

Valkyrie 551

Chapter 551

"Hehehe!"

Not far away, the four elders of the Blood Demon Sect who trapped Qin Chen also grinned.

The reason why the Demon Heart Elder is assured that their group of people will chase Qin Chen is because he knows that the blood eagle elder possesses the treasure of the devil flag. With this treasure, as long as he does not encounter a powerful person of the sixth rank, he will basically not have it. What is the problem.

Listening to the frantic laughter of the blood eagle elder, the cloak man was extremely depressed. If the black gourd hadn't been taken away by Qin Chen, would he be afraid of the small black flag of the other party?

Thinking of this, the man in the cloak immediately shouted to Qin Chen: "Master, are you looking at your subordinates in danger?"

Ok?

Several people of the Blood Demon Cult were stunned, all of them looked at the cloaked man in amazement, their expressions were very speechless.

Isn't this guy brain disabled? Asked Qin Chen for help!

They were also people who had experienced the ancient southern capital, knowing that Qin Chen had two sons, and even Li Shenfeng who stayed in Xianzong was killed by him.

However, Li Shenfeng is only a Wuzong in the early stage of the fifth stage. Elder Moxin had estimated that Qin Chen's strength is at most equivalent to a Wuzong in the middle of the fifth stage. Among them, the blood eagle elder is the fifth stage. In the later period of Wu Zong, besides that, the remaining four of them are also the fifth-tier mid-stage Wu Zong. Even if Qin Chen is genius, what waves can he make?

What's more, Qin Chen is now being imprisoned by them in the devilish cage, and he can't escape himself. How can he save him?

"Hahaha, I thought this guy is not a low cultivation base, he is a person, I didn't expect to be an idiot."

"The dignified Wu Zong who was at the peak of the late stage of the fifth stage, was actually called a childish master who was still stinking and he was not afraid of being laughed out of his teeth."

Several people in black all laughed, and at this moment, suddenly an indifferent voice came from the black mist they displayed: "You can't solve these little ants. I am now suspicious. Is it the right choice to take you into a slave?"

It was Qin Chen who was talking.

Hearing that, the people in the cloak are almost mad, and said in their heart: If you hadn't taken all my treasures, I would be afraid of these garbage?

"Hmph, young man, with a big tone. I was trapped by the four of us, and was still talking big words there. Don't you think we didn't kill you because we couldn't kill you?"

The four people of the Blood Demon Sect heard Qin Chen's words, but their expressions all sank. They wanted to teach Qin Chen a lesson, violently spurring the black mist in the void, and countless mists immediately squirmed like a snake, quickly The oppression of Qin Chen in the center.

"Boy, you can't speak big words now? Huh, think you won the first place in Gunan, so you will be invincible in the world?"

Seeing the shrinking black mist, several people in black all sneered.

"I don't know if you are invincible, but it's enough to deal with your rubbish, it can't be enough."

As soon as their voices fell, Qin Chen's voice came out of the black fog again, and several members of the Blood Demon Cult were furious. If it weren't for their Blood Demon Cult, they would still want to obtain the treasures and secrets from this person. How could the four of them let him live until now, they would have killed him long ago.

Even now, the four of them were extremely angry, and decided to teach Qin Chen a lesson before asking about the secret book.

Just before the four of them made another move, they suddenly felt that the surroundings became hot.

what happened? Is it because my feeling is wrong? The doubts in their hearts had not had time to settle. The next moment, they knew that it was not their feelings that were wrong, but the air around them was really getting hotter and hotter.

"Look at the center of the mist cage..." Then a man in black suddenly pointed to the black mist cage in front, and said in horror.

Everyone immediately saw that the black mist cage in front of them suddenly became transparent. They immediately understood that it was not their black mist that became transparent, but that there was a huge light source in the black mist. A lot of heat is coming out wantonly from the black mist cage.

At the moment they saw the light, they were horrified to find that the black mist under their control of True Power suddenly melted as quickly as the white snow of a scorching sun, and the black mist they felt was disappearing continuously.

"boom!"

The next moment, endless heat erupted, and a terrifying blue flame burst out suddenly, breaking through the black mist cage that had trapped Qin Chen in an instant. A figure was holding a blue lotus-shaped flame from the center of the mist cage. Walk out slowly.

The lotus flame was emitting astonishing heat at this time, even if their cultivation level reached the middle stage of the fifth stage, they all felt hot, even unable to bear it.

"What kind of flame is this?"

"Could it be the blood spirit fire of some kind of clan-level blood beast?"

"Even the blood spirit fire of the sect-level blood beast is not so terrible, right?"

"This heat is terrifying!"

The four men in black were stunned in an instant, but in just an instant, they realized that it was not the time for them to be in a daze, because the cyan lotus flame that emitted astonishing heat was like a scorching sun, which had already eroded towards them.

In front of this green lotus blood spirit fire, their proudest black mist continued to sneer, exuding bursts of scorching smell, and couldn't resist even the slightest.

What shocked them even more was that behind the green lotus blood spirit fire like the scorching blue sun, a group of black bugs with red-gold patterns flew out suddenly. These bugs were not afraid of the hot flames, and madly directed at them. Nibbled over, and instantly wrapped the four of them into a worm ball.

"Do not....."

The four of them had only time to let out a horrified roar, they were swallowed by the scarlet golden fire worm, and even the armor on their bodies was turned into nothingness. Immediately after the four of them, the flesh was in the blood of Qinglian. After being burned, it instantly turned to ashes, leaving nothing.

"You...you unexpectedly..." Seeing this scene, the blood eagle elder who was gradually oppressing the cloaked people suddenly stared in anger. He couldn't predict how the four elders of their blood demon sect could not hold back. On the contrary, Qin Chen was killed by this kid in such a short time.

He couldn't even accept everything in front of him for a while. It wasn't until a moment later that he reacted. He was so angry that he spit out a mouthful of blood, his eyes were red, and he pointed to Qin Chen and roared: "Smelly boy, you actually killed me of the Blood Demon Cult. Elder, do you know if you are dead? Go to heaven and earth, no one can save you anymore, you are dead."

In the roar, he manipulated the black demon banner and hung it towards Qin Chen, apparently forgotten the command of the Demon Heart Elder, and wanted to kill Qin Chen here instantly.

Chapter 552

boom!

The black demon flags skyrocketed again immediately, and the black demon energy covered almost the entire sky, bursting out a terrifying aura.

The devilish energy was rolling, the eyes of the blood eagle elders were red, and he had obviously lost his mind with anger, because of the four blood demon elders that Qin Chen killed before, one of them was his younger brother.

"This treasure is interesting."

Looking at the black magic cloud that swept over his head, Qin Chen nodded in commentary. Under this magic cloud, he felt that the true power in his body was affected a little, and the movement became slow. No wonder the black slaves are here. The guy's demon flag is not the opponent's opponent.

With such a treasure, it is equivalent to the opponent's strength being limited by at least 20%, like a warrior of the same level, this is definitely an extremely astonishing number.

"Boy, I will let you know what is better than death."

Seeing Qin Chen under his own attack, there was still a leisurely sentiment that nodded and commented, the blood eagle elder suddenly became even more angry, and he was determined to make Qin Chen unable to survive or die. Under the roar, he was really motivated. At the extreme, that mighty devilish energy is about to envelop Qin Chen.

At this moment, Qin Chen suddenly sneered and squeezed his hands.

Boom boom boom boom!

Numerous astonishing beams of light rose up into the sky in an instant. The fifth-order trapped formation that was previously set up to deal with the cloaked people was immediately activated again. In an instant, the heaven and earth in the forest was crazily cut, and the sky was filled with darkness. Under the shroud of light, they were separated.

boom!

In the end, it fell on Qin Chen's head, only a tenth of the original monstrous devilish energy.

Hum!

Qinglian Demon Fire's radiance was radiant, and under Qin Chen's urging, the monstrous demon energy was instantly blocked, and disappeared into nothingness.

"what happened?"

Elder Blood Eagle was suddenly shocked. What happened just now? Why was the Heavenly Demon banner aura he displayed was divided into so many pieces? In shock, he hurriedly looked around and immediately understood the reason. He was trapped in a big formation.

Originally, the ordinary formation was not enough to surprise him, but after feeling the rank of this formation, the blood eagle elder was even more shocked, this turned out to be a fifth-order peak formation.

