

Valkyrie 641

Chapter 641

"Then what do you want?"

"How is it? Naturally, I will ask for some hard work." Qin Chen said coldly: "You were so happy before you got rich, but this young master is working hard here. If you want to enter this teleportation formation, it's not impossible. For the sake of this young man's hard work before breaking through the battlefield, it is natural to spend some hard work."

Qin Chen sneered the most.

This is his purpose.

Those guys just broke through the barriers of the formation, so happy to search the elixir, they want to leave here without paying a price, there is no such a cheap good thing.

"It's ridiculous." The sixth-order Wu Zun's face sank, and he sneered: "We people, it took so much time and energy to break the barriers of formation, you just want to get the elixir from us. , How can there be such a cheap thing?"

"What's more, you think that with the three of you, you can block so many of us. As long as I wait and break this formation together, is it not easy?"

His tone was for Qin Chen to hear, rather than to others present.

Hearing that, everyone raised their brows.

Indeed, Qin Chen's formation skills are very strong, but no matter how strong it is, where can it be so strong?

Nothing more than a fifth-order Wuzong, even if you add Zuo Puppet, a sixth-order array mage, in a hurry, it is already extremely incredible to be able to arrange an ordinary sixth-order array in a few days.

If there are only a few people in the valley, maybe there is no other way but to let him blackmail.

But now there are hundreds of people on the field, and there are no fewer than 20 rank 6 martial arts, and how many martial arts in the middle of the sixth rank. Will they be stumped by a sixth rank defensive array?

As long as they attacked together, they would break the barriers of the formation before, and a Tier 6 defensive formation could not be broken? At that time, there is no need to pass Qin Chen at all, and it can be directly transmitted.

Thinking of this, many people's minds became fierce, and they looked at each other, and there was a strong killing intent in their eyes.

The Ninth Prince Xia Wushang and the sixteenth princess Xia Wurou also looked at Qin Chen in amazement. They knew that Qin Chen was very enthusiastic about these elixir, but now they were acting a bit crazy.

Occupying the exit and forcibly demanding property is tantamount to being an enemy of all the warriors in the valley, which is simply unwise.

Zuo Pseudo was stunned.

It turned out that this kid was playing this abacus, which was too cruel.

Qin Chen felt the eager atmosphere below, and suddenly smiled coldly, and said, "Such a simple truth, you do not think this Young Master would not think of it? This teleportation formation is extremely complicated. Among you, there is even a high-level formation mage. Nothing. Even if you come in, you can't motivate Ben Shao's teleportation array."

"Secondly, although Ben Shao's formation is so-so, it's completely fine to block your joint attack for a dozen breaths. In addition to this defensive formation, Ben Shao also arranged a self-destruct formation outside the teleportation formation. If you forcibly attack Ben Shao's formation, I'm afraid Ben Shao can only send it out first, but at the same time activate the self-destruct formation. At that time, Ben Shao will get nothing, but you will spend the rest of your life with these ghost beasts. ."

Speaking of this, Qin Chen sneered and said, "I don't know if the elixir you got can let these ghost beasts let you go?"

"you....."

Qin Chen's words are like a basin of cold water, instantly pouring on the heads of all the warriors who are ready to do it.

They all knew Qin Chen's formation skills. Everyone had seen it before breaking through the natural formation outside the ruins.

Originally, in addition to Qin Chen, there was a Zuo Puppet in the crowd, who could break the formation for them, but now, Zuo Puppet has already bet to surrender and become Qin Chen's servants. They can only watch Qin Chen. Arrogant and proud.

"hateful!"

Everyone was angry and clenched their fists. If they could, they could not wait to blow Qin Chen's head with one punch, but at this moment, facing the temptation to leave, they didn't dare to act rashly at all for fear that Qin Chen would ruin it. Transmission array.

"I wonder how many elixir do you want me to hand over?"

Elder Luoying of Xuanyin Pavilion asked in a deep voice.

"Master?"

"Elder Luoying?"

The girl Zhiwei next to Elder Luoying and everyone looked astonished.

They all knew that Elder Luoying's temper had always been extremely irritable, and he didn't seem to be someone who would compromise.

Elder Luoying waved his hand and said: "I am waiting to be here because of this person, and this person has also completed the teleportation array and handed over some elixir, which is not too much."

Elder Luo Ying said indifferently.

At this time, she got the Huazun Grass, she didn't want to get entangled with Qin Chen at all. Compared to handing over some elixir, she was more urgent to find a master alchemy master, refining the Huazun Dan, let Zhiwei Break through the sixth-order Wu Zun, and finally join the Misty Palace.

"Hehe, your Excellency is kind and righteous, I admire you." Qin Chen smiled slightly, "Since your Excellency is so refreshing, Ben Shao won't hide it. Ben Shao worked so hard to let you in and let you go out, which cost too much. Energy, in this way, Ben Shao doesn't need too much. According to each person's situation, Ben Shao asks for a different elixir. It's as refreshing as you, Ben Shao, as long as you get 60% of the elixir in the formation restriction. That's it."

what?

60%?

Everyone looked at Qin Chen in shock, with anger on his face, is this guy crazy?

Even Elder Luo Ying, who had a pretty face at first, turned pale with anger, and a cold glow broke out in his eyes.

She thought that what Qin Chen said required some hard work, and it was just a few elixir of one force, so the sum of such forces on the court would be a big number.

But who knows that when the other party wants 60% of the elixir in his body, isn't this because he has worked so hard to open the barriers of the formation, he eats meat, and he can only drink soup?

"Your Excellency has such a big appetite, you are not afraid to choke yourself to death?"

Elder Luo Ying had an ugly face and said sharply, shaking with anger.

If it weren't for a defensive formation, she would have attacked Qin Chen long ago.

Qin Chen's face also fell gloomy, and he said coldly: "Your Excellency speaks like this, this young man doesn't like to listen. You also said earlier that you can come in because you can go out because you are young. I didn't do it, I just consumed some real power casually, and got 40% of the elixir. What do you want?"

"you....."

Elder Luoying was trembling with anger. "Do you know what kind of power our Xuanyin Pavilion is? Even the many dynasties in this land of hundreds of dynasties dare not talk to us like this. I advise you to think more about it. A backer can be lawless."

Chapter 642

"Threat me?" Qin Chen's eyes were cold: "I don't care what kind of power you are. The youngest boy is the least afraid of threats. Since you don't want this young man's kindness, he has changed his mind

now and wants to go out. Come out the seventy percent elixir that you got from the medicine field, otherwise just stay here."

Qin Chen's tone was cold.

"you....."

Elder Luoying was so anxious that he couldn't say a word.

For a time, the court fell into stagnation, and no one dared to express his position easily.

This mouth is 60% or 70%, it is simply the lion who speaks too much.

If it was a few, they would give it, and no one would be happy to give so much at once.

However, if they don't hand over the elixir, they can't live without it.

It would be great if there was still a master of formation technique, so that they would not be subject to Qin Chen at all.

Another master of formation?

Suddenly, Zhou Xun's eyes brightened and he glanced at the Zuo Puppet in the formation inadvertently.

Turning his eyes, he whispered a few words to the middle-aged Captain Zongwei next to him. Zhou Xun said coldly to Qin Chen: "Huh, who knows if what you said is true or false."

In fact, he was very clear in his heart that what Qin Chen said should be true, after all, if it is false, it is too easy to expose.

Of course Qin Chen knew what Zhou Xun meant. It shouldn't be that he didn't believe what he said, but he wanted to bargain.

He sneered: "Apart from trusting me, do you have any other options? If you can go out from other outlets, then just go. Ben Shao will never take you a cent."

Everyone looked ugly, and what Qin Chen said was really true.

Now they had no other way except to believe in Qin Chen. If there were other outlets, how could they talk so much nonsense with Qin Chen and left long ago.

"You take it easy, one mouth is 60%, isn't that too much?" Zhou Xun said coldly.

Qin Chen waved his hand and said indifferently: "First of all, declare two points. The elixir you want to hand over is 80%, not 60%. Secondly, Ben Shao is not easy at all. When he is outside, Ben Shao has already worked hard. After coming in, Ben Shao hasn't slept for days and nights. The formation flag alone has refined hundreds of pieces and consumed countless refining materials. Isn't this a cost?"

