

Valkyrie 5231

[Chapter 5231: necromancer](#)

boom! With this terrifying death breath entering the body, Yuanmo's ancestors kept surging out of one after another terrifying breath. These death origins merged with his own demon origin, exuding heart palpitations.

terrifying breath.

Boom!

The terrifying aura between heaven and earth skyrocketed in an instant.

"Okay, okay, if you want to achieve detachment in this underworld, the source of death is really essential. I never thought that my Yuanmo would be a blessing in disguise. To find such a treasure in this underworld is really a blessing to me."

Ancestor Yuanmo roared in his heart.

After he came to the underworld, it was extremely miserable. He was unfamiliar with his life here, and these days he was hiding in Tibet like a lost dog. Moreover, because he is not a native of the underworld, it is extremely difficult to break through detachment. Back then, he was only one step away from detachment. However, after coming to this underworld, although he entered a higher world, he was a

Unable to break through detachment. It was not until this time that he used the means to deceive all the underworld powerhouses who were fighting for this treasure in a secret realm of the underworld, offended countless powerhouses, and after a lot of fighting, he won this piece from the ancient underworld.

inherited.

At this point, with the integration of the power of the death rules of this ancient underworld treasure, the ancestor of Yuanmo finally realized a sense of detachment.

At this moment, the ancestors of Yuanmo can't wait to completely integrate this source of death into the body and break through detachment.

"breakthrough!"

Ancestor Yuanmo roared and boomed, and he saw the rules of death and the rules of demons. These two top-level rules in the world quickly merged and became the core source of the ancestors of Yuanmo.

With a buzzing sound, the ancestor of Yuanmo was suspended in the ground in an instant, and the aura of death within a radius of a million miles was madly integrated into his body, forming an endless terrifying strangeness in this underworld. elephant.

At the same time, a dark power surged out of the ancestors of Yuanmo, and it was the power of darkness that he got from the dark family back then.

"Hahaha, the power of darkness, the origin of demons, and the rules of death, the three top-level forces are integrated into one. Once this ancestor breaks through detachment, who else is this ancestor's opponent in this world?"

The ancestor of Yuanmo roared in his heart. These three breaths continued to impact the body of the ancestor of Yuanmo. The naked eye could see that the aura of the ancestor of Yuanmo was increasing at an alarming rate.

boom!

An aura of detachment rose from the body of the ancestor of Yuanmo.

"Transcendence, supreme detachment, I am detachment, invincible!"

Boom!

With the roar of the ancestor of Yuanmo, a terrifying power of detachment from reincarnation instantly appeared above his head.

"The calamity of reincarnation? This is the catastrophe of breaking through detachment. My ancestor of the ancient demon has always been invincible. Back then, in the original universe, who was in charge of the eternity, who could be the enemy?" A strong man, his character, will, and talent are all the best of the best. Although he is the first to spy on the power of reincarnation, he is not afraid of it.

There is an unstoppable, overwhelming momentum.

"kill!"

He actually took the initiative to rise into the sky and directly kill the vast catastrophe in the sky.

At this time, in the void hundreds of millions of miles away from where the ancestors of Yuanmo were, many figures with a terrifying aura were quickly sensing what they were searching for. At this moment, they suddenly raised their heads in shock and looked at the vast sky in the distance.

"The breath of reincarnation, this is someone who is transcending the calamity of transcendence."

These people were all in tattered clothes, exuding endless death, and looked at the place where the ancestors of Yuanmo had crossed the robbery: "It must be that guy, the thief who took away the treasure of the sea of bones."

"Walk!"

"Kill that guy and take back the treasure."

The speed of these figures exuding the breath of death suddenly skyrocketed and disappeared in a flash.

Below the endless cycle of fate.

The amazing reincarnation breath entered the body of the ancestor of the ancient demon. At this moment, the ancestor of the ancient demon exuded a heart-pounding detachment, and the whole person had a feeling of being reborn.

He felt the power in his body excitedly, looked at his hands, and couldn't help laughing wildly: "Hahaha, six times of reincarnation, I didn't expect this ancestor to survive six times of reincarnation."

Ancestor Yuanmo was shaking with excitement. "According to the information obtained by this ancestor, the more times the reincarnation fate has been passed, the stronger the talent is. From ancient times to the present, the average person has spent at most two or three times of reincarnation. already one

The best among the top forces are extremely rare. And the six reincarnation fate calamities of this ancestor can definitely be called a dragon and a phoenix, and it is enough to become a tyrant! "

Ancestor Yuanmo was very excited. Previously, he relied on his three major strengths to forcibly survive the six reincarnation tribulations. At this moment, Ancestor Yuanmo felt that his body was full of infinite power.

Detachment, he finally succeeded.

And when the ancestors of Yuanmo were excited, swish swish, in the void on the side, there were suddenly amazing spatial fluctuations, and the next moment, a group of underworld powerhouses with a terrifying aura appeared here.

These powerhouses have different shapes, including golden skeletons, dead clans wearing cloaks, and wraith clans who are like a sky. Ancestor.

"This guy actually managed to break through?"

Feeling the breath of the ancestors of Yuanmo, these underworld powerhouses changed color one after another.

"Boy, hand over the Bone Sea Treasure."

Some underworld powerhouse shouted angrily.

"What to do with so much nonsense with him, kill him directly while he has just broken through detachment and his realm has not yet stabilized."

"kill!"

There is no need for others to say more, these underworld powerhouses launched a mortal attack on the ancestors of Yuanmo at the first time.

"You ants, you have been chasing and killing this ancestor before, and now you dare to send it to your door, even if this ancestor just broke through detachment, and needs a lot of source supplements, just take yours."

The ancestor of Yuanmo laughed, and his big hand reached out in an instant. With a bang, the world collapsed, and the endless demonic energy and death energy mixed with the dark aura instantly enveloped the group of strong people in front of him.

In an instant, these underworld powerhouses seemed to be instantly imprisoned in half, and were firmly frozen in mid-air, unable to move.

"what!"

This group of people screamed in pain, and the source in their bodies was quickly swallowed by the ancestors of Yuanmo and turned into their own energy.

"It's cool, it's so cool, it's really cool to be strong, you can do whatever you want." Yuanmo's ancestor laughed grimly.

"Presumptuous, who is your Excellency, who dares to run wild in the territory of my undead god, courting death." At this moment, a thunderous cry of cold snorting suddenly sounded, and the next moment, from the endless void, a huge palm lingered with the endless aura of death and came to the head of the ancestor of Yuanmo in an instant, and it fell fiercely.

[Chapter 5232: Abyss Demon God Zun](#)

"Hahaha, the **** of death, if you didn't break through the detachment, the ancestor was still afraid of you three points, and now the ancestor is also a detachment powerhouse, how could he be afraid of you, let's just let the ancestor see, you have practiced countless times. Years of Underworld Transcendence

Who, what kind of patience. "

The ancestor of Yuanmo laughed wildly, facing the huge palm that fell down, he was not afraid at all, but raised his palm and faced it straight up.

He naturally knew who the shot was.

After he came to the underworld, the **** of the dead was the controller of this billions of miles of heaven and earth, and he was in charge of this territory for several epochs. In order to prevent himself from being exposed before, the ancestors of Yuanmo used to hide everywhere on the site of the God of the Dead, and he was like a dog. hold your breath

.

Now that the undead God Venerable dares to take action against himself, the ancestor of Yuanmo naturally wants to find his way back.

"kill!"

He roared, and the endless detachment aura rose into the sky.

boom! The deafening roar was heard, and the big hand protruding from the ancestor of Yuanmo collided with the palm of the undead God Venerable Gai in an instant. In the violent roar, a terrifying impact ran in all directions. pour

When it was poured out, the void within ten thousand miles of the sky and place was directly annihilated and turned into a pitch-black crack.

"Hahaha, Lord Necromancer makes a move, that guy will surely die."

"It's just a mere ants, it is a breakthrough and detachment, how can it be compared with the **** of death."

On the side, many underworld powerhouses who were imprisoned in the void and had not yet completely died roared.

However, after the endless shock dissipated, everyone's expressions were sluggish.

"what?"

