Chapter 511

The man in the cloak snorted coldly, and immediately stepped aside, sneered at the corner of his mouth, and looked at Qin Chen coldly to see how he survived the coveting of so many Xuanzhou powerhouses.

"Qin Chen, this...is there any misunderstanding in it?"

Seeing Qin Chen and the cloak man fell out, Xiao Zhan and the others were dumbfounded.

Now that the situation is so tense, with the help of a master like a nigger, sitting in town, I didn't expect that the other party would let go of it in a few words.

"Qin Chen, what on earth did you auction?" Xiao Zhan couldn't help but asked.

Although he didn't know what treasure Qin Chen snatched from the cloak man, at this time, having a strong opponent like this was an extremely powerful force for many disciples of the Great Qi Kingdom.

"Master Xiao Zhan, you don't have to worry about it. Don't worry, everyone will be fine with me."

Qin Chen comforted.

Before the Gu Nandu Will left, he had already said that he would leave a force here to prevent these people from attacking him. At this moment, Qin Chen immediately closed his eyes and felt it.

However, the whole world is empty, and nothing is left.

In the Guixian faction, Moli also closed his eyes to sense, but in the same way, he couldn't sense anything.

"impossible?"

Opening his eyes, Qin Chen was puzzled.

Since Gu Nandu Will said so, it is definitely impossible to have no arrangements.

Maybe the method is wrong.

Qin Chen closed his eyes and felt again.

"Qin Chen is cultivating? Or is he resting?"

This scene made Xiao Zhan and the others stunned and dumbfounded.

When is this? Qin Chen was still in the mood to practice.

I only feel that the wind is messy, and there are 10,000 blood beasts running by in my heart.

at this time.

"Tiandu, did you get a high-level technique in it?"

Where Liuxianzong was, the leader of Liuxianzong, the elder, asked Huatiandu carefully.

Hua Tiandu immediately informed the leader elder of what he saw and heard in the inheritance hall.

"In other words, each of you has obtained a spiritual seed that can strengthen yourself, and you have performed the assessment again. You failed the assessment, so you were sent out in advance, and then you got a top-level cheat. ?"

"Yes." Hua Tiandu nodded.

The leader of Liuxianzong's eyes flashed: "Since even you can get the top-ranked cheats, what secrets will Qin Chen and Moli who finally come out of the ancient southern capital get? Could it be the failure of the heavens? ?"

Thinking of this possibility, the leader of Liuxianzong's breathing suddenly rose.

In the Dawei Dynasty, the lower-level exercises were enough to run wild in Xuanzhou, and the middle-level exercises could only be possessed by forces like the Dawei Dynasty imperial family. As for the upper-level exercises, it was already beyond. The level of the Dawei Dynasty.

Not to mention the cheats of the heavenly ranks.

"Heaven-rank cultivation technique, rumored to be the most powerful technique in this world, if Qin Chen obtains a cultivation technique that is truly heaven-rank, as long as it falls into the hands of my Liuxianzong, then..."

I feel shocked just thinking about it.

Such a technique, if given decades or even hundreds of years of development time for Xianzong, let alone stepping out of Xuanzhou and becoming a first-class force in the Dawei Dynasty, and even subverting the Dawei Dynasty imperial family, and even entering even more terrifying Heaven and earth are all indispensable.

This is the magic of the Heavenly Order Cultivation Method.

"No, the boys from the five countries, this time, we must not let them leave safely."

His eyes flashed, and the leader of Liu Xianzong had already made up his mind.

Not only Liuxianzong, but also from Di Tianyi and Leng Wushuang in Dixin City and Tianheng Academy.

"Earth-level superior, even beyond the ground-level techniques and cheats..."

At the same time, a strong sense of possession rose in everyone's hearts.

"That Guixian faction has a mysterious origin. It doesn't seem to be a local power from the five countries. It's the Great Qi Kingdom. Although there is a cloak master, it is only one person. It is not to be feared."

In just a moment, the leader of Liuxianzong, the elder, had already made a decision, and his figure flickered, with many powerful people of Liuxianzong, instantly fell on the high platform where the Great Qi Kingdom was located.

"Qin Chen, you are in the ring, hurting me and leaving me as a disciple of Xianzong, and abolishing me to stay as a disciple of Xianzong. Are you convicted?"

At the same time, a rumbling voice of anger instantly echoed through the world, resounding in everyone's mind.

"Move, leave Xianzong's high manual."

"This is to stare at that Qin Chen!"

"Hmph, that Qin Chen was so popular that he defeated all the geniuses in Xuanzhou and became the champion of this ring competition. Doesn't he understand the truth that Mu Xiuyulin, the wind will destroy it?"

"I'm afraid he thinks that there is a Wuzong strong to protect, and he will be lawless, but unfortunately, the elder Ge Xuan of Liuxianzong is not too one that the deputy master of Chen can compare. With him, even the cloaked man will not be able to keep it. Qin Chen."

"Let's just wait for a good show."

Many experts in Xuanzhou sneered when they saw Elder Ge Xuan who stayed in the Immortal Sect moved, and at the same time became excited and anxious.

What is exciting is that since the people of the three major forces have started, then Qin Chen will definitely not end well.

What was disturbing was that if the three major powers took a fancy to Qin Chen's treasures, would they still have their share of other powers?

They came here, but they didn't get any benefits. Unlike the three major powers, the disciples under their command were inherited, and it was nothing like this, but no one wanted it.

However, now that Ge Xuan just appeared, everyone did not act accordingly.

At the same time, the people of Emperor Xincheng and Tianheng Academy saw that the immortal Zong Ge Xuan was the first to choose Qin Chen, they all sneered, and they all felt that Ge Xuan had done a good business and would do the best in one fell swoop. Everything is taken over.

Everyone knows that among all the geniuses, the ones who are most likely to get good things are Qin Chen and Mo Li. Just the spiritual seed, Qin Chen has got a golden one that surpasses everyone.

Not to mention other cheats.

In terms of difficulty, the Guixian Sect has a bunch of Wuzongs, and Daqi has only one man in black. Obviously, staying in Xianzong wants to occupy the best things as fast as possible.

However, the masters of Tianheng Academy and Emperor Heart City did not move. They also had their own plans. The cloak man, who had made a weird move before, suddenly severely injured Chen Tianluo, the deputy master of Taiyi School, and they said they were not afraid. , It is impossible, I want Liuxianzong to go up and explore the way.

Under such circumstances, for a while, everyone's eyes fell on the high platform where the Great Qi State was located, and they all wanted to see how Qin Chen would answer.

At this time, seeing the masters of the immortal sect coming, everyone panicked instantly where the Great Qi Kingdom was located.

Chapter 512

"Qin Chen, what shall we do now?"

Looking at the Liuxianzong powerhouse approaching, Xiao Zhan couldn't help but asked nervously, his voice even trembling.

It was not that Xiao Zhan was afraid of death, but that he was not alone standing here now, there were many talented disciples of the Great Qi Kingdom, and even the Fourth Prince Zhao Wei and others.

These people are all the elites of his Great Qi State. The hope of the future, if he died here, Xiao Zhan would definitely become a sinner of the Great Qi State, and he would be scolded by thousands of people.

For a time, I couldn't help but feel nervous.

Can only look at Qin Chen.

Even Xiao Zhan didn't even realize that Qin Chen had become the pillar and backbone of their hearts for some time. Even the Lingwu King, the first to ask when he encountered a problem, was Qin Chen's idea.

.

"What should be the crime?"

Qin Chen, who was sitting cross-legged, suddenly opened his eyes, but there was no fear on his face. Instead, he sneered: "On the ring, you are inferior to your skills. If you are not as skilled as people, what else can you say? The three great powers of Xuanzhou are just this virtue? If you win, you will be happy, if you lose, you will get back the field? How can there be such a good thing?"

Qin Chen's words made the faces of many disciples of Liuxianzong sink.

Especially Hua Tiandu, his face was ugly.

Although they looked down on Qin Chen very much, it was an unchangeable fact that Qin Chen defeated him.

This incident would even become a humiliation for Hua Tiandu's life.

"Boy, don't be too arrogant. If you talk like a tongue, you can't change the fact that you hurt my son Li Kunyun in the ring. You dare to beat my son Li Kunyun into a useless person. Today, if you don't give the old man an explanation, I want you The martial artist of the Great Qi State where he was, killed no one left, no chickens or dogs."

Among the strong people who stayed in Xianzong, an old man roared out. It was Li Kunyun's father Li Shenfeng.

He stared at Qin Chen with anger in his eyes, full of anger, intense murderous intent, like a vast ocean, pressing toward Qin Chen and others fiercely.

