

Valkyrie 5121

[Chapter 5121: Rift Collapse](#)

At this time, Dangmo Shenzun, who was following Qin Chen, was horrified. He looked behind and saw that the place of chaos that had stood for countless thousands of years in the secret realm of the Ruins was now collapsing little by little.

Boom boom boom!

Countless chaotic auras exploded wildly. In that chaotic land, because of the collapse of the void, space vortexes like black holes were formed, swallowing all the visible and invisible existences around them.

A palpitating aura of destruction swayed wildly.

The vibration of the space became more and more intense, even with a faint humming sound, as if attracting people around him to stop him, and then sleep here forever.

Flutter.

I saw countless **** owls flying around in horror from the chaotic land, like headless flies scurrying around. Before that, the **** owls who were able to travel around in the void of the chaotic land and used it as their home are now like a tree falling and scattered, flying around in horror, and some of the **** owls were suddenly swallowed up by the sudden collapse of the space. go in

, disappeared in an instant, and there was no room for resistance.

At this time, the Dang Demon God Venerable had a feeling that if he fell into this collapsed space, even with his own detached cultivation, he would definitely not be able to survive, and he would definitely die. Fang Muling and Linglong Goddess also felt their hearts tremble. They looked at Qin Chen subconsciously, but found that Qin Chen's eyes were indifferent, and his figure was constantly shaking in the void, and the void behind which was constantly collapsing was

It continued to spread, and the speed was so fast that people didn't even have time to react.

The trembling of the "Zui Zhu" void made Fang Muling and Linglong Goddess think they had an illusion, and then they found out that it was not an illusion, but that the space here was really shaking.

At this time, they were like a small boat on the sea under the strong wind and rain, shaking violently, and the power of the surrounding space was like a wave, and it could strike at any time and destroy all of them. However, Qin Chen didn't have any expression. Countless space power surged around him, swept rapidly, and the layers of space quickly dissipated behind him. The swept spatial fluctuations always followed behind them and could not affect him.

They are every bit.

About half a column of incense passed, and with a bang, everyone only felt that their sea of consciousness lightened, and the pressure on their perception by the land of chaos completely dissipated.

Out of chaos.

Fang Muling's heart was light, and he was about to speak, but found that Qin Chen's speed in controlling space did not slow down at all.

"Don't ask more." Seeming to know what Fang Muling was going to say, Qin Chen said in a deep voice, "Look at the land of chaos with your divine sense."

Fang Muling and the others turned their heads one after another, and their faces suddenly turned pale when they saw the changes in the land of chaos. Behind them, the Chaos Land is like a gradually withering morning glory, slowly shrinking, and the speed is getting faster and faster. Originally, there were some strong people outside the Chaos Land who were training and searching for treasures. At this moment was

This shrinking chaotic land was instantly involved.

These powerhouses looked terrified and had no resistance at all. The various attacks and divine lights they displayed hit this annihilated chaotic land like candles in the wind, and they were all extinguished in just an instant. .

Those who can roam in the chaotic land are at least half-step detached powerhouses, but at this moment these powerhouses are like fish swept away by the waves, and they have no resistance at all under the power of this terrifying space. .

boom!

The power of space turned into waves and swept through, and a wave annihilated countless strong men inside, leaving no bones.

Dangmo Shenzun's eyes were horrified, and he said shocked: "The land of chaos is one of the top forbidden places in the secret realm of Guixu, and I don't know how many people are exploring in it. "

Saying that, Dangmo Shenzun looked at Qin Chen: "Little friend Qin Chen, what happened to you inside, just now..."

Before he could finish his words, suddenly there was a violent roar in the sky, Dangmo Shenzun immediately raised his head, and Qin Chen also looked up at the sky, his expression gradually became solemn.

I saw that the void in front of me was constantly fluctuating, not only the place of Chaos, but the void of the entire Guixu Secret Realm was shaking, emitting a violent roar.

"This Ruins Secret Realm is going to be closed."

Dangmo Shenzun said in a deep voice.

"The Secret Realm of Returning Ruins is closed?"

Linglong Goddess said in astonishment: "Senior Dangmo Shenzun, the opening time of the return to the ruins secret realm is one year, and it has only been half a year, how can it be..."

"I don't know either, is it because of this chaotic land, but..." Dangmo Shenzun's words did not fall, and suddenly there was a bang, and the entire Guixu Secret Realm began to vibrate violently, and the

surrounding heaven and earth began to shatter continuously. Open, and in the broken world, there are colorful passages, five

Coloured passages connect the outer spaces.

"No, it's not that the Secret Realm of Returning Ruins is going to be closed, it's that the Secret Realm of Returning Ruins is going to be destroyed."

Dangmo Shenzun was shocked when he saw the changes in the sky. This shattered scene was not at all that the Secret Realm of Guixu was going to be closed, but it was obviously that the Secret Realm of Guixu was going to explode.

But how is this possible?

The Secret Realm of Returning Ruins has a prestigious name in the sea of cosmos. It has existed for hundreds of millions of years. It has never been said that it will be destroyed after the end, but this time...

Dangmo Shenzun suddenly looked at the land of chaos. If he guessed correctly, the reason for the destruction of the secret realm of Guixu was definitely related to the land of chaos.

It's just that at this moment he has no time to think about it.

"Let's go, little friend Qin Chen, miss, let's go out first." Dangmo Shenzun looked shocked, and rose to the sky in an instant, and Qin Chen also took Fang Muling and others to the sky, using his space Accomplishments, can more clearly feel the changes in this world, this return to the ruins secret realm has indeed gone

to the end of destruction.

Not only Qin Chen, but at this time in the secret realm of Returning Ruins, countless powerhouses who have experienced here are also rising into the sky and madly entering the colorful space around them.

With a bang, when everyone frantically entered the colorful passage, a huge explosion occurred in the entire Guixu Secret Realm. The terrifying sound of the explosion sounded, and the original position behind everyone had become nothingness. In the five-color passage, everyone's consciousness carefully stretched out, but they found that the space outside the five-color passage was collapsed and the space was dislocated. If they are outside now, even if they have the ability, they will be torn into pieces. Do not

To speak of a person, even his consciousness was swallowed up by the terrifying explosion outside.

Everyone was secretly shocked, but fortunately they entered the colorful passage in time, otherwise they would surely die here. However, only a part of them can enter here. Not everyone has entered the colorful passage. This time, I don't know how many people died here.

[Chapter 5122: Safe return](#)

At this moment, many powerhouses who entered the multicolored channel have a sense of shock in their hearts.

Fortunately, they escaped in time, otherwise they would surely die in this endless space collapse and storm.

boom boom boom...

In the eyes of everyone's astonishment, the entire return to the ruins secret realm began to collapse a little bit, and the next moment, a strong power of space was transmitted, and everyone had disappeared in the colorful passage.

Return to the secret of the ruins.

floating island. A hurricane-like space storm suddenly rolled up above the originally calm sky. In the next moment, a multicolored light emerged, and countless powerhouses in the secret realm of returning to the ruins appeared one after another, all of which turned into streams of light and fell on the floating island.

.

"We're back?"

"Is it safe?"

Everyone looked around, like a market-like station, and wanted to return to the previous horror space storm, and their hearts were full of horror.

Almost everyone will not come back. Everyone looked around and saw that all the people who had entered the Secret Realm of Returning Ruins before had all appeared on the floating island. However, looking around, the crowd was dense when the Secret Realm of Returning Ruins was first opened, but now there is only one left.

About one-third of the remaining people were not able to come out of the secret realm of returning to the ruins.

That's two-thirds of the masters who came from all over the Sea of Cosmos, and they just fell here. If it spreads out, this is definitely an amazing news, and it will cause some major forces in the Sea of cosmos to shake.

Notice.

Although the Guixu Secret Realm is very dangerous, in the past, the mortality rate was only 50%, but now nearly 70% of the people have fallen all at once, which is already the heaviest loss in the history of the Guixu Secret Realm.

Moreover, this time, the return to the ruins secret realm sent everyone out in less than a year, which was clearly different from the past, and made everyone curious.

"Do you know what happened in the Secret Realm of Returning Ruins?"

"I do not know!"

"I seem to feel an explosion in the direction of Chaos Land, and then..."

"Could it be that someone triggered some changes in the Secret Realm of Returning Ruins?"

For a while, everyone discussed and communicated with each other, but nothing came out of the communication at all.

