

Valkyrie 611

Chapter 611

"I actually broke through the sixth-order martial arts?!"

After coming out, the black slave felt the deep real power in his body in a daze, his whole person was even stupid, as if he could not believe that he had already broken through the realm of martial arts.

Wu Zun, what a noble name this is.

In the Dawei Dynasty, once entering Wu Zun, it means that this person has truly stepped into the position of the strong. Such a person, even some top forces in the major states, dare not easily offend.

In fact, since getting the black gourd and finding that his body is getting more and more unbearable, the black slave has even lost the confidence to break through to Wu Zun.

His only thought was to make Qinglian Demon Fire constantly break through, so that he could have a chance to take revenge.

But now.

How long after following Qin Chen? He actually broke through to the realm of Wu Zun.

This.....

He couldn't imagine it at all.

"Little dust, from now on, the life of my black slave will be yours. No matter what you let the black slave do, even if it's going to the sword, the mountain and the fire, as long as the black slave has the slightest complaint, the heaven will die!"

The black slave knelt down in front of Qin Chen with a bang, his eyes resolute and tears streaming down his face.

"See you are excited."

Qin Chen waved his hand, and an invisible force immediately supported the black slave's body and slowly lifted him up. Even the black slave after the breakthrough was somewhat difficult to resist.

Only then did the black slave feel the terrifying strength of Qin Chen, and understand why Liu Ze, a sixth-order martial master, was not even Qin Chen's opponent.

"The reason why Ben Shao allowed you to break through was simply because your previous performance made Ben Shao quite satisfied. Moreover, your original cultivation level has less and less help to Ben Shao."

The black slave smiled bitterly. What Qin Chen said was really true. If Qin Chen hadn't made it, he would even have died in Liu Ze's hands.

Qin Chen glanced at him and said faintly: "Don't worry, the promise that this young man made to you is already effective. Secondly, the realm of Wu Zun is just the beginning. As long as you obey the young

man, let him be satisfied, don't talk about Wu in the future. Zun, even if it is King Wu or Emperor Wu, isn't it impossible?"

King Wu, Emperor Wu?

The black slave was shocked, is this really possible?

King Wu, that is the entire Dawei dynasty, is located at the apex of the pyramid.

Searching the entire Dawei Dynasty, there are only a handful of such masters.

And Emperor Wu, who has never appeared before in the Dawei dynasty for thousands of years, is such a character that can decide the life and death of a dynasty in one word.

Myself...

Can it be achieved?

If someone else told him that, the **** had long been disdainful and spurned.

But Qin Chen said this, but the black slave's heart was throbbing.

Qin Chen only spent such a short time at the sixth-order martial arts realm that had made him look up to, is it really impossible for King Wu?

"Don't worry about the dust, the black slaves will follow to the death."

At this moment, the black slave looked more determined than ever.

"Father, mother, little sister, have you seen it? The boy has broken through the martial arts, but his enemy is still too strong. With his current strength, he wants to avenge everyone, but he is still wishful thinking, but you can rest assured that the boy will work hard to follow Little dust, one day, the child will stand in front of my family's enemies and recover the justice of the family for many years."

"I swear!"

The black slave roared silently.

"Alright." Qin Chen glanced at the black slave lightly: "After you break through Wu Zun, you don't have a suitable weapon on your body. This ice spear will be handed over to you to use. Besides, you will become familiar with it as soon as possible. Use the real power of the Wu Zun realm, and re-control the Heavenly Demon Banner. With your current cultivation base, if Liu Ze is not dead, he will no longer be your opponent."

Qin Chen raised his hand and threw Liu Ze's ice spear directly to the black slave.

Although Liu Ze's ice spear is extraordinary, it may even be a weapon of the rank of seventh-order king soldiers, but for Qin Chen, it is not useful at all. It is better to hand it over to a black slave to improve his combat effectiveness.

"This....."

The black slave took the spear, and the whole person was stunned. Didn't he not see Liu Ze's previous shots? Such a spear is definitely not an ordinary Tier 6 soldier, so Chen Shao gave it to himself?

Inexplicably, the black slave felt warm.

Just about to say something, Qin Chen waved his hand hurriedly: "Okay, okay, don't say anything if you are grateful, let's go quickly."

After a while, two human figures swiftly flew across the black death swamp, heading to where another underground ruin was found in the rumor.

These two people were Qin Chen and the black slave.

After a while, the two had arrived at the location said by the underground ruins.

"Ok?"

What caught Qin Chen's eyes was a messy marshland, but in this marshland, pits were dug out one by one, and bursts of faint spirit medicine aura came out of this pit. To the unknown depths.

"It seems that I don't know how many people have searched this place!"

Qin Chen shook his head.

Judging from the current traces, this place has already been raided by thousands of warriors, and every pothole is likely to be a passage. Even if there are real treasures, I am afraid it has been raided.

"However, judging from the arrangement of these potholes, this place may really be an ancient relic."

Qin Chen groaned, and after a moment of contemplation, his figure flickered, and he flew directly into one of the potholes where the spirit medicine breath was still rich.

This pothole, located at the bottom of the Black Death Marsh, did not look big on the outside, but after entering it, the passage was extremely large. The simple black rock that constitutes the passage exudes a palpating cold air.

Qin Chen and the black slave flew by half of the incense before they came to the end of the passage.

"what?"

Qin Chen thought that what he saw would be a place like an underground cave, but who knew that when the passage came to the end, it was another world that appeared in front of him.

The gloomy sky and the dark earth are like another swamp of black death.

If it wasn't because Qin Chen and the black slaves flew in the underground passage for a long time before they came to this place, they would even think that it was still a swamp of black death.

"Little dust...what is this place?" The black slave couldn't help but shocked.

Qin Chen frowned and said, "There are two possibilities. One is the underground world of the Black Death Swamp, which was formed by an ancient force using powerful means to form a mysterious existence. The second possibility is that it is actually here. It's the Black Death Swamp, it's just a special

place in the depths of the Black Death Swamp. The underground passage we just walked through is just the entrance to that special place."

"Let's continue to look forward."

Qin Chen became more and more interested in this so-called Black Death Swamp, no matter which way it was possible, it was absolutely different to be able to deploy such a secret realm.

Chapter 612: Meeting the Yin Brothers and Sisters Again

The two of them flew quickly in this underground ruins.

Originally thought that there would be a lot of elixir in this underground ruin, but Qin Chen had been flying by for a long time without seeing a single elixir.

But it's not without gain.

In this underground ruins, there are also many miasma, and after Qin Chen's analysis, these miasma should be the cause of the changes in the outside world.

"In that case, the miasma in the Black Death Swamp suddenly became terrifying. It should be someone who discovered the entrance of this underground ruin. As a result, the miasma in the underground ruins escaped into the black death swamp outside. The miasma between the two The fusion has taken place, and a new miasma is produced, which makes the original detoxification pill lose its effect."

"It's just that what was the fragrance of the elixir before?"

What Qin Chen couldn't figure out was the faint aroma of elixir at the entrance of the underground ruins outside. Those elixir aromas did exist, and from the aura, they were definitely some high-level elixir.

But after entering the underground ruins through the passage, the aroma of the elixir disappeared.

If it were another martial artist, he might think that he had smelled it wrong, but Qin Chen knew very well that he had never smelled it wrong, and it was indeed the fragrance of the elixir that suddenly disappeared.

"There is little dust, there should have been many people here."

When passing by some places, the black slave and Qin Chen saw a lot of traces of battles, and some footprints in the black death swamp. It can be seen that many people have passed by here before.

"We are still a little late. Even if there is a panacea here, we should have been raided."

The black slave said depressed.

"Ok?"

Suddenly, Qin Chen stopped beside a messy swamp.

"There is little dust, what's the matter?" The black slave looked over in confusion, and saw that there was a swamp in front of him. The ground was quite messy, and there were even a lot of footprints, but there was no one here, nor any. Elixir.