Before there was the will of the ancient Nandu, he could not do anything against Xiao Zhan and the others. Now that the remains of the ancient Nandu disappeared, he had long been unable to hold back the hatred in his heart, and the water of the five lakes could not be extinguished.

"Kill me all the warriors of the Great Qi Kingdom, do you want to stay in Xianzong to violate the mainland regulations?" Qin Chen said in a deep voice, his eyes cold.

"Hahaha, mainland regulations?" Li Shenfeng couldn't help laughing. The laughter became colder and colder and harsher: "Indeed, the mainland regulations stipulate that the upper forces must not act against the lower forces for no reason, but you are in the arena, my son Li Kunyun is abolished. This is a personal grievance. I will destroy your great Qi country. What else can others say? What's more, relying on you, a small great Qi country, who will stand up for you? Is it possible to rely on this guy who hides his head and reveals his tail and dare not even show his true face?"

Li Shenfeng stared coldly at the man in the cloak behind Qin Chen, sneered.

The man in the cloak was mentioned, he couldn't help but sneered: "First, let me declare that this kid and I have nothing to do with him. If you want to deal with him, you just go to him and don't get involved with me."

"You have nothing to do with this kid?" Li Shenfeng sneered: "Why, now I say it's okay? Why didn't I see you and said it's okay when I shot it?"

The people who stayed in Xianzong sneered and looked at the cloaked man. When the other party said that, he was obviously afraid of himself, and they felt superiority.

The cloak man is depressed, but he didn't expect to break away from Daqi State, these guys still don't believe it.

I couldn't help but a cold voice: "I said it's okay, or it's okay. If you don't believe it, you can do it, but I warn you not to mess with me, otherwise, I won't blame this seat for being merciless."

Li Shenfeng sneered and wanted to say something, but he was stopped by Ge Xuan beside him. Ge Xuan coldly stared at the cloak and said, "Since your Excellency said it has nothing to do with this great Qi country, why not leave here, so I can wait. convince."

Regardless of whether the man in the cloak really fell out with Qin Chen and the others, in Ge Xuan's view, if he could reduce one enemy, he would reduce one enemy. After all, the man in the cloak was too weird to deal with.

"Don't worry, I'm just watching. If you act against them, just do it, I will never interfere."

The man in the cloak said coldly, and at the same time sneered at Qin Chen.

Let Qin Chen refuse to agree to his idea, what should he do now?

As for leaving the high platform, that is absolutely impossible. Once the person who stayed in Xianzong takes Qin Chen, he must retake Qinglian Demon Fire as soon as possible, and must not leave Qin Chen too far away.

Li Shenfeng said angrily: "Hmph, you said that you would never make a move, and you were unwilling to leave. Let me wait how I believe you."

Under the high platform, the other Xuanzhou experts also nodded.

What's a joke? Not long ago, the man in the cloak helped Da Qiguo deal with the deputy master of Taiyi. Who would believe it now if he says he doesn't interfere? I don't believe it either.

At this moment, Qin Chen suddenly became speechless, and said to the cloak man unhappy: "Nigger, I told you a long time ago, let you go a little bit farther, if you act like this, they won't believe it, you just don't believe me, it's all right now, they don't believe you at all. When they know how to do it, how else can you sneak attack on their genius disciples who stay in Xianzong and kill all their disciples who stay in Xianzong here? What a nonsense!"

Qin Chen's words instantly detonated the audience, and the many powerful people in the immortal sect left their eyes condensed.

Okay, this man in the cloak actually made this idea, pretending to be separated from Qin Chen first, but when he would fight, he suddenly shot the genius disciples who left them.

With the strength that the cloak man had previously shown, I'm afraid that under the sudden shot, in addition to Hua Tiandu may resist a one-and-a-half move, other disciples such as Huafeiwu and Li Kunyun can't resist a move at all. Was poisoned by a trick.

What a ruthless method.

For an instant, Ge Xuan, Li Shenfeng and their backs all burst into cold sweat, and they only felt chilly, and they felt chilly.

Fortunately, they didn't rashly believe the other party before, nor did they rashly take action. Otherwise, even if they could capture Qin Chen, many of the geniuses under the sect would be killed, and the loss would be great.

If Hua Tiandu died because of this, no matter how great their credit is, and they return to the sect, they will not escape the criminal law.

"I think your Excellency is also a character. I didn't expect to use such a despicable means. Fortunately, we were not fooled by you." Li Shenfeng stared at the cloak man, his eyes angry.

At the same time, the few masters who stayed in Xianzong also used the air machine to lock the cloak man, for fear that he would suddenly make a move and secretly attack.

"I....."

Seeing the performance of the other party, the cloak was about to blow up.

Staring at Qin Chen fiercely.

This kid is so cunning that he slanders him so much.

Let him be dumb to eat coptis, it is difficult to argue.

In this way, no matter how he explains, the people who stay in Xianzong will probably not believe him.

For a while, I felt depressed and almost vomiting blood.

Chapter 513 Phantom Invisible

"Hmph, I said that if you don't interfere, you won't interfere, believe it or not."

The man in the cloak snorted coldly, his eyes cold.

"Well, if you really don't intervene, I will stay in Xianzong, and you will not violate the river water, Li Shenfeng, you go up, hold that Qin Chen, and see if he can get out."

"Elder Ge?" Li Shenfeng looked back in shock.

"Don't worry, there is me here." Ge Xuan's eyes were cold, and he just stood there with an astonishing momentum blooming, firmly guarding the several disciples of Liu Xianzong.

At the same time, the two remaining Liuxianzong elders who came together also stood beside Hua Tiandu and the others to protect several disciples of Liuxianzong.

"it is good."

Only then did Li Shenfeng relieved his heart, grinned, staring at Qin Chen, and sneered: "Boy, when you hurt my son Li Kunyun, I'm afraid I didn't expect this moment."

The voice fell.

call!

Li Shenfeng suddenly moved, his figure resembling a flash of lightning, in the midst of the raid, the palm of his hand slammed towards Qin Chen, blooming with a terrifying glow.

"Qin Chen."

"Less dust!"

Xiao Zhan and the others screamed in exclamation in an instant, each of them shaking, they were about to rush forward.

However, Li Shenfeng's gaze did not fall on these people at all, but stared at the cloaked man.

In his mind, among the many warriors of the Great Qi Kingdom, only the cloaked man can pose a threat to him. As for the others, it is not a concern.

At the same time, he was also ready for the cloak man to take action.

But what he didn't expect was that the man in the cloak really didn't seem to intend to make a move, but with a sneer at the corner of his mouth, standing far away, embracing his hands, as if watching a good show.

"Great."

Li Shenfeng was overjoyed. If the man in the cloak didn't make a move, he could completely capture Qin Chen directly. When the time comes, the opponent wants to make a move, and I am afraid there will be no chance.

Boom!

At that moment, Li Shenfeng suddenly burst into a terrible impact of real power, swept towards Xiao Zhan and others, and at the same time, on his right hand stretched out, the divine light soared, shining brightly, like a demon claw, wanting to fight Qin Dust thoroughly grasped.

"Less dust!"

Xiao Zhan and the others only felt that a huge force was coming, their bodies couldn't even stand firmly, and they let out an angry roar.

"You all retreat."

At this moment, Qin Chen suddenly yelled, and a terrifying aura suddenly burst out of his body. With a boom, Xiao Zhan and the others were shook back to avoid being injured by Li Shenfeng. At the same time, the mysterious Rust Sword suddenly appeared in his right hand. , Stabbed Li Shenfeng abruptly.

Huh!

The black long sword turned into a stream of light, shuttled through the void, and directly slashed on the finger light shot by Li Shenfeng.

"Small bugs, young man, you are too naive, think you can fight the old man by winning the first place in the ring?!"

Li Shenfeng sneered, turning a blind eye to Qin Chen's attack. With the terrifying true power of his right hand, he ignored Qin Chen's attack and wanted to crush Qin Chen's sword light while capturing Qin Chen.

but.

As soon as his voice fell, his expression changed.

Puff!

Amidst Qin Chen's sword light, an astonishing aura of true power burst forth suddenly. Although that true power is only the pinnacle of the fourth-order profound level, its power is much more terrifying than the general fifth-order true power. The sword light flashed, Li Shenfeng The finger light bursting out of the palm was cut in half and turned into energy and dissipated.

At the same time, the sword aura was devastating, and it quickly swept towards Li Shenfeng's neck.

"what?"