Because only Qin Chen and the others really knew the truth. As for the remaining people, either they were not in the land of chaos at the time, or they died in the land of chaos, and there was no life at all.

In the crowd, Dangmo Shenzun and Qin Chen also stood here quietly, listening to the discussions of the people around, Dangmo Shenzun couldn't help but secretly glanced at Qin Chen, and there was a storm in their hearts.

It can be said that he is the only person on the scene who knows the few truths.

Although he doesn't know what Qin Chen has experienced in that dead land, he can be sure that the destruction of the secret realm of returning to the ruins is definitely related to the strong man in the dead land deep in the chaotic land.

At that time, there were only two people who were brought into the dead silence, one was Qin Chen, and the other was God Venerable from afar.

Yuandao God Venerable was pinched to death on the spot, but Qin Chen came out alive from the dead place, and then the Chaos Land was destroyed.

This is simply terrifying!

If Qin Chen had nothing to do with the destruction of the Secret Realm of Returning Ruins, Dangmo Shenzun would not believe it at all.

At this time, Dangmo Shenzun looked at Qin Chen's eyes, with shock, awe, admiration, and a trace of fear... He was also a top powerhouse who had crossed the Dangmo Sea for a period of time. A master, but now in front of Qin Chen, who is not even detached, he feels a little pressure.

A trace of invisible pressure.

"This son must not be an enemy of him, and his future achievements will definitely be immeasurable."

Dangmo Shenzun said secretly in his heart.

"Hey, by the way, what about the Lord God of the Far Road? He didn't send it out?"

"That's right, in addition to Lord God Venerable Yuandao, there is also the detachment of the dark clan, which doesn't seem to come out."

At this time, among the crowd on the side, someone seemed to think of something, couldn't help but search around and said in shock.

Because, among so many masters at the scene, they didn't even see Yuandao God Venerable and Heiyu Ancestor Emperor.

How is this possible?

Are these two transcendent powers?

Could it be that they also died inside?

hiss!

As soon as this idea came out, everyone on the field gasped.

It's... terrifying.

You must know that there are so many masters on the scene who have entered the secret realm of the ruins, and most of them are half-step detachment. They risked their lives to practice in the secret realm of the ruins. The purpose is to achieve detachment and detachment from the sea of cosmos.

But now, this time, two detached masters have fallen into the secret realm of Returning Ruins, how can people not be surprised?

"Hey, Dangmo Shenzun actually came out alive?" "Strange, I heard that in the secret realm of Returning Ruins, Yuandao Shenzun and the dark clan detached once surrounded and killed Dangmo Shenzun, seriously injured him, and sent someone to arrest him. Fang Muling, the eldest lady of the Darkness Palace, is now far away from the gods and the dark family

The detachment did not come out alive, but Dangmo Shenzun is still alive? "

"Could it be that the deaths of the gods from afar have something to do with the gods of the demons?"

"Really, the one beside him should be the eldest young lady Fang Muling of Anyou Mansion, right? It is said that Fang Muling is the number one beauty in the Southern Thirteenth Star Region, and she doesn't seem to be very good. ?"

boom!

Before the person's voice fell, a terrifying aura suddenly enveloped the person who spoke, and an astonishing attack came down instantly.

"Sir, forgive me."

The person who opened the mouth looked terrified, and hurriedly made a cry for mercy, but the next moment, with a bang, his whole body exploded on the spot, countless blood and flesh splashed, and instantly turned into blood mist and dissipated in the terrifying energy.

"Whoever dares to criticize me, Miss Anyoufu, don't blame the old man for being rude."

Dangmo Shenzun's eyes were indifferent, and he looked at everyone around him coldly.

The surrounding people stepped back one after another, leaving a large open space, and their expressions were terrified.

That person is also right. The Demon God Venerable is here, and he dares to talk about the eldest lady of the Anyou Mansion. What is this not courting death?

"Miss, Qin Shaoxia, Miss Linglong, let's go." Dangmo Shenzun said with a smile.

Qin Chen nodded, a few people were just about to leave when suddenly, hum...

In the sky, an amazing breath surged, and the next moment, the space where the entire floating island was located suddenly fluctuated.

"No, this floating island will also be destroyed."

Everyone's expressions changed drastically.

"Walk!"

Whoosh whoosh!

Countless powerhouses didn't care about anything else at all, and one by one they rose into the sky and hurriedly swept toward the space cracks outside the floating island.

When the secret realm of returning to the ruins is over, it will normally be actively sent out, how to get here, how to go back, and breaking into the cracks in this space will risk life, but at this moment, everyone can no longer control that much.

boom!

The figures of the statues rushed into the countless space cracks and disappeared in an instant.

Boom! The entire floating island roared and dissipated between heaven and earth. At this point, the entire secret realm of Returning Ruins was completely annihilated.

[Chapter 5123: Wanyinhai](#)

Qin Chen and several people entered the space crack, and a terrifying space force carried them through the void. When they came back to their senses, the four of them had appeared in an extremely cold world.

There are endless dark clouds surging in the sky, and a black aura is transpiring in the surrounding heaven and earth, forming many strange symbols.

"This is... Wan Yinhai, miss, we're back."

Dangmo Shenzun stared around, and after seeing the surrounding environment clearly, he immediately said with joy.

Wanyinhai is located in the 13-star region of Hainan in the universe, close to Anyoufu, on the border of Anyoufu. When you get here, it is almost equivalent to being in the Anhuifu, which is why Dangmo Shenzun is so excited. After going through everything before, he was really worried that if he appeared in other places after coming out, the young lady would continue to encounter danger. After all, after leaving the Secret Realm of Returning Ruins, the news could be passed on. Once the Tuoba family knew about the Secret Realm of Returning Ruins

In the event, they will definitely be sniped.

And although this Wanyin Sea is located on the border of the Anyoufu, the Anyoufu has a great influence on this place.

"Wan Yin Sea?"

Qin Chen looked around, and saw a cold aura surging, which made Qin Chen feel very comfortable.

After all, compared to Yin Qi, what else can be compared with the origin of death in the underworld?

"Here, is your Anyoufu's territory?" Qin Chen asked curiously.

"Wan Yin Hai is located at the border of the Darkness Mansion, of course it is." Fang Muling said with a smile, raising his hand, a jade slip appeared in his hand, and instantly sent it to Qin Chen.

"Here is a detailed map of my Darkness Mansion and some rough maps of other areas in the Southern Thirteenth Star Region, you can take a look."

Fang Muling now also knows that Qin Chen has just arrived in the sea of cosmos, and many things are unclear.

Qin Chen's consciousness swept into the jade slip, and complex maps appeared in Qin Chen's mind instantly. After a while, Qin Chen already knew where he was currently.

boom!

At this time, Dangmo Shenzun raised his hand, and an ancient ship appeared between heaven and earth.

"Miss, Qin Shaoxia, and Miss Linglong, let's leave quickly. Although it is quite safe in Wanyin Hai, we still have to be as careful as possible."

Dangmo Shenzun said, he still had fear in his heart at this time.

"Qin Chen, you saved me this time, my father must really want to see you, let's go." Fang Muling didn't board the ship immediately, but turned to look at Qin Chen with light in his eyes.

Dangmo Shenzun glanced at Fang Muling and then at Qin Chen, his eyes were strange. It was the first time he had seen a young lady invite a man so actively.

Qin Chen smiled, and just as he was about to speak, a loud sound of laughter suddenly rang out.

"Hahaha, big brother, let me just say, there was movement here just now."

"Sure enough, there are people, and there is such a big cosmic ship, oh, this ship is very valuable."

"Big brother, then we made this vote, didn't we send it?" I saw a group of strong men with sharp blades rushed out from the sea of yin. The breath is extremely fierce, and each and everyone looks at Fang Muling who is present.

The eyes of several people and the cosmic ship sacrificed by Dangmo Shenzun were extremely fiery, as if a strong man had seen an exposed woman.

"It's the Yin Hai Bandit!"

Fang Muling frowned.

Yin Hai Bandits refer to some bandits who live in the Wanyin Sea.

The living conditions of Wanyinhai are poor. Almost all of the people who are wandering here are some loose cultivators. They have no resources, and the living conditions are extremely difficult.

"Big brother, there are two women on the other side."

One of the thin bandits saw the Linglong Goddess and Fang Muling in the crowd, and his eyes lit up and said, especially after seeing the appearance of Linglong Goddess, it was even more haunted.

