

Valkyrie 5181

[Chapter 5181: Where is the Quartet?](#)

The terrifying murderous aura swept over like a vast ocean, hitting Fang Muling. However, Fang Muling looked resolute and never took a step back, she said solemnly: "I didn't lie to you, the first thing the Young Master Sifang did after entering the dark forbidden area was to break through the detachment first, and he succeeded, it was all first of all

He made a breakthrough, but the first thing he did after his breakthrough was to take his subordinates to besiege Qin Chen. "

"We are all from the Darkness Mansion, and we can be called partners. In order to surround Qin Chen, he was arrogant and domineering, and he didn't care about others at all. Unexpectedly, he eventually died at the hands of Qin Chen. Speaking of which, And he deserved it."

boom!

A stone stirred up a thousand waves.

As soon as Fang Muling's words fell, everyone present was stunned.

Is the Young Master Sifang really dead?

On the side, Tian Gu and others stepped forward one after another and stood behind Fang Muling, staring at the gods from all directions like the stars holding the moon.

"Master Sifang, please mourn and change."

he opened his mouth to speak.

Hearing this, everyone's heart sank.

It seems that what Fang Muling said is true, otherwise Tiangu and others would never have behaved and looked like this. "No, it's impossible, my son is supreme in all directions. He has unparalleled magical powers and extraordinary talent. He is a first-class super genius in this universe. How could he die at the hands of Qin Chen? What's more, he broke through. in the case of detachment

, it's you, it must be what you did to him! "

With a bang, a breath of heaven burst out from the body of the gods of the four directions, and the terrifying double detachment power erupted like a volcano, instantly triggering the power of heaven and earth, as if the end was coming.

Boom boom boom!

The heavy detachment breath went straight into the sky, causing the entire Dark Nether Mansion to vibrate violently.

His face was hideous, his expression was crazy, and his big hand was slamming over the people in front of him.

"Say, what have you done to my son?"

Seeing that the Sifang God Venerable's attack was about to fall, he heard a "boom". Palace Master Anyou suddenly shot and stopped the Sifang God Venerable. He frowned and said solemnly: "Sifang, what are you doing?"

"Big brother, my son Sifang died in the dark forbidden area. I want to ask clearly, and I can't let his death be unclear."

The gods from all directions moved forward step by step, murderous aura rising all over his body.

"Sifang God Venerable, are you going to rebel?"

At this moment, Venerable Zheng Kong shouted angrily, "This is the Anyou Palace, the Palace Master hasn't spoken yet, it's not your turn to be a savage."

"Zheng Kong, you trash, dare to shout in front of this seat?"

The Quartet God Venerable looked at the God Venerable Zheng Kong, and suddenly a terrifying streamer burst out, like a sharp blade, and came to the God Venerable Zheng Kong in an instant.

With a bang, at the critical moment, an invisible dark power surged out, instantly stopping the sharp-blade-like attack.

It is the Dark Lord.

"Big brother."

Sifang Shenzun looked at Palace Master Anyou and said fiercely: "Now that my son is dead, do you want to cover up these murderers?" Palace Master Anyou said solemnly: "Sifang, don't worry, this matter is in this government. The truth will be found out. If someone secretly harms the Sifang nephew, this government will not tolerate it, but if what Tiangu and the others say is true, we can only ask for sympathy and change..."

..."

The implication of Palace Master Anyou can be heard clearly. Obviously, if it is as Fang Muling said, then the death of the young master of the four sides can only be like this.

"it is good."

The eyes of the gods from all directions flickered again and again, and he suddenly turned his head to look at the entrance to the dark forbidden place surging with a terrifying aura.

"Since the big brother said so, then I have nothing to say, but no matter what my son is, at least one of him and Qin Chen is still in the forbidden area, and I must enter it immediately to check."

After the words fell, the four gods swayed and swept to the forbidden area in an instant.

"not good."

Seeing this, Fang Muling flickered, and hurriedly stopped the gods from all directions.

Whoosh whoosh!

Not only him, but the deputy commander of Tiangu and others also swept their bodies to stop the gods from all over the world.

Now Qin Chen is still breaking through inside, and once he is disturbed, the consequences will be disastrous.

"Go away." A gleam of light flashed in the pupils of the gods of the four directions. With a big wave of his hand, endless murderous intentions poured out, and with a bang, everyone was shocked and flew out in an instant.

"Father, Qin Chen is still breaking through in the forbidden area, and he must not be disturbed by the gods from the four directions."

At this moment, Fang Muling's anxious voice sounded in the mind of Palace Master Anyou.

"What? The breath in this forbidden area was produced by Qin Chen's breakthrough?"

Palace Master Anyou was startled. The next moment, his figure swayed and he suddenly appeared in front of the Sifang God Venerable. With a bang, the Anyou Palace Master stretched out his big hand and forcibly blocked the Sifang God Venerable.

"Sifang, the forbidden area has not been closed yet. According to the rules, please wait patiently for a while. After the movement inside has subsided, it is not too late to enter and check."

Palace Master Anyou said in a deep voice.

"Big brother, what are you waiting for? Now my son's whereabouts are unknown, and I ask big brother to get out of the way and open the forbidden area. I will go in and check immediately."

"Sifang, the rules of my Anyou Palace cannot be changed." The Anyou Palace Master stared at the Sifang God Venerable with a heavy tone.

Sifang Divine Venerable was stunned for a moment, and then, his eyes gradually became gloomy, and there was a ferocious flash in the depths of his eyes.

"Okay, very good, what does eldest brother mean, my son Sifang just died in vain?" God Venerable Sifang gritted his teeth and said word by word.

"Sifang, this mansion has absolutely no intention of this, but the rules are immutable." Palace Master Anyou said. "Hahaha, what are the rules? What **** rules, I understand, big brother, you are deliberately letting my son die in that forbidden area, right, what kind of alien boy? How could there suddenly appear in this universe?"

The unparalleled arrogance of the world, that Qin Chen, is basically the person you arranged, you are afraid of me, so you want to kill the Quartet, right? "

boom!

An aura of sky-rocketing burst out from the body of the God of the Four Squares. In an instant, the entire dark and secluded mansion trembled violently, and the power that was enough to destroy hundreds of millions of stars spurted out, causing countless people around to retreat.

"Sifang, are you crazy?"

Aside, the others couldn't help shouting angrily.

"Sifang, don't forget who you are talking to." Venerable Zheng Kong also said angrily.

"I'm crazy? Hmph, am I right?" Sifang Divine Venerable stared at Palace Master Anyou and roared. Palace Master Anyou looked at the Divine Venerable Sifang, a trace of disappointment flashed in his eyes, and said coldly: "Sifang, I didn't expect that I was such a person in your heart? I can tell you clearly that I don't know Qin Chen. , just because he saved Mu Ling,

I only let him enter the forbidden area to practice, as for the nephew from the four directions..."

Palace Master Anyou paused for a moment, then said coldly, "If he really died, then you know best why he died in the forbidden area."

"Hahaha."

The four gods suddenly burst into laughter.

"Big brother, my good big brother, at this time, whatever you say is right."

Sifang suddenly raised his head and looked at the endless sky, his eyes were blood red, and he roared: "Where is the Sifang Guard?"

"I'm waiting!"

Outside the dark secluded mansion, in the endless gloomy void, suddenly one after another loud shouts resounded.

The next moment, in the vast starry sky, a group of powerful men with a terrifying aura appeared one after another. They were wearing armor and holding sharp blades. In an instant, they wrapped the entire dark and secluded mansion. Surrounded by water.

[Chapter 5182: The ancestor has arrived](#)

boom!

As soon as I saw the vast sky, countless powerhouses appeared in an instant. These powerhouses wore battle armor and stood between the heavens and the earth. As soon as they appeared, everyone was filled with terrifying aura and suppressed.

These people appeared silently, like ghosts, no one knew when they were hiding here, and no one knew how they appeared.

On their faces, each wore a ferocious Asura mask, the mask covered their faces, leaving only one pair of pupils, just like ghosts who came out of purgatory, with a suffocating aura.

hiss.

Seeing the appearance of so many strong men, everyone present couldn't help but gasp.

These masked people in front of them, all of them with magnificent breath, absolutely extraordinary, mighty, giving people a strong sense of oppression.

When were there so many top players in the quarterback?

"Sifang God Venerable, what are you doing?"

