Stepping into the Dead Sea

At this time, looking at the world in front of her, Sisi's body trembled a little, and her aura also fluctuated violently, and she even couldn't suppress the original injury on her body.

Qin Chen's face changed slightly, "Sisi, what's wrong with you?"

boom!

Qin Chen raised his hand, and an invisible force of space surged, quickly suppressing Sisi's aura.

"I'm fine."

Sisi looked at the space passage in front of her and said doubtfully, "Here, I just feel a little familiar."

"familiar?"

Qin Chen frowned.

This place is located in an abandoned place in the underworld, how could Sisi feel a little familiar?

"I don't know, but in my memory, I seem to have seen such a place, no..." Sisi covered her head: "It's not in my memory, it should be in the ancient memory that I kept in my mind, there is such a picture."

"Ancient memories?"

Qin Chen frowned and looked at Sisi: "Could it be that it is the memory of Empress Mingyue? No, although you are the descendant of Empress Mingyue, Emperor Youming once said that it is impossible for even an emperor-level powerhouse to enter this abandoned place." Land, the only emperor who entered this world back then was Emperor Shimei, that is to say, Empress Mingyue had never entered this abandoned land before, how could you have such a memory in your mind?"

Qin Chen didn't understand.

No matter from which point of view, even from the point of view of Empress Mingyue, Sisi should not be familiar with this place.

"This... I don't know." Sisi looked around, "But there should be nothing wrong with this feeling."

"Feel?"

"It's this world, and this space channel, I feel like I've seen it before, and it should be related to a certain secret."

Speaking of this, Sisi suddenly covered her head, showing pain, she snorted, her face became paler, and blood overflowed from the corner of her mouth.

Qin Chen changed color, raised his hand hastily, and with a bang, several people disappeared quickly and returned to the chaotic world.

At the foot of the Demon Tree of Ten Thousand Realms, Sisi's expression became normal after returning here.

"Where did you see it?" Sisi asked in pain.

"Sisi, don't think about it if you can't figure it out." Qin Chen said hastily.

Qianxue and the others hurried forward to comfort her.

"No, I have a feeling, if I can remember, it may be related to whether we can leave this abandoned place." Sisi said hastily.

"fine."

Qin Chen hugged Sisi tenderly, "Even if I can't remember, I can take you away, for sure."

Qin Chen said softly.

In the following days, while consolidating his cultivation, Qin Chen merged with the new Forsaken Land powerhouse.

There are many ghost cultivators in the Abandoned Land, Qin Chen sent out the subordinates of Ghost King Hall and Xuanguai Laomo, and asked them to search for practitioners with different rules of the underworld, so as to perfect the rules in the chaotic world.

Now Qin Chen's cultivation is not enough, even if it is only improved a little, as long as it can help him leave the abandoned land in the future, Qin Chen will not slacken in the slightest.

At the same time, Qin Chen also often came to the place where the space passage disappeared under the ghost king pool, constantly researching and contemplating.

Sisi said that this place may be related to the secret of leaving the abandoned land. Although he didn't know why Sisi had such an idea, Qin Chen instinctively believed in Sisi's words.

However, no matter how Qin Chen probed and researched, except that this place was somewhat similar to the Dead Sea spring, Qin Chen still had nothing to gain.

In the blink of an eye, another month has passed.

The number of underworld rules fused in the chaotic world has also exceeded 40,000, and Qin Chen has also fused his own rules to the extreme.

boom!

In Qin Chen's body, there were waves of astonishing aura surging, and in Qin Chen's domain, there were faint auras of death surging.

This is the death domain of the tomb owner of the death god. During this month, Qin Chen has mastered all the breaths of the domain of the tomb owner of the death god. In the control of the domain, Qin Chen has already far surpassed many triple transcendences.

"I have controlled the domain of order of the Tomb Masters of the Death God. In addition, I have mastered a total of 1,567 rules and avenues. It is time to go to the Dead Sea to find out the situation." Qin Chen made a decision.

Although there are still a few days before the opening of the forbidden area of the dead sea, Qin Chen has never been to the land of the dead sea. Naturally, he needs to go to the dead sea to understand the situation before the opening of the forbidden area.

And Wangu Mingzu and the others who heard the news were also eager to try.

After making simple arrangements, Qin Chen immediately took Wangu Mingzu and the others and headed straight for the Dead Sea.

This time when he went to the Dead Sea, Qin Chen brought some people who were useful to him into the chaotic world and took them with him. As for the other useless people from the Ghost King Palace, Qin Chen still stayed in the Ghost King Palace.

For the many ghost cultivators in the Ghost King Palace, Qin Chen doesn't need to be protected like a nanny. He only needs to take away those who are useful to him, and he doesn't need to do anything to everyone's future.

"Xuan Gui, among us, you have been to the Dead Sea the most times, you are here to lead the way." During the flyby, Qin Chen even ordered Xuan Gui Laomo to lead the way.

Among them, Qin Chen and Wangu Mingzu have never been to the Dead Sea, and the Blood Demon Ghost Ancestor has been active in the abandoned land all year round, and the number of times he went to the Dead Sea is not many. Hades King has been active in the Dead Sea and knows more about the Dead Sea.

In the narration of Xuangui Laomo, the Dead Sea is extremely vast and vast, and it surrounds the Abandoned Land, which means that from any place in the Abandoned Land, you can lead to the Dead Sea, and there are passages leading to the interior of the Dead Sea everywhere. .

It's just that when entering the Dead Sea in different places, the dangers encountered will be different, and the difficulty of entering the depths will also be different. These require enough experience to help.

But this is not difficult for Xuangui Laomo.

The place closest to the Dead Sea from the Ghost King Hall normally takes several days to reach, but Xuangui Laomo and the others are all master-level powerhouses in the restricted area, and Qin Chen controls the rules of space, and is even older than Xuangui on the way. Demons and the others are much faster.

After flying with all his strength for more than a day, Qin Chen had already seen the location of the Dead Sea. It was only a short period of time from when Qin Chen saw the Dead Sea to when he stood at the Dead Sea.

Qin Chen has been to some dangerous places in the universe sea, and experienced a lot of dangers in the initial universe. When he first entered the dark universe, he had been to the Nether Galaxy. The cultivation base is still very low.

But now that he is standing in front of the Dead Sea, the abandoned land, he knows what is vast and boundless.

Before entering the Dead Sea, Qin Chen sensed that the sea water was rolling like a tide. The feeling of vastness reminded Qin Chen of the time when he first entered the Void Tidal Sea. At that time, the Void Tidal Sea was boundless and endless.

And the depths of the Dead Sea are more like the Void Sea where the ancient emperor's predecessors are. Just by looking at it, there is a sense of despair shrouded in endless killing intent. It feels like facing endless enemies, and it is impossible match.

"My lord, this is the Dead Sea." Xuangui Laomo said respectfully.

Qin Chen nodded. He settled down and stepped into the Dead Sea in front of him. As soon as he entered the Dead Sea, he seemed to feel a terrifying sense of killing. The sound of palpitations and whimpers, even with Qin Chen's determination, there was a faint throbbing at this moment, as if he saw the endless killing intent and dead souls in the dead sea.

Terrible Dead Sea.

[Chapter 5362: Gallo Santo](#)

And when Qin Chen saw the Dead Sea for the first time.

At the core of the abandoned land, an ancient city stands here.

This city is incomparably majestic, at least a million miles in radius. Looking around, it looks like a huge ancient behemoth lying on this dark plain, giving people an extremely terrifying feeling of palpitations and oppression.

This place is the only core city in the Abandoned Land—the Abandoned City.

The Abandoned City was built after hundreds of millions of years spent by many strong men in the Abandoned Land.

No one knows how long ago the Abandoned City was established. Everyone only knows that this city has already existed here since they were imprisoned in the Abandoned City.

According to the oldest rumors, the founder of the Abandoned City was the first strong man imprisoned here. For hundreds of millions of years, the subsequent strong men imprisoned in the Dead Sea cage continued to strengthen and expand it.

And after countless tens of thousands of years of expansion, the Abandoned City finally had its current scale. In the Abandoned Land, although each master of the restricted area has his own core places, such as the Ghost King Hall, the Death God's Graveyard, etc., each master of the restricted area will also establish a resident in the abandoned city, and dispatch troops

The following personnel stay here. Because this is the place where countless strong people in the entire abandoned land exchange and exchange things.

It is undoubtedly the best choice to exchange in the city.

This is also the distribution center for all the news of the Abandoned Lands, gathering the Lords of the Forbidden Lands with the largest number of Forsaken Lands.

But such a place is the safest place in the Abandoned Land, and it doesn't have an absolute controller like the outside world.

Because there are too many strong men in the Forsaken Land, no strong man has the guts to say that he can deal with all the other restricted area masters. Just like a strong man like the Lord of the Reaper's Tomb, with a top underworld soldier like the Reaper's Scythe, although the strength alone is enough to surpass other masters of the restricted area, but if we really want to fight, as long as several masters of the restricted area join forces, the Tomb of the Reaper will be able to fight.

The Lord will fall into siege, and will not be able to gain an absolute upper hand at all.

Therefore, there is no absolute leader in the abandoned land, but where there are people, there are rivers and lakes. Although there is no absolute leader here, there is still the City Lord's Mansion.

And the person living in this city lord's mansion is a strong man recognized by many forbidden zone lords in the abandoned land. In order to maintain the safety and peace of the abandoned city, all the masters of the restricted area have signed a treaty, that is, it is absolutely not allowed to do anything indiscriminately in the abandoned city.

No matter how strong it is, it will be difficult to completely block the attacks of the strong in the Eternal Order Realm. Once fighting starts, the Forsaken City will be damaged, which will require everyone to spend tens of times or even a hundred times of time to repair, so for hundreds of millions of years, after going through confrontations again and again, the Abandoned City has left such a

According to this order, no one is allowed to fight indiscriminately in the Abandoned City. Once discovered, they will be targeted by the masters of all restricted areas in the Abandoned Land.

This has become an iron law of the abandoned city, and in the city lord's mansion of the abandoned city lives a strong man elected by everyone to maintain the order of the abandoned city.

This strong man needs to sit in the abandoned city all year round to maintain the order of the abandoned city, and his strength must be able to hold the place, so generally only the top figures among the masters of the restricted area are eligible to sit in this position.

Although this position is an honor, it is more of a responsibility. There are not many benefits, but it is subject to many restrictions, so many strong people do not want to sit in such a position.

On the contrary, it is to limit the position of the deputy city lord of the city lord, and many people are willing to take it. There are five deputy city lords. This position is relatively free, without too many restrictions, and can also gain a certain reputation. Therefore, many masters of restricted areas are willing to be fooled.

The reason why he is willing to take the Ancestor of the Dragon Ghost as the leader is because the Ancestor of the Dragon Ghost was once the Deputy City Lord of the Abandoned City back then. The city lord and deputy city lord of the abandoned city have to be re-elected every million years, but because there are not many people who want to take the positions of the city lord, the candidates for the city lord have not been changed for hundreds of millions of years. deep

Ancestors will be in charge. This Jialuo Mingzu's cultivation base is extremely terrifying, he has reached the late stage of the eternal order realm, and he has many means and vast supernatural powers. In terms of strength, he is definitely one of the top powerhouses in the abandoned land. One-on-one, he even rude

He is more attractive than strong men like Xue Fiend Ghost Ancestor and Death God Tomb Master. And the most important thing is that he is still a good old man, who has no desire to explore the Dead Sea, unlike the Forest Ghost King who likes to explore the Dead Sea, and has rarely even entered the depths of the Dead Sea, and this person has no desire to explore the Dead Sea. the rule is

It is extremely serious, and no one is allowed to break the rules of the abandoned city.

So after he became the city lord for the first time hundreds of millions of years ago, everyone also acquiesced that he has been sitting in the position of the city lord, and it has not changed for many years. The biggest shortcoming of Jialuo Mingzu is that he likes to retreat. He spends most of his time in retreat. Fortunately, the abandoned city has been standing for so many years, and everyone has already known the rules here, otherwise the abandoned city would have been

It's been messed up.

At this time, in a top-secret space deep in the city lord's mansion of the abandoned city.

