### [Chapter 5261: threesome](#)

Threesome

But at this moment, Emperor Youming couldn't care less about being shocked, and a heavy breath of death was continuously released. Together with the ancient emperor, he sealed the entrance of the abyss passage and suppressed it firmly.

boom!

Between the heavens and the earth, the dissipated abyssal aura slowly dissipated under the pressure of the two powerful men, and finally vanished into thin air and completely disappeared.

The originally turbulent demon world gradually returned to calm.

"dust!"

Chen Sisi and the others quickly flew towards Qin Chen.

In the void, Qin Chen was suspended there, with astonishing power of the abyss radiating from his body. His eyes were closed tightly, and he was still awake. The strands of power of the abyss were still fighting with the power in his body, but Without the interference of the power in the abyss passage, the power of the abyss on Qin Chen's body is not as terrifying as before.

"Qin Chen, he..."

Chen Sisi and the others clenched their hands, and saw that Qin Chen was frowning at this moment, as if he was struggling crazily with the power of the abyss, and there was a hint of pain between his brows.

This made Chen Sisi and others couldn't help but mention it instantly.

"Senior Nether."

Chen Sisi and the others hurriedly looked at Emperor Youming.

Emperor Youming didn't speak, but just looked at the phantom in the Void Sea: "This person may know more."

Chen Sisi and others looked over.

The phantom stands proudly in the void, like a stone sculpture.

After a long while, Xu Ying said indifferently: "You don't have to worry, with this kid's ability, as long as the abyss doesn't come directly, the power of the abyss can't completely pollute him. Maybe the abyss is polluted for this kid. Not necessarily a good thing."

"Good thing?"

Everyone was astonished.

Xu Ying said: "No one in this cosmic sea is so lucky to be able to directly contact the power of the abyss without having direct communication with the abyss. If he can subdue the power of the abyss and

understand the nature of the abyss, Isn't this a good thing that this kid will surpass countless strong men in the universe sea?"

"Conquer the abyss?"

Emperor Youming looked at Qin Chen and murmured, "Is this possible?"

Xu Ying sneered: "In this world, nothing is impossible. Some people have been planning for hundreds of millions of years. You never know what they think and what they want to do. Everything is possible, isn't it? "

"You mean...the one who..."

The Emperor Youming suddenly looked at Qin Chen, vaguely, as if he understood something, his eyes widened suddenly, and his face showed shock.

"Shut up, do you want to die?" Xu Ying looked at Emperor Youming coldly: "How can you and I guess randomly about the arrangement of that person, if you say something you shouldn't say, it will tell the truth, being perceived as secret by some existence, neither you nor I can bear the responsibility."

The Emperor Youming's expression changed, he looked at the phantom, solemnly cupped his hands and said, "Thank you for reminding me, Brother Dao, you have extraordinary supernatural powers, I don't know how it came about, I met Brother Youming in the lower world."

"Emperor Youming?" Xu Ying frowned slightly, and then said lightly: "It's okay if you don't know the name of this emperor, you are a strong man in the underworld, and you have no relationship with this emperor, so why bother to seek friendship."

"Okay, since this son is fine, then the emperor will leave, disturbing the emperor's sleep over and over again, it really disturbs people's dreams." Xu Ying snorted coldly, slowly sank into the void sea, and disappeared completely.

"This senior is really a dragon who can't see the end, and I don't know where it came from."

At this time, Palace Master Anyou and others stepped forward and said in shock.

Wangu Mingzu also obediently came to the side of Emperor Youming, trembling, not daring to speak.

The Great Emperor Youming's eyes were bright, and he frowned and said: "This person is of extraordinary strength, he is by no means an ordinary person, he must be some unrivaled powerhouse in the universe, who is really in charge of the situation."

"Senior Nether Emperor, this senior and junior may know the origin."

At this moment, Tuoba ancestor couldn't help being shocked.

"you know?"

Everyone suddenly turned their heads to look over.

"If I'm not mistaken, this person should be the senior ancient emperor of the ancient \*\*\*\* clan who disrupted the entire universe sea and almost overthrew the order of the universe sea." Tuoba ancestor said reverently.

"Gudi?"

Everyone showed doubts, obviously they had never heard of this name.

"It's him?"

The Great Emperor You Ming gasped and was taken aback: "No wonder, it's him?"

"Senior also knows about Senior Ancient Emperor?" Ancestor Tuoba was astonished.

"Hmph, although this emperor is one of the four great emperors of the underworld, he knows a thing or two about the things in the universe. , I almost couldn't hold the soul of reincarnation back then."

Emperor Youming was shocked: "I never thought that this person would be in this initial universe, and he was imprisoned here. If it spreads out, no one will believe it."

"Senior, Qin Chen..."

But at this moment, Chen Sisi and the others stepped forward anxiously, only looking at Qin Chen with concern on their faces.

The Emperor Youming said in a deep voice: "Don't worry, everyone. The person who said it just now is right. Now the abyss channel has been temporarily closed. With Qin Chen's strength, the previous test of the Ten Tribulations Palace failed to affect him. The outbreak of the abyss I don't think the power can hurt him, I just need to wait patiently."

After hearing the words of Emperor Youming, everyone nodded their heads one after another, that's all they could do.

"That being the case, black slaves, you stay here first, and I will deal with this initial universe for Qin Chen."

Xiaoyao Supreme stepped forward and said to everyone, then suddenly looked at the Zerg, Ghost, Bone Race and other races that had joined the ancestors of Yuanmo in the distance, and a cold light burst out from his pupils...

"Xiaoyao Zhizun, Benlong will also go with you."

The Primordial Ancestral Dragon roared and also rose into the sky.

Before these races took refuge in the ancestors of the Yuanmo, they had already made the Ancestor Dragon and the others suffocated, and naturally they had to settle accounts after the fall.

How can the Zerg and the others resist the actions of transcendent powers like Xiaoyao Zhizun and Honghuang Zulong? In an instant, the entire ethnic group was almost wiped out, and the leading strong men were beheaded one by one, and no one survived.

And when Xiaoyao Zhizun and the others were cleaning up the initial universe.

Cosmic sea, a hidden and broken void.

boom!

In the invisible space, a huge space crack suddenly appeared, and the next moment, a figure rushed out from it, and opened its mouth to spit out a mouthful of blood.

This is an extremely dilapidated figure, with scars all over his body, blood everywhere, and almost no intact part of his body.

"My ancestor... escaped alive?"

The figure looked at the broken void behind him, with an unbelievable look in his eyes.

This person is none other than the Yuanmo Patriarch who escaped madly from the initial universe.

"Damn it, why does Qin Chen have such a big backer? Even the emperor of the underworld has a lot of connections with him. Damn it, it's really hateful."

The Ancestor Yuanmo's eyes were eagle-eyed, and he emitted a cold light: "Fortunately, this ancestor was decisive and directly detonated the entire Demon Realm, then broke into the cracks in the void, and escaped in time at the risk of death. And the Demon Realm detonated before. At that time, some kind of terrifying power seemed to be transmitted from the abyss in the depths of the Meteor God Demon Realm, and if that kid wants to suppress it, at least it will take some time, and it should not be so easy to repair."

"However, it is not suitable to stay here for a long time, you must leave as soon as possible."

Although the ancestor Yuan Mo came out alive, he didn't dare to stay at all. He left the original place in an instant and plundered towards the depths of the cosmic sea.

He broke into the crack of the void before, but now he escaped with difficulty. He didn't know where he was, so he could only move forward desperately, hoping to avoid Qin Chen's pursuit.

The ancestor Yuanmo flew quickly in the void, constantly traveling through time and space, but, in this vast universe, he didn't know any place, so where could he go?

And now he urgently needs to absorb a lot of life and strength to replenish himself, repair his injuries, and improve his strength, but here is the vast sea of the universe. If he is in full bloom, he will naturally have no fear, but now he is seriously injured. , Attract some top powerhouses in the universe sea, then he will be completely finished.

"It seems that we still have to find a way to go back to the underworld."

The Yuanmo Patriarch felt annoyed. It would be great if he could enter the underworld before. The underworld is vast, but it is more suitable for him to wander.

But now, how could it be so easy for him to return to the underworld?

"Um?"

Just when he was anxious and depressed, suddenly, he vaguely felt a familiar aura in the distance.

How could there be a familiar atmosphere here?

The Yuanmo Patriarch was startled, thought for a moment, and quickly approached.

But at this moment, on a barren cosmic sea planet hundreds of millions of miles away from Yuanmo Patriarch, three figures were sitting here cross-legged, swallowing the breath of the cosmic sea around them.

boom!

The breath of the endless cosmic sea is surging, constantly entering the bodies of these three people. If Qin Chen is here, he will be shocked, because these three people are none other than Mo Li, Chiyan Mojun and Luohu Mozu. .

At some point, these three people had left the initial universe and entered the vast sea of universe, and tried to devour the power of the universe sea to strengthen themselves and break through the realm.

### [Chapter 5262: tears like rain](#)

The three of Mo Li sat cross-legged on this barren cosmic sea planet, and the vast cosmic sea breath slowly poured into the bodies of the three of them, constantly replacing the energy in their bodies. Around them, there are a bunch of cosmic crystals, these cosmic crystals contain many impurities, obviously they are only the lowest-grade cosmic crystals, but even this low-grade cosmic crystals are rare and great supplements Of

thing.

Buzz buzz!

One by one cosmic crystals floated up, bursting into bright light, and one after another cosmic sea energy escaped from them and entered the bodies of Mo Li and the other three, strengthening their aura. It can be vaguely seen that Mo Li, Scarlet Flame Demon Lord, and Rahu Demon Ancestor all exude an astonishing half-step detachment aura, which is extremely solid. Especially the power blooming from Mo Li's body is already approaching

The name is true detachment.

But no matter how they swallowed the energy in the cosmic crystal, they still couldn't really step into the realm of detachment, as if there was some barrier blocking it.

And when Mo Li and the others continued to practice.

Whoosh!

In the distant void, a figure suddenly appeared, staring at this barren planet.

"The three of them?"

Seeing the Moli three people inside the planet, Yuan Mo Patriarch's eyes widened.

Naturally, he will not forget the Moli three people. In the original universe, these three people and that Qin Chen sneaked into his demon world, which caused the riots of the dark people in the Black Yu Continent.

He clearly remembered the scene where Mo Li and Qin Chen teamed up to prevent him from sealing the demon world.

"Aren't the three of them extremely close to Qin Chen? Why are they here?"

The Yuan Mo Patriarch was startled, he looked around suspiciously, and after seeing that there was no trace of Qin Chen around, he couldn't help but heaved a sigh of relief.

It must be that I think too much.

"Hmph, these three people targeted me at the beginning, and I was forced to flee to the underworld. It was also thanks to these three people, it just happened..." A cold light suddenly shot out from the pupils of the ancestor Yuanmo: "My ancestor is now scarred. They need to absorb a lot of origin as a tonic. These three people are the people of the original universe. There is no conflict between their origin and their ancestors, and

If my ancestor remembers correctly, what is in that kid's body should still be the origin of my demon race. "The eyes of the ancestor Yuanmo showed a cold color: "As long as the origin of these three people can be swallowed, the cultivation base of the ancestor will be able to recover a lot, and now the body of the ancestor has collapsed, leaving only one original soul. Reshaping the physical body costs

With a lot of energy, if the body of one of them can be taken away, then the ancestor can have more time to reshape the body without worrying about the spirit and soul dissipating. "

Thinking of this, Yuanmo Patriarch's heart couldn't help but get excited.

"With my current situation, I have to be more careful, don't capsize the boat in the gutter!"

The soul of Yuan Mo ancestor turned into an invisible wave, and carefully swept towards Mo Li and the other three.

below.

Inside the barren planet.

Snapped!

Countless cosmic crystals exploded one after another, and the energy in them was exhausted, and Mo Li and others also opened their eyes one after another.

"Li'er, how are you doing?"

Wearing a red dress, the Scarlet Flame Demon Lord quickly came to Mo Li, held his hand, and said with concern. "It's still close." Mo Li showed bitterness, "It's another thousand cosmic crystals that have been consumed. It's too difficult to earn these cosmic crystals. We have worked so hard in the Anbei Alliance for so long to get this thousand cosmic crystals." Low-grade universe crystal, next

The first time I want to accumulate so many universe crystals, I don't know how long it will take. "

On the side, Demon Ancestor Rahu also shook his head and sighed.

After Qin Chen left the initial universe, the three of them did not sit still. After knowing that it was difficult for the initial universe to break through the realm of detachment, they tried their best to leave the initial universe and came to this cosmic sea. But after they came here, they discovered that it is not easy to survive in the cosmic sea, and many forces coexist.

It is extremely difficult to regenerate.

