is still some room for his physical body to grow. After understanding this, Qin Chen hesitated for a moment, and instantly entered a large space vortex in front of him.

As soon as Qin Chen entered the space vortex, a powerful space stirring instantly brought Qin Chen in.

In the blink of an eye, Qin Chen's clothes were completely swept away, and the skin on his body suddenly cracked.

His body refinement, which had been cultivated to the transcendence realm, was not even able to stop him for a moment.

Compared with this kind of space whirlpool, Qin Chen knew that the space rules that were fatal to him before, the dense and tiny space cracks before were just scratching the itch.

This is the real murder center, and this is the place to harvest the life of the strong.

The Jiuxing Divine Emperor Art has been brought to the extreme by Qin Chen, but the feeling that the skin and bones of the body are about to be swept away is still getting stronger and stronger.

At this moment, Qin Chen even wanted to rush into Guyu Pagoda, but he knew that as long as he entered Guyu Pagoda, he would no longer be able to break through in a short time.

Thinking of this, Qin Chen clenched his teeth suddenly, and instantly activated his power of thunder, and the lightning quickly lingered around his body. At this moment, it has risen again, and the flesh and space are perfectly integrated.

Three days later, the tearing feeling was still there, but it was completely different from when I first came in.

Six days passed, Qin Chen's skin was still being taken away, cracks continued to appear on the surface of his body, and his bones were also breaking, but the speed was getting slower and slower.

Ten days later, the cracks on Qin Chen's body no longer increased, and there was no sound of bones breaking.

After more than half a month, Qin Chen's wounds began to heal gradually, his torn skin also began to grow automatically, his bones were repaired, and he was fully integrated into the power of Space Dao.

I don't know how long it took.

Boom.

Thunder light quickly filled Qin Chen's body, as if some shackles in his body had been broken. His body relaxed for a while. At the same time, bursts of tiny crackling sounds were transmitted from his body. Qin Chen's body was rapidly promote.

The whole process lasted a full day.

After the slight sound was over, Qin Chen suddenly stepped out, and his eyes flashed with joy, because as he stepped out, the vortex of space that could easily tear his robes to pieces, now It had no effect on him.

Even as Qin Chen continued to step out, the surrounding space vortex actually split apart, Qin Chen suddenly let out a long whistle, and his hands took the origin of one after another to the two sides, the space vortex was actually separated by him, from his Swirl on both sides.

[Chapter 5064: Mystic Ripple](#)

At this moment, Qin Chen is like a god, walking in this vortex of space. Between his gestures, the amazing power of space is repelled by him, and spreads out along both sides, just like a courtier worshipping his own king.

general.

If anyone saw the scene in front of them, they would be shocked and stunned.

It should be noted that this is a place that even the detached powerhouse can't easily enter. If you are not careful, you will be scarred, but Qin Chen can walk in it safely, how can you not be shocked.

Puff puff!

At this time, one after another space vortex hit, bombarded Qin Chen, but made a controlling sound, and did not leave any wounds on Qin Chen.

puff! Immediately afterwards, a space crack came, Qin Chen's eyes narrowed, his figure quickly moved away, and with a snort, the space crack passed by his side and disappeared, but there was still a space fluctuation passing over Qin Chen's body ,above

A white mark was left on the face.

"The only thing that can hurt me now is this sudden space crack." This sudden space crack is extremely terrifying. Qin Chen was almost cut up by the space crack as soon as he entered the space canyon, but now he, It has long been possible to feel the appearance of this space crack according to space fluctuations.

time to avoid.

"However, with my current physical defense, even if I am directly hit by this space crack, I will be injured at most, and will not fall. This kind of defense, I am afraid that the detached powerhouse can resist it."

Qin Chen couldn't help but sigh.

This level of physical defense is more terrifying than the normal detachment powerhouse. After all, the normal detachment powerhouse cannot easily resist the attack of this space whirlpool.

"I didn't expect this space canyon to be such a terrifying place for cultivation. Is this a blessing in disguise?"

Qin Chen smiled bitterly. He didn't expect that it was just an escape, but he didn't expect to get a breakthrough.

If he is not here, but cultivates in the outside world, if his physical body wants to improve to this level, I am afraid it will take a long time.

"It's been a few months now. It is said that the secret realm of the ruins will be closed within a year. I wonder if the dark detachment is still in the outside world?"

Qin Chen's mind moved slightly.

However, he has enough confidence now that even if he meets the opponent, it is not so easy for the opponent to kill him.

Whoosh!

Qin Chen's figure swept straight out of the space canyon, ready to check whether the other party was outside.

"What a strong air of space." After flying for a while, Qin Chen suddenly stopped. He felt the strong space fluctuations, but after he stopped, he realized that there was not even the slightest space whirlpool where he was standing. and space cracks, which is not

His illusion is really not. Before he walked all the way, even if the space gas was weak, there were space cracks and space vortexes, but now there are no space cracks and vortices in the place where the space gas is so strong, it is simply impossible.

.

Where exactly is this place?

Qin Chen stood for a long time, and his consciousness swept out. He quickly found that there was indeed no space vortex here, and with the place where he was as the boundary, there were no space vortices and cracks in front of him.

That is to say, even if any warrior rushes into the space canyon, it is safe to arrive here.

Qin Chen stepped back a little again, and his consciousness swept out, and found that this is a dividing line. From here, there is no space vortex or any space crack.

And stepping back here is the direction he came from just now, and the same countless space cracks and vortexes have been restored again.

"Strange, it stands to reason that this is a place where space fluctuates deeper. How can there be no space vortex and cracks?"

Qin Chen was puzzled, and he suddenly became curious and flew forward quickly.

The further forward, Qin Chen found that the air of space here became more and more dense, and the strange thing was that there were really no space vortices and cracks here.

I don't know how long it took, but suddenly a breath of ancient vicissitudes rushed towards my face, and this breath contained a terrifying murderous intent, which made Qin Chen's cold hair stand up instantly.

call!

