

Valkyrie 5281

[Chapter 5281: Is it great?](#)

Wangu Mingzu said: "Because the Dead Sea Cemetery is a place where many powerful people in the underworld are imprisoned, and there are even masters of the triple transcendence level among them, which means that the Dead Sea Cemetery can at least trap triple transcendent masters, and the dust is less than you..."

Wangu Mingzu didn't continue talking, Qin Chen had already understood.

This is a prison, and it is a prison that can trap a triple transcendence. With my current strength, although I can fight a triple transcendence remnant like Wangu Mingzu, it is only evenly matched.

But Myriad Bone Nether Ancestor is just a remnant soul.

It is indeed as difficult as heaven to get out of the prison where even the triple detachment cannot escape.

"What about Emperor Youming?" Qin Chen frowned. "If the emperor was in his heyday, there should be no problem." Wangu Mingzu said: "There are many strong men here who were imprisoned by the four great emperors. With the power of the emperor, they may be able to cross the Dead Sea, but this is only for subordinates. guess, and

and..."

Speaking of this, Wangu Mingzu hesitated for a moment: "The Great Emperor is just a remnant soul now, and he used up a lot of it before, I'm afraid it's..."

He didn't go on.

Qin Chen took a deep breath, his eyes gradually calmed down.

"I see."

At this moment, Qin Chen's eyes gradually became firm, no matter where it is, no matter how difficult it is, for the sake of Sisi, he must leave here.

The most urgent task is to find out whether he is really in the Dead Sea cemetery. Qin Chen looked at the strange young man on the opposite side, with a hint of sarcasm drawn on the corner of his mouth: "What kind of abandoned land, exiled people, it sounds so good. In the final analysis, this place is just a cemetery, and you are just surrounded by the Dead Sea."

Death row only. "

The strange young man's complexion changed, and he suppressed a slight smile: "My friend, although this place is a prison in the Dead Sea of the underworld, we are actually abandoned by the underworld, and it is only natural to call it the place of abandonment!"

"Your Excellency has just entered the Abandoned Land, and perhaps you don't know much about it. Now the Abandoned Land has been controlled by the giants. If outsiders don't follow the rules, it will be difficult for outsiders to move." , is the son of the ghost king of the abandoned land, and his father, the

ghost king of the dark ghost, is a triple detached powerhouse and one of the giants of the abandoned land. Since you are new to the abandoned land, you can rely on me

Young master, with your cultivation base, if I introduce you to my father later, I will definitely be appreciated by my father and take charge of one side. "

The Yaoyi youth looked at Qin Chen calmly, with a confident look, facing the sky full of sword nets, his expression was very calm.

without him.

Just because his father is the Forest Ghost King. The Forest Ghost King, a triple transcendent powerhouse, one of the giants of the Forsaken Land, who in this Forsaken Land would not sell his father's face? Even if some double detached people saw him, they didn't dare to put on airs, Ming Xu was sure,

As long as I say my father's name, the person in front of me will definitely turn pale with shock, and then salute him respectfully.

"Sen Ming ghost king? Triple detachment?"

Qin Chen frowned.

On the other hand, Gou Wa was completely stunned.

In his opinion, a transcendent strongman is already a sky-like existence. What is the realm of triple transcendence?

"Exactly."

The strange young man smiled proudly. In his opinion, Qin Chen should have been persuaded by himself.

"Interesting, so you should know the Dead Sea cemetery very well." Qin Chen said lightly.

"Hahaha, that's natural. As my young master, I walked sideways in the Abandoned City. I don't understand anything." The strange young man laughed.

"That's good." Qin Chen nodded, and a sharp light suddenly flashed from his pupils.

Swish!

The next moment, Qin Chen's figure suddenly disappeared.

"Master, be careful." Seeing this scene, the pupils of the black-robed old man shrank suddenly, and he roared hastily, boom, endless death breath burst out from his body, turning into countless black bursts and shooting in all directions, towards the eyes Crazy Youth Crazy Cage

Covered the past, trying to protect it.

However, before his protection fell, Qin Chen's figure had already arrived in front of the Yaoyi youth, and his big hand quickly picked up the Yaoyi youth's neck, and imprisoned him tightly.

"You... What are you going to do? If you dare to touch me, my father will never forgive you lightly. At that time, no one in the sky or on earth will be able to save you!"

The strange young man's face changed dramatically, and he roared angrily.

The scene in front of him was completely different from the script he had imagined. What was going on?

Hearing the name of his father, the Ghost King of the Underworld, the other party should tremble and beg him to subdue him.

"Sen Ming Ghost King, is it very powerful?"

Qin Chen smiled coldly, boom, squeezed hard, and the body of the strange young man collapsed directly.

"Let go, master."

But at this moment, the black-robed old man was frightened and angry, and a terrifying attack had already appeared around Qin Chen's body, and countless black death breaths enveloped him in streamers of light.

boom!

The burning power of the soul swept in, trying to **** the spirit of the strange young man back from Qin Chen's hands.

"Ok?"

Qin Chen glanced coldly, and released the skull crystal directly: "Wan Gu, I will leave this person and the black cloud bandits below to you."

"Quack, there is less dust, I'll leave it to my subordinates." Wangu Mingzu's body was excited, boom, a top-level detached aura was released from the skull crystal, and the powerful aura representing the triple detached power was released in an instant. When it came out, the skull crystal soared into the sky, killing Eagle Old in an instant.

The countless black streamers released directly devoured them completely.

The black skull crystal came to the black-robed old man in an instant, and an astonishing soul coercion instantly frightened him firmly.

"You... who are you guys?"

Facing the ocean-like aura of Wangu Mingzu, the black-robed old man was terrified and unable to move his body. At this moment, he actually had the feeling of facing the Lord Forest Ghost King.

Do not!

The opponent's oppression of his soul was even more terrifying than that of Lord Forest Ghost King.

Lord Sen Ming Ghost King is a triple transcendence powerhouse, isn't he?

boom! In his horrified eyes, Wangu Mingzu directly shattered his body, and the power of the astonishing avenue of death rules dissipated, and Qin Chen raised his hand and directly captured it in his hand. Qin Chen took it,

And the source of the old man's soul.

"This person's physical breath will nourish you." Qin Chen said lightly.

"Thank you, Master Chen." Wangu Mingzu chuckled, not minding that Qin Chen took the loot, and sucked it in suddenly, swallowing up the black-robed old man's physical aura in an instant.

Today's Myriad Bone Nether Ancestor has only one remnant soul left, and the power of the death avenue rules in the bodies of other strong men is nothing to him. The only important thing is the physical breath and soul power of the other party, which can nourish him.

After devouring the body breath of the black-robed old man, Wangu Mingzu rushed to the black cloud robbers below in an instant.

Although these guys in front of them have mediocre cultivation, they are also pure energy bodies in the underworld, which are great supplements for Wangu Mingzu.

"No, let's go."

"escape!"

Countless Black Cloud Pirates were terrified one after another, and they dared not stay any longer. Like locusts, they flew out in all directions one after another, trying to escape from here.

However, how could they escape from the Myriad Bone Nether Ancestor? Countless screams rang out, and in just a moment, there was no more Heiyun Pirate in the entire Heiyun Mountain, and they were completely swallowed up by Wangu Mingzu.

[Chapter 5282: Emperor Yan of Ten Palaces](#)

Under the aura of Myriad Bone Nether Ancestor, in the blink of an eye, the countless Black Cloud Pirates below were all dead, not a single one remained.

This is natural, these Black Cloud Pirates, almost none of them are even half-step transcendental. In front of the former triple transcendent peak powerhouse like Wangu Mingzu, they can be completely killed with a single breath, without any effort at all.

"Tsk tsk, these little guys are too weak, just enough to fit between their teeth, that's all, it's better than nothing."

Wan Gu Ming Zu smacked his lips, very disappointed. It would be great if there were more big fish, at least let him have a full meal.

As he said this, his figure flickered, and he had already returned to Qin Chen's side.

"Thank you, Master Chen, for the reward!"

Wangu Mingzu hurriedly bowed to Qin Chen, and above the skull crystal, the rays of light flowed and shone brightly.

On the side, Gouwa was already dumbfounded.

When Wangu Mingzu slaughtered all directions before, he couldn't even realize what happened. The black cloud bandits who had caused disasters in the village for countless years had already been wiped out. How terrifying is the other party?

What frightened him the most was that this terrifying demon was still so respectful to Qin Chen.

"Hey, little baby, what are you looking at? A wisp of ghost from the underworld, you must have been frightened by my ancestor, hey." Seeing Gouwa staring at him, Wangu Mingzu immediately smiled, revealing a mouth full of crystal teeth, "A little ghost like you, my ancestor, I used to like to eat it the most, and I would swallow a hundred thousand in one bite, what a pity you, you little baby

The baby is too small, not enough to fit my ancestors between my teeth. "

Being stared at by Wangu Mingzu, Gouwa was so frightened that his whole body broke out in cold sweat, his legs became weak, and he almost fell to the ground.

"Okay, you are an ancestor, do you need to frighten a little doll?"

Qin Chen glanced at Wangu Mingzu speechlessly, this guy is really leisurely and elegant.

Wangu Mingzu chuckled, it was rare to return to the underworld, and he had to have some fun.

Qin Chen looked at Gouwa: "Gouwa, many people have been imprisoned in this Heiyunshan dungeon. Your sister may be in it, and there should be many of your villagers in it. Hurry up and save them."

Qin Chen waved at Gou Wa.

"Thank you, senior."

Gou Wa hurriedly bowed to Qin Chen, and then hurriedly swept down Heiyun Mountain.

"Young Master Chen, what shall we do next?" Wan Gu Ming Zu stepped forward and asked.

"Ask the situation first!"

With a flicker of Qin Chen's figure, he quickly landed in a palace in Heiyun Mountain with Wangu Mingzu, raised his hand, and boom, an invisible restriction instantly enveloped the surrounding area, covering everything.

