

Valkyrie 921

[Chapter 921: Secret Realm Open](#)

The gloomy breath made everyone feel depressed, as if even breathing became difficult.

"Is this the secret realm of the heavenly devil?"

Many people raised their heads and solemnly looked at the gloomy atmosphere on the sky.

The Heavenly Demon Secret Realm is opened once in a hundred years. At this moment, almost 99% of the people in the square have seen this Heavenly Demon Secret Realm for the first time, unless some top martial king over a hundred years old.

However, even the top martial kings who were over a hundred years old were just watching from afar outside the square. As for the martial kings who have entered the secret realm of heavenly devil, there are very few.

"Is it a secret realm? It's been a long, long time since I felt such a kind atmosphere!"

And when the atmosphere of the heavenly demon secret realm emerged, among the crowd outside the square, a person wearing a black cloak suddenly raised his head, staring at the magic secret realm that day with twinkling eyes, his expression excited, a trace of strange color bloomed from his eyes. Out, at the same time a strange aura was exuding from his body.

This breath is extremely cryptic, but it is somewhat similar to the breath in the secret realm of the heavenly devil, as if it had the same origin.

"Ok?"

On the square, Qin Chen seemed to feel something, and suddenly looked into the crowd.

However, he swept his gaze, but found nothing unusual, frowned and said, "Is it an illusion?"

Without thinking too much, Qin Chen turned to look at the mysterious realm of the heavenly devil.

Buzzing!

At this moment, the big formation in Chaotian City suddenly opened, and a series of astonishing breaths rose to the sky, combined with the gloomy sky.

Rumble!

Under the shocking eyes of everyone, the gloomy sky in front of them unexpectedly revealed a strange space. Behind that space, there seemed to be an ancient earth looming, exuding a desolate and profound ancient atmosphere.

"What a terrifying aura, is this the secret realm of the heavenly devil?"

"Look at the sky, behind that space, there seems to be a continent."

"Unbelievable, in the void above our Chaotian City, there is actually a continent hidden?"

"It is said to be the battlefield where our human race and alien race fight."

The crowd was shocked, and their hearts were greatly touched.

The secret realm is a small space in the ancient times, and there are countless warriors who have explored the secret realm.

Like the Black Death Swamp that Qin Chen explored at the beginning, it actually belongs to a kind of secret realm. Various spaces are stacked together and are relics of ancient times.

The ancient southern capital at the time was naturally a kind of secret realm. The palace hidden in the void was extremely terrifying.

But compared to the Heaven Demon Secret Realm in front of him, both of them are a bit worse.

The mysterious space above the sky exudes an infinite aura. If people with better eyesight can even see, the end of the endless chaos and void even hides a vast continent.

"From the perspective of breath, this heavenly demon secret realm is at least a high secret realm. No wonder this place of hundreds of dynasties attaches so much importance."

Qin Chen has seen too many secret realms in his previous life, and his understanding of secret realms is far beyond average. He clearly feels that the level of this heavenly magic secret realm is very high. If it is not for the powers above Wu Huang to enter, it will definitely attract a large number of them. Emperor Wu came.

It is a pity that due to the restrictions of the level, this Heavenly Demon Secret Realm is only spread in the land of a hundred dynasties.

"The aura of this heavenly demon secret realm is somewhat similar to the original Black Death Marsh and Ancient Southern Capital. Is there any connection between these secret realms?"

At the same time, Qin Chen keenly felt that the auras of Ancient Southern Capital, Black Death Swamp, and Heavenly Demon Secret Realm were very similar. On the surface, they were different, but in essence, they were exactly the same.

"Qin Chen, how does grandpa feel the aura of this Heavenly Demon Secret Realm and my Sanluo Secret Realm in the five northwestern countries?"

At this moment, an old voice rang in Qin Chen's ears, but it was Qin Batian who transmitted the sound to Qin Chen.

"It's very similar to the Sanluo Secret Realm?"

Qin Chen was taken aback.

He has naturally heard of the secret realm of Shengluo. It is the most powerful secret realm in the Demon Ancestral Mountain Range of the Five Northwest Countries.

However, there are many dangers in it, so many of the five powers have just searched the periphery and cannot enter the depths.

But among them, there are many relics from before the Dark Ages. Qin Chen remembers his mysterious rust sword at the time, and it seems to have been excavated from the secret realm of Saint Luo. Until now, Qin Chen has not figured out his mysterious rust sword. True face.

There is also the alien demon armor on his body, which was also a strong man in the Dawei Dynasty, found in a secret realm in the Demon Ancestral Mountain Range.

Obviously, the secret realm is very likely, that is, the secret realm of Saint Luo.

In addition, the prohibition on the different demon armor is similar to the prohibition in the ancient southern capital, and the ancient southern prohibition is exactly the same as the palace stone pillar that Qin Chen saw deep in the bottom of the Black Death Marsh.

The combination of all this made Qin Chen instantly understand that although there are many secret realms near the Land of Hundred Dynasties in the Northern Horizons, they should actually originate from the same age in ancient times.

"In that case, all mysteries are likely to be related to alien races that antagonized human races in ancient times."

Qin Chen vaguely guessed.

And while he was pondering, Chaotian City's formation finally came into contact with the heavenly demon secret realm in the sky.

Boom!

The sky instantly tore open a huge hole, and at the same time a colorful beam of light descended from the sky, through the beam of light, one could vaguely see the desolate and vast world behind the beam of light.

"Huh? No, this time the passage of the Heavenly Demon Secret Realm is smaller than the record?"

Suddenly, a low voice sounded, and the master of Tianji Pavilion Shangguanlu's face suddenly changed.

"what happened?"

Shangguanlu's exclamation immediately attracted the attention of everyone, and they all stared.

The ancestors of the seven dynasties also looked suspicious.

Shangguan Lu looked solemn, and a compass-like treasure appeared in his hand. Several pointers trembled constantly, and finally stopped.

His face turned pale, as if he had seen something unbelievable, and murmured: "Impossible, how is this possible?"

"Shangguanlu, what happened?"

"It is shown on the heavenly secret disk that this Heavenly Demon Secret Realm was opened by someone about 18 years ago, so this time the energy is insufficient, so the opened transmission channel is only 80% of the normal size." Shangguan Lu stared. Said with his eyes.

"It was opened eighteen years ago? How is this possible?"

Everyone in the land of a hundred dynasties was stunned.

The Secret Realm of Heavenly Demon is sealed in the void space above Chaotian City. It will be the closest to Chaotian City every 100 years, and the seal will reach its weakest point before the passage can be opened.

And eighteen years ago, the seal was still in good condition, how could someone be able to open the magic mystery that day. What's more, even if someone opened the heavenly demon secret realm 18 years ago, the people in Chaotian City should have noticed it, how could it be so silent?

[Chapter 922: Strong dissatisfaction](#)

"Shangguanlu, did you make a mistake?" The man from the seven upper dynasties said solemnly.

Obviously, they did not believe the news.

Because this is too nonsense. Shangguan Lu smiled bitterly and shook his head: "I can't believe it. However, according to the records of the Heavenly Mystery Disk, the seal of this Heavenly Demon Realm was indeed broken about eighteen years ago, but where it was broken, it should be It's not my side facing the sky city, so no vision arose at that time

, Let me see... Well, the location where the seal was broken is probably northwest of the Land of Hundred Chaos. "

"northwest?"

Everyone stared at each other, unable to help but look at each other.

What Shangguan Lu said in such detail was obviously groundless, and there was a reason for it.

However, in the northwest of the Land of Hundred Dynasties, there are some weaker dynasties, and there are very few middle-level dynasties. Who can open the seal of the heavenly demon secret realm without knowing it?

northwest?

Liu Tai and others are shocked? Isn't it the location of their Dawei Dynasty in the northwest of the land of a hundred dynasties? But eighteen years ago, there seemed to be no major events in the Dawei Dynasty, right?

To be honest, he couldn't help but think about it in his heart, if it was the seal opened by their Dawei dynasty in the first place, if so, how could they be so insulted by the Dagan dynasty now?

"It doesn't matter whether this Heavenly Demon Secret Realm has been opened before, the passage you said is only 80%, what do you mean?" Li Xuanji, ancestor of the Datang Dynasty, said solemnly. Shangguanlu looked ugly, and smiled bitterly: "This is also the most troublesome place. The current transmission channel is only 80% of the normal. In other words, the number of people originally scheduled to enter the transmission channel is only 100%. Of about 80, once the number of people is exceeded,

Will produce repulsive force. "

"what?"

