

Valkyrie 721

[Chapter 721: Meet the master](#)

This kid doesn't even resist?

Seeing Qin Chen obediently captured, Elder Jin Yuan was stunned.

This is not in line with common sense.

Even a roadside beggar who just walks out of a place and is suddenly captured, he must resist, right?

This kid is great. He cooperates so seriously as if he is a guest at his own home. There is no accident at all.

Not only was Elder Jin Yuan puzzled, Xiao Ya was also stunned.

She knew Qin Chen's strength very well, and even the ancestor Feng Yuan of the Feng family could kill.

I really want to start, I am afraid that no one on the court can control him except the Lord Pavilion.

But just now, in the face of Elder Jin Yuan and the others, Young Master Chen did not resist at all, making Xiao Ya extremely depressed and unable to understand.

"What are you doing? Why do you hold me? Is that the way the Pill Pavilion of the Dawei Dynasty treats the alchemist?"

After being captured by a group of Dange guards, Qin Chen sneered and said in a deep voice, without any panic on his face.

"Hehe, boy, it's time to put some garlic in here."

At this moment, Yichen walked up proudly and came to Qin Chen with a sneer.

"Boy, remember us?"

Yichen looked at Qin Chen proudly, his eyes seemed to be looking at an ant, the more arrogant, the more arrogant.

"Yes, isn't it just a few scumbags who insulted Ben Shao just now? Gu Xun is in charge, and your Dange did this?" Qin Chen turned to look at Gu Xun, and said with a sneer.

"You're so embarrassed to say." Gu Xun's forehead blue veins burst, his lungs were about to explode with anger.

I knew that this kid was going to run into a difficult stone wall. When he was in conflict with Yichen, he should have been taken down directly. Now it's better. It angered the pavilion master, and I didn't know how to explain it.

"Boy, you are crazy!" Elder Jin Yuan came to Qin Chen with a sneer and looked at him.

He had heard of Qin Chen, but it was the first time he saw a real person.

"Who are you?" Qin Chen squinted at him and snorted coldly, "Why did you catch me?"

"Hahaha, why? Old man Jinyuan, Elder Dange, relying on you and Elder Xu Bo to break the rules of my Dange and make trouble in the difficult stone wall of my Dange, you have nothing to say when the old man takes you today. Say."

Jin Yuan looked at Qin Chen coldly, "A waste from the Five Nations, dare to come to the Dan Pavilion of my Dawei Dynasty to go wild, do you really treat this as a **** place like yours?"

Qin Chen's eyes were cold: "What did you say?"

"What? You didn't hear what I said. I said, you are just a trash. You will pay the price if you come to the Dan Pavilion of my Dawei Dynasty."

"Very well, I remembered it." Qin Chen looked at Jin Yuan coldly: "I hope you remember what you just said. Today, the young master wouldn't let you kneel and eat those words back, so the young master didn't believe it. "

"Kneel and eat back?" Jin Yuan's eyes shot a glimmer of cold light, and said with a grinning smile, "It's up to you?"

"Master, talk nonsense with him, this son dared to do something to the disciple before, let the disciple teach him a lesson, let him know what exactly is this place."

Yichen stepped up, kicked Qin Chen abruptly, kicked Qin Chen away, and fell heavily to the ground.

On his robe, a footprint instantly appeared.

"Yichen, what are you doing?"

The expressions of Xu Bo and the others changed drastically, and they wanted to stand up, chilling all over.

"Squat for me."

The guards behind a few people immediately held them firmly, and Elder Wu Ruifeng even sneered: "Elder Xu Bo, are you going to violate the order of the Lord Pavilion Master? You have to consider the consequences!"

"you....."

Xu Bo and others looked angry, but full of helplessness.

In the hall, after Qin Chen was kicked down, he didn't say anything. He just looked at Yi Chen coldly, with a sneer at the corner of his mouth.

With his cultivation base, how could Yichen's foot be unable to avoid it, but he didn't want to hide.

Although the other party just kicked, after a while, he must make the other party pay back a hundred times.

"Do you still dare to stare at me to die!"

With a cold gaze, Yi Chen rushed forward angrily and was about to do it again.

"Yichen, stop, to deal with this kid, don't worry, wait until the Lord Pavilion returns." Jin Yuan shouted coldly.

Now that Qin Chen had already taken it, it was in his pocket for a long time. Before Lord Pavilion Master came back, he naturally had no need to destroy his image in the mind of the Pavilion Master.

Anyway, this child entered the difficult stone wall and even answered a question. It was obvious that he came to make trouble. If the Lord Pavilion really went to the monitoring room, he would naturally know all the behavior of this kid, and when he was angry, he would not let himself. What to do?

Why rush for a while.

"Come here, take this kid and Elder Xu Bo together, wait for the Lord Pavilion to return, and then make a decision."

Elder Jin Yuan waved his hand, and someone immediately escorted Qin Chen and Xu Bo together, squatting in the corner and taking care of them.

The feeling that the entire Dan Pavilion listened to his orders made Jin Yuan extremely enjoyable.

"Little dust, you..."

Seeing Qin Chen also being taken over, Xiao Ya sighed.

Is this the method Qin Chen said?

Now that Difficult Shek Pik has not answered a single question, the Lord Pavilion Lord will definitely not spare them lightly. "Little dust, don't you know that you have already disturbed the pavilion master of our Dan Pavilion by trespassing on the difficult stone wall. Now he is afraid that he will come soon. Your pavilion master's temper is very irritable. You will be more sincere later, pavilion master. Adults see you so young, maybe they will let you go, but you just fell into

Elder Jin Yuan's hands, I'm afraid it will hang. "

Xiao Ya shook her head.

"Your pavilion master, have you been here just now?"

Qin Chen glanced at Xiao Ya.

"Yes." Xiao Ya smiled bitterly, you have challenged the difficult stone wall, can you not disturb the Lord Pavilion.

"So, you guys are being held here by Jin Yuan, is it also the order of the pavilion master?"

Xiao Ya gave a wry smile and nodded.

Qin Chen smiled faintly: "Don't worry, I promise you pavilion master will come to untie you personally."

Seeing the confident expression on Qin Chen's face, Xu Bo and others shook their heads helplessly.

This Qin Chen is really naive.

Untie them personally? They didn't even think about it, just begging the Lord Pavilion Lord not to be angry, and killing them would be good enough.

While thinking about it, he heard a loud voice, which suddenly rang in the hall.

"Where is the person?"

Zhuo Qingfeng came into the hall instantly like a gust of wind, and his eyes, like searchlights, quickly searched the entire hall.

"Lord Pavilion Lord, you are here, and your subordinates have already captured the kid according to your order. Now they are detained with Elder Xu Bo. I don't know what Lord Pavilion Lord do you want to do?"

Elder Jin Yuan quickly stepped forward and asked respectfully.

Actually, he didn't need to explain, Zhuo Qingfeng had already seen Qin Chen in the corner watched by many Dange guards at the first time, and his expression in a hurry changed suddenly.

"Junior Zhuo Qingfeng, see the master!" With a swift pace, Zhuo Qingfeng quickly came to Qin Chen, hurriedly saluting respectfully, with a pious expression on his face.

[Chapter 722: All stunned](#)

Under the eyes of everyone, Zhuo Qingfeng, who used to be aloft in the Dan Pavilion, saw Zhuo Qingfeng, who never saw the end, in front of Qin Chen, instantly saluted respectfully, as if a disciple had met his master, with a sincere attitude.

This scene stunned everyone in an instant.

"What, meet the master?"

Everyone's eyeballs stared out, and all of them were dumbfounded for a moment, as if they were hell, rubbing their ears desperately.

I thought I heard it wrong.

Grandmaster? Is Pavilion Master Zhuo Qingfeng addressing this young man?

Everyone felt dizzy in their minds and felt that their thinking was not enough.

Who is Zhuo Qingfeng? The master of the Dan Pavilion of the Dawei Dynasty, the half-step martial king, and the sixth-rank pinnacle pharmacist, actually called a five-nation young master from the five countries and under the age of twenty. Isn't this a dream?

Someone squeezed his thigh forcefully, and grinned with pain. It hurts. This is not a dream.

But how...

"Pavilion Master, you are..."

Elder Jin Yuan was also stunned, the smug expression on his face solidified, and he was going crazy.

Elder Xu Bo and others were also dizzy, and their eyes fell to the ground.

"You are the pavilion master of this Dan Pavilion?"

Qin Chen looked up at Zhuo Qingfeng and said indifferently.

"It's a junior."

Zhuo Qingfeng said respectfully and cautiously.

His heart also collapsed at this time.

I knew that this young man had a solution to his stubborn illness, let alone breaking through the difficult stone wall, even if the Dan Pavilion was torn down, let him go.

It's better now. He has a mean mouth, and he has to let Elder Jin Yuan capture the opponent. Now that the opponent is detained here, under the resentment in his heart, whether he will answer him, he himself is not sure.

