"very good."

Looking at Emperor Shimei, Qin Chen nodded slightly.

With Emperor Shimei, it must be much easier to walk in the underworld.

"I don't know what the master needs his subordinates to do now?"

Emperor Shimei saluted Qin Chen respectfully, and when he bent down, he revealed a touch of snow-white.

Since she chose to surrender, Emperor Shimei quickly adapted to her identity. She can cultivate to this level, so she naturally knows that when something happens, it is always more beneficial to face it calmly than to feel sorry for herself.

"Heal your wounds first, this young master will send you into the small world inside me, and when I need you, this young master will call you."

After the words fell, Qin Chen raised his hand, and an invisible force of space instantly enveloped Emperor Shimei.

Emperor Shimei was taken aback, she didn't expect Qin Chen to do nothing but let himself heal after subduing her.

Prudish?

She did not resist the shackles of this space force, and with a buzzing sound, the figure of Emperor Shimei disappeared into the hall instantly.

"It's time to merge this palace hall with the mysterious Rusty Sword."

Qin Chen raised his head and murmured.

He doesn't have much time to waste.

The next moment, Qin Chen's figure suddenly disappeared from the hall, and appeared in the forbidden area of the Dead Sea outside the palace hall.

call!

The yellow sand blows, like a doomsday scene.

But Qin Chen, who has obtained the inheritance of the God Emperor of Rebellion, no longer has to worry about the Forbidden Land of the Dead Sea harming him.

Swish, the mysterious rusty sword appeared in his hand, and Qin Chen looked up at the majestic palace hall, which was winding for thousands of miles.

"Little God."

"Master, I am here."

The mysterious rusty sword trembled slightly, conveying a joyful consciousness.

"let's start."

"Good job, master."

With a buzzing sound, the mysterious rusty sword soared into the sky instantly.

Qin Chen immediately sat cross-legged, closed his eyes, and connected his mind with the mysterious rusty sword and the palace hall in front of him.

Rumble!

In an instant, the majestic palace hall that looked like two wings suddenly trembled, and the countless secret pattern restrictions were bright, like two ancient sacred mountains, slowly beginning to merge with the mysterious rusty sword.

A terrifying aura kept stirring in this forbidden area of the Dead Sea.

now.

In the chaotic world.

A trace of the origin of Wulong Guizu and others has merged with the way of heaven in the chaotic world.

A sense of perfection rose from the depths of the souls of each of their restricted area masters.

"This is..."

Stone Ghost Ancestor and others felt their bodies in shock. At the moment of fusion, many people felt an extremely comfortable moan from their bodies, their souls were complete, as if they were about to break through on the spot.

This feeling is so amazing.

"Senior Wangu, that was just now..." The ancestor of the virtual crocodile turned to look at the ancestor of the Minggu Ming, with a respectful and excited expression, his original cultivation base was only a detachment in the late stage of the third level, but at the moment of merging the original source, he There is such a thing as breaking through and entering the peak of the triple late stage on the spot

A sense of detachment.

Senior Myriad Bones?

Wangu Mingzu looked at the ancestor of the virtual crocodile with satisfaction, this guy is sensible.

"The fusion of yin and yang." Wangu Mingzu said indifferently, with a calm expression.

As soon as this remark came out, everyone was shocked, and many of them immediately understood the reason.

"In this small world, there is an astonishing power of the sun universe, no wonder..."

The master of the restricted area who participated in the Cosmic Sea World War that year murmured.

The power of the universe in the yang world is an extremely powerful tonic for the creatures of the underworld, and it can be called top-notch. "Now do you know the benefits of following Chen Shao?" Wan Gu Ming Zu turned his back to everyone and put his hands on his back, and said proudly: "At present, there is not much power in the universe of the Yang world here, and when Chen Shao returns to the universe sea, as long as You absorb

With enough power of the universe in the yang world, the hope of becoming the great emperor in the future is probably ten times more than other transcendents in the underworld. "

"Taking refuge in Chen Shao will be the most correct decision you have ever made in your life."

Wangu Mingzu looked up at the sky, and his back instantly became extremely magnificent and tall in everyone's sight.

Everyone was excited because they all knew that Wan Gu Ming Zu was not talking nonsense.

Absorbing enough power of the Yangworld universe can indeed increase their hope of stepping into the Great Emperor by more than ten times.

What a pleasant surprise.

"Brother Wan Gu, what should we do next?"

At this time, another master of the restricted area asked.

Brother Ten Thousand Bones?

Wangu Mingzu frowned and looked at the master of the restricted area, this guy is obviously not as good as the previous ancestor of the virtual crocodile.

"What are you in a hurry for?" Wan Gu Ming Zu said indifferently: "When Master Chen finishes his work, he will call me to wait when he needs me."

"This..." The man was stunned.

"Why, do you have an opinion?" Wangu Mingzu glanced at him lightly.

The man hastily bowed his head and saluted: "Of course not."

"Isn't that all right?" Wangu Mingzu snorted coldly.

At this time, other masters of the restricted area were also looking around.

Whoosh!

A master of the restricted area flew into the sky on the spot.

"Brother Wangu, where is..."

The lord of the restricted area looked into the depths of the chaotic world, and the chaotic air was surging in the distance, which was extremely vast, and there seemed to be some buildings looming, some mountains, rivers and rivers, mighty and mighty.

"Who made you fly around?" Seeing this, Wan Gu Ming Zu immediately stopped this person, his face was displeased, and he scolded: "There are still a few mistresses here, if you disturb them, what should you do?" "

"How many mistresses?"

The master of the restricted zone was startled, and hurriedly fell down, and everyone else was also shocked, the mistress must not be offended.

"Thank you, Brother Wan Gu, for letting me know. From now on, I will follow you, and I hope Brother Wan Gu will take care of you."

After the lord of the restricted area fell, he hurriedly took out a space storage treasure from his body and handed it to Wangu Mingzu. Wangu Mingzu casually put away the space storage treasure, and the displeasure on his face eased a lot, nodded, patted the other party's shoulder and said: "It's easy to say, from now on, this ancestor will protect you, as long as you Be obedient and follow Chen Shao

Things, keep your delicious and spicy food. "

And at this moment.

hum!

The void suddenly flashed, and everyone looked up one after another, only to see a figure suddenly appearing in the void. As soon as this person appeared, a terrifying aura of the Great Emperor permeated the air, instantly suppressing the masters of the restricted areas present.

Emperor Shimei!

Seeing the appearance of Emperor Shimei, all the masters of the restricted area were shocked. Why did this guy appear here? Could it be that he entered the small world of Lord Underworld?

boom!

In an instant, everyone felt as if they were facing a formidable enemy, with a terrifying aura surging from their bodies, all kinds of weapons were drawn out, and guarded above.

"Everyone stop!" Wan Gu Ming Zu hurriedly stepped forward to stop everyone from making a move, and scolded: "Look at your hurry, since this person can appear here, he must have been subdued by Mr. Chen, my own people, why panic? With that said, Wangu Mingzu flew up and came to Emperor Shimei, looked him up and down, raised his head and said: "Emperor Shimei, since you have come to the chaotic world with little dust, it means that you have already If you surrender to Mr. Chen, then I will come and talk to you

The rules here, in this chaotic world, apart from Chen Shao, my Myriad Bone Netherworld Ancestor can be regarded as the chief steward of this place, if you from now on..."

"Go aside."

Emperor Shimei didn't listen to Wan Gu Ming Zu's words at all, he flicked his hand casually, and with a bang, Wan Gu Ming Zu was instantly sent flying ten thousand feet away by her.

