[Chapter 5131: Can't afford to lose?](#)

"Why, Master Li can't afford to lose?"

Qin Chen's face was pale and his breath was vain. At this time, he was stopped by Li Long, and he suddenly took a deep breath.

"I" Li Long's eyes were fierce. If he let the boy run away at this time, wouldn't he be embarrassed?

However, looking at Manager Li on the side, he resisted the urge to take action and said, "Boy, I didn't expect you to be a body cultivator, why don't we do it again."

No, Li Long must be found in this place, otherwise he will lose his life.

"That won't work."

Qin Chen's color changed immediately, and he shook his head again and again.

"This time, I will give out another 2,000 mid-grade cosmic crystals, plus a star chain stone 1

Li Long shouted.

At the same time, a pile of middle-grade cosmic crystals and a bright spar appeared in his hand.

As soon as this spar appeared, it burst into a bright glow, as if there were stars shining in it.

hiss! Seeing this star chain stone full of bright rays of light, everyone gasped.

The star chain stone is the **** stone in the universe sea. The so-called star chain is to continuously compress an entire galaxy under the tide of the universe sea space. In the end, an entire galaxy is compressed into a **** stone, which contains supreme power. .

Think about it, how powerful and rare is it to condense an entire galaxy into one stone?

Moreover, this thing is formed by the natural space tide of the universe sea, and it contains the space rules and power in the universe sea. It can be called a top-level divine stone treasure.

Such a divine stone can be regarded as a priceless treasure when placed in the outside world. In terms of value, it can be compared with some detached materials.

Now, in order to target this boy in front of him, Li Long actually took out all such treasures?

This is blood ben

"Boy, as long as you can block this young master's move this time, how about this young master handing over this star chain stone to you?"

Such a divine stone is immeasurable in value. It contains the power of the cosmic sea and space, and it is an excellent thing for comprehending the supernatural powers of space. It is used to create divine weapons and is also a top-level material. "

Li Long said frantically, his eyes flushed.

He absolutely can't lose to Qin Chen, otherwise he won't be able to raise his head in Anyoufu in this life.

"This" Qin Chen hesitated.

"I'll add a thousand middle-grade Cosmic Crystals."

Seeing that Qin Chen was about to refuse, Li Long hurriedly roared.

"Well, one move, it's just one move."

Qin Chen said.

"Just one move."

Li Long confirmed, a trace of madness flashed in the depths of his eyes.

Whizzing! Without waiting for Director Li to speak, the two had already come to the open space again.

"let's start."

As soon as Qin Chen came up, he hurriedly activated the 'God Body', and the dazzling runes surrounded him with a nervous look: "Okay, we can only make one move."

Seeing Qin Chen's appearance, everyone shook their heads speechlessly.

This kid is crazy for money.

Li Long seems to be arrogant, but in fact he is not reckless. He is so determined, he must have his self-confidence.

"Roar 1

At this moment, Li Long's body was shaken, and a roar resounded through the heavens and the earth. At this moment, his whole person seemed to have suddenly turned into a real dragon, rising into the sky in an instant.

Moreover, on top of his body, the rolling half-step transcendence power burned, forming a terrifying power of rules, covering all directions.

boom! The entire world began to tremble, forming a terrifying vision.

"The power of the source, this is the power of the true dragon's source in Li Long's burning body."

"Is he crazy?"

At this time, someone saw the clue and could not help but exclaimed.

Li Long's father is the Dragon God Venerable of Anyou Mansion. As the descendant of the Dragon God Venerable, Li Long naturally has the blood of the Dragon Dragon.

And this dragon bloodline is the foundation of Li Long's standing, but now he has directly burned his own dragon bloodline. You must know that such burning bloodline will cause irreversible damage to his own dragon source.

But he did so.

Li Long was completely angry, and he would rather kill Qin Chen with the fate of damaging the source.

"Kid, die for me, Long Xiao Jiutian."

Li Long roared loudly, and performed his previous nirvana stunt against Qin Chen.

This time, the power of his shot was even more powerful. It was several times stronger in an instant. One after another, the real dragons gathered in the world. If there was not the Great Array of Dark Nether Mansion, the entire sky would be blown up on the spot.

After he was blocked by Qin Chen before, this time he put away all contempt and regarded Qin Chen as his real opponent.

For a nobleman like Li Long, face is the most important thing, so he must not lose this time.

Boom, he threw a punch, and countless real dragons roared and soared. Suddenly, the space shattered and continued to spread around, instantly covering the ten thousand zhang area, and it was still expanding.

Seeing this, Qin Chen's face changed greatly. He put his hands across his chest, and bright runes continued to bloom from his body. These runes formed bright rays of light all over Qin Chen's body, blocking the in front of you.

With a bang, a terrifying attack came, and Qin Chen was immediately hit by a bang, and his body was shaken and flew away, like a cannonball.

However, Li Long, Li Guanshi, Sifang Young Master and others showed shock at the same time.

Because Qin Chen was knocked out, but his body was intact! How is this possible?

Many people even shouted hysterically.

Li Long's blow from the origin of the dragon's bloodline has definitely reached the peak level of half-step detachment.

After receiving such a terrible blow, even a master who surpassed the peak by half a step would also be seriously injured. As for Qin Chen, he should be shattered to pieces. How could he be almost unscathed?

With a loud bang, Qin Chen flew upside down tens of thousands of feet, and the void behind him was shattered by the layers of his impact. This time, Qin Chen's face was even paler, as if he was going to die at any time, but he was standing in such a good condition. There, people can't believe their eyes.

Obviously the other party is like a candle in the wind, but it is not extinguished.

"You" "Damn it."

"How exactly is this done?"

Body repair has never heard of such horror, right? "

A group of people opened their mouths wide, in deep shock, and their heads seemed to be insufficient and completely incomprehensible.

Although Qin Chen also took Li Long's move last time, Li Long didn't burn the source. Although he used the detachment technique, his attack power only reached the peak of half-step detachment at best.

But this time, Li Long burned the blood and origin of the dragon, and in terms of power, he has definitely reached the limit of half-step detachment.

It can be said that even some old-fashioned half-step detachment peak powerhouses will be vomited by this bombardment, their bones will be broken and tendons will be broken, and they will fall to the ground.

Although it looked like he was going to die at any moment, he stopped after all.

Simply awesome! "You" Li Long's face was pale and bloodless. He was clearly the one who shot, but at this time, Li Long seemed to have been punched hard, with a look of despair.

[Chapter 5132: i bet with you](#)

At this time, Li Long's expression was extremely ugly, and he was ashen.

All of a sudden, he lost 4,000 middle-grade Cosmic Crystals, plus two top-level materials, and he was considered a loss to his grandmother's house this time.

"Cough, Master Li has agreed."

Qin Chen looked weak, clutching his chest, as if he was about to die at any time, "Li Shaozhu is too strong, it's just a little bit, and this young master is about to fall, alas, it's really only a little short. click."

Qin Chen sighed and said, as if feeling sorry for Li Long.

This made Li Long vomit blood even more.

Obviously you lost, how could you act as if you were the victim.

"Boy, pick me up if you have the ability."

Li Long was hysterical, his eyes were red, and he looked crazy.

He doesn't believe it.

Can't beat this kid by yourself?

"Come again, no, I can't." Qin Chen waved his hands again and again, his expression painful, as if he was going to choke at any time.

"No, if you want to run if you win, how can there be such a good thing."

Li Long walked forward step by step, looking crazy: "This time, I will bet you with my Li family's secret method of detachment."

Li Long said madly, looking mad, like a lost gambler, trying to turn over.

Beyond the secret method?

Immediately, the sound of sucking cold air came from all around, and everyone looked at Li Long in disbelief.

Is Li Long crazy?

The detachment secret method is the most powerful thing in a detachment family. It has been passed down from generation to generation. It is extremely precious. The major forces are treasured in their hands. How can they be easily gambled?

If the Dragon God Venerable knew that Li Long actually gambled with their family's secret method of detachment, his legs would definitely be broken.

But at this time, Li Long, like a drowning man who caught the last straw, how could he be willing to let go?

He knew that only such treasures could attract Qin Chen to take action.

"Secret method of detachment" Qin Chen hesitated, as if he was thinking about the secret method of detachment, but he was afraid that he would not be able to stop it.

"I'll add another 3,000 middle-grade Cosmic Crystals, you guys, lend me a little."

