[Chapter 5191: Vientiane God](#)

"hateful."

The eyes of the four gods were horrified.

If he didn't dodge in time just now, this sword would be enough to split his body directly.

And this sword light fell, There were countless sword qi in the void, and these sword qi turned into a sword net, which completely wrapped the gods from all over the world in an instant.

"Stinky boy, do you really think I can't stop you?"

"Quartet gods, open!"

Sifang Divine Venerable's eyes were ferocious, and he suddenly roared, and a terrifying aura suddenly burst out from his body.

"Boom, boom, boom!"

I saw that in the endless void above the dark secluded mansion, a vast figure of the law emerged.

"It is the body of the dharma of Lord God Zun of the Four Sides."

"Beyond the second-level Vientiane God Phase Realm, it can condense the body of the law and communicate with the power of the universe."

"This dharma image was born from the use of the power of the universe to integrate the power of the universe.

"This is the trouble." In the magnificent universe, everyone saw such a majestic figure with a height of hundreds of millions of feet standing in the sky, and the Sifang God Venerable was in the middle of this figure, and layers of energy continued to flow from here. Out of the dharma,

Everywhere along the way, a terrifying explosion occurred in the void.

"retreat."

"Go back!"

Countless powerhouses roared in horror and retreated one by one. Even a shred of the power of such a law is enough to annihilate the existence of a half-step detachment. Even the headquarters of the Darkness Palace below is rumbling and trembling. If the headquarters of the Darkness Palace has a terrifying forbidden defense, it is a

Some planets and small worlds, I am afraid that they will be wiped out in an instant and turned into dust.

"Boy, I am beyond the second level and have the supreme supernatural power to communicate with the universe. What are you fighting me for?"

The huge palm of the gods from the four directions urging the law to fall down with a bang.

With a loud bang, the void under the palm of Fa Xiang's hand vibrated directly, and the frenzied ups and downs were like a big earthquake.

Ka Ka Ka Ka!

Under the power of this amazing dharma, the sword light displayed by Qin Chen made a piercing crackling sound, which was shattered by the constant bombardment.

Immediately afterwards, the huge palm slammed down on Qin Chen's place, and the power in the void within a million miles around it rolled out in an instant, binding Qin Chen in this void.

"die!"

The huge palm penetrates the sky and the ground, and it can crush the sun, moon, and stars, and slam it into the void. With a bang, the void within a radius of one million miles explodes directly, as if the universe is shattered, and the end is coming.

"Vientiane Dharma?"

Qin Chen murmured.

He has now reached the peak of the first level of transcendence, and the next step is to condense the power of the Dharma and achieve the omnipotent Dharma.

"Then let me see, what exactly is this so-called dharma of all phenomena!"

Facing this terrifying Dharma attack, Qin Chen did not dodge at all, instead he put away the mysterious rust sword, and the whole person quickly rose into the sky.

break!

Qin Chen snorted and slammed into the huge palm with a punch, and the punch exploded. He heard a violent roar, and the void directly collapsed, forming an amazing explosion, destroying the world. everything.

The next moment, there was a bang, and from the explosion, a figure was madly flew upside down. Wherever it passed along the way, a series of big explosions occurred in the void, forming a huge ravine hundreds of thousands of feet long.

Bang, the kinetic energy diminished, Qin Chen's body slammed into the void, and the void behind him shattered in an instant.

"Qin Chen."

Exclamations sounded, Fang Muling and the others all clenched their hands nervously, and looked at the place where the exploding void was located, feeling uneasy in their hearts.

The attack of the Vientiane Dharma Phase level is irresistible, even if the peak of the first level is detached, can Qin Chen stop it?

"Boy, as long as your strength reaches the sky, the first level of detachment is the first level of detachment. Never imagine that you can compare with the second level of detachment."

The gods from all directions walked forward step by step, and every step of the huge dharma image, the ground trembled amazingly, the void trembled, and the continuous ups and downs were extremely terrifying.

However, at this moment, a cold voice suddenly came out between heaven and earth.

"The dharma of all phenomena is indeed powerful. It's a little bit, just a little bit, and it's about to hurt me?" The grand fall, everyone saw in horror, a figure slowly stood up amid the endless explosion, He was a little embarrassed, and his clothes were torn, but under the torn clothes, there was a dazzling

Xiaguang's body is round and jade-like, flawless.

It was Qin Chen.

And under the terrifying blow of the gods from the four directions just now, Qin Chen's body was unscathed, not even a trace of scars appeared.

"You... how is that possible?"

Sifang God Venerable opened his mouth in alarm, his eyes were round and round, and even the gigantic Vientiane God's Dharma Body was a little fluctuated.

This is a full-strength blow that contains his double transcendence. Not only did he fail to kill the boy in front of him, he didn't even leave a trace of scars. How is this possible?

What kind of monster is this guy in front of him?

"Sifang Divine Palm, give this seat to death."

The gods from all directions had a ferocious face, and once again urged the huge palm to launch a frantic attack on Qin Chen.

boom boom boom boom...

A series of attacks came out frantically, like raging waves, and suddenly countless palm shadows appeared between the sky and the earth. These palm shadows hit like a tsunami, turning the whole world into a sea.

"Qin Chen, be careful."

Everyone exclaimed, and at the same time, they retreated madly.

Such a scene is too terrifying. A double detachment shot like a madman. No one can describe the scene in front of him. The starry sky that stretches for hundreds of millions of miles directly shatters into terrifying ravines, as if the end is coming.

Facing this terrifying scene, Qin Chen's eyes did not panic at all, and a cold light burst out from his pupils.

"Just now, you have been shooting, now, it's my turn."

When the voice fell, Qin Chen snorted and suddenly disappeared into the endless world.

The next moment, a figure suddenly appeared in the sky above the endless sky, Qin Chen raised his sword with both hands, and endless power quickly gathered towards the mysterious rusty sword.

"Earth, Water, Fire and Wind!"

"Four Statues Divine Slash!" Qin Chen roared, and with a sword, he tried his best to slash out, and he saw a terrifying vision appear above the endless sky. Into the sword in Qin Chen's hands,

Crash out.

boom!

The endless power of the four elements collided with the magical attacks of the four gods, and both annihilated and exploded.

"Impossible, how can your attack block my divine power?"

The hysterical roar of the gods from all directions, with an unbelievable look on his face, but before his voice fell, a wave suddenly passed from the void in front of him, and a figure suddenly appeared in front of him in the next moment.

puff!

Accompanied by the appearance of this figure, a sharp sword stabbed into his brows.

boom! The sword energy was vertical and horizontal, and the huge power of the law began to collapse in an instant.

[Chapter 5192: two-on-one](#)

At this moment, between the heaven and the earth, endless explosions roared, and Qin Chen stood like a god. He held a mysterious rusty sword, and the sword body pierced into the dharma of the four gods, endless reincarnation. power everywhere

It poured out, causing the Vientiane Dharma to explode in a frenzy.

boom!

The power of the four great roads of earth, water, fire and wind exploded, annihilating everything.

Between heaven and earth.

The terrifying law-like Yuwei formed a terrifying shock that swept the world, forming an astonishing tsunami shock in the entire void, and the void within a radius of thousands of miles fluctuated violently, as if someone was frantically shaking a cloth.

What?

Old Ancestor Tuoba and Old Ancestor Darkness, who trapped Palace Master Anyou in the distance, both widened their eyes in shock.

What did they see?

A first-level detachment actually tore apart the myriad dharma images condensed by the second-level detachment of the Sifang God Venerable.

Is this... the hell?

The reason why the two-level detachment is powerful is because their Dharma body is unmatched, and it is by no means comparable to the first-level detachment. This is a brand new power.

But now, such a force has been torn apart by Qin Chen's first-level detachment. How can people not be shocked? How not to be appalled?

"Sifang God Venerable, you have disappointed this young master too much. Is this your method? That's all."

Under the watchful eyes of everyone, Qin Chen looked disdainful.

He was greatly disappointed by the divine power of the four gods.

"In this case, you have no need to live, die!"

The voice fell, and Qin Chen's figure suddenly disappeared into the void.

"not good!"

The gods from all directions looked terrified, and the figure retreated in an instant.

puff!

The next moment, a sword light flashed and quickly slashed at Sifang God Venerable. With a proper sound, a sword mark appeared on Sifang God Venerable's body immediately.