Li Shenfeng was shocked. At the critical moment, he could not hide his clumsiness. The real power in his body was energized to the extreme. At the same time, an astonishing blood power rose from his body, and the speed of the whole person increased sharply in an instant. Retreat sharply.

call out!

The sword light glided across Li Shenfeng's body, cutting the true power of his body directly into a gap. In the void, a piece of clothing fluttered with the wind and fell on the ground.

Li Shenfeng aroused a cold sweat behind him, and he felt chilly, and he was still in shock.

"Why is this child so strong? And how did his cultivation base break through to the late peak of the fourth-order profound level?"

Li Shenfeng was horrified. If he hadn't dodged fast just now, he might have been divided into two under Qin Chen's sword.

Not only him, but the other Xuanzhou powerhouses present were all dumbfounded.

What did they see just now?

Qin Chen flew Li Shenfeng with a sword, and almost killed the opponent? how can that be?

Although Li Shenfeng is not the top master of Liuxianzong, he is also the Wuzong and Zongmen elder at the peak of the fifth stage, and he is not weaker than Chen Tianluo.

If it was knocked into the air by that cloaked man, it would be understandable, but Qin Chen was able to knock it into the air with a sword, this...

incredible.

"Li Shenfeng, what are you doing? At this time, don't you do your best? A waste!"

Ge Xuan was so angry that he yelled at him. This Li Shenfeng was so ignorant that he was so embarrassed that he was knocked into the air by a young man.

"Damn, kid, you angered me."

Li Shenfeng's face was blushing, his face was about to drip with anger.

Losing such a big face in front of everyone, how not annoyed him!

"Kamikaze Claws-Phantom is invisible."

Under the anger, the true power in his body was stimulated to the extreme, and Li Shenfeng roared and threw back at Qin Chen again.

Hum!

His hands shook quickly, and in an instant, he seemed to disappear into the void. As seen with the naked eye, there was no claw shadow at all. Only the invisible strong wind cut open the void, as if it could tear everything apart.

"Shenfeng Claw is the fame stunt of the elder Li Shenfeng of the Liuxianzong."

"I heard that his move is a combination of the power of his own bloodline and a secret technique. It is so powerful that even a piece of profound iron can be torn to pieces in an instant."

"It's too fast. With the cultivation base I waited for, there is no trace of the claw shadow at all. How can I fight this? As expected of the kamikaze claw!"

Below, a knowledgeable expert exclaimed, his face in shock.

And what feels more deeply is the few people of Xiao Zhan. They are not within the attack range of the kamikaze claws, but the strong wind of the claw shadow rushing out of them makes them all chilly, and there is a kind of penetration. Terrible feeling.

Under everyone's horrified gaze, countless strong winds swept down and instantly enveloped Qin Chen.

"Boy, lose to me!"

Li Shenfeng's eyes were fierce, and he roared, the strong wind was like a huge ocean, pressing down, and instantly came to Qin Chen.

"The Phantom Invisible? Haha, at this level, can it be called the Phantom Invisible?"

Under everyone's horrified eyes, Qin Chen sneered, and the Rust Sword in his hand suddenly shot.

Ding Ding Ding...

In the void, there was an astonishing sound of gold and iron fighting with each other, jingling, like large beads and small beads falling on a jade plate, clear sound in everyone's ears.

Under the eyes of everyone, Qin Chen turned into a phantom with a long sword in his right hand, piercing into the void in front of him, every time the sword fell, a claw shadow was blocked, and there was no false hair.

"What? It was blocked by him."

"This can be blocked, how did Qin Chen do it?"

"my God!"

Everyone was stunned, all stunned, as if petrified.

Chapter 514

At this moment, everyone was terrified and couldn't believe their eyes.

What did they see? Li Shenfeng, the elder of the dignified immortal sect, was stopped by a young man for his famous stunt, Shenfeng Claw?

incredible.

"you....."

Li Shenfeng also widened his eyes, frightened, and the true power in his body was once again aroused.

Shoo!

His eyes were ferocious, his hands were getting faster and faster, visible to the naked eye, and there were countless shining lights in the void, so fast that it was too late to blink.

But it's useless.

The mysterious rust sword in Qin Chen's hand, as if it had eyes, stopped Li Shenfeng's sacred wind claws while moving.

"This is your fame, slow, too slow."

Qin Chen even had room to speak in his spare time, his mouth sneered, booming, a terrifying thunder burst suddenly on the mysterious rust sword.

The power of thunder bloodline!

"broken!"

The sword light flashed, and Qin Chen grasped the gap, holding the sword in both hands, cutting three swords horizontally and vertically, nine sword lights up and down, turning into a big net and cutting forward.

"Puff!"

The big net is densely packed, covering all the gaps. Among them, thunder light surging, annihilating everything, shattering all the claw shadows that Li Shenfeng displayed, and it is not diminished, and swept out.

Li Shenfeng was shocked, and his face was extremely ugly. He couldn't understand how Qin Chen could take his Shenfeng claws, it was terrifying.

"Break it to me!"

With a roar, Li Shenfeng suddenly shot, with divine light on his hands, trying to intercept Qin Chen's sword light attack.

"I expected you to have this hand, mental storm!"

In Qin Chen's eyebrows, an invisible spiritual force burst out, turning into a whirlpool hurricane, penetrating the sword light, and instantly submerged in Li Shenfeng's mind.

"Huh, mental power attack? Little Tier 4 mental power, also wants to confuse me?"

Li Shenfeng sneered. In his opinion, how Qin Chen's mental power is against the sky, reaching the peak of the fourth stage late stage is already the ultimate, and as a fifth-order Wuzong, he is not afraid of the influence of the fourth-tier spiritual power on him. , Minimal.

However, before the voice fell completely, Li Shenfeng's originally grinning mouth instantly solidified.

"what?"

A psychic force that was so powerful that he could not resist it rushed in, and instantly entered his spiritual sea, booming, and rolled up a monstrous wave in his spiritual sea.

"How come, Tier 5 mental power, you..."

Li Shenfeng was frightened and wanted to resist again. It was too late. His mind was dizzy, and Jianguang Dawang had already slashed on him.

Puff!

The sword light was extinguished, and the real power of Li Shenfeng's body surface shattered instantly under no one's urging. Blood was sprayed everywhere in his body, and the whole person flew out in embarrassment, blood spilling into the sky.

"Elder Li Shenfeng."

In the Liuxianzong crowd, someone exclaimed, slammed to the ground, a figure soared into the sky, and even hugged Li Shenfeng, dropped to the ground, and looked down, only to see Li Shenfeng covered in blood, with nine criss-crossing sword marks on his body. In many places, bones are deeply visible and bloody.

"At this point, you want to capture me?"

Standing with the sword, Qin Chen looked at the person who stayed in Xianzong with disdain, and the contempt was beyond words.

At this moment, everyone was shocked, and their hearts were shaken.

What did they see, the dignified elder Xianzong was seriously injured by a sixteen-year-old boy, almost killed, this...

Many people desperately rubbed their eyes and couldn't believe what they saw.

"Strong, too strong, how could Qin Chen be so strong."

"Elder Li Shenfeng who stayed in Xianzong was actually defeated by him. Under Wuzong, the peak of the fifth stage in the early stage, who would be his opponent?"

"This is incredible."

The sound of exclamation, one after another, caused many Xuanzhou powerhouses who were originally greedy for Daqi to be shocked.

Where Emperor Heart City is located, the top powerhouse known as Uncle Quan narrowed his eyes and slowly said: "As expected, he is the champion of the ring competition. There are indeed two shots. Hua Tiandu lost to him. It is not wrong."

Di Tianyi also mocked: "Uncle Quan, Li Shenfeng is careless. He thinks he is a fifth-order Wuzong, is he invincible? Faced with that Qin Chen, he didn't use his full strength for the first time, and he dared to be careless and stay the elder of Xianzong. , But so."

In fact, not only Ditianyi and the others, but also many masters, after careful thinking, they saw the clues.

"Li Shenfeng also killed himself. Then Qin Chen defeated my Xuanzhou Tianjiao and won the first place in the ring. Although young, his strength is no small thing. Apart from other things, my Xuanzhou three great Tianjiao, early A year ago, he was able to defeat the ordinary Tier 5 early Wu Zong, and finally defeated by that Qin Chen. It can be seen that Qin Chen, in the previous ring competition, was no weaker than my ordinary Tier 5 in Xuanzhou. Early warrior."

"And now, this person's cultivation base has broken through from the mid-Xuan-level peak to the late-Xuan-level peak in the arena, and has gained the inheritance of the ancient southern capital. His strength must have improved again by leaps and bounds. Li Shenfeng was so careless that he was defeated, even though he expected it. In fact, it is reasonable."

