

Valkyrie 5411

[Chapter 5411: not too difficult](#)

As soon as the jet-black great seal was cast out, there was a roaring sound, like a huge dark mountain, falling directly from the sky.

boom!

The surrounding space was squeezed and crackled by the big pitch-black seal. Although the big pitch-black seal hadn't hit the target yet, Qin Chen already felt that something was wrong. Sure enough, just as the pitch-black big seal blasted out half the distance, bursts of space shocks were revealed, and a huge pitch-black beam of light immediately appeared and disappeared, and there were complex secret lines on top of the pitch-black beam of light.

The secret pattern keeps flowing, exuding a palpitating breath.

It was indeed a seal.

When this seal appeared, Qin Chen faintly felt the mysterious rusty sword in his body tremble slightly, as if he felt some summon.

Qin Chen's heart moved, and then he took out the mysterious rusty sword and slashed at him.

With a loud bang, the mysterious rusty sword struck on the black beam of light, and the glaring black light erupting from the beam of light was even more obvious, and it was fully revealed soon.

An inexplicable world suddenly appeared inside the beam of light, which seemed to lead to an unknown space.

Moreover, the secret lines around it were completely revealed, and the entire structure was completely exposed to everyone.

Jia Luo Mingzu looked at Qin Chen in surprise, his eyes fell on the mysterious rusty sword, and a gleam of light flashed in the depths of his eyes.

"Hey, why did the secret pattern seal appear so clearly?"

At this time, the stone statue ghost ancestor also suddenly said in surprise, "When I was waiting to attack, only part of the secret pattern seal was revealed, so it was extremely difficult to crack. Why is it completely revealed now? What's going on?"

While he was surprised, there was a hint of excitement in his tone.

The deeper a secret pattern is hidden, the more difficult it will be to decipher it. If it is fully revealed, the difficulty of deciphering it will be greatly reduced. Qin Chen already had an extremely in-depth understanding of the secret lines in this place. As soon as he saw the huge black beam of light and the secret lines fully revealed around him, he knew that the reason why these secret lines were fully revealed was entirely because of the relationship with the mysterious rust.

The sword had a certain resonance.

And in the depths of this sealed space, it definitely leads to a special place, and this special place is very likely to be the core of the entire palace.

As long as one can break the seal and enter the core, it is possible to find a way to leave the palace.

"Help me...help me..." At this moment, Qin Chen suddenly heard faint cries for help. The cries for help were like a woman's cry of resentment. It was Qin Chen's first time entering the Dead Sea, and what I heard when I cracked the forbidden area of the Dead Sea

There was a cry for help.

But compared to that time, this time the cry for help became extremely clear, as if it was ringing in the ear.

Qin Chen was startled, and suddenly raised his head to look at the unknown space that the dark beam of light led to. At this moment, he felt very clearly that the cry for help came from the depth of the beam of light.

Someone actually existed in the unknown space deep in the beam of light.

What's strange is that Qin Chen looked around, including Wangu Mingzu and others, it seemed that no one heard the cry for help. Among all the people present, it seemed that he was the only one who heard the cry for help.

"wrong."

Qin Chen suddenly looked at Jialuo Mingzu, and saw that Jialuo Mingzu's eyes fluctuated faintly, as if he had sensed something.

"Sure enough, this Jialuo Mingzu can also hear this cry for help?"

Qin Chen's heart skipped a beat. When Qin Chen was in the vortex outside the forbidden area of the Dead Sea before, when he heard the cry for help, Qin Chen felt that something was wrong with Jialuo Mingzu.

It was very good, but Qin Chen understood in an instant that Jialuo Mingzu could definitely hear the cry for help.

"Who is this woman calling for help? And why can only me and Jialuo Mingzu hear it?"

Qin Chen took a closer look at the stone ghost ancestor and the soul-eating ghost insect. Even the two strong men who had been imprisoned here for hundreds of millions of years could not hear the cry for help, but Jialuo Mingzu could hear it. There is something special about it.

Qin Chen faintly had some guesses about the cry for help in his heart, but at this moment he couldn't care less, and his gaze immediately fell on the secret seal in front of him. This seal has been worn down by Jialuo Mingzu and others. It seems that the worn places of these secret patterns can be repaired automatically, but at this moment, the worn places seem to be repaired very slowly due to lack of energy.

It takes a long time for the repair to be successful.

Therefore, before the secret pattern seal is successfully repaired, if you continue to attack and crack it, then the flaw will become bigger and bigger, and the repair time will become longer and longer, until it is completely broken. "It's no wonder Jialuo Mingzu and the others can break the restriction of the secret pattern. This is a water-milled effort. As long as the speed of cracking is faster than the speed of repair, given enough time and enough strong people, this secret pattern will be able to break one day open.

"

Qin Chen instantly understood the reason, but soon, another doubt arose in his mind.

If the cracking of the secret pattern is so simple, why couldn't they break the soul-eating ghost worm back then?

Qin Chen immediately turned his head to look at Soul Eater Netherworm, frowned and said: "Soul Eater, when you entered this hall, have you ever seen this seal secret pattern? Haven't you cracked it?" When I arrived here, some people actually discovered some clues, but the power of devouring souls in this hall was extremely terrifying back then, and many people who felt that they couldn't hold on retreated back in time.

The subordinate is one of them, and it is good that the subordinate retreated in time, otherwise the subordinate would probably have died here. "

Soul Eater Pluto explained with a wry smile. At this time, the stone statue ghost ancestor also said: "It was a few quasi-emperor powerhouses who presided over the cracking of this formation back then, and those quasi-emperor powerhouses led many people to persevere with this treasure under the power of devouring souls. Come down, but Benu came later in the year

Unable to hold on, they also retreated. The ancestors are not very clear about what happened here, but they probably couldn't hold on, otherwise the palace and hall must have been broken. "

Qin Chen suddenly came to his senses, why the soul devourers and the others failed to break the seal of the secret pattern back then.

This time, it was because his mysterious rusty sword resonated with the hall, which weakened the power of devouring souls in the hall, so everyone was able to crack it here for a long time. But back then, the power of devouring souls in the palace hall was extremely terrifying. I am afraid that before the soul-devouring ghosts and the others could figure out the secret pattern structure here, most of the powerhouses had already been swallowed by the palace hall enough souls to die.

Fell into madness.

Only those quasi-emperor powerhouses protected some people and persisted.

Did those people succeed?

Qin Chen glanced around, the stone platform was completely empty, and there were no corpses at all.

With a flash in his eyes, he immediately turned his head to look at the people behind him, and asked, "Which one of you came to this hall first, and was there a corpse in this hall when you came?"

Everyone present was stunned.

Wan Gu Ming Zu frowned and said: "My lord, when I came, Wu Long Gui Zu and the others had already arrived, you can ask them."

"Brother Mingzhu, Brother Yanhun, Brother Jialuo and Brother Shixiang were all there when we arrived." Guilong Guizu continued: "However, Brother Shixiang is a native of this palace, maybe he was the first one to come here. to here."

"It's not me." The Gargoyle Ghost Ancestor shook his head: "Because of some special reasons, this Ancestor is later than this Ancestor Jia Luo Ming and Yan Hun."

Qin Chen glanced at the gargoyle ghost ancestor and immediately knew that he was not lying. His so-called special reason should be to swallow some masters who wandered into the forbidden area of the abandoned place where he was.

Just like the soul-devouring worm, this stone ghost ancestor has been sleeping for so long, and it is impossible to have the current power without devouring some strong people just after waking up.

"Brother Mingzhu, don't ask, I am the first one to come to this hall." At this time, Jialuo Mingzu smiled wryly, "I am also lucky. After entering the palace hall, I came all the way without any trouble, so The first one rushed here, but when I got here, there was nothing in the hall.

what corpses. "

"No corpse?"

Qin Chen glanced at Jialuo Mingzu, and the other party didn't seem to be lying.

So, could it be said that those quasi-emperor powerhouses succeeded? Entered the secret pattern space?

Or after they couldn't hold on, they took everyone out of here? Or did they all end up here in the end, but their corpses were completely weathered? This third guess is unlikely. After all, although the coercion here is terrifying, no matter in the black desert or in this hall, there are some strong corpses everywhere.

Come.

But since he couldn't figure it out, Qin Chen didn't think about it anymore, and everything would be known after he broke the seal of the secret pattern. Thinking of this, Qin Chen immediately said to everyone: "Everyone, if I'm not mistaken, you should have pointed out the nodes of the secret pattern through Brother Jia Luo just now, and then you should forcefully attack the secret pattern to break the seal, but from now on.

It is best not to use this method, it is too time-consuming, and it will take at least ten years to completely break the secret pattern through this method, and if the secret pattern continues to attack, there will be no variables. "

When everyone present heard Qin Chen's words, they all looked at Qin Chen in shock.

"Brother Ming, how did you know?" Poo Long Guizu said in shock.

Jia Luo Mingzu was startled, frowned and said: "Brother Ming, are you also a master of the master?" Qin Chen nodded: "Yes, I am also a master of the master, I have checked here just now It shouldn't be too difficult to crack this secret pattern."

[Chapter 5412: what you say is true](#)

Hearing Qin Chen's words, everyone present became excited.

Qin Chen actually said that breaking the seal here is not too difficult, which is undoubtedly unprecedented good news for everyone.

"Brother Ming, what you said is true?"

On the side, Guilong Guizu couldn't wait to speak.

His face was flushed, it was related to whether they could leave here.

Even the gargoyle ancestor's expression became uneasy. He has experienced the ancient times, and even the quasi-emperor who led them at that time did not dare to say those words.

Only the soul-devouring ghost worm and the master of the black prison looked excited, but they didn't have too many surprises.

Based on Qin Chen's previous understanding of the secret pattern of the hall, it is really possible.

Qin Chen smiled: "Do I have to lie to everyone?"

"Brother Mingzhu, if you can really break through the secret pattern of the seal, we will all listen to you." Guilong Guizu hurried forward and said.

Others also nodded one after another.

At a time like this it was obvious that no one would have any other opinion.

Only Jialuo Mingzu's face was a little ugly.

"Brother Jia Luo, continue to activate this secret pattern seal, I have to observe carefully again, it is best that you can mark the few nodes that you let everyone attack before." Qin Chen turned to look at Jia Luo Mingzu.

Jia Luo Mingzu didn't know when his face had returned to normal, and hurriedly said: "Okay."

Qin Chen turned his head to look at the stone ghost ancestor again, "Brother Shixiang, you also have some understanding of this secret pattern, please help me to correct it."

The stone ghost ancestor nodded. Although he still had some doubts about what Qin Chen said, he could only choose to believe Qin Chen at this time.

boom!

Jialuo Mingzu urged the **** seal to continue falling.

Immediately, the secret pattern seal in front appeared more and more clearly, and the secret pattern seal was slowly circulating.

Jialuo Mingzu immediately pointed out the nodes he asked everyone to attack, and the gargoyle ancestor nodded, indicating that he was correct.

And Qin Chen's perception has been completely silent in the secret pattern seal.

This beam of light is a space seal, he was sure of it as soon as he came, but Qin Chen became more and more startled the more he looked at it, the skill of sealing the secret lines was really too big.

Moreover, Qin Chen was shocked to discover that this palace and hall really might be a thing of the universe, because the method used for this sealing secret pattern is definitely the method of the universe. Although the ways of formation patterns in the world are similar, the ways of formation patterns in different places have their own characteristics. The formation patterns in the underworld and the cosmic sea naturally have their differences, but the structure of the secret pattern seal in front of you a lot of

It can be seen at a glance that the place is using the prohibition method in the universe sea.

