

Valkyrie 941

[Chapter 941: Blood Hand King](#)

The coming person is thin and thin, and there is a fierce aura from all over his body. Just where he stands, there is a boundless power permeating, and everyone present can hardly breathe.

"Bloodhand King Lord!"

After seeing the people who came, the many geniuses on the field were all taken aback and came forward to salute.

The people here are very famous, and almost none of them, the geniuses of the land of hundreds of dynasties, do not know that the blood hand king Shi Guangliang was a very fierce martial king in the Dagan Dynasty.

In terms of cultivation base, this Bloodhand King is actually not against the sky, only at the peak of the seventh stage, but in terms of cruelty, it is extremely terrifying among the many martial kings of the Dagan Dynasty.

This person specializes in the slaughter mission of the Dagan Dynasty. He has a surly character. The inferior forces that have been destroyed by him are countless. One of his hands is stained with blood, and he is a veritable blood hand king.

Did the Dagan Dynasty actually have a powerful king Wu return to their area?

Everyone on the field was secretly shocked. They all knew that King Wu and Wu Zun entered the heavenly demon secret realm and appeared in different places. King Wu strong would be teleported to a very deep place, and ordinary King Wu rarely returned. The area where Wu Zun appeared.

After all, after coming back, if you want to go deeper, you will definitely be slower than other martial kings, and it will be difficult to find a treasure that suits you.

Now that the Blood Hand King is here, what do you want to do?

"The old man asks you something, you guys, do you know where Shen Mengchen has gone?" The Blood Hand King stared at the crowd and said in a cold voice.

Everyone was in the shock of the arrival of the Blood Hand King, and when they heard the words of the Blood Hand King, their faces turned white.

They only realized that the Blood Hand King came to Shen Mengchen, but Shen Mengchen had been killed by Qin Chen before. If the Blood Hand King saw Shen Mengchen's body, then...

With their expressions of horror, everyone couldn't help but shut their mouths, panicking and regretting in their hearts. What did they stay here like an idiot?

In the crowd, some even glanced nervously at the place where the battle was in the depths of the valley, feeling terrified.

"Why don't you talk? Where did Shen Mengchen and others from the Dagan Dynasty go?" With a cold face, the Blood Hand King suddenly furiously said, booming, the terrifying murderous intent spread, and instantly impacted this group of people.

Pedal!

Everyone turned pale, backed up one after another, and blood surged in their bodies.

Someone like the Bloodhand King felt something was wrong in an instant. Seeing a few of them staring into the valley with twinkling gazes, a trace of unpleasant feeling rose in their hearts instantly, and their figure swayed, and they swept into the valley.

"It's over."

"What should I do now?"

"Sir Bloodhand King saw Master Shen's body, would he kill us?"

The remaining warriors in the valley were all panicked and panicked. They all wanted to turn around and flee, but none of them really dared to escape.

A joke, in front of the Blood Hand King, they couldn't escape. If they escape now, under the anger of the Blood Hand King, it would be possible to kill them directly.

really!

"what!"

An angry roar came from the depths of the valley, booming, followed by a fierce roar, and the whole valley seemed to be rumbling and shaking.

A horrible breath came out, and everyone turned pale, spouting a mouthful of blood.

With the strength of many geniuses on the field, although there is a gap with the seventh-order martial king, some half-step martial kings are not incapable of confronting ordinary martial kings, but in front of the blood hand king, they can't even resist the breath released.

The blood hand king, killing people like hemp, the cultivation base is not comparable to the average early Wu Wang.

In shock, he hadn't reacted yet. Well, the blood hand king's figure appeared in front of everyone again. His face was cold, like ice that never melted, and the cold murderous aura that emanated from it made everyone shudder.

"Say, who killed my disciple of Dagan Dynasty?"

Grabbing a half-step martial arts king in the front, the blood hand king said with a grim expression, and the chill that radiated from it could almost freeze people.

"me....."

That half-step Wu Wang was picked up by the Blood Hand King by the neck, like a chicken, his face was full of fear, there was no resistance, and he could not speak.

"Don't you say it? Death!"

Too lazy to talk nonsense with the other party, a terrifying killing intent flooded into the half-step Wu Wang, this person was frightened, opened his mouth, before he had time to speak, he snorted, the whole person burst in an instant, and the sky was full of blood splashing, as if it were falling. It was a rain of blood.

Once again picked up a half-step martial arts king, the blood hand king said grimly, "Say, who really killed Shen Mengchen?"

"Bloodhand King, the disciple is a disciple of the Sui Dynasty..."

That day, I was panicked and screamed in horror.

The Da Sui Dynasty was a middle dynasty under the command of the Seven Great Dynasties, the Dayong Dynasty. The relationship between the Dayong Dynasty and the Dagan Dynasty was fairly good, so the disciple immediately shouted in horror.

"The old man asked you who killed Shen Mengchen. I didn't ask which dynasty you belonged to. Was it great? The geniuses of the Dagan dynasty are all dead, why don't you die?"

The true essence in the body surged, puff, the warrior was squeezed and exploded by the blood hand king once again, and the broken internal organs were scattered on the ground, spraying the faces of the remaining thirty people on the field.

But those geniuses turned pale one by one, even though the blood sprayed on their faces, they didn't dare to move.

Before, they had a bit of resentment towards Qin Chen, and felt that Qin Chen's attack was too ruthless, but now the Blood Hand King would kill people at every turn, making them fearful, but they felt that Qin Chen was very kind.

They just hate why people like them don't leave after Qin Chen left, so they have to stay and die.

Especially before, many people have left one after another, more than 30 of them are the last remaining.

"You said....."

He immediately squeezed the second half-step martial arts king, and the blood-handed king coldly looked at the third half-step martial arts king in front of him. He knelt down with a puff that day, and hurriedly said, "Bloodhand king, I said, I said, yes. Qin Chen, Qin Chen of the Dawei Dynasty."

There was horror on his face, fear in his eyes, where there was a bit of genius domineering, but like a helpless lamb, under fear, he was about to cry.

If there is a chance now, he will definitely return to Chaotian City as soon as possible. What kind of heavenly demon secret realm, what opportunity, and what treasures, all are not needed, it is too scary!

"Qin Chen? How could it be possible that Shen Mengchen was one of the top ten rookies in the land of a hundred dynasties? How could he kill Shen Mengchen based on that kid? And it was not Shen Mengchen

who died in this valley, and there were more than ten other dynasties in my dynasty. A genius and strong, you dare to lie to me?"

The Blood Hand King shouted angrily. The killing intent of his whole body made his face pale that day, and the corners of his mouth were bleeding, but he did not dare to refute. He just kept kowtow and said: "Blood Hand King, it is indeed Qin Chen, who moved Qin Chen. Hands, we were all there at the time, and I would never dare to deceive you." The blood on the forehead that had just been knocked that day came out, but he continued to knock, and didn't even dare to lift it.

[Chapter 942: Space is still](#)

The Blood Hand King's eyes were cold and he looked at the others on the court.

"Bloodhand King, it is indeed Qin Chen."

"I can't wait to lie to your lord."

"Then Qin Chen is extremely vicious. He took away the elixir we got before leaving. I also want to fight for Master Shen, but Qin Chen is too strong, and I can't help it."

"I also ask Master Bloodhand King to spare his life."

Many warriors all screamed in horror, desperately begging for mercy, and at the same time, they said what had happened before.

"Ah, Zhuzi, dare to kill the genius of my great dynasty, you deserve death!"

The blood hand king yelled to the sky, booming, the terrifying **** true essence filled the valley, ploughing out hundreds of terrifying gullies.

Bang bang bang!

More than 30 warriors around him screamed, one by one, they flew out, the armor on their bodies shattered, blood spurted from their mouths, and there was no resistance.

"Mengchen, why are you dead!"

Bloodhand King's face was frightened, and his body was trembling because of his anger.

The reason why he came back from the area of King Wu was because he received an order from his ancestors, and he was afraid that King Wu of other dynasties would turn around to target the genius of his Dagan Dynasty, so he came back to protect the disciples of Dagan Dynasty.

Among them, the most important is Shen Mengchen. Shen Mengchen is one of the top ten rookies in the Land of Hundred Dynasties, the most heaven-defying genius of the Dagan Dynasty, and one of the most promising talents in the later stage of the seventh stage. The other disciples are dead, and the Dagan ancestors will have nothing. Feeling, but the death of Shen Mengchen was an extremely huge loss to the Dagan Dynasty.

harm.

