### Chapter 561 Black Order

Walking on the road, Qin Chen suddenly sneered at the corner of his mouth.

He felt that the restraint he placed on the bloodthirsty demon wolf had broken out.

A small Royal Beast family is also arrogant in front of him, really seeking his own way.

Of course, Qin Chen didn't know that the people at Yu Beast Villa were looking for him, even if he knew, he wouldn't care.

"Master, here it is!"

At this time, the man in the cloak reminded him that the two had arrived in front of a very large square, but the entire square was white and white, and nothing could be seen.

"Master, this is the Black Order I mentioned before. The Black Order is the largest trading center in Kuronuma City, and it is also the largest news distribution center in Kuronuma City. Basically, any news in the Black Death Swamp will be here. The Order inquired."

"Yeah." Qin Chen nodded, and looked up at the huge black floor card in front of him. The divine sense swept the square below and found that his divine sense couldn't get in.

He immediately understood that there is a huge formation in this black cult, and it is a shielding formation that specializes in isolating divine sense detection, and judging from the strong spiritual energy nearby, this black cult is still There should be a fairly advanced gas gathering array.

"If that's the case, let's go in. Remember, you can call me less dust from now on. The province attracts people's attention."

Qin Chen nodded, but reminded him.

The strength of the black slave, at the peak of the late stage of the fifth stage, even if it is placed in this strong black marsh city, it can be regarded as a master. Such a character calls himself a master, and it is indeed a bit shocking to be seen by others.

It's okay if he has recovered enough strength, but it's just now the cultivation base of the fourth-stage late peak, so high-profile, it is not a good thing.

Under the leadership of the cloaked man, the two quickly came to the front of the black plaque.

Before the two of them walked in, two silent figures appeared at the entrance of the plaque. Both of them were wearing black standard robes, and their expressions were very harsh. They looked coldly at Qin Chen and the man in the cloak. Judging from the breath of the two of them, they turned out to be Wu Zong in the early stage of the fifth stage.

Seeing these two men appear, the black slave immediately took out two low-grade real stones from his body and put them into the hands of the two men in black.

The two men in black looked down at the real stone in their hands, nodded, and then stepped aside, giving way to a passage for the two to enter.

"Little Chen, this is the entrance fee. To enter the black cultivator, one person needs a low-grade real stone." The black slave said as he walked in with Qin Chen.

Qin Chen didn't feel particularly surprised when he charged the entrance fee. After all, entering some auction houses and treasure pavilions also required an entrance fee, but the entrance fee was a real stone per person, which surprised Qin Chen.

This is a real stone. In a place like the Five Kingdoms, ordinary warriors don't even have a low-grade real stone. The entrance fee here is a low-grade real stone, placed in the Five Kingdoms, it is simply the place against the sky.

But as soon as Qin Chen entered the Black Order, he instantly understood why the admission fee was so expensive.

As soon as he entered, a strong qi lingered around Qin Chen's body. The concentration of zhenqi here was at least twice as strong as that of the outer world, and it was definitely a good place for cultivation.

He even saw someone sitting cross-legged in this square cultivating.

And after entering, the shield of divine consciousness disappeared immediately, visible to the naked eye, and there were many people gathered in the entire square, even hundreds of them.

With so many people, each one has a low-grade real stone, what a huge amount is the admission fee alone?

"There is little dust, a low-grade real stone, you can stay here for three days. Many people come in to buy what they want, or after inquiring about the news, they will use the remaining time for cultivation, saving waste."

Seeing Qin Chen's eyes converge on the cultivating warriors, the black slave immediately explained.

At this time, the two Wuzong powerhouses just hurried past the two. The smell of blood on the two of them was extremely heavy, and the body was full of strong murderousness. Obviously, they were not easy generations.

"Did you read it right? Is it really Hei Yucao?"

"There is nothing wrong, it is indeed Hei Yucao, that guy is looking for death, and Hei Yucao dares to take it out directly in the Black Xiuhui."

"Hmph, although the Black Order protects traders, once the transaction is over, it will not be protected."

When they said this, they also noticed Qin Chen and the cloak man at the door, and stopped talking, and quickly walked past Qin Chen and the cloak man, their eyes full of vigilance.

Qin Chen's heart was still calm, and suddenly fluctuated. Where is this place that even Heiyu Grass can be sold?

As long as a pharmacist knows that Heiyu Grass is the main material for refining the fifth-rank virtual \*\*\*\* pill, it belongs to the fifth-tier material.

The main effect of the Xu Shen Dan is to allow any martial artist below the sixth rank martial arts to repair his own mental damage after encountering mental damage.

For a warrior, mental damage is more difficult to treat than physical damage, and once a warrior has become a demon, if he has a Void God Pill, take it as soon as possible, so that he can wake up from it in the fastest time. .

It can be said that a panacea like Heiyucaocao is enough to make any fifth-order Wuzong be moved and crazy.

"Little Chen, were the two of them talking about Hei Yucao just now?"

The black slave's mental power is not as strong as Qin Chen's. Naturally, he didn't fully hear the conversation between the two before, but he also vaguely captured some information. His expression changed, and he asked in a deep voice.

Before Qin Chen could answer, he heard a low voice suddenly heard from the front.

"it's him."

I saw a thin middle-aged man walking out in front of him. When the two fifth-order Wuzongs who had been talking next to Qin Chen saw this, their eyes shot strong, and then he yelled and rushed up. .

"Chang!"

In the process of rushing up, the two directly drew their weapons, and then slashed at the thin middle-aged man with a bang.

The thin middle-aged man was also prepared for a long time, and when the two of them shot, he hurriedly drew his sword to resist.

Although these three people concealed their aura, Qin Chen could still see that among the three, the thin middle-aged man was a Wuzong of the late stage 5th stage, and the other two who made the shot were also a late stage 5th stage. Wu Zong, the other is Wu Zong at the peak of the fifth-tier mid-term.

As soon as the three of them came up, they all performed their strongest moves, almost desperately.

Originally, the thin middle-aged man should be stronger than the other two, but for some reason, he seemed to have suffered a little injury. In addition, he was besieged. After only a moment of effort, his body was colored, and blood was sprayed everywhere. Splashed out.

In panic, the person looked around and found Qin Chen and the black slave nearby, his eyes lit up suddenly, and he rushed towards them instantly.

Chapter 562

The black slave saw the opponent rushing over, and quickly snorted, standing in front of Qin Chen, coldly looking at the thin middle-aged man who rushed up.

The thin middle-aged man seemed to feel the murderous intent of the black slave, but instead of slowing down, he became faster.

Just when he was about to rush to Qin Chen and the black slave, he stopped abruptly, then took out a storage ring from his body, quickly threw it into Qin Chen's hand, and then chased him down. The two Wu Zongs coldly snorted: "I know you want to take away the things from me, but I would rather give it to others than you would get it."

After saying this, he turned around and walked around the side of Qin Chen and the black slave, and then flew past the black cultivator, obviously intending to leave here.

The black slave was stunned, what does the other party mean? Being chased by someone, and didn't want the treasure to be obtained by the other party, but thrown it to a stranger aside, can such a good thing be encountered with little dust?

The corner of Qin Chen's mouth was a sneer.

This guy is a good trick to draw troubles, clearly wanting to draw the attention of those two people to himself and the black slave.

There is obviously a restriction on this storage ring, even if it is oneself, it is impossible for a Wu Zong to break the restriction of a Wu Zong in an instant, and inquire into the contents of the storage ring.

But Qin Chen was sure that although he didn't know what was in this storage ring, there would never be anything in it that the two Wu Zong wanted.

However, the thin Wu Zong's strategy has obviously succeeded.

After the two Wu Zong experts who were chasing the thin and weak Wu Zong hesitated, the late Wu Zong of the fifth stage immediately chased the thin middle-aged man, and the other Wu Zong, who was at the peak of the middle fifth stage, instantly came to Qin. In front of Chen and Negro.

