

Valkyrie 831

[Chapter 831: Soul deterrence](#)

At this moment, Liu Tai also looked at Qin Chen in shock, and couldn't help but express hope in his heart.

This son can tell his situation so easily, maybe there is really hope for him to be treated, he does not ask Qin Chen to heal his injury, but if it can ease his injury, it will be better than now. Too much.

He knows his physical condition very well, and if it deteriorates like this, he might really be unable to survive for ten days.

"Your ancestor Liu's injury is very serious, and it has reached the point where the oil is exhausted and the lamp is dry. Even the Wangpin pharmacist can only let him die obediently, I am afraid he will not be able to return to heaven." Qin Chen sighed.

Liu Xuanrui's heart sank, his face was pale, and his heart was desperate.

Trembling: "Is the ancestor him really hopeless?"

Liu Tai's face was instantly ashen.

Even if he was free and easy, he couldn't help shaking at the news that he was about to die.

"What are you in a hurry? The young master only said that the general king-pin pharmacist can only wait for him to die, but in front of the young master, it may not be necessary." Qin Chen glanced at several people.

Liu Xuanrui was stunned, because he had heard it wrong: "What did you say, Young Chen? You mean, the ancestor is still saved?"

"If you can save it or not, you still need Ben Shao's inspection before you can decide." Qin Chen stepped forward and looked at Liu Tai lightly: "If you believe me, let go of your defenses and let Ben Shao check your body obediently. If you don't believe me, this young man will leave now, the province's kindness is still regarded as a bad person."

"Letter, I believe." Liu Tai nodded repeatedly.

Before, he just didn't want to understand for a while, and now after careful thinking, he felt that Qin Chen could not be the spy of the Leng family.

If it is really the spy of the Leng family, after seeing him seriously injured, he deliberately tricked him into treatment? Just waiting for his fall, the Leng Family and other forces can launch an offensive against the Dawei Dynasty.

The Liu family who had lost him couldn't resist the joint attack of the top masters of several major forces.

What's more, Qin Chen explained the history of his illness before, and Liu Tai was completely convinced.

"In that case, remove the defense." Qin Chen didn't talk nonsense, and put his right hand on Liu Tai's body instantly.

Hum!

A terrifying mental power instantly diffused from his palm and poured into Liu Tai's body in an instant.

boom!

Liu Tai felt like he was standing on the surging sea, and his whole person was enveloped by a terrifying force. That tyrannical mental force, like a torrent, instantly rushed through every part of his body.

"What a terrifying mental power."

Liu Tai's expression was shocked, and his eyes were shocked.

That mental power was like a vast ocean. Although he had withdrawn his true essence defense, the instinctive martial art pressure of his body was still there, but in front of Qin Chen's exploration, there was almost no resistance.

That vast ocean-like mental power, pervasive, instantly penetrated every corner of his body, thoroughly prying his body, this kind of feeling, even in front of Zhuo Qingfeng before, had never before.

"Is this child's mental strength still above Zhuo Qingfeng?"

Thinking of a possibility, Liu Tai's pupils shrank suddenly.

how can that be.

This kid is clearly just over a dozen years old. At such an age, his spiritual strength is still above Zhuo Qingfeng. What kind of martial arts talent is this?

Not to mention their land of hundreds of dynasties, even if it is the entire Northern Heaven Region, I am afraid it will be difficult to find one.

Originally, although Liu Tai trusted Qin Chen, he did not remove his doubts.

But now, he completely believed that Qin Chen was definitely not the spy of the Leng family.

Such a genius, let alone the Leng family, even some of the top forces in the Northern Horizons will treasure and cultivate, how could he let him out to do such a dangerous thing.

"Ok?"

Liu Tai was thinking wildly, but Qin Chen was paying attention. Looking at Liu Tai's body, he seemed to have discovered something, and his brows suddenly frowned.

"Your Excellency had been cultivating in this palace when he attacked the middle-ranking martial king?" Qin Chen asked in a deep voice.

"Yes."

Liu Tai nodded, wondering what Qin Chen asked about.

"Don't resist."

Qin Chen gave a low shout, his eyes suddenly turned into a rainbow color, and at the same time he spurred his soul power.

"Om!"

A terrifying soul power instantly disappeared into Liu Tai's mind.

Liu Tai only felt cold all over, and immediately in his mind, as if a force to suppress the ages appeared, a misty phantom appeared in the soul of his mind.

That phantom, with a vague face, was exactly the same as Qin Chen's body, as if a heavenly emperor was looking down on his people, exuding a horrible aura of suppressing the ages and controlling the world.

"Is this Qin Chen's soul phantom?"

Liu Tai opened his mouth wide, his eyes rounded, and his mind was shocked like never before.

As a seventh-order martial king, he naturally knows the magical effect of soul power.

Martial artist training is actually only strengthening the physical body, and if you want to condense the soul power, you must break through the seventh-order martial king, the true power in the body is condensed into the true essence, and the mind is baptized, only then can the weak soul power be condensed.

Once the martial artist has condensed the soul power, he can communicate more keenly between the world and all things, understand the will of the martial arts, and integrate with the world.

This is the reason why the Wuwang powerhouse can control the will of the martial arts, and the true essence is inexhaustible.

But this Qin Chen is obviously only a teenager, how could he have such a powerful soul power?

In his mind, Liu Tai's soul sea surged, looking at the misty phantom floating above his head in horror.

In his perception, the phantom exuded an astonishing aura, as if the dragon was looking down at the ants, unable to even have the courage to resist.

Liu Tai was horrified, and Qin Chen's soul phantom stared at Liu Tai's soul still below, frowning, and also showing a solemn look.

The powerful soul power instantly swept through Liu Tai's soul sea.

"call!"

Immediately afterwards, Qin Chen withdrew his soul power and stood up.

"Where did you sit and break through back then?" Qin Chen asked in a deep voice.

"It's in the old man's retreat, Xuan Rui, help the old man get up quickly and take Master Qin to the old man's retreat room."

At this time, Liu Tai didn't show any arrogance anymore, and even said respectfully.

The group soon came to Liu Tai's retreat.

"Old ancestor Liu Tai, you can demonstrate where you were sitting cross-legged." Qin Chen said.

"Yes!"

Liu Tai didn't dare to neglect, and sat cross-legged on the stone couch in the middle of the closed room.

He closed the room and sat in a fixed position, so he did not forget.

"Is it facing southeast?"

Qin Chen asked Liu Tai to stand up and sat on the stone couch according to Liu Tai's previous position.

Everyone looked at Qin Chen suspiciously, wondering what Shao Chen wanted to do?

Give the ancestor a good treatment. Why do you ask him how he sat when he was cultivating? Does it have something to do with the treatment of the ancestor? Everyone is the monk Zhang Er, puzzled.

[Chapter 832: Two ways](#)

Qin Chen ignored everyone's doubts, and after sitting cross-legged, he suddenly moved into the void.

"Seven lighters are united, everything is true, the sky is round, the Big Dipper is one!"

Huh! Huh! Huh!

Qin Chen squeezed his hands and suddenly shot a stream of light towards seven directions.

"Om!"

A misty light suddenly lit up in the entire training room, and everyone immediately saw that countless bright lines suddenly appeared in the closed room. These lines, complicated and obscure, entangled together, forming a cumbersome and obscure array. At this time, it exudes an amazing light.

"This is... the base of the Seven Luminaries?"

After this rehearsal, Liu Tai was out of breath, but suddenly his eyes widened, his eyes were about to fall out, and his mouth seemed to be big enough to stuff duck eggs.

The Seven Lights Array was arranged by a seventh-level Array Master when the ancestor Liu was in the beginning of the dynasty. It integrates the layout of the imperial city, suppresses the dragon veins, and can absorb the luck and true energy of the entire imperial city.

Here, one day of cultivation is almost equivalent to several days of outside cultivation, and one can get the baptism of dragon energy of the entire dynasty.

This is also the reason why the royal family masters have emerged in an endless stream over the years of the Dawei Dynasty, and each generation has the birth of the Wuwang strong.

However, in order to prevent the destruction of the Qi Yao large formation, when the ancestors of the Liu family arranged the large formation, they integrated the formation of the large formation into the

entire palace, and used special means to cover it, so that people could not detect it at all. Cannot be destroyed.

But now, with Qin Chen's hand, all the formations of the Seven Lights Formation were revealed. These methods simply blinded Liu Tai's eyes.

"This is... the legendary stone formation technique?!"

Not only was Liu Tai shocked, but the Lord Yelu Hongtao also opened his mouth and said in shock.

As the master of the Palace of Equipment, Yelu Hongtao's refining skills are infinitely close to the seventh-order king-level refining master, and his skills in formation are also terrifying.