A figure was standing there quietly, and in front of him, endless killing intent surged like an ocean, constantly pounding back and forth in this space.

If Guilong Guizu was here, he would recognize him. This person is one of the five vice-lords of the Abandoned City—the Shadow Demon Ancestor. This person has extremely strange supernatural powers, and he is the right-hand man of Jialuo Mingzu. When Jialuo Mingzu was in seclusion, it was the Shadow Demon Ancestor who managed the abandoned city for him.

The method is fierce and the hostility is astonishing. In terms of fierce name, he is stronger than the blood demon ancestor and the tomb master of the death god. What the strong in the abandoned city fear most is falling into the hands of the shadow demon ancestor.

boom!

In the void in front of him, endless killing intent surged, and they converged into a figure one after another. At the same time, this figure with terrifying killing intent came out slowly. This person's face was eagle-like, and his whole body exuded a fierce aura, just like a **** of death. But after only one step, the fierceness on his body dissipated in an instant, and the whole person suddenly became much gentler, like a good old man, who couldn't see it at all.

To the point of aggressiveness, it doesn't even look like a prisoner at all.

If Guilong Guizu and the others were here, they would be able to recognize at a glance that the person in front of them was Jialuo Mingzu, the lord of the abandoned city.

"Master Jia Luo."

After Jia Luo Ming Zu came out, the Shadow Demon Ancestor who was standing here quietly lowered his head and saluted Jia Luo Ming Zu respectfully.

If the Dragon Ghost Ancestor and the others saw this scene, they would definitely be shocked. The Shadow Demon Ancestor, who had a great reputation in the Forsaken City, had such a respectful side. "The water of the Dead Sea is indeed extremely difficult to control." Jia Luo Mingzu's face was indifferent, and in his palm, waters of the Dead Sea were swimming like small snakes, and then disappeared suddenly: "Fortunately, this Zu spent tens of millions

Years, after retreating for so long, I finally figured out some of its powers. "The corner of Jialuo Mingzu's mouth traced a smile, then looked at the Shadow Demon Ancestor beside him, and said calmly: "Shadow Demon, the forbidden area of the Dead Sea should be opened soon, right? During these days when the ancestor retreated, did any major events happen in the abandoned land?

? "

"Yes, there was indeed a major event."

Shadow Devil Ancestor said coldly.

"Is there really a big thing happening?" Jia Luo Mingzu looked over in surprise, frowning, he knew the Shadow Demon Ancestor too well, generally even if there is a master of the forbidden zone, it is impossible for him to call it a big thing, but now, he It's so certain that something big will happen , such a thing is definitely not normal.

"Say, what's the matter?" Jia Luo Mingzu said coldly. "More than a month ago, a great battle took place in the Ghost King Palace. The owner of the death tomb, the ancestor of the giant ghost, the old ghost of the nine infants, and the evil **** of thousands fell. They all died in the hands of a strong man who claimed to be the Lord of the Underworld. , and this person also subdued the blood demon

Ghost Ancestor and Xuangui Old Demon... In addition, the Forest Ghost King was taken away by a strong man who claimed to be the Bone Ghost Ancestor, and he also became his subordinate. This is not the most important thing, the most important thing is that this person also controls a piece of dead sea water..."

In a few words, the Shadow Devil Ancestor recounted everything that happened in the Ghost King Hall.

Jialuo Mingzu's pupils shrank suddenly: "Have you controlled the water of the Dead Sea?" "This is true." The Shadow Demon Ancestor said indifferently: "At the time, there were more than a dozen masters of the restricted area of the land I abandoned, including the Dragon Ghost Ancestor. , have all witnessed this scene with their own eyes, in addition, this person also gave part of the water of the Dead Sea to the Dragon Ghost Ancestor

They let the Dragon Ghost Ancestor and others perceive and comprehend that everything is for the purpose of leaving the abandoned land..."

"What?" A cold light burst out of Jialuo Mingzu's eyes, "Give me the specific information."

As soon as Shadow Devil Ancestor raised his hand, a pitch-black jade Jian Jian flew out instantly and fell into Jia Luo Mingzu's hand.

Jialuo Mingzu had already seen all the information in it with just a perception, and his face suddenly changed unpredictable, revealing a hint of disbelief.

"Master of the Underworld? The Ancestor of Myriad Bones?" Jia Luo Mingzu murmured, and a cold light burst out from his pupils: "Interesting, I never thought that so many things would happen when I was in retreat. The tomb masters of the ghost king's blade are all dead, and these guys are still alive.

What a good trick, Wangu Mingzu, hmph, this guy is not dead? "

"My lord, do you know him?" Shadow Devil Ancestor frowned: "This man said that he was once one of the seven underworld generals under the command of the Four Great Emperors Youming, and Old Demon Kongming also confirmed his identity."

Jia Luo Mingzu said coldly: "He is right, this person is indeed one of the seven underworld generals under Emperor Youming, but he was also the most inconspicuous underworld general back then, and, as early as in ancient times, this person had already Fallen."

"Dead?" "That's right." Jia Luo Mingzu sneered: "In the ancient war, the underworld and the universe fought fiercely, and there were fights everywhere. After the Emperor Youming disappeared, Wan Guming, one of the seven great generals, Zu will naturally be targeted by many strong men,

This person blew himself up and died in a battle that year, but he was still alive? "

"Then everything is right." Shadow Devil Ancestor nodded.

"No, I'm sorry." Jialuo Mingzu shook his head.

Shadow Devil Ancestor frowned and looked over: "What's wrong?"

"After the Wangu Mingzu fell, he disappeared. If the ancestor guessed correctly, there should be only a remnant soul left of this person, hiding in the underworld, but the key is how did he enter the abandoned place?"

Jialuo Mingzu raised his head and murmured, "It's not like it was back then. Over the years, there have been fewer and fewer strong people entering the Forsaken Land. How did this person get in?"

"Is there something wrong with this person?" Shadow Devil Ancestor wondered.

"There must be a problem." Jialuo Mingzu sneered: "It's just a remnant soul, his strength should not have been fully recovered, it is not enough, but the Mingzhu..."

Jialuo Mingzu narrowed his eyes: "Who is this person?"

"My subordinates have secretly asked the masters of many restricted areas. No one has ever heard of such a person in the underworld. This name is either fake, or it has only been circulated in the underworld in recent years." "Fake? Lord of the Underworld? Ordinary people can't afford this name." Jia Luo Mingzu's eyes were cold: "Don't worry about it, I want to get the water of the Dead Sea that this person bestowed on others. can control death

The water of the sea. "

Jialuo Mingzu raised his hand, and a stream of dead sea water gushed out of his palm.

"This is the power that my ancestor spent hundreds of millions of years in the depths of the Dead Sea, and relying on the treasure bestowed by the lord, to become familiar with it. How can this person do it?"

Killing intent surged in Jia Luo Mingzu's eyes. Shadow Demon Ancestor said coldly: "My lord, Guilong Guizu and others have gone to the land of the Dead Sea not long ago, and the subordinates deliberately designed to leave Nie Hailong Demon and Old Black Punishment Ghost behind. The water of the Dead Sea, Ruo Da

If someone needs it, the subordinate immediately calls the two of them. "

"Can."

Jialuo Mingzu nodded, and suddenly, he stopped Shadow Demon Ancestor, "Remember, secretly call the two of you here, and don't let anyone know that the two of them have been to the City Lord's Mansion."

"Understood, my lord."

Shadow Devil Ancestor flickered and disappeared suddenly.

Jia Luo Mingzu narrowed his eyes and said: "Someone actually came to pick my ancestor's peaches. I have been operating here for so many years. How can you allow an outsider to take away the benefits of my ancestor?"

boom!

A terrifying killing intent suddenly swept from Jia Luo Mingzu's body, annihilating the void.

After a while.

Behind the City Lord's Mansion.

Three figures suddenly fell down.

All three of them exuded a terrifying aura, and they were none other than Shadow Devil Ancestor and Nie Hailongmo.

"Brother Shadow Demon, what's going on, you want me to hide my whereabouts and walk through the back door, so be so careful?" Nie Hailongmo asked curiously.

Beside him, stood a dark and thin ghost cultivator, who was the old ghost of Hei Xing.

"Two, the city lord has been in seclusion before, and he saw you, probably because of the matter of the ghost king hall underworld master." Shadow Devil Ancestor secretly said.

"Oh? Everyone knows about this, what else does brother Jialuo want to know?" Nie Hailongmo was a little puzzled. The Shadow Demon Ancestor smiled and said: "The City Lord knew a lot about some of the powerhouses under the command of the Four Great Emperors back then. I think he wanted to know more about the Myriad Bone Nether Ancestor. Now the Dead Sea forbidden area is about to open. Anyway, the second

We are going down to the Dead Sea, and the city lord and I are also planning to set off, and we happen to be going together, so we can count as a companion. "

"Hahaha, that's good." Nie Hailongmo laughed, and the three of them entered the City Lord's Mansion through the back door.

After the three disappeared, a figure slowly appeared in a void outside the city lord's mansion, with a puzzled expression on his face. "Strange, why are Niehai Longmo and Heixing old ghost here? Didn't the two of them go to the Dead Sea with the ancestor of the dragon ghost? And they sneaked in from the back door of the city lord's mansion. What the **** are they doing?" In the void, a figure slowly

The one who emerged was none other than Old Demon Kongming, with a look of doubt on his face.

Living in the abandoned land all year round, the old devil Kong Ming keenly felt that this matter was weird.

"Could it be that they have some conspiracy?" Old Demon Kongming thought for a while, and immediately hid his figure in the void, and hid aside.

In the main hall of the City Lord's Mansion.

Under the leadership of Shadow Devil Ancestor, Niehai Longmo and Heixing Old Ghost had already met Jialuo Mingzu.

"Haha, Brother Jia Luo, I heard that the Shadow Devil Ancestor said that you had something important to come to me and the old ghost Heixing.

"Brother Nie Hai and Brother Hei Xing are here, Shadow Demon, show your seats quickly." Jia Luo Mingzu said enthusiastically immediately. "Haha, there's no need to watch the seats." In the eyes of Nie Hailongmo, Jia Luo Mingzu has always been so enthusiastic, he waved his hands and said: "Brother Wulong and the others have already gone to the Dead Sea first, and Brother Heixing and I It happened that something happened to stay,

If Brother Jialuo wants to know something, just ask quickly. I have to go to the Dead Sea as soon as possible to get acquainted with the killing intent in the depths of the Dead Sea. "

"Those two don't even sit down, right? It won't waste much time." Jialuo Mingzu smiled, and at this time, Shadow Devil Ancestor had already placed two stone chairs beside the two of them and brought them up. I drank two cups of tea.

Nie Hailongmo thought about it, and sat down anyway because he wanted to talk. "Two, I'm looking for you this time because I want to know what happened in the Ghost King Palace back then. You two happened to be at the scene, so please tell me everything about it. Have you experienced it yourself?"

Luo Mingzu said with a smile. "So that's what happened." Nie Hailong said with a smile: "Unexpectedly, Brother Jia Luo, you have always been ignorant of world affairs, and you are actually curious about this. Well, we have to start with Guikuling. We were also surprised at that time." Got the news,

The owner of the tomb of the death **** and the ghost king of the underworld fought in Guikuling, so they are going to go..." Nie Hailongmo didn't hide his secrets, and when he was about to talk about the

previous things, he liked to make friends, and The above is a personal experience, and the narration at this time is even more vivid, just a stick of incense

, and said everything in its original form.

"I see. Your Excellency is saying that this person's domain of order is extremely terrifying, containing the power of space, and can even cut you all apart?" Jia Luo Mingzu pondered for a moment after hearing this, and couldn't help asking. "That's right." Nie Hailongmo nodded and said, "If this person doesn't say anything else, the domain of order is extremely terrifying. Even the domain of the **** of death, the owner of the tomb of the **** of death, can't resist the oppression of the other party's domain. ,exhaust

Even if we tried our best to attack, it was only faintly shaken. Unless the masters of many restricted areas at that time burned the original and desperate attacks, otherwise it would not be an easy task to break the opponent's space division. "

"Even if this is the case, we are afraid that some people will fall in the process of breaking through the opponent's space."