Seeing this, God Venerable Zhengkong immediately shouted angrily.

"Sacrificial formation."

The Sifang God Venerable ignored him and just said coldly.

"Yes." Following the order of the gods from all directions, the ancient **** of war behind him suddenly rose to the sky and merged into the endless powerhouses in the sky. Wei's body

Instantly surged out.

"boom!"

"boom!"

"boom!"

A series of terrifying voices sounded, and the bodies of these masked people exuded a series of strange wave patterns that swept the four directions. I saw the endless rays of light rising, and each of them turned into a formation base, arranged in a vast sky above the sky, just like the stars, forming a vast array of stars and stars, and the entire dark and secluded mansion was over the sky.

to completely cover.

Countless chaotic prehistoric atmospheres rolled down in an instant.

"Sifang God Venerable, are you going to rebel?"

Zun Kong Shenzun shouted angrily.

Around, the other powerhouses of the Dark Nether Mansion were also stunned. What is the Sifang God Venerable doing?

"Rebel?" The Sifang God Venerable smiled, with a cold smile: "What is a rebellion? Half of the territory of this dark and secluded mansion is guarded by me in the four directions. It can be said that without this seat, the dark secluded mansion cannot be in the south of the Thirteen Stars at all. The domain stands. My four corners are dark and secluded mansions

You have worked hard and worked hard, but today you are ignoring my interests for the sake of an outsider. This is your own fault. "

The four gods moved forward step by step, and a terrifying murderous aura rose from him.

"kill!"

Above the sky, countless Quartet Guards also roared in unison, murderous intent boiling, bang, endless murderous intent turned into a vast array of light and instantly descended, trying to block the core area of Dark Nether Mansion.

"Open the guardian formation."

God Venerable Zhengkong even roared that once they were trapped by the formations created by these masters, their combat power would definitely be severely reduced.

It should be noted that there are countless mighty and powerful people gathered in the sky today, at least one million, and each of them has extraordinary aura. Although there are very few detached auras, many of them are at the half-step detachment level.

Once these people form a large formation, they will inevitably cause strong suppression to the people present.

Accompanied by the voice of God Venerable Zhengkong fell.

hum! There was a burst of light suddenly surging in the core of the entire Darkness Palace, but at this moment, boom, from the place where the burst of light emanated, there was a sound of explosions, and the next moment, those who had not had time rising array

The light shattered in an instant, dissipating the void.

The guardian formation in the core area of the Darkness Mansion could not be opened.

"Bang Kong, don't waste your energy."

The four gods sneered and moved forward step by step.

"Sifang, what have you done?" Venerable Kong Kong shouted angrily.

The Sifang Divine Venerable smiled and said lightly in the eyes of everyone's anger: "This seat has been in charge of the Sifang Guard for so many years, and I know all about the guardian formation of the headquarters of the Anyoufu. How can you successfully start the formation?"

"Today, it's good for everyone to be good here, otherwise, don't blame me for being ruthless."

Sifang Divine Venerable said coldly, and walked towards Palace Master Anyou step by step. God Venerable Zheng Kong looked angry, and shouted angrily at the countless square guards in the sky: "You guys, please retire to me soon, this is the headquarters of the Anyoufu, standing in front of you is the master of the palace, you square guards Although obey

The gods from the four directions ordered to guard the frontier, but they were the soldiers of my Anyoufu. Now they have rashly besieged the headquarters of the Anyoufu. Do they all want to rebel? "

However, no matter how God Venerable Zheng Kong reprimanded them, these Sifang Guards were like rocks, suspended motionlessly in the vast sky, and every one of them was surging with terrifying murderous intent, like a killing machine, without a trace of emotion.

This made the hearts of the people around him sank slowly, and they could only look at Palace Master Anyou.

"Stop shouting, these people are all my confidants, how can they obey your orders?"

Sifang Divine Venerable sneered, came to the Anyou Palace Master, and sneered: "Big brother, times have changed, you should abdicate, you must know that the world today is not the world you used to be."

Palace Master Anyou looked at Sifang God Venerable indifferently, with disappointment in his eyes, and sighed: "Sifang, you have disappointed me too much." "Disappointed? Hahaha!" Sifang God Venerable suddenly laughed hysterically, "Big Brother, I should be the one who is really disappointed. Obviously, as long as you let Fang Muling marry my son Sifang, this dark and secluded mansion will definitely be the two of us in the future.

family, but you are reluctant to find an outsider..."

"I have paid so much for the Anyou Mansion in these years. I should have deserved all of this. You can only blame yourself."

The look of the gods from all directions is faintly crazy.

"Do you think you can win this way?"

Palace Master Anyou snorted coldly, Boom, and the terrifying detachment aura erupted in an instant, representing the detached power of the second-level peak, pouring out like a vast ocean.

He said coldly: "Sifang, although Anyoufu was founded by my ancestor, he is not owned by anyone, not mine, and not yours, but belonged to the thousands of people of Anyoufu."

"Enough, I don't want to hear this."

Sifang Divine Venerable suddenly rose to the sky, with a sneer at the corner of his mouth: "Brother, it seems that you still don't understand me. Do you think there is only one person in this seat today? Brother Darkness, should you be here?"

The four gods suddenly looked at the sky outside.

"Hahaha!"

"Brother Sifang has been waiting for a long time. How can this ancestor miss such a good show?"

Boom.

Accompanied by a sound of laughter, many of the four guards on the sky moved away, and a dark figure in the distance flew over like a star, and within a few flashes, it had come to the sky above the dark and secluded mansion, descending on this place. Fang Tiandi.

boom! The endless rays of light are restrained. This is a super strong man exuding a dark atmosphere. The majestic double detachment power is like a spouting volcano, constantly wanton, unrestrained, arrogant and domineering.

[Chapter 5183: dark crisis](#)

"Dark Ancestor!"

Seeing the person coming, Palace Master Anyou tightened his eyes, and instantly showed a strong sense of vigilance.

The surrounding God Venerable Kong Kong and others were also shocked, and their faces instantly became extremely ugly.

It was the ancestor of darkness.

As the founder of the Dark Continent, the top expert in the Southern Thirteen Star Region, everyone present has naturally heard of such a character. Although the Dark Continent is not particularly powerful compared to the top Dark Nether Mansion in the Southern Thirteen Stars Domain, although its ancestors are famous, they are not peak second-level detachment after all. Star giant cannot be compared.

But in any case, this person is also a very powerful existence in the Southern Thirteenth Star Territory, guarding one side of the world of reincarnation, and a strong man who has not fallen for countless epochs, is enough to not give in to a tyrant like the Sifang God Venerable.

"Hahaha, Brother Sifang, didn't this ancestor miss a good thing?"

With a long whistle, the dark ancestor quickly descended outside the dark forbidden area, and in one step, he crossed the endless void and came to the side of the gods from all directions.

"Sifang God Venerable, you... you actually colluded with outsiders!"

God Venerable Zheng Kong was furious in his heart, and even opened his mouth in anger. "Your Excellency, this ancestor doesn't like to hear it. After all, this ancestor is also a powerful party. How can you say it is collusion when you come to your Anyoufu?" The dark ancestor smiled coldly, and then he looked at the Anyoufu. Lord, said indifferently: "Palace Lord Darkness

, stay safe. "

"Ancestor Darkness, when will it be your turn to take care of the affairs of my Darkness Mansion? Besides, you alone are worthy of being savage in my Darkness Mansion?"

Palace Master Anyou looked sullen and stepped out abruptly.

Boom!

A terrifying aura instantly shot up from his body, and above the sky, a rolling cloud formed, representing the aura of the double detachment peak, and it was suppressed in an instant.

"Is this the power of the double transcendence peak?"

Seeing this, the dark ancestor shrank his pupils and was secretly shocked.

He is also a master of the second-level detachment level, but at this moment, in front of the breath of Palace Master Anyou, there is a trembling feeling all over his body.

However, there was no panic on his face: "With me alone, naturally I can't fight against you, Palace Master Anyou, but this time, this ancestor was invited by another person besides Brother Sifang. ."

"Another person?" Palace Master Anyou frowned.

"Yes, it is this seat."

Boom! With the sound of a cold voice, another figure appeared from above the endless sky. This figure was like a **** and demon who walked out of the ancient times, walking along the endless void step by step. instant boiling

Get up.

"Patriarch Tuoba."