The next moment, Heiyun Shenzun, who was originally imprisoned by Qin Chen, only felt a blur in front of their eyes, and they had already appeared in front of Qin Chen and the other three.

"Master."

The old man in black robe quickly came to the strange young man, looked at Qin Chen in shock and anger, and his heart sank when he saw the skull crystal beside Qin Chen. He took a deep breath and said in a deep voice: "Your Excellency, do you really want to be an enemy of my Ghost King Hall? The Lord Forest Ghost King is in charge of the vast territory of the abandoned land. , in this

There will be nowhere for you to hide. ""But if you are willing to let us go, I can assure you that today's matter will be left alone, and we will never trouble you with this. Even, if you are willing, the old man can report to Lord Forest Ghost King. From now on, Your Excellency will be my ghost king

The honored guest of the temple, in this deserted place, has a lofty status and is incomparable, how about it? "

Old Eagle's eyes were sharp and his expression was calm.

He knew that it was useless to beg for mercy at this time, only if he understood it with emotion and acted with reason, there might be a chance of survival.

The God Venerable Heiyun stood aside with an ugly expression. He never expected that even Old Eagle and Young Master Xu would be captured by the other party. At this time, he had the least right to speak and could only let the other party do what he wanted.

"Oh, to be the guest of the Ghost King?" Qin Chen frowned. "That's right." Old Eagle said in a deep voice, "My Ghost King Palace is one of the top giants in the Abandoned Land, and now Lord Forest Ghost King is joining forces with other major forces in the Abandoned Land to prepare to enter the depths of the Dead Sea and open Dead Sea Passage, find a way to leave the abandoned place. If you are willing to unite with my Ghost King Palace, once you open the Dead Sea Passage, you will have the opportunity to leave this abandoned place at that time. I think you will not be willing to stay in this abandoned place forever in the ground

Bar? "

"The way to leave the Dead Sea?"

Qin Chen stood up suddenly, frowned and said, "Do you have a way to leave the Dead Sea?" Old Eagle's heart moved, his eyes flickered and he said, "This is natural, your Excellency probably knows the origin of the Abandoned Land, this place was exiled by the underworld. People, if there is no accident, will be trapped here for the rest of their lives.

leave. "However, for countless years in the abandoned land, how would you adults want to be trapped here forever?" So no matter which adults have been exiled into the abandoned land these years, they all want to leave this place. Over the years, all the adults have tried their best

, has not been obtained. "But this time is different. The adults found a forbidden place in the depths of the Dead Sea. This forbidden place is very likely to be related to the secrets of the Dead Sea. As long as the secrets of the Dead Sea are solved, with the strength of a few adults, there is hope to open the passage to this place." to hell

At that time, people in the land I abandoned will have the opportunity to leave here and return to the underworld. "

Old Eagle looked at Qin Chen: "As a newcomer, Your Excellency, if you want to join the team, I'm afraid it will be difficult, but as long as Lord Forest Ghost King speaks, it's just a matter of one sentence. "

"Oh?"

Qin Chen's eyes flickered.

He didn't expect that there would be such a surprise.

In this dead sea, have you found a certain forbidden place?

"About this forbidden area of the Dead Sea, please tell me in detail." Qin Chen said lightly. "The old man doesn't know much about the forbidden land, but it is definitely true. Otherwise, why do you think that the abandoned land has been collecting the souls of many ordinary undead people in the abandoned land for so many years? And that

Forbidden." Old Eagle said in a deep voice.

"Hmph, Old Eagle, why are you talking so much to them?" At this moment, the bewitching young man snorted coldly and stepped forward: "Your Excellency, you destroyed my body and imprisoned me here. You deserve to be so lawless!" Ten thousand deaths. However, as long as you let Ben Shao leave, Ben Shao can forget the past, otherwise,

As long as you dare to touch me, my father will definitely know that when the time comes, you will surely die in heaven and earth. I am not trying to scare you. Before things are irreparable, I advise you to obediently let this young man go. "

Qin Chen: "..."

Is this guy out of his mind? At this time, are you still threatening?

On the side, the expression of the old man in black robe changed immediately when he heard the words.

broken. They have already said what they threatened before, but the other party still destroyed their bodies and imprisoned them here. If the threat was useful, it would have been successful before. The young master is speaking like this now. This is not pouring fire on the fire.

Oil, make the other party angry?

"Master, shut up."

Thinking of this, before Qin Chen could make a sound, the black-robed old man stepped forward and scolded the Yaoyi youth, and then hurriedly said to Qin Chen, "My friend, young master, he is not familiar with the world, and he always acts with pleasure, so please don't let him go!" In my heart.

"Elder Eagle, why are you being so polite to that kid?" The strange young man sneered: "Does this guy dare to kill me? I have a part of my father in my soul, as long as he Dare to destroy my soul, father's soul-splitting

He will be beheaded, and..." The strange young man looked at Qin Chen with disdain: "This person only destroys my body, but he doesn't kill me. He doesn't dare to kill us at all, and wants to get me through such means. Waiting for the appreciation, and taking refuge in my Ghost King Palace, why do you do this to him?

Respectfully. "

Under such circumstances, the Yaoyi youth is still high and confident.

Oh shit.

At this time, the old man in black robe looked at the strange young man speechlessly, wishing he could chop him up with his own hands.

are you a pig?

What's the situation now? People are knives, I am fish, do you talk about things like this?

Sure enough, Qin Chen couldn't help laughing when he heard the strange young man's words.

This guy seems to be fascinated, who gave him the confidence?

"Wangu Mingzu, is this forest ghost king strong?" Qin Chen looked at Wangu Mingzu and said indifferently. "Young Master Chen, under the command of Emperor Yan, one of the four great emperors, there were nine ghost kings in total, and each of them had a great reputation. When the subordinates of these nine ghost kings followed the emperor, they had seen or heard about it, but they hadn't heard of it. Said that there is a ghost king

Such a No. 1 person might be a rising star, or a little ghost king who doesn't rank among the nine ghost kings at all. "

Wangu Mingzu grinned and made a rattling sound.

Back then, he was one of the seven underworld generals under the command of the Nether Emperor, and his cultivation had already reached the peak of triple transcendence. Under the command of Emperor Yan of the Ten Palaces, there are also nine ghost kings, all of whom are triple peak detached, but among the nine ghost kings, there is no such number one figure as the Senming Ghost King. It can be seen that it is just a small character.

A strong person who is highly detached can call himself the king of ghosts.

"you..."

When the old man in black heard the words, his expression changed immediately.

Who is this guy in front of him, with such a big tone?

Follow the emperor? Which emperor?

Anyone who can be called a great emperor is the most supreme existence in the underworld. If you stomp your feet, the whole underworld will probably tremble.

"Wan Gu, I will leave these three guys to you. No matter what method you use, I will learn all the information about the abandoned land from them." Qin Chen said lightly.

He didn't bother to ask bit by bit, this kind of matter, it would definitely not be wrong to leave it to Wangu Mingzu.

"Hey, Young Master Chen, just leave this matter to me. There are 110,000 ways for my subordinates to tell them all the bad things they did when they were young."

Myriad Bone Netherworld Ancestor chuckled.

boom!

A terrifying breath lingered from Wangu Mingzu's body in an instant, enveloping the three of them in an instant.

"Ah!" In an instant, the three roared in pain.

[Chapter 5283: who moved my heir](#)

Who moved my heir

Wangu Mingzu directly performed the soul-searching method.

Asking a little bit, it's too time-consuming, how convenient and simple is it to directly search for the soul?

"You...you dare to touch me, my father will never spare you."

The bewitching young man screamed terribly.

"Hmph, even if your father, the Ghost King of the Underworld, is here, this ancestor is not afraid."
Wangu Mingzu sneered, and his soul directly penetrated into the opponent's soul.

"what!"

The strange youth screamed in pain.

With the cultivation base of Wangu Mingzu who had surpassed the peak three times, even if there is only one remnant soul left, it is definitely not something these three people can resist.

After a while.

Wangu Mingzu has received countless messages.

"There is little dust."

Abandoning the dying souls of the three people, Wangu Mingzu came to Qin Chen and saluted respectfully. At the same time, he told Qin Chen the information he had obtained.

"Oh? There are several restricted areas in this abandoned place, and they have been fighting with each other for many years. This time, in order to break the restriction of the Dead Sea, they joined forces and prepared to break into the restricted area of the Dead Sea and find a way to leave this place?"

After learning a lot of information, Qin Chen's eyes flashed, and the information obtained by Wangu Mingzu was similar to what the black-robed old man said.

This person is indeed the son of the Forest Ghost King, and he is the youngest son, so he has always been favored by the Forest Ghost King, which is why he acts so arrogantly.

In this abandoned place, countless criminals from the underworld have been imprisoned for hundreds of millions of years. They have been imprisoned here, without hope, and have multiplied with each other. For hundreds of millions of years, they have formed a huge group.

Moreover, there are extremely many strong people here, and they are extremely terrifying. Those who can be imprisoned here are all vicious people from the underworld. In this abandoned place, these people fight each other. forbidden forces.

For example, the Ghost King Palace where these people are located is a big restricted area.

Those who can be called restricted areas basically have triple detachment in charge, and they are powerful here.

"Here, there are so many triple detachment forces?"

Qin Chen changed color slightly.

Originally, relying on his own strength and the Ancestor of the Myriad Bone, he thought he could run rampant here, but now it seems that it is not that simple.

"Young Master Chen, this abandoned place has imprisoned countless strong men in the underworld. Those who can survive here are all the best among the strong. Once they return to the underworld, I am afraid that everyone will be a hero. Don't be careless about dust."

Wangu Mingzu said in a deep voice.

"Don't worry, with triple detachment and eternal order, this young master will naturally not be reckless."

Although his talent is outstanding, Qin Chen does not think that he is invincible. Any triple transcendence is a giant figure, and should not be underestimated.

"Young Master Chen, in fact, our goal is to leave this abandoned place. The goal is the same as that of these people. There is no need to have many conflicts, but we can cooperate with each other." Wangu Mingzu's eyes flashed.