"Shut up!" The burly man in the lead was full of aura of detachment, and slapped the thin bandit on the head, "Our invincible mercenary group will become the number one mercenary group in the universe in the future. How can you be harmed by women's sex, make

Robbery behavior? We don't rob money, remember? "

"Yes, brother, I remember."

The thin man suffered a series of grievances.

The burly man nodded with satisfaction, and then looked at Qin Chen and the others: "Wu those people, hand over the spaceship obediently to keep you alive, otherwise, you will die, did you hear that?"

The leading big man held a big sword and hummed.

"Hmph, rob me and wait, you guys are really bold." Venerable Demon Dang sneered, raised his hand, and a quaint big character appeared on the spaceship "Dark!"

hum!

A terrifying aura swept out from the word "dark", shaking the void.

"This is... the spaceship of the Dark Nether Mansion!"

The eyes of a group of bandits instantly widened.

In their shock, the big hand of Dangmo Shenzun directly suppressed it. Boom, the big hand covered with the cloth turned into a sky-shattering sky that directly enveloped one world and suppressed the four directions.

"It's the detached powerhouse!"

This group of bandits looked extremely frightened, and they were all bound to the void, unable to move at all.

"Elder Mo, let them go!" Fang Muling said suddenly.

Mo Lao was stunned and looked at Fang Muling.

"I waited for a chance to escape before, it is also luck, it is better not to make too many murders." Fang Muling said lightly.

Dangmo Shenzun laughed, and instantly sent the bandits out with a wave of his hand. "Qin Shaoxia, let's go." Dangmo Shenzun said with a smile: "If it weren't for you this time, I and the young lady would be

more fortunate. My Anyoufu will be very grateful, and if Qin Shaoxia needs anything, I will be Anyou. government help,

You can also open your mouth. I am in charge of many territories in the Southern Thirteen Stars Domain, and I will definitely be able to solve problems for Qin Shaoxia. "

Qin Chen's eyes flashed.

Now that he and Xiaoyao Supreme Senior are lost, and want to find each other, it is indeed extremely difficult to rely on themselves in this vast sea of cosmos, but if there is help from Anyoufu, it may be easier to handle.

"This young master really needs the help of Anyoufu. In that case, let's go."

Qin Chen said with a smile.

Immediately, a group of people swept the spaceship, and the spaceship flickered with the power of space and disappeared instantly in the sea of yin.

And when Qin Chen and the others went to the core of the Dark Nether Mansion.

As Dangmo Shenzun expected, when the other experts in the Secret Realm of Returning Ruins safely returned to the sea of cosmos, the news about the Secret Realm of Returning Ruins had already exploded in the entire Southern Thirteen Star Territory.

In particular, the inexplicable destruction of the Secret Realm of Returning Ruins, and the news that the Yuandao God Venerable and the Dark Clan Transcendence teamed up to deal with the Dangmo God Venerable and the daughter of the Anyou Palace Master Fang Muling spread out, which immediately caused a sensation in the entire Southern Thirteen Star Region.

boom! A stone stirred up a thousand waves.

[Chapter 5124: spaceship](#)

After the news of the destruction of Angelica Ruins Secret Realm was spread.

The entire Southern Thirteen Star Territory was shaken, and countless forces were shocked, and the news spread at an alarming speed.

The news of the destruction of the Secret Realm of Returning Ruins is too shocking.

It should be noted that the Secret Realm of Returning Ruins is well-known in the entire cosmos sea. It is rumored that it was left by a certain powerful master in the ancient times, and some of the power of the power was left in it.

This source of power contains top-level spatial attainments, and as long as you get a little bit, you can hope to become a detached powerhouse.

In the sea of cosmos, it is extremely difficult to become a detached powerhouse, especially for some loose cultivators, without sufficient opportunities and resources, it is almost impossible to become detached.

Some top-level geniuses also have some treasures that can be used for cultivation, but for these loose cultivators, if they can accidentally enter the secret realm of returning to the ruins, it is the biggest chance to become a detached powerhouse.

Of course, it is not so easy to enter the secret realm of the ruins, and no one knows when the secret realm of the ruins will be opened, but over the hundreds of millions of years, there have been some strong people who have broken through the realm of detachment.

But now, such a top secret realm has been destroyed. How can everyone not be shocked when such news spreads.

This news was not only passed on among the loose cultivators, but also caused an astonishing sensation among some top-level forces.

Because these top-level forces know more than these scattered cultivators, they know that the secret realm of returning to the ruins is most likely formed after the fall of a high-level powerhouse who controlled the origin of space.

This almighty traversed the cosmos sea back then, not to mention the Southern Thirteen Star Territory, even in the entire cosmos sea.

Over the years, the powerhouses of many forces have all wanted to enter the Secret Realm of Returning Ruins and get the inheritance of that powerful person, but who would have thought that the Secret Realm of Returning Ruins was destroyed.

Could it be that someone got the inheritance of that mighty one?

"Check, be sure to check this out for me."

One after another, orders came out from the major forces, and the huge forces moved.

If returning to the secret realm of the ruins is just because the time limit is up and the energy is exhausted and destroyed by itself, that's all, but if someone gets the inheritance of that almighty, then naturally such treasures cannot be left behind.

So, about what happened in the Secret Realm of Returning Ruins, it has been collected from various channels, and no small piece of news will be left behind.

And the news about Yuandao God Venerable, Dark Clan Transcendence, Sang Demon God Venerable, Qin Chen and others are naturally the most attractive.

"What? The Secret Realm of Returning Ruins was destroyed? My Tuoba family's far-reaching gods were there at the time? But they didn't come out alive?!"

At this time, in front of an ancient starry sky, a middle-aged man exuding a detached breath respectfully saluted the void in the distance, his head was slightly lowered, and his expression was respectful.

In the void ahead, there is a pair of magnificent pupils. These pupils are suspended in the endless starry sky, like two huge nebulae, which contain the movement of all things in the world and can see through everything in the world.

This is a top-level powerhouse, manifesting his own Dharma body, and it is the ancestor of the Tuoba family. "Old Ancestor, Yuandao Shenzun accidentally entered the secret realm of returning to the ruins. At that time, the daughter of the palace master of Anyou Palace and Dangmo Shenzun were also there. Yuandao Shenzun was going to capture the daughter of the palace master of Anyoufu and bring it back to my Tuoba family. At that time, he teamed up with a detachment from the dark family, and he clearly had the upper hand, but he didn't know his life or death and never left the secret realm of Ruins. On the contrary, Dangmo Shenzun walked out alive, and the secret realm of Ruins was destroyed. I suspect that the secret realm of Ruins returns The destruction is not accidental

, it is very likely that someone has completed a certain condition of returning to the secret realm. "The middle-aged man said respectfully.

"Oh? Do you suspect that the people from the Dark Nether Mansion got the inheritance of the Secret Realm of Returning Ruins?" In the huge pupils, a cold light flickered.

"My subordinates are just suspicious, but they don't dare to make rash assertions."

"Go to investigate immediately, make sure to investigate this matter for me." Tuoba Patriarch said in a cold voice.

"Yes."

The middle-aged man turned and left instantly.

"Returning to the secret realm of the ruins, the rumor was left by that one. If there is an inheritance, this seat must get it."

The huge pupils were endlessly cold, and then dissipated with a bang.

Dark Continent.

On the endless continent, the power of darkness is surging. At this time, in an abyss in the dark continent, bang, an astonishing force of darkness soars into the sky, and a terrifying figure slowly rises from the dark abyss. .

It is the ancestor of the dark family.

Before this abyss, a master who also exudes a dark and detached aura trembled and saluted respectfully in front of him.

"Old Ancestor, you finally got out."

Seeing the appearance of the dark ancestor, the man said in surprise, but his expression was also uneasy.

"Hmph, can I get out of the gate?" The dark ancestor snorted coldly: "If I don't come out, the detachment masters of my dark clan are afraid that they will all die. What do you, the patriarch of the dark clan, eat?"

"This..."

The other party knelt down with a thud, looking horrified, "Old Ancestor, this subordinate should be damned, I failed to make the Ancestor trust me, and I also ask the Ancestor to punish."

"Don't talk nonsense, I already know the matter."

The dark ancestor's pupils were cold: "Hei Yu, that kid, he died, and he died in the secret realm of the ruins, it is really strange!" There was a terrifying murderous surging in his pupils: "I was not at the beginning. Let the guy Hei Yu guard outside the initial universe to prevent anyone from escaping in the initial universe? Why did he die in the secret realm of returning to the ruins? Could it be that it was the initial universe?"