Seeing the person coming, the expressions of everyone present suddenly changed drastically, revealing the color of horror.

The people in front of them are too familiar to them. It is none other than the ancestor of the Tuoba family who has fought with Anyoufu for countless years, Tuoba Xiongba.

"Sifang, how are you..."

At this moment, everyone present looked at the four gods in anger, all of them were horrified and looked terrified.

The Tuoba family is the world enemy of his Anyoufu. The two sides have fought each other for many years, and each other is stained with each other's blood. It can be said that in the southern thirteen-star region, the Anyoufu and the Tuoba family have him and no me. I have no opponent.

Now, the Sifang Divine Venerable has actually colluded with the Tuoba family. Such behavior has completely betrayed the Anyoufu.

boom!

With the appearance of Tuoba's ancestors, on the endless horizon, many strong men appeared one after another, and they were all surging with terrifying murderous intentions.

A murderous intent against the Dark Nether Mansion has already erupted.

"kill!"

Ancestor Tuoba shouted loudly at the masters of the Tuoba family above his head. The next moment, these masters of the Tuoba family rushed towards the headquarters of the Anyoufu below. In an instant, countless screams resounded.

In an instant, the entire headquarters of the Dark Nether Mansion had turned into a purgatory, and there were fights and battles everywhere.

"Sifang, you bastard." An ancestor saw the sound of battle coming from his mansion, and suddenly roared and rose into the sky, wanting to go to the rescue, but before he could leave, suddenly, the sky appeared in the sky. Thousands of masters in black cloaks,

Appearing like a sound, Qi Qi waved a sword like a death scythe in his hand towards the ancestor.

"not good!"

He was shocked and hurriedly punched out.

boom!

In an instant, this old ancestor was blasted out, covered in blood. If he hadn't evaded quickly, he would have been cut into countless pieces in just a split second, leaving no bones left.

"It's not worth killing a chicken and a dog!"

The leading man in the cloak sneered with a proud expression.

They have the capital to be proud of, because just in the blink of an eye, a detached ancestor of the Dark Nether Mansion was seriously injured and almost lost all combat power, which is enough to prove their strength.

"The guards of the gods are the guards of the Tuoba family."

"The guards of the gods are the top legion of the Tuoba family. All of them are dead soldiers. They are led by ten detachments.

"Damn, I never thought that Tuoba Xiongba would bring all the guards of his Tuoba family."

At this moment, everyone present was surprised, and their hearts gradually sank.

"Fang Huatian, today, you don't want to go out alive. The days when you Anyoufu and my Tuoba family were in the Southern Thirteen Star Region will be completely history. Come on, kill them."

Ancestor Tuoba sneered, and already took the lead in killing Palace Master Anyou.

"Kill it out."

Palace Master Anyou looked frightened, roared, and also greeted him.

boom!

A tragic fight broke out in an instant.

And when Palace Master Anyou and the others were fighting frantically, Qin Chen's breakthrough had come to the most critical moment in the secret forbidden area.

"Boom!"

Above the sky, endless verdict thunder light poured down, illuminating Qin Chen's illuminated body.

"Block it!" Qin Chen roared, resisting the terrifying murderous intent conveyed by this thunder, but what surprised him was that the last power of reincarnation was not as terrifying as he had imagined, when it hit him. , there is a warm current

The general power quickly merged into his body, transforming his fleshly body.

"This is..."

At this moment, Qin Chen couldn't help but suddenly widened his eyes.

"This...why is this last reincarnation fate tribulation thunder calamity so similar to the power of the thunder bloodline in my body?"

An unbelievable look appeared on Qin Chen's face.

No, it can't even be said to be close, it's just the same.

Yes, it's exactly the same.

When the power of the last thunder robbery fell on Qin Chen, Qin Chen suddenly realized that his last reincarnation fate robbery turned out to be his own thunder bloodline! Use the power of your own blood to test yourself, what kind of joke is this supreme will of the universe sea?

[Chapter 5184: Trembling Nether Emperor](#)

Rolling thunder robbery surged, constantly blasting into Qin Chen's body.

This terrifying thunder calamity that can completely destroy this world is now frantically washing Qin Chen's body and completely integrating all the power in Qin Chen's body.

time, space!

Four elements!

Soul, destroy!

Everything, at this moment, under the power of Judgment Divine Thunder, quickly merged together, forming a brand new force.

The power of the ten reincarnation fate calamities merged into one.

Just saw Qin Chen's eyebrows, a deep and mysterious rune slowly emerged, turned into a light of judgment, and quickly spread throughout his body.

boom!

Lightning surges, forming a terrifying sea of thunder.

No one can describe how terrifying the strength of Qin Chen's body at this moment is, enough to destroy the world and crush the eternity.

"Ah!" Qin Chen couldn't help roaring. The intense pain made him slowly levitate. Boom, a terrifying aura swept in all directions, and a detached aura emerged from Qin Chen's body. swept out from the middle, from the inside

In addition, from weak to strong.

Boom!

The void in all directions, constantly shaking, quickly listed a small gap.

Void crack, this is in the sea of cosmos, the space is extremely solid, general detachment is impossible to tear the void, let alone general detachment, even the second-level detachment, under normal circumstances, cannot tear the void.

But at this moment, just the power dissipated from Qin Chen's body ripped apart the surrounding void. How terrifying and powerful is this?

"Transcendence, so this is detachment?"

At this moment, Qin Chen's whole body seemed to be in a state of intoxication, and an inexplicable aura of the Great Dao flowed through his body, allowing him to touch a whole new realm.

The sea of knowledge is transparent!

Before, although Qin Chen had come to realize the origin of detachment, understood the essence of detachment, and even absorbed a lot of detachment power.

He always thought that he already knew a lot about transcendence.

But it wasn't until he really broke through the detachment that he realized how superficial his understanding was.

"Transcendence!"

Qin Chen murmured.

Ka Ka Ka!

Under the bombardment of the Judgment Divine Thunder, his body continued to sound of shattering, as if something in the body was broken at this moment, and a sense of complete liberation spread throughout his body. .

boom!

At this moment, Qin Chen finally entered the realm of detachment and became a real detachment giant.

A sense of power in charge of heaven and earth spread throughout his body in an instant.

At the same time, in the chaotic world.

boom!

Honghuang Zulong and others couldn't help but rise up. Under the agitation of Qin Chen's aura of detachment, one by one burst out with a top-level aura of detachment.

Roar!

Unable to suppress at all, the aura in their bodies was madly increasing, and under Qin Chen's aura, they couldn't control their bodies at all.

The so-called one person attains the Tao, and the chicken and the dog ascend to heaven.

It's the situation at hand.

At this moment, in the dark and forbidden ground, Qin Chen was suspended in the sky and the earth, and the rolling power was surging. The Jiuxing Divine Emperor's Art of Qin Chen, the power of An Luotian's rules, etc., all quietly circulated.

Moreover, the power of the Judgment Divine Thunder in his body is also bursting wildly.

boom!

Can't help it.

The countless dark auras in the entire dark forbidden area all gathered together, mighty and rushing, and madly poured into Qin Chen's body at this moment. I can't describe the shock of the scene in front of me. It has stood in this dark palace for hundreds of millions of years, and contains the dark energy of endless dark power. At this moment, all of them are gathered crazily, turning into dark dragons, desperate for everything. integration

In Qin Chen's body, his aura continued to grow.

Hundreds of millions of years of dark and secluded energy gathered in the entire dark and secluded area, all of which poured into Qin Chen's body at this moment, and were absorbed and refined by him.

At the same time, the space gods in the chaotic world also boiled, and the vast space gods continued to emit a top-level space aura, strengthening Qin Chen's origin.

The combination of the dark energy and the divine veins of the space combined to increase Qin Chen's cultivation level madly. He saw the aura in Qin Chen's body increasing at an amazing speed...

The first stage of transcendence!

A heavy detachment mid-term!

A heavy detachment late stage!

A level beyond the peak!

boom!

Countless power surged, and Qin Chen stood between the heavens and the earth like this, as if he had become the king in this dark and forbidden land. Countless dark auras surrendered to him, reflecting him like a demon god.

At this time, the terrifying aura emanating from Qin Chen's body was also passed on to Guyu Pagoda.

The ninth floor of Guyu Pagoda.

Where the Pearl of Inheritance is located.

The blocked will of the Great Emperor Nether, under Qin Chen's constantly stirring detachment power, could not help but slowly wake up from his slumber.

