[Chapter 821: Nine princesses](#)

Qin Chen sat opposite Liu Xuanrui and said straightforwardly: "I am waiting for this time to come. There are indeed two things that need to be troubled, Your Majesty."

Seeing Qin Chen's stern look, Liu Xuanrui immediately put away his smile, sat down tightly, and said, "Which two things?"

With Qin Chen's current status, no one would dare to treat him as a junior.

Qin Chen said: "The first thing is that I don't know if there is an emperor spar in the treasure house of the Dawei Dynasty. I need to use it." "The emperor spar?" Liu Xuanrui frowned, "In the palace treasure house, There are indeed some rare materials, but I am not sure if there are any imperial spars that Chen Shao said. I will ask people to take Master Qin directly to the palace treasure house. If there are any materials, Master Qin thought. want

Just take it directly. "

The emperor spar, Liu Xuanrui had never heard of it before, and it was not a commonly used treasure, it should be some kind of relatively rare material.

With the current development trend of the Chendi Pavilion, Liu Xuanrui hopes that the Chendi Pavilion will grow stronger, and now Liu Xuanrui has secretly mobilized border troops to attack other dynasties.

When a war broke out, there were too many places to rely on Qin Chen.

A piece of rare material, Qin Chen wanted it, and he would naturally not refuse.

"But the palace treasury is an important place in the dynasty, and ordinary people can't get in at all. Then, Huang Huan, you will bring Liu Yuanqin, and then you will take Master Qin to the palace treasury."

Liu Xuanrui gave orders to Huang Huan, who was serving next to him, winking, and Huang Huan walked out quickly. Immediately afterwards, Qin Chen said again: "The second thing is that there should be many powerful kings in the palace. For example, the last time Dean Fu Xingcheng, if Qin can find the emperor spar, I hope for half a month. Later, your Majesty can let Dean Fu Xingcheng do Ben a favor. Of course, except for Dean Fu Xingcheng's

In addition, if there are other powerful kings in the palace who can take action, Ben Shao hopes that the more powerful kings can help, the better. "

"Need the help of King Wu strong?"

Liu Xuanrui's face condensed and he fell into deep thought, obviously thinking about Qin Chen's purpose. After a while, he said solemnly: "Since Master Qin has requested, I will naturally not refuse, but if Master Qin wants to do something with the Leng Family, do you? If you are ready to do something with the Leng Family, I hope Master Qin will think twice. Although That Leng family, I am also very dissatisfied, but if the other party didn't make sky anger

If people complain about it, dispose of it at will, I am afraid it will cause turmoil in the dynasty. "

Although the Leng family repeatedly targeted his royal family and made him very dissatisfied, the rule of the country is about the law and cannot be based on temperament.

Although he is the monarch of the powerful dynasty, he can't kill whoever wants to kill, otherwise it will inevitably trigger the panic of the entire dynasty's powerful family and shake the foundation of the dynasty's stability. Qin Chen knew Liu Xuanrui's concern, and smiled and said, "Your Majesty, the Qin you are worried about understands naturally. Don't worry, this young master borrowed Dean Fu Xingcheng, not to do anything against the Leng family, but to promote the Dawei Dynasty. The overall combat power of Qin. Seeing that his Majesty is stuck in the half-step Wuwang realm, there are many

Years and months, if your Majesty can agree to Ben Shao's condition, Ben Shao is sure to let His Majesty become a real Martial King within a month. "

"What? Can you let me break through King Wu within a month?"

Liu Xuanrui stood up suddenly, showing shock.

He has been stuck in the realm of King Wu for more than ten years. In recent years, his cultivation has already reached the peak of King Wu.

It's just that no matter how he cultivates, it is still difficult to truly break through to the realm of King Wu.

Now, when I first heard that Qin Chen could make him break through, why not be shocked?

"Yes, if you can get the emperor spar and have the help of Dean Fu Xingcheng, I am 70% sure that the four of you will enter the realm of the king of martial arts together. If there is another powerful king of martial arts to help, there will be more than 90% of them. Probability can make you break through." Qin Chen said firmly.

Let the four break through together?

Liu Xuanrui looked at Zhuo Qingfeng in shock, with incredible expressions on his faces.

No wonder that this time Zhuo Qingfeng and the three came together for this.

However, what Qin Chen said can really be achieved?

King Wu, representing the king of warriors, is extremely difficult and beyond imagination.

Otherwise, the four of them with outstanding talents will be in this half-step Wuwang realm, with one card for so many years?

Liu Xuanrui was instinctively suspicious, but seeing the firm expression on Qin Chen's face, he immediately became puzzled again.

Although he didn't have much contact with Qin Chen, he also deeply understood Qin Chen's horror. So far, there was no time when he hadn't done what this young man said.

"Well, at Fu Xingcheng, I am sure to let him take action. It's just the emperor spar. The old man doesn't know if there is any in the royal treasury. I need to check it personally before I know it." Liu Xuanrui said in a deep voice, still in his heart. Some shock and excitement.

If he can break through to the seventh-order Martial King, how can he care about Leng Family and other forces?

"Children, pay homage to your father."

At this time, Huang Huan walked in from outside the door, behind him, followed by a man and a woman.

Among them, the male is in his early twenties, wearing a five-clawed python robe, handsome in appearance and gentle temperament, giving people a very comfortable feeling.

The woman is about nineteen years old, wearing a long crimson dress, and her face is beautiful and beautiful, but the look between her eyebrows is extremely arrogant, and she is obviously a very confident person in her heart.

What surprised everyone was that this man was only at the peak of the late stage 5th stage, but the girl looked even smaller, but his cultivation level had actually stepped into the martial arts realm, and he was a powerful martial artist in the early stage of the 6th stage.

"I have seen my father, but I don't know if my father asked him to come, what's your order?"

The boy knelt on the ground and said respectfully, but the girl looked up and looked at the few people on the field, seemingly curious.

"Lingyun, why are you here?" Liu Xuanrui said with a smile.

"Father, I heard Manager Huang say that you call the fifth brother and tell him something important. The daughter happened to be learning martial arts with the fifth brother, and she was curious, so she came to see what the emperor father had and told him what was important. "The girl smiled, came directly to Liu Xuanrui and said with a smile.

"Hahaha, you, you." Liu Xuanrui laughed loudly, and it could be seen that he was very fond of the girl.

"Come on, let me introduce to you, this is my fifth son Liu Yuanqin, and this is my nine princess Liu Lingyun, my beloved." Liu Xuanrui touched Liu Lingyun's head and smiled. Then he said to Liu Yuanqin and Liu Lingyun: "As for these people, they are the master Qin Chen of the Chendi Pavilion, the master Zhuo Qingfeng of the Dan Pavilion, the president of the Holy Land Nangongli and the master of Yelu Hongtao, You two are not polite."

[Chapter 822: Learn martial arts](#)

"Liu Yuanqin and Liu Lingyun have met several masters."

The five princes and the nine princesses saluted.

"Hehe, Your Majesty, I have long heard that there is a nine princess by his side, the most clever and talented one, and now that she is well-known, the nine princesses are already a master of martial arts at a young age, and the old man admires them."

Zhuo Qingfeng laughed and looked at the nine princesses Liu Lingyun, tut-tut-wow.

In the land of hundreds of dynasties, if you can break through the sixth-order martial arts before the age of twenty-four, you can be hailed as the top genius.

Now that the nine princesses are clearly less than twenty, they have already entered the realm of Wu Zun, and they have to secretly shock Zhuo Qingfeng and others.

They had long heard that among Liu Xuanrui's children, it was not the prince who had the lightest martial arts talent, but a princess. At a glance today, it was indeed extraordinary.

"Several masters are absurdly praised." The nine princesses hurriedly said modestly, and then their eyes fell on Qin Chen, showing a look of surprise: "This is the pavilion master of Chendi Pavilion? This is too young."

Chendi Pavilion is now a phenomenon in the imperial city, from the traffickers and pawns to the princes and nobles, almost no one knows, no one knows. Almost everyone was shocked, who actually built such an astonishing commercial center. Jiu Gongzi has also been to Chendi Pavilion several times, and was shocked by the grandeur and imposing manner of the commercial plaza. Now that he sees real people, it is unexpected It's just a young boy who is not shocked

? "Lingyun, Hugh is rude. Master Qin comes from five countries. He is not only the master of the Chendi Pavilion, but also extremely terrifying. Even Feng Yuan, the ancestor of the Feng family, is not an opponent of Master Qin and was killed by him. Haven't you always said that you have amazing talents? Now you know what is outside of heaven and outside of people.

People. "Liu Xuanrui warned.