Before he could speak, a strong murderous intent had erupted from him, staring coldly at the storage ring in Qin Chen's hand, that Ling Li's murderous intent was not concealed at all.

The fighting here also attracted the attention of many people around, and they all looked over.

In the eyes of these people, there was no surprise or surprise. Obviously, such fights should be seen everywhere in this black cult. It is not unusual.

And Qin Chen also found that many people around were looking at the storage ring in his hand, all showing greedy expressions. Several warriors seemed to be eager to move, but just glanced at the mid-level fifth-tier peak who stopped him and the black slave. Wu Zong seemed to be afraid of the other party, so he didn't rush forward.

Qin Chen has already understood that even though he needs to pay real stones to enter this black cult, there is no strict management in it, and fighting is not forbidden. In other words, there will be no one who kills people here, otherwise it will take so long. None of the black order directors came out.

"Nigger, let's take the time to find out the news."

Qin Chen didn't bother to keep watching, and said directly to the black slave.

"Wait, you two can't go." Before Qin Chen and the other two took a step, Wu Zong, who had stopped them at the mid-level fifth-tier peak, said coldly.

He glanced at the black slave in front of Qin Chen, then glanced at Qin Chen, and then said: "Hand over the storage ring in your hand, and then leave fifty low-grade real stones, you two can go."

The person's tone was cold, as if he was ordering.

Qin Chen was stunned for a while, and it took a long time to recover, and sneered, "Why?"

This fifth-tier mid-stage peak Wuzong is really arrogant. It can't be said that it is too much to want the storage ring that the person gives him, but it is too much to want to take fifty low-grade real stones from him.

The black slave directly released a chill.

Wu Zong, the peak of the fifth-tier mid-stage, frowned and said, "The storage ring should have belonged to the two brothers of the Anbei Double Demons. As for the fifty low-grade real stones, you would compensate our two brothers for the loss, if not You two appear here, so why would I stay? I have followed the guy just now."

Qin Chen sneered, what reason is this? Just because we are here, should we compensate him for real stone? Then these two people also wasted their time, can I ask them for compensation?

"Get out!" Qin Chen shouted coldly.

"What are you talking about?" The eyes of Wu Zong, the peak of the fifth-tier mid-stage, suddenly fell cold. He glanced at the black slave and said coldly: "If it's not for your elders' sake, don't say fifty low-grade real stones, even It's you, I want to stay too, so I don't know how to raise the price, now the price has increased, leaving the storage ring and a hundred low-grade real stones, and then get out, otherwise...huh!"

Wu Zong snorted coldly. Although he didn't go on, his cold eyes and rich murderous intent had obviously conveyed his meaning.

Qin Chen laughed anxiously and said coldly, "I will give you one last chance. Get out of here immediately, otherwise you will be at your own risk."

Of course he knew what Wu Zong meant. He was looking at the face of the black slave. This was just asking for his own fifty low-grade real stones, which seemed to be extremely kind.

When Wu Zong heard that Qin Chen even dared to let him roll, his face suddenly became cold, and the cold on his body almost condensed into ice, and said angrily: "You are looking for death!"

The voice fell, booming, a terrible breath erupted from him, raising his hand, he was about to attack Qin Chen.

At this moment, a figure suddenly flashed. It was Wu Zong who was tracking the thin and weak martial artist before, and suddenly came to the mid-level fifth peak Wu Zong who was about to take action. He frowned and said: "What's the matter? You are here. What the hell? I haven't followed for so long?"

Seeing this fifth-stage late Wuzong, the fifth-tier mid-level Wuzong seemed to have forgotten to take action against Qin Chen, and hurriedly said nervously: "Big brother, have you succeeded?"

At the late stage of the fifth stage, Wu Zong's face was cold, and he said coldly: "The kid slid very fast, I didn't have time to catch it, but you, what are you doing here? If you just followed up, I won't chase him away. Boy."

Having said this, his voice was full of anger.

"What, let him run away?"

The face of Wu Zong at the peak of this fifth-tier mid-stage was suddenly hard to look like, and said: "Big Brother, this kid is unwilling to hand it over with the storage ring, so I have been delayed for so long."

"Trash, you can't do a little thing." Wu Zong in the late stage of the fifth stage was even more angry after hearing this, and the killing intent was suddenly aroused: "Then you and him, don't hand it over, just kill it directly."

Before he finished speaking, a black blade of light slashed from the top of Qin Chen's head. The intense murderous intent engulfed Qin Chen instantly, and he wanted to split Qin Chen in half at once.

Chapter 563

What a ruthless method.

Although Qin Chen knew that he could do anything wantonly here, he didn't expect that these two guys would kill when they said killing, and they didn't take the lives of others in their eyes.

Moreover, the names of these two people seemed to be the Anbei Twin Demons, and they were obviously not good people. Qin Chen didn't want to do anything at first, but at this moment, the killing intent came out suddenly.

Immediately he said coldly: "Nigger, what are you waiting for?"

"Yes, less dust."

The black slave has been waiting for Qin Chen's order for a long time. To be honest, when the fifth-tier mid-stage peak Wu Zong pretended to force him before, he was already very upset, but without Qin Chen's order, he would not dare. Do it rashly.

Now that Qin Chen spoke, how could he hesitate?

As soon as Qin Chen's order fell, the true power in his body surged crazily, and at the same time, the Heavenly Demon Banner appeared in his hand instantly, slamming toward the Anbei Twin Demon.

This Anbei Twin Demon is also considered a well-known warrior in Bianzhou. The eldest brother is also Wuzong in the late stage of the fifth stage. Naturally, the black slaves will not be careless. What's more,

he doesn't want to give them the slightest chance to survive. When he came up, he displayed the devil flags, and a large black magic energy swept over.

Seeing that the stranger, one big and one small, was so arrogant in front of the Anbei Twin Demons, countless eyes around him were immediately attracted, especially the Anbei Twin Demons are very famous in this black order, it can be described as murderous. , Coupled with amazing strength, there are not a few people who are afraid of him.

But as soon as the black slave's demon banner was put on display, many of the surrounding masters instantly understood that these two people, one big and one small, were obviously not a simple master.

At the late stage of the fifth stage, Wu Zong saw the black slave offering a real treasure, and he dared to shoot at him, and suddenly sneered. He can be here for so long, how can he be blocked by anyone? He didn't care about the black slave's attack at all, but instead urged his sword light even more, wanting to kill Qin Chen with a single blow.

At the same time, Wuzong, the fifth-tier mid-stage peak who stood beside him and didn't move, also raised a sword at the moment the black slave took the shot and slashed directly towards the black slave's lower body.

Anbei had known the twin demons for many years, and the cooperation was perfect. He knew very well his elder brother's thoughts. He must first kill the young man, take the storage ring, and then join hands with him to deal with the cloaked man.

Although the breath of the cloaked man didn't look weak, once the boy died, he and his eldest brother would join hands, as long as they were not a master of the martial arts level, they would be able to deal with it.

Therefore, thinking of this, the weaker Wu Zong at the mid-level fifth stage peak, the attack of the sword in his hand was even more fierce, obviously not only to stop the black slave, but also to severely wound him while the black slave rescued Qin Chen.

It's just that he just wanted to activate his war knife faster, but found that the war knife in his hand suddenly became obscure. The whole person seemed to be in a quagmire, and even the real power in the body became extremely difficult. stand up.

A horrible aura that was so intense that it instantly smashed the true power of his body, followed by a cold black mist, with an endless chill, suddenly entered his body.

No good, kicked to the iron plate.

The second brother of the Anbei Double Demons suddenly changed his complexion. At this moment, he was sure that the black slave was not a sixth-order Wuzong, but at least he was also a Wuzong who was the peak of the late fifth-order. He actually wanted to deal with a Wuzong who was the second-order peak of the fifth-order?

"Big Brother..."

He even exclaimed, trying to remind his elder brother, but before he could say anything, a black magical energy completely enveloped him in an instant, and then the cold chill poured into his body instantly, he

only felt There was a sharp pain in the meridians and mind all over, and the next moment, the eyes went dark, and I was completely unaware.

