

Valkyrie 631

Chapter 631

"This little brother, since the Puppet Master Zuo has given up, he should open the channel?"

"You said clearly before. As long as the gambling contract is over, the entrance channel will be opened for the first time. You can't believe it, right?"

"Hurry up and open the channel."

Seeing that Zuo Puppet was willing to give up, everyone immediately looked at Qin Chen.

What they fear most is that Qin Chen has no faith in words and does not open the channel.

"Don't worry, you guys, if Ben Shao does what he says, naturally he won't be like this left pseudo."

Qin Chen smiled faintly and waved his hand, the passage opened instantly and appeared in front of everyone.

Everyone was taken aback, obviously they didn't expect Qin Chen to be so decisive, saying that the opening was really opened directly without hesitation.

"Count your acquaintances!"

Zhou Xun looked at Qin Chen coldly. He had been thinking about it for a long time, if Qin Chen didn't open the entrance, what would he do to get Qin Chen obediently.

Unexpectedly, Qin Chen didn't give him a chance.

At this moment, among the crowd outside the ruins, a person wearing a black cloak was looking at Qin Chen coldly.

"This person killed the youngest blood eagle? Fortunately, I arrived in time. There is still a trace of the breath of Lord Rudder on him. If it takes a while, I am afraid that he will be lost. "

The man in the cloak looked gloomy, and it was the blood demon elder who came from a long distance.

In fact, he has been here for more than a moment.

He could see clearly what Qin Chen did before.

"Master Rudder gave me the order to take this person back alive, but now the entrance to this ruin center is in the hands of this person. If you act rashly, it will definitely attract the attention of others. We should wait until we find an opportunity to take action. Sound captured this person."

The man in the cloak squinted his eyes, his mind floating.

"Wow!"

And when everyone's thoughts were floating, among the ruins, the middle-aged Wu Zun, who had been stopped by Qin Chen before, shook his body, the first to react, and the first to rush into the entrance.

"Om!"

A ray of light passed over him, and the person instantly disappeared into the entrance and entered the interior of the ruins.

"This son is really cunning, he was the first one to go in."

"Go, let's go in quickly."

Whoosh whoosh!

Upon seeing this, many warriors in the ruins couldn't help but rushed towards the entrance of the cave, obviously wanting to rush into the ruins before the others.

Seeing the powerful men of the major forces in the ruins, one after another entered the ruins, outside the ruins, the many Wuzongs gathered suddenly became anxious.

All the warriors who came to the Black Death Swamp had a very simple purpose, and that was to search for treasures.

Now the entrance to the ruins is right in front of them, but they can't enter, so they are not anxious.

"Go, let's go in too."

"Rush in."

Several leading peak Wu Zong couldn't help but screamed, rushing towards the ruins.

It was just that before they rushed into the ruined place, with a snorting sound, a sharp blade of light swept across the sky, and the leading Wuzong peaks were instantly split in half, and the blood and internal organs were thrown on the ground.

Such a tragic scene instantly caused many other Wu Zongs to retreat in horror, looking at the bodies of several people with amazement on their faces.

"Only the top forces are qualified to enter the ruined land. Everyone else will retreat, otherwise they will be killed without mercy." Zhou Xun said with a cold snort.

Beside him, a Wu Zun of the Great Zhou Dynasty, holding a battle sword with a grim face, his tongue stretched out, and he lightly licked the blood on the sword, revealing an intoxicated look, eerie and terrifying.

He was the one who shot and killed the peak Wuzong.

"Why, why only you can get in?"

"Yes, everyone is a warrior who has come to the Black Death Marsh to experience, so why only you are qualified."

Some people refused to accept and shouted in the crowd.

"Why?"

Zhou Xun's eyes were indifferent, and he winked at the Wu Zun beside him. Then Wu Zun gave a grin, and his figure instantly swept into the martial arts team outside the ruins. He snorted, and the two who spoke before immediately screamed. In a different place, blood splashed several feet high.

The other warriors all around retreated in horror, their eyes full of fear.

After Wu Zun killed the two, his figure shook, and he returned to Zhou Xun again, as if half of everything had happened.

Looking at the many Wuzongs who were pale in front of him, Zhou Xun sneered: "With this, or that sentence, the disciples of non-top forces enter the ruins and kill without mercy!"

His tone is cold, with domineering and arrogant, which makes people shudder.

"Everyone, you should have no opinion." Zhou Xun looked at the many other powerful men in the ruins.

The others were silent, and they obviously agreed with Zhou Xun's decision.

In Tianwu Continent, the weak eat the strong, and the weak have never had the opportunity to argue with the strong.

In addition to the waste, thousands of Wuzong powerhouses have pale faces, their fists are clenched, and they are full of anger.

But beyond that, they can't do anything.

Tier 6 Wu Zun is much better than them, and wants to kill them, but it is a trick. Although they have a large number of people on the field, they really want to fight. They are not the opponents of Zhou Xun. .

Even if the other party sends a few rank six martial masters, they can sweep their group.

Qin Chen didn't say anything about this.

Even if he agreed to let this group in, it would only harm them.

This is the sorrow of the weak.

"Everyone, we all keep some people down and guard this ruined place, and the others, go in together, how about?"

Zhou Xun looked at many other forces.

Everyone nodded.

At the moment, many forces on the field entered the entrance one after another after leaving some people behind.

The rest of these people are on guard in the ruins.

"Father, what shall we do?" Mo Xiang looked at Mo Xincheng on the side of Yu Beast Villa.

Mo Xincheng glanced at Qin Chen and frowned, "It seems that the grievances between you and this kid are the only way to go back. Let's go in too."

Immediately, under the leadership of Mo Xincheng, a group of people at Yu Beast Villa also left a part, and the others all entered the ruins.

The other side.

"Let's go in too." The vice president of the Black Order was about to take people in. Suddenly, a figure flew from outside the ruins, and the figure swept into the ruins while shouting loudly. People of the Black Order of the City."

"Let him in." Seeing this, the vice president of the Black Order stopped and immediately shouted in a low voice.

The several Wu Zun who had originally planned to take action to intercept, after looking at the people of the Black Order, immediately stopped the shot and returned.

"Why are you here?" Seeing the visitor, the vice president of the Black Xiuhui Longyan frowned. "Didn't I arrange for you to search and alert outside?"

"Vice President Longyan, our black cultivator has just found a secret medicine valley, who knows..."

After the warrior arrived, he immediately said to Long Yan in fear, and at the same time looked at Qin Chen's location frequently.

Chapter 632

"What? Are you sure?"

Long Yan was startled, and glanced casually at Qin Chen's position.

"Subordinates are sure." The warrior affirmed.

Long Yan's expression was gloomy for a long while before he solemnly said: "First put this matter aside, and after you come out of the ruins, I will find this person to settle the account."

Qin Chen naturally saw the actions of the Black Order here clearly.

He immediately understood that his killing of the Black Xiuhui Half-step Wu Zun in Medicine Valley might have leaked out.

However, he did not take it seriously.

With his current strength, he has no fear of the Black Order.

Therefore, he just looked at the people of the Black Order indifferently and entered the entrance.

And when all the powerful forces entered the ruins one after another, the elders of the demons in the crowd also rushed towards the ruins.

"Old man, that is Wu Zun strong, let it go!"

Seeing someone blocking him, he immediately shouted, and the person who was blocking the block felt the strong martial arts aura on the elder Tianmao, and immediately retreated.

The elders of the Heavenly Demon rushed directly into the entrance as if entering no one's land.

When entering the entrance, he inadvertently glanced at Qin Chen's location.

"Ok?"

The gaze of the demon swept, Qin Chen suddenly raised a warning sign in his heart, suddenly looked up, only to see a black figure, submerged in the entrance.

"The breath on this person is very familiar, it seems..."

Qin Chen was startled, and immediately seemed to have thought of something, a cold stern appeared in his eyes.

The whole process is long, but in fact it is only a moment.

In a short moment, almost all the powerhouses in the ruins have entered the ruins.