How could there be a Tier 5 pinnacle formation in this mountain forest?

The elder Bloodhawk was shocked and unable to add to his surprise. His vision, although he didn't know the formation method very well, he could still see that this Tier 5 trapped formation was not inspired by a certain formation, but countless array flags embedded in the forest. Inspiration, that is to say, this fifth-order formation is a master of formation, arranged on the spot.

"This cloak man is actually a fifth-order formation master?"

Elder Bloodhawk looked at the cloak man in amazement. No, he suddenly reacted. If the cloak man is a Tier 5 formation master, why didn't he activate the formation just now under his attack? When he got up, he asked Qin Chen for help instead?

Could it be that.....

Thinking of this possibility, Elder Blood Eagle was completely stunned, staring at Qin Chen in amazement, his eyes almost exploded.

Impossible, how is this possible, this child himself is just a fourth-order peak Xuan-level martial artist, how can he arrange a fifth-order large formation?

Elder Blood Eagle couldn't believe his guess at all.

"Hahaha, weren't you crazy just now, why are you not crazy now?"

In the great formation, looking at the deflated Blood Eagle elder, the man in the cloak sneered excitedly. Before, he also suffered a big loss under Qin Chen's great formation. Now seeing the blood eagle elder also suffers. , Don't mention how happy it is.

Not far away, Qin Chen's face sank: "Nigger, what can I do with him, and I won't take him down."

The man in the cloak, who was laughing, suddenly solidified his smile, instantly becoming extremely weird, vomiting blood in his heart depressed, and shouted, "Master, I am not a black slave."

"No matter what your name is, you are called a black slave with me." Qin Chen ignored his defense at all.

"I..." The man in the cloak was speechless, and he almost had a murderous heart, almost mad.

"Ah!" He was very angry, depressed, roared, and rushed to the elder Blood Eagle.

He couldn't refute Qin Chen, he could only find Elder Blood Eagle to settle the accounts.

"Humph!" Although the blood eagle elder was shocked in his heart, he finally resisted the shock and calmed down. He snorted and said with a gloomy expression: "Do you think there is such a Tier 5 trapped formation that can trap me?"

When the voice fell, he opened his mouth and spouted a few mouthfuls of blood. The blood was suspended in the void, but instead of falling, it turned into a series of strange blood patterns. These blood patterns exuded a coquettish aura, and under his plausibility, they instantly merged into it. Arrived in the demon banner above.

"woo woo woo woo....."

After immersing in the essence and blood, the demon banner became even more terrifying that day, with an astonishing whimpering color, like a ghost crying, and the terrifying black aura almost covered the entire mountain forest and sky.

The man in the cloak under the banner of the heavenly demon suddenly felt an immense pressure. With the help of the formation, the true power in the body that was fluent and freely stagnated again, and his face suddenly darkened.

"Well, what a grievance, how many people's resentment has been absorbed by the successful practice of the devil flag this day? It's simply incriminating.

Qin Chen's complexion sank, and when he raised his hand, countless gas-eater ants and fire-refining insects suddenly turned into two rivers of worms, rushing formidable against the heavenly demon banner in the sky.

"Thunderblood!"

boom!

At the same time, Qin Chen urged the bloodline of Thunder, and suddenly an astonishing thunder light burst into the sky, and with the help of the gas-eater ants and the fire-refining insects, it blasted into the sky.

Chi Chi Chi Chi!

Numerous grievances and devil qi were melted, and the blood eagle elder suddenly felt horrified that the connection between himself and the devil flag was gradually weakening.

"My Heavenly Demon Banner you want to take away?" The blood eagle elder's expression was furious, his complexion changed drastically, and he hurriedly wanted to take back the control of the Heavenly Demon Banner, but Qin Chen had already settled the time point, and the blood eagle elder urged him. In an instant, he blasted his Tier 5 mental power out, and instantly broke the connection between the blood eagle elder and the devil flag.

"Puff!"

Under the shock of the blood eagle elder's mind, he opened his mouth and spouted a mouthful of blood, his face was as pale as paper, and he stared at Qin Chen in anger and trembled: "You...you... actually took away my Heavenly Devil Banner!"

He felt that the connection between himself and the Heaven Demon Flag had been completely severed.

Qin Chen sneered without talking, raising his hand, and the devilish energy in the sky disappeared instantly. At the same time, the streamer-shaped treasure lost control and immediately shrunk and fell into Qin Chen's hands.

"Nigger, what are you waiting for?"

Qin Chen's indifferent voice came, and the corner of the cloak man's eyes suddenly twitched, and he was angry and pounced on the Elder Blood Eagle.

The blood eagle elder who had lost the Heavenly Demon Banner was terrified, and even fought hard to resist, but under the trapped formation, he was not the opponent of the cloak, how could he be the opponent of the cloak, he was scarred in an instant.

Chapter 553: Spiritual Torture

"go with!"

Under Qin Chen's control, countless air-eating ants swarmed up and wrapped the blood eagle elder tightly, absorbing the true power in his body frantically.

In just a moment of effort, the true power in the blood eagle elder's body was completely absorbed, and at the same time the robe on his body was damaged, revealing a scrawny face.

Then a large number of fire-refining insects and gas-eater ants, after absorbing enough true energy, instantly returned to Qin Chen's black gourd.

"You... are you a bloodworm human demon from the Dawei Dynasty?"

Elder Blood Eagle looked at Qin Chen in anger. He who had lost his true power had no strength to resist.

"Let's talk about it, where is your blood demon sect's base camp, and who are the strong ones?" Qin Chen did not answer the blood eagle elder, but just looked at him coldly with cold eyes.

"Hmph, do you still want to get my blood demon sect to get revenge? Since you have heard of my blood demon sect, you should know the strength of my blood demon sect. I advise you to let me go and return to my blood demon sect to confess your sins. That's the right way. Otherwise, if you kill my disciple of the Blood Demon Cult, I will never let you go."

Despite being captured by Qin Chen, the blood eagle elder did not show the slightest fear on his face, and he even threatened Qin Chen: "You killed the four elders of my blood demon sect, my blood demon sect will definitely not let you go, but , If you join my blood demon sect and bring me enough benefits, maybe the high level of my blood demon sect will give you a way out."

"Are you threatening me?" Qin Chen looked at Elder Blood Eagle with a sneer, this guy is really ignorant.

"Threat you, is it necessary for me?" Elder Blood Eagle sneered: "I admit, I underestimated you before, but you shouldn't understand what power of the Blood Demon Cult is, right? If it weren't for my Blood Demon Cult, I didn't want to fight. , The entire Dawei Dynasty has fallen into the palm of my Blood Demon Cult. Need to threaten you?"

Another arrogant fellow, Qin Chen didn't bother to talk to him, turned his head and said coldly to the cloak man: "Nigger, abolish him."

"Yes, master!"

The man in the cloak had long seen the blood eagle elder displeased, he was taken prisoner, and he was still pretending to be forced here, bang, without waiting for the blood eagle elder to say anything, and directly slapped his dantian.

With a bang, the blood eagle elder only felt a huge force hit, and the Qi pool at the dantian was instantly shattered.

He looked at Qin Chen and Man in Cloak in anger. He obviously didn't expect that they would do it when they said to do it, and said in anger, "You, you actually abolished my Qi pool?"

After saying this, the whole person seemed to be more than ten years old in an instant, and his energy was suddenly reduced.

The dantian is broken and the qi pool is destroyed, which means that he will be abolished in the second half of his life. In this world where the martial artist is respected, without the dantian, without the strength, it is like a fish that can be slaughtered by humans, and can only live better than death. life.

If there was another chance, he would never choose to threaten Qin Chen like before.

"Don't tell me now?" Qin Chen said coldly, dissipating murderous aura.

The Blood Demon Sect is a force that once powerfully shocked the entire Northwest dynasty. Qin Chen always believed that people will not offend me, and I will not commit people. If anyone offends me, the principle of double return is obvious. Naturally, we must learn more about the situation.

"Hahaha, kill me if you have the ability, want to know the situation of my holy religion from my mouth, dream."

The dantian was destroyed, and the blood eagle elder was completely desperate. His heart was ashamed, and his face roared grimly: "If you kill me, you won't be able to live. Not only you, including your family, and your country. To be destroyed by my blood demon cult."

