

Valkyrie 5091

Chapter 5092 is a good seedling

and

Dangmo Shenzun turned to look at Fang Muling.

Fang Muling is the eldest young lady of Anyou Mansion. She is not too young, but she has never had a partner. The mansion master is worried about this matter all day long, and his hair is about to go gray.

The eldest lady has always been spoiled, but she doesn't know much about love, or even has no feelings. The palace master has arranged many blind dates for the eldest lady, but the eldest lady either dislikes this or the other. .

Now this Qin Chen has extraordinary talent. If he really has nothing to do with the Tuoba family, he is a good seedling.

The most important thing is that the eldest miss doesn't say how much she likes this kid, at least she doesn't dislike it, or she won't let herself take revenge for this kid before and find trouble for the dark family to escape.

Thinking of this, Dangmo Shenzun suddenly became excited.

If you can solve such a thing for the Palace Master, then the Palace Master is afraid that the happy teeth will fall out.

Dangmo Shenzun kept staring at Qin Chen.

Well!

This son is good-looking, handsome, and has excellent talent. Just the trick he just used has already surpassed 99% of the arrogance of the dark and secluded mansion. In addition, he has an extraordinary bearing. Neither humble nor arrogant.

Yes, it's a good seed.

Unconsciously, Dangmo Shenzun showed a smile, and the more he looked at Qin Chen, the more satisfied he became.

Feeling the gaze of Dangmo Shenzun, and looking at himself with a strange smile, Qin Chen was inexplicably cold, and goosebumps arose.

What kind of look is this?

How can it be the same as looking at a big girl with yellow flowers?

"Old Demon, what are you laughing at?"

Fang Muling also looked at Dangmo Shenzun suspiciously.

"E"

Dangmo Shenzun hurriedly came back to his senses, coughed, relieved the embarrassment, and then hurriedly said: "I didn't see anything, I didn't see anything, I don't know which force my little friend is from?"

Are both parents present?

How much is Guigeng? "

Dangmo Shenzun looked at Qin Chen with a smile.

Qin Chen: ""

Fang Muling was also speechless. She could see that the old man was looking for someone for himself. When his father arranged a blind date for himself, the old man asked those guys like this.

"Old Demon, now we are still in the secret realm of returning to the ruins, and there are many dangers. Are these questions you asked inappropriate?"

Fang Muling was speechless.

"what?"

Yes, inappropriate, inappropriate. "

Only then did Dangmo Shenzun wake up, he was still in the land of chaos, and he was in great danger. He had to leave here as soon as possible.

"You guys, follow me, and I'll take you out of here."

Dangmo Shenzun said hurriedly, and his expression became serious.

Qin Chen's affairs can be understood after he escapes. After all, he still doesn't know the details of the other party, so he has to observe the other party carefully.

Thinking of this, Dangmo Shenzun immediately jumped up: "Miss, everyone, follow me."

"Let me bring it."

Without waiting for Dangmo Shenzun to take the lead, Qin Chen already picked up Fang Muling and Linglong Goddess, and came to Dangmo Shenzun in an instant.

"Miss you"

Seeing this scene, Dangmo Shenzun immediately widened his eyes: "Big, bold"

He glared at Qin Chen, and his murderous intention surged out in an instant.

What kind of person is the lady?

Although Dangmo Shenzun is concerned about the happiness of the young lady, it does not mean that the other party can move hands and feet now, and it is still two in one hug, which is too much!

"Mo Lao, Qin Chen is to prevent us from being discovered by Shen Xiao, and our speed is too slow, so we let him bring it, don't think about it."

Fang Muling hurriedly blushed.

Dangmo Shenzun was speechless, you explained it very well, but why are you blushing?

"Follow."

Qin Chen, however, was too lazy to pay attention to this Dangmo Shenzun. With a flick of his figure, he immediately escaped into the void, and Dangmo Shenzun hurriedly followed.

You can't go to the periphery, it has been completely surrounded, and now you can go only deeper.

Whoosh whoosh!

Several figures kept moving in. At the beginning, Dangmo Shenzun was still speechless. Qin Chen didn't know that he was going to lead the way in front of him, but gradually, his expression became solemn.

Qin Chen seemed to be very familiar in this chaotic land, and he passed by without encountering a **** owl.

Obviously, sometimes Dangmo Shenzun feels that there are some divine owls in front of him, and the number is not small, but Qin Chen often after a turning point, the aura of these divine owls will disappear, as if he knew that among these divine owls there is a Safe passage is generally.

Moreover, in the process of Qin Chen flying, there was not even the slightest spatial fluctuation, which shocked him extremely.

With such a method, it is no wonder that he can track himself.

I don't know how long it took to fly, and several people suddenly stopped in a place with mottled breath.

"It's here."

Qin Chen glanced around and nodded in satisfaction.

"This place?"

Dangmo Shenzun glanced around.

I saw all around, there were these rubble suspended, extremely mottled and messy. These rubble should have been formed after the destruction of a certain continent in the secret realm of the ruins, with the breath of ancient vicissitudes, extremely hard, even if it is It has experienced hundreds of millions of years in this chaotic land, and it has never been annihilated.

He frowned: "Although this place is more suitable for hiding, isn't it a bit too chaotic?"

The chaotic atmosphere in this chaotic land is extremely powerful, and it is no problem to stay in such a place for a short time, but if you stay here for a long time, once the chaotic aura enters the body, it will definitely cause certain damage to the source and affect the future. "

Qin Chen nodded and said, "The atmosphere here is indeed a bit chaotic, and it is not suitable for long-term stays, but it is suitable for fighting."

"fighting?"

Everyone was stunned, and they all showed their astonishment.

"good."

Qin Chen looked at Dangmo Shenzun, "You don't really want to run away, do you?"

Qin Chen's eyes narrowed slightly: "If you want to truly have no worries in this place of return to the ruins, you must kill the distant gods and the dark detachment, otherwise, no matter how I hide, I will conflict with them sooner or later. Since there will be conflicts sooner or later, why not take the opportunity in your hands?"

hiss!

Everyone gasped.

"Just how many of us?"

No, this lady is too dangerous. "

Demon Dangling shook his head.

Although he knew that what Qin Chen said was true, it didn't matter if he let him go all out, but if the young lady was in crisis, he would die.

"Then do you have any other way to leave safely?"

Qin Chen looked over lightly.

"This" Dangmo Shenzun hesitated.

"If not, that's the only way. Besides, Fang Muling and Linglong Goddess don't need to participate in the battle, they only need us."

"Just the two of us?"

Dangmo Shenzun was shocked, this is not courting death, what is it?

"Of course, in addition to us, there are other helpers."

Qin Chen smiled slightly, "Look carefully at your surroundings."

Dangmo Shenzun was stunned when he heard the words, and when he was about to spread his consciousness out, although the subtle consciousness was severely suppressed here, he still felt something strange.

"This is" Dangmo Shenzun's eyes suddenly widened.

The hair all over his body stood up in an instant.

Chapter 5093 Divine Raising Pill

In an instant, the cold hairs all over his body stood up.

I saw that at the outermost periphery of this chaotic place, at the end of the consciousness of Dangmo God Venerable, there were faint auras dormant.

The most terrifying thing is not the **** owl, but the number.

There are dozens of **** owls just within the range that can be covered by the divine consciousness of Dangmo Shenzun, and in the periphery, it is impossible to know how many **** owls are sleeping.

Qin Chen brought them to a god's nest?

"You are too reckless."

Dang Mo Shenzun looked shocked.

I'm afraid this kid is not a lunatic, is he actually doing this?

Could it be that he wants to use these gods to deal with them?