Over the years, they have been doing odd jobs while cultivating, which is a miserable situation. The Scarlet Flame Demon Lord came to Mo Li, stroked Shang Mo Li's cheeks with both hands, and encouraged him with love, "Li'er, it's okay, in my heart, Li'er, you will always be the best!" Great, the mere detachment realm will definitely not be able to stop

You and I! "

As he said that, Scarlet Flame Demon Lord nestled his head in Mo Li's arms, feeling the temperature of Mo Li's chest, and muttered to himself.

On the side, looking at Mo Li and Scarlet Yan Mojun snuggling together, Rahu Demon Ancestor couldn't help turning around quietly, his heart collapsed like a tsunami.

What the hell...

Just speechless. Although the current body of the Scarlet Flame Demon Lord is a beautiful woman, with a graceful figure and unevenness, where the convex part is convex, and the concave part is concave, the slender legs under the long skirt are full of endless charm, which makes people unable to bear it. hold the line of sight want

Peek deeper.

It can be said that the body of Scarlet Flame Demon Lord is the most beautiful woman Rahu Demon Ancestor has ever seen among the human race.

But after thinking that the soul of the Scarlet Flame Demon Lord is a male, the Rahu Demon Ancestor had the urge to vomit.

What crime did he do to be washed by such pictures every day?

"If you want me to say, you should have devoured the origin of the original universe in the first place, and broke through to the realm of detachment so early, why bother like now?"

Demon Ancestor Luohu didn't want to continue to see the two tired and crooked, so he couldn't help but snorted coldly.

Mo Li shook his head and said: "Senior Luohu Demon Ancestor, there is no need to say these anymore. Although that kid Qin Chen has left the original universe, as long as we dare to devour the origin of the original universe, the end will definitely be extremely miserable."

Demon Ancestor Luohu disdainfully said: "The Supreme Master Xiaoyao and Qin Chen have both left the initial universe, and only Jianzu and others are left. With the strength of the three of us, are you afraid that they will fail?"

"Sword ancestor?"

Mo Li sneered and said: "Although this person is an ancient power of the human race, I am not afraid at all. What I am worried about is actually that existence in the Void Sea. How dare you guarantee that you can survive in the hands of that existence? "

"This..."

Thinking of the phantom of the dark sea that had crushed to death the Dark Clan who surpassed the Black Demon Patriarch Emperor, the Rahu Demon Ancestor stopped talking immediately. Mo Li continued with a sneer and said, "Even the ancestor Yuan Mo, who had been laid out vertically and horizontally for hundreds of millions of years in the initial universe, was forced to flee to the underworld, and I don't know where he is now. vast universe

With my talent and hard work, I will not be able to compare with that Qin Chen. "

Speaking of this, a terrifying aura suddenly erupted from Mo Li's body, sweeping away instantly.

boom!

The terrifying shock wave directly exploded the barren planet at this moment, turning it into endless dust, and the dust all over the sky rippled like ripples.

"Huh? Who?"

At this moment, Mo Li suddenly raised his head and looked at the void ahead.

boom!

The terrifying devil energy in Mo Li's body instantly rose up, constantly surging and circulating.

And his actions instantly awakened Scarlet Flame Demon Lord and Rahu Demon Ancestor not far away. The aura in their bodies erupted instantly, and they looked vigilantly at the void ahead.

"Damn it, it was discovered."

In that void, the figure of the ancestor Yuanmo quietly appeared.

"It's you... Ancestor Yuanmo? Didn't you escape to the underworld? How could..."

Seeing this figure, the eyes of Mo Li and the other three showed unbelievable expressions. Didn't the Yuan Mo ancestor escape to the underworld? Why is it here?

"No, the aura on your body... transcendence, have you broken through transcendence?"

After feeling the aura of Yuanmo Patriarch, Mo Li and the other three were shocked.

The Yuanmo Patriarch has actually broken through the realm of transcendence? When did this happen?

"Hmph, since you have discovered this ancestor, then obediently become the nourishment of this ancestor."

Yuan Mo Patriarch didn't bother to talk nonsense, his body flickered, and instantly turned into a stream of light and rushed towards the three of them. The first thing he rushed towards was Mo Li.

Because he could see at a glance that Mo Li had the greatest potential among the three. "The half-step detachment aura on this person is extremely terrifying. Compared with ordinary detachment powerhouses, he is not too far-fetched, and his body is the body of the demon king of my demon clan. As long as he can take away his body, my ancestor said may not be able to reach an ex unprecedented level. "

Looking at Mo Li, Yuan Mo Patriarch seemed to be looking at a treasure.

"No, stop him!"

Scarlet Flame Demon Lord was taken aback when she saw this. Boom, endless flames bloomed directly from her body, and the terrifying magic fire poured out like a vast ocean, covering the world in an instant.

The terrifying flames spread to the body of Yuanmo Patriarch in no time.

"Hmph, mere flames are worthy of hurting the ancestor? Ants who don't even transcend themselves, seek death."

The Ancestor Yuanmo sneered, he was not afraid of the attack of the Scarlet Flame Demon Lord, his whole body seemed to be in the land of no one in the flames, wherever he passed, the sky filled with flames kept retreating, and he could not burn his soul at all a cent.

Even if he is seriously injured, he is already at the peak of the first level of transcendence, and he is definitely not something that the Scarlet Flame Demon Lord can resist with a small half-step of peak transcendence.

"roll!"

As soon as the Yuanmo Patriarch raised his hand, an astonishing soul shock swept out, and at the same time, a terrifying aura of detachment instantly suppressed the three people present.

boom! The astonishing aura of detachment suppressed the three of them, and the powerful aura of soul power made the three of Moli breathe quickly, and their bodies sank. hit the ground

Red Flame Demon Lord.

With a bang, the Scarlet Flame Demon Lord was blown away immediately, she let out a miserable scream, spit out a mouthful of blood on the spot, and her mind was about to split.

"Master Chiyan?"

Mo Li was startled and angry when he saw this, but he didn't care about going to the rescue of Scarlet Flame Demon Lord, and hurriedly stimulated the origin in his body.

boom! At this time, the aura on Mo Li's body unexpectedly surged slowly, and a special dark devouring power suddenly appeared on his body. Boom, the entire void seemed to boil, and a shadow of nothingness suddenly appeared in Mo Li's body.

Behind him, this shadow is like a black hole, swallowing everything in the world, frantically devouring the power released by the ancestor Yuanmo.

One after another, the dark power of top-level abyssal demons was swallowed by this black hole.

"The power of the devil?"

The ancestor Yuanmo sneered, "Boy, when you were in the demon world, you used this trick on this ancestor, but unfortunately, this demon can swallow all the power in the world, but it can't swallow the power of this ancestor, so it will be destroyed by this ancestor. "

The Ancestor Yuanmo snorted coldly, and directly suppressed it with his big hands. Boom, a terrifying soul impact swept out, and instantly exploded the phantom of the demonic gu behind Mo Li.

With a puff, Mo Li spurted out a mouthful of blood on the spot, his face suddenly turned pale, and his body was on the verge of falling.

"Li'er."

In the distance, the Scarlet Flame Demon Lord stabilized his figure, his expression was extremely frightened and angry, whoosh, she rushed forward quickly.

"Chi Yan, don't come here."

Mo Li changed color, and his figure retreated sharply, wanting to escape from the suppression of Yuan Mo Patriarch.

"Huh, I want to run, can I run?" Yuan Mo Patriarch grinned, and the terrifying aura of detachment surged wildly, sealing Mo Li in a void. Under the suppression of such spirit, Mo Li His body could barely move, as if imprisoned

In the void.

"hateful."

Mo Li was furious. When he faced the ancestor Yuanmo who had not yet broken through in the initial universe, he was no match for the opponent. Now that the ancestor Yuanmo has broken through the realm of detachment, he is even less likely to be the opponent of this person.

How to do?

Mo Li was very anxious.

At this time, the Rahu Demon Ancestor also came madly, boom, the Rahu Demon Ancestor turned into three heads and six arms, and the billowing chaotic demonic energy surged in an instant, turning into a vast river, directly impacting on the Yuan Demon Ancestor.

With a bang, Yuan Mo Patriarch's body shook, but he quickly stabilized his body, looked at Rahu Mo Patriarch coldly, a blast of spirit and soul surged directly from his soul, and fell into Rahu Mo Patriarch's body in an instant. in the body.

"what!"

Rahu Demon Ancestor uttered a shrill scream, and his soul was torn apart under the impact of this soul. In his mind, the vast sea of souls rolled up a stormy sea and was constantly torn apart.

If it weren't for the fact that Yuan Mo Patriarch was seriously injured, not only was his body completely devoid of body, but his soul was also extremely weak, this blow alone would be enough to scatter the soul of Rahu Mo Patriarch's impact and shatter his soul.

Even so, Rahu Demon Ancestor also fell into severe pain and completely lost his fighting power.

"Boy, don't resist, the three of you are no match for this ancestor at all, obediently become the container of this ancestor's soul, don't worry, your body, this ancestor will make good use of it, and will definitely not let down the talent of your body."

The ancestor Yuan Mo smiled ferociously, and his soul came to Mo Li in an instant.

hum!

A terrifying wave of soul entered into Mo Li's mind in an instant, imprisoning his soul. At the same time, the soul of Yuanmo Patriarch followed this wave of soul and was about to directly occupy Mo Li's soul sea. .

"You... you want to take me away? You only have one soul left?"

Mo Li looked startled and angry. At this moment, he could see that Yuan Mo Patriarch had no body at all, but only a soul, and it was an extremely weak soul.

However, even if the other party is a soul, it is also in a state of detachment, and it is not something he can resist now.

"Ah!" Mo Li let out a painful roar, and the soul of Yuanmo Patriarch entered into the sky above his soul sea with a bang, and terrifying devil energy and death breath filled his whole body frantically, making Mo Li's soul sea Freeze, the whole person wants

Completely controlled by the ancestor of Yuan Mo.

"Hahaha, don't resist, it's useless to resist. With your current soul, it is impossible to be the opponent of this ancestor. Be a part of this ancestor obediently."

The soul of the ancestor of Yuan Mo penetrated into Mo Li's soul sea little by little. During the whole process, Mo Li couldn't make effective resistance at all.

despair!

helpless!

For a moment, Mo Li's mind was filled.

Why?

Mo Li roared in horror.

At this moment, he thought of his own life.

From being invincible in the Five Kingdoms period, he was finally defeated in the confrontation between Ancient Nandu and Qin Chen, and finally only won the runner-up of Ancient Nandu.

Later, in the Heavenly Demon Secret Realm, he lost to Qin Chen in the treasure hunts again and again. Then, he met Chi Yan Demon Lord, life and death experience again and again made him grow continuously, and his relationship with Lord Chi Yan also grew day by day. However, no matter how he grew up or how against the sky, as long as he met Qin Chen, meet

That devil, he didn't have any good results.

It's the same even if he ascended to the heavens. In the end, in the void and tidal sea, he and Chiyan Demon had no choice but to enter the Demon Realm, and fell into the most terrifying forbidden place in the Demon Realm, the Fallen God Demon Realm.

top powerhouse.

But he was still suppressed by Qin Chen.

Looking back on his life, Mo Li only felt endlessly miserable, and he had been under the oppression of that big devil, Qin Chen, all his life.

Now, he is about to be directly taken away by the ancestor Yuanmo.

Why?

Mo Li felt unwilling.

Dissatisfied.

In the future, he wants to defeat Qin Chen, the giant who dominates the entire universe. How could he die in such a place?

However, at this moment, he was under the suppression of the ancestor Yuanmo, unable to move at all, let alone resist.

"Do not!"

Mo Li let out a hysterical roar in his heart.

"Lier!"

But at this moment, a frightened roar sounded, and the soul of Scarlet Flame Demon Lord entered Mo Li's soul sea in an instant.

boom!

The boundless sea of flames descended in an instant. "Huh? The little ant actually gave up his body and let his soul enter this place. Hmph, I don't know the heights of the heavens and the earth, are you here

to give nourishment to the ancestor? It's just right, when the ancestor seizes that kid, he will come to devour yours again." spirit, strong

Big yourself, save time wasting. "

The Ancestor Yuanmo sneered, completely ignoring the entry of the Scarlet Flame Demon Lord.

In his eyes, Scarlet Flame Demon Lord is a waste who is not even transcendent, and it is not worth his second look at all.

"Master Chi Yan, you shouldn't have come in, go, go, go."

Mo Li saw Scarlet Flame Demon Lord enter his soul sea, he roared hastily, his expression anxious.

With the cultivation base of the Scarlet Flame Demon Lord, it is impossible to be the opponent of the Yuanmo Patriarch, and if he comes in, he will die.

"Hmph, if you want to leave, since you're here, don't leave."

The ancestor Yuan Mo sneered, he raised his hand directly, and boom, a terrifying power of the soul descended, directly blocked Mo Li's soul sea, and imprisoned the soul of the Scarlet Flame Demon Lord here in an instant, preventing him from escaping.

