

Valkyrie 5211

[Chapter 5211: Hall of Ten Tribulations](#)

"Unfortunately, you are now a dead person, leaving only a remnant soul, and it is too late for your Tuoba clan to follow Chen Shao, at most it is a support, unlike me, at least a servant of the dragon." Hong Huang Zulong shook his head: "Don't look at the old dragon, I am only a first-level detachment, that is the old dragon, I have not exerted my strength, as long as I follow Chen Shao, no matter what in the future, the old dragon, I will definitely be able to surpass the detachment. , pity you

I can't see that day. "

Honghuang Ancestor Dragon patted Tuoba Ancestor's shoulder with a sigh and a look of pity.

Ancestor Tuoba froze.

He turned his head to look at the Honghuang Ancestral Dragon, and saw that within the Honghuang Ancestral Dragon, the power of the first-level detachment source was flowing slowly. For such a person, seeing such a triple detachment of himself should be terrifying. After all, whether it was Tuoba Xiongba or Palace Lord Anyou who was a double peak detachment before seeing him, he was a little respectful.

Don't dare to be arrogant.

But this guy in front of me...

Ancestor Tuoba couldn't help but move in his heart.

A first-level detachment, but not afraid of himself at all, there are only two possibilities. One is that the other party is a neurotic idiot, and he doesn't know his identity at all. The second is that the other party has seen the person behind Qin Chen in front of him. The average person has seen too many big people, so naturally they won't be afraid of themselves.

A triple detachment.

And if the opponent can cultivate to the first level of detachment, there is basically no possibility that he is an idiot, so there is only the second possibility left.

Ancestor Tuoba looked at Qin Chen and secretly made up his mind. His mind was immersed in it, suddenly, Honghuang Zulong sneaked close to his ear and whispered: "However, this problem is not easy to solve, although you are gone, but the old dragon is still there, as a triple detachment, Are you sure

Are you hiding a lot of good stuff? This... as long as you can give me some of the old dragon, you know. "

Honghuang Zulong rubbed his hands against Tuoba ancestors.

Tuoba Ancestor: "..."

boom! At this moment, there was a sudden shock from heaven and earth. The next moment, everyone hurriedly looked up and saw the ancient temple that stood quietly here, and now it was spinning crazily, a terrifying darkness. madness

Crazy lingered out, and instantly enveloped the dark palace lord in front of him.

"Ah!" Palace Master Anyou roared in pain. His whole body was suspended between heaven and earth, and strange dark aura wrapped around his body. On the ten sides of the madly rotating ancient temple, countless strange symbols The text is constantly circulating, one of

The countless runes on each face turned into an ancient face, and the pupils of the ancient face opened instantly.

boom! In an instant, the entire dark and forbidden area made a clattering sound, and the surrounding area was thousands of miles of void, which directly trembled and undulated.

It swept in all directions.

puff!

In an instant, everyone backed away, and they were instantly shaken out under this shock. Among them, the weaker cultivation base, Dangmo Shenzun and others even spit out a mouthful of blood on the spot, looking at the front with a horrified expression.

"Ah!" Palace Master Anyou was in pain all over his body, and wisps of dark aura poured into his body. As a second-level peak detachment, his face was hideous at the moment, as if he was suffering endless pain, and his body emitted The sound of clicking, as if

The porcelain to be broken is average.

"Lord Palace Master." God Venerable Zheng Kong and the others said in horror.

"Father."

Fang Muling also screamed in horror. In her anxiety, she swayed and was about to come forward to rescue her in a hurry, but Qin Chen stopped her suddenly.

"Don't worry."

Qin Chen said in a deep voice, "The Palace Master should not be in danger for the time being."

Qin Chen stared at the ancient temple in front of him, and a bright light burst out from his pupils.

Fang Muling was pulled by Qin Chen, feeling the breath on Qin Chen's body, and his originally anxious heart calmed down a little, and said nervously: "Qin Chen, father he..."

"test."

Qin Chen squinted his eyes and spit out two words.

At this time, everyone also discovered the abnormality of the ancient temple.

From the ancient temple, an ancient aura continued to linger, and this ancient aura merged into the dark aura, with a chaotic and violent aura, constantly impacting the body of the dark secluded palace lord.

However, this shock was not aimed at destroying the body of the Palace Master Dark You, but rather like testing the body of the Palace Master Dark You to see if he could withstand such a force.

Everyone present was a detached master. At first, they were distracted because of some concern. Now, when they looked carefully, they immediately found what Qin Chen was paying attention to.

The scene in front of him is indeed like a test.

What kind of test was it that actually caused the Anyou Palace Master to show such a painful expression.

"Don't get close!"

Palace Master Anyou gritted his teeth.

He saw the entire ancient temple swirl violently, and the terrifying dark aura continued to linger, instilling into his body, making his flesh creaky constantly, but he persisted.

"boom!"

At this moment, the rotating ancient temple suddenly accelerated, and with a buzzing sound, the runes on the second side of the ancient temple quickly surged, turning into an ancient face.

This face is even more hideous, but it seems to contain the avenues between heaven and earth. As soon as it appears, the whole world is surging with vast power, as if returning to the ancient times in an instant.

At the same time, the eyes of this ancient face suddenly opened.

boom!

An indescribable power surged between the heavens and the earth, and I saw an astonishing palpitating power suddenly enter the body of the Anyou Palace Master. With a bang, the body of the Anyou Palace Master was torn apart on the spot, and blood spattered. .

"what!"

Painful roars resounded through the heavens and the earth.

Today, the palace lord of the Darkness Palace, the giant of the Southern Thirteenth Star Region, and one of the top powerhouses, is now screaming so mournfully. Such a scene makes people horrified to watch.

"Father!"

Fang Muling shouted anxiously.

"The Palace of Ten Tribulations, this is the Palace of Ten Tribulations!"

At this moment, an unbelievable expression appeared in the pupils of Tuoba's ancestors, as if he had thought of something, and suddenly he was shocked.

"Hall of Ten Tribulations?"

And his words made everyone around him turn their heads and couldn't help but look over.

"Senior, have you seen this ancient temple?"

Qin Chen couldn't help but ask.

"Ten sides, ten halls, this is the legendary hall of ten robbery. I didn't expect this hall to appear in the southern three-star region. This is the top treasure in the ancient universe. How could it appear here?" Tuoba The ancestor was shocked, and there was a deep disbelief in his eyes.

[Chapter 5212: black mist](#)

At this moment, a strong look of shock emerged in the heart of Tuoba's ancestors. "The Temple of Ten Tribulations, it is rumored that it is a treasure from ancient times. It is said that this object comes from a forbidden place in the depths of the universe. It has ten special powers of rules, and each power of rules can reverse yin and yang. in the universe

The most top-level rules, so it is called the Palace of Ten Tribulations. "However, it is extremely difficult to obtain the inheritance of this thing. As far as I know, no one in the ancient times could completely control the Palace of Ten Tribulations, because, if you want to fully recognize it, you must endure what the Palace of Ten Tribulations has to offer. Formed Ten Tests

, each test is extremely difficult. However, once this thing is completely controlled, the power of the explosion will be extremely amazing, enough to easily crush a triple heaven detachment. "In ancient times, I once heard that there was a strong man who had just stepped into the triple detachment. Because he controlled the power of the five calamities in the Ten Tribulations Hall, he directly motivated the Ten Tribulations Hall and killed a third-level peak master, causing the a violent sensation.

Tuoba's ancestor murmured, and his heart was shocked: "But later, this person also attracted the attention of many top forces in the universe, and was chased and killed. In the end, this person disappeared, and the Temple of Ten Tribulations also disappeared in the vastness. universe

In the sea, I never imagined that it would appear here today. "

Ancestor Tuoba took a deep breath with disbelief in his eyes.

"No matter what, the existence of this thing must not be spread out. Once it is known by the top forces in the universe, they will definitely send experts to plunder it."

Tuoba's ancestor looked serious.

On the side, Dangmo Shenzun and others looked horrified. Unexpectedly, the treasure handed down by their Dark Nether Palace is so terrifying, but if the Ten Tribulations Palace is so powerful, why would it appear in his Dark Nether Palace? Could it be said that the ancestor of his Dark Nether Mansion possessed these ten calamities back then

The top powerhouse of the temple?

