

Valkyrie 651

Chapter 651

He finally understood why the elders of the Heavenly Demon were so confident, and he looked like he was determined to eat him.

Although the opponent is also the peak martial artist in the middle of the sixth stage, he is the imperial guard of the Great Zhou Dynasty. He was trained in the Great Zhou Dynasty since he was young, and the martial arts and exercises he cultivated were the top ones in the Great Zhou Dynasty.

This is just the basics.

To become a Zongwei, one must be one of the most prominent among the many geniuses cultivated by the royal family of the Great Zhou Dynasty before they have the opportunity to enter the palace and guard the prince and members of the royal family.

This process was extremely cruel, and it was not an exaggeration to say that he had experienced the battle of the dead mountain and blood.

Such warriors, any one, are extremely astonishing, far from those outside warriors of the same level can compare.

Not to mention him, the captain of the guard.

It can be said that Yirentu is extremely confident. When encountering an ordinary sixth-order mid-stage martial master, he is fully capable of easily beheading the opponent, even if he can't beheaded, he can quickly defeat it.

But now.

Under his punch, the black-clothed old man was not at all disadvantaged, which shocked Yi Ren Tu Da.

This level of cultivation and strength is definitely not something that ordinary small forces can be born into, but definitely a terrifying force from an extremely top force in the land of a hundred dynasties.

"Who are you?"

In shock, Yi Ren Tu angrily asked.

"Who is the old man, do I need to tell you? You just need to remember that the old man is the one who killed you."

With a grinning laugh, the aura on the elder of the heavenly demon was even colder, and the huge snake head evolved from the snake rod was like a flood dragon, swallowing it crazily while entwining the aliens.

"Hmph, pretend to be a fool, thinking that if you have this real treasure, you can be unscrupulous? Give it to me!"

The stranger yelled, and a terrifying aura once again emerged in his body. Above his fists, a dark light bloomed, and he blasted dozens of hundreds of punches toward the snake head.

At the same time, with a raised hand, a black hill the size of a palm appeared on top of a few people in an instant.

As soon as the hill appeared, it immediately rose up against the wind, and within a few moments of effort, it turned into a mountain of tens of meters, and directly suppressed the elder of the demon.

As the captain of the Zong Guard of the Great Zhou Royal Family, wouldn't there be any powerful real treasure on the body of the Immortal Tu?

Qin Chen frantically repaired the formation on the sidelines, but he was always paying attention to the battle on the field. He was awe-inspiring when he saw the true mountain treasures in the hands of the alien slaughter. He really didn't guess wrong. The treasures of Zhou Xun and others must not be few, and even the treasures on the elders of the demon will not be ordinary.

The huge snakehead and mountain peaks were extremely terrifying. Although they didn't directly attack him, they still made him feel an astonishing pressure.

"Boom!"

Almost instantaneously, the iron fist blasted by the alien slaughter had collided with the black snake head. With the alien slaughter as the center, a monstrous wave of air swept out, shaking the entire valley rumblingly.

At this time, the true mountain treasure displayed by Inhuman Tussard had also fallen from the top of the head of the demon elder.

"Humph!"

The elder Tianma coldly shouted, and the misty black light bloomed on his big hand, and he slapped on the huge mountain peak with a bang. The ground under his feet instantly cracked, but the huge mountain peak was also blown out by him. .

The two sides turned out to be evenly matched.

"Okay, good fellow!"

The cold light in the mortal slaughter's eyes became more and more prosperous, and the aura on his body became more and more terrifying, and an extreme killing aura filled him.

"boom!"

And at this moment, the defensive formation in front of Qin Chen finally couldn't resist, and completely collapsed.

"Puff!"

Qin Chen opened his mouth and spouted a mouthful of blood. It was obvious that at the moment when the defensive formation exploded, he suffered a dark wound, his face was pale and languid.

Fortunately, at this time, the power of the Explosive Talisman had also completely dissipated in the void at the end, otherwise Qin Chen would definitely be seriously injured under the attack of this Explosive Talisman.

"Hahaha, stop this guy, don't let him start the teleportation formation."

As soon as the defensive formation was broken, Zhou Xun's face suddenly showed ecstasy and shouted to several of his men.

These Wu Zun in the early stage of Tier 6 even rushed forward without Zhou Xun speaking at all.

"Less dust!"

The black slave roared, and immediately swept across with the heavenly devil flags, but among the five Wu Zun in the early stage of the sixth rank, three stopped the black slave, and the other two killed Qin Chen.

Forced by Qin Chen, he immediately raised the mysterious rust sword and fought frantically with the two.

"Haha, you, a Tier 5 Wu Zong, also want to do things with our two brothers. It's too naive."

The two of them laughed grinningly, waving their big hands, and directly grabbed and photographed Qin Chen.

Ding Ding Ding!

The mysterious rust sword in Qin Chen's hand turned into a misty sword shadow, constantly resisting the attacks of the two of them. The sharp sword aura even made the two hands feel bursts of pain.

"Hey, this guy is so strong."

Both of them were surprised at the same time.

Although before in the ruins, Qin Chen also killed the Demon Sect's Zong Wuxin, but that was in the case of working with the black slaves, and the greater credit was due to the black slaves, the peak of the early sixth-order. Wu Zun.

But now, Qin Chen is alone, and the two of them can't hold each other for a while, and they are immediately shocked.

"No wonder this son is so proud, there are indeed two things."

The two of them were secretly shocked, and they were more certain about Qin Chen's martial arts clone. Therefore, in order to prevent Qin Chen's martial arts clone from being activated, the two of them didn't make a tough shot, and the purpose was to take Qin Chen down.

So for a while, the two sides actually fell into a stalemate.

"not good!"

But at this time, the elder Tianma saw this scene, and a trace of anxiety suddenly appeared in his eyes.

Once Qin Chen was captured by Zhou Xun and others, it would be difficult for him to complete the command of Lord Rudder.

What a waste, I can't hold on so quickly!

Glancing at Qin Chen dissatisfiedly, the elder of the Heavenly Demon, who had been hiding his strength, suddenly gave a grin, and an evil black magic power filled his body.

As soon as this black magic power came out, the huge black snake head aura transformed by the snake rod suddenly skyrocketed, and the huge mountain peak was directly blown away with a thud, and then the huge snake head swallowed towards the foreigner with a whistling sound. Tu.

"how is this possible?"

Yirentu exclaimed, the terrifying black magical energy made him instantly pale, showing a frightened expression.

He could feel that the strength of the Celestial Demon Elder had increased by at least 50% at this moment.

And that black magic energy, so gloomy and cold, is not something that ordinary people can cultivate.

"boom!"

Under the bite of the huge snake head, the alien screamed suddenly, and the body protection real power was instantly torn apart, and the chest was even torn open with a gap of nearly a foot long.

Chapter 652

what?

This sudden scene changed the expressions of everyone on the court.

Especially Zhou Xun, as he looked at the elder Tianmao with great power in anger, a thick haze flashed in his eyes.

Originally in his plan, after the formation was broken, Yirentu restrained the elder of the heavenly devil, but after his men killed the black slave, then captured Qin Chen, everything was perfect.

But now, the sudden eruption of the elder of the demons caused problems in his plan instantly.

"First occupy the teleportation array."

His eyes sank, Zhou Xun, who had always been standing safely in the valley, swiftly rushed towards the teleportation formation behind Qin Chen, and instantly rushed into the formation.

"Want to occupy the teleportation array, no way!"

Qin Chen roared, a sword madly killed Zhou Xun, and the bright sword light, like a Changhong, came to Zhou Xun instantly.

"Want to kill me, is it so easy?!" Zhou Xun sneered, and a sword suddenly appeared in his hand. On the sword, a monstrous battle intent rose to the sky, colliding with Qin Chen's sword light. Qin Chen's sword light split instantly.

"boom!"

The burst of sword light slashed on Zhou Xun's body, but they all quietly, like a mud cow entering the sea, without any news, they were completely absorbed by Zhou Xun's armor.

"What a strong defense!"

Qin Chen's eyes condensed, with a solemn expression in his eyes.