"Let's go in too, Zuo Pseudo, you make the way ahead."

Qin Chen shouted to Zuo Puppet on the side.

"you....."

Left pseudo angry.

Does this kid really treat him as a slave?

Seeing amidst the ruins, there were only a few strong guards left to chat, and Zuo Puppet's heart suddenly became malicious.

"Now that the man in the cloak is not by his side, if I make a sudden move, maybe..."

Zuo Pseudo glanced at Qin Chen, and a sharp expression flashed under his eyes.

A thought suddenly emerged in his heart, taking advantage of the absence of black slaves and no other strong men, to kill Qin Chen here.

As soon as this thought rose, his blood spurted and his heart pounded.

This may not be impossible.

However, thinking of the martial arts clone Qin Chen mentioned earlier, Zuo Pseudo calmed down again.

"No, it's not the best opportunity yet. Wait until the ruins are in the ruins to see if there is a better opportunity."

The eyes closed sharply, and the left pseudo obeyed, taking the lead into the entrance.

Looking at Zuo Pseudo's disappearing back, Qin Chen sneered at the corner of his mouth before entering the entrance.

A feeling of dizziness came, and the next moment, the eyes lit up again.

Qin Chen imagined the scene before him many times, or it was a ruined palace, or a place resembling a black death swamp, or a mountain, or even a huge elixir garden.

But when he entered it, he found that what appeared before him was a vast valley.

Outside the valley in the distance, the fog lingered, I couldn't see anything at all, and my mental power couldn't sweep it out.

But in the valley, it was empty, but in front of the valley, there was a stone platform. There was nothing on the stone platform, but there was a huge rock with some complicated lines on the rock.

In addition, in the depths of the valley, there are still some powerful formation restrictions. Perhaps because of the age, the formation restrictions that should have been hidden have become faintly visible.

The entire valley is empty. If there is any treasure, it must be in the form of ban, just like the forbidden medicine valley that Qin Chen snatched from the black cultivator before.

At this time, the warrior who came in first immediately blocked the water surrounding the stone platform, trying to see what was happening.

But on this stone platform, apart from some weird lines, there was nothing, and there was no trace of restriction and formation.

Many people were immediately disappointed.

In addition, there were also a group of people, surrounded by black slaves and Xu Xun in the middle of the crowd, surrounded by groups.

"Say, what treasure did you get after you came in?"

The leader was Zhou Xun, shouting sharply there.

"Although I was the first to come in, but after we came in, it was like this, and I didn't get any treasures." Xu Xun said coldly.

Although the black slave didn't speak aside, it was obviously the same.

"You didn't get anything? You thought I would believe it. This place is the center of the Black Death Swamp Ruins. There are no treasures?" Zhou Xun looked ugly.

They came here with all their hardships, but they didn't expect to see only an empty valley. The anger in their hearts was naturally uncontrollable.

"Zhou Xun, Xu Xun is the Zongwei of my Daxia Dynasty. Your Excellency is too wide, right?"

Xia Wushang let out a cold snort, walked in and said coldly.

Everyone gave way to a path, showing fear.

In fact, if Xu Xun had not been under the command of the Ninth Prince Xia Wushang, he would have been killed by someone like the Black Xiuhui.

But Zongwei of the Daxia Dynasty like Xu Xun still has many people who dare not take it rashly.

After all, once Xia Wushang was angered, Xia Wushang was furious and sent dynasty masters to come, and the Black Marsh City forces like the Black Xiuhui could not stop it at all.

Although there is an agreement between the three dynasties that the territories of other dynasties cannot be infringed, the Daxia dynasty really has to act desperately, and a power like the Black Order is destroyed, and the Dawei Dynasty will not be for the black order. , Just go desperately with the Daxia Dynasty.

At most, some diplomatic conflicts between the two parties are caused.

"Huh, Xia Wushang, this emperor is not against your Daxia dynasty, but this person and the cloaked person entered this valley first. If there are any treasures, they will definitely fall into their hands. This prince wants to check. There is nothing wrong with it."

Others were afraid of Xia Wushang, and Zhou Xun naturally had no fear.

"The prince's Zongwei, I see who you move, not to mention, my Zongwei also said before, after they came in, this valley is like this, there is no treasure at all."

"Hahaha, do you think I will believe it?"

"Believe it or not, but if you are Zong Wei who dares to move, I Xia Wushang, I will kill you today." Xia Wushang shouted coldly.

"It's up to you?" Zhou Xun said disdainfully, but he didn't go to provoke Xia Wushang anymore. Instead, he looked at the black slave and snorted coldly: "You, hand over the storage ring and let the prince check it. Fan."

In his opinion, if there are treasures, it is not in Xu Xun's hands or in the hands of black slaves.

The black slave snorted and ignored him. At this moment, he had seen Qin Chen with surprise on his face. After shouting, he was about to walk over.

"Take him down for me, even if that kid has a martial arts clone on him, I don't believe he has it. As long as you kill him, you will naturally know if they have got any treasures here."

Zhou Xun gave a grin, and several powerful men of the Great Zhou Dynasty immediately surrounded the black slaves.

Chapter 633

"How about? Obediently hand over the storage ring, or let the prince's people kill you and **** the storage ring?"

Zhou Xun's eyes were cold, his eyes were high, like a hunter looking down on his prey.

The reason why he didn't do anything with Qin Chen and the black slave before was just because he was worried that he would not be able to enter the ruins.

But now that he has entered the ruins, Zhou Xun will naturally act unscrupulously.

Although he didn't dare to rush to Qin Chen, but killing the servants around Qin Chen was also extremely fun.

Look at that kid, he will not be arrogant later.

Seeing that he was surrounded by many powerful men of the Great Zhou Dynasty, and even the martial arts in the middle of the sixth rank, the black slave's heart suddenly sank, and he instantly took out the heavenly devil flag.

A strong demonic energy filled the world.

"Devil flag?"

In the crowd, the elders of the Heavenly Demon saw the Heavenly Demon Banner, his eyes condensed, and a trace of anger flashed under his eyes: "They really killed the blood eagle."

"Hahaha, you won't be alone, do you want to fight so many of us? Okay, let me see, what are you capable of?"

Zhou Xun waved his hand and immediately ordered to do it.

"Really an idiot."

At this moment, a sneer suddenly came.

"What do you mean?" Zhou Xun sneered and looked: "Now your servant is in our hands. Killing him, can you stop this prince from failing?"

"You are really an idiot to say you are an idiot."

Qin Chen slowly stepped forward and said, "They will come in for a while. If there are treasures here, there will be no traces of them?"

Everyone was taken aback.

Indeed, if there are treasures such as elixir here, even if they are taken away in advance, there will be no traces.

"Moreover, I think what everyone cares about right now is not whether there are treasures, but how everyone gets out!" Qin Chen said in a deep voice.

"What does he mean?"

"Huh, there is no exit in it?"

"It seems that there is no teleportation array."

"This....."

After Qin Chen reminded, everyone woke up.

The entrance for them was a passage opened by Qin Chen outside the ruins, but after entering, they appeared directly in the valley, and the entire valley was covered by white mist, and there was no way out.

In an instant, everyone noticed this problem.

No exit, how to get out?

"Go, look for it!"

At this time, people's attention instantly shifted from the black slave, and even Zhou Xun's brows were frowned.

Can't get out, this is indeed an extremely serious problem.

In an instant, everyone searched in this valley.

At this time, the black slave finally returned to Qin Chen.

"Little dust, after I came, this is what it looks like here, and there are no traces of exits around. The spirit hunter stayed outside the forbidden formation for a long time before, and it was still hovering in this valley for a while, obviously There should be treasures here, but I don't know where the treasures have gone, but it's important to note that after the Spirit Seekers came to the edge of the white mist on the periphery of the valley, they didn't dare to move forward. Great danger."

As soon as the black slave returned to Qin Chen, he immediately spread the voice.

Qin Chen nodded.