Has anyone escaped from the universe? "

The dark ancestor murmured: "This matter must be investigated clearly, the initial universe is the possession of my dark family, and it must not be given to others."

"Ancestor, my subordinates will send someone to do it right away."

The dark patriarch connected.

"No need, this ancestor must go out in person, and there must be no more mistakes."

After the words fell, the dark ancestor stepped out, bang, and the whole person suddenly disappeared into the sky.

at this time.

Qin Chen and the others naturally didn't know what was happening outside. They took the spaceship and quickly went to the center of the headquarters of the Anyoufu.

The speed of the spaceship is extremely fast, and it releases the unique imprint of the Dark Nether Mansion. On the way, no one dares to stop it in the Wanyin Sea where bandits are all over the place.

Just one day later, Qin Chen and the others had already left Wanyin Sea and entered the territory of Anyoufu.

The spaceship flew all the way.

After about three days.

boom! The sky where the spaceship was located suddenly became gloomy, and a terrifying aura shrouded it, covering the spaceship where Qin Chen and the others were.

[Chapter 5125: noncommittal](#)

boom!

The terrifying aura of detachment poured down like a vast ocean, and instantly enveloped the spaceships present.

Whoosh whoosh!

In the spaceship, Qin Chen and others were all startled, and they rose into the sky one by one, and came to the outside of the spaceship in an instant, looking up at the sky with a solemn expression. I saw that above the endless sky, a mighty long river surged forward. This long river was incomparably wide, covering the entire sky. daytime moments

came the night.

The light of the scorching sun was obscured by this long river, as if it had lost its color.

At this time, in the long river, a majestic figure was constantly floating up and down, and it was impossible to see its appearance.

"Beyond the strong."

Qin Chen's pupils shrank slightly.

This person is definitely a master of detachment, and he is also a leader in detachment. At least, the breath that Qin Chen senses from the other party is more terrifying than Dangmo Shenzun and Yuandao Shenzun.

Qin Chen couldn't help but look at Dangmo Shenzun.

Doesn't this mean that you have come to the territory of the Dark Nether Mansion? How can there be obstacles from detached powerhouses?

Could it be...

Sure enough, I saw that the face of Dangmo Shenzun was very calm, and it seemed that he did not get angry or change color because of being blocked.

At this moment, Fang Muling was pleasantly surprised: "Uncle Zheng Kong, why are you here? Did the royal father ask you to come?"

"Hahaha."

In the long river, a loud laugh suddenly sounded, and the next moment, with a bang, a majestic figure walked out directly.

This is an old man. He doesn't look very old. There is a terrifying aura surging all over his body. Wherever he passes, the surrounding void is constantly folded, forming a black hole that no light can penetrate.

"Mu Ling, do you still know that your father cares about you? Do you know that when your father found out about you, he was so angry that he almost overturned the Anyou Mansion."

The old man said with a smile, but looking at Fang Muling, his eyes were full of doting. "Mu Ling won't dare next time... Uncle Kong Kong, you must say good things for me in front of the father." Fang Muling hurriedly said: "And Mu Ling's trip this time is not without gain. Step into the realm of detachment, absolutely

Not a problem. "

"Oh?"

The old man's eyes lit up: "Hahaha, but I will say good things for you. Your uncle Kong Kong can't give you a guarantee. You also know the temper of the palace master. You should go back and talk to him yourself."

When the words fell, the old man turned his head to look at Dangmo Shenzun: "Dangmo, you failed to protect the young lady this time, do you know your guilt?"

boom!

A terrifying detachment aura swept over in an instant and fell on Dangmo Shenzun. On the side, Qin Chen and Linglong Goddess were naturally affected by this aura.

The Linglong Goddess groaned, her face suddenly pale.

Qin Chen's eyes flashed, the aura in his body shook, and the invisible power of space permeated out, instantly blocking this coercion from the body, the clouds were light and the wind was light, and the Linglong Goddess on the side recovered her expression.

"what."

The old man glanced at Qin Chen unexpectedly, his eyes flashing brightly.

"The old slave is guilty."

Aside, Dangmo Shenzun even cupped his hands.

"Uncle Kuang Kong, it's not about Mo Lao, it's Mu Ling's own fault, and if it's not Mo Lao's words, Mu Ling can't come back alive for a long time." Fang Muling hurriedly came to Dang Mo Shen Zun to defend.

The old man glanced at Fang Muling speechlessly, then restrained his breath, and said, "Go back and explain this matter to the Palace Master in person. Now, go back with me."

The words fall.

The old man personally took the lead, tore the void, and flew ahead.

Qin Chen and others followed.

"Qin Chen, this is God Venerable Zheng Kong, the right-hand man of the palace lord, and an old minister of the Anyou Mansion. He followed the palace lord countless times in the past, and had a life-long friendship with the palace lord."

On the way, Dangmo Shenzun secretly explained to Qin Chen.

"Qin Chen, don't worry, Uncle Kong Kong is very good, and my father is also very good. I will definitely like you very much." Fang Muling came to him and said with a smile.

"like me?"

Qin Chen touched his nose.

Why does this sound so weird?

Linglong Goddess on the side, first glanced at Fang Muling, then at Qin Chen, her eyes dimmed slightly.

"Um?"

Ahead, God Venerable Zheng Kong was slightly surprised when he saw Fang Muling and Qin Chen walking so close, and then his eyes became sharp.

"Dangmo, come over here." Venerable Kong Kong said solemnly.

"Yes."

Dangmo Shenzun swayed and came to the front of Zhengkong Shenzun.

In terms of cultivation, in fact, the Dangmo God Venerable at his peak was not much weaker than the Kong Kong God Venerable. It's just that God Zun Kong Kong was an old man in the Anyou Palace, and he had an extraordinary relationship with the Lord of the Palace. Second, when Zun Dangmo was seriously injured, his cultivation base was only a small half of what he was in the past. He was old, weak, sick and disabled. The dark palace master rescued,

So allegiance to the Dark Nether Mansion.

Therefore, in terms of status, Dangmo Shenzun is actually a lot weaker than Zhengkong Shenzun.

"Who is this person?" Venerable Kong Kong glanced at Qin Chen behind him and asked with narrowed eyes. "Master Hui Kongkong, this person's name is Qin Chen, and he is an unparalleled genius that the young lady knew in the secret realm of Returning Ruins. She had been kind to me in the secret realm of returning to the ruins before, and she had also saved the lady, so the lady invited me. He and Linglong Goddess together

Visit my dark palace. "

Demon Dangling answered cautiously.

He knew why God Venerable Zheng Kong would ask such a question. As long as it was a high-level executive of the Dark Nether Mansion, anyone who saw the young lady walking so close to a man would be surprised.

"Oh? He is the one the dark clan wants to hunt down? You and Mu Ling were also besieged and killed by the detachment of the dark clan because of him?" Venerable Kong Kong said coldly.

"Master Kong Kong, do you know?" Dangmo Shenzun was shocked. "Hmph, you still don't know, the things in the secret realm of the return to the ruins have obviously spread throughout the entire Southern Thirteen Star Territory, not to mention the Southern Thirteen Three Star Territory, even if it is outside the Southern Thirteen Star Territory, other areas in the cosmos sea. The place has also been heard, returning to the ruins

The self-destruction of the secret realm is too important. When you return to the Anyoufu, you can explain it to the palace master. "Zheng Kong Shenzun glanced at Dangmo Shenzun: "Mo Lao, Mo Lao, how do you want me to say hello, you are not someone who is ignorant of world affairs, you were also the overlord of Dang Mohai back then, and you went to make peace with an outsider. Another force to fight against is not so good

Dian put the young lady in distress. Fortunately, the young lady didn't have an accident, otherwise you would be blamed for your death. ""Lord Kuang Kong, you don't know the situation, even if I can't wait for the Heiyu Ancestor to take action, the gods from afar will lure the other party in order to capture the young lady. What's more, Qin Shaoxia has extraordinary talent, which is the most outstanding talent that this old man has ever seen. people,

The real genius of the world, if it weren't for Qin Shaoxia this time, we would be even more dangerous. "

Dang Mo Shen Zun looked sincere.

"Unparalleled Heaven's Chosen?" Venerable Kong Kong glanced at Qin Chen indifferently, noncommittal.