His Bloodhand King failed to protect him, and after he returned, he would definitely be punished by his ancestor.

"Say, where did Qin Chen and his party go?"

With a cold gaze, the Bloodhand King looked at everyone on the court grimly.

"I don't know."

"They left the valley and I didn't dare to follow along."

"It seems to be to the southeast."

Everyone said something to you, but no one knew where it was going.

"southeast?"

The voice of the Blood Hand King was cold and contained endless killing intent.

"Dare to kill the disciples of my Dagan dynasty. I want the geniuses of the Dagan dynasty. None of them will survive. They will all die here. Not only the Wuzun geniuses, but also all the powerful dynasties will die."

The Bloodhand King roared and thundered, and rumbling in the desolate valley.

"As for you..."

Turning his head, a trace of killing intent flashed in the eyes of the Bloodhand King: "The disciples of my Dagan Dynasty are all dead, what are you still alive?"

Boom!

He directly raised his hand and patted it out. The blood-colored palm was like a canopy, covering the more than 30 geniuses on the field.

"Bloodhand King, please spare your life."

"Do not....."

"We are....."

boom!

Without saying a word, the blood-colored giant hands fell off, and the faces of more than 30 geniuses were frightened and screamed one by one, and then under the mighty palm, they turned into blood mist. .

"Om!" "Om!"

However, two faint rays of light flashed under the palm of the **** hand, suddenly breaking through the void and swept into the distance.

"Escape symbol?"

The Blood Hand King's eyes were cold, he shot two **** sharp glows, and slapped them towards the distant void.

"what!"

A scream came, and a cloud of blood exploded in the void, leaving no bones.

But there was still a spatial fluctuation, after a flash, it disappeared, and no trace was seen again.

"Even a kid escaped, **** it!"

The Blood Hand King's face was gloomy. He didn't expect that among this group of geniuses, there would be someone with such an advanced escape talisman, even evading his ultimate move.

"It doesn't matter, kill that Qin Chen first, dare to kill the genius of my Dagan Dynasty, I want this person, life is better than death."

With a flicker, the Blood Hand King disappeared into the valley in an instant.

He didn't care about escaping a genius. In the previous group of warriors, there were no geniuses from the seven upper dynasties. As long as they were not geniuses from the upper dynasties, who would dare to seek justice from his dynasty?

His blood hand king is cruel, and there are not a few Wu kings who have ever killed him. How can he care about killing a few geniuses?

"Pump!"

At this moment, in a void hundreds of miles away from the valley, a figure fell down, covered in blood.

It was just one of the many geniuses who escaped by chance.

"Bloodhand King."

He gritted his teeth, his eyes were ferocious, but there was a look of horror on his face, he didn't dare to stay here for a long time, and staggered away.

After the Bloodhand King left the valley, he flew all the way to the southeast. His speed was at least ten times faster than Wu Zun. If the direction was correct, even if Qin Chen and the others had left for a day, after one or two hours, they should Caught up.

However, what made the blood hand king depressed was that he flew for a long time and saw a lot of geniuses, but he never found Qin Chen and his party.

"Damn, where did they go?"

Under the anger in his heart, the Blood Hand King continued to search deeply, because he knew that even if he could not find Qin Chen temporarily, the other party would enter the depths of the heavenly demon secret realm if he wanted to experience it. As long as he waited inside, he would always encounter Qin Chen and his party.

What Bloodhand King didn't know was that he was in a mountain range thousands of miles away.

In a hidden underground cave.

Qin Chen and a group of people were sitting here, closing their eyes and practicing.

After leaving the valley, Qin Chen found such a secret underground cave. Instead of continuing to explore, he first refined many pills to improve everyone's strength.

In Qin Chen's plan, the place of Wuzun was not his destination. He wanted to enter the depths of the heavenly demon secret realm and learn more about the secrets of this place.

Therefore, upgrading the strength of the black slaves is the most impatient.

Only when the black slaves and their strength improved, he would have the mood to explore deeper areas without worrying about the black slaves.

"call!"

After taking the pills refined by Qin Chen, the black slaves and others swallowed and exhaled true energy, and earth-shaking changes occurred.

And Qin Chen took out the sword grass he had obtained before.

Among them, Qin Chen left the sword grass of the fifth and sixth orders to You Qianxue. After all, for Qin Chen now, the sword grass of the sixth order did not have much use for him.

The only thing that has an impact on him is the seventh-order sword grass.

Each blade of sword grass contains an unmatched sword intent, which lasts for a long time and fills the void, making the nearby air sticky like water. Qin Chen has been sitting quietly for three days. In the three days, he consumed a total of three seventh-order swordgrass. The sword intent contained in one seven-leaf swordgrass is enough to make a swordsman's sword intent reach great results. After the sword intent in Ye Jiancao was absorbed, the sword intent on Qin Chen's body had already condensed to an extreme.

To.

An astonishing kendo aura permeated his body, the sword intent swallowed, as if it were substance, exuding a fierce aura.

Hum!

I don't know how long it has passed. There was a moment of stillness in the void, time seemed to freeze in midair, and everything around it seemed to slow down thousands of times. Everything stopped, as if frozen.

[Chapter 943: Sword Consolidation](#)

"boom!"

The next moment, a sword intent rose into the sky, penetrating the deep rock, almost cutting the entire land, shocking the world.

If it weren't for Qin Chen's cultivation underground, just this revealed sword intent aura would be enough to break through the clouds, allowing people within a hundred miles to see clearly.

The sword intent gradually converged, and it actually condensed into a long sword in front of Qin Chen. This is a long sword condensed by the sword intent. It swallows the sword light and exudes a terrifying aura. It almost cuts the void. .

"The sword intent is solid. I didn't expect that I would reach it so soon. The seven-leaf sword grass is indeed a swordsman's thing against the sky."

Shaking off the dust from his body, Qin Chen stood up, his eyes opened, and the void trembled, like a sword that had been dusted for a hundred years out of its sheath, brightening the world.

There was a horrible sword intent all over his body, and his eyes flickered, like two sharp swords, penetrating the void.

Deep in his right hand, holding the long sword formed by the condensed sword intent, Qin Chen slashed out.

"Crack!"

The sword light surged, and the rock directly cut a huge gully spanning several tens of meters, almost cutting open the entire underground cave, which was terrifyingly powerful.

"The sword intent is condensed and turned into substance. In my previous life, I only reached this state when I was at the peak of the middle stage of the seventh stage. I didn't expect that in this life, the martial arts in the late stage of the sixth stage would have reached this level. "

There are actually two reasons for being able to consolidate the sword intent. The first is that Qin Chen's understanding of the sword intent has reached an extremely deep level. It is indescribable to say that it is a great sword intent.

The second one, the seven-leaf sword grass, contains an extremely deep sword intent aura. Ordinary swordsmen still need to rely on the sword grass to perceive the essence of the sword intent, but Qin Chen doesn't need it, only needs to absorb the sword intent aura in the sword grass.

The three seven-leaf sword grasses, how powerful the kendo aura they contain, is that this will allow his sword intent to condense into the essence.

The sword intent was condensed into essence, which was a brand new realm, which made Qin Chen's combat power more than doubled again without improving his cultivation base.

"Now, even if I meet the seventh-order Martial King, I can fight head-on."

If Qin Chen in the past had a strong defense and was not afraid of the general seventh-order martial king because of the different demon armor, then the current Qin Chen has completely reached the seventh-order martial king realm in terms of attack power, integrating the real sword intent. The attack was enough to easily injure the King Wu strong.

"The condensing of sword intent is a water milling skill. Without these three sword grasses, I am afraid that it would not be possible to reach the current state without breaking through King Wu."

"Unfortunately, the kendo artistic conception has improved, but there is no anti-sky elixir that can increase the realm of Wu Zun, otherwise, I will be able to attack the realm of the seventh-order Wu Wang now."

Qin Chen sighed, the Nine Star God Emperor Jue was too defying, causing the true power he needed to far exceed ordinary warriors, and not only the amount of true power, but also different from ordinary warriors in terms of the quality of true power. level.