He asked the black slaves to come first, just to explore the ruins first. He didn't expect it to be such an empty valley.

As for not finding the treasure, Qin Chen discovered it right from the beginning. From his eyes, it was natural to see that there was no smell of treasure left.

"In that case, there should be some good things in this formation restriction, but where is the exit?" Qin Chen frowned.

At this time, after the others searched it again, they all gathered again.

Everyone's expression is heavy.

After searching by so many people, there was still no exit.

Just when everyone is feeling heavy.

One of the Wu Zun suddenly looked at the white mist lingering outside the valley and said, "Perhaps this place is also in the black death swamp. We only need to pass through the mist later, maybe we can go outside."

"It's possible." Everyone nodded.

"But these white mists are too weird, maybe it's very poisonous." Someone whispered.

This is not impossible. The Black Death Swamp is famous for its poisonous miasma. If they say that the mist is not poisonous, they are somewhat suspicious.

In fact, many people have thought that passing the white mist is an outlet before, but they are afraid of the white mist and have not put forward it.

"Find someone to go over and try." Another Wu Zun said.

Hearing that, everyone looked at him like an idiot.

This is a life-threatening thing, who would be willing to try?

"You go over!"

Zhou Xun suddenly pointed at Mo Xiang.

At this time, instead of targeting Qin Chen, he hadn't found the exit right now. Qin Chen was one of the people with the highest formation skills on the field. Perhaps the export matter would fall on him.

"Why me!" Mo Xiang's expression suddenly became frightened, and he hurriedly hid behind Mo Xincheng: "I'm not going."

"Your Excellency, what do you mean?" Mo Xincheng's face sank as he looked at Zhou Xun coldly.

"He is the weakest one on the court. He won't go, are you going?" Zhou Xun sneered.

"Hmph, you have to go by yourself." Mo Xincheng was furious.

"You're looking for death!" A Wu Zun's face sank beside Zhou Xun, and he immediately walked forward with a murderous look.

"Do you want to fight? My Royal Beast Villa is not scared."

Mo Xincheng gave a cold sigh, and several strong men from Yu Beast Villa suddenly stood up.

"Roar!"

And the blood sickle beast beside Mo Xincheng also came forward coldly, with blood-colored cold light blooming in its eyes, and the tyrannical aura permeated the valley.

Several people around Zhou Xun frowned slightly.

Several people in Yu Beast Villa, even if it was Mo Xincheng, they didn't take it seriously.

But the blood sickle beast made them quite jealous. This kind of sixth-order blood beast in the Black Death Swamp is extremely terrifying to go crazy, combined with Mo Xincheng, the martial master of the early sixth-order peak, although it is still not Their opponents, if they hurt His Royal Highness, that would be troublesome.

The scene suddenly froze.

In the end, everyone could only look for a new target and locked on a fifth-order Wu Zong of the Dawei Dynasty.

Naturally, there will be no warriors in the Daxia Dynasty and the Great Zhou Dynasty, and there are Xia Wushang and Zhou Xun. Naturally, they are not allowed to risk their deaths by the warriors under their command. Only the Dawei Dynasty and no royal family are present, only some Kuronuma City and The forces near Bianzhou are like scattered sand.

The power of the fifth-order Wuzong, although there was also a sixth-order martial master who came here, but it was only the first-order martial master of the sixth stage. Under the oppression of so many people, although they were extremely angry, they had no choice but to accept.

Because he knew that if he hadn't accepted it, even he himself would have to die.

Under the panic, Wu Zong knew that he had no way to escape, so he could only take down all the detoxification pills on his body, then propped up the true power shield, and cautiously entered into the white mist.

Chapter 634 Shadow Soul Beast Lair

This person was extremely nervous and made up his mind. Once he found something was wrong, he would return immediately. As long as he returned in time, even if there was a problem, he might not die in it.

At this time, everyone was staring at the fifth-order Wuzong, and their hearts were as nervous as this person.

Soon, that fifth-order Wuzong whole person entered into the white mist.

"how about it?"

Someone immediately asked nervously.

"It seems there is no problem!"

Others saw that the fifth-order Wuzong entered the white mist, and they all inhaled a lot of white mist, but they were still safe and sound, and immediately let go.

It seems that these are just ordinary white fog. Although there is no exit from this valley, when the time comes, you may be able to go out by passing through the white fog.

I was thinking so.

Suddenly a screaming scream sounded, before everyone had time to react to what happened, the fifth-order Wuzong who entered the white mist instantly shrivelled, turned into a mummy, and fell to the ground.

The whole process was so short that the opponent didn't even have time to exit the white mist.

"The ghost beast is the ghost beast."

"There are ghost beasts here!"

Everyone was horrified.

This state of death is exactly the same as the attack of the ghost beast, and the ghost beast can be said to be a nightmare for all warriors who enter the black death swamp.

The faces of the warriors present were so gloomy, they raised their weapons one after another and looked around in horror. It seemed that what they had entered was not a treasure land at all, but a nightmare land.

"Don't panic, everyone, there is no ghost beast in this valley."

At this moment, Xia Wushang suddenly said loudly.

"How do you know?" someone asked immediately.

Xia Wushang said calmly: "If there were ghost beasts here, we would have been attacked by ghost beasts long ago."

Many people calmed down.

Indeed, the ghost beast is very eager for the essence and blood of human beings. If there is a ghost beast in the valley, it will not have been attacked until now.

"There is indeed no ghost beast here." Zhou Xun also said coldly.

In fact, no one knew that Zhou Xun and Xia Wushang had treasures that could sense ghost beasts, but they had to wait until the ghost beasts were within tens of meters before they could sense them.

This is also the reason why they dared to enter the Black Death Swamp to experience, and they had searched the valley before, and none of the treasures on their bodies reacted. It can be seen that there is no ghost beast in this valley.

"But the person just now..." But there was still someone nervously pointing at the mummy corpse in the white mist.

"Let me take a look."

The middle-aged woman in the Xuanyin Pavilion gave a cold shout and took out an ancient mirror from her body. The ancient mirror flashed a white light at the location of the white mist, covering the place where the fifth-order Wuzong died.

The next moment, the expressions of the warriors present were all dull, and there was a look of horror in their eyes, as if they had seen something terrifying.

I saw that the place covered by the white light of the ancient mirror, dark black shadows flashed continuously, these shadows were densely packed, and everyone saw at least a dozen in a short moment.

"hiss!"

The sound of inhaling air-conditioning sounded one after another, and everyone's hair was horrified for an instant, and their entire body was erected.

The place shrouded in white light was only a small piece, but that small piece, there were at least a dozen ghost beast phantoms, how many ghost beasts were there in such a large white mist?

Are they in the lair of the ghost beast?

At this time, even the faces of Zhou Xun and others were extremely ugly.

Fortunately, these ghost beasts don't know why, they seem to be unable to leave the range of the white mist and enter the valley. Otherwise, once so many ghost beasts are killed, no matter how many warriors come in, they will probably be destroyed in an instant. Kill.

At this moment, everyone was silent, the atmosphere was frozen, and there was no mood to speak.

After half a day, everyone's complexion improved.

Because everyone knows that no matter what, they came in, and the only thing to do now is to find a way to get out.

Fortunately, as long as they don't enter the white mist, these ghost beasts cannot enter the valley at all at present.

"Anyway? Let's break the restrictions on these formations first. There are so many restrictions on the formations here. There may be some treasures inside, or a way out." The middle-aged woman in Xuanyin Pavilion put away the ancients. Mirror, said in a deep voice.

"Yes, these formations are forbidden here, certainly not for no reason."

"Maybe there is a way out inside."

"I don't believe it, this ruin center can only come in, not go out!"

"Then what are we waiting for?"

At this time, everyone came to sober, knowing whether they were in a hurry, and they all calmed down.

Moreover, the chances of treasures appearing in these prohibited formations are very likely to be very high, even if there are exits, it is not surprising.

"I agree with Elder Xuanyin Pavilion Luoying's opinion, but there are only seven formation bans here, and there are at least 20 forces on the field. If there are really treasures in it, how should we divide it?"