In the distance in the void, there seemed to be a series of spatial fluctuations passing by. At this moment, Qin Chen held his breath and didn't even dare to move. After he successfully trained his body, he once again felt his own insignificance. He had a feeling that with his current cultivation and strength, he was being fluctuated by this invisible space. pass over

, it is very likely that he will instantly turn into fly ash.

"What it is?"

Qin Chen's eyes widened, only to see a wave-shaped clear space ripple suddenly appeared in the void in the distance. This space ripple was like a transparent space, and Qin Chen's consciousness was not able to detect it at first. If it weren't for the fact that he had cultivated here for so long before, his perception of the power of space was extremely terrifying, and the space fluctuations had swept away invisible special ancient rhyme fluctuations. Once he accidentally approached, I am afraid that

It will fall here in an instant.

Qin Chen took a few steps carefully, and the wavy crack was more clearly imprinted in Qin Chen's sight. When Qin Chen's consciousness swept over it, there were bursts of dizziness and killing. feel. Qin Chen didn't dare to swipe over the edge of the ripples, but took out a top-level refining material. This refining material is called Black Domain Stone, which is extremely hard. It was obtained by Qin Chen from the space magic weapon of the two people. the hardest thing,

It is rumored that even the detached powerhouse cannot be easily damaged.

After Qin Chen took out the black domain stone, he carefully threw it in front of him to get the space ripple. When the black domain stone passed over the space ripple, it was instantly crushed into powder and disappeared.

Qin Chen sucked in a breath of cold air. What a powerful space ripple. I don't know who left this ripple, and I don't know how many years it has been through, but it is still so terrible.

In this ripple, Qin Chen felt a strong spatial rhyme.

"This is definitely some kind of top-level space supernatural power." Qin Chen gasped. Although he didn't have much knowledge, he also knew that these ripples were definitely not formed naturally, but were transformed by some top-level space supernatural power. A void in the body of the space power that fell here

The middle way is changed?

A thought flashed across Qin Chen's mind.

The more he thought about it, the more likely it was.

"What if I could refine this space Dao?"

At this moment, Qin Chen suddenly had a thought, and when this thought came out, he was even startled by his own thought.

His eyes flickered, Qin Chen suddenly gritted his teeth and made up his mind, he sat down carefully, and his consciousness slowly cut into the edge of the ripple.

The feeling of dizziness and killing came again, but more things were also mixed in the ripples and passed to Qin Chen.

The boundless cosmic space seems to be compressed above this ripple, and then disappears. The universe is swallowed up, and the surrounding seems to be directly bombarded by this ripple, forming a dark void. Qin Chen also seemed to be brought in by this ripple, and the whole person fell into darkness.

[Chapter 5065: Void Scar](#)

"There are things mixed together, born from the heaven and the earth, but it is impossible to know the confusion, and all things are formed by it, so it is called mixed.

The way of emptiness, I do not know whose son it is, so it is born from heaven and earth.

The way of emptiness is lonely and lonely, independent but not changed, travels around without danger, and can be the mother of heaven and earth." "My way is empty, the beginning of form, the void of gods, the sky and the earth, and everything is destroyed." When Qin Chen said When the spirit is completely immersed in this space Dao, vaguely, there seems to be a roaring sound resounding through the heavens and the earth, constantly echoing in Qin Chen's mind.

Countless space rules lingered around Qin Chen's body. These space powers were continuously integrated into Qin Chen's flesh. If Qin Chen had not already had an amazing understanding of space rules, he had elevated his physical body to the extreme power of space. The level of terrifying tolerance, Qin Chen at this moment will definitely be wiped out under such power.

One after another space path lingered around Qin Chen's body. If anyone stood nearby at this moment, he would be shocked, because at this time Qin Chen's fleshly body gradually became transparent and void, as if it was about to merge into this world.

Transform! At this time, Qin Chen actually seemed to be a part of this space.

"It turns out that this is the way of space. The way of space begins at the beginning of heaven and earth, and returns everything to the ruins. This Void Divine Mark is the top-level magical power cultivated by the great master after integrating the space way. As soon as the marks of the gods appear, all things are annihilated."

Under the surprise of Qin Chen, he was completely immersed in this divine mark.

This is just a shard of divine marks left by the great master after fighting a powerful enemy, but it is a treasure for Qin Chen. This is his first real contact with the top-level space supernatural powers. The

great supernatural power that he can touch is right in front of him, let him experience and comprehend it.

Even if this magical power is already dilapidated, Qin Chen's at this moment is also a huge wealth.

With Qin Chen's current vision, he has seen quite a few detached powerhouses, the most common of which are ordinary detached powerhouses like the Black Demon Ancestor Emperor.

Like the dark detachment that is chasing him now, and some other detachments, they are basically at this level.

The second is the ancestor of the dark clan. The strength of this person must definitely surpass that of the Black Demon Ancestor Emperor.

Next, is the mysterious powerhouse in the virtual sea.

And now Qin Chen has realized that the Void Divine Mark, the power of this move that year, is even stronger than that of the dark ancestor, it is definitely an extremely terrifying existence in this sea of cosmos.

Otherwise, it will not attract so many strong covets.

Therefore, even a broken piece of divine mark left behind by him is still an extremely terrifying good thing for Qin Chen.

boom! The Dao rhythm and the powerful space Dao in this Void Divine Mark was absorbed by Qin Chen, and slowly became Qin Chen's thing. The trace of Dao gradually became clear in Qin Chen's consciousness. Qin Chen felt it without moving.

I don't know how long it took.

At this time, after Qin Chen continuously absorbed the power of the space Dao, his body became more and more nihilistic.

But he didn't even know it himself.

If this continues, Qin Chen is very likely to completely integrate into the world and become a part of this world under the avenues of this space.

Seeing that Qin Chen was about to completely melt the world, with a sudden bang, a thunder light burst out from Qin Chen's body, and the endless thunder enveloped his whole body, awakening Qin Chen from his perception.

"I almost turned into a Taoist?"

Qin Chen was taken aback, and then he woke up.

so close! He was almost assimilated by this space supernatural power. This is just a broken supernatural power, but it almost swallowed Qin Chen and became his nutrient. How terrible is this?