Under the watchful eyes of everyone, everyone was horrified to see that under this endless impact, the figure of the ancestor of Yuanmo remained still, and even though the terrifying aura impacted his body, he was forced to bear it down.

"how can that be?"

These underworld powerhouses were extremely frightened, and a strong shock emerged in their hearts. You must know that Lord Necromancer is a powerhouse who has broken through the first level of detachment several epochs ago. Over the years, although Lord Necromancer has never entered the realm of double detachment, his cultivation has also improved a lot. ,exist

This heavy detachment can be called a strong person.

But this guy in front of him just broke through detachment, and he can actually block the blow of Lord Necromancer. How is this possible?

They were shocked, but Yuanmo's ancestor was ecstatic. "Hahaha, this ancestor is worthy of being a peerless powerhouse who almost took control of the initial universe. You and I are both a first-level detachment. What are you pretending to be in front of this ancestor. If it wasn't for that kid at the time, it was just the ants of the human race. How could this ancestor's achievements be? it's you

A small underworld is beyond the reach of the first level. kill! "

The ancestor of Yuanmo roared, and the power of the three rules in his body quickly fused together.

After the previous fight, he already knew his strength level, and naturally he was more confident.

boom!

The boundless demonic energy was in the ocean, and the ancestor of the demon was driving the crystal skull like a black meteor, and in an instant he did not enter the place where the big hand was probing, and killed the undead god.

"you wanna die."

The necromancer is furious, and he, who has been in charge of this place for hundreds of millions of years, can't tolerate others challenging his authority.

In an instant, two terrifying auras of detachment collided on the sky, and a rumbling roar resounded throughout the world.

Below, the underworld powerhouses looked horrified one by one, looking up at the sky in awe, their eyes filled with endless fear.

That vast coercion made everyone tremble and change color in horror.

They wanted to escape, but under such aura, they couldn't even rush out the power to escape.

Just heard the sound of roars coming from the endless void.

After a moment.

boom!

Above the endless sky, an astonishing death energy rose into the sky, followed by countless raindrops of undead blood falling from the vast sky.

A gap opened in the void, and from the blood-colored gap, a figure soaked in blood came out. He was covered in scars, holding a head in his big hand, and step by step came to all the powerhouses in the underworld.

Seeing this figure, all the underworld powerhouses under the command of the necromancer were stunned, because the one who came out alive in front of him was not the necromancer who had been in charge of this place for hundreds of millions of years, but the one who just broke through the detachment not long ago. guy.

And what this person held in his hand was the head of the undead God Venerable, his eyes widened with unwillingness, and the head was surging with endless death energy, and he couldn't rest his eyes.

"The undead god, who is dead and still staring, why, can't you be convinced?"

The ancestor of Yuanmo grinned, and his big hand slammed the head of the undead god, and a strong detachment of death rose from the body of the ancestor of Yuanmo. The cultivation base of the ancestor of Yuanmo is here. Crazy skyrocketing in an instant.

"Haha, it's cool, it's really cool, the origin of a detached powerhouse is really a big supplement." The ancestor of Yuanmo grinned, his mouth full of blood, like a devil.

Then, he turned his head to look at the strong men under the command of the many undead gods present.

"Well, what should I do with you?"

Ancestor Yuanmo said with a grin, his eyes like a devil.

"I am willing to surrender to the adults and serve the adults."

Suddenly, a master of the underworld knelt down for the first time and said tremblingly.

With the first one, in an instant, all the powerhouses present knelt down.

"I am willing to surrender to your lord."

Above the endless wilderness in front, the powerhouses knelt on the ground in an instant.

In the underworld, it is normal for the weak to eat the strong. There is no loyalty or death.

"Okay, very good." Looking at the strong men who were willing to surrender in front of him, the ancestor of Yuanmo said with a grim smile: "From today, the ancestor Yuanmo Shenzun will be your new master."

The ancestor of Yuanmo looked excited. He never imagined that after he came to the underworld, he had conquered such a group of people, and these people would be an important bargaining chip for his future rise and attack on the initial universe.

Moreover, there is another reason for not killing these people, that is, the underworld has its own rules. If he rashly kills, it will attract the attention of other terrifying existences.

The ancestor of Yuanmo naturally did not think that he was invincible in the underworld, and he had to develop a wave first.

"Welcome my king."

In front, densely packed people knelt down, and countless underworld powerhouses lowered their heads.

"Hahaha, yes, everyone will rebuild the army immediately, and this ancestor will launch an attack soon."

"Yes."

These underworld powerhouses responded. The ancestor of Yuanmo said with a grim expression: "Boy Qin Chen, wait for this ancestor, since this ancestor has broken through the detachment, he will immediately return to the original universe, and when this ancestor successfully controls the original universe and integrates into the origin of the universe, at that time, This ancestor will

To become the legendary transcendence of reincarnation, the future is limitless. "Ancestor Yuanmo roared silently in his heart.

[Chapter 5233: Ten Thousand Bone Underworld Ancestor](#)

Soon, the strong men under the ancestors of Yuanmo were mobilized.

The ancestor of Yuanmo returned to the territory of the undead god.

"This undead God Venerable's site is really good."

Sitting cross-legged in the palace of the undead god, his body was surrounded by a vast lake, and the necromancer qi surging one after another continued to wrap around the body of the ancestor of the ancient demon.

This is the place where the undead gods are retreating, and it is also the place with the most deadly energy within a radius of hundreds of millions of miles.

"The spirit of the dead here is really strong. The **** of the dead is really an idiot. There is such a good place. After so many years, it is still only a detachment and a detachment. What a waste of a good place."

Ancestor Yuanmo looked disdainful.

"It's different if it is the ancestor. The first level of detachment will only be the starting point of the ancestor. The future of the ancestor is the sea of stars and the supreme giant of the universe."

Ancestor Yuanmo's heart was full of pride. As soon as he raised his hand, the skull crystal instantly appeared in front of him, exuding a strange aura.

This time, the reason why he was able to defeat the undead God Venerable, in addition to his outstanding talent, has nothing to do with this crystal skeleton. Now that he has broken through the detachment, the ancestor of Yuanmo can finally study this thing well.

"This treasure comes from the sea of bones. According to the information, the sea of bones was born after a war in the underworld many epochs ago. Could it be that this thing was left by a top powerhouse in the ancient times of the underworld?"

The consciousness of the ancestors of Yuanmo quietly poured into the crystal skeleton.

"Jie Jie Jie!"

"Hahaha!"

"Woooooo!"

The moment his consciousness entered the crystal skeleton, a ghostly howl-like sound was transmitted from the crystal skull. In an instant, the entire cave was filled with the sound of ghostly howling and howling.

At the same time, a terrifying power was transmitted from the crystal skeleton, and instantly descended on the ancestor of Yuanmo.

"what?!"

Before the ancestor of Yuanmo could react, an astonishing pain spread all over his body, and then a cold aura quickly entered his body from the inside of the crystal skeleton along his consciousness.

"Jie Jie Jie, after sleeping for so many years, someone finally broke the seal of the ancestor. The atmosphere outside the underworld is really familiar."

Dao Dao's rumbling voice echoed in the palace, but Yuan Mo's ancestor did not respond at all, and the whole person was completely stunned by this cold aura.

boom!

And after this terrifying force entered his body, it rushed directly into his mind, unexpectedly entering his soul realm and occupying his physical body.

"Who is your Excellency, and you want to take home the ancestor..."

Ancestor Yuanmo screamed out in anger, what kind of character he was, and instantly understood that there was a top powerhouse who wanted to take away his body, his heart suddenly became angry and fearful, and the whole soul realm boiled in an instant.

"Hahaha, it's useless, how can you escape from this ancestor's detachment as a small first-level detachment, little guy, your body belongs to this ancestor..."

This gloomy and cold breath entered the soul realm of the ancestors of Yuanmo in an instant, as if entering a realm of no one.

Suddenly, a frightened voice suddenly resounded.

"What, such a fiery yang energy, you... you are not from my underworld? You are actually a living person, **** it, why are there living people in my underworld."

As soon as this breath entered the soul realm of the ancestor of Yuanmo, he let out an angry roar and screams. The next moment, this breath rushed out in an instant, his body was hot and painful.