Under the banner of the demon, it was directly refined into nothingness, even the soul was extinguished, and the body was directly turned into a corpse.

"Second brother."

Upon seeing this scene, the boss of the Anbei Twin Demon's eyes suddenly turned red, and at the same time a rich look of horror rose in his eyes.

He even had to make a shot before the cloaked man, but the sword in his hand, even the boy did not hit, and the cloaked man who shot later had already killed his second brother. With such a means and speed, How can he not be surprised?

He knows very well that although his second brother's strength is much worse than himself, he is at least Wu Zong at the mid-level fifth-level peak. Except for the sixth-level Wu Zong, even if the fifth-level late-level Wu Zong wants to kill him, he can't do anything. Just kill it?

At this moment, the boss of the Anbei Twin Demons was no longer in the mood to kill Qin Chen. Seeing that black devilish energy was enveloping him, he even gave up to kill Qin Chen and hurriedly backhanded towards the black devilish energy with a stab.

"boom!"

The bright light of the knife turned into a long rainbow, and it instantly plunged into the darkness of the sky. The boss of the Anbei twins exhaled. Before the stone in his heart could fall, he saw the black mist in front of him being cut by him. After a stab, there was no sign of fading. Instead, it swelled instantly and swallowed him in at once.

No, this person is much stronger than himself.

The face of the boss in the Anbei Twin Demons immediately changed drastically. He sturdily took a stab at himself, and there was no sign of any weakness. What kind of cultivation was this? At least half a step Wu Zun can do it.

"Senior, I don't know the true mountain, Rao..."

In the black magic energy, he asked for mercy in horror, but the words hadn't completely fallen, countless magic energy poured into his body instantly, the expression of this person suddenly solidified, his mouth was wide open, and his eyes showed extremely frightened light , Instantly lost the breath of life, turned into a corpse.

The whole process was long, but in fact it was only a moment when the Anbei twin demons who shot Qin Chen fell instantly and became two dead people.

After the Heavenly Demon Banner absorbed the murderous aura and resentment of the two, the black light that circulated seemed to become more intense, and was instantly taken away by the black slave.

Then the black slave took the storage ring on the two of them into his hands, respectfully sent it to Qin Chen, and said: "Little dust, it's solved."

As for the armor on the Anbei Twin Demons and the sword in their hands, the black slave did not take it, obviously not seeing it.

The square, which was already extremely quiet, became even more silent at this moment, even with a hint of coldness. All the martial artists around looked at the scene in front of them in amazement, and even many of them did not dare to look directly at Qin Chen. And black slaves.

This is the Anbei Twin Demons, and they can be regarded as well-known masters in Black Swamp City. Although they can't compare with the top powers, they are not something ordinary people dare to offend.

But these two masters were killed in one move in front of this cloaked man, and there was no room for resistance. What was this method?

If it weren't for the black slaves who didn't have the noble aura unique to Wu Zun, these people would even think that the other party was a sixth-order Wu Zun.

Chapter 564

And what shocked them even more was the attitude of the black slaves towards Qin Chen. Such a master, in front of Qin Chen, is respectful, clearly following Qin Chen's subordinates, so what is the identity of this young man?

The prince of the Dawei Dynasty? Or the son of the top sect and influence of the dynasty?

Many warriors who were still greedily looking at the storage ring in Qin Chen's hand, all of them narrowed their gazes, and even lowered their heads, for fear of causing Qin Chen's disgust, they stepped back secretly.

Even the Anbei Twin Demons were killed by one move, and most of the people on the scene were probably killed by the other party. It was just one move.

Feeling the fearful aura around him, the black slave was secretly proud.

Just follow the master!

He was sure that if Qin Chen hadn't given him the Heavenly Demon Banner, helped him practice it, and told him how to control it, even when he had the Fire Refinery Insect before, it would not be the same as now. The move will be able to kill a fifth-stage late Wu Zong.

What's more, there is no side effect of urging the devil flag.

When Qin Chen received the storage ring handed over by the black slave, two heavenly martial artists wearing the same martial arts robes came out from this black cultivator somehow, and they carried a corpse. He quickly retreated and disappeared in the square.

The square where the two corpses originally lay was clean again.

"Little dust, those two were the cleaners of the Black Order just now."

Seeing Qin Chen's face in doubt, the black slave immediately explained.

Qin Chen frowned. When the conflict broke out, the black cultivator ignored him. Once the battle was over, he quickly cleaned up the corpse. Even if Qin Chen was used to eating the weak and the flesh, he was as naked as the black cultivator. The place still made him feel uncomfortable.

"Let's find out the news, and leave here after finding out the news." Qin Chen said indifferently.

"Yes." The black slave nodded.

Just before he took Qin Chen forward, he saw an old man in a black robe approaching. The robe on this person was very similar to the style of the standard robe of the guards of the Black Order, except for the sleeves. Except for the Phnom Penh, the others are basically the same, and the chest is also embroidered with the logo of the Black Order.

However, the material of his clothes is much better than that of the martial artists of the black cultivator before. At the same time, the aura on his body is even more terrifying. Obviously, he is also a Wuzong of the late Tier 5.

When the old man came to Qin Chen and the black slave, he first smiled, arched his hands, and then smiled: "Is it the first time for the two friends to come to our Black Order? The old man is in charge of the Black Order. See you before. The two are very skilled, and I specially invite two of them to sit in the attic of my Black Order. I don't know what they think."

As soon as the old man said what he said, many warriors around him showed envious eyes, and they all seemed to envy Qin Chen for being invited by this black cultivator.

When Qin Chen heard the words of the black cultivator in charge, he vaguely understood the purpose of the black cultivator. This black cultivator did not prohibit hands-on between the warriors. Obviously, he wanted to find a powerful guy from it and then draw in.

In this way, the forces of this black cult will definitely roll up like a snowball.

Of course, there is a premise here, that is, this black cultivator must provide something that can make these masters care about, otherwise it will not attract people at all, presumably there will be some treasures in this black cult that will attract masters.

"Hehe, easy to talk, easy to talk."

The black slave obviously knew that Qin Chen was not familiar with the Black Xiuhui, and immediately said with a smile.

"Those two please."

The Black Order Manager smiled slightly. Under his leadership, Qin Chen and the black slave quickly came to a building on the edge of the square.

As soon as he walked in, Qin Chen immediately felt a stronger qi from heaven and earth.

"It's so strong. It seems that there should be more than one Qi gathering formation here. It is very likely that there is another true vein below. Even if it is not a complete true vein, it is very likely to be a residual vein. Otherwise, there is no chance. Such a strong innocence."

At the same time, Qin Chen discovered that after entering the building, he was greeted by a vast hall. In this hall, there were many counters, and there were many amazing elixir in the counters.

Qin Chen's eyes straightened suddenly, and the elixir placed here were not of low grade, and there were even a lot of fifth-order elixir, which were extremely precious.

Before, there were many warriors setting up stalls in the square outside, and Qin Chen also saw a lot of good things, but compared with the things in this hall, they were far worse, not at the same level at all.

"Hehe, it should be the first time for the two of you to come to Kuronuma City?"

Seeing Qin Chen's expression, the black cultivator said with a smile.

While talking, they led the two into a room.

"The old man is straight to the point. I wonder if you two, are you interested in becoming a distinguished guest of my black order?"

The old man looked at Qin Chen and the black slave, "Being a guest of my black cult, there are many benefits, the simplest one is that you don't need to pay real stones to enter and leave my black cult. Of course, for both of you, this is definitely not counted. What, but other than that, if you two of you have something to sell on consignment in the future, it can also be placed on the trading floor of my Black Order. Our Black Order guarantees that only the lowest commission will be charged. In addition to these two points, There are other benefits..."

The old man explained there, and while talking, the black slave laughed, then took out a silver token from his body, threw it directly on the table, and said, "It's no longer necessary to become a VIP. In fact, this seat is yours. Silver VIP of the Black Order."