Doubts arose in the hearts of the people. If this is the case, then his Ancestor of the Darkness Palace is too low-key, right? After all, this Tuoba ancestor was only an ordinary triple detachment back then, and he had already led the Tuoba family to the high level of the cosmos sea and became the southern cosmos sea.

One of the top powers.

If the Ancestor of the Darkness Palace is so powerful that he can kill even the third-level peak detachment, wouldn't his Darkness Palace already become a leader-level force in the South Cosmos Sea? How could it shrink in this Southern Thirteen Star Territory?

When everyone was puzzled, Qin Chen didn't pay much attention to the words of Tuoba's ancestor, but stared at the Ten Tribulations Hall in front of him.

For some reason, when he felt the ten faces of the Ten Tribulations Hall, he had a faint sense of familiarity.

"Young Master Chen, this Ten Tribulations Palace is not bad. It is barely worthy of you, Young Master Chen. I think this thing should be owned by Young Master Chen." On the side, a nodding voice remembered that it was Honghuang Ancestral Dragon: "Using the triple detachment cultivation base to kill the triple peak detachment, it shouldn't be a problem for you, Chen Shao, that is why this palace looks very majestic and can

Increase some of your momentum with less dust, so-so. "

Honghuang Zulong said with a tsk tsk.

Everyone: "..."

This arrogant is a big blow, but when they saw Qin Chen, they were silent again.

Before Qin Chen had just broken through the first-level detachment, he could kill the second-level detachment like the Sifang God Venerable. If Qin Chen really stepped into the third-level detachment, he could suppress the peak of the third-level detachment, which seemed to be unacceptable.

Tuoba's ancestor looked serious: "This Temple of Ten Tribulations is not so easy to control, as far as I know, if you want to control the Temple of Ten Tribulations, you have to endure the terrifying test that escapes from the Temple of Ten Tribulations, ranging from serious injuries to serious injuries. Life is in danger."

"Father..."

Fang Muling clenched his fist silently.

"puff!"

At this time, Palace Master Anyou in front of the Palace of Ten Tribulations splattered with blood. Under the influence of this second face, blood was dripping all over his body. However, he gritted his teeth and carried it down abruptly.

"Lord Palace Master, he took it."

Zun Kong Shenzun said with a trembling voice.

"It's useless." Tuoba's ancestor shook his head: "If you want to control the Ten Tribulations Palace, even the simplest urge, you must withstand the power of the triple catastrophe, and now the Dark Nether

Palace Master can withstand the second calamity. It is heavy, and the difficulty of the above test is overwhelming.

times increased. "

"Through the third level, the power of the Temple of Ten Tribulations can only be easily activated, but it is impossible to exert the power of the Temple of Ten Tribulations. If you want to use the Temple of Ten Tribulations to fight, passing the test of the fourth level is the most basic."

When Tuoba's ancestor opened his mouth, a third face was formed on the Hall of Ten Tribulations.

This third face, like an ancient beast, with an extremely ferocious face, suddenly opened his eyes at the moment of formation.

boom! Two divine rainbows burst out from the eyes of the fierce beast, and instantly slammed into the Anyou Palace Master's chest. In the last instant, two blood holes appeared.

lasing out of it.

Fang Muling and others hurried forward and supported Palace Master Anyou.

"Father, are you alright?"

Fang Muling wept and said, Palace Lord Anyou in front of him had two huge blood holes on his chest, and two strange black mists lingered constantly, preventing him from repairing his injuries.

"laugh!"

As soon as Fang Muling's hand touched the black mist, bursts of blue smoke erupted from her entire hand, and a **** mouth was corroded from her pink and fair hands.

Fang Muling let out a pained cry and hurriedly tried to extinguish it, but found that the black mist was extremely ferocious, and it struck her body quickly along her arm.

"Don't move." Seeing that this black mist was about to wrap around Mu Ling's cheeks above, a broad hand suddenly appeared, holding Fang Muling's soft hand, and at the same time, a strong force was quickly transmitted along the palm. Come with that black mist

tangled together.

It was Qin Chen.

He urged the power of An Luotian in his body to directly annihilate the black mist, but when the two forces collided, Qin Chen couldn't help but let out a small voice. Although the power of this black mist is very similar to the power of An Luotian, there is still a little bit of understanding between the two, and when his power came into contact with the black mist, a fierce will quickly followed Qin Chen. dark

The power of Luo Tian attacked his mind, and Qin Chen even heard a roar that seemed to come from ancient times.

"Humph!"

Qin Chen snorted coldly, the source in his body was directly activated, and with a bang, the murderous aura was directly annihilated, and Qin Chen felt that the killing aura in his body became a little stronger.

"Hey, interesting."

Qin Chen looked up at the Palace of Ten Tribulations, and there was a glint of light in his eyes. Then, he quickly pressed his hands on Palace Master Anyou, and the black mist quickly swept towards Qin Chen.

"Destroy!" Qin Chen whispered, annihilating the black mist directly, and then swallowing it.

Chapter 5213 The meaning of tearing

boom!

At the same time that this ferocious aura was annihilated by Qin Chen, an invisible will was born, and frantically followed Qin Chen's arm to enter his body, trying to interfere with Qin Chen's will.

Qin Chen deliberately did not dodge or evade, letting this will enter his mind.

Roar!

Vaguely, a beast roar sounded in Qin Chen's mind, and this fierce aura entered his mind, and it was to directly shake his soul realm.

However, Qin Chen's soul realm is so powerful that he can't break through Qin Chen's defense at all.

In the end, Qin Chen's soul realm shook slightly, and instantly turned into a vast wave, directly shattering this fierce aura.

A pure breath was directly swallowed by Qin Chen's soul realm, and Qin Chen felt that his soul's will increased slightly.

"interesting."

Qin Chen's eyes flickered, knowing that it is extremely difficult to improve his soul power with Qin Chen's current strength, but this is only a trace of will that was swallowed up, but it can actually make his soul realm feel a little change, it can be seen that this How terrifying the power contained in the will of silk.

If you can pass the test of the Ten Tribulations Hall, how much can you improve?

"Thank you Qin Shaoxia for helping me before."

Palace Master Anyou also recovered a lot from his injuries at this moment, and hurriedly stood up and saluted Qin Chen respectfully.

If it wasn't for Qin Chen's help before, then he would be in danger. Although there is no fear of life, the damage to the source is inevitable. It may take many years to completely eliminate this vicious aura and restore the peak cultivation base. .

"Palace Master, you don't need to be polite, it's just a little effort." Qin Chen said with a smile.

At this time, everyone turned their heads to look at the Ten Tribulations Palace, and there was a shock in their eyes.

According to Tuoba's ancestors, there are ten trials in this Ten Tribulations Hall, but they are as strong as the Lord Anyou Palace Master, and he failed to pass the third test. Very human beings can do it.

"The Palace of Ten Tribulations is really powerful."

Tuoba's ancestor was also very emotional. With his cultivation, he could naturally feel the horror of the Ten Tribulations Hall. If he was here before he fell, he must be very concerned about this Ten Tribulations Hall, but now he is only left. A remnant soul will naturally not miss such a treasure anymore.

"Palace Master Anyou, it's not the old dragon. I told you that when you see such treasures in the future, just let Chen Shao go up and collect them. You're just wasting your time when you go up. Why bother?"

At this time, Honghuang Zulong stepped forward and said, and then said to Qin Chen with a smile: "Young Master Chen, don't you go up and directly collect the Ten Tribulations Palace?"

Qin Chen: "..."

He turned his head to look at Fang Muling and said with a smile, "Mu Ling, this Ten Tribulations Palace is the treasure of your Darkness Palace, why don't you try it?"

Qin Chen has already seen that in order to conquer the Ten Tribulations Palace, there is a necessary condition, that is to master the power of darkness, because the previous will shock is very similar to the power of darkness in this forbidden area, generally controlling the power of darkness. Only people of power can directly activate the inheritance of the Ten Tribulations Hall and enter the test.

