

Valkyrie 5101

[Chapter 5101: not a gang](#)

"Chase 1

Whoosh whoosh! at this time.

In this endless chaotic land, a group of people chased quickly, and the four figures were like streamers, passing countless distances in an instant.

Among them, the God of the Far Road flew at the forefront, and behind him was the Ancestral Emperor Heiyu, and then Qin Chen and the God of Dangmo.

The way the two of them came before has been blocked by Qin Chen and Dangmo Shenzun, so the direction of their escape now is on the other side of the Chaos Land, where Qin Chen had previously arranged the dark thunder of silence.

In terms of cultivation base, Qin Chen is naturally the weakest among the people present, but now he is the strongest among the people present above his accomplishments in space one. Between walking, the endless space is quickly destroyed by his feet. Passing by, as long as there is any deviation from the distant gods, they will be secretly guided by him.

"Far Dao God Venerable, listen to me, you are indeed in the game, this person is not a person from my dark clan, but a person my dark clan has been chasing and killing, his cultivation is only half a step beyond the peak, as long as You and I will join forces to kill him, it will not be difficult for you to kill him, you and I will not be afraid of a demon-swinging **** at that time."

During the flyby, Hei Yuzu continued to transmit anxiously, trying to convince the gods from afar.

"Hmph, how can a person who is half a step beyond the peak have such strength?

Emperor Heiyu, do you think I'm an idiot? "

God Venerable Yuandao was angry, this Emperor Heiyu went too far, at this time, do you still consider yourself a fool?

Hei Yuzu heard the words and hurriedly said: "This person's cultivation is indeed a half-step detachment from the peak, but for some reason, he has suddenly improved so much on the perception of space Dao, so he has such strength.

Yes, it should be the Void Divine Rune Fruit. The Void Divine Rune Fruit that Miss Anyoufu got must be given to this kid, so this child's spatial attainments will be improved so much. "

Emperor Heiyu thought of the reason and vowed.

"Roll 1

What responded to him was the terrifying blow of the Seven Thunder Orbs of the God of the Far Away. With a puff, Ancestral Emperor Hei Yu swayed under the thunder, and immediately spit out a mouthful of blood, his face turning black.

"Emperor Heiyu, you are an idiot, don't treat others as idiots."

God Venerable Yuandao's face was ashen: "The space Dao contained in the Void Divine Mark Fruit is extremely powerful, even you and I need to calm down and find a place to retreat to absorb it. If this person is really half a step beyond the peak, so what? Being able to absorb the Void Divine Rune Fruit in such a short period of time when the Secret Realm of Returning Ruins was opened is one of them."

"Secondly, the Void Divine Rune Fruit is enough to make a half-step detachment peak master hope to enter the detachment realm, even for Fang Muling, it is also very precious, such treasures, Fang Muling does not take it for himself. , will it be used by others?

It's you, do you think it's possible? "

As the far-reaching God Venerable spoke, he was furious and furious, and one after another thunder light continued to bombard the Heiyu Ancestor Emperor.

Damn, this Emperor Heiyu doesn't think of himself as a person at all, does he think he's very funny?

At such a time, you still come up with such naive reasons?

Ancestor Heiyu dodged several lightning bolts one after another, and the injuries in his body affected him, he couldn't help groaning, his heart was even more anxious, and he almost vomited blood again.

However, he also admitted that what the Venerable Yuandao said was indeed reasonable.

It's too late to take a treasure like the Void Divine Rune Fruit, how can ordinary people give it to others at will, not to mention Fang Muling himself is only half a step away from the peak martial artist.

Who can be trusted?

However, he couldn't tell the true origin of Qin Chen.

Because the initial universe is too precious, an initial universe is enough to arouse the coveting of a top power. His dark clan spent so much scheming to almost conquer that initial universe. If the Tuoba family knew about this initial universe, I am afraid that it would be handed over. .

Moreover, there is another important reason. Once he says that Qin Chen is from the initial universe, the other party will not believe it.

The initial universe is almost equivalent to a remote and wild place for the forces in the universe, and the genius born in it is impossible to compare with the genius in the universe.

But the strength that Qin Chen showed in front of him was already equivalent to the detachment level. This is a genius who can't even be born in the sea of cosmos. How could the initial universe be born.

"Hahaha, Heiyu Ancestor Emperor, I didn't expect you to continue to deceive the gods from afar at this time. You are really dedicated to your work. It's no wonder that the ancestors would like you so much."

In the back, Qin Chen laughed and nodded in appreciation.

"I like you big head 1

Emperor Hei Yu was so angry that his hair stood up.

"Boom, boom, boom 1

At this moment, there was a sudden roaring sound in the distance, followed by a series of shrill screams resounding.

The next moment, both the Yuandao God Venerable and Hei Yuzu Emperor were horrified to see some voids around in front of them, and suddenly rushed out the head of the gods. When the half-step detachment masters they brought tried to escape from other places, For some reason, a large number of **** owls were alarmed.

The number of these **** owls is so horrifying that at a glance, there are no less than dozens or hundreds.

In the shrill screams, the previous half-step detachment masters were continuously killed by a large number of gods. Without the help of the detachment masters, generally half-step detachment hardly resisted under the attack of these gods. force.

And among some of the **** owls who killed the half-step detachment masters beside them, their fierce eyes were already fixed on the distant gods and others here.

Yo Yo Yo! The head of the **** owl flapped his wings and quickly surrounded him.

"Damn, ****, ****, Dangmo Shenzun, do you have to kill them all?

Aren't you afraid that the fish will die and the net will break? "

Seeing the **** owls coming from all around, the gods from afar roared in anger. At this moment, he did not run away, and his whole body bloomed with dazzling splendor, like the scorching sun.

Surrounded by so many **** owls, even the detached powerhouse is in danger of falling. Continuing to escape is not the way to go. If you attract more **** owls, it will be even more dangerous.

"The fish died and the net broke?

Just you?

Now one of our three great detachments is dealing with you. Even if you die, our net will not be broken.
"

Qin Chen couldn't help but say proudly.

He and Dangmo Shenzun stabilized their bodies in the void, and were not in a hurry to step forward.

On the side, Dangmo Shenzun couldn't help but glance at Qin Chen. The person selected by the young lady was really scary, and he didn't know what method he used to actually separate Yuandao Shenzun and Heiyu Zudi, and let Yuandao Shenzun so embarrassed.

He didn't even dare to think about it before.

"Emperor Heiyu, I'll take action quickly and kill this person."

Qin Chen stepped forward and spoke to Emperor Heiyu.

"Kill you bastard, God Venerable from afar, now I will prove it to you, I and this person are by no means a group."

Emperor Heiyu also became ruthless. Boom, a dark aura burned from his body, and he madly killed Qin Chen.

[Chapter 5102: am i like an idiot](#)

At this moment, Emperor Heiyu was desperate in an instant.

Burning the source is equivalent to injuring the enemy by one thousand and destroying himself by eight hundred. Even if he kills Qin Chen, he will be seriously injured, and it will take countless years to repair the damaged source.

But there was nothing he could do.

Emperor Heiyu knew very well that if he didn't work hard now, he would definitely die here. After all, once the gods of the distance died, he could not resist the attack of Qin Chen and the gods of Dangmo.

If he was defeated and had a chance to escape before, then now surrounded by so many gods, even if he burns his origin and sacrifices half his life to escape, he is afraid that he will die surrounded by countless gods.

The only hope for survival now is to join forces with the God Venerable from afar.

"Emperor Heiyu, are you crazy?"

Qin Chen said solemnly, "There is no need to act anymore."

With a flicker of his figure, his spatial magical powers moved, his figure was blurred, and with a bang, the place where Qin Chen stood before was directly bombarded by the attack of Ancestral Emperor Heiyu, but Qin Chen had already flashed elsewhere.

"I'll play you bastard."

Emperor Heiyu came towards Qin Chen frantically, bang bang bang, terrifying source attack swept through, he really tried his best.

"Distant God Venerable, don't you believe me?"

The source was burning, and the attack of Heiyu Ancestor was almost desperate, so Qin Chen had to deal with it with all his strength. Fortunately, his spatial attainments were extremely terrifying. He had already predicted Heiyu Ancestor's attack and dodged again and again. Under the circumstances, Emperor Heiyu's attack did not hurt him at all.