"Damn, I annoy you the most. In front of this seat, I dare to pretend to be forced. Master, leave it to me. I promise to torture the information you want. Humph, the nickname of the bloodworm human demon. It's not bragging."

The man in the cloak said coldly, looking at Elder Blood Eagle impatiently.

"No, leave it to me."

Qin Chen sneered, the power of the soul in his mind was running, and a terrifying mental power instantly disappeared into the mind of Elder Blood Eagle.

"The magic cage!"

call!

Elder Blood Eagle only felt that when he touched a pair of deep cold pool-like eyes, his mind was dizzy, and those cold eyes instantly engulfed the whole world.

In the next moment, the icy blood eagle elder instantly appeared in a cold space.

Several cold chains criss-crossed him, binding his limbs like a lamb to be slaughtered, unable to move.

"where is this place?"

Elder Blood Eagle exclaimed in shock, with a frightened expression. He had never seen such a weird thing before. He had stayed in the forest before, and in a flash, he came to such a weird place.

"This is my spiritual space." Qin Chen sneered.

Spiritual space?

Elder Blood Eagle was shocked. He had heard that some powerful men with strong mental power could pull people into each other's world, torture and fight, but he had never seen it before. He did not expect that the young boys in these five countries would even have such a secret technique!

"Go ahead, talk about your Blood Demon Cult!"

Qin Chen was indifferent and unhurried, an electric thunder whip full of iron thorns appeared in his hand.

"Hmph, even if it's the mental space, you don't want to hear anything from me."

Elder Blood Eagle's complexion changed drastically, his face was pale, but he still gritted his teeth and said in a cold voice.

"Very backbone!"

Qin Chen smiled coldly, whipping down with the electric whip in his hand.

Crackling!

The electric lights flickered, the blood eagle elder roared in pain, and there were a few blood stains on his body, but he still gritted his teeth and said nothing.

Huh? Qin Chen was puzzled. This Elder Blood Eagle didn't look like a hard-bodied person. He could actually insist on not speaking under his mental torture and torture, which made him quite puzzled.

"This spiritual space is nothing more than the spiritual world. Your torture to me is only on the spiritual level. Hahaha, what about the pain?"

Elder Blood Eagle shouted ferociously.

Qin Chen sneered: "If you think that mental torture is only on the spiritual level, then you are too naive. Although all the pain you endure will not be reflected on the body, it will appear on your soul level. If you can't persist Going down, it's not impossible when the soul is gone."

"What? If you want to hear from me, don't think about it."

Elder Blood Eagle roared in pain under Qin Chen's flogging.

Mental torture is definitely ten times more intense than physical pain.

But this Elder Blood Eagle was able to gritted his teeth and said nothing.

"Do you think I don't know if you don't speak?"

Qin Chen was too lazy to continue to torture. If he continued to flog, it was not impossible to ask for the news, but it would take a lot of time. Even if the spiritual time passed, it was ten times slower than the outside world, but his spiritual power had just entered. Tier 5, this magic imprisonment cage, can't last too long.

"Memory search!"

Hum!

Qin Chen urged his spiritual power to enter the spiritual space of Elder Blood Eagle, searching for his past memories.

Chapter 554

"Ok!"

It's just that Qin Chen's mental power just entered the memory of the blood eagle elder, and suddenly, from the blood eagle elder's spiritual space, an extremely astonishing aura permeated.

"Who is it, dare to spy on the secrets of my Blood Demon Cult."

A thunderous roar resounded in this spiritual space.

Immediately afterwards, Qin Chen saw that a towering and tall phantom figure walked out of the memory of the blood eagle elder instantly, exuding an astonishing breath.

"It's Soul Destruction Seal!"

At this moment, Qin Chen finally understood why Elder Blood Eagle could bite his teeth, and said nothing.

Someone put a seal in his soul, as long as he tells any secrets about the Blood Demon Cult, the seal will explode and let his soul fly away.

And this soul-killing seal can also prevent others from searching for the soul of the blood eagle elder. Once someone touches the seal under this cloth, it will alarm the owner of the soul-killing seal.

"Huh? This is the spiritual space? Who is your Excellency, dare to attack the elders of my Blood Demon Cult, looking for death?"

The towering figure is just a black shadow, but it exudes astonishing mental fluctuations, a pair of hollow eyes staring at Qin Chen coldly.

"Who is your excellency?" Qin Chen frowned, secretly surprised.

The arrangement of the Soul Destruction Seal is extremely difficult. It is definitely not possible for ordinary people to leave their own soul mark in the minds of others. Even the sixth-order martial arts do not have this ability, at least they are stronger than the seventh-order martial king. By.

At least, with Qin Chen's current cultivation base, he couldn't do this at all.

The black soul phantom didn't answer Qin Chen, but just snorted and banded, and directly caught Qin Chen. The tyrannical spirit swept through it, actually trying to search Qin Chen's memory and soul.

Qin Chen's heart was furious, this guy is really arrogant, if he came in person, he might not be an opponent, just a soul mark, and also want to search for his own memory, it would be too far from putting himself in his eyes. .

"broken!"

Qin Chen let out a low cry, and the powerful soul power instantly swept out, smashing the opponent's soul to pieces.

"There are two times. No wonder I dared to attack my disciples of the Blood Demon Cult, but unfortunately it was a little too close, Soul Destruction!"

The tyrannical mental aura was broken through, the black figure was not surprised, but from the spiritual aura, a soul power flew out. The soul power was extremely peculiar, eroding from a strange

angle, instantly To break through Qin Chen's soul defense, it is necessary to invade his mind through the connection between this spiritual space and Qin Chen.

what? What a weird method, Qin Chen was suddenly shocked.

How powerful is his soul power. Even if his spiritual power is only level five, the spiritual space formed is extremely terrifying, but now someone can break through his soul defense and attack his body based on the coordinates of the spiritual space. Means, how not shocked him.

In the midst of the crisis, Qin Chen could not care about anything else, and directly spurred the Qinglian Demon Fire, and instantly burned the power of the black figure's soul into nothingness, and the magical imprisonment cage formed by Qin Chen's spiritual power was also instantly broken. Open.

"Puff!"

In the mountains and forests, Qin Chen's spirit returned to his body, opening his mouth and spouting blood.

"Master, are you okay?"

The cloak man was extremely nervous.

"I'm fine."

Qin Chen wiped off the blood from the corner of his mouth, shook his head, and then frowned as he looked at the breathless elder Blood Eagle, who was already in front of him, with a solemn expression.

"Unexpectedly, this Blood Demon Sect still has such a powerful person who can actually plant the Soul Destruction Seal. No wonder the Northwestern dynasties were not the opponents of this Blood Demon Sect. However, the Blood Demon Sect distributes such a strong share. Power, what is the focus of these five countries?"

The previous cultivation base of the soul power body was at least above the seventh-order martial king. This level of strength was enough to crush the five kingdoms, but the other party left the soul-killing mark on a fifth-order martial sect, which caused Qin Chen Do not understand.

After all, if you want to display the Soul Destruction Seal, it is tantamount to dividing part of your own soul power, and any strong person will be cautious.

The only possibility is that these five countries have something he is extremely concerned about.

"Furthermore, the soul art performed by the soul body before is very strange. I have never seen it when I was in the Martial Domain. Where did this blood demon sect come from?"

Qin Chen had never heard of this Blood Demon Cult in the Martial Domain in his previous life. It can be seen that although the Blood Demon Cult used to be in the northwest, it is not a force against the sky at the level of the entire continent, but it is such a force. How could he not be surprised that he could perform a soul secret technique that Qin Chen had never heard of before.

At this time, in the bottom of a terrifying mountain range countless distances from here.

boom!

In the depths of an underground palace, a coffin that had been standing still in the center of the main hall suddenly opened, and a figure surrounded by black mist sat up from it.

"Who is it that broke the soul-killing seal of this seat?"

This black figure was actually a black skeleton. There was no flesh and blood in the whole body, only two groups of cold flames were burning in the eye sockets of the skull, exuding an icy breath.

"Master Rudder, what happened?"

Hearing the movement, outside the hall, a group of strong men in black robes walked in in fear, kneeling on the ground, trembling.

