

## Valkyrie 5081

### [Chapter 5081: space arteries](#)

Whoosh!

Qin Chen's body flickered, and he couldn't wait to swipe straight towards the fruit tree with the divine pattern of the void. The Linglong Goddess and Fang Muling also hurriedly followed behind.

Seeing this, the masters surrounding the Void Divine Rune Fruit Tree even gave in a little, but they did not completely give way, but stood aside.

I saw Qin Chen quickly land on the edge of the Void Divine Rune Fruit Tree, ignoring anyone around him at all, but just stared at the Void Divine Rune Fruit Tree, and his heart was suddenly overjoyed.

I saw that there were invisible space powers lingering around the Void Divine Mark Fruit Tree, and this space power was obviously diffused from the Void Divine Mark Fruit Tree.

These spaces are very clear, like a stream of water, lingering around, exuding a chilling atmosphere.

"This Void Divine Rune Fruit Tree can actually give birth to the Space Dao..." Qin Chen was immediately pleasantly surprised. Although he has made an amazing improvement in the Space Dao, he still needs to absorb a lot of Space Dao, and this void The divine pattern fruit tree was able to give birth to the Space Dao, so how could he

Not surprised?

If you can dig this Void Divine Rune Fruit Tree into your own chaotic world, will you be able to comprehend this space rule anytime, anywhere in the future?

Thinking of this, Qin Chen hardly hesitated, and was about to grab the fruit tree of the Void Divine Mark.

"Lord, be careful!" After seeing Qin Chen's actions, Goddess Linglong was taken aback and hurriedly said: "The space road next to the Void God's Pattern Fruit Tree is very terrifying, even the detached powerhouse can't easily approach, if you Dare to destroy this Void Divine Rune Fruit

The tree will be attacked by the surrounding space pattern. "

Seeing Qin Chen grabbing the fruit tree of the Void God Pattern, Linglong Goddess and Fang Muling were both shocked.

This is the self-protection method of the Void Divine Mark fruit tree. The natural materials and rare treasures have a means of survival. The method of this Void Divine Mark fruit tree is that in the process of nurturing the fruit, a terrifying space Dao pattern will be born, preventing all approaching powerhouses. .

The space dao pattern will disappear only when the fruit is ripe, but after the fruit is picked, the space dao pattern will appear again. At this time, no one can approach the Void Divine Mark fruit tree, otherwise it will also be seriously injured.

That's why the two were so nervous.

Not only them, but the other masters who had surrounded this place before also sneered secretly.

Don't they know the preciousness of the Void Divine Mark Fruit Tree? The reason why no one did anything to the Void Divine Rune Fruit Tree was because they didn't dare to do it. Now, seeing Qin Chen, he raised his hand to grab it, and all of them sneered.

boom! But the next moment, everyone's color changed, because when Qin Chen's big hand reached out and entered the space pattern, these space pattern not only did not attack Qin Chen, but tore Qin Chen's whole person to pieces, but instead This is

These spatial patterns rippled like water, and did not cause Qin Chen any harm at all.

How is this going?

Everyone was stunned.

These space Dao patterns are terrifying, no one of them does not know, with the cultivation of these people present, anyone who dares to approach, is afraid that they will be strangled in an instant, but this guy in front of him...

Could it be that there is a top treasure on this child that can block the attack of this space Dao pattern? !

Yes, it must be so!

For a moment, such a thought popped up in everyone's mind, and all eyes radiated fiery light.

"The Space Dao that I controlled in the space canyon before, really belongs to the same vein as the Space Dao on this Void Divine Mark Fruit Tree!" Feeling the Space Dao flowing around him, Qin Chen was overjoyed and didn't care about everyone else. Shocked, a shovel-like treasure instantly appeared in his hand, and then he shoveled it under the Void Divine Mark Fruit Tree.

There was hardly any pause in between.

Swish swish!

Everyone saw that the soil under the Void Divine Rune fruit tree was continuously blasted away, and soon a large hole was dug around the fruit tree.

Everyone who saw this scene was dumbfounded?

What is this kid doing?

Looking at the posture, do you want to dig up this Void Divine Rune Fruit Tree?

In fact, they really didn't guess wrong. Qin Chen's purpose was to dig up the Void Divine Rune fruit tree. Although there is no fruit on this fruit tree for the time being, there will definitely be new Void Divine Rune fruit in the future.

That's fine, just the ability of this Void Divine Rune fruit tree to produce space Dao Rune will be of great help to Qin Chen.

Therefore, Qin Chen's first thought was to take the Void Divine Rune Fruit Tree away.

"This guy....."

Everyone couldn't help but be speechless. "I can't believe that there is such a person, even the Void Divine Mark fruit tree is not spared, hum, it's just killing the chicken to get the egg, although this fruit tree can bear the Void Divine Rune fruit, but not to mention how long it takes to bear the Void Divine Rune fruit. , light is the environment

cannot be satisfied. "Yes, the reason why there is a Void Divine Mark Fruit Tree in the Secret Realm of Returning Ruins is because the environment here is special and contains special power of space. Once this Void Divine Mark Fruit Tree is transplanted to other places, the fruit will definitely not survive.

"

"Who is this person? Why is he with Miss Fang Muling of Anyoufu? What about the master of the Tuoba family who followed Miss Fang Muling before?"

"There is another woman, she seems to be the Linglong Goddess of Linglong Shenzong. Why is she here?"

"Hey, it's really her."

Many people around looked at Qin Chen carefully at this moment, and were secretly shocked.

boom!

At the moment when everyone was discussing and guessing, a terrifying space aura suddenly escaped from under the Void Divine Mark Fruit Tree. The horror of this space power shocked everyone. Everyone hurried to look, and immediately saw that Qin Chen had dug a corner under the fruit tree in this valley, and a pure white vein-like thing faintly appeared from below, emitting a crystal light, like a piece of spar generally.

"Space crystal veins!"

Seeing this pure white spiritual vein-like thing, everyone was shocked, and someone immediately screamed in shock.

"It's really a space crystal vein, and there is actually a divine vein under this Void Divine Mark fruit tree?"

"Hey, it's no wonder that this place can breed the Void Divine Pattern Fruit Tree, and it turns out that there is a Space Divine Vein."

Qin Chen dug a few times, and the more intense space aura escaped, and a huge space \*\*\*\* vein was clearly presented in front of everyone's eyes.

Divine veins, this is the top treasure in the universe sea, similar to the spiritual veins in the initial universe, only the places with the strongest Taoism can be born. A Divine Vein can sometimes even cause a conflict between a top major force, let alone a detached powerhouse, even if a major force like Anyoufu and Tuoba Aristocratic Family knows about such a Space Divine Vein, it is estimated that they will also

crazy about it. In an instant, there were countless heavy and rapid breathing sounds throughout the arena.

### [Chapter 5082: Sanmi God Flame Sand](#)

When everyone was shocked, Qin Chen also instantly understood why this valley was able to breed Void Divine Mark Fruit Trees. In fact, when he came here before, he felt that the place under the Void Divine Rune Fruit Tree was a little special, and there was a strong feeling that attracted him, as if there was some treasure under the Void Divine Rune fruit tree that attracted him.

general.

At this moment, he instantly understood that there was really a treasure under the Void Divine Mark Fruit Tree.

A whole space divine vein, what kind of treasure is this?

If this space divine vein can be placed in his chaotic world, it will definitely bring a huge transformation to his chaotic world.

You must know that the space Dao contained in such a space \*\*\*\* vein even surpasses the space Dao of the entire initial universe.

"Take it!" Qin Chen snorted, almost without any hesitation, his big hand slammed out, he heard a rumbling sound, the ground shook, this huge space divine vein was like a dragon, and Qin Chen was instantly caught up in it. captured, and then

Received in the chaotic world.

boom!

When this huge space divine vein entered the chaotic world, the chaotic world immediately made a rattling sound, and the Honghuang Ancestral Dragon and Sisi, who had been cultivating and sleeping in the chaotic world, were instantly awakened.

"Boy Qin Chen, what is this?"