But Scarlet Flame Demon Lord had no intention of escaping at all. She looked at Mo Li's soul sea below, and Mo Li's soul that was constantly being invaded by Yuan Mo Patriarch, and a tear rolled down from the corner of her eyes.

"Li'er, meeting you is the greatest happiness in my life. In the next life, I hope to be your person again."

In the words, the soul of the Scarlet Flame Demon Monarch instantly ignited, boom, endless flames bloomed, and rushed directly to the soul of the Yuan Demon Patriarch, a terrifying soul breath suddenly burst out from the body of the Scarlet Flame Demon Monarch .

"Master Chi Yan, what are you going to do?"

Seeing this, Mo Li screamed in horror.

He already understood the plan of the Scarlet Flame Demon Lord, and was terrified in his heart.

The Scarlet Flame Demon Lord smiled slightly, his face was free and easy, with indifference, and with the hope of letting his beloved live, tears kept rolling down in his eyes, like pearls with broken threads.

"Li'er, live on, live on with my will, and become the most powerful person in this universe. I believe in you, it will definitely be possible."

The Scarlet Flame Demon Lord murmured.

boom! When the soul of the Scarlet Flame Demon Lord came to the side of the Yuanmo Patriarch, in an instant, the soul of the Scarlet Flame Demon Lord directly exploded, and the terrifying magic fire surged wildly, turning into an endless ocean of flames, like a tsunami surging into the sky, In an instant

The Demon Patriarch wrapped himself up and kept hitting the Yuanmo Patriarch.

Rumble!

The astonishing explosion sound continued to surge, and the Scarlet Flame Demon Lord directly used his own self-destruction to give Mo Li hope of life.

"Do not!"

In the sea of souls, Mo Li let out a shrill roar. Tears fell like rain.

### [Chapter 5263: soul rebirth](#)

In the sea of Moli souls, amazing flames bloomed, containing endless rules of the flame avenue, and crazily impacted on the ancestor of Yuanmo like an erupting tsunami.

That was the impact of the magic fire formed by the life and soul of the Scarlet Flame Demon Lord.

"Do not!"

below.

Mo Li burst into tears, his whole body screamed in pain as if struck by lightning.

Master Chi Yan, she... blew her own soul!

For herself, without any hesitation, she directly burned her original soul, just to kill the ancestor Yuanmo and save herself.

That Master Chi Yan who had been with him for so many years, since the Tianwu Continent's hundred dynasties had been with him, encouraged him, supported him all the way, and supported each other, just disappeared into Mo Li's soul sea.

"Do not!"

A shrill roar erupted in pain from Mo Li's mouth.

If possible, Mo Li would rather die by himself than Lord Chi Yan to do so.

"Master Chi Yan, why are you so stupid, you can obviously escape, you can obviously leave! Why?"

Mo Li knelt on the ground, weeping bitterly, two lines of tears flowed crazily, hysterical.

boom!

And at this moment, in the endless flames, a terrifying devilish energy shot up into the sky in an instant, and a figure like a \*\*\*\* walked out slowly from the vast flames. It was the ancestor of the Yuanmo.

Wisps of flames were burning all over his body, and as soon as he raised his hand, the endless flames were extinguished in an instant, and it was impossible to contaminate him at all. Ancestor Yuanmo patted his body, and strands of flames were instantly extinguished under his terrifying principles, with a look of mockery and disdain on his face: "Hmph, that guy really scared this ancestor, what did he do to explode himself? , ridiculous, a

A small half-step peak detachment, even if he blew himself up ten times, it is impossible to really hurt the ancestor. "

"Alright, that damned ant is dead, and it's your turn next."

Yuan Mo Patriarch looked at Mo Li, who was almost insane, and walked down step by step with a sneer.

Down below, Mo Li suddenly raised his head and looked ferociously at Yuan Mo Patriarch.

"It was you, you killed Lord Chi Yan, and now you want to take me away? Don't be so arrogant, even if I die, I won't let you succeed."

Mo Li roared, boom, his soul sea boiled instantly.

"Hmph, at this point, you still want to resist, stupid ant, in front of this ancestor, all resistance is meaningless."

Yuan Mo Patriarch sneered, and squeezed Mo Li directly with his big hand.

"what!"

Mo Li let out a roar, bang, directly mobilizing the source in his body, and in an instant, an invisible force descended from the sky, directly covering Mo Li's soul sea.

"Um?"

The ancestor Yuanmo suddenly raised his head and looked at the endless void outside the universe.

Rumble!

On the endless sky, billowing clouds of calamity condense and frantically gather to form a vast sky, which is the power of reincarnation.

Boom!

The robbery cloud was rolling, and the moment the Yuanmo Patriarch raised his head, a terrifying power of reincarnation was like lightning, and suddenly blasted down towards the Moli below.

"You are..."

The pupils of the ancestor Yuanmo suddenly shrank.

At this critical moment, Mo Li unexpectedly broke through the realm of transcendence.

"No, it's that guy..."

Yuan Mo Patriarch looked around, and a trace of anger suddenly flashed in his eyes.

When Scarlet Flame Demon Lord blew himself up before, he not only launched a terrifying attack on himself, but also completely integrated his original power into Mo Li's body. This Mo Li had already reached the peak of half-step detachment, and the Scarlet Flame Demon Lord was also half-step detachment from the peak state. The fusion of the power of the two immediately let Mo Li's originally stuck bottleneck be torn open a shackle, triggered

Beyond the robbery cloud.

"what!"

Mo Li roared angrily, his body soared into the sky in an instant, Facing the reincarnation tribulation, Mo Li didn't dodge at all, but actually went up head-on, and took the initiative to meet the terrifying thunder tribulation.

boom!

In an instant, the terrifying power of reincarnation was like a flash of lightning, slashing fiercely on Mo Li's body.

What made Yuan Mo's ancestor unbelievable was that Mo Li didn't resist the power of reincarnation, but allowed this terrifying power of reincarnation to enter his soul sea fiercely, triggering endless chaos. tsunami.

The frightening power of the first cycle of reincarnation and calamity pervaded in an instant, enveloping the souls of Yuan Mo Patriarch and Mo Li in an instant.

"you..."

The ancestor of Yuan Mo was shocked and angry. This devil's fierce and ruthless method actually wanted to use the power of reincarnation to kill himself. It was too despicable.

In an instant, Yuan Mo Patriarch and Mo Li were all wrapped up in the power of reincarnation.

"Li'er!" Under the power of reincarnation, Mo Li seemed to hear the Scarlet Flame Demon Lord calling him. He raised his head, and saw the Scarlet Flame Demon Lord smiling at him in the distant sky. Calling him excitedly, as long as he takes a step, the two of them

Just meet again.

It is this first physical illusion calamity.

In this catastrophe, those who survive the catastrophe will see what they want to see the most. Once they are deeply trapped in it and cannot extricate themselves, they will be directly annihilated into nothingness by the power of reincarnation.

"Master Chi Yan."

Mo Li's eyes were dazzled, tears rolled down, he stretched out his hand, the corners of his mouth trembling, he wanted to say something, but he was choked up and couldn't say anything.

"I'm sorry, Master Chiyan."

Mo Li fought back tears and turned around, facing Scarlet Flame Demon Lord.

Because he knows that the current self is under the test of the samsara life tribulation thunder tribulation that breaks through the realm of detachment.

Everything in front of me is just an illusion, it is just the test of the reincarnation.

boom!

Behind him, the Scarlet Flame Demon Lord smiled, and the moment Mo Li turned around, his body collapsed and disappeared without a trace.

"roll!"

On the other side, Yuanmo Patriarch roared angrily, directly shattering the power of reincarnation and destiny that enveloped him.

"My ancestor is a strong person who has transcended the realm at the peak level. How can this mere illusion affect my ancestor."

The ancestor Yuanmo roared, waking up from the illusion of the first level of physical body, and immediately wanted to seize Moli's soul sea.

He can't let Mo Li continue to break through. Once Mo Li completely breaks through the realm of detachment and his soul is transformed, then if he wants to take Mo Li away, the difficulty will increase several times.

But before he had time to seize Mo Li, the power of the second reincarnation life calamity came down again.

boom!

The terrifying power of the law of the earth enveloped Mo Li in an instant, causing Mo Li's body to tear apart on the spot.

"Hahaha."

The demon looked like a maniac, and his whole body rushed into the endless thundercloud of reincarnation.

"Don't you want to take me away? Then I will fight with you, and let this endless power of thunder and calamity completely annihilate your soul."

Mo Li roared hysterically.

Normal people will try every means to resist the transcendence thunder disaster, but Moli is not, he does not resist at all, but directly induces the power of reincarnation and life disaster into his body, into his soul sea, to target Yuanmo Patriarch.

"Crazy, you crazy!" Yuanmo Patriarch was furious. How could there be such a crazy guy in this world? Didn't he know that the power of this reincarnation is extremely terrifying, and usually half a step of peak detachment is considered to be fully resisted. It is also extremely difficult to get through, this guy is good,

To actually introduce this force directly into his body, isn't he afraid that his soul will be scattered and his body will be wiped out in ashes?

The ancestor Yuan Mo didn't understand.

But Mo Li turned a deaf ear to it, constantly drawing the power of reincarnation into his body.

land!

water!

fire!

wind!

A heavy force of samsara fate surged continuously, not only destroying Moli, but also destroying the ancestor of Yuanmo.

"hateful."

At this time, the Yuanmo Patriarch couldn't care less about seizing Moli. If he had such a terrifying power of reincarnation, he might still be fearless in his heyday, but now he only has one soul power left, and he can only try his best to resist.

Originally, in the eyes of Yuan Mo Patriarch, this Mo Li might not be able to withstand a few times of thunder calamity, and would be completely annihilated.

But what made Yuan Mo Patriarch unbelievable was that Mo Li forcibly endured several thunder tribulations without failing.

boom!

After the four reincarnations of earth, water, fire and wind, an astonishing breath of space descended.

"The sixth level of space robbery cloud, my ancestor doesn't believe that this kid is fine."

The Yuanmo Patriarch mobilized his soul, guarding the side of Mo Li's soul sea, with a hideous expression.

Endless power of space, crazily cutting Moli's soul sea.

"what!"

Mo Li let out a mournful roar, but he remained motionless, resisting the sixth layer of space calamity cloud forcefully.

"What? He has passed through the sixth stage of calamity cloud?"

The ancestor Yuanmo was very shocked and angry. You must know that when he broke through the realm of transcendence in the underworld, he only survived the six times of reincarnation. How can this guy survive six times of reincarnation?

boom!

After the sixth layer of space calamity cloud, the seventh layer of source poison black death calamity came, and the terrifying toxins spread all over Mo Li's body in an instant.

"Damn it, this seventh stage of reincarnation calamity, even the ancestors couldn't get through it back then, so this son will definitely not escape the catastrophe."

At this time, the soul of the Yuanmo Patriarch was also shrouded in the black death calamity of the source of poison, and he resisted with difficulty, with a crazy expression.

"Is this seventh level of thunder calamity the rule of poison?" Mo Li looked crazy. When he was still extremely weak in the void and tidal sea in the heaven, the Sky Poison Pill Venerable transformed by the soul demon clan wanted to seize his body. He, failed to succeed, and now he has half a step beyond the peak, experienced countless

How could countless sufferings be annihilated by this mere toxin?

boom!

Mo Li's soul sea surged violently, constantly merging with the samsara power of the black death calamity of origin poison, unexpectedly forcibly resisting the erosion of the seventh thunder calamity.

"What? He blocked the seventh thunder tribulation?"

The power of the endless reincarnation calamity cloud dissipated, and the ancestor Yuanmo spit out a mouthful of black blood, and his face was extremely pale. When Mo Li was crossing the calamity before, he was also enduring the power of the source of poison black death calamity, and his soul was injured again.

"Should it be over?"

The Yuanmo Patriarch was terrified, and looked up at the sky. If this reincarnation calamity continues, even if Mo Li is sure to die, he may not be able to escape the calamity.

However, under the horrified eyes of the ancestor Yuanmo, above the head, the power of reincarnation and fate did not dissipate, but became more concentrated, and a vast power of time and space was born in an instant.

This is the eighth time cycle.

"This old thing is not dead yet."

Mo Li's soul sea is broken, and he has already been seriously injured, but he has persisted until now with a belief, because the ancestor Yuanmo has not died yet, and Lord Chiyan's revenge has not been avenged, how can he die? it's here?

"Come on, come on."

Mo Li roared, rushing directly into the endless cycle of time.

In an instant, his beard and hair turned gray, as if he had passed through endless years, and his physical body rotted and aged a little bit. Originally, the lifespan of half a step beyond the strong is extremely long, but under the cycle of time, it seems that endless years have passed in an instant, and Mo Li, a young man full of vigor, came to the twilight in an instant.

old age.