The next moment, his consciousness instantly froze.

"This is..."

A trace of his divine consciousness escaped, and when he felt everything in the outside world, he was instantly stunned.

"The realm of detachment, I didn't expect this kid to break through the realm of detachment so quickly, and he reached the peak of the first level of detachment as soon as he broke through. How is this possible?"

There was shock in the voice of the Nether Emperor.

After breaking through detachment, his cultivation has advanced by leaps and bounds. He has not seen such a thing before, but it is the first time he has seen someone like Qin Chen who has suddenly stepped into the peak of the first-level detachment.

"And why does the breath on this child have the power of that one? What is going on? No, I have to check."

The voice fell, and the Nether Emperor suddenly turned the power of the years.

boom!

The breath of the rolling years is flowing, and in front of his eyes, countless pictures go back, and he seems to be on a river of time, seeing everything that happened before. "It turned out that he spied on other people's breakthroughs and realized a hint of heaven, no wonder! However, this shouldn't be able to directly enter the first-level transcendence peak of this kid? Keep watching, this kid is starting to ferry back, first-level, second-level

, triple...ninth, right, ten...ten reincarnation? hiss! "

When he saw the ten-fold reincarnation that Qin Chen had crossed, this top powerhouse from the underworld couldn't help but tremble wildly and gasped wildly.

"how can that be?"

There was a trembling in the voice of the Nether Emperor. "The world is changed, and nine is the supreme. Since the birth of this cosmic sea, even if it is a genius who is against the sky between heaven and earth, at most, it can only go through the nine-fold reincarnation. This kid turned out to be an unprecedented ten-fold reincarnation, and this tenth

Reincarnation is still..."

With a bang, when he spied on the tenth reincarnation, the terrifying aura of judgment broke out. In an instant, his consciousness flew out of the vast past and returned to reality.

"Judgment Divine Thunder, the thunder tribulation of this tenth reincarnation turned out to be that person's Judgment Divine Thunder, the arrangement made by that person... Is it really successful?"

The voice of the Great Netherworld revealed a trace of panic and awe. This emperor-level figure who has been in the underworld for hundreds of millions of years, at this moment, his consciousness is shaking.

[Chapter 5185: It's going to change](#)

"Cosmic Sea, I'm afraid it's going to change."

The Nether Emperor couldn't help trembling.

Knowing a lot, he has already seen vaguely that the entire universe sea seems to be about to undergo terrifying changes.

Boom!

outside world.

Qin Chen's breath finally stopped after reaching the first level of detachment.

"my power..."

Qin Chen sensed the power in his body, and at this moment he had a feeling that with one punch, the world could be blasted open.

"That is!"

At the same time, Qin Chen suddenly turned around and looked into the depths of this dark and forbidden place.

At this moment, in the depths of this dark forbidden place, there is a quaint palace suspended.

This ancient palace exudes a heart-pounding aura, and the whole body is pitch-black, and from the palace, one after another of dark auras slowly dissipated, continuously spreading into this vast dark forbidden area.

"It's no wonder that the dark aura in this dark forbidden area has not dissipated for hundreds of millions of years. I never imagined that there would be such a palace in this dark forbidden area, releasing a steady stream of dark energy?"

Qin Chen's figure moved, and he was just about to go to the palace to check it out. Suddenly, he stopped abruptly and stared out of the dark forbidden area.

The next moment, his face suddenly changed.

"No, Fang Muling and the others are in danger."

Qin Chen's figure flickered, and the whole person suddenly disappeared.

Out of darkness.

"Hahaha, Brother Fang, don't resist, no matter how much you resist, it's useless. How can you save this dark palace alone?"

Ancestor Tuoba's voice was mad and his breath was majestic, and he united with the ancestors of darkness to continuously attack Palace Master Anyou.

Behind them, each has an incomparably huge and majestic Dharma sign, trapping the dark secluded palace master who also formed a huge Dharma sign, and firmly confronted. Originally, with the strength of the Anyou Palace Master, no matter how strong the ancestor Tuoba was, he could not trap him alone, but with the Dark Ancestor, it was different. , suddenly made him stretched,

Can't get out.

And without the support of the Anyou Palace Master, how can the rest of the Anyou Palace be the opponents of the Sifang Guards led by the Sifang God Venerable and the countless other masters of the Tuoba family?

Countless screams resounded through the heavens and the earth. Except for the place outside the dark forbidden area, the entire dark palace has become a purgatory, with blood flowing everywhere.

If it wasn't for Fang Muling and other ten detachments who had just broken through on the side of the Dark Nether Mansion, I'm afraid they would not be able to resist them.

"Hahaha, God Venerable Zheng Kong, you have been pressing on my head for so many years. I didn't expect you to be today, right?"

The ancient **** of war came with the masters of the Quartet, and surrounded and killed the gods and the others, causing them to retreat again and again.

"The ancient **** of war, you betrayed the adults, you can't die."

God Venerable Zhengkong roared, looking like a madman.

"Hmph, you're still stubborn at this time."

The ancient **** of war swayed and suddenly appeared beside the **** of the Kong Kong. He punched out, and with a bang, the detachment breath with endless fighting intent slammed, and the **** of the Kong Kong was directly shocked backwards.

But at this moment, a group of guards quietly appeared beside the God Venerable Zheng Kong, the sickle in his hand fell down, and the God Venerable Zheng Kong was slashed with scars.

After a knife, the group of people disappeared instantly, and they were hidden in the dark again.

This made God Venerable Zheng Kong and others extremely furious. The bodyguards of the Tuoba family are too mysterious and weird, like a group of evil spirits, who will be seriously injured if they are not careful. Wei attacked,

seriously injured.

"Miss, we can't go on like this, we have to rush out."

Beside Fang Muling, Dangmo Shenzun said anxiously.

"No, I can't leave my father behind."

Fang Muling shook his head, his eyes resolute.

"But Miss, the Palace Master must hope that you can leave safely so that you can preserve your vitality." Demon Dangling said anxiously.

If this continues, Fang Muling and the others will surely die.

However, Fang Muling's eyes were firm and she didn't want to leave at all. She turned her head and looked at the dark forbidden area not far away. At this time, the movement in the forbidden area seemed to have weakened a lot.

"Qin Chen, are you alright?" Fang Muling was anxious, she knew that once she escaped, the dark and secluded mansion would be completely over, and they lost a group of them. I don't know if anyone can kill him or not.

Qin Chen in the dark forbidden area is bound to die, and there is no possibility of surviving.

The sudden betrayal of the Sifang God Venerable, if Fang Muling and the others had just broken through the detachment beyond the Tuoba family's expectations, the Kong Kong God Venerable and the others would most likely have been unable to hold on to their fall.

It is because of the detachment of Fang Muling and his group of new breakthroughs that everyone can persist until now.

During the battle, everyone retreated while fighting, and there was no way to retreat.

And the ancient **** of war with the four guards and the guards of the gods wanted to kill them in a short time, but it was not easy. "Gu Zhan, let me kill this empty space, don't waste your time, go to the dark forbidden area and see if the four sides are still alive? And Qin Chen, if he is still in the forbidden area, bring him out alive. , this seat will cost him thousands of dollars

cut. "

Divine Venerable Quartet said in a cold voice, he stepped out and slapped it with the palm of Venerable Zheng Kong and others.

With a bang, God Venerable Zheng Kong, Fang Muling and the others were instantly blown upside down, spitting out blood and looking angry.

After all, the Sifang God Venerable is a double detachment, and the gap with them is too great. Under the palm of his hand, even Fang Muling and the others are too talented to resist, and they have again brought many wounds on their bodies.

"Yes."

When the ancient **** of war saw this, Lian Yinghe made a sound, and then he swayed and swept away towards the dark forbidden place.

"not good."

Fang Muling was anxious, and a mouthful of blood spurted out immediately.

Now Qin Chen is still in the dark forbidden area. Once he meets Qin Chen with the detached strength of the ancient **** of war, Qin Chen will be in danger.

Fang Muling wanted to stop her, but she was powerless, and under the suppression of the four gods, she could only watch the ancient **** of war rush into the dark forbidden area.

Upon seeing this, the four gods sneered at the corner of his mouth.

As long as that kid is still alive, he will definitely not be able to escape the palm of the ancient War God Venerable.

