[Chapter 701: In charge](#)

The slap this time was more than twice as hard as the last time.

Yichen fell heavily to the ground and vomited another mouthful of blood, unable to get up for a long time.

"This is your so-called proud noble status? You keep talking about rubbish, but you can't even take Ben Shao a palm. If Ben Shao is rubbish, what are you?"

Qin Chen said faintly, these words were even more ruthless than the slap before, and they slammed into Yichen's heart, making him very embarrassed.

Moreover, not only Yichen, but also the young people who came with Yichen, they all seemed to be slapped in the face, and their faces were extremely ugly.

"Little dust, you are too reckless."

Seeing Yichen lying on the ground so embarrassed, Xiao Ya shook her head bitterly.

Qin Chen came here this time, originally asking Pill Pavilion to do something. Now that he does this, how can Pill Pavilion help him?

"Forget it, Qin Chen, my master still don't go to see you, you are making such a big noise in the pill pavilion now, as Master Yichen, you will definitely not let you go, let's go quickly." Xiao Ya said anxiously.

"If you want to go, how can it be so easy, come here, get this kid up for me, make trouble in my Dan Pavilion, is it lawless!"

Only heard the roar, Yichen and the young people looked at Qin Chen angrily and shouted loudly, but they didn't come forward, just staring at Qin Chen bitterly.

In fact, the movement in the hall had already been transmitted, and only a series of footsteps could be heard. Immediately, a middle-aged man with a group of guards hurriedly came to the hall.

At the same time, there was also an elegant old man in a steward's robe, walking down the hall quickly.

Among the guards, the leading middle-aged man, wearing armor and powerful, exuded a terrifying aura like resolute vigor, he was clearly a martial artist in the early stage of the sixth stage.

And the elegant old man in the steward's robe, although he never exuded such an aura, but standing with the captain of the guard, he did not fall in the slightest, he was also a sixth-order martial artist.

Seeing the scene in the hall, the two of them were shocked at the same time. Among them, the captain of the guard hurriedly stepped forward to help Yichen and said in anger: "What's the matter?"

Yichen is the second disciple of Elder Jinyuan of the Dange, and at the same time, he is also one of the top geniuses of the Dange of the Imperial City.

Now, there are people in the alchemy pavilion who are actually doing their hands on the alchemist in their alchemy pavilion. This makes him, who is the guardian of the alchemy pavilion, not angry!

Even if he was not in the hall before, it was his negligence to hurt Yichen.

And that elegant steward had a look of anger on his face.

"Gu Xun is in charge, Captain Li Feng, that kid used his hands." Several of Yichen's men pointed to Qin Chen and said grimly.

Following the fingers of a few people, they were all taken aback when they saw Qin Chen.

Young, too young.

They originally thought that they would be a warrior in the imperial city who didn't have long eyes, but they didn't expect that it was such a young boy.

After seeing Xiao Ya next to Qin Chen, the two of them were startled again and immediately understood that things were as simple as imagined.

"Xiao Ya, what's going on?" Gu Xun frowned.

He is one of Dan Pavilion's chief management. The so-called chief management refers to the management of the daily transactions and order of the Dan Pavilion. Although he is not comparable to the elders in terms of rank, his status is not much weaker.

After all, many of the elders in the Pill Pavilion are high-level pharmacists. They devote themselves to refining and rarely manage the daily affairs of the Pill Pavilion.

"Gu Xun is in charge, and he's still talking nonsense with them. This person waited for me in the Dan Pavilion. It was clear that he didn't put my Dan Pavilion in his eyes. I won't take it down." Yi Chen gritted his teeth and said.

"Gu Xun is in charge, things are not like this, listen to me to explain." Xiao Ya's expression changed, and she hurriedly said.

If Gu Xun was about to take care of Qin Chen, then the matter would be troublesome. With Qin Chen's temper, how could he be willing to be captured? A conflict would inevitably occur. At that time, even her master would not be able to resolve it.

"Xiao Ya, no matter what the cause of this incident is, this son dared to make trouble in my Dange and wounded Yichen and the others. The crime is unforgivable. Li Feng, take this son first, put it into the law enforcement hall, and then be interrogated. ."

The old man looked at Qin Chen and spoke coldly, making Qin Chen's eyes condensed slightly.

He Qin Chen, making trouble? It seems that from beginning to end, he couldn't help himself, right?

"In my Dan Pavilion, insulting my Dan Pavilion disciples, are you humiliating my Dan Pavilion without anyone?"

Seeing that Qin Chen didn't speak, the old man spoke again with a cold voice.

All the customers on the field were stunned, and immediately shook their heads. It is really rare for him to be so young and have such a cultivation base. It is a pity that he dared to cause trouble in the Dan Pavilion, I am afraid that the end will be miserable.

Xiao Ya was anxious, if Qin Chen was taken to the law enforcement hall, there would be good results? As the elder Jin Yuan, even if Qin Chen is innocent, I am afraid he will be convicted.

"Hahaha."

Just when the guards rushed up and was about to capture Qin Chen, Qin Chen suddenly sneered. "The so-called Dan Pavilion is so indifferent to black and white. It is clearly Yichen's misbehavior, but when you come up, you will have to torture Ben Shao. Ben Shao wants to ask you, as the pavilion in charge, how exactly do you manage? Dange, if you don't give Ben Shao an explanation today, Ben Shao must go to Xinbei Tianyu

Dange Headquarters, complain about your Dawei Dynasty Dange, behave ill-fated, lawless, and ban this branch. "

As soon as Qin Chen said this, the old man's face suddenly changed.

"stop."

He gave a cold cry to prevent Li Feng and the others from capturing Qin Chen, and then stared at Qin Chen coldly, saying coldly: "Take out my Dange branch, your excellency, you hurt my Dange disciple in my Dange. The sin is unforgivable, no matter where you complain, it is useless."

"Really?" Qin Chen sneered: "You should ask the kid next to you first. Just now, if it was him, first insult Ben Shao and keep saying that I am rubbish, and I want to get rid of Ben Shao, Ben Shao. The hand that just moved?" "What about it?" Yichen snorted coldly: "Gu Xun is in charge. This person is a disciple from the Five Nations brought by Xiao Ya. He must be the same as last time. He wants me to be sheltered by Dange. My Dan Pavilion has never interfered with the affairs of the major forces. This son has a sinister heart. There should be nothing wrong with the disciple driving him away, but he

, But directly did it, obviously not paying attention to my Dange. "

It turned out to be so. Gu Xun instantly understood the ins and outs of the matter, and looked at Qin Chen coldly and said: "If what Yichen said is true, then it is normal for him to drive you away. My Dan Pavilion does not welcome anyone to come here. But leaving, but you did it, it violated my Dange rules. It seems that today

Today, you must go to the Law Enforcement Hall once. "Qin Chen sneered: "If this young master is an ordinary martial artist, this person is the alchemist in the alchemy pavilion, so he is naturally qualified to drive off the alchemist, but he is also a pharmacist. According to the rules of the Wuyu Dange headquarters, Paragraph 5, Article 21, this person dares to insult me, who is also a pharmacist. I don't know what to do

What kind of punishment is it? "

Qin Chen sneered again and again, and his expression was happy and not afraid.

"What, you are also a pharmacist." Gu Xun was taken aback when he heard that, his brows frowned, his face ugly.

[Chapter 702: Supervision Department](#)

"You are also a pharmacist."

Gu Xun looked at Qin Chen indifferently, a strange color flashed in his eyes.

Although his tone was still cold, everyone clearly felt that Gu Xun's tone had changed.

"The third-grade alchemist certified by Dange is like a fake replacement."

Qin Chen took out a token from his body. On this token, a furnace cauldron was engraved. There were three silver patterns around the cauldron, representing the identity of the third-rank alchemist.

This token is exactly the third-rank alchemist badge that Xiao Ya had applied for to Qin Chen in the Great Qi State Pill Pavilion.

"The third-rank alchemist badge!"

The customers in the Dange are all people who know the goods and can't help but whisper.

Qin Chen was so young that he was actually a third-rank alchemist, and everyone was surprised and shocked.

You should know that although the third-rank pharmacist is not a high-level one, Qin Chen is too young after all. Many pharmacists did not even enter the first-rank pharmacist when Qin Chen was so old.

On the contrary, Yichen looked at the token in Qin Chen's hand and sneered: "It's just a third-rank alchemist badge, do you think it is a baby?"