And Mo Li is aging under the reincarnation of time, and Yuan Mo Patriarch is also having a hard time, his soul power keeps disappearing, and the whole person has the illusion that his soul is going to disappear.

"No...I can't die here."

At this moment, Yuanmo Patriarch was really terrified. Even he could hardly resist the power of the eighth level of Samsara Tribulation Cloud, and was directly affected by the Samsara Tribulation Cloud.

The soul that had been severely injured suddenly became transparent and empty.

If he went on any further, he might really die in a frenzy.

"The eighth stage of reincarnation is over, and it's time to end. In the world, nine is the ultimate number. No matter how strong this person is, it is impossible for him to enter the test of the ninth stage of reincarnation."

The ancestor Yuanmo said in horror.

But the thought in his mind hadn't had time to settle down.

boom!

Above the sky, the endless tribulation clouds were completely merged together, and an aura that made the soul of the Yuanmo ancestor feel terrified came down in an instant.

The Ninth Tribulation of Reincarnation-Yuanshi Soul Tribulation!

Yuanshi Soul Tribulation is a lightning tribulation attack directly aimed at the soul, and it is also the most powerful one. With Mo Li's mad persistence, he actually triggered the ninth level Yuanshi Soul Tribulation.

"It's a soul catastrophe, a catastrophe aimed at the soul!"

At this moment, Mo Li's soul sea has long been dilapidated, and there is only a very faint trace of his soul, but his eyes reveal unprecedented excitement and ferocity.

He suddenly turned his head, looked at the Yuanmo Patriarch, exhausted all his strength, and rushed his physical body directly into the endless robbery cloud: "Yuanmo Patriarch, you killed Master Chi Yan, today we Let's die together."

Above the sky, the rolling Yuanshi Soul Tribulation surged, and Mo Li's body was like a shooting star, rushing straight into the vortex in the center of Soul Tribulation.

"You lunatic, with your little soul power, once you enter the soul robbery, you will definitely die. Aren't you afraid of death?" Yuan Mo Patriarch was terrified.

Before the power of Yuanshi Soul Tribulation came, he felt unprecedented fear and horror. He had a feeling somewhere that as long as the ninth level of Yuanshi Soul Tribulation fell, he would definitely die.

"Hahaha, death, what is there to be afraid of? Master Chiyan died for me. If I die now, I will be with Master Chiyan in the underworld. But before I die, I will kill you too. You killed Master Chiyan

murderer. "

Mo Li roared, desperate.

"Damn madman, go!"

Seeing Mo Li's crazy appearance, Yuanmo Patriarch was terrified in his heart, he didn't dare to stay in Mo Li's soul sea any longer, his figure turned into a streamer, and he was about to escape from Mo Li's body.

"I want to go, have you asked me?"

Mo Li's face was ferocious, and when he saw this, he raised his hands suddenly, and then stabbed fiercely into his sky cap. With a bang, in his soul sea, terrifying rune breaths rose up, sealing off the surroundings in an instant.

This is a forbidden technique, through self-destruction of the soul, to form a soul cage, and imprison the powerful enemies inside.

The next moment, Mo Li rushed directly into the ninth level of Primordial Soul Tribulation.

"Crazy, you crazy!"

The ancestor Yuanmo shot wildly, trying to break through Mo Li's soul blockade, but before he could break free, the terrifying power of Yuanshi's soul robbery had already infiltrated and enveloped him directly.

"what!"

The Patriarch Yuanmo let out a painful roar, the Avenue of Death, the Avenue of Darkness, and the Avenue of Yuanmo, the three top-level rules were crazily agitated, but they were completely powerless to resist the invasion of Yuanshi Soul Tribulation. This is the ninth most powerful catastrophe of reincarnation. If the ancestor of Yuanmo had a physical body, there might still be a slight possibility of resisting it in his heyday, but now he only has a soul left, how can he resist it?

Be able to withstand this power of reincarnation that is specifically aimed at the soul.

In an instant, the physical body of Yuanmo Patriarch dissipated little by little.

"Hahaha."

Seeing the physical body of Yuan Mo Patriarch dissipate and be annihilated little by little, Mo Li's broken soul sea is also rapidly collapsing, but he showed an incomparably carefree smile, laughing wildly, like a lunatic.

"No, I'm not reconciled, I haven't killed that kid Qin Chen, how can I die here, I am the ancestor of Yuanmo, the ancestor of Yuanmo who has ruled the initial universe for countless years, I am not reconciled..."

With a bang, Yuanmo Patriarch uttered a stern roar before dying. The next moment, his soul completely collapsed, and his whole body was completely annihilated by the power of Yuan Shi's soul robbery, turning into dust and dissipating.

Before he died, his heart was filled with endless unwillingness.

He had escaped from such a dangerous situation in the original universe before, and he never thought that he would die here, on the body of such an inconspicuous guy as Mo Li.

Why?

With an unwilling will, the soul of the Yuanmo Patriarch was completely annihilated and disappeared.

In the sea of souls below, Mo Li was enveloped by the endless power of Yuanshi Soul Tribulation, and his physical body dissipated little by little.

"Master Chi Yan, have you seen it? I avenged you."

Mo Li murmured, with a free and easy smile on the corner of his mouth.

"Master Chi Yan, I... come to accompany you!"

Word off!

boom!

Mo Li's soul collapsed directly, turning into endless soul power, dissipating little by little.

outside world. Rahu Demon Ancestor finally woke up from the endless pain. He looked in horror at the magic body floating in the distance, completely lost its vitality, and the extremely terrifying Jieyun above his head that was slowly dissipating. There was something in his heart. none

throbbing

"Detachment from the thunder tribulation, is this the reincarnation fate tribulation that breaks through the detachment?"

Rahu Demon Ancestor murmured, such a catastrophe is too terrifying, how can ordinary people survive such a terrible catastrophe?

However, after witnessing and experiencing the birth and dissipation of this terrifying catastrophe cloud with his own eyes, Demon Ancestor Rahu had a feeling that as long as he was given time, he would break through to the realm of detachment just around the corner.

only...

Whoosh!

The figure of Rahu Demon Ancestor came to Mo Li's broken body in an instant, and not far from Mo Li's body, Scarlet Flame Demon Lord's body was also suspended.

It's just that at this moment, the two of them have completely lost their vitality, leaving only a broken body.

"It seems that the devil also died under the previous robbery, but it's a pity that Mo Li and Chi Yan, the two of them, alas..."

Demon Ancestor Luohu had a bitter face. Although he was very uncomfortable with the relationship between Mo Li and Chi Yan before, after seeing both of them have fallen, Demon Ancestor Luohu felt a sense of loss and pain in his heart.

"Forget it, let's bury their bodies together."

Rahu Demon Ancestor sighed, picked up the body of Scarlet Flame Demon Lord, and was just about to pick up Mo Li's broken body.

suddenly...

hum!

Mo Li's whole body was suspended, and at the same time, an inexplicable vitality was slowly rising in his body.

If Demon Ancestor Luohu could see Mo Li's soul sea, he would be shocked to see that in Mo Li's soul sea that had completely turned into nothingness, a faint soul power unexpectedly rose slowly.

This strand of soul power was very small at the beginning, but it increased crazily at an astonishing speed. In an instant, this trace of soul power had grown into a vast ocean, and it was still expanding at an astonishing speed.

boom!

A soul breath that was many times more terrifying than that of the ancestor of Yuanmo rose up from Mo Li's body in an instant.

Rahu Demon Ancestor flew upside down in horror, looking at Mo Li's body in disbelief, his whole body showed horror.

At this moment, the aura on Mo Li's body was rising at an extremely terrifying speed. Within a radius of hundreds of millions of miles, the endless cosmic sea power frantically gathered and entered Mo Li's body in an instant.

An extremely terrifying breath of detachment swept out of Mo Li's body in an instant.

boom!

In an instant, the void of the cosmic sea within a radius of a million miles was directly annihilated into nothingness, and turned into a pitch-black black hole crack.

"hiss!"

Demon Ancestor Rahu looked at the scene before him in horror, and his whole body was covered with cold sweat. You must know that this is the void of the universe sea, which is extremely strong, and it is definitely not something ordinary people can break through.

And Mo Li is just a trace of breath escaping from the body, and it has already directly annihilated the void of the cosmic sea. What kind of power is this?

Demon Ancestor Rahu was terrified. If he hadn't evaded in time before, once he was swept by this shock wave, he would be gone now. And when Rahu Demon Ancestor was terrified, in the distance, Mo Li's aura had reached its peak, and the terrifying vision around him disappeared in an instant, as if it had never happened before.

Mo Li suddenly opened his eyes.

Two jet-black divine rainbows shot out from his pupils, directly tearing apart the sky.

"you..."

Rahu Demon Ancestor stepped back nervously, looked at Mo Li in horror, with a vigilant expression.

"I... didn't die?"

There was confusion in Mo Li's eyes, and he murmured, feeling his body, he felt full of strength, and when he raised his hand, the void in the universe sea faintly fluctuated, ready to be torn apart by him on the spot.

"Detachment is the power of detachment!"

Mo Li looked at his hands in disbelief. Not only did he not die, but he also broke through the realm of transcendence, and even directly broke through to the peak level of transcendence.

"It's Lord Chiyan's Nirvana rebirth power!"

Mo Li was shocked, and suddenly woke up. Previously, under the ninth level of Primordial Soul Tribulation, although his soul was shattered, there was still a very small trace of original power left. It was this trace of original power that was integrated into the power of the Scarlet Flame Demon Lord that made him Have Nirvana Rebirth

Ability.

And by going through the ninth stage of reincarnation, he was blessed and repaired by the supreme power of reincarnation, which made his soul directly enter an extremely terrifying situation, and his physical body was also completely repaired.

"Nine times of reincarnation..."

Mo Li had a feeling that a single punch from him at this moment was enough to kill thousands of his former selves. This was a feeling that was superior to all living beings.

You know, to survive nine times of reincarnation, this is an extremely rare existence in the entire history of the universe, and it is almost hard to find.

"No, I'm alive, what about Master Chi Yan?!"

Suddenly, Mo Li seemed to have thought of something, and hurriedly woke up, but just as he turned his head to look at Demon Ancestor Luohu, who was holding Scarlet Flame Demon Lord, suddenly, a sharp pain came out of his mind.

"what!"

Mo Li suddenly let out a painful roar, and knelt directly in the void with both knees. With a bang, the void below directly collapsed.

Countless memories kept flashing through Mo Li's mind like a fleeting glance.

"Old Demon Ancestor!"

Mo Li roared.

These were actually the memories of the ancestor Yuanmo. At this moment, they were completely integrated into his mind and became a part of his memory.

Everything, experiences, supernatural powers, avenues, countless innumerable memories and powers of the ancestor Yuan Mo for hundreds of millions of years have all become the power of Mo Li and integrated into his soul at this moment.

"Qin Chen, it was Qin Chen who defeated the ancestor Yuan Mo, causing him to escape with serious injuries..."

I don't know how long it has passed, Mo Li completely accepted the memory of Yuan Mo's ancestor, he raised his head suddenly, his eyes widened, and he spoke in disbelief. He saw clearly everything that happened before the ancestor Yuanmo was seriously injured, and it was completely imprinted in his soul.

#### [Chapter 5264: Reincarnation world](#)

In an instant, everything experienced by Yuan Mo Patriarch was watched by Mo Li, as if watching a movie, which was clearly imprinted in his mind.

"Myriad Bone Nether Ancestor... The Nether Emperor, Xu Hai... The Underworld!"

Mo Li's eyes were cold. At this moment, he finally understood why Yuan Mo Patriarch had only one soul left when he came, and he was seriously injured.

"Unexpectedly, that kid Qin Chen has also broken through to the realm of detachment, and with such strength..." Thinking that Qin Chen could fight against the former triple peak of the underworld, Mo Li couldn't help but tremble all over. There is only one remnant soul left in Wangu Mingzu, and the power of the universe will be greatly suppressed at the beginning,

But no matter what, it was the former triple peak detachment, and Qin Chen was able to fight him.

This...

Mo Li clenched his fists and boomed, the void within a radius of ten thousand miles collapsed.

"Qin Chen... One day, I, Moli, will surpass you and become the most supreme existence in the world, because I am the one who has survived the nine-fold reincarnation."

Mo Li's pupils burst into sharp light. From the memory of the ancestor Yuanmo, he learned that in the entire universe, ordinary detachment can only survive two or three stages of reincarnation. Some powerful geniuses and peerless masters are only four or five stages, like the ancestor Yuanmo. so

The lord of the world has only survived the six-fold samsara life calamity.

The Nine-Layer Reincarnation Fate Tribulation only exists in legends. It has been extremely rare throughout the ages, and almost no one has heard of it. In the history of the cosmic sea, the strong men who generally survived the seven or eight levels of reincarnation are all amazing people in this cosmic sea who created an era, and his ninth level is just in the legend

"No matter how strong that Qin Chen is, no matter what adventure he encounters, he may not be able to survive the nine-fold reincarnation like me." Mo Li thought.