Seeing Qin Chen hesitating, Li Long said frantically to the people around him, at this time he was already red-eyed.

On the side, Goddess Linglong was stunned and looked at Li Long in disbelief.

Is this the level of the dark and quiet mansion?

This idiot, can't he see that Qin Shaoxia has been seducing him, making him gamble even more?

With Qin Chen's strength, even a single blow from a detached master might not make him seriously injured, and when Li Long made two shots, Qin Chen seemed to be about to be bombarded. The other party said that as long as you are a little stronger, you can blow yourself up.

Yin, it's really too cloudy.

"How about it, the detachment secret method plus three thousand middle-grade cosmic crystals, do you dare?"

Li Long was hysterical.

"I" Qin Chen was about to speak, but at this moment, the Young Master Sifang, who had never spoken, suddenly stepped forward and stopped Li Long.

"Li Long, you step back."

The four young masters said solemnly.

"Who stopped me?"

go away 1

Li Long said hysterically without looking at the person who spoke.

His eyes were red, and his expression was already a little crazy.

Snapped! Suddenly, a slap slammed into Li Long's face, blasting him straight out, and fell to the ground ruthlessly, spitting out a mouthful of blood.

"Enough, Li Long, are you not ashamed enough?"

Young Master Quartet shouted, his eyes bursting with cold light.

"Young Master Sifang?"

Only then did Li Long wake up from the madness, and he was so scared that he was sweating all over, "Young Master Sifang, you believe me, this time, I will definitely be able to blast this kid."

Li Long said hurriedly.

Obviously, he thought that Young Master Sifang was disappointed with himself, so he had to continue to prove himself.

"Idiot, can't you see that this son is playing with you?"

The young master from the four sides was impatient, his eyes were cold, and he was like a **** of death.

"kidding me?"

Li Long was startled.

The others were also dumbfounded.

What's the meaning?

"Hmph, this person can take your second punch, that is to say, your first punch can't hurt him at all, but he looked injured before, don't you understand why?"

An idiot who wants to continue to gamble, I can guarantee that you will still lose this third time. "

Young Master Quartet said coldly.

Hearing this, everyone was stunned.

Thinking about it carefully, all of them suddenly shuddered.

indeed.

Li Long's first attack and second attack were more than several times less powerful, but that kid obviously blocked the second attack. Why would he die when facing the first attack? appearance?

This is simply not possible.

Unless the other party is deliberately pretending so.

As soon as this thought came out, everyone was angry.

Well, this guy has been pretending to be a pig and eating a tiger, and playing everyone like a monkey!
One of the most angry is Li Long.

You obviously have such strength, why did you pretend to be like that the first time?

This guy clearly wants to pit his own treasure.

Oh shit.

Not only was he cheated, but he was also cheated twice at once. If it wasn't for the young master of the four sides to block him, even the secret method of transcendence that was passed down from his family would have been cheated out.

"Good, good, good 1

Li Long was so embarrassed that he was so angry that he even said three good words, and he wanted to kill someone with anger in his heart.

He Li Long has lived so much, and he has never been cheated like this before.

"Young Master Sifang, you let me shoot, the third time, I will definitely be able to defeat him."

Li Long growled, unable to accept this fact.

"Shut up, don't you think you're not ashamed enough?"

Young Master Sifang said coldly, pouring a pot of cold water on Li Long.

Afterwards, Young Master Sifang looked at Qin Chen and said coldly, "Your Excellency is really brave, even the people of this Young Master dare to play, do you want to die?"

boom! The young master of the four sides drank coldly, and suddenly an invisible force rose into the sky and suddenly suppressed Qin Chen.

"Hey, it's strange, it's your people who want to gamble with this young master. If you want to blame your people, you have no brains. How can you blame this young master?"

Qin Chen said with a smile, and saw that the original 'weak' expression suddenly disappeared, and his hunched body also stood up straight.

Damn, it's really pretending to be a pig and eating a tiger.

Others around saw Qin Chen's appearance, but they didn't know where they were being played. They were shaking with anger, and their heads were almost smoking.

A group of them have been showing off their power here for a long time, and they still think they are very domineering and arrogant, and the daring clown is actually himself?

It's spread out, how can they have the face to mix in the dark palace?

Not to be ridiculed to death?

so embarrassing

However, after the anger, everyone felt a chill in their hearts.

This son even blocked Li Long's two great tricks, but he was safe and sound. How terrifying is his strength?

hiss.

Thinking of this, everyone gasped.

This guy is not easy.

"Hmph, since that's the case, how about the young master betting with you?"

Young Master Sifang's eyes were cold, like a poisonous snake, and he said in a cold voice.

[Chapter 5133: fight](#)

When this statement came out, everyone present was shocked.

Master Sifang did it himself?

"How about you, dare you?"

The young master from the four directions stepped forward, and he carried his hands on his back. His figure was proud, like a real dragon entrenched, exuding an endless aura of oppression.

At this moment, the young master of the four directions was just standing there, and there was a strong aura that shocked him, as if the king was coming, and the four sides of the world would surrender to him.

The Young Master Sifang is a true Young Master-level figure, one of the top talents in the Dark Nether Mansion. His cultivation has already reached the peak of half-step detachment, and it is said that he is only one step away from the real detachment.

Rumor has it that Young Master Sifang has had the opportunity to enter the detachment realm long ago, but in order to condense and strengthen his origin, he has been staying in this half-step detachment realm, just to be a blockbuster.

Of course, this is just a rumor, but although it is a rumor, it is groundless, and there is a reason for it.

Now, the young master of the four sides wants to go out in person, and immediately makes everyone's heart tremble.

"Young Master Sifang, why do you need to come to fight, I will be enough to wait."

"That is, if you let the young master of the four sides fight in person, I am afraid that I will lose all face."

"Let me meet this kid."

Behind the Sifang Young Master, the group of teenagers stepped forward and said, filled with righteous indignation.

Young Master Sifang is their leader, a big brother-level figure, if Young Master Sifang is allowed to take action, where will they put their face in the future? "You don't have to fight, this son was brought back

by Mu Ling himself, and naturally he has his own uniqueness. Mu Ling and I have been childhood sweethearts since childhood, and we have no guesses. Mu Ling is innocent and ignorant of world affairs. This person wants to be close to Mu Ling. , I am a big

Brother, how can you not check it yourself? It would be my eldest brother's fault if some treacherous and sinister people used some means to get close to her. "

The young master from the four sides said proudly, his posture is really extraordinary, and he has the air of a king. "Boy, do you dare to fight?" The Sifang Young Master then took two steps forward, looking down at Qin Chen, squinting his eyes, with divine light, like a sharp sword slashing the sky, he said coldly: "Or, you Like a loser, take the initiative to admit defeat

, and then get out of here sullenly? "

Such humiliation, the Linglong goddess on the side clenched her fists.

This young master of the four sides is too arrogant.

Between the words, the cloud is light and the wind is light, but it is full of disdain and pride, as if a dragon is looking down at the ants.

At this time, everyone's eyes fell on Qin Chen. Hearing this, Qin Chen laughed, "It's just a group of remote dark and quiet mansion boys, do you think you are some great genius? In fact, the so-called dark quiet mansion Tianjiao, in the eyes of this young man, are nothing but chickens and dogs. generally,

I can't get the slightest interest, but since you want to humiliate yourself, I can do it for you. "

As soon as this statement came out, the whole audience was shocked.

What does this kid say?

A turkey dog?

furious!

Everyone changed their color, one by one became angry.

This kid is so crazy.

Who does he think he is?

There is no one in the conversation, as if standing in a very high place, looking down at the Tianjiao of the entire dark and quiet mansion, aloof.

It was the first time that everyone present had encountered such an arrogant person.

And Qin Chen's domineering words suddenly made the face of the young master of the four sides extremely ugly.

He stepped out one step, and instantly came to the open space not far away, with his hands on his back, looking at Qin Chen with cold eyes, murderous intent surged.

"This young master wants to see, what is your ability to be so arrogant, then come out to fight."

He said coldly!

boom!

The voice fell, and a terrifying aura rose into the sky, like a rainbow, directly rushing into the endless sky, stirring the situation in all directions.

Immediately, countless powerhouses around were alarmed, and one after another terrifying consciousness gathered.

Deep in the dark palace.

At this time, Fang Muling and Dangmo Shenzun, under the leadership of Zhengkong Shenzun, had already seen Palace Master Anyou.

