[Chapter 751: Give me an explanation](#)

Qi Heng could only accompany a smiling face: "Brother Yelu, the friendship between you and me is not a year or two. What is it that makes you so angry? You want Ding Qige to break off from me. The cooperation of the Ministry of Industry of the Dawei Dynasty, this matter, the impact is too great, my brother is terrified in my heart, you

I don't know. Your Majesty also knows about this, and he is very concerned about it. Your Majesty has always been very concerned about your tool hall. Why on earth did you want to do this? This is putting me on the shelf to bake my brother! "

"Why? You still have the face to say!" Yelu Hongtao coldly snorted: "Your Majesty also cares about our palace, I think it is very disdainful?"

"Looking at what you said, how can it be, your device hall, what a terrible force that is, my brother, I have no ability, otherwise, but how can I go to the Ministry of Engineering, I am afraid that I will stay in the device hall and continue to serve at that time, you are I don't know, every time I think of my brother, I envy him very much."

Qi Heng smiled flatteringly, but his heart was hot. He was the head of the engineering department, when did he flatter like this?

Especially in front of old friends for many years, this face was so disgraced. "Envy, what's so envious, my palace, I said that it is the top power in the mainland, but in your powerful dynasty, it is not good at all. Anyone who dares to slap us in the face, not at all I look at the temple, I see my temple, continue to stay in this powerful dynasty

It's not interesting anymore, it's better to move out. "

"Brother, what do you say, if you leave, my brother, who I will call for advice in the future, my Dawei Dynasty, the loss is too great."

Qi Heng was so scared that his soul was gone, and the bloodline holy place was about to go, how could this artifact hall be moved away? No, this is absolutely impossible.

"By the way, what's the matter with the slap you just mentioned? You are a master whom your majesty admires very much. Which of my Dawei dynasties dares to slap your old man in the face? Isn't there any misunderstanding here?" Qi Heng Said hurriedly. "Misunderstanding, hehe." Yelu Hongtao sneered and said angrily: "I don't see any misunderstandings. You are capable of the mighty dynasty, a small city guard office, in charge of public security, lawless, rampant and unscrupulous. In the eyes, you can catch whoever you want, and you can judge the case whatever you want

How to judge, it is worthy of the city guard, in charge of the dynasty law, very powerful. "

What Qi Heng listened to was a cold sweat, and all this Yelu Hongtao made a lot of complaints, but it was actually cynicism.

What does this indicate?

It shows that the other party is very angry!

But Qi Heng also understood that the cause of this incident seemed to be related to the City Guard. "Brother Yelu, don't just bluff around. It's impossible to say that the city security department dares to offend your weapon hall, isn't it? I also know Director Liu, a good old man, how can I offend your weapon hall? Sensible, bumped into my brother? You tell me that when I go back, my brother, I will do it for you

Figure it out. "Understand?" I think it's better to leave. Your city security department is too prestigious. I'm afraid they know that I'm Yelü Hongtao dare to trouble them. Even the old man, I'll take it in. I think it's better to just move away from the palace. At that time, I was caught in a black jail, regardless of black and white, and killed directly

Inside, it's not necessarily. "Yelü Hongtao waved his hands again and again.

Qi Heng probably figured it out a little bit. It seemed that it was a person from the City Guards Department and a person who grabbed the Qidian. Some misunderstandings arose in it. "Brother Yelu, you are like this. It is my brother Taigeying. You don't know. Since learning about your palace, your majesty has been very concerned. I have to make it clear, brother. You don't I'm embarrassed, brother, what the **** is it, is the person in your palace arrested by the city guard, or the city guard has done some unjust, false and wrong case? Brother, you can tell me clearly if it is the wrong person Brother, you send someone to me and follow me directly to the city security department to find a way to get the people out. It's okay for your brother to be angry with me, but you must not let the people in your palace suffer, you say

is not it? "

Qi Heng is very hard-hearted and talks badly.

"Send someone to the city security department to find people? Brother Qi, I don't dare." Yelu Hongtao waved his hand again and again. "The old man sent someone over and was almost caught by someone from the city security office. Xia was directly arrested by the City Guard Office on a charge and beheaded!"

Yelu Hongtao sneered and sneered, let Qi Heng understand that this time, I am afraid that the Lord Yelu is out of real fire.

Only after listening so much, Qi Heng also understood. It seemed that it was indeed someone from the Hall of Arms, who was arrested by the City Guard, and Yelu Hongtao sent someone to rescue him, but he was almost arrested and angered the other party. .

After understanding it, Qi Heng let go of his heart, knowing that he had figured out the cause of the matter, and there was a solution.

"Brother Yelu, who is it that makes you so angry? Tell me, brother, I will definitely give you an explanation." Qi Heng said loudly, patting his chest. "Brother Qi, I didn't want to talk about this at first, but because of the many years of friendship between you and me, I told you that a friend of my old man was arrested by someone from your Dynasty City Guard , Originally the old man didn't take it seriously, just send someone to figure out the situation, but who knows,

The deputy Geng of the City Guards Department was very prestigious. He didn't talk about evidence when handling the case. He insisted on turning my friend's legitimate defense into an illegal murder. The old lady sent someone to figure out the situation. But Geng Deyuan, not only didn't even see anyone. He even directly beat out the old man's men. "

"It's also said that the city's city health department handles the case, no one can come, and they don't put the old man in their eyes."

"Oh!" Speaking of this, Yelu Hongtao couldn't help sighing: "Think of me, Yelu Hongtao, the head of the hall, a small deputy commander of the city guard, dare to be so arrogant, not to look at the old man at all. Here, what does it mean for the old man to stay in this powerful dynasty?"

"Geng Deyuan, deputy commander of the City Health Department, is there such a thing?"

"Snapped!"

With a slap on the table, Qi Heng stood up suddenly, angrily.

This is not pretending, but really resentful.

He understands that Yelu Hongtao is not a big talker, and what he said must be facts.

No wonder Qidian is so angry.

The host of the hall, the friend was arrested, and he sent someone to the city security department to find out what happened. He was beaten directly by a deputy commander. He didn't give any face. Who wouldn't be angry? "Brother Yelu, I have figured it out. Don't worry. Your majesty is paying attention to this matter. Now, my brother, I'll make things clear when I go back. I promise, my brother, as long as things are true, this person will never There will be good fruits, my Ministry of Engineering will also give you a satisfactory explanation

."

Having said this, Qi Heng stood up directly, turned and left the instrument hall.

Now that he has figured out the ins and outs of the matter, what he wants to do now is to verify it as soon as possible, and then release Yelu Hongtao's friend as soon as possible, and this will have a slight turn for the better. Otherwise, with Yelu Hongtao's temperament, if he really wants to continue to develop, even his majesty's face will not even work.

[Chapter 752: Master Qin](#)

When Qi Heng understood the situation, he began to investigate.

Huang Huan, the old **** next to Liu Xuanrui, was finally sent by Liu Xuanrui to the Holy Land of Blood.

Unexpectedly, his treatment was worse than Ferren.

After learning about Huang Huan's coming, Huang Huan didn't even say that he saw Nangong leaving. He couldn't even enter the gate of the Holy Land of Blood, so he was driven out by the manager of Chen Xiang. Then he left a sentence directly: "Since the Dawei Dynasty does not put their blood sacred place in its eyes at all, then don't say anything, their blood sacred place has been moved, but even if it is

moved, Master Qin If there is a hair missing, his bloodline holy land must be inextricably linked to the Dawei Dynasty

!"

"Master Qin?" Huang Huan rarely talks about major events outside the palace, so he doesn't know that Qin Chen destroyed the Feng family.

Even if I heard about it, I wouldn't connect Master Qin that Chen Xiang said to a teenager from the Five Nations.

However, Huang Huaneng served as the chief of the Dawei dynasty's chief of ceremonies, and his thinking was extremely keen, and he immediately understood that the matter should be the so-called Master Qin.

"Master Qin? Is there another bloodline master in the dynasty? As a result, I encountered unfair treatment here? Aroused the anger of the bloodline sage earthquake?"

Huang Huan was shocked.

Although he didn't know who Chen Xiang called Master Qin, since Chen Xiang could be called Master, and made Nangongli so angry, even speaking to move the blood sacred place out of the Dawei Dynasty, then this master, extremely It may be a person of very high status.

Even more, the status is higher than Nangong Li.

Otherwise, how could Nangongli chairman be so angry, willing to tear his face with Dawei Dynasty?

When Huang Huan thought about this, he was a little anxious.

Not only was the blood sacred place to be moved, but also because the Dawei Dynasty offended such a powerful master, and I was shocked.

"No, I must report this matter to your Majesty as soon as possible."

Regardless of being treated so humiliatedly in the Holy Land of Blood, Huang Huan hurried to the palace in three steps and two steps and went to report to Liu Xuanrui.

Dan Court.

"My Lord Pavilion, Master Fei has been waiting in the reception room for more than half an hour, isn't it..."

In Zhuo Qingfeng's office, Xu Bo came in to report.