"wrong!"

Suddenly, Mo Li's eyes narrowed, thinking of everything he had experienced along the way, a possibility suddenly popped up in Mo Li's heart: "With the strength that Qin Chen showed before, could it be that he has also survived the nine-fold reincarnation calamity?" ?"

It's not impossible.

Nine is the extreme.

Hadn't he survived the Nine-Layer Reincarnation Tribulation, how could Qin Chen, with his current cultivation base, directly confront the triple peak of the underworld who transcended the Myriad Bone Nether Ancestor?

Mo Li's fist was tightly clenched, and the face of the fist turned white.

"Hmph, even so, then Qin Chen is just standing on the same starting line as me. I can't believe it. I'm not as good as him as the one who passed through the nine-fold reincarnation tribulation!"

Mo Li looked crazy.

"Mo... Moli, are you alright?"

But at this moment, a voice suddenly sounded, Mo Li turned his head, and saw Rahu Demon Ancestor flying over, speaking cautiously from the side.

Seeing the fleshy body of Scarlet Flame Demon Lord held by Demon Ancestor Rahu, Mo Li's body trembled, and endless coldness and trembling escaped from his eyes.

boom!

The void of one universe froze directly under the breath of Mo Li, as if falling into an endless ice cellar.

"Cluck!"

Rahu Demon Ancestor, the leader of the three thousand chaotic gods and demons in the initial universe, looked at Mo Li in shock at this moment, and couldn't help trembling all over his body.

Mo Li at this moment, with a monstrous face, black hair falling down, and white roots, gave Rahu Demon Ancestor a strong fear.

Facing Mo Li, Rahu Demon Ancestor felt even more fearful than Yuan Mo Ancestor.

"Master Chi Yan!"

Mo Li murmured, and came step by step in front of Rahu Demon Ancestor, and gently hugged Scarlet Flame Demon Lord's body.

The Scarlet Flame Demon Lord's eyes are closed, his eyelashes are long and slender, as if he can speak, his nose is small and exquisite, and his plump, rosy lips are like ripe lychees, which makes people want to take a bite. Her figure is also incomparably graceful, the long red dress wraps her exquisite and plump curves to the fullest, her water snake-like waist sways in a mouth-watering and graceful arc, her beautiful face is really overwhelming, the chest even more

Standing tall, but there is no misconduct, only mature charm.

But it was such a body that closed its eyes forever and would never wake up again.

"Master Chiyan!"

Mo Li's black hair flew up in an instant, like sharp knives soaring into the sky, trying to tear the endless sky.

His heart was ashes.

All the way, Master Chi Yan has been silently accompanying him, but now, he has broken through the detachment, and Master Chi Yan died because of him. What is the meaning of such a solitary life and life?

"why?"

A deep roar sounded faintly from Mo Li's mouth, carrying endless sadness and pain.

boom!

In an instant, the void within a million miles immediately boiled.

Demon Ancestor Luohu's face changed slightly, and he hurriedly said: "Mo Li, in fact, Chi Yan may not have no hope of resurrection."

"what?"

Hearing this, Mo Li suddenly turned his head and looked at Rahu Demon Ancestor: "Master Chi Yan directly blew her soul for me, can she still be resurrected?"

"This..." Luohu Demon Ancestor was stared at by Mo Li, with cold sweat faintly breaking out on his forehead: "My resurrection is not a direct re-condensation of the soul in this cosmic sea, but the reincarnation of life and death between the heaven and the earth. controlled by the rules of the avenue,

No matter in the original universe or in the cosmic sea, as long as anyone dies, his soul will return to the samsara of the heaven and earth. ""And this reincarnation of heaven and earth is the reincarnation of the six realms, the long river of undead spirits leading to the underworld. As far as I know, after the gods and demons in my initial universe fell, their spirits will be attracted by the underworld and enter the reincarnation world of the underworld. River of Necromancers

Among them, she survived in another way, so although the Scarlet Flame Demon Lord has fallen, her soul has been led to the river of death in the underworld. "

Demon Ancestor Rahu hurriedly said.

"Underworld!"

Mo Li's pupils suddenly shot out a trace of excitement.

How could he forget this. "Yes, Lord Chi Yan is not dead yet in the underworld. Her spirit cannot be revived in the cosmic sea, but she will definitely be led to the reincarnation realm of the underworld. Therefore, as long as I can enter the reincarnation realm and enter the river of death, Find Chi Yan

It is possible for the adult's soul to revive her. "

Mo Li trembled.

It's not impossible. From the memory of the ancestor of Yuan Mo, Mo Li clearly knows that many undead creatures in the underworld were once strong men who fell, were born in the underworld, and then recovered a trace of chaotic mind, and became one after another in the underworld. life spirit.

Therefore, as long as he can go to the underworld and has enough strength, he can fish out the soul of Scarlet Flame Demon Lord from the river of death.

Of course, he must do so as soon as possible, because there are generally three possibilities for a dead creature after entering the underworld.

One is to remain in a state of chaos in the river of undead, the second is to enter the channel of reincarnation, reincarnate, and reincarnate into another creature, and the third is to directly survive in the form of a necromancer in the underworld.

The first and the third kind are okay, they both have the possibility to awaken the will of the previous life, but for the second kind, once reincarnated, the soul of the Scarlet Flame Demon Lord will be completely reorganized in the reincarnation channel, and reincarnated into another kind of creature .

At that time, even if he finds the Scarlet Flame Demon Lord, it will not be the Scarlet Flame Demon Lord. All her memories, experiences, and everything have disappeared.

"It must be done as soon as possible!"

Mo Li immediately put away Scarlet Flame Demon Lord's body instantly, his eyes showed excitement.

"Rahu Demon Ancestor, let's go, let's find a way to go to the underworld."

Mo Li didn't care about other things, and disappeared into the world in an instant with Rahu Demon Ancestor.

And when Mo Li was looking for a way to enter the underworld.

primordial universe.

Everyone looked at Qin Chen worriedly.

After such a long time, Qin Chen was still struggling with the abyssal aura, which was extremely terrifying and filled everyone with worry.

I don't know how long it took, but with a buzzing sound, there were faint thunderbolts surging in Qin Chen's body, and the abyssal aura on Qin Chen's body finally began to slowly weaken, which made everyone heave a sigh of relief.

"No, although this abyssal breath is being suppressed and weakened, it seems to be more closely integrated with Qin Chen, and I don't know whether it is good or bad."

On the side, Emperor Youming was worried and frowned.

Qin Chen's current situation is obviously more and more integrated with the power of the abyss.

Notice.

The abyss is not to be gazed into. In history, there have been many unrivaled powerhouses who tried to merge with the abyss, control the power of the abyss, and then deal with the abyss, but throughout the ages, no one has ever come into contact with the abyss, and after feeling the abyss, they can not be affected by the abyss.

polluted.

The power of the abyss can pollute everything and annihilate human nature. Those who tried to touch the abyss in ancient times turned into madmen in the end, their temperament changed drastically, and they even killed their relatives and turned into demons.

And Qin Chen, can he resist the pollution of the abyss?

Emperor Youming didn't know, and he didn't dare to guarantee it.

boom! Finally, after a long time, the power of the abyss in Qin Chen's body was suppressed by the original source in his body, and was finally suppressed slowly. Wisps of the power of the abyss entered into various parts of Qin Chen's body and disappeared in every part of his body. place

.

Qin Chen's pupils opened suddenly, and a deep abyssal breath disappeared in a flash.

"Qin Chen, are you okay?"

Chen Sisi and the others rushed forward and hugged Qin Chen directly, with a sour nose and red eyes.

"You just... scared us to death."

Chen Sisi and the others choked up and said, a stone in their hearts fell to the ground.

"I'm fine, I'm worrying you."

Qin Chen felt a pain in his heart, he was really damned, always worrying Sisi and the others.

He stroked the cheeks of Sisi and the others, but he felt warm in his heart. "Hahaha, Qin Chen, I didn't expect to see you these days. You have also broken through to the realm of transcendence, and your strength has reached such a level. Even the ancestor of Yuanmo is no match for you. It seems that you have gained a lot in the universe. strange

Meet! "

At this time, Xiaoyao Zhizun came over with a smile, his expression excited.

Qin Chen can be regarded as his junior, and Xiaoyao Zhizun is naturally very happy to watch Qin Chen grow up.

"Senior Xiaoyao."

Qin Chen smiled slightly, and then woke up. He actually forgot about Yuanmo Patriarch.

He fixed his gaze, and quickly pinched his fingers to calculate that a trace of invisible power of fate spread into the vast void in an instant.

boom!

Before Qin Chen's eyes, a vast river appeared, in which the pictures flowed, and he was quickly tracing the breath and traces of the Yuanmo ancestor.

Before, Qin Chen left an aura on the Yuanmo Patriarch. As long as the Yuanmo Patriarch wasn't too far away, Qin Chen could easily calculate the opponent's position.

"Um?"

It was just his calculation that made Qin Chen frowned.

In his perception, the aura of the ancestor Yuanmo completely disappeared.

"impossible."

Qin Chen's eyes sank.

In such a short period of time, how could the Yuanmo Patriarch escape from his calculation range?

Qin Chen immediately increased his calculations, and boom, a trace of causal power rose from him, leading to the supreme avenue in the dark.

However, the aura of the Yuanmo Patriarch did disappear, completely disappeared from his perception, without leaving any trace.

"What's wrong?" Xiaoyao Zhizun couldn't help frowning and asked.

#### [Chapter 5265: Causal retrospective](#)

"The breath of the ancestor Yuanmo disappeared in my perception." Qin Chen said in a deep voice: "My karma, I can no longer find him."

The face of Xiaoyao Zhizun sank: "It disappeared, did you escape?"

Others also looked at it one after another.

Ancestor Yuanmo, this is a strong man who has dominated the initial universe for countless thousands of years. His every move naturally attracts everyone's attention.

The ancestor Yuanmo escaped before, and it didn't take long for him to break through and transcend, and return with a strong man like Wangu Mingzu, almost destroying the entire initial universe.

If he escapes again this time, once he returns again, I'm afraid...

This must not be allowed to happen again.

The eyes of Xiaoyao Zhizun and others gradually became serious. As old opponents, they did not dare to underestimate the ancestor Yuanmo.

Xiaoyao Zhizun took a step forward: "Qin Chen, you calculate him through my karma."

"You?" "That's right, the battle between you and Yuanmo Patriarch has only been in recent years, and I have fought with him for millions of years. It can be said that it was after I ascended to the heavens that he devoured the original universe. plan, the causal ratio between me and him

Before you and him, at least countless times stronger. "

After the words fell, Xiaoyao Zhizun took a step forward, and he sat cross-legged, boom, above his head, a vast path of cause and effect appeared.

The way of cause and effect. It represents countless karma after a person is born, there are good and bad, and Xiaoyao Zhizun, as the leader of the human race, his karma is naturally extremely powerful, and the thickest one is the relationship between him and the ancestor Yuanmo. cause of

fruit.

The two have been fighting for countless years. It can be said that the relationship between the two is somewhat like a fateful enemy.

"it is good!"

Qin Chen took a step forward and stepped directly into the karma of Xiaoyao Supreme. It should be noted that it is extremely dangerous to directly reveal one's own karma. Once the enemy spy out all of one's own karma, it is easy to be targeted by the enemy, but Xiaoyao Supreme is not afraid of these things.

Obviously, he had great trust in Qin Chen.

"I'll help you too." At this time, the owner of the Pavilion of Heavenly Secrets also stepped forward, and above his head, a vast river of fate appeared. Booming, waves rolled in the long river, and the breath of destiny of the owner of Pavilion of Heavenly Secrets emerged from it. In that breath of fate, there is also

Intertwined with the fate of Yuanmo Patriarch.

The owner of the Tianji Pavilion used to spend his life protecting the human race and fighting the ancestors of the Yuanmo.

"The way of destiny?!" Qin Chen glanced at it, and an invisible aura burst out from his body, which was also the power of destiny. The breath left before permeates the past in an instant

.

The endless cause and effect continued to spread, and Qin Chen kept going back. He didn't know how long it had passed. Qin Chen's eyes froze and he suddenly opened his eyes.

"Senior Xiaoyao Supreme, the relationship between you and Yuan Mo Patriarch has been resolved."

He looked stunned.

"broken."

The others were also dumbfounded.

Can this cause and effect be broken?

"It's fallen."

At this time, Emperor Youming stepped forward, "There are many reasons for the interruption of karma. However, I have also seen the karma of this person before. It is the appearance that can only be formed after the other party falls."

"And, according to my calculations, the vitality of that guy before has completely dissipated."

Ancestor Yuanmo is dead?

At this moment, everyone gasped in disbelief.