"He is the Qin Chen who destroyed the Feng family?" Liu Lingyun stared at Qin Chen with a shocked expression on his face, eager to try: "I heard that Qin Chen who destroyed the Feng family came from the land of the Five Kingdoms and gained Xuanzhou. A champion of the ancient Nandu after all, even the ancestors of the Feng family were killed by you. Among the five countries, there is such a terrible genius?

Can you see it today? "

After Qin Chen killed the Feng family, his fame had long been passed on in the imperial city, and he was even faintly known as the first genius of the Dawei Dynasty.

It was just because of his status as a disciple of the Five Kingdoms that while many native warriors of the Dawei Dynasty were shocked, they were also extremely dissatisfied.

Liu Lingyun is one of them.

She has amazing talent since she was a child, and her cultivation speed is faster than that of any prince in the dynasty. She is also among the best in the Emperor Star Academy. After breaking through Wu Zun, she has attracted countless geniuses in the imperial city. Naturally, she has also heard of Qin Chen. His deeds are extremely dissatisfied.

How can a disciple from the Five Kingdoms compare with the genius of their Dawei Dynasty?

Now that he met Qin Chen, Liu Lingyun was naturally eager to try, and wanted to compete with him.

If she could defeat Qin Chen, she would naturally justify the genius of their Dawei Dynasty.

Seeing that Liu Lingyun was actually going to challenge Qin Chen, Liu Xuanrui's face suddenly sank: "Lingyun, don't mess around, Master Qin is the master of the Chendi Pavilion, and he is very busy. This time the emperor called your fifth brother to let you Brother Fifth takes Master Qin to the treasure house of the imperial palace. How can there be leisure to discuss with you."

No matter how much Liu Xuanrui loves Liu Lingyun, she can't let her fight Qin Chen.

"Father, I just heard that Master Qin has amazing martial arts skills, so I want to learn it. Didn't you just say it? Let your daughter know what is the world, there are people outside the world, and the daughter doesn't fight Master Qin. How can you comprehend it?" Liu Lingyun asked slyly.

Then he looked at Qin Chen and said, "Master Qin, I sincerely want to exchange martial arts with you. I don't mean anything else. I hope you don't think too much."

She said so, but she was extremely disdainful in her heart: "Huh, it's so awesome that she doesn't even dare to fight, isn't she scared? She also said that this person had killed the Feng Yuan ancestor of the Feng family, and was The pavilion of Chendi Pavilion, could it be that the father was deceived?"

No matter how she looked at it, she couldn't tell that Qin Chen was the head of Chendi Pavilion.

Liu Xuanrui's face suddenly sank, "Presumptuous, Lingyun, don't you listen to what I said?"

I'm so used to this guy.

"Your Majesty doesn't need to be angry. Since the Ninth Princess wants to compete with Qin, it's okay for Qin to compare with the Ninth Princess. It's not a big deal." Qin Chen smiled.

Liu Xuanrui hurriedly said, "Master Qin, how can this work?"

"Father, Master Qin has agreed. Isn't this going against Master Qin's intentions?" Liu Lingyun was overjoyed and hurriedly interrupted Liu Xuanrui's words. Before Qin Chen repented, he said, "Master Qin, it's better to hit another day. Yesterday, here today, we will discuss it."

When the voice fell, Liu Lingyun took a step forward, his aura suddenly changed, as if he had become a sharp sword.

"Boom!"

As soon as his feet stepped on the ground, Liu Lingyun's legs suddenly burst into an invisible real power, the real power revolved, bursting out an amazing shock wave, the whole person was like a cannonball out of the chamber, and instantly rushed towards Qin Chen.

"Pina Ruotianxian!"

"Chang!"

Her figure swayed in mid-air, and instantly turned into countless red butterfly shadows, flying constantly, like a fairy. In that diffuse figure, a sharp sword sounded, and a phantom passed through like a bolt of lightning. Void, a sword stabbed Qin Chen.

Liu Lingyun's swordsmanship has reached its peak, and he can reach the realm of sword intent freely in one step.

Her strength in swordsmanship is naturally not trivial, a seemingly ordinary sword, but it contains endless changes and murderous intent.

Qin Chen casually picked up the tea cup in front of him and pinched it between his fingers.

It wasn't until Liu Lingyun's long sword was only three inches away from Qin Chen's eyebrow that Qin Chen suddenly raised his hand, the mouth of the cup turned outward, and directly buckled Liu Lingyun's surprisingly powerful sword tip.

"Boom!"

That teacup, originally made of white jade, was extremely fragile and would fall to pieces when it fell to the ground.

But in Qin Chen's hands, it seems like a metamorphosis. No matter how the sword energy on the long sword in Liu Lingyun's hand is vented and displayed, it is like a mud cow into the sea. All are absorbed cleanly. There is no trickle left, and there is no way to pierce the cup. bottom.

"how is this possible?"

Liu Lingyun's eyes widened. She knew how powerful her sword was. Let alone a teacup made of white jade, even a black iron cup would be smashed by her in an instant. How could it not be pierced at all?

"This princess doesn't believe it."

"Ziwei star flashes!" Liu Lingyun's eyes were cold, his wrists trembled, the tip of the sword was in the bottom of the cup, and he quivered nine or ninety-eighty times. Each time he quivered, his power was superimposed by one point. At the eighty-first time, The sword intent like a stormy sea, condensed at one point, seemed to penetrate everything.

[Chapter 823: Top level](#)

"interesting!"

Qin Chen chuckled slightly, and the true power of the Nine-Star God Emperor Jue quickly poured into the cup, forming a mysterious arc with his right hand, gently outside.

"Om!" Liu Lingyun only felt that an inexplicable pulling force was generated from the cup body, which affected her body and couldn't help but shifted to one side. She stabilized her figure, and her true power surged, trying to stop this true force. Pull, but the power in the cup is too strong, the more you resist, the more you have a desire to break through the air

The feeling of, can only follow the direction of that power and cut out suddenly.

Puff!

A sword gas vented from the cup, slashed on the marble floor of the palace, and plowed a long ravine on it.

Qin Chen's right hand shook again, and the sword in Liu Lingyun's hand was immediately taken to the other side, almost unable to hold it, he wanted to get out.

As a last resort, Liu Lingyun could only take back the long sword, and his body was filled with blood, and he displayed his strongest sword technique.

"Promise to kill!"

With a wave of the long sword, it formed a sky full of sword shadows, and at the same time stab Qin Chen.

This sword, the whole hall is full of sword intent, and the sounds of swords are endless. If not for Liu Xuanrui and others are half-step martial arts masters, here are some ordinary warriors, just the sword contained in the sound of swords. Qi can shatter their meridians.

At this time, under the urging of the blood, the sword technique became extremely delicate and the power was even more terrifying.

Obviously it is just a sword, but it makes people feel like a flood and a tsunami are coming, with nowhere to hide.

"It seems that Liu Lingyun's attainments in swordsmanship are not weaker than You Qianxue."

Qin Chen also marveled at Liu Lingyun's sword skills.

However, although her swordsmanship is not bad, there are still too many flaws in Qin Chen's eyes.

With a flash of gaze, Qin Chen pinched his finger as a sword, and slammed several swords towards the sword light in front of him.

"Swish!"

A few heart-pounding sword auras flashed away. Liu Lingyun's original sword light that condensed the ultimate murderous intent, like a domino that was poked, shattered, and countless sword auras surged everywhere, slashing on the surrounding ground. Go up, leaving a deep sword hole.

"how come?"

Liu Lingyun's eyes widened, showing amazement.

Her strongest blow was so broken?

What made her most unacceptable was that Qin Chen had been sitting there during the entire match, his body shape had never moved.

"Come again."

He was dissatisfied and his figure shook, Liu Lingyun wanted to make another move.

"Enough, Lingyun, you are already defeated." Liu Xuanrui suddenly let out a cold yell, and shot out with a palm, forming a wall of wind, blocking Liu Lingyun's move.

Liu Lingyun aggrieved: "Father, I haven't lost yet."

"You can touch your hair!" Liu Xuanrui shook his head.

"hair?"

When Liu Lingyun touched the bun on the top of her head, the jade hairpin suddenly broke and her hair fell loose.

"When was my jade hairpin broken?"

She finally knew why the emperor said that she had already lost. In the previous fight, she hadn't noticed when Qin Chen attacked the bun on her head.

Fortunately, this is a discussion. If it is a real fight, and the other party has a sword in his hand, she has not reacted to the situation at all, and she has been killed by a sword.

"too frightening."

Liu Lingyun looked at Qin Chen in shock, unable to believe everything in front of him.

After a long while, she put away her long sword and stared at the figure of the young man, her beautiful eyes gleaming, and her voice clearly said: "Master Qin has outstanding martial arts, brilliant swordsmanship, and Lingyun is convinced."

Liu Lingyun has a strong personality, but never procrastinates.