"It makes sense, and Li Shenfeng was injured before Gunandu's volition. At this time, he dare to be careless, isn't he looking for death?"

"It's careless, otherwise, with Li Shenfeng's strength, it would be impossible to lose so miserably."

The crowd sighed and gradually understood.

"What a waste."

The man in the cloak was also depressed in the rear of the Great Qi State.

He had long waited for Qin Chen to be defeated, and begged him to take the opportunity to get the Qinglian Demon Fire back. He didn't expect the people who stayed in Xianzong to be so unbearable. Not only did he fail to force Qin Chen to ask for help, but he was beaten. Seriously injured, leaving people speechless.

However, the man in the cloak was even more frightened.

I remember that when he was in Wucheng, Qin Chen had to be cautious when facing the late-stage Xuan-level martial artists of Wucheng Zhu family and other forces, and how long has passed since then, the cultivation base has been advancing by leaps and bounds, even the Wuzong elder who stayed in Xianzong was not afraid. This progress shocked him.

"No, this son must be removed, otherwise, it won't be long before I can even cure him."

The cloak man's eyes were cold and sharp, and a trace of murderous intent passed quietly deep under his eyes.

It makes people shudder.

Under the treatment of Master Liuxianzong, Li Shenfeng quickly woke up, spouting a mouthful of blood, and said angrily as soon as he woke up, "Boy, how dare you sneak attack."

"Sneak attack?" Qin Chen sneered, "I still need a sneak attack to deal with you? Your son is a trash, and I don't know how to drop it. If I were you, I would have no face to stay here and just kill me. Up!"

"you!"

Li Shen was trembling with anger, but he couldn't speak for a long time.

"enough."

Ge Xuan yelled angrily and glanced at Li Shenfeng displeasedly, how he brought this guy out, really embarrassing the sect.

Then he looked at Qin Chen coldly: "Boy, it's no wonder you are so strong, but with this strength, do you think you are invincible?"

boom!

When the words fell, Ge Xuan suddenly burst into an astonishing momentum, that momentum was thick and solid, like a big mountain, severely suppressed on the people of the Great Qi State in front of them.

Chapter 515

At this moment, Xiao Zhan and the others all shook their bodies, the real power in their bodies was difficult to operate, and even their breathing became short.

It seems that what is in front of them at this moment is not a warrior at all, but a majestic mountain, an uncontestable mountain.

Puff puff!

Almost instantly, many geniuses from the Great Qi Kingdom were already injured under this qi machine. There are very few who can hold on without being injured. Only Xiao Zhan, Wang Qiming, Zhao Lingshan, and Zi Xun have achieved good results. A genius of achievement.

And their cultivation bases are all above the middle stage of the profound level.

But even so, under such a terrifying aura, Xiao Zhan and the others still looked horrified, their hearts were boiling with blood, and it was almost impossible to hold on.

"Hmph, if you stay the top elder of the Xianzong dignifiedly, will you only bully the weak? The so-called Xuanzhou top sect has this ability?"

Qin Chen's face suddenly became very ugly, and at the same time an invisible aura diffused out of his body, covering Xiao Zhan and the others, isolating the aura from Ge Xuan by at least more than half.

Xiao Zhan and the others breathed a sigh of relief, their complexions turned from pale to ruddy, but their faces still had a look of horror.

Too strong.

In their hearts, at this moment, they felt deep helplessness, and at the same time they gritted their teeth for their own weakness.

Ge Xuan didn't even do anything. With his momentum alone, it was almost impossible for them to resist. The disparity in strength was too great. No wonder this Xuanzhou master didn't put people from the five nations in his eyes. It's not arrogance, but it does have this ability.

"Huh? The curious and special breath can actually withstand the aggressive attack of the old man. No wonder you are so rampant."

Seeing Qin Chen's expression unmoved under the storm of his own momentum, and unexpectedly released an aura to help Xiao Zhan and the others resist, Ge Xuan couldn't help but whisper.

The Qin Chen in front of him was indeed extraordinary.

"With each other, you have actually reached the late stage of the fifth stage in your cultivation, you are indeed the top elder of the Liuxianzong."

Qin Chen sneered. He couldn't see any expression on the surface, but his heart sank suddenly.

Although Ge Xuan had shown extraordinary aura before, Qin Chen was only at the early stage of the Xuan level, so he could not see the true cultivation level of Ge Xuan. Now he has reached the peak of the latter stage of the Xuan level, and Ge Xuan has also made his own The cultivation base was thoroughly revealed, allowing Qin Chen to finally figure out the opponent's true strength, turned out to be a Wuzong of the fifth stage late stage.

Wu Zong in the late stage of the fifth stage.

Although he had long expected that Ge Xuan's cultivation level was not weak, what Qin Chen did not expect was that the opponent was so strong.

If the opponent was only Wuzong at the mid-level of Tier 5, Qin Chen claimed that with all his strength, coupled with the unrevealed magic imprisonment cage, Qinglian Demon Fire, etc., he would be able to fight the opponent.

But after knowing that Ge Xuan was Wuzong in the late stage of the fifth stage, Qin Chen's thoughts had been completely discarded.

He is too aware of the strength of the Wuzong realm. With his current cultivation base, he can confront Wuzong in the middle of the fifth stage, but once he encounters the Wuzong in the late stage of the fifth, he can't be an opponent at all.

What's more, he was still standing behind Xiao Zhan and the others. He could escape if he could not fight, but Xiao Zhan and the others would definitely die if they stayed.

For a moment, Qin Chen couldn't help but feel a little anxious.

He is not afraid of Ge Xuan, but he can't help but worry, Xiao Zhan and their comfort.

"Since I know my cultivation level, I still don't kneel down and admit my mistakes. If you can surrender me to stay in Xianzong, maybe I can promise to keep you alive."

Ge Xuan sneered, and did not directly act, but constantly pressed Qin Chen with his momentum.

There are two main reasons why he didn't do it.

The first one is that he doesn't believe that the man in the cloak really can watch from the sidelines. If the man in the cloak really thinks so, he would not come out of the crowd before and hurt Chen Tianluo, let alone say not to intervene, but he has to stay on the high platform.

Words and deeds are clearly inconsistent.

Although Ge Xuan was very confident, the cloak man's previous methods still gave him some fear.

What's more, he didn't leave Xianzong to sweep everything here, and there were experts from Emperor Xincheng and Tianheng Academy.

The second is his purpose. He wanted to get the inheritance of Ancient Southern Capital from Qin Chen. Killing him was just a quick squeeze, but he couldn't squeeze out Qin Chen's technique.

Therefore, his current goal is to constantly suppress Qin Chen with his aura, trying to psychologically defeat Qin Chen, make Qin Chen kneel down in front of him, and obediently hand over everything he has obtained from the ancient Nandu.

"Surrender you to stay in Xianzong? What are you kidding, and why?"

Qin Chen sneered, and at the same time he sensed the Qi machine between heaven and earth.

Now he put his only hope on the residual power that the will of the ancient Nandu said.

Since Gu Nandu had said that there was a force left at the location of this ruin, it must have stayed there, but what puzzled Qin Chen was that no matter how much he felt, he couldn't feel it.

"Gu Nandu will, it is impossible to lie. The only possibility is that I have not found a way."

While thinking, Qin Chen looked at the magical Li of the Blood Demon Sect. The magical Li also reached the last step in the inheritance. Hearing the will of Gu Nandu, he must be looking for this power, maybe there is What to find.

But Qin Chen was disappointed in the end. He could feel that Mo Li was indeed looking for this power, but judging from his expression, he should have not been able to find this power either.

"Could it be..."

Suddenly Qin Chen seemed to have thought of something. Even the exercises obtained in the inheritance of running the ancient Nandu, he immediately felt that an astonishing force haunted the whole world.

"I found it, that's the way it is, you must use the techniques obtained in Ancient Southern Capital to sense this power, and let me see...Huh? To control this power, you must use the secret patterns mastered in Ancient Southern Capital. The technique."

Qin Chen gently activated the secret pattern, buzzing, and the air in the entire world flowed involuntarily. Qin Chen clearly felt that in this ancient southern capital and the space within ten miles, he was enveloped by this force. One thought, you can control it as you like.

And Qin Chen could feel that this power was terrifying, far surpassing Wu Zong, at least a sixth-order martial master or above, and it didn't take any effort to deal with the powerful dynasty present.

"Hahaha, with this power, why are you afraid of these Wuzongs here?"