Looking back now, Nie Hailongmo was also a little startled. "This person is so powerful in the field of order?" Jialuo Mingzu said in surprise, he pondered for a moment, frowned and said: "This ancestor also heard that you all got the other side's Dead Sea water, I wonder if there is such a thing, this Dead Sea water, two

Can you give me a look at it? "

"this..."

Niehai Longmo and Heixing Old Ghost looked at each other, hesitantly, the water from the Dead Sea that Qin Chen gave was extremely precious, and they resisted instinctively when they were asked to take it out.

"Why, is there any inconvenience?" Jialuo Mingzu asked doubtfully.

"It's not inconvenient, since Brother Jia Luo wants to watch it, that's fine."

Niehailongmo thought for a while, anyway, this dead sea water has been partly controlled by them during this period of time, and can be manipulated at will, but Jialuo Mingzu has never seen it before, so it is normal to want to see it.

Thinking of this, Nie Hailong raised his hand immediately, and a stream of dead sea water had already floated in the void, appearing in front of Jia Luo Mingzu.

"It's really the water of the Dead Sea!" Jia Luo Mingzu was taken aback, and came up to him, looked at the water of the Dead Sea, and couldn't help reaching out to touch it.

Nie Hailongmo hurriedly said: "Brother Jialuo, you should be more careful. This thing has been controlled by me. If you touch it, it may arouse killing intent and hurt yourself."

"Brother Nie Hai, don't worry, this ancestor only sensed it slightly, and won't touch it directly."

Jialuo Mingzu said, and sure enough, his hand stopped over the water of the Dead Sea, and then he felt it slightly.

His face was calm, and no one knew what he was thinking. After a while, Jia Luo Mingzu looked at the old ghost Hei Xing, "Brother Hei Xing, where is your dead sea water? Is it the same as that of Nie Hai?"

Immediately, the old ghost Hei Xing raised his hand and released a stream of dead sea water: "Brother Jia Luo, let's see."

Two streams of dead sea water were floating in the hall, Jialuo Mingzu turned back and forth several times, couldn't help being amazed, felt it again and again, made Nie Hailongmo and Heixing old ghost wait a little anxiously. "Brother Jia Luo, if you are interested in the water of the Dead Sea, you can go to the land of the Dead Sea. If you meet the Lord of the Underworld, you can ask him for some. Although this person is fierce, he is straightforward. Brother Jia Luo is me. Lord of the Forsaken City, if

It's a begging, and the other party should give Brother Jia Luo some. "Nie Hailongmo thought for a while and said, at the same time, as soon as he raised his hand, he was about to take back the water of the Dead Sea.

"Brother Niehai, don't worry." Jia Luo Mingzu laughed: "This ancestor will definitely go to that brother Mingzhu to ask for the water of the Dead Sea, but here I also want to know what the other party's space order field is. How strong."

"This... how to tell?" Nie Hailongmo was stunned, and the old ghost of Hei Xing also frowned.

They have only experienced Qin Chen's domain of spatial order. As for how strong Qin Chen's domain is, the two of them cannot release it to Jialuo Mingzu, so they can only briefly describe it. "It's simple. This ancestor has retreated for so many years, and he is best at the field of order. You just need to describe the gap between this ancestor and this person's field of order. When this ancestor meets the other party, he will feel better." There are numbers.

"Jialuo Mingzu's voice fell, and with a bang, a terrifying killing intent suddenly released from his body. In an instant, this killing intent enveloped the entire space of the hall, killing the evil sea dragon demon and the black criminal old ghost. it's all wrapped up

.

"Brother Jia Luo, you are..." Nie Hailongmo and Hei Xing Laogui were startled. The next moment, the two simultaneously released their Order Domains, and there were two bangs, and two terrifying Order Domains instantly pervaded. Come on, collide with the order domain of Jialuo Mingzu in a crash

Together. As triple detachment powerhouses, the two have rich fighting experience, and they instinctively don't want to put themselves in the domain of other people's order, because once they are in the domain of other people's order, it is equivalent to being completely controlled by other people around them

. There was a booming sound, and after the order domain of Nie Hailongmo and Hei Xing Laogui collided with the order domain of Jialuo Mingzu, it was as if they had hit an extremely solid wall. was pressed

Shrinking in a very small range, it can't hit the shackles of Jialuo Mingzu's order field at all.

How can this be? The two of them were startled. Although they are not the third-level late stage superpowers, their cultivation is also extremely terrifying. Once their order domain is released, even if they meet the blood demon ancestor, the tomb owner of the death god, and the dragon Gui Zu

Such a triple late-stage Eternal Order powerhouse would not be so suppressed.

Even if they are at a disadvantage, they still have the ability to resist, but now the domain of order of the two of them is below the domain of Jia Luo Ming Zu, and they can't open it at all. What kind of realm has this Jia Luo Ming Zu's domain reached?

Is it the peak of eternal order?

Subconsciously, the two of them will try their best to operate the field of order, tear apart the shackles around them, and even sacrifice their weapons.

Being bound by other people's domains is a big taboo for these restricted area masters.

But at this moment, Jia Luo Mingzu asked with a smile: "How, do you two think that my order domain is stronger or weaker than that of the Ming Lord's space domain?"

Hearing this, Niehai Longmo subconsciously let go, because Jialuo Mingzu's smiling appearance didn't seem to be intentional at all, but as if he really wanted to verify the strength of the domain.

Nie Hailongmo immediately said: "Brother Jia Luo's domain is indeed powerful and full of killing intent, comparable to that of the Lord of the Underworld. I admire it, but I would like to ask Brother Jia Luo to put away the domain to avoid unnecessary misunderstandings... "

Before he finished speaking, he suddenly heard the old ghost of Hei Xing suddenly roaring in fright and anger: "Shadow Demon Ancestor, you..." With a puff, the Shadow Demon Ancestor who had been hiding at the side unexpectedly appeared in Hei Xing Behind the old ghost, a pair of pitch-black Emei thorns in his hands had already ruthlessly pierced into the back of the old ghost of Heixing.

Xing Laogui was nailed to the void.

"Shadow Demon, what are you doing..."

Niehailongmo was startled immediately. Years of fighting instincts made him subconsciously burst out his own order domain in the first place, and at the same time he was about to rush out of this hall.

If he didn't feel something was wrong at this time, he would not be alive now.

There was only a bang, and the terrifying aura erupted from the body of the evil sea dragon demon, and a vast black ocean swept across. In that ocean, there was a faint dragon shadow roaring, trying to break through the shackles of Jialuo Mingzu's domain. But before his domain completely erupted, Nie Hailongmo felt his whole body tense, a cold feeling of killing intent enveloped him, and at the same time, the domain he released made a fine crackling sound, he field

It collapsed instantly before even having time to cast it.

"Peak Domain, you..."

Niehailongmo looked at Jia Luo Ming Zu angrily, but at this moment Jia Luo Ming Zu, who had been called a good old man, had no smile on his face at all, and there was only a fierce and ferocious face, like a devil coming out of purgatory.

Niehailongmo had never seen such an expression on the good old man Jialuo Mingzu who had been called for hundreds of millions of years in the abandoned city.

He subconsciously wanted to mobilize the water of the Dead Sea in front of him, but as soon as his consciousness moved, he was horrified to find that the water of the Dead Sea in front of him was trembling continuously, but it was not under his control at all. Not good, Niehailongmo immediately understood his situation, he was about to burn his own source without even thinking about it, but before he had time to burn the source, a pitch-black spear appeared in the hands of Jialuo Mingzu

Quaint short spear. This short spear is only in half, but the half of the short spear exudes a mottled terrifying and evil power that wants to swallow the soul of the evil sea dragon demon. already ruthless

It ruthlessly pierced his origin and pierced his flesh.

With a scream of "Ah...", the origin of the evil sea dragon demon collapsed in an instant. Just as his soul overflowed, he was pinched by Jia Luo Mingzu's big hand and exploded directly.

With a bang, the rolling spirit dissipated, and was instantly sucked into the body by Jia Luo Mingzu, and a satisfied expression suddenly appeared on his face.

One move, and only one move, Nie Hailongmo was wiped out by Jialuo Mingzu. Even if Niehailongmo underestimated the enemy, he was still a master-level powerhouse in the restricted area. The old black punishment ghost beside him was even more horrified. Can't tell.

"Brother Jia Luo, Brother Shadow Demon, please be merciful, I would like..." the old ghost Hei Xing said in horror. It's just that before he finished speaking, a terrifying killing intent erupted from the pitch-black Emei thorn in the shadow demon's hand, directly annihilating his physical body completely, and his spirit rushed to the sky in panic, but was caught Jialuo Mingzu

Grabbing it, it exploded in an instant, swallowing it into his body.

"Comfortable."

Jia Luo Mingzu closed his eyes, and instantly showed a look of enjoyment, as if he had been greatly nourished.

Then when he raised his hand, he completely collected the two streams of dead sea water left by the evil sea dragon demon and the black criminal old ghost, and the sky-filled domain of order suddenly disappeared.

"My lord, the water of the Dead Sea just now..." Shadow Demon Ancestor could not help but speak.

"It's the water from the Dead Sea spring." Jialuo Mingzu opened his eyes and said coldly.

"The spring of the Dead Sea?" Shadow Devil Ancestor frowned. "Yes, this person should have obtained the entire Dead Sea spring, which is different from the ancestor who directly controlled the sea water in

the Dead Sea. There is still some gap between the two. Although this person can control the water of the Dead Sea spring, the Dead Sea the spring itself

It is easier to understand, and it is much milder than the sea water in the depths of the Dead Sea. Jia Luo Mingzu sneered: "Although I don't know how this person controls the Dead Sea spring, but he can put away an entire Dead Sea spring. direct sense

To understand the power of the sea water in the depths of the Dead Sea, this person is still a bit short. "

Jialuo Mingzu looked proud.

"My lord is very powerful." Shadow Demon Ancestor saluted respectfully.

Jialuo Mingzu squinted his eyes: "A whole spring of water from the Dead Sea, this thing is not trivial, let's go, go to the Ghost King Palace with my ancestor, and meet this person for a while, I hope this person has not had time to go to the Dead Sea. "

"yes."

Two figures flashed in the sky, Jialuo Mingzu and Shadow Demon Zu suddenly left the City Lord's Mansion, and with a flash, they had disappeared over the abandoned city.

"It's Jialuo Mingzu and Shadow Demon Ancestor. That direction should be where the Ghost King Palace is located. What about the evil Sea Dragon Demon and the old black punishment ghost?"

After the two figures disappeared, the figure of Old Demon Kong Ming slowly appeared in the void, looking at the City Lord's Mansion not far away with surprise in his eyes. Earlier, he faintly felt a wave from the city lord's mansion, the murderous wave of the water of the dead sea, and it seemed that some aura was falling and dissipating. Combined with what he saw just now, a horrifying thought flashed in his mind.

surged out.

"You can't stay here for long."

The old devil Kong Ming was terrified, his back was dripping with cold sweat, and in a flash of the void, he had already disappeared here.

And everything here, of course, no one knows.

Except for Qin Chen who had just entered the Dead Sea.

"Huh? The water from the Dead Sea I gave away..." Qin Chen stopped, with a look of suspicion in his eyes, and his eyes narrowed slightly.

"Young Master Chen, what's the matter?"

On the side, Wangu Mingzu asked doubtfully.

"nothing."

Qin Chen shook his head and looked up.

Whoooo! The Dead Sea is surging in front of his eyes, and Qin Chen is quietly floating above the Dead Sea. He has just entered the Dead Sea now, and before he went to the depths of the Dead Sea, he already felt a strange killing intent with whimpering in his ears. reverberation of

.

This sound is like the whimpering sound of the wind blowing the ground in the desert, or the miserable cry for help from a conch on the seashore, and more like the weeping of a desperate passerby in the sea.

Touch people's hearts and souls.

This voice made Qin Chen's hairs stand on end.

But the strange thing is that Wangu Mingzu and the others didn't respond at all, as if the voice didn't exist at all.

"Did you hear anything?" Qin Chen frowned.

[Chapter 5363: Kill you](#)

"No, is there any sound here?" Wangu Mingzu looked at Qin Chen suspiciously.

