

Valkyrie 5301

[Chapter 5301: bring big fish](#)

Seeing the soul-destroying banner sweeping towards them, the faces of Ming Dao and the other three immediately changed drastically. At this moment, they no longer cared about why the other party appeared here, and the origin of the underworld in their bodies erupted in an instant.

boom! A shocking aura erupted from the three of them at the same time. Facing the attack and killing of this first-tier peak transcendent, Tianyin God Venerable and Liujue Underworld Girl did not dare to hold back the slightest bit, and immediately killed their strongest attack cast out

Come. Endless evil energy surged from Tianyin Shenzun's body, and he threw out a bell in an instant. The bell was pitch black, and there were strange runes flowing on it. As soon as the bell appeared in the world, it made a jingling sound. ,sound

With the roaring breath of resentful souls, it diffused out in an instant, and collided with the air of resentful souls that filled the sky. In the hands of Liujue Mingnv, a pitch-black bone whip appeared. The bone whip was spliced together by spine bones, and it was crystal clear. It was obviously the spine of a strong man. The bone whip flicked and made a bang , the void sent out an astonishing bang

The chirping sound continuously swept away the spirit of wronged souls around him. But the power of this soul-destroying flag is extremely terrifying. No matter how the two of them resist, the endless aura of grievances still permeates crazily. pain,

It was as if he wanted to become the prey of this soul-destroying banner under the terrifying aura of wronged souls.

Behind the two of them, many Daogu and the subordinates they brought, all howled their pupils, their bodies collapsed little by little, and their souls were swallowed by the soul-destroying banner.

"Hey, two casual cultivators and ghost cultivators dare to behave wildly in front of me, they really don't know how to live or die."

The first-level peak of the attack made a hideous sound, and did not pay attention to Tianyin God Venerable and Liujue Mingnv at all.

After all, he is under the command of the Underworld Tomb General, and he was born in the cemetery of the **** of death. As a restricted area transcendence, his strength is far superior to that of ordinary external transcendence.

Seeing that Tianyin Shenzun and Liujue Mingnv were about to be unable to hold on, suddenly a huge saber sound resounded through the heaven and earth in an instant.

boom! I saw the dark knife roaring, and a terrifying aura of detachment shot up into the sky in the body, and at the same time that the aura of detachment rose into the sky, a dark knife of the underworld was suspended between the sky and the earth in an instant. land,

Exuding an astonishing ghostly aura, it instantly slashed at the countless vengeful souls swept by the soul-killing banner.

Boom! The underworld knife collided with the Qi of Wronged Souls, forming a shocking roar in an instant. The countless Qis of Wronged Souls seemed to be stabbed by something scorching hot. off

In the soul streamer.

puff!

Under such an impact, Tianyin Shenzun and Liujue Mingnv retreated one after another, opened their mouths to spit out a mouthful of black, and looked forward in horror.

At this time, the hearts of the two were full of panic. If it hadn't been for the Ming knife to block the soul-killing banner before, the two of them would have been seriously injured by the attack of the soul-killing banner, and even their souls had been broken.

The two of them clutched their chests and came behind Mingdao in an instant, looking terrified.

"Ok?"

Seeing that Ming Dao had resisted his own attack from the Soul Slayer Banner, the one who made the shot could not help but darken his face. He looked at Ming Dao with gloomy eyes, apparently unable to believe that a casual cultivator could resist his own attack.

"Level beyond the peak?"

At the same time, he also felt the cultivation base of Ming Dao, and his pupils shrank involuntarily.

In this abandoned place, there is actually such a ghost cultivator?

The detachment at the peak of the first level is already considered a good master in the abandoned land. As long as he wants to, he has already been accepted by some restricted areas, and he is not just a casual cultivator.

"Interesting, I didn't expect that among the three of you casual cultivators and ghost cultivators, there is even a first-level peak detachment, no wonder you are so bold!"

The first-layer peak detached sneered, stepped forward, and the soul-killing banner above his head surged crazily again, and a more terrifying aura of wronged souls than before was constantly tumbling, ready to sweep down at any time. When Ming Dao saw this, his face changed, and he hurried forward to salute: "My lord, the three of us are Ming Dao from Daogu, Tianyin God from Tianyin Mountain, and Liujue Mingnv from Liujue Ridge. Waiting to hear the name of Lord Mingyan all the time, to Mingyan

Lord Yan has always admired and admired you, how dare you offend your lords, and ask your lords to spare us a way out. "

"Oh?"

At this moment, Mingyan Tomb will slowly walk over. Every time he takes a step, an astonishing black flame will be born under his feet. Within a few steps, he has already come to Mingdao and the others.

boom! A terrifying aura of world-destroying fire swept in, and the three of Mingdao felt their whole bodies tremble, as if they were severely suppressed by a terrifying mountain. directly under the breath

Unable to hold on, he knelt down with a bang, while Ming Dao looked at the other party in horror, but his body persisted.

Is this the detachment of the double peak?

At this time, Mingyan Tomb will be like a towering mountain in the eyes of Mingdao, and there is no possibility of resistance at all. He has a feeling that the other party can kill him in an instant, and there is no resistance at all. .

Such a strong person, can the master resist?

Ming Dao was terrified.

"My lord, to deal with those guys, why do you need to do it yourself? It's better to let your subordinates take action and kill them directly." The first-level peak detachment who made the attack before said with a grinning grin.

"Do I still need your approval to make a move?"

Mingyan Tomb General gave this person a cold look.

The man was terrified, knelt down hastily, and said terrified: "This subordinate is lying."

"Humph."

Mingyan Tomb General snorted coldly, ignored this person, and turned to Mingdao and the others, "You guys, why are you here?"

Tianyin Shenzun and Liujue Mingnv had difficulty breathing under the breath of the tomb general of Mingyan. Just as they were about to speak, Mingdao hurriedly said in panic: "Master Huimingyan, I found a Dead Sea spring nearby. Ready to explore."

Hearing the words Dead Sea Spring Eye, Mingyan Tomb shrank its pupils and turned to look at the evil spirit behind it. The ghost hurriedly flew up, and said: "Master Mingyan, the Dead Sea spring that this person mentioned should be the place that the subordinates discovered before, and the subordinates have not seen this person here before, this person is either in the subordinate Discovered the Dead Sea before going down

Either the spring was discovered after the subordinate returned to Shayin Valley. "

At this time, Shagui was trembling in his heart. He had been ordered by Qin Chen to go find someone. Who knew that the news just came out that the Tomb of Mingyan happened to pass by the Shayin Valley, and when he learned about the Dead Sea spring, he immediately asked him to lead come.

In fact, the evil ghost didn't want to bring the General of the Tomb of the Underworld Flame here at all, because the General of the Tomb of the Underworld Flame is really too strong. Once he meets his master, he does not know what kind of risk he will face.

But in the face of Tomb General of Mingyan, he had no possibility of refusing. In desperation, he could only bring the general of Tomb of Mingyan with him.

Unexpectedly, it happened that Ming Dao and others met. At this time, the ghost was terrified, but suppressed the fear, and hurriedly said: "Lord Mingyan, in this way, the one who knows the Dead Sea spring is definitely not the only one under his command, according to his subordinates, we must not waste time here. must hurry to the dead sea

The spring eye, otherwise, maybe someone else will be there first. "

"As for these people, the Dead Sea Spring is covered by a ban. If you want to crack it, the more people you have, the better. These people can just be used as cannon fodder to break the ban for us."

The ghost said anxiously.

"Oh?" Hearing the words, the Tomb General of Mingyan sneered, "Then let them lead the way quickly."

"Yes, I will lead the way right away."

Ming Dao trembled, and then hurriedly flew in front of him.

At this moment, he also understood that the evil ghost did not bring the Tomb of Mingyan back on purpose, but did it unintentionally.

Ming Yan Tomb will wait for a party, and immediately follow behind.

Behind Ming Dao, Tianyin Shenzun, Liuju Mingnv and many of their subordinates were panicked.

This place is only a little away from the Dead Sea spring, and after only a moment, Mingdao and the others arrived at the Dead Sea spring.

"Master Mingyan, this is the place."

Ming Dao pointed to the location of the Dead Sea spring in front of him and said.

With this finger, everyone was surprised.

I saw that the restraint breath ahead was extremely weak, and within the restraint, a piece of dead sea water could be clearly seen erupting and constantly surging.

"This prohibition?"

Ming Yan stepped forward and slightly raised his hand.

With a bang, the extremely powerful restriction that Shagui and the others had said before was shattered in an instant, and the Dead Sea spring was clearly presented in front of everyone.

What... what's going on?

I was stunned no matter what.

They all knew that it was this restriction that prevented the ghost from exploring the Dead Sea spring, but the restriction in front of them is not strong, is it?

They didn't know that when they came to the front of the restriction, in the eyes of Dead Sea Spring, Qin Chen had already sensed the existence of this group of people, and quietly lifted the restriction.

"A detached double peak."

In the eyes of Dead Sea Spring, Qin Chen sensed the existence of the Tomb General of Ming Yan, and his heart revealed surprise. Shagui and the others really brought him a big fish.

[Chapter 5302: meet the master](#)

So far, he hasn't fused with a second-level transcendent level powerhouse, let alone a second-level peak transcendence. The first-level transcendence of Ming Dao has given him such a huge harvest before. If he can fuse a two-level

What kind of gains will be gained from the detachment of the peak? Qin Chen didn't even dare to imagine.

"Young Master Chen, this guy is not only a second-tier peak detachment, but he may have reached the limit of the second-tier detachment, and even touched the third-tier eternal order realm."

At this moment, Wangu Mingzu suddenly said.

In the eyes of Dead Sea Spring, Qin Chen squinted his eyes at the other party and nodded. He could feel that the aura of the Tomb General of Mingyan was thicker than that of the original Anyou Palace Master and Tuoba Patriarch. up some. This is only secondary. After all, the cultivation method and physique are different, and the aura emitted by the same cultivation base will naturally be different. The most important thing is that Qin Chen faintly felt something from the general of the Mingyan Tomb. share unique

Eternal breath, this is definitely the breath of the third eternal order realm.

The person in front of him is above the breakthrough in understanding the third level of eternal order, and above Palace Master Anyou and Patriarch Tuoba.

"Big brother, there is still a powerful force hidden in this guy's body."

At this moment, the little girl looked at the Tomb General of Ming Yan and said something suddenly.

"Is there a powerful force hidden?" Wan Gu Ming Zu was startled.

In the eyes of Dead Sea Spring, Qin Chen was also stunned for a moment, he frowned, and stared at Mingyan Tomb General again, Qin Chen's eyes gradually became dignified, and his heart was suddenly startled.

Because at this time, he suddenly realized that the breath of eternal order in the Tomb General of Underworld Flame was not naturally revealed by himself, but the power emanating from somewhere in his body.

That is to say, this force does not belong to the Tomb General of Underworld Flame at all. Qin Chen was startled in his heart. Although the Generals of the Underworld Tomb did not speak, Qin Chen had already guessed the origin of this group of people. It was very likely that they were the Four Great Tombs of the Death God's Cemetery that the evil ghost had said before. put it

One of the tomb generals of Mingyan.

And the Tomb of the Underworld is a master of the Death's Graveyard, so the power of eternal order in his body is very simple, and it is very likely that it is left in him by the Lord of the Death's Graveyard's restricted area.