"Cooperation?" Qin Chen looked over.

"That's right, my subordinates have checked. Among the many restricted forces in this abandoned land, there is a master of the restricted area named Kongming Old Demon who established Kongming Mountain. This person had some friendship with his subordinates back then, maybe This subordinate can speak a few words." Wan Gu Ming Ancestor said.

"Old Devil Kongming?" Qin Chen frowned.

"Yes, this person is a casual cultivator. When his subordinates were under the emperor's command, this person committed a crime. He even found someone to find my ancestor, and my ancestor also formed a good relationship with him. I didn't expect this person to come later. When we arrive at the forbidden area of the Dead Sea, if this ancestor goes up, he should give his subordinates some face." Wan Gu Ming Zu was quite confident.

"At that time, Young Master Chen can join the team of Nakong Mingshan. After three months, we will go to the forbidden area of the Dead Sea together, find a way to break the seal, and leave this place."

"Otherwise, there is strict order in this abandoned land. If I wait for an outsider who wants to join the team in this abandoned land, I am afraid that I will be rejected. Even if I succeed in joining, I will only become cannon fodder and will not be able to gain access to core interests."

Wangu Mingzu explained.

"Not urgent."

Qin Chen shook his head, but did not agree directly.

In the underworld, the strong prey on the weak. Maybe the Wangu Mingzu and this person did have some friendship back then, but now there is only one remnant soul left in the Wangu Mingzu. Who can guarantee that this person will not have any ill intentions towards Wangu Mingzu? .

It is undoubtedly the most unfeasible to pin your hopes on others.

"The most urgent thing is to find a way to improve strength. There is no friendship with these giants. The real core is strength."

Qin Chen's eyes fell into deep thought.

According to the information obtained by Wangu Mingzu, there are still three months before the team from this abandoned place will go to the forbidden area of the Dead Sea.

"Three months?"

Qin Chen murmured.

not much time.

It is extremely difficult to join these restricted teams within three months.

Of course, it is not impossible.

"Today, I am fearless when facing the remnants of the Myriad Bone Nether Ancestor, Tuoba Patriarch, these triple-level transcendent powerhouses, but facing the real triple-level transcendent powerhouse..."

Qin Chen felt heavy pressure in his heart.

Unless, I can completely breakthrough the second level of detachment, the realm of the myriad phenomena.

At that time, even if they lose to these triple detachments, they will still be able to protect themselves.

"How to breakthrough?"

Qin Chen looked at the spirits of the God Venerable Heiyun and the old man in black, and his heart skipped a beat.

"boom!"

He directly raised his hand and grabbed at the two of them. The two looked terrified. They were just about to resist, but they were already tightly pinched by Qin Chen. Then he squeezed with his big hand,

and with a bang, the souls of the two were pinched instantly. It exploded, and at the same time, Qin Chen suddenly penetrated into his body with the two people's original avenue that had been restrained before.

In an instant, two different powers of the rules of the Avenue of Death poured into Qin Chen's origin in an instant.

These two powers of the avenue of death contain the unique rules of the underworld. When these rules are fused with Qin Chen's own power of rules, Qin Chen immediately feels a transparent and round, as if completely unified. Feel.

hum!

Qin Chen's aura obviously improved a bit, and a faint breath of everything was released.

"It really works."

Qin Chen was overjoyed.

Before, after the original power of those black cloud thieves was integrated into Qin Chen's body, it was only slightly improved and nourished, but now, when Qin Chen swallowed the original power of the black cloud **** and the black-robed old man, Qin Chen clearly felt that the origin in his body had undergone an astonishing improvement.

A more terrifying Vientiane breath bloomed from Qin Chen's body than before, as if it was real.

"The fusion of yin and yang is really terrifying!"

Qin Chen was shocked.

If things go on like this, as long as he realizes enough detachment from the origin, it will not be difficult for him to step into the double myriad of gods.

The only trouble is that many detached sources are required.

But it's not a particularly troublesome thing. There are not many other places in this abandoned city, but the number of strong people far exceeds that of any other place in the underworld.

After all, this area has gathered countless vicious criminals from the entire underworld.

On the side, Wangu Mingzu looked at Qin Chen in shock.

Chen Shao's speed of improvement is too terrifying.

"Young Master Chen, what is our next plan?"

Wangu Mingzu asked.

"Not urgent."

Qin Chen turned around and looked at the group of terrified young men.

"Let's meet that forest ghost king first."

After saying that, Qin Chen reached out with his big hand and directly grabbed the strange young man.

"No, don't kill me."

The strange young man said in horror.

Before he finished speaking, a sharp light flashed in Qin Chen's eyes, and he squeezed his big hand hard.

boom!

The spirit of the strange young man was shattered in an instant, and the moment his spirit was shattered—

"Who dares to touch the heir of my Forest Ghost King!"

Boom!

A terrifying breath was instantly released from the depths of the strange young man's soul, and in an instant, a consciousness turned into a sky-high figure, looking at Qin Chen coldly, with a mighty power like a mountain.

[Chapter 5284: ghost beast](#)

This figure containing the endless breath of death stared at Qin Chen coldly, it was the Forest Ghost King.

However, this is not the main body of the Forest Underworld Ghost King, but just one of his spirit bodies, the spirit body entrusted in the body of the strange youth, exists alone.

"Father, save me."

The ghostly young man's mind and soul were shattered, and at this moment there was only one remnant soul left, which was protected by the spirit body of the Forest Ghost King, and still had a weak vitality. At this time, he shouted in horror at the spirit body of the Forest Ghost King.

He was really scared.

Crazy, that guy in front of him is definitely a lunatic, knowing that he is the heir of the Forest Ghost King, yet he still dares to do something to him, what is this not a lunatic?

Isn't he afraid of death?

Qin Chen said lightly: "Your Excellency is the Ghost King of the Forest Darkness?"

"Hmph, knowing the name of this seat, you dare to kill this seat's heir, how courageous you are!"

Boom! The endless aura bloomed from the body of the Ghost King of the Underworld, even if it was just a spirit body and divine consciousness, it was still a powerful mess, and the eternal and indestructible aura lingered on him, like an immortal god, suppressing him with all his strength.

on dust.

He is very angry.

When did someone dare to challenge his authority in this abandoned place? "Kill your heir? Who said I killed your heir?" Qin Chen smiled. He suddenly looked at the strange young man, and slammed his palm out. The strange young man stared wide in horror and anger

The eyes, the last spirit, disappeared in an instant without a trace.

Until his death, he never thought that he would die in such a place.

Didn't that guy in front of him intentionally catch himself and show his worth, so that he could wait for his father to show up to recruit him?

Why not play your cards according to common sense?

Qin Chen grinned: "Master Sen Ming Ghost King, now I really want to kill your son."

"you wanna die."

The Forest Ghost King was furious. He never expected that Qin Chen would kill his descendants just like that in front of him.

"die!"

The Ghost King of Forest Underworld yelled angrily, and crushed Qin Chen with a punch.

Boom!

This punch landed, and in an instant, the whole world changed color, and an aura representing triple transcendence, eternity and invincibility swept in, like a vast ocean, covering Qin Chen in an instant, and it was a powerful mess.

Although he is only a spirit body, the strength he can display is limited, but after all, he is a triple detached powerhouse. He just punches at will, and the terrifying power of rules he arouses turns into countless sharp blades, cutting the void and shattering everything.

"Hmph, good time."

On Qin Chen's body, the avenue of death rules bloomed, and a breath of all phenomena permeated, and the mysterious rusty sword appeared in his hand, filled with endless killing breath, and he just chopped towards the ghost king of the forest underworld. With a bang, the sword light collided with the forest ghost king's fist power, causing a violent explosion immediately. Qin Chen's mysterious rusty sword actually resisted the forest ghost king's fist power, and the sword light was shining brightly. Cut out countless gaps

mouth.

With a bang, the power of the fist blasted by the Forest Ghost King collapsed in an instant, dispersing the void.

"Ok?"

The Forest Ghost King was taken aback.

Although he is only a spirit body with less than one percent of his main body's combat power, he is enough to suppress the transcendence of the second-level peak, but now he is stopped by a first-level transcendence. How incredible is this?

Qin Chen grinned: "Three levels of detachment, that's all."

The Ghost King of Forest Underworld snorted coldly: "What are you being arrogant about? If I am in person, killing you is as easy as pie."

Qin Chen sneered and said, "Personally? If I annihilate your spiritual body directly, how will you know who killed you?" The Ghost King of the Dark Forest suddenly laughed. Although Qin Chen's combat power is not weak, But it is impossible to prevent his spiritual body from returning. Besides, if he doesn't kill this kid and avenge his son, how can he do it?

Can return to the body? "Boy, in this abandoned place, I don't know how many guys who dare to talk to me like you have died. The grass on each grave is three feet high. You think you have a little ability, and you can do it in this abandoned place." Are you invincible?

? This seat will let you know what will happen if you offend this seat. "

boom!

After the Forest Ghost King finished speaking, he shot again. In an instant, streaks of dark forest ghost energy lingered out, and quickly turned into a long spear in front of him, shooting towards Qin Chen.

Qin Chen activated the mysterious Rusty Sword, and slashed out with one stroke.

This is just a weapon condensed from the Dao. As long as it is not the Ghost King of the Dark Forest himself, he is naturally not afraid of such a direct collision.

What's more, he deliberately provoked the Forest Ghost King just to learn about his true strength and means.

Boom boom boom! Two people fight, it stands to reason that the eternal power of triple transcendence is enough to crush everything, even if a statue of double transcendence can't resist the ray of divine power of triple transcendence, especially in the underworld, the rules of the avenue of death itself are strong

Intense suppression, high-level rules against low-level rules, itself has the power of oppression. But the problem is that the Forest Ghost King is just a spirit body after all, and part of the death avenue controlled by Qin Chen comes from the Emperor Youming, which is the truly supreme rule of Taoism in the underworld.

Above the ghost king.