This is also because Qin Chen has seen and felt too many pattern structures in his life, especially in the Southern Ten Three-Star Region, Qin Chen had also seen the restraint methods of the abyss lineage in the Ten Tribulations Hall.

However, if you recognize it, you will recognize it, and it is still somewhat difficult to really crack it. Qin Chen closed his eyes, held the mysterious rusty sword in his hand, and gently activated the power in the mysterious rusty sword. With a buzzing sound, a unique breath spread all over Qin Chen's body. In an instant, Qin Chen felt that he was very familiar with the mysterious pattern in front of him. The perception of the seal becomes

It is more than several times stronger.

An extremely transparent feeling instantly permeated Qin Chen's whole body.

Moreover, Qin Chen's eye of creation slowly bloomed between his brows, and an invisible light lingered out, covering the secret pattern seal in front of him in an instant.

"Huh!"

Qin Chen let out a sound of surprise. At this moment, he was shocked to find that the black sealed beam of light in front of him turned out to be just the tip of the iceberg of the secret pattern seal. The secret pattern seal here and the secret pattern seal of the entire palace hall should be connected together, that is to say, if you want to

Simply attacking the secret pattern seal in front of you to force it open is the most complicated method.

This can only open a small passage at most, but the passage will be restored soon, and even not too many people can enter, at least there are so many restricted area masters present, it is certain that they cannot all enter this sealed space. If you want to open it better, or let more people enter it, you must start from the secret pattern on the periphery of the octagonal hall and spread to the middle of the secret pattern seal on the stone platform. stage space

Only the secret pattern seal will be truly opened.

What surprised Qin Chen was that the secret pattern node that Jialuo Mingzu attacked seemed to have been attacked before.

Could it be the node that those quasi-emperors attacked back then?

Qin Chen was thoughtful. "That's right, the secret pattern nodes attacked by Jialuo Mingzu are the most easily seen basic points of this secret pattern seal. Whether it is the former quasi-emperors or Jialuo Mingzu, they are all ghost cultivators of the underworld. It can be seen on this secret pattern seal

These nodes are already the limit. "

After thoroughly seeing through the secret pattern seal in front of him, Qin Chen looked away.

"Brother Ming, how are you?" Guilong Guizu admired Qin Chen very much at this moment, and immediately stepped forward to ask.

"It's no problem to crack it."

Qin Chen said indifferently: "However, in order to break the restriction of the secret pattern, we need some things, and I don't have enough here."

"Brother Mingzhu, what do you need? You just have to ask, we don't believe there are so many people here and we can't get enough of what you need, Brother Mingzhu." The Dragon Ghost Ancestor immediately said: "Do you think so?"

"As long as Brother Mingzhu can really break the seal of the secret pattern, and let us have the possibility to leave here, no matter what Brother Mingzhu wants, I, the Lord of Hell, will never frown."

"That's right, brother Ming, just open your mouth."

The ancestor of the virtual crocodile and others also said one after another.

Everyone present said excitedly, compared to being able to leave here, what is it to take out something?

What they are worried about now is not that they are reluctant to take out the things, but whether they have what Qin Chen wants.

Qin Chen nodded and said: "To break the seal of the secret pattern, I need to arrange some array flags, but the top-level detached material in the underworld must be used to arrange these array flags. I don't know if you have any?" Qin Chen although Killed the tomb owner of the Death God and others, but there are really not many top transcendence materials in the underworld on him, and only some formation flags can be refined. Fortunately, there are so many strong people present. Qin Chen believes in the transcendence materials on these people

Certainly not in the minority.

What's more, he also cracked the secret pattern restriction for everyone, so it would be strange not to search it.

"It turned out to be transcendental material. I thought it was something. Although there are not many good things on this ancestor, there are still some top-level transcendental materials."

Hearing Qin Chen's words, Guilong Guizu didn't hesitate at all, and with a wave of his hand, a lot of materials appeared in front of Qin Chen, almost all of which were strange materials from the underworld above detachment.

Seeing this, other people also took out some top-level underworld materials.

In just an instant, there were a lot of top-level materials in the underworld in front of Qin Chen, the worst of which were detached ones, and some of the most precious ones even had top detached ones.

If such materials are placed in the realm, each of them is extremely precious and can be exchanged for a lot of resources, but everyone present took them out without hesitation. It is really useless for them to keep these top-level materials on their bodies. They have been trapped in the abandoned land all these years. place also

There is no such thing as a refiner, and these materials have been piled up in their space treasures to accumulate dust.

In the blink of an eye, there was a pile of terrifying materials in front of Qin Chen, which made Qin Chen secretly lament the wealth of the strong in the abandoned land, and he never refused to come, and collected all these materials into the space treasure .

"In addition to these top materials, I also need a trace of your origin."

After putting away the materials, Qin Chen spoke again.

"origin?"

Everyone was startled.

"Brother Mingzhu, what do you want this origin for?" someone asked in doubt.

Others also showed doubts. If the top-level materials are used to refine the array flags, they can't figure out why it is the source. Qin Chen smiled and said: "Don't worry, everyone. The purpose of asking for a trace of your origin is to integrate your origin into the refined array flag, because I need everyone to mobilize the array flag together later. everyone has one

With your own exclusive array flag, it will be easier to move it, and it will be easier to break the seal of the secret pattern. "

"Refined into the array flag?"

Everyone frowned slightly.

Everyone's origin represents the way of order that they have cultivated themselves. Although it is difficult for others to truly perceive their way of order through this trace of origin, it is inevitable that there are still some taboos.

"In this way, if you have any doubts, I will refine it first, and then I will ask you to release a trace when it is needed."

Qin Chen didn't talk nonsense, first arranged a restriction, and then directly took out the materials in the restriction and started refining the array flag.

Although the formation method of the underworld is somewhat different from that of the universe sea, it often leads to the same goal by different routes. Qin Chen was a little unfamiliar at first, but soon he successfully refined the first formation flag.

Walking out of the restriction, Qin Chen held the formation flag and said to the Poilong ghost ancestor, "Brother Poilong, please also integrate a trace of your own origin into this formation flag."

Guilong Guizu hesitated for a moment, but nodded quickly. Without saying a word, a source of origin was directly displayed by him and merged into the formation flag in Qin Chen's hand.

Qin Chen immediately started refining in full view.

After a while.

"It's done."

hum!

Invisible rays of light flickered, and soon Guilong Guizu felt an instinctive connection between himself and the formation flag in Qin Chen's hand.

As soon as Qin Chen raised his hand, the flag landed directly in a corner of the octagonal hall.

When this array flag fell, the secret pattern of the entire octagonal hall instantly lit up, as if it had been activated, and soon dimmed again, and this array flag also disappeared from everyone's sight. But Guilong Guizu, relying on his own ray of origin, can still perceive the location of the formation flag.

[Chapter 5413: stop](#)

"What a magical method."

Guilong Guizu couldn't help but exclaimed.

He gently pushed his own source, and then he heard a buzzing sound, and the formation flag that had disappeared before slowly appeared, causing some of the secret lines around him to flicker.

Seeing this scene, everyone at the side believed that Qin Chen asked for the origin to refine the formation flag.

Immediately, the masters of many restricted areas present handed over a strand of their origin one after another.

In just a moment, Qin Chen had a lot of origins of the master of the restricted area.

Sensing the power of various order rules contained in these origins, Qin Chen was pleasantly surprised.

With the origins of the masters of these restricted areas, his three thousand rule avenue will inevitably be much more perfect again.

"Brother Jia Luo, Brother Shadow Demon, Brother Stone Statue, Brother Yan Hun, the origin of the four of you..."

Qin Chen turned his head to look at the four Jialuo Mingzu, and now only these four people have not surrendered a trace of their origin.

Without any hesitation, the Stone Ghost Ancestor handed over a strand of his origin. The strength Qin Chen had shown earlier convinced him that Qin Chen was very likely to break the seal of the secret pattern, so naturally he would not refuse.

Jia Luo Mingzu hesitated for a moment, and said: "Brother Ming, I am also a master of the Ming formation, and I have a little understanding of the secret pattern seal. After a while, the formation flag will be activated, so there is no need to fuse the origin, right?" Qin Chen laughed: "Brother Jialuo, it is precisely because you are a master of the underworld formation and you know something about the secret pattern seal that you need to merge with the original source, and you will need to work hard when breaking the formation. Once the source is integrated, want to come

Brother Luo's formation skills can be released better. "

"This..." Jia Luo Ming Zu wanted to say something, but was interrupted by Wan Gu Ming Zu, who said disdainfully: "I said Jia Luo Ming Zu, Master Ming Master said so, and we also handed over our origin, even brother Shi Xiang didn't say a word, just you

What do you mean? Is it because you don't want everyone to leave here at all, or is there something wrong with your origin? "

Qin Chen smiled and said: "Brother Jia Luo, the master only needs a trace of the original breath, just to blend into the formation flag, and it will not damage Brother Jia Luo's cultivation in any way."

At this moment, everyone's eyes on the field fell on Jialuo Mingzu and the others.

"Brother Yan Hun, brother Ming Lord only needs a trace of origin, you..." At this time, the Lord of the Black Prison looked at Patriarch Yan Hun.

The patriarch Yan Hun was stared at by everyone, so he had to hand over a trace of his origin.

Immediately, only Jialuo Mingzu and Shadow Demon Ancestor were left on the field.

"My lord." Shadow Demon Ancestor was about to say something, but was interrupted by Jia Luo Mingzu.

I saw a smile on Jialuo Mingzu's face, and said with a smile: "Brother Mingzhu is right, I just met you, it's just a strand of origin, everyone handed it over, how can I do it?" special."

As soon as the words fell, Jialuo Mingzu raised his hand, and a ray of origin was sent over by him in an instant. This ray of origin fell into Qin Chen's hands instantly with a blazing breath.

Then, he looked at the Shadow Demon Ancestor, and said calmly: "Shadow Demon, Brother Ming only wants a trace of the original source, so you can hand it over."

Shadow Devil Ancestor snorted, but still surrendered a trace of his origin.

Qin Chen put away the origin of everyone, and immediately returned to the restriction, and began to refine the formation flag.

"My lord...the original source..." On the side, the Shadow Demon Ancestor quietly transmitted a voice to Jia Luo Mingzu, with a worried look on his face.

"It's okay." The corner of Jia Luo Mingzu's mouth was drawn into a sneer: "I moved some hands and feet, forgive him for not being able to see anything, but it's yours..."

"Don't worry, my lord, my Shadow Demon's origin is different from others, he will definitely not be able to see the problem." Shadow Demon Ancestor said hastily.

Jialuo Mingzu nodded, narrowing his eyes: "That's good, wait until he breaks the seal of the secret pattern first."

Everyone has been waiting silently in the hall at this moment.

A day later, Qin Chen walked out of the restriction, and there were already a bunch of formation flags in front of him.

Qin Chen turned to Jialuo Mingzu and the others: "Brother Jialuo, brother Shixiang, you still activate the secret pattern seal as before, and the master will start to arrange the formation flags. When the formation flags are finished, I will wait and break the seal together." formation."

Jialuo Mingzu nodded, and the **** seal in his hand suddenly appeared again, and it suddenly fell towards the void in front of him.

bang.

The big pitch-black seal smashed into the void, and there were crackling sounds in the void. Immediately, a secret pattern seal quickly emerged, and dazzling rays of light suddenly lit up on the secret pattern seal, circulating in front of everyone.

An astonishing coercion instantly filled the entire hall.

Qin Chen activated the mysterious Rusty Sword, and slashed out with one blow.

Boom!

Accompanied by the activation of the mysterious Rusty Sword, seal formations appeared around the entire octagonal hall. The formations filled the sky, and the terrifying coercion immediately overwhelmed all the masters of the restricted area who were present.