If other people go up, it is not necessarily that they cannot activate the Palace of Ten Tribulations, but the pain they endure will probably increase a lot.

"Qin Chen, I won't go up."

Fang Muling's beautiful eyes flickered, she shook her head slightly, her face was calm, but she had no heart for this treasure that even the ancestors of Tuoba were shocked by.

"Based on my cultivation, I'm afraid I'm the same as my father at most. I can't even pass the third test. It's Qin Chen. If you want to try, you can go forward and try it."

Fang Muling said sincerely.

"Yes, Qin Shaoxia, if you are willing, you can go forward and give it a try." Palace Master Anyou also hurriedly said.

Qin Chen smiled, "This is the treasure in your dark palace."

Palace Master Anyou smiled bitterly: "Qin Shaoxia, you are joking, this thing, if it wasn't for Qin Shaoxia, I'm afraid no one would activate it if it were hidden in my Anyou Palace for countless years? If I can't pass the test of the Ten Tribulations Hall, I am afraid that no one will pass the test of the Ten Tribulations Hall after hundreds of millions of years."

"Previously, the Tuoba family besieged my Anyoufu, and it was Qin Shaoxia who saved my Anyoufu. If Qin Shaoxia can pass the test, what if you just take it away? It's also what I gave to Qin Shaoxia from my Anyoufu. Dowry... no, it's a repayment."

Palace Master Anyou smiled.

"Father." Fang Muling blushed.

Qin Chen smiled and looked at the Ten Tribulations Hall, his heart moved slightly.

"Little friend, do you really want to go to the test?" Tuoba's expression changed: "As far as I know, the test of the Ten Tribulations Hall is extremely difficult, and no one can pass it. In the ancient times, except for the triple detachment, This old man has never heard of anyone else taking control of it. Your Excellency has just broken through detachment not long ago. Although your cultivation base is extremely strong and solidified, it has not yet been completely consolidated. It is better to wait until you have broken through the double detachment, and then try again..."

This kind of treasure that was famous in ancient times, even the ancestors of Tuoba did not dare to neglect it easily.

Moreover, once the test fails, it will inevitably be severely damaged, or even the source of ...

Ancestor Tuoba couldn't help but warn him.

"It's okay." Qin Chen's eyes flashed without hesitation. Under the watchful eyes of everyone, he went straight to the Hall of Ten Tribulations.

"Hall of Ten Tribulations."

Qin Chen raised his head, stared at the majestic palace in front of him, and murmured.

Behind him, other people in the distance couldn't help but hold their breath.

As strong as Palace Master Anyou, he could only go to the third level, and he couldn't even pass the third level. Although Qin Chen's talent was amazing, but after all, he was only one level of detachment. Can he pass the test of the Ten Tribulations Hall?

In front of everyone's eyes, Qin Chen smiled, and his right hand directly touched the Ten Tribulations Hall.

boom!

In an instant, the Temple of Ten Tribulations, which had calmed down, suddenly shook again, and a terrifying aura suddenly swept out from the Temple of Ten Tribulations. On the face, one after another ancient runes circulated, instantly turning into an ancient face, and opening its eyes in an instant.

boom!

A terrifying aura like the ocean rushed directly into Qin Chen's body without any pause.

With a humming sound, Qin Chen's body was suspended in an instant, and the whole body was surrounded by dark rays of light, and a terrifying force was about to tear apart Qin Chen's body in an instant.

"This power... is very similar to the power of An Luotian, and it contains an astonishing tearing meaning. No wonder it makes the Palace Master Anyou so painful before!"

Qin Chen closed his eyes and carefully sensed the terrifying tearing meaning, but his body remained motionless, as if he was soaking in a hot spring, completely unaffected by the tearing meaning.

[Chapter 5214: Basic operation](#)

boom! Under the eyes of the public, the endless tearing meaning annihilated Qin Chen, but, in this vast ocean, Qin Chen was like a rock, motionless, and there was no pain on his face, but closed. Focus on His eyes seemed to be sensing something.

"Qin Shaoxia, he..."

Seeing Qin Chen's closed eyes, everyone present showed a look of astonishment, and Palace Master Anyou's eyes widened.

Because of the appearance of Qin Chen in front of him, it was as if he was soaking in a hot spring and basking in the sun leisurely.

How is this possible? When he suffered the first catastrophe before, it was already extremely painful. The meaning of tearing, as if there were countless sharp blades all the time, madly strangling his body, this kind of pain, he did not want to try the first.

secondary.

But now that Qin Chen is...

"The meaning of tearing is indeed powerful, but unfortunately it can't defeat me."

Qin Chen carefully sensed this power, and the veins of this power slowly appeared in his mind. The next moment, Qin Chen suddenly opened his eyes.

With a bang, from his body, a terrifying tearing meaning crazily lingered out, which was much stronger than the tearing meaning released by the Ten Tribulations Hall.

"Compared to the meaning of tearing, the spatial mood is the originator of the meaning of tearing, what are you doing?"

Qin Chen drank coldly in his heart, his pupils shone with divine light, and an invisible momentum rose from him.

When he was in the secret realm of returning to the ruins, when he realized the artistic conception of space, how many times had his body been torn apart? Tear and heal again and again, it can be said that every inch of Qin Chen's body has been torn countless times.

And the meaning of the tearing of the Ten Tribulations Hall in front of him is not unbearable at all.

Under Qin Chen's terrifying breath, the Ten Tribulations Palace spun frantically again, as if angered. On the second side, that face suddenly formed, and his eyes suddenly opened.

boom!

The test of the second floor quickly enveloped Qin Chen, and this force carried a strong sense of destruction, trying to crush Qin Chen's body in an instant. Palace Master Anyou was torn apart by this second test before, but Qin Chen still remained motionless, letting the terrifying destructive intent crush on him, like a thousand dollars billions of neutron stars

On his body, he wanted to blast his fleshly body, but he still remained motionless.

Although his cultivation level is only the peak of the first-level detachment, he has been known for his physical strength since the beginning of Tianwu Continent. The nine-turn Saint Body was his most invincible cultivation technique.

Later, in the heavenly realm, he came to this cosmos sea again. Qin Chen's physical body has always been invincible. Although this Ten Tribulations Hall is terrifying, how can it be so easy to crush his physical body just because of his aura?

I have risen in the wild, why should I be afraid of falling into the dust?

"Is this the test of the Temple of Ten Tribulations? But that's it, come again."

Qin Chen was like a rock, standing in the sky and walking towards the Ten Tribulations Hall step by step, with a resolute expression.

hum!

In an instant, the Hall of Ten Tribulations seemed to feel Qin Chen's will, and it vibrated violently. At the same time, the third ferocious face suddenly formed, and a pair of fierce eyes suddenly opened.

boom!

A terrifying and ferocious meaning formed, rushing directly to Qin Chen's soul realm. In an instant, Qin Chen's soul realm seemed to form a huge tsunami storm, and the crazy waves rose and fell.

At the same time, two Shenhongs shot directly and bombarded Qin Chen's body.

The void was torn apart by a pitch-black gap.

It was because of this third test that Palace Master Anyou couldn't bear directly, and his body was smashed to pieces on the spot. This scene made everyone clench their hands tightly.

Under the eyes of the public, the two terrifying rays of light slammed on Qin Chen, making a violent roar, and Qin Chen's body made a clicking sound, but soon, Qin Chen stabilized his body, like a sharp blade. Cloudy sky.

The third test, the most terrifying thing is not the impact force, but the fierce will that directly entered Qin Chen's soul realm.

But no matter how the fierce will attacked, Qin Chen's figure still remained motionless. His soul realm is incomparably thick and solid. Not to mention, when he was in the land of the Five Kingdoms and the Hundred Dynasties, he was invaded by many strong men, and even in the realm of Wuzong, he was once invaded by alien demons. Spiritual seeds have been occupied

Soul Sea.

Wanting to rely on Soul Impact to hurt him is simply wishful thinking.

"Go away!"

Qin Chen's will was as strong as a rock, and it turned into a sharp sword that reached the sky. With the invisible anger in his heart, he slashed out brazenly. With a bang, the fierce will was torn apart and destroyed in an instant.