Fortunately, the power of thunder in Qin Chen's body, when the power of thunder in Qin Chen's body erupted, for some reason, Qin Chen seemed to feel that the Void God Mark seemed to tremble for a while, and the next moment, this Void God Mark Completely integrated into Qin Chen's body.

Qin Chen raised his hand and blasted out a space **** mark. With a bang, the void in front of him was torn apart directly, as if torn apart by the abruptly appearing space crack, and instantly disappeared into the distance.

Qin Chen was immediately overjoyed. He knew that his Divine Mark had obtained a trace of the essence of the Void Divine Trace. As he perfected his magical powers in the future, this Void Divine Trace would be his powerful killing move.

"What a powerful magical power."

Qin Chen said excitedly.

With his previous strength, let alone tearing the void here, even with all his strength, he can't shake this space, but now, he can tear the void here by raising his hand. The power of the previous move is absolutely No weaker than the space crack he encountered before.

With this move, even a detached master can be seriously injured without fear of the opponent.

"good very good."

Qin Chen was excited. At this moment, he really had the capital to fight against that dark detachment.

"It's time to get out of here."

Qin Chen looked up and looked out of the canyon, and with a flick of his body, he suddenly disappeared here.

After taking control of the Void Divine Mark, this space canyon could no longer cause Qin Chen the slightest damage. He was like electricity, and soon came to the periphery of the canyon.

Qin Chen just approached the canyon.

"Boom" A terrifying and violent explosion sounded over, Qin Chen frowned, this was the explosion sound of supernatural powers banging together, is there someone fighting outside this space canyon?

As soon as Qin Chen thought of this, he saw outside the space canyon, and two figures quickly came to him. The two of them flew and fought frantically at the same time.

Qin Chen was stunned. One of them, he had seen before, was suppressed by the detached powerhouse with gray hair and white hair, and gave up the King of the Golden Sword in the cave.

The other person was a woman wearing a long red dress. This woman had an ethereal figure and a very graceful figure. She had a divine aura flowing through her body, like a goddess.

However, at this moment, the Golden Sword King has a series of scars on his body, his breath is disordered, and he is obviously injured a little, and the woman is also a little messy. Dao Dao's blood stained red, and even revealed a large area of snow-white skin.

At this time, she was obviously at a disadvantage, fighting and fleeing, but she came to the outside of this space canyon and became unable to retreat.

"Goddess Linglong, behind you is the forbidden area of the return to the ruins. You can't avoid it. If you hand over what you got before, I can spare your life."

The King of the Golden Sword said in a cold voice that ninety-nine-eighty-one golden swords were suspended around him, and each golden sword burst into the sky, as if it were tearing apart the heavens and the earth.

"King Jinjian, treasures are first come first served, if you continue to persecute, my master, Linglong Immortal Venerable, will definitely not let you go, and will definitely set foot on your Heavenly Sword Continent and destroy your Heavenly Sword Continent. If you dare to go forward, I will throw the treasure into this space canyon, and no one will get it at that time." The goddess held something in her hand and threatened the space canyon, but she was only half-speaking, and suddenly stopped Stopped, looking into the space canyon in astonishment.

[Chapter 5066: no way](#)

Not only him, but the King of the Golden Sword on the other side went into the space canyon in astonishment, and couldn't help rubbing his eyes.

What has he got?

A teenager actually walked out of the space canyon.

How is this possible?

King Jinjian and this exquisite goddess were both shocked, and even forgot to fight.

The Land of Return to the Ruins is famous in the universe, and many people know about the dangerous places and treasures in this secret realm, and this space canyon is the most prominent dangerous place declared in the Secret Realm of Return to the Ruins.

The space murder here is extremely terrifying. It is rumored that even the detached powerhouse will be in danger when entering, but now, a young man walked out of it, so how can they not be shocked?

Facing the shock of the two, Qin Chen didn't care, turned around and flew towards the outside world, he had no time to interfere in other people's affairs.

"Young man, wait a minute."

At this moment, a voice suddenly sounded in Qin Chen's ear, and the Linglong Goddess flickered and came to Qin Chen's side in an instant, Chu Chu pitifully said to Qin Chen: "Young hero, I am the goddess of Linglong Shenzong, This Golden Sword King coveted the treasure on my body and wanted to kill me... I don't expect the young man to help me deal with the Golden Sword King. I just hope that the young man can kill me by the Golden Sword King after he leaves the place of return to the ruins in the future. Tell me about the matter, Master Linglong Xianzun, and let Master and her old man take revenge for me."

Speaking of which, the Linglong Goddess directly took out a space magic weapon and handed it to Qin Chen, and then said anxiously: "There are some cosmic crystals in here, which are my reward for the young hero. As for the treasure in my hand, I can't give you the treasure, otherwise the Golden Sword King will not let it go. past you."

After saying all this, the Linglong Goddess immediately stepped back a little, alerted to the Golden Sword King, then glanced at Qin Chen, bit her lip and said, "Young Xia, hurry up, what's happening here has nothing to do with you."

This pitiful appearance, coupled with her dignified and seductive cheeks, is enough to drive any man crazy.

The King of the Golden Sword on the side heard the words, and a sharp light flashed in his eyes.

And Qin Chen frowned.

He glanced at the space magic weapon in his hand, and a sneer appeared on the corner of his mouth.

There are indeed some cosmic crystals in this space magic weapon, but there are only a few thousand low-grade cosmic crystals, and there are only dozens of middle-grade ones. With the cultivation and status of this exquisite goddess, this is probably only a very small part of her property. .

"You two, your affairs have nothing to do with me, and I don't want to take care of it. The affairs of you and the King of the Golden Sword are your own affairs. I don't know any Linglong Shenzong, and I won't give you any news."

After saying this, Qin Chen turned around and walked out of the canyon.

He still hasn't figured out the purpose of this exquisite goddess? He just wanted to drag him into the water. If he agreed to the Linglong Goddess, the Golden Sword King would definitely prevent himself from leaving in order not to be revenge by that Linglong Shenzong.

