

## Valkyrie 5251

### [Chapter 5251: dimensional universe](#)

"What kind of treasure is this?" Feeling the aura emanating from the skull crystal, the expressions of Xiaoyao Zhizun and the others suddenly changed. The moment the skull crystal appeared, an inexplicable sense of crisis came to their minds instantly, making them There is a faint feeling, It's definitely something they can't fight against.

"My lord Wangu Mingzu, please help me to suppress the enemy."

The ancestor Yuanmo said respectfully to the skull crystal.

"Myriad Bone Nether Ancestor?"

The faces of Xiaoyao Zhizun and others changed. Could it be that this skull crystal is some strong man from the underworld?

What kind of person is this Myriad Bone Nether Ancestor who can make the always arrogant and domineering Yuan Mo Patriarch so respectful?

When their hearts were terrified, a cold and fierce voice suddenly resounded throughout the world of the original universe.

"Hmph, Yuanmo, you trash, you still claim to be invincible in this initial universe, and you can't even destroy these little guys, and you have to let the ancestor take action, it is really embarrassing to the ancestor."

This rumbling sound resounded through the heavens and the earth, and was transmitted in everyone's mind instantly, like thunder.

In an instant, the powerhouses in the entire initial universe felt as if they had been hit by a heavy hammer, and there were bursts of dizziness in their minds.

boom!

The entire initial universe fluctuated directly under this breath.

"Senior Myriad Bone Nether Ancestor, I can't blame me for this matter. These guys are really bullying others. The three of them besieged one of my ancestors. If it was one-on-one, why would I be afraid of anyone?" Yuan Mo's ancestor said in a deep voice.

"Forget it, this initial universe is not bad. It just happens to be a base for my ancestor to come to the universe sea. Let my ancestor completely turn this place into the underworld and become a part of the underworld."

hum! In the skull crystal, streaks of invisible phantom energy are continuously dissipating. The power of this phantom energy is more than ten times and a hundred times stronger than the phantom energy on the ancestor of Yuanmo. Where the phantom energy passes, the void of the original universe is directly lost alive, as if

The flowers withered and directly turned into a piece of Netherland.

The power of this skull crystal is actually transforming the original universe.

In an instant, people in the entire initial universe felt death coming, if they were going to fall into endless death sinking.

"No, stop him!"

The face of Xiaoyao Zhizun changed drastically, and he even urged Huangtian Tower to smash it hard at the skull crystal.

If the power of the skull crystal is allowed to continue to be released, the entire initial universe will be turned into Netherland and become part of the underworld. At that time, all people in the initial universe will die and become undead.

"Such a breath of death, who is this person?" The hairs of Tianji Pavilion Master and Linglong Sect Master also stood on end. They never expected to meet such a strong man in the underworld in the initial universe. In panic, they also moved instantly. They all urged the power of transcendence to stop this skeleton.

The ghost energy of the skull crystal dissipates.

"boom!"

The attacks of the three powerhouses bombarded the spreading death air in an instant.

The first to bear the brunt was the long river of fate of the owner of the Tianji Pavilion. Hurrah, the long river was surging, rolling up thousands of layers of snow, and slamming into the death air, but the next moment, the face of the owner of the Tianji Pavilion suddenly changed.

His river of fate was instantly dyed black after being exposed to the air of death, as if all fates could not get rid of the result of death, and could only be reduced to the burial ground of the doomsday.

Moreover, the breath of death surged along the river of fate toward the owner of the Pavilion of Heavenly Secrets. Wherever it passed, the river of fate turned black and became the river of death.

"Not good." The master of Tianji Pavilion's pupils shrank suddenly, and he was shocked. In the crisis, he hurriedly cut off the river of fate. Half has turned into black death.

Death Changhe completely cut off contact with him.

The aura of the owner of the Tianji Pavilion plummeted instantly.

"What kind of power is this?"

The master of Tianji Pavilion looked terrified.

At this moment, Sect Master Linglong's Linglong supernatural power also collided with the death air in an instant. After the colorful divine light was contaminated, it was immediately polluted and turned into a pitch-black light.

What's more, the breath of death rolled towards the chairman of Linglong Sect along these colorful divine lights, intending to directly turn the leader of Linglong Sect into a dead spirit. On the other side, the same is true for Xiaoyao Zhizun. After being exposed to these death qi, the transcendent power of his martial soul is also transformed by a little bit of pollution. The energy level of the other party is far above him, making him totally powerless

confrontation.

The two of them could only hastily cut off their own strength, and backed away with frightened faces.

"Hmph, it's just a group of ants from the initial universe. They don't know the heights of the sky and the depths of the earth, but they dare to confront the ancestors." The skull crystal floats in the sky, emitting a cold light: "What is the power of fate? Fate is illusory and worthless. , no matter which strong person will eventually fall, the only thing in this world is death.

The supreme supernatural power exists forever. "

"And you, this seven-colored divine light is pretty good, but it's a pity that you don't even have double transcendence, you can't gather the power of all phenomena, and you want to wash away the death breath of the ancestor? You don't know how to live or die."

"On the contrary, you kid, your strength is a bit special, but unfortunately, with your little cultivation, it's not even enough to plug the gap between Benu's teeth."

Wangu Mingzu sneered, the next moment, the skull crystal shook suddenly, and an astonishing breath of death instantly turned into a vast and infinite sky, sweeping towards the three of Xiaoyaozhizun in an instant.

"Not good, go back!"

Xiaoyao Zhizun looked frightened and angry, and finally felt the danger, he shouted angrily, and his figure retreated instantly.

A long river of space instantly appeared under his feet, leading him back quickly.

"Hmph, want to escape, where do you want to escape?" The power of Wangu Mingzu crossed the endless void in an instant, and he couldn't even match the speed of the long river of space. In an instant, he came in front of the three Tianji Pavilion masters and blocked them. The endless void around completely trapped the three of them

middle.

"Not good!" The three of Xiaoyao Zhizun's scalps were numb for a moment, and the hairs on their bodies stood up. They had a feeling that if they were shrouded in this breath of death, they would definitely be polluted into creatures of the underworld a little bit. in this underworld

Funeral goods.

However, Myriad Bone Nether Ancestor had sealed off all the surrounding void, and they had nowhere to escape.

"Go from here."

Suddenly, there was an anxious sound, and with a buzzing sound, a pitch-black black hole suddenly appeared beside the three of them, leading to another time and space.

And at the end of that time and space, the master of the dark universe was there, maintaining the passage, with a tense expression.

"Dark universe?"

Xiaoyao Zhizun and Tianji Pavilion Master were pleasantly surprised, they rushed into it without caring about other things, and entered the dark universe in an instant, and the passage was also closed in an instant.

With a bang, the vast death air released by Wangu Mingzu directly flooded the world, but lost the figures of Xiaoyao Zhizun and the three of them.

"Huh? With the power of the dimensional universe, I never thought that the dimensional universe was born in this initial universe!" The skull crystal suddenly showed surprise.

[Chapter 5252: please senior](#)

"Could it be that there is something wrong with this primordial universe? The dimensional universe cannot be born in an ordinary primordial universe."

There was surprise in the voice of Wangu Mingzu: "It's a pity, how can the dimensional universe of this initial universe stop the supernatural power of this ancestor, go."

With a swipe, the death aura of Myriad Bone Nether Ancestor penetrated the endless void directly, sweeping towards the dark universe.

now.

in the dark universe.

With a bang, the three of Xiaoyao Zhizun had just fallen from the black vortex when an invisible breath of death chased them in the void behind them.

"Damn it, even this dark universe can't stop this person's breath from penetrating."

The owner of the Tianji Pavilion turned ashen, he knew that they had hit the iron plate this time.

No one expected that after the ancestor Yuanmo went to the underworld, he would take refuge in such a strong man in the underworld. The three of them would not be able to resist just a trace of breath from this person.

"Three, this person's power is rapidly infiltrating, the barrier of the dark universe can't stop this person's aura at all, what should we do now?"

The master of the dark universe said anxiously.

"Linglong, I'm sorry, I'm the one who caused you trouble." The master of Tianji Pavilion looked at Sect Master Linglong with bitterness in his heart.

Sect Master Linglong looked at Pavilion Master Tianji, and said softly, "Tianji, what are you talking about between me and you?" As she spoke, a sharp flash of sternness suddenly flashed in her pupils: "It's a big deal, let's fight him. As a strong man in the underworld, this person must not act unscrupulously in the cosmic sea, and he will definitely be suppressed by the rules of the cosmic sea

, I wait desperately, maybe there is still a glimmer of life. "Hearing the words, the master of Tianji Pavilion smiled wryly and shook his head. He knew that this was just Sect Master Linglong's wishful thinking. Even if the other party was suppressed by the rules of the Universe Sea, so what?

We are not on the same level at all. At this moment, the void of the dark universe behind the three of them shattered directly, and a breath of death chased after them frantically. In an instant, the entire dark universe began to gradually transform into the world of the underworld. Obviously, even the power of the dark universe could not

Stop the invasion of the Myriad Bone Nether Ancestor.

"Follow me, I know a place where I may survive."

Xiaoyao Zhizun seemed to have thought of something, and said suddenly.

Everyone was startled.

Is there still a place for life in the initial universe? Where?

"Come with me."

Xiaoyao Zhizun didn't care to explain too much, his figure flickered, and he flew wildly. The master of Tianji Pavilion hurriedly chased after them, and the four figures flew quickly in the void, and behind them, the death breath of the ancestor of the myriad bones permeated wildly, quickly approaching the location of the four of them, and it was obvious that they would catch up soon how many people

.

"Walk along the Nether Galaxy."

The master of the dark universe suddenly let out a low voice. He is very familiar with the dark universe, and he can even travel directly in the void of the dark universe.

Below, the breath of death like the sky quickly swept over, and suddenly entered the Nether Galaxy.

boom! The two forces collided, and the river water in the Nether Galaxy boiled directly, as if a stormy sea had been rolled up, but what shocked Xiaoyao Zhizun and the others was that after entering the Nether Galaxy, the air of death, which had always been omnipotent and polluted, unexpectedly

Did not transform Nether Galaxy into Netherland.

"Huh? This river actually has the breath of the underworld. What kind of river is this? Why did it appear in this initial universe?"

In the Demon Realm, Myriad Bone Mingzu showed a look of shock.

He faintly felt that this initial universe seemed a bit complicated.

But he didn't think too much, the endless breath of death crazily chased Xiaoyao Zhizun and the others, but failed to win Xiaoyao Zhizun and the others after such a long time, Wan Gu Ming Zu was very angry and felt a big loss of face.

He knew very well that as long as he took down the three detached ones, the entire primordial universe would be on his plate.

"Hmph, if it weren't for the fact that there is only one soul left in this ancestor, and in this initial universe, it is suppressed by the rules of the universe sea, just these few ants-like guys, this ancestor can kill them in minutes."

Wangu Mingzu gritted his teeth, and suddenly looked startled, "Those guys dare to leave that Nether River?" Then they saw Xiaoyao Zhizun in the dark universe flying out of the Nether Galaxy, and then opened the door directly. The passage between the dark universe and the original universe was opened, and with a bang, the three of them directly penetrated the passage and entered the original universe at once.

into the universe.

In front of them, the heaven of the human race appeared there, and the light of the surging realm, the powerhouses of all races, had all retreated into the heaven.

The expression of the owner of Tianji Pavilion was stunned, "Xiaoyao Zhizun, the place where you can survive is the human heaven?"

"That's right here, everyone follow me."

Seeing the breath of death chasing after him, Xiaoyao Zhizun suddenly entered the heaven, and then, he directly descended into the void and tidal sea in the heaven.

"Hmph, it's ridiculous to want to hide in this realm and escape."

Wangu Mingzu couldn't help laughing when he saw the actions of Xiaoyao Zhizun and the others. Do these idiots think they can survive by hiding somewhere?

boom!

The terrifying breath of death surged, and the power of Myriad Bone Netherworld Ancestor descended directly to the heavens and entered the tidal sea of void. Seeing this, Yuanmo Patriarch, who was still calm and relaxed, suddenly flashed a trace of tension in his pupils, and hurriedly said: "Senior, be careful, that Xiaoyao Supreme wants to lead you into the void and tidal sea. They are located in this initial universe. Terran Day

There is a void and tidal sea in the world, and there is a top expert hidden in that void and tidal sea. His strength is unknown, so you must be careful. "

Dense goosebumps appeared on the scalp of Yuanmo Patriarch in an instant, and the hairs all over his body stood on end.