"Damn, you are a stowaway, smuggled into my underworld, **** it, this seat has been waiting for so many years, and finally someone can break the seal of this seat, and it turns out to be a stowaways, damn, damn."

The voice roared angrily, bang bang bang, terrifying power shock, but there was nothing to do, but after leaving a dead breath on the ancestors of Yuanmo, it returned to the crystal skeleton.

After countless years of sinking, now he just wanted to find a specific body to take home, but he didn't expect to find someone who couldn't take home.

The kind of depression and speechlessness, indescribable.

"who are you?"

The severe pain dissipated, and the ancestor of Yuanmo threw the crystal skeleton away, and the whole person retreated, looking at the crystal skeleton in front of him with anger, his eyes were full of horror.

Just now, he was almost taken away.

If his dignified ancestor of Yuanmo is taken away, he will be laughed at by the people of the original universe if he spreads it out.

"Hmph, this seat is the ancient ancestor of the ancients, and it is your luck that you can get the inheritance of this seat."

"Myriad Bone Underworld Ancestor?"

The ancestor of Yuanmo was shocked, this person should be a strong man in the underworld in ancient times.

"You wanted to seize the ancestor of the house earlier." The ancestor of Yuanmo snorted coldly, with lingering fears in his heart. "That's right." This Wangu Mingzu didn't hesitate, "I really wanted to take you away before, but I never imagined that you would turn out to be a smuggler. As a creature from the underworld, no one will take it away. I might be willing to take you like this

A living person, so you don't have to be nervous at all. "Also, Your Excellency seems to have an aura of death in cultivation. There must be some reason for you to come to my underworld. Hmph, with your

first-level detachment cultivation, although it is not bad, before some real underworld masters, you are simply a waste

."

"But this seat has the ability to make you stronger, how about it, follow this seat, this seat can let you run wild in this underworld, how?"

The gloomy voice was persuasive.

"Rampant?"

Ancestor Yuanmo sneered. At this moment, he has come to his senses. The previous experience has made him understand that it is impossible for this crystal skeleton to take away his body.

"You're a dead person, and you're worthy of letting me run wild?"

Ancestor Yuanmo sneered and looked disdainful. "Hmph, what do you know? This Ancestor of Ten Thousand Bone Underworld was a general under the command of the Great Emperor Netherworld, one of the four great emperors of the underworld. He had a noble status and was in charge of the vast territory of the underworld, but it was just because of the conflict between the adults and the Emperor Yan of the Tenth Palace.

Die on the battlefield, otherwise with your small first-level detachment, how can you be qualified to be arrogant in front of this seat? "

The crystal skull lit up with amazing runes, and a pair of pupils lit up in an instant, said coldly.

"Emperor of the Four Greats?" Yuanmo's ancestor was startled, and the title alone made him feel extraordinary. "That's right." Wangu Mingzu sneered: "The Four Great Emperors are the supreme beings who control the territory of the underworld, and each of them is beyond the transcendence level. The Lord Netherworld Emperor, who was enshrined in this seat back then, is the one of the Four Great Emperors. One, God

Infinity, invincible in the world, a guy like you in front of this seat is like an ant. "

"Beyond transcendence?"

Ancestor Yuanmo suddenly sucked in cold air.

Is there anyone in this world who can surpass detachment?

"Transcendence, isn't it the top existence in the universe?" The ancestor of Yuanmo was shocked.

[Chapter 5234: come strong](#)

"Hey, what do you know, although detachment is already the top existence in the universe, it is not the most extreme existence. Any one of the four great emperors is a master who has broken through the realm of detachment. If nothing else, the ancestor was a statue of three.

If you have a strong detachment, pinching your first detachment to death is the same as pinching an ant to death. "

Wangu Mingzu said proudly.

"Triple detachment?"

The ancestor of Yuanmo was secretly shocked. The Wangu Mingzu in front of him turned out to be a master of triple detachment. It should be noted that the Black Devil Ancestor Emperor, the president of the dark clan who invaded the initial universe, was only a detachment of the first level.

For him, a strong man who came out of the initial universe, the first level of detachment was enough to shock him.

Triple detachment, that is simply unheard of.

"Hmph, now you know how powerful the ancestor is?" Wangu Mingzu said proudly: "Although your talent is not weak, it is not easy to reach the second level, or even the third level of detachment. "But if the ancestors are behind you to make plans for you, it will save you countless hard work. If nothing else, the world you are in should be the domain of the undead emperor. It is the existence of the triple detachment level. If let it know

Your existence, you will inevitably die. "

Wangu Mingzu Gaga said, his voice harsh and unpleasant.

"Undead Emperor? Is it a triple detachment?"

Ancestor Yuanmo was taken aback. He naturally knew that this was the domain of the undead emperor. When he was in the demon world, he had cooperated with the undead emperor. However, because of the suppression of the supreme avenue of the universe, the power of the undead emperor could not penetrate from the underworld to the beginning.

start the universe.

However, this person can use special means to cooperate with himself to establish a unique place of reincarnation in the sea of chaotic gods and devils. This alone is not something that ordinary underworld powerhouses can do. "That's natural. The Immortal Emperor is the subordinate of the Empress Mingyue, the head of the four great emperors. How can a real top powerhouse allow you to run wild in his territory? But as long as this ancestor helps you, it is enough to keep you from being swayed by him. Perceived, secretly developed.

"Ancestor Wangu believes in himself.

Ancestor Yuanmo's eyes flashed, but fortunately, he didn't rush to find the undead emperor after he came to the underworld. With the wisdom of Ancestor Yuanmo, he naturally wouldn't let his life be easily controlled by others.

"Okay, this ancestor agreed to cooperate with you." Yuanmo's ancestor pondered for a moment and suddenly said.

He still doesn't know enough about the underworld, and urgently needs a strong person to help him. Moreover, he recalls the almighty in the void and tidal sea of the initial universe, and he is still a little bit afraid in his heart.

The strength of the opponent is that he has broken through the detachment now, and he may not necessarily be able to win.

But with Wangu Mingzu helping him secretly, he is not afraid of each other.

No matter how strong that person is, he is only in the initial universe. How can he be compared with a giant in the underworld like Wangu Mingzu?

"Hahaha, refreshing, since you agreed, this ancestor will naturally not disappoint you. Well, in this case, this ancestor will give you a little benefit first." The crystal skull laughed loudly, and at the same time conveyed an incomparably pure The power of death, this power entered the body of the ancestor of the ancient demon with a bang, making the source in the ancestor of the ancient demon run wildly, and the pores of the whole person were dilated, and there were

A fluttering feeling.

"what!"

He growled lowly, this death energy was too pure, exuding terrifying power that made his aura soar.

After half an hour!

"boom!"

With the violent aura bursting out of the body of the ancestor of the ancient demon, the crystal skeleton stopped transmitting energy. "Now you know the strength of this ancestor, right? You just broke through the first level of detachment, and this ancestor let you reach the peak of the first level of detachment. In the future, under the guidance of this ancestor, you will break through the second level of detachment. However, you also have to with death

Force to continuously nourish the treasures of the bones of the ancestors, so that the ancestors can help you more. "

"Okay, this ancestor just woke up and was sealed for endless years. Now he will continue to recuperate. If anything happens, wake up this ancestor again."

The voice in the crystal skull gradually fell, and it soon became silent, and this thing quickly fell into the hands of the ancestors of Yuanmo, and turned into a simple treasure.

Ancestor Yuanmo caught the crystal skull and felt the surging origin in his body, with unprecedented excitement in his eyes. "This ancestor has reached the peak of the first level of detachment so quickly, and he is indeed the most unparalleled genius in the world. Qin Chen, and Xiaoyao Supreme, you two guys are waiting, the ancestor will immediately order the army to go to the initial universe. Pick

After you have put your head on the item, and become a reincarnation of the universe, this ancestor will definitely have the opportunity to sprint to the realm of double detachment, and even one day in the future, will be able to become the top triple detachment powerhouse in this universe. "

Ancestor Yuanmo laughed out loud, full of pride.

Boom, his body was so dead that he instantly turned into a black streamer and rushed out of the palace.

Click on the odd army and go directly to the initial universe direction.

now.