[Chapter 5126: Whim](#)

God Venerable Zheng Kong glanced at Qin Chen, and did not fluctuate in the slightest because of God Venerable Dangmo's words.

The arrogance of the world?

He smiled calmly in his heart. As an old official of the Dark Nether Mansion, a real giant, a master of the peak of Samsara's fate, what kind of arrogance has he never seen before?

In places like Anyoufu, there will be an endless stream of Tianjiao powerhouses every year. They are like crucian carp crossing the river, and hundreds of geese compete for the flow, but there are very few who can really reach the end, even if they achieve detachment.

Moreover, even if there are occasionally a few characters who rise from the bottom, the final outcome is nothing more than entering the dark and secluded mansion, becoming a member of their dark secluded mansion, and holding important positions in certain parts.

But compared with the status of Miss, it is simply a world away.

"Miss, it's just a whim, right?"

God Venerable Zhengkong secretly said. However, even though he thought so, he still had to say something. After thinking about it, he looked at Dangmo Shenzun: "Dangmo, you have been with Miss Dang for so many years, and you should also know what the Palace Master expects from the Young Lady. He has no sons

, In the future, it is very likely that the young lady will be in charge of the dark secluded mansion. The future husband of the young lady must be a famous figure in the southern thirteen-star region and even in the universe. Only in this way can she help the young lady to better control the dark secluded mansion. "In the future, if the young lady can become the palace master of the Anyou Palace, you have followed her for so many years, and you know that the young lady is a nostalgic person, your future will be bright, and your children will also become the important ministers of my Anyou Palace in the future.

F

Some things still need you to check, don't slack off, you understand? "

Zun Kong Shenzun looked at Dangmo Shenzun solemnly.

"I..." Dangmo Shenzun, such a character, instantly understood the meaning of Zhengkong Shenzun. This is to blame himself for not taking good control of the people around the young lady. He thought for a moment, then said: "Lord Kuang Kong, I know what you mean, but Qin Shaoxia is not an ordinary genius, this person has a talent that I have never seen before in my life, and he is also an old man. Much admiration,

so..."

"Okay, I don't need to mention anything about the genius of the world." He said lightly: "In this world, I have seen too many things. The so-called genius of the world is the most unusual, and the background is the most important thing for a person. A strong trump card has no background, and no matter how strong the talent is, it is just working for others.

"Dangkong Shenzun glanced at Qin Chen: "Dangmo, I don't have a problem with this kid, but this kid was chased and killed by the dark clan in the secret realm of Returning Ruins, although the dark clan is not weak in the sea of cosmos." , but not a top

Power, it can be seen that there is no big background behind this child. If so, what is the use of his talent no matter how high he is? Just breaking through the realm of detachment can drain him of his lifetime potential. "

"No, Master Kong Kong, Qin Shaoxia..." Dangmo Shenzun wanted to explain. God Venerable Zhengkong raised his hand directly: "Okay, let's not talk about it, and I won't advise you much. If this kid knows his situation and takes the initiative to stay away from the young lady, then it's best, otherwise it's better to wait until the dark secluded mansion. Then the unlucky will only be him

Just myself. "

After the words fell, God Venerable Kong Kong continued to lead the way.

Looking at the back of the God Venerable Zheng Kong, the Venerable Demon Dang smiled bitterly. God Venerable Kong Kong obviously regards Qin Chen as an ordinary genius, and Venerable Dangmo admits that there are indeed many ordinary geniuses in the dark and secluded mansion, but so far, Venerable Dangmo has never seen a half-step transcendence cultivation. to kill super

The arrogance of the strong.

Not to mention that there is no Dark Nether Mansion, he has never heard of the entire Southern Thirteen Star Region.

That is no longer the arrogance, but the evildoer.

"Elder Mo, what did Uncle Kong Kong say to you just now?"

Back at the back, Fang Muling asked curiously. "It's nothing." Dangmo Shenzun smiled, then looked at Qin Chen: "Qin Shaoxia, my young lady rarely has contact with outsiders, she is relatively simple, you have to treat her better in the future, don't let people bully her, don't worry , old slave me

will support you. "

Qin Chen was stunned.

"Elder Mo, what did you say?" Fang Muling's face quickly turned red, like a ripe apple.

"Hahaha, nothing, nothing."

The old man laughed.

The group continued to fly, and under the leadership of God Venerable Zheng Kong, countless voids were folded by him continuously. As an old-fashioned detachment powerhouse, Shenzun Zhengkong naturally has his own unique understanding on the principles of space. In fact, the lifespan of detachment powerhouses is almost endless, and he has jumped out of the shackles of ordinary cosmic power, and can have a lot of time

Put it on top of Taoist perception.

It can be said that every detached powerhouse masters many supernatural powers, which is by no means easy. However, after seeing the Space Dao of the God Venerable Kong Kong, Qin Chen realized how terrible the origin of the space he obtained in the secret realm of Returning Ruins, even if it is the detachment of the peak of the first-level reincarnation and calamity realm like God Venerable Kong Kong. strong

, the mastery of the space one is just a fur, compared to the space origin that oneself obtains.

The territory of the Darkness Palace is extremely vast. Even a detached powerhouse at the peak of the first level would take seven days to arrive. In fact, with the status of the God Venerable Kong Kong in the Darkness Mansion, he could travel through the void unscrupulously, without fear of anyone in the Darkness Mansion. potential

strength and danger, otherwise it would take several times more time to change to a strong one.

After seven days.

Swish!

The figure of God Venerable Zheng Kong flashed, and he instantly appeared on a towering big city with everyone.

The Darkness Mansion is not as simple as a palace, but a huge city suspended in the dark void. It is suspended in the endless dark universe, as big as a star. Outside the Darkness Palace, there are vast arrays of formations, which are the guardian formations of the Darkness Palace. In addition, around the Darkness Palace, there are also terrifying shadowy powers. Power is extremely special, if ordinary people

It's unbearable to touch every inch.

Approaching Anyoufu, feeling the power of darkness around him, Qin Chen couldn't help showing surprise: "Hey, this power of darkness is actually quite similar to the power of An Luotian that I caught in the Nether Star River. ?"

Although the An Luotian stone tablet was obtained from the Nether Star River, it is obviously not from the original universe, but from the universe sea. Could it be that it has some connection with this dark and secluded mansion?

While thinking in his heart, Qin Chen and the others have come to the gate of Anyoufu.

I saw that there were several imposing guards outside the gate of Anyoufu, and they were all at the peak of the supreme cultivation base.

Are the guards already rolling like this? When these imposing guards saw the person coming, they were about to step forward to ask. After seeing the person clearly, their expressions suddenly changed greatly, and they showed surprise, and they knelt down and saluted: "I have seen Lord Kuang Kong, I have seen Miss. , I have seen the old demon."

[Chapter 5127: Li Lao](#)

"Everyone, get up, what are you doing on your knees?"

Before waiting for God Venerable Zhengkong to speak, Fang Muling said with a smile.

"Yes." The group of guards hurriedly stood up and said in surprise, "Miss, you are finally back."

"It's really good, now we can rest assured."

The excitement of several guards was beyond words.

Fang Muling smiled and said, "I've made everyone worry, but how did you recognize me?"

"Isn't this the presence of the old man? Who else can you ask the old man to accompany you besides the eldest lady?" The guards said with a smile.

"Okay, let's guard the door carefully, don't slack off."

At this time, Venerable Zheng Kong gave a few people a light look, and they all stopped smiling and stopped talking, but the joy in their eyes could not be concealed.

Qin Chen glanced at Fang Muling in surprise, never expecting her to be so beloved in this dark and secluded mansion.

"Let's go."

God Venerable Zheng Kong said lightly, and then led Qin Chen and the others into the dark and secluded mansion.

After Qin Chen and the others had all left, the group of guards relaxed completely and said excitedly, "I just said, the eldest lady is lucky, it will be alright."

"Then the Tuoba family and the dark clan still want to attack the eldest young lady. They really don't know whether to live or die. When they meet people from various forces in the coming year, I will have to fight them."

"Just you, I'm afraid you have to practice for tens of thousands of years." The teammate on the side laughed.

"Hmph, it's a big deal to fight them to the death." The man snorted coldly.

"By the way, have you seen the person beside Miss Fang Muling? Could it be that that person is the kid who attracted the dark clan in the secret realm of Returning Ruins? How close to the boy Fang Muling?"