He will never forget that it was because the Black Demon Ancestor Emperor was dragged into the Void Sea by the terrifying phantom in the Void Tidal Sea and fell directly, that he had to flee to the

Underworld. Back then, the one who killed the Black Demon Ancestor Emperor of the Dark Clan was like killing a dog. Although the Black Demon Ancestor Emperor was only a normal first-level detachment at the beginning, he could kill him now, but the scene back then still at the moment

It was deeply imprinted in the mind of Yuanmo Patriarch, so that he will never forget it.

At the same time, always with fear.

"Huh, what a strong man, what a fuss, what kind of strong man can exist in this small initial universe, let's see the ancestor destroy the three of them."

In the voice, the power of Wangu Mingzu directly entered the depths of the void and tidal sea, completely covering Xiaoyao Zhizun and the others.

"Xiaoyao Supreme, let's fight." The master of Tianji Pavilion said angrily. But Xiaoyao Supreme didn't pay attention to the owner of Pavilion of Heavenly Secrets, but hurriedly saluted Xu Hai not far away: "Please help me, senior, to save my initial universe."

### [Chapter 5253: directly descend](#)

"Your Majesty, what are you doing?"

The owner of Tianji Pavilion looked at Xiaoyao Zhizun in disbelief. Wasn't Xiaoyao Zhizun scared stupid?

What senior? What is in front of me is just the Void Sea of the Void Tidal Sea. Although this Void Sea is extremely mysterious, countless supreme powerhouses have not been able to find out the truth when they explored it. Maybe there is something special about it.

But no matter how special it is, it is only a forbidden place in the original universe, how can it compare with the ancestors in the underworld.

aside.

Sect Master Linglong also looked at Supreme Master Xiaoyao in astonishment, a little confused.

Didn't you think this guy's brain is not working well?

Xiaoyao Supreme stared intently at the Xuhai in front of him, his whole body was still incomparably respectful, and said solemnly: "Please also, senior, look at the fate of my original universe and save my original universe, my original universe will definitely be grateful."

Xiaoyao Zhizun knew very well that if he wanted to stop this strong man from the underworld, there was only one person in the entire initial universe who could do it, and that was the great power trapped in this void sea.

However.

Xuhai is calm, without any fluctuations, just like dead silence, without any waves.

The owner of Tianji Pavilion was shocked and anxious: "Xiaoyao Supreme, don't be stupid, don't hurry up to meet the enemy, if you let the opponent's attack fall, the entire heaven will be destroyed."

He turned around, and boom, the long river of fate appeared in front of him, mighty and mighty, straddling the tidal sea of void, turning into thousands of miles of turbulent waves.

Knowing that he couldn't resist the Myriad Bone Nether Ancestor, but the Lord of Tianji Pavilion still did this, even if he was, he still had to defend the heaven, otherwise, once the heaven collapsed, the human race would have no place to stand.

"A secret."

Linglong looked at the owner of Pavilion of Heavenly Secrets admiringly. This is the man he identified. For the sake of his own group, he knew that he would die, but he never hesitated or feared at all.

In the universe sea, how many people can have such belief?

Thinking of this, Sect Master Linglong also stepped forward, boom, endless divine light bloomed on her body, and the power of detachment lingering in all directions, directly stirring the entire void into boiling.

She wants to fight against the enemy with her man, even if what she wants to protect has nothing to do with her.

"Hahaha, a group of ants, at this time, they still want someone to save you. Sure enough, ants are ants, and they will only hold unrealistic fantasies when they are in danger. In this small initial universe, no one can stop me! "

Wangu Mingzu laughed loudly, boom, endless death breath surged out of the skull crystal in an instant, brazenly entering the heaven.

Chi Chi Chi!

The void of the entire heaven was directly corroded by the power of the underworld and turned black, endless death filled the air, where the power of the Myriad Bone Nether Ancestor passed, the void turned into a dead silence, without any vitality.

No power can stop the aura of the Myriad Bone Nether Ancestor.

boom!

Seeing the endless dead energy entering the tidal sea of void, the detachment power exerted by the masters of Tianji Pavilion and Linglong was quickly corroded, and they were powerless to resist it at all.

"Hahaha, let's all die for this ancestor. It is an honor for you ants in the initial universe to become this ancestor's spoils of war."

Endless death energy instantly enveloped everyone in Xiaoyao Zhizun.

At this moment, Hei Nu and the others had also retreated back to the heavenly realm. Seeing such a scene, they were filled with despair and anger.

The Heaven Realm is where Chen Shaochen's Truth Pavilion is located. If the attack of the Myriad Bone Nether Ancestor falls, the entire Heaven Realm of the human race will be destroyed. How will they explain to Chen Shao?

At this moment, Hei Nu and others looked towards Xu Hai.

The move of Xiaoyao Zhizun has reminded them that if they want to save the original universe, only one of them in Xu Hai can take action.

"Also ask the predecessors to take action and save the original universe."

"Senior, please take action."

"Senior..." Voices of grief and indignation resounded through the world, Hei Nu, Jian Zu, Ji Wuxue, Wuji Supreme, Yuan Demon Lord, Chaos Supreme, Shadow Supreme, Fallen Supreme, Zhao Lingshan, Zi Xun, Murong Bing Yun, Wei Siqing, Qin Tingting,

Ao Qingling, Li Wanxue, Wang Qiming, Lin Tian, etc., Gu Gu, Tianxing Daoist, Ao Lie, Gu Daoist, Fu Qiankun, Mo Yuanbai... etc... At this moment, all the tribes in the original universe are looking at He Xu Hai, everyone who experienced that battle in the past understands that although they don't know how strong the so-called Myriad Bone Ancestor is, in the entire initial universe, only the one who died back then

Which one of the Void Sea who killed the Black Demon Ancestor Emperor has a chance of fighting against the Myriad Bone Nether Ancestor.

The thought power of all races gathered together, shaking the entire original universe.

The masters of Tianji Pavilion and Linglong were both dumbfounded.

Are these guys crazy?

"what!"

Painful roars sounded, and at this moment a breath of death had permeated along the long river of fate, the origin of the owner of the Tianji Pavilion was immediately damaged, and the whole person was about to be directly assimilated by this breath of death in an instant.

"Are you going to die here?"

The master of the Tianji Pavilion smiled bitterly, and looked at the master Linglong with attachment. This is the first time he has returned to the original universe.

I'm afraid he is the most miserable one in Homecoming in the entire universe, right?

But there was no regret in his heart, he looked at Sect Master Linglong, the only pain was dragging his beloved into the water.

Obviously, she didn't have to suffer all of this.

"Tianji, it's okay, I can be with you, and I'll be happy even if I die."

Sect Master Linglong smiled as if he understood the words in the eyes of Pavilion Master Tianji.

"senior!"

Hei Nu and others cried blood and roared.

"die!"

boom!

But at this time, a sliver of power from Myriad Bone Nether Ancestor had penetrated into Xu Hai's place, and everyone was about to be polluted and corrupted by this power.

suddenly-

"Ah!" From the depths of the Void Sea, a soft sigh sounded suddenly, and in an instant, everyone in the entire initial universe seemed to be shaken in their souls, and everyone present trembled in shock. breath, suddenly from there

Passed out in the virtual sea.

boom!

The virtual sea boils. When this wave of power surged, the entire heavenly world boiled up. This wave of vague power surged, but it actually faintly blocked the death breath displayed by Wangu Mingzu, and blocked it here. side of the void

middle. In the blur, everyone vaguely saw a blurry figure rising from the endless void sea. This figure couldn't see the face clearly, and it was extremely lonely, hazy, hazy, indistinct, but it made people present

Ecstasy emerged in everyone's heart.

It's him.

it's him.

The mighty one in the void.

"senior."

Hei Nu and others roared excitedly.

In the distant Demon Realm, the hairs of the Ancestor Yuanmo stood up all over his body.

"Senior Myriad Bone Netherworld Ancestor, be careful, this is the mysterious strongman that this ancestor mentioned." Yuanmo Patriarch hastily shouted.

"Hmph, pretending to be a ghost, what a strong person, it's not worth mentioning."

Wangu Mingzu snorted coldly, but was surprised in his heart, there was actually someone lurking in that imaginary sea, and he didn't even know it at first.

Moreover, the aura emanating from this person was extremely strange, and it even temporarily prevented the invasion of his own ghost energy.

This made Wangu Mingzu feel unhappy.

"Yuan Mo kid, why are you in a hurry, what powerful characters can there be in this initial universe, let's see if this ancestor destroys him, go." With the words of Wangu Mingzu, the aura above the skull crystal

surged, and a surge of The vast aura of the underworld spurted out, broke through the confinement all at once, poured into the Void Sea in an instant, and enveloped this phantom in an instant.

body.

"Quack quack, under the power of the ancestor, you can directly become the slave of the ancestor."

Wangu Mingzu laughed wildly.

"Just because of you, you also want the emperor to submit?"

Seeing that the power of Wangu Mingzu was about to completely corrode this phantom, suddenly, this illusory figure moved suddenly, and a rumbling sound resounded through the heaven and earth.

"Well, for the sake of that person, this emperor will take action this time, the ants from the underworld, get out of this emperor's territory, get out."

boom! In the Void Sea, this figure shook suddenly, and in an instant, a magnificent figure was reflected in the sky. This figure was blocked by endless iron chains, but it couldn't stop his figure from towering into the sky, propping up the entire sky. heaven of heaven

dome. I saw that majestic and invincible body suddenly trembled, and with a bang, the countless death qi that had penetrated into the heaven collapsed in an instant. Then, a pitch-black palm came out directly from the void sea. with no

A detailed breath flew out and slammed heavily on the river of dark energy released by Wangu Mingzu.

boom!

Shocking roars resounded, and under the excited gazes of the crowd, the river of dark energy released by the Myriad Bone Netherworld Ancestor actually collapsed in an instant under the palm of this nothing figure, turning into ashes and dissipating in an instant.

"roll!"

Moreover, with a slight wave of this void figure, those explosive billowing death forces disappeared in an instant, and disappeared without a trace in an instant.

At the same time, after stopping Myriad Bone Nether Ancestor, this nihilistic figure slowly sank into the Void Sea again.

The entire heaven instantly returned to its original appearance, and the breath of death that had infiltrated into the main body of Tianji Pavilion Master and Linglong Sect Master also disappeared in an instant, as if it had never appeared before.

This... what kind of power is this?

The master of Tianji Pavilion and the master of Linglong were both stunned, looking at the figure slowly dissipating in the void behind them in disbelief.

And Wangu Mingzu was even more frightened and angry.

His power of the underworld was actually resisted by the guy in front of him.

"boom!"

The endless dark energy rose up, and two divine lights suddenly shot out from the skull crystal pupils, looking towards the distant Xuhai. Then he saw in the depths of the Void Sea, a vague figure sitting cross-legged, surrounded by endless chains, as if a prisoner was trapped in it, but that figure was incomparably majestic, as if reflecting the sky, in that

Around the figure, there are countless corpses of strong men, piled up like a hill, with no end in sight.

"That is..."

In an instant, if it wasn't for Wan Gu Ming Zu who had only one soul left, the hairs all over his body would stand on end.

Such an existence, which has obviously reached the end of evolution, was actually seen by him in this initial universe.

"retreat!"

Wangu Mingzu looked frightened and angry, and his figure retreated in an instant, away from the heaven.

He had a feeling that if he made a rash move, the end would be very ugly.

"Ex...Senior." Yuanmo Patriarch was stunned: "Aren't we going to attack the heavens?"

"This person is weird, we will not make him an enemy for the time being, and we will compete with him after our ancestor has fully recovered." Wangu Mingzu said in a deep voice.

Ancestor Yuanmo's heart suddenly sank. Could it be that even Senior Myriad Bone Nether Ancestor couldn't deal with the existence in the Void Sea? How is this possible? Senior Ten Thousand Bone Nether Ancestor is an existence of the third level of detachment. Moreover, he also said that he was one of the generals under the command of one of the four great emperors of the underworld back then, and his cultivation had already reached the third level.

The pinnacle of detachment.

Unable to deal with this figure in the Void Sea? "Huh, what's your expression?" Seeing the expression of the ancestor Yuanmo, Wangu Mingzu suddenly became dissatisfied, "This person is difficult, I just don't want to deal with him first, after I recover a little bit, come again Solve this person. And don't worry, this person should be trapped in the heavenly realm. His power can't penetrate the heavenly realm too far. As long as he doesn't break into the heavenly realm, there is no need to worry about this person. We can first remove the rest of the original universe. Take the territory, and then slowly map

Of. "

"Is that so?" Yuanmo Patriarch was stared at by Wangu Mingzu, and his heart jumped suddenly. He also knew that he could only rely on Wangu Mingzu at this time, and hurriedly said: "What the predecessors said is very true. It is the territory of the human race in the original universe.