The black slave didn't know why Qin Chen stopped, but Qin Chen's mental power swept a place where the concealment restriction was breached. This restriction should have been broken by himself for a long time, but even if it is so, ordinary people see it. Does not come out.

But Qin Chen is a master of formations. After sweeping through his mental power, he immediately saw that this place was a hidden restriction. Based on the messy traces of this periphery, Qin Chen was sure that this restriction must have been discovered by many people. Up.

"follow me."

With a low shout, Qin Chen took the black slave into the concealment restriction.

The two immediately entered a brand new place. After seeing the scene inside the prohibition, both of them were stunned. It was completely different from the outside scene of the black death swamp.

What greeted the two of them was a large valley. The valley was full of emerald green, which gave people a pleasing feeling, but at this moment, the emerald green place had been trampled in a mess. Nearly a hundred warriors were in this mess. Searching everywhere in the valley.

At the entrance of the valley, there were still a few people guarding them, and there were seven or eight corpses lying beside them, and blood shed all over the ground.

But it can be seen that these people have not been killed for a long time, and it is very likely that they were killed by several fierce warriors guarding the door.

In the air, a faint elixir fragrance lingers.

Qin Chen's heart was immediately overjoyed. What he looked at, instantly saw that this place should be a medicinal field, and it should be a medicinal field of not low grade, otherwise the spirit medicine atmosphere here could not be so strong.

However, looking around, the valley has almost been swept away, and there is no elixir in sight, but there are still hundreds of people searching here and there.

What puzzled Qin Chen was that in this valley, Qin Chen saw two Yin family brothers and sisters who had crossed with them on the Black Marsh Square. At this time, they were not searching for elixir, but were standing in the valley. Not far away, his face was extremely gloomy.

Moreover, both of them were obviously injured, and Yin Feng's injuries were extremely serious.

After Qin Chen and the black slave arrived in the valley, they immediately attracted everyone's attention.

After seeing the two of them, the half-step Wuzun who had the strongest breath on one of them frowned.

"Little Chen, why are you here?" After seeing Qin Chen and the black slave, the Yin family brothers and sisters immediately showed surprise on their faces, but then seemed to think of something, and hurriedly closed their mouths.

"Why are you two here?" After getting up, Yin Feng frowned and looked at Yin Feng, who was covered in injuries. He slowly walked forward and wondered: "Where is this place?"

The warriors guarding Taniguchi were originally going to go up and scold them. Seeing that Qin Chen seemed to know the Yin family brothers and sisters, they suddenly sneered, but stopped, did not stop Qin Chen, and sneered: "Two more guys are here. , These two guys are still your friends, and they said you didn't get the things? If you don't hand over the things today, don't want to leave here."

Yin Feng's face was a little ugly, and he said in a deep voice, "I said, all the things we got here have been given to you. We just happen to know these two people, what does it have to do with them!"

"Hehe, it sounds good, it doesn't matter, it's not your decision." The warriors sneered again.

"you....."

The Yin family brothers and sisters were anxious, but they couldn't say a word.

Qin Chen glanced at the field and found that the strongest one on the field was just a half-step martial artist, and he immediately retracted his gaze. What he cared about now was what was in the medicinal field and where did these elixir go? .

Thinking of this, Qin Chen came to the two of them, first gave them a healing pill, and then frowned: "Two, why are you here, and what's the matter with this medicine field?"

"Hahaha, I also said that it has nothing to do with them, even the medicine field they know." A warrior guarding Taniguchi suddenly sneered.

Qin Chen's eyes were cold. If he hadn't figured out the situation, he would have abandoned this guy a long time ago, but at this time, he would like to hear the Yin family brothers and sisters talk about the specific situation.

"Little Chen, it's really time for you to come, this time we are going to hurt you..." Yin Feng smiled bitterly.

"How to say?" Qin Chen looked puzzled.

"Let's come here and talk." Yin Feng glanced at the people in Gukou, and led Qin Chen to a remote corner of the valley.

Those warriors just watched Qin Chen and the others go to the corner coldly, with a sneer on their mouths, but didn't say much, their eyes seemed to have taken Qin Chen and the others.

Chapter 613

Seeing that the other party hadn't come up, Yin Feng seemed to heaved a sigh of relief, and then said: "Little dust, it's like this..."

Following Yin Feng's narration, what Qin Chen had doubts finally understood.

It turned out that after the Yin Family's brothers and sisters dispersed with Qin Chen and the others in the Black Marsh Square, they also followed Qin Chen and the others to leave the Black Marsh Square, and came to the Black Death Marsh through the teleportation channel of the Heaven Array Gate.

Because they had obtained the breakthrough medicine from Qin Chen, they prepared to concentrate on retreat, and waited for the breakthrough to the late stage of the fifth stage, and then left Black Marsh City, lest Gufeng Chamber of Commerce retaliated.

Unexpectedly, the two of them had a solid foundation due to years of experience, and under Qin Chen's medicine, they broke through within two days.

Yin Feng broke through to the late stage of the fifth stage, and Yin Hong also broke through to the middle stage of the fifth stage.

Just when the two brothers and sisters were about to leave, they heard that the underground ruins had been opened.

The two of them thought about it and decided to go on a final expedition to see if they could get some treasures before leaving the Black Death Swamp.

So they followed the army of warriors from Kuronuma City and entered the underground ruins.

After several days of adventure, the two found nothing. Just when they were about to leave, they unexpectedly discovered this restriction.

There were several other people who discovered the ban. One of them was a warrior from the Black Order. After they found the entrance to the ban, they entered the valley together, and immediately discovered that the valley was actually a very vast medicine garden. .

Everyone was naturally surprised and began to gather medicinal materials. Moreover, more and more warriors discovered this place and came in to pick them.

The Yin family brothers and sisters were not greedy. After picking some parts, they were afraid of being discovered by the Gufeng Chamber of Commerce, so they prepared to leave.

But at this moment, the warrior of the black cultivator said that this place was the first one he discovered, so all the warriors who entered here must hand over half of the elixir they picked to the black cult.

The Yin family brothers and sisters naturally disagreed. It can be said that they discovered this medicine garden and the prohibition together, in no particular order. How could it be considered that the Black Order discovered first.

But the warrior of the Black Order said that although the prohibition was discovered by everyone, he was the first to enter the medicine garden.

The Yin family's brothers and sisters realized that this medicine garden was really the first to come in by the warrior of the Black Order. It's just that everyone discovered the restriction and found the entrance together and entered one after another. So whoever came in first, everyone. I didn't care much.

Even if the warriors of this black cultivator were the first to come in, it could not be considered that they discovered this medicine garden first.

However, this truth may not have anything to do with ordinary warriors, but how does it make sense with the people of the Black Order?

Just when the Yin family brothers and sisters were preparing to fight for reasons, several masters immediately appeared and injured them.

At that time, there were still some warriors who wanted to rush out, but they were killed on the spot by these masters.

Everyone found out that at some point, there were already many warriors of the Black Order in this valley.

As for the warriors who can enter the black cultivator, every one of them is at least the cultivation base of the late stage five, and the strongest one is still a manager of the black cultivator, and the cultivation base has reached the half-step martial arts realm.

Therefore they are trapped here.

"So, these guys are all from the Black Order?" Qin Chen glanced at the people in Taniguchi.

"Yes." Yin Feng nodded.

Qin Chen glanced at it, "There are not many people here, so many of you, are you afraid that a few people from the Black Order will not succeed? They are so aggressive, don't you fight with them?"

Yin Feng smiled bitterly: "Little Dust, you don't know the status of the Black Cultivator in the minds of the martial artists of Black Marsh City. Few people dare to fight against them. Even if they can rush out, how can they avoid the darkness? Is it the chase of the Order? In fact, if it weren't from the Black Order who wanted to check our storage ring, we would have agreed."

"How do you say?" Qin Chen frowned.