However, the thought in his mind just fell.

suddenly-

boom! A terrifying shock wave resounded through the heavens and the earth, and an astonishing breath came out from the entrance of the dark forbidden area. The next moment, the ancient **** of war, who had just rushed into the forbidden area, collapsed in embarrassment before everyone's eyes.

Flying out, a robe has been torn into countless pieces.

From that dark and forbidden place, a figure slowly walked out. Instantly appeared in front of everyone.

[Chapter 5186: hundreds of feet high](#)

At this time, a figure slowly appeared in front of everyone under the watchful eyes of everyone.

He looked at the battlefield that the entire Dark Nether Mansion had turned into, and frowned slightly.

"Qin Chen..."

Seeing this figure in front of him, Fang Muling's eyes suddenly showed excitement.

It was Qin Chen who came.

Seeing this, the hearts of the people on the side of the four gods sank suddenly.

Before, a group of geniuses from the Darkness Palace entered the Darkness Forbidden Land to try to break through. Now Fang Muling and the others have come out. Only Qin Chen and the Young Master Sifang are left in the Darkness Forbidden Land and they may still be alive.

And whoever can get out of this dark and forbidden place is basically the one who is alive.

Now, it was Qin Chen who came out?

Doesn't this mean that the young master of the four sides has died in this dark and forbidden land?

Although everyone already had some preparations because of Fang Muling's words, when Qin Chen really came out, the hearts of everyone present sank.

The young master of the Quartet, I am afraid that the evil will be less fortunate.

"Impossible, my son has all the resources in the four directions, how could it be you who survived..."

The most unacceptable thing was the Sifang God Venerable. When he saw Qin Chen appearing, he immediately roared and roared. A terrifying aura burst out from his body. In an instant, his eyes turned blood red. .

An endless killing intent boiled up, and the surrounding void was simmering directly, like boiling water.

"Qin Chen, hurry up."

This force swept away, Fang Muling and others spit out blood, but at this time, Fang Muling did not retreat but advanced, and a terrifying dark aura rose in an instant.

boom!

Endless dark aura shot up into the sky in an instant, and a terrifying force quickly condensed from Fang Muling's right hand. In the distance, Fang Muling's right hand spread out, and the countless dark and secluded qi in her hands condensed into an ancient sword in an instant. The next moment, the blood in Fang Muling's body suddenly surged, and then, countless blood gushing out of her

, and then gathered into the divine sword condensed by the dark energy in her palm!

Blood is the sword!

boom!

The next moment, the sword in Fang Muling's hand burned directly!

Burn the original soul!

Now she has nothing but hard work.

"Miss."

Dangmo Shenzun and others saw that Fang Muling actually burned his soul directly, and rushed up in a hurry.

"Qin Chen, it's dangerous here, run away quickly, I'll stop them."

Fang Muling shouted at Qin Chen, and then she held the blood sword without hesitation, and killed the gods from all directions.

"I'm sorry, this was originally about my Anyoufu, but it involved you. I hope you don't blame my Anyoufu."

Fang Muling murmured, tears rolled from the corners of her eyes, and then, her whole body turned into a **** light, which shot at the gods in all directions.

"court death."

The enraged Sifang God Venerable was about to kill Qin Chen at the first time, but at this moment, seeing Fang Muling's direct burning of the original soul, a trace of ferocity flashed in his eyes.

"act recklessly."

He snorted coldly, he was a second-level detachment powerhouse, did Fang Muling think that he could burn his soul?

At this moment, Fang Muling suddenly disappeared in the distance.

laugh!

A **** sword light suddenly slashed in front of the four gods.

Sifang God Venerable clenched his right hand sharply, and then a fist collapsed, and above the fist, a terrifying force poured out.

Boom! A piece of sword light shattered, and the Sifang God Venerable just took a step back, then stabilized his body and stood still. Instead, the **** light burst into pieces and turned into Fang Muling's figure, and was instantly shocked. Flying tens of thousands of meters away,

Bloody!

Although Fang Muling burned her soul blood, although she survived seven reincarnations.

But she and Sifang God Venerable are too different in realm, even if it is like this, she still can't hurt Sifang God Venerable.

However, Fang Muling's purpose was not to hurt the gods from all directions.

She didn't even stabilize her figure, so she charged directly towards the gods from all directions.

In the distance, the stopped God Venerable Sifang glanced at his right hand. On the fist of his right hand, there was a light white sword mark, and some oily skin could be vaguely seen.

Fang Muling actually hurt him!

There was a ferocious look in the eyes of the gods of the four directions, and the next moment, he suddenly disappeared in place, and punched straight towards Fang Muling's body!

When the punch came to Fang Muling's body, Fang Muling didn't dodge or evade, and swiped the sword directly into the eyes of the four gods!

boom!

laugh!

Fang Muling retreated in an instant, and as soon as she stopped, countless cracks appeared in her body!

In the distance, the Sifang God Venerable closed his eyes, and in the clanging sound, a shallow bloodstain appeared on his eyelid, which almost pierced his eyelid and stabbed his eyeball.

The face of the four gods is extremely ugly!

The reason why he exchanged injuries with Fang Muling just now was because he felt that Fang Muling's sword could not break his body, but he underestimated the blood sword in Fang Muling's hand!

In the distance, Fang Muling's soul is still burning, and with the burning of her soul, her breath is still skyrocketing wildly.

In addition to burning her soul, her source power is also continuously providing her with bloodline power!

This is also the reason why she is able to fight a double detachment at this moment!

On the other side, the right hand of the Four Square God Venerable was slowly clenched, and the endless breath gathered on him.

He was angry.

At this moment, Fang Muling suddenly disappeared in place.

boom!

Sword light burst.

Fang Muling once again killed the gods from all directions.

"Ling'er."

"Miss."

Palace Master Anyou, Dangmo Shenzun and others exclaimed in surprise, because at this moment they had already seen that Fang Muling was desperately trying to give Qin Chen a chance to escape.

But if it goes on like this, Fang Muling will soon die here.

"Miss, don't be impulsive."

Dangmo Shenzun and the others hurried up and said, one by one to protect Fang Muling.

"Elder Mo, you go and protect Qin Chen from leaving."

Fang Muling roared, and his whole body had turned into a **** man.

"Want to run, can he run away? I want you to watch this son die in front of you, Gu Zhan, kill him."

Seeing Fang Muling's crazy appearance, the Sifang God Venerable suddenly calmed down at this time, not in a hurry, and issued an order to the ancient War God Venerable.

"Yes."

The ancient **** of war was knocked out by Qin Chen before, holding back his anger. At this time, he grinned and killed Qin Chen who was at the entrance of the dark forbidden land.

boom!

His figure disappeared into the void in an instant, the endless ancient aura gathered in his right hand, and came to Qin Chen like lightning.

"Kid, die."

The ferocious roar burst out from the mouth of the ancient **** of war, and the next moment, the fist of the ancient **** of war slammed into Qin Chen's chest.

boom! In an instant, the ancient **** of war felt that his fist was slamming on an endless mountain that towered into the sky. With a click, his right fist was forcibly shattered, and blood splattered hundreds of feet. high.

[Chapter 5187: shattered with one punch](#)

"what!"

A shrill scream rang out. In an instant, the entire figure of the ancient **** of war, Zunzun, hit an unshakable mountain, and a sharp pain came directly from his fist. His attack was enough to blast a small world directly. instant reaction

On his body, he spit out a mouthful of blood on the spot, and the whole person flew out.

"you..."

The ancient **** of war retreated thousands of feet, and looked at his broken right hand in horror. On the right hand, blood was dripping and it was extremely tragic.

"how can that be?"

The ancient **** of war looked up at Qin Chen with a horrified expression, as if a storm was rolling up in his heart.

Is he a veteran first-level detachment master? The punch that broke out before, not only failed to hurt the opponent, but injured himself, what the **** is this?

At this moment, not only was he shocked, but everyone else present was also horrified.

"Transcendence!"

"This Qin Chen broke through detachment."

"But how can it be so strong that it is detached? The ancient **** of war is an old-fashioned detachment powerhouse? Not only was he safe and sound, but he wounded himself?"

The voices of various discussions instantly spread throughout the world.

"Dark Ancestor?"

At this moment, Qin Chen was the Ancient War God Venerable who ignored the shot, and his eyes fell directly on the Dark Ancestor who was targeting the Anyou Palace Master together with Tuoba Old Ancestor in the distance.