Let them go first, wait for us to completely occupy other regions of the initial universe and turn them into Netherland, and then see how these guys live alone in the heaven. "

Ancestor Yuan Mo took a step forward, and instantly entered the vast void of the initial universe, and then the ghost energy in his body dissipated wildly.

He wants to turn the entire initial universe into Hades.

However, if he wanted to conquer the entire initial universe, it would be troublesome to rely on him alone. Now the demons no longer obeyed his orders, and almost all hid in the heavens with the Lord of the Abyssal Demons. With a thought, the Yuanmo Patriarch directly came to the place where the Zerg, Bone, and Ghost races were located, and the terrifying aura of detachment directly penetrated into the boundaries of the three major races, and sternly shouted: "The ancestor has returned, the Zerg Emperor, the Ten Thousand Bones Supreme, Demon Supreme

, why don't you quickly open the boundary and welcome the ancestor? "

"Hahaha, welcome to the ancestor."

The realms of the three major ethnic groups that had been sealed off for many years suddenly rose with an astonishing aura, directly opening the realms.

Countless strong men from the three major ethnic groups soared to the sky, came to the ancestor Yuanmo, and saluted respectfully: "Welcome the ancestor to return."

Although the three major ethnic groups have closed the world, they always care about the outside world, and they naturally have some channels to detect changes in the outside world.

"Senior, these three major ethnic groups were under the younger generation back then, and they can help us capture the original universe."

The ancestor of the Yuanmo brought the powerhouses of the three major ethnic groups to the ancestor of the Wanguming, and introduced them.

"boom!"

As soon as he finished speaking, a terrifying dark energy suddenly descended, directly blasting the head of the Bone Race, the Supreme Master Wan Bone, causing everyone in the three major groups to be terrified, but they dared not move.

Yuan Mo Patriarch also looked at Wan Bone Ming Patriarch in astonishment. Myriad Bone Mingzu snorted coldly: "What does Myriad Bone Supreme I don't like? A mere ant in the initial universe deserves to be called Wangu like this ancestor? As for the others, you lead them to occupy the initial universe, as long as the Void Sea people do not shoot

, you don't need to pay attention. "

"But if that person from Void Sea..."

"If the person from Xuhai makes a move, this ancestor will only solve it." Wan Guming ancestor said coldly.

"Yes."

The Ancestor Yuanmo immediately led the people of the three major ethnic groups and began to crazily occupy the initial universe.

"kill!"

The three major ethnic groups have sealed the realms for so many years, so they naturally held back their anger, and they rushed to the realms of all races in the universe like wolves returning to the flock. Although there are many strong people among the ten thousand races who have already retreated to the heaven, not all the clansmen in the race have the opportunity to leave. Moreover, the ten thousand races are scattered in the initial universe, and there are many homelands belonging to their races. Not everyone is willing to leave

up.

In an instant, many people from all races who had not had time to retreat to the heavens immediately bloodied their clans, and were crazily massacred by the powerful men of the three major clans led by the Yuan Mo ancestor.

And the souls of the people of all races who were massacred by them could not enter the reincarnation, but the fallen land directly turned into the underworld.

"This Yuanmo patriarch is simply hateful!"

Seeing such a scene, Xiaoyao Zhizun and the others were shocked and furious, but there was nothing they could do.

The Xuhai strongman had made it clear before that he would only guard the heavens, and he would not take care of other places. As long as Wangu Mingzu didn't attack the heavens, he would definitely not make a move.

And just Xiaoyao Zhizun and others are not the opponents of Wangu Mingzu, that is to say, in this initial universe, no one can stop Yuanmo Patriarch, and can only watch them slaughter the people of all races in the initial universe .

But when Xiaoyao Zhizun and others were frightened and angry, but there was nothing they could do.

Demon world!

boom! In the sky above the Heiyu Continent, the core of the Demon Realm, an astonishing aura suddenly surged out, a vast force, transmitted from the void beyond the original universe, faintly opening a passage above the Demon Realm

.

Such fluctuations immediately attracted the attention of countless powerhouses in the entire initial universe.

"Huh? What's going on?"

Yuan Mo Patriarch and others also turned their heads.

this force...

Yuan Mo Patriarch and others showed surprise.

They immediately saw that the place where the fluctuations came from was actually the passageway from the Dark Continent to the Demon Realm back then.

"Hmph, does this dark race want to invade this primordial universe again?"

The ancestor Yuanmo sneered, now it is not the same as before, he no longer needs to look at the faces of the dark people.

With Senior Wangu Mingzu as his backer, he has no fear at all of the forces in the ordinary universe.

Immediately, he came to Wangu Mingzu and respectfully said: "Senior, this should be the dark clan in the universe sea who is coming to my initial universe."

"Dark family?"

"Exactly." Yuanmo ancestor bowed his head and said: "The subordinates once cooperated with this family to occupy the initial universe, but unfortunately they failed in the end. They should be unwilling and want to make a comeback."

Wangu Mingzu sneered: "What kind of dark clan, if you dare to come, it will just become the nourishment of this ancestor."

Yuanmo Patriarch hurriedly said: "Senior, don't worry, this junior is definitely on your side."

"Hmph, I'm sorry you don't dare." Wangu Mingzu sneered.

now.

skyline.

Xiaoyao Zhizun and others naturally felt the changes in the demon world, and their hearts couldn't help sinking completely.

"It's over!"

One wave is not flat, and another wave rises again.

The ancestors of Yuanmo and the others have not yet solved it, but the dark clan has begun to invade again. Once these two major forces join forces, the initial universe will be even more hopeless.

"boom!"

In full view.

Above the demon world, the void suddenly split open, and a black hole vortex appeared directly in front of everyone.

next moment. With a bang, a group of figures walked out of the black hole and landed directly in the demon world.

## [Chapter 5254: be careful](#)

This group of people is Qin Chen and others who went from the dark continent to the original universe.

When approaching the initial universe before, Qin Chen felt something was wrong, as if something was changing in the initial universe.

When he really entered the initial universe, his face suddenly changed.

"A breath of death."

One of the rules Qin Chen practiced was the avenue of death. How could he fail to sense the breath of death contained in the original universe.

Moreover, the horror of this breath of death even made Qin Chen faintly feel a little dignified.

"Qin Chen, there is a situation." Chen Sisi and the others also took a step forward and said in a deep voice.

Qin Chen nodded: "I know that the initial universe is being turned into the underworld by a breath of death. Could it be that such a strong breath of death is a strong man in the underworld?"

There is no need for Sisi and the others to remind him, Qin Chen's eyes have already looked into the depths of the original universe at this moment, and then he saw the three major ethnic groups that are slaughtering various ethnic groups, as well as the ancestors of the Yuanmo who are plundering the endless sky.

"Is it the Ancestor Yuanmo? He actually broke through in the underworld? And with such a breath, could he use the rules of death to break through?" It is impossible for the ancestor Yuanmo to turn the initial universe into the underworld, even if he breaks through the transcendence, an initial universe is by no means a new transcendence.

can be completely transformed. "

After saying that, Qin Chen only glanced at Yuanmo Patriarch, then turned his head, and his eyes fell on the skull crystal suspended in the depths of the original universe.

"This is..."

Qin Chen's pupils shrank suddenly, and from the skull crystal, he felt an extremely terrifying breath of the underworld.

"It should be the skull crystal." Qin Chen's eyes narrowed.

And when Qin Chen perceived the changes in the initial universe.

skyline.

When the figures of Qin Chen and his party appeared, Hei Nu and the others were all stunned.

"dust..."

"Young Master Chen?" Although the group of figures in the demon world are far away from here, Hei Nu and others are already supreme-level powerhouses, and their spiritual sense can spy on all realms of the original universe, not to mention that Chendi Pavilion has been in the original universe for many years. Various supervisory

Controlling the large array, one can naturally monitor the images in the Demon Realm.

The figures of Qin Chen and others clearly fell into the eyes of Hei Nu and others.

How could there be less dust?

Why is there less dust?

After seeing the figure at the front of the crowd, Hei Nu and the others were stunned, and at the same time endless fear emerged in their hearts.

During the days when Qin Chen left, they never stopped thinking about Qin Chen for a moment, and they all hoped that Qin Chen could return to the original universe and return to their side.

But now when Qin Chen's figure really appeared, Hei Nu and the others felt hopeless in their hearts. They never wanted to see Qin Chen appear like this moment.

On the other side, after seeing Qin Chen and others appearing, Yuanmo Patriarch was also stunned, and then endless ecstasy emerged in his heart.

"Hahaha, it's that kid, it turned out to be that kid."

The Yuanmo Patriarch laughed wildly.

He will never forget that it was Xiaoyao Zhizun and Qin Chen who teamed up to destroy his many years of arrangements. Among them, Xiaoyao Zhizun was his old enemy for many years. He has long been used to it, but that kid Qin Chen...

If he hadn't broken into the devil world and destroyed his many years of plans, how could he be so embarrassed and forced to go to the underworld.

"Boy, I finally let my ancestor wait for you. God has eyes, and today is your death date." The ancestor Yuan Mo, who was killing wantonly in the initial universe, hardly hesitated. He didn't even think about why Qin Chen would come from here. Appearing in the passage of the dark clan, the whole person has already rushed towards Qin Chen madly, with his big hand sticking out

It turned into a vast sky of death and directly grabbed Qin Chen in the crowd.

boom!

The towering big hand is like a mountain that lifts the sky, directly pinching the void of the universe, and blasting directly at where Qin Chen is.

"not good."

"Chen Shao, be careful."

Heaven, Hei Nu and others were terrified.

Today's Yuan Mo Patriarch is already a powerhouse beyond the peak level, under such a blow, Chen Shao will definitely die.

Do not...

Don't let the dust go unnoticed.

Boom boom boom boom...

The moment the ancestor Yuan Mo shot at Qin Chen, the black slaves and others who had been staying in the heaven no longer cared about sticking to the heaven, rushed out of the heaven one by one madly, and plundered towards the demon world.

No one organized, and no one opened their mouths. In this instant, countless people in Chendi Pavilion rushed out like crazy, like moths rushing to the flame, desperately rushing out of the heaven. Everyone knows that once they leave the heaven and lose the protection of Xu Hai's power, they will almost die, but at this moment, no one thinks about it. There is only one thought in their minds, and that is to save Qin Chen, even if

is dead.

In an instant, countless strong men rushed out of the entire heaven, forming an unbelievably shocking scene.

The masters of Tianji Pavilion and Linglong were both stunned: "Xiaoyao, who is that kid? Why did everyone rush out desperately?"

"Qin Chen." Xiaoyao Zhizun said with an ugly expression. "Qin Chen?" The owner of the Tianji Pavilion was stunned, then frowned and said anxiously: "The guy you mentioned before who saved the original universe with you? He is so young, and even if he comes back, everyone doesn't need him." All

Go out, don't they know that they will die if they go out? "

The owner of the Heavenly Secret Pavilion didn't understand.

Xiaoyao Supreme glanced at the owner of Tianji Pavilion: "Qin Chen's significance to the original universe is extraordinary, and..."

When Xiaoyao Zhizun said this, he even turned his head to look at the calm Xuhai behind him. The next moment, his face was determined, and he took a step forward, directly rushing out of the heaven.

Heavenly Mystery Pavilion Master: "..."

He turned his head to look at Sect Master Linglong, and sighed: "Forget it, Linglong, you and I will do it too."

When the words fell, the owner of the Tianji Pavilion did not wait for the answer from the Linglong Sect Master, and took a step forward, directly rushing out.

boom!

The vast river of fate surged out, and went straight away.

The owner of Tianji Pavilion really couldn't bear to see Xiaoyao Zhizun take action alone. If he was the only one, then Xiaoyao Zhizun would undoubtedly die.

Above the sky, the aura of detachment on Xiaoyao Zhizun's body instantly rose, and he directly burned his own origin.

"Old Demon Ancestor, you have the guts to fight me." Xiaoyao Supreme roared furiously, his whole body boiling with fighting spirit.

He stepped on the long river of space, rushed directly to the ancestor Yuanmo, and killed him forcefully, trying to attract the attention of the ancestor Yuanmo.

"Hmph, fight with you? I will fight you after my ancestor kills that kid."