"Little dust, in our storage ring, there are the pill that you gave, and some wing **** flowers. Once they are checked by them, there will be nothing left." Yin Feng whispered.

"What, Wing God Flower?"

Qin Chen was taken aback. Wing Shenhua, this is a good thing, it belongs to the sixth-order elixir. The key is that the effect of this elixir is to reshape the body of the warrior and increase the strength of the body of the warrior. It can be said that it is rare. Said the body refining elixir.

As for the pill that Yin Feng said, Qin Chen also understood that the pill he gave to the other party could completely allow the Yin family brothers and sisters to break through to the late stage of the fifth stage. Now that Yin Hong is only in the middle of the fifth stage, it is obviously impossible to hand over the pill.

But the pill that can make people break through the realm is so precious, once it is seen by the black cultivator, how can it stay?

"In fact, it's not just the Wing God Flower, we also found some gold orchids and sky jade stars before. We originally wanted to let the other party release it after handing it over, but the other party didn't believe it, and we had to check the storage ring, so we were stiff. Living."

"What, there are also Chrysanthemum and Jade Star?"

Qin Chen was taken aback again. Both of these were good things.

Although the golden blue grass and the sky jade star are only the fifth-order elixir, they are very rare in the outside world. Among them, the golden blue grass is a kind of elixir that can strengthen the meridians and remove toxins, and it is naturally rare.

But Heavenly Jade Star is even more remarkable. It can consolidate the spiritual power of the alchemist and even improve the purity of the spiritual power. It is also extremely rare.

Qin Chen subconsciously glanced at the chaotic valley that had been trampled on, and his heart suddenly became hot. There will be so many elixir in such a large area. If he can obtain these elixir, not to mention his own strength, he can definitely make it. Wang Qiming, Zhao Lingshan and their strengths have gone to the next level.

"Have these people handed over the elixir?" Qin Chen looked at the hundreds of people on the field and said in a deep voice.

"That's not true. In fact, everyone doesn't want to hand it over, so they have been dragging. And the people of the Black Order may also have some scruples or want everyone to search this place clean. At present, they have not forced to ask for it, but I think it's almost done." Yin Feng shook his head.

At this time, Yin Hong said on the side: "Little Chen, this senior, based on our understanding of the Black Order, the people of the Black Order will definitely not leave us any elixir. If possible, the four of us can Break out together, when the time comes, the other warriors will definitely do something, maybe it will work, but it will hurt the two, but we can give all the Wing God Flowers to the two of them."

The brothers and sisters of the Yin family were very grateful to Qin Chen and they naturally didn't care about the mere flowers of the wing.

And they also know the strength of the black slaves, able to defeat the bloodthirsty demon, and if the four of them work together, they may not be able to escape. After all, although there are many masters in the black cultivator, most of them are Wuzong in the late stage of the fifth stage. , There is only one half-step Wuzun.

Qin Chen smiled and waved his hand and said, "Don't worry, we don't have to rush out. I will also ask for the elixir that was stolen by the black cultivators before."

"How about it, have you discussed it? You guys, hand over the storage ring, and after we check, you can let you go, otherwise, I won't blame me for waiting. You two are no exception."

It was just that before Qin Chen was dispatched, the black cultivators gathered in an instant, looking at Qin Chen and the others with unkind expressions, obviously preparing to take Qin Chen and the others.

Chapter 614

The actions of several members of the Black Order immediately attracted the attention of others, and they all watched nervously.

Everyone knows that the Black Order is preparing for trouble, and they also want to see what the Yin family brothers and sisters are going to do, whether to resist to the death, or to hand over the storage ring obediently and let the people of the Black Order search.

Qin Chen squinted his eyes and said, "What does this matter have to do with us? We didn't pick the elixir here, so why do you even check our storage ring?"

"Hahaha." The people of the Black Order suddenly laughed. They had already made up their minds, and they had taken Qin Chen with them. Naturally they had no scruples, and said with a grinning smile: "Why, it's just that we are from the Black Order. And you two have also come to this valley. Who knows if the two of them have transferred the elixir to your storage ring just now. If you know it, you will hand over the storage ring to us for inspection. trouble."

Several people's eyes were cold, and their bodies bloomed with murderous intent.

The people in the Black Order also knew that the reason why the other warriors did not move was just watching the development of the situation, so no matter whether Qin Chen and the Yin family brothers and sisters are related, it is impossible to let them go.

What they have to do most now is to kill the chicken and the monkey so that all the warriors present can understand that only by handing over the storage ring can they leave, otherwise they will die.

And Qin Chen and the Yin family brothers and sisters were the chickens they killed and curbed the monkeys.

"I am afraid that whether we take out all the things or not, you will also say that there are still things left, and then kill us." Qin Chen sneered disdainfully.

He had already seen this trick of the other party clearly. The other party was not asking for anything at all. It was obviously killing chickens and monkeys, looking for opportunities to kill the Yin family brothers and sisters.

The so-called checking storage ring is just their excuse.

"Don't be long-winded, hand over the ring." A fifth-stage late peak Wu Zong grinned, his face gloomy, if there weren't nearly a hundred warriors here, they would have to find an excuse to kill, change to another place, Qin Chen dare to do this Talking to him, he had already been killed by a single knife.

"presumptuous!"

The black slave's face sank, this guy dared to speak to Chen Shao like this, and he was angry and just about to do it.

"You guys, how do you talk?" At this moment, the strongest half-step Wu Zun of the black cultivator suddenly walked up, yelled at several black cultivators, and then bowed his hand to Qin Chen and the others. : "A few of you, work in the Lower Black Order. Don't get me wrong, a few of us. We, the Black Order, pay attention to the rules. Since this medicine valley was first discovered by our Black Order members, then a few only need to hand over the storage ring. , Let's check it out."

"Don't worry, we will only take away what belongs to us, and will never touch anything else in your storage ring."

This person spoke with great sincerity. He didn't really want to let Qin Chen and the others go, but he had been observing in secret before trying to find out the cultivation base of the black slave, but he could not detect the slightest, which made him Secretly alert.

Especially the aura of the black slave made him faintly shocked, and only then made such a decision.

Compared to killing Qin Chen and the others, their main purpose was to plunder the elixir of the people on the scene, not to kill a few people and show their power.

"What if I say no?"

The black slave sneered. With these guys, they wanted to check him and the dust-less storage ring? Before Chen Shao didn't break through, he was completely indifferent to the Black Order. Now that he has broken through the Martial Master, he naturally disdains even more.

"Do you have to go against my Black Order?"

After half a step, Wu Zun's face sank, and he gave the other party a step, but the other party didn't want it. Do you really think you dare not kill him?

"Right?" The black slave sneered, "It's not a good thing to do it right. In fact, this seat is also a member of your Black Order. It's just that you want to get this seat to hand over the storage ring.

The warriors of the Black Order were all taken aback, and the half-step Wu Zun also said in astonishment: "Are you also from my Black Order?"

"That's right." The black slave's voice fell, and he took out the silver token directly from his body, "You can see it by looking at it."

"silver VIP?"

The warriors of the Black Order were all taken aback, and then they all laughed, as if they had seen something funny.

Among them, the fifth-tier late peak martial artist who had almost worked before, even sneered: "What kind of character do I be your Excellency? It turned out to be only a silver medal member. Don't you know that in my Black Order, only the gold medal VIP level is it my own person recognized by the Black Order?"

Seeing the silver token in the black slave's hand, the heart that half-step Wuzun originally held beside him also instantly loosened.

He knows that the ranks of the Black Order are clearly defined. There are rules for whoever takes and what tokens. Since the black slaves have their black order silver tokens, that is to say, no matter how the black slaves, the most it was just a Wu Zong in the late stage of the fifth stage.

It seems that the ability to hide his breath is better, because he had thought that the other party would be somebody before.

With a cold snort in his heart, that half-step Wu Zun was completely relaxed.

Where did the **** know that when he took out the token of the Black Order, instead of letting the other party's attitude towards him somewhat ease, on the contrary, he even more disdained him.

