

Valkyrie 5241

[Chapter 5241: Mother of Darkness](#)

Boom boom boom!

The astonishing roar continued to impact, and the breath of Sikong Zhen's body continued to pulsate.

"Transcendence, I want to achieve detachment?"

Sikong Zhen and the three felt the power in their bodies, they couldn't help being shocked, they couldn't believe their eyes at all.

"Um?"

However, Qin Chen couldn't help frowning.

Because he felt it keenly, when Sikong Zhen and the others broke through the realm of detachment, although they were not tested by the power of reincarnation, but after the power increased to a certain level, the growth actually stagnated.

"Still not working?"

Qin Chen's eyes narrowed. "That's right, Sikong Zhen and the others were only peak supreme before, and they didn't even break through half a step of detachment. Now, although they have forcibly penetrated the origin of the dark patriarch's first-level peak detachment, they want to step into the detachment realm.

, is not so easy. "

Detachment is already a giant-level figure in the entire universe, and its breakthrough is so difficult that it is by no means easy to overcome.

Otherwise, Di Shitian, Po Jun, and others of the dark clan would not have spent so much energy invading the initial universe if they wanted to break through detachment.

Just relying on the origin of a first-level peak detachment, it is impossible to cultivate three detached powerhouses at one time.

"It seems that the power of the source is not enough."

Qin Chen was thoughtful, and his eyes instantly turned to the first-level detachment of the other two dark clansmen who had previously attacked Shangguan Wan'er.

The source is not enough, the quantity is to make up.

The dark patriarch's first-level peak detachment source is indeed not enough for Sikong Zhen and the three to enter the detachment realm together, but what if they add two first-level detachment sources?

Among the three major first-level detachments, there is also a first-level peak detachment. In addition to the power of his Ten Tribulations Hall and the power of the source of this dark continent, Qin Chen still does not believe that he cannot cultivate three detached powerhouses.

Thinking of this, Qin Chen didn't have any hesitation at all, and his big hand directly moved towards the two detached powerhouses of the dark family.

boom!

The terrifying power of darkness was like a tsunami, directly drowning the two of them.

Under Qin Chen's breath, the two looked extremely terrified, and they didn't have the courage to confront each other.

Just before they could rush out, suddenly there were two puffs. At this moment, two sharp black claws protruded directly from behind the two of them, piercing their chests, and the terrifying power of darkness was frantically annihilating their breath of life.

"you..."

The two dark people turned their heads in disbelief, and saw that the two dark detachments who had not attacked Shangguan Wan'er before, with hideous faces, had pierced through their bodies fiercely.

"why..."

The two dark detached eyes looked at them with despair in disbelief.

"Ancestral Emperor Heishi, Ancestral Emperor Heiyuan...you...why?"

They really don't understand.

"Why?" The Ancestral Emperor Heishi and Heiyuan Ancestral Emperor had endless madness and coldness in their eyes: "This dark continent has been shrouded in the night for too long, and the old ancestor and the patriarch are stubborn and brought our dark clan into the endless abyss and

In the darkness, now Lord Dark is back, to bring our dark family to endless light. "I was previously blinded by my ancestors and didn't know how to abandon darkness to light, but now I have finally come to my senses. Under the leadership of Lord An, my dark continent will usher in a bright future. Dark Lord and him

The Hongyan's actions are already a stumbling block on the road of my dark continent to the light, so you must die. "

boom!

The two looked ferocious, and the terrifying dark rules raged wildly in the two dark detached bodies, strangling their bodies into nothingness in an instant.

"You... don't deserve to be my dark clan, and you are willing to surrender in front of foreign enemies, **** it!" How did these two dark detachments not understand at this time, what abandoned the dark and turned to light, and what came to their senses, everything is nonsense, and the most fundamental reason is the Ancestral Emperor Heishi. The two guys, Heiyuan Ancestral Emperor, are greedy for life and fear of death, and choose before life and death

Abandoned the clan, took refuge in the enemy.

This makes them not angry in their hearts.

"burst!"

Before dying, they looked crazy, and they were about to detonate their own origins in an instant.

Even if he couldn't survive, he would never make it easier for the two traitors, Ancestral Emperor Heishi and Ancestral Emperor Heiyuan.

"Hmph, in front of this young master, do you still want to blow yourself up?"

At this moment, a cold voice came, it was Qin Chen, he reached down with his big hand, and the rolling power of rules circulated, with an amazing dark breath, suppressing these two detached origins in an instant, and he couldn't even self-destruct do it.

"go!"

boom!

Qin Chen mobilized the source of darkness, and the terrifying power of thunder in the palm of his hand bloomed, annihilating the will of the two, and then the two sources of darkness and detachment were instantly penetrated into the bodies of Sikong Zhen and the three of them.

"Ah!" The originally stagnant cultivation base of Sikong Zhen and the three of them rose again, and the three major transcendence sources entered the body of the three of them, including the dark patriarch's first-level peak transcendence origin, and the three of them were all from the dark clan. strong,

The dark patriarch even integrated part of the origin of the dark continent.

The combination of several major forces caused the origin of Sikong Zhen to instantly transform, truly entering the realm of detachment.

boom!

The endless aura swept the four directions, Sikong Zhen, Sikong Anyun, and Lin Yuan Zhizun all floated in the air, feeling themselves in surprise, then bowed respectfully to Qin Chen, and said excitedly: "My subordinate, I have seen Lord An. ."

"Get up, and lead your subordinates to quickly incorporate the entire Dark Continent. All rebels will be killed."

Qin Chen narrowed his eyes and said coldly.

"Yes!"

Without Qin Chen's orders, Sikong Zhen and the others brought Sikong Holy Land and Linyuan Holy Sect disciples to quickly suppress other ethnic groups in the Dark Continent. And the Ancestral Emperor Heishi and Heiyuan Ancestor also hurriedly came to Qin Chen, and immediately knelt down: "Heishi, Heiyuan, I have seen Lord An, and from now on, I would like to abandon the darkness and go to the light, follow Lord An, and saddle up for Lord An. , as thin as possible

Power. "

Ancestral Emperor Heishi and Ancestral Emperor Heiyuan lowered their heads deeply, and the two of them restrained their breath and did not dare to resist, as if they were being slaughtered by Qin Chen.

Qin Chen squinted and glanced at the two of them, and I have to say that the two of them were not weak in their vision, and their methods were ruthless. In order to steal their lives, they killed the other two dark detachment by sneak attack.

"pity..."

Qin Chen stared at the two of them, a coldness flashed in the depths of his eyes, and suddenly raised his hand, two terrifying dark auras instantly enveloped the two of them, smashing their bodies to pieces.

At the same time, a thunder light bloomed, annihilating the souls of the two in an instant.

"why?"

Ancestral Emperor Heishi and Ancestral Emperor Heiyuan widened their eyes before they died, not understanding the purpose of Qin Chen's actions.

As the detachment of the dark family, the two of them are willing to surrender, so why kill them?

"I, under Qin Chen, will not keep despicable people like you."

Qin Chen said indifferently, the terrifying power directly penetrated the two, and then sent the origin of the two to Shangguan Wan'er in an instant.

"Wan'er, the origin of these two people will be handed over to you, and quickly control the origin of this dark continent." Qin Chen said condensedly.

"Okay!" Shangguan Wan'er took a step forward, and the amazing dark atmosphere around her burst out like wings. The endless darkness surging in her pupils instantly turned into pitch black, and she and the origin rules of this dark continent quickly changed. merged in

Together.

boom!

In an instant, Wan'er's aura soared in an instant, reaching a level of transcendence in an instant.

At this time, the three of Sikong Zhen had already suppressed the entire Dark Continent ethnic group, and quickly returned to Qin Chen. They knelt down on one knee and saluted, "I have seen Lord An, I have seen... the Mother of Darkness!" Three People looked at Shangguan Wan'er not far away in horror. They had a feeling that the dark continent at the moment had merged with the woman in front of them. As long as the other party had a thought, they could decide the life and death of the three of them, or even the entire dark continent. .

[Chapter 5242: long term](#)

"Less dust."

At this time, Palace Master Anyou, Tuoba Xiongba, and Tuoba Ancestor also descended one after another, and came to Qin Chen's side in an instant, saluting respectfully, and at the same time, their faces were speechless.

Originally, they wanted to take advantage of this opportunity to show themselves in front of Qin Chen, who knows... without them having a chance to show, Qin Chen has already conquered the entire dark continent.

What happened to this...

At this moment, Sikong Zhen and the others felt the terrifying aura of Palace Master Anyou, and couldn't help but tremble and dare not move.

These are all big names that can only be heard in legends.

In the void, Qin Chen looked at Sikong Zhen and a few others, and smiled slightly: "You guys...well."

Qin Chen was still very satisfied that Sikong Zhen and the others could defect.

"It is my honor to be able to do things for the young master." Sikong Anyun said hurriedly.