"Passed, Qin Shaoxia passed the third test."

"It's too strong, does Qin Shaoxia have the chance to control the legendary Palace of Ten Tribulations?"

"Didn't Tuoba ancestors say it before? It is extremely difficult to control this Ten Tribulations Palace. It is rare in ancient times. Qin Shaoxia is too perverted."

In the distance, Palace Master Anyou and others all widened their eyes and couldn't help exclaiming.

After all, the Hall of Ten Tribulations that Tuoba's ancestors had spoken of was so terrifying.

"Calm down, calm down, isn't this a basic operation? Why are everyone shocked?"

A calm voice sounded, and I saw Honghuang Zulong looking at everyone with contempt, as if a royal family and noble were looking at a group of native turtles who had never seen the world.

Not only Honghuang Ancestor Dragon, but You Qianxue, Chen Sisi, Ji Ruyue, Shangguan Wan'er, and the Blood River Sage Ancestor also all looked calm and did not show the slightest surprise.

They went all the way from the mortal realm to the cosmos sea. They had experienced so many storms, and they had seen many miracles created by Qin Chen. They were not surprised by what happened to Qin Chen.

It's just that this expression fell into the eyes of Tuoba's ancestors, but it obviously represented another layer of meaning. "As expected of an unparalleled genius who has been taught by countless powerhouses, this son definitely comes from a force that I can't even imagine, otherwise, why would the people around him care so much about the little friend passing the third test of the Ten Tribulations Hall? , definitely see

Knowing too many top treasures is commonplace. "

"So, this one might really have the opportunity to control the Palace of Ten Tribulations."

Ancestor Tuoba's eyes flashed, and he couldn't help but feel a little excited in his heart.

Controlling the Hall of Ten Tribulations, this is by no means something ordinary people can do in ancient times.

boom!

While Qin Chen passed the third test, the fourth test had already struck, and a frenzied aura suddenly stirred from Qin Chen's heart, the whole person instantly became irritable, and the blood flowed faster.

boom! It's like there is a fire inside, erupting in an instant, to burn the flesh.

Chapter 5215 The expression froze

A hot breath surged wildly in Qin Chen's heart.

"Um?"

Qin Chen frowned, this was a strong feeling, which made his blood faintly boil, as if it was about to burn.

The flame burns!

This is how Qin Chen feels at the moment.

With Qin Chen's current cultivation level, ordinary power can't make any waves in his body at all, but now...

"This power can actually arouse the blood in my body."

Qin Chen murmured, carefully comprehending this power, and fell silent.

now.

Everyone in the distance opened their eyes wide and looked at Qin Chen excitedly.

According to Tuoba Ancestor's explanation, if you want to control the Ten Tribulations Hall, you must at least pass the triple test before you can control it slightly. Just now, Qin Chen has obviously passed the triple test. Could it be that Qin Chen can control this place? Hall of Ten Tribulations?

"Ancestor Tuoba, can the Palace of Ten Tribulations be controlled by Qin Shaoxia?"

Palace Master Anyou couldn't help but speak.

Ancestor Tuoba narrowed his eyes and stared carefully ahead: "It's hard to say."

He shook his head: "Some of the information about the Ten Tribulations Hall is just rumors, because the people who have seen this treasure are extremely rare, even the old man, I only heard about it from some legends back then, and I haven't really seen it at all. The so-called Passing the triple test will give you a little control over it, and it's just a guess from the outside world. As for how many tests you have to pass, I am afraid that only those who really accept the test will be able to understand."

The crowd nodded.

"All right."

Just then, a disdainful voice sounded.

"I said that you guys are really boring. You are always discussing here that you have to pass several tests to control the Temple of Ten Tribulations. Does it make sense? It's completely meaningless."

Honghuang Zulong looked proud: "As Young Master Chen, if you don't pass the ten tests of the Ten Tribulations Hall, even if it is a mistake, it is a shame!"

"Ten... ten tests?"

On the side, Palace Master Anyou and others looked at Honghuang Zulong stupidly.

Before, Palace Master Anyou was the peak of the second detachment, but he didn't even pass the third test, but Honghuang Zulong said that Qin Shaoxia could pass the tenth test. Is this... possible?

The third and tenth layers, this is not just a superposition of numbers, this is definitely an unattainable transcendence.

Even the ancestor Tuoba on the side looked shocked, because what Honghuang Zulong said was too shocking to the world.

"Why, old man Tuoba, you don't believe it?"

Seeing the appearance of Tuoba's ancestors, Honghuang Zulong couldn't help frowning: "No wonder you broke through into the triple detachment and then fell. If you want me to tell you, your vision is not good."

Honghuang Ancestral Dragon shook his head: "Just stare and look at it, if Shao Chen fails to pass the ten tests of the Ten Tribulations Hall, it can only show one problem, that is, Shao Chen is not interested in passing it. "

"Okay, stop talking, let Chen concentrate on passing the test."

At this moment, Chen Sisi suddenly frowned and said something.

Qin Chen is in danger, and Honghuang Zulong is chattering here, too noisy.

Honghuang Ancestral Dragon suddenly shuddered, "Cough, good mistress, I will shut up Laolong."

Honghuang Zulong hurriedly closed his mouth.

He was still afraid of these mistresses.

Seeing this, Palace Master Anyou glanced at Fang Muling worriedly, and couldn't help but voice transmission: "Ling'er, these Qin Shaoxia's couples seem to be very strong, you have to be more careful in the future, don't bump into them. , after all, they are all your sisters, you have to know how to be courteous, you know?"

"Father, what did you say?"

Fang Muling's face instantly turned red.

Palace Master Anyou looked serious: "Hey, I even gave your father the betrothal gift, what do you say father said? Didn't you see it? Even the ancestors of the Tuoba family are so flattering to Qin Shaoxia, it can be seen that Qin Shaoxia is talented regardless of his talent. , appearance and life experience, they are all first-class, and they are definitely your best partner. You can rest assured, father, I will definitely

not cheat on your daughter. Besides, my daughter is also the number one beauty in the Southern Thirteen Stars. I believe Qin Shaoxia eyes are still good."

"Father, if you do this again, your daughter will ignore you."

Fang Muling blushed with shame, but she kept staring at Qin Chen, not daring to relax in the slightest, holding her skirt with both hands, with a faint concern and worry in her eyes.

Palace Master Anyou suddenly laughed: "Look, if you say no, is your body still sincere? Really, in front of Dad, are you still ashamed?"

There was a smile on the corner of Palace Master Anyou's mouth.

now.

In front of the Palace of Ten Tribulations, Qin Chen was completely immersed in that intense frenzy, steam was surging all over his body, and his whole body was red.

I don't know how long it took.

Qin Chen suddenly opened his eyes.

"I understand."

After being immersed in that frenzy, Qin Chen kept analyzing this special power, and finally suddenly woke up.

"I finally understand why I felt a little familiar with the Palace of Ten Tribulations before."

"It's the power of reincarnation."

"The test of the Ten Tribulations Hall is very similar to the ten-fold reincarnation."

"The tearing of the first test represents the wind in the water, fire and wind in the ten-fold reincarnation. The tearing of the wind contains the profound meaning of space."

"The crushing damage of the second test should be the ground in the middle of the earth, water, fire and wind. It is thick and boundless, and it is ingenious."

"In this way, the ferocity of this third test is the water in the tenth reincarnation.

"Then the current frenzy is the fire in the ground, water, fire and wind, so fierce and intense that it burns people."

At this moment, Qin Chen suddenly came to his senses, and a shocking rainbow burst out from his eyes.

In an instant, Qin Chen took a step forward, and the endless fanaticism originally shrouded in him suddenly merged into his body and turned into a part of his body when he urged the power of reincarnation of fire.

At the same time, the Hall of Ten Tribulations turned frantically again, the fifth rune suddenly formed, and a pair of deep pupils suddenly opened.

"The fifth level."

The people around exclaimed.

"Hey, I just said, it's not easy for Chen Shao to pass the assessment..."

Honghuang Zulong grinned, but after seeing Chen Sisi on the side, he stopped abruptly and stopped talking.