Before everyone could open their mouths, Qin Chen had already started to quickly set up the formation flags.

When Jia Luo Mingzu saw that Qin Chen's formation flags were all arranged in the void, and when each formation flag fell, the secret lines of the hall would flicker, the corners of his eyes began to twitch. In fact, he is really a master of the underworld, and a transcendent master of the underworld. The restriction of the secret pattern in front of him is so complicated that even if he wants to find the node, it is not easy and it will take a lot of effort, but Qin Chen's formation at this moment Bunting

It can be seen at a glance that it is the node of the secret pattern formation in this hall.

Even he was shocked by this kind of means and formation skills, at least he is absolutely unable to arrange it now. At this moment, he is full of curiosity about Qin Chen. It is extremely difficult to improve the attainments of the underworld array, and it takes years of accumulation. The guy in front of him looks ordinary, and he doesn't look like an old guy.

So complicated and terrifying, how did Qin Chen figure out the location of these nodes?

The accomplishments of this formation far exceeded his cognition. Even Jialuo Mingzu was shocked, and the others were stunned. Although many masters of the restricted area were not masters of the formation, they still had basic vision. Qin Chen's formation in front of him was obviously extremely professional. know it's true

True master.

But it hasn't been long since he entered here? "Hey, everyone has seen it. The strength of Lord Mingzhu is beyond what you can imagine. If you want to follow Lord Mingzhu, come to this ancestor to report earlier. As long as you follow Lord Mingzhu in the future, it must be

Those who are popular and drink spicy food don't have to worry about it for the rest of their lives. "

Wangu Mingzu said proudly.

His words spread to the ears of the masters of the penalty area, and many of the masters of the penalty area were not only not angry, but many of them were even thinking carefully about the possibility.

Qin Chen's figure kept flitting in the octagonal hall, throwing array flags one after another, and each array flag seemed to carry extremely powerful spatial fluctuations.

Although the formation has not yet been formed, Jialuo Mingzu and Stone Ghost Ancestor and others felt that the surrounding space seemed to be very different after Qin Chen's formation flag was thrown down.

Moreover, every time an array flag falls, Qin Chen will point to a master of the restricted area, and the master of the restricted area will immediately connect with this array flag and lock this node. Half a day passed in a hurry, and the people who were paying close attention to Qin Chen's arrangement of the formation flags suddenly felt a tremor under their feet, and then everyone heard a dull boom, and all the falling formation flags instantly turned into a quaint

The pattern, this pattern forms a vast structure, and it is located in this octagonal hall at once.

And with the completion of this formation, all the secret pattern seals in the entire octagonal hall made a crackling sound, and instantly lit up.

"What kind of formation is this?" Jia Luo Mingzu opened his eyes wide, trying to see clearly the large formation Qin Chen had arranged, but no matter how he watched, he couldn't clearly see the structure of Qin Chen's arrangement of the large formation. something he'd never seen before, not only

I have seen it, and it is not even recorded in many ancient books of the underworld.

This is natural. This secret pattern seal is a prohibitive structure in the yang world, and the array flags arranged by Qin Chen are naturally arranged according to the rules of the yang world. As the master of the underworld, Jialuo Mingzu, no matter how advanced his formation skills are, it is impossible Qin Chenbu

The heel of the formation flag.

"Everyone, follow me to break the formation and activate the secret pattern seal together in order. Once the secret pattern seal is activated, I will enter the stone platform as soon as possible and break it open."

Qin Chen snarled, his expression became serious, and the mysterious Rusty Sword moved forcefully.

boom! A shocking roar sounded, and the countless secret patterns in the surrounding octagonal halls all lit up in an instant. The dazzling light lingered around the hall, and everyone felt a strong coercion.

The Lord let out a muffled snort. But no one had the slightest carelessness, and they all focused on it. Under the urging of everyone, the secret pattern seal on the stone platform quickly rotated, and the entire seal rotated faster and faster. vertigo

.

"Everyone, mobilize the formation flag."

Qin Chen yelled loudly, and the master of all restricted areas activated the formation flag in an instant.

boom!

Countless formation flags glowed, forming a unique formation, which quickly combined with the secret pattern in the octagonal hall, forming a counterforce.

Hearing a click, the secret pattern seal that was still flying and spinning just now slowed down, and the speed became slower and slower. In the seal, a crack appeared, and the crack seemed to lead to an unknown space.

A quaint vicissitudes came with an endlessly shocking atmosphere.

"The seal is open."

The master of the restricted area was excited, and in that unknown space, they all felt an unprecedented special aura pervading the entire hall in an instant.

"It's an expert, it must be an expert."

With a whoosh, before Qin Chen could speak, someone flew directly towards the crack in the seal, trying to rush into it first.

"Stop quickly." Seeing this, Qin Chen's expression changed drastically.

[Chapter 5414: There is a figure](#)

Qin Chen's face changed drastically. Although the crack in the secret pattern seal in front of him was slightly opened, it was not completely opened. If he rushed into it rashly, he would be torn apart instantly by the terrifying power contained in it.

But before Qin Chen's words fell, the master of the restricted area couldn't wait to come to the entrance. He didn't listen to Qin Chen's words at all, and his figure had already entered the crack in one step.

bang. Under the horrified gazes of all the masters of the forbidden zone, the figure of the master of the forbidden zone froze there quickly after entering the crack, as if he was imprisoned by some invisible force. also exposed

A look of endless horror.

"I..." He turned his head slowly, his eyes were terrified, his face was distorted, his movements were extremely slow, as if he had gone through thousands of years, a turn seemed to have exhausted almost all his strength, and after he turned around The moment I came, there was a bang

With a sound, his entire body burst into flames instantly. He opened his mouth, as if he wanted to say something, but in the end he couldn't say anything, he could only watch helplessly as his body burned up little by little, and finally disappeared without a trace in an instant under the eyes of everyone.

Nothing is left.

Wisps of life essence slowly dissipated in the secret pattern seal above the stone platform, as if this person had never appeared before.

"well!"

Qin Chen shook his head and sighed, this guy is too reckless, so impulsive, if the exit is really opened, is he still afraid that he won't be able to get out? Why be in a hurry?

The result is that he died here in vain. On the contrary, it was Jia Luo Ming Zu, Stone Statue Ghost Ancestor, and Yan Hun Patriarch who were closest to here before. still outline

A trace of casual sarcasm, obviously has long seen the danger of this secret pattern seal.

"Brother Ming, this...what's going on?"

At this time, the other restricted area masters around them came to their senses, and Guilong Guizu couldn't help but asked in amazement. Qin Chen shook his head: "Although there is a crack in the secret pattern seal, the entrance has not been fully opened yet. It contains terrifying coercion and power. Once anyone breaks in, they will be torn apart by the violent secret pattern power inside." ,No

But I never thought that this guy would not even have a chance to resist. "

Although Qin Chen knew that the crack was extremely dangerous, he never expected that its power would be so terrifying. The force just now, even if he rushed in, he might not be able to escape death.

"Brother Ming, will this not affect the opening of the entrance?"

Guilong Guizu said anxiously.

Everyone else also looked anxious.

It doesn't matter if the owner of the restricted area died before, but if it affects them from leaving here, then the other party will die. "No." Qin Chen shook his head, and said in a deep voice: "If you want to break the seal of the secret pattern completely, you must enter the inside of this stone platform. I will forcefully enter this stone platform later to crack it from the inside. You all obey the order." , continue to mobilize the formation flags,

If anyone else acts privately, don't blame me for being rude. "

"Hmph, did you hear that, whoever dares to be reckless, this ancestor will kill him first."

Wangu Mingzu said sharply, his eyes swept over everyone.

"Won't."

"Brother Mingzhu, don't worry, I won't wait recklessly."

"Brother Ming, please feel at ease. If anyone dares to be reckless, I will never let him go."

The masters of the other restricted areas said hastily.

Qin Chen nodded, his body flickered, and he stepped directly towards the stone platform in front of him.

With a buzzing sound, the secret lines lit up, and Qin Chen stepped into it in an instant, and his whole body disappeared, as if there was some special space fog in the stone platform that affected everyone's sight and perception.

Seeing Qin Chen enter the stone platform, the other masters of the restricted area immediately followed Qin Chen's previous instructions and continued to move the formation flags.

While Jialuo Mingzu continued to maintain the formation, his spiritual consciousness also swept into the stone platform. I saw that although the secret pattern seal in the stone platform seemed to rotate much slower, the speed was actually extremely terrifying. When Jialuo Mingzu's consciousness entered it, his mind suddenly felt dizzy, and then go in

Under this terrifying pulling force, his consciousness also disappeared without a trace in an instant.

Jia Luo Mingzu let out a muffled snort, his throat was sweet, and he almost spat out a mouthful of blood. "This secret pattern seal is still so terrifying." Jia Luo Mingzu was secretly startled. Fortunately, he only released a trace of consciousness secretly. If he released his soul with all his heart, he might be able to make his soul feel unbearable with the previous blow. obliterate

s damage.

Not only him, but other strong men like the stone statue ghost ancestor who wanted to investigate secretly released a trace of their souls at this time, but like Jialuo Mingzu, their souls were instantly torn to pieces as soon as they entered it .

At this moment, although they could see the secret pattern seal spinning on the stone platform, they could no longer see Qin Chen at all.

They were extremely shocked in their hearts, and at the same time admired Qin Chen extremely. They would never dare to go in easily with such a spinning speed and terrifying pulling force.

And even if Qin Chen is stronger than them, at most he is just as detached as they are at the peak, so entering in this way must be risky!

The Stone Ghost Ancestor and the others who wanted to understand this couldn't help but secretly gripped their hearts and prayed silently for Qin Chen.

Shitaizhong.

As soon as Qin Chen entered the vortex of the stone platform, he felt a strong pulling force taking him away, as if to spin him into the depths of endless space.

This secret pattern seal looks like a formation from the outside, but once inside, it becomes like a vortex, one inside another, countless.

A burst of extreme dizziness came, and Qin Chen thought in his heart that it was very powerful. Under this extreme rotation, let alone cracking the secret lines, it would be extremely difficult for him to gain a firm foothold.

Moreover, that terrifying pulling force wanted to **** out his soul even more.

Qin Chen knew in an instant that he was underestimated. Although the coercion here is not as terrifying as the crack at the entrance, it is not something he can resist rashly now. Fortunately, Qin Chen was prepared. The moment he entered the stone platform, he had already sacrificed the mysterious rusty sword ,and

And it was activated immediately.

boom! A terrifying aura bloomed from the mysterious rusty sword, instantly resonating with the coercion and secret patterns around him. At the moment when the mysterious rusty sword was activated, Qin Chen immediately felt the coercion and tearing over his body. split force instant time weakens.

"The mysterious rusty sword can really resist the breath here."

Qin Chen was so determined that he quickly arranged array flags one by one, and threw them in all directions towards the stone platform.

Qin Chen set up the formation very quickly, because he knew that what he wanted to set up was a counter-rotation formation to reduce the destructive power of the secret pattern seal and make the opening of the previous crack open even wider.

And the anti-swirl formation he arranged had to be done quickly and within a very short period of time, otherwise his formation would probably have been swept away by the force of the vortex on the stone platform before the formation was completed. what?

Fortunately, this stone platform can shield the prying eyes of the outside world, and Qin Chen can move the formation flags without any scruples. In an instant, countless formation flags fell, forming a huge anti-swirl formation in an instant.

Boom!

The original crazily rotating secret pattern seal slowed down again, and the entrance of the crack that appeared before continued to expand, and finally formed a space entrance with a diameter of about several feet.