Palace Master Anyou is a middle-aged man with long sleeves and a black cloud robe, like an elegant teacher.

If it is not for knowing the identity of the other party, and a stranger present, it is completely unimaginable that this middle-aged man, who looks like a refined scholar, is actually the palace owner of Anyou Palace.

"Ling'er, you are lucky this time, and nothing happened. If you dare to go out and run around alone in the future, let's see how your father will deal with you." Palace Master Anyou looked at Fang Muling in front of him, and his anger was not at all. . "Father, my daughter is not running around. This time my daughter has harvested it, and she has been deeply comprehended in the secret realm of Guixu, and she has also obtained the Void Divine Mark Fruit. With this Divine Fruit, coupled with the secret cultivation site of my Dark Nether Mansion. , the daughter is confident in the short

Break through the realm of transcendence in time. "

Fang Muling took the hand of Palace Master Anyou: "Don't you hope that your daughter can break through the realm of detachment? Now that her daughter has done it, you are murdering me again, hum."

Palace Master Anyou looked at Fang Muling who was coquettish to him, and was speechless: "I hope you can enter the realm of detachment as soon as possible, but I didn't let you take risks like this. What if something happens?" Fang Muling swayed darkly. Palace Master You pouted his hand and said, "Isn't there nothing wrong with my daughter? Besides, father, my daughter met a young talent in the secret realm of returning to the ruins this time. This person will definitely achieve extraordinary achievements in the future.

We must meet, and if it weren't for him this time, my daughter might be in danger, so you must thank him well. "

Fang Muling looked at Palace Master Anyou, took his hand and said coquettishly.

"Young Yingcai, are you talking about the kid named Qin Chen?"

Palace Master Anyou snorted coldly: "You don't think you know, if it wasn't for this person, you wouldn't be against the Dark Clan."

"That's not necessarily the case. The dark family is obviously not a good person. Even if there is no Qin Chen, they will be seduced by the gods from afar." Fang Muling snorted.

At this time, Dangmo Shenzun also hurriedly said: "Lord Palace Master, what the lady said is good, then Qin Chen is indeed the most talented person he has ever seen, and he has never heard of it before."

"Oh?"

Palace Master Anyou narrowed his eyes, "You said before that it is very likely that this person motivated the chaotic land in the Guixu Secret Realm, which led to the destruction of the Guixu Secret Realm, is that true?"

As soon as Dangmo Shenzun and Fang Muling returned to the Darkness Mansion, they had already briefly explained what happened in the secret realm of returning to the ruins, and together with the information he had inquired, they naturally knew a lot about the situation.

"Yes, Palace Master, not only that, this person..."

God Venerable Dangmo wanted to say something, but before he finished speaking, he heard a bang, and there was a faint sound of vibration in the distance.

"what?"

Everyone turned their heads and looked into the distance.

"This..."

Dangmo Shenzun felt the breath in the distance, and his face suddenly changed.

Palace Master Anyou also saw what happened in the distance at a glance, and his eyes suddenly showed a meaningful color.

"Father, what happened?"

Fang Muling asked curiously.

"That kid you mentioned, it's interesting to have a fight with that kid from Sifang." Palace Master Anyou couldn't help laughing.

[Chapter 5134: Quartet](#)

"What? Qin Chen and Sifang have met him? What is that guy in Sifang doing? Doesn't he know that Qin Chen is my friend? Damn it!"

Fang Muling's face changed suddenly, and she was about to rush out in a hurry, but before she could leave, she was suddenly stopped by a force.

"Father, what are you doing?" Fang Muling said hurriedly.

It was Palace Master Anyou who stopped Fang Muling. But he saw the Anyou Palace Master smiled and said: "Mu Ling, you and Dang Mo both said that this person is a rare genius in my Anyou Palace, why, are you afraid that this person will be bullied by the Sifang? As you say, how can you be afraid of the Quartet?"

challenge? "

"Father, one thing is one thing, Qin Chen's outstanding talent is his business, and this guy from the four sides provoking my friends is another matter, how can they be confused?"

Fang Muling said angrily.

"Hehe, don't worry, since Qin Chen is your friend, being a father will not let him suffer, and with Steward Li following him, are you still afraid that something will happen to him?" Palace Master Anyou said with a smile: " Didn't you say that you wanted to meet him for your father? For your father's dignified palace master, not just anyone can see him. I just took this opportunity to see how powerful my daughter said about the unparalleled genius of the world.

, to make Linger you admire so much. "

"I..." Fang Muling wanted to say something, but Dangmo Shenzun suddenly reminded him: "Miss, the Palace Master wants to observe Qin Shaoxia, with Qin Shaoxia's strength, the four sides want to target him, but that's a move. shoot yourself in the foot

."

Fang Muling snorted coldly, but said nothing.

Palace Master Anyou glanced at Dangmo Shenzun in surprise. He knew the strength of the young masters from the four sides, and he was the best among the younger generation. What ability does this kid have to make Dangmo Shenzun so confident?

Interesting!

Palace Master Anyou opened his eyes and stared curiously at the distant battlefield.

above the open space.

Young Master Sifang shouted at Qin Chen: "Boy, why, don't you dare to come up? If you don't dare to come up, just admit defeat, and then get out of the dark palace."

"Since you insist on courting death, this young master can fulfill you."

Qin Chen smiled lightly and walked slowly towards the open space: "However, shouldn't you and I have some good luck in the battle? Young masters from all directions, wouldn't they be inferior to even one of their subordinates?"

"you..."

Hearing this, Li Long on the side suddenly burst into anger.

"Hahaha, boy, you're really brave, how dare you ask for a lucky head at this time?" The young master of Sifang was almost laughed at by Qin Chen, his eyes were cold and gleaming, and when he raised his hand, a dazzling spar appeared. between heaven and earth.

"This is 10,000 middle-grade Cosmic Crystals. If you have the ability, you can take it."

The four young masters said with a sneer.

As soon as this 10,000 middle-grade cosmic crystal came out, it instantly made everyone change color.

It is worthy of being the young master of the Quartet, and the first shot is 10,000 middle-grade cosmic crystals, which are of extraordinary value.

"Young master from the four sides, just this? That's all."

Qin Chen shook his head.

Everyone looked over in disbelief.

What is this kid talking about? This handwriting? This is 10,000 middle-grade cosmic crystals, not a small number. "The cosmic crystal, this young master doesn't care. As the young master of the four sides, how can you have some top-level materials? In this way, if you take out three treasures that are not weaker than the previous star chain stone, this young master can accompany him. Just play." Qin

Dust lightly said.

Young Master Sifang's pupils burst into cold light: "Boy, you are not afraid of choking yourself, well, this Young Master will fulfill you."

After the words fell, the young master of the four sides raised his hand again, and three materials that exuded the breath of top treasures appeared in the world in an instant.

"The root of life and death, the heart of pulp inflammation, the dark stone... hiss..."

Seeing these three treasures, everyone exclaimed, each of these three treasures is not weaker than the previous starry sky black ginseng and star chain stone.

"Well, so-so, then I will play with you."

Qin Chen glanced at the three treasures at random, and it seemed that he was better than nothing.

"You shoot." Qin Chen said lightly: "Otherwise I'm afraid you won't have a chance later."

"Boy, you are so brave." The four young masters shouted angrily.

He has never been so despised by anyone since he was a child.

"boom!"

A long mace suddenly appeared in the hands of Young Master Sifang. On the long mace, there were carved strips of four-sided wild beasts. At this time, he held the mace in his hand. At this moment, his mace pointed directly at Qin Chen. Swallowing cold mansions.

Accompanied by the sound of "clang-", the young master from the four directions spurted out a mace, as if he was going to turn into a giant mace at this time. Hearing the loud noise of "Boom", in this moment, a vision appeared behind the young master of the four directions. The beast on the long mace seemed to be resurrected, the mace ups and downs, and dominated the ages. In the middle, countless wild beasts vacated, the whole

This world is like being refined by the power of this savage beast into an invincible mace, the mace is so big that it can crush the heavens.

In that instant, Young Master Sifang seemed to have disappeared. His mace spanned between heaven and earth, and the long mace in his hand was also integrated into the supreme mace, forming a huge savage aura.

At this moment, what everyone sees is no longer the young master of the four directions, but a mace, a wild beast transformed by a mace.