"How to divide? Naturally, it is based on strength." Zhou Xun of the Great Zhou Dynasty walked out proudly, occupying the center of a formation restraint and said: "This restraint prince wants it."

After he finished saying that, several masters of the Great Zhou Dynasty immediately followed.

Zhou Xun's approach was seen by other strong players on the field, and others immediately took action.

Among them, Xia Wushang of the Daxia Dynasty also occupied a central formation restriction.

Two people from Xuanyin Pavilion also occupied one.

In addition, among the other strong men of the Great Zhou Dynasty and the Great Xia Dynasty, a group of people also came forward and occupied one each.

As a result, there were only two formation restrictions on the field.

"Longyan, you guys, why don't we join hands to occupy one?"

Seeing this, Mo Xincheng immediately said solemnly to Long Yan of the Black Order.

Mo Xincheng knew very well that there might be treasures in this formation ban, or treasures like a medicine garden.

This is something everyone covets.

Now that the Dawei Dynasty does not have a top master, it is impossible to occupy one with his strength alone. It is better to join hands with Longyan and the others, so the probability of occupying one is extremely high.

"Okay!" Long Yan didn't hesitate at all, knowing that Mo Xincheng's plan was the most reasonable. The two immediately united the powerhouses of Black Numa City and Bianzhou City to occupy a formation restriction.

As a result, there was only one formation restriction on the field immediately.

However, there are still several forces that do not account for the barriers of the formation. Among them, there are three or four Wu Zun powerhouses of rank six.

In addition, Qin Chen and the black slaves did not occupy the formation restriction.

So everyone looked at Qin Chen for the first time.

Because they all knew that with Qin Chen's temper, he would definitely occupy a formation forbidden.

Chapter 635

The remaining warriors who did not occupy the formation restriction were immediately anxious, because they knew that once Qin Chen occupied the formation restriction, they would definitely not have their share.

Therefore, without waiting for Qin Chen, a few people shook their bodies, and they had to rush up to occupy the last formation restriction.

However, before they rushed forward, suddenly a figure flashed past, already before the last formation restriction, and said coldly: "This formation restriction belongs to the old man."

It is the elder demon!

Everyone stared blankly at the figure that suddenly appeared, only to realize that the one who occupies the last form restriction turned out to be an old man in black that they were not familiar with. He exuded a cold aura, and was obviously also a powerful martial artist. .

This sudden scene stunned everyone.

The faces of the few Wu Zun powerhouses who did not occupy the formation restriction even showed anger.

They had never seen this person before. Obviously, he was the last warrior who came here. He was so rampant that he directly occupied a formation restriction. They also said that the formation restriction was his. It was too arrogant and arrogant.

When all of them are nothing?

More importantly, after this person took over, they suddenly lost the opportunity.

"Old stuff, you're going to die!"

They were afraid that Qin Chen would speak, they didn't wait for Qin Chen to speak, and the killing intent on their bodies immediately emerged.

One of the middle-aged men with triangular eyes, standing tall, with a battle axe in his hand, directly killed the elder Chaotian Demon.

"Boom!"

The black battle axe burst into an astonishing roar in an instant, and the monstrous shadow of the axe appeared in the void, like a raging wave, wrapped in unmatched power, and instantly came to the top of the head of the demon elder.

In order to kill the opponent for the first time, the middle-aged man used his full force when he shot, and he didn't even keep his hands at all.

At the same time, he coldly shouted at the other three Wu Zun: "What are you waiting for?"

The three martial masters also reacted at this time, knowing that this was their best chance to occupy the last form of restraint, and when their expressions turned cold, they all rushed up, full of cold murderous intent, obviously to be the first. Time will kill or force the elders of the demon.

"This guy is really an idiot."

Seeing this scene, the others around shook their heads speechlessly, obviously thinking that the elders of the demons were too reckless.

Is this formation restriction so easy to occupy? Except for the two princes and the people of Xuanyin Pavilion, the other forces, almost all of them are combined together to occupy one.

But this old man is better, not only did he not unite with any forces, he was even alone.

This behavior is no different from death.

Everyone can even guess the fate of the old man.

When everyone shook their heads and sighed, the elder Tianma suddenly grinned, and a sharp expression flashed in his eyes, facing the sky full of axe shadows, he directly stretched out his right hand.

The black palm fell into the shadow of axe in the sky, like duckweed in the wind, but the face of the middle-aged man showed extreme amazement.

Because he was horrified to find that the battle axe in his hand, as if it had hit the mud, became extremely slow and difficult, and at the same time a terrifying counter-shock was passed on.

"boom!"

Suddenly, the sky full of axe shadow was shattered by an astonishing cold force, fragile and vulnerable.

"You should be the one looking for death!"

Immediately after an icy grinning laughter sounded, the black palm of the elder Tianma seemed to penetrate the void, grabbing the middle-aged man's neck in an instant, and lifting him up.

"You... let me go!"

The middle-aged man looked terrified, and an evil and cold power instantly poured into his body. For an instant, the true power in his body was instantly imprisoned, and he couldn't even work.

next moment.

"Crack!"

The elder Tianmo twisted his neck directly and threw the body on the ground.

The huge black battle axe fell directly at his feet, completely dimmed.

Until this time, the remaining three Wu Zun had not even had time to rush up.

But the middle-aged sixth-order early martial artist who took the lead has become a corpse.

The three Wu Zun's faces showed horror, and they stopped one after another, all looking at the elder Tianma in horror, the anger and killing intent in their eyes had long since disappeared, leaving only fear.

"hiss!"

At the same time, the sound of inhaling air-conditioning sounded one after another on the field, and everyone looked at the elder of the demon in amazement, with solemn jealousy in their eyes.

one move!

Just one move!

A martial artist in the early stage of Tier 6 was beheaded by this black-clothed old man. Although there was a reason for the other side's carelessness, this kind of strength, I have to say, instantly stunned the other powerhouses present.

"The sixth-tier mid-term martial master, even the sixth-tier mid-term martial master!"

Even the Zongwei Captain beside Zhou Xun and Xia Wushang, as well as the eyes of Xuanying Pavilion's Luoying, showed extreme dignity and fear.

They are the strongest players on the field. It is very clear that this old man in black can do this, and he will definitely not be weaker than them in terms of cultivation.

Unexpectedly, at the end of the opening of the entrance, such a terrifying martial master came!

The hearts of several people immediately sank.

One more powerhouse is fine for them, but for the prince they want to protect, it is undoubtedly a bit more dangerous. This is what they are most afraid of.

"You three, do you still want to do it, if you want to do it, hurry up."

Putting away the storage ring of the middle-aged man, the elder Tianma coldly looked at the remaining three martial arts, and said with a grinning smile.

"No, this formation restriction will be given to you, senior, and the strength of this formation restriction is well deserved."

Where did these three Wu Zun dare to do anything? They were all Wu Zun in the early stage of the sixth stage, not much better than the middle-aged man who was killed before, among the first ones.

Really want to go up, I am afraid it is just a trick.

Although the treasure is good, it must be fate to get it!

"Hmph, count your acquaintances." The elder Tianma sneered, then looked at Qin Chen and the black slave.

At this time, Qin Chen did not occupy the field to restrain the formation.

"What did the two of you say?" The elder Tianma squinted and said.

"There is a good show."

Zhou Xun's heart instantly became excited.

This black-clothed old man, at first glance, is a cruel and cruel man, if Qin Chen also wants to occupy a formation restriction, he will definitely conflict with this guy.

If the man in the cloak next to the kid was killed by the black-clothed old man, and he was driven to desperation by the black-clothed old man, it would be fun.

Zhou Xun's eyes lighted up, and his heart was extremely hopeful.

In this way, the martial art clone Qin Chen mentioned earlier immediately knew if it was true.

Chapter 636

Because the last formation restriction hasn't been determined yet, almost everyone looked at Qin Chen. They estimated that Qin Chen's performance outside would definitely fight against the elders of the demon.