It is true that so many gods can bring them a lot of trouble, but gods attack indiscriminately, they don't know who you are and who, once they wake up, they can attack them while attacking the gods. , who can guarantee that these gods will act according to Qin Chen's ideas?

"Senior Dangmo Shenzun, don't worry, I brought you here. Naturally, there is my reason. This place, I just found it after searching for a long time. It is the most suitable place for ambush."

Qin Chen smiled faintly and said: "Also, I heard that the seniors used the dark thunder of silence to escape the siege of the gods from afar. I don't know how much there is on the senior of the dark thunder of silence?"

"Do you want to use Silent Lightning?"

Dangmo Shenzun suddenly smiled bitterly: "I understand what you mean, but if you want to use the silent lightning to injure the other party, then you will be disappointed."

After speaking, Dangmo Shenzun shook his right hand, and a pitch-black light ball appeared in his hand. The two light **** exuded a palpitating dark power, which made people feel horrified before they erupted. a feeling of.

"First of all, I only have the last one left of this silent dark thunder. Although this thunder is powerful, it can only injure the gods from afar at most, and cannot kill them.

Secondly, the activation of the annihilation dark thunder requires an extremely terrifying power of detachment. No one can activate it except me, and if I want to activate this thunder, I will also have a great loss. "

"This kind of treasure can only be used at critical moments. Now that the gods and gods in the distance are prepared, it is unlikely that it will work like before, but it will damage their combat power."

Demon Dangling shook his head.

"Only one."

Qin Chen frowned, the number was too small.

"If the dark thunder is silent, I have some on me."

But at this moment, Fang Muling couldn't help saying.

Qin Chen looked over immediately.

Just when Fang Muling snorted, seven or eight such **** of light appeared in his hand.

"So many" Qin Chen was stunned: "You have so many silent and dark thunders on you?"

Why haven't you heard of it before? "

"You didn't ask me before, did you?"

Fang Muling pouted and said, "I took this thing from my father's warehouse. I originally wanted to take it out to scare people, but this thunder must be driven by a supernatural source, and it's useless in my hands. "

"If you want it, I'll give it to you."

Fang Muling said, and put all these silent dark thunders into Qin Chen's hands.

Dang Demon God Zun's eyelids twitched.

These are seven or eight annihilation dark thunders, strategic-level treasures, even in the dark and secluded mansion, they are rare, and they will definitely be a sky-high price if they are auctioned in the auction hall.

Because he wanted to protect the young lady, the palace lord gave him two coins, but now the young lady gave Qin Chen seven or eight coins at once.

This is outrageous.

"Is it enough?"

Even if it's not enough, that's all I have. If you still want to go back to the Darkness Mansion, I can ask my father to give you more. "

Fang Muling said.

"enough."

Qin Chen sensed the dark thunder, which contained two amazing terrifying auras. These two auras have now reached a state of balance. Once the balance is interrupted by an external force, it will explode in an instant, forming a terrifying effect. lethality.

Moreover, in order to destroy such a balance, it must be the origin of detachment.

Think about it too, if anyone can detonate such a silent thunder, then this thing is too perverted.

"Even if there are so many annihilation dark thunders, it is useless. With my current injury, I can only detonate one or two more is the limit. Once detonated, I will be temporarily weak, and the gains will outweigh the losses."

Demon Dangling shook his head.

"You don't need to do it."

Qin Chen smiled and his eyes flashed.

There is nothing else in his body. It happens that he has the detachment origin of the Black Demon Ancestor. This detachment origin Qin Chen has already comprehended the things in it, but he cannot directly swallow and absorb it, so as not to affect his breakthrough. Detonating this silent dark thunder is a good method.

At the moment, Qin Chen's body flickered, and he fled directly into the void, disappeared, and didn't know what to do.

Seeing that Qin Chen was so determined, Dangmo Shenzun couldn't help shaking his head and turned to Fang Muling's side: "Miss, if there will be a real fight later, you leave here as soon as possible, and I will try my best to delay the long-distance Shenzun and peace. The darkness is detached, you should seize the opportunity and leave this chaotic land."

Although he didn't have any hope for Qin Chen's plan, Dangmo Shenzun still agreed to Qin Chen, because he knew that what Qin Chen said was right, and if it continued like this, they would find here sooner or later.

It won't run away until then.

It's better to use this opportunity and the surrounding gods to trap the gods from afar, so that Fang Muling can escape from here.

As long as Fang Muling can escape, his own life and death will be ignored.

"Don't worry, Mo Lao, since Qin Chen arranged it like this, he must be sure of it."

Fang Muling said with certainty.

"Oh, I hope so

Dang Mo Shenzun sighed, the young lady is still too naive, how can the detached powerhouse be so easy to deal with, and have never fought, and will never understand the horror of the detached powerhouse.

"Elder Mo, here is a healing medicine pill, you can take it and treat your injuries as soon as possible."

Immediately afterwards, Fang Muling took out a healing medicine pill from his body. As soon as this medicine appeared, it exuded a strong aura.

"Shen Yang Dan 1

After seeing this medicine pill, Mo Lao couldn't help exclaiming.

This elixir is a top-level healing elixir, and even he does not have a stronger elixir than this. It seems that it should also be the life-saving thing that the palace lord has given to the young lady.

"No, Shenyangdan is too precious, I can't ask for it."

Demon Dangling waved his hands again and again.

"Elder Mo, why are you and me being polite?"

Only when you heal your wounds can you better protect me in the battle. "

Fang Muling put the medicine pill directly into the hands of the demon god.

"Thank you ma'am."

Dangmo Shenzun was moved, and when he gritted his teeth, he immediately swallowed the medicine pill.

Indeed, only if he heals his wounds can he better protect the young lady.

[Chapter 5094: Shinto Eye](#)

While Dangmo Shenzun was healing his wounds cross-legged, Qin Chen carefully arranged things.

After a while, seven or eight silent dark thunders were quickly placed into the surrounding void by Qin Chen, hiding and disappearing.

"These locations should not be wrong."

Qin Chen squinted his eyes, pondered for a long time, then turned around, found a place, and entered the ninth floor of Guyu Tower in an instant.

As soon as he entered the ninth floor, a Void Divine Rune Fruit appeared in Qin Chen's hand, and then swallowed it immediately.

Boom!

When this Void Divine Rune Fruit entered Qin Chen's body, a strong space aura burst out from Qin Chen's body. In an instant, Qin Chen's whole person seemed to be transformed into a law of space, and this ancient Yu Pagoda The void in is completely fused together.

at the same time.

Around Qin Chen's body, countless space crystals appeared, which were the space gods he had obtained before.

These space crystals gathered into a giant dragon, constantly surrounding Qin Chen, and the power of the rolling space was pouring into Qin Chen's body like an ocean.

Ka Ka Ka!

Qin Chen's body was constantly gathering powerful space divine power, causing Qin Chen's body to slowly transform.

With the power of the detached master, Qin Chen naturally knew that, with his current strength, although he could fight against the detached master, it would be extremely difficult to kill the opponent.

Therefore, Qin Chen must improve his strength as much as possible before they come.

Buzz!

One after another terrifying aura continued to gather in Qin Chen's body, condensing into Qin Chen's origin.

While Qin Chen was preparing.

At this time, it was the resting place of Dangmo God Venerable.

Several figures have gathered here, vigilantly vigilant all around, blocking all spaces.

These people are the subordinates of God Venerable Yuandao, and they came as soon as they received the news.

Just when they blocked the void, there was a bang, and in the distance in the void, a terrifying breath descended and fell instantly, causing the heaven and earth to fluctuate in all directions.

