

Valkyrie 5161

[Chapter 5161: follow orders](#)

Young Master Sifang raised his head and looked into the depths of the dark and secluded land in the distance, a cold light flashed in his pupils.

He can't forget the shame Qin Chen gave him before, and now, it's finally time to be ashamed.

boom!

Young Master Sifang squeezed his palm suddenly, and in his palm, a terrifying force exploded, causing waves of fluctuations in the void.

He looked at everyone coldly, and said in a cold voice: "Everyone, set off immediately and find out the position of that kid. This young master wants to let that kid know today how tragic the end of offending this young master is."

The young masters from the four directions were full of aura, astonishing murderous aura surged all over his body, and the murderous aura surged into the sky, like a tsunami.

"Yes!"

"Follow the orders of the young master."

Luan Feng and the others looked cold and stern, replied sternly, the voice fell, and they rose into the sky one by one, like the scattered swifts, blasting in all directions, and disappeared in an instant between heaven and earth. "Boy, this time I want to see, what are you playing with this young master? And Fang Muling, let you hang out with that kid, this time, I will not only kill that kid, but also get yours. man, let you be my play

thing. "

Young Master Sifang's eyes are indifferent, his face is hideous, like a ghost.

Whoosh whoosh!

at this time.

In the dark place, terrifying auras constantly swept through the void, and it was Luan Feng who led a group of masters to rampage here.

"Give everyone a stick of incense, and you must find the position of that kid. Whoever dares to stop him will kill him."

Luan Feng shouted fiercely, his tyrannical consciousness scattered wildly in this dark place.

"Yes!"

A group of masters regarded this place as a no-man's land and flew everywhere.

"Deputy Commander Luan Feng, there are people here."

At this time, someone suddenly shouted loudly, and as his voice fell, several people immediately rushed there and shot at the hidden place.

boom!

The terrifying air waves rose into the sky, like a tsunami, and swept in all directions. From that hidden place, a figure flew upside down with blood in his mouth, his face extremely frightened.

"Luan Feng, what are you doing?"

The man's face was ugly, he roared, and there was a hint of fear in the depths of his eyes.

In this dark place, is Luan Feng crazy?

"Hmph, it turned out to be Brother Yingrong. I was ordered by the young masters of the four sides to find Qin Chen's whereabouts here. Brother Yingrong didn't show up when he saw me waiting to come, and asked me to wait for the search. Bitter." Luan Feng sneered.

"you..."

The strong man named Ying Rong had an ugly face. Looking at Luan Feng and the others in front of him, he didn't dare to be arrogant.

At this time, the situation is stronger than people, and he does not dare to act rashly.

"Walk!"

Luan Feng gave him a sneer and left quickly with everyone.

Soon, there was another roar in the distance.

"This lunatic."

Ying Rong looked at the back of Luan Feng and others leaving, with anger in his eyes, and at the same time, he was also faintly worried. Now that the young master of the four sides has taken the lead in breaking through the realm of detachment, I am afraid that no one will be his opponent in the whole dark place. .

Boom boom boom! Under Luan Feng's search everywhere, for a while, the entire dark place suddenly roared. Some strong people were in retreat, but they were disturbed one after another, and they were all angry, but facing Luan Feng and others, but dare not be angry,

Very frustrating.

"Luan Feng, you are too presumptuous. This is a dark place, not your Sifang Guard."

After Tiangu was found, he couldn't help roaring.

"Tiangu, you still dare to talk nonsense, the old accountant hasn't counted with you yet, courting death." Luan Feng swayed and rushed towards Tiangu in an instant. The next moment, with a bang, the two of them retreated together. When he opened up, Luan Feng stabilized his body after only retreating a hundred zhang, while Tiangu flew out of ten thousand zhang.

Qi and blood surged inside, and almost a mouthful of blood spurted out.

"You... Your strength has increased so much... How is this possible?" Tian Gu looked at Luan Feng in disbelief. When he first entered the dark place not long ago, this Luan Feng's strength was still comparable to his own. After just half a month, the strength of this Luan Feng has increased a lot. With one blow, it was already

Injure yourself and lose blood.

"Tiangu, nothing is impossible. In this life, the most important thing is to follow the right person. I will follow the young masters of the four directions, and the cultivation will be improved. What do you know?"

Luan Feng sneered.

With the help of the young masters from the four sides, their perception of the reincarnation and fate has already surpassed that of other colleagues, and their strength has naturally improved significantly.

"Tiangu, don't blame me for not reminding you, if you dare to stop the young master again this time, don't blame me for being merciless and go."

Luan Feng stood proudly in the sky, he was extremely domineering, and with a single order, he took everyone away in an instant.

"hateful."

Tiangu gritted his teeth, his face ugly: "These people from the four sides are too presumptuous."

At this point, his face suddenly changed: "With the temper of the four sides, Miss, she..."

Thinking of this, he flickered and disappeared in an instant.

The dark and secluded place is not that big. After Luan Feng and the others searched everywhere, they quickly approached Qin Chen's location.

"Um?"

In the endless void, Qin Chen, who was comprehending the dark place, suddenly opened his eyes and looked not far away.

A figure flew out from the power of darkness in the distance, and in an instant, he saw Qin Chen who was cultivating with his knees crossed.

"Lord Luan Feng, the people are here."

There was a hint of ecstasy in the man's eyes, and he shouted for the first time.

"What? Found it?"

"People are here."

"Go and inform the young master."

Soon, one after another noisy voice resounded, swish swish, and in an instant, seven or eight terrifying breaths approached the place, descended in an instant, and surrounded Qin Chen.

"These guys..."

Seeing these people, Qin Chen's pupils flashed a stern light, but he remained calm and motionless, and continued to close his eyes to practice, comprehending the world.

They are just a group of turkeys and dogs, and they are not in Qin Chen's heart at all. Now Qin Chen's only thought is to break through and detach.

However, such a move instantly angered the others present.

"Deputy Commander Luan Feng, this kid is too arrogant. Seeing us here, he dares to continue cultivating there. He simply ignores me and lets him kill him."

A burly man in black armor with an ugly face was about to rush up to attack Qin Chen.

"Wait a minute."

Luan Feng stopped him.

I saw Luan Feng looking at Qin Chen with a sneer, and said coldly: "Don't worry, this person is the person the young master asked for himself. After the young master arrives, we will see if this person can be so calm."

"Yes."

The man's face was ugly, but he retreated.

At this time, figures appeared one after another in the surrounding void. It was Tiangu and other powerhouses who were also alarmed by the fluctuations here, and rushed to the scene one after another, hiding in the dark to observe.

"Boy, you are really brave. You are still cultivating at this time, and it seems that you already know your destiny."

Suddenly, a loud voice resounded between heaven and earth.

next moment.

With a bang, a terrifying aura descended, instantly falling in front of Luan Feng and the others.

"I have seen the young master."

Luan Feng and the others hurriedly saluted respectfully.

The person who came was the young master from the four directions. With a hint of chill in his pupils, he instantly locked onto Qin Chen in the crowd.

Chapter 5162 Yuan Zhou

"Boy, why don't you roll over and die?"

Looking at Qin Chen sitting cross-legged, Young Master Sifang said coldly, his eyes were cold, like a dragon looking down at an ant, a terrifying murderous intent swept out in an instant.

boom!

When this terrifying breath swept away, the surrounding void was constantly shaking, making a violent explosion.

"What a terrifying breath, is this the realm of transcendence?"

"It's too scary? Why do I have a feeling that if the Young Master Sifang attacks me, I'm afraid that I won't be able to block even a single move, and I will die?"

The hearts of countless strong people around were shocked, and at this moment there was endless fear.

Unrivaled!

This was the only thought that popped into everyone's mind at the moment.

It is because the aura of the young master from the four directions is too terrifying at the moment, as if the gods came to the world and dominates everything, no one can withstand his blow.

If this place is not a dark place but the outside world, everyone can be sure that the surrounding void has already collapsed directly under the breath of the young master of the four directions.

Of course, in the face of the terrifying aura of Young Master Sifang, Qin Chen remained motionless and indifferent.

"Boy, courting death, the Master Sifang is talking to you, but you are actually indifferent?"

The burly man in the armor was furious, and he couldn't hold back any longer, and he snapped at Qin Chen.

Boom!

A huge palm appeared between the heavens and the earth, and as soon as this palm appeared, a terrifying aura immediately burst out.