The ancestor of Yuanmo was so decisive before, under the eyes of everyone, he seized the opportunity, broke into the space crack, and escaped from the initial universe.

But now that he died like this, how can everyone believe it?

There will be no fraud here, right? "It is indeed dead." Qin Chen closed his eyes and felt it carefully for a moment, then suddenly opened his eyes: "Besides, he didn't die in a crack in space. At the end of that breath, I faintly felt a trace of familiar breath. of the ancestors

Death, maybe it has something to do with someone from my original universe. "

Qin Chen looked beyond the initial universe, and seemed to have some guesses.

"Qin Chen, who is it?"

Everyone was puzzled.

"A guy I know well."

Qin Chen said thoughtfully.

"Forget it, since Yuan Mo Patriarch is dead, then there is nothing to fear, are you all alright?"

Qin Chen looked at everyone.

"We're all fine."

Everyone shook their heads. "Okay, everyone, don't be stunned, Hong Huang, you have finally returned to the original universe. How come you don't know how to take the initiative when you see Senior Ao

Ling?" Qin Chen said with a smile: "I remember when you were in the universe sea, not always say miss mother

Dragon? Did you find it secretly? "

"I... Fuck!"

Primordial Ancestral Dragon's face turned green.

No such thing, okay?

You kid, don't trick me.

Hearing this, Ao Ling's face suddenly darkened.

Whoosh!

She came to Honghuang Zulong, pinched his ears, picked him up fiercely, then stared and said: "Did you say that?"

"No, don't listen to Qin Chen's nonsense, he is deliberately harming me."

The Primordial Dragon suddenly jumped up.

"Hmph, why is Master Qin Chen talking nonsense? I think it's because after you broke through and transcended, your self-confidence swelled, and you dare to spend your time outside, right?" Ao Ling pushed harder.

"Ah, it hurts, it hurts, it hurts..."

Honghuang Zulong jumped directly, and hurriedly said: "Baby, good baby, there are so many people here, can you save me some face?"

"Face? Bah, what face do you have, come back to the ancestral land with me and explain it carefully."

Ao Ling, the ancestor of the real dragon, didn't give the ancestor dragon any face at all, dragged the ancestor dragon to the ancestral land of the real dragon clan, and at the same time, the scream of the ancestor dragon came at the same time.

"puff!"

Everyone burst into laughter upon seeing this.

"Young Master Chen, is this your hometown?"

At this moment, Palace Master Anyou came flying over with doubts on his face.

This...is just an initial universe, doesn't it mean that Chen Shao comes from a certain top power in the universe sea? This initial universe doesn't look like it, does it?

"Palace master, this is indeed the hometown of this young master."

Qin Chen smiled. At this time, he no longer needed to lie to Palace Master Anyou, he himself was the greatest confidence.

Then, Qin Chen looked at Fang Muling: "Muling, are you... all right?"

Before, Fang Muling took the initiative to devour the power of the abyss for himself, but at this moment, Fang Muling's face was still a little pale.

"I'm fine."

Fang Muling hurriedly said, "It's good that you're fine."

"Senior Nether Emperor, the land of the abyss just now..."

Qin Chen looked at Emperor Youming, wondering why the power of the abyss appeared in this initial universe.

"If the emperor's guess is correct, there is a passage leading to the abyss at the place just now."

"A passage to the abyss?"

Qin Chen's eyes were fixed.

"Is it in the abyss of the devil world?"

Qin Chen turned around, whoosh, he stepped out with one step, and came to the Demon Realm in an instant, and with another step, he entered the Meteor God Demon Realm, looking at the abyss in the depths of the Meteor God Demon Realm.

At this time, Qin Chen thought that when he was avoiding the pursuit of the demon patriarch Xiyuan Supreme, he had entered the abyss in the Meteor God Demon Realm. In that abyss, he felt a strange feeling shares call.

Could it be that the abyss is calling for him?

But why, I was called by the abyss, and there was a rather familiar feeling? Qin Chen frowned slightly.

[Chapter 5266: one person enters](#)

Could it be that, in this abyss, is there anything he is familiar with?

"Senior Youming Emperor, didn't you say that the abyss is located in the forbidden place deep in the cosmic sea? Why is there a passage to the abyss in my initial universe? Where does this passage lead to the abyss?"

Qin Chen turned his head and looked at Emperor Youming who was following up. "This..." Emperor Youming hesitated for a moment, and said: "This emperor is also very strange. As far as I know, the abyss is extremely hidden, and in order to prevent the power of the abyss from penetrating the universe sea, the forbidden area where the abyss is located has long been covered by the ancients of the universe sea. World

The families control the restrictions. In theory, there should be no passages leading to the abyss in this world, because any such passages will be detected by the ancient families of the Universe Sea, and they will be closed immediately, but this..."

To be honest, Emperor Youming was also a little confused.

Because of this situation, it is theoretically impossible to happen.

"That is to say, this abyss channel cannot be monitored by the ancient family in the universe sea, otherwise it must have been closed." Qin Chen frowned.

Emperor Youming nodded: "That's for sure, and..."

Emperor Youming raised his head and stared at the surrounding world, "Although this place is only the beginning of the universe, for some reason, this emperor has a feeling that this world seems not so simple."

"Not simple?" Qin Chen turned his head and looked over. "This is a feeling in the dark, you don't understand." The Emperor Youming said in a deep voice: "The initial universe is supposed to be weak, but the feeling this world gives me is extremely terrifying, and the general initial universe because too much

Weak and weak, it can't carry too many strong people, especially super-level masters, the initial universe that has never passed through reincarnation can't accommodate too many super-level powers, but now..."

Emperor Youming looked at Palace Master Anyou and the others. What he meant was obvious. Palace Master Anyou and others are masters at the second level of detachment. If ancestor Tuoba and ancestor Wangu Ming are just remnant souls, Palace Master Anyou and Tuoba Xiongba are real Double peak detachment, but they are in

Here, this primordial universe shows no signs of instability, which is a bit odd in itself.

"And..." Emperor Youming looked at Xuhai again, there is still a terrifying existence hidden there, compared to Palace Master Anyou and others, this person is a giant crocodile, let alone an initial universe, even in his underworld, definitely not

It can be trapped in ordinary forbidden places.

But now, it feels really weird that such a strong man is trapped in this small initial universe.

This world is extraordinary.

Could it be that one...

Suddenly, thinking of something, Emperor Youming's heart trembled.

opposite.

Qin Chen was silent. He looked into the depths of the abyss. Although it was blocked by the actions of Emperor Youming and the ancient emperor in Xuhai, the faint feeling of calling still existed.

This made Qin Chen feel that this initial universe might not be as simple as he imagined.

perhaps...

Suddenly, Qin Chen turned his head and looked at the tidal sea in the sky.

Now in the entire initial universe, if you ask who knows some of the mysteries here best, I am afraid that there is only one who exists in the Void Sea.

That one, who has stood in this void for so many years, must know something?

With a thought in his mind, Qin Chen took a step forward and flew directly towards Xuhai.

"Qin Chen, you..."

Seeing Qin Chen's actions, everyone was startled.

"Senior Youming and I went to Xuhai, Senior Xiaoyao Supreme, please help me take care of you all." Qin Chen said to Xiaoyao Supreme.

"I?"

Xiaoyao Zhizun took a look at the many powerhouses on the field, Wangu Mingzu, Tuoba Zuoba, Anyou Palace Master, Tuoba Xiongba, which one is not a famous person in the universe? Let him take care of this level of detachment? This...

But Xiaoyao Zhizun was just stunned for a moment, and then he laughed: "Okay, you can do your work, leave it to me here."

As soon as the words fell, Qin Chen stepped forward, his figure suddenly disappeared, and he rushed to the heaven. "Seniors, you are so far away that you are guests, and I am the Supreme Being, and you can be regarded as half the master of this initial universe. Since Qin Chen entrusted you to me, I will naturally not neglect you seniors, and please move to my human race.

If you don't understand anything in the realm, you can ask, and I will tell you everything. "

Xiaoyao Zhizun said with a smile, very free and easy.

He can also be regarded as a heroic figure, which is very easy to see.

Ancestor Tuoba hastily said: "Since your Excellency is Chen Shao's friend, then you are my friend. I dare not take the word senior, sin, sin." "Yes, the old man accidentally offended this initial universe before. , I have caused trouble for everyone, I am really ashamed in my heart, please don't take it to heart, if you come to my underworld in the future, just ask if you need anything, sir

Husband definitely supports. "

Wangu Mingzu also hurriedly said that he had offended the people of this universe before, and now the master left with Shao Chen, if he made the people of this universe unhappy, why not kill him when the master returns?

As for Palace Master Anyou and Tuoba Xiongba, they had no part to speak at all, they just stood aside and laughed.

On the side, the Tianji Pavilion Master and Linglong Sect Master were all dumbfounded.

"Then please come with me."

Seeing everyone's respectful appearance, Xiaoyao Zhizun sighed in his heart.

People are more dead than others, and goods are thrown away when they compare goods. They also came out of the original universe. Why is the gap so big?

Xiaoyao Zhizun couldn't help but feel a little sadness in his heart.

skyline.

Qin Chen traveled through the void, and in a moment, he was outside the heaven.

"A familiar feeling."

Feeling the heaven in front of him, Qin Chen felt a faint nostalgia in his heart. This is the place where he rose up in the past.

During the years when he was absent, the black slaves managed the Heaven Realm very well, and the Heaven Realm that was dilapidated back then has been restored to perfection now.

"Walk."

Qin Chen took a step forward and entered the heaven in an instant.

As soon as he entered the heaven, the origin of the entire heaven cheered and roared, the power in the entire heaven was increasing rapidly, and all kinds of broken places that had not been repaired were restored at an alarming speed.

"Huh? My origin is naturally repairing this heavenly origin?"

Qin Chen looked up at the origin of the heavens. Back then, he had been recognized by the origin of the heavens, and he had also fused part of the origin of the heavens. It can be said that the origin of the heavens and him are the same one. Now that his cultivation has broken through the realm of transcendence, he can naturally bring a trace of cultivation

complex.

However, at this moment, Qin Chen didn't have time to completely repair the heavens. He stepped out, and in an instant, he had already arrived at the sea of void tides, and in another step, he appeared outside the void sea.

"Xuhai!"

Qin Chen murmured, back then, he was hunted down by the powerful demons, and escaped only by escaping to Xuhai. Later, any senior in Xuhai also took action several times to solve the problem for this initial universe. distress.

It can be said that the original universe can be preserved until now, thanks to the existence in the virtual sea.

"Qin Chen, I won't go in. That guy has a weird personality. In his territory, I think it's better for you to go in alone."

At this time, Emperor Youming suddenly said beside him.

Qin Chen turned his head and glanced at Emperor Youming.

The Great Emperor Youming said awkwardly: "Ahem, you also know that at our level of existence, the sense of territory is extremely strong. It is not a good thing to rashly break into other people's territories."

Emperor Youming said in embarrassment. He was afraid that if he went in, he wouldn't be able to get out.

#### [Chapter 5268: Yin and Yang Fusion](#)

Looking at Qin Chen, Xuying said lightly: "This world is extremely special, you can't feel its specialness yet, but when you reach my level one day, you will understand why the emperor is willing to in this initial

The universe is gone. "

"Isn't senior trapped here?"

Qin Chen was puzzled, and looked at the many iron chains that bound the phantom.

These iron chains are extremely thick, and each one is simple and profound, and it is unknown what kind of material it is made of. There are ancient runes and rays of light flowing on it, hiding a palpitating power.

Each of these iron chains penetrated deeply into Xu Ying's body, binding him here like a prisoner.

"Uh."

Xu Ying showed embarrassment, "Ahem, of course, this is one of the reasons, but there are actually other reasons why the emperor is willing to stay here, otherwise, how can these mere chains trap the emperor?"

Xu Ying said proudly.

Qin Chen frowned and asked suspiciously, "Really?"

Qin Chen looked suspicious.

"Made."

The ancient emperor was speechless, and couldn't help but yell, damn, this guy is too good at chatting, right?

Do some things need to be said so clearly? "I know you want to get the truth from me, but I can only say that even this emperor can only see some clues of that person's arrangement, but can't understand the real purpose. However, you don't need to know the real purpose now. To learn too much.

"

Xuying looked at Qin Chen: "When you come back this time, you should be preparing to integrate this initial universe and let it truly transcend reincarnation?"

Qin Chen nodded, he did have such a plan.

Xu Ying shook his head: "Then I advise you, you can't do this for the time being."

"Why?"

Qin Chen frowned slightly. After ascension to the heavens, he realized that this universe has actually come to the end of reincarnation. If it cannot transcend the reincarnation of the universe sea like the Dark Continent and other worlds, this universe will be in the near future.

Come, you will fall into disillusionment.

At that time, everyone in the entire universe will perish.