"Master?"

Qin Chen smiled, this is really a long-term title. He looked at the people in front of him, as well as those who were in Heiyu Continent, Feiye, Divine Phoenix Fairy, and the others, and smiled slightly: "Now, the Dark Continent is settled, I will not go to everything in the Dark Continent. tube, everything will

Leave it to your two major forces to manage. "However, both the Anyoufu and the Tuoba family in the Southern Thirteen Star Territory have surrendered to Young Master Ben, who will unify the entire Southern Thirteen Star Territory. The Dark Continent was also a force in the Southern Thirteen Star Territory before. also unified management, you all

Be smart and should know what to do. "

Sikong Zhen and others hurriedly knelt down, "Don't worry, Lord An, I will do my best to serve you, Lord."

"That's good, let's go, go to the origin of your dark continent first." Qin Chen said directly.

As long as you control the origin of the entire Dark Continent, the life and death of the entire Dark Continent will be in your hands.

"Yes!"

Sikong Zhen and the others said without hesitation.

Immediately, a group of people, led by Sikong Zhen and others, went to the origin of the Dark Continent.

With the intelligence of Sikong Zhen and others, even if they didn't feel anything wrong in the Heiyu Continent at the beginning, seeing Qin Chen bringing Anyoufu and Tuoba Family to attack the Dark Continent, they should actually have doubts about Qin Chen's identity.

But Qin Chen's words have been made very clear before. They are all smart people. As long as they are obedient, Qin Chen will naturally not care if they doubt him.

Under the current circumstances, it was no longer important whether Sikong Zhen and the others were suspicious.

Soon, Qin Chen and others came to the origin of the Dark Continent.

boom!

Ahead, there is a vast abyss, and the rolling darkness is surging, like a dark ocean.

This is the birthplace of the origin of the Dark Continent, and it is also the place where the dark ancestors retreated for so many years.

If you want to go to the initial universe through the dark continent, you must first control the source of darkness here, otherwise the channel between the two will not be able to communicate at all.

After all, this time Qin Chen was going to bring a lot of people back to the original universe. With such a huge amount of energy, he had to build an extremely stable channel, otherwise it would be troublesome if the channel collapsed in the process of coming.

And when Qin Chen and others controlled the Dark Continent.

Underworld.

Along with the passage of the Demon Realm, countless armies of the Underworld gathered on this pitch-black open space like dense locusts.

And in the dark mountain range in front of the open space, a figure with endless death energy stood here.

It is the ancestor of Yuanmo.

"Senior Wangu Mingzu, the channel connecting the underworld to the initial universe is in Guiming Mountain."

Ancestor Yuanmo looked at the void in front of him and said in a deep voice.

"Oh?"

The skull crystal was suspended in an instant, and quickly came to the void in front of it. A cold, dark air suddenly emanated from the entire crystal, and slowly penetrated into the void in front of it.

hum!

I saw that the void in front of me suddenly vibrated, as if it had touched a certain water surface.

"really..."

The pupil of the skull crystal suddenly lit up.

"I didn't expect that in this Guiming Mountain, there is actually a passage leading to the initial universe. I really didn't expect this ancestor."

Wangu Mingzu got excited.

A passage to the outside, which means that people in the underworld can communicate with the outer universe through this place.

After all, the underworld is a special existence for the universe sea. Under normal circumstances, the two worlds of life and death cannot be connected.

"Please also ask the seniors to open this channel."

Ancestor Yuanmo stepped forward.

"Very good, you only need to mark the space coordinates of the initial universe, and this ancestor can find the location of the space coordinates and open up the passage between the two worlds." Wan Gu Ming Ancestor said.

Immediately, the ancestor of Yuanmo came forward, and his divine soul directly began to communicate where the initial universe of demons was.

initial universe.

Demon world.

Since the Demon Realm was captured by Qin Chen back then, the Demon Realm today has been completely controlled by the Lord of the Abyss, and the Demon Race has become one of the ten thousand races in the universe, and there is no more war.

In the years since Qin Chen left, the initial universe has continued to develop peacefully, and many young geniuses and powerhouses have emerged, looking prosperous.

At this moment, in a hidden place somewhere in the Demon World.

With a humming sound, the void of this world suddenly swayed, and a special magic energy lingered, as if being summoned by something.

boom! From the bottom of the secret place, a magic source rose up, and this magic source quickly turned into a black hole. There was a certain group of demons living here. devoured in an instant

Once inside, the entire group turned into nothingness in an instant.

Underworld!

Ancestor Yuanmo's eyes suddenly opened: "Senior, I have already marked it."

"Well, I feel that conquering an initial universe is not bad, and it can be regarded as adding some fun to a boring life."

Wangu Mingzu let out a weird smile, and with a buzzing sound, the invisible breath of the underworld burst out from the skeleton crystal, and instantly turned into a large formation to block the entire Guiming Mountain.

At the same time, the void within a radius of 10,000 miles surged rapidly, and a death passage instantly appeared between the universe, the passage continued to spread inward, and it seemed to be connected to an unknown void world.

"Senior, how long does it take to get through the passage?" Yuan Mo's ancestor couldn't wait to ask.

"Give me a few days to connect the two worlds of life and death. It is extremely difficult. Fortunately, you are a creature in that world. Otherwise, if you force the passage between the two worlds, the rules of the universe sea will have a strong backlash against me. Don't be in a hurry."

Wangu Mingzu said solemnly.

"Yes, senior."

Ancestor Yuanmo was anxious, but there was nothing he could do, because if it was him, it would take longer to get through this channel, and it would be impossible without a few months.

"How many days?"

The ancestor of Yuanmo laughed savagely: "Well, let Xiaoyao Supreme and that kid be arrogant for a while, and soon, the ancestor will come in a strong way, quack, Jie Jie Jie!" The world reverberated in an instant.

[Chapter 5243: real woman](#)

And when the ancestor of Yuanmo was trying his best to attack the initial universe.

Demon world.

The Lord of Abyss Demon, who was in the abyss of the Demon World, suddenly opened his eyes.

"What happened? Why did my heart suddenly feel so terrified, no, there must be something wrong in the demon world."

The Lord of Abyss Demon suddenly stood up, took a step forward, and in an instant he came to the endless sky of the Demon Realm.

He opened his eyes, and between his eyebrows, a terrifying rainbow burst out in an instant, covering the entire Demon World Continent in an instant.

Today's demon world is under his control. As long as he is willing, with a single thought, he can perceive any corner of the entire demon world.

"That's..." The next moment, the Lord of the Abyss Demon saw the terrifying demon source suspended in the remote part of the demon world, and a unique space aura lingering around the demon source. The horror of this space aura, let have reached half-step detachment

There was a strong palpitation in the heart of the Demon Lord of the Abyss.

His whole face changed greatly, his figure swayed, and in an instant he descended into the sky above this sky, and looked solemnly at the demon realm below.

In front of him, the demonic void in this place seemed to be independent of the original universe, and a huge black hole was constantly lingering and spinning, emitting a heart-pounding aura of death.

"How can there be such a strong aura of death in my demon world?"

The Lord of Abyss Demon was startled. Before he came to this black vortex, a cold light flashed in his eyes, and his big hand grabbed directly towards the dark vortex in front of him.

boom! In an instant, the source power of the entire Demon World was mobilized by him, and the terrifying Demon World Heavenly Dao kept coming together, causing the entire Demon World to rumble. this point

Above the black vortex.

The next moment, the face of the Lord of Abyss Demon changed drastically. A force so powerful that he couldn't react at all swept in. In an instant, the Lord of Abyss Demon was slammed and flew out. He opened his mouth and spat out a mouthful of blood. With a bang, his body slammed into the void. medium, almost

Collapsed on the spot, the entire Demon World Continent was trembling violently, and countless mountains and the earth shattered directly, as if the end was coming.

And the black vortex was unscathed.

The Lord of Abyss Demon stabilized his figure, and his body was quickly repaired under the treatment of the origin of the demon world, and soon returned to its original state, but there was boundless horror in his pupils.

"This power... is the breath of the ancestors, the ancestors."

He is very familiar with the ancestors of Yuanmo, the Lord of Yuanmo. Although there is an endless and terrifying aura of death in front of him, he still keenly senses the breath of Yuanmo's ancestors.

"No, you must send a message to Chendi Pavilion."

The Lord of Abyss Demon did not dare to be careless, and immediately sent out the message, and then guarded in front of this black vortex.

After a while.

boom! In the void above the Demon Realm, a vast river of space appeared. The long river was vast, directly running through the entire initial universe. The next moment, from the vast river, two silhouettes appeared in an instant, and they entered in an instant.

in the demon world.

It is the black slave and the sword ancestor.

"Lord of Abyss Demon, why are you calling me here urgently?"

As soon as the black slave came up, he said in a deep voice.