The ancestor Yuanmo sneered, with a ferocious expression on his face, ignoring the provocation of the supreme being Xiaoyao at all, but just grabbed Qin Chen with his big hands.

Boom! Above the demon world, the void of hundreds of millions of miles boiled directly. The big hands of the ancestors of Yuanmo covered the sky and the sun, as if a vast sky had collapsed. Countless demon energy and death energy suppressed the years and came directly to Qin

above the dust.

"Hahaha, brat, die."

The excited laughter of the Yuanmo Patriarch resounded throughout the world.

Here, someone wants to provoke Chen Shao? Behind Qin Chen, a look of ecstasy appeared in the eyes of Tuoba Xiongba and Anyou Palace Master, who had been expressionless all the time. At the moment when Yuanmo Patriarch's big hand fell, the two of them took a step forward almost at the same time, and said excitedly :"

less dust! "

They didn't have a chance to perform in the Dark Continent before, but now both of them obviously can't wait to make a move.

"Palace Master Anyou, take action." Qin Chen said lightly.

Palace Master Anyou was overjoyed in his heart: "Yes!"

As soon as the words fell, his whole body soared into the sky in an instant, and he came to the sky above the demon world in an instant.

"Hmph, want to stop this ancestor? Then you will die first."

Seeing Palace Master Anyou soaring into the sky, Yuanmo Patriarch sneered, a palpitating black light flowed from that big hand, and the ancient runes quickly gathered together, causing the whole demon world to rumble.

If this palm is real, the entire Demon Realm may be shattered.

"Hmph, something that doesn't know how to live or die."

A trace of ice-coldness flashed in the eyes of Palace Master Anyou, he snorted coldly, and the terrifying Anyou power suddenly rose from his body.

"This power..."

In the distance, Sect Master Linglong, who was madly rushing towards Yuan Mo Patriarch, froze for a moment, "The power of darkness, he...he is..."

Sect Master Linglong looked intently, and when she saw the face of Palace Master Anyou, she froze for an instant, her heart jumped wildly, and suddenly grabbed the Pavilion Master of Tianji who was madly rushing towards Yuanmo Patriarch.

The master of Tianji Pavilion was held back by Sect Master Linglong, and couldn't help but anxiously said: "Linglong, what are you doing?"

"Tianji, there's no need to act." Linglong murmured, "Then Qin Chen will be fine."

"Why?"

The owner of Tianji Pavilion turned his head, only now did he see Sect Master Linglong's expression as if he saw something unbelievable, his mouth grew slightly, and his eyes were wide open.

The next moment, he felt an aura that made everyone's hearts palpitate, and it rose up in this initial universe in an instant.

"The mere ants also want to take less action against Chen and seek death."

Under the watchful eyes of everyone, they saw an astonishing aura suddenly rising from the body of Palace Master Anyou, and punched the Yuanmo Patriarch fiercely.

Punch!

boom!

Under the shocked eyes of everyone, Palace Master Anyou's fist directly shattered the palm of Yuanmo Patriarch Tongtian, and then, the light of the fist drove straight in, piercing through the body of Yuanmo Patriarch in an instant!

boom!

The Ancestor Yuanmo was directly blasted away, and a huge hole instantly appeared on his powerful body, and the hundreds of millions of miles of void behind the Ancestor Yuanmo directly turned into nothingness, and was shattered by this punch.

"you..."

The ancestor Yuanmo was stiff, and looked down at the gap in his chest blankly, completely stunned.

The other ten thousand races in the original universe are also petrified at this moment!

one move!

The Yuanmo Patriarch, who had fought with the three great transcendences of Xiaoyao Zhizun for a long time, was blasted through his flesh with a single punch.

You must know that before Xiaoyao Zhizun and the three transcendental forces joined forces, it was only to make some gaps in the Yuanmo ancestor.

But now?

The guy who appeared out of nowhere in front of him actually pierced the body of the ancestor Yuanmo with one punch.

what's the situation?

In an instant, the bodies of the strong men from all races in the entire universe trembled.

Xiaoyao Zhizun stopped in the void, his eyes were also stunned.

The owner of the Tianji Pavilion was even more confused: "Linglong... Wife, what's going on?"

Sect Master Linglong murmured: "It's him, it really is him!"

As for Hei Nu, Jian Zu, Zhao Lingshan and the others, they also froze in shock, and then they were filled with endless surprises. It's really great to have such a master by Chen Shao's side.

The owner of Tianji Pavilion came back to his senses, and hurriedly said: "Linglong, who is this person?"

Sect Master Linglong's eyes are extremely solemn: "This person is the master of Anyou Mansion, the master of Anyou Mansion, one of the two top powers in the Southern Ten-Three-Star Region, and the top powerhouse in the entire Southern Ten-Star Region. A powerhouse beyond the peak level."

"hiss!"

The owner of Pavilion of Heavenly Secrets suddenly took a deep breath.

After staying in the Southern Ten Star Region for so many years, he had naturally heard of Anyou Mansion.

In the entire Southern Thirteen-Star Region, there are many detached forces, but the top two have never changed. One is the legendary Tuoba family, and the other is Anyoufu.

These two forces fought all the year round, and any one of them was a giant in the Southern Thirteen-Star Domain. It was unexpected that the Lord of Dark You Palace would appear here.

The master of the Tianji Pavilion looked happy and complicated: "I never imagined that the people in my original universe would be able to curry favor with the top Anyou Palace Master in the Southern Thirteen-Star Region. It seems that this time, we have hope."

Sect Master Linglong was also shocked and said: "Yes, Palace Master Anyou is a master of the second-tier peak transcendence level, and it is rumored that he has always been upright and generous. You are extremely lucky to be able to rely on him from the original universe."

Such a character, but she can't easily get in touch with it.

During the conversation between Sect Master Linglong and Pavilion Master Tianji, Mansion Master Anyou's expression became extremely ugly when he saw that his punch did not kill Yuan Mo Patriarch.

A first-level detachment, he didn't kill the other party?

Palace Master Anyou's heart suddenly panicked.

He hastily explained: "Young Master Chen, please forgive me for my mistake. This person has two kinds of detachment rules in his body, and his physical body is extremely strange. I didn't notice it for a while, so..."

As he spoke, he hurriedly said: "Don't worry, the old man will kill this beast right away, and will never let this person offend Chen Shao in the slightest."

As soon as the words fell, a stern look flashed in the eyes of Palace Master Anyou, boom, in his body, the aura that represented the peak detachment of the second level shot up into the sky in an instant.

boom!

The stars trembled, shivered, crumbling.

In the distance, the owner of the Tianji Pavilion was stunned.

what's the situation?

He blinked and couldn't help looking at Sect Master Linglong. Could it be that he heard it wrong before? How did he hear that Palace Master Anyou called Qin Chen Young Master Chen?

Is this an honorific title?

Sect Master Linglong was also stunned, hesitated for a moment, and said: "This...maybe it's because Palace Master Anyou is more modest."

"yes?"

The owner of Pavilion of Heavenly Secrets couldn't help being puzzled.

At this time, the most shocked person was Yuan Mo Patriarch: "Qin Chen, you..."

He looked at Qin Chen in shock and anger, and couldn't believe what he saw, but before he could say anything, the aura of the second level of detachment from the master of Anyou palace had enveloped him.

The ancestor of Yuanmo suddenly suffocated, looked at the skull crystal hurriedly, and said anxiously: "Senior..."

boom!

His figure hurriedly retreated, crazily darting towards the skull crystal, he didn't dare to have any confrontation with Palace Master Anyou, because he had a feeling that as long as the opponent shot with all his strength, he would definitely be able to kill him.

"Hmph, I want to go."

Palace Master Anyou's pupils shrank, and he was just about to make a move.

"Palace Master Anyou, stop."

Qin Chen suddenly gave a cold shout, stopping the master of Anyou Palace from making a move. At the same time, he stepped out into the endless void, staring in the direction of the Yuanmo Patriarch.

However, his eyes didn't stay on Yuanmo Patriarch, he didn't even pay for a glance, but focused on the skull crystal in the distance, frowning.

"Chen Shao, this thing has an extraordinary breath, be careful." At this time, the ancestor Tuoba also came to Qin Chen's side step by step, and said vigilantly.

[Chapter 5255: dust less help](#)

Qin Chen nodded.

Qin Chen didn't need to be reminded by Tuoba's ancestors, Qin Chen had already felt the difficulty of the skull crystal.

On the opposite side, the ancestor Yuanmo came to the skull crystal at this moment, his face was full of horror.

One move, one move just now, he almost disappeared.

Who are the guys around that kid Qin Chen?

He was terrified in his heart, and at the same time frantically repaired his physical body, but was shocked to find that no matter how he repaired his physical body, the parts of his body that had been blasted could never be restored.

It was as if some force was preventing his physical body from repairing.

"Don't waste your energy. It's the second-level transcendence-level omnipotent power, and it's the peak double-level transcendence. With your current cultivation base, you still can't get rid of this power at all." At this moment, Wangu Mingzu suddenly I opened my mouth, bang, an astonishing breath of death suddenly escaped from the skull crystal, and this breath of death quickly penetrated into the body of the ancestor Yuanmo, leaving Palace Master Anyou behind in an instant.

The power under it was dissipated.

The body of Yuanmo Patriarch immediately repaired at a speed visible to the naked eye, and soon returned to its original state.

"Thank you, senior."

Yuanmo Patriarch hastily said respectfully.

Ancestor Wangu Ming ignored Yuanmo Ancestor, soared into the sky in an instant, suspended in the vast sky, and terrifying breaths of death swept wildly from the skull crystal, forming a vast sea of death.

"I really didn't expect my ancestor to encounter so many masters in this small initial universe. It really surprised my ancestor."

Wangu Mingzu's cold voice resounded throughout the world: "I'll give you a chance to surrender to this ancestor. This ancestor will spare your life and let you become messengers of the underworld and gain eternal life."

Even Wangu Mingzu couldn't underestimate a double-level peak detached powerhouse, not to mention that there was obviously not only one such master among the other party.

Qin Chen squinted his eyes and said, "Are you a strong man in the underworld?" "That's right." Wangu Mingzu said proudly, "My ancestor, Wangu Mingzu, is the supreme existence in the underworld. As long as you follow me Ancestor, this ancestor will give you the supreme power of the underworld, so that you can walk in the universe sea and

Between the two worlds of the underworld, even if it falls, the soul can be reborn in the underworld and obtain eternal life. "

"Myriad Bone Nether Ancestor?"

Qin Chen glanced at Ancestor Tuoba. Ancestor Tuoba shook his head and said: "Small dust, this old man only operated in the South Universe Sea back then, and he is not familiar with the masters of the underworld. Moreover, the underworld is an extremely mysterious place, and has very little contact with the forces in the Universe Sea. bone

The ancestor of Ming had never heard of it. But..." Tuoba ancestor squinted his eyes and said: "This person, like his subordinates, should have only one soul left, entrusted in the skull crystal, so he can walk freely in this initial universe, otherwise he will be a strong man in the underworld once in the cosmic sea

The scope will definitely be strongly suppressed by the rules of the universe sea, which is much stronger than when we entered the initial universe. "

"Oh, a remnant soul?"

Qin Chen is awe-inspiring, the other party has only one divine soul that can exude such a terrifying breath of death, how terrible would it be if this person was in his prime?

It's a pity that Emperor Youming spent too much energy to condense the soul of Tuoba's ancestors before, and was sleeping in the ancient Yu Tower, otherwise he could ask about it.

But no matter what, this person dared to do such evil in the initial universe, and I would never allow him to continue to be arrogant.

Thinking of this, Qin Chen stepped forward suddenly, and boom, the endless void directly boiled under Qin Chen's feet, and a vast original breath spread throughout the entire initial universe in an instant.

"What is the ancestor of the myriad bones? Hmph, this place is my territory. Obediently, I will capture you without a fight. I may save your life. Otherwise, no matter who you are in the underworld or the universe, I will make you regret entering my life." primordial universe.

"

Qin Chen said coldly, his eyes were cold.

On the side, Xiaoyao Zhizun and others were all stunned after hearing Qin Chen's words.

"Qin Chen, this person is a strong man in the underworld, his cultivation is as high as the sky, so don't be careless."

Xiaoyao Supreme said hurriedly.

"Hmph, what carelessness, what can the underworld powerhouse do? His grandma, dare to be arrogant in my initial universe, it's really courageous, and he doesn't know how to live or die."

boom!

A rumbling roar resounded in Qin Chen's body, and the next moment, a magnificent dragon shadow soared into the sky, quickly entrenched on the sky of the original universe, and an astonishing prehistoric aura swept across in an instant.