Along the entrance of that space, Qin Chen could even faintly see things in the vortex of that space.

"That is..."

Seeing the scene inside, Qin Chen's eyes were fixed, his heart was startled, and his figure even became a little unstable.

There seemed to be an altar-like place at the end of the entrance of the space, which was vague and unclear, and around the altar, Qin Chen could still vaguely see figures standing there.

"Is there someone inside the entrance of this space?" At the same time, Qin Chen's ears heard voices calling for help again. This time, the voices of calling for help became more and more clear, and Qin Chen suddenly felt a little bit of dizziness in his mind. With a cry for help, his blood was inexplicable

It gets hot and hot, and the will is a little fuzzy.

Zheng!

At this moment, a sharp killing intent suddenly came from the mysterious rusty sword,

The sound of the sword sounded, and Qin Chen's heart trembled. He came back to his senses in an instant, and the cold sweat dripped down his back, and he secretly said that it was dangerous.

He was almost affected by this voice just now, and he was about to rush into the entrance involuntarily. Fortunately, he was awakened by the mysterious rusty sword. He listened carefully again, but now the cry for help seemed to have disappeared.

"What is in the entrance of this space?"

Qin Chen took a deep breath, secretly vigilant in his heart.

But no matter what was inside, Qin Chen had no way out, he had to go to the entrance of the space.

At this moment, Qin Chen raised his head, and could faintly feel that this stone platform and that mysterious space had already been connected. As long as he swept into this space channel, he could enter that mysterious space.

Thinking of this, Qin Chen turned around and left the stone platform without any hesitation.

As soon as Qin Chen came out, the Dragon Ghost Ancestors surrounded him one after another. They had also felt the changes in the stone platform before, and even vaguely saw the mysterious world deep in the space.

It's just that they didn't see it as clearly as Qin Chen.

"Everyone, I have opened a space entrance to this secret pattern seal. This entrance can only last for a while, and everyone will follow me into it later."

Before everyone could ask, Qin Chen had already opened his mouth and said, "However, what you need to pay attention to is that I seem to see a figure in this space, everyone must pay attention to safety."

"Is there a shadow?"

Hearing Qin Chen's words, everyone present gasped, what's going on?

For a while, the arena became noisy. After saying this, Qin Chen secretly glanced at Jialuo Mingzu not far away, but found that there was no surprise in his eyes.

[Chapter 5415: Snake](#)

At this time, Jialuo Mingzu's eyes were full of excitement, but no one else was surprised at all when Qin Chen said that there was a shadow.

Qin Chen's heart skipped a beat: "This person..."

"Okay, everyone, don't talk nonsense, I will just say one thing."

Qin Chen looked at everyone: "I don't know what's in that space. Once there is a crisis, I hope you can work together, unite with each other, and solve it together."

Qin Chen looked solemn.

"Brother Ming, don't worry."

"Brother Mingzhu is here, we will definitely obey the orders of Brother Mingzhu."

"Yes, based on what Brother Mingzhu did before, I will be convinced."

Everyone immediately cupped their hands and spoke.

Qin Chen's previous actions had completely convinced everyone.

At least, they were still willing to obey Qin Chen's orders as long as there was no conflict of interest.

"That being the case, let's go."

Qin Chen didn't talk nonsense, he jumped straight into the entrance in front of him, and was the first to enter the space passage.

Buzz.

Qin Chen's body was shrouded by an invisible spatial fluctuation. The next moment, everyone saw that in the passage, Qin Chen's figure suddenly became smaller, went deep into the depths of the entire space passage, and disappeared all of a sudden.

"Walk!"

Everyone hastily followed.

Whoosh whoosh! In an instant, countless streamers rose and swept into the passage together. So many masters of the restricted area entered together, the fluctuations caused were so strong that people were shocked.

All going to explode.

"Let's go, if you don't go, these formation flags are going to explode."

Jia Luo Mingzu glanced at the formation flags around him, and sneered at the corner of his mouth: "This person's formation skills are indeed terrifying. If he had..."

In the middle of speaking, he did not continue to speak, but stepped into the passage in one step.

With the entry of the last person, Ka Ka Ka Ka, the formation flag arranged by Qin Chen finally couldn't hold on under such severe restraint, and exploded with a bang.

Boom boom boom!

One after another, the formation flags were broken one after another, and finally, the secret pattern seal on the stone platform was formed again, completely sealing this place, as if no one had ever come. channel.

Qin Chen's spiritual consciousness was frantically dissipated, trying to perceive the space channels around him, but the power of space here was too terrifying, as soon as his spiritual consciousness diffused out, it shattered directly, making it impossible to peek into it at all.

But Qin Chen also sensed that the power of the space channel here is extremely close to the power of the heart of space that he had obtained in the Ghost King Palace back then, and even came from the same vein.

This is also one of the reasons why he was able to open the secret pattern seal so easily before.

I don't know how long it has been.

Boom!

The power of space that enveloped Qin Chen suddenly dissipated.

Qin Chen also flew out of the passage, fell down completely, and then turned over in the air, and landed on the ground lightly like a feather.

"This is..."

Qin Chen looked around.

This is a mysterious and vast hall. Above the hall, there are countless wandering secret lines. The secret lines are deep, and each one contains a vast divine light.

These secret lines gave Qin Chen the feeling that they were like the mysterious totems cast by the ancient emperor back then. They were extremely obscure and complicated, and they were definitely divine lines that surpassed detachment.

And in the center of the hall, there is actually a huge secret pattern seal, that seal is suspended in the center of the hall, and there is a graceful figure in it.

"That is..."

Qin Chen took a look and immediately gasped. This is an incomparably majestic figure. She has a long snake-like body lying cross-legged, but her upper body is a human body. The clothes on her upper body are extremely sparse, and the scale-like chest protector makes the two towers on her chest hazy. of wrapped. And following her gaze upwards, her skin was extremely fair, like creamy fat. Moreover, she has a pure face with endless charm, and her red lips are as fresh as cherries in the morning, which makes people feel uneasy.

Resist the urge to bite. And above the red lips, there is a delicate and straight nose, and above the nose, there are a pair of drooping eyelids. Although her eyes are tightly closed, endless charm flows from her body Diffuse, which is to let

A charm that one can't help but go crazy for.

This charm is constantly dissipating, it is as strong as Qin Chen, and his mind can't help but sway for it, as if he wants to go crazy for it. Qin Chen has seen many creatures in this underworld, but he has never seen anyone as tempting as the woman in the seal. The long snake-like body did not give Qin Chen any resistance, but instead has a unique

The charm, a charm that human women do not have, makes people swayed by it.

Who is this?

Qin Chen was shocked, his eyes even blurred for a moment.

Whoosh whoosh!

At this time, one after another figures also appeared in the hall. As soon as they appeared, they couldn't help being attracted by the woman above the center of the hall.

Such a woman, in this hall, is like the Nine Heavens Underworld, making all the masters of the restricted area look at each other involuntarily, with fascination in their eyes, and the pupils are completely immersed in it.

hum!

And at this moment, Qin Chen felt a chill in his hands.

It is the icy breath of the mysterious Rusty Sword.

"wrong."

Feeling this breath, Qin Chen suddenly woke up, his mind was clear, and at the same time, he was suddenly afraid.

He was almost attracted by the other party's face just now.

Qin Chen looked around, and found that all the masters of the restricted area were attracted by this person, with straight eyes.

"The Way of Charm."

Qin Chen gasped, this must be some kind of charm. Otherwise, with his strength, no matter how beautiful the opponent is, how could he be attracted by this person's appearance? Not to mention that all the masters of the restricted area here, no matter what kind of creatures, the first time they entered the hall, they all looked at each other.

Gather on that woman.

This absolutely cannot be explained by common sense.

"Hmm, do you intend to kill?"

And Qin Chen, who was awake, suddenly felt a strong murderous intent on his back.

He turned his head immediately, and saw not far away, Jialuo Mingzu was second only to him in waking up from the woman's charm, and the moment the other party woke up, his eyes darted towards him with murderous intent. When he saw that Qin Chen woke up earlier than him, a trace of shock flashed in the depths of Jialuo Mingzu's pupils, and the next moment, the murderous intent in the depths of his eyes disappeared in an instant clean as if

Never been average.

"Brother Ming, are you awake?" Jia Luo Ming Zu pretended to have just woken up and asked in shock: "What is this place? Why is there a woman in this hall? Also, the four figures below this woman And who are they?" Qin Chen was surprised to find that there was not only the woman in the sky in the hall, but there were four figures under the seal where the woman was standing. down there cross-legged

, there is a treasure in front of them, which are a chain, a clock, a pen, and a piece of cloth, and there are mysterious runes under these four people.

"This is... some kind of formation?" With Qin Chen's formation skills, he could tell at a glance that these four people were not standing randomly. The positions of the four people seemed to be ordinary, but they actually formed a special formation. formation, and the source of this formation seems to be the upper

where the woman is.

It's just that these four people are silent now, sitting there blankly, obviously dead for a long time.

But even so, there is still an ancient and vicissitudes of power emanating from these four people, and their bodies are not corrupt, just like sculptures.

Everything in front of him formed an extremely strange picture.

Qin Chen glanced at Jialuo Mingzu. This Jialuo Mingzu had such a powerful divine sense. Although he woke up later than him, he saw the four corpses at the first time. It was obvious that this person was hiding something. A lot of things.

Without answering his words, Qin Chen directly sacrificed the mysterious Rusty Sword.

boom!

A terrifying cold sword energy permeated the hall.

"this..."

"what happened?"

"What is this place? I just..."

Under Qin Chen's cold sword energy, Wangu Mingzu and other restricted area masters woke up one after another. When they woke up, they were all shocked.

Which one can come here is not the best in the abandoned land? The weak ones would have died long ago in the deserts and halls of the Dead Sea forbidden area.

Therefore, the moment they woke up, they understood that they had fallen into some kind of charm before. If Qin Chen's sword energy hadn't awakened them, they might still be trapped in it.

"Thank you, Brother Ming, for your help."

Guilong Guizu was the first to turn around and salute Qin Chen with grateful eyes.

Hearing this, everyone came to their senses and saluted Qin Chen one after another.

Even the Stone Ghost Ancestor and Yan Hun Ancestor looked at Qin Chen with gentler and kinder eyes.

Because they knew that if Qin Chen didn't choose to wake them up before, but was a direct opponent to them, stronger than them, he would definitely fall into a disadvantage in that state, and might even be beheaded by the opponent.

It can be said that Qin Chen gave up an excellent opportunity to kill them.

"You don't need to be polite. Now that we are in the same boat, it is better to find out where this place is and who these people are." Qin Chen waved his hand.

Hearing Qin Chen's words, everyone present immediately turned their heads to look forward.

"This is... the four quasi-emperors of the year... and that one..."

"The Great Emperor is the one who first opened the forbidden area of the Dead Sea."

Seeing the four figures and the woman above, the stone statue ghost ancestor and the soul-eating ghost worm exclaimed at the same time, showing horror on their faces. In an instant, the eyes of all the masters of the restricted area fell on the two of them.

[Chapter 5416: It's all to blame](#)

"Quasi-Emperor!"

"Emperor?"

The faces of the people were astonished, and they all showed shock.

The so-called quasi-emperor refers to a strong man who has reached a new level of comprehension of the rules of order after reaching the peak of detachment, and even faintly jumped out of the circle of rules and touched the threshold of the great emperor.

This kind of strong person has a trace of imperial aura, although in the final analysis he is still in the realm of detachment, but in terms of strength, the strength of such a person is actually far above the peak of triple detachment. Of course, reaching the quasi-emperor realm only means that the other party has vaguely touched the threshold of the great emperor's realm, and has a trace of imperial aura on him. In fact, there is still a long way to go from the real emperor, and it does not necessarily mean that the other party is really

You will be able to step into the realm of the great emperor.