What grade, dare to order in front of her?

"Oh shit..."

Wangu Mingzu's face suddenly turned down, this Emperor Shimei is too arrogant, don't you know who is the boss here?

"Well, you?"

At this time, Emperor Shimei's eyes had already fallen on Bolong Guizu and the others below, seeing the state of Bolong Guizu and the others, she was startled.

At this moment, the origins of Wulong Guizu and others have undergone a huge transformation, and the mellow and perfect state even made her secretly startled and shocked.

"Yin-yang fusion?"

Suddenly, Emperor Shi Mei raised his head and narrowed his eyes.

From her point of view, Wangu Mingzu didn't need to explain, she already understood where the changes in Jilong Guizu and the others came from.

hiss!

The small cherry mouth was O-shaped and sucked in the cold air. Emperor Shimei looked shocked and looked up at the surrounding world.

At this time, she could see that the surrounding world was flowing, this is not a small world, it is clearly a small universe.

fear!

How did the master manage to integrate such a small universe into his own body?

Incredible.

Whoosh!

Emperor Shimei soared into the sky in an instant, wanting to observe the entire chaotic world.

"presumptuous."

Seeing that Emperor Shimei didn't take himself seriously at all, Wangu Mingzu was furious immediately, and immediately rose into the sky, trying to stop Emperor Shimei.

Depend on.

If you don't give him a warning, how will you lead the team in the future?

"roll!"

Emperor Shimei scolded lightly, raised his hand, and boom, a terrifying aura of the great emperor exploded, shaking the void, and Wangu Mingzu was immediately blasted out again, and with a bang, he hit the ground heavily, making his face ashamed .

"Bone Boss, are you alright?"

Blood Fiend Ghost Ancestor, Xuangui Old Demon, Soul Eater Nether Worm and others all came to Wangu Mingzu one after another, with worried faces on their faces.

"I'm fine, shit..."

Wangu Mingzu got up and dusted off his body, his face turned green with anger.

"Bone Boss, do you want us..."

The Blood Fiend Ghost Ancestor raised his head, his eyes gloomy.

"No need." Wangu Mingzu shook his head, the old **** was at ease, "Don't worry, this guy won't be arrogant here."

In the void, Emperor Shimei glanced at the surrounding void in surprise.

The emperor and the strong are invincible in the world.

With her strength, the blow just now was enough to tear apart the void of the underworld, and this small universe remained completely motionless.

eccentric.

Even if this is a small universe, it is impossible to withstand the attacking aura of such a great emperor like her.

Emperor Shimei looked up, and she could feel that the place with the strongest space power in this small universe was above this void.

Whoosh!

Emperor Shimei suddenly soared into the sky and sank into the sky in an instant.

The expressions of Xue Fiend Guizu and the others changed. "Let her go!" Wangu Mingzu smiled coldly.

[Chapter 5452: four mistresses](#)

Everyone looked suspicious.

How did Boss Bone change his gender?

Sudden.

There was a bang.

Everyone hurriedly raised their heads.

Only to see the next moment. The figure of Emperor Shimei rose from the void above her head and retreated violently. A series of terrifying spatial forces lingered around her body. During the process of

retreating, with a puff, Emperor Shimei spurted out a mouthful of blood, which was stained red. in front of

Towering snow-white.

"That is..."

Stabilizing his figure, Emperor Shimei looked up at the void in the distance in amazement, and endless amazement surged in his heart. At this moment, in the distant void, a space body with 361 degrees slowly emerged, suspended quietly, and the space body was suspended there. When it was not close before, with her emperor-level cultivation why can't fully

Perceived.

It wasn't until she broke into the range of the space body that she was aroused by the terrifying space killing intent and sent her flying.

Fortunately, the killing intent of the spatial body was extremely restrained and was not aroused. Otherwise, Emperor Shimei had a feeling that if the horror of this spatial body exploded with all its strength, it would be enough to cut her up and kill her easily.

"What a terrifying space body, what kind of treasure is this?"

Emperor Shimei was shocked.

No wonder the void here is so solid. With this space body, even in her complete victory period, she may not be able to shatter the void of this small universe.

fear!

Emperor Shimei didn't dare to move rashly, and retreated slowly, but in the process of retreating, she turned her head to look at another place, and was shocked again in her heart. There seemed to be a black ball hidden in the void in the distance, and there was a terrifying aura of the emperor in that ball. When she carefully felt the aura of the emperor, she even felt a wave of the aura of the emperor. enough to

Her shredded terror breathed out.

"The origin of the emperor? Whose origin of the emperor is this?"

Emperor Shimei gasped again, her beautiful eyes widened, this aura of emperor was so strong, it was much more terrifying than in her heyday, which emperor belonged to it?

"Huh? There is a trace of ghostly spirit hidden in this great emperor's origin, could it be..."

Suddenly, thinking of a possibility, Emperor Shi Mei's pupils shrank suddenly.

hiss!

How many horrible things are there in the small universe of his own master?

Master, pervert!

With a flicker of thought, Emperor Shimei's figure has fallen down and appeared beside everyone.

Everyone immediately backed up a little. At this moment, Emperor Shi Mei's face was ashen, and his whole body was full of coldness. Obviously, he was not in a good mood. No one present dared to touch her bad luck at this time.

"hey-hey."

Only Wangu Mingzu sneered with disdain on his face.

This woman, relying on her cultivation as a great emperor, is arrogant and domineering here, look, she is deflated now.

"hey-hey."

Wangu Mingzu couldn't help laughing again, now this woman should know who is the boss here, right? However, the proud thoughts in his heart hadn't settled yet, Wan Gu Ming Zu suddenly blurred, a figure suddenly appeared in front of him, with a bang, before he had time to see what it was, the right face seemed to be covered by an ancient star

Chen slammed into Xiang, and with a bang, he flew out fiercely, smashing a mountain behind him, and was buried by the ruins.

"Is it funny?"

An icy voice sounded, and the Emperor Shimei had stood at the place where the Myriad Bone Nether Ancestor used to be, with a cold face and a bad tone.

"Damn it, little girl, do you dare to hit me?"

boom!

The gravel was splashed, and among the ruins all over the sky, Myriad Bone Nether Ancestor suddenly shot up into the sky, his face was livid, his nose was bruised and his face was swollen from the blow, and two streams of blood flowed from both nostrils, and he was trembling with anger.

This guy, dared to do something to himself, this ancestor was so mad.

"Little girl, are you looking for death?"

Wangu Mingzu cursed angrily, before he finished speaking, boom, suddenly a figure suddenly appeared in front of him, and a slender hand pinched his throat like lightning.

"What did you say?"

Emperor Shimei said coldly, looking at him coldly with icy golden vertical pupils.

Wangu Mingzu's voice stopped abruptly, his face turned red, he could feel the slightest murderous intent conveyed by Emperor Shimei, and he didn't dare to speak immediately. In this chaotic world, Chen Shao gave him authority far beyond others, but Emperor Shimei is a strong emperor after all. If he wants to suppress him, he must either activate the heart of space or let Emperor Youming take action. neither

He can easily call out.

I will endure!

Wangu Mingzu took a deep breath, and hurriedly said: "Ahem, Great Emperor Shimei, I didn't say anything just now, did you hear wrong?"

He looked suspicious.

Everyone: "..."

Depend on!

What about ethics?

Sensing the strange gazes of Nailong Guizu and the others below, Wangu Mingzu's face turned red, wishing he could find a crack in the ground and get down.

I will endure!

Wangu Mingzu took a deep breath, feeling extremely tired, alas, this year's newcomers are not easy to lead.