Yuandao God Venerable frowned when he saw Emperor Heiyu's desperate look.

Could it be that Emperor Heiyu is really not with the other party?

He couldn't help but have some doubts in his heart.

Burning the source is nothing else. It has huge side effects. Now that the opponent is clearly winning, it is too hard for acting, right?

In fact, he did feel something wrong before, but he just didn't have time to think about it.

"Distant God Venerable, don't act fast, kill them together, otherwise, you and I will die here today."

Looking at the approaching Shen Xiao, Emperor Heiyu became anxious.

You have already burned your source, don't you believe in this God Venerable from afar?

Seeing the anxious look of Heiyu Ancestor, Yuandao Shenzun couldn't help but move in his heart. The next moment, with a swoosh, his figure swept straight, and the eyes of the gods opened, and quickly observed the surroundings.

Regardless of whether the opponent is acting or not, there is absolutely nothing wrong with attacking from a distance.

Seeing the gods from afar coming, Emperor Heiyu couldn't help but breathe a sigh of relief, as long as the other party believed him.

When the two of them join forces, it may not be impossible for them to survive.

With a sense of relief in his heart, Emperor Heiyu's attack could not help loosening, and the source of burning also slightly restrained.

After all, the burning of the source consumes itself too much.

Feeling that his attack has weakened, Qin Chen's eyes flashed suddenly, and the next moment, he directly urged the body of space, facing the attack of Heiyu Ancestor, he did not evade the slightest, let Heiyu Ancestor attack come.

Under the eyes of the gods from afar, Heiyu Ancestral Emperor instantly hit Qin Chen, and with a bang, the terrifying power of darkness enveloped Qin Chen in an instant.

Under the power of the rolling darkness, Qin Chen turned the space **** body, the amazing space power surged, and the physical power was raised to the extreme by him, and he motivated the dark source in the body to frantically resist the attack of Heiyu Ancestor Emperor.

"I" was the first to be stunned by Emperor Heiyu.

He looked shocked and looked forward.

what happened?

Why did Qin Chen, who he could not attack with all his strength before, suddenly hit it?

"Distant God Venerable, can you trust me now?"

If I deceive you, how can I kill this kid?

You and I join forces to kill together. "

Emperor Heiyu was very excited. In this way, God Venerable from afar will no longer doubt it, right?

However, after seeing Qin Chen who was hit, Yuandao Shenzun, who was about to rush up to start, suddenly changed his face. A ferocious flashed in his pupils, and seven thunder beads were smashed by

him in an instant. Going out, the seven thunder lights turned into a thunder pillar in an instant, and the magnificent thunder pillar slammed into the Heiyu Ancestor Emperor in an instant.

"Boom 1

Emperor Heiyu spit out a mouthful of blood. He didn't expect that the gods from afar would kill him. He was instantly enveloped by this terrifying thunder light. seriously injured.

"Distant God Venerable, why are you?"

Emperor Heiyu flew out backwards, the void behind him shattered, and the whole person spat out a mouthful of blood, roaring in disbelief.

He didn't understand why Yuandao God Venerable wanted to do something to himself.

"why?"

Do you really think I'm an idiot?

You and this person are simply acting. "

The gods from afar are ferocious.

"I have even burned my source, and now I have seriously injured this kid. You still doubt my acting?"

Emperor Heiyu was about to collapse and said angrily.

"Severely injured?"

You can see for yourself. "

The gods from afar are ferocious.

"" Ancestral Emperor Hei Yu was stunned for a moment, then turned his head, and when he saw Qin Chen, he was stunned for a moment.

I saw the endless power of darkness dissipated, and Qin Chen reappeared in the field, but he didn't have the slightest scar on his body, and the whole person was safe and sound.

"impossible?"

Emperor Heiyu couldn't believe it, how could this be possible?

He can be sure that he has already exerted his full strength in addition to the restraint of the burning source, but why is Qin Chen unscathed?

A blow from a strong man like him, even a detached strong man would be seriously injured. Qin Chen was obviously only a half-step detachment from the peak, why is this happening?

On the opposite side, Qin Chen also looked innocent: "Brother Hei Yu, you just restrained your attack. I couldn't react for a while. I knew it earlier, and I deliberately pretended to be seriously injured."

Qin Chen looked embarrassed: "However, it's unnecessary. With the cooperation of the three of us, this **** from afar is already dead. Even if he didn't act, it would be easy to kill him."

Emperor Heiyu said angrily: "I'm playing you as a big-headed ghost, Brother Yuandao, you must believe me, I absolutely didn't keep my hand just now, it's because this person's physical defense is too strong, and the rules of space, he must have mastered this. The Space Dao in the Secret Realm of Returning Ruins."

Emperor Heiyu hurriedly looked at the distant god, and explained anxiously.

God Venerable Yuandao showed disdain: "You said just now that this person is only a half-step detachment, and a half-step peak detachment can withstand the blow of your detachment master and still be unscathed?"

Do you think I'm an idiot?"

The words fall.

Yuandao God Venerable turned directly, and immediately swept in the other direction, to rush out of here.

"Idiot" Ancestor Hei Yu was so angry that he couldn't care about anything else, and fled directly in the direction where the distant gods left.

Because the number of owls in that direction is the least.

Seeing this scene, Qin Chen's eyes flashed suddenly, a sneer was drawn on the corner of his mouth, and he winked at Dang Mo Shen Zun.

A terrifying power of annihilation was suddenly triggered within the body of Dang Demon God Venerable.

[Chapter 5103: this son, monster](#)

Facing the escape of the two, this time Qin Chen and Dangmo Shenzun did not follow them, but stayed away. Then, an invisible power of annihilation within the Dangmo Shenzu was suddenly triggered.

hum!

This terrifying power of annihilation swept out silently, filling the bodies of the two, and at this moment, an astonishing power suddenly surged around the gods of the far-reaching gods and Hei Yuzu.

"That is..."

God Venerable Yuandao and Ancestral Emperor Heiyu felt this power, and a look of panic appeared in their expressions.

"It's the dark thunder of silence."

"Fuck... When did this guy set up the dark thunder of silence?"

The expressions of the two were suddenly full of horror. The Dark Thunder of Nirvana is a detached treasure and a lethal weapon in the Dark Nether Mansion. Before, the two of them had already besieged the Demon God Venerable in the valley where the Void Divine Rune Fruit Tree was located.
direct

After blasting the formation they arranged, they escaped.

After all, the eruption of a silent thunderbolt is simply equivalent to the power of a most common detached martial artist to burn the original explosive power.

Now that they are seriously injured, if they are hit by this silent dark thunder, they will definitely be seriously injured, or even fall here.

"not good!"

"Retreat!" The two have experienced hundreds of battles, and it is not easy for them to grow up to this point. They feel the power of this silent and dark thunder. In this one-millionth of a moment, the two instantly boosted the power within oneself to the extreme

To.

boom! A quaint bronze bell suddenly appeared in front of God Venerable Yuandao. As soon as this bronze bell appeared, an ancient aura instantly permeated out. phantom,

On the periphery of the bronze bell, there are also ancient runes, countless runes revolving around the bronze bell, and each one seems to be able to suppress the heavens.

After displaying the bronze bell, the figure of the God Venerable Yuandao also retreated violently, booming, and the void behind him even rippled with ripples under his high-speed flying.

And there was also a dark seed in front of Sang Demon God Venerable, and this dark seed took root in the void as soon as it appeared. Just heard the sound of Ka Ka Ka Ka Ka Ka Ka Ka spread continuously, this seed quickly spread out a root of dark vines, countless vines continue to grow, full of endless evil power, the stars between heaven and earth are in this stock. strength

They all shivered and fell down one after another.

In an instant, countless vines completely wrapped the Dangmo God Venerable, and the whole person retreated crazily.

escape.

This is their only thought at the moment.

In an instant, the two of them had already retreated thousands of miles away.

boom! boom!

The next moment, two terrifying forces of annihilation erupted in an instant, and that annihilation force spread at an astonishingly rapid rate, terrifyingly impacting the defenses of the two.

Boom!

The countless runes on the ancient bell in front of God Venerable Yuandao kept trembling and bursting, and the ancient runes continued to unfold, but they continued to form, and they resisted.

And the dark vines displayed by Dang Demon God Venerable are also constantly disappearing under the power of annihilation, but they also grow crazily.

