

## Valkyrie 761

### [Chapter 761: I said stop](#)

"Kuching, is this a good thing you did? A trash one."

The third prince's face was green and roared angrily.

Originally, he came in anxiously, just to act low-key, deal with the matter as soon as possible, and convict Qin Chen.

Who knew that after coming here, he saw such a chaotic scene.

If such a big incident occurred in the black jail area of the dignified city guard, even if Kuching is in charge of the city guard, it can't be covered at all, it will inevitably be passed to the father's ears as soon as possible.

Once Fei Leng blows the air, the emperor father is curious, and if he pays attention to it, knowing that he is involved in the dark prison area will inevitably arouse the anger of the emperor.

It will affect his future more or less.

"President Leng, kill this kid for me!"

Abruptly, the third prince said coldly to Leng Feihua.

"what?"

Leng Feihua was stunned.

"I asked you to kill this kid, didn't you hear?" The third prince said coldly, staring at Qin Chen with a terrifying murderous intent.

Leng Feihua suddenly became anxious: "His Royal Highness, the three princes, absolutely must not, this son is the champion of the Grand Tournament of Ancient Southern Capital, he must have the powerful inheritance of Ancient Southern Capital, if he kills it directly..."

What was the purpose of Leng Jia's effort to target You Qianxue and Qin Chen? Is it really to avenge the Feng family, or disdain the Five Kingdoms disciples? Not at all, Leng Feihua had only one purpose, and that was the inheritance Qin Chen and the others had obtained in the ancient southern capital.

But now, the three princes actually let him directly kill Qin Chen, which is tantamount to directly cutting off his chance of getting Qin Chen's inheritance, how can he accept it. "Patriarch Leng, I am not requesting you, but ordering you." The three princes looked at Leng Feihua coldly: "Fei Leng has already known about their trip to Dan Pavilion in Kuching, plus the fact that they have been hacked in the city guard. The news of such a major event in the prison area cannot be stopped at all. I am afraid that it will not take long.

In the ears of the father, with the temper of the father, he will definitely investigate in the first place. "If we have time to make the confession perfect, that's okay, but now, it is clear that it is too late. With such a big event, there is no time for us to forge a complete confession, and at the same time make this kid obediently confess guilt. , So, only if you kill this kid, after a hundred, can you

Don't you understand that avoiding the father's investigation? "

The three princes looked at Leng Feihua coldly. His purpose was different from Leng Feihua, not to grow the family, nor to gain some inheritance, but to gain more favor and influence in front of his father.

Once the emperor father is informed that he has done such a thing, although he may not be punished, his position in the eyes of the emperor will inevitably decrease.

This is something that the three princes will never allow.

Feeling the cold killing intent on the three princes, even though Leng Feihua was unwilling in his heart, he could only give a wry smile, "His Royal Highness, I understand."

At this moment, he even regretted working with the third prince.

This guy didn't care about other things at all, except for the worms' brains, his stomach for sex, and his future throne.

At the critical moment, I am afraid that even his Leng family can give up.

It's just that he no longer feels angry, at this time, Leng Feihua has no other way.

"call!"

Leng Feifan's figure shook, and immediately swept towards Qin Chen.

"Quickly offend Qin Chen, try to escape from prison, and kill him!"

The third prince shouted fiercely.

He not only told Leng Feifan to hear this, but also to the many city guards present.

In the black prison area, if you want to kill Qin Chen, you must also be justified and not want to do it.

In the City Guard, escape from prison is undoubtedly the best excuse.

Killing the escaped prisoner was reasonable and seamless. Even if the father asked questions later, there was no loophole.

"kill!"

Along with the three princes' stern shout, Leng Feihua suddenly released a terrifying killing intent.

"boom!"

The breath that represents the sixth-order triple martial arts, broke out wantonly, and the violent aura shook the many city guards present, all of them pale and staggered.

At the center of the storm, Qin Chen's eyes gradually became serious.

Although his strength is strong, after all, his cultivation level is too low. It is already the limit to fight against the Martial Venerable at the mid-level sixth-tier peak. Facing such a triple Martial Venerable Leng Feihua, he has no bottom.

Once the battle starts, I am afraid I can only find a way to escape the city guard.

"Boy, blame it, you anger my Leng family, anyone who dares to offend my Leng family will die."

With a cold shout, Feifan Leng's eyes were icy, and his palm turned into an astonishing shadow, slamming down at Qin Chen.

Under the violent palm, Qin Chen only felt it was difficult to breathe, and the true power in his body was stagnant.

"Stop it!"

Just at this very moment, outside the black prison area, there was a sudden roar like thunder and anger: "Everyone will stop me and step back."

This roar, like a thunderbolt on a sunny day, shook the entire black prison area into a rumble, and at the same time a fierce wind rushed to the frontmost Leng Feihua.

"Stop him for me."

Seeing someone stop him, the third prince was furious, and even shouted at the leader of Zong Wei beside him.

"Go back to your Highness."

The commander of that Zongwei's cultivation was at the peak of the sixth-tier mid-stage, and was always extremely violent. After an angry shout, he slapped a palm at the figure that flew over.

There was a "bang".

Unexpectedly, the strength of the other party exceeded his expectations, with a muffled groan, the whole person immediately flew out.

But after being blocked by the leader of Zongwei, the figure of the person who shot also suddenly slowed down, and suddenly lost the opportunity to rescue Qin Chen.

"Who is in the wild at the city guard office, don't you know where this is? Dare to offend His Royal Highness the Three Princes, are you planning to die?"

After the leader of Zongwei was shaken off, he was furious, raised his head, and shouted in anger.

As the personal guard of the three princes, the royal master, he is not afraid of anyone at all.

With a sound of "Boom!" At this time, Extraordinary Leng's attack instantly covered Qin Chen's head with no one blocking him, and under the fierce roar, Qin Chen flew away instantly.

Boom!

Qin Chen leaned heavily on the wall behind him, and he almost spewed out a mouthful of blood.

The sixth-order and three-tier martial arts were indeed terrifyingly strong, and he could not resist at all.

If he hadn't cultivated the Immortal Body, his defense power was not weaker than the sixth-order peak martial master, just a single blow could cause him to be seriously injured.

Qin Chen's eyes were solemn, while Leng Feifan was frightened.

He didn't expect Qin Chen to be safe and sound under his palm.

"Boy, it's no wonder that you dare to be so mad, you have two sons, but unfortunately, you must die if you offend my Leng family."

With a roar, Leng Feifei knew that someone was coming to the rescue. In a hurry, the real power in his body was urged to the extreme, and he shot Qin Chen again with all his strength.

"Did I say stop hearing it?" Only the next moment, a more majestic and domineering anger sounded, and then, a figure, like thunder, appeared in front of Leng Feihua's body in an instant, and slapped it.

### [Chapter 762: I'm late](#)

"Who dares to stop me, look for death!"

In Furious Leng's anger, he didn't even hear what the other party was saying. Seeing someone dared to stop him, he subconsciously slapped him with a palm.

"boom!"

Two terrible palm strengths slammed into each other in the void, followed by an astonishing roar. Leng Feifei felt that an unstoppable force came, and the whole person spouted a mouthful of blood. Flew out and fell heavily to the ground.

In the process of flying backwards, he was shocked to see the face of the person who shot.

It's not just him.

The three princes Liu Yuanxin, as well as Kuching, Geng Deyuan and others who were present also saw the appearance of the incoming person. The anger on his face instantly solidified, his face turned pale, and his robe was instantly wet with cold sweat.

I saw the person who appeared in front of Qin Chen, wearing the armor of the Guards, with a square face, sharp eyes like a sword, with a look of self-prestige, and he was the commander of the Guards of the Dawei Dynasty, Xiong Zhenfeng!

However, the person who had been blocked by the commander of the three prince Zongwei before had an extremely gloomy expression, but it was Fei Leng, the chief alchemist of the palace, who made an urgent move!

Behind the two, I saw a large group of people, surrounded by a majestic middle-aged man, walking slowly into the black prison area.

The leading man didn't necessarily look so mighty, but he had an unspeakable domineering aura that suddenly revealed.

"You are so bold, you dare to disobey your majesty's order, do you want to resist the decree and disrespect and be punishable by the nine races?"

Ouchi Chief Huang Huan stepped forward angrily and screamed at the many city guards who were still stunned on the field, and the whole body was shaking with popularity.

He couldn't imagine that after his Majesty's order, these city guards would never stop and even dare to do something.

"Xin'er, you are very prestigious, and Patriarch Leng, when, the Dynasty City Guard, is your Leng Family's private prison?"

Liu Xuanrui stepped forward and looked at the messy dark prison area coldly, with unconcealed anger in his eyes.

"Father, you, why are you here?"

With a bang, the third prince turned pale and knelt down suddenly.