I saw a terrifying aura surging on that finger, strands and strands, bursting with dazzling rainbow light, each rainbow light contains a terrifying aura of Taoism, which can break mountains and seas, and fill the sun and moon.

boom!

That palm was towering, as if it had turned into a sky, covering the sky and the earth, and crushed Qin Chen fiercely, unmatched.

Such a blow made everyone change color, and a heart was mentioned in the throat.

"What a terrifying breath, this is Yuan Zhou's supreme Zhou palm. The upper and lower squares are the universe, and it has been the universe throughout the ages. It is rumored that Yuan Zhou's universe palm contains a trace of the mystery of time, which can affect the flow of time. It can be called the sky."

"Have you felt it, Yuan Zhou's palm fell, and the time between heaven and earth seems to slow down."

"You feel it too? I feel the same way."

In the crowd, all kinds of exclamations came. When Yuan Zhou's palm fell, many people seemed to feel that the time of heaven and earth was slowing down, and the scene in front of them seemed to freeze.

This kind of feeling is too terrifying. It should be noted that the weakest people present are also peak detachment, which can affect their time perception. What kind of terrible method is this?

The most terrifying thing is that on the palm of Yuan Zhou, there is still a faint reincarnation aura. Although this reincarnation aura is very weak, it is a great oppression to everyone present.

The breath of reincarnation, that is the power that only the detached powerhouse can possess.

This time, Luan Feng and the others did not stop the burly man in armor at all, but sneered at everything in front of him.

In their opinion, Qin Chen now does not need the Master Sifang to take action, and it is enough to be defeated by Yuan Zhou.

"Kid, die obediently."

The Yuan Zhou roared, and the huge palm instantly wrapped Qin Chen.

"Who is clamoring here, destroying this young master's cultivation, and don't want to live?"

And at the moment when the huge palm enveloped Qin Chen, Qin Chen finally opened his eyes, bang, for a moment, as if two divine rainbows burst out from Qin Chen's eyes.

The next moment, Qin Chen stood up directly in front of everyone's eyes.

Boom!

Just as Qin Chen stood up, there was a sudden sound of cracking in the surrounding void. In an instant, it seemed that something between the heavens and the earth broke apart at this moment. The terrifying power of time that originally suppressed everyone, it disappeared in an instant.

Then everyone saw that Qin Chen was facing the huge palm above his head and punched him casually.

Hearing the sound of "Boom", Qin Chen threw out a punch, only to see the sky and the earth crumble, and the surrounding void was suddenly shattered.

"No, go back."

A terrified roar sounded, and the people around the crowd retreated crazily, and some of the weaker powerhouses were shocked by this terrifying and unparalleled power to vomit blood on the spot.

"My mother, this is too scary."

Many strong people changed color and hurriedly retreated. Such power is not something they can participate in.

As soon as Qin Chen slapped the palm of his hand, the terrifying palm displayed by Yuan Zhou made an ear-piercing crackling sound, and countless cracks appeared on the palm in an instant.

"how can that be?"

Yuan Zhou's eyes widened, he couldn't believe what he saw, and the eyes of Luan Feng and others in the back also showed surprise.

Yuan Zhou is definitely not the weakest among them. Moreover, when the young masters of the four sides broke through, Yuan Zhou also absorbed a bit of the power of reincarnation, which made his strength have an unprecedented transformation.

Although it is not certain to say that Yuan Zhou will definitely enter the realm of detachment, but with the power of this thread of reincarnation, Yuan Zhou can already compete with ordinary detachment.

Available now.

Under Yuan Zhou's palm, this kid is safe and sound?

How is this possible?

"With this little strength, I also come to disturb this young master's retreat and practice. I really don't know whether to live or die."

An indifferent voice sounded between heaven and earth. It was Qin Chen who spoke, his eyes were indifferent, and a terrifying fist broke out in his fist.

With a bang, the fist was swept away. In this roar, everything around was swept to ashes, and the crack on the palm of Yuan Zhou's swung expanded sharply, and it collapsed in an instant, and even the world was so terrifying. The fist power was completely swallowed up.

With a bang, Yuan Zhou only felt that a terrifying power was transmitted, and the whole person flew out, vomiting blood on the spot under this terrible impact.

"It's terrifying!" Under such power, even a powerhouse who had surpassed the peak by half a step couldn't bear it, so he couldn't help but retreat quickly.

"Have you left?"

Just as Yuan Zhou was flying backwards, a cold voice suddenly appeared beside him, and under his terrified expression, he saw a figure that had come to his side at some point, and slapped his chest fiercely. Foot stepped down.

It was Qin Chen.

With one foot, Qin Chen stepped heavily on Yuan Zhou's chest.

Yuan Zhou's burly body slammed heavily on the void at once, smashing the void into cracks one after another.

The cracking sound of "click" sounded, and blood sputtered.

Under Qin Chen's feet, Yuan Zhou's body was smashed to pieces, his armor cracked, and a big hole appeared directly in his chest.

"Ah—" Yuan Zhou screamed in a shrill cry, blood spurting wildly, and in his screams, he was full of unwillingness.

You must know that he just mastered a trace of the power of reincarnation and fate not long ago, and his strength has been superb.

[Chapter 5163: no interest](#)

Moreover, his armor is even more indestructible. It is made of the top Xinghai stone, which can eliminate at least 50% of the power of non-transcendence masters, let alone Qin Chen, even if a detachment master comes, combined with The power of reincarnation and fate that he had mastered before, he was able to resist a few tricks.

However, at Qin Chen's feet, his armor that could withstand the attacks of the top powerhouses was shattered directly, as if it was vulnerable to a single blow, so that he was not afraid or shocked.

"Just this little strength is also clamoring here, destroying the cultivation of this young master, who gave you the courage?"

Qin Chen stood proudly in the void, his eyes were indifferent, and his expression was calm. Under the watchful eyes of the public, he raised his right foot, facing the head of Yuan Zhou, and suddenly stepped down.

"Boy, stop!"

Seeing this, Luan Feng shouted, and a halberd suddenly appeared in his hand. Boom, hundreds of millions of divine might erupted from the halberd, and it fell fiercely at Qin Chen.

This halberd instantly became incomparably majestic in the void, with divine light blooming on it, and every ray of divine light could penetrate a planet and was irresistible.

However, Qin Chen ignored Luan Feng's actions, and in full view, Qin Chen stepped down like this, as if he was going to crush a bug.

"Do not!"

With the sound of "Pfft!" Yuan Zhou let out a shrill scream, blood spurted out, and his head was trampled into meat sauce. No matter how much he urged Yuan Yuan, he could not resist Qin Chen's actions. foot.

It seems that under Qin Chen's feet, no matter what it is, it can't be resisted, and it will collapse all at once.

boom!

A rolling half-step transcendence rose up, and Qin Chen grabbed it in the palm of his hand.

"Well, with a hint of time, it is somewhat useful."

Qin Chen murmured that he slammed this source into his body, and with a bang, a breath of time circulated in Qin Chen's body, and the source of the cosmos was directly refined under the watchful eyes of the public. transformed.

"Mad, this guy is a lunatic."

"Directly refining the origin of a half-step detachment powerhouse, is this guy dying?"

Seeing this scene, everyone not far away was stunned and looked incredulous.

You must know that the origin of each detachment powerhouse is different. Even if they practice the same rules, each person's experience and perception are different, and the origin of the Dao formed is naturally different.

For a normal martial artist, even if he kills a strong man who cultivates the same principles, he can at most understand the origin of the opponent, but what about Qin Chen? He even directly refined the origin of the Origin Universe. Isn't he afraid that once his origin conflicts with the opponent's power, he will directly explode and die?

When everyone was horrified, Luan Feng was furious in his heart.

"Stinky boy, you are courting death."

The halberd in his hand came to the top of Qin Chen's head in an instant, and fell fiercely.

This blow condensed Luan Feng's endless divine power, enough to destroy the world.

"You are the one looking for death!"

Qin Chen raised his head and looked at Luan Feng coldly. Facing such a violent blow, Qin Chen's mouth curled into a sneer, but he just punched the sky.

"Do you really think that this young master is afraid of you if you don't do it? Wrong, this young master doesn't do it, just because you are not worthy, but today you insist on courting death, then this young master can only fulfill you."

Accompanied by Qin Chen's stern voice.

The sound of "Bang" shook the whole world, and the halberd was immeasurable. However, Qin Chen punched out, shaking everything in the world, and nine days and ten places were shattered by this punch.