But at this time, the Blood Fiend Ghost Ancestor, the Xuangui Old Demon and others rose into the sky one after another, directly surrounding Emperor Shimei.

"Emperor Shimei, let go of Boss Gu." The Blood Demon Ghost Ancestor looked gloomy.

boom!

He exploded with energy and blood, and the power of the billowing sea of blood dissipated, ready to attack at any time.

"Emperor Shimei, this place is the territory of Lord Mingzhu. You are not afraid of being punished by Lord Mingzhu if you move your bones recklessly?" Old Demon Xuangui hesitated for a moment, and couldn't help but frown and opened his mouth.

The others also took a step forward following the Blood Fiend Ghost Ancestor and the Xuangui Old Demon, and the terrifying aura of transcendence surged around them like a landslide.

"Good man!"

Wan Gu Ming Zu looked at the crowd who stood up for him, and was moved to tears.

"Oh? You guys, do you want to be punished for him?"

Emperor Shimei turned his head and glanced at the crowd lightly. Xue Fiend Ghost Ancestor and the others suddenly felt a chill that made their hearts palpitate.

Emperor Shi Mei looked at the crowd with a light smile, but that smile made everyone shudder and panicked.

"Dare to stop this emperor, since that's the case..."

Emperor Shimei's pupils turned cold, and he suddenly raised his left hand.

boom!

A terrifying aura of the Great Emperor soared into the sky, like ancient gods and mountains that ruthlessly suppressed all the people present.

puff!

Everyone just felt that it was difficult to breathe, and the blood in their bodies was surging, and they were about to vomit blood on the spot.

"Senior Shi Mei, please calm down. We are just worried that if senior hurts Brother Wan Gu, Lord Mingzhu will be displeased. Since senior insists on doing something, we dare not stop him."

"Yes, senior, please continue."

"I'll leave here."

Whoosh whoosh!

Guilong Guizu and the others hurriedly opened their mouths, seeing that the situation was not good at the same time, they disappeared completely while shaking their bodies, leaving only Emperor Shimei and Wangu Mingzu whose neck was pinched messing about in the wind.

"grass!"

Wangu Mingzu's eyeballs were round.

A bunch of bastards!

"Interesting." Emperor Shi Mei smiled lightly, and turned his head to see Wan Gu Ming Zu's whole body shivering.

He hurriedly said: "Senior Shi Mei, um, um... don't look at the monk's face and the Buddha's face, everyone is working for Chen Shao, shouldn't they be more harmonious? Hehe, we are our own people, everyone is our own people."

Emperor Shi Mei chuckled lightly: "My own?"

"Yes, yes." Wangu Mingzu nodded again and again, like a chicken pecking at rice, "Besides, you see, my former master is on the top, and it's not good, um, it's not good if he sees it."

Wan Gu Mingzu smiled dryly, and slowly moved his hand to the side of his neck, intending to gently push Emperor Shimei's hand away.

"The former owner?"

Emperor Shimei raised his head and looked at the black ball with a serious expression on his face.

really.

Is that the origin of the Nether Emperor?

The Nether Emperor, once one of the Four Great Emperors of the underworld, is also in the master's miniature universe?

Just thinking about it.

At this time, several figures in the distance flew over quickly.

Emperor Shimei looked up, his pupils shrank suddenly.

I saw four beautiful women flying over from the void. The four had different temperaments, and each of them was as brilliant as a nine-day fairy descending from the earth, with loose black hair and a transcendent aura.

Although Emperor Shimei was a strong emperor with a high temperament, but looking at the four people flying over, Emperor Shimei could not gain the upper hand in appearance.

"Hiss, it's the four mistresses." Wan Gu Mingzu looked flustered, and hurriedly transmitted a voice: "Senior Shi Mei, let me down quickly, these are the four mistresses, in front of the mistresses, you must not be presumptuous."

He was extremely anxious, if the mistress saw him being carried like a chicken by Emperor Shimei, his image would be completely ruined.

"Mother?"

Emperor Shimei's heart moved, but he didn't make a sound, but he slowly relaxed his grip on Wangu Mingzu's neck, and stared at the person coming.

You Qianxue and the others quickly came here, looking at the scene ahead, they frowned.

"Myriad Bone Nether Ancestor, why did I feel that the chaotic world lost contact with the outside world earlier? How is Chen Chen doing now? And..." You Qianxue first asked anxiously, and then her eyes fell on Wan Gu Netherworld's neck His handprints and Emperor Shimei exuding the aura of the emperor, his eyes showed doubts: "What is going on here? Why did I feel it before?"

Have a fighting spirit? "

While speaking, You Qianxue, Chen Sisi, Ji Ruyue, and Shangguan Wan'er all had awe-inspiring expressions and were secretly on guard.

Since Qin Chen entered the forbidden area of the Dead Sea, they lost contact with Qin Chen, and they were anxious in their hearts. They felt that there was a fighting spirit before, so they came here immediately to ask what happened.

The ancestor of Wan Guming urged the origin, erased the handprint on the neck, and then smiled flatteringly: "Ahem, the four mistresses, it's actually nothing. The reason why the chaotic world lost contact with the outside world..." Wan Guming ancestor They were about to enter the forbidden area of the Dead Sea. I briefly said that when Chen Sisi and the others heard that Qin Chen was trapped in the Jedi, they were also besieged by the Jialuo Mingzu's formation and attacked by a powerful emperor, and their hearts were instantly tugged.

stand up.

"But it's all right now, the matter has been settled. This one is the Emperor Shimei, and these are the masters of the restricted area that Chen Shao subdued." Wangu Mingzu regained the posture of the chief steward, and introduced to both parties.

[Chapter 5453: two states](#)

After the introduction, Wangu Mingzu immediately yelled at the crowd below: "Mother of the Lord is here, everyone, hurry up and meet the four mistresses!"

The voice was booming, like a communication from the emperor's side in the palace hall.

Everyone was shocked.

Blood Fiend Ghost Ancestor and others rushed forward one after another, saluted respectfully and said: "I have seen the mistress."

The tone is reverent.

You Qianxue and the others looked at the group of powerhouses in the underworld exuding the aura of terror and detachment. Instead of any joy, they were full of worry and distress.

Has Chen, for their sake, been fighting against these powerhouses?

Although they had never participated in it, but looking at the group of powerful men around them, they could deeply understand Qin Chen's difficulty and hardship.

Sisi's heart tugged even more violently.

"Mother?"

Seeing that You Qianxue and the others were silent, Wan Gu Ming Zu couldn't help but raise his head.

"Everyone, that's right." You Qianxue and the others came back to their senses and nodded, "Everyone is behind us, so please forgive me."

"yes."

Wulong Guizu and the others got up quickly and breathed a sigh of relief.

The four mistresses seem to be pretty good.

After all, in the underworld, the attitude of the superior to the inferior is that they do not treat each other as the same kind at all.

At this moment, You Qianxue and the others turned their heads to look at Emperor Shimei.

Among all the people present, she was the most outstanding, with a beautiful appearance, a proud temperament, and a faint aura of a great emperor, shaking all around, just standing there, shining like a god.

"People from Yangjian?"

Emperor Shimei stared at You Qianxue and the other four, sized them up and down, and quickly felt the strong aura of the cosmic sea rule from the four of them. These four were obviously from the universe of the Yang world.

"Emperor Shimei, I haven't seen the four mistresses soon." Wan Gu Mingzu yelled when he saw that Emperor Shimei didn't move.

She couldn't help but sneer in her heart, if Shi Mei dared to act presumptuously in front of the mistress, she would really be courting death.

"Shi Mei, I have seen four of you."