Just saw Honghuang Ancestral Dragon incarnate into the body, soaring into the sky, looking at this huge space divine vein falling from the sky in horror. Before this divine vein, his whole person seemed incomparably small, as if he could be crushed at any time.

Ka Ka Ka Ka!

Under their eyes, the boundary walls in the chaotic world kept appearing one after another cracks, Qin Chen's chaotic world seemed to be unable to hold on at all, and would burst at any time.

"No, the aura contained in the divine veins in this space is too strong, and the chaotic world can't bear it at all!"

Seeing this, Qin Chen's expression suddenly changed.

This was something he hadn't considered at first.

But think about it, the chaotic world is the treasure he got from the initial universe, a world that has been continuously formed under his refining. Although it is strong, it is still far worse than the treasures in the universe sea. . "My lord, this space divine vein cannot be included in space treasures, and the place of return to the ruins is a forbidden place formed by the fall of a great master in ancient times.  
General Space Treasure Root

I couldn't bear the aura of the divine veins in this space, and it would definitely burst open, forming a terrifying spatial explosion. You should release the divine veins in this space quickly, otherwise the resulting explosion will simply be unbearable. "

At this time, the Linglong Goddess hurriedly exclaimed, her face turning pale.

In fact, she had wanted to remind Qin Chen for a long time, but she never expected that Qin Chen's movements were too fast, and she did not give him a chance to remind him, so she put away the divine veins in this space.

"This kid is really arrogant, and he actually put away the entire space divine vein."

"Hehe, I don't know how high the sky is. It should be afraid of me waiting to be plundered. An idiot, afraid of me waiting to be plundered, must not use this method."

The other powerhouses sneered again and again, wanting to see Qin Chen's jokes.

"Everyone, this is a space divine vein I got from the sea of cosmos. It contains the top space rules in the sea of cosmos. Let's join forces to suppress it." Qin Chen urged the space magical power in his body, and at the same time, commanded Honghuang Zulong. Suppress the chaotic world and prevent the chaotic world from collapsing. Then, Qin Chen secretly urged Guyuta to let Guyuta descend directly outside the chaotic world, forming a

An invisible barrier.

"boom!"

With Gu Yuta as the guardian, the chaotic world stabilized in an instant.

Moreover, the chaotic world is actually faintly absorbing the power of space in this space divine vein. An invisible bead emerges from the world, and a special power escapes from it, which shocks the space divine vein.

"This is... the power of Zhenjiezhu?"

Qin Chen was stunned.

"No, it's not the power of Zhenjiezhu, but the power of the father contained in Zhenjiezhu."

Immediately, Qin Chen's eyes narrowed and he saw more.

The chaotic world was originally formed by the combination of Qiankun's fortune-telling jade plate and Zhenjiezhu, and Zhenjiezhu was obtained by his father back then, which contained a trace of his father's power.

After feeling a trace of the father's breath left in the Zhenjiezhu, the space gods that had been violent before suddenly calmed down in an instant.

The huge divine veins fell into the chaotic world in an instant and drilled into the ground of the chaotic world.

Immediately afterwards, on the land above the space divine veins, a quaint divine tree descended, taking root and growing. It was the Void divine pattern fruit tree.

call!

Under the watchful eyes of the public, the power of space that was about to explode on Qin Chen's body suddenly calmed down, leaving everyone stunned.

"How is it possible? This person has collected the space \*\*\*\* vein and the void \*\*\*\* pattern fruit tree, and there is no accident?"

"Impossible, the Space Divine Vessel in the Land of Returning Ruins contains top-level Space Dao. Ordinary space treasures can't withstand the power of Space God's veins, unless it is a top-level detachment treasure."

"Is there a space treasure of detachment in this person?"

For a moment, the eyes of everyone looking at Qin Chen instantly became extremely hot. At least a detached space treasure has such a possibility to withstand the power of the space gods, but it is only a possibility, so everyone instantly understood that Qin Chen not only has the space gods, but also at least has the space gods.

A top-notch space treasure.

"Boy, I asked you before, but you dared not answer, courting death, today I will take you down first, and then ask Tiangang King and their whereabouts." The half-step detachment peak master left by the God Venerable His face sank, he spoke with a cold voice, and then he didn't have a chance to speak to Qin Chen. He raised his hand and displayed three fire and sand magic weapons like quicksand rivers, moving towards Qin Chen instantly.

rolled over. With a loud bang, between heaven and earth, three flaming sand rivers, black, white and red, quickly appeared in the sky. When the three colors of flaming sand rivers were just sacrificed, they were still very different.

It became a black, white and red sandstone flame vortex. The mixed flame in the vortex flashed with a breathtaking flame, distorting the void as if it were burning.

"Sanwei Shenyang Sand!"

Seeing this terrifying three-color flame sandstone, the expressions of the rest of the powerhouses changed greatly, and they couldn't help but take a few steps back.

This magic weapon is a well-known magic weapon in the Southern Thirteenth Star Region. It even exceeds the scope of a half-step detachment treasure. It can be called a fake detachment treasure. There are countless powerhouses who have died under this treasure.

No wonder God Venerable Yuandao will send this person to stay here. With this treasure, this master of Sanwei Shenyan Sand is invincible under detachment. As long as he is not a master of detachment, he will be fine. In this man's hideous sneer, the three-color sand and stone flames instantly enveloped Qin Chen.

### [Chapter 5083: no stronger means](#)

Seeing that his Sanwei Shenyan Sand completely enveloped Qin Chen, this half-step detachment peak master instantly burst into endless ecstasy.

Unexpectedly, adults can get such benefits by letting themselves guard this place.

This is simply an unprecedented opportunity!

He looked at Qin Chen with fiery eyes.

You must know that it is a detached space treasure, and there is a space divine vein, and if you can get the Void Divine Rune Fruit on Fang Muling's body, wouldn't you have the opportunity to directly enter the transcendence realm ?

Thinking of this, the person's breathing instantly became rapid, and his eyes became more ferocious.

"Boy, if you want to blame it, you are standing with the eldest young lady of Anyou Mansion. Anyone who dares to go against the Lord God Venerable from afar will have to die."

boom!

He raised his big hand, and the three-color sand and stone flames that had already enveloped Qin Chen skyrocketed, madly falling towards Qin Chen's cover, and with a bang, the endless sand and stone flames instantly completely wrapped Qin Chen in it.

Chi Chi Chi!

This side of the world is constantly distorted, and everything is constantly annihilated under the three-color sand and stone flames.

"This son is over."

Many people shook their heads and sighed, sneering at the corners of their mouths. In their opinion, Qin Chen was shrouded in the three-flavored sand, and he was almost certain to die.

But no one cared about Qin Chen's death, they only cared about the treasure on Qin Chen's body.

For a while, everyone looked at each other, their eyes flickering, looking at the half-step detachment peak master, their eyes were cold.

There were even many people who took a step forward, and the aura on their bodies slowly condensed. No one believed that Qin Chen could survive under the attack of the three-flavored divine flame sand. What they considered was that once Qin Chen fell, the other party would definitely take away his space divine veins and detached space treasures. he

How can these people take these treasures?

The other party is the subordinate of Yuandao God Venerable. Once he starts, it will offend Yuandao God Venerable. If it is something else, they will let it go, but how precious are this space divine vein and detached space treasure?

This can even make a big family rise. For such a treasure, let alone the absence of the gods from afar, even if the gods from afar are here, it may not be that no one is interested.

After taking the treasure at the big deal, walk away and hide it completely.

Thinking of this, everyone's eyes exuded a trace of sinister power.

"Ok?"

The half-step detachment peak master who cast Sanwei Shenyan Sand also sensed the surrounding atmosphere, he snorted coldly, and while urging Sanwei Shenyan Sand to annihilate Qin Chen, he was alert to the surroundings.

"wrong."

But at this moment, someone suddenly exclaimed.

The sound was not loud, but it instantly fell into everyone's ears, attracting everyone's attention.

"That kid has been shrouded in the three-flavored divine flame sand, and he is almost certain to die. Why didn't Goddess Linglong and Miss Fang respond?"

I saw a middle-aged man wearing a Confucian robe couldn't help frowning and said.

As soon as these words came out, everyone was startled.