"Your Majesty... Your Majesty!"

Flop!

But seeing Leng Feifan, Kuching and others, knelt on the ground instantly.

"Long live my emperor, long live long live!"

They trembled all over, their hearts were terrified, and their bodies were instantly soaked in cold sweat.

Everyone trembled in their hearts, not understanding why Liu Xuanrui came here suddenly.

The many city guards on the field were even more frightened, smashing their foreheads to the cold ground, not daring to raise their heads.

With their status and status, the opportunity to face saints that was never available before, the biggest dream in my heart is to be summoned by your majesty, but I did not expect that the first time I saw my majesty in this life was actually on this occasion, and in this way In one case.

The leaders of the city guards such as Geng Deyuan and Guan Wei were panicked and trembled.

"The veteran is guilty and failed to manage the city's security department. Please also be guilty."

Seeing the embarrassing scene in the black jail area, Liu Cheng, the director of the City Health Department who came with Liu Xuanrui, only felt that his eyes were dark, he knelt down with a thump, and kept kowtow.

But Liu Xuanrui didn't pay attention to them at all, just looked into the dark prison.

I saw a young man standing there in the black jail, holding a rusty sword, facing the sudden crowd, without any panic or surprise in his eyes, as if their arrival could not bring the slightest fluctuation to his mind. .

"Are you the disciple Qin Chen from Five Nations?"

Liu Xuanrui asked in a deep voice.

A heart, but suddenly loose.

On Qin Chen, he didn't see any obvious wounds, he finally arrived in time.

"Are you the emperor of this powerful dynasty?"

Qin Chen looked at the majestic and domineering middle-aged man in front of him, and said calmly.

"Bold, to your Majesty, how dare you disrespect..."

Huang Huan's face changed, and he scolded, but Liu Xuanrui waved his hand to stop him.

At this moment, Liu Xuanrui and Qin Chen looked at each other, their hearts suddenly stunned.

It was the first time he saw a teenager so shocked.

Facing him as the emperor of the Dawei Dynasty, he didn't have the slightest shock or fear on his face. Some, it was just a calm, aloof attitude.

That kind of feeling, as if the lord of the dynasty is in front of him, it is nothing ordinary,

"This is not easy!"

Such a thought came to Liu Xuanrui's mind in an instant.

At this moment, he strengthened his guess.

If Qin Chen was really just an ordinary five-nation teenager, would he not have any mood swings after seeing him?

That detached look, it was clear that only some heaven-defying figures who had seen a wider world could be revealed.

The whole process was long in an instant, but in fact it was only a moment, so that Liu Xuanrui instantly understood that this son is definitely not a leisurely time.

"Master Qin, I, I'm late and make you suffer..."

With self-blame on his face, Liu Xuanrui hurriedly stepped forward two steps into the black jail, and said to Qin Chen, self-blaming.

The tone and attitude were extremely sincere, allowing people to clearly feel the self-blame emotion in Liu Xuanrui's heart.

Such a scene instantly stunned everyone on the court.

The emperor of the dignified dynasty was so respectful to a young man from five countries, and even vaguely apologized.

This... everyone couldn't help taking a breath.

I suffered an unprecedented shock inside.

As soon as Liu Xuanrui said this, Liu Yuanxin and the others who knelt down suddenly sank in their hearts, as if they had fallen into an endless valley.

Your Majesty, a majestic dynasty, had such an attitude towards Qin Chen. What does this mean?

They are probably about to face an unprecedented crisis.

Suddenly, many people were panicked and shivered uncontrollably.

"Can any of you tell me, what is going on here?"

Lifting his head, Liu Xuanrui looked at the city guard who was kneeling in front of him, and said in a cold tone.

"This....."

Everyone is concluding, not knowing what to say.

"Xin'er, come and tell me, as the prince, why are you here?"

Seeing that no one was speaking, Liu Xuanrui looked at the third prince with cold eyes.

"Father..." The three princes had a heartbeat, swallowed, and his mind jumped to death, and even said: "The reason why the son is here is because of the news from the Kuching leader of the city security department. There was a young man named Qin Chen who violated the laws of the dynasty and slaughtered the people of my dynasty, and the city guard arrested him.

After taking it, unexpectedly Dan Ge came to the City Guard Office forcefully, to forcibly rescue the illegal young man, the City Guard Office couldn't bear Dan Ge's pressure, so I wanted Erchen to come forward. "When I received the news, I was naturally furious in my heart, thinking of my powerful dynasty, which has been established for thousands of years, and has always ruled the country by law. How can it be that the other party is a member of the Dan Pavilion, so he can corrupt the law? Ignoring the laws of the dynasty, I came to the city guard office just to figure out the ins and outs of things and give me back

Towards a bright universe. "

The third prince said hurriedly. I have to say that these three princes are quite talented, and in just a few moments, they rounded out why he appeared here, and gave people a loyal attitude that he was dedicated to the dynasty.

### [Chapter 763: Eye-opener](#)

"Returning my great dynasty, Xin'er, you really have a good intentions."

Liu Xuanrui sneered and said, in the news he got, it was not such information.

"Emperor father, as the prince, the princes should share the burden for the emperor. This is what the princes should do." The third prince respectfully said.

It seemed that Liu Xuanrui was complimenting him.

There was a hint of disappointment in Liu Xuanrui's eyes.

To be honest, among many princes, his most optimistic is the third prince Liu Yuanxin.

The methods are tough, and his temper is quite like him, except that he is somewhat overbearing towards the bottom people.

Others, he admired very much, and he also cultivated him as a few successors.

But today, Liu Xuanrui was extremely disappointed.

Even if you are an idiot, you can see that Liu Yuanxin can appear here, it will definitely not be that simple.

But he actually answered himself like that.

Do you really think that your monarch is an idiot?

With a sneer, Liu Xuanrui did not reveal Liu Yuanxin, but looked at Leng Feihua. "Patriarch Leng, your Excellency is so Yaxing, you deserve to be the top wealthy of my Dawei dynasty, with great means. This city guard's black prison area is the main place for my Dawei dynasty to imprison important criminals. Like my own home, hehe, even dare to do anything in this dark prison area, even

I don't care about my orders, I really admire them. "

Liu Xuanrui narrowed his eyes and said.

"Your Majesty...this..."

The cold sweat behind Leng Feihua came out in an instant, "You have misunderstood. I have appeared here just to assist the City Guards in the investigation."

"Assist in the investigation of the City Guard?" Liu Xuanrui sneered. "Exactly." Leng Feihua wiped the sweat from his forehead, and even said: "Your Majesty, this son, from the five countries, is extremely hostile to my Dawei Dynasty. When he was in the ancient southern capital outside Xuanzhou, he used to treat me very much. The Wei Dynasty Xuanzhou Liuxianzong and other forces acted to seize the opportunity of the Wei Dynasty Dynasty. Today, this son is coming

After arriving in the imperial city, he even slaughtered, directly slaughtering all the Feng family masters, with cruel and heinous methods. "

"I appeared here because the Feng family had some business dealings with my Leng family, and my Leng family manager Leng Ming was also an eyewitness at the time, so the leader of Kuching summoned me to wait, just to investigate the destruction of the Feng family. The truth." "As for the previous action, this person was bold enough to resist the law, and even wounded the leader of Kuching and Geng Deyuan, and wanted to escape from prison. As a dynasty citizen, he naturally assisted the dynasty law enforcement agency. The duty to capture the gangster, only then took action to stop this son. His Majesty entered

Here, I just thought it was this helper who appeared, so he ran into Xiong Commander. If there is any offense, please forgive your Majesty and Xiong Commander. "

Leng Feifei became more calm as he spoke. In the end, his face was calm and he even believed what he said and did.

Even Qin Chen admired this extraordinary coldness.

Leng Feifan and the three princes opened their mouths and reversed black and white, and they used it so thoroughly. If he weren't the person involved, he wouldn't even be able to tell the truth from the false.

"How about you guys, what do you have to say?"

Finally, Liu Xuanrui looked towards Kuching, Geng Deyuan and others. "Your Majesty, the facts are just like what the three princes and the Leng family said, this son is the murderer of the Feng family of the imperial family. I only brought him back to investigate the situation. Unexpectedly, this person refused to cooperate. Moreover, the ministers were wounded, and the ministers had no choice but to use force to arrest them.

The son will even alarm your majesty, please give your majesty a lesson. "

Kuching and Geng Deyuan shivered, sweating profusely, and kept kowtow.

At the same time, he also handed over a confession: "Your Majesty, this is the testimony of some guests who were guests at Feng's house at that time. This son was frantic and murdered the Feng's family and slaughtered dozens of people in the Feng's family. His sins were extremely heinous!"