"If my guess is correct, the ten tests represent the ten reincarnations, then what is the fifth one?"

Under the pain of this Ten Tribulations Hall, Qin Chen showed a look of anticipation.

hum!

At the moment when the fifth pair of eyes suddenly opened, Qin Chen felt that he was instantly in a warm space, with a soft bed and a mind-blowing smell.

as well as.

There were a few looming figures on the bed. These figures were all very graceful. They were wearing veils, revealing their fair and red skin. They nestled in Qin Chen's arms and caressed Qin Chen's body.

This is...

Qin Chen's expression suddenly froze.

[Chapter 5216: make you tempted](#)

At this moment, Qin Chen's eyes are full of temptation. All the charming women are snuggling up, some mature, some sexy, some hot, some immature, all kinds of charming, and all manners.

These women all threw themselves into Qin Chen's arms, warm and fragrant nephrite, dripping with sweat, the veil on their bodies slowly fell, revealing the graceful ketone bodies.

Let any man can't help but want to be completely immersed in it, unwilling to extricate himself.

"Dust, I want it, give it to me."

A soft voice sounded, and a girl kissed Qin Chen's body with red lips, causing Qin Chen to tremble.

"This is so..."

Qin Chen was speechless, he never imagined that this fifth test was actually this.

"Does this test correspond to the illusion test in the ten reincarnations?"

Qin Chen sat firmly like a rock, his body was still, but his heart was thoughtful.

So apart from that, he really couldn't think of any other correspondence.

"Beauty is indeed the most addictive temptation in the world, but unfortunately, it's the wrong person to use on my Qin Chen."

Qin Chen smiled coldly.

"I, Qin Chen, are a gentleman, how could I be tempted by beauty? Ridiculous."

Qin Chen didn't move like a mountain, and let countless beautiful women around him climb on him and keep wandering. He just frowned, held his breath, guarded his heart, and was not disturbed at all.

"Chen Lang, you are too ruthless."

"Chen Lang, can you stop doing this to us? The slave family is afraid."

"We just want to serve you, and we don't want to leave you forever, Chen Lang."

Each of them has different styles, and women from all races in the universe are calling, slender jade hands caressing Qin Chen's chest, incomparably hot, trying to impress Qin Chen's heart.

But Qin Chen was unmoved.

"I will endure."

Qin Chen frowned slightly and said firmly in his heart.

outside world. Honghuang Zulong and others all stared at Qin Chen, and found that Qin Chen was stunned under the interference of the fifth catastrophe, motionless, without frowning slightly, as if he was enduring what pain

Painful.

"Dust, it must be very painful now."

Sisi and the others clasped their hands together, extremely nervous.

"Qin Shaoxia is really amazing. This fifth test must be more painful than the previous four. At this moment, Qin Shaoxia must be suffering endlessly, but he doesn't even snort. He is really a role model for my generation."

Palace Master Anyou couldn't help but sigh.

He really admired it.

You must know that he couldn't carry it to the third level before, but now Qin Chen has not only reached the fifth level, but he can still stand still in the face of such a painful torture of the fifth level. With such a heart, who can compare with ordinary people Got it?

If it was him, he might not be able to withstand the physical explosion as soon as he entered the fifth stage, right?

Honghuang Zulong also trembled: "This kind of treasure is suitable for Qin Chen to subdue. I don't want to suffer such pain, and I don't want to suffer this fifth test if I kill him."

"Qin Chen, you must bear it, don't be in trouble."

On the other side, Fang Muling nervously looked at Qin Chen in the Ten Tribulation Hall and prayed silently. At the same time, she looked at the eyes of the fifth test, trying to figure out Qin Chen's current situation. But when her eyes met the two eyes on the fifth side of the Hall of Ten Tribulations, a strange feeling enveloped Fang Muling, and in an instant, Fang Muling felt like she was in the middle of nowhere. in a magical space

, and at the end of that space, there are some faint shadows swiping, and in the middle of these shadows, there is a figure sitting cross-legged, very similar to Qin Chen's appearance.

"What's the matter? Where am I?"

Fang Muling was puzzled and walked forward step by step, towards the dazzling light and shadow.

In the fifth test.

Qin Chen really endured the pain.

Because this touch is too real, so real that people don't want to believe it's an illusion.

Zhuang Zhou dreams of butterflies, is it in a dream, or is it outside the dream?

The familiar touch, the effect of directly acting on the soul, makes Qin Chen even feel that he is not in the test now, but is really lingering with countless beauties in this universe, falling into the gentle village.

Maybe this is not a fantasy?

A thought emerged in Qin Chen's mind.

After all, with the terrifyingness of the Ten Tribulations Hall, it is not difficult to create a special world and bring countless women from all over the universe. Who dares to say that this must be an illusion?

"No, how could I have such a thought?"

Suddenly, Qin Chen woke up suddenly.

"It's dangerous, I almost fell into a fantasy world myself."

Qin Chen knew very well that once he doubted whether this place was an illusion, he might completely sink into it and never return to reality.

This must be an illusion, and there is no second possibility.

Qin Chen said silently and firmly that he didn't know when the test would end, so he could only endure it.

"Qin Chen!"

At this moment, a familiar voice suddenly sounded, drawing Qin Chen's attention.

I saw a cold figure slowly appearing ahead, and looked over in disbelief, who is it not Fang Muling?

Seeing the scene of Qin Chen and countless women lingering in front of him, Fang Muling blushed and hurriedly lowered his head: "Qin Chen, where is this place? Why am I here?"

Fang Muling didn't dare to look at Qin Chen who was almost naked in front of him, and his heart was thumping like a deer.

Isn't Qin Chen in the fifth test? how...

Suddenly, Fang Muling was stunned. Could this be Qin Chen's fifth test?

It makes no sense for a group of people to be so worried outside, but this guy is so cool here.

And when Fang Muling was guessing in his heart, Qin Chen was speechless.

"That's it... What the **** is this Hall of Ten Tribulations doing? It's just a fantasy, and it's really disgusting to actually manifest the person in the display."

Qin Chen shook his head speechlessly.

If Fang Muling was really in front of him, Qin Chen might still be a little nervous and evasive, but what appeared here was all simulated by an illusion, Qin Chen naturally didn't mean to dodge at all, but straightened his body.

"Fang Muling, right? I don't care why this fifth test imitates you, I won't be tempted by you at all. I admit, you are beautiful, but I, Qin Chen, are not interested in beautiful women."

Qin Chen said lightly.

"What?" Fang Muling was startled, what did Qin Chen mean?

"Still pretending? Come on, this fantasy world simulates you coming out, just to want you to tempt me. Come on, this young master wants you to be tempted, what can you do?"

When the words fell, Qin Chen raised his hand suddenly, a terrifying suction force was born, Fang Muling exclaimed, and Qin Chen was instantly sucked in front of him.

"Well, the touch is quite real, but unfortunately, no matter how real it is, the fake is fake, and it will not become real."

Qin Chen smiled coldly: "Aren't you trying to tempt me? Come, just come directly." After that, Qin Chen kissed Fang Muling abruptly, and then a pair of hot hands went directly along Fang Muling's skirt. Pendulum probed in.

[Chapter 5217: no, do not want](#)

"no, do not want!"

Being invaded by Qin Chen's big hand, Fang Muling's body froze, and he said in a hurry, trembling all over, like a frightened little rabbit.

"Still pretending?"

Qin Chen smiled coldly: "It's just a phantom that evolved from an illusion. This fifth test has transformed you. Don't you want you to tempt me? What kind of chastity?" The corner of Qin Chen's mouth outlined a sinister smile. , suddenly seemed to understand something, sneered: "I understand, this illusion is really powerful, I know that what most men like most is the feeling of refusing and welcoming, you can see it, you can't eat it.

The one that arrives is the best, and it is also the most memorable and fanatical. Unfortunately, I, Qin Chen, do not eat this set. "

Qin Chen's big hand continued to explore back and forth directly on Fang Muling's body, stroking every inch of his skin. The smooth and moist skin was as silky as milk, making people want to stop.

Fang Muling's body trembled slightly, like a weak sheep being invaded by a fierce tiger.

