

Valkyrie 5371

[Chapter 5371: God Eel Thunder Beast](#)

Qin Chen knew very well that if he wanted to break through now, it was not enough to rely on these first-level and second-level wraith beasts.

Although he is only in the late stage of the second level, the exercises he cultivates are extremely special and amazingly powerful. In terms of original strength, they are not far behind those in the third level of eternal order. And although there are a lot of these blackwater prawns, they are only the first and second grades after all. Moreover, they only have the source in their bodies, and there are no rules. It is almost impossible for Qin Chen to directly make a breakthrough by devouring these blackwater prawns.

.

This is not a question of quantity, but of substance.

"My lord, now we have gone deep into the deep part of the Dead Sea, should we go back?" At this time, the old ghost Xuangui hurriedly came to Qin Chen's side, and said solemnly: "The Dead Sea is deep and terrifying. Let's go down, then it is the place where some giant ghost beasts really live in the Dead Sea. Once they enter their territory, I am afraid

It is dangerous. "

Old Demon Xuangui's original intention was to give Qin Chen some reminders, but who knew that Qin Chen's expression was overjoyed when he heard Old Demon Xuangui's words.

"Deeper is the place where giant-level ghost beasts live?" Qin Chen looked over in surprise: "How big is it?" Only the transcendent ghost beasts are called giants. In the Dead Sea, we are restricted by the killing intent of the dead sea, and basically hunt and kill ordinary transcendent ghost beasts such as blackwater ghost shrimps. As for giant-level ghost beasts Although ghost beasts can also be hunted, it often takes many days of preparation and the cooperation of several restricted area masters, because once a giant-level ghost beast is killed inside the Dead Sea

When they get angry, their power is extremely terrifying and astonishing. They can even control part of the power of the Dead Sea current, which is definitely beyond the reach of ordinary detached ghost beasts. "

Xuangui Laomo looked serious.

In the past, when they hunted and killed the three-tier super-giant-level ghost beasts, they basically lured them to the surface of the sea before doing anything. However, if they encountered giant-level ghost beasts inside the Dead Sea, it would often be a disaster.

A triple transcendent soul beast?

Qin Chen's eyes brightened even more.

What he lacks most now is the top-level ghost beast. Ordinary ghost beasts can't replenish the essence in his body at all, and triple transcendent ghost beasts must be much stronger than ordinary ghost beasts.

"Then what are you waiting for? Don't talk about it. I can't wait for the giant ghost beast."

There was anticipation in Qin Chen's eyes, and before Xuangui Laomo finished speaking, his body flickered, and he went straight to the depths of the Dead Sea, and disappeared in the blink of an eye.

The old ghost Xuangui was stunned.

what's the situation?

Wangu Mingzu came to Xuangui Laomo and patted him on the shoulder: "Okay, don't be in a daze, Young Master Chen has gone far, why don't you hurry up and catch up."

As soon as the words fell, Wangu Mingzu rushed towards the place where Qin Chen left, and behind him, Xuangui Laomo and Xuesha Guizu also hurriedly followed.

The deeper you go into the depths of the Dead Sea, the more terrifying the killing intent here is. Gradually, Qin Chen felt a strong killing intent seep into his body. However, based on Qin Chen's comprehension of killing intent, this killing intent is nothing at all. On the contrary, Xuangui, Laomo and others couldn't hold on. If it weren't for the protection of the dead sea water given by Qin Chen, they would not have dared to come. deep down here

. Along the way, Qin Chen and the others met many other ghost beasts, such as the black-striped tortoise, the giant pincer iron crab, etc. The strength of these ghost beasts is much stronger than that of the blackwater ghost shrimp, but Has not yet reached the giant level, Qin Chen he

They are naturally fighting one after another.

Killing all the way, because of Qin Chen's presence, no one was in any danger, but the strange thing was that they didn't see a giant wraith beast.

"What's the matter, Xuan Gui, didn't you say that there are giant ghost beasts here? We have been going deep for so long, why haven't we seen any of them?"

After killing for a long time, Qin Chen couldn't help asking.

It's been almost a day, and Qin Chen couldn't wait until he hadn't encountered a giant-level wraith beast.

On the side, Xuangui Laomo looked dull, others were hiding from ghost beasts in the deep sea, but my lord was lucky, he was only focused on finding giant ghost beasts.

He hurriedly came to Qin Chen and said respectfully: "Sir, although this subordinate has been active in the Dead Sea all year round, this is the first time I have come to such a deep sea." I have also dived into the bottom of the sea a few times, but basically at the previous depth, I occasionally encountered giant ghost beasts, and we would often lure them to the surface of the sea

, but I have dived so deep like today, and I haven't encountered a giant-level ghost beast, and my subordinates don't know the specific situation..."

"Could it be that the wraith beasts here were scared away by this young man's breath?" Qin Chen frowned. I thought that I would see giant-level wraith beasts right away, but who knows that the

strongest wraith beasts I have met so far are only the second-level peak transcendent level wraith beasts, although the wraith beasts I encountered later are darker than the previous ones. The water ghost shrimp is powerful

Some, but in Qin Chen's view, it was not enough at all.

Without a giant-level wraith beast, how could his cultivation break through?

continue.

Qin Chen continued to go deep into the depths of the Dead Sea. As he went deeper, Qin Chen immediately felt the killing intent around him getting stronger and stronger, and Xuangui Laomo and the others gradually felt that they couldn't breathe.

This place is too deep, and it is the first time for both the Xuangui Old Demon and the Blood Demon Ghost Ancestor to sneak in.

After Qin Chen and others dived into hundreds of billions of miles, suddenly, a group of giant ghost beasts like sea snakes appeared in front of them!

These wraith beasts all exude a terrifying aura. The weakest ones are double-level transcendent peak-level behemoths. A huge body, as long as ten thousand feet, swims in the dark deep sea.

And there are bright spots on their bodies, and there are soft roots like glowing tentacles on their heads, which are constantly swimming, flashing and flashing, as if they are communicating with each other.

In this endless and deep dark seabed, these giant snake-like wraith beasts gathered together, and their terrifying killing intent condensed into a terrifying vortex, covering the deep seabed, giving people a strong sense of fear.

"Young Master Chen, there are so many... sea snakes here?"

Wangu Mingzu stimulated the water of the Dead Sea, carefully came to Qin Chen's side, and said excitedly.

At this depth, even he must mobilize the water of the Dead Sea to resist the killing intent around him, otherwise it will be extremely difficult to stay here for too long.

"Why don't we have a snake roast feast?"

The death scythe in Wangu Mingzu's hand exuded a cold murderous intent, and he couldn't wait to rush forward. It's just that as soon as he finished speaking, hum, he seemed to have sensed something. Those huge "bright sea snakes" wandering unconsciously in the depths of the sea seemed to be half alarmed at once. With a bang, these "bright sea snakes" were unexpectedly moment

Countless glaring rays of light lit up, and terrifying thunderbolts lit up in the bottom of the sea, illuminating the dark bottom of the sea. "My lord is not good. This is the **** eel thunder beast. It is one of the most powerful species in the Dead Sea. It is far from comparable to the previous black-striped tortoise shell beast and black water ghost shrimp. Damn it, we have broken into a land of gods. The Undersea Nest of the Eel Thunder Beast

Point, it's over, this is over. "

Old Demon Xuangui uttered a panic, his dark face turned pale with fright.

God Eel Thunder Beast! This is one of the top ghost beasts in the Dead Sea. Different from other ghost beasts, these **** eel thunder beasts not only have terrifying killing intent, but also release amazing thunder attacks. In this underwater world full of seawater , this is simply

It is like a nightmare.

At this time, Qin Chen's eyes also noticed the countless **** eels and thunder beasts below, and the terrifying groups all over the dark seabed ravines.

After all, the bottom of the sea was pitch black, but when the eel and thunder beast was awakened, the dark bottom of the sea became a city that never sleeps, and dazzling thunder lights lit up everywhere, stretching for tens of thousands of miles. Moreover, in this group of **** eel thunder beasts, Qin Chen vaguely seemed to see the existence of a powerful aura of triple detachment. There were giant-level **** eel thunder beasts lurking in the bright sky, and there were even more than one of them. this

The bottom of the sea seems to have formed some kind of formation, which makes it impossible for people to go beyond the thunder pool.

"well."

Qin Chen was very excited. After searching for so long, he finally found the giant Wraith Beast.

At this moment, his eyes lit up.

Any danger, any fear, was ignored by him.

"kill!"

Qin Chen's figure flickered, and he rushed directly to the place where the thunder was shining in the depths of the sea.

"Damn it, Chen Shao, wait for us."

Wan Gu Ming Zu hurriedly shouted, and chased after him. Only after passing by, Wan Gu Ming Zu had a complete view of the scene below.

Even with his knowledge, there are some creeps. There are really too many **** eel thunder beasts underneath, and each **** eel thunder beast has thousands of bright spots on its body, which are greasy, like sea snakes, densely packed **** eel thunder beasts plus that densely packed

The spots can drive people with tryphobia crazy. Moreover, each of these divine eels and thunder beasts is at the peak of the second level of detachment. Although it is said that the detachment of the third level of heaven, one level of one day, for example, a hundred of the detachment of the second level peak, may not be able to deal with an ordinary triple detachment.

But one thousand, ten thousand?

If the number is gathered to the extreme, the triple detachment can also be torn into powder. When the number reaches a certain level, it will naturally ignore a certain level.

And in the bottom of the sea in front of him, the thunder eel and thunder beast, which was crushing and plundering, were flying around, as if they felt Qin Chen's approach, and the sea area on the bottom of the sea, which was hundreds of millions of miles deep, was completely turned upside down.

boom! The terrifying thunder light is like a vast ocean, filling the entire bottom of the sea in an instant, rushing in violently.

[Chapter 5372: go around](#)

"A ghost cultivator actually sneaked into our country."

"What's the matter, what are the above groups of people doing to eat, let the ghost cultivator sneak into such a deep place in the Dead Sea, **** it."

"Kill these ghost cultivators and devour their power."

Voices of communication continued to communicate in the bottom of the sea, and these **** eels and thunder beasts showed angry voices, rioted in an instant, and crazily killed Qin Chen and others above.

"kill!"

boom! Like the eruption of a submarine volcano, endless thunder blooms in an instant, accompanied by the terrifying power of thunder, groups of **** eel thunder beasts leap over, each of them circulates the source of the body, connects into one piece, and turns into a series of terrifying thunder

The pool fills the air. Qin Chen saw that in the army of **** eels and thunder beasts, each **** eel and thunder beast was at least a thousand feet long, with dense textures all over its body, forming strange thunder symbols, which kept moving and flashing, and those spots, then This is

The core area of these textures is where the thunder source of the thunder is released.

At this moment, tens of thousands of giant eels and thunder beasts flew over in an organized manner, united with each other, and formed a large formation that covered the sky and the sun, which was enough to easily shock the master of the restricted area.

"These little eels dare to take the initiative to attack us. They are looking for death. Do you really think that we are ordinary masters of the restricted area? Chen Shao, look at my methods." Wangu Mingzu yelled loudly, urging the **** of death in the air The sickle, the sickle of death turned into seven or eight black blades of light, criss-crossing from the bottom of the Dead Sea, instantly slashed out, and with a bang, slashed into the sea of thunder composed of **** eels and thunder beasts.

On top of the formation.

bang bang bang.

Dozens of **** eels and thunder beasts were cut off at once, flesh and blood flew across the body, and the source in the body exploded like a thunder in an instant, bursting out with dazzling light. However, those seven or eight sword lights were stopped by the astonishing thunder after killing dozens of ****

eels and thunder beasts, and the source of the burst of thunder in these **** eels and thunder beasts did not dissipate. out, but was

The thunder formation was absorbed again and merged into the formation. Originally, like Qin Chen and the others beheaded these ghost beasts, every time they killed an enemy, they would automatically absorb the origin of these ghost beasts and strengthen themselves, but now, they could not absorb the origin of any **** eels and thunder beasts at all.

Once the source of thunder dissipates, it will automatically integrate into the formation and become a force in the formation.

Moreover, the death scythe attack, which was like entering no one's land before, met with strong resistance this time. It turned out that it only killed dozens of **** eels and thunder beasts, and was stopped at the bottom of the sea.

"Hey, this little eel's defense is so strong?" Wangu Mingzu himself was surprised. With his current cultivation base, he has recovered a lot of combat power in his previous life, and combined with the treasure of the death scythe, he can only kill him. Killed dozens of second-level peak detached **** eel thunder beasts, this

It surprised Wangu Mingzu.