Don't worry about what Linglong Goddess said and didn't want to implicate her, but what she did was to make herself stared at by the Golden Sword King, how could Qin Chen be used by her?

Hearing Qin Chen's words, Goddess Linglong's complexion suddenly changed, and her eyes became difficult, but the next moment, there was a hint of joy in the depths of her eyes.

As soon as the King of the Golden Sword flickered, he stopped in front of Qin Chen in an instant: "Hold on!"

Qin Chen frowned and said coldly: "Your Excellency, what do you mean? I said, I will not participate in the affairs between you, and I will not pass any news to this exquisite goddess."

King Jinjian smiled and said, "My friend, this king just wants to know how you got out of this space canyon?"

His eyes flickered, and there was a faint glint in his eyes.

The matter of him chasing and killing the Linglong Goddess must not be spread out, so Qin Chen's guarantee could not reassure him at all. In addition, Qin Chen actually walked out of the space canyon before, which made him more concerned.

When he came to Qin Chen so young, he couldn't resist the murderous intention in the space canyon at all. In this way, Qin Chen was able to resist the murderous intention in this space canyon because he had some kind of treasure on his body. If so, how terrible is the treasure on the other side?

Thinking of this, the Golden Sword King couldn't help but once again burst into a frenzy.

If he can get such a treasure, wouldn't he also be able to enter this forbidden area for a look?

Moreover, according to rumors, there must be some kind of top treasure in the forbidden area of the space canyon in the secret realm of Returning Ruins. Once he can enter this forbidden area, he may be able to get the so-called treasure.

"Does this concern you?"

Qin Chen glanced at the Golden Sword King and said coldly.

When the words fell, he turned and swept away to the other side, not wanting to interfere in the affairs here at all.

King Jinjian's eyes turned cold, and he immediately sneered: "Hahaha, my friend, it's not enough for you to say that, this exquisite goddess is now the king's prey, so the things on her body are considered the king's private property, now Your Excellency took the other party's universe crystal, how can you say that it has nothing to do with this king?"

The Golden Sword King raised his hand.

Boom boom boom!

One after another terrifying golden sword energy came instantly, covering Qin Chen's body and covering all the passages around Qin Chen.

This golden sword energy is extremely terrifying, with suffocating murderous intent, enough to sever the sky and tear everything apart.

It has to be said that the strength of this Golden Sword King is extremely terrifying, and his cultivation has reached the limit of half-step detachment. As long as he is given some opportunities, it is not difficult to become detached.

"Then what do you want?"

Qin Chen said lightly.

"Hehe, hand over what Linglong Goddess gave you, and then tell me how you entered this space canyon. After this king kills Linglong Goddess, he will let you go, how about that?"

King Jinjian said with a smile, but the smile seemed a bit gloomy.

Seeing this, the Linglong Goddess on the side also faintly outlined a smile on the corner of her mouth.

His actions really worked.

"Not how?"

Qin Chen was almost amused by the Golden Sword King, and he had already stated that he would not intervene, but the Golden Sword King actually coveted something on him.

Qin Chen smiled coldly, took a step forward, and said lightly: "King Jinjian, right? This young master gives you two choices, one, obediently get out of the way, and this young master can pretend that nothing happened and leave directly. Second One, this young master shot and killed you, and then stepped over your body."

Qin Chen said slowly, his expression was very calm and calm.

A half-step detachment peak martial artist, who is not even detached, actually dares to threaten himself, and I don't know where the courage comes from.

Qin Chen's words fell, and the field suddenly froze.

King Jinjian and Goddess Linglong were both startled by Qin Chen, apparently not expecting Qin Chen to react like this.

"What did you say?"

King Jinjian couldn't help laughing, his eyes gradually became cold, and countless sword qi surrounded him, bursting out with terrifying murderous intent.

"Warrior Lord"

Like the **** of war

[Chapter 5067: terror defense](#)

It was the first time he saw a young man dare to be so arrogant in front of him.

"Kid, are you trying to find death?" said the King of the Golden Sword in a cold voice. Ninety-eighty-one sword qi surrounded his body, instantly forming a sky-like curtain. , Qin Chen seems to have come to a place full of sword energy.

country.

Each of these sword qi is enough to tear the world apart, possessing endless divine might.

There was a trace of fear in the eyes of the exquisite goddess on the side.

Kingdom of the Golden Sword. This is the top magical power of the Golden Sword King. The reason why she fled all the way is because she is afraid of the Golden Sword Kingdom of the Golden Sword King. Under this Golden Sword Kingdom, anyone will be enveloped by countless sword qi. Every one is open

The sky is shattered, with terrifying murderous intent.

Fighting against the Golden Sword King is not like fighting alone at all, but rather like fighting with hundreds of millions of swordsmen. She doesn't want to experience that feeling a second time.

"swordsman."

Qin Chen murmured.

Is this the swordsman of the universe sea?

At this time, Qin Chen could clearly feel the countless sword qi that enveloped him, each of which contained astonishing power, especially the nine-nine-eighty-one sword light beside the Golden Sword King, each with a half-step transcendence. attack.

However, in the face of such an attack, Qin Chen's expression remained unchanged.

"Young Master said one last time, get out of the way, I can pretend that nothing happened, otherwise..."

Qin Chen said indifferently, his eyes were cold, and now he is not afraid of anyone at all.

"Hahaha, otherwise what?"

King Jinjian interrupted Qin Chen's words directly.

"Clang!" He had a long sword in his hand, and at this moment, his long sword pointed directly at Qin Chen, and the long sword snorted coldly.

In the sound of the sword sound of "clang", the golden sword king spewed out sword beams all over his body, as if he was going to turn into a giant sword at this time. I heard a loud noise of "Boom". In this instant, countless visions appeared in the Golden Sword Kingdom in front of the Golden Sword King. Like a kingdom of swords,

Sharp and compelling.

The next moment, countless sword lights shot towards Qin Chen like a gust of wind and rain, bursting with endless murderous intent.

"Ugh."

Seeing this, Qin Chen couldn't help but sighed softly.

Why do people always want to hurt themselves.

