### [Chapter 5141: carp into dragon](#)

"Hahaha, Qin Shaoxia, you're joking, I've seen too many half-step detachment masters in this world, but there are few people in the world who can rival the detachment powerhouse like you, Qin Shaoxia. , say I'm not arguing

The angry daughter can be regarded as the top arrogance of my Anyoufu. She is only stronger than that kid from Sifang, but compared with Qin Shaoxia, I am afraid that it is one heaven and one underground.  
"

Palace Master Anyou shook his head and smiled.

"Father, did you say that to your daughter?" Fang Muling pouted.

"Hahaha, why, my precious daughter is unhappy?" Palace Master Anyou smiled, like a genial father, and he couldn't see any hegemonic temperament at all.

Qin Chen smiled: "Ms. Fang Muling's talent is unparalleled, and the younger generation also admires it."

"Did your father hear that, Qin Chen said he admires me, huh, it's not like you, it only hits me." Fang Muling hummed, with a smile on her face, she was very happy to be praised by Qin Chen.

"Tsk tsk."

Palace Master Anyou smiled and shook his head. His attitude really looked like a father who spoiled his daughter. The God Venerable Zheng Kong, who was watching, was secretly amazed.

He seldom saw Palace Master Anyou relax so much.

"By the way, Qin Shaoxia, Ling'er said that you came to my Anyou Mansion for something, I don't know why?" After chatting a few more words, the Anyou Mansion Master suddenly wondered.

Qin Chen turned serious, "It's like this, a friend and I got lost in the sea of cosmos. I heard that Anyoufu is the top force in the Southern Thirteenth Star Region. I wanted to be famous, so I came here to find it.  
"

"Oh? Friends?" Palace Master Anyou thought for a while, "It's simple, you can hand over your friend's information to Mo Lao, and I will immediately arrange for the Anyou guards of my Anyou Palace to inquire, others dare not Said, as long as your friend is in my dark and secluded mansion, this mansion will take care of you

Find your friend. "

"Then many thanks to the Palace Master." Qin Chen even handed over.

There is the Anyou Palace Master who takes action, as long as the Supreme Supreme Xiaoyao is near this Anyou Palace, he should be found. "It's a lot of work, why bother, right, I heard Ling'er and the others say, Qin Shaoxia, you seem to be from outside the Southern Thirteen Three-Star Territory, I don't know which force you are from?" Palace Master Anyou smiled casually: "This Palace Master is actually very curious,

What kind of force can cultivate a genius like Qin Shaoxia. "

Qin Chen froze in his heart.

The original universe in which you are located can never be said.

He glanced at Fang Muling and Dangmo Shenzun.

When he was in the secret realm of returning to the ruins before, Hei Yuzu had revealed his identity, but he said it was rather obscure, but if Fang Muling and Dangmo Shenzun heard it, it would not be difficult to guess something.

Of course, it's just speculation at best.

The initial cosmos is of great importance, which is enough to trigger the coveting of many forces in the cosmos sea, so Qin Chen naturally dare not expose it at will.

With a calm face, he said with a smile: "The Palace Master is wrong. The younger generation is only from an unknown small force. I am afraid that the Palace Master has never heard of it, so I won't say it to shame." "Haha, Qin Shaoxia is this. What kind of words can cultivate a force like Qin Shaoxia, how can it be a small force." Palace Master Anyou smiled, but he was very straightforward, "However, Qin Shaoxia doesn't want to say it, this seat doesn't force it, only

It's me who looks at the young hero, you have reached the peak of half-step detachment, and you are only one step away from the real detachment. Thinking about it, you are also worried about breaking through detachment! "

Palace Master Anyou smiled and said, "It just so happens that this manor has been breaking through detachment for a long time, and he has a lot of insights into the realm of detachment. As someone who has come here, this manor can give some pointers to your little friend."

"Is this... too abrupt?"

Qin Chen was startled.

This dark and secluded mansion mainly instructs himself to break through detachment?

This seems too abrupt.

After all, the realm of detachment is by no means simple, and it is too late for ordinary forces to hide and tuck them away. How could it be so easy to teach them?

Moreover, Palace Master Anyou is the legendary double detachment. How can ordinary people accept his instructions at will?

"Hahaha, it's not abrupt, you are Ling'er's friend, and you have rescued Ling'er. You are the benefactor of my Anyou Mansion. There is nothing to repay from this mansion, but it's okay to teach a little friend."

Seeing what Qin Chen had to say, Palace Master Anyou waved his hand and interrupted Qin Chen's words at will: "Okay, Qin Shaoxia doesn't need to say more, look good, take the call."

The voice fell, and Palace Master Anyou suddenly pressed towards Qin Chen with a palm.

Boom!

This palm was pressed out, and the void in the entire hall seemed to change from day to night in an instant, and a pure detachment aura quickly filled the hall.

"Ling'er, you should also look carefully."

Palace Master Anyou said, his palms changed, Qin Chen only felt that between heaven and earth, as if a dark light was born, just like the morning sun rising into the sky, illuminating the light, making this vast world instantly filled with light. vitality. "The so-called detachment is the existence that is truly detached from the cosmic sea. If the cosmic sea is compared to a vast ocean, then detachment is the transformation from a fish into a dragon, and a carp into a dragon, which can be independent of the sea. Survive,

Not limited by the sea. "

"So, if you want to achieve detachment, the most important thing is how to surpass the rules of the universe and truly jump out of this world."

The voice of Palace Master Anyou resounded in the hall.

boom! In front of Qin Chen's eyes, he could see the power of darkness surging. This power of darkness was originally merged with the universe, but under the deduction of the palace lord, the power of darkness was The force is like a scorching sun from the sea level

The face jumped up, a little bit of detachment from the world and out of the ocean.

The whole process was extremely clear, and Qin Chen was the first to see that someone had put the principle of detachment in front of him in such an easy-to-understand manner.

sea.

Scorching sun!

Jump up!

boom!

In Qin Chen's mind, he seemed to see the opening of heaven and earth, and saw the scorching sun escape from the sea and the real process of turning a carp into a dragon.

Of course, what he saw at the moment did not necessarily mean he truly grasped it.

It's like, you watch a blacksmith build a weapon from start to finish in front of you, but it's not something you can really understand. The difference is between 1 and 10,000. difference.

However, as long as you understand this process, it is equivalent to going from zero to one, and this process is the most difficult.

boom!

When Qin Chen's mind was stirring, the big hand of Palace Master Anyou had already come to Qin Chen.

"Qin Shaoxia, just by watching, you can't feel the real operation of the power of detachment. You can feel the real operation of the power of detachment by taking a move from this mansion."

boom!

With a palm, it instantly appeared in front of Qin Chen.

Like a raging wave!

Like a storm!

If this palm hit Qin Chen, as strong as Qin Chen, he would definitely be injured.

At the critical moment, Qin Chen changed color and slapped his palm.

boom! Qin Chen's palm collided with Palace Master Anyou's detachment power.

#### [Chapter 5142: dark place](#)

In the hall, Qin Chen's palm collided with the palm of the palace master Anyou, and in an instant, an astonishing breath burst out in the hall.

Boom!

The terrifying power of detachment burst out in an instant.

"This power is so strong!"

Qin Chen's body trembled. At this moment, he truly felt the transcendent power of Palace Master Anyou, which was more than a little bit stronger than that of a distant \*\*\*\* and Ancestral Emperor Heiyu.

Although it is said that the power displayed by the Dark Nether Palace Master does not exceed the first level of detachment, it is only equivalent to the most primitive detachment. However, it is also the most primitive first-level detachment power, the power of Palace Master Anyou, but far surpasses that of Yuandao God, Heiyu Ancestor, Dangmo God, and the previous ancient War God, reaching a kind of return to nature. Effect

.

For example, the same piece of crystal, other people's, is ruby, obsidian, and the dark palace lord, it is diamond, the hardness is not the same.

Under the shocking roar, the rolling power of detachment slammed into Qin Chen's body in an instant.

Like a wave, like a tsunami, it surged wildly.

"It's good to come."

In the hall, Qin Chen did not evade, but abruptly resisted this force with his fleshly body to understand its origin.

"This kid... is too arrogant? How dare you take the attack of the Palace Master so hard?"

aside.

Seeing Qin Chen facing the attack of Palace Master Anyou, his figure did not move at all, and he did not evade.