"Hand over the storage ring and don't kill, otherwise, whether you are a silver member of my Black Order or not, you will still be killed."

With a cold shout, Wu Zong, the peak of the fifth-stage late stage, directly drew the sword from his waist, stepped forward two steps, and pointed at the four Qin Chen and said viciously.

It can be seen that as long as Qin Chen and the others say no words, the other party will definitely take action immediately and kill a few of them.

"Less dust."

The Yin brothers and sisters suddenly looked over nervously.

"Nigger, what are you waiting for? The other party is about to do it, do you still want Ben Shao to make a move?" Qin Chen frowned and shouted coldly.

"Okay, you want a storage ring, this seat will give you..."

The black slave's face sank, and after speaking these two words, he patted it with a palm.

The Wu Zong at the peak of the fifth stage late stage, where he wanted to get a black slave, he dared to do it, and he didn't hesitate to do it when he said it. The grin on his face was not even completely dissipated, he was covered by a huge black palm. .

"you....."

His eyes widened in horror, and he wanted to say something in a hurry, but he didn't even have time to say a word. With a bang, the whole person was already torn apart under the attack of the black slave, and burst to pieces in an instant.

Wow!

Blood was scattered all over the sky, and a strong **** murderous aura immediately filled the valley.

But the black slave was expressionless, put away the other party's storage ring for the first time, and handed it to Qin Chen respectfully. . . .

Chapter 615 Senior Wu Zun

The sudden action of the black slaves immediately stunned all the martial artists around, where have they seen such a fierce martial artist? He dared to kill the people of the Black Order in Black Marsh City, and he didn't even say a word. If he said that he would kill him, wouldn't he be afraid of death?

The Yin family brothers and sisters were also completely stunned. Although they guessed that Qin Chen would not give up easily, they did not expect that the black slave would shoot directly, using almost sneak attacks to directly kill a black cultivator master.

"How dare you kill Gao Heng in a sneak attack, look for death, dare to kill my black cultivators, even if you escape to the end of the world, my black cult will definitely kill you."

The remaining black cultivators were even more frightened. The smiles that appeared on their faces solidified in an instant, and couldn't bear it anymore and surged up.

"Hmph, since you want to die, this seat will fulfill you!"

The black slave's eyes were cold, and his murderous intent was boiling.

After he followed Qin Chen, his temper has improved a lot. Knowing that he used to be a notorious bloodworm human demon in the Dawei Dynasty, what does killing a person count for him?

With a big wave of the hand, the amazing real power swept out, and immediately there were two more people who were instantly bombarded by him and turned into blood fog. The other warriors vomited blood and flew upside down under the great power. In the valley, fractured fractures.

In a short moment, several warriors of the Black Order were all dead, wounded, and embarrassed.

"You... die for me!"

The half-step Wuzun was extremely frightened. He didn't expect that with his lost kung fu, three of his subordinates died, and the remaining few warriors were also injured. There is such a guy in this world. Dare to kill him so brutally from the Black Order.

In his anger, he shouted, and a black sword appeared in his hand, which was cut out in an instant.

The black sword pierced through the void, and in an instant, a monstrous killing was formed, and a force of destruction was swept out.

Before this destructive force was fully activated, the green grass in the surrounding valleys had already turned into dust, obviously unable to withstand this destructive force, and was instantly destroyed into nothingness.

The brothers and sisters of the Yin family hurriedly backed away. This kind of terrifying killing aura, even if they were not attacked, would have been killed by the intention to kill them.

But the speed of their retreat was too slow, and suddenly they felt a breath of death, constantly covering them.

The many warriors watching in the distance were even more frightened and frightened.

Before, some people thought that even a half-step martial artist could not stop so many Wuzong martial artists if they weren't the name of the black cultivator, but now they know their thoughts were wrong. This person is not only a half-step martial artist. , Even a half-step Wuzun who is about to completely enter the realm of Wuzun.

This terrifying aura of destruction swept through, where can other Wuzong martial artists have the power to fight back? Will be strangled into ashes in an instant.

Without waiting for this destructive aura to completely diffuse, the half-step Wuzun's destructive aura has completely enveloped Qin Chen and the four.

"You four, all die for me!"

He roared angrily, and his true power completely exploded, obviously to completely kill Qin Chen with four moves.

"It's over."

"These guys are too naive."

"Dare to challenge the Black Xiuhui!"

"The man in the cloak should not be weak. I am afraid that he has a cultivation base close to the half-step martial arts. It is a pity that he encountered the top half-step martial arts of the Black Order. Such a master would kill him like a dog."

Everyone sighed and was equally shocked, because they knew that after Qin Chen and the four were killed, it would be their turn. When that time comes, they would all obediently hand over their storage rings.

They may have some thoughts of resistance before, but at this moment, these thoughts have completely disappeared. They even figured that once Qin Chen and the others died, they would hand over the storage ring as soon as possible, even if it was nothing. It is necessary to leave this medicine valley as soon as possible.

Otherwise they are afraid that they will not be able to go out alive.

The sky full of sword energy, with the power of destruction, completely enveloped Qin Chen and the four.

"It's over."

The Yin family brothers and sisters showed despair. They had known this a long time ago. They should hand over the storage ring early so that Qin Chen and the others would not be burdened, but now it is too late to say anything.

In the despair of death, the two looked at Qin Chen and the black slave apologetically.

But what shocked them both was that Qin Chen and the black slave didn't even have the slightest fear on their faces, and even the corners of their mouths contained a hint of sarcasm.

Yes.

Just mocking!

How did they know that the attack released by this half-step Wu Zun, although mighty, came here as an ordinary warrior, let alone resisted, it would be good to leave a whole body.

But in the eyes of Qin Chen and the black slave, such an attack was really too weak.

Compared with Liu Zelai, the former vice chairman of the Gufeng Chamber of Commerce, he was not even better.

"Such an attack, but also want to kill this seat? Ridiculous!"

With a cold snort, the black slave didn't bother to talk nonsense, and the martial arts cultivation base in his body no longer concealed it, and suddenly released it. In an instant, an amazing real power swept through.

"boom!"

Two terrifying forces collided in the void, and suddenly burst into an unprecedented astonishing roar.

The black slave didn't do anything, but naturally released his aura, and instantly smashed the opponent's sword aura.

"You... are you a sixth-order martial arts senior?"

The grinning smile on Wu Zun's face in that half-step froze in an instant, and an expression of unprecedented horror appeared immediately.

I actually ran into a sixth-order martial arts senior, this...

The black slave snorted coldly, and was too lazy to talk nonsense with the other party, lifted his hand, the sky demon banner appeared in the air instantly, screaming, the black sky demon banner rose in the wind, and the sky was overwhelmed in an instant, covering the half-step martial arts in an instant.

"No, senior for mercy, senior for mercy, I am in charge of the black cultivator... Senior, you kill me, the black cultivator will definitely not..."

The half-step Wuzun let out a scream in the sky demon banner, begging for mercy in horror.

"Dare to threaten me at this time?"

The black slave's eyes were cold, he shook his big hand, snorted, and the scream stopped abruptly. The half-step martial arts had been completely refined by the heavenly demon flags, and there was nothing left.

In the distance, several other injured black cultivators trembling all over, all looked at this place in horror, and immediately, swish, turn around and rush out of the medicine valley.

Just kidding, even the strongest half-step Wu Zun among them was killed by a single move, what are they doing?

But how can black slaves let them leave here? With a sneer, a wave of a big hand, and a scream, the demon banner swept out again, enveloping a few people in an instant, and the screams were fleeting. In the eyes of many warriors on the scene, the fifth-stage late Wuzong who were considered masters were instantaneous. For the ashes, the soul is scattered.

Several storage rings swept over like streamers, and the black slave immediately put them away, respectfully offering them to Qin Chen.

Chapter 616

Silence, deathly silence, at this moment, everyone was stunned, staring blankly at this scene on the court, all of them were going crazy.