But no one is optimistic about Qin Chen.

Although Qin Chen was strong, he was only a fifth-order Wuzong, and the cloak man beside him was just a sixth-order early peak martial artist.

However, this man in black is different from the Deputy Sect Master of the Earth Demon Sect who was killed outside Wuxin, he is an out-and-out sixth-tier mid-stage martial arts, and it is very likely that he is even the peak of the sixth-tier mid-tier martial arts.

Even if Qin Chen and his men joined forces, they couldn't be the opponent of the black-clothed old man.

The only variable is that if the black-clothed old man fancy Qin Chen's formation skills, let him join in the process of breaking the forbidden formation, and give him another piece of the pie, this is not impossible.

Unexpectedly, Qin Chen actually smiled at the black-clothed old man. He didn't come forward and didn't show any interest in the restriction of the formation method. He just bowed his hands and said, "Haha, seniors have good skills. This formation restriction can be regarded as worthy of its name, but the young master is not interested in this formation restriction. The young master still wants to find an exit as soon as possible. This formation restriction belongs to the seniors."

When this word came out, everyone was stunned.

Everyone present was speechless, especially Zhou Xun was extremely disappointed in his heart, looking at Qin Chen contemptuously. When he was outside the ruins just now, he saw that this kid was extremely courageous, but he didn't expect to be so bullied and afraid of hardship.

Seeing that the opponent was a Wu Zun in the middle of the sixth rank, he didn't even need the formation restriction.

Everyone on the scene is almost certain that there are definitely treasures in this formation prohibition. If you don't occupy one, it is almost equal to handing over the treasure to others.

Even the Celestial Demon elder was stunned. When he said this, he had thought about many actions of Qin Chen, but this was the only one he hadn't thought of.

He asked Qin Chen this way. Naturally, he didn't want to do something against Qin Chen. Master Rudder's order was for him to bring back the person who killed the blood eagle. He just wanted to use this formation to restrict the relationship with Qin Chen. If they Mixed together, things will be easier to handle next.

Unexpectedly, Qin Chen refused so directly!

If you let him prepare beforehand, it will be useless at once.

I just wanted to say a few words and pulled Qin Chen over, but after Qin Chen had finished speaking, he shouted to the black slave and Zuo Pseudo, without even knowing his head, he came directly to the place of the stone platform, and seemed to start studying. The lines on the stone platform come.

Elder Sky Demon frowned, and immediately swallowed what he wanted to say before.

Now that Qin Chen is gone, if he yells at Qin Chen again, and deliberately invites Qin Chen to join with the interests of the formation method, it will appear very abrupt, and it may lead to doubts from Qin Chen and others. Can only keep silent.

Seeing Qin Chen walking to the side of the stone platform in the distance, including Mo Xincheng and the others, they were relieved.

It seems that this kid is really not interested in the treasures that are restricted by the formation method.

Moreover, that stone platform is the most obvious place in the valley. Almost everyone has searched it for a long time before, knowing that there is nothing on it, so after Qin Chen went up, no one cared about him.

The girl Xia Wurou of the Daxia Dynasty saw Qin Chen walking towards the stone platform, and asked a little strangely: "Nine brothers, didn't you just say that he would definitely occupy a formation restriction? Why did he go to the stone platform? Haven't any interest in tactical restraints at all?"

Xia Wushang's face blushed slightly, and his heart was also very puzzled. According to Qin Chen's personality, he was definitely not the kind of person who talked and gave in willingly?

According to the strength division of the people before, it can be said that Qin Chen should have obtained the last form restriction, but this guy just smiled at the black-clothed old man who robbed his form restriction, and gave up the formation. Legal prohibition is obviously not in line with common sense.

What's more, this person was extremely arrogant and domineering before, and even looked down on the many dynasties in the Land of Hundred Dynasties. If he was really so powerful, he would not shrink from a sixth-tier mid-stage martial arts.

Or is it true that what he said before is false?

For a while, everyone was puzzled.

"I thought he was so awesome, he turned out to be just a waste of bullying and fear of hardship."

Zhou Xun looked at Qin Chen with a sneer and said something, then turned around and ordered the strong man under his command to attack the formation restriction in front of him.

As Zhou Xun took their shots, everyone began to attack the restraint, and within a short time, there were bursts of roar from the entire valley.

Although these formation restrictions have been a little broken because of the age, they can't be broken easily. Basically, every warrior before the formation restriction is taking turns, without stopping at all.

For the treasures they might get next, these people can be said to be full of energy.

Only he was the only one before the elder Tianmo elder was restricted by the formation. In addition, the three forces who tried to attack the elder Tianmo but returned before, like Qin Chen, did not have the formation restriction to attack. Just standing awkwardly in the valley.

Before other formations were banned, the various forces had already allocated their benefits, and naturally they would not be drawn into the group, because once the three major forces were brought in, they would inevitably split a portion of their benefits, which was simply unwilling.

"You guys, come to me!"

At this moment, the elder Tianma looked at these three powers and snorted coldly.

"What?" The people of these three major forces were taken aback, especially the three leading Martial Masters at the early stage of the sixth stage, and their faces immediately showed a trace of panic.

He has already backed down, isn't this guy still letting them go?

The elder Tianma frowned and said: "The old man calls you over, don't you hear it?"

"I heard, I heard."

Although they didn't know what the elders of the sky demon called them to do in the past, the three of them did not dare to defy the orders of the elders of the sky demon, and they could only walk up cautiously.

The elder Tianma pointed to the formation restriction in front of him, and said coldly: "You three, people with your forces, will attack this formation restriction for the old man. If it can be broken, the old man can give you 10% of the treasures in it. Remuneration."

what?

Hearing this, Wu Zun, the leader of the three major forces, was stunned.

As long as you attack and open this formation, you will give them a 10% treasure. This is true, isn't they dreaming?

"You don't agree?" Seeing that the other party didn't say anything, the elder Tianma's face sank.

"No, no, senior, we promise."

It's strange if you don't agree to such a good thing. Although I don't know if what the elder Tianma said is true, under the current circumstances, the three of them have no choice at all.

So excited, they hurriedly yelled at the disciples under their forces to step forward, and attacked the formation restriction in front of them with all their strength.

Chapter 637: Crazy Refining

"How is it? The old man knows that you are a master of formation. If you join the team that breaks the formation, you can break the restriction of the formation for the old man. The old man is willing to give 20% of the benefits to the three. I don't know what the three think.?"

After letting the people of these three major forces help him break the formation, the elder Tianma immediately looked at Qin Chen and shouted at the three Qin Chen who were looking carefully on the stone platform.

"Hehe, thank you for the kindness of this predecessor, but Ben Shao just wants to find an exit right now. Facing the formation restriction, Ben Shao is not particularly interested, sorry."

Qin Chen bowed his hand to the elder of the sky demon.

But he sneered in his heart: "This guy deliberately invited me over and over again, and even deliberately gave up such a big benefit to these three forces in order to make me believe. It really took great pains."

If the elder of the sky demon didn't look for him, Qin Chen thought it might be an accident or something, but the elder of the sky demon had repeatedly targeted him and immediately let Qin Chen wake up that the opponent was most likely to come to him.

"It seems that I killed the elders of the Blood Demon Sect. I have already been known by the people of the Blood Demon Sect. This guy should be here to target himself!" Qin Chen's eyes shot a cold light.

Sending out a Wu Zun who is at the peak of the sixth-tier mid-term, the Blood Demon Sect really valued himself.

However, it's okay for the other party not to trouble him. If he dares to trouble himself, he doesn't mind giving him a lesson he will never forget.

When the elder Tianma saw that Qin Chen refused to agree, his heart became cold again. In order to prevent Qin Chen and others from doubting, he did not continue to invite Qin Chen. He just turned around and joined forces with the three major forces to start breaking. Array.

What he didn't know was that Qin Chen had already seen his identity when he first appeared.

As everyone began to attack the barriers of the formation, only the roar of the entire valley remained.