The aura on this group of people is extremely terrifying. Each one is far above the Demon Heart Elder who led them to the Five Kingdoms. Obviously they are all martial arts masters, but in front of this black skeleton, they shivered, like The servant saw his master.

"Say, where did the blood eagle go?" The cold voice sounded in the hall.

"Back to the rudder master, the blood eagle and the devil's heart have gone to the land of the five countries to participate in the ancient southern capital competition." another black-clothed man trembled.

"Ancient Southern Capital? Land of the Five Kingdoms?" The black skeleton murmured, and the voice was cold, making everyone present tremble and tremble: "Are the people from Dan Pavilion and Bloodline Holy Land taking action? Why is the blood eagle being searched? soul?"

"Soul search? This is impossible!" The man in black said in shock: "According to the news from Elder Demon Heart, this trip to the Five Kingdoms went smoothly. My godson, Demon Li, won the second place. I have perfectly accepted the ancient Nandu inheritance. At present, Elder Moxin is returning with the Demon Goddess, it's not right..."

The man in black seemed to have thought of something, and suddenly said: "According to the news from Elder Demon Heart, Elder Blood Eagle was sent by him to capture the young man Qin Chen, who is the number one in Ancient Southern Capital. Could it be that Qin Chen... .."

"Qin Chen?" The black skeleton murmured.

The man in black immediately spoke out the information of the ancient southern capital.

"Unexpectedly, among the Five Kingdoms, there was such a genius. The inheritance acquired in Gunan even surpassed the magic power of my Blood Demon Cult? Is it the guy who was going to search for the soul of the blood eagle just now?" Black Skeleton The flame in his eyes became more and more cold, I don't know what I was thinking.

Chapter 555 Black Death Swamp

"Master Rudder, do you want your subordinates to send someone back to capture that kid?"

A man in black said solemnly.

"Well, demon, you go to the land of the five kingdoms and find out who killed the blood eagle." The soul fire in the black skull eyes is cold and cold, "but you have to remember, At present, the master leader is still sleeping, and the cultivation base of this seat has not been restored. You are in the Dawei Dynasty, and you cannot expose yourself. It attracts the attention of Dan Pavilion and the Holy Land of Blood. Your task is to capture the person who killed the blood eagle. Do you understand?"

"Subordinates understand!" The black-clothed old man called the devil, Lian Gongsheng said.

"Very well, although this child destroyed the soul-killing seal of this seat, this seat has already left a breath on him. You follow the boy based on the breath of this seat, and remember that this trip is only allowed to succeed. Don't fail, and, the land of the five nations is the top priority of my holy religion. I don't want you to have any accidents, otherwise, you should know the consequences."

The black skeleton's voice was cold, causing the black-clothed old man below to tremble and trembling, "Subordinates, remember."

"Okay, go back, and don't disturb my deep sleep before Moli comes back!"

Boom!

The black skeleton lay down again, and the coffin lid rumbly closed automatically. The whole hall restored calmness and added a coldness.

call!

After half an hour, a black figure emerged from the deadly and silent ground, and instantly sank into the vast mountain range, disappearing.

A few days later.

Outside the Black Ridge Mountains.

An iron-feathered eagle passed through the dense Black Ridge Mountains and came to a vast and boundless wilderness.

The Heaven and Earth True Qi here is obviously stronger than that of the Five Kingdoms, at least about 1.5 times that of the Five Kingdoms.

"It's so rich in heaven and earth, is this the Dawei Dynasty?"

On Tie Yuying's back, Qin Chen murmured.

"Yes, master, passing through the Heiling Mountains, we are considered to have entered the territory of Xuanzhou of the Dawei Dynasty. A few hundred miles away, there is a city called Heiling City, which is within a radius of thousands of miles. A huge city. This Heiling City depends on the Heiling Mountains to survive. Many warriors in Xuanzhou are stationed here all year round, hunting blood beasts in the Heiling Mountains, and living a life of licking blood. And Heiling City, is the only way to cross the Black Ridge Mountains. If you want to encircle and suppress the masters such as Xianzong and other forces, you will definitely control the Black Ridge City."

Behind Qin Chen, the man in the cloak explained carefully and respectfully.

After slaying the blood eagle elders, Qin Chen and the cloak drove non-stop and rode the iron feather eagle all the way across the Black Ridge Mountains.

With the living map of the Cloak Man, Qin Chen has been a lot easier these days, spending little energy.

"Then how should the Black Death Swamp go?" Qin Chen said again.

"The Black Death Swamp is located on the border of the Dawei Dynasty, bordering the two great dynasties of the Dazhou Dynasty and the Daxia Dynasty. It is a long way away. If you want to go there, you must pass through the three states of Xuanzhou, Lingzhou and Bianzhou."

"This equidistance, even with the strength of the iron feather eagle's foot, must be at least half a month before it can be reached."

The man in the cloak explained in detail without being impatient.

In the past few days, Qin Chen once again gave him a few formulas. After practicing on the back of Tie Yuying, he obviously felt that the abnormal body caused by the black gourd was reduced a lot, and even the fifth-level body stagnated for many years. Peak true power is also active again.

How does this make him not excited?

According to this situation, even if he practiced on his own, after three or five years, he might be able to break through the sixth-order martial arts, which was hard to imagine before.

At this moment, the cloak talent deeply understood how terrifying Qin Chen was.

The benefits of being able to practice with such a heaven-defying person are probably beyond imagination.

"Master, where are we going now?"

Therefore, the man in the cloak worked harder to serve Qin Chen.

"Go straight to the Black Death Swamp."

The top priority is to find Ku Yunzhi first, find a way to break through the fifth-order Wuzong, and solve the problem of unstable foundation. For Qin Chen, other things can only be ranked second.

"Yes."

The man in the cloak nodded, then directly controlled the iron feather eagle and flew towards the Black Death Swamp.

When Qin Chen and the others went to the Black Death Swamp.

Many masters from Liuxianzong, Tianying Valley, and Shanhemmen gathered at the exit of Heiling City to prevent and control them.

After a week.

The three major forces finally came to Xiang Wentian and Mu Lengfeng and his party.

Just no matter how these three forces searched, apart from seeing You Qianxue and others, Qin Chen could not be found.

This made the three major forces that had been waiting for a long time furious, and even took You Qianxue and others away.

Naturally, Xiang Wentian and Mu Lengfeng would not agree, they entangled for a long time, and they almost fought.

However, facing the two major forces of Pill Pavilion and Bloodline Holy Land, the three major forces finally defeated their impulse rationally, and they could only let You Qianxue and others go under an angry gaze.

Although the three major forces never found Qin Chen, they did not give up. It is expected that Qin Chen has not left the Five Kingdoms. They sent people to the Five Kingdoms to search and inquire while continuing to guard the periphery of the Heiling Mountain Range.

What the three major forces did not expect was that Qin Chen, who they were searching for, had already left the land of Xuanzhou and entered the territory of Lingzhou.

Half a month later, Qin Chen and the cloak finally arrived at the southern border of the Dawei Dynasty, outside the Black Death Swamp.

Tie Feather Eagle hovered in the sky, Qin Chen stood on Tie Feather Eagle's back and looked into the distance. At the end of his line of sight, there was a piece of black earth that filled the end of his vision. Although he had not entered the swamp, it was far away. Looking at it, there is a kind of death, which is extremely terrifying.

And in front of the Black Death Swamp, a magnificent city full of pitch black stands at the junction of the Black Death Swamp and the plain, giving a very strong visual conflict.

Cloak Renlian explained: "Master, there is Black Marsh City in front of him. Black Marsh City is the largest city on the border of Black Death Marsh. The Black Death Marsh is full of dangers, and the miasma and poison are rampant. Before the dead swamp, we will go to Black Marsh City to prepare some materials and antidote elixirs in case of emergency, are we..."

"Then settle down in Black Marsh City first."

The Black Death Swamp is an extremely dangerous and forbidden area for the Dawei Dynasty. No matter how powerful and powerful, entering the Black Death Swamp, Qin Chen naturally does not think he has some knowledge of the previous life, so he can ignore this. The Dawei Dynasty is in danger.

The two of them took the Iron Feather Eagle and just landed outside Black Marsh City. They only walked for dozens of miles before entering the city.

A group of people in black wearing masks suddenly rushed out from both sides.