As for the great emperor, let alone, any great emperor is the top figure in the underworld, even the top figure in the universe, that is the real leader of the underworld.

To put it simply, if the triple detachment powerhouse belongs to the feudal officials and giants in the underworld, then the emperor-level powerhouse is equivalent to a king in the underworld and the cosmic sea, controlling a territory and having a prominent reputation.

As for the Four Great Emperors, they are equivalent to the powerhouses who established the Four Great Empires among the many kings, and all nations came to court.

"Soul Eater, do you know these characters in front of you?" Qin Chen turned his head and looked over. The soul-eating worm showed ashes on his face, and tremblingly said: "My lord, this subordinate once said before that when I entered the abandoned land, I was trapped here, and I couldn't find a way to escape. Later, I was a powerful emperor. appeared and found the dead sea

Where the forbidden area is, it led me to enter the forbidden area, and then came to this palace hall. ""This palace hall is extremely strange. It can absorb the power of our souls. Back then, many people couldn't resist it for a while. It was a few quasi-emperor powerhouses who appeared and temporarily resisted the soul devouring in this hall for many powerhouses. These four

Ren is the leading four of the quasi-emperor powerhouses. "Speaking of this, Soul Devourer Nether Worm smiled wryly and said: "At the beginning, the subordinates couldn't hold on and left first. The four of them led many strong men to persevere in the previous hall. The subordinates were in the octagonal hall before never seen them

Unexpectedly, their corpses also came to this space, and they all died here. "

"As for this woman..." Soul Devourer's voice trembled: "This person is very similar to the figure with the aura of the emperor that I saw from afar back then. I have an 80% probability that I can be sure that this person is very likely to be the one from back then. The one who opened the forbidden area of the Dead Sea

emperor. It's just that I have never seen this person since I entered the forbidden area of the Dead Sea. I guessed that this person might have successfully left the abandoned land, but I didn't expect that he also died here. "

Speaking of this, Soul Eater Nether Worm's tone became lower and lower, with despair in his eyes, and the gargoyle ancestor at the side also showed ashes.

The reason why they have always kept information about leaving this place is that the great emperor disappeared after entering the forbidden area of the Dead Sea, and no one saw her figure again.

Many people speculated that the great emperor had most likely left the Abandoned Land and returned to the underworld.

But now...

The body in front of them completely sank the hearts of both Soul Eater Netherworm and Gargoyle Ghost Ancestor.

That peerless emperor did not leave here after all, but was trapped here and died here.

When the other people around heard the narration of the soul-devouring worm, their faces were also pale, and their hearts were ashamed.

I thought that after opening the passage and coming here, there is hope to leave the abandoned land, but who would have thought that I would see such a desperate scene.

Even the great emperor fell here back then, with those people present, can they really leave the abandoned land?

Everyone's heart sank completely.

"It's over, now there is no entrance, are we going to die here?"

"Great Emperor, this person is definitely the Great Emperor. If it weren't for the Great Emperor, it would be impossible to frighten us with just his breath. But even the Great Emperor died here, can we still survive?"

despair.

collapse.

All kinds of negative emotions quickly emerged from everyone.

After being trapped for so many years, I finally saw hope. Now that hope is shattered, even the master of the restricted area cannot resist this kind of blow.

Some of them hurriedly turned their heads, trying to find the previous entrance. However, when they entered the hall, the previous space entrance had disappeared, that is to say, they couldn't leave along the previous entrance at all. Everyone was trapped in this hall at this moment, and the final result was very

It is possible that, like the great emperor and the four quasi-emperors, they will eventually fall here.

"If I knew this earlier, I might as well not enter."

At this time, there was a voice of complaint.

"That is, isn't it good to stay alive in the abandoned place? Why do you have to leave? Now everything is over."

The master of the restricted area showed despair.

In the abandoned place, although they were trapped, their movements were not restricted at all, but in this hall, they could only wait silently to die. Who could bear this feeling?

"If you want me to say, it's all the Lord's fault. If he hadn't broken the secret pattern seal in the previous hall, why would we come here to wait for death?"

Some of them even pointed the finger at Qin Chen, blaming Qin Chen for not opening the previous seal.

"Damn, do you still have ghost nature?"

Hearing this, Wangu Mingzu was furious.

boom!

The terrifying killing intent surged, and directly imprisoned the master of the restricted area, full of anger.

Young Master Chen worked so hard to break the restriction for them, but these guys are still talking sarcastically at this time, complaining that the seal should not be broken, is this what ghost cultivators should say?

"You... Did I say something wrong?"

The master of the forbidden area was shocked by the breath of the ancestor of the myriad bones, and said with a flushed face.

"Hmph, just look at the soul-devouring ghost worm and the gargoyle ghost ancestor. Even if you stay in the previous hall with your cultivation base, you will die in the end. Is there any difference?" Light. "Why is there no difference? The soul devouring power in the hall was extremely weak before. I still hope to persist, but the soul devouring power here is obviously much stronger. With my cultivation base, I'm afraid I won't be able to hold it for a long time. it will be because

The soul was broken and died. Don't you all feel it? "

The master of the restricted area resented.

Hearing this, everyone on the field changed color one after another.

Because they also felt that after entering this hall, their minds were a little dizzy. Obviously, the power of devouring souls here is much more terrifying than the previous hall.

If it is said that in the previous hall, ancestors like the gargoyle ghost and the soul-eating worm had special means to survive, then in this hall, no one can withstand such a fast speed of devouring souls.

"You won't be angry with Shura, the four quasi-emperors, and this senior emperor. The reason why they died here is because of the devouring spirits in this hall, right?"

At this time, the master of the restricted area thought of a possibility and couldn't help trembling.

As soon as these words came out, everyone was even more shocked.

If so, how can they survive? Even the emperor couldn't resist the power of devouring the soul here, with their cultivation base here they can only wait for death slowly.

"No, I don't want to die here."

At this time, the master of the restricted area roared, and rushed towards the place he came to like crazy. A ghost knife appeared in his hand, and he slashed down at the void when he came. down.

"open!"

The ghost cultivator roared violently, and the ghost knife burst out with endless rules and divine power, bursting out.

"Stop."

"Stop."

Seeing the lord of the restricted area attack rashly, Qin Chen and the others changed their colors one after another, and hurriedly shouted a reminder. But it was too late, and I saw the master of the restricted area bang, the ghost knife in his hand contained terrifying power, and he had already slammed into the void in front of him, and with a bang, he saw the void in front of him suddenly light up with dazzling streaks. the secret pattern, in

Under the attack of the ghost knife, these secret lines seem to be activated, and the light shines in an instant.

Chi Chi Chi!

One after another of the secret lines, like agile spirit snakes, suddenly exploded towards the master of the restricted area, and a strong life-and-death crisis enveloped him. At this moment, the owner of the restricted area woke up and realized his previous recklessness. With a terrified expression in his heart, he hurriedly sacrificed a black boulder.

With a terrifying breath, he blocked in front of him, and at the same time, the figure of the master of the restricted area also hurriedly retreated at this moment, wanting to retreat into the crowd behind him.

But the speed of the secret pattern chain is too fast.

Puff puff puff! Under the horrified eyes of everyone, these secret pattern chains are extremely sharp, and there is no pause at all in the face of the black boulder, just like an iron stick piercing tofu.

There was no resistance at all in front of him, and he was pierced in an instant.

The next moment, countless secret pattern chains suddenly pierced the body of the master of the restricted area, piercing him in the void.

"Ah!" A shrill scream sounded, and the master of the forbidden area burned instantly. In just a moment, his whole body turned into ashes and dissipated. burns up in an instant,

Instantly turned into ashes and dissipated.

After killing the master of the restricted area, countless secret pattern chains retracted one after another, and then disappeared into the void.

silence.

There was deathly silence.

The void in front of him was empty at the moment, leaving only a faint wave, which represented that someone was alive here before.

For a moment, the field was filled with a dead breath, and everyone's eyes showed a look of shock and despair.

Although the former master of the restricted area was constantly at the top, almost all those who could come here were the best in the triple transcendence, but such a person died here so easily. Complete despair!

[Chapter 5417: Weird array](#)

At this moment, the entire arena has long been plunged into despair.

Among the crowd, only Qin Chen had been observing and looking around after entering the main hall. At the same time, his spiritual consciousness was always secretly paying attention to Jialuo Mingzu who was not far away.

Ever since this person entered the hall, his behavior has been extremely strange. Whether he saw the corpses here or the fall of the previous master of the restricted area, there was no surprise in the depths of his eyes, and he was always incomparably calm.

Moreover, after Jialuo Mingzu came here, he has been wandering around the four quasi-emperors, as if he was looking at something, and the depths of his eyes kept flickering.

His footsteps were very steady, which made Qin Chen feel that Jialuo Mingzu seemed very familiar with the hall.

Could it be that Jia Luo Mingzu had been here before?

For some reason, such an idea came to Qin Chen's mind.

But how is this possible? Jialuo Mingzu was imprisoned after the opening of the Dead Sea Forbidden Area for the first time. In addition, all the people who went to the Dead Sea Forbidden Area died in this Dead Sea Forbidden Area. Even the existence of this Dead Sea Forbidden Area is only recently.

I know, it is impossible for this Jialuo Mingzu to come here.

However, Qin Chen always had the feeling that there were some secrets hidden in this Jialuo Mingzu that he didn't know.

"Young Master Chen, what shall we do now?"

Seeing the master of the restricted area turned into ashes, Wangu Mingzu was also terrified. He was too lazy to talk nonsense with those people, so he hurriedly turned his head to look at Qin Chen and asked.

To be honest, he was also a little apprehensive.

Although Young Master Chen has supernatural powers and extraordinary status, this place is after all the place where even the great emperors and strong men are trapped to death. Can Young Master Chen take them away?

He didn't want to die young here either!

"Brother Jia Luo, did you notice something?"

However, Qin Chen did not answer Wangu Mingzu, but suddenly spoke to Jialuo Mingzu.

"Brother Mingzhu, what do you mean?" Jialuo Mingzu, who was walking around the four Zhundi, couldn't help being startled.

Qin Chen laughed: "Brother Jia Luo, I saw that you have been observing the surroundings since you entered the hall, and kept circling the corpses of the four quasi-emperors. It seemed that you were still moving, so I wonder if you saw something."

As soon as this remark came out, everyone turned their heads to look at Jialuo Mingzu.

"This..." Jia Luo Mingzu's eyes flashed, he hesitated for a moment, nodded and said: "Brother Ming, I have indeed seen something, if I guessed correctly, there should be a large formation here, and these four accurate Although the emperor and this senior emperor

Although they fell here, before they fell, they should also be trying to leave this place, and they must have found some way to leave. "

"Oh? What do you think?"

Hearing Jialuo Mingzu's words, everyone was shocked and excited.

"Look, everyone."

Jialuo Mingzu didn't talk nonsense, he pointed directly at the patterns under the feet of the four quasi-divines, and said in a deep voice: "The positions of these four quasi-divine seniors seem to have no rules, but in fact they complement each other with the formation patterns under their feet. of."

"That is to say, the positions where the four of them are standing clearly form a formation." "And, not only the four of them, look at the senior emperor above, there is also a formation between her and the four quasi-emperors." There is a special connection, so if I guess correctly, the five of them should have formed a tacit understanding back then.

Array. "

Jialuo Mingzu squatted down and stroked the lines on the floor of the hall.