The Yin Yang Zhu Guo and other elixir that they got before were enough to make You Qianxue and the others reach the realm of a half-step martial king, or even a seventh-order martial king, but it had no effect at all.

"There are still three horse-leaf swordgrass left, and you can continue to practice."

After that, Qin Chen did not leave, and spent a few more days to refine two of the remaining three horse-leaf swordgrass.

Hum!

The sword in his hand is more solid, like an ancient sword, emitting a brilliant sword light, easily piercing through rocks.

"The sword intent, when used alone, is only secondary. The attack power is considered strong, but after all, it has not touched the rules. In fact, it is not as good as the attack power of the precious soldier. But once combined with the precious soldier, the two superimposed, the resulting power, I am afraid it is not as simple as one plus one equals two."

Qin Chen did not take out the mysterious rust sword to experiment, because he knew that the sword intent entity alone was already so terrifying. If it were combined with the mysterious rust sword, it would surely split the entire cave, but this was not what Qin Chen wanted of.

This place is extremely secretive, but it is very suitable for black slaves to retreat.

"Now my sword intent has been condensed to the extreme, even if I refine the seven-leaf sword grass, it will not be of any use, and leave the remaining seven-leaf sword grass to You Qianxue."

Without continuing to practice, Qin Chen came to the grotto where You Qianxue and the others closed.

"Huh? Yes, You Qianxue and the others actually broke through."

You Qianxue and the others were originally extremely talented, but now with the help of so many elixir that Qin Chen has received, each cultivation base has made breakthroughs.

Among them, the black slaves have actually broken through to the half-step Wuwang, and You Qianxue and the others have also broken through to the late stage of the sixth stage, even if the old man Qin Batian has reached the peak of the sixth stage, the progress is not unpleasant.

"Sure enough, with treasures piled up, anyone can improve by leaps and bounds. Unfortunately, the true combat power depends on their own talents, and which step they can achieve in the future also depends on everyone's good fortune."

As long as there are enough elixir, Qin Chen can even promote You Qianxue and the others to the seventh-order martial king realm.

However, the realm can be improved, but the combat power needs to be practiced bit by bit by yourself. Some martial artists, the cultivation base is up, but it is just ordinary, some martial arts, even if the cultivation base is weaker, can leapfrog the battle, which cannot be generalized.

Like You Qianxue and Wang Qiming, although they are only in the late sixth stage, even if they encounter Shen Mengchen again, they will probably have the power to fight, and they will not be so passive.

"You continue to practice here, and wait until all the resources are absorbed before you go out to practice. I have some jade slips here. You all hold them. If you encounter danger, you will crush them as soon as possible. I will rush as fast as possible. Come."

Qin Chen took out some newly refined jade slips from him and handed them to everyone.

After several days of comprehension, Qin Chen has a better understanding of the environment of this heavenly demon secret realm. The refined jade slips, even if they are separated by thousands of miles, can vaguely sense that they are even better than the jade slips given to Meng Zhanyuan and the others. powerful.

This distance is enough to cover most of the areas outside the Heavenly Demon Secret Realm.

"Little dust, be careful about everything."

You Qianxue and the others cared about Tao, but did not hold back.

Although they wanted to leave with Qin Chen very much, they also knew that with their current cultivation level, if they went out, it would only add chaos to Qin Chen, and only by improving their cultivation level as soon as possible could they not become a burden.

"Know, I'm leaving!"

Nodding, Qin Chen's figure shook, and he walked along the tunnel of the underground cave and quickly came outside the mountain range.

After that, Qin Chen re-arranged the restrictions at the exit, and then left with confidence.

After spending a lot of time cultivating in the cave, Qin Chen didn't dare to hesitate and swept directly towards the depths of the heavenly demon secret realm. What he didn't know was that the Bloodhand King of the Dagan Dynasty was also in the periphery of the Heavenly Demon Secret Realm, and the direction Qin Chen flew over was exactly the direction the Bloodhand King was heading.

[Chapter 944: Encountered a hunt](#)

Over the boundless wasteland, Qin Chen flew quickly.

However, he could clearly feel that the area in this area had been searched by all other warriors, and after half a day, Qin Chen had hardly found a new elixir.

But Qin Chen didn't care at all. He knew very well that in the past few days of his retreat, as long as Wu Zun survived, he would almost search the depths of the outer area. This area was searched and it was obviously normal. .

So he just looked forward to the depths.

In the process of flying by, Qin Chen also perceives the power in the secret realm of the Heavenly Demon carefully, adapting to the climate here.

Two days later, Qin Chen had already arrived at the extreme depths of the heavenly demon secret realm.

"These people are moving so fast?"

Qin Chen frowned. In two days, he hadn't even seen a single person. You must know how fast his speed is. Compared with ordinary Wu Zun, he is more than several times faster. It completely surpassed those warriors' rushing a few days ago.

When he was wondering, a rumbling sound came vaguely from a distance, and Qin Chen immediately knew that this was someone fighting in front.

And this booming sound actually moved quickly toward this side as time went by. It was obvious that the two sides of the battle were fighting and flying quickly.

In general battles, both sides will do their best to shoot. How can they move fast while fighting? There is only one explanation for this behavior, that is, one party is chasing and the other party is running away.

Sure enough, Qin Chen saw three warriors flying over from a distance, one fleeing in front, and two chasing behind.

The warrior who fled in the forefront was extremely embarrassed, with blood stained on his body, and his face was panicked. Qin Chen only swept away his mental power and recognized who this warrior was.

It turned out to be Wu Zun named Wu Gongling among the group of people after he first entered the mysterious realm of the heavenly devil.

At that time, Wu Gongling was the only warrior who knew the name of the blood beast, and the only warrior who knew that the blood beast would become a ghost after death. When he left, the other party gave him a jade slip. Originally, Qin Chen didn't want to care about things here. After hearing the voices, he knew that he should not be far away from other people, so he wanted to continue searching deep, but now he saw Wugongling. Qin Chen's heart suddenly moved, he might be able to learn from Wugongling

, Get some news.

Wu Gongling obviously saw a figure in the distance at this time, but his mental power was not as terrible as Qin Chen, but he saw a person from a distance, did not see his face clearly, a trace of panic flashed across his face, and he changed quickly. In a direction, I want to flee elsewhere.

And the two warriors who chased Wugongling also saw Qin Chen at this time, with a hint of joy on their faces, and immediately shouted from a distance: "The man in front, our two brothers are warriors of the Dayong Dynasty, stop this for me. Kid."

The two of them are obviously very confident of their Daeyo dynasty identity, and even a hint of command in their voices.

But it is true, the Dayong Dynasty, one of the seven upper dynasties, basically no other warrior dared to defy their will.

Sure enough, after the two of them shouted, the figure in the distance immediately flew towards them.

Wugongling vaguely saw the person rushing in the distance, his face suddenly changed, and he quickly said, "This friend, I am a warrior of the Wu Dynasty, please..."

Before he could finish his words, the warrior in the distance had already arrived in front of him instantly. The speed was so fast that it was astounding. Wu Gongling's expression changed drastically. He didn't care about other things. Seeing that this person actually stopped him, his heart was cruel. , The sword in his hand slashed towards Qin Chen in an instant.

Obviously want to make a way out.

It's just that before his battle knife slashed Qin Chen, the battle knife that was originally cut was recovered instantly, and at the same time, he looked at Qin Chen in shock. It was obvious that he had recognized the opponent.

"Qin Shaoxia, for the sake of our fate, please let us make a living." Wu Gongling said anxiously, saying that he was about to pass Qin Chen. He didn't think he had contact with Qin Chen, Qin Chen would help him. After all, it was the genius of the Dayong Dynasty who was chasing him. As one of the seven upper dynasties in the land of hundreds of dynasties, the strength of the Dayong Dynasty was extremely terrifying. , Qin Chen has offended the Dagan Dynasty, obviously it is impossible for him to

Those who have a relationship, go to offend the Dayong Dynasty.

It's just that it's too late for him to say this. Swish, two streams of light fell, and they had already hit Wu Gongling one after another.

"Your Excellency, thank you for stopping this person, please get away now, don't hinder our brother from killing." One of them bowed his hand to Qin Chen and said lightly.

"Boy, run away, you can run away if you have the ability, let our brother chase for so long, you are very happy, right?"

The other warrior stared at Wu Gongling, without even looking at Qin Chen, his eyes just bloomed with intense murderous intent.

