[Chapter 5441: not long to live](#)

Qin Chen was silent and did not speak for a long time.

Are those sects innocent?

Qin Chen didn't know, at least from the narration of the middle-aged man in black, that the fire demon cave, the countless innocent souls in the secret room, and the sect behind it were definitely not as simple as it appeared on the surface.

Qin Chen only knows that if others are not suffering, don't persuade others to be kind.

All evaluations are left for later, at least he will not judge whether the boy is evil or good.

Good and evil are only in one thought, so how can it be so easy to tell the difference?

Qin Chen quietly looked at the middle-aged man in black. The middle-aged man in black robe closed his eyes, and said slowly: "After slaughtering the sect, the young man embarked on the road of seeking Taoism. Do things against the sky, kill everything in the world

A hypocrite and wicked person, gradually, his hands were stained with blood. "But he didn't care, and he never said that he was a good person. On the road of seeking, countless people chased and killed him, reviled him, and accused him, but all those who bullied him, humiliated him, and laughed at him were punished by him." killed. In the end, he actually became

For a legend of this continent. "

"Is it ridiculous?" The black-robed middle-aged man sneered.

Killing one person is a crime, killing ten thousand people is a hero, and killing a million people is a hero among heroes!

When a person is truly invincible, no one will scold him, but only worship him, fear him, and look up to him.

What kind of mentality is this?

But that's how it is in this world. "Later, the young man became stronger. He went to a more magnificent world and came to the boundless universe. blood, also by countless

People chased and killed him, and those who chased and killed him were far from comparable to those in that remote continent back then. Countless times, the boy was walking on the verge of death, and was strangled by the **** of death. "

The middle-aged man in black raised his head, his eyes were calm: "But even in the most desperate moment, the boy never thought of dying, because there are always those four words in his mind: live well!"

Live well! The middle-aged man in the black robe said indifferently: "The boy killed all the way to enlightenment, and no one can stop his growth. After many, many years, the boy has become invincible in the world, and he also knows many secrets in the world. It turns out that after a person dies, not

The smoke disappears, but will be reincarnated to a place called the underworld. ""The young man has cultivated crazily and grown continuously for so many years. In fact, he has always had a dream in his heart, that is, he can reverse the path of life and death and revive his sister, but how is this possible? No matter how strong a person is,

There is no way to reverse life and death and resurrect the dead, but now, the young man has found hope. "

"After a person dies, he will enter the river of death in the underworld, enter a new cycle, or become a creature of the underworld, or be reincarnated."

"Although the younger sister's soul was scattered back then, she was born with a great soul body. Once she falls, she will be resurrected in the river of dead spirits, becoming a spirit in the river of dead spirits, and will not enter reincarnation."

"So...the boy is here!"

"He went to the legendary underworld alone to fish out his sister from the river of undead and let her live another life."

"But the underworld is the place of reincarnation, the dark side of the cosmic sea. There are strong people like clouds in this place, and the long river of undead spirits is the mother river of the underworld. It is not easy to get life from it and forcibly break the rules of the underworld." Middle-aged man in black robe The man murmured: "But the young man didn't back down, countless enemies came one after another, but he was not afraid, he fought his way up the underworld with a single sword, defeated countless strong men, went through untold hardships, finally

When he came to the river of dead spirits, he also found his sister's soul from the river, and fished out a trace of her soul. "

Speaking of this, the eyes of the middle-aged man in black robe had a touch of love and relief.

"But the young man finally offended the most powerful existence in the underworld, the Underworld God!"

"And if you want to take his sister's soul away and be reborn in the sun, you must defeat the **** of the underworld." Speaking of this, the middle-aged man in the black robe slowly closed his eyes, "But the **** of the underworld is really strong. Although the young man is already invincible in the world, he had few opponents in the universe sea and the underworld back then, but the underworld **** was born adhering to the original will of the underworld, reached the ultimate existence on the road of cultivation, and controlled all the rules of life and death in the underworld. In that battle, The sky collapsed and the earth was destroyed, the **** of the underworld was severely injured, but the young man also fell into the underworld, and he never took away the trace of his sister.

The soul has become his lifelong regret. "

Qin Chen sighed in his heart and didn't speak.

The middle-aged man in black robe suddenly said: "You should have guessed it, I am that boy!"

Qin Chen looked at the middle-aged man in black robe without any surprise in his eyes.

He had already guessed it.

The middle-aged man in the black robe murmured: "Actually, I have long since fallen. What you see now is just an obsession of mine. But if the wish is not fulfilled, how can the obsession be eliminated?"

"Originally, I thought I would never be able to fulfill my wish in this life, until I saw you."

The middle-aged man in black robe suddenly looked at Qin Chen.

Qin Chen looked at the man in black with a stunned expression.

The middle-aged man in black looked straight at Qin Chen, and suddenly said, "My sister's soul is on you."

Qin Chen's expression was calm, he was silent for a moment, nodded and said, "It's a smile."

He had too many doubts and doubts about Xiaoxiao, and he didn't finally understand until he heard the story told by the middle-aged man in black robe.

Smiling, she was the younger sister mentioned by the middle-aged man in black robe, the soul that was retrieved from the river of death.

"Smile."

The middle-aged man in the black robe murmured, his eyes blurred: "This name is really good. I really hope that she can laugh a lot and grow up happily like that."

Qin Chen looked at him, feeling the hope in the other person's heart. Who would have thought that the strong man in front of him who could fight against the **** of the underworld, who was able to fight the **** of the underworld, had such a simple wish in his heart.

What a simple desire to grow up happily.

But God is so cruel, even such a simple wish is not willing to satisfy him at all.

"Actually, my obsession can't last long." The middle-aged man in black robe said suddenly.

Qin Chen frowned.

The middle-aged man in the black robe slowly stretched out his hands, and then spread them out in front of Qin Chen. On his nothingness body, there were mysterious and dark dao rhymes flowing, which contained a palpitating horror of death. force.

"Back when I fought against the **** of the underworld, I was severely injured, and my soul was scattered. Now this obsession is also eroded by the power of the underworld god, and there is not much time left." He turned his head to look at Qin Chen, and said solemnly: " The purpose of my obsession is

not to find some successor, nor to let someone inherit my mantle, nor to seek revenge from some **** of the underworld, to return to the universe sea, what I want

, just guarding her sister and not letting anyone hurt her. "The middle-aged man in the black robe stared at Qin Chen: "The reason why Xiaosha asked you to repair this secret pattern restriction earlier was to leave a mark on your body. When the body is formed, Xiaosha will integrate into the

In your soul, control your life and death, only in this way, Xiaosha and I can trust you with my sister. "

Qin Chen suddenly realized.

He finally understood all of this, and also understood the purpose of the previous light and shadow.

Because Xiaoxiao is on her body, and she is still born with a Dao soul body, an original spirit in the river of undead spirits, once someone sees through, Xiaoxiao will become the existence coveted by all the strong.

Because of swallowing Xiaoxiao, he can reach the highest realm of the Dao, achieve the supreme soul body, and even communicate with the long river of undead spirits, and control the reincarnation and reincarnation of many souls in the long river of undead spirits.

What kind of authority is this?

This is not only in the lower realm, but also a great attraction for the strong in the universe sea, even for the strong like the four great emperors of the underworld, devouring and laughing is an irresistible temptation.

Compared with Qin Chen, this middle-aged man in black robe obviously believes in the existence of light and shadow, after all, the other party is his partner who has fought with him all his life.

The trust in it was simply beyond Qin Chen's comparability.

"It can be seen that you will not agree." The middle-aged man in black robe looked at Qin Chen, he squinted his eyes, and after a while, he said slowly: "If you agree, I will give you everything I have and send you away ."

Qin Chen was silent for a long time, then shook his head.

To be honest, Qin Chen sympathized with the other party very much, but sympathy belonged to sympathy. If he wanted his soul to be controlled by another person, even if this other person was just a treasured spirit, Qin Chen could not agree.

I control my own life.

No matter what the situation is, Qin Chen will not let his life and death escape his control. "I sympathize with what happened to the senior, but...it's impossible!" Qin Chen looked resolute, and immediately said sincerely: "Maybe the senior may not believe it, but I can only say that I, Qin Chen, will never devour a The spirit of the little girl

Things like growing yourself up. "

This is Qin Chen's statement.

The middle-aged man in the black robe looked at Qin Chen with deep eyes, and kept staring at Qin Chen. Qin Chen also raised his head, but his eyes met each other calmly.

The two just looked at each other.

After a long time, the middle-aged man in black robe suddenly smiled: "I believe you, in fact, if you were not under my control, I would not have let you go."

Qin Chen nodded.

He understood the worry of the middle-aged man in black robe.

"However, I changed my mind later." The middle-aged man in black robe said suddenly, looking into the depths of Qin Chen's soul.

Qin Chen frowned and said, "Could it be because of the power of thunder in my body?"

The middle-aged man in black robe nodded: "Yes."

As soon as he raised his hand, there was a bang, and the endless dark pillars in the void in front of him instantly lit up with endless light, and the secret pattern restrictions lit up one after another, illuminating the pitch-black void.

Countless secret lines unfolded slowly in front of Qin Chen like a vast scroll. The middle-aged man in the black robe said lightly: "This is the most core secret pattern forbidden pattern here. I have activated all of them. You can go up and try to refine them."

[Chapter 5442: magic soldier](#)

Try refining?

Qin Chen raised his head and saw those secret pattern restrictions that appeared suspended like a majestic picture scroll, and couldn't help but tremble.

At this moment, he has only one thought, vastness.

The pattern formed by the countless secret pattern restrictions in front of him contains the supreme profound meaning of the Dao. Even if Qin Chen takes a look at it with his current cultivation base, he can't help feeling a little dizzy in his mind.

He can be sure that this level of power is far beyond what he can control now, and it is beyond the power of the Great Emperor. As if knowing Qin Chen's doubts, the middle-aged man in black robe looked at Qin Chen and said calmly: "Actually, with your cultivation base, it is impossible to refine these secret patterns, but you have the main body of the Reverse Killing Sword." , and have got

Its approval, coupled with Xiaosha's help, should take some energy and time, so it shouldn't be a problem. It's just that the refining process will be a little bit painful, you have to bear it, but..."

The middle-aged man in black took a deep look at Qin Chen: "Others may not be able to do it, but you must be able to do it."

"Reverse Killing Sword?" Qin Chen murmured, looking down at the mysterious rusty sword in his hand.

Is this the original name of the mysterious Rusty Sword?

After so many years, Qin Chen knew the name of the mysterious rust sword for the first time. "That's right." The middle-aged man in the black robe looked at Qin Chen: "The weapon in your hand is called the Reverse Killing Sword. It is a magic sword that grew up following my killing all the way back then. This thing has surpassed the category of ordinary treasures. It can be called a god

Soldiers! "

"God soldiers?"

"Yes, beyond the existence of emperor soldiers, they can be **** soldiers."

"Beyond the Emperor Soldiers?"

Qin Chen couldn't help but take a deep look at the mysterious rusty sword in his hand. This thing turned out to be a treasure beyond the emperor's level.

Incredible.

Although Qin Chen knew that the mysterious rust sword was extremely powerful, he never thought that this sword could surpass the imperial soldier level.

Along the way, although the mysterious Rusty Sword has been extremely powerful and has saved his life many times, after entering the realm of transcendence, it has never revealed anything special, so Qin Chen never thought about it in that direction. "Do you think the Reverse Killing Sword is very ordinary?" The middle-aged man in the black robe said lightly: "In fact, this is its biggest feature, because it rises from the ordinary along with me. If you are strong, it will be strong. You weak, it is weak, this

Only the truly strong in the world can exert its full power, and the only thing limiting it is your own strength. "

"This is one of them."

"Secondly, the Excalibur in your hands is actually incomplete. The world you are standing on now is another part of the Excalibur."

Qin Chen looked around in surprise: "Is this part of the Excalibur?"

This is a whole palace and hall, winding countless miles, and there are countless spaces in it, is it actually a part of the mysterious Rusty Sword? The middle-aged man in black robe nodded and said: "That's right, I was seriously injured in the battle with the **** of the underworld, causing my body to die, and the sword of reverse killing was also shattered. What you got is the main body of the sword, and what stays here is Excalibur's deputy

Only when the main body and the auxiliary parts are integrated, can it be regarded as the real anti-killing sword. "

"The current you should be trapped in my body. Only if you can fully master this anti-killing sword can you leave this place and return to the underworld."