Suddenly I saw that Qin Chen's technique seemed to be the legendary stone formation technique that was lost in ancient times.

Rumor has it that this set of secret techniques has been practiced to the extreme, and no matter how complicated the formation is, the formation pattern and base will be revealed. It is the secret technique that the Master Formation Dao dreams of most.

"Om!"

At this time, countless arrays of light emerged from everyone's body, a series of patterns, shining brightly, and constantly changing, just like a dream.

At the same time, the heaven and earth zhenqi in the whole hall increased crazily. Just a moment ago, the concentration had almost reached about ten times that of the outside world. Everyone felt comfortable, and every pore of the body was relaxed, greedily absorbing the zhenqi between heaven and earth. .

Qin Chen's eyes were dignified, his hands squeezed the Fa Jue, carefully calculated, and suddenly, looking at a certain point in the void, he jumped away.

Without Qin Chen's control, the formation of the Seven Lights Array instantly dimmed, disappearing into the void.

"Which one of you has a map of the imperial city?"

Qin Chen looked at Liu Xuanrui and others.

"I have it here."

Liu Xuanrui looked at Qin Chen suspiciously, didn't he mean to check the ancestor's body and treat him? Why is there a map of the imperial city again?

Although suspicious, he took out the map for the first time.

Qin Chen swept across the map, and then a point to the southeast of the palace, said: "You know, what is this place?" Everyone looked at the place Qin Chen was pointing, frowning: "Little Chen, you It refers to the core area of the southeast of the imperial city. There are many powers in the place where your finger is located, but the most magnificent building is one of the three sects of the Zongmen Alliance and the residence of Guiyuanzong." Zhuo Qingfeng first

Said.

"Guiyuanzong?"

Qin Chen's eyes flashed, and a chill shot in his eyes.

"Little dust, what's the matter? Returning to Yuanzong, is there any problem?" Zhuo Qingfeng frowned and asked.

Liu Xuanrui, Liu Tai and others also looked puzzled.

Obviously Liu Tai was inspecting his injuries, and he suddenly brought him over, asking him about his sitting posture, urging the Qiyao formation, and asking about the map of the imperial city. What the **** was this?

Could it be said that the injury of the ancestor still has a problem with that of Gui Yuanzong?

If this is the case, if it is so awesome, Gui Yuanzong still needs to unite with the Wujizong and Leng Family, and will have the strength to directly destroy the Liu clan in minutes.

"It's nothing, it's just a guess, but it's not certain yet." In the face of everyone's doubts, Qin Chen just shook his head.

Flop!

Hearing that, everyone staggered and almost didn't fall.

Now the ancestors of the Liu family have reached the point where they don't want to be treated yet, but what are they guessing, is Shao Chen idle and nothing to play?

For a moment, Liu Xuanrui and Liu Tai were about to cry.

"Well, what are you doing with weeping faces? I just checked. There are two ways to solve the injury of the ancestor Liu." Qin Chen said suddenly.

Two methods?

Everyone's eyes brightened instantly, and they looked at Qin Chen in disbelief.

Especially Zhuo Qingfeng, his eyes showed admiration.

He also checked Liu Tai's injury just now, racked his brains, and couldn't think of a solution. Who knows that there is less dust, not only can it be solved, there are actually two solutions, less dust is worthy of dust, it is really awesome.

"Which two kinds?" Liu Xuanrui also looked over excitedly.

"The condition of the ancestor Liu Tai is that his vitality is exhausted, the lamp is exhausted, his organs fail, and his life is at the end. Therefore, there are two ways to treat him. The first is to take a longevity pill."

"Since it is the end of life and the lifespan is exhausted, you only need to take longevity pills, such as Qipin Songhe Pill, Eight Pin Rejuvenating Pill, Jipin Qianshou Pill, etc., which can naturally be cured."

Qin Chen said lightly.

Taking a pill to prolong life?

Liu Xuanrui was taken aback for a moment, and then smiled wryly.

He naturally understands this truth, and he prepared it like this before.

It's just an elixir for prolonging one's life. It is very rare. Among them, the simplest seven-pin Songhe Dan can not be refined in the land of a hundred dynasties. The main material of the red-crowned crane saliva is rare in thousands of years. I thought of getting the elixir for longevity. ,Totally impossible.

"Master Qin, do you have a pill for prolonging life?"

Liu Xuanrui's eyes suddenly brightened.

Since Qin Chen proposed this, there might be a way.

"I don't have an elixir for longevity, but if your majesty can find the red-crowned crane saliva and other materials, Ben Shao can find a way to refine it." Qin Chen said.

"Red-crowned crane salivation?" Liu Xuanrui smiled bitterly. If he could find such materials, he would have already figured out a way to get people to go to the North Sky Territory to ask the King of Medicine for refining, and he wouldn't have to wait until now.

"Master Qin, what is the second solution you said?"

The first method is not feasible, is there a second method? "The second method is actually very simple. It is to let the ancestor Liu Tai break through to the middle of the seventh stage. The ancestor Liu Tai has exhausted his vitality, but once he breaks through, his vitality will recover and his injury will naturally heal. Breaking through to the mid-term, life span will naturally be extended." Qin Chen said with a smile.

[Chapter 833: Huiguangdan](#)

Flop!

Liu Xuanrui's legs softened and he almost knelt down.

A face was crying without tears, and it was about to collapse.

Hearing Qin Chen said that there was a cure, he was very excited at first, thinking there was a good way, but now, when I heard that there was a cure, what the **** was it.

Who doesn't know that if the ancestor can break through the middle stage of the seventh stage, he will be able to recover, but he does not look at it, can the ancestor still break through now?

Twenty years ago, the ancestors were young and strong, at the peak, and failed to break through successfully, and finally fell into disarray.

Now he is dying, dying, and he can't even stand still. In this state, how can you make him break through?

This is more **** than the first method.

"Master Qin, the two methods you said are these two?"

Liu Xuanrui tremblingly looked at Qin Chen.

"Yes." Qin Chen nodded, "These two methods are both fundamental solutions to Liu Tai's ancestors' problems. They can be regarded as a temporary solution and there will be no future troubles."

Liu Xuanrui couldn't hold back anymore and cried instantly.

"Master Qin, we also know the two methods you mentioned, but they can't be realized at all."

Treat the symptoms and cure the root causes, they also know that the symptoms can be cured, but what if it can't be achieved?

"Little dust, you..."

Zhuo Qingfeng was also dumbfounded, and Qin Chen's method was too reliable.

"Ancestor, forget it, I'll think about other ways." Lifting up Liu Tai, Liu Xuanrui is about to go out.

After standing for so long, Liu Tai was already extremely weak, and now he could hardly stand still.

"You guys, how did you leave? Don't you want to be treated?" Qin Chen couldn't help asking when seeing this scene.

"Master Qin, it's not that we don't want treatment, but there is no way to treat it." Liu Xuanrui smiled bitterly.

With these two methods, what are they still doing here?

No matter which one, it is impossible to achieve.

"Who said there is no way to achieve it?" Qin Chen was speechless, "Since I put it forward, there is a way to achieve it."

"What?" Liu Xuanrui was stunned: "Master Qin, didn't you say that you can't refine a pill for prolonging life?" He breaks through!" Qin Chen said speechlessly, and then looked at Liu Tai: "I now give you two choices. The first is to break through the mid-term Martial King and continue to live, but my method is a bit painful; the second is to go back.

Lie down and wait for death slowly. "

You must first confirm whether the opponent chooses to live or not, before you can make a decision.

"Can you let me break through the mid-term Wuwang?"

Originally, Liu Tai had no hope in his heart and his whole face was gray. Now he heard this, his whole body flushed with excitement.

But in my heart, I couldn't help but doubt.

He didn't know how difficult it was to break through the mid-term Martial King. He didn't succeed at the end of his life, but went crazy.

I'm dying now, can I break through?

"If you want to break through, naturally you can break through. If you don't want to, I can't help it. It mainly depends on how strong your desire to survive." Qin Chen looked calm.

"Of course... If you can make a breakthrough, no matter how painful it is, what can you do? I beg Master Qin for help."

How dare you hesitate, Liu Tai hurriedly bowed down, the previous despair disappeared without a trace.

Can live, who wants to die? As for pain, what is pain for a warrior? Unable to endure the pain, he couldn't become the Martial King at the peak of the early stage of the seventh stage, the strongest of the Dawei Dynasty.

"Well, if you want to break through, it's very simple, but... the ugly thing is the first." Qin Chen looked at Liu Tai solemnly: "After the meeting, you must completely obey my words, not only you, the four of you, but also Do exactly what I said, cannot refute, cannot resist. Otherwise, I will not be able to save you. If something goes wrong, don't ask me, do you understand?"

? If you agree, just hum. "

"Completely obey your orders?"