Southern Thirteen Stars. Outside the territory where the Tuoba family is located, the former triple detachment Tuoba ancestor stood respectfully in front of Qin Chen, and said humbly: "Young Master Chen, all the powerhouses of my Tuoba family have gathered here, just waiting for you, Young Master Chen. at one command,

Attack forcefully and attack the dark clan. "

Behind him, there are densely packed Tuoba aristocratic powerhouses, and the leader among them is Tuoba Xiongba, a two-level detachment peak-level powerhouse.

"I will follow the orders of Young Master Chen."

Tuoba Xiongba knelt down on one knee, cupped his hands and said in a loud voice, the momentum of countless strong people surging, the rolling momentum soared into the sky, like a vast ocean, shaking the void of the universe sea.

"Damn it, flatterer."

Behind Qin Chen, Palace Master Anyou looked ugly and cursed in a low voice.

After all, this Tuoba ancestor was also a former triple detachment. How could he be like a licking dog without any backbone? With a deep heart in his heart, Palace Master Anyou turned to look at Fang Muling, who was beside him, and asked in a low voice, "Ling'er, how are you communicating with the few Hongyans with little dust these days? Do you often serve tea to them? Pour water, serve with kindness! For father

But I can tell you that the luck of sensible people is always not too bad. You must correct your identity and do your part, understand? At that time, some things will naturally fall into place. "

Palace Master Anyou said bitterly.

"Father..."

Fang Muling was speechless.

On the side, the dark and secluded palace powerhouses such as Dangmo Shenzun and Zhengkong Shenzun lowered their heads, looked at their noses, and looked at their hearts. They didn't say a word, but their faces were hot.

Haven't found out that the Palace Master is such a person before?

"Everyone, set off immediately and go to the Dark Continent."

Qin Chen looked at the many armies in front of him and behind him, and ordered in a deep voice.

"Yes!"

boom!

Following Qin Chen's order, Anyoufu, together with many powerful armies of the Tuoba family, rose into the sky one after another, took the teleportation formation, and headed directly to the Dark Continent.

Such a team, in the entire Southern Thirteen Star Region, no one can stop it, and no one dares to stop it. Just half a month later, Qin Chen, the Tuoba family, and the powerhouses of the Darkness Mansion had already arrived at the periphery of the Dark Continent, coming powerfully.

[Chapter 5235: Dark.....Dark Adult](#)

The ancient dark continent, suspended in the vast universe sea, is majestic and majestic.

At this moment, above the continent, the formations of light are circulating, completely covering the entire dark continent, spreading for hundreds of millions of miles.

The Dark Clan has been operating in the Southern Thirteen Star Territory for many years and has experienced countless crises. Naturally, they are aware of the movements of the Dark Nether Mansion and the Tuoba Family.

boom!

a moment.

Above the vast sky, densely packed two powerful powerhouses descended in an instant, and the magnificent momentum caused the entire dark continent to fall into endless darkness in an instant.

"Small dust, the dark continent is ahead."

Beside Qin Chen, Palace Master Anyou stepped forward, and just as he was about to speak, Tuoba Ancestor was the first to speak with a respectful expression.

"Fuck!"

Anyoufu advocated that half of his mouth froze, his face turned green.

Does this Tuoba ancestor still have a conscience? Is this all about performance?

He stabbed the ancestor Tuoba fiercely, and that look wished he could swallow him alive, but the ancestor Tuoba turned a deaf ear and didn't even look at him. Palace Master Anyou took a deep breath and hurriedly continued: "Young Master Chen, you see that this dark clan has actually started the guardian formation, obviously they don't want to obediently admit defeat and surrender, huh, Young Master Chen, you are wise and talented, with extraordinary talent, this darkness clan

Daochen, you are here, but you still want to resist, you just don't know how to live or die. In this way, it is better for you to give an order, and this manor will immediately lead people to break this dark formation, destroy the masters of this dark clan, and let them know the consequences of resistance. "

Dark Nether Mansion said indignantly.

Ancestor Tuoba glanced at Palace Master Anyou, frowned, and immediately winked at Tuoba Xiongba.

Seeing this, Tuoba Xiongba hurriedly took a step forward and cupped his hands: "Young Master Chen, please give your order. Your subordinates are willing to be the vanguard and take down this dark clan."

"Young Master Chen, it's better to leave it to me Anyou Mansion. My Anyou Mansion has accepted your great kindness, and naturally I will solve your worries and troubles for you, Young Master Chen." Palace Master Anyou suddenly became anxious.

This Tuoba family is uneasy and kind, this is to compete with themselves.

The two looked at each other, and there was a strong conflict in their eyes.

Facing the competition between the two major forces, Qin Chen did not respond, quietly looking at the vast dark continent in front of him.

"Is this the Dark Continent?" Qin Chen murmured.

On the side, You Qianxue and the others also had emotions in their expressions. For the palace masters and the others, this dark clan may only be a medium force in the southern thirteen-star region, but for them who were born in the initial universe, the dark continent has invaded the initial universe for all these years.

Like a magic spell, it was firmly imprisoned in the hearts of all the tribes in the initial universe, so that the entire initial universe could not get through.

"Let's go up and call, give them half an hour, as long as the people of the Dark Continent are willing to surrender, I will only punish the first evil, as for the others, they can live, but if they resist, no one who resists will escape death."

Qin Chen said lightly.

"Young Master Chen, why should you be so kind to this dark clan, let your subordinates be destroyed directly." Tuoba Xiongba raised his head and said loudly.

"Hmph, Tuoba Xiongba, you are so brave, you want to disobey Young Master Chen's orders?" Palace Master Anyou suddenly became excited when he saw this, and hurriedly shouted angrily, "Young Master Chen, I knew this kid was uneasy and kind."

Tuoba Xiongba hurriedly said: "Young Master Chen, this subordinate has absolutely no intention of this."

Ancestor Tuoba frowned and said coldly: "Tuoba Xiongba, if Young Master Chen gives an order, if you dare to have the slightest nonsense, don't blame this ancestor for not thinking about blood."

"Yes!"

Tuoba Xiongba hurriedly said respectfully.

next moment.

Whoosh whoosh!

Tuoba Xiongba, Palace Master Anyou and others have already stepped forward, appearing directly above the Dark Continent, looking down at the countless realms below. In the realm below, countless dark clansmen looked up at the sky in horror, and the people in almost any corner of the dark continent could clearly see the two people above the sky. At this moment, Palace Master Anyou and Tuoba Xiongba were like

The two statues are like the scorching sun with endless rays of light, clearly presented in everyone's sight.

"Listen to all the clansmen of the dark clan, the ancestors of the dark clan do not know how high the sky is, and they have offended the dust.

The rumbling voice echoed over the Dark Continent at the moment, and it was instantly transmitted to everyone's mind, like a thunderbolt.

At this time, in the dark continent.

A magnificent palace in the very core of the Dark Continent.

This is the core of the dark clan, and it is also the holy place of the dark clan. In the past, people from the dark clan came to pilgrimage for a day, which was something worth showing off.

And today.

Countless dark clan powerhouses gathered here, each with a gloomy expression and endless anxiety in his eyes.

These are the top powerhouses of the dark clan, led by the current patriarch of the dark clan, and under him are many elders and powerhouses of the dark clan.

Under the leadership of the dark ancestors, the dark clan passed through reincarnation and entered the universe sea. Countless years have passed. The masters of the dark clan naturally gave birth to many top powerhouses in the universe sea.

For example, the Black Demon Ancestor Emperor, Heiyu Ancestral Emperor, is the detached powerhouse born in these years.

And now there are only five detached powerhouses of the dark clan left, and they are all gathered here at this moment, with fear and anxiety in their eyes.

That nightmarish voice was transmitted over the entire dark continent, causing everyone to panic.

"Patriarch, it's the Anyou Palace Master, and Tuoba Patriarch, what should we do now?"

A detached powerhouse said anxiously, with fear and anxiety all over his brows.

"Palace Lord Anyou and Tuoba Ancestor are both peak 2-level detached powerhouses, and they are the two most powerful strengths in our Southern Thirteenth Star Region. If they attack our Dark Clan, they will not be able to resist it with our cultivation base. stay."