Qin Chen was the person recommended by Xiao Ya to participate in the Hundred Dynasties Competition in the Dawei Dynasty Pill Pavilion. He was a third-rank alchemist, and it was normal.

"It's really not a treasure, but according to the regulations of the Pill Pavilion Headquarters, Pill Pavilions in various places provide places for many alchemists to communicate, verify, and trade with each other. Both are alchemists. You insult Ben Shao and drive away Ben Shao and Ben Shao gives you. This lesson is naturally normal."

Qin Chen said with a sneer, and then looked at Gu Xun: "Gu Xun is in charge. As the leader of the Dan Pavilion of the Dawei Dynasty, you have the right to maintain the order of the Dan Pavilion. Now this person insults Ben Shao so much, everyone present can see clearly, should your Excellency give me an explanation."

"Explain, what kind of explanation is required, I am a fourth-rank pharmacist, your Excellency is only a third-rank pharmacist, I teach you and drive you away, it is just a matter of course." Yichen said angrily.

In his opinion, even if he is also a pharmacist, it is normal for him to teach Qin Chen.

Qin Chen narrowed his eyes slightly and sneered in his heart.

These people think that they are better born, so they can be so overbearing, kill them if they say they want to, or rush if they want, there is no doubt.

In front of them, no matter how strong you are or how talented you are, as long as you come from a low-level force, you are rubbish, untouchable, and waste. For this kind of person, Qin Chen didn't even have the desire to speak, but just sneered at Gu Xun: "Gu Xun is in charge, this is the level of your Dawei Dynasty's Dan Pavilion? According to the regulations of the Dan Pavilion headquarters, among the alchemists, although there are The rank is high or low, but there is no distinction between high and low, everyone is a pharmacist, so why is it right?"

? If Gu Xun's manager thinks so too, the book will be written to the North Tianyu Dange branch, and even the Wuyu Dange headquarters, to ban the Dawei Dynasty Dange! "

Qin Chen's voice was sharp.

This remark made everyone on the court condensed, this son, so mad, and banned the Dange branch of the Dawei Dynasty at every turn, what a big tone.

It's not like the poor people from the five countries.

"Oh, just by you, are you eligible to go to the Shudan Pavilion headquarters and the Beitianyu branch?" Yichen sneered. Qin Chen is no more than a disciple of the Five Kingdoms, a dare who came out of the poor villages, and I am afraid that the Beitianyu branch will open up everywhere. Don't know. Qin Chen glanced at Yichen coldly, ignoring him at all, and just sneered at Gu Xun: "As far as I know, in addition to the Law Enforcement Hall, the Dange high-level executives also have a Supervision Department, which specializes in checking whether Dange is available everywhere in the world. Violation. The Supervision Department can accept real-name and anonymous complaints, directly under Dange headquarters

Jurisdiction, anyone can make a complaint, and the local Dange has no right to intercept jurisdiction. At this point, this person doesn't know, you, as the head of the cabinet, will not be clear. "

Hearing that, Xiao Ya and the other pharmacists on the field looked at Qin Chen in amazement.

Supervision Department, does Dange have this department?

Doubts appeared on each face.

You must know that they have been in Dange for so long and have never heard of this department.

Qin Chen was expressionless and looked at Gu Xun indifferently. The Supervision Department was the department that Dan Pavilion had just established before his fall in his previous life. It was mainly because the local Dan Pavilion had too much authority and often illegally participated in the fights of major local forces, which caused the Dan Pavilion's reputation at that time. Bad, this is only set up specifically to supervise the major Dange's

Irregularities.

Now that three hundred years have passed, Qin Chen doesn't know whether the Ministry of Supervision still exists, but guesses that it hasn't been long since the Ministry of Supervision was established, and it should not have been banned so soon.

Xiao Ya and the others don't know, but Gu Xun, who is in charge of the cabinet, probably doesn't know. "The Supervision Department, it's really ridiculous. I don't know where you heard the term. In our Dange, the law enforcement hall has always supervised the Dange discipline and the alchemist. When did another supervision department come out? They are untouchables, even the internal departments of our Dange have little knowledge

, Also worthy of being a pharmacist? "

Yichen laughed loudly, his face full of mockery.

"shut up."

At this moment, Gu Xun suddenly gave a cold drink to Yichen, his face turned extremely ugly.

"Gu Xun is in charge..." Yichen was taken aback, what is going on with Gu Xun? As soon as he was about to speak again, he saw Gu Xunbing's condensed eyes and his heart suddenly burst.

Could it be that there really is a department of the Ministry of Supervision?

Gu Xun looked at Qin Chen solemnly at this time, as if he wanted to see him through.

The Ministry of Supervision, as the Dange's in charge of the cabinet, he has naturally heard that it is a department that Dange has just set up in the last few hundred years to monitor the violations of the Dange. Moreover, the Ministry of Supervision is jealous of hatred. Although it has not been established for a long time, over the past few hundred years, many Dan Pavilions have been punished by them. Even Gu Xun himself knew that in this land of hundreds of dynasties, there was a dynasty Dan Ge, because he intervened in the interest struggle between the kingdoms and supported other forces against

Anti-royal, was reported to the Ministry of Supervision.

In the end, the pavilion owner of the Dan Pavilion was abolished and deprived of the position of the pavilion leader. The other elders in the Dan Pavilion were also heavily punished and exiled.

At the beginning, this news caused a huge shock in all the Great Dan Pavilions in the Land of Hundred Dynasties, causing everyone to be at risk and take warning.

After all, no matter how detached the Pill Pavilion is, it is inevitable that he will deal with the forces he is in, making every Pill Pavilion in the Land of Hundred Dynasties be more cautious.

It's just that Dange has the news of the Ministry of Supervision. In the land of a hundred dynasties, only some senior elders can know. How did this son know?

Gu Xun initially thought Xiao Ya told Qin Chen, but seeing the puzzled expression on Xiao Ya's face, he doubted it again. After all, as Xiao Ya, he was not qualified to know about the Ministry of Supervision. "Gu Xun is in charge, I don't know what your Excellency is going to do now?" Qin Chen looked at Gu Xun indifferently and said with a sneer.

[Chapter 703: Dange situation](#)

Hearing Qin Chen's question, Gu Xun looked ugly.

Now he can no longer control where Qin Chen got the news from the Supervision Department, but is worried whether Qin Chen will really complain to the Supervision Department.

Once the complaint is over, if the Ministry of Supervision sends someone down to verify it, the matter will be very troublesome.

After all, Dan Pavilion will definitely deal with the major forces at the local level, and it is inevitable that there will be some violations.

In addition, he knows the ins and outs of this incident. It is indeed that Yichen humiliates people first. If it is verified by the Ministry of Supervision, the Lord Pavilion may have nothing to do. When he is present in charge of the pavilion, I am afraid it is divided. Minutes were lulled to the end.

In the eyes of the people in the Supervision Department, he is a small cabinet in charge, I am afraid that he is not even an ant.

Gu Xunguang thought about it for such a trivial matter to cause such a consequence, but felt that it was uneconomical. "Hehe, you laughed, why don't you get into the Supervision Department for such trivial matters, you don't have to worry, if you check it out, the matter is as you said, you will definitely be fair to you, and you won't wrong a good person or blame a sinner." His face changed several times, and Gu Xun finally smiled

Said.

Hearing that, everyone on the court almost fell, looking at Gu Xun in shock.

And Xiao Ya's eyes protruded even more.

The meaning of Gu Xun's words couldn't be more obvious. It was obvious that he didn't want to hold Qin Chen accountable at all.

This made everyone stunned and their heads dizzy.

"Gu Xun is in charge, why are you..." Yichen couldn't help but said anxiously.

"Let you shut up, didn't you hear?" Gu Xun looked at Yichen coldly, and then waved to the people around him: "It's gone, it's all gone, there's nothing to look at here."

Although Li Feng, the captain of the guard, didn't understand the situation, Gu Xun spoke and immediately drove all the onlookers away.

"Okay, then I'll wait for Gu Xun to ask for justice to Ben Shao." Qin Chen said lightly. He didn't expect Gu Xun to teach Yichen for him. The other party said this, just being polite.

"Xiao Ya, let's go."

Turning his head and talking to Xiao Ya, Qin Chen stepped towards the interior of the Dan Pavilion.

"Yichen, don't make trouble for me." Gu Xun glanced at an angry and unwilling Yichen, gave a warning, then turned and left.

This matter, he is not ready to blend in.