In terms of cultivation, although the black slave is not the top, but because of his special status in Chendi Pavilion, his status is undoubtedly extremely high.

"Look at both of you."

The Lord of Abyss Demon pointed to the black vortex in front of him. In fact, it is not necessary for him to say that the black slaves and the others have also seen this terrifying black vortex, blocking one side of the void, and forming two independent worlds from the initial universe.

"This is..."

Jianzu narrowed his eyes: "What a strong death breath."

"Not only the breath of death, but also the power of the ancestor's origin." The Lord of Abyss Demon said solemnly.

Hearing this, the two of them were shocked.

Ancestor Yuanmo?

This is a terrifying name that has shrouded the initial universe for countless thousands of years, like a mountain, suppressing the entire universe sea. Jianzu narrowed his eyes: "In those days, the ancestor of Yuanmo was chased by Xiaoyao Supreme and Qin Chen, and was forced to escape from the initial universe and escaped into the underworld. This cave in front of me contains such a terrifying aura of death, could it be... Yuanmo Lao Ancestors from the underworld

Return of the world? "

Thinking of this possibility, the two couldn't help but gasp.

How is this possible?

To enter the underworld from the demon world, you only need to open a channel, but returning from the underworld to the sea of cosmos is by no means easy to do.

"It has to be destroyed."

Jianzu shouted loudly, and a terrifying sword energy suddenly appeared in his hand, slashing down against the black vortex.

With a bang, the next moment, Jianzu flew out at an amazing speed, directly smashing the void, cracks appeared in the flesh, and a mouthful of blood spurted out.

"Hi!" The two of them sucked in the air. After Xiaoyao Supreme and Qin Chen left, Jianzu was already the top powerhouse in this initial universe. He had already reached the peak of half-step detachment, and he was only one step away from detachment. far away, but now,

He couldn't even break the black vortex, and he was injured in an instant.

The black slave's heart sank completely. If the ancestor of Yuanmo really returned from the underworld, it would be a huge disaster for the entire initial universe.

"Immediately convene Chendi Pavilion and all the powerhouses in the initial universe to discuss a solution."

The black slave said anxiously.

And when the black slaves were anxiously summoned.

outside the original universe.

Gaia's black hole.

Three magnificent figures quietly appeared here.

These three figures stand outside the black hole of Gaia, and the terrifying devouring power emanating from the black hole cannot bring fatal damage to the three at all.

"It really is a Gaia black hole."

Among the three, an old man with a ruddy face was wet with tears and said excitedly.

Around him, there are amazing auras of destiny, which actually turned into essence and surrounded him.

Hearing his words, a graceful, holy-looking woman with an outstanding figure next to him hugged him and said softly, "Tianji, is this your hometown?"

The old man who was called Tianji nodded, "Yeah Linglong, I can't imagine that after billions of years, I will be able to return to the original universe." His eyes were full of emotion, and he looked at the person beside him with love. Woman: "Linglong, if it wasn't for you back then, I might have fallen into this vast sea of cosmos long ago, and it is because of you that I can meet Xiaoyao,

Going back to the original universe, you gave me new life and everything. "

"Tianji, what do you and I talk about so much?"

This mature woman called Linglong stroked the old man's face: "I also want to thank you for letting me know what a real woman is."

On the side, another middle-aged man touched his nose and couldn't help but said, "Pavilion Master Tianji, Sect Master Linglong, should we... be on our way?" If Qin Chen was here, he would definitely be surprised, because this person is not someone else. It was actually the Joyful Supreme that he had been searching for.

Chapter 5244 is finally back

"Let's go!"

Pavilion Master Tianji and Sect Master Linglong looked at each other and smiled. The two stepped out holding hands and entered the black hole of Gaia in an instant.

Xiaoyao Supreme touched his nose, and immediately followed, and disappeared in an instant with one step.

At the beginning, he and Qin Chen were chased and killed by the Heiyu Ancestor Emperor and separated from each other. Later, they were seriously injured in the black hole and fell into a secret realm inadvertently.

And Xiaoyao Supreme's cultivation base was originally only one step away from the realm of detachment. Later, in this secret realm, he saw a divine medicine that is unparalleled. .

Naturally attracted a group of terrifying adventurers.

There are even detached masters among them.

It is naturally extremely difficult to compete for such a magical medicine among such powerhouses.

However, the peculiar thing is that this divine medicine has already been born with vague intelligence, it will choose its own owner, and it can sense the destiny between heaven and earth.

Xiaoyao Supreme was considered a legend in the original universe back then. He was a genius in both civil and military affairs. He had a strong talent in refining medicine, but he was suppressed by the origin of the original universe.

After coming to this sea of cosmos, it was like a fish in water, and it was actually recognized by countless warriors for this magical medicine.

But he also suffered from the pursuit of many powerhouses, and even the detached powerhouses attacked him, trying to obliterate him and take away the magic medicine.

Xiaoyao Supreme was seriously injured and fled all the way. It was really horrible to see. If it wasn't for the barren sky tower transformed by Qin Yuechi who could withstand a or two, he would have already become ashes. Even so, Xiaoyao Supreme was still horrible to watch, and his origin was almost broken. .

But also because of this chase, he had a deeper understanding of the detachment realm. In a secret place in the secret realm, he used the magical medicine to directly break through the detachment realm, and killed the one who was chasing him. The name transcends.

Among the many powerhouses who besieged him, he sensed a familiar power of destiny in one of them, and out of curiosity, he learned that he was a person from the Linglong Shenzong.

After Xiaoyao Supreme left this secret realm, he first searched for Qin Chen's trace, but after searching for a long time, he could not find any news. In desperation, he planned to go to Linglong Shenzong to find out.

As a result, in Linglong Shenzong, he accidentally discovered the Tianji Pavilion Master.

After learning about the experience of Tianji Pavilion Master, Xiaoyao Supreme couldn't help but feel very emotional. After he couldn't find Qin Chen, Xiaoyao Supreme also decided to go back to the initial universe first, because he knew that if Qin Chen got out of trouble, he would definitely return to the beginning. cosmic.

Gaia's black hole.

At this moment, the power of the terrifying black hole washed over the three of them, but it was unable to hurt the three of them at all.

Because the three of Xiaoyao Supreme are already detached powerhouses, and they are above the cosmic sea, and ordinary cosmic sea celestial bodies can no longer cause them much damage.

The master of the Tianji Pavilion held the hand of Sect Master Linglong, looked at the power of the black hole that flew quickly around, and said with nostalgia: "Linglong, I ventured out of the initial universe from here, and it seems that I will successfully leave Gaia's black hole, But I was suddenly swept away by a vortex of space, and I thought I was going to die. Who knew that when I came back to my senses, it appeared in Linglong Shenzong and fell directly into your sect."

Sect Master Linglong chuckled, looked at Pavilion Master Tianji with love, and intertwined his fingers with him: "I still remember that scene, I was taking a bath, and you suddenly fell into my fairy pond and drank a lot of my bath. water."

"Yeah, your Linglong Shenzong's Linglong Immortal Pond contains terrifying energy. It choked me a few times at the time, and I almost didn't burst." Tianji Pavilion Master sighed.

Sect Master Linglong giggled, "You are so daring to actually peep at me in the shower, according to my previous temperament, I must have torn you to smithereens long ago, but at that time, I don't know why, I didn't kill you, but let you stay there. Zong Nei was a hard laborer to pay his debts, but you tried to please me everywhere, and I actually thought it was quite interesting."

Pavilion Master Tianji smiled and said, "You also know that what I cultivate is the power of destiny. In fact, I secretly used the art of destiny to understand your preferences. I hope you can let me go."

"Do you think I don't know? You weren't even detached at the time, how many of your little actions could you hide from me? I just thought you were funny, but I didn't expect that the two of us would actually..."

Speaking of which, Sect Master Linglong lowered his head and smiled shyly.

aside.

Xiaoyao Supreme has a black line on his face: "..."

What has he done wrong? Want to listen to a story like this all the way?

The experiences of the two of them in those years, Xiaoyao Supreme have listened to it back and forth at least ten times along the way, and they are still so enthusiastic about it.

"Pavilion Master Tianji, Sect Master Linglong, the front of the initial universe is almost here." Supreme Xiaoyao hurriedly said, interrupting the two of them.

"Oh, oh, good."

Pavilion Master Tianji and Sect Master Linglong nodded one after another, and then they came back to their senses.

boom!

The next moment, the three of them saw the end of the Gaia black hole in front of them, and the Gaia black hole came out, which was the initial universe.

The three stepped out in unison and entered the initial universe in an instant.

"Tianji, is this the original universe you were born in?"

Sect Master Linglong said with a smile, looking up at the initial universe.

But when she saw it, her face couldn't help changing.

"What a strong death breath?" Xiaoyao Supreme also changed color, because as soon as he entered the initial universe, he felt a strong death breath, as if it was about to descend on the entire initial universe.