And this power is much stronger than the spirit body that the ghost king Diansenming ghost king left in Xu Shao's body, this is definitely a clone level.

A doppelgänger of the Lord of the Forsaken Land's restricted area!

Qin Chen calmed down instantly.

Originally, he thought that if something happened, he was going to go out and do it directly, but after feeling the death clone in the general of the Mingyan Tomb, Qin Chen immediately dismissed this idea.

"Myriad Gu Mingzu, listen to my orders later."

Qin Chen's eyes were serious, and he ordered immediately.

"Yes, less dust."

Although Wangu Mingzu was a bit stupid, he was obviously not an idiot, and he quickly understood the reason, and said hastily.

At this time, General Mingyan Tomb and others had already arrived in front of the dead sea spring.

The Tomb General of Ming Yan glanced at Sha Gui, and said in a deep voice: "Didn't you say that this restriction is difficult to break? Why did I just break it at random? Could it be that you are hiding something?"

Sha Gui looked terrified, and hurriedly said: "Master Mingyan, this subordinate doesn't know either. When this subordinate came here before, this place was indeed covered by a ban, but now... this..."

"My lord, is there something wrong with the Dead Sea Spring?" That peak detached took a step forward, and said in a cold voice.

Looking at the water of the Dead Sea gushing in front of him, General Mingyan Tomb said coldly, "This is indeed a Dead Sea spring, but the breath of this Dead Sea spring seems a little weak!"

"weak?"

Everyone was stunned. The General of the Tomb of Mingyan said indifferently: "I have seen other Dead Sea springs before, and the breath is terrifying. Even if we get close, I have to bear the endless killing breath. Even with my cultivation base, I can't get close to the Dead Sea. The spring is near, but the eye

Before this dead sea spring..."

The dead sea spring, that is a place that even the master of the restricted zone cannot easily enter, but now the dead sea spring in front of him oppresses him very lightly, which is too weird.

What the Tomb of Mingyan didn't know was that the Dead Sea spring they saw was just a shell, and the water of the Dead Sea in it had been collected by Qin Chen into the chaotic world, so it would naturally appear a little weak from the outside world.

Ming Yan Tomb General looked at it for a while, and suddenly said to Ming Dao and others beside him: "You guys, go in and have a look."

"us?"

Tianyin Shenzun and Liujue Mingnv suddenly panicked. Who doesn't know the horror of the Dead Sea springs? That is a place that even the masters of the restricted area dare not enter. If they enter, they will be instantly annihilated into nothingness by the sea water of the Dead Sea.

already.

"What? You don't want to enter?" Ming Yan Tomb General sneered, boom, just as he finished speaking, some of the flesh bodies behind the three of Ming Dao directly turned into dark fire and burned, and instantly turned into ashes and dissipated into the void, leaving only a shrill scream,

Still echoing in the void.

"If you don't go in, your fate will be the same as theirs." The Tomb General of Mingyan said coldly.

"Come in, let's go in." Without waiting for Tianyin God Venerable and Liujue Mingnv to open their mouths, Mingdao was the first to say in fear, and then he looked at the people behind him and said: "Everyone, if you want to survive, follow the instructions of Lord Mingyan Order, we loose cultivators and ghost cultivators can serve Master Mingyan

Giving up one's own life is the blessing of our three lives of cultivation. "After finishing speaking, Ming Dao turned his head to look at Ming Yan's Tomb General, and resolutely said: "Master Ming Yan, if I can survive the eyes of this Dead Sea Spring by chance, please take me in and let me join the restricted area, I am willing to go to the

I will go through fire and water, and I will not hesitate. "

Seeing Ming Dao's resolute appearance, the evil spirit beside him was speechless.

Oh shit.

I can really act.

Ming Dao knows that the Dead Sea Spring has been controlled by adults, and he is still acting so bravely here. If he didn't know, he would be really moved.

"Hmph, yes, if you can survive, I don't mind accepting you." The Tomb General of Mingyan said lightly.

On the side, the transcendent masters brought by the Tomb of Ming Yan sneered in their hearts. These casual cultivators and ghost cultivators really dared to think that it would be foolish to dream of surviving from the eyes of the Dead Sea Spring with these people's cultivation base. After Mingdao finished speaking, he was the first to fly towards the Dead Sea Spring. Under his leadership, Tianyin God Venerable, Liujue Mingnv, and many of their subordinates had no choice but to show despair, followed Fly to the Dead Sea Springs

.

Puff puff puff!

These people are like dumplings in the water, with their eyes closed, they plunged into the Dead Sea spring in an instant.

In their imagination, if they entered the Dead Sea spring with their cultivation base, they would be wiped out in an instant. But what made them unbelievable was that they only felt a pain all over their bodies, and the next moment, they had already arrived in a void space, surrounded by an empty world, and there was no dead sea water at all, but it was like a magical land.

Heaven and earth are ordinary.

"here it is..."

Everyone was stunned, and then looked at their bodies, showing excitement one by one, they were not dead.

"Is this the world in the eyes of the Dead Sea Spring? Isn't it amazing?"

Tianyin Shenzun and Liujue Mingnv said in shock that they had only heard about places like Dead Sea Springs in legends before, and they never thought that they would have the opportunity to go inside.

"Mingdao, you've done a good job." At this moment, a majestic voice suddenly resounded between heaven and earth, and the next moment, Tianyin God Venerable and Liujue Mingnv saw a figure suddenly appear in front of them, as if in this direction. The gods of heaven and earth walked towards them step by step,

He came in front of all of them in an instant, looking at Ming Dao with a smile on his lips.

"Ming Dao, what's going on, who is this person?"

Tianyin Shenzun and Liujue Mingnv were startled, and they even turned their heads to look at Mingdao, but at this glance, the two of them were startled. Seeing the person coming, Ming Dao knelt down on one knee, and under the eyes of everyone, he excitedly cupped his hands at the person in front of him and said: "Ming Dao, pay homage to the master."

[Chapter 5303: mother goddess](#)

Owner?

Seeing Ming Dao kneel respectfully in front of them, Tian Yin God Venerable and Liu Jue Ming Nu were startled, and then they saw an extremely young ghost cultivator walking over.

"Mingdao, what is going on?"

Tianyin Shenzun and Liujue Mingnv said to Mingdao in horror.

The person who came here was naturally none other than Qin Chen.

Qin Chen looked at Mingdao, and said lightly, "Excuse me." "Yes, master." Mingdao stood up, then turned to look at Tianyin God Venerable, Liujue Mingnv, and many of his subordinates present, smiling Said: "What's going on? Everyone, let me introduce to you, this is the

My master, the owner of the Dead Sea spring, the reincarnator of the universe! "

"The owner of the Dead Sea spring, the reincarnation of the universe?"

Tianyin God Venerable and Liujue Mingnv both changed their colors. "That's right, the master has subdued the Dead Sea spring here, and he is also a reincarnation of the universe, controlling this world. You are now in the inner world of the master." Ming Dao smiled and disappeared.

The previous panic and panic.

"Inner world?"

Tianyin Shenzun and Liujue Mingnv were startled, and they hurriedly looked around. When they sensed the surrounding world, their hearts sank instantly. No wonder they felt something was wrong after entering the eyes of the Dead Sea Spring. At this moment, they were completely awakened. They could not perceive the rules of the avenue of the underworld. The connection between them and the avenue of the underworld seemed to be blocked.

, completely without any induction.

How is this possible?

"Mingdao, you lied to us when you said you had the opportunity of the Dead Sea spring? This dead sea spring is actually fake." Liujue Mingnv trembled, her expression frightened and angry. Ming Dao shook his head and said: "Ming Nu, I didn't lie to you, the dead sea spring is real, but it has been subdued by the master, and the great opportunity I said earlier is also true, I brought you here just to let you take refuge in the master

, as long as you integrate your original avenue with the origin of the master's world, you will be able to integrate into the rules of the world, and then you will naturally understand my painstaking efforts. "

"What if we say no?"

Tianyin Shenzun said with a cold snort, and with a bang, a black bell appeared in his hand, suspended between heaven and earth, and a black bone whip also appeared in Liujue Mingnv's hand.

"Mingdao, you have colluded with outsiders. Now the Tomb of Mingyan in the Death God Cemetery is just outside the Dead Sea Spring. If you do this, once the Tomb of Mingyan finds out, we will all die here." Tianyin God Venerable resented road.

At this time, he regretted endlessly in his heart. If he hadn't believed in Ming Dao credulously at that time, he would not have fallen to the present situation.

Now he is in a dilemma. Ming Dao watched Tianyin Shenzun and Liujue Mingnv display their weapons, but he didn't panic at all. He just sighed and shook his head, because he could see that although Tianyin Shenzun and Liujue Mingnv sacrificed weapons, but no half points

Some of the murderous intentions are just despair.

Obviously, he thought that he would die this time, even if he didn't die in the hands of his master, he would die in the hands of the general of the Mingyan Tomb outside.

"You two don't know the power of the master at all, and you will thank me later." After talking, Ming Dao didn't bother to pay attention to the two of them, and saluted Qin Chen respectfully: "Master, please teach them." Qin Chen immediately raising their hands, a terrifying coercion came down in an instant. In an instant, Tianyin God Venerable and Liujue Mingnv felt the void around their bodies be imprisoned in an instant, and a terrifying force of restraint enveloped them. live

After leaving them, it actually made them feel unmoved.

The two looked terrified. In front of the young ghost cultivator in front of them, they had no strength to resist at all. What kind of cultivation is this?

"Integrate into this world immediately, and you will have a way to survive, otherwise, you will die!"

Qin Chen said lightly, without giving the two of them any time to react, the force of repression in the surrounding world has become stronger and stronger. There was a crackling sound, and there was a piercing sound of oppression in the surrounding void. Now that the strong enemy is outside, Qin Chen naturally does not want to waste time, and does not give the two of them a chance to think about it, and continues to increase the pressure of the chaotic world.

force.

If the two of them merged into the source before they fell, they would naturally be able to live, but if they were still obsessed with obsession, they could only be suppressed to death little by little.

It's just that before the bodies of the two of them collapsed, the bodies of those ghost cultivators who came in with them had already begun to split apart one after another. Together with their spirits, their souls flew away and turned into nothingness under the pressure of the chaotic world.

"What are you guys still doing in a daze, why don't you quickly integrate into this world and wait to die?"

Seeing this, Ming Dao said angrily.

"Yes, my lord." This group of half-step detached, or supreme-level Mingzu people have no room to resist at all. They were only shocked by Mingdao's words before, so how dare they hesitate at this moment? Hastily followed Ming Dao's instructions, and immediately merged with Fang Tian.

The regular avenue of the land.

buzz buzz...

The moment they merged with the chaotic world, a terrifying power poured into their bodies continuously. In an instant, a group of them felt the birth of an astonishing power.

How is this going? They sensed their own bodies in horror, and found that the cultivation level that could not be improved for hundreds of millions of years in this abandoned place was slowly loosened at this moment. There seemed to be a newborn force in their origin. birth

Life, rising slowly.