"This **** kid, **** it, Gu Xun doesn't know what's going on. Did he take the wrong medicine? He actually let this kid go." Yichen was angry, and only felt hot on her face and resentment.

"Brother Yichen, what shall we do now?"

The young people around Yichen also gathered around, their faces looked very ugly.

"Huh, the kid beat someone and wants to be safe. How could it be so easy. Gu Xun is in charge of things and doesn't want to control. We go to Master. I don't believe it. A disciple from the Five Nations, even a pharmacist, can still be My Dange is acting nonsense."

Yichen said spitefully.

"Okay, let's find Master."

"Let's go, I don't believe it, our master will not stand for us."

These young people were all excited, and one by one went to look for their masters.

"Master, he has always wanted to bring down Elder Xu Bo, and now that Xiao Ya has brought the alchemists from the five countries here, he must want Elder Xu Bo to shelter, Master will definitely be very interested in this news. It's time to take this opportunity to bring Elder Xu Bo down."

Yichen was also excited.

"Master should be at the pill shop at this time. Tell Master to go immediately and let Master come forward for me. Maybe Big Brother is also very interested in that kid."

Excited, Yi Chen left the Dan Pavilion and went to see him, the elder Jin Yuan.

"Xiao Ya, what is the situation in your Dan Pavilion now, and who are in power?"

On the way, Qin Chen asked in a deep voice.

He didn't intend to get involved in the Dange dispute, he just wanted to come to Dange to borrow the momentum, but he didn't expect that as soon as he came, he would offend the disciple of Elder Jin Yuan, Yichen, and it depends on the situation, Xiao Ya and the others, Obviously extremely bad.

With that Yichen's character, it was strange that he was willing to let go of the things before, and now he must be thinking of ways to remedy himself. Although Qin Chen didn't care about his tricks, at this critical moment, he couldn't make any mistakes.

On the way, Xiao Ya's expression was also very solemn. "Qin Chen, I'm sorry. I didn't expect that as soon as I came here, I would let you meet Yichen. I believe you have also seen it. The situation on my master's side is very complicated now, although the master's status in the Dan Pavilion was not low, even It can be said that the hand is in power, but it also offends many people, especially the source of gold

The elder was not right with the master. The master was crushed to death in the past, but now the master is sick all the time, he immediately popped up, and even attacked my master through the competition quota. Right now, the situation on my master's side is really bad. "

By now, Xiao Ya had nothing to conceal, and she explained their situation. After finishing speaking, Xiao Ya said bitterly: "Qin Chen, I advise you to leave the Dan Pavilion as soon as possible. That Yichen is not an annoying person. Now Elder Jin Yuan is gaining power. Several of his disciples are also very good now. Arrogance, the most important thing is that Elder Jin Yuan has drawn in several other elders in power.

It can be said that in the Pill Pavilion, Elder Jin Yuan controls nearly half of the resources. Once he learns the news here, he will definitely trouble you. Then, it will not be as easy to solve as Gu Xun. "

Qin Chen didn't expect that Xiao Ya's situation in this line would be in such a crisis.

"Don't worry, the trouble Jin Yuan has to find me depends on whether he has this ability. First, tell me who is in charge of the Dan Pavilion, who is your Dan Pavilion?"

For a long time, Qin Chen had never heard Xiao Ya talk about the pavilion master of their alchemy pavilion, making Qin Chen quite puzzled. Xiao Ya smiled bitterly, "Pavilion Master, he is a very good person. He is the alchemist at the pinnacle of the sixth rank. It can be said that he is the strongest alchemist in our alchemy, and even the strongest alchemist in the Dawei Dynasty, and is also our alchemist. The biggest person is just that the pavilion master does not like to fight for power and gain. He was also sent to the land of a hundred dynasties. Once, from a large branch of the Dange, he seemed to have made some mistake and was sent over. These years, he I have been painstakingly studying the knowledge of refining medicine, and I want to break through the realm of the king of medicine, so that he can return to his original power, so the management of the Dange is not sad and rarely manages

Regarding the specific matters of Dan Pavilion, no deputy chief was appointed. "Speaking of this, Xiao Ya sighed: "Because of this, the interior of the Dan Pavilion is relatively chaotic. Many elders want to hold some power and gain some benefits. This has led to many intrigues in the Dan Pavilion, but the main thing is that Mainly the faction of my master and the faction of Elder Jinyuan. "

[Chapter 704: Not optimistic](#)

Speaking of this, Xiao Ya paused and continued: "In addition, there are several elders. Although they are not as good as Master and Elder Jin Yuan, they all have some real power. Both Master and Elder Jin Yuan People who want to win."

"When Master was well in the past, most of those elders supported Master. This is also the reason why the senior brother was very sure to let us participate in the Hundred Dynasties Competition. But after Master fell ill, Elder Jin Yuan After gaining power, there are two elders, and now they have also followed the elder Jin Yuan, otherwise the situation of the master will not be so bad now, even the senior brother will be confined."

Xiao Ya's face was extremely ugly, like a big brother being confined, she couldn't even think of it when the master was in power before.

Qin Chen remained silent. It seemed that the situation in the Dan Pavilion was worse than he had imagined. There were so many people fighting each other for power. It is only strange that a Dan Pavilion can be strong.

"Arrived."

While Qin Chen was thinking about it, Xiao Ya suddenly said, raising her head, and saw that what appeared in front of Qin Chen was a refining room in the Pill Pavilion, which looked like a relatively advanced one.

"Master, this person is devoted to refining medicine, so he has always lived in the refining room of the pill pavilion. In the imperial city, there is no special mansion. After being sick these days, he has stayed here. Take care of a disciple of the master."

Xiao Ya said with a bitter tone.

Qin Chen nodded. In his previous life, he had been to the pill pavilion too many times. Many pharmacists focused on refining medicine and lived in the pill pavilion.

Elders like Xu Bo have special high-level refining rooms in the Dan Pavilion. In addition to the refining place, these refining rooms also have lounges, reception rooms, and even living rooms for the convenience of the elders. Concentrate on refining medicine.

Many elders who have worked hard to refine will live here.

However, it is extremely rare for Xu Bo to still live in Dan Pavilion after being ill and have almost no mansion of his own.

"Xiao Ya, why are you here? You are not welcome here."

Just as Xiao Ya took Qin Chen into the refining room, a young man suddenly walked out of it, and when he saw Xiao Ya, his face suddenly became extremely ugly, said a cold voice.

"Second Brother." Xiao Ya yelled embarrassingly, "I'll see Master."

"Look at Master?" The young man's eyes were angry and said, "Are you embarrassed to see Master? If it weren't for you to recommend someone from the Five Kingdoms instead of our Dan Pavilion to participate in the Hundred Dynasties Competition, how could the Master anger so much? Elder? It has caused us to be in such a bad situation now. Now that even the big brother is locked up, what else do you want to do? You are not welcome here, you go back!"

The youth's tone was cold, and Xiao Ya was almost pushed out.

The fact that Xiao Ya recommended Qin Chen at the beginning caused a lot of trouble for Xu Bo. After all, in the minds of most Dawei Dynasty pharmacists, they all disdain the five kingdoms' alchemists. , And they were all just subordinates of a branch of Dan Pavilion of Dawei Dynasty.

Even an elder disciple like Xiao Ya can serve as the head of a country, which shows that its status is low.

Therefore, Xu Bo believed in Xiao Ya and strongly recommended Qin Chen's matter, which offended many people in the Dange. After all, a quota involves many people's interests.

At the beginning, Xu Bo was big and nothing, but once he fell ill, he caused a lot of blows.

Among them, many people under Xu Bo's command placed this responsibility on Xiao Ya, such as the two brothers Wang Zhong.

Xiao Ya showed shame on her face, and said bitterly, "Second brother, I know that Master is like this, and it has a lot to do with me, but this time we came to see Master, there is indeed something important, so please invite Second Brother Be accommodating and let me meet the master."

Despite the attitude of the second brother, Xiao Ya still begged.

She knew what Qin Chen's purpose was for seeing her master, and it was definitely to seek asylum. If they did not see the master today, Qin Chen and the others would definitely face great risks in the imperial city.

"I have important things, what can you do?" Wang Zhong glanced at Xiao Ya with disdain, waved his hand and said, "Go back quickly."

That move was like driving away a disgusting fly.

When Wang Zhong waved his sleeves, a faint fragrance floated into Qin Chen's nose, and he frowned.

"Hurry up, don't stand in here, I won't let you see Master if you say anything today." Wang Zhong resolutely said.