This mace is as majestic as a mountain, and it is extremely heavy. It seems that there are thousands of stars, sun and moon fused on this divine mace. Such a mace seems to carry an infinite weight.

The cracking sound of "click" sounded. At this time, the young master of the four sides had not yet started. His immeasurable weight had already crushed the space where he was located. The space was like glass, and countless cracks appeared all at once. Such an immeasurable trump card is lying there, everyone feels in their hearts that their whole body is pressed by millions of stars, they can't move, they have difficulty breathing, and even the sound of "clicking" bone shattering in their ears, as if their whole body of

The bones were crushed by such a heavy mace.

Such a mace stretches across the sky, and this is not aimed at the powerhouses present, but all the powerhouses present are still crushed by such a mace.

"This is... a trump card!"

Someone exclaimed in surprise, and there were not many strong people around taking a breath of air.

Under such a powerful situation, I don't know how many strong people are discolored.

Because under such a powerful situation, everyone can't move at all, and it even seems that if the heavy mace moves a little, it will be crushed into powder by this mace.

"The great master of the Sifang Young Master, this is his true strength." Seeing the great mastery lay there, some strong people couldn't help but exclaimed: "Suppress the Sifang, the world is invincible."

Young Master Sifang, he got such a name because of his trump card. Because of his mace, a mace is immeasurable, so when a mace is crushed, no matter how powerful weapons and enemies are, they will be crushed by such mace, so many strong Under his mace

Can't handle it, not to mention the weight of the whole mace. As a result, the world called him "the young master of the four sides", inheriting the powerful power of his father, the **** of the four sides.

[Chapter 5135: All Shadows](#)

boom! At this time, the young masters of the four sides urged the supreme mace, and the whole person stood tall, really like a god, aloof and exuding supreme divine might.

"Boy, you are indeed very strong, but the so-called "there are people outside people, there are heavens outside the world, you are too arrogant. Today, this young master will suppress you here, let you know that your so-called pride, all the confidence, is nothing but The mirror and the moon can be broken with the snap of a finger."

The young master from the four directions stood up in the heaven and the earth, the supreme divine rainbow bloomed on his body, and the terrifying savage aura surged around him, turned into a supreme divine power, and violently suppressed it towards Qin Chen.

"Open 1

Although Young Master Sifang looked at Qin Chen with extremely indifferent and disdainful eyes, he did not care at all. He only roared as if he had opened a world. slammed down.

roar

The infinite breath shook the whole world.

No one can describe how terrifying this blow is. When this move appeared, the world collapsed. The mace of heaven displayed by the young master of the four sides, like a pillar supporting the heaven and earth, collapsed in an instant.

The Tianzhu was broken, and the sky was like a water curtain being propped up, collapsing in an instant, forming a series of space cracks.

"Unbelievable, too terrifying, is this the strength of the Four Young Masters?"

"This is an attack that a half-step detachment powerhouse can make. This is definitely a detachment level."

"It's unbelievable. Such a blow can literally explode the world. How can a half-step detachment-level warrior resist? I'm afraid only detachment masters can resist it."

"Young Master Sifang, this is Young Master Sifang, the most unparalleled arrogance in my Darkness Palace."

In the crowd, one after another roars resounded frantically, and many young geniuses present showed hysteria and looked crazy.

Such a move was so terrifying that everyone present felt that if he stepped forward, he would not be able to resist this move at all. With one move, he would be crushed to pieces and burst on the spot.

Simply unstoppable.

"This young master of the four sides, it's amazing, he has almost completely integrated the mace of the four gods into his body, such a blow is close to the blow of a detached master, enough to make him half a step. Invincible beyond the realm."

"It seems that I have another unparalleled powerhouse in the Dark Nether Palace. Have you seen it? This young master of the four parties has perfectly integrated his own majesty and detachment power, that is to say, as long as he is willing, he can in a very short period of time, he stepped into the realm of detachment, but he did not do so, but continued to condense his own principles, it seems that he is ready to lay a solid foundation, and it is even more amazing."

"This is to use the Tao of Lord Sifang Shenzun to prove his own way. This son's ambition is not small, and his goal is to surpass Lord Foursquare."

"Hey, if he becomes it, then there will be a second-level detachment master in my Darkness Palace."

In some ancient mansions in the dark and secluded mansion in the distance, a series of spiritual thoughts were also conveyed at this time. These spiritual thoughts contained a terrifying atmosphere, and they were communicating with each other like dormant dragons.

These are some old-fashioned powerhouses in the dark secluded mansion, who are like old antiques. At this time, they were awakened by the fluctuations caused by the young masters of the four sides, and they all gathered their consciousness.

"Young Master Sifang is doing well, kill this bastard."

In the crowd, Li Long roared wildly, not to mention how excited he was, his whole body was trembling, and a pair of eyes wished that Qin Chen's heart was ripped alive.

In his opinion, with such a blow from the young master of the four sides, he is afraid that he will be able to explode the boy in front of him in an instant. No matter how strong his physical cultivation is, he will not escape death.

"Oh?"

The trump card is indeed somewhat capable, no wonder it is so arrogant. "

Above the open space, Qin Chen looked at the picture that looked like a sky collapse, but his expression was extremely calm, as if what fell on the top of his head was not a sky collapse, but a feather.

"Boy, don't be mad."

The Quartet is less active and angry, and the power that falls down is stronger.

The sound of "bang" resounded through the whole world, and the trump card was immeasurable. At the moment when the trump card blasted by the young master of the four directions was about to hit Qin Chen, Qin Chen suddenly moved, he took a step forward, the supreme supernatural power Gathering his right hand, he suddenly punched.

"Destroy 1

Qin Chen's tongue burst into thunder.

boom! With one punch, the world is destroyed.

Qin Chen's punch is not so special, nor does it have such a terrifying vision, but when his punch is completely thrown out, it shakes everything in the world and is enough to blast nine days and ten places. Dao, there was an ear-piercing clicking sound in an instant, as if he had been hit by a huge blow.

Under the horrified eyes of everyone, the huge mace shot by the young master of the four directions, under Qin Chen's punch, was instantly covered with countless cracks.

how can that be?

The mace of the four young masters is unparalleled in the world, but under Qin Chen's punch, he heard the sound of a "bang", followed by countless cracking sounds of "click" It sounded, and the trump card, which was almost as heavy as hundreds of millions of stars, was shattered by a punch.

boom! The trump card was smashed to pieces, terrifying power swept through, suddenly penetrated the void, and slammed into the young master of the four sides. .

The figure of the young master from the four directions was directly blown away in the void. Such a scene instantly stunned everyone present?

What?

Everyone roared wildly, each of them couldn't believe their eyes, with one blow, the young master of the four sides was blasted away?

What a joke.

It's a fantasy! How did the kid do it?

Many people rubbed their eyes desperately, unable to believe what they saw. That detached attack, a mace attack that was enough to blast one side of the world, why was it so fragile and shattered in an instant?

And the most shocking was the young master of the four sides.

boom! His body was shocked, and the boundless Dao Qi spit out and spurted his body to a sudden stop in the void.

"Impossible 1

He stared at Qin Chen with ferocious eyes, and with a roar, the terrifying four-sided mace in his hand slammed towards Qin Chen again.

"The Magic of All Shadows 1

Bang bang bang bang bang in that one thousandth of a moment, the young master from the four directions blasted out tens of thousands of tricks in an instant, and the infinite majestic shadow suddenly turned into a huge wave, directly shaking the surrounding void to smash, setting off a huge wave. space storm.

Boom! The terrifying space storm encased the vast mace waves, which shrouded Qin Chen in an instant, and then slapped down fiercely, as if a tsunami hit, smashing Qin Chen directly below.

[Chapter 5136: throw the pot](#)

"Still struggling? It's ridiculous!"

Facing this monstrous wave of mace, Qin Chen's expression was calm, he let out a long howl, and his body was like a frightening dragon, and he rose into the sky in an instant, and punched again.

"Destroy!"

Under Qin Chen's long howl, Qin Chen's punch slammed out fiercely.

Boom. With this punch, the void was suddenly destroyed, the world collapsed, and a loud "Boom" was heard. I saw that the endless mace was punched by Qin Chen in an instant, and after the loud "Boom" Down, the mace shadows in the sky keep shattering,

It shattered into nothingness in an instant.

Although the power of the young master of the four sides is strong, in front of Qin Chen today, it is not enough to see.