"This is..." Before the shock in their hearts fell, a wave of terrifying aura shot up into the sky. Under the watchful eyes of everyone, the cultivation base of many of them was improving rapidly. , it was at this moment

In one fell swoop, he stepped into the realm of half-step detachment. In just a moment, hundreds of half-step transcendences were born on the scene. Countless amazing half-step transcendence powers rose up in this chaotic world, and Qin Chen immediately felt that the chaotic world was slowing down again. of

expand.

The main reason is that the number of ordinary Mingzu people brought by Ming Dao this time is too many, almost all the promising masters from Dao Valley are brought here. In addition, there are many people from Shayin Valley and Liujue Ridge among these people. Half a step beyond the master.

Although the cultivation of this group of people is average, their number makes up for their weakness in cultivation.

The entire chaotic world fell into an astonishing change in an instant.

"this is..."

When this group of people's cultivation levels were crazily improved, in the chaotic world, Tianyin God Venerable and Liujue Mingnu were stunned.

What the **** happened to this...?

You must know that when their three major forces combined, there were only about twenty half-step transcendences in total, but now, hundreds of half-step transcendences were born in a short time, which is simply shocking. What made them even more astonished was that the ten or twenty half-step detached subordinates who followed them, after merging into the heaven and earth, their aura soared, and an aura of detachment bloomed faintly. want

The feeling of stepping into a transcendent realm on the spot.

"Oh? Breakthrough and detachment?"

Qin Chen's heart skipped a beat.

He took a step forward, and his majestic body was like a god, and he came in front of everyone in an instant.

"Let this seat bestow upon you the supreme glory."

Qin Chen stretched out his big hand and pressed directly on the heads of the people below.

boom! In an instant, a bright pattern lit up on the countless half-step detached eyebrows. The black pattern flowed, and in the chaotic world, a terrifying power of thunder and calamity emerged in an instant. This power of thunder and calamity was blue. ,

It was the power of Qin Chen's ruling **** of thunder. The chaotic world is still just a small world, not a real world. Even a world like the heavens has not been born with transcendence. It is difficult for a place like the original universe to be born with transcendence. Qin Chen's current chaotic world

It is naturally extremely difficult to directly give birth to detachment.

However, what Qin Chen has to do now is not to let them directly step into the realm of detachment, but to let them have the power of detachment.

Boom!

A series of astonishing divine thunders of judgment quickly fell between the heaven and the earth. Qin Chen used his own power of the divine thunder of judgment to evolve a detached power of reincarnation and life tribulation thunder.

At this moment, Qin Chen was suspended between the heaven and the earth.

Above his head, the Hall of Ten Tribulations appeared, with the Hall of Ten Tribulations as the main body of the Tribulation Cloud, and the ten tests of reincarnation in it turned into the ten tests of the first reincarnation fate tribulation thunder tribulation.

And Qin Chen himself obtained the great aura of the underworld from the inheritance of the Nether Emperor, and then used the power of the thunder blood in his body to transform it into an endless power of thunder and calamity.

In an instant, a series of azure blue thunder surged, and in the process of falling, they instantly turned into pitch-black clouds of robbery in the underworld.

Boom!

Countless thunderbolts enveloped many half-step transcendent powerhouses below in an instant.

"what!"

Painful roars sounded, and many half-step transcendent powerhouses shrouded in endless samsara life calamity clouds roared in pain, but the aura on them kept getting stronger.

In front of their eyes, a series of reincarnation fate appeared.

The first level is the illusion.

Then there is earth, water, fire and wind.

Then there is space!

Source poison!

time!

Soul!

Endless Verdict!

The power representing the ten-fold samsara life tribulation, thunder tribulation, all erupted in an instant.

Moreover, Qin Chen also aroused the power of the dead sea water in the mysterious rust sword.

With the terrifying killing intent in the dead sea water, it turned into a layer of killing and thunder calamity, tempering the souls and bodies of these people.

"My God, this is..."

Below, Tianyin God Venerable and Liujue Mingnv were all stunned.

what did they see

Qin Chen in front of him actually turned into a tribulation of reincarnation and thunder, and then let the strong men they brought break through the realm of transcendence.

This is simply unheard of.

Not to mention them, even Wangu Mingzu was stunned.

He has followed the Nether Emperor for so many years, and he has never seen any scenes, but the scene in front of him is completely beyond his imagination.

Reincarnation Tribulation! This is a terrifying robbery cloud that can allow people to break through the realm of detachment, and it was evolved by Shao Chen. This is like seeing a ghost. Shao Chen is worthy of being Shao Chen. I'm going to pick it up

own skin.

This is simply not human.

On the side, the little girl also opened her eyes wide, with an unbelievable look in her eyes.

"Big brother, that's amazing."

She murmured, in her sight, Qin Chen above his head was shrouded in endless thunder, and turned into a supreme **** Aoli.

Finally, a heavy reincarnation fate fell. There was a rumbling sound, and at the same time as the endless thunder fell, out of the many half-step escapes, one after another aura of transcendence emerged, and in a total of more than a hundred half-step escapes before, five strands of transcendence emerged in an instant.

Take off the breath.

Five transcendences, five transcendences were born!

When these five supernatural beings appeared, amazing changes took place in the entire chaotic world, becoming more and more solid and incomparably stronger.

"The chaotic world seems to have undergone some special changes."

Qin Chen looked up thoughtfully. The previous chaotic world was just a normal world, but now, under Qin Chen's evolution of reincarnation, five superpowers have been born, which is an extremely huge improvement for the chaotic world, making the chaotic world truly

It has truly stepped into the level of a universe. "It's a pity that there is not enough energy in the chaotic world. A transcendent strongman cannot be born out of thin air. Any transcendent birth will take away the original power of the universe in which he lives. However, the chaotic world in front of him can only let five

The name Transcendence was born. "

Qin Chen shook his head slightly.

Energy is conserved, it cannot be born out of thin air, nor can it disappear out of thin air. The five detachments in front of him are the result of Qin Chen distributing the power of Jiu Lao and others into these people, and then five people were born. In fact, if there are enough detachment sources, Qin Chen can make more than a hundred people present. Banbuchao

Take off, all step into the realm of detachment.

After all, the reincarnation calamity is Qin Chen himself, and Qin Chen can completely let everyone survive the thunder calamity.

But the source of detachment in the chaotic world is not enough, so it is naturally impossible for Qin Chen to consume the source of the chaotic world itself to allow these people in front of him to break through.

This is not worth the candle.

"Ho **** ho ho!"

But at this time, the five detached figures soared into the sky in an instant, came to Qin Chen in an instant, knelt down respectfully, and looked excited.

"I'll wait, see the master."

The five transcendent spirits were very excited.

Detachment.

This is detached.

The realm of their dreams.

For countless years in the abandoned land, they all wanted to break through the realm of transcendence, but they were still unable to do so. Now, they finally broke through.

And when they broke through the detachment, they also clearly felt that Qin Chen in front of them was the **** of a group of them, ruling their life and death.

"I'll wait to see the master."

Below, the hundreds of half-step transcendentals who had never made a complete breakthrough, as well as countless supreme powerhouses also knelt down with respectful expressions.

"Get up."

Qin Chen raised his hand, and immediately, countless strong men stood up one after another, like fanatical believers. "Although the five of you have broken through and transcended, it is only in the internal world of this seat. If you want to completely become transcendent and strong, you must also achieve a breakthrough in the underworld. However, with your current cultivation base, as long as you return to the underworld,

can break through at any time. As for you, it is the same. "

Qin Chen looked at the others.

Although these remaining people have never stepped into transcendence, they have already reached the realm. As long as they return to the underworld, many of them will be able to truly step into the realm of transcendence.

"You two, what are you still hesitating about?"

At this time, Ming Dao sternly shouted at Tianyin God Venerable and Liujue Mingnu who were completely stunned.

"what?"

Tianyin Shenzun and Liujue Mingnu woke up instantly.

"Mingdao, the reason why you were able to break through the peak of the first level of transcendence, is it because..."

The two suddenly looked at Mingdao. "Otherwise?" Ming Dao said proudly: "Master is the most supreme existence in this world. He can control our life and death at will, and bestow us with glory. Now I will give you the opportunity to seek refuge with your master. That is the blessing you have cultivated in this life.

, but if you are still stubborn, it can only mean that you are not worthy of being the master's believers. "

Ming Dao said sharply.

At this time, Qin Chen also looked over.

Ka Ka Ka!

Just being seen by Qin Chen's eyes, Tianyin God Venerable and Liujue Mingnu felt like their souls were about to shatter.

"I'm waiting, willing to be a member of the master's command, and serve the master as the master."

Tianyin Shenzun and Liujue Mingnu had a feeling that if they didn't surrender, they would most likely be smashed to pieces in the next moment. Immediately, the two of them ignored other things and integrated their own origins into the chaotic world in an instant.

boom! At the moment when the two of them merged, there was a roaring sound like the opening of the sky in their minds, and a force representing the highest power in the world entered their bodies, causing their cultivation to rise in an instant, and they moved towards the peak of transcendence. instant time to advance.

At the same time, the chaotic world expanded again, boom, the universe opened up, expanding at an astonishing speed of big bang.

After a while, the chaotic world calmed down and got a huge nourishment.

"Well!"

Qin Chen let out a raving.

The Vientiane breath on his body became more and more concentrated.

And Tianyin Shenzun and Liujue Mingnv, relying on the integration of the chaotic world, also stepped into the first level of peak transcendence.

"Meet the master."

Tianyin Shenzun and Liujue Mingnv knelt down one after another. Liujue Mingnv's figure was low, showing a graceful figure, with a pair of delicate buttocks raised high.

"Get up, now I order the three of you to go out immediately and bring those people from the outside world into this place."

Qin Chen said lightly.

"Master, the ghost has brought the Tomb General of Ming Yan from the Death God's Cemetery. This person has reached the sky. If he breaks into this place, he may be..." Ming Dao hurriedly said.

"No problem."

Qin Chen said indifferently: "It's just a second-tier peak detachment. You leave the Dead Sea spring and lead him into the Dead Sea spring. I have my own plan."

The corner of Qin Chen's mouth drew an indifferent arc.

"yes."

Mingdao, Liujue Mingnv and Tianyin Shenzun saluted instantly, and the next moment, they suddenly disappeared into the chaotic world. "Young Master Chen, do you want that General of the Tomb of the Underworld to also enter the inner world?" At this time, Wangu Mingzu quickly stepped forward, frowning and said, "Isn't there a terrifying power hidden in the general of the Tomb of the Underworld? If it is true A statue of a triple detached powerhouse

Power, once it enters this place, I'm afraid it will be..."

Qin Chen sneered and said, "Don't worry, I have my own plans."

Swish!

In Qin Chen's hand, a mysterious rusty sword appeared, and a gloomy killing intent soared into the sky in an instant.

Naturally, different methods are needed to deal with the Tomb General of Mingyan.

The chaotic world is not invincible.

If a master of the restricted area were allowed to break into today's chaotic world, the entire chaotic world would be torn apart.

Only after the chaotic world becomes truly powerful can it contain everything in the world. This is another purpose of Qin Chen's continuous expansion of the chaotic world.

[Chapter 5304: welcome](#)

When Qin Chen subdued Tianyin God Venerable and Liujue Mingwomen.

at this time.

Outside the Dead Sea Springs.