"Hahaha, no matter how strong your Excellency is, you are only the Wuzong at the mid-level of Tier 5, do you really think that you can kill the main hall?" Zhou Xun sneered: "Father dare to let the main hall travel through the dynasty, naturally, it will not put the main hall in danger. The armor on the main hall is extremely difficult to break even if the martial master at the early stage of the sixth rank makes full use of it. You want to hurt the main hall, idiotic dreaming!"

The robes on Zhou Xun's body shattered, revealing a gleaming armor. On top of this armor, runes and formations flickered everywhere, and the defensive power was extraordinary.

"Before you attacked, now it's the main hall."

With a grinning grin, Zhou Xun held a knife in both hands, and an invisible force bloomed from his body and slashed out at Qin Chen with a sharp knife.

"call out!"

The sharp blade light cut through the sky and came to Qin Chen instantly.

Originally, with Qin Chen's cultivation base, it was not difficult to avoid it, but now he is being besieged by two martial masters from the early stage of the sixth stage. In a hurry, he has no time to resist, so he has to stretch the sword across his chest. Before, he was already hit by the knife.

"puff!"

With blood splashing, Qin Chen flew out, embarrassed.

"Less dust!"

The black slave was furious, his eyes were crazy, he wanted to rescue Qin Chen, but he could do nothing.

At this moment, he was surrounded by three martial masters from the early peak of Tier 6, and each of them was a Zongwei of the Great Zhou Dynasty. Even if he possessed the Heavenly Demon Banner, he could only support it hard.

With a slash to fly Qin Chen, Zhou Xun sneered at the corner of his mouth, and mocked: "How about this blow in the main hall? Do you think that you alone have the ability to fight leapfrog? I might as well tell you today that although the main hall is only in the late stage of the fifth stage, There were more than one or two Martial Masters who died in the hands of this temple."

After a sneer, Zhou Xun and the other two sixth-order Wu Zun joined forces to surround Qin Chen.

"Damn it."

The elder Sky Demon looked cold and rushed towards Shitai in an instant. He must not let Qin Chen fall into Zhou Xun's hands, otherwise, even he would be controlled by the other party.

"Your opponent is me!"

A thunderous roar sounded, and then, a **** figure passed by, rushing towards the elder of the sky demon.

At this time, Irentu, his muscles knotted, and his skin turned blood red, filled with a palpitation breath.

The injuries he suffered before, instead of making him retreat, made him more violent.

"Go away!"

The elder of the heavenly demon gave a furious rage and waved the snake stick, trying to slaughter the stranger away.

However, the real power of the alien slaughter body seemed to be burning, and the snake head slammed into the attack, colliding with the elder of the demon.

"Boom!"

A deafening roar sounded, and a huge gap appeared on the body of the alien tutor again, and blood flowed across it, but the elder of the demon was not well, and a mouthful of blood was also spit out from his mouth.

"This guy, what a lunatic!"

Seeing the red eyes, like a mad slaughter of strangers, the elders of the demons were extremely frightened.

This is not a normal play at all, but a desperate one.

How did he know that the cultivation of Zongwei by the Great Zhou Dynasty required them to regard death as home. Once members of the royal family are in danger, they can completely abandon their lives without hesitation and solve the enemy.

Under the irritation in his heart, the movements of the Celestial Demon Elder kept on, and instantly rushed into the formation near the stone platform.

"Don't want to hurt His Highness Zhou Xun!"

The foreigner roared and rushed up frantically, fighting with the elders of the demon again.

At this time, the situation on the court was extremely chaotic, Zhou Xun and the others had to capture Qin Chen as soon as possible, otherwise they would be in danger once the foreigner was defeated.

And the elders of the Heavenly Demon couldn't let Qin Chen fall into Zhou Xun's hands, otherwise, he would be controlled by the opponent, and even unable to complete the task of the rudder master.

So the two sides fought desperately around this stone platform.

After seeing the scene around the stone platform, Qin Chen, who had been surrounded and even seriously injured, suddenly flashed a clear sneer in his panicked eyes.

boom!

The next moment, the aura on his body suddenly skyrocketed, and his speed was nearly twice as fast as before, and he rushed out of the Zhou Xun trio in an instant.

"what?"

This scene made Zhou Xun all stunned. At this time, Qin Chen didn't look the least injured. The breath on his body was unprecedentedly terrifying, which made people palpitate.

Moreover, Qin Chen's speed was much faster than before. If they showed such a speed from the beginning, they would not be able to hurt Qin Chen at all.

What exactly is going on?

In shock, he saw Qin Chen smile slightly at Zhou Xun, and dozens of formation flags instantly appeared in his hands.

"Welcome to this young man's big array."

After the words fell, the dozens of formation flags in Qin Chen's hand were thrown out, buzzing... countless astonishing white lights rose up, and all of the people on the court were wrapped in them at once.

"What the **** is this guy doing? How come there are formations around this stone platform, haven't they been broken before?"

Zhou Xun and others were all startled by this sudden scene.

A bad feeling rose from the hearts of several people.

But what Zhou Xun and others didn't understand was what Qin Chen's purpose was?

Do you want to use this formation to trap and kill them? But Qin Chen's cultivation base, even if he arranged a sixth-order formation, it was impossible to cause them too much damage.

While being surprised, I saw that the space where everyone was, suddenly became violent.

At this moment, the elder Tianma understood what was going on, and he pointed to Qin Chen in shock and shouted: "You are crazy, you dare to explode the formation..."

Qin Chen madly threw the formation flag at this time. After the elder of the sky demon said that he was crazy, the corner of his mouth was sneered, and the mental power in his mind was suddenly moved.

"Boom, boom, boom, boom, boom..."

next moment!

A series of explosions sounded, and the entire stone platform was instantly wrapped in an astonishing roar. The terrifying space blast brought the storm to annihilate everything, engulfing everyone in the large array.

Chapter 653

The deafening roar annihilated everything. At this time, the entire circle of the stone platform within a hundred meters was flooded with an astonishing roar, and that terrifying power was enough to shatter a high mountain.

At this moment, except for the dozens of core flags that were not destroyed, the remaining hundreds of Tier 6 flags exploded almost instantly.

What a terrible force is this?

Just in an instant, the screams of screams sounded, and the five Sixth-Rank Early Martial Lords of the Great Zhou Dynasty did not even react, they were directly blown up by the power of the terrifying explosion.

In the smoke and dust in the sky, blood and minced meat splashed around, and then was once again annihilated into nothingness by the power of the terrifying explosion, leaving nothing.

The elders of the Heavenly Demon, Yirentu, and Zhou Xun were also annihilated by the explosion, and blood was sprayed everywhere.

At this time, Qin Chen returned to the high platform early, and at the same time he brought the black slave back. His mental power ran wildly, fully controlling the remaining defensive formations on the stone platform, and isolating the stone platform into a closed space. , Don't let the slightest power impact in.

During the difficult manipulation, he permeated a spirit power, trying to check the situation of the outside world, but just after infiltrating out, the spirit power as strong as the sixth order was instantly shaken into nothingness, which shows how terrifying the explosion of this big array is.

It wasn't until a few breaths that the explosion outside the stone platform gradually weakened, and the entire valley slowly returned to calm.

Qin Chen stopped manipulating and looked up, only to see the smoke scattered in the sky, and the entire valley was already in ruins.

In the ruins, the five Wu Zun in the early stage of the sixth stage had long since disappeared, and even no bones were left, but in the ruins, five storage rings were left scattered on the ground.

In addition, Yirentu and the elder of the Heavenly Demon were not killed by the bombing. The two lie in the ruins in embarrassment, blood dripping.

Among them, there was almost no intact place on the body of the Xianren Tu, the flesh and blood were exposed, the bone stubble was clearly visible, the whole person was weak, and there was no half of the fighting strength.

In the previous battle with the Celestial Demon Elder, he was already seriously injured, and the formation suddenly exploded, there was no time to defend, and it was extremely miserable.

And not far from him, the elder Tianma was much better than him, but he was also lying in the ruins, the snake rod in his hand was broken, and the robes and armor on his body were shattered and disappeared.

He has a weak aura and blood on his face, but there is still some distance from the fall. It is only the strength and true power of the whole body. I am afraid that there is not much left.