"He's still waiting?"

Zhuo Qingfeng frowned: "No matter, you can bring him here."

"Yes!"

Xu Bo left in a hurry.

In the reception room.

The tea in front of Fei Leng was already cold.

But his heart is even colder than this tea.

He didn't believe that, the news of his arrival, Pavilion Master Zhuo Qingfeng would not know.

But now more than half an hour has passed, and Pavilion Master Zhuo Qingfeng has not met him. What does this mean?

It means that the anger in the other party's heart is bigger than I thought.

Although Zhuo Qingfeng is noble, but Fei Leng is also the chief of the palace alchemist, backed by the royal family, when was he so neglected?

In normal times, he had already turned his head and left, but now, even if he felt aggrieved in his heart, he had to endure it.

After all, your Majesty's task was given. If he left without completing it, he would have no face to return to the palace. Being depressed and aggrieved, there was a sound of footsteps, and Elder Xu Bo finally showed up again: "Master Fei, you have been waiting for a long time. My patron has been busy before, so there has been no time. Now things come to an end. I heard that Master Fei is still waiting here.

We scolded those who were subordinates. Please, please! "

"Where is Elder Xu Bo, Zhuo Qingfeng Pavilion has everything to do with everything. The old man waits here for a while. That should be the case. It's too polite."

Fei Leng hurriedly stood up. Hearing that Zhuo Qingfeng was finally willing to see himself, no matter where he was wronged, he almost jumped with excitement.

As long as Zhuo Qingfeng is willing to see himself, there is hope for things.

"Master Fei, the people below are ignorant and negligent."

In the office, when Zhuo Qingfeng saw Fei Leng come in, he even spoke.

The tone is polite, there is no target, but there is no enthusiasm.

"In any case, Pavilion Master Zhuo is busy with your business, and the old man took the liberty to come over and disturb him. The old man was abrupt." Fei Leng put a low posture.

"Hehe, I won't say much about being polite. I don't know if Master Fei has any instructions on this trip?"

As soon as Fei Leng sat down and poured the hot tea, Zhuo Qingfeng said directly.

"Pavilion Master Zhuo, coming this time, there is indeed something important, the old man dare to ask, is it because I, Fei, has something to offend Dan Pavilion?"

"Offend? Where's the word here?" Zhuo Qingfeng smiled: "Master Fei was also from my Dange family. The old man and Master Fei have also had friendship for many years. I also admire Master Fei and the old man."

"But why did Dan Ge suddenly cut off the pill transaction with my palace alchemist today, and the previous part of the bill, which must be paid off by tomorrow? This is really..." Fei Leng hurriedly said.

Hearing what Fei Leng said about this matter, Zhuo Qingfeng's face suddenly turned ugly: "If Master Fei came for this matter, then I forgive the old man for offending, Xu Bo, see him off."

Seeing Zhuo Qingfeng suddenly turned his face, Fei Leng understood that something must have offended Pill Pavilion.

"Wait, Pavilion Master Zhuo, you know how Fei is. You can tell me if I have offended Dan Pavilion somewhere. If yes, Fei is willing to blame Jing for the crime. Pavilion Master Zhuo is like this. Fei is really like an ant on a hot pot, so worried."

"This matter has nothing to do with Master Fei, it is purely a matter of the Dawei Dynasty. If Master Fei asks about this, the old man is helpless!" Zhuo Qingfeng's tone was firm.

"It has nothing to do with Fei, it is a matter of the Dawei Dynasty?" Fei Leng immediately breathed a sigh of relief, as long as it wasn't something from his palace alchemist, that's fine. "However, what is it that makes Pavilion Master Zhuo so angry? Pavilion Master Zhuo, you said before. Fei also came from Dan Pavilion and has a deep affection for Dan Pavilion. If Dan Pavilion is aggrieved by anything, just go with the old man. Said that the old man was once a member of Dange anyhow, how could Dange be aggrieved at all?"

? What's more, your Majesty has already learned about this matter. He has always respected and admired Pavilion Master Zhuo, so that his subordinates must figure out the cause. "

Fei Leng was filled with righteous indignation and said loudly.

"Master Fei really wants to figure it out?" Zhuo Qingfeng asked lightly.

"Naturally." Fei Leng couldn't figure out the ins and outs today, why would he leave willingly? "Well, since Master Fei asked, Zhuo will not sell Guanzi. Master Fei said just now that the Dawei Dynasty respected Zhuo, but Zhuo found that this is not the case." Zhuo Qingfeng snorted coldly: "Zhuo has a friend who came to the imperial city for the first time, but he was threatened by the imperial family and by many people

Fortunately, Zhuo's friend was so talented that he was saved from death during the siege. However, under proper defense, he accidentally killed the family members. "This is a good thing. It was originally a matter of legitimate defense. Your Dawei Dynasty City Guards Department kept Zhuo Mou's friend in the black jail without asking. Zhuo asked his subordinates to take Zhuo's pavilion master token to claim someone. Not only did the other party not save face, but he also humiliated my Dan pavilion severely. He said that the city security department handled the case and was in charge of the dynasty law. , My Dange is not qualified to ask. What is even more annoying is that he directly threw the old man's pavilion token on the ground, wantonly insulting. "

[Chapter 753: Grabbed one piece](#)

Zhuo Qingfeng said more and more angry: "I would like to ask, is this how your city health department handles the case? Let's not say that my friend is not wrong at all, just a legitimate defense, is it the old

man, the patron of the pavilion, even asking What about my friend's case? Even the pavilion master token was smashed to the ground

on. "

"Master Fei just said that your majesty admires and respects my Dange very much. Is that how he respects me?" "The old man has figured it out. In this Dawei Dynasty, no one knows Dange seriously. A small city guard office dared to insult my Dange like this, and didn't even put the old man, the Dange owner, in his eyes, so what face does the old man have to stay in the Dawei Dynasty? This deal, do it.

What's the point of going? "

What Zhuo Qingfeng said was extremely angry.

"what?"

Hearing this, Fei Leng was completely stunned: "Is there such a thing?" Xu Bo sniffed from the side: "Master Fei, is it possible that Pavilion Master Zhuo would just wrong the City Guard for no reason? The deputy commander of the City Health Department not only insulted our Dan Pavilion, but also broke the pavilion master token of the Lord Pavilion Lord. Tell me, what can we do in Dan Pavilion in such a thing ? "

Fei Leng was so startled that all cold sweat came out.

Who is this city guard, who would even dare to throw the token of the Dange Pavilion Master?

Being shocked, he saw Zhuo Qingfeng lift it up, a token had fallen on the table in front of him.

"Master Fei, see for yourself."

Fei Leng hurriedly looked and saw a token placed on the table, but there were some scratches on the edge of the token. Although subtle, with Fei Leng's eyesight, he could see clearly and clearly. in vain.

"How dare the City Guard do this?"

Fei Leng himself was almost frightened.

Who is so courageous? Even if you dare to throw away the token of Dan Pavilion Pavilion Master, are you tired of it?

No wonder Dan Ge was so angry, this kind of thing happened to him, maybe even more angry.

Pavilion Master token, this is issued by Your Excellency Beitianyu Dan, what does it represent? Is it the identity of the pavilion master, the dignity of the alchemist?

Even if it is the Northern Heaven Territory's superior Dan Pavilion to issue tokens, you must be careful and solemn, because the pavilion master token represents the face of the alchemist.

But now, he was so ruined.

Can this be tolerated?

I'm afraid I can't bear to change to be any pharmacist. Frightened in his heart, Fei Leng hurriedly handed over: "Pavilion Master Zhuo, please calm down. The old man has already understood this matter. There should be some misunderstanding in this matter, but you can rest assured that Fei is also a pharmacist. Knowing the preciousness of the pavilion master token, it is more than the life of any alchemist himself

There are also precious things. If this matter is true, Fei promises that he will give an explanation to Pavilion Master Zhuo and Dan Pavilion. "

Despite the anger in his heart, Fei Leng still couldn't believe it.

"Moreover, since this incident was caused by the City Guard, Dan Pavilion can't cast anger on our palace alchemists and the royal family. We are all innocent."

What Fei Leng said was pitiful.

"Poor?" Xu Bo sneered, "Master Fei wouldn't think that a deputy commander would dare to do this? The deputy commander did this because he obeyed some people's orders."

"What do you mean?" Fei Leng was taken aback. "What do you mean?" Xu Bo sneered: "I have heard that the deputy commander dared to be so arrogant because of his deep background and walking very close to the rich family Lengjia in the imperial city. More importantly, this piece of his It's got the favor of the three princes. With such a backing, I don't put my Dange in

In my eyes, that is normal too! "

"The Third Prince?"

Fei Leng was surprised, how did this matter involve the third prince again?

He looked solemn.

If it only involves the City Guard, then he will directly report to your Majesty, who dare to deal with, and deal with it directly, without any pressure at all.

But the three princes were involved, and Fei Cooling didn't dare to leave at will.