"As for me, I don't need you to do anything, I just hope that you can leave this dark underworld with Xiaoxiao's soul, return to the universe sea, and let her live a happy life, of course..."

The middle-aged man in the black robe took a deep look at Qin Chen: "If you meet the person behind you in the future, I hope you can help me ask the person behind you to see if you can reverse the cycle of life and death and give Xiaoxiao a reincarnation." A chance to be reborn..."

"The person behind me?" Qin Chen frowned, and asked in doubt, "You mean, my father?"

Father?

The middle-aged man in the black robe took a deep look at Qin Chen again, nodded and said, "Yes, since he can prevent you from entering reincarnation, someone with such means can definitely make Xiaoxiao re-enter reincarnation."

After being silent for a while, Qin Chen said, "I can't guarantee it, but if I see my father in the future, I will ask him to try."

The middle-aged man in black robe nodded and said sincerely, "Thank you."

Qin Chen looked at the secret pattern restriction above the sky, and said, "Until now, the younger generation still doesn't know the name of the senior!"

The middle-aged man in the black robe said: "My name is Nixuan, and the world calls me Nisha God Emperor!"

To kill the God Emperor? !

Qin Chen's heart shuddered, this name is not easy.

D?

Who can be called God Emperor?

"I wonder if senior has ever heard of the Four Great Emperors of the Underworld?" Qin Chen asked suddenly. The middle-aged man in the black robe glanced at Qin Chen, and said lightly: "When I was alive, there were no four great emperors in the underworld, but I am obsessed with sitting here and knowing everything. In the mysterious world in your mind, there is an ancient statue. Four poles of the underworld

God? "

Qin Chen nodded: "I don't know how that senior thinks of the Emperor Youming? This person's strength..."

"It's just ants." The middle-aged man in black robe said lightly.

"Ants?" Qin Chen stared.

"In the ancient underworld, the great emperors are like clouds, but they are all guys who can be destroyed with a snap of the fingers. The only one who can confront me is the **** of the underworld."

The middle-aged man in the black robe glanced at Qin Chen lightly, "Apart from your father, only the power of the abyss in the palace is not bad in your body. Of course, the power of your previous totem is also barely okay. ."

Barely okay?

Qin Chen was speechless. The ancient emperor who was called by Emperor Youming to have reached the end of the evolutionary path of the emperor was only okay. What kind of cultivation was this emperor who killed the **** back then?

No wonder the so-called Four Great Emperors were called ants in their mouths. However, the Rebellious God Emperor is the Rebel God Emperor. This person was an invincible existence in the universe back then, and in this underworld, only the underworld master Hades can confront him. Qin Chen himself Naturally dare not be so presumptuous

.

With Qin Chen's current cultivation base and strength, any great emperor is still a superior existence to him.

Of course, what Qin Chen cared most about was the Emperor's evaluation of the power of the abyss in the Hall of Ten Tribulations.

Well enough.

When this word fell into Qin Chen's ears at this moment, it was like the sound of nature. It should be noted that I came to the underworld on this trip to save Sisi who was damaged by the invasion of the abyss. The Nether Emperor had no choice but the ancient emperor gave the idea of treatment, and the reverse killing **** emperor senior, maybe

Sisi can be saved.

Thinking of this, Qin Chen immediately said excitedly: "Senior, I have a wife in the chaotic world who is currently being eroded by the power of the abyss. I don't know, senior..."

Before Qin Chen could finish speaking, the God Emperor Nisha raised his hand to stop Qin Chen from asking.

"I know what you want to ask. This person has been invaded by the power of the abyss, causing the source to collapse. If I were in my prime, I might not be able to restrain the power of the abyss and save him, but now I am just an obsession..."

The Rebel God Emperor shook his head.

Qin Chen's expression darkened.

can't you? "You don't have to be discouraged. Sometimes, whether it is a blessing or a curse, you may not be able to say it clearly. Your top priority is to refine this place as soon as possible. If you can't refine this Temple of Rebellion, restore the Sword of Rebellion, and you will leave immediately. can't do it here

, what else? "

The Reverse Killing God Emperor said lightly. Qin Chen looked up at the endless secret pattern restriction above. The next moment, his whole body suddenly rose into the sky, and then sat cross-legged in the void. He watched the secret pattern restriction in front of him. These secret pattern restrictions contained palpating power. in

Any one is enough to suppress Qin Chen out of breath.

"Before refining, I need to remind you that once the refining fusion of the Temple of Rebellion and the Divine Sword of Rebellion begins, no one can stop it. The whole process is extremely difficult, and there is even a possibility of failure."

"And once it fails."

"Your will will collapse in an instant, and your soul will also disintegrate, and you may even worry about life and death." The Emperor Against Killing said solemnly: "Now I only have one obsession left, and this process can't help you. yourself."

"Of course, the power in your soul is very strong, so you may not really fall, but if you fail, you will no longer be able to integrate the Sword of Reversing Death, and you will be trapped here forever, unable to leave."

The Rebel God Emperor looked serious.

Qin Chen's eyes are cold and stern, can't he leave?

No!

For Sisi, there is only one path in front of her now, and that is to succeed. Qin Chen looked at the mysterious rusted sword in front of him, and gently stroked the sword body: "Old friend, the Emperor Nisha said that your name is Nisha Shenjian, but in my eyes, you will always be the one I used to fight from five years ago." Mysterious rusty sword unearthed from Chinese fossils

."

"Although this name is ordinary, I believe that in my hands, one day, you will shine even more magnificently than in your previous life. Let us work together to stand on the top of the universe."

hum!

The mysterious rusty sword trembled, trembling slightly.

The Excalibur has a spirit, as if echoing Qin Chen's words.

"Um?"

Down below, the pupils of the Anti-killing God Emperor shrank slightly, "I didn't expect that this sword body would also take the initiative to give birth to a spirit?"

He looked surprised.

A treasure can only give birth to a spirit under normal circumstances, but his Reverse Killing Excalibur had already given birth to the spirit of Xiaosha back then. Under normal circumstances, it is impossible for the mysterious rusty sword in Qin Chen's hand to give birth to a spirit.

But just now, the slight tremor of the mysterious rusty sword made him feel that the body of the anti-killing sword in Qin Chen's hand was about to give birth to a new spirit, which surprised him.

"That one's transformation of this sword is even more terrifying than I imagined." The Emperor Against Killing God secretly said.

"Boom!"

The countless secret pattern restrictions between the heaven and the earth suddenly burst into light, trembling faintly, and the many dark pillars around them burst into divine light, like towers reaching the sky, connecting the void.

"Refining, it's started." The God Emperor Against Killing looked up at the center of the void, with an expectant look on his face: "I don't know if this son can succeed? I have waited too long for this obsession. If I miss this time, I am afraid There is no hope."

[Chapter 5443: killing intent](#)

The anti-killing **** emperor's eyes were full of anticipation.

His years in this underworld have been too long, so long that he even forgot the time.

In hundreds of millions of years, people who can come to the underworld from the cosmic sea are extremely rare, let alone those who are expected to fuse the parts of the anti-killing sword he left behind.

Qin Chen should be the only one he has encountered in his life who might be able to merge successfully, so how can he not look forward to it.

Even, there was still a trace of tension in his heart.

In the void, there are countless secret pattern restrictions lighting up.

call out!

Wisps of brilliance shot out from all over the void, and then gathered in the middle of the void. Countless brilliance gathered, like silk threads, quickly entered Qin Chen's body.

boom!

In Qin Chen's body, a heaven-defying aura suddenly burst out, a palpating secret pattern aura suddenly permeated from his body.

A special feeling spread throughout Qin Chen's body.

"success!"

"It must be successful." Qin Chen was firm in his heart.

This is related to whether he can leave this place and save Sisi.

Just as he had this thought, suddenly...

"Um?!"

Qin Chen's eyeballs widened suddenly, and a sharp pain came from his body. In an instant, Qin Chen felt that countless cells in his body were convulsed.

pain!

Indescribable pain!

Depend on!

what happened? Qin Chen was trembling all over, and dense sweat broke out all over his body. His face was distorted, and the intense pain made his fleshy skin turn red in an instant, and wisps of mist rose up, as if cooked.

Same as shrimp.

pain.

It hurts so much.

He had never felt such a strong pain, the pain pierced his soul, and he couldn't bear to live.

"Didn't Senior Reverse Killing God Emperor say that the refining process was only a little painful? How could it be so painful?"

Qin Chen gritted his teeth, almost shattered.

This is called a little pain?

Depend on.

It hurts like hell, okay?

The intense pain was like thousands of red-hot needles constantly piercing his skin and moving through his body. The pain made him wish he could faint on the spot.

"hold onto."

From below, the voice of the God Emperor Rebellious came, with a serious tone: "This is the secret pattern prohibition to transform your physical body, you must bear it, if you can't hold it, your physical body will completely collapse, and you will lose the opportunity to inherit."

Qin Chen: "..."

Why didn't you say it before?

boom!

His eyes were cold. Although the physical pain made Qin Chen want to die, how could Qin Chen easily fall down in this place, no matter how much pain he has experienced along the way for so many years.

Isn't it pain?

What are you afraid of? The pain surged like a cramp, but Qin Chen's expression gradually calmed down. He gritted his teeth, his body was covered in cold sweat, and the severe pain made him convulse, but he didn't even groan. , bluntly

Students use their will to fight.

All the pain is only on the level of the physical body, even if the body is smashed to pieces, so what? He is not even afraid of death, but also afraid of this pain?

boom!

Countless secret pattern restrictions poured into Qin Chen's body, the pain became more and more intense, Qin Chen gritted his teeth, resisting the pain.

Below, seeing that Qin Chen didn't even snort in the face of such pain, the Rebel God Emperor couldn't help showing surprise.

At this time, the existence of light and shadow came to the side of the God Emperor Nisha, and asked curiously: "Master, do you think this kid can successfully refine the secret pattern restriction?"

The God Emperor Nisha said indifferently: "Don't call him a kid. In the future, maybe you have to call him master."

The existence of light and shadow pouted and said: "Isn't this not a successful refinement yet? Moreover, even if he can succeed in refining, Xiaosha doesn't want to submit to other people. Xiaosha just wants to follow you, the master, for the rest of his life."

The anti-killing **** emperor glanced at the shadow existence: "Are you afraid that after the fusion of the divine sword body and you, your consciousness will be affected by the will born in the sword body?"

"That's not true." Xiao Sha hurriedly shook his head: "Xiao Sha is just reluctant to part with you, Master."

The Rebel God Emperor smiled and said, "Really?"

Xiaosha said righteously: "Of course it is true."

The Rebellious God Emperor smiled, but did not speak.

Xiaosha hurriedly said again: "Master, I will be refined by him later, what should I do if that guy is not good at Xiaoxiao?"

The God Emperor Nisha turned his head to look at Qin Chen, and said lightly: "Actually, I originally hoped that the other party could be fused with you, and you dominated, but..."

The anti-killing **** emperor shook his head: "There is an extremely terrifying power in this person, his life and death cannot be controlled by you, only you can be controlled by him."

Xiaosha frowned and said, "What power? You don't even dare to offend the master?"

The God Emperor Nisha chuckled and said, "This power is not only me now, but also me in my heyday. I'm afraid I wouldn't dare to offend it."

Xiaosha suddenly sucked in a breath of cold air.

You must know that the master was known as the Emperor of Rebellion and Killing God, and he was dedicated to walking against the sky, so he was not afraid of anyone. Back then, he dared to be tough even the underworld **** who controlled the underworld, and there were people who didn't dare to be tough?

Xiaosha turned his head to look at Qin Chen, his eyes flickered and said: "Second generation!" Looking at Qin Chen who was in endless pain but never saying a word, the God Emperor Nisha narrowed his eyes and said: "Although he is a second generation, but He was stronger than I imagined, and he was able to endure it until now without saying a word. It can be seen that if he has suffered, he will definitely

It takes a lot to have such a firm will. "

Xiaosha was silent.

The pain of this secret pattern prohibiting inheritance, it is very clear.

It is not an ordinary person who can endure it, let alone one who can bear it until now without making a sound.

No wonder the master appreciates him so much.

"Okay, the fusion of secret lines is almost over, it's your turn."