Xia Wurou was amused. She has been paying attention to Qin Chen these days. Most of the hundreds of formation flags are made by Zuo Pseudo, and almost all of the materials are from Zuo Pseudo. He doesn't have it at all. How much refining, but constantly talking about hard work, too cunning.

But she didn't say it, because no matter who made the formation flag, at least the formation method was arranged by Qin Chen, and that Qin Chen came out of the great power, and there would be no objection.

"But this Shitai Teleportation Array is not yours alone, so why do you occupy it? How do you know that without you, we can't activate the Teleportation Array by ourselves." The sixth-order martial master who is not right with Qin Chen, this Shi said with a gloomy face.

"Hehe, those outside formation restrictions are not yours, so why do you occupy them?" Qin Chen said with a sneer.

Do you want to make sense if you fail to make it hard?

It is a pity that even if they are reasonable, they can't talk about themselves.

"Forget it, there is no need to fight anymore, is it 80% elixir? My Highness agreed." At this moment, Zhou Xun suddenly said gloomily.

Everyone looked at Zhou Xun in amazement, he actually agreed, it didn't seem like Zhou Xun's character.

"You can guarantee that as long as we hand over the elixir, we can really leave here? No other requirements?" Zhou Xun said with cold eyes.

"of course."

"Okay, Yirentu, you take the storage ring in the main hall, and give the elixir you just got to this kid."

Zhou Xun took out his storage ring and handed it to Captain Zongwei next to him, then looked at Qin Chen coldly and said, "Boy, all the elixir obtained in this temple just now is in this storage ring. I will let my subordinates give you 80% of the elixir. As long as you get the elixir, you will have to let us go. Isn't it okay?"

"No problem." Qin Chen nodded.

Zhou Xun said loudly to the people: "Everyone is optimistic. The temple now asks his subordinates to give the other party the elixir. If this kid doesn't let me wait to leave, then it's a lie to us. At that time, we will destroy his defensive formation. Fa, the main hall has to see if the teleportation formation he said is true."

When the words fell, the Zongwei captain named Yirentu immediately took the storage ring and walked to the stone platform.

Everyone looked at Zhou Xun dumbfounded, this guy really wants to give the other party 80% elixir? This is too heroic, this is not like Zhou Xun's style at all.

You know, Zhou Xun and the others had received a seventh-order elixir before, so would they be willing to hand it in?

What's more, with Zhou Xun's personality, it would be kind enough not to plunder other people's elixir, and he would take the initiative to hand it over to the kid, and it was 80% of the time, which was obviously impossible.

But even though he was suspicious in his heart, everyone was suspicious again as they watched Yirentu enter the formation with Zhou Xun's storage ring.

Did Zhou Xun really change his sex? In order to leave here, even if he cuts flesh on him, can he bear it?

Regardless, Zhou Xun was the first to step forward and gave everyone present a reference.

They all wanted to see if Qin Chen would really let them go after Zhou Xun handed over the 80% elixir.

Under the gaze of everyone's eyes, Yi Ren Tu was released by Qin Chen and soon came under the stone platform.

"Stop!"

On the stone platform, Qin Chen said coldly, and Yirentu also stopped obediently.

"Where's the elixir? Hand it over, as long as you pay 80%, Young Master Ben will naturally let you leave." Qin Chen said coldly.

"The elixir is here."

The strongest Zongwei Captain of the Great Zhou Dynasty, Yirentu, raised the storage ring in his hand, and at the same time, a grinning suddenly appeared at the corner of his mouth, and a fierce light flashed in his eyes.

"If you want an elixir, dream, and die for me..."

Before Yirentu's words were finished, a terrifying true power suddenly burst out of his hands, and he blasted towards Qin Chen with a punch.

"Boom!"

This fist blasted out, and the world broke and the ground broke. The alien tu was the captain of Zhou Xun's Zongwei, the martial master of the mid-tier sixth rank, and it could be said that he was the strongest on the field.

How amazing is his power with all his strength? The torrent of real power I saw turned into a vast ocean, swallowing it towards Qin Chen instantly.

"Less dust!"

The black slave on the side was shocked when he saw this, the sky demon banner appeared in his hand instantly, rushing out, and blocking Qin Chen.

"Om!"

At the same time, the large formation around the stone platform was instantly activated, and a thick and extreme light curtain instantly appeared in front of Qin Chen, able to stop the attack of the stranger.

Chapter 643: Counter-Control Array

With a "boom", the entire array was shining brightly, with amazing fluctuations.

The warrior outside saw the sudden violent activation of Yirentu, and at the same time he was shocked, he immediately understood his thoughts. He wanted to subdue Qin Chen in the shortest possible time.

Almost for an instant, everyone ran their true powers in their bodies one after another, apparently taking advantage of the opportunity of the alien slaughter to take advantage of this formation together.

But before they even waited for them to take action, they heard a bang, and the attack of Yirentu blasted into the light curtain in front of Qin Chen. He returned without success and was said to have restrained Qin Chen, even breaking the formation. Can't do it.

Everyone took a deep breath, what defensive formation is this? It's terrible.

Yirentu can be said to be one of the strongest people on the field, and even before he violently shot, he couldn't even cause any harm to Qin Chen!

"Do you think you don't know what you think?"

At the same time, Qin Chen's mocking voice came, rumbling into everyone's ears, full of coldness: "It's naive to want to take advantage of the opportunity of handing the elixir to stop the young man!"

"Is it?"

The attack was stopped, but Yi Ren Tu's face did not show the slightest loss or panic, but instead revealed a trace of conspiracy to succeed.

"go!"

With a loud shout, he slammed into the Zuo Phantom who hadn't noticed at all. His figure retreated in an instant, almost in the blink of an eye, he had already taken the Zuo Phantom out of the formation and rushed out instantly. The range of the formation.

"His Royal Highness, fortunately fulfilling the mission!"

Holding Zuo Phantom in one hand, Yi Ren Tu instantly fell beside Zhou Xun and said lightly.

"Hahaha, good!"

Zhou Xun laughed loudly, patted Yirentu on the shoulder, then looked at Qin Chen with a smile at the corner of his mouth, and said triumphantly: "Boy, you thought that the prince sent the Yirentu here to kill you? There are too many. The purpose of this prince is just to rescue the Zuo Puppet Master of the Great Zhou Dynasty. With the Zuo Puppet Master, I see how arrogant your Excellency is. I really think this teleportation formation is the only one for you. Can it be broken?"

This sudden scene stunned everyone present.

At the same time, one by one showed ecstasy.

What a noise!

Looking at the reactions of Qin Chen and the black slave, it was obvious that the other party did not believe in Zhou Xun at all, and had long been prepared for the massacre of foreigners.

But they didn't expect that the purpose of the slaughter of foreigners was not them, but the Zuo Puppet Master of the Great Zhou Dynasty who was previously controlled by Qin Chen.

Zuo Phantom is a sixth-order formation master, and when he saw that kid set up the formation, he watched from the side. With his accomplishments, if Qin Chen could set up a teleportation formation, then this Zuo Phantom would be the same.

In this way, everyone didn't care about Qin Chen at all, relying on Master Zuo Puppet to leave the ruins.

"Less dust!"

The black slave's face was ugly, and he obviously didn't expect the other party's purpose to be Zuo False, and his eyes were full of regret.

Qin Chen's expression was also extremely cold, and he said coldly: "Zuo Puppet, you are a young slave, what are you doing there, don't give Ben Shao back."

"Hahaha, slave?" Zhou Xun sneered, "Master Zuo is the master of the formation of my Great Zhou Dynasty. How can you be your slave? Hey, let's be anxious now."

Zhou Xun was very proud of his decision, full of pride.

He smiled and looked at Zuo Puppet, and said: "Zuo Puppet, I'll wait to get out later, but it's up to you. As long as you can let the main hall leave here, the main hall promises to recommend you to be the royal worship of my Great Zhou Dynasty and enjoy a lot of benefits every year. "

"Thank you, Your Highness the Sixth Prince."

Leaving Qin Chen's control area, Zuo Pseudo was relaxed and smiled at Zhou Xun.

Qin Chen looked ugly and sneered: "Zhou Xun, you are too naive, this person is a trash at all. When he was outside the ruins, he couldn't even break the natural formation. He could spur the teleportation array. , Idiotic dreaming."

Everyone looked at the Left Pseudo.

