[Chapter 5201: Tuoba ancestor](#)

At this moment, everyone's eyes were focused on the slowly condensed figure above the sky.

This is an old man with gray beard, wearing a black robe, his eyes are indifferent like stars, just standing in the void of this universe, a breath that suffocates everyone is instantly transmitted to everyone's body.

The ancestor of Tuoba, the real top boss of the Tuoba family, broke through the triple detachment hundreds of millions of years ago, making the Tuoba family the powerhouse of the top forces in the South Cosmos Sea.

Later, it was also because of this person's fall that the Tuoba family shrank from the Southern Cosmic Turtle to the Southern Thirteen Star Territory, only to become a giant-level force in the Southern Thirteen Star Territory.

"Ancestor!"

Patriarch Tuoba looked up at the black-robed old man and saluted respectfully. Over the years, in order to lead the Tuoba family back to the South Cosmos Sea, he exhausted his scheming in order to break through the triple detachment, but only when he really came into contact with this realm did he know how difficult it was to break through from the second level to the third level.

.

Eternal Order Realm!

Once you break through the triple detachment, it means that you can live forever in this cosmic sea and master the supreme power of order. It can be said that the triple detachment represents a limit in the realm of detachment.

After struggling and working hard for so long, even Patriarch Tuoba, who has already stood at the peak of double detachment, still has no hope of becoming triple detachment.

"I have seen my ancestors."

At this moment, all the powerhouses of the Tuoba aristocratic family knelt on their knees in the Anyoufu, above the endless sky.

That is the ancestor of their Tuoba lineage, and it is enough to change the situation of the battle.

Compared with the madmen of the Tuoba family, the hearts of all the powerhouses of the Dark Nether Mansion completely sank, as if they had fallen into endless purgatory, and they were instantly filled with coldness.

Although the other party is just a remnant soul, how terrible is the triple detachment? Not to mention a wisp of remnant soul, it is a will, and it is definitely not something that others can desecrate.

At this time, Qin Chen also looked up at the phantom, and he could feel that the phantom was very strong.

Standing in this void like this, but like a god, blooming endless energy, turning the endless void around him into his domain.

"Eternal Order Realm...Is this the so-called power of order?" At this moment, Qin Chen has a feeling that he is not standing in this vast universe sea, but in this person's small world. This person controls the order of the

The transmission and presentation of aspirations.

In the face of such a strong man, the battlefield that had been fighting frantically stopped in an instant, and returned to calm, even cold, from the madness of blood heat in an instant.

"Qin Shaoxia, if the other party shoots at a later meeting, you hurry up and I will come to the rear of the palace."

At this moment, Palace Master Anyou came to Qin Chen's side in an instant, and said through a voice transmission, his eyes were full of dignified colors. Qin Chen looked at the other party, only to see Palace Master Anyou's eyes resolutely, and said solemnly: "Three-level detachment, it's not something I can resist, I know Qin Shaoxia, you have extraordinary cultivation base and outstanding talent, but this person is the ancestor of Tuoba. , it's you and me

Together, there is absolutely no possibility of resistance. After a while, I will hold him back. As for Ling'er, I will leave it to you. "

In the tone of Palace Master Anyou, there was a faint message of death, and he was already determined to die.

Above the endless sky, the phantom looked at Tuoba Xiongba: "Is my family in danger of annihilation?"

Tuoba Xiongba nodded, "Exactly."

Tuoba ancestor frowned slightly, "Who wants to destroy my Tuoba clan?"

Tuoba Xiongba turned around and pointed at Qin Chen, "This person, and the Anyoufu!"

"Dark Nether Mansion?" Tuoba's ancestor frowned slightly.

When he rose back then, there was no such force.

"Ancestor, Anyoufu is a force that rose after you left. It is one of the overlords of the Southern Thirteen Star Territory. It is also the only force in the Southern Thirteen Star Territory that can compete with my Tuoba family." Tuoba Xiongba hurriedly explain.

"Southern Thirteen Star Region?"

There was a hint of indifference and loss in the pupils of Tuoba's ancestors: "My family has fallen to such a level, has it been reduced to dominate this small Southern Thirteen Star Region?"

It should be noted that when he was alive, the Tuoba family had a splendid reputation in the entire South Cosmos Sea. How could a small place like the Southern Thirteen Star Territory dare to disobey his majesty.

Hearing this, Tuoba Xiongba couldn't help lowering his head, a look of shame on his face.

"Ancestor, after your death, my Tuoba family has plummeted. If I hadn't returned from the South Universe Sea to this Southern Thirteen Star Region, my Tuoba clan would have been..."

Tuoba Xiongba didn't continue talking. If it wasn't for a strategic retreat, his Tuoba family would have long since disappeared.

Tuoba Ancestor was silent, he glanced at Tuoba Xiongba and sighed: "It's hard for you..." Tuoba Xiongba shook his head, "Ancestor, I will not wait, if it were not for the ancestors, I would not have achieved today's achievements. And this time, my Tuoba family, together with the dark clan and the traitors in this dark mansion, could have unified the Southern Thirteen Star Region.

But who knew that a variable suddenly appeared in this dark mansion. It's this person..." Tuoba Xiongba pointed at Qin Chen sharply, "I don't know where this son came from. As soon as he broke through the realm of detachment, he possessed supreme strength, beheading the dark family with double detachment, and even his disciples were in danger. , so I had to summon the ancestors and ask for the first

Zu help. "

"Oh?"

The pupil of Tuoba's ancestor burst into a sharp light, and he turned to look at Qin Chen: "As soon as you break through the detachment, you can kill the double detachment? I can't imagine that this ancestor has fallen for so many years, and there is such a genius in this sea of cosmos?"

When the words fell, his eyes instantly fell on Qin Chen.

An invisible force enveloped Qin Chen. For a moment, Qin Chen felt as though he was being seen through. This invisible force was invisible and intangible, representing the order between heaven and earth, and instantly enveloped Qin Chen.

"boom!"

A terrifying aura of order stirred between the heaven and the earth.

With a puff, Dangmo Shenzun and other first-level detachment powerhouses spit out a mouthful of blood. Under this breath, they couldn't help kneeling down, unable to bear such oppression at all.

"dust!"

In the distance, Chen Sisi and the others also had extremely solemn expressions on their faces. With a flicker of their bodies, they quickly returned to Qin Chen's side with Gu Yuta. They didn't even care about the Sifang God Venerable who was seriously injured and dying.

In front of the ancestors of the Tuoba family, the seriously injured Sifang God Venerable was simply insignificant.

"Everyone be careful." Qin Chen's expression was solemn, and he suddenly urged various forces in his body. In an instant, a terrifying dark aura shot up from Qin Chen's body. The Power of Earth, Space, and the God Emperor

Teng and death rules surging.

In the face of such a strong man, Qin Chen didn't dare to be careless, and turned all his powers into operation.

Moreover, his eyes were solemn, his right hand held the mysterious rust sword tightly, while his left hand controlled Gu Yuta from a distance, mobilizing the power of space in it, and the whole person did not flinch at all.

Although the triple detachment is strong, Qin Chen is also fearless, the big deal is just a battle.

However, Qin Chen also made a plan to wake up the Great Emperor Nether in Guyu Pagoda directly once there is danger.

Although he is not afraid of danger, he must not let Sisi and the others fall into danger.

"Huh?" At the moment when Qin Chen activated the power in his body, the eyes of Tuoba ancestors suddenly burst out when he looked at Qin Chen's pupils, and the whole person seemed to have seen something incredible.

[Chapter 5202: that senior](#)

"The power in your body... Strange, it can obscure the perception of this ancestor!"

"Forget it, let this ancestor see what the reason is for your Excellency to have such a talent."

Ancestor Tuoba frowned slightly, and the next moment, he suddenly reached out to Qin Chen with a big hand.

boom!

A terrifying force shrouded the world in an instant, and in an instant, everyone had a feeling that the sun and moon between the heavens and the earth were reversed, and the yin and yang changed.

The reincarnation of the sun and the moon, the chaotic yin and yang, this is the realm of eternal order.

boom!

Under the watchful eyes of the public, a terrifying force came to Qin Chen in an instant, like a volcano erupting.

"Qin Shaoxia, hurry up."

Suddenly, a low voice sounded, and it was Palace Master Anyou who spoke up. With a flick of his figure, he came to Qin Chen in an instant, and at the same time, a majestic Dark Nether Dharma figure appeared behind him in an instant.

Boom, this Dharma is hundreds of millions of feet tall, towering over the world, blooming with endless rays of light, making people dare not look up.

Under the watchful eyes of the public, Palace Master Anyou's huge dharma form blocked Qin Chen's face, and slammed towards Tuoba Ancestor's blow.