Qin Chen frowned, perceiving carefully, he indeed heard an indistinct voice coming from the sobs in the depths of the Dead Sea.

At first, the voice was not obvious, but when Qin Chen listened carefully, he heard that there seemed to be a woman desperately begging for help in the wind.

But can none of these guys hear such an obvious voice?

"It's a woman asking for help!" Qin Chen said in a deep voice.

"A woman asking for help?" Wangu Mingzu was stunned, "Young Master Chen, is it because you have practiced too much recently, so you have hallucinations, we didn't hear anything, here are only the waves and wind in the Dead Sea, We heard nothing else.

"

Qin Chen glanced at Wangu Mingzu. Although Wangu Mingzu had always been unreliable, Qin Chen could still tell that the doubts on Wangu Mingzu's face did not seem to be fake, but he did not listen. to any sound. Qin Chen looked suspiciously at the Blood Fiend Ghost Ancestor and the Xuangui Old Demon, and the Blood Fiend Ghost Ancestor and the Xuangui Old Demon were also puzzled at this time. Seeing Qin Chen looking over, he hurriedly saluted, "My lord, I haven't heard any woman begging

Help! "Qin Chen frowned, and his spiritual sense permeated out again. He was extremely confident in his divine sense, but when he wanted to listen again this time, he found that only the sound of wind and sobbing remained. without that woman

cry for help.

Qin Chen was stunned for a moment.

Could it be that I heard wrong?

impossible!

Qin Chen shook his head. Although he didn't know what was going on, he believed that his perception was absolutely correct. There was definitely a woman's voice calling for help just now, but it was gone now.

"Young Master Chen, what's the matter? I said you have hallucinations, right? Maybe you think too much about women." Wan Gu Ming Zu laughed.

"Is it funny?" Qin Chen glanced at him coldly, "It is said that the Dead Sea is quite dangerous, so you should take the lead."

Wangu Mingzu's smile suddenly froze on his face.

"I... Chen Shao, I was just joking, just kidding."

Wangu Mingzu said hastily.

Qin Chen said lightly, "I'm not joking, let's go."

Wangu Mingzu suddenly wept. At this time, he naturally didn't dare to touch Qin Chen's brow again, so he could only walk in front.

"Damn, let you talk more, let you talk more."

As he walked, Wangu Mingzu cursed secretly in his heart. Wasn't he afraid of the Dead Sea in front of him, but besides Qin Chen, there are Blood Fiend Ghost Ancestor and Xuangui Laomo beside Qin Chen. In Wan Gu's view, shouldn't the younger brother do such a small thing as opening the way? But now Qin Chen actually let

He opened the way, wouldn't this make him lose face in front of his younger brother?

"Lord Wan Gu, this Dead Sea is quite dangerous and contains astonishing killing intent, you must be careful when opening the way, and you need to always resist the killing intent power, otherwise once the killing intent enters your body, you will be in trouble if you confuse your mind. "

Xuangui Laomo was the person present with the most experience in entering the Dead Sea, and he couldn't help reminding him at this moment, following behind Wangu Mingzu.

"Hmph, don't worry, it's just a mere killing intent, how could this ancestor care about it?"

Wangu Mingzu said proudly, he walked in a strong manner, and his body cut through thorns and thorns, obviously he didn't care at all about the killing intent in the dead sea. "Lord Wangu, you'd better be careful. There are countless powerful people lost in this dead sea every year. In fact, in the abandoned land, not many ghost cultivators died because of fighting each other. On the contrary, most ghost cultivators died. is meteor

into the Dead Sea. "Xuangui Laomolian said again.

"Hey, those guys are not good at cultivation, are you looking down on this ancestor?" Wangu Mingzu glanced at Xuangui Laomo and said proudly.

Xuangui Laomo wanted to say something more, but he just kept his mouth shut.

Going on, Wangu Mingzu might get angry.

The four walked all the way, with the strength of the four, naturally they were not afraid of anything.

As Qin Chen and the others went deeper, the waves of the Dead Sea below surged, and the murderous intent surged up, like waves, constantly impacting on Qin Chen and the others.

At the beginning, this killing intent wasn't particularly strong, but gradually it became more and more powerful. In the end, Qin Chen's ears were filled with the constant whimpering sound, which kept pouring into Qin Chen's mind.

However, Qin Chen, the female voice calling for help at the beginning, never heard it again.

Qin Chen had only been flying in the Dead Sea for a long time, and he already knew why Xuangui Laomo said that if he stayed in the Dead Sea for a long time, he would get lost here. The killing intent on the outskirts of the Dead Sea is actually not too terrifying in itself, but the lonely killing intent contained in it will constantly impact everyone's mind. It may be fine for a while, but after a long time, this kind of lonely killing intent

The feeling will become deeper and deeper. In the end, if there is no way to solve it, even the most determined person will get lost in this dead sea and be swallowed by endless killing intent. However, Qin Chen believes that the dead sea has existed here for so many years, and the strong in the abandoned land must have some solutions. For example, Xuangui and Laomo have experienced in this dead sea all year round, so they will naturally have some means to resist killing intent

. But Qin Chen himself is not afraid at all. Although he is only at the peak of double detachment, his mind is extremely strong. Moreover, his mysterious rusty sword itself contains a terrifying killing intent. Qin Chen has always been to kill

, and he also controls such a large area of Dead Sea water as the Dead Sea spring.

The killing intent on the periphery of the Dead Sea is simply illusory to Qin Chen now.

The killing intent surged in his body, and Qin Chen's mind was cleared of it, and the rolling killing intent and whimpering around him also disappeared in Qin Chen's ears, almost no longer affecting him in the slightest.

"Hey, the Legend of the Dead Sea is amazing, but that's all it is." Wangu Mingzu suddenly said proudly. "Master Wangu." Xuangui Laomo explained from the side: "The killing intent of the Dead Sea in the outer area itself is not particularly strong, but once it enters the inner area, it will be much more powerful, and there are ghost beasts in the inner sea." and Shalang and other peripheral fundamentals

There is no danger. According to the distance, we are almost entering the inner sea area. "

"Is this still in the open sea?"

Wangu Mingzu was stunned, they had been flying for a long time, and with their speed, half a day's effort was enough to cover countless distances.

"It's still in the outer sea, but it's almost in the inner sea..."

Before Xuangui Laomo finished speaking, a roar full of killing intent suddenly came from the Dead Sea in front of him.

"I'm going to kill you, kill you..." The voice was filled with endless anger and miserable killing intent, and then a black figure rushed towards Qin Chen and the others from the sea in front.

[Chapter 5364: dead sea hunter](#)

Qin Chen and the others quickly stopped in their tracks. Accompanied by the sound of angry shouts, a ghost cultivator wearing a black robe quickly appeared in front of them. all one by one

The holes, especially the hair on the top of the head, are extremely messy, and many hairs are entangled together, like a straw nest. In his hand, he was waving a saber, which was also a bit tattered, and he kept waving it, as if there were countless enemies in front of him, but in fact, his eyes were empty, and there was nothing at all.

West.

"Kill you, I'm going to kill you." The ghost cultivator brandished a pitch-black saber, roaring continuously, and the saber aura continuously split out from the saber, and these saber auras fell into the Dead Sea and immediately died. Being swept away by the waves in the Dead Sea, there was no shock at all

Lan, and the water of the Dead Sea below instantly returned to calm, as if nothing had happened.

This ghost cultivator kept waving his saber, and quickly approached Qin Chen and the others, getting closer and closer to them.

"Presumptuous, dare to act wild in front of Young Master Chen, pretending that the ancestor doesn't exist?" Seeing the ghost cultivator approaching with a saber, Wangu Mingzu roared, and stopped Qin Chen in an instant, making a move He looked extremely loyal to protect the lord, and at the same time, the comprehension of all bones in his body permeated in an instant, lifting

A black light blasted out of the hand.

"Senior Wangu, wait a moment..." Old Demon Xuangui shouted hastily, but before his shout finished, Wangu Mingzu's attack had already swept out, and his domain covered this one at the same time. The black-clothed ghost cultivator covered the other party in the domain of the Myriad Bone Nether Ancestor

In an instant, before the attack landed on the black-clothed ghost, the black-clothed ghost fell headfirst, and fell into the Dead Sea below with a crash. The rolling dead sea water instantly enveloped this black-clothed ghost cultivator. In the blink of an eye, this black-clothed ghost cultivator was instantly corroded by the pitch-black dead sea. Under his coat, there was a black armor,

Immediately after the armor was exposed, Qin Chen and the others saw some broken scars on the armor.

These scars were obviously not corroded by the killing intent here, but seemed to be attacked by some kind of shuttle-shaped weapon, densely packed, at least dozens or hundreds of them. And now, it was this pitch-black armor that temporarily resisted the corrosion of the Dead Sea for him, but even this pitch-black armor couldn't resist the water of the Dead Sea for too long. In a short while, the pitch-black armor had gradually melted away.

At this moment, the old devil Xuangui suddenly let out a low cry, and a black ghost aura quickly diffused out. This black ghost aura wrapped around the black-clothed ghost cultivator in the Dead Sea like a thick rope. At the moment when the black ghostly aura cast by the old ghost Xuangui enveloped the black-clothed ghost cultivator, the black ghostly aura unleashed by the old ghost Xuangui was quickly corroded by the water of the Dead Sea, before his black ghostly aura completely corroded clean, this A black-clothed ghost cultivator was instantly picked up from the Dead Sea by the black ghost energy of the old ghost Xuangui.

"My lord, this person is already dead." The old devil Xuangui just took a look, then shook his head and said, "This person should have been infiltrated by the killing intent in the Dead Sea, causing him to completely lose his mind. The idea is supporting, and the domain of Senior Wangu suppressed it

When he was trapped, this person could no longer hold on, so he fell headlong into the dead sea, and died after running out of oil and lamps. "

Qin Chen and the others also approached at this time, and they landed not far from the man. When they swept over with their spiritual sense, they found that the man was covered with scars and had already passed away.

This is a ghost cultivator at the peak of the second level, because he lost his mind in the Dead Sea, and finally died in the endless killing until the original source was exhausted, which cannot but be said to be a kind of sadness.

I don't know how long he has been fighting, nor how many times he has sacrificed his attacks. But it was such a person who could become the ancestor of the top power in a star field in the cosmic sea, but died here inexplicably. Maybe he was a famous person outside the abandoned land, but at this moment, no one

know his downfall.

Qin Chen shook his head, and was just about to ask Xuangui Laomo to bury his opponent's body in the dead sea, when suddenly a black shadow came from a distance, and arrived in front of Qin Chen and the others in a short while.

This is a ghost cultivator holding a black shuttle weapon in his hand. After seeing Qin Chen and the others and the black-clothed ghost cultivator entangled with the mysterious ghost old devil, this person's expression suddenly changed, and he subconsciously retreated. However, the sky over the Dead Sea is full of water vapor and mist, and there is endless killing intent here, and the spiritual sense can't spy too far, so when this person sees Qin Chen and the others, he is already very close to Qin Chen and the others ,he

As soon as he was about to retreat, he was instantly enveloped in the domain of Myriad Bone Nether Ancestor.

"Young Master Chen, here comes another one. This subordinate will definitely not let him die here. If Young Master Chen has anything to ask, feel free to ask."

Wangu Mingzu hurriedly said, the domain has already enveloped the opponent.

"My lords, I just passed by here by accident, and I didn't mean to offend these lords, please forgive me." This person was shrouded in the domain of Myriad Bone Nether Ancestor, and immediately saluted in panic.

Qin Chen glanced at the black shuttle in this person's hand lightly, and said lightly: "Kill it."

"ah?"

Wangu Mingzu was startled.

There was a trace of panic in the man's eyes, and he hurriedly said: "My lord, please forgive me, I am from Heilongshan, please..."

Before he finished speaking, a **** light enveloped him, and with a puff, before this person even had time to finish his sentence, his whole body instantly turned into a cloud of blood mist and disappeared without a trace.

"In front of adults, you dare to mention your own background, hmph, you don't know how to live or die."

The Blood Demon Ghost Ancestor snorted coldly, then turned to salute Qin Chen and said, "My lord, this despicable person has been beheaded by his subordinates."

"Despicable people?"

Wangu Mingzu was stunned, why is this guy so despicable?