I've split my heart alive.

"What are you guys trying to do, don't you want to untie the master and seek death?!"

Seeing the guards behind Qin Chen open their mouths, their eyes widened, Zhuo Qingfeng trembled with anger, wishing to slap these people to death.

Are these guys idiots? They don't have any eyesight at all. Didn't you see that they all respectfully call the other master, are they all stuck here?

"Yes Yes Yes!"

The guards headed by Li Feng were scared a long time ago. Hearing Zhuo Qingfeng's instructions, they were in a hurry to untie Qin Chen, and Zhuo Qingfeng himself hurried forward to help Qin Chen up.

"Wait a minute."

Qin Chen's eyes were cold, and he looked at Zhuo Qingfeng coldly, "Since your Excellency is the master of Pill Pavilion, then Ben Shao wants to ask Lord Pavilion Master. I don't know what crime Ben Shao committed. Your Excellency will send someone to take Ben Shao. Take it, please give me an explanation."

"No, no, misunderstanding, there are all misunderstandings, the master should get up first before talking."

Zhuo Qingfeng hurriedly said with a smile, but in his heart he hated Jin Yuan very much.

Although I told others to take them down as soon as they came out, I didn't say that I wanted to keep them here, right?

"Misunderstanding?" Qin Chen said coldly: "I don't think this is a misunderstanding, right? This elder Jin Yuan said, this order was given by you, Lord Pavilion, and the disciple of Elder Jin Yuan was in Dan Pavilion. In the middle, he insulted Ben Shao for no reason, and after being taught by him, he called his master Jin Yuan directly to arrest him.

Ben Shao, and even beat Ben Shao, is also a misunderstanding? "

"What? Does anyone dare to fight the master?"

At this time, Zhuo Qingfeng also saw the big footprints on Qin Chen's chest, his face suddenly changed.

"Jin Yuan, what the **** is going on?"

Standing up, Zhuo Qingfeng said angrily at the elder Jin Yuan.

No wonder the master is so angry. Based on Qin Chen's previous level of answering questions in the difficult stone wall, it can be seen that there must be a terrible alchemist behind this child who even surpasses the master. Such a genius who came to the difficult stone wall may not have taken the position of his pavilion master at all. I just want to verify my level of refining medicine

That's it.

Otherwise, the other party would not clearly write down the correct answer, but in the end it would simply erase it.

But now, after breaking through the difficult stone wall, not only was he captured by Dan Pavilion's people, he was also beaten, which was pretty good!

At this time, Zhuo Qingfeng was also extremely angry, and looked at Elder Jin Yuan coldly.

What he didn't expect was that before Qin Chen rushed to the difficult stone wall, Qin Chen actually had a conflict with the disciples of Elder Jin Yuan.

Moreover, although he had personally ordered Qin Chen to be captured before, he had never given an order to beat Qin Chen!

It is clear that the elder Jin Yuan avenged his personal revenge, and used this opportunity to avenge the master. Being stared at by Zhuo Qingfeng's icy gaze, Elder Jin Yuan panicked: "Pavilion Master, when this kid came out before, his attitude was arrogant and his subordinate disciples were angry for a while, so he moved his hands a little. It's just an ant from the five northwestern countries. Lord, are you?"

Got it wrong? "

Elder Jin Yuan is going crazy now.

He couldn't be more clear about Qin Chen's origins. The champion from the Great Qi Kingdom and the Ancient Nandu Tournament among the five countries, although he has some talents, his cultivation is not bad.

But it was clearly just an ant from the Five Kingdoms. How could Pavilion Master Zhuo Qingfeng call him a master in a blink of an eye?

What's happening here?

"Snapped!"

Still in doubt, a big slap in the face, slapped Jin Yuan fiercely on the face, and flew him several meters away.

"An ant? How dare you call the master ant? If the master is an ant, then what are you? Scum?"

"A mere elder, what the **** do you have to call someone an ant?"

"I want you to take good care of the master. Not only did you tie people up like this, but you dare to beat the master, who gives you the right?"

A roar like thunder, erupted from Zhuo Qingfeng's mouth, like a tsunami, shocked everyone on the court with dull eyes, almost crazy.

What is the situation?

Elder Jin Yuan, who was still awe-inspiring before, was stunned, covering his face and lying on the ground like a dog.

Xu Bo, Xu Zheng, Xiao Ya and others were also dumbfounded.

Zhuo Qingfeng looked at Jin Yuan coldly. At first, he didn't have any opinion on Jin Yuan, and even thought that his order had harmed him.

But after learning that there was a conflict between Qin Chen and Jin Yuan, Zhuo Qingfeng's heart became cold.

This Jinyuan dared to take his own orders to avenge his personal revenge, and even when he clearly offended the master, he even dared to call the master Ant.

This is obviously trying to destroy the relationship between myself and the master, so it's time to fight!

"Master, there must be a misunderstanding about what happened before. Your Excellency breaking through the difficult stone wall is a normal behavior stipulated by Dan Pavilion. It is because the juniors did not deal with it properly and made a mistake. Please do not rest assured, Master."

After drawing Elder Jin Yuan, Zhuo Qingfeng hurried to Qin Chen's side, and while hurriedly supporting Qin Chen, he was busy loosening Qin Chen. The attitude is as respectful as it is.

[Chapter 723: The slapped gold source](#)

"Wait." Qin Chen looked at Zhuo Qingfeng coldly, and said indifferently: "Pavilion Master Zhuo Qingfeng, Ben Shao didn't deliberately target you, this elder Jin Yuan, who was arrogant and domineering before, tied Ben Shao without saying anything. He even bluntly said that Ben Shao was a waste, and he didn't put Ben Shao in his eyes at all. His disciples were even more concerned about Ben Shao.

Fight hard. "

"Although this young man is not high in status, he is not even unable to avoid even a little disciple's shots. As a pharmacist, he respects the rules of the pill pavilion, so he allows the opponent to take action without even resisting."

"Now, your Excellency just helped Ben Shao untie the tie, what's the situation? A misunderstanding is resolved?" Qin Chen's eyes were cold, "Although Ben Shao has a humble status and shallow refining skills, he can't be so ignorant. Bai, let others be bullied. Regarding the matter here, this young meeting will report to Master and write to the Supervision Department of Wuyu Dange Headquarters about the matter of the Dawei Dynasty Dange, and review it carefully.

Chaodan Pavilion, is there any violation of law or discipline? "

Qin Chen's expression was severe and his tone was cold.

As soon as this remark came out, everyone on the court was dumbfounded.

Did Qin Chen give him back?

Their Dange Pavilion Master came up to untie himself, and kept saying that they misunderstood, they were all so shameless, and they were still putting on airs!

Who gave him the courage to do this?

You know, what is the identity of the pavilion master Zhuo Qingfeng? Not only the pavilion master of the Dawei Dynasty Pill Pavilion, but it is rumored that his master has a considerable status in the Northern Heaven Domain Pill Pavilion, but he has done something wrong and was Decentralized to their Dawei Dynasty Dan Pavilion.

When he took office, his Majesty of the Dawei Dynasty personally greeted him. How mighty?

This kid, who is still putting on airs, is unreasonable, what is he thinking?

It angered Pavilion Master Zhuo Qingfeng, believe it or not, slap you to death, I am afraid that no one in the entire Dawei Dynasty dare to speak for you.

You also wrote to the Wuyu Dange headquarters, what is your identity? A disciple from the Five Nations, I'm afraid I don't even know where the Dange headquarters is.

Even Xu Bo and others squeezed a cold sweat for Qin Chen. Although they didn't know why the pavilion master's attitude had changed so much, Qin Chen was so arrogant, it was a bit too much!

One is self-defeating and angers the pavilion master, with disastrous consequences.

But what Xu Bo and the others didn't know was that they thought Qin Chen was too much, but Zhuo Qingfeng broke out in a cold sweat instantly after hearing what Qin Chen said.

Qin Chen's talent for refining medicine could not be more clear to him. In such a short period of time, he could answer all the difficult questions left by the pavilion master in the pill pavilion's difficult stone wall for nearly a hundred years. What kind of alchemy is this?

Not to mention the master who gave Qin Chen refining medicine.

If it were said that there was a pinnacle Medicine King behind Qin Chen, and even a strong Medicine King pointed out, Xu Bo would not be surprised.

For such a top alchemist master to go to the headquarters of the book pill pavilion, it is absolutely easy.

When the punishment comes down, he, the pavilion master of Pill Pavilion, will inevitably not be able to eat, and even the master can't keep him.

This is not the most important thing. The most important thing is that Qin Chen has the strength to solve his problems.

Whether it is to keep his position or to solve the problem, he must give Qin Chen an explanation today.

"Yes, the junior is reckless."

Zhuo Qingfeng stood up, feeling cold in his heart, and looked at Jin Yuan coldly: "Elder Jin Yuan, did you insult the master just now?"

"My Lord, misunderstanding, this is a misunderstanding, subordinate..."