Liu Tai did not hesitate to say, "Since Master Qin has agreed to heal, he will naturally follow Master Qin's instructions."

It was Zhuo Qingfeng who were puzzled, what did they still have to do to help Liu Tai? Need all of them to cooperate?

"How about you? And your majesty?" Qin Chen looked at Liu Xuanrui and Zhuo Qingfeng.

"Naturally follow Master Qin's instructions." Liu Xuanrui nodded and said, if he can save the ancestor, let alone follow Qin Chen's instructions, let him do anything.

"I don't need to say anything else, naturally listen to Shao Chen's instructions." Zhuo Qingfeng and the three laughed.

"Okay, just agree, Your Majesty, I have a prescription here. You can help me prepare the ingredients in the prescription first." Seeing everyone agree, Qin Chen lifted his hand and a pen and paper appeared in his hand, and quickly wrote down the prescription.

"Yes." Liu Xuanrui glanced at the medicinal materials, but couldn't understand much, and soon arranged for someone to prepare.

"In addition to the medicinal materials, there is one more thing here that needs to be prepared. It is a ten-meter-long mysterious steel chain, which must be made of mysterious steel." Qin Chen said again.

"Hyun Steel Chain?"

Liu Xuanrui was stunned for an instant.

This healing ancestor, let him make a breakthrough, what does the mysterious steel chain do?

Can't help asking: "Master Qin, this is a mysterious steel chain, what is it for?"

Qin Chen's face sank: "Did you forget what I said before? You can only do what Ben Shao ordered. You can't have any doubts. If you can't do it, Ben Shao won't do anything. Be smart."

With an ugly face, Qin Chen showed an angry face.

Liu Tai also looked ugly on the side, and couldn't help but scolded Liu Xuanrui and said, "Xuanrui, since Master Qin said, you can do it. If you ask so much what to do, will Master Qin still harm the old man?"

"Yes, Master Qin, it's my fault." Liu Xuanrui did not expect Qin Chen to be so excited, and hurriedly ordered someone to do it.

I have to say that the imperial palace's movements are fast, and the materials that Qin Chen needs, as well as the mysterious steel chain, have already been sent over.

"Pavilion Master Zhuo, you come to help Ben Shao to refine the elixir together."

Offering a pill furnace directly, Qin Chen said with real fire in his hands.

"Yes, less dust!"

Since refining the Dragon Blood King Pill, Zhuo Qingfeng obeyed Qin Chen's words and immediately followed Qin Chen's arrangement to assist in the refining.

Only seeing the materials he brought, Zhuo Qingfeng was stunned.

Poria cocos and Celestia, um, these are all medicines that replenish qi and blood, and they are all normal, but epimedium, fur seal, acacia powder, three days without falling grass, what the **** is this? Isn't this the material used to refine aphrodisiacs?

What is it that Young Chen wants to refine?

Originally thought that what Qin Chen wanted to refine was a breakthrough medicine, but now, Zhuo Qingfeng was instantly dumbfounded.

What made Zhuo Qingfeng even more shocked, it was Hui Guangguo!

Huiguang Fruit is the highest grade among all materials, belongs to the seventh-order king-level elixir, and is also one of the main materials of Huiguang Pill.

Doesn't Chen Shao want to refine Huiguang Dan?

Thinking of a possibility, Zhuo Qingfeng's eyes stared, and his heart was instantly terrified. Is this going to poison Liu Tai's ancestor?

[Chapter 834: Qi Yin He Huan San](#)

Huiguangdan, as the name suggests, can make a dying warrior return to the light in a short time, as if he was not sick.

But don't think that this pill is going against the sky. It is not a good thing to return to the light, because once the effect of the medicine is over, the person who takes it will be exhausted at a faster rate and die in a short time.

In other words, if you can really refine the Huiguang Pill, the ancestor Liu Tai may indeed recover in a short time, but once the effect of the medicine is over, it is likely to accelerate death, and even die within an hour.

This kind of pill is not used as a healing pill at all.

Many times, Huiguang Pill was used by warriors as a potent elixir that stimulated the potential of blood pill. At the moment of life and death, a powerful cultivation base broke out and killed the enemy, but he also fell.

Therefore, seeing the Huiguang Pill in Qin Chen's refining materials, Zhuo Qingfeng was immediately shocked.

Doesn't Chen Shao want to refine Huiguang Dan?

It was just a shock in his heart, but Zhuo Qingfeng didn't dare to talk too much, but obediently obeyed Qin Chen's instructions and accompanied him in alchemy.

"boom!"

The two controlled the pill furnace, and various elixir were put into it one after another. With the previous experience of refining the dragon blood king pill, Zhuo Qingfeng and Qin Chen cooperated perfectly this time without any mistakes.

Half an hour later, a strong medicinal fragrance filled the inner hall, and at the same time a strong medicinal cloud appeared above the pill furnace.

"What kind of pill did Master Qin refine? So terrifying?"

"Yao Yunsheng, Wang Danxian, can it be said that Chen Shao's refining is the seventh-order Wangpin pill that cannot be made?"

"My God, Wang Pin Pill, is this true?"

Liu Tai and the others were all dumbfounded, with shocking expressions in their eyes, and they were almost mad from shock.

Seven Drug King? What is this concept?

In the entire land of Hundred Dynasties, there may not be a Seven-Rank Medicine King!

Such a character, the dragon sees the head but does not see the end, is the talent that many monarchs in the land of hundreds of dynasties dream of.

If people know that there is a Seven-Rank Medicine King in the Dawei Dynasty, I am afraid that the gates of the Dawei Dynasty's imperial city will be punctured by people. The monarchs of many dynasties will personally visit the gate, seeking talents.

After all, the top powerhouses in the Land of Hundred Dynasties want to get the seventh-rank Wang Dan, except for some top auctions in the Land of Hundred Dynasties, they can only go to the northern heaven outside the Land of Hundred Dynasties. Region, you can get one.

And, hope is very slim.

"Om!"

Amidst the shock of everyone, Qin Chen used the technique to collect the pills. In an instant, a bright stream of light soared into the sky and instantly fell into Qin Chen's hands, turning into a pink pill.

At the same time, there is a strong medicinal fragrance, which diffuses in this inner hall.

"Wang Pin breaks through the medicinal fragrance of pill, you can't miss it."

Liu Xuanrui and the others opened their nostrils, desperately sniffing the fragrance of medicine that diffused out, like a treasure, not willing to waste a single bit.

After hearing this, I suddenly felt that my whole body was hot and the blood flow accelerated.

"Awesome, what kind of breakthrough pill Chen Shao refined, it is amazing, just smelling the fragrance of the medicine, the blood in my body accelerated."

"Do you feel this too? Me too, hiss, my face is a little hot."

"Me too, hey, Lord Yelu, you have a weapon on your body? Why..."

"Weapon? No?" Yelu Hongtao lowered his head, his face flushed suddenly.

Fuck me!

What kind of weapon is this, obviously...

"Cough cough." Yelu Hongtao gave a dry cough, just about to explain a few words, turning his head, his eyes suddenly stared, and he found that the chairman of Nangong Li had the same behavior.

After the first turn, Liu Xuanrui didn't get much better.

"This Nima..."

At this moment, Liu Xuanrui and several people also found something was wrong, and they were all fainted in their hearts, wishing to find a place to pierce through.

I tried desperately to use my mind to control myself and calm down, but no matter how to control it, it was useless, as if I didn't listen to it.

"Master Qin, what kind of pill are you refining?"

Old face flushed, Liu Xuanrui asked frantically.

"What kind of medicine?" Qin Chen turned his head in doubt, saw the situation of Liu Xuanrui and others, and was speechless: "You guys, hurry up and hold your breath, what I refined is the special effect of the combination of Huiguang Dan and Qixuanhuansan. The pill, smelling too much, is harmful to your health."

"Huiguangdan and Qi Yin get together?"

Eyeballs stared, Liu Xuanrui almost vomited blood on the spot.

I thought Qin Chen was refining a breakthrough pill, so he desperately wanted to inhale the fragrance of the medicine. Who knew it was Huiguang Pill and aphrodisiac. How did they think?

Still desperately smelling it, isn't this special to find death?

"You also saw the prescription that Ben Shao gave before, didn't you fail to see it?" Qin Chen's eyes whited as a few people were shocked.

"See it? See your sister!"

Dizzy, Liu Xuanrui almost fainted. You just said that the ancestor will break through, and then directly give the prescription. You must subconsciously think that it is a breakthrough pill, who would want to get it, what will you refine? Hehuan scattered.

Brother, are you helping others to break through? Or do you want the burping ancestors to enjoy the last human happiness?

"Master Qin, this pill that you refined, isn't it for the ancestors to eat?"

Shaking all over, Liu Xuanrui said tremblingly.