"Only 80% of people can go in?"

The crowd fried the pan instantly, as if it was boiling, which was even more intense than previously heard that someone had entered.

The major forces have been selected according to their respective quotas. Once they can only enter 80%, that is to say, at least 20% of the people will not be able to enter the mysterious realm of Heavenly Demon.

And who will be left at that time, the warriors of these ordinary forces don't even think about it, and they will definitely be their geniuses.

All of a sudden, the whole crowd became agitated.

"Everyone is quiet."

Shangguan Lu shouted loudly, but it was useless at all. Now there was some chaos in the entire square.

"Hmph, ignore them, Shangguanlu, open the secret realm."

The ancestor of the Seven Dynasties said solemnly, with a cold expression.

As for the people who can only enter 80%, there is nothing to worry about at all. Even the people who can only enter half, the geniuses and strong men of their seven dynasties can all enter.

"Yes." Shangguan Lu gave a wry smile, obviously already understanding the meaning of the seven dynasties.

The large array on the square urged and blasted again. The white light that had originally shrouded the colorful transmission channel disappeared in an instant, and the colorful channel suddenly appeared clearly under everyone's eyes.

"Now, enter the transmission channel one by one according to the power level, starting from the upper dynasty!"

The ancestors of the seven upper dynasties said coldly.

"Why?"

The many small forces outside the square were suddenly angry, and only 80% of the people could enter. The three places they worked so hard to get, wouldn't it be completely useless? When all the people of the upper and middle forces enter, is it still their turn to be the geniuses of the lower forces? "This is unfair. Since only 80% of the people can enter, based on the energy that the Heavenly Demon Secret Realm can endure, a seventh-order Martial King may be worth ten Martial Lords. Just remove a small part of the Martial King. Isn't it all right? Why should we let the inferior forces bear all the losses?

Of places. "

An inferior Martial King suddenly shouted angrily.

It immediately attracted the approval of other people, and each of them looked excited, and was about to riot.

You know, nearly two hundred inferior forces have worked so hard. In total, each force can only get three martial arts quotas, which is less than six hundred martial arts.

However, the limit of the Heavenly Demon Secret Realm is not the total number of people, but the total energy, which is converted according to the cultivation base. That is to say, if you remove one Martial King quota, you can get at least a dozen Wu Zun geniuses. Calculated in this way, the seven high-ranking dynasties only need each dynasty to eliminate the 20 martial king quotas, so that two, three, more than 30 middle powers, and each power to eliminate the five martial king quotas, and one. It is completely possible for them to enter nearly two hundred inferior geniuses

.

But now, these seven high-ranking dynasties are not willing to make this sacrifice at all. They would rather let nearly 600 geniuses from nearly two hundred lower-ranking forces not be able to enter, and they are not willing to give up even one Martial King quota. , How does this make them not angry?

For a time, the crowd surged, and the scene instantly became extremely chaotic.

"Boom!" It's just that before the chaos had time to detonate, the ancestor Ding Qianqiu of the Dagan Dynasty suddenly slapped it out. The Martial King, who was still fighting for reasons before, was instantly exploded before he could react. Come, it turned into a cloud of blood, and there was no bones left before even screaming out.

.

"Why? Let me tell you why, just by this!"

The ancestors of the seven dynasties looked coldly at the chaotic crowd outside the square, and their eyes bloomed with a strong killing intent. In a moment, the chaotic crowd instantly calmed down.

Everyone looked angrily at the people of the seven dynasties, daring to be angry but not daring to speak, and there was sadness in their eyes.

"People of the Seven Dynasties, go in first!"

Under the icy killing intent, the warriors of the seven dynasties suddenly poured into the transmission channel and disappeared. "Huh! Why do the people of the seven dynasties want to go first? We work so hard, are we just making wedding dresses for them? If things go on like this, what else can we inferior forces have to continue to mix in the land of a hundred dynasties? Go down? I am afraid that sooner or later, he will become a dog enslaved by the seven dynasties.

"

At this moment, an angry voice sounded from the heavens and the earth. This sound was harsh, like a nail sliding glass, but it spread to everyone's ears, and deeply touched the hearts of every inferior power martial king.

Yes.

The seven upper-class dynasties have such a style that they did not treat these inferior forces as human beings. If things go on like this, it will take so many days for them to enter the heavenly demon secret realm. Their strength is getting stronger and stronger. Sooner or later, the seven upper-class dynasties will unify the whole Land of a hundred dynasties.

At that time, they can only become a dog and slave under the seven upper dynasties, without any freedom. A strong dissatisfaction filled the hearts of every Wu Wang.

[Chapter 923: Rush in](#)

"We have so many Martial Kings on the field. Nearly two hundred inferior forces are combined. For Martial Kings, I'm afraid there are no fewer than two or three hundred. The seven dynasties are strong, but why should we be afraid of them?"

"According to the old man, it's better to fight, rush into this mysterious realm of heaven and have a future. If you can break through to Emperor Wu by then, why do you need to look at the faces of the seven top dynasties?"

The harsh sound reverberated in the square, but strangely, it was impossible to tell who was talking.

"Who is it, who is talking there, there is something to stand up for the old man."

The ancestors of the seven upper-class dynasties had a gloomy face and a blue complexion. His eyes swept across the crowd below, but he could not find the source of the sound.

"En? Curious about the special sound transmission method."

Qin Chen frowned and looked at the crowd. The sound transmission method used by the other party was very peculiar, as if it was integrated with this space, making it impossible to distinguish the direction.

But after this person's encouragement, the hearts of many Wu Wangs below the square were all aroused.

"Yes, why are all the benefits occupied by these seven upper dynasties, we can only eat leftovers?"

"That's all else. The Heavenly Demon Secret Realm is the most important secret realm in the land of my hundred dynasties. It only opens once in a hundred years. It can change the destiny of a dynasty, so all opportunities are occupied by them."

"Rush up, the seven upper-tier dynasties, a middle-tier seventh-tier martial king, is equivalent to how many princes of the early seventh-tier martial arts? Why do not a single prince of martial arts be reserved for us inferior forces?"

"They obviously don't want us to get ahead, and they have to serve their seven upper-class dynasties in this life."

"We fought them."

In the roar, outside the square, countless inferior power kings, all looked mad.

For countless years, the anger suppressed in my heart was completely ignited at this moment, burning like a raging fire.

Boom boom boom!

Countless figures wrapped in terrifying true essence, rushing directly from outside the square to the colorful beam of light in the center of the square.

"Stop them!"

The complexions of the ancestors of the seven upper-class dynasties have all changed. If so many martial kings of the lower-class dynasties are allowed to enter the secret realm of the heavenly devil, the pattern that has been maintained for thousands of years will probably change drastically.

"Om!"

Before the people of the seven high-ranking dynasties could speak, Shangguan Lu of Tianji Pavilion had opened the guardian formation on the square for the first time.

The misty white light instantly stopped in front of the many Wu Kings, bang, bang, bang, these Wu Kings hit the white light, and were shot out instantly, unable to rush into the square at all.

"Hmph, a group of untouchables, actually want to rebel!"

Seeing this, the ancestors of the seven upper-class dynasties secretly breathed a sigh of relief, with a strong killing intent in their eyes.

Although it is not the time to teach them, when the secret realm is over, it must be shown to them.

It's just that before the thoughts in his mind had time to fall, a figure wearing a cloak suddenly rushed out of the crowd.

He reached out with both hands, revealing a pair of skeleton claws, slammed into the light outside the square, and then tore it so hard.

Click! Click!

The array of light that can withstand the attack of the late-stage Martial King was torn away in an instant, revealing a gap of several meters in size. As soon as the gap appeared, the formation on the entire square shook, and the surroundings were exposed under the explosion. A lot of gaps.

"Everyone rushed in with the old man!"

The harsh and unpleasant hoarse voice came to everyone's ears, accompanied by a cold and stern voice, the figure of the cloak shook, and directly rushed to the colorful light column. Behind him, countless inferior martial kings followed closely. Come.

"what?"

The expressions of Ding Qianqiu and others changed drastically, and at the same time angrily attacked the man in the cloak: "It turns out that you are pretending to be a ghost here, looking for death!"