This is so special, it's too big!

However, the next moment, his expression changed.

Boom boom boom!

At this time, Qin Chen, like a rock in the waves, resisted the attack of the dark secluded palace lord forcibly.

Qin Chen just stood there, letting the power of detachment from Palace Master Anyou hit him, but his figure remained motionless, as solid as a rock, and never moved at all.

"Hahaha, the young hero is really powerful, and he can stand still under the attack of the government."

A hint of surprise flashed in the pupils of Palace Master Anyou. It should be noted that now, he has already displayed 10% of the power of a normal first-level detachment powerhouse, but Qin Chen has not moved at all.

No wonder it can withstand the move of the ancient \*\*\*\* of war.

"Since that's the case, then the young hero will take a closer look at it and be optimistic."

A ray of light flashed in the depths of Palace Master Anyou's eyes, and the next moment, an astonishing aura emerged from his body again.

boom!

It was as if a dark, dark sun rose up from the body of the dark palace lord, shining in all directions.

"Qin Shaoxia, this is the power of darkness that is unique to my Darkness Mansion. You can comprehend it carefully, it will be of great benefit to your cultivation."

Palace Master Anyou laughed loudly.

His body shot out countless dark lights, illuminating the sky and the earth, and slammed into Qin Chen's body in an instant.

"Father, he is too rude, right?" Fang Muling suddenly changed color.

The light of darkness is the unique power of her dark and secluded mansion, and it is also the foundation for the dark secluded mansion to gain a foothold in the Southern Thirteen Star Territory. Such divine power can easily be unstoppable even by ordinary detached powerhouses. Qin Chen, he can Block it?

On the side, the Linglong Goddess also changed color. Palace Master Anyou is indeed a top expert in the Southern Thirteenth Star Region, but the breath emanating at random is so terrifying.

"Miss, don't worry, the Palace Master will have a sense of proportion."

Dangmo Shenzun looked at Fang Muling who was worried and said with relief. Then, he looked up at Palace Master Anyou, and a trace of worry passed away quietly in the depths of his eyes.

Boom boom boom!

The rolling dark power keeps coming.

Qin Chen did not urge the space origin in his body, but used his own power to resist this power. The power of various magical powers circulated in his body and continued to evolve.

One percent.

Twenty percent.

Thirty percent!

In the end, Palace Master Dark Nether raised the power of detachment to 60%.

boom!

Qin Chen couldn't bear it anymore, and his figure retreated violently.

"Many thanks to the Palace Master for the suggestion."

Qin Chen fell to the ground and bowed his hands in salute with joy on his face.

It has to be said that the power of the Dark Nether Palace Master has helped him a lot, and it has given him a new understanding of the power of transcendence.

In fact, if Qin Chen is willing to release all the power in his body, he can hold on for a longer time, but Qin Chen still retains a bit of caution and does not display the origin of space and the origin of death.

"Young Xia is really powerful. He can actually block 60% of the power of detachment at the first level of this house. If the power of 60% of the detachment in this house is released to the outside world, not all ordinary powerhouses of the first stage of detachment can resist."

Palace Master Anyou looked at Qin Chen with full of admiration.

"Lord Palace Master is wrong."

Qin Chen said humbly, his mind was still immersed in the previous insights, and it lingered for a long time. "I seem to have a lot of insights from watching the young heroes. In this way, Steward Li, Dang Mo, you two take the young heroes and Ling'er down to rest. Tomorrow, Ling'er will go to the dark place in my dark and secluded mansion to retreat. Qin Shaoxia will go with you too.

."

Palace Master Anyou smiled.

"what?"

Hearing this, the God Venerable Kong Kong and the God Venerable Dang Mo couldn't help but change color.

Take Qin Chen to the dark place?

The mansion master is too generous, right?

Is this the forbidden area of their dark palace? Linglong Goddess also sucked in a breath of air. She was born in a famous family and naturally heard of the dark place. This place is a forbidden place in the dark palace. It is extremely special and possesses the rumored power of darkness. South Thirteen

Star Territory has such achievements, precisely because of the dark power of this dark land.

For the Darkness Mansion, the Darkness is their fundamental place, how could they be willing to let an outsider enter?

unless...

The Linglong Goddess couldn't help but glance at Qin Chen and Fang Muling.

Could it be that Palace Master Anyou really wants Qin Chen to be the son-in-law of Anyou Palace?

"Steward Li, Dangmo, take them down to rest first, and the Linglong Goddess, her master Linglong Godzun also has several connections with this mansion, you can take her to go shopping in my dark and secluded mansion, and do your best to the landlord. friendship."

Palace Master Darkness smiled.

"Many thanks, Palace Master Anyou." Goddess Linglong hurriedly saluted.

Palace Master Anyou waved his hand, Qin Chen and others bowed their hands one after another and left the hall.

As soon as Qin Chen and the others left, Venerable Kong Kong hurried forward and said: "Palace Master, it seems inappropriate to let Qin Chen enter the dark place?"

The dark place, but the root of his dark place.

"There's nothing wrong with it."

Palace Master Anyou looked faintly at the outside of the hall: "This son is indeed extraordinary. Not only is his talent amazing, but behind him, there must be strong people to nurture him, which is worthy of my Anyou Palace's investment."

"Nurtured by the strong?" God Zun Kong Kong was stunned and couldn't help frowning: "I heard from Dangmo and the others before that this son was chased and killed by the people of the dark family in the secret realm of Guixu. It was said that this Qin Chen came from a certain initial universe.

Earth, how could there be any strong ones? "The initial universe is a universe that has not singled out the reincarnation of the universe. In front of a force like Anyoufu, it is a piece of tempting meat, and there can be no strong people at all.

#### [Chapter 5143: Analysis of the mansion](#)

Speaking of this, a stern look flashed in the eyes of God Venerable Kong Kong.

He said solemnly: "Palace Master, if that kid really comes from a certain initial universe, doesn't it mean that as long as the initial universe is found, it is very likely that there will be an extra universe reincarnation person in my dark and secluded residence?"

"Furthermore, according to what Venerable Dangmo said, the destruction of the Guixu Secret Realm is most likely related to that kid. According to rumors, the Guixu Secret Realm may be the dojo that fell from the ancient times!" "For hundreds of millions of years, countless people have entered People who return to the secret realm of the ruins all want to get that person's inheritance. If that person's inheritance is now on this young man, as long as he kills him, wouldn't it mean that we have obtained that person's inheritance.

bear? "

The more and more the God Venerable Zheng Kong said, the more excited he became, his eyes flickering fiercely.

"Lord Palace Master, it's not as good as us..."

God Venerable Zhengkong raised his palm, a cold light flashed in his eyes, and immediately made a cross-cutting meaning.

"What do you mean? Let this house kill that kid and take away his inheritance and chance?"

Palace Master Anyou glanced at God Venerable Zheng Kong lightly.

"Palace Master is wise, think about it, now the young lady is about to enter the realm of detachment, but if she can devour the origin of a primordial universe, she can become a reincarnation of the universe, and the future of the young lady will be limitless." "In addition, if she That kid really has the inheritance of the secret realm of returning to the ruins. As long as the palace lord, you can get it, you may be able to break through the second level of myriad gods and enter the third level of detachment. At that time, the entire southern thirteen-star region will be controlled by my dark and secluded palace.

Domination, and even the tentacles of my dark palace, will extend to the entire universe sea..."

Speaking of this, God Venerable Kong Kong's face flushed.

To unify the Southern Thirteen Stars, just thinking about it makes people excited.

"Well, you have a good idea, and your brain is indeed bright." Palace Master Anyou glanced at him and nodded in appreciation. "Hehe, Palace Master, my subordinates have been with you for so many years, how can there not be any progress... The place to start, choose the dark place, which is the forbidden place of my dark place, as long as he goes in, it's not fish meat on chopping board

, let the Palace Master handle you..."

"Dispose of you big bastard!"

Before God Venerable Zheng Kong could finish speaking, Palace Master Anyou suddenly slapped him on the head with a bang, and God Venerable Zheng Kong was struck with a slap in the face.

He looked at Palace Master Anyou in disbelief, and said with a confused expression: "Master Palace Master, you... what are you... doing?"

He was stunned.

You said it so well, why does the Palace Master beat yourself so much?

"You idiot, really stupid."