"Hey, there are two more fat sheep. It is estimated that they are getting news again, and they are ready to come to take advantage and kill them for me."

The leading black-clothed man grinned, and without a word, he drew his sword and rushed forward, slashing at Qin Chen's head.

Chapter 556

"court death!"

Upon seeing this, the man in the cloak was furious, punched, and with a bang, the sword in the hand of the man in black was blasted out directly, and the man in black showed a frightened expression. It fell apart in an instant and was blasted to pieces.

"what?"

The remaining ten or so people in black were all stunned. Their big head, Wu Zong in the middle of Tier 5, was killed by a punch?

"The big boss is dead."

"Idea!"

"Run!"

A group of people yelled in horror, turned their heads and ran.

"You can do it if you want to, or run if you want. How can there be such a cheap thing."

The man in the cloak gave a grinning smile, opened his hand, and screamed. The **** demon banner appeared in his hand instantly, the black **** demon banner rose up against the wind, quickly became several meters in size, exuding a strong black air, and more than a dozen people were involved.

Only heard a series of screams, more than a dozen people in black fell instantly and turned into corpses under the black air of the demon flag.

"Master, some crumbs are resolved."

The man in the cloak said with a smile as soon as he received the devil flag.

He was extremely excited. After slaying the blood eagle elder, Qin Chen gave him the Heavenly Demon Banner. After some sacrifices these days, the cloaked man suddenly felt that the Heavenly Demon Banner was more suitable for him than the black gourd before.

The black gourd, every time it is urged, the body will feel a strange feeling, unlike this heavenly magic flag, it is easy to use without any discomfort.

It seems to be tailor-made for him.

Looking at the corpses in one place, Qin Chen frowned and said, "Is it allowed to kill casually here?"

There is only a few tens of miles away from Black Marsh City. These people dare to do something here, and all these people are murderous. Obviously, everyone has no idea how many lives are on their hands.

"Master, you don't know anything."

Hearing that, the man in the cloak put away the demon flags, packed up the storage rings of more than ten people, and explained with a smile: "Kuronuma City is located on the border of the Dawei Dynasty. Here is where the warriors from all states of the dynasty are gathered. It is a bit chaotic. In addition, the Black Death Swamp borders the other two dynasties. Naturally, fish and dragons are mixed. There are countless bandits outside the city. It can be said that this is one of the most chaotic places in the entire Dawei Dynasty. These bandits, in other states, are very It may be some people with good looks, even some elders and sect masters, when they arrive here, they turn into robbers, murder and rob, and do everything."

Qin Chen had a real understanding of the chaos in Black Marsh City.

Except that it is still under the jurisdiction of the Dawei Dynasty, in fact, it is extremely chaotic.

When the two arrived at the gate of Kuronuma City, they saw a dense crowd of people at the gate of Kuronuma City. These people were uneven. The lowest level of cultivation was even at the prefecture level, and the highest was at the fifth-order sect level, just outside the city. queue.

The cloak man said in a daze, "Why are there so many people in Kuronuma City?"

"Are there usually few people here?" Qin Chen was puzzled.

The cloak man nodded: "Under normal circumstances, although there are warriors in and out of Kuronuma City, the number is not very crowded. It is the first time I have seen so many people like today."

The cloak had lived in Kuronuma City for a long time, and he knew very well about Kuronuma City.

What makes the cloak even more shocking is that in this crowd, the number of clan-level martial artists is actually quite large.

You know, although Tier 5 Wuzong is not uncommon in the Dawei Dynasty, it can be regarded as a master. Looking at the team in front of him, there are no fewer than dozens of Wuzong masters, which shocked the cloaked people.

The man in the cloak sank and said, "Master, so many Wuzong masters gather, there is definitely something wrong with Black Numa City."

The two suddenly remembered that when the group of people in black had done their hands on them, they seemed to say that the two of them might have also received news and came to take advantage.

What kind of news is this news?

Qin Chen couldn't help but sink.

The reason why Black Swamp City can attract warriors is that it is located on the edge of the Black Death Swamp. These people flocked to the Black Death Swamp. The most likely target is the Black Death Swamp. If they want to find the Kuyunzhi, they will be taken away in advance. If it's done, it will be troublesome.

The man in the cloak also thought of Qin Chen's same problem, and immediately grabbed the two warriors who were walking in front.

"You two, the old man has something to ask you." The man in the cloak said coldly.

The two martial artists, both of their cultivation bases, were at the fourth-order profound level. They were suddenly pulled by someone. Their faces were extremely ugly. They turned around and were about to get angry, but after seeing the man in the cloak, they swallowed back when they reached their lips. At the same time it became pale.

Because they found that they couldn't see through the breath of the cloaked man in front of them, and at the same time there was a feeling of trembling in their hearts.

Obviously, the strength of this cloaked man must be above them, otherwise, they would never feel that way.

"The two seniors don't know what to order? As long as you know below, you know everything." The angry expressions of the two disappeared immediately, and even became cautious.

"I ask you, why are there so many people suddenly in Kuronuma City?"

"Don't the two seniors know?"

One of the thin and tall one of the two said in surprise, but after seeing the black slave's eyes, he immediately knew that he had said something wrong, and hurriedly said: "The two seniors don't know anything about it. The Black Death Swamp is halfway through. Something suddenly changed a month ago?"

"Variety?"

"Yes." The lanky man said: "In the Black Death Swamp half a month ago, many warriors who had experienced in the Black Death Swamp found that the past detoxification pills seemed to have lost their effect, and many people got in because of the miasma. Body, died in it. At the beginning, everyone thought it was a fake shop selling detoxification pills, and wanted to get a fair deal, but gradually, everyone found that not only the detoxification pills in one shop had failed, but the entire city of Kuronuma. All of the detoxification pills have lost their effect, and everyone discovered that, for some reason, the miasma in the Black Death Swamp suddenly became much more powerful."

"So many warriors who originally experienced in the Black Death Swamp decided not to enter, but who knew that some warriors who had come out of the Black Death Swamp had found many elixir in the Black Death Swamp that they didn't have before. The level of the elixir is extremely high, many of them are in Tier 4, and there are many Tier 5 elixir, and some people even saw Tier 6 elixir in it."

"This news immediately detonated the city of Black Swamp. Although the effect of the detoxification pill had no effect, many warriors could not help but rush into the Black Death Swamp. Sure enough, they found a lot of elixir, and everyone discovered that, Not all detoxification pills have lost their effect. Some people took the detoxification pills and went in without anything, and some people were poisoned to death. The alchemist in Black Marsh believed that the miasma in the Black Death Marsh should have undergone some changes. This change is not useful for everyone."

"So in the past two weeks, more and more warriors have rushed to Black Marsh City, all wanting to enter the Black Death Marsh to see if they can get some rare elixir."

Chapter 557

After hearing these two people's words, the man in the cloak frowned and said, "So, these people are planning to buy detoxification pills in Black Marsh City, and then go to the Black Death Marsh to try their luck and collect the spirit grass?"

"Yes!"

The two nodded, with some embarrassment on their faces. Obviously, the two of them were also planning to go to the Black Death Marsh to try their luck.

The man in the cloak nodded, his face was a little embarrassed, so many warriors gathered here, I don't know if it will affect the bitterness that he once saw. If the owner cannot get the bitterness, then...

Thinking of this, the man in the cloak couldn't help but glanced at Qin Chen timidly. Although he had not followed Qin Chen for a long time, he knew very well that Qin Chen conquered him for the sake of this bitter Yunzhi, if he could not get it, I don't even know if I am qualified to follow Qin Chen.

When Qin Chen wanted to subdue the cloak man, the cloak man was extremely resistant. Who knew that in just a moment, his heart had changed greatly, and he was even afraid that Qin Chen would drive him away.

Qin Chen naturally didn't know the thoughts in the cloak man's heart. He frowned and suddenly said, "You two are sure that there is only this reason. These people are gathered here just to collect the elixir?"

According to the two people, there is still a lot of uncertainty in entering the Black Death Swamp, and there is even a danger of death. If you just try your luck, you will definitely not even rush over so many Tier 5 Wuzong.

This is obviously illogical.

"Say, is there anything to hide from us?" The cloak man's face sank, and a cold breath filled his body.

"No, absolutely not."