To be honest, they are also a little nervous, don't know whether Zuo Puppet can spur the teleportation formation. After all, the lines on the stone platform can't see the traces of the modern formation. According to the kid, it belongs to the ancient formation.

Whether Zuo Pseudo can be activated is still unknown.

Once the Zuo Puppet can't do it, they will ultimately be subject to Qin Chen.

Feeling the tense gaze around, Zuo Pseudo smiled freely and freely: "Please don't worry, everyone, the teleportation array, the old man wants to move, it is easy."

"Oh? Really, when did you become so powerful?" Qin Chen sneered.

Everyone is also very different from Zuo Puppet's confident attitude.

"Hahaha." Zuo Puppet laughed and looked at Qin Chen's gaze, full of coldness and killing intent: "Boy, you may not know, all the sixth-order basic formation flags that the old man refined before have done it.

Hands and feet, it is ridiculous that you are still in the dark, a stinky boy who also wants to be the master of the old man, he does not live or die!"

Zuo Puppet said proudly to everyone: "Don't worry, the old man does not need to rearrange the teleportation array. Eighty percent of the array flags used in this array are refined by the old man. Put the opponent's formation authority into control."

Zhou Xun was overjoyed. He didn't expect that there would be such an unexpected gain.

"Hahaha, Zuo Puppet, immediately take over the control of the formation, everyone has heard it, and I will immediately follow the main hall to capture the kid, then the price of the main hall to open the teleportation array will definitely be more generous than this one. many."

Zhou Xun was so excited.

I have to say that Qin Chen's actions gave him a good example. Once he has taken control of the teleportation formation, wouldn't he let him choose the elixir in other people?

"What? You did everything on the banner?" Qin Chen was shocked when he heard that, looking at Zuo Phou in anger, his face instantly pale.

"Hahaha, what do you think? Treat the old man like a dog. You asked for it."

Seeing Qin Chen's angry expression, Zuo Puppet's heart was refreshed and exulted.

When Xia Wushang and Xia Wurou saw this, they couldn't help sighing.

Qin Chen was still too naive. After winning outside the ruins, he had to keep Zuo Puppet by his side. How could this guy be willing to do things for you? Once there is a chance, I will definitely take a bite.

Zhou Xun was even more excited and laughed: "Puppet Zuo, what are you waiting for? I haven't seized control of the formations. Without these formations, I think this kid is still arrogant."

"Yes, Your Highness!"

Zuo Pseudo respectfully saluted, then smiled coldly, and quickly squeezed the tactics with both hands, an invisible mental power instantly permeated.

"Buzzing..."

I saw the formation around the stone platform, trembling instantly, as if uncontrollable.

Everyone's eyes widened and couldn't help being extremely excited.

It seems to be true, this Zuo Puppet is really cunning, pretending to submit to Qin Chen, unexpectedly doing so many tricks in secret.

Chapter 644

Under all eyes.

Zuo Pseudo kept squeezing his hands, his eyes were sharp, and he tried his best to control the formation flag of his own hands and feet in the formation.

In the large array, the constant buzzing sound gave people a feeling of uncontrollable.

A moment passed.

"How is it?" Zhou Xun looked at the left pseudo with fiery eyes.

"His Royal Highness, not yet, but soon!"

Zuo Xian said in a deep voice, his face was solemn, but he felt a bad feeling in his heart.

For some reason, he could clearly feel the position of his formation flag in the formation, but when he wanted to control it, he felt like he was separated by a barrier.

"Impossible, according to the hands and feet that I have left, no matter how these array flags are formed, as long as my mental power is activated, the control right will immediately return to my hands, why now..."

Cold sweat oozes from the left pseudo forehead, and he increases the output of his mental power, and the formation around the stone platform suddenly vibrates more violently, and finally calms down with a buzzing sound.

"His Royal Highness the Sixth Prince, it succeeded."

Zuo Puppet was overjoyed and said excitedly.

He could feel that all the formation flags in the formation before him had been controlled by him.

"Haha, good, great, whoever captured this son for my Highness, this Hall exempted him from turning in the elixir." Zhou Xun was overjoyed in his heart and pointed to Qin Chen loudly.

"His Royal Highness, let me come!"

Without waiting for Zhou Xun to finish speaking, a black figure had already rushed out of the crowd. It was the sixth-order early Wu Zun who had conflicts with Qin Chen before.

This person had a hideous face and rushed directly into the formation. On the palms of both hands, the real power surged, and he suddenly caught and photographed Qin Chen.

"This guy is too cunning."

"Made, grab the power too fast, right."

As soon as many strong men were about to do it, they saw that the sixth-order martial master had rushed into the formation, and suddenly he vomited blood.

"Hahaha, let's go, we will enter the battle too."

Zhou Xun was overjoyed and walked toward the stone platform with several people.

On the stone platform, Qin Chen looked terrified, obviously because he had lost control of the formation, and was furious, and at the same time looked at the middle-aged Wu Zun who was violent and shot.

"Boy, I am Pan Xiong, I will remember from now on, be a low-key person, otherwise I don't know how to die sooner or later."

Pan Xiong looked directly at Qin Chen's horrified eyes, and his heart was more relaxed than ever before, and he shot violently with a grinning grin.

"Thanks for reminding me."

Seeing that Pan Xiong's attack was about to fall on Qin Chen, Qin Chen's expression was full of horror, and instantly calmed down, and a trace of sarcasm and sneer appeared in the depths of his eyes.

There was something wrong with Pan Xiong immediately. At this time, the other party was still in the mood to laugh.

Hum!

Immediately after the large formation around the stone platform, a sudden start, a terrifying murderous intent, agitated from the large formation.

"His Royal Highness, what is going on?"

Pan Xiong was shocked immediately, and he let out an angry voice, and realized that his body could not even move.

The next moment, endless murderous intent penetrated through his body, with a snorted sound, blood burst out from all over his body, Pan Xiong's eyes showed horror, and he screamed. The whole person was instantly wrapped in the sky light, strangled into blood mist, and dissipated into the air.

Only one storage ring was left, which was put in Qin Chen's bag.

This sudden scene stunned everyone.

Zhou Xun and the others stopped abruptly, looked at the Left Puppet in amazement, and said angrily: "Left Puppet, what is going on?"

Although they are not formation masters, it can be seen that the previous Pan Xiong died in the hands of this suddenly activated formation, but shouldn't this formation be completely controlled by the Zuo Puppet?

Cold sweat oozes from the left pseudo forehead, and he said in horror: "His Royal Highness, I don't know!"

"Don't you know?" Zhou Xun's face was blue. Fortunately, he didn't enter the formation, otherwise he would also be trapped by the array.

The other warriors who originally envied Pan Xiong also broke into cold sweats.

"You immediately start the formation for me and trap this kid inside." Zhou Xun shouted angrily at Zuo Pseudo.

Without trapping Qin Chen in the formation first, he dared not rush into the formation.

"Yes!"

Zuo Pseudo gritted his teeth, he himself was wondering, he clearly controlled the formation, but the activation of the formation just now was not under his control at all.

Immediately use his mental power, urging the formation flag in the formation, to trap Qin Chen inside.

As soon as he moved, the whole formation didn't move.

Ok?

Left pseudo was taken aback!

Push again.

The formation is still motionless.

Push it again, but it still doesn't move.

The cold sweat on his forehead came out instantly.

"Puppet Zuo, what are you doing? Don't push the formation to trap this kid!"

Zhou Xun thought that Zuo Puppet hadn't made a move yet, and couldn't help but furious.

"His Royal Highness, this formation doesn't seem to be controlled by me!" Zuo Puppet panicked suddenly.

What's going on, why is it that he has clearly controlled these formation flags, but the formation is not controlled by him at all, how is this possible!

Zhou Xun was furious: "What do you mean by not letting you control it? Didn't you say that you already control this formation? Are you lying to your Highness?"

"No, it's not..."

Zuo Puppet was almost crying.

"Prince Zhou Xun, you shouldn't be embarrassed by the falsehood. I have already said that this person is a trash. Even if you take it out, what's the use, haha, hahaha!"

At this moment, Qin Chen on the stone platform didn't have the slightest panic expression. The corner of his mouth looked at Zhou Xun with a sneer, his expression was abusive, as if he was watching a clown.

This strange scene made everyone dumbfounded.

What exactly is going on?