Elder Jin Yuan has been stunned, and the development of the matter has completely exceeded his expectations.

"Misunderstanding? You made me offend the master, and one misunderstanding will be solved? You dare to insult the master for trash. In my opinion, you are trash, right?"

Zhuo Qingfeng's eyes were cold, and he waved his hand: "Come on, take down the elder Jinyuan, first deprive him of the position of elder, put him into the alchemy hall, and then make a decision." The alchemists in the alchemy hall were all confused, Zhuo The master of Qingfeng Pavilion is really unpredictable. He directly deprived Elder Xu Bo of his position as elder and let Elder Jin Yuan take charge of the overall situation of Dan Pavilion. How long is this? In the blink of an eye, the elder Jin Yuan was abolished and taken to the law enforcement hall.

Can it come out well?

No one knows where the Law Enforcement Hall is. Elder Jin Yuan has been in the Dan Pavilion for so many years. If he says that there is nothing to do favoritism, it is impossible. As long as he enters, he cannot get out again. . "No, Lord Pavilion Lord, you can't be like this." Jin Yuan's face changed, and he couldn't care about anything else, and pointed directly at Qin Chen anxiously: "Lord Pavilion Lord, you were deceived by this kid, this kid is called Qin Chen is just a small pharmacist from the five northwestern countries. Where is the master? Saying he is a trash, an ant, and not made up by his subordinates, that is basically a fact. The Lord Pavilion, you are in retreat all year round and do not understand the external situation. I was deceived by this kid. It's okay. Let the subordinates come down. The subordinates must torture this kid carefully and tell you how he deceived the Lord Pavilion Master for your crimes.

Explain it. "

Jin Yuan was in a hurry, immediately rushed to Qin Chen, stretched out his hand to catch Qin Chen, and at the same time roared: "Boy, come on, tell me how you deceived the Lord Pavilion Lord, tell me honestly."

"Jin Yuan, stop it!"

When Zhuo Qingfeng saw Jin Yuan's actions, his soul was almost gone.

If this hurts his master, he wants to solve the problem on his body, I am afraid it will be completely lost, and he will not think about it in this life.

For an instant, without even thinking about it, Zhuo Qingfeng was furious and slapped Jin Yuan directly.

"Bang!" He slapped him on the other side of Jin Yuan's face. This time, in desperation, Zhuo Qingfeng didn't keep his hands at all. The half-step Wu Wang's slap was terrifying, and Jin Yuan was ruthless. The fan flew out dozens of meters, and fell into the hall with a bang, spurting blood from the nose and mouth, and my mind was completely confused.

"Come here, don't you take the Jinyuan down for me, and look at it, are you all in a daze for death?"

Zhuo Qingfeng roared angrily, but there was a cold sweat on his body. Fortunately, he acted in time and didn't let Jin Yuan hurt the master, otherwise the problem would be serious.

Jin Yuan, this guy is simply too arrogant.

"And you, was the Master Qin Chen you kicked just now?"

Turning his head, Zhuo Qingfeng looked at Yichen angrily.

When did Yichen be seen by the pavilion owner, his legs softened, a stinking smell came, and a piece of crotch was wet, and he was scared to pee.

"Is this kid kicking Master Qin Chen with that leg? It was just abolished for me, and together with Jin Yuan, he was taken to the law enforcement hall. If there is resistance, he will kill him."

A trace of disgust flashed in Zhuo Qingfeng's eyes, and said angrily.

"Yes!" At this time, the head of the Law Enforcement Hall also received the news. He was a middle-aged man with a black face and iron face. He waved his hand and captured the still confused Elder Jin Yuan and Yi Chen.

[Chapter 724: There are still important things](#)

"Master Qin Chen, you are detained here, and you have the responsibility of the old man. Don't worry, the old man will give the master an explanation for this matter today!"

Coming to Qin Chen again, Zhuo Qingfeng said respectfully.

"However, even if you regenerate, Master, you have to pay attention to your body and keep squatting here. It won't be good if you hurt your leg."

While talking, Zhuo Qingfeng went to help Qin Chen again, and hurriedly untied him.

Qin Chen glanced at the elder Jin Yuan, who was almost unrecognizable with a face. He did not continue to carry the shelf this time, but let Zhuo Qingfeng help him.

At the same time, the rope tied to him was untied immediately.

"Master, calm down, everything is not done by the younger generation, and bumped into the master, damn, damn!"

Seeing Qin Chen's rope finally untied, Zhuo Qingfeng breathed out in secret.

Then Gu Xun glared at him and said coldly, "What are you still doing? Didn't you see that the robe on the master is dirty? Why don't you get a new robe and put it on for the master."

Gu Xun's legs trembled, and he almost cried depressed.

What is this!

He was in charge of the cabinet and in charge of affairs, like a servant, he was called to drink and even prepared new clothes for such a young man.

Speaking out, I am afraid that people will laugh out loud.

It's just in my heart, but I dare not show the slightest expression on his face.

"Yes, the subordinate will do it right away."

After panicking, I hurried to find new clothes.

"Pavilion Master Zhuo Qingfeng, Elder Xu Bo is a friend of Qin. This time, Qin, who was also guaranteed by him, entered the difficult stone wall. I don't know what Elder Xu Bo committed and was detained here?" Qin Chen frowned at Zhuo Qingfeng again.

"Yes, the younger generation was negligent."

A Ji Ling, Zhuo Qingfeng reacted, Xu Bo and the others were still being watched.

Suddenly yelled at Li Feng and others who were holding Xu Bo, "Don't you guys hear it? Don't let Elder Xu Bo and the others go quickly. It's really a bunch of brains, are all pig brains? Don't want to do anything in Dan Pavilion? If you don't want to do it, get out of here, you don't have any brains!"

Zhuo Qingfeng's breath.

The reason why Qin Chen was able to enter the difficult stone wall was that it was recommended by Elder Xu Bo. He was anxious to explain to Qin Chen before and was busy neglecting Xu Bo and the others.

Normally, Li Feng and the others should have reacted and untied in time.

Who knew that Xu Bo was still being held in custody, and his lungs were exploded with anger.

This group of guys are so lacking in eyesight, they are almost like wooden people, they are almost mad at him.

"Elder Xu Bo, it was the old man who didn't figure out the situation just now, so he rushed to deal with a few people. The old man is reviewing here. This is the old man's problem. Please also Elder Xu Bo and several others, don't take it to heart."

After a scolding, Zhuo Qingfeng hurriedly stepped forward and personally untied the ropes for Xu Bo and others. The attitude was as polite as possible.

"My Lord, you are too kind."

Seeing Zhuo Qingfeng's apologetic smile, Elder Xu Bo had never enjoyed such a treatment before, his legs softened and he was like a ghost.

In the past, when I saw Pavilion Master Zhuo Qingfeng, the other party was extremely serious, and Xu Bo was frightened and frightened every time. He didn't even dare to breathe.

It's okay now. Pavilion Master Zhuo Qingfeng personally loosened him, and with a polite attitude, Xu Bo had just recovered from some injuries. He was about to explode wherever he could stand it.

"My Lord, I will do it myself, and I will do it myself."

Untidy himself.

"Hey, this time, the old man didn't figure out the situation and misunderstood Elder Xu Bo. It was the old man's fault. Elder Xu Bo is welcome. The old man is guilty."

How could Zhuo Qingfeng let Xu Bo untie himself, and even removed the rope from Xu Bo.

Later, he also untied the ropes on Xiao Ya and Xu Zheng himself.

"It's really the Lord Pavilion who loosened it personally..."

Recalling what Qin Chen said before, Xiao Ya's expression was dull, and she only felt that her brain was not enough.

Until now, she didn't understand why the attitude of the Lord Pavilion towards Qin Chen was so different.

Can't understand at all.

"Well, there is nothing to look at here, it's gone, it's all gone."

Seeing the large number of people gathered around, Zhuo Qingfeng gave a cold voice, and immediately the Dange staff began to drive the crowd away.

Although they were also very curious about the change in the attitude of the Lord Zhuo Qingfeng, they wanted to know more about the situation.

But he didn't dare to confront Dan Ge openly, and had to disperse one after another.

"Master Qin Chen, the old man made a mistake just now. Don't worry, the old man must give the master an explanation about this matter. If the master is free, it is better to go to the old man's reception room first!"

Zhuo Qingfeng hurriedly came to Qin Chen and warmly invited.

Xiao Ya's expression was dull. Although she didn't know what method Qin Chen used, but depending on the situation, Qin Chen had actually mastered the initiative of Pill Pavilion.