They thought that Liu Xuanrui came here because he had received news from Fei Leng and knew that Qin Chen was a distinguished guest of Pill Pavilion Master Zhuo Qingfeng, so he came hastily in order not to sin Pill Pavilion.

In other words, Liu Xuanrui didn't know much about Qin Chen, as long as he held the truth, it showed that he was acting in accordance with the laws of the dynasty.

Although it will anger your majesty, at least it can save his life.

Took the testimony.

Sure enough, there were testimonies from some guests attending the Feng family's wedding banquet, saying that Qin Chen's methods were cruel, unscrupulous, and slaughtered at the Feng family, and tortured the innocent Feng family.

Liu Xuanrui's eyes instantly became extremely cold.

"Okay, what a city guard, what a city guard department, it's really a good case, tsk tsk, this testimony, this process is really impeccable, just like the real thing."

Liu Xuanrui held the false testimony of the City Guards Department in his hand, and laughed in anger.

After reading the Qin Chen information investigated by Shadow Guard, he naturally understood the conflict between Qin Chen and Feng's family.

But the testimony from this city's security department was completely upside-down, and there was a world of difference.

"Are you sure this testimony is true?" Liu Xuanrui said coldly.

"Your Majesty, it is naturally true, and please give your majesty a lesson."

Kuching and others said tremblingly.

"Okay, okay, so according to what you said, the other piece of information in my hand is fake?"

Raising his hand, the information of Qin Chen and Feng family that Shadow Guard was investigating instantly lined up in front of Liu Yuanxin and others.

After seeing what was written above, the faces of Kuching and others turned pale instantly.

If they don't know that Liu Xuanrui is here long ago, then they are too idiot.

Immediately, "Boom, dong, bang," squatted his head desperately, and said in panic: "Your Majesty, I'm waiting to be wronged. These testimonies are provided by those guests, and the subordinates don't know whether they are true or false. ."

Kuching and the others slammed on the ground frantically, bleeding from their foreheads instantly.

"Forgive me? My City Guard, with you guys, I am really eye-opening today." Liu Xuanrui's eyes were cold.

If at the beginning, he was worried about Qin Chen's identity, considering the influence of Pill Pavilion, Device Hall, and Bloodline Holy Land to rescue Qin Chen, then now, his heart is really as angry as fire.

It's black, it's too dark, it's simply too dark, he can't imagine that the place of his dynasty's imperial city can be blacked like this, then the rest of the dynasty, I don't know what it will look like.

This is the dynasty of his Liu family.

Seeing Liu Xuanrui's appearance, the third prince Liu Yuanxin's brows jumped three times, panic in his heart.

As the prince of Liu Xuanrui, Liu Yuanxin knew his father well. The appearance of Liu Xuanrui was clearly irritated, and Thunder was furious.

#### [Chapter 764: At your disposal](#)

"Asshole thing, it turns out that you did not investigate clearly, so you arrested Master Qin and took him directly into the black jail area, trying to torture him. If it weren't for the father, Mingjian, even I would be kept in the dark and even offended. Dan Ge, in my dynasty, there are people like you who ignore the king's law, Jane

The main hall is blind. "

Liu Yuanxin suddenly came in front of Kuching and Geng Deyuan and kicked them fiercely. There was a sound of broken bones, and the two dared not resist, spurting blood and withering to the ground.

Then the three princes knelt down on one knee and said angrily: "Father, this matter was deceived by this Kuching leader and they were not aware of this matter. However, after receiving the news, the children were not able to see clearly. When several people took advantage of it, the children and ministers could not shirk their blame, and asked the emperor to punish him."

Liu Yuanxin gritted his teeth with an aggrieved and gnashing appearance, as if he was really kept in the dark. After knowing the truth, he was righteous and asked for punishment.

Liu Xuanrui sighed quietly when he saw it.

Originally, among the princes, he was most optimistic about Liu Yuanxin, because Liu Yuanxin's methods were decisive, decisive in doing things, and had a kind of temperament as a gentleman.

And with outstanding talent, Liu Xuanrui has always deliberately exercised Liu Yuanxin as his successor.

However, Liu Yuanxin's performance in this matter disappointed him.

Liu Xuanrui didn't expect that at this point, Liu Yuanxin would still shirk responsibility, pretending that he didn't know.

Does he really think that he, a monarch, is blind?

Without the order of his three princes, a commander and deputy commander of the City Guards Department would really dare to be so lawless? Ignoring Dange and other three high-level forces, arrogant and domineering?

For the first time, Liu Xuanrui's expectations of Liu Yuanxin fell to the bottom in an instant. He did not pay attention to Liu Yuanxin's plea at all, and then turned to look at Qin Chen on the side, and said sincerely: "Master Qin, now the truth has come to light, and you have been wronged. As a monarch of the powerful dynasty, in this matter, I have an unshirkable responsibility. If I apologize, I won't say much, saying

Too much is empty talk. I only have one promise. I will give you a satisfactory explanation on this matter."  
"

Qin Chen didn't expect that the second hand he arranged would cause the Emperor Liu Xuanrui of the Dawei Dynasty to come in person and apologize to himself.

If a monarch can do this, even if Qin Chen suffers a bit of grievance, he will not care. What's more, here, he hasn't suffered at all, but he has food and drink, and is very leisurely. "Your Majesty, the forest is big and there are all kinds of birds. The City Guards Department is in charge of the imperial city punishment, and it is inevitable that there are several scums. Fortunately, Captain Tian in the black prison area is upright and has not figured out the matter. Before the truth, fight against Deputy Commander Geng and Commander Gu, so as not to torture me.

, But let Qin do not suffer much! "

"Captain Tian?" Liu Xuanrui was taken aback. He didn't expect that there would be such a clumsy man in the city guard.

This was an unexpected surprise.

It's no wonder that after Qin Chen entered the black prison area, his body was so clean and he didn't seem to suffer any crime. There was such a thing in it.

Turning his head hurriedly, he asked, "I don't know who Captain Tian is talking about by Master Qin?"

"Your Majesty, Chen Tian Tan, the Captain of the Black Prison District of the City Guard, have seen your Majesty."

Seeing his majesty inquiring about himself, Tian Dan hurriedly raised his head, his body trembling with excitement, his head knocked down heavily.

"Tian Aiqing, no gift."

I saw Liu Xuanrui hurried forward and directly helped Tian Dan up: "This time, thanks to Tian Aiqing, I can bear the unhealthy trend of the City Guard, I am very pleased."

Tian Dan was so excited that he didn't know what to say, and he tremblingly said, "Your Majesty is serious, the minister just did what he should do."

"It's a good one who just did what he was supposed to do. My Dawei Dynasty wants to have more righteous people like Captain Tian." Liu Xuanrui patted Tian Dan's shoulder vigorously.

"Your Majesty, your subordinates will die."

Tian Dan knelt down again with excitement.

He is the captain of the city guard, and he can't even see the director of the city guard in normal times. When was the emperor of the Dawei Dynasty praised so much? The whole person was almost crying with excitement.

When he helped Qin Chen resist Kuching before, he thought he was dying.

Unexpectedly, the peaks will turn around and happiness will come so fast that the whole person almost fainted.

I just feel dizzy, and can't express anything except kneeling and kowtow.

Tian Dan's simple appearance caused Liu Xuanrui to smile knowingly.

Aside.

When Xiong Zhenfeng, Fei Leng and others saw this, they knew in their hearts that this Tianan might have a boundless future in the future.

And before that, the few city guards who had betrayed Tian Dan for the sake of their future, their intestines of regret were blue, and their faces were pale, and their hearts were panic.

"Master Qin, the truth is now clear. It is my Dawei Dynasty. I am sorry, Master. I don't know how Master Qin will deal with these city guards. Even if I speak, I will never have any objections."

Liu Xuanrui said coldly with a finger at Kuching and others who were kneeling down.

This can be regarded as a good friend of Qin Chen, and Qin Chen of the province complained about the dynasty.

After all, Qin Chen still needs to solve the matter of the three major forces.

"It's better to be respectful than fate."

Qin Chen didn't have any embarrassment, and came directly in front of Geng Deyuan, "Deputy Commander Geng, at the beginning, but said that he must kill Ben Shao. Now, Ben Shao is safe and dead. I am afraid that Geng is in charge of you."

"Spare, spare."

When Geng Deyuan heard this, his face turned pale, and he shouted in horror: "His Royal Highness, save me!"

"Master Qin, Deputy Commander Geng might have been deceived by others, why not..."

The third prince twitched his eyes and hurriedly spoke!

"Puff!"

It was just that before he finished speaking, the rust sword in Qin Chen's hand had already been cut down. The next moment, Geng Deyuan's begging for mercy stopped abruptly, and a head with wide eyes rose to the sky, blood splashing up to a foot high.

That decisive action made everyone's heart beat wildly, and their hearts felt cold.