The two of them trembled with horror, their faces appeared in horror, and then they seemed to think of something, and quickly said: "By the way, I heard that someone found an underground ruin in the Black Death Swamp two days ago. Some people suspect that this relic is handed down from ancient times and contains amazing treasures, so it attracts many powerful people."

Underground ruins?

Hearing this, the cloak man's face changed drastically, "Where is the underground ruin located?"

An outrageous murderous aura suddenly passed from him.

"I really don't know this here. We just got the news and came over from another place, and we didn't even enter Black Numa City." The two of them were so scared that they almost cried and said hurriedly.

Seeing nothing to ask, Qin Chen waved his hands to the two of them.

When the two saw this, they didn't even enter Black Numa City. They were so scared that they turned and left, and soon disappeared.

"The underground ruins they mentioned just now are where you got the blood spirit fire?" Qin Chen said solemnly.

"The subordinates don't know, but I suspect it might be."

The cloak man's face was gloomy and his heart was anxious. The place where he got the Qinglian blood spirit fire was an underground ruin. It could not be so coincidental. In this black death swamp, there will be two underground ruins.

Qin Chen recovered calmly at this time, and said, "If Ku Yunzhi has been taken away, it's useless to be anxious. Let's go to the city to find out the news."

"Yeah." The cloak man nodded.

This can only be done now.

With a gloomy face, the two soon came to the gate of the city.

Is preparing to enter the city.

"Step aside."

"Leave me all the way."

An angry shout rang out, and then from the back of the team, a group of arrogant warriors rushed out, riding a group of blood beasts covered in iron armor, and surrounded by a twenty-six or seven-year-old young man. .

The young man was riding a blood-colored monster wolf-like blood beast. The monster wolf was two meters high, and his fur was like satin. One eye seemed to be hacked blind by someone with a saber, leaving a trail on his face. The long scars are particularly hideous and terrifying.

Qin Chen knew at a glance that this was a fourth-order mysterious blood beast bloodthirsty monster wolf.

The young man sitting on the back of the bloodthirsty demon wolf is not very old, and his cultivation has reached the peak of the fourth stage, and his aura is extremely condensed. In terms of strength, it is estimated that it can be compared with the three major arrogances of Xuanzhou, Hua Tiandu. .

It's just that his lips are thin and thin, and they look a bit yin and stern.

With a cold drink, this group of people completely ignored the many warriors who lined up at the door, and rushed in. One warrior couldn't dodge, snorted, and was immediately pounced by the demon wolf riding on the youth, and suddenly screamed, and there was a scream on his body. Big mouth, lying on the ground with blood flowing.

"The humble fellow, when I saw my young master coming, he didn't know how to make way and die?"

Upon seeing this, several powerful men surrounded by the youth were furious. One of the knights drew out his sword, slashed with a stab, and snorted, cutting the warrior into two in an instant.

What a ruthless method.

Qin Chen raised his brows, and the other party didn't feel uncomfortable at all when he tried to kill people. Obviously, he had done a lot of such things.

The key point is that the guards of Kuronuma City didn't have any surprises, as if they didn't see everything in front of them.

"Whatever you look at, don't you leave me alone."

After several knights killed, they looked gloomy and arrogant, and shouted at the many warriors at the gate of the city.

Suddenly, the crowd became agitated, and everyone who was blocking the door backed one after another. Even some Wuzongs of Tier 5 frowned, but they still backed away.

"It's Young Master Mo Xiang of Yu Beast Villa."

"Why is he here?"

"I heard that this young master Mo Xiang was one of Bianzhou's former arrogances. It's just that these years, he has been stuck at the Xuan-level stage, and has never been able to break through Wuzong. His character has become more and more fierce. Murder, it is said that there are already a bunch of warriors who died in their hands."

"Hush, are you looking for death? Dare to say that, Young Master Mo Xiang, don't have your head?"

"Yes Yes!"

"This time the Black Death Swamp has changed. The Royal Beast Villa has long been informed. I heard that the deputy owner of the Royal Beast Villa has arrived a few days ago. He has explored the Black Death Swamp several times. , The owner of Yu Beast Villa will also come in person."

"Hi, the owner of Moxin City, Yu Beast Villa, this is one of the top powerhouses in Bianzhou!"

"Huh, more than the owner of Yu Beast Villa, many forces near the Black Death Swamp have received news. From my point of view, there are probably many top powerhouses coming over these days. We should be more careful."

The crowd talked, one by one showing fear and wonder.

Yu Beast Villa is one of the top forces in Bianzhou. Their strongest is the technique of controlling beasts. In terms of beasts, even in the entire Dawei dynasty, they are considered to be famous.

"Hahaha, a group of untouchables also want to come to the Black Death Swamp to try their luck, without looking at their own virtues, they are simply seeking their own way of death."

Hearing the whispers around, Mo Xiang sneered indifferently, urging the bloodthirsty demon wolf under him to walk towards the city gate.

"Ok?"

The next moment, his expression turned upset, and there was a man in a cloak and a young man at the gate of the city who didn't let go.

Chapter 558

Seeing his young master frown, the knights who followed Mo Xiang immediately sank. One of them came to Qin Chen and the cloak man riding an iron armored blood beast. He pointed to the sword in his hand and shouted coldly: "You two So, didn't you see that our young master was going into the city? You still don't get out of here, stand here, looking for death."

The knight was full of anger, with no eyesight, and his nostrils seemed to grow in the sky. He was obviously an arrogant master.

The cloak man's complexion was hard to look immediately. This guy was so brave that he dared to point his saber at himself and couldn't help but snorted: "Which one of your dogs saw me stopping you and your young master? Yu Beast Villa is strong, but it can't So unscrupulous, right?"

"you wanna die."

Hearing that, the knight on the back of the iron armored blood beast immediately roared, and the sword slammed down, and the sharp sword came to the top of the cloaked man's head in an instant with the howling wind. A Wu Zong in the early stage of Tier 5 was split in half.

The man in the cloak narrowed his eyes, what a cruel method, who is he? Although it is only the Wuzong at the peak of the late fifth-order, the title of bloodworm human demon is well-known throughout the Dawei dynasty, and it can be called a resounding. When did a small mid-fifth Wuzong be so humiliated?

"You should be the one looking for death."

An indifferent cold snort sounded. At the moment when the opponent's sword was about to hit his head, the man in the cloak suddenly kicked out and kicked on the chest of the iron armored blood beast. He only heard a bang, the iron armored blood beast made a sound. With a stern roar, a blood hole suddenly appeared in his chest, and he flew out heavily, lying on the ground, blood gurgling out from the blood hole, seeing that he could not survive.

"You killed my blood pet?!" The knight was unsteady while the blood beast was kicked out. He hurriedly turned over and fell to the ground. Then he saw the blood beast falling to the ground, and his eyes suddenly opened up. Blood red.

Each of the warriors of Yu Beast Villa will have their own blood pets. To them, these blood pets are even as close as brothers, and their hearts are immediately angry.

The frivolous youth also changed his expression, and said angrily: "If you dare to touch our Royal Beast Villa, take him down for me. This young master will let him know what the consequences will be if you offend my Royal Beast Villa."

With a huff, the other knights didn't need Mo Xiang's instructions at all. They all drew out their swords, and instantly surrounded the cloak man and Qin Chen, exuding a strong murderous aura.

They have always been accustomed to rampage, and have never seen a guy who dared to do something with them at Yu Beast Villa.

That full-bodied murderous intent immediately drew the astonishment of many martial artists around, whispering one by one.

"Who are these two guys?"

"Are you looking for death? How dare you do something to the people of Yu Beast Villa."

"Don't die."

"Quickly, get out of the way."

All the warriors at the gate of Black Marsh City all stepped away in a panic, and then looked at Qin Chen and the cloak man in horror.

In Bianzhou, Royal Beast Villa is one of the top forces. It can be said that it is the sky of Bianzhou. These two guys dare to do something with the people in Royal Beast Villa. Everyone can already predict the result of the two of them. No matter who they are and what background they have, there is only one dead end.

Mo Xiang of Yu Beast Villa obviously had the same idea. He pointed to the cloaked man and Qin Chen and said: "Take them down to me. Don't rush to kill them. I will torture them slowly so that they know they are offended. The end of my Royal Beast Villa."

"Yes, Young Master!"

When the voice fell, the group of people in black suddenly rushed toward the cloaked man and Qin Chen.