Zuo Puppet kept trying to mobilize the formation, but he was still unable to succeed, and said angrily to Qin Chen, "What did you do?"

"What did you do?" Qin Chen's eyes fell cold, and he sneered: "Zuo Pseudo, do you think you did not know what you did just now? Do your hands and feet on the formation flag, but you can figure it out. Fa, is also something you can control?"

"But just..."

"Just now Ben Shao was just playing with you. Now that the game is over, it is still important for Ben Shao to do business." Qin Chen sneered, and suddenly stimulated the power of the soul.

"what!"

Zuo Pseudo screamed suddenly, and the soul sea in his mind suddenly surged. A terrifying force was detonated in his mind. The bloodline burst immediately, and the true power in his body instantly rioted.

Under the eyes of everyone, Zuo Pseudo's body instantly inflated, like a balloon, blowing bigger and bigger.

"You...what did you do in my body..."

Zuo Pseudo roared in horror and pain. At this moment, he suddenly remembered the time Qin Chen patted his shoulder outside the ruins.

Qin Chen sneered and said, "You are really thinking that you are by your side, so you won't make any preparations? Since you betrayed the young man, you have the consciousness of death."

"No, don't kill me, I'm still useful to you, I am a sixth-order formation mage, I am willing to surrender you..."

Zuo Pseudo begged for mercy in anger, his face full of fear.

Chapter 645: What do you want

In the face of death threats, Zuo Puppets no longer have the slightest dignity, and some are just longing for life.

"Submit me?" Qin Chen sneered.

"Yes." Zuo Pseudo yelled in horror and hurriedly said: "I am willing to surrender to you, willingly surrender to you, and will always be by your side in the future. I am a Tier 6 formation mage, which is definitely useful to you."

"A Tier 6 Array Mage? Is it rare? In the eyes of Ben Shao, it's just a rubbish. What use is it for you!"

Qin Chen dismissed, the voice fell, and with a bang, Zuo Pseudo's whole person exploded, and blood was splashed all over the sky, scattered all over the ground, and at the same time sprayed Zhou Xun.

"Okay, the game is over, now everyone can talk about the things going out!"

Qin Chen looked at the people in the valley coldly, and said indifferently.

silence.

Deathly silence!

At this time, everyone in the valley looked at Zuo Pseudo who had been shattered into pieces in shock, with horrified eyes.

A Tier 6 Array Mage died directly in front of everyone in this way, and the strong impact deeply shocked everyone's heart.

In particular, the Zuo Puppet tried to let Qin Chen let him go at the last minute at the cost of surrendering to Qin Chen, but Qin Chen's reply was: What use is it for you!

How domineering!

This kind of rhetoric made everyone feel trembling, unable to calm down.

And the most ugly face was Zhou Xun, he was covered with blood, he was embarrassed, and his heart was frightened and angry.

He thought that by rescuing Zuo Puppet, he could threaten Qin Chen.

Unexpectedly, in Qin Chen's eyes, that Zuo Puppet was nothing at all, if he wanted to live, he would live, if he wanted to die, he would die.

At this time, Qin Chen sneered and looked at everyone, and did not speak, but at this time, he did not speak, but it was more shocking than what he said.

At this time, no one dared to doubt the formations under Qin Chen's cloth. He didn't do anything, but just activated the formations, and he could easily kill a Tier 6 early martial artist like Pan Xiong.

Even a sixth-order array mage like Zuo Phud, who placed so many hands and feet on the array flag he refined, was eventually manipulated by Qin Chen in the palm of his hand. These methods were simply beyond their imagination.

What shocked them even more was Zuo Pseudo's death.

That kind of ban on Zuo Pseudo was planted at will, and the means to easily control his life and death was unheard of.

"It's terrible, how terrifying is this person's formation attainments? A sixth-order formation master like Zuo Puppet has been manipulated by him. How exactly did he do it? He is only a dozen. Year-old boy!"

Someone in the crowd couldn't help exclaiming and muttering to himself.

"It's really too strong. When the Zuo Puppet was controlled by him, the Zuo Puppet himself didn't know it. He thought that he could counter-control the formation, but he suffered the consequences."

"The gap is too big. Is this person really from a top mainland power? Otherwise, how could there be such a terrible method."

"If he were a middle-aged man in his 30s or 40s, the deity might not be surprised, but he is so young that he is..."

Everyone murmured, shocked.

Mo Xincheng's gaze also condensed, and he glanced at Mo Xiang dissatisfied, what kind of monster his son has provoked?

Fortunately, he was observing his words before and did not rashly attack Qin Chen, otherwise, now, they might have already forged a deep feud with Qin Chen.

"Don't you guys want to go out?"

Seeing the shocked faces of all the people, but no one took the initiative to step forward, Qin Chen frowned, then looked at Xia Wushang and said, "I don't know the Nine Princes, are you planning to go out?"

Xia Wushang recovered from the shock and hurriedly said, "My friend laughed, Xia naturally wants to go out."

"In that case, for the sake of His Highness the Ninth Prince, your group only needs to pay 50% of the elixir before you can go out."

If Qin Chen said 50% panacea at the beginning, Xia Wushang would definitely feel a little uncomfortable. After all, he was optimistic about Qin Chen, which did not mean that Qin Chen could be blackmailed.

But after all that happened before, Xia Wushang was still a little bit unhappy.

Compared to Xuanying Pavilion's 70% and Da Zhou Dynasty's 80% asking price, his 50%, it can be said that the conscience should not be too conscience.

"Well, since my friend is so refreshing, I'm Xia also refreshed for a while."

When the words fell, Xia Wushang directly walked forward, and when he came to Qin Chen, he took out a large amount of elixir: "These are the elixir Xia obtained from the medicine garden. Please also ask a friend to appraise it."

Qin Chen took the elixir, checked it, and nodded, "That's right, your Excellency got 72 Qingmengcao, 23 Shaping Roots, 56 Ziguangjiao Vine... ..Except for the lack of one of the shaping roots, everything else is correct, but for the sake of your boldness, Ben Shao doesn't mind this extra one."

Xia Wushang smiled bitterly every time Qin Chen said a kind of medicinal material. He didn't expect how many elixir he had obtained. Qin Chen knew exactly how many elixir he had obtained. It seemed that the other party had been paying attention to the elixir in each medicine field.

Fortunately, I didn't swindle just now, otherwise it would be ashamed once I was told.

"Friend, I wonder if we can go out?" Xia Wushang arched his hands towards Qin Chen.

He originally had the thought of making friends with Qin Chen, but now it seems that Qin Chen is too greedy, and he doesn't bother to say anything, he just wants to leave here as soon as possible.

"Since your Excellency has handed over half of the elixir, it is natural to ask the friends around the Ninth Prince to come to the stone platform together, and I will send you all out immediately."

When the Ninth Prince heard what Qin Chen said, his heart was immediately happy, and his dissatisfaction with Qin Chen was eliminated.

On the contrary, Xia Wurou, who was still quite concerned about Qin Chen, pouted and snorted coldly after he came up: "Well, we still care about you so much. I didn't expect to search so hard and ignore you!"

Qin Chen was stunned, then gave a wry smile, shook his head and said, "Little sister, you will know how good I am to you in the future."

A princess like Xia Wurou never knew how much energy and hardship it would take to grow up.

If he doesn't, when can he break through the realm of his previous life and avenge his enemies?

Of course, Qin Chen would naturally not tell her about these.

Xia Wurou snorted coldly, but didn't say anything.

At this time, everyone's eyes were staring at the group of people from the Daxia Dynasty.

Qin Chen got the things in his hand, did not say anything, and directly stimulated the teleportation formation, only a white light suddenly lit up, instantly enveloping Xia Wushang and others, the next moment, the white light disappeared, and the figures of Xia Wushang and others were also sloppy. It disappeared on the stone platform and disappeared.

Actually left.

Seeing this scene, the rest of the warriors in the valley were all excited.

No matter how they are dissatisfied with Qin Chen, at least what he said is true, not a lie.

After all, it's better to give Qin Chen some elixir than to stay in this valley and die of old age.

Chapter 646

After some people knew that they could definitely leave here, they all breathed a sigh of relief, not even anxious.

After Xia Wushang and others left, someone immediately came up to follow suit.

The first ones who came in were the forces of the Daxia Dynasty.