Even a block with the power of the Dead Sea shouldn't be so weak.

"boom!"

And when the Myriad Bone Nether Ancestor was shocked, those **** eels and thunder beasts were attacked, and they became furious instantly, and the thunder lights were like oceans, enveloping the Myriad Bone Nether Ancestor in an instant.

Wangu Mingzu instantly felt numbness and pain all over his body, as if thousands of fine needles were constantly pricking his skin, trying to pierce through his physical defense.

"No, there is such a terrifying annihilation and killing intent contained in this thunder power..."

Wangu Mingzu was taken aback. The attack of the double peak detachment should not be able to bring him the slightest harm at all, but the attacks of these **** eel thunder beasts fell on him, which made him feel severe pain.

The terrifying annihilation killing intent, and these annihilation killing intent can actually cause him a certain degree of danger. "Senior Wan Gu, you must be careful. These **** eels and thunder beasts live in the depths of the Dead Sea all year round. The thunder supernatural powers they display are different from ordinary attacks. They contain extremely terrifying killing power in the Dead Sea.

The God Eel Thunder Beast of Feng's transcendence level can penetrate the defense of the master level of the restricted area. "

Xuanguai Laomo hastily stepped forward to remind: "We must keep a distance, we must not be surrounded by this **** eel thunder beast, once surrounded, the endless power of thunder will instantly penetrate our defenses, and we will definitely die at that time. "

Xuangui Laomo eagerly opened his mouth. This is the real horror of the **** eel thunder beast. It is a bit like the blood ghost ancestor on land. possible.

Otherwise, how could it make him so nervous just by being an ordinary double super transcendent ghost beast. However, before Xuangui Laomo's voice fell, he heard a bang, Qin Chen didn't retreat but advanced, and he rushed directly into the army of thunder beasts that filled the sky, and was instantly surrounded by endless thunder up, not at all

Don't be afraid of being surrounded by these **** eels and thunder beasts.

"Fuck..."

Xuangui Laomo's eyes widened, his face was dull, and he was almost powerless to complain.

Why is it that every time I say something, the grown-ups always think the other way around?

The face was slapped.

"Let's go, let's replace Chen Shao."

The body of Wan Gu Ming Patriarch shook, shaking away the power of thunder around him, and formed a formation around the periphery with the old devil Xuangui and the blood fiend ghost ancestor.

At this moment, amidst the sky full of thunder, Qin Chen has already entered the middle of the **** eel thunder beast.

"Roar!" Sensing Qin Chen's actions, these **** eels and thunder beasts immediately became angry. What the other party did did not take their group into consideration at all. as a thigh

A thunderbolt crazily fell towards Qin Chen.

A terrifying thunderstorm instantly formed around Qin Chen's body.

boom!

The thunder light bombarded Qin Chen, and what shocked all the thunder beasts was that the ghost cultivator in front of him just shook his body, and then he was safe and sound.

"Well, the Thunder of the Dead Sea that contains the power of annihilation." Qin Chen ignored the attacks of these thunders and carefully perceived the power in them. If you ask Qin Chen what power he is most afraid of in the world, it would be thunder. After walking so many places, Qin Chen still I have never seen a Thunder that can compare with his Judgment God Thunder

power up.

However, although the killing intent thunder cast by the **** eel thunder beast in front of him could not bring him any harm, it also gave Qin Chen some inspiration, some inspiration to combine the power of killing intent with thunder.

"Kill!" While his mind was turning, Qin Chen rushed into the Thunder Beast of the God Eel at the same time, and blasted out with a punch. The sea of thunder in front of him suddenly formed a terrifying vortex storm and exploded. Hundreds of eels and thunder beasts were killed by Qin Chen.

Then annihilated, strangled into nothingness.

The thunder source all over the sky keeps shrinking, and it is actually going to return to the big formation to replenish the power of the big formation.

"Hmph, let me absorb it."

How could Qin Chen let the power of the source of thunder go back? He fixed his eyes and raised his big hand, and forcibly absorbed the power of the source of thunder into his body, devouring it crazily.

In an instant, Qin Chen felt that his Vientiane origin had improved a little bit, and even the power of thunder in his body had improved.

"This **** eel thunder beast is really powerful."

Qin Chen showed a look of joy. The wraith beasts he had killed before could hardly improve his cultivation, but now the **** eel thunder beast finally made him feel the improvement of his cultivation.

Boom boom boom!

Qin Chen continued to attack, and suddenly a large number of **** eel thunder beasts fell, no matter how angry these **** eel thunder beasts were, they couldn't stop it.

After beheading some **** eels and thunder beasts, Qin Chen frowned. Although the origin of the God Eel Thunder Beast can indeed improve his cultivation, the speed of improvement is still too slow, and it only improves his cultivation. If he wants to break through, he still has to rely on the triple transcendence level. Soul Beast

source. "There is definitely a triple-transcendence-level existence in this army of **** eels and thunder beasts, but they are hidden. To control these army of **** eels and thunder beasts in secret, to capture thieves and kings, you must first find the third-level super-transcendent **** eels and thunder beasts. exist,

The army here will naturally collapse. "

Qin Chen's figure flickered, and he swept directly towards the deep space of the thunder beast that filled the sky.

"No, we have lost our lord."

Outside, Xuangui Laomo was taken aback. At this moment, Qin Chen had been surrounded by endless thunder, and there was no trace of him.

And with their cultivation base, it is impossible to follow up.

"Don't worry, with Young Master Chen's origin and strength, the thunder of this mere **** eel thunder beast can't hurt him at all." Wangu Mingzu grinned, but he wasn't worried at all.

Who else should be afraid of the origin of less than Lei Ting and Dust?

As Qin Chen entered the army of **** eels and thunder beasts, countless **** eels and thunder beasts roared crazily, and the terrifying storm formed even spread to the surface of the sea.

now.

Above the sea in the depths of the Dead Sea, on the periphery of the Dead Sea storm.

Two figures suddenly appeared here.

Looking at the storm that covered the sky and the sun in front of him, the leader Jialuo Mingzu frowned slightly.

Shadow Devil Ancestor frowned and said, "My lord, it's the Dead Sea Storm, shall we go around here?" Jia Luo Mingzu said indifferently: "The Dead Sea Storm is extremely vast, and the Lord of the Dead and others left two days early, I'll wait tight Hurry up to come here. If you bypass this dead sea storm, you don't know how much time you will waste.

That's all, let's go. "

Jialuo Mingzu looked calm, stepped out, and entered the dead sea storm, and the Shadow Demon Ancestor hurriedly followed.

Woo hoo!

As soon as the two of them entered the dead sea storm, countless terrifying waves slapped on their bodies.

"Hmph, how can such a mere killing intent affect me?" Jialuo Mingzu sneered, different from the nervousness of Xuangui Laomo after entering the dead sea storm, after Jialuo Mingzu entered, he was walking in the garden , completely ignoring the attack and killing of these storms, the killing intent contained in this storm can't affect him at all.

[Chapter 5373: was trying to escape](#)

Puff puff!

At the same time, there were dark soul beasts hiding in the storm and attacking secretly, but they were all easily beheaded by Jia Luo Mingzu, and the blood stained the void.

Some soul crystals fell into the hands of Jia Luo Ming Zu, Jia Luo Ming Zu casually glanced at them and put them away. These soul crystals improved his cultivation almost insignificantly.

Flying all the way, no ghost beast could hurt Jialuo Mingzu in the slightest. After walking for a while, Jialuo Mingzu couldn't help frowning and looked into the depths of the dead sea storm.

"Weird, why is the dead sea storm this time much more ferocious than before?"

He has been to the Dead Sea storm many times, but he clearly felt that this time the Dead Sea storm seemed to be much more terrifying than before.

"Could it be that the ghost beasts in the Dead Sea knew about our actions this time, so they deliberately hunted and killed the ghost cultivators in our abandoned land?" Jia Luo Mingzu was thoughtful.

It's not impossible.

Not all ghost beasts are monsters without wisdom. Some powerful ghost beasts are not weaker than ordinary ghost cultivators, and the strong in the abandoned land hunt in this dead sea all the year round, and they have already become world-class with ghost beasts. enemy.

Once the ghost beasts discover that there are a large number of abandoned land ghost cultivators active in this sea area, triggering a dead sea storm, it is only normal to ambush them.

"Such a large dead sea storm, if ghost cultivators passing by here normally, how many would fall here?"

Jialuo Mingzu narrowed his eyes and looked into the distance, "I don't know if there are dead sea storms in other areas, and if they are as violent as here."

"My lord, should I hunt down some ghost beasts here, otherwise, once a ghost cultivator is engulfed by this Dead Sea storm, I'm afraid it will suffer heavy losses." Shadow Demon Ancestor said from the side.

In such a storm, except for the master of the restricted area, ordinary ghost cultivators can't pass through it at all, and even the master-level powerhouse of the restricted area, if one is not careful, it may be damaged here.

"No need." Jia Luo Mingzu sneered: "When they fall, they fall. When the Dead Sea forbidden area is opened, ordinary ghost cultivators can only be nourished. Whether they fall or not, what does it matter to me? Or look for that one first. Underworld Lord and others are superior."

After the words fell, Jia Luo Mingzu's figure shook, and he continued to plunder directly towards the depths of the Dead Sea.

And at this moment, in the bottom of the sea below this storm, Qin Chen was frantically killing among the army of eels and thunder beasts.

Thunder light lingered all over Qin Chen, but Qin Chen didn't notice it, and his whole body was like a sharp knife, directly entering the core of the army of eels and thunder beasts.

"It's here, the space domain, open!"

The moment he entered the core, Qin Chen directly activated his own space domain, and the terrifying space breath spread rapidly like a vast ocean.

Rumble!

Qin Chen immediately felt that his domain was terribly hindered here, which was at least several times higher than the killing intent he was hindered by the army of blackwater shrimps.

The domain of killing intent, which was as strong as Qin Chen's, couldn't be forcibly opened for a while.

"Hmph, Ghost Cultivator, it's not that easy to display the Domain of Order in my **** eel thunder beast group, kill this arrogant boy."

In the army of **** eels and thunder beasts, one after another roared.

boom!

Countless thunder surged in, annihilating Qin Chen in an instant.

"How can mere murderous intent and thunderbolt stop this young master? Dead Sea spring!"

Qin Chen lingered all over the Judgment God Thunder, shouted coldly, and moved the mysterious rusty sword. In an instant, a terrifying long river of the Dead Sea appeared between the sky and the earth. The long river of the Dead Sea was extremely vast, winding for thousands of miles, directly covering Most of the army of demigod eels and thunder beasts.

Qin Chen's dead sea water is so strong that it directly squeezes out other sea water around him, covering these **** eels and thunder beasts in his own dead sea water.

"what's the situation?"

Many **** eels and thunder beasts were taken aback. At this moment, although they were still in the water of the Dead Sea, they felt as if they were in another space, and the water of the Dead Sea around them did not listen to his control at all.

"Damn it."

Before they fell in shock, Qin Chen let out a long roar, and the space domain was released directly, forming a terrifying space maze, quickly cutting the **** eels and thunder beasts apart.

The sky was filled with thunder and light, and it was immediately divided into individual small spaces, wandering around continuously.

"found it."

And the moment Qin Chen unleashed the space maze, he also quickly sensed the existence of the triple transcendent wraith beast in the army of **** eels and thunder beasts.

cut!

With a flicker of his figure, Qin Chen suddenly turned into a beam of thunder, and slashed at the triple super transcendent eel thunder beast.

"The kid wants to die!"

The **** eel thunder beast roared, and its huge body surged directly. It turned out to be a huge **** eel with a length of ten thousand feet. When its body was shocked, a sky-reaching thunder burst out of its eyes, and it blasted towards Qin Chen in an instant. , the void is directly annihilated along the way.

boom!

The endless seawater burned directly under this thunderous breath, and the terrifying thunder light quickly fell on Qin Chen's body.

At this moment, Qin Chen felt a sudden shock in his body, with a feeling of numbness all over his body. This terrifying thunder continuously penetrated his body, burning every cell in him, and wanted to blast him away directly. Come.

"sharp."

Qin Chen sighed in admiration.

It has to be said that this eel thunder beast does have a root of pride, the power of this blow is actually much more terrifying than the full blow of the forest ghost king back then.