A group of people from Mingyan Tomb were standing there quietly, among them, Mingyan Tomb looked at the Dead Sea water in front of him calmly, with calm eyes.

Beside him, the subordinates he brought with him looked anxious and looked forward to it from time to time, obviously very concerned about the situation inside.

It has been a long time since those guys entered the Dead Sea spring, but there is no movement inside. How can this not make them anxious? After a long time, finally, I couldn't bear that level of transcendence, and immediately took a step forward, and said in a deep voice: "My lord, the Dead Sea springs are so terrifying, and those guys' cultivation is so weak, there is no movement at all, I'm afraid

They're all dead inside. "We are just wasting time waiting here. If other passers-by find out and inform other restricted areas, the consequences will be disastrous." According to the subordinates, it is better to let the subordinates try to find out what happened to the dead sea spring.

What's going on! "

On the side, other people's eyes flickered, eager to try. Mingyan Tomb will not be moved at all, just standing there quietly, "Don't worry, the Dead Sea spring in front of you gives me a very weak feeling. If it is a normal Dead Sea spring, the moment those people entered the Dead Sea spring before, they will be gone. Ash

Flying Smoke Mie, even those three deities with one level of detachment can only hold on for a while. "

"But before, when they entered the Dead Sea spring, there were not many fluctuations. Facing such a dangerous place, you must be more patient in order to live longer."

Mingyan Tomb General said coldly.

As one of the four generals of the Death God's Cemetery, he followed the master of the restricted area, Lord Death God, to explore countless dangerous places, which is naturally not comparable to these guys in front of him.

"Yes, my lord."

Although he was unwilling to go beyond that level of peak detachment, he didn't dare to disobey the meaning of Mingyan's tomb general, so he had to say it respectfully.

"Shagui, you are the first person to discover this place, what do you think?"

At this time, Mingyan Tomb will turn to look at the evil ghost and ask. "Master Mingyan's words are very true." The ghost bowed and saluted, with a pious expression on his face: "When this subordinate of the Dead Sea Spring came here before, he was clearly restricted, but when he came again, the restriction suddenly disappeared, and , Lord Mingyan first

As I said before, this Dead Sea spring is slightly weirder than other Dead Sea springs, so the subordinates feel that there must be nothing wrong with following Master Mingyan's orders. "

"yes?"

Ming Yan Tomb General looked at Sha Gui with a half-smile, and a trace of indifference flashed in the depths of his eyes.

Just when he was about to speak again.

boom!

The Dead Sea spring water in front of him suddenly fluctuated.

With a puff, three figures flew out of the Dead Sea spring water quickly. The corners of the three people's mouths were bleeding, each of them was quite embarrassed, and it was the three of them.

"You three..."

Seeing that Ming Dao and the other three rushed out of it alive, all the detached people present were shocked. Entering the Dead Sea spring, but still leaving alive? If the other party is the master of the restricted zone, or a transcendent strongman of the Myriad of Divine Aspects, then it is understandable, but it is only three of the first level of transcendence, and they can be treated like this in the eyes of Dead Sea Spring.

how long?

"Ok?"

Mingyan Tomb General also looked at Mingdao and the other three, and stepped forward: "You three, did you come out alive? What about the others? What is in this dead sea spring?" The faces of the three Mingdao showed pain. , ignoring to wipe the wound on his body, he hurriedly saluted and said in shock: "Master Hui Mingyan, in the eyes of this Dead Sea spring, there is an empty world, and there is not much Dead Sea water.

Some killing intent vortexes linger, but my subordinates all fell into it because they couldn't bear the terrifying killing intent contained in it. "

Speaking of this, the eyes of Ming Dao and the others were slightly red.

"Empty world? There isn't much Dead Sea water?" That level of transcendence didn't care about other people's life or death at all, with a look of surprise on his face: "No wonder the three of you survived. Where does the empty world lead to?" "This I don't know." Ming Dao shook his head bitterly: "Although it is an empty world, it also contains the terrifying killing intent of the dead sea. I can't hold on for too long in it. up

come out. "

"Oh?" The General of the Tomb of the Underworld Flame thought deeply, "No wonder the Dead Sea spring seems a little weak, no..." He focused his eyes, and immediately looked at the Tianyin God and the Liujue Underworld, and stretched out his hand, boom, A terrifying power of the underworld fire converged into a huge palm, and instantly captured Tianyin God Venerable and Liujue Underworld Girl in it, pulling

come over.

"Master Mingyan, please forgive me..."

Tianyin Shenzun and Liujue Mingnv showed panic on their faces, and hurriedly said in panic. "Why have your two cultivation bases improved a lot?" Mingyan Tomb General frowned at the two of them. Others couldn't perceive it, but Mingyan Tomb General was a second-level peak detached, how could he not see it, Tian Yin The breath of the gods and the Liujue underworld women

There have been many improvements.

"You... have stepped into the first level of peak transcendence?"

Grabbing the two of them at once, Mingyan Tomb couldn't help being surprised after sensing the power surging in their bodies.

What?

Around, other detached people all showed shock.

That day, Yin Shenzun and Liujue Mingnv were both loose cultivators and ghost cultivators, but they were all first-level detachment before? How could there be a breakthrough in such a short period of time? Although Tianyin Shenzun and Liujue Mingnv had breakthroughs in cultivation, they were unable to move at all under the power of Tomb General Mingyan, and they couldn't help saying in panic: "Master Tomb General Mingyan, while I'm exploring in that empty world, instinctively absorb the surrounding

Unknowingly, there was a breakthrough in the killing intent. "

Hearing what the two said, the other transcendents around showed shock, and then looked at Ming Yan's tomb general with ecstasy, and said excitedly: "Master Ming Yan..."

The Tomb of Mingyan flashed his gaze, let go of Tianyin God Venerable, and said in a deep voice: "Let's go in, and the three of you will lead the way."

Whoosh whoosh!

In an instant, under the leadership of Ming Yan Tomb General, the remaining eight Chaosuo, led by Ming Dao and the other three, swept into the Dead Sea spring in an instant.

boom! The moment they entered the Dead Sea spring, a terrifying murderous intent suddenly permeated them. The surrounding Dead Sea water enveloped them, and a painful groan sounded.

The dead sea water was injured, and it was injured instantly.

But the dead sea water is only a layer on the surface. In a moment, a group of people from the tomb of Mingyan entered the interior of the dead sea spring.

What appeared in front of their eyes was a dark world, surrounded by curtains wrapped in Dead Sea water, at the moment they entered the Dead Sea spring.

boom!

In the world around them, rune restrictions emerged one after another, forming a terrifying formation, which instantly enveloped Tomb General Mingyan and the others.

"what happened?"

The rest of Chaotuo were startled and looked around vigilantly.

How could there be a large formation of prohibition in the eyes of the Dead Sea spring?

"Welcome to this place, everyone." A resounding voice resounded throughout the world, and in the endless void, a figure slowly appeared, and suddenly appeared in front of everyone waiting for General Mingyan Tomb.

[Chapter 5305: bite off](#)

When this figure appeared, shocking murderous auras circulated in the entire world instantly, like a vast ocean, sweeping in mightily, covering the sky and covering the sun.

In the endless void, Qin Chen walked slowly, with each step, dark lotus flowers bloomed under his feet, like the beautiful flowers of the other side.

Beside him, a pitch-black crystal skull floated in the sky, following behind Qin Chen. In addition, there was a little girl following closely.

This combination stunned everyone present.

"Who are you, Your Excellency? How dare you act presumptuously in front of Master Mingyan." He shouted loudly, whoosh, whoosh, behind the Tomb General of Mingyan, the remaining group of detached powerhouses flew out one after another, and the leader was the Yizhong in black. The peak is detached, his eyes are indifferent, he looks at Qin Chen coldly, there is a murderous intent in his eyes

.

Behind the crowd, Mingyan Tomb flashed his gaze, and he turned his head to look around. A series of dark death restrictions circulated and turned into an astonishing large formation covering the world, trapping their group in it like a cage.

"Presumptuous, in front of the master, how can you speak here? Hurry up and kneel down to the master."

The moment the three of Mingdao entered this world, they came to Qin Chen. When Mingdao heard what the other party said, his face darkened, and he immediately shouted.

"Owner?"

The group of detached eyes stared blankly.

Aren't the three Mingdao people in front of you the ghost cultivators of the Forsaken Land? How can there be a master?

And such a young guy. The leader of the first level of peak detachment couldn't help sneering: "Hmph, Ming Dao, I'm afraid you three casual cultivators have never seen anything in the world, right? Everyone recognizes the master? It's ridiculous, this young man is so young, what ability can he play tricks here?

, In front of my death cemetery, there are other restricted areas, and I dare not act wildly. What kind of thing is this kid, arrogant in front of Lord Mingyan. "

This person sneered and said disdainfully: "I'll give you a chance to kneel down and say everything, maybe you still have a chance to survive, otherwise, based on what you have done before, the three of you will definitely die today."

"Presumptuous, how dare you be rude to your master." Ming Dao's face darkened: "My master is the master of the dead sea spring, the ultimate master of the abandoned land, and he hastened to surrender to his master and seek forgiveness!"

"Just him? If you don't know how to live or die, and don't take a pee to see, how can you be worthy of my submission? Well, let me see, what kind of thing are you, pretending to be here."

The voice of the peak detached voice fell, and as soon as he raised his hand, a dark soul-killing banner appeared above his head instantly, and the soul-killing banner swept across Qin Chen in front of him in an instant.

woo woo woo woo! In an instant, the sound of countless howling ghosts and gods resounded through the heaven and earth, and countless wronged souls surged in the Miehun Banner, like a tsunami hit. Originally, the sky here was extremely dark. getting dizzy

, as if there were countless ghosts howling.

Under the eyes of everyone, the soul-killing banner came to the top of Qin Chen's head in an instant, and countless ghosts flew over, instantly covering the endless void around Qin Chen, obviously intending to swallow Qin Chen directly.

Not far away, General Mingyan Tomb has not opened his mouth since he came in. At this time, his pupils shrank slightly, and he stared at Qin Chen, obviously wanting to see how Qin Chen could defuse the

attack of his subordinates. Seeing this level of peak detachment, the three of Ming Dao were shocked. They had already experienced the strength of this person. Although this person was just like them, he was a level 1 peak detachment, but in terms of strength, he was even more terrifying than them. a trace , has definitely approached the realm of the double myriad of gods.

So the moment this person made a move, a terrifying aura surged from the three of Ming Dao at the same time, obviously wanting to attack together to block this person's attack.

But before the three of Ming Dao could make a move, a black shadow appeared in front of them in an instant.

"Jie Jie Jie, don't do anything, wow, there are so many resentful souls, hehehe, this ancestor really likes it so much, great supplements, these are all great supplements."

The black figure looked at the countless souls jumping down from the top of his head, howling crazily, and couldn't help laughing out loud with excitement.

It is the ancestor of the myriad bones. He opened his huge mouth and sucked it in, an astonishing force of devouring was born, forming a dark vortex in front of him, and those resentful spirits rushed like moths to a flame, In an instant, Wangu Mingzu opened his mouth

The formed pitch black vortex quickly absorbed it. Seeing that level of transcendence at the peak level, his complexion suddenly changed. He snorted coldly, and even frantically activated the Extinguishing Soul Banner, wanting to explode the Myriad Bone Nether Ancestor, but what made him change color was that no matter how he Mobilize the soul-destroying flag, ten thousand bones

Ming Zu's big mouth is like a bottomless abyss, no matter how many wronged souls come, it will be swallowed up, and there will be nothing left.