"What's the matter? Wang Zhong, didn't I ask you to prepare some hot water? Standing at the door shouting what is the name." Just when Xiao Ya was helpless, a calm voice suddenly sounded, and then from the refining room In, a middle-aged man walked out.

This middle-aged man, whose breath is condensed and does not give off, gives people an extremely fierce feeling. He turned out to be a martial artist in the early stage of the sixth stage, and he is the kind of man who has experienced life and death and a lot of battles to form this aura. Powerful Wu Zun.

"Senior Xu Zheng, it's me, I want to see Master."

Seeing the middle-aged man, Xiao Ya suddenly revealed a hint of surprise on her face, and hurriedly said.

"Xiao Ya, why are you here?" The middle-aged man showed a hint of surprise on his face, then he glanced at the atmosphere between Wang Zhong and Xiao Ya, and immediately understood what had happened just now.

"Wang Zhong, hurry up and prepare hot water." Xu Zheng said with a wave of his hand.

Wang Zhong immediately said anxiously: "Senior Xu Zheng, Master Xu became like this because of Xiao Ya, you..."

"Okay, I know, you hurry up to prepare hot water, here I will solve it." Xu Zheng waved his hand.

Wang Zhong glanced at Xiao Ya coldly, then turned away angrily.

"Xiao Ya, if you come to see your master, then there is no need. He is in a very bad state and needs to rest. If something happens, you can tell me that if you can help, I will help. Help, I can't help it." Xu Zheng glanced at Qin Chen and said lightly to Xiao Ya.

"Senior Xu Zheng, this is the case. This is Qin Chen, who I previously recommended to Master..."

"Ahem!"

As soon as Xiao Ya was about to speak out to tell the story, he heard a sudden coughing from the refining room, Xu Zheng's expression changed and he rushed in.

"It's Master." Xiao Ya whispered and rushed in.

Qin Chen also followed Xiao Ya, walked slowly into the refining room, took a brief look before entering the living room inside the refining room.

In the living room, a black old man in front of him was lying on the bed in pain, coughing violently, spitting out a few mouthfuls of black blood, his whole breath weakened, and it seemed that he might fall at any time.

By his side, Xu Zheng held the old man nervously, while Xiao Ya stood by in tears.

The whole living room was filled with a strong smell of medicine. Qin Chen glanced at the black blood that the old man vomited, his brows immediately frowned, and he walked forward quickly.

[Chapter 705: Remission](#)

Qin Chen stepped forward and looked around in the living room first, then picked up some things around, carefully identified it, and finally came to the old man and reached out and grabbed the old man's shoulder directly.

"What are you doing? Who let you in, get out."

Seeing Qin Chen's reckless behavior, Xu Zheng's expression suddenly sank, and he waved his hand to drive Qin Chen out.

Xiao Ya was also stunned, and hurriedly said, "Qin Chen, what are you doing!"

Facing the two people's exclaim, Qin Chen turned a blind eye, and instantly grabbed the old man's shoulder with his left hand, and at the same time suddenly raised his right hand to stop him.

"boom!"

Xu Zheng's palm was pushed heavily on Qin Chen's right hand, only to feel a huge force coming from Qin Chen, who had thought he would be pushed out easily, but his figure did not move, but he was under this force. Nearly standing unsteady, Xu Zheng was immediately shocked.

Although his palm didn't use his full strength, it was enough to push out a Wu Zong in the late stage of the fifth stage, but this young man did not move at all, so he was not shocked.

But shocked by the consequences, Xu Zheng immediately showed a trace of anger on his face.

"Boy, what are you doing, let me go."

Xu Zheng shouted angrily. This time, the power in his hand was even greater, the real power in his body was flowing, and the power of the martial arts level was revealed, and he was obviously serious.

"I'm healing him, if you don't want him to die, stop me."

Qin Chen glanced at Xu Zheng coldly, a cold light suddenly shot from his eyes.

His eyes were cold and sharp, like a sharp blade, with power that seemed to move people's hearts, coupled with that low voice, for some reason, Xu Zheng's heart trembled suddenly, and the movements of his hands stopped.

"Xiao Ya, who exactly did you bring?"

Turning his head, Xu Zheng looked at Xiao Ya, his whole body was still tight, without any relaxation, like a cheetah ready to go, capable of making a thunderous blow at any time.

"I..." Xiao Ya was completely stunned at this time. It wasn't until Xu Zheng spoke coldly that she woke up instantly, and hurriedly said, "He is Qin Chen, the genius alchemist of the Five Kingdoms whom I recommend to Master, neither do I know how he could be like this."

"Five Kingdoms Alchemist?" Xu Zheng frowned and looked at Qin Chen coldly. Before he could say anything, the old man spouted a mouthful of black blood again, and he passed out.

"Master."

Xiao Ya suddenly exclaimed.

"Boy, what did you do to my eldest brother?" Xu Zheng's expression instantly became extremely ugly, regretting that he had stopped his hand just now, booming, a terrible aura came out of him, with endless murderous intent. It is about to attack Qin Chen Lei Ting.

It can be seen that Xu Zheng at this time has completely moved his murderous intent. The aura on his body is more than twice as horrible as before. The rich real power is concentrated in his hands, which is obviously to kill Qin Chen Thunder.

"Don't get excited, look at your eldest brother before talking."

Qin Chen retreated to the side, expressionless, and said coldly.

"Boy, don't want to lie to me again." Xu Zheng roared. At this moment, he didn't believe Qin Chen's words at all. He slapped Qin Chen angrily and subconsciously just when his palm was about to fall on Qin Chen's head. He glanced at the old man.

At this sight, he was stunned for a moment, and saw that the old man's originally dark complexion turned into a trace of ruddy. At the same time, even though he passed out, his breath was stronger and longer, and his life force became stronger. Minute.

He has been taking care of Xu Bo here these days, knowing how bad Xu Bo's condition is, and his condition has been getting worse, but now it seems that Xu Bo's condition is much better than before, and there is a kind of vitality. Machine feeling.

Is this kid really healing his eldest brother?

In shock, Xu Zheng's palm had already reached Qin Chen's head.

not good!

Xu Zheng was shocked and hurriedly wanted to stop, but it was too late.

"boom!"

He only heard an astonishing roar, Xu Zheng only felt that his palm was slapped against a very hard iron wall, which made his palm hurt, and at the same time a horrible energy filled the living room. The rushing falls, the ping-pong rattles.

"You are okay..."

Xu Zheng looked at Qin Chen, who was standing still, with a shocked expression on his face.

With his palm, even a boulder could be broken into pieces, but the young man was unscathed.

"What do you think has happened to me?" Qin Chen chuckled lightly.

Even a sixth-tier mid-stage martial artist like Feng Yuan can kill him. Although Xu Zheng is strong, it is still somewhat difficult to kill him with a single palm.

After the shock, Xu Zheng ignored Qin Chen and instantly came to Xu Bo with an extremely shocked expression on his face.

This time, he really felt that Xu Bo's state was indeed much better than before, and all the vital indicators in his body had recovered a lot.

"How come, who are you?" Xu Zheng turned his head to look at Qin Chen in shock.

These days, because of his eldest brother's condition, he didn't think of a solution. He didn't know how many doctors he found. They were all famous doctors in the imperial city.

What's more, Xu Bo himself is the elder of the Pill Pavilion. Healing people is his main line. He also tried his best to treat his body. The high-level pharmacists in Pill Pavilion who came to help with the treatment are not few. , But everyone is helpless against Xu Bo's strange disease.

He couldn't even tell what disease Xu Bo had.

During this period, Xu Bo's condition became more and more serious, and it seemed that he could not endure it for a few days.

But now suddenly a young man came here, with such a ride on Xu Bo's shoulder, his condition was reduced a lot in an instant, which made Xu Zheng not shocked.

"I am a pharmacist, this Xiao Ya should have been introduced just now." Qin Chen smiled softly.

Xu Zheng was taken aback. Xiao Ya had indeed said before, what Qin Chen recommended to Xu Bo's Five Kingdoms Alchemist.

Could it be the pharmacist who Xiao Ya and Mu Lengqing jointly recommended to represent the Dawei Dynasty Pill Pavilion to go to the Pill Pavilion Hundred Dynasties Competition?

Xu Zheng was completely stunned.

He has a very good relationship with his elder brother Xu Bo, and he has naturally heard about Qin Chen, but he did not expect that he was such a young boy.

At this moment, Wang Zhong hurried in with hot water.

