[Chapter 5151: how to stop](#)

Boom!

Only a violent roar was heard in the sky, and a majestic figure stood between the heavens and the earth, and fell down in an instant.

It is the four gods.

His loud voice echoed in the heaven and earth for a long time, and instantly spread throughout the entire dark and secluded mansion, attracting the attention of countless people in an instant.

"what's the situation?"

"Who dares to release such a terrifying aura of detachment in the Darkness Mansion? Do you want to die?" In the Darkness Mansion, one after another terrifying spiritual consciousness permeated, and they gathered together. When they saw the movement, it was dark. The dark place in the depths of the secluded mansion is located, and the person who speaks is after the four gods, everyone is

They were all surprised.

Isn't the Sifang God Venerable sitting on the border of the Anyoufu? When did you come back?

What is he going to do?

At this moment, the Sifang God Venerable slowly descended from the sky, and behind him, the Sifang Young Master and the Ancient War God Venerable also followed closely, falling outside the dark place.

"Haha, it turns out that you came from Sifang? When did you come back?"

Seeing the person coming, Palace Master Anyou's originally annoyed expression disappeared instantly, and then he laughed heartily.

"Qin Chen, be careful, this person is the father of the young master of the four sides, the **** of the four sides, one of the top detachment powerhouses in my dark secluded mansion, and his cultivation has reached the second level of detachment, second only to the father the strong."

Fang Muling approached Qin Chen and said through a voice transmission in secret.

Quartet gods?

Qin Chen squinted his eyes, his expression was calm, but his heart was secretly awe-inspiring.

If it is a master of the first level of detachment, even Qin Chen at the peak of the first level will not be afraid, but the master of the second level of detachment is still a strong threat to the current Qin Chen.

He didn't dare to underestimate any one who surpassed the double level, and who can reach this step, are all outstanding in this universe, with extraordinary strength. "Hahaha, eldest brother, I didn't miss your good days, eldest brother? After I heard about Mu Ling's niece, I dealt with the affairs of the military and came back as soon as possible. Hmph, the Tuoba family and the darkness Clan is too arrogant

Zhang, how dare you do something to Mu Ling's niece, don't worry, brother, after I return to the border, I immediately order the Sifang Guards to launch an attack on the Tuoba family and the dark clan, so that they will know the fate of offending my Anyoufu. "

The gods from all directions are murderous and have a fighting spirit.

boom!

The terrifying fighting intent triggered the formation in the dark and secluded land, which immediately produced a violent roar, and the formations of light hit the body of the gods from all directions, only splashing brilliant rays of light, but it did not hurt him in the slightest. a cent.

In Anyoufu, Sifang Divine Venerable sits on the frontier, and has countless armies under his command. Among them, his direct relatives, Sifang Guard, are the strongest and have a splendid reputation in the entire Southern Thirteen Star Region.

"Sifang, you have your heart." Palace Master Anyou nodded. Sifang Shenzun smiled, and then his eyes fell on Fang Muling, smiling: "Brother, today you want to open the dark place, is it because Mu Ling's niece is going to break through the realm of detachment? Haha, Mu Ling The niece enters the market

After I retreated from the secret realm, I got a lot of adventures. It seems that I have another detachment in the Anyoufu, which is gratifying. "

Palace Master Anyou smiled and said, "Linger just wants to try it out. Whether she can break through is still unknown."

This is not wrong, the detachment state is extraordinary, how can it be so easy to achieve, can you break through if you want to break through? "With the talent of Muling's niece, breaking through detachment should be easy." The Sifang God Venerable said with a smile, and then his eyes fell on Qin Chen, who was beside Fang Muling, and his brows suddenly wrinkled: "Brother, the dark place it's my dark

In the forbidden area of the government, how could there be outsiders here? " coming.

Dangmo Shenzun and Li Lao's bodies were shocked.

Divine Venerable Sifang suddenly rushed back to Anyoufu, is it really to flatter Fang Muling? Certainly not, it's not... the purpose is immediately revealed. "Father, you don't know, this person's name is Qin Chen, he is the kid that Mu Ling brought back from the secret realm of Returning Ruins, the reason why the dark clan will attack Mu Ling is because of this son. This son is arrogant and arrogant. Yesterday To put it bluntly, I have no one in the dark and secluded mansion, and I seriously injured Li Long and defrauded Li Long for some treasures. The boy was angry, but he fought against him, and he was poisoned by him. This person may be someone else

The forces arranged for the spies to enter my dark palace. "

The four young masters stepped forward and said.

"Oh, you are the kid who almost killed Mu Ling's niece? Not to mention, you almost killed Mu Ling's niece, and you are still so arrogant in my Anyoufu? People who hurt my Anyoufu, how dare you!"

A pair of cold and stern gazes of the gods from all directions suddenly shot out a cold glow and fell on Qin Chen, and said sternly.

"First, this young master did not harm Miss Mu Ling, and secondly, this young master did hurt Sifang Young Master, but he himself was incompetent, and he took the initiative to provoke this young master. No wonder I." Qin Chen said lightly.

hiss!

Everyone was stunned. In front of the Sifang Divine Venerable, he dared to say that the Sifang Young Master was incompetent. I'm afraid this kid is not trying to find death, right? "Haha!" Sifang God Venerable laughed instead, and then laughed wildly. Suddenly, his laughter stopped abruptly, staring at Qin Chen, "Bold madman, how dare you hurt my disciple of Anyoufu, I don't care about you Why come here, but

Dare to be arrogant in my dark and secluded mansion, I can't tolerate you being wild, boy, kneel down for me! "

The gods from all directions looked at Qin Chen, his voice was fierce, his black hair fluttered violently, and the roots were surrounded by terrifying divine light, rumbling loudly, as if the sky was surging, and the power was incomparable.

boom!

The unique coercion belonging to the second-level detachment powerhouse struck, directly shrouding Qin Chen. If a **** was born, ordinary people only have the capacity to worship.

Seeing this scene, everyone present changed color.

If this pressure hit Qin Chen, how could Qin Chen stop it? Will kneel on the spot. And once Qin Chen knelt down on the spot, what face would he have in the future? When the news spread, everyone would not care who Qin Chen knelt down to, how he knelt down, and what the truth was. They would only say that Qin Chen was as timid as a mouse, unable to bear the censure, and directly scared to kneel in the face of the Quartet God Venerable. down, no strong heart

state.

At that time, when rumors spread, Qin Chen's heart will definitely leave an indelible shadow, living in fear under the ridicule of everyone.

It can be said that the Sifang God Venerable is going to directly break Qin Chen's Taoism, so that he will live in his shadow for the rest of his life, unable to achieve detachment.

Too vicious and sinister.

boom! On the field, an indescribable terrifying aura swept through. The powerhouses present were all weak, and even the detached powerhouses like Dangmo Shenzun could not hold on. The strength of the Quartet Shenzun was too strong. The entire dark palace

The first person below may be a bit exaggerated, but his strength can definitely dominate the dark palace. How can Qin Chen stop it?

[Chapter 5152: The world is boiling](#)

boom!

In an instant, a terrifying aura suddenly suppressed Qin Chen.

What?

Everyone was shocked, only to see Qin Chen standing proudly, not kneeling down at all by the aura.

how can that be? A mere half-step detachment, even if you are the pinnacle of the peak, you can block the ordinary detachment master, but the person in front of you is the Quartet God Venerable, the second-level detachment master, although it is only a momentum to suppress, but it is so much worse ,

The Quartet God Venerable's aura can definitely be crushed.

But Qin Chen didn't move at all.

Is that human being!

Qin Chen is of course human, but he has two top sources of the universe in his body, one is the top space Dao of the ancient times, and the other is the top source of the underworld.

It's just the momentum, how can the gods from the four directions force Qin Chen to kneel?

Isn't this a joke?

Of course, this is also because the Sifang God Venerable only used the relationship of momentum. If a trace of rules or source power were added, the result would be a little troublesome.

"Sifang Shenzun, you are too much!" Kuangkong Shenzun said coldly. At first, Kuangkong Shenzun did not like Qin Chen, but now it is clear that the palace master wants to train him as a son-in-law. God Venerable Zhengkong couldn't help it anymore.

What's more, the Palace Master hasn't spoken yet, and your Sifang Divine Venerable will act directly here, what is this?

God Venerable Sifang is indifferent. Although God Venerable Zheng Kong is the brother of Palace Master Anyou, he is not as good as him in terms of status. Naturally, he does not need to care about God Venerable Zheng Kong's opinion.

"Boy, what rules have you mastered, or what treasures do you have in your body that can resist the aura of this seat?"

He stared at Qin Chen, his eyes glowing.

At his level, there are almost no secrets to hide from him.