That level of peak detachment felt that the aura of his soul-killing flag was getting weaker and weaker, and he was shocked immediately, and hurriedly wanted to withdraw the soul-killing flag, but how could Wangu Mingzu let him withdraw at this time?

The moment he sensed that the other party was about to take back the soul-destroying banner, Wangu Mingzu rushed forward, opened his mouth wide, and bit the soul-destroying banner with a single bite, biting the soul-destroying banner directly. a corner. The level of peak transcendence was startled when he saw this. It was the first time he saw someone who could bite his own soul-killing flag. His soul-killing flag was a treasure of transcendence, even if it was a level-2 transcendence, Can't be blasted easily

, What the **** is this skull in front of you?

While feeling distressed, he immediately took out another pitch-black long sword, and this pitch-black long sword turned into misty black sword shadows and slashed towards Wangu Mingzu.

But in the face of these sword shadows' slashing, Wangu Mingzu didn't care at all, and continued to bite at the soul-killing banner. After only a few bites, the soul-killing banner was completely bitten, and the whole body was bitten. Wangu Mingzu swallowed it.

"Hey! There are a lot of resentful souls here, but the quality is not good?"

Wangu Mingzu hiccupped and said somewhat dissatisfied. With his cultivation base, if he wants to restore his strength, he must at least devour the souls of transcendent superpowers, but there are a lot of resentful souls in this soul-killing banner, but most of them are resentful souls that are not even transcendent. Level Broken Wraiths Only

There are only a few heads, for Wangu Mingzu, this can only be regarded as a tooth-beating sacrifice.

"You **** guy." Seeing that his soul-killing flag was directly swallowed up by the Myriad Bone Nether Ancestor, and the pain of that peak-level detached consciousness, the whole person was suddenly frightened and angry, and he couldn't care about anything else. Urging itself to the extreme, the endless sword shadows are like

Like the cold wind in winter, it slashed on Wangu Mingzu's body in an instant. There was a sound, and then this level of peak detachment saw a scene that made him unbelievable. I saw Wangu Mingzu suddenly turned his head and opened his mouth to bite. , leaving only

The main body of the sword was bitten in the mouth by Wangu Mingzu.

With a click, another piece of the pitch-black long sword was bitten off by Wangu Mingzu in an instant.

"Damn it, who made this dark soldier? It actually only contains a little bit of dead dark iron, bah, bah, bah, it's rubbish."

Wangu Mingzu bit off the pitch-black long sword and swallowed it in a few mouthfuls, and said suddenly unhappy.

"My Dark Slashing Sword!"

puff! That level of peak detachment lost two detachment treasures one after another, and suddenly felt a sharp pain in his heart, and a mouthful of black blood spurted out when he opened his mouth.

[Chapter 5306: fire mirror](#)

Fire Mirror

"What Zhanming Sword? The name is so big, but the thing is so rubbish. It really ruined the name."

Wangu Mingzu swallowed the black sharp sword in several mouthfuls, shook his head, and said dissatisfiedly: "Boy, do you have any other treasures? Take them all out, I just haven't had enough for my ancestor."

Wangu Mingzu slammed his mouth, as if he hadn't had enough yet.

Seeing his appearance, the little girl beside him suddenly burst out laughing.

The peak transcendent powerhouse couldn't laugh at all, his face was pale, as if he had seen a ghost, and he couldn't help taking a few steps back.

He swallowed his treasure in a few mouthfuls, what is this guy in front of him?

"Why, you don't have any treasures? You are really poor. These two treasures are no more than Ben Zu Saiya's? How many of you? Take out all the treasures you have."

Wangu Mingzu said indifferently to the other detached people around him.

The other detached expressions changed, and they all took a step back.

In terms of cultivation, they were not much stronger than the previous level of peak transcendence, and they were probably only serving food when they came forward.

"Master Mingyan!"

A group of people hastily turned their heads and looked at Ming Yan.

Mingyan snorted coldly, walked forward slowly, squinted his eyes and said: "Guys, it seems that my previous feeling was correct. There is indeed something strange in this dead sea spring. Tell me, what is the origin of you guys? Which restricted area did you come from? You are here, shouldn't it be just to meet this seat?"

Ming Yan was extremely calm, and didn't feel that he had entered any dangerous situation at all.

Qin Chen smiled slightly: "Of course not, to tell you the truth, I am here to give you a chance to turn your back on the dark."

"Abandon the darkness and turn to the light?"

Mingyan Tomb General laughed, "Your Excellency said that, it means that the cemetery of the God of Death is dark, and the restricted area where your Excellency is located is bright? It's ridiculous. In this abandoned place, even places like the Undead Mountain, I dare not say that the cemetery of the God of Death is Darkness, Your Excellency has a big tone."

Mingyan Tomb General sneered: "Forget it, since you don't want to say which restricted area you are from, that's okay. After I capture you, I will naturally know."

After the words fell, Mingyan Tomb would stop talking nonsense and immediately stepped forward.

Anyway, there will be no results if the communication continues, so it is better to do it directly.

boom!

In an instant, a mirror made of condensed flames appeared in front of General Mingyan Tomb. As soon as this flame mirror appeared, countless pitch-black flames surged out of the void. As soon as these flames appeared, the surrounding void was directly burned. It was so hot that it became distorted, and the temperature in the entire space suddenly rose, and everyone retreated to the side.

"Young Master Chen, let me come."

Seeing this, Wan Gu Ming Zu stared at the flaming mirror with straightened eyeballs, and hurried forward.

Qin Chen said lightly, "Leave this person to me, you step back."

As Qin Chen said, he casually sent the little girl to the corner behind him. The mysterious rusty sword suddenly appeared in his hand and struck out like lightning.

This Tomb of Underworld Flame will be the first double peak detachment he has encountered in the underworld, and he is also a general in the restricted area. Qin Chen naturally wants to know how strong this underworld powerhouse is.

Wangu Mingzu felt a little lost immediately, but he was not worried about Qin Chen. Although the Tomb General of Mingyan was not weak, he must be far behind Chen, so he didn't need to worry at all.

The only thing that needs to be cautious is the power in the Tomb General's body. If it is really the power of the **** of death, it must not be underestimated.

The flame mirror became bigger and bigger, and finally covered Qin Chen completely like a dark scorching sun that covered the sky and the sun. To deal with a person of Qin Chen's level, the Tomb of the Underworld really didn't take it seriously. By sacrificing the Fire Nether Mirror, he wanted to capture the guy in front of him quickly, so that he could know what was going on with the Dead Sea spring as soon as possible.

It's a pity that it was Qin Chen he had to deal with.

If he knew that Qin Chen was terrifying, he would definitely not despise Qin Chen so much, or even fight Qin Chen.

After the mysterious Rusty Sword was struck, Qin Chen found Huo Mingjing's weakness in an instant, and then Qin Chen showed a trace of disdain in his heart. This Tomb General of Mingyan really dared to play with fire in front of him.

Although Qin Chen has never practiced the Way of Darkfire, he has been dealing with flames since Tianwu Continent. The Way of Flame has always been one of his strongest ways, especially the chaotic Qinglianhuo in his mind is the top flame in the initial universe .

Although the original universe is just an "ordinary" place in the universe sea, it is actually not simple to be the strongest chaotic Qinglianhuo in the original universe, and Qin Chen has reached an extremely terrifying level in his comprehension of the Dao of Flames. Combined with the inheritance of the Nether Emperor, he instantly saw through the weakness of the flames of the Tomb General of the Underworld.

The aura of Huo Mingjing became stronger and stronger. Finally, except for Wangu Mingzu, the rest of the surrounding people could only see black and cold flames, and those black and cold flames could not even sweep into the soul. As soon as the soul meets the flame, it will immediately turn into nothingness.

After a while, the cold flame of the Huo Ming mirror began to transform into circles of black ripples, and those ripples spread from the Huo Ming mirror, completely rolling towards Qin Chen.

It's strange that such a young guy is completely enveloped by the attacking treasure of Ming Yan, a double transcendent peak powerhouse, who has a chance of survival. Except for the people on Qin Chen's side, almost all the detachment brought by the tomb of the underworld is guessing whether Qin Chen has been completely melted by the fire mirror.

Dare to challenge Lord Mingyan, isn't this courting death?

But soon they didn't think so. Although Qin Chen's mysterious rusty sword was slashed out behind the fire mirror, a terrifying killing intent suddenly surged out of that pitch-black sword. This killing intent was

extremely terrifying , under the terrifying aura of Huo Mingjing, the general of Mingyan Tomb, not only did not fade at all, but his aura became stronger and stronger.

bang.

When the pitch-black sword light collided with the black light of the Fire Nether Mirror, the black ripples from the Fire Nether Mirror were torn apart by the black killing intent sword light, and then dissipated everywhere.

The black light of the Huo Ming mirror, which was so terrifying just now, was dissipated by Qin Chen's sword energy in a blink of an eye, revealing a huge black flame mirror suspended in the air.

You, Qin Chen, the housekeeper of the Tomb of Mingyan, was shocked to melt away the black light of his Huoming mirror with a single sword. Before he could move again, Qin Chen's sword energy struck again, with a killing sword intent.

The dense sword intent enveloped him in an instant.

"How courageous." Angrily shouted, Mingyan Tomb General did not expect that Qin Chen was unscathed under his Huoming mirror, and dared to take the opportunity to counterattack, and immediately became even more angry.

The Fire Nether Mirror was cast out again, this time the black light was more than twice as strong as before. At this moment, the people around realized that the Tomb of the Underworld had not used all its strength just now.

However, those subordinates of the Tomb of the Underworld have also changed their views on Qin Chen. Even if the general of the Tomb of the Underworld did not use all his strength, it is obviously not a big deal for a guy as young as Qin Chen to be able to escape under the mirror of Huoming. simple things.

Qin Chen sneered in his heart. If he had just entered the first level of detachment, under such a terrifying black light of the Huo Ming mirror, he would have no choice but to back away.

But now, Qin Chen has already half-stepped into the second level of detachment. At this time, he didn't have the half-consciousness to retreat. Instead, he took a step forward. The killing sword was not over yet, and the terrifying sword energy surged again .

The black corrugated light of the fire mirror is getting stronger and stronger, and the cold breath is getting stronger and stronger. The power of this jet-black flame can even directly burn people's souls, but the sword light from Qin Chen's mysterious rusty sword is the same. More and more, more and more dense, and finally the endless black sword light has formed a trap, blocking the black light of the fire mirror, and constantly shrinking.

Ka Ka Ka!

The Huo Ming mirror made cracking sounds, and the black light waves it emitted were constantly breaking.

The corners of Mingyan Tomb General's eyes twitched, and his heart was shocked. At this moment, he had realized that Qin Chen really had the capital to talk to him directly, and he broke through his Huo Mingjing's attack again casually. Is there such a heaven-defying person in the abandoned land?

The reason why he disdained Qin Chen was because he could feel that Qin Chen's cultivation was not as good as his, but he didn't even have the slightest advantage.