"It's no wonder that Xuangui Laomo and the others dare not go deep into the Dead Sea. If they encounter this eel thunder beast, with the strength of Xuangui Laomo and Senming Ghost King, the masters of the restricted area, they will be suppressed in this Dead Sea. I'm afraid it's really going to be here."

The attack of this **** eel thunder beast is enough to hurt the source of the master-level powerhouse of the restricted area.

But Qin Chen was fearless.

What he was most afraid of was the thunder attack. The thunder that filled the sky fell on his body, burning his cells, and that trace of power was quickly absorbed and replenished by his body cells.

"carefree."

The pores of Qin Chen's whole body dilated, as if he had been baptized in the thunder. His figure was like lightning, and he directly slashed through the long thunder attack, and suddenly appeared in front of this giant **** eel thunder beast.

"What?"

The **** eel thunder beast was taken aback. When he came back to his senses, Qin Chen had already appeared in front of him. He punched out, and the fist containing the power of the terrifying killing intent slammed on his forehead. .

With a bang sound, the God Eel Thunder Beast felt a shock in his mind, and a terrifying force of space penetrated his body, and with a puff sound, countless cracks appeared in its entire body in an instant, almost bursting on the spot.

"Roar!"

At the critical juncture, the God Eel Thunder Beast tried its best, opened its huge mouth in fright and anger, raised its head suddenly, its eyes shot out fierce light, and its fangs were dense, like a huge devouring hole, facing Qin Chen endlessly Thunder spit out.

boom!

The terrifying thunder light turned into a burst of thunder liquid, covering Qin Chen in an instant, and the void in all directions vibrated, as if it was about to burst.

However, under the horrified gaze of the Thunder Eel Beast, Qin Chen's body remained motionless in the thunderstorm, and instead of retreating, he rushed into the Thunder Thunder Beast's body in an instant along the terrifying thunderbolt. internal.

next moment.

The body of the **** eel thunder beast twisted violently, and amidst the painful roar, there was a bang, and the gigantic giant **** eel thunder beast exploded instantly, and its whole body was blown into pieces in an instant.

The kingdom composed of endless thunder suddenly collapsed.

The **** eel thunder beast was killed with a punch, and countless sources, the power of thunder, were sucked into Qin Chen's body and transformed into pure sources.

"Cool!"

Qin Chen felt in an instant that his original source had improved a lot in an instant.

"Sure enough, you still have to kill giant-level wraith beasts to improve your strength."

Qin Chen let out a long sigh, killing this thunder eel beast, the promotion he got was more than all the wraith beast groups he had killed before combined.

Moreover, although the **** eel thunder beast has an astonishing cultivation base, it has not mastered the real order, and can only use the instinctive annihilation and killing intent and the power of thunder to fight against the enemy, but Qin Chen is not afraid of any thunder and killing power, so For Qin Chen, it was much easier to kill this **** eel thunder beast than to kill a master of the restricted area.

Ho **** ho!

After killing this **** eel thunder beast, countless **** eel thunder beasts roared, their eyes were blood red, as if they were crazy.

Boom boom boom!

Moreover, from the depths of the army of the eel and thunder beasts, there are three giant-level auras rising up, except for the **** eel and thunder beast that Qin Chen killed before, among the group of the **** eel and thunder beasts , There are actually three giant-level **** eel thunder beasts.

The three **** eel thunder beasts brought many groups, and they crazily rammed against the space maze formed by Qin Chen.

Zizizi!

I saw the thunder light roaming all over the sky, and the power of these three **** eel thunder beasts actually formed a certain connection in Qin Chen's space maze under the leadership of these three **** eel thunder beasts. The terrifying thunder light condensed, when it reached a After the extreme point, there was a bang, and Qin Chen's spatial maze was instantly split open by the terrifying thunder light condensed by these **** eel thunder beasts.

"Huh!"

Qin Chen showed surprise.

Your own space maze can fold all the power of the void, so that the strong trapped in it can't communicate with each other and form a joint force.

But I didn't expect these **** eel thunder beasts to have a unique way to gather strength.

"It seems that this group of eels and thunder beasts is really extraordinary."

Qin Chen sighed inwardly.

"Wooooow."

But after blasting Qin Chen's space labyrinth, these **** eel thunder beasts did not attack Qin Chen. Countless **** eel thunder beasts soared into the sky and flew towards the dead sea in all directions.

He wanted to escape!

[Chapter 5374: Black Axe Emperor](#)

At this time, when Qin Chen was hunting the Thunder Beast at the bottom of the Dead Sea.

Over the Dead Sea, in the endless Dead Sea storm, crackling Dead Sea raindrops hit the two gray figures, which were Jialuo Mingzu and Shadow Demon Ancestor.

At this moment, the two of them were walking in the endless void, constantly approaching the deepest part of the Dead Sea. Along the way, ghost beasts occasionally attacked and killed them, but neither the dead sea storm nor these ghost beasts could hurt them at all. extremely relaxed

.

"boom!"

Below, the waters of the Dead Sea roiled.

Jialuo Mingzu stopped, looked down at the Dead Sea below, and frowned slightly.

"My lord, what's the matter?" On the side, Shadow Devil Ancestor was puzzled.

"The bottom of the Dead Sea doesn't seem to be peaceful. Could it be that there is some kind of battle taking place in the Dead Sea?" Jia Luo Mingzu pondered.

"Fight?" Shadow Devil Ancestor was stunned for a moment, a smile appeared on his cold face, he shook his head and said, "My lord, this place is inside the Dead Sea, who else in the entire abandoned land can fight in this Dead Sea except for your lord?" Bottom fight? At most it will be some

Wraith beasts are only brought out to hunt and kill. ""Too. "Jialuo Mingzu thought for a while, and smiled proudly: "Since I dived into the bottom of the Dead Sea last time and killed a few giants, all the ghost beasts have learned to behave, and they have formed some kind of alliance. deep

The soul beasts will be alarmed, which makes it difficult for me to go too deep into the bottom of the Dead Sea to hunt. Moreover, some powerful ghost beasts may have already remembered my aura. seat will leave. "

"Forget it, I don't think there will be much gain here." Jia Luo Mingzu shook his head: "Let's go."

The two quickly rushed to the depths of the Dead Sea.

Suddenly, the two stopped and looked up at the Dead Sea storm ahead.

Whoooo!

In the dead sea storm ahead, countless ghost beasts gathered, besieging a strong man holding a pitch-black giant axe. This giant axe is tall and burly, with a height of hundreds of feet. He blasted out with one axe, combined with the power of the domain, every time he hits, the besieging ghost beasts fall. Behind his dozens of heads there are

The wraith beast with a shell blasted back.

However, there were too many wraith beasts besieging them, so densely packed that they were disregarding life and death, and in an instant, they surrounded the giant axe again. Although the vast majority of these besieging ghost beasts only have the second-level detachment level, their defense is extremely strong. Combined with the dead sea storm, the tomahawk of the master-level giant axe of the restricted area slashed on these ghost beasts. kill but

But he couldn't break through a passage enough to allow himself to escape. The most important thing is that among these wraith beasts there is also a giant wraith beast with a triple transcendence level. This wraith beast hides in the army and is covered with a hard carapace. let this giant

The strong axe was struggling left and right, and his body was frequently covered with wounds, covered in blood.

"My lord, it is the Emperor of the Black Axe!" Seeing this strong man holding a pitch-black giant axe, the pupils of the Shadow Devil Ancestor froze.

"Huh? It's really him?" Jia Luo Mingzu's eyes flashed, and a smile was drawn on the corner of his mouth: "Go, go and have a look."

Jialuo Mingzu stepped forward, and the void flowed, and he appeared on this battlefield in an instant, and then waved suddenly at the Mingbei army in front of him.

"boom!"

A terrifying attack of killing intent swept across, and in an instant, the army of hundreds of Ming Bei was sent flying, and the hardest shells on their bodies were directly shattered and annihilated by Jia Luo Ming Zu's blow. into nothingness. At this time, the Shadow Devil Ancestor also entered the battlefield in an instant, puff puff puff, the Emei thorn in his hand turned into an indestructible streamer, bursting with terrifying killing intent, piercing through hundreds of ghost beasts in an instant, their flesh

All worn together, directly strangled into nothingness.

"who is it?"

Feeling the attack here, the Black Underworld Axe Emperor was startled, and hurriedly looked up. When he saw that it was Jialuo Mingzu and Shadow Demon Ancestor, he was overjoyed.

"City Lord Jia Luo, Brother Shadow Demon, is it you?"

The Black Underworld Axe Emperor was both surprised and delighted, he never thought that he would encounter such a rescue when he was about to fail and fell here.

Jialuo Mingzu can assume the position of the city lord of the abandoned city, and his strength is naturally unquestionable. He is the top group in the abandoned place. Together with the ancestor of the shadow devil, the three of them teamed up and tried to kill them. It should not be possible. question. Thinking of this, Emperor Hei Ming Ax hastily reminded: "City Master Jia Luo, Brother Shadow Demon, these are the army of flint-faced ghost shells in the Dead Sea, known for their extreme defense, and their leader is even a giant wraith beast Even in this seat

Attacks can't break through its defenses, the two of you must be careful..."

It's just that his voice hadn't finished yet, and the leading giant-level Ming Bei suddenly showed a hint of surprise in his pupils when he saw Jia Luo Ming Zu.

"It's you?"

There was a hint of panic in the eyes of the leader of Ming Bei.

"Damn Ghost Cultivator, you are lucky today, let's spare your life first, children, let's go."

Glancing coldly at the Hei Ming Axe Emperor, the leader of the Wraith Beast turned around and plundered towards the Dead Sea below without saying a word. It disappears in the blink of an eye.

Seeing this, the Shadow Devil Ancestor flickered, and was about to catch up, but was stopped by Jia Luo Mingzu in an instant.

"Let them go, a giant-level ghost shell is just killed, its soul crystal is useless to me." Jialuo Mingzu said lightly.

Shadow Devil Ancestor stopped immediately and stood aside respectfully.

Not far away, the Emperor Hei Ming Ax looked at the pristine Wraith Beast that had left in the blink of an eye, covered in blood, and looked a little dazed.

what's the situation?

When did these ghost beasts talk so easily? Although they have three lord-level powerhouses in the restricted area, these ghost beasts have always been fearless, so why can't they run away completely?

"Hei Ming would like to thank City Lord Jia Luo and Brother Shadow Demon for their help."

Although shocked in his heart, the Black Underworld Axe still rushed forward to salute. He knew very well that the reason why these ghost beasts left was entirely because of the arrival of Jialuo Mingzu and Shadow Demon Ancestor.

"It's easy to say, Brother Hei Ming, why are you trapped in this dead sea storm?" Shadow Demon Ancestor asked doubtfully. The Black Axe Emperor said bitterly: "I have practiced in the Dead Sea all the year round, so I am very familiar with the Dead Sea. This time, because of my support, I just took my subordinates to the forbidden area of the Dead Sea. return

Encountering the army of Suimian Mingbei, if the two of you hadn't arrived just now, I'm afraid it would have been a disaster. "

Jia Luo Mingzu sighed, "The Dead Sea is dangerous. It is indeed quite dangerous for you to go to the forbidden area of the Dead Sea alone. Why don't you come with us?"

"Then I would like to thank City Lord Jia Luo." The Black Underworld Axe hurriedly cupped his hands excitedly.

"By the way, brother Hei Ming, have you met the Lord of the Ghost King and the 'Sen Ming Ghost King' before?" At this time, the Shadow Devil Ancestor asked again. "Master of the Underworld? The Ghost King of the Underworld? Are you two saying that you killed the group of people who belonged to the tomb owner of the Death God?" Hei Ming Axe shook his head and said, "I have been practicing in the Dead Sea before coming down. I just heard about it, and I haven't seen it before." Passed 'Sen Ming Gui Wang' and those few

man, what? Is the Lord Jialuo looking for them for something? "

The Black Underworld Axe Emperor looked over in doubt.

Jia Luo Mingzu smiled: "I have something to do with them, but since you've met them, it's okay, let's go."

Jialuo Mingzu swept forward directly.

"Brother Hei Ming, let's go." Shadow Demon Ancestor stepped forward and patted Hei Ming Ax Emperor on the shoulder, and said with a smile. The Black Underworld Axe nodded, turned around and flew towards Jia Luo Mingzu, and couldn't help but wondered during the flying: "By the way, Jia Luo City Lord, why did the Mingbei leader be so frightened when he saw you before? The city is closed, it seems very

Don't you ever come to the depths of the Dead Sea? "

"You want to know?" Jia Luo Mingzu turned his head to look at him and said with a smile.