They all turned around and were stunned.

It really is.

I saw Fang Muling and Linglong Goddess in the distance watching Qin Chen being shrouded in endless flames of sand, but there was no sign of surprise on their faces, not even a trace of panic, this was too wrong.

what happened?

"Hehe, this flame is a bit interesting."

Amidst everyone's doubts, suddenly, a chuckle came from the three-flavored divine flame sand, and then, a figure slowly appeared in the place shrouded in the flames of the Shahe River, and came out little by little. Countless sand and stone flames shrouded the opponent's body, like countless hot sand and gravel slamming on the opponent's body, but they did not leave the slightest wound on the opponent's body, and the opponent even raised his hand and grabbed some plunder.

The moving sand and stone flames are carefully watching and sizing, as if they are studying the three-flavored divine flame sand.

"what?"

Such a scene made everyone wide-eyed and stunned, unable to believe what they saw.

"how can that be?"

The half-step detachment peak master even roared, and his heart was full of anger. Sanwei Shenyan Sand, that is a magic weapon of pseudo-transcendence. Its power is so strong that ordinary half-step detachment masters will be burned to ashes in an instant. that little

son.....

"Impossible, give me death!" The half-step detachment peak master shouted furiously, and with a bang, the power of the source surged out of him, and in an instant, the three-color sand river that filled the sky blazed into the wind. It went up, it soared nearly double in an instant, and it was caged again.

Covered Qin Chen.

Bang bang bang bang... Countless sand and stone flames hit Qin Chen, and immediately made a harsh sound, but no matter how these sand and stone flames eroded Qin Chen, they couldn't penetrate Qin Chen's body at all, as if he was trapped in a unique one of the spaces

general.

"Is this your attack? I'm so disappointed."

In the sand and stone flames, Qin Chen shook his head slightly. The reason why he didn't take action immediately was to find out how strong the attack displayed by this so-called pseudo-transcendence weapon was.

right?

But when Qin Chen really felt it, he was a little disappointed.

This... seems to be the case. "If you don't have a stronger attack, then the young master is about to take action." Qin Chen said lightly and stepped forward. The locust-like Shahe flames swept around him, setting him off like a flame storm. god

king.

"you you you....."

Ding Ding Deng!

Looking at Qin Chen who was walking step by step in the flames of Shahe, the half-step beyond the peak master was completely frightened.

"Impossible, how is this possible?"

He muttered to himself, unable to believe what he saw in front of him, how could his Sanwei Shenyan Sand not cause any harm to that kid at all?

"It seems that you have no stronger means."

Qin Chen shook his head slightly, and just after the words fell, Qin Chen was already punched out.

Space magic!

Qin Chen instantly integrated the spatial supernatural powers he comprehended into this punch.

Boom!

The void in front exploded in an instant, and the three-color flame sand river that was like a storm exploded in an instant under Qin Chen's punch. .

Boo!

The storm broke. Qin Chen's fist attacked strongly, and the fist of the void immediately turned into a killing force and swept over, and the face of the half-step detachment peak master who was in this terrifying killing force suddenly changed greatly.

#### [Chapter 5084: who has objections](#)

This half-step detachment peak master looked terrified. At this moment, his whole body stood up, and he felt like he was about to be torn on the spot.

He had already guessed that Qin Chen was not ordinary when he saw that Qin Chen could resist his Sanwei Shenyang Sand, but when Qin Chen really started, he knew how terrible this extraordinary was.

In the face of this terrifying space-fisting killing force, he was like a small wooden boat in the raging waves, and he didn't even have the strength to resist.

"Damn!" He screamed in anger, and he didn't even have time to think about it. He drove his three-flavored flame sand even more crazy, forming a terrifying three-color vortex trying to resist Qin Chen's attack. The figure is also receding rapidly

, to avoid the attack range of Qin Chen's punch.

However, Qin Chen's fist was too fast, and in an instant, it came to him.

"Boom!" The explosion in the sky rolled up, and Qin Chen's space fist slammed into the vortex formed by the three-color flame sand river, and it exploded the three-color flame sand river in an instant. A shamisen fire that detaches from any of the following attacks

Sand was as fragile as a soap bubble in front of Qin Chen's punch.

With a puff, Qin Chen's punch smashed into the chest of this half-step detachment peak master in an instant after smashing the endless three-color flame sand river.

"Do not..."

This half-step detachment peak master only had time to let out a shrill roar, and he felt an endless terrifying space Dao pouring into his body.

boom!

There was a sound of clack in his body, and the whole body was slowly torn apart, as if it fell into the countless voids around it, and was continuously cut, making him unable to restore his body at all.

His heart was filled with endless terror. This space Dao is terrifying, more terrifying than all the space Dao he has seen before, and what makes him even more frightened is the feeling this space Dao gives him and the power of space in the place of return to the ruins very similar, from the same source

. "You have already mastered the spatial rules of the land of return to the ruins... how is it possible... Did you swallow the Void Divine Rune Fruit? No... Even if you devour the Void Divine Rune fruit, it is impossible for you to devour the Void Divine Rune fruit in such a short period of time. master this

The space Dao in it is... impossible. "

This half-step detachment peak master showed a desperate look, and his consciousness kept roaring, but he couldn't stop his body from collapsing little by little.

"Crack..."

When one after another terrifying sound of fragmentation resounded in his mind, the half-step beyond the peak master was completely desperate. He knew that he was finished. The sea of consciousness was torn apart, and the terrifying sound inside could not be heard by others. Only he knew how terrible the torment was. A long crack appeared in his sea of consciousness, and the power of space was constantly swallowing up the sea of consciousness. force, will

His sea of consciousness was cut apart, his sea of consciousness was torn apart, and he could no longer control his magical powers.

The powerful sweeping vortex of Sanwei Shenyan Sand suddenly slowed down, not to mention the attack, and even lost the room for defense.

"puff!"

In the end, Qin Chen's fist light completely enveloped him, completely annihilating him in the void.

The whole process sounds long, but in fact it only takes a moment.

In just a breath of time, Qin Chen smashed a half-step detachment peak master with one punch, killing him completely. The roar and the flames of sand disappeared. When the rest of the people saw it clearly, there was only a pool of blood left by the half-step detachment peak master on the ground. Not only did not even the corpse remain, even his space treasure and Sanwei God inflammation

The sand has been taken away by Qin Chen.

Several half-step detachment masters who were about to be surrounded by faintly before, all retreated in fear at this moment.

fear!

horrible.

The half-step detachment peak master who shot Qin Chen before is by no means an unknown person in this valley. Since the Yuandao God Venerable will keep him here, it is obvious that the Yuandao God Venerable is sure that he can be calm. live there.

In fact, before Qin Chen came, he really calmed down the scene, and no one dared to disobey his authority, not only because he was afraid of the gods from afar, but also because of his strength.

But now?

It is such a master who was directly killed by Qin Chen in a short period of time. How can people not be shocked and feared?

Ding Deng Deng.

For a time, many masters in the valley who were still eyeing Qin Chen, retreated again and again, daring not to have the slightest hostility to Qin Chen.

Such means, such strength, if they dare to go up, they will surely die.

But thinking of the space gods that Qin Chen had put away before, many people hesitated again.

Such a top-level treasure, should it be handed over to people like this?

"What, do you guys want to do something to this young master?"

Qin Chen glanced at the people around him lightly, and suddenly everyone backed away, their faces turning pale.

"What are you afraid of? No matter how strong this person is, he is just one person. If we have so many people working together, are we still afraid that he will fail and kill him, and we can share the treasure on this person equally..."

A half-step detached eyes flashed, and he even said, trying to encourage others.

It's just that his voice just fell.

puff!

Qin Chen suddenly shot, and in an instant, an astonishing sword energy emerged between the heavens and the earth, pierced through the man's eyebrows in an instant, and pinned his soul.

"you..."

This person looked terrified. He had already felt Qin Chen's shot before, and even saw the sword qi attack, but he couldn't avoid Qin Chen's sword. No resistance.

"I am Beitian Star Territory..."