At the same time, a \*\*\*\* figure and a pitch-black figure shot up into the sky, also exuding a terrifying aura, floating in the sky.

"The Primordial Ancestral Dragon, the Blood River Sacred Ancestor, and the Sword Demon?"

"This is... the breath of detachment, they have all broken through the detachment?"

"hiss!"

Seeing these three figures, Jianzu and the others couldn't help but be surprised. You must know that before they left the initial universe, they were only half-step transcendental powerhouses. How long has it been since they left, and they have broken through to the transcendental realm when they come back?

Even the Xiaoyao Supreme at the side was dumbfounded. After entering the initial universe, how much energy and suffering he had spent before he broke through to the realm of detachment. How come all cats and dogs have become detachment on Qin Chen's side?

When did the realm of detachment become so easy to break through?

"Boy Qin Chen, what nonsense are you talking about with this skull, you dare to act wild in my initial universe, and dare to touch the woman of this ancestor dragon, let's see how this ancestor dragon destroys him."

The Primordial Ancestor Dragon looked at Ao Ling, who was in a panic in the distance, and immediately yelled, his figure flickered, and in an instant he transformed into a majestic dragon with a length of millions of miles, facing the Myriad Bone Nether Ancestor A mouthful of dragon flame was spat out.

boom! The vast dragon flames swept across tens of thousands of miles, tearing apart the endless void, and in an instant came to the body of Wangu Mingzu, completely wrapped him in, but after the dragon flame passed, Wangu Mingzu was unscathed, the skeleton even a little wound on the crystal

No trace was left.

"Um?"

Honghuang Zulong frowned, damn, this old thing from the underworld is a bit strong?

Wangu Mingzu said coldly: "A group of ants in the original universe, it seems that you must seek death. If this is the case, then this ancestor will fulfill you."

As soon as the words fell, the skull crystal soared into the sky, and a vast breath of death swept towards the primordial ancestor dragon in an instant.

"Be careful."

Palace Master Anyou's face changed, his figure flickered, and he suddenly appeared in front of the Primordial Ancestral Dragon, punching out fiercely.

With a bang, Palace Master Anyou flew backwards in an instant, wisps of death aura crazily eroded his detachment power, intending to invade his physical body.

"not good."

Palace Master Anyou hurriedly cut off the connection between himself and this source of power, with a bang, after his trace of source power was cut off, it was directly polluted into black and turned into endless power of death.

Behind him, the Primordial Ancestor Dragon was only surrounded by a breath of death, and his scales quickly began to rot.

"Boy Qin Chen... No, Mr. Chen, help me."

Honghuang Zulong hurried to Qin Chen's side and roared in panic.

Qin Chen's face darkened, and he stretched out his big hand, and in an instant, he came into contact with the breath of death on Honghuang Zulong's body.

boom! This breath of death found an external force, and it surged towards Qin Chen's place in an instant, intending to completely pollute Qin Chen as well.

[Chapter 5257: this old six](#)

boom!

In an instant, the starry sky of the entire initial universe trembled, and the Palace of Ten Tribulations exuded a gloomy aura, floating in the sky, like an ancient death palace floating out of an endless abyss, surging with an endless aura of destruction.

"What kind of treasure is this?"

At this moment, people in the entire initial universe were terrified. They looked up in horror at the quaint palace exhibited by Qin Chen. The quaint palace rumbled forward. Wherever it passed, the dark power swept across the void like ripples, destroying everything.

This feeling is too uncomfortable. No matter if it is the Supreme Master Xiaoyao, the Master of Pavilion of Heavenly Secrets, the Master of Linglong, or the Sword Ancestor who was present, just looking at the

deep and vast palace in the distance, they feel that they are being severely suppressed by the huge stone, and they can't breathe come

It feels like, let alone the Yuanmo Patriarch and Wangu Mingzu who are under the suppression of the palace.

At this moment, the ancestor Yuanmo was locked away by the Palace of Ten Tribulations, the hairs all over his body stood on end, and countless goose bumps arose all over his body in an instant.

He had a feeling that if this simple and unsophisticated palace fell on him, his body would be smashed to pieces in an instant, and his body would be reduced to ashes. "Senior, what kind of treasure is this? The breath is really terrifying." The ancestor Yuan Mo said in horror: "Why don't we hide back to the underworld first, and then invade this initial universe after the senior's physical body is reshaped and his cultivation is restored. necessary at this time

Time to fight them to the death. "

At this moment, the Yuan Mo Patriarch had a strong desire to retreat. "Hmph, ignorance." Wangu Mingzu snorted coldly, looked at the Ten Tribulations Hall above his head, and was not afraid, he said disdainfully: "The aura of this treasure is indeed powerful, but no matter what this person is displaying Treasures, it is impossible to have this

The ancestor's Wanming glazed bones are powerful. "

An astonishing death aura emanates from the cold skull crystal.

"The Wanming glazed bone that my ancestor lived in was the most precious treasure of my destiny back then. After hundreds of millions of years of baptism of dark energy, it carried a destiny, is eternal, and exists forever. It has been blessed." Wangu Mingzu said proudly: "In the great battle back then, my body was destroyed, but this Wanming glass bone was still safe and sound, so my soul can be preserved until now. go out

Ants, even if they got some treasures, how can they compare with the original ancestor Wanming glass bones? "

After the words fell, a glaring black light suddenly lit up above the skull crystal, shooting up into the sky in an instant.

boom!

Below, the void of billions of miles boiled in an instant, and the astonishing aura of death surged, like boiling water, and collided with the Palace of Ten Tribulations blasted out by Qin Chen in an instant.

bang!

The world is shaking. A roar like thunder resounded throughout the initial universe in an instant. The sound was as loud as a giant holding a giant ax to open the sky. It shocked everyone in the entire initial universe dizzy.

There was even a click, and cracks appeared, almost collapsing on the spot.

Under the horrified gazes of everyone, Qin Chen's Hall of Ten Tribulations slammed into the skull crystal, and the two flew upside down at the same time.

"Um?"

Qin Chen frowned slightly and sighed secretly.

His cultivation was still too weak. The Temple of Ten Tribulations was terrifying enough to suppress everything in the world, but he was evenly matched with this skull crystal.

It is obvious that he is still unable to exert the full power of the Hall of Ten Tribulations at all.

And when Qin Chen was disappointed, the shock in Wangu Mingzu's heart was hundreds or thousands of times stronger than Qin Chen's!

"Impossible, why is your treasure so hard? Can it withstand the impact of my Wanming glass bone?"

Wangu Mingzu said angrily. Originally, in his imagination, as long as he released the power of Wan Ming's glazed bones, it would be absolutely easy to crush the opponent, but the result surprised him. The treasure blasted by Qin Chen was extremely hard.

The impact of the glass bone was unscathed.

You know, his Wanming glazed bone is a triple peak treasure?

"My ancestor doesn't believe it anymore, come again."

The Wangu Mingzu roared, and without giving Qin Chen a chance to relax, he urged the skull crystal again, and instantly plundered it.

boom!

The black skull crystal smashed through the void, and directly tore open a ravine of hundreds of millions of miles in the world of the initial universe, and came to Qin Chen.

"Come on."

Qin Chen sneered.

boom!

The Hall of Ten Tribulations was activated by him again, and an astonishing amount of dark power surged through the sky and earth, and ruthlessly hit the skull crystal.

bang bang bang...

The deafening roar continued to resound, and the two top-level treasures collided continuously in the void, detonating countless voids. In the blink of an eye, the entire initial universe was riddled with holes, and space cracks and debris were everywhere.

"Not good, go back!"

Xiaoyao Zhizun and others changed their colors. The battle between Qin Chen and Wangu Mingzu was too amazing. The breath that swept out made the entire initial universe as if the end was coming, and major earthquakes occurred everywhere.

They retreated crazily, not daring to approach the battlefield between the two.

"Wow wow wow, his grandma's, isn't this too exciting?" Honghuang Zulong yelled, his figure retreated again and again, his whole body was extremely excited, and a terrifying shock wave hit. At this time, Tuoba ancestor took a step forward, Raise your hand, bang, an invisible force surged out, blocking this force

diffusion.

"Hey, brother Tuoba, you are still reliable."

Honghuang Zulong hurriedly hid behind Tuoba ancestor, and then yelled at Qin Chen: "Qin Chen boy, kill him, kill this dead thing."

At this time, the Myriad Bone Nether Ancestor had been fired into real flames, and streaks of black light shot up into the sky from the skull crystal, and the whole world was filled with the sound of howling ghosts and gods.

Boom!

The two treasures collided crazily, and the astonishing roar resounded, and the original universe was about to collapse.

"It can't go on like this!"

Qin Chen's expression darkened.

If the bombardment continues like this, he will naturally be fine, but the entire initial universe will inevitably be traumatized, and it will be a disaster for all races.

Back then, when the demons invaded the heavens, the humans resisted, and the two sides fought, the heavens were destroyed. It took countless years to restore it. If the original universe was destroyed this time, it would be over.

"The origin of the original universe, Rong!"

Qin Chen snorted coldly, and directly fused his own will with the origin of the original universe. In an instant, the space where the two fought each other, with a radius of hundreds of millions of miles, directly formed a unique boundary.

Immediately afterwards, Qin Chen quietly activated a ray of abyssal power in the Hall of Ten Tribulations. After all, this Myriad Bone Nether Ancestor was once a triple transcendent peak powerhouse in the underworld. Even if it was just a ray of soul, even if it was suppressed countless times in this initial universe, it was by no means easy to kill. With Qin Chen now of

All kinds of supernatural powers, the power of the abyss is the easiest to suppress the Myriad Bone Nether Ancestor. When this power of the abyss was affected, a suffocating breath suddenly permeated

the entire Hall of Ten Tribulations. This breath froze the years and caused chaos for eternity. People in the entire initial universe felt a chill all over their bodies.

, as if being stared at by some terrifying existence, about to be dragged into endless darkness.

Everyone hurriedly raised their heads, looked in horror, and saw Qin Chen urging the Ten Tribulations Hall, crashing on the skeleton crystal of the Myriad Bone Nether Ancestor.

Boom!

The two treasures collided in an instant, and the next moment—

Click!

There was a slight cracking sound, and a crack quietly appeared on the skull crystal. This crack was extremely subtle, but it was clearly presented in front of everyone.

"Ah!" Along with the cracking of the skull crystal, streams of dark mist escaped like gushing springs, and then there was a roar of fright and anger: "Impossible, what is this? Wanming Liuligudu

Can't stop it! "

Amidst the shrill roar, Myriad Bone Nether Ancestor was sent flying out with a bang, and the aura of death surged, smashing countless voids directly. The diffuse mist quickly turned into a ferocious figure. This was a figure exuding a dark atmosphere, as if he had stepped out of hell, with a ferocious face, staring furiously at Qin Chen in the distance and the man in front of him.

In the Hall of Ten Tribulations, the eyes were full of disbelief.

His Wanming glazed bone actually cracked.

Simply unforgivable.

This is his treasure that has been parasitic for hundreds of millions of years, and it was his natal treasure back then. In the battle of the underworld, this treasure of his did not say it was destroyed, but now, it was actually blown apart. How is this possible?

boom!

In the Hall of Ten Tribulations, the cold aura soared to the sky. This was the power of the abyss. Once it was aroused, it would bring disaster to the world.

not good!

Qin Chen's color changed slightly. It seemed that the power of the abyss could not be easily activated. Although the power was extremely terrifying, sometimes it was beyond his control.

"receive!"

Qin Chen shouted sharply, and immediately mobilized all his strength to suppress the ray of abyssal power that was about to wake up.

However, this ray of abyssal power wanted to counterattack, and wrapped around Qin Chen in an instant.

"Huh? This kid seems to have a situation, a good opportunity!" After all, Wangu Mingzu has experienced endless wars in the underworld. Seeing this scene, he was immediately overjoyed. Although he didn't understand what happened, how could he? Letting go of this opportunity, with a swish, the skull crystal turned into a

A black streamer rushed towards Qin Chen fiercely in an instant.

boom!

The void was directly torn open an endless gully.

"not good!"

In the distance, when Xiaoyao Zhizun and others saw this scene, they all exclaimed, and their hearts suddenly rose. At this moment, they saw that an old man who had been standing behind Qin Chen before suddenly stepped forward and came to Qin Chen in an instant. a huge palm,

It is enough to crush the sun, the moon and the stars, and crush them towards the ancestor of the myriad bones.

It is the ancestor of Tuoba.