Boom!

Like a meteorite hitting a planet, two terrifying forces collided in an instant, causing huge ripples. A scene that made everyone unbelievable happened. The dharma of the palace lord Anyou was incomparably huge and majestic, but when the huge dharma that supported the world and the power of Tuoba ancestors came into contact, the gigantic dharma instantly resembled change extremely small.

This feeling is extremely uncomfortable, as if a person who was originally standing here was suddenly compressed into another dimension under this blow, becoming the person in the painting.

boom! As if the fist hit the picture scroll, silently, the power of the dharma form of the Anyou Palace lord was directly torn apart, and the terrifying power hit, the Anyou Palace Master flew upside down, blood splattered all over his body, and the flesh turtle cracked, almost no intact skin.

boom!

Palace Master Anyou stopped, and the thousands of miles of void behind him burst directly, like boiling water.

"Father."

Fang Muling rose to the sky with a look of anger, and hurriedly supported Palace Master Anyou.

"Ling'er, hurry up."

Palace Master Anyou spat out a mouthful of black blood and spoke in anger, with endless horror and fear in his eyes.

too strong.

As a second-level peak detachment, he should be invincible in this star field, but at this moment in front of this Tuoba ancestor, he was seriously injured without even a single move.

A trace of the power of order dissipated, and this blow even easily injured his origin.

"It's just ants, and dare to take action against this ancestor." Tuoba ancestor looked at Palace Master Anyou and said coldly, his eyes were a little indifferent: "However, the source of power in your body is not weak, and it can actually block the ancestor's blow and not die, No wonder you can stand in this southern thirteen-star region, it seems that you are in this vein

The ancestors should not be weak back then. "

The ancestor Tuoba said indifferently, with a high tone, like a **** looking down on mortals.

Then, he looked at Qin Chen.

"Now, it's your turn, let me see what is so special about your Excellency."

The words fall.

Ancestor Tuoba slammed his palm out again.

boom!

An invisible force instantly enveloped Qin Chen.

"dust!"

Chen Sisi and the others changed color and hurried to block in front of Qin Chen.

"No need."

In Qin Chen's pupils, a trace of coldness flashed quietly.

boom!

He held the mysterious rusty sword high, and a fierce killing intent shot up into the sky, turning into an astonishing sword qi surge, which actually tore a huge gap in the endless universe starry sky.

In his body, all kinds of forces were pushed to the extreme in an instant.

When the power of Tuoba Ancestor struck—

"Killing Sword Intent, Sky Splitting Divine Mark!"

"cut!"

Qin Chen roared, and the mysterious rusty sword in his hand suddenly burst into a sky-defying sword energy. With a bang, the sword energy was vertical and horizontal, smashing everything in the world, and collided with the palm of the ancestor Tuoba.

Boom! In an instant, Qin Chen felt that the whole person had fallen into a special realm. At this moment, he finally understood the feeling of the previous palace master Anyou, because in this realm, he could not perceive the universe at all. the existence of the sea

Now, the only one who can perceive it is the vast ancestor Tuoba like a god.

This is the orderly world of Tuoba's ancestors.

The triple detachment powerhouse can pull the opponent into his own unique world of order. Unless he is a powerhouse of the same level, no one can break free from the opponent's restrictions.

How to fight this? However, Qin Chen's eyes are indifferent. He is too familiar with the world of order world. Whether it is the jade plate of Qiankun's creation in the early stage, or the chaotic world today, it is the existence of one world. Regarding the structure of it, Qin

Dust can't understand.

To break the face.

It's his only option now.

"Boom!" The sword light soared into the sky, and the terrifying rules of death bloomed in an instant. Moreover, the origin of space in Qin Chen's mind was also completely motivated by him. Combining several forces, the mysterious rusty sword in Qin Chen's hand a light above

The dazzling Huaguang, with a puff, actually tore apart this world of order in an instant.

Out of the cocoon.

boom!

Qin Chen appeared outside the order in an instant.

However, at the same time, Qin Chen snorted, a mouthful of blood spurted out from the corner of his mouth, and the whole person was blown away thousands of feet on the spot.

Boom!

As soon as he stopped, the void behind him shattered directly.

Although he broke the orderly world of Tuoba ancestors, he was still injured under the power of triple detachment.

"dust!"

Chen Sisi and the others changed color, and they approached one by one, surrounding Qin Chen.

"I'm fine."

Qin Chen wiped the blood from the corners of his mouth, and his eyes were full of madness and cruelty.

boom!

On him, a vast sword qi swept out once again, turning into a sword qi storm of billions of feet.

A source of burning aura surged out of Qin Chen's body, and, deep in Qin Chen's mind, the power of the Judgment Divine Thunder was also secretly gathering momentum, and it could be activated at any time.

He's going to fight to the death.

"Stop, why is the aura in your body so familiar, you...is that senior's descendant?"

However, before Qin Chen could take action, the opposite ancestor Tuoba suddenly spoke up. His voice was trembling, and Qin Chen's eyes were full of horror.

As soon as these words came out, the originally desperate people present were all stunned.

What... what's the situation?

Ancestor Tuoba was a powerhouse of triple detachment. Before, he was murderous and invincible, and his aura was enough to suppress a universe, but now, he actually respectfully called his predecessors.

what the hell?

Qin Chen himself was stunned, holding the right hand of the mysterious rust sword, he couldn't help loosening it. Could it be that this Tuoba ancestor also knew his father?

[Chapter 5203: got it wrong](#)

"You, know my father?"

Qin Chen frowned and said suspiciously.

"Father?"

On the opposite side, the Tuoba ancestor was stunned: "Your Excellency is obviously a human race, but that senior is from that race, and I have never heard of that senior having a confidante, this..."

Tuoba's ancestor looked up and down at Qin Chen, and there was doubt in his eyes.

Did you make a mistake?

No, that power from before, I will never make a mistake.

"That family?"

Qin Chen was also stunned.

Could it be that the senior Tuoba ancestors mentioned was not his father?

Right!

As soon as this thought came out, Qin Chen suddenly realized that he had not released the divine power of adjudication at all before, but only secretly urged it, so this Tuoba ancestor should not have felt his divine power of adjudication at all.

In this way, the senior the other party said should not be his father, but someone else.

"Which senior are you talking about?"

Qin Chen couldn't help but ask.

It should be noted that the power he is mobilizing now includes the power of darkness, the power of dark Luotian, the power of space inheritance in the secret realm of returning to the ruins, the power of God Emperor Totem and the power of death rules.

Among them, the power of darkness and the power of darkness and darkness are definitely not, otherwise the Tuoba family would not have fought against the darkness of darkness for so many years, and any of the remaining three forces are possible.

Could it be the power of the rules of death?

Qin Chen pondered in secret.

After all, the ancestor Tuoba said about that family before. Obviously, the other party is not a human race, and the Great Emperor Netherworld is a person from the underworld, so naturally it will not be a human race.

This is very likely.

Thinking of this, Qin Chen immediately went deep into his right hand, bang, and a strong death breath dissipated. This was because he felt the rules of death from the origin of the Nether Emperor.

"This is..."

Feeling such a strong aura of death, Tuoba Ancestor's pupils shrank, and he stepped back a few steps, and his pupils showed a strong look of horror. "This is the power of the source of the underworld, who are you? Why is there not only the power of that senior in your body, but also the source of the underworld, this is the top power in the underworld, and you can control this power in the entire underworld.

are also few and far between. "

Ancestor Tuoba's eyes were full of horror. Suddenly, he seemed to think of something, and suddenly raised his hand, bang, suddenly, the world changed color, an invisible force of order dissipated, and instantly enveloped Qin Chen.

In an instant, Qin Chen and Tuoba ancestors were in a separate cosmic starry sky, and they were all isolated from the dark palace masters outside.

Qin Chen's pupils shrank, the mysterious rusty sword in his hand was raised again, and a terrifying force suddenly gathered from his body.

"Little friend, don't get me wrong." Seeing Qin Chen's actions, the ancestor Tuoba was taken aback and hurriedly put his hands up: "I don't have any malice, the reason why I brought you to this starry sky, little friend, just to facilitate communication between you and me, you must not have any

The misunderstanding, put down the sword, the sword has no eyes, it's fine to cut me, but don't hurt yourself. "

"..."

Seeing the trembling look of Tuoba's ancestor, Qin Chen was speechless.

How did this Tuoba ancestor become so timid in the blink of an eye?

At this time, Qin Chen also thought of the other party's previous words. Obviously, what this Tuoba ancestor felt before was definitely not the power of the death rule in his body.

"Could it be the power of space rules?"