She had a poor attitude before, and she only doubted Qin Chen's strength. Now after the discussion, she was immediately convinced by Qin Chen. The previous disdain was thrown away, and the gaze that looked at Qin Chen was full of admiration and strange colors.

She had never believed that a teenager younger than herself could have a cultivation base so much higher than her.

She is not an idiot. Naturally, she can see that Qin Chen has left her surplus in the previous fight, and if she really wields a weapon, she will not be able to hold on to it now.

"The nine princesses are polite, and the princess's swordsmanship is also very good, and the younger generation is considered top level." Qin Chen laughed.

Liu Lingyun's swordsmanship is indeed quite impressive. He has reached the realm of sword movement at a young age, and it is only a trace away from the sword intent that You Qianxue has just broken through.

Liu Xuanrui laughed and rebuked Liu Lingyun: "I have said many times, there are people outside the world, there are days outside the world, although you have good talents, there are many people who are better than you in the world. What else do you have to say?"

"Father's lesson is that Lingyun used to be proud." Liu Lingyun said sincerely.

Seeing Liu Lingyun's humble expression, Liu Xuanrui was stunned for a moment. Her own daughter had never missed it before.

"Well, Yuan Qin, you take Master Qin to the treasure house to find out if there is anything Master Qin wants." Liu Xuanrui said to the fifth prince Liu Yuanqin.

"Yes, Father." Liu Yuanqin came to Qin Chen, without the prince's air, and said respectfully: "Master Qin, please."

"The fifth princes don't have to be polite, just call me Brother Qin." Qin Chen smiled.

When You Qianxue first came to the imperial city and wanted to enter the Emperor Star Academy, they were blocked by the Third Prince. It was Liu Yuanqin, the fifth prince, who stood up and said a word. Only then did You Qianxue and the others become the handyman disciples of the Emperor Star Academy.

Although Liu Yuanqin just said casually that You Qianxue and the others had become only handyman disciples, but if it weren't for Liu Yuanqin's words, You Qianxue and the others would not even be handyman disciples. I'm afraid the original situation would be even more difficult. .

Therefore, Qin Chen still has a good impression of these five princes.

"How can this be done? Master Qin is a distinguished guest of my Dawei Dynasty and deserves respect." Liu Yuanqin Lian said.

Liu Xuanrui laughed aside, "Well, Yuan Qin, you quickly take Master Qin to the treasure house, don't delay Master Qin's affairs..."

He obviously also knew the origins of Liu Yuanqin and Qin Chen, so he specifically asked Liu Yuanqin to take Qin Chen to the treasure house.

As for Liu Yuanxin, the third prince who had offended Qin Chen, he had already been confined by Liu Xuanrui and couldn't even make a step out of the palace gate.

As Liu Xuanrui and Qin Chen cooperate more and more closely, the prince who had the most hope to inherit the throne of the Dawei Dynasty has long been silent, and he does not know where he has been forgotten.

At this time, Liu Lingyun came to Qin Chen and said directly: "Master Qin, I don't know what you want to find in the treasure house. I am more familiar with the treasure house than the fifth brother. I should lead the way."

After speaking, Liu Lingyun walked directly ahead.

Qin Chen and Liu Yuanqin looked at each other and immediately followed.

"Haha, Your Majesty, the nine princesses won't be interested in less dust, right?"

Seeing the three people leave the hall, Zhuo Qingfeng said with a smile.

"Pavilion Master Zhuo laughed." Liu Xuanrui smiled awkwardly, but suddenly he was taken aback, as if he had been inspired, his eyes lit up instantly.

If Qin Chen can see Liu Lingyun, it would be a happy event. Dawei Dynasty was able to obtain such a consort, it was simply a treasure.

[Chapter 824: Discuss important matters](#)

Moreover, Liu Xuanrui knew that her daughter had always been extremely arrogant, and that the genius warriors in the dynasty had hardly been favored by her.

Even Liu Lingyun, the first genius of the Emperor Star Academy, ignored him. On the contrary, he had treated Qin Chen with a very modest attitude, which made Liu Xuanrui unable to help but give birth to a dream.

However, the smile on his face only flashed away. Liu Xuanrui looked at Zhuo Qingfeng, but his eyes became extremely serious, and he said solemnly: "Pavilion Master Zhuo, you are here today. There is one thing I need. He Zhuo The cabinet owner discusses."

"Talk to me about something?"

Zhuo Qingfeng was taken aback for a moment. Seeing Liu Xuanrui's solemn expression, he couldn't help frowning: "I wonder what your Majesty has to discuss with the old man?"

Yelu Hongtao and Nangongli also looked over in doubt.

"This matter is of great importance, so please let Pavilion Master Zhuo speak alone." Liu Xuanrui hesitated.

Speak alone?

Yelu Hongtao and Nangongli looked at each other. What's the matter, they can only discuss with Zhuo Qingfeng, and avoid them both?

Just looking at Liu Xuanrui's serious expression, the two also understood that this matter was absolutely extraordinary.

"In that case, please lead the way." Zhuo Qingfeng was puzzled and stood up directly.

"Huang Huan, you have a good chat with the president of Nangongli and the Lord Yelu Hongtao, and I will leave for a moment with the Lord Zhuo." Liu Xuanrui also stood up and said to the two of Nangongli: "The two are really sorry, I If you have something to discuss with the Lord Zhuo, leave for a while."

"Your Majesty."

Although Nangongli and Yelu Hongtao were curious in their hearts, they both smiled and arched their hands, and there was no strange color on their faces.

Some things, since Liu Xuanrui didn't want them to know, then they certainly wouldn't let them know, and the two of them didn't mind.

After a while, Liu Xuanrui brought Zhuo Qingfeng into the inner hall.

"I don't know if your Majesty is looking for Zhuo Mou alone, what is the so-called? Please also express your Majesty."

Zhuo Qingfeng looked at Liu Xuanrui in doubt.

What things need to avoid what Shao Chen and President Nangongli said? Isn't it about Chendi Pavilion's internal news? Otherwise, Zhuo Qingfeng couldn't think of anything else that would make Liu Xuanrui look so serious.

Liu Xuanrui solemnly said: "I called Pavilion Master Zhuo to ask Pavilion Master Zhuo for something important. I don't know if Pavilion Master Zhuo knows any Medicine King Master in Northern Heaven?"

"Master of Medicine King?" Zhuo Qingfeng was taken aback and frowned: "Speaking of Master of Medicine King, Zhuo does know two of them, and even Zhuo's master is Master Medicine King, but his Majesty asked why.?"

Liu Xuanrui's eyes lit up: "Pavilion Master Zhuo, can I let the two Masters of Medicine King come to my Dawei Dynasty for diagnosis?" Zhuo Qingfeng smiled bitterly: "Your Majesty, I must have heard that Zhuo Mou came to the Dawei Dynasty. The reason for serving as the head of the Pill Pavilion is that he was placed here because he made a mistake. The Pill Pavilion of the Northern Heavenly Region has clearly stipulated that if Zhuo cannot become the King of Medicine, he will not be able to return to the Northern Heavenly Territory in his life.

Zun, I dare not intercede for Zhuo on this matter. And the land of the Hundred Dynasties, in the eyes of the top pharmacists in the Northern Heaven Region, is almost the land of barbarians. Zhuo, a sinner, wants to invite them to the land of the Hundred Dynasties, I am afraid it will be difficult to reach the sky."

"This... is there no other way?"

Zhuo Qingfeng shook his head: "Perhaps Your Majesty doesn't know what Zhuo's mistake is. Zhuo's offense is from the Misty Palace Branch of the Northern Sky Territory. Even the Master has to keep a distance from Zhuo. Yao Wang dare to contact Zhuo Mou? I'm afraid it's too late to hide."

Liu Xuanrui's eyes dimmed and said, "Then I don't know if Pavilion Master Zhuo knows where there is a pill for prolonging life in the Northern Heaven?" , Is a precious treasure in the world. According to Zhuo Mou's knowledge, even in the seventh-order Wangpin pills, there are only a few that have the effect of prolonging life, and each one is the best of Wangpin pills.

It was too difficult to find in Beitianyu, and Zhuo didn't even know it. But Zhuo can be sure that once there is an elixir that prolongs life, even Master Yao Wang will flock to it. Even if it is sold, your Majesty wants to get it, I am afraid that with the power of the dynasty, he may not be able to buy it. "

Everyone has a day at the end of their life.

Even the master of Wuwang only has a life span of two to three hundred years, and once the life span is approaching, there is nothing to do.

Therefore, the pill for prolonging life and longevity is also very attractive to the powerful king. Even if the king is young, he does not need it for the time being. Any master, there are relatives and parents, and he does not want his elders to die early.