The man hurriedly spoke, and before he could finish speaking, Qin Chen raised his hand and with a puff, the soul of this man was instantly killed by Qin Chen's sword qi, and the whole person fell on the spot.

Boom!

The rolling half-step detachment aura was agitated and slowly dissipated between heaven and earth.

"Is there anyone else who wants to deal with this young master?"

Qin Chen put away the person's space treasure and magic weapon, then turned around and looked at the others indifferently.

"No, no, no, you are joking, my lord."

"How dare we deal with you, my lord."

"That's right, those two people didn't know the sky and the earth before, that's a shame."

Everyone hurriedly said in horror, all of them looked terrified.

motherfucker.

Who dares to object to this?

As long as they have any objection, I am afraid that they will be directly killed in an instant like the previous two.

At this moment, a half-step detachment suddenly clasped his fists and said, "Everyone, I'll take one step first."

Obviously, he didn't want to provoke Qin Chen, and he didn't want to stay at the center of right and wrong. The Space Divine Vein and the Tuoba Aristocratic Family are good things, but no matter how good things are, they have to have a life to take them. However, he just finished saying this, and before he left, he heard Qin Chen say: "Don't hurry to leave, I haven't finished asking you guys yet."

#### [Chapter 5085: finally gone](#)

The face of this half-step detachment suddenly changed greatly, Qin Chen actually wanted to keep him, how could this be a good thing?

But he never moved his footsteps again. He had seen Qin Chen's horror. Once Qin Chen attacked him, how could he leave?

"very good."

Qin Chen glanced at everyone, and then said: "Now who can tell me what happened here before? Where did they go?"

Everyone looked at each other, but no one dared to speak first.

Qin Chen's eyes fell on the person who was leaving before, and said lightly: "You speak first."

"I..."

This man was terrified. At this moment, he regretted coming out earlier, but at this time, he had no other way. With the strength Qin Chen showed before, he might be able to kill him in an instant.

He could only respond, stepped forward, and was about to answer, but was interrupted by Qin Chen.

"Wait a minute."

After Qin Chen finished speaking, he directly raised his hand, and a pattern lingered instantly, quickly covering the two of them.

"This young master will ask you individually. If you find that someone has said something different and deceived this young master, then don't blame this young master for being rude."

After saying this, Qin Chen closed the pattern and said to the man, "You can talk now."

The man suddenly gave a wry smile and began to explain from the beginning. "...After Miss Fang Muling left, Lord Dangmo Shenzun directly performed some kind of secret technique in order to buy more time for Miss Fang Muling, which stopped the detachment of Yuandao Shenzun and the dark clan, but he So Severely wounded, almost trapped here. Fortunately, at the last critical moment, Dangmo Shenzun displayed a dark thunder of annihilation, breaking the trapping formation displayed by the distant godzun, so that he could leave, otherwise he would be dead. "

While explaining, this person secretly looked at Qin Chen. At this time, he also understood that Qin Chen should have something to do with Anyoufu, so he secretly said to Dangmo Shenzun when he spoke.

"Silence and Darkness, what is that?" "Silence and Darkness is a top-level treasure researched by the War Department of the Darkness House, which contains the mighty power of the Darkness House's annihilation, which bursts open. It is enough to seriously injure a master of detachment, and it is a terrifying treasure in the Southern Thirteenth Star Region.

thing. If it hadn't been for the Divine Reverence of the Far Dao and the Dark Detachment to join forces, the void here would have been trapped long ago. Such a treasure would be enough to seriously injure the Divine Venerable of the Far Dao, and even the people I waited outside to watch would die here. "

Speaking of which, there was a trace of heart palpitations on the man's face.

"What about later?" Qin Chen asked. The man continued: "After the \*\*\*\* Zun used the silent thunder to break the shackles, he was already seriously injured, so he did not pursue the victory, but fled here as soon as possible. The detachment of the distant \*\*\*\* and the dark clan was to avoid future troubles. , they chased them all the way, leaving the previous person to guard here, waiting for King Tiangang and the others to come back with Miss Fang Muling. Of course, there is another reason to keep an eye on it to prevent us from taking it away. what

What a treasure. "

Speaking of this, there was a trace of resentment on this person's face, and he was obviously a little dissatisfied with the actions of Yuandao God Venerable. However, no one thought that there is really a space divine vein under this Void God Mark fruit tree. It is a pity that the power of the void around the Void God Mark fruit tree prevented everyone from exploring, otherwise they would not wait for Qin Chen to come over. already

It has taken away the divine vein of this space.

"Okay, you go out first, and you can leave when I finish asking the others."

After Qin Chen finally asked Dangmo Shenzun in which direction they were leaving, he opened the pattern and let the other party go out first.

After asking Qin Chen, he also understood what happened. Fang Muling really fought for himself and the dark clan detachment, which led to the dark clan detachment teaming up with the gods from afar to deal with Fang Muling.

Of course, there is also the purpose of the dark clan wanting to have a good relationship with the Tuoba family.

Of course, what Qin Chen is most concerned about is the remaining Void Divine Rune Fruits, the Divine Venerable of the Far Road and the Dark Clan Transcendence will each get three pieces. "This is troublesome." Qin Chen frowned. Although his cultivation has made an amazing breakthrough, he is not sure that he will definitely be an opponent of the detached powerhouse, but the Void Divine Mark Fruit is a must for him, because The result is that he broke through the super

The key to getting out of the realm.

"It seems that the God of Sangmo can't die, otherwise even if my strength has made a breakthrough, I have never stepped into the detachment. Once I am trapped by the two people of the distant God and the dark family, it will be dangerous."

Qin Chen's mind was surging.

"There has to be a way."

It is Qin Chen's temperament to act after a plan.

Next, Qin Chen asked a few more people, and found that their stories were basically the same, so he couldn't help but nod his head.

It seems that no one should lie to themselves.

"Okay, you can leave now."

Qin Chen looked at the crowd and said.

In the valley, everyone breathed a sigh of relief, and some of them flew up quickly and left here immediately, obviously they did not dare to stay here any longer.

But there are still some people who stayed. Since Qin Chen is willing to let them go, he obviously won't kill them, so what are they afraid of?

"Qin Chen, what should we do next?"

At this time, Fang Muling stepped forward and asked. "I've already asked, Dangmo Shenzun took the opportunity to escape from here before, and the far-reaching Shenzun and the dark clan detached went to follow him, in this case, we can't stand by, let's catch up and see, after all Dangdao

Demon God Venerable can be regarded as resisting the enemy for me. "

Linglong Goddess and Fang Muling both looked at Qin Chen in surprise.

Before they came here, they just wanted to see how Dangmo Shenzun was doing. Now that Dangmo Shenzun is clearly escaping with serious injuries, Qin Chen dared to catch up. What kind of spirit is this?

There are two detached masters ahead? If it were someone else, I'm afraid they would be unavoidable.

The eyes of the two looking at Qin Chen changed, they only felt that Qin Chen was extremely tall.

In this world, there are many people who can speak big words, but very few who can truly live up to their words and deeds.

"go!"

Naturally, Qin Chen didn't know what the two were thinking, and with a flick of his body, he quickly disappeared here with the Linglong Goddess and Fang Muling, and flew in the direction of the escape of the Dangmo God Venerable that those people said before.

"This guy is finally gone."

Seeing Qin Chen leave, everyone else in the room breathed a sigh of relief and looked horrified.

"The direction this guy is going is the direction of Sangmo Shenzun and the others. Could it be that this son still wants to rescue Sangmo Shenzun?"

Someone was surprised.

"It's not impossible, with this kind of strength, I'm afraid that I can really fight against a master of detachment, right? It's unheard of to kill a half-step master of detachment with one move." Someone else nodded.

#### [Chapter 5086: without searching](#)

boom!

As soon as the two came up, an astonishing aura erupted, and the terrifying aura swept in all directions like a vast ocean, firmly locking Qin Chen and the others.

Seeing these two people, Fang Muling's expression changed, and he hurriedly said, "Qin Chen, they are the subordinates of Yuandao Shenzun."

"Is it you? Fang Muling?"

At this time, the two of them had also seen Fang Muling and the others, and their expressions suddenly changed, and they said subconsciously, "Aren't you being chased by King Tiangang and the others? No, what about King Tiangang and the others?"