To say that Qin Chen can resist his aura by himself, he is a hundred people who don't believe it, and is there anything in this world that can stop his coercion? Either it is the supreme Taoist rule, or it is some kind of treasure.

And if it is a heavy treasure, it is definitely a top detachment level, and ordinary treasures can't resist his coercion at all.

Hearing the words of the gods from all directions, the others were also shocked and looked at Qin Chen.

Could there really be some treasures in this child?

Thinking that Qin Chen had entered the secret realm of Returning Ruins, many people's eyes showed fiery colors. "What does this matter to you? Your Excellency, as a second-level detachment powerhouse, is really despicable to attack a junior like me?" Qin Chen said coldly, this person actually attacked him, and he was extremely shameless, and he naturally didn't bother to be polite to each other again

. "Hmph, my father Sifang God Venerable is the patron saint of Anyou Mansion. Almost half of the entire Anyou Mansion was conquered by my father. His exploits are outstanding and unmatched. You are a kid, living in Anyou Mansion. , how dare you do this to my father

Disrespectful, what is the crime? "The young master of the four sides suddenly opened his mouth and said in a cold voice.

You bastard, blind?

Didn't you see that the four gods were the first to take action without regard to face? Now he actually said that Qin Chen was disrespectful! Qin Chen sneered in his heart, and couldn't help but sneered: "Young Master Sifang, don't talk nonsense, just fight with me if you have any kind, I will give you a hand, do you dare? What's more, what is the patron saint of Anyoufu? , It's ridiculous, who doesn't know the guards

The guardian **** is the Lord of the Anyou Palace. What kind of onions are these four gods? Judging by the fact that you don't take the Palace Master seriously at all, you think this Anyoufu is the Anyoufu of your Sifang family. "

As soon as Qin Chen said this, everyone changed color.

Indeed, Young Master Sifang's words are too arrogant. What is the patron saint of Anyoufu? Half of Anyoufu's territory was conquered by God Venerable Sifang. Does this mean that Palace Master Anyou is not considered at all?

On the side, the face of Palace Master Anyou also sank.

"Boy, sharp-mouthed and tongue-tied, I don't know whether to live or die. Today, I'm going to take a look at this seat. What is the purpose of you sneaking into my dark palace?"

Sifang Shenzun ignored Qin Chen's words, but a cold light burst out in his eyes. The next moment, he stretched out his big hand and started directly at Qin Chen.

Boom!

The terrifying palm instantly turned into a sky, and came to Qin Chen in an instant. This time, the God Venerable Sifang did not use his imposing manner, but directly stretched out his palm. When the palm came out, the heaven and the earth roared, and everything in the void disappeared. Under such a palm, it seemed that there was nothing between heaven and earth. Prevent

his attack.

"Qin Chen be careful."

Fang Muling suddenly exclaimed and rushed to Qin Chen. At the same time, she looked at Palace Master Anyou and said anxiously, "Father..."

boom!

Before the giant palm fell, a figure suddenly appeared in front of Qin Chen, blocking the palm.

It is the Dark Lord.

"Quartet, that's enough." The Anyou Palace Master said coldly: "Qin Shaoxia is a guest of my Anyou Palace. If you do this and spread it out, the outside world thinks that my Anyou Palace doesn't know how to treat guests."

The aura of Palace Master Anyou was surging like a prison, and black rays of light burst out from his body, like a black scorching sun, which instantly blocked the attack of the gods from all directions.

"Big brother..." Sifang Divine Venerable's eyes sank, looking at Qin Chen's pupils with a cold light: "This son's origin is unknown, and he hurt my son before, he must have ulterior motives, don't be deceived by this son."

"Sifang, don't worry, this mansion is not stupid, so you don't need to worry about this!" Palace Master Anyou said coldly.

"Today is the day that Ling'er and Qin Shaoxia entered the dark place. If you come to watch the ceremony, just take a look, and don't say anything else."

Palace Master Anyou waved his hand, and there was already a look of displeasure on his face.

"What? This son also wants to enter the dark place?" The gods from the four directions suddenly changed color: "Brother, the dark place is the forbidden land of my dark palace, it is extremely rare, and only people from my dark palace can enter. , and not even a hero can enter, even my son has never entered the dark

In the land of seclusion, this son is an outsider. If you let him enter the land of seclusion, wouldn't it chill the hearts of many soldiers in my secluded place? "

Everyone else present also changed their color.

The Land of Darkness is extremely special. The entire Darkness Mansion has been qualified to enter it for nearly ten thousand years. I am afraid that no more than the number of people who have entered it. How can this kid be able to enter it?

"Qin Shaoxia once saved Ling'er's life in the secret realm of Guixu. If it wasn't for him, Ling'er might have been brutally murdered by the Tuoba family and the dark clan. Based on this alone, he is qualified to enter it."

Palace Master Anyou said coldly: "Furthermore, who enters the dark place and who cannot enter the dark place is the decision of this government. Do you still have an opinion?"

"Brother, you are really confused. The Anyou Mansion was jointly built by us. What means did this son use to deceive you? No, I must capture him and question him properly."

When the words of the four gods fell, the body moved, and a terrifying figure shot towards Qin Chen.

boom! The whole world is boiling.

[Chapter 5153: enter together](#)

At this time, the gods of the four directions were full of murderous aura, and their big hands stretched out.

He wanted to suppress Qin Chen on the spot, press Qin Chen to death here, without giving him the slightest chance to resist.

"presumptuous!"

The God Venerable Zheng Kong was furious, soaring into the sky, punching into the sky, trying to stop the God Venerable Quartet.

"Bao Kong, you are not my opponent, don't humiliate yourself."

The gods from all directions were cold, without raising their eyelids, the big hand pressed down like this, and collided with the attack of the gods of the sky.

He heard a violent roar, and God Venerable Zhengkong flew out backwards. His whole body shook with the power of detachment, surging with hundreds of millions of powers, and the heaven and earth in all directions collapsed directly, and the entire dark place was shaking violently.

The void behind the God Venerable Zhengkong shattered directly, forming terrifying spider web-like cracks.

Seeing this scene, everyone present changed color.

God Venerable Zheng Kong is also an old-fashioned detachment powerhouse of Anyoufu, a detachment master at the peak of the first level, but he has no resistance under this blow from the God Venerable Sifang, which makes everyone not startled, how not to change color.

Qin Chen's pupils also shrank, and his body secretly gathered strength. In the face of a double detachment like the Sifang God Venerable, he did not dare to be careless at all.

A fierce killing intent shot up from his body.

war!

At this moment, endless killing intent surged out of his body, and the whole person was like a sharp sword unsheathed, about to rise into the sky.

"Hmph, brat, you are indeed arrogant. You dare to resist at such a young age."

The gods from the four directions sneered and looked cold. In his opinion, facing a strong man like himself, Qin Chen should be trembling and let himself be slaughtered, but he actually dared to resist.

Really presumptuous.

"boom!"

The aura of the gods from all directions is getting colder and colder, and the attack has not yet landed. It is just a breath that suppresses Qin Chen's body to shake, and his body seems to be split on the spot.

"not good."

At this time, Qin Chen had a feeling that if he didn't display the space **** body and expose the secret of his control over the top-level space origin Dao, this breath alone would be enough to smash his physical body directly.

Is this the double detachment?

A stern look flashed in Qin Chen's eyes, just as he was about to activate the spatial supernatural power, suddenly...

"enough!"

A stern voice resounded through the heavens and the earth, and the next moment, a figure suddenly appeared in front of the Sifang God Venerable, it was Palace Master Anyou.

Boom!

Palace Master Anyou raised his hand, and a magnificent palm suddenly surged out, colliding with the palm of the four gods.

boom!

The roar resounded, and the entire dark and secluded mansion heard this terrifying roar. In the click, the void around the dark and secluded land collapsed in an instant, forming a dark space crack of thousands of miles.

In this space crack, the power of the dark space swallows the power around it, swallowing all tangible and intangible substances.

If it weren't for the dark and secluded land, but the powerhouse of the dark secluded mansion, there were countless formations and restrictions all around, and this blow alone would be enough to cause the world and the world to collapse directly and turn into powder.

"Brother, this son is clearly a spy of foreign forces, why are you..."

"Enough, Quartet." Palace Master Anyou's face was gloomy, his eyes were hawk-like, and he said coldly: "Qin Shaoxia is the benefactor of my Anyou Palace, and letting him enter the dark place is also a promise made by this government to Qin Shaoxia. If you dare to stop again, don't blame the big brother pissed. "

Palace Master Anyou stepped forward, bang, a terrifying aura shot into the sky in his body, astonishing coercion enveloped all directions, and the entire void where Anyou Palace was located trembled at this moment, like boiling water.

A fierce killing intent bloomed from the body of the Anyou Palace Master.