They didn't wait for Qin Chen to speak, they took out half of the medicinal materials and said, "Senior, this is the elixir we got from the medicinal field. Please check it."

Qin Chen took a look at the elixir at random, and said coldly: "You only took out 50%, and if you give it back 10%, you can leave."

"But before His Highness the Nine Princes..."

Those forces were immediately anxious, and the Ninth Prince gave only 50%, and they thought that they could leave with the 50%.

After all, for them, 10% of the elixir is at least 20 or 30 elixir, which is not a small number.

Qin Chen glanced at a few people indifferently, and said coldly: "Either hand over 10% of the elixir, and I will send you out, or you will leave Shitai right now, but next time you come in, it will be more than just handing over 60%. Up."

"This is also..." The forces of the Daxia Dynasty looked at each other, angrily, but they could only laugh bitterly.

In the end, the martial arts leaders of the major forces had to take out some elixir again, depressingly and said: "This is a 10% elixir, now you can let us go out."

Qin Chen put away the elixir, nodded, and quickly activated the formation. The group of people was immediately enveloped in white light and disappeared on the stone platform in the blink of an eye.

People from several forces were teleported away, and the remaining forces in the valley were even more relieved.

Some people even think that Qin Chen is actually quite easy to talk. As long as he doesn't disobey his will and obediently hand over the elixir he prescribed, he won't be embarrassed at all.

Ever since, one by one forces stepped forward to trade with Qin Chen.

Qin Chen naturally did not refuse to come, even the team of the Great Zhou Dynasty.

As long as he had never conflicted with him, Qin Chen would only ask for 60% of the elixir.

In a short while, the twenty-odd forces that were originally present had gone seven or eighty-eight, and there was not much left.

At this time, the elder Luoying of Xuanyin Pavilion was anxious.

She was originally planning to leave first, but she didn't expect that after having had a few moments with Qin Chen, she changed to the back instead.

With so many people teleporting out before, there will definitely be more outside forces who know what's happening here, and there are even some top forces that came later, but didn't have time to enter this ruin.

Those guys who failed to get a piece of the pie in the valley would definitely wait for an opportunity outside the ruins to take action against the forces that had obtained the elixir.

Therefore, the later you go out, the more dangerous it represents.

Although Luo Ying was confident that these guys still wouldn't dare to do anything with them in the Xuanyin Pavilion, she felt uncomfortable once she thought of being targeted by so many forces.

When another force was teleported out, Luo Ying led the beautiful girl to the stone platform without hesitation.

"Your Excellency is really great. His attainments in formation are the strongest one the deity has ever seen. I hope that we will have the opportunity to cooperate again in the future. Here is the elixir that we need to turn in. Your Excellency will open the teleportation array and send us away. "

Luo Ying took out the elixir from the storage ring, said in a gentle manner, and even smiled at Qin Chen: "We Xuanyin Pavilion also admire your genius very much. If you have the opportunity, you can come to our Xuanyin Pavilion as a guest. Our disciples of Xuanyin Pavilion must sweep the couch to welcome each other, isn't Zhiwei?"

After Luoying said, he glanced at the glamorous girl.

"Yes."

The girl named Zhiwei glanced at Qin Chen, a faint smile bloomed on her cold and arrogant expression.

I have to say that this woman is indeed extremely beautiful, with bright eyes and white teeth, white and flawless skin, and between her faint smiles, it seems that Bai Baihe is in full bloom, which is amazing.

In terms of appearance, he was not even better than You Qianxue.

It's just that You Qianxue's icy coldness is that fresh and elegant, as cold as ten thousand years of ice, while the coldness of this woman is a kind of arrogance that flows from the bones, as if no one can enter her under this world. Sigh.

However, after so much, the woman's senses towards Qin Chen have obviously improved a lot.

Qin Chen just smiled faintly at the girl's beautiful face, and then said calmly: "Then thank you both of you."

Before he finished speaking, Qin Chen suddenly changed his mind and continued: "However, the two of them had previously obtained 68 astragalus flowers, 41 achyrantes, and 34 seabuckthorn seeds in the medicine field. There are eight plants of Huazun grass..."

The more Qin Chen said that Luo Ying's face became more unsightly. She couldn't think of how many elixir Qin Chen had obtained from her, and she understood so clearly, even before she herself had counted them, she didn't even know how many she had gotten in total.

But Qin Chen continued: "According to the previous 70% ratio, the number of Astragalus flowers, Achyrantes bidentata, Seabuckthorn seeds, etc. should be 48, 29, and 24 respectively. As for Huazun grass, it should be There are more than five plants. I'll be tolerant here, and count as five plants. Your Excellency only gave 50% of the number, so let's make up the rest."

Luo Ying's expression was hard to look at all of a sudden, she didn't expect that she was so good that Qin Chen would still hold on to seventy percent.

"My friend, my Xuanyin Pavilion is not affiliated to any dynasty in the Land of Hundred Dynasties. Even the major dynasties must give me Xuanyin Pavilion a face. If your Excellency is willing, I Xuanyin Pavilion is willing to pay you this A friend, when he comes to my Xuanyin Pavilion in the future, the elders will be greeted by sweeping the couch. The number of 50% is quite a lot, so I would like to ask my friends to give them some face."

Luo Ying said in a deep voice.

Qin Chen's eyes suddenly became cold: "I have spent so much energy, but I am not here to be a good person. The elixir I mentioned before cannot be missing. If you agree, hand it over immediately. Otherwise, you two Get out of this stone platform for me."

Qin Chen didn't expect that Luoying would have to bargain at this time, and his mood immediately became bad.

Luo Ying's expression suddenly turned blue, and she immediately became angry, but Qin Chen didn't expect Qin Chen to show any face.

"This young man, these elixirs are really important to me, especially the Huazun grass. With one more plant, I will have a greater hope to break through to the sixth-order Wuzun realm. Your Excellency should also know that we The Yin Pavilion and the highest Misty Palace in the mainland also have some origins, as long as..."

The girl Zhiwei also hurriedly said.

"Mission Palace? Are you talking about Wuyu Misty Palace?"

Qin Chen interrupted the other party's words suddenly, and said sharply.

Misty Palace is a force created by Shangguan Xier.

"Yes."

Seeing Qin Chen's sudden excitement, Luo Ying thought that the three words Miomi Palace had a deterrent effect on Qin Chen, and her expression suddenly became proud.

At the same time, she also realized that if Qin Chen really came from some top power in the mainland, he would definitely have heard of the supreme Misty Palace in the mainland.

Chapter 647 You Are Crazy

"This kid thought there was something important, but he didn't expect to hear the name of Misty Palace, his face turned so fast."

Luo Ying sneered in her heart and said arrogantly: "Since you are from the top power in the mainland, you should naturally know that the Misty Palace was founded by the highest female emperor in the mainland now three hundred years ago. The female emperor is now the supreme powerhouse in the entire Tianwu Continent. My Xuanyin Pavilion is also related to Misty Palace."

"May I tell you the truth, Zhiwei is the top genius of my Xuanyin Pavilion in the past century, and it is very likely that she will join Misty Palace and become the subordinate of Lady Empress, so I advise you not to go too far."

The supreme empress?

Qin Chen's eyes were cold, his nail was inserted into his palm, and a sharp pain surged, but he didn't notice it.

A terrifying killing intent suddenly burst out from his body.

In a moment, Luoying and Zhiwei were cold, and there was a trace of fear in their hearts.

Although Qin Chen's cultivation base was not high, but for some reason, when they saw Qin Chen's cold eyes, they shuddered like never before.

How could this kid be so scary?

Luoying and Zhiwei were shocked.

Even the black slave looked at Qin Chen in amazement. It was the first time he saw Qin Chen's expression. Even in the ancient southern capital, when Liuxianzong and other major forces acted on the Five Kingdoms, Qin Chen never revealed it. Such an expression.

On the stone platform, Qin Chen looked at Zhiwei coldly, his eyes sharp, like a sharp sword.

The naked eyes made Zhiwei inexplicably frightened, as if the clothes were stripped under Qin Chen's gaze, there was no privacy at all.

"With her, can you join the Misty Palace?"

It was not that Qin Chen didn't know Shangguan Xi'er's eyesight, someone who could see her magic eyes was absolutely extraordinary.