"Nonsense, don't give it to Old Ancestor Liu Tai, what did I refine? Is it fun?"

After speaking silently, Qin Chen blanked Liu Xuanrui's eyes.

This Liu Xuanrui, mentally retarded, and the monarch of the mighty dynasty, has no brain at all.

Feeling distressed, Qin Chen came to Liu Tai in a few steps and directly handed the pill to his mouth, and said, "Come on, eat it!"

"Ding Ding Ding!"

The ancestor Liu Tai showed horror and hurried back, as if he had seen a ghost.

He didn't know what kind of pill Qin Chen was refining before, and he still had some expectations. Now that he knew what kind of pill, he was so scared that he was so scared.

Although he is not a pharmacist, he also knows that the Huiguang Pill is the same desperate pill as the Storm Blood Pill. Once taken, the energy status will be restored, but after a while, it will die.

What kind of breakthrough medicine is this, it is clearly a poison.

It's okay, he won't live for a few days anyway, and he's not afraid of death.

The key point is this medicine, in addition to the effect of Huiguang Pill, it also has the effect of Qi Yin Hehuan San. I didn't see a few Liu Xuanrui, just smelling the medicine, he couldn't help it, if he continued to take it...

Then... the consequences are unimaginable!

If there are a few maids on the field, it would be better, but now on the field, Quante is a man, or a group of old men, if he can't control his medicine, regardless of gender, then...

"vomit!"

Just imagining the picture, ancestor Liu Tai almost vomited his bile. This kind of pill, even if he killed him, he couldn't take it, he would rather die!

[Chapter 835: Vomiting blood](#)

Not only the ancestor Liu Tai was frightened, but Zhuo Qingfeng and the others also turned pale.

Before, they were still curious about why Chen Shao treated Old Ancestor Liu Tai, why they should help.

Now that I heard this strange love and joy, my legs were so frightened that I could hardly stand still.

Wouldn't it be the one who wanted them to accompany Liu Tai ancestor?

No, no, this kind of thing, even if they are killed, they can't do it.

"You don't want to eat, then I will feed you!"

Qin Chen raised his brows and his tone became unhappy.

What's wrong with Liu Tai? It is him who wants to break through and heal.

I have said it before, and follow my instructions.

When it's time for real treatment, why don't you cooperate and play by yourself?

Hand shakes.

"Wow!"

The mysterious steel chain prepared before was copied in his hand, and Liu Tai was immediately tied up.

"Master Qin, what are you doing?"

Liu Tai turned green with fright and screamed, but because he was dying, he couldn't resist.

With his mouth open, Qin Chen seized the opportunity in an instant, flipped his wrist, and shot the pink pill into Liu Tai's throat.

"Gudong!"

The pink pill was swallowed suddenly.

"Master Qin."

Liu Xuanrui reacted at this moment and shouted nervously.

If it weren't for Qin Chen's belief, he even suspected that Qin Chen was going to murder Liu Tai's ancestor.

"Did you forget what you promised just now?" Qin Chen's eyes sank and said coldly.

What happened to Liu Xuanrui and Liu Tai, they clearly agreed to obey their instructions. At the critical moment, they didn't believe in themselves, and only one dying person, did they commit such a painstaking murder?

Liu Xuanrui hurriedly said: "Master Qin, we naturally have not forgotten, but you..."

Seeing the ancestor Liu Tai who was **** there and forcibly fed the next Guangdan, Liu Xuanrui almost cried.

He couldn't help but be puzzled, but Qin Chen's way of making the ancestor breakthrough was too strange.

I never dreamt about it, but there is this way.

"Zizzi!"

The pill entered the abdomen, and a scorching breath instantly filled Liu Tai's dantian.

"Roar!"

With a roar, Liu Tai's eyes were crimson, and with a click, he immediately released a terrifying force of King Wu.

"Depth."

This coercion was so powerful that Liu Xuanrui and the others couldn't stand it, and they were shocked and then retreated.

"It seems that the effect of Huiguang Pill has appeared. You guys, immediately shoot Liu Tai and beat him fiercely." Qin Chen said quickly with his eyes bright.

"beat him?"

Suffering, Zhuo Qingfeng's legs became weak and they almost cried.

Are all the help that Shao Chen said before? Beat Liu's ancestor?

Although the ancestor Liu Tai swelled after taking Huiguang Pill, his whole body's breath swelled and he clearly recovered a lot of cultivation base, but they are also a group of half-step martial arts masters. Now the other party is bound all over, beaten up, accidentally. What should I do if I am killed? "Why? Don't do it yet? Don't worry, Liu Tai is already trapped to death. The mysterious steel chain is extremely strong. Even the seventh-order martial king in its heyday can not easily break free. Even if this person returns to the light, his strength and repair Because it's only 80% of the previous, if you want to break free, basically

Impossible, don't worry that he will resist. "

"..."

It's okay for Qin Chen not to say it, but Zhuo Qingfeng and the others are even more speechless.

They were afraid that Liu Tai would not resist, but Liu Tai's ancestor, who was clearly dying before, now that he can support the incense stick time even if he returns to the light, it is already amazing. What if they are killed by them?

Liu Xuanrui might have to kill them.

Didn't he see Liu Xuanrui now, he was already angry and his eyes turned green? "Why, don't you guys even listen to Ben Shao's orders? And your Majesty, what kind of expression do you think this young Master will harm Old Ancestor Liu Tai? If you don't believe Ben Shao, what did you promise? Now Huiguang Dan ate and ate, if you don't want to do it, you can do it, just stay here slowly

Wait for ancestor Liu Tai to belch! Qin Chen's face sank and said angrily.

"Yes!"

Seeing Qin Chen's anger, Zhuo Qingfeng and the others also trembled. Although they were unwilling, they gritted their teeth and rushed forward.

Now they, relying on Qin Chen to eat, Qin Chen's order naturally did not dare to refuse.

"Bang bang bang."

With a punch and kick, in an instant, a dense stream of light crazily fell on Liu Tai.

"Fuck me!"

Although Liu Tai was **** there, his eyes were not blind and his ears were not deaf. Hearing Qin Chen's words and feeling the dense attacks, his whole person was going crazy.

He also said that this kid is not a spy.

This move, where is helping him break through, obviously is to beat his rhythm.

"Boy, how did you break through for the old man?"

With a roar, Liu Tai was about to break free from the chains.

It's just that although he had recovered some cultivation base after taking Huiguang Pill, he was weak for too long after all, and coupled with the mysterious steel chain, it was too strong, and for a while, he couldn't break free.

Coupled with the medicinal effect of Qi Yin Hehuan San in the Huiguang Pill, I only felt that my body was hot and the blood was boiling, and the blood rushed straight to my forehead.

"Heh, Liu Tai, Ben Shao gave you a breakthrough. Not only are you not grateful, but you dare to call me kid, Ben Shao has sealed your dumb acupoint first."

Raising his eyebrows, Qin Chen's figure shook, and he came to Liu Tai in an instant, pointed his right hand, bang, and focused on Liu Tai's chest.

Liu Tai only felt that a powerful force of true power poured into his body, and then he wanted to speak, but he couldn't say a word.

"You guys, the action is too light, and the position is wrong, it's up to me!"

Immediately afterwards, there was another dissatisfied voice from Qin Chen. He raised his hands, crackled, and slammed against Liu Tai's cheek firmly.

Although Qin Chen's cultivation base is not high, how powerful is the Nine Star God Emperor Jue? Under the mad fan, Rao was strong in Liu Taixiu, and his face suddenly became red and swollen, like two cooked buns.

"I....."

puff!

Frozen with anger, Liu Tai hurriedly attacked his heart, spouting blood on the spot, cracking his canthus, and freaking out.

Before, although he was skeptical, he still felt subconsciously that Qin Chen might be helping him break through.

But now, he completely understood.

Qin Chen was not helping him break through at all, but clearly wanted to kill him.

Otherwise, how can there be any reason to draw his face directly?

"Woohoo..."

He struggled desperately with an angry expression, and wanted to remind Liu Xuanrui to behead Qin Chen.

But he was blocked by the dumb acupoints and his body was bound. No matter how he opened his mouth, he couldn't say a word. The blood was about to explode due to the anxious blood attacking his heart.

On the side, Zhuo Qingfeng and others also looked stupid.

I saw that Qin Chen's tactics were fierce, and he didn't say anything about a fan, but also jumped up and down, and tricked his yin legs. Liu Tai cracked and beaten wildly, and Liu Tai, who had recovered a lot of energy because of the return to the light pill, was dying again and was embarrassed.

[Chapter 836: I'm going to kill you](#)

"Master Qin, if you continue the fight, the ancestor will be killed. When will the fight end?"