An invisible murderous aura permeated from Qin Chen's body.

It was this guy who commanded the dark clan to invade the initial universe, unite with the demon clan, and invaded the universe for countless years, resulting in the fall of countless clansmen and the destruction of all clans over the past tens of thousands of years.

And the culprit of everything is this dark ancestor.

"It really is this kid?"

The eyes of the dark ancestor also met Qin Chen's at this time, and a cold light burst out in an instant.

boom!

In an instant, two invisible forces swept away from the eyes of the two, forming a terrifying murderous vortex.

"What a fierce killing intent, hum, I didn't expect this child to break through and detach, it's troublesome."

The dark ancestor's eyes were cold, and a heart sank faintly.

In the initial universe, it is difficult to give birth to a detached powerhouse, but once detachment is born, it can integrate the origin of the initial universe, lead the entire initial universe to detach from reincarnation, and stand in this sea of cosmos.

That is to say, once Qin Chen returns to the original universe, it will become extremely difficult for him to plunder the origin of the original universe.

"This child must not be allowed to return to the original universe alive."

The dark ancestor's eyes flickered, and his eyes gradually became cold.

"I didn't expect you to come to the Darkness Mansion because of you, your dignified dark ancestor. It's really haunting."

Qin Chen snorted coldly, and the voice rumbled across the world. Then, he turned to look at the Sifang God Venerable, and his eyes fell on Fang Muling in front of the Sifang God Venerable.

After looking at Fang Muling, who was covered in blood, burning his origin and soul, Qin Chen's eyes suddenly became gentler.

"Mu Ling, stand back, from now on, this place will be handed over to me."

After saying this, Qin Chen turned to look at Tiangu and the others, "Tiangu, Mo Lao, you protect Mu Ling."

"Yes, less dust."

Tiangu and Mo Lao were both excited.

After that, Qin Chen didn't even look at the Ancient War God Venerable, his eyes locked directly on the Sifang God Venerable not far away, and walked over step by step.

In his eyes, there are only the strongest Sifang God Venerable, Dark Ancestor and Tuoba Ancestor.

hum!

As Qin Chen's footsteps fell, avenues of lotus flowers rippled out of the void, and the amazing power of the law instantly spread out, forming a terrifying power.

Seeing that Qin Chen was ignoring his existence, Gu Zun Zun's face instantly turned red.

"Boy, how dare you ignore me and court death."

The voice fell, and there was a ferocious look in the eyes of the ancient **** of war, and the whole person suddenly rushed forward, punching Qin Chen. With this punch, countless mysterious runes suddenly appeared around, and in an instant, a terrifying battle intent emerged from the surrounding heaven and earth.

Qin Chen was instantly enveloped in it.

boom!

The boundless breath permeates, forming a terrifying realm world.

World of War! This is the most powerful method for the ancient **** of war to practice. Taking the ancient way of war as a guide, burning the ancient road and forming a terrifying enchantment, anyone who enters the world of war will fall into the terrifying war intent of the ancient **** of war. unable to extricate themselves

.

"die!"

The world of war was filled, the ancient **** of war roared, and the terrifying fist power swept the four directions, and the terrifying power rushed towards Qin Chen like a tide!

One punch imprisoned the world! Qin Chen's face was expressionless, and he was still walking forward step by step, walking steadily and slowly, until the attack of the ancient **** of war came to him, Qin Chen turned his head gently, his indifferent eyes None of them, just

Just wave it out.

As if to fan a fly.

boom! And when Qin Chen slapped his hand and fanned out, a harsh roar broke out in the void, and a terrifying aura exploded directly from Qin Chen's hand, punching the ancient **** of war with all his strength, and it exploded instantly. span

Come on. One side of the world collapsed, and the war world formed by the ancient **** of war could not hold on for a moment, and disappeared in an instant, and those runes instantly turned into nothingness. At the same time, the ancient **** of war directly retreated to the top outside, and he just

As soon as he stopped, the space behind him exploded, turning into pitch black!

The ancient **** of war looked at Qin Chen in the distance, his eyes were full of disbelief, and he roared: "You... how could you break through my war world so easily?!"

"The world of war? The power of ants is also worthy of being called the world of war?"

Qin Chen's eyes are cold. Although he has just broken through detachment, he has gone through ten reincarnations and mastered the most terrifying Dao rules in the world. How can he see such a small first-level peak detachment as the ancient **** of war?

In front of Qin Chen today, the ancient **** of war is really about the same as the ants.

"Since you want to die, that's fine, then this young master will fulfill you."

The indifferent voice sounded, and the next moment, Qin Chen suddenly disappeared in place.

In the distance, the pupils of the ancient **** of war shrank suddenly, he did not dare to run anything else, and immediately rushed forward subconsciously, punching in the direction of Qin Chen's disappearance.

The pure ancient battle power suddenly erupted!

At the moment when the ancient **** of war made a fist, Qin Chen's figure had already appeared in front of him, Qin Chen's fist and the fist of the ancient **** of war collided in an instant.

boom!

The endless aura exploded, like a volcanic eruption, the tsunami came, and the void in all directions boiled in an instant.

The next moment, the ancient **** of war was horrified to see that his right fist shattered instantly under Qin Chen's punch, and a terrifying force was transmitted directly to his flesh along his arm. .

The ancient War God Venerable was horrified, and he quickly trembled, madly retreating towards the rear, but it was still too late...

boom!

The body of the ancient **** of war shattered in an instant, like a broken porcelain, it was torn apart and shattered in an instant. Only one soul remained.

[Chapter 5188: Fight the Quartet](#)

boom!

At this moment, everyone present was stunned.

What did they see?

The dignified ancient **** of war, the war general under the command of the four gods, the ancient **** of war with a great reputation in the dark secluded mansion, was actually blown away with one punch.

Such a scene made the scalps of everyone present numb, and goosebumps appeared all over their bodies. An unspeakable sense of fear spread through everyone's minds in an instant.

"That's it?"

Qin Chen looked at the ancient **** of war indifferently with disdain in his eyes. The next moment, Qin Chen waved his hand gently, and an invisible force instantly swept away towards the ancient **** of war, who only had the power of his soul.

The ancient War God Venerable was terrified, and with only his soul left, he no longer dared to resist, and hurriedly rushed towards the location of the Quartet God Venerable!

"Master Sifang, save me."

The ancient **** of war looked terrified and hurriedly shouted.

"Boy, stop!"

In the distance, the pupils of the gods from the four directions shrank, and suddenly roared and banged. At the same time, all around Qin Chen, a terrifying aura suddenly emerged. Dozens of strong men wearing cloaks and holding scythes appeared instantly, like ghosts. At the moment of appearance, their scythes were facing Qin.

The dust fell suddenly.

boom!

Dozens of scythes fell in an instant, and the surrounding void was instantly cut open with ripples of power, forming a terrifying dark vortex that enveloped Qin Chen.

It is the guardian of the Tuoba family.

As soon as the guards came out, they were unmatched.

But in the face of the attack of the guards, Qin Chen's figure remained motionless, allowing these attacks to fall on him. With a bang, the boundless breath boiled and exploded, and the phantom of the sickle in the sky slashed on Qin Chen. However, Qin Chen did not move at all, and terrifying breaths burst out from his body.

With a full-strength blow, it did not cause Qin Chen the slightest damage.

After ten reincarnations, Qin Chen's pure physical defense has reached an extremely terrifying level.

And the cultivation of these guards, many have not even achieved detachment, they are only half-step peak detachment, how can they bring harm to Qin Chen?

Under the horrified eyes of everyone, Qin Chen turned his head to look at the guards who took action. The pupils of these guards shrank, the expressions on their faces suddenly changed, and they retreated one by one, quickly retreating.

Even the ancient God of War Venerable who surpassed the peak of the first level is not the opponent in front of him, how can they beat it?

At the moment, these people turned around and ran.

However, how can their speed compare to Qin Chen?

Clang!

The mysterious rusty sword suddenly appeared in Qin Chen's hands, and Qin Chen swept his sword against the void in the distance.

boom!

The mysterious rust sword tore through the field, and in an instant, dozens of heads rose into the sky, extremely bloody!

A sword!

The heads of dozens of God Guards rose into the sky in unison, and all of them died here. Such a scene was simply too **** and shocking.