The ancestors of the seven upper-class dynasties were furious, and at the same time blatantly attacked the man in the cloak.

boom!

The figure in the black cloak shook, and instantly dodged several attacks, but there were two others, which failed to dodge, and were directly hit on the body.

Under the terrifying vigor, the cloak man's robes shattered, rags splashed, revealing the body, it was a skeleton body, exuding a dark and cold color, and his eyes were like ghost fire, constantly jumping.

"Jie Jie Jie, just because you want to kill this seat? It's too naive, this seat is one step ahead!"

The black skeleton body shook, and instantly disappeared into the colorful channel, and the whole person made a comfortable and intoxicated voice: "So familiar breath, I will be back forever, Jie Jie, Jie Jie Jie!"

The next moment, its figure disappeared instantly under the colorful light, and entered the mysterious realm of the heavenly devil.

"what?"

The ancestors of the seven upper-class dynasties looked ugly, and the seven of them joined hands, but they were still escaped by the man in the cloak, and felt extremely humiliated.

"It's him?"

Qin Chen's eyes condensed, and his eyes also showed a solemn color. He recognized the man in the cloak for the first time. It was when he was spying on the elders of the Blood Demon Cult Blood Eagle, he left them in his mind. The strong blood demon of the soul seal.

"This person is just a skeleton? What is the origin?"

Just a skeleton, but like a normal strong man, with a breath of life, even if Qin Chen is well-informed, his heart can't help but stand upright with chills.

He was horrified, and the ancestors of the seven upper-class dynasties were even more furious, looking at the countless King Wu rushing into the square, his face was pale.

At this time, the general situation was over. They knew that unless all the Wu Wangs on the square were killed, it would be impossible to stop these crazy people.

"The people of the Seven Dynasties obey the orders and rush in!"

With a low shout, Ding Qianqiu and others looked solemn and roared, guarding outside the transmission channel, protecting their disciples from entering the mysterious realm of heavenly devil.

However, they can only stop the vast majority of warriors, and some warriors, who escaped the blockade by luck, rushed into the transmission channel and disappeared.

"Go, let's rush in too."

With a solemn expression on Qin Chen's face, he whispered, and together with Liu Tai and others rushed towards the transmission channel.

At this time, who would dare to order, in such a chaotic situation, the passage of the heavenly demon secret realm could be closed at any time, and it would be successful if it could rush in.

The soul power swept across, and Qin Chen instantly found the weakest place.

"Here, come with me!"

A group of more than twenty people gathered together, and under the leadership of Qin Chen, rushed straight to the weakest part of the transmission channel.

And this scene was immediately noticed by Ding Qianqiu.

"Huh, it's not that easy to sneak in from the old man."

With a grinning laugh, Ding Qianqiu's eyes flashed, and he blasted towards Qin Chen and his party with a fist secretly. The terrifying coercion enveloped Qin Chen and the others, and the attack from King Wu in the late seventh stage was enough to blast most of them into powder in an instant.

"Old ghost Ding, don't you think the old body does not exist?"

Suddenly, a cold anger sounded, and the owner of the Medicine King Garden did not know when he appeared among the crowd, and stopped Ding Qianqiu's attack by lightning.

"Come and not be indecent, give you a blow!" At the moment Ding Qianqiu's attack, the master of the medicine king raised his hand, and the mighty true essence condensed in her palm, directly blasting into the Dagan Dynasty crowd.

[Chapter 924: Bad luck](#)

boom!

The crowd exploded, and there was a scream from the Dagan Dynasty crowd. Several geniuses burst into dust under this blow, and even several seventh-order martial kings were seriously injured and vomiting blood.

"The Master of Medicine King, you..."

Ding Qianqiu was furious, with murderous aura on his body and chills in his eyes. He knew that he would not be able to kill the Master of Medicine King Garden. In his anger, he would attack Qin Chen and his party again.

"Old ghost Ding, if you have the ability, you can kill it. The old man doesn't want to enter the secret realm of the heavenly devil anyway, but you, look at the transmission channel!" The Master of the Medicine King sneered.

Ding Qianqiu glanced at the transmission channel, his complexion suddenly changed. Under the mad influx of countless warriors, the colorful transmission channel had become extremely thin, and it was shaking constantly, obviously almost unable to support it at any time.

And in this gap, with the assistance of the Master of Medicine King Garden, Qin Chen and his entourage rushed into the transmission channel one after another and disappeared.

"Damn it!"

Ding Qianqiu's complexion was ugly, and he couldn't care about anything else. Even some geniuses under his command who had not yet entered the secret realm of the heavenly devil could not control it, and rushed directly into the colorful channel.

Not only him.

The ancestors of the other seven dynasties, including some of the top powerhouses of the middle power, and the master of the Tianji Pavilion Shangguanlu Pavilion, all flew up and disappeared into the colorful channel in an instant.

After the influx of this group of masters, the entire colorful channel finally became extremely dim in an instant.

boom!

After many warriors rushed in, the entire colorful channel burst into pieces instantly and dissipated completely.

Puff puff puff!

Some geniuses who got close, but had no time to rush in, were instantly shattered by the bursting energy, and they couldn't even scream.

Above the sky, the secret realm of the Heavenly Demon that had clearly appeared, gradually became blurred, like a huge sphere, slowly sinking into the endless dark sky.

"Do not!"

Some martial masters, with frightened expressions, soared into the sky, wanting to rush into the mysterious realm of the heavenly devil that was about to disappear, but just approaching the black sky, they were shrouded by invisible mysterious power, and the whole person screamed and burst into pieces instantly. Open, there is no bones left.

It wasn't until the Martial King of the middle stage of the seventh step broke up directly that the crowd calmed down from that frenetic state, staring blankly at the blood-filled square with a dull expression.

"The wages of avarice is death!"

Looking at the blood flowing square, the owner of the Medicine King sighed slightly.

In this world of the weak and the strong, almost everyone is willing to fight for such a chance to break through, and she is only able to remain calm because she cannot enter the mysterious realm of the heavenly devil. Otherwise, I am afraid that it will be the same as the previous warriors. Is it crazy?

I have to say that this is a cannibal world, a sick world.

Shaking her head, the Lord of the Medicine King Garden left the square, and the opening of the Heavenly Demon Secret Realm will last at least one month. What she will do next is to practice the Soul Art, repair her soul as soon as possible, and even cultivate. .

The Heavenly Demon Secret Realm has unlimited opportunities. No one knows how many people will survive when it is closed, and how many will break through. If someone can break through to the eighth-order Martial Emperor, then the entire land of Hundred Dynasties The pattern of this will change as a result.

Even the owner of her Medicine King had to prepare early.

In the endless void, after Qin Chen and the others entered the transmission channel, an invisible force instantly enveloped him. Qin Chen only felt that his mind was hazy, his soul power and spiritual power could not be spread, and there was a colorful scene in all directions. , Can't tell the direction at all.

His body was also stiff, unable to move at all in this colorful light.

Suddenly, with a bang, the light in front of his eyes suddenly disappeared, and a black earth appeared in front of his eyes instantly.

The whole world exudes an aura of decay and ruin, and there are black mists everywhere. The scene seems to be somewhat similar to the Black Death Swamp. When you raise your head, the sky is gloomy, with a dark red color faintly glowing. A feeling of evil.

boom!

Falling heavily on the ground, Qin Chen grinned with painful teeth, and pain came from his internal organs. Fortunately, his defense was extremely strong and he was not injured.

Standing up, Qin Chen realized that he had fallen in a black mountain forest, but the surrounding forest trees seemed to be carbonized, and there was no vitality and lifelessness.

"This is the Secret Realm of Heaven Demon?"

"It's so chaotic."

"I don't know where the ancestors went?"

At this time, there was a sound of discussion around him. Qin Chen looked around and saw that there were about a dozen people around him falling with him, but there were no disciples from the Dawei Dynasty.

And among these ten people, there is no seventh-order martial king. It seems that the strong man and the strong man do not seem to be in the same place.

At this time, more than a dozen people on the court looked around vigilantly, not daring to be careless in this strange place.

"It seems that when entering this heavenly demon secret realm, everyone's place is random."

Frowning, Qin Chen couldn't help worrying about You Qianxue and the others. There were too many warriors who entered the Heavenly Demon Secret Realm. The weakest were Tier 6 Martial Venerables.