Wu Gongling's face turned pale, he knew that he wanted to escape anymore, it was impossible, he just smiled bitterly, and then his eyes gradually became firmer.

Big deal, just desperately.

"Why are you here? Why are the two of them hunting you down?"

Unexpectedly, Qin Chen asked him and looked at the two warriors who were chasing Wugongling.

The murderous auras of these two people are very strong, and their cultivation bases are at the peak of the late sixth stage, but they are much more terrifying than the general late peaks, and they have a strong sense of killing.

"It is worthy of being a disciple of the Dayong Dynasty." Qin Chen nodded secretly. He found that the same cultivation base, the aura of the seven superior dynasty warriors, is often more terrifying than the warriors of other dynasties, and this is not just because of their self-confidence from the upper dynasty, the more they practiced stronger methods, and more experience,

A kind of toughness from the inside. Seeing Qin Chen asking him, Wu Gongling hurriedly bowed and said with a wry smile: "Qin Shaoxia, after you left, we searched all the way to the depths. Later, we found a ruined palace in the front, where many geniuses gathered in the land of a hundred dynasties. , We got some treasures by accident, knot

The geniuses of the seven upper dynasties did not allow us to possess treasures at all. Because I got a magic crystal, I was chased by them all the way. "

"Devil Crystal? What is that?" Qin Chen said in a daze. Seeing that Qin Chen did not obey his orders to leave, the two warriors of the Dayong Dynasty chatted with Wu Gongling. His expression suddenly became gloomy. One of them interrupted Wu Gongling's words and directly hummed to Qin Chen: "Boy , Let you not hinder our two brothers from killing, don't you hear?"

[Chapter 945: Magic crystal](#)

Qin Chen glanced at the two faintly, ignored each other, and said to Wu Gongling: "You continue to say..."

"Yes." Wu Gongling took a deep breath, and said, "Magic crystals are a unique spar in this heavenly demon secret realm. Some are similar to real stones, but their effects are much stronger than real stones. These magic crystals can be used for refining. All kinds of pill, and the refined pill, the cultivation effect is excellent, besides, the magic crystal

The true energy contained in it is also much richer than the real stone. Even the seventh-order martial king can improve his cultivation by absorbing the magic crystal, which is the most treasured thing in this heavenly demon secret realm. "In fact, every time the Heavenly Demon Secret Realm is opened, many warriors will break through. It is because the magic crystals are found in this Heavenly Demon Secret Realm. The cultivation effect of these magic crystals is much better than that of middle-grade real stones, and they absorb more quickly. The martial artist in the land of a hundred dynasties has been stuck for many years.

Crystal breakthrough. "

"Even the seventh-order Martial King can use it for cultivation?"

Qin Chen was shocked when he heard it. He knew better than Wu Gongling and others. The real power in the seventh-order martial king broke through and became the true essence, and the concentration

was so high that it was definitely not an ordinary real stone that could improve. In other words, there is almost no effect.

Generally, if a seventh-order martial king wants to absorb real stones and improve his cultivation, he must be a top-grade real stone, and this magic crystal can actually improve the cultivation of a seventh-order martial king, doesn't it mean that this magic crystal has the effect of top-grade real stone?

The reason why Qin Chen is now stuck in the sixth-order martial arts realm is because he does not have enough true power to absorb. It is difficult to improve the quality of true power in his body with middle-grade real stones and elixir, but high-grade real stones are different.

Don't talk about King Wu of the high-grade real stone, even the strong man of the eighth rank can be used for cultivation.

If there are enough high-grade real stones at this moment, it will definitely make the true power in his body go to the next level, and even break through to the realm of the seventh-order Martial King.

"Show me the magic crystal on you!"

Excited, Qin Chen said directly.

Wu Gongling didn't hesitate at all, and directly handed the magic crystal on his body to Qin Chen, and even Qin Chen put it away without saying anything.

In his opinion, it is better to give this magic crystal to Qin Chen than to be snatched by the two of the Dayong Dynasty.

This magic crystal is a pitch-black spar, which is similar to real stone. It contains a very strange and cold power, but besides that, it also has an extremely strong true energy.

Qin Chen lightly absorbed the power inside, and a hint of cold breath poured into his body instantly.

Qin Chen didn't speak, but there was a storm in his heart. The cold power in this magic crystal was nothing else, and it was almost exactly the same as the weird true energy that had been cultivated in Gunan.

And the strength is at least the top grade real stone level.

Qin Chen immediately became excited. Although this cold power was very strange, his thunder bloodline could be easily refined, and when that time it turned into innocent qi and stored in his meridian, his cultivation level would surely advance by leaps and bounds.

At that time, it is not impossible to break through the seventh-order Martial King.

Qin Chen thought of this, and was so excited that he almost wanted to call it out. At this moment, he was full of intense interest in the ruined palace that Wu Gongling mentioned before.

"How many such magic crystals are there in the ruins?" Qin Chen asked impatiently.

"I don't know about this, but I want to come, the number will not be small, and I heard that the top geniuses of the seven great dynasties found a magic pond in the depths of the ruined palace. At the

bottom of the magic pond, there are everywhere. It's this kind of magic crystal, but I haven't seen it."
Wu Gongling immediately smiled bitterly.

"Boy, do you think you can show off in front of us by stopping this guy for us? Get out of here, otherwise our two brothers will kill you together."

Seeing that Qin Chen ignored them at all, the two Martial Artists of the Dayong Dynasty suddenly became angry from their hearts, and an unprecedented murderous intent surged in their bodies.

Qin Chen raised his head and glanced at the two of them, and said coldly: "I will save this person, you can go."

When Qin Chen said what he said, the three people including Wu Gongling were stunned. After a few breaths, the two warriors of the Dayong Dynasty laughed out loud, and their laughter was full of disbelief and ridicule.

A mere teenage boy, dare to say to the two of them that he wants to save that boy? Is this guy an idiot?

But ecstasy emerged in Wu Gongling's heart. What does Qin Shaoxia mean? Is this going to save yourself? He is very clear about Qin Chen's strength, as long as he is willing, he can definitely protect him from the two warriors of the Dayong Dynasty.

"Good boy, I didn't want to kill you, but you took the initiative to seek death. Then our two brothers will see how you want to keep this guy." After the Dae Yong Dynasty warrior finished speaking, he didn't hesitate at all, and the long sword in his hand was taken up. Jian Guang surrounded Qin Chen.

He didn't intend to kill Qin Chen right away, but instead planned to abolish Qin Chen's limbs, and then let him watch his brother kill the big Wu dynasty boy first, and let him see how he didn't know. The sky is so great, kill this guy again.

Seeing that this warrior was about to kill Qin Chen, Wu Gongling showed a pity expression in his eyes.

And before the sword in the hand of the warrior of the Dayong Dynasty had fallen on Qin Chen, he saw that Qin Chen raised his hand and stabbed him, but he did not even take out a weapon in his hand, as if his fingers were like a sword.

Isn't this guy an idiot?

The warrior of the Dayong Dynasty almost laughed out, using his fingers to resist his long sword. How big is his heart to make such a move? With a sneer, the power on the long sword was even greater, and it instantly came to Qin Chen's limbs.

The long sword in his hand was just about to be cut down, but a strong coldness instantly spread all over his body, and his whole body's cold hair suddenly exploded. In the next moment, a long sword appeared in the hand of the young man opposite. So, came to him quickly.

"this is....."

The Dae Yong Dynasty warrior's eyes widened with horror, and there was a look of fear in his eyes, and he hurriedly wanted to return to the sword to block, but to his surprise, his true power was actually restrained at this moment, and his hands The long sword is so heavy that it can't be lifted at all.

This is Qin Chen's first sword intent.

The sword intent long sword was unfolded by Qin Chen, and the misty sword light with a strong killing intent, instantly penetrated his body in the furious eyes of the warrior of the Dayong Dynasty.

Puff!

A puff of blood spurted out, and a deep hole appeared in the chest of the warrior of the Dayong Dynasty. The whole person fell heavily, and there was no sound.

To death, his eyes widened and he did not stare at him.

"Brother." The remaining warrior of the Dayong Dynasty looked at his senior in amazement, and at the same time pointed at Qin Chen in anger, his body even trembling because of fear.