The expressions of the two changed greatly, weapons appeared in their hands one after another, and a black handkerchief appeared in one hand.

From the sky, countless black qi spewed out in an instant. These black qi surged and made a roaring sound, swept towards Qin Chen and the others frantically.

On the other hand, there was a vajra pestle. The top of the vajra pestle had a black skull. In the eyes of the skull, two dark flames were burning, and they slammed down towards Qin Chen and the others.

Boom!

The breath on the vajra was surging, and the rolling black breath turned into black devil skeletons, whimpering constantly, and quickly biting Qin Chen and the others, densely packed, like a sea.

Seeing the treasures displayed by the two, the Linglong Goddess whispered: "Wan Mo Fan, Wan Mo Tian Wang? And the old skeleton?"

These are two half-step detachment masters in the Southern Thirteenth Star Region, and they are also very famous. The Linglong Goddess has naturally heard of it. Her body is surging with the power of the source, and just about to resist, she sees Qin Chen smiling slightly.

"let me do it."

When the voice fell, Qin Chen took a step forward.

boom! He took one step, the sky collapsed, and the whole world shook violently, as if a king had stepped out of his footsteps and wanted to conquer the world. In one step, the void shook, and the countless lingering black air and countless skeletons came.

The skull head collapsed instantly under Qin Chen's shock. Immediately afterwards, Qin Chen's big hand stretched out, and with a loud bang, the endless space swept through Qin Chen's big hand, and the void collapsed, as if forming a black hole, swallowing all the attacks the two of them had displayed, and fell hard. two heads

top.

"Not good." The two masters were taken aback, their pupils shrank suddenly. They never expected Qin Chen's strength to be so terrifying. In an instant, their hearts clenched, knowing that they were not Qin Chen's opponents. kind of god

Tong Xuanmiao tried to escape Qin Chen's capture, and at the same time, the two of them hurriedly urged the communication jade slips in their bodies, and they were about to send a message to the distant gods. However, before they could pass the news, Qin Chen's big hand had already come to the top of their heads, and thousands of changes collapsed in an instant. Under Qin Chen's power, the place where the two were located seemed to form an independent space. none

No matter how they moved, they couldn't move out.

With a snap, the two of them were like two flies, and they were instantly slapped into the void by Qin Chen, lying there dead, no matter how much they resisted, they couldn't move, like fish on a chopping block.

"you you you....."

The two were shivering, lying on the ground, trembling all over, almost unable to believe their eyes.

what monster is this? In one move, the two of them were defeated here. Is this still human? I'm afraid it's not some detachment from the strong disguise, right?

"Tell me, where are the God Venerable Yuandao? What's the situation inside?"

Qin Chen stood aloof and looked down at the two of them.

One of them gritted his teeth and said coldly: "Boy, you dare to oppose the Lord Yuandao God, do you know the consequences? The Lord Yuandao has already taken refuge with the Tuoba family, but..."

"Noisy." Qin Chen didn't bother to listen to the other party's nonsense, so he threw a punch directly. The man's eyes widened in horror, and he was blasted open with a bang. The fog drifts away, it's impossible to resist

Qin Chen's attack.

The power of the rules of the Great Dao emerged, and Qin Chen grabbed it into the chaotic world in an instant. At the same time, from the blood mist, a power of soul drifted out, which was directly captured by Qin Chen's big hand.

"Forgive me..."

The soul of the man cried out in horror.

But Qin Chen didn't pay attention, and the power of the soul quickly eroded towards the opponent. The Nine Star God Emperor Art was instantly motivated by Qin Chen and directly searched for the opponent's memory.

"what!"

This person's soul body screamed wildly, and with a final bang, the soul collapsed, directly dissipating the void, and the soul was destroyed.

Qin Chen shook his head, withdrew his right hand, and said lightly, "A piece of trash, the soul is so unsearched."

Immediately afterwards, Qin Chen looked at the other person. "I said, I said." The old man looked terrified, and before Qin Chen could speak, he hurriedly said: "The Lord of the Far Road and the Lord of the Dark and Transcendental Clan are bringing many masters to track the Demon God in this chaotic land. Respect, the devil

Zun has been seriously injured, and the source is injured. Once he is tracked by the Lord God Zun from afar, he will surely die, while the King of Ten Thousand Demons and I will stay at the entrance, and it is strictly forbidden for anyone to enter this chaotic place. "

Qin Chen frowned slightly.

Damage to the source?

It seems that the state of the Demon God Venerable is very bad.

"Senior, please spare your life..."

puff!

Before the old words of Lord Skeleton could fall, they were directly squeezed out by Qin Chen, and the rolling power of the Dao was directly smashed into the chaotic world by Qin Chen.

Qin Chen naturally dislikes these half-step detached qi, blood and Taoism, but they are a great supplement to the ancestral dragon, and they can also nourish the magic tree of all realms.

"Let's go, we must find the Dangmo God Venerable before the distant God Venerable and the dark detachment."

Qin Chen hugged Fang Muling and Linglong Goddess, and quickly swept into the depths of the Chaos Land.

And it didn't take long for Qin Chen to enter the land of chaos.

Whoosh whoosh!

Suddenly, several figures also appeared here, it was those powerhouses who were in the valley of the Void Divine Mark Fruit Tree before.

"hiss."

Glancing at the surrounding void, these people looked at the broken scene around them, as well as some scattered pieces of armor and robes, and couldn't help but gasp.

"This breath should be the Ten Thousand Demon Heavenly King and the Elder Skeleton under the command of the God of the Far Road."

One of the middle-aged men blinked and said thoughtfully.

As soon as these words came out, the rest of the people around were gasping for air.

They have met several masters under the command of God Venerable Yuandao before, and many of them are famous masters in the Southern Thirteen Star Region, and they are naturally familiar with them.

The Ten Thousand Demons Heavenly King and the Skeleton Jun Lao, just two of them, are masters close to the detachment level, and they are not unknown in the Southern Thirteenth Star Region. However, it was these two masters who died in the hands of Qin Chen and the others in such a short period of time, making everyone tremble and shaking their heads.

#### [Chapter 5087: Demon Dangling God Zun](#)

At this moment, several people were full of shock.

Oh shit!

Is that human being?

In the eyes of the opponent, a master of half-step detachment is like chopping melons and vegetables, and there is no resistance at all.

"Now, what shall we do?"

At this time, a master frowned.

"This place of chaos is a treasure land with many opportunities. We can take advantage of the fact that they are targeting each other here, and we can secretly investigate, maybe we can get some benefits."

"Yes, there are many gods in this place. The owls are rampant, but the Demon Dangling God Venerable and others will definitely enter the interior of the Chaos Land, which will attract a lot of \*\*\*\* owls.

Searching in the middle, once encountering danger, it is the first time to withdraw from the battle group. "

"good idea."

A group of people showed excitement, swish swish, and quickly left here.

At this moment, in the depths of the chaotic land, Qin Chen was flying rapidly.

Around him, countless wild auras surged past him.

"Qin Chen, can we find the youngest demon like this?"

Fang Muling was worried.

The land of chaos is extremely vast. It is very difficult to find the old man in such a place, and it is difficult to find a needle in a haystack.

"Whether you can find it or not, you have to try it first."

Qin Chen said in a deep voice, his eyes looked around, and his consciousness constantly sensed the surroundings.

"Here, there are traces of spatial fluctuations."

Qin Chen's body flickered, and he immediately swept in one direction.

With Qin Chen's current understanding of the principles of space, he can easily comprehend any fluctuations in any space, and no slight fluctuations can escape his perception.

As long as he fluctuates along these spaces, he will always be able to find people, whether it is the Demon Sangling God Venerable or the dark detachment from them, as long as he finds people, it will be easy.

Whoosh!

Qin Chen flew quickly in this chaotic land, and suddenly, huh, from the side, a black shadow suddenly swept over.

"It's the \*\*\*\* owl."

Fang Muling and Linglong Goddess all exclaimed.

Shenxiao is a unique thing in the land of return to the ruins. It is extremely fast and has amazing defense. It likes to sneak attack on others in secret.