"Hmph, the more chaste you keep, the more I want you to know that I, Qin Chen, are by no means the kind of person who can be manipulated by illusions."

Qin Chen did not hesitate to explore Fang Muling.

The Palace of Ten Tribulations also wants to seduce him with beauty? It's ridiculous, is Qin Chen someone who can be tempted so easily?

"Do not!"

Feeling the unbridled exploration of Qin Chen's big hand on her ketone body, Fang Muling trembled, both ashamed and faintly hot.

There is even a faint hope.

"No, how could I have such thoughts?"

Fang Muling's face was blushing, even to the base of his ears, and the snow-white skin behind his neck was even more red.

Although she was very open when she was in the outside world, and even teased Qin Chen, but in fact, she is an extremely conservative and slow-moving person, and she has never had any feelings for people easily over the years.

But now...

When Qin Chen's big hands swam all over her body, her body couldn't help trembling, the feeling was really amazing.

But the instinctive shyness and the virgin's restraint made her curl up involuntarily, pinching her slender and smooth long legs.

"Hey, you're still so shy at this time?"

Qin Chen grinned evilly, and poked his hands directly along Fang Muling's lower abdomen.

"Do not!"

Fang Muling couldn't help but exclaimed.

Qin Chen frowned and stopped slightly, feeling a little puzzled.

Why isn't this fantasy over yet? Based on his current performance, if the Ten Tribulations Palace really tested his concentration, he would have passed the test, because even if he was attacking Mu Ling at the moment, it was just the opposite. did not

There are any waves and impulses.

He looked at Fang Muling as if he was appreciating a work of art.

But now that he has achieved this level, the fifth test is still not over, and he has not entered the sixth test.

strangeness!

Is it not enough to do it yourself?

Qin Chen frowned and thought deeply.

"Dust, I want too."

At this time, many women around also rushed up. Their bodies were smooth, white and warm, like mutton fat jade, each with a soft body fragrance, and they rushed on Qin Chen, trying to squeeze Fang Muling out. Come on.

Feeling the exclusion of the beauties around her like tigers and wolves, Fang Muling, who was originally extremely shy, instinctively resisted in her heart, as if these beautiful beauties were going to **** the most precious things that belonged to her.

no!

Fang Muling raised his head suddenly, with tears in the corners of his clear eyes, looking at Qin Chen's resolute and handsome face, he suddenly hugged Qin Chen tightly.

"Huh? Knowing that restraint can't tempt me, it's hot?"

Qin Chen smiled coldly, but didn't want to continue pretending.

boring!

He restrained the waves in his heart and shouted sharply: "Break!"

An invisible force surged out, trying to break everything around.

boom!

The entire void vibrated violently, and the charming, mature, arrogant, pure, and tender beauties all around disappeared in an instant and turned into nothingness.

"It really is a fantasy!"

Qin Chen sneered, but what shocked Qin Chen was that Fang Muling in front of him did not disappear.

"Um?"

Qin Chen frowned.

Why did the others disappear, but Fang Muling was still there?

Could it be that this person is different from others?

Qin Chen's heart moved, and suddenly he thought of something.

"I understand."

Qin Chen looked at Fang Muling.

He didn't know the other women, and with his firm will, maybe the illusion itself knew that it was impossible to seduce him.

But Fang Muling was someone he knew very well. The test of the Ten Tribulations Palace was very clear. Some men might be able to resist inexplicable romantic encounters, but it was difficult to resist the teasing and temptation of the most familiar beauties around them.

It can be said that although the other women have disappeared, the trials and dangers of the illusion have escalated.

Thinking of this, Qin Chen smiled coldly, and just wanted to push Fang Muling away, when suddenly, a vague evil power slowly spread to him in the void of the square, and a mass of evil fire suddenly appeared in Qin Chen's body. emerge.

boom!

Qin Chen's blood boiled in an instant.

A burning sensation instantly filled his body.

"No, this power..."

Qin Chen's color changed instantly. He had already passed the fourth test before, but why is his blood boiling again now?

Not only his blood, but every cell in his body became hot, and an instinctive desire filled his body in an instant, making him unable to control his body and thoughts at all.

Qin Chen didn't see it. At this moment, his eyes had turned pitch black, like an abyss, and even the whites of his eyes disappeared.

Somewhere, a force was invading him.

"This is... the power of the abyss..."

hum!

In Qin Chen's body, in the ancient Yu Pagoda, the sealed Nether Emperor seemed to sense something, and the power of the source shook slightly, trying to wake up.

However, the power of this evil intention did not know when it had entered the Guyu Pagoda without a sound, and instantly obscured the origin of the Nether Emperor.

in fantasy.

"Okay, since you can't pass the fifth level, I don't believe it anymore. If you go deeper, you won't be able to pass." Qin Chen's eyes and pupils were already dark at some point, and his evil intention was like a demon god. Grabbing Fang Muling's clothes, he tore them violently, and with a tear, Fang Muling's fragile gauze was torn to shreds in an instant, revealing a graceful appearance.

delicate body.

And Qin Chen grasped Fang Muling tightly, and blended with her violently.

boom! The terrifying dark power is madly impacting, forming a terrifying scene in this world.

[Chapter 5218: fight poison](#)

In the illusion, Qin Chen and Fang Muling quickly intertwined, and every time they intertwined, there was an astonishing impact that swept across the sky, causing the void in all directions.

Fight poison with poison!

Qin Chen has seen too many illusions. Sometimes, if you want to break through the illusion, you don't have to force yourself to stay awake. You can also completely immerse yourself in the illusion. break.

Therefore, since Qin Chen believed that Fang Muling was born from this illusion, he fell directly into the illusion and wanted to get rid of the illusion.

boom!

Qin Chen's opponent Mu Ling launched a violent attack. But what Qin Chen didn't find was that when he and Fang Muling fused together again and again, a strange dark power could be seen in the surrounding heaven and earth, and this dark power exudes. gloomy breath,

Compared with before, it is more than countless times stronger, exuding a cold light.

An invisible force was released, causing Qin Chen's pupils to turn dark, disturbing part of his sanity.

In the surrounding heaven and earth, the entire cosmos sea avenue has a feeling of being corroded and faintly collapsing.

"Well!"

Under Qin Chen's violent impact, Fang Muling felt hot all over and let out a dull low voice.

After all, she was only a virgin. It was the first time she tried to feel such a violent impact. At this moment, she was like a weak sheep, constantly rising and falling on the turbulent sea, enduring layer upon layer of impact.

However, in her body, a faint aura that represented the origin of the dark was formed. In the interweaving time and time again, it merged with the power of Qin Chen, forming a special strange power between the two.

This power is very hidden, neither Qin Chen nor Fang Muling noticed it at all.

outside world.

Fang Muling stood there in a daze. From the outsider's point of view, she didn't have any abnormality, but in fact her body and soul were enduring endless shocks, and a special breath slowly escaped from her body. .

"This is..."

Ancestor Tuoba suddenly felt something, frowned, and suddenly looked at Fang Muling.

"Senior Tuoba, what's wrong?"

Palace Master Anyou couldn't help but look over.

"Not right."

Tuoba's ancestor frowned and said, for some reason, a strong sense of crisis emerged in his heart at this moment, as if the end was coming.

"Shh!"

The Tuoba ancestor flickered and suddenly came to Fang Muling.

"Senior Tuoba, what are you doing?" Palace Master Anyou's expression changed, and he stopped in front of Fang Muling, looking a little nervous.

Now, Qin Chen is being tested. The ancestor Tuoba can be said to be the strongest person in the field. At the click of a finger, he is afraid that he will be able to destroy the dark and secluded palace master.

"You... get out of the way!"

Ancestor Tuoba stared at Palace Master Anyou with an extremely ugly expression. His gaze passed through Palace Master Anyou and landed on Fang Muling.

Palace Master Anyou sank in his heart and frowned, "Senior Tuoba, the little girl doesn't seem to have offended you? Is it too much to deal with a junior in your capacity?"

At this time, Palace Master Anyou cursed in his heart.

