### [Chapter 5271: no way](#)

skyline.

Renmeng City.

At this moment, Palace Master Anyou and the others were stunned.

An unbelievable look on his face.

Vientiane Dharma?

This is definitely the power of all phenomena in the second realm of transcendence. That magnificent figure blooms with endless divine power, and the mighty divine power sweeps across the entire world like a vast ocean, permeating the entire heaven.

"It's too fast, how long has it been? Chen Shao has already broken through the Vientiane God Realm in the Second Transcendence Realm?"

Palace Master Anyou murmured.

Tuoba Xiongba and the others also shrank their pupils suddenly, while Fang Muling's small mouth opened, turning into a cherry red circle.

They are the ones who know Qin Chen's cultivation best. At the beginning, in the dark forbidden area of Anyou Mansion, Qin Chen had just broken through the first level of transcendence.

And now?

How long has it been since Chen Shao stepped into the double myriad of gods?

What kind of talent is this?

"Brother Tuoba, how long did it take you to step from the first level of detachment to the second level of detachment?" Palace Master Anyou murmured.

"Probably... the first year of the multiverse sea era?" Tuoba Xiongba said dully.

In the universe sea, an epoch is 100 million years, and the first year of a multiverse sea epoch is more than 100 million years.

As the overlord of the Southern Thirteen-Star Region, Tuoba Xiongba spent more than 100 million years before entering the second level of detachment.

Palace Master Anyou murmured: "I am similar, also about an era, but he is less than Chen..."

Palace Master Anyou's face showed disbelief, and then he hurriedly turned his head, looked at Fang Muling, and hurriedly said via voice transmission: "Ling'er, you need to work harder."

Fang Muling was stunned: "Father, what did you say?"

Palace Master Anyou secretly said: "Daughter, your father and I will depend on you for the rest of my life. Come on, father, I support you to take down Chen Shao. Work hard, struggle, come on."

Fang Muling: "...". At this moment, all the creatures in the heaven raised their heads and looked at the endless figure above the sky. The majestic figure of that figure gave people the feeling that it was the gods of this world, In this world, that majestic body

Shadow is the Creator God who controls everything.

With just one thought from the other party, all creatures in this world can be wiped out.

virtual sea.

In the endless abyss.

The phantom sitting cross-legged suddenly raised his head and looked at Qin Chen above the endless sky, with a meaningful look in his eyes.

"The heavens have been refined!"

Xu Ying murmured: "Then my plan can finally be carried out."

A sharp light flashed away from Xu Ying's pupils.

The next moment, Xu Ying slowly closed his eyes and fell into dead silence again.

boom!

Above the endless sky, vast power surged in, Qin Chen's whole body's power was instantly restrained, and it was visible to the naked eye that the sky filled with brilliance had converged into his body, and his whole body returned to ordinary.

At the same time, the huge phantom behind him shattered in an instant and disappeared without a trace.

"Vientiane Divine Aspect Realm?"

Qin Chen sensed his body. At this moment, in his body, a source of terror circulated. This source of energy exudes a force of myriad phenomena, which is exactly the detached double myriad appearance that Qin Chen once perceived. Power.

"However, I don't think I have really stepped into the double myriad of gods yet!"

Qin Chen narrowed his eyes.

Although, at this moment, he can already arouse a trace of the power of the myriad phenomena, but the real myriad phenomena can directly present the dharma form, form a clear and real figure, and assist in the battle.

But Qin Chen's previous appearance was extremely blurry, it was just a vast phantom, and he didn't fully stare at the shape.

"Now, I should have mastered a trace of the power of the myriad phenomena, but it will take some time before I can truly condense the myriad phenomena. Only when I can really condense the myriad phenomena can I truly step into the double detachment."

Qin Chen murmured.

The current him can only be regarded as half a foot into the double detachment.

"It's not difficult for me to transcend the double layer. Even if I haven't stepped into it now, I will step into it sooner or later. Let's take a look at the changes after I merged with the origin of the heavens."

Qin Chen's mind moved, and his spiritual consciousness instantly poured into his original source.

Presented in front of Qin Chen's eyes is a vast source of seven colors, which is constantly flowing and surging, and every time it pulses, it blooms with a power that suffocates everything.

"My origin is at least several times higher than the first one, and there are more rules of the road contained in it."

Sensing the origin in his body, Qin Chen was shocked. Before, Qin Chen entered the realm of detachment with several special forces such as the way of space and the power of darkness, but now, Qin Chen's source of detachment not only contains these powers, but also contains the power contained in the entire heaven three thousand

Avenue rules.

Each of these three thousand road rules is extremely deep and vast, embracing all rivers and all-encompassing.

"and also..."

Recovering from the source, Qin Chen looked down at the heaven below.

In an instant, Qin Chen's spiritual consciousness pervaded the entire heaven. He could clearly feel that his power had a clear connection with every corner of the heaven, and he could easily perceive the changes in every corner of the heaven.

"More than just perceiving..."

Qin Chen stared at the Sword Tomb in the Southern Heaven Realm, his thoughts moved.

Snapped!

A stone in the Sword Tomb in the Southern Heaven Realm suddenly shattered and turned into dust.

"My thoughts can spread to any corner of the entire heaven."

Qin Chen was shocked. It can be said that everything in the entire heaven is now under his control.

This is very similar to the chaotic world he controlled at the beginning. In the chaotic world, he is the supreme god, and he can change everything in the chaotic world with a single thought.

But compared to the heavens, there are some differences. "The chaotic world is just my small world. All the rules are under my control. Therefore, I can easily change everything in the chaotic world. One thought creates and one thought destroys. But this heaven is the real world, although

My origin has been fused with the rules of the Heavenly Dao, but I can control any corner of the heaven with one thought, but it is still difficult to change the rules and destroy things. "

Qin Chen was thoughtful.

He had a feeling that although the heavens had been melted and controlled by him, if he wanted to destroy the entire heavens with one thought, he still couldn't do it.

"No, it's not just because the bigger the world is, the more difficult it is to destroy it, but because the heaven itself is extremely special..."

Qin Chen stared at every corner of the heaven, especially at the void sea in the empty tidal sea.

Crash!

In the imaginary sea, the vast tide surged, like a giant beast, containing endless power and aura.

"What a terrifying power."

Qin Chen changed color slightly. After controlling the heavens, Qin Chen could truly feel the terror of the ancient emperor. Even with his current cultivation base, as soon as his divine thoughts approached Xu Hai, he would feel as if he had fallen into an endless abyss. That abyss was a giant

The \*\*\*\* hole can swallow everything, making people afraid to stare at it.

Qin Chen opened his eyes, and a divine rainbow bloomed in the depths of his eyes. Vaguely, Qin Chen vaguely saw the figure of the ancient emperor in the depths of the Void Sea. This figure was so majestic and boundless that Qin Chen felt a strong sense of oppression, as if it was an untouchable existence. fog

The sleeping gods, don't be disturbed.

Except for Xuhai, Qin Chen stared at the surroundings of the heaven, the vastness of the entire heaven, even Qin Chen felt a little shocked.

"That is..."

Then, Qin Chen raised his head. In his perception, the entire heaven was like a huge egg, but this egg was indeed damaged. The eggshell was pitted in some places, and there were countless chaotic breaths escaping.

And in some places, the heavens are still dilapidated, forming forbidden places one by one, riddled with holes and shocking.

Especially in the innermost core of the heavens, there are decayed and broken forces everywhere, spreading continuously, like a dying old man, who is about to enter the coffin of doomsday.

"The damage to the heavens is so great?"

Qin Chen was slightly shocked.

He thought that after these years of recuperation, the heavens had been repaired a lot, but only now did he wake up. What the heavens had repaired was only the surface, and the real core was still extremely dilapidated.

"rise!"

Qin Chen's heart moved, directly arousing the original power in his body.

boom!

In an instant, the original power in Qin Chen's body turned into an invisible force, which slowly merged into some damage in the heaven. When Qin Chen's power came into contact with the damage, invisible rules of origin merged into it, visible to the naked eye, that damage was slowly repaired, and in the process of repairing the damage, the heaven itself

The way of heaven is also slowly improving.

The damage was extremely small, and it was completely repaired under Qin Chen's power in just a few dozen breaths.

And when the damage disappeared, and the heavens and the heavens were repaired, Qin Chen's own strength also miraculously increased a little.

This trace of growth was extremely weak, as if a bowl of water was poured into a river. Although it was subtle, it was still clearly presented in Qin Chen's mind.

"Repairing the heavens can actually improve my origin?"

Qin Chen showed surprise.

Immediately, he suddenly came to his senses, now he has merged with the origin of the heavens, and if the heavens become stronger, his origin will naturally be improved. "Originally, if the Heaven Realm itself is slowly repaired, or if the black slaves repair it, it may take several years to repair this small damage. If you want to repair the entire Heaven Realm, there is no million, ten million, or even hundreds of millions of years. effort,

It is simply impossible to do it. "

"But after I fuse the origin of the heavens, I can increase this speed tens of thousands of times, and as my strength improves, the speed of repairing the heavens will also become faster and faster."

Qin Chen's eyes sparkled.

This is a huge good thing for the entire heaven and the original universe.

"Repairing the heavens is a huge project, so don't be in a hurry, go see Sisi and the others first."

With a thought in Qin Chen's mind, the thought directly permeated the city of Renmeng.

Whoosh!

His figure suddenly disappeared.

Renmeng City.

Palace Master Anyou and the others hadn't recovered from their amazement when, swish, a figure suddenly appeared in front of the crowd in the open space, almost startling them.

"Chen... Chen Shao... how did you appear?"

Palace Master Anyou looked at Qin Chen in astonishment and said.

Qin Chen appeared in front of him so directly, and with his cultivation base, he couldn't even notice it.

Ancestor Tuoba also shrank his pupils, because he had barely sensed Qin Chen's appearance just now.

You know, even though he only has one spirit soul left now, he was once a strong man who has transcended the triple realm.

This is outrageous.

"Qin Chen... have you successfully merged with the origin of the heaven?" Xiaoyao Zhizun seemed to have thought of something, but was pleasantly surprised.

Qin Chen smiled slightly, "Yes, I have merged with the origin of the heavenly realm, and now the heavenly realm is under my thoughts, and I can go to any corner of the heavenly realm with a single thought."

"Hahaha, that's great. So, I can already restore the heaven?" Xiaoyao Supreme said excitedly.

Qin Chen nodded: "When I look back, I will first restore this heaven, and then make plans."

Xiaoyao Supreme even said excitedly: "No hurry, no hurry."

Repair the heavens. As far as he knows, the heavens are extremely special. This is not only a stronghold of the human race, but also a channel for the ascension of the ten thousand realms. No matter what race or plane they are, as long as they ascend, they will directly enter the heavens.

Therefore, the heavens have an extremely special meaning in the entire initial universe and have an extraordinary status.

Once the heavens are repaired, the Ten Thousand Realms plane will continue to ascend and be repaired. At that time, the original universe will continue to produce talents.

"There is little dust."

At this time, the black slave came forward and looked at Qin Chen excitedly, "The black slave of Chendi Pavilion, please meet Mr. Chen."

"See you, Young Master Chen."

Below, countless people saluted excitedly, the Lord of the Abyss Demon, the Supreme Shadow, the Supreme Fallen, as well as the ancients, Daoist Tianxing, Daoist Gu, etc...

All of them are the partners, friends and subordinates he met after he came from the heaven. Seeing these people, Qin Chen thought of his past.

It seems like a lifetime away.

"Everyone, please forgive me." Qin Chen was also quite excited.

Seeing everyone again, his heart was also very excited.

"Young Master Chen, you, shouldn't you go back to the Chendi Pavilion?" Hei Nu excitedly said, "Everyone misses you very much."

"It's time to go back to Chendi Pavilion to have a look."

Qin Chen smiled, and as he spoke, he took Sisi and the others by the hand, smiled at Hei Nu and the others, and said, "Hei Nu, I'm going ahead, I'm waiting for you in Guanghan Mansion, Xiaoyao Zhizun, others, Just keep entertaining me."

After the words fell, Qin Chen stepped out and disappeared suddenly, leaving only the stunned Xiaoyao Zhizun.

what's going on?

Dare? So I became Qin Chen's big housekeeper?

"Hehe, come, come, let's continue drinking tea."

Xiaoyao Supreme said with a wry smile.

at this time.

Guanghan Mansion.

The headquarters of Chendi Pavilion is now located in the former Guanghan Mansion. Although Guanghan Mansion is located in the East Heaven Realm, it is relatively remote, but because it is the birthplace of Qin Chen, it naturally becomes the headquarters of the entire Chendi Pavilion.

Today's Guanghan Mansion has been established extremely grandly, but it still basically retains its original appearance.

At this moment, the most central square of Guanghan Mansion is located in a magnificent building, where is the headquarters of Chendi Pavilion, facing the Guanghan Mansion on the opposite side.

At this time, several figures suddenly appeared in the void above the square of Guanghan Mansion.

Below, people are coming and going in Guanghan Mansion Square, but strangely, no one can perceive the few people in the sky at all.

These people were Qin Chen and Qian Xue.

"Chen, unexpectedly, we are back here again!"

You Qianxue and Ji Ruyue looked at the familiar Guanghan Mansion below, nestled in Qin Chen's arms, and whispered. At the beginning, they ascended to the heaven together with Qin Chen, but in the end, they were separated from each other in the long river of time. Ji Ruyue and You Qianxue were recruited

by Guanghan Mansion, and You Qianxue became the core disciple of Guanghan Mansion. As for Ji Ruyue,

He was taken away by the Ji family.

These things are still vivid in my mind now, but in retrospect, it seems that a long time has passed.

"yes."

Qin Chen put his arms around a few people, and looked reminiscently: "At the beginning, when I flew up to the heaven and separated from you, I always wanted to find you back, but the sky is vast, and I worked hard to find out some news about you."

Qin Chen looked at the four of them.

Fate is so rough.

"Qianxue, thanks to Palace Master Guanghan, you are safe and sound. Sisi suffered all kinds of dangers in the Necromancer Realm and almost disappeared. Ruyue, you were taken away by members of the Ji family. As for Wan'er, Falling into the devil world..."

Qin Chen looked at a few people, recalling everything that happened before, it was really thrilling.