At this time, the God Emperor Against Killing looked at Xiao Sha.

The existence of light and shadow was stunned, and immediately, it bowed respectfully to the God Emperor Nisha, and choked up: "Master, then I...go."

As soon as the words fell, the existence of light and shadow rose into the sky in an instant, and with a bang, its figure exploded, and instantly merged into the entire surrounding void.

boom!

The entire palace hall shook in an instant.

"Small kill."

The Rebel God Emperor murmured.

Boom boom boom!

At this moment, the entire palace hall was shaking violently.

Where the great hall was before, Emperor Shimei and the others all looked around in horror.

What... what happened?

All change color.

Why did this palace hall suddenly vibrate?

Rare through the ages. "It's Young Master Chen." Wan Gu Ming Zu in the crowd was the first to get excited, excitedly said: "It must be Young Master Chen, hahaha, I said that Young Master Chen will not disappear easily, he must be trying to make me wait Leave, Young Master Chen will definitely come back of. "

Is that the kid?

Emperor Shimei's eyes were gloomy, looking at Wan Gu Ming Zu, he felt a little suspicious in his heart.

However, the changes in the hall in front of her were too weird. For hundreds of millions of years, this was the first time she saw such a change in the palace hall.

Could it be that boy?

Emperor Shimei murmured.

now.

In the endless void, when the existence of light and shadow merged into the entire void, countless terrifying killing intents were suddenly born, and quickly poured into Qin Chen's body.

boom!

The killing intent was like countless sharp knives, tearing Qin Chen's body apart in an instant.

Puff puff!

Countless blood spurted out from Qin Chen's body, and countless killing intents were like sharp knives. Along these wounds, these sharp knives continuously penetrated into Qin Chen's body.

It hurts, it hurts too much. At this moment, Qin Chen felt as if his body didn't exist.

The intense pain made Qin Chen almost faint on the spot. "This is the killing intent that has beheaded countless strong men in the Excalibur. Remember, if you want to fuse the Excalibur, you must be able to withstand the killing intent in the Excalibur. Only by withstanding these killing intentions can you to really take control of it. Now you have to

What I did was not to resist these killing intents, but to integrate them. "

The deep voice of rebelling against the God Emperor resounded in Qin Chen's ears.

"Fusion?"

Qin Chen gritted his teeth.

Under such severe pain, his consciousness has even begun to gradually blur.

Painful, too painful.

The intense pain is not only on the body, but has been transmitted to the soul.

At this moment, Qin Chen's soul seemed to be divided into countless areas, some were burning with fire, some were being frozen with ice, and some were being corroded with toxins, and pierced by sharp blades, tearing apart souls.

The severe pain gradually blurred Qin Chen's will, sinking into the endless abyss little by little.

It makes people feel like they want to sink completely and never wake up.

However, Qin Chen persisted.

"No, I can't die, I can't die here..."

"If you sink, you will really die. How can I fall here?"

"Fusion!"

Qin Chen endured the severe pain, allowing this terrifying killing intent to enter his body, flooding his whole body, and melting into his soul.

At the same time, Qin Chen's body was lit up with secret pattern restrictions. Under the refinement of these secret pattern restrictions, these killing intents were gradually integrated into his body by Qin Chen.

This time, Qin Chen didn't use any power to help, he had to rely on his own will to resist the murderous aura.

In the severe pain, Qin Chen continued to persist, even his senses were numb, everything in the world no longer had color, and he could only resist with numbness.

Countless killing intents continued to erode, and Qin Chen kept resisting. The two were pulling each other like a tug of war. For a while, neither could defeat the other.

In this way, time passed little by little, gradually, and I don't know how long it has passed.

Just when Qin Chen could hardly hold on anymore.

Inexplicable...

A misty killing intent bloomed from Qin Chen's body. It's like a butterfly breaking out of a cocoon, or a bud sprouting out of the ground. When this ray of killing intent bloomed from Qin Chen's body, the two forces pulling in Qin Chen's body finally lost their balance. will, prevails

, completely crushed the killing intent like a tide.

boom!

in an instant.

Countless killing intent poured into Qin Chen's body like a tide, but it no longer brought pain to Qin Chen, but condensed his physical body.

"The killing intent is condensed." The anti-killing **** emperor said excitedly: "It succeeded."

[Chapter 5444: Shura Daozu](#)

Killing intent condensed!

The God Emperor Against Killer looked at Qin Chen excitedly. The moment these killing intent condensed in Qin Chen's body, the God Emperor Against Killer already knew that Qin Chen must succeed.

The previous pain was actually not a kind of torture, but the secret pattern restraint was used to transform Qin Chen's physical body, using pain to temper Qin Chen's body.

Although Qin Chen's previous cultivation has entered the late stage of triple transcendence, he has improved by leaps and bounds, and has controlled many powers such as space rules.

But in the eyes of the anti-killing **** emperor, it is not enough.

What kind of vision is it to kill the **** emperor? Although Qin Chen's physical body is strong, in his opinion, it is a rootless duckweed that can be torn apart easily.

If he wanted to control his inheritance and withstand the terrifying killing intent in the Sword of Reverse Killing, he had to elevate his physical body to an even more terrifying level.

Therefore, the continuous integration of the secret pattern restriction into Qin Chen's body was to transform his physical body by some means.

now...

After seeing that Qin Chen's physical body finally suppressed Xiao Sha's killing intent, the God Emperor Against Killing knew excitedly that Qin Chen had succeeded.

"As long as this son's body and will can resist the erosion of killing intent, then it is only a matter of time before he can be controlled."

The anti-killing **** emperor looked at Qin Chen in the void with bright eyes, and murmured: "Now we will see how much killing intent this son can bear."

The more killing intent he endured, the stronger Qin Chen's killing intent condensed, and the more terrifying his physical strength.

After all, the killing intent here is left over from his beheading countless strong men in his previous life. This killing intent is so strong that even the **** of the underworld dares to kill, how terrible is it?

boom!

At this moment, in the void, the terrifying killing intent poured into Qin Chen's body like a vast ocean, vast and endless.

"This is... endless killing intent, transforming my physical body?!"

Qin Chen's soul sea surged, and killing intent came together one after another, constantly transforming his physical body, his original broken body was rapidly repairing, and every cell swallowed a terrifying killing intent.

Like a whale swallowing, all the cells in Qin Chen's body frantically absorbed the power of countless killing intents. It could be seen with the naked eye that Qin Chen's physical strength was increasing at an astonishing speed.

Moreover, the mysterious rusty sword in Qin Chen's hand also floated.

boom!

The sword energy was vertical and horizontal, and countless runes emerged from the mysterious rusty sword. These runes kept flickering and circulating, and quickly merged with the runes in the surrounding space.

"Small kill!"

The Anti-killing God Emperor murmured.

When the mysterious Rusty Sword erupted with an astonishing aura, he felt that Xiaosha in the void was gradually disappearing.

Fusion!

While the mysterious rust sword is fused with its components, Xiaosha will naturally combine with the original will that was born after being separated from the mysterious rust sword. In the end, the two will be completely fused together to form a perfect magic weapon.

Of course, Xiaosha will not fall during this process, but it is like the fusion of two souls, which will naturally interfere with each other and eventually form a brand new consciousness.

It can be a small kill, but it may no longer be a "small kill".

boom!

The billowing and vast killing intent rushed into Qin Chen's body continuously, and the mysterious rusty sword burst into divine light, reflecting each other's brilliance with Qin Chen, rumbling, rumbling, and the entire palace hall trembling violently.

Not only the Palace Hall.

Even the entire Dead Sea cage was shaking.

boom!

In the abandoned land, countless ghost cultivators raised their heads in horror, and the sky shook, while the Dead Sea on the edge of the continent was boiling violently, as if the end was approaching.

"what happens?"

"Could it be that the masters of the restricted area really found an exit in the forbidden area deep in the Dead Sea? Or..."

In the abandoned city, many strong men looked into the depths of the Dead Sea in horror, showing tension and fear.

Is the end coming? In fact, many ghost cultivators in the Abandoned City know that the masters of the restricted area are in the depths of the Dead Sea. Not long ago, they found a forbidden area in the depths of the Dead Sea. There may be a way to leave the cage of the Dead Sea.

Because of this, I can't go together, and forcing the past can only be courting death.

Such a terrifying change at this moment must be due to some changes in the depths of the forbidden area of the Dead Sea.

"Masters, masters of the restricted area, have you succeeded?"

Many ghost cultivators in the abandoned places looked nervously at the direction of the Dead Sea in the distance, feeling uneasy in their hearts, not knowing whether it was a blessing or a curse.

at this time.

In the underworld, from the ancient mountain peaks outside the cage of the Dead Sea, a dark figure suddenly flew out, staring at the Dead Sea in shock.

boom!

The Dead Sea is boiling, and the entire Dead Sea is turbulent at this moment. The waves roll up ten thousand feet high, just like the sea **** is angry.

"It's coming again." Judge Ghost King looked at the boiling Dead Sea in shock. This time, the boiling of the Dead Sea was much more terrifying than any previous one. He, one of the ghost kings, unexpectedly I felt a strong sense of fear.

"What happened in the Dead Sea?"

Judge Ghost King was shocked.

Among the top ten ghost kings, he has always been inconspicuous. He was sent by the ten temple emperor Yan to guard the Dead Sea for so many years, and he has been unknown. Among the many strong men in the underworld, many people have even forgotten that he exists.

But in fact, Judge Ghost King is extremely confident in his own strength, because no one knows that after guarding the Dead Sea for so many years, he has already stepped into the realm of quasi-emperor, and is even heading towards the realm of emperor.

Guarding the land of the Dead Sea seems to be a hard job, but in the eyes of Judge Ghost King, this place is a treasure land, vast and boundless, as long as he can control a little power in it, he is expected to enter the realm of the emperor.

No one knew that he had reached an extremely terrifying situation after being immersed in the comprehension of the way of killing.

So he has had no complaints for so many years.

But at this moment. When he faced the boiling Dead Sea in front of him, he actually felt a trace of strong fear, like the wrath of the gods. All the killing power he had comprehended, in front of this violent Dead Sea, was like a firefly before a bright moon, weak.

almost undetectable.

"In the Dead Sea, some changes have definitely occurred, and Lord Yan must be notified as soon as possible."

Judge Ghost King immediately took out the communication tool, and immediately reported to Shidian Yandi.

He dared not hide such a big event lightly.

Not only him, but Judge Ghost King, a subordinate of Emperor Yan of the Ten Palaces, is not the only one guarding the Dead Sea. Other great emperors and powerhouses also have arrangements in the Dead Sea.

Wuyue City.

"Dead Sea Riot?"

There was endless darkness in front of him. In that darkness, everything was silent, but there was an inexplicable fearful atmosphere, as if there were some terrifying monsters dormant in that darkness, wanting to devour the world.

And before the endless darkness, a majestic figure exuding a terrifying aura was kneeling there, with his big hands swaying in front of him, with a respectful expression, not daring to breathe. At this moment, a rumbling and majestic voice sounded from the endless darkness: "Sura, take your subordinates and head there quickly. Be sure to find out the cause of the riot. If there is any trouble, send a message as soon as possible, and a clone of the emperor will come to you as soon as possible." drop

Pro. "

"Yes, Great Emperor!"

The towering figure spoke respectfully, turned and left.

This person is none other than the Shura Taoist, one of the six reincarnation Taoist ancestors under the command of Wuyue Mingdi.

"Dead Sea riots? That place is the place where the legendary existence fought. Could it be that there is something special about it?" In the darkness, the magnificent voice murmured: "Unfortunately, I am still refining what I got in that battle. If that strange object can be refined, who among the great emperors of the underworld can be my enemy? Otherwise, we must go there immediately.

"

"Just wait and see."

The sound rumbled and fell into silence.

A moment later, in Wuyue City.

Whoosh whoosh!

Shura Daozu soared into the sky with one after another figures.

"Remember, the task this time is to go to the Dead Sea Cage in the underworld to find out the cause of the Dead Sea riots. As for the information about the Dead Sea Cage, I have given you the information, and you can get familiar with it as soon as possible."

Asura Daozu sternly shouted.