Therefore, the pill for longevity, let alone the land of a hundred dynasties, the northern heaven, is extremely precious even in the entire continent, even if there is, it is definitely not a dynasty.

"Is there really no way at all?" Liu Xuanrui looked worried when he heard the words.

"I wonder if your Majesty asked Zhuo what is the matter? If you don't mind, you can talk to Zhuo. I dare not say anything else. Under the Medicine King, there is nothing that Zhuo cannot do."

Since following Qin Chen, Zhuo Qingfeng's stubborn illness has long since healed.

Especially after he followed Qin Chen to refine the Dragon Blood King Pill, his attainments in Pill Dao had already reached a whole new realm.

If his cultivation level is not enough, he has not been able to enter the realm of King Wu, otherwise he is now enough to try to refine the seven-rank king-level pill, naturally full of confidence.

"It's true that Liu is looking for the king of medicine and the elixir for longevity, also for my ancestor Liu!" Liu Xuanrui said bitterly.

Zhuo Qingfeng was taken aback: "Your Majesty said, which one of your Liu family?"

He had long heard that among the imperial family of the Dawei Dynasty, there was an ancestor of the Liu family, who had a cultivation base, reached the peak of the Martial King in the early stage of the seventh stage, and was the strongest master in the entire Dawei Dynasty.

This is also one of the reasons why the Liu family was able to sit firmly on the throne. Forces such as the Leng Family and the Promise Sect, even if they disrespect Liu Xuanrui, did not dare to openly tear their face with the royal family.

It is because of fear of that one.

But now it looks like, could it be the one from Liu that had a problem? "Yes, Pavilion Master Zhuo may not know that the ancestor of my Liu family has reached the point where the situation is precarious. Since a few years ago, his body has been worsening year by year. I have been thinking about it all these years. The solution to the problems of the ancestors, but until now, no solution has been found.

As a last resort, I can only ask for help from Pavilion Master Zhuo." Liu Xuanrui said helplessly.

Hearing this, Zhuo Qingfeng's face was worried and worried. It's no wonder that the Leng family has become more arrogant in recent years, but Liu Xuanrui hasn't responded. It turns out that there is a reason.

[Chapter 825: More than a hundred times](#)

Leng Jia directly interfered in the internal affairs of the dynasty in the case of the City Health Department before, and did not see what Liu Xuanrui said.

That's all.

The exaggeration is that before the Leng Family sold a new type of pill, and was attacked by the dust, the ancestors of the Leng Family wanted to kill the dust. His Majesty and President Fu Xingcheng came strongly to punish the Leng Family.

But as soon as the Wu family, the Wujizong, and the Guiyuanzong powerful men appeared, Liu Xuanrui immediately retreated.

At that time, Zhuo Qingfeng was still quite puzzled. After all, with the strength of the royal family, even if he was afraid of the Leng Family Alliance, he would not be so weak, so he just withdrew.

Zhuo Qingfeng couldn't help but suddenly after knowing that Liu's ancestor had a problem. The ancestor of the Liu family, guarding the dynasty, is the last cornerstone of the Dawei dynasty. Because of him, the dynasty can be safe and sound, and Liu can sit firmly in the royal position. No one dares to offend. Once he passes away... Embarrassed on all sides, the wind and rain shake, fall apart, it is not impossible can.

It's no wonder that Liu Xuanrui wants to avoid Nangong and leave them. It's not that Liu Xuanrui can't trust the other party, but the matter is very important. If one person knows it, the risk is less.

Aside from other things, if the news is made known to Leng Family, Wujizong, Guiyuanzong, and Wu Family Alliance, it will inevitably be unscrupulous, and even openly attacking Your Excellency Chen Di is not impossible.

Liu Xuanrui obviously also knew that the royal family was already one with Chendi Pavilion, both prosperous and ruined, so he discussed with him.

"Your Majesty, if you can, take Zhuo to see your Liu family ancestor. Go to the North Tianyu to ask the Master of Medicine King and find a pill for prolonging life. It is not practical. After Zhuo has met your Liu family ancestor, Maybe a new turnaround will be found, not necessarily."

Liu Xuanrui pondered for a moment, then smiled bitterly: "It can only be so."

Now that the news was all over, he didn't care that Zhuo Qingfeng knew the specific condition of the ancestor's body.

Under Liu Xuanrui's arrangement, the two soon arrived at a hidden palace deep in the palace.

Zhuo Qingfeng glanced around, he could feel that this place was extremely rich in true energy, and he could see that it should be the retreat of the ancestor of the royal family.

After the order was notified, Liu Xuanrui took Zhuo Qingfeng into the palace.

As soon as Zhuo Qingfeng entered, he saw an elderly man sitting on the bed inside the palace.

The old man's beard and hair were all white, his skin also wrinkled, and old age spots appeared on his face, and his whole body exuded a rotten and run-down aura. He seemed to die at any time.

Zhuo Qingfeng's heart sank. Even if he didn't need to check, he knew that this person had already reached the point where the oil was exhausted.

To know.

Although Liu's ancestor had a very long life span, it seemed that he was almost two hundred years old, but the powerful king Wu was full of blood and energy, and he would not have such a run-down aura.

Not to mention, age spots appeared on the face.

Just like Zhuo Qingfeng, from the point of view of his face, he can be more than sixty years old, but once he breaks through Wuwang in the future, his appearance will even rejuvenate. From his appearance, he will even go from his sixties to his forties or fifty. .

Now that Liu's ancestor looks like this, it is obvious that the blood in the body has already decayed to a certain extent, and it can't even maintain vital signs.

"Old and old Liu Tai has seen Master Dan Gezhao." On the bed, Liu Tai slightly arched his hands, panting as he spoke, and seemed to be out of breath.

"Senior, don't be polite, lie down first and let Zhuo have a look."

Zhuo Qingfeng hurriedly stepped forward without talking nonsense. He turned around Liu Tai, then put his right hand on Liu Tai's wrist, and his mental power swept into the opponent's body and felt it carefully.

This perception is half a stick of incense time. During the whole process, Zhuo Qingfeng frowned and remained silent.

"Pavilion Master Zhuo has a solution?"

Seeing Zhuo Qingfeng's appearance, Liu Xuanrui "cocked" in his heart and couldn't help saying. "Your Majesty, the vitality in the body of the ancestor Liu Tai has begun to decline. If a few years ago, the physical condition of the ancestor had not deteriorated to this point, Zhuo may still be able to use some methods to stimulate the vitality in the body. It is a pity that the ancestors now The vitality in the body is dying, there is no way it can be done!

"

Zhuo Qingfeng sighed.

The vitality in Liu Tai's body is now inferior to that of an ordinary martial artist, and the medicine is no longer capable of returning to heaven.

"How come..." Liu Xuanrui's face was pale, and he stepped back.

He originally thought that asking Zhuo Qingfeng to come over could heal the ancestor's injury, and at the worst, he could also come up with a solution, but he did not expect that he would eventually get this result.

"Pavilion Master Zhuo, is there really no other way? In your capacity, even if you can't invite Master Yaowang, invite another Sixth-Rank pinnacle pharmacist for a consultation, will there be hope of healing?" Liu Xuanrui In my heart, still unwilling.

Zhuo Qingfeng smiled bitterly and shook his head: "Your Majesty, Old Ancestor Liu Tai's body has deteriorated so badly that it cannot be treated by ordinary pharmacists at all. Zhuo can guarantee that even if he invites ten more Sixth-Rank peak pharmacists to come, it will be the same. the result of."

"Even if you invite ten, the same result?"

Liu Xuanrui smiled bitterly.

Zhuo Qingfeng directly sentenced the ancestor to death.

On the side, Liu Tai was more free and easy than Liu Xuanrui, saying, "Xuanrui, you don't have to worry too much. The old man can live for so many years, and he is already satisfied, but the old man can't let it go, it is the people of this dynasty."

Liu Xuanrui almost always told Liu Tai about what happened in these dynasties. Although Liu Tai never showed up, he also knew the wolf ambitions of the Leng family. "It's a pity that I knew that now, the old man should have uprooted the Leng Family and the Promise Sect and other forces while still alive, otherwise you won't have to face such a situation. After the old man is gone, I don't know you can Can't hold on, what you said about Chendi Pavilion, can you grow my mighty king towards. "

The only thing Liu Tai cared about was the survival of the dynasty.

"Ancestor, please rest assured, Master Qin of Chendi Pavilion said before that Xuanrui can be 60 to 70% sure to break through to King Wu. If the child can really break through to King Wu, Leng Family and Wujizong will definitely not dare to move." Liu Xuanrui has lingering fears. Tao.

Fortunately, he also got such good news today.

When Zhuo Qingfeng on the side heard this, his eyes suddenly brightened: "Your Majesty, Zhuo suddenly remembered that the body of Old Ancestor Liu Tai may not be cured."