[Chapter 946: Ruin palace](#)

Just when Qin Chen thought that the warrior of the Dayong Dynasty would rush towards him, whoosh, the warrior of the Dayong Dynasty turned around and fled.

Qin Chen was stunned for a moment, and quickly recovered.

This guy is too spineless, he killed his brother himself, he just wanted to escape?

Qin Chen stepped forward and kicked the long sword in the hands of the dead warrior, and the long sword was kicked out in an instant, turning into a stream of light to pierce the back of the warrior of the Dayong Dynasty.

"I am a warrior of the Dayong Dynasty, you dare to kill me, I am Dayong..."

The warrior sensed the sound of the wind behind him, and turned hurriedly to resist the long sword, and at the same time yelled at Qin Chen in anger.

Qin Chen sneered, what about Dayong Dynasty? He even dared to kill Shen Mengchen, how could he care about an ordinary warrior of the Dayong Dynasty, spurred by his spiritual power, a "spiritual storm" instantly rushed into the opponent's eyebrows.

The eyes of this person instantly became hazy, and the long sword in his hand seemed to have stagnated, and the long sword that was looted instantly penetrated his heart.

"you....."

He looked at Qin Chen blankly.

It wasn't until this time that he recovered from the confusion, blood overflowing from the corner of his mouth, pointed at Qin Chen in disbelief, opened his mouth, wanted to say something, but fell directly on the ground, the blood stained the black ground.

As soon as Qin Chen raised his hand, the storage ring of the two fell into his hand.

Did not check the contents of their storage rings. Don't think about it. Qin Chen also knew that there must be a lot of good things in their storage rings, but the best things would definitely not be in their

storage rings. Instead, it would be in the hands of the top genius of the Dayong Dynasty. This was the truth that Qin Chen only figured out after killing Shen Mengchen.

"Thank you Qin Shaoxia for your help." Wu Gongling hurriedly saluted Qin Chen excitedly. He thought he was dead, but he didn't expect to survive.

"You are welcome, let's go, and take me to the palace you mentioned." Qin Chen said to Wu Gongling immediately. What he is most anxious for now is to find the magic pond Wu Gongling said.

"Yes." Wu Gongling took a deep breath, but soon said hesitantly: "Qin Shaoxia, the two men chasing me and killing me, the other warriors of the Dayong Dynasty know that if we go to the palace now, we will be defeated by Dayong. The people of the dynasty see, I'm afraid..."

Wu Gongling's meaning was very clear. He was obviously afraid that after Qin Chen passed by, people from the Dayong Dynasty would see Qin Chen standing with him, and Qin Chen would be affected.

"You just need to take me over," Qin Chen said lightly.

Since Qin Chen said so, Wu Gongling naturally did not hesitate anyway, Qin Chen saved his life, and immediately led the way.

Under the leadership of Wu Gongling, the two went all the way in. About two hours later, a valley appeared in the distance.

A faint black mist lingers in the valley, and in the black mist, a ruined palace is looming.

"Qin Shaoxia, this is where the ruined palace is."

Without Wu Gongling speaking, Qin Chen's spiritual power has already filled in for the first time. What makes him dignified is that this black mist has a great shielding effect on spiritual power, and his spiritual power can only peek hundreds of meters inside. distance.

"Just now there were many warriors outside this waste palace, I am afraid they have already entered." Wu Gongling said again.

"Where did you get the magic crystal just now?"

"In a secret room in the ruined palace."

"Take me in right away."

Qin Chen's voice had fallen and had entered the palace gate with Wu Gongling. As soon as he entered, a sense of ancient boundlessness appeared in Qin Chen's mind, and at the same time, there was a very strong alien instinct.

"What a strong true energy!" Qin Chen couldn't help but said, "The true energy here is so strong, maybe there is a true vein underneath it."

True veins are mineral veins that are rich in real stone. Generally, where there are true veins, the richness of the true energy of heaven and earth is many times higher than that of the outside world.

"If I can find a true vein, my cultivation level will definitely have the opportunity to go further, and it won't be stagnant like it is now. Alas, the cultivation speed is too slow now..."

Qin Chen really sighed, he really hasn't made any progress right now, or he can't feel the progress himself.

Wu Gongling shook his head speechlessly, and even black lines appeared on his forehead.

Qin Shaoxia's cultivation speed is still slow? He is a twenty-eight-year-old martial artist, and he is only at the peak of the sixth-stage late stage. Qin Shaoxia seems to be only seventeen or eighteen years old, at least ten years younger than him, but his cultivation is not weaker than him, and his strength is even more important. More than several times, if this kind of cultivation speed is also called slow, the Tianjiao of the seven top dynasties is estimated to have to find a wall to hit and die here.

Let people have a way to survive?

He was speechless in his heart, but at this time Wu Gongling still wished that Qin Chen's cultivation base would be higher. He could feel that Qin Chen was obviously different from the people of the seven superior dynasties. He had never heard of the seven superiors before. The people of the dynasty will save them these warriors of the middle dynasty, and will eventually return the magic crystal to them.

After the two entered the palace, what was greeted by Qin Chen's eyes was a labyrinth-like place, with countless passages and corridors, as well as secret rooms.

"Qin Shaoxia, I found the magic crystal in this secret room before. Unfortunately, when I got it, I was discovered by the people of the Dayong Dynasty. Fortunately, I did not hesitate and rushed out immediately, otherwise I am afraid that Killed by the people of the Dayong Dynasty."

Wu Gongling brought Qin Chen to an open secret room, pointed inside and said, while sighing: "At that time, Meng Zhanyuan and the others were also searching in this passage. Now they don't know what happened to them!"

Qin Chen swept the secret room. The inside was empty. Obviously, everything had been raided. Around this passage, there was a secret room every some distance. I wanted to come to each secret room to have some treasures. Now, it's empty. of.

Don't ask, it must have been taken away.

And Qin Chen also saw a lot of traces of battles and corpses in the passage. Obviously, battles took place everywhere in order to compete for treasures.

"You said where is the magic pond found by the Seven Great Martial Artists of the dynasty?" Qin Chen frowned and said.

Wu Gongling shook his head: "I don't know about this. When I was also escaping, I heard someone say something casually, but it should be in the depths of this ruined palace."

Qin Chen nodded and looked at Wu Gongling and said, "Your mission is complete. Now I am going to the depths of the ruined palace. If you are afraid, go out first. If you want to go in, you can follow me and I will be there. When encountering danger, I can help you solve some of it as much as I can, but I have to remind you that if you encounter any danger that even I find difficult, I will not care about you!"

[Chapter 947: It's you?](#)

Qin Chen is not a person who will not save him, but he is not the kind of good person who would rather save others in danger. He must let Wu Gongling understand.

Wu Gongling hesitated, but after looking at Qin Chen, he gritted his teeth and said with firm eyes: "Qin Shaoxia, I want to follow you."

Entering the heavenly demon secret realm is already dangerous, and now Qin Chen has said that he can help him as much as he can. If he dare not even take this risk, what will he do in this heavenly demon secret realm?

"Okay, let's go then."

Qin Chen ignored Wu Gongling and flew straight ahead.

The entire palace was like a maze. Qin Chen walked a few times to stick incense, but he didn't meet a single person, even if the two of them turned around in it, they couldn't remember the way back.

On both sides of these passages and corridors, there are often some secret rooms. Except for the corpses, there is no other secret room. There are even more than one corpses in the secret rooms, and the storage rings of these corpses are also gone.

Qin Chen knew without thinking that these corpses must have been left by people who entered the ruined palace before.

"It seems there are a lot of good things here." Qin Chen was not afraid, but was vaguely excited.

If there is no good thing, these warriors will definitely not kill each other, and it is so tragic.

"Unfortunately, the labyrinth here is too big, and I don't know where Meng Zhanyuan and the others have gone. Let's continue this way. It may be difficult to find the treasure. It would be great if we knew where the treasure was!" Wu Gongling sighed.

"Know where the treasure is?"

Qin Chen was taken aback, but even if he became excited, he forgot about it.

With a thought, a black gourd appeared in his hand instantly, a misty black glow flashed on the gourd, and the spirit-seeking bug had flown out of the mouth of the gourd.

Qin Chen was originally worried that the spirit seeker would be uncomfortable in this strange innocent environment, but when the spirit seeker came out, Qin Chen instantly felt that the spirit seeker appeared after the ruined palace, and became extremely excited. stand up.