"The Cage of the Dead Sea? The place where death row prisoners are held in the underworld? For countless epochs, countless powerful people have been imprisoned? Is it one of the most terrifying forbidden places in the underworld?" In the crowd, a man in a black robe with an eagle face murmured, There was helplessness in the eyes, "Damn it, I finally joined Wuyue Mingdi's command. I thought I could get close to the river of death, but I didn't expect to be sent to carry out this task."

service. "

The man's face was ugly: "It seems that it is impossible to come back before completing this mission. Master Chi Yan, you must persevere."

The man murmured, with helplessness on his face, he quickly soared into the sky, followed Shura Daozu to the endless sky, and disappeared into the vast sky.

In the endless void of the palace hall.

The Rebel God Emperor raised his head and looked at Qin Chen who was constantly absorbing the killing intent.

one day.

two days.

three days...

In the beginning, the God Emperor Against Killing could still remain calm, but gradually, his eyes became extremely shocked.

"This son, is he still absorbing?"

The God Emperor Nisha had an unbelievable expression on his face. Although he knew that Qin Chen would be able to condense and succeed, he never thought that Qin Chen could persist for so long!

"These murderous auras are left behind by me beheading countless underworld powerhouses, including some great emperor powerhouses. With this child's cultivation base, it should only absorb a little and reach the limit. Why..."

The God Emperor Against Killer looked at Qin Chen with bright eyes.

Qin Chen's extraordinariness far exceeded his expectations, even beyond his imagination.

His eyes were so deep that he could see through Qin Chen's entire body. The only thing he couldn't see through was Qin Chen's soul.

"Second generation."

The Rebel God Emperor murmured and shook his head lightly.

He was born in a small mountain village and grew up humble in the grass. Only now did he fully understand the true meaning of these two words. Finally, after an unknown amount of time, countless killing intent auras continued to condense, and a terrifying killing intent rune suddenly appeared in front of Qin Chen's brow. Between the eyebrows of the dust.

[Chapter 5445: Physical forbidden area](#)

boom!

The runes condensed.

The moment this talisman entered between Qin Chen's eyebrows, countless killing intents boiled in the entire void, and these killing intents frantically poured into Qin Chen's body, and Qin Chen's originally somewhat illusory body gradually became solidified.

A series of killing intents converged and fused into every cell of his body. These killing intents seemed simple, but in fact each one was terrifying and unbelievable.

At the same time, the aura in Qin Chen's body also rose crazily under these endless killing intent.

Triple Detachment Late Stage!

Triple Transcendence Peak!

After that...

Quasi-emperor!

A faint breath of emperor emanated from Qin Chen's body!

It's just that this aura of the quasi-emperor is still extremely vague, even more blurred than that of Jialuo Mingzu, but it is really the aura of the quasi-emperor, which means that half of Qin Chen's foot has already touched this realm.

Moreover, the mysterious rusty sword in Qin Chen's hand also erupted with a shocking killing intent, and the runes and the surrounding secret patterns instantly fused together.

boom!

The mysterious rusty sword trembled violently, and its aura continued to grow.

I don't know how long it has been.

The endless killing intent on Qin Chen's body calmed down completely, and the whole person was suspended there, like a god, and slowly opened his eyes.

hum!

There was a flash of light in his eyes, like two sharp swords bursting out, splitting the void in front of him.

Qin Chen lowered his head and looked at his hands.

powerful!

At this time, Qin Chen had a feeling that if he wanted, he could even directly shatter the void in front of him and tear open a gap. And what shocked Qin Chen even more was his physical body. Every cell in his physical body had an astonishing killing intent. At this moment, his physical body seemed to be composed of countless terrifying killing intents, and it was not even human. Flesh

.

fear!

In addition, Qin Chen looked at the void around him. The void, which was somewhat oppressive and unfamiliar, gave him an extremely familiar feeling at this moment, as if he could completely control the void around him if he wanted to.

swish.

Suddenly, a figure suddenly appeared in front of Qin Chen, looking at him with a smile, it was the Rebel God Emperor.

Qin Chen hastily saluted: "Reverse Killing Senior God Emperor."

The God Emperor Against Killing looked at Qin Chen with a smile, and said, "Congratulations, you succeeded."

Qin Chen murmured: "Successful?!"

The God Emperor of Rebellion nodded, and said with a light smile, "You hold the Sword of Rebellion in front of you again."

Holding a sword?

Hearing this, Qin Chen subconsciously grasped the Reverse Killing Sword in front of him.

boom! In an instant, a terrifying killing intent burst out from the anti-killing sword. In an instant, Qin Chen seemed to be in an endless storm, and the killing intent swirled around him rapidly. Annihilation

The power of cutting is incredible.

"Hiss." Qin Chen looked at the mysterious rusty sword in front of him in shock. He had a feeling that although the mysterious rusty sword in front of him didn't seem to have changed, it was completely different from before.

While holding the mysterious Rusty Sword, Qin Chen even felt that the entire Void Hall in the surrounding area was under his control.

What excited Qin Chen the most was that the killing intent around him no longer caused him the slightest harm.

This shows that the current him is the one who truly masters the mysterious Rusty Sword.

"Master...Master..."

At this moment, Qin Chen suddenly heard a faint voice coming from the mysterious Rusty Sword.

This consciousness was extremely vague at first, but it quickly became clear. A moment later, a ball of light flew out from the mysterious rusty sword and hovered in front of Qin Chen.

This is a small person, like a baby, radiating light, shaking in the void, very cute and miniature.

Qin Chen looked at the light man in surprise, and felt a strong sense of intimacy. There seemed to be some kind of special bond between him and the light man.

"Master...Master!"

After the mini light and shadow came out, he glanced at Qin Chen and the God Emperor Nisha, and shook his head in confusion.

The anti-killing **** emperor murmured: "Little killer!"

The miniature light and shadow was taken aback, watching the eyeballs of the God Emperor Nisha rolling slowly, then frowned, and hid behind Qin Chen with a whoosh, poking his head to look at the God Emperor Nisha.

"Master, who is this guy?"

The villain of light and shadow said to Qin Chen in a daze.

Qin Chen glanced at the light and shadow villain, and then said to the God Emperor Nisha suspiciously: "Senior..."

The God Emperor Nisha smiled wryly: "This is the newly born spirit of the Sword of Nisha."

After speaking, there was loneliness in his eyes.

Because he knew that Xiao Sha was completely gone, and what appeared in front of him now was a brand new spirit.

"A brand new spirit?" Qin Chen looked at the mini light man, he could feel the intimacy of the other party towards him, rubbed the other party's head, and said, "Xiao Sha, this is your former master." "The former master? Bah bah." The mini-light man looked at the Emperor of Rebellion, and hid in Qin Chen's arms, showing a pitiful look, with tears in his eyes: "Master, you don't want me, do you? woo woo

I only have you as the master, and what does this old man call me Xiaosha, this name is so ugly, I don't want to be called Xiaosha, master, woo woo woo..."

Qin Chen: "..."

The Rebel God Emperor gave a wry smile.

Looking into the eyes of the villain of light and shadow, there is shock and loss.

It must be known that Xiaosha has been with him for so many years, how many powerful enemies have they killed in the universe sea and the underworld together? Even when he fell, Xiao Sha still survived.

It can be said that there is no doubt that Xiao Sha is powerful.

And how long has it been since the kid in front of him got his own anti-killing sword? What is certain is that it will definitely not be ten thousand years old.

But now after the reintegration, the new spirit that was born almost completely replaced the consciousness of Xiaosha, and was attached to Qin Chen, which shocked the God Emperor Nisha.

This is very abnormal.

The Rebel God Emperor couldn't help but take a deep look at the mysterious rusty sword in Qin Chen's hand.

He knew that the reason for this result was not because of how powerful Qin Chen was, but because the sword had been modified back then to make it more suitable for Qin Chen.

Second generation!

The Rebel God Emperor smiled wryly in his heart and shook his head slightly.

So scary!

Qin Chen looked at the villain of light and shadow, and pondered: "In this case, you will be called... little **** from now on!"

Mysterious rusty sword? Anti-killing sword?

little god!

The villain of light and shadow suddenly excitedly said: "Thank you, master, for giving me the name."

It bounces around and obviously loves the name.

"Master, the little **** is a little tired, so let's go back and rest first."

After the words fell, the little **** swished and returned to the mysterious rusty sword, and the mysterious rusty sword regained its calm.

Qin Chen looked at the Emperor of Rebellion, and said a little nervously: "Senior, can I leave the prison of the Dead Sea now?"

The Anti-Slaying God Emperor nodded: "Of course, turn around, after you have completely fused the Anti-Slaying Divine Sword with this part, if you want to leave, I will let you go directly."

"Let me go?" The God Emperor Nisha nodded: "Now you are fused with the Sword of Nisha, and your body is condensed with killing intent. You can freely travel through the prison of the Dead Sea without dying. The reason why I couldn't let you go, it's not because you don't want to, but because your physical body doesn't want to

Can't bear the force of leaving this place. "

Qin Chen asked suspiciously, "Senior, aren't you leaving?"

The God Emperor Nisha shook his head slightly: "This Dead Sea cage is my physical forbidden place. I can only stay here for the rest of my life, and I can't leave at all!"

"Forbidden land of the flesh?"

Qin Chen was stunned, what do you mean?

Seemingly aware of Qin Chen's doubts, the God Emperor Nisha said lightly: "Now you have merged with the Sword of Nisha, your divine consciousness can diffuse enough to see everything!"

The voice fell.

The Rebel God Emperor suddenly pointed at Qin Chen's forehead.

boom! An astonishing force seeped into Qin Chen's mind. The next moment, Qin Chen felt that his consciousness was separated from this void in an instant, and he left this void, the palace hall, and even the forbidden area of the Dead Sea in an instant.

land, and came to the sky above the endless Dead Sea cage.

That is...

Qin Chen looked down, and what appeared in front of him was a vast Dead Sea, and in the middle of the Dead Sea was a vast continent, lying in the Dead Sea, which was a land of abandonment.

Seeing the abandoned land, Qin Chen's pupils suddenly shrank.

"The shape of this abandoned land, why..."

Qin Chen looked shocked, as if he had seen something unbelievable.

The Abandoned Land is extremely vast and majestic, spreading for thousands of miles, and the distance is extremely far away. It would have taken Qin Chen a long time to cross the Abandoned Land with his extraordinary cultivation base.

Therefore, the terrain of the Abandoned Land has never been intuitive to Qin Chen, but at this moment Qin Chen saw the Abandoned Land below in the endless void, and was instantly horrified to find that the Forbidden Land of the Dead Sea below was actually in the shape of a human.

Like a person, lying in the dead sea.

"I..."

A horrified thought popped up in Qin Chen's mind instantly. "That's right." At this time, Qin Chen's voice resounded in Qin Chen's mind, very calm: "You read that right, in fact, your so-called abandoned land was formed by the fall of my physical body back then. As for you The vastness of the mouth

The Dead Sea is formed after my blood and energy dissipated after my fall. "

shock!

The words of killing the God Emperor resounded in Qin Chen's mind like thunder.

The abandoned place was actually the body of the Rebel God Emperor.

And this vast Dead Sea is actually the blood and energy after the fall of the Anti-Slayer God Emperor.

But this...

How can it be?

Isn't senior Reverse Killing God Emperor human? At least the story he just told was indeed about human beings, not a special race in the universe. How could his physical body be so huge and terrifying?

It can be compared to an initial universe.

Shocked, Qin Chen's consciousness bangs, and he returned to the void of the hideous parts of the Sword of Reversal. Looking at Qin Chen with a shocked face, the Emperor of Killing God said indifferently: "Once you step into the realm of the Great Emperor, the physical body of any race will undergo transformation, and so will you..."

[Chapter 5446: Reverse God Sword Code](#)

The God Emperor's eyes seemed to see through Qin Chen's body instantly.

boom!

Qin Chen's physical body instantly became transparent, with endless killing intent surging, shining brightly, very magnificent and magical. "Now you, the reason why you can exude a trace of the emperor's breath and touch the realm of the quasi-emperor is precisely because the killing intent has condensed, making your body a container for the killing intent, and once you become the emperor, your body will will fully

Quantify. "

"Although there are still flesh and blood, meridians, and bones, but these will all become energy states."

To kill the God Emperor.

"Breakthrough the Great Emperor, energized?"

Qin Chen took a deep breath. These are all words of experience, at least it will save him a lot of detours.

"So to say..."