Palace Master Anyou glanced coldly at God Venerable Zheng Kong, "Do you think you are very smart?"

"I..." "Hmph, you are right, if this child does come from a certain initial universe and has the inheritance of the land of return to the ruins, as long as he is killed, we are very likely to get an initial universe and shocking world. Inheritance, in the future my dark and secluded mansion,

It is very likely to become the top force in the Southern Thirteen Star Territory, and even in the entire cosmos sea, it has a splendid name. "

Palace Master Anyou looked at God Venerable Zheng Kong with a cold face: "But everything you said is based on the premise that we successfully capture that kid and get all the treasures on him, then I ask you, if I fail to wait. Woolen cloth?"

"fail?"

God Venerable Zheng Kong was startled.

"How can it fail?"

He shook his head.

Just a kid who is not even detached, the Palace Master wants to take him down, can't he fail?

"That's why I say you're stupid." Palace Master Anyou said coldly: "Let me ask you, if you are this son, come from a certain initial universe, and get the top inheritance of a certain secret realm, you will come to my Anyou. the government?"

"Me?" Venerable Zheng Kong was startled, and after a little thought, he couldn't help shaking his head: "No."

Indeed not.

Whether it is the initial universe or the inheritance of the secret realm of returning to the ruins, they are all top-level treasures, which can attract the coveting of countless powerhouses. If it is him, it is too late to hide.

Every man is innocent, but he is guilty!

Who doesn't know such a simple truth?

"Isn't that right? But this son, he still came to my Anyou Mansion, and he is still so high-sounding, and he is not afraid of my Anyou Mansion's poisonous hands on him. What do you think is the reason?" ask.

"Maybe, he didn't think too much about it..." God Venerable Zhengkong said stunned.

"Idiot, say you are stupid, you are really stupid!"

Palace Master Anyou shook his head speechlessly.

This idiot.

How to mix into detachment?

If it weren't for the brother who walked with him all the way back then, he would have been slapped to death by himself. "Can someone who can kill from an initial universe and enter the universe sea be an idiot? If you have been to the initial universe, you should know where it is, where countless planes are layered, and people like ants come from

Fighting in the middle is an opportunity to carry the destiny and achieve detachment. "

"That kind of place is not as simple as fighting in the sea of cosmos, and even everything they have experienced is better than what you have experienced in the sea of cosmos." Palace Master Anyou looked up at the sky, his eyes were deep: "This There are only two possibilities for Zigan to come to my dark and secluded mansion. One, he claims that by virtue of his own strength, even if my dark secluded mansion has bad intentions, he can escape safely from my dark secluded mansion;

Two, there is someone behind him, who is not afraid of my dark and secluded mansion. "

"No matter which one it is, it means that there will be risks in my Dark Nether Mansion."

"People like him who were killed from the initial universe, how could they put their own fate in the hands of others."

The Dark Lord Palace Master looked calm.

"I tried to teach this person before. Do you think this manor is just to teach the other person? Hmph, you think it's too simple. This manor is doing this to test this son."

"Test him?" God Venerable Zheng Kong was shocked.

"Otherwise?" Palace Master Anyou Hate Tie Buchenggang glanced at God Venerable Kong Kong:

"Dangmo and Li Guanshi both saw it before, but you idiot didn't see it."

"I..." God Venerable Zheng Kong was depressed, did they all see it? Why don't you know?

Palace Master Anyou sighed, squinting his eyes and said, "After the previous shot, this house has at least figured out a few things. First, this child is indeed likely to come from the initial universe, and the possibility is as high as 80%." Second, the source of this son's body is very strong, which is amazing. Although it does not achieve detachment, it can already be compared with ordinary detachment, especially in the perception of the source of detachment.

It is already above the detachment that has just broken through, otherwise it will not be able to trigger the silent thunder as Dangmo said. "

"Thirdly, when this son fought against this mansion before, he may have hidden his strength and did not display all his strength."

"Fourth, even if this son does not get the inheritance of the Secret Realm of Returning Ruins, the destruction of the Secret Realm of Returning Ruins is inseparable from him, because in the depths of this child's body, there is an extremely terrifying power of space."

Palace Master Darkness analyzed them one by one.

"Hey!" God Venerable Zheng Kong was shocked and sluggish.

[Chapter 5144: someone behind](#)

At this moment, God Venerable Zheng Kong was full of shock.

The mansion master actually realized so many things from the simple teaching?

Why don't you know?

Moreover, the palace lord actually said that this person has not exerted his full strength, how is this possible? He sucked in the air and looked at Palace Master Anyou in disbelief: "Lord Palace Master, you used 60% of your normal detachment power before, so that kid can't hold it, if this child hasn't used all his power. power, that he

How scary is that? "

You know that kid is not even detached now.

"Are you doubting this house?"

"No, no, no, my subordinates are so suspicious of you, the Palace Master, my subordinates just can't believe it." God Venerable Zhengkong shook his head repeatedly. Palace Master Anyou sighed: "Don't say you don't believe it, this mansion was also very shocked before. I have seen a lot of Tianjiao this mansion in this sea of cosmos, but he is the first to be as powerful as this kid, which is even more so. Authenticated

I guessed it before, there is someone behind this child. "

"This...how to say?" God Venerable Kong Kong was stunned. "If you say you're an idiot, you're really an idiot." Palace Master Anyou said solemnly, "What is that place in the initial universe? It's a place where detachment never existed. If there is no one behind this son, how can he be in the detachment realm? feel so deep

? Did he figure it out by himself? "

God Venerable Zheng Kong was stunned for a moment, but he also reacted, frowning and said: "The Palace Master means that there is a master behind this person to teach?" "This is beyond doubt, and the strength of that master is absolutely no trivial matter. Otherwise, no matter how talented this son is, he will not have the achievements he has now. I will ask you, if you are, can you teach such a genius?

? "

Being stared at by Palace Master Anyou, God Venerable Zhengkong shook his head again and again.

What a joke.

If he can teach that kind of arrogance, will it still be the current cultivation level?

Palace Master Anyou said solemnly: "It's not enough, let alone you, even this manor can't teach that kind of arrogance. This is just one of them."

"What about the second?" Venerable Kong Kong asked curiously. "Secondly, the news of the other party from the initial universe is leaked by the dark clan. Although the dark clan is not very powerful in the universe sea, the dark ancestor is not as good as this mansion, but it is also a double detachment. Logically speaking, the other party

If you know that the kid is from the initial universe, you should have taken the opponent's initial universe long ago, but the result is that he chased and killed the other party all the way, and was killed by this kid instead. What does this mean? Palace Master Anyou said, with a bright light in his pupils: "This is very likely to indicate that someone intervened, so that the Dark Clan could not succeed. Otherwise, with the strength of the Dark Ancestor, no matter how talented the kid is, he will not be able to do it." Not possible to be

A double detached opponent, and the strength of the person who intervenes must be above the dark ancestor. "

God Venerable Zhengkong also frowned: "But, if there is such a master behind the other party, why not destroy the dark clan?"

He didn't understand.

Palace Master Anyou sneered: "There is only one possibility, and that is the strong man behind this person, who wants to keep the dark family for the other party to experience."

To give each other experience?

God Venerable Zhengkong suddenly sucked in the cold air.

is it possible?

Palace Master Anyou seemed to know the surprise of God Venerable Zhengkong, and said with a smile: "When all possibilities are ruled out, the most unlikely choice is the only truth." Speaking of this, Palace Master Anyou suddenly smiled. He got up: "Such a talented young man with someone behind his back, killing people and stealing treasures, that's the most idiotic way, if this government really does this, it won't be safe one day.

A big man who can't be provoked will lead to complete destruction. "

"And the real way is to make friends with each other, gain the friendship of each other, and tie the other party to a boat in my dark and secluded mansion, so that my dark secluded mansion can survive for a long time."

"What's more..." Palace Master Anyou sighed: "Ling'er's mother left early, and I, the father, failed to give her much care, this time, this is the first time this government has seen Ling'er's face. To such a smile, to be so devoted to a man, as a father

Dear, how can you do such a thing because of the treasure? "

"Forget it, even if you say it, you don't understand this guy."

Palace Master Darkness shook his head.

"I..."

The expression of God Venerable Zheng Kong was suddenly stunned.

Mansion Master, your education is your education, why did you start to attack in your life?