His eyes were as cold as a falcon, and he firmly locked on the Divine Venerable Sifang with sullen anger. Obviously, as long as there was any change in the Divine Venerable Sifang, he would definitely attack and kill him directly. Sifang Shenzun quietly looked at Palace Master Anyou, silent for a moment, and suddenly the breath suddenly dissipated, and then he smiled and said: "Okay, since the big brother said so, then if I, as a brother, insist on taking action, that is whisked

Big brother has lost face, but I still have to remind you, big brother, some people hide deeply, you must be careful, don't be deceived. "

Hearing this, everyone around was relieved.

One is the powerhouse who has fought for many years in the Anyoufu, and the other is the palace owner of the Anyoufu. If these two people make trouble, it will definitely bring huge damage to the Anyoufu.

"Don't worry, this manor has its own measure in mind."

Palace Master Anyou saw that the four gods were no longer entangled, and could not help but nodded lightly. "Besides, eldest brother, there is another request for a brother." The Sifang God Venerable suddenly said again: "My son Sifang is about to break through the realm of detachment. This dark place is the treasure of my dark palace, and the dark place in it. Force to my son Quartet also

There are huge benefits. I don't know if the opening of the dark place will allow my son Sifang to enter it for cultivation. "

Hearing this, everyone was stunned for a moment, and then they all suddenly became stunned.

Depend on!

The four gods were originally fighting this idea.

Although the Land of Darkness is the forbidden land of the entire Darkness Palace, it is actually the ancestral land of the lineage of the Palace Master Anyou. Under normal circumstances, only the lineage of Palace Master Darkness is eligible to enter it.

Of course, in the countless thousands of years since the establishment of the Anyou Palace, in order to win over a group of masters around him, the Anyou Palace Master also opened the Anyou Palace to some heroes to enter the cultivation.

But with the age of the young master of the four sides and the contribution to the Anyoufu, it is far from reaching this standard.

However, the Quartet God Venerable is definitely enough.

It's just that the request of the Quartet God Venerable is not very easy to open.

Now, if even Qin Chen, an outsider, is qualified to enter it, then Palace Master Anyou will not be able to refuse the request of the four gods.

After all, the Sifang Divine Venerable has guarded the Dark Nether Mansion for so many years, and has made a lot of contributions to the establishment.

"Haha, this mansion is negligent. It is naturally no problem to enter the dark and secluded land with Sifang's nephew's talent. If Sifang's nephew can break through the realm of transcendence, I will add another detachment to my dark secluded mansion. There are also some benefits."

Palace Master Anyou didn't hesitate at all, he just laughed: "If that's the case, then the Sifang nephew and Ling'er will enter the dark place together."

"I still don't thank the Palace Master." The Sifang God Venerable scolded the Sifang Young Master.

"Thanks to the Palace Master from all sides."

The four young masters hurriedly stepped forward to salute.

"Haha, Sifang nephew, don't be polite." Palace Master Anyou smiled. At this time, the voice of the Sifang God Venerable sounded directly in the ears of the Sifang Young Master: "Sifang, with your cultivation base, you can already break through the transcendence realm. time breakthrough

Get out of the realm, after breaking through, you will go directly to kill that kid. The dark and secluded land can block all spiritual consciousness, and even the palace lord cannot spy on it. As long as you kill that kid, is Fang Muling still in your pocket?" The four corners of the God Venerable's mouth outlined a sneer.

[Chapter 5154: what a grace](#)

"It's my father." The young master of the four sides nodded, he turned his head and glanced at Fang Muling, who was dressed as a flower today. An evil fire shot straight up from his body, and a hint of lewdness flashed in the depths of his eyes. color.

In a dark place, shielding the consciousness, no one outside knows what happened inside. This time, he and Fang Muling entered it together. After killing Qin Chen, wouldn't he be able to do whatever he wanted with his detachment?

Thinking of this, Young Master Sifang felt inexplicably hot all over his body, ready to move.

If you can let such a girl enjoy herself under her crotch, how refreshing is this?

When a man is born, he rides the fastest horse, drinks the strongest wine, and plays with the most beautiful woman.

Of course, before dealing with Fang Muling, killing Qin Chen was his main purpose.

Looking at Qin Chen, a ferocious icy color flashed in the depths of Young Master Sifang's eyes.

Feeling the chill deep in the eyes of the Sifang Young Master, Qin Chen sneered. Although he didn't know the other party's intentions, if the other party was going to do anything wrong to him in the dark place, then don't blame him for being rude. . At this time, Palace Master Anyou thought for a moment, and suddenly raised his head: "Sifang, your words reminded me that this time, since the little girl

entered the land of darkness, then the other unparalleled people in the lineage of Anyou Palace will not be able to. If the geniuses have enough

If you are qualified, you can also enter together and accept the baptism of the dark place. "

boom!

As soon as these words came out, the heaven and the earth shook, and the entire Darkness Mansion shook, and many people showed their disbelief and excitement.

The opening of the dark place is extremely rare. Under normal circumstances, ordinary people cannot enter at all.

But now, Palace Master Anyou wants to fully open up.

What kind of grace is this?

For the first time in billions of years.

"Send my will, within a stick of incense, all the unparalleled talents who can accept inheritance in my dark palace and have sufficient qualifications can come to report and enter the dark place together." The dark palace master looked at Li Guanshi .

"Yes, Lord Palace Master."

Manager Li nodded, his figure suddenly flashed and disappeared, apparently to arrange.

In fact, there was no need for Director Li to arrange it deliberately, and the entire Darkness Mansion was completely boiling after the news came out.

"Quick, let Xu'er come here immediately, mobilize all the merits of my veins, and see if I can exchange it for a place to enter the dark place."

"I, Jara, have been fighting for the Dark Nether Mansion all my life. The origin has been damaged, the Great Dao has almost collapsed, and I have had a lot of military exploits. Hurry up and bring my military exploits book. Maybe this time, I will have the opportunity to exchange Lin'er for an entry into the Dark Nether. The qualifications of the land." "My son, the dark place is the origin of my dark place, which contains the highest and highest rules of my dark place, even in this vast universe sea, it is no trivial matter, This time, as a father, I will use my family's millions of years of merit in exchange for you

Entering it is a chance to feel once, don't let your father down and your family down. "

In the dark and secluded mansion, countless forces acted, just like a festival.

After a stick of incense.

Boom!

Li Guanshi has already brought a group of Tianjiao experts, each of which is an unparalleled genius in the Dark Nether Palace, and their cultivation bases are basically half-step beyond the peak realm.

The weakest of them is not weaker than Li Long who was defeated by Qin Chen at the beginning.

In addition, some of them do not look young, but are extremely mature and vicissitudes of life, with scars all over their bodies, and all of them are murderous, like killing gods.

These are the top powerhouses who have fought for the Dark Nether Mansion for tens of thousands of years. Although they are not detached, at least they have fought for the Dark Nether Mansion for millions of years, and they have all made outstanding achievements.

Their talent is not high, and it is extremely difficult to rely on their own to enter the realm of detachment. Half-step detachment is almost the limit of their life.

But after hearing the order of the dark palace lord, they all rushed to exchange all the battle merits in exchange for a qualification to enter the dark land.

Notice.

The Land of Darkness is the place of inheritance of the Darkness Palace, which contains the power and inheritance of the ancestors of the ancient times of the Darkness Palace. If anyone can gain the appreciation and inheritance of the ancestors of the Darkness Palace, they are afraid that they will ascend to the sky in one step.

Even if they don't get inheritance, just the power contained in this dark place is enough to reduce the difficulty of breaking through the realm of detachment by more than half, and there is a greater possibility of stepping into detachment.

detachment.

It is a level above the universe sea, and even in a force like the Dark Nether Mansion, breaking through detachment is not easy. Any detachment is a general and a heroic overlord.

Therefore, if there is no special adventure, the probability of this group of people breaking through detachment will be extremely low.

But once you enter the dark place, you will have a chance.

"Look, isn't that Tian Gu, the deputy commander of Shura Guard of my Dark Nether Mansion?"

"Tiangu fought all his life, but he was unable to step into detachment because he injured his source. If he could enter the dark place, he might be able to find a chance."

"There is also Deputy Commander Luan Feng of Sifangwei."

"The Sifang Guards have been guarding the frontier for many years, and it is normal for a few to enter the dark place."

Seeing this group of strong people, everyone talked a lot.

These people are either the top arrogance of the Anyoufu, or the top powerhouses who have fought for the Anyoufu for many years, none of them are the same generation, and they are all the living forces that have been accumulated in the Anyoufu over the years.

Any one of them breaking through detachment will strengthen the power of the Dark Nether Palace.

At this time, under the leadership of Director Li, this group of people came to the dark place one after another, and they were all excited.

"Palace Master, according to your rules, a total of thirty-four people are eligible to enter the dark place." Li Guanshi respectfully saluted.