At this moment, Qin Chen recalled everything he had experienced in the abandoned land.

Like the Dead Sea Springs.

Like the heart of space...

The God Emperor Nisha seemed to know what Qin Chen was thinking, nodded and said: "The Dead Sea springs you see are formed by the many acupoints on my body."

"As for the heart of space you got, it is where my physical body and mind are."

Acupoints?

mind?

Qin Chen smiled wryly, no wonder the heart of space was so terrifying back then, it turned out to be the formation of the brain space of the Rebellious God Emperor.

All the ghost cultivators of the underworld who have entered the prison of the Dead Sea probably don't know that they are actually living on the corpse of a strong man.

In this way, the many wraith beasts in the Dead Sea should all be born from the energy in the blood of the God Emperor, some of them are like...

Parasites!

Qin Chen thought of a word.

Like bacteria attached to reproduce, these ghost beasts are nothing but parasites on the body of the God Emperor.

"Okay." The God Emperor Nisha did not say any more, and said lightly: "The next thing you have to do is to deal with those ghost cultivators first. In the Sword of Nisha God, the life and death of these ghost cultivators will be controlled by you. Killing and cutting are all at your disposal, after processing, you just

It is necessary to fuse the ferocious parts of the Excalibur with the main body of the Excalibur, and find its own way to leave this place. "

"Before I leave, I will give you one last gift."

After the words fell, the Rebel God Emperor once again pointed at Qin Chen's eyebrows.

boom!

A talisman breath containing countless messages instantly entered Qin Chen's mind.

In an instant, a book of sword formulas appeared in Qin Chen's mind.

"This is the sword formula Ni Shen Jian Canon created by my life against Chaos Universe Sea. I hope it can give you some help and understanding in the way of the sword."

The Reverse Killing God Emperor said in a deep voice.

"Inverse God Sword Code?"

Qin Chen murmured.

In his mind, countless sword shadows flickered. The strength of this sword art shocked Qin Chen, as if he saw a bright road, which was the road to the end of invincibility. In the past, Qin Chen was not clear about the path of the Great Emperor, and he didn't even know how to become a Great Emperor, but now after seeing the Reverse God Sword Code, Qin Chen felt in his heart that if he could master this Reverse God Sword Code, he would step into the realm of the Great Emperor in the future unquestionable

The problem, even, can be reversible and kill the emperor.

"Thank you, senior."

Qin Chen hurriedly saluted. This was the lifelong understanding of the senior Nishen God Emperor. Although he still can't fully comprehend it now, with the improvement of his cultivation base, the Nishen Sword Code will help him more and more.

This is equivalent to revealing the avenue of his life in front of himself, the senior of the anti-killing **** emperor.

It is much more useful than any treasure.

"You don't have to thank me." The God Emperor Nisha looked at Qin Chen, his eyes penetrated Qin Chen's mind, saw the ancient Yu Tower, saw the chaotic world in it, and saw the smile in the chaotic world.

There was a hint of reluctance in his eyes.

"Well, it's time for me to leave too, Xiaoxiao will be counting on you from now on, and..."

The God Emperor Nisha glanced at Qin Chen, hesitated for a moment, and said, "There is one more thing, I am hesitant to tell you."

"Senior, please tell me." Qin Chen said repeatedly.

The God Emperor Nisha slowly said: "For so many years, I have always had the feeling that someone seemed to be behind the scenes in the fight between me and Hades."

"Someone pushed?" Qin Chen glanced at the God Emperor, and frowned, "Senior, are you sure? Didn't you fight the Underworld God because of a smile?"

"It's because of the smile, but..." The Emperor Reversing the Killer glanced at the smile in the chaotic world of Qin Chen's mind, "When I ingested Xiaoxiao's soul in the river of dead spirits, for some reason, it seemed that I was being used by spies. a feeling of."

"Is someone spying on the senior?"

Qin Chen was surprised and said: "Didn't you discover your strength in the past?" The Emperor Nisha shook his head and said: "The time was too hasty at that time, I forcibly descended on the river of death, and forcibly salvaged Xiaoxiao's soul, so there was no Too much time to investigate, after all, you have to lock Xiaoxiao from the vast river of dead spirits

The soul, it takes too much energy to pick it up, and when I finish all this, I have already violated the operation of the underworld, and I have been suppressed by the entire underworld and hunted down by the gods of the underworld. "

"But later, after I had fought against Hades, I realized that even though the soul of Xiaoxiao was taken back by me, it was incomplete."

Qin Chen was puzzled: "Incomplete?"

He glanced at the chaotic world in his body. At this time, after merging this world, Qin Chen had regained control of the chaotic world, and his eyes fell on Xiaoxiao instantly.

In the chaotic world, Xiaoxiao seemed to feel something, and raised his head suspiciously, but with Qin Chen's cultivation, he couldn't see any flaws at all.

"Based on your current cultivation, you still can't see the problem." The Emperor Nisha raised his head and said slowly: "The soul of a normal person has three life souls, which represent the past life, present life and future, and the soul returns after death. The same is true for the long river of dead spirits. Xiaoxiao is the soul body of the Dao, and his soul is the long river of dead spirits.

The spirit born in the river should be even more so, but the soul of Xiaoxiao, which I picked up from the river of dead spirits back then, only has past life and present life, but no future soul..."

"No future soul?" Qin Chen frowned, what do you mean? The God Emperor Nisha said in a deep voice: "The three-life soul represents the three stages of life, the most important of which is the future soul, because the future is full of variables, unpredictable, and represents infinite possibilities. Xiaoxiao is the Dao soul body, the three-life soul generally can not

Scattered, but now she has lost a soul, can only maintain the original appearance and cannot grow. "

"This..." Qin Chen glanced in astonishment and smiled. In the underworld, ghost cultivators can also grow up. Xiaoxiao has always maintained the appearance of a little girl. At first, Qin Chen thought that the Emperor of Rebellion had kept the appearance of Xiaoxiao before he died in the world. Only now did he realize that it was because of the lost future

The soul does not grow up.

"I didn't pay attention to this back then, I just thought it was an accident, but over the years I have been calculating and trying to find Xiaoxiao's future soul, but found that there is so much fog that it is impossible to pry into it, so I have doubts."

"Senior, is it possible that the underworld **** did it?" Qin Chen pondered. The God Emperor Nisha shook his head: "It can't be the **** of the underworld. The **** of the underworld is in charge of the underworld. He can completely hide the three smiling souls. It is impossible for me to pick up the second soul. What's more, when we fought back then, I was sure that the underworld God didn't know I was coming.

"

"Of course, there is the most important point..."

The God Emperor Nisha looked at Qin Chen seriously: "It's also the point where I have doubts, that is, the **** of the underworld completely disappeared after fighting me back then."

disappear?

Qin Chen looked at the Rebellious God Emperor, what does this mean? The God Emperor Nisha said slowly: "Back then I seriously injured Hades and repelled him. After I fell, I was always worried that Hades would return to this place after the injury healed. At that time, I will not be able to keep smiling Two souls, can make me doubt

What is puzzling is that the God of Hades has never appeared since that battle. I didn't know until after this place became a cage that the God of Hades disappeared after that battle. "

"This is unreasonable." The God Emperor Nisha shook his head, "With the strength of the God of the Underworld, although I seriously injured him, it is absolutely impossible for him to disappear quietly and die just like that. There must be something behind this that I don't know about. ."

Qin Chen was startled, and frowned, "Senior, what you mean is that someone used you to fight against the **** of the underworld, and killed the **** of the underworld while he was seriously injured?"

As soon as these words came out, Qin Chen was shocked, who would have such a means? "No." But immediately, Qin Chen shook his head: "Senior, this junior once talked with Emperor Youming. Since the God of Hades disappeared in ancient times, there has been no new powerful person to rule the underworld. The underworld just fell into chaos afterwards. killed

Hades, then..."

If there is such a person, after using this opportunity to kill the **** of the underworld, he will definitely think of unifying the underworld, how can he let the underworld fall into chaos?

The Anti-killing God Emperor shook his head and said, "Do you think that the purpose of killing the Underworld God must be to unify the Underworld?"

"Otherwise?" Qin Chen frowned.

"For example, is the person behind the calculation a person like me?"

"Like senior?" The Emperor Nisha nodded and said, "I come from the universe sea. Even if I kill the underworld god, it is impossible to be recognized by the rules of the underworld. I will control the river of undead spirits and truly control the underworld. Once I do this, the whole world will be destroyed by then." All creatures of the underworld will

Under the influence of the underworld's own consciousness, he continued to fight against me until one day he completely killed me. "

Qin Chen nodded.

He understood the meaning of rebelliously killing the God Emperor.

If the scheming person is not a person from the underworld, it is impossible to stand up and dominate the underworld, and they will only act in secret.

But if there is such a person, what is his purpose for doing this?

Suddenly, Qin Chen seemed to think of something, and was startled: "The battle between the underworld and the universe sea?"

The Rebel God Emperor looked at Qin Chen.

Qin Chen continued: "Senior, after the disappearance of the **** of the underworld, the underworld was chaotic, and then there was a war between the underworld and the cosmic sea. Could it be related to this?"

If this is the case, then the battle between the Underworld and the Cosmic Sea was not as simple as a simple fusion of yin and yang, but was driven by black hands behind it.

is it possible?

Qin Chen frowned. It seems that I have to ask about the reason for the battle of the Nether Emperor back then, and maybe I can see some clues.

[Chapter 5447: I'm still useful](#)

The God Emperor Against Killing shook his head: "I don't know about this, although these are just my guesses, but you will know in the future, when I reach this level, I feel a little bit darker, even better than what I saw with my own eyes." more real.

The reason why I tell you this is that I hope you will be careful when walking in the underworld after you go out. Although so many years have passed, the person who really had a plan back then may have long since fallen. "

"Thank you for your advice, senior."

Qin Chen nodded, he understood the difficulty of killing the **** emperor against him, and he didn't want him to fall into the underworld, after all, Xiaoxiao's soul was still on him.

"Of course, your future is immeasurable, maybe even me..." The God Emperor Against Killing shook his head.

"Young man, I'll leave Xiaoxiao to you."

The Rebel God Emperor took a last look at the chaotic world deep in Qin Chen's mind, boom, his figure slowly dissipated and completely disappeared.

Looking at the void in front of him, Qin Chen was silent.

He deeply felt the nostalgia and entrustment of such an invincible and powerful man who once defied the sky.

"Senior, don't worry, I will definitely not disappoint your entrustment."

Qin Chen murmured.

Immediately, his figure suddenly disappeared into the void.

In the hall.

The vibrations in the surroundings had completely calmed down, but the panic in the hearts of Gu Longguizu and the others had not eased. Everyone looked at the surrounding world in horror, with suspicion in their eyes.

Shock, gone.

what happened?

And Emperor Shimei's eyes were also serious. As the emperor, for some reason, she somehow felt a warning sign emerge in her heart, as if some danger was about to come.

what is it

She was vigilant in her heart, paying attention to her surroundings all the time, while frantically repairing her injuries.

"Hahaha." At this time, Wangu Mingzu suddenly laughed, "It's Young Master Chen, it must be him, the vibration disappeared, it must be Young Master Chen who found a way to leave the cage of the Dead Sea, hahaha, that's great Well, we finally have a chance to get out of here.

"

Everyone: "..."

They all looked at Wangu Mingzu speechlessly.

Why is this guy so crazy?

Even Emperor Shimei looked at Wangu Mingzu speechlessly, as if looking at an idiot.

Is this person really under the command of Emperor Nether?

The Four Great Emperors have such idiot subordinates?

He also said that the kid found a way to leave here, which is ridiculous. I have spent so much energy all these years but still haven't found a way to leave. It's a ghost that the kid can find it in such a short time!

No matter how you think about it, it feels impossible.

Just thinking about it.

Sudden.

Emperor Shimei seemed to have sensed something, a look of shock appeared in her pupils, and she suddenly raised her head.

hum!

A wave suddenly flashed in the void in front of the hall, and the next moment, a figure suddenly appeared in front of everyone.

Seeing this figure, everyone's eyes widened.

It was Qin Chen.

"Lord Underworld Lord?"

"Young Master Chen, hahaha, the subordinates already know that you will come back, Young Master Chen."

Wangu Mingzu soared into the sky, came to Qin Chen in an instant, and said excitedly: "My lord, have you found the exit?"