Both of them unleashed their strongest attack, trying to resist the impact of this silent dark thunder.

The two sides formed a balance in an instant.

"so close."

The two of them were relieved. If they didn't react quickly before and were directly hit by this silent dark thunder, the two would have been seriously injured even if they didn't fall. Although they would be seriously injured now, the two of them would definitely be able to support it.

Moreover, it takes a lot of source to trigger the dark thunder of silence. Although Dangmo Shenzun can hurt them by doing this, he will also damage his source and cannot maintain his peak combat power.

But just when the two of them didn't have time to relax, suddenly...

hum!

Behind the two of them, several amazing forces of annihilation were born again. As soon as that force was born, the two of them were covered with cold hairs, as if they were held on the necks by the sickle of the **** of death.

What?

The two turned back in horror, and saw several dazzling lights in the void behind them, and several amazing annihilation forces erupted again.

Boom boom boom!

The number of annihilation dark thunders that erupted this time was more than the one triggered by Dangmo Shenzun, and it directly blocked their retreat, making them unable to escape at all. It seems that they had long expected to retreat here.

"Do not!"

The two let out a terrified roar, and the next moment, they were madly swallowed by the endless power of annihilation.

Boom! In an instant, there was a continuous astonishing explosion between the heaven and the earth, and mushroom clouds erupted from the heaven and earth. after the two

A terrifying force collided wildly and completely swallowed them in.

It's not just them, everything within a million miles around was swallowed up by this force and turned into an endless sea of silence and fire.

Under such a force, Qin Chen and Dangmo Shenzun also retreated wildly, and their expressions changed greatly. They did not expect the collision of the two forces of annihilation to form such a terrifying explosion.

With a bang, the two of them were also rushed out by this terrifying shock wave. With a puff, the Dangmo Shenzun flew out for thousands of miles before finally stabilizing his body. His face was pale, and a mouthful of blood was sprayed out.

On the other hand, Qin Chen was better than him, and the space paths appeared in front of him, blocking the countless powers of annihilation, but his face was also a little pale. Dangmo Shenzun glanced at Qin Chen in shock. Counting the one in the valley, he triggered a total of three silent dark thunders in the secret realm of the ruins. Transcendence is not,

But all of a sudden, four silent dark thunders were triggered, and that's all, the injury on his body was even lighter than his, so how could he not be shocked?

This son, monster!

The astonishing sound of explosions continued, and the impact was too terrifying. The countless gods rushing up all around were completely wiped out under such an attack, scaring these gods to retreat madly, and they didn't dare to stay here any longer.

After a full half of the incense sticks, the amazing explosion gradually dissipated, and the fluctuation space gradually eased.

I saw that the void in front of me has been completely blasted into ruins, and the power of the broken space is scattered all over the void. Everything here has been completely extinguished and turned into powder under the explosion.

The two groups with some charred figures standing in the void are the God Venerable Yuandao and Heiyu Ancestor Emperor. But at this time, the two of them no longer have the slightest intact body. Blood is all over their bodies, and their internal organs are exposed, which is extremely miserable.

[Chapter 5104: it's you](#)

Beside the God Venerable Yuandao, the ancient bell, which exuded a terrifying and defensive atmosphere before, was now scattered into pieces one by one, and it was almost impossible to see its original appearance.

The same is true of the vines on Hei Yuzu's body. Pieces of the vines that were blasted away were scattered, extremely miserable, and had completely lost their vitality under the bombardment of the dark thunder.

In addition, the armor on the two of them was completely shattered, and there was almost no intact part of the body.

Dangmo Shenzun couldn't help but gasped, looking at the scene in front of him in disbelief.

Horrible, so scary.

Although the silent dark thunder is a treasure from his dark palace, he never imagined that the power formed by the explosion of so many silent dark thunders would be so terrifying.

Yuandao God Venerable and Heiyu Ancestor Emperor are both detached masters. They have fought in the cosmos sea for many years, and their strength is extraordinary, but such a strong man is so miserable now that he was bombed to pieces, and it is estimated that only half of his life is left. . Dangmo Shenzun knows that Yuandao Shenzun and Heiyu Ancestor Emperor are finished. Even if they are not dead at this time, the source in the body has been completely damaged, and the strength of life is ten thousand.

But how could Dangmo Shenzun and Qin Chen give them this chance.

So when they were calculated by Qin Chen, the result was already doomed.

"Whizzing!"

At this time, two streams of light came from a distance and landed next to Qin Chen and Dangmo Shenzun, who were Fang Muling and Linglong Goddess.

The two of them didn't get close on purpose because their cultivation base was too weak to avoid causing trouble to Qin Chen and the others during the battle.

Seeing the scene in front of them, the two of them also sucked in the cold air and looked sluggish.

"The silent dark thunder given by my father is actually so terrifying?"

Fang Muling muttered to himself.

Dangmo Shenzun shook his head and said: "Miss, the power of the silent thunder is indeed terrifying, but the reason why such a powerful power can erupt this time is actually related to Qin Shaoxia."

"he?"

Fang Muling looked over in astonishment. Dangmo Shenzun glanced at Qin Chen, squinted his eyes and said: "If the old slave is not mistaken, the silent dark thunder that Qin Shaoxia arranged before should be arranged in a special spatial position, which blocked the distant Shenzun and them. way of retreat,

It is able to continuously oscillate, explode, and superimpose the power of the annihilation dark thunder in a specific space, and finally transform it into a qualitative change, which has created such a terrifying power. "

Fang Muling and Linglong Goddess both glanced at Qin Chen in shock. Is it so powerful?

Qin Chen glanced at Dang Demon God Venerable.

This person's eyesight is good, and he actually sees his means.

Indeed, when setting up the silent thunderbolt before, Qin Chen used his spatial attainments to make some plans, which resulted in a few percent increase in the explosive power of the silent thunderbolt from the original state.

"Are Yuandao Shenzun and Heiyu Zudi dying?" Fang Muling looked at the two seriously injured and couldn't help asking.

"It is true that he is about to die, but it is not so easy for the detached powerhouse to fall. Even if the two are seriously injured, they cannot be taken lightly."

The voice of Dangmo Divine Venerable fell, and suddenly a palm shot out.

boom!

The boundless magic power swept out. When this magic power was about to drown the bodies of Heiyu Ancestor Emperor and Yuandao God Venerable, the two suddenly burst out with two sources of power, sweeping the magic power of Dangmo God Venerable directly. Come on.

hiss!

Seeing this, Fang Muling and Linglong Goddess couldn't help gasping for air. Fortunately, they didn't rush forward before, otherwise they would have been dead in a different place.

"God Venerable Yuandao, when you were complacent in dealing with my eldest Miss Anyoufu, I'm afraid you didn't expect today." Venerable Demon Dang snorted coldly.

"Ugh!"

In the void in the distance, the Yuandao God Venerable who was sitting there, sat up slowly, sighed and said, "I didn't expect that my Yuandao God Venerable I would fall down here today."

"Distant God Venerable, it's not because you don't believe me? If it wasn't because you trusted the other party, how could I have ended up like this."

On the other side, Emperor Heiyu was covered in scars and slumped there, and couldn't help saying angrily.

He was unwilling and regretted.

It's all an idiot of God Venerable Yuandao, he shouldn't have promised the other party to target God Venerable Dangmo in the first place.

God Venerable Yuandao was so choked by Emperor Heiyu, but he didn't say a word, but his face was extremely ugly.

At this time, he also understood that he was deceived by Qin Chen and the others.

"Ugh."

God Venerable Yuandao sighed, it was too late to wake up at this time, and he was naturally annoyed in his heart.

It's just that he also knew that this was not the time to be annoyed, and he immediately turned to look at Dangmo Shenzun. "Dangmo Shenzun, I didn't expect you to have so many silent dark thunders on you, and in order to kill us, you were willing to detonate so many silent dark thunders. Although you can seriously hurt us like this, your origin is the same. also

damage or even cause irreparable damage. In order to be loyal to the Dark Nether Mansion, are you worth it? "

God Venerable Yuandao said in a deep voice: "You were a famous powerhouse in the Dangmohai back then, but now, are you willing to be someone else's dog?"

He didn't understand that everyone was doing things for others, so why should they work so hard?