Emperor Shimei smiled slightly when he heard the words, saluted slightly, raised his hands and feet, his mature temperament was scattered, combined with her great emperor's aura, it was even more overwhelming, it was not like a subordinate meeting the mistress, but like a greeting between friends.

Especially when Emperor Shimei opened his mouth with a lazy posture, he even fiddled with his posture lightly, stretching his body, revealing his curvaceous and graceful figure at a glance, full and round.

What a stunner.

The minds of Wulong Guizu and the others faltered, they were too frightened to look directly, and hurriedly lowered their heads.

"Mom!"

Wangu Mingzu also had his heart beating wildly. He keenly felt a strong aura disturbance between Emperor Shimei and Qianxue.

Depend on!

Women are simply horrible.

The two sides hardly said anything, but inexplicably, there was an invisible murderous surge that even made his heart palpitate.

"Emperor!"

Qianxue and the others murmured in their hearts, and their faces looked a little ugly.

This Emperor Shimei is a thorn.

Moreover, the surging of the invisible aura of Emperor Shimei stirred their heartstrings even more. Boom, each of them had different powers blooming in their bodies, resisting this aura one after another.

"Huh?"

Emperor Shimei frowned, showing surprise.

The four mistresses in front of me actually resisted her invisible power?

eccentric!

In fact, she didn't have any malicious intentions, but although she was controlled by Qin Chen, she also had independent thinking and surrendered to Qin Chen, she believed.

But in the face of four women whose cultivation base is obviously inferior to his own, how can she accept that she, a strong emperor, is a woman who surrenders to the other four women?

"The art of charm!"

At this time, a voice suddenly sounded.

Immediately after, a figure came out from among the four, it was Sisi, her face was pale, her breath was weak, but her eyes were very firm, looking at Emperor Shimei.

She could see the alluring aura of Emperor Shimei at a glance.

"Natural beauty?"

Emperor Shimei's eyes fell on Chen Sisi, and he was shocked, this person actually has a natural beauty?

No wonder I couldn't seduce that kid. Chen Sisi came out, and did not look at Emperor Shimei, but turned to the Lord of the restricted area, such as the soul devouring worm, and said indifferently: "Since you have all surrendered to Chen, then you are one of us. To work under Chen, it's nothing special

Everyone can feel free to follow the rules, but at the same time, don't rely on your status and strength to bully others, otherwise, we as dusty women will have to discipline him for him. "

Although Chen Sisi was speaking to Long Guizu and the others, everyone could see who she was referring to.

"interesting."

Emperor Shimei smiled.

Is this an understatement?

"What the mistress said is true." Emperor Shi Mei smiled lightly and said, "I don't know the name of the mistress?"

"Chen Sisi!" "It turned out to be Mistress Sisi." Emperor Shimei smiled and said, "Your subordinates became great emperors in the past, and there are also some subordinates. These detached people can be considered giants in the underworld. The technique should be strict, if everyone

There are no rules, and the strong and the weak are treated equally. I am afraid that they will lose their aggressive spirit and be disadvantaged instead. "

Emperor Shi Mei smiled lightly, as if reminding him, but he was imposing.

"Are you reminding me?" Chen Sisi smiled slightly.

"The subordinates dare not."

Emperor Shimei said he didn't dare, but his expression was extremely relaxed.

"I think you are quite brave."

Chen Sisi squinted her eyes, "Here, you can do whatever you want without being strong."

An invisible momentum directly enveloped Emperor Shimei.

Emperor Shimei suddenly smiled.

Want to suppress me with momentum?

It's just a detachment, isn't it thinking too much?

"I'm just doing it for the master's benefit." Emperor Shi Mei raised his head, looked directly at Chen Sisi, and said with a chuckle.

But the moment her gaze met Chen Sisi's clear pupils—

boom!

A terrifying momentum descended instantly.

"That is..."

Emperor Shimei felt as if she had sunk into an endless abyss. In the depths of that abyss, she saw a terrifying figure sitting cross-legged there. This figure was like a god, aloof and staring at her coldly. An aura that she was unable to resist swept over. This aura was so strong that it was even higher than the origin of the previous Emperor Youming. Just looking at it from a distance, the power that could destroy the world shocked her mind. make her muddy

The body trembled involuntarily, and the soul was convulsed.

"No..."

Under the eyes of everyone, Emperor Shi Mei suddenly trembled and let out a terrified roar. The whole person knelt down in an instant, covered in cold sweat, her eyes were blurred, as if she had lost her soul.

what's the situation?

Everyone looked at this scene in amazement, and their hearts trembled. Emperor Shimei just looked at each other with the mistress, why is it like this?

Many people looked at Sisi and the others, and their complexions suddenly changed.

Mistress, it turns out that they are all bosses.

Everyone was silent.

"It seems that you already know that you are wrong."

Chen Sisi looked at Emperor Shimei, then turned to Qianxue and the others and said, "Let's go."

Whoosh!

The four left together.

Everyone also hurriedly left, Wan Gu Ming Zu didn't make trouble this time, but just glanced at Emperor Shi Mei.

Hmph, let you be arrogant in front of the mistress.

ask for trouble.

He turned and left.

On the court, only Emperor Shimei was left collapsed as if he had been picked up from the water. After a long time, she gradually recovered.

Looking at the place where Sisi and the others left, Emperor Shimei still has lingering fears.

There is an incomparably terrifying power hidden in the body of Mistress Sisi, what kind of power is that?

She took a deep breath, and immediately found a place to retreat to practice and heal her injuries, without any arrogance.

at this time.

outside world.

Rumble!

Qin Chen was refining the huge palace in front of him.

Between the heavens and the earth, countless secret patterns were forbidden to shine, the anti-killing sword trembled violently, and terrifying killing intent auras continuously shot up into the sky.

I don't know how long it has been. With a buzzing sound, the majestic palace towering in front of the sky, which was thousands of miles high, shrank rapidly, and became only the size of a palm in a blink of an eye, and instantly merged with the killing sword in front of Qin Chen

rise.

Click!

As if something was stuck in the card slot, a burst of killing intent burst out from the Excalibur, and the huge palace turned into two jaws, which merged with the Excalibur. .

Boom!

The Reverse Killing Excalibur burst into divine light, and the little **** suddenly let out a comfortable moan.

"Master, it's so comfortable, I feel like I've completely recovered!"

The little **** opened his mouth excitedly, and instantly came to Qin Chen. Qin Chen grasped the Reverse Killing Sword.

boom!

A fierce killing intent bloomed from Qin Chen's body. Qin Chen tried to swing the Excalibur, but he felt that the Excalibur in his hand was extremely heavy. With his cultivation, it was difficult to swing it easily .

what's the situation?

Qin Chen was taken aback.

He exerted force suddenly, buzzing, but no matter how hard he exerted, the Excalibur of Reversing Killing was like a sea-fixing needle, and remained motionless.

Depend on.

Qin Chen was speechless.

After the sword was repaired, he couldn't even swing it, so how would he fight in the future?

"Little God, what's the situation?" Qin Chen frowned. "Master, it's like this. The little **** is a divine soldier who once killed the **** emperor, so after recovery, there are two forms, one is the complete form. In the complete form, the master must at least become the great emperor before it is possible." put it

Prompt. "

Qin Chen: "..."

But think about it, what is the cultivation level of Reverse Killing God Emperor? How could his divine weapon be easily activated by a quasi-emperor?

"What about the second form?"

"Master, the second form is the miniature state. The little **** will seal most of the power of the Excalibur, so that the master can activate it."

The words fell.