"hateful."

There was a ferocious look in the eyes of the gods of the four directions, and he put his hands together, and a transcendent aura of the four directions rose again.

"I am a double detachment, you can't hurt me?"

boom!

A source of power rose up, and the Quartet God Venerable was actually burning his own source.

At this critical moment, he couldn't care too much and could only do his best.

Although it is extremely shameful to burn the source under a first-level detachment attack, but in the face of this situation, he can't care so much anymore.

"Quartet return to Yuan, infinite and indestructible!"

boom!

In an instant, four huge stone pillars rose up in the whole heaven and earth, and these four stone pillars rose into the sky.

Buzz!

Above these four stone pillars, one after another ancient runes rose up, turned into a sky-high fighting spirit, and instantly merged into the body of the four gods.

"Go to hell!"

The gods from all directions had a grim expression on their faces, and suddenly punched Qin Chen who was in front of him.

boom!

With one punch, the sky collapsed, and the endless starry sky was directly torn apart by a ravine that was thousands of miles long, engulfing Qin Chen's location.

However, at the moment when the terrifying breath engulfed Qin Chen, Qin Chen's figure had already disappeared between heaven and earth.

"what?"

The four gods were startled, and the next moment, a strong sense of crisis came from behind him, and he subconsciously counterattacked with a punch.

With a bang, a terrifying sword light slashed directly above his fist, and smashed him out, flying tens of thousands of feet upside down, and the void behind him shattered layer by layer like glass.

On the surface of his fist, a streak of blood overflowed, the wound was deep, and the bone was visible, and a terrifying cold sword qi kept trying to rush into his body along the wound.

"you..."

God Venerable Sifang opened his mouth in alarm, but before he could finish his words, Qin Chen had already disappeared in place again.

Sifang God Venerable couldn't say much, and hurriedly retreated again.

boom!

At the moment when he retreated, sword lights appeared from all directions. These sword lights appeared out of nowhere in the void, suddenly appearing around him, so that he could only urge the source in his body to resist.

"what!"

In the shrill roar, the sword light slashed across the sky and fell on the gods from all directions, instantly slashing him like a **** man.

Under the watchful eyes of everyone, the gods from all directions retreated crazily, while Qin Chen kept approaching, and sword lights burst forth, leaving wounds on his body, stunned everyone.

A double detachment was chased and beaten by a first detachment. Such a scene simply makes people unable to believe their own eyes.

"Ancestor Darkness, go and help the gods from all directions."

Ancestor Tuoba's pupils shrank when he saw this, and he immediately roared loudly.

If it goes on like this, Sifang Divine Venerable is afraid that it is possible to die in Qin Chen's hands.

When the time comes, the two of them will fight against the two of the Anyou Palace Master and Qin Chen, and the difficulty of destroying the Anyou Palace will rise sharply.

"it is good."

The Dark Ancestor was also terrified at the moment. He jumped up and got out of the battle group in an instant. Boom, turned into a terrifying dark streamer and swept towards Qin Chen.

"Qin Chen be careful."

Seeing this, Palace Master Anyou's face changed greatly. A terrifying dark and secluded power rose into the sky in his body. With a bang, he was about to rush out of the suppression of Tuoba Ancestor and go to support Qin Chen.

"Hmph, Anyou, your opponent is me." Ancestor Tuoba snorted coldly, and a primitive battle flag suddenly appeared in his hand. As soon as the battle flag appeared, it instantly released an ancient power of space, and an ancient The space chain burst out, blocking the radius of 100 million in an instant.

Void within a thousand miles.

"Dingkongqi, you actually took out all these treasures." Palace Master Anyou said in surprise and anger.

"Hmph, as long as you destroy your dark and secluded mansion, what is a mere treasure?"

Old Ancestor Tuoba sneered and quickly moved the ancient battle flag. Countless ancient space runes completely imprisoned this void, making Palace Master Anyou unable to rush out in a short period of time.

At this moment, the dark ancestor took a step forward, and the endless void seemed to be compressed, and instantly disappeared behind the dark ancestor, and was already close to Qin Chen and the four gods.

"Qin Chen be careful."

Fang Muling got up in a hurry and wanted to come to help.

"Miss come back."

Dangmo Shenzun and Zhengkong Shenzun hurriedly stopped her: "You will only get in the way if you go up. Wait, don't let Qin Chen distracted."

"Boy, I didn't expect to see you in such a short time, you have grown to such a level, this ancestor will never let you continue to grow and die for me."

The dark ancestor is approaching the battlefield, and before anyone arrives, the terrifying dark breath is already coming like a tide.

boom!

He stretched out his big hand, and the endless power of darkness surged, instantly turning into a huge palm with a size of hundreds of millions of feet. This palm is incomparably huge, covering the sky and the earth, enough to pick up the stars and take the moon. With a slight shock, the stars can be crushed, and the rumbling rolls come, just like the devil protruding out of his palm, with an endless aura of destruction, in an instant came to Qin Chen

Above the head, to stop his attack on the four gods. The vast darkness is surging, as if the end is coming.

[Chapter 5193: Pagoda creatures](#)

"Huh? Dark Ancestor, I haven't found you yet, but you actually came to the door yourself. It seems that you are impatient."

Under the huge dark palm, Qin Chen's pupils shrank, bursting into cold light.

In the face of such an attack, he remained motionless and took a step forward, humming, a terrifying breath burst out from the mysterious rusty sword in his hand.

"cut!"

Qin Chen snorted loudly and slashed out with a sword.

boom! The sword light pierced the sky, and the breath of the endless space was surging. I saw a huge sword qi penetrating the void between the heavens and the earth.

in the big palm.

With a bang, two terrifying forces collided, and the huge palm of the dark ancestor burst open in an instant, turning into an endless dark aura frantically wanton.

At the same time, Qin Chen's sword energy did not completely dissipate, but suddenly came to the dark ancestor.

"what?"

The dark ancestor turned pale in shock, and hurriedly punched out, bang, the fist was mighty, forming a terrifying explosion, which blocked Qin Chen's sword qi, and his whole body also flew upside down, his right arm trembled slightly, looking horrified.

"What a terrifying sword energy, it has such space penetration power."

The dark ancestor looked at Qin Chen in surprise. On his fist, an invisible sword mark appeared. If he didn't react in time, he would be injured by the previous sword alone.

No wonder the Sifang God Venerable was not Qin Chen's opponent before!

On the other side, Qin Chen slashed back the dark ancestor with a sword, and his figure suddenly disappeared into the void. Shuh, he suddenly appeared beside the Sifang God Venerable, and an invisible sword energy burst out again.

"Cracked Sky Divine Mark!"

This time, Qin Chen directly displayed his spatial supernatural power.

In the endless void, strange space ripples rippling out, these space ripples are extremely strange, the world in front of them seems to have turned into a kaleidoscope, and the four gods are quickly imprisoned in it.

"No, the four gods, protect me."

At the juncture of crisis, the Divine Venerable Sifang hurriedly roared, and with a buzzing sound, countless ancient breaths suddenly appeared on his body. These breaths converged into a simple battle armor, guarding the Divine Venerable Sifang.

And at the moment when the armor was formed.

"Bang!" The void around the God Venerable Sifang was shattered layer by layer, and the power of countless spaces scattered and spurted, and a shrill scream was heard. Cut out countless cracks

. At this moment, the goddess of the four directions was dripping with blood, and he had already been seriously injured, and his body was seriously damaged.

He was torn into countless pieces.

"puff!"

A mouthful of black blood spurted out, and the origin of the gods from all directions began to collapse under Qin Chen's attack, and it was impossible to resist the erosion of the power of this space.

"Damn!"

When the dark ancestor saw this in the distance, his expression suddenly became very frightened and angry. He never expected that Qin Chen would dare to be distracted to deal with the gods from all directions when he made his move. Does this simply ignore him at all?

When did his dignified dark ancestor suffer such humiliation?

"Darkness!"

boom!

The dark ancestor roared, and a terrifying dark shadow bloomed from his body. Between the heavens and the earth, this magnificent Dharma figure stood up and instantly turned into a **** of darkness with three heads and ten arms and a height of tens of thousands of meters.

Boom! The dark dharma surging with endless dark aura, instantly turned this world into a dark ocean. The ten huge palms of the dark dharma stalked Qin Chen fiercely, and swept the surrounding area of Qin Chen within a million miles. emptiness, all

made a dark sea.