Qin Chen ignored Wangu Mingzu, but lowered his head and glanced at everyone present.

At this moment in the main hall, Wangu Mingzu led the Blood Fiend Guizu and others to mobilize the formation, still suppressing Jialuo Mingzu and restraining Shimei Great Emperor.

Seeing Qin Chen's gaze fall, Gulong Guizu and the others looked expectant.

Although they didn't believe what Wangu Mingzu said, there was still a trace of tension and anticipation towards Qin Chen, which was an extremely eager expectation to leave here.

Trapped for so many years, this is what they have always dreamed of.

At this moment, Emperor Shi Mei looked at Qin Chen and said coldly, "Boy, where did you go just now?"

For some reason, when Qin Chen appeared, she felt faintly flustered.

Qin Chen ignored her, but nodded to Bolong Guizu and others below and said, "You all did a good job."

The next moment, Qin Chen raised his hand.

hum!

The four treasures of the quasi-emperor that formed the great formation of the four elephants and spirits soared into the sky in an instant, and fell into Qin Chen's hands in an instant, and was immediately put away by Qin Chen.

Without the blessing of the eyes of the four quasi-emperor treasure formations, the four elephant spirit formations below suddenly began to collapse.

There was a crackling sound, and the black chains entwining the void quickly collapsed and disappeared, and the bodies of the four quasi-emperor stone statues also turned into ashes and dissipated, and everyone felt their bodies loosen.

what's the situation?

Guilong Guizu and the others were stunned. Don't you need to suppress Emperor Shimei?

They were shocked in their hearts, and looked at Emperor Shimei nervously. Without the suppression of the four-element spirit formation, what would Emperor Shimei do if he attacked them?

But before everyone could see that Emperor Shimei made a move, Jialuo Mingzu, who had been suppressed by the four-element spirit formation, suddenly shot up into the sky. Boom, he turned into a terrifying streamer and rushed towards Qin Chen crazily .

in an instant. The astonishing quasi-emperor's aura erupted, and madness swept out. Jialuo Mingzu's body was full of pitch-black divine light, and a palpating and terrifying force permeated the air, like a trapped beast that erupted with its strongest strength before dying. strike fiercely

And brutal.

At this moment, Jialuo Mingzu erupted with all his strength, his eyes were ferocious, and his soul and the only remaining source instantly burned together.

Survive!

Although I don't know why Qin Chen suddenly withdrew from the formation, Jialuo Mingzu knew that he was already a broken body. He who offended Qin Chen and Emperor Shimei would surely die no matter who survived. .

So now his only chance to survive is to capture Qin Chen, as long as he captures Qin Chen, everything is still possible.

"not good."

Everyone was shocked, no one could have expected that Jia Luo Mingzu would burst out with such aura after being suppressed to such an extent.

In the panic, Wangu Mingzu was the first to react, and was about to stop Qin Chen in a hurry.

"Go away!"

Jialuo Mingzu yelled, his expression ferocious and crazy, boom, a terrifying aura erupted from his body, representing quasi-emperor-level power slammed into Wangu Mingzu's body like a vast ocean.

"Damn it!" Wangu Mingzu yelled out in fright, his whole body was violently blown away in his angry expression, and he flew out tens of thousands of feet before stopping. The moment he stopped, there was a boom With a bang, his fleshy body split open directly, and his back

The void behind was instantly shattered.

"puff!"

A mouthful of blood spewed out from the mouth of Wangu Mingzu. He never imagined that Jialuo Mingzu was so desperate to survive, directly burning his soul and origin, how could he stop it.

"Not good, less dust!"

Wangu Mingzu raised his head anxiously, and the others all changed their colors, looking at Qin Chen in horror.

Under everyone's horrified eyes, Jialuo Mingzu had already come in front of Qin Chen, and the terrifying quasi-emperor's aura hit Qin Chen hard first.

boom!

The quasi-emperor's aura, which was enough to detach and annihilate the triple peak, engulfed Qin Chen instantly like a vast ocean, and a terrifying explosion suddenly occurred in the void.

It's over!

Everyone's hearts sank instantly.

Master Mingzhu was really too careless, he just canceled the formation just like that, isn't this giving Jia Luo Mingzu a chance?

It's over, it's over.

in the void.

Emperor Shimei also watched all this with a sneer, but unlike the shock of others, the moment Jialuo Mingzu bumped into Qin Chen, the sneer at the corner of Emperor Shimei's mouth suddenly froze, his eyes widened, and he instantly showed disbelief. color.

boom!

The endless impact dissipated, and Jia Luo Mingzu's figure stagnated in mid-air. He looked terrified, his body was stiff, and his eyeballs protruded, as if they were about to burst.

And at his neck, a big hand appeared there, firmly pinching his throat, like holding a dead dog.

It was Qin Chen.

Ga?

The eyes of Wulong Guizu and the others below were rounded, trembling all over, watching this scene in disbelief, their minds went blank for an instant, and they were all stunned.

what's the situation?

"You...impossible!"

What was even more shocking was Jialuo Mingzu, he didn't even realize what happened, he was already pinched by Qin Chen's throat, and the strong restraint made him feel endless suffocation. Boom boom boom, he struggled violently, and the astonishing quasi-emperor breath erupted from his body, trying to break away from Qin Chen's restraint. But no matter how he strikes, Qin Chen's figure remains motionless, which is enough to annihilate the quasi-emperor who is at the peak of detachment

The power can't bring Qin Chen any harm at all.

Moreover, from Qin Chen's body, wisps of murderous aura emanated out. This murderous aura was extremely terrifying, and easily annihilated the quasi-emperor's aura erupted by Jia Luo Mingzu in the void.

"Quasi-Emperor..."

Jialuo Mingzu screamed in shock, and at this moment, Qin Chen had the aura of the quasi-emperor permeating him.

"Heh, looking for a dead end."

Qin Chen glanced at Jialuo Mingzu lightly, looking at him as if he was looking at an ant, and at the same time pinched his right hand holding his throat so hard.

Jialuo Mingzu's eyeballs suddenly widened.

"No, please let me go...I'm still useful...I..."

Click!

Amidst the sound of begging for mercy, Jia Luo Ming Zu's neck was pinched instantly, and the next moment his body and soul collapsed together, turning into ashes and dissipating into the void.

No bones remained.

"A quasi-emperor, what do I need you for?"

Qin Chen smiled and waved his hand lightly, as if dusting off a piece of dust.

Below, Patriarch Yan Hun and the others looked at Qin Chen in horror.

A quasi-emperor would kill him if he said so, so what's the use of you?

What about them?

Originally, Yan Hun Patriarch and the others thought that their strength and status were not bad, but at this moment, their hearts sank severely.

"Fuck, Shao Chen is awesome."

At this time, an exclamation sounded, attracting everyone's attention.

It is the ancestor of the myriad bones.

He stared at his eyes with excitement on his face, his injuries were gradually healing, and he was trembling with excitement.

thigh.

It really is the thigh!

Hahaha, I really hugged my thigh.

Qin Chen glanced at him, then turned to look at Emperor Shimei. Stared at by Qin Chen, Emperor Shimei felt a little weak all over for some reason.

[Chapter 5448: foresight](#)

I am a majestic figure, how can I be afraid of such a kid?

Emperor Shimei quickly came back to her senses, she shook her head, dispelling the trace of fear in her mind, a terrifying power of the emperor suddenly spread out from her body, and with a bang, it instantly enveloped all directions.

Kaka!

In an instant, Guilong Guizu and the others below all bent down in pain, and the bones all over their bodies made toothache moans, and the breath in their bodies was constantly suppressed, as if they were about to explode.

The majesty of the emperor is so terrifying!

"Boy, what happened to you? In a short period of time, you have already touched the threshold of Emperor Zhun? How did you do it?"

Emperor Shimei squinted his eyes, and his snake-like figure slowly walked in the void. The snake's scales were colorful, containing the divine light of the Dao, and the scaled light permeating his upper body was even more eye-catching and dazzling.

Emperor Shimei slowly approached Qin Chen, and the terrifying aura of the emperor swept across like a vast ocean, agitating the void, shaking the entire hall and making a violent sound of slamming.

What? Quasi-emperor?

Hearing the words, Gulong Guizu and the others looked up at Qin Chen in shock, dumbfounded.

Lord Mingzhu, has reached the quasi-emperor realm?

Wangu Mingzu also looked at Qin Chen with shortness of breath, his eyes were red. He is the one who knows Qin Chen best among all the people. You must know that before coming to this underworld, Young Master Chen just broke through the first level of detachment. How long has it been? Are they all quasi-emperors?

Is that human being?

That is a ladder that I have spent my whole life and never crossed?

At this moment, Wangu Mingzu couldn't help but tremble all over, shaking like chaff, and couldn't be more excited.

"By the way, what's the name of the kid who brought me to Universe Sea back then? Ancestor Yuan Mo, yes, that's the guy, good guy."

Thinking of Yuanmo Patriarch Wangu Mingzu's tears of being moved, if it wasn't for Yuanmo Patriarch back then, how could he have come to the initial universe from the underworld, met Chen Shao and surrendered to him?

My bole!

Of course, Wangu Mingzu was also thankful that he met his old master, Emperor Youming, otherwise he would have become a dead soul in Young Master Chen's hands.

"Old Ancestor Yuanmo, you are a good person, don't worry, I will burn more incense for you in the future." Ancestor Wan Gu Ming said silently in his heart.

Ancestor Yuanmo: "..."

At this moment, the terrifying coercion of Emperor Shimei swept across, pouring out like a vast ocean, and the aura of the great emperor suppressed Qin Chen severely in an instant.

It's like destroying a mountain and falling a pillar.

"Huh?" However, the next moment, Emperor Shi Mei's face changed, and under the pressure of his own emperor, Qin Chen remained motionless.

How can this be?

Hasn't this son already withdrawn the defense of the Four Elephants Divine Soul Formation?

Qin Chen looked at Emperor Shimei lightly, with a sneer on the corner of his mouth: "Emperor Shimei, I didn't expect you to be such an idiot. Why, you think that you can challenge me if you withdraw from the formation? It's ridiculous."

"What do you mean?" Emperor Shi Mei shrank his pupils and was startled.

Qin Chen shook his head and sighed: "Brain is a good thing, but unfortunately you don't have it. This young master understands why you were plotted against by Najialuo Mingzu back then. You have a big chest and no brains."

With that said, Qin Chen also glanced at Emperor Shimei's chest.

When the others heard this, they were all dumbfounded, and Wan Gu Ming Zu also stared.

Fuck, what's the matter?

Master Ming is molesting Emperor Shimei?

Emperor Shimei followed Qin Chen's gaze, and subconsciously lowered his head to look at it, his eyes were dazzled by the radiant light.

wrong!

Suddenly, Emperor Shimei suddenly realized that Qin Chen was scolding himself for his lack of brains, and immediately flew into a rage: "You... Presumptuous!"

She was so angry that her chest heaved instantly, and her face turned red first, and then livid.

Since I was a child, no one has ever dared to say that about myself.

"court death."

Emperor Shimei couldn't hold back his emotions any longer, boom, her golden vertical pupils stood up, her figure stretched suddenly, the lower half of the snake body rose up instantly, clattering, the colorful snake tail containing the aura of endless avenues swam quickly Let's go, entangle Qin Chen crazily.

boom!

In the void, the sky was full of snake shadows, and Guilong Guizu and others felt dizzy in their minds, the flow of origin in their bodies stagnated, and their heartbeats stopped, as if they were about to die on the spot.

In an instant, the endless colorful snake body had wrapped Qin Chen, and the next moment was about to squeeze Qin Chen severely.

"Certainly!"

An indifferent voice resounded in the void, and with the sound, the whole hall suddenly shook, Emperor Shi Mei felt an irresistible terrifying force pouring down, and she suddenly found that her body could not move.

hum!

I saw that in the void, one after another secret pattern restriction had been lit up at some time, imprinted on Emperor Shimei's body like a talisman, firmly imprisoning her in the void.

Emperor Shimei looked frightened and angry, she struggled violently, but no matter how hard she exerted, her figure remained motionless, as if frozen.

"What kind of power is this?" Emperor Shimei changed his color and looked horrified, looking at the secret pattern restrictions around him: "You... have already controlled the restrictions here?"

"if not?"