Must figure it out.

"Elder Xu Bo, is there any misunderstanding in this, how can the third prince get involved with a deputy commander of the city guard?"

"misunderstanding?"

Xu Bo sneered, and dared to prepare to say something, when he heard a loud noise from Your Excellency Dan.

what happened?

Zhuo Qingfeng and others in the office frowned. As soon as they were about to go out to figure out the situation, they saw Xiao Ya rushing over.

"Pavilion Master, Master, it's okay, the ancient leader of the City Guards Department led a large group of city guards to our Dan Pavilion to take Qianxue and the others away. Now they are deadlocked in the hall."

Xiao Ya looked panicked and anxious.

"what?"

"There is such a thing!"

Zhuo Qingfeng and Xu Boran changed their colors, ignoring Fei Leng, and hurriedly ran into the hall.

Only Fei Leng who was stunned was left aside.

The city security department comes to Dange to take people? Is he dreaming?

Recovered, Zhuo Qingfeng and others had already left here, and immediately ran out in a hurry.

Dan Pavilion Hall.

The two teams were looking at each other angrily at this time, the smell of gunpowder between each other was extremely strong.

The original customers in the lobby have been driven aside, and many counters selling pills have also been smashed to the ground. Some pills have rolled around and looked extremely messy.

Of the two teams, one team was the city guard led by the Gu commander, and the other pair was the Dange guard led by Li Feng. Looking at the guards of the Dan Pavilion in front of him coldly, Gu Commander, with indifference on his face, said coldly: "Captain Li, we have no intention of coming to the Dan Pavilion to make trouble today. This is in your Dan Pavilion that hides our city guard. If you want to apprehend the important offender, please ask Captain Li to get out of the way immediately and let the people from the city's security department go in and get people.

, Don't cause unnecessary trouble for your Dange. "

"Kuching, this is my alchemy pavilion, here are all my alchemists and customers of alchemy pavilion. If you don't have the main offender, leave me immediately." Li Feng said with a group of alchemy guards, angrily. "Captain Li Feng, don't toast or eat fine wine. Don't think that this is a pill pavilion. We dare not do it. You should know who we are going to capture. Those five crimes are in your pill. In the pavilion, if you don't hand it over again, believe it or not, the people from our city's security department even your Dan pavilion

Grab together. "Geng Deyuan said with a grinning smile beside Gu Commander.

Originally, Geng Deyuan was looking for Gu commander to dismiss Tian Dan as the captain.

Hearing that Geng Deyuan and the third prince took over, the leader of Gu was surprised.

He has been in the post of the head of the City Guards Department for seven or eight years.

Although faintly being the first of the three leaders, he has never been able to rise because of no backing.

Seeing that he is almost here, if he can't get one step closer in his official career in the past two years, then it is very likely that he can only work in this orthodox position for a lifetime.

This made the Gu Commander, who was climbing up with all his heart, feel aggrieved.

Now that he heard that his subordinate Geng Deyuan was close to the three princes, he was immediately surprised.

As long as you can rely on the big tree of the third prince, let alone in the city guard office in the future, it will not be difficult to enter the court directly in the future.

So excited, when he was about to go out in person to dismiss Tian Dan, he just received a new order from the Leng family and the third prince to go to Dange to get people.

Normally, let Gu Commander go to Dange to get people, it would not do him if he was killed.

However, after discovering that it was the order of the third prince, it was like a chicken blood. In order to behave in front of the third prince, the ancient commander did not say a word, and directly brought a large number of cronies with Geng Deyuan and killed the Dan Pavilion. Take people forcibly.

This was the scene mentioned above. "Li Feng, give you a quarter of an hour to bring out the key criminals of the Five Nations immediately, and the old man will leave immediately. Otherwise, I will not blame the old man for not showing affection. Even your Dange people are taken away together." Seeing that there are more and more customers gathered around, Commander Gu didn't want to make things too much, so he coldly hummed.

[Chapter 754: Didn't you hear](#)

At this time, there were more and more pharmacists gathered in the hall. Almost all the pharmacists in the alchemy pavilion today were attracted to the hall by the sound.

Seeing the scene in front of them, one by one was trembling and angry.

Especially Kuching's attitude of not caring about Pill Pavilion deeply hurt the heart of every alchemist present.

Alchemist!

It is one of the most noble professions in the world.

Dange!

It is also one of the most terrifying forces in the world.

These pharmacists, they usually walked there, and they were not respectfully complimented by others. When have they been so humiliated?

Especially the people from the City Guards Department dared to come directly to his Dan Pavilion to arrest people. This is simply beyond imagination.

It is equivalent to smashing the dignity of Dan Pavilion severely, and then stepping on the ground, kneading hard.

"Kuching, this is my Dan Pavilion. You are crazy. You are just a small city guard commander. Who gave you the courage to run wild in my Dan Pavilion? Don't you just get out of here!"

A Dan Ge in charge, trembling with anger, pointed angrily at Kuching and said angrily.

"Go away?" Kuching's eyes fell cold for an instant, and he sneered: "Alchemist, is it amazing?"

He sneered: "The so-called prince breaks the law and commits the same crime with the common people. Even if your alchemist is noble, as long as you violate the laws of the kingdom, this commander is qualified to arrest you."

"You ask me who gave me the courage, then I will tell you the truth, it is the law! The dynasty law is greater than the sky, and our city guards acted without fear of any forces."

"Now, if you quickly hand over those five disciples, this seat can forget the blame, otherwise, this seat will condemn your Dange for harboring criminals, and even your Dange people will also be taken away."

Kuching is very proud, his eyes high, looking down at the group of people in front of him.

In order to climb the three princes and complete the tasks of the three princes perfectly, Kuching was willing this time.

He knew very well that since he had already come to the Dange to take people, it would be equivalent to completely torn the skin of the Dange. At this time, he must occupy the moral high ground, and must not give in the slightest.

As long as the task of the three princes is completed earnestly, his future will be boundless.

As for offending Dan Ge, he didn't have much worry in his heart.

After all, everyone knows.

The pill pavilion is strong in the Tianwu Continent, but the pill pavilion of the Dawei Dynasty does not have much sense of existence in the imperial city. In the imperial city, at least 60 to 70% of the pill business is monopolized in the hands of the Leng family. Ge, only occupied a small share.

Even if the Dange hates him in the future, but if he wants to buy a pill, he can still buy it at Leng's shop.

Kuching is already involved in the Leng family, so how can it care about Dan Ge's idea?

"Kuching...you...you..."

Na Dan Ge was in charge, trembling with anger, pointed at Kuching, but couldn't say a word.

The other pharmacists also had ugly faces, and their hearts seemed to explode with anger.

"It seems that you don't want to hand over the criminals. If this is the case, then I will search by myself."

Kuching immediately snorted: "Everyone will give me orders."

"in!"

The hundreds of city guards that surrounded the Dan Pavilion roared in anger, shaking like thunder, and the Dan Pavilion trembled.

"Immediately bring me in to get people. If there is resistance, treat them as accomplices. Be sure to find out those people from the Five Nations."

When Kuching waved his hand, his eyes were indifferent, and immediately, a group of city guards, wearing armor, marched aggressively towards the interior of the Dan Pavilion.

These people, with their right hands on the handle of the knife, were full of murderous aura.

In addition, Kuching and other masters are also full of fighting spirit, and the Dange masters who are firmly locked in the scene, obviously as long as the opponent changes, they will be sent out and attack strongly.

"Dare you!"

Li Feng and the others, shaking all over, angrily stopped in front of the many city guards, preventing them from entering the Dan Pavilion.

Today, if this group of city guards broke into the Dan Pavilion, and brought You Qianxue out.

So from now on, Dan Pavilion's face will be completely lost in the imperial city of Dawei Dynasty, and there is no possibility of lifting it up again.

"Do you think we dare to go in and search!"

When Kuching came to the front of the team, the cultivation base of the mid-level sixth stage was released, and he was about to rush in immediately.

At this moment, the atmosphere between the two parties was frozen to its extreme, and it was about to fight.

at this time!

"Your Excellency is so courageous, dare to come to my Dan Pavilion and let the old man go back."

boom!

A terrible aura suddenly came from the stairs behind the Dan Pavilion, and then, a terrifying real power, like a swept ocean, the tsunami came, and it slammed Kuching's chest.

"Wow!"

Kuching only felt that his chest had been subjected to an unprecedented terrifying force. The whole person couldn't resist it. He took a dozen steps back in embarrassment and spouted a mouthful of blood.

"Gu leader!"

Geng Deyuan and others were shocked, and hurriedly helped Kuching up, looking angrily at where the voice was coming from, and said angrily: "Who, dare to attack the leader of our city guard, are you going to rebel!"

Looking up, he saw Zhuo Qingfeng slowly walking down the stairs with Xu Bo and Xiao Ya with a cold expression on his face.

At this moment, Zhuo Qingfeng looked at the messy Pill Pavilion in front of him, the anger in his heart was burning, and his eyes were as cold as ice that never melted.

angry!