At this moment, Qin Chen's heart was completely let go, he secretly formed a secret pattern, and began to manipulate this amazing power hidden between the sky and the earth.

On the opposite side, Ge Xuan didn't know that Qin Chen was completely unafraid of him. He raised his head and said proudly, "Why, because I stayed in Xianzong is the top power in Xuanzhou, one sentence can destroy your five kingdoms. ."

Chapter 516

"A word can wipe out my five kingdoms?" Qin Chen narrowed his eyes, and a chill flashed under his eyes.

At this time, there was no worry in his heart at all, and he sneered and said: "It is indeed very tempting, but if I surrender you to stay in Xianzong, what about the other disciples of my great Qi country?"

Seeing that Qin Chen seemed to have moved, Ge Xuan promised: "Don't worry, as long as you join me to stay in the Immortal Sect, other disciples of the Great Qi Kingdom will naturally be protected by us. I can guarantee that there is no one here. Move your hair."

Ge Xuanxin vowed to say, but he sneered in his heart: "This kid is really naive, do you really think I train them? As long as they are inherited by the ancient Nandu, these so-called geniuses of the great Qi country will have to die."

Of course, he just kept these words in his heart, but he said with enthusiasm: "How do you think about it? As long as you follow us, your future will be unlimited."

"This... is really hard to refuse." Qin Chen seemed to smile, as if thinking about Ge Xuan's suggestion.

Ge Xuan hit the railroad while it was hot: "What are you hesitating about joining me and staying in the Immortal Sect. It's not much better than staying in the Five Kingdoms. What's more, if you don't join my staying in the Immortal Sect today, all these people present will covet you. Things, you can't even see the sun tomorrow."

This Ge Xuan really made a good calculation. At this moment, the other Xuanzhou martial artists below were all agitated. They did not expect that Ge Xuan would invite Qin Chen to join the Liuxian Sect.

What made them even more unexpected was that Qin Chen was a little changed. If that were the case, where would they have the chance to get the inheritance of Ancient Southern Capital from Qin Chen?

If they knew this, where they needed Liu Xianzong to make a move, they had already gone up.

Although their strength is not as good as Ge Xuan, there are also many Wuzongs in the middle stage of the fifth stage, and it is completely fine to deal with Qin Chen.

That regret in my heart.

Ge Xuan looked at Qin Chen with a smile, and said with a smile: "How is it, how are you thinking about it?"

It would be better to be able to surrender Qin Chen and obtain the treasures on his body without doing anything.

"It seems quite tempting." Qin Chen smiled: "However, let me surrender to you such a trash sect, I think about it and forget it."

Qin Chen shook his head, "Look, the Tianjiao you cultivated with all your strength is so rubbish, it's not my opponent, if I join your Immortal Sect, I'm afraid I will be ruined in my life, so forget it. "

"Puff!"

Hearing this, the audience was stunned, and all of them vomited blood.

What does Qin Chen mean? Are you playing to stay in Xianzong?

I felt that my brain was dizzy from time to time, and I was about to pass out.

"You made a wise decision... what... what?"

Ge Xuan smiled, thinking that Qin Chen had compromised. Half of his words, he woke up, and suddenly he was so angry that blood poured into his head.

"Boy, you are looking for death."

Drinking coldly, immediately like thunder, echoing between the world.

At this time, if Ge Xuan hadn't realized that Qin Chen was playing tricks on him, then he wouldn't have to mess around.

boom!

A terrible breath erupted from him.

Everyone else on the court was completely fainted, and they were all speechless.

Arrogant, too arrogant, at this time, Qin Chen even dared to speak to Liuxianzong like this, it was absolutely fatal.

Even people from the Five Nations shook their heads in shock, feeling that Qin Chen was dying.

"Good boy, if I won't take you down today, I swear not to be a man."

Ge Xuan was trembling with anger, and there was a divine rainbow blooming in his eyes, and with a bang, his figure was like electricity, and his whole body was attacking Qin Chen brazenly.

In an instant, strong winds roared everywhere on the entire high platform. The real power storm that swept through made people almost unable to open their eyes. As for Xiao Zhan and others, they couldn't even get close. Backward, his face pale.

Everyone is speechless, this Qin Chen is simply too capable.

"Boy, it's too late for you to agree to my request. Otherwise, it will be difficult for you to be caught by the person who stayed in Xianzong before you want me to take action."

In the storm, Qin Chen's ears rang the man in the cloak. It was obviously the man in the cloak who wanted to persuade Qin Chen to agree to his terms.

Qin Chen ignored the cloak man's words and mocked: "You think too much, just with this Ge Xuan, you can't take me down."

The man in the cloak shook his head, this kid is really stubborn, then let him continue to suffer, wait until he can't hold on, don't believe that he will not compromise.

Before the thoughts in his heart had time to fall, he saw a scene that he would never forget in his life.

I saw Qin Chen face Ge Xuan's attack, not moving at all, but at the moment when the attack came, he gently raised his hand, and an astonishing rainbow of light immediately fell down in the void, enveloping Ge Xuan like lightning.

"What is it?" Ge Xuan would naturally not be as careless as Li Shenfeng. He knew that the lion must fight the rabbit with all his strength. He slammed his hand to resist at the first moment when the rainbow light fell. His whole person was wrapped in an instant, and he was wrapped in a zongzi in an instant.

Ge Xuan was shocked, what is this? The true power and bloodline power in the body ran wildly, trying to break through the shackles of the rainbow light.

It's just that no matter how hard he struggles, it won't help. This rainbow light is unbreakable, and it firmly restrains him in the center.

"Haha, worthy of the strength left by Gunan, so strong?"

Seeing the power of the rainbow light, he easily restrained Ge Xuan, and Qin Chen was overjoyed, stepping forward and suddenly raising his hand.

"Snapped!"

Seeing only a palm shadow flashed by, Ge Xuan, the leader of the dignified immortal sect, was immediately slapped, and the whole person was flew out in an instant. In an instant, the left cheek swelled up, like a Cooked buns.

"Elder Ge, are you okay?"

The remaining two Liuxianzong elders were stunned, completely unaware of what happened.

"Boy, I'm going to kill you."

Ge Xuan was so angry that his hair stood up, and with a roar, he leaped up suddenly and rushed towards Qin Chen again.

He was full of vigor, as if going crazy, the true power of horror was like the ocean, annihilating everything, making everyone amazed and shocked.

But Qin Chen waved his hand and another rainbow light landed, which immediately restrained Ge Xuan again, and then opened the bow left and right, only to hear the sound of slapped ears. Qin Chen didn't know how many times he had pumped Ge Xuan. The faces on both sides of him who smoked were all towering, purple and black, and blood was about to drip.

"Kill me, I see how you kill me."

Qin Chen's eyes shot Hanmang, his hands were stronger, and Ge Xuan screamed like a pig.

Finally, he heavily kicked Ge Xuan's chest, kicked Ge Xuan fiercely, and fell into the crowd of Liuxianzong.

"Elder Ge, what's wrong with you?"

At this time, the many strong people who stayed in Xianzong reacted, and there was a sudden chaos, and for a moment, they jumped.

Chapter 517

The others were also dumbfounded, all stunned.

What did they see? Elder Ge Xuan, who stayed in the Immortal Sect, was hanged and beaten by Qin Chen. Is this the hell?

"Quickly pinch me down and see if I am dreaming."

"Oh my god, it hurts me so hard, what are you doing so hard?"

"Didn't you let me pinch you?"

"Hi, that didn't make you so hard, it hurts too much, it's not a dream!"

A group of Xuanzhou powerhouses, completely stunned, couldn't believe their eyes at all, they were almost crazy.

This is the leader of the Liuxianzong, Wu Zong in the late stage of the fifth stage, and the strongest person on the scene, was actually hanged and beaten by a youngster at the peak of the late stage of the profound stage, and his entire face was swollen half a foot high.

It hurts just to think about it.

Many people were speechless. Elder Ge Xuan was embarrassed and slapped home. He was slapped in the face by a young man, and in front of so many Xuanzhou powerhouses, where would he put this old face in the future?

"Demon method, this kid will use the magic method."

Ge Xuan grinned, shaking his whole body in pain, staring at Qin Chen with a pair of eyeballs, and roared like crazy.

Qin Chen didn't explain, but looked at the many Xuanzhou experts on the field coldly, and said with a sneer: "Do you think I don't know what you think? I just want to take away the inheritance I got from the ancient Nandu ruins. , The ancient southern capital remains the secret realm of my five kingdoms. Now I am giving you Xuanzhou geniuses the opportunity to participate. Not only do you not appreciate the geniuses of our five kingdoms, but you still have to attack the geniuses of our five kingdoms. Are you really bullying our five kingdoms?"