Once there is any negligence, everyone is afraid that they will never have the chance to meet again.

"Fortunately, all of this is over now, and we are still together."

Qin Chen said softly.

"dust!"

At this moment, Sisi suddenly raised her head and looked at Qin Chen.

"You, promise me one thing, okay?"

Sisi said suddenly.

Qin Chen was slightly taken aback, held her face in his hands, and smiled lightly, "Silly girl, what are you talking about, let alone one, a hundred, a thousand, ten thousand, I am willing."

"That's what you said." Sisi looked at Qin Chen with moist eyes, her nose trembled slightly, and her red lips parted slightly: "Promise me, don't go to the underworld, okay?"

On the side, Qianxue, Ruyue, and Wan'er were all stunned, looking at Sisi in disbelief.

Sisi looked at Qin Chen and said seriously: "Chen, don't go to the underworld, okay? I'm fine, that little injury is nothing at all, even if I don't go to the underworld, I will be safe and sound."

Qin Chen hugged Sisi suddenly: "Sisi, don't be stupid, I will definitely cure you, if you don't go to the underworld, how can I cure you..."

"But, I'm afraid..." Sisi hugged Qin Chen hard, tears streaming down her face.

"I'm afraid that I will lose you, and I'm also afraid that Sister Qianxue and the others will lose you..." Sisi choked up and said, "During the journey, you have experienced too many dangers for us. I can't see you anymore, at that time, even if we are still alive, what's the point

Woolen cloth? "

"I don't want you to take risks, and I'm also afraid of losing you. The underworld is too dangerous. If it's for me, you will be in danger. I'd rather I die, and I don't want you to suffer any harm."

Chen Sisi was crying, and Qin Chen's clothes were wet with tears.

"Fool, big fool!" Qin Chen held Sisi's face, gently wiped away the tears from the corners of her eyes, looked at her tenderly, and looked at her who was obviously a detached, top-level powerhouse in the entire initial universe existence, but at this moment, she seems to have become

A woman, the most ordinary woman in the mortal world, embraced her husband, longing for her husband to be safe and sound.

The sincerity and intensity of that emotion deeply impacted Qin Chen's heart.

"Sisi, don't worry, I won't let anything happen to you, and likewise, nothing will happen to me."

Qin Chen looked into the eyes of the four of them and said firmly: "I, Qin Chen, will definitely live even if it is for you, so you all have to believe in me."

You Qianxue, Ji Ruyue, and Shangguan Wan'er also came, holding Sisi and Qin Chen's hands.

"Sisi, Chen, I believe that as long as we work together, there will be nothing in this world that can hinder us. We have gone through so many difficulties along the way, and we have all come through together. This time, it will be the same."

Qian Xue said solemnly.

"Qianxue is right, as long as we work hard together, nothing can stop us."

Qin Chen smiled and gently hugged a few people.

You Qianxue suddenly said: "Give us a child!"

Hearing this, Qin Chen was stunned.

You Qianxue looked up at Qin Chen, with two blushes on her cheeks, "Whoever it is, me, Ruyue, Sisi or Wan'er, or your other beauties, give us a child."

Qin Chen was stunned: "This..."

He looked embarrassed, so direct?

Seeing that Qin Chen didn't speak, everyone couldn't help blushing and said, "Chen, you can't do it, can you?"

Qin Chen froze, his face turned green.

What is this word of tiger and wolf?

He snorted coldly: "Don't you know if I can do it?"

"do not know."

"really do not know."

Kisaragi and the others said one after another.

Qin Chen continued to be stunned.

Oh shit.

He was ridiculed, and by several of his own women.

Who can bear this?

Qin Chen blinked, "Okay, don't you want to know if I can do it? I'll let you know."

After saying that, Qin Chen suddenly hugged Qianxue and the others, his figure flickered, and suddenly disappeared into the void.

next moment.

The secret realm of the Yaochi in the depths of Guanghan Mansion.

Qin Chen and the others appeared instantly.

This secret place of Yaochi is a place that Qin Chen is extremely familiar with. In a hurry, Qin Chen can only think of such a good place.

In the secret realm of Yaochi, the milky white water vapor surges, beautiful and beautiful, like a fairyland.

"This is... the secret realm of Yaochi in Guanghan Palace, Chen, you don't mean to be here..."

You Qianxue said in astonishment.

Sisi, Ruyue, and Shangguan Wan'er also blushed.

Although they have all had skin-to-skin contact with Qin Chen, the current scene is too embarrassing.

"Why, can't you?"

Qin Chen chuckled, and at the same time, his hands had already taken off the robes of several people.

"what!"

Several people exclaimed suddenly, and all of them blushed.

"hey-hey."

Qin Chen chuckled, and rushed towards the people, and there were exclamations from the people in the cave.

It is not appropriate to write in detail here, and 10,000 words are automatically omitted. Everyone can make up their own brains! The endless mist of Yaochi completely obscured the figures of the few people, only the gentle voices of the few people echoed gently in this silent forbidden cave.

### [Chapter 5272: fight for yourself](#)

And when Qin Chen and the others were immersed in each other in the fairyland.

Outside the forbidden area of Yaochi.

Two graceful figures slowly appeared here.

These are two women, one is \*\*\*\* and mature, wearing a lake blue ice silk brocade gown, dignified and elegant, her slender thighs are white and strong, full of elasticity, her slightly mature face still has charm.

It was Palace Master Guanghan.

Beside her, a woman with exquisite appearance, with a refined temperament in tranquility, like an orchid in an empty valley, walked aside, her eyes were peaceful.

Palace Master Guanghan glanced at the woman, sighed and said, "Bingyun, are you really going to see Qin Chen?"

"That guy, what's the point?" Murong Bingyun said indifferently, but when she mentioned the other party, there was a slight tremor in her voice.

But this trembling was clearly felt by Palace Mistress Guanghan. She raised her head and looked into the forbidden area, where the thick white mist covered everything. "Why are you doing this?" Palace Master Guanghan sighed: "Although I don't know what kind of grievances there are between you and Qin Chen, I can tell that you are a good girl, and you deliberately pretended to be indifferent him, but you

But in my heart I think about him all the time. "

Murong Bingyun bit her lip: "Master, you made a mistake, why would I think about that hateful guy, the hatred between me and him is irreconcilable, if I have the chance, I will definitely kill him with my own hands."

"Pfft."

Hearing this, Palace Mistress Guanghan laughed, and this light laugh made Murong Bingyun's face turn red immediately.

"Master, what's so funny about this, don't you believe me?" Murong Bingyun said through gritted teeth.

"Sigh." Palace Master Guanghan glanced at Murong Bingyun and sighed, "Bingyun, as a teacher is also a woman, and there are some things that I see clearly as a teacher. In fact, it doesn't matter whether you are a teacher or not, the key is Do you believe it yourself?"

Murong Bingyun fell silent.

Yes, did she believe it herself? Qin Chen is obviously her father-killing enemy and her mother-killing enemy, but why, whenever she thinks of that face, she can't express any hatred in her heart, but a little bit of admiration emerges instead, A trace of period

Wait, what about missing?

Murong Bingyun's nails pierced deeply into his palm.

Obviously, there is blood feud between them.

Palace Mistress Guanghan suddenly stretched out his hand, and gently removed a strand of hair that covered the corner of Murong Bingyun's eyes, Murong Bingyun trembled all over, allowing Palace Mistress to hang the strand of hair behind her ear, his eyes were confused. "It's not easy for us women to survive in this world. Zhaohua Yilao, if we can't even look into our hearts, how can others know our emotions? Sometimes, when we like someone, we have to brave

Dare to speak out, because as long as you speak out, you will not be shrouded in regret for the rest of your life in loneliness. "

"Master, I don't understand what you are talking about."

Murong Bingyun bit her red lips, but her eyes were moist. "No, you understand." Palace Master Guanghan said, "You have always been the most intelligent of my many disciples, otherwise I would not have accepted you as the saint of my Guanghan Mansion back then. You, Qianxue, and Kisaragi come to me

Guanghan Mansion, I can tell you are extraordinary at a glance, but now, Qianxue and Kisaragi have a home, but you..."

Murong Bingyun hurriedly said: "Master, don't say any more."

Palace Master Guanghan glanced at her, "I don't need to say anything, but can you really deceive your heart?"

After the words fell, Palace Master Guanghan stepped into the forbidden area.

Murong Bingyun hastily followed.

The dense white air enveloped the two of them in an instant, and the two of them were like nine-day fairies, looming in the smoke and clouds of the forbidden area, sacred and inviolable.

Hush!

The water flowing in the forbidden pool wets the long skirts of the two of them and clings to their bodies, showing their graceful and attractive curves more perfectly.

The two entered the forbidden area step by step.

Deep in the forbidden area.

Qin Chen lay there powerless, beside him, You Qianxue, Ji Ruyue, Chen Sisi, and Shangguan Wan'er also leaned against him powerlessly, their faces flushed.

The water in the forbidden area slapped on the bodies of several people, making them feel warm and very comfortable.

Back then, the pool water in the forbidden area of Yaochi was enough to tear the flesh of ordinary venerables, but in front of Qin Chen and his group's cultivation base, the pool water containing the power of the lords seemed to be like a hot spring, warming them.

At this time, You Qianxue climbed onto Qin Chen's body. At this moment, she was not wearing too many clothes, but only a white pajamas, which undoubtedly showed her graceful figure. You Qianxue said softly: "Chen, this is the place where we reunited back then, and it was the inheritance of the Taiyin Liuli Supreme Empress here that gave me a breakthrough. I really hope that we can all stay here and have such a warm life."

go down. "Qin Chen smiled slightly, kissed You Qianxue lightly, and hugged several people tightly, "I also think, in fact, these years, I am also a little tired of the days of fighting and killing outside! But now I am not qualified to take you through the ordinary life

life! "

normal life?

It is not difficult for an ordinary person to spend an ordinary life in a peaceful and prosperous age!

However, with Qin Chen's identity and status, it is too difficult, too difficult to have such an ordinary life in this cosmic sea!

This is a world where the weak prey on the strong. If you want to survive in this vast universe, you have to become stronger, so strong that no one can match it. Otherwise, people will have immediate worries without long-term concerns.

What's more, Qin Chen is still the most powerful person in the original universe, and in the future he will definitely bring the existence of the original universe beyond reincarnation. His body carries the future of the entire original universe and all races.

Everyone else has ordinary qualifications, but he doesn't.

With great power comes great responsibility.

You Qianxue said softly: "I know! But, I'm still a little sad!" At this time, Sisi, Ruyue and the others held Qianxue's hand one after another: "Qianxue, as long as we work together and continue to assist Chen, I believe that the future One day, we don't need to fight and kill, we can just be bored with each other every day

Together, live happily ever after, doing what you want to do every day like today. "

Qin Chen was stunned: "Do what I want to do every day like today? What's the matter?"

The girls blinked, then smiled and said, "What do you think?"

Qin Chen froze, his face turned pale.

It's like this every day, it seems a little unbearable.

Ji Ruyue snuggled into Qin Chen's arms and said softly, "Say, will we have children?"

You Qianxue smiled and said: "If you are worried about Ruyue, then let Chen work hard and come here a few more times in the past few days."

Qin Chen: "..."

He just wanted to talk.

Suddenly, not far away, someone seemed to be approaching.

"someone is coming."

Qianxue and the others acted quickly, obviously sensing that someone was coming.

Originally, with Qin Chen's cultivation base, they could clearly perceive it even if they were far away from the outside world, let alone so close.

But they were too involved before, and in addition to being so familiar with the forbidden land of Yaochi, they blocked their perception, so they didn't realize that someone was coming until someone got so close.

"Hush!"

Several people hurriedly sat up carefully.

Those who can come here should be the female disciples of Guanghan Mansion. If people see them here in disheveled clothes, it would be embarrassing to spread the word.

"Chen, let's go."

You Qianxue whispered in Qin Chen's ear, with their cultivation base, it would be easy for them to leave without anyone noticing, but they were stunned when they sensed the approaching person.

Palace Master Guanghan and Murong Bingyun, why are they two?

You Qianxue and the others stopped in their walking steps. Back then when they ascended to the heavens, they also worshiped under the door of Palace Master Guanghan. It can be said that if it were not for the protection of Palace Master Guanghan, they would not know how much hardship and hardship they would suffer in this heaven. palace lord

My heart is full of gratitude.

This gratitude will not change because of their different status.

After Shangguan Wan'er sensed Murong Bingyun, her pupils also shrank.

is her!

In Wan'er's heart, there are mixed feelings.

Bingyun is her sister's daughter, her niece. After all these years, she has grown up so much, and her cultivation has reached the supreme state, and she has matured a lot.

At this moment, Murong Bingyun's voice faintly came from behind the white mist: "Master, don't say any more, no matter who Bingyun likes, he won't like him."

The ears of You Qianxue and the others pricked up.

Who was Murong Bingyun talking about? Immediately afterwards, Palace Mistress Guanghan sighed: "Bingyun, don't lie to yourself anymore, in fact, you have always liked to stay in this forbidden land of Yao Chi all these years, and you stayed for a long time. I don't know the original

Because? "

Murong Bingyun trembled all over, "Master, what are you talking about!" Palace Master Guanghan sighed, "Back then, when Qin Chen came to my Guanghan Mansion to look for Qianxue and Ruyue, he mistakenly thought that they were in this fairyland You practiced in a forbidden area, so you broke in, but it turned out that you were the one who practiced here at that time, you guys

The two of you later left in a disheveled state. In fact, the teacher knows what happened to you here. "

Murong Bingyun's eyes widened, her jade-like hands tightly grasped the corners of her clothes, her voice trembling: "Master, you...how did you know..." Palace Master Guanghan smiled: "There is nothing you don't know, I am the master of the Guanghan Palace. I naturally know who is retreating in the forbidden area. Besides, I am also a woman. After seeing your state after you came out, I will naturally know who you are.

Know what happened to you here. "

Murong Bingyun's face was flushed red, and she said nothing.

Deep in the forbidden area, Qianxue, Ruyue, Sisi and Wan'er all stared at Qin Chen with wide-eyed eyes.

This...

Did these things happen between Qin Chen and Murong Bingyun?

"I..."

Qin Chen was suddenly embarrassed: "Misunderstanding, it was a misunderstanding at the time."