"Okay." Palace Master Anyou glanced at everyone and sighed: "My Anyou Palace has not been as grand as it is today for many years, and today can be regarded as the opportunity of the little girl and Qin Shaoxia to let you all enter together and strengthen my Anyou Palace. ."

Hearing the words of Palace Master Anyou, everyone present was startled and looked at Qin Chen in awe.

Taking the opportunity of Qin Shaoxia?

These words are not unimportant, it is equivalent to saying to many Tianjiao powerhouses present that the reason why they can enter the dark place is because of Qin Chen. At this time, these people should remember Qin Chen's feelings. ?

What is so special about Qin Chen that makes the Palace Master so important?

Everyone speculated in their hearts.

"Okay, since it's all here, let's start."

Palace Master Anyou didn't talk nonsense. Before he came directly to the vortex in the dark place, his hands pressed directly on the vortex in front of him.

boom!

Immediately, a terrifying aura rose to the sky in an instant, like a wolf smoke of essence, surging in the sky above this dark place.

The next moment, the dark place in front of me suddenly trembled, and the formation restriction that had shrouded the vortex was dissipated in an instant.

"Everyone, come in." As the voice of Palace Master Anyou fell, swish swish, a stream of light quickly swept out, and rushed into the vortex in front of him in an instant.

[Chapter 5155: what a bad temper](#)

boom!

In the dark forbidden area, a group of people rushed into it, and the sky-shattering waves were set off in an instant. However, in just a moment, the dark and forbidden area had returned to calm, and everyone had dissipated in it.

"hey-hey."

Sifang God Venerable looked at the young masters of the Sifang who disappeared into the forbidden area, and a sneer was quietly drawn at the corner of his mouth.

In his opinion, Qin Chen was already a dead person from the moment he entered it.

the other side.

God Venerable Zheng Kong came to Palace Master Anyou, and said in a low voice, "Master Palace Master, God Venerable Sifang has asked Young Master Sifang to enter the dark place. I'm afraid he is uneasy and kind."

Palace Master Anyou said lightly, "It's not easy to see that Qin Shaoxia in this mansion. I know the plans of the Sifang God Venerable. I'm afraid, I'm afraid."

Palace Master Anyou sneered.

God Venerable Zheng Kong was startled, and hurriedly said: "Palace Master, Young Master Sifang's own cultivation is extraordinary, and he is only one step away from detachment. Once he takes the lead in breaking through detachment, I'm afraid..."

Palace Master Anyou sighed, "Then it depends on his own fortune."

At this time, in the dark and forbidden ground.

Qin Chen and his party only felt that the monstrous waves in front of them were attacking, booming, and boundless breath rushed in. The next moment, everyone had come to a vast ocean.

It is really a vast ocean, at a glance, it is boundless, and there is no end in sight.

Whoosh whoosh!

A group of strong men all appeared in this world.

"What a rich dark atmosphere."

Feeling the dark atmosphere around, everyone present showed excitement in the eyes.

"This place is truly extraordinary."

Qin Chen was also suspended in this vast world, and strands of dark energy surged in. He felt the dark energy pouring into his body, and Qin Chen's eyes also showed a hint of surprise.

Even before he started to practice, the breath of this place gave him a feeling of being ready to move.

Maybe, it is really possible for him to break through the realm of detachment here.

At this moment, Qin Chen suddenly felt a strong killing intent lingering in his heart.

I saw not far away, the eyes of several people headed by the young master of the Quartet were looking at him with cold eyes.

And some other Tianjiao powerhouses scattered one after another, not daring to stand with them.

They have also seen the previous conflict. One is the person favored by the Palace Master, and the other is the only son of the Lord Sifang Shenzun. These two are well-known figures in the Anyoufu. They can't afford it, and they don't want to provoke them.

Beside the Sifang Young Master, Luan Feng, the deputy commander of the Sifang Guard, guards several people. Although these people are above the Sifang Young Master in terms of age and position, they are all guarding the Sifang Young Master at this moment. .

"Young Master, do you want us to join forces and kill that kid directly?"

The one who spoke was Luan Feng, the deputy commander of the Sifang Guard, who was also the head of this group.

This is a strong man who has fought on the battlefield for countless thousands of years, blood-stained robes, and countless strong men who have died under his hands.

The whole person is like a blood-stained spear.

boom! He was surging with murderous intent, and suddenly, several people around came slowly, all of them were powerhouses who had surpassed the peak by half a step, and there was a surging killing intent on their bodies, obviously a group of top powerhouses, each on the battlefield

The top hero who has fought for countless years.

Such a character, any one is enough to make people change color, let alone a few people come together.

In an instant, murderous aura surged in the dark and forbidden ground, forming a terrifying storm.

"What do you want to do?"

Fang Muling's face changed, and he came to Qin Chen's side in an instant, and said coldly to Luan Feng and the others.

"Miss Fang Muling, the origin of this son is unknown. Everything he did was to deceive you. You are innocent and do not know the sinister hearts of people. We are very dark and secluded people. Miss, you are hurt."

"Yes, please step aside, Miss. Don't hurt yourself because of an outsider. If the Palace Master finds out, he will definitely be sad."

Luan Feng and others walked step by step, without any hesitation because of Fang Muling's identity.

"You... all stop for me."

Fang Mu shouted sharply.

However, this group of people was indifferent and didn't take Fang Muling seriously at all.

"Damn, everyone listens and stops them."

Fang Muling yelled at the others around him.

Everyone looked at each other with hesitation on their faces, but no one stepped forward. Although Fang Muling is the eldest lady of the Anyou Palace, the status of the Sifang Young Master is not extraordinary, not to mention that in the outside world, the Sifang God Venerable was so disobedient to

the Anyou Palace Master, and the Palace Master did not punish the Sifang God Venerable. It can be seen that the Palace Master adult heart

They are still very fond of Lord Sifang Divine Respect, how dare they be such wicked people.

If Luan Feng and others were targeting Fang Muling, they would naturally not watch it, but they were only targeting an outsider, and they would not tear their faces away from someone like Young Master Sifang because of an outsider.

"you..."

Seeing that no one took action after seeing her order, Fang Muling's face suddenly became extremely ugly. She was about to scold again when suddenly, shuh, a figure appeared on the battlefield.

"Everyone, go back, this is a dark place, it's rare to come in once, why waste time on conflict."

The person who came was the deputy commander of Shura Weitian Valley. He looked indifferent and said lightly.

"Tiangu, what do you mean?" Luan Feng frowned.

"The eldest miss is the heir of my Anyou Mansion. As the citizens of the Anyou Mansion, we naturally have to obey the eldest lady's orders. How can we disobey the eldest lady's orders." Tian Gu said coldly.

"Tiangu, are you out of your mind? You know that the eldest lady has been bewitched by this son. Killing this son is to save the eldest young lady." Luan Feng said coldly.

"I don't care about these, as long as it is the order of the eldest lady, I will naturally follow it."

Tiangu was unmoved.

Whoosh whoosh.

At this time, several streams of light flashed in. Obviously, the deputy commander of Tiangu took the lead. Naturally, there were other people who were not afraid of offending the young masters of the four sides and guarded Fang Muling.

"you..."

Luan Feng was surging with murderous intent, his eyes were cold and booming, the terrifying aura in his body burst out instantly, and he was about to shoot.

Sudden-

"Okay, Luan Feng, stop, let's go."

A cold voice came, and the young master from the four sides stopped him.

"Young Master..." Luan Feng said hurriedly.

"listen to me."

Young Master Sifang said lightly, then looked at Qin Chen and Tiangu with cold eyes, snorted coldly, and turned away instantly.

"Humph!"

Seeing this, Luan Feng and others also gritted their teeth, snorted coldly, turned around and followed, leaving only Tiangu and Qin Chen.

"Your Excellency, if I find out what conspiracy you have against Eldest Miss in the future, I will never forgive you."

Deputy Commander Tiangu turned around, first glanced at Qin Chen coldly, and then bowed his hand at Fang Muling, "Miss, I'll retire."

After the words fell, Tian Gu and the others left instantly.

Qin Chen touched his nose.

What's wrong with these guys?

At this time, Fang Muling leaned directly up and took Qin Chen's arm, "Qin Chen, let's go." Qin Chen froze.

Chapter 5156 The same lineage

at this time.

The young masters of the four sides are quickly flying in the dark place.

Luan Feng approached the Young Master Sifang and asked in doubt, "Young Master, why didn't you let your subordinates kill that kid just now?"

Young Master Sifang glanced at Luan Feng and the people around him who were puzzled, and said solemnly, "Everyone, that kid's strength is extraordinary and should not be underestimated. It's not that easy to kill him."