Damn, don't talk about martial arts. Fang Muling is the most powerful trump card between his Anyoufu and the Tuoba family, and is the biggest link to connect with Qin Shaoxia. This Tuoba ancestor will not see that Qin Shaoxia is still in the test, and he wants to kill his daughter, so that it can be solved. After the Tuoba family

Biggest trouble, right?

Tuoba's ancestor heard the words and was stunned for a moment.

Where does this guy want to go?

But his expression did not relax in any way, and said with concentration: "Your daughter is very wrong."

"There's something wrong with the little girl? Senior Tuoba, are you kidding me?" Palace Master Anyou looked ugly. Tuoba's ancestor looked serious, "I didn't lie to you, and there's no need to lie to you, your daughter seems to be exuding a special power, and even I feel the slightest palpitations of this breath, although I don't know what happened. ,but

I know there must be something wrong with her right now. "

"Even you feel heart palpitations?"

Everyone was startled and looked over in disbelief.

This is getting more and more outrageous. The ancestor of Tuoba was once a triple detachment. Even he felt the power of heart palpitations. What could it be?

"If you don't believe me, you will find out if you try it yourself." Tuoba's ancestor said solemnly.

"Try it?" Palace Master Anyou didn't believe what Tuoba's ancestor said at all, but he couldn't help but turn around and said, "Ling'er, what does Senior Tuoba mean?"

Under the watchful eyes of everyone, Fang Muling stood there, but said nothing.

"Ling'er?"

Palace Master Anyou frowned, and at this moment, he also felt that something was wrong.

Because Fang Muling didn't say a word for so long, and at the moment Fang Muling closed his eyes, there was a faint pain in his expression but he couldn't speak, which gave people a very strange feeling. "Ling'er?" Palace Master Anyou changed color, reached out and hurriedly woke Fang Muling, but before his hand touched Fang Muling, with a bang, an extremely terrifying aura suddenly came from Fang Muling's body. burst out, the darkness that is approaching

The palace master flew out directly, and spat out a mouthful of blood on the spot.

Palace Master Anyou stabilized his body for the first time. He did not care about his injuries, but shouted anxiously, "Ling'er."

"This power!"

Tuoba's ancestor changed color, "Could it be..." When Tuoba's ancestor was horrified, with a bang, he saw the Hall of Ten Tribulations suddenly vibrate in the distance. Originally, it only liberated the Hall of Ten Tribulations on five sides. The remaining five faces were opened with evil intentions at the same time in an instant.

In his eyes, a terrifying aura that shook the entire cosmos sea instantly burst out.

boom!

The ten faces of the Ten Tribulation Hall were activated at the same time, and several terrifying breaths entered Qin Chen's body in an instant.

confusion!

destroy!

die!

despair!

destroy!

A variety of terrifying breaths entered Qin Chen's body almost at the same time, causing Qin Chen to let out a low roar.

"No, why is the remaining five tests of the Ten Tribulations Hall opened at the same time?"

Tuoba's ancestor suddenly changed color.

Every test in the Hall of Ten Tribulations is dangerous, and most people can't even resist the first test, but now the remaining five tests are opened at the same time, which makes Tuoba ancestors not surprised.

"dust!"

Chen Sisi and the others changed color, and they were about to step forward.

boom!

At this moment, an evil power burst out from Qin Chen's body, and the entire universe was collapsing. At this moment, with Qin Chen as the center, the rules of the universe within a radius of 10,000 miles actually collapsed slowly, forming a dark nothingness. In that nothingness, no rules can operate, including the supreme rules of the universe.

the same.

Under such a breath, Chen Sisi and the others were instantly shocked and flew out.

"Be careful..." Tuoba's ancestor also reached out with a big hand and strongly suppressed it. In an instant, the aura representing the triple detachment rose into the sky and instantly fell to Qin Chen's position.

[Chapter 5219: prisoner](#)

Prisoner

Tuoba's ancestor changed color, and his big hand grabbed Qin Chen directly in front of him. The terrifying triple detachment aura swept across, obviously trying to suppress the evil power in Qin Chen.

The triple detachment, the Eternal Order Realm, represents the most eternal order in the universe, so when Tuoba's ancestors took action, the original collapsed universe rules were slowly being repaired.

"Is this the triple transcendence of eternal order?"

At this moment, whether it is Palace Master Anyou, or the powerhouses such as Dangmo Shenzun, they are all horrified.

Turning hands, forming the most terrifying order in the world, even the rules of the universe are affected by this endless eternal order, no wonder it is called the eternal order, it is too terrible.

Such a method is more than ten times and a hundred times stronger than the formations and fields formed before the second-level peak detachment, such as Palace Lord Dark You and Tuoba Xiongba?

It can be said that under the eternal order of the triple detachment, the realm of double peak detachment is really like a turkey and can be easily shattered.

With a bang, in an instant, the world collapsed, and the big hand of the ancestor Tuoba came to Qin Chen in an instant, to suppress the evil aura escaping from the Ten Tribulations Hall for him.

However, as soon as his palm came to this area, in an instant, the wisps of evil power quickly wrapped around Tuoba Ancestor's big hand. The foam generally vanishes and disintegrates.

With a bang, a terrifying force struck, and Tuoba Ancestor flew out backwards, the aura on his body continued to fade, and this remnant of his soul actually felt like he was about to collapse on the spot.

"This..."

Seeing such a scene, everyone was stunned and looked ahead in disbelief.

This is the ancestor of Tuoba, the powerhouse of the triple detachment level, can't even interfere with the test atmosphere around Qin Chen.

"This power... abyss? Could it be the legendary power of the abyss? How can there be power of the abyss in the Palace of Ten Tribulations?"

The body of Tuoba's ancestor trembled.

"abyss?"

Everyone looked over.

Tuoba's ancestor trembled and said: "The abyss is a legendary forbidden place. It is rumored that in the deepest part of our universe, there is an extremely evil and terrifying place. That place is called the abyss, and the races that exist there are called Call it the abyss race."

"The rules in the abyss are completely different from the cosmic sea, and the abyss is like a poison to the cosmic sea. Any trace of the abyss that escapes can destroy the avenues in the cosmic sea."

"The two are like fire and water, yin and yang, and they are incompatible."

Tuoba's ancestor took a deep breath: "In ancient times, there was an abyss group that entered the cosmic sea from the abyss, causing a devastating blow to the cosmic sea. This is an extremely evil force that will madly devour all the substances in the cosmic sea. , nothing will be left or even repaired wherever it passes."

"The birth of the abyss is enough to turn the entire universe upside down."

Ancestor Tuoba was shocked and trembling all over.

Everyone around is also sucking in the air, this abyss is too scary?

"Senior, I don't know how Chen is doing now?" Chen Sisi asked anxiously, "Is there a solution to this power of the abyss?"

At this moment, they also felt the state of Qin Chen's body. That trace of strange power was slowly invading Qin Chen's body. This was not a test, but an invasion!

If this continues, Qin Chen may die.

"I don't know either," Tuoba's ancestors said with solemn eyes and trembling: "About everything about the abyss, the old man also achieved triple detachment back then, and he only heard about it after seeing the top ancient forces, but he never saw it, and the abyss The power belongs to the taboo power,

and is not tolerated by countless ethnic groups in the entire universe, but the rumors of the Ten Tribulations Palace do not come from the abyss? Why is there a power of the abyss?"

Tuoba's ancestor couldn't understand.

"Senior, could it be that you made a mistake?" Palace Master Anyou hurriedly asked.

"I also hope I made a mistake." Ancestor Tuoba smiled wryly and shook his head: "But you have all seen that just a trace of evil power can annihilate this old man's power of eternal order. The old man can't think of anything other than the power of the abyss. What other force can have such a terrifying effect."

"Continue to be eroded by the power of the abyss, this child will die."

Ancestor Tuoba shook his head and sighed, feeling extremely depressed.

His Tuoba clan finally found a big backer, but unexpectedly, he would die here today.

"No, Chen will be fine."

Chen Sisi, You Qianxue, Ji Ruyue, and Shangguan Wan'er all showed a hint of anxiety, their hands clenched tightly.

They have confidence in Qin Chen.