The Excalibur in Qin Chen's hand trembled suddenly, and then Qin Chen felt the Excalibur in his hand lighten suddenly.

"Huh?" Qin Chen's heart moved. Although the current sword is still extremely heavy, it is much lighter than before.

[Chapter 5454: tears in eyes](#)

Qin Chen's heart skipped a beat.

After the Reverse Killing Excalibur becomes lighter, it won't lose its power, right? He subconsciously activated the Reverse Killing Excalibur, and with a bang, a terrifying sword light suddenly burst out. In an instant, endless killing intent swept across the entire world like a storm.

In an instant, a gully with a length of hundreds of millions of feet was split open.

boom!

The void boiled, and the entire world of the Dead Sea Forbidden Land boiled under the influence of this terrifying killing intent, like boiling water.

hiss!

Qin Chen gasped. He looked at the Excalibur in his hand with a shocked expression.

fear!

Although the lightened sword is equivalent to being castrated, its power is still extremely terrifying. Qin Chen felt that the sword just now could even hurt Emperor Shimei who was in the previous state in the hall.

That is to say, even after becoming lighter, the Reverse Killing Excalibur can still injure the Great Emperor level powerhouse.

unbelievable.

Qin Chen deeply knew how terrible this was.

The great emperor is far above the transcendent, and the gap between the transcendent and the great emperor is as far as the gap between the supreme and the transcendent.

Even the great emperor who is seriously injured and weak is by no means beyond the reach of the strong.

With Qin Chen's current cultivation base, he can injure Emperor Shimei with the sword of reverse killing, which is equivalent to injuring the transcendence in the supreme realm.

If it spreads out, the entire ocean of the universe will probably boil.

"Master, how is the little god?" In the sword of reverse killing, the little **** said proudly.

"It's really amazing."

Qin Chen looked excitedly at the Excalibur in his hand, his eyes were like looking at the peerless ketone body of a beauty.

Qin Chen caressed the blade of the sword and said with a smile, "I never thought that the castrated version of the Reverse Killing Sword would be so terrifying. It's beyond my expectation!"

The little god's tone of excitement was choked, and he said weakly: "Master, that's called the second form, not the castrated version."

Qin Chen smiled slightly: "It's the same."

Little God: "..."

Qin Chen looked at the Excalibur in his hand, and his eyes were bright. He could feel that he had just slashed at random before, and had not fully released the power of the miniature form of the Excalibur.

If you use the Ni Shenjian Canon after practicing the Ni Shen Sword Canon, the power will be even more terrifying.

At this time, the little **** suddenly said: "Master, in fact, besides being directly urged by the master, if the master wants to unleash the power of the little god, there is a second way."

"oh?"

Qin Chen was surprised, "What method?" "Didn't the master subdue many underworld powerhouses before? In fact, the sword-jaw space of the little **** not only contains endless killing intent, but also can be stimulated by outsiders. During the battle, the master can Place those underworld powerhouses in the sword-jaw space, from this

Some powerhouses activate the secret pattern restriction, and more power of the little **** can be unleashed. "

"Can it still be like this?"

Qin Chen frowned.

If this is the case, then the Dragon Ghost Ancestor and the others will be of some use. When encountering a strong enemy, they can be allowed to enter the space of the previous palace and hall, and activate the secret pattern restraint in it to help them fight against the enemy.

Once so many restricted area masters erupt together, they will definitely cause extremely terrifying lethality.

Next, Qin Chen got acquainted with the Reverse Killing Sword carefully, and then entered the chaotic world in a flash.

"Hey, have you experienced a battle here just now?"

Because of concentrating on refining the anti-killing sword before, Qin Chen only realized that he had just experienced a battle after entering the chaotic world.

"Come here."

Qin Chen gave a low drink.

In an instant, Qin Chen's voice rang in the ears of the masters of forbidden areas in all the chaotic worlds.

"Chen Shao is back."

Wangu Mingzu looked excited, and was the first to jump up, and with a whoosh, he appeared in front of Qin Chen in an instant.

And the other masters of the restricted area also rose to the sky one after another, and rushed to Qin Chen's side.

"Master Underworld Lord."

"Meet the master."

Guilong Guizu and others saluted one after another. When the titles were given, they looked at Qin Chen standing proudly there, and all of them felt inexplicable feelings in their hearts.

In ancient times, the biggest reason why they were imprisoned in the Dead Sea cage was because they had no background.

The vast majority of people have never turned to the Great Emperor of the Underworld.

There are many reasons for this.

But none of them thought that one day they would surrender to others, and they were still such a young person from the Yangworld universe.

Looking at Qin Chen in front of them, instead of the slightest panic or apprehension in their hearts at this moment, there was an inexplicable excitement and eagerness to try.

"Young Master Chen, you are finally back, this subordinate misses you to death."

After Wangu Mingzu came to Qin Chen's side, he choked up and opened his mouth for the first time, and at the same time wiped his eyes involuntarily.

Qin Chen: "..."

How long has it been since we saw each other, is this necessary?

"Young Master Chen, have you finished your work?"

Wangu Mingzu expressed concern again.

Qin Chen nodded, then stared at Wangu Mingzu's face, frowning slightly: "What's wrong with your face?"

"Ah? It's okay."

Wangu Mingzu hurriedly covered his face, "Well, this subordinate just had a sparring with Emperor Shimei just now, because the battle was too fierce, I accidentally injured my face, it's a small matter, a small matter!"

Myriad Bone Ming Ancestor smiled sarcastically.

"Learn martial arts? The battle is fierce?"

Qin Chen was speechless, and you are the only one who is still exercising martial arts with Emperor Shimei? Was this beaten by Emperor Shimei?

His face darkened, "What's going on? Where's Shi Mei?"

"Owner."

A soft voice rang in Qin Chen's ears, and the next moment, the figure of Emperor Shimei suddenly appeared beside Qin Chen, and stepped out of the void.

"Shi Mei, I have seen the master."

Emperor Shimei bent down slightly, and saluted Qin Chen. He was meek and courteous, with a myriad of demeanors. His endless charm made many people's hearts agitated and they dare not look directly at him. "Master, this subordinate needs to admit his mistake to Master. Previously, this subordinate was

too rude to Wangu Mingzu and accidentally hurt him. I have been extremely guilty and uneasy in my heart. Now in front of Master, this subordinate hopes to get Master and Myriad Bone Ancestor forgiveness. "

After saying that, Emperor Shimei came to Wangu Mingzu and saluted slightly: "Brother Wangu, I'm sorry, you and I are both under the command of the master, I shouldn't have treated you like this before."

Depend on.

what's the situation?

Looking at Emperor Shimei who actually admitted his mistake to him, Wangumingzu jumped up like a cat whose tail was stepped on, and hurriedly hid behind Qin Chen.

"It's okay, this ancestor is very resistant to beatings, so don't take it to heart." He waved his hands again and again, but his heart sank.

There is definitely a conspiracy.

Wangu Mingzu's face turned pale, and he didn't believe that the dignified Emperor Shimei would apologize to him after beating him, there must be something wrong with it.

"Tell me, what happened just now?"

Qin Chen glanced at the two of them and said lightly.

Wangu Mingzu looked hesitant: "This..."

On the contrary, Emperor Shimei didn't mind, but came to Qin Chen's side and told him what happened before.

"Sisi..."

Qin Chen's face was gloomy, and he suddenly looked at Emperor Shimei, with an icy chill blooming in his eyes.

boom!

In an instant, a terrifying aura swept out, and everyone felt as if they were in a raging sea. They all had difficulty breathing, their minds were shaken, and they hurriedly knelt down.