It was just the whole process. Although she participated in the whole city, she still didn't understand how Qin Chen did it. "Pavilion Master Zhuo Qingfeng's kindness, I would like to thank the young master, but I still have important things to do, so I won't leave more today. If the cabinet owner has any questions, I will contact Elder Xu Bo and Xiao Ya to communicate with me. , I also hope that the cabinet

owner will give Ben Shao an explanation as soon as possible. Before the explanation comes out, Ben Shao temporarily

Shi would not report this matter to the Dange headquarters, but if you don't give a good explanation, it may not be necessary. "

He bowed his hands and greeted Xu Bo and the others again. Without saying a word, Qin Chen turned and left Dan Pavilion with Xiao Ya, without even giving Zhuo Qingfeng a chance to stay.

Seeing Qin Chen leaving behind, Zhuo Qingfeng wanted to stay, but he didn't know how to speak. He could only watch Qin Chen disappear at the entrance of the Dan Pavilion.

Very depressed in my heart.

If it hadn't happened before, would Qin Chen leave in such a hurry?

He was suffering from a headache. When he was about to build a relationship with Qin Chen, Zhuo Qingfeng suddenly glanced at Xu Bo and his eyes, and his eyes lit up.

Yes, why did he forget about this? He doesn't have much friendship with Qin Chen, but Elder Xu Bo is different. If you can recommend Master Qin Chen to the difficult stone wall, the relationship between the two must be extraordinary. As long as you have a good relationship with Elder Xu Bo, then... As soon as he moved, Zhuo Qingfeng suddenly came to Xu Bo with a smile, and said with a smile: "Elder Xu Bo, I did not expect that there is such an extraordinary elder in Dan Pavilion. If it hadn't happened once, the old man might not have noticed it.

Elder Bo, your strengths, ashamed, ashamed, so, I wonder if Elder Xu Bo is interested in coming to the old man's office? "

Zhuo Qingfeng said with a smile, eyes bright and bright.

"My patron's invitation, how dare your subordinates refuse to follow." Xu Bo was flattered. Although he did not understand why the pavilion master had such an attitude towards him, he said respectfully.

[Chapter 725: Deputy Chief](#)

After arriving in the office, Zhuo Qingfeng personally poured a cup of tea for Xu Bo, which made Xu Bo feel unbearable on pins and needles.

In the past few years, the pavilion master's office, he has been here a few times, and he was treated as a guest, so he arranged to sit down, and the pavilion master poured the tea himself. This was the first time the big girl got on the sedan chair!

"Haha, Elder Xu Bo, don't be nervous. In recent years, the old man has not managed much Dange, and thanks to Elder Xu Bo, you share the burden for the old man." Zhuo Qingfeng greeted him first.

"Where, where..."

Elder Xu Bo wiped the cold sweat on his forehead, and said modestly, but he felt extremely uncomfortable in his heart. He is not the kind of sociable person. For him, this kind of communication is more uncomfortable than scolding him.

"Okay, the old man doesn't talk nonsense, and gets to the point. In recent years, the old man has not managed much of the Dange, and he is not very interested in this aspect. However, the Dange always needs a person to preside, and he keeps procrastinating. It is also very detrimental to the development of our Dange." Zhuo Qingfeng sighed.

In response, Xu Bo nodded.

This is indeed the case.

In the past few years when Zhuo Qingfeng took office, he did not pay attention to Dange and basically did not manage affairs. This caused chaos in the Dange. Many elders competed for power and profit, which indeed had a great impact on Dange's business.

In the past few years, the strength of the Dawei Dynasty's pill pavilion has plummeted. In the sales of foreign pill, Leng Jia almost controlled more than 70% of the pill output of the imperial city. It only occupies 20-30% of the market.

Even the Dan Pavilion has been infiltrated by the Leng Family. Elder Jin Yuan has a secret agreement with the Leng Family to cooperate.

If it weren't for what happened today, once Jin Yuan elder took control of the Dange and cooperated with the Leng family, then the Leng family would be able to monopolize the Dawei Dynasty's pill market, and Dange could only be reduced to a subsidiary of the Leng family. Forces, work for the Leng family.

In other dynasties, it was impossible to happen. If it spread out, I am afraid it will be laughed at by the world.

Xu Bo was in charge of a lot of Dange's affairs in the past. To be honest, he had worked so hard to get the 20-30% of the pill market. If it weren't for him, I'm afraid Dange didn't even have a 20-30% market.

But, what did the Lord Pavilion tell him now?

Could it be said that after today's affairs, Lord Pavilion Master is ready to come out to preside over the work?

Xu Bo's face suddenly showed excitement.

This is a good thing.

With the master's knowledge, the integration of Dan Pavilion, and the assistance from the side, Xu Bo is confident that within a few years, he will increase Dan Pavilion's business from a weak two to 30% to at least 50%.

After all, in terms of the strength of refining medicine, no matter how strong the Leng family is, it is only a dynasty giant, and it is still incomparable with Pill Pavilion. While guessing, he heard Zhuo Qingfeng solemnly say: "Old man, I am not very interested in Dange affairs, but the old man has heard that Elder Xu Bo has been in charge of many Dange affairs in the past few years, and he has done very well. I fell ill a few days ago, and now the old man sees Elder Xu Bo is in good condition, I don't know

Are you interested in serving as the deputy head of the Dange, and will preside over the work of the Dange for the old man in the future? "

What, let me be the deputy chief?

Xu Bo was stunned all of a sudden, and he didn't expect this to happen.

He hurriedly waved his hand: "No, no, Lord Pavilion Master, his subordinate He Dehe Neng, can preside over the work of the Dan Pavilion, absolutely must not, but also invite Lord Pavilion, personally come out, strengthen our Dan Pavilion momentum."

Dawei Dynasty Dan Pavilion has not had a deputy pavilion master for many years, so Xu Bo can't even think of letting him take the post of deputy pavilion master. "Hey, Elder Xu Bo is humble. Although the old man does not care about Dange affairs, he is not completely ignorant. Elder Xu Bo did a good job in the past few years, and you can rest assured that even if you let Elder Xu Bo serve as deputy cabinet Lord, the old man is behind, and will give the greatest support, thanks to Elder Xu Bo's

Ability, no problem at all. "

Zhuo Qingfeng waved his hand and was extremely strong: "There is no need to talk about this matter. Elder Xu Bo only needs to think carefully about how to preside over the work of Dange in the future."

"This this....."

Xu Bo was dizzy. At this moment, he didn't know what to say.

It was so sudden that happiness had come, making him stunned.

"By the way, I don't know how much Elder Xu Bo knows about Master Qin Chen?" Zhuo Qingfeng suddenly looked at Xu Bo as the voice changed.

Xu Bo was taken aback. He also recovered from his excitement at this time. He felt the look in the eyes of Pavilion Master Zhuo Qingfeng expecting, and he instantly understood how his position as Deputy Pavilion Master came about.

It's because of the benefactor after all!

"It's true that you, the lord of the pavilion, Master Qin Chen, this is the first time your subordinates have seen you today, and if it weren't for the master, the subordinates would probably be dead..."

Immediately, Xu Bo told Zhuo Qingfeng about some things about Qin Chen.

In front of Zhuo Qingfeng, Xu Bo did not dare to hide.

What's more, Qin Chen's reputation is so great that many forces in the entire imperial city are staring at him, and the Lord Pavilion Lord only needs to inquire about the news he said.

"What? Elder Jin Yuan colluded with the Leng Family to poison you, Elder Xu Bo?"

"And that Master Qin Chen, who just killed the Feng family under the Leng family? Want to encounter the Leng family's revenge?"

"It's no wonder that Jin Yuan dared to treat Master Qin Chen this way before, and there is such a thing here."

"What, Master Qin Chen is recommended by Elder Xu Bo, your disciples Xiao Ya and Mu Lengfeng, who are going to take the place of my Dawei Dynasty Pill Pavilion and participate in the Alchemist Competition? As a result, the place was taken away by Elder Jin Yuan?"

One by one news came, and Zhuo Qingfeng was shocked instantly.

"Elder Xu Bo, you will talk about how Master Qin Chen will detoxify you..."

Among them, Zhuo Qingfeng is most interested in this section of Qin Chen's detoxification for Xu Bo.

When he learned that Qin Chen used a long sword to use the golden needle to **** acupuncture points, he was trembling with excitement when he was able to get rid of toxins from Xu Bo's body in a short moment.

"The cicada transforms the bones, the old man has also heard that it is a very vicious poisonous fog. Master Qin Chen has verified the poison on your body and got rid of it based on simple reasoning, and also displayed it. It's piercing the acupuncture points with sharp swords and golden needles. What kind of medicine cultivation is this?"

Zhuo Qingfeng's face flushed with excitement.

Originally, he was worried that Qin Chen might not have a solution to his stubborn illness, but when he heard this, his heart suddenly dropped.

Would a person with such knowledge in refining medicine not be able to solve his problems? Don't know how to nourish acupuncture points? It's impossible to think about it! At the same time, Zhuo Qingfeng also more affirmed that Qin Chen had the idea of a powerful alchemist behind.

[Chapter 726: City Guard](#)

"This Jinyuan, really **** it, dare to collude with the Leng family, intending to annex my Dange, Xu Bo, you have done a good job, if you and Master Qin Chen have seen through each other's conspiracy, the old man is about to become Dange Sinner."