Liu Xuanrui also saw something was wrong and hurriedly spoke.

"When will it be hit? Of course, it will be until it's out of breath." Qin Chen blurted out without hesitation.

"Beat to death?"

Liu Xuanrui was instantly dumbfounded.

"you....."

Liu Tai's eyes widened, and the fire surged in his body again, and his mind suddenly filled his mind.

Although he was dying and was about to grow old, he still had ten and a half months to survive.

I thought that Qin Chen was kindly helping him treat and let him break through, thinking about the last moment, and taking a fight.

Unexpectedly, the other party's treatment was false, and the murder was true, so everyone was asked to beat him to death.

His dignified ancestor of the Liu family, the most powerful person in the Dawei Dynasty, was not afraid to die, but if he died here in such humiliation, he would be humiliated for thousands of years, and he would not be able to turn his back.

"Boy, I'm going to kill you!"

Shouting in his heart, Liu Tai violently urged the true essence in his body, frantically hitting the mysterious steel chain on his body.

Not afraid of death.

But before he died, how could he kill the treacherous villain of his prestigious dynasty and kill him.

Otherwise, Liu Xuanrui will continue to be deceived, and the entire Dawei Dynasty will probably be destroyed in the hands of this child.

Boom boom boom!

The essence of Liu Tai's body erupted frantically, like a medicine barrel full of gunpowder.

Crunch!

The mysterious steel chain made a twisted sound like acid.

"Hey, it seems to be quite energetic. What did you guys do? Didn't you eat? Don't hesitate to use a little bit of energy to kill a piece of rubbish. It's all so hard, and you want to break through King Wu? Think too much."

The voice of dissatisfaction came from Qin Chen's mouth.

Liu Tai's face trembled, and the true essence was so angry that he rushed straight up from the Tianling Gai, the ultimate true essence accumulated in his body, as if it was completely ignited in an instant.

"Boom!"

A shocking roar shook the inner hall, and the entire inner hall was shaking crazily. The true essence in Liu Tai was surging, and instantly rushed to every corner of his body, and the dumb acupoints that were originally sealed were also instantly rushed away.

Boom!

The mysterious steel chain tied to the body was instantly torn apart, and the iron chain fragments with terrifying lethality shot everywhere, shaking Zhuo Qingfeng and others' faces pale, backing frantically, and blood overflowing from the corners of their mouths.

"Boy, you want to kill me. Although the old man can live in a few days, he must kill you before he died!"

With a roar, Liu Tai burst out with a murderous intent, a terrifying impact, and instantly bombarded Qin Chen.

"Less dust, not good!"

Zhuo Qingfeng and the others were shocked. With their half-step Wu Wang's cultivation skills, under Liu Tai's aura before, they were shocked to retreat again and again, vomiting blood from internal injuries.

Now that Liu Tai is fully exploding, Qin Chen is no more than a sixth-order Wuzun, how can he withstand Liu Tai's energetic attack?

Frightened, I saw Qin Chen's face calm, and in an instant, a set of black broken armor suddenly appeared on his body.

Hum!

On the black broken armor, countless streams of light appeared, turning into a misty light and shadow, enveloping Qin Chen.

next moment!

"Boom!"

The terrifying energy that Liu Tai exploded, all bombarded Qin Chen's armor light and shadow, Qin Chen's whole body, like a cannonball out of the chamber, hit the wall of the inner hall not far away, and he The whole person was unscathed.

"what?"

Liu Tai is shocked, what armor is this? His energetic attack was so terrifying. Under the full attack, even a half-step Wu Wang strong would be crushed to pieces.

But this Qin Chen was completely present and unharmed, completely subverting Liu Tai's imagination.

But after the shock, there was a terrible anger and murderous intent.

"Good boy, dare you to say that you are not a spy. This kind of armor is definitely not something that ordinary forces in my place of a hundred dynasties can get. You are deliberately planning to break into the imperial family of my mighty dynasty. What is your intention? If you don't kill you today, the old man will not be dead. ."

With a roar, Liu Tai was afraid that his time would be short and he would fall at any time, so he rushed towards Qin Chen again.

"Look at you, old man Liu Tai, please take a look at your body first."

Falling from the wall, Qin Chen was still shocked even though he was resisted by the alien armor, his internal organs seemed to be turned upside down, and he couldn't help but complain.

"Body?" Liu Tai was taken aback, and immediately felt his body. As soon as he saw it, his pupils couldn't help but shrink, "This... how is this possible?"

I saw the aura in the body was surging, full of vitality, and the tyrannical power was vertical and horizontal, where there was still a little bit of dying appearance.

And this kind of full vitality could not be born of Huiguang Pill.

What shocked him even more was his anger.

In the sea of anger.

The real yuan surging and turned into a vast ocean, several times stronger than when he was twenty years ago, and there is a deep and endless sense of majesty.

"I... broke through the middle stage of the seventh stage?"

With his mouth wide open, Liu Tai's eyes were almost bursting, and he was instantly stunned.

After the warrior stepped into the realm of the King of Wu, there was a world in the first rank, not to mention the difference between the middle of the seventh stage and the early stage of the seventh stage, but it was a world of difference.

In the land of a hundred dynasties, the king of Wu in the early stage of the seventh stage could only occupy a small place, and the dynasty he became was also a small dynasty.

But once you enter the middle stage of the seventh stage, you will be able to become a master in the land of a hundred dynasties.

Therefore, for countless years, the ancestors of Wu Wang of every dynasty in the Land of Hundred Dynasties have tried their best to break through the mid-term realm, but they have succeeded but few.

Back then, it was because of this that he became mad, and even fell.

But now, he actually broke through.

In a trance, Liu Tai was in a state of excitement. He was dumbfounded for a while, unable to say a word.

Could it be that Master Qin Chen's method just now seemed weird, but in fact he was really breaking through for him?

Not only Liu Tai was shocked, but Liu Xuanrui and others were also dumbfounded and almost crazy.

What's the matter, ancestor Liu Tai really broke through?

At this moment, Liu Tai had a strong aura and surging vitality. It was clear that it was a breakthrough in the mid-term, and his vitality was restored. It was simply not what Huiguang Pill could do.

However, it was clear that the ancestor Liu Tai was dying, and he was about to fall. Why did he really break through after taking Huiguang Pill and Qixian Hehuan San?

Could it be said that the combination of Huiguang Pill and Qi Yin Hehuan San really has the effect of breaking through the pill-like medicine?

Everyone was at a loss, their minds were almost broken, and they couldn't think of the reason.

"Master Qin, what...what is going on?"

It was not until a long time later that Liu Tai recovered from shock, ecstasy, and horror. He hurriedly looked at Qin Chen and asked in shock.

"Why? Don't you want to kill me?" Qin Chen said coldly, turning his eyes to each other.

"I....."

Liu Tai smiled bitterly, his face flushed, but he couldn't say a word, he just came to Qin Chen and lowered his head.

"Master Qin, a large number of adults, cough cough, just anxious in my heart, nonsense, don't take it seriously." He said embarrassedly, Liu Tai was ashamed, wishing to find a place to sew and drill down.

[Chapter 837: Great Day Universe Jue](#)

Think about it, too. People work hard to find a way to help you break through. Not only do you not appreciate, but you want to kill others. How can the other party not be angry?

"Of course I won't take it seriously, but your violent temper, I'm afraid you have to change it, otherwise, even if I save you this time, next time, under the eagerness of my heart, I will still go crazy and do wrong things." Qin Chen taught.

"Yes, yes, what Master Qin taught is that the younger generations must pay attention in the future."

After finally breaking through and coming back to life, Liu Tai was in such a good mood that he even called the junior.

"Ancestor, are you really okay?" Liu Xuanrui stepped forward excitedly and looked at Liu Tai, shaking all over.

"The old man is indeed okay, and not only is it okay, with the help of Master Qin, he broke through to the realm of the middle seventh rank martial king in one fell swoop. Hahaha, I can't think of me, Liu Tai, and I will become a middle seventh rank martial king one day."

Liu Tai was full of enthusiasm, full of horror, and incoherent excitement.

The ordinary seventh-order martial king has a lifespan of close to 200, but after breaking through the middle of the seventh-order, it will increase for a few decades. This period of time will often change according to the martial artist's own situation.

Although Liu Tai didn't know how long he could live, at least 20 or 30 years would be fine.

And these two to three decades were enough for him to completely handle the affairs of the Dawei Dynasty.

"Leng family? Huh, when the old man was there, he didn't move them. I didn't expect them to be so rampant now." Liu Tai's eyes were cold, and a strong murderous intent shot into Liu Tai's eyes.

But soon, he recovered and understood what he could rely on to break through.

"Thank you, Master Qin."

After shaking his body, Liu Tai instantly came to Qin Chen and fell directly to the ground.