"court death!"

Upon seeing this, the man in the cloak sneered and shook his figure before rushing into the crowd.

Bang bang bang.

Only a few dull roars were heard, and several aggressive knights screamed and flew out in an instant, and fell off the iron armored blood beasts one by one, groaning painfully.

what? This scene stunned all the people present. Who was this cloaked man, and he was too strong. The knights of these Royal Beast Villas were all powerhouses of Tier 5 Wuzong level, and they were defeated several times by this cloaked man. , Just like killing a chicken, it's terrible.

Even the several guards of Black Marsh City looked shocked.

As for the several knights in the Royal Beast Villa, they were even more shocked. They lay on the ground, looking at the cloak man and Qin Chen in horror. From the moment the cloak man shot, they knew that they had kicked the iron plate, all of them were shocked. Angry.

"Bold, who dare to hurt my Yu Beast Villa, who are you two?"

Under such circumstances, instead of panicking, Mo Xiang looked furious, and the bloodthirsty demon wolf under his crotch rushed towards Qin Chen.

call!

On the back of the ferocious demon wolf, Mo Xiang stared at Qin Chen. He knew very well that several knights who had guarded him were defeated. With his strength, he could not be the opponent of the cloak. Catch the young man with the cloak.

As long as the young man was captured, the man in the cloak would naturally throw a rat-in-law, and when the time came to inform the uncle Qing in Black Marsh City to come over, the two people would not be able to escape even with their wings.

Under the eyes of everyone, the sharp claws of the bloodthirsty demon wolf waved down towards Qin Chen in an instant.

"No, that boy is going to be unlucky."

When everyone saw this, one by one showed surprise.

Although the bloodthirsty demon wolf is only a fourth-order mysterious blood beast, it is known for its speed, and its attack speed is much faster than that of the ordinary fifth-order Wuzong. Now that he takes the lead, even if the cloak man wants to intercept it, It's too late.

What puzzled everyone was that when the bloodthirsty demon wolf was about to pounce on the young man, the cloaked man's face did not show the slightest panic, but a faint sneer was drawn at the corner of his mouth.

"Hmph, no matter how strong it is, this kid falls into my hands, no matter who you are, you can't escape the punishment of my Royal Beast Villa."

Seeing no response in front of him, Qin Chen who seemed to have a blank head, Mo Xiang sneered at the corner of his mouth.

"Naughty animal, don't kneel down for me."

Suddenly, a deep cold drink sounded, and everyone saw that the young man, at the moment when the bloodthirsty monster wolf attack was about to fall, unexpectedly gave a cold drink to the bloodthirsty monster wolf.

Everyone fainted madly, and all of them were about to faint.

Is this kid an idiot? The man in the cloak had such a strong strength, how he was an idiot. At this time, he was still scolding the bloodthirsty demon wolf and wanted him to kneel down.

Brother, this is a fourth-tier Xuan-level blood beast, and it is also the most terrifying bloodthirsty wolf demon among the mysterious-level blood beasts. Even the Wuzong in the early stage of the fifth-level, you must be careful. ?

At this time, run properly and quickly.

For a while, everyone was speechless and almost crazy.

I have seen an idiot, I have never seen such an idiot.

This is nothing short of death.

Chapter 559

Just when everything was speechless, the next scene stunned everyone present.

I saw the bloodthirsty demon wolf with a terrifying and murderous appearance. After Qin Chen drank low, his eyes suddenly showed a hint of horror, as if he had seen the king of their race, he knelt on the ground instantly, shivering. .

"what?"

"what happened?"

"Why did this bloodthirsty demon wolf suddenly kneel down?"

The crowd shook, as if exploded, and there was a tumult.

Everyone stared at the scene in front of them blankly, shocked beyond words, and went crazy.

Even the weapons in the hands of many warriors were about to fall, and their eyes were round, like a ghost.

The bloodthirsty demon wolf actually knelt down in the cold shout of this young man, this... it was like a dream.

The most shocked of all was Mo Xiang. He didn't understand what was going on. He even drank to the bloodthirsty demon wolf, "Bloodthirsty, what are you doing, don't you kill this kid for me?"

He kicked the bloodthirsty demon wolf in the abdomen, shouted sharply, and at the same time used the beast defense technique, trying to urge the bloodthirsty demon wolf to attack.

However, this bloodthirsty demon wolf did not move at all. Under his urging, there was no reaction at all, and even his head drooped down even further.

This shocked Mo Xiang's heart. This bloodthirsty demon wolf was personally captured by his father from the mountains. He had been tamed by him for more than a year, and this kind of disobedience had never happened.

Suddenly the cold light appeared in his eyes, and he said sharply: "Boy, what did you do to my raging fire?"

Qin Chen sneered: "This young master is joking, and I'm standing here without moving. What can I do? It may be this bloodthirsty demon wolf who understands the truth of being a beast, so naturally he kneels down, right? ."

"Boy, you are so courageous, do you think it's great to use magic to confuse this young master's blood pet? You are looking for death."

Mo Xiang roared, flew up from the back of the bloodthirsty demon wolf, and grabbed Qin Chen with one claw.

"Bloodlight Claw!"

The **** rays of light suddenly turned into a sky, sweeping towards Qin Chen frantically. Each of these **** rays was several feet long, densely packed, and almost endless. The momentary effort completely enveloped Qin Chen, like it turned into a red blood cell.

This scene immediately drew people's exclamation.

"It's a pity, this kid thought he would win if he restrained the bloodthirsty demon wolf. He probably didn't know that Young Master Mo Xiang was one of the arrogances of our Bianzhou."

"Yes, when Young Master Mo Xiang was twenty-four years old, he had already entered the late fourth-order Xuan-level stage. In these years, although he has not broken through the fifth-order Wuzong realm, he has reached the peak of the fourth-order late stage, even half a step. It's only one step away from Wu Zong."

"As early as a few years ago, Young Master Mo Xiang killed Wu Zong in the early stage of the fifth stage. In the past few years, very few people have actually seen him take a shot, but it is expected that the cultivation base will definitely be more terrifying."

The crowd was sighing.

Everyone knows how terrifying Young Master Mo Xiang of Yu Beast Villa is. Although the name of genius has been weakened a lot in these years, it is undeniable that he was once a genius.

Hearing the comments of everyone around him, Mo Xiang sneered at the corner of his mouth: Boy, dare to fight with me, Mo Xiang, you are a bit too tender.

It's just that before the triumphant thought in his heart flashed, his eyes changed drastically, and the blood-colored light ball that enveloped Qin Chen suddenly swelled up like a balloon that had been blown up, and then there was a blast of blood. Shooting, blasting and blasting, devastated the ground.

An astonishing force rushed out of the burst of blood-colored light and slammed into Mo Xiang's chest. puff!

With a mouthful of blood, Mo Xiang flew out and fell to the ground, groaning painfully.

"Little Lord."

When other warriors in the surrounding Yu Beast Villa saw this, they were shocked and rushed up frantically, exclaiming again and again, only after seeing that Mo Xiang was only injured, he let out a long breath.

If they were not protected and caused Mo Xiang to die here, even if they could catch the murderer, they would definitely be buried with Mo Xiang.

All of a sudden, a few people were chilly behind their backs, all in a cold sweat, and their clothes were soaked.

"Hmph, a few clowns who are jumping on the beam, relying on Yu Beast Villa to show off their power, it is better to let this seat teach you, so that you know how to behave!"

The man in the cloak gave a grinning laugh, and after taking the first two steps, he was about to attack several people again.

Everyone was shocked, one by one, was this cloaked man trying to kill all the people in Yu Beast Villa?

The few people at Yu Beast Villa were even more scared and their hairs stood up, and endless fear appeared in their eyes.

"Nigger, stop!"

Seeing that the cloak man's palm was about to fall, a cold shout suddenly sounded, and everyone turned their heads, only to realize that it was the boy who was speaking.

Negro, is the name of the man in the cloak called Negro?

What a weird name?

At the same time, a thought emerged in everyone's minds.

Black slaves, this does not seem to be a name at all, and they are all from various states of the Dawei Dynasty. The cloaked man and the young man are so terrifying in strength, they will definitely not be unknown people, but at this time, everyone But all are puzzled.