It is the Divine Venerable from afar.

"I have seen the Lord God of the Far Road."

One of them took a half-step detached step forward and said respectfully.

"Well, what's going on here?"

1

God Venerable from afar stepped out, came to the center of this area, looked around attentively, and frowned slightly.

He didn't need to check it, he already knew that Dangmo Shenzun was no longer here.

"Go back to your lord."

The leading half-step detachment took the distant gods to a corner, pointed to the distance and respectfully said: "There should be the place where the two brothers of Shengxu hid before."

He pointed to another place and respectfully said: "Dangmo Shenzun should have been in that position before, and was discovered by the two brothers Shengxu, so he sent a message, I waited for the first time to arrive, but after I arrived, there is no more here. There is no trace of anyone, and there seems to be a battle where the two brothers of the holy virtual hide."

"Oh?"

Yuandao God Venerable's eyes flashed, he first came to the place where Dangmo God Venerable stayed before, raised his hand to condense the power of the void, and felt something carefully.

After a while.

He opened his eyes: "There is indeed the aura of Dangmo God Venerable here, and he hasn't been here for a short time, so he should be healing here."

God Venerable Yuandao stood at the place where Dangmo Shenzun was healing and looked around. From his perspective, he couldn't see the hidden location of the two brothers of Shengxu.

In this way, if it weren't for a special situation, it would be impossible for Dangmo Shenzun to discover the two brothers of Shengxu.

This is also because in the land of chaos, the spiritual consciousness of the detached powerhouse is severely suppressed. In the outside world, it is impossible for half-step detachment to hide in front of the detached powerhouse.

The next moment, Yuandao God Venerable flickered, and went straight to the place where the two brothers were staying.

"here"

He frowned. There was indeed a battle in front of him. However, the traces of the battle were very small at first glance. The battle should have ended in a flash, and there was hardly any reaction time.

Must have been attacked.

It's just that the two brothers of Shengxu are monitoring the Dangmo God Venerable here, they should be very vigilant, how can there be a situation where they can't react at all?

Who is it?

"and"

The source of Yuandao God Venerable's body was slightly stimulated, and an invisible breath lingered from his body. He opened his eyes, and the entire pupil had become pitch black, and there seemed to be runes surging in the depths of his eyes.

"The Eye of Shinto 1

Swish!

In the surrounding void, countless subtle traces clearly fell into his eyes, clearly visible.

However, because the battle has been over for a period of time, and the other party seems to have deliberately covered it up, there are very few traces left, but

Suddenly, God Venerable Yuandao saw a force, and his pupils shrank suddenly.

"This is"

He raised his hand and picked up this power. Outsiders couldn't see what he was taking. Only God Venerable Yuandao used the eyes of the gods to see some clues.

"The Power of Darkness"

The power in his hand is extremely weak and may dissipate at any time, but it is absolutely true that it is the power of darkness.

In the mind of God Venerable Yuandao, the message that the two brothers Shengxu sent to them before they died suddenly sounded: "Sir, I will encounter an ambush, it is darkness"

Dark what?

At the beginning, Yuandao God Venerable was only guessing, but now, he has fully understood what the two brothers Shengxu wanted to convey to him before they died.

The power of darkness.

Dark family.

The people who attacked the two of them were people of the dark family. No wonder they were so careless and surprised.

Just, how?

The dark clan is detached, clearly cooperating with him, and he even promised the other party to introduce the Tuoba family, so that the dark clan and the Tuoba family have a relationship, why did the other party do this?

Two boats on foot?

still?

Yuandao Shenzun's eyes gradually turned cold.

And at this moment, in the distant void, a terrifying dark aura suddenly came, and with a bang, a tyrannical force descended from afar.

It is dark detachment!

The sharp eyes of the God Venerable Yuandao became gentle in an instant, and the rune deep in his eyes suddenly disappeared, and then the power of darkness in his hand was suddenly crushed by him, dissipated without a trace, and completely annihilated.

"Brother Yuandao, have you found anything?"

As soon as this dark family came out of detachment, they took a few steps to the front of the God Venerable Yuandao and asked in a deep voice.

"Brother Hei Yu, I just arrived, and I didn't find any special information."

God Venerable Yuandao stood up with a smile, and his expression was gentle and elegant for a moment, like Mu Chunguang, "The two brothers of Shengxu discovered Dangmo God Venerable here before, but during the monitoring process, it seems that they were also discovered by others, and they were killed by sneak attack. Here, and the Dangmo God Venerable also found out and left this place."

"Assaulted by someone?"

who? "

Emperor Heiyu frowned.

"I don't know for the time being. Perhaps, it is not necessarily the clue that Dangmo God Venerable discovered."

Yuandao God Venerable said with a smile, his eyes were deep.

[Chapter 5095: time to start](#)

"Oh?"

Emperor Heiyu frowned.

For some reason, he always felt that God Venerable from afar seemed to have something to hide from him.

However, he and Yuandao God Venerable were not the same, but the other party promised to introduce the Tuoba family for him, and he coveted the Void Divine Mark Fruit on Dang Demon God Venerable, so he agreed to cooperate with the other party.

"Since that's the case, what are you waiting for, it's not long before the Dangmo God Venerable should leave here, let's catch up as soon as possible and kill him."

Hei Yuzu squinted his eyes and said.

"Don't worry, I have already sent people to block some places around here. It's fine if the Demon Dangling God Venerable goes to the depths of the land of chaos. If you want to leave this place, you can't think about it. My people will find him as soon as possible. trace."

God Venerable Yuandao said with a smile.

"My lord, I have found some traces."

At this moment, a half-step detachment stepped forward and saluted respectfully.

"Oh?"

Yuandao Shenzun's eyes narrowed slightly: "Go, this time, we must not let that Dangmo Shenzun run away, as long as we kill him, in this secret realm of the ruins, the eldest lady of the dark and secluded mansion is not left to me. wait for treatment."

Swish!

The words fell, and the figure of the distant **** swayed, and suddenly disappeared into the void.

Emperor Heiyu also flickered and followed directly.

After a while, the two came to a void.

"Here, there is indeed a fluctuation of space passing by."

Yuandao Shenzun sneered: "It seems that Dangmo Shenzun is not lightly injured. The injuries on his body will not heal at all in a year and a half. Now should be his weakest time and the best time to kill him."

The distant God Venerable's eyes were cold and stern, and he immediately followed the Heiyu Ancestor Emperor quickly.

The two searched all the way. Although the traces left by Dangmo Shenzun were not very obvious, the two of them brought some masters under their command and caught fish with a big net, and still found some traces.

However, it didn't take long for the team to search.

boom!

There was a burst of roaring sounds in the distance.

"My lord is not good, our people have disturbed Shen Xiao."

A tense voice of communication hurriedly came from the jade slip.

The face of God Venerable Yuandao changed, and he quickly rushed to see the two half-step detachments being constantly attacked by the two gods, covered in blood, which was horrible to watch.

"Roll 1

The distant **** roared, punched out, banged, the world collapsed, a terrifying fist shadow emerged between the world, turned into a majestic fist mark, and slammed directly on a **** owl.

This **** owl was blasted and flew out, and the black shadow on his body continued to disperse.

"Yo 1

The eyes of these two **** owls were hideous, and they looked at Yuandao God Venerable coldly. Facing Yuandao God Venerable, a detached powerhouse, there was no fear at all, but an endless vicious aura.

Even, the two **** owls were still eager to try when they looked at the gods from afar.

"court death."

God Venerable Yuandao snorted coldly, and at this time, with a bang, a figure in the distance suddenly swept over, it was darkness detachment.