If it was his original cultivation, he would naturally be unable to sense such changes, but he is now a detached powerhouse, above the rules of the sea of cosmos, and immediately discovered that something was wrong in the initial universe.

"That's... the direction of the Demon World."

In an instant, Xiaoyao Supreme sensed the location where the breath was coming, and it turned out to be the location of the Demon World.

However, didn't the ancestor of Yuanmo have already left? What happened to the demon world?

For a time, Xiaoyao Supreme was in a hurry.

"Walk!"

Without saying much, Xiaoyao Supreme took a step forward and flew towards the demon world in an instant, and at the back, Sect Master Linglong took the hand of Pavilion Master Tianji: "Tianji, don't worry, with me, I will never let anyone Man destroys the universe in which you were born."

"Yeah." The Master of the Heavenly Secret Pavilion nodded.

The two of them flickered and followed Xiaoyao Supreme.

Demon world.

At this moment, countless powerhouses have gathered here, and everyone looks at the huge passage vortex in front of them with horror.

In the past few days, the black slaves have summoned countless powerhouses in the initial universe, including Jianzu, Wuji Supreme, Chaos Supreme, Divine Worker Supreme, and others, and summoned all races in the universe to prevent this death vortex from coming, but there is absolutely no way.

At this moment, in this death vortex, the endless breath of death surged out in an instant, and it increased at least several times in an instant.

boom!

A vague figure projected from the vortex.

"Hahaha, this Demon Ancestor is finally back."

A loud voice resounded through the entire Demon World in an instant.

[Chapter 5245: give me death](#)

At this moment, the entire initial universe shook, and the endless void rose and fell like a tsunami. Under the eyes of the public, a vast figure projected from the endless black vortex, and vaguely descended on Fang Yu.

Eternal Sky and Earth was projected into the sky of the entire Demon Realm.

It is the ancestor of Yuanmo.

He was in high spirits, and his body was incomparably majestic, like a giant pillar that lifted the sky. On him, black robes hunted and ripped apart the void, like a god, surging from the black vortex.

boom!

Before his real body came, the endless demonic energy had already surged into the sky, rolling up a huge wave, and the vast demonic power swept out, causing the black slave and others to change color.

"The ancestor of Yuanmo is the ancestor of Yuanmo!"

"He actually came back from the underworld?"

Jianzu and the others were furious, and their hearts were agitated, and their whole body was chilled by such a breath.

Although it was expected, when the ancestor of Yuanmo really returned from the underworld, all the hairs on everyone in the entire initial universe stood up, and they felt endless horror.

It is because the oppression that the ancestors of Yuanmo brought to the entire initial universe is too terrifying.

In the hands of many epochs, this is a terrifying powerhouse who almost destroyed the initial universe, and almost destroyed the people of all races. When everyone looked at it, they could see that after the endless black vortex void, there seemed to be a dark world. In that dark world, the world was gloomy, like a dead silence.

The breath of death.

It seemed to be an underworld.

And from that underworld, the ancient ancestor of Yuanmo stood tall and gigantic, crossing the long river of space, crossing the boundary between life and death, and attacked strongly.

"Stop him."

Jianzu and others shouted angrily, and they rose into the sky one by one.

Once the ancestors of Yuanmo return, the entire initial universe will fall into war again, with many dangers.

"Tongtian Sword Qi!"

The sword ancestor roared, bang, and in an instant, a giant sword that reached the sky appeared, linking the sky and the earth, standing in the endless cosmic space, and slashed at the ancient ancestor of the ancient demon in the black vortex. . At the same time as Sword Ancestor took action, the masters of Yuan Demon, Wuji Supreme, Chaos Supreme, Divine Worker Supreme, Ji Wuxue and other powerful people from all ethnic groups all shot together, and the terrifying attacks that were enough to destroy the demon world gathered together. Immerse directly

In the black vortex.

"Hahaha, a group of ants also want to prevent this ancestor from returning." In the endless whirlpool, the loud laughter of Yuanmo's ancestor sounded. The detached aura that rolled up filled the air, and with a bang, a shocking roar was heard.

Across the world, the big hand of the ancestor of Yuanmo directly grabbed everyone's attack, and then squeezed it fiercely, which broke everyone's attack in an instant.

Boom! The terrifying aura was surging, and an aura of transcendence swept out wantonly, impacting the ancestor of Yuanmo, but it did not cause him the slightest harm. Moreover, the swept shock swept through the black vortex.

When they came out, Jianzu and others were shocked, and they retreated one after another, each spurting blood on the spot, and their expressions were shocked and angry.

With one blow, the ancestors of Yuanmo smashed their attack and sent them flying. How terrifying is this? In the original universe, although the strength of the ancestor of Yuanmo was sky-high, with the strength and cultivation of Jianzu and others, he could at least fight him, but now, the opponent can annihilate everyone's joint strike with one move, so that strength has

Jing far surpassed everyone present.

"Transcendence, this is definitely the power of detachment."

"Ancestor Yuanmo actually broke through and transcended?"

"What exactly should we do?"

In an instant, despair appeared in everyone's heart.

Is this detachment? Don't say Qin Chen and Xiaoyao Supreme are gone, even if they were, the Dark Demon Ancestor Emperor of the Dark Clan came, and instantly repelled the powerhouses of the entire initial universe. Now that the Yuanmo Old Ancestor is back, who else is in this initial universe? can with enemy?

"Retreat, return to heaven."

"go back!"

The black slave roared, and a group of people rose into the sky in an instant, directly opening the long river channel of space, stepping into it in one step, preparing to give up the demon world and return to the heaven.

This is the back-up plan for everyone. It was decided when the black vortex could not be destroyed. Once the enemy was invincible, they would retreat to the heaven and hold their positions.

At the same time as they retreated, a terrifying formation was formed above the demon world, which instantly turned into a large formation, shrouded the demon world and trapped the entire demon world in it.

At the moment when this great formation was formed, the entire Demon World shook violently, and a pitch-black figure emerged from the black vortex, appearing in the Demon World in an instant.

In an instant, the entire demon world boiled, like boiling water, and the entire demon world was rumbling under this man's breath, as if it could not bear his power.

"Well, Demon Realm, this ancestor has finally returned. This time, all the worlds and the world will be trampled under my feet and become the servant of this ancestor."

Ancestor Yuanmo looked around, grinned and looked excited.

Returning once again made him full of excitement. This is a homecoming, this is a strong return.

Now that he has reached the realm of detachment, who can be the enemy of this initial universe?

"Well, although a formation is also set up, is this trying to stop the ancestor? It's ridiculous, the current magical power of the ancestor is absolutely beyond your imagination."

The magic light surged in the pupils of the ancestors of Yuanmo. He looked up at the huge formation that enveloped the demon world, grinned, and suddenly punched out. I heard a roar, and the entire Demon Realm made a fragile roaring sound. Ancestor Yuanmo's big hand grabbed on top of this big formation, twisting frantically, the big formation made a harsh squeak, and then in the initial universe. Thousands of people are terrified

In his eyes, with a bang, the entire formation was torn apart by the big hand of Yuanmo's ancestor.

Disappears!

Such a terrifying scene shocked the black slaves and others who were escaping back to the heaven.

This great formation combines the Demon Sealing Formation of the Demon Realm, plus the great formation it took several days for the Supreme Being and Jian Zu and others to build up the formation, just to prevent the Yuan Demon Ancestor from leaving the Demon Realm.

But now, he has not been able to resist even for a moment, and has been torn apart by the ancestors of Yuanmo. What kind of cultivation level has the ancestors of Yuanmo reached today?

But when they were shocked, the eyes of the ancestors of Yuanmo still stared at them fiercely. "A group of ants still want to escape in front of this ancestor? It's ridiculous, the current strength and magical powers of this ancestor are beyond your imagination. This ancestor waited for this opportunity and waited for so long, not to prove how strong this ancestor is. but to tell

All the people in the initial universe, what the ancestors lost, will definitely take it back with their own hands. give me death. "As the voice of the ancestor of Yuanmo fell, his big hand suddenly popped out,

and in an instant, it spanned hundreds of millions of miles of void, actually ignoring the spatial rules of the original universe, and went straight to the top of the black slave and others, ruthlessly. Captured.

[Chapter 5246: Power of all races](#)

x

Power of Ten Thousand Races

In an instant, the big hand of the Yuanmo Patriarch directly descended on the heads of Hei Nu and the others, and grabbed them firmly.

With a bang, the void directly shattered and turned into pitch-black black holes. The big hand of the Yuanmo Patriarch directly descended into the long river of space, and instantly stirred up huge waves in the long river.

"The long river of space, haha, how can this long river of space in the initial universe stop this demon ancestor? The current strength of this demon ancestor is invincible in the world, who can stop it?"

The Ancestor Yuanmo laughed loudly, and the terrifying palm power contained an astonishing power of detachment, which fell on Hei Nu and others in an instant.