I saw Qin Chen's big hand reaching the sky, and he fell directly towards the Sifang Young Master, trying to suppress the Sifang Young Master here.

"You... impossible."

Young Master Sifang roared hysterically, his eyes were blood-red and scary, he roared, and his figure retreated, and at the same time, the giant mace in his hand slammed down towards Qin Chen again.

The huge square mace turned into a side of heaven, as if it was encased in the power of hundreds of millions of stars, and instantly smashed to the top of Qin Chen's head.

But Qin Chen was fearless, he charged straight up, this vast force continuously impacted Qin Chen's body, but was stubbornly resisted by Qin Chen's body.

bang bang bang!

The terrifying mace slammed on Qin Chen, making a dull roar, but it couldn't bring any harm to Qin Chen.

In the face of this trump card, Qin Chen doesn't even need to urge his strongest space rule, he can resist it with his physical strength.

"Physical repair!"

Seeing that Qin Chen's figure was constantly impacting in the shadow of the sky, everyone present exclaimed.

In the sea of cosmos, the number of strong people who cultivate the body is actually not a small number, but the body can be strong enough to resist the attack of the four young masters like this Qin Chen, but it is very rare, which is rare.

I saw Qin Chen's big hand surrounded by a dazzling rainbow, penetrating the layers of mace, as if cutting through thorns in the waves, and then suddenly slapped on the square mace. Just listening to the loud noise of "Dang", it shocked everyone's ears, and the sound of Jin Ming shook the world. Qin Chen's palm collided with the square mace, and golden rainbow lights bloomed on his palm, like a god. Weapons are ordinary, but they are four generals

The power on the mace was instantly suppressed.

"come over."

At the same time, Qin Chen's big hand wrapped around, and he was going to directly capture the four-sided mace of the four young masters.

"you..."

Young Master Sifang looked shocked and angry. His trump card was a treasure given to him by his father. If he was really taken away by others, how could he still be in the Darkness Mansion in the future? I'm afraid he would become the laughing stock of the entire Darkness Mansion. .

"The power of the four directions, melt into me, the ancient rules, open it to me!"

The young master from the four directions roared, and in an instant, he directly burned the power of the bloodline rules in his body, and he desperately tried his best.

This force was integrated into the square mace, the square mace suddenly trembled wildly, and a terrifying force exploded wildly from the square mace, trying to break free from Qin Chen's capture.

However this time.

Qin Chen sneered.

"You got Fooled."

I saw that Qin Chen's palm that was originally grabbing towards Sifang Mae faltered, and in a turning point, he actually took advantage of it, as if a lightning strike slammed into the chest of the Sifang Young Master.

"you..."

Young Master Sifang never imagined that Qin Chen would do this trick with himself. His expression changed, and a terrifying aura suddenly burst out from his body when he was shocked and angered.

With a bang, a series of terrifying dark runes appeared around the body of the young master of the four sides. These dark runes spun wildly, resisting the invasion of Qin Chen's big hand.

The power of darkness!

At this moment, everyone on the field was gasping for air.

The power of darkness is a kind of power unique to the palace of darkness. It is extremely special and has amazing defensive power. Ordinary people can't refine this dark power at all, but now, the young master of Sifang has not only refined this dark power, but also converted this dark power into an amazing defensive rune. Such a method is worthy of being The top of the dark palace

Unparalleled arrogance.

Once the Young Master Sifang breaks through the transcendence realm, combined with his accomplishments in the power of darkness, by then, Young Master Sifang will be able to rank in the forefront even among the veteran powerhouses of the Darkness Palace.

evildoer!

This was the only thought that popped into the minds of everyone present.

However, when everyone sucked in the cold air, Qin Chen smiled coldly.

"The power of darkness?"

Qin Chen sneered at the corners of his mouth. He could feel the dark power in front of him. It was a special power similar to the power of An Luotian. Although this power is strong, today's young masters of the four sides are only using them poorly. How can they stop it? live by yourself?

His body was shaken, and in the shocking eyes of everyone, a terrifying rainbow bloomed on the fist, and slammed into the black rune that filled the sky.

With a bang, the black runes all over the sky shattered directly in front of everyone's eyes.

"Do not..."

"Kacha!" Qin Chen's fist slammed on the chest of the young master Sifang, only to hear the harsh sound of bone shattering, the young master of the Sifang collapsed directly, and the whole person flew out heavily, vomiting blood, smashed into the ground

, rolled up the sky of dust.

The divine rainbow and breath all over the sky dissipated in an instant.

The scene returned to calm.

All eyes widened.

In the open space, Qin Chen just stood there quietly, with his hands on his back, and in front of him, the young master from the four directions lay there in a state of embarrassment, covered in blood and in a state of embarrassment.

Lost!

The four young masters actually lost.

Smelling the **** smell in the void, at this moment, everyone couldn't help shivering, and some people's teeth were trembling "giggle".

For many people present, being as powerful as the Sifang Young Master is already the goal they have pursued in their lives, and there are even many people who will never be able to become such a strong man as the Sifang Young Master in their entire lives.

However, now as powerful as the young master of the four sides, and not the opponent of the person in front of him, he was beaten to the ground, what a terrifying thing.

"The so-called young master of the four sides, but that's the case, no one can fight!" Qin Chen, in a coat hunting, stood there, shaking his head slightly, looking disappointed.

At this time, the field was silent, like a dead silence. Everyone looked at me and I looked at you, but no one dared to answer.

And that Li Long, his eyes widened, his expression shocked and angry.

"Boy, you must have used some despicable means to win the victory. Yes, it must be like this. What despicable means have you used to sneak up on the young masters of the four sides."

Li Long pointed at Qin Chen and roared.

Qin Chen glanced at him lightly and said with a sneer: "You people from Anyoufu, you can't afford to lose like this? It's amazing that so many people are watching, and they can throw the blame like this!"

Hearing this, everyone's faces turned ugly.

Indeed, when Qin Chen and the young masters of the four sides fought, countless people around them watched, especially some of the masters of the dark and secluded mansion, who were also hidden in the dark, and their divine senses swept over them. If there were any despicable methods, would these masters not see it? Throwing the pot at this time will only make people look down on it even more.

[Chapter 5137: ancient **** of war](#)

At this moment, the young arrogances brought by the young masters from the four directions all had their faces ashen, but they couldn't say a word.

It's a shame, it's a shame.

So many of them came to teach Qin Chen a lesson, but they were defeated here by Qin Chen, and even the young masters of the four sides were lying there in such an embarrassing manner that they lost everyone's face.

In the future, they will inevitably become the targets of ridicule by everyone in the entire Dark Nether Mansion.

"No one can fight." Qin Chen glanced at the crowd and said lightly, his simple words echoing between heaven and earth. At this moment, even if Qin Chen is light and light, even if he does not have the slightest invincible aura, but he is standing there, he is the master of this world, it seems that in front of him, everyone present All

Just ants.

Before that, Qin Chen casually said that he would play with the young master of Sifang. At that time, how many people were angry, how many people were disdainful, and how many people thought that Qin Chen was arrogant and too arrogant.

However, now that Qin Chen made a move, he severely injured the young master of the four sides and seriously injured him, which immediately made everyone horrified.

At this moment, everyone felt that the air was thin and they couldn't breathe. It was as if there was an invisible big hand pinching everyone's neck, making everyone unable to breathe.

At this time, Young Master Sifang slowly stood up from the ground, his eyes were grim, with resentment, and blood was dripping from the corner of his mouth.

"Boy, you and I will fight again."

The young master of the four directions said in a cold voice, his face was ferocious, and there was a terrifying aura that shot into the sky.

"Another battle?" Qin Chen smiled.

"Yes, this young master did not show his full strength before, I have not lost!" The four young masters roared.

"Didn't show all his strength?"

"You do not believe?"

Young Master Sifang's face was ugly: "Just now, Young Master Ben was just being careless. Now, Young Master Ben will fight you again. The war between us is not over yet."

boom!

On the Young Master Sifang, a terrifying detachment aura surged up. One after another terrifying detachment aura slammed into the sky from his body. In an instant, a terrifying vortex was formed in the sky above the Dark Nether Mansion.

The Four Lords.

"The power of detachment? Young Master Sifang is this... to forcibly break through the realm of detachment?"

"It is rumored that the young master from the four directions can break through the realm of detachment long ago, but he has been limiting his own cultivation. Does he want to force a breakthrough now?"