At this time, the old demon Xuangui saluted and said: "My lord, this person should be a dead sea hunter, and he should have killed the black-clothed ghost cultivator just now."

"Hmph, there are really many dangers in this Dead Sea. Not only must we guard against the killing intent of the Dead Sea and ghost beasts, but we must also guard against sneak attacks from other ghost cultivators." Qin Chen shook his head, "Let's go."

"yes."

The old ghost Xuangui quickly threw the body of the black-clothed ghost cultivator into the dead sea, and the blood ghost ancestor immediately followed Qin Chen and continued to fly forward.

Just a moment later, the ghost cultivator in black was completely swallowed by the water of the dead sea, and disappeared without a trace in the blink of an eye, as if such a person had never appeared before.

Behind Qin Chen and the others, Wangu Mingzu was stunned. What's going on?

He quickly chased after him, came to the old devil Xuangui, and whispered: "Xuangui, what dead sea hunter? Didn't the black-clothed ghost cultivator die because of a killing intent? What does it have to do with that person before?" The old demon Xuangui glanced at Wangu Mingzu suspiciously, "Senior, although the black-clothed ghost cultivator entered his body with the intention of killing, in fact, the people who came later had been following the black-clothed ghost cultivator before. And when his mind is not clear, a

Attack it directly, that's why there are so many wounds on this person. "

"Actually, if this person hadn't been consuming the origin of the black-clothed ghost cultivator, the black-clothed ghost cultivator might still have a chance to survive, but unfortunately..." Xuangui Laomo shook his head: "In the abandoned place, we put Such people are called dead sea hunters, and they are extremely despicable."

[Chapter 5365: hope in time](#)

Wangu Mingzu recalled the wounds on the black-clothed ghost before, and understood instantly at this moment.

No wonder!

The strong man who came from behind had actually been secretly following the black-clothed ghost cultivator, taking advantage of the fact that the black-clothed ghost cultivator was murdered and lost his sanity, and kept attacking him secretly.

After all, just relying on continuous random attacks to consume his source, the black-clothed ghost cultivator didn't know how long it would take to die, and he might even wake up at some point. But it would be different if he had been secretly attacking. By adding wounds to the opponent, the person's origin would be consumed rapidly, and he would become weaker and weaker.

Falling down little by little. And the reason why he didn't kill the opponent directly is because the black-clothed ghost Xiuxiu is in a state of insanity. Once he is attacked by an attack that threatens himself, he will inevitably attack the attacker frantically with endless killing intent until the two sides

Only one fall will end.

This kind of endless battle, if one is not careful, the attacker will fall because of it.

Thinking of this, Wangu Mingzu suddenly took a deep breath. The ghost cultivators in this abandoned place are too despicable, they ambushed and killed others little by little by means of ants, and judging from the robe and hair of the black-clothed ghost cultivator, the other party may follow for several years ,Just for

Who can withstand such a cruel method of grinding others to death a little bit and not giving them a chance to wake up?

No wonder the old devil Xuangui called that person a despicable person earlier, how despicable this is, it is simply extremely shameless.

Wangu Mingzu used to be one of the seven underworld generals under the emperor, and he always did things very straightforwardly, disdaining any conspiracy and tricks, so naturally he couldn't understand the behavior of the previous man.

"Hey, such a guy should be killed."

Wangu Mingzu couldn't help spitting, and scolded angrily, as if he was dissatisfied with himself for not taking action in the first place.

Now he also understands that Young Master Chen must have seen this before, so he didn't even give the other party a chance to speak, and directly wanted to kill the other party. Seeing that Wangu Mingzu was so upset, Xuangui Laomo looked at Wangu Mingzu suspiciously, and secretly said: "Senior, the armor of that black-clothed Guixiu just now was full of shuttle-like weapons. the wound, and the man who came later

There is a Heishuo treasure in your hand, this is so obvious, didn't you see it just now? "

Xuangui Laomo looked a little suspicious.

"ah?"

Wangu Mingzu was stunned for a moment, and his face turned red immediately. Although he also saw the person behind holding a black shuttle treasure, to be honest, he didn't realize that there was any connection between the two before.

But at this time, he definitely wouldn't admit it. Even Young Master Chen, who had never been to the Dead Sea, could tell it at a glance. If he said that he didn't see it at all, where would he put his face?

Fortunately, Wangu Mingzu's face was extremely dark, so he immediately coughed and said in a low voice: "Nonsense, my ancestor can't see it? In fact, my ancestor understood it a long time ago, but I just pretended not to understand it on purpose." That's all."

"I understand that senior must be hiding his clumsiness. No wonder senior can win the trust of adults. It really is a good way."

Xuangui Laomo immediately stood in awe.

In fact, Xuangui Laomo boasts that he can do things like hiding his clumsiness in front of adults, but he may not be able to do it like Wan Gu Mingzu did so that others can't see it at all.

"Ahem, low-key, low-key."

Wangu Mingzu hastily put on an inscrutable look.

"What are you two muttering about? Wan Gu, didn't you tell me to open the way ahead? Why did you run behind? Hurry up."

At this time, Qin Chen, who was walking in front, snorted coldly, Wan Gu Ming Zu hurriedly said: "Young Master Chen, I'm here."

And when Qin Chen and others kept going deep into the dead sea.

Where the Ghost King Hall is located.

At this moment, two figures suddenly appeared here.

"My lord, this is the ghost king's hall." Shadow Demon Ancestor saluted Jia Luo Mingzu respectfully.

"oh?"

Jia Luo Mingzu looked at the Ghost King Hall below, and with his divine sense, he could see the current situation in the Ghost King Hall clearly at a glance, and his brows frowned slightly: "There seems to be no aura of a strong man down here?"

"My lord, it seems that Wangu Mingzu and Mingzhu have already left." Shadow Demon Ancestor said in a deep voice.

"Go, go down and have a look."

Jialuo Mingzu and Shadow Demon Ancestor stepped forward, and they suddenly appeared in the Ghost King Hall.

"Who broke into my Ghost King Palace?" The two of them didn't hide their figures at all, so when they appeared in the Ghost King Palace, they were discovered by the ghost cultivators who stayed behind in the Ghost King Palace, and people from the Ghost King Palace flew out immediately. , Facing Jialuo Mingzu and Shadow Demon Zuli

Drink out loud. Qin Chen completes the rules of the chaotic world, not all ghost cultivators need it, some ghost cultivators who have done evil things, or have rules in the chaotic world, Qin Chen has not taken away, so there are not many ghost cultivators left in the Ghost King Palace today

number.

"Ask the situation clearly and kill."

Jia Luo Mingzu didn't even look at the group of people at all, his brows were slightly frowned, and in a flash, he suddenly entered the depths of the Ghost King Hall. And the Shadow Demon Ancestor beside him gave a grinning grin, and disappeared suddenly. The next moment, afterimages appeared in the void, and these afterimages turned into black shadows that rushed out, sweeping past all the people present in an instant. ghost king hall ghost repair

body of.

"No..."

There was a puff, and bloodstains appeared between the eyebrows of the ghost cultivators of the Ghost King Palace, which disappeared in an instant.

At the same time, the Shadow Devil Ancestor raised his hand, and souls were quickly taken into his hands by him, sensing the memories within.

After a while.

In the depths of the Ghost King Hall is the Ghost King Pool.

At the bottom of the empty Ghost King Pool, Jia Luo Mingzu appeared, looking at the closed space in the depths of the Ghost King Pool, there was a trace of coldness in his eyes.

"My lord." A black light flashed, and the Shadow Devil Ancestor appeared in front of Jia Luo Mingzu. Seeing the space channel deep in the ghost king's pool, he was shocked: "This is..."

"There used to be a treasure here, but it has been taken away now." Jia Luo Mingzu said coldly: "No wonder these guys want to come to this Ghost King Palace, is it because of the treasure here? And who are the masters of the underworld? "

Shadow Devil Ancestor hurriedly saluted and said: "My lord, Wangu Mingzu and the guy who claimed to be the Lord of the Underworld left the Ghost King Palace two days ago and headed for the Dead Sea."

"Two days ago?"

Jia Luo Mingzu raised his head, and said coldly: "We will set off immediately, and hope to catch up with them in time." After speaking, the two figures disappeared suddenly, and hurried to the location of the Dead Sea.

[Chapter 5366: inland sea](#)

In the Dead Sea, after Qin Chen and the others flew all the way, soon, they saw the color of the Dead Sea in front of them gradually change.

If the original Dead Sea was a light black, then the current Dead Sea is a thick black, as if a large piece of ink has been integrated into the ocean, dyeing the ocean into pitch black.

"My lord, the Dead Sea is in front of us."

Xuangui Laomo came to Qin Chen's side and said respectfully.

"Inland sea?"

Looking at the pitch-black Dead Sea in front of him, Qin Chen's eyes became slightly serious. Before he entered the inner sea, he could already feel that the aura contained in the Dead Sea in front of him was definitely much more terrifying than the outer sea they were in before, and there was even a clear gap between the two, as if they were separated.

Ming general.

"It took me so long to fly to the inner sea. It seems that the size of the Dead Sea is unbelievable."

Wangu Mingzu looked at Xuangui Laomo: "Xuangui, where is the forbidden area of the Dead Sea that you said can leave the abandoned land?" Xuangui Laomo hurriedly cupped his hands and said, "My lord, Senior Wangu, then The forbidden area of the Dead Sea is located in the deepest core of the Dead Sea. The Dead Sea is actually divided into three areas, one is the outer sea. The killing intent in the outer sea is not particularly strong

, Ordinary ghost cultivators can even enter and explore, but there is nothing special in the open sea. Although it is not dangerous, there are no treasures, and there are very few ghost beasts. "

Wangu Mingzu frowned and said: "Wait, the outer sea is not dangerous, then those two ghost cultivators we saw before..."

"Those two ghost cultivators have already reached the second level of detachment. They should have come to the outer sea from the inner sea."

Xuanguai Laomo paused for a moment, and continued: "But the inner sea is different, the danger is several times more terrifying than the outer sea, not only the killing intent is several times stronger, but also there are often various natural disasters and ghost beasts in the inner sea. Haunted." Xuanguai Laomo explained: "Ghost beasts are a unique ghost beast in the Dead Sea. Drop them, maybe get them too

The killing intent soul crystals condensed in the body, refining these killing intent soul crystals can be used to comprehend the killing intent and increase the resistance to the Dead Sea. ""Besides, due to countless thousands of years of changes, there are still some spars of killing intent condensed under the bottom of the Dead Sea. If you go deep into the bottom of the dead sea, you can find these spars of killing intent. perception and

resistance. "

"The Dead Sea Origin Crystal owned by the Forest Ghost King before is the best of these killing intent crystals."

At this time, Wangu Mingzu suddenly interrupted the other party: "Can this Dead Sea dive to the bottom?"

Xuanguai Laomo looked at Wangumingzu in astonishment, realized something immediately, nodded and said: "Of course, the reason why the Dead Sea is called Dead Sea is because it is composed of countless seawater, so of course it can dive into the bottom."

"Won't it be corroded by the killing intent in the Dead Sea?" Wangu Mingzu asked in shock.

It is said that the water of the Dead Sea is extremely terrifying. It is rumored that even the owner of the restricted area cannot enter the spring of the Dead Sea that Chen Shao obtained before. The Dead Sea water given here is actually different. Although the killing intent in the Dead Sea water here is extremely terrifying, it is actually far less than the Dead Sea water given by the adults.

The water is terrifying, even in the inner sea. Therefore, it is not impossible to reach the level of the master of the forbidden area and sneak into the Dead Sea for a short time. ""Moreover, the reason why the masters of the restricted area of the abandoned land can sneak into the bottom of the dead sea is also because for countless thousands of years, basically all the restricted area masters of the abandoned land have experienced too much time here. sense of meaning

Comprehension and resistance are much stronger than other triple transcendences in the underworld, so they can sneak under the Dead Sea. ""This is also the reason why many masters of restricted areas seldom return to abandoned places and stay in the Dead Sea all year round, because the longer they stay in the Dead Sea, the stronger the resistance to the Dead Sea's killing intent will be. Also more. if change

It's the first time I come here as an ordinary triple transcendent of the underworld. I guess if I dive into the sea water of the inner sea, my body will be corroded by the sea water and I will fall into crisis. "

On the side, Qin Chen nodded. Although he had some understanding of these things these days, it was the first time he came directly to the inner sea of the Dead Sea like today, so he had an intuitive understanding in an instant.