Thinking of this, Qin Chen stretched out his right hand again without waiting for Tuoba's ancestor to speak.

boom!

A terrifying spatial mood bloomed in an instant, and in an instant, the void within ten thousand miles around Qin Chen boiled directly, and the entire void was constantly distorted and fluctuated, as if it was about to shatter.

"Hey... such a strong spatial origin, this power absolutely surpasses me, how is this passed down?"

Tuoba's ancestor was horrified and terrified. Although because of Qin Chen's cultivation, the space origin on Qin Chen's body is not particularly powerful, but with the cultivation of Tuoba's ancestors, he can easily feel the terrifying power contained in this origin, which is definitely a source of terror. far power over him.

Not yet?

On the opposite side, Qin Chen, who saw Tuoba's ancestor's shocked and horrified expression, was once again stunned.

Not the rules of death, not the origin of space, what is that?

Is it the God Emperor Totem?

Now the most powerful forces in the body, in addition to the judgment of the gods, are the power of space inheritance and the power of death rules, and in addition, there is the power of the **** emperor totem. The two forces of space inheritance and death rules both come from the inheritance of the secret realm of returning to the ruins, and the **** emperor totem is only mastered by Qin Chen in the initial universe. Qin Chen thought that the possibility of the **** emperor totem was slightly smaller, so he released it first.

The rules of death and the power of space inheritance.

Unexpectedly it wasn't.

Then the biggest possibility is the power of the **** emperor totem.

boom!

Immediately, Qin Chen ran the Nine Stars God Emperor Art, and in an instant, a vast divine emperor totem aura bloomed from Qin Chen's body, and the power of this divine emperor totem surrounded the starry sky, causing the starry sky to tremble directly. If Tuoba ancestors were in their prime, the order universe formed would not be afraid of the impact of any force, but now he is just a remnant soul, and the order world condensed by Qin Chen immediately fluctuated violently under the aura of Qin Chen.

.

"Yes, it is this power."

Seeing this scene, Tuoba Ancestor's pupils shrank suddenly: "Little friend, where did you get it from?"

"I was taught by a senior by chance, why, have you seen it?"

Qin Chen frowned.

This is indeed what he learned by accident from the mysterious powerhouse in the tidal sea of void in the sky.

"accidental?"

Ancestor Tuoba shook his head bitterly: "In front of that senior, how could there be the word chance in this world?"

Don't talk about that existence, even if it is a strong man of his level, as long as he does not want his power and inheritance, no one can get it, unless there is a strong man far above him forcibly deprived.

And Qin Chen is only a level of detachment now, and it seems that he has controlled this power for many years, how can he get it by accident?

Thinking of this, the male appearance of Tuoba's ancestor suddenly turned pale, and a sense of panic slowly spread from his heart.

Qin Chen frowned: "Why, do you know the origin of this power?"

"know?"

Tuoba's ancestor smiled bitterly: "As a junior, how can I be qualified to know that senior."

Hearing this, Qin Chen was stunned, and a turbulent wave rolled up in his heart.

He originally thought that Tuoba ancestor knew the senior in the tidal sea of the void, but now he heard that Tuoba ancestor didn't seem to be enough to see in front of that senior.

How is this possible?

You must know that Tuoba's ancestor is a triple detachment, and he is also a top-level powerhouse in this South Cosmos Sea, why...

At this moment, Qin Chen's heart trembled. If the ancestor Tuoba did not admit the wrong person, then the strong man he saw in the tidal sea of void in the sky was definitely a strong man far superior to the ancestor Tuoba. But how could such a strong man be trapped in a place like the Void Tidal Sea in the initial universe?

[Chapter 5204: no one believes](#)

At this moment, Qin Chen thought a lot in his mind.

The senior in the initial universe is probably not as simple as he imagined. At this time, looking at Qin Chen's uncertain face, Tuoba's ancestor suddenly laughed embarrassingly: "Hahaha, little brother, I didn't expect you to be the descendant of that senior, you see how this happened, back then, I also received that one

The kindness of the predecessors, alas, this is really a flood that rushed to the Dragon King Temple, and the family does not know the family anymore. "

Qin Chen saw the expressions and movements of the ancestors of Tuoba, and his heart was like a mirror.

Qin Chen smiled slightly and said, "Benevolence? Between your Excellency and that senior..."

To be honest, Qin Chen was even more curious about the senior who was bound in the Void Tidal Sea. Now that he finally saw someone recognize him, he naturally wanted to learn more information from the ancestors of Tuoba.

Hearing this, Tuoba's face suddenly showed hesitation, as if constipated: "This..."

"Why, can't you tell?"

Qin Chen frowned.

"No, of course not, there is nothing to say in front of the little friend."

Seeing Qin Chen's face sinking, the Tuoba ancestor suddenly panicked: "Cough, that senior had the kindness of not killing me back then."

Qin Chen stared blankly at Tuoba's ancestor: "..."

Grace not to kill?

What kind of favor is this?

Surely this Tuoba ancestor was not kidding himself? "Cough cough." Seeing Qin Chen's dazed expression, Tuoba's ancestor looked embarrassed, "Little friend, you don't know, the predecessors of the ancient emperor are from the ancient **** clan, this clan was a powerful group in the universe sea back then, and The predecessors of the ancient emperor are the ancient gods

The **** emperor in the middle was extremely murderous back then, and he even tried to unify the universe sea, but he was attacked by the forces of all races in the universe. "

"Back then, I just broke through the triple detachment. As one of the powerhouses in the South Universe Sea, I naturally participated in that battle. As a result, I and many other forces joined forces and failed to win the Ancient God Clan, and the casualties were heavy..."

Speaking of this, Tuoba's ancestor was shocked.

He will never forget that battle.

Back then, he had just broken through the triple detachment and led the Tuoba clan at that time to gain a firm foothold in the South Universe Sea. How energetic was he? He thinks he is peerless and invincible.

However, it was precisely because he broke through to the triple detachment that he understood the real upper layer of the universe sea and participated in the battle that year.

He would never forget that battle. The ancient gods were powerful and invincible, and they were not afraid of inferiority in the face of the encirclement and suppression of the entire cosmos sea forces.

In front of the ancient emperor senior, the triple detachment is by no means a one-shot enemy. He is a sky-high figure who has truly disrupted the universe. He saw with his own eyes that an old ancestor who had entered the triple detachment for many years, had experienced several reincarnations and was indestructible, and had a so-called illustrious name in the sea of cosmos, was torn apart by the predecessors of the ancient emperor on the spot, as simple as tearing a chicken. ,Blood

stained the sky.

The ancestors fell, the universe sea boiled, and the original aura that formed shook the sky for hundreds of millions of miles. However, in front of the predecessors of the ancient emperor, they were like ants, so they were not worth mentioning.

At that moment, he realized that only by stepping into the triple detachment can he truly see the horror of this vast cosmic sea, which can be regarded as stepping into the upper layer of the cosmic sea.

But only the top. The real cosmic sea overlords are by no means the famous triple detachment in various universes and the powerhouses whose voices shake the world, but those ancient families hidden in the depths of the cosmic sea, those who quietly spread their tentacles to the universe.

There are terrifying existences in every corner of Zhouhai.

These forces are located in the terrifying forbidden places in the sea of cosmos, which are really desperate places.

And he. He was standing by the ancestor's side back then. He had just broken through the triple detachment, and he had not even consolidated his origin. He saw with his own eyes that the predecessors of the ancient emperor instantly tore apart the ancestor who was at least several times stronger than him, and the blood stained the blue sky. Falling like stars, that

The terrifying breath left an indelible image in his mind.

At that time, the ancient emperor looked at him lightly, just a look, his mind was blank, and he even felt that he had died.

It wasn't until a long time later that he recovered from that feeling, but at that time, the predecessor of the ancient emperor had already left with the strong men of the ancient **** clan fighting and leaving, smashing the alliance of many forces in the cosmos sea and leaving gracefully.

He knew that it was the other party who showed mercy, otherwise he would never have survived.

And he has walked through the gate of hell.

It was also after going through that battle that year that he was able to quickly consolidate his origins and make a name for himself in the South Cosmos Sea.

At this moment, even if he recalled that year now, he would never be able to forget that shocking moment.

Previously, when he felt the power of the ancient emperor's predecessors again from Qin Chen, he was even scared stupid.

Because he knows that no matter who the young man in front of him is from the predecessors of the ancient emperor, he is definitely not something he can provoke the Tuoba clan, not to mention that he only has a remnant soul left, even in the heyday of the year, he did not dare to do anything to Qin Chen.

.

With the means of the predecessors of the ancient emperor, how could he not leave a secret hand on the young man in front of him?

Such existence is not something that his Tuoba family can provoke.