Young Master Sifang knows Qin Chen's strength well, and it is by no means ordinary.

Luan Feng frowned and said, "Young Master, no matter how strong this son is, he is only half a step away from the peak. Where can he get stronger? Above the border, the half-step peak detachment that subordinates kill is not one or two. Well, I'm waiting for so many people to join forces, isn't it easy to kill that kid?"

"Yes, if you want me to say, I should have done it just now and killed that kid." Someone sneered.

"Presumptuous, are you questioning the decision of the Young Master Sifang?"

"Of course I didn't mean that. It's just that this is a dark place. If that kid makes a breakthrough with his strength, I'm afraid it will be even more difficult to kill him."

"Hmph, with so many of us, isn't it better than him to break through first as a kid?"

There was a lot of discussion.

"Okay, enough!"

Young Master Sifang glanced at a few people coldly, and said coldly: "You don't know the strength of that kid, it's by no means ordinary, if there are no other people around, we might be able to kill him together, but there is Miss Fang Muling. With Deputy Commander Tiangu and them, I am afraid that I may not be able to target so many people with my current strength."

"The most urgent task is to break through the realm of detachment as soon as possible."

Having said that, Young Master Sifang's eyes were faint, and a black medicinal pill appeared in his hand instantly.

"Reincarnation Dan?"

Seeing this medicine pill, everyone was shocked, and their expressions were extremely excited.

Reincarnation Pill is one of the top elixir in this universe.

It should be noted that the realm of transcendence is also called the realm of reincarnation and fate. Just like its name, the most important thing is to transcend the samsara of this universe.

And this reincarnation pill contains the power of reincarnation, which is refined by part of the origin of a transcendental powerhouse after the death. Once taken, it can make people realize the meaning of reincarnation very quickly.

And it is rumored that the young master of the four sides has been able to break through the realm of detachment long ago, but he has been suppressing his cultivation. Now, with the help of this dark place, coupled with this reincarnation pill, the young master of the four sides is very likely to be in just a few days. Inside, break through the realm of transcendence.

"Reincarnation Pill, I can't believe that Lord Sifang has found such a treasure to give to the young master."

"With this reincarnation pill, the young master is afraid that he will be able to break through the transcendence realm in just a few days, then what will Qin Chen care about?"

"No wonder the young master will stop me from waiting, waiting for the young master to break through the realm of detachment, and killing that Qin Chen is not as simple as crushing an ant?"

Everyone was very excited, and there was excitement in their eyes.

Under the excitement of the crowd, the Young Master Sifang had a calm expression, and there was a hint of coldness in his eyes. The next moment, this Samsara Pill was directly put into his mouth.

In an instant, a terrifying detachment aura burst out from the body of the young master from the four directions.

Boom!

The entire dark and secluded place vibrated in an instant, and a harsh roar erupted.

"Quick, protect the young master."

Deputy Commander Luan Feng shouted loudly, swish swish, a group of people quickly surrounded the Sifang Young Master, entrenched around the Sifang Young Master, forming a powerful guardian formation.

boom!

A group of people cultivated together, and in an instant, countless detached breaths rose into the sky, forming a terrifying storm in this dark place.

At this point, where on the other side.

Qin Chen and Fang Muling also came to a hidden place.

"Qin Chen, the dark place here is the most dense. You can practice here and get twice the result with half the effort."

Fang Muling radiated a faint light all over his body, like a celestial immortal who fell from the sky, and brought Qin Chen to a place where the dark and dark aura was surging.

Qin Chen walked into it, and he really felt that the power of darkness here seemed to be much stronger than other places.

"I'm cultivating not far from you, remember to call me if you have something, and, although the man from the four directions has not done anything to you before, but this person is narrow-minded, and he will report back. I guess he must first break through the realm of detachment, and then deal with it. You do it, you must be careful."

Fang Muling said something to Qin Chen, turned around and left quickly.

Because she knows that when anyone is cultivating, they don't like to have other people beside them. After all, everyone has their own secrets.

Qin Chen sat cross-legged, he did not perceive it immediately, but carefully observed this dark place.

After a while, he completely understood how amazing this dark place was. It was full of energy, and it was very advanced.

So many ocean-like forces are constantly surging, like a tsunami, majestic and magnificent, as if they are endless, how much essence does this dark place have?

Qin Chen closed his eyes and didn't think much about it. He was comprehending the Dao under the impact of the dark power around him.

The first thing he did was to urge the An Luotian Rule to be obtained from the Crystal Monument of Desolation that he obtained in the Nether Star River.

hum!

When Qin Chen moved, in an instant, Qin Chen's whole body glowed, and at the same time, he saw that there were all kinds of rune fragments in the ocean of this dark place, crystal clear and flickering amazingly. The light contains the breath of the supreme avenue.

"What is this?"

Qin Chen was taken aback.

These rune fragments contained a top-level rule atmosphere, which made Qin Chen's heart move and thoughtful.

"It's no wonder that this dark place allows people to practice breakthroughs. This place should be transformed by a top-level avenue. These rune fragments are the power of rules formed by this top-level avenue."

Staring carefully, Qin Chen immediately realized the beauty and saw the truth.

His whole body glowed, and in an instant, countless rune power surged from all around him, and quickly entered Qin Chen's body.

boom!

In Qin Chen's body, a powerful dark aura instantly spewed out.

"It really is."

Qin Chen opened his eyes, and found that all kinds of runes in the dark place accelerated and multiplied, surrounding him.

"The dark Luotian rules I practiced can actually directly absorb the power of the rules in this dark place?"

Feeling the changes in his body, Qin Chen couldn't help being surprised.

Because he felt that the power of An Luotian that he cultivated back then came from the same source as the rules of this dark place.

"With the help of An Luotian Rule, the speed at which I absorb the power of darkness is probably more than ten times faster than that of ordinary people."

Qin Chen was excited.

Others can only improve themselves by absorbing the power of darkness, which will cause huge losses, but Qin Chen can directly improve himself by absorbing the power of rules from the power of darkness around him. Can't compare at all.

boom!

For a moment, Qin Chen's body faintly had a detached aura surging out.

And when Qin Chen quickly absorbed the power of the rules here...

boom!

In the dark sea in the distance, a detached breath spurted out in an instant, shaking the entire dark place.

[Chapter 5157: reincarnation](#)

This is... At this moment, everyone in the dark place changed their color and looked at the distant place where the sky and the earth were, and there was a look of astonishment in their eyes.

"It turned out to be the power of reincarnation?"

"Who is breaking through the realm of detachment?"

Many people were shocked and heartbroken.

It should be noted that the reason why everyone present was unable to break through the realm of detachment was because they had not yet mastered the real power of reincarnation, and at this moment, some people actually realized the power of reincarnation.

Once the power of reincarnation is mastered, it means that the person will achieve detachment in a very short period of time and become a real detachment.

"This breath is the young master of the Quartet."

"He did go in that direction just now."

"It is rumored that the young master from the four sides has reached the peak of his cultivation, and is only one step away from the realm of detachment. When he fought against Qin Chen before, he tried to break through the realm of detachment, but was blocked by the ancient **** of war, and now he has entered this dark and secluded realm. Earth, breaking through the realm of detachment is a matter of course, but, is this too fast?"

"How long has it been?"

Many people were shaken, and their hearts were full of mixed feelings, and all kinds of thoughts flickered.

It should be noted that these people are the leaders in the dark and secluded mansion, and each cultivation base is only one step away from detachment, but this one step has hindered them for countless years, and now they have just entered the dark and secluded land. They have already begun to break through the realm of detachment, which makes their inner feelings extremely complicated.

Fang Muling looked at the dark place surging in the distance, and there was a trace of worry on his face.

"If the four sides break through detachment, they will definitely target Qin Chen. No, I must also break through detachment as soon as possible."

A hint of determination flashed in Fang Muling's eyes, and he quickly swallowed the Void Divine Rune Fruit. Boom, in the flesh, a clear breath bloomed, and the whole person was completely immersed in this dark power. , the body is rapidly transforming and evolving.

On the other side, Qin Chen also raised his head and felt the change in the aura in the distance.

"The Quartet is breaking through detachment?"

It can be learned from. "

Qin Chen didn't panic in the slightest, and he focused on sensing the distance and the changes in it.

At this moment, the outside world of the dark place.

Palace Master Anyou and others stood here quietly, waiting quietly.

For someone like Palace Master Anyou, who has a long life expectancy and has lived countless years, waiting here is just a flash.

At this moment, the group of people suddenly raised their heads and looked at the dark place in surprise.

Although the dark place is full of restrictions and is shrouded by the formation, it is extremely difficult to feel the general movement, but who is the character present?

Each is a detached giant, and some larger movements will naturally be felt.

"Someone is breaking through detachment?"

Palace Master Anyou's eyes flashed, and everyone else was surprised.

too fast.