"Also, it is easy for everyone to see that the pattern of this formation is completely different from the secret pattern of the hall itself, and it is an acquired layout. Based on these, it is not difficult to guess that this formation is most likely arranged by this senior emperor."

Everyone looked down one after another, and sure enough, according to Jia Luo Mingzu's instructions, everyone saw some lines on the hall, which were indeed different from the secret lines of the hall itself.

Because there is a big difference in the structure between the two, even if many masters of the restricted area present have no understanding of the technique of the underworld array, they can still see the difference.

"So, in fact, there is no need for you to be discouraged and desperate, because there is very likely a way to leave here." Jia Luo Mingzu affirmed.

Wow!

As soon as this statement came out, everyone became excited. Jialuo Mingzu's eyes were bright and he said: "According to Brother Soul Eater and Brother Shixiang, you can put yourself in your shoes and think about it. This emperor is the one who discovered the forbidden area of the Dead Sea back then. God, also in those days

The quasi-emperor powerhouse who led everyone here. And according to Brother Shixiang and the others, these quasi-emperor powerhouses were most likely sent by other great emperors of the underworld to explore this abandoned land. "

"With their strength and attainments, the first time they came here was to find a way to leave."

"And the formation they activated before they died is most likely the way to leave here. Otherwise, why would they waste so much energy on arranging such a complicated formation?"

Hearing this, everyone was thoughtful and excited.

It's really possible.

These people can't find a way to leave here, which is because their cultivation base is not enough, but the emperor might not be able to find it.

After all, the great emperor is the top powerhouse in the underworld, how can they be compared with their accomplishments?

And the great emperor in front of him was urging this formation before he died, what does it mean? It shows that once this formation is activated successfully, it is very likely that they will be able to leave alive.

So when they were dying, they couldn't wait to activate the formation.

However, due to various reasons, this great emperor finally died here. Jialuo Mingzu continued to say in a deep voice: "Although I don't know what the result of this big formation is, whether it is to leave this abandoned place directly, or to be able to control the secret lines in this hall little by little, but I can be sure. Yes, this big array

It may be my only hope of getting out of here. "

"What are you waiting for?"

"Brother Jia Luo, brother Mingzhu, both of you are masters of the Ming formation, please find out how this formation is activated, I will hurry up and give it a try."

"That's right, hurry up, otherwise the more we procrastinate, we can only die here little by little because of the exhaustion of our souls."

Patriarch Yan Hun and the others hurriedly spoke.

Now that they have been trapped to death here, even if a dead horse is treated as a living horse doctor, it is better than staying here and waiting to die. "Actually, I already have some understanding of this formation before. This formation is divided into four formation points, which are where the four quasi-emperors are located. However, to activate it requires an extremely large amount of energy. I'm afraid I need to wait

Everyone on the scene should act together. "

Jialuo Mingzu said again.

"No problem."

"I will follow the arrangements of Brother Jia Luo and Brother Mingzhu."

The masters of other restricted areas said one after another. Jia Luo Mingzu wryly smiled and said: "Everyone, although I can see some clues of this formation, I can only see it slightly. In fact, my master's attainments in the formation are still weaker than Brother Ming. Brother Ming is willing to bring

Head, I can be a coolie. "

"Brother Ming."

Everyone looked at Qin Chen.

"I'll do some research first."

Qin Chen stepped forward and looked carefully at those formation patterns, but these formation patterns were constructed by the underworld's underworld formation technique. With Qin Chen's cosmic formation technique, it is better to look at the formation pattern structure than to look at the secret pattern structure. easy.

However, as Jia Luo Mingzu said, the formation patterns of the four quasi-emperors and the female emperor above are one, that is to say, the five do form a unique pattern structure.

However, for some reason, Qin Chen always felt that the pattern below was a bit weird, and it was not as simple as breaking through the hall. "Everyone, this array is indeed connected. However, there are some places that the Lord of the Underworld has not yet understood. Please don't worry, wait for the Lord of the Underworld to figure out the structure of the secret pattern in the hall first, and then thoroughly analyze the underworld. Say it again,

This kind of formation cannot be activated hastily, otherwise, if something goes wrong, we will not be able to bear the consequences. "

Qin Chen shook his head. This formation gave him an extremely weird feeling. Compared with the strange formation, the secret pattern in the hall gave Qin Chen a kind feeling.

He had a feeling that the secret lines here were not used to trap people, but had other uses.

Seeing that Qin Chen was unwilling to preside over the formation, Jia Luo Mingzu's expression changed immediately, and he hurriedly said, "Brother Ming, if you don't preside over the formation, I'm afraid you won't be able to force it with my cultivation."

"Brother Ming."

The masters of the other restricted areas also said anxiously.

"What are you in a hurry for? Master Mingzhu didn't say he wouldn't preside over the formation, he just wanted to figure out the structure of the formation." Wangu Mingzu snorted coldly. At this time, the Shadow Devil Ancestor had an ugly face and said: "Then if he still can't figure out the structure of the formation, can we just wait for death? The soul devouring power here is so powerful, when will we figure it out? Wait for him to figure it out."

I am afraid that I have already lost my mind and soul and died. "

Hearing this, the other masters of the restricted area nodded their heads one after another.

Yes, when will this have to wait?

"Brother Ming."

Guilong Guizu and the others also looked over with anxious expressions.

"You don't need to talk too much." Qin Chen shook his head: "But don't worry, everyone, before your spirits can't hold on, the Master of the Underworld will definitely find a way."

Qin Chen made up his mind that at worst, he would release the chaotic green lotus fire to slow down the dissipation of everyone's spirits, but Qin Chen would never activate this large formation easily.

He had a feeling that Jialuo Mingzu let him preside over the formation, absolutely with a dark heart and some special purpose. Although he was not afraid of Jialuo Mingzu, he didn't want to jump directly into the opponent's trap.

He wants to see what kind of medicine is sold in this Jialuo Mingzu gourd. Seeing Qin Chen's resolute refusal to preside over the formation, Jia Luo Mingzu's eyes flashed a gleam of coldness, and he sighed helplessly, "Oh, without brother Mingzhu presiding over it, I'm afraid I can only do it with my cultivation base of the Ming formation." It's only part of the mobilization of this formation...

..." Jialuo Mingzu shook his head again and again.

[Chapter 5418: Vicious exposure](#)

Jialuo Mingzu spoke halfway, but didn't continue, just shook his head with a wry smile.

Qin Chen suddenly sneered in his heart. This Jia Luo Mingzu said before that he could not motivate without his own presiding, but now he said that he could only activate part of it. Obviously, he had absolutely lied before.

But when they heard Jia Luo Mingzu's words, the eyes of the others showed surprise.

"What? Brother Jia Luo, you can induce it yourself? That's great, then Brother Jia Luo will preside over it, and I can even induce a part of it."

"Yes, maybe you can open this formation? At least you can know what the function of this formation is. Brother Jia Luo, please work hard and lead me to activate the formation first."

"Yeah, don't waste any more time."

Many of the masters of the restricted area showed joyful faces, and spoke excitedly, how could they still hold back.

"Hmph, the Lord of the Underworld also said that he would lead me out, but unexpectedly he was a coward. He was the one who led us in here, but he pushed back and blocked me. It's still the pride of the Lord Jialuo..."

Even the master of the forbidden area who was dissatisfied with Qin Chen before could not help but snorted coldly, showing disdain.

"What did you say?"

Wangu Mingzu's face was livid, and with a bang, his body burst into breath, and the terrifying power suppressed the opponent's body. The opponent's face changed suddenly, and he retreated and approached Jialuo Mingzu.

"Hey, Brother Wan Gu, Brother Leng Gui was just too anxious, so he spoke a little disrespectfully, I hope Brother Wan Gu don't mind." At this time, Jia Luo Mingzu hurried forward to persuade: "Brother Ming's merits and virtues are actually We are all clear that although we would not have come to this hall if it were not for Brother Mingzhu, no matter what, Brother Mingzhu led us to this place, which is considered a sight.

When it came to the true face of the forbidden area of the Dead Sea, as for Brother Ming's reluctance to preside over the formation, he probably had his own considerations. "

Jialuo Mingzu appeared to be a peacemaker on the surface, but what he said to everyone made many people even more dissatisfied with Qin Chen.

Indeed, Qin Chen was the one who brought them here, but now he is unwilling to mobilize the formation, which is too much! "Galuo Mingzu, what do you mean? You mean Lord Mingzhu doesn't care about you? Hmph, Lord Mingzhu is also trapped here now. If there is a way to leave, he would not want to take everyone away. Maybe Lord Mingzhu what did you notice

It's not right, so I just want to know more about it. Jialuo Mingzu, you are so encouraging Lord Mingzhu to preside over this big formation, is there any purpose? "

Wangu Mingzu's eyes turned cold, and his eyes revealed a murderous look.

grass.

This Jialuo Mingzu tea is too strong, right?

"Purpose?" Jia Luo Mingzu shook his head with a wry smile, and sighed, "Oh, I never thought Brother Wan Gu would think so after all my hard work. Oh, well, since Brother Wan Gu said so, I can only Try it alone."

Jialuo Mingzu's aggrieved look immediately aroused more sympathy.

Along the way, Wangu Mingzu and the others did provoke Jialuo Mingzu several times, but Jialuo Mingzu had always endured the humiliation and never resisted.

"Hmph, pretending."

There was a cold light in Wan Gu's eyes, and he was full of anger. He was about to step forward to make a move, but was stopped by Qin Chen instantly. "Wan Gu, forget it, Jia Luo Mingzu is also wholeheartedly thinking about the Lord of the many restricted areas in the land I abandoned. Since everyone believes in him so much, then Brother Jia Luo will mobilize the big formation first, and wait for the Ming Lord to fully understand. After this battle, no matter how much you help not too late. "

Qin Chen said with a smile.

"Yes, Lord Underworld, the subordinates are just angry with this guy."

Wangu Mingzu said with a displeased face.

Qin Chen was indifferent when he saw himself being aggressive a few times. Jialuo Mingzu finally understood that Qin Chen didn't want to get involved here at all, he sighed secretly, and immediately arranged it.

Before the life-and-death crisis, many masters of the restricted area followed Jialuo Mingzu, and even the masters of the soul domain joined the team after asking Qin Chen for instructions.

"These, let's start."

After standing still according to the arrangement of Jia Luo Ming Zu, Jia Luo Ming Zu came to the big formation and gave orders, with a hint of inadvertent excitement deep in his words.

"Follow me later." Qin Chen secretly said to Wangumingzu and the others.

"rise."

I saw Jia Luo Mingzu let out a low cry, his hands suddenly forming formation marks one after another, and with a bang, a terrifying source of power suddenly poured into the formation marks below.

hum!

Accompanied by a slight tremor, the ancient pattern below was activated in an instant, and an invisible breath enveloped the surroundings of the hall in an instant.

"Everyone, follow me to mobilize the formation together."

At the same time, Jialuo Mingzu let out a loud roar, and with his yelling, the masters of many restricted areas surrounding the four quasi-emperors poured their own power into the formation below.

Ka Ka Ka!

Under the shocked eyes of everyone, the pattern patterns under the feet of the four great quasi-emperors were lit up one after another, and the masters of many restricted areas present shot together, and the powerful original power seemed to add vitality to the pattern pattern again.

boom!

A terrifying aura that shocked the heavens filled the entire hall in an instant.

buzz buzz...

In the shocked eyes of everyone, the ancient auras were released from the corpses of the four dead quasi-emperors, and the four natal treasures in front of them were also suspended in an instant.

An ancient clock, a chain, a black pen, and a cloth were all suspended one after another.

Boom!

The ancient clock was floating, with black light on, and the ancient runes on it flowed, sending out a bell that shocked the soul.