What surprised Qin Chen most was that Zhou Xun, Wu Zong in the late fifth-order stage, had not died.

However, his body was also in a panic, and even one arm had disappeared. The Tier 6 armor that originally covered the whole body was now dilapidated, and there was almost no place intact, lying there limply, and his face was full of horror. color.

At this time, the three of them all looked at Qin Chen and the black slave on the stone platform in horror.

On Qin Chen's face today, there was still half of the panic and anxiety just now, but the corners of his mouth were smiling, leisurely.

Feeling the gazes of the three, Qin Chen clapped and clapped. The applause in the empty valley suddenly became particularly clear: "Hehe, the three are really fateful. I didn't expect the Liuhe Tiangang who even this young man to do. I blew myself up and failed to kill you. It's really good, I admire Qin."

While smiling, Qin Chen walked down the stone platform and looked at the three Zhou Xun coldly.

"You are so despicable, it is really treacherous to bring us in deliberately and then explode the formation!" Zhou Xun gritted his teeth and spit out two mouthfuls of blood, staring at Qin Chen in anger.

If he still didn't know that Qin Chen had deliberately pretended to be invincible and brought them in, then he would be too idiot.

"What are the words of His Highness the Sixth Prince?" Qin Chen looked surprised: "On despicableness, how can I be worth one ten thousandth of your Excellency. I deliberately left it till the end, trying to plunder Qin's elixir, if not Qin Certain formation skills are pretty good. If a multiple formation combination is built near this stone platform, it might be Qin who fell just now."

Qin Chen sneered.

To deal with dynasty princes like Zhou Xun, as well as masters of the sixth-order mid-level peak martial arts like Yirentu, he didn't have much preparation, I'm afraid it is him who will die.

"Okay, the prince admitted today. The temple admits that he has seen the wrong person before and should not be an enemy of you. Everything in the temple can be given to you. As long as you leave the temple a way out today, the temple will never find you in the future. Trouble, as if nothing happened today."

At this point, Zhou Xun calmed down instead. Now Yirentu is dying and has little strength to fight again. He is also seriously injured and can only wait for death. Apart from begging Qin Chen for mercy, he has no chance Two roads.

Qin Chen was speechless. Not only was this week's tour cunning, but his face was so thick that he actually begged himself for mercy at this time.

"Let the young master let you go, does the Sixth Prince think it's possible?"

Just kidding, since this kind of person has done it, he naturally wants to kill it directly, and put it back as a scourge?

"This friend, I was on your side just now. Why did your Excellency count me together? Should I give the old man an explanation?"

At this time, the elder Tianma sat up hard, squinted his eyes, and asked with a green face.

"Haha, friend?" Qin Chen laughed suddenly, looked at the elder of the sky demon coldly, and sneered: "You don't dare to be friends with the blood demon sect."

what?

The face of the elder Tianma suddenly changed: "How do you know..."

Blood Demon Cult!

Could it be the blood demon sect that almost unified the land of hundreds of dynasties thousands of years ago?

Zhou Xun and Yi Ren Tu looked at the elders of the Heavenly Demon in shock, but they did not expect that the elder of the Heavenly Demon was actually a member of the Blood Demon Sect.

Thousands of years ago, the Blood Demon Sect was strongly suppressed by Dan Pavilion and other top mainland powers, and disappeared. Could it be that after a thousand years, it will make a comeback?

"How do I know? Your devilish energy is so heavy, wouldn't it be possible for Young Master Ben to not see it? As soon as Ben Young came to this Black Death Swamp, Your Excellency followed all the way. It should have been traced based on Ben Young's aura Right, you blood demon sect, hidden in the land of hundreds of dynasties, you will not change your heart. This young man originally didn't want to care about it. Blame it, you shouldn't anger Ben young and find him."

"You stay until the end, it should be the same as this week's tour, don't have a purpose, that's right, since you stay, you should stay forever..."

Qin Chen hadn't finished saying these words, the Likan Sacred Mirror suddenly appeared in his hand, and a vast holy light burst out at the elder of the demon in an instant.

At the same time, the mysterious rust sword in Qin Chen's hand turned into a stream of light for the first time, and it suddenly shot at Yirentu and Zhou Xun, apparently trying to remove the roots.

Chapter 654: Devil Vine

"puff!"

The sword light flashed, and Yi Ren Tu watched Qin Chen's sword light pass his throat without the slightest resistance.

With blood splattering, Yi Ren Tu stared in fright and frightened eyes, his eyes gradually dimmed.

The captain of the dignified Zhou Dynasty Zongwei fell.

"No, you can't kill me, kill me, you can't live, my Great Zhou Dynasty will not let you go, stop, stop!"

Seeing this, Zhou Xun, who also had no resistance at all, begged for mercy in horror with a look of fear.

But to no avail.

The black sword light swept across his neck as soon as he turned.

"Puff!"

A big head with wide-eyed, frightened and angry eyes rose to the sky, and the blood spurted three feet high and spilled to the ground.

Before he died, Zhou Xun was full of regret.

If you know the outcome of the matter will be like this, kill him and dare not fight Qin Chen. Unfortunately, the only thing in this world is if!

The death of the two was only a moment, and at this time the terrifying white light erupted from the sacred mirror of Likan had already arrived in front of the elder Tianma.

"Likan Holy Light!"

The misty white light contained unprecedented holiness and destructive power, like a raging flame, without hesitation at all.

The reason why Qin Chen didn't want to talk to him more was because he was too jealous of the elders of the demon.

Qin Chen knew very well that the reason why he was able to severely inflict a heavy damage to the Heavenly Demon before was only to use the formation's self-destruction. In terms of his true strength, he was still some distance away from the mid-level sixth-order martial master.

And the remnant of the blood demon elders, the strength is much stronger than the captains of the dynasty sect guards like the Yirentu, and they are extremely cunning and vicious.

If this kind of person is given more time to heal his injuries, he might be able to make some moths and change the situation.

"Good boy, it is really vicious, no wonder the blood eagle will die in your hands, but it's not that easy if you want me to die!"

The deaths of Zhou Xun and Yirentu did not bring the slightest disturbance to the elders of the Heavenly Demon. At this time, he calmed down in his heart. During the cold snort, a black ball appeared in his hand and slammed toward the ground. Shoot.

As soon as the black ball appeared, Qin Chen felt an uncomfortable feeling in his heart, and after the elder Tianma hit the black ball on the ground, with a bang, the black ball suddenly shattered.

woo woo woo woo.....

In the next moment, the sound of countless ghosts and howling wolves reverberated between the heavens and the earth, and countless black magic energy burst out from the ground instantly.

These demon qi is dense and dense, just like the substance, evolving into various shapes, even at the top of the devil qi, there are some distorted facial features appearing like a ghost, just looking at it, it makes people feel that they are all hairy.

These black magic qi condensed crazily, and finally formed a large black net, which instantly stopped in front of the Likan Holy Light.

According to the elder's thoughts, even if he was seriously injured, his devil vine could instantly block Qin Chen's attack and trap Qin Chen.

But when his Devil Vine and Qin Chen's Likan Holy Light collided, he immediately knew that he was wrong.

"Chichichichi..."

It sounded like a burst of hot water pouring on the ice, and the elder Tianma found that if his devil vine did not continue to infuse true power support, it would not be the opponent of destroying light.

I saw the distorted face on the devil vine screaming frantically, being continuously melted under the light of destruction.

"What kind of treasure is this?!"

The elders of the Heavenly Demon were horrified, and the white light that bloomed from the ancient mirror seemed to be natural to restrain their blood demon cult. It was enough to trap and kill the devil vines of the mid-tier 6 mid-level peak martial arts. In front of this white light, he was restrained to death.

The opponent is just a Wuzong in the middle of the fifth rank.

The elder Heavenly Demon originally thought that even if he was seriously injured, he wanted to capture Qin Chen, the fifth-order mid-stage Wu Zong, but now he knew that he was wrong, and the wrong was outrageous, the strength of this kid was simply terrifying.

Qin Chen breathed a sigh of relief at this time, and was even grateful to Liu Zelai who was killed by himself.