"Yes, as long as the young master of the four sides breaks through the realm of detachment and kills that Qin Chen, isn't it easy?"

"It's natural, but in my lifetime, I can actually see someone break through the realm of detachment. It's too rare, don't miss it."

Many of the powerhouses present widened their eyes and roared hysterically in their hearts.

detachment.

It represents the transcendence of the shackles of the cosmic sea and achieves the real top-level existence.

Although there are not only a few detachment masters in Anyoufu, many genius ancestors present are actually detachment masters, but even Li Long and others have never seen anyone directly break through the detachment realm.

After all, it's so rare.

But now, Young Master Sifang broke through the realm of detachment directly in front of everyone, and this scene immediately made everyone excited.

If they can see the whole process of the Sifang Young Master breaking through the detachment, it will also be of great benefit for them to enter the detachment realm.

Everyone's eyes widened, not wanting to miss the slightest bit.

"what!"

At this moment, the young master from the four directions roared furiously, his blood vessels surging all over his body, and endless power surged towards his body.

"Breakthrough detachment?"

On the opposite side, Qin Chen also narrowed his eyes and stared at the young master Sifang.

To be honest, even if the young master of the four sides really breaks through the realm of detachment, he is sure to crush the other party. The key is the process of the other party's breakthrough, which is also of great help to Qin Chen.

After all, he has never seen a breakthrough by a master of detachment.

"Since Your Excellency wants to make a breakthrough, then Master Ben will wait here. However, in Young Master Ben's point of view, you are a breakthrough, and you are by no means an opponent of Young Master Ben. You are a master of detachment. ."

Qin Chen said lightly, carrying his hands on his back, as if he didn't even see the Young Master Sifang who was trying to break through.

"you....."

This made Sifang Young Master even more annoyed, his face flushed, his mood fluctuated, and he couldn't restrain himself.

And Li Long and others were also stunned, not knowing whether to say Qin Chen was confident or arrogant.

"Hmph, Your Excellency is too arrogant."

At this moment, a cold humming sound suddenly sounded.

Boom!

The next moment, an astonishing breath surged, and a figure suddenly appeared from above the endless sky. As soon as this figure appeared, boundless clouds surged, forming a terrifying storm.

"Young Master Sifang, stop."

As soon as this figure appeared, it quickly came to the top of Sifang Young Master's head, and suddenly pressed the palm of his hand against Sifang Young Master.

hum!

The terrifying power of detachment surged, shrouded the young master of the four directions in an instant, and forcibly suppressed the surging blood in his body.

"The ancient **** of war."

"It's the ancient **** of war, Lord of the Ancients."

Many experts exclaimed.

The person who came is a detached master of the Darkness Mansion - Gu Zhan!

This person has an irresistible relationship with Sifang's father, Sifang God Venerable, and is as close as a brother.

"Uncle Gu Zhan!"

The blood energy in the main body of Sifang Shao subsided instantly, and he looked at the coming person excitedly.

"Sifang, you deliberately suppress your cultivation, how can you force a breakthrough here because of your loyalty." The ancient **** of war looked at the young master of Sifang with reproach, with concern in his eyes: "You know, if you force a breakthrough here, you once Everything you put in will be in vain.

, you will not be able to enter the realm of detachment for the rest of your life, do you think it is worthwhile to fight for a moment of loyalty? "

The ancient **** of war shook his head.

"I....."

The four young masters looked ashamed.

I was frightened for a while.

Indeed, he just had his blood on his head. Although he has suppressed the cultivation base for many years, it is not so easy to break through the detachment realm. Don't look at his majesty before, but in the hasty situation just now, the possibility of him breaking through the detachment realm is estimated to be less than 20%.

.

Even now, his origin has been damaged.

"Thank you, Uncle Gu Zhan, for reminding me."

The four young masters said in shock.

"It's good if you can recognize the problem." The ancient **** of war nodded: "Man, you are not afraid of failure, but you must not lose your mind because of failure."

After speaking, the ancient **** of war turned his head and looked at Qin Chen coldly.

"Boy, you are an outsider, who gave you the courage to run wild in my dark and secluded mansion."

The ancient **** of war said, and a sharp look suddenly burst out from the pupils, and a big hand rushed towards Qin Chen.

Boom! A huge palm floated in the sky, like the hand of a god, and it came under pressure.

[Chapter 5138: beyond words](#)

Boom.

At this moment, a terrifying aura suddenly surged out between the heavens and the earth, and a vast palm appeared in the heaven and earth, as if the gods had stretched out his palm, and grabbed the Qin Chen in front of him.

The shocking detachment aura shot into the sky in an instant, forming a rolling tsunami that swept the world and drowned.

And the ancient **** of war who shot the shot looked at Qin Chen indifferently, as if he was looking at an ant and wanted to suppress him severely.

He does have such confidence.

As the detachment of the Dark Nether Palace, the ancient **** of war has amazing magical powers and has experienced countless battles. Although Qin Chen's talent is amazing, how can he care about the other party?

In the eyes of the ancient **** of war, whether it is Qin Chen or the young master of the four sides, they are just a junior.

"Oh my god! The Lord of War God has taken action. Is this going to stand for the young master of the four sides?"

"Hey, Lord Ancient War God made a move, this kid is completely finished."

"With the strength of the ancient **** of war, under one move, no matter how talented this son is, he will not escape death."

At this time, everyone on the field yelled wildly, their eyes rounded and hysterical.

In particular, Li Long and the others were trembling with excitement.

Although the young master of the four sides has amazing magical powers, he can be called a half-step detachment invincible, and even attacks can achieve detachment, but he is not a real detachment after all, and he is far from a detachment master like the ancient **** of war.

The ancient **** of war is the real detachment powerhouse. With a cultivation base that reaches the sky, with one move, as long as he is a master of detachment, no one can stop him.

Under the watchful eyes of the public, the attack of the ancient **** of war came to Qin Chen in an instant.

When Li Guanshi saw this, his face changed drastically. He paused and hurried forward, obviously trying to block it.

at this time.

Deep in the dark palace.

Seeing that the ancient **** of war actually made a move on Qin Chen, Fang Muling's face changed suddenly.

"This ancient **** of war is too much." Fang Muling said angrily.

As a master of detachment, do you want to face a junior like Qin Chen?

"Father... why don't you hurry up and stop him." Fang Muling looked at Palace Master Anyou and said anxiously.

"Ling'er, don't worry, being a father won't let your friend have any trouble." Palace Master Anyou didn't care, but said with a smile.

Fang Muling wanted to say something, but was stopped by the Dangmo Shenzun.

"Miss, the palace lord has his own measure. Moreover, with the strength of the ancient **** of war, he may not be able to hurt Qin Shaoxia. The reason why the palace lord did not stop him should also have his purpose." Mu Ling.

Fang Muling was stunned for a moment, then came over suddenly, and his expression returned to calm.

Seeing Fang Muling and Dangmo Shenzun's calm appearances, Palace Master Anyou, who wanted to say something, suddenly became curious, his eyes flashed, and he moved towards a voice transmission somewhere on the battlefield. On the battlefield, Manager Li was already approaching Qin Chen. Just as he was about to block, Manager Li's ears moved suddenly, as if he heard some sound transmission, his expression was startled, and then the steps he had stepped out suddenly stopped.

Come on, converge in an instant.

Boom! The palm of the ancient **** of war has already arrived. This palm is extremely huge, black as ink, and boundless, like the palm of a god, staining the surrounding space into a black, majestic, like the Tianhe rewinding, sweeping everyone

They are forced to retreat again and again, which is simply an indescribable stalwart.

Faced with such a powerful blow from the Ancient War God Venerable, Qin Chen's face did not show the slightest shock, but a hint of mockery was drawn from the corner of his mouth.

"Is the dignified Anyoufu just bullying the small like this? Beating the small and bringing the old is really disappointing for this young master."

The words fell, Qin Chen's expression remained unchanged, he stepped out abruptly, and an invisible source of power suddenly erupted from his body.

boom! This source of power appeared, the sky and the earth changed color, Qin Chen's body erupted with a rolling breath, and he had the appearance of swallowing mountains and rivers. The infinite source power instantly gathered around him, and finally gathered in his right hand.

The moment the attack fell, a punch was thrown.

Boom! Qin Chen's fist collided with the attack of the ancient **** of war in an instant, detonating a shocking roar, and unimaginable stalwart power swept away. With a bang, the boundless breath boiled, and the whole void was like a riot in the sea of stars.