"Yes, there is no news of the ancestors now, and the power of the origin of the continent is faintly showing signs of collapse. This is clearly a sign of the fall of the ancestors. What should I do?"

"This **** Tuoba Patriarch, when the Patriarch left, he said that he was invited by Tuoba Patriarch to go to the Darkness Mansion, but why are Tuoba Patriarch and the Darkness Palace Master coming together now? Against my dark clan?"

"And that Chen Shao, who is this person? When did my dark family offend this person?"

Several transcendences looked terrified and apprehensive.

In ordinary times, all the giants who are aloof, but at this moment, they are as frightened as children.

And when they were terrified and nervous.

On the Dark Continent, a gathering place of a certain power, a group of dark clan powerhouses looked up to the sky, and after seeing Qin Chen surrounded by the crowd from a distance, they were struck by lightning, and their eyes showed incredible colors.

"Dark... Lord Dark?" The voice of exclamation came from these people in an instant, and it froze for a moment.

[Chapter 5236: Dark Lord is not dead](#)

These people are none other than Sikong Zhen in the Sikong Holy Land in Heiyu Continent, Linyuan Supreme and others from the Linyuan Holy Sect.

At this time, they looked up at Qin Chen in the sky, and their eyes showed endless shock.

"It's really Lord An, there's nothing wrong, I'll never forget the look of Lord An in my life, why is he here?" Sikong Zhen said excitedly.

"Yes, it's him, but why is he with the people of the Anyoufu and the Tuoba family? Isn't he a member of the royal family of my dark family?"

Linyuan Supreme of Linyuan Holy Sect also trembled and said, his voice choked.

They will never forget Qin Chen's appearance. Back then, in Heiyu Continent, Lord Po Jun was born, and he led the throne to obliterate all their people from Sikong Holy Land and Linyuan Holy Gate. At that time, Lord An sacrificed himself and faced Lord Po Jun alone, leaving the hope of life behind. gave

They, let them return to the dark continent through the passage, and stayed in the initial universe alone.

One by one, they felt guilty, but they couldn't help.

Later, I heard that there was a world-shattering battle in the initial universe, and even Lord Black Demon Ancestor Emperor was alerted and forced to descend into the initial universe, and finally fell into it.

When Sikong Zhen and the others wanted to come, Lord An might have perished because of them, and even felt sad for a long time.

But who would have thought that they would see Lord An again today.

How can this make them not surprised and unhappy?

"Master An, you're not dead, it's great, it's really great."

Sikong Anyun said tremblingly, tears streaming down his face in an instant.

At this time, Qin Chen's eyes also fell on Sikongzhen and the others below.

"It's them?"

Qin Chen's heart moved slightly.

Back then, when he let Sikong Zhen and others go, he just wanted to leave some nails in the dark continent, but he didn't expect that he would directly leave the initial universe and enter the universe sea.

Seeing Sikong Zhen and the others again, Qin Chen was filled with emotion.

Seeing that there was no movement from the dark clan below, Patriarch Tuoba and Palace Master Anyou showed a hint of joy in their eyes, "It seems that you are not willing to surrender."

boom!

At the same time, a shocking detachment aura erupted from the two of them, and the detachment force like the ocean was suppressed in an instant.

The great formation that enveloped the dark continent vibrated violently, and the entire dark continent rumbled and roared, as if it was about to burst open in an instant, and the bottom

"And slow down."

At this moment, an astonishing roar resounded from the palace of the Dark Continent. The next moment, from the palace, several figures flew out quickly and came to the sky in an instant.

It is the dark patriarchs.

"Several, what did my dark clan do? I need you to do this. My dark clan has experienced so many years in the Southern Thirteen Star Territory.

The dark patriarch said angrily. "What did you do?" Palace Master Anyou sneered, "Your Dark Ancestor has committed a serious crime against Young Master Chen, and you have the face to say, today I will only punish the first evil, if you open the great formation and capture it with your hands, there may still be a chance of survival. ,no

Then... hum. "

A trace of murderous intent flashed in the eyes of Palace Master Anyou.

The dark patriarch and others sank in their hearts, seeing the posture of the Anyou Palace Lord and Tuoba Xiongba, how dare they open the big formation, with the protection of the big formation, they may be able to hold on for a while, but once the big formation is opened, they are almost certain to die.

.

"Everyone... my dark family..."

"Still talking nonsense, do it!"

Palace Master Anyou didn't wait for the Dark Patriarch to finish his words, and his big hand turned into a sky-reaching mountain and pressed it down. On the side, Tuoba Xiongba also started at the same time.

boom!

The two masters of the double detachment peaked together, and it was like a comet hitting the planet. In an instant, the entire dark continent vibrated violently, making an amazing explosion.

"Damn, stop."

The Dark Patriarch cried out in alarm, "Everyone, the other party wants to kill our Dark Continent. Let's all take action together and vow to live and die together with the Dark Continent."

boom! Under the leadership of the dark patriarch, the five detached powerhouses of the dark clan all landed in the eye of the dark continent, and their bodies burst into the sky with amazing dark auras. These dark auras quickly merged and turned into the sky.

The great formation enveloped the entire Dark Continent.

At this moment, they have already seen that Palace Master Anyou and Tuoba Aristocratic Family don't want them to have any way to survive, otherwise they would not have finished speaking to them at all, so they would just do it directly.

In fact, Palace Master Anyou and Tuoba Xiongba do have such a mentality. They wish that the Dark Clan would not surrender, otherwise, if they surrender directly, how can they express themselves in front of Qin Chen.

"Huh? I still want to resist, it really is the wolf's ambition, or whatever, if that's the case, it will kill you."

"kill!"

Palace Master Anyou and Tuoba Xiongba burst out together. With their angry shouts, the masters of the two major forces behind them shot together. In an instant, countless attacks came down, causing the entire Dark Continent to tremble violently. .

"Everyone, it's now the critical moment for the life and death of my dark clan. Sprinkle my clan's blood, condense my clan's soul, and defend against foreign enemies. I would rather die than retreat." , A terrifying dark aura emerged from all parts of the entire dark continent.

The power of darkness in the body.

The powerhouses of countless dark continents sat down one after another, and even the commoners, under such a force, began to stimulate the dark aura in their bodies.

Boom boom boom boom! In the whole world, countless dark magic lights burst out in an instant, and the magic lights rose from the sky, and they were continuously injected into the great formation of the entire continent.

Gathered above the sky, in an instant, the rolling dark ways converged and turned into a dark cloud, blocking the world.

In an instant, Palace Master Anyou and others felt that their attack seemed to be slammed into an invisible barrier, and it was instantly eliminated by half.

The remaining half of the power, although it is bombarding the great formation of this dark continent, can only be consumed a little bit, and it cannot be broken in a short time.

This made Palace Master Anyou and Tuoba Xiongba frown instantly.

This... Dark Continent's grand formation doesn't seem to be broken, doesn't it?

At this time, Qin Chen's brows were also slightly wrinkled: "This great formation of the dark family seems to be interesting?"

With his cultivation base, it is natural to see the specialness of this dark formation. It actually condensed the power of the entire dark clan, combined with the origin of the heavenly way of the dark continent, and formed a terrifying defense. It can be said that the dark palace lord and the others attacked not a specific person, but an entire ethnic group.

The forces are facing an entire ethnic group, no matter men, women, young or old, strong or weak.

"Young Chen, why don't you let your subordinates do it." At this moment, Tuoba's ancestor took a step forward and said in a deep voice, his eyes shining brightly.

[Chapter 5237: deserved](#)

At this time, Tuoba's ancestor couldn't help but be eager to try.

Originally, he thought that he had no chance to make a move this time, so he regretted it. Who would have thought that the opportunity would not come?

"Not for now."

Just as he was about to step forward, Qin Chen raised his hand and stopped him directly. "This..." Tuoba's ancestor said anxiously, "Young Master Chen, are you sure you don't have to do anything with your subordinates? This dark continent is beyond the power of the cosmic sea and is protected by the rules of heaven and the law of the cosmic sea. Now the dark clan's patriarch and others have combined with the dark continent.