Unexpectedly, after the demon elder was seriously injured, there would be such a weird treasure. When I looked at the black demon vines, I knew that this thing was extremely terrifying and could not be resisted by reckless efforts.

Fortunately, he got this side of the Likan Sacred Mirror from Liu Ze that specifically restrained the dark and devilish energy, otherwise it would not be impossible for him to be overturned by the elders of the demon in haste.

"Damn boy, do you think you've gotten the old man? Just playing the old man, I want you to die!"

The elder Sky Demon spoke in anger, and his heart was full of murderous intent. He once again calmed down, holding the somewhat broken snake stick, and swiping it towards Qin Chen.

"Roar!"

The snake stick looked broken, but it was still usable. In an instant, a huge devilish snake head appeared in the world and bit towards Qin Chen instantly.

"Less dust."

The black slave at this time had already looked at it from the sidelines, from the explosion of the formation to the killing of Zhou Xun and the others, even he didn't know that Qin Chen had set such a big game.

Before he could not get his hands in, and now he saw that huge snake head biting towards Qin Chen, the black slave immediately urged the demon flag, and instantly turned into a huge sky, rolling the snake head in the middle, countless The black magic energy trapped the snake head.

"Hmph, it's just the imitation Heavenly Demon Banner obtained from the blood eagle, and it is also arrogant in front of the old man!"

The elder of the heavenly demon yelled, and opened his mouth to spray a mouthful of blood on the snake stick in his hand. The snake rod suddenly burst into an astonishing black light of blood. With a roar, the eyes of the snake head wrapped in the heavenly demon streamer shot out a scarlet light, roaring With a sound, the surrounding black magic energy was shaken away instantly.

The black snake head shook violently, and the sky demon flag trembled violently, and it fluttered out instantly. The black slave's face was pale, and he backed away again and again, with a trace of blood overflowing from the corner of his mouth.

After the snake head got out of the trap, he snapped at Qin Chen holding the Likan Sacred Mirror for the first time. The snake head was extremely huge, and after opening its huge mouth, it seemed as if there was a huge pocket that completely enveloped Qin Chen.

Qin Chen immediately heard a creaking sound, and his heart sank, and he knew that the true power of his body guard had been shattered. Before he could react, the snake head had already swallowed him.

At the same time, Qin Chen smelled a strong fishy smell, and his mind was dizzy. He immediately knew that it was not good. This was an attack that even the defense of the sixth-tier mid-level peak martial artist could tear apart. Before he could think about it, the true power in his body was instantly injected into the sacred mirror of Likan.

The Likan Holy Mirror exudes a more brilliant light, with a boom, countless rays of light burst out, blasting on the huge Shekou.

"Boom boom boom boom..."

Countless lights of destruction collided with the black snake head crazily, and Qin Chen's meridians were messed up, and then a mouthful of blood spurted out, and the person with a mirror was shaken out.

And this whole process was just a blink of an eye, and Qin Chen didn't even have time to sacrifice the Qinglian Demon Fire.

Chapter 655

Although Qin Chen was injured, the Celestial Demon elders were equally uncomfortable. The huge snake head was shattered by the light of destruction, and the strong counter shock immediately poured into the Celestial Demon Elder's body.

"Puff!"

The elders of the Sky Demon also spewed blood, and it was obvious that the previous attack made his injuries worse.

But he waved his hands at Qin Chen again without hesitation.

In an instant, dense devil vines lingered from the ground, entwining towards Qin Chen instantly.

Once these devil vines are connected, Qin Chen will not have the opportunity to do anything, and will be instantly wrapped in a large number of vines and become a turtle in the urn.

But what the elder Tianmo wanted was to desperately, after capturing Qin Chen, then make plans.

"Less dust!"

Seeing that Qin Chen was immediately surrounded by countless black vines, the black slave suddenly screamed in anger, and hurriedly wanted to come up to support.

"Nigger, you are not the opponent of these vines, go back quickly."

Qin Chen shouted sharply, the black slave's cultivation base is still too weak after all, once surrounded by these black vines, it is easy to fall into crisis.

At the same time, Qin Chen was also furious, and the elder of the demon was too unscrupulous. He was so violent under severe injuries, is he really a vegetarian?

Seeing countless black devilish vines swept in, Qin Chen did not even resist, and instantly sacrificed the Qinglian Demon Fire.

"Om!"

Like a lotus flower blooming in the void, Qin Chen's entire figure turned into a round of cyan scorching sun, bursting with unprecedented scorching light.

In an instant, the entire valley seemed to have become a cyan world.

"Chichi!" The sound instantly sounded, and the extremely confident black demon vines of the elders of the sky demon immediately made a burning sound after approaching Qin Chen, and at the same time a scorching smell filled the void. Come.

Some black magic vines were burnt to ashes instantly after they approached Qin Chen.

"What kind of flame is this?"

The elder of the Sky Demon was shocked, he could not have imagined that Qin Chen still had such a terrifying flame on his body, not only that, the flame could cause such a huge damage to his devil vine.

To know that his devil vine is released a little bit, even the sixth-tier mid-term peak martial arts can be strangled, and it can even threaten the sixth-tier late martial arts, even if it is an ordinary sixth-tier blood spirit fire, it cannot be resisted at all.

But the flame on Qin Chen's body...

He was extremely shocked, but at this time, he could no longer think about so much. The Devil Vine was his last card. If even the Devil Vine failed, then facing him, it is most likely death.

"Puff puff puff..."

Spouting several mouthfuls of blood one after another, the aura on the elders of the demon suddenly became more wilting, but the vines of demon energy in the sky became even more crazier, dozens or hundreds of black demon energy, it was like death, crazily entwined. Qin Chen.

These black devilish vines' desperate attack even quickly broke through the first layer of Qinglian Demon Fire defense on Qin Chen's body.

"Thunderblood!"

Qin Chen was shocked. Once his Qinglian Demon Fire was breached, he would not be able to stop the attack by the elders of the Heavenly Demon.

At this moment, Qin Chen even released the power of his own blood.

Zi Zi Zi Zi...

Among the cyan flames, countless lightning surgings, what Qin Chen didn't expect was that the combination of Thunder bloodline and Qinglian demon fire had formed an unprecedented terrifying power.

"Cracking!"

A large number of black magic vines were melted into nothingness, and the pressure on Qin Chen's body was instantly reduced.

"go with!"

With a sigh of relief, Qin Chen didn't hesitate, and immediately urged the mysterious rust sword to use his swordsmanship, turning into a sword light that seemed to be able to cut through the heavens and the earth, and slashed down to the elders of the sky demon.

"Damn it!"

The elder Tianma was extremely frightened, and Qin Chen was terrible far beyond his expectation. At this moment, he even regretted coming to perform the task of capturing Qin Chen. In the crisis, he hurriedly raised the snake stick.

An astonishing black magic energy emerged from the snake stick.

In the eyes of the elders of the heavenly demon, Qin Chen's swordsmanship should be just ordinary mental power urging the precious soldiers, and the power is not terrible, but when the sword light fell, the face of the elders of the heavenly demon changed suddenly.

An extremely powerful sword intent, as if cutting the ancient times, suddenly cut off the black devilish snake head and poured into his body.

"what!"

He screamed, a sword mark nearly a foot long appeared on his body, and blood spurted from his mouth.

"How is it possible, how could the treasure spurred by this kid be so strong?"

Elder Tianma was filled with anger and disbelief.

But Qin Chen didn't care about his thoughts, his mental power urged wildly, whoosh, the mysterious rust sword evolved amazing sword intent, turned into a dense rain of swords, and the elders of the Heavenly Demon were cut down.

Puff puff.....

The elder Heavenly Demon was splashing blood everywhere. At this moment, he finally felt fear in his heart, and the threat of death enveloped his mind.

"Stop, I have something to say!" he exclaimed in anger.

But Qin Chen's eyes were cold and sharp, and he ignored him at all, and Jian Guang beheaded even more frantically.

"Do you really want to be an enemy of my Blood Demon Cult? Stop it, as long as you stop, the old man can be the master. Your grievances with my Blood Demon Cult will be wiped out. My Blood Demon Cult will never trouble you at all."

Seeing that Qin Chen didn't stop at all, the elder Tianma suddenly panicked and hurriedly shouted.