At the same time, Zhuo Qingfeng also had fear in his heart.

Originally, he was respectful to Qin Chen, but only because he wanted to get Qin Chen's help, he was complacent and surrendered.

But now, there is really a cold sweat behind him.

Without Qin Chen seeing through Jin Yuan's conspiracy, if Jin Yuan were to succeed in colluding with the Leng Family and controlling his Dan Pavilion, then Zhuo Qingfeng would definitely become the sinner of the Dan Pavilion.

Once the news goes back to the North Heaven Domain Dan Pavilion branch, even if his cultivation base breaks through, I am afraid that he will not be able to go back, but will be punished by the higher Dan Pavilion.

After all, the dignified Dan Pavilion pavilion master actually made the Dan Pavilion controlled by other local forces during his tenure. This will have a huge impact on the reputation of the Dan Pavilion headquarters, and it will also become a stain on Zhuo Qingfeng's whole body.

"so close."

At this moment, Zhuo Qingfeng was truly grateful to Qin Chen and was convinced. "Elder Xu Bo, rectifying the pill pavilion, I will leave it to you now. That Leng family is so brave, dare to covet the alchemist in my pill pavilion. Is it true that the old man is a vegetarian without showing up all these years? You must let Xiao Ya pay attention to Master Qin Chen's actions. If Leng Jia doesn't do anything, it's okay.

I really dare to do something to Master Qin Chen, the old man will go out and let this powerful dynasty know that my Dange is not a good place to bully. "

Zhuo Qingfeng's eyes were cold and angry.

At the same time, he was relieved.

With the relationship of Elder Xu Bo, it is not difficult for him to build a good relationship with Qin Chen, and if Leng Jia dares to do something with Qin Chen, it is a huge opportunity for him to make friends with Qin Chen.

At that time, it might not be possible to change Qin Chen's impression of him, and heal his chronic illnesses.

And when Zhuo Qingfeng tried to build a good relationship with Qin Chen.

Qin Chen, who left the Dan Pavilion, did not feel much joy in his heart.

Although he knew very well that his mission in the Dan Pavilion had been successfully completed, the Dan Pavilion Lord would also completely stand on his side.

But this time he was facing not a small power like the Feng family, but the top powers of the imperial city such as the rich family Lengjia, Wu family, and Wujizong.

These forces all possess the power of the King of Martial Arts, and can even influence the decisions of the royal family.

But the Dan Pavilion, after all, belongs to a relatively detached force, and cannot be too directly involved in the confrontation of local forces. A Dan Pavilion alone may not be able to shake the huge alliance of Leng Family.

What Qin Chen lacks most now is time. As long as he has enough time, he is fully capable of attracting more forces and confronting the Leng family.

"Xiao Ya, you immediately take me to the Holy Land of Bloodlines."

Adjusting his mood, Qin Chen said to Xiao Ya.

It took so long to win a pill pavilion. Can the black slaves be able to hold on in a slum?

He must hurry up.

"it is good."

After experiencing the Dange incident, Xiao Ya followed Qin Chen's words and immediately took Qin Chen to the Holy Land of Blood.

However, before Qin Chen and Xiao Ya came to the Holy Land of Bloodline, a figure was quickly rushing in the distance.

It is Zhao Lingshan.

"There is little dust, it's not good."

Seeing Xiao Ya and Qin Chen, Zhao Lingshan panted, with a hint of anxiety on her face, and shouted from a distance.

Seeing Zhao Lingshan look like this, Qin Chen's heart suddenly sank.

"The people of Leng's family, have they reached the slums?"

Before Zhao Lingshan could speak, Qin Chen asked in a cold voice.

"Little Chen, it's not the Leng family, but the Imperial City Guard, saying that you openly violated the rules of the imperial city and slaughtered the Feng family. Now you and the black slave are to be arrested."

As soon as Zhao Lingshan came up, she hurriedly said: "Now the black slaves are in control of your large formation, blocking the people from the City Guard, but I am afraid it will not last long."

"City Security Department?" Qin Chen was stunned, Xiao Ya was also stunned, frowning and said: "The City Security Department is the department that manages public security in the imperial city. The conflict between you and the Feng family, Chen Shao, occurred at the Feng family mansion. A private incident, and it's in the outer city, how could it provoke the City Guard Office? Unless someone reports it and mobilizes the City Guard Office

."

"This Lengjia is really a good method."

Qin Chen narrowed his eyes and instantly understood the purpose of Leng Family.

This incident belonged to the previous conflict between him and the Feng family. Although the Leng family was the leader of the Feng family, he could not rush in to avoid gossip.

Moreover, the strength of him and the black slaves had been completely exposed when they were in the Feng family. If the Leng family wanted to capture them, at least they would need to be too elders, or even the sixth-stage late martial arts of the Patriarch level, to make it possible.

In this way, the Leng family was completely exposed to everyone, and the people in the imperial city knew that Qin Chen and You Qianxue were actually taking the shot.

Therefore, in order to avoid suspicion, Leng's family did not directly take action, but secretly mobilized the city guard.

Although the City Guard Office is under the jurisdiction of the dynasty, the Leng family has been operating in the imperial city for so many years. There is something to do with the City Guard Office. It is normal. As long as he is brought into the City Guard Office, he will indirectly fall into the Leng Family In control.

What's more, the City Guard is an official force. No matter how strong and arrogant it is, it is impossible to openly attack the official force. Otherwise, he will directly declare war with the Dawei Dynasty.

This is simply killing two birds with one stone.

Qin Chen felt a chill. He always thought that the Leng Family would find a way to do it, so the formation was set up, even if the Martial Master of the late Leng Family Sixth Stage came, it might not be a good deal.

Unexpectedly, it turned out to be the City Guard Office. If the black slaves didn't know the importance, they would go directly to the City Guard Office. Then no matter who the conflict between him and the Feng family was, there would be no way to restore it.

"It really is despicable."

Qin Chen's eyes were cold, worried in his heart, and immediately said, "Go, let's go back first."

Xiao Ya was taken aback, "Little dust, don't you go to the Holy Land of Bloodline?"

"There is no time." Qin Chen shook his head: "If the black slaves hurt the people of the City Guard, then the matter will be troublesome. Even Pill Pavilion has no right to intervene openly."

Contempt of imperial power, that is a felony, no matter which dynasty, it is the same.

"Then you go first, I'll go to Master."

Xiao Ya hurriedly said, then hurriedly rushed towards the Dan Pavilion.

"Lingshan, let's go back quickly!"

Lifting Zhao Lingshan in an instant, Qin Chen didn't care about other things either, using his body skills to the extreme, like a stream of light, galloping towards the slum.

Qin Chen's right hand, holding Zhao Lingshan's buttocks, hugged Princess Zhao Lingshan to his chest.

Zhao Lingshan buried her head on Qin Chen's chest, smelling the strong aura of the opposite **** on Qin Chen's body, her face flushed to the root of her ears, and her heart throbbed. At this time, she even had a longing, if she had been held by Qin Chen like this, it would be great.

[Chapter 727: warrant](#)

West Side Slum!

In front of the house where the black slaves were located, it was already surrounded by a group of heavily armed city guards.

These city guards, each wearing armor and holding sharp blades, looked coldly at the black slaves and others in the front formation, their faces were very ugly.

It has been half an hour since they came here.

Originally received an order from the deputy commander to catch a few criminals who made trouble in Feng's house, thinking it was just a trivial matter, but who would have thought that the other party was so stubborn, hiding in the formation, not coming out for a long time, let the leader captain Guan Wei was extremely angry.

In the imperial city, even the orders of their city guards dare not listen, and they are still a group of foreign warriors, which is simply the opposite.

"Let me listen to the guys inside. I'll wait until I'm ordered to arrest you. If I don't come out again, I will blame our city guards for being unreasonable. At that time, we will mobilize the masters of the Xuanwu Guards of the dynasty and arrest you as a conspiracy. , But it's not that easy to talk."

The leader, Guan Wei, with a gloomy expression, sternly shouted at the black slaves and others in the formation.

Before coming to arrest people, he also inquired about the situation of the black slaves and them, knowing that it was a group of masters who had destroyed the Feng family, but at this time he did not dare to force it.

After all, as the captain of the city guard, he is just a fifth-order peak Wuzong, and he is not enough to stuff his teeth.

Of course, the cultivation base is nothing. In the imperial city, their city guard represented the dynasty official, and no one from any power dared to do anything against them. "You are all heroes of the city guards. Naturally, you dare not disrespect you. It's just that the Feng family that you are talking about is that the Feng family first murdered the warriors on our side. After being found out, they cruelly attacked us, and we were forced to fight back. , I had no choice but to kill. There were so many witnesses at the scene, and they could prove it.

As I said, your Excellency came up directly to arrest someone, it seems that the wrong object was arrested. "The black slave stood in the formation and said gloomily.