Dangmo Shenzun looked at Yuandao Shenzun with disdain, and said coldly: "Yuandao Shenzun, don't

you think your own words are ridiculous? In terms of being a dog, you are a dog of the Tuoba family. The Lord of You Palace is kind to me,

I am willing to follow Palace Master Dark You, not just for profit like you. "

"As for these silent dark thunders, do you think I was the only one who detonated them?"

God Venerable Yuandao was startled: "What do you mean?"

After the words fell, they suddenly looked at Qin Chen. Could it be that this person detonated these silent and dark thunders?

But didn't the Heiyu ancestor say that the other party was only half a step beyond the peak? If you don't reach the realm of detachment, you can't trigger the silent thunder at all.

"Okay, Senior Dangmo Shenzun, don't talk nonsense with them, don't you see, are they delaying time?"

But when God Venerable Yuandao looked at Qin Chen, Qin Chen opened his mouth coldly, and then his figure suddenly moved.

He didn't say any nonsense, the mysterious rusty sword appeared directly in his hand, raised his hand and slashed towards Emperor Heiyu with a sword.

No more hiding in the slightest.

boom! Countless terrifying sword lights converged in the void, and instantly turned into a sword pillar that reached the sky. The killing intent and the power of space condensed on the sword pillar, inspiring the space in all directions. This sword pillar has not yet fallen. come around

The void seemed to be torn apart under this invisible air machine.

"Sure enough, it's you." Hei Yuzu, who was lying there, saw Qin Chen's killing intent sword energy, his pupils suddenly froze, and an astonishing power of darkness surged out of his body again, strongly resisting Qin Chen. the blow.

[Chapter 5105: don't hide](#)

At this time, he had a bit of luck in his heart, because he knew that Qin Chen was only a half-step beyond the peak martial artist. Even if he was seriously injured, he might not be able to resist the opponent's blow.

But when Qin Chen's sword qi fell in front of him, his expression suddenly changed. With a bang, Qin Chen's sword qi slashed on him, and the terrifying killing intent and the power of space poured into his body crazily. The killing intent was extremely powerful, as if it could kill everything in the world. Emperor Yuzu's body is crazy

wanton. If it was a prosperous period, such an attack on Heiyu Ancestral Emperor might not be so, but now that he is seriously injured, how can he resist Qin Chen's attack?

There was a heavy sword mark directly on the top, and the whole person spurted out a mouthful of blood, and flew out with a bang.

When he stopped, the void behind him collapsed directly.

"you..."

puff!

Emperor Heiyu spat out a mouthful of blood again.

"Emperor Heiyu, come on, I know you still have the strength to fight, don't hide it, you chase and kill me all the way, if you don't take action, today, this place will be your death."

Qin Chen said coldly, step by step, the sword energy on his body was getting stronger and stronger, so thick that it seemed that it could not be dissolved, as if the sky above the chaotic land would be torn apart directly.

"What are you talking about, I don't understand, God Venerable from afar, you still haven't made a move?"

Emperor Heiyu roared at the distant god.

Yuandao God Venerable's eyes were gloomy. He was initially weak and weak, as if he was dying. At this moment, his body suddenly moved, and with a bang, a terrifying aura bloomed from his body and burst out in an instant.

This is detachment, even if he is so seriously injured, when he really wants to go all out, he can still burst out with incomparably terrifying power.

"Senior Dangmo Shenzun, this Yuandao Shenzun is handed over to you." Qin Chen said indifferently, ignoring Yuandao Shenzun.

And as Qin Chen's voice fell, Dangmo Shenzun swayed and stopped in front of Yuandao Shenzun.

"Brother Yuandao, your opponent is me."

Dangmo Shenzun sneered, and there was a terrifying magical power blooming in his body, like a sea of demons, the whole person slammed out in an instant.

Boom boom boom!

The two fought into a group in an instant, and they were evenly divided in an instant.

Although Yuandao Shenzun was seriously injured, at this critical moment of life, he directly burned his source and life, and once again burst out with a terrifying aura.

Although Dangmo Shenzun's injury is much lighter than that of Yuandao Shenzun, he had suffered damage to his original source back then. In addition, he had detonated the dark thunder of annihilation before, and the damage was huge, so he fought very cautiously. The most important thing is that Dangmo Shenzun knows very well that the Far Dao Shenzun is already in a state of exhaustion. Even if an amazing lethality can burst out in a short period of time, as long as it continues to consume like this, within an hour, the Far Dao Shenzun will be fixed.

Of course, it will perish because of the collapse of the source.

Since you can kill the enemy without blood, why should you fight to the death?

On the other side, Qin Chen walked step by step towards Heiyu Ancestor Emperor.

"Cut!" Qin Chen ignored Emperor Heiyu's cover-up, and he walked like this step by step, surrounded by terrifying murderous intent, countless sword qi gathered together, slashed out crazily, and the sword qi in the sky turned into a majestic vastness Jianhe, shrouded in an instant

Hei Yuzu lived. Seeing that these sword qi were about to be slashed on Hei Yuzu, the pupil of Heiyuzu, who had been sluggish and seemed to be dying, suddenly opened his pupils suddenly. in the body

exploded directly. At this moment, Emperor Heiyu seemed to have changed a person. The previous dying and malaise completely disappeared. The whole person seemed to have recovered in an instant, and a power of darkness swept through his body crazily.

out.

Boom! The terrifying power of darkness surged and turned into a vast black hole. When this aura swept away, Fang Muling and Linglong Goddess who were watching from a distance only felt that their bodies were solidified, and their bodies seemed to be heavily weighted by an ancient sacred mountain.

Pressed on the body, it became extremely difficult to even move.

"Is this... the power of detachment?" Goddess Linglong and Fang Muling both changed color.

No one would have thought that Emperor Hei Yu, who was still dying before, seemed to be dying at any time, could burst into such a terrifying breath at this moment.

They are all from famous sects, and it is not that they have not seen detached masters, but this is the first time they have seen detached masters fighting desperately.

Until today, they didn't understand why any detachment master would become a legend in the sea of cosmos. Such methods are too endless.

"Boy, since you want to die, this seat will fulfill you."

At this time, Emperor Heiyu was like a king of darkness. A black spear appeared in his hand, and it swept out at the sky-filled sword energy displayed by Qin Chen.

boom!

With one shot, the sky and the earth shook, and the void was directly pierced by a huge black hole, and the endless power of darkness spurted out, as if to swallow all the bright things in this world.

Hei Yuzu, who knew that he couldn't hide it, broke out the strongest means he could in an instant.

He knew that as long as Qin Chen could be killed, he and Yuandao God Venerable would still have hope of surviving together, otherwise, the two of them would surely die. Under the eyes of the public, this pitch-black spear, which seemed to be able to completely pierce this chaotic land, swept across Qin Chen's Jianhe in an instant, and a shocking roar was heard resounding through the heavens and the earth, and the entire void was filled with air. a sudden shock

Swing for a moment, the next moment, Qin Chen's Jianhe was actually bursting open under the gun of Heiyu Ancestor Emperor.

"Kill!" Emperor Heiyu roared. At this moment, the source of darkness in his body burned completely. No one can describe how powerful Emperor Heiyu is at the moment. At this moment, he seems to want to end his life. power, completely

Blend into this hit in general.

Go forward and never look back. How terrible is such a blow? Ordinary people can't imagine that the overwhelming power swept across the sky, and the sword river that Qin Chen slashed out made a sound of clack, and the black spear was like a giant dragon.

He swam in the Jianhe River, tore apart Qin Chen's Jianhe power, and then stabbed Qin Chen's body fiercely.

With a bang, a terrifying explosion shot up into the sky, followed by an indescribable terrifying impact that swept away in all directions.

"No!" Fang Muling and Linglong Shen exclaimed for a moment, they just didn't have time to perceive what happened, the gun of Hei Yuzu had already stabbed Qin Chen fiercely.

Chapter 5106 Crack the sky supernatural power

Under Fang Muling's anxiety, he couldn't help rushing up to rescue Qin Chen.

However, as soon as she moved, she was suddenly hit and flew out by the oncoming shock wave, and she opened her mouth and spat out a mouthful of blood.

For someone like her who is half-step detached from the peak level, she is indeed considered a master in front of ordinary people, but in front of a detached master, it is still too much.