"The ancient **** family, the ancient emperor..."

Qin Chen murmured!

Although Tuoba's ancestor did not say it very clearly, Qin Chen already understood how strong the opponent was.

This is a hero who tried to unify the universe back then. Whether he became or not, just such a thought is enough to shock people.

"What happened to the ancient **** family later?"

Qin Chen asked.

"Later..." Tuoba's ancestor shook his head: "I was not able to participate in the real confrontation back then. I only know that the ancient **** clan of that year almost swept the cosmos sea. win, both sides lose

Injury, until one day, the ancient gods suddenly disappeared, and the ancient emperor disappeared from the sight of the universe sea. "There are rumors that the predecessors of the ancient emperor gave up the hegemony in pursuit of the supreme avenue, and took the ancient gods into seclusion from the world; there are also rumors that the actions of the predecessors of the ancient emperor destroyed the original order of the universe sea, causing trouble. Angered some ancient existences in the forbidden area of Cosmic Sea. These ancient family powerhouses were dispatched together. After a **** battle, they were surrounded and killed in a forbidden area of Cosmic Sea. In addition, there are rumors that the predecessors of the ancient emperor were killed by a certain Big boss influence, and retreat

Hidden Universe Sea..."

"This final ending, little friend... You should know better than me."

Tuoba ancestor blinked and looked at Qin Chen.

Qin Chen was stunned for a while. He couldn't say that the ancient emperor predecessors in the mouth of Tuoba's ancestors are now imprisoned in the forbidden area of some initial universe, right?

This is a big guy who traverses the sea of cosmos, how can this end.

And, who else could it be? Can such a big guy be imprisoned? If you say it, no one will believe it.

[Chapter 5205: Disciple is willing](#)

"Okay, let's not talk about this, you brought me to this world, just want to talk about this?" Qin Chen said lightly.

Tuoba's ancestor was stunned for a while, and said in an uneasy manner: "Little friend, I don't know what kind of grievances my Tuoba clan has with you. If it is possible, I wonder if I can let my Tuoba clan go?"

"Let you go?" Qin Chen said coldly: "You don't even know the conflicts and grievances between us, what do you think?!"

Ancestor Tuoba's expression froze.

Indeed, he doesn't even know the grievances at the moment.

At this moment, his eyes flickered a few times, looking at Qin Chen.

Suddenly he sighed.

In his orderly world, he could feel that Qin Chen in front of him was only a first-level peak detachment.

This kind of detachment of cultivation was in the ancient times, and he would hardly put it in his eyes, and he could be destroyed with a flick of his finger, but now...

The ancestor Tuoba was silent.

He didn't dare, even if he knew Qin Chen's cultivation, he didn't dare to do it, because even if the existence of the ancient emperor just left a small handwriting, it was not an existence he could fight against.

Moreover, I finally met that senior's descendant. If such an opportunity was wasted, then I would really be inferior to a stupid pig.

Sometimes a crisis is an opportunity instead.

At this moment, Tuoba's ancestor suddenly made up his mind, and he suddenly raised his hand.

boom!

The world between him and Qin Chen suddenly shattered, and the two suddenly reappeared in this world.

Seeing the two people who suddenly appeared, Palace Master Anyou hurriedly flew over: "Qin Shaoxia, are you alright?"

Sisi, Qianxue and the others also flew over quickly, and instantly came to Qin Chen's side, watching Tuoba's ancestor vigilantly.

"Ancestor."

Tuoba Xiongba hurriedly stepped forward, looked at the ancestors, saluted respectfully, and had doubts in his eyes.

He thought that the ancestors shot before to kill Qin Chen, but now it seems that it is not.

At the same time that Tuoba Xiongba came to the Tuoba ancestor, the rest of the Tuoba family quickly gathered.

Tuoba ancestor looked at Tuoba Xiongba, and suddenly said coldly: "Kneel down."

Tuoba Xiongba was startled.

"Ancestor, what did you say?" he wondered, he heard right?

"I said, kneel down!"

boom!

The ancestor of Tuoba suddenly raised his hand, and an invisible force descended on Tuoba Xiongba. In an instant, Tuoba Xiongba knelt down fiercely, and the void collapsed directly under the force of his knees.

"Ancestor, I..."

Tuoba Xiongba was instantly stunned.

The Tuoba ancestor looked at the other strong men of the Tuoba family: "You all kneel down too."

The other strong men were stunned.

"Why, do you want me to say it again?" Ancestor Tuoba frowned slightly, and his eyes gradually turned cold.

Immediately, the others around hurriedly knelt down. "Little friend, although the old man does not know what kind of grievances there are between you and my Tuoba family, from today onwards, my Tuoba family is willing to surrender to Your Excellency, become Your Excellency's right-hand man, drive for Your Excellency, and hope Your Excellency will forgive me Tuoba. Ba Yi

racial disrespect. "

Ancestor Tuoba took two steps forward and bowed respectfully to Qin Chen.

The whole place was silent, and everyone was stunned for a moment.

This?

what happened?

The ancestor of the dignified Tuoba family, who used to be a powerhouse of triple detachment, actually gave Qin Chen such a great gift. This is simply unbelievable.

"Ancestor..."

Tuoba Xiongba suddenly raised his head to look at Tuoba's ancestor, and said angrily, "Why?"

Why?

He didn't understand that Qin Chen had killed so many masters of their Tuoba family, but the ancestors asked them to surrender to that kid, and he was dissatisfied.

Not to mention him, even Qin Chen was stunned at the moment.

This Tuoba ancestor's arrogance really shocked him.

Let the Tuoba family surrender to him?

Qin Chen's eyes narrowed slightly, he was thinking about this possibility.

Hearing Tuoba Xiongba's roar, Tuoba's ancestor suddenly lowered his head, his eyes were extremely cold, he raised his hand, and with a bang, he immediately took Tuoba Xiongba in his hand.

His right hand directly grabbed Tuoba Xiongba's throat, staring at Tuoba Xiongba: "Do you want to disobey the meaning of this ancestor?" Tuoba Xiongba did not give in, looked into Tuoba's ancestor's eyes, and said solemnly : "Ancestor, I didn't mean that, but my Tuoba family was the most dominant force in the South Universe Sea back then, but now, it has been reduced to the tenth place in the South China Sea.

The three-star domain is fighting for the hegemony, and, with your ancestors, you have to surrender to such a kid now, why? Why? "

He was not convinced, not reconciled.

Ancestor Tuoba's eyes slowly closed.

Why?

How strong the predecessors of the ancient emperor are, he will never forget.

Only when he really stepped on the level did he understand how difficult it was to truly rise in this vast and endless universe.

He didn't get angry, but looked at Tuoba Xiongba coldly, "You are the patriarch of my Tuoba family now, so do you know what the current Tuoba family wants to gain a foothold in the sea of cosmos?"

Tuoba Xiongba was stunned.

"Do you think that you have conquered this dark and secluded mansion?" Tuoba's ancestor sighed: "No, no." He looked up at the Endless Galaxy: "Don't say that you have conquered this dark secluded mansion. It was you who broke through the triple detachment, so what? When you really step on the top level of the universe sea, you will understand that a newly promoted ethnic group

If you want to gain a foothold in this sea of cosmos, strength is only one aspect, and the most important aspect is background! "

background!

At this moment, Tuoba's ancestor's words echoed over the entire Darkness Mansion and entered everyone's mind.

"Without background, even if you achieve triple detachment and gain a foothold in the South Cosmos Sea, what's the point?" Tuoba ancestor sneered: "Any little waves can destroy you and return you to nothingness. "

At this moment, the ancestor Tuoba remembered how high-spirited he was back then, but in the end, he still fell into the hands of the enemy.

Why?

Not because he has no background.

If he was a subordinate of an ancient force in the universe, would he still die so easily?

But now, there is such an opportunity in front of him.

How could he let it go?

boom!

When Tuoba ancestor raised his hand, Tuoba Xiongba's body trembled instantly, and a crack suddenly spread out in his body.

"If you want to die, don't worry, I don't mind changing to a patriarch." Tuoba ancestor said lightly.

Everyone was startled.

Why did the Tuoba clan surrender to Qin Chen, this Tuoba ancestor actually wanted to kill Tuoba Xiongba, who is the patriarch of his Tuoba clan now?

But for Tuoba ancestors, he doesn't care, all he needs is the blood of the Tuoba family to pass on.

Following a character like Qin Chen, who is the patriarch, does it matter?

"Ancestor, I am willing, my disciple is willing."

Feeling the killing intent on Tuoba's ancestor, Tuoba Xiongba panicked and hurriedly shouted. He can feel that the ancestor is real, as long as he has the slightest idea of disobedience, the ancestor will definitely kill him directly.