Qin Chen was sweating.

Oh shit.

It's so embarrassing to hear this here.

"Humph."

The four snorted coldly and clenched their fists.

Palace Master Guanghan dissuaded: "Bingyun, no matter what, there was some grievance between you and Qin Chen, but it can be said that you are already Qin Chen's person in essence, even if this is the case, you still have to go against yourself. heart?"

"!!"

Murong Bingyun only spoke one word, but she didn't know how to continue.

She can say that she and Qin Chen have nothing to do, but as the master said, can she deceive others and her own heart? After a long time, Murong Bingyun raised his head, his eyes were full of pain, and he said bitterly: "Master, I like Qin Chen, yes, I don't know why, when I was in Tianwu Continent, I hated him so much, because he can say It was the enemy who killed my parents. Although I don't agree with what my mother did, and my father died at the hands of my mother, I hate them and hate them for giving up all their feelings, including me.

. "And I also hate Qin Chen, because he made me lose my parents, but... when I saw him in the Tianwu Continent, he fought desperately against the strong men of the strange demon race for the sake of the people of the entire continent, and even he was willing to sacrifice himself time, I don't

There is a trace of admiration for him. ""I admire him. He can give everything for those strangers, the general public, even if it means sacrificing his own life. I also admire the Chendi Pavilion he built, which can really consider for the people,

For the sake of the common people in the world. "So after I came to heaven, I almost gave up hating him. I just want to forget him, forget him as a person. I only hate why I was born in this world, and I don't hate anyone. So when I met Qianxue and Ru

When I was young, I knew they were Qin Chen's women, but I was willing to help them. "

"Because I admire them, I admire what they have done for the common people in Tianwu Continent and Qin Chen."

"However, the heavens are not willing to let me go." Murong Bingyun burst into tears: "Destiny made me meet him in the heaven. He not only captured my body, but also captured my heart. I fell in love with him, so what? He won't accept me at all

, I dare not face him. "So master, don't say any more. Now I am very satisfied. Although he may have forgotten me, I can pay attention to him silently, silently for Chendi Pavilion, for this heaven, for the human race, for The original universe of all races

Contributing, I am very satisfied and very happy. "

"Others, I don't want to ask for extravagance at all, and I dare not ask for extravagance."

Murong Bingyun wiped away her tears and tried her best to force herself to smile.

far away.

Qianxue and the others were silent.

None of them expected that Murong Bingyun still had such feelings for Qin Chen in his heart. Palace Master Guanghan looked at Murong Bingyun distressedly, stretched out his hand, and wiped away the tears from the corners of her eyes: "Bingyun, why are you doing this? With your talent, your appearance, and your personality, as long as you Can face Qin Chen bravely, no matter what

No matter what the result is, you won't have any regrets, but now you..."

"Master, don't talk about it. In fact, Master, why aren't you just like me?" Murong Bingyun suddenly smiled bitterly.

"I?"

Palace Master Guanghan was stunned.

"Actually, Master likes Qin Chen too, right?" Murong Bingyun murmured.

Not far away, You Qianxue and the others were stunned when they heard the words.

Palace Master Guanghan also likes Chen?

This...

Seeing Palace Master Guanghan blushing, he said in a trembling voice, "How...how did you know?"

"what!"

The four girls opened their mouths wide and couldn't help but move.

"who?"

Palace Master Guanghan and Murong Bingyun suddenly changed their colors.

boom! boom!

Two terrifying supreme auras swept away like a vast ocean in an instant, and swept towards Qin Chen and the others fiercely.

boom! As if the raging waves hit the reef, the white mist of countless pools dissipated like a tornado, revealing the bodies of Qin Chen and the four women. hair blowing

risers, and then disappears without a trace.

"Qin...Qin Chen..."

"Qianxue, you..." The seven people stared at each other, and they were all stunned for a moment, especially after seeing Qianxue and the others' clothes, the faces of Palace Master Guanghan and Murong Bingyun instantly became extremely crimson, and then imagined What I said before, how many people can't wait

Find a place to drill down.

"Ahem, Palace Mistress, Bing Yun, you two are safe and well."

In order to ease the atmosphere, Qin Chen raised his hand and greeted him proactively.

Swish!

All six pairs of eyes fell on him in an instant, and Qin Chen immediately put down his hands in embarrassment.

"Ahem, go out and talk, let's go out and talk."

With a wave of Qin Chen's hand, the robes on several people appeared instantly, and in the blink of an eye, they appeared outside the forbidden area of Yaochi.

Several people looked at each other in blank dismay, and they were all a little embarrassed. They were just about to speak to ease the embarrassment.

Sudden...

boom!

The heaven of Guanghan Palace was shattered, and Hei Nu, Fang Muling and others quickly appeared above Guanghan Palace.

"It's a senior black slave."

"There is also the Palace Master."

"Look, everyone, isn't that Pavilion Master Qin Chen?"

Down below, countless people from Guanghan Palace raised their heads, looked at the sky in surprise, and exclaimed one after another.

After so many years, Qin Chen has become a legendary figure in the East Heaven Realm, known to everyone in the world.

"Haha, Young Master Chen, your speed is really too fast. This old slave has been chasing after me for a long time, and came to Guanghan Palace. Young Master Chen, you have been waiting for a long time."

As soon as the black slave appeared, he hurriedly said with a smile.

"You guys are..."

However, as soon as he came to the scene, he felt that the atmosphere was not right.

His keen intuition made him feel that something must have happened here just now.

"Uh, black slave, let's go, let's go to the Chendi Pavilion and see if there has been any change in the Chendi Pavilion these days."

Qin Chen said hurriedly, pulled the black slave and turned around and ran away.

Oh shit.

It is shameless to stay here any longer, and if you stay any longer, you will die.

Seeing Qin Chen fleeing in despair, You Qianxue and the others burst out laughing.

This guy...

Then, You Qianxue and the others looked at Palace Mistress Guanghan and Murong Bingyun.

Palace Mistress Guanghan's face was reddish with embarrassment, while Murong Bingyun lowered his head. "Some things, if you want them, you have to fight for them yourself. No one will take the initiative

to give them to you." Qianxue said to Murong Bingyun lightly, then looked at Palace Master Guanghan, and said with a smile: "My lord, long time no see

, let's go to Chendi Pavilion to sit down. "

"Ah good!"

Palace Master Guanghan nodded hastily.

Several people flew up quickly.

Murong Bingyun trembled all over.

And at this moment, suddenly, a slender hand touched her shoulder, and then rubbed her hair.

Murong Bingyun raised her head, saw that it was Shangguan Wan'er, and said in astonishment: "Little... little aunt." Shangguan Wan'er looked at her tenderly, and said softly: "Bingyun, you have to remember that there are many things you need to care about. It's not how others see your identity, it's how you see yourself, no one can choose their origin

, everyone's identity is just a symbol of her, in fact, don't worry about it at all. "

"Let's go."

After saying that, Shangguan Wan'er turned and left, leaving only Murong Bingyun standing there blankly.

In the following days.

Qin Chen met many old friends in Chendi Pavilion, including Fu Qiankun and Mo Yuanbai, as well as friends from Tianxing Academy such as Lin Tian and Wang Qiming, as well as his grandfather Qin Batian, and cousin Qin Ying .

Over the years, Lin Tian's cultivation has improved by leaps and bounds. With the help of a large amount of resources, each of them has reached the supreme state. They have become the best among the young generation in the original universe and the backbone of the guarding heaven.

Even the old man Qin Batian stepped into the realm of Tianzun with the help of Chendi Pavilion, which can be described as infinitely beautiful.

And Lin Tian and Wang Qiming have already married and started a business, and they have a fat son, which makes You Qianxue and the others very envious.

Of course, Qin Chen also met Zhao Lingshan, Zixun, Wei Siqing, Qin Tingting, Ao Qingling, Li Wanxue in Chendi Pavilion...

Faced with so many beauties, Qin Chen didn't know what to say. After staying in Chendi Pavilion for a few days, he devoted himself to the important task of restoring the heaven.

Qin Chen will go to the underworld soon, and before going to the underworld, the most important thing for Qin Chen is to restore the heaven as much as possible.

And Xiaoyao Zhizun and others also helped to repair it.

three months later.

"boom!"

a certain day.

The entire heaven suddenly vibrated, so the creatures in the heaven raised their heads in shock, and saw the mighty divine light blooming above the infinite sky, and a terrifying coercion swept madly.

Colorful flowers fell all over the sky, falling from the sky, and the entire heaven suddenly surged with endless vitality, thriving and full of vigorous breath.

In the dark, everyone felt that the oppression on them had disappeared, and a feeling that seemed to be able to grow infinitely stirred in the hearts of all the strong.

Especially those who are at the peak supreme level such as Ji Ruxue. In the past, they had to be cautious in the heavens, not daring to release their power too much, for fear of causing damage to the heavens, but at this moment, everyone felt that the suppression of them by the Dao of the heavens disappeared, as long as they

If you are willing, you can release your breath in the heavens as much as you want, and even feel that you can go one step further.

over the sky.

Qin Chen looked at the vast continent blooming with vigorous breath below, and smiled on his face. For three months, he has been repairing the heavens all the time, and finally repaired most of the damage in the heavens, and some particularly large damages, with his current cultivation level, cannot be completely repaired for the time being, and can only be repaired. leave it for later

up.

At least, today's heaven is enough for anyone to break through to the realm they want, and even faintly have the possibility of impacting the level of detachment.

And the connection between the Heaven Realm and the Myriad Realm Plane has finally been restored again.

"Qin Chen, the heavens are finally almost restored."

Xiaoyao Supreme appeared next to Qin Chen and said with emotion.

Looking at the booming heaven below and the reconnected plane of myriad realms, this is something he failed to do after spending millions of years, and now, Qin Chen has finally done it.

There is disappointment, but more excitement and joy.

"Senior Xiaoyao Supreme, the heaven and the initial universe will be handed over to you first." Qin Chen looked at Xiaoyao Supreme and said solemnly.

The face of Xiaoyao Zhizun changed slightly: "You... are you going to the underworld so soon?"

Qin Chen nodded: "If the heavenly world is restored, there is nothing wrong with the original universe for the time being. I must go to the underworld as soon as possible to treat Sisi, otherwise, I'm afraid it will delay time."

Qin Chen didn't hide anything from Xiaoyao Zhizun. "That's... well, don't worry, as long as I'm here, nothing will happen to the heavens and the original universe, unless I die." Xiaoyao Zhizun said solemnly: "It's you, the underworld is in crisis, you must be careful before you leave." Be careful.

"Qin Chen nodded: "I will. In addition, I will let the ancestors of Tuoba and the others assist you here. This place can directly connect to the Dark Continent. You can let the powerhouses of the original universe enter the Cosmic Sea through the Dark Continent. , in South Ten

Through experience in the three-star field, breakthroughs and growth have been achieved. "

"Leave all these to me, but the ancestor Tuoba was once a triple transcendent powerhouse. It is so dangerous for you to go to the underworld, why not let him follow you..." Xiaoyao Zhizun hurriedly said. Qin Chen shook his head and said: "No need, the land of the underworld is extremely strange. It's not that the more people go, the better. What's more, I have senior Youming Emperor and Wangu Mingzu following me. I have enough personnel. On the contrary, the initial universe is extremely important. cannot

There was no mistake. "

Xiaoyao Zhizun hesitated for a while, and sighed: "That's fine, then you...be careful."

Qin Chen smiled: "Don't worry, senior, I have already died once. Last time, the underworld couldn't accept me. This time, it will definitely be the same."

Qin Chen laughed.

Afterwards, Qin Chen stayed in the heaven for another three days, and after explaining everything, he returned to the passage from the demon world to the underworld.

Beside him, Wangu Mingzu stood respectfully, and behind Qin Chen, there were countless strong men such as Xiaoyao Zhizun, all looking at Qin Chen.

"Everyone, don't worry, I'm on this trip, I'll go back as soon as I go."

Qin Chen smiled slightly, and the next moment, he raised his hand suddenly.

boom!

A terrifying breath of the underworld surged out, and in an instant, a dark vortex began to appear in the void in front of it. In the vortex, an astonishing death breath permeated, leading to the unknown depths of the void.

As soon as Qin Chen raised his hand, Sisi and others quickly entered the chaotic world of Gu Yu Pagoda and disappeared.

The passage of death is extremely unstable. Sisi and the others have never controlled the power of death. Staying in the ancient tower will make Qin Chen feel more at ease.

"Everyone, farewell!"

Qin Chen smiled at the people behind him, and the next moment, he stepped into the endless whirlpool of death.

"Qin Chen..."

Behind them, Murong Bingyun and the others murmured, the corners of their eyes moist.

boom! The horrible breath of death surged, swallowing Qin Chen in an instant, and disappeared completely.

### [Chapter 5273: River of Necromancers](#)

In the passage of the underworld. The moment Qin Chen stepped into the vortex, a terrifying breath of death rushed in. These breaths of death carried a palpating power of decay. In this death

Under the breath, it directly turned into a dead spirit.

"Is this passage leading to the underworld?"

Qin Chen walked in the passage, his body turned into an invisible light and shadow, flying quickly, and the power of space passed by his body, forming a flowing death barrier.

Qin Chen could feel that this barrier was extremely unstable, much more unstable than his space passage from the dark continent to the original universe, and it was constantly trembling, as if it was about to shatter at any time.

"Hahaha, the underworld, after so many years, this emperor is finally going back to the underworld."

Beside Qin Chen, Emperor Youming was so excited that his body was trembling.

It has been hundreds of millions of years since he left the underworld. When he accidentally died in the cosmic sea, being able to return to the underworld now is equivalent to returning his old age and returning his soul to his hometown.

How does this make him not excited?

Crash!

At this moment, the passage to the underworld is constantly vibrating, and the edges of strands are broken and very fragile.

"Has the space channel of the underworld always been like this?"

Qin Chen asked with a frown. Emperor Youming explained: "It has always been like this, because the underworld and the cosmic sea are two completely different realms. It is extremely difficult to open the space channel between the two, and it needs to be connected by the power of the two realms.