Seeing the two detached powerhouses, the two **** owls made a fierce sound, swayed, and instantly disappeared into the depths of the chaotic land, disappearing.

"Are you all right?"

God Venerable Yuandao looked at the two people covered in blood, and asked with an ugly face.

"We're fine."

The two said in panic, one of them was almost completely torn with one arm, at least it won't get better in a short time.

Yuandao Shenzun's face was ugly, but he didn't say much. After all, there are many gods in the land of chaos, and if he encounters a sneak attack by the gods with half-step detachment, there is really no good way.

"Continue searching."

After speaking coldly, God Venerable Yuandao was just about to leave.

Boom!

In the other direction from here, another roar was faintly passed over.

"Lord Shenzun from afar, we also met Shenxiao here, help!"

Another message came.

The face of God Venerable Yuandao suddenly turned dark.

what's the situation?

Although this chaotic land is full of gods, it is not so easy to meet them. Besides, the half-step detachments are not idiots. How can they be so easy to alarm the gods?

Depressed in his heart, the God Venerable from afar immediately rushed to the other direction.

In which direction, the two half-step detachment encountered a **** owl, luck was a little bit better, but one was still injured under the sneak attack of the **** owl.

"brute."

As soon as the God Venerable Yuandao went up, he immediately punched out and blasted the **** owl out. The **** owl felt two detached breaths, and did not want to fight, and disappeared instantly after a scream.

The God Venerable Yuandao's face was extremely gloomy. The rest of these **** owls were good, but the defense was too terrifying. With his detachment, he couldn't kill them with one punch. Only by using the source can they be completely wiped out.

Not worth the loss.

"Continue searching."

Yuandao God Venerable said with a breath.

Next, the team continued to search.

However, the search team still encounters sneak attacks from the gods from time to time.

Fortunately, Yuandao God Venerable and Heiyu Ancestral Emperor joined forces to repel all the gods.

But after a few times, the team was exhausted.

"Where the **** did this Dangdang God Venerable hide?"

The face of God Venerable Yuandao was extremely ugly.

Because the deeper they go, the higher the probability of them encountering the **** owl, the people who have spread out several times have not had time to find any traces, and they have alarmed the **** owl.

In the end, God Venerable Yuandao could only take back these people, but he also lost a lot.

"This Demon God Venerable is really cunning."

God Venerable Yuandao looked gloomy.

Half-step detachment is okay in the outer area, and you can explore it a bit. When you reach the inner circle, the probability of encountering a **** owl is too high. Once too many **** owls are disturbed, even if he joins forces with Hei Yuzu, he will encounter many Trouble.

At this point, everything can only be explored by him and Hei Yuzu.

"The two of us, each exploring one side."

Yuandao God Venerable and Heiyu Ancestral Emperor said.

Emperor Heiyu nodded and immediately swept aside.

God Venerable Yuandao looked at his back, his eyes flickered, and he didn't know what to think.

In this way, the two kept exploring and approaching.

"Be careful."

When he got to a certain place, Yuandao God Venerable suddenly raised his hand and stopped everyone.

He suddenly activated the Eye of the Divine Dao, hum, in the distant void, something faintly emerged, like a meteorite zone, and in the middle of the meteorite zone, there was a weak and hidden energy dormant.

"It's the Demon Dangling God Venerable."

God Venerable from afar is overjoyed.

Finally found this guy.

However, Yuandao God Venerable did not scare the snake, but gathered the eyes of the gods and continued to investigate.

There seem to be two auras dormant beside the Yuandao God Venerable, but these two auras are weaker and should only be half a step beyond the level. To the Yuandao God Venerable, they are not a threat at all.

"Could it be these two people who attacked the Shengxu brothers?"

God Venerable Far Dao secretly guessed.

At this time, Emperor Heiyu held his breath after seeing the expression of God Venerable Yuandao, and felt faintly. He also sensed the location of God Venerable Dangmo and Fang Muling.

"Brother Yuandao, it looks like it's these three people. Should we take action?"

Emperor Heiyu grinned and said with a sound transmission.

Chapter 5096 No one wins

Heiyu ancestor thought that Yuandao God Venerable would be impatient to take action, but after hearing what Heiyu ancestor said, Yuandao Godzun shook his head slightly and said, "Don't worry."

Emperor Heiyu was startled, turned his head to look, and saw that in the pupils of the gods of the distant road, runes were circulating, and the power of the invisible avenue was surging, calculating the secret, and it seemed that he was still searching for something.

"Brother Yuandao, what are you looking for?"

Emperor Heiyu frowned.

"nothing."

God Venerable Yuandao said casually, but his eyes kept staring at Dangmo Shenzun where they were, carefully looking for other people.

Because the auras of the two people around Dangmo Shenzun are not very strong. Although they are both half-step beyond the peak level, if they fight head-on, they may not be able to kill the two brothers, but it will definitely take a lot of time.

But before, the two Shengxu brothers didn't even have a chance to call before they died. It was obvious that the other party was quick to take action, and the battle was resolved in a very short period of time.

The scene also showed this.

That is to say, there must be a master beside Dangmo Shenzun, and the strength of this master must surpass that of the two brothers of Shengxu in order to kill them in a short period of time.

And this person is very likely to be the dark powerhouse in the communication between the two brothers of Shengxu.

However, no matter how the God Venerable from the distance searches, he cannot perceive the existence of that person.

"Impossible, this person is definitely here."

The distant God Venerable's eyes were hazy, "Unfortunately, in order not to disturb the turbulent Demon God Venerable, my consciousness cannot directly search in this chaotic land, otherwise I will definitely be able to find the other party."

Yuandao God Venerable's heart twitched, and at the same time, he slowly put away the eyes of the gods.

Since he can't find it, there is no need to keep looking for it. After a fight, he doesn't believe that the other party will not appear. As long as the other party is not detached, there is nothing to be afraid of.

The most important thing now is not to disturb the Demon God Venerable.

Thinking of this, God Venerable Yuandao's aura converged in an instant.

On the other side, Emperor Heiyu squinted his eyes and looked at the God Venerable Yuandao, his heart sank slightly, "This God Venerable Yuandao must have something to hide from me."

"Brother Yuandao, have you checked anything else?"

Emperor Heiyu smiled.

"No."

God Venerable Yuandao shook his head.

Emperor Heiyu still had a smile on his face, but deep in his eyes, there was a gloom.

"Brother Heiyu, next, you and I will restrain our breaths and launch a sneak attack directly on Dangmo Shenzun. We must hit him with one blow, seriously injure him, or even kill him."

God Venerable from afar looked at Ancestral Emperor Heiyu.

"Can."

Emperor Heiyu nodded, his eyes gloomy, and he didn't know what to think.

"You guys, you will be surrounded by the surrounding area later, don't act rashly, wait for the battle to start, then approach the battlefield, block the surrounding area, and interfere with the Dangmo God Venerable. Of course, your main purpose is to prevent the two people around him from escaping."

God Venerable Yuandao said to the other half-step detachment.

"I'm waiting for orders."

The crowd clapped their hands together.

They can't get involved in the battle of detachment level at all, and if they go up at the beginning, it will be easy for them to be discovered by the Sang Demon God Venerable.

"Brother Heiyu, let's go."

The voice of God Venerable Yuandao fell, his body swayed, and the whole person suddenly disappeared into the void.

On the side, Emperor Heiyu squinted his eyes and stepped out, and the whole person also disappeared into the void.

Without a trace, the two of them quietly approached Dangmo Shenzun.

Countless meteorites just happened to be the cover of Dangdao God Venerable and Heiyu Ancestor Emperor.