[Chapter 5206: The origin of the soul, essence and blood](#)

"Hmph, you say this to the little friend, no... to the grown-up."

Tuoba ancestor snorted coldly, and threw Tuoba Xiongba into the void, smashing a world in an instant.

Since he left, the head of this Tuoba family is not as good as the previous generation, what kind of eyesight.

If it wasn't for the other party's timely response, he would have been pinched to death just now, and he would have stayed behind to harm the ethnic group.

At this moment, Tuoba Xiongba, who was lying there, was full of fear.

Damn, I almost lost myself just now.

Luckily my brain is spinning fast.

He hurriedly got up and turned to look at Qin Chen with a struggle in his eyes.

Originally, this time, he joined the Dark Ancestor, the Four God Venerables, and attacked the Dark Nether Mansion. Not to mention the success rate was 100%, but at least it was more than 80%.

But who would have thought...

If it wasn't for Qin Chen, he would definitely have repulsed the Dark Nether Mansion and ruled the Southern Thirteen Star Region, but now...

At this moment, Tuoba Xiongba looked at Qin Chen with extremely complicated eyes.

He had a faint feeling that the young man in front of him might have something extraordinary.

"Xia Tuoba is a tyrant, willing to surrender to Young Master Qin, to be ruthless for Qin Young Master, and never back down."

Tuoba Xiongba instantly knelt down.

Now, even the ancestors have promised to surrender to the other party, so what reason does he have to refuse?

Seeing Tuoba's tyrannical move, Palace Master Anyou's complexion suddenly changed. He hurriedly swayed, came to Qin Chen's side, and said anxiously and respectfully: "Qin Shaoxia, you must not deceive the other party, this Tuoba family is extremely cunning and treacherous, you have to be extra careful, don't worry, no matter what happens, I

Anyoufu will definitely stand behind you and be your strong backing, and there will never be any hesitation. "

"Also, in fact, my Anyoufu is also willing to follow you, Qin Shaoxia."

Palace Master Anyou stared fiercely at Tuoba Xiongba.

This guy, uneasy and kind, is trying to compete with himself for the position in Qin Shaoxia's mind.

How can this work.

"Senior Anyou Palace Master, you are too polite. Qin Mou will never forget the kindness of Palace Master."

Qin Chen hurriedly helped Palace Master Anyou up.

If the palace lord of the dark seclusion had not let him enter the dark secluded forbidden area, he would not have broken through so quickly. "Hey, Qin Shaoxia, what you're saying is true. When I first saw Qin Shaoxia, I felt that you were a heroic person, unparalleled in the world, very kind, and even felt that we were destined to be a family in the future. Since we are a family, again

Why do you have to look out like this? "

At this moment, Palace Master Anyou burst into ecstasy.

What kind of background does Qin Chen have? He was the ancestor of the Tuoba clan, and the powerhouses who were once triple detached were willing to surrender to each other.

At this moment, Palace Master Anyou breathed a sigh of relief in his heart.

Fortunately, he did not target Qin Chen at the beginning, but was extremely enthusiastic, otherwise he would be the one kneeling here now.

At the beginning, he saw that Qin Chen's origin must be extraordinary, so he made a big bet on him, and even when facing the ancestors of the Tuoba family, he did not retreat at all.

Now it seems that he made the right bet.

It is absolutely impossible for ordinary people to make Tuoba ancestors behave like this.

Qin Chen looked strange: "Family?"

Palace Master Anyou secretly glanced at Chen Sisi and the others, and then glanced at Fang Muling beside him: "Cough, everything depends on Qin Shaoxia, I have no opinion."

Only then did Qin Chen understand what Palace Master Anyou meant, and his face suddenly darkened. He glanced at Fang Muling who was not far away, and Fang Muling hurriedly lowered his head.

Qin Chen: "...". At this time, Tuoba's ancestor stepped forward, glanced at Tuoba Xiongba, and said coldly: "What are you still doing? Why don't you go to Qin Shaoxia's side to serve? A waste, this trivial matter is also taught by the ancestors. You, how did you become the patriarch?"

Tuoba Xiongba was stunned, stood up in a hurry, came to Qin Chen's side, and saluted respectfully: "Qin Shaoxia, there were some misunderstandings between me and the others before, you can rest assured, since the old man has promised to surrender to Qin Shaoxia, he will definitely use it in the future.

Qin Shaoxia, your interests are at the core, and there will never be any other words..."

Qin Chen looked at Tuoba Xiongba, his eyes narrowed slightly: "Have I forgiven you?"

Tuoba Xiongba's expression froze.

"boom!"

Before Tuoba Xiongba could react, suddenly, a big hand came over. It was the big hand of Tuoba's ancestor, and in an instant, it was directly buckled on top of Tuoba Xiongba's head.

With a bang, the rolling triple detachment power shook, and Tuoba Xiongba's body began to collapse little by little.

Tuoba's ancestor said coldly: "Qin Shaoxia, as long as you give an order, the old man will kill this guy now."

Qin Chen said lightly: "This person is unwilling, even if he surrenders to this young master, I am afraid that he is not willing, maybe when he will give this young master a knife, this young master will not be able to bear it.

Palace Master Anyou also hurriedly said: "Yes, a guy like this stays by your side, Qin Shaoxia. If you have any ill will towards the young man, aren't you in a dangerous situation, young man?"

Palace Master Anyou looked anxious, he was even more worried about Tuoba Xiongba than Qin Chen.

Because he knows that the most important thing for him now is not how to resist the attack of the Tuoba family, but how to prevent the Tuoba family from being favored and compare himself.

"If Qin Shaoxia is worried about this, then please rest assured, Shaoxia."

The Tuoba ancestor suddenly raised his hand, and with a bang, a terrifying devouring force was born from the hands of the Tuoba ancestor.

The next moment, a trace of soul source suddenly rose from the top of Tuoba Xiongba's head, which slowly floated to Qin Chen's body, and fell into Qin Chen's hands in an instant.

Qin Chen frowned: "This is?"

"Qin Shaoxia, at this moment Tuoba Xiongba's life essence is the source of the soul. As long as you master this source, you can dominate Tuoba Xiongba's life and death. In this way, the other party is afraid that he will no longer have any second thoughts towards you."

Ancestor Tuoba hurriedly explained.

"The origin of the soul's essence and blood?" Qin Chen's pupils shrank, he could not have imagined that this Tuoba ancestor could even make such a decision. "Qin Shaoxia, you must be careful, old man, I am the first one who is willing to follow Qin Shaoxia, nothing else, when Linger, she and Qin Shaoxia fell in love at first sight, I, a father, agree with it very much, and there is no damage at all.

, Qin Shaoxia, you see this in your eyes, right? "

Palace Master Anyou was in a hurry.

He can't be in a hurry.

"Father!"

Fang Muling's face turned even more ashamed. With so many people, what was the father talking about?

Qin Chen looked at Tuoba's ancestor, and suddenly took that ray of life essence, blood, and soul source into the palm of his hand, and instantly refined it.

boom! In an instant, Qin Chen felt that he had a connection with Tuoba Xiongba. As long as he had a single thought, he was afraid that his origin would be shattered and he would fall on the spot.

[Chapter 5207: competitive pressure](#)

Tuoba's ancestor threw Tuoba Xiongba aside and respectfully said: "Little friend, you can now control Tuoba Xiongba's life and death. As long as you have a thought, he will surely die. I think such a little friend should be relieved?"

Speaking of which, Tuoba's ancestor paused. Then he continued: "Actually in this sea of cosmos, little friend has many things that you don't need to do yourself. As little friend, some things can be done by the servants. Our Tuoba clan is willing to be this servant. please little friend

It will give our Tuoba family a chance to serve your little friend. "

Tuoba's ancestor looked extremely sincere.

Looking at the solemn and serious expression of Tuoba's ancestor, at this moment, while everyone on the field was shocked, they couldn't help but secretly glance at Qin Chen, and there was endless horror in their hearts.

No one who can stand on the battlefield of the Dark Forbidden Land is weak, and no one who can grow to this realm in the sea of cosmos is an idiot.

The performance of Tuoba Ancestor now not only does not make people feel that Tuoba Ancestor is humble, but he is deeply curious about Qin Chen's background.

What is the origin of this child?

It is possible to make a triple supermap look like this, and even dedicate his ethnic group to others.

This...I can't even think about it.

Qin Chen looked at Tuoba Xiongba coldly, his eyes flickering.