Therefore, the universe Marine

It is difficult for people to enter the underworld, and it is also difficult for people in the underworld to enter the cosmic sea. On the contrary, it is indeed surprising that your initial universe can open such a passage to the underworld. "

Qin Chen nodded, staring forward thoughtfully, and asked: "After we arrive in the underworld, how can we get to the Sea of Eternal Calamity?" On one side is Guiming Mountain, and this Guiming Mountain is located in the territory of the Necromancer Emperor under the command of the Empress Mingyue.

After arriving in the territory of Empress Mingyue, the distance from Yongjie Niehai should not be too far. "

"Secondly, since the undead emperor is under the command of the Empress Mingyue, she naturally has a certain understanding of the core of the Empress Mingyue, the Yongjie Niehai. As long as she passes through him, she will definitely be able to know the information about the Yongjie Niehai."

The Great Emperor Youming said in a deep voice: "However, it is worth noting that I have been away from the underworld for countless years, and I don't know what changes have taken place in the underworld today, so after entering, I still have to be careful."

"Undead emperor?"

Qin Chen nodded.

He had dealt with this person before, but he didn't expect that he would be under the command of Sisi's mother, the Empress Mingyue. After entering the underworld, he would meet this person immediately.

After all, the underworld is vast, so Qin Chen naturally couldn't run around like a headless chicken, he had to plan his actions.

call out!

And when Qin Chen was flying quickly in the passage.

underworld.

This is an extremely strange and vast world in the underworld. The world is completely dark, like an eternal night, and no light can be seen.

In this endless night, an ancient figure sits cross-legged. Above his head, there is a vast black river. The long river is mighty, crossing the entire void, covering everything.

This vast dark river is exactly the famous river of dead spirits in the underworld. It is rumored that after all the creatures in the cosmic sea fall, their souls will enter reincarnation and become a part of the river of undead spirits. After being turned around in the river of undead spirits, some of them will wear away the marks of consciousness and enter the gate of reincarnation to be born into adulthood.

for new creatures.

And there are also some undead who have lost their nature, and will gradually transform into creatures of the underworld over the long years.

For countless creatures in the underworld, the river of dead spirits is the mother river of the underworld.

At this moment, this endless pitch-black figure rose up with a terrifying aura, which suppressed the ages, and slowly infiltrated into the river of undead spirits, as if sensing something.

Suddenly, the river of dead spirits above Xuying's head began to slowly undulate.

The black shadow suddenly opened his eyes.

boom! The endless black light crossed the endless void in an instant, and countless faces suddenly appeared in the long river of dead spirits. These faces were all screaming silently, with various expressions of fear on their faces.

Skin numb.

And this pitch-black phantom turned a deaf ear, but looked up at the river of dead spirits in shock.

"There has been a change in the river of dead spirits, what's going on?"

The phantom suddenly stood up with serious eyes.

A black sphere suddenly appeared in his hand, and bang, an invisible aura suddenly permeated the black sphere. Within the black sphere, faint black lines flowed, spreading in all directions.

These black lines kept flashing light, faintly, as if conveying some kind of information.

"No, something is entering my underworld, faintly causing some changes to my underworld, what is it?"

This dark and strong man suddenly stood up, with a look of horror in his eyes.

Whoosh!

With a flash of his figure, he suddenly disappeared under the long river of dead spirits.

The next moment, this pitch-black figure appeared above the vast underworld in an instant. He closed his eyes, and a pitch-black rune appeared between his brows.

"Listen!"

boom!

A terrifying aura swept wildly from the body of this pitch-black figure, and instantly swept away to all directions of the underworld.

In an instant, it filled hundreds of millions of miles of heaven and earth.

In his perception, countless black silk threads appeared in the sky above the underworld. These threads corresponded to different directions, and seemed to be sensing something. Suddenly, one of the threads shook crazily.

"It's in the direction of Tianming, let this emperor see who it is who wants to break into my underworld..."

The pupils of the pitch-black figure shrank, and immediately yelled, and suddenly slapped the palm in the direction of the trembling black silk thread.

Boom!

A huge palm escaped into the vast void of the underworld in an instant, disappeared in an instant, and slapped frantically towards the end of the endless underworld.

In the passage of the underworld.

Qin Chen's figure flew over, and in front of him, at the end of the distant passage, he could vaguely see a vortex exit, and from the vortex exit, a strong breath of undead was coming.

"Is that the underworld?"

Qin Chen's eyes were fixed.

The Great Emperor Youming also showed surprise.

However, just as the surprise appeared on his face, suddenly, his expression changed suddenly.

"Be careful!"

A voice of shock and anger suddenly came out from the mouth of Emperor Youming.

boom! As the voice of Emperor Youming fell, the passage in front of Qin Chen shattered in an instant. Within reach of the naked eye, a huge black palm contained endless breath of death, shattered the void, and slapped Qin Chen in the passage hard.

fell down. Kill everything.

[Chapter 5274: who is it](#)

This big hand came to the top of Qin Chen's head in an instant, and a palpitating breath of death filled the palm of his hand.

boom!

The atmosphere around him boiled at this moment.

In that palm, palpitating rune lines bloomed one after another, each one like a moat, capable of cutting off everything in the world and annihilating a realm.

Big hand down.

boom!

The entire passage is fragmented, and the surrounding space is collapsing.

Facing such a force and aura, at this moment, Qin Chen's body and soul had a faint feeling that they were about to collapse on the spot.

"not good!"

Qin Chen's expression changed drastically.

I haven't entered the underworld yet, who is doing it?

Moreover, in such a force, Qin Chen felt a terrifying force that made his heart palpitate, and he had only felt this kind of force in Emperor Youming and Ancient Emperor before.

Great emperor level powerhouse.

Qin Chen was frightened and angry. This is definitely a great emperor-level powerhouse.

who is it?

At first, Qin Chen thought that this attack might be because the Undead Emperor noticed the passage opened by the ancestor of Yuanmo and ambushed outside in advance, but now, he must be wrong.

The undead emperor is rumored to be only the peak of the triple transcendence.

It's just that Qin Chen didn't have much time to think about this at the moment, and a hint of ferocity suddenly flashed in his eyes.

What about the emperor-level powerhouse? It's not that easy to kill him!

Thinking of this, Qin Chen stomped his feet suddenly, and boom, the Hall of Ten Tribulations appeared in front of him in an instant.

The moment the Hall of Ten Tribulations appeared, Qin Chen's aura surged.

At the same time, the mysterious Rusty Sword suddenly appeared in front of Qin Chen.

boom! As soon as the mysterious rusty sword appeared, a terrifying killing intent shot up from the sword body. Qin Chen directly released the top killing intent in the mysterious rusty sword that his mother had unsealed back then. The killing intent to split the void, for a moment

Suddenly, it gushed out, turning into a sky-reaching sword energy, and slashed towards the sky.

At this moment, Qin Chen didn't hold back at all, and directly released his strongest cultivation base.

A vague phantom of the Dharma appeared behind him, opening his hands to the sky.

Facing the emperor-level powerhouse, Qin Chen didn't dare to be careless.

As soon as I came up, I worked hard.

boom! I saw Qin Chen's Heaven-reaching Sword Qi, which turned into a heavenly moat, slashing fiercely on the dark palm that covered the sky and the sun, and a deafening roar instantly resounded through the world, and it was within a million miles around. void one

It shattered in an instant.

"Hmph, dare to resist."

An icy voice came from the endless void of the underworld, and a shocking breath erupted from the big hand in an instant.

The next moment, under Qin Chen's frightened and angry eyes, the sword energy that contained his extremely terrifying sword intent shattered in an instant, turning into powder in an instant.

"Hall of Ten Tribulations!"

Qin Chen shouted sharply in his heart. At this critical juncture, he hastily moved the Hall of Ten Tribulations and stood in front of him fiercely. With a bang sound, the sky collapsed and the earth cracked. The Hall of Ten Tribulations was firmly suppressed by the big hand, and trembled violently. The void within a radius of tens of thousands of miles was constantly collapsing, and the space passage leading to the underworld also collapsed in an instant. Countless Null

An instant storm enveloped Qin Chen.

"Um?"

In the endless void, there was a sound of surprise, obviously he did not expect that the guy who was trying to sneak into the underworld could block his blow.

Immediately afterwards, the aura above the \*\*\*\* hand surged again in an instant, firmly suppressing Qin Chen, sealing off the endless void around Qin Chen.

In an instant, Qin Chen felt that he was completely imprisoned, unable to move at all, like a wooden man.

"Damn it, is this an emperor-level powerhouse? It's too strong."

Qin Chen was startled and angry.

The strength of the emperor-level powerhouse is far above him, and the opponent's just an attack from the end of the endless void directly suppressed him, making him unable to resist at all.

The most frightening thing was that the will contained in the other party's power was directly suppressed on his soul. With a click, cracks slowly appeared in Qin Chen's soul sea.

If Qin Chen hadn't just merged with the origin of the heavens before, and his body and soul had been astonishingly improved, this impact alone would have been enough to directly destroy Qin Chen's soul sea.

If this continues, he will surely die.

"Emperor Netherworld."

Qin Chen looked angrily at the Emperor Youming in the Ancient Yu Tower.

"pass it to me!"

The Great Emperor Youming yelled angrily, boom, the ancient Yu Tower shot up into the sky in an instant, and the next moment, a breath that contained the artistic conception of the Endless Emperor of the Nether King rose directly into the sky, hitting the \*\*\*\* hand fiercely.

Click! The willpower of the great emperor level collided, and the black flames burned all over Emperor Youming. He actually burned his own remnant soul directly. The \*\*\*\* hand trembled violently.

crack.

Suddenly, the pressure on Qin Chen dropped suddenly.

"Go!"

The Emperor Youming gritted his teeth and said, "I only have one soul will left, and I can't hold on for too long." Qin Chen's pupils flashed ferociously, and he urged the Ten Tribulations Hall violently. It hit the \*\*\*\* hand, and at the moment the two collided, the oppressive force of the \*\*\*\* hand shook slightly

At that time, Qin Chen suddenly urged the principles of space, put away the Hall of Ten Tribulations, and rushed into the space crack on the side in an instant.

And Emperor Youming also entered the Ancient Yu Tower, turned into a black streamer, and followed Qin Chen into the space crack in an instant.

And the moment Qin Chen entered the space crack, the \*\*\*\* hand fell down immediately, and with a bang, the void below was completely shattered in an instant, turning into endless nothingness.

Below the long river of dead spirits.

The dark figure suddenly opened his eyes.

"He escaped?"

The person's eyes and pupils were full of unbelievable colors, and he snorted coldly in shock and anger. In an instant, the void within a million miles around this person was directly shattered into nothingness.

His pupils were cold and stern, like a demon walking out of purgatory, he frowned and said coldly: "The aura before was the aura of a great emperor, and it gave me a very familiar feeling. Who is it? Who is it from my underworld?" Great Emperor?"

Rays of brilliant lights flashed continuously from the pitch-black pupils.

"Come on."

The pitch-black figure snarled.

In an instant, several black shadows exuding a terrifying aura appeared directly beside the pitch-black figure, knelt down on one knee, "Great Emperor."

"Send me an order to strictly investigate the direction of the underworld Beiming. If someone from the outer universe enters my underworld, you must find it. Find any person from the yang world, capture them directly, and bring them to the emperor. If you resist, you will be killed. "

The dark figure said coldly.

"Yes, Great Emperor!"

These black shadows said respectfully, the next moment, many black shadows disappeared suddenly.

"Hmph, I want to see who dares to come to my underworld to act wildly, and even disturbed the river of undead spirits."

The dark figure's eyes flickered, and he let out a cold snort, shaking in all directions.

at the same time.

The underworld is a land of chaos and nothingness.

With a buzzing sound, a pitch-black crack in space suddenly appeared.

A figure emerged from the space crack in an instant, fell to the ground, the space crack behind it disappeared, and the figure stood up quickly, wiping the blood from the corner of its mouth.

"Qin Chen, are you okay?"

The weak voice of Emperor Youming came.

This figure was Qin Chen who escaped by chance.

"I'm fine."

Qin Chen's eyes were cold and stern. He looked around, not daring to stay where he was, and suddenly disappeared here.

After a while, Qin Chen found a lifeless place in this chaotic and desolate place, and went directly into the depths of the ground for thousands of miles, and then stopped.

"Emperor Youming, who is it that attacked me just now?"

Qin Chen's eyes were eagle-eyed, and he said in a cold voice. Anyone who eats such a big deflation as soon as they come in will feel angry in their hearts.

#### [Chapter 5275: Huangguan Mountain](#)

Emperor Youming's breath was weak, floating beside Qin Chen, and said in a deep voice, "I'm not sure about that either."

"Not sure?" Qin Chen frowned.

As one of the four great emperors of the underworld, how could Emperor Youming not know who the one who made the move was?

He should know all the masters of the underworld. Emperor Youming said in a deep voice: "It has been too long since this emperor fell. When this emperor fell, there were four great emperors in the underworld, namely the Empress Mingyue, Emperor Yan of the Ten Temples, Emperor Wuyue Hades, and I, Emperor Youming. Besides that

A few top masters, the vast underworld is definitely not as simple as it seems on the surface. ""And this emperor has fallen for so many years, the underworld is afraid that the world has already been turned upside down. Now, who are the strong people in this world, this emperor is not sure. The only thing that is certain is that this person should have used the power of reincarnation before. conduct

Air attack. "

Qin Chen frowned: "The power of reincarnation?" "That's right." Emperor Youming nodded: "The direction of this person's attack faintly came from the depths of the endless void of the underworld, which is the core of the underworld - the location of the long river of dead spirits, the long river of dead spirits." It is the mother river of my underworld, the whole universe

When all living beings in Zhouhai fall, their souls will first enter the river of dead spirits. "

"The breath of that person before contains amazing power of reincarnation, and he should be using the river of undead spirits for cultivation. As far as I know, there was no strong man with such powerful power of reincarnation in the underworld back then."

Qin Chen frowned and said, "Isn't there also Emperor Yan of the Ten Palaces and Underworld of the Five Sacred Mountains?" Emperor Youming shook his head: "Their two strengths are strong, but neither of them majors in the power of reincarnation. Of course, it may be the other party's fault. It's a pity that the person just shot from a distance before, his breath was extremely restrained, and because the emperor didn't

He dared to expose himself, and did not dare to completely release his breath, so he never perceived the other party's true identity. "

"Don't dare to expose yourself?" Qin Chen asked suspiciously: "You are the four great emperors of the underworld, are you still afraid of other people?" Emperor Youming was stunned, coughed and said: "If this emperor is still alive, naturally he is not afraid of anyone, but This emperor made many enemies in the underworld back then, and now there is only one soul left. If people know that this soul of mine has returned, the emperor's

If the enemy is still alive, he will definitely do whatever he can to your opponent, and I am doing this to take care of you. "

"yes?"