And after Qin Chen inspected the stone platform for a long time, his face became more and more solemn. After a while, he turned his head to the left pseudo-dao: "From now on, give me a continuous refining of Tier 6 basic formations. flag."

"Are we really giving up the restrictions on these formations? There are many treasures in it?"

Zuo Puppet looked at Qin Chen in amazement, he didn't understand why Qin Chen gave up these formation restrictions, instead let him refine the formation flag.

Isn't he interested in treasures?

"I asked you to refine the formation flag and then refine the formation flag. Didn't you understand? Give you an hour and time. If you can't refine ten sixth-order basic formation flags, I want you to look good." Qin Chen looked coldly. Zuo Piao coldly shouted.

"Nigger, you come to supervise him."

"Yes, little dust, what to see, don't you start refining soon!"

The black slave stared at Zuo Pseudo and shouted grumpily.

Made!

Zuo's swearing heart is gone.

Refining ten sixth-order basic formation flags in one hour, why doesn't this guy die?

If possible, Zuo Pseudo could not wait to slap Qin Chen into fleshy flesh with a palm, but before Qin Chen and the black slave joined forces, they killed the Deputy Sect Master Zong Wuxin of the Demon Sect with a few moves.

Although he is also a martial master in the early stage of the sixth stage, he is still in the same position as Zong Wuxin in terms of strength. Therefore, under the eyes of Qin Chen and the black slave, he dare not have any resistance at all, and can only start to practice in a rage. Make the sixth-order basic array flag.

And Qin Chen was aside, did not rest, and also began to frantically refine the formation flag.

For a while, the entire valley seemed extremely harmonious, and everyone was doing their own thing without interfering with each other.

I have to say that these formation restrictions are quite powerful. After half a day of attack, these formation restrictions seem to have not loosened much.

And at first, everyone was worried that the ghost beasts would enter the valley, so when attacking the restraint, they would check the surrounding area from time to time, but after half a day, they found that the ghost beasts had been staying in the white mist, and they hadn't even entered. The hearts of everyone were also completely let go.

Dedicated to the cracking of the formation prohibition.

In fact, if everyone on the scene united and attacked one formation restriction at the same time, maybe the first formation restriction would have been broken long ago.

But at this time, everyone seemed to have agreed. Everyone seriously attacked their own formation restrictions. No one raised this idea.

After attacking for a long time, the true power in everyone's body has been consumed a lot, and many warriors began to rest, while resting, breaking the prohibition, preventing the true power in the body from being consumed too much.

At first, everyone thought that this restriction would be broken within a day and a half of an attack.

But what everyone did not expect was that after three days, none of the formation restrictions had been breached. If it weren't for the formation restrictions that had been broken on the original basis and became weaker, many people even thought these formations. The prohibition cannot be broken at all.

In the past three days, Qin Chen was still refining the formation flag, and even the sixth-order array flag refined by Zuo Pseudo had no fewer than a hundred.

"Little dust, when do we have to refine this? What formation are you planning to deploy?"

After three consecutive days of refining, Zuo Pseudo's mental power was almost exhausted. Later, he almost made it while taking the pill to restore mental power.

"What formation do I need to set up, do you need to know?" Qin Chen glanced at Zuo Pseudo coldly: "If you let you continue refining, continue refining. If you talk nonsense, Ben Shao will waste you."

"I'm just asking."

Zuo Puppet murmured a few words, lowered his head, and there was a strong bit of resentment and killing intent in the depths of his eyes.

"This stinky boy, do you treat yourself as a slave? Fortunately, no matter what formation he wants to set up, as long as the formation flag refined by the old man is used, the old man is sure to kill him."

Zuo Puppet roared bitterly in his heart, and while refining, he made a small hand and foot on each of the sixth-order basic formation flags he refined.

"This kid is only a fifth-order cultivation base. Before he had a high vision, he opened the entrance. The old man is doing tricks on this sixth-order formation. What can he see? When the time comes, the formation he has set up is complete. I don't know what it feels like when I am under the control of the old man, hum!"

Zuo Pseudo gritted his teeth, resenting, and constantly refining.

If it weren't for this reason, would he really work so hard to refine the formation flag?

And when the refining reached the fourth day, Qin Chen stopped the refining and began to use the previously refined formation flag to arrange the formation around the stone platform.

The formation flags were thrown around the stone platform by him, gradually forming the basic structure of the formation.

"Has the formation started? Does this guy want to open an exit with the formation?"

Upon seeing this, Zuo Pseudo gave a cold smile in his heart.

Chapter 638

For him, the more Qin Chen used his flag, the more beneficial it would be for him.

The array flags fell, forming an astonishing array structure around the stone platform. At the beginning, Zuo Nian could still see a little more clearly, but when he got behind, Zuo Nian's face gradually became serious.

Because he found that the formation structure that Qin Chen laid down didn't look complicated on the surface, and it didn't even seem to reach the sixth-order level.

But when the formation of the ring and the formation of the ring were combined, it formed a very complicated and weird big formation, even his sixth-order formation master, could not understand it, there was a feeling of mist in the clouds.

"Does this guy really come from a top power outside the land of a hundred dynasties?"

Left pseudo secretly frightened.

He can also be regarded as one of the top mages of the Great Zhou Dynasty. Although it is not the strongest, there are only a few mages who are stronger than him in the entire Great Zhou Dynasty. Yes, or the royal consecration.

But even with his eyes, he couldn't see the effect of Qin Chen's formation, which made him uneasy.

This kind of formation attainment is by no means the level possessed by the land of a hundred dynasties.

"Hmph, no matter what the identity of this kid and what formation is laid, as long as the old man's formation flag is used, once the formation is activated, the old man will naturally understand the law and function of the formation. When the time comes, the old man will Using the hidden door set up on the formation flag, instantly counter-control the formation. At that time, isn't this kid at my disposal?"

"Even, from him, the old man can still get a lot of unprecedented knowledge of formation!"

Zuo Pseudo's heart suddenly heated up. If Qin Chen really had a book on the formation technique far beyond the land of a hundred dynasties, once he was obtained by himself, with his sixth-order formation skills, he would even become the strongest in the entire Zhou Dynasty. It's not impossible for the array mage.

At that time, even the royal families of the major dynasties will respect themselves and be called masters.

Just thinking about it, Zuo Pseudo was blood boiled.

Thinking of this, Zuo Puppet could no longer care about the exhaustion of mental energy in his mind. Without Qin Chen's urging, he even more frantically refined the basic formation flag of Tier 6.

Because he knew very well that only when Qin Chen arranged his formation, the more he used his formation flag, he would be more familiar with the operation of the formation and it would be easier to counter-control.

In this way, both sides have their own minds and are all caught in refining.

On the fifth day, a violent vibration sounded, and an extremely strong fragrance of elixir filled with it. Even Qin Chen who was in the formation could not help but raise his head. He guessed that there should be a formation. The legal prohibition was broken.

He raised his head and saw that an array restriction in the distance had been broken. It was the pair of women from the Xuanyin Pavilion who broke the formation.

There are only two of them occupying a formation restriction, which can be said to be the largest pair on the court, but Zhou Xun and Xia Wushang didn't even say anything, and they even broke the restriction the fastest, which made Qin Chen couldn't help but shocked slightly.

At this moment, the formation restriction in front of the two of them has been broken, and a strong fragrance of elixir exudes from the broken formation restriction. The rest of the people stopped their attacks and looked at the broken formation. Prohibition.

After seeing what was inside the formation restriction, the eyes of everyone around him turned red. The formation restriction was indeed a panacea, and it was not a simple panacea.

I saw a lush medicine garden inside. Among them, the lowest grade is the fifth-order elixir of Astragalus, and the sixth-order achyranthes and seabuckthorn seeds are more.

These are nothing, the most terrifying thing is that there are still a few Huazun grasses, which are enough to make the sixth-order martial sovereign crazy!