Even Emperor Shimei felt a breath of suffocation. This breath was not because of being in the chaotic world, but the power that Qin Chen instinctively radiated.

"Master, seems to have become stronger again?"

Emperor Shimei was startled in secret, and hastily knelt down, showing a seductive curve, and tremblingly said: "Master, this subordinate did not intend to offend several mistresses before, and I hope the master will punish you."

She has an appearance that you can pick and choose, with endless charm blooming.

But this time, Emperor Shimei did not use the technique of charm, but after she surrendered as the emperor, she was born with a kind of temperament blooming.

"snort."

Qin Chen snorted coldly, but did not punish him, but squinted at Emperor Shimei.

If Sisi's injury worsens due to Emperor Shimei, I will definitely not forgive him.

He took a deep breath and calmed down.

"Okay, everyone, let's disperse, recover as soon as possible, and recuperate your injuries. Before long, this young master will take you out of this dead sea cage and return to the underworld. At that time, you will need to work together."

Qin Chen gave an order, his figure disappeared instantly, and he went straight to the Demon Tree of Myriad Realms.

After Qin Chen left, everyone below became excited.

"What did the master say? I'm about to leave the Dead Sea cage?"

"Really?"

A group of people couldn't believe it, and each other burst into tears.

After hundreds of millions of years of imprisonment, there is finally a day of liberation.

"Hahaha, everyone, my ancestor said that following Chen Shao, the popular ones and the spicy ones, did I lie to you?"

Seeing how excited everyone was, Wan Gu Ming Zu burst out laughing.

But with a smile, as if he felt something, Wangu Mingzu's laughter stopped abruptly, and he hurriedly looked at Emperor Shimei.

He even forgot that this demon is still here, and Shao Chen is not here, so this guy won't attack him, right?

"Ahem, Great Emperor Shimei, why don't you always say a few words?" Wangu Mingzu hastily made room for Emperor Shimei.

Emperor Shimei smiled slightly at Wangu Mingzu: "Brother Wangu, it is better for you to come, after all, you followed the master earlier, and you have worked hard. The emperor still needs to heal his wounds, so I will leave first."

After the words fell, Emperor Shi Mei turned and left.

"what's going on?"

Wangu Mingzu stood there in a daze, did Emperor Shimei change his gender?

Or are you overwhelmed by your own talent?

Well, I must have been convinced by myself.

"hey-hey."

Myriad Bone Mingzu couldn't help snickering immediately.

Under the Demon Tree of Myriad Realms.

Four beautiful women were healing there, suddenly, all four raised their heads together.

Qin Chen's figure suddenly appeared.

"dust!"

Qianxue, Kisaragi, Sisi, and Wan'er stood up together, their expressions excited, and their eye sockets were instantly soaked by the mist.

The next moment, the four figures all threw themselves into Qin Chen's arms.

During the time when they lost contact with Qin Chen, they were all worried to death.

"I'm fine." Qin Chen hugged the four of them tightly.

[Chapter 5455: Rare interest](#)

Feeling the gentle bodies of the four of them and the scent that pungent his nostrils, Qin Chen's heart rose instantly.

"Chen, you are..."

You Qianxue and the others felt Qin Chen's change, and their faces flushed instantly. They looked at Qin Chen with shy eyes, and there was a sense of initiative in their eyes.

Ji Ruyue smiled slightly, put her face against Qin Chen's chest, and said with a smile: "Chen, if you can't bear it, you don't have to bear it, we all can..."

Before she finished speaking, she lowered her head in shame, her face flushed to the base of her ears.

Qin Chen's expression froze: "..."

Immediately, he picked up the four of them and strode into the wooden house in the courtyard.

After a while, there was a strange sound in the wooden house.

I don't know how long it has been.

The strange voice finally stopped.

inside the house.

Qin Chen and the others lay there lazily, while Qianxue and the others had slightly damp temples, and their faces were all attractively rosy.

"Chen, why are you so interested today?" Qianxue said softly, "Is there any happy event?"

Qin Chen was worried every time he came here before, and it was rare that he was as excited as before.

Qin Chen smiled slightly: "We can leave here soon."

"oh?"

Qianxue and the others' eyes lit up.

Qin Chen told Qianxue and the others exactly what had happened before, including the life of the Rebellious God Emperor. When they heard that this place was actually the corpse of a top powerhouse, Qianxue and the others couldn't help being shocked.

A **** emperor powerhouse who surpassed the emperor?

Such a strong person, Qianxue and the others simply dare not even think about it.

"Smile, is this person's younger sister?"

Everyone murmured.

They have all seen Xiaoxiao before, so they can naturally feel that Xiaoxiao is unusual, but they never thought that such a little girl would have such a background.

"What a poor child."

Qianxue and the others all had ruddy eyes, and the life of Xiaoxiao was really too miserable.

"By the way, the one who attacked Wan Gu before..." Qian Xue and the others asked again, looking at Qin Chen strangely, as if guessing something. Qin Chen was afraid that some people would misunderstand, so he hurriedly explained: "She is called Emperor Shimei. She was trapped in this forbidden area of the Dead Sea just like the other masters of the restricted area, but now she has surrendered to me. There is such a powerful emperor who comes here. , look back at me

It will be much easier to walk in the underworld, and you can go to the Sea of Eternal Calamity faster..."

Qianxue put her hand on Qin Chen's mouth, smiled and said, "Chen, you don't need to explain so much, even if you have something with her, we won't mind..."

Qin Chen: "..."

What the hell?

In the eyes of Qianxue and the others, could it be that he is such a person?

defamation!

"By the way, Sisi, she didn't hurt you before, did she?"

Qin Chen seemed to have thought of something, hurriedly grabbed Sisi's hand, and carefully felt her body.

Sisi smiled lightly and shook her head: "It's okay, although her breath is strong, it can't hurt me yet."

She smiled peacefully.

Qin Chen carefully sensed the breath in Sisi's body, and his face gradually became difficult to look.

At this moment, there is an extremely terrifying force circulating in Sisi's body, and it was this force that shocked Emperor Shimei before.

In the eyes of others, this is a good thing, but Qin Chen understands that the stronger the power in Sisi's body, the greater the pressure on her vitality, the more terrifying the damage, and the less time left for her .

Sisi, I don't have much time.

We must go to the Sea of Eternal Tribulation as soon as possible.

"Chen, don't worry, I'm fine, with you here, I'm already very satisfied."

Sisi leaned gently on Qin Chen's chest, feeling his warmth, and then stroked his face with soft palms, as if trying to ease the sadness between his brows.

She was satisfied to be able to accompany Qin Chen all the way.

"Don't worry Sisi, I will definitely cure you."

Qin Chen said firmly.

At this time, Qianxue, Ruyue and Wan'er crawled over together, and hugged Qin Chen gently, "Chen, it's rare for you to come here once, why not us..."

They kissed Qin Chen directly.

Immediately!

There was another strange sound in the cabin.

It took a long time before Qin Chen let go of the soft bodies of the four of them. Looking at the satisfied expressions of Qianxue and the others lying on the bed, Qin Chen looked at them softly for a long time before turning around and leaving.

I must hurry up.

After Qin Chen left, Qianxue and the others also got up gently and came to the door. The four of them looked at the place where Qin Chen disappeared, and gradually, their eyes became infatuated.

At this moment, somewhere in the chaotic world.

Emperor Shimei was dressed lightly in a red dress, and she was sitting cross-legged, her long black hair draped over her shoulders, covering half of her beautiful face, she was overwhelming.