"what!"

Hei Nu and the others let out a shrill roar. Before the attack of the ancestor of Yuan Mo fell completely, their bodies made the sound of breaking like porcelain, and the whole body felt like it was about to explode on the spot.

A trace of blood came out wantonly from the body.

"Block it."

Sword Ancestor and others roared, one after another sword energy soared into the sky, turning into colorful rainbow lights, all kinds of power lingered in the world, the Promise Supreme urged the power of the long river of fate, Jianzu urged the power of reincarnation in the Jianhe River, and the Primal Chaos, Divine Work Zhizun and others also used their supernatural powers one after another to resist strongly.

boom!

The attacks that gathered the most extreme power of all of them merged together in an instant, turning into a heavenly pillar, shaking the universe, and slammed into the big hand of the ancestor Yuanmo.

An astonishing roar resounded through the heavens and the earth, and a shocking explosion swept over. However, the next moment, a scene that terrified everyone happened. The big hand of the ancestor of the Yuanmo seemed to enter the land of no one, and in an instant, the sword ancestor The joint attack of the others was instantly crushed, and the powerful magic power swept across the place, unrivaled.

"This..."

"impossible!"

"How could the ancestor of Yuanmo become so strong? The devil, this is the devil."

In the distance, where the boundaries of various races are located, the hearts of the strong men of all races who saw this scene sank completely, and endless despair emerged.

The group of sword ancestors in front of them represent the most powerful group of people in the initial universe today.

There are the Sword Ancestor and the Promise Supreme from ancient times, the Chaos Supreme and the Divine Work Supreme who guarded the original universe in modern times, and there are also the rising powerhouses Ji Wuxue, Hei Nu and others in the new generation.

The three generations, the old, the middle and the young, represent the top combat power in the entire ten thousand races, but now, even the group of people in front of them can't resist the blow of the ancestor Yuanmo, so who in the whole universe can resist?

"Hahaha, just this strength? Jianzu, you are old, how can you be the opponent of this ancestor? What about Xiaoyao Zhizun and Qin Chen? Let them get out and see how this ancestor tore them apart!"

Yuan Mo Patriarch laughed loudly, flipped his big hand, and immediately turned into a boundless river of magic, which was about to completely envelop Jian Zu and others.

"Everyone, follow me to fight against the devil."

"Resist the ancestors of the deep demons and save the original universe."

"We must not let the Yuanmo Patriarch succeed."

skyline.

Renmeng City.

dark world.

The realm of all races.

A series of shouts resounded.

I saw a strong man rising from the sky and the earth in an instant.

The few leaders among them exuded an aura of endless terror.

There is the Empress Yaoyue who is full of colorful divine light, the Lord of the Dark Realm who is full of the power of the dark universe, and Ao Ling, the ancestor of the real dragon family.

There are also ten-tailed phantom foxes, Shadow Supreme, Meteor Demon Supreme and other masters from ancient times.

In the Chendi Pavilion of the Heaven Realm, Murong Bingyun, Zhao Lingshan, Princess Zixun, Wei Siqing, Qin Tingting, Ao Qingling, Li Wanxue and others also made a strong move, fighting Gu Gu, Tianxing Zhenren, Ao Lie, Gu Zhenren, Fu Qiankun, Mo Yuanbai and others met the enemy together.

boom!

The power of countless people gathered together and turned into a vast and regular river, which slammed into the big hand of the ancestor of Yuanmo.

This is an attack that contains all races.

"Hahaha, a group of ants are also trying to defy the sky?"

The Ancestor Yuanmo sneered, facing such an attack with ease and fearlessness, Mohe flipped his big hand suddenly, and the endless power of dark energy and devil energy soared to the sky, representing the breath of reincarnation and destiny sweeping across the entire initial universe, unexpectedly it was this The attacks of the crowd exploded in an instant.

boom!

The astonishing breath swept across, shattering the void of the universe for hundreds of millions of miles.

puff!

Empress Yaoyue and the others vomited blood, and all of them retreated violently, their physical bodies almost collapsed on the spot.

If it weren't for the fact that everyone shot from a distance, this blow alone would have caused heavy casualties and wiped out many powerful people from all races.

If you don't reach detachment, you will be an ant in the end. The gap between detachment and non-detachment is too big, almost an insurmountable gap.

"Hahaha, just because you want to stop this ancestor, it's whimsical."

The ancestor Yuan Mo was disdainful, and laughed: "Take them down first, and then deal with you, and the two shrinking turtles, Xiaoyao Zhizun and Qin Chen, where are you hiding? ?"

The ancestor Yuanmo sneered again and again, and grabbed Jianzu and others with his big hands.

"It's over."

Endless despair emerged in the hearts of Jianzu and the others.

At this moment, the ancestor Yuanmo gave them the feeling that it was like a mountain reaching to the sky, which could not be shaken at all, and could only be slaughtered by the opponent.

This sense of powerlessness instantly permeated the souls of each of them.

They can only be captured and dealt with obediently.

It was about to completely fall into the palm of the ancestor Yuanmo.

suddenly-

"Hmph, Ancestor Yuanmo, when is it your turn to be the master of this initial universe?"

A majestic voice resounded between the heaven and the earth, and the next moment, from the far end of the sky, a quaint pagoda suddenly struck, and instantly slammed into the hands of the Demon River transformed by the Yuanmo ancestor.

With a bang, under the bombardment of this quaint pagoda, the big hand of the ancestor Yuanmo exploded in an instant, turning into a surge of demon energy all over the sky, and the pressure on the Hei Nu and others below was instantly shattered. One of the pine.

"This pagoda...this is..."

Seeing this simple and simple pagoda, Shengong Zhizun and the others turned their heads excitedly and looked over in an instant.

In the depths of the original universe, a proud figure walked towards the void, and the ancient pagoda returned to his hands in an instant, and he held it on the palm of his hand like a god.

"Xiaoyao Zhizun is the senior of Xiaoyao Zhizun."

"Hahaha, senior Xiaoyao Supreme is back, this aura is detached, definitely detached."

Seeing the familiar figure in the distance, Wanzu was stunned for a moment, and the next moment, the entire initial universe boiled up.

Happy Supreme.

It's a name full of faith.

Back then, the demon and darkness clans were so powerful that they forced the ten thousand clans to retreat again and again, almost completely annihilated.

Later, the Xiaoyao Supreme, who ascended from the lower realm, was born out of nowhere, and confronted the strong demons led by the ancestor of Yuan Mo. In the end, it took only a million years to integrate the strong men of all races and make the human race The Alliance has regained the initiative in the Ten Thousand Races battlefield.

It can be said that if it hadn't been for the appearance of Xiaoyao Supreme a million years ago, the entire initial universe would have completely fallen into the hands of the demons.

But now, at the time when the initial universe was in crisis, Xiaoyao Zhizun appeared again, and came with countless more terrifying powers than before, which made everyone not excited and excited.

[Chapter 5247: Moment stunned](#)

x

"Happy Supreme."

"Happy Supreme."

Ten thousand races.

Renmeng City.

At this moment, countless ethnic groups and forces were extremely excited and shouted crazily. In the distance, the eyes of Yuan Mo Patriarch gradually turned cold. He snorted coldly, looked at the Supreme Master and said coldly: "The Supreme Master, unexpectedly you have also broken through to the realm of detachment? How could there be enough power in this initial universe? Let

Did you break through? "

The ancestor Yuanmo's eyes were cold, and endless coldness and disbelief bloomed in his pupils.

He managed to break through the detachment in the underworld, how did the Happy Supreme break through?

"Hmph, what's impossible?" Xiaoyao Supreme sneered, "Could it be that you are only allowed to break through in the underworld, and I am not allowed to break through in the universe sea?" "Did you go to the universe sea?" Suddenly, he sneered: "Xiaoyao Zhizun, even if you break through the detachment, so what? You don't even know what state your ancestor has reached.

Come out with Ben Zu. "

Accompanied by the Yuanmo Patriarch yelling, a dense army appeared in the black vortex behind him in an instant. Boom, the projections of countless strong men from the underworld descended on the entire demon world in an instant. In an instant, an astonishing death energy filled the world of the demon world. Although these underworld powerhouses were only projections and their bodies could not directly descend into the demon world, even a single projection caused the entire initial universe to rise into endless death.

gas.

The underworld is a special existence in the cosmic sea, and the power it contains is too powerful to pollute most realms.

"Xiaoyao Supreme, die."

The ancestor Yuanmo roared, and his figure moved suddenly. He didn't talk nonsense, his figure shot up into the sky like a phantom, and in an instant he came in front of Xiaoyao Supreme, and attacked forcefully.

boom!

The power of detachment, which represented the death energy of the underworld, swept across in an instant, covering the sky and the sun.

"Hmph, just come."

Xiaoyao Zhizun drank coldly, and met him face to face, without the slightest fear.