An unprecedented anger.

The dignified Dan Pavilion was unexpectedly intruded by the leader of the City Guards Department, making his face as the Dan Pavilion master, like a flame burning.

"Pavilion Master."

"My Lord Pavilion!"

Seeing Zhuo Qingfeng come forward, the pharmacists present were excited to speak, tears filled the eyes of many people.

"Who gave you the courage to go wild in my Dan Pavilion, get out of me."

Zhuo Qingfeng walked forward coldly, staring coldly at Kuching in front of him, his expression gloomy and terrifying.

"Pavilion Master Zhuo Qingfeng!" Kuching was shocked, and then slowly stood up, wiped the blood from the corners of his mouth, and said in a low voice: "It turns out that it is Pavilion Master Zhuo. I am so offended today. Please forgive me. It's just my city guard. This trip is to arrest a few disciples from the Five Nations. These people are the key offenders of our city's security department and seriously endanger the safety of the imperial city.

, Even not long ago, the Feng family of the imperial family had been wiped out. Such a vicious gangster is now hiding in the Pill Pavilion. He also asked Pavilion Master Zhuo to surrender a few people, so that I can go back for business. "

Kuching looked at Zhuo Qingfeng coldly, but he didn't even give in.

Today, when he came here, he was already prepared to offend Pill Pavilion. How could he just leave because of Zhuo Qingfeng's presence?

In this way, the previous efforts are equivalent to the abandonment of previous efforts.

"What criminals of the five countries, the old man has never heard of it. This is my Dange. The old man told you to get out. Didn't you hear?" Zhuo Qingfeng glared at Kuching. The leader of a city guard office ignored his orders and made him feel Even more angry.

[Chapter 755: Frenzy](#)

"Pavilion Master Zhuo, although you are the master of the Dan Pavilion, since you are in my Dawei Dynasty, you are the people of my Dawei Dynasty. Naturally, you have to be governed by the laws of the dynasty. How can it be because of your identity as a pharmacist? Ignore dynasty laws?"

Kuching snorted.

"Ignore the laws of the dynasty? What can I do if the old man ignores it today? The old man said, get out of me immediately, otherwise, don't blame the old man for being ruthless."

Zhuo Qingfeng said in a cold voice, the killing intent lingering all over, the half-step Wu Wang's coercion instantly suppressed every city guard.

Pedal.

Almost all the city guards looked shocked and took a step back.

Half-step Wu Wang, how terrible, in their eyes, that is the sky!

Only Geng Deyuan, the deputy commander, a master of the sixth-order martial arts level, could barely resist. Kuching angrily said: "Pavilion Master Zhuo, are you really going to make the dynasty repeat offenders for the sake of a few untouchables of the five countries and fail to live with my Dawei dynasty? Do you know that what you are doing now is defying the laws of my dynasty? Believe it or not. Regarding the matter of the general pill pavilion, report to your superior pill pavilion. As a neutral force, I am afraid that the refuge has violated the rules, right? "

"Are you threatening the old man?" Zhuo Qingfeng narrowed his eyes. "This seat is not threatening Pavilion Master Zhuo, but just telling Pavilion Master Zhu a fact. I hope that Pavilion Master Zhu will be a brilliant person who knows the current affairs, and don't be obsessed with it." Kuching said coldly: "Today, the right and wrong of the five National felons cannot be taken away, if Pavilion Master Zhuo forces them to block, I will return to your majesty

, Let your majesty give an order to erase your Dange from my Dawei Dynasty! "

"Hahaha, a person who knows the current affairs is a good man, and a good one to erase my Dange, Master Fei, you see, this is the city guard office of your Dawei Dynasty, it is very powerful!"

Zhuo Qingfeng said coldly, turning his head to look at the stairs behind him.

On the stairs, Fei Leng walked down anxiously. He was trembling with anger when he heard the previous conversation, and his lungs were about to explode.

"Gu commander? Who asked you to bring the people from the City Guard to the Dan Pavilion? If you don't give it to me, immediately take the people back and behave in the Dan Pavilion. Do you want to die?"

Angrily, Fei Leng came to Kuching and said angrily.

Before Zhuo Qingfeng's people said that the people of the City Guard Department would dare to throw his Dange Pavilion Master's token, Fei Leng still didn't believe it very much, but at this moment, he completely believed. This group of people, even you have the courage to lead your troops to surround the Dan Pavilion. How can you fail to do it if you drop the pavilion master token?

No wonder Zhuo Qingfeng is so furious. If he is himself, it is possible to be mad.

In anger, Fei Leng cursed at Kuching directly.

"Who are you? I dare to control the affairs of my city guard!"

Seeing Fei Leng wearing a pharmacist robe, Kuching immediately thought Fei Leng was also the alchemist of this alchemist, and couldn't help but sneer.

Fei Leng was about to vomit blood, and said angrily: "Keep your dog's eyes wide open and see clearly, the old man's palace alchemist, Fei Leng, will immediately take your people away, otherwise, believe it or not, the old man will destroy you!"

Chief Alchemist of the Palace?

Kuching and others were surprised.

Although they are both pharmacists, the status of the palace pharmacist in charge still shocks them.

After all, the Lord Dan Pavilion is just a leader of an external force. Although your Majesty today respects it, it is only because the Dan Pavilion is in a big way. Normally, your Majesty rarely summons the Dan Pavilion Lord. The two sides can say that they do not interfere with each other.

But the palace pharmacist chief is different. The palace pharmacist specializes in serving the royal family, but he is qualified to meet his Majesty. Such a person must be especially careful. "It turns out to be Master Fei, disrespectful and disrespectful. However, even though Master Fei is the chief alchemist of the palace, he can't interfere with the affairs of our city guard office. Since Master Fei is here, that's just right. Please also ask Master Fei to persuade Zhuoge. Lord, don't embarrass our city's security department to harbor important criminals who disrupt the security of the imperial city.

"

Kuching snorted.

He was calm on the surface, but was extremely furious in his heart. He did not expect to meet Master Fei Leng, the chief of the palace alchemist here today.

At this moment, he immediately rode a tiger and became even more unable to retreat.

Once he retreats, Fei Leng will then inform his Majesty that his commander will definitely not be fruitful. The only way is to resolutely refuse to give up and sit in the Shidan Pavilion to shelter the repeated crimes. Only in this way can he get a chance.

Seeing that even speaking by himself didn't work, Fei Leng suddenly trembled with anger, and said angrily: "Gu Commander, do you know what you are talking about? Where can you hide the criminal?" Kuching frowned and snorted coldly. Said: "Master Fei's words are wrong. Those people from the five countries have taken a big shot in our imperial city to kill people from my dynasty. The evidence is conclusive. It is the dynasty's major offender. Moreover, the three princes are also paying attention to this matter, Master Fei Doing so is tantamount to blatantly destroying our city's health department

Handling the case, it's unreasonable. "

"The third prince ordered you?"

Fei Leng was taken aback. He didn't expect that what Xu Bo said was true. The third prince actually participated in this matter. Seeing the fluctuating tone of Fei Leng, Kuching thought that the name of the three princes had played a role, and Lian proudly said: "That is natural. The three princes are very

concerned about the violence in the imperial city. We must urge us to solve the case. As the commander of the city's health department, I am duty-bound. I hope Master Fei Leng, don't

I was deceived by some people with ulterior motives! "

"Regardless of whether the third princes have ordered you or not, I now order you to leave immediately. The old man will investigate this matter himself." Fei Leng frowned, knowing that the matter was tricky. At this moment, he can only calm down the farce here.

"I'm sorry, but I forgive us." Gu commander said coldly: "As officials of the City Guard, we have the right to maintain the dynasty's law and order. If we don't catch the prisoner today, we will never leave."

"You..." Fei Leng was trembling all over, almost mad. "Master Fei, stop talking nonsense, your palace alchemist's name doesn't seem to work." Zhuo Qingfeng sneered, then turned to look at Kuching, his eyes cold and said: "Xu Bo, since this ancient commander doesn't want to Leave, then our Dange can't let them go wild, and immediately lead people to move them

Get out. "

"Yes, Pavilion Master!"

Xu Boying said in peace and said coldly: "All the disciples of the Dange obey the order and drive all the people from the City Guarding Department out of the Dange."

"on."

"Drive away this group of bandits."

"Damn, dare to do it in my Dan Pavilion and drive them out."

All the pharmacists in the hall suffocated their stomachs before, but now they heard the order and immediately rushed up.

Boom!

Anyone who can become a pharmacist will be a weak hand. Under a strong shot, a monstrous real power is suddenly rolled up on the field.

"Dare you!"

Kuching's face was frightened, and the breath of the peak in the middle of the sixth tier broke out instantly, and he was about to lead the city guard to resist. However, before he had time to make a move, the Lord Zhuo Qingfeng had already moved, and he appeared in front of Kuching with a sway. He lifted his hand and made a bang. Kuching was instantly knocked out and fell heavily on Dan. On the street outside the pavilion, a deep fist mark appeared on the chest armor, once again

Spit a mouthful of blood. Immediately afterwards, there were screams and screams. Under the leadership of Xu Bo, all the alchemists fought, and instantly threw hundreds of city guards into the hall, one by one on the street outside, which was terrible.