Ever since, the two quickly shot, and for a while, they were evenly matched.

No matter how the Forest Ghost King made a move, Qin Chen could resist it and counterattack quickly.
puff!

After fighting for hundreds of rounds, suddenly, with a flash of sword light, Qin Chen appeared at the side of the Forest Ghost King at some point, and directly chopped off the spear in the hands of the Forest Ghost King with his sword.

"This is all your strength?" Qin Chen sneered.

"Shuzi courts death."

The Forest Ghost King became angry from embarrassment, and a terrifying ghostly aura permeated his body in an instant.

"Ghosts are coming!"

Woo hoo!

In an instant, the color of the sky and the earth changed, and the entire hall turned into a forest-like hell, and various ghost cries and howls sounded. This was the most powerful forest power of the forest ghost king.

In the ghostly aura, countless ghost-like phantoms appeared, each with a hideous face, eroding Qin Chen crazily.

This force was extremely cold and terrifying, and it enveloped Qin Chen in an instant, penetrating into Qin Chen's body continuously, trying to corrode his physical body.

"Hahaha, being shrouded by the power of the dark forest of this seat, even if your strength is as high as the sky, you must obediently become the food of this seat."

The Forest Ghost King laughed ferociously.

As long as it is not a strong man of the triple detachment level, it is impossible to resist the erosion of his dark power.

"yes?"

Qin Chen felt the dark breath pouring into his body, and instead of being shocked, he exuded ecstasy.

"Swallow!"

boom!

The avenue of death in Qin Chen's body operated in a regular manner, and a strong desire to swallow surged out, melting and absorbing the triple detached breath of the Forest Ghost King little by little. The power of this Forest Ghost King is the real triple transcendental power. Although this is just his spirit body in front of him, there is no difference in the essence of the power. The strands of triple transcendental power are swallowed by Qin Chen. Suddenly, Qin

The black light flickered on Chen's body, and his aura was constantly consolidating.

Great tonic.

It is really a great supplement.

The ecstasy in Qin Chen's heart at this moment was simply indescribable.

In fact, Qin Chen wouldn't be able to do this if he was any triple transcendent powerhouse in the universe sea.

The triple detachment represents the most eternal power in the universe. This kind of power is eternal, so how can it be so easy to swallow? If you are not careful, you will explode and die.

But this is the underworld.

The underworld represents the dark side of the cosmic sea. The power here and the power in the cosmic sea are originally a fusion of yin and yang, and there is a complementarity between the two.

This also made it easier for Qin Chen to swallow this power.

In addition, the Forest Ghost King at this moment is just a spirit body. Although the power of the forest ghost of the triple detachment level is strong, it is not thick. All of this allows Qin Chen to quickly devour this person's body strength.

boom!

Black light lingered all over Qin Chen's body, and the source inside his body became more and more perfect and natural.

Qin Chen was ecstatic, and opposite, the Forest Ghost King was stunned.

Why doesn't my forest energy work anymore? The boy in front of him has been surrounded by the spirit of the forest for a while, but he didn't respond?

come again.

The Ghost King of the Dark Forest couldn't believe it, he increased the output of the Spirit of the Dark Forest, whimpering, all kinds of whimpering sounds resounded throughout the world, such a force can corrupt everything in the world.

However, no matter how he used it, Qin Chen on the opposite side still showed no signs of being annihilated. On the contrary, the aura on his body seemed to have faintly improved.

wrong!

The Forest Ghost King was suddenly startled.

As a triple detachment, his perception is so sharp, no slight change can escape his perception, the breath of the guy in front of him does not seem to be improving, but is really improving.

Come on!

The Forest Ghost King finally felt something was wrong.

The guy in front of him was actually absorbing the spirit of darkness that devoured him, no wonder he didn't react at all.

It's terrifying to think that a small one-level detachment can swallow the power of a three-level detachment powerhouse like him.

At this moment, the Forest Ghost King finally felt something was wrong.

He is just a spirit body, belonging to the rootless duckweed, and cannot continuously display the spirit of darkness at all. If the body is here again, if others want to devour his spirit of darkness, he will be able to support the opponent to death.

But now...

Once his spiritual power is exhausted, without the existence of his body, and his combat power cannot be replenished, then he will be in trouble.

"My son, it's weird! I can't go on anymore." Ghost King Sen Ming was startled, he didn't want to "die" here, although the shattering of this spirit body had little effect on his body, but this spirit body had gained A lot of information, such as his son died before this kid

Hand, another example, this kid is so evil, he must be killed, otherwise it will become a serious problem.

Hey, he moved around without any turning point at all, and he shot straight into the sky, and was about to leave here without giving Qin Chen any time to react.

Qin Chen, who was devouring the spirit of the forest, suddenly opened his eyes: "Is it so easy to leave without my consent?"

The Forest Ghost King sneered: "I want to leave, can you stay?"

He stood up forcefully and was about to leave this world, but before he had time to leave this hall, there was a bang, as if he had hit a wall, and the whole person suddenly backed up.

It's a space barrier.

I don't know when, in this world, a space barrier was formed, blocking all the surrounding space.

He will be blocked, which is not surprising to the Forest Underworld Ghost King. After all, the other party is not an idiot, and it is not impossible to make more preparations.

But the point is, he is triple detached, how can the opponent's space magic stop him?

Qin Chen jumped up and came to the opposite of the Forest Ghost King: "I've said it, I will never let you leave, why don't you believe it?" The comprehension and mastery in the source is the powerhouse who almost killed the Nether Emperor. Under Qin Chen's active operation, even if the Senming Ghost King is a triple detached powerhouse, it is only a powerhouse.

The spirit body, don't want to be easily shaken and leave.

"I still don't believe it."

The Forest Ghost King roared and soared into the sky again.

How could Qin Chen allow the other party to act so recklessly, he jumped out and killed the Forest Ghost King.

"Shua!"

Countless sword lights lit up and turned into a black cage, trapping the Forest Ghost King in it for an instant.

"Hmph, ghost king avatar."

The Ghost King of Forest Underworld snorted coldly, and with a bang, at the moment when Qin Chen's sharp sword split, his spiritual body exploded in an instant, turning into dozens of streamers, and shooting out in all directions. The current value of his spirit body is not to kill Qin Chen, but to leave this place and return to the body, taking away a lot of information about this person. Therefore, he took the initiative to blow up his spirit body and divided it into dozens of separate bodies. body leave

, his goal was achieved.

He didn't believe that with the other party alone, he could still stop him with so many splits?

"Myriad Gu Mingzu, don't watch the show."

Seeing this, Qin Chen snorted coldly.

"Quack, less dust, my subordinates have been waiting for a long time."

Accompanied by the sound of excited laughter, with a bang, Wangu Mingzu suddenly appeared in the world.

Facing a spirit body with triple detachment, how could Qin Chen not hold back?

"Death is coming." As soon as Wangu Mingzu appeared, an astonishing aura burst out from the skull crystal. In an instant, the void in the entire hall boiled instantly, and countless death auras descended like a tidal wave. , for a moment

Covering all the void in the entire hall.

"This breath, you..."

The Forest Ghost King looked terrified.

The aura emanating from Wangu Mingzu in front of him is actually much more terrifying than his triple detachment, who is this strong man?

His eyes suddenly fell on Wangu Mingzu.

"No, you are just a remnant soul."

Seeing the skull crystal in front of him, the ghost king of Sen Ming was stunned.

"Damn, so what about a remnant soul, it's not easy to destroy your spirit body, his grandma, you kid actually dare to look down on this ancestor."

Wangu Mingzu was furious.

What kind of look does the other party have?

How dare you look down on yourself.

boom!

The endless breath of death descended in an instant, covering all the spirit bodies shot out by the Ghost King of the Underworld.

At this time, Qin Chen had already arrived in front of the Senming Ghost King, and slashed down with a sword.

"die!"

puff!

Under Qin Chen's attack, the divisions of the Forest Ghost King shattered one by one, turning into a pure forest breath, which was quickly restrained by Qin Chen. The ghost king of Senming was frightened and struggled constantly, but the situation was stronger than others, and it was useless for him to resist. Since Qin Chen decided to take action, he would never leave any hidden dangers, otherwise he would just provoke a triple detachment and what would he do? idle

Do you have nothing to do?

What's more, there is also the ancestor of the myriad bones rushing aside.

In just a moment, all the spirit bodies of the Forest Ghost King were shattered and killed by Qin Chen.

The spiritual body of the Forest Ghost King finally let out an unwilling roar, and was completely wiped out.

at this time. On top of the endless dark ocean, the Forest Ghost King was startled suddenly, and was almost hit by a terrifying tentacle. Fortunately, there was another Triple Transcendence beside him, who helped him in time and resolved the crisis for him.

In other words, he will definitely be slightly injured by this blow.

"Brother Senming, what's going on with you?" Another triple detached man asked with a frown. He was in the middle of a fierce battle with a powerful enemy. How could this ghost king of Senming be distracted at this time?

The dark ghost king's face was extremely ugly, and there was endless shock and anger in his heart: "The spirit body left in my son Mingxu's body suddenly disappeared."

"The spirit body disappeared?" The strong man shrank his pupils: "You mean your son Mingxu is dead? Who did it? It's even impossible to bring your spirit body back?"

The Forest Ghost King is a giant in this abandoned land, how would ordinary people dare to provoke him? Moreover, his spiritual body is still entrusted in his son's body. When his spiritual body is annihilated, it means that someone killed his son.

At a time like this, who did it? What exactly is the other party going to do?

The Ghost King of Senming's eyes were ferocious: "My son Mingxu is searching for fresh souls for my Ghost King Palace to open the forbidden area. Anyone who dares to kill him must be the master of other restricted areas in this abandoned land."

boom!

A terrifying aura suddenly swept from the body of the Forest Ghost King, and the void within a radius of ten thousand miles boiled instantly, and the surface of the Dead Sea below directly set off huge waves. In the sea water, you can see a huge octopus that stretches thousands of miles, waving its huge tentacles, and there are countless strong men surrounding this octopus, and attacks are falling on it like a storm. chapter

On the body of the fish monster, there were only tiny wounds left on the octopus.