It's just that this shadow just appeared in front of them...

puff! A sword light suddenly swept past, the sword light contained an amazing power of space destruction, and it slashed above the black shadow in an instant, and the black shadow suddenly let out a scream, a monster like a three-legged black eagle float

Now, with three eyes on his forehead, staring at Qin Chen, he was instantly pierced by Qin Chen's sword energy.

The three-legged black figure looked at Qin Chen hideously, struggling frantically, but could not break free from the shackles of Qin Chen's spatial power.

"interesting."

Qin Chen looked at the three-legged black eagle that was pierced by the sword energy, thoughtfully.

I saw the space ripples circulating on the three-legged black eagle. These space ripples completely combined the three-legged black eagle with the void and merged with each other. It is no wonder that this \*\*\*\* owl can be invisible.

"It seems that this \*\*\*\* owl has been staying in the secret realm of returning to the ruins all the year round, and has integrated a certain space rule."

Qin Chen murmured.

"This is the \*\*\*\* owl?"

On the other side, Fang Muling and Linglong Goddess also looked over curiously. Although they had heard of Shen Xiao, it was the first time they had seen Shen Xiao so close.

"Chirp!"

Shen Xiao opened his mouth fiercely, made a harsh voice to the three of them, and his eyes were crazy.

"Humph."

Qin Chen snorted coldly, the sword qi suddenly erupted, and with a puff, the blood of this \*\*\*\* owl flew on the spot, smashed by Qin Chen's sword qi, and dissipated as a blood mist.

At the same time, a spar appeared between heaven and earth.

As soon as Qin Chen raised his hand, this spar instantly fell into his hand. It was a transparent spar, exuding amazing spatial fluctuations.

"It seems that this should be the \*\*\*\* owl who has been practicing in this place for many years, so the space spar has condensed."

Putting away the space spar, Qin Chen continued to fly.

After a while, Qin Chen stopped abruptly.

"What's wrong?"

Fang Muling wondered.

"There are a lot of spatial fluctuations ahead, it should be the breath of Shen Xiao..." Qin Chen said with narrowed eyes.

"Then what?"

Fang Muling was shocked.

"No." Qin Chen shook his head, "The space where someone passed by before fluctuated, and since there is the aura of Shen Xiao, it obviously means that someone disturbed Shen Xiao before, and it is very likely that Dangmo Shenzun respects them."

"However, if there are many \*\*\*\* owls ahead, we will definitely be exposed when we go there."

Linglong goddess connected.

"Not necessarily."

Qin Chen smiled, a space fluctuation quickly lingered on his body, and with a swish, the whole person's breath became almost the same as the previous Shenzun.

"This is..."

Fang Muling and Linglong Goddess widened their eyes. If they hadn't seen Qin Chen with their own eyes at this moment, just relying on perception, Qin Chen in their perception has disappeared, and Qin Chen's place seems to be only a cloud of air.

"I have figured out the spatial fluctuations on Shen Xiao before, follow me."

Qin Chen quietly moved forward with Fang Muling and Linglong Goddess.

Cuckoo!

In the surrounding void, there was a faint voice of Shen Xiao, Fang Muling and the others looked vigilant, and they didn't dare to breathe, but Qin Chen looked calm, as if he had come to a no-man's land.

Passing through the location of this group of gods, Qin Chen suddenly stopped again.

"There, someone."

Qin Chen looked somewhere on the left and walked over quietly.

At this time, somewhere in the void in the depths of this chaotic land, Dangmo Shenzun was hiding in a folded void in an extremely embarrassing manner.

"I don't know what happened to the lady?"

Dangmo Shenzun looked embarrassed, covered in blood, and had many scars on his body, sitting cross-legged to treat his injuries.

"This \*\*\*\* far-reaching god, and the dark family, if I wait for me to get out of trouble, I must let them pay their debts with blood."

Dang Mo Shen Zun gritted his teeth and said.

However, although his tone was cold and severe, his face was still worried.

Because he also knew that he was in trouble this time.

Previously, he managed to use the habitat of the \*\*\*\* owl and escaped the pursuit and killing of the gods from the distance. However, the gods from the distance bit them so close that they had blocked the surrounding area and sent people to search continuously. .

One day, I will find where I am, and at that time...

"I just hope the lady is safe and sound."

Dangmo Shenzun shook his head bitterly, if something happened to the young lady, he would really die.

Back then, he was dominating one side in Dangmohai, but he offended the Tuoba family and was hunted down by the Tuoba family. It was Palace Master Anyou who rescued him and gave him a second chance to be born again. Everyone in the world thinks that he is a demon-swinging \*\*\*\* and has a demonic nature, but no one knows that he is actually a very affectionate and righteous person.

#### [Chapter 5088: Who](#)

He is not afraid of dying himself, but if he has affected the eldest lady, he will never be able to forgive himself.

call!

Dangmo Shenzun sat cross-legged, along with his breathing, a black aura lingered around his body, entered his nostrils, then flowed all over his body, and then flowed out again.

It has to be said that this place is really a very suitable place for cultivation.

Of course, the premise is that there are not so many gods.

Once the fluctuations in cultivation are too great and the surrounding gods are disturbed, then the gods in the sky will rush over, it will be like a nightmare, and a detached powerhouse stronger than him will be extremely dangerous. "Hmph, if the detachment of the far-reaching gods and the dark clan forces me to die, before I die, I will blow myself up, attracting all the gods here, even if the gods from afar and the dark detachment can escape, I'm afraid they will be there. Siege of the God Owl

The lower body was seriously injured, and at that time, the lady will naturally be safer, and will definitely avenge me in the future. "

A stern look flashed in the eyes of Dangmo Shenzun.

And when Dang Mo Shen Zun's mind was surging.

Outside this space, two figures carefully probed outside this area. These are two half-step detachment peak masters with extraordinary aura, but at this moment they are cautious and converge all their own laws, just like two ordinary people, there is no fluctuation in their consciousness, but with the naked eye

Observe around.

It is the two subordinates of God Venerable Yuandao. One of the half-step detachment masters looked around, his face was a little uneasy, and he whispered: "Brother, should we continue to search? Although the Lord God of the Far Road promised us that we can hug the Tuoba family's thigh, but then also have to

Save your life, with the strength of the two of us, whether it is to disturb the \*\*\*\* here, or to be discovered by Dangmo Shenzun, I am afraid that we will not escape death. The person beside him frowned and said: "With the background of me, there is almost no way to break through the detachment. Only by joining the Tuoba family, which is the first-class in the Southern Thirteen Star Region, is it possible. Otherwise, why do you think Lao Tzu should follow that far

The gods are mixed? "

"As for being discovered by Shenxiao and Dangmo Shenzun, hum, we are just wandering around here. If we really want to find Dangmo Shenzun, we only need to send a message to the distant Shenzun, where do we need to take action."

Halfway through his words, the person beside him suddenly pointed to the front in astonishment, and said tremblingly, "Brother, look..."

The two of them looked up and saw that in a distant mountain, there was a wave of demonic energy, and it seemed that there were figures in it.

In this chaotic land, the divine consciousness of the detached powerhouse cannot be extended too much, which also prevents the two from being discovered.

at this time.

In a void not far from here, a figure came here quietly with the two of them.

It was Qin Chen who came.

"According to the trace of breath left in the void before, Dangmo Shenzun should be not far from here."

In Qin Chen's brows, the Eye of Creation opened, and in his sight, the chaotic land in front of him became extremely clear, and the fluctuations of the surrounding space could not block his sight.

Qin Chen looked intently, and countless Dao fluctuated, densely covering the entire world, and in the surrounding void, Dao was surging, extremely dazzling.

However, it is also extremely dangerous!

As soon as he opened the eye of creation, he activated the spell of destiny to capture the trace of Dangmo Divine Venerable, and the eye of creation looked forward, and the next moment, he saw the distant sky, and there was a faint black air rising into the sky.

This black line is extremely blurry, and it is normally invisible under the cover of space Dao, but in the eyes of Qin Chen's creation, it is extremely clear, and there is nowhere to hide.