An extremely strong divine light, accompanied by a huge roar, blasted in all directions.

"No, go back."

"Is this kid crazy? He dares to confront the ancient God of War head-on, I really don't know whether to live or die."

"If he defended with all his strength, there might be a possibility of surviving, but he did not retreat, but advanced. Who does he think he is? Can he compete with the Lord of War God? It's dead, and this child is dead this time."

In the terrifying shock, everyone retreated frantically and roared.

In their eyes, Qin Chen is simply an idiot who doesn't know how to live or die, and doing so is simply courting death.

"not good."

Li Guanshi, who was on the side, also exclaimed. He never imagined that Qin Chen would not evade and force the shot.

Isn't this courting death?

Under Li's anxiety, his figure instantly rushed into the shock, but the next moment, his expression froze.

The boundless impact quickly dissipated, and I saw a figure standing there like a mountain in the vast impact, suppressing the eternity.

It was Qin Chen.

At this moment, Qin Chen, with a sturdy body, was unscathed by the fist of the ancient **** of war, and his whole person was as tall and straight as a sword.

His figure flutters, like a sharp sword soaring into the sky, standing proudly in the world, giving people a feeling of invincibility.

There was nothing at all.

This...

how can that be possible?

All the powerhouses who saw this scene had their mouths wide open. They could just stuff an ostrich egg, and their eyes were about to burst.

Am I dazzled?

Many people rubbed their eyes frantically.

A half-step detachment martial artist, faced with a blow from a master like the ancient **** of war, was able to stay unscathed and stand still.

Just like a dream.

Even the young master from the four sides was horrified and unbelievable.

"The dignified and dark palace master is detached, but that's all."

Qin Chen said disdainfully.

"Boy, you annoyed me."

boom!

The ancient **** of war looked angry, and his body rushed out of endless fighting intent in an instant, and the fighting intent rolled, straight to the sky, stirring up the wind and clouds in all directions.

bang.

He took a step forward and shot Qin Chen again. With one punch, the stars rolled back, and the void shook directly, forming a terrifying storm.

At this moment, he was obviously really angry, and with one punch, the power doubled.

"stop."

At this moment, Li Guanshi finally moved, came to Qin Chen in an instant, and received the punch from the ancient **** of war.

boom!

The boundless power dissipated, causing the surrounding people to retreat again, their faces pale and horrified.

"Steward Li, do you want to stop me?"

When the ancient **** of war saw who was blocking him, his face suddenly sank.

"Ancient War God Venerable, enough is enough. As a master of detachment, it is a bit unreasonable to take two shots against a junior." Manager Li said in a deep voice, not afraid at all.

[Chapter 5139: come to fight](#)

"Isn't it justified? Hmph, this son insulted my Anyoufu. The reason why I took action was not only for the sake of the Quartet, but also for the prestige of my Anyoufu. Is this also wrong?"

The ancient **** of war said in a cold voice, and could not help but take a step forward.

boom!

There was a terrifying aura on him, and he rose into the sky.

"Insulting you Anyoufu?" Qin Chen smiled: "So the prestige of Anyoufu is obtained by bullying the small? Great, great!"

Li Guanshi's face also sank, and said, "No matter what, you are my dark and secluded mansion, how can you start with a junior and spread it out, what kind of decency."

"younger generation?"

The ancient **** of war sneered: "Steward Li, this son's origin is unknown, who knows if he has any relationship with some other noble families, or if there is any conspiracy. What's more, he is so vicious to the young masters of the four sides, this seat does this, only it's just to fulfill the duty of investigation."

As the ancient **** of war said, he moved forward step by step, murderous intent surging all over his body.

"Steward Li, get out of the way, don't worry, this seat will capture him, just to check his identity, if he has no problem, this seat will naturally let him go, and it will never make it difficult for you."

The ancient **** of war is aggressive and murderous.

"To poison the young master of the four sides? Hahaha, do you still have the face to say?"

At this moment, Qin Chen suddenly spoke, he took a step forward, looked around, and said with a cold sneer: "Before I didn't come to Anyoufu, this young master still had some expectations for Anyoufu, after all Youfu is known as one of the top forces in the Southern Thirteen Stars Region."

"But after arriving, I was too disappointed with this young master."

Qin Chen's eyes were sharp, like a burst of sword energy: "This young master was invited by your Anyoufu Fang Muling to be a guest in Anyoufu, but what about your Anyoufu? How did you treat this young master?"

Qin Chen sneered and looked at Li Long and the others: "First of all, these so-called Dark Nether Mansion Tianjiao directly blocked and asked Ben Shao to get out of this place. That's fine. If Ben Shao doesn't leave, they will use force to drive him away. Young Master, is this how your Anyou Mansion treats guests like this?"

"Seeing that this young master is reluctant to leave, these so-called Tianjiao are going to do something with this young master, and they also call it a discussion. It's ridiculous, is there such a way to learn? When this young master thinks of the friendship of Miss Fang Muling, it is after being humiliated by this, I also keep in mind the measure of the shot, whether it is Li Long or the young master of the four sides, this young master did not kill them, but just drove them back, but what about them?"

Qin Chen sneered: "I beat the young, and the old is here. What kind of ancient **** of war has given this young master the name of a spy. Is this how Dangtang Anyoufu treats guests?"

"boom!"

Speaking of this, Qin Chen's body instantly burst into a terrifying aura, which directly shook the void in all directions.

He looked at the ancient **** of war coldly, with a tall and straight body, and said proudly: "Today, this young master is standing here, if there is anyone in your dark and secluded mansion who refuses to

accept it, just come up, and this young master will all take over, I care about your detachment. Not detached, today the Japanese are fighting with all their strength.”

"Come."

"Come to fight!"

Qin Chen roared, his fighting intent soared to the sky, and the terrifying fighting intent was like a wolf smoke, towering up into the sky, shaking the world.

This...

Hearing what Qin Chen said, the faces of everyone present were hard to look at.

Each one looked ashamed.

Indeed, as long as anyone who understands this battle, naturally knows the cause and effect, and understands why the young master of the four sides would conflict with Qin Chen.

What spies and what kind of investigations are just a cover. The real reason is that Qin Chen is the man brought back by Miss Fang Muling, and the young master Sifang does not allow anyone to approach Fang Muling.

To be honest, it is normal for men to be jealous of each other, until the Young Master Sifang takes action, there is nothing wrong with it.

For the sake of a woman, a man is angry with the crown for a beauty, is it still rare?

But as soon as the ancient **** of war made his move, the nature of the matter changed.

The ancient **** of war is a detached master, a strong senior, but he is aggressive and has been targeting Qin Chen, and there is already a problem with his identity.

If such a thing spreads out, their Dark Nether Mansion will definitely become the laughing stock of many forces in the Southern Thirteenth Star Region in the future.

really.

The complexion of the ancient **** of war changed.

This son, this is to nail him to the pillar of shame.

"Boy, don't talk nonsense." The ancient **** of war shouted angrily and stepped forward, a terrifying detachment aura suddenly burst out from his body, and suppressed Qin Chen severely.

boom!

The terrifying aura of detachment was like a vast ocean, suppressing Qin Chen in an instant, like ten thousand mountains, pressing down on him, to crush Qin Chen like this.

However, Qin Chen's figure was immobile, like a rock in the starry sky, standing here, motionless like a mountain.

"Gu Zhan, stop."

Li Guanshi flickered, and hurriedly stopped in front of Qin Chen. Boom, his thin body seemed to contain infinite power, and he immediately resisted the detachment of the ancient **** of war.

"Steward Li, it's none of your business here, you get out of the way." The ancient **** of war shouted angrily: "Otherwise, don't blame me for being rude."

After he finished speaking, he waved his big hand and was about to swept towards Li Guanshi. At the moment when the ancient God of War made his move, Li Guanshi's turbid pupils suddenly flashed a gleam of light, and his skinny body was about to explode in an instant. Get up.

And right now.

"Gu Zhan, step back."

A cold drink resounded in the endless sky, from somewhere in the depths of the Darkness Mansion.

"It's the Palace Master."

"The Palace Master has spoken."

The expressions of everyone present changed greatly, and they hurriedly saluted the void in the distance.

"Lord Palace Master."