However, the sword light that Qin Chen urged continued, and the terrifying sword intent of destruction crazily poured into the body of the elder Heavenly Demon, and began to crush the meridians in his body.

At this time, the elder Tianmo finally understood that Qin Chen would not stop killing him.

"Well, it seems that you won't let me go at all. If so, let's die together."

The elder Heavenly Demon was completely angry, a trace of madness flashed deep in his eyes, and a large amount of blood was spouted out of his mouth. These blood, which instantly evolved into a strange blood talisman, suddenly sank into the ground.

"Om!"

The large number of black magic light vines that originally surrounded Qin Chen burst into a palpable **** light. Just when Qin Chen thought that these magic light vines would attack more frantically, they all sank into the ground in an instant.

The next moment, Boom, a **** black ball with a **** halo came to life and death in an instant.

"Hahaha, since you don't want to let me go, then die together, burst!"

With a roar of anger, the black ball suddenly exploded with a heart-palpitating horror.

"not good!"

Qin Chen's face changed drastically, and he ran the formation, wrapping himself and the black slave in it, and at the same time trying to prevent the black ball from exploding, but it was too late.

With a bang, the entire black ball exploded, and the terrifying wave instantly swept across the valley. An extremely strong shock wave instantly broke through the formation under Qin Chen's cloth, and at the same time shook the two of them out.

"Crack!"

On the originally intact stone platform, a crack instantly cracked under the impact, and the outgoing teleportation array was completely destroyed.

Chapter 656

Qin Chen's expression finally changed. This stone platform was the basis for his teleportation formation. Once the stone platform broke, all the formations would be destroyed, and he would definitely be trapped here and unable to get out.

"Hahaha, now none of us can get out, we all have to die here."

The elder Tianma laughed fiercely, looking like crazy.

"Even if you are going to die, you die first."

Qin Chen's eyes were cold, and he urged the mysterious Rust Sword to launch an attack on the elder of the demon.

"Smelly boy, you still want to kill me now, don't you go and see how the stone platform is damaged? Let us all die together!"

Seeing that Qin Chen still wanted to do something to himself at this time, the elder Tianma suddenly became extremely ugly, and he was about to resist. There was a sudden bang, and the entire valley shook suddenly.

what happened?

Everyone was shocked. Qin Chen turned his head in horror, and saw that the stone platform clicked, and the cracked place suddenly revealed a hole about one meter in diameter, a cold breath, from there slowly diffused from the entrance of the cave.

"What's under this stone platform?"

Qin Chen's cold hair stood up. For some reason, he saw the hole on the stone platform with his naked eyes, and his whole body immediately filled with a frightening feeling, as if in the hole was a demon with a huge mouth, waiting for everyone enter.

Even the elder of the Heavenly Demon was shocked. He was originally a member of the Blood Demon Cult and killed countless people. In the past, it was called a demon that could make babies stop crying.

But now, he's all hairy, like hell.

There was obviously no one at the entrance of the hole, the black hole, but he seemed to be stared at by something unclean, uncomfortable all over, and there was an unprecedented fear.

"What is hidden underneath?"

The elder Tianma was shocked and his heart trembled.

Thousands of years ago, the Blood Demon Cult used to be a land of hundreds of dynasties, and naturally knew something about this black death swamp.

According to the records of the Blood Demon Sect, this black death swamp land was an extremely terrifying existence in ancient times.

Its formation is by no means accidental.

In these tens of thousands of years of history, how many people have explored here?

There are masters of the king of martial arts in a land of hundreds of dynasties, and even peerless powers from higher forces.

They have all been here, explored and discovered.

Including the top masters of the Blood Demon Cult, they have also explored the Black Death Swamp.

It's a pity that I haven't found anything. I only know that this place is an extremely dangerous place of death. If you enter the deepest place, no matter how strong the cultivation base is, it will fall here.

Gradually, this barren land was forgotten, but it became a forbidden place in the remote area of the mainland, a land of hundreds of dynasties, for the warriors of the three dynasties to explore and experience.

But now.

This black death swamp suddenly appeared in the underground world, and after they entered the underground world, they even found the center of this relic.

I thought that there were only those seven medicine fields in the center of this relic.

But why did you think that there is still a dark place under this stone platform, which is unfathomable.

At this moment, everyone was horrified.

What exactly is under the stone platform?

Is there a secret to the formation of the Black Death Swamp?

Suspiciously, the whole valley shook again with a bang.

Then Qin Chen was amazed to see that the white mist that had been lingering outside the valley was slowly escaping toward the valley.

The white mist dissipated extremely fast, and in the blink of an eye, it spread to several people.

The soul power swept over, and Qin Chen was amazed to see that in the white mist, countless ghost beasts exuded a cold aura, and on the face without facial features, it seemed to stare at them coldly, revealing a bloodthirsty light.

"Nigger, come to me soon."

Qin Chen's face changed drastically. Under the attack of so many ghost beasts, he might not be able to resist it. At the same time as he exclaimed, dozens of remaining array flags appeared again in his hand, and a large array was quickly placed around him.

With a buzzing sound, the large array exuded a misty light, quickly repelling the surrounding white mist to the outside, and at this time, where the elder of the demon was, the white mist had already wrapped his whole person in it.

In the white mist. A series of black ghost beasts exudes a cold and evil aura, like dense locusts, constantly biting towards the elders of the demon.

"Get out of here!"

The elder Heavenly Demon looked frightened, and the snake rod in his hand waved wildly, and the black magic energy surged wildly, constantly sweeping these black ghost beasts away.

But it was useless, more and more ghost beasts surrounded, among them there were even many more terrifying dark red ghost beasts.

The demon energy of the Blood Demon Sect had a certain restraint effect on the ghost beast, and this was also the reason why the demon banner was able to swallow the ghost beast wantonly.

If there were only one or two ghost beasts, or even ten or so, the elders would not be in danger, but now hundreds of ghost beasts are constantly swallowing them, and the elders are wrapped tightly in an instant.

"what!"

With a screaming scream, Qin Chen's soul clearly saw that several blood-red ghost beasts fell on the elder of the demon, devouring his blood madly.

The vitality and blood of the elder Tianma wilted at a speed visible to the naked eye, almost turning into a corpse in the blink of an eye.

After these ghost beasts killed the elders of the sky demons, they shifted their targets to Qin Chen and the black slaves, and bloodthirsty rays of light appeared in their eyes.

"Damn it!"

Qin Chen was frightened and waved his hand. The storage rings of Zhou Xun, Yiren Tu, and Tianmo elders in the valley were in his hands instantly, but at this moment, he was not happy at all, just extremely solemn.

"call!"

A large number of ghost beasts quickly surrounded Qin Chen with an icy breath.

At the beginning, Qin Chen's formation could barely resist, but as more and more ghost beasts approached, there was a clicking sound, and the big formation under Qin Chen's cloth quickly burst open.

Countless cold breath spread to Qin Chen's body in an instant.

"Nigger, come close to me."

Qin Chen let out a low cry, and the Likan Sacred Mirror instantly appeared in his hand, a large amount of holy destructive power shining toward the surroundings, and at the same time, the green lotus demon fire filled his body again, frantically burning the surrounding ghost beasts.

The black slave on the side kept moving his hands continuously, and countless demonic energy lingered around when the Heavenly Demon Flag was on display, constantly devouring the surrounding ghost beasts.

Invisible screams sounded, and in a short moment, at least dozens or hundreds of ghost beasts were beheaded by Qin Chen and the others.

But it was useless. More ghost beasts gathered around, and the soul power swept away. The entire valley was full of ghost beasts, densely packed, almost endless.

What frightened Qin Chen even more was that among these ghost beasts, there were still a lot of dark red ghost beasts, slowly approaching, bloodthirsty eyes staring at him and the black slave, and rushed forward.

Chapter 657

These dark red ghost beasts, facing Qin Chen's Qinglian demon fire, did not have the slightest crisis at all, and rushed forward one by one like crazy.

Different from the black ghost beasts that are burned into ashes as soon as they enter the Qinglian Demon Fire, these dark red ghost beasts can even hold on for one or two breaths in the Qinglian Demon Fire.