The source of heaven, and the power of all ethnic groups, the defense formed is impregnable. With the cultivation base of Tuoba Xiongba and the others, it would take at least a few days to break through. Wouldn't it take you, Young Master Chen, to waste your precious time in vain? Qin Chen smiled and said, "Senior Tuoba, if the Dark Continent still needs your hands, then you are too underestimated. Moreover, although your remnant soul is now consolidated, it is only a wisp of remnant soul after all. One shot will consume

Some of the power of the source has to be used in more important places. "

When the words fell, Qin Chen immediately looked at You Qianxue and the others.

"How about we go up and see together?"

You Qianxue and the others nodded and said, "Let's go."

The group walked slowly in the void, and Fang Muling also hurriedly followed, followed by Qianxue, Ruyue, Sisi, and Wan'er.

"Less dust."

Seeing that Qin Chen came over the battlefield in person, Palace Master Anyou and Tuoba Xiongba hurriedly saluted.

"Young Master Chen, give us a little more time, and I'll promise to break through this great formation at the fastest speed." Raising his head, Palace Master Anyou said anxiously.

"These dark clans are too abhorrent. Seeing Young Master Chen coming, I don't know if they are obediently captured, they just don't know whether to live or die." Tuoba Xiongba also hurriedly said.

Both were afraid that Qin Chen would be dissatisfied with their speed. Qin Chen looked down, did not speak, but quietly stared at the dark continent below, staring at the force that used to be the biggest enemy of the initial universe, and was like a behemoth that shrouded the initial universe.

There is only endless emotion in my heart.

Once upon a time, this was a powerful enemy that made him feel hopeless.

now...

Qin Chen sighed in his heart.

"Everyone, if you don't make a move now, when you stand on the unified side of the Universe Sea, how long will you be helping Zhou?"

Qin Chen suddenly looked inside the dark continent and said coldly.

His voice was calm, but it was like thunder, and it was transmitted to every corner of the entire Dark Continent in an instant, resounding in the minds of everyone in the Dark Continent.

"what?"

"Who is Young Master Chen talking to?"

Palace Master Anyou and others were stunned, with doubts on their faces.

And the patriarch of the dark clan below and others, the pupils shrank even more, and they were shocked.

What's the meaning?

Before their thoughts fell, they felt a corner of the great formation that enveloped the entire Dark Continent, and suddenly there was a violent roar.

Boom... At the moment when this roar sounded, in an instant, several other roars were also passed from other corners of the Dark Continent, accompanied by a violent roar, the huge formation that originally enveloped the Dark Continent. all of a sudden

With a shock, there was a moment of turbulence and fluctuation in some places.

"Someone is destroying the big array eye." The dark patriarch was shocked, and immediately screamed in anger. With his eyes, he saw that in two core places in this dark continent, the original array eye was located. The clansmen there not only did not maintain the operation of the formation, but instead

Instead, it is destroying the existence of the array eye.

The formation of the entire Dark Continent, like a whole, requires that the entire continent clansmen make concerted efforts to integrate the power of the entire clan, so that it can be sublimated to a new level of rules.

Only in this way can they resist the attacks of the powerful who are far above them.

But now, someone is secretly destroying the eye of the formation, which makes the dark patriarch not surprised? The so-called embankment of a thousand miles was destroyed in the ant nest. No matter how strong the external attack was, the dark patriarch had the confidence to resist it, but the damage from the inside was as if someone had opened a gap on a solid embankment. The rules of this gap.

The mold may not be very large, but it can break the entire levee in an instant, causing it to collapse in an instant.

"Sikong Holy Land, Linyuan Holy Sect, what are your two forces going to do?"

Casting his gaze to the two core places, when he saw who the two clansmen who destroyed the forbidden area of their dark clan were, the dark patriarch roared.

This is actually the two major forces of Sikong Holy Land and Linyuan Holy Sect. Although these two major forces are not the top ethnic groups in the dark clan, they are also one of the core ethnic groups.

came an indelible impact.

"Dark Patriarch, you are doing the opposite, dragging my dark clan into the abyss. Now we are going to act for the sky, welcome Lord An, and bring light, hope, and future to the dark continent."

Sikong Zhen rose to the sky and said fiercely. "Yes, Lord An is a member of the royal family of my dark clan. He is now leading the Anyou Palace Master and Tuoba family to come here. He must have seen the crux of my dark clan. family heavy

Newly bathed in light. "Supreme Linyuan also rose into the sky, Hong Sheng said, and said righteously: "Dark Patriarch, if you are lost and know your way back, surrender and confess your sins now, and your soul can still be liberated, otherwise, you will fall into the abyss of endless sinking. be me

Eternal sinner of the dark race. "

"Return from the lost, surrender and plead guilty."

Behind Sikongzhen and Linyuan Supreme, countless clansmen from the two major forces also roared and bombarded the mainland's eye.

boom!

The dark continent vibrated violently, and the dark aura shot into the sky.

Above the sky, Palace Master Anyou and others were already dumbfounded.

I fuck...

what's the situation?

The dark clan turned against themselves? The dark patriarch's face was ashen, and he roared in alarm, "What is the dark master? What royal bloodline, do you know that what you are doing now is collaborating with the enemy, even the ancestors died at the hands of these people, what kind of royal family is that person? ,you

To do so would be a disgrace to my dark race. "

The dark patriarch is going crazy.

What royal family?

The royal family is the lineage represented by him as the patriarch. Apart from them, how can there be any other royal family?

"Hmph, you are the patriarch who will be shamed. As for the ancestor, if his death is really related to Lord An, it must be because the ancestor violated the purpose of my dark lineage and offended Lord An, he deserved it. ..."

Sikong Zhen shouted, and said justly and rightly.

Dark Patriarch: "..."

At this moment, he already understood that the royal family and the bloodline were all excuses. The purpose of the Sikong Holy Land and the Linyuan Holy Sect was to surrender to the enemy and survive.

"Death." With a roar, the dark patriarch stretched out his hand and took a picture of the location of the two major groups.

[Chapter 5238: how did you get in](#)

The dark patriarch stretched out his hand, and the monstrous palm power instantly came to Sikong Zhen and the others, directly above their heads.

boom!

In an instant, the void above the entire Sikong Holy Land boiled directly, and the space was like a rubbed cloth, squeezed and stirred frantically.

"not good!"

Below, everyone in the Sikong Holy Land felt a suffocating pressure, and the blood in their bodies was directly aroused, as if a giant mountain covering the sky was pressed down, and they were completely crushed.

"Do not."

There was endless fear in their hearts. Among them, the strongest patriarch Sikong Zhen is nothing more than the peak supreme.

, and they are only the supreme realm.

And the dark patriarch is the top one of the first-level detachment of the dark clan, and his cultivation has reached the peak of the first-level detachment.

One blow from such a master is enough to destroy their entire Holy Land.

"If you want to rely on outsiders and betray our family, you must have the consciousness of death."

The dark patriarch's face was ferocious, and his murderous aura was soaring. In the roar, his big hand turned into a radius of hundreds of millions of miles, and he suppressed it vigorously, targeting the entire Sikong Holy Land. With this blow, the entire Sikong Holy Land will be completely wiped out.

Because he knew that if he was not ruthless and resolute now, once other people studied in order to live and behave like they were, then his entire dark clan would really be finished.

"what!"

In an instant, under the pressure of terror, the bodies of the clansmen in Sikong Holy Land collapsed, unable to bear such a terrifying murderous intent, and turned into blood mist on the spot.

Even the top masters in the Sikong Holy Land such as Sikong Zhen, Sikong Anyun, Elder Luo Wen, and Elder Gu He had countless cracks in their bodies at this moment, as if their origin would collapse.

However, endless madness emerged in their eyes.

"For the future of the dark family, kill."

boom!

A group of them rose into the sky, knowing that they would die, but they still faced the attack of the dark patriarch.

"Little Supreme, also want to defy the sky? Then die for me."

The dark patriarch was ruthless, his big hand squeezed directly, and with a bang, in an instant, screams sounded, and more Sikong Holy Land clansmen exploded directly. Seeing that Sikong Zhen and others were about to be smashed to pieces by the dark patriarch.

suddenly...