"Senior Xu Zheng, what happened here?"

He hurried over when he heard the loud noise just now, and then he saw the messy living room, and his face was suddenly surprised.

"Boy, did you make trouble here just now?"

Wang Zhong saw that the things around Qin Chen were the messiest, his face suddenly became very angry, put down the hot water, and rushed towards Qin Chen suddenly.

"Wang Zhong, stop!" Before he could pounce in front of Qin Chen, he heard Xu Zheng let out a cold shout, and then a huge force passed, pulling him back instantly.

[Chapter 706: Ten breaths](#)

"Senior Xu Zheng, what are you doing, Master is already doing this, Xiao Ya even brought people here to make trouble. It is clear that she will not let Master die. Xiao Ya, why do you hate and resent your teacher? Zun is put to death like this." Wang Zhong roared angrily, his eyes instantly red.

"Wang Zhong, things are not what you think, this son was brought by Xiao Ya to treat your master's illness, first listen to what Xiao Ya and this kid say." Xu Zheng said in a deep voice.

At this moment, he has completely calmed down.

Being able to stop his shots twice, it can be seen that although Qin Chen is young, his strength is terrifying.

If he wanted to kill Xu Bo, he would have had a chance to kill him before, but now although the eldest brother is sleeping there, his life is not worrying at all.

What's more, Xiao Ya is the elder brother's lover and one of the elder brother's most admired apprentices. Xu Zheng also knows Xiao Ya very well. He does not believe that Xiao Ya will bring someone to kill the eldest brother.

Change the angle.

Even if Xiao Ya really wanted to kill her master, there were many better ways. There was no need to use such a direct method in front of him to get herself into trouble.

"This kid is healing Master?" Wang Zhong's face suddenly showed anger: "Senior Xu Zheng, do you believe this too? With this kid, what kind of illness can be cured for Master."

Wang Zhong hated Qin Chen extremely.

"Xiao Ya, I need an explanation." Xu Zheng looked at Xiao Ya with a cold face.

Xiao Ya opened her mouth, but didn't know what to say.

In fact, she didn't know why Qin Chen did this before. The only thing she believed was that Qin Chen would not harm Master at all, and only looked at Qin Chen depressed.

"This matter, I will naturally give you an explanation. Let's wait until Elder Xu Bo wakes up."

Qin Chen said lightly.

Some things are too troublesome to explain to them.

"Wake up? My eldest brother was fainted by you. I don't know when I will wake up." Xu Zheng frowned, his voice cold.

These days, my eldest brother's condition worsened, and he was in a coma for a short period of one or two days, and a long period of several days. Although his current state looks good, he still has no idea when he will wake up next time.

"Don't worry, according to my estimate, Elder Xu Bo will wake up within ten breaths."

As if he knew Xu Zheng's concerns, Qin Chen said lightly.

Ten breaths?

When Wang Zhong heard this, he sneered and said angrily: "Who do you think you are? The fortune teller? Say that the teacher wakes up from ten breaths, only ten breaths? Senior Xu Zheng, don't be fooled by this kid. Come here, you must have ulterior motives."

Qin Chen gave Wang Zhong a cold look, "What can I do?"

"You have to ask yourself." Wang Zhong was very angry.

"Wang Zhong, since this person said that the eldest brother will wake up soon, then we will wait a moment."

Xu Zheng frowned and said in a deep voice.

Seeing Xu Zhengdu said that, Wang Zhong wanted to say something, so he could only swallow it back and snorted coldly: "Okay, you just said that Master will wake up after ten breaths. Then I will count. Just now five have passed. Breathe, after another five breaths, if Master is still awake, I will never spare you..."

"Six!"

"Seven!"

"Eight!"

Wang Zhong counted coldly, looking at Qin Chen with cold eyes.

"Ten!"

Ten breaths actually passed very quickly. In the blink of an eye, Wang Zhong counted to ten, and then coldly said: "You said Master wakes up after ten breaths, why don't you wake up now... Senior Xu Zheng..."

"cough!"

Before his voice could fall, he heard a coughing sound. Elder Xu Bo, who was lying on the hospital bed, coughed abruptly, and then recovered.

The anger on Wang Zhong's face instantly solidified, and then he showed a look of shock.

Qin Chen said ten breaths, but he didn't expect that the master would really wake up after ten breaths, one breathing not much, one breathing a lot.

Xu Zheng also looked at Qin Chen in amazement. From entering to the present, Qin Chen shocked him too much.

"Brother, are you okay." Xu Zheng hurried forward. "Second brother, what's wrong with me?" Xu Bo woke up at first, still a little weak, but soon he became a little more energetic, thinking of the past, frowned and said: "I remember, this was this one before. The little brother hit me for a while, and then he felt a little stuffy in his chest, and then he passed out..."

..."

As he said, he felt his body carefully, and his face suddenly showed a look of surprise, "My body..."

As the elder of Pill Pavilion, Xu Boben is a master alchemist, and he knows his body too well. These days, after falling ill, his body organs are constantly weakened, and I am afraid that there will not be many days to live.

But now, his body organs were rejuvenated, which made Xu Bo not shocked.

"Big brother, it's this little brother. I just talked about the injury for you. This person was brought by Xiao Ya. It is said that he is a pharmacist from the five northwestern countries." Xu Zheng hurried forward to explain.

"Ya'er?" Xu Bolian looked at Xiao Ya with a gentle voice, then looked at Qin Chen and said, "Is this person the genius alchemist recommended by you and Leng Feng?"

"Master, it is him, his name is Qin Chen."

Hearing the master's inquiry, Xiao Ya hurried forward and said with tears.

Seeing Master like this, she was also very sad.

"Sure enough, a heroic boy, what a pity, what a pity, you are here this time to prepare to represent our Dan Pavilion to participate in the Hundred Dynasties Competition, but it is a pity that now, the old man is seriously ill, and your place has been taken away. Forgive me there is nothing I can do."

Xu Bo sighed, shaking his head.

At this time, he was still considering Qin Chen's quota.

"Hehe, Elder Xu Bo, I don't really care about the number of places. This time I came here because I was looking for Dange. I also heard that Elder Xu Bo was seriously ill. I wanted to see if I could help. ."

Qin Chen smiled. "Help?" Elder Xu Bo smiled bitterly: "Little brother, it was you who helped the old man recover some of it. The technique used did not even know the old man. You must have received the true biography of a certain master. Unfortunately, I am sick. I know that the entire Dawei Dynasty, I am afraid that no one can save it, leaving it to the old

The husband's time is running out. "

Xu Bo shook his head, but there was a hint of freedom in his tone.

Although his current condition is better, Xu Bo knows very well that he cannot be cured by ordinary pharmacists. After all, he himself was a pharmacist at the early stage of the sixth stage, but he couldn't even see any disease he had suffered. The pharmacists of the entire Dawei Dynasty imperial city were at a loss. It just used some unique techniques to alleviate his symptoms, and really said that he could be cured. Xu Bo had no hope at all.

[Chapter 707: poisoned](#)

"Why should Elder Xu Bo be so pessimistic? If someone else, you might not be able to cure Elder Xu Bo's disease, but you may not be the young man." Qin Chen smiled confidently.

"What, can you cure Master's disease?" Xiao Ya was the first to call out in shock.

"It's just you? Pretending to be a ghost." Wang Zhong snorted coldly.

And Xu Zhengze showed a glimmer of expectation in his eyes.

As for Elder Xu Bo, he shook his head: "Little brother, it's not that I don't believe you, but the old man's disease. There are many famous teachers in the Dawei dynasty, and even the cause of the disease cannot be seen. Say it can cure the old man's disease, ha ha..."

Elder Xu Bo shook his head, obviously extremely unbelieving.

"Elder Xu Bo, don't rush to say this, can you ask Ben Shao to check your body carefully." Qin Chen said with a light smile.

"What's wrong with that?" Xu Bo smiled, and then without any hesitation, he directly withdrew Zhenli from his body and said: "Little brother, please check."

"Master." Wang Zhong immediately said anxiously: "This guy, the origin is unknown, maybe it is from Elder Jinyuan's side. Master, if you withdrew your true power like this, if the other party takes advantage of the void, wouldn't you be very dangerous? ."

Xu Bo smiled freely and freely: "The old man is already like this. What else is worth doing here? What's more, he is recommended by your junior sister Xiao Ya. At the beginning, your senior brother praised him extremely. Is it even your senior brother? Can't you trust me and Junior Sister?"