Qin Chen looked at Emperor Youming suspiciously. "Ahem, otherwise, what do you think?" The Emperor Youming hurriedly said, "Although this emperor has returned to the underworld, his wear and tear is too great now, and he will fall into a deep sleep after a while. If you are walking in this underworld, don't give me your name easily. so as not to cause trouble

thing! "

Qin Chen: "..."

Why does he think that the Nether Emperor is so unreliable? "Okay, this emperor was too exhausted just now and needs to sleep. If you have any questions, you can ask Wangu Mingzu, but you have to pay attention to one thing, that is, the aura of the world on your body is too strong, and it is easy for outsiders to see you is from the universe

ocean. "Emperor Nether said again.

"The breath of the sun?"

Qin Chen's heart moved, and the rules of death surged out of his body in an instant. In an instant, the real robe on Qin Chen's body disappeared directly, and he condensed into a dark robe with the air of death. Moreover, his face also slowly changed, making his face appear more slender and cold, and his eyes also changed.

Very gloomy.

Qin Chen also felt it when he entered the underworld before. The breath of the initial universe and the cosmic sea are extremely obvious in this underworld, which can be said to be incompatible, so if he wants to hide it, he must transform into the state of the underworld.

Fortunately, Qin Chen himself controlled the real power of the rules of death. He quickly dispelled and hid the other powers in his body, leaving only the breath of death.

In an instant, he became a native of the underworld.

"How is it now?" Qin Chen asked. Emperor Youming said: "It's much better now, but even if you control the real law of death, you are from the universe sea after all, not a necromancer, so you can't completely cover the breath of the universe sea, even if ordinary people in the underworld have no

You can't tell where you came from, but some truly top-notch masters can still tell that you are a person from the world at a glance. Unless you can get the water of the underworld, and use the water of the underworld to baptize your body, you can truly cover your own yang energy. "

"Yellow spring water?"

"For details, you can ask Wangu Mingzu, the emperor is resting first."

After the words fell, Emperor Youming instantly turned into a stream of light and entered the Ancient Yu Tower. Obviously, the previous battle consumed a lot of his strength.

Qin Chen: "..."

This Emperor Youming really disappeared as soon as he said he disappeared.

As soon as Qin Chen raised his hand, boom, the skull crystal appeared in front of him instantly, it was the ancestor of the myriad bones.

"There is little dust."

Wangu Mingzu hastily saluted respectfully.

When the Nether Emperor and the Mysterious Emperor fought before, he hid in the Ancient Yu Pagoda, not even daring to come out.

"Do you know the person who attacked me before?" Qin Chen asked. Wangu Mingzu wryly smiled and said: "Young Master Chen, you know that this subordinate was just a general under the Emperor's command back then. Later, the Emperor disappeared, and we were displaced and lost a lot. The subordinates died not long after the Emperor left. yes, luck

This divine soul was preserved, and it was only because of the Abyss Demon ancestor that he woke up, and it didn't take long after he woke up, so..."

Wangu Mingzu looked embarrassed.

Qin Chen: "..."

The Nether Emperor and the Myriad Bone Nether Ancestor, one by one, none of them are reliable.

"What about yellow spring water?"

"This subordinate knows that Yellow Spring Water is located in a forbidden area called Yellow Spring Mountain in the underworld, and it contains the most powerful yin and cold power in the underworld."

"Then do you know where Huangquan Mountain is located?"

"This subordinate naturally knows. As long as we first find out where we are now, the subordinate can roughly know the location of Huangquan Mountain. Huangquan Mountain was the ashram of the great emperor back then. How could the subordinate not know it?" Wangu Mingzu Laughed.

"The dojo of the great emperor?" Qin Chen was puzzled.

Wangu Mingzu nodded and said: "Yes, the dojo of Emperor Youming was located in Huangquan Mountain back then. It was the emperor's headquarters there, but I don't know what has become inside after so many years!"

Qin Chen: "..."

Oh shit.

The Nether Emperor wants to go to his dojo first.

There must be something wrong with this.

"Emperor Youming, come out."

Qin Chen shouted angrily at Guyu Tower.

However, there was no movement at Guyu Pagoda.

Emperor Youming shrank in the ancient Yu Tower, completely falling into a deep sleep.

"This guy actually pretended to be dead."

Qin Chen's face was ugly, but he also sensed that the previous attack did consume a lot of the source of Emperor Youming, and it can't be said that he deliberately pretended to be dead.

"It seems that you have to figure out where you are now."

Qin Chen's eyes flickered.

Before entering the space crack, Qin Chen didn't know where he drifted to.

If it was closer to Yongjie Niehai, then Qin Chen planned to go to Yongjie Niehai first, but if it was closer to Huangquan Mountain, it would not be impossible to go to Huangquan Mountain along the way.

The purpose of Emperor Youming doing this is nothing more than to get some recovery, or he left some treasures and other things in Huangquan Mountain back then. It should be good for him to go there by the way.

"Go!" Thinking of this, Qin Chen left the ground in an instant and disappeared in an instant.

underworld.

Nothingness, dead silence, desolation, filled with cold air...

When a person walks in the underworld, the first thing he feels is coldness, darkness, and darkness.

This is what the underworld feels like.

If the sky in Yangjian is full of vitality, and you can feel endless hope and future, then the sky in the underworld is lifeless, full of despair, and has no future at all. This is a Jedi that will eventually die.

"Is this the world of the underworld?"

Qin Chen murmured.

In front of him, there is darkness, although there are mountains, sky, and earth.

However, Qin Chen feels like a Jedi here, giving people an extremely depressing feeling. Ordinary people simply cannot survive in such a place, which is a bit like the dark universe in the original universe.

right.

It is the dark universe.

The climate of this underworld is somewhat similar to the dark universe in the original universe. There are storms and coldness everywhere, but compared with the dark universe, it is more sinister.

Here, it was always groggy, but there were also things that surprised Qin Chen.

That is the way.

boom!

Strands of Tao lingered and entered Qin Chen's body. When Qin Chen was in the Tianwu Continent, he had comprehended the way of death. Later, in the Death Canyon and the passage of the undead emperor in the demon world, he realized the way of death again.

The way of death is already an extremely powerful kind of way now.

It can be said that it is one of the main forces that Qin Chen cultivated. When this power was in the universe sea, it improved extremely slowly, but at this moment, as soon as he entered the underworld, Qin Chen didn't need to practice at all, and the breath of death in the world naturally merged into his body.

In the midst of it, his power is growing.

Qin Chen's original power, which had been somewhat stagnant, had a slight improvement.

"It seems that entering the underworld is also beneficial. I have cultivated the rules in the cosmic sea to an extreme. Now that I am in the underworld, my cultivation level may be greatly improved."

At this moment, Qin Chen remembered the fusion of yin and yang that the ancient emperor said.

He slowly integrated these death breaths into his body, and with the integration of these death breaths, Qin Chen could clearly feel the changes in his own origin.

It's a feeling of being fulfilled.

Qin Chen suddenly raised his head and looked at the sky of the underworld.

Maybe this underworld existed as one with the universe sea when the ancient universe sea was opened up, but it was separated for some reason later.

It's just that the current Qin Chen is not in the mood to figure out the itinerary of the underworld for the time being. He flew up to the sky, directly found a direction, and flew towards the distance.

What caught his eyes was a barren land, swamp-like quagmire in front of him, with almost no end in sight.

Qin Chen flew all the way, and his spiritual sense felt all the way.

He thought he could find someone quickly, but what puzzled Qin Chen was that he hadn't seen a single person in the time he flew for a stick of incense.

It's as if there are no creatures here at all.

"Myriad Gu Mingzu, do you know this place?"

Qin Chen took out the skull crystal and asked directly. Wangu Mingzu looked around and said with a wry smile: "There is little dust, the underworld is extremely vast, and the territories are also full of strange things, and some places are very similar. There are no less than dozens of famous swamps in the entire underworld. in front of

In this world, if you ask your subordinates to tell you where this place is, it is really..."

Before Wangu Mingzu finished speaking, Qin Chen put away the skull crystal directly.

Also an unreliable guy.

Next, Qin Chen continued to fly, and after about half an hour, suddenly, an ancient village appeared in front of him.

"Huh? There are villages."

Qin Chen was overjoyed, his figure flickered, and he landed directly in front of the village.

This is an extremely desolate place, all around is dilapidated, and there are even bursts of hurricanes lingering, but in the middle of this wasteland, there is a village.

This village looks like it has been around for some years, and it is extremely dilapidated. The plaque at the door is about to fall off, and half of the door hangs there, very dilapidated.

"Is there no one in this village?"

Qin Chen frowned and walked straight in.

It's just that Qin Chen's footsteps have just stepped in.

boom!

In an instant, streams of death energy surged out of the entire village, and in an instant, these death airs turned into invisible formations that soared into the sky in an instant, and finally formed an ancient large formation, which suddenly suppressed Qin Chen .

boom!

Qin Chen suddenly felt his body sink, as if he was being pressed against a mountain.

Immediately afterwards, streams of black air swept from all directions, and these air streams were like chains, wrapping around Qin Chen's body in an instant, restraining Qin Chen.

"You bandits who deserve to be killed, old man, I will fight with you today."

Immediately afterwards, a trembling shout of anger came from the village, and with a bang, a group of people rushed out of the village in an instant, glaring at Qin Chen. The leader was a white-haired old man leaning on a cane, and his clothes were ragged. Behind him were a group of old and weak women and children holding kitchen knives, rakes and other agricultural tools. They all stared at Qin Chen angrily, with eyes that wanted to eat Qin Chen's skin. one

so-so.

"what's the situation?"

Qin Chen was stunned for a moment.

This style of painting...

A group of old and weak women and children with all kinds of agricultural tools surrounded him. It felt like coming to a small village in the mortal world of Tianwu Continent, not like the underworld at all.

"Myriad Gu Mingzu, what's going on?" Qin Chen couldn't help asking.

"This... Chen Shao, you must have broken into a mountain village in the underworld, right?" Wangu Mingzu said in astonishment.

Qin Chen's eyes widened: "There are still mountain villages in the underworld?"

"Of course." Myriad Bone Nether Ancestor said as it should: "The underworld is like the cosmic sea, with all kinds of creatures. They live and spread, and there will naturally be mountain villages."

Qin Chen blinked his eyes.

In his imagination, the underworld should be an extremely dangerous place, full of killings and crises. He never imagined that there would be a place like a mountain village.

However, Qin Chen can also see that although the old and weak women and children in front of him are not strong in cultivation, they all have the cultivation level of the venerable, and they are definitely the existence of the master level in the initial universe.

After seeing Qin Chen, the old man in the lead was also stunned: "Just one person?"

"You return my sister."

At this moment, a little boy who looked only about ten years old rushed up to Qin Chen, holding a kitchen knife in his hand, and slashed down on Qin Chen.

Qin Chen frowned, these guys, can't make a mistake, right?

However, although this little boy is small, his aura is already similar to that of the Earth Lord of the original universe.

In order to find out the news, Qin Chen didn't dodge the kitchen knife at all. With a bang, he saw that the kitchen knife shattered and fell into countless pieces after it hit him.

But the little boy flew out backwards with a bang, fell heavily to the ground, and fell a piece of shit.

"Goofy, are you alright?"

The old man rushed up and helped the little boy up.

boom!

Qin Chen's body shook, and in an instant, the countless black air currents that bound him were shattered, and the entire formation was also shattered.

"Everyone be careful." The old man was taken aback, his eyes nearly popped out, and he roared angrily.

#### [Chapter 5278: Black Cloud God Venerable](#)

this moment.

All the Black Cloud Pirates were shocked. The person who took the shot was the little leader of their small team, and his cultivation base was already considered quite powerful in Heiyun Mountain, especially his black shield magic weapon, which was quite astonishingly powerful. basically nothing Invincible.

But it was split open by the guy in front of him with a sword. What kind of strength is this?

"You are so brave, you actually made a move on my Black Cloud Mountain, you are courting death!"

However, although these people were shocked, their aura was very strong, and they had no intention of giving in at all, and killed Qin Chen again in an instant.

Boom!

In an instant, the several people surrounding Qin Chen shot together, and the aura of avenues burst out. These avenues evolved into various forms, like long rivers, winding towards Qin Chen in an instant.

"The power of the Dao? It seems that this person from the underworld also cultivates the Dao."

Qin Chen murmured, observing carefully.

This underworld, in fact, is no different from the cosmic sea.

The only difference is the environment and the creatures here. Although the creatures here look very lively, although there are teenagers, middle-aged people, etc. who should be vigorous, they all have a

wave of death lingering around them. Even young people, their bodies are originally filled with death Charge

Denounced, almost no vitality.

In addition, although the living beings here also practice the Dao, and even have different rules, but no matter what kind of rules and Dao, its core essence has a trace of death, which is inseparable from the Dao of Death.

It's a bit equivalent, the avenues and rules cultivated by these people seem to be derived from the avenue of death.

This time, facing the attack of these people, Qin Chen didn't even dodge, and let the attack of these people fall down abruptly.

"senior."

Gouwa's pupils showed panic, and he hastily exclaimed.

boom!

Then, he saw countless regular avenues covering Qin Chen in an instant, and the majestic impact swept along Qin Chen as the center and swept in all directions.

"It's over, I'm going to die, I'm fine if I die, but she hasn't found my sister yet?"

There was despair in Gouwa's eyes, and he couldn't help closing his eyes. Before he died, he was still thinking of his sister.

only.

He waited for a long time, but found that his body was still not broken.

what happened?

He couldn't help but opened his eyes, and then saw a scene that made him unbelievable. The attacks of the strong men around him that made him feel desperate and frightened fell on Qin Chen, and Qin Chen was completely unscathed. Not only that, after those attacks hit Qin Chen, they were like streams of air, was swallowed and absorbed by Qin Chen's body, and did not spread at all, so he did not receive any impact at all.

what's the situation?