At the same time, the gas-eater ants and fire-refining worms in the black gourd also appeared a little restless, as if they wanted to come out of the gourd.

Of course Qin Chen would not let so many gas-eater ants and fire-refining worms appear in this passage, but he still unlocked the black gourd's contact with the outside world.

Suddenly, a strong and strange qi was immediately inhaled into the black gourd, and the gas-eater ants and fire-refining worms in the gourd were madly absorbing the strange qi in the palace, as if these qi were against them. Words are a general supplement.

In fact, these weird true qis are indeed a great tonic for the gas-eater ants and fire-refining insects. Qin Chen can even feel the breath of the air-eater ants and fire-refining insects after they have absorbed a large amount of strange true qi. It is increasing at a speed visible to the naked eye.

This is an unexpected surprise.

After the spirit-seeking worm was released by Qin Chen, it also appeared very excited, and it flew past Qin Chen's eyes in the blink of an eye and disappeared.

With the spirit-seeking bugs leading the way, Qin Chen no longer strayed like before. With just a stick of incense, Qin Chen found a secret room that had not been opened, although there were only a few sixth-order spirits in the secret room. Medicine and a magic crystal, but to Qin Chen it meant that his move to release the spirit-seeking worm was obviously correct.

In this way, Qin Chen, led by the worm, while looking for some undiscovered secret rooms, obtained a total of seven magic crystals, as well as more than ten sixth-order elixir and one seventh-order spirit. medicine.

Two hours later, the Spirit Seeker suddenly became excited, and after sending a strong message to Qin Chen, it quickly flew along a passage.

Qin Chen did not hesitate, and hurriedly followed Wu Gongling.

After a while, Qin Chen followed the Spirit Seeker into a larger secret room, which was much larger than all the secret rooms Qin Chen had entered before.

After Qin Chen entered the secret room, he saw a restriction on the stone platform in the center of the secret room.

But he didn't rush to look at the things under restriction, because five people had already arrived in this secret room. These five people should have not had time to distribute the things under restriction, so they were facing each other, so the restriction was still intact.

Among the five people, two are half-step Wuwang cultivation bases, and three are the cultivation bases of the late sixth-order peak.

One of the half-step martial arts king and a late-stage sixth-order martial arts team, and the other half-step martial arts King and two other late-stage sixth-tier peak martial arts team, the two sides are drawn with swords and murderous intent around their bodies, facing each other.

When Qin Chen and Wu Gongling came in, the five people in the original secret room were shocked, and they all looked at Qin Chen vigilantly.

When one of the three warriors saw that only two martial masters of the late sixth stage came in, he was immediately relieved.

After the other two saw Qin Chen, the half-step King Wu's expression among the two changed suddenly.

"It's you?"

He exclaimed, his face suddenly became extremely ugly, and even a trace of panic appeared in his eyes, obviously recognizing Qin Chen.

As soon as Qin Chen saw this half-step Martial King wearing a profound robe, he immediately recognized him. Although Qin Chen didn't know his name, he killed Shen Mengchen and others of the Dagan Dynasty in the valley a few days ago. , This person is one of nearly a hundred warriors of other dynasties.

At the beginning, this person also took out a seventh-order Yin-Yang Zhu Guo under his own threat, so Qin Chen had a deep influence on him.

"Brother Zhu, do you know him?"

The sixth-stage late Wu Zun beside him obviously didn't see the look of the half-step Wu Wang, thinking that his eldest brother had met an acquaintance, and his face suddenly showed joy.

Before, they and the other three found this secret room at almost the same time. In order to restrict the ownership of the treasure in the middle, the atmosphere on both sides was very tense. Because there was one less person, they were temporarily at a disadvantage.

Now I saw two more people came, and both of them were acquainted by my senior brothers. Although the two newcomers were only martial arts in the late sixth stage, but in this way, my side instantly became four people, from the original Two people to three people, four people to three people, how not surprised in his heart.

"Junior Hu, don't be rude."

The half-step Wu Wang surnamed Zhu's expression changed, he even yelled at his partner, and at the same time he said nervously to Qin Chen, "Qin Shaoxia, are you here too?"

But he secretly cried out in his heart, how did he encounter this evil star, even Lord Shen of the great dynasty said to kill and kill him, how dare he be the slightest negligence.

"Your Excellency is a genius of which dynasty?"

At this moment, the three people on the opposite side saw that the attitude of the martial artist surnamed Zhu towards Qin Chen was so weird, they couldn't help but looked over and asked vigilantly.

They also know Zhu Hai of the Great Southern Dynasty, and they are not easy to follow. Moreover, the Great Southern Dynasty is not weak in the land of a hundred dynasties. It belongs to the stronger one in the middle dynasty. How can it be so respectful to a late sixth-order kid ?

[Chapter 948: Wait](#)

Could it be that that kid is a genius from a superior dynasty?

Thinking of this, the Half-Step Martial King was suddenly shocked, so young, with such a high level of cultivation, and making Zhu Hai so respectful, is there any other possibility besides the genius of the upper dynasty?

This can be troublesome.

This half-step Wu Wang's heart also became gloomy, and at this moment, one of the two behind him was taken aback, and the sound was transmitted to the half-step Wu Wang: "Big brother, that kid seems to be Qin Chen from the mighty dynasty. "

"Qin Chen?"

That half-step Wu Wang was taken aback.

"It's the kid who offended the Dagan Dynasty on Chaotian City Square before. Did you forget?"

"he?"

King Wu obviously remembered that half-step, and he was relieved immediately.

His grandmother thought that the other party was a genius from a superior dynasty. It turned out to be a genius from a powerful dynasty who was newly promoted to the middle dynasty. She was shocked.

I don't know what medicine Zhu Hai of the Great Southern Dynasty took wrong, and he was so respectful to this kid. Is it just because the other party dared to challenge the Dagan Dynasty, how amazing it is?

At this moment, Qin Chen naturally ignored what the two of them were thinking, his attention was already focused on the restriction in the secret room.

There are two treasures in the prohibition, one is a fist-sized magic crystal, and the other is a jade slip. Qin Chen was overjoyed in his heart. It took him so long to find seven magic crystals, and each one was only the size of a thumb. Now the number of magic crystals the size of a fist is far more than the seven previously obtained. The magic crystal, in the quality of true qi, obviously far exceeds the previous seven magic crystals.

crystal.

Such a large piece of magic crystal is enough to improve one's cultivation base to a certain extent.

"Boy, what are you looking for? Get out of here right away. I found this place first. Don't you think you, a kid from a powerful dynasty, want to get involved?"

As soon as King Wu saw Qin Chen coming in, he just looked at the things under the restriction, ignored his own questions, and immediately became angry.

However, after speaking, he glanced at Zhu Hai with some trepidation. Zhu Hai seemed to know this person and was quite related. If the other party joined forces, there were only three of them, which would still be a bit troublesome. But soon he thought of a solution, and sneered at Zhu Haidao: "Zhu Hai, this kid has offended someone from the Dagan Dynasty. You don't want to join hands with this kid to grab treasure, do you? Walking with the people of the Dawei Dynasty, if I tell the people of the Dagan Dynasty, you guessed it

What are the consequences? "

With a sneer on his mouth, he didn't believe that Zhu Hai dared to join forces with these two people. Once the Dagan Dynasty knew about it, let alone the masters of the Dagan Dynasty, even the ancestor of the Great Southern Dynasty could not let Zhu Hai go.

What he didn't expect was that after he had just finished saying this, Zhu Hai of the Great Southern Dynasty actually took two steps back and said to Qin Chen: "Qin Shaoxia, Zhu is leaving first. The things here have nothing to do with Zhu. ."

After speaking, he took the other person next to him and walked outside the secret room.

Another warrior of the Great Southern Dynasty was depressed and looked at his brother in amazement. He didn't understand why Zhu Hai was not interested in the fist-sized magic crystal. Just about to ask, he saw Zhu Hai's stern gaze. The warning came, and even swallowed back what he wanted to say.

At that half-step, King Wu saw that Zhu Hai was about to leave, he looked over in shock, and didn't understand that Zhu Hai was anxious to leave after Qin Chen appeared.