How long has it been in?

Someone was breaking through and detached, and this breath... Everyone looked at the gods from all directions. ΚάιδΛύ5.ζά

Because this aura is very similar to the four gods, and belongs to the same vein.

"Haha, congratulations to the Sifang Divine Master, it seems that the Sifang is of the same lineage, and there is one more detachment."

"Young Master Sifang is indeed the unparalleled arrogance of my dark secluded mansion, which is admirable."

"congratulations."

A group of people laughed and said congratulations.

The Sifang God Venerable smiled and bowed his hands to everyone: "Haha, you are welcome, the child has just begun to break through. Whether he can become detached is still unpredictable."

Having said that, he was overjoyed in his heart. Now that he has reached this stage, it is a matter of course to break through and become detached.

in the dark place.

Boom! A sky-shattering aura erupted, and the formed storm lingered in all directions in an instant, and the amazing power of reincarnation surged, and between heaven and earth, a terrifying dark calamity suddenly appeared. ωωw.ΚΑΪδhu(五).ιá

The rolling dark clouds surged like an abyss, with the amazing power of the cosmic sea surging in it.

"It's the calamity of reincarnation!"

"Quick, protect the law for Young Master Sifang."

"Protect the four young masters."

Luan Feng and the others showed excitement one by one, and they shouted fiercely.

The first level of transcendence is called the reincarnation fate. In addition to mastering the power of transcendence, one must experience the baptism of the universe's fate, and the terrifying abyss formed now is the reincarnation fate of the universe.

Once you pass through it, you can escape from reincarnation and truly transcend the universe.

But once it can't be crossed, it will vanish into thin air and be completely annihilated.

This is the biggest problem in becoming detached.

boom! A terrifying aura shot down from the sky, which contained an astonishing force of life and calamity, and instantly slammed into the four young masters below. wǎp.kāNsHμ⑤.ξA

"stop!"

Luan Feng and the others roared, rising into the sky one by one, urging the formation to form a terrifying defense, and the next moment, with a bang, all of these people were blasted out, covered in blood and in a state of embarrassment.

A trace of the power of fate poured into their bodies to annihilate their souls.

How can a breakthrough beyond the realm be disturbed by others?

This reincarnation of life robbery will naturally be angry.

At this moment, a figure rose up into the sky, it was the young master of the four directions. He was full of heroism and his long hair was dancing, like a **** descending, rushing straight into the vast sea of fate, as if to fight the endless fate.

boom! The black cloud of fate in the sky was furious, rolling in, and madly slammed into the body of the young master of the four sides, but was forcibly carried down by the young master of the four sides.

His face was ferocious, like a ghost, he looked up to the sky and howled, with an unprecedented firmness in his eyes.

"I have been cultivating hard for so many years, suppressing my cultivation, and not breaking through detachment, in order to achieve higher achievements, a small life calamity reincarnates, what can I do?

break! "

The young master from the four directions roared, and he jumped into this boundless sky, rushing into his body, slamming him with blood, but he was not afraid at all. Neutralize these forces of fate.

These medicinal pills were collected by Sifang God Venerable after spending countless energy, for his breakthrough at this time.

Boom! The endless calamity fell, completely wrapping the young masters of the four directions.

Below, Luan Feng and the others looked at the sky of the endless dark place nervously, and saw a figure rising and falling in the rolling calamity, and finally, with a bang, an indelible breath emerged from the figure. Swept out, shocking nine days and ten places.

Under the eyes of the public, this figure slowly fell, like a god, full of infinite power.

"My subordinates have seen the young master."

"Congratulations to the young master, you have achieved the supreme, and stepped into detachment!"

Luan Feng and the others looked at the figures in the sky, their eyes were excited, and they knelt down one by one.

That figure is the young master of the four sides, and his body is surging with a palpitating aura, and he has already broken through to the realm of detachment.

Some people died, but not completely...

After the endless coma, Shi Yu suddenly got up from the bed. He took a deep breath of fresh air and his chest trembled.

Confused, puzzled, all kinds of emotions flooded into my heart.

where is this?

Afterwards, Shi Yu looked around subconsciously, and then became even more at a loss.

A single dorm?

Even if he was rescued successfully, he should be in the ward now.

And my own body... how can I not hurt at all.

With doubts, Shi Yu's eyes swept across the room quickly, and finally his eyes stopped on a mirror by the bedside.

The mirror showed his current appearance, about seventeen or eighteen years old, and his appearance was very handsome.

The problem is, it's not him! My previous self was a handsome young man in his twenties who had been working for a while.

And now, no matter how you look at this appearance, it is only the age of a high school student...

This change left Shi Yu stunned for a long time.

Don't tell him the operation was a success...

The body and appearance have changed. This is not a matter of surgery or not at all, but an immortal technique.

He turned into a completely different person!

Could it be... did you pass through by yourself?

In addition to the mirror at the head of the bed, which was clearly placed in a bad feng shui position, Shi Yu also found three books beside him.

When Shi Yu picked it up and took a look, the title of the book instantly silenced him.

"Necessary Animal Breeding Manual for Novice Breeders"

"Postpartum Care of Pets"

"Evaluation Guide for Alien Beast Ears"

Shi Yu: ???

The names of the first two books are pretty normal, what about the last one?

"cough."

Shi Yu's eyes narrowed and he stretched out his hand, but his arm froze soon after.

Just as he was about to open the third book to see what it was, his brain stabbed violently, and a flood of memories flooded in.

Icefield City.

Animal breeding base.

[Chapter 5158: multiple rounds](#)

In the boundless world, the reincarnation of fate surging one after another, floating and sinking behind the young masters of the four sides, set him off like a god.

At this time, the young master of the four sides is covered with the terrifying power of reincarnation, because at this moment, he has just broken through detachment, and his body is when the power of reincarnation is at its strongest. "Everyone, don't waste the opportunity, immediately feel the power of this reincarnation fate, as long as you can absorb and feel a little bit of this reincarnation fate, the faster you will break through the realm of detachment in the future, even if you can't break through detachment in the end.

The realm may also be able to fight with the general detachment. "

Young Master Quartet opened his mouth.

His whole body glowed, his long hair fluttered, and a terrifying aura bloomed between his gestures, really like a god.

At this time, although he has already broken through the realm of detachment, the breakthrough has not yet ended, and it is the best time for him to consolidate the realm of detachment.

The reincarnation fate calamity represents multiple fates. After the breakthrough, the more power he absorbs and condenses, it naturally also means that he has a deeper background in this realm.

After an ordinary person breaks through the realm of detachment, he will stop cultivating after he can no longer absorb the power of samsara, thinking that he has completely broken through, but in fact, this process is not over yet.

His father is a double detachment. He knows more than the average powerhouse. That is, at this time, he is full of the power of reincarnation and fate, and can continue to drive the cloud of reincarnation to endure the baptism of the power of reincarnation.

Although his physical body can no longer absorb the power of fate, but through baptism, he can continuously temper his physical body, which will be of great help to his future breakthroughs.

And the most important thing is that by continuing to provoke the fate of the reincarnation of the robbery, Luan Feng and others can also realize a trace of the power of reincarnation.

Luan Feng and the others are under his father's command, and now he has broken through the realm of detachment.

"Come, come and feel this power, so that you can break through the realm of detachment as soon as possible."

The young master from the four directions snorted coldly, followed his words, and with a loud bang, the power of heaven and earth was aroused. In an instant, the power of reincarnation that was about to dissipate became even more terrifying, like a dark abyss constantly descending into a dark waterfall.

"Thank you young master."

Luan Feng and the others were overjoyed. Knowing the intention of the Sifang Young Master, they flew up one by one and came to the Sifang Young Master's side to realize the power of the samsara.

Of course, they were just comprehension, and did not dare to contact or approach them, because with their current cultivation, even if they were exposed to the weakest power of reincarnation, they would not be able to bear it, and they would lose their souls on the spot.

boom!

In an instant, this place turned into an ocean of infinite reincarnation, and a dazzling glow erupted.

"Hey, this is... Young Master Sifang succeeded in breaking through the realm of detachment?"

"Unbelievable, it's only been a few days since I came in? I have another detachment in the Anyoufu?"

"The young master of Sifang is not the son of the gods of the four sides, and the father of the tiger has no son of the dog."

In the distance, the remaining cultivators in the dark place all looked at this place in amazement, with envy in their eyes. Although they are all leaders in this dark palace, each of them is half-step detached from the peak, but the realm of detachment is too difficult to break through. It is certain that even they have entered the dark land during this trip. ,but

In the countless years to come, the number of them who can break through the realm of detachment will not be detached.

Detachment represents the highest level of combat power in the sea of cosmos, how can it be so easy to break through?

"Boom!"