I was grateful again.

After suffering in the inner hall for so many years, Liu Tai had already been desperate, thinking that he was bound to die, but never dreamed that he actually survived and broke through the middle of the seventh stage.

This kind of dream-like feeling made him unable to restrain the gratitude and excitement in his heart.

"Master Qin, the younger generation didn't hurt you with the previous blow, right?"

At the same time, he looked at Qin Chen nervously.

He knows deeply that the blow he just now was terrifying, and he couldn't help but have fear in his heart.

"It's okay, this attack didn't hurt Ben Shao, but I also want to thank you for this armor in the treasure house of the Dawei Dynasty for blocking the blow for Ben Shao." Qin Chen waved his hand in disbelief.

"The armor in the treasure house of our Dawei Dynasty?"

Liu Tai and Liu Xuanrui were taken aback, and at the same time, it seemed that they found the armor on Qin Chen's body a bit familiar.

"Hey, isn't this in the utility room, the broken armor that the master of the dynasty got hundreds of years ago? Master Qin, you actually repaired it?"

Liu Tai was stunned and immediately shocked.

This armor, after breaking through King Wu back then, had studied for a long time, but he could not find a way to activate it. It was just that it was completely broken, but he did not expect that Qin Chen would activate it and put it on directly.

"This thing is a part of the armor of an ancient seven-tier king-grade suit. I saw it before and liked it, so I decided to accept it."

"Yes, it should."

Liu Tai and Liu Xuanrui nodded again and again, "Don't say it is a broken armor, Master Qin, you can restore Liu to life and break through the mid-term Martial King. Even if the entire treasure house is emptied, the Liu family will not say anything." Qin Chen glanced at Liu Tai, walked around him, and said lightly: "Actually, you have broken through to the middle stage of the seventh stage twenty years ago. It's just that you got into trouble, your realm fell, and your body was hurt. So, what Ben Shao did was just to rekindle the vitality in your body?"

"

"Otherwise, the mere Huiguangdan, the ecstasy and the love of love, can make a half-dead, early seventh-order martial king, just break directly to the middle of the seventh-order?"

what?

Liu Tai made a breakthrough twenty years ago?

Everyone was stunned, and to be honest, they were still confused about Qin Chen's treatment until now. Now that they heard Qin Chen's explanation, they did not dare to speak and listened carefully.

"In fact, the ancestor Liu Tai had indeed made a breakthrough back then, but at the juncture of the breakthrough, in the process of condensing the true essence, because of the use of the seven light array, he absorbed the heaven and earth from the entire imperial city."

"In these heavens and earth's zhenqi, there is a qi, but it has a cold attribute, and it has been integrated into the body of the ancestor Liu Tai along with the seven light array."

"The ancestor Liu Tai's own cultivation is not very stable. It is between breakthrough and non-breakthrough. Stimulated by this cold and true energy, he immediately went into a demon, his realm fell and his body was injured."

"For so many years, he has been struggling to support his body, but because of the continuous exhaustion of his body, he is getting weaker and weaker, and the cold force has always been entrenched in his body, causing him to eventually die a little bit. ."

"So, if you want him to continue to live, he must rejuvenate his body and get rid of the cold and true qi."

"However, based on the old ancestor Liu Tai's physical condition, the ordinary pill was unable to regain his vitality, so Ben Shao used the extremely domineering Huiguang Pill. Once he took it, he would be a dying person. It can also burst out amazing power."

"At the same time, he bound him with the mysterious steel chain, and made several punches and kicks against him, ignited his anger, and made his blood boil. Coupled with the effect of singular love and joy, the true essence in his body reached an unprecedented boiling state."

"There is also a key factor, which is the practice of ancestor Liu Tai. If this young man is right, it should be the Great Day Universe Art!"

Speaking of this, Qin Chen looked over.

"Yes!" Liu Tai nodded subconsciously.

What he cultivated was the Da Ri Qiankun Art, the most powerful technique of the Dawei Dynasty, and also the handed down technique of the imperial family of the Dawei Dynasty.

"The true essence condensed by this kind of exercise is hot and bursting. It is very overbearing and can not tolerate the slightest irritation. Therefore, when you broke through the middle stage of the seventh stage, when you absorbed the cold and cold true energy, it will cause the yin and yang in your body to become imbalanced and go directly into the devil. "So this time, Ben Shao added Qi Yin He Huan San. Although this medicine is an aphrodisiac that stimulates men's excitement, it also has the effect of dispelling yin. Combined with Hui Guang Dan and Ben Shao's humiliation, it will cause your body The anger that aroused, these factors combined together, just like ignited

The explosive barrel made the true essence in the body boil instantly, directly breaking through the shackles of the middle stage of the seventh stage. "

"And once you break through the middle stage of the seventh stage, the vitality of your body will be restored, your life span will be extended, the original damage will heal naturally, and you will be safe!"

After explaining, Qin Chen's expression was calm, and there was no sound around him.

In fact, there is one more important thing he didn't say.

Whether it was exercises, medicine, or beating, it was just one of the points, and the most important thing was Qin Chen's blow to seal Liu Tai's dumb point. While taking the shot, Qin Chen quietly penetrated into Liu Tai's body with the true power of the Nine Star God Emperor Jue.

[Chapter 838: Family reunion](#)

The Nine Star God Emperor Jue is the most terrifying technique Qin Chen has seen in his past and present lives.

The condensed true power is extremely vigorous and impeccable.

It is this true power of the Nine Star God Emperor Jue that integrates into Liu Tai's body to defeat the cold and cold true energy in his body.

Otherwise, if someone else came here, even with the same method, Liu Tai would not be able to take this step, breaking through the middle stage of the seventh stage at the final critical moment.

Of course, Qin Chen wouldn't say anything in it.

"This....."

After listening to Qin Chen's explanation, everyone on the court was dumbfounded.

There is even such a treatment?

They are also top figures in various industries, including the president of the Holy Land of Blood, the Lord of the Dan Pavilion, the Lord of the Hall of Tools, and the monarch of the Dawei Dynasty.

What weird things have never been seen, and what magical treatments have never been heard.

But Qin Chen used a treatment method that they could not even think of.

Now, even if I saw it with my own eyes, I still feel incredible when I look back.

To do this, you must master the alchemy to the extreme, and be able to achieve the point where you can master it all at your fingertips.

On the field, even Zhuo Qingfeng was too far away from this realm.

"Master Qin, you asked us where we were just now. Could it be that the cold and true qi in the old man was released by Gui Yuanzong and deliberately framed the old man?"

Suddenly, thinking of something, Liu Taining said. "Intentionally framed is not necessarily, otherwise Guiyuanzong should have known the news of old ancestor Liu Tai for a short time, and will not be afraid of your hands and feet. Wait till now, but the cold and true air comes from your Tianshu. Enter, and then spread to your dantian, according to the location, it is indeed the Guiyuanzong residence.

. And this cold and cold true energy is very weird, definitely not the ordinary cold and cold true energy, otherwise the Great Sun Qiankun Zhenyuan that has been burst long ago by your Excellency will be melted away. "

Qin Chen frowned.

He didn't say one more thing, it was this cold and innocent air, he was quite familiar with it, and seemed to have seen it everywhere.

It's just that in that direction, in addition to the Guiyuanzong's resident, there are more than a dozen forces, large and small, and it is not necessarily that it was released by Guiyuanzong.

After this treatment, Liu Xuanrui and others had no doubt about Qin Chen's five-body cast.

Even the dying, dying ancestor Liu Tai can be cured by him, so what else can't be done by Xiao Chen?

As I said before, the news that allowed them to break through the realm of King Wu is naturally very likely to be true.

"Little dust, cough cough, you said earlier that we want a few of us to break through the seventh-order martial arts, this... now that the emperor spar has also been obtained, when will it start?"

Zhuo Qingfeng and the others were rubbing their hands with their eyes shining, staring at Qin Chen as if they saw a beautiful hungry wolf.

Qin Chen couldn't help but shudder: "Don't worry, what Ben Shao said will naturally be honored, but Ben Shao watched it. There is a large formation of seven lighters here, which is more suitable for setting up a formation that allows you to break through. Zu..."

"What the ancestor is not the ancestor? From now on, Master Qin, no, Shao Chen will just call Lao Xiaotai." Liu Tai waved his hand and said, "As for Shao Chen, I need to use this seven light array, just use it."

Xiaotai?

Everyone looked at Liu Tai with gray hair and beard, the old Liu Tai who could be Grandpa Qin Chen, all of them were full of black lines.

This title is really ridiculous.

"Senior Liu Tai, although your body is healed and your cultivation level is restored, you still need to consolidate it. This young master will set up the formation first. It will take some time. After Pavilion Master Zhuo and the others break through King Wu, let's attack the Leng family. Total attack."