"Oh?" Liu Xuanrui looked over excitedly.

Zhuo Qingfeng said excitedly: "Zuo Mou can't cure Liu Tai's condition, but it's not necessarily because of less dust. Let less dust come over, maybe there is a solution."

"Little dust? You mean Master Qin?" Liu Xuanrui was taken aback.

"Yes." Zhuo Qingfeng nodded.

"Master Qin doesn't seem to be as good as Pavilion Master Zhuo, right?" Liu Xuanrui was startled.

"Master Qin is not as good as Zhuo in terms of cultivation, but in terms of medical skills, Master Qin is ten times stronger than Zhuo, no... more than a hundred times!" Zhuo Qingfeng affirmed.

[Chapter 826: Perpetual stone](#)

Hearing Zhuo Qingfeng's vows, Liu Xuanrui and Liu Tai were both stunned.

Qin Chen's medical skills are a hundred times stronger than Zhuo Qingfeng?

how can that be?

Who is Zhuo Qingfeng? The pavilion master of the Dawei Dynasty Pill Pavilion, the alchemist at the pinnacle of the sixth rank, can be said to be the strongest one in the entire Dawei Dynasty.

A hundred times stronger than him, isn't it the medicine king?

If you're someone you haven't seen before, Liu Xuanrui might get excited, but he also knows Qin Chen. He knows that Qin Chen is only a teenager. Even if he knows that Qin Chen is mysterious, he can't believe it. Chen's cultivation base is so much stronger than Zhuo Qingfeng in terms of alchemy.

"Since your Majesty doesn't believe me, Zhuo has nothing to say, but Zhuo Mou said, every sentence is true, if even the dust can't treat Liu Tai's condition, then this land of hundreds of dynasties, I am afraid that no one can cure it, even if it's the North Sky Territory, I'm afraid it will be difficult." Zhuo Qingfeng affirmed.

Even the master could not solve the dark illness on his body. As for the many elders of the North Heaven Domain Pill Pavilion, they all knew about it, and no one could cure it. However, in Qin Chen's hands, it was rejuvenated and solved easily.

Therefore, Zhuo Qingfeng admired Qin Chen's medical skills extremely.

"Oh?"

Seeing the firm expression on Zhuo Qingfeng's face, Liu Xuanrui couldn't help but shake.

He knew that Zhuo Qingfeng and Qin Chen didn't know each other originally, but after Qin Chen went to the pill pavilion and rushed to the difficult stone wall of the pill pavilion, he immediately called each other a master.

Could it be that there has been any hidden story in it?

"In that case, wait for Master Qin to come back from the treasury before letting Master Qin come for consultation."

His eyes flashed, and Zhuo Qingfeng made up his mind. Anyway, the news had already informed Zhuo Qingfeng, and even if Qin Chen knew about it, it would be fine.

Qin Chen naturally didn't know all of this at this time.

Led by Liu Yuanqin and Liu Lingyun, the three came to the palace treasure house.

Originally, as Liu Yuanqin and Liu Lingyun, they couldn't directly enter the treasure house, but the two of them had the tokens given by Liu Xuanrui during this trip. As soon as the gold medal appeared, the guard at the gate immediately let them go.

The treasure house of the Dawei Dynasty is very large, divided into different compartments, including weapons room, material room, medicine room, cheat book room, blood vessel room and so on.

Among them, the material room is the largest.

Many of the rare materials obtained by the royal family are stored in them. Among them are treasures that the royal family can identify, and some treasures of unknown origin are also placed in it.

The emperor's spear is naturally placed in the material room.

Walking into the material room, all kinds of rare treasures are placed in it, exuding heart-palpating fluctuations.

"There are many good things here."

Qin Chen glanced, couldn't help but be surprised secretly.

I thought that the royal family's treasury was just ordinary, but now it seems that it is extraordinary. The treasures in it are at least Tier 7.

Think about it, too, what can be stored in the royal treasury, strictly protected, must be king-level treasures, ordinary Tier 6 treasures are not qualified to be stored inside.

"Master Qin, the emperor spar you want is really in the treasure house."

On the first grid of the material room, there is a book that records the various things placed in the material room. Liu Yuanqin turned it over slightly and found the record of the emperor spar.

"But this thing is in another room, I'll go get it, Jiumei, you accompany Master Qin to have a look here."

Liu Yuanqin gave orders and walked to another room, leaving only Qin Chen and Liu Lingyun behind.

After he left, Qin Chen and Liu Lingyun were left in the enclosed room.

Qin Chen didn't care, and looked at the many treasures in this material room.

All kinds of materials are extremely rare, which made him quite sighed. Although the treasures here do not surprise him, they are also extremely rare.

Suddenly, a gentle light came from the corner, attracting Qin Chen's eyes.

It was a jade-like stone, exuding a faint light, and there were traces of light inside, like a peerless dancing girl singing and dancing.

"Not old stone!"

Seeing that piece of stone, Qin Chen was taken aback and walked over immediately.

Originally, only Qin Chen and himself were left in the small room. Liu Lingyun was still a little embarrassed. At this moment, seeing Qin Chen looking at the stone, he suddenly smiled and said, "Master Qin, do you know this stone? Not an old stone, what a strange name?"

There are a lot of things in the material room, and no one knows the origin, and no one knows its function. This stone has been placed here for many years. Liu Lingyun only thinks that this stone is beautiful, but he doesn't know that it is actually called an old stone.

"This stone, called the Blessed Stone, is worn all the year round. It has the effect of being young and not old. It can moisturize a woman's face and has certain benefits for cultivation."

Qin Chen nodded, but in the light of his eyes, there was the color of long memories.

Not old stone, belonging to the seventh-order material.

It is also extremely popular among the martial arts, because of its moisturizing effect, causing women with identity in the martial arts to wear one with them.

More than three hundred years ago, in order to make Shangguan Xi'er happy, he had spent a lot of money to find a heart-shaped stone, and he personally refined it to the other party.

Shangguan Xi'er was excited for many days.

Qin Chen still remembers the beautiful smile at that time.

But now, seeing the Immortal Stone once again made Qin Chen sigh.

"Things are different, the vicissitudes of life, why can a woman's heart be so cruel?"

Qin Chen looked at the immortal stone in front of him, and his heart was as hard as iron. In this life, he will definitely return to the Martial Domain and let Shangguan Xi'er taste the bitter fruit.

"And the effect of moisturizing facial appearance?"

Liu Lingyun stepped forward and picked up the old stone with excitement. Although she was devoted to martial arts, no woman would not care about her face.

"Master Qin, do you want this old stone?" Liu Lingyun looked at Qin Chen nervously.

Seeing that Qin Chen was interested in the Bold Stone, she thought that Qin Chen wanted to take the Bold Stone, and as Qin Chen, as long as he spoke, his father would definitely agree.

"The nine princesses are too worried. Qin was just a little surprised when he saw the old stone. Qin is not a woman. What is the use of this old stone? The nine princesses are beautiful. Wearing this old stone may have extraordinary effects."

Qin Chen shook his head.

Hearing this, Liu Lingyun felt very happy, is Master Qin praise my beauty?

In the past, when other men had said this to her, she had already slashed over with a sword and angrily accused the other gangster, but Qin Chen said that, there was a hint of happiness in her heart for no reason.

"Master Qin is indeed very knowledgeable. This is not an old stone. It has been here for a long time. Many masters in the palace can't recognize it. Only Master Qin can say it. It really makes Lingyun admire the gift of Master Qin. Yun likes it very much." Liu Lingyun lowered his head, exhaling like blue, and spied Qin Chen secretly.

[Chapter 827: Broken armor](#)

In her heart, she took it for granted that Qin Chen was interested in herself, otherwise there are so many rare and foreign objects here, why Qin Chen cares so much about a woman's favorite stone, and she must tell herself specifically.

Suddenly, the atmosphere became a bit ambiguous.

Qin Chen was taken aback, Liu Lingyun wouldn't have misunderstood something, right?

I want to change the subject.

"Master Qin, the emperor spar has been found."

At this moment, Liu Yuanqin returned to the secret room.

I saw in his hand, holding a bright milky white spar, this spar, only the size of a fist, exudes a palpable atmosphere, just like an emperor looking down on its courtier.

"Sure enough, it is an emperor spar."

Qin Chen was overjoyed, and gently stroked the Emperor Spar, with a blurred look in his eyes.

With this spar, his own martial arts formation is considered complete.

Liu Lingyun suddenly felt depressed. This Qin Chen was still not a man. He had no reaction at all when he stood in front of him with such a big beauty. Instead, he was so excited when he saw the emperor spar.

Is a spar better than her?

"Let's go!"