"Huh? Dark Ancestor, you dare to take action? Well, very good, since you insist on courting death, then this young master will fulfill you now."

Qin Chen's body shook, and the whole person rose to the sky.

"good chance."

When the gods from all over the world saw this, there was an ecstasy in his eyes. Boom, he swayed, and he hurriedly retreated and evacuated from the battlefield.

With his cultivation level, as long as he is given enough time, he may not be able to recover from his injuries and return to the battlefield.

"Huh? Want to go?"

Qin Chen looked at it coldly, and immediately sneered, the next moment, Qin Chen raised his hand.

Whoosh!

A quaint pagoda appeared in his hands in an instant, and it was instantly suppressed by the Quartet God Venerable in the distance.

boom! The pagoda is towering, releasing an endless detachment aura, rapidly growing in size, like a giant mountain of stars with a height of hundreds of millions of feet, falling down against the gods in all directions. live four

Fang Shenzun's entire body.

It is the ancient tower.

"Huh? Want to trap me with treasure?"

Sifang God Venerable's heart is ferocious, this kid is gone, and he still wants to use the treasure to trap himself, what kind of treasure can this ancient pagoda be? Do you really think you are being bullied?

With this in mind, the Divine Venerable Sifang couldn't care less, and the boundless power in his body exploded wildly, bang bang bang... The endless Divine Might of the Quartet slammed into the Guyu Pagoda.

Bang!

Gu Yuta vibrated gently, resisting the attack of the gods from all directions, and stood still.

"What? What treasure is this?"

The four gods were suddenly shocked.

Generally detached treasures can't stop his attack at all, but this ancient pagoda in front of him.

"Everyone, I will hand over these four gods to you."

Qin Chen suddenly spoke up, and the next moment, his body swayed, suddenly disappeared into the void, and appeared in front of the dark ancestor's law in an instant.

"Well, you handed it over to us?"

Below, Dangmo Shenzun, Zhengkong Shenzun, Tiangu and others were suddenly stunned.

This... is Qin Chen talking to them?

It should be noted that, apart from Qin Chen, they were the only ones left with the first-level detachment and the power to fight in the first battle. As for the other people from the Darkness Palace, they could not intervene in the battlefield at all.

"Hahaha, this ancestor has been here for so long, and finally there is a chance to make a move, Universe Sea, your Dragon Lord is here."

boom!

Without waiting for their thoughts to fall, suddenly, a loud laughter came out from the ancient tower, and the next moment, a huge dragon shadow flew out and came to the endless universe sea in an instant.

"Gaga, is this the Cosmic Sea? It's boundless and majestic. It's too suitable for you, Lord Dragon, and I'll conquer it."

As soon as this dragon shadow appeared, it changed drastically, instantly turning into a giant dragon with a height of tens of thousands of feet, and excitedly stared at the four gods below.

It is Honghuang Zulong.

"This...there is actually a living being in the pagoda?"

Below, everyone was stunned. At the same time as the Ancestral Dragon of the Great Desolation appeared, a terrifying aura suddenly rose from the ancient Yu Pagoda. The next moment, one after another silhouette rose into the sky and quickly guarded the edge of the ancient Yu Pagoda, each exuding a monstrous detachment.

breath. It was Qianxue and the others.

[Chapter 5194: hold you](#)

In the sky above the endless cosmic sea, silhouettes exuding a terrifying and detached aura were suspended in the sky, clearly appearing in front of everyone.

It was You Qianxue, Ji Ruyue, Chen Sisi, Shangguan Wan'er, Blood River Sage, and Honghuang Ancestor Long.

They are towering, and every figure exudes a terrifying aura of detachment, and they are suspended above the ancient tower, blocking this world.

"This...this...this..."

Below, everyone's expressions were stunned, and there was an incredible look in their eyes.

Here, what did they see?

A group of detached powerhouses suddenly appeared from the mysterious pagoda?

What the hell!

A group of people were dumbfounded. What kind of treasure is this tower? To be able to accommodate so many strong people, if it is only to accommodate the strong people, that's all. Some space treasures do have such functions, but Qin Chen brought this tower out of the dark forbidden area before, so

That is to say, the dark and forbidden place could not detect the intrusion of outsiders at all.

This is by no means ordinary treasures can do.

"Hey, these people..."

After seeing Sisi and their faces, everyone was sluggish again.

"How can there be such a stunning and beautiful person in this world? And there's more than one."

At this moment, all the men, even the women, in the entire dark and forbidden place were lost.

"These sisters..."

Fang Muling was already the most beautiful woman in the Southern Thirteenth Star Region, and she was known as the number one beauty in the Southern Thirteenth Star Region, but when she saw the four Sisi in front of her, she couldn't be bothered by their looks. shock.

The temperaments of the four people in front of them each have their own merits. Not only are they not inferior to hers, but they are even better than hers.

You Qianxue's coldness and arrogance is like a piece of ice in this world dissipating ice fog, her snow-white figure is looming, and her eyes are as piercing as ice, as if they shouldn't appear in this world.

Ruyue carries a kind of holy light, like the goddess above the nine heavens, descending to the mortal world, that kind of arrogance and sacredness, people dare not look at it, as if one more glance is blasphemy.

Sisi, on the other hand, has a unique power of charm, the kind of indifferent charm that makes many men dare not look directly, and their hearts are beating wildly.

As for Shangguan Wan'er, there is also a kind of magical beauty, the endless dark aura, like walking out of the endless purgatory, seeing Wan'er, the darkness in front of her even gives a feeling of light.

As soon as the four of them appeared, they attracted everyone's attention in an instant, and even the battle between Palace Master Anyou and Patriarch Tuoba was stagnant.

"Qianxue, trap this guy, wait for me to kill this dark ancestor, and then destroy the Quartet."

In the void, Qin Chen opened his mouth to Qianxue and the others who suddenly appeared, and then his figure turned into lightning and disappeared suddenly. A sword light suddenly appeared in the void and slashed out at the dark ancestor.

"Insanity."

The dark ancestor shouted angrily: "Just right, this ancestor wants to see how evil your kid is!"

When the words fell, the dark ancestor suddenly burst out with a strong dark energy, and the power of the law quickly merged into his body, and suddenly took a step forward.

boom!

In an instant, a dark tide swept towards Qin Chen like a tsunami, and suddenly collided with the sword light displayed by Qin Chen!

boom!

The two terrifying forces collided in an instant, annihilating each other instantly.

The Dark Ancestor suddenly jumped forward, and the dark runes appeared one after another. These dark runes formed a long river and quickly converged on the fist of the Dark Ancestor, and then slammed down with a punch!

boom!

In an instant, the entire void vibrated directly, becoming extremely illusory!

Some of the powerhouses on the scene couldn't bear the remnants of this punch, and they all retreated!

Even the Demon Dangling God Venerable and the others retreated violently!

The full-strength punch of the double detachment is enough to destroy the world!

In front of the dark ancestor, Qin Chen not only did not dodge, but his eyes slowly closed!

Dark Fist!

Facing this punch from the Dark Ancestor, Qin Chen actually had a feeling of incomparable kindness and familiarity.

Under the eyes of the public, he did not dodge at all, but directly stimulated the source of space in his body, and a terrifying space aura instantly enveloped his whole body.

Space God.

He wants to be tough and use his own body to harden the attack of the dark ancestor.

"Mad, this guy is a lunatic."

Seeing Qin Chen's actions, everyone was horrified, showing disbelief.

Even a second-level detachment of the same level would not dare to take the full blow of a powerhouse like Dark Ancestor. Qin Chen is only a first-level detachment, why?

Isn't this looking for death?

"Boy, you are courting death!"

Seeing Qin Chen's actions, the dark ancestor was even more angry, and the attack that contained his terrifying origin struck Qin Chen in an instant.

boom!

The void within a radius of one million miles vibrated directly, as if an earthquake had occurred. The next moment there was a bang, the power of countless spaces was agitated, and the void was instantly torn into countless gaps.

Amidst the terrifying impact, a figure flew out backwards, and directly retreated thousands of feet away.

And the dark ancestor also returned to the original place!

The starry sky trembled, countless dark breaths sputtered, and it was a mess!

The dark ancestor looked at Qin Chen, his eyes were full of disbelief and solemnity.

This guy really blocked his punch!

And with the flesh.