The sound of rolling thunderclouds surged, and the heaven and earth where the young masters of the four sides were located seemed to have endless storms surging.

"Hey, what's going on? According to the ancient records, the young master of the four sides should have just broken through the realm of detachment, why is he still transcending the calamity?"

Some people were surprised and puzzled. "The power of Samsara Fate Tribulation has gathered, but there is no attack power. Young Master Sifang is baptizing his body and consolidating his cultivation, because the power of reincarnation in his body is still extremely vain after breaking through. let oneself

Once his body strength is stabilized, the most important thing is that the more times he passes through reincarnation, the higher his future achievements will be. "

On the side, Tiangu opened his mouth and broke it in one sentence.

After all, Anyoufu is a top-level force with a long heritage, and it is not only the young master from the four sides who knows these contents.

"It's actually like this? Can reincarnation be passed through many times?"

The man was surprised, with a look of astonishment.

He only heard that after passing the reincarnation life calamity, he can achieve detachment, but he did not know that he could pass through many reincarnations. "It's natural, there are many kinds of reincarnations. Most people can go through it once, but some people can go through it multiple times. It is rumored that the current Palace Master of our Darkness Palace was the top genius who went through five reincarnations back then. , so we can step into the second

The realm of heavy detachment is even expected to touch the threshold of triple detachment. Tiangu sighed, "It is said that the most powerful Tianjiao in the universe can even survive six or seven reincarnations. He was the strongest person before. is to consolidate

I hope I can go through many cycles. "

"It now seems that one reincarnation is definitely not his limit." Deputy Commander Tiangu looked complicated. His ancestors also had a double detachment, but it was hundreds of millions of years ago. Later, his ancestors fell and never again. After detachment, his vein has not fallen, how can he not

envy. "Hey, this time, Luan Feng and others will be blessed. Although they can't touch the power of fate, they can gain insight by approaching the young masters of the four directions. With such an opportunity, their hope of breaking through the realm of detachment is better than mine. wait until

Less than 30% increase. "

Deputy Commander Tiangu shook his head and practiced again.

On the side, the others also showed envy on their faces, and their hearts were mixed.

How good would it be if they could reach the power of this reincarnation as well?

It's a pity that they can only be envious. Without the protection of the young masters from the four directions, once they take the initiative to approach the reincarnation fate, as long as they get a trace of it, they will end up in a state of disintegration, and no one can save them.

However, what everyone did not expect was when the young masters of the four sides continued to pass through reincarnation.

A figure has quietly come under this vast thundercloud of reincarnation.

It was Qin Chen.

"Is this... the power of reincarnation?"

I saw Qin Chen looked up at the sky and probed his hand slightly. A trace of the power of reincarnation and fate suddenly wrapped around his palm and jumped up on his palm.

If anyone sees this scene, they will be shocked and shout that Qin Chen is crazy.

This is the power of the Thunder Cloud of Reincarnation, which can only be touched by the detachment-level powerhouse. In addition, anyone who is under detachment dares to touch it, and it will definitely be the end of the soul.

Before Luan Feng and others only touched a trace, they were all blasted out, and they were seriously injured. Is Qin Chen dying?

Sure enough, after this trace of Reincarnation Life Tribulation came into contact with Qin Chen, it immediately blasted into Qin Chen's body like an angry lion.

boom! The terrifying power of reincarnation and calamity enveloped Qin Chen in an instant, smashing him completely.

[Chapter 5159: run away](#)

boom!

The terrifying power spread to Qin Chen's limbs in an instant.

Just when this force was about to tear Qin Chen's body apart, there was a buzzing sound, and suddenly, a special force in Qin Chen's body surged directly and violently suppressed this force.

It is Qin Chen's divine emperor totem power.

Qin Chen's body has been penetrated into the power of the source of the dark family, and he has seen the real power of reincarnation for a long time, and naturally he will not be easily crushed by this power of reincarnation. I saw Qin Chen activating the totem of the **** emperor and constantly crushing the power of this reincarnation fate. This power of reincarnation felt the danger, and suddenly struggled frantically, trying to break free from Qin Chen's shackles. However, Qin Chen's body source of power

The movement was actually suppressing the force of this reincarnation of life and calamity into Qin Chen's fleshly body.

In an instant, Qin Chen's fleshly body had an aura of reincarnation surging.

"As expected of the power of reincarnation, is it so powerful?"

Feeling the breath of reincarnation in his body, Qin Chen couldn't help showing ecstasy on his face. Qin Chen's current cultivation has already reached the limit of half-step beyond the peak, and it is almost impossible to go further, but the power of reincarnation and calamity that the four young masters have broken through has brought Qin Chen's body once again. a little mention

Lift.

"Okay, very good. With this power, I can break through my cultivation to a higher level. If I don't achieve detachment, it is better than detachment. At that time, the hope of breaking through the detachment realm will be greater."

Qin Chen was ecstatic in his heart, and suddenly absorbed the power of reincarnation and fate surging from all around.

boom!

In an instant, the infinite power of reincarnation was madly absorbed into the body by Qin Chen.

This can easily erase the power of a half-step peak detachment from the samsara life calamity, but at this time, it is like a trickling river, which is constantly absorbed by Qin Chen, fused, and turned into Qin Chen's own power.

That's all, at the same time Qin Chen absorbed the power of reincarnation, Qin Chen directly introduced this power into the chaotic world in Guyu Pagoda.

"This power of reincarnation is not only of great benefit to me, but also to Sisi and the others."

Boom!

I saw that in the chaotic world, the rolling power of reincarnation surged, and it came down in an instant, forming a terrifying cloud of robbery on the sky of the chaotic world.

"what is this?"

Whoosh whoosh!

In the chaotic world, Honghuang Zulong and others rose to the sky in an instant, looking up at the sky in horror, with a look of shock in their eyes.

The strength of the power surging in the sky made the Ancestral Dragons of the Wilderness feel that as long as they touched a single touch, they might be dissipated and annihilated directly.

"This is the power of reincarnation, once absorbed and passed, you can enter the realm of detachment."
At this time, Qin Chen's long voice echoed in the chaotic world: "Qianxue, Ruyue, Sisi, and Zulong. ,

Blood River, Sword Demon seniors, you can feel the power of this reincarnation, once you can grasp a little bit, you will enter the transcendental realm in the future.

The world will be at least several times easier. "

"Anything like that?"

Honghuang Ancestral Dragon looked sluggish, and the next moment, he instantly turned into a huge dragon body, rushed to the sky in an instant, and entered the power of reincarnation.

boom!

"what!"

Suddenly, a shrill scream sounded, and Honghuang Zulong fell down with scars, blood and embarrassment. Qin Chen's voice sounded again, "Be careful, everyone, the power of reincarnation is extremely terrifying, even if it's just a little bit, it's enough to make a half-step transcendence peak powerhouse fly away and fall on the spot, but in the chaotic world, heaven and earth are affected.

I am in control, you can feel at ease, but it is best not to directly enter the robbery cloud, so as not to suffer too much damage. "

"Fuck... you didn't tell me sooner."

Honghuang Ancestral Dragon grimaced in pain, and the dragon scales on his body were broken, and he was about to become a blood dragon.

"Make yourself anxious."

Blood River Saint Ancestor laughed.

Immediately, a group of people directly realized the power of this reincarnation.

A large amount of the power of reincarnation was continuously sent into the chaotic world by Qin Chen. outside world.

Qin Chen absorbs faster, boom, the power of countless reincarnations and calamities poured in, and Qin Chen quickly transformed it into his own power.

If anyone sees the changes in Qin Chen's body at this moment, they will be shocked. Qin Chen obviously did not break through the realm of detachment, but the speed at which he absorbs the power of reincarnation is actually much faster than that of a detached powerhouse.

What the heck.

Even the young masters from the four directions below the cloud of reincarnation and fate robbery faintly felt that something was wrong.

He looked up at the sky and couldn't help frowning and said, "Strange, why did the power of fate in this reincarnation suddenly weaken a lot? I am now on the second reincarnation, and the power of reincarnation that should be generated will be stronger? Why is it weakened instead? a lot?"

He was puzzled, but he couldn't find the problem at all, and just continued to practice.

one day.

two days.

Three days!

boom!

On the third day, a terrifying aura of reincarnation suddenly erupted from Young Master Sifang.

"Hahaha, the second reincarnation was successful, continue."

The Young Master Sifang felt the breath of reincarnation on his body and showed ecstasy. He had passed through the second reincarnation and was about to enter the third reincarnation.

Boom!

Between heaven and earth, the power of reincarnation and fate has gathered again, becoming more terrifying and terrifying.

The power of the third reincarnation is naturally superior to the second reincarnation.

"Cool!"