Dead, just like that?

With hundreds of warriors staying in the valley, the black cultivators who dared not move at all, had no chance to resist, they just died in front of them.

This.....

incredible.

In Medicine Valley, many warriors all looked at the black slave and Qin Chen blankly, their bodies trembling, and unprecedented fear in their hearts.

Terrible, terrible.

Since such a master can kill several people of the Black Order at will, he can also kill them at will, making them unable to resist.

At this moment, everyone was silent, not daring to say a word, for fear of provoking the anger of the black slaves and killing them all.

"Pre... Senior... Did you really kill the half-step martial arts master of the Black Order?"

The Yin family brothers and sisters also looked at the black slaves dully, still can't believe it.

They hadn't seen a black slave before. In the Black Marsh Square, although the black slave also defeated the bloodthirsty demon, they also experienced a battle.

But before, the black slave was confronted by the half-step martial master of the black cult, and he even beheaded the opponent with one move.

This.....

Up to now, both of them are like dreams.

The black slave sighed freely and looked at Qin Chen gratefully. If it weren't for Qin Chen, how could he be so powerful, he would easily behead the master of the black cultivator. I am afraid he was the one who was killed. .

But now, he can kill the half-step martial arts who was originally in his eyes with one move. Such a feeling can only be expressed in one word-cool!

"Less dust, this is the storage ring of these guys, please check it out."

The black slave respectfully presented the storage ring to Qin Chen, and that gesture made everyone look at Qin Chen in horror.

Is such a great master just a follower of such a young man?

Qin Chen nodded, and put away the storage ring.

"Little dust, are these guys going to deal with it here?" The black slave looked at the many warriors in the medicine valley, and asked in a deep voice, a trace of killing intent flashed in his eyes.

The power of the Black Order is still a bit scary. Since these guys have seen him kill the people of the Black Order, in order to cause unnecessary trouble, it is better to do nothing and kill them all.

"Senior, don't kill us. We are willing to hand over the elixir we picked before, and we will never tell the story here, I swear."

A warrior was frightened, hurriedly stepped forward and said, and at the same time respectfully handed Qin Chen the storage ring, his whole person trembling.

Under his behavior, the other warriors also woke up and handed over storage rings in horror.

"Senior, we are also willing to hand over the elixir we collected before."

"Senior, we promise that we won't talk about things here."

"You have to trust us."

In an instant, nearly a hundred warriors on the field were all in horror, looking at the black slave and Qin Chen in terror, for fear that they would do it, and even desperately trying to hand over the storage ring, even afraid that Qin Chen would not accept it.

Qin Chen glanced at the black slave speechlessly, meaning that you did a good job.

He said solemnly: "Everyone, put away your storage rings, this young master is not a bandit like the Black Order, and he won't be innocent to occupy your storage rings. Don't worry."

"No, no, no, senior, this is our honor. Senior killed the people of the Black Order and asked for justice for us. This is our willingness."

"Yes, we are willing to give the elixir to senior, and ask senior to accept it."

Seeing that Qin Chen didn't even store the ring, these people were so frightened.

If you don't accept anything, what's the deal? This is the rhythm to kill them.

"Yin Feng, you and I are considered familiar, so it's better to say a few words to the two seniors for me."

Some people even hit Yin Feng and Yin Hong with their ideas, like a drowning man who grabbed the last straw and asked for help.

The Yin family brothers and sisters were extremely speechless, but they knew very well that Qin Chen was definitely not such a person.

As soon as he was about to speak, Qin Chen waved his hand to prevent the two of them from speaking, and then said loudly to the hundreds of warriors on the field: "Everyone, Ben Shao has said before, Ben Shao is not the kind of murderer, so Please don't worry too much about your own safety. However, Ben Shao is a pharmacist. I think you must have got a lot of high-level elixir here. So, if there is a warrior who wants to exchange medicinal pills, I'll go to Ben Shao Here, the young master will come up with some medicinal pills and exchange it with you. If you don't want to exchange it, you can leave directly, and the young master will definitely not block it."

Although Qin Chen said that, how dare these people really leave? Look at me, I look at you, none of them move.

They are all afraid that if they really leave, they will be instantly killed by the black slave, and there will be nowhere to cry.

Seeing the scene on the court, Qin Chen was speechless again, but he didn't say anything. These people thought whatever they wanted, and directly took out a bottle of pill from his body.

These pills are the most suitable pills for Tier 5 Wuzong cultivation. Qin Chen believes that as long as these guys know what kind of pills they are, they will definitely not refuse.

"Now, there are warriors who want to exchange pill, you can come up."

As soon as Qin Chen's voice fell, the warrior who had spoken first hesitated before rushing up.

"Senior, I am willing to exchange the pill." As soon as the warrior came up, he said anxiously.

At the same time, he poured out all the elixir on his body in an instant, there were dozens of them, with high or low grades, and some were not even found in this medicine valley, but in the black death swamp.

When Qin Chen saw it, his face was immediately delighted. As expected, the golden blue grass and the sky jade star, as well as the wing **** flower and some other rare medicinal materials, each of which is extremely precious and can be called a rare elixir to the outside world.

"Okay, I don't know what pill you want?" Qin Chen nodded, suppressing excitement and said.

"I want this bottle next."

The guy didn't even look at it, he just picked up the bottle of pill on the side, then looked at Qin Chen nervously, and said, "Senior, can I leave now?"

Qin Chen glanced at the other party speechlessly, "The elixir you took out is extremely valuable. You can get two more bottles for more than this one."

"No, no, no, I just want this bottle next."

When the man saw that Qin Chen still asked him to take the pill, his face suddenly changed, his head shaking like a rattle.

In his opinion, the reason why Qin Chen used the pill for the elixir was just an excuse.

Qin Chen took out so many pills, maybe it was only one or two grade pills, but this guy didn't want to lose the grade, so he deliberately exchanged them.

If you really don't know what is good or bad, go to see what kind of medicine the bottle is, and want to get two more bottles, it is definitely a proper death.

So he made up his mind, take only one bottle, and leave after taking it, no matter what he took, what he wanted in the end was to get out of here.

Qin Chen was quite speechless when he saw the other party like this, and had to say, "Since you have decided, then you can go."

"Thank you senior."

When the man heard this, his face showed joy, his figure shook, and he rushed out of the medicine valley without looking back, and disappeared in the blink of an eye.

Chapter 617

"Who else wants to exchange it?" Qin Chen put away a pile of elixir on the ground, and then said loudly.

Seeing the medicine valley where Qin Chen actually let that person leave, all the warriors on the field made a sensation.

Regardless of whether Qin Chen really let them leave, or if he would follow him later, at least for now, what he did was indeed let them leave this forbidden valley.

"Senior, I want to redeem."

"I want to redeem."

"Let me come, let me come first."

"I'm clearly in front."

For a time, the remaining warriors on the field were like crazy, all rushing up, and even fighting for the front position.

nonsense!

The person who is the first to redeem must be the first to leave here. Even if Qin Chen wants to go back and chase them down, the person who leaves first can escape the farthest and have the best chance of surviving.

Therefore, the people who were nervous before discovered that as long as they exchanged the pill, they could really leave, they suddenly went crazy, and all wanted to be the next person to exchange.

How did Qin Chen know the thoughts in these people's hearts, and saw that everyone was so hot, he couldn't help but stunned, but he still shouted: "One by one, there are still a lot of pills on my body. As long as everyone is willing to exchange it, everyone can exchange it. To the pill that suits you."

It's okay for Qin Chen not to say this. Once he said this, everyone was even more affirmed of what he thought.

This guy is just a teenager, no matter how big his background is, how many pills can he have?

The elixir they collected in this medicine valley were all rare elixir of Tier 5 and Tier 6, and they could definitely be exchanged for many rare elixirs when placed outside.

No matter how many elixirs this kid has, can there be so many rare elixirs?