"Little brother, just check it." Xu Bo lay there and said casually. Obviously, he didn't hold any hope for Qin Chen's check, just wanted to make Qin Chen give up.

"Then I'm welcome." Qin Chen came directly to Xu Bo's bed without any hesitation. He grabbed his wrist and took the pulse for a diagnosis.

His mental strength, along with Xu Bo's wrist, instantly penetrated into his body and began to slowly check.

Secondly, Qin Chen had some guesses about Xu Bo's condition before, but he didn't have the opportunity to check it completely. Now he checks it again carefully, just to avoid any mistakes.

It's just that Qin Chen's random behavior made Xu Zheng's expectation a little disappointed.

You know, the previous masters were all cautious, asking the eldest brother many questions, how to get sick, what symptoms, and how the state these days, what pills have been used, etc., and finally make careful diagnosis and analysis.

But this is fine for Qin Chen. He grabbed his wrist and went to see the doctor. The key is to be so casual, so that before seeing Qin Chen, his eldest brother's condition improved a little, and Xu Zheng, who had a glimmer of hope, how not to be disappointed?

Qin Chen didn't care about other people's expressions, he only recovered his mental power after he kept investigating.

"Qin Chen, is my master really saved? What kind of disease is it?" Xiao Ya was the first to ask nervously.

She knew Qin Chen's miracle the most, and the hope in her heart was even stronger than Xu Zheng.

"Little brother, how? Do you know what illness the old man has?" Xu Bo also asked with a smile, obviously without hope.

After a long silence, Qin Chen raised his head, looked at Xu Bo coldly, and said solemnly: "Elder Xu Bo, you are not sick, but poisoned."

"What, poisoning, what are you kidding me? Master, I said this guy must be a liar, how could you be poisoned." Before Xu Bo could speak, Wang Zhong said angrily, his face filled with contempt. The color of anger.

"I was poisoned, I wonder if you have a basis!"

Elder Xu Bo was not as excited as Wang Zhong, but looked at Qin Chen solemnly.

In fact, after searching for many causes and failing to find, he also guessed whether he was poisoned, but he could not detect any poison in his body, so he ruled it out.

But now that Qin Chen said with such certainty that he was poisoned, he couldn't help but become curious.

I wonder if I really have this possibility.

"I wonder if the little brother knows what poison is in the old man?"

Xu Bo couldn't help asking.

Qin Chen pondered for a moment and said: "Elder Xu Bo, you are a poison called Tianchan Huagu San."

Tian cicada transforms bones? Xu Bo was startled and shook his head: "Little brother, the old man has also heard of the poison you mentioned. It is one of the strange poisons in the world, but its

characteristics are very obvious. Once poisoned, the body is weak at first, and then the muscles dissolve. In the end, even the bones will turn into pus, die in pain, and old

The husband's symptoms do not match. "

As a sixth-grade pharmacist, Xu Bo didn't care much about poison, but he had known some famous poisons.

This day, the cicadas turned bones scattered, he really saw it from an ancient book in the Dan Pavilion, and it did not match the symptoms on his body.

Moreover, his cultivation is as high as the sixth-tier mid-level peak, even if he doesn't understand poison, he can still tell whether he is poisoned. Qin Chen said solemnly: "Elder Xu Bo, what you are talking about is the ordinary Tian Cicada Turning Bone Powder, but the Tian Cicada Turning Bone Powder in your body is not ordinary. It has been specially improved, including the poison. The ingredients have also been adjusted in a gradual manner to poison you and make you

Your Excellency has become more and more poisoned during this time. And the other party's methods are very meticulous, let alone your Excellency, even a sixth-rank pinnacle alchemist who doesn't know anything about poisons can never see it without knowing it. "

Everyone was dumbfounded, and they were full of doubts about Qin Chen's judgment.

Qin Chen said it was too mysterious.

"No!" Xu Bo was still frowning and thinking at first, but suddenly he raised his head suddenly: "Wait, little brother, you mean that the poison on my body was deliberately inflicted by someone else? And during this period of time, the other party paid it back. Are you constantly poisoning?"

"Yes." Qin Chen nodded.

"Impossible." At this moment, Xu Zheng suddenly shook his head and said: "Although I don't know what happened to my eldest brother and he was not poisoned, I have been taking care of my eldest brother these days, but is anyone poisoning me? It is still very clear that no one can poison Big Brother in front of me."

Xu Zheng's tone was very affirmative, "What's more, apart from some pharmacists who came to treat the eldest brother during this period, no other outsiders have been here."

"This is the wisdom of the other party." Qin Chen smiled faintly.

"What do you say?" Xu Zheng was very puzzled, even Elder Xu Bo frowned, not quite clear. Qin Chen explained: "This person is very clever, knowing that it is impossible to directly poison Elder Xu Bo, so he adopted the method of indirect poisoning. Not only that, his Tian Cicada Turning Bone Powder is very special, according to Xu. The physique of Elder Bo is refined, specifically for Elder Xu Bo.

In other words, this thing is highly toxic to Elder Xu Bo, but it has no effect if it is used on other people. "

"What's more, besides you, it's not that no one else has been here, hasn't he been here all the time?" Qin Chen suddenly turned his head and looked at Wang Zhong with a sneer.

[Chapter 708: Konjac flour](#)

"What do you mean?"

Seeing Qin Chen suddenly pulling himself up, Wang Zhong's face suddenly showed extremely angry.

He was not an idiot, and he could obviously hear what Qin Chen meant. He was clearly saying that he had been poisoning himself during this period of time.

"Master is so kind to me, how can I poison him? What's more, I don't even know what the cicada transforms the bones that day, how can I poison Master?" Wang Zhong was very angry: "Master, This kid definitely has ulterior motives, don't be fooled by him."

Wang Zhong's face flushed, and he said angrily, he was almost ready to attack Qin Chen.

"Little brother, are you saying that Wang Zhong deliberately poisoned it? Impossible!" Elder Xu Bo also shook his head, not doubting Wang Zhong at all.

"I didn't say that he deliberately poisoned it, but this poison is indeed related to him." Qin Chen said lightly.

"What evidence do you have?" Wang Zhong said angrily: "If you don't tell me why today, no matter what Master's attitude is, I will never let you go."

"The evidence is the smell on you." Qin Chen said indifferently.

"Taste, what is it?" Wang Zhong looked suspicious.

Elder Xu Bo, Xu Zheng and Xiao Ya also looked suspiciously.

"Elder Xu Bo, you are a sixth-rank pharmacist, can't you smell a faint fragrance on your apprentice?"

"Light fragrance? You mean the medicinal smell on his body. During my illness, Wang Zhong grabbed many medicines for me. The smell of medicine on his body is normal."

"It's not the fragrance of medicine, you can smell it carefully." Qin Chen shook his head.

After being treated by Qin Chen, Elder Xu Bo was in a much better condition. Hearing what Qin Chen said, he carefully sniffed his nose again.

"Huh..." He frowned slightly, "In addition to the medicinal fragrance, Wang Zhong does have a strange fragrance, a bit like rouge gouache."

"It seems a little bit."

"It really has a special fragrance."

At this time, Xu Zheng and Xiao Ya continued to smell Wang Zhong, and they seemed to find something wrong.

"In fact, the problem lies in the fragrance." Qin Chen sneered.

"Impossible." Wang Zhong's face was ugly, he kept smelling himself, and said angrily: "There is no smell on my body, even if it is a little scent, it is nothing. So many people have smelled it and didn't say anything. Question, is the scent of rouge gouache considered poisonous!"

Wang Zhong was very angry, his face flushed.

"Rouge gouache? You a big man also need to use rouge gouache?" Qin Chen sneered.

"I..." Wang Zhong blushed and hesitated.

"Little brother, what's wrong with this taste?" Xu Bo turned his head and looked. "If it is ordinary rouge gouache, naturally there will be no problem, but the flavor is added with konjac powder, which is a toxic factor, and the fragrance is very similar to ordinary rouge, so it is difficult for ordinary people to distinguish it. It's a pharmacist, if you don't understand it, you don't know

Distinguish. Moreover, konjac flour is not a highly toxic thing. Ordinary people will feel dizzy at most if they smell it too much, let alone a warrior. However, this konjac flour is highly toxic to you. "

"Ordinary people are fine, but they are very toxic to me. Why is this?" Elder Xu Bo puzzled.

"Elder Xu Bo, if I'm not mistaken, you are practicing a certain positive technique." At this moment, Qin Chen suddenly asked.