In view of the identity of the opponent's city guard, he has always restrained and did not do anything.

"Catch the wrong person?" Guan Wei snorted coldly.

Does he know what happened to the Feng family? It's just that this time the arrest was an order from the deputy commander himself, and he had no choice. Regardless of whether the other party was innocent or not, he must take the person back, otherwise he would be negligent and incompetent. He shouted at the moment: "Life is a matter of innocence, but you can't just listen to your one-sided words. Only when you follow us back to the headquarters of the City Health Department to investigate and investigate the matter clearly, can you be returned to your innocence. If the facts are not what you are As said, in the imperial city slaughter the family, but the big beheaded crime! "

"I also said before I go down, it's not impossible to cooperate with your investigation, but your city's security department has to issue an arrest warrant when you come to get people. You don't even have an arrest warrant. How can we follow you? Who knows if you avenge your private revenge? Want to avenge the Feng family?"

The black slave sneered.

The City Guards Department had to show a warrant for arresting people first. There were no arrest warrants for these guys. They weren't sent by the Leng family. That's strange.

"This guy....."

Guan Wei trembled and said angrily: "The arrest warrant was issued in a hurry. I forgot to bring it with me. But now I have sent someone to get it. Shouldn't some of them also come out and defy the City Guard to get people? crime?"

"Then wait until the arrest warrant arrives."

The black slave can't get in.

With an arrest warrant, it is equivalent to having official documents. Otherwise, he will be taken to the city guard and killed directly, and there will be no redress.

At this time, the black slave was just praying, and there would be good news from Shao Chen.

In the formation, You Qianxue and others were extremely nervous.

Against the imperial city guards, they couldn't even think about it before.

"Don't worry, these guys don't dare to rush in to get people, nor can they rush in."

The black slave glanced at the nervous Xiao Zhan and others, and said to comfort him.

Xiao Zhan and the others gave a wry smile, the other party couldn't rush in, but that was the city guards, could they really keep hiding?

Sure enough, not long after, a city guard hurried over with a piece of paper in his hand and handed it to Guan Wei's hand. Guan Wei was overjoyed. He even picked up the piece of paper and flexed it at the black slaves. He sternly said: "I see, the arrest warrant is here. What else can you say. I count three times. If you return it, please? If I don't come out, obediently let me wait for me to return to the city's security office and punished it as a crime of treason.

That's right, it's not that I waited, but the master of Dynasty Xuanwuwei. "

Seeing the arrest warrant in Guan Wei's hand, the black slave's heart sank.

He knows very well about the City Guard Department. Arrest warrants can only be issued by persons above the deputy commander level. Now that the other party can obtain an arrest warrant, then only one thing can be explained. Command-level high-level.

"Senior nigger, what shall we do now?" Xiao Zhan and others panicked in their hearts.

The black slave also frowned. By this time, he had no choice. Once the arrest warrant was issued, if he still resisted, he would really be an enemy of the Dawei Dynasty.

"It's okay to go with a few of you, but they didn't make a move at the beginning, so there shouldn't be any need to go together?"

At this moment, a cold snort sounded, and then, a figure appeared outside the house, it was Qin Chen and Zhao Lingshan who rushed back in time.

"Less dust."

Seeing Qin Chen, the black slaves and others all gave a pleasant surprise.

"It's you? The mastermind who worked in Feng's house? Your kid finally showed up and took it for me."

When Guan Wei saw Qin Chen, his opponent shouted sharply.

He was ordered, and he had seen the portrait. He knew that the boy in front of him was the boy in front of him, and he had to take it back.

Huh huh!

I saw countless streamers coming, and many city guards immediately surrounded Qin Chen, staring at him.

"You don't need to be nervous. Since I'm here, I didn't want to escape. However, the others have nothing to do with this matter, and they have never done anything in Feng's family. Your Excellency took them away too. Isn't it too much." Qin Chen coldly Tao.

"Excessive? Huh, who knows that these people haven't done anything before? What's more, they were accomplices at the scene, so naturally they had to follow me back to the city guard."

Guan Wei snorted coldly.

But the above commanded, except for the leader, everyone else is also an accomplice, and they must all be brought back.

"Hmph, your excellency said so loudly, this person is a member of my Dan Pavilion, what qualifications does your city guard have, take him away."

At this moment, another cold snort rang out, and then, Elder Xu Bo and Xiao Ya quickly came to the scene.

"Little dust, don't worry, there is an old man, these guys, don't want to take you away." Xu Bo shouted coldly when he came up.

Hearing Xiao Ya's report just now, his heart suddenly became anxious, and he rushed over like crazy, and finally arrived in time.

Not to mention the position of his deputy pavilion chief, Qin Chen brought him, just because the toxins on his body have not been completely removed, it is impossible for Qin Chen to be taken away by the

city guards, once he falls into Leng's house. In the hands, who else can detoxify? What's more, the lord of the pavilion clearly ordered that the Leng Family must not be allowed to act on Chen Shao.

Chapter 728: Three letters

"Who are you?"

Guan Wei looked coldly.

What's going on today, how dare all of you talk to yourself like this.

Only seeing the alchemist robe on Elder Xu Bo was shocked. Combining with the pill pavilion that the other party had said before, Guan Wei immediately understood that the other party should be a member of the pill pavilion.

"Old husband Dange Xu Bo!" Xu Bo snorted coldly.

"Elder Xu Bo?"

Guan Wei's eyes narrowed.

The elders in the pill pavilion are definitely high-level existence. Generally, those who can serve as elders in the pill pavilion are basically sixth-rank alchemists. In the imperial city, they are definitely second to none.

If Guan Wei gave the other side a face, he would give it.

But this time, the deputy commander clearly informed that he must bring all these people back. As the captain of the city guard, even if he was afraid of Dange, he couldn't let the other party just leave them behind.

"It turned out to be Elder Dange, I met with the commander of the Xiacheng Guard, but these people are important criminals wanted by our city security department and need to be taken back to assist in the investigation. I am afraid Dange will not be able to stay." Guan Wei said in a deep voice. .

Xu Bo's face sank. He didn't expect the city guard to be so arrogant. As the elder of Pill Pavilion, the other party would not give any face.

Suddenly angrily said: "Your excellency means that your city guards must take away the alchemist of my alchemist? The old man is here today. I want to see how your city guards have people take away?"

With a cold shout, Xu Bo's cultivation in the middle of Tier 6 was immediately released, angrily.

On the side, Xu Zheng also looked angry, lingering murderously all over.

The strongest among Guan Wei and others was Wu Zong, who was at the peak of the late stage of the fifth stage. How could he withstand Xu Bo's imposing suppression, he suddenly snorted. Guan Wei's face was ugly, and he said coldly: "Your Excellency is wrong to say that, right? I admire your Excellency as Elder Dan Pavilion, and dare not offend, but this person, who had acted openly in the imperial city before, attacked the Feng family and almost killed the Feng family. All warriors are slaughtered, and our city's security department is to protect the safety of the imperial city

So, it is natural to bring the suspect back for investigation. This is an arrest warrant issued by our city security department. Your obstruction, does it mean that Dange is going to be an enemy of our city security department? "

"Presumptuous, although the old man is an elder, but he is also the new deputy chief of the alchemy pavilion, how can you allow you to be wild with my alchemist alchemist?" Xu Boran angered.

The new deputy chief?

Guan Wei was shocked.

He knows very well that Dan Pavilion has always had only one pavilion master, and it is the dragon who sees the head but not the end. He has never heard of any deputy pavilion master. Now this person claims to be a deputy pavilion master, what does it mean?

Could it be that this person has great rights in Dan Pavilion?

Guan Wei cried out in his heart.

I took this errand myself, it was really **** mildew. However, as the captain of the City Guards Department, the deputy commander's orders are naturally impossible to fail to implement, and he knows very well that catching Qin Chen should be more than just the deputy commander's thoughts. What power of the Feng family is a subordinate of the Leng family. The relationship between the Leng family and the deputy commander is very close.

It may be Leng's wishes.

When he thinks of Leng Jia, Guan Wei's heart regenerates.

In the imperial city, although the Dan Pavilion is noble, it is only because it is a concentrated area of alchemists, and behind it is supported by a mainland's top power such as the Dan Pavilion headquarters.

But in fact, the Pill Pavilion of the Dawei Dynasty has never participated in the struggle of the major forces, and in the pill market, it has been firmly suppressed by the Leng family.

It can be said that the first alchemy power of the Dawei Dynasty is the Leng family, not the alchemy.

What's more, the city's security department also represented the official of the Dawei Dynasty, so how could Guan Wei conquer Dange? "Okay, okay, I understand it now. It seems that your Excellency has to intervene in the implementation of the iron law of the dynasty by the city guard department. In this case, I will personally report this matter and ask the royal family to write to the North Tianyu Dan Pavilion. See if it's just your alchemist who is making trouble and killing people indiscriminately.