[Chapter 756: Liu Xuanrui angry](#)

"If you don't get out, the old man will kill you."

Standing at the entrance of Dan Pavilion, Zhuo Qingfeng looked at Kuching, Geng Deyuan and others coldly, and his eyes shot Han's killing intent.

"Okay, okay, okay, Zhuo Qingfeng, you are so bold and dare to hurt this seat. It seems that you are ready to rebel openly. I tell you, today this is not over. Let's go."

With Zhuo Qingfeng here, Kuching knew that he would stay there and would not have any chance, and immediately led a group of city guards and left in despair.

"Master Fei, you have seen it too. This is the attitude of your Dawei Dynasty City Guard Office. Do you still think it is necessary for our Dange to continue to cooperate with you? Xu Bo, see you off!"

His face sank, Zhuo Qingfeng looked angry, waved his hand, and turned into the Dan Pavilion.

"Pavilion Master Zhuo..." Fei Leng wanted to say something, but what he saw was Zhuo Qingfeng's indifferent back.

"Master Fei, please, don't send it."

He arched his hands at Fei Leng, and Xu Bo didn't have any good expressions.

"Elder Xu, please have a few words to Pavilion Master Zhuo. The old man knows about today's matter. Don't worry, the old man came this time on the order of your majesty. I'm Fei Leng, and I will definitely give you an explanation. ."

Fei Leng's face was pale with anger. Seeing Dan Pavilion's attitude, he also knew why the other party was so angry. He didn't say any more, bowed his hands, and quickly left Dan Pavilion and hurriedly reported to the palace.

In the palace.

Qi Heng, Manager Huang and others have already returned to the hall.

Reporting the cause of the matter to Liu Xuanrui.

What the two people learned was almost the same. The matter was directed at the Dynasty City Guard Office and a person named Master Qin.

"Your Majesty, as far as the old minister knows, it is Geng Deyuan, the deputy commander of the City Guard, who arrested a friend of the Lord Yelu Hongtao of the Qidian. Yelu Hongtao sent someone to ask about the situation, but was driven out by the City Guard. It angered the Lord Yelu Hongtao." Qi Heng said respectfully.

"Your Majesty, I am also here. Master Qin seems to have something to do with the president of Nangong Li in the Holy Land of Blood. He is called Master Qin." Director Huang also hurriedly said.

Liu Xuanrui also understood at this time, why the Artifact Hall and Bloodline Holy Land were so angry.

My friend was arrested, and he sent someone to the city security office, but was driven out by the city security office. Yelu Hongtao and Nangongli are both famous figures in the imperial city. If you slap your face like this, you won't get angry.

It's just that Liu Xuanrui trembles, who is a person who is called a master by the Lord Yelu Hongtao and the chairman of Nangongli at the same time?

"Then Qin Chen's information, do you have it?"

Liu Xuanrui asked in a deep voice.

What he wanted to understand now was who Qin Chen was, why he was arrested by the City Guard, and whether he violated the laws of the dynasty.

"Your Majesty, the subordinates have already sent someone to collect it for the first time. It is estimated that the news will be available soon," the old **** said respectfully.

As Liu Xuanrui's personal eunuch, he was extremely careful in doing things. Naturally, this kind of thing was dealt with immediately. "That's good, but the city guard office is too ignorant. Even if the other party really violated the dynasty law, the instrument hall and the bloodline holy ground have spoken, and they are not showing any face. This is not a clear offense to the two parties. Huh?" Liu Xuanrui was depressed and snorted coldly: "Call Liu Cheng to me immediately

Come, I want to ask him what is going on. "

Liu Cheng is the director of the City Health Department.

When informed by His Majesty, he hurriedly entered the palace immediately.

"Your Majesty, Minister Liucheng, see your Majesty."

With a thump, Liu Cheng hurriedly knelt down, feeling anxious.

Although he is the head of the city security department, he has a noble status below, but he is actually not high above the court. The first time he was personally received by the emperor like this, he was so scared that cold sweat broke out behind him. I don't know what happened. what's up.

"Liu Aiqing, get up and talk, I ask you, what's the matter with Qin Chen? Why did you take the people away from the City Guard?" Liu Xuanrui waved his hand and asked in a deep voice.

What he wants now is the truth.

"Qin Chen?" Liu Cheng was taken aback, "The old official doesn't know what your majesty is talking about!"

Liu Xuanrui frowned: "It's the Master Qin who was captured by your city guard, the Hall of Talisman and the Holy Land of Bloodlines, and the one who went to the door for this."

Liu Cheng tremblingly said: "Is the Hall of Art and the Holy Land of Bloodline visited? The old minister doesn't know!"

This time, it was Liu Xuanrui's turn to be stunned.

According to the news from the Artifact Hall and the Holy Land of Blood, Master Qin was clearly arrested by the city guard, but now, Liu Cheng doesn't know anything. Isn't that incredible?

Liu Cheng is the head of the City Guard, and even the important things that come to the door of the Palace of Vessels and the Holy Land of Blood will inevitably be handed over to him. Liu Xuanrui wanted to know what crime Qin Chen committed, but now Liu Cheng even listens to it. Never heard of it, making Liu Xuanrui stunned.

The brows frowned, it was not Qi Heng and Huang Huan who made a mistake.

While he was puzzled, he saw Fei Leng hurriedly trotting in from outside the hall with an angry expression on his face.

"Your Majesty, the old minister is back."

As soon as he returned to the hall, Fei Leng knelt on one knee, but the anger on his face could not be concealed.

"Master Fei, didn't I let you go to the Dan Pavilion to inquire about the news? What's wrong with you?" Liu Xuanrui asked suspiciously, Fei Leng, but this is the first time for him to see such an angry expression on his face. .

"Your Majesty, the old minister did go to the Dan Pavilion just now, your Majesty, don't you know that this city guard office is too lawless..."

Fei Leng was still overwhelmed at the moment, and could hardly even speak.

"what is the problem?"

Liu Xuanrui's eyes narrowed.

"Your Majesty, it's like this..."

Fei Leng was furious, and said what happened when he was about to go to Dan Pavilion.

"Your Majesty, you don't know that the ancient commander is really too arrogant. The old man is in front of him, he is not showing face, even with hundreds of city guards, the Dan pavilion is tightly surrounded, and the water is not leaking. In front of everyone, we must lead people from the Dan Pavilion. Who can bear such a thing?"

Fei Leng was blowing his beard and staring, and he was still shaking.

If he hadn't seen it with his own eyes, he couldn't even believe that such a thing would happen.

"what?"

Liu Xuanrui stood up suddenly, also shocked.

Aside, Qi Heng and Manager Huang were also shocked.

As for Liu Cheng, he was even more confused.

At this moment, he realized what the **** was his Majesty calling himself for, but for such a major event, he, the Director of the City Guard, has no news at all!

For a while, he only felt sweat on his forehead, and his legs were soft, and he was almost unable to kneel.

"Manager Huang, the information you want has already been collected by your subordinates."

At this moment, a little **** outside the hall walked in and handed a piece of information to Huang Huan.

"Let me have a look." Liu Xuanrui yelled coldly, and took the news directly, with a gloomy and terrible expression, and looked down.

[Chapter 757: Shadow Guard](#)

The royal family of the Dawei Dynasty has its own independent intelligence agency.

Known as the Shadow Guard!

This department is only under the jurisdiction of Liu Xuanrui, and no one can transfer it except Liu Xuanrui.

They specialize in collecting various major events that happened in the Dawei Dynasty. With the power of the Dawei Dynasty's royal family, there is almost nothing that can hide their eyeliner.

Therefore, although it was only a moment, the news contained detailed information about Qin Chen.

"Qin Chen, disciple of Five Nations?"

"Gu Nandu contest champion?"

"Seventeen-year-old boy, Wuzong, the fifth-order peak?"

"I entered the imperial city not long ago and wiped out the rich family Feng family under the command of the wealthy Leng family, then rushed to the difficult stone wall of the Dan Pavilion and was respected by Zhuo Qingfeng as a master?"

This news is extremely detailed and clearly tells the origins of Qin Chen and his party.

After seeing the above, Liu Xuanrui was shocked.

Aside, General Manager Huang, Fei Leng, Qi Heng and others also saw Qin Chen's intelligence.

"This....."

One by one, his eyes widened, and his eyes almost burst.

"Your Majesty, is this source of information true? Isn't it false news?"

Qi Heng was dumbfounded and muttered.

It really shocked them.

The Five Kingdoms was an extremely remote force on the border of Xuanzhou of the Dawei Dynasty.

Because of being isolated by the Heiling Mountains and extremely scarce of materials, coupled with the constraints of the continental treaty, although the Dawei Dynasty knew about the existence of the five northwestern countries, it had no desire for them.