The shock wave emitted by the detached master is enough to kill her. If it weren't for the guardian of the ancient continent that appeared above her head, the previous blow alone would be enough to destroy her body and turn her body into powder.

When Fang Muling was blasted out, she still looked at Qin Chen with endless anxiety and pain in her eyes.

Under such a blow as Ancestral Emperor Heiyu, he was only hit by the shock wave, and he almost died. What about Qin Chen?

Even if she had more confidence in Qin Chen, no matter how powerful Qin Chen was, if she suffered such a terrifying blow from Ancestral Emperor Heiyu, she would be in a different place, and she would die.

However, when her eyes really looked over, her whole expression suddenly froze.

She saw the endless shock wave swept out in front of her. When this terrifying shock completely disappeared, she saw a scene that surprised her, but also horrified.

I saw that Qin Chen, who was stabbed by Emperor Heiyu, was not stabbed through the flesh in an instant as she imagined, and was nailed to the void on the spot, but stood firmly in this world, using his chest, Abruptly, he resisted the killing blow of Heiyu Ancestor Emperor.

The long spear in the hands of Emperor Heiyu was stuck on Qin Chen's chest. No matter how hard he tried, it would not move at all and never pierced Qin Chen's flesh and blood.

"Emperor Heiyu, is this your strength? It's too weak, and it disappoints me too much."

Qin Chen looked at the black spear on his chest and couldn't help sighing and shaking his head.

His previous attack was indeed broken by Emperor Heiyu, but the sword qi Jianhe he gathered just now was just a sword move that he arbitrarily fused using the killing intent sword art and the way of space.

It can be said that the blow just now is only a small part of his strength.

He was only familiar with the power of the detachment level, and even when Hei Yuzu's attack ripped apart his Jianhe, he didn't resist, just wanted to know how strong the detachment powerhouse's attack was.

However, the result disappointed him.

When Emperor Heiyu's attack hit his body, he couldn't tear apart his spatial body. Qin Chen's body had already reached an extremely terrifying level under the spatial crack in the spatial canyon, surpassing the On top of ordinary detached masters like Heiyu Zudi.

If Emperor Heiyu was in his heyday, Qin Chen might still need to be more cautious, but now Emperor Heiyu is seriously injured. Although he burst out with his most powerful attack when facing life and death, he still failed to break Qin Chen. defense, hurt him in the slightest.

And Qin Chen's lost eyes and sighing tone fell in the eyes of Hei Yuzu, but it made him suffer an incomparable humiliation.

"You... what kind of evildoer are you? Kill..."

Emperor Heiyu went crazy, his eyes were red, and terrifying blood swept out from his body, which directly tore apart the world of this chaotic land.

Dignified and detached from the strong, when has he suffered such a humiliation?

Boom boom boom boom!

At this time, the source of darkness in Emperor Heiyu's body poured out like a vast ocean. In an instant, the black spear in Emperor Heiyu's hand was stabbed by thousands of guns, and each shot was astonishing as a dragon. , turned into a terrifying dragon of darkness and bombarded Qin Chen frantically.

Rumble.

A continuous explosion occurred directly around Qin Chen's body, and terrifying mushroom clouds rose into the sky, shaking all directions.

However, Qin Chen still remained motionless.

On his physical body, the space gods run, and the physical body is bright and crystal clear, like a god, resisting the crazy attacks of Emperor Heiyu again and again.

No matter how he attacked, Qin Chen couldn't be hurt in the slightest.

Such a scene made Fang Muling and Linglong Goddess in the distance stunned.

A half-step detachment peak master, allowing a detachment powerhouse to attack, but not moving at all, not afraid at all, such a scene is simply impossible to appear in a dream.

Not only were they shocked, but on the other side, the battle between Dangmo Shenzun and Yuandao Shenzun also stopped, looking at it in disbelief.

Such a scene is far beyond their understanding.

"Space supernatural power, what a terrible space supernatural power."

Compared with the pure shock of Fang Muling and the others, Dangmo Shenzun and Yuandao Shenzun saw more. The reason why Qin Chen was able to ignore Heiyu Ancestor's attack was because the Heiyu Ancestor's attack was about to fall every time. Before Qin Chen's body, a terrifying space force will form on Qin Chen's body.

This power of space is invisible and intangible, but it can constantly eliminate the attack of the Heiyu ancestor, so that most of the power in the attack of the Heiyu ancestor is swallowed up by the power of endless space, just like a mud cow entering the sea.

In this way, Qin Chen stood in this void and allowed Emperor Heiyu to bombard thousands of moves, but the whole person was safe and sound, surrounded by space **** patterns, and every attack of Emperor Heiyu was blocked by Qin Chen. It leads to another void, and it can't hurt him at all.

"Is this a detached attack? Ancestor Heiyu, you have disappointed me too much."

Qin Chen sighed, and then in the angry eyes of Hei Yuzu, a terrifying power of space suddenly burst out from the mysterious rusty sword in Qin Chen's hand.

"Sky-splitting supernatural power, slash!"

A low-pitched voice came out of Qin Chen's mouth, flat and gentle, and along with this voice, a sword energy that was not very conspicuous swept towards Emperor Heiyu.

This sword qi is not very conspicuous, and it can even be described as weak in front of the detached powerhouse, but when this sword qi was formed, the void of the entire chaotic land was aroused, and this sword qi seemed to be able to grow. , expanding continuously during the flyby.

When this sword energy came to Heiyu Ancestor Emperor, this sword energy had grown into a vast tree, completely shrouding Heiyu Ancestral Emperor in it.

"Do not!"

Emperor Heiyu looked at this sword qi in horror. The void around him was completely imprisoned by this sword qi, and he didn't even have a chance to escape. He could only raise his black spear. Standing in front of him, he resisted with all his might.

With a click, the sword qi fell, and the dark source of Hei Yuzu's body could not stop the invasion of the sword qi, and a terrifying force poured into his body.

Under his terrified eyes, Hei Yuzu watched his body shatter piece by piece, and was cut into countless pieces under this sword energy.

"This person is the initial Yu..."

Before dying, Emperor Heiyu's eyes widened in shock and anger, and let out a shrill roar, but before the roar fell, the whole person burst open in an instant, and disappeared in an instant.

[Chapter 5107: desperate blow](#)

boom!

Emperor Heiyu's body exploded directly, and the terrifying and dark aura rose into the sky in an instant, and there was a rumbling roar from the entire chaotic land, and the world shook.

Transcendence fall!

Between the heavens and the earth, countless sources of darkness surged, forming a surging ocean.

The detached powerhouse is the top master in the cosmos sea. He fell at this time, and immediately formed a terrifying vision in the land of chaos, shaking the world.

Everyone looked horrified, watching this scene in shock.

Dangmo Shenzun and Yuandao Shenzun both looked at them sluggishly, unable to believe their eyes.

A detached powerhouse has fallen.

Moreover, it still fell into the hands of a young man who was not even detached.

Arabian Nights!

And Fang Muling and Linglong Goddess, even more beautiful eyes, the autumn waves flashed, and the heart was surging.

Although they are not from small forces, and the probability of becoming detached powerhouses in the future is also very high, in their minds, detached powerhouses are still the top existence in this world, even if they fall, they should be at the same level. In the battle of the masters, the heroic fall is not as desolate and silent as it is now.

"Dark clan."

Qin Chen murmured, his figure flickered, and he came to the body of Emperor Heiyu in an instant.

At this time, the body of Hei Yuzu has already collapsed, and only one source of power is left, which is constantly rising and falling.

"One day, this dark family will be uprooted by me."

Qin Chen said coldly in his heart, without any pity in his eyes, when he raised his hand, with a bang, the huge dark origin and storage space of Heiyu Ancestor was instantly captured by Qin Chen, and then severely suppressed in his own Gu Yu in the tower.

This is a great supplement.

In order to detonate the dark thunder of silence, Qin Chen consumed almost seventy-eighty-eight of the origin of the Black Demon Ancestor. Now, with the source supplement of Heiyu Ancestor, not only did he not lose money, he also made a lot of money.

Although Qin Chen couldn't directly devour the source power of the dark clan, he could perceive the power and principles in it and improve his cultivation.

Any power that transcends the strong is extremely precious.

After putting away the origin of Emperor Heiyu, Qin Chen turned to look at the distant god.

"Walk!"