You Qianxue and the others were fine, but Grandpa Qin Batian and the others, It is easy to encounter danger.

"You have to find a way to find them first."

With a thought, Qin Chen was about to leave here, swish, swish, and suddenly three figures swept over and surrounded Qin Chen.

"Hahahaha, boy, why bother to leave in such a hurry?"

At the same time, a burst of crazy laughter came out, and the more than ten warriors in this mountain forest were stunned.

However, the people around quickly knew why someone was laughing, because it was the three martial artists of the Dagan Dynasty, the leader of which was exuding a strong killing intent and looked terrifying. He was a half-step martial king. By.

And the two people behind him, their cultivation bases are not weak, each is at the peak of the late sixth stage, almost one of the strongest people on the field.

At this moment, the three of them stared at Qin Chen coldly, obviously, their target was Qin Chen.

Qin Chen stared at the three people who were laughing wildly, but did not speak.

"A master of the Dagan Dynasty."

"That kid was unlucky. As soon as he came in, he unexpectedly met three masters from the Dagan Dynasty."

"Unfortunately, with his ability to kill Sikong and see blood, he might have hope to escape when he encounters one, but now he has encountered three. It seems that he must die."

"Luck is so bad!"

When the rest of the people saw this, they stepped aside, as if they didn't want to get along with Qin Chen, and looked regretful.

A few people originally wanted to say hello to Qin Chen. After all, Qin Chen and Yaowangyuan had an extraordinary relationship, but after seeing the three people from the Dagan Dynasty, they swallowed their thoughts and hurriedly retreated. Open.

[Chapter 926: Can do anything](#)

In his sight, a sharp sword light suddenly lit up, instantly cutting off the power of his fist.

Then, the dazzling sword light filled the line of sight, and disappeared in the void, and nothing was seen.

Puff!

The body protector's true power was shattered. From the center of the eyebrows to the lower body of the King Wu of the Dagan Dynasty, a blood line appeared in an instant. The whole person turned from forward to flying backwards. The body was still in the air, and it was divided into two halves, blood and internal organs spilled All the way, then fell to the ground.

Kill with one sword!

"Big Brother!"

The two remaining martial artists of the Dagan Dynasty originally had a sneer at the corners of their mouths, but they disappeared instantly, and their faces were full of horror.

One sword!

Just a sword!

Big brother died?

"escape!"

After the shock, there was endless fear. Even the eldest brother was beheaded by a single sword. What would happen to the two of them going up? Without time to hesitate, the two turned and ran.

Whizzing!

At this moment, the two of them used the energy of feeding, like two afterimages, flashing in the void, they are about to rush out of the forest.

"Want to go?"

Qin Chen's expression was indifferent, and the mysterious rust sword swung out again, and the two sword lights suddenly rushed across the sky like meteors.

With his spiritual power breaking through the seventh rank, Qin Chen's control of the kendo has reached a point where a warrior of a hundred dynasties simply cannot imagine.

More than a dozen warriors around only felt the sword light in the void suddenly shine, and then the darkness was restored again.

Puff!

In the next moment, two silhouettes flying in mid-air, dismembered in an instant, and became pieces of meat on the ground, blood splashing several feet high.

As soon as Qin Chen raised his hand, three storage rings flew over and were taken into his hand.

In the blink of an eye, all three warriors of the Dagan Dynasty fell.

"hiss!"

Instantly remembered the sound of inhaling air-conditioning one after another on the field, everyone looked at Qin Chen in amazement, each of them expressions dull, as if he had seen a ghost.

Three top geniuses of the Dagan Dynasty were killed in an instant, and there was also a half-step Wuwang master among them. How could Qin Chen's strength be so terrifying?

With such a cultivation base, I am afraid that even the Martial King in the early stage of the seventh stage can fight against each other, right?

Rumor has it that the top talents of the Seven Great Dynasties are so powerful that they can compete with the Martial King in the early stage of the seventh stage in the half-step Martial King Realm, but compared with Qin Chen in front of him at this moment, I am afraid it is nothing more than that.

"This Qin Chen is so strong, so talented, we probably have few geniuses above him in the entire hundred dynasties."

At this moment in the crowd, a beautiful woman looked at Qin Chen, who had killed the three people of the Dagan Dynasty with a single sword, with an eager light in her eyes, wishing to rush straight up.

"It is indeed very strong. It can kill the half-step Wuwang of the Dagan Dynasty with a single sword. Not to mention the age and talent. Among all the geniuses, I am afraid it is one of the few. Only the top three of the seven upper dynasties. Two people can compare with him."

Beside the gorgeous woman, there was also a 28-year-old man standing next to the gorgeous woman. The two obviously had an unusual relationship, and at this moment they looked at Qin Chen in amazement.

Although this man's cultivation had reached the peak of the late sixth stage, in front of Qin Chen, he did not have the slightest arrogance, on the contrary, he was very cautious and jealous.

In fact, not only him, but other warriors present also looked at Qin Chen in shock, shocked by Qin Chen's strength.

"Unexpectedly, there is such a genius in a Dawei dynasty, and I heard that Qin Chen has an extraordinary relationship with the owner of the Medicine King Garden. Otherwise, when he was on the square before, the owner of the Medicine King Garden would not help him. I don't know exactly how he cultivated. At such a young age, he is already a martial master in the late sixth stage. I am afraid that this person definitely has amazing treasures."

The gorgeous woman looked at Qin Chen, but she was different from the other warriors. The other warriors were jealous, but her eyes showed worship.

What she admires and likes most is those young martial artists with outstanding cultivation bases. Such peerless arrogances are more flavorful than those old martial kings, and she knows very well that those peerless geniuses can cultivate at a young age. At this level, there was almost no treasure in his body.

It's definitely going through a lot of adventures to reach this level.

"Among you, who else is going to trouble me, just do it."

After killing the three powerful men of the Dagan Dynasty, Qin Chen looked at the other people on the field as if there was nothing wrong with him.

Everyone looked at each other and joked. Even the half-step Martial King of the Dagan Dynasty was beheaded by the opponent with a single sword. Not to mention that they had no grievances with Qin Chen, even if they wanted to kill Qin Chen to confess to the Dagan Dynasty, they must have this ability. Row.

One by one, they shook their heads and waved their hands, like dumb.

Qin Chen asked casually, and when no one was speaking, he was about to leave.

But at this moment, the gorgeous woman on the side hurried up, and even hurriedly shouted, "Qin Shaoxia, wait a minute!"

Qin Chen stopped and looked at her suspiciously.

This woman is about twenty-five and sixty, but her body has reached the late stage of sixth stage, and she is very pretty and graceful. She is wrapped in a layer of tulle-like clothes, which highlights her uneven figure. Very perfect, like a stunner in the world.

Qin Chen didn't remember that he knew the other party, but since the other party spoke in such anxiousness, Qin Chen also wanted to hear what the other party was doing.

"Qin Shaoxia invited me. My name is Nie Shuangshuang. I am a genius of the Daxing Dynasty. I was stunned by Qin Shaoxia's demeanor and didn't dislike the consistent style of the Dagan Dynasty. I saw Qin Shaoxia's extraordinary strength before, so I couldn't help but admire it in my heart."

As Nie Shuangshuang spoke, he looked at Qin Chen eloquently, and even Qiubo appeared in his eyes.

"Thank you, what's the matter with you? If it's okay, I'm going to leave?" Qin Chen frowned, this guy came, is it just talking about all this nonsense?

Although this woman has cultivated to the late stage of Tier 6 at a young age, she is obviously of a good background and extremely talented, and she has a graceful figure. The convex place is convex and the concave place is concave, full of temptation, but Qin Chen is not a chick. , He who was betrayed by Shangguan Xi'er in the previous life, even if he saw a beautiful woman, he would not be fascinated again.

Nie Shuangshuang heard that Qin Chen was about to leave, and hurriedly said: "Qin Shaoxia, no, can I call you Big Brother Qin? Big Brother Qin, Shuangshuang is very happy to meet you, but I don't know if Big Brother Qin can agree to Shuangshuang's unrelenting request. ."

"What?" Qin Chen asked suspiciously.