How is this possible? With his strength, even a second-level detachment like Sifang God Venerable would not dare to use his physical body to take him for this move, unless it is a powerhouse at the second-level peak such as Palace Lord Anyou and Patriarch Tuoba. Double peak, I'm afraid I don't dare to directly

Just block it with your body?

The Qin Chen in front of him is only the first level of transcendence?

"Evil, this guy is simply a monster."

The dark ancestor looked at Qin Chen in the distance, and his heart couldn't help shaking.

"Dark breath, really familiar!"

boom!

Under the watchful eyes of the public, a terrifying dark aura erupted in Qin Chen's body, and this dark aura was not inferior to that of the dark ancestor.

In the distance, Qin Chen suddenly smiled and said, "Come again!"

As he spoke, he opened his palm, and the mysterious rusty sword suddenly burst out with a sword light!

Qin Chen rushed forward directly.

laugh!

A sword light tore through the field!

Not far away, the dark ancestor suddenly punched out!

Boom!

In front of the dark ancestor, a sword light shattered, and he himself retreated tens of thousands of feet in an instant!

Raising his hand, a bloodstain was clearly visible on his fist.

"What a terrible sword energy, no wonder it can seriously injure the gods from all directions."

The dark ancestor looked at Qin Chen, is this guy really just a level of detachment?

When did the first-level transcendence have such terrifying strength?

When Qin Chen and Dark Ancestor fought, there was a ferocious flash in the pupils of the four gods.

At this time, he had already felt the breath of Sisi and the others, and they were all just a first-level detachment.

"A group of first-level detachment is only, and they also want to trap this seat. You, should be that kid's ban, right? It's just right, capturing you is enough to make that kid throw a rat." There was a ferocious harmony in the eyes of the four gods. Promiscuous, the figure instantly soared into the sky, and the Sisi people flew straight to the sky.

[Chapter 5195: special life](#)

"Double detachment?"

Looking at the Quartet God Venerable in front of them, Chen Sisi's eyes were cold, without any fear or panic, but full of indifference and coldness.

It was this guy and his son who had to deal with Chen before, and they deserved death.

"Blood River Saint Ancestor!"

You Qianxue looked at the Blood River Saint Ancestor with a cold tone.

"Yes, mistress."

Xuehe Saint Ancestor chuckled lightly, and already understood what You Qianxue meant. With a flick of his figure, he instantly turned into a **** light and rushed straight towards the God Venerable Quartet.

"A first-level detachment is just an ant. Even you dare to challenge the board. This board will crush your bones and ashes, cramp your muscles and peel your skin."

The Sifang God Venerable was furious, his anger was soaring to the sky, and his whole person was out of anger. When did he dare to target himself with a single level of detachment?

He stretched out his big hand, a huge palm surged out in an instant, and came to the front of the Blood River Saint Ancestor suddenly, with an invincible posture that swept everything, without any hold.

He wants everyone to know that even if he is seriously injured, he is a dignified double detachment, and it is by no means that any detachment can provoke him.

"die!"

The palm with a terrifying double breath instantly slammed into the body of the Blood River Saint Ancestor.

"not good!"

In the distance, everyone's eyes widened with a look of astonishment, and Fang Muling even screamed.

These guys are too reckless, and they are just looking for death.

She wanted to go to the rescue, but it was too late.

boom!

Under the watchful eyes of the public, the Blood River Saint Ancestor was hit by the palms of the four gods, and the whole person exploded in an instant, turning into countless blood lights scattered in all directions, which was horrible to see.

"Hmph, I don't know what the sky is high and the earth is thick, I really think that this seat is injured and becomes a sick cat? This seat is a double detachment, with the power of the supreme law, killing you, isn't it a matter of snapping your fingers?"

Sifang Divine Venerable said proudly, regaining his self-confidence.

This is natural. No matter how he is injured, it is still a second-level detachment. The source is fundamentally different from the first-level detachment. No matter how strong the ordinary first-level detachment is, how can he fight against him?

The gods from all directions sneered proudly, while the others around them shook their heads and sighed.

Alas, this guy is too reckless, and his death is too unclear.

However, just before the sighs in the hearts of everyone had time to fall, suddenly, with a buzzing sound, the **** light from the sky that was blasted by the Blood River Saint Ancestor suddenly spread out in an instant.

Boom!

The sound of endless tidal waves resounded through the heavens and the earth, and I saw a vast sea of endless blood rapidly spreading out in the sky. In the blink of an eye, it filled the void within a million miles in front of me.

"River of blood, entangle him."

You Qianxue said coldly above the sky.

"Yes!" A rumbling roar quickly resounded between the heavens and the earth, and the surging tides of the thick sea of blood that could hardly be melted continued to swept towards the gods in all directions. To completely wrap the Quartet gods

, block this side of the world.

"Um?"

"Looking for death." Seeing this, the four gods suddenly shrank his pupils. The next moment, his body shook, and a vast breath swept out from his body. With a bang, a terrifying shock wave suddenly exploded in all directions. , the surrounding

The sea of blood was emptied in an instant.

Countless blood seas were annihilated in an instant, but in the next moment, countless blood seas filled in and continued to flock to the gods in all directions, as if endless.

"what?"

Seeing such a scene, everyone in the distance widened their eyes in disbelief.

"Special life."

Someone exclaimed. In this vast cosmic sea, there are all kinds of miraculous life forms, some of which are made of stone, and some are in the form of phantom spirits. Although these special beings will eventually take the form of human beings, their essence is completely different from the normal humanoid statement.

same.

And the owner of the sea of blood in front of him is obviously a special life, no wonder he dared to face the gods from all directions before.

"Special life? Hmph, you're going to die in front of this seat, open!" The Four Sides God Venerable suddenly roared, his body grew larger, and turned into a million feet in an instant, his two pupils were like bright stars, the whole person Like a giant standing in the sky, spread out his hands, is to make this vast blood

The sea tore open directly.

boom!

The waves of blood surged into the sky, and countless blood energies shot up to the sky, turning into a vast ocean and collapsing. Although the Blood River Sacred Ancestor is an ancient **** and demon with a special life form, it can be said to be immortal among ancient gods and demons, but in the face of a double detachment like the Sifang God Venerable, after all, the cultivation base is too poor, in the Sifang God Under the terrifying breath of Zun

, The origin of the Blood River Saint Ancestor is constantly annihilated and dissipated little by little.

As long as the Quartet God Venerable is given enough time, the Blood River Saint Ancestor will be exhausted and completely fallen.

However, the Blood River Saint Ancestor is not alone.

"town!"

Above the sky, You Qianxue suddenly let out a low voice.

The four of them mobilized the aura of detachment in their bodies, and suddenly mobilized Gu Yuta to suppress the gods from all directions.

boom!

The terrifying power of space surged, forming a unique space blockade, covering this area and shrouding the gods from all over the world.

"Damn!"

Sifang God Venerable felt that the void around him was gradually solidifying like ice, and he couldn't help but be furious, and was just about to resist.

suddenly-

"Hey, you are the Quartet, right? How dare you do something to Chen Shao, the ancestor told you that from now on, there will be no place for you in the heavens and the earth, and the Yellow Springs of the Nine Heavens."

A sound of dragon roar resounded between heaven and earth, and the next moment, Honghuang Ancestral Dragon appeared directly in front of Sifang God Venerable, and the huge dragon mouth opened instantly.

"Chaos Dragon Flame!"

boom!

A terrifying dragon flame breathed out, carrying an endless chaotic aura, and instantly slammed into the body of the gods from all directions.

The endless explosion resounded in an instant, and the gods from all directions suddenly let out a roar of anger.

"Remember your grandfather's name. It was your Dragon Lord Honghuang Zulong who killed you. This is your Dragon Lord's first shot in the sea of cosmos. It is destined to be remembered by history, remember?"

The prehistoric ancestral dragon stands proudly in the sky, spitting out endless dragon flames, annihilating everything in the world.

"You bastard... a mere first-level detached earthworm, also worthy of being called a saint and an ancestor in front of this seat."

The gods from all directions roared, and a terrifying aura shot up into the sky in an instant. However, his voice just fell.

laugh!

In the void, a pitch-black sword light suddenly appeared behind his head, slashing **** the back of his head.

It is the sword demon.