Ignoring these dead guards, Qin Chen's eyes fell on the ancient **** of war who fled in the distance, and the mysterious rusty sword in his hand suddenly disappeared.

Swish!

The sword light flashed, and the next moment, with a puff, the mysterious rusty sword in Qin Chen's hand seemed to penetrate the endless void, and instantly pierced into the eyebrows of the ancient **** of war.

The soul of the ancient **** of war was suddenly pinned, the pupils of the whole person shrank, and the body was stiff, not daring to have the slightest turbulence.

He raised his head and was about to speak, when the mysterious rust sword trembled violently, and with a bang, the soul of the ancient **** of war was swallowed and absorbed by the mysterious rust sword in an instant.

Erase directly!

Boom!

A powerhouse who had surpassed the peak of the first level fell, and a terrifying aura surged from the whole world, forming a terrifying vision.

Transcendence, Linghai is above the sea of cosmos, the fall of any detached powerhouse is a major event in the sea of cosmos, no trivial matter.

In the distance, countless guards of the gods and the powerful guards from the four sides were shocked and retreated!

Is the ancient **** of war so dead?

"Boy, you are courting death, and I will smash your corpse into ten thousand pieces."

Sifang God Venerable's eyes were blood red at this time. He roared and rushed towards Qin Chen. Boom, a square mace appeared in his hand. The next moment, he urged the square mace to slammed towards Qin Chen Swipe forward.

boom!

With this wave, the space at the top of the battle mace sank directly, forming a strange huge vortex!

At this time, Qin Chen's eyes narrowed, and there was a hint of excitement in his pupils.

Double detachment, it was the first time he had played against a double detachment. At this moment, there was no trace of fear in his heart, instead a strong sense of excitement emerged.

"cut!"

With a low shout, the mysterious rust sword in Qin Chen's hand suddenly disappeared. The next moment, with a bang, Qin Chen's mysterious rust sword slashed and collided with the square mace.

boom!

Amidst the amazing roar, the vortex shattered directly, Qin Chen's mysterious rust sword and the Quartet of God Venerable's Quartet dagger retreated at the same time and fell into the hands of the two of them.

"what?"

Seeing this scene, the pupils of the four gods shrank suddenly.

His own blow was actually blocked by this kid in front of him?

how can that be?

There was a flash of sternness in his eyes, and he stomped his right foot sharply, and when it flew up, it slammed down again with a mace.

boom!

The endless mace light burst out with shocking power. Under such a force, the surrounding space was directly cracked, and then, black light gushed out like a surging sea.

"The way of the mace, the sea is boundless!"

The monstrous black light came to Qin Chen in an instant, and at this moment, Qin Chen swept away with his sword!

boom! The black lights around him were instantly annihilated, and the space returned to normal. At the same time, the four-sided mace was violently split open, and the four-sided God Venerable only felt the power of a terrifying sword energy. put his flesh

body to direct annihilation.

"court death."

The gods from all directions roared and punched the terrifying sword energy with a punch.

With a puff, a sword mark with deep visible bone appeared directly on the right fist of the God Venerable Sifang, and a trace of blood spurted out of it in an instant.

"you..."

The figure of the Sifang God Venerable retreated thousands of feet, and when he stopped, the surrounding void shattered directly.

In the distance, the Quartet God Venerable who hit the void has been completely stunned!

He was actually knocked back, and he was injured!

He was a dignified second-level detachment powerhouse, but was hanged and beaten by a young man who had just broken through his detachment!

What a shame!

Sifang Divine Venerable raised his head to look at Qin Chen. The next moment he raised his head, his pupils suddenly shrank. Then, a sword burst out, as if ignoring the distance of space, and came to the center of his eyebrows in an instant.

"Open!" Sifang Shenzun hurriedly roared, and a terrifying force swept out of his body and slammed into the mysterious rusty sword.

Chapter 5189 Quartet True Realm

boom!

The void on this side trembled directly at this moment, and the power of the gods from all directions swept in like a heavy ocean. In an instant, the void within a radius of ten thousand li trembled directly.

Boom boom boom!

The power of the gods from the four directions is like a heavy wave, pouring out crazily, forcibly blocking Qin Chen's sword, forcing him to stop in the void.

At this moment, Qin Chen's mysterious rusty sword was like a sailboat that was cutting through thorns and thorns in the sea.

"Huh? Blocked?"

Qin Chen frowned.

It has to be said that the Quartet God Venerable still has two hits. In this case, he actually blocked his own blow.

"Double detachment, it's still a bit of a foundation."

Qin Chen could feel that the double detachment power of the Sifang God Venerable in front of him was far superior to the first detachment power of the ancient War God Venerable before, and there was some essential difference between the two.

If the strength of a piece of detachment is a piece of wood, then the strength of a double detachment is a piece of steel, which is almost indestructible.

"I said, how could Lord Sifang Shenzun be unable to stop that kid's attack? The injury just now was definitely due to carelessness."

"That's right, but this kid is really a bit evil. As soon as he broke through the detachment, he killed the ancient **** of war, and even forced the four gods to become serious."

"Hey, this kid is about to be finished, Lord Sifang Shenzun is the top powerhouse who has guarded my dark and secluded mansion for hundreds of millions of years, the leader of the Sifang Guard, who has stepped into the double detachment for many years, how can this boy easily confrontation."

"Just now, Lord Sifang Shenzun is definitely just warming up."

At this time, the talents finally had time to recover from the shock, so as not to be immersed in a state of ignorance.

"Boy, you are really strong, no wonder you can defeat my son Sifang, but I will let you know how big the gap between you and me is, no matter how talented you are, in front of this seat, you are just an ant ."

The four gods roared, and immediately stepped out, and the power of the strange runes rose into the sky from his flesh.

Boom!

In an instant, within 10,000 miles around his body, terrifying Taoist forces rose up one after another. These Taoist forces quickly surged, twisted, and turned into an invisible realm force that enveloped the world. .

Boom.

In front of everyone's eyes, the void around the Sifang God Venerable changed in an instant, as if they were instantly plunged into a strange world. This void quickly twisted, as if it had been erased from this world level.

"This is... the Sifang True Realm of Lord Sifang God Venerable!"

"Sifang True Realm is a special realm, which belongs to the unique domain of Sifang God Venerable. This is a method that only a powerhouse with a double detachment can use. If any powerhouse falls into it, the soul and the body will sink together, falling into endless of the abyss and darkness, and there is no hope of seeing the light again."

Seeing the strange scene in front of them, everyone was horrified.

On the surface, the Sifang True Realm and the War Realm that the Ancient War God Venerable had displayed are very similar, but in fact they are two completely different levels of power, which cannot be compared at all.

"Sifang True Realm?"

Qin Chen was suspended in the starry sky, frowning and looking around.

In the surrounding void, all the aura disappeared, and his entire figure seemed to have fallen into an abyss, and he was still sinking. With his sinking, his perception of the outside world actually weakened a little bit.

"The power of the Dao of the Universe Sea is gradually weakening, and my connection with the Universe Sea is also being blocked little by little."

Qin Chen thought about it, this is a special kind of realm power, like pulling himself from the bright universe into the dark universe, if he can't break free from it, he will fall into endless sinking, and there will be no light at all.

This is the reason why the first-level detachment cannot be compared with the second-level detachment, and the powers controlled by the two are completely different.

"interesting."

Qin Chen chuckled lightly, his pupils shrank, his body suddenly shuddered, and the detachment power of the first-level peak was released frantically, causing the surrounding void to tremble violently in an instant, as if a big earthquake had formed.

"Huh? Still want to break free from the shackles of this seat's real world? It's ridiculous, under the **** of this seat's true world, no matter how you have the ability to reach the sky, you can't break free, you can only obediently sink and die for this seat."

The gods from all directions shouted angrily, and then a big hand suddenly stuck out.

boom!

A huge palm appeared between the heavens and the earth. This palm was formed purely by the law. Under the power of the Four Realm Realms, it was captured and captured by Qin Chen.

I heard a violent roar resounding, this huge palm is unrivaled in the real world of the four directions, as if the gods stuck out his palm, and actually grabbed Qin Chen into it. .

A violent roar sounded in the starry sky, and the void around Qin Chen collapsed crazily under this terrifying force of capture.

"Qin Chen."

Fang Muling suddenly exclaimed anxiously.

Palace Master Anyou also sank in his heart.

Still invincible?