Although Zhiwei of the Xuanyin Pavilion is strong, it is only in this land of hundreds of dynasties. It can only be regarded as ordinary, not strong or weak when placed in the Martial Domain.

Luo Ying said angrily: "Zhiwei is nineteen years old, she is already the fifth-tier Wuzong, and she can even break through the sixth-order martial arts realm in a short time and join the Misty Palace. Isn't it enough? What's more, any disciple who wants to join the Misty Palace, You must first join the outer palace of the Misty Palace. With Zhiwei's strength, the probability of joining the outer palace is extremely high. I advise you not to mistake yourself."

"Outside the palace?" Qin Chen frowned.

Luo Ying thought that Qin Chen was suspicious of her, and coldly snorted and explained: "The Misty Palace is the top power in the entire Tianwu Continent. It is supreme and has many natural forces. There are many external palaces in the entire continent. Naturally, we also have the Misty Palace in the North Heaven. He is one of the top forces in the Northern Horizons, and he controls the lifeblood of the Northern Horizons. As long as Zhiwei joins them, he will definitely become the most eye-catching pride of the Northern Horizons."

"Each region of the mainland has an external palace of the Misty Palace, and controls the lifeline of each region? Shangguan Xier's big ambition!"

Qin Chen sneered.

Three hundred years ago, the Misty Palace was only a top power in the Martial Domain. Unexpectedly, three hundred years later, Shangguan Xi'er's tentacles had spread to the entire continent.

"Presumptuously, dare to call the supreme Empress, do you want to die?"

Luo Ying was furious.

Zhiwei also looked angry.

"That **** is also worthy of being called supreme?" Qin Chen sneered.

"Are you crazy?" Luo Ying looked at Qin Chen in horror.

This son dared to call the Lady Empress a bitch. Isn't he afraid of punishing the nine tribes?

Originally, Luoying was extremely angry at Qin Chen's actions, but at this moment, the anger in her heart completely disappeared, and all that was left was fear and amazement.

If the news reaches the Misty Palace, once it is learned that someone in the land of the Hundred Dynasties calls the Lady Empress a bitch, I am afraid that the entire land of the Hundred Dynasties will be wiped out by the Misty Palace and cease to exist.

Outside the stone platform.

Zhou Xun and the others were also shocked, all dumbfounded.

"Mad, this guy is really crazy."

Although Zhou Xun did not know much about Misty Palace, they also knew that Misty Palace was one of the top forces in the mainland today, and even had a tendency to surpass Dan Pavilion and the Holy Land of Bloodline.

And the palace owner of Misty Palace is one of the top existences in the mainland, and in one word, it is enough to destroy a domain.

But this guy dared to call him a slut, this is not what a lunatic is.

The mood fluctuated, and Qin Chen calmed down soon after only a moment.

He smiled bitterly, he was still too excited.

He is too fragile now, and he does not have the qualifications to challenge Shangguan Xier. He scolded a few times, but it was a weak behavior.

"Wait, Shangguan Xier, one day, I will stand in front of you personally and ask for everything that once belonged to me!"

Qin Chen is firm in his heart and swears secretly.

Then, he looked at Luoying and Zhiwei, with a cold expression: "I changed my mind, you two, you must hand over 90% of the elixir before it can be transmitted by me, otherwise, just stay here and wait for death. ."

"What are you talking about?" Luo Ying was trembling with anger, her face pale.

From 70% to 90% all of a sudden, this is no way to survive.

In fact, Luo Ying really guessed it right. If it weren't for being too lazy to do it, Qin Chen wouldn't even leave it to the other party if he was afraid that the rest would join hands.

"Since I didn't think about it, roll down and think clearly before coming up."

With a flash of eyes, an astonishing repulsive force suddenly surged above the stone platform. Luo Ying and Zhiwei did not realize what was happening. With a bang, the whole person was heavily repelled by the formation and fell on. On the ground tens of meters away from the stone platform, I was in a panic.

"Who else is coming up?"

Qin Chen raised his head to look at the other forces on the field, and said coldly, no longer looking at Luoying and them.

Luo Ying, a Wu Zun who was at the peak of the sixth-tier mid-term, and also the elder of Xuanyin Pavilion, was thrown out like a dead dog by a young man in Qin Chen's district, and he felt an unprecedented humiliation in his heart.

"Boy, I'm going to kill you..."

She roared with a terrifying face, and a sharp sword appeared in her hand instantly, about to attack Qin Chen's defensive formation.

It's just that she didn't have time to make a move, and a white palm hurriedly grabbed her, "Master, calm down."

It was Zhou Zhiwei.

Luo Ying suddenly woke up, raised her head, and saw Qin Chen's cold gaze, it was as if a basin of cold water had poured down from the top of his head in an instant, and her whole body was cold.

Judging from the movement of the former formation that easily pushed them out, the formation Qin Chen arranged was definitely not an ordinary sixth-order formation, and if he rushed forward, he might not please.

Moreover, what would happen if she killed Qin Chen?

By then, without Qin Chen, she couldn't even leave the valley, and she could only swallow the breath abruptly, shaking with anger all over.

Chapter 648

At this time, the warriors outside all looked at Qin Chen and Luo Ying dully, and their eyes opened wide.

This guy dared to move even the people of Xuanyin Pavilion, it seemed that he really didn't know how to live or die, and he was not afraid of anyone on the court.

There were originally people who wanted to use the threat of influence or bargain with Qin Chen, but at this time such thoughts had long since disappeared.

With the example of Xuanyin Pavilion in front, the few remaining forces who dared to challenge Qin Chen came up one after another, voluntarily handed over enough elixir, and couldn't wait to leave here.

Qin Chen didn't embarrass these people either, as long as the spirit medicine was enough, the teleportation array was opened immediately after receiving it.

The people in the valley walked quickly, and only five forces were left in the blink of an eye.

One is Xuanyin Pavilion, another is Zhou Xun and others of the Great Zhou Dynasty, and the other is Black Xiuhui and Yu Beast Villa, and the last is the elder of the demon.

The elder Tianma has been standing aside all the time, watching the actions here, and didn't say a word from beginning to end.

Seeing that everyone was almost gone, the Black Xiuhui and Yu Beast Villa were suddenly anxious.

After gritting his teeth, Vice President Long Yan of the Black Order immediately stepped forward and took out the sixty percent elixir, and said, "Here is the sixty percent elixir we got. You can let it go, right?"

Qin Chen looked at Long Yan with a sneer, and said lightly: "What do you think?"

Long Yan's face suddenly became difficult to look.

When Qin Chen and the black slaves killed the Anbei Twin Demons when they were in the Black Order, he didn't care at all.

After learning from outside the ruins that Qin Chen had killed his half-step Wu Zun of the Black Cultivation Society, he even wanted to find a chance to kill Qin Chen.

But now, he didn't dare to move these thoughts at all.

The other party even dared to offend the elder Luoying of Xuanyin Pavilion and the prince Zhou Xun of the Great Zhou Dynasty, and would he care about a black congregation in the city of Kuronuma?

"Your Excellency, please tell me how much you want!" Long Yan said solemnly.

"Seven percent of the elixir, plus 10,000 middle-grade real stones." Qin Chen said lightly.

"what?"

Several other warriors of the Black Order suddenly exclaimed.

To be honest, they had already prepared the seventy percent elixir, and they were not particularly surprised, but the 10,000 middle-grade real stones were not a small amount.

Of course Qin Chen knew that 10,000 middle-grade real stones were not a small number. From the storage ring of Vice President Liu Ze of the Gufeng Chamber of Commerce, he only got close to 10,000 middle-grade real stones. The Black Xiuhui and Gufeng Chamber of Commerce are not related. Bo Zhong, these ten thousand middle-grade real stones are almost all the middle-grade real stones in the Longyan storage ring.

And these real stones are not Longyan's wealth at all, but the wealth accumulated by the entire Black Order.

"Okay, I'll give it!"

Seeing that Qin Chen's face was about to change, Long Yan said in a hurry.

He saw Qin Chen's attitude towards Xuanyin Pavilion from 60% to 70%, and then to 90% in the end. Once he doesn't make a decision now, he might become 80% to 90% in the future. Not necessarily.

When the words fell, Long Yan did not hesitate at all, and directly took out 70% elixir, plus 10,000 middle-grade real stones, and his face was almost blue with pain.

Seeing that the other party had taken out something obediently, Qin Chen didn't say anything, and directly turned on the teleportation array and sent a few people out.