The reason why the Yuanmo Patriarch wholeheartedly wanted to occupy the initial universe, and even did not hesitate to collude with the Dark Clan, was because of this. "The fusion of the universe will indeed allow this initial universe to transcend reincarnation and stand in the universe, but there is also a bad consequence." Xuying said in a deep voice: "That is to make this initial universe completely present in the entire universe.

in sight. "And with your current strength, I don't think you can bear the consequences of this initial universe actually appearing in the cosmic sea. At that time, the eyes of countless ancient forces in the cosmic sea will pay attention to this place. You... get ready

Yet? "

Xu Ying looked at Qin Chen deeply.

Qin Chen frowned. From the words of the ancient emperor, he understood that this initial universe should be extremely special. Once it is presented, there must be some bad consequences. Otherwise, there are so many forces in the universe, and it is impossible for any initial universe to survive the cycle of reincarnation.

, will attract the attention of the ancient forces of the universe sea.

And those ancient forces...

From the words of Tuoba ancestors and the others, Qin Chen also understood that the strength of these ancient forces is at least above the triple detachment.

Although the current self is not weak, compared with those ancient forces in the universe sea, he is still far behind. Qin Chen still has this self-knowledge. "I think you should understand a little bit, but this is just one of them." Xuying continued: "In addition, there is another reason, that is, your current cultivation level is not enough, and if you want to integrate the origin of the original universe, you must will lose

defeated. "Qin Chen was stunned: "Didn't it mean that if the original universe wants to go through reincarnation, it is enough to transcend the realm?" Even, like Xiaoyao Zhizun, they could try to merge with the origin of the original universe when they were only the peak supreme, and once they succeeded,

You can directly enter the realm of detachment. "

This is what Qin Chen has been hearing all the time, and it is also the purpose of the Dark Clan and Yuan Mo Patriarch, who use the fusion of the original universe to achieve transcendence.

And now, he is a first-level peak detachment, how can he not be able to integrate this original universe because of insufficient cultivation?

Hearing this, Xu Ying smiled.

"Indeed, there is hope for the peak Supreme Beings of the initial universe to merge, and even use this to directly step into detachment, but this world is different..."

He raised his head and looked at the endless world outside Xu Hai. "This universe is very special. With your current cultivation, it's not completely impossible. Instead, you must fully control the rules. At least in the way you control, you need to integrate yin and yang without any omissions, otherwise you will forcefully merge this universe.

The origin of the universe is definitely not a good thing for you and this universe. "

Xu Ying condensed his voice.

"Yin-yang fusion? No gaps?"

Qin Chen frowned.

In his opinion, his Dao rules have been perfected. After ten times of reincarnation, Qin Chen claims to have reached the ultimate in controlling Dao.

Xuying glanced at Qin Chen, his eyes were bright and he said: "If I'm not mistaken, Mr. Chen, you should want to go to the underworld, right?"

Qin Chen's eyes flashed: "How do you know?" "Do you still need to think about it?" Xu Ying smiled, he looked towards Xu Haihai, and his eyes fell on Chen Sisi: "The source of Chen Shao's woman's body is damaged. If you want to restore the source, you must be nourished, and this person's source essence has a spiritual power.

If you want to be completely nourished and repaired, you must go to the underworld. This emperor should be right, right? "

"Chen Shaoruo is going to the underworld, there are some things you have to be careful about."

Xu Ying looked towards Xu Haihai, and his eyes fell on Emperor Youming.

"That guy outside is one of the great emperors of the underworld, one of the top powerhouses in the underworld, but Chen Shao knows why the underworld is completely isolated from the universe sea? Even, he is hostile and rejected by countless forces in the universe sea? "

Xu Ying said lightly.

Qin Chen frowned. Xu Ying said: "Actually, in ancient times, the underworld once invaded the cosmic sea. The underworld and the cosmic sea are actually one, representing the yin and yang of the world. If people in the underworld devour the rules of the cosmic sea, they can improve themselves. fusion

Yin and Yang, achieve the true unity of Yin and Yang, control life and death. "

"So, in ancient times, there was a turmoil between the Underworld and the Cosmic Sea. That turmoil was even more dangerous than what this Emperor did, causing heavy casualties and even upsetting the world."

"In the end, the underworld was defeated and sank into the other world, blocking the passage with the cosmic sea, and becoming a character who lives in darkness forever. In fact, in their hearts, they all want to return to the cosmic sea."

"If Shao Chen follows this person to the underworld, you must be careful, because the rules and origin of the Dao in you, Shao Chen, will be a great supplement to people in the underworld." It is also a huge benefit for Chen Shao to realize the rules of the Great Way of the Underworld and achieve the fusion of yin and yang. At that time, Chen Shao will merge with the original origin of the universe, and it will be a matter of course.

It blends perfectly. "

Hearing this, Qin Chen was thoughtful. There is such a saying?

[Chapter 5269: not believable](#)

Can the fusion of yin and yang make the rules truly complete?

Qin Chen was thoughtful. No wonder, he practiced the same death rules, but he felt faintly that the death rules he practiced seemed to be somewhat different from the death rules of Emperor Youming and the others. Could it be the yin and yang sides of the rules?

?

"Thank you for your teaching, senior."

Qin Chen cupped his hands.

"Well." Xuying nodded: "But although you are still unable to integrate the origin of the entire initial universe, you can first integrate the origin of this heaven." Xuying looked up at the vast heaven in Xuhai: "Once you first integrate the heaven Origin, first, your origin can quickly restore this heaven, which is of great benefit to the entire initial universe, because the stronger the heaven, the stronger the initial universe.

The power that can be carried will naturally be stronger, after all, this heaven is one of the original realms of the original universe. ""In addition, once you have integrated the origin of the heavens, the heavens are located in the original universe, and its original power will gradually merge with the original power of the original universe.

If you come back to integrate the origin of the original universe, then you will get twice the result with half the effort and it will be much easier. "Of course, the most important thing is that once you integrate the origin of the heaven, you can be completely connected with the heaven. Even after going to the underworld, you can perceive some subtle situations in the heaven. For you, this is Baiyi and none

Harmful. "

Hearing this, for some reason, Qin Chen seemed to feel a hint of anticipation in Xuying's tone.

Qin Chen's heart moved, and he said: "Maybe there are other reasons for the senior to want me to merge with the origin of the heavens?"

Xu Ying was startled, and said with a smile: "Young Master Chen is really shrewd."

After the words fell, he looked at the countless mountain-like corpses of strong men behind him. "Did Chen rarely see these people behind me?" Xuying sighed: "They are all the countless clansmen who followed me back then. In ancient times, the emperor harmed them and the clan because of his own desires. Bendi Enron

No harm, but they died because of me. If it happened again, I would rather die than them. "

"Unfortunately, everything has already happened, and it is irreparable. My wish in this life is to bring these old friends back to the ethnic group, bring them home, and let them return to their roots."

"It's a pity that the emperor is trapped here now, and if he wants to leave, the only way is for you, Young Master Chen, to do it."

Qin Chen was taken aback, "Me?"

"That's right, it's you, Chen Shao." Xu Ying suddenly stood up, "Chen Shao, you can try to feel the chains on this emperor's body."

boom! In an instant, the chains on Xuying's body were stirred up instantly. The moment he moved, chains burst out one by one, exuding a palpating terrifying aura. On these chains, the naked eye could see to, together

An astonishing rune rose up, and these runes gave Qin Chen a rather familiar feeling.

"Young Master Chen, look after you."

Xu Ying chuckled, grabbed a chain with both hands, and pulled it hard.

boom!

Immediately, glaring rays of light erupted from the chain, and, indistinctly, there were streaks of thunder light wandering around, dissipating in the depths of the chain.

"The power of thunder?"

Qin Chen was surprised.

No wonder I feel familiar. In the depths of this chain, there is actually the power of thunder circulating. This power of thunder is the core power in the depths of this chain.

"That's right, it's the power of the Judgment God Thunder, otherwise, the chains made from the mother iron of all things alone would not be able to defeat the current Emperor, but this Judgment God Thunder power..."

Xuying sighed: "Young Master Chen, if you can truly grasp the power of the divine thunder in your body, can you untie this chain for this Emperor, that is to say, the freedom of this Emperor, in fact, everything is under your control, Young Master Chen. middle."

"You mean? The power of thunder in my body can untie your chains?" Qin Chen said in a deep voice.

"That's right." Xuying nodded: "However, Yichen Shao, your current strength and cultivation are far from enough. I'm afraid it will be some time before this Emperor sees hope. However, apart from directly unlocking the chain, this Emperor Xuhai

With the shackles of the heavens, if Chen Shao can integrate the origin of the heavens, the heavens can be strengthened. The stronger the heavens, the less restrictions the emperor will be subject to. This may be some small selfishness of the emperor. "

Qin Chen was thoughtful.

Because of that?

Next, Qin Chen communicated with Xuying again, and understood some doubts about his practice, but regarding other things he wanted to know, the ancient emperor kept his mouth shut and did not say clearly.

Qin Chen didn't ask forcibly. There are some things that others don't want to tell you. No matter how much you ask, you may end up without a problem. "Chen Shao, the underworld is extremely dangerous. If Chen Shao goes to the underworld, this emperor has a piece of advice, that is, don't be careless. Although the Emperor Youming was one of the top powerhouses in the underworld back then, the underworld is vast and huge.

Back then, the entire cosmic sea was almost conquered. The strong and secrets in it were not as simple as they appeared on the surface, so be careful! "

"Besides, in the underworld, don't trust anyone, because no one can be trusted, including some people around you..."

Finally, the ancient emperor warned again, with a serious tone.

"Thank you for the reminder, senior," Qin Chen cupped his hands.

What does Gu Di mean by this? Are some people around you referring to the Nether Emperor?

Will he have problems?

Qin Chen pondered in his heart, then he turned around and left the depths of the Void Sea. Looking at Qin Chen's leaving back, the ancient emperor's eyes flickered, and he murmured: "Everything is going according to that person's idea, but will that matter really succeed? It has never happened in the past, Going to the underworld, I'm afraid..."

"

The ancient emperor shook his head and sighed, not knowing what he was thinking.

virtual overseas.

In the sky above the calm Void Sea, a vast vortex channel appeared instantly, Qin Chen stepped out and flew out of it.

"Young Master Chen, are you back?"

As soon as Qin Chen appeared, Emperor Youming hurried forward: "How is it, what did the person inside say?"

Qin Chen glanced at Emperor Youming, frowned and said, "He said, you can't be trusted, Emperor Youming."

"What?" Emperor Youming jumped up immediately, and said angrily: "Damn it, this \*\*\*\* is actually speaking ill of Lao Tzu behind his back, Shao Chen, this emperor has absolutely no ill intentions towards you, you must never listen to that guy Nonsense, the Emperor is looking for that one now

If you want to settle accounts, you must ask clearly. "

As soon as Emperor Youming moved, he rushed into the Void Sea in a hurry.

"Well, it's time to ask clearly."

Qin Chen nodded and said lightly.

"I...cough cough." Seeing that Emperor Youming was about to rush into the Void Sea, Qin Chen hurriedly stopped before he could stop him: "Young Master Chen, after thinking about it, I still think it's fine. It's a pity that I have been trapped in this Xuhai for so long, maybe some

If you are confused, this emperor will not be as knowledgeable as him, but don't worry, Mr. Chen, this emperor has no second thoughts for you, and the world can learn from it. "Emperor Youming coughed dryly twice, and said embarrassingly.

#### [Chapter 5270: Emperor class](#)

Qin Chen glanced at Emperor Youming, and said with a smile: "Don't pay attention, Senior Youming. In fact, I didn't take what that person said to heart. If I had taken it seriously, I wouldn't have spoken out to you."

Qin Chen smiled and spoke calmly. At the same time, he looked at Emperor Youming, and that look immediately made the hairs of Emperor Youming stand on end for no reason.

This kid...couldn't be planning something, right?

Thinking of the origin of this person, the Great Emperor Youming, the Great Emperor of the Underworld, trembled at this moment.

"Senior You Ming, let's go."

After saying that, Qin Chen turned around and flew straight to the source of the heavenly realm. At the same time, he sent a message directly to the city of Renmeng in the distance.

Renmeng City.

Now it is the center of the entire human race, and after the unification of all races, the Renmeng City has moved into the heaven, becoming one of the most magnificent places in the heaven.

At this time, Xiaoyao Zhizun and a group of people are entertaining Tuoba Zuzu and others in Renmeng City.

Down below, many strong men from all races in Renmeng City are trembling.

Among these people, the most powerful one is only a peak supreme being like the Primal Chaos Supreme. Seeing such a detached powerhouse as the Palace Master of Anyou, how can he not feel palpitations or fear.

Fortunately, there are Xiaoyao Zhizun and Tianji Pavilion Master, so everyone can barely feel at ease, otherwise, everyone will be paralyzed here. There has never been one who is transcendent and strong in the entire history of the initial universe. Back then, the Black Demon Ancestor Emperor of the Dark Clan almost wiped out the entire initial universe, let alone the Dark Nether Mansion. Lord wait

Giants.