Not only had he never seen such a person in the Forsaken Land before, he had never even heard of him.

[Chapter 5307: Death is coming](#)

Seeing more and more, the endless black sword energy trapped the black light of the Huo Ming mirror, and the other transcendents around were also shocked.

Not to mention the masters that will be brought by the Tomb of the Underworld, even the evil ghost is terrified. In fact, the General of the Tomb of the Underworld is not in his plan. The arrival of the General of the Tomb of the Underworld was extremely worrying at the beginning. After all, he is one of the four generals of the Tomb of the Death God. is unrivaled

Here it is.

The arrival of the General of the Tomb of the Underworld, the ghost originally thought that it would bring some trouble to the master's plan, but he did not expect the master to be so strong. Once he made a move, he directly suppressed the general of the Tomb of the Underworld.

He couldn't be more clear about the strength of the General of the Tomb of the Underworld Flame. If they went up with such an attack, there would be nothing left that would have been burned by the black flames. How could they persist until now? Only the Tomb General of Mingyan who was in the middle of the game could clearly feel that it wasn't that Qin Chen's cultivation was higher than his, nor that his strength was stronger than his own, but that the sword energy displayed by the opponent actually contained terrifying power. Killing intent, this

The horror of the killing intent is not afraid of the black flames cast by his Huo Mingjing. This is not the most important thing. The most important thing is that the Tomb of Mingyan was shocked to find out that the weakness of his fire mirror and his flame attack was clearly known by the other party. Move, live

Of course, it all started with the weakness of his Huo Mingjing to display the flame attack.

The opponent's realm and attainments above the flames are definitely not weaker than his own.

Absolutely can't go on like this, if you go on like this, once you fall into the opponent's attack layer by layer, it will be troublesome. Thinking of this, Mingyan Tomb will directly roar, bang, and behind him, a jet-black figure of flame burst out in an instant.

Staring at Qin Chen, the moment the flame figure appeared, the aura of the Tomb General of Mingyan surged again in an instant.

All phenomena.

This pitch-black figure is exactly the myriad appearance of Mingyan Tomb General. The instant the Myriad Gods appeared, the aura on the Huoming mirror swept wildly again, and one could see jet-black ripples rippling around like ripples on the water, trying to kill Qin dust

Countless sword qi attacks directly tore apart. But just as he unleashed his omnipotent power in the Tomb of Mingyan, he suddenly found that the time around him suddenly stopped. The pitch black sword energy suddenly burst into pieces.

Mingyan Tomb will feel that the flow of time around is not right, and he is shocked. He knows that Qin Chen still controls the avenue of time. The avenue of time is an extremely terrifying avenue between heaven and earth, and it is definitely beyond the control of ordinary people. He was shocked in his heart and at the same time, he directly crazily stirred up the dark fire avenue on his body, and shattered the power of time around him, but when he just expelled Qin Chen's time rule attack, he saw the overflowing black sword qi

Surrounded again, it seems that there are spiritual layers. And Mingyan Tomb will suddenly discover that the black sword energy surrounding them again has formed an astonishing restraining formation. And on the simple black sword in the opponent's hand, there is a steady stream of black sword light to supplement it, constantly making up for it.

And repair the prohibition formation in front of you. A series of invisible killing intents came bound like ropes, entwining the Tomb of the Underworld more and more tightly, and not only the killing intent in Qin Chen's killing sword intent, but even Around this dead sea spring

The killing intent in the dead sea water was also instantly aroused, and it involuntarily merged into the attack of Qin Chen's restraining formation.

In an instant, these countless killing intent attacks not only enveloped the Tomb General of Mingyan, but also enveloped the Myriad Gods that had just been aroused by the Tomb General of Mingyan.

not good!

Mingyan Tomb General was shocked. At this moment, he had a feeling that once he was trapped by these killing intent restrictions, he would really be doomed. At the same time he understood this, the Tomb of Mingyan let out a long howl, and the towering figure of flames behind him turned into countless streamers of flames, and came to Qin Chen in an instant. Mutually

It was split apart, and Qin Chen was briefly repelled with a violent attack. I saw countless black flames containing the breath of everything turned into countless illusory figures. As soon as these illusory figures appeared, they immediately formed a vast killing force, directly turning the surrounding area into a kingdom of death flames.

Spend.

Qin Chen sneered. He had long expected that the Tomb of Mingyan would have a follower. It would obviously not be easy for one of the four great tomb generals in the restricted area to be close to the triple transcendence level.

So at the same time that the Mingyan Tomb will directly split his own myriad of gods, Qin Chen directly exerted his own power of myriad phenomena.

boom!

Between the sky and the earth, a pitch-black figure appeared in an instant. This pitch-black figure was so hazy that it was impossible to see the face clearly, but it exuded an aura of suppressing the ages.

It is like a god-king, illuminating the past and present, and undergoing thousands of changes, and it is also like a **** of death, coming out of purgatory, to control the life and death of all things in the world.

This is exactly the power of Qin Chen's Myriad Divine Aspects. However, Qin Chen has not completely stepped into the second level of detachment, so his power of myriad phenomena is just a prototype, but as soon as this prototype appears, the whole world is suddenly shrouded in a terrifying death

In the breath of death.

boom!

When Qin Chen's Myriad Phrases Power appeared, the phantom of Myriad Powers evolved from the Tomb of Ming Yan seemed to have seen something that frightened him, showing a sense of fear. The Vientiane Divine Appearance is just the evolution of the rules of power, and it should be emotionless, but when Qin Chen's Vientiane Divine Appearance power was displayed, the Phantom Fire Phantom Appearance formed by the Tomb of the Underworld Fire became frightened. Formation of terror

The kingdom of terrifying flames is swaying endlessly, as if it is about to collapse at any time.

"Boom, boom, boom..."

As soon as Qin Chen raised his hand, the phantom behind him also raised his hand, and in an instant, dozens of dark lightning arcs appeared in the void.

Dozens of pitch-black lightning arcs fell like lightning, and each of these pitch-black lightning arcs was extremely thick, like pillars of the sky, each one was like a mountain peak, and some were even thicker than the mountain peak .

This is Qin Chen's Judgment God Thunder evolved by the power of the rules of the underworld.

The Judgment God Thunder can evolve everything in the world, even the tenth reincarnation of the universe sea, and naturally it can also evolve the death thunder of the underworld. Seeing these terrifying thunderbolts, the people around them were scared out of their wits. You must know that the creatures of the underworld are most afraid of rules and supernatural powers like thunder. No matter how terrifying the underworld powerhouses are, they are all gods.

The source of soul reincarnation is the power of the soul, and what the power of the soul fears most is the baptism of thunder.

The peak level of detachment in the crowd shivered, and at this moment he realized how lucky he was. When he attacked Qin Chen before, it was the pitch-black skull who only swallowed his two treasures.

If it was Qin Chen who did it before, it would be like killing a chicken with Qin Chen's method to kill him, who was at the peak of the first level, and it was ridiculous that he was so arrogant before.

The only thing he didn't understand was why Qin Chen was so powerful that he didn't directly kill him before? That's just a matter of chance. All the other detachments were completely stunned, and they

couldn't believe what they saw with their own eyes. They had known the strength of Lord Mingyan for a long time, but a young detachment like Qin Chen could actually fight against Lord Mingyan, and it didn't fall at all, which was beyond their expectations.

For a moment, everyone couldn't help but wiped the cold sweat from their foreheads in fear, thankful that they hadn't done anything before.

At this moment, the Tomb General of Underworld Flame was breaking out in cold sweat. He didn't expect that Qin Chen was still a strong man who had practiced the rules of the thunder system in the underworld, and his thunder system attack was so powerful. Different from the Cosmic Sea, creatures from the underworld cannot practice the rules of the Thunder System under normal circumstances, because the terrifying power of thunder contained in the rules of the Thunder System is a huge damage to the soul of the creatures from the Underworld, so compared to the Cosmic Sea

To put it bluntly, the thunder-type powerhouses in the underworld are even rarer and pitiful, and they are even rarer than the rare ones.

That's all, the key point is that Qin Chen's method of lightning attack is still so terrifying. The pitch-black thunder thundered down one after another, and only the roaring roar could be heard continuously. The countless myriad avatars that erupted from the Tomb of the Underworld Flame suddenly burst open like bursting soap bubbles under Qin Chen's thunder. Come

, and the underworld fire domain he formed also made a crackling sound and began to melt continuously.

The Tomb of Mingyan will be scared out of his wits immediately, he knows that once the known Minghuo domain dissipates, coupled with the annihilation of the power of Vientiane, then he will be completely finished, and he will have no resistance in front of Qin Chen.

He could only keep urging Huo Mingjing to try to block Qin Chen's attack, but he couldn't stop it at all.

"what!"

Immediately, under Qin Chen's attack, the Tomb of Mingyan screamed horribly.

Qin Chen was not in a hurry to kill, but just sneered and said, "Your Excellency is one of the four great tomb generals in the cemetery of the **** of death. Is this the only thing you can do? Tsk tsk, I am really disappointed."

Mingyan Tomb General was so angry that he was about to vomit blood, he shouted angrily: "Boy, don't be arrogant, offend me, Death Graveyard, you will not end well."

Qin Chen smiled and said, "Oh, really? I really want to know what will happen to me in the future, but if you have no means, I'm afraid you will die now."

The voice fell.

Qin Chen suddenly struck out with a sword.

The cracking air killing intent divine mark! A long killing intent in space bloomed from Qin Chen's mysterious rusty sword, and it was drawn out with a sword light that slightly tore space. When the sword light came out, it was like a blooming epiphyllum. bloomed, no

It is more gorgeous and beautiful. After Qin Chen realized the origin of the space of the Emperor Miekong, he strengthened the former God Mark of Rifting the Sky, and now he has incorporated the killing intent of the Dead Sea into this space ultimate move. is to let this

The power of the move is increased by ten times.

Qin Chen's sword light slashed out like a beautiful flower blooming. That kind of beauty made everyone immersed in that kind of killing intent.

The detached powerhouses around only noticed the gorgeous beauty, and they shivered when the suffocating space and oppression brought by the mysterious rusty sword came. The sword light of the world.

Not to mention them, even the Tomb General of Underworld Flame was attracted by this endless and gorgeous sword light, and there was a trace of confusion in his eyes, but he had rich combat experience after all, and he came back to his senses in a moment.

And the moment he came back to his senses, he saw Qin Chen's sword light coming in front of him, and the terrifying murderous intent contained in it made all the hairs on his body stand on end.

He was scared out of his wits and couldn't care about anything else at this moment. Immediately, a mouthful of blood was burned, and at the same time, the essence in his body was burned, and then he sacrificed a pitch-black shield, blocking himself in an instant.

And the moment the black shield appeared, Qin Chen's attack had already struck the black shield.

There was only a clicking sound, and then a crackling sound.

The sword light containing the killing intent of endless space slashed fiercely on the black shield, and the transcendent black shield shattered like a piece of tofu under the black sword light.

At the same time, the killing intent was overflowing, the black sword light shattered the shield, and instantly hit the head of Tomb General Mingyan.

puff!

A brilliant blood light bloomed, seeing that the Tomb of Mingyan was about to die under this sword light, suddenly...

boom!