Although it was still burned to ashes soon, but in a short period of time, there were already a few dark red ghost beasts that almost bit Qin Chen's neck.

The cold breath caused Qin Chen's cold hair to stand up, and the threat of death rose in his heart.

Compared to Qin Chen, the black slave was in a worse state.

Despite Qin Chen's protection, the suppression of the dark red ghost beast by his celestial devil flag was not even as good as Qinglian Demon Fire.

Even after absorbing a large number of ghost spirit beasts, the power of the heavenly demon banner is constantly improving, but there are still a large number of dark red ghost spirit beasts, ignoring the attack of the heavenly spirit banner, constantly approaching the black slaves, and even the black slaves are almost caught. .

"No, if this continues, we all have to die here."

Qin Chen was anxious, the number of ghost beasts was too much, and he could not kill them at all. He kept working hard, and in the end he would definitely not be able to stop the attack of the ghost beast, even if he could resist it, the true power in his body was not endless.

Once he waited for his true power to be exhausted and even the Qinglian Demon Fire could not be activated, he could only wait to die obediently.

"You have to find a way."

Qin Chen's heart was anxious, and the thoughts in his mind flashed to death.

Just when he had no idea at all.

"Ok?"

At this moment, Qin Chen suddenly caught a peculiar phenomenon behind him.

At this time, the entire valley was completely shrouded in white mist, and there was almost no safe place.

What is strange is that there is no white mist around the stone platform, and there is no ghost beast daring to approach it.

The cave entrance on the stone platform exudes a cold and evil aura, just like the entrance of purgatory. Any ghost beast nearby will move around the stone platform instead of getting close to the stone platform.

Even Qin Chen could feel a trace of horror on the faces of these ghost beasts.

It seems that there is something under that stone platform that they can't desecrate and defy at all.

"Near the stone platform, it should be a safe zone."

Qin Chen was overjoyed.

"Nigger, come with me."

Immediately controlling the Qinglian Demon Fire, frantically scorching these ghost beasts, at the same time the two carefully retreated to the edge of the stone platform.

As soon as they approached the hole on the stone platform, a cold wind blew on the two of them. They only felt hairy, and their bodies felt unprecedentedly cold.

But at this time, they had no other way. In order to resist the ghost beast, they could only keep approaching the entrance of the cave.

After discovering that Qin Chen and black slaves were near the entrance of the cave, a large number of ghost beasts rushed up frantically, their state was almost lifeless.

"what!"

The black slave suddenly let out a scream, and a bite mark suddenly appeared on his body. It was a dark red ghost beast, biting him desperately. If he hadn't reacted in time, I'm afraid the blood in his body would have been swallowed up. Up.

Because of this, the black slave also got into a cold sweat and felt weak.

Faced with such a weird thing, almost no one is not afraid.

"Damn it, why are these ghost beasts attacking more frantically after getting close here?"

Qin Chen immediately felt a dilemma.

Behind it was the gloomy entrance of the cave, the dark underneath, even the soul power could not sweep out anything, it just felt extremely gloomy.

But in front, there are densely packed ghost beasts, endless, endless.

Fight!

"Nigger, let's go in!"

With a cold gaze, Qin Chen knew very well that if he continued, he would only be killed by the ghost beast. Only when he entered the entrance of the cave could he have his only life.

"Whizzing!"

The two rushed into the hole desperately.

Oh oh...

After Qin Chen and the black slave disappeared, a large number of ghost beasts immediately lost their targets. They hovered near the entrance of the cave, not daring to approach the entrance, but were unwilling to leave.

At this time, in the valley, along with the previous shaking, several small spatial cracks suddenly appeared.

Countless ghost beasts were nearby and immediately rushed in, but the space crack closed again in an instant. Even so, hundreds of ghost beasts rushed into the space and disappeared.

And when Qin Chen was forced to rush into the cave.

Among the ruins outside the valley, the elder Luoying and others who went out first were trapped at the exit.

I saw a dense cluster of warriors outside the ruins, and the number even reached two thousand.

In addition to a large number of Wuzongs, some sixth-order Wuzuns arrived, with a total of more than 20 people. At this time, they also came to the ruins, surrounded by Mo Xincheng, Longyan and others.

"You have just entered the relic center of the Black Death Swamp. I think there should be a lot of gains. Shouldn't you give us an explanation?"

On the field, a Wu Zun who exuded the cold sixth-order mid-stage aura, said coldly at Mo Xincheng and others.

Around him, the other rank six martial masters who had just arrived, all stared at him, their eyes were frantic.

They were all Wu Zun who came here after receiving the news. After arriving here, the entrance was closed. After learning that a group of people had entered first, they had been waiting at the door until Xia Wushang and others came out.

In fact, these people are all major forces from the three major dynasties. Normally, they dare not be rude to princes of dynasties like Xia Wushang.

But at this moment, facing such a huge temptation, there is no way to calm down.

Ever since, one by one was surrounded by the ruins, obviously not wanting Luo Ying and others to leave safely.

"Everyone, what we have just said is very clear. Several of us, the victims, and the kid inside, took most of the elixir from us, otherwise you think you can stop me from waiting? We stay here to take back what belongs to us."

Luo Ying looked at these people coldly, and said coldly.

Although her words were awkward, they still attracted many Wu Zun's whispers.

In fact, when the first Wu Zun powerhouse said this after coming out, they didn't believe it at all.

Those who entered the ruins were obviously martial masters from the top forces of the three major dynasties. Will they be blackmailed by a young man? Speak out, the ghost believes.

But when the strong were constantly transmitting, and after saying so, they had to doubt it.

Especially the elder Luoying, who is the core elder of Xuanyin Pavilion, even if she wants to swallow the treasure alone, it is impossible to pull down and tell the shame of being blackmailed.

After all, once it spreads out, this group of people will immediately become the laughing stock of the three dynasties.

No matter it was the Daxia Royal Family, Xuanying Pavilion, and other forces, they couldn't afford to lose this face.

Chapter 658

not to mention.

The warriors who entered the center of the ruins before were all top forces from the three major dynasties.

Even if it is a collusion, it is impossible to collude so flawlessly, after all, once someone tells the truth, it will immediately arouse the anger of other warriors.

"Well, even if the boy blackmailed you, why hasn't it come out yet?" At this time, another strong snorted.

"How do I know this?" Luo Ying glanced at the crowd coldly, but didn't find who opened the mouth, but coldly said: "When I left, there were the boy and the Zhou Xun prince of the Great Zhou Dynasty. And an outside sixth-tier mid-level peak martial artist, with Zhou Xun's personality, it is strange that he would hand over the elixir obediently, maybe they are still in a stalemate inside."

It's been a while since the last Luoying teleported out, but in such a long time, no one was teleported again, which also attracted many people's suspicion.

It's just that now it's not impossible to hear Luoying say this.

Zhou Xun's prince had always been accustomed to rampage, and was extremely at odds with Qin Chen. Judging from the number of Qin Chen blackmailing them before, Qin Chen would blackmail at least 80% or 90% of Zhou Xun's elixir.

If this is the case, Zhou Xun simply cannot agree, and the two sides are likely to be deadlocked.

At this time, the vast majority of people on the field have already believed Luo Ying and the others. Many people stay here for the same purpose as Luo Ying and others. They want to stay here, waiting for Qin Chen to come out, and then get from him. Elixir.

An unknown young man, with a little knowledge of the formation, dominates the export teleportation formation, and also blackmailed the elixir of so many powerful people, how could he leave so easily?

Among them, Wu Zun in the middle stage of the sixth step stood up and immediately clasped his fists and said: "Okay, I also believe in your credibility, and you will not be babbles. Before, I didn't arrive in time and couldn't enter. In the ruins center, get the elixir. Since you have been blackmailed by the young man, you want to take it back. Before that, I hope you will report your lost medicinal materials. We don't want too much. How about taking 70% of the elixir we took away? In this way, it will save everyone from infighting."

The words of the sixth-order mid-stage martial arts immediately attracted the approval of the other sixth-tier martial arts on the field who had not received the elixir.

"Seven percent, you want too much, don't you? Do nothing and get seventy percent elixir. How can it be so easy?" But Luo Ying and others immediately became dissatisfied.