Seeing the people from the Black Order had left, Mo Xincheng also hurried forward with Mo Qing, Mo Xiang and others.

"The evil animal, offend less dust, and don't kneel down for me."

As soon as he arrived on the stone platform, Mo Xincheng kicked Mo Xiang's leg heavily, kicking him to his knees.

"Puff!"

Mo Xiang knelt in front of Qin Chen with a look of fear on his face.

"Little Dust, when Niezi was in Black Marsh City, he inadvertently offended Shao Dust. Don't worry about wanting Dust."

Mo Xincheng arched his hands to Qin Chen, then looked at Mo Xiang coldly and said angrily: "Don't give me Xiang Chen Shao's confession."

"Shao Chen, I'm sorry, the younger generation was ignorant before, and I asked the adults to have a lot of dust, don't care about the villain..."

At this moment, Mo Xiang was really afraid.

Qin Chen dared to kill a sixth-order formation master like Zuo Puppet, how could he care about him? I am afraid that for Qin Chen, killing him was just a matter of thought.

It's ridiculous that when he was at the gate of Black Marsh City, he thought that Qin Chen didn't dare to kill him, and he was prepared to take revenge. This was simply looking for death.

Qin Chen glanced at Mo Xiang indifferently, and said indifferently: "Get up, the previous thing, Ben Shao didn't care at all."

This is not his nonsense, Qin Chen really didn't care about a young man like Mo Xiang.

"Don't give me thank you, Shao Chen." Mo Xincheng kicked Mo Xiang fiercely, but his heart was let go, and then asked anxiously: "Little dust, then the pill we have to turn in..."

He knew that Qin Chen even Long Yan had been robbed of 70% of the elixir, and he would certainly not need it less, he even planned to do it, even if Qin Chen wanted all the elixir in his body, he would also be given it.

The most important thing for the current self is to leave here first and guard at the entrance of the ruins outside. Once the ruins are out, Qin Chen can't be the master alone, and the lost elixir may not be retrieved.

"Hand over 80% elixir and 10,000 middle-grade real stones, you can go." Qin Chen said coldly.

However, Mo Xincheng did not expect that Qin Chen needed only 80% of the elixir. As for the real stone, he did not expect it.

To Mo Xincheng, 10,000 middle-grade real stones was a painful loss.

Qin Chen also had his own thoughts. It wasn't that he and the Mo family had any deep hatred. What he had always pursued was not to kill them all.

This is his bottom line of life. In fact, as long as other forces are obedient, he even only needs 60% of their elixir.

"Well, here is 80% elixir, and there are 10,000 middle-grade real stones."

Mo Xincheng took out a storage ring painfully, his face was twitching.

However, as long as Qin Chen took 80% of the elixir, it was already extremely benevolent to Mo Xincheng, and he knew that if he faced Qin Chen here, it would be death.

Qin Chen checked the storage ring, and knew that what Mo Xincheng had taken out was enough, and immediately opened the teleportation array and sent Mo Xincheng and others out.

"What do you say?" Then Qin Chen looked at the two Elder Luoying.

At this time, only the three powers of Xuanyin Pavilion, the Great Zhou Dynasty and the elders of the Heavenly Demon were left on the field.

"We give!"

Elder Luo Ying's face was pale, she knew that there was no way other than accepting Qin Chen's conditions.

When she took out 90% of the panacea, her heart was filled with regret instantly. Knowing this, she should have left here at the beginning, but she was so stupid to challenge Qin Chen, but it was too late to say anything.

At this time, the elder Luoying could only pray that the last remaining Huazun grass would allow Zhou Zhiwei to successfully breakthrough to the sixth-order Wuzun realm.

"Okay, let us now calculate the final account!"

After only Zhou Xun and the others and the elders of the Heavenly Demon were left on the spot, Qin Chen instantly closed the formation, staring coldly at these two forces, and a sneer was drawn at the corner of his mouth.

"Your Excellency, what do you mean?"

Seeing Qin Chen's actions, Zhou Xun and others' hearts instantly sank.

Chapter 649: Take your life

"Hahaha, your majesty, the six princes of the Great Zhou Dynasty, don't you know what this young man means?" Qin Chen sneered, looking at Zhou Xun with a smile, his face full of abuse.

Zhou Xun's face was ugly, and the Zong Guard Captain Yirentu next to him was even more somber as the bottom of a pot.

In their identities, when they have been ridiculed so much, they have been crazy about doing something else.

But here, they had to rely on Qin Chen to leave this valley, so naturally they didn't dare to make a rash move.

Once the two sides tore their faces and the other party directly sent away, how do they get out?

Therefore, thinking of this, Zhou Xun directly sneered: "Your Excellency left us because he wanted a panacea. Okay, the temple promised you. Let's say, do you want 70%, 80%, or 90%? , Plus 10,000 middle-grade real stones?"

Zhou Xun had a disdain on his face, apparently thinking that Qin Chen must have done this for his own stroke.

Now that the man is a sword and he is a fish, you might as well promise him first, and then wait at the door of the ruins after you get out. Then Qin Chen will vomit everything he has lost, and there will be nothing left.

Qin Chen looked at Zhou Xun with a sneer, and said coldly: "Our noble six princes seem to have not figured out the situation yet, you think you have left you here, just for that little elixir, haha, Ben Shao What you want is your life!"

The last word fell, Qin Chen narrowed his eyes, and an astonishing killing intent bloomed from him, as if death opened his eyes.

"Are you going to kill me?"

Hearing Qin Chen's words, Zhou Xun was stunned instead, with an unbelievable expression on his face.

"Are you sure you are right? Do you know who the main hall is? Six princes of the Great Zhou Dynasty, you killed me. Once the news goes out, do you think you can leave this black death swamp alive? At that time in my entire Great Zhou Dynasty Under the chase of the strong, if you have great abilities, you will not escape death."

Zhou Xun sneered: "What's more, did you kill the main hall? Indeed, your formation is very strong, but we are standing outside the formation, how do you do it to us? On our side, there are two major sixth-tier mid-stages. The peak martial artist, once you tear your skin, we can break your formation at all costs, and we won't be able to leave then."

Having said that, Zhou Xun immediately looked at the elder of the demon and sneered: "Have you heard, this guy, but you want to kill us together, why don't we wait and break his formation first?"

The elder Tianma frowned and ignored Zhou Xun. Instead, he asked Qin Chen in a deep voice, "Your Excellency, I don't seem to have any grievances or grudges, right? Why do you leave the deity here?"

"Why haven't you left?" Qin Chen said in surprise, as if it was only then that he discovered that the elder Tianma hadn't left, and said speechlessly: "This young master doesn't know your lord at all, and

naturally has no hatred with your lord. How would you keep you? Come down, misunderstanding, this is just a misunderstanding. Your Excellency has never spoken before, and Ben Shao has forgotten you."

Obviously, the elder of the sky demon was motionless before, and Qin Chen didn't care about him at all without saying a word.

Elder Sky Demon's eyes flickered.

Forgot him?

What a joke.

Although he didn't change his expression, he didn't say a word, can a big living person stand in this valley, can he not see it?

Most likely, Qin Chen deliberately left him here.

What is his purpose?

The heart of the elder Heavenly Demon lifted up instantly, and couldn't help but wonder, did the other party discover his own purpose?

impossible!

The elder Tianma shook his head.

He slept in retreat with Master Rudder, and had never appeared in the land of a hundred dynasties. It was impossible for anyone to know him. To say that the other party knew him was simply nonsense.

What is the purpose of the other party?

As I was thinking about it, I saw Qin Chen with a wry smile and apologized: "I'm really sorry, I forgot your sins and sins, but since you stayed, Ben Shao has a suggestion. It's better to join hands. , Kill the people of the Great Zhou Dynasty together, and then you will get half of the treasures from this Great Zhou Dynasty. How about?"

"Of course, if you have to leave, this young man will never force it. As long as you promise not to tell the story and pay the 50% elixir that you got before, this young man will send you out now."

"This is also due to your kindness to Ben Shao before." Qin Chen said sincerely, and at the same time opened a gap in the formation, and said: "Choose quickly. If you want to leave, quickly enter the formation. "

It turned out that he wanted me to kill the people of the Great Zhou Dynasty together!