"Bang Kong!" Palace Master Anyou suddenly said at this time.

"The subordinate is here." "Sifang has always wanted his son to marry Ling'er, but that kid from Sifang really doesn't like it in his own house. This time he was taught by Qin Chen, and he deserved it. However, that kid was treated like this by Qin Chen. pressure, my heart must be dissatisfied, saying

It may provoke the Quartet to take action. These days, you give this manor a snack, and don't make any major incidents that make it difficult for this manor. "Palace Master, don't worry, this little thing is for me. Zheng Kong patted his chest and said, "However, Palace Master, the Quartet is true. He has indeed been a little arrogant in recent years. Palace Master, please don't talk much about him.

He is a credit, but the Anyoufu is your Anyoufu, how can you let his son be so presumptuous? "

"Hmph, compared to that Qin Chen, the son of Sifang is indeed nothing. He is arrogant and domineering. He really wants to be your son-in-law. I vote for Qin Chen!"

Palace Master Anyou glanced at God Venerable Zheng Kong speechlessly.

Who just swore to kill that kid and take away the inheritance?

However, God Venerable Zheng Kong is good at this, and has always put the interests of the Anyoufu in the first place.

"Okay, go get busy with your business." Palace Master Anyou waved his hand.

"Yes, this subordinate is going."

God Venerable Zhengkong immediately turned around and left the hall excitedly, full of energy. Palace Master Anyou shook his head, then looked up at the endless sky, and murmured: "Silu, have you seen it? Our daughter has a sweetheart, don't worry about your spirit in the sky, the man our daughter likes, I will take it. dad's best

Every way will help her catch up. "

Palace Master Anyou's eyes were firm.

On the other hand, Qin Chen naturally didn't know that so many thoughts flashed in the Anyou Palace Master's mind. Walking in the Anyou Palace, he breathed a long sigh of relief.

"At present, it should be considered a pass." Qin Chen's eyes flickered.

Before, how could he not see the purpose of Palace Master Anyou, saying that it was pointing, but in fact it also meant testing the school.

Therefore, what he showed was what he wanted to let Palace Master Anyou see, but he believed that with the knowledge and strength of Palace Master Anyou, he would be able to see other things.

But in the end, Palace Master Anyou did not attack him, at least it means that Palace Master Anyou will not attack him for the time being.

"Qin Chen, what are you thinking?"

At this time, Fang Muling suddenly stepped forward, grabbed his arm, and asked curiously. . Qin Chen was shocked.

Chapter 5145 Moon Black Wind High

In an instant, a soft touch was transmitted to Qin Chen's arm.

"Cough, I didn't think about anything, Mu Ling, you should take us to a resting place earlier. We have come all the way, and we haven't had a good rest yet."

Qin Chen hurriedly coughed.

"Qin Chen, what's wrong with you? Are you uncomfortable?"

Fang Muling glanced at Qin Chen suspiciously, Xianxian Su touched his chest all of a sudden, and squeezed lightly: "Could it be that the father hurt you when he shot before? If you feel uncomfortable, be sure to talk to me. Say, I'll go find your father to settle the account for you."

While talking, Fang Muling touched Qin Chen's upper body and checked Qin Chen's body, for fear that Qin Chen was injured.

"I'm fine."

On one side of Qin Chen's body, he avoided Fang Muling's wipes.

The Linglong Goddess has also been paying attention to this place, and upon seeing this, a hint of cunning flashed in her eyes.

She came to Qin Chen's side and said with concern: "Qin Chen, are you sure you're all right? The young master from the four directions came to ask for trouble. You and the ancient \*\*\*\* of war made a right move, and the previous palace master Anyou taught you again. You must check it out, if there is any hidden disease left on your body, it will be troublesome."

"My Linglong Shenzong has a special method of detection, which can sense the injury in the body. Let me check it for you."

With that said, Goddess Linglong also stretched out her hand to check on Qin Chen. A ray of light bloomed from Goddess Linglong's fingers and slowly dissipated on Qin Chen.

Qin Chen's expression froze.

Are all the women in this sea of cosmos so active?

"The two of you, men and women don't kiss each other, isn't it not good?"

Qin Chen was speechless.

At this time, he also saw that Fang Muling and Linglong Goddess were checking their injuries for themselves, they were clearly teasing themselves.

"Qin Chen, didn't you hug us in order to save us back in the secret realm of Returning Ruins? I don't think it's considered a relationship between men and women, not to mention that you and I have experienced the same life and death. There will always be some differences between men and women, what do you think?"

Fang Muling looked at Qin Chen with a burning gaze.

It was as if a candle was flickering.

now.

The moon is dark and the wind is high.

Above the endless sky, there are several rounds of dark moon hanging.

The girl's eyes, in this dark night, are so shining, like the stars that never go out, and like the fire burning, extremely warm.

It was under such gaze that suddenly the whole scene fell silent.

The wind stopped.

The atmosphere has also become solidified.

Qin Chen couldn't help but look ahead.

At this moment, Old Man Mo and Old Man Li in front of them seemed to be dumb, looking at their noses and hearts, silently leading the way in front of them, as if they were completely unaware of the movements behind them.

These are two detachments, but at this time they are like two deaf and blind people, who can't do anything except bury their heads and lead the way.

Qin Chen sighed, he lowered his head and looked at the girl's eyes, those shining eyes, like moths fighting a fire, so bright, so dazzling, and so pure.

That fiery emotion made Qin Chen not understand the girl's heart.

However, in this case, how could Qin Chen pick it up?

He smiled, but just touched Fang Muling's head, as if he was petting his own child: "At that time, I was there to save you, how can it be the same as now?"

heard.

The girl's eyes suddenly dimmed, and she seemed to lose her spirits for a moment.

The Linglong Goddess also saw Fang Muling's darkened eyes, and hurriedly stepped forward and held Fang Muling's hand: "Sister Muling, your Anyoufu is so big, I don't know how much bigger than my Linglong Shenzong. How long will it take to get there?"

"It's coming, it's coming, it's coming."

At this moment, Elder Li in front of him suddenly opened his mouth and said.

really.

After a while, everyone came to a luxurious building.

This is a small attic with a deep winding path.

"Qin Shaoxia, tonight, you and the Goddess Linglong will live in this attic. In the morning tomorrow, I will come to take you and the young lady to the secret place with you." Li Lao said softly.

"Then there is Lao Lao Li." Qin Chen cupped his hands.

"Miss, let's go back." Elder Li said to Fang Muling.

"Mr. Li, you don't need to be so troublesome. You and Mr. Mo will go back first. I'll live here tonight. You'll be picking us up tomorrow." Fang Muling said suddenly.

The scene suddenly quieted down.

"Miss, you...are you going to live here tonight?" Elder Li looked at Fang Muling in astonishment.

"Yes, look at Sister Linglong who finally came to Anyou Mansion, how can I let her live here alone? Sister Linglong, do you think so?"

"Yes." Goddess Linglong glanced at Fang Muling and nodded with a smile.

"But....."

Old Li glanced at Qin Chen and then at Fang Muling, hesitant to say anything.

Qin Chen also has a big head.

What's the situation?

However, he and Linglong Goddess lived in the same attic, which was not very convenient. They were alone.

"Okay, Mr. Li, don't talk about it, go back quickly."

Having said that, Fang Muling directly pulled Qin Chen and Linglong Goddess into the attic and closed the attic.

"This....."

Only Mo Lao and Li Lao were left at the door looking at each other.

"Forget it, go back."

The old man shook his head and turned to leave.

"Alas." Elder Li glanced at the attic, sighed, shook his head and turned to leave.

at this time.

In the palace of the four young masters.

The ancient \*\*\*\* of war and the young master of the four sides have also returned to their residence.

"Sifang, what happened today should not be underestimated, you must inform your father as soon as possible." The ancient \*\*\*\* of war said solemnly to the young master of Sifang.

"Tell father? Uncle Gu Zhan, is it unnecessary?"

The four young masters were startled.

The ancient \*\*\*\* of war looked solemn: "Sifang, you still don't understand the seriousness of the matter."

Ancient War God Venerable paced back and forth: "That Qin Chen is not simple, he was able to escape unscathed under the attack of my ancient war energy before, and his body is even more stable, and, as you can see, facing me, this person has no fear at all, do you know what this means?"