And when the countless tentacles of the octopus twitched, many strong men were blown up one after another and fell on the spot.

The main force here is still the Ghost King of the Underworld and the triple detachment powerhouse beside him. "Brother Senming, let's forget about it. Now that the Dead Sea forbidden area has been discovered, the masters of all the forbidden areas want to be the first to obtain the method and quota to leave the Dead Sea forbidden area. How dare the master of the forbidden area kill you in secret and destroy your son?" one of your spirits

, this person definitely has ulterior motives. But our top priority is to destroy this Wraith Beast first and get the Wraith Heart, which is also the key to opening the forbidden area. "

The triple detached said in a deep voice. It is definitely only possible for other restricted area masters to be able to destroy a spirit body of the Ghost King of the Forest Underworld. Ghost King's Spirit

There is no chance of even escaping back.

The ghost king of Senming's eyes flickered coldly, and said ferociously: "It's okay for Mingxu to die. Anyway, I have a lot of sons. If one of them dies, they can be reborn. But this person dares to destroy a spirit body of this seat, and this seat will never let it go."

boom!

Endless murderous aura swept out from the body of the Forest Underworld Ghost King.

"When I return to the abandoned city, I must find the murderer and destroy him."

The words fell.

The Ghost King of Forest Underworld erupted with endless ghost energy, and slammed down the octopus below.

boom!

The monstrous aura erupted, blood burst out, and the Ghost King of the Underworld directly entered the interior of the ghost beast and fought against it.

After a while.

The blood stained the pitch-black sea surface, and the huge corpse of the ghost beast slowly floated up, and the ghost king of the dark ghost stood on the ghost beast covered in blood.

"Leave immediately, return to the abandoned city!"

The Forest Ghost King said in a cold voice, full of murderous aura.

"yes!"

In the void, countless powerful men shouted loudly, with murderous aura.

And when the Forest Ghost King returned to the Abandoned City.

boom!

In Qin Chen's body, countless forces converged, and the aura in his body rose to the extreme in an instant.

An eternal and inexhaustible feeling circulated in Qin Chen's body, blooming with a magical rainbow, as if he had become a triple detachment.

But obviously, this is just an illusion.

"call!"

Letting out a breath, Qin Chen murmured: "Sure enough, the power of triple detachment is worth absorbing."

There was a sparkle in his eyes.

Before, after killing the spirit body of the Forest Ghost King, Qin Chen directly devoured the rules contained in this spirit body.

And the aura on his body became stronger and stronger.

"If I can devour a triple transcendent powerhouse, I am afraid that not only will I be able to directly step into the realm of double transcendence, but I will be able to take it a step closer?"

Qin Chen's heart skipped a beat.

But he also knew, how could triple detachment be so easy to devour? Such characters are all giant-level powerhouses. If you want to kill one, it is definitely not something you can do now.

However, taking the second place, if a strong person at the double detachment level can devour it, there may be a lot of benefits.

"Wan Gu, you searched their souls before, so you should know what forces are in this abandoned land?" Qin Chen suddenly looked at Wan Gu Ming Zu.

"There is little dust, most of them have understood." Wan Gu Ming Ancestor said.

Qin Chen nodded: "Very well, then do you know, besides those forbidden forces, there are other casual cultivators with detachment around here?"

"Young Master Chen, do you want to..."

Wan Gu Ming Zu was startled.

"That's right, if you want to improve, there is only one way. Besides, if you want to recover, don't you need a lot of origin?"

Qin Chen looked at Wangu Mingzu, his eyes flickered: "However, there is another way."

In three months, it is not an easy task to have a place in this abandoned place, Qin Chen must be radical.

"Leave here first, the Forest Ghost King may come at any time."

Qin Chen would not underestimate any triple detachment statue. In the underworld, a world where the weak prey on the strong, underestimating anyone may cause serious consequences.

Swish!

Immediately, Qin Chen quickly swept out of the hall with Wangu Mingzu.

However, when he left the hall, he was suddenly stunned.

I saw many people standing densely in front of the Great Hall of Heiyun Mountain, and the leader was Gou Wa, who looked at him respectfully.

"Goofy, what are you?"

Qin Chen frowned. Why haven't these guys left yet?

[Chapter 5285: Yin and Yang eyes](#)

"Senior, we are here to thank you for saving your life."

Gou Wa hastily said respectfully.

Beside him, stood a little girl in a red dress. The little girl had braids on her head, and her eyes were big and bright. She should be Gouwa's younger sister.

And behind Gouwa, there are countless clansmen from the underworld, many men and women, and each of them is young and vigorous, in the prime of life, when the soul power is the strongest.

But in terms of cultivation, these people are all average, even the strongest are no more than the Supreme Realm, the weak are only the Venerable Realm, and even the Holy Master Realm.

Notice.

The underworld exists at the same level as the cosmic sea, representing the dark side of the cosmic sea. Back then, the army of the underworld even invaded the cosmic sea and set off huge waves in the cosmic sea, causing a huge disaster. If a master-level powerhouse is in the original universe, it is indeed good, and even in some small places can be called a master, but it is not enough to put it in the entire initial universe, let alone put it in the universe.

.

And the same is true of the underworld.

This abandoned place is a place where countless underworld powerhouses are imprisoned. The environment is harsh, and ordinary people cannot survive at all.

Moreover, the people who were able to be imprisoned in the abandoned place back then were all masters from all over the underworld, and the weakest one was also at the level of detachment. The clansmen here are actually the blood left by these criminals and strongmen in countless epochs for hundreds of millions of years. Because of countless years of reproduction, the bloodlines have degenerated, resulting in a sharp drop in cultivation, but no matter what, every clansman in the underworld here

They all have the blood of the strong in their bodies.

So once these people become adults, they are at least at the level of the Holy Master.

"In this underworld, there are indeed masters like clouds!"

Qin Chen thought to himself.

If such a group of people were brought to the original universe, they would probably shock the world, but here, they are just ordinary villagers who have been oppressed.

"You don't have to thank me, it's just a handy job."

Qin Chen just sighed with emotion in his heart, and said lightly: "Thank you all now, you all go, go back early, I guess the family members are also waiting anxiously."

"senior."

At this moment, Gouwa suddenly knelt down with a thud: "We don't want to go back, so please let senior take me in. I'm willing to be an ox and a horse, and serve senior."

Behind him, the rest of the human clan also knelt down with a thud.

"I am willing to follow the adults and contribute to the adults."

All these tribesmen hurriedly said.

Qin Chen was stunned.

Oh shit.

what's the situation?

Are you so attractive?

He frowned slightly and said, "You want to follow me? Why?"

"this..."

Gouwa faltered and hew, and kept glancing at the little girl beside him.

Qin Chen also looked at the little girl. "Sigh." The little girl sighed, and walked out slowly, without the fear that other people had in her eyes, and said: "Senior, you destroyed the Black Cloud Pirates, and you must have angered the people in the abandoned city. Black Cloud Mountain can be in the abandoned land

Standing on his feet, the one behind him is the Palace of the Ghost King, a forbidden force in the Abandoned City. ""And I heard that you killed the young master of the Ghost King Hall before, senior. when,

We cannot escape the same fate of being sacrificed. "

"So only by following you, senior, will we have a chance."

The little girl said calmly and firmly.

Others also nodded one after another.

Qin Chen asked them to go back, but where could they go back? At that time, if you are run over by people from the Ghost King Palace, you will die sooner or later.

"what!"

Qin Chen was surprised.

This little girl actually has such an opinion.

He couldn't help but look at the other party, and Qin Chen was taken aback for a moment.

Because this little girl has a special temperament, she doesn't have the lifeless feeling of other underworld people, but feels full of life instead.

This feeling is extremely strange, but extremely clear.

"boom!"

As soon as Qin Chen raised his hand, he immediately grabbed the little girl in his hand.

"Senior, spare my sister."

Gouwa panicked and shouted hastily.

On the other hand, the little girl looked at Qin Chen calmly, without any panic.

"Aren't you afraid that I'll kill you?" Qin Chen looked at the little girl and said with a smile.

"Senior is not a bad person, I'm not afraid." The little girl puffed up her chest, her eyes were calm.

"Oh, how do you know I'm not a bad person?" Qin Chen smiled. "If the senior was a bad person, he wouldn't have saved us just because of my brother's words, and for the senior, it would be of great benefit to the senior if he devoured our souls, but the senior was willing to let us go, Place

The predecessor must not be a bad person. "The little girl swears.

"Hahaha, I don't devour you, it's just because your cultivation base is too low, and devouring you won't do me much good, otherwise, I would have devoured you long ago." Qin Chen said with a straight face on purpose.

"certainly not."

The little girl shook her head: "Senior has strengths in his body that can complement ours. Even if our cultivation base is low, if senior swallows us, it will be good for us."

"Ok?"

Qin Chen's pupils shrank, what does this little girl mean?

"How did you know?"

Qin Chen's face turned cold, and he quickly looked at the little girl, his expression becoming vigilant.

"I just can see it, my eyes have been very different since I was a child, and I can see a lot of things that other people can't see."

The little girl looked up at Qin Chen. At this time, Qin Chen was shocked to find that the little girl's eyes had turned into two colors of yin and yang, and the pupils of the eyes moved slowly, with a feeling of seeing through everything.

"Yin Yang eyes!"

Whoosh!

Wangu Mingzu suddenly appeared and said in shock.

"Yin-yang eyes? What's that?" Qin Chen frowned. "The Yin-Yang Eye is a very special constitution in my underworld. It is rumored that there is no one in a billion. It is also called the Eye of Life and Death. This kind of eye can see through life and death, and see through Yin and Yang. All illusions and things in the underworld are separated by these eyes. nothing to escape

It is even rumored to be able to see through the life and death avenue of the underworld. "

Wangu Mingzu looked at the little girl in shock, "How is it possible, how could this person have yin and yang eyes? Impossible, I must have made a mistake."