At this time, the third prince hadn't even finished speaking, just opened his mouth and his eyes were frightened.

Ignoring other people's gazes, Qin Chen came to Kuching again, with a cold smile on his lips.

"No, you can't kill me." Kuching panicked, and suddenly climbed to the third prince: "His Royal Highness, save me, save me, I listen to your orders, and I am loyal to you. Your Highness..." Liu Yuanxin flashed a glimmer of cold light in his eyes, suddenly shattered the heart of Kuching with a palm, and said coldly: "This person privately mobilized the city guard, besieged the Dan pavilion, and destroyed the relationship between my dynasty and Dan pavilion. Framed Master Qin in jail, the crime deserves ten thousand deaths, the main hall was blinded by him earlier, and almost caused Master Qin to be wronged.

Today, I personally solved him, in order to behave like you. "

Liu Yuanxin said viciously.

Kuching's eyes widened in disbelief, staring at Liu Yuanxin, gurgling in his throat, but he couldn't say a word.

With his cultivation base, Liu Yuanxin couldn't kill him at all, but before His Majesty, he never thought that Liu Yuanxin would kill himself so viciously. "His Royal Highness the Three Princes is really cruel. Before Ben Shao, I just wanted to punish the Gu Commander a little. After all, he might have been deceived by Deputy Commander Geng. Unexpectedly, His Highness the Three Princes actually killed people directly. Haha, Ben Shao I really admire it. I just don't know if the three princes are really righteous

, Or do you want to hide something? "Qin Chen said with a sneer on his face.

[Chapter 765: Liu Xuanrui's ambition](#)

Qin Chen's words meant something, causing everyone to look at the three princes, suddenly becoming a little weird.

Those who can hold the position of position next to Liu Xuanrui are not idiots. Naturally, they can tell whether what the three princes said is true or false.

"Master Qin misunderstood." The three princes arched their hands to Qin Chen with a remorse: "The temple was deceived by this Kujin before, thinking that Master Qin was extremely sinful, so he had offended him before, so I ask Master Qin to do so. do not worry about it."

He was sincere, as if he really apologized to Qin Chen sincerely.

"Oh, is it? Then Geng Deyuan and the others said earlier that several of my friends have been favored by His Royal Highness the Three Princes. By then, once Ben Shao dies, these people will become the confinement of the Three Princes. It is also false. That's it?" Qin Chen said with a smile.

Hearing this, Liu Xuanrui and others also looked at them, with inexplicable coldness in their eyes.

The three princes turned pale, and even looked angry and said: "This Geng Deyuan, so courageous, dare to act recklessly and deliberately frame this prince. This palace is the prince of the powerful dynasty. How could such a thing be done? , Master Qin is aware of Qiu hao, he should not be deceived."

"Hehe." Qin Chen smiled coldly, without saying anything, and turned to Liu Xuanrui: "Your Majesty, the remaining people, let your Majesty handle it."

The remaining three princes and the Leng Patriarch were noble. They were definitely not something he could kill if he wanted to. Qin Chen wouldn't overtake him on behalf of him, and really killed them.

Liu Xuanrui breathed a sigh of relief, and said, "Okay, come here, take home Xin'er and Patriarch Leng, and finally the others will be taken to the prison, waiting for the loss."

"Yes!"

Xiong Zhenfeng immediately led a group of guards and walked up.

"Father."

The third prince turned pale and shouted.

"Your Majesty, Mr. Leng is only assisting in the investigation of the City Guard, there should be nothing wrong."

Leng Feifan also hurriedly spoke.

"Don't worry, Patriarch Leng said that he was only cooperating with the investigation, so naturally there is nothing wrong. It's just that Patriarch Leng had done a lot of work in our city's health department before. I, I, must investigate clearly and give the dynasty people an explanation." Liu Xuanrui snorted coldly. .

The Leng Family, one of the top three giants in the dynasty, had a seventh-order Wu Wang in charge, and had extremely close relations with the major forces of the dynasty. As Leng Feihua, as the Leng Family Patriarch, once caught, he might have a great influence.

Although Liu Xuanrui was a dynasty monarch, he didn't dare to move Leng Extraordinary at will.

Otherwise, it will cause dynasty unrest.

Leng Feihua's face was ugly. Since Liu Xuanrui had said so, he was alone, so naturally he was not good at resisting. He could only be taken away from the place by the guards led by Xiong Zhenfeng.

"Master Qin, you have suffered a lot in the city security office these few days. I won't bother you. I will handle the following matters. I don't know where Master Qin is going. I will send someone to send it. The master goes over."

"No need to send it."

Qin Chen waved his hand.

"How do you do it, Master Qin's safety is currently the first in my dynasty." Liu Xuanrui said righteously.

Qin Chen glanced at Liu Xuanrui and said with a faint smile: "If this is the case, then send me to the Dan Pavilion."

"Okay, Master Fei, you immediately send Master Qin back to the Pill Pavilion. You must ensure Master Qin's safety."

"Yes, Your Majesty!"

Fei Leng hurried forward: "Master Qin, please!"

Qin Chen nodded, and left the city guard office first.

After Qin Chen left, soon, a large group of city guards were taken down and investigated strictly.

"Your Majesty, how to deal with the matter here, as well as the Third Highness and Patriarch Leng?" Huang Huan asked nervously from the side.

"Hmph, this time, Xin'er was too troublesome and must be severely punished. As for the extraordinary coldness, relying on the strength of the Leng family, even my Dynasty City Guards Agency dared to intervene." Liu Xuanrui looked angry and changed to an ordinary person. , He was killed on the spot, but Leng Feifan's identity was so special that he couldn't even act rashly.

"But this time, the Leng family dared to intervene in the city guard office and caused such a big trouble to me. Although I can't kill him, I must let the Leng family bleed once, otherwise my royal family will have any dignity to stand on. "Liu Xuanrui said viciously.

If possible, he even wished to get rid of the so-called three giants and the Zongmen Alliance from the Dawei Dynasty.

These forces seem to be prospering the Dawei Dynasty on the surface, but in fact, they are desperately sucking the blood of the Dawei Dynasty like a leech, and are the source of the dynasty's turmoil.

It's just that although the royal family is strong, it has no ability to resist the Leng Family and the Zongmen Alliance and many other forces. They can only watch their development and expansion in the dynasty and show off their power.

Liu Xuanrui can also be regarded as a hero, and he wants to develop the Dawei Dynasty, expand the influence of the Dawei Dynasty in the land of the hundred dynasties, and make the Dawei Dynasty the hegemonic power of the land of the hundred dynasties.

It is a pity that since the moment he took the throne, over the years, he has been exhausted dealing with the major forces and exhausted.

What made him even more desperate was that after more than ten years, he had not even been able to contain the Leng Family and other forces, but instead allowed the Leng Family and other forces to expand and become stronger.

"Back then, the imperial family acquiesced that the Leng family and other forces acted on the original family. Originally, they wanted to let the so-called wealthy powers chaotic infighting, and the royal family would take advantage of the fisherman's profits, but they did not expect to cultivate a Leng family that was even more hateful than the original family. , I knew that, I should have intervened in the original family's affairs back then instead of letting it go..."

Liu Xuanrui sighed. He was only the prince about the original family back then. He didn't think there was anything wrong with what the royal family did. Looking back now, he regrets it.

The destruction of the original family is definitely the source of the imperial family becoming more and more strenuous and the Leng family and other power alliances becoming stronger and stronger in the past few decades.

When Liu Xuanrui was depressed, Qin Chen returned to the Pill Pavilion under the \*\*\*\* of Fei Leng.

Seeing Qin Chen appear, Elder Xu Bo and the others were all stunned, one by one was ecstatic, and then, You Qianxue and others also appeared one after another.

With her eyes facing each other, You Qianxue plunged into Qin Chen's arms, crying nonstop.

Zi Xun and Zhao Lingshan watched from the sidelines, tears flowed, and they surrounded them.

These days, they were worried about Qin Chen's fear, and they couldn't settle down at all. They even had the urge to rush to the City Guard Office to rescue Qin Chen. Now they suddenly see Qin Chen coming back safely, how can they remain calm in their hearts.

Immediately afterwards, Pavilion Master Zhuo Qingfeng who received the news also ran out excitedly, and even welcomed Qin Chen into the Pill Pavilion.

Upon seeing this, Fei Leng also went back and went back in peace.

At this time, the entire city health department experienced a huge earthquake.

Although Kuching and Geng Deyuan who participated in this operation had been beheaded, the news that the two were beheaded for malfeasance was announced by the royal family and spread throughout the entire city in an instant.

#### [Chapter 766: Imperial city sensation](#)

In the notice, the incident was elaborated in more detail.

Those responsible for many problems were also punished.