"represents what?"

"It means that this person is not afraid of me at all, and even means that this person has the confidence to survive my attack. Of course, it is also possible that it is because there is Mr. Li at the scene, so he has no fear, but if he really is If you have confidence in yourself, you will be in trouble."

The ancient \*\*\*\* of war squinted his eyes, his eyes solemn: "You are also a genius of the world, so you should understand that a genius of the world who can compete with detachment represents what it represents, which is enough to cause a sensation in the entire Southern Thirteen Star Region."

heard.

Young Master Sifang's face gradually became difficult to look at.

Naturally he understood what that meant.

He is from all directions, and is also the top arrogance of the Dark Nether Mansion, and he can be considered to have some names in the Southern Thirteen Star Region.

However, there are only a few names.

After all, his attack is comparable to the detachment powerhouse, and it is only comparable. Once he really confronts detachment, he will not be able to resist at most a few moves, let alone the battle of life and death.

But once there is a Tianjiao who can compete with the detachment, it is not as simple as some names, and it will instantly stir the entire Southern Thirteen Star Region.

[Chapter 5146: rest early](#)

At that time, in this dark and secluded mansion, can you still be aloof? The ancient \*\*\*\* of war said solemnly at this time: "Sifang, you must not be careless about this matter. If that kid is only a high-level cultivation base and amazing talent, that's all, after all, he is just an outsider, and it is impossible to affect your status.

, but if the Palace Master is interested in him..."

Ancient War God Venerable's eyes shrank, and a cold light burst out from it.

"Uncle Gu Zhan, what do you mean, the Palace Master wants him to join my Darkness Palace?"

The four young masters were taken aback.

"It's not impossible, so you must not be careless." The ancient \*\*\*\* of war said solemnly.

At this time, the heart of the young master of the four sides gradually sank. If this is the case, then his efforts over the years will be in vain.

"No, probably not." The young master of Sifang shook his head and said with certainty, "This person is an outsider. When will it be an outsider's turn to call the shots in my Anyoufu, it is absolutely impossible. Moreover, Mu Ling and I were childhood sweethearts. , she is very familiar to me, she has always been to men

I don't catch a cold. The reason why I brought that Qin Chen back was to thank him for saving his life, but if she was interested in Qin Chen, I would never believe it. "

The four young masters shook their heads.

"If Mu Ling was interested in men, I would have already succeeded, why would I have to wait until now?" Young Master Sifang raised his head and said proudly.

He was certain of this.

In terms of appearance, he considers himself quite handsome, but Fang Muling has never been attracted to him, which makes him believe that Fang Muling should not be interested in men.

Otherwise, with a handsome man like him here, who grew up as childhood sweethearts and grew up together, how could he not be interested in him?

at this time.

"Little Lord..."

A servant walked in quickly, knelt down on one knee, and looked nervous.

"What's the matter?"

The four young masters said solemnly.

The servant said nervously: "You asked your servant to keep paying attention to that Qin Chen and Miss Mu Ling, and the servant saw them before..."

Speaking of this, the servant hesitated for a while, and finally gritted his teeth: "The subordinate got the information, Miss Fang Muling and Qin Chen entered the loft of the god-named guest house in my Anyou Mansion together."

"what?"

Young Master Sifang staggered, his expression instantly became terrified, he grabbed the man and shouted angrily, "What did you say? Mu Ling and that kid entered the loft of the divine name, are you sure?"

This god-named reception loft is generally reserved for the top guests of the Dark Nether Mansion. It is not even qualified for general detachment. Only the strong at the level of his own father are qualified to stay.

But the mansion master actually arranged that kid there. The key point is that, that Qin Chen is Fang Muling's savior, the Palace Master is grateful, it is not impossible to make such a decision, but now it is so late in the middle of the night, Fang Muling actually and Qin Chen

They entered the attic of this god's name together. What's going on?

"Tell me what happened, how could Mu Ling get along with a man alone." The young master Sifang threw the man out.

With a bang, the man fell heavily to the ground, spit out a mouthful of blood, and shattered several bones on the spot, endured the severe pain and hurriedly got up and knelt down on the ground. The servant trembled and said, "This is from the informant we stayed in the Anyou Mansion. After Dangmo Shenzun and Manager Li sent Qin Chen and Linglong Goddess to the reception attic, Miss Fang Muling also stayed. , and then swaying Demon God Zun and Li

The steward left. "

"Goddess Linglong is also there? That's okay, Mu Ling stayed, it must be because of Goddess Linglong, yes, it must be like this."

Hearing this, Young Master Sifang couldn't help letting out a sigh of relief, but his heart was still cloudy, and his face was unprecedentedly ugly.

"Sifang, we can't take risks anymore, we must inform Lord Sifang." Seeing the grim expression of the young master of Sifang, the ancient War God Venerable sank in his heart and said in a condensed voice.

"I know."

The young master of the four sides looked grim: "Qin Chen!"

There was a silent roar and roar in his heart.

In the attic of God's name.

Fang Muling and Linglong Goddess sent Qin Chen to their house.

"You two, it's getting late, why don't you rest early?"

Fang Muling and Linglong Goddess had just sat down in Qin Chen's room when Qin Chen pulled them up and pushed out the door.

"See you tomorrow."

Qin Chen said something, and then closed the door, leaving only the two women who were speechless and depressed.

"Humph."

Fang Muling hummed and stamped his feet in anger, but in desperation, he could only turn around and leave with the Goddess Linglong.

inside the room.

Qin Chen sat cross-legged on the bed.

"That dark and forbidden place, I don't know where it is, can I step into the realm of detachment in one fell swoop?"

Qin Chen murmured.

hum!

Above his palm, an invisible black aura surged, which was a trace of dark power remaining in his body.

"This dark power is somewhat similar to the An Luotian rules that I salvaged in the dark universe Nether Star River, and I don't know what is the connection between the two."

Qin Chen's eyes flickered, staring at the dark power in front of him: "No matter what, this power belongs to the dark attribute power, maybe thinking about her..."

Thinking of this, Qin Chen quietly urged the chaotic world.

hum!

The next moment, Qin Chen disappeared in an instant, and he had already entered the chaotic world.

The chaotic world is boundless.

The Myriad Realms Demon Tree grows in the sky, supporting the sky.

Above the sky, the Chaos Galaxy and the Nether Star River flowed beautifully. Since Qin Chen obtained the Space Divine Vein and placed Qi in the chaotic world, Qin Chen's chaotic world has undergone amazing changes in a short period of time. vast life

machine.

"Haha, Qin Chen boy, you finally think of us, Lord Long, I'm going crazy hiding here, tell me, is the universe sea fun? Are there many female dragons?"

As soon as Qin Chen appeared in the chaotic world, a huge real dragon body quickly rose into the sky, hovering in the sky, it was the Honghuang Ancestral Dragon.

Swish!

It came to Qin Chen in an instant and looked at Qin Chen expectantly.

"Senior Zulong, I still have something to do, you should continue to practice first."

Qin Chen said something to the ancestor of Honghuang, and suddenly disappeared.

"Hey, Qin Chen kid..."

Honghuang Zulong hurriedly shouted, but Qin Chen's figure was already lost in front of him.

This chaotic world was pioneered by Qin Chen. Here, Qin Chen is the master of the rules, and everything can be evolved with a single thought.

"I said, Qin Chen, he came in, he must have come to see his own woman, what are you doing when you are an old dragon running out." At this time, the ancestor of the blood river appeared next to the ancestor of Honghuang: "Let's go, hurry up Let's go to practice and absorb Qin Chen's detachment will that he entered here earlier, and I can also enter the detachment realm in one fell swoop.

Better than staying here all the time? "

The Blood River Sacred Ancestor shook his head, turned and left, leaving behind only the depressed Chaos Ancestor Dragon.

A certain abyss full of demonic energy in the chaotic world.

A beautiful figure closed her eyes, and invisible dark breaths lingered on her body, like a \*\*\*\* and a demon.

It is Sisi.

suddenly. Sisi opened her eyes to look at the sky, and she rose up into the sky in an instant, throwing herself directly into the embrace of a figure.

[Chapter 5147: go below](#)

at this time.

In the endless void of the abyss of the chaotic world, two figures looked at each other.

The four eyes are facing each other, and they are affectionate with each other.