The look of Yuandao God Venerable became extremely frightened in an instant, his whole body was chilled, and he turned around and swept into the depths of the chaotic land.

The depths of the chaotic land are more dangerous and dangerous. With his current situation, he will most likely fall if he rushes in, but at this moment, he can't control so much. If he doesn't escape now, he will die when Qin Chen takes action. .

A master who can kill Heiyu Ancestral Emperor makes him have to mobilize all his energy.

"Distant God Venerable, is it too late to leave now?"

Dangmo Shenzun laughed loudly, and the sword in his hand turned into a long sword that reached the sky, and slashed towards the distant god.

Boom!

The light of the sword is majestic and mighty, turning into a majestic long river, directly blocking the front of the gods from afar.

"roll."

The Venerable Yuandao let out a roar, with a ferocious look on his face, and the seven thunder orbs instantly turned into a formation, each thunder bead with a thunder talisman blooming, and the thunder surging, collided with the sword light displayed by the Venerable Demon Dangling.

Boom!

The endless thunder roamed, like a thunder snake, spreading wantonly, directly smashing the magic knife light displayed by the Dangmo God Venerable.

The God Venerable from afar flickered, and wrapped in seven thunder orbs, he quickly fled to the depths of the chaotic land.

"Um?"

However, the next moment, his figure suddenly stagnated, and with a puff, a sword light almost swept past him, smashing the void in front of him directly.

Immediately afterwards, a figure instantly appeared in the void a million feet away in front of him.

It was Qin Chen.

"cut!"

Qin Chen's eyes were indifferent, and without saying a word, he directly slashed at the distant **** with a sword.

This sword light swept violently and quickly turned into hundreds of millions of sword lights in the void. Each sword light contained astonishing killing intent and space aura, and it was dense and mighty, pouring out like a waterfall.

"you wanna die."

At this time, the eyes of Yuandao God Venerable were resolute, turned into sharp swords, and the killing intent was terrifying, making people shudder. In his body, a mighty ancient breath rose up, and behind him, there seemed to be a vast ancient times. world.

Drop yo!

The seven thunder orbs in front of God Venerable Yuandao skyrocketed rapidly, and each thunder bead turned into a thunder planet. The seven planets outlined an ancient picture scroll formation from a unique angle, and they were cruel to Qin Chen. repressed.

There was a loud bang.

Although he knew that Qin Chen was only a half-step detached peak martial artist, Yuandao God Venerable showed no carelessness and directly exerted his strongest power. The fire of life was burning in his body, which was burning himself. 's Shou Yuan.

Fight to the death.

Boom!

The endless thunder light turned into a sea, and in an instant, it collided with the sword energy that Qin Chen slashed out. Every thunder light was entangled with a sword energy. be eliminated.

"The power of thunder..."

Qin Chen frowned.

The power of the opponent's thunder was extremely terrifying. In a split second, Qin Chen felt that his sword qi was constantly being eliminated, and the mighty Jianhe seemed to be polluted out of thin air.

Although this is just a sword qi that he displays at will, it also contains strong killing intent and space rules, but it is frequently destroyed under the power of thunder.

Beyond the treasure.

Qin Chen's eyes narrowed, these seven thunderballs are absolutely detached treasures, otherwise it would never have such power.

It was no wonder that neither Heiyu Ancestor nor Dangmo Shenzun could resist the attack of this thunder bead before.

Boom boom boom!

The endless thunder continued to spread to Qin Chen, but Qin Chen didn't realize it. He just stared at the seven thunder orbs displayed by the distant gods. If these seven thunder orbs could be obtained by himself, then by himself The thunder bloodline of the seven thunder beads can definitely explode into a stronger formidable power.

As soon as his mind moved, Qin Chen faced the endless and vast thunder, but he did not dodge or avoid it, but directly greeted it.

"Is this guy crazy?"

Originally, seeing Qin Chen blocking the God Venerable Yuandao, Dangmo Shenzun was still a little surprised, but seeing Qin Chen rushing towards the seven thunder beads, looking at his appearance, it seemed that he was still heading towards the seven thunder beads. Immediately, the Demon Dangling God Venerable was taken aback.

"Is this guy trying to plunder those seven thunder beads? Crazy, this is crazy, does he know what he is doing?"

Dang Mo Shenzun was inexplicably horrified.

He knows the power of the seven thunder beads. Under the urging of the gods from afar, even Heiyu Zudi and a detached powerhouse like him can be seriously injured. Although Qin Chen resisted Heiyu Zudi's attack before, But at that time, Emperor Heiyu was actually seriously injured. Once hit by these seven thunder beads, Qin Chen would definitely be in danger.

[Chapter 5108: Ancient Blood Talisman](#)

Qin Chen didn't need to take this risk at all.

With the current situation, as long as Qin Chen and him trapped the Yuandao God Venerable and continued to consume it, the Yuandao God Venerable could only watch as his source and life essence were exhausted, waiting to die.

Under the shock in his heart, Dangmo Shenzun swayed and hurriedly rushed towards here. Yuandao God Venerable also saw Qin Chen's purpose at this time, and his heart was ecstatic. He felt the swept away Demon Dangling God Venerable. A trace of grimness appeared in the pupils of Yuandao God Venerable. As soon as he gritted his teeth, a blood-colored one suddenly appeared in his hand. rune , slammed it out at the Dangmo God Venerable.

"Go away!" With a stern shout from the Venerable Yuandao, the blood-colored rune suddenly burst out with a breath of heaven. Countless ancient auras were like the arrival of the gods, and they exploded in front of the Venerable Demon Dangling, swallowing them in an instant. Demon God Zun

.

"It's an ancient blood talisman!" The pupils of Dangmo Shenzun shrank, and the magic knife in his hand instantly turned into a magic light barrier covering a radius of hundreds of millions of miles. The roar of the roar, the Dangmo Shenzun kept waving

The magic knife, frantically resisting the shocking aura that erupted from this ancient blood-colored rune.

At the same time when Dangmo Shenzun resisted the ancient blood talisman light, Yuandao Shenzun immediately flashed a trace of ferocity in Qin Chen's pupils when he saw the swept-in. rise.

Shouyuan sacrifice!

Countless longevity auras surged wildly, combined with the burning source aura of the God Venerable Far Dao, and poured into the seven thunder beads in an instant.

Boom boom boom boom!

The seven thunder orbs burst out with dazzling rainbow light, each of which was like a blazing scorching sun, and endless thunder burst out from the seven thunder orbs, turning into an endless sea of thunder, rushing towards Qin Chen frantically. .

At this time, the distant gods are like a thunder **** descending from the sky, waving the endless sea of thunder that can annihilate the universe to swallow Qin Chen.

With a bang, under the watchful eyes of the public, Qin Chen, who rushed towards the seven thunder beads, was instantly shrouded in endless thunder.

"Qin Chen."

In the distance, Fang Muling and Linglong Goddess shrank their pupils, and their faces turned pale. Fang Muling even exclaimed, and the ancient continent above his head slammed directly over.

However, her ancient continent couldn't even get close to the body of the gods from afar, and it was continuously shattered by the endless power of thunder, and a mouthful of blood was spewed out of her mouth.

Not only her, but around them, the head of the gods slowly emerged at this time, and these gods roared fiercely, and they also did not dare to approach here.

Such a thunder, even a terrifying creature like Shenxiao is afraid.

"Damn."

The magic knife in the hands of Dangmo Shenzun frantically resisted the power of the continuous blood rune, and looked anxious.

Once Qin Chen falls, it is really possible that the Yuandao God Venerable will run away. After all, with his own power, he cannot protect Fang Muling and the others in the process of fighting the Yuandao God Venerable.

But the next moment, everyone was shocked. In the endless thunder, everyone saw a figure facing the terrifying power of thunder, still moving forward, the terrifying power of thunder was like a wave, and was broken open by this figure little by little, tight. catch

With his right hand, he directly grabbed one of the thunder beads in this endless thunder.

It was Qin Chen.

In this endless thunder, Qin Chen not only didn't die, but instead grabbed the terrifying thunder bead, leaving everyone stunned.

Is this guy crazy?

Under the watchful eyes of the public, as soon as the huge thunderball was caught by Qin Chen, it immediately erupted into a more blazing thunderbolt.

"court death."