The old man's expression was stunned for a while, becoming very weird, and he felt dumbfounded.

Then he smiled and said, "It turns out that your Excellency is a silver medal guest of my Black Order. The old man really doesn't know the true mountain. But why is the old man here and has never seen you?"

The old man's face was puzzled. He has been a steward here for two years, and he has never seen a black slave. That's why he thought that the black slave was a master who came to Kuronuma City after receiving news recently, and wanted to get him in.

"I became a silver medal guest a few years ago. I haven't been here in these years. You haven't seen it before. It's normal."

A few years ago, the black slave stayed in this black marsh city for a while, but since he got the green lotus demon fire and black gourd, he left the black marsh city, and in just a few years, he went outside. The nickname of the bloodworm human demon.

This was the first time he came back to Kuronuma City after becoming a Bloodworm Human Demon, so it is normal for him not to know him.

"When we came this time, we got news about the changes in the Black Death Marsh. As a silver medal guest, there should be nothing wrong with the news, right?" The black slave said lightly.

"Naturally no problem."

The old man immediately laughed: "It turns out that you want to inquire about the Black Death Swamp. Here are two pieces of information jade slips. Both of them only need to look at them with their spiritual sense to understand the reason."

The old man immediately handed over two jade slips. Obviously too many people came to the black cult to inquire about the news every day, and they were all made into jade slips for direct reference.

Chapter 565

From this jade slip, Qin Chen immediately learned a lot about the Black Death Swamp.

It turns out that the Black Death Swamp is a place rich in elixir, but there are not many elixir, and it is also full of danger.

Even this danger is much higher than some mountains.

Therefore, it is called a terrifying and dangerous place in the Dawei Dynasty.

Generally speaking, such a dangerous place will naturally not attract too many warriors.

However, this Black Death Swamp has the unique characteristics of some mountains in the Dawei Dynasty, that is, not only can you find elixir, sometimes you will find some rare and exotic treasures, and even some exercise secrets.

Someone flipped through a lot of historical materials and finally found some records.

Rumor has it that in the ancient times, the Black Death Swamp was actually an extremely terrifying ancient battlefield, in which a large number of strong men had fallen, and it was a cemetery where many strong men were buried.

Only after countless tens of thousands of years of evolution, finally formed such a dangerous place full of miasma.

As soon as this news came out, it naturally attracted more warriors' coveting.

After countless explorations, the Dawei Dynasty, the Daxia Dynasty, and the Dazhou Dynasty at the border of the Black Death Swamp have all refined a detoxification pill that can relieve the miasma inside.

Only after deepening, everyone was disappointed. After a lot of search and exploration, after countless warriors fell, the masters of the three dynasties found many amazing elixir and treasures in this black death swamp, but It is not enough to attract the coveting of the top powerhouses above Wu Zun.

Although Tier 5 elixir and some treasures are already extremely rare, Tier 6 Wu Zun, after the three dynasties, is already the top powerhouse. For them, the treasures found in the Black Death Swamp, although It can improve their cultivation to a certain extent, but they cannot get a qualitative change.

Compared with the extremely high mortality rate in the Black Death Swamp, it has become a bit more than a loss to explore.

So gradually, fewer and fewer top players came to the Black Death Marsh.

But even so, after all, the Black Death Swamp can unearth treasures and Tier 5 elixir, so it has become an extremely dangerous place in the realm of the Dawei Dynasty, and there are also many warriors in it to discuss life.

There are even a lot of Wuzongs of Tier 5 who will survive here, but the vast majority of Wuzongs only search the periphery, and will not enter the deepest place, so as not to encounter dangerous situations.

However, half a month ago, for some reason, there was a sudden shock in the depths of the Black Death Swamp. Immediately after that, the miasma seemed to be much more severe. Many warriors who took the Poison Pill were caught by the miasma, instantly He died from the poison.

At first, everyone thought that the detoxification pill had a problem, but later discovered that it was not the cause of the detoxification pill, but the miasma in the black death swamp had changed.

When everyone was about to withdraw from the Black Death Marsh, people were surprised to find that the number of elixir in the Black Death Marsh had suddenly increased a lot. The Tier 5 elixir that used to take a long time to find, unexpectedly appeared in large numbers, even Someone also saw the sixth-order elixir.

This news immediately caused a sensation among some surrounding forces.

Although the Tier 5 spirit medicine is precious, it is nothing for Tier 6 Martial Venerable, but Tier 6 spirit medicine can directly increase the strength of Tier 6 Martial Venerable, which immediately makes these forces jealous.

Even more shocking, it was a news that came out two days ago. Someone saw an underground ruin in the depths of the Black Death Swamp, and an astonishing spirit medicine breath came out from the underground ruins.

Many people suspect that so many elixirs have suddenly appeared in the Black Death Swamp these days, and they are inseparable from the underground ruins. Some people even suspect that this underground ruin should be some ancient ruins, and there must be many amazing treasures in it. .

For a time, many strong people swarmed, which led to the gathering of strong people in the city of Kuronuma.

The purpose of most of these people is for this underground ruin.

In addition to these basic news, Qin Chen also saw the general location of the underground ruins found in this jade slip.

Obviously, this underground ruin had already spread in Black Marsh City, and its location was not a secret, almost everyone knew it, so the Black Order did not cover it.

When he saw the location, Qin Chen looked up at the black slave, and immediately found that the black slave's expression was a bit solemn.

His heart suddenly sank, and he understood that this underground ruin and the place where the black slave had previously obtained the Qinglian Demon Fire should be extremely close, otherwise the black slave would not have such an expression.

The biggest thought in Qin Chen's mind at this time was to leave Black Marsh City as soon as possible and head to the Black Death Marsh.

In any case, he must find Ku Yunzhi before others find it, otherwise everything he has done will be completely in vain.

"In that case, then the two of us will leave."

Looking at each other with the black slave, Qin Chen immediately stood up and said with his hands folded.

"Hey, wait a minute, two of you, why are you so anxious?" Seeing Qin Chen and the black slave rush away, the steward suddenly laughed and said: "The two can kill the Anbei Twin Demons so quickly, I'm afraid it is not. The status of the unknown, the silver medalist is no longer suitable for two people. Here, the old man solemnly invites the two to become the gold medalists of our Black Order.

Qin Chen heard the old man's words, and immediately understood that the black slave's silver medal VIP should have been obtained a few years ago. At that time, the black slave's cultivation base was estimated to be like the ordinary fifth-stage late Wuzong, so he only got the silver medal. VIP invitation.

After seeing the black slave killing the Anbei Twin Demons with a single move, the people of this black order must have reassessed the strength of the black slave, so they wanted to invite him to become a gold medal guest.

After all, one move can kill a fifth-stage late-stage Wuzong like Anbei Shuangmo. Even the late-stage fifth-stage peak Wuzong can't do it. At least it must be half-step martial arts. Obviously, they regard black slaves as half-step martial masters. .

Even after seeing the attitude of the \*\*\*\* towards him, he regarded himself as a big man and wanted to catch his line.

It's just that after the previous events, Qin Chen has no interest in this black cult. He waved his hand and said, "No, we have other things now, don't bother you, let's say goodbye!"

"This..." The manager obviously did not expect that Qin Chen would refuse to be the gold medal guest of his Black Order. It was the first time he encountered this situation, and he couldn't help being a little stunned.

Even the black slave was taken aback. He knew the benefits of gold medal VIPs. In addition to being able to enter and exit the black cult, conduct transactions, etc., he could even be protected by the black cult, and every time he entered the black death swamp, The needed detoxification pills, the Black Society will help solve them.

Chapter 566

This is a bit scary.

The Black Order is the top power in Black Marsh City, and at the same time in the entire Bianzhou, it is also famous and one of the most terrifying powers on the edge of the Black Death Marsh.

It can be said that as a gold medal guest, with the protection of the Black Order, basically no one dares to move you in this swamp of black death except for the monstrous hatred between each other.