The Black Underworld Axe nodded.

"You will know later." Jia Luo Mingzu smiled slightly.

"What?"

The Emperor Hei Ming Ax was taken aback, what do you mean? At this moment, there was a sharp pain in his back, and there was a puff, and the Emei thorn in the hands of the ancestor of the shadow devil had pierced into his body forcefully, and there was a terrifying feeling. Killing intent exploded in his body

Send it out.

"You, Shadow Demon Ancestor...why are you..."

The Emperor Heiming Ax roared furiously. He never thought that the Shadow Demon Ancestor would sneak up on him. In the severe pain, he didn't care about other things.

With a bang, a terrifying field filled the air, hitting the Shadow Demon Ancestor fiercely, trying to send him flying. At the same time, the pitch-black giant ax in his hand suddenly appeared, and fell towards the Shadow Demon Ancestor crazily.

boom!

The shocking gigantic ax rushed forward with endless destructive energy. However, at this moment, a steady and powerful big hand suddenly appeared, and it actually grasped the dark ax he had slashed alive. , can't break

a cent.

A full-strength attack of the triple transcendence level was so forcefully imprisoned in the void, motionless.

The owner of that big hand was Jia Luo Mingzu. At this moment, a smile was drawn on the corner of his mouth, and he looked at Hei Ming Axe faintly, his eyes seemed to be looking at a dead person.

"City Lord Jia Luo, you...why!" The Black Axe Emperor was furious, his eye sockets burst, blood overflowed from his seven orifices, and the Emei stab of the Shadow Devil Ancestor continuously erupted with terrifying killing intent, erupting crazily in his body, making him The strength in his whole body disappeared instantly and continued to flow away.

[Chapter 5375: Eternal Chanting](#)

Emperor Hei Ming Ax looked at Jia Luo Ming Zu in disbelief.

Jialuo Mingzu has always been a good person in the abandoned land, and his personality is extremely gentle. He never fights for something, which is why he has been the city lord for so long. Moreover, although Jialuo Mingzu's strength is not weak, and belongs to the head in the abandoned land, he is definitely not the top few, so that all the masters of the restricted area are extremely assured of him, no matter how they fight, they will not threaten him Santo's

Location.

Because in such a position, it is far better to have a kind puppet in such a position than a top powerhouse full of ambition.

But now... the Emperor Hei Ming Ax looked at Jia Luo Ming Zu in shock and anger. The strength displayed by Jia Luo Ming Zu alone is far from being as weak as he has shown in these years. At this moment, Jia Luo Ming Zu's strength has definitely reached eternity The late peak state of the Order Realm

Otherwise, it would be impossible to stop his attack so easily.

Hiding so deeply, what is the other party going to do? Stared at by the unbelievably frightened and angry eyes of Emperor Hei Ming Axe, Jia Luo Mingzu smiled slightly, and said lightly: "How can there be so many reasons in this world? It is nothing more than Your Excellency's power. , the ancestors

I can only take it. "But don't worry, not only you, but other people in this abandoned place will also die in the hands of this ancestor. " Jialuo Mingzu's gentle expression suddenly changed, and there was endless madness and ferocity in his eyes, and he said with a grinning smile: "Then

At that time, the ancestor will leave this abandoned place with the power of all of you, so that the name of the ancestor will be passed down forever in the vast underworld and become the supreme existence.
"

boom! As soon as the words fell, Jia Luo Ming Zu slammed out a claw, and instantly crushed the head of the Black Underworld Axe Emperor. With a bang, the endless source and soul power burst and scattered, but Jia Luo Ming Zu devoured it to his heart's content, crazy absorbed into the body among.

"Hahaha, cool!"

Jialuo Mingzu laughed ferociously, while the Heiming Ax Emperor in front of him was shriveled and disappeared in an instant.

Shadow Devil Ancestor put away his weapon and stood aside respectfully.

"These **** ghost cultivators even kill each other."

There was a crash.

In the Dead Sea below, there seemed to be a breath that disappeared in a flash.

Shadow Demon Ancestor looked down, with murderous intent surging on his body, and said in a deep voice, "My lord..."

"Hmph, it's that ghost from before, don't worry about it, let's go, it's important to find that ghost."

Jialuo Mingzu glanced lightly, then withdrew his gaze, and with a flick of his figure, he disappeared instantly with the Shadow Demon Ancestor.

Between the heavens and the earth, only the aura of the Black Underworld Axe Emperor was left faintly circulating, proving that he had been here before.

At this time, at the bottom of the Dead Sea.

The lair of the **** eel thunder beast.

After being directly killed by Qin Chen to kill a giant-level **** eel thunder beast, the remaining **** eel thunder beasts rioted in an instant, soaring into the sky, trying to escape from this place crazily.

These **** eels and thunder beasts are not idiots, they all have a certain amount of wisdom. Their strongest method before, the power of thunder, could not hinder Qin Chen in the slightest, which made them instantly understand Qin Chen's horror.

If they don't flee now and continue to fight, their group will be completely annihilated, leaving no one behind.

At this moment, there was only one thought in their minds, that is, how could there be such a terrifying ghost cultivator in the Dead Sea?

Boom boom boom!

Amidst the violent roar, streaks of thunder light soared into the sky, turning into thunderous pillars that surged in all directions, and a lot of thunder light aura rushed straight to the sea, and they couldn't wait to leave this place.

"Huh? Are you trying to escape?"

Qin Chen's expression changed.

He is not afraid of these **** eel thunder beasts attacking him, what he fears most is that these **** eel thunder beasts will run away. There are so many **** eels and thunder beasts in front of us. Although Qin Chen's Dead Sea spring water covers a sufficient number, these **** eels and thunder beasts live in the depths of the Dead Sea all year round, so they naturally have a certain resistance to the dead sea power of the Dead Sea springs.

With the power to escape, Qin Chen naturally couldn't trap all the eels and thunder beasts here.

No, this is the biggest guarantee for improving your strength. If you let them run away, how can you improve later?

Qin Chen became anxious immediately.

"Wan Gu, stop that giant eel Thunder Beast!"

Qin Chen shouted angrily, and hurriedly rushed towards the location of one of the giant-level god-level thunder beasts, booming, flying, and directly punched out.

The other common-level thunder eels can escape, but these three giant-level thunder eels absolutely must stay.

Hearing a bang, Qin Chen punched out, and the Dead Sea shook. The power of the Dead Sea in front of him was directly blasted out of a thousand-mile-long gully, and the terrifying spatial killing intent directly covered the giant eel thunder beast.

"Children, run away." The **** eel thunder beast roared, and endless thunder light bloomed all over its body. The terrifying thunder in its body formed a series of terrifying thunder balls, which exploded towards Qin Chen. The power of Qin Chen's punch collided instantly

together. With a loud bang, successive explosions could be heard continuously. In the violent explosion, the body of this God Eel Thunder Beast split apart instantly, and blood spattered. aftermath

Withdrew, with no intention of confronting Qin Chen.

"Um?"

Qin Chen's face turned green when he saw this.

Depend on!

Are you so cowardly?

The God Eel Thunder Beast in front of him is a giant existence in the Dead Sea. He didn't fight him head-on at all, and only wanted to escape, which made Qin Chen speechless.

Don't they all say that ghost beasts are extremely ferocious?

These giant **** eels and thunder beasts are extremely flexible. If they wanted to escape in the depths of the Dead Sea, Qin Chen would not be able to take him down for a while.

And when Qin Chen was entangled with this **** eel thunder beast, above, Wangu Mingzu and the others were also stunned by the scene in front of them. Qin Chen broke into the army of **** eels and thunder beasts alone. Before everyone had time to react, they saw that the army of countless **** eels and thunder beasts collapsed at once, and countless **** eels and thunder beasts ran around.

The scene of the light dragon and snake swimming away is simply spectacular.

"My lord... is he too perverted?"

Xuangui Laomo was dumbfounded.

This scene is like a fire falling into an ant nest.

But at this moment, they couldn't care less about being shocked, and the countless **** eel thunder beasts below were rushing towards them with thunder surging all over their bodies.

"Stop them!" The Blood Fiend Ghost Ancestor yelled angrily, the sea of blood surged, and his big hand directly turned into a huge **** palm, covering a radius of a hundred miles, covering the wandering electric eel that soared into the sky below, and grabbed it A Triple Transcendence Giant Grade God Eel Thunder

Ting beast.

The sea of blood within a hundred miles is already the largest sea of blood he has displayed at the bottom of the Dead Sea.

And Wangu Mingzu and Xuangui Laomo also reacted at this moment, even blocking the other giant-level **** eel thunder beast, the black sickle and Xuangui's aura stirred at the bottom of the Dead Sea. With a bang, the leading giant eel thunder beast roared, and directly formed a thunder formation with hundreds of other **** eel thunder beasts around it, and immediately slammed into the blood demon ghost ancestor. blood sea palm

above.

This **** eel thunder beast knows that time is precious, and ignited the terrifying source of lightning in its body at the first impact.

Zila! The thunder surged, and this **** eel thunder beast seemed to turn into a thunder electric drill, which instantly tore apart the blood sea condensed by the blood demon ghost ancestors, and the thunder light roamed all over the sky. it's an instant

It covered the whole body of the Blood Fiend Ghost Ancestor, and penetrated directly into his sea of blood.

"ah!"

The Blood Fiend Ghost Ancestor screamed, his blood was steaming, the sea of blood tore open, and he was instantly injured.

If he hadn't been given the water of Qin Chen's Dead Sea, he would have been seriously injured in an instant if he was hit so hard at the bottom of the Dead Sea.

"Damn it." The Blood Fiend Ghost Ancestor had an ugly expression on his face as he watched the eel thunder beast soaring into the sky. In this dead sea, he was too restricted. If he was on land, he could unscrupulously display his The power of the sea of blood, even if

This **** eel thunder beast has controlled the power of thunder, and his blood sea body can at least restrain several giant-level ghost beasts, how could it be knocked away instantly like before.

On the other hand, Xuangui Laomo and Wangu Mingzu were also having a hard time.

There are more **** eels and thunder beasts here, and the giant **** eels and thunder beasts combined with thousands of ordinary **** eels and thunder beasts instantly turned into endless thunder, like rounds of thunder and scorching sun rising directly in the void up.

boom! The thunder surged, and the ocean poured down. The attacks of Myriad Bone Nether Ancestor and Xuangui Laomo were instantly annihilated by the endless thunder. ten feet wide

He was knocked out of the encirclement by the opponent, and rushed out.

"I..."

Wangu Mingzu has an ugly face, one of the seven majestic ghost generals, unexpectedly failed to stop a small wraith beast?

What about this face?

Below, Qin Chen also saw this scene, staring at the **** eel thunder beast in front of him, feeling a little depressed.

Could it be that I can only gain so much this time?

Before the depression in his heart subsided, he saw that after the two giant thunder eel beasts rushed out, they did not leave directly, but continued to gather together with countless ordinary thunder eel beasts that had escaped.

next moment-

Whoooo!

These **** eel thunder beasts roared in unison, and streaks of thunder light swam over them, quickly forming terrifying thunder talismans, which suddenly lit up at the bottom of the Dead Sea.

These thunder talismans turned into thunder waves, which spread rapidly at the bottom of the Dead Sea.

"This is... the God Eel Thunder Beast is calling for rescue."

Xuangui Laomo's expression changed drastically, and he couldn't help but exclaimed. In this deep sea, these **** eel thunder beasts alone are already extremely terrifying, and now these **** eel thunder beasts did not escape after encountering danger, but called for rescue.

[Chapter 5376: surrounded](#)

Surrounded

These **** eels and thunder beasts have known the strength of your lord for a long time, otherwise they would not try their best to break out of your encirclement immediately.

But at this moment they still dare to call for rescue, which obviously shows that these **** eel thunder beasts are confident enough that once rescue arrives, they will have the upper hand!

What exactly is the other party calling for?

Thinking of this, Old Demon Xuangui was startled.

"Everyone be careful."

Xuangui Laomo hastily reminded him, but he didn't wait for his words to finish.

boom!

The water of the Dead Sea around everyone suddenly vibrated rapidly, and the entire bottom of the deep sea was like a volcanic eruption, and an endless and terrifying breath swept out in an instant, covering the void within a million miles.