For example, Liu Cheng, the director of the City Health Department, failed to perform his duties and was directly revoked from the post of the director of the City Health Department. The leader of Kuching and the deputy commander Geng Deyuan, and the captain Guan Wei who personally captured Qin Chen, trampled on the dynasty because of embezzlement and breaking the law. The law was executed on the spot.

At the same time, there were also some city guards who had carried out violence against Qin Chen.

Wei Shuangcheng, the deputy commander of the black jail district, was removed from the post of deputy commander because of a crime committed on duty.

Even Liu Yuanxin, the third prince, was confined for three months and was punished for participating.

The owner of the Leng family, Leng Feifan, was also temporarily placed in custody and under investigation for interfering in official affairs of the City Health Department.

In addition, not everyone has been punished. For example, Tian Dan, the former head of the black prison area of the City Health Department, was appointed as the deputy commander of the City Health Department because of fair law enforcement, and temporarily acted as the leader of Gu. Several consecutive upgrades.

As soon as this announcement came out, the entire imperial city shook and trembled.

All the forces were dumbfounded and shocked.

Especially when they participated in the Feng family wedding, some of the forces who knew the ins and outs of the matter were even more stunned and completely stunned.

They all knew that after Qin Chen wiped out the Feng family, the Leng family would definitely not give up. On the surface, this incident seemed to be a conflict between the City Guard and Qin Chen, but in fact, it was the Leng family and Qin Chenzhi. The confrontation between.

In everyone's imagination, Qin Chen, a small five-nation disciple, dared to offend the Leng family so much, and the final result would be extremely miserable.

But the outcome was beyond everyone's expectations.

Qin Chen was safe and sound, but the Leng Family Patriarch was arrested and under investigation.

Let everyone be surprised.

Some people even got news that after Qin Chen was taken away by the City Guard, the Pill Pavilion, the Hall of Vessels, and the Bloodline Holy Land had all exerted pressure on the City Guard, so that everyone was dumbfounded, but they couldn't understand it and looked bewildered.

In the palace.

With a bang, the third prince Liu Yuanxin fiercely smashed the cup in front of him, looking extremely hideous.

"Unexpectedly, this Qin Chen is so hidden, so that so many people in the Pill Pavilion, the Palace of Vessels, and the Holy Land of Blood could intercede for him, causing my impression of my father to drop and I was imprisoned for three months."

At this moment, Liu Yuanxin couldn't help but regret deeply.

He never thought that Qin Chen, such a small five-nation disciple, would have such a background. If he had known that there would be such consequences, he would not get involved in this matter anyway.

Originally, all this was just a conflict between Leng Family and Qin Chen, but he insisted on intervening, which finally led to such a consequence.

It's a pity that I regret it now, all this is irreversible.

He could even imagine how big a sensation would be caused in the court when the news of his foot restraint spreads out. He has always been favored by his father and is almost hailed as the prince of the next Emperor of the Dawei Dynasty. How much popularity will be lost.

And all this was just caused by his coveting a few disciples from the Five Nations.

"Damn it, it was Qin Chen who harmed me. Maybe all of this was the main hall designed by the fifth brother. Otherwise, how could a small five-nation untouchable attract the three big pill pavilions, device halls, and blood sacred grounds? The attention of the forces."

Liu Yuanxin had a hideous face and added all these results to Qin Chen.

"Damn boy, wait, I'm Liu Yuanxin, I won't just let it go."

The third prince gritted his teeth and roared, his nails sinking deeply into his palms.

At this time, Leng's family was also caught in turmoil.

The owner of the family was imprisoned. For the Leng family, the sky was undoubtedly falling.

After many elders discussed, the first time they informed the ancestor Lengpaigong of the Leng family who was in retreat.

As for Leng Po Gong, who was disturbed by the retreat, after learning the ins and outs of the matter, his face suddenly became gloomy and terrifying, and the atmosphere seemed extremely depressed.

"A bunch of trash, even a disciple from the Five Nations can't solve it, and even ruined the old man's retreat. Do you guys all eat shit?"

Leng Pogong swept across the group of people coldly and scolded in a cold voice.

Feeling the gaze of Leng Pogong as substantial, many of the elders of the Leng family couldn't help but feel a chill, cold sweat shed.

"Old ancestor, we didn't expect that the kid could provoke the three powers of Pill Pavilion, Device Hall, and Bloodline Sacred Ground to intercede, and in the end even Liu Xuanrui was alarmed."

Several elders said tremblingly, shifting the responsibility to the Pill Pavilion, the Hall of Instruments and the Holy Land of Bloodline.

"Arouse these three forces to intercede?" Leng Pogong frowned, and said: "How is this possible! Didn't you say that the kid was just a disciple of the Five Nations? How could it provoke such a violent reaction from the three forces? "

"Ancestor, the villain doesn't know, but according to the information we got, it is indeed the three major forces that are making troubles, which has attracted Liu Xuanrui's attention."

Leng Ming said in a hurry, gritted their teeth with hatred towards Qin Chen. If it weren't for Qin Chen's reasons, how could their Patriarch be detained by the Royal Family, let alone Qin Chen destroyed the Feng Family under their Leng Family.

In their hearts, they would never consider that if they hadn't first attacked Qin Chen's friends and coveted their inheritance, how would Qin Chen deal with the Feng family?

Perhaps in their minds, Qin Chen, such a five-nation untouchable, should be bullied by them.

Leng Pogong frowned when he saw the expressions of the people, and saw that their expressions were not fake.

As a seventh-order martial king, the person in charge of the Leng family for many years, Leng Po Gong's structure of the imperial city is probably better than anyone else.

The three powers of Pill Pavilion, Device Hall, and Bloodline Holy Land have always been alone, and they are rarely related to each other. How could they come forward for a young man at the same time?

Perhaps there is only one possibility that can cause this situation, and that is that the royal family is setting up a situation.

If this Qin Chen is a member of the royal family, all of this is a good show performed by the royal family and the three major forces. Only in this way can it make sense.

"Could it be that my Leng family is strong, and Liu Xuanrui deliberately wants to \*\*\*\* us?"

Leng Pogong's eyes narrowed, and a cold glow shot from his eyes.

This is not impossible. Over the years, the Leng family has continued to develop and has even surpassed the original family back then. If the royal family is most afraid of whom, it is definitely their Leng family.

"This little trick also wants to bring down our Leng family? Then Liu Xuanrui is too naive."

Leng Po Gong gave a cold snort.

With the current power of the Leng Family, Liu Xuanrui's desire to move them is tantamount to idiotic dreams, unless the other party does not care about the life and death of the Dawei Dynasty.

When his Leng family and the forces behind them unite, I am afraid that the entire Dawei dynasty will be instantly torn apart.

After all, their Leng family's alliance now holds at least 50% of the economic lifeline of the entire dynasty. In such a world, whoever controls the economy is the real king.

[Chapter 767: Ripped off](#)

What's more, the royal family didn't have much advantage in real military power.

Only this time, Leng's family has fallen into a disadvantage, and Leng Feihua has also been taken by the royal family. It is almost impossible to rescue Leng Feihua without paying a price.

"You are waiting here, the old man goes to the palace and talks to the old man Liu Xuanrui, first save the extraordinary."

With a cold snort, Leng Pogong knew that he had no clue if he continued to think about it, so he immediately left Leng's house and headed directly to the palace.

In the palace.

After learning the news of Leng Pogong's arrival, Liu Xuanrui summoned him for the first time.

"Old man Leng Pogong, I have seen your Majesty." After entering the hall, Leng Pogong arched his hand towards Liu Xuanrui, and said directly angrily: "Your Majesty, the old man came here this time and heard about my Leng Family Patriarch Leng Feifan. Was imprisoned by your majesty in the sky prison. I don't know what crime my Patriarch Leng committed, and he needs to be detained as a prisoner by your majesty.

."

Leng Pogong's voice was loud, with a questioning tone, and the deafening voice echoed in the hall, giving people a feeling of tinnitus and dizziness.

In Tianwu Continent, martial arts are respected.

In the entire Dawei dynasty, the top of the ranks was the Wu Wang Qiang, Leng Po Gong, as the veteran Wu Wang of the Leng family, did not have the slightest fear even when facing Liu Xuanrui.

Because he knew very well that with the strength of the royal family, he couldn't help it.

Seeing that Leng Pogong came in, so arrogant, even with a questioning tone, the general manager Huang beside Liu Xuanrui turned pale with anger, and he scolded: "Leng Pogong, this is the Palace of Discussion, respect your Majesty. "

Leng Pogong glanced at Huang Huan disdainfully, and snorted coldly: "It's just an eunuch, the old man is talking to your majesty, is it your turn to interrupt?" "You... presumptuous!" Huang Huan trembled with anger and thought. What he said was stopped by Liu Xuanrui raising his hand. Liu Xuanrui smiled and said, "Patriarch Leng does not have to be angry. The reason why my royal family put Patriarch Leng Feihua in custody is because he intervened in our city's security department to handle the case, causing my royal family to anger Dan Court

The three major powers, the Hall of Equipment and the Holy Land of Blood, are now severing the cooperation with our royal family. In order to calm the anger of the three major powers, I cannot do anything. "

Liu Xuanrui smiled, but his heart was extremely angry.