This is already an extremely terrifying welfare. After all, in the Black Death Swamp, everyone often conflicts and kills in order to search for elixir. They become the gold VIPs of the Black Order and basically get a gold medal for avoiding death.

It can be said that in the Black Order, the silver medalist is just equivalent to a member, while the gold medalist is the real black order member.

Generally speaking, only the top power with martial arts masters like Yu Beast Villa can enjoy the gold medal VIP masters.

Of course, since becoming a gold medal guest can enjoy these benefits, he also has to pay, that is, if there is any danger in the black repair, it must be guarded. At the same time, the elixir obtained in the black death swamp, if you want to sell it, Must be given priority to the Black Order.

But now that the old man invited himself and Chen Shao to be the gold medal guests, he obviously regarded them at the same level as the master of Wu Zun.

Even the \*\*\*\* couldn't help being excited. If he was alone, maybe he would agree, but now he listens to Qin Chen, naturally he can't be the master.

I just feel that Chen Shao is a bit silly, since I want to enter the Black Death Swamp to search for Ku Yunzhi, then joining the Black Order will definitely benefit, not harm.

Of course, he dared not say this at all.

"Presumably the two are so anxious, they should also want to go to the underground ruins to find treasures as soon as possible. Now, there are only a few forces that can open the Black Death Swamp transmission channel in Black Marsh City. As long as the two become gold VIPs of my Black Order, The teleportation channel is also free to use, don't you really want to join my black order?"

The old man originally thought that Qin Chen and the black slave would definitely agree without hesitation. Who knew they would directly refuse. After a daze, he didn't know what to say. After a long time, he saw that Qin Chen was about to leave. Speak anxiously.

"Transmission channel, what transmission channel?"

Qin Chen frowned.

The black slave on the side also stunned, and after feeling Qin Chen's gaze, his face was also puzzled.

The steward of the black order immediately understood that the two had never heard of the teleportation channel. He breathed a sigh of relief and said with a smile: "It's no wonder that the two of you will refuse to be the gold medalists of our black order. They didn't know about the teleportation channel. , It seems you have not returned to Kuronuma City for at least two years."

The steward continued to smile and said: "In fact, the Black Death Swamp did not have a transmission channel a few years ago. Later, after the outer elixir was searched for less and less, but the crisis did not diminish due to this, so a few years ago , Several major forces in my Black Marsh City decided to

establish a transmission channel, the purpose is to save the time from the edge of the Black Death Marsh into the Black Death Marsh, and to reduce the danger encountered by the warriors."

"Two years ago, several major forces of our Black Marsh City joined the Dynasty Heavenly Formation Gate to establish a total of four transmission channels, which were controlled by the four forces of Black Marsh City. My Black Order took charge of a transmission channel into the Black Death Marsh. . If you want to enter the Black Death Swamp, you must enter through these four passages. These passages are all charged and set with conditions. If you want to go to the underground ruins, you'd better become the gold medal of my Black Order VIP, not only is there no charge for using the channel, but the teleportation point is also the closest to the underground ruins."

Qin Chen understood that the so-called transmission channel was equivalent to a traffic fortress, helping people to transport to the interior of the Black Death Swamp.

"So except for these four transmission channels, can't you directly enter the Black Death Swamp?" Qin Chen said again.

"That's not true." The old man smiled, and then looked at Qin Chen meaningfully: "But now almost all the warriors in Black Numa City enter the Black Death Swamp through the transmission channel, not only because the transmission channel can save data In days, secondly, after the passage was established, the blood beasts on the periphery of the Black Death Swamp became more and more dangerous. At first, there were many warriors who did not enter through the passage, but many of them were killed by the black. The blood beasts on the periphery of the swamp are killed inside, and over time, almost everyone will enter through the passage, which is safer."

"Furthermore, since the purpose of the two is the underground ruins in the Black Death Swamp, if you don't pass the transmission channel, it will take at least a few days to reach the ruins. At that time, I am afraid that there are no treasures in the ruins. , What do you think?"

The old man's eyes were deep and meaningful.

Hearing this, Qin Chen suddenly felt a little surprised, and took a deep look at the old man.

The other party said that the blood beasts on the periphery of the Black Death Swamp had not been killed, which made the periphery more and more dangerous. Qin Chen definitely didn't believe it.

According to the general principle, a dangerous place must be the safest outside and the most dangerous inside. Even if the blood beasts on the periphery are not killed, the number will increase, but it will not be possible in just two years. The danger is so dangerous.

Reminiscing about charges for this channel, Qin Chen was sure that when the channel was first opened, among those warriors who died directly into the Black Death Swamp without passing through the teleportation channel, I am afraid that many of them were not killed by blood beasts at all, but Was beheaded by the four major forces with channels.

After all, this is a costless transaction. Even if it is a channel that charges ten low-grade real stones, it is still an astonishing number over the years.

For this benefit, even if the many forces in this Black Swamp City did something excessive, it would not be surprising.

Thinking of this, Qin Chen is even more disinterested in this black cult, even a little disgusted, and waved his hand: "Thank you for your kindness. The benefits of this gold medal guest can't be afforded, so let's talk about it next time."

After speaking, Qin Chen turned and left.

The old man's face changed, and his voice suddenly became cold. "Your Excellency really intends to reject my invitation from the Black Order?"

He didn't expect that at this point, Qin Chen actually refused. He has been a steward of the Black Order for several years. It was the first time that someone would refuse their invitation from the Black Order, but he was still a gold medal guest.

Qin Chen frowned and looked at the old man and said, "Is it necessary to agree, or not to agree?"

The coldness on the black slave suddenly radiated.

After feeling the cold atmosphere in the room, the old man quickly recovered his smile, shook his head and said: "This is not the case. Our Black Order invitations are voluntary, but..."

Chapter 567 Mo Qing's Shock

"It's okay to be willing, thank you for the news, goodbye." Qin Chen didn't wait for the old man to finish speaking, and after arching his hands, he turned around and left.

The black slave even followed Qin Chen to leave the black cultivator, and only the old man was left, still a little dazed. He didn't expect such a result.

After the two left the scope of the Black Order, the black slave asked in confusion, "Little dust, why don't we accept the invitation of the Black Order?"

He still didn't understand that this black cultivator was equivalent to the snakehead of Black Marsh City. Offending the black cultivator was far more terrifying than offending the Royal Beast Villa.

Qin Chen sneered and said, "What do you think this black cultivator is? The reason why he invited us should be because of our strength, and he wants to get more benefits in this black death swamp. The style of this kind of force, Ben Shao doesn't like it very much.

The black slave curled his lips, quite speechless, and could only sigh: Less dust is less dust, willful!

"Okay, don't think too much. Just now the steward of the Black Order said that there are four forces in charge of the passage. I will go to the square in the center of Kuronuma City to take a look. There are also those forces that have passages. Buy some detoxification pills from Black Marsh City. It is best to get some of the Miasma from Black Marsh City. I need to study it."

If you want to enter the Black Death Marsh, this detoxification pill must be resolved. Qin Chen also understands that the news of the underground ruins had spread two days ago, but the people in Black Marsh City did not swarm into the Black Death Marsh. In fact, The big reason is that the detoxification pills have not been resolved yet, and many people are afraid to rush into too deep places.

"Yes, little dust." The black slave nodded and quickly ran to the distance. He was quite familiar with this black marsh city, and he also knew a little about the place where he bought the detoxification pills and obtained the miasma.

At this time in a room deep in the Black Order building.

The manager who had invited Qin Chen before was standing respectfully in front of a middle-aged man.

"You mean that the two of them don't want to join my Black Order?" The middle-aged man frowned and said.

At this time, the old man has not been indifferent when facing Qin Chen and the others. With a trace of tension on his face, he bowed and said: "Yes, the vice president, I have already told them the benefits of joining our black cult, and among them He is still a silver medal guest of our Black Order, but he hasn't been to Kuronuma City in a few years."