You can avoid punishment, get away with it, and be fearless! "

Guan Wei said coldly.

Xu Bo's face changed slightly.

After all, his behavior of forcibly leaving Qin Chen in such a way didn't make sense.

It's just that Xu Bo is willing to go out for the sake of the pavilion master and for himself, even if he is punished by the superior Dange, he must protect Qin Chen today.

"Elder Xu Bo, don't have to make such a stalemate."

At this moment, Qin Chen suddenly walked out.

"Elder Xu Bo's kindness is accepted by heart, Dan Pavilion, as an external force, naturally cannot arbitrarily interfere with local forces and violate local rules. This is also the purpose of Dan Pavilion. As a pharmacist, how can I do it? What made Dange embarrassed and made Elder Xu Bo violate the rules?"

Qin Chen said to Elder Xu Bo.

"Little dust, you are..." Xu Bo was taken aback. Qin Chen smiled and said, "Although I am the alchemist of the Pill Pavilion, I am in the Dawei Dynasty, so I naturally have to accept the laws of the Dawei Dynasty. Moreover, the Feng family is a legitimate defense. The department only brought Ben Shao to investigate. As long as the truth is found out, he will naturally let him go.

Dao said, the City Health Department still dare to put some unwarranted charges on this young man? Ben Shao is the alchemist of the Pill Pavilion, the City Guard Department doesn't have the courage yet, right? Therefore, there is no need to antagonize Dange and the City Guard, Elder Xu Bo, are you right? "

Qin Chen knew very well that if Dan Pavilion had to be involved at this time, then he would be passive.

After all, openly confronting the City Guard, Dan Pavilion does not make sense.

Moreover, since the city guards have all come forward, if he refuses to go with the city guards, that would be a blatant resistance to the law and will inevitably cause even greater disputes.

Originally Zhan Li has become rude.

"As for the other people on this youngest side, they are all innocent. At the beginning, this young man killed the ancestors of the Feng family and the Patriarch and others. The other people did not even do anything. The City Guard Department wanted to take them away. A bit too much." Qin Chen said coldly.

At this time, Xu Bo also understood Qin Chen's intentions.

Thinking that Qin Chen was still considering Dange at this time, he couldn't help being moved.

"Well, since your Excellency is willing to follow us, that's great."

Guan Wei didn't expect that Qin Chen would take the initiative to go with them. He was taken aback for a moment, and immediately waved to let people come to **** Qin Chen.

"No hurry, let me explain."

Qin Chen waved his hand, and then went to Elder Xu Bo: "Elder Xu Bo, the matter of the Feng family, this young man is innocent, you must know that, but to prevent some people from playing tricks, I have three letters here that you need to pass on. a bit."

"Three letters?"

Xu Bo was taken aback, and then took it.

"One of them, I asked Elder Xu Bo to pass it to the lord of the Dan Pavilion Zhuo Qingfeng, the remaining two, one to the president of the Imperial City Bloodline Holy Land, and the other to help me deliver it to the Imperial City Artifact Hall. The lord of the Hall of Equipment, there are names on it, please don't forget Elder Xu Bo," Qin Chen said solemnly.

[Chapter 729: Leng Jia is angry](#)

Xu Bo lowered his head and saw that the three letters had different forces.

However, if he writes to Pavilion Master Zhuo Qingfeng, he can still understand, what is the reason for writing to Bloodline Holy Land and Artifact Hall?

Does Chen Shao still have something to do with the Sanctuary of Bloodline?

"Don't worry about the dust, I will send these three letters to them as quickly as possible."

Qin Chen nodded.

Originally, he was going to send it in person, but he didn't expect that there was not enough time. In this case, he could only hand it over to Xu Bo. After all, with Xiao Ya and the others, it is not easy to see the president of the Holy Land of Blood thing.

"If Elder Xu Bo doesn't understand the reason, you can bring Xiao Ya and the others when sending the letter. Maybe it will be more effective."

Qin Chen said again.

Compared to knowing him, Xiao Ya and the black slaves knew better, and they would be more helpful if they brought it together.

After doing all this, Qin Chen immediately came to Guan Wei and said lightly: "The captain, we can go now!"

"Okay, got it."

Guan Wei let out a cold drink, and Qin Chen was immediately **** by the city guards.

"There are also these few guys, also take away." Guan Wei waved his hand, and then took the black slaves away. "Presumptuous." Xu Bo's face sank, he immediately stood in front of a few people, and said angrily: "The words of Chen Shao, you have just heard, this matter only concerns him, now Shao Chen is willing to go with you, you What else? If I want to take other people away, I, Xu Bo, will have to fight with you today

No trouble. "

In the anger, a terrifying aura spewed out in an instant, and suddenly several city guards couldn't bear it, and they retreated.

"Captain!" Several people looked towards Guan Wei.

Guan Wei's face was gloomy, staring at Xu Bo for a long time, and finally he waved his hand, gritted his teeth and said, "Let's go."

He knew that if he stayed in a stalemate, Xu Bo was likely to really do it. Anyway, he had already held Qin Chen, at least the deputy commander had already explained it, and the rest of the matter should be left to the deputy commander for headaches.

Immediately, a group of city guards, led by Guan Wei, left quickly. "City Defense Department, the old man took it down, and you have all remembered it to me, Shao Chen is the alchemist of my Dan Pavilion. This matter, my Dan Pavilion will definitely investigate carefully. If Shao Chen is found He is innocent, but he was wronged by the City Health Department. My Dange will never give up, even if it's the Chief Dange.

The ministry, I tried to withdraw from here, and I also asked you to ask for an explanation from the imperial family of the Dawei Dynasty. This is what I said by Xu Bo. Please tell you the leader of the city guard department. Don't say it unexpectedly. "

Xu Bo's icy voice came into the ears of the departing Guan Wei and the others, making Guan Wei and the others gloomy.

"Master, what shall we do now?" When Guan Wei and others left, Xiao Ya looked nervously at Xu Bo.

"It's okay, don't worry, as long as Shao Chen is innocent, my Dange will definitely rescue him, you guys, come back to Dange with me first."

Xu Bo looked cold and stern, and quickly returned to Dan Pavilion with the black slaves and others.

In a luxurious mansion in the imperial city.

The owner of the Leng family, Leng Feifan, is sitting in the study, watching the account records of the family's shops this month.

At this moment, there was a knock on the door.

"Come in!"

A deep voice sounded, the door opened, and coldly walked in from outside.

"Patriarch, the City Guard Department has been dispatched, and Qin Chen has been taken back by the people from the City Guard Department." Leng Ming knelt on one knee and said respectfully.

"Hmph, let me just say that a few ants from the Five Nations dared to run wild in the imperial city without seeing what place it was." Leng Feihua sneered.

"But..." Leng Ming showed an ugly look on his face and said depressed: "Except for Qin Chen, the other disciples of the Five Kingdoms were not taken away by the city guards."

"what?"

Leng Feihua's expression changed, and he stood up suddenly, a cold light suddenly shot into his eyes, and he said in a deep voice: "What's the matter? How could the people of the city guard only take Qin Chen, but not the people of the other five countries? "

Among the disciples of the Five Kingdoms, Qin Chen was the champion of the ancient southern capital, and his role was naturally the most important, but there were also three other disciples who broke into

the top twelve and obtained the ancient southern capital inheritance, which should not be underestimated, and the value is amazing.

"It was Elder Xu Bo of Dan Pavilion who came forward and blocked the city guards."

"Xu Bo from Pill Pavilion?" Leng Feifan was surprised and frowned, "Then Xu Bo, wasn't Jin Yuan poisoned? I heard that he would die in a few days, so how could he come forward?"

The cooperation between Leng Family and Dange Jinyuan elder, he, the Leng Family Patriarch, naturally knew that even that day the cicadas turned into bones, he asked the Poison Master of Leng Family to get it out. "This..." Leng Ming showed embarrassment on his face, and said cautiously: "The disciple also heard a piece of news. Today in Dan Pavilion, Xu Bo guaranteed that Qin Chen of the Five Kingdoms would run into a difficult stone wall, and he shocked the Dan Pavilion master. Zhuo Qingfeng, under Zhuo Qingfeng's anger, let Jin Yuan preside over the overall situation and prepare to severely punish that

Xu Bo, but for some reason, after the assessment, Zhuo Qingfeng's attitude towards Qin Chen changed drastically. He even called him a master, and for this he also injured the elder Jin Yuan and even promoted Xu Bo to the deputy head of the Dan Pavilion. , Now this news has spread in Dan Pavilion. "

"What, Xu Bo was promoted to the deputy chief of Dan Pavilion?"

Leng Feifan's face suddenly changed.

During this period of time, he has been planning a plan to control Dan Pavilion with Elder Jin Yuan. Once the plan is successful, more than 90% of the business of the entire Dawei Dynasty will be secretly controlled under his Leng family. Unexpectedly, seeing the plan just To succeed, such a thing happened unexpectedly.