"Those who want to kill Ben Young Master, have you asked Ben Young Master?" An indifferent voice suddenly resounded between heaven and earth. The next moment, a sword qi suddenly slashed and slammed into the big hand of the Dark Patriarch. Above, the sword light was invincible, and with a bang, the entire palm of the dark patriarch was

This sword qi was instantly cut open. The void vibrated, and a terrifying breath followed the explosion and quickly came to the dark patriarch. The dark patriarch looked surprised, his hands hurriedly slammed across his chest, and with a bang, the next moment, the dark patriarch retreated, his

There was a deep bloodstain on the arm, and the bones were deep.

"who?"

The dark patriarch and others were shocked and hurriedly raised their heads.

I saw a majestic figure suddenly walking step by step from the distant sky, and the figure stretched out countless double images in the void, as if it came from outside the sky, through the gate of infinity, and instantly descended over the dark continent.

It was Qin Chen.

"No...impossible, my Dark Continent has been blocked by the Great Array, how did you get in?"

Seeing Qin Chen appearing above the Dark Continent, an incredible light suddenly appeared in the dark patriarch's pupils.

Not only him, but the other detached pupils around the dark patriarch also shrank suddenly, showing unbelievable expressions.

Although the formation of the dark clan has been destroyed by Sikong Holy Land and Linyuan Holy Gate, the entire formation has not been broken yet. How did this guy break in?

Even Palace Master Anyou and Tuoba Xiongba in the sky were stunned.

The two shot together and bombarded the big formation in front of them. They heard a violent roar, and the whole big formation fluctuated violently, but they did not break open.

This... the formation is not broken?

How did the little dust get in? At this moment, Shangguan Wan'er, who had been following Qin Chen's back, suddenly laughed. She burst out with dark rays of light, and when she stepped out, she directly penetrated the invisible formation, as if she had passed through a thin film. Generally, came

Above the Dark Continent. Under the shocked gazes of the dark patriarch and others, Shangguan Wan'er said lightly, "What's impossible? This dark continent inherits the way of darkness. As long as you are the master of the dark rules, you can set foot on any part of the dark rules. one

Here, how can the mere formation of your dark clan stop me from waiting? "

Shangguan Wan'er said so, and already came to Qin Chen's side.

boom!

On her and Qin Chen, the power of endless dark rules rose to the sky in an instant. At that time, Shangguan Wan'er was cultivated by the ancestors of Yuanmo to be a test body with dark bloodline. She naturally has the rules of the dark family in her body.

The source still has the power of the dark rules.

As for Qin Chen, he has obtained the blood of the Dark King himself, and naturally he also controls the dark rules. When the dark formation was intact before, they might not be able to break into the dark continent, but under the destruction of Sikong Holy Land and Linyuan Holy Gate, this dark formation immediately had a flaw, and they were immediately seized by the opportunity. direct

into the mainland.

"Dark rules, really dark rules."

Seeing the power of darkness on Qin Chen and Shangguan Wan'er, countless members of the dark clan below exclaimed.

"Master Dark."

Sikong Zhen and the others looked at Qin Chen in the sky excitedly, and couldn't be more moved.

Back then in Heiyu Continent, Qin Chen sacrificed himself to protect them, but now, in order to save them, he was willing to go to Longtan and Tiger's Den alone.

Sikong Zhen and others could not describe the gratitude and excitement in their hearts.

"The mere two young people dare to break into my dark continent alone. It's good, then obediently die."

Under the anger of the dark patriarch, there was a burst of ecstasy in his heart, and he rushed directly to Qin Chen and Shangguan Wan'er.

He had seen it before that Qin Chen was the leader of this group of people. As long as he held Qin Chen, the crisis in the Dark Continent was likely to be resolved.

"Kid, die for me!" In an instant, the dark patriarch roared, and his figure instantly appeared in front of Qin Chen. With a bang, countless dark tentacles burst forth from his body. These dark tentacles were majestic and huge, like a long dragon. Normally, blasting the void, facing

Qin Chen came frantically. The endless darkness covered the world and Qin Chen in an instant.

[Chapter 5239: boring](#)

In an instant, the endless dark aura shrouded the sky and the earth, covering the sky over the entire dark continent in an instant.

Dark runes, each rune is as heavy as a thousand tons, as if it can traverse the ages. This dark patriarch can become the powerhouse of the entire dark clan after the dark ancestor, and his strength is naturally extraordinary. After the dark ancestor fell not long ago, he was blessed by the origin of the dark continent. At this moment, it is really like

A dark **** descended into the world, releasing endless darkness.

"boom!"

The tentacles filled the sky, and Qin Chen was completely wrapped in it in an instant, and the sun was nowhere to be seen.

"No, sir, be careful."

Below, Sikong Zhen and Lin Yuan Zhizun and others couldn't help exclaiming, each of them extremely anxious. They soared into the sky one after another, streaks of light soaring into the sky, containing top-level supreme power and madly slashing on the black tentacles that filled the sky, but the black tentacles were only a shock, and they easily shattered the attacks of Sikong Zhen and others in an instant.

Come on.

puff!

Sikong Zhen and the others flew out one by one, vomiting blood, and endless despair emerged in their hearts.

"It's over!" As the powerhouses of the dark clan, they can't be more clear about the strength of the dark clan leader. Their cultivation has already reached the peak of the first-level detachment. Overweight the strong

.

Now, although Lord An has broken through to the realm of detachment, in the Heiyu Continent, Lord An was only supreme. It can be seen that it has not been long since he broke through detachment, and now he is caught in the darkness of the patriarch, how can he stop it?

"Hahaha, boy, is this your arrogant bargaining chip? I don't know whether to live or die."

The dark patriarch laughed, his eyes were full of icy coldness, and the endless dark aura swept wildly, instantly entangled Qin Chen, and wanted to completely control Qin Chen and become his own puppet.

"Humph!" At this moment, a trace of excitement flashed in the eyes of the other two dark detachment from the dark family. The two of them sneered, their bodies swayed, and they flew straight over. With a bang, their big hands stretched out, Grab Shangguan Wan'er straight ahead

, obviously to take down Shangguan Wan'er.

Just before their big hands fell, they heard a burst of exclamation from the dark patriarch on the side: "What?"

There was endless astonishment in this exclamation, as if seeing something unbelievable. The two hurriedly turned their heads to look, and saw the void in front of them. After the boy was wrapped by the dark tentacles of the dark patriarch, the whole person didn't move at all, clack, like mountains.

Stir, but no matter how the dark tentacles stir, it cannot leave any traces on this person.

Clang clang!

The runes flickered, the rules circulated, and the dark aura around Qin Chen's body was impenetrable.

"No, how is that possible?!"

The dark patriarch let out a hysterical roar. In his perception, his dark tentacles seemed to be wrapped around a supreme sacred mountain.

"Darkness comes, devours ten thousand Taos, and destroys this seat."

boom! Under the eyes of the public, the dark patriarch roared, his whole body glowed, and the power of the source within his body was constantly surging, communicating with the source of the dark continent around him.

The constrictor was constantly wriggling, twisting and tearing.

crash crash...

The sound of the collapse of the void kept coming. The power of the black tentacles was so powerful that it smashed the surrounding void directly, forming a terrifying space storm.

However, it was useless, Qin Chen in the middle of this black storm was as motionless as a mountain, like a rock. "This is your method? The dignified dark patriarch has disappointed this young man too much, and yes, you fell into the abyss, accompanied by sin, obsessed, and wanted to bring the dark clan into endless destruction. Today, this young master will let you know

Now, what is the real power of darkness. "

boom! In the endless dark storm, Qin Chen took one step forward, and in an instant, a dazzling sword light burst out from Qin Chen's body. Each of these sword lights burst into a sky-shattering rainbow light, and it suffocated all the dark tribes. black

The power of darkness cut off these black tentacles instantly.

Boom!

The sword qi was like a rainbow, and it was a million miles across. The endless sword light with suffocating sword intent instantly slashed towards the dark patriarch.

"not good."

The dark patriarch's expression changed greatly, and his figure hurriedly retreated. But he was fast, Qin Chen's sword intent was very fast, in an instant, Qin Chen's sword light slashed on the dark patriarch, quickly annihilating the dark power in him, this amazing sword intent, a little bit infiltrated his flesh, His body was pierced and collapsed.

"You... Dark Guardian."