Gouwa was stunned.

"you..."

Not only Gouwa was stunned, but also those Heiyun Mountain bandits who made the move were also stunned.

It's not that they haven't seen a strong man who can block their attack, but it's the first time they have seen a strong man who allows them to attack and even absorbs their attack like Qin Chen in front of him.

This is simply a monster.

Frightened, these people stopped even attacking, their faces trembling.

"Well, this is your attack? It's too weak!"

The endless breath entered Qin Chen's body, and Qin Chen couldn't help licking his tongue.

He came to the underworld for the first time, and the various avenues of the underworld are nourishing things for him. Before these people took action, Qin Chen immediately discovered that the power of the avenue rules practiced by these people could have an impact on his avenue rules. Nourishing.

The only thing that makes Qin Chen a little dissatisfied is that these people's cultivation base is too weak, and the nourishing power passed on is still a bit weak, which can only be regarded as better than nothing.

"you..."

Everyone present was terrified, and some of them turned around and ran away.

"Want to go?"

Qin Chen smiled.

boom!

The breath was overwhelming, and an invisible force swept out, covering the few people in front of them in an instant.

"what!"

Several people screamed in an instant, and their bodies began to rot.

"We surrender."

Someone yelled, terrified in their hearts.

This is Heiyun Mountain, as long as he doesn't die, they still have a chance to be saved when the adults take action. If he dies now, it's really over.

but.

However, Qin Chen didn't pay attention to it at all, the breath of death surged, and the bodies of these people were annihilated in an instant, turning into an endless avenue, captured by Qin Chen, and then devoured all at once.

Qin Chen could clearly feel that the avenue of death in his body had received a little nourishment, but this nourishment was extremely slight, and it only made his avenue of death move slightly.

"It's too weak. The origin of the Dao at the supreme level is still a little weak, and it hardly helps."

Qin Chen sighed.

Some headaches.

Although the avenues in these people's bodies are somewhat nourishing to their own avenues, but the nourishing strength is not enough.

It seems that with my current cultivation base, I am afraid that at least a strong person above the level of detachment is needed to really improve myself a little.

As for the other minions, they are of little use.

"I just don't know how much detachment there is in this underworld."

Qin Chen murmured.

"Senior, what did you say?"

Gouwa's body trembled beside him, and when he heard Qin Chen's words, he became dazed.

"nothing."

Qin Chen smiled and patted Gouwa's head.

Then he looked up at the most majestic peak of Heiyun Mountain in front of him, and he could feel that a terrifying aura was rapidly sweeping out from the inside of Heiyun Mountain.

"Who dares to act wildly on my Black Cloud Mountain?"

Accompanied by the stirring of this terrifying aura, a shocking shout of anger resounded throughout the world, and under the eyes of everyone, a black figure flew straight out of Heiyun Mountain.

boom!

The dominance is boundless, and the breath suppresses the Quartet.

This is a burly man in black, and it is Heiyun God Venerable.

Whizzing!

Beside Heiyun God Venerable, the yellow-toothed old man and the enchanting snake girl also appeared instantly, looking coldly at Qin Chen who was not far away.

"I have seen Lord Heiyun God Venerable."

In Heiyun Mountain, countless alarmed bandits saw the visitor, they all looked respectful and fanatical, and hurriedly bowed and saluted, devoutly like the people of God.

"Heiyun God Venerable?"

Qin Chen narrowed his eyes, looked at the person coming, and laughed: "Finally, a big fish comes!"

The person in front of him is obviously a master of detachment.

This was beyond Qin Chen's expectations.

After all, from the old village elder, Qin Chen learned that Heiyun Mountain was just a gang of bandits. Under normal circumstances, for a gang of bandits, in Qin Chen's opinion, the leader is half a step away from the peak, which is considered pretty good.

Unexpectedly, the leader of Heiyun Mountain turned out to be a detached one.

Is this underworld so strong? The boss of any bandit group is actually detached?

"Or, what's so special about this Heiyun Mountain?"

Qin Chen thought to himself. It should be noted that a master of detachment can be regarded as a strong person in any place, just like the Guiming Mountain area under the command of the Undead Emperor where the ancestor of the Yuan Mo was, the entire vast area there is controlled by the undead. \*\*\*\* in charge

, and later fell into the hands of Yuanmo Patriarch.

It can be seen that a transcendent master can already control an extremely vast area in the underworld.

But in front of him, this is just a gang of bandits, and Qin Chen was surprised that there was even a detachment in charge.

"But it's okay, since the guy in front of him is detached, he must know where this area is."

Qin Chen smiled lightly.

He is not afraid that the opponent's cultivation base is not strong, on the contrary, the stronger the better.

"Hahaha, God Venerable Heiyun, it seems that your reputation as Heiyun Pirates in this world is very ordinary. Someone dares to act wildly on your Heiyun Mountain? It disturbed my good deeds." And at this moment, a cold chuckle sounded, and I saw a strange young man slowly flying into the void. In his hand, he was also holding a clean girl from the underworld. This girl had snow-white skin and shawl hair, but

At this moment, the strange young man held his neck with his hands, as if he was carrying an animal, hanging there.

And beside the Yaoyi youth, there is also a strong man in black robes, with a cold breath, following the steps of the Yaoyi youth, stepping down, the world shakes.

Another detached one?

Qin Chen's pupils shrank and his brows frowned slightly. Although this black-robed pro-strong man is not very eye-catching, his face is almost hidden in the shadow of the robe, but those eyes are full of endless death, exuding an inexplicable coercion, obviously he is also a detached super strong

, and his cultivation base is even higher than that of the Black Cloud God Venerable.

Is this Heiyun Mountain so strong? Suddenly two masters of detachment appeared?

This was somewhat beyond Qin Chen's expectations. "Young Master Xu, I surprised you." The God Venerable Heiyun cupped his hands at the strange young man, and then looked at Qin Chen with cold eyes: "Who is your Excellency, why did you trespass on my Heiyun Mountain and move my Heiyun Mountain?" People, if you don't give my \*\*\*\* respect today

Once you explain it, don't blame me, God Venerable Heiyun, for being rude. "

boom!

Endless dead air erupted.

God Venerable Heiyun's eyes were cold, and he looked up and down Qin Chen solemnly.

He didn't pay attention to it before, but now he was perceiving Qin Chen carefully, and he couldn't see Qin Chen's cultivation for a while.

This is a bit intriguing.

underworld.

The weak prey on the strong, and fight with each other all the year round. Any master has an extremely keen intuition. The young man in front of him looks extremely ordinary, but his temperament makes the God Venerable Heiyun can't help being vigilant.

The young man in front of him seems to be a person who has been in a high position all year round. His temperament is very eye-catching and cannot be ignored.

After all, no matter how high a servant's cultivation base is, it's hard to pretend that kind of demeanor and aloofness.

"Confession?"

Qin Chen smiled, "Why do I have to explain to others what I do, but I didn't expect that this small Heiyun Mountain could hide dragons and crouching tigers like this, which surprised me a little."

"Small Heiyun Mountain? Hmph, I sit in the abandoned land of Heiyun Mountain and follow the orders of Master Senming. Your Excellency is very arrogant." The God Venerable Heiyun sneered at Qin Chen.

"Master Sen Ming?" Qin Chen smiled: "I don't know you!"

"presumptuous."

God Venerable Heiyun's expression changed.

On the side, the bewitching young man's gaze also darkened: "Your Excellency speaks very loudly."

The black-robed old man suddenly said in a deep voice, "Master, this person should be a newcomer to my abandoned land."

"A new outsider?"

The Yaoyi youth and the God Venerable Heiyun were stunned, and then came to their senses. There was a hint of greed in Qin Chen's eyes.

"Interesting, this trip to Heiyun Mountain actually yielded such a harvest, God Venerable Heiyun, this child is rare."

The strange young man said with a grin.

There was a trace of reluctance in the eyes of Heiyun God Venerable, and he hurriedly bowed and smiled: "Since Young Master Xu spoke, his subordinates naturally obeyed. It is his honor that this son can be favored by Young Master Xu."

"Hahaha."

The strange young man laughed loudly, and squeezed the hand holding the girl's neck.

boom!

The girl screamed directly, her physical body collapsed, her soul was filled with pain and panic, she emitted a lot of negative energy, and howled in pain.

But the strange young man didn't care about it at all, instead he showed a cruel smile, pinched the girl's spirit little by little into streams of yin energy, and then sucked it into his body fiercely.

"Hahaha, it's so cool, the girl's soul is really delicious." The face of the strange young man was flushed abnormally, and his face was full of excitement.

"These bastards." Seeing this scene, Gouwa's eyes turned red, and he rushed up, but was grabbed by Qin Chen. Gou Wa cried and said: "Senior, my parents were killed by them in this way, these guys in the abandoned city don't treat us as living beings at all, but regard our spirits as their nourishment, and use them to devour us directly, and even enjoy

Le, these beasts. "

At this moment, Gouwa's heart was trembling, he was afraid, afraid that his sister was gone.

Qin Chen frowned slightly. He could tell at a glance that the cultivation of this eerie young man was half a step beyond the peak, while that girl's cultivation was only in the realm of a venerable. Absorbing the girl's soul did not have any effect on that eerie young man's cultivation. any promotion,

His purpose of doing this is nothing more than to torture the other party, to enjoy the pleasure of watching the other party cry in pain.

This person from the underworld is really perverted.

"Boss, since he is the one Young Master Xu likes, why are we talking nonsense with this kid? Just capture him." At this moment, behind Heiyun God Venerable, the yellow-toothed old man suddenly sneered. The shape suddenly disappeared, boom, the next moment, he suddenly appeared in front of Qin Chen, and a big skinny hand came directly towards Qin Chen.

.

Woo hoo!

Suddenly, ghosts cried and gods howled, and under the big hand, countless resentful spirits swept out, covering the sky and the sun in an instant, covering and sealing off the void around Qin Chen.

"Half a step beyond the peak?"

Qin Chen's eyes were indifferent. This is obviously a master of half-step transcendence, and his cultivation has reached the peak of half-step transcendence. With one claw, the void oscillates, like the surface of turbulent water.

Seeing that the sharp claws were about to grab Qin Chen, Qin Chen suddenly raised his head, and two cold lights flashed across his pupils.

boom!

The void in all directions froze in an instant. The figure of the yellow-toothed old man was firmly imprisoned in the void, and he could not move at all. .

"What?" The old man with yellow teeth showed a look of shock and anger. Before he had time to react, he saw Qin Chen wave his hand lightly, and a dark sword light suddenly flashed in the void. With a pop, the black sword light turned into The invisible brilliance passed over the old man's wrist

, It actually cut off his wrist directly.

Pfft, black blood splattered, the old man stepped back, and immediately let out a shrill roar.

"Giggle, poisonous old man, can't you?!" At the same time as the old man backed away in shock, a chuckle suddenly came from behind Qin Chen, and the enchanting snake girl had appeared behind Qin Chen somehow, opening her mouth and spitting out Snake letters, like a kaleidoscope in the pupils, an infinite

The fluctuation of the shape entered Qin Chen's mind for an instant, confusing Qin Chen. At the same time, the palm of the snake girl suddenly swung down.

"Senior, be careful."

Gouwa said in horror.

"Don't worry." Qin Chen chuckled, his pupils were clear, and he didn't receive the slightest charm at all. He didn't even look behind him, but just waved his backhand, and it was the first to come first, and his big hand directly pinched the snake letter girl by the throat, lifting her tightly to the

In the void.

"you..."

The snake goddess looked frightened and angry, and kept waving her hands down at Qin Chen, chi chi chi chi, the void was torn apart, and countless sharp blades turned into a storm of sword light, covering Qin Chen in an instant.

At the same time, the lower body of the snake girl spread suddenly, turning into a snake body that was tens of thousands of feet long, and quickly entwined towards Qin Chen, strangling it together with the surrounding void, entangled Qin Chen in an instant, and tightened crazily. And at the same time that the

snake girl shot, with a bang, an astonishing poisonous mist spread in front of Qin Chen. The old man with yellow teeth had a ferocious face and fierce eyes. pack

Qin Chen lived.

"Boy, lie down for me."

The old man showed his yellow teeth, and the endless poisonous gas permeated the world in an instant.

"Hey, that kid dares to treat Du Lao like this, doesn't it mean that he doesn't know that Du Lao's way of poison is so powerful that even the Dao can be poisoned, this kid is probably in danger."

"Master Snake Girl and Mr. Poison are masters of my Heiyun Mountain who are second only to Lord God Venerable. Within a radius of hundreds of millions of miles, they are enough to rule the roost. This kid doesn't know how to live or die, and dares to come to Heiyun Mountain to play wild in front of Young Master Xu. I'm afraid the end will be miserable."

Below, many bandits from Heiyun Mountain laughed loudly.

It's in hand.

This is for sure, not to mention the presence of Lord Heiyun God Venerable, today in Heiyun Mountain, even Young Master Xu from the Forgotten City is there, if you dare to come to Heiyun Mountain to act wild at this time, is it not courting death? However, before their smiles fell, they heard a bang, and the endless poisonous gas dissipated, and then they all saw that in their Heiyun Mountain, the vicious and old snake girl who had extraordinary strength and was always vicious was actually killed That kid pinched directly

Stuck on the neck. The lower body and arms of the snake girl had already been cut off, and Du Lao's limbs had all disappeared. The dead air in the places where the limbs of the two were broken continued to permeate regularly, trying to regenerate, but despite these dead air how to expand

Scattered, they were all suppressed, unable to reshape their limbs.

"this..."

Everyone froze.

"Ugh."

In front of everyone, Qin Chen sighed softly.

"The way of tearing and the way of poison are considered as one of the thousands of ways, but unfortunately, they are still too weak."

Qin Chen shook his head, disappointed.

Before, when the snake girl and the poisonous old man made a move, Qin Chen didn't completely resist, but directly let the two people's deadly avenue attack, but the result was still not satisfactory.

Qin Chen's avenue of death has indeed received a little nourishment, but the degree of nourishment is just adding bricks and tiles.

"It seems that only the source of detachment level can be helpful."

Qin Chen murmured.

Then, he looked at the snake girl and the poisonous old man.

"Boss, save me."

"Master Xu!"