Luan Feng's heavy halberd attack was unparalleled in the world, but, under Qin Chen's punch, he heard the sound of a "bang", followed by a cracking sound of "click", The terrifying heavy halberd divine power with the weight of hundreds of millions of stars was shattered by a punch in an instant.

Boom!

The phantom of the heavy halberd was smashed to pieces, and in the endless gust of wind, Luan Feng was blasted into the air, blood spurted wildly, blood dripping all over his body, and he suddenly hung in the void, becoming a blood man.

"What? How is this possible?"

"Deputy Commander Luan Feng is a strong man who has stepped into the half-step detachment peak early. He attacked the peerless with a heavy halberd, swept across the nine days, and countless strong men died under his hands. Now he has mastered a trace of the power of reincarnation. How could you be seriously injured by this kid?"

"Is this... am I dazzled?"

Seeing the scene in front of them, everyone present let out a hysterical roar, unable to believe their eyes.

"Give it to me and kill him."

In the void, Luan Feng was covered in blood and his body was twisted. He looked at Qin Chen in shock and roared at the others around him.

At the same time, Luan Feng rose into the sky, and the rainbow light on the halberd exploded, stabbing Qin Chen fiercely.

"kill!"

There was no need for Luan Feng to speak, and all the masters under the masters of the four young masters moved. In an instant, seven or eight silhouettes swept out violently, turning into divine rainbows and towering over the heavens and the earth, each one rising and falling, like a god.

Each of them has grasped a trace of the power of reincarnation, and now they have joined forces to launch a violent attack on Qin Chen.

boom!

The void was turbulent, and these people joined forces to strike, and the source of terror seemed to have turned into a vast ocean, pouring out at Qin Chen. Such an attack was enough to annihilate everything in the world, causing everyone around him to go backwards madly, with a look of astonishment.

Seven or eight half-step transcendence peak powerhouses who have mastered the power of reincarnation and calamity join forces. How terrible and powerful is this? Such an attack is enough to instantly annihilate a master who is half-step beyond the peak.

"roll!"

However, Qin Chen didn't lift his eyelids. Under his long whistle, Qin Chen raised his leg and slammed it down with a whip.

The whip leg was pulled down, and it turned into an explosion of leg shadows in the sky. The void in front of him oscillated suddenly, and a loud "bang" was heard. I saw the seven or eight strong men who rushed to Qin Chen in such a violent leg shadow. Was instantly blasted away.

"puff!"

The blood spurted up like a waterfall in the sky, and the seven or eight strong men screamed in unison, their bodies were torn apart, their flesh and blood dripped, and they all became blood men in an instant.

At the same time, when the sound of vibration deafened everyone's ears, Qin Chen slapped his other hand with a backhand, and slapped it heavily on the halberd blasted by Luan Feng.

Under this palm, even the endless sea of halberds shattered with a "bang". When Qin Chen's big hand hit the halberd, he heard a loud "bang".

In that instant, Luan Feng flew out backwards, spitting out blood.

At the same time, Qin Chen's palm print slammed into Luan Feng's arm with a lightning strike.

With a scream of "Ah!", with Luan Feng's strength, how could he possibly withstand Qin Chen's blow?

The shrill screams sounded, only to hear the sound of "chi", Luan Feng's entire arm turned into a blood mist in an instant, extremely miserable.

After being frightened, Luan Feng quickly retreated, but Qin Chen just glanced at him, not even interested in chasing him.

[Chapter 5164: be careful](#)

"A group of turkeys and dogs, no one can fight!" Qin Chen was hunting in a coat and stood there with a calm demeanor.

However, in this instant, the whole world became dead silent, and everyone lost the courage to even breathe. Because between the light and the flint, several strong men under the masters of the four sides were all defeated. Yuan Zhou was trampled into meat sauce with one foot, and Luan Feng's arm was broken. Nothing but scars

, dying, almost no strength to fight again.

During the whole process, Qin Chen was only two punches and one kick, and he instantly defeated many masters under the command of the young master from the four sides, like smashing through thorns and breaking the bamboo.

In the void, the smell of blood still filled the air. At this moment, everyone could not help shivering, and some people's teeth trembled.

brutal.

It was so cruel.

Looking at the blood mist that has not dissipated, many people's legs are weak, and some can't stand.

For the people present, all of them are the top geniuses in the dark palace, the unparalleled powerhouses, the beings closest to detachment, and none of them have superficial knowledge.

But none of them had seen the scene in front of them. In an instant, nearly ten top powerhouses were seriously injured, and each of them felt a trace of the power of reincarnation and fate, and they were even one step away from detachment.

But now, they are as powerful as them, but they can't even take Qin Chen's move, and they almost died. How terrifying is this?

"No one can beat it!"

Qin Chen's words seemed to be echoing in this world at the moment, and everyone looked at Qin Chen in front of him, even though Qin Chen was simply standing here at this time.

But in the eyes of everyone, it seems that he has become the master of this world. It seems that in front of him, what Luan Feng, what Yuan Zhou, what unparalleled arrogance, everything is just ants.

Before that, Qin Chen had also despised Luan Feng and the others, but at that time, many people thought that Qin Chen was arrogant and too arrogant.

But now, when Qin Chen raised his hands, he severely injured Luan Feng and others, causing one death and many injuries, which immediately made everyone shudder.

At this moment, everyone felt that the air was thin and breathless, as if there was an invisible big hand pinching everyone's neck, making everyone unable to breathe.

"good very good."

At this moment, a sneering sound resounded through the heavens and the earth. This voice was high above the ground, and it contained endless anger.

It is the young master of the Quartet.

"Boy, I didn't expect you to have such strength. No wonder you are so arrogant. If this young master is not mistaken, your cultivation level, although not detached, can already be compared with ordinary detachment. No wonder you are so arrogant."

The young master from the four directions walked step by step, and every time he took a step, ripples rippled in the void beneath his feet, forming a terrifying rule.

"Step by step!"

Seeing this scene, everyone gasped.

The young master of the Quartet has just broken through the detachment, has he reached such a level?

Between the gestures, there are terrifying Dao surging, such strength is definitely comparable to the detachment of the ordinary first-level peak.

It's no wonder that in the face of Qin Chen's terrifying strength, Young Master Sifang is still so calm and confident.

"Young master is invincible."

Seeing this, Luan Feng and the others roared in surprise.

The heart that was terrified at first, calmed down in an instant.

Yes, they still have the young master, and they are still afraid of Qin Chen? Before the young master broke through detachment, he was enough to compete with ordinary first-level detachment masters. Now that he has entered the realm of detachment, and has gone through three reincarnations, his cultivation has already reached its peak.

Take it off, the young master can fight.

boom!

The inexhaustible aura on the young masters of the four directions shot into the sky, like a vast ocean, covering the sky and the sun.

"Boy, today you can do whatever you want, and you can't escape death."

The young master of the four sides said so, aloof, with endless killing intent.

"Oh, is it?"

Qin Chen smiled brightly, making everyone stunned. This kid can still laugh at this time. Does he really think he can fight against the Young Master Sifang?

Between half-step detachment and detachment, it is an insurmountable gap.

In front of everyone's eyes, Qin Chen smiled softly: "Then I want to see, how do you make me die?"

"presumptuous!"

Luan Feng and the others roared angrily.

"act recklessly."

Young Master Sifang shrank his pupils and stepped out abruptly.

"stop."

At this moment, a figure flashed, and his clothes fluttered, blocking the two of them.

It was Fang Muling.

"Sifang, don't be obsessed, stop."

Fang Muling looked at Young Master Sifang with sincere eyes.

I don't want to see people fighting each other. "Hahaha." Young Master Sifang couldn't help laughing wildly, smiling, his eyes gradually became extremely cold, he stared at Fang Muling with a pair of pupils, and said coldly: "Fang Muling, you and I know each other. After so many years, now you have

Stop me for an outsider? What about the humiliation I suffered before? And what about the Yuan Zhou who just died? Is it all in vain, dead in vain? "

"Sifang, you took the initiative to provoke Qin Chen by yourself. As for Yuan Zhou, with your strength, you can save Yuan Zhou just now. You are unwilling to take action, but you blame Qin Chen. Is there any reason for this?"

Fang Muling said coldly.

As soon as these words came out, everyone's expressions changed suddenly.

Indeed, when Yuan Zhou was killed before, this young master from the four sides, as a detached powerhouse, didn't even make a move.