"What about Elder Jin Yuan?" Leng Feihua asked hurriedly.

"After Elder Jin Yuan was injured by Zhuo Qingfeng, the lord of the Dan Pavilion, he was directly taken into the Dan Pavilion Law Enforcement Hall. Our people have not penetrated into the Law Enforcement Hall. There is no news yet." Leng Ming's expression is also very ugly.

"How could this be?"

Sitting on the chair, Leng Feifan's face was extremely ugly.

When Elder Jin Yuan stepped off the stage, the things that his Leng family had originally planned would probably be ruined.

This was a big blow to the Leng family. "Damn, I didn't expect this kid to be able to get involved with Dange. I really didn't expect it." Leng Feihua's face became more gloomy: "Na Dange, too presumptuous, I really thought he was in the Dawei Dynasty. How influential is it? In front of my Leng Family, Dawei Dynasty Pill Pavilion is even

No fart, dare to mess with me. "

Leng Feihua was angry.

The Leng family, who controlled more than 70% of the pill market in the Dawei Dynasty, did not pay attention to the pill pavilion at all. Now that he heard that Pill Pavilion dared to protect the disciples of the five countries, Leng Feihua immediately became angry.

"Patriarch, what shall we do now?"

"What to do?" Leng Feifan snorted coldly: "Pill Pavilion is looking for death on his own. No wonder my Leng family. Since Dan Pavilion dared to oppose my Leng family, then my Leng family will let them even the last two. The market also spit out."

"However, since Dange has intervened, the City Guard Department may be under a lot of pressure. The deputy commander of Geng Deyuan alone may not be able to suppress it. I am afraid that I must borrow the power of the three princes." Leng Feihua narrowed his eyes. , Eyes cold.

[Chapter 730: Three princes](#)

The third prince?

Leng Ming's eyes condensed, and he said solemnly: "Patriarch, do you mean to let the three princes intervene in this matter?" "Yes." Leng Feihua nodded, "Geng Deyuan, after all, is just a deputy commander of the City Guard, even though he is still in peace. I have a good relationship with the Leng family, but it would be unrealistic to let him completely confront Dan Ge. However, if the three princes are used to put some pressure on the city guard, Geng Deyuan and the others will do something.

I am afraid it is even bolder. "

"Can the three princes agree?" Leng Feifei smiled coldly: "The three princes are ambitious and want to build the Dawei Dynasty into the strongest dynasty in a hundred dynasties, but now the Dawei Dynasty royal family, several princes They are highly appreciated by His Majesty. Although the three princes have the initiative, they have no absolute advantage. Therefore, the current three

The prince, I desperately need the support of my Leng family and other forces. "

"What's more, the three princes were very disdainful of the untouchables of the five kingdoms. How could they be allowed to do things in the imperial city, so as long as my Leng family comes forward, the three princes will definitely not fail to agree." "Moreover, the three princes are ambitious. , I am also extremely interested in the inheritance of the ancient southern capitals of Qin Chen and the others. Moreover, among the disciples of the five countries, there are a few beauties with good looks. The three princes like this one, but because of their status, they are afraid to provoke Trouble, I dare not do it myself.

It was I who promised him that once things are done, I will dedicate these beauties to the third prince as a confinement. I don't believe that the third prince will be unmoved. "

A cold smile appeared on Leng Feifan's face.

"Patriarch wise!" Leng Ming's face also showed excitement. If the three princes intervene, let alone Dan Pavilion, even the strong pressure, the City Guards Department can withstand.

"Don't just be flattering, contact me the third prince immediately, the old man needs to see the third prince as soon as possible."

"Yes, Patriarch, I will make arrangements right away."

Leng Ming retreated excitedly.

An hour later, the residence of the Three Princes of the Dawei Dynasty.

"The lord of the Leng family is so Yaxing, I have time to come here today? Shouldn't I be busy with the Feng family being destroyed?" In the luxurious courtyard, the third prince Liu Yuanxin held a tea cup with a smile on his face.

The third prince Liu Yuanxin was the top one among the princes of the Dawei Dynasty, and one of the most popular candidates for the next dynasty emperor.

This son has a handsome face, a handsome manner, and a breath, but he is extremely restrained, which makes the city extremely deep.

Facing people, there is a sense of awe.

Leng Feihua was taken aback, and smiled: "His Royal Highness the Three Princes is really so Yaxing. He actually knows so much about my Leng Family."

"Haha, how can this hall not hear about such a major event?" The third prince smiled faintly: "I heard that the one who destroyed the Feng family was a disciple of the Five Kingdoms, the Leng family master, this kind of thing can happen, your Leng family's reputation, I am afraid it will be a big blow." "His Royal Highness joked, disciples from five countries, how can I enter the eyes of my Leng family, it is just my Leng family's carelessness, let the treacherous villain take advantage of the time." Said: "But since His Royal Highness the Three Emperors knows about this, in fact, the old man came here this time precisely for this matter. I hope the Three Emperors

Zi Neng can help my Leng Family in this matter. "

"Oh? I need help from the main hall, just listen to it?" Third Prince Liu Yuanxin said with a smile. "The disciple of the Five Kingdoms of Mie Feng's family, named Qin Chen, is the most outstanding genius among the five countries, and the champion of the assessment of the ancient southern capital. This son's behavior is extremely arrogant, and I dare to be so arrogant when I first came to the imperial city of the Dawei Dynasty. I wiped out the family at every turn, showing that I did not pay attention to my Dawei Dynasty

Here, it must be that His Royal Highness the Three Princes is also extremely unpleasant. Leng Feifan said solemnly.

"The untouchables of the five countries are indeed arrogant."

The third prince Liu Yuanxin shot a cold light in his eyes.

The idea of governing the country that he advocates is that the superior governs the country, and the superior controls the lifeline of the entire dynasty and enjoys prosperity and wealth. As for some lowly people, let alone enjoy the blessings, they should not even have the qualifications to enjoy basic medical care and education.

Can only become a slave and work for the superior.

Moreover, Liu Yuanxin, the third prince, was born in the royal family and valued the so-called blood line extremely. This was also the reason why You Qianxue and the others wanted to join the Emperor Star Academy, but he rejected it. In his opinion, You Qianxue and others from the five countries, with low status and dirty blood, can they become official students of Emperor Star Academy, the top academy in the Imperial City? People like this, only worthy to be him

We control slaves.

Now that Qin Chen dared to destroy the Feng family, the third prince Liu Yuanxin was naturally extremely angry.

This is in huge conflict with his idea of governing the country.

Even Liu Yuanxin, the third prince, once put forward a claim that the slums in the western city of the imperial city should be filthy and dirty, and should not exist in the imperial city. The entire slum should be completely wiped out, and all the lowly poor should be destroyed. Obliterate.

It was only this proposal that was refuted by the five princes and others before it finally failed.

But if the three princes are in power, this slum will be wiped out sooner or later, and the people in it will probably be massacred by them.

Seeing the indignant eyes of the three princes, Leng Feihua suddenly smiled. "His Royal Highness, I heard that the untouchable Qin Chen has been arrested by the people of the City Guard Office for breaking the rules of the imperial city. Originally, the people of the City Guard Office wanted to arrest the untouchables of the other five countries. It's a pity. Dan Pavilion came forward and prevented the City Guard's behavior.

The law dare to provoke, it is too arrogant. The old man came this time because he was afraid that the Dange would impose it. The people in the city guard department would not dare to be too presumptuous. Then, let the untouchables go safely, wouldn't it be against my dynasty law? Law, is it a big trampling? "

The third prince took a light look at Leng Feihua: "The main hall of Patriarch Leng naturally understands what the main hall means, but what good is there for the main hall to come forward?"

Leng Feihua laughed: "His Royal Highness is really quick to talk. As long as His Royal Highness can let the City Guard Department, withstand the pressure of the Dan Pavilion, take down all the people from the five countries, the old man can guarantee that as long as his Highness needs it in the future, the old man will do his best. To serve His Royal Highness."

"Furthermore, the ancient south is inherited. Although it is located in the five countries, it is almost within the territory of my Dawei Dynasty. It should have been the property of my Dawei Dynasty. How can it allow some untouchables to gain it. This ancient heritage should be Return to my majestic royal family, such as the hands of His Royal Highness."

"And..." Leng Feihua smiled mysteriously: "Among those five countries, it is said that there are a few women with good looks. Your Royal Highness doesn't want to see how 'cheap' these so-called untouchables are?"

The third prince Liu Yuanxin was taken aback for a moment, then a playful smile was drawn from the corner of his mouth. "The meaning of Patriarch Leng, this hall understands, the disciples of the five countries dared to go wild in my Dawei dynasty. It is indeed too much and should be severely punished. Moreover, the City Guards Department is the guard institution of my Dawei dynasty. , Patriarch Leng, don't worry, I will order the following

People, pay close attention to the case handling of the City Health Department, absolutely must be fair and just. "The third prince said sharply.