Wow!

The chains surged and swam like spirit snakes, sealing off the void and suppressing the world in all directions.

puff!

The black pen was dazzling, and countless auras wandered and converged on the tip of the pen, deciding life and death and the future with one stroke.

hum!

And the cloth was also rattling and shaking, and a coercion that suppressed the souls of the masters of all restricted areas in the field permeated the air.

The auras of the four great treasures and the four quasi-emperor powerhouses were instantly combined. At this moment, everyone had the illusion that the four quasi-emperor powerhouses seemed to come alive, releasing an aura of endless coercion.

boom!

All the aura they released poured into the large formation below. In an instant, everyone felt their bodies sink, as if facing an irresistible existence, their breathing became stagnant.

"This power..."

Everyone looked up in amazement, and saw formations on the ground of the hall lit up one after another. These formations continued to spread, expand, and light up one after another, and finally spread to the seal of the mysterious woman above.

With a bang, the void around the mysterious woman in mid-air instantly lit up with countless dense invisible runes and patterns. What shocked everyone was that these runes and secret patterns turned into chains, which bound the mysterious woman there firmly. These chains were extremely thick and shone with pitch-black light. the mysterious snake body

The woman's body is pierced by nothingness, and she is firmly imprisoned there, like a prisoner.

what happened?

Everyone was shocked.

Didn't Jia Luo Mingzu say that the mysterious emperor and the four quasi-emperors are most likely setting up formations to break the secret pattern together? Why did the patterns under the feet of the four great quasi-emperors activate to bind the mysterious female emperor?

what on earth is it?

"This array..."

In the main hall, Qin Chen had been observing the ancient formation. When the ancient formation took shape, Qin Chen's pupils shrank suddenly.

He finally understood why he had been feeling palpitations before he came over. Before the formation was activated, the positions and shapes of the four quasi-emperors and the snake-body woman did seem to be forming a formation together, trying to break through the secret patterns of the hall, but when these formation patterns emerged, Qin Chen It's obvious at a glance

Well, the big array arranged by the four quasi-emperors was actually aimed at the mysterious snake girl.

The four quasi-emperors and the mysterious goddess turned out to be enemies rather than friends.

What happened that year?

And what is the purpose of Jialuo Mingzu to activate this formation? Does he even know?

On the side, after seeing such a scene, everyone's expressions changed, and they were awed, while Qin Chen was quietly vigilant. At this time, if Jialuo Mingzu had a ghost in his heart, he would almost show his true colors.

boom!

And at this moment, under the support of everyone, the formation let out a violent roar. Accompanied by the roaring sound, pillars of light shot up from the front of the four quasi-emperors, and the terrifying black pillars of light instantly enveloped the mysterious snake girl. These beams of light turned into a huge millstone. slow

Wring up.

Ka Ka Ka!

The millstone contained terrifying coercion, and everyone present could hardly breathe. The powerful force suppressed the mysterious snake girl.

At the same time, a vortex appeared in the middle of the black magic disk, and the vortex was revolving around the beam of light, extremely gloomy, as if some terrible monster was about to run out of it.

Clang, clang, there was a sound of chains ringing, as if some mechanism had been touched.

"Um?!"

Everyone looked at the vortex in shock, only to see that in the pitch-black vortex, a black chain suddenly burst out.

call out...

This chain struck towards the masters of the restricted areas who had activated the formation below, like spirit snakes.

Jialuo Mingzu seemed to have expected it long ago, and with a flick of his hand, a master of the restricted area was thrown out by him, and the black iron chain penetrated his body immediately, and was tightly entangled.

"ah..."

Under the severe pain, the master of the restricted area woke up. He roared loudly, and there was unbearable pain from his body. At the same time, his body was rapidly becoming shriveled, as if he had lost all his origins.

Everyone present was shocked, but only a few people felt that it was expected.

Among them are the master of the black prison and the ancestor of Yan Hun. Being able to stand out among so many masters of the restricted area, they are naturally no small matter. Before the forbidden area of the Dead Sea, Jia Luo Ming Zu had been hiding his strength, so he felt that Jia Luo Ming Zu might be hiding something. Now that this formation has appeared,

Jialuo Mingzu finally showed his face. As soon as the picture appeared, his fierce appearance was completely exposed.

[Chapter 5419: The emperor wakes up](#)

"ah!"

In the void, the master of the restricted area screamed violently. The essence in his body was rapidly passing away. In just a moment, his whole body was completely turned into a mummy. The essence was exhausted, including the power of the soul.

puff!

Under the watchful eyes of everyone, the master of the restricted area turned into a piece of black ash and disappeared.

"Jialuo Mingzu, what are you doing?"

Everyone changed color and shouted angrily.

At the same time, many people on the scene were about to retreat in a hurry, trying to evacuate from the range of the formation, but what made them discolored was that the formation contained endless suction, and they were firmly imprisoned in this void, and they couldn't break free.

Their bodies seemed to be sucked by a suction cup, and they couldn't move at all.

Moreover, the original power in their bodies is still constantly being lost, constantly activating the formation, and it is not under their own control at all.

Everyone was terrified and angry for a moment, and their spirits swayed in fright.

"Everyone, since we're all here, there's no need to struggle!"

Jia Luo Mingzu chuckled, puff puff puff, from the black vortex, several black chains rushed out again, like spirit snakes, rushing down.

"Not good." Many people changed their colors. Although they were attracted by this big formation, they were still able to make a move. In an instant, streams of light shot up into the sky, and almost every master of the restricted area displayed his strongest attack. , for fear of being stared at by the black chain

live. However, no matter how the masters of the restricted area strike, the black chain seems to be in an uninhabited state, instantly piercing through the attacks of many restricted area masters, and with a bang, it pierced through several restricted area masters again, throwing them off. up

half empty.

"ah!"

A shrill scream sounded.

Among them, there is the ancestor Leng Gui who spoke for Jia Luo Mingzu before.

"Brother Jia Luo, let me down."

The Leng Gui Patriarch said in horror, he had previously spoken for Jia Luo Ming Patriarch, but he did not expect to become a prey so soon.

"Hey, brother Leng Gui, since you have always supported this ancestor, you should continue to support me now."

Jialuo Mingzu said with a sigh, but there was a light smile on the corner of his mouth.

Because, at this point, he already has the chance to win, and he doesn't need to worry about anything anymore.

Among all the masters of the forbidden zone, Qin Chen and the others were the only ones who were not trapped by the formation, and the others were all within the range of the formation, so they couldn't surprise any splashes.

"Jialuo Mingzu, what does this mean? Why don't you stop and activate the formation?"

In the big formation, the patriarch Yan Hun said angrily, although he had raised his vigilance before, he also participated in the activation of the big formation in order to leave here, and now he is also trapped inside.

The others also looked at Jia Luo Ming Zu angrily, they were still hoping that all this was an accident, Jia Luo Ming Zu didn't know the real consequences of activating this array.

Because everyone's goal is to leave the abandoned land. Now everyone is trapped in this hall, it can be said that they are all grasshoppers on a rope, and they should cooperate with each other. There is no reason for Jialuo Mingzu to do so. However, what surprised everyone was that Jialuo Mingzu stood proudly. He stepped forward with a step, and with a buzzing sound, he walked directly into the middle of the formation under the eyes of everyone. With every step he took, this flash

blink.

In a short while, Jialuo Mingzu had already walked to the center of the four quasi-emperors, and the flow of patterns did not stop him at all.

Such a scene made everyone's hearts sink completely.

Obviously, Jia Luo Mingzu's control over this formation is far beyond everyone's imagination. In this way, it is very likely that he has known the purpose of this formation a long time ago.

"Grandfather Jia Luo Ming, what is your purpose for doing this? We are all trying to leave this abandoned place. Your behavior like this is just killing each other, and it doesn't make any sense."

Guilong Guizu said in horror.

"Alas." Jia Luo Mingzu sighed softly: "You are really naive and stupid, to ask such a question, if there is no sacrifice, how can we leave this hall? Such a simple reason, should not some people don't know

Say it. "

"You... what do you mean by that?"

Many restricted area masters said in horror. Jia Luo Mingzu shook his head and said: "Can't you see it? This forbidden area of the Dead Sea, and even this palace hall, is a jeopardy. Any ghost cultivator who enters it will be devoured bit by bit, and eventually the soul will dissipate and turn into dry bones."

, even the Great Emperor is no exception. Jialuo Mingzu raised his head and looked at the woman with the snake body, "There is only one way to leave here, and that is to let this palace hall absorb enough soul power, and when it is satisfied, the passage to leave will naturally be opened. Chance

get out of here. "

Absorb enough souls?

can get out of here?

Everyone was startled.

"how do you know?"

Guilong Guizu exclaimed in surprise. "Hehe, you are not masters of the underworld, so naturally you can't tell. The reason why the secret pattern of this palace hall can absorb the soul is because this palace hall is in a weak state, and the power of our soul can repair this palace hall.

This is the instinct of this hall. "

"Once these palaces and halls absorb enough power of the soul, these halls will stop devouring, and at that time, there will be the only chance to leave this place. Senior Emperor Shimei, is what I said right or wrong?"

Jialuo Mingzu raised his head and looked lightly at the snake-like woman above the main hall.

Emperor Shimei?

Although all the people present were trapped in the formation, they did not lose consciousness, and everyone's heart trembled when they heard this.

Could it be that the name of this snake-body woman is Emperor Shimei?

Some ancient masters of the restricted area were inexplicably moved in their hearts, because in their memory, there was indeed such a strong man in the ancient underworld.

But, why did Jialuo Mingzu speak to the snake girl's body? Could it be that Emperor Shimei is not dead yet?

"It really is her."

Not far away, Qin Chen's heart moved. In fact, he had already vaguely guessed the identity of the snake-body woman, and the words of Jia Luo Mingzu confirmed his guess even more.

"Senior Shimei Great Emperor, don't pretend any more, this palace hall can kill anyone, but even the stone statue ghost ancestor and soul-eating ghost worm are alive, so it will definitely not be able to kill you, senior!" Jialuo Mingzu sneered: " In fact, the senior has been awake all the time, the reason why I allow these guys to be trapped here, even at the expense of being exhausted again, is nothing more than to let this palace hall absorb enough spirit and origin, so that

Give seniors a chance to leave this place, right? "

"How...how did you know?"

At this moment, the snake-like woman, who was like a sculpture, had been quietly suspended in the air, and was trapped by countless black chains of nothingness, suddenly opened her eyes.

A voice full of endless charm went straight into everyone's mind.

The voice was full of magnetism, and it fell into the ears of everyone. Even the powerful such as the Stone Ghost Ancestor, their eyes were blurred, and their minds seemed to be attracted to it, obsessed with it.

The eyes of the masters of many restricted areas blurred in an instant, falling into a brief dizziness.

hum!

Qin Chen's mind was also seduced by this voice, but he was prepared and woke up immediately.

"It's the voice that has been calling for help." Qin Chen looked up at the figure. When she opened her eyes, her whole body seemed to glow with unprecedented light. Such a woman is full of endless temptations, making everyone Everyone is crazy about it, even if it is

You have to sacrifice your life to protect her.

At this moment, the woman looked at Jialuo Mingzu, and an invisible regular fluctuation instantly enveloped Jialuo Mingzu.

However, when this force descended on Jia Luo Ming Zu, with a bang, a terrifying aura suddenly burst out from Jia Luo Ming Zu's body, and an emperor's breath shot up into the sky instantly.

Although this aura of emperor is much weaker than that of Emperor Shimei, it firmly resisted the regular aura of Emperor Shimei for Jialuo Mingzu.