Gu Zhan's face also changed, and he hurriedly opened his mouth to explain, but was interrupted directly: "Gu Zhan, don't say anything, this son is a friend brought back by Mu Ling, and a guest of my Anyoufu. , Are you doing this to make my Anyoufu despise the entire Southern Thirteenth Star Region?"

"Lord Palace Master, I..."

"Okay, don't say it, you step back, I don't want to see this kind of thing happen again. You are the detachment of my dark and secluded mansion, and your words and deeds represent the image of my dark secluded mansion. How can this be so? Bullying the younger generation? When it spreads out, I thought I didn't understand etiquette in Anyoufu."

The voice came with a hint of cold anger.

"Yes!"

Gu Zhan's face changed a bit, but in the end, he still didn't dare to refute, he could only respectfully salute, but there was a trace of resentment and anger flashing in the depths of his pupils.

"Qin Xiaoyou, this is because my Anyou Mansion was not well entertained, and I also invited Haihan."

At this time, the voice of Palace Master Anyou came again, "Old Li, you bring Qin Xiaoyou to see me."

"Yes, Lord Palace Master."

Li Guanshi immediately saluted.

And this voice disappeared in an instant.

"Qin Shaoxia, please."

Manager Li hurriedly made a gesture of invitation to Qin Chen.

Qin Chen bowed his hands to Guanshi Li, walked forward, and the two of them gradually disappeared from everyone's sight.

[Chapter 5140: double detachment](#)

Looking at the back of Qin Chen's departure, the expressions of everyone present changed.

Originally, Qin Chen was just a friend brought back by Miss Fang Muling, but now, the Palace Master wants to see this person in person. What does this mean?

"This kid... hum." A stern look flashed in the pupils of the ancient **** of war.

"Master Gu Zhan." The young master Sifang came to the ancient War God Venerable in embarrassment. He was about to say something, but was interrupted by the Ancient War God Venerable: "Sifang, don't say more, come with me."

When the words fell, he took the young masters of the four sides and disappeared here in an instant, leaving only Li Long and other Tianjiao to look at each other.

Qin Chen and Linglong Goddess moved forward under the leadership of Li Guanshi.

This time, no one dared to stop them.

"Qin Shaoxia, it was the old slave who failed to protect Qin Shaoxia before, so the ancient **** of war made a move on Qin Shaoxia, and also invited Qin Shaoxia Haihan."

On the way, Mr. Li explained in a low voice.

"It's not Mr. Li's fault for this." Qin Chen smiled: "Elder Li doesn't have to worry about it."

When the ancient War God Venerable started to do it before, Qin Chen keenly felt an astonishing aura erupted in Li Guanshi's body. This aura was very subtle, but it was extremely amazing. Obviously, this old Li was definitely a master.

It is enough that the other party can stand up. Qin Chen doesn't expect the other party to fight for how to fight the ancient **** of war.

"Qin Shaoxia, this matter, the old slave will report back to the palace master in detail, and Qin Shaoxia will never be wronged in the slightest." Manager Li said softly.

Qin Chen shook his head, "No, you can do whatever you want." "Qin Shaoxia, don't be careless, the father of the Sifang Young Master, the Sifang God Venerable, is a few top powerhouses in my Anyou Palace who are second only to the Palace Master. That ancient **** of war is also a master of the first level of transcendence, although you are also a genius,

But after all, it is only a half-step detachment." Manager Li said again.

"It's just detachment, why should I be afraid of it? No matter how strong the opponent is, is it still stronger than a rational word? Besides..."

Qin Chen looked at Manager Li with a smile, "Isn't there a support from Manager Li?"

He doesn't know what kind of cultivation base Li Guanshi is, but he has another intuition that the opponent's strength must not be weaker than Ancient War God Venerable.

Manager Li didn't expect Qin Chen to answer like this, so he couldn't help but be stunned.

This guy is interesting, and he doesn't have the arrogant pride of other Tianjiao.

If it was replaced by people like Li Long, he would definitely be stubborn to say that he had to rely on his own efforts to resolve it, but if he really made such a choice, he would only be asking for trouble.

This son, in the face of the ancient **** of war, is neither humble nor arrogant, and not afraid at all. The previous fighting intent was definitely not pretending, but he really dared to fight the opponent.

But when facing himself, he was so humble that he couldn't tell that he was a genius who could survive the attack of the detached powerhouse, and he didn't have that kind of arrogance and domineering at all.

This boy is extraordinary!

It was the first time that Manager Li had such a sense of a young man. He was different from all the young geniuses of their dark palace masters, and had an inexplicable bearing.

With a broad mind, it can accommodate the sea of stars.

This person, I don't know which force cultivated the top genius?

"Don't worry, Qin Shaoxia, since you have said so, the old slave will not stand by and watch." Li Guanshi smiled, and he made a gesture of continuing to move forward: "Qin Shaoxia, Fairy Linglong, please."

"Mr. Li, please."

Under the leadership of Li Guanshi, Qin Chen and Linglong Goddess swept all the way to the magnificent palace in the deepest part of the Anyoufu.

The Darkness Palace is extremely huge, and Qin Chen's eyesight can't see the edge at a glance. There are countless spaces in it, and if you want to turn around, none of them is impossible for ten days and a half months.

What's more, in the palace where Palace Master Anyou lives, there are many restrictions, and there are many mazes, and it is definitely not easy for ordinary people to pass through.

Under the leadership of Li Guanshi, Qin Chen and others soon came to a large hall in the depths of the Darkness Mansion.

There are several people in the hall, the leader is extraordinary, elegant and warm, and looks extraordinary at a glance, and the void around him seems to form a unique world, independent of the world.

Under this person's head, Fang Muling and Dangmo Shenzun stood there respectfully, Kongkong Shenzun stood aside, and Fang Muling stood beside this person.

"Qin Chen."

Seeing Qin Chen, Fang Muling shouted excitedly, and quickly came to Qin Chen in a few steps: "Are you alright just now?"

"What can I do?"

Qin Chen smiled. Seeing that Qin Chen was not injured, Fang Muling breathed a sigh of relief, "Hmph, that kid from Sifang is too much, he dares to do something to you, and the ancient **** of war, don't you know that you are the one I brought here? ? if you got anything out

I will never let them go. "

A cold light flashed in Fang Muling's pupils.

Then she said to Qin Chen, "Qin Chen, this is my father."

"Qin has met the Palace Master." Qin Chen cupped his hands at the Palace Master Anyou and saluted slightly.

"Hahaha, Qin Shaoxia really is a hero out of a boy, no ceremony, no ceremony." Palace Master Anyou has been staring at Qin Chen since he entered the hall, with a pair of pupils, as if he can see through everything, when he sees Qin Chen salute , suddenly laughed, raised his hand, an invisible force lingered, and with a bang,

He held Qin Chen's hands up.

"Um?"

Qin Chen's heart moved, this force was thick and deep, motionless like a mountain, and when it moved, it was like a tsunami in the abyss.

"Is this the double detachment?"

Qin Chen was stunned in his heart.

Although the Anyou Palace Master has not released his own power, he has a feeling that the Anyou Palace Master is so strong that it seems that with one punch, the Anyou Palace world can be directly blasted, destroying the world and destroying the world. , is not difficult.

However, although the strength of the other party is strong, the aura seems to be much weaker than the Nether Emperor he has seen, and it is not on the same level.

Could it be that the Nether Emperor is a master of detachment from the Three Heavens?

Qin Chen pondered in his heart, and Palace Master Anyou was even more surprised. Because as soon as he held it, he immediately felt that Qin Chen's body contained an amazing power, and his power lingered. Although he held the other party up, if the other party wanted to forcibly refuse, I'm afraid that in an instant, in the body At once

It can burst into and out of the volcano-like force.

This boy is extraordinary! "Hahaha, Qin Shaoxia really has extraordinary strength. I heard from the little girl before that Qin Shaoxia can fight with detachment in the secret realm of Guixu, and once saved the

little girl, this manor was a little unbelievable before, but now I see it, and I know the extraordinary cultivation of the young hero. ,afraid

He is the most unparalleled genius in my universe. "

Palace Master Anyou exclaimed, his eyes lit up, and he seemed to be very satisfied with Qin Chen.

"Palace Master is joking, the universe is vast and boundless, and it's just a fluke to have some achievements. If you say that it is the most unparalleled in the world, that is to kill the younger generation." Qin Chen said lightly, his expression neither humble nor arrogant.