The dark patriarch looked at Qin Chen in shock and hurriedly roared. Countless dark forces surged from all directions in the dark continent and quickly gathered on him to stop Qin Chen's attack.

At the same time, the other two dark people who were facing Shangguan Wan'er's detachment also changed their faces, and turned around and hurriedly punched Qin Chen. .

"Hmph, your opponent is me!" Shangguan Wan'er sneered and took a step forward. Her whole figure was transformed into a round of black scorching sun, blooming with endless dark rays of light, instantly piercing these two dark detachments, making them The flesh burned directly into a black fire

Flame come.

"Ah!" The two roared in pain, their expressions full of anger and fear.

"Death!" On the other side, Qin Chen's body condensed endless black sword qi, which filled the sky like a torrential rain, and instantly imprisoned the dark patriarch. At the same time, Qin Chen's big hand pressed down directly and pinched it fiercely. Head of the Dark Chief

.

"No!" The dark patriarch was just pinched by Qin Chen, and immediately let out a shrill roar. He kept shooting, trying to break free from Qin Chen's shackles, but it was useless. No matter how he resisted, his attack fell on Qin Chen. Just like a mayfly

The tree couldn't shake Qin Chen at all.

"Oh, boring."

Qin Chen sighed. With his current physical cultivation, even a second-level detachment would not be able to break through his defense, let alone a first-level detachment like the Dark Patriarch.

"Go all the way." Qin Chen said indifferently.

Under the watchful eyes of the public, Qin Chen pressed down with his big hand, and with a bang, he forced the head of the dark patriarch to burst open, turning it into an endless source of darkness.

boom!

The entire dark continent was filled with boundless black blood rain, as if the end was coming. Above the Endless Continent, everyone was instantly dead silent, dumbfounded.

[Chapter 5240: Abandon the dark to the light](#)

At this moment, the entire Dark Continent shook violently, raining blood.

And Qin Chen's figure is like a god, standing above this endless sky, his clothes are flying, and it is deeply reflected in everyone's mind, which cannot be forgotten.

"Is that human being?"

At this moment, such a sentence emerged in the minds of all the dark tribesmen, and their expressions were sluggish.

The patriarch of their dark clan was killed with a slap, giving all of them an unprecedented shock, and a boundless despair rose from their hearts.

At this moment, they have a feeling that Qin Chen in front of them is the real darkness controller, and they are just ants under the shroud of darkness.

"boom!"

Qin Chen raised his hand, and the billowing source of darkness rose into the sky in an instant.

This is the origin of the dark patriarch. At this moment, his origin is slowly dissipating, and the amazing detachment and coercion are constantly circulating and integrated into this world.

If it is not swallowed or sacrificed in time, it will completely dissipate in a short period of time and turn into the source power of this dark continent.

"Well, there is actually the essence of the origin of this dark continent?" Qin Chen stared at the power in his hand, and his brows suddenly wrinkled.

The voice fell, and he suddenly extracted a pure power from this dark source.

boom!

As soon as this force appeared, the entire Dark Continent trembled violently. Obviously, such a force was inextricably linked to the Dark Continent.

"It's the heart of darkness in the patriarch's body, fused with the heart of darkness formed by the origin of the continent."

Seeing this power, the other four detachment masters of the dark clan were furious.

After the fall of the dark ancestor, the source of the dark continent lost its control, so the dark patriarch personally went to the place where the source of darkness was and merged into himself, forming such a heart of darkness.

It can be said that this Heart of Darkness can communicate with the origin of the Dark Continent, and once integrated into the body, it can control the entire Dark Continent.

"Heart of Darkness?" Qin Chen glanced at Shangguan Wan'er.

"Wan'er, you take this heart of darkness."

As soon as the words fell, Qin Chen raised his hand and instantly drove this dark heart into Shangguan Wan'er's body.

boom!

Shangguan Wan'er's whole body instantly exuded an endless terrifying dark aura.

This heart of darkness is the most precious thing in the dark clan, and Wan'er has practiced the rules of darkness. For her, this heart of darkness is definitely a great supplement, and it is also the most suitable for swallowing among several people.

As for Qin Chen, now the power of this dark continent has little effect on him.

After putting the heart of darkness into Wan'er's body, Qin Chen looked at the detached origin of the remaining dark patriarch, and turned to look at Sikong Zhen and others not far away.

"Master Dark!"

Sikong Zhen and the others were startled, and hurriedly saluted, endless worship emerged in their hearts. "You are not bad, you have abandoned the darkness and turned to the light, and you have followed this young master for so long, even if you see that your cultivation base is only the peak of the supreme, today this young master has fulfilled you, allowing you to step into the realm of detachment in one fell swoop and achieve supreme prestige.

His eyes instantly fell on Sikong Zhen and the others.

"go"

Qin Chen shouted in a low voice, and at the same time, he shot suddenly, and all the detached power of the dark patriarch was instantly penetrated into the bodies of Sikong Zhen, Sikong Anyun, and Linyuan Supreme.

"what!"

In an instant, the figures of Sikong Zhen and several people were directly suspended, and a terrifying detachment aura rose from their bodies and swept the four directions directly.

Above the sky, the rolling power of reincarnation was born, forming a terrifying cloud of robbery in an instant.

"What? The power of reincarnation?"

"Transcendence, Sikong Zhen actually had a detachment aura emerging from them, triggering the power of reincarnation."

"God, are they trying to break through the realm of detachment?"

Seeing such a scene, the countless powerhouses of the dark clan below all let out hysterical roars.

Because such a scene has completely surpassed their understanding.

Transcendence, in everyone's cognition, requires countless years of accumulation, astonishing opportunities, and even assiduous cultivation, in order to enter in one fell swoop.

Even in so many epochs after the Dark Continent was detached from reincarnation, the total number of detached powerhouses born was only about ten fingers, which shows how difficult it is.

But now, Qin Chen is going to let Sikong Zhen and others step into the realm of detachment, how is this possible? "Transcendence is the creation of the world, the reincarnation of the universe, mind, cultivation, accumulation, strength, etc. As long as one aspect is not enough, it will not be able to survive, even if it triggers the reincarnation of fate, it will not help, and will eventually quit

The power of fate is directly annihilated. "This person is not trying to help Holy Master Sikong and the others, he is clearly harming them. With Holy Master Sikong and their cultivation base, it is impossible for them to survive the calamity of life. Forcing the reincarnation of the calamity will only make them in the cloud of calamity." Ashes and ashes, turned into ashes

pink. "

"Reckless, too reckless."

Between heaven and earth, everyone watched this scene in shock, and even stopped fighting.

Whether it was the Dark Clan, or the Anyou Palace Master and others in the sky, they were all shocked, and the shock could not be added.

Because Qin Chen's actions were too heaven-defying, completely beyond their understanding and imagination.

"boom!"

Sure enough, above the sky, the terrifying power of reincarnation was born, and the next moment, the rolling robbery clouds slammed down in an instant, forming a terrifying reincarnation energy, which directly slammed into the bodies of Sikongzhen and others.

"what!"

Sikong Zhen and the others let out a shrill roar. Such a terrifying power of reincarnation entered their bodies, and they couldn't bear it for a while, and their bodies began to collapse little by little.

really...

Everyone who saw this scene sighed inwardly.

Qin Chen is too reckless.

However, deep in Qin Chen's eyes, there was a flash of confidence and disdain.

"Humph, is it the power of reincarnation?" Qin Chen stepped out and his big hand suddenly reached out. In an instant, the power of the Ten Tribulations Temple was quietly released in his body, and the breath that represented the tenfold reincarnation rose into the sky in an instant.

Boom! Above the sky, the rolling reincarnation life Jie Jieyun trembled after feeling the aura on Qin Chen's body. entered

Sikong shook the bodies of several people.

boom! In an instant, a terrifying aura of detachment surged out of Sikong Zhen's body. Moreover, after these reincarnation auras entered into their bodies under the suppression of Qin Chen, they became much docile, and they were not particularly strict at all.

's test.

"Ah!" Sikong Zhen roared several people, suspended in the air, and several people's bodies, detached aura, turned into giant dragons, roared and oscillated, and in one fell swoop, they crossed the change from supreme to detached, and entered the point of detachment from reincarnation. .