Because they had never heard of such a powerful man named Negro in the Dawei Dynasty.

What was even more shocking was the next scene. Hearing what the young man said, he saw that the man in the cloak immediately stopped and immediately returned to the young man, respectfully saying: "Yes, master!"

Lord...Master?

Everyone looked at Qin Chen in amazement, that the cloaked man could easily defeat several fifth-order Wuzongs of Yu Beast Villa, at least the strong man in the late fifth-order, they thought that the young man was the younger of the cloaked man, or Nephews, apprentices, etc., brought out to meet the world, but unexpectedly, they turned out to be his master.

Who is this boy?

Everyone was shocked, so that a master of the Wuzong level in the late stage of the fifth stage can be respectfully called the master. The background of this guy is too terrible, right?

"It's important to enter the city."

Qin Chen coldly glanced at Mo Xiang who were lying on the ground, and the man with the cloak entered Black Marsh City.

The several city guards in Black Marsh City didn't even have the courage to question Qin Chen. They watched as they walked into Black Marsh City without daring to say a word.

"Wow!"

After the two of them left, there was a loud noise on the court. Everyone looked at the back of Qin Chen and the cloak man who had left, and they talked a lot. They looked at Mo Xiang from time to time and whispered.

"Look at what you see, Major General, believe it or not, dug out all your eyes."

Mo Xiang became angry and shouted angrily.

The strong murderous aura made the court silent for an instant, one by one kept silent.

"Young Master, what shall we do now?" Several knights helped Mo Xiang up and asked nervously.

"What can I do? Go into the city immediately, find Uncle Qing first, and then send someone to find out the news of these two people, dare to do something to this young master, I will definitely not spare them at the Royal Beast Villa."

Mo Xiang hissed sharply.

Chapter 560

"Master, why didn't you let me kill those people just now?"

In Black Marsh City, Qin Chen and the man in the cloak were walking on the street, while the man in the cloak was still muttering from the side, apparently he couldn't understand what Qin Chen had said before.

"I've heard of Yu Beast Villa. It's the top power in Bianzhou. The real strength of the wheel is weaker than that of Liuxianzong. Only by being able to tame blood beasts can you become the top power in Bianzhou. One of the powers of, other powers are afraid of him at the Royal Beast Villa. Master, you don't need to be afraid at all. The fire worms and the gas-eater ants are the nemesis of most blood beasts. As long as the people at the Royal Beast Villa dare to act on us, directly Unleashing the worms can make them walk around without eating."

The man in the cloak said with a grin.

Qin Chen glanced at him, feeling quite speechless. This man in the cloak was worthy of being called a bloodworm human demon before, and his murderous spirit was too heavy. He frowned and said, "I am not afraid of them, but you have to remember. The purpose of our trip is not to cause trouble everywhere when we come here, and don't shout at every turn, to persuade people with virtue."

"Ahem!"

Hearing this, the man in the cloak coughed violently, his face flushed red, and the eyes looking at Qin Chen were full of weirdness.

Don't fight and kill, but persuade people with virtue?

If someone else said this, the man in the cloak would still believe it, but who is Qin Chen? In the land of the ancient southern capital, the people who unceremoniously killed all the disciples and strong men who left Xianzong, Tianying Valley, and Shanhemmen are actually talking about convincing people with virtue?

"Is it funny?" Qin Chen glanced at the cloak man coldly.

"Ahem, no...not funny, not funny at all!" The man in the cloak held his breath, wanted to laugh but didn't dare, he was very uncomfortable.

Qin Chen gave the cloak a glance and frowned, "If you have time to fight and kill, it is better to think of a way to find out the news and find out what is going on in the swamp of black death."

"Yes, Master, you wrap this matter on me, so you can rest assured." The man in the cloak patted his chest heavily and said: "I will take you to a place in Kuronuma City now, no matter what news you want to find out. , You can inquire there."

Qin Chen nodded and walked forward under the leadership of the cloak man.

At this time, in a very luxurious mansion in Kuronuma City.

A middle-aged man with thin cheeks is sitting cross-legged, eyes closed.

Suddenly, there was a loud noise from outside the room. The middle-aged man frowned, stood up, and came to the courtyard. He saw Mo Xiang walking in from the courtyard in embarrassment. There are several guards who look equally embarrassed.

"Mo Xiang, are you okay? How did you make it like this?"

The middle-aged man's face changed and he asked.

This person is the person in charge of Royal Beast Villa in this Black Marsh City, and is also Mo Xiang's uncle, Mo Qing. He is one of the top masters in Royal Beast Villa.

Seeing Mo Qing, several guard companies told what happened at the gate of the city.

"What, there are such things?"

Mo Qing's face changed slightly, frowning and saying: "You mean, the other party made Bloodthirsty kneel down with a scolding and didn't dare to move?"

With a solemn expression, he walked to the bloodthirsty demon wolf a few steps, put his hand on the bloodthirsty demon wolf's forehead, and began to probe.

Mo Xiang said angrily from the side: "Uncle Qing, that kid made me ashamed in front of so many people. He clearly intended to provoke us at the Royal Beast Villa. I think I must send someone back to catch both of them immediately in order to impersonate you. , Isn't anyone daring to be arrogant on my Yu Beast Mountain Villa?"

Mo Qing waved his hand, ignoring Mo Xiang's words, but frowned: "Weird, the bloodthirsty beast control mark and state are all very normal, how could a teenager suddenly kneel down?"

He muttered in his voice, full of doubts, and obviously couldn't understand why this happened.

He has been a beast master for decades, and among the many beast masters in the Dawei Dynasty, he is considered the top one, and he has never heard of such a thing.

"Hmph, I need to talk about it, that kid must have used some magic." Mo Xiang gritted his teeth.

As soon as his voice fell, the bloodthirsty monster wolf who was under examination by Mo Qing suddenly uttered a roar and bit at Mo Qing in front of him. Mo Xiang was caught off guard and almost fell to the ground. And Mo Qing's face changed drastically, as he tore his robes in his right hand, even strangling the neck of the Bloodthirsty Demon Wolf.

"Uncle Qing, what's wrong with bloodthirsty? Why is it like going crazy?"

Mo Qing ignored Mo Xiang, but his face was solemn, and he kept playing a series of techniques. The powerful mental power kept sinking into the body of the bloodthirsty monster wolf, trying to calm him down, but it was useless. No matter how he comforted, the bloodthirsty monster wolf But his eyes became more and more red, and more and more crazy, out of control at all.

boom!

In the end, Mo Qing's face became cold, and the head of the bloodthirsty demon wolf was shattered with a palm, and the **** corpse fell to the ground, completely silent.

Mo Xiang looked at Mo Qing pale, "Uncle Qing, you..."

"It's useless, this bloodthirsty demon wolf has gone completely mad and is not under control at all. I can only kill him."

Mo Qing said indifferently, a heart-pounding chill radiating from him, making people feel endless ice cold.

He was sure that the bloodthirsty demon wolf's behavior must be the act of the young man Mo Xiang mentioned before, but what made him shocked was that he, the master of the fourth-order peak beast taming master, could not feel abnormal at all. Come.

"Come here."

Mo Qing let out a low drink, and immediately several guards walked in.

"Give me an order, immediately search for the man in the cloak and the young man that Master Mo Xiang met at the gate of the city in Black Marsh City. After you find it, make sure you don't stun the snake and return immediately to report it. Did you hear that?" Mo Qing's eyes were cold.

"Yes!"

After the guards left, Mo Qing looked at Mo Xiang and said coldly: "You will stay in the mansion for these two days. You must not go out. You will make a decision after your eldest brother returns. As for you, Show me Young Master Mo Xiang, if anything happens to him, you will all be to blame."

Mo Qing looked at Mo Xiang's guards coldly, with a cold light in his eyes.

"Yes, the deputy owner." The guards trembled, their backs soaked with cold sweat.

"Uncle Qing." Only Mo Xiang exclaimed and turned into a bitter face. Originally, he asked Mo Qing to make him stand for himself, but he didn't expect that Uncle Qing shut him down without saying anything. It's strange to get better.

"It's all the **** kid, don't let me meet you again." Mo Xiang said depressed, knowing that he would not seek revenge from Uncle Qing, so that he would not be restrained.

After finally coming to Kuruma City, but not being able to go out, this is not the same as going to jail.