Boom!

The two figures collided in an instant, shattering hundreds of millions of miles of void in an instant.

The power of the entire initial universe rule surged crazily, constantly collapsing under the attacks of the two.

The two detached powerhouses are so powerful, they have already surpassed the rules of the universe sea, and between their heads and hands, the world was torn apart by crazy destruction.

Everyone thought that Yuan Mo Patriarch would be easily crushed when Xiaoyao Supreme came back, but after the two actually fought, everyone was shocked. The figure of Xiaoyao Zhizun in front of him kept retreating, but he was constantly pressed and beaten by the ancestor Yuanmo. From a distance, it could be seen that the figure of the ancestor Yuanmo stood tall and towering, projecting a height of billions of feet, and the figure of Xiaoyaozhizun Ancestor Yuanmo

Under the attack, he was actually suppressed in the world, like a continent shrouded in darkness.

"You actually broke through to a level of peak detachment?"

Endless roars resounded, and suddenly, Xiaoyao Zhizun flew upside down, looking at the Yuanmo Patriarch in shock.

As soon as he fought, he felt that the power of the ancestor Yuanmo was far beyond his imagination, and he was obviously stronger than him in terms of energy source.

This is definitely not something that can be possessed just after stepping into the first level of detachment.

The ancestor of the Yuanmo was full of devilish energy, he laughed and said, "Your Majesty, even if you break through the transcendence, you will not be my opponent. Today, this initial universe is your burial place." Yuanmo The ancestor's sneer instantly aroused endless death energy. In an instant, the power of hundreds of millions of underworld powerhouses merged into his body, and a vast river of death between heaven and earth was born. Once this river of death appeared, the entire initial universe

The rules of death seemed to have disappeared, and were directly replaced by this river of death.

Crash!

The long river rolls and spreads to all directions of the original universe. Wherever the long river of death goes, the heaven and the earth are all turned into the underworld, and the projection of the underworld powerhouse can be reached in an instant.

The ancestor Yuanmo actually wanted to turn this initial universe into a place of complete death.

"Damn it!" Xiaoyao Zhizun's heart sank. Even if he could stop the Yuanmo ancestor from slaughtering the original universe with his cultivation, he could not prevent the pervading of the underworld. Yin under the shadow.

"Xiaoyao, just accept death obediently, don't worry, after you die, your corpse will be refined into a corpse puppet by this ancestor, and it will become a trophy of this ancestor."

"And you, the entire original universe and even all the strong here will become the appendages of this ancestor."

The ancestor Yuanmo laughed out loud.

"Huh, Your Excellency has such a big tone." At this moment, a cold snort suddenly sounded, and there was a bang. The destiny of countless people, hundreds of millions of souls are in it

Floating and sinking, like fish swimming in the current.

With a bang, this long river of fate and the long river of death of the ancestor Yuanmo collided quickly, and the two continued to melt and confront each other, preventing the ghost spirit of the ancestor Yuanmo from spreading.

"Huh? Who?"

Ancestor Yuanmo was startled, there are still superhuman beings in this initial universe?

"Could it be that Qin Chen boy, he also broke through and transcended?"

He suddenly made a sound, turned his head suddenly, and looked into the depths of the endless void.

In the endless dark void, two figures, a man and a woman, slowly approached, their bodies glowing with light.

"There is little dust."

"Is it Chen Shao?"

In the crowd, the black slaves and others stared wide-eyed, their bodies trembling.

Back then, Xiaoyao Zhizun left with Young Master Chen. Now that Xiaoyao Zhizun has returned to the original universe, Young Master Chen must also come back.

"Qin Chen? Who is this? Ancestor Yuanmo, I think you've gone back as you live, and you don't even know the suzerain!" A sneer sounded, the light shrank, and the two figures appeared clearly In front of everyone, one of them is an old man with a childlike forehead, and the other is a sacred and noble woman. This woman is plump and full of mature flavor

, has a sacrosanct meaning.

"Sect... Sect Master!"

Seeing this person, Supreme Promise froze for a moment.

And Hei Nu and the others were also stunned, because they didn't know the two people in front of them at all, obviously it wasn't Young Master Chen.

"The owner of the Heavenly Secret Pavilion, it's you..."

Jian Zu was also stunned, revealing an unbelievable light.

Back then, the sword ancestor of the Tongtian Jiange, the suzerain of the Tianji sect, and the ancestor of the craftsman, the three were known as the strongest of the human race who were closest to detachment.

Among them, in order to defeat the Demon Race, the craftsman Zuo Patriarch lured the enemy deep and took personal risks. He was directly killed by the coalition forces of the Demon Race and the Dark Clan, and at the same time caused huge damage to the Demon Race and the Dark Clan.

And Tongtian Jiange Sword Ancestor used his body to transform into Dao, and suppressed the royal family of the dark clan, Di Shitian, and he had been fighting against the dark clan all his life.

Only the master of the Tianji Sect, unable to see the future of the original universe from the long river of fate, ventured into the black hole of Gaia alone and went to the universe sea, and has never been heard from since then.

I didn't expect to meet here today, and I have already broken through the realm of detachment. At this moment, the countless ancient powerhouses in the entire initial universe were stunned for a moment.

[Chapter 5248: vomiting blood](#)

The owner of the Heavenly Secret Pavilion is still alive?

When this news was spread, the entire universe was shaken. This is a powerful giant in ancient times, and he has left a huge reputation in the long history of the universe. Almost no one has never heard of his name.

"Sovereign, it's really great that you're back."

The Promise Supreme said excitedly, his eyes were moist.

"Tianji, I didn't expect you to break through and transcend, haha, okay, okay."

Jian Zu also laughed out loud, carefree and hearty.

If the master of Pavilion of Heavenly Secrets stepped into transcendence, then they would have one more transcendent strongman in their initial universe, and their confidence in fighting against the ancestor of Yuanmo would obviously be doubled.

"Extraordinary!"

In a pitch-black sky, a vague figure muttered to himself, but it was the master of the dark universe.

"Sure enough, is there no future if you stick to this world?" He murmured, as if he understood something, his eyes gradually became firm.

And such a scene also happened in every corner of the universe. "Tianji, I didn't expect so many people to know you in this initial universe. It seems that you also had a great reputation here." Sect Master Linglong walked to the side of the owner of the Tianji Pavilion, and said with a smile, nestling in the arms of the owner of the Tianji Pavilion. middle

. The owner of Tianji Pavilion laughed, put his arms around Sect Master Linglong, and said with a very proud smile: "That's natural, you don't even look at who is your husband. Back then, your husband was famous in this initial universe. Where did you go?" others do not give a big

Thumb, that is a resounding figure. "

Sect Master Linglong looked up at Pavilion Master Tianji with admiration, and said in admiration, "I knew that you, Tianji, are extraordinary."

"That is!"

The master of Pavilion of Heavenly Secrets laughed.

"This... Pavilion Master Tianji, should we be more serious now that the enemy is in front of us?" On the side, Xiaoyao Zhizun's face was full of black lines, and he couldn't help it.

Over there, the ancestor Yuanmo is watching it covetously.

The Promise Supreme and the others were also stunned. Why did the suzerain go to the universe sea and become like this? The previous suzerain was very calm, huh?

Moreover, who is this woman? Could it be that the Sovereign found a good friend in Universe Sea? The master of Tianji Pavilion glanced at Xiaoyao Supreme, and said with a light smile: "Xiaoyao, don't worry, it's just the ancestor Yuanmo, I can take it down by myself, why should I care, it doesn't matter, I will take him down first, come again to catch up with old friends

."

After the words fell, the owner of Tianji Pavilion suddenly took a step forward. With a bang, a vast river of fate appeared at his feet, surging out quickly, and crossed the entire initial universe in an instant, and the owner of the Tianji Pavilion had already followed the river of fate to the endless world in just one step.

above the void.

"Ancestor Yuanmo, back then you forced this sect to leave the initial universe. Today, this sect wants to take your head to solve the hatred of the past." The master of Tianji Pavilion lingered with the power of fate, and quickly gathered the power of detachment. When I heard a bang, countless chains of fate appeared between the heaven and the earth. These chains of fate were urged by the master of the Tianji Pavilion, and they moved towards the ancestor of Yuanmo in an instant.

Quickly burst away.

"The power of destiny, Fengtian Township!"

Crash!

The vast chains of destiny are unrivaled, and on each chain there are terrible runes blooming. These runes contain the power of detachment, and any rune can easily destroy a realm. Moreover, the long river of fate under the feet of the owner of the Tianji Pavilion also surged out mightily, and collided with the long river of death of the Yuan Mo ancestor in an instant. spray

Can destroy a star.