Xu Bo was taken aback for a moment, wondering why Qin Chen suddenly switched to the practice, but he nodded and said: "Yes, I practiced a very domineering and violent male practice called Nine Suns Burning Sun Kungfu."

Qin Chen nodded, "That's right, and Elder Xu Bo, you should have been injured in Qihai before, but you have never recovered. You often need to take a pill to nourish Qihai for conditioning."

"How do you know?" Xu Bo looked at Qin Chen in horror.

The fact that he was injured in Qi Hai, the entire Dan Pavilion, knew very few people, and some high-level people knew about it. It was still a matter of his youth. As for the several disciples under his command, they did not know. Qin Chen smiled slightly: "The other party's Tian Cicada Turns the Bone San, is to use your injury from Elder Xu Bo, because your Qi Hai has been injured and damaged, plus the exercises you are practicing, it is Zhi Yang. The road to the strongest requires nourishing drugs all the year round to nourish the qi sea, so the opponent will make

A Tian Cicada Huagu San dedicated to this type of problem has been made. Once Elder Xu Bo comes into contact with the source of the poison, your originally injured Qihai will react and become unstable, as if you are suddenly seriously ill. "

Xu Bo's eyes were completely round at this time.

His serious illness this time came extremely suddenly, but it did appear from the sea of Qi.

"But, who is the poison? If someone poisoned it, how could I not feel it at all?" Xu Bo had already believed Qin Chen for half at this time, and asked inexplicably.

"This is the other party's second wise point." Qin Chen sighed: "The other party knows that Elder Xu Bo has a high level of cultivation in refining medicine, so he didn't dare to directly poison him, but kept making progress gradually." "Actually, the poison you got in the beginning is not a real poison. If you isolate the source of the poison during that time and take more care, you will gradually be fine. However, the other party expects that after you have a problem with the sea, there will be Panic, hurry up for treatment, so they put you next

In the healing medicine, the hands and feet are made, so that the toxins in your body will continue to strengthen and even spread. "If I am not mistaken, Elder Xu Bo, after you were injured, you first took a pill to stabilize the acupoints, and then you took a pill to nourish the acupuncture points. You used to do this, and Very effective. But after taking the pill this time, you found that your

Not only did the condition not get better, it even became more serious. In the end, even the whole body reacted. "This phenomenon should have appeared two or three months ago. Later, after you found out that you couldn't solve it, you should have hired a lot of doctors and pharmacists. I can't analyze all the medicines that you took, but At least, you have taken Kuludan, Highland Barley, Bai Cao Dan, Yang Huan

Pill these four medicines, and your condition, by this time, has become extremely serious, even bedridden, and mentally blurred. "

Qin Chen talked freely.

"You... how do you know..."

At this time, Elder Xu Bo, Wang Zhong, Xu Zheng and others all looked at Qin Chen in horror, their expressions seemed to be a ghost. After Elder Xu Bo fell ill, they have been taking care of them. After the doctors and pharmacists were invited, all the medicines they took were passed through their hands. Naturally, they clearly knew that the several medicines Qin Chen said, Xu Bo The elders have taken all of them, none of them are bad, and the order of taking, even symptoms

The situation is exactly the same as Qin Chen said. This makes them not shocked.

[Chapter 709: The truth is out](#)

This process of treatment is all secret. Apart from the three of them, it is impossible for outsiders to know about it, unless Qin Chen has learned about the situation from all the doctors and pharmacists who have diagnosed Elder Xu Bo.

However, this is simply impossible.

Moreover, even if Qin Chen asked all the alchemists, it was useless, because there were some pills in it, which were prescribed by Elder Xu Bo himself, and no one else would know.

But now, Qin Chen knows so clearly, it's almost like seeing it with his own eyes.

Too sensational. Qin Chen shook his head slightly: "In fact, the problem with you, Elder Xu Bo, is not a big problem, but after such a treatment process, the Tianchan Huagu San in your body is truly formed. The medicine pill contains the ingredients of Tian Chan Hua Gu San, plus your Qi

The combination of the causes of the sea and the exercises has gradually formed an invisible poison. A person who can get such a terrible toxin is definitely a poison expert. "

Elder Xu Bo and the others couldn't help breaking into a cold sweat instantly.

If what Qin Chen said is true, then the other party's intentions are too terrifying, using his injuries to lead him into the final death little by little.

"But, what's the matter with the konjac flour you mentioned before?" Elder Xu Bo frowned. "This is the crux of the problem." Qin Chen said solemnly: "The Tian Cicada Huagu Powder refined by the other party is actually incomplete and lacks a kind of drug to prevent it from being discovered to be toxins. That kind of medicine is konjac flour. The poison must be in contact with konjac flour to be effective , Otherwise, the toxins on your body will dissipate little by little. Obviously, the other party put the konjac powder on this person, causing the toxins in your body to continue to deepen, and the injuries become more and more serious. "

"But once someone comes for diagnosis and treatment, because your body lacks the drug, the toxin and the drug are separated, so that the other party can't find out that you are actually poisoned, even if the alchemist from the sixth pinnacle comes."

Following Qin Chen's explanation, Xu Bo and others were completely stunned.

It turned out to be this?

Xu Bo couldn't imagine that he was not ill, but someone deliberately poisoned, and the method of poisoning was so secretive and terrifying.

"Impossible... how could I harm Master?" Wang Zhong muttered to himself at this time, with an incredible color on his face, looking at Qin Chen angrily: "Don't talk nonsense, what konjac? Fans, what Tian Cicada transforms bones, are all made up by you, saying, what is your intention."

Wang Zhong roared and rushed towards Qin Chen.

"stop."

Xu Zheng yelled coldly, and even stopped Wang Zhong, a cold light flashed in his eyes.

Although what Qin Chen said was weird and weird, for some reason, Xu Zheng believed in 70% to 80%.

"Wang Zhong, what's the smell on your body?" Xu Bo also looked at Wang Zhong and asked in a low voice.

"Master, I..."

"Say!"

"This rouge smell should be from Yurou." Wang Zhong flushed.

"Yu Rou?" Xu Bo and Xiao Ya were taken aback, "You mean Yu Rou, the disciple of Elder Wu Ruifeng?"

"Yes, Master, after you fell ill, Junior Sister Yu Rou was also very worried. Master, you grab the medicine. You can't do it alone. Junior sister Yurou will often help you find it. So once you come and go, the two of us will be familiar. The smell of rouge on my body should be from Yurou.

Rouge smell. "Wang Zhong blushed.

"Hehe, what a loyal apprentice, the teacher respects the disease, you still have leisurely sentiments to do things with other women." Qin Chen sneered.

Wang Zhong said angrily: "Boy, what are you talking nonsense, Master, you have to believe in your disciple, how can I harm you? Junior sister Yurou is also worried about the injury Master, Master, don't believe this guy."

Wang Zhong looked anxious.

Qin Chen shook his head. Until now, he still didn't believe that his master was poisoned. "In fact, I want to know if the other party intentionally poisoned you. It's very simple. The effect of normal konjac flour can only last for four or five days. Therefore, if you want to maintain the poison of Tianchan Huagu San, the other party must be on you for four or five days. Next time konjac flour, you just have to think about it carefully, this Yurou is in two or three

A month ago, did you suddenly get in touch with you, and I will see you once in four or five days." Qin Chen sneered.

As soon as Qin Chen said these words, Wang Zhong's body suddenly shook, and his eyes showed a look of anger.

"Wang Zhong, isn't it..." Xu Bo suddenly coldly shouted when he saw Wang Zhong's expression.

"Master, I...I..." Wang Zhong stammered, his expression completely changed.

Xu Bo showed grief on his face, and said angrily: "Wang Zhong, that Elder Wu Ruifeng, has always been wrong with me. It is from Elder Jin Yuan's side. You actually got along with his disciple. What do you think? "

Qin Chen sneered: "What you can think, this Wang Zhong must have been interesting to Yurou long ago, but this person, who ignored him before, suddenly looks at him differently, and naturally can't hold it. But it's a good abacus."

The other party was able to study Elder Xu Bo so thoroughly, he must have made a lot of preparations, even without Wang Zhong, he would definitely think of other ways.

"What a golden source, what a cruel heart, and the same elder Dan Pavilion, they have been so bad at me." Xu Bo said angrily, and coughed suddenly under his breath.