"That's... the breath of Dangmo God Venerable? It looks like I've found the right place."

Qin Chen smiled.

Fang Muling and Linglong Goddess on the side also showed excitement.

"Qin Chen, what are you waiting for, hurry up." Fang Muling continued.

Qin Chen nodded, just about to leave, suddenly, he looked in the other direction and raised his eyebrows slightly: "Dangmo Shenzun is being watched."

When the words fell, Qin Chen placed his right hand on the forehead of the two of them.

For a moment, they also saw the surroundings, and there seemed to be two vague auras.

"Two and a half steps of detachment, it should be a reptile under the command of God Venerable Yuandao, it seems that he is not ready to start."

Really hands-on, two half-step detachment is obviously not enough to see.

However, since these two half-step detachments are lurking here, there is a high probability that the position of the Sangmo God Venerable has also been determined, and it is very likely that they will launch an attack at any time.

These people, staying here, should have just discovered Dangmo Shenzun, but they don't want to startle the snake.

The Linglong Goddess hurriedly said: "Then let's quickly inform the Dangmo God Venerable, and then leave here, otherwise it will be troublesome when the distant God Venerable rushes over."

"Don't worry, it's just two bugs, it's easy to solve."

Qin Chen chuckled, "But when the time comes, you all have to take action, so that they have no chance to make a move."

Qin Chen's voice fell, and his figure instantly escaped into the void.

Not far away, the two of them lurked in an ambush here.

"Brother, when do you think the Yuandao Shenzun will arrive?" "What's the hurry? This place of chaos is so dangerous, and I can't make a sound to notify the Yuandao Shenzun directly. The Yuandao Shenzun is careful when they receive it, first of all To determine our position, and then avoid the surrounding Shenxiaolian

He and the others came over quietly to prevent Dangmo Shenzun from escaping again, I am afraid that none of them will not be able to come in a while. "

"Aren't we in danger then?"

"What's the danger in this? Let's hide here, as long as we don't make any noise, can we still be discovered by no one?"

Before he finished speaking, he suddenly frowned slightly and turned his head to look at a void.

"Brother, what's the matter? Could it be that someone is here?" The man frowned, stared carefully for a moment, frowned slightly, and then shook his head: "It seemed that there was a slight fluctuation in

space just now, I must have misread it, or maybe there was a \*\*\*\* owl passing by, that fluctuation and \*\*\*\* owl's fluctuates a lot like

."

Both of them looked up and saw nothing unusual.

There is no sense of crisis.

But that eldest brother is still a little unsteady in his mind. What he cultivates is the way of asking the heart. The most powerful thing is the perception in the dark. That slight discomfort was discovered by Dangmo Shenzun?

If he really found out, Dangmo Shenzun would not dare to act rashly, and it would be more likely to escape.

But now, there is no movement at all from the Demon Dangling God Venerable.

Must be nervous.

"Hehe, the perception is quite sharp. It seems that the way of your cultivation is somewhat interesting, and this young master is interested."

Just when he turned his head and monitored the Demon God Venerable again, a light laughter suddenly resounded in his ears.

The surrounding void seemed to have solidified from water to ice in an instant, and was instantly frozen.

The faces of the two masters lurking here changed dramatically. "Who?"

[Chapter 5089: it's me](#)

In an instant, the two half-step detachment masters were shocked.

What the hell, how could anyone speak?

Subconsciously, the two suddenly stood up, and the power of the source condensed in the body was about to spurt out.

Just at the moment when the two were startled, there was another laughter in their ears: "Hey, isn't this the two brothers of Shengxu who cross the cliff in the universe sea?"

There was a coquettishness in this voice, and it was heard, making people's bones feel like they were about to fall off in an instant, and the blood in the body couldn't help but boil.

"It is rumored that the two brothers, Shengxu, are both cultivated to the sky, and Linglong has always admired them. I didn't expect to see each other here today. It's really a blessing for the little girl for three lives."

Under such a voice, the two brothers were suddenly in a trance for the power of the source.

It sounds so nice.

Must be a great beauty, right?

A thought emerged in the minds of the two of them.

Linglong, this name is also very nice!

The master who makes one can't help but want to clear his voice.

The two turned their heads in a trance, and came to a fairy who seemed to descend from the nine heavens. She was dressed in a light gauze, walking gracefully, her waist was full of hands, and the beads were round and jade. It seems to have lost its color, which makes people's minds sway involuntarily.

"It's the Linglong Goddess of Linglong Shenzong."

"Why is she here?"

"She said she adored us...is that true?"

Two and a half steps detached from the agitation.

"wrong."

Suddenly, the two of them were shocked.

It was still a man's voice just now, how did it become an exquisite goddess in the blink of an eye?

Moreover, we are guarding the Dangmo God Venerable in the land of chaos, waiting for the Lord God Venerable from afar to come. How did this Linglong Goddess come here?

The hearts of the two suddenly shuddered.

At this time, Qin Chen and Fang Muling had already come to the two of them. Boom, Qin Chen urged the power of space Dao to block the void in all directions, and no sound or fluctuation could be transmitted.

The powerful Taoist power directly interferes with the two and a half-step transcendental Qi machines here.

On the periphery, Fang Muling's spirit whip fell almost at the same time, sweeping towards the two of them.

"I..."

The two masters were completely awakened, bang, a shocking roar broke out in their bodies, and behind the two of them, two huge ghosts of monsters appeared, covering the sky and the sun. Pull it open suddenly.

escape!

Under one blow, the two did not fight at all, and they had to escape from here in the first instant.

Although I don't know who the enemies are, those who can cultivate to their level are not easy to match. They have extremely rich combat experience and naturally know what to do at this time.

However.

Everything is too late.

"In front of this young master, do you still want to run?"

A chuckle sounded, and along with this chuckle, there was an endless dark aura.

The tyrannical power of darkness was so strong that it was almost impossible to dissolve, and it entered the bodies of the two in an instant.

"The power of darkness... Damn, it's the people of the dark family..."

"How could it be? Could it be that the dark detachment is pretending to cooperate with the Lord of God? In fact, it is trying to be detrimental to the Lord?"

A thought quickly emerged in the minds of the two of them. At the last moment, the two of them hurriedly activated the communication token: "Sir, I am waiting for an ambush, it is darkness..."

Before they could finish their communication, the endless power of darkness had already poured into their bodies.

With a bang, the two of them widened their eyes, their bodies split apart in an instant, and two terrifying paths were suspended between the heavens and the earth, bursting with an astonishing breath, and Qin Chen instantly brought them into the chaotic world.

Immediately afterwards, two space rings also fell into Qin Chen's hands instantly.

All the fluctuations have been completely dissipated in the blink of an eye, and have not been passed on.

Qin Chen and Fang Muling instantly landed where they were.

Qin Chen smiled lightly, "It's resolved."

Then he said to Goddess Linglong, "I can't believe that your Charm Art has such an effect."

The goddess Linglong smiled slightly: "It is an honor for Linglong to contribute to the adults, but in front of the adults, it is not worth mentioning at all."

Saying that, the Linglong Goddess looked at Qin Chen resentfully.

She had also performed seductive tricks on Qin Chen, but unfortunately Qin Chen didn't catch a cold at all, which made her very frustrated and speechless in her heart.

"Humph."

Aside, Fang Muling suddenly snorted: "Now is not the time to discuss this?"

The Linglong Goddess glanced at Fang Muling and glanced at her mouth.

There was an invisible energy surging between the eyes of the two.

"Let's go."

Qin Chen chuckled lightly, pretended not to see this scene, put away the space blockade, and quickly left here with Fang Muling and Linglong Goddess.

All movement dissipated.

At this time, in the void not far away.

Dangmo Shenzun suddenly had some heart palpitations, glanced into the distance, the body that was cultivating also stopped, and his eyes were solemn.

Just... did something happen?

He stood up suddenly and looked around carefully.

hum!

An invisible force diffused out of his body, instantly sweeping the surrounding world.

This is the foundation of his foothold in the universe sea for so many years, always careful and vigilant.

And at the moment when he filled with true essence, he immediately felt that something was wrong with the void around him.

"who?"