In the horrified eyes of Xuangui Laomo and the others, pitch-black black holes suddenly appeared in the surrounding sea water.

These black holes gradually grew larger in front of everyone, and terrifying auras continuously escaped from those black holes, and then, a cold voice rumbled out from one of the black holes.

"Who dares to act wild in my Dead Sea."

boom!

Accompanied by this voice, a terrifying figure with black tentacles all over his body slowly walked out of the black hole.

It was a pitch-black octopus, exuding an evil and cold aura. After walking out of the black hole, a pair of gloomy eyes stared coldly at Qin Chen and the others in front of him, shining a cold light.

At the same time, from another black hole, one after another, terrifying figures also walked out.

Boom boom boom boom...

Each of these figures is a triple detached giant. As soon as they appeared, a terrifying aura swept across all directions, causing the sea water at the bottom of the Dead Sea to boil instantly, and the terrifying aura swept across the world.

That strong aura suppressed Xuangui Laomo and the others, causing their hearts to sink instantly.

"Black Demon Chapter!"

"Deep Sea Flood Dragon!"

"Splitting King Turtle!"

"Sky-sealing jellyfish!"

"Tiantian Conch!"

"Sunfaced ghost!"

"..."

Every time a ghost beast appeared, the body of Xuangui Laomo trembled. When he looked at all the giant ghost beasts that appeared around him, his face was already as pale as white paper, and he could no longer hide the pain in the depths of his eyes. Shocked.

"Hey, there are so many ghost beasts? This is a large gathering of ghost beasts under the sea!" Wangu Mingzu also showed shock.

The aura of any of these ghost beasts in front of me is not lower than that of the previous **** eel thunder beast. With so many ghost beasts gathered together, the whole underwater world seems to have a major earthquake, and the terrifying breath has been completely blocked. Living in the void within a million miles, Qin Chen and others were completely blocked.

As strong as Wangu Mingzu, he also faintly felt a hint of suffocation at this moment.

"This is troublesome."

Wangu Mingzu turned his gaze, and even looked down at Qin Chen.

With so many giant-level wraith beasts, if they were in the abandoned land, Wangu Mingzu might be more relaxed, but at the bottom of the Dead Sea at this moment, he was stronger than him, and he couldn't help feeling a little flustered.

"Young Master Chen, I will protect you."

With a roll of his eyes, Wangu Mingzu shouted loudly, without saying a word, he directly gave up on the thunder eel beast he had intercepted earlier, and with a flick of his figure, he suddenly flew towards Qin Chen's location.

Whoosh!

The black light flashed rapidly, piercing the bottom of the sea.

In his opinion, at this moment, Qin Chen's side is the safest place on the bottom of the sea.

"Senior Wan Gu, wait for us."

When Xuangui Laomo and Xuesha Ghost Ancestor saw Wangu Mingzu running away, they were even more shocked, and hurriedly followed Wangu Mingzu to Qin Chen, not daring to stay outside alone.

Many **** eels and thunder beasts that were hunted by Qin Chen and the others soared into the sky one after another, and gathered together with the giant ghost beasts that came out of the black hole.

And those giant-level wraith beasts didn't do anything, they just looked at Xuangui Laomo and the others coldly, as if they were looking at some dead people.

In a blink of an eye, the three Wangu Mingzu had joined Qin Chen and stood beside Qin Chen, like stars holding the moon.

"Young Master Chen, don't be afraid, with our ancestors here, we will never allow these wraith beasts to hurt a single hair of yours. This is what I Wan Gu said."

As soon as Wangu Mingzu fell down, he held the death scythe, with a tall and straight body, and said proudly to Qin Chen, his righteousness is beyond the sky.

But while speaking, he secretly shrank back and hid behind Qin Chen.

Qin Chen: "..."

He rolled his eyes at Wangu Mingzu, and was too lazy to talk nonsense with him.

At this time, Xuangui Laomo and Xuesha Ghost Ancestor also came to Qin Chen's side. The two stood in front of Qin Chen, looking solemnly at the many giant ghost beasts above their heads, with extremely dignified eyes.

"My lord, I'm in trouble now." Xuangui Laomo said with an ugly expression.

"Oh?" Qin Chen frowned.

The old ghost Xuangui took a deep breath and said, "My lord, these ghost beasts are the top giant ghost beasts in the Dead Sea."

"The one in the lead is the Black Demon Underworld Chapter. This beast is extremely ferocious. The tentacles on its body are indestructible and extremely strong. They can seal off the void. They once killed several masters of the restricted area in the place I abandoned in the Dead Sea. Back then, we waited to kill them. To kill, unite with more than a dozen masters of the restricted area in the abandoned land, and lure it to the sky above the Dead Sea, but this beast, surrounded by us, killed one of the masters of the restricted area, and finally broke the touch and escaped."

"There is also the deep-sea dragon beast, which is transformed by a dark dragon. It can transform into a black dragon from thousands of miles away and stir up wind and waves. The Dead Sea storm above the Dead Sea is formed by this beast leading a group of people to stir up wind. It has great magical powers."

"There is also this Heavenly Jellyfish King, whose body forms its own space. Once it expands, it can call itself a realm in this Dead Sea and suppress our realm."

"There is also the Heaven-reaching Conch Beast, the way to control space. It is said that their bodies can connect to many spaces in the Dead Sea, and they can come and go without a trace. The previous black holes are most likely arranged by the Heaven-reaching Conch Beast here..."

Xuanguai Laomo introduced all the ghost beasts in front of him in one breath, but even he couldn't recognize all the ghost beasts in front of him, he only mentioned some of them.

"These ghost beasts are so powerful?"

Wangu Mingzu took a breath, and hurriedly said: "Young Master Chen, although my subordinates are superior in strength and invincible, but Xuanguai and Xuesha are greatly suppressed in this dead sea after all, my subordinates suggest that we hurry up Go out, go back to the Dead Sea, and compete with these ghost beasts."

In this dead sea, his strength was greatly suppressed, and he could only display four to five out of ten, and this was because of the help of the dead sea water given by Qin Chen.

Previously, the strength of the God Eel Thunder Beast had already been understood by the Myriad Bone Ancestor. In the Dead Sea, it would be extremely difficult for him to take down this God Eel Thunder Beast alone, let alone facing so many giants. Ghost beast.

Thirty-six strategies are the best strategy!

There is no shame in roundabout confrontation.

Hearing this, Qin Chen frowned slightly.

The auras emanating from the Wraith beasts in front of them are all deep and terrifying. In terms of auras, almost all of them are at the level of the tomb master of the death god. It would be a bit troublesome to join forces at the bottom of the Dead Sea.

"My lord, Senior Wan Gu is right. If we fight these wraith beasts in the bottom of the sea, we will be at a disadvantage. It is better to go back to the sky above the Dead Sea."

Xuanguai Laomo also suggested.

"My lord, above the Dead Sea, if you fuse the water of the Dead Sea with your subordinates, even in the storm of the Dead Sea, you can form a sea of blood of 100,000 miles, and you can fight against it." The blood fiend ancestor said calmly.

Hearing the three people's suggestions, Qin Chen shook his head slightly: "I'm afraid it will not be so easy to go back to the Dead Sea now."

"What?"

Xuanguai, Laomo and the others were taken aback.

"Look."

Qin Chen raised his head and said.

Wangu Mingzu and the others hurriedly raised their heads.

At this moment, the three surviving giant-level **** eel thunder beasts have merged with the ghost beasts such as the black demon underworld chapter, and told the original things that happened before, and passed them into the minds of each ghost beast. , let them know everything that happened here.

The leader, the Black Devil Mingzhang, took a step forward and stared coldly at Qin Chen and the others below, with cold eyes.

"Hmph, I didn't expect that the ghost cultivators in your abandoned place would dare to break into the depths of my Dead Sea and run wild. It seems that I didn't scare you before. Since you are looking for your own death, I will fulfill you today. "

The Black Demon Chapter coldly shouted at the Fengtian jellyfish beside him: "Fengtian!"

"yes!"

The transparent Fengtian Jellyfish chuckled lightly, soared into the sky, and opened its body suddenly in an instant.

boom!

I saw the invisible power of jellyfish spread suddenly, covering all directions in an instant, and a terrifying space breath suddenly enveloped the endless void around, severely suppressing Qin Chen and others.

boom!

When the terrifying power of space struck, Qin Chen felt as if countless terrifying mountains were suppressing from all directions, constantly squeezing towards him, and the space around him was freezing rapidly.

Ka Ka Ka!

And the mysterious ghosts and old devils on the side were even more uncomfortable. Under the pressure of the terrifying space, the domain breath around them made a violent cracking sound, constantly twisting and changing, as if it was about to burst at any time.

"grown ups."

Xuangui, Laomo and the others suddenly changed their colors.

"Space suppression? Interesting!"

Qin Chen sneered, he took a step forward, and a terrifying force of space quickly diffused from his body, colliding with the force of space released by the jellyfish.

There was a bang and click, like the sound of glass shattering, and the breath of space around Qin Chen loosened and dissipated instantly.

And Xuangui Laomo and the others also suddenly felt that the power oppressing them had weakened a lot in an instant, and they couldn't help but breathe a sigh of relief.

"Um?"

The Fengtian jellyfish looked at Qin Chen below and suddenly showed surprise.

My own special spatial supernatural powers have been broken?

The other ghost beasts also changed color one after another.

Can the ghost cultivator in front of him break through the space magic power of Fengtian jellyfish?

How can this be?

[Chapter 5377: I'm here](#)

"This ghost cultivator is extraordinary."

Many ghost beasts are full of thoughts. It should be noted that in the depths of the Dead Sea, what the opponent is fighting against is not only the space magic power of the sealing jellyfish, but also the terrifying killing intent in the depths of the Dead Sea. this kind

Trying to break through the spatial supernatural power of Fengtian jellyfish under such circumstances, the difficulty is almost as difficult as reaching the sky.

"Everyone, this kid's control over the space is extremely superb, it should not be underestimated."

Fengtian jellyfish's eyes are serious, its body is pervasive again, the soft and transparent body blooms with mysterious luster, like an invisible veil, covering the sky and sun, forming a terrifying space blockade, covering the world in all directions.

"Oh, no wonder you are so arrogant, you have such strength."

At this moment, the deep sea dragon chuckled, his eyes showing disdain: "Let me try it."

boom!

The next moment, his body was shaken, and he flew out, and the gigantic body of the winding dragon suddenly swam in the deep sea, forming a terrifying space shock.

Crashing, under his wandering, invisible underwater vortices suddenly formed like a storm, and the water of the Dead Sea within a radius of ten thousand miles was attracted by this beast, and came from all directions to suppress Qin Chen and the others. In the sea, countless storms surged. These vortex storms were extremely fast, as if they were born out of thin air, and they quickly enveloped Qin Chen and the others in just an instant. Among them, there were huge vortex storms that looked like tornadoes

, swept towards Qin Chen.

"My lord, be careful." The old devil Xuangui snarled, and before the storm hit, he jumped up, and the air of the mysterious ghost was strongly attracted from his body, like tentacles all over the sky, suddenly on the dagger in his hand. forming a huge black awn, black awn

Breathing out the cold light, he slashed towards the storm in front of him.

With a bang, under the eyes of everyone, the black glow collided with the endless storm, and the body of the old ghost Xuangui shook. He felt a wave of killing intent rolling in, as if the endless dead sea killing intent within a radius of ten thousand miles was eroded by this storm. Come.

After merging the rules of the yang world in Qin Chen's chaotic world, and devouring the source of powerhouses such as the tomb master of death, the strength of Xuangui and Laomo has already improved, and he has entered the late stage of triple detachment.

But at this moment, before this terrifying storm, he was completely powerless to resist. With a bang, the black light that split out was instantly shredded under the endless storm, and the terrifying space storm slammed into his body.

With a bang, the old devil Xuangui only had time to cover himself with the water of the Dead Sea given by Qin Chen, and his whole body was slammed into the air, landing in front of Qin Chen in embarrassment.

"My lord...the opponent's storm is fused with the killing intent of the Dead Sea with a radius of thousands of miles."

Xuangui Laomo's eyes were terrified, his face was pale, he was already injured, and his body was surging with energy and blood.