For fear of Liu Tai's rash move, Qin Chen couldn't help but remind.

Although Liu Tai broke through the middle stage of the seventh stage, he has been ill for more than 20 years after all. He has just broken through now and needs some treatment.

If he rashly shot and exposed his hole cards, and ended up being escaped by the Leng family, it would be troublesome.

After all, behind the Leng family, there are top forces such as the Promise Sect, the Guiyuan Sect, and the Wu Family. By that time, the Leng Family will survive by chance. Qin Chen is naturally not afraid. Big problem.

"Don't worry about dust, old people have their own feet." Liu Tai said, patting his chest.

The next few days.

Qin Chen began to set up a martial arts formation in the inner hall of the imperial palace.

The arrangement of the Wuyi Array is very troublesome. Even if the materials are complete, with the help of the Lord Yelu Hongtao and others, it will take nearly a month.

Half a month later, the black slaves brought Qin Batian, Qin Yuanhong, Qin Ying, Lin Tian, Zhang Ying and some disciples of the Qin family to the imperial city of the Dawei Dynasty.

"Chen'er!"

Qin Batian and Qin Yuanhong were so excited when they saw Qin Chen, they surrounded them.

"Less dust!"

Lin Tian and Zhang Ying were also excited.

The two of them were Qin Chen's good brothers when they were in the academy, but afterwards, Qin Chen participated in the baptism of the Blood Spirit Pool and then participated in the Grand Competition of the Ancient Nandu, so they had less contact.

But in these days, they have never stopped practicing, and with the cultivation technique given by Qin Chen, their cultivation base has improved by leaps and bounds.

Now all of them have reached the peak of the fifth stage late stage.

You know, the two of them are not like You Qianxue. They also have the baptism of the blood spirit pool, they also have the spirit seeds of the ancient southern capital, and they also have a steady supply of medicine pills from Qin Chen.

Relying on it was all his own powerful bloodline power and talent, as well as hard training, to reach this point.

Although there is the Heaven-defying technique given by Qin Chen.

But the talents of the two were the most terrifying that Qin Chen had ever seen since his rebirth.

"Grandpa, second uncle, sister Ying, and you..." Qin Chen also stepped forward excitedly: "Are you all okay."

"We're all right, Qin Chen, I didn't expect you to manage such a world in this powerful dynasty."

Qin Batian and the others were shocked.

When the black slaves and the others arrived in the Great Qi Kingdom, Qin Batian and the others still couldn't believe it. It was only now when they saw Qin Chen that they were extremely shocked.

Along the way, although they were riding birds, the vastness of the Dawei Dynasty surprised them and they could only look up.

In the Great Qi Kingdom, Qin Batian was already the number one powerhouse among the older generations, but only in the middle stage of the fifth stage.

But in this powerful dynasty, the warriors in the middle of the fifth rank can only be regarded as the middle and low-level, and they are struggling.

On the way, they heard the black slave and You Qianxue talk a lot, but they did not expect that after Qin Chen came to the land of a hundred dynasties, he would have done so many things in a short moment, and he was excited and proud.

Everyone reunited after a long absence, so naturally they talked for a long time.

"Master Qin, who are these people?" Liu Xuanrui on the side looked at Qin Chen and asked, his tone of voice was extremely polite.

"They are all my relatives in Five Nations." Qin Chen said with a smile.

"It turned out to be a relative of Master Qin. Under Liu Xuanrui, the monarch of the powerful dynasty, I have met several people." Liu Xuanrui hurriedly handed over to Qin Batian and the others, with a modest attitude and no pretension.

"It turned out to be your Majesty the Dawei Dynasty, the old man Zhe Sha."

Qin Batian was shocked.

My dear, what did Chen'er do? Even the monarchs of the Dawei Dynasty were so kind to them.

They also learned a lot on the road. They weren't just dumplings. The kings of the Dawei Dynasty looked like heaven to the people of their five nations. The region in charge is probably more than a hundred times that of their entire five countries!

[Chapter 839: Leng Family Conspiracy](#)

But a monarch of such a dynasty would be so humble towards their disciples from the five countries, which made them panic and shocked.

"Hehe, these are all relatives of Master Qin, just call me Xuan Rui, you don't have to be polite."

Liu Xuanrui said with a smile.

At this time, Qin Chen looked at the black slave: "What did you encounter when you traveled to the five countries this time?" The black slave said in a deep voice, "We did encounter some problems. Di Xuan, the lord of the Liuxianzong, brought a group of top experts from Liuxianzong to Daqi, and he was about to do something against Uncle Qin and the others. Fortunately, his subordinates arrived in time to defeat many disciples of Liuxianzong.

, But Na Di Xuan, with a good cultivation base and possessing a space talisman, was escaped by him. This time, fortunately, we set off in time. Uncle Qin and the others did not have any accidents. If it were later, the consequences would be unpredictable. "

The black slave's face was palpitating.

"How dare the Leng family really do something to my Qin family." Qin Chen's eyes were cold, and a terrible chill suddenly broke out from him, instantly filling everyone's body.

In an instant, everyone on the court felt cold all over, as if from the scorching sun to the twelfth lunar month, releasing fear from the depths of their hearts.

"Master Qin, he is obviously only a sixth-order Wu Zun, why is there such a terrible chill on him, even I dare not look at him." Liu Xuanrui trembled in heart.

"What about the other disciples of my Qin family?" Qin Chen said coldly with cold eyes. "Little dust, according to your instructions, your subordinates have set up a large formation in the imperial city of the Great Qi Kingdom. Generally, a sixth-order martial master is extremely difficult to break through the large formation. At least it can last for a few days, and we will get news immediately. , Go to rescue." The black slave said: "Moreover, the land of the Five Kingdoms is protected by mainland law after all.

Even if the Leng family wants to make a move, they should not dare to make a big move. There should be time to change. The only worry is that the Leng family's ancestors make a move. "

The black slave looked worried: "Leng Paigong, the ancestor of the Leng family, has great strength. If he makes a move, the Five Kingdoms will simply be unable to resist."

"Leng Po Gong? Don't worry, this person is still afraid to leave the imperial city." Qin Chenhan said.

Now the Leng family has reached a point of extreme danger. The Leng family has only Leng Pogong such a martial king, and even if the Leng family wants to deal with his relatives, it is impossible for Leng Pogong to do it himself.

However, that's how it is said. When the black slaves come back from this trip, Daqi will definitely not have expert protection. If Leng's family continues to send people to take action, Daqi will also be at stake.

Must speed up.

Qin Chen's eyes were cold.

Dragons have reverse scales, and they get angry when they touch them.

And relatives are Qin Chen's inverse scales.

In the next few days, Qin Chen accelerated the arrangement of the martial arts formation, almost without sleep.

While Qin Chen was busy arranging the martial arts formation, in the Leng family mansion, Leng Pogong and others gathered again, with anger on their faces.

"Trash, it's just trash. You can't do this little thing, Sect Master Di Xuan, you can't even take down the Sect Master of Immortal, you can't even take down a five-nation tribe, so what face is there to survive."

Leng Pogong roared, his eyes cold.

"Di Xuan, what the **** is going on?" Sect Master Yan Wuji also said coldly, Liu Xianzong, after all, belongs to his sect alliance and obeys his orders.

"Sect Master Wuji, that kid is too cunning. It's not that we are incompetent, but that kid has sent a master to the Five Kingdoms in advance. If his subordinates responded promptly and fled as soon as possible, I am afraid he would have died there too."

Di Xuan said sadly, even though he had escaped back, but he stayed in Xianzong, and all the elders had fallen. There were countless casualties, and they had been completely destroyed.

At this moment, Di Xuan had strong regrets in his heart. Knowing this a long time ago, he shouldn't have allowed Hua Tiandu and the others to participate in the Grand Tournament of Ancient Southern Metropolis. In this way, it would be impossible to offend Qin Chen.

Nowadays, many elders under the Zongmen have been killed and wounded countless, and the entire Liuxianzong has long existed in name only. "This kid has already been prepared." Leng Feihua stood up suddenly and said in a deep voice: "Old ancestor, or else, let the disciple lead people to the Great Qi Kingdom, the disciple won't believe it, then Qin Chen will be stronger. It is impossible for a master at the level of King Wu to listen to his orders, and the disciple will come forward, and he still can't deal with a small person if he doesn't believe it.

Of the five countries. "

Leng Feihua showed disdain.

Although Di Xuan is the Sect Master Liuxian, but his cultivation level is only the peak of the sixth-tier mid-stage, and he appeared, Leng Feihua didn't believe that Qin Chen could threaten him.

"No, since that Qin Chen has already prepared, and we've already stunned the snake, if you go over, I'm afraid you will return without success."