Putting away the emperor spar, Qin Chen turned and walked out of the treasure house.

Liu Yuanqin who was accompanying him was taken aback.

He was called by Liu Xuanrui to accompany Qin Chen into the treasure house, but he also understood the purpose of his father.

I just wanted to win over Qin Chen and let Qin Chen watch for a while in this treasure house to see if he was fancying something, so that he could settle the relationship.

Otherwise, would a king spar need them to accompany it? Just send someone to this treasure house and take it directly.

Now that Qin Chen was about to leave directly, Liu Yuanqin was stunned. This Qin Chen was really a gentleman!

The treasures in this treasury are so rare that any top expert will be amazed when they come in, and can't help prying around, giving them evil thoughts.

But Qin Chen had no distracting thoughts, so he couldn't help but admire it.

Lian smiled and said, "Master Qin, don't you look at other treasures?"

"I'll talk about it later," Qin Chen said.

After getting the Emperor Spar, Qin Chen couldn't wait to arrange a martial arts formation so that Zhuo Qingfeng and others could break through.

If he didn't completely defeat the Leng family, he was always disturbed.

It's just that the three of them just walked to the gate of the treasure hall.

"Ok?"

Suddenly a strange wave came from not far away, and Qin Chen felt the mysterious rust sword in the storage ring become slightly hot.

what happened?

Qin Chen turned his head and looked at the place where the fluctuations came, but it was a simple secret room.

"Master Qin, what's the matter?"

Seeing Qin Chen stopped, Liu Yuanqin asked in confusion.

"What's in this secret room?" Qin Chen pointed to the secret room coming from fluctuations.

Liu Yuanqin looked over and laughed suddenly, and said, "Master Qin, this secret room is filled with some weird objects from our Dawei Dynasty. Many of the things in it are broken and not knowing the origin, it's just extraordinary, so it's all stored here."

"Can you take me in for a look."

Qin Chen frowned, what kind of treasure could the mysterious Rust Sword react to?

"Naturally."

Liu Yuanqin did not hesitate to open the secret room directly.

As soon as Qin Chen walked into the secret room, he felt the place where the fluctuations had passed.

I saw a pile of things in that place, and the place where the wave came from was under that pile of things.

Qin Chen immediately stepped forward and opened the debris in front of him. A piece of broken armor appeared in front of Qin Chen, covered with dust and even some rust, which was very simple and unpretentious.

But Qin Chen could feel that when this armor was exposed, the mysterious rust sword in his storage ring became even hotter, as if it was burning, but then it fell silent again.

"That's it."

Qin Chen was certain that it was this thing that caused the mysterious Rust Sword to change.

Immediately looked at the armor in front of him.

The entire armor was simple and unpretentious, but extremely complicated lines were engraved inside, and even Qin Chen couldn't understand its specific structure.

"This should be some kind of ancient armor, the structure of the pattern, it belongs to the ancient array pattern structure."

Qin Chen immediately entered his true power into it, but the entire armor did not respond. Obviously, the pattern lines inside had been damaged and lost its original effect.

"I don't know if it can be repaired!"

Qin Chen frowned. No matter how the mysterious Rust Sword could react, Qin Chen didn't dare to despise it. The structure inside should not be completely destroyed, maybe there is hope of restoration.

"Where did this armor come from?" Qin Chen asked.

Liu Yuanqin and Liu Lingyun looked at Qin Chen suspiciously. They didn't know why Qin Chen was interested in the broken armor. When Qin Chen asked questions, they even flipped through the notebook. After a while, Liu Yuanqin said: "I found it. This armor was obtained by a master in the imperial palace hundreds of years ago from a secret realm in the Demon Ancestral Mountains on the border of the dynasty. It has a long history. It should be an armor from ancient times, and it is hard. Incomparably, the refined materials are also very special, so far there is no appreciating treasure

The teacher identified what material it was forged. "

"Moreover, it is extremely strong, even if it is a seventh-order king soldier, it can't leave a trace on it. Therefore, before it is damaged, it is at least a treasure soldier above the seventh-order king soldier, or even higher rank."

"It's a pity that such a precious armor is damaged. For some unknown reason, no matter how it is activated, the formation pattern cannot be activated. Therefore, this armor has no other value except that it is a little stronger." "Originally, The masters of my royal family also want to wear this thing, at least it is extremely sturdy, but this thing is very uncomfortable to wear on the body, and it is extremely inappropriate. The most important thing is that it cannot activate the formation pattern and can only protect the upper body. It is extremely inconvenient to act, which is equivalent to carrying a burden . "

"So it's stored here, it shouldn't be passive for hundreds of years."

Liu Yuanqin looked at the records in the logbook and explained.

It turns out that this is a broken armor that was obtained hundreds of years ago. If it weren't for every treasure in the treasure house to have a history and record, after so many years, I am afraid that no one knows its specific origin.

"The secret realm of the Demon Ancestor Mountain Range?"

Qin Chen frowned.

Dawei Dynasty borders the Five Kingdoms and can also enter the Demon Ancestral Mountain Range. He is not surprising.

But his mysterious rust sword seems to come from a secret realm in the Demon Ancestral Mountain Range. Is there any connection between the two parties?

Without Qin Chen guessing, he was sure that these two parties were absolutely related.

"I don't know this, can Qin take it away?"

Qin Chen raised his head and asked.

"Since Master Qin is interested, just take it." The emperor had already given an explanation before coming. As long as Master Qin is interested, he can take it away. Who ever thought that Qin Chen had nothing to do in front of those real treasures. The reaction, on the contrary, was to take away the rusty and broken armor, which also left Liu Yuanqin speechless.

[Chapter 828: Alien Armor](#)

"Ok!"

Qin Chen nodded, just about to put away the broken armor, but suddenly saw a part of the pattern on the armor, and he was shocked.

"Strange, how come these lines are so familiar, where do they seem to have seen them?"

With a flash of eyes, Qin Chen instantly understood where he had seen these lines.

Some of the secret patterns on this face were surprisingly similar to the secret techniques that Gunan Du had mastered, and seemed to have the same origin.

"Could it be that the reason why this thing cannot be refined is not because the inscription pattern is broken, but because the true power is wrong?"

Qin Chen clearly remembered that in the Black Death Swamp, he and the black slaves entered the mysterious palace, but they were unable to open the stone pillar formation for a long time. Finally, they used the strange power of the ancient Nandu to urge the stone pillars to enter the palace. In the core.

Could it be the same for this broken armor?

With a thought in his heart, Qin Chen immediately activated the mysterious technique. Immediately, a trace of cold power flooded out of his hands and instantly poured into the armor in front of him.

"Om!"

When that trace of power entered, the entire armor seemed to tremble slightly, and Qin Chen felt that the ancient armor that had been stored for an unknown number of years seemed to have suddenly come alive.

This feeling is very peculiar. The broken armor still looks like this. It hasn't changed at all. Even the dust on it has not lost a trace, but Qin Chen has a feeling that the broken armor seems to be asleep. And now, he has slowly recovered.

"You two wait a minute!"

Qin Chen's eyes condensed, and he immediately sat cross-legged, and began to try to use the weird true power, but to refine this mysterious armor. Seeing Qin Chen's actions, Liu Yuanqin and Liu Lingyun were both stunned: "Master Qin, don't you want to refine this armor, do you? It was mentioned in the previous booklet that this thing has been broken. The top masters have been refined, but after many years of energy, they have not succeeded in refining.

It can be seen that it has been completely damaged, and it may be very difficult to refining. "

According to records, those who had refined this armor back then, and there were even 7th-order Martial King level masters, and even they could not refine it, how could Qin Chen refine it.

Qin Chen ignored the two of them, but perceives the inscription pattern structure.

"Huh? It really changed."

When Qin Chen turned that strange true power into the armor, the power in the entire armor seemed to recover a little bit, slowly becoming alive.

After half an hour!

Hum!

When the weird true power ran into every inscription on the armor, the entire armor suddenly emitted a misty halo.

Liu Yuanqin on the side was still smiling bitterly, and said, "Master Qin, since it is recorded in the above, it shows that this thing really cannot be refined. If you do this, it will be useless..."

Before he finished his words, Liu Yuanqin glanced at the armor that exuded a misty halo, his voice stopped abruptly, and his eyes suddenly went round.

"You...Master Qin... have you successfully refined this broken armor?"

Liu Yuanqin opened his mouth wide, as if he had stuffed a few watermelons.

When Liu Lingyun reacted, his eyes also fell to the ground.

What did the fifth brother say before? Many masters of the royal family back then, spent decades, but failed to refining, so what, Master Qin succeeded in half an hour?

Could it be said that Master Qin's attainments are better than those of Wu Wang in the dynasty?