"Hey, when you say that, I also find it strange. Miss Fang Muling has always disliked men approaching, but she is so close to that kid, could it be..."

Several people looked at each other with shock.

At this time, Qin Chen and others had already entered the dark palace.

Entering the city, Qin Chen discovered the hugeness of the entire city, with endless spaces folded and towering magnificently, not just a planet, but an endless world.

The Darkness Palace rules this big city. In the center of the big city, there is a series of continuous palaces, all of which are black. Under the sunlight, there is the Ruo Senluo Palace.

Around this stretch of the palace, there are still pieces of prohibition. Under the leadership of God Venerable Zheng Kong, several people unimpeded and came to the core of the palace in an instant.

"Meet the eldest lady, and see the Lord God Zun Kong Kong!"

Along the way, as long as the people in the palace saw Qin Chen and his party, they all saluted.

Soon, God Venerable Kong Kong brought Qin Chen and Linglong Goddess to a courtyard of the palace.

"Come here." Venerable Zheng Kong said.

The words fell, and suddenly a ghostly figure appeared beside the God Venerable Kuang Kong. It was an old man in black, with gray beard and an old age. It seemed that he had not many years to live.

"Steward Li, take these two to find a place to settle down first, and I will take the young lady and Mo Lao to see the Palace Master." Venerable Kong Kong said lightly.

"Yes, Lord Shen Zun." The old man in black saluted respectfully, his face wrinkled and his body slightly bowed. However, Qin Chen did not despise the old man in the slightest, because he felt a faint feeling from the old man. An extraordinary breath, it seems that there is something

The power is dormant.

detachment!

Is this another detached powerhouse?

Is this dark and secluded mansion so detached?

However, this person feels like a candle in the wind, as if life has come to the last stage, and its origin is weak.

But even so, Qin Chen also had a feeling that once the opponent really broke out and burned the source, he would definitely become a dreaded madman.

Qin Chen smiled slightly: "Old man, what's your name?"

"Don't dare, the old slave's surname is Li, and he is a man in charge of chores in the mansion. The young man can be called the old slave Li." The old man in black said, with a very humble expression on his face.

"Qin Chen, Mr. Li is the housekeeper of my Anyou Mansion. He has been working with the father and emperor. Don't worry, he must have arranged for you properly." Fang Muling smiled at Qin Chen.

"And Sister Linglong, you and Qin Chen will stay in my Anyou Mansion. My Anyou Mansion has a lot of fun places. I'll show you guys when I come back."

Fang Muling was extremely enthusiastic, and finally turned to look at the old man in black: "Mr. Li, Qin Chen is my savior, and sister Linglong is also my good friend, you must not neglect, otherwise I will be angry. "

The turbid eyes of the old man in black looked at Qin Chen in surprise, and said with a smile, "Miss is joking, this old slave will never dare to neglect your friend."

"Hee hee, I also know Mr. Li, you won't." Fang Muling said with a smile.

"Okay, Miss, it's time to see the Palace Master."

God Venerable Zhengkong said lightly.

When the words fell, he immediately turned and left.

"Qin Chen, I'll be right back, wait for me." Fang Muling waved hard at Qin Chen, and hurriedly followed.

"Mr. Li, Qin Shaoxia is the savior of me and the young lady. Please take care of me."

Before leaving, Dangmo Shenzun also said to the old man in black, and only then did he keep up with Fang Muling's pace. In the dark eyes of the black-clothed old man, a glimmer of light flashed again, and that glimmer of light flashed, just caught by Qin Chen. For a moment, Qin Chen seemed to see a sleeping lion wake up in an instant, giving people a sense of a strong

Deterrence.

However, this breath disappeared in an instant, as if it was an illusion.

Qin Chen narrowed his eyes and looked at the old man in black, because he knew that the feeling just now was definitely not an illusion.

"Qin Shaoxia, Miss Linglong, please." The old man in black saluted respectfully and waved his hand forward

"Steward Li." Qin Chen bowed, "It's work."

"You're welcome." Li Guanshi chuckled, "Please come with the old slave."

The old man walked in front, while Qin Chen and Linglong Goddess followed.

Along the way, Manager Li will introduce Qin Chen, where is the Anyoufu here, and who lives in the Anyoufu there.

In the dark and secluded mansion, there are various departments with countless restrictions, and there are also independent caves and blessings, and there are other universes inside, which are incomparable.

Here, outsiders can't walk freely at all. Once they touch the ban, or are caught by the guards in the house, it will be troublesome.

In addition, the powerhouses of the Darkness Mansion, such as God Venerable Zhengkong and Godly Dangmo, also live in this mansion community, including many masters in the Darkness Mansion, and many powerhouses and descendants of the Mansion Master, all of them. Live nearby.

Said to be a mansion, it is actually equivalent to an inner city.

"Huh?" When he walked to a place, Qin Chen suddenly stomped his feet, and he felt a sense of enchantment enveloped him, like a peerless blade that would pierce through him.

[Chapter 5128: Master of the Quartet](#)

An invisible breath enveloped Qin Chen secretly, causing him to frown.

This is the hostile person locking him.

When you first came here, how could you provoke the enemy?

Qin Chen turned his head and looked somewhere. "The old slave has seen the young master of the four sides." At this time, Li Guanshi suddenly bowed to a place and saluted, his eyes turned on Qin Chen's body, revealing a look of surprise, as if shocked that Qin Chen was actually found out so quickly

The direction of breath transmission.

Coincidence?

If it wasn't for a coincidence, then this son's sense of spirit is too keen.

"Big Brother Sifang, what do you think this kid looks like? You can make the eldest miss look at it, but now it seems to be the case. You are far worse than Big Brother Sifang." "That's right, but Li Long, you actually take this guy and Big Brother Sifang Compared to him, that's too much to look at this kid. Big Brother Sifang is a well-known and beautiful man in my dark and secluded mansion. Comparing him with Big Brother Sifang is tarnishing Big Brother Sifang.

Prestige. "

"Haha, this is indeed mine, isn't it?"

A few bursts of laughter came, and a group of arrogant young people quickly flew out from a building complex not far away.

These young people, each with silk and satin, wear gold and silver, and the robes on their bodies are intricately styled, surrounded by rays of light, and auspiciousness is surging. Obviously, they are top treasures.

At first glance, it is a group of playboys.

As soon as the speaker fell, he looked at Qin Chen with disdain, and when he landed on the face of the Linglong Goddess, his eyes were stunned, and he immediately showed a stunning color.

Among this group of people, surrounded by a slender man wearing a golden crown and golden robe.

This man's imposing manner is astonishing. There are golden runes surging between the opening and closing of his eyes, the spirit of a real dragon surging all over his body, and his face with a national character is not angry and arrogant. At first glance, he is the leader of the group. This group of people nodded slightly to Steward Li. Although this person was only the housekeeper of the Anyou mansion, he was an old servant who had followed the Anyou mansion for many years, and the deep secret service of the Anyou mansion master, so this group of people also gave each other a few face off, otherwise

, Ordinary people simply cannot fall into the eyes of this group of people. "Qin Shaoxia, these are the young heroes in my dark and secluded mansion, the father of the young master of the four sides, the gods of the four sides, the brothers who followed the mansion master to conquer the world back then. , several other

They are also the heirs of many powerful leaders of my Dark Nether Mansion. "

Manager Li introduced to Qin Chen.

The Linglong Goddess heard the words secretly, and the Anyoufu was the top force in the Southern Thirteenth Star Territory, and the territory under her command was unlimited.

Even if it's just the son of a commander in the dark secluded mansion, it is definitely not something that ordinary people can provoke in the Southern Thirteen Star Territory.

This group of people came together, and looking at their expressions, they clearly wanted to trouble Qin Chen.

Sure enough, one of them looked at Qin Chen with a look of disdain: "Boy, I heard that you almost killed Miss Mu Ling in the secret realm of Returning Ruins, get out of the dark palace immediately, don't have any wishful thinking. "

"Yes, don't think that if you have some communication with Miss Fang Muling, you will be able to climb the phoenix branch. This dark and secluded mansion is not a place for you to stay."

This group of people is very domineering, no matter what Qin Chen thinks, just one word comes up: Get out!

Goddess Linglong immediately looked at Qin Chen nervously.