Qin Chen's eyes were full of longing, and Sisi's eyes as deep as the stars were also full of tenderness.

The two just looked at each other so quietly, looking at their changes in these days.

"Chen, you're finally here, you know, I miss you more these days."

Sisi's slender hands touched Qin Chen's cheeks like autumn water.

After a while, Qin Chen became thinner, but his breath became stronger, and in his eyes, there was a hint of depth and vicissitudes that could not be hidden.

This kind of weather-beaten vicissitudes should not appear in people of this age, which made Qin Chen plain and add a touch of maturity and stability.

She knew that Qin Chen must have encountered a lot of things outside these days.

The sea of cosmos is vast and boundless, and the strong are like clouds.

Although Sisi is full of confidence in Qin Chen and knows that her man is the most powerful man in the world, no matter what, it is inevitable that she will be exhausted when she first comes to this universe.

As a person from the original universe, how difficult is it to open a path in this universe sea?

"Dust, you worked hard."

Sisi touched Qin Chen's face and rested her head on his chest, which was thick and full of security.

Her hair was falling down, and her temperament became more and more dusty and refined. Looking down from above, her snow-white neck was flawless, and it spread to the depths under the collar.

How perfect is this woman?

On Qingguo Qingcheng's cheeks, Qiong's nose was slightly straight, and her red lips were watery, just like those ripe peaches, making people unable to resist kissing and sucking hard.

In front of such a woman, anyone in front of her will involuntarily have humility and self-esteem. She is extremely sexy, with a perfect body curve, full of temptation like a devil.

However, she is so pure and pure, the city is peerless, like a fairy who has fallen into the world, sacred and inviolable.

The combination of these two feelings makes any man feel a desire to possess her.

now.

Qin Chen put his arms around Sisi, looking at such a perfect woman, his heart was filled with peace.

At this moment, he forgot everything about the outside world, and just wanted to stay here with the woman he loves forever, forever.

But he knows that he can't do this. The initial universe is at the end of reincarnation, and it is extremely dangerous. He has not even achieved detachment yet. How can he fall into the love of children, he still has a lot of things to do.

"Sisi, tomorrow I'm going to a place called the Forbidden Land of Darkness, that place..."

Qin Chen lowered his head, just about to talk to Sisi about the Anyou Mansion, but saw Sisi's beautiful eyes flashing with water, and he was looking at himself suspiciously.

Qin Chen couldn't help but startled.

"Sisi, you are..."

"woman..."

Sisi looked at Qin Chen with a sly look in her eyes: "Chen, there is a woman's scent on your chest, say, was there a woman by your side just now?"

Qin Chen was stunned.

This, Sisi's nose is too sensitive, right? Can you smell this?

Qin Chen smiled bitterly: "There was indeed a woman by my side before, but it was just an accident, listen to my explanation..."

Qin Chen hurriedly told Fang Muling and Linglong Goddess to check their bodies.

My heart was full of cold sweat.

This woman is too terrifying, and her intuition is too sharp, right?

"Fang Muling? Miss Anyoufu? Linglong Goddess? Linglong Shenzong Goddess?"

Sisi looked up: "They must be beautiful, right?"

"good."

Qin Chen nodded, the Linglong Goddess is indeed very beautiful, otherwise she would not be named as a goddess. As for Fang Muling, her appearance is actually average, but her temperament is excellent, but I don't know why she has the title of the first beauty in Anyoufu. .

As soon as these words came out, Qin Chen felt that the atmosphere was a little cold.

"Of course it must be far worse than you." Qin Chen hurriedly gave a shock when he saw Sisi's look, and added.

"Pfft."

Sisi suddenly laughed, and all of a sudden, like a hundred flowers in full bloom, everything in the surrounding world seemed to have lost its color, which was extremely beautiful.

"Okay, I didn't blame you."

Sisi's gentle fingers were placed on Qin Chen's lips, and the fingers and lips touched, and both of them were shocked. "Chen, you must have endured very hard, in fact, it's normal for a man to love a woman, and Chen, you are so good, there will definitely be many women who like you, in fact, I don't mind... Qianxue, Ruyue, they certainly don't. would mind

of. "

Sisi whispered, "We just hope that if you don't work so hard and can spend more time with us, then we'll be satisfied."

"sorry."

Qin Chen looked at Sisi, what a simple request, but he couldn't even satisfy them.

With a wife like this, what can a husband ask for?

Qin Chen looked at Sisi's beautiful face. At this moment, the desire that had been suppressed in his heart for a long time surged up. Qin Chen unceremoniously hugged Sisi's waist and lowered his head to kiss.

Sisi frantically stretched out her hand to block it, and said in a voice like a mosquito: "Go down!"

As soon as the words fell, Qin Chen jumped and fell toward the abyss, extremely decisive.

Falling ten thousand feet, the abyss below changed, and a cave mansion was quickly formed. Qin Chen flew in, and a bed was formed quickly. Qin Chen quickly fell into the cave mansion with Sisi in his arms.

Sisi's beautiful eyes were full of brilliance, and she hugged Qin Chen tightly.

Qin Chen picked up Sisi by the waist, with a meaningful smile on his mouth, he walked towards the bed step by step.

Sisi's heart is like a deer, bumping and bumping. Although she has experienced that kind of thing a few times, she is still a little embarrassed in retrospect, and she can't help but bury her head in Qin Chen's arms. inside.

When she came to the bed, Qin Chen slowly put her down.

Sisi boldly raised her head to look at Qin Chen, her face was flushed like a sunset.

Qin Chen kissed Sisi, the breath of each other gradually became heavy, and the two bodies were as hot as fire, and they both yearned for each other infinitely.

A soft sound came, Qin Chen gently unbuttoned Sisi's dress, her clothes were flying, and her hair was messy. Qin Chen turned over and pressed him.

The dry wood and fire, the rain and the clouds, the two were so immersed in love, Sisi's skin was glowing with a red light, her hair was messy, and she was dripping with sweat.

"Just the two of us, it's not a good idea, or...call Qianxue and Ruyue elder sister..."

Sisi gritted her teeth tightly, restrained her shyness, and raised her head to say.

She didn't want to enjoy such a moment by herself, because she knew that Qianxue and Ruyue were also desperate for this moment.

"This... okay!" Qin Chen nodded, since Sisi was willing, why would he refuse?

[Chapter 5148: don't blame you](#)

"Then... that's what I'm calling?" Sisi said softly, her voice soft and winking like silk.

"I'll still come."

Qin Chen thought for a while, if Sisi was notified of this kind of thing, how could it be done?

Chaos world.

There are two cultivation places beside the divine veins of space.

You Qianxue and Ji Ruyue suddenly opened their eyes.

"Chen he is Sisi Na?"

The two looked excited and joyful, and instantly rose into the sky, turning into a streamer and disappearing.

under the abyss.

Dongfuzhong.

Sisi hurriedly got up from the bed, smoothing her messy clothes and hair.

"You are..." Qin Chen looked at her suspiciously.

Sisi said embarrassedly, "I can't let Qianxue and Sister Ruyue see it."

As soon as she finished speaking, two streams of light fell instantly.

It was Qianxue and Ruyue. As soon as they landed, they said with a smile, "What can't we see?"

Before the words were finished, suddenly, the two of them were stunned.

Qianxue sniffed, "This smell..."

Ruyue's eyes also fell on Qin Chen and Sisi who were beside the bed, and there was a hint of surprise in their eyes: "Did you two just... Okay, you actually did this kind of thing behind our backs."

"Chen, you are too much."

Qianxue and Ruyue both laughed.

"I..."

"Don't say anything, we won't be jealous." Qianxue said with a smile.

"Chen, did you call us here?" Ruyue wondered.

"I have the latest insights on the way of space, and I want to call you over to come over and understand together."

"Experience together?"

"Yes." Qin Chen looked serious: "Everyone come here."

Immediately, the four of them sat cross-legged on the bed together.

"let's start!"

Qin Chen closed his eyes, and the power of space in his body instantly rose, and the amazing source quickly formed a terrifying tide.

Sisi, Ruyue, and Qianxue all sat cross-legged beside Qin Chen, closed their eyes together, and an astonishing source aura shot into the sky in an instant.

The four breaths resonated instantly.

A long time away is better than a newlywed.

Even if they were just cultivating together, everyone felt extremely beautiful, the four of them were extremely selfless, and everyone was immersed in this kind of beauty.