Even Luan Feng and the others on the side flashed an ugly look in the depths of their pupils.

If the young masters from the four sides make a move, they are determined to save Yuan Zhou.

The young master Sifang's face suddenly turned hideous: "In the end, it's up to you to protect the boy in front of you." Fang Muling Han said: "Sifang, I advise you for your own good. Before Yuan Zhou, he treated Qin Chen himself. If you take action, you should know the consequences. As for you, I hope everyone can be rational, and don't let yourself regret it because of impulsiveness.

"

"Don't say it, Fang Muling, get out of the way, otherwise you won't blame me for being ruthless." Young Master Sifang said coldly.

"you..."

Fang Muling wanted to say something, but was interrupted directly by Qin Chen: "Mu Ling, stand back and leave it to me."

Qin Chen smiled.

"Then...you be careful." Fang Muling glanced at Qin Chen, hesitated for a moment, and backed away.

Seeing this scene, the young masters from the four sides burned with anger: "Boy, die."

There was a bang, and the young master from the four directions slammed directly at Qin Chen.

I only heard a thunderous roar, and then the sound of "whoosh, whoosh, whoosh" sounded, and I saw countless sharp blades appear in the sky and the earth. These sharp blades cut through the void and turned into a torrential rain. The young master of the four sides is still a long way from Qin Chen, but when this move fell, these terrifying sharp blades seemed to appear on top of Qin Chen's head in an instant, crashing down and killing everything.

[Chapter 5165: die in it](#)

Seeing such a terrifying attack by the Young Master Sifang, everyone present changed their faces, and each and everyone showed a look of horror in their hearts.

The young master from the four sides just made a casual blow, which made everyone present feel unable to breathe.

This is too strong!

Looking at the sky-high attack above his head, Qin Chen's eyes were indifferent, the corner of his mouth outlined a sneer, and he raised his hand to face the endless attacks above and slammed it out.

boom!

The boundless roar resounded through the heavens and the earth, and sharp blades flew down the sky, like a flash flood and a tsunami, which was unmatched.

"Hmph, I don't know whether to live or die."

Young Master Sifang sneered, this kid really thought he was invincible, and even dared to use his hands to resist his attacks, was he courting death?

The current self is not the previous self. Young Master Sifang can guarantee that if this move continues, there will be no bones left in front of this kid.

In his sneer, the endless attack collided with Qin Chen's big hand in an instant.

Boom boom boom!

The deafening roar resounded through the world for a moment, and the next moment, Young Master Sifang's eyes widened.

What?

Just saw Qin Chen's palm, the attack of the young master of the four sides was like hitting a wall, and the smoke disappeared in an instant.

Each attack could seriously injure a half-step detachment. Facing Qin Chen's palm, it was as if an egg hit a stone and collapsed instantly.

"How is this possible?"

Young Master Sifang roared in disbelief. You must know that he has now broken through the realm of detachment, at least ten times stronger than when he fought against Qin Chen.

Don't say it's the young master of the four sides, and everyone else around is stunned at this moment.

This... is the young master of the four sides keeping his hand?

Otherwise, the first attack after breaking through detachment would be too thunderous and rainy, right?

"Sifang, it seems that you haven't made much progress after breaking through detachment?"

Qin Chen said with a sneer, and walked towards the Sifang Young Master step by step.

"You... don't be arrogant."

Young Master Quartet roared, boom, a rolling detachment burst out from his body in an instant, and an aura of reincarnation bloomed from his body.

Then, Young Master Sifang launched a fierce attack on Qin Chen.

Boom!

This time, Young Master Sifang seemed to be going crazy, and punched thousands of punches in an instant.

With every punch, a harsh roar erupted from the void, and the rolling power of detachment gathered, surging towards Qin Chen like a wave, and the void in the entire dark place trembled wildly under this power.

"No, go back."

Around, many strong men felt this power and couldn't help but retreat madly.

terrible. Every attack of the young masters from the four directions contains astonishing detachment power. The fusion of these thousands of punches actually makes the void in the dark place tremble wildly. Even if anyone is present with such power, even a trace of it, also set

Of course it was a serious injury.

"Boy, how are you going to hide this time?"

Young Master Sifang roared, his attack shrouded the heavens and the earth, giving Qin Chen no chance to dodge at all.

"Haha, with just this attack, do you still need to dodge?"

Qin Chen chuckled, then rose into the sky, and pushed it out with a flat palm.

boom!

A huge palm shadow appeared between heaven and earth, like a moat, blocking Qin Chen's face.

Boom!

The deafening roar continued to be heard, and the attacks of the young masters from the four directions continued to blast on the palm shadow pushed out by Qin Chen. The attack that could not penetrate Qin Chen was completely blocked.

It's as if the waves are washing the dam, no matter how fierce the waves are, how can the dam be washed away?

"what?"

This time, before the young master from the four sides could be shocked, everyone around them widened their eyes in advance, stunned.

If it is possible that the previous move was still held by the Young Master Sifang, then this attack, the Young Master Sifang has definitely displayed the power of detachment, but he still failed to defeat Qin Chen's attack.

"My God, am I dazzled, how is this possible?"

Everyone rubbed their eyes, almost going crazy. The young master of the four sides is the unparalleled genius who has gone through three reincarnations? Although it didn't take long to break through the detachment, the strength is definitely comparable to the detachment of the first-level peak, but such a powerful young master from the four sides could not break Qin Chen's defense.

.

See you all.

"Hehe, it's a little bit stronger than before, but it's not too much stronger. Did you not have enough to eat before entering the dark place?"

Under the attack of the young masters from the four sides, Qin Chen said indifferently with a contented expression. When he was in the secret realm of returning to the ruins, his physical strength was enough to resist the crazy attacks of the ancient gods and gods. Although Qin Chen has never stepped into detachment, his realm and perception have improved a lot.

How could his attack surprise him?

"I... brat, don't be arrogant."

The young master of the four sides was extremely frightened, his anger burst into the crown, and a heavy burst of detachment aura burst out from his body.

How is this possible?

How could this kid be so strong? Can you resist my attack?

I am beyond the strong.

I do not believe.

Roar!

With a roar, in an instant, a shocking aura burst out from the main body of Young Master Sifang, and the rolling force was like a vast ocean, covering the void of thousands of miles in an instant.

Boom!

The entire dark place was violently boiling.

"Young Master Sifang is going to enlarge his move."

On the side, Luan Feng and the others had already been hiding far away, looking at the sky in shock.

The void of the entire dark place is boiling, like boiling water.

"Boy, if you cultivate to reach the sky today, you will surely die."

boom!

The young master from the four directions rose into the sky, his hands clasped together, and the rolling force of reincarnation exploded from his body, forming a terrifying storm, tearing at Qin Chen fiercely.

now.

Outside the dark place.

The dark palace master and others also felt the changes in the dark land, and their faces changed greatly.

"Someone is fighting in the dark place, such a breath, it is too terrifying, who is shooting?"

"Could it be the Young Master Sifang? The previous breath was clearly that Young Master Sifang was breaking through the realm of detachment, and only he could mobilize such a terrifying power, but who is his opponent? Could it be that Qin Chen?" "Shh, don't say it. Now, besides that Qin Chen, who else is there? Lord Sifang Shenzun deliberately let that kid go before, and instead let Sifang Young Master enter the dark place. What do you think his purpose is? Just to let Sifang Young Master be there of the dark

Kill the kid in the ground. "

"hiss!"

Feeling the terrifying fluctuations in the dark land, many people in the dark palace were frightened and looked at the dark palace master and the four gods.

That Qin Chen was someone that Palace Master Anyou valued, and the Sifang God Venerable did this, and it was too much to ignore the Palace Master.

It's just a pity that Qin Chen is gone. In the dark place, even the Palace Master cannot intervene. That kid, I'm afraid he's going to die inside.

Chapter 5166 The mood is chaotic

Outside the dark place, everyone is talking about it at this moment.

It is really too much movement in the dark place, so big that ordinary people can feel it.

Gee.

Dare to do something in the dark and secluded land, this is a great anecdote for countless thousands of years in the dark secluded mansion. Isn't it deliberately swept the face of the master of the dark secluded mansion by the four gods doing this?

Sure enough, when everyone looked at Palace Master Anyou, they saw Palace Master Anyou's face was gloomy, extremely ugly, and he had the posture before the storm.