Even in the Dawei dynasty, many people regarded the people of the Five Kingdoms as barbarians and natives, and they despised them.

Now that they heard that the master Zhuo Qingfeng they called was only a disciple of the Five Nations, Liu Xuanrui was stunned, almost thinking that he was wrong.

"This... can't something be wrong, right?"

Qi Heng also muttered, dumbfounded.

"I heard that the land of the Five Kingdoms is extremely remote, and it is extremely difficult for even the Wuzong powerhouse to appear. How could there be such a talented boy? Seventeen years old, Wuzong in the late stage of the fifth stage, even if it is our great dynasty, right? ?"

"His Royal Highness Three and His Highness Five are talented and intelligent, but they are also the realm of Wuzong who broke through after the age of twenty?"

Manager Huang said silently.

Only Fei Leng seemed to think of something, his eyes condensed.

"Probably not, the intelligence investigated by the Shadow Guard can't be wrong." Liu Xuanrui shook his head.

Although he was extremely unbelievable, he believed that the intelligence investigated by the Shadow Guard would not be wrong.

"Your Majesty, that Qin Chen may indeed be from the Five Nations."

At this moment, Fei Leng hurriedly said: "When the old minister was in the Dan Pavilion, he heard that the ancient leader said that they came to the Dan Pavilion and the main criminals arrested were the disciples from the Five Nations."

"In that case, the master Zhuo Qingfeng and the others said is indeed the disciple Qin Chen from the Five Kingdoms?"

Liu Xuanrui's eyes were solemn, revealing a trace of amazement.

A 17-year-old boy was called a master by Zhuo Qingfeng, Yelu Hongtao, and Nangongli at the same time, which made him have to take it seriously.

If it's just a person calling it this way, there might be some hidden secrets, but being so valued by the people of these three powers, Liu Xuanrui can't understand how.

In particular, according to intelligence reports, after Qin Chen came to the imperial city, he only met Zhuo Qingfeng in the Dan Pavilion. There was no intersection with Yelu Hongtao and Nangong Li, but they were strangely involved.

"This son, could it be the North Sky Territory, a genius cultivated by a certain top force?"

Shocked, Liu Xuanrui burst into cold sweat instantly.

This is not impossible.

According to the conditions of the five countries, it is impossible to cultivate such a genius.

After all, in the entire Five Kingdoms, even a Wuzong is extremely rare. Even if there is a genius, how can there be a seventeen-year-old who has broken through to the late stage of the fifth stage?

This is totally unreasonable.

The only possibility is that although this son was born in the five countries, he was favored by a certain top power and was a genius that this power secretly cultivated.

And Zhuo Qingfeng, Yelu Hongtao, and Nangongli were all in awe of that big power, and even one of the geniuses who came out of them had a status above Zhuo Qingfeng and others, enough to determine Zhuo Qingfeng's fate.

This will attract Zhuo Qingfeng and the others, such a violent reaction.

Otherwise, it is impossible to explain all this.

Thought of this.

Liu Xuanrui's face turned pale, even a little unsteady.

He couldn't imagine what kind of power could make Zhuo Qingfeng these three powers have the same performance?

Even Zhuo Qingfeng's North Heaven Territory Superior Pill Pavilion, Superior Artifact Hall, and Superior Bloodline Holy Land could not have such a powerful deterrent, right?

Could it be that the power from which Qin Chen came was even beyond the scope of the Northern Heaven Region?

Liu Xuanrui's eyes went dark and almost fainted on the ground.

If this is the case, then his powerful dynasty may have caused a terrible disaster.

"Your Majesty, what's the matter with you?"

Seeing Liu Xuanrui trembled all over, his face turned pale, and his cold sweat broke out, Director Huang immediately stepped forward nervously and supported Liu Xuanrui.

"I'm fine."

Liu Xuanrui waved his hand, and after being so supported by Huang Huan, his whole body instantly became sober.

"Come on, immediately mobilize the Imperial Guard and follow me to the City Guard Office."

With a low shout, Liu Xuanrui hurriedly stepped out and walked directly to the outside of the hall.

The top priority is not to guess Qin Chen's origin and identity at all, but to rescue the opponent first. Otherwise, if Kuching and others do something, I am afraid that there will be no room for change.

For a time.

Anxiously, Liu Xuanrui took Huang Huan, Qi Heng, Fei Leng, Liu Cheng and others, as well as a large group of imperial guards, out of the palace gate, and rushed towards the city guard office mightily. at this time.

The residence of the Three Princes.

"This ancient commander is really a pig's brain, and this little thing can't be handled well, how can he be the commander?"

Taking the news from Kuching, the three princes looked ugly and slapped the table angrily.

After the ancient leader returned from the Dan Pavilion, he knew that he was not good, and when he was about to see Fei Leng in the Dan Pavilion, he informed the third prince.

Fei Leng, after all, is a palace alchemist who has the right to meet his Majesty. After Kuching offended, he was afraid that Fei Leng would speak badly in front of Liu Xuanrui. Therefore, he wanted to put pressure on Fei Leng through the three princes so that he would not talk nonsense. .

"Then Kuching is indeed a bit reckless." Leng Wushuang was also speechless from the side.

He asked Kuching to get people, instead of just trying to get people, he first thought of a way to figure out where the disciples of the five countries were, and then suddenly attacked and captured people. If Dange wanted to take action, he would use the identity of the city guard Perform oppression.

As long as the person is caught, then everything is easy to say.

But Kuching, stupidly like a pig, rushed directly into the Dan Pavilion.

Now, the platform angered Dan Ge, but didn't get anything, making Leng Wushuang also depressed.

"Fei Leng is the chief of the palace pharmacist. Even if you see the main hall, you have to be polite. This is good for Kuching. It is a direct offense, and he also put the main hall in, huh, so the main hall has to wipe it for him. Butt, explain it, he is talking nonsense in front of the father."

The three princes looked gloomy.

Now he didn't know that Fei Leng went to the pill pavilion because he was ordered by Liu Xuanrui instead of appearing accidentally.

"Since the five-nation disciples weren't caught, and Fei Leng saw all this, it seems that the main hall must go to the city guard office. The most important thing now is to implement Qin Chen's charges. If the emperor Shi has heard of anything, ask about it, and the main hall will have a reason to explain."

Thinking of this, the third prince stood up immediately: "Go, Patriarch Leng, follow me to the city guard office." Immediately, the third prince took Leng Wushuang and a group of people, and walked toward the city guard office in a mighty manner.

[Chapter 758: Take people forcibly](#)

City Guard.

In the black prison area.

Qin Chen sat cross-legged, closing his eyes and practicing.

In his body, the true power of the peak of the fifth stage of Dao Dao continued to circulate, and under the urging of the Nine Star God Emperor Jue, it merged into the twelve Dao meridians of his body, forming an amazing force, and finally gathered in the lower abdomen. In, silence fell.

In the past two days, Qin Chen was in the dark prison, and he didn't waste it. The food was delicious, and the rest of the time was spent cultivating crazily.

In two days, his cultivation was extremely condensed, and he had already reached the ultimate realm of the late stage peak of the fifth stage, only one step away from the half-step martial master.

On him, there are many elixir obtained from the Black Death Swamp, and even the seventh-order king-level elixir. Among them, there are elixir that allows him to break through the martial arts.

Once he breaks through to the sixth-order Wuzun, with his previous attainments and strength, except for the masters above the half-step Wuwang level, he may not even be afraid of even the sixth-order Wuzun in the late stage.

"call!"

After exhaling a long breath, Qin Chen opened his eyes, exuding a palpitating breath all over his body.

"Wait back to the Pill Pavilion, the refining of seventh-order king-level medicines cannot be sloppy. Even if I have rich experience, I must have an extremely safe environment. Otherwise, once I fail, the loss may be incalculable."

Qin Chen also had a few of the seventh-order elixir, and one would lose one when he used one. He didn't dare to try it at will.

at this time.

The sound of footsteps sounded.

"Little dust, Tian Mou just got the news that the leader of Kuching and Deputy Geng Deyuan led a large group of city guards before they took the lead, and they passed to the Dange, saying they were going to capture the rebels of the five countries. Now they don't know the situation. How's it going."

Tian Dan hurriedly walked from outside the black prison area and said anxiously.

What he feared most was that Geng Deyuan said that he had moved the leader of Kuching. As the leader of Kuching, he had full power to remove him from his position. In this way, Qin Chen would definitely fall into the hands of Geng Deyuan again.

"What? How dare they go to Dan Pavilion to get people, that Kuching is so bold?" Qin Chen stood up suddenly, frowned, and said solemnly: "It seems that the three princes intervened, it should be true. Otherwise, how can a small city guard, commander, have the courage to go to Dan Pavilion to go wild."

In fright, Qin Chen couldn't help but worry.

Although he laid out a lot of coping methods, he was not sure whether things would develop in the way he expected.