At this time, in the ancient tower.

Qin Chen suddenly opened his eyes, and a space fluctuation entered Qin Chen's perception in an instant. Obviously, something touched the space alert he left in the outside world.

someone is coming.

Qin Chen's expression froze, his figure flickered, and he suddenly disappeared into the ancient tower.

Outside the Guyu Tower, behind a rock, Qin Chen's figure appeared quietly. His whole body was wrapped by an invisible force of space. It is impossible for detachment to perceive where Qin Chen is.

"That is"

The eyes of good fortune between the eyebrows opened, and Qin Chen saw in a flash that two figures were quietly approaching Dangmo Shenzun in the distance.

It is Yuandao God Venerable and Heiyu Ancestor Emperor.

not far away.

Dangmo Shenzun is meditating.

At this time, the injury in his body has been nourished by the nourishment of the gods, and he has recovered seven to eighty-eight. Although he has not reached the peak state, it is no longer a problem.

"Senior Dangmo Shenzun, Yuandao Shenzun and Heiyu Ancestral Emperor have discovered you and are approaching you."

Suddenly, a voice passed into the mind of Dangmo Shenzun, causing him to shudder.

Without waiting for Dangmo Shenzun to open his eyes, Qin Chen's voice came again: "Senior Dangmo Shenzun, you must not move now, not only can't you move, but you must also pretend to be very weak, listen to my orders again verb: move."

Qin Chen's voice was very calm, giving people a strong sense of convincing, which made Dangmo Shenzun's heart a little nervous at first, but calmed down in an instant.

sharp!

It has to be said that at this moment, the Dangmo God Venerable was extremely shocked to Qin Chen, because at this time, he had already felt that there was something wrong in the void.

If it wasn't for Qin Chen's previous reminder, he would never have cared about such a fluctuation.

This child's perception is too terrifying.

Dangmo Shenzun continued to close his eyes, as if he was healing his wounds, and he was extremely weak without the breath conveyed by him.

not far away.

God Venerable Yuandao and Ancestral Emperor Heiyu have gradually approached the God Venerable Dangmo.

Oh, at this time, this guy is still healing, and he failed to discover their existence.

It looked like it was badly injured.

Looking at Dangmo Shenzun not far away, Yuandao Shenzun and Heiyu Zudi's mouths both drew a mocking sneer.

The two of them looked at each other, the source of the body secretly accumulated, and at the same time, they slowly approached the Dangmo God Venerable.

Miles!

Thousands of miles!

Baili!

The distance of a hundred miles is simply a distance that can be reached in an instant for a master of detachment.

God Venerable Yuandao and Ancestral Emperor Heiyu held their breaths and concentrated their spiritual power to the extreme.

"Hands-on 1

God Venerable Yuandao shouted fiercely, and Heiyu Zudi suddenly rushed out, and bombarded the Demon God Venerable Dangmo wildly.

Boom!

One after another astonishing detachment aura shrouded the heavens and the earth in an instant, blocking the area of 10,000 miles.

And at the moment when the two shot at the same time.

"Do it."

The low voice of Qin Chen suddenly sounded in the mind of Dangmo Shenzun.

The next moment, in the astonished eyes of Yuandao Shenzun and Heiyu Zudi, I saw Dangmo Shenzun, who was completely unaware of it before, opened his eyes almost at the moment when the two started, and the whole person snorted, instantly. disappeared in place.

With a bang, in an instant, the attacks of Yuandao Shenzun and Heiyu Zudi fell on the place where Dangmo Shenzun practiced, and they all failed, and none of them were successful.

What?

God Venerable Yuandao was instantly furious.

[Chapter 5097: who is this guy](#)

Who is this guy

what happened?

At this moment, Yuandao Shenzun's heart sank suddenly.

If Sang Demon God Venerable discovered their approach and existence from the very beginning, and fled or counterattacked at the first time, he would not be so surprised.

But just now, Dangmo Shenzun obviously didn't sense their approach, but in the moment when they shot, he suddenly disappeared and left the place, as if he knew when they were going to shoot.

Such timing is simply impossible.

something wrong.

A thought suddenly emerged in the mind of the God Venerable Yuandao. The next moment, he couldn't care about other things. The power of the source in his body emerged in an instant, turned into an invisible barrier, and appeared around him.

And in the moment when this invisible barrier appeared

boom!

A terrifying explosive force was like a volcanic eruption, and it slammed into the barrier displayed by the distant gods in an instant.

It is the Dangmo Shenzun.

Dangmo Shenzun did not leave the moment he disappeared, but took the initiative to step forward and strike a powerful blow against the distant Shenzun.

Boom!

A scorching demonic power was like a vast ocean, gathering in the right hand of the Demon Dangling God Venerable. At this time, the Demon Dangling God Venerable was just like a demon god, burning the sky with demonic flames, and the terrifying power was like a flood that burst a dyke. It spewed out powerfully, destroying nine heavens and ten places.

He heard a bang, the barrier vibrated, and God Venerable Yuandao only felt an extremely terrifying impact tearing his defensive barrier, and suddenly slammed into his body, blasting his body directly out of tens of thousands of feet.

Click!

A crisp tearing sound sounded, and countless cracks appeared on the barrier in front of the God Venerable Far Dao in an instant.

so close!

The God Venerable from afar stood up with cold hairs all over his body, a kind of happiness for the rest of his life after the catastrophe.

If he hadn't sensed something wrong at the moment when Demon Dangling God Venerable disappeared, and had displayed his top-level defense, the blow just now, even if he couldn't kill him, was enough to seriously wound him and lose his combat effectiveness.

It's just, how did Dangmo Shenzun grasp the timing so accurately and launch an attack at the moment when he and Heiyu Zudi shot?

No one knew about the timing of the shot just now, except for him and Hei Yuzu.

Thinking of this question, Yuandao Shenzun's heart sank suddenly.

Emperor Heiyu?

Could the problem be with him?

The whole process sounds long, but in fact, in an instant, Yuandao God Venerable and Heiyu Zudi missed the shot, and then the Yuandao God Venerable was blasted out, and he guessed wildly in his heart, and just as Yuandao God Venerable just stabilized his figure. , without even taking a breath

Sudden

hum!

A strong sense of crisis reappeared in Yuandao God Venerable's mind again. For a moment, Yuandao God Venerable only felt that he was being stared at by some terrifying existence.

"Danger 1

The terrifying sense of crisis, like the scythe of the **** of death, was placed directly on his neck, and he would be killed at any time.

laugh!

And at the moment when this sense of crisis appeared, in the void behind him, an invisible energy swept out in an instant. This energy was looming, extremely illusory, but in an instant it directly approached the back of the distant God Venerable. Heart, to pierce his flesh directly.

At the moment when this energy appeared, a hearty sound of laughter resounded in the world: "Brother Heiyu, you did a good job, and indeed led the gods from afar to the ambush location we arranged in advance, if you can kill them today The ancestors must be extremely satisfied with this, and the cooperation between my dark clan and the dark secluded mansion will also proceed smoothly, haha, haha."

A loud sound of laughter reverberated between heaven and earth, entering everyone's mind.

what the hell?

The previous attack failed, and Hei Yuzu, who was about to launch an attack on Dangmo Shenzun, was startled.

who is talking?

When did you bring the Divine Venerable from afar?

He was puzzled, but Divine Venerable Yuandao was suddenly shocked.

Because he had already felt that the sneak attack on him contained an astonishing power of darkness.

"Damn."

God Venerable Yuandao roared, and countless transparent threads appeared in his body in an instant. These transparent threads contained the power of the law of the Great Dao and instantly resisted him in front of him.