Qin Chen raised his head with an indifferent sneer on the corner of his mouth.

The reason why Qin Chen withdrew from the big formation before was because he had completely controlled the anti-killing sword. Inside the part of the anti-killing sword, Qin Chen could suppress Emperor Shimei with a single thought, without using the four-element soul formation.

It's ridiculous that Emperor Shi Mei thought he was out of trouble.

Qin Chen stepped out, and slowly came to Emperor Shimei under the eyes of everyone. Looking at her beautiful and alluring face, Qin Chen stretched out a finger, and gently raised Emperor Shimei's hand. Creamy chin.

"snort!"

Emperor Shimei let out a muffled snort, his face flushed red suddenly, and the emperor's aura rushed wildly in his body while his vertical pupils were shaking, trying to break free from the shackles around him, but no matter how she broke free, her body seemed to be cast of iron, and she remained motionless.

"Don't waste your energy in vain." Qin Chen looked at Emperor Shimei's golden vertical pupils, and said lightly: "You can't break free from this world. Now there are only two roads in front of you, one is death, and the other is death. , is to surrender to this young master."

Although Emperor Shimei has been trapped here for hundreds of millions of years, his whole body is weak, and his cultivation level is no longer one-tenth of what it used to be, but he is a respected emperor after all.

And unlike Emperor Youming who only has one source of remnant soul left, Emperor Shimei has both body and spirit, and once his injuries are healed, he can truly burst out the power of the emperor.

The God Emperor Nisha had previously said that the underworld was full of dangers. If Qin Chen wanted to heal Sisi as soon as possible after leaving the prison of the Dead Sea, it would naturally save a lot of things to have a great emperor like Emperor Shimei by his side.

"Let this emperor submit to you? Don't even think about it!"

Emperor Shimei was extremely ashamed and angry, she was a figure of the emperor, how could she submit to a quasi-emperor?

The dignity of the emperor cannot be humiliated.

"Yeah?"

Qin Chen glanced at Emperor Shimei, but did not continue to ask, but turned to look at the people below.

Below, Qin Chen's eyes stared at Nailong Guizu and the others, and they trembled all over, feeling an invisible pressure.

"I don't know all of you, are you willing to surrender to me?" Qin Chen said lightly.

As soon as this remark came out, the masters of many restricted areas below were all suffocated.

coming!

Everyone's heart sank suddenly.

To be honest, as the leader of the triple detachment and the master of the restricted area, among the people present, who would be willing to fall behind and become someone else's servant?

Those who can make it this far are all determined people.

For example, Guilong Guizu and others, although they admire Qin Chen and are willing to obey his orders when facing a strong enemy, they can make everyone submit to him directly, but they have never thought about it.

Just looking at the Shimei Emperor who was imprisoned in the void, and thinking of the Jia Luo Mingzu who was wiped out in an instant before, many people felt extremely heavy. If they directly rejected Qin Chen in this way, would their fate be like that of Na Jia Luo? Mingzu average?

"You don't need to be in trouble." Qin Chen said lightly: "This young master is not a bloodthirsty person. You have fought against the enemy with me before, and it can be regarded as some friendship. If you don't want to submit to this young master, this young master will exile you all back to the abandoned land, and will not kill you."

Everyone has a different path to choose in life. At this point, Qin Chen will never force anyone.

"What brother Mingzhu said is true?"

Patriarch Yan Hun frowned.

"Hehe, why do I need to lie to you?"

Qin Chen chuckled, his eyes calm.

A triple peak detachment was naturally extremely extraordinary to him in the past, but now it is nothing.

Everyone was moved immediately.

But at this time, an angry curse sounded suddenly.

"Damn, a bunch of idiots, they don't even know how to hug such a good thigh, what a fool."

Seeing that everyone was still hesitating, Wangu Mingzu's expression turned extremely ugly.

"Who is Young Master Chen? If you can surrender to him, it is the blessing you have cultivated in this life, but you are still hesitating there. Since Young Master Chen can let you go back to the abandoned place, it means that Young Master Chen has found the way to leave him. The way to go, you actually still..."

Wangu Mingzu had an expression of hating iron for being weak.

He really felt that the group of people below were idiots, far less intelligent than he was at the beginning, with such thick thighs, he was still hesitating.

No vision!

"My lord, Xu Crocodile is willing to submit to you."

At this moment, a voice sounded, Wan Gu Ming Zu turned his head and looked, it was the ancestor of Xu Crocodile.

I saw the ancestor of Xu Crocodile quickly knelt down on the ground, with a pious expression: "Xu Crocodile is willing to serve Your Excellency as the master and follow His Excellency's lead. From now on, he will be a loyal eagle dog under His Majesty's command, and he will go through fire and water for His Excellency. He will do whatever he wants!"

Everyone: "..."

You surrender to surrender, do you need to say it so disgusting?

"My lord, the black prison is also willing to surrender."

"Soul Domain is willing to surrender."

And at this time, two voices sounded again, it was the Lord of Hell and the Lord of Soul Realm saluting.

"What, are they?!"

Many people changed their colors. The Lord of the Hell and the Lord of the Soul Realm are one of the top powerhouses in the Forsaken Land, so they surrendered?

"You two have vision."

Myriad Bone Mingzu chuckled.

The others suddenly showed hesitation.

[Chapter 5449: Difficult to fight](#)

It should be noted that the master of the black prison and the master of the soul domain can be regarded as the leaders of the masters of the restricted area.

Even if these two people have surrendered, then they...

What they didn't know was that the Lord of Hell Prison and the Lord of Soul Realm had more contact with Qin Chen than others, so they naturally knew how terrible Qin Chen was, and they also suspected that Qin Chen had found a way to leave.

With the master of the black prison, they made a sample, and soon, other people also stepped forward to salute, willing to submit, even the stone ghost ancestor also knelt down. This made Qin Chen nod slightly. Both the Stone Ghost Ancestor and the Soul-devouring Psychic Worm survived countless strong

men back then. They were able to stand out from thousands of top transcending strong men. They have survived in this palace until now. must be wrong

everywhere.

If such a master has enough resources, he may not be able to stand alone in the future.

In an instant, a group of people knelt down densely in the hall.

"The rest of you are unwilling?" Qin Chen glanced at the others with calm eyes.

At this moment, there are still many masters of the forbidden zone who are hesitating around the ancestor of Yan Hun, and there are also some on the ancestor of Guilong ghost. "Brother Wulong?" The ancestor of the virtual crocodile frowned, and couldn't help but said: "Master Mingzhu has supernatural powers, but he came here to rescue us in the abandoned place, otherwise, with the strength of Lord Mingzhu, even Emperor Shimei can do it." Repression, why ask me

, Just suppress us directly, I am afraid I have to obey, now that my lord is so sincere, you are still hesitant..."

"Oh, that's all."

Before the ancestor of the crocodile could finish speaking, Guilong Guizu sighed, took a step forward, knelt down on one knee in front of Qin Chen, bowed his head and said, "Yulong, I wish to surrender."

After being trapped in the abandoned land for so many years, all ambitions have long since been wiped out, and Guilong Guizu also feels tired.

"Hmph, it's pretty smart." Wangu Mingzu sneered.

As the ancestor of Guilong knelt down, many people around him also knelt down, and now only the ancestor of Yanhun and a few people remained on the field who had never surrendered.

Ancestor Yan Hun's eyes flashed when he saw this, as if he was thinking about something, then, with a smile on his face, he took a step forward and cupped his hands and said: "Brother Mingzhu, we admire Brother Mingzhu's methods very much, but..."

"It seems that there are only so many people."

Qin Chen didn't bother to pay attention to Patriarch Yan Hun at all, and nodded before he finished speaking.

Almost 95% of the masters of the restricted area below chose to surrender, which was beyond Qin Chen's expectations.

The patriarch Yan Hun's speech was interrupted, and his face was extremely ugly, but he didn't dare to challenge Qin Chen, so he had to put away the embarrassment on his face, suppressed his anger and continued to cup his hands: "Brother Ming..."

Qin Chen turned his head calmly, and with just one glance, Patriarch Yan Hun's voice suddenly stopped and he couldn't utter a word.

Qin Chen said indifferently: "If you don't want to surrender, what are you doing here?"

After the words fell, Qin Chen raised his hand.

boom!

In an instant, an invisible force of rune restraint enveloped the ancestors of Yan Hun and the others, and in the next moment, the ancestors of Yan Hun disappeared in this void in an instant and were sent out of this place.

Seeing this scene, Wulong Guizu and the others suddenly shrank their pupils and gasped inwardly.

this...

fear! As the peak and detached ancestor Yan Hun, several people were moved away by Qin Chen without any resistance. With such strength, Guilong Guizu and others instantly understood that Qin Chen had definitely completely controlled the hall here. , no wonder there is such

confidence.

Even Emperor Shimei, who was imprisoned above, was in a frenzy.

This son, is there really a way to let everyone leave this place?

"Okay, since everyone is willing to surrender, then don't resist, and enter the small world of this seat to merge with the source." Qin Chen said lightly, and then glanced at Wangu Mingzu: "Wangu, you arrange it."

"Hey, Young Master Chen, just leave it to your subordinates."

Myriad Bone Mingzu chuckled.

The next moment, Qin Chen waved his hand, and the remaining Lord of Hell Prison and others below were suddenly enveloped by a force, disappeared in the hall, and entered the chaotic world.

In the chaotic world.

Swish Swish Swish!

Countless horrific figures suddenly appeared. As soon as these horrific figures appeared here, they looked up in shock and looked around, with a look of horror on their faces.

"This place is..."

The Lord of Hell Prison and the others looked shocked. They saw a vast chaotic galaxy in the sky, countless galaxies shining, and below, a lush plain, vast and boundless.

This is a small world?

This is clearly a complete cosmic world.

And the atmosphere here is completely different from the underworld they have seen, it seems that there is an inexplicable vitality.

"Yangjian, this is the breath of Yangjian..."

Suddenly, the gargoyle ancestor shrank his pupils and exclaimed.

He had participated in the war between the Underworld and the Cosmic Sea back then, and instantly understood that the aura coming here was actually the yangworld aura of the Cosmic Sea.

As soon as this remark came out, all the masters of the restricted area were shocked. How could there be a breath of the universe in the body of the creatures of the underworld?

Could it be that the master of the underworld is actually a man of the universe sea?

No!

How can this be?

All the masters of the restricted area were in disbelief, but, except for the people of the sun, it is impossible for any creature in the underworld to have such a strong cosmic sea and sun atmosphere in the inner world.

And when all possibilities are ruled out, the only impossible becomes possible.

Just when everyone was shocked, Wangu Mingzu suddenly laughed and said: "Hey, what is the world of the sun and not the world of the sun, this is the inner world of Chen Shao, everyone, don't waste time, just merge with the origin of this world. ."

Wangu Mingzu laughed lightly, while Xue Fiend Guizu, Xuanguai Laomo, and Soul Eater Netherworm surrounded them.

"Wan Gu...you were under the command of the Four Great Emperors back then, and you actually colluded with Yangjian..." the master of the restricted area sternly shouted. Many of the masters of the restricted area imprisoned here are from ancient times, and more than one person has participated in the war between the underworld and the cosmic sea. In their minds, the underworld and the cosmic sea are hostile forces.

A cosmic sea powerhouse is two completely different things.

"Under the Emperor's command?" Wangu Mingzu chuckled and pointed to the distant sky: "Everyone, what do you think is that?"

Everyone turned their heads to look. In the distant sky, a huge black sphere loomed faintly. Inside the sphere, a vague figure sat cross-legged. as if

Across the endless void, it suddenly came to everyone's minds.

boom!

In an instant, in the minds of all the masters of the restricted area, a majestic figure like a **** stood up, blooming endless ghostly light, standing above their sea of souls, becoming an irresistible god.

That breath seemed to tear the souls of all of them apart on the spot, which was much more terrifying than the previous Emperor Shimei.

"Emperor Nether..."

The master of the restricted area from ancient times uttered a panic. Although the ancient Four Great Emperors are extremely mysterious, some strong men have seen the phantoms of the Great Emperors, and they never thought that the legendary Emperor Nether was here. What's going on? Could it be that Emperor Youming also took refuge in Master Mingzhu? Or,

Master Mingzhu is actually a person controlled by Emperor Youming secretly.