Once the head of the device hall and the president of the bloodline holy land did not intervene as expected, and with the size of the pill pavilion, to deal with the three princes and the entire city guard department, Qin Chen did not know how long Zhuo Qingfeng could hold on. .

Thinking about it.

Clang.

A series of footsteps suddenly sounded outside the black prison area, and then, Geng Deyuan led a group of city guards and stormed in aggressively from outside the black prison area.

"Commander Geng, this is the dark prison area, what do you want to do..."

Several of Tian Tan's subordinates furiously blocked them, but to no avail, they were pushed aside by the captain Guan Wei and other team leaders beside Geng Deyuan in a panic.

"Geng Deyuan, what do you want to do? Rebellion?" Tian Dan saw this, not understanding why Geng Deyuan suddenly appeared here, and said angrily.

"Tian Dan, get out of the way right away, this kid we'll take over." Geng Deyuan snorted coldly, ignoring Tian Dan's scolding.

Failing to catch the few people from You Qianxue, on the contrary, they offended the palace alchemist Fei Leng. Geng Deyuan and Kuching were not idiots. While sending letters to the three princes, they also understood that their situation was extremely dangerous.

Now, the most important thing is Qin Chen's confession.

As long as they can take Qin Chen down and forcibly obtain a confession of his crime, even if your majesty pays attention, they will be justified and there is no need to worry about anything.

Therefore, as soon as he returned from Dan Pavilion to the City Guard, Geng Deyuan did not rest at all. He came to the black jail area for the first time, ready to forcibly take Qin Chen away, conduct severe torture, and let him confess his guilt.

"Presumptuous, Geng Deyuan, this is my black jail area, you have no right to move the main offender in my black jail area." Tian Tan was furious, snorted, and stood firmly in front of Geng Deyuan.

This Geng Deyuan is not soft, but today this is going to be hard.

"Tian Tan, this commander has no time to chat with you today. Your captain position has been taken away. Since you won't let go, the old man will let you go personally."

Geng Deyuan was too lazy to talk nonsense with Tian. He raised his hand, and when Wu Zun's cultivation base was released in the early stage of the sixth stage, he would push Tian Dan away. He even wanted to teach him a lesson. Holding his palm, he burst out and slapped Tian Dan fiercely.

However, what shocked him was that at the moment when he was about to slap Nakata Tan with his palm, Tian Tan's right hand suddenly lifted up, turning his palm into a fist, and colliding with his right palm.

"boom!"

A violent roar sounded, and Geng Deyuan only felt a huge force coming, his figure shook, and then he took a step.

On the other hand, Tian Tandeng also stepped back a few steps, but he didn't show the slightest injury.

"You... have broken through the sixth-order martial arts?"

Geng Deyuan looked at Tian Dan in surprise.

The captain of the City Guard Department is generally Wu Zong's cultivation base at the peak of the late stage of the fifth stage. Although Tian Dan is the head of the black prison area, he is better than the average captain.

I thought that under my palm, the opponent would inevitably vomit blood, and obediently let go. Unexpectedly, the opponent was able to hold it abruptly, and judging from the fist strength transmitted from Tian Tan's hand, it was clearly a six. Wu Zun in the early stage.

This makes Geng Deyuan so not surprised!

"Geng Deyuan, this is a black jail area, and you cannot tolerate your presumptuousness."

With a cold snort, Tian Dan looked at Geng Deyuan coldly, "I advise you to leave the black jail area. Tian may be able to open the Internet. Otherwise, Tian will have to take part in a copy and submit it to the Commissioner to rule you out of law. The crime of the city's decrees."

"No wonder you have been so arrogant recently, you have broken through the sixth-order martial arts, good, very good." Geng Deyuan looked at Tian Dan coldly, his heart furious.

The captain of a small black prison area thought that he would be able to run wild in front of him if he broke through the sixth rank martial master?

"Come here, surround this place and don't let anyone leave." Geng Deyuansen looked at Tian Dan coldly: "Captain Tian, I am afraid you don't know who you have offended. Don't worry, the ancient leader will come soon. Then, This commander will surely convince you on your knees."

"you....."

Tian Dan looked ugly, but he was helpless.

Although he had broken through the sixth-order martial arts with the help of Qin Chen, after all, he had just broken through soon, and it was not a problem to resist Geng Deyuan, but he could not drive Geng Deyuan out.

[Chapter 759: Revocation book](#)

What's more, when Geng Deyuan came this time, he also brought several captains. So many people led many city guards surrounded by layers. Not to mention that he had just broken through the early stage of Tier 6, even if he was twice as strong. It's hard to resist everyone on the court.

Resolutely surrounded the black prison where Qin Chen was, Geng Deyuan looked at Qin Chen with cold eyes: "Boy, are you comfortable inside?"

"Geng commander Hao Yaxing, why, ate in Dan Pavilion? Came here to run wild?"

Qin Chen opened his eyes and looked at Geng Deyuan with a smile.

"You don't want to be proud, boy, it will be your death soon, depending on how arrogant you are."

Qin Chen said which pot was not opened or which pot, Geng Deyuan's face turned blue with anger, and said angrily.

Seeing Geng Deyuan's performance, Qin Chen sneered even more, but he was slightly relieved.

It seemed that the other party didn't please me from Dan Pavilion and brought You Qianxue back, otherwise, it would not be such a performance at all.

"Boy, don't be proud of you too early, I'm afraid you still don't know, the beauties around you, His Highness the Three Princes have already taken a fancy to them, when you die, Your Highness the Three Princes will take good care of them, hehe. Also. Your friend, haha, our Dawei Dynasty also has a slave market and a fighting arena. When the time comes, sell them to the slave market and the fighting arena for life-to-death battles. The five countries will be compared with waste. Compared with them, many people will come and earn money. A lot of money for the ticket."

"And you, Tian Dan, if you have broken through the sixth-order martial master, you dare to be presumptuous in front of this commander. Don't worry, after your captain position is taken away, this commander will take good care of you, as well as your wife and daughter. , I heard that your daughter is just over a dozen years old this year, she looks pretty good, I don't know how it feels to play!"

Geng Deyuan smashed his lips, looking intoxicated.

"Geng Deyuan, you beast, if you dare to touch my daughter's hair, I must kill you."

Tian Dan's eyes turned red in an instant, and his daughter, the softest part of his heart, was like his inverted scales, making his emotions almost uncontrollable.

"Hahaha, it seems that you care about your daughter very much. Don't worry, I will take good care of her, and let her taste the taste of being a woman before she dies." Geng Deyuan grinned said.

Qin Chen was too lazy to pay attention to the other party. Hearing this, his heart was furious. A sharp cold light suddenly shot out in his eyes, and he said coldly: "Geng Deyuan, you are not as good as a beast. If you don't kill you, you will not be a man. !"

Not even a teenage girl let go. Is this Geng Deyuan still a human?

"Swear not to be a man? Hahaha, this commander wants to see how you will kill me then? All people who are enemies with my Geng will not end well." Geng Deyuan sneered, his face gloomy.

At this time, a heavy footstep came from outside, followed by the respectful voice of a group of city guards.

Under the gaze of the crowd, many city guards surrounding the black prison area stepped aside, and a middle-aged man with a gloomy face and full of horrific murderous intent walked in slowly from outside the black prison area.

It is Kuching.

Behind the Kuching, there was a burly man who came in and stared at Tian Dan angrily.

"Gu commander, Wei commander!"

Seeing the visitor, Tian Dan, whose eyes were extremely angry, changed suddenly.

The ancient leader, the first of the three leaders of the City Guard.

On weekdays, Director Liu Cheng seldom sits in the city guard office, so it is this Kuching who controls the city guard office the most.

In his capacity, as long as he is willing, he can definitely dismiss his Tian Tan.

And the one behind Kuching is his immediate boss Wei Shuangcheng, Deputy Commander Wei.

As his immediate superior, Deputy Commander Wei also has the responsibility and ability to govern him.

Now, the two of them came together, making Tian Tan's heart cold instantly.

"You're Tian Dan? Huh, the City Guard has trained you to become the captain of the black jail. That's how you repay the City Guard, you are so courageous to collude with major offenders and disobey orders?"

As soon as Kuching came in, he spoke coldly, and his eyes flashed coldly like a poisonous snake.

"Gu commander, I..." Tian Dan opened his mouth, just about to say something.

But he was interrupted by Kuching for an instant: "You don't need to say anything. From now on, you are no longer the captain of the city guard. You immediately take off your city guard uniform, put down your weapons, kneel down and grab your hands. , This is a dismissal book, read it for yourself."

As soon as he raised his hand, a letter of dismissal with the big seal of the City Guards Department appeared directly in front of Tian Dan.

The reason why he came a moment later than Geng Deyuan was because he had prepared this dismissal book. Otherwise, even if he was in charge of the city guards and had no dismissal book, his name would be unfair.

"Tian Dan, look at what you have done. Commander Gu, the matter here is that his subordinates did not perform their duties, but you can rest assured that your subordinates will take care of the matter for the commander. Tian Dan, don't tell me what the commander Gu said. Do it, take off your uniform, kneel

down and admit your mistakes." Wei Shuangcheng also shouted at Tian Tan angrily, but he was respectful when facing Kuching.