"Ah!" Sifang Divine Venerable screamed. If he was in his prime, such a sword would naturally not be able to hit him, but at this moment, he is in serious injury and anger. The sword demon's sword contains a terrifying soul impact, hit hard in an instant

his soul realm.

Like a tsunami of souls, he was stunned by the impact.

"You, you all deserve to die..."

Confused in his mind, the gods from all directions roared mournfully, preparing to fight back. At this moment, shuh, four beautiful figures suddenly appeared beside the gods from all directions, and four terrifying auras of power rose into the sky in an instant.

[Chapter 5196: Incarnate Darkness](#)

It was Chen Sisi and the four of them. The four people are beautiful, and they appear silently like phantoms. With the help of Gu Yuta, they hardly disturbed any spatial fluctuations. The four people's eyes are cold, and the four forces fuse in an instant.

The ultimate terrifying light burst from the four people's bodies in an instant.

It was also instantly slammed into the head of the four gods.

"you..."

The power containing endless charm, coldness, holiness and darkness erupted from the body of the gods from all directions in an instant, combined with the shackles of the blood river ancestors, the terrifying dragon flames of the prehistoric ancestors, and the murderous soul sword of the sword demon. meaning.

Coupled with the suppression of Gu Yuta, these forces erupted on the body of the Sifang God in an instant, and quickly blasted into his body.

The palpitating power quickly rushed into his mind, and the heart pulse exploded directly in his source.

After the Quartet God Venerable recovered and his mind recovered from the dizziness, this terrifying force broke out in his body instantly, and terrifying rays of light quickly permeated every hair of his.

"Ah ... ah ah ah ..." It seems that there are countless cold and painful sharp blades suddenly twisted from his body. His five internal organs and limbs are fiercely spasm. convulsions, terrifying

The power poured out madly.

boom!

His origin actually began to collapse at this moment.

"You **** bastards...I...!m going to kill...you!"

The screams of the gods from all directions were shrill and painful, their souls were collapsing, and the power of double detachment exploded in an instant, trying to break out of the siege and **** of Chen Sisi and the others.

But it was useless. Under You Qianxue and the others, Sifang Divine Venerable was like a bound duck, imprisoned in the void. No matter how hard he struggled, he could not break free from the suppression of this terrifying force.

His heart was full of panic, because at this moment, the four gods were very clearly aware of the coming of death.

"what!"

He roared like a mad dog, and the heavy source aura released from his body frantically, bursting out layer by layer, his source was burning frantically, his soul was also burning, and the surrounding void was constantly annihilated.

"Trap him, don't let him break free."

You Qianxue let out a low drink, her divine sense was always clearly aware of all this.

Under the annihilation of the endless dharma aura, she couldn't see everything in front of her, but she could clearly feel the trapped beast and the roar of his soul that was suddenly filled with pain and despair by the gods from all over the world who had been blocked by them.

"Gu Yuta, town!"

You Qianxue and the others rose up into the sky. Although they looked extremely contemptuous, they were not at all careless in their actions. The four gods of the four directions were also two-level detachment.

They know very well that the Sifang God Venerable at this moment is a dying mad dog, and the most terrifying time for a mad dog is when it is at the end of the road.

boom!

The heavy power bloomed in the ancient Yuta, and the Sifang God Zun was locked in this void. The surrounding void was turned into a huge black hole under the roar and explosion of the Sifang God Zun before he died.

Such a scene made Fang Muling and others all stunned, and their bodies and minds trembled.

"This..."

In the distance, Old Ancestor Darkness, Old Ancestor Tuoba, and Palace Master Anyou also naturally saw the tragic scene of Sifang God Venerable. Inexplicably, Old Ancestor Darkness couldn't help but tremble.

"die!"

At this moment, Qin Chen had already appeared beside the dark ancestor, the mysterious rusty sword in his hand turned into an invisible afterimage, and instantly slashed towards the dark ancestor.

"open!"

The dark ancestor hurriedly came back to his senses, and with a roar, the endless dark magician clasped his hands together, and suddenly waved towards the surrounding, with a bang, the void within a million miles around it boiled directly and trembled violently.

bang bang bang bang...

It can be seen with the naked eye that the void around the Dark Ancestor has turned into ripples and waves, which are continuously transmitted outwards, destroying all surrounding matter. However, at the moment when Qin Chen's mysterious rust sword was about to be hit, it suddenly activated the

source of space in the body. With a buzzing sound, the void in front of him distorted in an instant, and the mysterious rust sword suddenly disappeared. The next moment, a black shadow suddenly appeared.

Now in front of the Dark Ancestor, the center of his eyebrows is instantly pierced.

"You...Dark shock!" The Dark Ancestor roared, and a terrifying dark light bloomed between his eyebrows, like a black hole emerging, swallowing everything, and annihilating the mysterious rusty sword. At the same time, the Dark Ancestor's figure was in an instant. Crazy back, dare not

Take Qin Chen's sword hard.

Qin Chen's previous attack was enough to seriously injure the gods from all directions. If he was hit, he would surely die.

"The source of time."

Qin Chen's eyes narrowed, and at the critical moment, he directly activated the law of time. The vast starry sky seemed to freeze and stagnate in an instant, and the power around it suddenly stopped. In the retrospect of the time, the dark ancestor's thinking clearly saw that his body was slowly being scaled hundreds of times. Eye

Watching openly, the sharp sword in Qin Chen's hand penetrated the layers of void and time, and pierced directly into his eyebrows, unable to move.

"Do not!"

The Dark Ancestor widened his eyes.

boom!

His huge body was instantly nailed into the void, and the terrifying killing aura rushed into his flesh along the mysterious rust sword instantly, rampaging through his body, tearing everything apart.

"Damn, darkness comes, supreme eternal life!" The dark ancestor was furious. At this moment, he actually felt the threat of death. As a dignified second-level detachment, when did he ever have such a frightening moment, and, yes Being forced into this by a kid who just broke through detachment

to the point of. At this moment, he directly burned his dark source, and an aura that represented the real darkness descended. This force seemed to pull the entire universe into the endless dark abyss, so that all the people in the world would be drawn into it.

Everything, forever and ever will fall into perdition.

The starlight around it was completely extinguished, and the endless void seemed to come to a completely dark abyss in an instant, in which it continued to fall and sink.

In the distance, Dangmo Shenzun and the others covered their eyes in horror. At this moment, they couldn't see everything in front of them, only darkness, the darkness that kept emerging, the darkness that couldn't get out.

"This ancestor is the **** of darkness, and he will bring you into the abyss that will never see the light, suffer the erosion of darkness, and become slaves of darkness."

The dark ancestor seems to have turned into a black hole at this moment, becoming the incarnation of darkness, devouring all light substances.

"Really?" However, in the silent darkness where any perception disappeared, a cold voice suddenly sounded, boom, in the void in front of the dark ancestor, a scorching divine light bloomed, it was Qin Chen, the whole body blooming black light, sucking

Take in the endless darkness around you.

Darkness is colorless and light. But at this moment, Qin Chen's body is shining with black light in this dark abyss. Compared with the dark power of the dark ancestor, the black light on Qin Chen's body is more obvious. It seems to be dispelling the dark abyss and lighting up this deadly

The night sky brought visual recovery to everyone present.

"It's just the incarnation of darkness, as if no one can." The indifferent voice sounded, and the endless dark aura between the vast world was madly pouring into Qin Chen's body at this moment, and was quickly swallowed by him, turning it into his power. .

[Chapter 5197: Dark originator](#)

boom!

In Qin Chen's body, a terrifying aura rose into the sky at this moment, and countless dark auras merged into his body, making his aura stronger in an instant.

The dark ancestor trembled and said: "You are actually devouring the power of this ancestor to improve your cultivation. How is this possible?"

At this time, the dark ancestor was feeling that the power of darkness in his body was slowly disappearing, and was swallowed up by Qin Chen in front of him.

Qin Chen said indifferently: "The power of darkness is just, it's not a big power, is there anything to be surprised by being swallowed by this young master?" After the words were finished, a strong dark aura erupted from Qin Chen's body. At this moment, he, The black light blooms, and the whole figure is transformed into a **** of darkness, with a terrifying darkness emanating around the body, and even distorting the surrounding void

.

Moreover, the power of the blood of the dark king emerged from Qin Chen's body, blooming with extreme light.

"Dark King Blood?"