An incomparably terrifying aura surged out of the Tomb of the Underworld General in an instant. When the Tomb of the Underworld Flame was about to fall, a terrifying figure emanated from the Tomb of the Underworld General's body in an instant, descending on this world.

"Who dares to attack the people in my death cemetery?"

A cold voice resounded through the world, and a majestic phantom wearing a robe, like a **** of death, appeared in this empty world in an instant, and his cold eyes fell on Qin Chen in an instant.

The moment this gaze fell on Qin Chen, Qin Chen immediately felt suffocated, a powerful oppression from the depths of his soul, pressing **** his heart, covering all the void around him.

The void on this side boiled immediately, as if it was about to shatter at any moment, and it was simply unbearable to bear this terrifying breath.

"I have seen Lord Death."

Seeing this phantom, General Mingyan Tomb didn't care to wipe the blood on his forehead that was almost split, and hurriedly knelt down with an excited and pious expression.

While he knelt down, the other transcendents around him also knelt down in horror, their hearts trembling.

Lord Death.

It turned out to be Lord Reaper, the owner of Reaper's Graveyard in the restricted area, and one of the top powerhouses in the Forsaken Land. He has come!

[Chapter 5308: fight against death](#)

boom!

The majestic figure of the **** of death descended, and the entire void where the spring of the dead sea was located was shrouded in a terrifying aura, and a force that suppressed the eternity permeated the air, expanding in an instant, covering all the surrounding world.

At this time, Qin Chen and the others standing here seemed to be in another world, and the **** of death in front of them was the **** of this world.

"Master Death."

Ming Yan Tomb General and others knelt down on the ground, their expressions were excited, and they were all fanatical.

Reaper, the master of the restricted area of the Reaper's Graveyard, the unrivaled powerhouse of the Forsaken Land, one of the true giants.

This person has traversed the abandoned land for countless epochs, and his strength is unmatched.

From the eyes of the generals of Mingyan Tomb, now that Lord Death God has come, isn't that kid in front of him easy to capture and sure to die?

This is where the confidence lies in the hearts of General Mingyan Tomb.

"grim Reaper?"

Qin Chen stared at the towering phantom in front of him with a slightly serious expression.

Although Qin Chen has fought against triple-transcendence powerhouses, such as Tuoba ancestor and Wangu Mingzu, they are all just remnants of souls.

And the **** of death in front of him is a clone of a true triple detachment powerhouse. Such a clone contains part of the power of the main body, and definitely possesses extremely terrifying combat power.

Moreover, the cemetery of the **** of death is ranked high in the restricted area of the entire abandoned land. To have such a reputation in the abandoned land, the **** of death in front of him is definitely not an ordinary triple transcendence, but a strong one in the triple transcendence.

At this moment, an astonishing aura swept across the entire world, suppressing Qin Chen severely.

The majestic figure of the God of Death stood proudly in the sky, his gaze fell on Qin Chen coldly, and he said coldly, "It's you, the one who wants to touch my God of Death's cemetery?"

His eyes were sharp, trying to see through Qin Chen's identity.

But what puzzled him was that with his cultivation, he couldn't see through Qin Chen's body for a while.

"Mingyan, what's going on?"

The Grim Reaper turned his head to look around, his eyes narrowed slightly, and there was actually the killing intent of the Dead Sea in the surrounding area. "My lord, it's my subordinate's incompetence that alarmed my lord." The Tomb General of Mingyan hurriedly said in panic: "This subordinate was patrolling the surrounding territories in accordance with your lord's order, looking for fresh souls, but accidentally discovered the evil spirit under his command. Valley

The evil ghost discovered a dead sea spring, so he came to investigate and prepared to dedicate it to the adults. "

"Unexpectedly, this kid came out of nowhere, lurking in this Dead Sea spring, and wanted to ambush his subordinates. If you hadn't come by yourself, Lord Death God, the subordinates would have been in danger before."

Ming Yan Tomb General trembled and said, in front of the owner of the restricted area of the Death God Cemetery, he who was extremely arrogant before is now like a quail.

"Oh? The eyes of the Dead Sea spring?" A rainbow burst out from the pupil of the God of Death. The eyes of the Dead Sea spring are something that he, the master of the restricted area, covets. Get more in the forbidden area

benefit.

Therefore, the discovery of this dead sea spring is extremely important to him.

"Yes, you are very good."

The **** of death looked at Mingyan Tomb General with satisfaction: "When you come back, I will definitely reward you."

Mingyan Tomb General was ecstatic in his heart, and hastily bowed his head and said, "Thank you sir, it is Mingyan's honor to serve you. Mingyan doesn't want rewards, but only wants to help you solve problems, that's enough." "Hahaha The **** of death couldn't help laughing, looking at the general of Mingyan's tomb, his eyes were full of satisfaction: "Don't worry, the rewards in my tomb of the **** of death are clear. This seat

Let's capture the kid in front of him first. "

Before the sound of the myth of death fell, the realm containing the endless breath of death swept towards Qin Chen overwhelmingly. With the cultivation base of the **** of death, Qin Chen's cultivation base can be seen vaguely at a glance. Such a young ghost cultivation base has reached the second level of the omnipotent god, and he can be regarded as an extremely terrifying genius in the abandoned place up, but

No matter how genius you are, at most it is only double detachment. Even if he is just a clone, a double detachment has no reason to survive under his own death domain except for serious injuries. In his opinion, such a young man can be caught with a flick of a finger, and after he is caught, he will come to ask

There is no need to waste too much thought on what happened. Qin Chen felt the momentum of the overwhelming death domain, and his eyes froze for a moment. This **** of death is so ruthless. If it is ordinary detachment, under this realm of death, where is there any chance of survival? even if you can live

Life is undoubtedly seriously injured, and even this life is over.

This person didn't take himself seriously at all.

But it's just right.

Qin Chen sneered in his heart, the momentum on his body soared in an instant, without any hesitation, he sacrificed the mysterious rust sword, directly releasing the killing intent in it, and a vast wave of killing intent stretched out continuously. Seeing that Qin Chen dared to sacrifice Mingbao, the **** of death immediately showed disdainful eyes, and the murderous intent in his eyes became stronger. Just when he was about to control his death domain and tear Qin Chen apart completely, some soft 'clicking' sounds came

, His complexion immediately changed drastically.

Although the sound of 'Ka Ka' was very small, it could be heard clearly by other transcendents around, and the Tomb General of the Underworld Flames showed a look of shock on his face, it was the sound of a broken domain.

Only when the triple detachment enters the realm of eternal order can they form their own order domain, and in their order domain, everyone will be suppressed by their order.

But now, the clicking sound in front of them is very similar to the sound of Lord Reaper's domain breaking, so how can they not be surprised? Everyone in the Death Domain formed by Lord Death just now could see clearly that it was so powerful that everything seemed to be completely suppressed when it came, but now they just saw Qin Chen sacrificing and mobilizing a

A piece of treasure, Lord Reaper's domain unexpectedly cracked and cracked.

How is this possible?

Could it be that the kid in front of him is not a double detachment at all, but a triple detachment?

Otherwise, if it is not the triple detachment, how can it break through the order field formed by Lord Death? This is simply impossible.

But at this time, Qin Chen was ecstatic in his heart. Because he is not a triple detachment at all, and what he displayed before was the terrifying killing intent contained in the Dead Sea water contained in the mysterious rusty sword. He knew beforehand that the Dead Sea water in this abandoned land is extremely terrifying,

Even the triple detachment couldn't easily enter, that's why when he sensed that the **** of death urged his domain, he directly released the killing intent in the sea water of the Dead Sea, wanting to crack the domain of the **** of death.

But he never imagined that the killing intent in the dead sea water would be so terrifying, that in this short moment, it would tear apart countless tiny cracks in the order field formed by the **** of death.

Although the God of Death in front of him is just a clone, and its strength is not even one percent of that of the God of Death himself, Qin Chen was shocked and delighted to tear apart the opponent's domain so easily.

What is this dead sea water? It was so terrifying.

[Chapter 5309: Death Scythe](#)

Thinking of this, while Qin Chen was overjoyed, the terrifying killing intent in the mysterious Rusty Sword swept out desperately and madly.

Boom! The power of countless dead sea waters bloomed like a vast ocean, continuously pouring into the realm of order displayed by the **** of death, and the sound of cracking the dense field of cracking sounds resounded more and more, the formation of the **** of death collar

Domains are breaking apart at an alarming rate.

The God of Death's expression changed drastically at this moment. He couldn't imagine that a double-layered Myriad Phrases Divine Phase Transcendence Realm could break through his own domain in an instant. This is simply unbelievable. But before the shock in his heart subsides, he immediately felt a series of terrifying killing intents quickly infiltrate into his clone through his domain of order. one after another

It felt like a tingling pain, as if the formed projection of the avatar was about to burst.

He was even more shocked, because he immediately felt that this killing intent was extremely similar to the killing intent contained in the depths of the Dead Sea, no, it was not similar at all, but the two were almost exactly the same.

"You... mastered the killing intent of the Dead Sea? It's impossible!"

The **** of death suddenly said angrily.

This shocked him even more than Qin Chen's double detachment broke his domain of order. The killing intent of the Dead Sea is something that countless powerhouses in their abandoned land are trying to control, but until now, the masters of many restricted areas in the entire abandoned land have not been able to really control the killing intent of the Dead Sea, at most it is the killing intent of the Dead Sea.

Resistance

The strength has only improved.

But the double detachment in front of him actually controlled the killing intent of the Dead Sea, this is simply a fantasy. It's just that now he doesn't care to think so much anymore, because the killing intent emerging around him is getting more and more terrifying, and has completely enveloped him. The power of that killing intent is getting stronger and stronger, and he even has a kind of Feel

However, once these killing intents are condensed to the extreme, they might be able to tear apart the condensed avatar in an instant.

What frightened him the most was that, along with this terrifying killing intent, there were even terrifying space constraints. These space constraints became more and more converging. If he didn't react, he might not even be able to move in the end.

The **** of death didn't dare to hesitate any longer. As soon as he raised his hand, a black scythe of nothingness appeared in his hand. The moment the black scythe appeared, the void around him made a tearing sound like cloth. .

This pitch-black scythe is the ultimate treasure of the **** of death, the sickle of the **** of death, although it is just a projected phantom, its power is already terrifying enough to make people tremble, it is enough to split a double-level peak detachment in half instantly .

The moment the death scythe appeared, it was already sacrificed by the death **** with all its strength. The piercing sound of rubbing glass resounded all around, as if the howling cold wind was blowing across the empty and cold land in severe winter, and a black light like cold mist directly pierced the gap between him and Qin Chen. space distance

Li, covering Qin Chen.

boom!

The terrifying killing intent formed by the mysterious rusty sword in front of Qin Chen was continuously torn apart by this jet-black light.

At the same time, Qin Chen also heard bursts of 'crack' sounds, and he knew that the domain of killing intent that he had not yet fully formed had been continuously broken under the beheading of the death scythe. Qin Chen knew in his heart that the domain of killing intent he formed was only because he took advantage of the killing intent in the Dead Sea. He did not control the domain of order at all. Today, he has not even fully entered the double detachment.