Qin Chen didn't care, and said lightly: "Where should I go, where should I not go, it's not your turn to be the master." He came to Anyoufu, not to climb the high branches of Anyoufu, but I came to find a way to find Xiaoyao Supreme. Anyoufu is a famous place in the Southern Thirteenth Star Region. If Xiaoyao Supreme is also in the South Thirteenth Star Region, then here

It is the most convenient to inquire.

How could he just leave because of the provocation of a few people?

"Boy, it seems that you are not eating and drinking fine wine."

The man who spoke before had a gloomy face, showing strong contempt and hatred, and stepped forward step by step, with a terrifying aura surging on his body.

boom!

The astonishing breath soared into the sky, causing the boundless stars to shake, as if they were about to fall down one by one.

This young man's name is Li Long. He is the son of the commander of a galaxy under the Anyoufu. His father is also a master of detachment. Although his family's territory is in another galaxy under the Anyoufu, he is studying in the Anyoufu, and his talent is excellent. is half

The cultivation base of step detachment belongs to a arrogant figure in the dark palace.

In the dark secluded mansion, the younger generation is divided into several factions. He follows the young master of the four sides, and naturally he has to stand for the young master of the four sides.

As the eldest lady of Anyoufu, Fang Muling is the target of countless young heroes in the entire Anyoufu. Of course, people like Li Long dare not pursue, but he knows that the young master of Sifang has been pursuing Fang Muling. Miss.

Therefore, he has been making suggestions for the young masters of the Quartet.

But now, he learned that Miss Fang Muling was very close to a foreign boy, how could he accept this?

Why?

Young Master Sifang has pursued the eldest Miss for so many years, no one in the dark and quiet mansion knows, the eldest Miss is not fake, but now an outsider has heard that he is very close to the eldest lady, how is this possible?

A kid who came out of nowhere, actually wants to pull toads to eat swan meat?

court death! Of course, he just thought about it this way, and naturally did not dare to kill Qin Chen directly in the Anyoufu. After all, the other party was the one brought back by the eldest young lady, so he came up directly to drive him away. As long as Qin Chen left the Anyoufu, when the time came this kid

If you die outside, there will be no impact.

There are so many robbers in the sea of cosmos, what is a dead person?

Unexpectedly, the other party completely ignored their request.

"Boy, you could have retreated completely." Li Long said, and he strode forward, "But you have to humiliate yourself, and you can't blame anyone."

He didn't wait for Qin Chen to answer at all, and he grabbed his hand towards Qin Chen.

boom!

The rolling half-step detachment aura surged, turning into a huge sky hand, directly crushing Qin Chen.

"Young Master Li, please be merciful." A black figure flashed past and blocked in front of Qin Chen, and when Li Long hit him, Li Long's entire palm sank in. .

That was Manager Chen. Although Li Long's entire hand was sunk into his chest, he didn't seem to realize it at all, and his tone didn't change in the slightest.

Qin Chen could see clearly that Steward Chen's chest had turned into an invisible force of rules. Li Long's palm didn't hit the entity at all, and naturally it was impossible to cause any damage.

This old man is absolutely detached!

Li Long frowned and said, "Elder Li, why are you blocking me?" His father was also a detached powerhouse, a star field commander. He should not have been so polite to a housekeeper, but Li is not an ordinary housekeeper. The Lord has been trusted for many years, so Li Long did not dare to be too rude

. Don't say it was him, even if his father came, he wouldn't give orders to Manager Chen.

[Chapter 5129: pick me up](#)

Li Guanshi was expressionless: "Li Shao, Qin Shaoxia is a distinguished guest of my dark and secluded mansion. This old slave has his own responsibility to protect the distinguished guest. Please forgive Li Shao."

It is said to be forgiveness, but his expression is very plain, like a piece of wood without emotion.

Li Long was speechless for a while, the other party moved out the big reason to press him, and he naturally couldn't refute it. "Elder Li's words are bad. I'm just preventing someone with bad intentions from approaching the eldest lady, not against the distinguished guest of Anyoufu, and this person is not a distinguished guest." At this time, another person laughed, holding a put the silver fan,

With a smile, he cupped his hands and said, "I also ask Mr. Li not to interfere."

"I also ask you young masters not to embarrass the old slave." Li Guanshi showed a look of embarrassment.

Of course, it was impossible for everyone to go past Manager Li and attack Qin Chen, so everyone looked at Qin Chen and sneered: "Men do things, dare to do things, and your Excellency let people stand on their behalf, don't you feel ashamed?"

Several people stepped forward, bang, the terrifying aura shot into the sky, aggressive.

Obviously not giving up.

Under the astonishing breath, the Linglong Goddess turned pale.

In terms of talent and cultivation, Goddess Linglong is actually not weaker than most of the people present. However, this place is a dark palace, and so many people are forced to come together, so Goddess Linglong naturally falls above the momentum. Downwind.

The pitiful and petite appearance of the Linglong Goddess attracted the excitement of everyone present.

Li Guanshi glanced at Qin Chen and said solemnly: "Qin Shaoxia, don't worry, you are now a guest of my dark and secluded mansion, and this old slave will not hurt you."

When the words fell, Li Guanshi stepped forward and stood in front of Qin Chen: "Everyone, please retire, otherwise the old slave will not be able to explain to the eldest lady."

"Boy, do you really want to hide behind Mr. Li and be a tortoise for the rest of your life?"

"Yes, with your virtue, how can you make friends with the eldest lady, you must have deceived the eldest lady."

"This girl, you have also seen it. This child is clearly a coward. Why should you follow the other party and be ridiculed. Why don't you wait with me? Isn't it fun?"

A group of people burst out laughing.

Hearing this, Qin Chen looked ugly and said, "What do you all think?"

"what?"

Seeing that Qin Chen dared to speak, everyone was surprised.

"Naturally let you get out of my dark palace." Someone shouted.

"Then what if this young master said no? How can you forcefully attack this young master?"

Qin Chen snorted coldly.

boom!

This suddenly aroused the anger in the hearts of the young masters. This kid seems to be provoking them?

Even Manager Li on the side looked at Qin Chen in surprise.

"Boy, what kind of skill is it to hide behind Mr. Li? If you have the skill, you can come out and fight one-on-one."

"Yes, what's the point of shrinking the head turtle in front of you? If you have the kind, you will come out to fight. If you can pick me up, this young master will admire you. How about it? "

Li Long sneered.

Of course, this is not to release water for Qin Chen, but he is confident that he can inflict heavy damage on Qin Chen with this blow, and even kill Qin Chen.

Afterwards, even if Fang Muling blamed him, he recognized it. Anyway, with his family status, it was a big deal to be scolded and scolded, not to mention that the Young Master Sifang was behind him.

If he really killed Qin Chen, maybe the young master of the four sides would still appreciate him.

"Block you?" Qin Chen said deliberately.

"Yes, it's just a trick, how about it, do you dare?"

Li Long said proudly, arrogant.

"One move..." Qin Chen pondered for a while, and suddenly Li Long and others opened their eyes wide, looking forward to watching, could it be a show?

I saw Qin Chen pondering for a moment, and then changed the wind: "Then... Is there any benefit for me?"

"what?"

Everyone was dumbfounded.

At this time, this kid is still thinking about the benefits?

Li Long was instantly overjoyed and hurriedly said: "Of course, you and I will fight each other, it is a competition, and naturally there will be a lot of luck, so if you win, I will give you a thousand middle-grade Cosmic Crystals, how about it?"

"One thousand middle-grade cosmic crystals, is it too little?" Qin Chen shook his head.

"This is already a lot. The conversion of one thousand middle-grade cosmic crystals into low-grade cosmic crystals is already 100,000." Li Long continued.

Although a thousand middle-grade cosmic crystals is not a large amount, it is not a lot, and it is enough to buy a lot of good things. "Your Excellency is the arrogance of Anyoufu. In case I can't catch it with one punch, I am afraid that this thousand middle-grade cosmic crystals will not even be enough for the soup and medicine. Forget it, forget it, Li Lao, let's go." Qin Chen said to Guan Li, and then continued.

Continue forward.

"do not."

Li Long stopped Qin Chen all of a sudden, he finally got to this point, how could he just forget it?

Absolutely not.

"So, how about I add a magic medicine?"

As he said that, Li Long took out a dark-black, ginseng-like magic medicine. On this magic drug, there were dots of patterns. As soon as this magic drug appeared, a strong medicinal fragrance would dissipate.

"Starry sky black ginseng?" Qin Chen asked in surprise.