The pupils of the dark ancestor shrank, and at this time he finally remembered some information. Back then, the people of the dark royal family once reported to him that their invasion of the initial universe failed because a teenager in the initial universe devoured the origin of a dark royal family who invaded the initial universe back then, and got

With the power of his king's blood, he has a great suppressing power on the invading dark clansmen, which will lead to the failure of the invasion.

The Dark Ancestor didn't take it to heart at the time, because he was the founding ancestor of the Dark Clan, and even the Dark Royal Clan was created by him.

It can be said that there is not a single person in the entire Dark Continent who is not a subject under his command. Naturally, he will not care about such trivial matters as the Dark King's blood being plundered.

But now, when Qin Chen's power of king's blood bloomed, he instantly remembered the information from that year.

A touch of ecstasy suddenly passed from the depths of the pupil of the dark ancestor. "Kid, I think you are too stupid, and you actually used the power of the dark king's blood to devour the power of the ancestor. Do you know that the dark family was created by the ancestor, how can your dark king's blood suppress the ancestor? the dark origin of

. "

The dark ancestor suddenly sneered, and when the words fell, he roared, and a terrifying dark breath burst out in an instant.

In an instant, a dark force with a terrifying and oppressive atmosphere was released in an instant, forming a unique dark field, which enveloped Qin Chen in an instant.

"Kid, die obediently. In the dark realm of this ancestor, any dark people will be suppressed by this ancestor, and you are no exception."

Dark Ancestor Ning said with a smile.

This is his unique dark domain, and it is his unique power as the ancestor of the dark family. Under such power, any citizen of the dark continent must submit to him, even the royal family is no exception.

If Qin Chen used the power of the quilt to compete with him before, he might not be able to deal with Qin Chen, but he didn't expect Qin Chen to use the blood of the Dark King to suppress him, so he can only blame the other party for being stupid.

The terrifying dark realm bloomed, and the dark ancestor felt that his whole body felt a lot more relaxed for a moment. The dark aura broke out on his body, and his hands slammed into the mysterious rusty sword that was pinned to his eyebrows, and he pulled it hard.

"Um?"

However, after he pulled it hard, the dark rust sword did not move at all?

what happened?

The dark ancestor was stunned, he gritted his teeth, re-run the power of the source in the body, and pulled out the mysterious rusty sword again.

The mysterious rust sword is still motionless.

The dark ancestor was stunned for a moment.

what happened?

Isn't that kid already imprisoned by the dark realm? Under the dark realm, the opponent's power should be extremely reduced, and you should be able to pull out this ancient sword easily?

"Dark Domain? Such a weak power is also worthy of being called a domain?"

A mocking voice resounded, and then the dark ancestor saw that the dark realm he released was shattered in an instant, and then a figure slowly walked out of the endless darkness.

It was Qin Chen.

The light of the **** emperor totem surrounded by one after another easily resisted the shackles of the dark realm, and pulled the dark realm into his body little by little, becoming part of his power.

In the initial universe, Qin Chen did absorb the blood of the dark royal family, and then controlled a trace of the power of the dark king's blood.

However, under the comprehension of the Great Emperor Nether's death road and the baptism of the power of thunder in his own body, the essence of the power of darkness in Qin Chen's body has far surpassed that of the dark ancestors.

In terms of the origin of darkness, Qin Chen is only stronger or weaker than the Dark Ancestor.

"Forget it, let you see what the real power of darkness is."

"boom!"

After speaking, a terrifying dark breath spread instantly, and instantly suppressed the dark ancestor.

"Kakaka!" The Dark Ancestor groaned instantly under this power, and the dark aura that Qin Chen dissipated on him at this moment far surpassed that of his dark ancestor. , and, with a

The special judgment breath made him seem to be facing a god.

"what!"

The dark ancestor roared, and the whole person knelt down directly.

"why?"

"I am the ancestor of the dark lineage. In terms of origin, I am the real originator of darkness. Why is your dark power stronger than mine?"

The dark ancestor roared hysterically. "The originator of darkness?" Qin Chen sneered: "The way of darkness is the avenue that appeared between heaven and earth when the universe opened up. Heaven and earth are divided into yin and yang, and all things are divided into light and darkness, and you are just controlling the endless in the dark

It's just an extremely subtle tributary. In front of the real dark road, you are just a reptile and an ant, and it is ridiculous to claim that you have mastered the dark road. "

Qin Chen came to the dark ancestor step by step, and his huge palm directly pinched his head.

"Let you cultivate the strength of hundreds of millions of years, contribute to this young master, and become a stepping stone for this young master to set foot on the top of the universe."

boom!

Qin Chen's words fell, a terrifying suction was born, and the dark source in the body of the dark ancestor was devoured wildly and quickly entered Qin Chen's body.

The boundless dark aura bloomed from Qin Chen's body, and the robes were hunting, as if they were in the abyss, while the dark ancestor in front of Qin Chen was firmly grasped by Qin Chen like a chicken, unable to move.

He roared wildly, trying to break free from Qin Chen's shackles, but to no avail. Qin Chen's whole body shone with lightning, and the power of Judgment Thunder instantly poured into the body of the dark ancestor, like a sharp blade, instantly piercing the dark ancestor.

"you..."

The Dark Ancestor's eyes widened, and he was like a quail under the breath of the Judgment Divine Thunder, and his body shattered and disintegrated silently. In the end, only a pure double transcendence source was left, which was swallowed and absorbed by Qin Chen in an instant.

[Chapter 5198: how not to get angry](#)

boom!

Under the watchful eyes of the public, Qin Chen's whole body was suspended in an instant, his long hair was dancing, his robes were hunting, and his whole body was full of endless dark rays of light. In his body, all matter and light will disappear strangely once approached, as if Qin Chen is the master of this world, forming an invisible black hole folded within a radius of the body, swallowing all visible and invisible.

substance.

Untouchable.

boom!

One after another terrifying detachment aura was wanton, like the tide, constantly rising and falling, and the dark tentacles fluttered in the sky, covering the sky and the sun, dyeing the starry sky and the universe into a dark color.

Back then, when Qin Chen had not yet broken through detachment, although he had obtained many detachment sources, he was unable to directly absorb these sources, and could only feel the power within them.

And now. Qin Chen has already broken through the realm of detachment, and is in the tenth level of reincarnation in the first-level transcendence of reincarnation. Although the dark ancestor is a double-

level detachment, his origin is still in the core essence, but it is still not comparable to Qin Chen's. pure, Qin

Dust can easily swallow his transcendental origin.

Boom!

The endless aura of detachment surged, and at this moment, Qin Chen's body actually faintly dissipated a double detachment aura. This was the origin of the dark ancestor, which was madly enhancing his strength and strengthening his cultivation.

The boundless darkness dissipated, obscuring the starry sky and traversing the ages.

In full view.

At this moment, Qin Chen is suspended in the sky and the earth, standing majestically, like a real dark ancestor who walked out of ancient times, in charge of endless darkness and death.

With a snap of your fingers, it seems that you can bring a dark atmosphere to the sea of cosmos that never ends.

"Giggle cluck..."

In the distance, many Sifang Guards and Tuoba Aristocratic Family Servant Guards stopped their attacks under such aura, looking at the scene in horror, trembling all over their bodies, and a near-death-like sound from their throats. vibrato.

The origins in their bodies were agitating, and they felt unprecedented fear under Qin Chen's terrifying aura.

Is that the dark ancestor?

The ancestor of the Dark Clan led the entire Dark Continent clan out of the barbaric state and escaped reincarnation, making the Dark Continent a force in the universe.

Moreover, the dark ancestors have continued to improve over the years. Hundreds of millions of years ago, they successfully entered the realm of double detachment and became a giant in the Southern Thirteen Star Territory, with a splendid name.

Perhaps, compared to Patriarch Tuoba, the master of the southern thirteen-star region and the powerhouse of the second-level peak, the Ancestor Darkness is inferior, but he is still in the southern thirteen-star region. This supreme prestige shocks the Quartet.

But now. It was such a strong man who was actually killed by a first-level transcendence that had just broken through. Moreover, it smashed the flesh and devoured the source. Such a scene made people feel as if they saw the **** of death come out of purgatory.

How not to be horrified, not to be appalled.

What happened to this world?

Many people were dizzy and unbelievable.

"Now, it's your turn."

In the endless darkness, Qin Chen suddenly opened his eyes and looked at Patriarch Tuoba in the distance.