Leng family is too proud of it.

Even if Leng Pogong is a powerful king of Wu, Liu Xuanrui, after all, is the emperor of the Dawei Dynasty, the emperor is mighty, how could he allow others to be so abused. "There is no way?" Leng Pogong snorted coldly, "The three major forces are aimed at the royal family. It is a matter of the royal family. I shouldn't use my Leng family to give off anger. The old man has heard that I am the master of Leng Jia Leng Extraordinary, but It's just to cooperate with the City Guard's investigation. Even if something goes wrong, the fault lies with the City Guard.

How can it be punished on my Leng family. "

Liu Xuanrui smiled slightly: "If Patriarch Leng really cooperates with the investigation of the City Guard, then I will naturally not target Patriarch Leng, but according to my investigation, it seems that it is not that simple."

As he said, Liu Xuanrui directly took out a letter from his body and threw it into Leng Pogong's hands: "This is a letter from Patriarch Leng Feihua to Deputy Commander Geng of the City Guard. It's not like what you said, just for cooperation. survey."

Leng Pogong opened it up and saw that there was Leng Feifan's order to Geng Deyuan, asking him to keep Qin Chen under the custody and never let anyone save him.

Leng Pogong's face sank, and in his heart he wished to have the heart that Leng Feihua had split. This Leng Feihua, doing things so rough, actually left such things as beliefs by people, it was a pig's brain.

With a suffocating expression, Leng Pogong said solemnly, "Your Majesty, this may be because he is eager to punish the enemy. After all, Qin Chen has killed many Feng family masters. The Feng family and my Leng family have a very close and extraordinary relationship. He was anxious for a while, so he violated the rules, but it doesn't mean anything." "No matter what he can represent, Master Leng, he did break the laws of my dynasty, and even fought against others at our city's security office. If it weren't for me to arrive in time, Master Qin was almost severely injured and fell, my royal family, can't I just ignore it, right?" Liu Xuanrui's tone suddenly became cold.

Get cold.

"The prince broke the law, and even guilty with the common people. As a citizen of my powerful dynasty, how can Patriarch Leng trample on the laws of my dynasty? Or does Patriarch Leng have no regard for the laws of my powerful dynasty?"

Liu Xuanrui suddenly released an icy chill.

"Your Majesty has misunderstood, my Leng family is a dynasty family, so naturally I have to abide by the dynasty laws." Leng Pogong's face was stagnant, he didn't dare to accept this charge.

Although Leng's family is not afraid of the royal family, it is not the time to break the skin with the royal family.

"Since my Leng family is responsible for this incident, my Leng family will naturally not stay out of the matter. I just don't know what your Majesty will do to release the extraordinary." Leng Pogong said solemnly.

"I can't be the master of this matter. After all, this matter was caused by Master Qin. I have also asked Master Qin. As long as Patriarch Leng prepares these items on the list, we will give up."

Having said that, Liu Xuanrui handed over a list again.

Taking a casual glance, Leng Pogong's gaze suddenly condensed: "The seventh-order Hua Zhuguo, the seventh-order Dragonheart, the sixth-order clover purple leaf... These... these are the best elixir, that guy is holding the bargain! "

Leng Pogong said angrily.

These elixirs are extremely rare, each of which can be called a sky-high price. Although Leng's family has been operating the pill business and accumulated infinite wealth for so many years, it would hurt the bones and nerves to take out these elixir all at once. Liu Xuanrui shook his head: "Lao Patriarch Leng, these are all mentioned by Master Qin on behalf of the three major forces. I am just an intermediary. Patriarch Leng should be aware that this matter has affected the operation of my dynasty. Patriarch Leng did not prepare these things to calm Master Qin

In order to restore the three major forces, I am afraid that I will do something that can't stand up to Patriarch Leng Feifan. At that time, please forgive me. Seeing Leng Pogong's head up and wanting to say something, Liu Xuanrui even waved his hand and said, "Don't say that the old Patriarch Leng doesn't have any elixir on it. I remember that when the Leng Family dealt with the Yuan Family, a large part of the original family's things were entered. The Leng family's treasure is in the treasure, I don't believe it.

Can't get it out. "

"Of course, the old Patriarch Leng can also ignore it, but my royal family, I am afraid that in order to save the three forces, I have to do something to hurt the Leng family."

Liu Xuanrui's tone was calm.

But let Leng Pogong's heart startled.

He knew that Liu Xuanrui was really angry.

If it were for someone else, he would have torn the list in his hand directly, but now he is facing Liu Xuanrui, the current majesty of the Dawei Dynasty, not to mention, the Patriarch of the Leng Family, who is still in the hands of the royal family. . Tearing up the list is tantamount to tearing up the skin with the royal family.

#### [Chapter 768: Heavy bleeding](#)

His face changed several times, and Leng Pogong finally said solemnly: "Okay, okay, okay, my Leng family has accepted it today. I will find a way to collect the items in this list, but I don't know if it's as your Majesty said. As long as I gather the things in it, I can put Leng Jinghuan?"

Liu Xuanrui said lightly: "Then wait until the old Patriarch Leng has gathered the items in the list."

"The old man will leave first."

Seeing that Liu Xuanrui had no desire to continue speaking, he gave up his hand in cold power, ignored Liu Xuanrui, and left the hall directly.

"Your Majesty, this Leng Po Gong is simply too arrogant. Relying on being a master of the Martial King, what kind of place do you consider the palace? It's too presumptuous."

As soon as Leng Pogong left, Huang Huan roared angrily.

Eunuch?

Huang Huan, as the chief executive of the Oiji, was so insulted when he was so angry that his face turned pale, and the anger in his heart could not be suppressed.

Liu Xuanrui sighed, his expression gloomy and terrifying.

Leng Pogong's arrogance indeed made him very angry, but Liu Xuanrui knew very well that with the current strength of the Dawei Dynasty, he could not move the Leng family at all.

Once moved but not destroyed, it will be a huge disaster for the Dawei Dynasty.

The Leng family, whether in terms of economy or strength, is a force that makes the royal family extremely jealous. Liu Xuanrui had long wanted to impose sanctions on the Leng family, but he couldn't think of a safer way, so he could only keep on dragging it. But now it seems that the more it drags on, the more arrogant the Leng family is. Once the Leng family takes the entire Dawei dynasty is in control of his lifeline. Isn't it his royal family Liu's family?

Live by the breath of Leng's family?

Thinking of this, Liu Xuanrui's heart became even more gloomy.

Seeing Liu Xuanrui's gloomy expression, Huang Huan didn't understand the pain in the other party's heart, and said: "Your Majesty, don't worry, Master Qin, but Nangong Ligui President and they all respect very respectful characters. Now the Leng Family has offended him, for sure. Can't eat it and walk around."

"Master Qin?"

Liu Xuanrui's eyes lit up.

"I don't know who is from Master Qin? Now that the Leng family has offended Master Qin, if Master Qin is dissatisfied with the Leng family, maybe the Leng family will suffer a big loss."

Liu Xuanrui secretly looked forward to it.

At this time, Leng Pogong had also returned to the Leng Family Mansion.

"Ancestor, how is it? What about the master?"

A group of elders gathered around, seeing that Leng Feifan had not returned with Leng Pogong, and their expressions changed slightly.

"You are going to place the items in this list."

"what is this?"

When several elders saw it, their expressions suddenly changed, and none of the items in this list were not rare elixir.

"Liu Xuanrui said, only by taking out the items in this list can Leng Feihua be released."

Leng Pogong said with a cold snort, his murderous intent skyrocketed.

His dignified Leng family ancestor, when was he threatened so much?

"What? Even if this thing is collected by our Leng family, it will have to bleed once, so Liu Xuanrui is so arrogant?"

"Ancestor, have you all come forward, so Lao Liu won't let the Patriarch go?"

"In my opinion, it's better to show Lao Liu a little bit of color, otherwise you really think our Leng family is really bullying?"

A group of Leng elders shouted angrily, as if they were wronged.

"It's not right." Leng Pogong said with a cold snort: "Now, it is not the time to fall out with the dynasty. Although our Leng family has a lot of business in the dynasty, it has not been able to cover the sky with one hand. Once the snake is not dead, it will be unfortunate. It's us."