"Hahaha, senior Shimei, don't waste your efforts." Jia Luo Mingzu laughed loudly, his eyes were ferocious: "If senior was still in his prime, I would naturally be unable to resist the charm of senior, but now, senior is just a Disabled, suppressed here for so many years, with supernatural powers

Ten does not exist, and the soul is like a candle in the wind. With the power of this mere rule, it is okay to charm other people, but it is a bit whimsical to want to charm the quasi-emperor consciousness. "

boom!

The powerful aura on Jialuo Mingzu's body was like a vast ocean, sweeping in all directions, resisting this weak regular aura from outside his body.

"Quasi-emperor strong."

At this moment, everyone has woken up from the confusion. After sensing the breath of Jialuo Mingzu, the stone statue ghost ancestor and the soul-eating ghost worm all exclaimed.

Back then, they had been with some quasi-emperor powerhouses in this hall, and the divine and soul aura displayed by Jialuo Mingzu in front of them definitely surpassed the level of detachment and reached the quasi-emperor realm.

"You... are you the guy who escaped by chance?"

The charming voice sounded again, and the eyes of the woman with the snake body, which contained endless charm, locked firmly on Jialuo Mingzu: "You... are still alive?"

"What, did Senior Shi Mei think that I was dead?"

A sneer was drawn at the corner of Jia Luo Mingzu's mouth: "A few people, I and others, led many strong men to this place back then. The senior asked us to form an array and jointly perform a soul attack on the grounds of jointly opening the secret lines of this palace hall."

"Fortunately, I had doubts a long time ago, and deliberately set up the four elephants' spirit trapping formation, using the body's origin as the formation, to trap the senior in this hall, so that the spirit and soul escaped by chance, and did not end up in the same fate as the four of them. ""After I escaped by chance, my soul was severely damaged, and I did not hesitate to take away others to survive. After so many years of recuperation in that abandoned place, and the sacrifice of so many powerful souls, it was finally possible to get the soul

repair. For so many years, I have been waiting for an opportunity, an opportunity to return to this place. " Jialuo Mingzu said with a sneer.

[Chapter 5420: Being the ancestor is easy to bully?](#)

In the main hall, Jia Luo Ming Zu's words were constantly echoing, his eyes were crazy, he locked on the above and Shi Mei Great Emperor, and was always on guard.

"This time, I led so many strong people here, just to get back everything I lost back then, and to avenge it with one arrow."

Jialuo Mingzu's words shocked everyone.

Did Jialuo Mingzu actually come to this hall back then?

"You...misunderstood!" Emperor Shimei sighed, "Everything I did was to lead all of you out of this difficult place, but at the beginning you didn't trust each other and each had your own ghosts. After arranging this backlash formation, this is the cocoon

Self-restriction caused the emperor to fail to crack the secret pattern, and lost the opportunity to leave. "

"Otherwise, I'm afraid I would have already left here."

Emperor Shimei's voice was mournful, full of regret.

That moving voice, extremely gentle, gently entered everyone's ears.

At this moment, the eyes of Wulong Guizu and the others became blurred, and they looked obsessively at the emperor Shimei above, with an unbearable meaning in their eyes.

How pitiful! They seem to have seen that back then, Emperor Shimei wanted to break the restriction of the secret pattern and lead everyone away, but Jialuo Mingzu and others had ghosts in their hearts, and they lifted a rock and smashed their own feet. Shi Meida

God lost the chance to leave.

Otherwise, all of them would have left successfully.

But the Emperor Shimei who is now trapped is actually just an innocent victim, and Jialuo Mingzu is the real culprit.

"Wooooow!"

Some even couldn't help crying.

At this moment, there was sadness in everyone's eyes, and they wanted to recklessly rush forward to avenge the injustice of Emperor Shimei and complain for this innocent woman.

"snort!"

At this moment, a cold snort resounded, resounding like thunder, shaking the hall.

boom...

At the same time, a terrifying aura swept over, and everyone felt that the essence of the body sucked by the formation was speeding up, and each of them woke up suddenly.

"I..."

Many people gasped and hurriedly wiped away the tears from the corners of their eyes.

what's the situation?

At that moment just now, all of them seemed to have lost their sanity, and there was no thought at all in their minds. They just wanted to fight to the death to vindicate Emperor Shimei.

What a terrifying power of charm!

Many people trembled in their hearts, is this the might of the Great Emperor?

If it weren't for them being trapped in the formation, Emperor Shimei would probably let them die, and many of them would kill themselves without hesitation.

"Senior Shimei, don't waste your efforts."

Jialuo Mingzu sneered and mocked.

It was he who sternly shouted before, urging the big formation below and waking everyone up. Jialuo Mingzu said disdainfully: "If senior was in his heyday back then, it would have been possible to confuse these trash, but now these guys have fallen into the trap of my ancestor's four-element spirit, each of them can't help themselves, senior Shimei still wants to bewitch him

You guys, it's a little whimsical. ""What's more, when you failed to crack the secret pattern, your body was trapped, and your soul was severely damaged. After so many years, you were huddled in this hall, and you were constantly suppressed by the devouring power of this hall. Your soul has passed away. Now I am afraid that you are completely gone.

Do you have the strength to resist? ""On the contrary, it is the ancestor who deliberately pretended to discover the forbidden area of the Dead Sea, and led all the strong men from the abandoned land over the years to return to this place. , in one fell swoop

It is not a delusion to step into the realm of the Great Emperor. "

"At that time, the ancestor will become the great emperor, nourish this hall with the souls of all of you, break the restriction, and return to the underworld. How amazing will the strength he condensed be?"

"At that time, this ancestor will definitely surpass you, even surpass the ancient Underworld Emperor, and become the most supreme existence in this underworld."

"So, senior, please don't resist. Since you have already been damaged, why don't you sleep here forever, fulfilling this ancestor, and allowing this ancestor to continue your glorious life?"

Jialuo Mingzu sneered and said, he is in his hands.

And his eloquent words made everyone change color and feel frightened and angry.

It turned out that the discovery of the forbidden area of the Dead Sea was entirely planned by Jia Luo Mingzu. It was not an accident at all, but he felt that the time was ripe, so he released the news to attract everyone.

From the start, this has been a trap.

And the masters of all their restricted areas, being tempted to leave this place, threw themselves into the trap one after another and became moths to the flame.

Everyone present is a victim of his plan.

Too vicious.

All the masters of the restricted area present couldn't help trembling in their hearts, showing despair.

He has arranged for so long, I am afraid that he has already made a plan to kill them.

"Whimsical, whimsical!"

Emperor Shimei had a thought, and in an instant, the sky and the earth changed color, as if a hurricane surged out of thin air, the wind and rain were full of anger.

boom!

A terrifying breath was born between the heaven and the earth, and suppressed towards Jialuo Mingzu below.

"Senior Shimei, since this ancestor has been planning for so many years, how can you not be prepared for it? Why do you resist and waste all your efforts?"

Jia Luo Mingzu sneered, and suddenly squeezed the formula.

boom! The four-element spirit array below frantically lit up, "Ah", screams sounded, the ancestor Leng Gui and other strong men trapped in the void by chains screamed, and their bodies were instantly wiped out. The origin of terror contained in their bodies, by the whole

The big array is absorbed in an instant.

Rumble! The big formation rumbled, and the four quasi-emperor-level Mingbao suspended there quickly burst into black light, spinning around his body continuously, and a terrifying aura shot up from the body of Jialuo Mingzu crazily. click lock

The sound of chain friction sounded, and the chains of nothingness that penetrated the body of Emperor Shimei continued to flow. These chains seem to have penetrated the void of time, forming a series of terrifying blockade marks, firmly imprisoning the figure of Emperor Shimei in this void, and dazzling talisman lights fell all over Emperor Shimei's body, slamming her.

Repression.

With a bang, under the power of the terrifying formation, the terrifying coercion formed by Emperor Shimei's thought was instantly suppressed, and disappeared without a trace in an instant.

At the same time.

Puff puff!

After the ancestor Leng Gui and the others died, the black chains exploded again, like a lizard devouring a mosquito, and in an instant, more than a dozen masters of the restricted area below were rolled up, piercing their bodies and absorbing their origin. and soul.

"ah!"

The masters of these restricted areas struggled painfully, but no matter how they resisted, they couldn't break free from the shackles, and the other people below looked pale and desperate.

Here, they are like fish on a chopping board, without any resistance at all.

"Senior Shi Mei, don't resist, so what if you were the great emperor, but now that your soul is broken, leaving only a remnant soul, how can you beat me?"

Jia Luo Mingzu was full of confidence: "Now this main hall is under the control of this ancestor. Why don't you be beautiful, let me sacrifice to you, and let your power make this ancestor successfully break through the emperor and leave this place?"

Jialuo Mingzu sat in the main hall, and the aura on his body became stronger and stronger.

This four-elephant formation is continuously providing him with strength and improving his cultivation.

"Yeah?"

Emperor Shimei's voice was cold, "Not everyone in this hall is trapped by you."

As his voice fell, everyone suddenly turned their heads and looked aside.

Where it was, Qin Chen and the others had been listening carefully, without any action.

yes.

And Brother Ming!

A glimmer of hope suddenly emerged in many people's hearts.

Previously, Qin Chen ignored Jialuo Mingzu's arrangement and never activated the formation. Therefore, Qin Chen and Wangu Mingzu are still out of the battlefield and have not joined the formation. Trapped inside the formation.

This is the only chance to fight against Jialuo Mingzu.

In the crowd, the ancestor of the virtual crocodile was trembling with excitement in an instant, and he couldn't wait to say in ecstasy: "Lord Mingzhu, save me quickly, save your subordinates."

"Senior Shimei, you mean them?"

Jialuo Mingzu glanced at Qin Chen and the others, with disdain on the corners of his mouth: "Senior, you really have lived and returned. Although these people have never been trapped in the big formation, in the eyes of this ancestor, they are nothing more than ants, and they can stir up trouble again." What waves are coming."

"Forget it, the ancestors will destroy them first, so that they will not be disturbed when they sacrifice their seniors later."

Jia Luo Mingzu's eyes fell on Qin Chen, and he sneered, "Brother Ming, please die obediently!"

He pressed his hands empty, as if commanding, clang, and immediately a black iron chain shot towards Qin Chen and the others.

"I don't know the heights of the sky and the depths of the earth, but dare to be presumptuous to Lord Mingzhu, I have long disliked you."

Before the chain came to Qin Chen, Wangu Mingzu let out angrily, shook his body, and immediately killed him. With a buzzing sound, the death scythe in his hand suddenly appeared, and jet-black runes flowed rapidly from the jet-black blade, and was instantly urged to the extreme. The terrifying sword aura swept across like a vast ocean, shocking the heavens, and the jet-black blade turned into light.

As a sky-reaching sharp blade, he slashed wildly at the black chain in front of him.

boom! The black sharp blade collided with the black chain, and an ear-piercing roar erupted instantly. In the endless impact, Wangu Mingzu only felt an infinite force coming, and with a bang, the whole person was instantly blasted out. Broken

There is an endless void behind.

cough cough!

Wangu Mingzu coughed dryly and was out of breath, watching the black chain change color involuntarily.

What a horrible attack.

And when he changed color, the black chain just flicked, and he killed again.

Crash!

The chain trembled, like a big spear, piercing directly into the Myriad Bone Nether Ancestor.

"Damn, do you really think that this ancestor is easy to bully?"

Wangu Mingzu was furious, and he shot out again. He undisguisedly pushed his own strength to the extreme, and under the wave of the death sickle, it turned into an endless burst of knife light.

Boom boom boom! Amidst the astonishing roar, Wangu Mingzu and the black chain instantly smashed into a ball.