Qin Chen stared coldly at the front, shooting out a terrifying glow.

"Now I give you a chance. None of you will **** the secrets from this young man, even if you come up, this young man will have to see how shameless you people in Xuanzhou can be, and how many are as despicable as this Liuxianzong ."

The audience was silent.

All the Xuanzhou powerhouses looked at each other, none of them dared to do anything.

There was a cold sweat on the cloak man's forehead, hell, Ge Xuan actually had no resistance in front of this kid.

In the crowd, Mo Li understood the reason, and knew that Qin Chen should have mastered the power that Gu Nandu's will said. What made him depressed was that although he also knew that this power existed, he couldn't feel it. When it arrived, Qin Chen not only sensed it, but also controlled it likewise, which made him feel frustrated.

Ge Xuan roared: "Boy, if the old man doesn't kill you today, my name is not Ge Xuan."

"Still talking nonsense."

Qin Chen's eyes were cold, swish, and his figure flickered before appearing in front of Ge Xuan instantly.

"What do you want to do?" The expressions of the two Wu Zongs who stayed in Xianzong changed drastically, and they hurriedly stepped forward to intercept them, but as soon as Qin Chen raised his hand, the two of them couldn't move, and Qin Chen flew out fiercely.

Immediately afterwards, Qin Chen came to Ge Xuan, opened his bow left and right, and fought fiercely again. Ge Xuan had just applied the medicine, and his improved face immediately swelled up again and was beaten into a pig's head. He shouted angrily, but Powerless.

"stop!"

Hua Tiandu, who was watching from the side, couldn't bear it anymore, and rushed towards Qin Chen. Qin Chen waved his hand, but a light flashed slightly on Hua Tiandu's body. That ancient Nandu power did not restrain Hua Tiandu. , Seems to have lost its effect.

Qin Chen was stunned for a moment: "Huh? It's the power of the spiritual seed. Could it be that the power left by the will of the ancient Nandu prohibits me from harming the genius who has been passed on?"

"Hey, it's useless for me? I see, the power you control should be the power left over from the ancient southern capital. No wonder it is so powerful."

Hua Tiandu is so smart, he soon figured out the reason, and sneered: "I still consider your power invincible. It turns out that there are restrictions. Give me death!"

Hua Tiandu roared, and an astonishing breath broke out on his body. Boom, representing the power of the fifth-order Wuzong, burst out in an instant.

In the ancient Nandu inheritance, although Huatiandu did not reach the last step, he gained a lot of benefits from the level of absorbing the strange true power in the second level. The cultivation base has improved again. At this moment, Huatiandu , Although it is not Wu Zong yet, it is actually no different from Wu Zong. The true power in the body has already begun to change from fourth-order true power to fifth-order.

It can be said that compared with the beginning of the ring match, Hua Tiandu's strength has more than doubled again, and his self-confidence has greatly increased, and he must fight Qin Chen again.

Hum!

I saw dense palm shadows in the void, boundlessly attacking Qin Chen.

"Why is the aura on Hua Tiandu so strong?"

"Could it be that in the inheritance, he has been promoted again?"

"It's too strong. It's me. Ten of them can't stop Hua Tiandu's palm."

The crowd was shocked. Although Hua Tiandu had previously lost to Qin Chen, everyone could clearly see from the momentum that after passing through the ancient Nandu inheritance, Hua Tiandu's cultivation level had once again been improved, with obvious breakthroughs.

"Boy, I will let you know that a momentary victory or defeat is not a big deal. Hua Tiandu is the real arrogance, the king of the world."

The thunderous roar resounded through the world, and Hua Tiandu's whole person was like a **** and demon, high above him, and delivered his strongest blow to Qin Chen.

Qin Chen was speechless, no wonder this guy couldn't become a top-notch powerhouse, and his brain wasn't working well. He had made a breakthrough. Didn't he make a breakthrough in the inheritance?

"The magic cage!"

Too lazy to entangle with Hua Tiandu, Qin Chen directly displayed the second-style magic imprisonment cage of the Wanshen Jue. In an instant, Qin Chen's pupils were spinning like a deep pool, a cold and strange spirit wave, in the void In a flash.

The next moment, Hua Tiandu only felt cold all over, and his whole body was in a dark space. His body was imprisoned by countless cold iron chains, and his whole body was in a large font, and he was unable to break free.

"where is this place?"

"Let go of me, let me go."

Hua Tiandu roared in terror, dripping with cold sweat all over, and a series of sharp electric whips, mentally lashing him severely, in pain, and suffered a tragic blow.

"Do not!"

Outside, everyone only saw Qin Chen glance at Hua Tiandu, and Hua Tiandu was stuck there, his face was painful, and his whole body was convulsed in pain.

At the spiritual level, Hua Tiandu suffered a long period of inhuman torture, but at the physical level, it was only for a moment.

"Pump!"

Hua Tiandu was dripping with cold sweat, and fell to the ground, no longer able to lift the slightest fighting spirit, like a walking dead, his eyes were frightened.

"hiss!"

There was a burst of air-conditioning from the crowd, and everyone looked at the scene in front of them dully, shocked in their hearts.

The son of the dignified immortal sect, Hua Tiandu, one of the three great arrogances of Xuanzhou, was defeated just because of Qin Chen's eyes, losing all his combat power, just like a myth.

Chapter 518

With one foot on Hua Tiandu, Qin Chen coldly looked at everyone in the Liuxianzong and the many Xuanzhou experts present, and said coldly: "Who else? Who else is not convinced, just come up."

That arrogant posture and domineering words shocked everyone's heart.

For a moment, the court was silent, and no one dared to step forward.

Although many people in Xuanzhou were extremely dissatisfied with Qin Chen's posture, even the elder Ge Xuan who stayed in the Immortal Sect was not Qin Chen's opponent. Who would dare to step forward now?

The result of going up will definitely be the same as Elder Ge Xuan who stayed in Xianzong, who will be ashamed in front of everyone and become a laughing stock.

On the contrary, the powerhouses of Emperor Xincheng and Tianheng Academy, with cold eyes, looked at Qin Chen indifferently, and said, "This kid is really crazy."

It's just that they just said something like that, and didn't move much.

Because they know too well, their strength and Liuxianzong are only between the uncles, the people who stayed Xianzong are so miserable, what will happen if they go up? They dare not predict.

After all, who knows what checks and balances Gunan will leave this kid with? It would be too shameful to steal the chicken and lose the rice.

In such an atmosphere, everyone on the court looks at me and I look at you, and the atmosphere instantly becomes very strange.

Seeing that no one dared to come up, Qin Chen sneered and whispered to Xiao Zhan and the others: "Master Xiao Zhan, it is not suitable to stay here for a long time, you go first."

At the same time, he shouted: "Disciples of the Five Nations, everyone can leave."

Hearing Qin Chen's words, there was a commotion on the court.

No one of the Five Kingdoms thought that it would be such an ending. With one person, Qin Chen shocked many masters of the Dawei Dynasty.

Originally, they were all uneasy in their hearts, even thinking of asking for mercy, so that the people of the Dawei Dynasty could let them go. Unexpectedly, the people of Xuanzhou would not even dare to move them in a flash.

Thinking of such a thing, after only a genius in the Great Qi State, everyone in the five countries was convinced. Qin Chen was able to become the champion of the Gu Nandu assessment. It really was not obtained out of thin air. Such a genius does have this ability. .

What a pity, such a genius, but not a disciple of his own power.

Many powerhouses in the five countries sighed and felt extremely regretful.

However, it is a pity that there is such a good opportunity to leave now, don't you hurry to stay and die.

As a result, a large group of powerful men and geniuses from the Five Nations gathered up and hurriedly left this place of inheritance.

The most anxious ones are the powers that have been inherited, such as Ling Tianzong and Liang Guo. They know very well that the people of the Dawei Dynasty cannot kill people indiscriminately, but for the inherited You Qianxue and Yu Wenfeng, they definitely don't want to let it go.

"Go, let's leave here."

Wanting to understand this, Wei Tianming immediately took the people of Liangguo and Yu Wenfeng down the high platform and walked outside.

Ling Tianzong's You Endless Sect Master also gave a low voice to You Qianxue, and was about to leave with Ling Tianzong's disciples.

"No, father, I won't go."

Who knew You Qianxue was actually unwilling to leave.

"Qianxue, why are you stupid?"

You Wujin was anxious and didn't understand what happened to You Qianxue? Such a good opportunity, if you don't leave, once Qin Chen can't control those powerful dynasties, he won't be able to leave.