"Then the forbidden area of the Dead Sea that you said can leave the Abandoned Land is located deep in the inner sea?" Qin Chen asked.

"It should be said that it is located at the core deep in the inner sea." Xuangui Laomo continued to explain: "The inner sea is the inner sea, and the core is the core..."

With Xuangui Laomo's explanation, Qin Chen also gradually understood the structure of the Dead Sea.

The Dead Sea is divided into three areas: the outer sea, the inner sea, and the core of the inner sea.

The reason for such a division is entirely based on the intensity of the killing intent.

In the outer sea, some ordinary ghost cultivators can enter, as long as they don't stay for too long, even ghost cultivators who are under transcendence can come in and practice for a while.

The Inner Sea is much more dangerous. Even a strong person who has transcended the second level of the Myriad of Gods will encounter great dangers if he enters. Only a strong person at the level of the master of the restricted area will be much safer. However, there will be many treasures and ghost beasts in the inner sea, which can improve the strength of the masters of the restricted area. Therefore, more than half of the restricted area masters in the abandoned land will stay in the inner sea all the year round to practice and practice, and rarely return to the inner sea. abandoned land

. And as the inner sea gets deeper and deeper, the killing intent will become stronger and stronger. There is a core land in the deepest part of the inner sea. may fall

in.

And this core place is the most terrifying place in the Dead Sea, and it is the barrier that prevents many forbidden zone masters from leaving the Dead Sea. No one knows how big the core of the Dead Sea is, but it is certain that no one can completely break into the core, not even the top forbidden zone master of the Abandoned Land rashly breaks into the core of the Dead Sea. hour

After a long time, it will also fall into it, unable to come out alive.

So far, no real strong man has been able to explore what lies deep in the core.

And this time, the forbidden area of the Dead Sea discovered by the forbidden area masters of the abandoned land is located in the core area. Originally, the core area was an area that even the master of the restricted area could not easily enter, but not long ago, when the master of the restricted area was practicing outside the core area, he accidentally discovered a passage leading to the depths of the core area. The killing intent in the passage

It has actually weakened a lot, and it can go all the way deep into the core.

Excited, the owner of the forbidden area immediately went all the way along the passage, and found a seawater vortex deep in the core of this abandoned place.

This vortex seems to be a transmission channel, but it is covered by countless terrifying restrictions, and it cannot be opened at all.

After the news came out, many restricted area masters were attracted to them. After seeing the vortex, they were all pleasantly surprised.

In the underworld.

The Abandoned Land is a completely enclosed place, not only can't leave from the inside, but can't even enter from the outside, so it's used as a cage.

The innumerable prisoners held here entered this world only after being driven into the entrance of a Dead Sea vortex outside the Abandoned Land, and were imprisoned here forever.

Now they saw such a dead sea vortex inside the Abandoned Land, so everyone was sure that this was most likely the passage to leave the Abandoned Land. So after discovering this channel, many forbidden zone masters frantically wanted to break the barrier, but found that no matter how they cracked it, they could not open the barrier at all. Instead, they accidentally discovered that the whirlpool barrier could absorb the power of the soul,

And with the absorption of the power of the soul, the power of this restriction will also be weakened.

The younger and more energetic the power of the soul, the better the effect.

So in order to break this restriction, the masters of many restricted areas in the Abandoned Land will collect young spirits everywhere. "My lord, the passage to the vortex in the core land does not exist all the time, but changes according to the tide of the Dead Sea. According to calculations, it will take about a few days for the passage to reappear, so I will wait

The opening of the forbidden area of the Dead Sea is scheduled for a few days later. "

Xuangui Laomo said respectfully.

"A vortex channel?"

Qin Chen was thoughtful, which reminded him of the space channel under the eyes of the Dead Sea Spring and the space channel at the bottom of the Ghost King Pond under the ghost king's palace. I don't know if there is any connection between the two.

"Chen Shao, although the core land is terrifying, it is for those ordinary triple detachment. After I have mastered the water of the Dead Sea, maybe I will be able to leave this abandoned place if I go deep into the core land. ."

At this moment, Wan Gu Ming Zu rolled his eyes and said suddenly.

"Do you think it's possible?" Qin Chen glanced at him lightly, as if looking at an idiot.

"Is it impossible?"

Wangu Mingzu was stunned. Qin Chen didn't bother to talk to him anymore. If this place was just a cage for detached strongmen, Qin Chen might still think that what Wangu Mingzu said was so possible, but from the mouth of Emperor Youming, Qin Chen already knew that there was once a great emperor the strong

After entering the Abandoned Lands, he failed to leave alive.

Although Qin Chen boasted that his resistance to killing intent far surpassed that of the forbidden master of this abandoned land, Qin Chen was still very self-aware if he could fight against the great emperor.

"Let's go."

Qin Chen's figure flickered, and he went straight into the inner sea in front of him.

He wants to see how terrifying this inner sea is.

boom! As soon as Qin Chen came in, a murderous intent that was obviously much more terrifying than the sea hit Qin Chen's body.

[Chapter 5367: dead sea storm](#)

"Sure enough, it has condensed a lot!"

Qin Chen's heart moved, his body trembled, and a more terrifying killing intent shot out from his body, which directly scattered the killing intent that lingered on him.

Although the killing intent in the inner sea was much more terrifying than that in the outer sea, it was still much weaker than the water of the Dead Sea controlled by Qin Chen.

"Boom boom boom!"

At this time, Wangu Mingzu, Xuesha Guizu, and Xuangui Laomo also entered the inner sea. The three of them urged their own killing intent and suppressed the surrounding killing intent.

Although he was not as freehand and relaxed as Qin Chen, he was not in a state of embarrassment.

Whoosh whoosh.

Four beams of light quickly flew across the inner sea of the Dead Sea, splitting the air into four shallow ravines.

"Tsk tsk, is this Nei Hai's killing intent? It's nothing more than that."

After flying for a while, Wangu Mingzu said casually. "Senior Wangu, this is because we have the water of the Dead Sea bestowed by the Lord, and because of the understanding of the water of the Dead Sea, the resistance to killing intent here has been greatly improved, otherwise, it would not be so easy to obtain. "Xuan Gui Lao

The devil explained.

A terrifying storm enveloped Qin Chen and the others in an instant.

Suddenly, a terrifying killing intent invaded, and Qin Chen and the others activated their magical powers to resist the invasion of this terrifying killing intent. The most relaxed among them is naturally Qin Chen. Although the dead sea storm is terrifying, it still has a certain gap compared with the dead sea springs. These killing intents hit him and immediately made a burst of control. There is no need to defend at all.

It can't hurt his physical body at all. Although Wangu Mingzu is not familiar with the Dead Sea, he has the highest cultivation level. After devouring the souls of the masters of the tomb of the death god, Wangu Mingzu's spirit has recovered by 50 to 60%. bone field, many

When the storm fell on him, there was only the last trace left.

As for the Blood Fiend Ghost Ancestor and the Xuangui Old Demon, it was not so easy. The two urged the dead sea water given by Qin Chen to form a defensive shield around their bodies, trying their best to resist the erosion of the storm.

Crackling. Numerous storms tore on the two of them, and the Blood Fiend Ghost Ancestor suddenly made a hissing sound. His blood sea body was extremely powerful outside, but it would be greatly restricted in the Dead Sea, because the bigger the body, the more powerful it would be by the Dead Sea storm. attack

The range of the attack will be larger, and the range that will be eroded by the killing intent of the Dead Sea will be larger, so he can only turn into a normal human form to resist.

Therefore, compared to the masters of restricted areas such as Xuangui Laomo and Senming Ghost King, Blood Fiend Ghost Ancestor rarely goes deep into the Dead Sea. Only on land can he be invincible.

However, to the surprise of Xue Fiend Ghost Ancestor and Xuan Gui Laomo, after they used the dead sea water given by Qin Chen to resist, they found that the damage of the dead sea storm to them had been weakened a lot.

"The water of the Dead Sea given by your lord is incredible." The two of them were very pleasantly surprised, especially the old ghost Xuangui. It was not the first time he had encountered this dead sea storm. The Underworld Ghost King resisted with great difficulty and escaped with great difficulty.

This time, this time he actually felt a little relaxed.

Follow the adults is the future.

Just when Xuangui Laomo was pleasantly surprised, suddenly, there were faint low growls. Xuangui Laomo looked up and saw countless black shadows looming in the storm.

"My lord, be careful, it's a ghost beast."

The mysterious ghost old devil hastily exclaimed, immediately mobilized his own mysterious ghost domain, and formed a defense around himself. Qin Chen looked up, and he could see at a glance that the black shadows in the dead sea storm were all strange and weird fish, all kinds of strange, evil and powerful, some killed each other, and some found the fish in the storm. Several people,

In an instant, they swarmed and culled them.

Boom boom boom!

The densely packed fish ghost beasts instantly formed a terrifying group storm and swept towards them.

Qin Chen and his group are all unrivaled powerhouses. The breath of the underworld exuded from their bodies is like bright lights in the dark storm, and attracting ghost beasts is like encountering a **** shark.

Even in the sea below, there are some tyrannical ghost beasts that project their divine thoughts up.

hum! The densely packed wraith beasts are extremely fast, mixed in the storm, like locusts pouring over the sky and covering the sky, all kinds of strange murderous aura, and the natural supernatural powers of the wraith beasts themselves form a series of terrifying attacks, which makes Qin

Chen and others were completely covered in it. The first thing that rushed over was a group of strange fish with jet-black horns on their heads. All of these strange fish had fish heads and human bodies, and black light surged all over their bodies. , the murderous intent surged

, traverse the void, and there are countless blades of the void.

"My lord, be careful, it's a herd of black-horned void beasts." The old demon Xuangui roared, and was about to rush in front of Qin Chen.

[Chapter 5368: Black Horned Void Beast](#)

Black-horned Void Beast

Although the cultivation of these black-horned void beasts is not high, there are too many of them, densely packed, like locusts, almost innumerable. Even if the master-level powerhouse of the restricted area is bombed, he will be seriously injured, and even decapitated on the spot.

"It's okay, this attack can't hurt me, let me see what this ghost beast is capable of."

Qin Chen spoke indifferently, and took a step forward, without the protection of the old ghost Xuangui.

He shook his head, and punched out directly, with a bang, countless vortexes appeared, and directly blasted the supernatural powers of those black-horned void beasts, and then the fist force containing the terrifying spatial killing intent spread in all directions, tearing through the ages, and there was an upper hand on the spot. The thousand-headed black-horned Void Beast was completely torn apart, turning into streaks of pitch-black killing intent, constantly stirring in the void.

"The power of this killing intent... Take it!"

Qin Chen took it away lightly, and the killing intent transformed by countless black-horned void beasts was quickly integrated into his body. Qin Chen was surprised to find that the killing intent transformed by these black-horned void beasts could be absorbed by his body .

Although it was only an insignificant trace, it was actually slightly improving the original cultivation in his body.

"Hey, the power of this ghost beast can actually improve my cultivation?"

A look of surprise appeared on Qin Chen's face.

Having previously broken through in the Abandoned Land, he had stepped into the late stage of the second stage of the Myriad Divine Aspect Realm in one fell swoop.

But after reaching the realm of Qin Chen, although he beheaded several eternal order realm powerhouses such as the master of the death tomb, Qin Chen couldn't directly swallow and absorb their origin, because Qin Chen came from the universe sea, and there were more origins in his body. It is the rule of the yang world. If you absorb too much of the origin of the strong man in the underworld, it will cause some pollution to his origin.

Although it is also possible to forcibly improve the cultivation level, it will take more effort to refine and neutralize it with the rules of the yang world in the later stage.

It's not worth the candle.

Therefore, after killing the tomb owner of the Death God and others, Qin Chen gave the other party's soul, the source of the body, the power of soul blood, etc. to the ancestors of the myriad bones to absorb them, and Qin Chen himself was at most the eternal rule of refining them. The power is just to understand their power of order.