"Master." Xiao Ya stepped forward worriedly, and at the same time wondered: "How do you know that it was the hand of the elder Jin Yuan." "Huh." Xu Bo's eyes were cold, and he said: "Our Dawei Dynasty Dange, In fact, there were no poison masters in the past, but a few days ago, the Leng family did not know where to recruit a terrible poison master, and developed many new types of pill, which reduced our share of the Dan Pavilion even more powerfully. I know that the elder Jin Yuan and the Leng family cooperate closely. In the past few years, Jin Yuan has always wanted to control the pill pavilion, so that the Haohe Leng family dominates the entire Dawei dynasty's pill business. I always disagree. I know so well, and the person who designed such a poison must be Jin Yuan and Leng Jia.

Get the ghost. "

Qin Chen was taken aback. He didn't expect that there would be cooperation between Elder Jin Yuan and the Leng Family, but they would become consistent with their enemies.

"Little Chen, since you know what poison is in my master, is there a solution to this poison?" Xiao Ya hurriedly looked at Qin Chen.

At this moment, Xu Zheng, Xu Bo and others all turned their heads and looked at them with fiery expressions in their eyes.

"Hehe, in fact, this poison is not an incurable disease. It is just a combination of the physical characteristics of Elder Xu Bo. It is a bit complicated. Now that you understand the reason, it is not difficult to treat it."

Speaking of this, Qin Chen immediately wrote down a prescription, "Xiao Ya, as long as you find these elixir, I am sure that Elder Xu Bo will heal immediately."

"Okay, I'll go grab it right away." Looking at the prescription, Xiao Ya's face was full of surprises, and she immediately turned and left the refining room.

[Chapter 710: Golden Needle Puncture](#)

"Elder Xu Bo, although the poison on your body is not a problem, before taking the antidote, it is best to let Major Ben to force the toxin out of you, otherwise, the toxin in your body has penetrated into the internal organs. It's impossible to rely on pill alone for ten days and a half month.

Can be ruled out. "

After seeing Xiao Ya's departure, Qin Chen said again.

"Force it out? How to force it?" Xu Bo questioned.

"Naturally, there is a way." Qin Chen smiled slightly: "If Elder Xu Bo believes in Ben Shao, Ben Shao can remove poison for you now."

Tian Cicada Huagu scattered in this mighty dynasty, can be regarded as the top poison, but in Qin Chen's eyes, it is nothing at all, and some can be eliminated.

"Since the little brother is the person recommended by Xiao Ya, the old man can naturally trust it." Elder Xu Bo was also bold and said without hesitation.

"If this is the case, please ask Elder Xu Bo to dissipate the true power and sit cross-legged." Qin Chen ordered.

"Brother, I'll help you." Xu Zheng hurried forward.

"No." Xu Bo waved his hand, sitting there cross-legged, "Please let the little brother do it."

"it is good!"

Qin Chen nodded, and the next moment, the mysterious rust sword in his hand suddenly appeared, exuding a cold chill, and pierced Xu Bo with a sword.

"call out!"

The sharp sword light came to Xu Bo in an instant.

Xu Zheng, whose expression on his face was still quite expectant, instantly changed his face, and suddenly made a move in a hurry to immediately resist Qin Chen's sword light.

Hearing the sound of "ding!", the sharp sword aura surged, and Xu Zheng was startled. The power of this sword was not as strong as he thought.

Qin Chen frowned: "Senior Xu Zheng, I am about to treat Elder Xu Bo, why are you blocking me?"

"Detox?"

Xu Zheng was speechless.

Looking at Qin Chen's eyes, it was like looking at a monster.

He knew that Qin Chen said that he wanted to get rid of the poison, but he could get rid of the poison for the elder brother, just like that with the sword directly at the eldest brother, is this too weird?

When are they all idiots?

The eldest brother was already weak, but now the true power is dissipated, and the poison has not been removed after this sword is gone, I am afraid that the elder brother has been stabbed through by a sword.

"Okay, Master, you have also seen that this son is not a good person at all. What kind of cicadas turn bones, this son said so much, and now it has finally been exposed, and it is all about killing you." Wang Zhong was also excited. , Said angrily.

"Your Excellency should give us an explanation?" Xu Zheng coldly looked at Qin Chen and said in a deep voice.

"Elder Xu Bo, you can't believe me?" Qin Chen ignored the two of them, but looked at Xu Bo: "If Elder Xu Bo can't believe in Ben Shao, then Ben Shao can't do anything. Anyway, the poison is on you. Not on me."

Qin Chen actually wanted to use golden needles to **** the acupoints and use his true power to stimulate Xu Bo's acupoints to get rid of toxins.

However, now that there is no gold needle on his body, he has replaced it with a mysterious rust sword.

With Qin Chen's cultivation base, the effect of using the mysterious rust sword and using the golden needle is actually the same.

It's just that, he didn't bother to explain, after all, Xu Zheng and the others would not believe it at all, but it was more troublesome.

After all, using a sword instead of a golden needle to **** acupuncture points, it is impossible to believe it to anyone.

"Xu Zheng, step back, I believe this little brother." Xu Bo glanced at Qin Chen, but said lightly.

"Big Brother!" Xu Zheng was suddenly anxious.

"Don't worry, if the little brother wants to kill me, there was a chance just now, how can you wait until now, so open?" Elder Xu Bo said in a deep voice.

"This..." Xu Zheng hesitated.

"Don't worry, nothing will happen, little brother, just do it." Xu Bo said calmly while looking at Qin Chen.

In fact, as a sixth-grade pharmacist, Xu Bo couldn't understand what Qin Chen wanted to do.

To say that there is no doubt in the heart is definitely false.

However, from Qin Chen's gaze, he couldn't see any insidious meaning, some were just calm and gentle, and he didn't feel the slightest killing intent when Qin Chen took the sword before.

"Okay, then I'm going to shoot."

When the voice fell, Qin Chen no longer hesitated, and the rust sword in his right hand suddenly turned into the sword light of his debut, swish swish, full of sword light, like a rainstorm pear blossom in an instant, pouring towards Xu Bo.

Upon seeing this, Xu Zheng clenched his fist on the side, a heart was raised to his throat instantly, and his nervous breathing stopped.

The true power in his body was condensed to the extreme, and he was ready, if Qin Chen really wanted to kill the eldest brother, he would take action immediately.

But he knew very well that if Qin Chen really wanted to kill his elder brother, no matter how fast he reacted, it would be too late. I am afraid that by the time he takes the shot, the eldest brother will be dead.

So now he can only pray secretly, Qin Chen is really detoxifying his eldest brother.

Puff puff!

I saw countless sword lights, like rainstorms, instantly falling on Elder Xu Bo. The next moment, Qin Chen took the sword and stood, putting the mysterious rust sword into the storage ring and standing quietly aside.

Xu Zheng, who was originally very nervous, was stunned for an instant: "Little brother, why don't you get treatment?"

Qin Chen looked at him suspiciously, "Treatment? I have finished detoxification, what else should I treat?"

What, the detoxification is over?

After a stagger, Xu Zheng almost fell, and almost didn't cry.

Brother, you just shook your hand, this is the end of detoxification? I just talked about the horror of the cicada transforming the bones that day, when it became so easy to get rid of poison.

If it's that simple, does the eldest brother still have to suffer so much these days, or even almost died?

Wang Zhong also felt extremely angry, and said in his heart: This kid is clearly a lie, I have to see through him.

As soon as he was about to jump out and curse, he heard a long exhalation sound.

"call!"

On the bed, Xu Bo exhaled a long breath. This breath was so long that it was even black, as if it kept exhaling black mist. At the same time, a fishy smell spread throughout the room.

As the black qi left, Xu Bo's face became more and more rosy, and in the end, the originally sluggish face turned into energetic, and his whole body exuded surging vitality.

"These black qi is because the cicadas accumulated in Elder Xu Bo's body are dissipated. These toxins cannot be allowed to escape again, harming others and self."

Qin Chen took a step forward, and the true power in his hand suddenly burned into real fire, instantly burning the black air into nothingness, and a scorching smell filled the air.

"Thank you little brother for your life-saving kindness, the old man is unforgettable."

After a while, Xu Bo instantly jumped up from the bed and respectfully saluted Qin Chen.

He has a long breath and a strong demeanor, where there is a bit of a serious illness, as if he is glowing with the second spring.

"hiss!"

Xu Zheng took a breath and looked at Qin Chen in amazement.

Well, it turned out to be really good.

The terminal illness that had troubled my eldest brother for several months before, and was almost incurable, let this young man fix it in a moment? I can't believe it in my heart, this is too fake!