During the practice, Qin Chen urged the space origin in his body, and with a bang, the terrifying space aura lingered in the world, and formed a resonance with the space gods in the chaotic world.

Double practice!

Do not!

It should be a lot of practice!

Qin Chen has now mastered part of the origin of space, and his mastery of space has reached an extremely terrifying level. It can be said that Qin Chen himself is already a part of space now.

The top-level space power in the countless space gods is continuously integrated into the bodies of Qin Chen and the four, forming a vast vision of heaven and earth in the chaotic world.

in a chaotic world.

The Chaos Ancestor Dragon, who returned to practice in his dragon nest, suddenly opened his eyes and looked at the sky in the distance in surprise.

Above the sky, the rolling space tide is like a tsunami coming, constantly spewing.

"What happened?"

Honghuang Ancestral Dragon rushed to the sky in an instant, looking at an abyss below the space divine veins, in that abyss, there was a faintly palpitating power surging.

"What is Qin Chen doing with his mistress? Why is the movement so big?"

Honghuang Ancestral Dragon smashes his eyes, a little dazed.

He couldn't imagine how he could make such a big noise?

practice?

still...

Suddenly, Honghuang Zulong's eyes widened.

Mistress, aren't they doing that with Qin Chen?

Honghuang Zulong hurriedly fell.

Look no further.

Although he couldn't see anything, everything in the chaotic world was in Qin Chen's hands. If Qin Chen knew that he was inquiring about what he and his mistresses were doing, wouldn't he have to wear small shoes?

cough cough.

However, Qin Chen is too mighty, right? Is this kind of thing moving so much?

Honghuang Ancestral Dragon looked down at himself, sigh, he is also the ancestor of the dragon clan, he is burly and mighty, but compared to his master...

well!

Honghuang Zulong instantly felt ashamed of self-mutilation.

at this time.

In the abyss, Qin Chen and the four were completely immersed in this beauty.

With the four of them cultivating with each other, Qin Chen thoroughly shared his spatial perception with Sisi and the others, making them an astonishing improvement on the perception of space together.

boom!

The bodies of the four were tightly bound together, urging their strongest source of origin, forming a terrifying spatial tide.

In the Space Divine Vessel, a terrifying space force crazily merged into the bodies of the four of them.

For three full days and three nights, whether it was Qin Chen, Sisi, Ruyue, or Qianxue, they all felt that the origin of their bodies had become thicker and more rounded, and there was a feeling of wandering freely, returning to their original nature.

Cultivating more will dissolve and refine the origins of several people.

In addition, when the divine power of space continuously washed away the flesh, it also gave Qin Chen a deeper understanding of the power of space.

three days later.

boom!

There was a shocking roar from the four of them, and a detached aura radiated wildly from the four of them.

The power of the source of time around several people also slowly dissipated in the chaotic world.

In the chaotic world, Qin Chen can use the source of time to change the passage of time, so three days and three nights have passed in this chaotic world, but the outside world has only passed a few hours.

"Is this the essence of space?"

Qin Chen felt the power of the terrifying space lingering around his body, and couldn't help but murmured.

At this time, Qin Chen had a feeling that if he wanted to, he could even become a world in one thought.

"Space can shatter everything in the world, and it can evolve into all things. As long as people are, there is space, and space is everywhere."

Qin Chen's eyes were bright, and he had a feeling that he was really close to detachment.

At the beginning, the Nether Emperor once said that when he can completely absorb the source of that space one day, he will be able to enter the realm of detachment.

And Qin Chen already has that feeling faintly now.

"It's coming, it should be soon."

Qin Chen said silently.

After countless years of hard work, it is finally here.

boom!

A terrifying space aura surrounded Qin Chen, like a deep abyss. At this time, Sisi, Ruyue, Qianxue, and the others all stood up one after another, and they were surrounded by the light of space.

Now the four of them are already half-step detachment peak powerhouses, and they are only one step away from detachment.

afterwards.

Sisi, Ruyue, and Qianxue cuddled gently on Qin Chen's body, and their beautiful eyes contained a touch of tenderness and satisfaction.

But the three of them were really scared. During the past three days and three nights, Qin Chen was like a tireless machine, making them feel a little sour and powerless now.

At the end of the practice, several people hugged and lay on the stone bed.

There is no need to describe their own thoughts and feelings, each other can feel the thoughts in each other's heart.

"Chen, can the dark place you mentioned allow you to break through the realm of detachment?" Sisi wondered.

"I don't know, but if this dark place is the core forbidden area of this dark palace, there must be some special features in it!" Qin Chen pondered.

"You said that you offended the young master of the four sides in this dark mansion, you must be careful."

"Haha, what is there to be afraid of, a little young master from the four sides?"

"The young master of the four sides has nothing to fear, but didn't you say that his father is the powerhouse of the Anyou Palace second only to the Anyou Palace Master? There is also a second level of detachment in one's cultivation, so you must not be careless." Sisi said seriously.

You Qianxue and Ji Ruyue also nodded: "If you really can't handle the pressure, it's okay to take Miss Fang Muling from Anyoufu. We won't blame you." Qin Chen's expression froze!

Chapter 5149: don't blame you

"Then... that's what I'm calling?" Sisi said softly, her voice soft and winking like silk.

Above the sky, the rolling space tide is like a tsunami coming, constantly spewing.

"What happened?"

Honghuang Ancestral Dragon rushed to the sky in an instant, looking at an abyss below the space divine veins, in that abyss, there was a faintly palpitating power surging.

"What is Qin Chen doing with his mistress? Why is the movement so big?"

Honghuang Ancestral Dragon smashes his eyes, a little dazed.

He couldn't imagine how he could make such a big noise?

practice?

still...

Suddenly, Honghuang Zulong's eyes widened.

Mistress, aren't they doing that with Qin Chen?

Honghuang Zulong hurriedly fell.

Look no further.

Although he couldn't see anything, everything in the chaotic world was in Qin Chen's hands. If Qin Chen knew that he was inquiring about what he and his mistresses were doing, wouldn't he have to wear small shoes?

cough cough.

However, Qin Chen is too mighty, right? Is this kind of thing moving so much?

Honghuang Ancestral Dragon looked down at himself, sigh, he is also the ancestor of the dragon clan, he is burly and mighty, but compared to his master...

well!

Honghuang Zulong instantly felt ashamed of self-mutilation.

at this time.

In the abyss, Qin Chen and the four were completely immersed in this beauty.

With the four of them cultivating with each other, Qin Chen thoroughly shared his spatial perception with Sisi and the others, making them an astonishing improvement on the perception of space together.

boom!

The bodies of the four were tightly bound together, urging their strongest source of origin, forming a terrifying spatial tide.

In the Space Divine Vessel, a terrifying space force crazily merged into the bodies of the four of them.

For three full days and three nights, whether it was Qin Chen, Sisi, Ruyue, or Qianxue, they all felt that the origin of their bodies had become thicker and more rounded, and there was a feeling of wandering freely, returning to their original nature.

Cultivating more will dissolve and refine the origins of several people.

In addition, when the divine power of space continuously washed away the flesh, it also gave Qin Chen a deeper understanding of the power of space.

three days later.

boom!

There was a shocking roar from the four of them, and a detached aura radiated wildly from the four of them.

The power of the source of time around several people also slowly dissipated in the chaotic world.

In the chaotic world, Qin Chen can use the source of time to change the passage of time, so three days and three nights have passed in this chaotic world, but the outside world has only passed a few hours.

"Is this the essence of space?"

Qin Chen felt the power of the terrifying space lingering around his body, and couldn't help but murmured.

At this time, Qin Chen had a feeling that if he wanted to, he could even become a world in one thought.

"Space can shatter everything in the world, and it can evolve into all things. As long as people are, there is space, and space is everywhere."

Qin Chen's eyes were bright, and he had a feeling that he was really close to detachment.

At the beginning, the Nether Emperor once said that when he can completely absorb the source of that space one day, he will be able to enter the realm of detachment.

And Qin Chen already has that feeling faintly now.

"It's coming, it should be soon."

Qin Chen said silently.

After countless years of hard work, it is finally here.

boom!

A terrifying space aura surrounded Qin Chen, like a deep abyss. At this time, Sisi, Ruyue, Qianxue, and the others all stood up one after another, and they were surrounded by the light of space.