Therefore, as soon as this remark came out, everyone was even more sure. Qin Chen just wanted to exchange some low-level pill for the elixir on their body. It was essentially the same as the Black Xiuhui, except that he did a little decently.

So the remaining warriors, like the first exchange person, took out all the elixir on their bodies, and then picked up a medicine bottle without looking at them, and left here directly.

A large amount of elixir has been kept in Qin Chen's storage ring. After about a stick of incense, more than half of the people have already exchanged the elixir.

at this time.

The first warrior to break out of the restriction, after going out of the restriction, he flew out frantically for the first time, and he flew hundreds of miles before stopping.

"Hey, this guy really didn't chase it out. Did I escape?"

The warrior glanced suspiciously at the back, and found that no one was following him, and a feeling of afterlife surged in his heart.

He did not expect that Qin Chen actually released him. Although all the elixir on his body had been handed over, the other party dared to kill even the half-step Martial Master of the Black Xiuhui, and he could escape. Thank goodness already.

"By the way, I don't know what kind of pill the guy took out."

Suddenly thinking of something, the warrior even took out the bottle of pills he had exchanged for.

He acted casually and opened the medicine bottle casually. In his opinion, Qin Chen's exchange of pills was just an excuse to search, what good things could he give.

The pill in this medicine bottle, don't need to guess, it should be just some of the most **** first-class pill, something that is not used at all.

But when he poured out a few pills in the medicine bottle, he was stunned.

"this is....."

This person was flushed on his face, his eyes were full of disbelief, and his body was trembling, obviously he couldn't believe what he saw was normal.

"Po Zong Pill, it turned out to be a Pozong Pill of Rank 5?"

He murmured, with unprecedented shock and excitement in his eyes. Although he himself is not a master alchemist, as a fifth-order Wuzong, he still knows the fifth-grade pill that he needs most. The pill in his hand, Not Pozongdan, what else?

This is a five-product pill? Moreover, it is the most excellent one among the five-grade pill, and it is one of the most precious pill that Wuzong wants to break through.

With these Pozong Pills, nothing else can definitely double his strength.

"I misunderstood the young master..."

This person realized that if Qin Chen wanted to harm them, there was no need to take out the Pozong Pill. He only had to take out some pills. It was obvious that Qin Chen had no idea of snatching their elixir. It's basically doing normal transactions.

Even before the other party, he felt that he was taking advantage of him and wanted to get more pills, but he was idiot thinking that the other party was cheating on himself, so he couldn't wait to leave Medicine Valley.

Thinking of this, his heart was filled with endless regret.

However, he knew very well that even though the value of the dozens of elixir he took out was not weaker than the few Pozong Pills in his hand.

But let him choose again, he will definitely still use all the elixir in exchange for these Pozong Pills.

Although the elixir he had taken out before was precious, it remained in his hand and could only be sold at a low price to the major forces in Kuronuma City, but Pozong Pill was not something he could buy if he wanted to.

"How can I give up such a rare opportunity? No, I have to go back."

Thinking of this, the warrior didn't even think about it, turned around and flew again toward the medicine valley that had hurriedly escaped before.

Although he didn't have the elixir in his body, he still had some other materials and good things. He was wondering whether he could change more pill, even if it was another Pozong Pill, he would earn it.

It's not just him.

Many of the warriors who left the Forbidden Medicine Valley for the first time flew away from a distance that they thought were safe, and they all took out the pill that they had exchanged for, and immediately, just like this warrior, they were all shocked.

Po Zongdan!

Shengzongdan!

Heart Pill!

Hao Yundan!

Which one is not the rare pill that these fifth-order Wuzong need most? They are all pills that money can't buy.

At the same time, they also understood that Qin Chen really wanted to exchange the pill. How could they give up such an opportunity?

After hesitating, they all rushed back one by one.

While these people rushed back, Qin Chen had already stopped the purchase.

In the entire valley, almost 80% of the warriors exchanged with him, and the remaining more than a dozen warriors were still suspecting that Qin Chen was deceiving them, so they all watched Qin Chen vigilantly, not at all. The plan to exchange before.

"Okay, almost done."

Qin Chen didn't care about this.

What he disliked the most was to force others. Since others were unwilling to exchange, he would not force others. What's more, there was not much left to change the five-grade pill on his body.

Of course, the most important thing is that after the previous purchase, Qin Chen has received two to three thousand elixir, and combined with the many high-level elixir he grabbed from Liu Ze, the elixir in his body has reached an extreme level. The astonishing number is completely enough for his next cultivation, and he doesn't need to buy again.

"let's go!"

Putting everything away, Qin Chen didn't care about the expressions of the more than a dozen people. He took the Yin family siblings and quickly left the Forbidden Medicine Valley.

Chapter 618

Seeing the back of Qin Chen leaving directly, the remaining dozen or so warriors who were staring at him and condensing true strength were all stunned.

what happened?

Don't the other party want to kill them?

how can that be?

Just when they were suspicious.

"Swish swish!"

From outside the medicine valley, people suddenly swept in.

"Huh? Where are the two seniors?"

"Where did you go?"

Seeing the empty medicine valley with only a dozen people left, the warriors who came in were all stunned.

As more and more warriors came back, everyone was sighing.

"Unfortunately, I'm late."

A group of people sighed. They all knew that since Qin Chen and the black slave weren't here, they must have left. Alas, if they knew this before, how could they leave in such a hurry.

One by one was extremely depressed.

It's just that their depression fell in the eyes of more than a dozen warriors, but it seemed extremely strange.

"Why are you back?"

They looked stunned and couldn't help but ask.

"We naturally want to exchange some pills with those two seniors."

"Yeah, these two seniors are really righteous. They have enough strength to take away things from us, but they are so kind. They have to use pill to exchange them. It is a loss for us to go so early now. ."

"I hope he will come back. Seeing that he wants to collect high-level elixir, it must be of great use. I have to pick more high-level elixir. Then I will have the opportunity to exchange it with the two seniors again."

"That said, I don't think you need to be too greedy. The pill we got before is enough to improve our strength. Sometimes, it may not be a good thing to lose some."

"That's right, the two seniors killed the people of the Black Order here. It won't be long before there will be experts from the Black Order. Let's leave quickly."

From the conversations of these people, the remaining ten warriors finally understood the reason.

These guys turned out to be back to deal with Qin Chen and the others.

And the reason why they came back in such a hurry is entirely because the pill that Qin Chen took out to trade with them were all top-notch pill that was extremely rare to the fifth-order Wuzong, and even rare pill that could not be purchased from outsiders. .

The more than a dozen warriors who had suspected Qin Chen before, and had not traded with Qin Chen at all, were all dumbfounded and bitter in their hearts. They even regretted their intestines.

Because they doubted Qin Chen, they didn't deal with each other at all, and as a result, they didn't get a single pill that could improve their strength.

Especially after knowing that the pills that Qin Chen traded were all perverted pills like Pozong Pill, all of them were going crazy.

This is a good thing, even if they take out all the elixir in their body and exchange only one pill, they will agree.

Even some of them had to exchange with other warriors who had been traded on the spot, using the elixir on their bodies to exchange the pill that they had obtained before, even if they only exchanged one or two pills, they were willing.

"Also, who would exchange it with you idiots? This is Pozongdan. I may not be able to buy good things after searching the whole Bianzhou. Even if you give me a bunch of elixir, what is the use?"

Knowing that the ten or so people left behind hadn't even traded with Qin Chen, the warriors who had been traded before suddenly became ridiculed.

Make you doubt!

Okay now, a bunch of elixir is rotten in your hand, even if you get to Kuronuma City, what's the point of getting some real stones? Can you exchange it for a rare pill like Pozong Pill?

What's more, after the underground ruins are opened, almost everyone can get some high-level elixir. It can be said that the price of high-level elixir in Kuronuma City will definitely drop by more than half in a very short period of time. The finished medicine is exchanged with them.