Old Ancestor Tuoba's pupils shrank suddenly, and his whole body stood up in an instant, as if he was being stared at by some wild beast.

boom!

The void collapsed, and the billowing light of darkness bloomed, annihilating the void of the universe. The next moment, Qin Chen's whole person disappeared in this universe without a trace.

"not good!"

The scalp of Tuoba ancestor was numb, and in an instant, a terrifying ancient aura surged around him, and the vast ancient aura quickly formed an astonishing ancient power in his body.

boom!

At the moment when the power of the ancients was formed, a figure quickly appeared, a big hand reached out, and grasped the void above the head of Tuoba ancestor. Grab the head.

Boom!

The dark claws released a terrifying dark aura, which collided wildly with the desolate aura above the head of Tuoba ancestors, forming a terrifying storm in an instant, causing Tuoba ancestors to retreat thousands of feet in an instant.

Huh?

Actually blocked?

Qin Chen squinted his eyes and had to say that this Tuoba ancestor's reaction was indeed extremely fast, and it was definitely more than a step faster than the dark ancestor and the Sifang God Venerable.

"Come again."

Swish.

Qin Chen's figure disappeared again. In an instant, countless dark auras madly dissipated, attacking the ancestor Tuoba from all directions. At this moment, Qin Chen urged the origin of space, and the whole person kept flashing in the void of the universe sea, like a violent darkness.

The beast kept launching violent attacks on the ancestor Tuoba, unable to discern his direction at all.

Boom boom boom!

Old Ancestor Tuoba was surging with aura of the ancients, and the dark energy bombarded him, causing his figure to continuously retreat.

"What a strong atmosphere of darkness, this kid..."

Ancestor Tuoba squinted his eyes and was shocked. He hadn't felt it before, but when he fought against Qin Chen, he felt Qin Chen's horror.

Although Qin Chen is only a first-level detachment, the other party's aura is definitely much stronger than the average first-level detachment. Even compared with his second-level peak detachment, it is not too much.

The most terrifying thing is Qin Chen's spatial attainments.

Every flicker of Qin Chen is extremely strange, causing subtle spatial waves. These spatial waves are extremely subtle, even in a short period of time, he cannot easily catch them, and he must do his best.

Boom boom boom!

Under the watchful eyes of everyone, they saw that Qin Chen kept making moves, and a strong man like Patriarch Tuoba kept retreating under Qin Chen's attack.

this... this... this...

Everyone in the distance was completely stunned at the moment.

"Patriarch Tuoba, the top powerhouse in the dignified southern thirteen-star region, the unparalleled ancestor of the Tuoba family, does he only know how to defend?"

In the continuous attack, an indifferent voice resounded.

It was Qin Chen who was speaking.

"Boy, do you really think you are invincible?"

In the constant suppression, Tuoba's ancestor suddenly burst into a trace of malice, he suddenly roared, and a punch suddenly slammed into his side.

"open!"

boom!

With one punch, the sky collapsed, and the void in front of it exploded directly, forming a terrifying black hole.

In the black hole, Qin Chen's figure suddenly retreated.

"Interesting, it was actually perceived."

Qin Chen squinted his eyes and stabilized his figure: "As expected of the second-level peak detachment, it seems more and more interesting!"

The words fell, and the corners of Qin Chen's mouth lifted slightly.

"Mad, crazy."

Hearing this, the ancestor Tuoba was so angry that he almost burst out.

how many years?

He couldn't remember how many years, no one was so arrogant in front of him, and the other party was only a young man. How can he not get angry?

[Chapter 5199: so cheap](#)

This is so unbearable.

Because Qin Chen's tone is too arrogant, he is high above, like an elder, a peerless master standing on the top of the mountain, overlooking the ancestors of Tuoba.

Those who don't know, think that Qin Chen is a double detachment, while Tuoba's ancestor is just a first-level detachment.

"Boy, don't be arrogant, the ancient law, come out!"

Ancestor Tuoba roared.

Roar!

In an instant, a roaring sound that shook the universe sea resounded between the heavens and the earth, disrupting the ages.

It can be seen with the naked eye that the body of a thick Dharma is condensed in an instant. This Dharma is like a strong man who has come out of endless ages. It exudes the breath of ancient times and has gone through endless years.

The billowing desolate aura dissipated, causing endless ripples to appear in the void.

"die!"

Ancestor Tuoba let out a roar, and the gigantic method hit Qin Chen with a punch.

boom!

The void was turbulent, and the layers exploded. In an instant, the void within a radius of ten thousand miles was directly annihilated and turned into endless void matter.

When Tuoba Ancestor and Anyou Palace Master played against each other before, it was not that he did not use the law, but now the law that Tuoba has displayed is stronger than the law released when he fought with Anyou Palace Master before. times?

One after another, the ancient atmosphere gathered in the eyes of the huge Dharma, and the naked eye could see that in the eyes of the Dharma, it seemed that there were magnificent worlds that were constantly collapsing and reincarnating.

A terrifying shock wave struck.

Qin Chen's pupils shrank, and his figure suddenly retreated.

boom!

The next moment, the void in front of Qin Chen shattered directly and turned into powder. However, at the moment when the void exploded, a powerful force of space flashed by, and Qin Chen's figure flickered, and he disappeared in place in an instant.

boom!

The void shattered, but Qin Chen still disappeared.

The next moment, thousands of miles away, Qin Chen's figure reappeared.

However, his figure had just settled.

"Where to hide!"

In the roar, another punch came.

Boom! In this punch, the body of Tuoba ancestor was constantly surging, clack, and rocks quickly climbed up his whole body. The whole person becomes instantly

Incredibly hideous.

In an instant, a huge fist appeared in front of Qin Chen, which suddenly became larger, and the void around Qin Chen was directly blocked, and the space was instantly compressed to an extreme.

"Can't escape!"

Qin Chen's pupils shrank.

With his spatial attainments, he sensed it in an instant. If he continued to dodge, although he could evade most of the attacks of this punch, he still couldn't dodge the absolute range of this punch.

As long as he is disturbed in the slightest by this punch from Old Ancestor Tuoba, Old Ancestor Tuoba's next punch will definitely strike at a faster speed.

And if Qin Chen hides again, his next punch will be faster.

A punch is as fast as a punch, which will put Qin Chen in an extremely passive situation.

In the end it will be inevitable.

"That's it."

At this time, Qin Chen's pupils suddenly wiped a trace of fierceness.

boom!

As soon as he stomped his foot, the whole person instantly turned into a sword energy that shot up into the sky.

"Ang!" The piercing sound of the sword resounded through the heaven and the earth, and a vast sword light suddenly appeared between the heaven and the earth. Above this sword light, countless space powers bloomed, and the terrifying killing intents were converging into one after another. Like boiling blood, brake

That room and the power of that space come together.

puff!

Under this sword energy, the void was torn apart like a piece of paper. With a bang, Jianguang collided with the fist of Tuoba's ancestor, and suddenly shattered. A terrifying shock wave hit Qin Chen in an instant. At the moment when the shock wave hit, Qin Chen's body surface suddenly formed. one piece

The space armor, with a bang, the space armor shattered, and a trace of blood suddenly overflowed from the corner of Qin Chen's backward mouth.

he is injured.

However, Old Ancestor Tuoba was not feeling well either. He retracted his palm and looked down at his fist face. A sword mark on the face of the fist could be seen deep into the bone, and blood was overflowing.

"Terrorist spatial artistic conception killing intent."

Old Ancestor Tuoba's pupils shrank suddenly, and once again felt Qin Chen's difficulty. This son was no weaker than him in terms of space rules and killing intent rules.

On the other side, Qin Chen's eyes narrowed slightly.

It has to be said that the peak of double detachment is much stronger than ordinary double detachment. It is not easy to kill him, and what Qin Chen is most worried about is not fighting with this Tuoba ancestor, but for fear of him escaping.

A double peak escapes and escapes, and if you want to block it, the difficulty will increase several times.

Thinking of this, Qin Chen suddenly sneered: "This is the place where the dignified Tuoba ancestor is?"

Old Ancestor Tuoba's dignified expression froze suddenly, and his chest heaved violently with anger.

This kid is so stupid.

He stared at Qin Chen, cold light blooming in his pupils, and said sharply: "Boy, you are courting death..."

The words fall.

He was shocked, and the endless void was shattered by him, and he was about to kill Qin Chen again.