The opponent is just a sixth-stage late martial master, and has no background, and even offended people from the Dagan dynasty. Before that Zhu Hai would rather fight with himself than give up the demon crystal in the ban, why is he going to leave suddenly now ?

"Wait a minute!" Qin Chen suddenly stopped Zhu Hai. After Zhu Hai heard Qin Chen's opening, his heart shook suddenly. He didn't understand why he had given up the treasure here and why Qin Chen stopped him, but he didn't dare to disobey Qin Chen's meaning and left in a hurry. Stopped quickly, turned around and respectfully said to Qin Chen: "Qin Shaoxia, please give instructions.

"

Wu Zun beside him looked at Zhu Hai puzzledly, but was afraid to ask, just standing by.

"I heard that people from the seven upper-class dynasties found a magic pond with a lot of magic crystals in it. Do you know where it is?" Zhu Hai was shocked, and hurriedly said, "I just know some of them, there is indeed one. The magic pond, on a square in the depths of the ruined palace, should be half an hour away from here. The magic pond is surrounded by a powerful restriction. Now many people from the seven upper dynasties are there.

Attack prohibition, where did I withdraw from. "

"You mean the magic pond has not been opened yet?" Qin Chen was taken aback.

"Yes, there is a powerful restriction outside the magic pool. When we left, the restriction had not been opened yet, but I don't know now."

"When did that happen?"

"About two hours ago." Zhu Hai respectfully said, not being impatient at all with Qin Chen's questioning.

Qin Chen was overjoyed. What he was most afraid of was that the magic pond had been completely divided up. He didn't expect that after so long had passed since he got the news, the magic pond had not been opened yet, so he rushed over now. It doesn't seem to be too late.

"I see, one more thing to ask you, have you seen the warriors of my Dawei Dynasty in it?"

Although Qin Chen found the black slaves, but the people of Di Tianyi hadn't seen them yet, so they asked, after all, Di Tianyi and them were also warriors of his powerful dynasty.

Zhu Hai smiled bitterly, and said: "Qin Shaoxia, the warrior of your great power dynasty, there are not many who have an impression on Chaotian City Square at the time, so I probably haven't seen it."

Qin Chen nodded, "Thank you Brother Zhu for answering, please do it."

He also understood what the problem was. The Dawei Dynasty was not a powerful dynasty. Even if he called the Dagan Dynasty on the square, not everyone would remember all the Dawei. The face of a dynasty disciple.

On the contrary, he and You Qianxue had participated in the dynasty promotion contest and knew more people. Even so, the other three in this secret room almost didn't recognize themselves, let alone Di Tianyi and the others.

After Zhu Hai heard this, he immediately hugged Qin Chen again, then quickly left the secret room, and disappeared in the blink of an eye.

At a corner not far away, Wu Zun looked at Zhu Hai in a puzzled manner, and said depressed: "Brother Zhu Hai, aren't you sure to win the magic crystal? Why did you give it to Zhou Lun for nothing?"

Zhu Haibai glanced at him and sneered: "What do you know, look at it, Zhao Lun and the others are going to be unlucky."

In the secret room, after seeing Zhu Hai and the two of them left directly, even if the half-step martial arts king Zhao Lun was stupid, he felt something wrong.

According to the truth, if that kid was only a genius of the Dawei Dynasty, Zhu Hai would never have seen him come and left immediately, and he was so respectful to Qin Chen. Is there any secret in this person?

[Chapter 949: Treasure Map](#)

With doubts in his mind, Zhao Lun was also inexplicably jealous of Qin Chen. When his eyes rolled, a smile appeared on his face. Instead of the initial arrogance, he said to Qin Chen, "Brother Qin, I'm Zhao Lun from the Chase Dynasty. Now there are only our two teams here, which happens to be

There are also two kinds of treasures. Although you came later, you shouldn't distribute things, but in accordance with the rules of the audience, after the restriction is opened, the content in the jade slip can be burned for you. How about? "

"No way, give you a way to survive, get out of here."

Qin Chen said lightly, but stared at the jade slip under the restriction. He was thinking, what will be recorded in this jade slip, the technique or the martial skill?

The complexions of the three of Zhao Lun suddenly changed, and a trace of anger erupted from the three of them, with a trace of fierce killing intent in their anger.

I kindly gave the other party a chance to burn the jade slips. I didn't expect that this kid would not only not appreciate it, but was so arrogant. This obviously didn't pay attention to the three of them.

"Boy, you are looking for death!"

Although Zhao Lun was a little jealous of Qin Chen because of Zhu Hai's weirdness, it did not mean that he was afraid of Qin Chen. Hearing Qin Chen's words, no matter where he could bear it, a black mountain-like seal appeared in his hand. , Slammed towards Qin Chen suddenly.

The two remaining people saw Zhao Lun start their hands and offered weapons at the same time. One was holding a pair of golden weapons that looked like a Falun. The Falun was spinning fast, cutting the air frantically, with an astonishing meaning of killing. Shrouded to Qin Chen.

On the other hand, a spear appeared in the hands of the other person. The spear trembled and turned into a spear shadow in the sky. It instantly enveloped Wu Gongling in it, apparently focusing on Wu Gongling.

It's just that Qin Chen's mysterious rust sword slashed out before the attack of these three people fell. Since the other party had done it, he naturally had nothing to keep.

"boom!"

The mountain-like big seal exudes a misty black glow. Before it reached Qin Chen's head, it was already struck by the mysterious rust sword. Zhao Lun didn't even have time to fully activate the big seal, and a terrifying counter-shock. The force was passed over.

I saw the **** seal under Qin Chen's sword, and it was split into flying in an instant, hitting the stone wall of the secret chamber with a bang, and the secret chamber trembling.

puff!

Zhao Lun opened his mouth and spouted a mouthful of blood and looked at Qin Chen in horror. With just one move, he knew that he was definitely not Qin Chen's opponent. Not only was he not, but the difference was too far away. The counter shock from that mysterious Rust Sword Li, raging crazily in his body, instantly tore his meridians apart.

At this moment, he finally understood why Zhu Hai was leaving when he saw Qin Chen. This kid was simply a pervert. Although he was only a martial master in the late stage of the sixth stage, his strength was more than twice that of his half-step martial king. At the level, how could he be seriously injured with a single sword.

"Run away!"

In anger, he hurriedly shouted to the other two.

"Hey, this big seal seems pretty good."

A sword smashed the big seal, Qin Chen saw that the black light on the big seal was only dimmed, and there was no damage, he suddenly gave a secret compliment. He was able to survive his sword, and the big seal seemed to be the same. A good real treasure.

In comparison, the golden Falun was far worse. After a sword smashed the big seal, Qin Chen struck the golden Falun that had come in front of him with a backhand.

Crunch! The piercing sound of gold and iron cross-cooperation sounded, countless sparks exploded, and the Falun smashed with a click of Qin Chen's sword, and directly turned into sky fragments. At this time, the Wu Zun who cast the Falun heard Zhao Lun. The exclamation of the voice, wanted to escape but it was too late, the whole person was left

The sword light below was enveloped, and the scream was instantly strangled into blood mist.

Zhao Lunjai's canthus cracked sharply, and the corners of his angry eyes were bleeding quickly, but there was nothing he could do. After a low growl, he turned and was about to escape from the secret room.

Qin Chen sneered, and a mental storm blasted out instantly.

Zhao Lun's figure was stagnant, his mind was muddled, his heart screamed in horror, and he hurriedly wanted to wake up, but what he saw when he came back to his senses was a brilliant sword light.

"Do not....."

Zhao Lun was full of regrets, regretting why Zhu Hai's actions did not arouse his vigilance. When the kid let him roll, he should roll.

"Puff!"

The brilliant sword light penetrated Zhao Lun's body like flower rain, directly bringing up a **** mist.

At this time, the last of the three warriors of the Chase Dynasty had just confronted Wu Gongling. Seeing the scene here, the whole person was completely frightened, and even the attack in his hand stopped.

Qin Chen didn't bother to bother, swinging a sword again, and with a chuckle, Jian Guang directly split the Wu Zun in half, killing him instantly.

In just two or three breaths, the three Heavenly Martial Artists of the Datong Dynasty were killed by Qin Chen. Qin Chen put away the storage rings of the three, and directly faced the restriction in the secret room with a sword.

This sword slashed at the position where the restriction was the weakest, and with a click, it was enough to insist on the restriction of a half-step martial king and Banzhuxiang's attack collapsed instantly.