At the same time, his figure slumped wildly.

But he was fast, the attack speed was faster, as if he had expected his reaction, an invisible black sword energy suddenly bombarded the Dao Law on his body.

boom!

This sword light contains astonishing power of space, frantically tearing apart the Dao Law displayed by the God Venerable Yuandao, and then a series of roars were heard, and the Dao Law Law displayed by the God Venerable Yuandao was directly torn apart by a gap, puff With a sound, the sword light flashed, leaving a blood trough wound on Yuandao God Venerable.

The terrifying power of space darkness entered the body, causing the God Venerable from afar to spit out a mouthful of blood in an instant.

"Ah 1

The God Venerable Yuandao roared and roared, looking at everything in front of him in shock. With a bang, a shocking breath burst out from his body, annihilating the void in all directions.

At this time, he had time to see the person on the opposite side.

I saw a man in a black robe at some point in the field. This man was slender, his whole body was enveloped in the dark aura of darkness, and his face was also covered by a black cloth, so he couldn't see his face at all. .

rumbling

This person is holding a black sharp sword. Above this sharp sword, there is also a lingering dark breath. The whole person is like a **** who came out of the darkness. He floats in the sky and the earth, and the qi emanating from the sword firmly locks the **** of the distant road. respect.

"Emperor Heiyu, what is going on here?"

God Venerable Yuandao wiped the blood from the corner of his mouth, looked at the dark man in front of him with a startled look, and covered his heart at the same time.

Above his heart, a sword mark appeared, and the sword mark continued to exude a terrifying power of space, preventing his wound from healing, and the power of space darkness poured into his flesh. Rampage in the flesh.

"I"

Emperor Heiyu also looked startled, who is this guy?

The person in front of him has a dark aura all over his body, and he is clearly a master of his dark clan.

But the detachment master of the dark family, although not everyone is familiar with him, but almost all of them know, but the person in front of him, he has never heard of before, who is this?

The dark aura on the other party is extremely pure, which can never be faked.

"What's going on?"

Jie Jie Jie, God Venerable from afar, don't you understand it by this time? "

The man in the cloak said with a grin, his voice hoarse and creepy: "Actually, my dark clan has already cooperated with the Dark Nether Mansion. Today here is your death."

[Chapter 5098: Really dedicated](#)

This man in black is none other than Qin Chen who has displayed the power of darkness.

Qin Chen knows nothing about the power of darkness. He has the source of darkness in his body. In addition, he has absorbed part of the power of the origin of the Black Demon Ancestor, and has evolved beyond the source, which is enough to deceive anyone.

In the void, Qin Chen stood there proudly, with a dark aura surging all over his body, holding a mysterious rusty sword covered by the dark aura, and took a step forward.

hum!

A sword soaring into the sky, instantly pierced through the heaven and earth, as if to cut off everything in the world.

"Have you cooperated with Dark Nether Mansion?"

Hearing this, the God Venerable Yuandao looked shocked and angry, looking at Ancestral Emperor Heiyu.

"I do not have."

Emperor Heiyu also looked sluggish.

When did this happen, how could I not know?

"Hahaha, Brother Heiyu is really dedicated. At this time, he is actually acting, but it is no longer necessary. Now that the three of us have joined forces, is it not easy to kill this distant god?"

Qin Chen sneered and moved forward step by step. All over his body, sword energy gathered and folded into the void, making it impossible to see the reality.

"I'm acting?"

Emperor Hei Yu was stunned.

God Venerable Yuandao said angrily: "Well, you Heiyu Ancestor Emperor, how dare you lie to me, since you have already cooperated with the Darkness Palace, why did you deliberately join hands with me to deal with the Demon God Venerable?"

God Venerable from afar can't understand.

After all, Dangmo Shenzun almost died under the cooperation of him and Heiyu Zudi before. If they were really acting, it was too real, right?

"Hahaha."

Hearing this, Dangmo Shenzun laughed loudly, "Distant God Venerable, this seat is not a bit desolate, how can I seduce you to come here?"

There are many people in the valley, and some news cannot be released for the time being. "

"So, your target is not just me?"

The God Venerable Yuandao looked shocked and angry.

At this time, he suddenly understood that the reason why the other party did this was not only for him.

If what happened in the secret realm of returning to the ruins reaches the Southern Thirteenth Star Region, what will happen?

If the Tuoba aristocratic family knew that the dark clan had joined forces with themselves to hunt down the people of the Dark Nether Mansion, the Tuoba clan would certainly have confidence in the dark clan.

But the dark clan has actually cooperated with the dark secluded mansion. Once the Tuoba family and the dark secluded mansion conflict, the dark clan suddenly turns against the water, then

"What a despicable dark family."

The God Venerable Yuandao looked shocked and angry.

It is no wonder that the Dangmo God Venerable had been seriously injured before, but the blow just now did not seem to be injured at all. In this way, the previous Hei Yu Zudi's hits against the Sang Demon God Venerable were most likely just pretending.

Moreover, the death of the two Shengxu brothers should have been beheaded by the masters of this dark clan, so it can be matched with the communication before the death of the two Shengxu brothers.

Even just now, Dangmo Shenzun was able to seize the opportunity so coincidentally, it must be a message from Hei Yuzu.

Everything.

Totally right.

The real traitor is Hei Yuzu.

"asshole."

At this moment, Yuandao Shenzun was frightened and angry, and the heart of Ancestral Emperor Heiyu was completely swallowed, and a heart completely sank.

His icy eyes stared at Ancestor Heiyu, exuding endless hatred.

However, Yuandao God Venerable did not take action.

Because he is very clear, the most important thing for him now is to find a way to escape from here, and only after escaping here will he have a chance.

Emperor Heiyu was stared at by the cold eyes of the gods from afar, and his heart sank suddenly.

Because he knew very well that he did not join forces with Sangmo Shenzun at all.

For some reason, Emperor Heiyu always felt something was wrong.

Thinking of this, he immediately took a step forward, looked at Qin Chen, frowned and said, "Who is your Excellency?"

Qin Chen displeased and glanced at the Emperor Heiyu, the power of darkness lingering around him, exuding an astonishing aura: "The Emperor Heiyu, it's already like this, there's no need to keep pretending, hurry up and kill this guy. God Venerable from afar is the kingly way, otherwise, if the good things of the ancestors and Anyoufu are ruined, neither you nor I can take this responsibility."

"Is this the breath of the royal bloodline?"

Feeling the breath on Qin Chen's body, Emperor Heiyu was startled again.

"Hahaha, that's right, the most important thing now is to kill the gods from afar.

Ancestor Heiyu, I didn't expect you to pretend so well before. This God Venerable from afar is really an idiot. He didn't see the problem at all, and I didn't waste my intentional injury before, making it so miserable. "

Dangmo Shenzun also stepped forward at this time, looked at Ancestral Emperor Heiyu with a smile, and said with a cheerful expression: "If I can kill this beast this time, I will definitely say a few words of beauty for you in front of the palace master, At that time, your status in the dark family will definitely improve a lot, and it will be even more favored by the dark ancestors."

In the distance, Fang Muling also appeared and said with a smile: "Uncle Hei Yu, if I can kill this distant god, I will report to my father and let him reward you greatly."

Emperor Heiyu frowned.

The feeling that something was wrong still lingered and never dissipated.

"you"

He was just about to ask again, but saw Qin Chen's face sinking: "Okay, stop talking nonsense, kill this distant **** first."

After the words fell, Qin Chen's figure swayed, and suddenly disappeared into a sword light.

boom!