He is indeed able to control the life and death of Tuoba Xiongba, but should he kill it? Feeling the killing intent on Qin Chen's body, Tuoba Xiongba instantly changed color, he hurriedly came to Qin Chen's body, and knelt down again: "I also ask the master to save his life, and the subordinate is willing to smear the ground for the master and use the knife. Mountain, under fire, death

No resignation. "

At this moment, he was truly frightened.

Hundreds of millions of years of hard work have finally reached this point, and he has become one of the top powerhouses in the Southern Thirteenth Star Region. He doesn't want to die.

"Master, you said, whoever you want your subordinates to kill, it is mainly you who give an order, and your subordinates will kill him immediately."

Tuoba said firmly.

Hearing this, Qin Chen moved his body and mind, and looked at the Sifang God Venerable not far away.

Seeing this, the face of the four gods changed greatly.

"Qin... No, my lord, I am also willing to surrender, I am willing to serve you, and become a dog under your command. If you let me go east, I will never go west." The four gods were terrified.

"Tuoba Xiongba, then you kill the four gods first." Qin Chen said lightly, his eyes indifferent.

In the presence, anyone can surrender, only the gods from the four directions cannot surrender.

Whether it was because of the Young Master Sifang or because of the Divine Venerable Sifang who betrayed Anyoufu, Qin Chen would not let him survive.

"Yes, Master."

Tuoba Xiongba's eyes flashed a ferocious look, turned into a black streamer and rushed out, instantly fighting with the gods from all directions.

"Ancestor Tuoba, you..."

Sifang God Venerable let out a sound of anger, but he was seriously injured, and his strength was far inferior to Tuoba Ancestor, how could he resist Tuoba Ancestor's attack?

In just a moment, he was destroyed by the Dao that Tuoba Ancestor hit, covered in blood, and there was hardly a trace of integrity on his body.

"Qin Shaoxia, Chen Shao, let me go, I'm willing to saddle up for you..."

During the slaughter, the gods from all directions looked at Qin Chen desperately, begging wildly.

Now, the situation is over, and if he wants to live, he can only pray for Qin Chen's forgiveness.

However, Qin Chen's eyes were indifferent, and he didn't even look at him.

"Since you want me to die, then I will fight with you, burst!"

God Venerable Quartet roared, and in an instant, a terrifying shock wave in his body condensed frantically, constantly improving.

The heaven and earth in the four directions trembled directly, and an aura that shocked the nine heavens and ten earths permeated instantly.

The Sifang God Venerable directly detonated the source of his body when he knew that he would fall.

Boom!

An earth-shattering roar resounded, and a terrifying aura swept out of the body of the gods from all directions.

"Want to self-destruct? It's not that easy." There was a ferocious look in Tuoba Xiongba's eyes. He stomped his feet, and his figure rose to the sky. In an instant, a terrifying figure of the law covered the sky and the sun, Tuoba Xiongba did not retreat but advanced. , use his own dharma to wrap the gods of the four directions to death

wrapped in it.

With a bang, a terrifying shock wave swept across in an instant. A double detachment powerhouse self-destructs its origin, how terrible is this? Tuoba Xiongba's dharma image was shattered in an instant, but his body still did not retreat at all. Instead, he rushed into the self-exploding body of the Sifang God Venerable.

Like a moth to a fire, like a suicide.

boom! The amazing aura swept through, and a terrifying shock wave came to Qin Chen. Suddenly, a big hand appeared, which instantly blocked the shock wave. At the same time as the big hand appeared, a figure also appeared in Qin Chen's body.

Before, trying to use the physical body to resist this shock, it was Palace Master Anyou.

However, all the shocks were resisted by this big hand, but the body of Palace Master Anyou was completely blocked.

"Little friend, are you alright?"

The ancestor of Tuoba came to Qin Chen, who was the one who resisted this shock wave before.

"Made..."

Palace Master Anyou cursed in his heart, this guy is really a **** dog, can a dignified triple detachment not be such a senior, is it not good for him to be overbearing and arrogant? Get yourself no chance to perform at all.

"I'm fine." Qin Chen said lightly.

At this moment, the shock wave formed by the self-destruction of Sifang God Venerable also gradually weakened. From the central area of the self-destruction, a **** figure came out from the core area of the explosion.

Tuoba Xiongba was covered in blood and was in a state of embarrassment. His body was almost blasted, but instead of the slightest pain on his face, there was a hint of excitement on his face. Holding an astonishing source aura in his right hand, he came to Qin Chen in a few steps, held the source up high, and said respectfully, "Master, this is the core source aura of the four gods, subordinate just now. desperate, finally

This source is intercepted, and this source may help the master to break through the double realm in the future. "

Tuoba Xiongba's hands full of blood, Lingkong held this source to Qin Chen.

"good."

Qin Chen raised his hand and put away the source.

A second-level detachment from the most core source did indeed help him, and even if he didn't need it, it would be good to give it to Sisi and the others.

"Being able to serve the master is the greatest honor in my life, Tuoba Xiongba."

Tuoba Xiongba said excitedly, as if he was extremely proud to be able to help Qin Chen, even if he was desperate, he would do it.

This scene made the others around him feel extremely moved, and then suddenly came to Tuoba Xiongba's previous actions. Before this guy obviously just retreated, he would not be affected by the self-explosion of the gods from all directions, but in order to leave a source for Qin Chen, he forced his way into the area with the most explosive power, and desperately gave Qin Chen to take it out. this

The core origin of Tao.

This is something that most people can't do.

"Lick the dog..."

On the side, Palace Master Anyou couldn't help but scolded secretly. Immediately, I felt a strong competitive pressure.

[Chapter 5208: old licking dog](#)

At this moment, Palace Master Anyou felt a little tired.

It was more tiring than fighting the Tuoba family to the death.

This is so special, with such a licking dog, it seems that he wants to leave a better impression in Qin Shaoxia's heart, and he has to show more performance.

"Little friend, I don't know what the old man suggested before, what do you think?" At this time, the ancestor Tuoba came to Qin Chen and said with a smile.

Qin Chen glanced at the other party, and then smiled: "Since the senior is so sincere, then the junior should be respectful rather than obedient."

"Hahaha."

Ancestor Tuoba burst into laughter in an instant, with excitement deep in his eyes. His Tuoba clan, born in the universe for hundreds of millions of years, finally hugged a thigh. The Tuoba ancestor suddenly looked at the countless masters of the Tuoba family behind, and said coldly: "From now on, my Tuoba clan will follow Young Master Chen, Young Master Chen wants you to live, you will live, Young Master Chen wants you to die. , ye die, hear

? "

Above the vast sky, countless surviving Tuoba aristocratic powerhouses knelt down one after another: "I am willing to die for Chen Shao."

Tuoba Xiongba also lowered his head and said loudly, "I am willing to die for Young Master Chen."

Qin Chen looked at the strong Tuoba clan who were kneeling all over the sky, his heart moved slightly, and it was not bad that he subdued this group of people. And the powerhouses of the dark and secluded mansion, such as Dangmo Shenzun and Zhengkong Shenzun, were moved. Qin Chen, this is just like

Dreamy.

"Everyone, clean up the battlefield!" Qin Chen said lightly.

"Yes!"

In the field, everyone immediately began to clean the battlefield. Not long after, Palace Master Anyou and Old Ancestor Tuoba came to Qin Chen, and he handed two space artifacts to Qin Chen, "Master, this is all the property and belongings of Old Ancestor Dark and Sifang God Venerable. fetish, and besides me

Some treasures of the Tuoba family are willing to give to Chen Shao. And in the other space artifact are five second-level transcendental heavenly veins! "

Five double transcendental veins!

The crowd was moved.

The celestial veins are the spiritual veins of the transcendence level. The energy source is constantly giving birth to cosmic crystals, and the celestial veins of the double transcendence level represent that a celestial vein can produce a cosmic crystal of the double transcendence powerhouse level.

In this cosmic sea, it can be called something that defies the sky.

In fact, a double detachment as strong as the Sifang Divine Venerable, generally having a double detachment celestial meridian in the body is already incredible.

"good."

Qin Chen was not polite, and directly put away the two space fetishes.

Not to mention that he himself has to break through the double detachment. If Sisi and the others want to break through in the future, they also need the assistance of Tianmai. Moreover, if the initial universe wants to survive in this universe sea in the future, Tianmai is also essential.

Just relying on the power of the original universe to be born, it is impossible to cultivate many strong people. If you want more masters of detachment to be born in the original universe, treasures like Tianmai are necessary.

"Master, do you still need your subordinates to do anything?"

At this time, Tuoba Xiongba respectfully said that he had brought in his role very well. Qin Chen pondered slightly, and then said: "I have nothing to do here for the time being, take your people back to the Tuoba clan, recuperate as soon as possible, recover from the injury, and then investigate the dark clan. Next, I need to let the dark clan thoroughly

At the end surrender to this little. "

Naturally, Qin Chen will not let go of this dark family, and now that the dark ancestor is dead, it is not difficult to defeat the dark family.