"Big brother, the little boy accidentally made some movements in the forbidden area. It's because my discipline is too loose. Big brother, don't worry, when the boy comes out, brother, I will teach him a good lesson and let him know what and why he can't do it. Don't continue to be presumptuous in front of you, big brother."

The four gods suddenly stepped forward at this time, and his face was full of guilt.

"Sifang, since you know that your son is so presumptuous, why don't you let him stop quickly?"

God Venerable Zhengkong said coldly with an ugly face.

A cold light flashed in the eyes of the gods of the four directions, and then he shook his head with a wry smile and said: "Brother Zhengkong, once the dark and secluded land is opened, we will not be able to intervene, otherwise it will destroy the operation of the forbidden land, and it will affect the people who are in the forbidden land at this moment. Future achievements will have a huge impact, and when the time comes, I will teach my son to be young, and if Mu Ling and the others are damaged in their future achievements, the old man will be to blame."

Although the dark place is forbidden, the palace lord, as the controller of the dark place, can actually open the dark place temporarily.

It's just that rashly opening the dark place will have some impact on the powerhouses in it, so the four gods said this deliberately, just to remind the dark palace master not to open the dark place rashly.

"Sifang, you did this on purpose." God Venerable Zheng Kong shouted angrily, his eyes icy coldly shouting at God Venerable Sifang.

Hearing the words, the face of the gods from all directions changed abruptly.

boom!

He stepped out, a terrifying aura erupted from his body, and the heart-pounding double detachment power exploded in an instant.

The gods from all directions stared coldly at the gods of Zhengkong, and said coldly: "Zhengkong, you can eat rice indiscriminately, but you can't talk nonsense, if you dare to slander this old man again, it means that the relationship between you and the palace master is irreversible, don't blame me. Made me look bad."

"you..."

God Venerable Zheng Kong changed color, and the breath of God Venerable Quartet suppressed it, causing him to giggle all over his body, as if he was under endless pressure.

"Sifang, why get angry, Zheng Kong only cares about the people inside."

At this time, Palace Master Anyou took a step forward, raised his hand, and with a loud bang, he directly shattered the pressure of the gods from all directions.

Divine Venerable Sifang slightly changed color, but soon came back to his senses, and said coldly: "Brother, it's not that I am angry, but this Venerable Kong Kong slandered me, my dark and secluded mansion, where the strong live, if anyone is there If something happened in the dark place, I can only blame him for not being good at learning, how can I blame me?"

"Don't worry, Sifang, no one will blame you." Palace Master Anyou said lightly: "As you said, the strong live there, everyone has their own destiny, and you can't force it."

"It's still big brother, you are wise." The four gods bowed their hands.

"Lord Palace Master."

On the side, God Venerable Zheng Kong had an ugly face, and couldn't help but transmit his voice: "The guy from the four sides has made it clear that he intends to be detrimental to Qin Chen on purpose."

"It doesn't matter." Palace Master Anyou's eyes were cold: "Although I don't have much contact with Qin Chen, this person is by no means as simple as he seems, hmph, if the Quartet really wants to do something, I'm afraid he will lift a stone. Hit yourself in the foot."

"This..."

God Venerable Zhengkong looked at Palace Master Anyou sluggishly. Is the Palace Master so confident in Qin Chen? You must know that the young master of the four sides has obviously broken through the detachment.

now.

in the dark place.

Boom!

Astonishing terrifying murderous intent erupted from the young master of the four directions, and the rolling force of reincarnation rushed towards Qin Chen in an instant, spreading continuously in the surrounding void, as if specifically targeting the powerhouse below detachment, ordering the Six Harmonies and Eight Wildernesses.

"Boy, before the power of my reincarnation, don't kneel down for this seat."

The young master from the four directions shouted loudly, with a strange light in his eyes, and his long hair was flying.

Everyone around felt an unspeakable sense of oppression, because they all saw that the young master of the four sides was unscrupulously releasing his power of reincarnation.

This is beyond the detachment of the masters below.

Half-step detachment, without crossing the reincarnation, a trace of the power of reincarnation is enough to seriously injure them.

However, Qin Chen's expression was calm and his body remained motionless.

Boom!

He didn't deliberately fight, let the power of the reincarnation bombard him, but he didn't move and was unscathed.

For a time, the power of endless reincarnation and fate roared on Qin Chen's body, but it couldn't hurt him at all.

"Huh?!" Young Master Sifang was too surprised, how could anyone resist his reincarnation fate like this?

You must know that such power is simply unbearable as long as it does not reach detachment, and innately restrains any strong person under the detachment realm.

But in front of him, Qin Chen was not affected by the power of this reincarnation.

"Kneel down!" The young master from the four sides shouted angrily, the power of reincarnation in his body burned, becoming more and more terrifying, and he wanted to oppress Qin Chen.

"Kneeling, you big-headed ghost, with this little strength, it's worthy of letting me kneel. How many dishes do you drink like this?"

Qin Chen sneered and stepped forward: "I think you should kneel down for me."

He jumped up, and a magnificent breath emerged in his body, forming an awe-inspiring and inviolable light that diffused out.

"Boom!"

Young Master Sifang suddenly felt bad. When Qin Chen took off, he immediately activated the power of transcendence in his body.

However, it was useless. Qin Chen came to him and punched out, directly shattering the aura on his body. At the same time, Qin Chen's big hand suppressed him fiercely.

"Kneel down."

The terrifying aura was surging, and Qin Chen's voice rumbled, like a thunderbolt, suppressing the young master of the four sides in an instant.

With a bang, the dull voice roared, like opening the sky, the blood and energy outside the main body of the four young masters swelled, and there was a severe tingling sensation from the body.

"How is that possible?!" The face of Young Master Sifang changed completely. He was shocked and horrified. He never expected to encounter such a monster today.

He broke through and detached himself, and Qin Chen was even able to tear his defenses apart.

In an instant, he was in a state of confusion.

boom!

Young Master Sifang roared, how could he be suppressed by Qin Chen in front of everyone, and in an instant, he directly burned the source of his body to resist Qin Chen's suppression.

I saw that the young master from the four directions was glowing all over his body, and even the seven orifices were spraying with divine light, and Changhong was blazing. He was doing his best to use all kinds of secret techniques to kill Qin Chen.

However, he failed. In the violent shock, Qin Chen was rampant, and the big hand instantly came to the top of his head and pressed him down in an instant.

[Chapter 5167: Thank you](#)

Boom!

Young Master Sifang only felt that an irresistible force was suppressed. This force was like a mountain, containing the power of hundreds of millions of stars, and it suppressed him fiercely in an instant.

puff! The Young Master Sifang coughed up blood, his eyes widened, and he was afraid. cover him down.

"what!"

He roared, his body was covered in blood, and the seven orifices were full of blood, and he was still struggling to resist. At this moment, his heart was throbbing, and he felt that he had greatly misestimated Qin Chen's strength, and endless fear emerged.

Why?

Obviously he is detached?

At this moment, his invincible inner fear was endless, and the inexplicable fear made him unable to stand. Under Qin Chen's breath, his legs became weak and he wanted to kneel down.

Originally, he yelled at Qin Chen and knelt down, but now he has completely reversed it. Instead, he is worshipping each other.

"No!" He struggled as hard as he could, to resist.

"Hmph, still resisting, kneel down!"

Qin Chen sneered, and there were colorful rays of light blooming in his body, as if the gods had descended, and the immortals surrendered.

He punched him, and the young master from the four directions was completely powerless to fight, because he couldn't use his strength. Even if he had the means to reach the sky, he couldn't use it. Under Qin Chen's power, he could only kneel down a little bit.

boom!

Young Master Sifang knelt on his knees, unable to hold it any longer, and slammed into the void.

"what?"

"Young Master Sifang kneels down?"

"Why is that?"

Not far away, everyone looked at this scene in disbelief, completely unable to believe their own eyes.

The result was very different from what they expected. Facing the master of the first-level detachment from the three-time reincarnation of the young master of the four sides, Qin Chen was not suppressed.

How is this possible?

Such a scene was so impactful that everyone was stunned in shock.

At this moment, the scene in front of them has completely subverted their understanding in the Dark Nether Mansion for hundreds of millions of years.

Whether it was Luan Feng, Tian Gu, or the others, they were all stunned, as if they were stupid.

"He's...still as strong."

Only Fang Muling had a glow in his eyes, and a slight smile hung on the corner of his mouth.

Qin Chen, as in the secret realm of Returning Ruins, gave her surprises and surprises.