Beside her, terrifying auras of the Great Emperor circulated and continued to rise slowly. Losing the suppression of the Temple of Rebellion, Emperor Shimei is rapidly recovering her cultivation. She found that in this chaotic world, her injuries recovered very quickly. As long as there are enough resources, she may be able to recover soon. Back to the top

peak.

While practicing, Qin Chen's figure frequently appeared in Emperor Shimei's mind. Thinking of Qin Chen's proud body, Emperor Shimei couldn't help shaking his head slightly.

Ever since seeing Sisi and the others, Emperor Shimei understood that this man has seen too many stunning looks, and it is almost impossible to subdue him by relying on charm and appearance alone.

And after seeing the origin of Emperor Youming, Emperor Shimei also understood that the strength he was proud of might only be temporarily useful.

The only thing that can make her catch Qin Chen's eyes is her top-notch appearance, good strength and absolute surrender.

"I don't believe that I am a great emperor, and I am willing to serve him as the master. After many years, he will not be moved."

A smile appeared on the corner of Emperor Shimei's mouth.

This is why she changed her strategy just now.

Hard ones won't work, just come soft ones.

No one will be soft and hard.

"To deal with men, you can't just rely on charm, but you must be able to bend and stretch."

Emperor Shimei smiled slightly, she had seen too many men, so she still had some means.

I am thinking about it.

Suddenly, a figure suddenly appeared beside Emperor Shimei.

"You are very happy?"

When the icy voice came, Emperor Shi Mei was shocked all over.

"Master, why are you here?"

Emperor Shimei hurriedly got up, and when he got up, his shoulders slipped off "accidentally", revealing his white collarbone and shoulders, which were dazzlingly white.

She hastily pulled up her dress, then knelt down there with her head bowed, her expression was weak, like a frightened bunny, and one couldn't help but have the urge to caress her.

"Ah."

Qin Chen sneered.

again?

"You majestic emperor, you can't even look at your own clothes?" Qin Chen glanced at her and said calmly.

Emperor Shi Mei was stunned for a moment, and hastily said pitifully: "This subordinate was excited when he saw the master coming, so he lost his mind. If the master is displeased, the subordinate deserves death."

She lowered her head and said 'terrified'.

Qin Chen: "..."

The appearance of Emperor Shimei made it difficult for Qin Chen to scold him.

Seeing that Qin Chen didn't speak, Emperor Shi Mei felt aggrieved and said, "I don't know what to order when the master comes? No matter what the master wants his subordinates to do, the subordinates will definitely do their best to serve the master."

She lowered her head, and she looked like a person picked by Qin Chen, which was charming and charming.

Qin Chen raised his eyelids: "It's nothing, I'm going to leave the Dead Sea prison immediately, so I remind you to practice a lot here, recover from your injuries as soon as possible, and don't make trouble again, otherwise I will definitely punish you severely."

After the words fell, Qin Chen's figure flickered and disappeared instantly.

Seeing Qin Chen's leaving figure, Emperor Shi Mei pursed his lips: "Humph, the master is clearly here to stand up for the mistress, and I'm the one who was wronged, okay?"

She looked aggrieved and extremely innocent.

In the distance, Qin Chen, who heard the words of Emperor Shimei in the chaotic world, was speechless.

Why does Emperor Shimei look like a little girl?

boom!

Qin Chen, who left the chaotic world, controlled the mysterious rust sword and left the forbidden area of the Dead Sea in an instant.

Hush! Over the forbidden area of the Dead Sea, endless waves are surging, but at this moment, the killing intent of the waves here is no longer any hindrance to Qin Chen, and with the help of the Excalibur, everything in the prison of the Dead Sea is under his control. of control

Down.

Qin Chen didn't waste any time. He first went to the bottom of the Dead Sea. The Black Devil Underworld Chapter and many ghost beasts all turned pale when they saw Qin Chen, and saluted one after another.

For Qin Chen, these wraith beasts were also an extremely powerful force.

After rectifying the Wraith Beast, Qin Chen returned to the Abandoned City again. After seeing Qin Chen's return, ancestor Yan Hun and others rushed to see him. Qin Chen had sent them back to the Dead Sea with a snap of his fingers.

Come on, compared to his own dignity, if Qin Chen can really bring them out of the cage of the Dead Sea, it will be much stronger than his so-called self-esteem.

But Qin Chen didn't bother to pay attention to them anymore, they were just the masters of a few restricted areas, and now Qin Chen didn't care about them. Qin Chen didn't intend to take away all the masters of the restricted area. After he finished rectifying the abandoned land, he left a few people among the masters of the restricted area who followed him to take care of the abandoned land, and promised to take them away when he returned next time. , turned away

went.

Although the abandoned land is barren, it is also an excellent place to cultivate ghost cultivators, and it is also the only base in the underworld where Qin Chen does not have to worry about foreign attacks.

three days later.

Over the Abandoned Lands.

Qin Chen floated there with a smile, looking at the vaguely abandoned land below.

"Big brother, why does Xiaoxiao want to cry all of a sudden?"

Looking at the abandoned land below, the corners of Xiaoxiao's eyes were moistened inexplicably, and tears dripped down, which could not be stopped.

An inexplicable sadness surged through her whole body, and she couldn't restrain herself.

"Smile, remember this." Qin Chen didn't say much, just patted her head and murmured: "Sometimes, the reason why we can live with peace of mind is because someone silently bears everything behind us."
"

"Um."

Smiling and nodded half understanding.

"Let's go." With a flicker of Qin Chen's figure, he went to the forbidden area of the Dead Sea, entered the vortex driven by the anti-killing sword, and disappeared suddenly.

[Chapter 5456: Nine Nether Forbidden Space Formation](#)

In the endless vortex of killing intent, Qin Chen continued to advance along the killing intent channel, and the terrifying killing intent force swept by all around, tearing up all tangible and intangible substances. Nothing could survive such a terrifying killing intent. persist in

down.

"This is the killing intent passage to leave the Dead Sea cage? No wonder no one has been able to leave safely for so many years."

Feeling the killing intent around him, Qin Chen couldn't help being shocked.

Only after mastering the Excalibur of Reversing Killing did Qin Chen realize where the passage to leave the Dead Sea cage was.

Not in the Dead Sea at all, but in a forbidden place in the Forsaken Land.

And that forbidden place is actually the place where the Sea of Qi used to kill the senior God Emperor back then.

That is, above the dantian.

Equivalent to the position of the navel.

This location is directly connected to the entrance of the vortex of the cage outside the Dead Sea. Back then, Emperor Shimei and the others were imprisoned in the cage of the Dead Sea through this vortex channel.

But in the same way, the dantian of the navel is the second Divine Sea of the Anti-Slaying God Emperor, which is like the sea of souls in the mind, containing the most terrifying power of the original essence of the anti-killing God Emperor's predecessors. Back then, the heart of space was born in the mind of the God Emperor Against Killer, and this terrifying channel of killing intent was born in the place of his navel, the Divine Sea. It may be okay to enter from the outside world, but if you want to leave, even It is the emperor and the strong

To fall into such a terrifying killing intent.

If it hadn't been for Qin Chen who had mastered the Sword of Rebellion and obtained the inheritance of the God Emperor of Rebellion, and would not be affected by the rules of killing intent here, otherwise, with his cultivation base, the moment he came in, his body would be strangled into nothingness in an instant, and his bones would be nothing. live.

boom!

Qin Chen practiced the Nishen Sword Code while flying, and all of a sudden, terrifying murderous auras gathered, and his physical body continued to grow.

His body was like steel that had been tempered by thousands of twists and turns in this vast killing intent. It was tempered into fine steel, and it bloomed with a radiant brilliance, becoming more and more radiant and vast.