Wangu Mingzu murmured, with shock in his tone.

"You..." Seeing the skeleton crystal of Myriad Bone Nether Ancestor, the little girl hurriedly took a step back, and said with some fear, "There are so many bones, senior, why are you covered with bones?"

"That's right, it's yin and yang eyes."

Wangu Mingzu said in shock.

This time, he spoke with absolute certainty.

"bone?"

Qin Chen looked at Wangu Mingzu. Wangu Mingzu excitedly said: "There is little dust, there is no mistake. The body of the subordinate is composed of countless bones, so it is called the Wangu Mingzu. Although there is only one remnant soul left in the subordinate and lost the body, but Subordinate soul essence, or

Exactly the same as the body. However, it is difficult for ordinary people to see at all, even the peak of triple detachment may not be able to find it, but this person can see the body of his subordinates, there is absolutely no other possibility except Yin and Yang eyes. "

Wangu Mingzu excitedly said.

This is the yin and yang eye. The rumored existence in the underworld can see through everything in the underworld, and no one can hide under the yin and yang eye.

"Yin Yang eyes?"

boom!

In Qin Chen's body, a terrifying aura instantly entered the little girl's body.

How could an ordinary little girl have yin and yang eyes?

Qin Chen didn't believe in such things the most.

However, no matter how much he explored, Qin Chen didn't find anything amiss in the little girl's body.

"Strange? Look at her soul sea."

The next moment, Qin Chen directly infiltrated his consciousness into the little girl's soul sea.

But before he had time to investigate, an inexplicable sense of crisis suddenly came from Qin Chen's mind, as if something bad would happen as long as he dared to spy on the little girl's soul.

An inexplicable breath quickly diffused from the little girl's mind, and was about to enter Qin Chen's body in an instant.

"not good!"

In an instant, Qin Chen's hairs stood on end, and a strong sense of crisis came suddenly.

This sense of crisis is so strong that it is not only a hundred times, a thousand times stronger than the previous Forest Ghost King?

boom!

Qin Chen was about to activate the Hall of Ten Tribulations in his body immediately, and now the Hall of Ten Tribulations was Qin Chen's top treasure.

However, before Qin Chen could urge him to move, he suddenly felt this breath, and with a buzzing sound, the mysterious rusty sword in Qin Chen's body trembled violently.

Swish! The mysterious Rusty Sword suddenly appeared in front of Qin Chen, trembling violently, as if it resonated with the power in the little girl's body.

[Chapter 5287: Completion rules](#)

Completion rules

Qin Chen smiled and said, "What's the matter?"

The little girl shook her head hastily: "No...it's nothing."

Qin Chen smiled. He knew that the little girl must have seen something, such as the breath of Emperor Youming.

Yin and Yang eyes of life and death.

Sure enough!

"Okay, you go in. In this ancient tower, there is a small world. This small world belongs to me. You can live in it. When I leave this abandoned place and go to another place in the underworld, if you want to leave, This young master will also let you go." Qin Chen said lightly.

"Master Ben?"

Gouwa looked at Qin Chen, this senior doesn't look young, he has always called himself the seat before, why did he suddenly become less?

The little girl hurriedly tugged on Gou Wa's sleeve, bowed, and said, "Thank you, big brother."

Big brother?

Qin Chen smiled.

This little girl is interesting, she should have seen her true face.

Yin and Yang eyes of life and death? Really so awesome?

At this moment, Qin Chen even wanted to find a pair for himself.

"Smile, how can you be so rude to seniors, thank you seniors." Gouwa was so frightened that he hurriedly scolded the little girl, and then saluted Qin Chen.

"Thank you, senior."

Others also saluted one after another.

"go in."

Qin Chen raised his hand.

boom!

A pitch-black vortex suddenly appeared in front of everyone, the little girl took the lead, and Gouwa was the first to enter the vortex, and then others entered the vortex one after another. In just a moment, many young underworld people gathered here The living beings have completely disappeared.

"Young Master Chen, do you really want to protect them?"

On the side, Wangu Mingzu said speechlessly: "These little guys are just ordinary people in this abandoned land. Except for the little girl with the yin and yang eyes of life and death, there is no benefit or meaning for others to protect them, but it is a trouble. ."

"It's just a little effort." Qin Chen glanced at Wangu Mingzu: "Besides, sometimes, helping others is not just for reward."

"Why not for repayment?" Wan Gu Mingzu blinked his eyes, the underworld is a world where the weak prey on the strong, and he couldn't think of any other reason at all.

Suddenly, as if thinking of something, Wangu Mingzu suddenly became excited and said excitedly: "Hey, Young Master Chen, I know why you accepted them."

"Why?" Qin Chen looked over, he was very curious, what kind of insight did this Wangu Mingzu have.

Wangu Mingzu chuckled: "Young Master Chen, you must be for the purpose of nurturing, right? Well, first cultivate them slowly, and then wait for them to grow up and their souls become stronger, then devour their souls, strengthen themselves, and improve themselves. Strength, tsk, this is a good idea."

"Hey, but that's not right."

At this time, Wangu Mingzu was puzzled again.

"These people's cultivation base is so low, it's too troublesome to train them to grow up. It's better to find other strong people to kill and devour them. Young Master Chen, you are looking far away."

Wangu Mingzu scratched his head.

"boom!"

Before the words finished, Wangu Mingzu had already been slapped away by Qin Chen.

Qin Chen said with an ugly face: "I knew you were brainless, so I shouldn't have fantasies about you."

After the words fell, Qin Chen rose directly into the sky and pressed down with his palm.

boom!

In an instant, the entire Heiyun Mountain was turned into ashes.

The next moment, Qin Chen turned into a streak of light and disappeared without a trace.

at this time.

In the chaotic world.

Swish!

A group of people appeared here in an instant, it was Gouwa and the little girl.

"Wow, what is this place?"

"so beautiful?"

The little girl and others who appeared in the chaotic world were stunned for a moment when they saw the scene in the chaotic world, and their eyes sparkled.

Because, it is so beautiful here.

In the dark void, there is a galaxy suspended in the air.

This galaxy was built by the Nether Galaxy and Chaos Galaxy back then, constantly shining brightly.

Below, there is a beautiful mountain forest, in which there are gleaming green grass, and countless flowers and trees, and in the distance, there are majestic mountain peaks, towering above the clouds.

These things that are hard to see in the abandoned land are here.

"Is this the legendary green land? Isn't that something that only exists in another universe in the legend?"

The little girl and everyone squatted on the ground, feeling the tactile sensation of leaves brushing their palms, and fell in love with this place instantly.

It is so beautiful here.

Compared with the village where they lived, this place is like a fairyland.

And in front of them, there is a valley with some simple living places in the valley. These things are all fabricated by Qin Chen out of thin air. In the chaotic world, he is the **** here, so naturally he can fabricate whatever he wants. what.

But it was these ordinary things, for Gou Wa and the others, it was like heaven.

Moreover, in the sky, in addition to the vast galaxy, there are also sun and moon suspended.

The sun and the moon rotate, day and night alternate, forming a real world in a real sense.

"Brother, this place is so beautiful, I want to live here forever." The little girl murmured.

"Ok."

Gouwa was also extremely excited.

"Everyone."

At this moment, the little girl looked at everyone.

Everyone calmed down and looked at her.

The little girl calmly said: "Since the elder brother gave us a place to live, we naturally have to repay the elder brother, what do you think?"

"We also want to repay, but our cultivation base is so low, how should we repay?"

"Yes."

Everyone said one after another.

"It's very simple. You see, the world that big brother gave us to live in is actually not perfect." The little girl looked up at the sky and said, "The rules here are missing a part of the underworld. If we can complete the rules here, I believe it will definitely help big brother a lot."

"Completion rules?"

Everyone wondered: "The rules we practice are very weak, does senior need it?"

"needs."

The little girl affirmed: "When the chaos of heaven and earth first opened, it must be divided into yin and yang. There is only yang here, but no yin. In fact, it is incomplete. We only need to complete the yin part here. It doesn't need to be too strong. It can bring a lot of help to the big brother."

Is that so?

Everyone had doubts on their faces.

"Then I'll come first."

Gouwa was the first to sit cross-legged without hesitation.

boom!

In his body, a regular breath shot up into the sky instantly.

It is the rules of the underworld that he has cultivated and comprehended.

Although his cultivation level is only at the level of the earth venerable, his rule does not exist in the chaotic world, but when this rule was formed and appeared in the chaotic world, the entire chaotic world began to tremble in an instant.

boom!

A force representing Yin rose up.

what!

It really works.

Seeing this, everyone also sat down cross-legged.

Boom!

In an instant, one after another representing the rules and auras of the underworld soared into the sky, blending into this chaotic world in an instant.

The slow evolution of the entire chaotic world quickly solidifies in an instant, and it continues to become complete and perfect.

"Ok?"

Qin Chen, who was flying by, was stunned, stopped suddenly, and looked at the chaotic world in his body in shock.

"That is..."

Qin Chen's pupils suddenly shrank.

[Chapter 5288: surprise](#)

boom!

At this moment, Qin Chen felt that his chaotic world was undergoing earth-shaking changes.

"what happened?"

Qin Chen was shocked.

His chaotic world has already been extremely perfected, becoming an independent small world, and fused with the space in the ancient Yu Tower, it can be said that it is a cosmic world exclusive to Qin Chen. Especially after Qin Chen broke through detachment and merged with the origin of the heavens, he had a deeper understanding of the formation of the universe. It can be said that at least in Qin Chen's current cultivation level, if he wants to perfect the chaotic world, he has basically done his best.

Not anymore.

But now...

Feeling the chaotic world in front of him, Qin Chen was filled with endless shock.

Because his chaotic world is gradually improving itself.

"this is..."

Qin Chen's eyes fell on Gouwa and the others in the chaotic world. They sat cross-legged, releasing the rules and avenues they had comprehended in their bodies, and integrated into the world of the chaotic world.