He was shocked, and the momentum on his body surged up in an instant, forming a wave of terror, protecting himself inside.

At this time, his heart has completely sunk, because he never imagined that people from afar God Venerable would find this place so quickly, and the fluctuations in the void around him were definitely approaching.

Invisible energy swept out, and Demon Dangzun was already thinking about whether to leave here for the first time, otherwise, once he was surrounded again, it would be more difficult for him to get out of trouble.

"Haha, Senior Dangmo Shenzun's perception is really sharp."

Just before he could leave, a chuckle suddenly resounded, and it was transmitted to the mind of Dangmo Shenzun.

"Who is Your Excellency?"

Dangmo Shenzun frowned in doubt. This voice was obviously not from the distant gods, nor from the dark detachment before, and it didn't seem to have any hostility, but what shocked him was that he didn't even feel the direction of the voice. , as if the voice sounded out of thin air.

Although he couldn't sense the hostility of the other party, Dangmo Shenzun's mind did not relax in the slightest, and his spirit and energy were extremely vigilant.

The next moment, a voice that made the old man unbelievable resounded.

"Elder Mo, it's me."

Hearing this voice, Dangmo Shenzun couldn't help but startled, "Little...Miss?"

He was shocked to the place where the voice came, and three figures appeared quietly, one of them was Fang Muling.

Dangmo Shenzun's expression instantly became excited: "Miss, why are you here?"

"Warrior Lord"

Like the \*\*\*\* of war

[Chapter 5090: Grateful](#)

"Elder Mo, are you alright?"

Fang Muling came to the Dangmo Shenzun in an instant and asked with concern.

Dangmo Shenzun was moved for a while: "Miss, I'm fine, why are you here, and who are they?" Speaking of which, Dangmo Shenzun looked at Qin Chen with a vigilant look, and a tyrannical aura emerged from him. It surged out, covering the world for a moment, "Are they people from afar? They want you to threaten the old slave? Miss, be careful.

, the Tuoba family does not have a good thing. Seeing this, Fang Muling shook his head and said, "Elder Mo, you have misunderstood. Qin Chen and Goddess Linglong are not people from afar. It was Qin Chen who rescued me from King Tiangang before. If it wasn't for Qin Chen, I would have already A person revered by gods from afar

Got caught. "

"Is he Qin Chen?"

Demon Dangling was startled.

Fang Muling had taken him to the space canyon before, saying that he wanted to save a valet he found in the secret realm of Guixu, whose name was Qin Chen.

And because of this Qin Chen, they also met the detachment of the dark family, which led to the cooperation between the distant gods and the detachment of the dark, which made him so embarrassed.

Is this the guy in front of him?

Dangmo Shenzun narrowed his eyes slightly when he looked at Qin Chen. Although he could feel that Qin Chen's cultivation base did not seem to be detached, he could sense a faint dangerous aura from Qin Chen's body.

Moreover, didn't this Qin Chen enter the space canyon before? How would it appear here?

You must know that the space canyon contains extremely terrifying space power. Even he may not be able to survive in the canyon. This kid in front of him is not even detached, so how did he survive? Thinking of this, Dangmo Shenzun suddenly froze in his heart, and said solemnly: "Miss, didn't you say that this person entered the space canyon? The space canyon is full of dangers, and ordinary people will surely die if they enter. How did this child survive? return

Yes, how did you find this place? Fang Muling explained: "Qin Chen did enter the space canyon before, but his strength was extraordinary and he survived. Later, I was chased by King Tiangang, and it was Qin Chen who happened to arrive and rescued me. As for finding me Here, it's still Qin Chen

Follow your space traces all the way. "Hmph, a half-step detachment, but he was able to survive in the space canyon, and he happened to save the young lady, and he could even see through the space traces of the old man. Is this son better than the distant \*\*\*\* and the dark detachment in terms of tracking? be stronger

? Miss, people in this world are extremely sinister, and you must not be deceived. "

Dangmo Shenzun instantly felt something was wrong from Fang Muling's words.

He didn't believe that a half-step detachment would be so powerful, not only to survive from the space canyon, but also to find himself in this chaotic land.

"Mo Lao..." Fang Muling was speechless, she knew that Mo Lao still didn't believe Qin Chen.

"Senior Dangmo Shenzun, right?" Qin Chen smiled lightly and said lightly: "If I were you, I wouldn't be so reckless, I would first restrain my breath. This is the place of chaos, you make such a big noise. The movement, it won't be long before the \*\*\*\* owl here is disturbed,

At that time, not only will he be in crisis, but Mu Ling will also be implicated, and the time when they arrive from afar, I am afraid it will be faster. "

"Mu Ling?" Dangmo Shenzun frowned: "You can call the lady's name directly?"

A fierce light burst out in his eyes.

Qin Chen: "..."

Isn't the brain of this Demon Dangling God very easy to use? Fang Muling also stomped his feet in anger: "Old Demon, hurry up and restrain your breath, are you going to be mad at me? I said that Qin Chen is not a bad person, don't you believe me? You know, you have been exposed just now, The subordinates of the gods from afar have

After discovering you, if it wasn't for Qin Chen who killed the two, we would be more dangerous now. "

Dangmo Shenzun frowned, and all he was thinking: "You mean, the fluctuation just now was caused by you guys..."

"Otherwise, what do you think?" Fang Muling said speechlessly.

Dangmo Shenzun hesitated for a moment, then glanced at Qin Chen, his eyes flickered for a while, but after all, he restrained his breath, and the surrounding void suddenly calmed down, but when he looked at Qin Chen's eyes, he was obviously still a little skeptical.

Qin Chen didn't talk nonsense, and said lightly: "I know you don't believe me, but seeing this, you should be able to believe it."

When the words fell, Qin Chen suddenly raised his hand and struck out a space \*\*\*\* mark.

hum! This space \*\*\*\* mark is not so gorgeous, it is just a faint light of magical power, but in the process of flying, countless space forces around are quickly gathered, and under the eyes of the public,

This space \*\*\*\* mark seems to be growing rapidly. When it is in front of Dangmo God Venerable, this space \*\*\*\* mark has grown into a towering tree, instantly covering all the void around Dangmo God Venerable.

Under this space fluctuation, a strong sense of crisis suddenly emerged in the heart of Dangmo God Venerable. He has a feeling that if this space path falls on himself, he is very likely to be injured.

How is this possible?

The kid in front of him is obviously only a half-step detachment, no matter how strong his aptitude is, and how amazing his talent is, it is impossible for him to raise his hand with a magical power to hurt himself.

In shock, Dangmo God Venerable slapped out a palm, and with a bang, his big hand turned into a huge mountain, and in an instant he grabbed the space knife mark that was enough to bring him a crisis.

bang.

When his palm hit the space Dao, this huge space Dao did not explode, but shattered in an instant and disappeared without a trace.

With a snort, countless spatial powers swept across the body of Dangmo Shenzun, like a breeze blowing, clouds and smoke curling up, as if it had never appeared before.

"What a powerful space control power." Dangmo Shenzun sucked in a breath of cold air. He could see very clearly that the reason why the space \*\*\*\* marks he had obtained before quietly dissipated was not because of his explosion, but when this space magical power was used. When touching his attack, the structure in it actively collapses

Spread out, like a soap bubble, under the attack of external force, it is quickly annihilated.

Such a method is simply amazing, and it must be that the control of the space Dao has reached a consummate level. This kind of control power, even a master like Dangmo Shenzun, has almost never seen it.

"This space rule is what I learned from the space canyon. Now, Senior Dangmo Shenzun should believe that I can survive from the space canyon, right?"

Qin Chen put his hands behind his back and said lightly.

Dangmo Shenzun took a deep breath and cupped his hands to Qin Chen: "Little friend, the old man was reckless before. Thank you for your kindness to the young lady. I represent Anyoufu, I am very grateful."

The way he looked at Qin Chen completely changed. After seeing Qin Chen's move, he completely believed what Qin Chen said. He was so young and with such a cultivation base that he could control such an amazing space rule. called metamorphosis,

Bright as a star. Even if the Tuoba family wanted to target themselves, they would never send such a genius to take risks.