At this time, a man next to the vice president said coldly: "Since I am a silver VIP guest of the Black Order, I shouldn't know how our Black Order gold VIP guest is treated, huh, these two guys dare to refuse our black repair. Yes, it would be too unreasonable to put our Black Society in the eyes. Should I send someone to investigate them and see who they are, so bold."

The vice president waved his hand and said: "No, the reason that guy was able to kill the Anbei Twin Demons in one move was only because his real treasure was very weird. The true strength was only at the peak of the late stage of the fifth stage. Nothing, and there won't be any overwhelming identities, otherwise, if I came to my Black Order a few years ago, I wouldn't be just a silver medalist. And..."

The vice president continued: "Recently, the underground ruins have spread to many parts of the dynasty, and I heard that the Daxia and Dazhou dynasties have also heard the wind. Many masters have flocked to them. Even a guy who is not Wu Zun wastes time."

"What you have to do now is to pay attention to the top powers of the dynasty who have come to my Black Marsh City. My Black Order does not seek to be the leader, but I cannot let others take the lead and take away the real treasure."

"Yes." The man sitting next to the vice president nodded immediately.

However, the Black Cultivation Society didn't take Qin Chen and the black slaves to heart. What happened before in the Black Cultivation Society was immediately transmitted to the residence of Yu Beast Villa.

"You mean, the man in the cloak who acted on Mo Xiang at the gate of the city killed the Anbei Twin Demons in one move?"

Above the hall, Mo Qing stood up suddenly, and the hot teapot on the table beside it fell to the ground in an instant, smashed to pieces, but he didn't notice it.

"Yes, Qing Deputy Village Master, and the two were invited in by the steward of the Black Order." A disciple of the Royal Beast Villa said nervously.

"In that case, the Black Order has invited those two guys? Become a VIP of the Black Order?" Mo Qing frowned.

Mo Xiang stood up immediately and said excitedly: "Uncle Qing, since I found those two guys, what are you waiting for? I will take someone to the black cult and bring those two guys out to me. I don't believe it. , Even if these two people become the distinguished guests of the Black Order, the Black Order will not sell me the face of Royal Beast Villa."

"Sit down for me." When Mo Qing heard this, he turned his head to look at Mo Xiang, and gave a cold voice.

"Uncle Qing, you..." Mo Xiang looked inexplicable. He obviously didn't understand why Uncle Qing would scold him. Did he make a mistake?

"Those two guys, don't worry about it, just send someone to stare at it secretly. Remember, don't be stunned, and save their attention." Mo Qing ordered below.

"Yes." The disciple of Yu Beast Villa nodded immediately.

Hearing this, Mo Xiang jumped up: "Uncle Qing, what are you doing? You are not afraid of them, are you?"

Mo Qing glanced at Mo Xiang dissatisfiedly, and said coldly: "You still have the face to say that you almost died, do you know? That guy can kill even the Anbei Twin Demons. How could he kill you when he was at the gate of the city? It's not easy, if you die, how can I explain to Big Brother?"

Only then did Mo Xiang woke up. It was him. Since the other party could kill the Anbei Twin Demons in one move, killing him before must have been a very easy task.

Thinking of himself walking through Guimen Pass, Mo Xiang suddenly felt scared for a while, and the cold sweat came out all of a sudden, but he said, "Isn't it all right? It means that the other party must be afraid of our Yu Beast Villa."

"You are lucky this time. I think your personality should be changed. When the eldest brother comes over, I will definitely explain the situation to him." Mo Qing said solemnly: "Since the other party can kill with one move The Anbei Double Demons, even if they are not half-step martial masters, are not much different. I want to kill them with my strength. It will definitely not be easy."

"Furthermore, the Black Order will sell our face. Even if the opponent is a gold medal guest, he will hand over people and let us do it. However, our Royal Beast Mountain Villa will definitely have to pay some price, otherwise the Black Order will do nothing. What happened to the sign?"

"For this little thing, paying so much price, and at such a juncture, do you think it is worth it? You stayed in the mansion for these two days, and you are not allowed to go out for half a step. This matter is waiting for the owner to come. Make another decision."

Mo Qing narrowed his eyes and said.

Naturally, Qin Chen didn't know what had happened at the Yu Beast Villa resident. At this time, he had already arrived on the square in the center of Black Swamp City.

As soon as he entered the square, an astonishing noise came into Qin Chen's ears. Looking around, the entire Kuronuma City Square was almost overcrowded. There were crowds everywhere, and the ferocious breath rushed into the sky. It makes people feel extremely uncomfortable.

## Chapter 568

Kuronuma Square is the largest square in the center of Kuronuma City. It is said that all four teleportation formations are set up here.

Qin Chen originally thought that there might not be many people here. After all, many people came here just to borrow the transmission channel, so that the flow of people left in batches, and there would definitely not be too many people on the square.

But when Qin Chen arrived at Heimong Square, he knew that he was completely wrong. In addition to being a teleportation point, Qin Chen had become a very prosperous commercial area.

Except for the huge open space in the center of the square, in the square, there are shops everywhere. These shops are located around the square, and there are even small stalls around the square, selling all kinds of treasures and things.

Among them are not only the elixir obtained from the Black Death Swamp, but also all kinds of pills, pets, and even treasures.

Such a lively scene completely exceeded Qin Chen's expectations.

Where did the \*\*\*\* go? On the contrary, Qin Chen was puzzled. There should also be a detoxification pill for sale here, and the black slave can totally join him if he wants to buy the detoxification pill.

Maybe he has his own way.

Just a thought in his mind, Qin Chen stopped thinking about it, and walked slowly into the square.

As soon as he entered the square, before he had time to watch the surroundings carefully, a figure had already stopped in front of him.

I saw that this was a middle-aged man with a long face. He was not very long. He was obviously middle-aged, but the hair on his head was sparsely sparse. He placed strands on top of his head, trying to express himself. They are not rare, they are obviously sorted out carefully.

This person stopped Qin Chen, and before Qin Chen could speak, he smiled and raised his hand: "This young man, do you want to use the teleportation channel to enter the Black Death Swamp?"

Qin Chen was stunned for a moment, nodded and said, "Yes, I want to use the transmission channel to enter the Black Death Swamp. I don't know which transmission channel you belong to?"

He could tell at a glance that this long-faced middle-aged man should be a certain teleportation channel for business.

After the long-faced middle-aged man heard what Qin Chen said, his smile became more enthusiastic. He immediately said, "That's great. Just go in through the transmission channel of our Gufeng Chamber of Commerce. The price of the transmission channel is fair and the children are not deceived, and the damage rate of the warriors who enter the transmission channel of our Gufeng Chamber of Commerce is also very low. Don't worry about safety. The most important thing is that the price is the cheapest."

With that said, the long-faced middle-aged man didn't wait for Qin Chen to answer at all, he would walk inside with Qin Chen.

Qin Chen didn't understand the four forces that control the transmission channel. Upon hearing this, he knew that the long-faced middle-aged man should be one of the channel's people. In that case, the Gufeng Chamber of Commerce should also control the four transmission channels. The power of one.

Just as I was about to follow, I heard a reminding voice from the side: "Little brother, don't be fooled by this guy. He is not a member of the Gufeng Chamber of Commerce at all. He is just a pimp. Go and be careful. pit."

When Qin Chen heard this voice, he immediately stopped, and saw a man in his thirties and a woman in his thirties walking by. The man was tall and thin, and his cultivation was in the middle of the fifth stage. , And the woman is okay in length, not too beautiful, but she is the kind of attractive type at first glance, her strength is in the early stage of Tier 5.

As soon as these two appeared, they looked at the long-faced middle-aged man coldly, with a very ugly look.

"Hey, aren't these the two brothers and sisters of the Yin family? Why, the injury healed so quickly? When the injury healed, just go away, chirping here and damaging Lao Tzu's reputation. Believe it or not, I'm not polite to you?"

The long-faced middle-aged man's expression immediately turned cold, and he looked at the two brothers and sister sarcastically, with a fierce light in his eyes.