And it was their actions that made the chaotic world gradually become more perfect. "People are divided into life and death, and yin and yang are born. My chaotic world is that I perfected it in the initial universe and the universe. fall from the sky

It fell once, and because of mastering some of the original rules of the Nether Emperor, it is actually not perfect. "Qin Chen murmured: "The underworld is an interface at the same level as the universe sea, but it's different in size. It represents the two sides of things, so the rules of the underworld should be tens of thousands and endless. and only by me

People, no matter how powerful they are, cannot control all the rules of the underworld in their lifetime, but now they..."

Qin Chen looked at the countless young creatures in the underworld around Gouwa. Although these people's cultivation bases are not high, they were born in the abandoned land. The people in the abandoned land are all extremely powerful existences in the underworld for hundreds of millions of years. Although these people have committed crimes, or committed crimes, or even wronged

In vain and targeted.

But it is undeniable that all those who can be imprisoned here are the best in the underworld.

Therefore, in their blood, they all have the extremely top rule avenue in the underworld.

These people in front of them are the descendants of countless strong men in the abandoned land for hundreds of millions of years. Even if their cultivation base is low, their thin blood still has the powerful rules of their ancestors.

And this is enough.

For the chaotic world, no matter how thin the blood is, as long as there is such a rule, it is enough.

Swish!

Qin Chen's figure flickered and disappeared suddenly. The next moment, he had already appeared in the chaotic world.

"senior."

Gouwa and the others sensed Qin Chen's sudden appearance, and stood up one after another, with apprehensive expressions on their faces.

What they did just now won't affect the seniors, right?

Qin Chen didn't speak, but looked at the entire chaotic world.

boom! The chaotic world is now a part of his body. Combined with Qin Chen, he has refined the origin of the heavens and merged with the heavens. When he entered the chaotic world and realized the gradually integrated and perfect way of yin and yang in the chaotic world, he

The breath on his body suddenly became deep and terrifying.

An unprecedented enlightenment appeared in his heart,

Qin Chen had a feeling that although his cultivation had not changed, his control over the Great Dao of the Underworld had already undergone an astonishing improvement.

It was a real surprise.

"You guys are very nice."

Qin Chen looked at Gouwa and the others, and suddenly raised his hand. In the chaotic world, a vast force of rules entered the bodies of the people below.

boom!

In an instant, an astonishing aura erupted from Gouwa and the others.

This is the rule in the chaotic world, and it represents the rule of the universe sea in the Yang world.

Qin Chen's perception can be improved by integrating the rules of the underworld. Gouwa and others in the underworld are supplemented by the rules and power of the underworld. In fact, they have improved more than Qin Chen.

At least Qin Chen had already understood the rules of the underworld, while Gou Wa and the others were first exposed to the rules of the universe.

boom!

It can be seen that Gouwa's aura is rapidly improving after he has integrated into the avenue of rules in the chaotic world input by Qin Chenguan.

Dizun!

God!

Supreme!

The pinnacle supreme!

In just a moment, Gouwa's cultivation has suddenly broken through from the realm of the earth to the realm of the supreme, and even the peak of the supreme.

Not only Gouwa, but also other people have made breakthroughs one after another. In an instant, many people have directly stepped into the Supreme Realm.

"this..."

Feeling the power in their bodies, these men and women in the underworld were stunned.

What kind of power is this that makes all of them break through to the supreme realm in an instant.

And that's all, they clearly feel that their supreme realm is different from that of other underworld clansmen. Their supreme realm is more vigorous and substantial, and the rules in their bodies seem to be perfect.

This feeling is something they have never had before.

"The unity of yin and yang will not only improve the cultivation of the people in the Universe Sea, but also greatly benefit the people in the underworld."

Qin Chen looked at Gouwa and the others below, and understood what the ancient emperor said before.

The rules of the yang world are indeed of great benefit to the people of the underworld.

As long as one absorbs enough of the Dao of the Laws of the Yang World, it is enough for the people of the underworld to make a qualitative leap and upgrade. What surprised Qin Chen even more was that after Gouwa and the others fused the power of the rules of the chaotic world, he discovered that there was a slight connection between the chaotic world and Gouwa. It was as if Gouwa and the others had become a chaotic world. the creatures

Same.

"You guys should practice hard next time." Qin Chen looked at Gou Wa and the others.

The words fell.

Swish!

Qin Chen disappeared suddenly.

"Senior is leaving now?"

Gouwa and the others looked at the empty sky in astonishment, with surprise on their faces.

The senior came in just to praise them, improve their cultivation, and then left?

That's great too, isn't it?

On the side, the little girl glanced at the surrounding world, but smiled slightly: "Brother, now that you have merged with this world, you don't have to worry about your big brother driving you away anymore."

"Merge into one?"

"What's the meaning?"

Everyone else looked over curiously.

"Before you were able to improve because the big brother integrated the rules of these worlds into your body and completed the rules in your body, so you were able to improve so much at once." "But, from now on, everyone will Then they will become the creatures of this world, no longer the people of the abandoned land. At the same time, everyone's life will be controlled by the big brother, because the big brother is the master of this world, and become

For the creatures here, it is equivalent to becoming a citizen of the big brother. "

The little girl explained.

"That's it."

Everyone became excited, "So, we are united with senior?" The little girl nodded: "That's right, if you practice, you will not only improve your cultivation, but also help the world grow. As this world grows, everyone's cultivation will also improve. The reason why everyone failed to break through

Breaking through detachment is because the power of this world is not strong, but as long as this world becomes stronger, everyone here can step into the realm of detachment. "

"Haha, is that so? That's great too."

"Then what are you waiting for, hurry up and practice."

The words fell.

Many people present were sitting cross-legged, practicing one after another, all extremely excited.

As long as this world improves, their cultivation base can also improve accordingly, isn't this too cool?

Feeling everyone's excitement, the little girl's eyes flashed a trace of doubt: "Does everyone mind?"

"Do you mind, what do you mind?"

"Do you mind being a citizen of this world, with your life under the control of your elder brother?" The little girl said, "In this way, won't everyone lose their freedom?"

"Hahaha, what do you care about?"

Hearing the little girl's words, the others all burst out laughing.

Gou Wa said: "Sister, in fact, my brother has long wanted to be a citizen of the abandoned land. I don't want to stay in such a dark place for even a second."

"Yeah, this place is so good. Is there anything wrong with being a creature here? Besides, if it wasn't for seniors, I would have died in Heiyun Mountain long ago. Isn't it natural that my life is controlled by seniors?"

"Smile, you just said that we seem to be in an abandoned place, where life and death can be controlled by ourselves, hahaha, where, our life and death are also controlled by others, but here we have our freedom."

"That's right."

Everyone else laughed too. Hearing this, the little girl was thoughtful.

[Chapter 5289: there are good things](#)

outside world.

Swish!

Qin Chen appeared outside the Ancient Yu Pagoda, excited.

boom!

He stimulated the aura in his body, and a vast original aura shot up into the sky in an instant, tearing a huge gap in the sky above his head, and the power of rules and regulations continued to dissipate.

"I rely on it!"

On the side, Wangu Mingzu was stunned, why did Young Master Chen disappear for a while, and his strength became a lot more terrifying, is this guy still human?

On the opposite side, Qin Chen ignored Wangu Mingzu's shock and was very excited.

At this moment, he clearly felt that after the chaotic world had been supplemented a little, the origin in his body also had a slight increase.

The extent of this slight increase is even similar to the improvement after he absorbed the rules of the God Venerable Heiyun and others. That is to say, ordinary people like Gouwa whose cultivation base is far inferior to those who are detached from powerhouses such as God Venerable Heiyun and Old Eagle, just because they have completed the laws of the chaotic world, Qin Chen has a better understanding of the avenue of the underworld. a big improvement

.

"Unexpectedly, the chaotic world has such an effect."

Qin Chen was excited. The chaotic world can be said to be one of his natal magic weapons. When the chaotic world is improved, his cultivation base will naturally increase accordingly. What makes Qin Chen even more excited is that Gouwa and the underworld people only need to live in the chaotic world. build

Refining can complete the chaotic world.

Moreover, as long as they merge with the rules in the chaotic world, they will become a part of the chaotic world, and life and death will be controlled by the chaotic world.

"In this way, as long as anyone merges with the rule road in the chaotic world, they will be completely under my control and become a part of the powerful chaotic world."

Qin Chen murmured, his eyes gradually brightened.

One must know that Gouwa and the others are only cultivators of the Earthly Venerable, so they can be of such great help. If they can control some detached powerhouses, how much improvement can they have?

Isn't this more than ten times stronger than directly devouring those detached powerhouses?

Moreover, after they are fused with the rules in the chaotic world, their cultivation can be improved, and they will also be under their own control and become their own subordinates. This is simply killing two birds with one stone.

At this moment, Qin Chen was even a little annoyed that he had directly killed God Venerable Heiyun and Old Eagle.

"Go, Wan Gu, quickly take me to the nearest detachment force."

Qin Chen narrowed his eyes and said excitedly, he couldn't wait to try it out.

Although he didn't know why Qin Chen was so excited, after hearing Qin Chen's order, Wan Gu Mingzu led the way without saying a word.

However, Qin Chen flew all the way for a long time, but he didn't see any shadow of detached forces.

"Wan Gu, are you reliable? Where is the detachment force you mentioned?"

Qin Chen couldn't help frowning and asked.

With his strength, he might have covered countless distances in such a long time. If the direction was right, he would have already arrived. But now, looking at the vast dark mountains in front of him, Qin Chen was almost speechless.

"Well, Shao Chen, wait a minute, according to the information obtained from the soul search, there is indeed a detached force nearby, let's look for it again."

If Wangu Mingzu had a physical body, he probably couldn't help but wipe off his cold sweat.

Qin Chen didn't bother to say any more, and continued to fly according to Wangu Mingzu's command.

Another few hours passed.

Qin Chen looked at the dazed world around him and was completely speechless.