"Father, I want to stay, Qin Chen will not leave, I will not leave either." You Qianxue said coldly.

Qin Chen? You Wujie glanced at Qin Chen, almost mad, what stupid Qian Xue was doing?

I have to admit that You Wujie also admires Qin Chen very much, thinking that he is a plastic talent, if in the past, he would definitely not mind that You Qianxue has something to do with geniuses like Qin Chen.

But now this situation could not be more clear to You Wujin. Although Qin Chen temporarily restrained the people who stayed in Xianzong, it didn't mean that he could continue the treatment.

Yes, Qin Chen was able to control some of the forces left by the ancient Nandu to deal with the people of the Dawei Dynasty, and even severely wounded Ge Xuandu. However, these forces of the Liuxianzong can become the top forces in Xuanzhou, not just Relying on Ge Xuan alone, relying on a huge sect.

Thinking of this, You Wujin couldn't help sighing, and said, "Qianxue, I know you admire Qin Chen very much, but you have to recognize and act. Although Qin Chen has temporarily cured Ge Xuan and the

others, But I can guarantee that once he loses his hole cards, these masters of the Dawei Dynasty will definitely not let him go, especially Liuxianzong. Two genius disciples were almost abolished by Qin Chen, and even an elder was beaten into Seriously injured, even Ge Xuan was beaten like this, do you think Liuxianzong will let him go?"

You Wuxi shook his head: "Qin Chen is strong, but the people who stay in the Immortal Sect have a much deeper foundation than our five kingdoms. You can also see that Qin Chen has the ability to kill the elder Liu Xianzong, but he He didn't do this because he didn't dare. He was afraid that he would stay in Xianzong to retaliate against him. What use is it for you to stay like this?"

You Wuxi thought that You Qianxue could change her mind with this analysis, but she didn't expect that after hearing his words, You Qianxue's eyes became firmer, and she shook her head and said, "No, father, I won't leave."

"you....."

You Wujin is going crazy. Her daughter has always been very obedient. What is going on today?

Just when You Wujin didn't know what to do, You Qianxue turned her head and said to him: "Father, you don't understand, I won't leave, not only because of Qin Chen, but also for you and Ling Tianzong."

"What do you say?" You Wujin wondered? You Qianxue stayed here, completely dragging them Ling Tianzong into the water, how could it be for Ling Tianzong again.

As if knowing the doubts in You Wujin's heart, You Qianxue said indifferently: "Father, you should also know that the reason why the people of the Dawei Dynasty deal with Qin Chen, want to give out their anger as a supplement, the real purpose is to get Qin Chen. Inheritance?"

You endless nodded. He naturally understood this truth. It was not for treasures. It was necessary for so many people to stare at Qin Chen like hungry wolves, eagerly and desperately?

"Then you should understand that in fact, besides Qin Chen, I, Wang Qiming, Yu Wenfeng, and Moli are actually the targets of the powerhouses of the Dawei Dynasty."

You Wujin wanted you to know it. If it wasn't for you to get a good ranking and inheritance, I would go in such a hurry, because I was afraid that people from the mighty dynasty would attack me Ling Tianzong and couldn't stop it.

"That's it, that's why I can't go even more." You Qianxue said, as if he knew what You Wujin was thinking.

You Wujin can't figure it out at all. What does it mean that you are a target, let alone go? It should be even more necessary to stay. There must be a dead end to stay.

Chapter 519

You Qianxue said, "Father, you think, Qin Chen asked us to leave. These people from the mighty dynasty did not act at all, and even let us leave. Don't you think it's a bit strange? You said it, leave Xianzong with them. , Even if he is controlled by Qin Chen now, he's not afraid of Qin Chen at all, so why don't you care about us at all and let us leave? Nothing? Not only staying in Xianzong, but also other Xuanzhou forces, no one Half a word?"

You Qianxue's words made You Wujin also full of doubts. Indeed, the people of the Five Kingdoms went too smoothly.

He originally thought that Yu Wenfeng and the others would definitely be blocked when they left, but he didn't expect that there was no block at all. This was abnormal.

You Qianxue sneered and said, "That's because the powerhouse of the Dawei Dynasty doesn't care about us leaving."

Speaking of this, she sighed: "Father, think about it, where can we go if we go? It's nothing more than going back to our respective countries and sects. These Xuanzhou powerhouses temporarily let us go. But when you look back, you can come directly to Ling Tianzong, father, what should you do?"

"This....."

You Henless was speechless, it was not that he had never thought about the situation You Qianxue said.

"So Qianxue, after you return to the sect, you will leave the Five Kingdoms immediately. Even if someone comes to you, the other party will have nothing to do."

"Is there really nothing to do?" You Qianxue shook her head and glanced at You Wujin, obviously thinking that You Wujin was too naive.

"Father, if these Xuanzhou martial artists are so easy to talk, they won't get the way they are now. I can guarantee that they let us go because they don't want to be in front of so many people and let others know that they got the secrets. Once we leave, we will immediately intercept and ask for cheats. At that time, all of us will be scattered and no one witnesses. They can massacre us wantonly without worrying about exposure."

You Wujin's heart suddenly sank, and You Qianxue said that it was not without reason.

"As for the father, you let me leave. Indeed, I leave quietly. I may not be able to avoid these people's search, but where can I go? These people cannot get the secrets from your father. They will definitely not give up. I can leave. , But your father, sister? How about our entire Ling Tianzong? Where can we go?"

You endless silent, speechless.

Let him move the entire Ling Tianzong for this reason, not to say whether he would like it or not, even if he does, where can so many people move to?

"So, father, it's actually the best way for me to stay." You Qianxue said.

"But what can you do if you stay here? Even if you hand over the cheats, with the cruelty of these people, you will definitely not let you go. You will still die at that time, for the future of yourself and the sect. Give up the life of your daughter, Qianxue, how do you face your mother if you let me die in the future?" You Wusui said angrily.

It was too uncomfortable to watch my child in a dangerous situation, but unable to do anything.

You Qianxue smiled faintly: "Father, who said I will die?"

You endless looked up in shock.

You Qianxue looked at Qin Chen with a smile on her lips: "Father, you made a mistake just now. I know Qin Chen and his character. You said before that he didn't kill Ge Xuan because they didn't dare to kill Liuxianzong. People, in fact, are not. He didn't dare, but he didn't want to. I guess he was also worried about the Great Qi State, so he didn't kill the people who stayed in Xianzong, and I believe that he will definitely have a way to resolve this time. crisis."

"He?" You Wujie glanced at Qin Chen suspiciously, wondering why You Qianxue had such confidence in the young man Qin Chen.

This is the powerhouse of the entire Xuanzhou, even if Qin Chen is genius, what can he do?

But when You Wulong was anxious, Xiao Zhan and the others were unwilling to leave.

"Qin Chen, we won't leave, what should you do if you are alone?" Xiao Zhan said nervously.

"Yes, Qin Chen, let's go together." Zhao Lingshan and the others were also extremely determined.

"You don't have to worry about me, I will naturally have a way at that time."

Xiao Zhan shook his head and said firmly: "Qin Chen, what can you do? I know, you let us go first because you want to hold these Xuanzhou powers by yourself, but I am not greedy for life or death. My generation, once we leave, these people will be more unscrupulous, and we will stay with you."

Seeing Xiao Zhan and the others who did not want to leave, Qin Chen was moved in his heart, but he was also helpless.

"You believe me, your stay will only cause me trouble, and Wang Qiming..." Qin Chen's voice suddenly resounded in Wang Qiming's mind, "You have returned to the Great Qi State, go to Dange for the first time. Xiao Ya of the sacred place, or Dongfangqing of the Holy Land of Blood, only they can keep you."

"Less dust."

Wang Qiming was moved at this time, and Young Master Chen was still considering his safety.

The people who stayed in Xianzong watched this scene coldly. Ge Xuan's injuries had also recovered. He looked at the many disciples of Daqi State with a sneer. These guys were still reluctant to leave, but they could run again. Where to go? The monk who ran away couldn't get to the temple. He was offended to stay in Xianzong. It was too naive to think that he could escape with such a simple method.

In fact, other powerful dynasties have the same thoughts in their hearts.

All of them were silent, but there were cold smiles on their faces, and their eyes looked like eagles.

Whoosh whoosh!

Just when the scene was silent for a while, suddenly a few sounds of breaking through the sky came, and a few figures suddenly swept from outside the ancient southern capital.

The aura of these people is extremely extraordinary, especially the two leading people, whose true strength is condensed and not scattered, they are actually Wuzong level powerhouses.