With a movement of his body, he walked forward slowly, and then his big hand stuck out directly.

Boom!

I saw Qin Chen's big hand sticking out, as if it could stretch the heavens and the earth, and the huge palm appeared between the heavens and the earth, as if it could tear apart nine heavens and ten earths, destroying everything in the world.

"I don't know how to live or die."

King Jinjian sneered, it was the first time he saw someone block his sword energy with his hands.

The Linglong Goddess on the side was also shocked. Seeing that Qin Chen walked out of the space canyon, she thought that Qin Chen was a character, but now it seems that this is an idiot at all.

Even if the sword qi of the Golden Sword King is any one, it needs a half-step detachment to fully resist it. This guy in front of him actually uses his palm to resist. Isn't this an idiot?

In the speechless gaze of the Linglong Goddess and the sneering laughter of the Golden Sword King, countless sword lights slashed on Qin Chen's palm in an instant.

Dangdang!

I heard a series of sounds of gold and iron symphony. After the sword energy of the Golden Sword King was enough to pierce through gold, it was as if it was chopped on a piece of extremely hard gold and iron, and it was impossible to tear it apart. Split Qin Chen's flesh.

"how can that be?"

King Jinjian was horrified and screamed, unable to believe what he saw.

The Linglong Goddess on the side also widened her eyes, stunned, and rubbed her eyes desperately.

"This is your attack? Too weak."

Qin Chen said lightly and moved forward step by step.

He didn't make a move, but just deliberately tested his physical defense. It should be noted that his physical body was safe and sound in the space canyon, and the space cracks that were terrifying enough to tear everything could not bring him any harm.

Looking at it now, as expected, the attack of the Golden Sword King slashed on him, as if scratching a tickling, without the slightest damage.

"you..."

King Jinjian became angry, his face flushed red, and suddenly roared, "The golden sword is one, all things return to nothing, and I will turn into a sword forest."

The sound of "Clang!" sounded, and the Golden Sword King clasped his hands together, and at this moment, a sword sounded, and the nine-nine-eighty-one sword lights quickly gathered together, forming an unparalleled divine sword. Accompanied by the sound of this sword chirping, at this moment, countless golden swords shot up into the sky, and this golden sword piercing the sky spewed across the nine heavens and ten places in this instant, sweeping across the eight wastelands. At this moment, it seemed that there was a Supreme Sword God

Pro is the same.

The Linglong Goddess looked at it with all her eyes, and saw the Golden Sword King holding the golden sword high. Feeling the power of the majestic and energetic golden sword, the Linglong goddess couldn't help but gasped. This blow, the King of the Golden Sword did not cast on her before, she had a feeling that if the King of the Golden Sword cast on her before. out this trick,

Then it is very likely that she can't even escape to this space canyon, and she will drink and hate on the spot.

boom!

King Jinjian held the golden sword that reached the sky high, and slammed it down. With one sword, the sword energy swept through the ages, as if to tear the world apart, and came directly to the top of Qin Chen's head.

This was a blow that contained his supreme origin.

when! However, under the eyes of the two, Qin Chen just stretched out his palm again. His palm was not too big, but it was like a pillar of the sky, and he forcibly resisted the blow of the Golden Sword King. , no matter how the King of the Golden Sword motivates

The golden sword in his hand was unable to cause the slightest damage to Qin Chen.

Boom boom boom!

Countless golden sword energy slammed on Qin Chen like dense raindrops, but even Qin Chen's cold hair could not be torn apart.

"It's impossible." The Golden Sword King roared hysterically, he couldn't believe what was in front of him at all. This contained his strongest attack, which was enough to tear a half-step beyond the peak powerhouse, but hit the young man in front of him. , but not even his hair

The law is torn apart, what kind of terrifying defense is this?

How can there be such a terrifying and defensive guy in this world?

"Is this your attack? It's too disappointing for Young Master Ben. Since this is the case, Young Master Ben can only fight back."

With his right hand blocking the golden sword that the King of the Golden Sword fell, Qin Chen sighed and threw a punch with his backhand.

I only heard a loud bang, as if the earth was smashed. At this moment, when Qin Chen slammed a punch, it slammed heavily on the chest of the Golden Sword King. The majestic body of the Golden Sword King was suddenly convulsed by the beating, and he flew out heavily, hitting the ground hard, smashing the ground one after another on the spot.

[Chapter 5068: space sword grass](#)

puff!

With Qin Chen's punch, King Jinjian opened his mouth and spit out blood, and the whole person was like a rag bag, lying in the void, embarrassed.

He, a powerful man on the floating island, was instantly defeated by Qin Chen with just one blow.

On the side, the Linglong Goddess was already dumbfounded.

Qin Chen was also full of emotion in his heart.

This Golden Sword King's cultivation has reached the peak of half-step detachment, and in the initial universe, at least he was a master at the level of the ancestor of Yuanmo, but now in front of him, he can't even stop a move.

The Space Dao in the Secret Realm of Returning Ruins is really powerful, and his strength has increased so much in just a few short months.

"King of the Golden Sword, this young master has already given you a chance, but unfortunately, you are the one who insists on courting death."

Qin Chen stepped forward.

"Damn, I don't accept it." King Jinjian was lying on the ground, suddenly jumped up, and with a bang, his body burst into a dazzling golden light in an instant, and the whole person seemed to have turned into a golden scorching sun. The scorching sun rolled and bloomed. the power to destroy everything,

Then it slammed down towards Qin Chen.

With a bang, under this blow, the heaven and the earth shook, as if a huge tsunami storm had formed, evoking endless divine might.

"The golden sword slays the sky, the only one in all ages, the way of the heavenly sword, slaying demons and eradicating demons."

With the roar of the Golden Sword King, his whole person was integrated into this sword move, and a vast sword way appeared in the world, inspiring the supreme sword way.

"what!"

Qin Chen let out a surprise. Under this sword, Qin Chen felt that the avenue of swords in his body was activated, as if there was a strong urge to move.

"This should be some kind of powerful kendo in this universe, otherwise it would be impossible to evoke the kendo mood in my body."