"Wan Gu, do you know?" Qin Chen asked with an ugly expression.

He has already made a big circle in the vicinity according to the command of Wangu Mingzu. Wangu Mingzu hastily explained: "Young Master Chen, this... may be that the information obtained by the subordinates is out of date, or a certain faction may have been wiped out, of course, it may have been relocated, so..."

"

Qin Chen glanced at Wangu Mingzu: "Okay, I trust you, then tell me where we are now."

"this..."

Wangu Mingzu circled around and said doubtfully: "Based on the route we took before and the nearby geography, this may be near Wanjie Mountain."

"Myriad Tribulation Mountain, are you sure?"

"Uh, it may be near Youhun Ridge, um, Youhun Ridge." Wangu Mingzu hesitated for a moment, then hurriedly said again.

Qin Chen frowned: "Are Wanjie Mountain and Youhun Ridge two places close together?"

"This... barely counts."

"Reluctantly? Yes, yes, no, no, what is forced?" Qin Chen's heart sank, and he suddenly felt something bad: "Tell me, if you rely on flying, how long will it take to cross the two places?"

"Well, Yi Chenshao your previous speed, about three days..."

"boom!"

Qin Chen slapped Wangu Mingzu away with a slap.

Oh shit.

No wonder I didn't find the detachment force for a long time.

Dare to feel that the Myriad Bone Nether Ancestor is simply lost.

At this moment, Qin Chen even has the heart to abolish the Wangu Mingzu.

Tangtang, who was once a triple peak detachment, lost his way in the underworld. Fortunately, Qin Chen has a good temper, otherwise he would have eaten all the bones of Mingzu's heart.

A proper piece of trash! "Young Master Chen, listen to my explanation." Wan Guming Zu swipe, returned to Qin Chen, and said awkwardly: "The Heiyun God Venerable and the others are only familiar with the Ghost King Palace, and they rarely go to other places. I may have missed it when searching for the soul

Some things, so I can't find the way for a while. You wait for me, give me another chance, I will find the right way right away. "

Wangu Mingzu said anxiously.

This is the person whom the emperor entrusted to listen to his orders carefully. In case Qin Chen is dissatisfied, when the emperor wakes up, will he still have good fruit to eat?

"Give you another chance? Forget it, you might as well believe in myself."

Qin Chen didn't bother to pay attention to Wangu Mingzu. This guy has never been reliable.

Raise your hand.

boom!

The little girl who was originally in the chaotic world appeared directly beside Qin Chen.

"Brother, do you need Xiaoxiao to help with anything?"

After the little girl appeared, she was not surprised or surprised at all, but looked at Qin Chen obediently and asked.

Qin Chen touched the little girl's head, nodded with a smile, and said, "Xiaoxiao, please help me see which direction has the aura of the strong around here."

"Aura of a strong man?"

The little girl was thoughtful, then she raised her head and looked around.

hum!

Suddenly, the pupils of her eyes turned slowly, and an invisible energy burst out from her pupils, staring at the surrounding world.

"what!"

After looking at it for a long time, the little girl suddenly frowned, looked at a certain place in the distance, and suddenly there was a trace of surprise in her mouth.

"Why, did you really see the strong man?" Wan Gu Ming Zu hurried forward.

Is the yin and yang eye of life and death really so magical?

"Big brother, there are good things over there." Seeing that the little girl ignored Wangu Mingzu, she suddenly said excitedly.

[Chapter 5290: dead sea springs](#)

nice one?

Qin Chen was startled.

Wangu Mingzu was also stunned. He raised his head and looked in the direction the little girl said. There was a vast world, extremely desolate, under the dark sky, the hurricane flowed, and there was no difference at all.

"There's nothing there?" Wan Gu Ming Zu stepped forward and asked in confusion, "Why can't I see the good things you said?" The little girl ignored Wan Gu Ming Zu's inquiry and looked up at Qin Chen excitedly: "Brother Brother, I don't know exactly what it is, but there is indeed a strong aura in that direction, and it is getting stronger and stronger

, This aura is so strong and terrifying, it must be something good. "

The little girl looked a little excited.

It was the first time for Qin Chen to feel such an excited look from a little girl, and he couldn't help but look up in the direction the little girl was pointing.

There, the pitch-black mountains stretched, forming a barren hill with few people.

This is the abandoned land, desolate everywhere, not to mention people, not even a ghost.

Qin Chen looked at it for a while, and there was indeed nothing there, as Wangu Mingzu said.

However, Qin Chen didn't restrain himself, and the source in his body suddenly turned.

hum!

Between his brows, a soul eye suddenly opened, and a dim light bloomed, penetrating into the endless sky.

It is the eye of creation. The Eye of Creation is the supernatural power that Qin Chen condensed in the initial universe back then. It can see through all the essence in the initial universe. Now that he has entered the underworld, Qin Chen has re-condensed it with the rules of the underworld, forming the unique power of the underworld.

eye of creation.

In an instant, the scenery in front of Qin Chen changed. It was no longer some desolate scene, but a flowing avenue, and the breath of various avenues circulated, evolving various unique dynamics.

"That's..." When Qin Chen activated his eyes of creation, in the dark, he could see a unique change in the distant world, but this change was extremely extreme. If it hadn't been for the little girl's reminder before, Chen himself is afraid that it is impossible

Discover this change.

Could it be that is the good thing Xiaoxiao said?

"Walk!"

Thinking of this, Qin Chen didn't even hesitate, and took the little girl's hand directly, and flew in that direction.

"Young Master Chen, wait for me."

In the rear, Wan Gu Ming Zu hadn't realized what happened, Qin Chen had already disappeared into the void in front of him, and Wan Gu Ming Zu hurried to catch up.

It has to be said that Wangu Mingzu's speed was still very fast. After a while, he had already caught up with Qin Chen, and then saw Qin Chen holding the little girl's hand and flying quickly. didn't care.

"Big brother, go in that direction, yes, over there..."

Along the way, the little girl kept pointing in front of the road, but Wan Gu Ming Zu couldn't even intervene, which immediately made Wan Gu Ming Zu's face as black as an iron pot.

He had a vague feeling that with the little girl behind him, he might fall out of favor.

No, you must perform well in front of Young Master Chen.

Wangu Mingzu couldn't help cheering himself up secretly.

Led by the little girl, about an hour later, Qin Chen and his party came to the sky above a barren hill.

"Big Brother, it's right below."

The little girl pointed down.

Qin Chen looked down, and saw that there was nothing below, only some waste rocks, it was extremely empty, and at first glance, there was nothing at all.

However, due to his trust in the little girl, Qin Chen quickly settled down.

"Young Master Chen, there is nothing here? Little girl, did you read it wrong?"

Wangu Mingzu circled around, found nothing, and returned to Qin Chen's side, secretly happy in his heart.

I thought this little girl was capable, but she turned out to be pretty.

Qin Chen looked around carefully, his consciousness slowly dissipated, the surroundings were empty, indeed there was nothing, just like other places, there was nothing special about it.

"Big brother, that thing is down there."

The little girl pointed to the ground in front of her and said.

"under?"

Wangu Mingzu and Qin Chen looked over.

Between Qin Chen's brows, the Eye of Creation appeared. Seeing this, he was stunned. Indeed, there was a strange fluctuation in the rules of the underworld in front of him, as if disturbed by some force.

"Pretentious." Wangu Mingzu didn't see anything, he rushed to the sky above the open space, and said to Qin Chen: "Young Master Chen, although this little girl has the yin and yang eyes of life and death, she comes from a small place after all. , don't know what's good, here

It's empty, how can there be any treasure? "

"Young Master Chen, I think you should follow me."

As soon as the words fell, Myriad Bone Mingzu punched the open space below hard.

With a bang, the earth split open, and a huge hole appeared.

Wangu Mingzu said: "Look, Young Master Chen, there is obviously nothing down here...ah!"

Before he finished speaking, a pitch-black jet of water rushed out from the ground in an instant, and with a bang, the jet of water rushed directly onto Wangu Mingzu's body, causing him to scream in pain.

If it wasn't for this trace of his remnant soul entrusted in the supreme treasure of the Wanming glazed bone, the Wangu Mingzu even felt that his soul would be directly corroded under this jet of water.

"What the **** is this?" Wangu Mingzu screamed, hurriedly dodged, and looked at the water column in front of him in horror. This water column is composed of jet-black water streams, extremely cold and violent, and contains terror breath, like a sharp

The blade directly split the world in front of him.

That's all, but the aura contained in this water column actually made Wangu Mingzu a little terrified.

You know, even though he is just a remnant soul, he was once a transcendent triple peak. This water column can make him feel like this, which shows its horror, and it is probably not much better than the yellow spring water owned by the emperor. up.

"Big brother, this thing is a treasure, put it away quickly."

Seeing this water column, the little girl shouted hastily.

Unlike the little girl who spoke, Qin Chen's eyes had already focused on the water column, and his eyes gradually became serious. With his cultivation base, he could naturally see the horror of the water flow.

Just when Qin Chen was about to try to understand the water column, suddenly, two piercing winds sounded, and in a short while, two shadows fell on the hill where Qin Chen was.

Qin Chen was taken aback, the spring water seemed to have spewed out not long ago, did someone sense it so soon? Obviously, there was no one around here just now.

"It's such a strong dead breath, it's the Dead Sea spring, there's actually a Dead Sea spring here..."

The person who was later among the two immediately exclaimed, but the person in front did not say a word, but when he saw the pitch-black spring in front of him, he also looked shocked.

At this moment, Qin Chen could see clearly that there were actually two superpowers here, the one in front was a level one transcendence, and the one behind had reached the peak of level one.

At the same time, Qin Chen also understood that the two of them didn't feel the breath of water flowing in front of them, but that the transcendent ghost cultivator in front was running away, and the transcendent ghost cultivator at the peak of the first level behind was chasing them, and they were just passing by here. Qin Chen was overjoyed when he saw that he had searched for a long time before but didn't see a single ghost cultivator, but now he directly met two transcendent ghost cultivators.