The power of the long river and the chain surged, and they came to the ancestor of Yuan Mo in an instant. Yuanmo Patriarch's expression remained unchanged, and he suddenly sneered: "Master Tianji Pavilion, it's not your turn to be rampant in front of this ancestor, what kind of power of fate, this

ancestor has already surpassed the cycle of fate, this mere power of fate is not enough. fit to be in charge

destiny? "

A stern light flashed in the pupils of the Yuanmo Patriarch, and he punched out suddenly.

"The River Styx rolls wildly!"

The great hand of the Yuanmo Patriarch turned into a vast river of Styx in an instant, colliding with the chain of destiny that filled the sky.

boom!

In an instant, the great hand of Yuanmo Patriarch actually grabbed these chains of fate, and with a sudden struggle, these chains of fate were broken in an instant.

Then, Yuanmo Patriarch stomped his feet suddenly, and he disappeared in place suddenly.

"not good."

The master of Tianji Pavilion shrank his pupils, and at this moment, he lost the trace of Yuanmo Patriarch.

How is this possible?

"Fate Perception!"

The owner of the Tianji Pavilion roared, and the invisible force of fate quickly spread out along his body, lingering between the heaven and the earth.

This is his unique regular move, as long as the opponent is still in this world, it is impossible to escape his perception of fate.

However, the next moment, the face of the owner of the Tianji Pavilion suddenly changed.

Because even if he used his sense of fate, he still couldn't perceive the trace of the ancestor of Yuanmo.

"Be careful."

And at this moment, Sect Master Linglong suddenly gave a low shout.

The owner of Tianji Pavilion suddenly felt a shocking spatial fluctuation coming from behind him.

"Guardian of fate."

He roared, and the power of the endless river of fate soared into the sky, instantly enveloping him in it. At the same time, the master of the Pavilion of Heavenly Secrets punched out behind him.

Crash!

The vast river poured out in an instant like a tsunami breaking its embankment.

However, just as this long river rushed out, it encountered a terrifying obstruction, a sky-reaching Styx directly blocked in front of him, blocking his long river of fate in an instant.

boom!

The river of fate collapsed directly.

Behind this dark river, Yuanmo Patriarch sneered: "Master Tianji Pavilion, this is your method? It seems that you haven't grown much in these years in the Universe Sea? I'm afraid it is worse than that Xiaoyao Supreme." Not as good."

After the words fell, Yuan Mo Patriarch suddenly punched out.

The Master of Tianji Pavilion's face changed drastically, and he hurriedly put his hands across his chest, urging the source of destiny in his body, and the next moment, the fist of the Yuanmo ancestor had already hit him.

boom! The master of the Pavilion of Heavenly Secrets flew backwards at an astonishing speed. Along the way, layers of voids were shattered. He flew upside down for hundreds of millions of miles of void before his body stagnated. Once he stopped, the millions of miles behind him The void collapses directly,

into countless fragments.

puff!

A mouthful of blood was spat out from the mouth of Pavilion Master Tianji.

Seeing this scene, everyone in the distance was stunned, their expressions petrified in an instant.

This...

what happened?

The master of the Tianji Pavilion, who was so awesome before, was repelled by the Yuanmo ancestor in just a few moves, and even vomited blood.

However, didn't the owner of the Pavilion of Heavenly Secrets say that he had already broken through the realm of transcendence? How could it be so easy to get hurt?

[Chapter 5249: open channel anytime](#)

In the void, the ancestor Yuan Mo had a mocking smile on his face: "Well, the defense is still good, Master Tianji Pavilion, it seems that you have improved a lot in the years since you left the original universe, except for your ability to escape, and nothing else has improved. what?"

After the words fell, the figure of Yuanmo Patriarch suddenly disappeared again. At the same time, a strong sense of crisis came to the mind of Pavilion Master Tianji in an instant, making all the hairs on his body stand on end.

Danger!

The owner of the Pavilion of Heavenly Secrets was shocked, and his pupils shrank suddenly. It was hard for him to believe that after he left, the strength of the ancestor Yuanmo became so terrifying. Not only

did he break through to the realm of detachment, but he also belonged to the top-level existence in the first level of detachment.

He blasted through his defense almost in an instant, which is definitely not something that ordinary detachment can do. And the most important thing is that there is a terrible breath of death in the origin of the devil's energy of the ancestor Yuanmo. stretched, root

Ben was powerless to find out the traces of the Yuanmo Patriarch.

boom!

And in that instant, a huge palm appeared on his right side, grabbing at him fiercely.

On the palm of the hand, the five fingers reach into the sky, and they are hundreds of millions of feet in length. Each of them contains amazing power of detachment, and the breath of runes from the underworld and the devil world circulates, suppressing the eternal years.

With a bang, under the palm, the void collapsed layer by layer. Such a scene made all the powerhouses in the distance excited, feeling as if the end was coming.

The owner of the Pavilion of Heavenly Secrets was shocked. He had a feeling that if he was completely covered by this palm, he would be trapped to death in it, unable to break free at all. Frightened and angry, his figure retreated quickly, but as soon as he retreated, he felt horrified that the void around him seemed to be solidified, and the breath of the river of the underworld had completely enveloped him at some point. him, no

The number of runes rose, blocking the void around him, so that he could only watch helplessly as the big hands of the ancestor Yuan Mo wrapped him tightly.

"Pavilion Master Tianji, don't resist. You can easily comprehend everything that my ancestor experienced in the underworld. I will die for this ancestor."

The Yuan Mo Patriarch sneered, and his huge palm was about to completely grasp the Master of the Tianji Pavilion in it, and crushed it hard.

And at this moment.

"Hmph, my man, you can also move." A cold voice suddenly resounded in the world, and at the same time, a terrifying colorful streamer came to the side of Yuanmo Patriarch , as soon as this streamer appeared, goosebumps all over the ancestor Yuan Mo's body

It popped up in an instant.

This colorful streamer can definitely bring him a fatal threat.

In the midst of the crisis, Yuanmo Patriarch didn't care about other things, he hurriedly stopped attacking the Lord of Tianji Pavilion, turned around and blasted the colorful streamer with his palm.

With a bang, two terrifying forces exploded in the void. Under the shock wave, the figure of Yuanmo Patriarch retreated instantly, looking forward with a solemn expression.

In front, the woman who was snuggling in the arms of the owner of the Tianji Pavilion had already come to the side of the owner of the Tianji Pavilion in a flash, and worried: "Tianji, are you alright?"

"I'm fine."

The owner of Tianji Pavilion waved his hand hastily, feeling afraid for a while, if Sect Master Linglong hadn't acted in time just now, he might be in danger.

"Linglong, thank you."

The master of Pavilion Tianji glanced affectionately at Sect Master Linglong, then turned his head and looked at Patriarch Yuan Mo, but at this moment there was no relaxation in his eyes, only endless solemnity.

"Tianji, you are injured."

Sect Master Linglong wiped away the blood from the corner of the mouth of the Master of Tianji Pavilion, a trace of distress flashed in the depths of his eyes, and then turned to look at the ancestor Yuanmo.

"You dare to touch my exquisite man?"

Sect Master Linglong stepped forward, and in an instant, the void of the entire initial universe boiled up, and a force representing the breath of everything spread across the sky and the earth.

"Who are you?"

The ancestor Yuanmo looked at Sect Master Linglong solemnly. At this time, he felt a strong threat from Sect Master Linglong's body.

"Who am I? Hmph, this sect is the lord of the Linglong Divine Sect in the Thirteen-Thirteen-Star Domain in Hainan, you are a mere ant in the original universe, you dare to touch the man of this sect, you want to die."

After Linglong's voice fell, the whole figure suddenly disappeared.

In the next moment, countless colorful rainbow lights suddenly appeared around Yuanmo Patriarch's body, and these rainbow lights shot towards him quickly, melting the devil energy and ghost energy in his body.

"This power... is it beyond the second level realm?"

The ancestor Yuanmo was shocked, a trace of ferocity flashed across his face, and the essence in his body burned instantly.

boom!

His whole body instantly became incomparably towering, and he forcibly resisted the attack of Sect Master Linglong. At the same time, he raised his big hand and shouted angrily: "Lend me the power of the underworld." All the projections of the observers stirred up a series of astonishing underworld energy, and the vast underworld energy merged into the body of the ancestor Yuanmo in an instant, representing the rules of death surging through his whole body in an instant

boom!

Sect Master Linglong's attack landed on Yuanmo Patriarch, and instantly sent him flying, but soon, Yuanmo Patriarch's body was healing at a speed visible to the naked eye.

Moreover, the dark energy on the body of Yuanmo Patriarch is also preventing Linglong Suzerain's Linglong divine light from invading his body.

"This is..."

Sect Master Linglong's face changed slightly, this breath of the underworld actually stopped her attack.

"Peak detachment at the first level?"

Sect Master Linglong stared.

She never expected that in this small initial universe, there would be a statue and a peak detachment.

"Hmph, Your Excellency has not reached the second level of detachment, which frightened the ancestor."