At this time, Qin Chen ignored the two of them. All his spirits fell on the armor in front of him. The entire armor was covered with strange secret patterns, and the light flowed and disappeared.

"Alternate Demon Armor?"

At the same time, a piece of information flooded Qin Chen's mind instantly. The standard armor of the ancient alien warlord, the king grade, can be integrated into oneself, and in battle, it can be motivated by the power of the alien to protect the body instantly. There are seven sets of King-Rank Alien Armor. The complete Wang-Rank Alien Armor can withstand the full attack of any level of Alien Warrior without any injuries.

, Is the pinnacle of the armor of the alien demon clan.

"What? Such a powerful armor turned out to be a standard armor?" Qin Chen was shocked.

After refining the armor, the information in the broken armor also passed into Qin Chen's mind.

It turned out to be the standard armor of the ancient alien demon warlord. Judging from the information inside, this alien warlord should be the seventh-order king-level powerhouse of the alien demons, equivalent to the martial king among humans.

There are seven sets of different magic armors, namely helmets, armors, leggings and armguards. Among them, the armor is the core part, carrying 50% of the defense power of the entire standard armor.

And the collection of a set of king-grade alien demon armor can withstand the full attack of any seventh-order martial king-level master, how can Qin Chen not be shocked?

In other words, as long as there is this set of King-Rank Alien Demon Armor, even a Martial King master of the seventh-order pinnacle, it will be difficult to break through his own defenses even with his full force.

It is a pity that this alien demon armor now has only one breastplate, and it is obviously broken, and the inscriptions inside are also broken.

But overall, it can still be used.

"Could it be that this alien demon race is the ancient alien powerhouse that Gunan said?"

Qin Chen's thoughts turned around. If that's the case, why would Gunandu teach his own weird techniques, but could spur the armor of this alien demon race?

Moreover, the mysterious rust sword on my body just now fluctuated after encountering this alien demon armor. It's hard to say that the mysterious rust sword I got was also the weapon of that alien demon?

Qin Chen was suspicious, but couldn't figure it out.

"Master Qin, what's the matter with you? How did this armor get moved?"

On the side, Liu Yuanqin and Liu Lingyun were already watching.

The broken armor in front of Qin Chenyuan himself felt the slightest brokenness at this moment. The black lines on it flickered, and a dazzling light rose into the sky, forcing people's eyes.

"Come!"

According to the message sent by the alien demon armor, Qin Chen thought, the alien demon armor in his hand had disappeared, and at the same time, a black armor pattern appeared on his chest.

When he fights, he only needs to be urged to summon this alien armor and resist external attacks for him.

Although a set of seven different demon armors, this armor on his body is only part of it, but Qin Chen can feel that this armor alone can also withstand the attacks of ordinary seventh-order martial masters.

"With this armor, even if Leng Pogong wants to assassinate Ben Shao, it will be difficult."

Although this broken alien armor could not stop Leng Pogong's all attacks, it could at least block his several attacks. In this way, Qin Chen had time to deal with it calmly.

"It's a pity that it is broken, and there is only one piece. If you can gather this set of armor, it will be fine." Qin Chen couldn't help but be moved, since Dawei Dynasty could get a part of this alien armor, said Uncertainly elsewhere in the Land of Hundred Dynasties, there are also components of different magic armor.

[Chapter 829: Very dead](#)

"Let's go."

Putting away the alien armor, Qin Chen and Liu Yuanqin walked out of the treasure house.

"Master Qin, what exactly is the broken armor just now?"

Liu Lingyun was curious and couldn't help asking.

"Haha, that broken armor is an ancient standard armor, and I was lucky enough to accidentally activate it." Qin Chen smiled, but didn't explain much.

He couldn't figure out these things of the ancient alien race himself, so he naturally wouldn't explain it at will.

lucky?

Liu Yuanqin and Liu Lingyun are speechless. Such an armor has been kept in his Dawei Dynasty Treasures inventory for at least hundreds of years. So many masters have studied it, but they have not been able to activate and figure out that Qin Chen's fluke is really letting him. People can't believe it.

However, although the father said that Master Qin took anything in the treasure house, they all opened one eye and closed one eye, but the broken armor before was too shocking, they did not dare to call the shots, and needed to report to the father.

The three quickly returned to the hall.

"Huh? Where's Pavilion Master Zhuo and Your Majesty?"

"Where is the father?"

Back to the hall, Zhuo Qingfeng and Liu Xuanrui were not there, Qin Chen and Liu Yuanqin were all taken aback.

"Your Majesty took Pavilion Master Zhuo to the inside of the main hall and went to discuss something important." Huang Huan explained.

Have something to discuss?

Qin Chen was stunned. What is Liu Xuanrui's need to keep Yelu Hongtao and Nangongli here, he can only discuss with Zhuo Qingfeng alone?

"Little dust, the emperor's spar, have you found it in the treasure house?"

Nangongli and Yelu Hongtao didn't care, they just looked forward to Qin Chen.

"Hehe, I found it." Qin Chen smiled faintly.

"Great."

Nangongli and Yelu Hongtao looked at each other excitedly.

Although I couldn't believe that Qin Chen could make them break through the seventh-order martial arts king within a month, the two of them were actually quite expecting it.

Now that I heard that the last material, Emperor Spar, has been found, Nangongli and Yelu Hongtao couldn't help being excited.

While communicating, they saw Liu Xuanrui and Zhuo Qingfeng walking out of the inner hall.

"Master Qin, are you back?" Liu Xuanrui's eyes lit up.

"Exactly, I would like to thank your Majesty this time. If it were not for your Majesty, I am afraid that Qin would not have been able to find the Emperor Spar so soon." Qin Chen smiled and arched his hands.

"These are what I should do." Liu Xuanrui hurriedly waved. "Father." At this time, Liu Yuanqin took a step forward and prepared to tell what had happened in the treasury before, but before he could say anything, he was interrupted by Liu Xuanrui: "Yuanqin, Lingyun, you two Very good, Father is very pleased, now you can go down, I still have important things to discuss with Master Qin

Discussion. "

"Father, the child wants to listen too." Liu Lingyun said coquettishly.

"Be obedient, go down." Liu Xuanrui glared and scolded.

Liu Lingyun was taken aback. It was the first time that she saw such a serious expression on her father's face, so she could only pouting her lips and retired with Liu Yuanqin.

"Master Qin, I have something to ask, and I also ask Master Qin to help." As soon as the two left, Liu Xuanrui said in a condensed voice.

Qin Chen was stunned, he could feel Liu Xuanrui's tone of voice was extremely serious, and Zhuo Qingfeng beside him also had a heavy expression.

"Your Majesty, please." Qin Chen nodded. Nangongli and Yelu Hongtao just wanted to leave, but they saw Liu Xuanrui wave their hands and said, "Since the president of Nangongli and the lord of Yelu Hongtao are both members of the Chendi Pavilion, there is no need to shy away from the two, but this matter is very important. I hope that the two of you will not disclose it at will, otherwise the Dawei Dynasty will be destroyed

disaster. "

Seeing what Liu Xuanrui said was serious, the two nodded.

"Actually, my ancestor of the Dawei dynasty has been seriously ill for many days..." Liu Xuanrui slowly said such a news: "The health of the ancestor is the greatest secret of the entire dynasty. There can be no spread, so I can't help but keep it secret until now, please forgive me."

The imperial family of the Dawei Dynasty relied on this ancestor to suppress the entire dynasty. Once other forces know that the ancestor of the Dawei Dynasty does not have much time to live, it will definitely be ready to move.

In particular, the Leng family and other forces will surely unscrupulously launch a fatal blow to the Dawei royal family.

"Previously, Pavilion Master Zhuo had nothing to do with the ancestor's injury, but let me know, Master Qin, you might have a way to treat the ancestor, so I took the liberty to ask Master Qin to diagnose him and delay the ancestor's injury. Life."

Liu Xuanrui sighed and spoke with a sad expression on his face.

Hearing what Liu Xuanrui said, everyone understood why Liu Xuanrui was so wary.

Such important matters really cannot be disclosed at will, otherwise, it will be a disaster for the Dawei Dynasty.

"No wonder that Liu's royal family is so weak in front of the Leng Family. It turns out that their most dependent ancestors are almost dead." After listening to the other party's explanation, Qin Chen understood.

"Little dust, the current state of the ancestor Liu Tai is very bad. Now the Dawei dynasty is associated with me and others. We are both prosperous and all damaged. Zhuo has no choice but to tell your Majesty that there is little dust. There is a way." Zhuo Qingfeng said with a wry smile.

Qin Chen smiled, "Pavilion Master Zhuo don't mind, now Chendi Pavilion and Dawei Dynasty are indeed tied together. Since the ancestors of the Liu family are in trouble, it's okay for Ben Shao to take a look. Your Majesty, it's better to be here. Lead the way ahead, so ben will go and see with you."