"Hmph, where did this old thing come from? He doesn't know how to live or die, and he wants to stop this ancestor!" Wangu Mingzu snorted coldly. Among all the people in front of him, the only thing he was afraid of was the Ten Calamities that Qin Chen had used the power of the abyss to mobilize before. Hall, now that Qin Chen seems to be entangled by some force, this is a good opportunity for him to make a move. As for the others

, which he simply ignored.

With a cold snort, the skull crystal collided with the big hand of ancestor Tuoba in an instant.

boom! Amid the astonishing roar, ancestor Tuoba let out a muffled snort, and his outstretched hands collapsed, as if the sky was collapsing. At the same time, his figure also kicked back tens of thousands of miles. With every step, the void under his feet was directly collapse open

Come on, rivers of forgetfulness are formed.

But at the same time, Myriad Bone Nether Ancestor was also stopped by Tuoba Ancestor, and turned somersault in the void before he stabilized his figure.

"Triple detachment, this guy is actually a triple detachment?"

Wangu Mingzu was completely dumbfounded.

Isn't this the original universe? How could there be triple detachment? The strong people here are like ants emerging one after another, he is almost going crazy.

At this time, Qin Chen had already woken up.

boom!

On his body, endless thunder light bloomed directly.

In an instant, the entire cosmic sea directly turned into thunder light of hundreds of millions of miles, covering Wangu Mingzu in an instant.

It is the power of the Judgment God Thunder!

At this time, Qin Chen didn't want to continue to entangle with Wan Gu Ming Zu anymore.

Quick fix!

"Chi Chi Chi!"

When the traces of lightning touched the skull crystal, streaks of black smoke immediately rose from the skull crystal, which was actually being corroded rapidly.

"Ah, what kind of power is this?"

Wangu Mingzu was finally frightened, and hurriedly retreated, already thinking of retreating.

At this moment, he has only one thought, and that is to leave here.

This place is simply a hell, even more like \*\*\*\* than the underworld he is in.

"Abyss Demon..."

He turned his head and was just about to look for the Yuanmo Patriarch, only to find that the body of the Yuanmo Patriarch had collapsed little by little under the thunder.

"died?"

Wangu Mingzu was startled.

"wrong!"

He suddenly turned his head and looked at the Demon Realm in the distance. There, a figure appeared quietly, rushing madly towards the dark vortex leading to the Underworld.

It is the ancestor of Yuanmo. When Qin Chen was fighting with Wangu Mingzu, Yuanmo Patriarch actually left his body in the void and controlled it with a will, and his body soul had sneaked back into the Demon Realm without anyone noticing it. , and to

Flee to the place of the underworld.

"Made, the sixth child!"

Wangu Mingzu uttered angrily.

The ancestor of Yuanmo actually abandoned him and ran away first. Is he still human?

Moreover, is this Yuanmo so unconfident in himself?

Wangu Mingzu was extremely shocked and angry.

"Want to go!"

In the void, Qin Chen snorted coldly, how could he let the ancestor Yuanmo leave here, raised his hand, and boom, endless thunder light swept towards that piece of heaven and earth.

The ancestor Yuan Mo gritted his teeth, seeing Qin Chen's thunder light attacking, he shouted angrily, "Explosion!"

boom! This source of his soul was aroused in an instant, and at the same time, the entire world of the demon world also roared rapidly under his aura, and terrifying demonic energy shot up into the sky, tearing the demon world apart thousands of

It was full of holes, as if the end was coming.

At some point, Yuanmo Patriarch had already arranged a large destruction formation in the Demon Realm. At this moment, he actually wanted to detonate the entire Demon Realm and make the Demon Realm disappear in this initial universe.

"not good!"

Qin Chen's face changed slightly. The ancestor Yuanmo was so cruel, knowing that he couldn't escape, he wanted to detonate the entire demon world.

The Demon Realm is one of the most powerful realms in the entire initial universe. Once the Demon Realm is destroyed, it will definitely cause huge damage to the origin of the initial universe.

Back then, the three major clans of the Zerg, Bone, and Ghost races closed the world. The reason why Qin Chen didn't destroy these three clans was because he was worried that such a situation would happen. Once the demon world was detonated, the consequences would definitely be much greater than the destruction of the three major clans.

"Condensation!"

Qin Chen shouted angrily, and the billowing demon energy poured out of his body, covering the entire demon world in an instant, suppressing the demon world that was entering destruction in an instant. At the same time, the power of thunder released by Qin Chen covered the dark vortex leading to the underworld in an instant at the very moment, and there was a bang, and a series of horrors quickly formed in front of the entire underworld vortex

If you break into the void storm, not only will you not be able to return to the underworld, but you will also enter the endless storm of void cracks and be torn to pieces instantly.

After doing all this, Qin Chen didn't even bother to look at Yuanmo Patriarch.

For him today, the ancestor Yuanmo is no longer worthy of being his opponent. What he cares about is the ancestor of the myriad bones in the underworld in front of him.

This person is the biggest problem.

"you..."

Being stared at by Qin Chen, Wangu Mingzu, the ancient triple peak detached boss, actually stood up all over his body in an instant.

boom!

Qin Chen mobilized the Hall of Ten Tribulations, and it came to the top of his head in an instant.

At the same time, Ancestor Tuoba stepped forward in one step, and a terrifying triple detached aura surged from his body.

"Boy, don't force me to die together!"

Wangu Mingzu's heart sank, and he roared angrily, "Boom, in the skull crystal, the billowing breath of death gushes out frantically, and the entire initial universe trembles under this breath of death, and it will become a paradise for the dead.

This Myriad Bone Nether Ancestor actually directly aroused his ray of soul, just like the Yuan Mo ancestor detonated his own origin. Once Qin Chen made a move on him, he would detonate his own soul origin and pollute the entire initial universe.

At that time, even if Qin Chen killed him, all the creatures in the entire initial universe would turn into undead and be dominated by the underworld.

Seeing this scene, before the storm in the demon world, the ancestor Yuanmo was overjoyed.

The seniors are the seniors, the mountains and rivers are full of doubts and there is no way out, the willows are dark and the flowers are bright, and there is another village. Maybe they will have a chance to survive this time.

really.

"Chen Shao, be careful. Once this person explodes, the entire primordial universe will be destroyed. With the cultivation base of my subordinates, I can't stop it..."

Ancestor Tuoba said hastily, his heart shaking.

When Wangu Mingzu really wanted to detonate his soul, he, who was once a triple detached powerhouse, trembled.

After all, he was just an ordinary strongman in the triple transcendence back then, but Wangu Mingzu was definitely the most peak-level existence among the triple transcendent strongmen.

With his strength, it is impossible to stop Wangu Mingzu no matter what.

aside.

Qin Chen's face also darkened.

trouble.

Once Wangu Mingzu blew himself up, although he himself would be fine, but he couldn't guarantee that he would be able to stop all the aura of death.

This is a triple transcendent peak-level powerhouse. Even if it is just a self-destruction of the soul, the destructive power caused is astonishing. Compared with an initial universe, even the entire Southern Thirteen-Star Region may not be safe and sound.

However, it is wishful thinking to let him let Wangu Mingzu go, so there is only one way now.

Qin Chen's eyes suddenly froze.

boom!

In his body, the ancient Yu tower instantly soared into the sky.

"You Ming, don't sleep, come out and work."

Qin Chen's rolling voice instantly blasted into the source of Emperor Youming in the Ancient Yu Pagoda.

With Qin Chen's current cultivation base, it is natural that he can't stop Wangu Mingzu from all the death aura, but if he lets Emperor Youming take action, there must be no problem. As one of the four great emperors of the underworld, not to mention a triple detachment peak spirit self-detonation, even a real triple detachment peak underworld powerhouse self-explosion here, the resulting terrifying death, the Nether Emperor

All can be blocked.

boom!

Under the watchful eyes of everyone, the Ancient Yu Tower quickly floated in the sky, and under the urging of Qin Chen, a breath of death that shocked everyone present was slowly released from the Ancient Yu Tower.

"Well!"

The deep raving sound resounded in the sky and the earth, as if dissatisfied and disturbed, and then there seemed to be some terrifying existence in the ancient Yu Tower, which was slowly waking up. The breath of death enveloped the entire initial universe in an instant.

[Chapter 5258: what's wrong with it](#)

Accompanied by this breath of death, a breath that was terrifying enough to destroy the entire initial universe covered the entire world in an instant.

At the same time, a rumbling sound resounded directly between the sky and the earth.

"Hmph, where did the underworld ants come from, how dare they offend Qin Chen? They even disturbed the emperor, they are looking for death."

boom!

The ancient tower shook, and amidst the sound of fury, a majestic figure was projected from the ancient tower in an instant, reflecting the heavens and the world in an instant.

The next moment, a huge dead hand emerged from the sky, and it grabbed the Wangu Mingzu below fiercely.

contempt.

Endless contempt.

At this moment, this majestic figure didn't even stare at it completely, and his spiritual consciousness didn't even seep out, and he directly grabbed Wangu Mingzu with his big hand, as if he was grabbing a chicken.

Boom!

The air of death vibrated, and in an instant, the void around Wangu Mingzu was directly imprisoned, and the void made fragile cracking and moaning sounds.

"what!"

Wangu Mingzu roared, at this moment, the power he released was severely suppressed, and he was tightly imprisoned in a world.

"The power of the underworld, this is definitely a power of the underworld, who is the powerhouse of the underworld, who actually resides in this ancient pagoda?"

Sensing this breath of death, Wangu Mingzu couldn't help but tremble in his heart, and his whole body was terrified.

The horror of the death breath even made him feel endless fear, as if he had returned to the time when he first entered the underworld and was just a small ant, seeing the supreme powerhouse.

It was a feeling of suffocation of an ant facing a dragon.

In this ancient tower, there is definitely a top-level underworld power.

Moreover, for some reason, Wangu Mingzu even felt that this breath of death was vaguely familiar. But at this moment, he can't control so much anymore. Looking at the giant hand of death that was captured directly, Wangu Mingzu has a feeling that no matter how he moves or resists, it will be useless, and there will be only one result waiting for him

, That is to be ashes and smoke, and the soul is scattered.

"No, I can't die."

The longing for life awakened Wangu Mingzu in an instant, Wangu Mingzu roared, boom, a series of shocking black lights burst out from his Wanming glazed bones, directly igniting the origin.

boo boo boo...

However, the original power of Myriad Bone Nether Ancestor had no resistance at all under the giant hand of death, and was quickly pinched and exploded, but his burning source finally gave him a chance to speak.

Wangu Mingzu tried his best and let out a roar.

"Senior, my junior Wangu Mingzu is a general under the command of Emperor Youming, one of the four great emperors of the underworld. Please, for the sake of my Lord Youming, spare this junior's life. This junior will be very grateful."

At this moment, Myriad Bone Nether Ancestor can only pin his hopes on his master, Emperor Youming.

With Emperor Youming's status in the underworld, if the other party is a strong person in the underworld, he must have heard of the emperor, and he will be afraid at that time.

"Under the Emperor Youming?"

Hearing Wangu Mingzu's words, Tuoba ancestor and the others were stunned, with astonishment in their eyes.

On the side, Qin Chen was also surprised and frowned.

"Myriad Bone Nether Ancestor?"

boom!

Finally, the huge palm stopped on top of his head at the moment when it was about to crush Wangu Mingzu.

"This name is indeed somewhat familiar..."

A murmuring sound resounded between heaven and earth. Seeing the opponent's attack stop, Wangu Mingzu was extremely excited, and hurriedly said: "Senior, I must have heard of the Great Emperor. The Great Emperor is extremely protective and jealous. If you kill me, the Great Emperor will never let it go. At that time senior

It must be troublesome, why don't the seniors let the juniors go, the juniors will never hold grudges, and promise to leave this initial universe immediately. "

demon world.

The Yuanmo Patriarch also became excited.

The sudden appearance of the underworld powerhouse actually stopped. It seemed that he would survive this time.

"Well, the emperor remembered now, Wan Gu, you were one of the seven underworld generals under the command of the emperor back then. Unexpectedly, you also fell, leaving only a soul."

Boom!

Suddenly, the figure projected from the ancient cosmic tower solidified for an instant, and a pair of eyes that seemed to see through life and death fell on the body of Wan Gu Ming Zu in an instant.

Hearing this, Wan Gu froze for a moment.

He raised his head in disbelief, looked at the solid phantom, and then he was completely stunned.

"Great... Great Emperor!"

Wangu Mingzu's voice trembled, as if seeing something unbelievable, the source of burning was extinguished in an instant, and the tide of death that had been madly resisting also disappeared in an instant.