Nie Shuangshuang's face suddenly showed excitement, and said happily, "Brother Qin, I heard that there are dangers in the heavenly demon secret realm. There are dangers everywhere, and both of them are low-level. It is really scary to walk alone. I don't know if Brother Qin can Take Shuangshuang and go together. Don't worry, Brother Qin, Shuangshuang will not cause trouble. You will only help Brother Qin when he needs it, and if you can take Shuangshuang with you, protect Shuangshuang, Shuangshuang can do anything for Brother Qin. do."

When talking about doing anything, Nie Shuangshuang even glanced at Qin Chen ambiguously, with a shy expression on his face.

[Chapter 925: Hurry up](#)

"Hehe, boy, how do you want to die today?"

The half-step Wu Wang, the leader of the Dagan Dynasty, walked slowly with squinting eyes, his body exuding cold killing intent.

At the same time, there was a trace of disdain in Qin Chen's gaze, as if he was looking at a dead person.

"Brother, talk nonsense with him, just kill him directly."

One of the two sixth-stage late peak martial arts nearby also sneered, and said disdainfully.

"Hehe, the eldest brother meant that he didn't want this kid to be so cheap and died. This kid took away the place that originally belonged to my Dagan dynasty, and he dared to disrespect the ancestor Ding Qianqiu and kill him. That would make him cheap."

Another Wu Zun said with a grinning smile on his face.

Qin Chen's actions on the square have long made them, the warriors of the Dagan Dynasty, extremely upset, and the ancestor Ding Qianqiu has also given orders to kill anyone in the Heavenly Demon Secret Realm as long as they see the Dawei Dynasty.

As soon as they came in, they met Qin Chen. The three of them suddenly looked like cats that had caught the mouse. Before they were killed, they naturally had to play around.

"The people of the Dawei Dynasty still have the protection of the owner of the medicine king outside. Now they are in the secret realm of the heavenly devil, I am afraid they can only wait to die."

"It's still too young and arrogant, now it's too late to regret."

The faces of many martial artists around were compassionate. Although they did not step forward, they did not leave. They just stood not far away and looked at this place with a sigh.

In their eyes, surrounded by the three powerhouses of the Dagan Dynasty, Qin Chen couldn't survive no matter what.

The only thing you can do is to kill yourself immediately. Only in this way can you suffer less before you die.

"Have you finished talking the three nonsense? Hurry up when you are finished, and don't waste my time there." Qin Chen suddenly said impatiently.

"what?"

"What was this kid talking about?"

"Have you heard clearly? Let's do it quickly and don't waste his time?"

I thought that facing the three of them, Qin Chen would be extremely frightened. Who knew that such a sentence would make the three of Dagan Dynasty's excitement be wiped out by a basin of cold water.

All of them were mad with anger.

Glancing at each other, there is a chill in his eyes. Does this kid still understand his situation?

The other warriors around were also stunned.

Is this Qin Chen really confident or stupid? At this time, how dare you say this?

Isn't he afraid that the three powerhouses of the Dagan Dynasty will not compromise on him?

I couldn't help but shook his head and sighed, all speechless: This son is still too tender, thinking that the worst result is nothing more than death, but he may not know that death is actually nothing, sometimes life is more painful than death .

"Boy, I think you want to die. Don't worry, you have offended our Dagan Dynasty. If you want to die, it's not that easy. I will make you unable to survive and die. In this mysterious realm of heaven, you will suffer endless suffering. And torture."

The leading half-step Wu Wang said with a grim face, Qin Chen's attitude made him more angry, and he decided to give Qin Chen a lesson and would never let him die easily.

Qin Chen's eyes were colder, and the other party might have misunderstood what he meant, but if you want him to survive, he must have this ability.

"Give you one last chance. If you want to do it, hurry up, otherwise I'm afraid you won't have a chance to do it. However, even if you do it first, the battle will end soon!" Qin Chen didn't bother to talk nonsense with the other party, Qiang, Straight out the mysterious rust sword.

He is really not interested in chirping with the other party, because the other party and himself are not at the same level.

Now You Qianxue didn't know where they were, and he didn't have time to waste.

"you!"

The three powerhouses of the Dagan Dynasty flushed with anger, and Qin Chen's impatient tone made him furious. He was a half-step Martial King of the Dagan Dynasty, when was he ever so humiliated by a kid?

"If you want to die, then I will fulfill you, possess the evil king, and give it to me!"

With a roar, the true power in the body is running to the extreme, the dark blue true power is like a layer of demon armor, covering his body, the whole person is like a hideous evil king, exuding a vast and evil atmosphere, and pounces on Qin Chen .

"cut!"

puff!

The sword light flashed, and the cyan gas was cut apart and burst into dust. Qin Chen held the sword with his right hand and walked towards the opponent step by step.

"how is this possible?"

The other two people of the Dagan Dynasty opened their mouths wide, and the eldest brother's possession of the evil king combined with his half-step Wuwang cultivation base. Once displayed, the ordinary peak martial arts in the late sixth stage will be torn apart. That kid is only in the late sixth stage, how can he Block?

Although they had heard the news that Qin Chen killed Sikong and saw blood, they did not take it seriously.

Sikong Jianxue was indeed a genius in the Dagan Dynasty, but he did not belong to the top group. Compared with the eldest brother, he was far worse, and his cultivation was no longer at the same level.

"hateful!"

The leading half-step Wu Wang was frightened, but his eyes became extremely solemn. Why is that kid so strong? With a single sword, he cut off his true power attack, and the sword aura was invincible, and there was a feeling of irresistibility that made him stand up.

Qin Chen cut his true power beyond his expectation with a single sword, causing his heart to mention it instantly, not dare to be careless.

However, when he saw Qin Chen slowly walking towards him step by step, his arrogant attitude immediately caused the dignity of his heart to be replaced by anger. It was so arrogant that he didn't put himself in his eyes, thinking that he was blocking him. Is it invincible with the trick?

"Enjoy Xinghe!"

The real power on his body was surging, as if he was wrapped up by a twisted transparent cloth bag, and he kept agitating, and a heart-palpitating breath filled him.

With a slap on the ground with both feet, the black rocky ground shattered, the figure of this person was like electricity, and the violent dark blue true power was condensed on his right fist. The next moment, the mighty fist power was like a decision. The flood from the embankment rushed to Qin Chen instantly.

The surrounding air was crazily distorted under the power of the fist, as if thunder was exploded out of thin air. Under the horrible atmosphere, more than a dozen warriors around each showed shock and retreated.

Too strong, is this the half-step Wu Wang of the Dagan Dynasty?

Under this punch, who can resist, even some seventh-order martial king experts, dare not go for it? As one of the seven upper-level dynasties, the Dagan Dynasty was really terrifying. Just take out a warrior, so terrible?

For a time, everyone on the court clenched their hearts. With the strength of the three of the great dynasty, they might be able to join forces to kill all of them on the court. The gap was too big.

"Boy, how do you block this trick?"

With a roar, the half-step Martial King with wild confidence on his face, punched Qin Chen's face straight, but before his fist arrived, his expression instantly froze, like a ghost.

[Chapter 927: Horror](#)

Qin Chen was in a daze. He remembered the first time Shangguan Xi'er saw him, and he called him eldest brother Qin shyly. At that time, he was already a famous genius in the martial arts, and Shangguan Xi'er, Is just an inconspicuous woman in Wu Yu.

Now that the vicissitudes of life, hundreds of years have passed, there are people who call him Big Brother Qin so shyly. Unfortunately, the woman who calls him Big Brother Qin now is far more fake than Shangguan Xi'er.

Suddenly, Qin Chen felt a little sick.

"Brother Qin!"

Seeing Qin Chen distracted a little, Nie Shuangshuang shouted again shyly, his face was shy and ruddy, as if weak.

Qin Chen glanced at the young man behind Nie Shuangshuang, the peak martial artist of the late sixth stage, he didn't need to ask at all, he knew that this young man and this woman should be a pair, even if they were not a pair, they should be in the process of getting along now.

Nie Shuangshuang saw Qin Chen frown and looked at Senior Brother Zhanyuan. Nie Shuangshuang suddenly felt that he shouldn't stand with Senior Brother Zhanyuan. Maybe it would cause Qin Chen to misunderstand him.

Thinking of this, she quickly turned around and said, "Brother Zhanyuan, stay away from me. I have said that you are not my type. I will go with Brother Qin later, because I will only be with Brother Qin. Together, it is safer."