After a ridicule, these lives were afraid of being remembered, and they left the Forbidden Medicine Valley one after another, leaving only the more than a dozen warriors who had never traded, and they wanted to cry without tears.

At this time, in a valley hundreds of miles away from the Ban Pharmaceutical Valley, Qin Chen and the Yin family stopped.

"Where are you two going next?" Qin Chen saw that the surrounding area was safe, and then looked at the Yin family brothers and sisters.

"Little dust, we decided to leave here immediately and leave directly from the periphery of the Black Death Swamp." Yin Feng made up his mind.

They not only offended the Gufeng Merchant Guild, but also the Black Order. It can be said that the entire Black Marsh City has no place for them.

Once the news here spreads, they will never have a chance to survive under the pursuit of the Black Order.

"Yeah." Qin Chen nodded, knowing what they thought in their hearts: "If this is the case, there will be a period of time later."

Everyone has his own life, and in this dangerous swamp of black death, he can't always take the two of them.

"By the way, there is little dust. We heard people say that a relic center appeared thousands of miles south of this underground ruin. Now the masters of all major forces in Kuronuma City have passed away, even the Great Zhou Dynasty and the Great Xia Dynasty. There are also masters over there. If you are going to the depths of this underground ruin, be careful." Yin Feng reminded.

"Relic Center?" Qin Chen's eyes lit up, and he nodded immediately: "Thank you for reminding us, we know."

"Then we will leave, there will be a period later."

Yin Feng acted very decisively. After handing over with Qin Chen and the others, he immediately took his younger sister Yin Hong and flew out of the underground ruins. Obviously, no matter how many treasures there are in the underground ruins, he didn't want to take a trip to this muddy water. .

Qin Chen nodded. Such people are content. Although they may not have particularly amazing achievements in the future, they will always reach a height that other ordinary warriors cannot reach.

"Let's go, let's go to the ruin center to see what this place is."

Qin Chen smiled faintly, and the two black slaves flew towards the center of the ruins that Yin Feng said.

The speed of the two was so fast, an hour later, they had already arrived near the so-called ruins center.

After seeing the scene in front of them, Qin Chen and the black slave took a breath.

In this so-called relic center, there are already many warriors, from Wuzong to warriors, and there are continuous warriors coming here. It is certain that as long as one day passes, there will be more than a thousand warriors here.

"I am afraid that most of the warriors in this underground relic have arrived here, right?" Qin Chen stared at the thousands of warriors in front of him.

This was the first time he saw so many warriors after he came to the Black Death Swamp.

The warriors in front of them seemed to be faintly divided into three forces, and they were very distinct. At the front of this group of warriors, there was a ruin.

In the Black Death Swamp, there are swamps everywhere, and the sudden appearance of this dry wilderness ruin will naturally attract everyone's attention.

And at this time in the ruins, a group of warriors with extraordinary momentum are searching for something, and it seems that they have not found anything of value.

Chapter 619

"It seems that the ruined place should be the so-called ruin center. Let's go and take a look."

Qin Chen and the two were bold and talented, and walked directly towards the ruins in front of them.

There are many warriors on the field, and warriors join every moment. According to the truth, Qin Chen's arrival should not attract the attention of many people.

But after Qin Chen and the black slave joined, they went straight to the ruins, and they immediately attracted everyone's attention.

"What is the origin of these two guys? They dare to go directly to the center of the ruins, are they looking for death?"

"Isn't it because I saw the ruins center and thought about vying for treasures, so I was dazzled."

"Humph, let's just wait for a good show."

When many warriors standing outside the ruins saw this scene, they all sneered.

Especially after seeing Qin Chen so young, he immediately thought it was a disciple of which family Qin Chen was. I didn't know the sky was high and the earth was thick, so I wanted to go to the center of the ruins to get a share.

"I know these two people. The man in the cloak defeated the bloodthirsty demon when he was in the black marsh square. If it weren't for the vice president Liu Ze of the Gufeng Chamber of Commerce to stop him, he might have killed the bloodthirsty demon. ."

"What? You mean the man in the cloak killed the bloodthirsty demon?"

Someone said in surprise.

The bloodthirsty demon is quite famous in Black Marsh City, and can be regarded as the leader of the Wuzong in the late stage of the fifth stage. Therefore, it was heard that the black slave had defeated the bloodthirsty demon, and it immediately attracted some martial artists astonished.

"It's more than just defeating the bloodthirsty demon. I also know these two guys. When they teleported into the Black Death Swamp, they killed the ghost beast."

There were also two warriors who were transported in with Qin Chen and the others, and they immediately said in a condensed voice.

"What, they can kill the ghost beast."

"Don't you have a fever in your brain?"

"What's the joke, the ghost beast is invisible, even the sixth-order martial masters may not be able to easily find out that they can kill the ghost beast?"

If the black slaves defeated the bloodthirsty demon and only caused some waves in the crowd, then they killed the ghost beast, which is equivalent to directly throwing a blockbuster in the crowd.

The ghost beast has always been one of the most terrifying blood beasts in the black death swamp. Wu Zong will almost certainly die when he encounters it. Even the powerful Wu Zun will have a headache, and the black slave can kill the ghost beast, so they are not shocked.

In the surrounding discussions, Qin Chen and the black slaves have come to the edge of the ruins.

At this time, he also saw that outside the ruins, it seemed that an invisible natural isolation zone had formed. Almost 90% of the thousands of fighters stood outside the isolation zone of the ruins, only a few. Some warriors only entered the ruins.

Qin Chen frowned, just about to enter the ruins.

"Someone, get me back."

Suddenly an angry shout rang, boom, and then an evil sword light flew from the ruins and slashed straight towards Qin Chen and the black slaves. The sword light was sharp and stifling, obviously to Qin Chen and the black slave broke apart.

"Is the master of the Earth Demon Sect."

"I'll just say that these two guys are going to die. The Earth Demon Sect of the Great Zhou Dynasty acted cruelly and unscrupulously. It would be strange if they didn't do anything when they saw someone break in."

"Too reckless."

The crowd had been paying attention to this place, and when they saw someone making a move, a sigh was heard. In addition to others, the corners of their mouths were mocking and sneering.

"court death!"

After the black slave broke through Wu Zun, when was the cold ice spear appeared in his hand so much, and when he picked it lightly, a shadow of the cold ice spear swept across, and instantly shattered the light of the knife, and the shadow of the spear With a sweep, the black slave pierced out with a shot.

"Boom!"

A spear light with a cold air penetrated the void, and suddenly disappeared into the place where the blade light attacked.

"boom!"

The ruins suddenly exploded, and a warrior holding a sword flew out instantly, spouting blood, and a transparent wound was pierced through his left shoulder. A thin layer of ice spread over the wound. Embarrassed and fell to the ground, his face frightened.

"Unfortunately, it's a bit deviated and failed to penetrate this guy's heart."

The black slave shook his head. With this shot, he shot directly at the place where the knife light swept, but the man was hiding behind the ruins, so he only penetrated his right arm, otherwise, the other party will undoubtedly die.

"Bold."

"Dare to do something to the people of the Earth Demon Sect of the Great Zhou Dynasty."

"Are you going to die?"

The sound of anger sounded, whoosh whoosh, and instantly a few figures swept from the ruins. These people were all Wuzongs of the fifth-order peak. Two of them even reached the half-step martial arts realm, with an astonishing aura like crazy. The waves swept in.

"Your people will attack us first. I think it's you who are looking for death? Just you guys, I can kill them all in an instant!"

The black slave narrowed his eyes, which contained anger. The highest cultivation level of these people was only a half-step martial arts, and they were so arrogant.

However, he is not a reckless person. There are so many warriors here, there must be masters, so he did not act rashly, not to mention these people are still warriors of the Demon Sect of the Great Zhou Dynasty.

In a sparsely populated place, the two and a half martial arts dared to yell at themselves and killed them directly.

"Your Excellency is so loud, do you think you are invincible?"