Now the four of them are already half-step detachment peak powerhouses, and they are only one step away from detachment.

afterwards.

Sisi, Ruyue, and Qianxue cuddled gently on Qin Chen's body, and their beautiful eyes contained a touch of tenderness and satisfaction.

But the three of them were really scared. During the past three days and three nights, Qin Chen was like a tireless machine, making them feel a little sour and powerless now.

At the end of the practice, several people hugged and lay on the stone bed.

There is no need to describe their own thoughts and feelings, each other can feel the thoughts in each other's heart.

"Chen, can the dark place you mentioned allow you to break through the realm of detachment?" Sisi wondered.

"I don't know, but if this dark place is the core forbidden area of this dark palace, there must be some special features in it!" Qin Chen pondered.

"You said that you offended the young master of the four sides in this dark mansion, you must be careful."

"Haha, what is there to be afraid of, a little young master from the four sides?"

"The young master of the four sides has nothing to fear, but didn't you say that his father is the powerhouse of the Anyou Palace second only to the Anyou Palace Master? There is also a second level of detachment in one's cultivation, so you must not be careless." Sisi said seriously.

You Qianxue and Ji Ruyue also nodded: "If you really can't handle the pressure, it's okay to take Miss Fang Muling from Anyoufu. We won't blame you." Qin Chen's expression froze!

### [Chapter 5150: Sifang God Zun](#)

On the side, Fang Muling was also stunned, looking at Linglong Goddess in astonishment: "Sister Linglong, you..."

The Linglong goddess Mu Ling blinked her eyes and said with a smile: "Is there any problem with going to breakfast together?"

Fang Muling was stunned.

"No problem." She nodded, then took Qin Chen's other arm naturally and said, "Go."

"you..."

Qin Chen looked sluggish, and he was almost carried away by the two of them.

An Youfu has prepared a hearty breakfast.

A table full of delicious food.

"Come on, Qin Chen, eat this. This sweet-scented osmanthus cake is added with the dark star sweet-scented osmanthus that is unique to Anyoufu. You can't eat it anywhere else. Take a bite to improve your body's ability to gather Qi." Fang Muling put a piece of sweet-scented sweet-scented osmanthus cake. Clip into Qin Chen's bowl.

"Yeah, Qin Chen, this is delicious, fragrant and smooth, and delicious. Come and try it." On the other side, the Linglong Goddess put a piece of crispy cake into Qin Chen's bowl.

"Qin Chen, try this."

"This one is delicious too."

"and this."

The two kept putting the pastries on the table into Qin Chen's bowl, and Qin Chen's bowl soon filled with a pile of food.

"Enough, I'm enough."

Looking at the two people who were constantly chasing vegetables, like tit-for-tat, Qin Chen was speechless.

"Miss, the Palace Master asked me to take you there." At this time, Steward Li came forward and said respectfully.

Qin Chen breathed a sigh of relief.

Entering the dark and secluded place is a major event, and Fang Muling naturally did not dare to neglect.

"Let's go."

The group left the attic and left quickly.

At this time, a figure looked at Qin Chen and the others who were leaving, quickly disappeared, and swept to the palace where the young masters of the four sides were located.

Deep in the dark palace.

Qin Chen saw Palace Master Anyou again.

God Venerable Zheng Kong and God Venerable Dangmo were standing behind him, and when Palace Master Anyou saw Qin Chen, his pupils shrank suddenly, and a hint of horror flashed across his expression.

After a day's absence, Qin Chen's aura actually changed once again.

Although this trace of change is extremely subtle, and ordinary detachment powerhouses may not be able to feel it, he, a master at the peak of double detachment, still keenly feels this trace of change.

But how is this possible?

Yesterday, the aura on that kid was already half a step above the peak. Why has it only been a day since the aura on this kid has improved again?

It is clear that half-step detachment peak is already the limit, and it cannot be improved any more, but this kid has changed again, and it is a change that he can feel at the double detachment peak.

Such an improvement is definitely not easy.

But unfortunately, the other party still did not step into the realm of detachment.

Is there really someone in this world who can improve infinitely in the half-step detachment realm?

"Lord Palace Master, what's wrong?"

Standing by the side of the God Venerable Zheng Kong, at this time, he keenly felt the changes in the body of the Anyou Palace Master, and even sent a sound transmission.

"After Qin Chen entered the attic of the god's name last night, was there any news?" Palace Master Anyou asked with a frown.

"There is news? No. Yesterday, after Qin Chen and the young lady returned to the attic, they never came out, and there was no news. Did something happen last night?"

God Venerable Zheng Kong was puzzled. While transmitting his voice, he looked at Palace Master Anyou. When he noticed Palace Master Anyou's worried expression, his heart sank.

Did something big happen last night that he didn't know about?

But Miss and the others are all in the attic of the gods, so what is the big deal?

God Venerable Zheng Kong turned his head and looked over, his eyes fell on Qin Chen and the three of them. When he saw Fang Muling's dress and the posture of leaning against Qin Chen, Venerable Kong Kong couldn't help but change his expression.

Could it be that...

He widened his eyes.

"Lord Palace Master, could it be because of the eldest miss?" God Venerable Zheng Kong was horrified: "It's only been one night, is it so fast?"

"What?" Palace Master Anyou was startled.

When he reacted, he suddenly vomited blood with anger: "Shut up."

God Venerable Zheng Kong was startled, and was just about to speak.

"Lord Palace Master."

At this time, Qin Chen walked up and cupped his hands.

"Hahaha, you're welcome, how was your rest last night?" Palace Master Anyou changed his expression and stepped forward with a smile, but he didn't bother to pay attention to God Venerable Kong Kong.

Seeing Palace Master Anyou's expression, God Venerable Zheng Kong felt depressed in his heart.

If you have a girl, you don't even care about your brother.

"Let's go, let's go directly to the dark forbidden area."

In the hall, after a few conversations, Palace Master Anyou stopped talking nonsense, and immediately took Qin Chen and Fang Muling to the forbidden area of Anyou.

A dark place, a special place located behind the Eternal Dark Palace. As soon as Qin Chen and the others entered the back of the dark palace, a cold and biting yin qi rushed towards them. In front of them, countless dark auras surged and turned into a vast tide. These tides surging like the ocean, so the dark place

, also known as the Dark Sea.

In the periphery of this dark sea, there are countless terrifying formations surging, turning into the sky to guard everything.

And in the very middle of this tide, there is a dark, dark, bottomless abyss.

In that abyss, is the most powerful dark forbidden place in the dark palace.

Divine consciousness was released, and in the deep and vast abyss, an astonishingly rich and dark aura rolled and tossed like a storm, accompanied by a terrifying sound that sounded like a devil's howl or a ghost's cry, echoing in the sky.

And at the door of this dark place, several guards wearing dark armor guard here, each with extraordinary imposing manner.

This is a special forbidden area in the Dark Nether Mansion. It is strictly guarded, and ordinary people can't go here at all.

"Little friend Qin, this is the entrance to the dark and secluded land." Palace Master Anyou stopped in front of the forbidden area with a serious face, showing the devotion of the people of the dark and secluded place to the dark and secluded land.

The dark place is the origin of the dark place. Without the dark place, there is no dark place, so everyone in the dark place is full of faith and pursuit of the dark place.

After all, it was the dark place that made the dark palace that runs through the history of the Southern Thirteen Star Territory.

"Lord Palace Master."

When a group of guards saw Palace Master Anyou, they immediately saluted respectfully.

"Open the dark place."

The dark palace master said.

"Yes!" The guards turned around immediately, urging the formations on the periphery of the dark place. In an instant, countless formations spun in unison, and a terrifying humming sound erupted. The dark land formation moves quickly

A gap was opened.

However, in that gap, there is still a formation flow.

This formation can only be opened by the Palace Master of Darkness.

"Qin Xiaoyou, please."

Palace Master Anyou waved his hand and was just about to open the Forbidden Land of Darkness. at this time.

Boom!

A terrifying aura quickly swept in from outside the dark and secluded mansion. Accompanying this aura, was a terrifying figure that descended directly outside the dark and secluded land in an instant.

"The four sides have seen the Palace Master."

A rumbling voice echoed between heaven and earth, and the person who came was full of aura, forming an astonishing vision in the dark and secluded sky. Four gods.