"Master, don't worry, your subordinates will do it right away."

Tuoba Xiongba respectfully saluted, then looked at Tuoba's ancestor: "Ancestor..."

"You go first, I will accompany you for a while, and I will do my best under your leadership in the future. Believe me, in the future, you will definitely thank this ancestor for his decision." Patriarch Tuoba said lightly.

"Disciple remember, retire."

After the words fell, Tuoba Xiongba left in an instant with the countless masters of the Tuoba family under his command.

In an instant, the entire dark forbidden area was empty. "Qin Shaoxia." Palace Master Anyou hurriedly came to Qin Chen's side at this time, looking at Tuoba's ancestor vigilantly, "Qin Shaoxia, you are tired from the battle just now, why don't you go back to the mansion for a rest, this mansion is ready all kinds of feast

Xie Shaoxia came to help today. ""Palace Master, you are too polite. Qin Chen laughed, then turned to look at the Forbidden Land, and said, "Forgot to tell the Palace Master, when this young master was in the Forbidden Land, he almost absorbed all the darkness in the Forbidden Land."

Qj, in that dark forbidden area, an ancient palace appeared. I wonder if the Palace Master knows what it is? "

"palace?"

Palace Master Anyou was stunned, and then his eyes showed a hint of excitement, "Could it be the inheritance left by the ancestors of my Anyou Palace lineage?"

"Inheritance?" "You are dissatisfied with Qin Shaoxia. After my ancestor of Anyoufu founded Anyoufu, he left this secret forbidden area. It is rumored that in that secret forbidden area, there are the most important things left by my ancestors. Inheritance, as long as you can get it, you can

Across the universe. The Lord of Anyou Palace looked serious: "Unfortunately, for hundreds of millions of years, no one in my Anyou Palace lineage has activated this inheritance. Now, Qin Shaoxia, since you have discovered a palace in this dark and forbidden area, it is most likely me. Ancestor of Darkness

The legacy left behind. "

Speaking of this, Palace Master Anyou looked extremely excited.

"Across the universe sea?"

Tuoba's ancestor laughed, "My dear nephew Anyou, are you talking big? The old man didn't dare to say that he could traverse the sea of cosmos in his heyday."

This dark and secluded mansion was born after him, and has been huddled in the Southern Thirteen Star Territory, saying that he can cross the universe sea, he naturally does not believe it.

Across the cosmic sea? This is at least a triple detachment peak-level powerhouse, so I dare to say this a little, but it is only a word.

Palace Master Anyou showed an embarrassed look, "This... is also a saying passed down by our ancestors back then. It may be a little exaggerated, and the juniors don't know the truth."

In the face of Tuoba Ancestor, the former triple detachment predecessor, Palace Master Anyou is still relatively humble.

"If that's the case, then you can see at a glance."

Qin Chen moved in his heart.

"What Qin Shaoxia said is that this palace is because Qin Shaoxia appeared, so please ask Qin Shaoxia to lead me and go together!" Palace Master Anyou said with a smile.

"Let's go."

Immediately, a group of people flickered and flew towards the dark and forbidden place.

At this moment, in the endless void outside the Dark Nether Mansion.

A group of strong men suddenly appeared.

It was the Tuoba clan led by Tuoba Xiongba.

At the front of the group of powerhouses, Tuoba Xiongba turned to look at the dark secluded mansion behind him, and there was an inexplicable emotion in his eyes.

Before coming here this time, he never thought that this time the Anyoufu and his party would be such a result.

"Patriarch, what shall we do next? Is it true that within the Hui clan, he has become a servant under Qin Chen's command and is doing things for Qin Chen?"

Among the few remaining first-level detachments among the guards, a strong man instantly came to Tuoba Xiongba and said with a gloomy expression.

"Then what do you mean?" Tuoba Xiongba glanced at him, his eyes flashing.

[Chapter 5209: Jianmu Zong Lao](#)

The guardian of the gods looked gloomy and said coldly: "Patriarch, in my opinion, I might as well pretend to surrender to that Qin Chen first, secretly accumulate strength to break through, my Tuoba clan can accumulate all the resources to your patriarch. body, a

Dan and other patriarchs, you can break through the three-level detachment realm, and you can break the restraint of the soul blood essence brand left by the ancestors. At that time, it will not be easy to kill that kid and the dark secluded palace master? "

Speaking of this, a cold light burst out from the eyes of the leader of the guard, and he was murderous.

Tuoba Xiongba glanced at him lightly, "But Lord Ancestor's order is for my Tuoba clan to surrender to Qin Chen in the future. Are you doing this to make me go against Lord Ancestor's order?" His face was gloomy: "Lord Patriarch, although Lord Ancestor's order is to let us surrender to that kid, but to say something unpleasant, Lord Ancestor is already old, and all he left behind is a remnant soul, which will dissipate sooner or later.

. But now my Tuoba family is the master of the family, you are the patriarch..."

The expression of the leader of the guard suddenly became extremely ferocious. "My Tuoba family is going to become the top power in the universe in the future. Why should I submit to others? And he is a teenager, why?"

The man roared, suppressing his anger.

As a detached person, who is willing to surrender to an outsider?

Hearing this, Tuoba Xiongba's eyes slowly closed: "What do you think?"

There was silence all around. There are many other strong people in the Tuoba family. You look at me, I look at you, but no one dares to say a word.

One is the order of the ancestors, the other is the ambition of the current patriarch, and the reality is unwilling. At this time, no one dares to express their opinions at will. At this moment, an old man walked out slowly. This man has extraordinary aura and is also a first-level detachment: "Lord Patriarch, this subordinate thinks it's inappropriate, Lord Ancestor is the founder of our clan, he will never harm my clan, he

orders that I must not disobey. "

The leader of the guards looked at him instantly and said coldly, "Sect Master Jianmu, as the sect elder of my Tuoba clan, do you want to surrender to such a hairy boy?"

"What hairy boy, since the ancestors asked me to surrender to him, this person is the master of my Tuoba clan." Jian Muzong said coldly.

The leader of the guardian guard suddenly sneered: "Hahaha, Jianmu Zong is old, I think you are old too, the old man has no courage, and he has become a **** who only knows how to survive, but the patriarch is still young, he still ..."

boom!

Before he could finish his sentence, a palm suddenly slammed on top of his head, and in the violent roar, the person's body collapsed directly, leaving only a soul.

The person who shot was Tuoba Xiongba.

"Master Patriarch, you..."

The leader of the guardian guard looked at Tuoba Xiongba in disbelief, "Why?"

Others were also stunned. Tuoba Xiongba turned his head to look at him, his eyes were scarlet, "Why? Have you forgotten how my Tuoba aristocratic family rose? It was the ancestor, who, as a loose cultivator, broke out in this sea of cosmos. title,

Having achieved the realm of triple detachment, what kind of evildoer is he? However, even he is willing to surrender to that young man, why don't you surrender? "What's more, my Tuoba family can have today, relying on the blessings of my ancestors. The ancestors were the benefactors of my Tuoba family. Now, you have to disobey the ancestors for your own selfish desires and ambitions. command, even , and let me go against the ancestors, are you a pig? "

Saying that, he shook his right hand sharply.

boom!

In an instant, the soul of the leader of the guardian guard was instantly pinched in his hands, and he roared in pain.

"Master Ancestor was a three-level detached existence. He stepped onto the stage of the universe sea by himself. He has crossed more rivers than you have traveled. Why do you disobey the decision he made?" Tuoba Xiongba sneered, "Without the ancestors and the current Tuoba family, do you think you can become the first-level detachment by yourself? No, you can't. If you could, you would have broken through the third-level detachment long ago.

Why not let the old man give you the position of the patriarch, and why do you still need to call the ancestors today? ""I don't have the ability, a bunch of nonsense, and you want to confuse me? Lao Tzu is the most annoying person like you who is incapable and only knows how to come up with bad ideas. Do you know that every word you said before can make me Tuoba

The family is in a state of genocide. "

Speaking of this, Tuoba Xiongba's eyes instantly became extremely cold when he looked at him.

"Lord Patriarch, I..."

The man looked terrified and wanted to speak, but Tuoba Xiongba didn't give him another chance and squeezed hard.

boom!

A terrifying force directly squeezed this soul, and the rolling source aura stirred, forming a terrifying movement.

Tuoba Xiongba turned to look at the other powerhouses of the Tuoba family. At this moment, the faces of the other powerhouses of the Tuoba family were all pale and frightened.

Because among them there are more than one or two who thought of the previous person.