Leng Pogong's face was ugly. He didn't believe that Qin Chen would not increase his defense against the five nations after this incident.

"Is that so?" Leng Feifan gritted his teeth. "Naturally not." Leng Pogong's eyes were cold, he looked at Yan Wuji, Wu Chengfeng and Yue Lengchan, and said coldly: "Three, now that we have investigated it, the so-called Chendi Pavilion is basically Qin Chen. Made it out, then, we must not let him live anymore, otherwise we will continue

Going down, the properties of our families will probably be slowly annexed by the kid in a short time. "

"We naturally know this, but these days, the kid has been staying in the palace and trying to kill him is probably very difficult. You know, Liu Tai's old thing is not easy to provoke." Yan Wuji looked at him. Yi Han.

Everyone also fell silent. If it hadn't been for the ancestor Liu Tai, who was afraid of the royal family, they would have joined forces long ago to overthrow the Dawei Dynasty.

However, even though they are afraid, they still feel a little anxious.

These days, the power of Chendi Pavilion is still expanding. In addition to the commercial plaza, now even the residential business has begun to dabble.

In less than a month, Chendi Pavilion sold a total of nearly 1,000 houses in the Xicheng slum, and the price was only less than half of the normal house in the imperial city.

Those residences are all exquisitely designed and luxurious, and the security measures are extremely strict.

The City Guard Department has more than five brigade patrolling the Xicheng District every day. In addition, there is even a guard guard stationed in Xicheng District.

No one, no matter how honorable his status, dare not make trouble in Xicheng District.

Last time, there was a prince. Because of his arrogance, the Guards were arrested and taken into the jail. After half a month, he was released. It was extremely miserable.

As a result, almost every nobleman in the imperial city is proud to own a house in Xicheng District.

In addition to these noble houses, Chendi Pavilion also set aside a special site in Xicheng District and built a large number of 'low-rent housing'.

These houses are specially rented to the imperial city some powerful civilians who cannot afford houses at low prices, and security services are also provided. Now in the entire imperial city, almost all powerful idle warriors have been drawn to the Chendi Pavilion to work for the Chendi Pavilion.

[Chapter 840: Wuyi Dazhen](#)

Today, the original house prices in the imperial city have already plummeted by about half.

Among them, the biggest losses are the top powers who own many properties.

If this continues, within half a year, their major forces will probably have no more rice in the pot.

"Then Qin Chen is the founder of Chendi Pavilion. This person must die. As long as he dies, the others in Chendi Pavilion are nothing at all." Leng Pogong's eyes shot out a cold glow and said grimly: "Even if you pay a huge price for it!"

"What do you want to do?" Yan Wuji looked over.

"Wait, just wait for that Qin Chen to leave the palace, when the time comes, the old man will personally take action to kill the kid." Leng Po Gonghan said.

Everyone was shocked and started directly in the imperial city. This is the rhythm of preparing to tear their skin with Liu.

With a frown, Wu Chengfeng said solemnly: "If you do this, you will be completely tearing your face with the dynasty. At that time, Liu Tai, the old thing, I am afraid I will not spare me."

"So you need to rely on you." Leng Pogong looked over: "Our four major forces are united. If a few come forward, then Liu Tai, no matter how high his cultivation base is, he can't be the opponent of the four of us, right?"

"This....."

A few people's eyes sank, and then, with the royal family, there would be no change. "Does a few still want to stay out of the matter?" Leng Pogong sneered: "You should have also received the news. Zhuo Qingfeng, Yelu Hongtao, and Nangongli have often ran into the palace recently, and the Liu family united with them. I'm afraid we're going to attack us sooner or later.

We act first to be strong. "

"It's okay to rely on us to resist Liu Tai, but it is still a bit difficult to deal with the entire Liu family. After all, the Liu family has been operating in this powerful dynasty for so many years." Wu Chengfeng still hesitated.

"Hehe, just our four major forces, naturally can't, we can still pull foreign aid." Leng Pogong suddenly smiled mysteriously.

"foreign aid?"

Everyone looked attentively. "I have secretly contacted the Great Zhou Dynasty. The Great Zhou Dynasty is the world's enemy of our Dawei Dynasty. I have long wanted to use swords and soldiers against us, but I have been suffering from no chance. If we kill it, At the same time as the kid, if the Great Zhou Dynasty suddenly used troops on my Dawei border, you

We said, does the royal family have any thoughts to move us? "

Leng Po Gongyin sneered.

"United Great Week?"

Everyone was shocked. The Great Zhou Dynasty was the enemy of the Dawei Dynasty. The two sides had been fighting for thousands of years on the border, and both wanted to annex each other, but they were powerless.

For so many years, the two dynasties killed and wounded soldiers on the border, no less than ten million, hatred can be described as deep into the bones.

If they really reached an agreement with the Dazhou Dynasty secretly, they would be traitors in the eyes of countless people of the entire Dawei Dynasty. "Several people, don't you still want to be loyal to this powerful dynasty? These years, Liu Tai, the old man, has always wanted to break through the middle of the seventh step, sweep out our forces and establish a unified Dawei dynasty. Once waiting for him to break through, what are you facing, I don't think I need to say, you

You should all know. "Leng Po Gong said coldly.

Everyone fell silent, their eyes full of coldness.

"Okay, we did it, but to contact Dazhou, we need several major forces to work together, not a certain force, the plenipotentiary representative." Yan Wuji said solemnly. "Don't worry, Sovereign Promise, the Great Zhou Dynasty is nothing more than trying to unite us inside and outside, leading to internal turmoil in the Dawei Dynasty, so that they have a chance to chase after victory. What about this, even if

you promise them? Chendi Pavilion's three medicines, You have also seen that its effectiveness and profit are by no means the same

The dynasty can compare. At that time, we only need to hold the Chendi Pavilion firmly in our hands, and that will be enough. "Leng Po Gongsen smiled coldly: "As for Dan Pavilion and the others, don't worry about it. Even if they intend to block them, they cannot intervene in the affairs of our hundred dynasties. The clash of dynasties and the change and destruction are the laws of nature. Even if we are unwilling, we can only watch us harden the dust

Swallow it alive, in the end, we can only find our cooperation. "

As Leng Pogong explained the plan, everyone's eyes suddenly brightened.

This is indeed a good way to fight back.

"Okay, we will prepare right away."

Several people glanced at each other, all with mysterious smiles, and they could already imagine the destruction of the Dawei Dynasty and everything falling into their hands.

When he secretly contacted the Great Zhou Dynasty in Leng's family and prepared to use force against the Dawei Dynasty.

Qin Chen's arrangement of the Wuyi Grand Formation has finally come to the end.

The last stroke fell.

"Om!"

A vast breath flashed away in the palace, and then quickly disappeared.

"Finally succeeded!"

Looking at the big formation in front of him, Qin Chen almost collapsed to the ground, but his face flashed with excitement.

Wuyi Grand Formation is a special form that can share each other's martial arts artistic conception.

In the Profound Realm, the Wuyi Great Formation is a great formation that almost every top power disciple must conduct before breaking through the King of Martial Arts. The purpose is to make it easier for geniuses to perceive the will of martial arts and choose the one that is most suitable. His own martial arts will, stepped into the realm of the king of martial arts.

"Master Qin, this is what you call the great martial arts formation. Can Xuan Rui and the others enter the realm of the seventh-order martial king?"

Stepping forward, Liu Tai's faces were puzzled.

The big formation in front of him looked very ordinary and didn't have any special aura.

Yelu Hongtao also had doubts. He was the highest among several people in terms of formation technique. He just saw that the formation method Qin Chen arranged was a special kind of formation method, not a common attack, defense or No matter how many mazes, traps, etc., they won't be able to

tell. "The mystery of the Wuyi Great Formation needs to be opened before you can know it." Qin Chen said lightly: "In the next three days, everyone will adjust their status. After three days, the Great Formation will be opened, but what I want to warn you is that you accept Martial Will. The inheritance of the great formation is not without danger. Once the will is not strong enough, it is very promising

Can be backlashed, so I hope you can adjust the state to the extreme. "

Qin Chen looked serious.

"it is good."

Liu Xuanrui glanced at each other and nodded.

Next, Qin Chen also informed the black slave and You Qianxue of the news.

The Wuyi Grand Array is not only a half-step Wuwang strong person who can comprehend, but ordinary warriors can also carry out comprehension.

Of course, they can only perceive from the outside world and cannot enter the big formation.

Otherwise, once the martial arts will break out, it is very likely that they will break their souls and die on the spot.

But even if they feel it outside the formation, it will still be of great benefit to their future cultivation.

Three days later, Liu Xuanrui and the others raised their state to the peak, and Qin Chen himself also restored his state to the extreme. A group of people followed Qin Chen's instructions and entered the big formation.