"Senior Palace Master Dark You."

At this moment, Qin Chen suddenly let out a low voice.

"Dark Realm!"

boom! In the endless void behind, a terrifying dark aura rose up, and the palace master of the dark secluded turned into a huge dark shadow, killing the ancestor Tuoba instantly, and the entire dark and forbidden area of the void began. boiling, a stream

A terrifying force blocks this entire world.

"not good!"

Ancestor Tuoba's pupils shrank suddenly.

Originally, with his strength, whether it was against Qin Chen or against Palace Master Anyou, he would not have the slightest timidity, but if he faced both of them at the same time, then...

At this time, Tuoba's ancestor suddenly had a hint of retreat.

However, before he could retreat, he heard Qin Chen solemnly say: "Senior Palace Master Anyou, this Tuoba Patriarch will be handed over to you."

Talk down!

Qin Chen abruptly rose into the sky, and instantly swept into the master guards of the Tuoba family.

"No, go back."

Ancestor Tuoba's pupils shrank suddenly, and he hurriedly roared.

But it was too late.

puff!

A sword qi that was tens of thousands of meters long swept across the void, and in an instant, thousands of heads shot up into the sky within a thousand miles in front of him, and blood spurted out Lao Gao.

With a sword, thousands of guards were killed instantly, and then Qin Chen's figure disappeared again.

"Boy, you are courting death."

Ancestor Tuoba was extremely frightened, the original intention to retreat disappeared in an instant, and the whole person instantly rushed to Qin Chen.

Because he knows that once he retires, the powerhouses that his Tuoba family has cultivated for hundreds of millions of years will fall here. At that time, even if he can return to the Tuoba family alive, his Tuoba family will completely decline and lose control of the Southern Thirteen Star Territory.

Chapter 5200 Triple detachment

At this moment, Ancestor Tuoba was extremely frightened and angry. Not only did he not escape, but at this moment he was killing Qin Chen forcefully.

"boom!"

A huge palm rushed towards Qin Chen like a vast ocean.

Facing this attack from Patriarch Tuoba, Qin Chen sneered, and his figure suddenly disappeared in an instant.

With a puff, countless sword qi floated on top of Tuoba's ancestors in an instant. These sword qi were densely packed, and each of them exuded a palpating aura. Around the sword qi, the void was constantly shaking and tearing. The power of these swords.

boom!

Countless sword energies instantly turned into a terrifying space formation, instantly surrounding Old Ancestor Tuoba, and the sword qi completely blocked the void around Old Ancestor Tuoba.

At the moment when these sword qi enveloped Tuoba's ancestors, an invisible dark power quickly permeated, and Qin Chen's sword qi blocked the void at the same time.

It is the dark realm of the dark palace lord.

The two forces suppressed Patriarch Tuoba at almost the same time.

"you..."

Ancestor Tuoba's pupils shrank, and the depths of his eyes showed a look of anger.

At this moment, he instantly understood that Qin Chen's previous actions were intentional at all, in order to attract him to take action, but he laid a trap waiting for him.

Palace Master Anyou alone was enough to make him fearful. Now, with Qin Chen, the two joined forces and immediately put Patriarch Tuoba in crisis.

"You are so despicable."

Ancestor Tuoba said in a cold voice.

Qin Chen sneered and said, "Ancestor Tuoba, the king and the loser, you led someone to besiege the Anyoufu before. What we did was to put what you did before on you."

Old Ancestor Tuoba is different from Old Ancestor Darkness. It is not easy to kill him. If he wants to leave, it is Qin Chen. I am afraid that it will be extremely difficult to keep him, so Qin Chen will come up with this strategy.

"Indeed, Tuoba Xiongba, for the sake of your extraordinary cultivation, obediently capture it, maybe your Tuoba clansmen still have a chance to survive, otherwise, don't blame me for waiting." Palace Master Anyou stepped forward. One step, he said coldly.

In the surrounding Anyoufu world, because of Qin Chen's action, the masters of the Tuoba family immediately fell from advantage to disadvantage, and were surrounded by many masters of Anyoufu.

If they continue to fight to the death, no more than 10% of them will survive.

"Palace Master Anyou, do you think you will win?" Patriarch Tuoba roared, his eyes red.

"Tuoba Xiongba, why are you obsessed with it?" Palace Master Anyou shook his head.

To be honest, even in this situation, Palace Master Anyou doesn't want to fight Tuoba Patriarch to the death. No one knows what will happen if such a second-level detachment peak master fights to his death.

"Hahaha, are you obsessed?" Old Ancestor Tuoba suddenly burst out laughing, a black token appeared in his hand.

As soon as this black token appeared, a terrifying desolate atmosphere rose into the sky. The horror of this power actually opened a gap in the dark realm of the dark palace lord, and Qin Chen The sword energy barrier could not trap the other party, and he could only watch the terrifying ancient aura rise into the sky and pour into the endless void in an instant.

"The power of triple detachment..."

Feeling such a force, Palace Master Anyou suddenly spoke solemnly.

"What? Triple detachment?"

The others around were also surprised.

In the Southern Thirteen Star Territory, the realm of double detachment is already the limit, and the triple detachment is rare in the history of countless epochs of reincarnation in the entire Southern Thirteen Star Territory, even in this vast cosmic sea. It can be called an extremely terrifying and perverted existence.

Aside, Qin Chen's pupils also shrank slightly.

Is this the triple detachment breath?

At this moment, Qin Chen faintly felt a force that was enough to crush everything in the world, and it instantly lingered in this void.

If the first-level transcendence of reincarnation and fate calamity is to cross the reincarnation of the cosmic sea, one can swim in the cosmic sea; then the second-level Vientiane God Phase Realm is to condense the body of the law through perception, which can surpass the power of the cosmic sea above.

And this third realm of detachment is the realm of eternal order. The powerhouses in this realm can be called eternal and immortal existences, and even the will of the cosmos cannot obliterate their existence.

Now, above the token in the hands of Tuoba's ancestors, such a force has risen.

"Yes, it is the triple detachment." Tuoba's ancestor looked grim: "My Tuoba family has been able to stand in the Southern Thirteen Star Territory for so many years, and it has never been destroyed. It is not only the strength of this seat, but also my Tuoba. The inheritance of the family for hundreds of millions of years."

"Today, I am no match for you, but the ancestor of my Tuoba family can easily crush you. You forced me to call my ancestors. You brought everything on your own."

Patriarch Tuoba roared.

When the words fell, he opened his palm, and the black token suddenly rose into the sky.

boom!

A powerful breath suddenly swept from the sky, and in an instant, the entire void of the universe trembled wildly.

The breath above the double detachment is madly dissipated...

"Call Ancestor?!"

At this moment, the pupils of Palace Master Anyou and everyone present shrank, and a trace of panic suddenly appeared in their eyes.

They never imagined that at this critical juncture, the ancestor Tuoba would actually use the means of calling the ancestors.

It is rumored that when the Tuoba family was the most powerful, it was not only in the Southern Thirteen Star Territory, but also in the entire South Cosmos Sea. Beyond the strong, famous in the sea of cosmos.

Now, Tuoba ancestors actually started to call ancestors. Could it be that the ancestors of the Tuoba family still left behind some means?

boom!

The terrifying black aura soared into the sky, and in an instant, in the void above everyone's heads, a huge black hole vortex appeared, and a terrifying aura in this black hole vortex instantly filled out.

Immediately before everyone's eyes, a figure exuding a terrifying aura slowly condensed between the heavens and the earth.

Ancestor? !

Looking at the rapidly gathering phantom above his head, Tuoba Patriarch's face was gloomy, and his eyes were full of determination.

In fact, if it wasn't for the moment of life and death, he would never use such means as summoning the ancestors.

After all, the ancestors of his Tuoba family had long since fallen, and what was left was just a remnant of the soul guarding the family. Once it was used up, there would be no chance to call the ancestors again in the future.

But he also knew that in the current situation, he had to do it.

He has no choice.

If he didn't do this now, then his Tuoba family would now disappear.

boom!

Finally, in full view, a terrifying figure quickly converged. When this figure came together, a breath of suppressing eternity instantly fell on everyone present, so that only Qin Chen, Palace Master Anyou, etc. were present. Many powerhouses other than a few people knelt down in an instant, unable to move their bodies.

It was the ancestor of the Tuoba family who came.