Countless sword lights appeared in the whole body of the God Venerable Yuandao in an instant, and these dark sword lights instantly converged into a dark giant sword that reached the sky, and suddenly fell against the God Venerable Yuandao with a sword.

"Hahaha, God Venerable from afar, die."

Dangmo God Venerable also laughed, his body turned into a burning flame demon god, a pitch-black sword appeared in his hand, slashed out with a bang, the galaxy exploded, and the sky burned directly under the sword of Dangmo God Venerable, countless voids oscillated, black demons. Fire continued to fall from the sky, killing everything.

"Damn it, Dao Extinction."

Yuandao Shenzun held two avenues and swept out towards Dangmo Shenzun and Qin Chen. In the shocking roar, Yuandao Shenzun suddenly retreated and groaned.

He was injured before, but now he fell immediately under the attack of Dangmo Shenzun and Qin Chen.

Can't fight.

"Go 1

With a flicker of his body, he raised his hand and suddenly appeared one after another of ancient runes. These runes were like a long river reaching the sky, instantly surrounding his body, and then he swayed, tearing apart the void, and was about to leave here.

Although I don't know what the specific situation is, it is urgent and there is absolutely no problem in leaving here.

"Want to go?

gone? "

Qin Chen snorted coldly and slashed out with a sword, and countless dark sword qi instantly appeared in the void. The dark sword qi in the sky was like a swimming fish, mighty and mighty, instantly blocking the void around the gods of the distant Tao.

The Demon God Venerable flickered, and he also came powerfully. The demonic energy on his body was inexhaustible, like a spear, bursting in an instant.

Puff puff!

Countless attacks collided in the void and were constantly annihilated, and after Qin Chen's sword qi slashed on those ancient runes, the power of space formed made the gods from afar be like a swamp, and it was more and more difficult to move.

Chapter 5099 Can't go on like this

For a split second, the God Venerable Yuandao felt like he was stuck in a quagmire, almost unable to move.

"This person is very strong in space."

The God Venerable of the Far Road changed color, and he couldn't help but be extremely angry.

For some reason, he always felt that the aura on Qin Chen's body was not very sharp, and it seemed that his cultivation was not high, and even faintly made the distant gods feel that the other party had never achieved detachment.

But now, God Venerable Yuandao completely put this thought behind him.

Such combat power, such oppressive force, if the opponent is not a detached powerhouse, then there is a ghost. The spatial attainments displayed by the opponent in front of him are far beyond the reach of some detached powerhouses, which makes the distant gods extremely uncomfortable.

"It can't go on like this."

"The eye of the gods, condensate 1

Yuandao God Venerable roared, and ancient runes appeared in his pupils instantly. At this moment, Yuandao God Venerable's pupils seemed to become a kaleidoscope, and countless runes surged, one after another invisible Qi. The machine spread out and began to continuously analyze the surrounding void.

at the same time.

Whoa!

Countless ancient runes spewed out from the body of God Venerable Yuandao. These ancient runes kept surging and combining, and finally formed a chain of thick runes, forming a nebula, covering everything around God Venerable Yuandao. position.

These chains swept wildly, like giant pythons, constantly hitting the space boundary formed by Qin Chen, trying to tear apart Qin Chen's space bondage.

"bang bang bang 1

One after another dull sound resounded continuously, and the space boundary that Qin Chen displayed was constantly being shaken, and it became more and more difficult to control.

"Be careful, this is the Divine Dao Eye of the Divine Venerable Yuandao. It is his unique innate magical power, which is enough to see through the movement of all things and the reincarnation of the universe. You must not let him find flaws, otherwise, you will definitely be hit with a single blow. Danger."

At this time, the voice of Dangmo Shenzun suddenly resounded in Qin Chen's mind.

"The Eye of Divine Dao?"

Qin Chen frowned, and between his brows, the Eye of Creation quietly moved.

hum!

In front of Qin Chen's eyes, all the scenes suddenly changed, and Qin Chen completely captured the movement traces of the countless rune snakes displayed by the God Venerable Far Dao.

No matter which space barrier this distant **** urges his rune giant snake to attack, Qin Chen can catch it in time and block it.

As a result, Yuandao God Venerable was capturing the flaws in Qin Chen's running space barrier, while Qin Chen was capturing the path of Yuandao God Venerable's attack. The combination of the two made the somewhat loose void around Yuandao God Venerable, solidified again. .

Compared with the Eye of Creation, Qin Chen has never lost to anyone.

"Damn."

Feeling the more and more intense spatial restraint around him, the God Venerable Far Away completely changed color. He knew that if he didn't rush in again, he would have to explain it here today.

Thinking of this, seven azure blue beads suddenly appeared in the hands of God Venerable Yuandao. As soon as these seven beads were taken out, thunder light appeared faintly in the surrounding void.

God Venerable Yuandao looked at the seven beads in his hand, and without hesitation, he directly sprayed a mouthful of blood essence, stimulated by the blood essence, the thunder light on these seven thunder beads was even more, and flew into the air in an instant, crazy rotates up.

Boom boom boom!

While the seven thunderballs were spinning, a lightning vortex quickly formed among the seven thunderballs, which continuously bombarded thick thunder snakes.

With a bang, when countless thunder snakes gathered together, the thunder light in the sky had already formed a majestic thunder dragon, and with a bang, it banged on the space restraint displayed by Qin Chen, tearing Qin Chen's space restraint directly. A small gap opened.

With a puff, although the thunder ball displayed by Yuandao God Venerable ripped apart a gap in the space barrier, Yuandao God Venerable spat out a mouthful of blood on the spot under this huge impact, and he didn't even have time to wipe the blood on the corner of his mouth. With a flicker of the figure, he instantly seized the opportunity to rush out of Qin Chen's spatial restraint and swept away directly towards the periphery of the Chaos Land.

Seeing this, the God Venerable Dang Mo's face changed greatly, and he hurriedly rushed up. The sword in his hand gathered a monstrous sword intent, and slashed down against the God Venerable from afar.

He must not let God Venerable Far Away leave here. Once the other party leaves alive, who knows what will happen next?

A detached master has been staring in the dark, which is much more terrifying than chasing and killing you on the bright side.

Moreover, once he leaves the secret realm of returning to the ruins, if the God Venerable from afar sends a message to the Tuoba family, but the Palace Master fails to arrive in time, the eldest lady will definitely be more dangerous.

He can't take the risk.

Dangmo Shenzun did not hesitate to slash the past in a frenzied move.

Yuandao Shenzun saw the posture of Dangmo Shenzun, how could he not know what he was thinking, his eyes were full of madness, and his eyes were red, and he spat out two mouthfuls of blood again as if he was crazy.

Boom!

The seven thunder orbs were stimulated by the blood essence, and once again displayed a shocking thunder light. In an instant, they collided with the sword light from the Dangmo God Venerable, and a bang was heard, and the Dangmo God Venerable was directly under this thunder light. was blasted out.

At this time, Dangmo Shenzun was all scorched black, spurting out a mouthful of blood, and looked at the distant Shenzun in awe.

These seven thunder orbs are definitely detached treasures, and he was injured in one blow!

As soon as he slammed open the Demon God Venerable, the distant God Venerable swayed and swept outward in an instant, and the direction he rushed out was exactly where the Heiyu Ancestor Emperor and the others were.

Seeing this, Qin Chen shouted anxiously: "Brother Heiyu, what are you still doing?"

Don't be quick to stop this far-flung God Venerable. "

"I" Hei Yu Zudi's face was ugly, he was completely unclear about the situation now, and his instinctive figure took a step forward, wanting to say something.

But don't wait for him to speak

"Hei Yu, you traitor, get out of here!"