The face of Meng Zhanyuan who was standing next to Nie Shuangshuang suddenly changed, staring at Nie Shuangshuang in a daze and said, "Shuangshuang, we..."

"Don't call me Shuangshuang." The gorgeous woman directly interrupted Meng Zhanyuan's words, and said in annoyance: "I told you not to follow me a long time ago, but why do you always follow me."

"I..." This Meng Zhanyuan looked like a young talent, but before Nie Shuangshuang, he appeared extremely cringe and stammered: "Shuangshuang, I just want to protect you."

"I don't need your protection, and the secret realm of heavenly devil is so dangerous, do you think you can protect you? Let alone the danger in the secret realm of heavenly demon, if you encounter the warriors of the Dagan Dynasty who want to bully me before, you are their opponent Huh?"

"Even if I am not an opponent, I will protect you." Meng Zhanyuan gritted his teeth.

He had an ugly face, but he didn't know what to say. Although his strength was not weak, compared with the half-step Martial King of the previous Dagan Dynasty, he was far behind, let alone compared with Qin Chen.

"I said I don't need your protection." Nie Shuangshuang frowned and said, then turned to look at Qin Chen, but there was already a delicate smile on his face: "Brother Qin, let's go together."

The other martial artists around looked at Qin Chen with ambiguous expressions. Obviously, they all saw that the female of the great dynasty had taken a fancy to Qin Chen's talent and strength, and wanted to use her beauty to seduce Qin Chen.

"This Qin Chen is really a blessing."

"Although this woman is a bit sassy, she is still in good shape. She is really a stunner.

"Tsk tusk, how can I not touch such good luck."

A group of people looked at Nie Shuangshuang secretly, feeling a little restless, but in front of Qin Chen, they didn't dare to be presumptuous.

There was a trace of disgust in Qin Chen's eyes. Although this kind of woman looks a bit attractive, in his eyes, this kind of woman is the most disgusting. In order to climb a better person, the former friend said that she dumped it. .

I thought she had something to do before, but I didn't expect it to be such a nonsense, and deliberately pretended to be very shy in front of him. He felt sick when he looked at it.

"roll!"

Qin Chen snorted coldly, too lazy to pay attention to Nie Shuangshuang.

"You..." Nie Shuangshuang's face suddenly became ugly. She was beautiful and hot. Although she could not help but cheer up when she saw a powerful genius, she was also a top genius in the Daxing Dynasty. Other men saw her. , Qin Chen was the first to tell her to go, which is not soft words.

Qin Chen didn't bother to pay attention to her, turned around and left here, he didn't have much time to waste here.

Seeing Qin Chen turn around and leave, Nie Shuangshuang came to his senses. Her unfavorable beauty plan had failed, and her heart suddenly became ashamed and angry, especially Qin Chen's expression of disgust before, which made her wish to find a place to drill down. , Angrily for a while, lost his reason, and said angrily at the side of Meng Zhanyuan: "What do you look at, haven't you seen me being bullied? Why don't you stop him!"

"I..." Nie Shuangshuang lost his mind, but Meng Zhanyuan did not lose his mind, and his face suddenly showed embarrassment.

Stopping Qin Chen, what a joke, because of his cultivation base, I am afraid that Qin Chen has already been beheaded by Qin Chen with a single sword.

"You..." Nie Shuangshuang stomped his feet vigorously with anger. "It's really a waste. If you don't do it, I will do it myself."

After that, he drew out the long sword at his waist and slashed towards Qin Chen.

With the sword light circulating, the woman's cultivation base was not weak, I am afraid that Bi You Qianxue did not lose the wind at all, and the sharp sword light instantly came behind Qin Chen.

"boom!"

Qin Chen waved his hand, and the long sword in her hand was shaken out in an instant, a cold sword light pressed against her neck, cutting off a few strands of hair.

The cold killing intent, like a sharp blade, instantly poured into Nie Shuangshuang's body. Nie Shuangshuang's body became stiff, his face turned pale, and he felt as if he had fallen into an endless abyss. His entire body was so scared that he dared not move.

"Provoke me again, die!"

Qin Chen snorted coldly. If it wasn't that the other party was a woman and had no deep hatred with him, the sword just now would have penetrated her throat long ago.

Nie Shuangshuang was cold all over, did not dare to say a word, just shivered.

"Humph!" With a cold snort, Qin Chen retracted the sword, and just about to leave, suddenly a strong killing intent suddenly spread from under his feet.

"Not good!" With a startled heart, the invisible true power formed under Qin Chen's feet, pushing him forward for nearly ten meters, and at the same time a sword was cut downward.

Boom!

The sky was splashed with rubble, and an oddly-shaped, pitch-black alien beast rushed out of the ground, with crazy blood-colored strange lights in his eyes, and with a chuckle, the rock under Qin Chen's feet was blasted into dust.

Ding!

At the same time, the sharp sword in Qin Chen's hand smashed on the head of the strange beast, and there was a sound of gold and iron fighting with each other, and only a few pieces of scale armor were smashed in the sparks.

"what?"

Qin Chen was taken aback. His sword was enough to severely wound a half-step martial arts king, but it only smashed a few scales of this strange beast?

This strange beast was struck by a sword, and suddenly became angry, and roared at Qin Chen again.

"court death!"

He was shocked in his heart, but Qin Chen's expression remained unchanged. The Nine Star God Emperor Art in his body was circling, and the mysterious Rust Sword swung again, slashing out boldly.

call out!

The dazzling sword light ran across the sky, instantly leaving a bloodstain nearly a foot long on the head of the alien beast.

[Chapter 928: Blood Monster](#)

It's just that although the bloodstain was long, it only hurt the skin of this alien beast, not even its bones.

The strange beast ate pain and roared. This injury did not make it retreat, but aroused its fierceness. The copper bell-like eyes became red, and the mouth of the blood basin severely bite at Qin Chen.

"It's a strong defense, I want to see, you can stop me with a few swords!"

Qin Chen's eyes were indifferent, and the mysterious Rusty Sword suddenly shook out dozens of sword lights, and the dense sword light instantly left countless blood marks on the alien beasts. Countless blood splashed on the black ground, and burned. Debut, Qingyan is here.

"It's scary and corrosive."

Qin Chen was secretly speechless, what kind of blood beast was this? The blood is so corrosive.

For a while, Qin Chen suddenly became curious about this mysterious strange beast.

"See if I can enslave him."

With a thought in his heart, Qin Chen's mental power instantly turned into an invisible shock, which fell into the mysterious beast's mind.

"what?"

At the next moment, Qin Chen was shocked. There was no soul in this mysterious beast's mind. There was only a violent mass of nothingness, full of evil spirits.

"A blood beast without a soul, how can this be surrendered? Or is this strange beast not a blood beast at all?"

And Qin Chen had a vague feeling that the violent aura in this mysterious beast's mind, he seemed to have seen it somewhere before, but he couldn't remember it for a while.

But when Qin Chen was puzzled, the strange beast was attacked by Qin Chen, suddenly became extremely angry, and roared up to the sky.

"Roar!"

With a cold roar, it instantly spread out in all directions.

Qin Chen's heart was suddenly shocked, not good, the roar of the alien beast, in many cases, there is only one purpose, and that is to summon a companion.

"Go, everyone."

Qin Chen shouted anxiously at more than a dozen martial artists around him.

Each of these warriors was a little stunned, obviously they hadn't realized what had happened yet, but when they realized it, it was too late.

boom! boom! boom!

Under the ground, the sound of vibration came suddenly, and then six or seven strange beasts exactly the same length as the previous mysterious strange beast came out from the ground.

These strange beasts are only three or four meters long, covered in pitch-black scales. They look a bit like crocodile, but they are more terrifying and terrifying than crocodiles. They madly bite at more than ten warriors around.

"what!"

Suddenly, the screams rang out. In just one face-to-face effort, two warriors were bitten by this sudden strange beast, and they were bitten into pieces of meat in an instant while they were chewing. They were swallowed by these strange beasts. The look makes people shudder.

After these warriors were swallowed by the alien beasts, there was a faint red halo on the bodies of the two alien beasts, and the expressions in their eyes seemed to become extremely enjoyable. Soon after, a fierce and fierce light came out of their eyes again, toward the rest More than a dozen warriors from rushed forward.

"Quickly, everyone stand together."

"Don't distract."

"What kind of monster is this? Why is the defense so terrible?"