"Do you know what's in the ruins center? The ghost beasts in the valley, we risked our lives and spent a few days to get the elixir. What is distributed directly will divide you 70%?"

"Too much, up to 30%!"

"In my opinion, two achievements are enough."

Those strong men who came out of the valley said one after another.

The middle-aged Wu Zun's face suddenly sank, and he said in a cold voice: "You are too insincere, right? How many elixir can the boy blackmail you? One or two percent is almost the same, and we only need this two percent. Seventy percent, is that too much?"

Murderous aura surged from him. In his opinion, how much Qin Chen could blackmail Elder Luoying from them? One or two percent is at most, and more and more is three to four percent, but Luo Ying and the others are not willing to take out the seventy percent that were blackmailed, and they simply look down on them.

Not only him, but other Wu Zun experts who had not entered the valley were also angry.

"Ten 20%? Huh, do you know how much that kid blackmailed this elder?" Luo Ying said angrily.

"How many?"

"Nine percent!" Luo Ying gritted her teeth, her eyes were angry, and she burst into flames.

"What, 90%, how is it possible?"

The sixth-order mid-stage Wu Zun and other strong men were startled one after another, with an unbelievable expression.

Are you kidding me, is this Luoying a fool? Even if the opponent occupies the exit, he wouldn't obediently hand over so many elixir, right?

"Nine percent of the elixir, are you kidding me, wouldn't your Excellency resist?" The sixth-tier mid-stage Wu Zun sneered.

Luo Ying's face was even more ugly: Angrily: "It is because the elder disagrees that he was blackmailed by 90%. Otherwise, the six achievements are enough. If you don't believe it, you can ask others!"

"I don't know what Elder Luoying left last, but what I was snatched from was 80% of the elixir and 10,000 middle-grade real stones. This Elder Luoying should know about it." Mo Xincheng was the first to stand up and said with a cold voice. .

After Mo Xincheng finished speaking, President Long Yan immediately stood up and said coldly, "I was robbed of 70% of the elixir and 10,000 middle-grade real stones. Patriarch Mo and Elder Luoying should have seen it."

"I was robbed of 60%."

"I am also 60%!"

Those warriors who left behind were okay. Xia Wurou, who was the first to leave, was shocked when she heard what Elder Luo Ying and other powerful men said.

She thought that Qin Chen was going to take away 50% of her spiritual medicine, which was already a lot, so she was extremely dissatisfied with Qin Chen in her heart, but she did not expect that the rest of the people would be asked for more.

Among them, Elder Luoying turned out to be as high as 90%.

This is simply the elixir that Elder Luoying reached, and they have all been taken.

At this time, Xia Wurou finally understood that when he left, Qin Chen said, "How good I am to you!".

Compared to the elixir that other people had been robbed, he was indeed extremely merciful as long as he was only 50%.

At this time Xia Wushang also gave a wry smile. At first he was quite dissatisfied with Qin Chen, but at this moment, these dissatisfaction completely disappeared.

Compared to the others, he was only robbed of 50%, and the two more plants were not required in the end, which is already considered thank God.

Even Captain Zongwei, who was following Xia Wushang, gave a wry smile, and showed no resentment towards Qin Chen.

Seeing how other people were filled with righteous indignation, Xia Wushang completely lost the idea of staying. Others wanted Qin Chen to get back the elixir. It was their business, and he had no idea about it.

Moreover, he suddenly had a comprehension. From breaking through the ruins of the natural formation, enslaving the only formation master Zuo Puppet, to finally occupying the teleportation formation, Qin Chen worked extremely rigorously, and he did not understand the behavior at the beginning to the end. Instead, it became something he had designed.

Now that he has robbed so many people's elixir, will he not be prepared?

Xia Wushang suddenly felt that if these people stayed here, preparing to ambush Qin Chen who would come out, they would most likely get nothing.

At this moment, his resentment towards Qin Chen completely dissipated, and he suddenly smiled and said to Captain Zongwei next to Xia Wurong, "Let's go back!"

As he said, he took the powerful man of the Daxia Dynasty and walked out of the crowd.

Chapter 659 Underground Demon Palace

Watching Xia Wushang lead the people of the Daxia Dynasty to leave, although many people at the scene did not understand, no one actively asked them to stay.

At this time they also knew that Xia Wushang was the least blackmailed one. If it was another force warrior, they would inevitably not think about it after they knew that the other party had 50% elixir.

But Xia Wushang was the prince of the Great Xia Dynasty after all. With so many people, no one dared to do it openly on him.

What's more, after Xia Wushang and the others left, Qin Chen blackmailed their 50% elixir, so that no one would ask for it anymore, and it happened to make the rest of them cheaper.

But after Xia Wushang and others left, the rest of them also allocated each other's interests.

That is, after Qin Chen came out, the strong man who had not entered the valley before, grabbed him, Qin Chen's elixir, they can get 50%, and the remaining 50% will be returned to the one who was robbed before. power.

This is a result that no one disputes.

Of course, after they are allocated, whether there will be any more conflicts between them is a matter between the various forces.

What made them anxious was that as time passed, Qin Chen showed no signs of showing up.

At this moment, the ruins where everyone was sitting shook suddenly, and then, at the entrance, several spatial cracks flashed away.

"what happened?"

"what happened?"

Everyone only felt a cold wind blowing on them, and they felt extremely uncomfortable.

Amidst suspicion, a screaming scream suddenly sounded. Among the crowd, a strong man was holding his neck in pain, and the flesh on his body quickly shrivelled. After a few breaths, he turned into a mummy. Fell to the ground.

"Ghost beast, it is ghost beast!"

"There are ghost beasts here."

The crowd panicked instantly.

"Don't worry, so many of us are here, are we still afraid that a ghost beast will not succeed?"

In the ruins, a sixth-order martial master shouted loudly, but his voice had not yet fallen, and several screams rang out. Among the martial artists surrounded here, several people screamed at the same time and turned into Mummy.

These people are not in the same place at all, obviously there is not only one ghost beast.

At this time, everyone was frightened, and they drew out their weapons nervously, a ghost beast, so many people present might not care about it, but if there are too many ghost beasts, it's hard to say.

Elder Luoying immediately took out the ancient mirror and snapped a photo towards the surrounding void.

In the next moment, everyone's complexion changed, and only a few black shadows flashed within the scope of the ancient mirror's light, and there were even a few dark red shadows. There were so many, there were only one or two, obviously dozens. Head, more than a hundred heads.

These ghost beasts rushed to the crowd below frantically.

In an instant, screams came and went one after another, and even some ghost beasts rushed directly to the many martial masters in the ruins.

"not good!"

Everyone's complexion changed drastically, and they raised their weapons and attacked all around frantically.

The ghost beasts were not invincible, but the traces were totally unpredictable. In an instant, a few ghost beasts were shaken out, but a few more ghost beasts pounced on the bodies of several powerful martial artists.

"what!"

That Wu Zun roared in pain and danced his hands madly, his mind immediately became confused, as if mad.

The flesh and blood on their bodies dried up at a speed visible to the naked eye.

Luo Ying and the others looked around in anger, only to see screams everywhere, and a thought of fear suddenly rose in their hearts.

Why are there so many ghost beasts suddenly? Could it be that the ghost beasts in the valley rushed out?

Thinking of the number of ghost beasts they had seen in the valley before, everyone was chilly.

If these ghost beasts really rushed out, let alone their dozens of martial masters, even if they doubled or ten times, they would only die here.

Moreover, Qin Chen and the others would have already died in the valley.

"go!"

At this moment, everyone was full of fear, and there was no idea of staying here to take back Qin Chen's elixir, and they left here madly one by one.

The whole ruined land was like a big flee, and everyone flew like crazy in order to escape.

It was just a moment of effort, and the ruins where a thousand or two thousand warriors had originally gathered were all gone. On the ground, only dozens of shriveled corpses were left.

And the ghost beast that rushed out by hundreds of heads continued to chase the thousands of warriors who fled around, killing them continuously.

Just when this disaster broke out in the swamp of black death!

When Qin Chen and the black slave entered the entrance of the cave, they thought they would encounter something terrifying, but they did not expect that what appeared to them was an extremely mysterious underground palace.