God Venerable Yuandao roared, and his heart was full of anger. He never imagined that Qin Chen, under the thunderous attack of his burning Shouyuan, not only was not bombed to death, but instead grabbed one of his seven thunder beads. At this time, this person actually still To plunder the thunderball in his hand

.

Crazy, this is just crazy. Under the anger, the source and life essence in the body of Yuandao God Venerable burned more vigorously, and above the thunder ball, the endless thunder power became more intense, turned into a vast ocean, and swept away madly in all directions, like none

The exhausted thunder slammed into Qin Chen's body, killing him to pieces.

But a scene that surprised everyone happened. After countless thunder arcs and thunder paste slammed into Qin Chen's body, it was like a mud cow entering the sea, and disappeared without a trace in an instant, as if it had never appeared.

At this time, the whole body of Qin Chen was full of endless dazzling thunder, but these thunders that could seriously injure or even kill the detached powerhouse could not cause any damage to Qin Chen at all, as if Qin Chen was a lightning insulator.

No, not an insulator.

The insulator is that the thunder can't enter his body at all. At this time, Qin Chen obviously had countless thunders blasting into his body, but these thunders couldn't cause him any harm.

"Impossible, how is this possible?"

The God Venerable Yuandao roared wildly, his eyes widened in shock and anger, unable to believe his own eyes, urging the Leizhu to become more violent.

But no matter how he urged it, it was of no avail.

"How did he do it?" The Dangmo God Venerable in the distance was also trembling, and said to himself, not to mention the fact that there is nothing to catch Leizhu, just simply grasping Leizhu is not something ordinary people can do. arrived.

These seven thunder beads have formed a formation, and one thunder bead is equivalent to an array flag. This kind of formation flag is still a top-level unparalleled formation flag. To catch the Thunder Orb is not something that can be done just by cultivation.

Because once you catch one of the thunder orbs, it is not one of the thunder orbs that will attack you, but the seven thunder orbs attacking at the same time, and the effect of the superposition of the formation.

Not to mention that Qin Chen is only a martial artist with a half-step detachment from the peak, even a detached powerhouse like him, there is no way to grab one of the thunder beads and prevent the rest of the thunder beads from attacking. Unless it is the master of the palace master who is beyond the second realm, the Vientiane God Realm, maybe it is possible. Of course, in addition to the cultivation base, there is another possibility, that is to seize the This thunderball

He is still a top-level formation mage, at least a detached formation master, and a heaven and earth formation mage who has a top-notch understanding of Lei Fa. Moreover, even a Heaven and Earth Array Mage can't resist the lightning source attack of one of the Thunder Beads. This Thunder Bead has so many thunder arcs lingering on the surface. Once these lightning arcs attack the warriors who grabbed the Thunder Beads. , even if

If you don't electrocute the warrior into ashes, you will beat the warrior without any resistance.

Unless the person is naturally immune to the power of thunder.

But these can't be added together, Qin Chen managed to do it. Before waiting for Dangmo Shenzun to react, Qin Chen had already activated the power of thunder in his body when he grabbed this thunder bead, and he wanted to refine the spiritual sense and control in it.

[Chapter 5109: Come with me](#)

Although he doesn't know how powerful his thunder bloodline is, after so much experience, Qin Chen also understands that his thunderbolt bloodline is absolutely extraordinary. Back then, when he was close to half-step detachment, he could hurt the Black Demon Ancestor Emperor.

Now Qin Chen's strength is more than a hundred times stronger than before, and he is more confident in his power of thunder.

Boom!

Qin Chen's thunder power was like a spirit snake in this endless sea of thunder, and instantly entered the thunder bead.

"This lunatic wants to plunder the Leizhu of this seat, you are courting death."

The God Venerable Yuandao roared in shock, feeling that he had been humiliated.

The Demon Dangling God Venerable on the side was also dumbfounded.

A martial artist who is half a step above the peak of detachment wants to plunder the detached treasure from the control of a detached powerhouse. No matter how you look at it, it seems like a fantasy, unbelievable.

However, before the words of God Venerable Yuandao could finish, he was horrified and felt that his spiritual thoughts were madly disappearing in that thunder bead, the power of the other party was entering his thunder bead, The power of thunder seemed to have seen something that frightened them, and retreated frantically.

"This can't be..."

puff!

Before he finished speaking, Yuandao God Venerable spurted out a mouthful of blood on the spot, and his spiritual sense in this thunder bead disappeared, and it was completely annihilated by Qin Chen.

boom!

This thunder ball was instantly out of his control and fell into Qin Chen's hands.

When the first Thunder Bead was plundered, the remaining six Thunder Beads also vibrated instantly, and a terrifying force entered the other six Thunder Beads along the first Thunder Bead in an instant, to plunder Control of the other six Thunderballs.

"Don't think about it."

The Yuandao God Venerable roared in alarm, and a piece of medicinal pill appeared in his hand in an instant. These medicinal pills contained an amazing aura of the Dao, and they were swallowed by him in an instant. The source of breath, trying to win the control of Leizhu from Qin Chen.

This Leizhu is his top treasure, a detached treasure. Once Qin Chen takes it away, he will be completely finished.

However, he was terrified and desperate that no matter how he urged, the remaining six thunder beads seemed to have seen the emperor's officials, and they took the initiative to swipe towards Qin Chen.

boom!

Seven thunder beads were suspended in Qin Chen's body, surrounding Qin Chen. At this time, Qin Chen was like a thunder king, standing proudly in the world.

Seven thunder **** spun around him, and Qin Chen madly devoured the spiritual sense in them.

"Do not!"

Puff puff!

The God Venerable Yuandao let out a shrill roar and spurted three mouthfuls of blood on the spot. The next moment, he felt that the spiritual sense in his thunder jewels was completely wiped away and disappeared completely.

So far, these seven thunder beads have completely fallen into Qin Chen's control.

"escape!"

At this time, the Yuandao God Venerable has no thoughts at all. It is the first time he has seen that someone can plunder the Thunder Bead Treasure from the hands of this detached powerhouse. This is simply a fantasy and unheard of.

At this moment, Yuandao God Venerable has only one thought in his mind, that is to escape, escape from here, regardless of life or death.

"Dangmo Shenzun, you have also heard what Emperor Heiyu said before his death. In the initial universe, this son definitely carries a secret of the initial universe. This person's secret will be handed over to you."

God Venerable Yuandao shouted at Venerable Demon Dangling, and the next moment, he directly urged the Great Dao in his body.

"Dao Destroying Dafa!"

boom!

The Dao of God Venerable Yuan Dao collapsed, directly burning his Dao, and madly swept towards the depths of the land of chaos.

Burning the Dao, this is simply equivalent to something more terrifying than burning the source and life essence.

When the life essence is exhausted, one can swallow the heavenly materials and earthly treasures and medicinal pills in the life source for repair. When the source is exhausted, it can be repaired by retreating for hundreds of millions of years, but the Tao will collapse. Once the damage is serious, it will completely fall from the detachment realm. , will never be able to step into the realm of detachment again in this life.

But at this moment, the God Venerable Yuandao can't control so much anymore, and he only has one thought in his mind - to survive!

Boom!

Between the heavens and the earth, endless thunder surged, Qin Chen saw the distant gods escape, and could not chase for a while, because he was still subduing these seven thunder beads, and under the surge of thunder power, it was only a few breaths. In the meantime, these seven thunder beads were completely controlled by Qin Chen, and they entered his body in an instant.

"Qin Shaoxia."

At this time, the Dangmo Shenzun finally blasted away the ancient blood talisman, and came to Qin Chen's side in an instant. At the same time, he looked at Qin Chen's eyes with shock.

"Senior Dangmo Shenzun, you are protecting Fang Muling and the others, and this long-distance godzun will never let him escape."

Qin Chen's eyes froze, his figure flickered, and the whole person instantly turned into a thunder light, disappeared at the end of the world, and directly chased and killed the distant gods who entered the depths of the chaotic land.

At the moment Qin Chen disappeared, Fang Muling and Linglong Goddess also came directly to Dangmo Shenzun.

"Elder Mo, Qin Chen, he..."

"He went to chase and kill the gods of the distant path, the primordial universe, this child actually came from the primal universe." Mo Lao's eyes flickered with emotion.