It is still too weak to face the top powerhouses in the triple detachment. At this critical juncture, Qin Chen directly activated the Hall of Ten Tribulations, suspended above his head, and the Hall of Ten

Tribulations emitted black waves of light, which instantly enveloped Qin Chen, and then the mysterious Rusty Sword was also crazily sacrificed by Qin Chen, one of them

The dead sea water was condensed by Qin Chen, and it turned into a vast river and cut it out.

An incomparably dark and deep dead sea river also crossed the space between the two, splitting towards the **** of death.

Dead Sea Cry Slash!

This **** of death had murderous intentions towards Qin Chen, and Qin Chen also had murderous intentions towards him. Qin Chen would never show mercy to those who wanted to kill him. The surrounding detachment saw the incomparably dark and vast river of the Dead Sea, and even became a little confused. The terrifying killing intent in the long river formed by this dead sea water directly shocked the soul, especially this blow combined

Qin Chen's sure-to-kill aura made all the detached people around him feel like they were about to be completely destroyed before they saw the **** of death in this long river.

"Boom!" The long river of the Dead Sea collided with the death scythe, and the deep murderous sea water and the dark light brought by the death scythe overflowed.

The agitated power sent chills all over his body, and he sacrificed his own defensive treasure without hesitation.

"Crack!"

After the long river and the black light overflowed, Qin Chen's mysterious rusty sword slowed down, but Qin Chen directly smashed the death sickle's black blade away. The **** of death looked shocked, he never thought that the blow of the most precious death scythe that he had evolved would be broken by the boy in front of him. In shock, the phantom of the death scythe in his hand instantly turned into a misty light and shadow, barely

stand in front of me...

"Boom!" There was another roar, and because the phantom of the death scythe was just a projection condensed by the **** of death with its own origin, it was constantly impacted by the mighty dead sea and long river. In just a moment, there was a boom sound, that

The phantom of the death scythe collapsed in an instant under the washing of the long river of the Dead Sea, turning into countless black lights and bursting. After all, the death sickle is just a phantom condensed by the original projection of the death clone, not the real death sickle, and the dead sea water displayed by Qin Chen's mysterious rusty sword is actually the water of the dead sea absorbed from the eyes of the dead sea spring.

Water, compared with the two, how can it withstand Qin Chen's attack?

After the phantom of the sickle in front of the **** of death broke, the sea water of the Dead Sea that Qin Chen slashed out continued even more. The mighty long river was like a tsunami wave, engulfing the phantom of the **** of death in an instant.

puff! A mouthful of invisible essence blood spewed out. Originally, the **** of death in front of him was just a projection of a clone, not the main body, and would not vomit blood at all, but under the impact of the dead sea water, the clone of the **** of death was directly a mouthful of the power of the source. It spewed out and flew upside down tens of thousands of feet before stopping.

And the aura on his body was already mottled, obviously he had suffered a lot of trauma.

"Master Death God!" In the distance, near the eyes of the Dead Sea Spring, General Mingyan Tomb and others were rushed out by a terrifying shock as soon as they sent the defensive treasure, and then they saw the scene of Death God flying backwards with serious injuries. trembling and hissing in disbelief

Roar, there is panic in the eyes.

Lord Reaper was repelled by the injury?

This was a scene that they had never dared to imagine. At this time, the mysterious Rusty Sword and the vast Dead Sea water had once again fallen into Qin Chen's hands, but Qin Chen did not stop there. Taking another step forward, the momentum of his body became more and more violent, and the mysterious Rusty Sword in his hand was even more powerful. humming

ring.

All the detached people around were shocked to see a projection of Lord Reaper's avatar, and the kid in front of him didn't hold on for even a moment, and was injured. What the hell.

[Chapter 5310: ghost king palace](#)

Repelling the phantom of the **** of death with one move, Qin Chen's aura was overwhelming, that vast aura seemed to be able to tear apart everything in the world, and the surrounding void even made a roar of control.

"Dead Sea Killing Intent, you actually controlled Dead Sea Killing Intent, how did you do it?"

The phantom of the **** of death slammed into the rear, looking at Qin Chen with frightened and angry eyes, and at the same time, deep in the frightened and angry eyes, there was a trace of surprise that could not be concealed, as if seeing a naked and peerless beauty.

The killing intent of the Dead Sea is one of the forces that the masters of the restricted area have always wanted to control, but so far, no master of the restricted area has been able to do it.

But the kid in front of him actually controlled the killing intent of the dead sea, which made him not tremble or excited. If he could capture the kid in front of him, wouldn't he also be able to discover the method of controlling the killing intent of the Dead Sea? By that time, in the entire abandoned land, is there any master of the restricted area who can compare with him? I'm afraid I'm going to be kneaded by him

.

And what shocked Death God the most was that after the previous confrontation, he clearly perceived that the Qin Chen in front of him was definitely not a triple detachment, but only a double detachment, and even the double omnipotent power in him was not very strong.

A 2nd level detached statue with such cultivation can control the killing intent of the dead sea, what kind of secrets does he have?

"Hmph, how does this seat control the killing intent in the Dead Sea? What does it have to do with you?"

Qin Chen sneered, if he still had the idea of subduing these people from the Mingyan Tomb, then he had no intention of negotiating terms with the death **** in front of him at all.

As the master of the forbidden area, a strong man like Reaper would never negotiate conditions with him. His purpose is absolutely only one, and that is to capture himself and torture all his secrets.

So when the **** of death was furious and pleasantly surprised, Qin Chen did not hesitate at all, and once again sacrificed the mysterious rust sword.

Surging waves of killing intent! This time, Qin Chen directly activated the principles of space, and completely fused the killing intent in the mysterious Rusty Sword with it. The power of countless spaces turned into space cracks, merging into the sky full of sword light and slashed violently. out, and here

In the sword light, the killing intent of the mysterious rusty sword and the terrifying killing intent contained in the dead sea water are integrated.

The **** of death has seen the power of the deadly sea water's murderous attack, and he didn't dare to neglect it. The moment Qin Chen made a move, the **** of death's sickle in front of him was condensed again. At the same time, the endless power of the dark rules of death surged out of him, and these powers of the rules of death turned into ripple-like vortexes, combined with the death scythe, it moved towards Qin with dense black murderous intent.

Dust covered the past. This time, the **** of death knew that it was not an easy task to capture Qin Chen, so he directly burned the origin of his clone, and in an instant, countless wills of death came, and the surrounding world was directly plunged into

into an endless nightmare of death. In the case of burning the source, his death avatar can only last for a stick of incense at most, but in his opinion, this stick of incense time is enough to catch Qin Chen with a double detachment, even if the other party has die

The same goes for Sea Killing Intent. Under the full force of Death God's Burning Origin, the power of Death God's Scythe erupted is more than twice as terrifying as before, and the jet-black death light that it brought out rippled out wave after wave, just watching from the side Ming Yan

The tomb general and the others were also trembling secretly. He was ready. Once Lord Reaper gained the upper hand, he would immediately flank Qin Chen so that Lord Reaper could quickly capture him.

The **** of death had already sensed Qin Chen's strength before, and knew that Qin Chen's most powerful killing intent was the Dead Sea's killing intent, so this time he directly burned his source, desperately injured to break through Qin Chen's killing intent attack, and then directly captured Qin Chen .

He believed that as long as Qin Chen's attack could not tear apart his order field, he would be able to take this opportunity to capture Qin Chen. After all, it was impossible to resist his attack with Qin Chen's double detachment.

However, when his attack collided with Qin Chen's killing intent attack, the **** of death quickly sensed that something was wrong. His attack with the **** of death's sickle was sacrificed, but it was as slow as a feather flying in the sky. The next moment, he felt that the time and space around him became incomparably frozen. All his attacks moved forward in the void as if he had fallen into a quagmire, while the opponent's attacks were not affected at all, and waiting for him to react

When he came over, Qin Chen's black killing intent and sword light had swept over him overwhelmingly. The **** of death was horrified immediately. If this continues, Qin Chen's attack has already hit him before his attack fell on Qin Chen. Now he is just a clone source. If he continues to be consumed, he will definitely be under Qin Chen's attack. torn

Crack into pieces.

At this moment, he couldn't care about anything else, burning his source crazily, trying to escape from Qin Chen's time and space constraints. dust. The **** of death knows very well that as long as he can seriously injure Qin Chen, even if he has only a small original clone power left, he can capture the opponent. Even if his original clone is completely collapsed, there will be the general of the Mingyan Tomb here, so there is no need to worry about it.

Xin Qin Chen will run away.

So at this moment, he tried his best to seriously injure Qin Chen.

"Boom, boom, boom..." The moment Qin Chen's attack fell, the attack of the **** of death finally hit Qin Chen, making an astonishing roar. The Tomb General of Mingyan, who was watching on the side, was shocked to find that the death scythe cast by Lord Reaper and the black killing light from his death scythe all hit a quaint hall that suddenly appeared on Qin Chen's head. The main hall trembled violently, but it wasn't damaged at all, and it didn't cause any fundamental damage to Qin Chen at all.

Qin Chen was so shocked that he vomited blood, and the countless attacks had completely dissipated.

"How is it possible..." At this time, the **** of death also discovered the scene of his failed attack, and immediately let out an unbelievable roar. However, before his roar was fully released, the countless jet-black killing intent sword lights that Qin Chen sacrificed had already slashed crazily. fell on him superior.

After the **** of death burned the source, he barely broke free from Qin Chen's shackles, but was swept up by countless black sword lights without any power to continue.

Under Qin Chen's attack, his death sickle phantom was directly annihilated by countless black killing intent sword lights, and the countless black killing intent sword lights swept the entire phantom of death into it like a vast ocean.

At this time, the **** of death has consumed all his strength because of burning the source, even if he has great abilities, he is powerless at this moment.

"Puff..." Several sounds were heard, and the majestic figure of the God of Death was pierced through the void. He watched helplessly as his body was torn apart by the jet-black sword light of killing intent. While raging continuously, he suddenly

Feeling a faint power of the dark spirit, pointing at Qin Chen with anger in his eyes, he said, "Spiritual spirit, you are from the Palace of the Ghost King..."

Qin Chen's face changed slightly, as if some secret had been discovered. With a turn of the mysterious rusty sword, his origin, once again shrouded in endless killing intent, quickly disappeared and collapsed.

But just when the origin of Death God's avatar was about to completely collapse, suddenly a stream of light shot up from the origin, and it was about to leave this world in an instant.

This is the core power of Death God's avatar, and it is obvious that he wants to preserve this source and escape from this place.

"Master Ghost King..."

Seeing this, Qin Chen hurriedly shouted.

"Huh!" As Qin Chen yelled down, in the endless void, suddenly endless ghost energy surged, and a triple power beyond the realm of eternal order enveloped the world. In the vast world, there has been a huge
The ghost king sticks out his palm

, directly shooting at the origin of the **** of death.

"Sen Ming Ghost King, it really is you."

The **** of death showed a look of shock and anger: "How dare you offend my ghost king's cemetery, do you want to court death?"

"Hmph, God of Death, my Ghost King's Hall is also a restricted area, how can I be afraid of your Death God's cemetery?" An icy cold air surged, and the huge Ghost King's palm directly covered the Death God's line without pausing or hesitating. The origin, with a bang, the endless power of eternal order surged, directly annihilated the origin of the **** of death, and turned it into endless nothingness.