"I..."

At this moment, the young master of the four sides knelt there, his face flushed, and he felt endless humiliation.

The guy in front of him was the one he wanted to kill, but he knelt in front of that person, and in front of so many people, his fame was completely destroyed.

This made him almost go crazy inside, feeling terror and horror at the same time.

How exactly did this kid cultivate? Why is it so strong? Strong enough that the entire Southern Thirteen Star Region has never heard of such monsters and monsters.

"Young Master Sifang, this is your confidence and strength? Oh, detachment? That's all."

Qin Chen smiled, but it was cold. He stood there looking down at the young master Sifang, his eyes full of disdain.

With just this sentence, Young Master Sifang blushed and had a thick neck. He struggled violently, but he couldn't get up. He seemed to be pressing the power of the entire universe, and he was suppressed under the mountain of Qingtian, unable to move at all.

This feeling was so humiliating, it was even worse than killing him.

"What else do you have to say? I have troubled me over and over again. I was just too lazy to care about you before, but this time, I will not give you another chance."

Qin Chen walked towards the Sifang Young Master step by step, killing intent surging in his eyes, like the scythe of the **** of death, descending over the Sifang Young Master's head.

"You...what do you want to do?"

The four young masters roared in horror.

"Boy, if you dare to kill Sifang Young Master, Lord Sifang Shenzun will never let you go. Even if you leave the dark forbidden area alive, you will surely die. I advise you not to make mistakes."

On the side, Deputy Commander Luan Feng roared in horror. He broke half of his arm, which was extremely miserable, but he had to stand up at this time.

If Young Master Sifang really died here, facing the angry Sifang God Venerable, it is very possible for them to die.

"Sifang God Venerable, hehe!"

Qin Chen chuckled lightly, but there was no fear in his eyes. These guys still want to threaten him at this time, is it too naive and ridiculous?

Qin Chen took a few steps to the front of Young Master Sifang, raised his palm slightly, and an infiltrating murderous intent instantly filled the void.

"This guy, won't you really kill the young master of the four sides?"

At this moment, all the hair around Tiangu and the others stood up, goosebumps all over his body, and he just felt horrified.

The Sifang God Venerable is outside, which is too bold, and it is too ignorant of the Sifang God Venerable.

Under the watchful eyes of the public, Qin Chen's right hand slammed down directly.

"No, boy, I am a detached powerhouse, how can I lose to you, the power of the four directions, help me to break through."

Young Master Sifang's pupils shrank suddenly, but he let out a roar.

boom!

In the midst of the crisis, the young masters of the four directions directly burned their own detached origin, the origin burned, and a deadly force of reincarnation rose into the sky, forming an endless ocean, which was at least several times more terrifying than before.

Boom!

This power of reincarnation and fate is like a thunderbolt, rising into the sky, directly turning the surrounding 10,000-mile void into a sea of dust and thunder, wrapping Qin Chen, and killing him.

"Young Master Sifang is actually burning beyond the origin."

"Is he crazy? He just broke through detachment, but he burned the source. Even if he survives, his future achievements will be greatly reduced."

Many people exclaimed, under such power, they retreated in horror, unable to resist such a breath.

A detached powerhouse burns the origin, what a terrifying power, even any trace of power is enough to kill them directly into scum.

boom!

The power of endless reincarnation and calamity completely enveloped Qin Chen.

"Hahaha, I am a strong person who has passed through three reincarnations. Under the burning of my origin, I see how you can stop it."

The four young masters roared.

In his opinion, no matter how strong Qin Chen is, he will surely die under such terrifying power of reincarnation.

"Just this little power, are you tickling me?"

However, before his voice fell, an icy voice passed through, directly into his ears.

Then. He saw a scene that he would never forget. In the endless reincarnation of fate, Qin Chen walked step by step, and the endless power of reincarnation surrounded Qin Chen and circulated in his palm, as if a courtier kneeling to the god

The king was completely controlled by Qin Chen.

"Why is this? You are obviously not detached, so why can you control the power of reincarnation?"

The four young masters were stunned.

Qin Chen at the moment, although not detached, but he is surrounded by the power of reincarnation, which is much more terrifying than the ordinary first-level detachment.

"Thank you for that."

Qin Chen said indifferently.

"Thank me?"

The four young masters were stunned. The next moment, with a bang, Qin Chen's palm slammed directly on top of his head. In an instant, the whole body of the young master of the four sides trembled. The next moment, with a bang, his body collapsed in an instant, like ashes. Fly, vanish.

[Chapter 5168: what is he going to do](#)

"Do not!"

The shrill roar resounded through the heavens and the earth, and under Qin Chen's palm, the young master of the four directions disintegrated little by little, like a porcelain, completely disintegrating.

"I hate it!"

Before dying, he stared at Qin Chen with endless anger, hatred, annoyance, and remorse in his eyes.

He hates, hates why he is targeting Qin Chen.

But now it is too late, everyone is responsible for their own decisions, he can only watch his body collapse in the void a little bit, dissipate a little bit without a trace, and then completely turn into nothingness.

Is he detached?

The leader in the universe, the dream of a lifetime, he just broke through in less than half an hour, and he fell, too embarrassed.

Is there a more short-lived detachment than him in this universe?

In endless regret.

A soul aura slowly rose, and there was a faint power of reincarnation circulating between heaven and earth.

This is not the power of reincarnation controlled by breaking through detachment, but the reincarnation of life and death in the entire universe. After the death of a living being, the soul falls into the underworld, and the body dies and the Tao disappears, but the energy does not dissipate.

"Stinky boy, even if I'm a ghost, I won't let you go."

In the void, the obsession of the young masters of the four directions surged, turning into a ghost, and was about to fall into reincarnation.

"A ghost? In front of this young master, do you still want a chance to be a ghost?"

Qin Chen sneered and stuck out his big hand.

boom!

An aura of death surged out of Qin Chen's palm, directly shrouding the obsessional power of the young master from the four directions.

"No, how can you reverse the reincarnation of the universe? What kind of power is this?"

Qin Chen ignored his voice, just grabbed it with a big hand, and with a bang, in an instant, the soul obsession of the young master of the four directions was directly torn apart and vanished.

Disappointed on the spot.

In front of Qin Chen, who has mastered the rules of death, the young masters of the four sides will not even fall into reincarnation and will not have the chance to be resurrected in the underworld.

"Dead... dead?"

"This kid actually killed the Young Master Sifang?"

"Giggle!"

At this moment, everyone on the field was stunned.

silence.

Deathly silence.

Looking around, everyone on the field looked terrified, and their hearts suffered an incomparably huge impact.

Is this the young master of the Quartet?

The only way of the four gods is to die like this?

Even if it is to capture the opponent, it's fine, right? With the strength Qin Chen showed before, he definitely had this chance, but he didn't do it, but killed the young master of the four sides at will, just like pinching a chicken to death.

madman.

At this moment, everyone looked at Qin Chen as if they were looking at a lunatic, with endless fear surging.

"You lunatic, lunatic."

Deputy Commander Luan Feng roared, trembling all over, his eyes full of endless fear.

He rose into the sky in an instant, and with a swoosh, he flew frantically toward the outside world.

He's going to get out of here.

Fleeing from Qin Chen's side, he didn't want to stay here for a moment.

"I want to go, have you asked Ben Master?"

Qin Chen's eyes were indifferent, he looked at it lightly, and then his left hand was slightly raised, his five fingers bluffed, and he grabbed so lightly in the void.

boom!

The void around Luan Feng seemed to freeze in an instant, and his whole person was firmly imprisoned in the void. No matter how hard he tried, no matter how hard he struggled, it was useless and unable to move.

giggle!

The other powerhouses who followed the Sifang Young Master were trembling all over at the moment, their teeth were chattering, and they didn't even dare to have the idea of running away. Looking at Qin Chen was like looking at a devil.

Thump tom!

These people all knelt down in an instant, shivering, like quails waiting to be slaughtered.

"You bastards." Deputy Commander Luan Feng roared, and said to Qin Chen in horror: "Boy, you killed me."

As the deputy commander of the Sifang Guards, he is too aware of the Sifang God Venerable. Now that the young master of the Sifang is dead, even if he can escape the dark place alive, he cannot escape death.

"Kill you?"

Qin Chen stared at Luan Feng carefully, "Yes, half a step beyond the peak, and even mastered a bit of the power of reincarnation. You should be the most detached powerhouse among this group of people, right? Not bad, not bad."