"Then do we just endure it like this?" an elder said angrily. "What do you think?" Leng Pogong looked at him coldly, "Listening to Mr. Liu, these things were all asked by Qin Chen. A small five-nation untouchable dare to take the opportunity to open his mouth and knock. The bamboo sticks of my Leng's family made him arrogant for a while, and then came to him to settle the account after he understood the matter.

When, the old man asked him to spit out all the meat and bones! "

After all, he was a resolute hero, Leng Pogong made up his mind and immediately used the Leng family's contacts to start collecting the elixir on the list.

The Dawei Dynasty is rich in products.

The items on the list were indeed brought out by Qin Chen when Liu Xuanrui asked how to punish the Leng family. It was also based on the actual situation of the Dawei Dynasty, and the elixir that he could use immediately after breaking through the realm of Wuzun, naturally It can be found by the Dawei Dynasty.

When looking around for the elixir on the list in the Leng family.

After Qin Chen recuperated in the Dan Pavilion for two days, he left the barrier.

In the past two days, in order to thank Pavilion Master Zhuo Qingfeng for his help, Qin Chen also gave Pavilion Master Zhuo some secret methods to restore true power.

However, Pavilion Master Zhuo fell into retreat directly under his excitement, and he has not yet left.

After Qin Chen's recuperation was over, the first time he went to visit the Qidian.

From You Qianxue and the others, Qin Chen also knew what had happened these days.

At the same time, I also understood that the reason why Liu Xuanrui was so aggressively slew to the City Guard Office. After arranging with him, the help of the head of the Palace of Vessels, Yelu Hongtao, and the guild leader of the Holy Land of Blood, Nangong Li, couldn't get rid of the relationship.

Qin Chen is a person who knows gratitude, so he went to visit Yelu Hongtao himself immediately.

The news that Qin Chen was released and that the City Guards Department was severely punished had spread throughout the imperial city these days.

Yelu Hongtao, as the master of the Hall of Tools, naturally wouldn't have heard of it. Although he was in a happy mood in the past two days, he was still a little worried. He wanted to go to the Dan Pavilion to find Qin Chen and ask questions. That cold fire condensed military skills.

However, he also knew that Qin Chen had just been released and it was not convenient to disturb him rashly, so he forcibly resisted not leaving, but waited in the palace of weapons.

Every day, I was suffering, and I felt like thousands of ants were crawling, dying in pain.

Seeing that he couldn't stand it any longer, he was about to kill Xiang Dan Ge when he got the news that Qin Chen had come to visit.

"Quickly, quickly, please come soon."

Excited, Yelu Hongtao almost didn't jump up, and hurriedly rushed towards the hall.

"Your Excellency is Master Qin?"

Although he already knew about Qin Chen's information, Yelu Hongtao was taken aback after seeing Qin Chen's real person.

This is too young, even far beyond his expectations.

Does this boy really have cold fire condensing weapons?

Originally, Yelu Hongtao was full of hope for Qin Chen, but after seeing the real person, his heart suddenly sank.

Being used by Qin Chen is nothing. What he fears the most is that the cold-fire condensing military skills he has been thinking about is just a dream.

When the dream wakes up, the hope is shattered.

"This is the Lord Yelu Hongtao, I have seen the Lord in Xia Qin Chen."

In the previous life, a sixth-order pinnacle refiner like Yelu Hongtao, in Qin Chen's eyes, was not ranked at all, and it was extremely difficult to even see him. But now, this is not what it used to be, Yelv Hongtao has a great kindness to him after all, and Qin Chen's attitude is also extremely respectful.

[Chapter 769: Extremely efficient](#)

"Master Qin, please inside."

Although Yelu Hongtao had doubts in his heart, he respectfully welcomed Qin Chen in.

The hot tea was poured, and before the two parties even started talking, Yelu Hongtao took out the second-order mysterious soldier that Qin Chen had refined at the beginning, and said in a deep voice, "Master Qin, this precious soldier is really you refined?"

There was a look of hope on his face, and his heart almost stopped beating, afraid that Qin Chen would say the word 'No'.

Qin Chen smiled faintly. Knowing the purpose of Yelu Hongtao, he directly took out a piece of paper from his body and said: "Hall Master Yelu Hongtao, the cold fire condensing weaponry you want is here."

"what?"

Yelu Hongtao tremblingly took over the order in Qin Chen's hand. He was so excited that he could no longer control himself. With a pair of eyes, he looked up at the order.

This look.

The lord of this Dawei Dynasty Tool Hall, a powerful figure in the Dawei Dynasty, was crying like a child!

She burst into tears instantly!

I saw on this list, in addition to the upper half of the Cold Fire Condensed Weapon that I had seen before, the lower half was also listed.

In the past few days, Yelu Hongtao has studied the upper part of this cold-fire condensed warcraft how many times, and at a glance, he can see that the lower part is absolutely true and there is nothing false.

"Lenghuo condensed military skills, the old man can see these secret techniques in his lifetime, it's worthy of this life."

Yelu Hongtao raised his head, tears running wild, and his heart was extremely excited.

"But it's just a small cold-fire condensed military technique, Palace Master Yelu, there is no need to be so excited." Qin Chen said with a smile.

"Little cold-fire condensed military skills?"

Yelu Hongtao blew his beard and stared. If it hadn't been for Qin Chen to use this secret technique, he would have been furious and drove Qin Chen out.

In the history of refining tools, the peculiar military training technique that has been known for eternity is actually called that, which is simply a blasphemy to the refining master.

Where did Yelu Hongtao know that this cold-fire condensing art of war is really nothing to Qin Chen. In Qin Chen's mind, there are not a hundred, but dozens of training techniques that are stronger than cold-fire condensing of war. .

And the reason why he used the cold-fire condensed warfare was only specially prepared after learning about Dao Yelu Hongtao's situation from the black slaves. "Hall Master Yelu, this cold-fire condensed

warfare list is on your side, but this young man hopes that this list should not be passed on unless the host has read it. After all, everyone is innocent. Its sin, if it is to let other refiners in the land of a hundred dynasties know that there is such an ancient military training

Technique, I'm afraid it will bring endless harm to the Lord. "

"Master Qin can rest assured that this cold-fire condensed military technique will not be seen by the second person except the old man. If it is violated, the old man will be thunderous and will not die."

Yelu Hongtao said solemnly.

"This is not necessary." Qin Chen smiled bitterly, but he didn't want Yelu Hongtao to swear this poisonous oath, and stood up and said: "Next, I won't bother the Lord Yelu Hongtao to study this cold-fire condensing art."

Yelu Hongtao was stunned. He thought that Qin Chen would take the opportunity to make some requests. He was already mentally prepared. No matter what Qin Chen asked, he tried his best to fulfill them.

Unexpectedly, Qin Chen didn't ask for anything, so he would leave.

"Wait, doesn't Master Qin have any other requirements?" Now, Yelu Hongtao couldn't hold back.

Although he also helped Qin Chen, he only exerted pressure on the imperial family through the Ding Qi Pavilion. In fact, there was no loss.

But this cold-fire-condensing military technique was an ancient lost refining technique, so I got it, and then there was no sign of it. Yelu Hongtao didn't pass it in his heart.

"Other requirements?" Qin Chen smiled faintly: "Hall Master Yelu, this young man came up today, but he was not here to make a request. Palace Master Yelu should first concentrate on studying this cold-fire condensed military technique. As for the request, maybe you I don't know how to cooperate in the future."

After all, Qin Chen left the device hall directly without looking back.

"Cooperation? Okay, if Master Qin has any needs at that time, despite the instructions, if the old man frowns, he is not a human being!"

Yelu Hongtao saw that Qin Chen really didn't ask for anything, and he was so touched. Then, the whole person quickly rushed to the refining room and shouted at each other: "The old man is going to retreat now, except for Master Qin. Don't disturb me."

The voice fell with a bang, and the door of the refining room was closed tightly, leaving only a few unknown devices in charge, staring at each other.

After leaving the Device Hall, Qin Chen went to the Holy Land of Bloodline immediately.

In the Holy Land of Blood, Nangong's performance is far more than that of Yelu Hongtao.

After seeing Qin Chen, he was extremely excited, and at the same time extremely nervous.

Naturally, Qin Chen wouldn't hold it. Knowing what President Nangong wanted, he directly taught the core part of the ancient blood technique to Nangong Li.

After hearing what Qin Chen taught, Nangong Li was equally grateful, and she almost cried with trembling.

When the dream he had been pursuing for so many years was getting farther and farther and couldn't be realized, Qin Chen directly gave him such a huge surprise.

He gave him the direction of his dream and named a clear path, which made him not excited.

"Master Qin, no matter what the master needs in the future, just come to the old man, even if you go up the sword mountain or go down the fire, the old man will never frown."

Nangongli patted his chest and said boldly.