The pupils of the two shrank, and they felt a strong crisis in the dark, and hurriedly uttered a panic.

boom!

A terrifying force erupted in Qin Chen's body, directly covering the two of them.

The origin of half a step beyond the peak, although mediocre, is better than nothing.

"Your Excellency, stop."

God Venerable Heiyun had been staring at him for a long time, and at this moment he let out an angry roar, and finally moved.

"boom!"

God Venerable Heiyun stretched out his big hand, and came to Qin Chen in an instant.

He didn't act immediately before, just to let the snake girl and the poisonous old man test each other's cultivation. At this moment, he has already understood that the strange young man in front of him has definitely reached the level of detachment.

Without reaching the level of detachment, it is impossible to solve the snake girl and the poisonous old man so easily.

"It's up to you to stop me."

Qin Chen sneered, completely ignoring the attack of Heiyun God Venerable, and just pinched Snake Girl and Du Lao violently.

"Do not!"

The two of them showed horror, and with a pop, their bodies were shattered into pieces, turning into a dead air that slowly dissipated.

"Hmph. If you dare to attack me, these two people still want to live?"

Qin Chen sneered, and raised his head to look at God Venerable Heiyun, "And you, I'm new here and just need someone to understand the situation, so it's just you, I'll die for you."

Qin Chen turned his back on the guest and rose directly into the sky. He suddenly stretched out his big hand towards the God of Heiyun, and boom, the wind and cloud turbulently formed an endless ocean and roared out.

"You are looking for death." Heiyun Shenzun was furious when he saw that Qin Chen ignored his words.

In this Heiyun Mountain, he is an existence that promises everything. When has he suffered such a loss? Originally, he just wanted Snake Girl and Du Lao to test each other's cultivation, but who would have thought that the other party's methods would be so ruthless and decisive.

Snake Girl and Du Lao have followed him for many years, they are like his right-hand men, now that they have fallen, how can they feel pain in their hearts.

boom!

Endless murderous aura suddenly burst out from the body of God Venerable Heiyun, his big hand was like a mountain, and collided with Qin Chen's protruding big hand in an instant. With a bang, a shocking roar resounded through the heaven and earth, and God Venerable Heiyun only felt an unrivaled force rushing towards him. His big hand hit Qin Chen's big hand, as if hitting a copper wall and an iron wall. The whole palm instantly

The room shattered.

But Qin Chen's big hand was unscathed, and came directly to crush him.

"what?"

God Venerable Heiyun looked shocked and angry, and his eyes suddenly became round.

The opponent's strength was so strong, it far exceeded his expectations.

"The black cloud is shrouded, the soul will be destroyed forever, broken!" A trace of ferocity flashed in the eyes of the God Venerable Heiyun, he roared, and a boundless black cloud swept out in an instant, and in an instant, the entire sky was covered by endless black clouds. Covered, one after another black clouds turned into angry dragons and swept out.

Constantly bombarded Qin Chen's outstretched hand.

Rumble!

Accompanied by the impact of those black clouds and angry dragons, there was a series of strange soul-killing powers passing along the big hands, directly entering Qin Chen's mind.

"Wooo." Qin Chen seemed to hear the sound of countless ghosts crying and howling in his mind, as if there were countless resentful souls screaming there.

### [Chapter 5279: Washio](#)

this moment.

All the Black Cloud Pirates were shocked. The person who took the shot was the little leader of their small team, and his cultivation base was already considered quite powerful in Heiyun Mountain, especially his black shield magic weapon, which was quite astonishingly powerful. basically nothing

Invincible.

But it was split open by the guy in front of him with a sword. What kind of strength is this?

"You are so brave, you actually made a move on my Black Cloud Mountain, you are courting death!"

However, although these people were shocked, their aura was very strong, and they had no intention of giving in at all, and killed Qin Chen again in an instant.

Boom!

In an instant, the several people surrounding Qin Chen shot together, and the aura of avenues burst out. These avenues evolved into various forms, like long rivers, winding towards Qin Chen in an instant.

"The power of the Dao? It seems that this person from the underworld also cultivates the Dao."

Qin Chen murmured, observing carefully.

This underworld, in fact, is no different from the cosmic sea.

The only difference is the environment and the creatures here. Although the creatures here look very lively, although there are teenagers, middle-aged people, etc. who should be vigorous, they all have a wave of death lingering around them. Even young people, their bodies are originally filled with death Charge

Denounced, almost no vitality.

In addition, although the living beings here also practice the Dao, and even have different rules, but no matter what kind of rules and Dao, its core essence has a trace of death, which is inseparable from the Dao of Death.

It's a bit equivalent, the avenues and rules cultivated by these people seem to be derived from the avenue of death.

This time, facing the attack of these people, Qin Chen didn't even dodge, and let the attack of these people fall down abruptly.

"senior."

Gouwa's pupils showed panic, and he hastily exclaimed.

boom!

Then, he saw countless regular avenues covering Qin Chen in an instant, and the majestic impact swept along Qin Chen as the center and swept in all directions.

"It's over, I'm going to die, I'm fine if I die, but she hasn't found my sister yet?"

There was despair in Gouwa's eyes, and he couldn't help closing his eyes. Before he died, he was still thinking of his sister.

only.

He waited for a long time, but found that his body was still not broken.

what happened?

He couldn't help but opened his eyes, and then saw a scene that made him unbelievable. The attacks of the strong men around him that made him feel desperate and frightened fell on Qin Chen, and Qin Chen was completely unscathed. Not only that, after those attacks hit Qin Chen, they were like streams of air, was swallowed and absorbed by Qin Chen's body, and did not spread at all, so he did not receive any impact at all.

what's the situation?

Gouwa was stunned.

"you..."

Not only Gouwa was stunned, but also those Heiyun Mountain bandits who made the move were also stunned.

It's not that they haven't seen a strong man who can block their attack, but it's the first time they have seen a strong man who allows them to attack and even absorbs their attack like Qin Chen in front of him.

This is simply a monster.

Frightened, these people stopped even attacking, their faces trembling.

"Well, this is your attack? It's too weak!"

The endless breath entered Qin Chen's body, and Qin Chen couldn't help licking his tongue.

He came to the underworld for the first time, and the various avenues of the underworld are nourishing things for him. Before these people took action, Qin Chen immediately discovered that the power of the avenue rules practiced by these people could have an impact on his avenue rules. Nourishing.

The only thing that makes Qin Chen a little dissatisfied is that these people's cultivation base is too weak, and the nourishing power passed on is still a bit weak, which can only be regarded as better than nothing.

"you..."

Everyone present was terrified, and some of them turned around and ran away.

"Want to go?"

Qin Chen smiled.

boom!

The breath was overwhelming, and an invisible force swept out, covering the few people in front of them in an instant.

"what!"

Several people screamed in an instant, and their bodies began to rot.

"We surrender."

Someone yelled, terrified in their hearts.

This is Heiyun Mountain, as long as he doesn't die, they still have a chance to be saved when the adults take action. If he dies now, it's really over.

but.

However, Qin Chen didn't pay attention to it at all, the breath of death surged, and the bodies of these people were annihilated in an instant, turning into an endless avenue, captured by Qin Chen, and then devoured all at once.

Qin Chen could clearly feel that the avenue of death in his body had received a little nourishment, but this nourishment was extremely slight, and it only made his avenue of death move slightly.

"It's too weak. The origin of the Dao at the supreme level is still a little weak, and it hardly helps."

Qin Chen sighed.

Some headaches.

Although the avenues in these people's bodies are somewhat nourishing to their own avenues, but the nourishing strength is not enough.

It seems that with my current cultivation base, I am afraid that at least a strong person above the level of detachment is needed to really improve myself a little.

As for the other minions, they are of little use.

"I just don't know how much detachment there is in this underworld."

Qin Chen murmured.

"Senior, what did you say?"

Gouwa's body trembled beside him, and when he heard Qin Chen's words, he became dazed.

"nothing."

Qin Chen smiled and patted Gouwa's head.

Then he looked up at the most majestic peak of Heiyun Mountain in front of him, and he could feel that a terrifying aura was rapidly sweeping out from the inside of Heiyun Mountain.

"Who dares to act wildly on my Black Cloud Mountain?"

Accompanied by the stirring of this terrifying aura, a shocking shout of anger resounded throughout the world, and under the eyes of everyone, a black figure flew straight out of Heiyun Mountain.

boom!

The dominance is boundless, and the breath suppresses the Quartet.

This is a burly man in black, and it is Heiyun God Venerable.

Whizzing!

Beside Heiyun God Venerable, the yellow-toothed old man and the enchanting snake girl also appeared instantly, looking coldly at Qin Chen who was not far away.

"I have seen Lord Heiyun God Venerable."

In Heiyun Mountain, countless alarmed bandits saw the visitor, they all looked respectful and fanatical, and hurriedly bowed and saluted, devoutly like the people of God.

"Heiyun God Venerable?"

Qin Chen narrowed his eyes, looked at the person coming, and laughed: "Finally, a big fish comes!"

The person in front of him is obviously a master of detachment.

This was beyond Qin Chen's expectations.

After all, from the old village elder, Qin Chen learned that Heiyun Mountain was just a gang of bandits. Under normal circumstances, for a gang of bandits, in Qin Chen's opinion, the leader is half a step away from the peak, which is considered pretty good.

Unexpectedly, the leader of Heiyun Mountain turned out to be a detached one.

Is this underworld so strong? The boss of any bandit group is actually detached?

"Or, what's so special about this Heiyun Mountain?"

Qin Chen thought to himself. It should be noted that a master of detachment can be regarded as a strong person in any place, just like the Guiming Mountain area under the command of the Undead Emperor where the ancestor of the Yuan Mo was, the entire vast area there is controlled by the undead. \*\*\*\* in charge

, and later fell into the hands of Yuanmo Patriarch.

It can be seen that a transcendent master can already control an extremely vast area in the underworld.

But in front of him, this is just a gang of bandits, and Qin Chen was surprised that there was even a detachment in charge.

"But it's okay, since the guy in front of him is detached, he must know where this area is."

Qin Chen smiled lightly.

He is not afraid that the opponent's cultivation base is not strong, on the contrary, the stronger the better.

"Hahaha, God Venerable Heiyun, it seems that your reputation as Heiyun Pirates in this world is very ordinary. Someone dares to act wildly on your Heiyun Mountain? It disturbed my good deeds." And at this moment, a cold chuckle sounded, and I saw a strange young man slowly flying into the void. In his hand, he was also holding a clean girl from the underworld. This girl had snow-white skin and shawl hair, but

At this moment, the strange young man held his neck with his hands, as if he was carrying an animal, hanging there.

And beside the Yaoyi youth, there is also a strong man in black robes, with a cold breath, following the steps of the Yaoyi youth, stepping down, the world shakes.

Another detached one?

Qin Chen's pupils shrank and his brows frowned slightly. Although this black-robed pro-strong man is not very eye-catching, his face is almost hidden in the shadow of the robe, but those eyes are full of endless death, exuding an inexplicable coercion, obviously he is also a detached super strong , and his cultivation base is even higher than that of the Black Cloud God Venerable.

Is this Heiyun Mountain so strong? Suddenly two masters of detachment appeared?

This was somewhat beyond Qin Chen's expectations. "Young Master Xu, I surprised you." The God Venerable Heiyun cupped his hands at the strange young man, and then looked at Qin Chen with cold eyes: "Who is your Excellency, why did you trespass on my Heiyun Mountain and move my Heiyun Mountain?" People, if you don't give my \*\*\*\* respect today

Once you explain it, don't blame me, God Venerable Heiyun, for being rude. "

boom!

Endless dead air erupted.

God Venerable Heiyun's eyes were cold, and he looked up and down Qin Chen solemnly.

He didn't pay attention to it before, but now he was perceiving Qin Chen carefully, and he couldn't see Qin Chen's cultivation for a while.

This is a bit intriguing.

underworld.

The weak prey on the strong, and fight with each other all the year round. Any master has an extremely keen intuition. The young man in front of him looks extremely ordinary, but his temperament makes the God Venerable Heiyun can't help being vigilant.

The young man in front of him seems to be a person who has been in a high position all year round. His temperament is very eye-catching and cannot be ignored.

After all, no matter how high a servant's cultivation base is, it's hard to pretend that kind of demeanor and aloofness.

"Confession?"

Qin Chen smiled, "Why do I have to explain to others what I do, but I didn't expect that this small Heiyun Mountain could hide dragons and crouching tigers like this, which surprised me a little."

"Small Heiyun Mountain? Hmph, I sit in the abandoned land of Heiyun Mountain and follow the orders of Master Senming. Your Excellency is very arrogant." The God Venerable Heiyun sneered at Qin Chen.

"Master Sen Ming?" Qin Chen smiled: "I don't know you!"

"presumptuous."

God Venerable Heiyun's expression changed.

On the side, the bewitching young man's gaze also darkened: "Your Excellency speaks very loudly."

The black-robed old man suddenly said in a deep voice, "Master, this person should be a newcomer to my abandoned land."

"A new outsider?"

The Yaoyi youth and the God Venerable Heiyun were stunned, and then came to their senses. There was a hint of greed in Qin Chen's eyes.

"Interesting, this trip to Heiyun Mountain actually yielded such a harvest, God Venerable Heiyun, this child is rare."

The strange young man said with a grin.

There was a trace of reluctance in the eyes of Heiyun God Venerable, and he hurriedly bowed and smiled: "Since Young Master Xu spoke, his subordinates naturally obeyed. It is his honor that this son can be favored by Young Master Xu."

"Hahaha."

The strange young man laughed loudly, and squeezed the hand holding the girl's neck.

boom!

The girl screamed directly, her physical body collapsed, her soul was filled with pain and panic, she emitted a lot of negative energy, and howled in pain.

But the strange young man didn't care about it at all, instead he showed a cruel smile, pinched the girl's spirit little by little into streams of yin energy, and then sucked it into his body fiercely.

"Hahaha, it's so cool, the girl's soul is really delicious." The face of the strange young man was flushed abnormally, and his face was full of excitement.

"These bastards." Seeing this scene, Gouwa's eyes turned red, and he rushed up, but was grabbed by Qin Chen. Gou Wa cried and said: "Senior, my parents were killed by them in this way, these guys in the abandoned city don't treat us as living beings at all, but regard our spirits as their nourishment, and use them to devour us directly, and even enjoy

Le, these beasts. "

At this moment, Gouwa's heart was trembling, he was afraid, afraid that his sister was gone.