Qin Chen looked at Luan Feng up and down, his eyes seemed to be looking at the fish on the chopping board, thinking about how to cut and cook, which made Luan Feng feel a sense of fear in his heart.

"Boy, what do you want to do? Kill me if you want."

Luan Feng said in horror.

"Don't worry, there will be a time, but now..."

Qin Chen looked at the power of the origin left by the young master Sifang after his death, suddenly raised his hand, and with a loud bang, Qin Chen suddenly extracted the power of the rules of the four squares from the origin left by the young master of the four sides, and then he continued to realize it. .

The power of the rules of the four squares appeared in Qin Chen's mind, giving Qin Chen a new understanding of the rules of the cosmos sea. At the same time, Qin Chen looked at the remaining part of the power of the source and waved his hand suddenly.

boom!

This source power was suddenly split, and then Qin Chen raised his hand and forced it into the body of Deputy Commander Luan Feng. With a bang, suddenly, a force of reincarnation rose from the body of Deputy Commander Luan Feng. At the same time, with a bang, on the sky, countless forces of reincarnation began to form, turning into a terrifying streak. the thunder

Robbery cloud.

"Is it the cloud of detachment? Deputy Commander Luan Feng is about to break through the detachment?"

"Then what is Qin Chen doing? He actually put a trace of the origin of the young master from the four directions into Luan Feng's body? Is this helping him break through? Why can't I understand it at all?"

"Deputy commander Luan Feng is the closest to detachment. One of the people who is very likely to break through the detachment realm in the first place, but lacks the opportunity, and now he has entered a trace of the origin of the four young masters. If he can hold on, it will be enough for him to directly enter the detachment realm.

world? "

On the side, everyone was stunned.

Because Qin Chen's actions were too strange, not only did he not kill Luan Feng, but he was helping Luan Feng break through the realm of detachment?

What is he going to do?

"what!"

At this moment, Luan Feng roared in the sky, his body bursting with endless aura, rumbling, and the thunderclouds of his reincarnation and fate in the sky continued to gather, and he was about to begin to transcend the calamity.

"Well, it really does work."

Qin Chen looked up at the sky, nodded slightly, and a smile appeared on the corner of his mouth. When this smile fell in the eyes of others, it was like a devil's smile.

Under the watchful eyes of everyone, Qin Chen turned to look at the remaining seven people.

"The seven of you are not bad. Each of you is a half-step detachment peak. Perhaps, you can also have the opportunity to step into the detachment."

Qin Chen was thoughtful, and the next moment, he suddenly raised his hand.

boom!

The original origin of Young Master Sifang was divided into seven parts in an instant, and then Qin Chen beat them into the bodies of the remaining seven people.

humming sound.

Under the watchful eyes of the public, the seven people were all suspended at once, their robes surging silently, showing expressions of pain.

boom! A terrifying aura of reincarnation and life robbery bloomed wildly from the bodies of these seven people.

[Chapter 5169: Stunning the world](#)

"what!"

At this moment, these seven powerhouses, together with that Luan Feng, rose together, floating in the sky.

boom!

From their bodies, a heaven-defying reincarnation fate robbery burst out, merging with their own, triggering the power of reincarnation fate robbery between heaven and earth.

In an instant, these eight strong men were suspended in the sky, forming a shocking scene in an instant.

Eight half-step peaks break through together. Has anyone seen such a scene?

absolutely not!

And today, everyone saw it.

"What exactly is Qin Chen doing?"

"Injecting the detachment origin of the young masters of the four sides into the bodies of Luan Feng's eight people, is this to help them break through detachment?"

"Could it be that this person killed the young master of the four sides, for fear of punishment from the gods of the four sides, so he wanted to help these people break through the realm of transcendence. In this way, it can be regarded as making up for the fault?"

"But even if the source of detachment from the four young masters is injected into the bodies of these eight people, how can it be so easy to break through detachment?"

For a time, everyone on the side was shocked, their eyes widened, and their hearts were puzzled.

Because they really couldn't understand Qin Chen's behavior.

You must know that the source of detachment of the young masters from the four directions is indeed powerful. If he can absorb a little bit, it will inevitably lead to the calamity of reincarnation, and it is hoped that he will break through detachment.

But it also brings great risks. Because the origin of the detached powerhouse is so easy to comprehend and absorb? If you are not careful, not only will you not be able to step into detachment, but you will also have conflicts due to the invasion of alien origins in your body.

It exploded on the spot and disappeared.

This is simply gambling with your life!

Otherwise, if the realm of detachment is so easy to break through, I am afraid that there will be detachment everywhere in this universe.

Under the watchful eyes of everyone, Qin Chen ignored everyone's discussion, but stared at the sky and these people. Although the realms of these people are close to each other, their cultivation bases are completely different. Among them, Luan Feng is the strongest one, so he has the strongest reincarnation aura, which has already triggered the invisible thundercloud, and is about to break through the reincarnation thunder tribulation. detachment

.

Others, some are just screaming in pain, while others are gathering strength, each of which is less than one.

"It seems that there are a few people who are still lacking, and that book should help."

Qin Chen's eyes flashed, and with a bang, a special reincarnation aura surged from his body, and with a big hand, this reincarnation force directly penetrated into the bodies of several people.

"Ah!" One of the half-step peak detachment masters roared directly. He couldn't bear the source aura of the four young masters, and was on the verge of collapse. Now that Qin Chen's power has been poured into it, he immediately looks like a full of gas

The balloon of the body instantly inflates.

"No, let me go, please let me go."

The half-step peak detached and looked at Qin Chen in horror, roaring in pain, his eyes full of begging for mercy.

If it goes on like this, he will inevitably explode on the spot because he can't bear the power of reincarnation.

Qin Chen's face was expressionless, and he just activated the power of reincarnation in the opponent's body. Finally, with a bang, in a scream, the body of the man exploded directly, and it turned into countless blood mists and dissipated on the spot.

A half-step beyond the peak of the powerhouse, just fell directly.

"It's too weak, I can't even bear this power, how to break through detachment?"

Qin Chen shook his head indifferently.

Then, he looked at the power of the source formed after the person's death, took it up, and instantly penetrated into the bodies of the remaining few people.

"what!"

The rest of the people also roared in unison.

Boom!

Several people triggered the Thunder Cloud of Samsara Life Tribulation, but there were also three people who couldn't bear the power of this source, and they all exploded on the spot.

And the power of the source formed after their death was also penetrated into the bodies of the other four by Qin Chen.

Boom! In an instant, a thundercloud of reincarnation and fate robbery rolled between the heavens and the earth, and the vast reincarnation energy gathered to form a terrifying thundercloud, which directly covered the sky above the dark forbidden area.

down.

Boom!

The void was almost torn apart, and it shook on the spot, like boiling water.

Four masters break through detachment at the same time, what kind of terrifying scene is this? Although the talents and aptitudes of Luan Feng and the others are not as good as those of the Sifang Young Master, the vision formed when the four of them broke through together is only stronger or weaker than the previous Sifang Young Master. let everyone around

They all changed color and retreated, not daring to touch them at all.

If they don't reach detachment and touch the power of reincarnation rashly, they will surely die.

"Am I going to break through detachment?" Luan Feng looked at the power of reincarnation in the sky in disbelief. Having seen the breakthrough of the young masters from the four directions, he instantly understood that he was breaking through the realm of detachment at the moment, and once he passed the reincarnation The thunder cloud of fate can step into the detachment

The world, the achievement of supreme detachment.

"I don't know what the wind is, but he took the initiative to let me wait for a breakthrough to break through? Great, as long as I wait for the four to break through, I will be able to join forces to kill this place. At that time, I will inform Lord Sifang Shenzun to kill this kid."

The four Luan Feng couldn't help but feel ecstasy in their hearts, their eyes flickered, and they transmitted voices to each other. The four young masters of the four sides fell. Originally, the four of them were bound to die, but as long as they broke through the realm of detachment, even Lord Sifang Shenzun would not kill them again.

value.

"bring it on."

Luan Feng let out a silent roar in his heart as he faced the terrifying reincarnation of fate and thunder.

They who have seen the breakthrough of the four young masters before, naturally no longer have unknown fears about the thunder tribulation in front of them, but are full of excitement.

Because they know that this is their only chance to survive.

Fight!

However, before the terrifying thunder robbery hit them, suddenly, a figure suddenly appeared in the sky above the four of them, and suffered the baptism of thunder one step ahead of them.