"Initial universe, is it the kind of original universe that my father said did not go through reincarnation?" Fang Muling was startled, and Goddess Linglong looked over in astonishment.

"That's right." The old man said solemnly: "The original universe is a universe that has never been born with transcendence, and such a universe has not yet passed through reincarnation. It is the body of the universe born in the sea of cosmos, and it contains the original source in the sea of cosmos. , is extremely precious. So it is no wonder that the people of the dark family will stare at each other, the initial universe, this means that a cosmic reincarnation can be born, and it will inevitably be coveted by various forces in the universe!"

The old man's eyes flickered.

"Cosmic reincarnation?" Fang Muling asked curiously.

"The detached powerhouses who can take the initial universe through reincarnation can be called cosmic reincarnations. Because they have the original origin in the universe sea in their bodies, their future height will be higher than ordinary detachment."

Mo Lao frowned and said: "However, the general initial universe does not even have detachment, and it should not be able to give birth to any genius. How did this child cultivate to such a level? Strange?"

Yo Yo Yo!

Behind everyone, there was a sudden sound of roaring, and I saw that a large number of **** owls were no longer afraid after disappearing in the sea of thunder, and they rushed over, looking fierce.

"Now is not the time to say that, come with me."

Dangmo Shenzun waved his sleeves, and instantly brought Fang Muling and Linglong Goddess, and then flew towards the place where Qin Chen disappeared.

escape!

escape!

escape!

At this time, in the depths of the chaotic land, the God Venerable Yuandao was covered in blood and fled in panic.

His face was ugly, his body was stained with blood, and the origin of his body collapsed, and it would be broken at any time.

[Chapter 5110: He's about to blow himself up](#)

At this time, the Yuandao God Venerable fled wherever the danger was, because he knew very well that only when he entered some dangerous places would he be able to get rid of Qin Chen.

However, no matter how he escaped, a thunder light always followed behind him.

It was Qin Chen.

"asshole."

God Venerable Yuandao was crazy, and suddenly saw a dead world in the distance.

This world is extremely strange. Every place in this chaotic land is filled with this rich wild aura, especially in the depths of this chaotic land. The deeper the place, the stronger the wild aura.

But in this dead and silent place, there is no savage atmosphere at all. It is dark and lonely, like a dark abyss. It is extremely strange in this chaotic land.

dead.

Yuandao God Venerable's eyes lit up, this is very likely to be a dangerous place of death in the land of chaos. Normal people must be unavoidable when encountering such a strange place of death, but Yuandao God Venerable sees it at the moment, but his heart is ecstatic.

He is not afraid of danger now, but he is afraid that he will not be able to escape, and immediately swept towards this dead place.

Just before he entered the dead place, suddenly, with a bang, countless sword qi seemed to pass through the endless void, and came to him in an instant.

These sword energies converged into a vast river of swords, and they moved forward with astonishing power, blocking the way of the God Venerable from afar.

The face of God Venerable Yuandao changed, and in the crisis, an astonishing ancient power emerged in front of him, and with a bang, he stopped in front of him, and his figure suddenly stopped.

"Your Excellency, do you have to kill them all today?" Yuandao God Venerable turned around and looked at Qin Chen with an ugly face, "As long as you let me go, I can introduce you to the Tuoba family. You are from the primordial universe and you are not familiar with the universe sea. You know that if there is no background in this cosmic sea,

You won't live long, anyone can bully you. ""But if you join the Tuoba family, with your talent, you will definitely get a high position in the Tuoba family, and you can replace the Tuoba family to compete for the cosmos, sea and air. At that time, any dark family can be completely ignored, the Tuoba family can help

You destroy it, how? "

The distant gods stared at Qin Chendao.

"Do you think that's possible?"

Qin Chen sneered and asked himself to join the Tuoba family? With the character of this Tuoba family, once they know that they are from the original universe, they will directly swallow the original universe, right?

"If you don't believe me, I can swear by the supreme avenue of the universe."

God Venerable from afar hurriedly said.

Qin Chen ignored it, raised his hand directly, bang, a sword qi slashed towards the distant god.

"Damn."

God Venerable Yuandao's heart sank completely. At this time, he had already seen that Venerable Dangmo was coming with Fang Muling and Linglong Goddess in the distance behind Qin Chen. Behind them, there were countless gods swarming densely. .

Knowing that he is very likely to die, the distant gods suddenly flashed a trace of despair in their hearts.

Since you want me to die, then I will take you to die with me.

boom!

Yuandao God Venerable's eyes were ferocious, his expression was crazy, his pupils turned red completely, and the blood energy that rolled out of his body rushed out in an instant, and the endless blood energy poured out like a vast ocean. Above his head, an ancient avenue emerged. This ancient avenue has a palpitating aura, suppressing the ancient sky, and it is a mighty, hundreds of millions of miles long. of

The power of chaos.

The surrounding chaotic land is being madly repelled.

"Ancient Shinto!"

The Dangmo God Venerable who came from a distance saw this avenue, and his face couldn't help but change, "Distant God Venerable is going to work hard."

The Ancient Divine Dao is the natal Dao of the God Venerable from afar, and such Dao is generally not revealed. Once the Dao of Destiny is destroyed in battle, it will cause irreversible consequences to the detached powerhouse, and the Dao of Destiny is also extremely dangerous when exposed to the outside world, and will be destroyed and stolen by powerful enemies. This is an extremely dangerous means.

But now, God Venerable Yuandao has actually displayed his ancient divine way of life, which is really desperate.

"Boy, then come on, I will die today, and I will die with you."

The gods from afar roared and banged, and the ancient divine way above his head was instantly shot out by him. The whole ancient divine way swept across like a magnificent mountain, suppressing the ancient floods and the stars in all directions, and came to suppress Qin Chen.

This ancient divine way contained the terrifying power of destruction poured out, the world collapsed, everything returned to nothingness, and the entire chaotic land shook.

"Qin Shaoxia, be careful."

Dang Mo Shenzun in the distance hurriedly exclaimed. Behind him, after the countless swarming **** owls approached here, they suddenly screamed, and they stopped one by one, looking at the place of the gods in horror, as if they saw something they are afraid

existence in general.

"Old Demon, this ancient divine way actually makes these gods so frightened, you go and help Qin Chen." Fang Muling even changed his color when he saw this. Shenziao is the overlord of this chaotic land, rampant, and ordinary attacks will not make them terrified at all, but at this moment, their performance seems to have seen something that makes them extremely terrified. thunder

The explosion never happened.

"These **** owls..."

Dangmo Shenzun turned around and looked at the gods behind him, his expression a little surprised. Suddenly, as if thinking of something, he suddenly turned his head to look at the place of the distant gods, and his expression changed: "It's not right."

"Qin Shaoxia, go back."

Dang Mo Shenzun hurriedly exclaimed. However, Qin Chen had already displayed seven thunder orbs, and saw endless thunder light emerging from these seven thunder orbs. The seven thunder orbs instantly turned into blazing scorching sun, and every thunder bead spewed out. endless thunder, rolling thunder

The pulp gathered together to form a vast river of thunder, rushing out in an instant.

"boom..."

An explosion that was almost capable of blasting the void sounded, and the endless river of thunder and the ancient divine way of the distant gods slammed together in an instant, blasting the surrounding void into cracks.

Qin Chen's robes surging, his body made continuous clicking sounds, and he flew out of the sky in an instant. The void surrounding the two of them couldn't bear the terrifying aftermath, and they were directly blown into a violent shock.

In the dead place not far away.

The God Venerable Yuandao directly spewed out several mouthfuls of blood essence, his clothes were torn apart, and his body was covered in blood, like a **** man.

Obviously, during this reckless fight, his injury was heavier than Qin Chen. There was a ferocious look in the heart of the God Venerable Yuandao. He looked at his ancient divine way. At this time, he had reached the end of the force. He had been seriously injured before, and with the current injury, he knew that even if he was desperate, he would only be injured.

It's just Qin Chen.

Moreover, Qin Chen was still using his Thunder Bead Treasure against him, which made him even more crazy.

"Boy, let's die together."

God Venerable Yuandao roared, bang, a terrifying force erupted from his body, and the ancient divine way above his head instantly surged with the power to destroy everything in the world.

"No, he's going to explode himself, run away." Dangmo Shenzun was rushing in, but when he saw this scene, endless panic appeared in his eyes.