"Sect Master Jianmu, you are a smart person. From now on, you will not only be the elder of the elder sect, but also the commander of the guards." Tuoba Xiongba took a deep breath and said solemnly.

"Yes."

Elder Jian Muzong hurriedly saluted.

Tuoba Xiongba glanced at the dark secluded mansion and slowly closed his eyes.

Although he is domineering and arrogant, he is actually a very smart person.

Who are the ancestors?

Back then, he achieved the existence of triple detachment by himself. Tuoba Xiongba was very self-aware. Although he was extremely talented, he was not as good as his ancestors.

And even if there is only one remnant left of the ancestor, it is definitely not difficult to kill the double detachment peak like him and the palace master of the dark seclusion. With his own power, he can completely reverse the previous situation.

But the ancestors did not do this, but made them surrender to each other.

What does this represent?

Tuoba Xiongba didn't dare to think deeply. He slowly opened his eyes and said coldly, "Follow me back to the family, and you must complete the master's order as quickly as possible."

When the words fell, he turned and left in an instant.

The other powerhouses of the Tuoba family also followed with a look of horror, disappearing into the vast sea of cosmos in an instant.

And this moment.

In a dark place.

Qin Chen and his party descended into the forbidden area again.

As soon as he entered, Qin Chen found that the dark and quiet aura that had been absorbed before in the dark and secluded forbidden area had recovered a little, and a faint faint lingering aura lingered between heaven and earth.

"What a quick recovery."

Qin Chen said in surprise, knowing that when he left before, he completely absorbed the dark atmosphere here.

"Hey, this power." At this time, Tuoba's ancestor felt the breath of the world, and frowned slightly.

[Chapter 5210: It's a pity](#)

"Could it be that Tuoba's ancestor saw something?" Qin Chen couldn't help but look over and asked.

Not to mention, this Tuoba ancestor was a three-level detachment powerhouse back then, and he traversed the South Cosmos Sea, and he must have learned a lot more than everyone present.

Ancestor Tuoba frowned and said, "That's not true, but I don't know why this thing, this ancestor always feels a little familiar, seems to have seen it somewhere?"

The ancestor Tuoba seemed to be lost in thought. He was thinking about where he had seen it, but he couldn't think of it.

When everyone saw this, they didn't care. Tuoba's ancestors have been in the South Cosmos Sea for so many years, and he has seen a lot of things. He can feel some familiarity, which is normal.

In contemplation, everyone approached the ancient palace one after another.

boom!

As soon as they approached this ancient palace, an invisible coercion lingered, and everyone felt the horror of this thing. The entire palace is incomparably magnificent, with a length of tens of thousands of kilometers. It stands between this endless dark and forbidden world. Ancient runes are engraved on it. Each rune is extremely obscure and profound. kind of dizzy

feeling.

In particular, a palpitating coercion emanated from the palace, which made Qin Chen's body agitate, causing Qin Chen to change color slightly.

This is quite remarkable.

It should be noted that Qin Chen's strength is still comparable to the detachment of the second-level peak, and the treasures that can make him feel throbbing are extremely rare.

This thing is extraordinary!

"Senior Palace Master Anyou, please."

Qin Chen and his party came to the palace, but no one stepped forward rashly, because this thing came from the dark forbidden area after all, and theoretically belongs to the line of the dark palace.

Even Qin Chen did not intend to seize the inheritance of others, but raised his hand to let Palace Master Anyou step forward.

For Qin Chen, he has a lot of inheritance. Although this ancient palace looks extraordinary, he is not enough to occupy a magpie's nest.

"Thank you Qin Shaoxia." Palace Master Anyou nodded, clearly understood what Qin Chen meant. He turned to look at the ancient palace, and was secretly excited. After all, this thing was left by the ancestors of his Anyou Palace lineage.

At this moment, a trace of dark aura was constantly escaping from the palace, filling the surrounding forbidden space. "It seems that this palace should be the source of the power of the dark forbidden area, and the energy source continues to emit such a strong aura, I am afraid that within ten thousand years, the dark and dark aura that has been consumed here will become full again, but for people to try Break through the realm of transcendence, right? "

Qin Chen stared carefully and couldn't help but sigh.

Ten thousand years is quite a long time for ordinary people, but it is not too long for the detached forces in the universe. Sometimes, a retreat for the detached powerhouses such as Palace Master Dark You will cost thousands of tens of thousands of people. years.

It takes tens of thousands of years to give birth to a power that allows a strong person to try to break through the detachment. How abnormal is this?

Under the watchful eyes of everyone, Palace Master Anyou slowly stepped forward.

"Is this the heritage treasure left by the ancestors?"

Palace Master Anyou raised his head and stared at the ancient palace in front of him.

There are ten faces in the entire palace, and each face is engraved with a different special rune, and the rune is very strange, it seems to be able to change, and it moves and changes all the time.

A powerhouse as strong as a detachment level cannot capture the most fixed form, as if it will never be the same, and there is no stereotype.

"Hey, these ten faces..." Qin Chen frowned, and on one of the faces, he vaguely saw the shadow of the crystal monument of silence that he had obtained in the Nether Star River, and it was from the crystal monument of silence. , he cultivated to be extremely similar to this dark and forbidden place.

Similar to the power of dark Luotian rules.

And the runes and words on that side seem to be at least 70% similar to the words on the Crystal Monument of Desolation that he had mastered back then.

"Sure enough, this thing and the crystal tablet of silence should originate from the same vein." Qin Chen thought thoughtfully.

At this moment, a figure flashed, and Honghuang Zulong suddenly came to Qin Chen's side. "Cough, hello four mistresses." Honghuang Zulong nodded and bowed to Qianxue and the others, and then said

to Qin Chen: "Young Master Chen, this palace doesn't look ordinary, you just let this dark and secluded mansion be like that. The Lord is gone? I want Lao Long to say, this Anyoufu is all saved by you, Chen Shao, if it weren't for you, I'm afraid this Anyoufu has been destroyed by this Tuoba family. If you want to repay your gratitude, you should dedicate this thing to Chen Shao, but you are not so good.

He stepped forward politely, tsk tsk, really unscrupulous. "

Honghuang Ancestral Dragon Eyeball Gululu stared at the palace in front of him, and said with a sullen mouth, without hesitation about his own words.

On the side, Fang Muling and other people from Anyoufu heard what Honghuang Zulong said, their faces turned red, and they couldn't help lowering their heads.

"There's nothing wrong with you here, don't talk nonsense." Qin Chen glanced at Honghuang Zulong and said lightly. "Young Master Chen, I'm not talking nonsense. You haven't seen the Tuoba family, how sensible, especially this Tuoba ancestor, although he is a dead person, he is more sensible than some living people. Don't talk about this Tuoba ancestor, even if it's the Tuoba Patriarch, and I can't wait to give you all the treasures of the entire Tuoba clan. Look at this Dark You Palace Lord, hey, these are the top powerhouses in the Southern Thirteenth Star Region. How can things be so different? No wonder this Tuoba family has grown up over the years, people

Really sensible, Tuoba ancestor, Lao Long, am I right? "

Honghuang Zulong said while frowning at Tuoba Ancestor.

Tuoba Ancestor: "..."

Qin Chen was also speechless, this prehistoric ancestral dragon is simply a living treasure.

"Shut up." Qin Chen's face was ashen, and he cursed angrily.

"Hey, Chen Shao, you are so kind." Honghuang Zulong didn't dare to say more in front of Qin Chen, and with a flick of his figure, he came to Tuoba Ancestor and hugged him. "Ahem, Tuoba Ancestor, I heard that you were the top powerhouse in the South Cosmos Sea back then. I am also very talented, Laolong, and I love to make friends with masters like you. Now everyone is working under Young Master Chen. You are also a colleague.

Say yes? "

Honghuang Zulong hugged the neck of Tuoba Ancestor and said with a smile.

Tuoba ancestor glanced at Honghuang Zulong, a small first-level detachment, and dared to hug his neck, this is so...

If it weren't for the fact that Honghuang Zulong was under Qin Chen's command, he couldn't figure out the relationship between the two, and if he replaced it with another level of detachment, he would have been slapped to death by him.

"That's natural!" Tuoba's ancestor was disgusted in his heart, but he still had to put on a generous look on his face. "Hey, Tuoba ancestor, in fact, Lao Long, I understand your previous actions very well, Lao

Long, let me tell you, the decision you made before is really correct, not only saving your Tuoba clan, but also letting you down. You Tuoba clan hug

I got the thickest thigh in this universe. "Honghuang Zulong said with emotion: "It's a pity, it's just a pity."
""What's the pity? "The ancestor Tuoba said curiously.