Behind them, there were a few people who followed. Two of them were actually the Master Xiao Ya Pavilion of the Great Qi Kingdom's Dan Pavilion, and the President of Dongfang Qing from the Holy Land of the Great Qi Kingdom's Bloodline. But at this moment, they were all standing behind, following the two momentums. The extraordinary old man.

In addition, the other powerhouses around Xiao Ya and Dongfang Qing also wore the alchemist robe of the Pill Pavilion and the bloodline master robe of the bloodline holy land, obviously all of them had quite an identity.

When Qin Chen saw Xiao Ya and Dongfang Qing, both of them also saw Qin Chen. Seeing that Qin Chen was fine, both of them couldn't help but breathe a sigh of relief.

And behind these people, Wei Tianming, Yu Wenfeng and others who had already left before, unexpectedly all went back and returned.

"Huh? Why are the people from Dan Pavilion and Bloodline Holy Land here?"

Seeing the people, the many powerhouses in Xuanzhou, their brows all wrinkled, and their expressions became a little ugly.

The faces of the men in black of the Guixian faction were also hard to look.

"Everyone from the Dawei Dynasty, this place is the land of the Five Kingdoms. It doesn't seem to be the place where you go wild, right?"

As soon as the two old men in the lead came, they coldly shouted at the many powerful men of the Dawei Dynasty, with sharp eyes and displeased expressions.

Chapter 520

"Pavilion Master Xiao Ya, President Dongfang Qing!"

Xiao Zhan and the others had their mouths wide open, and they looked surprised. They didn't understand why Xiao Ya and Dongfang Qing came here? Moreover, who are the two old men? It's too prestigious to scold the powerhouse of the Dawei Dynasty as soon as he came up.

Although they didn't understand why Xiao Ya and the others came here, after seeing this group of people, Xiao Zhan and their expressions all became extremely excited, and they knew that they were saved.

Despite the strength of Xiao Ya and Dongfang Qing, they are only in the midst of him, and they are only half of Wuzong.

However, one of them is the pavilion master of the Dange in the Great Qi Kingdom, and the other is the president of the Bloodline Holy Land in the Great Qi Kingdom. As the two top forces in the mainland, the Dange and the Bloodline Holy Land are more identities than him. The Lingwu King of the Great Qi Kingdom was even more terrifying.

Maybe it can make the people of the Dawei Dynasty be jealous.

"Who are some of them? As soon as they come up, they will scold us the warriors of the mighty dynasty. It is not your turn to intervene in this matter?"

Many powerhouses of Xuanzhou's major forces looked unhappy.

"The old man asked the sky, the deacon of the Dawei Dynasty Bloodline Holy Land, who is responsible for the affairs of the five countries, this is the Deacon Mu Lengfeng of Dange, who is also in charge of the affairs of the five countries in the Dange of the Dawei Dynasty. How can I not interfere?" Some elders sneered at the people in Xuanzhou, and said with a cold expression: "The old man heard that in the five-nation competition, there are powerful dynasties who have intervened, so I have come to have a look. According to the joint regulations signed by the major forces on the mainland, Powerful people should not break the rules at will and use force to intervene in the internal affairs of the power. As powerful dynasties, you are persecuting the disciples of the Five Kingdoms. Isn't that too much?"

Hearing that, the disciples of the Five Kingdoms were all excited. It turned out that these two people were the deacons of the Dawei Dynasty Pill Pavilion and the Holy Land of Bloodlines who were specially responsible for the affairs of the Five Kingdoms. With them, the powerhouses of the Dawei Dynasty probably couldn't go wild.

The disciples of the Five Kingdoms were excited, but the faces of many experts in Xuanzhou were not so good-looking.

Pill Pavilion and Bloodline Holy Land are the top forces in the mainland. Although they are just two small deacons in the Pill Pavilion and Bloodline Holy Land of the Dawei Dynasty, they are not something ordinary people can move, let alone Xuanzhou. Even the imperial family of the Dawei Dynasty would not dare to make mistakes when they saw the Dan Pavilion and the Holy Land of Bloodline.

"Also, my bloodline sacred place and Dan Pavilion, I have interviewed with your senior officials of the Blood Demon Cult. The Blood Demon Cult must not invade the Five Kingdoms by force. Why, is it possible that the promise you made before the Blood Demon Cult is not to be honored? Is it?"

After scolding the Dawei Dynasty, Xiang Wentian looked at the Guixian faction and said coldly.

"What, these guys are from the Blood Demon Cult?"

The many powerhouses in Xuanzhou were all taken aback, and they looked at the Guixian faction where the devil was located.

The Blood Demon Sect, they naturally heard about it, was a very evil sect a thousand years ago. It was extremely powerful and cruel. It tried to control the entire northwestern region. More than a dozen dynasties fell under their control. In the end, At that time, the Northwest Dynasty Alliance was frightened and teamed up to eradicate it, and it disappeared.

Unexpectedly, after a thousand years, this Blood Demon Sect would have come back from the dead and once again appeared on the Northwest Continent.

If it spreads out, I am afraid the entire Northwest Dynasty Alliance will be shaken.

No wonder the geniuses cultivated are so terrible, even their Xuanzhou geniuses are not rivals.

"Hehe, what I promised by the Blood Demon Sect will naturally not fail to fulfill. This time, we are only representing the ghost and immortal faction and participating in the Five Nations Grand Tournament. As for the others, we did nothing. We were just watching the show. Broke the previous agreement."

The old man headed by the Blood Demon Sect spoke gloomily. Today's Blood Demon Sect is different from a thousand years ago, who had just revived, and naturally did not dare to challenge the Pill Pavilion and the Holy Land of Blood.

"It seems that this time, that kid, we can't share a piece of the pie." Looking at Qin Chen coldly, the black-clothed men of the Blood Demon Sect were quite unhappy, but this time the Five Nations Grand Tournament, their blood demon The magic of the teacher won the second place in the Big Competition, and went to the end of the inheritance with Qin Chen, for the Blood Demon Sect, it was already very profitable.

"Just don't do it, I advise you not to play tricks." Xiang Tian asked with a cold snort, and immediately looked at the people of the Dawei Dynasty and said: "What about you?"

Everyone in Xuanzhou, look at me, I look at you, but no one speaks.

In the end, the leader of the Tianheng Academy came out and said with a smile: "It turned out to be Master Xiang Wentian from the Holy Land of Bloodline and Master Mu Lengfeng from Dan Pavilion.

The powerhouse of Tianheng Academy smiled, "The two may have misunderstood. This time, many of our Xuanzhou forces participated in the Five Nations Grand Tournament by chance, but we still care about the mainland regulations. There is no damage. If there is any conflict, it is only a personal grievance. It does not represent a conflict between our two forces. Please rest assured that the two masters."

"As for saying that we oppress the disciples of the five countries, that is even more nonsense. The two masters can look at the appearance of our Xuanzhou Liuxianzong, but we are not bullying the people of the five countries at all, it is clear that the people of the five countries are oppressing. Us!"

"The Five Kingdoms oppress you, what are you kidding?" Xiang Tian asked with a cold snort.

When he is an idiot? As the deacon of the blood sacred land of the Dawei Dynasty, he couldn't be more aware of the strength comparison between Xuanzhou and the five nations. Any one of the top sects in Xuanzhou can easily kill the strongest of the five nations. The people of the country dared to do something against Xuanzhou disciples, it is simply a fantasy.

While humming coldly, he also looked at the high platform of the Great Qi State pointed by the strong of Tianheng Academy.

At this look, both Xiang Tianwen and Mu Lengfeng were taken aback.

On the high platform, a disciple from the Five Nations was stepping on the body of a disciple of Liuxianzong. The appearance of the disciple of Liuxianzong was as miserable as it was.

Moreover, the disciple who was stepped on was somewhat familiar, as if he was still the son of the Liuxianzong, Hua Tiandu, one of the three great arrogances of Xuanzhou.

what is happening?

Both of them were almost messed up in the wind.

Are they dazzled?

They also just received news from the Five Nations, and they hurried over, for fear that the Xuanzhou powerhouse would attack the Five Nations disciples. Who knows what they rushed over to see was such a scene.

"Xiang Tianwen Deacon, this is Qin Chen I have told you."

Dongfang Qinglian said in Xiang Tianwen's ear.

"He is Qin Chen?" Mu Lengfeng was taken aback, and looked at Xiao Ya on the side.

"Yes, Senior Brother Leng Feng, this is the Qin Chen I told you about."

Xiao Ya's expression was also very strange, she didn't understand what had just happened.