At the same time, he said to Qin Chen: "This little brother, don't listen to their nonsense. It's not a matter of a day or two for someone from Shen to pull people here. If it's really cheating, how can I live until now? Don't worry. Go in through the teleportation channel on my side, make sure you are satisfied with my little brother, not to mention that you came for the underground ruins too, little brother? On our side, there will be special masters who will lead you to explore the underground ruins, compared to others There is so much convenience over there."

Having said that, he was about to pull Qin Chen to continue forward.

Listening to the conversation between the two parties, Qin Chen couldn't help but feel a little puzzled. Could it be that there is something tricky about this channel, can it be used with money? Why does it sound like there is something else? Suddenly wanted to ask the two brothers and sisters for advice.

He has a feeling that these two siblings are not like nonsense.

Since the two brothers and sisters have reminded Qin Chen, the purpose is not to let Qin Chen be taken away by the long-faced middle-aged man, and said: "This little brother, you should be here for the first time in Kuronuma City. If it is convenient, we can Find a place to sit for a while, I will tell you the details of this transmission channel, the province was deceived by some bad people, and it doesn't matter if you don't get the treasure at that time, if you lose your life, it's too late to regret. ."

Qin Chen is no longer in a hurry to find a transmission channel first, and nodded. Just about to go with the two brothers and sisters, he saw the middle-aged man staring at the two brothers and sisters

viciously and said, "Yin Feng, you really want to be with me. Shen Peng is right, dare to destroy my business, believe it or not, I will let you two brothers and sisters survive tomorrow!"

"Why, can't I tell the truth?" The man named Yin Feng looked cold.

The woman on the side pulled his sleeves, her face was a little nervous, obviously she didn't want her elder brother to conflict with the long-faced man.

"You wait." The long-faced man coldly glanced at the Yin family brothers and sisters, and then said to Qin Chen: "Little brother, come with me, don't listen to the nonsense of the two of them."

He said he was going to pull Qin Chen's clothes, obviously he didn't want Qin Chen to go with the two siblings.

Qin Chen's face suddenly cooled down. No matter who was right or wrong, this long-faced middle-aged man was a bit too domineering. Obviously, he didn't want to listen to the explanation at all, but wanted to take him away.

Suddenly his eyes sank, and he said coldly at the long-faced middle-aged man: "Don't touch me, get out!"

When the long-faced middle-aged man saw Qin Chen let him roll, he seemed a little unbelievable. It took a long time to react. His smiled face instantly became gloomy, and he said coldly, "You told me to go? You guy dare to ask me to go. Give you a chance, follow me right away, enter the swamp of black death from my side, I can forgive you for disrespect, otherwise, hum!"

An icy killing intent filled his body, and his attitude changed quickly in an instant.

Chapter 569

"Shen Peng, this little brother didn't say that he accepted your invitation. You are like this, but it violates the rules of the black marsh square!" Yin Feng saw the murderous look of the long-faced middle-aged man, as if he was about to do something, his expression suddenly changed.

"Hahaha, violation of the rules? This person has already gone with me just now. If you two didn't intervene in, I am afraid that you have already entered from my channel. Today I put the words here, this kid does not want to, You have to go through the passage of our Gufeng Chamber of Commerce, otherwise, just wait for death!"

"As for the two of you, get out at once, otherwise you two will be killed together."

After saying this, the long-faced middle-aged man didn't care whether Qin Chen was happy or not, and grabbed Qin Chen's left hand directly.

"Huh!"

Abruptly--

The sword light flashed and blood splashed. Before the long-faced middle-aged man had time to react to what happened, he grabbed Qin Chen's right hand and suddenly broke his wrist. The blood spurted out like a fountain.

"what!"

The long-faced middle-aged man let out a roar, firmly holding his broken right hand, staring at Qin Chen angrily, and roared: "Boy, you dare to chop off Lao Tzu's right hand, you are dead, you know? Today is dead..."

While talking, he sent out a message, his eyes staring at Qin Chen angrily, wishing to swallow Qin Chen alive.

The brothers and sisters of the Yin family were also dumbfounded. It was totally unexpected that the small-looking young man in front of him would directly start his hand, and it would be too harsh to cut off Shen Peng's right hand directly.

What surprised them even more was Qin Chen's strength. This young man seemed to be young, and his aura seemed to be at the profound level. With a single sword, he cut off the right hand of Shen Peng, who had reached the early stage of Tier 5. , It was almost too late for Shen Peng to react.

They have a feeling that if they were to go up there, they might not be able to escape this sword.

"Little brother, hurry up. Although Shen Peng is not from the Gufeng Chamber of Commerce, he is also one of the hegemony of the Black Marsh City. There is a small team behind him. If you cut off his right hand, there must be no good fruit. Hurry up. Leave here, leave Kuronuma City, and never come back again."

Seeing a message from the long-faced middle-aged man, the Yin family brothers and sisters hurriedly said to Qin Chen in horror, eyes full of tension and anxiety.

"If you want to go, can you go? Dare to hurt my Shen Peng, you are dead, you know, you are dead." Shen Peng stared at Qin Chen firmly and said angrily.

Qin Chen ignored the long-faced middle-aged man. Instead, he looked at the two brothers and sisters of the Yin family and said, "Two, what will happen if you kill here?"

The Yin brothers were completely stunned.

What does this boy mean? After hurting Shen Peng, not only did he not leave, he asked how about the murder? Is it because you want to fight Shen Peng and the others as one person?

Thinking of this, the two of them were completely stunned. This young man was too crazy, thinking that Shen Peng alone could do it? This is terrible without knowing the team behind Shen Peng.

No, could it be that what this young man thought was that Shen Peng and the others would not dare to kill him in Black Marsh Square?

Soon, the two people thought of another possibility, and suddenly sighed.

This young man was naive.

His face was full of worry, and he said anxiously: "You still don't think about what will happen to killing people here. Kuronuma Plaza does have a clause that innocent people cannot be killed. However, many

people will not care about the clause here. Hands-on, and Shen Peng and the others can solicit customers here, and their team is not easy to follow."

After that, Yin Feng glanced at the long-faced middle-aged man, and said in a deep voice: "The team where Shen Peng belongs has a master at the late stage of the fifth stage, and most people don't dare to offend, you should go quickly, we two You have to leave quickly, otherwise you will definitely get into trouble."

After speaking, I will leave in a hurry.

Whizzing!

At this moment, the two streams of light flew over and fell in front of Qin Chen and the Yin family's brothers and sisters. At the same time, a gloomy voice echoed in the ears of the three of them: "Want to go, where to go? "

I saw two martial artists in the middle stage of Tier 5. They were slender, but their faces were thin. In addition, they had been living in the Black Death Swamp all the year round, resulting in a dull complexion. Obviously they had absorbed too much miasma, and the breath on their bodies appeared to be too much. Extraordinarily cold.

Seeing these two people, the Yin family brothers and sisters' complexions sank completely, and a trace of worry flashed in their eyes.

The two glanced at Qin Chen's trio, and then at Shen Peng who had a broken wrist. One of them said coldly, "Shen Peng, what's the matter?"

When Shen Peng saw these two people coming, the cold color on his face became heavier, and he immediately pointed at Qin Chen arrogantly, and said in anger, "It's this kid who just agreed to enter the Black Death Swamp from our transmission channel. Thinking of regretting it again, I just blocked it and was attacked by him and cut off a wrist."

"Is this kid moving the hand?" The two looked at Shen Peng in amazement, and then at the Yin family brothers and sisters. At first they thought that Shen Peng's wrist was cut off by the Yin family brothers and sisters.

But for the two of them, it doesn't matter who cut it.

"Huh, waste, even a kid is not an opponent." One of them snorted coldly, stopped in front of the Yin family brothers and sisters, and said coldly: "Although it is not the two of you, I guess this matter is the same as you two. I can't get rid of it."

Speaking, the whole body exudes cold murderous intent.