On the other hand, Patriarch Tuoba and Patriarch Dark sneered.

This kid, is too naive, do you think that he is invincible when he breaks through the realm of detachment? In the face of double detachment, how could he resist this first detachment?

"Boy, go to hell."

Boom boom boom!

The heavy grabbing force kept collapsing, and Qin Chen's whole body formed a terrifying explosion. However, the gods from all over the world were furious. No matter how this collapsing force was bombarded, Qin Chen's whole body was like a rock. Generally immovable, standing in this endless starry sky.

"This...is your strength? Double detachment, but that's it."

The next moment, Qin Chen suddenly raised his head under everyone's unbelievable gaze.

puff!

Suddenly, a terrifying sword light burst out in front of Qin Chen, and with a bang, the sword light flashed, and the huge palm was torn apart in an instant, and a huge, tens of thousands of meters long appeared directly in the void in front of him. gully.

"No, it's impossible!"

The Sifang God Venerable has a ferocious face: "Even if you tear apart the Tao of this seat, what can you do with your big hands? In the Sifang True Realm of this seat, you can't break free at all, and you can only wait to die obediently."

"yes?"

Qin Chen raised his head, a trace of mockery flashed in his indifferent eyes.

Whoosh!

The next moment, Qin Chen suddenly rose into the sky, a breath of space bloomed directly from his body, and with a bang, the void around him trembled directly, like boiling water, and then, Qin Chen slashed with a sword. Out, with a puff, the Sifang True Realm of the Sifang God Venerable was directly torn apart.

Qin Chen's whole person instantly returned to the universe sea from the Four Square Realm.

"what?"

Divine Venerable Sifang screamed in anger, "Kill him."

As his voice fell, several strange figures suddenly appeared around Qin Chen. These figures exuded a gloomy aura, and they were the detached leaders of the guards.

At the moment when these detached leaders appeared, the scythes in their hands were raised at the same time, and a burst of light rose up under their feet.

boom!

The terrifying phantom of the sickle smashed into Qin Chen's body in an instant, forming a violent death storm.

[Chapter 5190: ban door axe](#)

The eyes of the leaders of the guards were cold. They had been lying in ambush for a long time. When Qin Chen killed dozens of their subordinates before, they had already left other battles and focused entirely on Qin Chen's actions. body

.

However, they didn't make a rash move, but hid in the dark. Only now did they make a sudden move, at the most critical moment when Qin Chen tried to break through the real world.

boom!

In an instant, Qin Chen was shrouded in countless death sickles, and the surrounding void was torn out of countless space cracks, forming a terrifying storm of death.

Under the eyes of the public, the endless space cracks swallowed Qin Chen instantly, forming a terrifying dark vortex between the heaven and the earth, swallowing all tangible and intangible substances.

"I don't know whether to live or die. It's just an ant, trying to go against the sky."

The eyes of these detached leaders were cold, and they said indifferently, they stood up in the sky, and their bodies exuded a cold light, like Shura who came out of the Nine Serenity Yellow Springs, and held the authority of death. I have to say that they have such confidence and confidence. The Tuoba family has been in the Southern Thirteen Star Region for so many years, and they have conquered countless worlds and worlds. As the king of the assassination world, the powerhouses who died in the hands of their guards did not count. That

number.

Why would you put Qin Chen, a young man who just broke through detachment, in his eyes?

"This kid should be dead, right? The assassination blow I'm waiting for contains the supreme method of space, which can cut everything in the starry sky, not to mention how many people I'm waiting for to join forces to kill such a kid, it's not a problem at all. ."

Several figures were projected in the endless void, staring at the vortex below, full of confidence.

It should be noted that with the scythe in their hands, even the sun and the moon can be cut off, let alone a flesh and blood body?

As their voices fell, the death vortex in front of them exploded in an instant. There, there was nothing left, and all the matter had been annihilated and disappeared.

"That boy, only ashes should have died."

Some of them laughed.

As soon as he finished speaking, suddenly—

puff!

A sword light suddenly flashed in the void, as fast as lightning, making it too late to react, and swept across the person's neck in an instant.

The next moment, Boom, this person's head rose into the sky, blood splattered thousands of feet high, his eyes were round, and he couldn't rest his eyes.

Qin Chen's figure slowly emerged behind him, holding a sharp blade, like a god.

"The clumsy space method, and I don't know where the confidence comes from."

Qin Chen said indifferently.

"you..."

Everyone else looked over in horror, their pupils shrank suddenly, when did Qin Chen get behind them, and why did they feel nothing at all?

"A group of scum who can only hide in the dark, are they also worthy of calling themselves the kings of the night?"

Qin Chen's tone was disdainful, and when the words fell, he stomped the void with his right foot.

"Escape!" The detachment of several other guards was full of horror at the moment, and endless fear emerged in their hearts, and they didn't care to react at all. When they turned around, they fled into the void, like a shadow merging into the night. , disappears instantly

not see.

The art of space concealment.

This is the most powerful means of the guardian of the gods, and it can escape into the void without being perceived.

"Hmph, want to run?" Qin Chen's mouth outlined a cold smile. He raised the mysterious rust sword in both hands, and the infinite power instantly gathered into the rust sword in his hand. The void suddenly fell

down.

"cut!"

boom! The void in front was instantly torn apart by a ravine that was hundreds of millions of feet long. The edge of the gully rippled with the power of space, and with a bang, in the horrified eyes of everyone, the thousands of miles of void in front of Qin Chen's eyes turned out to be like a mirror.

broken apart.

The void is like a mirror, shattering directly.

From the broken mirror, several embarrassed figures fell out, all covered in blood, they were the leaders of the guards.

"Impossible, what means is this?"

"The space concealment technique I'm waiting for can be integrated into the void. Why can this kid directly shatter the void?"

"This is the void of the universe sea."

Several people screamed in horror, looking awkward, and their bodies retreated in an instant.

With one sword, the endless void in front of them was torn apart directly, shattering like a mirror. Such a method was far beyond their imagination.

An inexplicable fear enveloped their bodies.

However, as soon as they retreated, a figure suddenly appeared behind them, Qin Chen's eyes flashed a ferocious look, and the mysterious rusty sword in his hand slashed out thousands of swords in an instant.

"Space Sword Art!"

Chi Chi Chi... Countless sword shadows swept out into the sky, instantly shrouding the people in front of them, and then under the terrified eyes of everyone, the bodies of the leaders of the guards froze in the void, and then shattered a little bit. turned into countless blood clots

Fall into the void.

Boom!

Several detached powerhouses fell, and the terrifying detachment source breath burst instantly, forming a terrifying storm.

"This..."

At this moment, there was a dead silence on the field, and everyone stared blankly at the scene, almost unable to believe their own eyes. Several leaders of the guards of the gods are detached, and any one of them is enough to cause a sensation in the Southern Thirteen Star Territory, but now, they were killed instantly by Qin Chen's sword. Such a strong gap makes everyone feel like a scroll. startled

Stormy waves.

Can't believe what happened.

In the crowd, only Dangmo Shenzun looked excited.

"Young Master Chen is more than a star and a half stronger than when he was in the Secret Realm of Returning Ruins?" He was someone who had seen Qin Chen's strength in the Secret Realm of Returning Ruins. Back then, when Qin Chen was only half-step detached, he was able to kill close to the peak of the first-level detachment. The Heiyu Ancestor Emperor and the Ancient Dao God Venerable, who have now entered the realm of detachment, are afraid that their strength has reached

It had reached a point where he couldn't even fathom it.

"As expected of the person who got the inheritance of the Secret Realm of Returning Ruins, according to the rumors, the big guy who fell into the Secret Realm of Returning Ruins is the true master of space in this universe. "

Dangmo Shenzun was filled with endless excitement.

In the sky above the dark forbidden area, Qin Chen's eyes were indifferent, and he who killed several leaders of the guards, his expression was extremely indifferent, and he turned to look at the four gods: "Okay, I solved a few guys who got in the way, now it's my turn. is you."

boom!

Qin Chen's voice just fell, and his figure suddenly blurred and disappeared in the void.

"not good."

Sifang God Venerable's pupils shrank, and in an instant, he felt a strong crisis, and at the critical moment, his figure suddenly retreated.

puff!

At the moment when he retreated, a terrifying sword light suddenly appeared in front of him, tearing apart the void, leaving a sword mark several feet long on his chest. There is blood flying in the void.