Among them, astragalus flower is the main material for refining the fifth-order blood clotting pill, and it is also the main auxiliary material of the sixth-order blood clotting pill. Once the sixth-order blood clotting pill is refined, it can make the sixth-order martial arts be injured at a very fast speed. Recovery is the most terrifying effect among the sixth-order healing pills.

But the blood clotting pill is even stronger. After using it, the martial artist can quickly restore combat effectiveness, and even heal while fighting.

You know, for a warrior, the most worried thing is getting injured in the course of the battle. Once injured, the combat effectiveness will naturally be greatly reduced, and in the next battle, it will naturally become more and more difficult, and even fall.

But once you have such a bottle of Coagulation Pill on your body, once you are injured, after taking it directly, it will hardly affect your combat effectiveness. What effect is this?

It is a must-have medicine for every warrior who licks blood at the edge of the knife.

And because the astragalus flower is extremely rare, this kind of blood clotting pill with astragalus flower as the main material is extremely rare in the Dange all over the dynasty, and it is almost impossible to buy it. It is only possible to encounter it at some auctions.

Achyranthes bidentata and seabuckthorn seeds are both the materials of the sixth-grade real power pill. The real power pill refined from these two spirit medicines is known as the best recovery real power pill among the sixth-grade. Within the period of time, the true power consumed by the warrior's body was restored, other than that, there were no side effects.

These two elixir are the same as the blood clotting pills before, and they are almost the most precious pill in martial arts battles.

At the same time, these two kinds of elixir are extremely rare, otherwise they are almost a must-have medicine for any Wuzun strong outside.

But the most terrifying thing here is the few Huazun grasses. Huazun grass is the elixir of the sixth-order peak, and at the same time the most core main material for refining the sixth-rank Huazun pill.

When the Huazun Pill heard its name, it was known that it was a breakthrough medicine. It was the best medicine for the fifth-order peak Wuzong to break through the bottleneck of the sixth-order Wuzun realm. It also had a very good effect on the breakthrough of the sixth-order Wuzun martial arts.

It is possible for a warrior in the sixth-order small realm to have a certain chance to break through the next small realm.

What is this concept?

That is to say, as long as you get this Huazun grass, let a sixth-rank pinnacle alchemy master refine into Huazun Dan, which is enough to make several fifth-rank peak martial sects of the same faction break through to the sixth-rank martial god. A few more Wu Zun.

How terrible is this?

What's even more amazing is that these Huazun Pills can even make some Wu Zun at the peak of the early stage of the sixth stage break through to the middle of the sixth stage, and even make the Wu Zun at the peak of the middle of the sixth stage break through to the late stage of the sixth stage.

For so many strong players on the field, this is simply crazy stuff.

For a moment, everyone's eyes heated up, greedily staring at the elixir in the broken array restriction.

Elder Luoying of the Xuanyin Pavilion saw the greedy eyes of many warriors around him, and suddenly said coldly: "There are seven formation restrictions here, we just broke one. I think you should pay attention to your own formation restrictions. ."

Sure enough, Elder Luoying reminded that all the jealous people came to sober up, and even more desperately attacked their own formation restrictions.

Since there were so many rare elixir in the first formation restriction, obviously there may not be less in their formation restriction.

Chapter 639

Seeing other people's eyes shift, Luo Ying immediately breathed a sigh of relief.

In fact, being stared at by so many people, even if she had an extraordinary background, she couldn't help feeling a cold sweat.

"Zhiwei, you quickly go in and collect all these elixir. With these Huazun grasses, my Xuanyin Pavilion is fully confident that you will be able to break through to the sixth-order Wuzun realm within a month or two. , The nineteen-year-old sixth-order Wuzun, your talent is very likely to stand out in the Misty Palace election and become a disciple of the Misty Palace. By then, our Xuanyin Pavilion will not be in the current situation, our Xuanyin Pavilion The long-cherished wish for many years may also be achieved!"

Elder Luoying said excitedly.

"Yes, Master!"

At this time, the girl Zhiwei, who had been cold on her face, also showed a hint of excitement.

Obviously, seeing that Huazun grass, I was extremely excited and excited.

Not to mention her, even Qin Chen, who was far away on the stone platform, had a flash of heat in his eyes.

The quality of the elixir in this medicine field was completely higher than the elixir he had obtained before, and it was even rarer than the Wing God Flower, Golden Blue Grass, and Sky Jade Star he had obtained before.

Especially that Huazun grass is also an indispensable elixir for him to break through the realm of Wuzun in the future.

It's just a pity that even though he craved these things, they are not his now.

"Less dust!"

Seeing Chen Shao's fiery gaze, the black slave knew what Qin Chen was thinking. In fact, his heart was quite excited.

You know, Huazun grass is useful to Qin Chen, and it is also extremely effective to him.

With these Huazun grasses, he might be able to break through to the middle stage of the sixth stage within half a year, which is even further away from his goal of revenge.

"Set up first."

Qin Chen understood what the black slave meant, but didn't say anything, just lowered his head and continued to set up the formation.

"Huh, now I know that I am jealous? What an idiot. I didn't go to occupy the formation restriction just now. Some people even wanted to let the formation restriction be given to him. They all falsely refused, and now I am jealous, what is the use."

Zuo Pseudo glanced at Qin Chen with disdain, then quickly lowered his head and continued to refine the formation flag, his hand movements can be said to be non-stop.

After being stimulated at this time, everyone was madly breaking the formation, and no one paid attention to Qin Chen.

Xia Wurou, a girl from the Daxia Dynasty, had been observing Qin Chen. Seeing Qin Chen's fiery gaze, she immediately knew that Qin Chen was moved by these elixir.

"Brother Nine, this guy also seems to want these elixir." She quietly said to the Ninth Prince Xia Wushang.

Xia Wushang stopped and looked at Xia Wurou for a moment. Then she realized that it should be Qin Chen. She was taken aback again, and sighed: "Look at the spirit of our formation restriction. Medicine, if there is more, you can give him a little bit. After all, it's not him, we can't come in here."

"Ok."

Xia Wurou nodded, with a smile on her face.

The old man from the Daxia Dynasty shook his head and sighed when he heard the conversation between the two.

The nine princes and sixteen princesses are good at everything, but they are too kind in their hearts.

With so many forces present, who is not desperately trying to get more elixir, only the two of them are stupid enough to separate them.

You should know that the elixir in the Xuanyin Pavilion formation method just now was extremely rare even among the imperial family of the Daxia Dynasty, and could not be easily found.

but.

As the captain of Zongwei, although he did not understand Xia Wushang and their actions, as a guard, their purpose was to protect Xia Wushang. As for how to do things, he naturally listened to the Ninth Prince Xia Wushang.

Perhaps it is precisely because of this character of the Ninth Prince that he has been the happier one among the captains of many princes' guards.

"Forget it, don't think about it. Since the Ninth Prince has no idea of fighting for hegemony and power, as Zongwei, we naturally only need to be with him."

Thoughts flashed, and the old man kept making moves, frantically bombarding that formation forbidden.

He knew very well that the struggle for imperial power, intrigues, and intrigues, His Royal Highness the Nine Princes had no intention of harm, but they might not be harmed by others.

The only thing they can do is to assist the nine princes as much as possible to make him grow better. If this time, they can also get Huazun grass, so that the nine princes can break through to the realm of martial princes. A lot of weighing, offending such a martial arts prince with a promising future, what will be the consequences.

"Boom! Boom!"

At this time, the deafening roar continued to sound, and after Xuanyin Pavilion's array ban was broken, the second and third bans soon began to be broken.

The large-scale high-level elixir was revealed one by one after the formation restriction was broken.

Qin Chen stood on the stone platform, but his eyes became increasingly fierce.

Green Dream Grass, Resurrection Fruit, Shaping Root, Purple Pepper Vine, Dragon's Blood Mushroom, Serum Shura...

Qin Chen discovered that the elixir in these medicinal fields were not exactly the same. Many elixir found in the formation prohibition were different. In addition to the elixir of the fifth and sixth orders, they even discovered some of the elixir of the seventh order.