The other person was more direct. The Wuzong aura of the middle stage of the fifth stage swept out like a vast ocean, instantly suppressing Qin Chen, and then said to Shen Peng: "This kid is probably another person who wants to try his luck in the Black Death Swamp. He even dared to move. Our few brothers, if that's the case, just don't go in, kill here, forget it, you go kill him!"

"Yes!" Shen Peng grinned, the blood on his right hand was stopped, and his left hand instantly pulled out a war knife from his waist, and cut it at the top of Qin Chen's head. The posture was obviously to split Qin Chen in half. , From the top of the head to the feet.

Qin Chen sneered in his heart, obviously knowing that these two Wuzongs wanted to suppress him, and then let Shen Peng kill him.

The cultivation base of the mere fifth-tier mid-stage, also wants to suppress him with his breath? Qin Chen even felt ridiculous. As for Shen Peng's initial cultivation base of Tier 5, he didn't even see Qin Chen's eyes, and directly stabbed him out with a sword.

There was a bloodthirsty light in Shen Peng's eyes. He had been arrogant in Black Marsh Square for so long, and when did he suffer such a big loss, and he was cut off by a stinky boy just now. He just thought that he hadn't paid attention to it. Qin Chen attacked and suffered a dark loss.

Therefore, with this sword, he exploded all his cultivation base, and on the sword, there was an astonishing sword energy, like a vast ocean.

He wanted everyone to see what the fate of Shen Peng who offended him was, that was to be split in half by the light of the knife, and then torn into pieces by the knife's energy, not even the body was left.

Chapter 570: Bloodthirsty Demon

It's a pity that he met Qin Chen today.

Before the black knife light hit Qin Chen, a horrible sword aura appeared in front of Shen Peng's eyes. The sword aura was extremely subtle at first, but in an instant, it stretched like a boundless ocean and flooded in an instant. His entire eye.

At the same time, the sword in his hand had a sense of obscurity that was difficult to cut.

"What a terrible sword intent, not good!"

Shen Peng was shocked. He was arrogant in Black Marsh City for so many years, and he was not a person without knowledge. He immediately understood that although the opponent was only a Tier 4 Xuan-level martial artist, his strength was much stronger than himself, especially It was in the understanding of swordsmanship that completely surpassed his understanding of swordsmanship.

"Help me quickly."

He roared in horror, and hurriedly wanted to activate the power of blood in his body, and at the same time retracted his sword and retreated, trying to block Qin Chen's sword.

However, at this time, how could he have time? The sword that was split was not even half recovered. Qin Chen's sharp sword had already pierced his head.

"boom!"

With a muffled sound, Shen Peng's head was instantly penetrated by a sharp sword intent. The next moment, with blood splashing, Shen Peng's head with frightened eyes widened, instantly torn apart,

turned into blood mist, and then lost his head. His body fell heavily to the ground, becoming a headless corpse.

"Dang!"

After a while, the sword in Shen Peng's hand fell down and inserted into the square, seeming to be screaming.

The warriors who were attracted around all took a breath, what a domineering sword, what a cruel method.

Before that, the two mid-fifth-tier Wuzongs who stopped the Yin family brothers and sisters and suppressed Qin Chen's expressions also changed drastically. Especially the person who suppressed Qin Chen's expression was extremely ugly, and he did not even expect Qin Chen to be in his own. Under suppression, Shen Peng beheaded with one sword.

What strength is this?

It's just that at this moment, they no longer feel shocked. They all looked at Qin Chen angrily, and said in shock: "How dare you kill Shen Peng?"

Qin Chen said coldly: "Go away, let's talk nonsense, Ben Shao even kill you two together!"

Qin Chen had already understood at this time that in a chaotic place like Black Swamp City, there was no restraint at all, only more ruthless and stronger than others, and no one would provoke you.

"hiss!"

Qin Chen's words immediately caused a lot of air-conditioning noises around him.

Everyone was shocked. Who is this kid? It's too arrogant. Shen Peng and the others are already arrogant and arrogant in the Black Marsh Square, but this person is obviously more arrogant and arrogant than Shen Peng and the others.

When the two fifth-tier mid-stage Wu Zong heard this, their aura suddenly rose crazily, and they burst into endless anger, and said in a cold voice, "Good boy, you think you can kill Shen Peng if you kill Shen Peng. Has the marsh square been wild?"

Their eyes flickered, their mouths opened in anger, but they didn't move.

Being able to live till now, neither of them are idiots. Maybe they didn't put Qin Chen in their eyes at first, but they had to be vigilant after seeing Qin Chen killing Shen Peng with a sword.

During this period of time, because of the mysterious outbreak of the Black Death Marsh, many masters of the terrorist forces came to Black Marsh City. This young boy was so young and his cultivation base was so terrible. It is difficult to say whether he would be a disciple of a top force in the Dawei Dynasty. , Rashly shot, and even a disaster for them.

So he said angrily: "Boy, there is a kind, just tell your origins, I want to see, you boy, what is your confidence, dare to spread wild in the black marsh square, not to put our warriors in the black marsh city In my eyes, we want to slaughter our warriors in Black Marsh City."

The two of them were not idiots. When they came up, they put their hats on Qin Chen's head, but they seemed to have become victims.

How could Qin Chen couldn't hear the meaning of the words of the two of them, and sneered: "Huh, this young man may not be able to go wild in the black marsh square, but there is still no problem with the wild in front of you guys. Say it again. , Get out of here, or you two will die with this guy!"

"Hahaha, your excellency is so big that you dare to speak this way to someone's subordinates. I just admire you, such a proud genius."

A hoarse laughter suddenly rang in the black marsh square, and immediately a middle-aged man wearing a brown-gray robe with a face like an eagle dove came to the square in an instant.

This guy is not tall or short, and his appearance is very ordinary. He looks very inconspicuous, but the murderous aura in his body is as if it can't be dissipated. Once he comes over, there is a kind of infiltrating murderous, crazy cohesion, let People feel extremely uncomfortable.

"It's the bloodthirsty demon Dove Demon Heart!"

As soon as this person came over, the faces of all the martial artists around him changed drastically, and they retreated one after another, and the square was even more silent and silent.

The Yin family brothers and sisters' complexions have even turned white, obviously they are extremely jealous of this person.

Although Qin Chen didn't know this martial artist, but seeing that this martial artist had reached the peak of the late stage of the fifth stage, he instantly knew that this person should be the master of Shen Peng's team that the Yin family brothers and sisters said before.

"team leader!"

The two Wu Zongs in the middle stage of Tier 5 saw this person coming, and hurriedly stepped forward and bowed to salute, with an extremely respectful attitude, even with a trace of fear.

Jiu Moxin didn't even look at the two of them. He waved his hand directly. He just cast his gaze on Qin Chen and the Yin family brothers and sisters, and said gloomily: "Yin family brothers and sisters, is it a good thing for you to ruin the old man? The second old man has treated you badly? If there is anything, just tell the old man, what is going on to ruin the old man's business here?"

Although this Dove Demon Heart had just arrived, he had a very good understanding of the situation on the field, and he obviously came after he had understood.

The Yin family brothers and sisters' complexions changed slightly, their eyes were full of worry, but they didn't say a word.

"The old man will turn his head and calculate with you." Ji Moxin coldly snorted, and then turned to look at Qin Chen. His gloomy face actually squeezed out a smile and said: "This little brother should It's the first time to come to Kuronuma City. Good skill, I can kill Shen Peng with a single sword. I have someone in Kuronuma City. It's been a long time since I saw a genius like yours. If the little brother doesn't dislike it, he Go to the old man's place to sit for a while, the old man is willing to sweep the couch to greet you."

Dove Moxin said with a smile, but this smile was let others see, but there was a chill in his heart.

Hao Moxin was nicknamed the Bloodthirsty Demon. Few people in the entire Black Swamp City didn't know how harsh the methods were. This boy just killed his man Shen Peng, and he actually invited others to sit in his place. No matter what the reason is, no one believes that Dove Demon's heart is at ease.