In a hidden place in the dark and secluded land below, Qin Chen's whole body glowed, and the power of reincarnation and fate he absorbed soared again, and his body was crystal clear, as if he was about to ascend.

Obviously he is not detached, but the power of reincarnation that can be absorbed is more than that of the four young masters.

"Strange, how come the power of the three reincarnations is not much stronger than the power of the second reincarnation?"

Under the endless cloud of calamity, the young masters from the four directions looked puzzled.

But he obviously didn't have time to investigate too much, and he fell into the breakthrough again.

three days.

six days.

Ten days!

This time, ten days have passed, and the aura of reincarnation in the young master of the four sides has skyrocketed again.

boom!

A shocking reincarnation breath swept across the four directions, forming a terrifying storm.

"Congratulations to the young master of the four sides, the three successful reincarnations."

Luan Feng and the others were excited and ecstatic.

The young master of the four sides was also full of energy, like a god, but the next moment, his face changed, and he hurriedly raised his head to see the cloud of reincarnation above his head, which was dissipating quickly.

"This... what's going on? I've only passed through three reincarnations, how did Jieyun disappear?"

The young master from the four sides looked frightened and angry, and his face instantly became extremely ugly.

Three times of reincarnation, although in the eyes of general detachment, it is already extremely perverted and can be called heaven defying, but it is far from enough for a proud and arrogant person like the young master of the four sides.

It must be known that Palace Master Anyou has spent five reincarnations back then.

Why did he only three times?

What the **** is going wrong?

At this time, not far away, Qin Chen felt the robbery clouds gradually dissipating in the sky, and his expression couldn't help but be stunned: "Uh, it seems that I absorbed too much of the power of reincarnation before, causing the four young masters to connect four. The Second Tribulation Cloud was not formed."

"Get off first."

Qin Chen's figure flickered and disappeared instantly. If he doesn't run, he will be discovered by the four young masters.

[Chapter 5160: about to act](#)

Whoosh!

In the depths of the endless dark place, a figure quickly emerged and slowly fell.

It was Qin Chen.

At this time, Qin Chen was surrounded by the power of reincarnation. If he was not someone who knew the bottom line, he would even think that he had already broken through.

"That's right, I'm afraid I'll make a lot of money this time. This young master from the four sides is really my lucky star? It's really a wise choice to let him enter this dark place."

Feeling the terrifying power all over his body, Qin Chen's mouth curved into a smile.

The next moment, he slammed a punch.

Boom!

The void vibrated, and a huge black gap appeared in the dark place in front of him in an instant, and the terrifying spatial shock around the gap surged, annihilating everything.

"The power of reincarnation is really strong. With this power of reincarnation, I am in the control of space one, how many times stronger than before?"

Qin Chen murmured, shocked inside.

At this moment, he finally understood what detachment was.

After reaching detachment and possessing the power of reincarnation in his body, he can control the power of the cosmic sea. The power of the cosmic sea is no longer a restraint for him, but a help.

Under such circumstances, urging any regular attack will be at least ten times stronger than before breaking through.

This is the reason why the detached strong man is truly powerful.

"Communication rules, utilization rules, evolution rules, not bound by the rules of the cosmic sea, it turns out that this is the so-called detachment, the so-called transmigration."

Qin Chen murmured, excited.

The breakthrough of the Young Master Sifang gave him a lot of inspiration, not only allowing him to absorb enough of the power of reincarnation, but also allowing him to have a deeper understanding of the transcendence realm.

In the past, although Qin Chen felt the power of the source of detachment powerhouses such as the ancient gods and gods, but on paper, it was shallow. This time, he personally realized the breakthrough of the young master of the four sides, and Qin Chen really understood what it means to be detached. .

As soon as he raised his hand, Qin Chen only felt that his whole body was very transparent, and an unprecedented terrifying aura lingered around him.

At this moment, he has a faint feeling that if he punches out, he can even directly blast the world.

"This time, I am more confident in breaking through the realm of detachment."

Qin Chen murmured and closed his eyes to practice.

Not only Qin Chen.

in a chaotic world.

boom!

The power of endless reincarnation and fate is surging. Qin Chen did not absorb the power of reincarnation in the chaotic world, and left it all to Sisi and the others, making them completely immersed in this terrifying force.

"Reincarnation, reincarnation, so this is reincarnation."

Honghuang Zulong and others are bathed in the power of this endless reincarnation, as if they have gained a new life.

The power of this reincarnation gave them a real understanding of the transcendence realm. "Gagaga, the power of this reincarnation is so strong, if I can break through this ancestor, wouldn't the mother dragon under this world be left to me to choose? Hmph, will I dare to see that little girl Ao Ling at that time? I'm pulling my ancestor's dragon ear, but I am

How can a dignified ancestor dragon be bullied by a female dragon? This ancestor is the head of the family. "

Honghuang Zulong thought in his heart and looked excited.

boom!

And at this moment, there was a sudden wave of amazing aura fluctuations in the distance.

Honghuang Ancestral Dragon hurriedly looked up and saw that above the endless sky, four silhouettes gathered, one by one bursting out with amazing breath, this breath, even faintly suppressed its breath.

"The first mistress, the second mistress, the third mistress, the fourth mistress?"

Seeing these four figures, Honghuang Ancestral Dragon suddenly widened his eyes.

These four were none other than Qianxue, Ruyue, Sisi and Wan'er.

"Damn, is there any reason for this?" Honghuang Zulong wailed. He was a chaotic **** and demon born at the beginning of the universe. It has been countless epochs and years since he entered the peak and supreme realm, and Sisi and the others are only emerging in this era. Jiao Chu, how to deal with detachment

In terms of perception of the world, is it more powerful than it?

"It must be Qin Chen who opened a small stove for them. Sigh, it would be great if the ancestor was also a woman. If you find a powerful man, you don't have to work so hard."

Honghuang Zulong cursed and hurriedly realized it again.

Whether it is to revive family status or something else, it must break through as soon as possible. at this time.

Outside the dark place.

"It seems to be quiet inside?"

"Could it be that Young Master Sifang succeeded in breaking through?"

"Congratulations to the palace lord, congratulations to the four gods, there is another giant in my dark palace."

A group of strong people said with joy.

"Haha, you are too polite." Before Palace Master Anyou could speak, the Divine Venerable Sifang laughed out loud.

A double detachment, which is rare in the long history of Anyoufu, it can be called a good story.

"Hmph, these four gods are too presumptuous, making it seem like he is the palace master."

Seeing the arrogant and complacent appearance of the God Venerable Sifang, the Venerable Kong Kong couldn't help but snorted coldly, his eyes unhappy.

"Zhengkong, don't talk nonsense, he breaks through the detachment in the four directions, and it is also a great thing for my dark and secluded mansion."

On the side, Palace Master Anyou reprimanded, then smiled and nodded.

There is one more detachment in Anyoufu, which is indeed a big happy event for Anyoufu.

Sifang Divine Venerable laughed, but his heart sank slightly. "I don't know how many reincarnations that kid from Sifang has passed through? In half a month, three reincarnations should be fine, but four reincarnations are not enough. If it is only three reincarnations, then in the future..." Sifang God Venerable felt a little in his heart.

some regrets.

He had gone through three reincarnations that year, which was two times worse than the five reincarnations of Palace Master Anyou.

Although, today, he is in the double detachment realm like Palace Master Anyou, but the potential between the two is not the same. Palace Master Anyou is expected to touch the triple detachment, and he is afraid that he will only be able to reach the peak of the second level in this life. He is extremely ecstatic that other detachments can enter the second level, but he is very ecstatic about the ambitious Quartet God Venerable. say, this

It's not enough.

"According to the information, it is very likely that the kid has obtained the inheritance in the secret realm of returning to the ruins. If the kid from the four sides can obtain the inheritance from him, then my future may not stop at the second level."

A divine rainbow burst out from the pupils of the gods of the four sides: "That kid from the four sides, should he be about to act?"

A sneer was quietly sketched at the corner of the mouth of the four gods.

in the dark place.

The young master from the four directions was surging with the breath of reincarnation and slowly fell.

Below, Deputy Commander Luan Feng and others knelt on the ground one after another, with a respectful expression, "I have seen the young master."

"Very well, everyone, get up."

As soon as the young master from the four sides raised his hand, an invisible force was born, and in an instant, Luan Feng and others were lifted up, causing the eyes of Luan Feng and others to show shock.

Just half a month ago, the young masters of the four sides were still close to their cultivation base, but now, the gap between the two is like a chasm.

However, after absorbing a trace of the power of reincarnation, their strength has also improved dramatically, and they are more than a star and a half stronger than before.

"Young Master, should we go find that kid now?"

Luan Feng took a step forward, Hong Sheng said, murderous intent flashed across his pupils.

"It's indeed time to go." A sneer traced the corner of Young Master Sifang's mouth.