"Chen Shao, did you grow from such a universe?"

The Lord of Anyou Palace and the others looked at the Chaos Supreme below in doubt.

These people were all giants in the initial universe, but in the Southern Thirteen-Star Region, they are almost like ants. How terrible is Chen Shao who can grow from such a universe to the present situation?

Thinking about Palace Master Anyou, they were all a little shocked.

now.

The master of Anyou Palace and the others were sipping tea, and below, the master of Tianji Pavilion was talking with Jian Zu and others.

The reunion after hundreds of millions of years, the owner of the Tianji Pavilion has a lot to say to the many old friends present.

"Brother Jianzu, Brother Chaos, this one is the old man's wife, Sect Master Linglong, the lord of the Linglong Sect in the Thirteen-Thirteen-Third-Star Domain in Hainan, who is about to step into the second level of detachment.

The master of Tianji Pavilion put his arms around Sect Master Linglong, and said to Jian Zu and the others, with a very casual look.

"I have met Sect Master Linglong. I am grateful to Sect Master Linglong for helping me in the initial universe. I am very lucky to meet such a great figure as Sect Master Linglong."

Jian Zu and others hastily cupped their hands.

Jianzu and the others are quite respectful to this strong man from the universe sea, after all, the former Linglong suzerain also paid a lot for the initial universe.

"You guys are welcome." Sect Master Linglong smiled slightly: "This sect is actually not a giant in the South 13-Star Region. Compared with the master of Anyou Palace and Patriarch Tuoba, this sect is still far behind. It's just the suzerain of Xiaozong, you guys, this is really breaking me,

You can call me Linglong from now on. "The master of Tianji pavilion nodded aside and said: "Brother Jianzu, you don't have to be so polite. Linglong's sect is indeed not a top sect in the southern ten-star region. big cosmic territory

That's all, in terms of ranking, among the tens of thousands of ranked forces in the entire Southern Thirteen-Star Region, they are only in the top 50, and they are still incomparable with such top forces as Anyoufu and Tuoba Family. "

As he said that, the owner of Pavilion Tianji turned his head to look at Sect Master Linglong, "Linglong, after you turn around and break through the second level of detachment, you should be able to barely squeeze into the top 50 in the South 13-star region, right?"

Linglong nodded, "If I can really make a breakthrough, it should be no problem to be ranked in the top twenty." Hundreds, as for other forces like the original universe, there are countless, my wife, you Linglong Shenzong can rank in the top twenty

, that is already quite remarkable. "Speaking, the owner of the Tianji Pavilion looked at the Linglong Sect Master: "Honey, we still have to keep a low profile in the future, even if we break through the second level of detachment and step into the top 20, it is still a lot worse than the Anyou Mansion and the Tuoba Family yes we are outside

Can be too ostentatious. "

aside.

Sword Ancestor, Chaos Supreme and others were speechless.

Oh shit.

You have said this sentence hundreds of times, you say it when you see people, you say it when you see people, you are so low-key? Seeing the expressions of Jian Zu and the others, the owner of Tianji Pavilion continued to smile and said: "Come on, Brother Jian Zu and Brother Chaos, let's not talk about the insider, there is nothing worth talking about, I just found someone who is about to break through." The wife of the double detachment is not a big shot in the universe. Come on, let me share with you how I broke through the detachment at the beginning. It is not easy to break through the detachment. can break through. But actually

, when you really break through, you will find that breaking through the realm of detachment is actually very simple, it mainly depends on talent and talent, I..."

"Ahem." Jianzu hurriedly interrupted: "Brother Tianji, you finally came back to the original universe, you should take Sect Master Linglong for a stroll first, we still have to greet Palace Master Anyou and the others."

"Yes, we have to take care of other people. You two will be busy first."

After finishing speaking, without waiting for the owner of Tianji Pavilion to speak, Jian Zu, Chaos Supreme and others hurriedly left with their hands in their hands, running fast.

"Hey..."

The owner of Tianji Pavilion was stunned, and could only watch Jian Zu and others go to Xiaoyao Supreme, speechless.

On the other side, Xiaoyao Zhizun, Hei Nu and others greeted the Lord of Anyou Palace and others.

While talking, suddenly, Xiaoyao Zhizun seemed to have received something, and suddenly raised his head: "Qin Chen..."

Xiaoyao Supreme suddenly stood up.

"Senior Xiaoyao Supreme, what's wrong?"

The \*\*\*\* looked over.

Everyone also watched over.

Xiaoyao Zhizun's eyes were deep, he stared into the depths of the heaven, and said in a deep voice: "Qin Chen, he is going to merge with the origin of the entire heaven."

"Integrate the origin of the heavens?"

Everyone was taken aback.

Chen Sisi and You Qianxue also stood up suddenly.

Xiaoyao Supreme was a little excited and said: "Once Qin Chen successfully merges with the origin of the heaven, the whole heaven will become his territory. At that time, the heaven that has been damaged for hundreds of millions of years can finally be repaired!"

now.

The origin of heaven.

All around, the colorful aura of chaos is everywhere.

Qin Chen was suspended here, staring at the origin of the heaven in front of him.

Sensing Qin Chen's power, the source of the heavens fluctuated like a cheering fish.

"The origin of the heavens."

Qin Chen murmured.

Back then, Xiaoyao Zhizun had brought him to the origin of the heavenly realm, and asked him to try to merge with the origin of the heavenly realm. Later, his mother Qin Yuechi appeared and prevented her from merging. Because at that time he hadn't broken through the realm of detachment, once he merged with the source of the heaven, although it is very likely that he can directly enter the realm of detachment, but in the future it is very likely that he will be combined with the source of the heaven and walk on this source.

The way to solidify your own future.

Now that he has broken through the realm of detachment, he naturally has no fear of these things.

"let's start!"

Qin Chen took a step forward, and his whole body instantly entered the origin of the heaven, and suddenly released his original power.

hum!

Wisps of the original power dissipated, contacted with the surrounding celestial sources, boom, in an instant, the entire celestial source ground boiled.

A terrifying force directly invaded Qin Chen's soul sea.

"boom!"

For a moment, Qin Chen felt as if he had fallen into a colorful world.

In the colorful world, the power of rules flows one after another, like a vast ocean, containing endless and terrifying power.

"This... is the power of the rules of the origin of the heavens?"

Qin Chen was thoughtful.

As long as you integrate all the power of these rules into your body, you can completely integrate with the origin of this heaven.

"Come!"

Qin Chen yelled, boom, his original rules quickly merged with this heavenly source, and a terrifying force that he could hardly bear poured into his original source in an instant.

Click! At this moment, the origin in Qin Chen's body trembled rapidly under this terrifying impact. The strong breath kept impacting his body, and Qin Chen's soul sea and physical body also began to tremble faintly rise

Come.

What?

Qin Chen was shocked.

What kind of original power is this? Even his origin couldn't bear it for a while, and it almost broke?

Notice. He is a person who has survived ten levels of reincarnation, and his current cultivation has reached the peak of first level of detachment. Moreover, Qin Chen's control over various rules has reached an extremely terrifying level. Back then, Qin Chen dusty

When devouring Emperor Miekong's remaining space source, he never encountered the current situation, but now...

In an instant, Qin Chen came to his senses, the origin of this heavenly realm was definitely not simple, and its impact on him was even greater than that of Emperor Miekong.

"what!"

The terrifying original impact instantly enveloped Qin Chen, causing him to howl in pain. At this moment, Qin Chen's skin shattered, and a dazzling brilliance bloomed from his body.

"boom!"

A terrifying aura surged, and the Nether Emperor, who was originally guarded by the outside world, was directly shocked by such a force.

He looked at the scene in front of him in horror, and said in horror: "This breath..."

The sudden eruption of breath in front of him was so terrifying that even he felt palpitations.

Not only him.

In the heaven at this moment. All the living beings felt this change, raised their heads one after another, rumbled, thunder roared, and above the vast sky, terrifying heavenly avenues circulated, forming a terrifying scene, rushing frantically towards a certain place in the heavenly realm.

At the core.

"here we go."

In Renmeng City, the Happy Supreme looked up in shock and murmured.

"This power..." The ancestors of Tuoba, the master of Anyou palace, Tuoba Xiongba and others stood up in shock beside the Xiaoyao Supreme. Under the violently turbulent heaven, an invisible coercion of heaven permeated the scene in an instant. Everyone shocked Tuoba's ancestors

Discoloration.

For some reason, under this force, he actually felt a faint trembling.

What kind of power is this?

Ancestor Tuoba couldn't believe it, this is just a small initial universe, how could there be the essence of power, even his former triple detachment was terrified?

at this time.

"The origin of the heavens? Why is it so strong?"

In the endless colorful void, Qin Chen was also shocked in his heart. The terrifying shocks around him continued to wash away his body and soul, making him feel an unprecedented pain.

Yes.

Pain.

This kind of pain is not only physical, but also spiritual. Moreover, it is not the pain of the spiritual being hit, but an emotional pain.

"This heaven, it is rumored that when the original universe was opened up by a strong man, the original source merged with the original universe after the fall. Why is it so strong? Who is the strong man who fell back then?"

Qin Chen was horrified.

Although the origin of the heaven represents a piece of heaven and earth, which is already extremely powerful, Qin Chen is no longer an idiot. With his current cultivation base, it should be very natural to integrate such a piece of heaven and earth without any trouble.

After all, back then, he never encountered any difficulties whether it was devouring the origin of the Black Demon Ancestor Emperor or other detached origins.

Even when he merged with the space origin of Emperor Miekong, he just almost transformed into a Tao, which is much safer than merging with the heavenly origin.

But now...

The seven-colored divine light continuously washed over Qin Chen, which represented the three thousand avenues passed down in the heavens, which formed the basis of the supreme rules of the heavens, and now these three thousand avenues were crazily washing over Qin Chen's body.

Qin Chen's body was surrounded by the light of the Great Dao, and the light of the Great Dao circulated in his body, making his body crystal clear.

"Is this the Three Thousand Ways of Heaven?"

Qin Chen was shocked and received a great baptism.

When he was in the heavens before, what he cultivated was the supernatural power of origin, the origin of all things, and the myriad avenues, all under his control.

He thinks that he has attained profoundly on the Thousand Thousand Great Ways, but when he feels the three thousand Great Ways at this moment, he realizes how small his comprehension on the Three Thousand Great Ways is.

If each of the three thousand avenues he had comprehended was a small river, then the three thousand avenues in front of him were like a big river, majestic and beyond reach.

boom!

The Three Thousand Ways oscillated and merged into Qin Chen's body, making Qin Chen's will shine brightly and bloom with supreme splendor.

"Who is this strong man who once fell? Could it be a strong man at the emperor level?"

Qin Chen was shocked in his heart. If it wasn't for the fact that the ancient emperor in the virtual sea still retained his physical body and hadn't fallen, Qin Chen would even suspect that the origin of the heaven in front of him was the origin left by the ancient emperor of the ancient gods after his fall.

But no matter who formed it after the fall, this power must definitely surpass the triple transcendence, at least it is a powerhouse at the emperor level, and it is not even weaker than the powerhouse at the Miekong emperor level who died with the Nether emperor.

"Senior, no matter who you used to be, now that you have fallen, then this source will be handed over to this young master, and this young master will definitely protect this world and pass it on to the future."

Qin Chen said silently in his heart.

boom!

In his body, the endless lightning power of the judgment \*\*\*\* erupted in an instant.

In an instant, under the endless thunder, the original breath of the heavens that had been suppressing Qin Chen became gentle in an instant, and then was fused by Qin Chen little by little. Vaguely, Qin Chen seemed to see a figure standing at the end of this colorful world. This figure was extremely blurred. With his back to Qin Chen, he couldn't make out his face at all. out

There was an extremely terrifying aura, and this person gave Qin Chen a rather familiar and friendly feeling.

"That is..."

Qin Chen opened his eyes wide, trying to see the figure clearly, but before he could see it clearly, the figure slowly dissipated and melted into the sky and the earth in an instant.

boom!

The next moment, countless original powers merged with Qin Chen's original power like a vast ocean, almost without any resistance.

In an instant, the entire heaven was clearly presented in Qin Chen's mind.

This feeling is completely different from Qin Chen's own perception to explore and observe. On the contrary, it is similar to the original chaotic world, where the entire heaven has turned into Qin Chen's small world.

"I... this is the success of merging the origin of the heavens?"

Qin Chen murmured.

When all the origins of the heavens are completely integrated with him.

boom!

Behind Qin Chen, a majestic phantom appeared. The vast phantom was like a god, standing above the endless sky, looking down, like a god, gazing at the people.

"Myriad phenomena?" Under the heavens, Tuoba ancestors and others said in shock.