"Ugh."

The ancestor Tuoba felt the anxiety in the hearts of several people, and sighed slightly. In the world, there is no existence that can resist the power of the abyss, let alone such a kid in front of him, even a three-level detachment cannot escape from the abyss. Survive under the power.

"Everyone, prepare for the funeral." Tuoba's ancestor looked serious: "And this dark and secluded mansion must be evacuated immediately. Once the power of the abyss dissipates, it will definitely swallow up the rules of the universe and the sea of this world. Toxins generally spread and contaminate, and by that time, even the entire Southern Thirteen Star Region will not have a complete void."

This is no longer a question of whether or not to test. The power of the abyss appears, and this place must become a taboo.

"Old man, **** you."

At this moment, a cold snort sounded, but Honghuang Zulong fell instantly, "What kind of power of the abyss, don't be alarmist, no power can be used in front of Young Master Chen."

Honghuang Zulong is extremely confident, and his face is unhappy.

Tuoba Ancestor glanced at it, just shook his head, and didn't care about the rudeness of Honghuang Zulong.

"I know where your confidence lies. The one behind the little friend is indeed very powerful, but the abyss..."

Ancestor Tuoba shook his head.

The one from the Ancient God Race did almost overturn the **** of the entire Cosmic Sea back then, but it was only close to it. The more he came into contact with the upper layers of the Cosmic Sea, the more Tuoba Ancestor discovered that the Cosmic Sea was not simple.

The existence of the ancient protoss in those days only shook the inherent superficial class of the entire universe, but it did not affect the ancient families at the highest level of the universe.

But the abyss group, that almost destroyed the existence of the entire universe sea, the two are not the same.

"What? Do you know the person behind Young Master Chen?"

Honghuang Zulong looked at Tuoba Ancestor and was taken aback. Could it be that Young Master Chen is going to overturn this time?

He trembled in his heart, and his legs trembled a little.

If so, should I run away?

[Chapter 5220: startled](#)

boom!

When everyone was shocked, a terrifying force suddenly erupted in Qin Chen's body at this moment.

in fantasy.

At this time, Qin Chen also felt that something was wrong. The aura between him and Fang Muling could not be stopped at all, and the two forces were intertwined with each other crazily.

A strange force was invading his body.

"wrong."

Qin Chen suddenly woke up from the confusion of the illusion. In front of him, Fang Muling was already unconscious, his face was flushed, and the skin all over his body turned pink, dripping with fragrant sweat, and was extremely rosy.

And all around, an invisible strange force is infiltrating.

Qin Chen's expression changed slightly. Seeing this power, he felt a strong sense of crisis in his heart. This sense of crisis was even more terrifying than when he first saw Emperor Youming.

"That is..."

Qin Chen looked up and looked forward. In the void in front of him, a dark force surged like a pupil, and when Qin Chen looked at this dark force, he fell into the pupil in an instant.

boom!

In an instant, Qin Chen's whole person seemed to be in a dark world. The whole world was completely dark, and no light could be seen. There was no longer any rules and avenues here, only endless darkness.

Ahead, is a vast abyss, there is no existence, here is a dead silence, eternal dead silence, there is no light, and there is no material existence.

In a trance, it seemed that some voice was constantly calling in his ears, resounding and affecting his soul.

An invisible force swept in from all directions, quietly infiltrating his body, to assimilate him completely.

Qin Chen's eyes slowly turned pitch black.

"Damn!"

Qin Chen changed color, and at this moment he also felt that something was wrong, and the power of the **** emperor totem in his body was rapidly displayed.

boom!

A strange totem rune suddenly appeared in Qin Chen's body, illuminating the four directions of the world. However, at the moment when the power of this totem appeared, that strange power actually stained the **** emperor totem with a dark light in an instant. slowly

turn black.

"The power of the **** emperor totem can't be resisted?"

Qin Chen changed color and hurriedly activated the Death Avenue and the power of space.

boom!

The avenues representing the underworld and the supernatural powers of the supreme space bloomed in an instant and swept away in an instant.

But the next moment, the avenues of the underworld and the supernatural powers of the supreme space were instantly dyed with a layer of black, like rotten flowers, slowly withering.

Qin Chen finally changed color.

Whether it is the power of the **** emperor totem, the power of the underworld and the space avenue, they all represent the power beyond the transcendence level, and it can be said that it is the top power in this universe.

But now, these powers are under the strange power, and they don't even have the ability to resist for a moment. How can Qin Chen not be surprised?

Although this is probably because his cultivation base is not enough, but it is not impossible to resist even for an instant, right?

"Senior Nether Emperor?"

At this moment, Qin Chen suddenly immersed his consciousness into the ancient tower in his mind, trying to awaken the origin of the Nether Emperor.

With the identity of the Great Emperor Netherworld as the Four Great Emperors of the Underworld back then, he might have some understanding of this power. But when Qin Chen's consciousness entered the Guyu Pagoda, he was instantly shocked, but the ninth floor of the Guyu Pagoda had been shrouded by a dark power at some point, completely shrouding the origin of the Nether Emperor in it. can't touch

and.

When did this force enter the ancient tower?

Qin Chen finally changed color and felt bad. From the rise of Tianwu Continent to the present, this is the first time he has encountered such a situation. Quietly, such a mysterious force has entered all parts of his body, and even the Nether Emperor in Guyu Pagoda has been arrested.

blocked.

"If this power is the test of the Temple of Ten Tribulations? Then..." Qin Chen's eyes suddenly flashed a bit of fierceness, and in an instant, the power of ten reincarnations that he swallowed when he broke through detachment exploded in an instant, except for the previous In addition to the power of earth, water, fire, wind, and illusion, space, source poison, time, spirit, and thunder

The power of Ting exploded in an instant.

boom!

Terrifying power surged out of Qin Chen's body.

outside world.

The power of Qin Chen's body, such as the **** emperor totem, is also manifested in the outside world.

Seeing that the power of the **** emperor totem released by Qin Chen was suppressed in an instant, Tuoba ancestor couldn't help sighing.

"Sure enough, even the power of that adult is still incomparable to the power of the abyss."

At this moment, the ancestors of Tuoba were almost certain that the power dissipated from the Ten Tribulations Temple was the power of the abyss.

Those who are selected by the abyss will definitely become the slaves of the abyss. From ancient times to the present, there has never been any way.

"It seems that my Tuoba family has to leave this world."

Tuoba ancestors can predict that in the future, this place will definitely be noticed by some ancient forces in the universe sea, forming a Jedi existence.

It's just that I finally hugged a thigh, and in the blink of an eye...

With a sigh, Tuoba Ancestor had endless loss in his heart.

At this moment, a startled voice suddenly sounded in the ears of Tuoba Ancestor.

"You said that you know that the backer behind Young Master Chen is the one who taught this God Emperor Totem?"

It was Honghuang Zulong, who came to Tuoba Ancestor with a look of astonishment. "Exactly." Tuoba's ancestor sighed: "The ancient emperor of the ancient gods, who was in the cosmos sea and killed countless ethnic groups in the cosmos sea trembled, you Chen Shao should be the successor of that big man. Well, what a pity this abyss

The power is too terrifying, I'm afraid..."

The ancestor Tuoba said and shook his head.

If the ancient emperor was here, he might be able to save Qin Chen, but Qin Chen's current cultivation base would not be able to fully exert the power of the ancient emperor's magical powers.

"Huh, you scared me to death."

After hearing the words of Tuoba Ancestor, Honghuang Zulong couldn't help but breathe a sigh of relief, patted his chest frequently, and the whole person became much more relaxed in an instant. His originally nervous face was filled with a smile for a moment, his whole face was radiant, and he became extremely confident again, and he took the landlord to Tuoba's ancestor: "Brother, I said that you can speak clearly in the future, it will hurt you. Benlong

Do you really think that there is something wrong with Chen Shao? So you thought that Shao Chen's backer was the one who taught this **** emperor totem? That guy is just a prisoner, how could he be Chen Shao's backer? It really freaked me out. "

"Prisoner... prisoner?"

Tuoba's ancestor was shocked, what's the situation? Senior Gudi is a prisoner?