Qin Chen bought a lot of jade slips related to the universe sea on the floating island, and now he has some understanding of many treasures in the universe sea. This thing is actually an extremely rare starry sky black ginseng.

"Yes, it is the black ginseng of the starry sky, and it has a million years of medicinal age. It is extremely precious to condense the power of the starry sky when taken directly. If it is refined into an elixir, the effect will be increased by a hundred times." Li Long said proudly: "Pick me up. With one punch, you can get a thousand middle-grade cosmic crystals, plus this million-year-old starry sky black ginseng, how about it? This young master has been so sincere, do you dare? One

Coward? "

Qin Chen deliberately showed anger and said angrily: "Who said I dare not."

"Then pick me up!"

"Okay!" Qin Chen didn't seem to be able to take it anymore, so he agreed. Li Long was overjoyed in his heart, and there was disdain in the depths of his eyes. He was really an idiot. He was provoked into confusion in three or two times. This kind of person is not worthy of his attention at all. I don't know why the eldest lady brought him back. can count

get killed.

Li Guanshi was surprised. Judging from Qin Chen's performance just now, he was clearly a calm and calm person. How could he be so easily provoked?

Something is wrong.

"Okay, I'll just pick you up." Qin Chen extended his voice, "Elder Li, take a look."

"Hmph, against you, one move is enough."

Li Long said proudly, and instantly came to the open space in the distance, and couldn't wait to shout: "Come here quickly, don't waste your time."

"You should leave the things to Elder Li for safekeeping." Qin Chen said.

"Give."

Li Long threw the thing directly to Mr. Li.

This kid is actually afraid that he will default on his debts. After he is beaten to death by himself, he will see where he will spend the money.

"Qin Shaoxia."

After taking the bet, Li Laolian looked at Qin Chen, as if to stop him.

"I also ask Li Lao to help keep this bet. After Ben Shao wins, Li Lao will naturally have a share." Qin Chen's eyes lit up, looking like he was seeing money. Seeing Qin Chen's sworn appearance, Mr. Li was speechless and stopped talking.

[Chapter 5130: Transcendence](#)

"This idiot."

At this time, in the distance, a group of young masters sneered.

Although they don't know Qin Chen's true strength, the life wheel on this child is not strong, and he is obviously a young man. And although Li Long is a bit playful, he is still the son of detachment. The top arrogant of the dark secluded mansion has reached a half-step detachment. Coupled with the secret technique handed down from his ancestors, some veteran masters may not be able to resist with one punch.

As long as the boy is young, how can he be Li Long's opponent?

Therefore, in this round of competition, in their opinion, Li Long is sure to win.

In the crowd, the Goddess Linglong looked at Qin Chen in amazement. She knew very well that Qin Chen's strength was comparable to even a master of detachment. Not to mention blocking a move of Tianjiao, ten of them might not be Qin Shaoxia's opponents.

Qin Shaoxia, this is... ready to be a sinner?

"Boy, don't hurry over here."

At this time, Li Long shouted loudly in the open space not far away.

"Li Long, be careful of the opponent's hidden strength, pretending to be a pig to eat a tiger." At this moment, a voice came into Li Long's ears, it was the young master of the four sides.

He squinted at Qin Chen, the whole process was not as excited as other young people, but his brows were slightly wrinkled, with a hint of doubt.

The young man who can make Miss Fang Muling fancy, will be this kind of person who sees money?

Not quite right.

"You can rest assured, Young Master Sifang. I, Li Long, are not reckless. Just wait and see how I kill this kid." Li Long sneered secretly, confident.

Under the urging of everyone, Qin Chen's figure flickered and he came to the center of the venue.

"Please enlighten me." Qin Chen cupped his hands, bowing first and then soldiers.

"Teach you a big-headed ghost, kid, pick me up."

When Li Long saw Qin Chen come on stage, he roared and couldn't wait to soar into the sky.

boom!

A terrifying half-step detachment aura instantly shot up from his body, like a billowing smoke, shaking the world in an instant.

Boom! There was a thunderous vibration between the heaven and the earth, like a thunder on the ground. I saw Li Long, a real dragon appeared around him, making a roaring sound.

In Li Long's right fist, it condensed into a ball of inextinguishable divine might, which slammed into Qin Chen.

"Dragon Roar Nine Heavens!"

In the roar, the heavens and the earth shook, Li Long was enveloped in endless breath, and the whole person seemed to be transformed into a **** in an instant, high above, and blasted his supreme blow at Qin Chen below.

"It's the secret method of Lord Shenlong Shenzun's secret method, Jiulong Tianxiao!"

"This is a secret method of transcendence? Once it is refined, it can be assembled into nine true dragons, soaring in the sky, unmatched. Now that the three dragons are gathered together, I can't believe that Li Long has already mastered a bit of the essence?"

"It's no wonder that Li Long is so confident and so secretive. Once he uses it, the sky will collapse. Even if the veteran half-step detachment master suffers such an attack, he will not die or be disabled."

"This kid is finished."

When the other young masters around saw Li Long's attack, they all exclaimed in exclamation with ecstasy on their faces.

Li Long, this kid, hides so deeply.

"Ha ha."

In the open space, Li Long laughed loudly. This style of Long Xiao Jiutian was a secret technique he mastered not long ago.

If he can kill the boy in front of him with one punch, then he can become famous in his own small group, and it may not be impossible to become a figure second only to the young master of the four sides, and his status will be unshakable.

Roar!

The real dragon roared, and the terrifying attack came to Qin Chen in an instant, annihilating everything around him.

"not good!"

In the face of such a terrifying blow, Qin Chen's pupils suddenly showed a trace of panic, and his expression became panicked in an instant, and at the same time his figure hurriedly retreated. At this time, Qin Chen looked panicked, as if he had never expected Li Long's attack to be so strong. In the panic, he hurriedly gritted his teeth, and a half-step detachment aura rose from him, converging into a thick streak. shield

Cards, madly blocked in front of him.

Hey, this kid is actually a half-step detachment?

At this time, everyone who saw this scene couldn't help but be stunned.

No wonder Qin Chen has such confidence. However, half-step detachment has some weight in other places, but it is nothing at all in the headquarters of Anyoufu. The geniuses who can come here to study, who have no family background, for them, it is half-step. transcend that

It is a matter of course, and only the detachment of the realm is a hurdle.

The half-step detachment of this Dark Nether Mansion was killed by them, not one or two.

"Hahaha, boy, this young master's Long Xiao Jiutian is also something you can resist, so let this young master die."

boom! Following Li Long's roar, Li Long's right fist slammed **** the shield in front of Qin Chen, only to hear a huge roar resounding through the world, and the shield rune in front of Qin Chen shattered in an instant. Come on, the whole person suddenly becomes a wolf

He flew out awkwardly.

If it weren't for the terrifying formation in this dark and secluded mansion, which made the space extremely solid, this punch alone would be enough to directly blast the surrounding millions of miles of void.

In the process of Qin Chen flying backwards, the Qi of a True Dragon was like a sharp blade cutting through Qin Chen's body, tearing him apart on the spot.

However, on the surface of Qin Chen's body, a series of metallic luster runes surged, forcibly resisting this torrent of true dragon energy.

boom! Under the watchful eyes of the public, Qin Chen's figure flew out thousands of feet before finally stopping. As soon as he stopped, the void behind him shattered directly, his face was pale, and he opened his mouth as if he was about to spit blood, but He pursed his lips, hard

Swallow it alive.

"Young Master Li, accept it."

Qin Chen's face turned white and then blue, and he finally regained his senses, staggering and cupping his hands.

"What? This kid actually blocked it?"

Seeing Qin Chen standing there intact, everyone's faces suddenly became extremely ugly.

How is this possible?

Li Long's punch just now was so powerful that even some of them might not be able to resist it. This kid actually blocked it?

What are you kidding?

And the one with the most ugly face was Li Long, who was embarrassed.

It is body repair.

At this moment, they recalled the surging regular luster of Qin Chen's body, and immediately understood that Qin Chen was still a body cultivator.

Physical cultivation is extremely rare in the sea of cosmos. Because the process of cultivation is extremely painful, most people will cultivate it. Who will endure hardship to cultivate the physical body?

No wonder it was able to resist Li Long's blow.

"Steward Li, let's go."

At this time, Qin Chen staggered to Li Guanshi and said.

Manager Li nodded and was about to take Qin Chen away immediately.

"Wait a minute."

At this moment, a figure flashed and stopped Qin Chen and several others. It was Li Long.