"Hahaha!" In the sea water above, the huge body of the deep sea dragon swam around, and sneered, "The ignorant ghost cultivator dares to be an enemy of this seat in this deep sea. This dead sea storm is caused by this seat. How can you resist me with your means

one strike?" The deep-sea dragon looked proud, and the powerful physical aura swept across, like a god. His body shook, and countless storms and vortexes swept in again. One turned into ten, ten turned into hundreds, and hundreds turned into thousands. Qin Chen and others

The whole body fell at the same time.

"My lord, be careful."

The Myriad Bone Ming Ancestor and the Blood Fiend Ghost Ancestor soared into the sky at the same time.

"kill!"

The two yelled loudly, and shot at the same time, with a bang, several vortex storms were directly shattered, but more vortex storms formed at the same time, endlessly, as if endless.

Seeing this, the corners of Deep Sea Flood Dragon's mouth formed a sneer.

The ghost cultivators in these abandoned places actually wanted to break through his storm power, it was wishful thinking.

If it is outside the Dead Sea, the opponent may still be possible, but this deep sea is his base camp, and he claims to be invincible.

"Tsunami!"

With a sharp shout, the entire bottom of the Dead Sea vibrated at the same time, as if countless Dead Sea volcanoes erupted, and countless whirlpool storms rumbled and crushed across the ages. The Myriad Bone Nether Ancestor and the Blood Fiend Ghost Ancestor, who had been struggling to resist,

retreated immediately. The Myriad Bone Nether Ancestor was a little bit better. With the Wanming Glass Bone and Death God's Scythe, he could still support, but the Blood Fiend Ghost Ancestor was caught by these storms. killing intent in

The turbulent sea of blood surged and retreated again and again.

"Hey, these guys are really talented, they managed to survive under Brother Shenhai for so long."

The other wraith beasts all showed surprise.

It has to be said that the performance of Wangu Mingzu and the others far exceeded their expectations.

"Everyone, don't watch, let's fight together and suppress them."

"kill!"

Seeing this, the remaining giant-level wraith beasts, such as the split king tortoise, all shouted sharply, and they all came to kill them forcefully.

"Crack the sky!"

"Thunder!"

"God returns..."

One after another magical powers gathered together and suppressed them one after another.

"not good."

Xue Fiend Ghost Ancestor and the others suddenly changed their colors.

Just the combination of the deep sea dragon and Fengtian jellyfish, they couldn't hold on anymore, how could they resist the combination of so many giant wraith beasts?

With a bang, only for a split second, the Blood Fiend Ghost Ancestor and the Xuangui Old Demon retreated together, spurting blood from their mouths, and were seriously injured.

"There is little dust."

Wangu Mingzu was also in shock, his face was pale, and he retreated hastily.

If he continued to fight, he felt that he would be stuck here too.

Although these wraith beasts do not have the power to control order, in the depths of the Dead Sea, each of them is like a fish in water, and has supernatural powers. In terms of combat effectiveness, almost none of them are weaker than the tomb master of the death god.

With so many ghost beasts joining forces, how can they be defeated?

"I want to hide, can I hide?"

Hei Mo Mingzhang, who had been attacking all the time, sneered when he saw this, a cold light flashed in his cold and evil pupils, and he suddenly moved. Swish, he stepped forward, and with a bang, the sea

below was turbulent and compressed crazily. When he raised his hand, a terrifying black phantom was like lightning. Death Scythe

On the knife, there was a bang, and the terrifying impact force directly sent Wangu Mingzu flying, smashing hard into the bottom of the sea, shaking his soul.

"Oh shit!"

Wangu Mingzu soared up from the bottom of the sea, looking extremely embarrassed, with angry eyes.

It's so embarrassing for him to be beaten like this by the seven great underworld generals.

"Huh?" Black Devil Mingzhang frowned: "Your Excellency's defense is not weak, but unfortunately, you are doomed to die."

Boom boom boom!

In an instant, three black phantoms suddenly flashed across the void, splitting the sea in front of him into an invisible gully in the void, and swiftly came to Wangu Mingzu.

"Damn it." Wangu Mingzu's pupils shrank suddenly, and he hurriedly shouted: "Master Chen, why don't you make a move?"

boom! The death scythe swung out, directly shattering a phantom, but there were two more phantoms that instantly surrounded Wangu Mingzu from one left and one right. Phantom, but there is another phantom

Came to him quickly.

puff!

At this moment, a flash of lightning flashed, and the phantom shattered under the lightning, and a figure suddenly appeared beside Wan Gu, it was Qin Chen.

"Young Master Chen, you finally made a move and killed them."

Wangu Mingzu yelled, but he hurriedly hid behind Qin Chen.

"Um?"

Hei Mo Mingzhang stared at Qin Chen coldly, and felt a rather unusual aura from Qin Chen, which he had never felt in other abandoned places.

"Xuan Gui, Xue Fiend, you all come back."

Qin Chen spoke lightly.

"yes."

Xuan Gui and Xue Sha heard the words and hurried back to Qin Chen.

"Brother Hei Mo, everyone, please be careful of this person. It was this person who broke my clan's Divine Thunder Myriad Court formation earlier and killed my brother!"

The remaining three **** eels and thunder beasts all had vigilant expressions, reminding them.

"So many giant ghost beasts."

At this moment, Qin Chen was also looking at the ghost beasts such as the Black Devil Mingzhang in front of him, with a hint of eagerness and excitement in his eyes.

These are giant-level wraith beasts with supernatural powers. They are one of the top existences in the Dead Sea. Being able to fight these wraith beasts also allows Qin Chen to intuitively understand the power in the Dead Sea.

Thinking of this, Qin Chen quietly stepped forward.

"Everyone, I'm here."

After the words fell, Qin Chen's figure suddenly disappeared.

laugh!

A flash of thunder flashed in the void, and suddenly rushed towards the many giant-level wraith beasts above their heads, and they took the initiative to attack.

"Hmph, in front of us, what are you pretending to be like?"

"Tsunami!"

The deep-sea dragon's eyes were cold, its huge body twisted, and the roar of anger directly triggered a terrifying dark tornado vortex with a radius of a hundred miles, and rushed straight at the thunder light transformed by Qin Chen, trying to engulf him instantly.

"snort!"

An icy voice resounded through the heaven and earth, like a thunderous thunder, and the thunder light transformed by Qin Chen rushed straight into the vast vortex storm without dodging or avoiding it. Hearing a bang, the thunder light transformed by Qin Chen directly pierced through the vast vortex storm, and the huge vortex storm, which was hundreds of miles long, was instantly exploded by the power induced by Qin Chen's body, and instantly collapsed, sweeping thousands of miles around, sending out a booming sound.

Boom.

With a pop, Qin Chen's figure suddenly appeared in front of the deep sea dragon, and he punched out like lightning.

boom!

With the punch out, the wind and cloud swept across, and a huge vacuum was directly blasted out of the Dead Sea in front of it, and with a sonic boom, it quickly pressed down on the deep sea dragon.

"What?"

The deep-sea dragon showed shock. Qin Chen's speed far exceeded its imagination. In the crisis, it only had time to spit out a dark storm vortex, and Qin Chen's fist had already slammed up. With a bang, the

pitch-black storm vortex collapsed in an instant, Qin Chen's fist swept across the invincible, and fell on the body of the deep sea dragon, with a click, the scales on its body were torn apart, blood spurted, and there was even a sign of bone shattering.

The sound resounded. Under Qin Chen's fist, the ten thousand zhang-long deep-sea dragon rolled out, and with a bang, it knocked over a mountain under the sea in the distance.

[Chapter 5378: what else to pretend](#)

At this time, the smoke and dust on the bottom of the sea burst out, and the ground cracked, forming a huge undersea canyon in an instant, rumbling and roaring.

Seeing such a scene, the faces of all giant ghost beasts present changed dramatically.

So strong!

Everyone looked at Qin Chen in shock.

These ghost beasts all came after receiving the help from the **** eel and thunder beast. Naturally, they guessed that Qin Chen, the leader of the group of ghost cultivators in front of him, must have extraordinary strength, but he never thought that Qin Chen's strength was so terrifying.

With one punch, the deep-sea dragon known for its fleshy body was directly blasted away, which has completely exceeded the expectations of these wraith beasts. The most important thing is that the deep-sea dragon is one of the top few among them who control the water of the Dead Sea. Calling the wind and rain, it can trigger the Dead Sea storm. Previously, its vortex storm contained the top-level killing power of the Dead Sea, but the ghost before

Xiu actually seemed to be unaffected at all.

how did you do that?

"Be careful, everyone. This kid is extremely weird. The Dead Sea's killing intent suppresses him very little. This person can even control the water of the Dead Sea."

At this time, the remaining three **** eel thunder beasts suddenly spoke in a deep voice.

"Control the water of the Dead Sea?"

The faces of the ghost beasts such as the Black Demon Chapter changed slightly.

boom!

And at this time, from the cracked Grand Canyon below, a figure suddenly swept out, it was the deep sea dragon that was blasted out earlier.

At this moment, his whole body was covered with scars, where Qin Chen's fist hit him, his scales were broken and blood scattered, and his cold and angry eyes stared at Qin Chen full of murderous intent, containing endless anger.

"Huh, Your Excellency is still alive and kicking?" Qin Chen looked at the deep sea dragon with surprise. His previous blow contained a terrifying killing intent in space. Even in this deep sea, it should not be

underestimated. If it were the masters of the forbidden area of the abandoned land, such as the Giant Spirit Ghost Ancestor and the Jiuying Old Ghost, it would be too late. Just vanish into ashes, the source collapses

collapsed.

But this deep-sea dragon was only injured a little bit, so it can be seen that the physical defense of this wraith beast must be far superior to that of the general master of the restricted area.

"Boy, what do you mean?"

Hearing the words, the deep sea dragon was furious, with murderous intent: "You just used cunning means to gain the upper hand earlier, do you really think you can confront me? You have the guts..."

"Too much nonsense."

Qin Chen's eyes were cold, and as soon as his voice fell, he turned into a flash of lightning and killed him again!

boom!

The sea water burst, and Qin Chen's figure was like a long rainbow, directly tearing open the endless sea water, forming a snow-white wave, overcoming thorns and thorns, he came to the deep sea dragon in an instant.

boom!

Qin Chen raised his hand and swung his fist. A terrifying punch formed endless killing intent and burst out, extremely ferocious.

"You're looking for death!" Not far away, the deep sea dragon roared furiously, feeling slighted. With a buzzing sound, strange runes suddenly lit up on the scales on his body. These runes continued to circulate and finally converged into A horrible murderous breath

Condensed in its wide open mouth, it spit out violently at Qin Chen.

boom!

In an instant, a terrifying force directly enveloped the seabed area where he and Qin Chen were, and a deep-water bomb spewed out from the mouth of the deep-sea dragon, and quickly bombarded Qin Chen!

At the same time, Qin Chen's speed slowed down at a speed visible to the naked eye, and the density of the surrounding seawater increased dozens of times in an instant, because the seawater in front was extremely compressed.

The deep-sea dragon is gifted with supernatural powers—calling the wind and calling the rain.

was suppressed.

Qin Chen narrowed his eyes slightly, a look of indifference flashed in his eyes, and the water of the Dead Sea suddenly rushed out of his body.

boom! The surrounding seawater suddenly exploded, and the countless compressed seawater at the bottom of the Dead Sea collided with the seawater from the springs of the Dead Sea released by Qin Chen. The two forces were like comets hitting the earth, and they turned into countless waves in the collision.

Zhou sputtered out.

In an instant, the terrifying pressure that had been suppressing Qin Chen's body suddenly dropped.

"It's really the water of the Dead Sea?"

In the distance, other giant-level wraith beasts such as the Black Demon Chapter were all shocked.

Qin Chen actually controlled the water of the Dead Sea, and used the water of the Dead Sea to directly break through the innate magical powers of the deep sea dragon, which was far beyond their imagination.

The innate supernatural power of the deep sea dragons that can control the water of the Dead Sea is also an extremely difficult method for them, who are also ghost beasts.

But now...

But at this time, under their shocked eyes, Qin Chen's fist had already collided with the terrifying impact spewed out by the deep sea dragon.

Boom! The sound of explosions ten times more terrifying than the previous Dead Sea water resounded, and the seabed area where Qin Chen and the deep-sea dragon were located was directly shattered, forming a huge vacuum zone, and countless Dead Sea water was directly squeezed out. Come , can't squeeze in at all!

The next moment, with a bang, the displaced vacuum was instantly filled with water from countless dead seas, and a figure flashed away in the turbulent sea.

"careful!"

A wraith beast exclaimed.