Let everyone present tremble wildly.

The seventh-order elixir is a king-level elixir.

This was placed in the land of hundreds of dynasties, it was definitely the top elixir, even if it was in the treasure chest of the royal family, there might not be many, every plant was almost a treasure of the town.

Moreover, the seventh-order elixir, once refined into an elixir, can definitely make the sixth-order martial masters present, a qualitative leap in strength.

After these people broke the barriers of the formation in front of them, it took only a few moments to scavenge all the elixir in the medicine field.

In particular, some medicine fields have seventh-order elixir, and some don't. Those who get seventh-order elixir are all excited and unreliable. Those who don't get it will have a gloomy and ugly face.

And many medicine fields are divided into one by several forces, so the two or three Tier 7 elixir has also become a problem in distribution. After the two sides quarreled, they were reluctantly divided.

But everyone knows that this is not the final distribution.

Once outside, the major forces will definitely fight each other, even secretly kill and **** each other's elixir, including forces that are currently cooperating like the Royal Beast Villa and the Black Order.

After all, in this small space, the reason why it was able to be safely distributed, and no killings occurred in the end, was only because there were too many forces. Starting from the distribution of the prohibition formation, a balance has been reached, and no one is willing to actively destroy this balance.

But once this ruin is out, the balance is instantly broken, and then there will definitely be a **** storm between the various forces.

"My friend, the main hall and your Excellency hit it off right away. We have some Tier 6 elixir here. In order to thank your Excellency for bringing us in, you can choose some." Xia Wushang came to Qin Chen, took out the storage ring, smiled and arched his hands. .

This time Xia Wushang's luck was not good, so he didn't get the seventh-order elixir, just some sixth-order elixir, but for him, he was quite satisfied.

It's just that he just wanted to get close to Qin Chen, only to find that the stone platform where Qin Chen was located couldn't get close at all.

"what!"

Xia Wushang suddenly became astonished, and looked at the three people Qin Chen standing on the stone platform with doubts.

Chapter 640

"Is this stone platform set up with a defensive formation? Why can't I get closer?" Xia Wushang said in a daze.

Qin Chen smiled and nodded and said, "Yes, the nine princes, I have arranged a formation around this stone platform, so I can't get close for the time being."

"You are..."

The Ninth Prince was stunned, not understanding what the purpose of Qin Chen's formation was.

They have seen this stone platform before, except for some weird lines, there is nothing else, set up a defensive array here, is it because they are afraid that others will do it against him?

But Qin Chen didn't get any elixir just now. Now everyone's thoughts are on the elixir that they and others have obtained. How can they be in the mood to trouble him?

Seeing Xia Wushang's face full of doubts, Qin Chen finally stopped the arrangement of the formation at this time, but did not explain.

After several days of work and sleeplessly, he had planted hundreds of Tier 6 basic array flags around the entire stone platform. It can be said that now Qin Chen's control area is densely packed with Tier VI flags.

Zuo Puppet also finally stopped refining.

After feeling the scene around the stone platform, he was taken aback.

Having been a Tier 6 Array Mage for so long, it was the first time that he refined so many basic array flags at once. After a few days, his whole spirit was a bit muddled and consumed extremely seriously.

But in his heart, there was an unprecedented sense of invigoration. That hearty, desperate refinement made his spirit an unprecedented experience.

At the end, the time he spent refining a sixth-order basic array flag was even only half of the beginning.

"Unbelievable, it's just a simple refining of the formation flag, which actually improved my formation skills again."

Zuo Pseudo was shocked in his heart. If he was given time, he would be able to make his own formation skills break through again on the original basis.

But at this time he didn't have time to feel it, and when he recovered, his attention immediately focused on the formation flag around the stone platform.

Of the hundreds of basic array flags, most of them can be said to be refined by him. On each array flag, he made hands and feet, so even though Qin Chen arranged it in a mess, and concealed the array flag.

But Zuo Pseudo's mind can still clearly feel these array flags.

"Such a terrifying formation, this sub-conspiracy is bound to be no small, I must understand the operation of the entire formation, and then find a way to bring control into my own hands, at that time..."

Zuo Pseudo glanced at Qin Chen, a bleak color flashed under his eyes, then lowered his head, carefully perceiving the position of each formation flag and the structure of the entire formation.

At this time, Qin Chen has completely set up the formation. He looked up at the many powerful men in the valley and said loudly: "Everyone, I think everyone has gotten a lot of precious elixir after coming in, and now he must be an urgent desire to go out. Right?"

Qin Chen's words immediately attracted all the warriors on the field.

In fact, as Qin Chen said, after a brief enthusiasm after obtaining the rare elixir, many people woke up. All the seven formation restrictions had been broken, but they still could not find an exit.

This makes everyone's heart heavy.

No matter how precious the elixir is, it is useless if it can't get out. What's more, there are so many ghost beasts outside the valley. One accidentally might even fall here.

"What do you mean by your kid? Could it be that you can get out?"

Zhou Xun turned his head and said coldly.

Qin Chen glanced at him coldly and saw Zhou Xun's bad attitude, so he didn't bother to answer his words.

"You..." Qin Chen's contemptuous eyes immediately caused Zhou Xun's fire to rise, and his murderous intent was agitated.

He just wanted to speak, but when Elder Luoying from Xuanyin Pavilion looked over, he condensedly said: "Your Excellency found the exit? If your Excellency has a way to let us leave, I can send you some elixir."

Elder Luoying was the first to break the barrier of formation, so after collecting all the elixir, she carefully checked the valley again, but still could not find the exit, so she was not optimistic about how to leave here.

Seeing Qin Chen speaking like this now, he immediately understood what this guy should know.

Qin Chen smiled slightly, what he wanted was these words.

He looked at Elder Luo Ying and smiled and said: "This senior is right. I really found an exit at Xia Da, and there is a way to let you leave."

"What? This guy found the exit?"

"Is it on the stone platform?"

"Impossible. We have seen the stone platform a long time ago. It is just a very ordinary stone platform. How can there be an exit?"

Hearing that Qin Chen found the exit, everyone fried the pan at once.

If someone else said this sentence, they might still be suspicious, but what Qin Chen said made everyone immediately convinced.

After all, they were able to come in because Qin Chen broke through the natural formation in the ruins outside. It could be said that he was the one with the highest formation skills on the field. It was not impossible to find an exit with his formation skills.

Qin Chen smiled and said quietly: "You are right to guess, this stone platform is actually a teleportation formation, but this is an ancient formation, and it is already a little incomplete, and it has also consumed a lot of energy. , I figured out the law of operation of the entire formation, and when you made a fortune, you worked hard and worked hard to rearrange this teleportation formation, repair it successfully, and make it perfect."

Qin Chen hadn't fully spoken yet, and the valley immediately felt like a pot exploded, the astonishing noise rushed into the sky, and the whole valley buzzed.

"This stone platform turned out to be the teleportation formation that left?"

Zhou Xun's face was shocked, his figure shook, and he was about to rush towards the stone platform, but he dared to approach the stone platform tens of meters, with a bang, a white light suddenly appeared in the void, and Zhou Xun was shocked. Flew out.

"Your Highness."

The old man around Zhou Xun's complexion changed and he hurriedly helped Zhou Xun. The other people who rushed up to see Zhou Xun being shot out, they stopped one by one, frowning.

They discovered that the entire stone platform, including a radius of tens of meters around the stone platform, had been surrounded by a terrifying formation.

This formation was even extremely secretive, and it didn't begin to appear until they tried to rush in.

"Your Excellency, what do you mean? Why did you seal the stone platform with a formation?" The sixth-order Wu Zun, who had had trouble with Qin Chen because of the eagerness to enter the entrance, said sharply.

"What do you mean? I also want to ask you what you mean." Qin Chen's face sank, and said coldly: "This teleportation formation is painstakingly painstaking. I can't sleep for days and nights, so I can finally finish it. You don't say anything. Just want to take advantage of it directly? How can there be such a good thing?"