Qin Chen was thoughtful.

His heart was surging, but Qin Chen's hands kept moving, his eyes were indifferent, and his big hands were blatantly sticking out.

hum!

At this moment, Qin Chen activated the Nine Stars God Emperor Art in his body, which directly motivated the space Dao he learned from the space canyon.

wow.

The void in front of him immediately rippled with water waves. The void here was under Qin Chen's palm, and it seemed to be rippling like a water pattern, and he quickly retreated.

Boom!

The next moment, Qin Chen's big hand collided with the sword intent displayed by the Golden Sword King, and he heard an earth-shattering roar resounding through the heavens and the earth, and a terrifying shock wave rippled along the void.

At the center of the explosion, the golden divine sword displayed by the Golden Sword King was instantly blasted away by Qin Chen's palm, and after the Golden Sword King's sword qi attack hit Qin Chen, it failed to break Qin Chen at all. The slightest defense of the flesh.

King Jinjian's eyes suddenly widened: "You..."

puff!

Before he could finish his words, Qin Chen's palm, with terrifying spatial fluctuations, instantly penetrated into the Golden Sword King's body.

"Ah!" With a scream, King Jinjian was madly twisted by countless spatial fluctuations on the spot, he looked at Qin Chen in horror, his eyes were horrified: "The power of space in the secret realm of Guixu, you have already controlled this The Space Road in the Secret Realm of Returning Ruins

Well, I..."

boom!

Halfway through the words, King Jinjian's whole body shattered instantly under the terrifying power of space, and his whole body turned into a blood mist.

"Too much nonsense."

Qin Chen said coldly, then grabbed it with a palm, and with a bang, a golden sword road was forcibly extracted by Qin Chen from the Golden Sword King's body, and then suddenly sucked into the body.

In an instant, Qin Chen felt a terrifying avenue of swords rampage in his body.

"The way of the golden sword?"

Qin Chen closed his eyes and carefully felt the way of the golden sword. Any way in this universe is new to Qin Chen, and it can give him a lot of insight and improvement.

After a long time, Qin Chen let out a sigh and made a buzzing sound. Above his head, there was a faint surging of the golden sword light, which completely restrained himself into his body.

This is the way of the Golden Sword of the Golden Sword King, which is completely controlled by Qin Chen and is fully integrated.

Immediately afterwards, the golden sword artifact and space magic weapon of the Golden Sword King were also instantly put away by Qin Chen.

The next moment, Qin Chen turned to look at the Linglong Goddess not far away.

At this time, the Linglong Goddess stepped back, her eyes were full of horror and fear, and her heart was full of endless fear.

Under Qin Chen's gaze, she felt an unprecedented pressure.

This is natural.

She was quite embarrassed by the pursuit of the King of the Golden Sword before, but now, the King of the Golden Sword, who was as strong as that, was so easily beheaded by Qin Chen in front of her. How shocked was she in her heart?

If Qin Chen is a detachment, that's all, but he is only half detached like them, how could he be so powerful?

How can there be such a horrible person in this world?

Whoosh!

Under the terrified gaze of the Linglong Goddess, Qin Chen flickered and came to her in an instant. At this critical juncture, Goddess Linglong took a deep breath, tried to make her expression return to normal, and then hurriedly bowed to Qin Chen: "Goddess Linglong Xie Gongzi's life-saving grace, son's great kindness and great virtue, I can't repay it. Wait

After returning to the sect from the secret realm of returning to the ruins, he will report to the master Linglong Xianzun as soon as possible, and let the master repay the hero. "

"Oh?" Qin Chen narrowed his eyes and said lightly, "Really?"

"Yes."

The Linglong Goddess trembled, and hurriedly said: "My son killed the Golden Sword King of the Heavenly Sword Continent for me. This matter, I will definitely take it all down, and I will never let the son suffer any grievances." Linglong Goddess took a deep breath. In one breath, she showed a trace of pitiful appearance at the same time. She bit her red lips lightly. That gesture was obviously not very tempting, and even had a trace of purity, but it could somehow ignite a fire in a man's heart.

To hold her in his arms and protect her fiercely.

"Oh, that's all?"

Qin Chen said indifferently: "Young Master Ben saved you and killed the King of the Golden Sword. Are you planning to repay Master Ben like this?"

"this..."

Goddess Linglong's heart jumped, she gritted her teeth and pushed out the jade box in her hand. "This is a space sword grass that I got from the secret realm of Returning Ruins. It contains the space Dao in this secret realm of Returning Ruins. The son's cultivation is sky-high, and his control over space is unparalleled. I want to come to this space sword grass for my son. come a lot of help

Help, before the Golden Sword King kept chasing me, it was also for this space sword grass, the little girl was willing to give this space sword grass to the young man to repay the young man for saving his life. "

Linglong Goddess hurriedly said, and handed the jade box to Qin Chen.

There was blood in my heart.

In this secret realm of returning to the ruins, any treasure that contains the top space Dao is no trivial matter, especially this space sword grass, although she is not a swordsman, but the strongest in the

universe is the swordsman. If you can bring this space sword grass to the outside of Guixu Secret, you will definitely get a huge harvest.

Chapter 5069 A thousand miles

This is also the reason why Linglong Goddess is so embarrassed that she doesn't want to hand over the treasure to the Golden Sword King, but now, seeing the tragic death of the Golden Sword King, she is afraid. Even if she is unwilling, she can only sacrifice this space sword grass come out.

"Oh? Space Sword Grass?"

Qin Chen was interested and opened the jade box.

"Buzz!"

In an instant, a terrifying space sword qi shot up into the sky. This sword qi contained astonishing murderous intent. It was like a sword that could reach the sky. for two.

I saw that in this jade box, there is this sword-shaped spirit grass, and the amazing power of space law circulates on it, and it is almost inseparable.

"It's no wonder that the Golden Sword King will never forget this thing. If this kind of sword grass can be swallowed, it will definitely be able to perceive a top-level space sword intent, which can make a swordsman's formidable power increase a lot in an instant."