Seeing that Tian Tan did not move, Wei Shuangcheng yelled at several of Tian Tan's men in the black prison area: "What are you guys still doing? Hurry up and take Tian Tan down for me. This guy dared to offend even the ancient leader. , Lawlessness, do you still want to continue working in the city guard?"

The many city guards in the black prison area looked hesitant.

On one side, there was the captain they respected, and on the other side, they were Deputy Commander Wei and Commander Gu, their immediate bosses of the City Guard Department, who didn't know what to do for a while.

But there are also a few of Tian Dan's subordinates who quickly came to Tian Dan and shouted coldly to Tian Dan: Captain Tian, you have also heard, don't make it difficult for us, now you have been dismissed from the position of Captain by the Gu commander. Take off your uniform and do it on the spot! "

After that, they also respectfully said to Wei Shuangcheng: "Commander Wei, in fact, we have long been uncomfortable with Captain Tian. The black jail area is the important place of the city guard office. The place where the dynasty's repeat offenders should be detained should be obeyed by your commanders. Who knows Captain Tian, no... this Tian Dan is using a public weapon for private use, and he doesn't even follow the orders of several leaders. His subordinates have long been displeased with Tian Tan, but he is the captain and his subordinates are unable to resist. "

"Yes, this field is in the black jail area with one hand to cover the sky, corruption and perverting the law, the crime is unforgivable."

"It should be stripped of the captain's position and tortured severely."

At any time, there is no shortage of people who have fallen into trouble. These Tian Dan's subordinates, inverted black and white, in front of Kuching and others, described Tian Dan as notorious and full of evil.

Tian Dan on the side was trembling with anger.

These subordinates, before, respectfully nodded and bowed their heads in front of them, and the captain, the former and the captain, did not expect to be so shameless at this time.

Can't help but sigh, despair in his eyes.

[Chapter 760: Has it been agreed?](#)

"Captain Tian, come here, you and I will advance and retreat together."

Qin Chen, who hadn't spoken all the time, said lightly at this moment, even in this case, he still looked calm.

In fact, Qin Chen could not be trapped in this dark prison area.

With Qin Chen's cultivation base at this moment, even Wu Zun at the mid-level sixth-order peak can be killed, how can he care about this group of city guards?

Among all the people, the Kuching cultivation base has reached the peak of the middle stage of the sixth stage, and barely has the power of a battle. Other early stage sixth martial arts such as Geng Deyuan and his like, I am afraid that he can't stop even a move.

When he really wanted to turn his face, he was at least 80% sure to break through.

Tian Dan smiled bitterly: "Master Qin, I'm sorry, Tian, there is no way to keep you, Master."

When the voice fell, Tian Tan banged, split the chains of Qin Chen's black prison, and then entered the black prison area.

"Master Qin, wait a minute, Tian will try to block Gu from leading them, you rush to the altar and seek refuge. There is only this Tian can do. Tian has nothing else but hopes that Master Qin If you escape, please take care of his family for Tian, please."

While talking, Tian Tan slashed the real chain on Qin Chen's body, obviously trying to untie Qin Chen.

"No, stop this guy."

When Kuching saw this, his face changed, and he hurriedly took a palm.

boom!

That terrible palm strength, although separated by the black prison iron fence, was transmitted to Tian Dan's body for the first time, and Tian Danzhen flew out, spouting a mouthful of blood.

And the battle knife in Tian Dan's hand also lost its quasi-head, and could not split the real chain of Qin Chen's body, only splitting a crack on the ground that was several feet long.

"Listen to my orders, Tian Tan colluded with felons in the black prison area, intending to help the felons escape from prison. He was very heinous and beheaded on the spot. As for the kid, bring it out for me." Kuching felt relieved and shouted.

It was too high just now, that Qin Chen, but a master who can kill even Feng Family ancestor Feng Yuan, if the real chain on his body is unlocked, he still doesn't know what will happen.

Fortunately, the worst result did not happen.

Accompanied by Kuching's anger, Geng Deyuan and others immediately rushed forward, grinning madly at Chaotian Tan.

Tian Dan gave a wry smile, showing despair on his face.

At this moment, with a bang, the real chain on Qin Chen's body shattered every inch of the time.

"boom!"

In the next moment, Qin Chen raised his hand suddenly, how did many strong city guards come, how did they fly out, spouting blood with their mouths open, and everyone was embarrassed.

"The person who moved me Qin Chen, have you got the consent of this young man?"

After moving his wrist, Qin Chen said with a cold smile at the corner of his mouth and said indifferently.

"What are you doing?"

At this moment, everyone was stunned.

Looking at Qin Chen, who was untied, his expressions were shocked.

The real chain is a unique tool for suppressing criminals in the land of a hundred dynasties.

There are amazing lock real formation patterns on it. Once it is bound, the real power in the warrior's body will solidify like cement. It can't be mobilized at all and can only be ravaged.

In order to prevent Qin Chen from escaping, the chain that Geng Deyuan prepared for Qin Chen was the strongest kind of the city guard.

Not to mention a fifth-order Wuzong, even if the martial master of the late sixth-order peak is bound, he can only obediently accept his fate and get caught.

Now they were not shocked to see Qin Chen breaking away from the real chain by himself.

"Stop him, don't let him run."

In anger, Kuching shook his figure and rushed into the black jail.

"Huh, get out of Shao Ben."

The mysterious rust sword in his hand appeared, and in front of Qin Chen, countless sword shadows and phantom light suddenly appeared, densely packed, transformed into layers of gorgeous sword flowers, suddenly blooming in Kuching's eyes.

"What a nice view....."

Kuching whispered, completely attracted by Qin Chen's sword flower, the next moment, puff puff, blood flowers appeared on his chest, and he flew out in embarrassment.

At the same time, there were countless city guards rushing to the black prison area, and they fell to the ground one by one, crying bitterly.

For a time, there was a miserable cry in the entire black prison area.

"Master Qin, you..."

Tian Tan was also completely stunned, looking at Qin Chen in astonishment, as if dumbfounded.

He didn't understand. Since Qin Chen could unlock the real chain and possess such terrifying strength, why didn't he escape before?

If he wants to escape, no one can stop him in the entire black prison area.

What shocked Tian Tan even more was that Qin Chen sat down again after flying off Kuching and the others, without any intention of escaping from the black prison area.

"Master Qin, you leave here quickly. You killed so many people at the City Guard Office. The consequences are too serious. It is tantamount to a blatant rebellion. Nowadays, only by fleeing to the Dan Pavilion can there be a chance of life. Otherwise, the Dynasty will not let you go."

Recovering quickly, Tian Dan said anxiously.

"Flee, why should I run?" Qin Chen smiled flatly, not caring: "Look at which city guard is dead in front of you?"

Tian Dan turned his head and looked, only to discover that although the outside of the black jail area was tragic, countless city guards were roaring and howling miserably on the ground, but all of them were just hanging on their bodies, and none of them were actually killed.

"However, if you act so openly, whether you kill people or not, you are already blatantly violating the laws of the dynasty and provoking the city guard. This is a felony, and you will definitely die." Tian Dan said anxiously.

"Felony?" Qin Chen snorted, "The reason Ben Shao acted before was only because these city guards flouted the laws of the dynasty. Before convicting Ben Shao, they had to act against Ben Shao. Ben Shao was just a legitimate defense. ."

Tian Dan was almost crazy when he saw that Qin Chen couldn't listen.

justifiable defense?

See who you hurt?

The orthodox leader of the City Guard, Kuching, the deputy commander, Geng Deyuan, etc., these people, which of these people is not the real power figure of the City Guard, the power to convict is in their hands, you tell them to defend properly, is this not funny?

"Master Qin, really, you go quickly, it will be too late if you don't leave." Tian Dan was anxiously angry.

Once things here get out of the city guard office, the entire imperial city will be alarmed. At that time, the imperial family will send out a large number of imperial guards, no matter how strong Qin Chen is, he will undoubtedly die.

"What's going on here?"

When Tian Dan was anxious, there was a sudden anger from outside the black prison area. Then, the third prince Liu Yuanxin and Leng Wushuang, the head of the Leng family, walked in quickly.

Seeing the scene in the black prison area, Liu Yuanxin and others were all stunned.

"His Royal Highness, Family Master Leng." Seeing the two of them, Kuching seemed to have seen the savior, and his face suddenly showed ecstasy: "You are here just right, this kid, I don't know what's going on, he broke free of his locks. Zhenlian attacked his subordinates, who was caught off guard and was wounded by him. They also asked the two of them to take the shot.

"

"what?"

Both Liu Yuanxin and Leng Wushuang were shocked. Although they had heard of Qin Chen's deeds, they had never expected that Qin Chen could cause such a big incident in this situation. Seeing the scene in the black prison area, the expression of the third prince instantly became gloomy.