Qin Chen frowned slightly. He could tell at a glance that the cultivation of this eerie young man was half a step beyond the peak, while that girl's cultivation was only in the realm of a venerable. Absorbing the girl's soul did not have any effect on that eerie young man's cultivation. any promotion,

His purpose of doing this is nothing more than to torture the other party, to enjoy the pleasure of watching the other party cry in pain.

This person from the underworld is really perverted.

"Boss, since he is the one Young Master Xu likes, why are we talking nonsense with this kid? Just capture him." At this moment, behind Heiyun God Venerable, the yellow-toothed old man suddenly sneered. The shape suddenly disappeared, boom, the next moment, he suddenly appeared in front of Qin Chen, and a big skinny hand came directly towards Qin Chen.

.

Woo hoo!

Suddenly, ghosts cried and gods howled, and under the big hand, countless resentful spirits swept out, covering the sky and the sun in an instant, covering and sealing off the void around Qin Chen.

"Half a step beyond the peak?"

Qin Chen's eyes were indifferent. This is obviously a master of half-step transcendence, and his cultivation has reached the peak of half-step transcendence. With one claw, the void oscillates, like the surface of turbulent water.

Seeing that the sharp claws were about to grab Qin Chen, Qin Chen suddenly raised his head, and two cold lights flashed across his pupils.

boom!

The void in all directions froze in an instant. The figure of the yellow-toothed old man was firmly imprisoned in the void, and he could not move at all. .

"What?" The old man with yellow teeth showed a look of shock and anger. Before he had time to react, he saw Qin Chen wave his hand lightly, and a dark sword light suddenly flashed in the void. With a pop, the black sword light turned into The invisible brilliance passed over the old man's wrist

, It actually cut off his wrist directly.

Pfft, black blood splattered, the old man stepped back, and immediately let out a shrill roar.

"Giggle, poisonous old man, can't you?!" At the same time as the old man backed away in shock, a chuckle suddenly came from behind Qin Chen, and the enchanting snake girl had appeared behind Qin Chen somehow, opening her mouth and spitting out Snake letters, like a kaleidoscope in the pupils, an infinite

The fluctuation of the shape entered Qin Chen's mind for an instant, confusing Qin Chen. At the same time, the palm of the snake girl suddenly swung down.

"Senior, be careful."

Gouwa said in horror.

"Don't worry." Qin Chen chuckled, his pupils were clear, and he didn't receive the slightest charm at all. He didn't even look behind him, but just waved his backhand, and it was the first to come first, and his big hand directly pinched the snake letter girl by the throat, lifting her tightly to the

In the void.

"you..."

The snake goddess looked frightened and angry, and kept waving her hands down at Qin Chen, chi chi chi, the void was torn apart, and countless sharp blades turned into a storm of sword light, covering Qin Chen in an instant.

At the same time, the lower body of the snake girl spread suddenly, turning into a snake body that was tens of thousands of feet long, and quickly entwined towards Qin Chen, strangling it together with the surrounding void, entangled Qin Chen in an instant, and tightened crazily. And at the same time that the snake girl shot, with a bang, an astonishing poisonous mist spread in front of Qin Chen. The old man with yellow teeth had a ferocious face and fierce eyes. pack

Qin Chen lived.

"Boy, lie down for me."

The old man showed his yellow teeth, and the endless poisonous gas permeated the world in an instant.

"Hey, that kid dares to treat Du Lao like this, doesn't it mean that he doesn't know that Du Lao's way of poison is so powerful that even the Dao can be poisoned, this kid is probably in danger."

"Master Snake Girl and Mr. Poison are masters of my Heiyun Mountain who are second only to Lord God Venerable. Within a radius of hundreds of millions of miles, they are enough to rule the roost. This kid doesn't know how to live or die, and dares to come to Heiyun Mountain to play wild in front of Young Master Xu. I'm afraid the end will be miserable."

Below, many bandits from Heiyun Mountain laughed loudly.

It's in hand.

This is for sure, not to mention the presence of Lord Heiyun God Venerable, today in Heiyun Mountain, even Young Master Xu from the Forgotten City is there, if you dare to come to Heiyun Mountain to act wild at this time, is it not courting death? However, before their smiles fell, they heard a bang, and the endless poisonous gas dissipated, and then they all saw that in their Heiyun Mountain, the vicious and old snake girl who had extraordinary strength and was always vicious was actually killed That kid pinched directly

Stuck on the neck. The lower body and arms of the snake girl had already been cut off, and Du Lao's limbs had all disappeared. The dead air in the places where the limbs of the two were broken continued to permeate regularly, trying to regenerate, but despite these dead air how to expand

Scattered, they were all suppressed, unable to reshape their limbs.

"this..."

Everyone froze.

"Ugh."

In front of everyone, Qin Chen sighed softly.

"The way of tearing and the way of poison are considered as one of the thousands of ways, but unfortunately, they are still too weak."

Qin Chen shook his head, disappointed.

Before, when the snake girl and the poisonous old man made a move, Qin Chen didn't completely resist, but directly let the two people's deadly avenue attack, but the result was still not satisfactory.

Qin Chen's avenue of death has indeed received a little nourishment, but the degree of nourishment is just adding bricks and tiles.

"It seems that only the source of detachment level can be helpful."

Qin Chen murmured.

Then, he looked at the snake girl and the poisonous old man.

"Boss, save me."

"Master Xu!"

The pupils of the two shrank, and they felt a strong crisis in the dark, and hurriedly uttered a panic.

boom!

A terrifying force erupted in Qin Chen's body, directly covering the two of them.

The origin of half a step beyond the peak, although mediocre, is better than nothing.

"Your Excellency, stop."

God Venerable Heiyun had been staring at him for a long time, and at this moment he let out an angry roar, and finally moved.

"boom!"

God Venerable Heiyun stretched out his big hand, and came to Qin Chen in an instant.

He didn't act immediately before, just to let the snake girl and the poisonous old man test each other's cultivation. At this moment, he has already understood that the strange young man in front of him has definitely reached the level of detachment.

Without reaching the level of detachment, it is impossible to solve the snake girl and the poisonous old man so easily.

"It's up to you to stop me."

Qin Chen sneered, completely ignoring the attack of Heiyun God Venerable, and just pinched Snake Girl and Du Lao violently.

"Do not!"

The two of them showed horror, and with a pop, their bodies were shattered into pieces, turning into a dead air that slowly dissipated.

"Hmph. If you dare to attack me, these two people still want to live?"

Qin Chen sneered, and raised his head to look at God Venerable Heiyun, "And you, I'm new here and just need someone to understand the situation, so it's just you, I'll die for you."

Qin Chen turned his back on the guest and rose directly into the sky. He suddenly stretched out his big hand towards the God of Heiyun, and boom, the wind and cloud turbulently formed an endless ocean and roared out.

"You are looking for death." Heiyun Shenzun was furious when he saw that Qin Chen ignored his words.

In this Heiyun Mountain, he is an existence that promises everything. When has he suffered such a loss? Originally, he just wanted Snake Girl and Du Lao to test each other's cultivation, but who would have thought that the other party's methods would be so ruthless and decisive.

Snake Girl and Du Lao have followed him for many years, they are like his right-hand men, now that they have fallen, how can they feel pain in their hearts.

boom!

Endless murderous aura suddenly burst out from the body of God Venerable Heiyun, his big hand was like a mountain, and collided with Qin Chen's protruding big hand in an instant. With a bang, a shocking roar resounded through the heaven and earth, and God Venerable Heiyun only felt an unrivaled force rushing towards him. His big hand hit Qin Chen's big hand, as if hitting a copper wall and an iron wall. The whole palm instantly

But Qin Chen's big hand was unscathed, and came directly to crush him.

God Venerable Heiyun looked shocked and angry, and his eyes suddenly became round.

The opponent's strength was so strong, it far exceeded his expectations.

## [Chapter 5280: dead sea cemetery](#)

"Boy, do you know who we are, dare to touch the two of us here, do you want to die?"

The black-robed old man looked at Qin Chen in shock and anger at this moment. He felt the terrifying sword energy above his head, and his heart gradually sank. The strength of this guy in front of him was even more terrifying than he imagined.

If you can't take the young master out, then...

"Boom!" The eyes of the black-robed old man flashed a hint of ferocity, and an endless breath of death suddenly surged in his body. The vast power of death surged into the sky like a vast ocean, forming a terrifying storm of death, to rush

Break through Qin Chen's sword qi blockade.

"Directly burn the source of the soul?"

Qin Chen looked at the other party in surprise, the black-robed old man in front of him actually burned his soul source directly.

You must know that although people in the underworld all have physical bodies, these bodies are constructed by the invisible power of the underworld. In fact, the core of the people in the underworld is their souls.

It can be said that for people in the underworld, once the soul is damaged, it cannot be recovered unless there are some extraordinary treasures.

And the person in front of him actually directly burned his own soul source, which surprised Qin Chen slightly.

I seem to have caught two big fish?

"Old Eagle, stop."

Seeing that the old man in black robe directly burned his soul source, the strange young man's eyes sank, and he quickly stepped forward to stop him.

"Master?"

Eagle elder was stunned, and looked at the other party.

"let me do it."

The strange young man smiled coldly, a confident smile was drawn on the corner of his mouth, then he turned to look at Qin Chen, stepped forward, and stood in the distance from Qin Chen.

"Papa papa!"

This strange young man clapped his hands, and the sound was transmitted between the world and clearly reflected in everyone's ears.

"Excellent, I really didn't expect that when I came to Heiyun Mountain to supervise the work this time, I would meet such a strong man as Your Excellency. There is really a fate between you and me!" Smile.

"what's the situation?"

Qin Chen frowned, and looked at the strange young man in front of him in doubt. If he read correctly, this person should only be half a step beyond the peak cultivation level, right?

But what is he doing... now?

Not only Qin Chen, but the entire Heiyun Mountain, as well as the Gouwa beside him, were also stunned.

But seeing the strange young man with a smile on his lips, he looked at Qin Chen with a confident smile and said, "If my guess is correct, your Excellency should have just come here from the outside world, and you are not familiar with this place, right?"

"What do you mean?"

Qin Chen's eyes turned cold, boom, a faint killing intent emanated from him directly.

Could this bewitching young man know that he came from the cosmic sea?

wrong!

Qin Chen shook his head.

With his current cultivation and understanding of the way of death, unless he is a strong man at the emperor level, he may not be able to see that he is from the universe sea even if he is a triple transcendence, so how can this trash in front of him see it?

Then what did he mean by what he said before? Sensing the chill on Qin Chen's body, the Yaoyi youth hurriedly said: "Your Excellency, don't be nervous. leave

Abandoned land, unable to leave here for life, everyone is actually a lost person in the end of the world.  
"

"From all over the underworld?" Qin Chen was taken aback.

He thought that the strange young man was from the outside world, referring to the cosmic sea, so why did he mean from other places in the underworld?

But according to the other party, is this abandoned place separated from other places in the underworld? Once you enter this place, you can't leave?

"What does this abandoned place mean?" Qin Chen said in a deep voice.

"You do not know?"

The strange young man was stunned, and couldn't help blurting out: "Could it be that you were not exiled to the abandoned place?"

"exile?"

Qin Chen frowned.

"Small dust, I probably know where this place is."

At this moment, the voice of Wangu Mingzu suddenly sounded and entered Qin Chen's ears, with a heavy voice: "This abandoned place is most likely the Dead Sea cemetery in the underworld."

"Dead Sea Cemetery?" Qin Chen frowned upon hearing this.

This name is not very auspicious. "The Dead Sea cemetery is not a real cemetery, but an area covered by the sea of death in the underworld. In the underworld, there is a sea of death, which is an absolute forbidden area. Even the triple transcendent powerhouse cannot cross it. And this die

The sea cemetery is located on a piece of land in the middle of the Dead Sea. "

"In the earliest days, this place was a purgatory, and some criminals who violated the rules of the underworld were imprisoned. Many of these criminals were extremely vicious people." Wangu Mingzu explained.

"Since it's so vicious, why don't you just kill it?" Qin Chen asked. Wangu Mingzu said: "To be vicious is to treat others. Sometimes, you are vicious on one side, but not necessarily on the other side. In addition, many of the strong men imprisoned here were in the early days. has a deep

If the thick background is killed directly, it will cause some troubles. "

Qin Chen understood. No matter where in the universe, whether it is in the mortal world or the underworld, people with backgrounds will not die no matter how serious the disaster is, at most they will be exiled and imprisoned, unless a top powerhouse comes forward to kill the opponent kill otherwise many

People with a background make mistakes, and they will have an extra life. For example, the ancestor \*\*\*\* who was the leader of the Cosmic Alliance City at the beginning, at the beginning, he secretly fought against the Supreme Being and fought for power, which caused strife and intrigue among the human race, but even if he was seen through and lost, he was only imprisoned at the beginning

That's all.

It wasn't until later, when there was evidence that he had truly betrayed the human race, that he was directly wiped out by Qin Chen.

Otherwise, with Qin Chen's status at the time, such a character could not be killed if he wanted to, but he could be killed directly, but it would arouse dissatisfaction within the Human Race Alliance, and it would also be of great harm to Xiaoyao Supreme.

Wangu Mingzu continued: "That's why there is such a place as the Dead Sea Prison. In the sea of death, even the triple detachment cannot be crossed. This place has become a natural prison for many powerful people in the underworld." "But because the people detained here There are too many strong people. As time goes by, more and more strong people are imprisoned. In addition, these strong people will naturally fight with each other. Gradually, more and more people die. Here

It is like a cemetery, so it is also called the Dead Sea cemetery. "

Hearing this, Qin Chen's heart sank suddenly.

This place turned out to be a prison for prisoners in the underworld? If so, wouldn't it be extremely difficult for him to leave?

"Wan Gu, how can I get out of here?"

Qin Chen couldn't help but said in a deep voice.

He came to the underworld to heal Sisi's wounds, how could he be trapped in such a place?

"difficult!"

Wangu Mingzu said with an ugly face, "As far as I know, it's impossible."

"what?"

Qin Chen changed color slightly. Wangu Mingzu actually said it was impossible?