"what!"

The crowd became chaotic in an instant, and there were roars and screams everywhere, and two more warriors were injured in the blink of an eye. Fortunately, in this rush, everyone had gathered together, and more than a dozen warriors formed a circle to resist These six or seven strange beasts could barely support it.

It's just that the defenses of these alien beasts are terrifying. Most of them can only leave slight wounds on this alien beast. Only a few people can bring harm to this alien beast.

Nie Shuangshuang was also being attacked by a strange beast at this moment. With a sound, the strange beast tore off the robe on Nie Shuangshuang's body in half, revealing the pink clothes inside, and the beautiful spring light suddenly bloomed.

But at this time, none of the martial artists around was in the mood to admire her. After the strange beast tore off half of Nie Shuangshuang's dress, he pounced on her again.

"Both!"

The warrior named Meng Zhanyuan roared, and the long sword in his hand pierced the eyes of the strange beast, even if he died. Although the strange beast was not conscious, his instinct to respond to the crisis was still there, and his body flickered, and he suddenly moved The goal, rushed towards Meng Zhanyuan.

Bang bang bang!

The two sides were entangled in an instant, and this Meng Zhanyuan was not weak. Under the attack of the alien beasts, he kept retreating and was surrounded by dangers, but he frequently turned dangers into peace, and had extremely rich combat experience.

For a time, many warriors and mysterious beasts fought together, and the scene was extremely tragic.

"It's over, it's over, we encountered the Blood Beast as soon as we came in. It seems that we are going to die here this time."

Among them, there was a sixth-stage late martial artist with a look of horror, and he was still muttering something.

Blood monster?

Qin Chen's heart moved, and when he glanced at the young man, he seemed to know something.

Seeing the fierce fighting, Qin Chen's eyes condensed, and if he continues, sooner or later, these warriors will not be able to persist and will be killed here.

"This place is so dangerous, I don't know what happened to Grandpa and the others? And Qianxue and the others, if you encounter this strange beast, I am afraid...no, you must find them as soon as possible!

As his eyes condensed, Qin Chen's true power was crazily condensed, and he slashed out with a sword.

"cut!"

boom!

The brilliant sword light suddenly skyrocketed, shining through the entire heavenly demon secret realm. When everyone looked over in horror, they saw a snow-bright sword light that was several meters long, like a horror from the sky, flashing away.

Puff!

Jianguang slashed on the mysterious beast, instantly slicing the mysterious beast in half, splashing blood on the ground, stirring up large swaths of blue smoke.

"it is good."

"Great!"

"Qin Shaoxia help!"

The many warriors who saw this scene showed ecstasy one by one, and they were extremely excited.

At this time, no one was afraid of Qin Chen, wishing that the stronger he was, the better, killing all these mysterious animals.

"No, stop, you can't kill it!"

But when Wu Zun, who had said the name of the Bleeding Beast, saw this, his face suddenly showed an expression of horror, his expression even distorted, as if he had seen the end of the world.

Ok? Qin Chen couldn't help but wonder, killing the strange beast himself, this person actually told him to stop, and while he was puzzled, screamed, suddenly a cold breath passed by him suddenly.

"what!"

Immediately afterwards, a scream sounded, the blood of a warrior in the crowd disappeared instantly, and the whole person turned into a corpse in an instant.

Everyone's cold hair stood up, and the soles of their feet were cold. This person was among them, but they didn't even know how the other party died.

"Everyone, get out of the way."

At this moment, Wu Zun who told Qin Chen not to kill the strange beast shouted in horror again.

Before the people around had time to react to what was going on, they saw that the warrior who had turned into a mummy hadn't died yet, with prominent eyes and a terrifying expression, brandishing his saber, and slashing at his former comrades frantically.

[Chapter 929: Demon fire out](#)

The closest to the warrior who turned into a mummy was Nie Shuangshuang. This man's sword came to Nie Shuangshuang in the blink of an eye. At this time, Nie Shuangshuang was completely shocked, and even completely unresponsive.

Seeing that the opponent's sword was about to hit her, Meng Zhanyuan suddenly roared, "Shuangshuang", and the whole person rushed forward.

"Puff!"

The corpse's battle knife instantly smashed Meng Zhanyuan's body, smashing the true power of his body protection, and the inner armor under the robe also tore a hole, the battle knife was inserted into his arm, and blood spurted out.

Fortunately, under the resistance of the body guard's true strength and inner armor, the opponent's sword only severely injured Meng Zhanyuan, but failed to remove his arm.

"Both, do it, kill him!"

Meng Zhanyuan firmly grasped the sword that the opponent had cut on his arm, and shouted anxiously at Nie Shuangshuang.

But at this moment, Nie Shuangshuang was trembling with fright. Instead of stepping forward to help, he turned and ran, and even the direction he ran was directly where Qin Chen was. He didn't mind that he had a conflict with Qin Chen just now.

"Save me, save me, as long as you can save me, I can do anything for you."

Nie Shuangshuang said in trepidation, and even while speaking, he tore off the nasty clothes on his body, exposed to the air, exuding alluring body lines.

But Nie Shuangshuang was completely unaware, just looking at Qin Chen eagerly, with that expression even as long as Qin Chen spoke now, she could do that kind of thing for Qin Chen now.

Because she knew very well that if there were anyone on the field who could survive at this moment, then only Qin Chen would be the only one. In order to survive, she would do whatever Qin Chen asked her to do.

"roll!"

Qin Chen snorted coldly, ignoring Nie Shuangshuang at all. His eyes were full of disgust. Although this woman was beautiful, she was just a pair of stinky skins. Even if she gave it to herself, she felt sick.

"Both." Meng Zhanyuan also spouted a mouthful of blood, raised his eyes, and looked at Qin Chen angrily, not knowing whether it was because of injury or anger.

"Roar!" At this moment, the mummy warrior saw that his saber was firmly held by Meng Zhanyuan, unable to move, he suddenly roared and lifted it forcefully.

"what!"

Meng Zhanyuan screamed, and the blood on his arm was pouring out like a fountain.

And the corpse warrior raised the sword again, and slashed towards Meng Zhanyuan again with a grim face.

"Hohoho!"

The seven or eight strange beasts around, also roared at the crowd once again.

"It's over, it's over, we are all going to die here, these blood monsters are simply unkillable, unkillable."

The Wu Zun warrior who had previously said that hemorrhage beast had a look of despair in his eyes, and his face was pale.

"Wugongling, what exactly do you know?" A warrior asked in horror. "These are blood beasts, blood beasts unique to the heavenly demon secret realm. They have terrifying defensive power. They are more terrifying than ordinary blood beasts. The key is that they can't kill at all. Even if they are killed, they will become ghosts and swallow them. The blood of the warriors even occupy the body of the warriors, turning it into

A demon who only knows about bloodthirsty killing. "

Wu Gongling trembled and said, his eyes desperate: "With so many blood monsters, we can't win, and they will die in their hands in the end, because they can't kill them."

Incarnate as a ghost?

Qin Chen was shocked in his heart, his mind felt like a divine enlightenment, and suddenly he woke up.

He finally understood why he felt familiar with the violent aura in the blood beast just now. The aura, cold and evil, was almost exactly the same as the ghost beast he encountered in the Black Death Swamp.

"Could it be that the ghost of the blood beast that this person is talking about is the ghost beast of the Black Death Swamp?"

With a thought in his heart, Qin Chen's eyes flashed, and the mysterious rust sword in his hand suddenly slashed out a sword towards the mummy who had smashed Meng Zhanyuan.

Puff! The sword light flashed, and the attack of the corpse was stopped in an instant. At the moment the sword collided, Qin Chen couldn't help but breathe a sigh of relief, because he found that the corpse hadn't become strong because of the ghost's body. The cultivation base of rank Wuzun is still the cultivation base of rank VI after death, even

Weak.

It's just that because the corpse was too terrifying, everyone didn't have time to react at first.

"cut!"

After knowing the strength of the dry corpse, Qin Chen's sword light flashed, and the mighty sword light condensed into a beam, instantly piercing through the dry corpse's head, and dark blood clots ejected from the back of his head.

"It's useless, even if you kill him, this ghost can still take away other warriors, and it can't be killed." Wu Gongling murmured, with panic in his eyes.