The figure in front of him is very familiar to him, it is the master Youming who he followed back then.

"My lord, why are you here?"

Wangu Mingzu was stunned, trembling, his whole body was excited.

Plop!

The black ghost energy projected from the skull crystal turned into a majestic figure, facing the phantom projected by the ancient Yu Tower, he knelt down in an instant, weeping uncontrollably.

"Great Emperor, I miss you so much, Great Emperor, oh, oh, oh, Great Emperor, I finally see you again, oh..."

Wan Gu Ming Zu wept bitterly, as miserable as a child.

Seeing the scene in front of them, everyone present was dumbfounded.

Why is it that the ancestor of the myriad bones in the underworld actually knelt down? And wept like a child.

This style of painting changed so quickly that everyone was stunned instantly.

demon world.

The ancestor Yuanmo slowly widened his eyes, and his body trembled uncontrollably.

Do not!

impossible!

Seeing the boss Wangumingzu whom he had taken refuge in kneeling in front of the phantom, Yuanmo Patriarch felt that his world view suddenly collapsed.

This is so outrageous. Why, some of the powerhouses I worked with were all trash, either idiots deceived by Qin Chen, or even the people Qin Chen turned to were inferior to the undead emperors and the dark clan before, and now the tens of thousands of people in the underworld bone

So is Ming Zu. But Qin Chen has so many backers, such as the great power in the Void Sea before, and the Nether Emperor in front of him, why is this?

The ancestor Yuanmo roared hysterically in his heart, and the whole person was going crazy.

Why, God is so unfair to him?

In what way is he worse than that Qin Chen?

The Yuanmo Patriarch couldn't figure it out.

now.

Above the sky, Emperor Youming looked at Wangu Mingzu with infinite emotion in his heart.

"Wan Gu, I really didn't expect that the emperor could see you here. However, even if you fall, you should be in the underworld? Why did you appear in this initial universe and confront Qin Chen?"

Emperor Youming frowned. Wangu Mingzu wiped his tears and said: "Great Emperor, the reason why this subordinate came to this initial universe is because of the ancestor Yuanmo, who is the agent trained by his subordinates. Haven't transcended the cosmic sea

. ""In order to be resurrected, this subordinate followed him to this initial universe, in order to devour the origin of this initial universe and turn this initial universe into the underworld of his subordinates. In this way, this subordinate can use this place as a fulcrum in the future, and the endless stream the drain

Take the energy of the universe sea to support the subordinates to reshape the physical body in the underworld. "

Speaking of this, Wangu Mingzu hurriedly raised his head: "Emperor, is this young man your agent? If so, this subordinate is really blind to Mingshan, and offended the Emperor, please punish him!"

Wangu Mingzu hastily knelt down and said.

agent?

Hearing the words of Wangu Mingzu, Emperor Youming suddenly trembled.

Depend on!

You guys don't hurt me.

As soon as he was about to speak, he saw Qin Chen stepping out and coming to the two of them, frowning: "Emperor Youming, is this person really your subordinate?" Emperor Youming hurriedly said: "Yes, this person is the emperor of the past. One of the seven underworld generals under his command, when the emperor left the underworld, he had not yet fallen. Unexpectedly, there is only one soul left now. If this person had any achievements before

Where I sin against you, I don't know if I can give this emperor a face and spare his life. "

Emperor Youming glanced at Wangu Mingzu, and finally couldn't help but intercede for him.

After all, Wangu Mingzu worked diligently and conscientiously under his command back then. After so many years, seeing his familiar subordinates, Emperor Youming really couldn't bear the other party's tragic death here.

"My lord, you are..."

Wangu Mingzu was stunned when he saw that Emperor Youming was so polite to Qin Chen.

Isn't this Qin Chen the agent of the emperor? Why does he always feel that the emperor seems to be a little jealous and respectful of this person?

"Emperor, isn't this son your agent?"

He couldn't help wondering.

It's just that as soon as he said this, Emperor Youming suddenly changed color.

"Shut up!" Emperor Youming's face was ugly, and he slapped Wangu Mingzu suddenly, and almost stunned Wangumingzu, so Emperor Youming yelled angrily: "Don't be rude, Qin Chen is the original! The emperor's current partner is also very respected by the emperor

You are a talented young man, and he is also the benefactor of whether the emperor can return to the underworld in the future, you boy, show the emperor some respect. "

"what?"

Wangu Mingzu froze.

Partner?

Boy genius?

benefactor?

Wangu Mingzu couldn't imagine that these words would be uttered from the mouth of the emperor, and they still described the young man in front of him.

Did he hear wrong?

"My lord, this person..."

"To shut up."

Emperor Youming yelled angrily, and directly interrupted Wangu Mingzu's words, boom, a terrifying breath of death bloomed from him, directly crushing Wangu Mingzu, and immediately shook the soul fire of Wangu Mingzu.

"What is this person? You should call him Young Master Chen, and if you dare to disrespect Qin Shaoxia, let's see how this emperor will destroy you!"

Emperor Youming scolded angrily, hating iron for failing to make a steel road.

boom!

The terrifying aura of the Nether Emperor almost crushed the spirit of the Myriad Bone Nether Ancestor.

"Quickly apologize to Young Master Chen, if Young Master Chen wants you to die, hmph, even this Emperor cannot save you." Emperor Youming said angrily.

"Dust... less dust?"

Wangu Mingzu was stunned.

He raised his head, just in time to see the cold eyes of Emperor Youming, and he knelt down hastily:

"Yes, this subordinate knows his mistake." Wan Guming Zulian knelt down, turned his knees to where Qin Chen was, and bowed his head He said in horror: "I don't know the heights of the sky and the depths

of the earth before, and I offended Shao Chen. Please forgive me for my ignorance. From now on, I am willing to throw my head and blood, and use the knife

At the foot of the mountain, there is a sea of fire, and he will stand on the saddle for Shao Chen until death. "

Although he didn't know what happened, Wangu Mingzu knew that he could only survive if he begged for mercy like this at this moment, otherwise the emperor would definitely crush him to death on the spot without Qin Chen's action.

Between heaven and earth.

At this moment, Wan Lai was silent.

Everyone stared blankly at the scene in front of them. The phantom of Emperor Youming casts all over the heavens and worlds, and under his head, who was like a \*\*\*\* before, who was about to destroy the original universe with a flick of a finger, is now like a servant, kneeling in the void, kneeling in Qin Chen

In front of him, trembling, begging for mercy.

Such a picture gave everyone present an extremely strong conflict.

Let everyone's hearts can't be calm for a while.

demon world.

The ancestor of Yuanmo was completely petrified.

He looked sluggish, like a walking dead.

The shock in his heart was like a stormy sea. But at this moment, there is only one sentence in his mind: this world, what happened to it?

[Chapter 5259: abyss](#)

Why?

At this moment, Yuan Mo Patriarch's mentality completely collapsed.

At this moment, he thought of his past, when he was young.

In that era, thousands of races were vying for the top, and hundreds of boats were vying for the top.

The initial universe has not yet come to the end of reincarnation, everything is thriving, demon race, human race, Zerg race, monster race, ghost race, sea race... strong races of each race are like clouds, emerging in endlessly.

And he, Yuanmo, was just born in an ordinary family of Yuanmo.

At that time, the Yuan Demon Clan was just an extremely inconspicuous one among the many races of the Demon Clan. Compared with the Spirit Demon Clan, Saint Demon Clan, and Sky Demon Clan, there was a huge gap.

The Mozu is a world where the weak are preyed on by the strong, and the weak will be beaten. This is the eternal truth of the Mozu.

And Yuanmo Patriarch grew up in the midst of being bullied.

His mother was originally from an ordinary family in the Yuan Demon Clan, but because of her beauty, she was dedicated to a family of the God Demon Clan, which was the leading clan in the Demon Clan back then, as a maid.

And the young master of that aristocratic family, with a perverted personality and a surly temper, unexpectedly raped his mother in the banquet hall after being drunk and in the eyes of countless guests during a banquet.

These guests were all prominent figures in the demon clan at that time, but no one stopped them. Instead, they laughed and enjoyed themselves, as if they were watching a fun event.

His mother was humiliated and in pain, but after the young master sobered up, he acted as if nothing had happened, and even took pride in it and publicized it. His mother was ridiculed in that aristocratic family, committed suicide several times, but failed, but unexpectedly found out that she was pregnant with Yuanmo Patriarch, but the young master did not recognize the child as his to the outside world, and slandered his mother wantonly unclean,

exiled his mother back to the Clan.

Among the ethnic group, his mother suffered endless discrimination and humiliation.

But his mother did not seek suicide anymore, no one knows how she spent those years, only know that she gave birth to Yuanmo Patriarch with difficulty under endless humiliation, and brought him up little by little. The birth of the ancestor Yuanmo was doomed to endure endless humiliation in his life. In the ethnic group and the outside world, the ancestor Yuanmo was always the one who was excluded. From childhood to adulthood, the ancestor Yuanmo suffered all kinds of humiliation, but his mother but always stood by him

After his death, he taught him carefully, taught him the truth of being a demon. In such an environment, the ancestor Yuanmo rose up little by little. He crawled out of the quagmire with difficulty. It took him ten hours to practice while others spent an hour. He was the first to sign up for a dangerous task that others were unwilling to do. even if it hurts

Scarred, even if blood flowed like a river, he was not afraid.

In the end, in the ethnic group, he caught up with all his peers step by step, and even went out to fight and experience on behalf of the ethnic group.

However, his mother was bullied by his clansmen when he was fighting abroad, and died tragically at home.

The ancestor Yuanmo who heard the news went crazy.

He rushed back to the family like crazy, killing people like crazy, and killed thousands of people in one night. The family was furious, chasing and killing Yuanmo Patriarch, Yuanmo Patriarch fought and fought

again and again, he almost died countless times, his spirit and soul almost collapsed, escaped from death in dangerous places and forbidden places, he grew up little by little ,most

In the end, he grew up to become a top powerhouse, but in turn destroyed the entire family.

The Abyssal Demon Clan shook.

Moreover, the aristocratic family of the gods and demons also heard the news and sent a strong man.

At this time, the ancestor Yuanmo has grown into a giant. He slaughtered all the enemies, and even killed the gods and demons. He rose step by step in the grass, and finally wiped out the entire gods and demons.

A generation of strong clans disappeared completely like this, and became the history of the demon world.

And Yuanmo Patriarch stepped up to the peak of the clan step by step, and finally became the strongest of the entire demon clan.

Shunchang perishes.

There was no longer any voice against him in the entire Demon Realm. At the same time, the ancestor Yuan Mo was not satisfied with just controlling the demons. He knew that the original universe would inevitably come to the end of the era if it did not pass through the cycle of reincarnation. Therefore, he sought to unify the entire initial universe, which triggered the conflict of all races in the initial universe.

war.

In fact, he succeeded too.

If it weren't for the countless strong men of the human race at that time, who would rather self-destruct than stick to the catastrophe, if it wasn't for the birth of the Human Race's Happy Supreme, the entire initial universe would have long been in his pocket and completely controlled by him.

But...

There is no going back.

The ancestor Yuanmo didn't know when it started, everything changed suddenly, the demons retreated steadily, even he was forced to flee to the underworld, just like in the past.

Until he rose again in the underworld, achieved transcendence, reminded him of the years in the demon clan, and returned to the original universe with the ancestor of the myriad bones, he even thought he was about to rise again.

But all illusions are finally shattered now.

correct!

At this moment, he finally remembered.

Qin Chen.

Everything is because of this person.

This human genius who ascended from the lower plane, since he entered the heaven, everything seems to be different. All his arrangements have been disrupted, including this time returning to the original universe.

"why?"

The ancestor Yuan Mo was resentful.

Why, it is obvious that he is the protagonist of this era, and will eventually become the supreme being in the universe.

"No, I can't die."

In the midst of madness, the eyes of the ancestor Yuan Mo became infinitely cold in an instant. "I rose at the end of the millennium, from a small boy of the Yuan Demon Race, to a detached strongman today, countless adventures, countless dangers, and I am what I am today. I must become the top of the entire universe. strong man

How can you die here. "

"This is just a test from the heavens." Yuanmo Patriarch roared hysterically in his heart. The next moment, a sternness flashed in his eyes, and he looked at the terrifying space vortex and cracks, almost without any hesitation. In an instant, the whole person rushed towards the wall that could tear him apart.

In the fissure storm.

at the same time.

"burst!"

boom!