"sharp."

Sensing the changes in his body, Qin Chen couldn't help showing a sense of wonder: "If you give me enough time and resources to practice here, I'm afraid there is hope for becoming a great emperor."

Of course, Qin Chen was just talking.

The killing intent here is too strong, and if he stays here for a long time, his physical body may not be able to withstand the power of such killing intent rules, and even his soul will lose himself under the constant killing.

Most importantly, he simply didn't have much time to waste.

After an unknown amount of time, Qin Chen suddenly felt a strong breath of the underworld coming from the end of the passage ahead.

"Master, it's the breath of the underworld." In the chaotic world, Emperor Shimei could perceive everything in the outside world. At this moment, the voice suddenly rang in Qin Chen's ears, full of excitement.

"Chen Shao, there should be the exit of the underworld ahead."

Wangu Mingzu's voice also sounded.

"Is it almost there?"

Qin Chen's heart was shocked, and his expression gradually became serious.

"Everyone is ready to obey my orders at any time." Qin Chen's voice resounded in the minds of many powerful people in the chaotic world.

According to intelligence, the Dead Sea Cage was the place where the Great Emperor of the Underworld imprisoned his prisoners. Some powerhouses in the Underworld, including the Four Great Emperors, have sent experts to station here all the year round.

Ever since Qin Chen entered the underworld for the first time, he was discovered by a certain great emperor and powerhouse where the Necromancer River was located. As a result, he was blasted into a crack in space and accidentally entered the cage of the Dead Sea. Qin Chen no longer dared to be careless.

In the underworld, there are strong people like clouds, and even the predecessors of the Rebel God Emperor fell here. If he was not careful and was targeted by a certain emperor, he might not have the good luck he had before.

"The most urgent thing is to heal Sisi's injury, so everything must be done according to circumstances and must not be reckless."

Qin Chen said silently in his heart, his figure was already facing the light in front of him, and he flew over in an instant.

There are only a few months left for Sisi at most, and Qin Chen has no time to waste.

now.

around the Dead Sea.

Above the endless sky.

The ancient sacred mountains and palaces are suspended. These sacred mountains and palaces have different atmospheres, obviously coming from different forces.

But at this moment, these sacred mountains and palaces exuded invisible aura fluctuations. Along with the transmission of these auras, strange runes circulated in the sky over the Dead Sea, forming an invisible enchantment aura.

Some figures exuding a terrifying aura hovered above the palace and the mountain, staring at the vast territory of the Dead Sea in the distance.

Among them, there are two figures standing in the front, their aura is so strong that there is faintly the aura of the emperor. "Heh, Judge Ghost King, the world says you are the most stupid. You only care about guarding the Dead Sea cage, and you have never left this place for hundreds of millions of years. In my opinion, they are stupid. If Lord Wuyue Mingdi didn't let me come here, I don't know yet , You have broken through the quasi-emperor realm. "

A figure exuding a vast aura stood up, it was the Shura Daozu under the command of Wuyue Mingdi, staring intently at the Judge Ghost King with a stern look in his eyes.

"It's just the quasi-emperor realm. Daozu Shura has reached it a few epochs ago, so you shouldn't be so surprised, right?"

Judge Ghost King's eyes were calm and indifferent. Shura Daozu smiled and said: "It's nothing if it's just the quasi-emperor realm. In ancient times, I was already a top powerhouse under the command of the Four Great Emperors, a person who was at the peak of detachment. Now that hundreds of millions of years have passed, it is natural to step into the quasi-emperor realm.

But sir..."

Asura Daozu looked at Judge Ghost King with a meaningful smile in his eyes, "I'm afraid I've gone very far in the quasi-emperor realm, and I'm afraid I'm already very close to the emperor's realm?"

A chill suddenly surged from Judge Ghost King's body, and boom, the vast killing intent boiled over, instantly enveloping Daozu Shura.

"What? Brother Judge still wants to kill me?" Shura Daozu sneered.

His eyes were calm, but his heart was shocked. The murderous intent on Judge Ghost King was so strong, like a vast abyss, that even he felt a little dread.

Judge Ghost King looked indifferently: "Brother Shura came to the Dead Sea this time, is it just to talk about this?" The Dead Sea suddenly rioted, Lord Wuyue Mingdi already knew about it, so he ordered me to come and find out, if Brother Judge

If you have any information, please let me know. "

Shura Daozu narrowed his eyes and looked at Judge Ghost King. The judge ghost king has been stationed in the Dead Sea all year round, and his knowledge of the Dead Sea is far better than the rest of them.

It is reminiscing about the past, but it is actually exploring and monitoring.

In fact, it was not only him, but also the majestic aura surged behind him, there were also other great emperors and powerhouses in the underworld who sent their subordinates, and they also stared at them.

However, the two of them are under the command of the four great emperors, and they are not comparable to ordinary emperors.

"I don't know." Under the gaze of Shura Daozu, Judge Ghost King shook his head slightly.

"It's okay, since that's the case, then I'll investigate together."

Daoist Shura smiled lightly and didn't take it seriously.

Anyway, the group of subordinates he brought has already spread out, the key point is to keep an eye on the group of masters under Judge Ghost King's command, Shura Daozu doesn't believe it, if there is any movement, he can still hide it from him.

"I don't know what is so extraordinary about this place of the Dead Sea that it has improved the judge ghost king's cultivation so much." Shura Daozu glanced at the judge ghost king with deep eyes.

At this time, deep in the Dead Sea.

In a place where the waves are surging, the sea water surges, forming a terrifying wave crest with a height of billions of feet, lying in the middle of the Dead Sea.

This is the dividing point in the depths of the Dead Sea. The outside of this wave crest belongs to the periphery of the Dead Sea, while the inside belongs to the interior of the Dead Sea.

For hundreds of millions of years, no one has ever been able to cross the peak of this wave. Once they enter it, they will get lost in the Dead Sea and sink into the interior. Therefore, this world has become a desperate place in the Dead Sea.

hum! In this deserted land, at this moment, a wave suddenly came out, and the next moment, a huge vortex appeared on the wall of the wave. With a bang, the Dead Sea boiled, and a figure flew out of the vortex in an instant.

.

"Out?"

After this figure appeared over the Dead Sea, he looked around in surprise, with excitement in his eyes.

It was Qin Chen who escaped from the cage of the Dead Sea.

In the void, breaths of the Dead Sea rushed towards the face, and in this breath of the Dead Sea, there was actually a trace of strong power of the underworld, which made Qin Chen, a person in the universe of the sun, couldn't help being excited.

"Underworld!"

Qin Chen's eyes were excited, there is no doubt that this is the underworld.

"Master, it's the underworld."

In the chaotic world, Emperor Shimei and others also said excitedly, returning to the underworld after hundreds of millions of years, it is impossible to describe the excitement in their hearts.

"Um?"

The excitement in Qin Chen's heart hadn't subsided yet, and he frowned suddenly, because the moment he left the prison of the Dead Sea and returned to the underworld, he seemed to feel an invisible force suddenly passing over his body.

This was an invisible wave, and Qin Chen's appearance, like an insect caught in a spider's web, suddenly disturbed this peaceful invisible force.

"what?"

Qin Chen was shocked. Although this force was not strong, it was extremely strange. Although Qin Chen had been prepared for a long time, it was stronger than the moment he came out before, and he couldn't escape the monitoring of this wave.

The next moment, Qin Chen suddenly looked up, and saw an invisible light curtain above the endless sky. This light curtain was like a sky curtain, covering the sky around the Dead Sea, and the blockade was tightly sealed.