Sure enough, as soon as the corpse died, everyone immediately felt a cold breath spread over them, their entire body exploded, and they felt terrified.

"Is it?"

Qin Chen said indifferently, the soul power was diffused for the first time, and instantly saw a faint shadow emerging from the mummy's body, which was very similar to the ghost beast that he had seen in the Black Death Swamp.

Seeing this shadow, Qin Chen didn't think about it at all, raising his hand, a light blue flame flashed.

Qinglian Demon Fire!

Today's Qinglian Demon Fire has reached the level of seventh-order flames under Qin Chen's cultivation. The ghost beasts in the Black Death Swamp were afraid of different fires. If the ghosts in this Heavenly Demon Secret Realm are the same as those in the Black Death Swamp. If so, then Qinglian Demon Fire would also be its nemesis.

Under everyone's eyes, a blue lotus flame appeared on Qin Chen's head instantly.

The cyan flame gleamed down the black world, immediately adding a dazzling brilliance to the gray world, and at the same time everyone saw that a faint shadow emerged from the side of the dead mummy warrior.

This shadow has no facial features, but when the flames of the Demon Fire of Qinglian displayed by Qin Chen shined, the dim shadow suddenly showed a terrified face.

"what!"

A sharp scream sounded, and under the shining of Qin Chen Qinglian's demon fire, the dim shadow screamed, like snow under the scorching sun, and disappeared in no time without a trace.

The martial artist on the field was lightened, and the feeling of trembling was gone.

The other six or seven blood beasts also stopped fighting at this moment, all turned their heads to look at the Qinglian Demon Fire above Qin Chen's head, and there was a trace of panic in the **** eyes that had no emotions.

"How is it possible?" Wu Gongling's Wu Zun's face also showed incredible expression, as if he had seen something unbelievable.

"The shadow is the ghost Wu Gongling just said?"

"Who said you can't kill? Qin Shaoxia from the prestigious dynasty just killed one."

"We are saved." The crowd was extremely excited, as if drowning people grabbed the life-saving straw and moved closer to Qin Chen.

[Chapter 930: Crisis lifted](#)

"Everyone gather together, be careful!"

Qin Chen gave a low cry, and his whole body instantly turned into a stream of light, rushing towards the remaining blood monsters.

The sword light flickered, and every time the sword was cut out, a blood beast was beheaded. At the same time, a frightened shadow rushed out of the blood beast's body. The green lotus demon fire that Qin Chen then sacrificed instantly burned into dust .

In just a moment of effort, the remaining seven blood monsters were all beheaded, and the ghosts in their bodies were also completely dissipated under the burning of the Qinglian demon fire.

The black cold wind blew on everyone, a group of people looked at each other, their eyes flashed with the excitement and joy of the rest of their lives, sweat dripping from behind, as if they had gone through a ghost door.

"Qin Shaoxia, thank you for helping me earlier. If it weren't for Shaoxia, today we people, I am afraid..."

One of the sixth-stage late peak martial masters immediately stepped forward and said gratitude to Qin Chen. His face was full of gratitude, and he was obviously grateful to Qin Chen from the heart.

"Thank you Qin Shaoxia for the shot."

"If it weren't for Qin Shaoxia, we might be more ill-fortuned this time."

Everyone stepped forward and said one by one, full of gratitude.

They all knew that if it weren't for Qin Chen this time, facing those six or seven blood monsters whose strength far exceeded them, it would be difficult for one of them to survive.

Nie Shuangshuang only realized that the danger had been relieved at this time, and hurriedly pulled back the Xieyi that had been pulled down, his face was ashamed and angry, and he looked at Qin Chen bitterly.

If it weren't for Qin Chen, how could she lose such a face in front of so many people, wishing to find a place to drill down.

Qin Chen didn't pay attention to Nie Shuangshuang at all, but said to Wu Gongling, "Your Excellency seems to know these strange beasts very well. Have you ever heard of it?"

Everyone also looked at them one after another, with doubts on their faces. Indeed, Wu Gongling knew these blood beasts very well, not like seeing them for the first time. With a trace of respect on Wu Gongling's face, he hurriedly said: "Qin Shaoxia, I do know the situation in some heavenly demon secret realms. The ancestors who were in the past have entered this heavenly demon secret realm, and also broke through to the martial king in the heavenly demon secret realm. Some things in the secret realm, also slightly

A little understanding. "The blood beasts just now are extremely terrifying blood beasts in the mystery of the heavenly demon that the ancestors have recorded. These blood beasts are somewhat different from the blood beasts outside. They are filled with a violent killing aura, which is more than our outside world. Blood beasts are much more terrifying, whether it is defense or offense

This is the case for the strike force. "

"In addition, once these blood beasts are beheaded, they will not die. Instead, they will turn into ghosts, swallowing the blood of the surviving life, turning them into a corpse, and leaving only the will to kill."

"The ancestors once said that if you want to completely kill this blood beast, unless the seventh-order martial king uses his own martial arts will to strangle it, there is no other good way for the sixth-level martial artist, so the juniors just now I would say that these blood beasts cannot be killed at all."

"But the ancestors also said that such blood monsters are generally only found in areas where the seventh-order martial kings haunt. This time I don't know why they appeared here. Fortunately, Qin Shaoxia beheaded them, otherwise we may all have to. Die here."

After Wu Gongling explained it for a while, he immediately took out a jade slip from his body and handed it up: "These are some records from the ancestors who left the Heavenly Demon Secret Realm. If Qin Shaoxia needs it, it will be given to Qin Shaoxia. "

Qin Chen took the jade slip and found that it recorded some things in the secret realm of the devil, and the blood beast was among them.

Suddenly, after Qin Chen saw a piece of information inside, he immediately said in surprise: "Your ancestors said here that entering the heavenly devil secret realm, the area where the seventh-order martial king and the sixth-order martial master are located are not the same area?" I don't know this here. These things are all summarized after the ancestors of the lower ancestors once entered the heavenly demon secret realm. Because he broke through in the heavenly demon secret realm, he walked farther and understood more than ordinary warriors, but compared to For those real superior dynasties, it's still

It's much worse. "

"I've heard of this before." At this time, Meng Zhanyuan stepped up and bowed to Qin Chen respectfully: "Thank you Qin Shaoxia for your help earlier."

The blood on his arm has stopped, but he has obviously suffered a lot of trauma. Although there is no life-threatening, his combat effectiveness has been reduced a lot.

If it hadn't been for Qin Chen to make a move before, he would have died in the hands of the corpse warrior. So thankfully said to Qin Chen: "I heard from the seniors of the dynasty that in the heavenly

devil mystery, the areas where the seventh-order Wuwang and the sixth-order Wuzun fall are indeed different. However, the two areas are not bordered by the Wuzun. The place to fall is generally in the periphery, where the king of Wu is strong,

Some inside. "

"So, can King Wu be able to enter Wu Zun's area?" Qin Chen frowned. What he had just thought was that if Wu Zun and King Wu were in different areas, then the black slaves would have more safety. It's a bit of protection. Meng Zhanyuan nodded and said: "Yes, King Wu strong can also turn around and enter the area of Wu Zun martial artist, but under normal circumstances, King Wu strong will not do this, because the King Wu who enters the secret realm of heavenly devil, their purpose is the same as ours. , Are to enhance one's own strength

In fact, there are not many treasures that are helpful to King Wu. Once they choose to go to the area of Wu Zun, the treasures inside will be taken away by other King Wu first. One step behind is equivalent to step behind. Therefore, it is generally King Wu will not look back. "

"Once they turn around, they are equivalent to giving up this opportunity of the Heavenly Demon Secret Realm."

Qin Chen nodded. The Dawei Dynasty was only an inferior dynasty before, and therefore had very little understanding of the secret realm of the heavenly devil, which caused Qin Chen and the others to not understand it at all after they came in.

"I understand, thank you for your confusion." Qin Chen bowed his hands to everyone, and at the same time took out more than ten pieces of jade slips from his body and sent them to everyone, saying: "Everyone, here Qin wants to trouble you. One thing, if you meet a disciple of my Dawei Dynasty in this heavenly demon secret realm, please smash the jade slips and inform Qin.

At this point, Qin will hear from you immediately, and Qin will have to thank you again when that happens. "This is also the most important reason why Qin Chen rescued these people. It is very difficult to find black slaves by himself, but if so many people help him find them, it will be easy. a lot of.