To improve his cultivation, Qin Chen had to rely on himself to cultivate.

But Qin Chen needs to absorb too much energy if he wants to break through, so Qin Chen has not made much progress in his cultivation after breaking through the late stage of the Vientiane Divine Phase Realm.

But now, after absorbing the original energy of this wraith beast, Qin Chen actually felt that his original energy had improved a bit, which surprised him.

"Once I absorb the pure power of the underworld, there will be many disadvantages, but why can the origin of this ghost beast not only improve my cultivation, but also not have too many side effects?"

Qin Chen frowned in confusion.

This is somewhat unreasonable.

woo woo woo...

But at this moment, after the black-horned void beast had been beheaded by Qin Chen for many times, it immediately came to kill again, as if in a rage, countless void-killing blades poured down like a hurricane.

"I can't control that much anymore, since you can improve your cultivation, what are you waiting for?"

Qin Chen laughed out loud, and fully activated the source in his body, the spatial killing intent merged into the power of the fist, and instantly swept across the scene.

Boom boom boom.

Every time Qin Chen punched out, a terrifying storm of killing intent swept out. At least thousands of black-horned void beasts were beheaded. Qin Chen shuttled through the storm, and every time he shuttled, he would take away thousands of them. The life of the mighty black-horned void beast.

The magical powers, blood essence, and killing intent of these killed black-horned void beasts were all turned into black energy, which was absorbed by Qin Chen, slowly improving his cultivation.

However, by killing the black-horned void beast in the storm, Qin Chen not only improved his cultivation, but also cultivated his own Space Killing Intent Fist.

The mysterious Rusty Sword is one of Qin Chen's trump cards, and he is reluctant to take it out easily, and this spatial killing intent fist is a great supernatural power he is practicing now.

Along with Qin Chen's fight, his boxing technique became more and more powerful. Every time he punched, there was a terrifying killing intent, even more violent than the killing intent in the dead sea storm.

"kill!"

In just a moment, a large number of black-horned void beasts fell, turning into pure breath and swallowed by Qin Chen.

"My lord...too strong!"

On the side, Xuangui, Laomo and the others were already dumbfounded.

It's not like they haven't seen this dead sea storm before. Every time they are caught in it, they are trembling and try their best to survive. Especially when they encounter ghost beasts, they will run away as long as they can, and they don't dare to entangle them for too long.

But now?

I saw that Qin Chen took the initiative to kill into the ghost beasts all over the sky, like a tiger entering a flock of sheep, killing wantonly, the black-horned void beasts all over the sky couldn't resist for a moment, and was killed wantonly by Qin Chen with.

"Hahaha, Young Master Chen is mighty, Young Master Chen, I will help you."

Seeing Qin Chen killing wantonly in the dead sea storm, Wangu Mingzu burst out laughing, the death scythe appeared in his hand, and suddenly cut it out, bursting out a dark rainbow.

As soon as the long rainbow swept across, hundreds of black-horned void beasts died under his light.

Seeing this, Old Demon Xuangui and Ghost Ancestor Xue Fiend also killed one after another. The two attacked frequently, and many black-horned void beasts fell one after another.

The most frightening thing about these black-horned void beasts is that they are too numerous and densely packed, and in the dead sea storm, once they are wrapped, they are easily trapped and unable to escape.

But now, with Qin Chen attacking in front, Xuangui Laomo and the others don't have to worry about being surrounded. With all their strength, they killed many black-horned void beasts one after another, and the wraith beasts they killed scattered around.

Cool!

Xuangui and Laomo were very happy in their hearts. When did they act so recklessly in the Dead Sea storm? It was simply unheard of.

In a short while, many black-horned void beasts fell, and a large amount of power was absorbed and swallowed by Qin Chen. After a fight, these black-horned void beasts finally panicked, scattered and fled, and some even rushed towards the dead sea below. , Suddenly dived into the bottom of the sea and roared at Qin Chen.

"My lord, these black-horned void beasts have escaped." Xuangui Laomo said excitedly as he came up panting.

This is the first time he killed ghost beasts in this dead sea storm and fled in all directions.

"These ghost beasts are too weak."

Qin Chen sensed his body and couldn't help but feel a little disappointed. Although he killed a large number of black-horned void beasts, the cultivation base of these black-horned void beasts was not strong. Although they could improve his cultivation base, they did not obvious.

"If I want to reach the peak from the late stage of Vientiane God, I'm afraid I need a lot of ghost beasts."

Qin Chen stared at the Dead Sea below, and his heart moved slightly.

In the dead sea below, Qin Chen could feel that there was a more powerful wraith beast lurking.

"kill!"

With a bang, Qin Chen's figure flickered, and he flew directly towards the Dead Sea below, and with a splash, he followed many black-horned void beasts into the Dead Sea.

"Did your lord dive into the Dead Sea?"

Seeing this scene, Old Demon Xuangui and Ghost Ancestor Xuesha were stunned for a moment, their faces dull.

"Hey, what are you afraid of, let's go down together."

With a thump, Myriad Bone Mingzu chuckled, and followed Qin Chen into the Dead Sea.

The Blood Demon Ghost Ancestor and the Xuangui Old Demon looked at each other, with wry smiles on their faces, and rushed down without hesitation.

To die is to die.

[Chapter 5369: Detachment from the army](#)

Boom!

In an instant, Qin Chen dived into the dead sea.

It was the first time he entered the Dead Sea, and what he directly entered was the Dead Sea in the inner sea.

Chi Chi Chi!

The moment he entered the Dead Sea, strands of Dead Sea water quickly wrapped his body, and in an instant, a terrifying killing intent continuously impacted his body.

"The killing intent in the Dead Sea is really strong."

Qin Chen's body shook. The killing intent in the Dead Sea was almost equivalent to the original power of a triple detachment-level powerhouse. If it were an ordinary forbidden zone master who entered, he would be injured if he was careless.

"However, compared to the dead sea spring's killing intent, it seems to be much weaker." Qin Chen compared it carefully. Although the water in the inner sea is terrifying, it still has a certain gap with the dead sea water in the eyes of the Dead Sea spring. Moreover, Qin Chen can clearly feel that there is a special difference between the two, and it is only for a while.

For the time being, he couldn't tell what the difference was.

"I can't manage so much now, space domain..."

Qin Chen just sensed it for a moment, and then released his space domain directly. In an instant, the space around Qin Chen was enveloped, forming a unique space barrier, enveloping him in it.

The Dead Sea water that originally enveloped him was quickly repelled by this space domain, and the killing intent he received from the Dead Sea was also rapidly weakened at this moment, greatly weakened by the domain.

That's about the same.

Qin Chen nodded slightly. He could feel that the power of the domain of order had a certain effect on crowding out and weakening the killing intent in the Dead Sea. This was the real reason why Xuangui Laomo said before that the Lord of the Forbidden Area could sneak into the Dead Sea.

Otherwise, just relying on the killing intent that swept out of the dead sea water earlier, it is not something that the general master of the restricted area can resist.

Puff puff!

Soon after Qin Chen entered the Dead Sea, three plops sounded, and the three Wangu Mingzu followed Qin Chen into the Dead Sea. Their experience is much richer than Qin Chen's. The moment the old ghost Xuangui and the blood ghost ancestor entered the Dead Sea, they had already opened up the domain, and the killing intent on them suddenly decreased. At the same time, The two did not hesitate

Then he used the water of the Dead Sea given by Qin Chen, forming a defensive shield around his body.

The moment the water of the Dead Sea was cast, Old Demon Xuangui was pleasantly surprised to find that the killing intent of the Dead Sea that had hit him had been weakened by at least 50% on the original basis.

This discovery made him feel ecstatic.

It's not that he hasn't entered the inner sea before, but every time he needs to do his best to activate the domain to barely survive, but this time he actually felt a sense of relief, which surprised him.

"grown ups."

He quickly came to Qin Chen's side with a pleasant expression on his face. He had a feeling that with the water of the dead sea, many places he could not go before could now travel freely.

"Are you here?"

Qin Chen just glanced at the few people, and then looked forward.

The black-horned void beasts that Qin Chen had previously chased and killed obviously did not expect that Qin Chen and the others would dare to follow them into the Dead Sea. The moment Qin Chen entered, these black-horned void beasts grinned and turned to kill.

"Hmph." Qin Chen sneered, and jumped straight up. The water of the Dead Sea seemed to have no influence on him at all. He punched out, and the sea was turbulent. In an instant, thousands of black-horned void beasts were blasted away. Come on, bloody. And Wangu Mingzu also gave a quack smile, waved the death scythe, and killed wantonly in this sea water. However, compared with Qin Chen, Wangu Mingzu and the others had the help of the water of the Dead Sea, but they still couldn't be as completely helpless as Qin Chen. Affected

, The speed of killing has obviously decreased a lot.

In an instant, the black-horned Void Beasts were quickly beheaded by Qin Chen and the others. It can be said that there is no way to heaven and no way to enter the earth.

These black-horned void beasts were finally terrified. They never thought that these guys in front of them would be so terrifying. Not only did they chase into the Dead Sea, but they were hardly affected by the killing intent of the Dead Sea.

They fled immediately, and while fleeing, they let out roars like sound waves, and the ear-piercing roars were quickly transmitted through the bottom of the sea.

"My lord, these black-horned void beasts are calling for rescue." Old Demon Xuangui said hastily.

Without his explanation, Qin Chen also saw the purpose of these black-horned void beasts, not long after the screams of these black-horned void beasts came out.

hum!

A vortex appeared in the void ahead, and many black shadows flew out of the vortex in an instant.

Another group of ghost beasts appeared on the bottom of the sea. The new ghost beasts were not fish, but a group of shrimp soldiers. Each of these shrimp soldiers is tall, several feet high, covered with pitch-

black armor, and there are spikes on the armor. The red pupils look at Qin Chen and the four coldly. pitch black

The long spear, shocked by his figure, directly pushed out the torrent and rushed towards him, tearing apart the Dead Sea into ravines.

Every shrimp soldier has at least a transcendent level of cultivation.

An army composed of transcendent ghost beasts!

"My lord, be careful, this is one of the more powerful ghost beasts in the Dead Sea, the blackwater ghost shrimp, they like to hunt everywhere, and even take advantage of the dead sea storm to actively attack the ghost cultivators in our abandoned place, hunting us everywhere Ghost repair!"

Seeing the wraith beast appearing in the vortex, Xuangui Laomo immediately said.

"Are they all transcendent spirit beasts?"

Qin Chen couldn't help showing surprise at this moment. He could tell at a glance that the weakest of the Blackwater Shrimp in front of him was also at the level of detachment, and the strongest one was even at the double level of detachment, exuding a strong aura of the gods of all phenomena, that's all, the key is the quantity, dense numb

Ma, it is not inferior to the previous black-horned void beast, this is simply a group of detached army.

And compared to the black-horned void beast, the strength of this blackwater ghost shrimp is obviously stronger than that.

"How can there be so much detachment in this Dead Sea?"

Qin Chen was secretly startled.

It should be noted that a transcendent strong man is not a Chinese cabbage, and there are not many transcendent ones born in the entire initial universe where he lives. In the Hainan Thirteen-Star Region of the universe, a general detached powerhouse can establish a family, a double detachment can establish a large family, and a triple detached powerhouse can lead the family out of the Southern Ten-Star Region and enter Yu

In the world of Zhouhai South Tianyu, a certain power has been achieved.

It can be said that no matter where the detached powerhouse goes, it is quite scarce. Qin Chen can understand that there are many detached people in the Abandoned Land. After all, the prisoners in the Abandoned Land are the prisoners who have gathered in the entire underworld for hundreds of millions of years. Down

Come on, it is only natural that there are so many strong people.

After all, the underworld was a terrifying force capable of confronting the universe sea in ancient times.

But even in the abandoned land, ordinary village ghost cultivators like Gouwa still occupy the majority.

But now in this dead sea, there are so many transcendent wraith beasts appearing at every turn, which makes Qin Chen shocked.

Are these superb spirit beasts Chinese cabbage?

When Qin Chen was surprised, Wangu Mingzu's eyes moved, and he had already killed him first.