Qin Chen's mind moved, sigh, this sword grass was instantly taken into his hand and slammed into his body.

boom!

An astonishing sword energy shot up from Qin Chen's body. The sword energy contained a terrifying space rule. The combination of the two formed an unparalleled and powerful sword energy.

Moreover, this sword intent seemed to tear apart Qin Chen's body and smashed away.

The sword grass has a spirit and is unwilling to be overwhelmed.

"Interesting, it's just a small sword grass, it has such a terrifying killing intent, and I still want to resist. Unfortunately, since it's in this young master's body, I will surrender to this young master."

Qin Chen sneered, and directly activated the power of the Void Divine Mark in his body. With a bang, the power of the sword grass was instantly suppressed, and then it was absorbed and refined by Qin Chen little by little.

With Qin Chen's kendo attainments, it would be a joke if he couldn't subdue a sword grass.

After a while, this sword intent was completely subdued by Qin Chen and merged into the body.

hum!

When Qin Chen raised his hand, he saw a sword energy appearing in his palm, and then smashed out of the sky. With a puff, the void directly stirred up a ripple of nothingness. Hit it can tear this void directly, annihilating everything.

"Interesting, this sword grass has increased my attack by at least 30%. This place of return to the ruins is still full of treasures."

Qin Chen sighed in his heart.

On the side, the Linglong Goddess saw her eyelids jumping.

This space sword grass contains amazing sword intent, even if it is obtained by a kendo master like the Golden Sword King, it is estimated that it will take at least several months to absorb and refine it.

But this guy in front of him actually completely absorbed this space sword grass in an instant, and merged it into his own power. How far has this guy reached in space one?

At this moment, Goddess Linglong was even more vigilant, and hurriedly said: "Young hero, can Linglong go?"

She didn't want to stay here for even a moment.

"What's the hurry?" Qin Chen smiled, "Since your Excellency is the goddess of the Linglong Shenzong, you must also be the top genius in this universe. This young master is very interested in the gods of this world, why don't you let this young master know?"

The voice fell, and Qin Chen suddenly grabbed towards the Linglong Goddess.

This Linglong Goddess had secretly harmed herself before. If Qin Chen had an extraordinary cultivation base, he would have died in the hands of the Golden Sword King and become the wedding dress of this Linglong Goddess. How could Qin Chen just let the other party go away?

Qin Chen grabbed it lightly, it seemed very plain, there was no fluctuation in mana, it was natural, but it was like an antelope hanging on its horns, and it was traceless and full of a taste of celestial interest.

He implied the way of stealing the sky and imprisoned the void. Since he realized the space law in this space canyon, his understanding of the avenue has been raised to a whole new level.

"Ok?"

The Linglong Goddess did not expect that Qin Chen would suddenly attack her.

That grab, pinching her wrist, actually made her feel like she couldn't dodge at all. It seemed that every change in her body was calculated by the other party, and any power was controlled and resolved by the other party.

This move, it is almost impossible to resist, to be 100% grasped by the wrist.

"It's amazing. With one move, I actually have the ability to have no resistance. Where did this son come from? Why has I never heard of such a genius in this sea of cosmos?"

Goddess Linglong's face changed greatly, her heart was terrified, and in an instant, she felt like a bird in a cage, as if she couldn't dodge no matter how she dodged.

In the blink of an eye, the Linglong Goddess finally showed her tyrannical strength, evil-like wisdom and reaction.

collapse!

With a flick of her wrist, circles of colorful rays of light scattered, forming a yin and yang tai chi. Each yin and yang tai chi is a colorful country.

"The country of exquisiteness, the realm of Xuanchao!"

These colorful kingdoms have layers of defense, and they imprisoned Qin Chen's claw, trying to prevent his capture.

"Tips for carving insects."

Qin Chen opened his mouth indifferently, and saw that his palm shook, a space aura surged, and between the shuttles, the exquisite kingdom of that one, the realm of Xuanchao began to collapse, and then the palm continued to capture without any obstruction.

Goddess Linglong's heart sank, her face was shocked again, and she let out a low drink. In her body, there seemed to be some kind of special power surging, trying to spurt out, accompanied by her pointing out.

Boom!

Qin Chen immediately felt that the world seemed to be collapsing and collapsing, as if the universe had been shattered. To condense into a small point, they all condensed to the fingertips of the Linglong Goddess.

In his spiritual sense, Goddess Linglong has completely disappeared, and the only thing left is the jade finger, which is the finger that destroys the world.

This is the power of transcendence.

Goddess Linglong's anger swayed in the cold void: "Your Excellency, you are too much, this is the source of my master Linglong Immortal Venerable left in my body, if you anger me, I will definitely display this power, At that time, when my master's spiritual sense comes, you will surely die. Your Excellency saved me before, which is a good cause, why do you have to tear your face with my Linglong Shenzong because of the small loss?"

The Linglong Goddess gathered a finger, proudly speaking to Qin Chen.

"Hahaha, your master is coming? Then let her come, detached from the strong, I have offended a lot of people, and I have never been afraid of anyone!"

Unexpectedly, Qin Chen sneered and ignored it. Facing this finger, he also pointed out that a source in his body suddenly collapsed, turned into absolute power, and condensed into a sword qi, a fierce sword qi!

Space Sword Intent!

It was the terrifying trick condensed by Qin Chen's previous absorption of the Golden Sword Avenue and the Space Sword Grass from the Golden Sword King.

Boom!

The **** collided.

In an instant, the power of detachment gathered by the Linglong Goddess was like the scorching sun encountered by the white snow.

[Chapter 5070: God fruit ripe](#)

Between the heavens and the earth, the endless sword energy is vertical and horizontal.

In the rumbling sound, under Qin Chen's finger, the attack displayed by the Linglong Goddess collapsed instantly and kept collapsing. The attack that contained detached power, under Qin Chen's finger, actually had no resistance at all. ability.

The sword energy is vertical and horizontal, the space is filled, and the colorful Tai Chi yin and yang collapses all at once, but they cannot stop Qin Chen even a little bit.