"Little dust, where are we now?" the black slave asked in horror.

There was a gloomy feeling in the whole hall, which made them very uncomfortable.

"I don't know, let's heal the injury first."

After Qin Chen took out some pills from his body and distributed some of them to the black slaves, he immediately started cross-legged treatment.

For Qin Chen, no matter what place it is, it is undoubtedly the most important thing to restore the state to its peak as soon as possible.

After a while, Qin Chen's injuries were completely healed, and at the same time, the true power consumed in the body had been recovered seven or eighty-eight.

Qin Chen began to look at the palace again.

The entire palace is extremely empty, without anything, surrounded by thick black walls, and there are still thick pillars made of unknown materials in the palace.

In addition, this palace has no entrance or exit.

Even when he raised his head, he only saw a dark stone wall, which was not the hole they had entered earlier.

Qin Chen's heart suddenly sank.

What he is worried about now is not whether there is any danger here, but how to get out.

The entire palace, like the stone platform before that, has no exits at all. If he can't find a way to get out, he will be trapped here even if he is highly knowledgeable.

"Nigger, let's find where the exit is first!"

But when Qin Chen turned around, he was immediately stunned, because he discovered that the black slave had disappeared.

The entire palace was extremely empty. The black slave was standing beside him just now, but at this moment, the black slave was completely gone.

what happened?

Qin Chen was shocked.

His perception is so keen, if someone approaches here and takes away the black slave, he will not be unable to sense it at all.

And even if there is a top master that he can't perceive and takes away the nigger, but the whole palace is empty and there is no way out, where can the **** be taken?

Haunted?

Chapter 660

Qin Chen forced himself to calm down.

He knew very well that the black slaves had clearly entered the palace with him, and they would never disappear for no reason. It was very possible, where they went, or what organs they had inspired.

Is it an illusion?

He closed his eyes and felt it mentally.

But what disappointed Qin Chen was that the entire hall was extremely strange and gloomy, but there was no trace of the illusion at all.

This means that in the entire palace, there is no dot matrix at all.

But if it wasn't a formation, what would it be?

Qin Chen frowned, this place was too strange and made him feel very uncomfortable.

"You must find a way to get out of here."

Qin Chen desperately wanted to find a way to leave, frantically looking for a way out in the hall.

Again.

Twice.

Three times...

I have searched for more than ten times, and I still found nothing.

And the black slave seemed to have completely disappeared, and there was no trace of him around.

"Nano slaves will not have encountered any accidents, right?"

Qin Chen's heart sank.

"Damn it!"

His face is ugly, and his heart is completely messed up.

"No, I can't go on like this."

Suddenly, Qin Chen took a deep breath, and then exhaled it long.

The original anxious heart also slowly calmed down.

He knew that if he continued like this, his mentality would completely collapse, and he would be even more unlikely to go out.

I can only force myself to calm down.

But what caused Qin Chen's headache was that whenever his heart was about to calm down completely, an inexplicable feeling of anxiety would appear in his heart.

"You must find something to do."

Qin Chen's heart was cruel. Since he couldn't get out, he would simply cultivate here. Anyway, he had obtained such an elixir before, and it could be said that he had become a mobile medicine storehouse.

He dared to guarantee that even if it was the pill storehouse of a certain dynasty in the land of hundreds of dynasties, he might not dare to say that he was rich.

When he thought of doing it, Qin Chen immediately sacrificed the pill furnace, and at the same time took out a large amount of elixir, and sat cross-legged in this hall, unexpectedly refined the pill.

When the palm of his hand touched the cold pill furnace, and a large number of elixir was lined up by him, Qin Chen's heart became inexplicably ethereal.

This is a conditioned reflex, a natural feeling.

In his previous life, once he encountered any headaches or problems that he could not resolve, he would choose to refine medicine.

Whenever he started refining medicine, all his worries, all headaches, would be instantly forgotten by him, and his anxious heart would also get unprecedented peace.

The Qinglian demon fire gently licked the bottom of the pill furnace, Qin Chen emptied his mind and completely immersed himself in the refining of the pill. Under his control, the plants of the elixir were thrown into the pill in a dazzling manner. In the furnace.

After a while, a pot of pill exuding a delicate fragrance had been refined by him, and it was put into the medicine bottle beside it.

But Qin Chen didn't stop, and continued to refining frantically.

The second furnace.

The third furnace.

Fourth furnace.

...

Gradually, Qin Chen was completely immersed in the refining.

He even forgot where he was now, and what he lingered in his mind was how to make medicine.

Qin Chen didn't even look at a furnace of elixir, but he threw it aside.

Sipin medicine.

Five-pin pill.

In the end, even the sixth grade pill was easily refined by Qin Chen.

And as Qin Chen's condition got better and better, at the beginning, he would still refine the top-grade pill. Afterwards, almost every pill was top-grade, without any flaws.

time flies.

Qin Chen didn't know how long he had refined. It has been refining frantically until the powerful sixth-order mental power is completely exhausted, and the real power in the body is close to exhaustion, it finally stops.

At this time, hundreds of bottles of pills had appeared on the ground beside Qin Chen.

After stopping the refining, Qin Chen swallowed some of the pills in his mouth without hesitation.

"boom!"

The elixir he took out for refining were all the amazing elixir he had previously obtained in the medicine garden, but when these elixir entered his body, it was like a flame that was instantly ignited, and the medicinal power instantly All over his body.

The real power and spiritual power that had been consumed quickly filled his body, a feeling of being full of power lingering around his body.

When the true power in Qin Chen's body reached a limit, he immediately took the Huazun Pill made from Huazun Grass and took it into his mouth.

The Huazun Pill is an extremely terrifying kind of the sixth-order pill. It can make the Wuzun at the peak of the fifth-stage late stage have a great probability of breaking through to the sixth-order Wuzun realm, and even for the sixth-order Wuzun strong in a small realm. Promotion also has a great driving effect.

Therefore, after Qin Chen took the Huazun Pill, his true power, which had reached the mid-level peak of the fifth stage, was instantly violent.

Rumble!

The terrifying true power instantly resembled the ocean, madly impacting the barrier of the fifth stage late stage.

"Boom!"

Almost in an instant, the barrier of the fifth-stage late stage in Qin Chen's body was instantly broken, and a sense of comfort that broke the shackles instantly filled his whole body.

"Roar!"

Qin Chen roared, only to feel that his body was filled with unprecedented terrifying power, and he blasted out with a punch, violently roaring through the entire hall, as if the sky was broken and the earth was cracked.

After breaking through to the late stage of the fifth stage, Qin Chen continued to swallow the pills and practice without any pause.

He seemed to be tireless, constantly concentrating the true power in his body.

The Nine Star God Emperor Jue was urged to the extreme by him, and the body's twelve basic meridians were filled with majestic true power.

At the same time, the golden spiritual seed he had obtained in Gunan Capital at the beginning also seemed to have received astonishing nourishment, constantly feeding back a stream of mysterious true power.

I don't know how long it has passed.

Qin Chen stopped practicing until the true power in his body could no longer be improved.

He was full of energy, raised his head, two cold glows shot into his eyes, and the mental power condensed in his mind also got a breakthrough, turning into an astonishing mental storm, entrenched in his mind.

"The peak of the late stage of the fifth stage, unconsciously, broke through to the peak of the late stage of the fifth stage!"

Feeling the surging true power in his body, Qin Chen muttered.

When he left the land of the Five Kingdoms, he only came here to find Ku Yunzhi, but he never expected that in this short period of time, his cultivation level would break through to the peak of the late stage of the fifth stage.

This speed has to be staggering.

Can be called abnormal.

In addition to his cultivation level breaking through the peak of the late stage of the fifth stage, Qin Chen's mental power was also nourished by a large number of special pill, and he entered the late stage of the sixth stage in one fell swoop, and obtained an astonishing improvement.

When Qin Chen put away the pill, calmed down and looked at the whole hall again, the scene before him was different from what he had seen before.

"These stone pillars seem a little strange."

Qin Chen's gaze gathered on the weird stone pillar in the hall, and he suddenly felt a little uncomfortable. This feeling made him very strange.