The fist-sized magic crystal and that jade slip instantly fell into Qin Chen's hands.

The magic crystal Qin Chen didn't have time for refining for the time being, and directly received it in the storage ring. As for the jade slips, Qin Chen pinched them in his hand, and infiltrated a spiritual force.

A fuzzy pattern appeared in the secret room.

What shocked Qin Chen was that this pattern was not about martial arts or martial arts, but it turned out to be a map, and it was also a map of this ruined palace.

"Why is there a map in this encounter?"

Qin Chen was stunned. The map was very clear. The maze route around the entire ruined palace was clearly marked, and even every secret room was marked on it. Qin Chen even found his previous route on it in an instant. The map disappeared after it extended to a square inside the palace, but a vague route was vaguely marked in a deeper place behind the square. At the end of the route, there was a very clear golden dot, which was obvious. In the deepest part of the palace, obviously

It means there is something special there.

"Qin Shaoxia, that square should be the square where the magic pond is located as Zhu Hai said before? But what is the golden spot?" Wu Gongling also saw the pattern on the side and couldn't help but say something in surprise.

Qin Chen frowned, and he also felt a little puzzled. The map was very clear, and every secret room inside was marked.

However, the positions of these secret rooms are not punctuated, and even the square where the magic pond is located is not punctuated. Instead, a dot is marked at the end of the palace without a route. Could it be said that there is something far beyond these secret rooms in the depths of the palace? Even the treasure of the magic pond is not made?

The map looks more like a treasure map, and the golden dot is the location of the treasure. "Strange." Qin Chen said with some confusion, and then instantly put away the jade slip.

[Chapter 950: Land of magic pond](#)

After that, Qin Chen came to the Great Seal True Treasure and picked up the Great Seal True Treasure.

Without the inspiration of the true power, the big seal real treasure became extremely ordinary, like a black iron block the size of a palm, but Qin Chen felt that inside this big seal real treasure, there were densely engraved prohibitions and symbols. Text.

These runes are extremely complex, at least the seventh rank.

And after being struck with a sword by the mysterious rust sword, there was not even a trace of the big seal on the real treasure, the whole body was pitch black, as bright as new.

What surprised Qin Chen even more was that he didn't know the material of this real treasure.

"It seems that this thing is at least a seventh-order real treasure."

Qin Chen's mind moved and began to refine the restrictions inside. After a while, part of the restrictions in this big seal was refined, and Qin Chen threw the big seal out.

"call!"

The big seal swelled in the wind, instantly turning into a size of several meters, and slammed on the stone wall of the secret room with a thud, shaking the whole secret room rumbling and shaking.

Qin Chen's eyes brightened, "Yes, this thing is not bad." The blow just now was extremely powerful. I am afraid that it could instantly kill an ordinary half-step martial arts king. This is because he has not completely refined the restrictions in it. If he can Refining the ban inside a few more times, this big seal

will be more powerful after being thrown out, and when that time comes, it will be enough to threaten the seventh-order Wuwang level

Master.

Such a real treasure is also of great benefit to him.

"It seems that there are still a lot of treasures on the warriors of the land of hundreds of dynasties."

Qin Chen was a little excited, but he who remembered the magic pond didn't stay here for too long, put away the real treasure of the big seal, and quickly left here with Wu Gongling, heading towards the square marked on the map.

Not long after Qin Chen left, two figures quietly appeared outside the secret room. It was Zhu Hai who had left before.

"Brother, this..."

Seeing the miserable appearance in the secret room, Wu Zun beside Zhu Hai stared with horrified eyes, and his heart was beyond shock.

Before, they hid in a place not far away and kept listening to the movement here, but how long has passed since then, the battle actually ended, the treasures under restraint were also taken away, and the three Zhao Lun of the Chase Dynasty unexpectedly all died. Here, this...

This person felt like a stormy sea was rolled up in his heart, looking at his senior in shock.

Zhu Hai snorted coldly, shocked in his heart, but said with a complacent expression on his face: "Now you know why I left just now?"

"Brother wise, but this guy is too strong, right?" Wu Zun muttered, his face still a little unbelievable.

Zhao Lun is a master at the same level as Senior Brother Zhu Hai, but Senior Brother Zhu Hai is the top genius of their Great Southern Dynasty, the most promising to break through King Wu. Such a character was killed in a few seconds. Is this too exaggerated? Even if it is a martial king coming, it may not be so neat, right?

"Huh, what is this? You don't know how terrible Qin Chen is. Before, even Shen Mengchen of the Dagan Dynasty was killed by this person in the periphery of the Heavenly Demon Secret Realm. Zhao Lun counted as a fart." Zhu Hai said disdainfully. Sounded.

"Brother, I think Qin Chen seems to have gone to the square, where are we going now?" Wu Zun said nervously.

"The square?" Zhu Hai narrowed his eyes and said thoughtfully: "It seems that Qin Chen wants to enter the magic pond, but now the land of the magic pond is completely occupied by people from the seven upper dynasties, other dynasties People who are not qualified to occupy it, then Qin Chen will inevitably have a conflict in the past."

"Brother, then we still don't want to participate." That Wu Zun shook his head quickly.

"That's not necessarily." Zhu Hai's eyes lit up, "If Qin Chen doesn't pass, we may not have a chance yet, but now Qin Chen has passed, maybe...go!"

Thinking of this, Zhu Hai didn't hesitate at all, and swept toward the square.

Although Wu Zun was a little nervous, the senior brother passed by and had to hurriedly followed.

"Boom, boom, boom!"

After Qin Chen and Wu Gongling walked for half an hour, they heard faint roars in front of them.

The two of them continued to move forward. After a while, the passage in front was widened, and a huge square appeared in front of them.

The entire square is very huge, with a circular top on the top, very magnificent, and on the square, there have been many warriors, at least more than two hundred people.

In the middle of the square, there is a black pool body that exudes strong qi fluctuations. There is an extremely powerful restriction around the pool body. If you want to enter the pool body, you must break this powerful restriction.

At the moment, among the more than two hundred people on the field, more than one hundred are frantically attacking the restraint around the pool body, and sixty or seventy people are watching.

The aura of these sixty or seventy people was extremely extraordinary, much stronger than the more than one hundred who attacked. At this moment, they all looked at the pool in front of them with fiery eyes, wishing to rush in.

Among the more than one hundred people, Qin Chen actually saw a few acquaintances, not only Meng Zhanyuan, but also Ditian and a few people inside, also attacking the restriction in front of him.

The prohibition doesn't know how long it has been attacked, but it still exudes a misty luster.

"Qin Shaoxia, those people are from the seven upper-class dynasties."

Wu Gongling reminded carefully beside Qin Chen.

Qin Chen's gaze at the moment was attracted by the black pool body. On the side of the pool body, there were vaguely black crystal stones, which were the magic crystals containing amazing true energy.

Looking around, there are at least more than a hundred magic crystals on the side of the black pond, and I don't know how many magic crystals there are inside the magic pond.

With so many magic crystals, as long as part of it is obtained, it is enough to make a breakthrough.

What puzzled Qin Chen was, didn't it mean that the people of the seven upper dynasties would not allow people from other dynasties to occupy the treasures here? But it doesn't seem like this now.

Or.....

Qin Chen frowned suddenly thinking of a possibility.

"Qin Shaoxia, what shall we do now?" Wu Gongling asked next to him: "If I go in, the warriors of the Dayong Dynasty will definitely recognize me."

"You stay here, I'll take a look." Qin Chen thought for a while.

"If you go up like this, the other party will recognize you," Wu Gongling reminded.

People from the Dagan dynasty are also chasing Qin Chen, and when Qin Chen goes up like this, people from the seven upper dynasties will not give him a good look either.

"Don't worry, they won't recognize me."

Qin Chen smiled. Under Wu Gongling's shocked gaze, Qin Chen made a clicking sound, his figure was actually raised a bit, and the shape of his face also changed slightly.

Although this change is not great, people who are not familiar with it can't see it at all.

This disguise technique is still a small secret that Qin Chen learned in Wuyu in his previous life, and he didn't expect to use it here.

"You stay here, don't show your face." Under Wu Gongling's dumbfounded gaze, Qin Chen's figure shook, and instantly came into the square and swept toward the magic pond.