"Chairman Nangong can rest assured, this Shao promises that you and I will have a great opportunity for cooperation in the future. Moreover, this ancient bloodline art is nothing. At that time, President Nangong may have even greater surprises." Qin Chen said with a smile.

It's just that Nangong Li had a bigger surprise to Qin Chen, but he didn't feel much.

In his opinion, such a terrifying ancient bloodline technique is already extremely against the sky, other than that, what surprises can it be compared to this ancient bloodline technique?

"Okay, the old man is waiting for Master Qin's good news."

After Qin Chen left, Nangong Li also entered the retreat for the first time and began to study the ancient blood art.

One day, after handling the affairs of the Artifact Hall and the Holy Land of Bloodline, after Qin Chen returned to the Dan Pavilion, he received news from Liu Xuanrui.

I have to say that after making up his mind, Leng's work efficiency is extremely fast.

After only two days of work, after using all the channels, the Leng family gathered all the things that Qin Chen wrote on the list.

At the same time, these things were also sent to Dan Pavilion.

"The efficiency of this Leng family is really fast, so it's so fast?"

Seeing the rare elixir in front of him, Qin Chen was suddenly overjoyed.

During this period, he had already cultivated his cultivation to the peak of the fifth stage late stage, and he was only one step away from the sixth-order martial master.

It's just that, in this life, Qin Chen's cultivation technique is too defying, making it extremely difficult to break through. He dare not break through rashly.

But now that these spirit medicines were gathered, Qin Chen was instantly full of confidence.

"It looks like it's time to break through to the realm of Wu Zun!" Putting away the elixir, Qin Chen's face was full of ecstasy.

### [Chapter 770: Dan Zhen](#)

"However, with my current cultivation level, it is still somewhat impossible to refine the seventh-order Wangpin pill, but if there is Zhuo Qingfeng's cooperation, there will be some surprises."

Zhuo Qingfeng, the lord of the alchemy pavilion, is a sixth-order peak pharmacist, and Qin Chen believes that he will definitely be much better than refining by himself.

Was considering whether to shout out Zhuo Qingfeng from the retreat. At this time, Zhuo Qingfeng actually left the retreat by himself.

"Master Qin is great kindness, the old man will never forget. From today, Master Qin, you will be my benefactor to Zhuo. You will need to use the place of my Dange in the future. Even if you speak, if I Zhuo said half a'no', Don't die."

Zhuo Qingfeng spoke incoherently with excitement. As soon as he left the customs, he found Qin Chen, his face was full of excitement.

"Pavilion Master Zhuo, it's just a secret technique for nourishing acupuncture points, don't you need to be so excited?" Qin Chen was speechless, looking at Zhuo Qingfeng's flushed excitement, really afraid that he would go crazy on the spot.

"What is this secret technique for nourishing acupoints?" Zhuo Qingfeng said excitedly: "This secret technique is the lifeblood of the old man."

At this moment, Zhuo Qingfeng looked like the pavilion master of the Pill Pavilion, but like a young man who received his beloved gift, he was almost dancing.

"Master Qin, you don't know that Zhuo made a mistake in the Dan Pavilion, but he was actually expelled from the North Heaven's Dan Pavilion. In addition, Zhuo was born with weak mental power and it was difficult to break through the extremely high realm. I was taken seriously by the Northern Heavenly Domain Pill Pavilion, so that the Master could not keep me behind."

"But when Zhuo Mou left the North Heaven Domain Pill Pavilion, the master once said to Zhuo Mou that as long as Zhuo Mou can break the curse of natural weak spiritual power, he will break through to the seventh-order martial king, or become the seventh-order King Pin's pharmacist has a way to get the old man back to the Northern Heaven Domain Pill Pavilion."

"In these years, the old man has worked hard and tried his best, the purpose is to be able to cure the innate mental weakness and enter the realm of King Wu, but there is no way."

"But Master Qin's method has given Zhuo some hope. Master Qin, you don't know. The old man has been practicing in retreat for a few days according to the method of nourishing acupuncture points provided by the master. The old man's mental power has obviously improved."

"The perception of the will of martial arts has also been amazingly improved than before. The old man has a feeling that as long as you continue to practice according to the secret method given by Master

Qin, the old man's innate spiritual weakness will be completely cured and he will be able to truly overcome Enter the realm of King Wu and return to the Northern Heaven Domain Pill Pavilion."

Having said that, Zhuo Qingfeng was already in tears, tears streaming down his face.

Seeing Zhuo Qingfeng's excited appearance, Qin Chen couldn't help being touched.

"I don't know what mistakes Pavilion Master Zhuo made back then that led to being expelled from the Northern Heaven Region?"

At the same time, Qin Chen couldn't help being curious.

Judging from Zhuo Qingfeng's narrative, Zhuo Qingfeng's master was not an unknown person in the Northern Heavenly Domain Pill Pavilion. Most disciples who made mistakes would be punished at most, but like Zhuo Qingfeng, they were directly caught. It is really rare to be demoted to the lower level Dan Pavilion and cannot go back for life.

"Of course, this young master is just asking, if Pavilion Master Zhuo doesn't want to say it, he can just not say it." Seeing Zhuo Qingfeng's face and Qin Chen waved his hand, he was just curious.

"Nothing I don't want to say." Zhuo Qingfeng sighed, his tone was leisurely, as if he was caught in the memories of the year: "Master Qin...Forget it, I, like Elder Xu and others, call you Shao Chen, Shao Chen. Ever heard of Misty Palace?"

"Misty Palace?"

Qin Chen's eyes condensed, and a faint cold light shot from his eyes.

How could he never heard of this?

The Misty Palace founded by Shangguan Xier, and Qin Chen's biggest goal in this life is to return to the Martial Domain, personally set foot on the Misty Palace and Xuanyuan Empire, and find the pair of \*\*\*\* Shangguan Xier and Feng Shaoyu to settle accounts. . Zhuo Qingfeng didn't pay attention to Qin Chen's expression, and still fell into the memory: "The Misty Palace is a famous and terrifying force in the Tianwu Continent. Its expansion is extremely fast, and it has even established a branch in the North Heaven. , Is to offend an elder disciple in the Misty Palace branch of the North Tianyu, right

Fang went to my North Tianyu Dange branch directly and asked to hand me over. "

"Although the Misty Palace is strong, my Dan Pavilion is not weak. Master and the others naturally disagree, but the other party is extremely strong and aggressive. In order to calm things down, Master and others can only expel me to the land of a hundred dynasties. It is an explanation to the other party." Zhuo Qingfeng sighed faintly, "At that time, I was inherently weak in mental strength and the future was extremely limited. Pill Pavilion did not fall out for me and the powerful Northern Heavenly Misty Palace branch. I can also understand, and my goal over the years is only one, and that is to return to the Northern Skyland with my own efforts.

Ministry, regain my own dignity. "

"However, I don't dare to think of becoming a seventh-order king-grade pharmacist for the time being, but becoming a seventh-order martial artist, the old man is full of confidence now." Zhuo Qingfeng said excitedly.

Qin Chen's eyes were cold. It turned out that such a thing happened to Zhuo Qingfeng back then.

"It seems that Shangguan Xi'er has been leading the Misty Palace over the years, and it has developed rapidly."

With eyes narrowed, Qin Chen's heart was extremely cold.

A branch of the Misty Palace can make the Dange branch of the same level retreat, which shows the strength of the Misty Palace today.

"Don't worry, your wish will definitely come true."

Qin Chen said in a deep voice, this also gave him more pressure and motivation.

"Pavilion Master Zhuo, I have something to leave to you."

"What's the matter? Don't hesitate to tell Shao Chen." Zhuo Qingfeng recovered from the memory and patted his chest.

"Find me a refining room. I need to refine a pot of pill. In the refining room, it is best to have a pill formation."

"Pill formation?" Zhuo Qingfeng's eyes widened, and he looked at Qin Chen in amazement: "Little dust, you want the refining room to be simple, and the old man's refining room can be used for you, but it is difficult for you to use the pill formation. Where is the pill formation in the land of a hundred dynasties?"

Pill formation is an auxiliary alchemy technique, but it is extremely difficult to control.

According to Zhuo Qingfeng's understanding, let alone the land of a hundred dynasties, even in the Northern Heavenly Domain Pill Pavilion, few alchemists had it. Qin Chen's request was really too difficult.

"No?"

Qin Chen was taken aback for a moment, and was speechless at first, but then he came to understand again.

It's right to think about it. Generally, the pill below the king grade, where the pill formation is needed, can be refined directly with the pill furnace, and the pill above the king grade is impossible to have in the land of the hundred dynasties.

It is indeed difficult for Zhuo Qingfeng to prepare the pill formation in the Dawei Dynasty. "It's okay if you don't have a pill formation, but it's best to find a refining room that is fully equipped and can arrange the pill formation." Qin Chen said again.