Boom!

The rolling force of samsara's fate instantly impacted, turning the entire world into a sea of samsara, and at the same time completely enveloped the person in it, completely submerged.

"That was just..."

"Qin Chen?"

"Is he crazy? He actually dares to resist the reincarnation thunder tribulation?"

Seeing this figure, everyone was shocked and couldn't believe it.

This is beyond the thunder tribulation, and contains the power of endless reincarnation. Is Qin Chen courting death?

Although Qin Chen's strength is very strong, this thunder tribulation was not motivated by him after all, and he was simply seeking his own death by doing so.

However, in the next moment, everyone's eyes widened.

I saw that in the endless thunder calamity, Qin Chen's figure was up and down, and a large amount of the power of reincarnation was absorbed by him, just like a long whale sucking water, integrating the power of thunder tribulation in a radius of ten thousand miles into his body.

Boom!

Qin Chen stood in the rolling thunder tribulation cycle, like a **** king in charge of thunder tribulation, standing high above and overlooking all living beings. Amaze the world.

[Chapter 5170: not enough](#)

"Is this the power of Reincarnation Tribulation? It's really powerful."

In the endless thunder calamity, Qin Chen stood proudly in the world, with thunder calamities surging all over his body, his eyes flickering.

In his body, the power of reincarnation and fate is constantly surging, like tides, constantly rising and falling.

The strength of this power has far surpassed the power of reincarnation and fate that the young masters of the four parties possessed after breaking through detachment.

"not enough."

However, Qin Chen looked up at the sky and frowned slightly.

With his current cultivation base and strength, if he wants to break through detachment, the power of reincarnation and fate is definitely an astronomical figure, ten times more than that of the four young masters!

It should be noted that the young master of the four sides is already one of the leaders in the dark secluded mansion for hundreds of millions of years. If there is no interference from Qin Chen, at least four reincarnations will be passed.

However, to Qin Chen, the power of reincarnation and fate absorbed by the young masters of the four sides was like a drop in the bucket.

Although Qin Chen himself doesn't know how much power of reincarnation and fate he needs to break through, but the amount in front of him is definitely far more than that.

"I need more."

Staring at the Thunder Cloud of Reincarnation Life Tribulation above his head, Qin Chen suddenly rose into the sky, facing the four major Reincarnation Thunder Tribulations and directly greeted him.

boom!

He actually fought against these four major thunder tribulations with the strength of one person.

Below, seeing Qin Chen's actions, Tian Gu and the others' expressions were completely dull.

"Is that human being?"

At this moment, the living masters of them have been completely dumbfounded.

This is outrageous.

To fight against the four major detachment thunder tribulations with a half-step detachment cultivation base, not to mention that they have never seen such a thing before, they have never even heard of it.

Because in the hundreds of millions of years of history of the Dark Nether Mansion, such a thing has never happened.

wrong.

Not only in the history of Dark Nether Mansion, but also in the history of the entire Southern Thirteen Star Region, such a thing has never happened.

But now, such a scene is clearly presented in front of them.

Boom!

Above the sky, the four terrifying Thunder Clouds of Reincarnation and Destiny Tribulation also sensed Qin Chen's actions, and immediately seemed to be provoked, and a more terrifying Thunder Tribulation came down in an instant.

Boom!

Thunder destroys the world and annihilates everything. Under this terrifying aura, the power of the entire dark place is boiling and shattering, and the rolling power of reincarnation has entered Qin Chen's body in an instant.

"Come on, if you have a seed, it will come more violently."

Qin Chen roared up to the sky, with great momentum.

The rolling power of reincarnation entered his body crazily, and was absorbed and swallowed by his fleshly cells, causing every cell of his to burst out with a terrifying aura.

"As expected of a man I like."

Fang Muling looked at Qin Chen, who was like a **** above the sky, with a hint of red light on his face, and at the same time, love flashed in his eyes.

"Miss, what exactly is Qin Chen doing?"

At this time, Tiangu came to Fang Muling's side, bowed, and couldn't help asking.

In the entire dark and secluded land, Fang Muling is the only one who knows Qin Chen the most.

"He's breaking through."

Fang Muling said with a smile.

"breakthrough?"

People are puzzled.

Fang Muling murmured: "I have heard that there are some geniuses in this world, it is extremely difficult to break through detachment, because they are too powerful, so they need to absorb the power of reincarnation to break through detachment far beyond ordinary Strong."

"So, they tried their best to improve the power of the Thunder Cloud of Reincarnation Fate Tribulation. The purpose is to allow themselves to absorb enough power of reincarnation to be able to step into detachment."

"And Qin Chen is such a person."

Tiangu: "..."

The expressions of a group of people froze.

The vast majority of people in this world hope that their detachment is as weak as possible, because breaking through detachment is an extremely dangerous thing, and almost 90% of the masters fall in the process of breaking through detachment.

But this Qin Chen, not only did not weaken his detachment, but instead increased his thundercloud, which was simply terrifying.

"However, this is actually an opportunity I've been waiting for."

At this moment, Fang Muling suddenly looked at everyone.

Everyone was startled.

"Chance?"

Fang Muling said solemnly, "I think you all know very well that even if you enter the dark forbidden area with your talents, it is extremely difficult to break through the detachment, and it can even be said that it is almost impossible."

The crowd nodded.

Indeed, although the remaining twenty or so people present were all the best in the Anyou Palace, a powerhouse with a half-step detachment from the peak level, and the most promising master of the Anyou Palace Master to break through the detachment.

However, even if they obtained the inheritance of this dark and forbidden land, those of them who can achieve detachment in the future will definitely not be detached from the five fingers, or even less.

detachment.

This is a palace-level existence in the sea of cosmos, how can it be so easy to break through?

"The biggest reason for this is that, first, it is too difficult to understand the power of reincarnation. The power of reincarnation represents the top-level power of rules in the universe, and it is too difficult to understand."

"Secondly, breaking through detachment is too dangerous, because the power of reincarnation and fate is extremely terrifying, and thunder comes into the world, any trace of it is enough to make all of you lose your soul and annihilate ashes."

"But now, there is such an opportunity in front of you, which can greatly reduce the thunder calamity you have endured. In addition, it can also make it easier for you to perceive the power of reincarnation. What are you waiting for?"

Fang Muling's voice fell, and he suddenly stepped out.

"Congeal!"

She shouted loudly and boomed, and saw a shocking reincarnation aura suddenly burst out from her body, rushing into the sky.

At this moment, Fang Muling actually directly triggered the power of the Thunder Cloud of Reincarnation and Destiny Tribulation, and wanted to break through the calamity.

"Tiangu, everyone, what are you waiting for?"

Fang Mu shouted sharply.

Hearing Fang Muling's words, Tiangu and the others were stunned at first, and then they shook their heads one by one.

Because they already understood what Fang Muling meant, they wanted all of them to break through the detachment together at this moment, so it would definitely trigger the extremely terrifying power of the Thunder Cloud of Reincarnation.

And their power of thunder tribulation can bring help to Qin Chen. At the same time, Qin Chen can also resist the next part of the thunder calamity for them, so that they can enter the realm of detachment more easily.

"hiss!"

In an instant, everyone sucked in cold air and their eyes flickered.

I have to say that Fang Muling's method is indeed very tempting, and it can increase the probability of all of them breaking through detachment by at least half.

However, the only thing that worried them was Qin Chen.

"Don't worry, everyone, I can vouch for the identity of the eldest Miss Anyoufu. You have never shown hostility to Qin Chen before, and Qin Chen will never attack you."

Fang Muling said with certainty.

With Fang Muling's assurance, everyone's hearts were surging.

next moment.

"Such a chance, fight."

Tian Gu was the first to step forward, his eyes were firm, and the power in his body was aroused.

Boom!

Above the endless sky, another robbery cloud formed.

"Fight."

"Hahaha, if you don't seize such an opportunity, when are you going to wait?"

"That's it."

"Yes, with my talent, the probability of entering the realm of detachment is less than 20%. Now that Qin Chen is here, it is enough to increase the probability of our breakthrough to 50%. With such a good opportunity, what are you still doing?"

One after another, loud shouts sounded, and among the crowd, a strong man came out one after another, and one after another triggered the power of reincarnation in his body.

boom! In the endless sky, the robbery clouds continued to form, and the entire dark and forbidden area trembled in an instant, as if it was about to collapse.