The ancestor Yuan Mo was relieved. Just now, he almost thought that Suzerain Linglong was a second-level detachment. You must know that the second-level detachment is more than ten times stronger than the first-level detachment? Even with his talent, it is even more difficult for him to leapfrog in the realm of detachment

,almost impossible.

Because there is no such genius in this world.

Fortunately, although this Linglong sect contained a trace of omnipotent power in its body, it didn't really step into the second level of detachment, but just touched the second level of realm.

"Hmph, even if it's not double detachment, killing you is far enough."

Sect Master Linglong snorted coldly. As the Sect Master of Linglong Divine Sect, she couldn't take a small detachment from the initial universe. Where should she put her face?

In an instant, she fought against the ancestor Yuanmo.

It has to be said that Sect Master Linglong's strength is extremely astonishing, almost suppressing the ancestor of the Yuanmo, but if he wants to kill the ancestor of the Yuanmo here, it may be impossible to do it in a short time.

And when the Linglong Sect Master and the Yuanmo Patriarch were fighting frantically.

Southern Shixing domain.

Dark Continent.

Boom!

The entire Dark Continent roared violently, and the source of endless darkness quickly merged into Shangguan Wan'er's body, completely merging with Shangguan Wan'er.

"Is this the origin of darkness?" Shangguan Wan'er smiled slightly, and looked at Qin Chen who was beside her: "Chen, I have already controlled the origin of this dark continent, and I can open the passage to the original universe at any time."

[Chapter 5250: you forced me](#)

Qin Chen nodded, a trace of tenderness flashed in his eyes, and he didn't know what happened to the original universe today, whether everyone was alright.

He turned his head to look at Sikong Zhen, "Sikong Zhen, you lead the way ahead, take us to the passage where you entered the Black Yu Continent of the original universe back then, and set off immediately."

Back then, when the Dark Continent invaded the initial universe, there was a passage linking to the Heiyu Continent of the Demon Realm. Now if you want to return to the initial universe, it is undoubtedly the fastest way to go through that passage, which saves a lot of effort.

The only trouble is that the passage is not strong enough to accommodate so many strong people to pass through, but given Qin Chen's current state of the way of space, it may not be impossible to solve it.

"Yes!" Sikong Zhen nodded, and then looked at Sikong Anyun: "An Yun, I will lead the way, and you can explain to Master An on the way."

After the words fell, before Qin Chen could speak, Sikong Zhen flickered and flew in front of him, and Linyuan Shenzun and others also flew in front with interest.

Sikong Anyun came to Qin Chen's side, and said timidly, "Master."

At this moment, recalling what happened in the Heiyu Continent of the Demon Realm, even after so long, she still feels like a dream.

On the side, Palace Master Anyou's eyes widened.

Damn, what do people from the Dark Continent mean?

Sikong Anyun shuddered from being stared at by Palace Master Anyou with such a double detached statue, just that invisible aura made her feel like she was going to be knocked out of her wits.

Qin Chen frowned and glanced at Palace Master Anyou. Palace Master Anyou's face froze, and he quickly restrained his breath.

Sikong Anyun hurriedly said: "You don't have to worry, I was the young master's maid in the Black Yu Continent back then, and now in the Dark Continent, it's just what I should do to accompany the young master to explain, there is no other meaning." The saint, she is aloof, but she dare not make the slightest mistake in front of the strong men around Qin Chen, not to mention that Shangguan Wan'er and the others are also there, and she is the young master's woman at first glance, so she naturally dare not make any mistakes.

Think about it.

With her current status, how can she be worthy of the young master? As long as the young master can be a little more pleasant to her, she will be satisfied.

Qin Chen glanced at Sikong Anyun, and sighed softly, how could he not know Sikong Zhen's intentions.

Now the fate of the Dark Clan is in his hands, and Sikong Anyun was his maid for a while back then.

Obviously, Sikong Zhen wanted Sikong Anyun to have a good relationship with him.

She even wanted to pamper Sikong Anyun.

Although the other party is only a maid of his own in terms of status, in some places, there is also the saying of a housemaid after all.

But... would I be that kind of person?

Just nonsense.

"Lead the way." Qin Chen said softly.

"Yes."

Sikong Anyun hurriedly led the crowd to fly forward.

Qin Chen turned around and took Sisi's hand, and said softly, "Let's go."

Sisi smiled, and flew up after Qin Chen.

Qin Chen doesn't have any thoughts now, he just wants to return to the original universe as soon as possible, go to the underworld, and heal Sisi's injuries.

At the speed of Qin Chen and the others, it would not take much time to cross the entire Dark Continent. After only half an hour, Qin Chen and the others had arrived at a void in the Dark Continent. As soon as he stopped, Sikong Zhen introduced: "Master An, back then, we descended from this place to the original universe. However, this passage was extremely weak back then, and the source of the original universe would have a very strong resistance to foreign intrusion.

With the power of resistance, it might be easy for us to enter under the detachment, but if so many detached strong people enter, I am afraid that the passage will collapse in an instant. "

Qin Chen nodded. Sikong Anyun had already introduced these news to him on the way.

"Wan'er, come and open the passage," Qin Chen said. Wan'er nodded, urging the source in her body, and with a bang, in an instant, the power of the supreme rule source of the entire dark continent gathered, and a space vortex suddenly appeared in the void in front of her, and the pitch-black space vortex continued to deepen.

into the unknown void.

Although the passage was extremely long and unfathomable, the moment it was opened, Qin Chen immediately felt a kind breath coming from the end of the distant passage.

That is the breath of the primordial universe.

"Everyone, let's go!"

With Qin Chen's order, a group of people stepped into the original universe in an instant and disappeared.

Seeing Qin Chen and the others disappear into the passage, Sikong Zhen and the others felt lost. He glanced at Sikong Anyun and sighed: "An Yun, if you miss something, you really missed it."

Sikong Anyun bowed his head and remained silent.

Perhaps, in the Black Yu Continent, she still had the possibility to be with Qin Chen, but now, the gap between the two is already an insurmountable gap.

in the space channel.

Qin Chen led the crowd to fly quickly. Along the way, Qin Chen kept urging the space rules to strengthen the passage, otherwise he would not be able to bear the breath of so many of them.

"There is still half an hour to go to the original universe."

Sensing the familiar aura at the end of the passage, Qin Chen said silently, if it wasn't for consolidating the void and preventing it from collapsing, at Qin Chen's speed, they would have arrived at the original universe in a short while.

Now, just a little bit.

And when Qin Chen and the others rushed to the original universe quickly.

primordial universe.

boom!

An astonishing roar resounded, and Yuanmo Patriarch flew upside down, his whole body was shattered with demon energy, and a gap appeared on his chest instantly, his body almost shattered under this blow.

"Made, Master Xiaoyao, do you still talk about martial arts?"

The Yuan Mo Patriarch stabilized his figure, looked at the three people who surrounded him, the Master of Xiaoyao, the Master of Tianji Pavilion, and the Master of Linglong, with cold eyes and cursed.

These three guys couldn't beat one of them, but they went up together.

The master of Tianji Pavilion sneered: "Old Ancestor Yuan Mo, what kind of martial arts do you need to talk about when dealing with you? Why didn't you talk about martial arts when you colluded with the Dark Clan?"

"Come on, destroy him." The master of the Tianji Pavilion sneered, stepped forward, and boomed, a vast river of fate appeared in front of him. Swing it over, the moves open and close, like

Ruo Nonghan is average. On the side, Xiaoyao Zhizun flickered, and moved instantly, boom, the Huangtian Tower was urged to move, the ancient Huangtian Tower bloomed with misty light, and the endless chaotic energy soared into the sky, strands and strands, as if endlessly, ruthlessly towards the ancestor of the Yuanmo Ruthless town

Press down.

As for the Linglong Sect Master, his body was full of colorful rays of light, and the colorful rays of light shrouded the four directions, like sharp knives, piercing into the body of the Yuanmo Patriarch crazily.

"puff!"

Countless fresh blood spurted out from Yuan Mo Patriarch's body in an instant, burning the void.

"Okay, take the opportunity to kill this guy."

The owner of the Pavilion of Heaven's Secret intensified his attack, and danced wildly with the long river of fate, bang bang bang, smashing down continuously, extremely excited.

After discovering that the Linglong Sect Master could not take down the Yuanmo Patriarch in a short time, the Tianji Pavilion Master and Xiaoyao Zhizun also made a direct move. The three of them joined forces and immediately made the Yuanmo Patriarch retreat steadily.

"Damn it, you forced me to do this."

Seeing that Yuanmo Patriarch was about to be blown up by the three of them, he suddenly showed a savage look, and with a bang, a black skull crystal rushed out of his body in an instant, floating in the sky and the earth in an instant.

hum! The moment the skull crystal appeared, an aura of death that terrified the entire primordial universe filled the air. In an instant, the entire primordial universe was about to be turned into the underworld bit by bit.