The heart that the elder Heavenly Demon had originally held was immediately let go, and he suddenly understood Qin Chen's purpose for keeping himself.

He was alone, and he was the martial master of the mid-tier sixth stage. This Qin Chen, relying on him and his subordinates, was not confident that he could kill the people of the Great Zhou Dynasty, so he left himself and wanted to win him over.

It's really a wishful thinking.

However, this is also in the intention of the elders of the demon. After all, Lord Rudder's order is to let him take Qin Chen back. It is natural that he will not leave here early, otherwise what if Qin Chen is killed by Zhou Xun? This is why he stayed till the end.

His eyes flashed, and the elder Tianma grinned and said: "It is not impossible to ask me to stay. In addition to half of the things on this group of people, I want you to get 20% of the elixir!"

"You..." Zhou Xun immediately looked at the elder Tianma in amazement, this guy was actually moved?

"Friend, do you believe what this person said? This child is simply talking about it, without any sincerity!"

Yirentu also said solemnly: "Friend, do you think this kid really forgot you? I left you, just wanting to use you. The old man can guarantee that if you really wait for me, once you succeed, this person The next one to kill is you!"

Other people, Zhou Xun, and the others may not even care, but the elder Tianma, with amazing strength, is a great enemy, and they have to be alert.

"Haha, have you thought about it?" The elder Tianma ignored Zhou Xun and the others, just looked at Qin Chen with a smile.

"20% of the elixir is too much, I can only give you 10%, otherwise, please go out!" Qin Chen hesitated, gritted his teeth and said.

"10%? Not bad, well, I agreed."

Elder Tianma laughed.

In fact, whether Qin Chen gave him the elixir or not, he would stay. After all, once he controlled Qin Chen, the elixir on Qin Chen's body would not be his.

The reason why he had bargained for a long time was to make Qin Chen believe that he was not malicious.

Chapter 650

"My friend, I can assure you that your Excellency made a wrong decision." Zhou Xun and the others' expressions instantly sank.

"It's not necessarily." The elder of the demon said with a smile: "As long as you kill you, you can get at least one and a half more elixir in the medicinal field, as well as a few treasures on your body. This is a good deal. Where can I usually find it? Things going?"

The elder Tianma was very proud, as if he was really moved by Qin Chen.

"Aren't you afraid of being chased by our Great Zhou Dynasty?" Zhou Xunhan said.

The elder Tianma grinned and said: "I'm afraid, of course I'm afraid, but who can know that we did it? At that time, just say that the fog in this valley suddenly disappeared, triggering the outbreak of the ghost beast, and several died in the ghost beast. In the hands of you, the Great Zhou Dynasty, you can't put the ghost beasts on our heads, do you think this little brother is not?"

The elder Tianma looked at Qin Chen with a smile.

"Hehe, the senior is really experienced." Qin Chen broke the sentence and said with a smile: "It is indeed a few of the ghost beasts killed, and we can't be blamed on us."

"Okay, okay, the three of you are really good, don't you think it will take us?"

Zhou Xun's tone became colder and colder, and he winked at the foreigner tutor on the side.

"Otherwise, what do you think?" Qin Chen sneered, as if he didn't see the other party's secret communication.

Zhou Xun's face suddenly showed a trace of sorrow, and he said grimly: "Boy, you think that you have left the temple until now, will you not have any hole cards on your body? Do it!"

After the words fell, a black talisman exuding an astonishing aura instantly appeared in Zhou Xun's hand. Without even thinking about it, he threw it towards Qin Chen.

As soon as this black talisman appeared in the void, all the true energy between heaven and earth was gathered in an instant. The black talisman suddenly glowed, and a heart-palpating aura of terror spread, even in the middle of the sixth order like the elder of the heavenly demon. Peak Wuzun, a sense of fear rose from deep in his heart.

"It's the attack talisman of the sixth-order peak."

Qin Chen could see at a glance what the black talisman thrown by Zhou Xun was, it was the explosion of the sixth-order peak.

The horror of exploding the true talisman, Qin Chen knows very clearly that even the Martial Venerable of the late sixth-order, if the true talisman is exploded, he will be seriously injured or even fall.

Qin Chen didn't expect that Zhou Xun would have a Tier 6 Peak Explosive Talisman, and he did not hesitate to activate the Explosive True Talisman, and the target was not the Celestial Demon Elder, but his own formation.

If it is an ordinary sixth-order talisman, he may still be able to resist it, but if the real talisman wants to break his formation, he has no way at all, and even a breathing time can break his formation. Make a gap.

And for this breathing time, he even had no time to urge the teleportation array to teleport himself out.

"boom!"

In just an instant, the Explosive True Talisman had already blasted on the defensive formation in front of Qin Chen.

"Boom boom boom boom..."

In an instant, a series of roars sounded, and the formation flags arranged in front of Qin Chen exploded one after another.

"Swish swish!"

At the same time, the many powerful men around Zhou Xun, like a fish, rushed up one by one, grabbed and photographed Qin Chen.

"What a sinister guy!"

Qin Chen was cold in his heart. No wonder Zhou Xun and the others stayed so calm until the end. It turned out that they had made up such an idea long ago.

The other party still keeps such a hand, it is very likely that he is preparing to keep it until the end, and suddenly he works on himself, and even controls himself. At that time, all the elixir that he got from the major forces at the beginning will even fall into the hands of this guy. , Become this guy's trophy.

It's just that Qin Chen couldn't think about it too much at this time. At the same time that many array flags exploded, a large number of array flags appeared in his hand instantly, and they were thrown out again like a goddess scattered flowers.

"Hahaha, how can it be so easy to form a formation again?"

Several Zongwei of the Great Zhou Dynasty laughed aloud, and at the moment Qin Chen's formation was broken by the explosion of the true talisman, they rushed into it one by one.

Those who can become Zhou Xun Zongwei's martial artist, which is Yi Yu generation, are basically the sixth-order martial arts, not even a half-step martial arts.

Four or five rank six martial arts rushed into the formation together, and the resulting power was simply terrifying.

"Go back to this seat."

The black slave who had been standing by Qin Chen's side without moving finally moved at this time, and the Heavenly Demon Banner instantly appeared in his hand, turning into a huge sky, and swept over the several sixth-order Wu Zun.

Huhuhu!

A large amount of black devilish energy, like howling a ghost, exudes a permeating cold breath, enveloping everyone's body.

"This guy....."

Several Wu Zuns of the Great Zhou Dynasty were shocked, and the weirdness of the real treasure of black slaves far exceeded their expectations.

"Huh, bug tricks, break it for me!"

But at this moment, a cold anger sounded, and Yi Ren Tu, who had been ready to go, suddenly shot his hand, banging his punch against the darkness.

With a bang, the sky demon flag controlled by the black slave instantly fluctuates, and a strong impact is transmitted. The black slave kicks and backs two steps, and the blood surges in his body.

The Heavenly Demon Banner is strong, but it can only be invincible in the same rank. Now that the alien massacre at the mid-stage of the sixth rank is shot, the black slave immediately felt great pressure.

"Your Excellency, please stop that foreigner slaughter for me."

At this time, Qin Chen's face was full of anger and panic, and he roared at the elder of the heavenly devil, and the flag in his hand was thrown out by him madly, as if he were desperate.

In front of him, a large number of array flags continued to explode, and he madly planted the array flags, trying to prevent the destruction of the array, but the power of the explosion of the true talisman was so strong that he could only watch the array continue. Was destroyed to no avail.

Once the entire big formation collapses, he will be completely exposed to the powerful of the Great Zhou Dynasty, and he will definitely fall into crisis at that time.

"Okay, leave this guy to me."

The elder Heavenly Demon didn't seem to react until then, a cold light flashed across his eyes, and a pitch-black snakehead crutch appeared in his hand.

As soon as the snake-head crutch appeared, a violent roar suddenly sounded in the void, followed by a pitch-black black shadow that looked like a giant snake, and instantly swept towards the alien massacre.

"Things that do not live or die, get me back."

Alien Tu gave a cold cry, a hideous flick flashed in his eyes, and his fist hit the huge snake head.

With a bang, the snake's head was hit by a fist of the foreigner Tu, and there was a roar, but there was no sign of collapse. Under the astonishing roar, the snake's head swung, and it entangled the foreigner Tu again quickly.

what?

Yirentu was shocked, his face finally changed drastically.