The gods from the distance directly blasted out seven thunder beads, and the terrifying thunder light bombarded towards the Heiyu Ancestor in an instant, blocking the whole body of Heiyu Ancestor. A black spear was placed in front of him, and a spear was blasted out.

boom!

Countless thunder lights exploded directly on Heiyu Ancestor Emperor.

"Ah 1

Emperor Hei Yu screamed in agony, and his whole body was instantly blackened.

God Venerable Yuandao's hatred for Ancestral Emperor Heiyu at this moment is ten times, a hundred times stronger than that of God Venerable Dangmo.

"Go to **** 1

With one move, Emperor Heiyu was repelled, and the gods from afar directly burned the source, spurting out a mouthful of blood, and the seven thunder beads instantly burst into a dazzling thunder light that pierced the sky. Emperor Yuzu.

The endless sea of thunder came down like a downpour.

"Distant God Venerable you!" Heiyu Ancestral Emperor roared and roared. At this time, he hadn't figured out the real situation, but Yuandao God Venerable would give him the opportunity to explain this. In the crisis, Heiyu Ancestral Emperor could only burn instantly. One's own origin, strong against the enemy.

[Chapter 5100: you've hit the jackpot](#)

Facing the thundering light in the sky, Emperor Heiyu pushed his origin to the extreme in an instant.

One after another, the power of darkness rose into the sky, and the power of darkness swept across the sky like a vast ocean, instantly colliding with the endless sea of thunder displayed by the gods from afar.

Boom boom boom! The surging thunder in the sky and the power of darkness surged together in an instant. The moves of the two sides collided wildly, forming an amazing tsunami, which swept away in an instant, and countless forces of darkness and thunder were scattered in all directions. Swept over the powerhouses who followed them in the distance.

"Ah 1

In an instant, countless screams sounded, and many strong men instantly turned black. Many people spit out a mouthful of blood on the spot, trembling all over, and their eyes were terrified.

terrible.

Yuandao God Venerable and Heiyu Ancestor Emperor have both fired a real fire, and the two sides directly burned the source and directly slammed into each other. Such an attack, how can these strong people around them be able to resist, one by one flew out backwards, blood spurting wildly.

They looked at the picture of the battle in the distance in horror, and their hearts had already begun to retreat.

"Escape 1

At this time, even an idiot can already see that the God Venerable Yuandao has already entered the trap of the enemy. Now that the opponent is strong and they stay here, isn't that courting death?

In an instant, this group of people barely hesitated.

At this moment, there is only one thought in their minds, and that is to live.

"Want to go?"

Seeing this scene, Qin Chen frowned and his eyes were cold.

"Go to 1

He raised his hand, and the dark sword lights instantly escaped into the void and disappeared.

next moment.

Swish swish! These sword lights appeared directly in the void in the distance, and instantly slashed at the group of escaped masters.

"Not good, stop wishing"

This group of masters roared one after another, only to feel an endless sense of crisis emerging in their hearts, and they hurriedly resisted them one by one.

But no matter how fast they were, how could they be faster than Qin Chen's sword.

Puff puff! In just an instant, a head shot up into the sky, blood stained half of the sky red, and the breath of half-step detachment overflowed in an instant, so scared that the remaining half-step detachment could only escape in the other direction.

"This sword light?"

Hei Yuzu, who was fighting with the distant god, saw Qin Chen's sword, and his mind couldn't help but move.

As if I had seen it somewhere before.

Where exactly is it?

It seems that he thought of something, and the pupils of Hei Yuzu suddenly widened.

"It's you" He looked at Qin Chen in disbelief. At this moment, he finally recalled why the person in front of him gave him a very familiar feeling. Isn't this the kid in the initial universe that he has been chasing and killing? ?

But how is this possible?

At that time, when Emperor Heiyu attacked Xiaoyao Supreme and Qin Chen, it was not that Qin Chen had used the power of dark detachment.

But the biggest reason why he never thought of Qin Chen was his strength.

Although Qin Chen was strong at that time, he was only able to resist it with difficulty in his own hands. It was easy to kill him by himself.

But just now, the strength Qin Chen showed was not inferior to the masters of the detachment level, and the control of the space one was even higher than that of most ordinary detachments.

This is also the reason why Emperor Heiyu never doubted Qin Chen.

Until I saw the sword qi that Qin Chen displayed at this moment.

The two figures finally completely overlapped.

"Impossible, how is this possible?"

He roared wildly in his heart, unable to comprehend what he saw.

It has only been a few short months. Although he knows that Qin Chen has also entered the secret realm of the ruins, he can't imagine that Qin Chen's cultivation has improved to this level in just a few months.

A realm that is enough to fight with a detached master.

"Boom 1

When Emperor Heiyu was stunned and roared in his heart, Yuandao God Venerable finally seized the opportunity. Although he did not know why Heiyu was suddenly absent-minded, how could he let such an opportunity pass?

The seven thunder beads spun rapidly, bursting out one after another of dazzling thunder rainbows. These thunder rainbows quickly spread together, and finally formed a vast net of thunder and lightning, which completely shrouded Emperor Heiyu.

"Ah 1

Emperor Heiyu made a sizzling sound all over his body, and countless wounds were scorched by the vast thunder.

"Distant God Venerable, stop."

Emperor Heiyu roared: "You have been tricked, and we have all been tricked."

One after another, the source of darkness is like a surging snake, frantically stirring, trying to break free from the shackles of the seven thunder beads of the distant god.

"Yes, I'm in the middle of the game, and the one in the middle is your plan. The last thing I should believe is you."

God Venerable Yuandao shouted angrily, his pupils bursting with cold light.

"No, it's that kid, the person who uses the sword is not the detachment of my dark family, but a kid from the initial universe that this seat is hunting down. He is the one who disguised my family and framed me, stop, you and me two. If people join forces, they can definitely be killed."

Emperor Heiyu roared.

At this time, the more he looked at Qin Chen, the more he verified his guess. Although Qin Chen deliberately did not reveal his detached treasure, the breath of this sword energy had already been deeply imprinted in the heart of Heiyu Ancestor Emperor.

"Hahaha, at this time, you still want to lie to me?"

The distant **** sneered, and with a bang, a thick thunder river had already slammed into him, and with a bang, Hei Yuzu had been blasted out, his body was scorched black, and blood was flowing.

"Fuck me!" Hei Yuzu roared in anger, is this far-flung God Venerable an idiot?

If the other party doesn't run, the two of them will join forces and they will definitely have the absolute upper hand, but now that God Venerable from afar runs away, he can only run away.

Whoosh! Ancestor Heiyu flickered, and immediately rushed towards the periphery of the Chaos Land.

As long as he leaves here, and after everyone calms down, he believes that God Venerable Yuandao himself will definitely feel that something is wrong.

"Brother Heiyu is really dedicated to his work. At this time, he is still fooling this distant god, but it's unnecessary. Brother Heiyu just needs to trap him like he is now. You chase after him, and we go to intercept it in front."

A loud laughter came, it was Qin Chen, he stepped out step by step, the endless void seemed to be crossed by him in an instant, and suddenly appeared in the place where the gods from afar came.

And Dangmo Shenzun also surrounded him from the other side, blocking his way.

God Venerable Yuandao's heart sank, is the other party going to kill him completely?

He turned his head and saw the Hei Yuzu Emperor closely behind him.

"Emperor Heiyu, also said you have nothing to do with them?"

Yuandao God Venerable was angry, and immediately turned around and swept away to the other side.

Seeing the direction of the distant gods, Qin Chen's pupils flashed.

The fish is hooked.