"Young Master Chen, ask your subordinates to take the lead for you." Although he is not smart enough, he can also see that Qin Chen hunted the black-horned void beasts before to absorb the ghost energy in their bodies, and now he sees the stronger Heishuiming Shrimp, he immediately took the initiative to attack, and the death scythe danced, flying in an instant

A jet-black rainbow with a length of thousands of miles appeared.

This Changhong boiled directly in the sea water, traversed the void, and directly blasted into the army of black water ghost shrimps.

Immediately, dozens of blackwater ghost shrimps turned into nothingness, and were directly cut and exploded.

"Foreign ghost cultivator, die..."

The leaders of the group of blackwater prawns were all shocked and angry, and let out a faint roar, which was actually self-awareness. Many blackwater ghost shrimps came to kill together. They are actually intelligent, no different from ordinary ghost cultivators. They understand tactics and formations. swirl, linked

Raising his hand, the terrifying spear shadow turned into a storm vortex, unexpectedly blocking the Death Scythe of Myriad Bone Nether Ancestor.

Crowds of first-level detachment and second-level detachment joined together to form a large formation, which was able to withstand the attack of the giant Wangu Mingzu!

Even in the Dead Sea, the Wangu Mingzu's attack was greatly suppressed, but it was still shocking.

"snort!"

At this time, Qin Chen was also not polite. The army of wraith beasts composed of detachment should not be underestimated. However, for him, training his supernatural powers more can also improve his own strength. He punched the past with a punch, bang, the killing intent in the space surged, and hit the center of the Taiji vortex formed by the army of blackwater prawns. The taiji vortex began to collapse immediately, and many blackwater prawns turned into powder, condensed into the source, and rolled

Into the strength of Qin Chen's fist.

Sure enough, it is a great supplement!

In an instant, Qin Chen felt that the origin in his body had improved significantly.

"Hey, the power and aura of these wraith beasts are all at the transcendence level, but they don't have the application of the law of order, and they haven't mastered the real transcendence supernatural power."

After devouring the origin of these blackwater prawns, Qin Chen instantly understood.

No wonder the transcendent ghost beasts in the Dead Sea are as worthless as Chinese cabbage. It turns out that these blackwater ghost shrimps are different from the transcendent ones outside.

Normal detachment requires going through thousands of difficulties and dangers, blazing a unique path, and breaking the rules and order of the Dao of Heaven in order to break through successfully. But these blackwater ghost shrimps in front of us live in the Dead Sea all year round. In such a terrifying environment in the Dead Sea, their bodies, strength, and breath can easily and naturally enter the realm of detachment, but their order cultivation and understanding of rules, in fact, has not yet reached the realm of detachment.

[Chapter 5370: too fierce](#)

This is a unique kind of ghost beast in the Dead Sea, and only in the Dead Sea can such a ghost beast be bred.

"No wonder, there are so many powerful ghost beasts in the Dead Sea, but it is so difficult for the ghost cultivators in the abandoned land to improve their strength. It has been extremely difficult for hundreds of millions of years to make an inch." At this time, Qin Chen also finally understand that when they were imprisoned here, they were the masters of the restricted area, and there are so many powerful ghost beasts here, but why they are still triple detached, and their cultivation is extremely difficult.

The reason for entering.

The triple detachment belongs to the realm of eternal order. For the strong in this realm, if they want to improve their strength, they must make breakthroughs and improve on the rules of order.

But the wraith beast in the dead sea only has a strong original aura in its body. Apart from a strong murderous aura, it has no power of order and rules.

It can be said that killing these wraith beasts does not have much benefit to the many ghost cultivators in the abandoned land. Apart from obtaining the killing intent soul crystal to improve their resistance to the killing intent of the Dead Sea, there is not much other effect.

But Qin Chen is different. For Qin Chen, the wraith beast here is definitely what he needs most now.

So after seeing so many detached blackwater prawns, Qin Chen couldn't help being excited anymore, and his pupils even emitted a faint green light.

This made Wangu Mingzu and others on the side all puzzled. It was just a group of useless ghost beasts. Why did Chen Shao look at the black water ghost shrimp in front of him like looking at a group of naked beauties? ?

"Hahaha, kill!"

Qin Chen laughed out loud, not bothering to pay attention to the thoughts of Wangu Mingzu and the others, he jumped up and punched the group of blackwater ghost shrimps in front of him again.

boom! This time, Qin Chen directly activated his spatial ultimate move, and in an instant, a huge gully was blasted into the Dead Sea in front of him. Along the way, as long as he touched the black water shrimps, they all burst open one after another, turning into rich origin

The essence was directly swallowed by Qin Chen into his body.

"Cool!" Qin Chen exclaimed, and killed hundreds of blackwater prawns with one punch. Those detached from the origin, the huge killing essence, and the killing intent supernatural power of these blackwater prawns swept into Qin Chen Immediately, there is a warm feeling in the body

The warm current flowed back and forth among the countless cells in his body.

In the end, these warm currents converged into the original space in Qin Chen's body, strengthening his original power.

Moreover, after these blackwater prawns burst, black spars appeared one by one where the heads of some blackwater prawns were located, and were instantly ingested by Qin Chen.

"This should be the killing intent soul crystal in the body of the Wraith Beast." Qin Chen glanced at the seven or eight soul crystals in his hand, and with a sweep of consciousness, he sensed that there were strands of powerful black crystals contained in these black crystals. The power of killing intent, and in addition to the power of killing intent, these crystals also carry wisps of soul power

.

I don't know what effect these soul crystals have on me?

"Take it." Without hesitation, Qin Chen directly absorbed the killing intent and power of the soul contained in these killing intent soul crystals. After a while, a large amount of power of the soul and the breath of killing intent entered Qin Chen's body, and Qin Chen was pleasantly surprised. I found that my soul sea was actually

There has also been a slight improvement.

This made Qin Chen even more excited.

The masters of other restricted areas in the Abandoned Land hunted ghost beasts and plundered their killing intent soul crystals in order to understand the killing power in these killing intent soul crystals.

But Qin Chen did the exact opposite.

The power of killing intent in this killing intent soul crystal is nothing compared to the Dead Sea spring, but what Qin Chen cares more about is the power of spirit in this killing intent soul crystal.

With the power of the soul, Qin Chen's soul sea strength can be increased, allowing him to step into the peak of the second level of the Vientiane Divine Aspect Realm and enter the third level of the Eternal Order Realm.

"kill!"

With a loud cry, Qin Chen immediately rushed into the army of blackwater shrimps in front of him like a tiger entering a flock of sheep.

"Damn ghost cultivator, how dare you look down on us so much, kill!" Qin Chen's actions made these black water prawns terrified and furious, and the leader of the black water prawns suddenly made a series of horrified and angry sounds, boom, countless The blackwater ghost shrimp quickly formed formations all over the sky, and these formations combined with each other,

Forming a huge formation, it quickly moved towards Qin Chen to suppress it.

These blackwater ghost shrimps usually act in groups. In this dead sea, they are the overlord, killing and plundering everywhere. Generally, the strong dare not take the lead. When did they receive such humiliation?

Now that he was furious, the sea water in all directions suddenly stirred up, forming terrifying torrents and whirlpools. boom! The densely packed blackwater ghost shrimps gathered. Compared with the black-horned void beasts, they knew how to fight, and they were born to belong to the fighting race. In an instant, Qin Chen's whole body was enveloped by countless storm vortexes.

The powerhouses at the main level will be afraid.

"Young Master Chen, I'll wait to help you."

Seeing this, Wan Gu Ming Zu and the others stopped hesitating and jumped up one by one, killing them one after another.

Although they didn't understand what effect these black water ghost shrimps had on Qin Chen, since Shao Chen needed them, as his subordinates, they would naturally not neglect them. The death scythe slashed, and terrifying attacks came one after another, rushing into the army of blackwater prawns all over the sky. Although the number of blackwater prawns in front of them is extremely large, the combined power is extremely terrifying. to than

Powerhouses such as the former Xuangui Laomo and Senming Ghost King should also be cautious.

But today's Xuangui Laomo is no longer what it used to be, and the Myriad Bone Ghost Ancestor and Blood Fiend Ghost Ancestor are not ordinary masters of the restricted area. In an instant, all the Blackwater Shrimp were blown up by them.

It's just that there are too many blackwater prawns in front of them. With the speed of Wangu Mingzu and others, if they continue to kill them like this, can they kill all the blackwater prawns in the year of the monkey?

After all, Xuangui Laomo and the others are restricted in all kinds of methods in this Dead Sea, and they have to resist the terrifying killing intent of the Dead Sea, so they cannot attack recklessly like they do on land.

"Forget it, let me come."

Qin Chen looked at the scene in front of him, shook his head, stepped out, and directly displayed his own space domain.

"rise!"

The terrifying space field quickly spread with Qin Chen's low drink.

Ka Ka Ka!

At the moment when Qin Chen's spatial domain spread out, Qin Chen heard bursts of crisp crackling sounds in his ears. This was the dead sea murderous intent in the seawater crazily suppressing Qin Chen's spatial power.

The interior of the Dead Sea is the world of the Dead Sea's killing intent, how could outsiders be allowed to use their power wantonly in this Dead Sea.

"Hmph." But Qin Chen was not afraid. Unlike other forbidden zone masters, Qin Chen's understanding of the killing intent of the Dead Sea far surpassed any triple detachment in the Abandoned Land, and the killing intent from the springs of the Dead Sea permeated his body. Come on, with a bang,

Two terrifying killing intents collided suddenly in the void. With the blessing of Qin Chen's own killing intent, the killing intent from the Dead Sea was instantly counteracted to the extreme. In an instant, Qin Chen's spatial domain was instantly enveloped by the blessing of his killing intent. Miles

the void.

"hiss!"

Not far away, the Xuangui Laomo couldn't help but gasped when he saw this scene, and his eyes widened.

what did he see My lord actually displayed his domain in the Dead Sea?

this...

Xuangui Laomo blinked his eyes.

You must know that the reason why the Lord of the Forbidden Area is unwilling to go deep into the Dead Sea, because there are many dangers inside the Dead Sea, is because it is extremely difficult to display the Domain of Order in the Dead Sea.

The Dead Sea is the territory of the Dead Sea's murderous intent. Generally, the master of the forbidden area can only surround a small area of the order domain, and cannot release it.

Only some outstanding masters of the restricted area can barely release their domain in the Dead Sea, but it only covers a radius of a hundred miles.

But today's Qin Chen has released the domain within a radius of ten thousand miles in an instant. The old devil Xuangui has never seen it before, let alone heard of it.

"Space maze!"

Qin Chen didn't care about the shock of the old ghost Xuangui, and directly cast a space maze, cutting the void within a hundred thousand miles around into thousands of pieces in an instant.

Immediately, the black water ghost shrimps that were killing all around were instantly divided into their respective domains, scurrying around like headless flies.

Qin Chen's space maze can even restrain the master of the restricted area, so it is easy to restrain these divided black water ghost shrimps.

"Death!" Then, Qin Chen directly activated his spatial killing power, bang, in the countless divided spaces, there were terrifying spatial killing intents everywhere, and the spatial killing intent swept across the sky, surrounding these surrounded fan of space

The black water ghost shrimp in the palace was instantly chopped and exploded, turning into pure energy and blending into Qin Chen's body.

In addition, Qin Chen didn't bother to put away some of the soul crystals that appeared after these blackwater shrimps were chopped off, and they all merged into his body.

hum!

Qin Chen clearly felt that the origin and spirit in his body had improved a little bit, and he was one step closer to the peak of the late double stage.

On the side, Xuangui Laomo and others opened their mouths in shock.

"My lord is worthy of being a lord." Xuangui Laomo murmured with a dull expression. In the past, when he and the Sen Ming Ghost King encountered so many black water prawns, they would have to fight for at least a few months, and then they would leave with injuries. But now, so many black water prawns were killed by Qin Dust kills in an instant

clean and dry.

This... is too fierce.

"Haha, refreshing."

Qin Chen sensed the origin in his body and was slightly excited.

After killing so many blackwater prawns, his origin has been significantly improved. However, Qin Chen now needs to absorb too much to break through, and just an army of blackwater prawns is not enough.

Where to find more ghost beasts? Qin Chen fell into deep thought.