Qin Chen didn't mind either.

Before, he had always thought that Liu was a little weak, and he didn't dare to act like that when he was bullied by the Leng family. Now it seems that there is a reason.

If it could be cured, Qin Chen wouldn't mind and help Dawei Dynasty.

"Also ask Master Qin to follow me."

Hearing Qin Chen's promise, Liu Xuanrui's eyes flashed with excitement and hurriedly led the way.

The group of people soon came to the retreat of the ancestor Liu Tai.

"Hey, there is a big formation of Seven Lights arranged here, which can absorb the true energy of the entire imperial city for your own cultivation, a good place."

Qin Chen's eyes lit up when he arrived at the palace where Liu Tai was.

This place is the training room of Bidan Pavilion, and it is also suitable for arranging the martial arts formation. If the martial arts formation can be arranged here, the probability of success can be improved.

"Master Qin, how did you know that the Seven Lights Array was set up here?"

Listening to Qin Chen's words, Liu Xuanrui was surprised.

The big formation here was set up by his ancestors of the opening dynasty of the Liu family. It is extremely cryptic. Outsiders coming, even if they are powerful kings, can only feel that the heavens and

the earth are full of vitality here, but Qin Chen suddenly said it. The mystery of Liu Xuanrui was not surprised.

Qin Chen smiled and did not answer.

Nonsense, if he is a ninth-level formation master in his previous life, if he can't even see this arrangement, how can he be confused?

Seeing Qin Chen's expression like this, Liu Xuanrui's confidence in Qin Chen couldn't help but improve again.

The group of people quickly entered the inner hall.

"It seems that your ancestor Liu's condition is not optimistic. There is a lot of lifelessness here. If it is not treated, the life span of this person will probably not exceed ten days." Qin Chen went in without seeing it. When it comes to the patient, he frowns.

[Chapter 830: Crazy](#)

People are popular, and dead are also dead.

The so-called death aura is actually a kind of depraved aura naturally emitted by the warrior at the end of his life.

When a person's life comes to an end, the organs of the body will fail, and the exhausted organs will emit a breath that is difficult for ordinary people to detect. This breath is called death air.

As soon as Qin Chen entered the inner hall, he found a faint breath of death in the inner hall. It was immediately clear that the ancestor Liu had already reached a point where his organs were exhausted and his organs were exhausted.

At this point, life has often come to an end, and generally will not live for a few days.

The reason why Qin Chen said ten days was because the ancestor of the Liu family was definitely a seventh-order martial king, who could last longer.

Even so, ten days is already a limit.

"what?"

Hearing this, Liu Xuanrui's face was even more shocked and hurried forward.

Suddenly found that the ancestor lying on the bed, since his face was much paler than before, there was a dying feeling, as if he would die at any time.

"How could this be?" Liu Xuanrui was taken aback.

How long has this passed? In about half an hour, how did the ancestor seem to be ten years old suddenly?

"Also please Master Qin..." Liu Xuanrui hurriedly looked over, anxious.

"No hurry, if I can save it, I will definitely take it."

Qin Chen responded and came to the old man.

"Xuan Rui!"

Liu Tai raised his head and yelled. The ancestor of the powerful dynasty, the dignified seventh-order martial king, even struggled to speak, and seemed to be lacking in energy.

"Ancestor, the younger generation is here." Liu Xuanrui hurried forward.

"This is..." Liu Tai looked at Qin Chen.

"Ancestor, this is Master Qin who founded Chendi Pavilion with one hand, that is, Master Zhuo said that it is possible to heal your ancestors. You can rest assured that you will be fine." Liu Xuanrui Said nervously.

"It turned out to be Qin Shaoxia. I didn't expect Qin Shaoxia to be so young?"

Liu Tai was taken aback, regained a little energy, and when he looked at Qin Chen carefully, his eyes were a little unbelievable.

He also heard Liu Xuanrui talk about Qin Chen's deeds, and knew that Qin Chen's cultivation was extraordinary, and he admired the pavilion master Zhuo Qingfeng of the Dan Pavilion. He thought that no matter how young he was, he would be at least twenty years old.

Looking at it now, what is more than 20 years old is simply a child who has not yet grown up.

Is this child, the patron of the Chendi Pavilion?

Liu Tai was shocked for an instant, how could this be possible!

Suddenly, my heart sank.

Liu Xuanrui is always confused, right? Such a young man, how could it be possible to disturb the situation in the imperial city, and even the Pill Pavilion, the Hall of Vessels, and the Holy Land of Bloodline were controlled by him. Couldn't it be some hostile forces who deliberately sent to confuse Liu Xuanrui and want to seize his mighty dynasty?

Liu Tai was shocked, and his whole body was in cold sweat.

"Who is your excellency?"

An aura of King Wu burst out instantly, like a big mountain, suddenly suppressing Qin Chen.

At the same time, Liu Tai stood up suddenly, his eyes bursting with lightning flashes, from a sick old man to a terrifying powerhouse in an instant.

I was really dying and sat up in shock!

Liu Tai's actions shocked Liu Xuanrui: "Ancestor, how are you..."

"Xuan Rui, are you always confused? How can you be a master of alchemy, how can you have developed three special effects, and how can you be the pavilion master of Chendi Pavilion? Trust must have ulterior motives."

Liu Tai said in anger, panting, and his face pale.

When he said this, Zhuo Qingfeng and the three people who followed up on the side looked a little ugly.

What does Liu Tai mean? Saying less dust is ulterior motive? They are with Shao Chen. So, they also have ulterior motives and want to seek the benefits of their powerful dynasty?

It's just nonsense.

"Ancestor, Master Qin is not such a person..." Liu Xuanrui also hurriedly explained.

Liu Xuanrui had investigated Qin Chen's origins a long time ago. It was indeed from five countries. Although he was extremely mysterious, he did not seem to be sent by another country.

"You are confused..."

Liu Tai said angrily, venting his vigor, coughing again and again, breathing difficulties, and suddenly wilting.

"Your Excellency, don't get too excited. Your body has been seriously overdrawn and depleted because of the obsession 20 years ago. The internal organs have reached the end of exhaustion. If you are so excited again, let alone ten days, I am afraid that it's a problem to survive today."

Qin Chen glanced at Liu Tai and said lightly.

"How do you know that I was in a madness more than 20 years ago?"

As soon as Qin Chen said this, Liu Tai froze in an instant, with an incredible expression in his eyes.

"Old ancestor, have you gotten into trouble more than 20 years ago?" Liu Xuanrui was also stunned.

He didn't know about it either.

"There's nothing in it. Your magnificent peak martial king in the early stage of the seventh stage. The life wheel was only over 150 years old. You ran out of oil, the lamp was dry, the internal organs were seriously damaged, the true essence in the body was floating, the sea of energy was damaged, and the spirit was also Some instability is clearly a symptom of delusion." "According to your mental damage, it can be inferred that it was about more than 20 years ago, and it should be when it hit the middle stage of the seventh tier. The pass failed, at the last moment, you were lucky enough to wake up. Well, you should have taken the seventh-order Qinglin Pill, but your body was injured.

Seriously, for so many years, it has not been able to recover, only a little exhaustion. "

Qin Chen said lightly.

"You...you..." Liu Tai looked at Qin Chen with a look of horror like a ghost.

This condition of him was indeed only seen more than 20 years ago. That year, he forcibly rushed through the barrier, trying to break through from the peak of the early stage of the seventh stage to the middle stage of the seventh stage.

Seeing to be successful, but at the last moment, the true essence in the body is backlashed, and the whole person is lost.

If it wasn't for him that there happened to be a Qinglin Pill, he would be rescued from the devil, but his body was seriously damaged.

Over the years, it has been deteriorating, and it has reached the point where it is now.

Otherwise, ordinary martial masters generally have a life span of about two hundred years. How can they be like him, with a cultivation level as high as the initial peak of the seventh stage, but when he is more than 150 years old, he will be exhausted and his vitality is exhausted.

It's just these things, he has never said to anyone, even Liu Xuanrui has no idea, how did this kid know?

Is it true that so many things can be seen simply by scanning his body?

Seeing Liu Tai's shock, Zhuo Qingfeng and the three were extremely comfortable at this time.

This Liu Tai, who didn't know what was good or bad, dared to say that Chen Shao had no good intentions. Now he knows that Shao Chen is amazing.

Recalling the shock that Qin Chen gave them back then, it was nothing less than that of Liu Tai.

All of them suddenly looked at Liu Tai with idiot eyes, disdainfully. "Master Qin, did the ancestor still save him?" Liu Xuanrui did not think as much as Liu Tai thought. He just looked anxiously and cared about the ancestor's body.