But before it could cry out in surprise, Qin Chen's figure had already appeared on top of the deep sea dragon, and he punched down like lightning on his head.

Spatial Killing Intent Fist Strength!

Sensing the power of Qin Chen's punch, the deep sea dragon didn't dare to be careless, and quickly tried to avoid it. At the same time, dazzling golden lights lit up above his head, and the golden lights flowed, forming a defense to protect his head.

However, Qin Chen's speed was too fast. At the same time as he blasted this punch, a terrifying space field was born, which instantly imprisoned the body of the deep sea dragon in the void, making it impossible to escape.

At the same time, Qin Chen's fist had already slammed into the golden light above the head of the deep sea dragon.

boom!

In an instant, under the eyes of all the wraith beasts, the golden light defense formed on the top of the deep sea dragon's head suddenly shattered, and with a click, blood flew across its hard head, its scales shattered, and a clear sound of bone cracking came.

The deep-sea dragon let out a scream, and the terrifying impact force directly blasted the huge body of the deep-sea dragon, making it roll continuously on the bottom of the sea, and blasted into the bottom of the sea in an instant.

With a bang, a gully thousands of miles long broke open on the bottom of the sea, and in that gully came the painful roar of the deep sea dragon and the sound of its flesh breaking.

However, what surprised Qin Chen was that the deep sea dragon's body still didn't collapse.

"Not dead yet? Interesting."

Whoosh!

With a sneer in the corner of Qin Chen's mouth, his body swayed, and he rushed straight to the ravine below, obviously intending to kill the deep sea dragon.

He didn't believe that no matter how strong this deep sea dragon was, it could stop him a few times.

"No, stop him."

Hei Mo Mingzhang's face changed slightly, and he hurriedly shouted loudly.

boom!

As his words fell, three pitch-black phantoms suddenly appeared beside Qin Chen, directly stirring the void, and slapping them like lightning. Qin Chen snorted coldly, without any hesitation or panic, and suddenly threw three punches at the three phantoms, boom boom boom, three violent roars resounded through the world, Qin Chen's three punches directly blocked the three phantoms Dao phantom slap, will that

The three tentacle phantoms exploded directly.

At the same time, a terrifying force was also transmitted to Qin Chen's body. This shock wave made Qin Chen's figure rushing towards the deep sea dragon slow down a bit.

"Woooooo!" At this moment, ear-piercing whining sounds appeared around Qin Chen, and the sea water around Qin Chen suddenly had space fluctuations, and many terrifying auras suddenly came out of the space fluctuations. It is the distance from Qin Chen

There are also many giant-level ghost beasts that are quite far away.

Space transfer! Qin Chen turned his head suddenly, and his eyes fell on the Tongtian Conch in the distance. With Qin Chen's spatial attainments, he could naturally feel that the reason why these giant

ghost beasts could travel through the void and appear directly beside him was entirely due to because of that

The reason why Tongtian Conch used its natural supernatural powers.

This sky-reaching conch seems to be able to connect to all the voids in this seabed. As long as it wants to, it can instantly teleport these giant ghost beasts to any place.

"Such a strange talent, if I can control it, won't I be able to move it to any place at will during the battle in the future?"

Qin Chen's heart moved, the innate supernatural power of the Tongtian Conch was definitely something worth studying for him.

"Hmph, Your Excellency is in my Dead Sea, what are you pretending to be?"

Hei Mo Mingzhang snorted coldly, its figure suddenly swelled, and with a bang, a giant octopus that looked like a huge city appeared between the sky and the earth, and the black tentacles all over the sky surged towards Qin Chen frantically.

And as its voice fell, many giant-level wraith beasts that appeared next to Qin Chen suddenly moved.

"Feng Tian."

boom!

The Tianfeng Jellyfish directly used its innate supernatural powers to seal off a boundary.

"Crack the sky!"

The huge tortoise splitting the king also turned into an ancient city, suppressed it, and tore apart the void.

And the rest of the ghost beasts such as the **** eel thunder beast and the flint-faced ghost beast also displayed their magical powers, sealing off the four directions of the world, covering Qin Chen and Wan Gu and others.

"Group attack?"

Qin Chen snorted coldly.

Although he is not afraid of these ghost beasts, once these ghost beasts team up, he will be under some pressure. As for the mysterious ghosts and old demons, they will be in danger, and they may be in danger of falling.

Now Xuangui Laomo and the others have followed him, as the master, how could he let his subordinates fall here?

"If you want to go together, it's okay. Earlier, I was just playing with you. Since you don't talk about martial arts, then I will accompany you to the end."

Qin Chen sneered, and his thoughts suddenly moved.

hum!

In an instant, a sharp black sword suddenly appeared in his hand.

Mysterious Rusty Sword!

The moment the mysterious Rusty Sword appeared, Qin Chen suddenly activated the terrifying killing intent inside.

boom! In an instant, an indescribably terrifying killing intent surged out from the mysterious rusty sword. In an instant, the seawater at the bottom of the Dead Sea boiled instantly.

[Chapter 5379: dead sea change](#)

Dead Sea Changes

Boom boom boom!

The endless killing breath surged, sweeping across the entire seabed in an instant.

Qin Chen's eyes were fierce, and he directly cast the mysterious rust sword.

At the beginning, when he was at the Dead Sea spring, Qin Chen used the mysterious rust sword to easily suppress the endless dead sea water and subdue the Dead Sea spring. Therefore, Qin Chen guessed that the mysterious rust sword must have some connection with the Dead Sea.

Here, the power that the mysterious rust sword can erupt is much stronger than treasures such as the Hall of Ten Tribulations.

It's just that this thing is too weird, and Qin Chen didn't dare to move it rashly before he knew how the mysterious rust sword was related to the Dead Sea.

And when so many giant-level wraith beasts joined forces to deal with him, Qin Chen, who didn't want to be in danger, unleashed the mysterious rust sword without hesitation.

"boom!"

The moment the mysterious Rusty Sword appeared, the entire Dead Sea vibrated in an instant, boiling and vibrating continuously. What shocked Qin Chen was that not only the bottom of the Dead Sea where he was, but the entire Dead Sea began to vibrate violently stand up.

Moreover, the mysterious Rusty Sword was out of his control.

A mysterious force swept out from the mysterious rusty sword, instantly covering the entire Dead Sea within a radius of hundreds of millions of miles.

Boom boom boom!

At this moment, with Qin Chen as the center, the Dead Sea within a radius of hundreds of millions of miles was inexplicably violently stirred up, like a howling wind, and huge waves rolled up everywhere.

"what happened?"

Above the Dead Sea, amidst the dead sea storm, Jialuo Mingzu and Shadow Demon Zu suddenly stopped, looked around in shock, and frowned.

How did the Dead Sea become so violent?

Jialuo Mingzu frowned and looked down.

I saw the surface of the Dead Sea below them shaking violently suddenly, layers of huge waves as high as 10,000 zhang continued to soar into the sky, like a terrifying tsunami.

And the dead sea storm around their bodies also became more violent, and its power increased several times in an instant compared to before. Woohoo, the terrifying storm kept sweeping and moaning, as if the end was coming.

"My lord." The Shadow Devil Ancestor changed his face to look at Jia Luo Mingzu, and said solemnly: "What seems to have happened to the Dead Sea?"

Jia Luo Mingzu's face was gloomy and cold, his brows were furrowed. He looked at the Dead Sea below and the dead sea storm that had become extremely violent around him, and he felt a sense of panic inexplicably, as if something that could threaten him had appeared.

"The Dead Sea forbidden area is about to open, is it because of this?"

Jialuo Mingzu frowned, and guessed with doubts on his face: "Or is it because the ancestor repelled the Suiface Mingbei before? This beast is calling all the giant-level ghost beasts in the Dead Sea to besiege and kill them." Benzu?"

Jialuo Mingzu felt the tyrannical dead sea storm all around him, and had a vague feeling that his place seemed to be the center of the storm of change.

"No matter how many, let's go, leave here as soon as possible and go to the forbidden area."

Jialuo Mingzu looked serious. Although he didn't understand the reason, he instinctively felt that the change should be near the Dead Sea where he was. Without even thinking about it, he quickly left the sea with Shadow Demon Ancestor. , rushed straight out of the envelope of the Dead Sea storm, and skimmed deep into the forbidden area of the Dead Sea.

Boom!

Two beams of light rode the wind and waves, and disappeared at the end of the sky and the earth in the blink of an eye.

A gentleman does not stand under a dangerous wall.

He couldn't be more aware of the horror in the depths of the Dead Sea, and he couldn't be too vigilant here, so he didn't investigate the reason at all, and left here immediately.

Not only Jialuo Mingzu and Shadow Demon Ancestor, but also all the powerhouses in the abandoned places in this sea area at this moment felt the drastic changes in the Dead Sea, and they were all shocked, not daring to stay where they were, and rushed towards the dead sea one after another. Deep in the Dead Sea.

At this time, the initiator of the changes in the Dead Sea, Qin Chen who was located in the depths of the Dead Sea, was also looking at the mysterious rusty sword in front of him in horror.

Rumble!

After the mysterious Rusty Sword appeared, terrifying killing intent surged out without his control at all. Under this killing intent, the entire seabed trembled violently, and the sea water boiled, as if the end was approaching.

"Sure enough, the mysterious Rusty Sword will produce strange changes in this Dead Sea!"

Qin Chen's face was solemn. He had guessed that the mysterious rusty sword had some connection with the Dead Sea, but he never expected that the Dead Sea would have such a change after the mysterious rusty sword appeared.

This aura was very similar to when he accidentally spied the terrifying power in the little girl's body, encountered a crisis, and then the mysterious Rusty Sword suddenly appeared.

At this time, the aura erupting from the mysterious Rusty Sword has completely surpassed what he can arouse.

A series of terrifying sword intents surged out from the bottom of the Dead Sea in an instant, soaring into the sky.

bang.

The killing intent surged, and the void that Fengtian Jellyfish originally imprisoned collapsed instantly under the aura released by the mysterious rusty sword, unable to hold on at all.

Explosions sounded one after another, and the black tentacles of the Black Demon Chapter swept towards Qin Chen, which were also shattered under this sword energy, flying in all directions like white paper burned to ashes, and the ashes disappeared.

And the various supernatural powers displayed by the deep-sea ghost beasts such as the split king tortoise and the Tongtian conch exploded in an instant, and the dense killing intent impacted on the surrounding ghost beasts in an instant.

bang bang bang!

In just a split second, many giant wraith beasts that surrounded Qin Chen through space teleportation all screamed in pain. Under this vast sword energy, they were instantly blown away, blood flew everywhere, and there were many scars. Can't move in the void.

"Sword of the Sea God."

"This is the Seagod's Sword!"

"Why is this sword in this child's hands?"

Not far away, the Dead Sea Wraith Beasts such as the Black Devil Mingzhang stared in horror at the mysterious rusty sword in front of Qin Chen, trembling all over, as if seeing something unbelievable, their faces frightened, and their bodies stiff.

Under the aura of the mysterious rusty sword, they were imprisoned in the void, unable to even move.

"Sword of the Sea God?" Qin Chen's heart skipped a beat.

Do these ghost beasts know the origin of their mysterious rusty sword?

At this moment, Qin Chen looked at the mysterious rusty sword in front of him in shock, and saw that on the body of the sword, there were vast and deep runes shining brightly, and each rune seemed to be able to suppress the heavens.

However, such a force is not under his control at all, it is driven by the mysterious Rusty Sword autonomously.

"grown ups."

At this time, there was a painful moan from below, and Qin Chen looked down, and saw the three of them crawling there in pain, bleeding from the corners of their mouths, and being crushed. The terrifying killing intent emanating from the mysterious Rusty Sword was strongly suppressed.

Indiscriminate attack.

Qin Chen frowned. Although the mysterious rusty sword suppressed all the wraith beasts, even Wangu Mingzu and the others were also suppressed below. If they couldn't restrain the breath of the mysterious rusty sword, Xuangui Laomo and the others would certainly will be dangerous.

The mysterious Rusty Sword must be brought under control as soon as possible.

With a flash of thought, Qin Chen quickly reached out to grab the mysterious rust sword.

It's just that as soon as his hand touched the mysterious rusty sword, a terrifying killing intent rushed out from the mysterious rusty sword. With a bang, Qin Chen flew upside down, his palms were numb, and blood gushed out of his body He moved, almost spat out a mouthful of blood, and was injured by the killing intent in the mysterious rusty sword.