Suddenly, a cold, harsh voice sounded, and, a black shadow suddenly flew out of the ruins, and fell in front of the few people, full of coldness.

This person has a strong aura, just standing there, it is like a big mountain oppressing, giving a strong sense of suffocation.

Master Wu Zun?

The black slave's eyes narrowed, and the aura on the opponent's body was as deep as hell. Obviously he was a master at the rank of sixth-order martial artist, not even an ordinary martial artist. Like him, he also reached the initial peak of sixth-order. Compared with Liu Ze, only strong but not weak.

But the black slave did not have the slightest fear, and sneered: "You think you are invincible. This place is the swamp of black death. Why do you people stop us? If you want to fight, I will fight with you!"

After the breakthrough, the black slave hadn't fought well. At this moment, the fighting spirit erupted all over his body and he was about to attack the enemy.

"Nigger, don't be impulsive."

At this moment, Qin Chen spoke suddenly.

Whoosh whoosh!

I saw a number of silhouettes suddenly appeared in the ruins. These silhouettes were strong and weak, but the aura of each person was extremely terrifying. Among them, there were no less than ten people at the rank of martial arts.

The aura of these people gathered into a monstrous aura, giving people a strong shock.

"So many martial arts masters?"

The black slave's eyes shrank suddenly, revealing amazement.

Chapter 620

Rank 6 Wu Zun belonged to the top powerhouse in the Dawei Dynasty. It can be said that any one is enough to form a powerful force in the states of the Dawei Dynasty.

Now, no less than ten martial arts masters appeared all of a sudden, so the black slaves were not shocked.

What shocked him even more was that the breath of some of the martial arts masters was even far above him.

"At least he is also a martial arts master in the middle of the sixth rank!"

The black slave's eyes condensed.

So many masters are enough to crush Bianzhou, which can be called abnormal.

He violently mentioned it, and immediately felt that his previous shots were too reckless. He was fine by himself, but if Chen Shao was in danger, it would be troublesome.

Compared to the black slave's shock, Qin Chen's face was quite calm, and he even had a good time to observe the many powerful men in the ruins.

Among these powerhouses, the aura on each person is extremely different, and besides every martial arts master, there is a group of martial arts masters.

The most eye-catching is the strongest Wu Zun among them. Qin Chen's soul power swept a little, and he immediately saw that these people were obviously all martial artists at the peak of the mid-tier sixth stage.

That's all right, the most important thing is that there are a few young people around these top martial masters.

Among them, three pairs are the most amazing. Among them, a young man, a man and a woman, are men in their early twenties, wearing purple and gold python dragon robes, with elegant temperament, like an abyss, and young, they are already Wuzong in the late fifth stage.

The woman next to him was only fifteen or sixteen years old, but she was already Wu Zong in the early stage of the fifth stage.

A vigorous old man, who belonged to the top of the more than a dozen martial arts present, stood by the two respectfully at this moment, like a servant.

Not far away from this pair of men and women, there is a young man with a look of yin and bird, also wearing a five-claw python robe, more than 20 years old, also from the late fifth stage Wu Zong, his body is extremely cold, staring at this with a sneer side.

In addition, there is a middle-aged woman with a cold face. Beside her, there is a cold woman standing. She is about nineteen years old. She is already in the late stage of the fifth stage. She coldly looks at the ruins in front of her. I ignored what happened here.

"What an amazing talent, these people, can it be that the prince of this powerful dynasty failed?"

Qin Chen was surprised that the most outstanding young man he had seen was the three great arrogances of Xuanzhou at the time when the ancient southern capital was compared, but even Di Tianyi, Hua Tiandu, and Leng Wushuang were only half of the Wuzong realm. The difference between this pair of men and women is more than ten thousand miles.

"What's the matter? The old man breaks the line and needs to be quiet, don't you understand?"

A cold voice came, and among the many strong men, an old man with gray beard and hair, coldly opened his mouth, with an unpleasant color on his face.

"Everyone, these two people don't know where they came from, and they ran directly into the center of the ruins."

"This person should be a strong man in your Dawei dynasty, right? The innocent ran directly into the center of the ruins. Isn't there anything to say?"

"Not only rushing into the center of the ruins, but also wanting to kill the disciples of our Demon Sect. Are you the warriors of the mighty dynasty so uneducated?"

Some of them sneered coldly, sneered at the corners of their mouths, and looked to the side of the ruins.

The black slave stared intently, and for a moment, he saw that there were also many strong men standing there. One of the young men was Mo Xiang who had been taught by them at the gate of Black Marsh City.

In addition, there are some people who exude a powerful aura. Obviously, they are the powerhouses of the major forces in the city.

Seeing Qin Chen and the black slave, Mo Xiang's face suddenly burst into anger, and he shouted: "Father, this was the guy before, and he insulted the child when he was at the gate of Black Numa City..."

When Mo Xiang saw Qin Chen, he was excited and angry, and said hurriedly to Mo Xincheng beside him.

"Oh, it's them?"

Mo Xincheng's mouth sneered and frowned.

"Owner, do you want your subordinates to teach them and avenge the young owner?" Mo Qing said solemnly.

Mo Xincheng nodded, and just about to speak, his face suddenly changed when he saw the ice spear in the hands of the black slave.

"Wait a minute."

He looked at it intently, and his eyes suddenly showed a solemn meaning, and muttered: "Isn't this spear the weapon of Liu Ze from the Gufeng Chamber of Commerce?"

"Owner what did you say?" Mo Qing was taken aback.

Mo Xincheng's heart turned anxious, and his face was solemn. Liu Ze from the Gufeng Chamber of Commerce was also very familiar with him. He pretended to be benevolent on the surface, but in fact he was cruel, murdering and overwhelming.

And this ice spear is Liu Ze's most important treasure. This weapon, any warrior will probably protect him personally, but now, Liu Ze's ice spear fell into the hands of these two men. This meant that Mo Xincheng had to think deeply.

While he was meditating, on the court, the elegant young man frowned and said, "Since I have discussed this here, I only need to be a sixth-order martial artist to join. Since there is a sixth-order martial artist among the two, then naturally there is no need to stop it."

"Hmph, that's how it is said, but these two people hurt my disciple of the Demon Sect, how can it be counted?" The Wu Zun expert of the Demon Sect coldly said, with cold light in his eyes.

"Before, it was your disciple of the Demon Sect who made the move first, and the other party just counterattacked. What's more, your disciple of the Demon Sect didn't fall, so what can you say." The elegant young man said lightly.

Qin Chen also understood at this time. Obviously, these people had already discussed before. This ruined land only allows the rank 6 martial masters to enter and search. Therefore, after he and the black slaves enter, they will be blocked.

"That said, is my disciple of the Demon Sect in vain hurt?" The expert of the Demon Sect Wu Zun said angrily.

"Presumptuous, how did you talk to my Daxia Ninth Prince." The old man beside the elegant youth had a gloomy expression.

"Hahaha." The Demon Sect powerhouse laughed and sneered: "Your Excellency is so majestic, I am a great Zhou martial artist, do I still need to listen to your Daxia Prince's orders?"

"That's good." The cold young man who also wore a python robe smiled grimly: "Xia Wushang, your Daxia dynasty is too broad, right? Even the warriors of the Dazhou dynasty want to control it. Then, will it? This prince will also be under the jurisdiction of your Daxia warrior?"

"Zhou Xun, you know what this prince meant. Since this person is a strong Wu Zun, he is naturally eligible to participate in the search. At this point, your warrior from the Great Zhou Dynasty did something wrong, and this prince is doing things according to the rules." Said indifferently.

"According to the rules? Indeed." The cold youth nodded, "Since this person is a sixth-order martial artist, he is indeed eligible to join the search. However, he made a random move before and smashed into the Zuo Puppet Master, destroying the Zuo Puppet Master's broken formation. , How to calculate?"

This person aimed at Qin Chen, obviously not wanting Qin Chen and the others to survive.