Strong, strong, strong! At this moment, Qin Chen, with a majestic body and towering heaven and earth, is really like a god, with supreme divine power, which can only make people look up.

With a puff, the Linglong Goddess was so shocked that she flew out, her face suddenly pale.

"The power of transcendence?"

Qin Chen walked forward step by step: "This is indeed the source of Linglong Xianzun's entry into your body, but unfortunately, this is the secret realm of returning to the ruins, and your master's spiritual thoughts cannot come at all, so rely on your strength to motivate this god. Nian, how can you stop me?"

Qin Chen looked calm and said disdainfully.

He has already seen it, this secret realm of returning to the ruins is very magical, and ordinary power cannot come at all, otherwise he would not be so fearless.

There was also a force in the body of the Golden Sword King before, but he was unable to activate it until he died.

The face of the Linglong Goddess changed, and the weather was uncertain. It was obvious that Qin Chen was on his mind.

If her master can really come, how can she be forced to such a point by the Golden Sword King.

With her mind turning, the Linglong Goddess looked at Qin Chen who was standing straight, like a flag, and her divine sense flashed thousands of times in an instant.

She finally felt the difficulty, knowing that Qin Chen was by no means a fool to fool, and even said: "Your Excellency, you are right, my master Linglong Immortal Venerable is indeed unable to come to the secret realm of returning to the ruins, but my Linglong Shenzong has a fighting method. If you kill me, you will be infected with great cause and effect, and then my master will be able to perceive you and avenge me."

"The Art of Fighting Destiny?"

Qin Chen chuckled lightly.

He also controls the way of fate, but he also understands a little bit. Naturally, he knows that everything in this world will leave a cause and effect. However, the secret of heaven is not inexorable.

"good."

Linglong Goddess said, with a buzzing sound, she urged the source in her body, and suddenly, a colorful light emerged between her eyebrows, "This is the power of destiny that my master left in my body, if you kill me, this The power of destiny will definitely be stained on you and will be indelible."

"what."

Qin Chen felt the power of fate in the Linglong Goddess, and his brows could not help but wrinkle. He felt a familiar feeling in this power of fate.

"The power of heaven?"

Qin Chen frowned, this power is actually very similar to the power of destiny of the Tianji Sect in his initial universe.

strangeness! In this world, there are countless ways of destiny. Although the way of destiny in each universe is quite similar in essence, it also has its own special side. The way of destiny in control is very familiar.

Is there such a coincidence in this world?

Or, what is the relationship between this Exquisite Shenzong and the Sect Master of Tianji Sect who entered the universe sea?

Thinking of this, Qin Chen immediately said: "Have you heard of Tianji Sect?"

"Heavenly Secret Sect?"

Linglong Goddess was startled, "Never heard of it."

"Then where did the power of your destiny come from?"

The Linglong Goddess felt that Qin Chen's tone seemed to have eased a little, and continued: "This is my master staying in my body, Your Excellency saved me before, there is really no need for you and me to be enemies, and I know that I am here. There is a treasure in the secret realm of the ruins, if you let me go, I will take you there."

"Oh?"

Treasure land? "

Qin Chen's eyes flashed.

Although this Linglong Goddess had never heard of Tianji Sect, Qin Chen felt that there must be some connection between this Linglong Shenzong and Tianji Sect Master.

Otherwise, the power of fate of the other party cannot be so familiar.

"Yes, it's a treasure land. I know that there is a Void Divine Rune Fruit in a place. If you don't kill me, I will take you there now."

"Void Divine Mark Fruit?"

Qin Chen's eyes flashed.

He had heard of this fruit in the previous introduction to the jade slip. This fruit contains the special spatial origin in the secret realm of the ruins. If swallowed, it can even make people hope to break through the realm of detachment. It is the top divine fruit in the secret realm of the ruins. .

"If you knew that you had this divine fruit, why would you run around everywhere?"

Qin Chen frowned.

Linglong Goddess continued: "This Void Divine Rune Fruit is located in a valley, and many people know about it, but this fruit is not yet mature, so I will go out to find other treasures first. According to calculations, this fruit should be mature. In recent days, as long as you don't kill me, we can start now." "Hahaha, Your Excellency is joking, I just heard that the Linglong Goddess of the Linglong Shenzong has an extraordinary cultivation and is a heroine, so I want to discuss with Your Excellency. That's it, why do you mean to kill you?"

In that case, you and I don't hurry to leave. "

Qin Chen laughed and said, the original chilling atmosphere instantly disappeared, like a spring breeze.

Goddess Linglong felt a chill in her heart, this person's temper is really uncertain, like thunder and scorching sun, you can't figure it out.

She didn't dare to say more, and immediately led the way.

Whizzing.

The two quickly left the space canyon.

now.

In the valley where the Void Divine Pattern Fruit grows, the power of space is slowly dissipating, while the surface of the purple fruit gradually appears one after another, and the air of the air escapes from the surface of the fruit that gradually emerges. .

Everyone outside the valley held their breath. There were already dozens of people here. Obviously, everyone knew that the Void Divine Rune Fruit was about to ripen.

Where Fang Muling was, the old demon looked coldly and said solemnly: "Miss, the Void Divine Mark fruit is about to ripen, and it will be extremely chaotic later, the old slave will break into it at the first time, pick the Void Divine Mark fruit, and wait for the old slave. After you get the Void Divine Rune Fruit, you will leave immediately with Miss, and you must not fight."

Although the old demon is strong, there are so many strong people here, especially there are two detachment masters. He is fine by himself, but it is extremely difficult to protect Fang Muling under so many masters.

"it is good."

Fang Muling nodded and said.

While the two were talking, an astonishing spatial fluctuation suddenly surged out of the valley in front of them, and they saw that the countless spatial forces were instantly integrated into those purple Void Divine Rune Fruits, and the entire valley was filled with space. Dao Ze disappeared in an instant.

"Space Dao disappeared."

"Void Divine Rune Fruit is ripe."

"Come on."

With a bang, almost instantly, the eyes of all the masters outside the valley turned red, and a frenzy swept out in an instant, and a group of people who had been prepared for a long time rushed over almost at the same time.