Wangu Mingzu didn't bother to pay attention to everyone's thoughts, and said coldly: "Do you have any doubts?"

boom!

As soon as the words fell, a terrifying aura surged from Wangu Mingzu's body. This aura suppressed everyone fiercely, making it difficult for everyone present to breathe, and felt an unspeakable sense of oppression.

With Qin Chen's authorization, Wangu Mingzu is almost invincible in this chaotic world.

Guilong Guizu and the others showed bitterness on their faces.

Now, even if they wanted to refuse, it was impossible for them.

Glancing at the location of Emperor Youming, the next moment, everyone urged the origin to merge into the origin of the way of heaven in the chaotic world.

boom!

Can the aura formed by the integration of the original source of more than a hundred triple detachment late stage powerhouses be terrifying? In an instant, the entire chaotic world rumbled and began to transform.

now.

In the main hall, the surrounding area was empty, and now only Qin Chen and Emperor Shimei were left.

"Boy, what do you want to do?"

Seeing Wangu Mingzu and others disappear instantly, Emperor Shimei's face changed suddenly. When there were other people around before, Emperor Shi Mei was not so flustered, but now when there are only her and Qin Chen left, for some reason, there is an inexplicable panic in her heart, looking at Qin Chen Eyes are

I dare not look directly at it.

"do what?"

Qin Chen came to Emperor Shimei step by step, and gently raised Emperor Shimei's chin with one hand.

"What do you think?" A cold light flashed in Qin Chen's eyes.

"you..."

Emperor Shimei uttered a coquettish voice, with an ugly face, but the next moment, a strange light flashed in her pupils, boom, in an instant, a terrifying force of charm suddenly poured into Qin Chen's mind.

In the surrounding world, there seemed to be a series of charming chuckles, and Emperor Shimei crazily used the charm technique to try to charm Qin Chen.

This time she didn't dare to let her soul directly enter the depths of Qin Chen's soul. She was frightened by the mysterious ancient book before, so she dared to use the powerful emperor's divine power to control Qin Chen's spiritual will. As long as Qin Chen's spiritual world can be controlled for a short time, he can also release himself from this hall, and once she leaves this hall, she will be safe, without the suppression of the hall rune prohibition, she, as the emperor powerful

How could the reader be afraid of Qin Chen respecting the quasi-emperor so much? However, the moment her charming power entered Qin Chen's mind, a terrifying murderous aura burst out from the depths of Qin Chen's mind. With a bang, Emperor Shi Mei let out a painful cry. The murderous breath is instantly

Tore apart her charming power and tore it apart.

"How could there be such a terrifying killing intent in your mind?" The corner of Emperor Shimei's mouth was bleeding, and she saw in just a moment that Qin Chen's mind was filled with endless killing intent. Strong, even more terrifying than her Great Emperor Divine Sense.

[Chapter 5450: Space Killing Thunder Seal](#)

"This child's soul sea has become so terrifying in such a short period of time, how is it possible?"

Emperor Shimei's mind was shocked.

"It's useless, stop resisting." In front of Emperor Shimei, Qin Chen looked at Emperor Shimei with a sneer, and patted her beautiful cheek lightly, as if he understood what Emperor Shimei had done before. in the chest.

Think about it too.

How could a great emperor be subdued so easily? Qin Chen stared at the golden vertical pupils of Emperor Shimei, and said lightly: "Your charm power is really good, even if you are seriously injured, it is enough to easily charm the quasi-emperor, but it is a pity that in this hall, this young master has already merged Endless killing intent, you

If you want to control this young master's will through charm, it is tantamount to whimsical. "

As Qin Chen said, his palms gently moved down the face of Emperor Shimei, first the towering Qiong nose, then the scarlet lips, followed by the towering neck like a swan, and then to the collarbone below...

"you..."

The Great Emperor Shimei uttered angrily, his delicate body tensed up, a dense layer of goosebumps spread all over his skin instantly, and there was endless fear and bewilderment in his pupils.

Under the movement of Qin Chen's palm, she had no chance to resist at all, just like a doll that was being manipulated by others.

"what do you want to do?"

Panic welled up in Emperor Shi Mei's heart.

"What do you think I'm going to do?" Qin Chen's palm did not continue downward, but gently pinched Emperor Shimei's swan-like neck, and then squeezed it slightly.

A feeling of suffocation came from Emperor Shimei's throat.

And with such a posture, Qin Chen pressed against her tightly, which made her even more ashamed and angry, and her whole body became hot for no reason.

"Let go of me, cough cough."

She struggled violently, but the runes in the void flickered one after another, binding her body firmly, unable to break free.

"Don't try to resist." Qin Chen leaned close to Emperor Shimei, his breath lightly blew on Emperor Shimei's fair cheeks, his voice was indifferent and cold, like eternal ice.

Emperor Shi Mei looked up in horror, and what he saw was Qin Chen's indifferent eyes, the determination contained in them made her feel chills.

This is definitely a man who can do whatever it takes to achieve his goals.

I am thinking about it.

boom!

Qin Chen's hand was clenched suddenly, and a terrifying devouring force was born in the hall, and the mysterious rusty sword parts were urged by Qin Chen with all his strength.

"ah!"

Emperor Shi Mei cried out in pain, and an invisible force came down, her whole body seemed to be pulled away, and her body twitched violently.

boom!

Moreover, there were streaks of dark thunder light roaming over her body, making her numb and trembling.

This level of lightning power, if she was in its heyday, would not be able to harm her at all, but at this moment her power is imprisoned and restrained by the hall, and she has no resistance at all.

"Ahhh..."

The pain of stripping her soul made her, the great emperor, feel terrified and desperate, her scalp was numb, and her whole body was shaken violently.

At this moment, Emperor Shimei felt as if he was about to sink into an endless abyss of darkness, unable to wake up again.

"No..."

A roar came from the mouth of Emperor Shimei. The next moment, the big hand on her neck suddenly loosened, and the strong soul devouring power dissipated instantly, her eyes went dark, and she woke up from the state of dying in an instant, her whole body was limp, dripping with cold sweat, as if

Generally picked up from the water.

"How about it, have you considered it? I don't have much time to play with you."

Qin Chen looked at Emperor Shimei coldly, and his devil-like voice rang directly in Emperor Shimei's ears, and his big hand holding Emperor Shimei's neck was like the hand of the **** of the underworld, controlling Emperor Shimei life and death.

Two lines of tears fell from the corners of Emperor Shimei's eyes, and despair emerged from Qin Chen's eyes.

She couldn't believe that, as the great emperor, she would one day be suppressed by such a quasi-emperor and become a fish on the sword!

Even if she was trapped here by the array designed by Jia Luo Mingzu back then, she was not as desperate as she is now.

"How are you thinking? Do you choose to submit to this young master, or choose to die!"

Qin Chen's voice sounded again, and the murderous intent in his eyes was obvious, with a trace of impatience.

Qin Chen naturally would not have the slightest pity for such a great emperor of the underworld who was about to put himself to death.

This is a world where the weak prey on the strong. If he hadn't been prepared earlier and saw through the conspiracy of Emperor Shimei and Jialuo Mingzu, then he should be the one who has been reduced to the position of Emperor Shimei at this moment.

Qin Chen was never stingy and cruel to his enemies, even if the opponent was a woman.

"I..."

Emperor Shimei opened his mouth slightly, and there was a trace of despair in his bright eyes, "If I surrender to you, can you... really take this emperor... no, take me, and leave this place?"

After saying this, Emperor Shi Mei's whole body went limp, and the moment she asked this sentence, her defenses collapsed.

"Do you think you still have a choice?" Qin Chen said indifferently: "What's more, do you think there is any situation that will be more unbearable than your current end?"

Emperor Shimei was stunned.

A trace of bitterness bloomed from the corner of her mouth.

Yes, do you have a choice?

She looked up and looked at the void around her.

Trapped here for so many years, every minute, every second, she is resisting the engulfment, pain, and despair from the soul level all the time.

Tired, she was very, very tired.

If Qin Chen can really take her away, then what she faces will no longer be humiliation, but—relief!

Just like the previous Wulong Guizu and others.

And the reason why she couldn't accept it was only because of her arrogance as the great emperor.

But if he can get out alive, what is that so-called self-esteem?

"As long as you can really take me out, I will...be willing to surrender."

Emperor Shimei suddenly raised his head, and said word by word, a divine rainbow that dazzled even Qin Chen burst out from his despairing eyes, which was incomparably gorgeous and resplendent.

boom!

The originally weak aura on her body became inexplicably solidified and pure in an instant, and the emperor's aura that was suppressed by Qin Chen before also surged out again, shaking the void.

"Um?"

Qin Chen couldn't help being surprised.

If he hadn't been in such a situation, Emperor Shimei's state of mind would have made a breakthrough.

A more fierce and pure breath bloomed from Emperor Shimei's body than before.

Qin Chen said indifferently: "Don't worry, this young master has always kept his word."

"Okay, then how do you want me to surrender?" Emperor Shimei frowned and said, "Is it like those guys before, merging the origin of a small world of yours?"

Qin Chen shook his head.

The Yang world energy in the chaotic world is far from enough. If a great emperor like Shi Mei is allowed to merge with the source, it will immediately lead to the prosperity of yin and the decline of yang, which will cause extremely serious consequences to the creatures of the chaotic world.

Even in the so-called fusion origin of the Dragon Ghost Ancestors, Qin Chen only allowed a trace of their original aura to merge with the Dao of the chaotic world, but not a complete fusion.

"You just need to open up your soul source and let Ben Shao leave a soul imprint."

Emperor Shi Mei was stunned, and frowned, "Leave a soul imprint? You?"

She thought that Qin Chen had some tricks. It turned out that he wanted to control her by leaving a mark on her soul source.

It should be noted that she is a strong emperor, even in a weak state, the source of her soul is definitely not something that a quasi-emperor like Qin Chen can control.

"You only need to open up the source of your soul, and you don't need to consider other things." Qin Chen said lightly.

"Okay, come on then."

Emperor Shi Mei took a deep breath, closed his eyes slightly, and boom, above her eyebrows, a terrifying soul breath slowly seeped out.

The source of the emperor's soul.

The moment this soul source appeared, the void in all directions trembled faintly, and a terrifying soul breath enveloped Qin Chen, trying to suppress Qin Chen from the soul level.

This is the instinctive suppression of the emperor's soul against Zhuangdi's soul.

Qin Chen didn't realize it, he just stared at the soul source of Emperor Shimei.

It has to be said that the origin of the soul of Emperor Shimei is much weaker than that of Emperor Youming.

Shaking his head slightly, a thunder mark began to condense and emerge in Qin Chen's palm, and a murderous aura of space faintly escaped from the thunder mark.

Spatial Killing Intent Thunder Seal.

The next moment, Qin Chen instantly imprinted this spatial killing intent thunder seal on the soul source of Emperor Shimei.

boom!

Emperor Shi Mei's soul trembled slightly, and her body also trembled rapidly. A higher level of coercion was like an electric current, which instantly spread throughout her whole body.

"This is..."

Emperor Shimei's heart was shaken, and he could clearly feel that the soul mark Qin Chen had displayed had penetrated into his own soul source little by little, and was slowly imprinted in the depths of her soul source.

fear!

Emperor Shimei never expected that Qin Chen, a quasi-emperor, could really control himself through the soul seal.

Qin Chen naturally knew that the emperor and the strong cannot be easily controlled, so he used his strongest methods when he came up.

The power of dark thunder, the power of the heart of space, the power of killing intent against killing the **** emperor.

The three major forces merged, and in an instant, this thunder mark of killing intent in space was firmly imprinted in the soul of Emperor Shimei, indelible.

And when the soul imprint was imprinted, Emperor Shimei instantly felt that his life and death were no longer under his control.

Emperor Shimei opened his eyes, with a bitter expression on his face, and an inexplicable feeling emerged in his heart.

The next moment, she bowed and saluted, completely exposing her beautiful figure in front of Qin Chen, her figure was soft and beautiful.

"Owner."

Emperor Shimei said softly and respectfully. At the same time, with a buzzing sound, all the secret pattern restrictions that bound Emperor Shimei dissipated in an instant, as if a huge mountain that had been pressing on her for hundreds of millions of years was instantly removed, and Emperor Shimei felt extremely relaxed and transparent all over his body. , no more

bondage. Rejuvenate.