Out of control?

Qin Chen's face changed slightly, the mysterious rusty sword was too mysterious, in this dead sea, it was inexplicably out of control at this moment.

This scene was exactly the same as when the little girl saw the mysterious rusty sword for the first time. At that time, the mysterious rusty sword almost got out of his control.

Later, it was the little girl who took the shot and controlled the mysterious rusty sword, allowing it to return to her own control.

And this time...

Qin Chen's eyes flashed, his consciousness directly communicated with the chaotic world, and locked on the little girl inside.

The unexpected riot in Heiyun Mountain before had calmed down the mysterious Rusty Sword with a smile, and it might be the same this time.

With a thought.

Swish it.

The little girl appeared directly next to Qin Chen. The moment she appeared, Qin Chen directly stimulated the water of the Dead Sea spring to protect the little girl from the erosion of the seawater.

But before he could cover the little girl with the water of the Dead Sea, there was a bang, the moment the little girl appeared, the entire bottom of the Dead Sea calmed down on its own, as if the Dead Sea water in the deep sea had seen something very close to it. Generally, it quickly flowed around the little girl, dancing happily.

How is this going?

Everyone was stunned for a moment.

The water of the Dead Sea, which can almost bring harm to the master-level powerhouse of the restricted area, is like gentle cotton wool around the little girl, unable to bring her the slightest harm at all. Guard her.

And the mysterious Rusty Sword, which had erupted with terrifying killing intent, suddenly became calm and gentle.

call!

The Black Devil Mingzhang and Xuangui Laomo, who were originally imprisoned, all loosened their bodies and regained their freedom. The Black Devil Mingzhang and other wraith beasts did not dare to move, and they all looked at the scene in front of them in horror.

Qin Chen was also shocked and looked at Xiaoxiao. Since he summoned Xiaoxiao, he naturally thought that the little girl might be able to suppress the violent mysterious rust sword, but he never thought that Xiaoxiao just appeared here. The violent Dead Sea calmed down instantly.

"Big brother, what's the matter with you making Xiaoxiao come out? What's the place here?"

The little girl was suddenly brought out of the chaotic world, she didn't panic, but looked around immediately.

But when she saw the picture of the bottom of the sea, her body shook slightly, and a trace of extremely complicated emotions flashed inexplicably in her eyes. She stretched out her hand tremblingly, and touched the water of the Dead Sea in front of her.

The water of the Dead Sea flows gently in her palm, full of intimacy.

The little girl's eye sockets quietly filled with mist, and a faint sense of sadness escaped. This sadness was so strong that even Qin Chen who was beside him couldn't help but feel a little sadness in his heart. irrepressible.

[Chapter 5380: Heir of Poseidon](#)

"Why am I so sad?" Qin Chen looked at the little girl in front of him, a faint sense of sadness emerged from her body, and this sadness continued to erode Qin Chen. Stop this sadness from invading, okay

It was like the dead sea in front of him was filled with something that made him extremely sad.

Qin Chen couldn't stop that kind of sadness, it was as if he couldn't control it at all.

This is an intrusion from higher-level rules. Not only Qin Chen, but when Qin Chen raised his head, he saw that the dark soul beasts such as the Black Demon Chapter were also tearful. The sky filled with **** eels and thunder beasts and countless giant-level ghost beasts all had moist eyes. Tears keep coming from the corners of the eyes

Slipping down like a broken pearl.

It seems that they are all immersed in this kind of sadness, unable to restrain their minds at all.

And below, sobs sounded one after another, and Wangu Mingzu and Xuangui Laomo couldn't help wiping their tears.

"What a terrifying artistic conception, what a terrifying power."

Seeing this scene, Qin Chen was shocked and shocked. It can silently invade the souls of these top powerhouses and change their emotions. Among them are even the souls of the strong people who have surpassed the peak state at three times. This power is absolutely superior to what Qin Chen has seen. That

The power of the master of all restricted areas. Even though Qin Chen has always been extremely disdainful of Wan Gu Ming Zu, but no matter how much he disdains Wan Gu Ming Zu Fang, he was once a triple peak detachment, one of the seven great Ming generals under the command of the Four Great Emperors, and now he has recovered 50% of his soul strength high,

It is definitely not something that ordinary forces can invade.

"Could it be the power of the Great Emperor?"

Qin Chen's expression was solemn, and at the same time, he strongly urged all the power in his mind.

Boom, I saw the endless power of thunder in Qin Chen's mind suddenly shook, awakening him from the endless sorrow in an instant.

At this time, the little girl seemed to wake up suddenly, and the slight sadness in her eyes dissipated instantly.

"Big brother, what is this place?"

Xiaoxiao's eyes were moist, and she said timidly with red eyes, as if she didn't know what happened just now.

"This is the bottom of the Dead Sea. Smile, why did you suddenly cry just now?" Qin Chen asked with a frown. "I don't know either." The little girl wiped her red eyes, and looked around with a little sadness between her brows: "I don't know why, Xiaoxiao just wanted to cry when she saw the scene here, as if Xiaoxiao been here before

the same? "

Qin Chen was startled.

"Have you been here before?"

Qin Chen frowned.

This is the bottom of the Dead Sea. With Xiaoxiao's strength, how could he have been here?

"Then what do you remember?" Qin Chen looked over solemnly. Gouwa said that Xiaoxiao was picked up by his father from outside. She was a little girl with no strength to restrain a chicken, but she had such a special weirdness. Qin Chen believed that Xiaoxiao's origin was absolutely extraordinary, even likely to die with this

The sea has a special connection.

But what is the connection?

According to what Emperor Youming said, this abandoned place already existed in the ancient times of the underworld. Xiaoxiao is just a little girl. She is not very old, so what does it have to do with the Dead Sea?

Qin Chen couldn't figure it out. But at this time, Qin Chen didn't have the time to think about it. The mysterious rusty sword fell into his hand, and he looked up at the many ghost beasts that were still in panic and sadness. A faint killing intent came from Qin Chen. Exhaust from the body

Come.

Today's Qin Chen has a feeling that the mysterious rust sword is in this dead sea, and one sword can seriously injure or even kill those giant wraith beasts.

But before Qin Chen could make a move, these wraith beasts looked at each other after seeing Qin Chen's actions, and came to Qin Chen one after another, respectfully saluted: "I have seen the successor of the sea god."

Behind Qin Chen, Wan Gu Ming Zu and others were all stunned, looking at Qin Chen in astonishment.

Is Young Master Chen the descendant of the Sea God?

Qin Chen was also stunned.

what's the situation?

Why did these wraith beasts, who were fierce and fierce before, become so respectful suddenly in front of him?

"What descendants of the Sea God? What are you talking about?" Qin Chen frowned.

He didn't know what Seagod was at all.

Bowing his head, Qin Chen looked at the mysterious rusty sword in his hand, thoughtfully. Based on the previous connection between the mysterious rusty sword and the Dead Sea, and what they said in the previous Black Demon Chapter, could it be that the Dead Sea is the territory of the sea god? Hei Mo Mingzhang knelt down, with a devout and respectful expression: "The sword in your hand is the sword

of the sea god, so you must be the descendant of the sea god. I have offended you before, please forgive me, if you want to punish I wait

, Just do it, I will never fight back. "

Wraith beasts such as Heimong Mingzhang stretched out their heads one after another, feeling as if they were ready to kill.

Qin Chen: "..."

Reach out and don't hit the smiling face.

Looking at the protruding heads one by one, Qin Chen, who originally wanted to kill and devour these wraith beasts, suddenly felt unable to do so.

Down below, the three Wangu Mingzu were also stunned, especially the old devil Xuangui and the **** ghost ancestor, the shock in their hearts could not be contained.

These are the top ghost beasts in the Dead Sea, right? A powerful existence in charge of a domain of the Dead Sea. How many years have the two sides been entangled with Xuangui, Laomo and the forbidden masters of the abandoned land?

This is a powerful force not weaker than the Lord of the Forsaken Land's restricted area.

But now, these giant ghost beasts are kneeling in front of the adults, like subordinates, this feeling is like a dream.

"What is the descendant of the Sea God, please explain clearly."

Qin Chen frowned, he was also quite curious about the origin of his mysterious rust sword. "My lord, you don't know?" Hei Mo Mingzhang and the Wraith Beasts were stunned, and quickly explained: "My lord, this world was transformed by the Lord Seagod, and the reason why we exist depends on the transformation of the Lord Seagod." This world exists, so it can be said that Lord Seagod is our master, and the sword in his hand, we have felt from the image of Lord Seagod, is the divine weapon controlled by Lord Seagod, although its appearance is somewhat different, But the breath is exactly the same,

Only the descendants of Lord Seagod can control this sword. "

"So, my lord must be the descendant of the Sea God, there is nothing wrong with it."

Hei Mo Mingzhang and other wraith beasts said respectfully, with a pious attitude.

It makes sense, and I can't even refute it.

Qin Chen frowned, and turned his head to send a voice transmission to Wangu Mingzu and the others: "Have you ever heard of this sea god?"

If it was a strong person in the underworld, Wangu Mingzu and the others might know about it.

However, Wangu Mingzu shook his head: "Young Master Chen, I have never heard of such a number one person in the underworld."

"My lord, is this abandoned place formed naturally, transformed by the Sea God? This..."

The Blood Demon Ghost Ancestor was also dumbfounded.

"Smile, how about you?"

Qin Chen looked at the little girl.

The little girl shook her head blankly, she had obviously never heard of the name of the Sea God.

"That's weird."

Qin Chen narrowed his eyes. He is not an idiot. There are many doubts about the little girl. She definitely has some kind of connection with this abandoned land and even the Dead Sea. If there is such a sea god, the little girl should have never heard of it.

Impressed.

Moreover, the little girl's previous performance also showed that she definitely had some kind of relationship with this place.

Similarly, the Blood Fiend Ghost Ancestor, the Mysterious Ghost Old Demon, and the Myriad Bone Nether Ancestor came from different eras in the underworld, and they were all outstanding figures in their era. If there is such a sea **** in the underworld, the three of them should not have the slightest impression. No.

Not to mention them, even Emperor Youming didn't know the origin of the Abandoned Land, otherwise he would definitely tell.

But now, everyone said that they had never heard of such a person as Seagod in the Underworld.

Could this be the nonsense of these wraith beasts like the Black Demon Chapter?

Qin Chen stared intently at the ghost beasts such as the Black Devil Mingzhang. I saw their respectful expressions, no longer the previous violence and viciousness, they all knelt there, completely defenseless, as long as Qin Chen wanted to, he could kill them at any time without any resistance, which was obviously absolute. No

They made it up.

So where exactly is the problem?

Qin Chen narrowed his eyes and looked at the many wraith beasts kneeling in front of him: "Where is the sea **** now?"

If he wanted to leave the Abandoned Land, he had to cross the Dead Sea. Compared with killing the wraith beast in front of him, Qin Chen wanted to know how to leave the Abandoned Land. He had a feeling that the so-called Sea God might have left the Dead Sea The key.

Moreover, Qin Chen also wanted to find out the origin of his mysterious rust sword. Hearing Qin Chen's question, the ghost beasts such as the Black Devil Mingzhang immediately shook their heads: "My lord, the Lord Seagod is supreme, how can we know where the Lord Seagod is, we have only seen the image of the Lord Seagod, and felt Lord Poseidon

breath. "

"I have only seen the image? Where did you see the image?"

"A forbidden place in the depths of the Dead Sea, that is where we originated and where we formed our wisdom."

Qin Chen's heart moved, he looked at the wraith beasts in front of him, thoughtfully: "Deep forbidden place? Could it be..."

These wraith beasts are extremely special. Although they have great strength, they have not mastered the rules. They are extremely weird. At least Qin Chen has never heard of such an existence in the Universe Sea.

"Take Ben Shao there now." Qin Chen ordered.

"yes."

Immediately, the ghost beasts such as Hei Mo Mingzhang stood up one after another, and quickly led the way ahead.

"Young Master Chen, do you really believe in the God of the Sea? Young Master Chen, you are from the universe sea, how could you be the descendant of someone in the underworld who has never heard of it."

At this time, Wangu Mingzu stepped forward, staring at the backs of those ghost beasts, with doubts and suspicions on his face.

He rolled his eyes, and said thoughtfully: "These guys are afraid of you and want to lure us to a certain trap, right?"

Right, that is it.

Wangu Mingzu's eyes lit up. I am really smart!