In the Demon Realm, those underworld powerhouses projected endlessly exploded in unison at the roar of the Profound Demon Patriarch, and in an instant, the terrifying breath of death swept across the entire Demon Realm world. These breaths of death crazily merged into the forbidden places in the demon world. In an instant, glaring magic lights suddenly lit up in the forbidden places everywhere, and there was a bang, and the entire continent of the demon world shook violently. the town

Under pressure, it will explode again.

"Um..."

Qin Chen frowned and turned his head.

Others also looked over in shock.

I saw that the ancestor Yuanmo, who knew he was going to die, rushed towards the crack storm on the side without hesitation. The terrifying space storm tore the ancestor Yuanmo apart in an instant, and he had completely disappeared. .

At the same time, the entire Demon Realm vibrated violently. The Chaotic God Demon Sea, the Inanimate Demon Realm, the Meteor God Demon Realm, the Abyss... the terrifying secret realms in the Demon Realm suddenly stirred up countless original powers of the Demon Realm.

"Not good, master, the ancestor of the Yuanmo actually has backhands in all the forbidden areas of the demon world. He has aroused the original power in the forbidden areas of the demon world. This is to directly dismember the entire demon world."

Seeing this, the Lord of the Abyss Demon hurriedly said angrily.

He never imagined that the Yuanmo Patriarch would have so many backers in the Demon Realm.

"This..."

Wangu Mingzu, who was kneeling in front of Emperor Youming, was also stunned.

"Young Master Chen, it's none of my business. The ancestor Yuanmo actually left behind in these underworld projections. His subordinates have been sleeping in the glazed bones of Wanming before, and they failed to see through his insidious methods. The subordinates deserve death."

Wangu Mingzu also hurriedly said in panic, for fear that Qin Chen would anger him.

Ancestral Dragon Honghuang also said anxiously: "Qin Chen, we can't let this Yuanmo ancestor escape!"

How could the ancestor of Yuanmo be allowed to escape like this after he had been a disaster for the original universe for so many years.

"boom!"

In the distance, Xiaoyao Zhizun and the others also changed color and stepped forward one after another.

The Ancestor Yuanmo did too much harm to the original universe. Last time, he was allowed to escape from the demon world, and he almost destroyed the original universe again. If he is allowed to escape this time, no one knows what consequences will be caused.

This must not be allowed to happen again.

"Huh, don't worry, everyone, this ancestor of the Yuanmo cannot escape. This young master has already left a breath on him. No matter how far he escapes to the ends of the earth, he will not be able to escape from this young master's control."

Qin Chen's eyes turned cold.

"The devil is coming!"

boom!

In Qin Chen's body, a terrifying demonic energy shot up into the sky in an instant, directly covering the entire demon world.

Naturally, he would not blame the Yuanmo Lord for this matter. After all, the Yuanmo Lord has been sealed in the Thunder Sea of Tianwu Continent for these years, and he is not familiar with the Demon Realm.

In addition, Yuanmo Patriarch has controlled the Demon Realm for countless epochs and has been operating in the Demon Realm for so many years. He is the most powerful existence of the Demon Race in these years. Who knows how many tricks he has left in the Demon Realm.

It can be said that no one can say that he will be able to find out all his backhands.

It is impossible to rule out all the means of the ancestor of the deep demon just by relying on the short time that the master of the deep demon entered the demon world. Moreover, Qin Chen didn't expect Yuanmo Patriarch to be so decisive that he would risk his soul to be scattered and directly break into the terrifying space vortex that he blasted out before.

Torn.

It can be said that the Yuanmo Patriarch was running away with the heart of death.

"Stable the demon world first, and then kill that guy."

Qin Chen said coldly, he stepped forward with a single step, and the magic light bloomed all over his body, and accompanied by the terrifying power of space, he descended into various forbidden places in the demon world in an instant.

In terms of comprehension of magic, Qin Chen is not inferior to anyone in the original universe.

In an instant, the originally violently roaring breath of the demon world calmed down in an instant, and the surging death air was restrained by Qin Chen and suppressed in an instant.

"Hmph, I want to see where the ancestor Yuanmo can escape to."

After doing all this, Qin Chen smiled coldly, and was just about to go through the space storm to hunt down the ancestor of Yuanmo, when suddenly...

"Um?"

Qin Chen suddenly felt a strong sense of crisis in his heart. He suddenly turned his head and looked at a certain place in the demon world. In the depths of the demon world, a cold breath surged out and dissipated into the initial universe in an instant.

boom!

In Qin Chen's body, the power of the abyss that had been lurking before awakened in an instant, violently churning.

"That is..."

Qin Chen looked over in shock, because of the detonation of the Abyss Demon Patriarch, in the abyss in the depths of the Fallen God Demon Realm in the Demon Realm, it seemed that something had been awakened, and a terrifying aura emanated vaguely.

This horrifying aura was so terrifying that it annihilated the top three forbidden lands in the entire Demon Realm, the Meteor God Demon Territory, in an instant. Faintly at the end of the abyss in the depths of the Meteor God Demon Realm, there seems to be a passage slowly emerging, that passage seems to be connected to an endless dark world, just by looking at it, people want to sink into it, completely sink into it

servant of the abyss.

"Abyss!" In the ancient Yu Pagoda, Emperor Youming suddenly exclaimed, his expression horrified.

### [Chapter 5260: Ancient emperor senior](#)

Senior Ancient Emperor

At this moment, Emperor Youming looked at the dark passage in front of him in disbelief, with a shocked expression on his face.

How could there be the breath of the abyss here?

This is simply not possible.

It should be known that the abyss is an extremely terrifying forbidden place in the depths of the cosmic sea, and it is the public enemy of the entire cosmic sea.

For hundreds of millions of years, the abyss has been imprisoned in the deepest part of the Cosmic Sea, and rarely appears outside. Moreover, it is extremely far away from the South Cosmic Sea. It is located in an inexplicable forbidden space, guarded and suppressed by many ancient families. .

But now, the breath of the abyss actually appeared in this small initial universe. Although the dark passage only released a very small trace of the breath of the abyss, it was extremely authentic. How could the Nether Emperor not be shocked? ?

In this small initial universe, why is there a passage leading to the abyss?

Could it be?

Emperor Youming suddenly turned to look at Qin Chen.

boom!

At this moment, the terrifying abyssal aura surged from Qin Chen's body. The abyssal aura suppressed by him in the test of the Ten Tribulations Palace before was activated again at this time, and the wisps of abyssal power were actually fighting with the demon world in front of him. Echoing the abyss passage in the middle, it is necessary to completely pollute Qin Chen.

"The power of thunder!"

boom!

The terrifying thunder power surged in Qin Chen's body, and a little bit of suppressed abyssal power recovered in his body, but what surprised Qin Chen was that at this moment, the passage from the

abyss land was continuously infiltrating into the abyss. With the blessing of this power, the abyssal power in his body could not be suppressed for a while.

"No, we have to stop this abyssal power from escaping!"

On the side, the Great Emperor Youming snarled when he saw this, boom, the ancient tower shook, and instantly turned into a stream of light, directly blasting towards the dark passage where the abyssal breath escaped.

Boom!

The astonishing surge of death power suddenly collided with that abyssal breath.

However, although the power of the abyss is subtle, it is indestructible. It is actually going to infiltrate into the ancient Yu Tower along with the death power of the Nether Emperor, and spread to the entire original universe.

"Damn it, now I only have one soul left, and I can't resist the dissipation of the power of the abyss at all. Once the power of the abyss is allowed to dissipate to the original universe, it will definitely transform the entire original universe into the land of the abyss and form a subsidiary of the abyss. ."

This made Emperor Youming extremely frightened and angry, and his face turned ugly.

Once the entire initial universe turns into the battlefield of the abyss, Qin Chen will be polluted by the endless power of the abyss little by little, and eventually become a slave of the abyss.

By then it will be too late.

But now, just relying on his weak soul, it is impossible to stop the invasion of the power of the abyss.

What should I do?

Emperor Youming was very anxious.

Aside, Tuoba Ancestor and Wan Gu Ming Ancestor were also trembling.

Such a force, even a great emperor-level powerhouse like the Nether Emperor, can't stop it. How dare they who have triple transcendence go up, I'm afraid that as long as they touch it, they will be instantly polluted.

"This power..."

In the initial universe, Xiaoyao Supreme, Tianji Pavilion Master, Linglong Suzerain and others also trembled, including Anyou Palace Master and Tuoba Xiongba, all of them were anxious.

But there is no way.

At this moment, Emperor Youming looked anxiously at Fang Muling, "Fang Muling, you have the power of the abyss in your body, you go and help that Qin Chen resist the invasion of the power of the abyss in the abyss passage. In addition, the rest of you quickly find a way, the abyssal breath in Qin Chen's body must not be allowed to explode completely, otherwise, once he is polluted, no one will be able to save him."

"Yes!"

Hearing this, Fang Muling flickered, and hurried to Qin Chen's side without any hesitation. She directly blocked the gap between Qin Chen and the abyss passage of the demon world, using her body to resist.

"what!"

Wisps of abyssal power entered Fang Muling's body, and she immediately let out a painful roar.

"I can't go on like this!"

Chen Sisi, You Qianxue, Ji Ruyue, and Shangguan Wan'er changed their colors.

They watched Qin Chen resist the power of the abyss, but couldn't make a move, and they were very anxious.

"There is little dust."

where the heavens are.

Hei Nu and the others also flew over anxiously.

"Yes, Xu Hai!"

Seeing where Xu Hai was, Chen Sisi and the others brightened up.

"Also ask the seniors to help."

Chen Sisi and others hurriedly said anxiously to Xu Hai.

"senior."

Xiaoyao Zhizun and the others also came to their senses and shouted hastily.

"They are..."

Ancestor Tuoba, Mansion Master Anyou, Tuoba Xiongba and other experts from the Southern Thirteen-Star Region looked at Chen Sisi and the others in astonishment, obviously not understanding what they were doing.

"abyss..."

A raving and whispering sound slowly sounded from the Void Sea, shaking the entire primordial universe.

"What a troublesome thing."

Accompanied by this sound, boom, the entire Void Sea boiled instantly, clattering, under the eyes of everyone, a majestic figure bound by iron chains rose up from the endless Void Sea in an instant.

It is the great power in the void sea.

This Void Sea power raised his big hand, boom, a huge palm surged out, traveled through endless space and time, and arrived at the location of the Demon Realm Meteor God Demon Realm in an instant, and pressed hard against the abyss passage go down.

Boom!

A shocking roar resounded, and the big hand rumbled forward, stirring with the death aura of Emperor Youming, and suppressed it firmly at the entrance of the abyss passage.

"This power..."

Emperor Youming suddenly turned his head and looked towards the end of the Xuhai, with an expression of disbelief in his eyes.

After Tuoba ancestor saw this figure, his eyeballs also widened, and his whole body trembled uncontrollably.

"Ancient...Senior Ancient Emperor?"

Although the phantom in front of him was extremely blurry, ancestor Tuoba recognized it at a glance. It was the ancient \*\*\*\* clan who led the ancient gods to fight everywhere in the universe sea, and almost unified the entire universe sea.

How could ancestor Tuoba forget the existence of such a strong man who was invincible in the Cosmic Sea battlefield back then, stirred up the situation in the entire Cosmic Sea, and even attracted countless ancient families in the depths of the Cosmic Sea, and almost destroyed the Cosmic Sea?

Later, the senior ancient emperor disappeared mysteriously, and no one knew where he went. For countless years, various legends have been circulating in the universe. At this moment, when he saw the ancient emperor who was \*\*\*\* in chains, ancestor Tuoba was stunned for a moment.

Why is Senior Ancient Emperor here? And it seems to be bound here by countless chains, just like a prisoner.

boom!

The phantom glowed with divine light, and a terrifying totem power of the \*\*\*\* emperor rose up. In an instant, the entire initial universe was imprisoned, and the passage of time and space stopped.

Compared to the Great Emperor Youming who was just a divine soul entrusted in the ancient Yu Tower, this ancient emperor was obviously not just a divine soul. When the supernatural power came out, the power of the terrifying totem of the divine emperor was like a vast ocean, and it was instantly sealed at the entrance of the abyss passage. Suppressed the past little by little.

"This level of strength... this level of aura..."

The Nether Emperor's body shook.

As the strongest cultivation other than the ancient emperor present, he saw a lot of things from the ancient emperor that shocked him. In an instant, his whole body was terrified, and his body couldn't help shaking.

"This person has already embarked on that path, and in this small initial universe, how is it possible!"

Emperor Youming was shocked.
